The Bureau hereby orders Advanced College (Institution) to:

- 1. **CEASE ENROLLMENT OF ANY NEW STUDENTS IN ALL INSTITUTIONAL PROGRAMS**
- 2. **CEASE ALL INSTRUCTION IN ALL INSTITUTIONAL PROGRAMS**
- 3. **CEASE THE COLLECTION OF TUITION AND FEES FOR ALL INSTITUTIONAL PROGRAMS**

at all of the following locations:

**Main: Institution Code: 3013171
13180 Paramount Blvd
South Gate, CA 90280**

**Branch: School Code: 96110225
5258 Pirrone Ct.
Salida, CA 95368**

**Branch: School Code: 17834722

Stockton, CA 95210**

This order is effective upon close of business December 19, 2022:

The Bureau has determined that the circumstances require immediate action by the Bureau to protect students, prevent misrepresentations to the public, and prevent the loss of public funds or monies paid by students. These circumstances are set forth in the attached Declaration of Bureau Investigator Leslie Feist and summarized below:

1. The Institution is Not Financially Sound and Failed to Provide Documentation of Sufficient Financial Resources

The Institution is not financially sound nor capable of fulfilling its commitments to students in violation of Education Code section 94885, subdivision (a)(6). The Institution failed to document that it is financially sound and capable of fulfilling its commitments to its students in violation of California Code of Regulations, Title 5, section 71745.

2. Failure to Notify Bureau of Judgment by Oversight Entity

Pursuant to Education Code section 94934.5, subdivision (a), an institution that is under investigation by, subject to judgment by, a regulatory action by, increased oversight or monitoring by, or a settlement with, any oversight entity other than the Bureau, must report it to the Bureau within 30 days. The Institution failed to notify the Bureau within 30 days that its accreditor placed it on a Show Cause Order on September 16, 2021, and then dropped it from accreditation status in December 2021.

3. Falsified Test Results

California Education Code section 94897, subdivision (j) states that an institution shall not in any manner make an untrue or misleading change in, or untrue or misleading statement related to a test score. The Institution made false or misleading statements about admissions tests for their Vocational Nursing Program. The Institution made untrue statements related to a test score when it provided falsified admissions test results that showed students had taken and passed the entrance exam when, in fact, the students had not passed the entrance exam. Most of these students were dropped or withdrew from the program within the first two terms. These students were harmed by the Institution when it admitted them and charged them tuition when it knew they did not meet admissions standards and were unlikely to successfully complete the program.

4. Falsified Records

The Institution provided the Bureau with student records, including enrollment agreements, payment ledgers, attendance records, and R2T4 forms, that contained false or misleading information in violation of Education Code section 94897, subdivisions (j) and (k).

5. Preventing Reporting of Unlawful Conduct

The Institution directed students and employees to refrain from reporting unlawful behavior and providing complaints to the Bureau in violation of Education Code section 94897, subdivision (m).

6. Insufficient Administration

The Institution failed to have sufficient administration in violation of California Code of Regulations, Title 5, section 71730. The Institution failed to employ a Chief Academic Officer and a Chief Executive officer for an extended period. The Chief Operating Officer was unqualified, and the Institution failed to have administrative staff at a branch location that reflects the purpose, size and educational objectives of the Institution. As a result, the Institution did not have administrative personnel with the expertise to ensure the achievement of the Institution's mission and objectives and the operation of its educational programs.

The violations described herein continue unabated and the harm to the public is significant and ongoing. The Institution has requested approval from BVNPT for a new cohort for its Vocational Nursing Program for January 2023.

This circumstance requires immediate action by the Bureau to protect students, prevent misrepresentations to the public, and prevent the loss of public funds or monies paid by students.

You have the right to be heard before the Director of the Department of Consumer Affairs, or her designee, regarding the allegations in the Emergency Decision prior to the effective date of the Emergency Decision.

If you would like to be heard before the Director, please submit a request by email to Renee.Walters@dca.ca.gov. Alternatively, you may request a hearing before the Director, or her designee, by telephoning Renee Walters at (916) 574-7433. Unless the Bureau receives your request by 5:00 p.m. on December 12, 2022, you will be deemed to have waived your right to be heard before the Director, or her designee.

If requested, the hearing before the Director of the Department of Consumer Affairs, or her designee, will be held on December 16, 2022, at 10:00 a.m. via online video conferencing.

The Emergency Decision shall remain in effect until such time as the Accusation has been fully adjudicated or upon issuance of the final decision following judicial review. If a hearing before the Director is timely requested, this order shall not take effect until the conclusion of the hearing and upon issuance of a written decision. Upon issuance of the Emergency Decision, you have the right under Government Code section 11460.80 to obtain judicial review of the Decision.

Within 10 days after issuance of the Emergency Decision, the Bureau will file an Accusation on the charges and allegations set forth in the Emergency Decision. If the Institution files a Notice of Defense in response to the Accusation, the Bureau will hold a formal adjudicative hearing on the Accusation within 30 days of its receipt of the Notice of Defense.

DECLARATION OF LESLIE FEIST

I, Leslie Feist, hereby declare as follows:

1. I am a competent person over the age of eighteen years and make this declaration based upon my personal knowledge. If called as a witness at trial or hearing, I could and would competently testify to each of the matters set forth herein.
2. I have been an Investigator for the Bureau for Private Postsecondary Education (Bureau) within the California Department of Consumer Affairs for over seven years.
3. My duties include investigation of institutions approved by the Bureau, including but not limited to reviewing documents, interviewing witnesses, and writing investigative reports.
4. The Bureau has discretion to make an emergency decision to protect the public. California Education Code, section 94938 states, in part:
 - (a) If the bureau determines that it needs to make an emergency decision to protect students, prevent misrepresentation to the public, or prevent the loss of public funds or moneys paid by students, it may do so pursuant to Article 13 (commencing with Section 11460.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code.

California Code of Regulations, Title 5, section 75150, states, in part:

- (a) The Bureau may make an emergency decision for temporary, interim relief pursuant to Article 13 (commencing with section 11460.10) of Chapter 4.5 of Part 1 of

Division 3 of Title 2 of the Government Code.

(b) The Bureau may make an emergency decision pursuant to subdivision (a) where there is an immediate danger to the public health, safety, or welfare that requires immediate action to protect students, prevent misrepresentations to the public, or prevent the loss of public funds or monies paid by students, including but not limited to fraud; a substantial misrepresentation in the institution's Performance Fact Sheet, school catalog, or enrollment agreement; a substantial failure to meet institutional minimum operating standards; failure to meet statutory and regulatory requirements for accreditation; or a substantial failure to obtain a necessary approval or permit from another agency or regulatory body, affecting public health, safety or welfare.

(c) The Bureau may order temporary, interim relief in the form of some or all of the following measures:

- (1) cease or limit enrollment of new students;
- (2) cease part or all instruction for some or all programs;
- (3) cease collection of tuition or fees for some or all programs.
- (4) suspend approval or provisional approval to operate or offer any degree programs.

5. California statutes and regulations require private postsecondary educational institutions, such as Advanced College (Advanced or Institution), be approved by the Bureau.

Advanced is currently approved by the Bureau to offer seven programs:

- Associate of Applied Science in Healthcare Management,
- Associate of Science in Surgical Technology, Computerized Accounting,
- Dental Assistant,
- Medical Assistant,
- Phlebotomy, and
- Vocational Nursing.

6. Advanced is owned by Jusrand, LLC – Gurpreet Singh. Based on the Bureau's licensing records, Advanced is approved by the Bureau to operate programs at the following institutions, which are all owned by Jusrand, LLC - Gurpreet Singh under Institution Code

3013171:

(Attached as Exhibit 1 is a true and correct copy of the Bureau's Certification of Institutional and Program Approvals showing the Advanced schools and programs approved to operate in California, and ownership by Jusrand, LLC - Gurpreet Singh.)

7. Between July 27, 2021 and April 19, 2022, the Bureau received numerous complaints about the Institution which included allegations that it admitted students who did not pass admissions tests, school officials retook admissions tests for students that could not pass the test on their own, it failed to provide adequate tools and supplies for program courses, it failed to pay refunds to students, it failed to pay staff on time, it told staff not to cash their paychecks due to lack of funds, it failed to provide a procedure to get licensed in the field they are studying, it had unqualified and unprofessional administrators, it failed to inform students about their loss of financial aid, it failed to have externship sites available to students, it misused federal funds, and it provided false information to the United States Department of

Education (DOE) and the Bureau.

8. On January 6, 2022, I was assigned these complaints for investigation. During the course of my investigation, I visited the campus in Salida, California. I was accompanied by Faye Silverman (Silverman), Nurse Education Consultant with Board of Vocational Nursing and Psychiatric Technicians (BVNPT).

9. I reviewed institutional records as well as documents for students who attended all three campuses, including Salida, California, South Gate, California, and Stockton, California. I spoke with current and former employees from all three campuses as well as current and former students from all three campuses. Additionally, I reviewed information provided by the DOE, the school's accreditor – Council on Occupational Education (COE), and BVNPT.

The Institution is Not Financially Sound and Failed to Provide Documentation of Sufficient Financial Resources

10. The Institution is not financially sound nor capable of fulfilling its commitments to students in violation of Education Code section 94885, subdivision (a)(6). The Institution failed to document that it is financially sound and capable of fulfilling its commitments to its students in violation of California Code of Regulations, Title 5, section 71745.

11. On December 22, 2021, the Bureau received notice from the DOE that it denied the Institution's application to continue participation in student financial assistance

programs under Title IV of the Higher Education Act of 1965 (Title IV). DOE informed the Institution of the denial via a letter dated December 17, 2021. In this letter, the DOE provided several reasons for its denial, including:

- failing to return funds to DOE when required to do so,
- failing to pay timely refunds to students,
- failing to meet its financial obligations to various government agencies,
- repeatedly issuing checks, including payroll checks, from accounts with insufficient funds,
- submitting false information to DOE during the course of its investigation
- failing to submit annual audits,
- failing to meet standards of financial responsibility, and
- failing to demonstrate administrative capability.

(Attached as Exhibit 2 is a true and correct copy of the December 22, 2021 notice the Bureau received from the DOE.)

12. As of December 31, 2021, the Institution no longer has access to Title IV funds. Federal reports show that 88% of Advanced College’s revenue in 2019-2020 was from Title IV sources. (Attached as Exhibit 3 is a true and correct copy of the “Proprietary School Revenue Percentages Report for Financial Statements with Fiscal Year Ending Dates between 07/01/19 – 06/30/20” from the DOE.) Accordingly, the loss of Title IV sources represents a significant loss in revenues for the Institution.

13. Following the denial of the Institution’s appeal of the DOE decision on March 11, 2022, the Bureau requested that the Institution provide an action plan to address the lack

of funding. The Bureau made requests for documentation regarding the Institution's financial resources on March 15, 21, and 22, 2022, September 30, 2022, October 10, 11, 13, 18, and 21, 2022, and November 2, 2022. The Institution failed to respond to any of these requests and, therefore, has not demonstrated that it meets minimum financial requirements.

14. Through the course of my investigation, the school never demonstrated that they had a plan to deal with the loss of Title IV funds and did not document any plan of action to address their loss of funding.

15. During the Bureau's investigation of Advanced, several current and former employees of the Institution detailed several of the Institution's deficiencies, including failure to provide refunds to students, failure to apply Title IV funds correctly, failure to timely pay employees' wages, and failure to timely pay vendors for supplies and equipment—resulting in failure to provide the necessary equipment and supplies for students actively enrolled and attending their educational programs. A review of student files provided by the Institution confirmed the Institution's failure to meet minimum financial requirements and demonstrated the Institution's lack of administrative competence.

16. On March 22, 2022, the Institution's Chief Operating Officer, Josh Maruca (Maruca), sent me an email containing student AC's payment ledger, R2T4, and transcript. (R2T4 refers to the calculation required when a recipient of Title IV aid withdraws from an institution during a payment period/period of enrollment in which the recipient began attendance.) I found that the AC's last day of attendance was August 11, 2021. I found that

the R2T4 was not completed until December 6, 2021, 117 days after the last day of attendance. I found that the R2T4 included information for a post-withdrawal disbursement that the school was requesting on behalf of AC. The form states that AC was notified of the post-withdrawal request in September 2021, however, the form was not completed until December 6, 2021. I could not find on the payment ledger if the school collected the post-withdrawal disbursement or not. Maruca also included a form that he titled "State CALC" which seems to attempt to provide a state refund calculation. However, the form does not offer a pro rata refund. It does not credit back any fees on a pro rata basis and includes a line item that states the calculation "Does not prorate fees" which is not compliant with the Bureau's requirements for refunds. I found that the payment ledger did not contain any type of pro rata refund calculations or manual write offs of charges associated with the student. The Institution did not determine what if any refund was due, or what, if anything, the student still owes to the school. The Institution failed to address the administrative needs of AC upon her withdrawal.

17. The Institution failed to accurately calculate the amount of Title IV funds that the Institution was entitled to and failed to calculate the amount of a refund, if any, that student SC was owed. The Institution provided a copy of the R2T4 that identified the student was responsible for \$7765.30 in tuition. Based on the EA dated 2/25/22 which is the only enrollment agreement that contains the correct number of credit hours for the program, and the total number of credits the student attempted and completed, her total tuition charges

would have amounted to \$7513.36. Additionally, the R2T4 document charges the student for the majority of books, supplies, equipment and the certification fee that is only incurred at the end of the program. The enrollment agreement does not identify that any of these fees are non-refundable and therefore they are all subject to proration upon withdrawal. Based on the student's enrollment, the Institution is entitled to \$874.45, but stated that they were eligible to retain \$3263.00 for fees associated with the SC's enrollment. The payment ledger included with the student file contained tuition charges for a term that SC did not attend and did not credit tuition charges for that period after the student withdrew.

18. The Institution failed to comply with federal regulations regarding the application of Title IV funds. The Institution failed to provide a return of Title IV funds to the federal government within 45 days of a student's last day of attendance. Student AR withdrew as of April 27, 2021. The Institution did not provide the excess Title IV funds back to the federal government until August 17, 2021, which is 111 days. The Institution failed to use the refund policy specified in its School Catalog and failed to provide a refund calculation worksheet in AR's file. The Institution provided a copy of an R2T4 form as a refund calculation. This does not reflect a calculation for a refund, but a calculation of the amount of Title IV funds the Institution is entitled to. The refund calculation should have reflected that AR owed \$3196.00 based on attending 9% of the period of attendance. The Institution did not provide any evidence that it completed a state-based refund calculation or applied the proper refund policy.

19. The Institution failed to comply with federal regulations regarding the application of Title IV funds. The Institution failed to provide a return of Title IV funds to the federal government within 45 days of a student's last day of attendance. Student JM withdrew as of April 27, 2021. The Institution did not provide the excess Title IV funds back to the federal government until August 17, 2021, which is 111 days. The Institution failed to use the refund policy specified in its School Catalog and failed to provide a refund calculation worksheet in JM's file. The Institution provided a copy of an R2T4 form as a refund calculation. This does not reflect a calculation for a refund, but a calculation of the amount of Title IV funds the Institution is entitled to. The refund calculation should have reflected that AR owed \$3196.00 based on attending 9% of the period of attendance. The Institution did not provide any evidence that it completed a state-based refund calculation or applied the proper refund policy.

20. The Institution failed to use the refund policy specified in its School Catalog and failed to provide a refund calculation worksheet in the student EA's file. The Institution provided a copy of an R2T4 form as a refund calculation. This does not reflect a calculation or a refund, but a calculation of the amount of Title IV funds the school is entitled to. The refund calculation should have reflected that EA owed \$10,919 based on attending 31% of the period of attendance. The Institution did not provide any evidence that it completed a state-based refund calculation or applied the proper refund policy.

21. The Institution failed to use the refund policy specified in the School Catalog

and failed to provide a refund calculation worksheet in the student AT's. The Institution provided a copy of an R2T4 form as a refund calculation. This does not reflect a calculation for a refund, but a calculation of the amount of Title IV funds the school is entitled to. The refund calculation should have reflected that AT owed \$3196 based on attending 9% of the period of attendance. The Institution did not provide any evidence that they completed a state-based refund calculation or applied the proper refund policy.

22. The Institution failed to comply with federal regulations regarding the application of Title IV funds. Student PT's file contains a payment ledger which reflects that a refund is due to Title IV funding sources, but the refunds were never provided to the federal government as there is no date in the column "actual" for the date that a transaction took place. Additionally, the determination that the refund was due to those sources took place on February 10, 2022, the day before this document was provided to the Bureau, and almost a year after PT withdrew from the program.

23. The Institution failed to comply with federal regulations regarding the application of Title IV funds. The student VG received Title IV funds, but the student file provided does not reflect that the Institution completed an R2T4 upon the student's withdrawal and neither payment ledger accounts for any payments received between September 2020 and August 2021, when the student was attending, eligible for Title IV and incurring tuition charges. The Institution failed to provide refunds that meet the regulatory requirements of the Bureau related to the calculation of refunds and the timely delivery of

those funds to students. The student withdrew from the Institution, but no refund calculation worksheet exists and no payment ledger that the Institution provided reflects any type of refund given. The student file did not contain documentation of the dates of attendance, withdrawal, or completion. The student file provided does not include any status change form or official documentation regarding how, why, or when a student withdrew from a program. The student file does not contain a document specifying the amount of a refund including the method of calculating the refund. The student withdrew from the program in Enrollment period 1, but no refund calculation was completed. Based on the information provided, I am unable to determine when the student withdrew from her first enrollment at the school, what payments were accepted on her behalf between her initial enrollment and her date of withdrawal, the dates of attendance or withdrawal, and whether or not the student is actively attending courses. Based on the two different student files the Institution provided, there are still numerous discrepancies and no explanations.

24. The Institution provided a refund calculation worksheet that did not accurately reflect the amount of money student TH was due to be refunded. Based on the Enrollment Agreement and the dates of withdrawal, the student was entitled to a refund of \$1162.26, but was provided with a refund of \$1052.26. The Institution fixed the mistake in the calculations, changing the number for Kit/Books/Supplies to \$308 rather than \$398, but did not correct the error in the final total of the refund, as reflected on the final line of the paper and the check that was included with the form. The Institution failed to refund a credit

balance to a student within 45 days of the date of the student's withdrawal from the Institution. The student file contains a status change form that states TH refused an externship and the last day of attendance was October 21, 2021. However, the refund calculation was not completed until February 8, 2022, well after the 45-day requirement.

25. The Institution failed to comply with federal regulations regarding the application of Title IV funds. The Institution provided a payment ledger for student BM reflecting two refunds to Title IV that were due and scheduled for April 2021, but never actually completed.

26. On or about February 16, 2021, the Bureau received a check from the Institution in the amount of \$10,042. On or about February 23, 2021, the financial institution returned the check to the Bureau for insufficient funds. (Attached as Exhibit 4 is a true and correct copy of the Institution's check returned for insufficient funds.)

27. On July 28, 2022, the Bureau received a check from the Institution in the amount of \$500. On or about August 15, 2022, the financial institution returned the check to the Bureau for insufficient funds. (Attached as Exhibit 5 is a true and correct copy of the Institution's check returned for insufficient funds.)

Failure to Notify Bureau of Judgment by Oversight Entity

28. Pursuant to Education Code section 94934.5, subdivision (a), an institution that is under investigation by, subject to judgment by, a regulatory action by, increased

oversight or monitoring by, or a settlement with, any oversight entity other than the Bureau, must report it to the Bureau within 30 days. The Institution failed to notify the Bureau within 30 days that its accreditor placed it on a Show Cause Order on September 16, 2021, and then dropped it from accreditation status in December 2021. (Attached as Exhibit 6 is a true and correct copy of the Show Cause and Drop letter the Bureau received from the Council on Occupational Education, the Institution's accreditor.) The Bureau only became aware of the Show Cause and Drop letter after I was informed of them by, Gary Puckett, Executive Director of the Council on Occupational Education, on March 18, 2022.

Falsified Test Results

29. California Education Code section 94897, subdivision (j) states that an institution shall not in any manner make an untrue or misleading change in, or untrue or misleading statement related to a test score. The Institution made false or misleading statements about admissions tests for their Vocational Nursing Program.

30. On January 6, 2022, I conducted a joint onsite investigation of the Institution with Faye Silverman (Silverman), Nurse Education Consultant, with the California Board of Vocational Nursing and Psychiatric Technicians (BVNPT). Silverman provided me with a copy of its reports and findings from the investigation. (Attached as Exhibit 7 are true and correct copies of the BVNPT investigation reports and findings.)

31. Silverman stated that BVNPT approves the admissions policies for Vocational Nursing (VN) programs and that this Institution's policy requires a certain score on the Health

Education Systems, Inc. (HESI) exam. Silverman stated that the students are required to take the exam and can make a second attempt on the exam, if necessary, to improve their score. Silverman stated that based on the backend reporting from the testing website, nine of ten students admitted into the VN program for Cohort 3 of the Stockton campus had retaken their exam on the same computer with the same IP address, after business hours for the Institution, within a short time frame, including seven exams conducted simultaneously. Silverman stated that it was an impossibility that seven students could be taking the same test at the same time on the same computer. Silverman noted the stark discrepancy between the first attempt, likely by the student, and the second attempt completed by the staff at the school with significantly higher scores. Silverman stated that the seven students referenced in the information had all dropped from the program since it began in February 2021. Silverman sent me an email with a printout containing the technical details provided by Kim Floyd, Director of Nursing for the Institution. The printout shows that eight different students took an admissions test after business hours, within a short time frame, simultaneously on the same computer with the same IP address. (Attached as Exhibit 8 is a true and correct copy of the printout.)

32. BVNPT concluded that the Institution made an untrue statement related to a test score when it provided falsified admissions test results that showed students had taken and passed the entrance exam when, in fact, the students had not passed the entrance exam. I examined the student files and five of them contained a letter dated February 16, 2021,

stating the student had been admitted to the program and had met all nursing admissions requirements. However, these files show that these students did not pass the admissions exam until February 19, 2021. (Attached as Exhibit 9-13 are true and correct copies of the enrollment agreements, test score records, and admissions letters.) Four of these students are also among the students listed in Exhibit 8 that took the admissions test on the same computer, at the same time, and after hours. Most of these students were dropped or withdrew from the program within the first the first 500 hours of a 1558 clock hour program.

Falsified Records

33. The Institution provided the Bureau with student records that contained false or misleading information in violation of Education Code section 94897, subdivisions (j) and (k).

34. The Institution provided the Bureau with an enrollment agreement and represented to the Bureau that it was signed on December 17, 2020, despite the fact that the enrollment agreement form itself was revised on February 25, 2021. Since the form was revised on February 25, 2021, it could not have been signed December 17, 2020. (Attached as Exhibit 14 is a true and correct copy of the misleading enrollment agreement.) The Compliance Director for the school provided a statement that revision dates listed on the enrolment agreements are the date the form was revised, and not the date the document was modified for the student (Attached as Exhibit 15 is a true and correct copy of the Compliance Director's statement).

35. The Institution provided the Bureau an R2T4 form for a student that contained false information. The R2T4 contained a statement that the student was notified of a post withdrawal disbursement on September 11, 2021. However, the form was not created until December 6, 2021. Since the form is how the disbursement calculation is made, the student could not have been informed prior to the form's creation. (Attached as Exhibit 16 is a true and correct copy of the R2T4 form.)

36. The Institution provided the Bureau with several student files with payment ledgers that reflected a Student Tuition Recovery Fund charge of \$17.50, but the fee was not charged to the student or itemized on the enrollment agreement. (Attached as Exhibit 17 are true and correct copies of the payment ledgers.)

37. The Institution provided the Bureau with enrollment agreements that itemize supplies, textbooks, uniforms, background checks, and technology fees. However, the Institution habitually failed to provide the goods and services itemized. Accordingly, students were charged for these goods and services, but never received them. The Institution further provided the Bureau with records falsely indicating that the supplies were provided to the students when they were in fact never provided. (See Exhibit 17.)

38. The Institution made false statements regarding attendance records when it gave students one hour of credit for 15 minutes of attendance. Several students and staff attested to this practice.

39. The Institution made false statements regarding a record of attendance when, between at least summer 2018 to fall 2019, the Institution did not have enough clinical sites to send students in order for them to complete the total number of clinical hours required. As a result, the students did not receive the total number of clinical hours that the educational program requires, yet the Institution still provided records of completion for these students.

40. The Institution provided the Bureau with attendance records for a student that reflected the student fully attended the scheduled courses although classes ended early by 30-60 minutes.

41. The Institution made false statements regarding an attendance record for a student. On March 17, 2022, I reviewed the student file for the student provided by the Institution. I found that the Leave of Absence (LOA) paperwork was signed on March 16, 2022, the day the Institution provided the student's documents to me. The LOA paperwork stated that the student was on an LOA from October 3, 2021 until March 21, 2022. I reviewed the student file and found that the Institution charged the student tuition fees on October 4, 2021 for an entire term, despite stating that she had been placed on an LOA. The student told me that the Institution never placed her on an LOA, that she had been attempting to attend her classes for the entire length of time between October and March, and that the Institution had failed to provide her with the necessary textbooks and had ceased responding to her attempts for contact. (Attached as Exhibit 18 is a true and correct copy of the Institution's

email and Student Status Change Form.

42. The Institution provided the Bureau with an enrollment agreement that states the program was 62 instructional weeks, however, the program was only scheduled for 30 weeks of instruction.

43. An Academic Director of the Institution forged the signature of an instructor on a record of completion for a student. (Attached as Exhibit 19 are true and correct copies of an email with a copy of the forged document and a declaration from Phyllis Rodriguez, a former employee of the Institution, attesting to the forged signature.)

44. The Institution made false statements regarding institutional records in violation of Education Code section 94897, subdivision (j).

45. On January 27, 2022, the Institution provided the Bureau with a statement that it would not require cash payments from students to supplement the loss of Title IV funds. (Attached as Exhibit 20 is a true and correct copy of this statement from the Institution.) However, the Institution was still soliciting payments from students and withholding transcripts for lack of payment.

46. The Institution altered documents provided to the Bureau and withheld documents from a student file requested by the Bureau.

47. The Institution directed one of its employees to falsify documents provided to their accreditor by inflating the numbers in order for the Institution to report higher passage

and placement rates than was actually the case.

Preventing Reporting of Unlawful Conduct

48. The Institution directed students and employees to refrain from reporting unlawful behavior and providing complaints to the Bureau in violation of Education Code section 94897, subdivision (m).

49. Following a visit by BVNPT, the Director of Nursing for the Institution verbally attacked students for reporting issues to BVNPT, directed students not to report issues to the state, directed staff to route student complaints through the Director of Nursing, and took retaliatory actions against students who reported issues.

Insufficient Administration

50. The Institution failed to have sufficient administration in violation of California Code of Regulations, Title 5, section 71730.

51. Since October 2021, the Institution failed to employ a Chief Academic Officer and a Chief Executive officer. (Attached as Exhibit 21 is a true and correct copy of the record showing termination dates of the Chief Academic Officer and Chief Executive Officer.) Chief Operating Officer Josh Maruca was not qualified for his position. His resume demonstrated that he did not possess any experience in the education industry or previously being in control of an educational institution or the implementation of admissions procedures. (Attached as Exhibit 22 is a true and correct copy of an email exchange that includes Mr.

Maruca's resume.) As a result, the Institution did not have administrative personnel with the expertise to ensure the achievement of the Institution's mission and objectives and the operation of its educational programs.

52. From at least 2018 to the present, the Institution failed to have administrative staff at a branch location that reflects the purpose, size and educational objectives of the Institution. Due to the lack of administrative staff, the documents the Institution provided from the two branch locations as well as the main location were full of discrepancies, missing information, and missing documents.

53. A review of student files revealed the Institution had consistent and widespread discrepancies, including enrollment agreements, payment ledgers, attendance records, transcripts, admissions tests, and additional required documents.

54. The Institution provided several incarnations of the same document with completely different information in each version, demonstrating a complete lack of administration at the branch level. One example is the active students list for each branch location. I received three versions of this document, all of them full of differing information and inaccurate records. (Attached as Exhibit 23 is a true and correct copy of emails regarding some discrepancies.)

55. The Institution failed to provide required paperwork to BVNPT timely in order for a student to take their licensing exam upon completion of their educational program.

56. As such, the Institution does not have the administrative capacity to meet the administrative needs of its student population.

57. As a result of my investigation, I believe there is an immediate danger to the public health, safety, or welfare that requires immediate action to protect students, prevent misrepresentations to the public, and prevent the loss of monies paid by students. I believe an emergency decision prohibiting instruction, the collection of tuition, and the enrollment of new students is necessary.

I declare under penalty of perjury under the laws of the State of California that the above statements are true and correct of my personal knowledge.

Re: Denial of Recertification Application to Participate in the Federal Student Financial Assistance Programs

Dear Dr. Singh:

The U.S. Department of Education (“Department”) has reviewed Advanced College’s (“Advanced’s”) application for recertification to continue to participate in the student financial assistance programs authorized pursuant to Title IV of the Higher Education Act of 1965, as amended, 20 U.S.C. §§ 1070 *et seq.* (“Title IV, HEA programs”). Advanced’s Program Participation Agreement (“PPA”) would have expired on the stated expiration date of September 30, 2021. However, Advanced timely submitted its recertification application prior to that date. As a result, the Department extended Advanced’s PPA on a month-to-month basis while evaluating the application and related matters. *See* 34 C.F.R. § 668.13(b)(2). This notice is to inform you that the Department has denied Advanced’s application for continued participation, and that Advanced’s Title IV eligibility will therefore expire at the end of this month, on December 31, 2021.

In particular, as of December 31, 2021, Advanced will no longer be eligible to participate in the following Title IV, HEA programs: Federal Pell Grant (“Pell Grant”), Federal Supplemental Educational Opportunity Grant (“FSEOG”), Iraq and Afghanistan Service Grants, Teacher Education Assistance for College and Higher Education (“TEACH”) Grant, Federal Work-Study (“FWS”), Federal Perkins Loan (“Perkins Loan”), and William D. Ford Federal Direct Loan (“Direct Loan”). The Direct Loan program includes the Federal Direct Stafford/Ford Loan Program, the Federal Direct Unsubsidized Stafford/Ford Loan program, and the Federal Direct PLUS Program. The FSEOG, FWS, and Perkins Loan programs are known as campus-based programs.

To continue to participate in any Title IV, HEA program, an institution must demonstrate to the Department that it meets the fiduciary standard of conduct, the standards for participation set forth at 34 C.F.R. Part 668, Subpart B, which include the standards of administrative capability set forth at 34 C.F.R. § 668.16; and the standards of financial responsibility set forth at 34 C.F.R. Part 668, Subpart L. *See* 34 C.F.R. §§ 668.13(a), 668.82(a). As set forth below, the Department has determined that Advanced has failed to meet each of these standards. Advanced’s failure to

meet these critical requirements underscores the need for this denial. Consequently, the Department is not approving Advanced's continued participation in the Title IV, HEA programs and after December 31, 2021, Advanced may no longer continue to receive Title IV, HEA program funds.

I. Advanced Has Breached Its Fiduciary Duty to the Department

Advanced signed a PPA with the Department stating that the institution would comply with all Title IV, HEA program requirements, as well as any conditions specified by the Department in the PPA. 20 U.S.C. § 1094(a)(1); *see generally* 34 C.F.R. § 668.14. By entering into a PPA with the Department, Advanced accepted the responsibility to act as a fiduciary in the administration of the Title IV, HEA programs. As a fiduciary, Advanced is subject to the highest standard of care and diligence in administering the Title IV, HEA programs and in accounting to the Secretary for the funds received. 34 C.F.R. §§ 668.82(a), (b). The Department will deny an institution's application for recertification if the Department determines that an institution has not met the fiduciary standard of conduct, either through its failure to comply with Title IV, HEA program standards and requirements, or through acts of affirmative misconduct. *See* 34 C.F.R. § 668.82(c).

In late April 2021, the Department's San Francisco/Seattle School Participation Division ("SPD") received information that Advanced was not meeting ongoing financial obligations timely, was violating important Title IV, HEA program requirements, and was not acting as a fiduciary with its administration of Title IV, HEA program funds. In particular, the Department was informed that Advanced was not returning Title IV, HEA program funds to the Department timely; was not paying credit balances owed to students; that employee paychecks repeatedly bounced or could not be cashed due to insufficient funds; and that the institution was not paying debts, including those owed to other government funding agencies. Therefore, on April 30, 2021, the SPD sent a letter ("April 30th Request") to Advanced requesting specific information related to those claims. In particular, the Department requested that Advanced provide a complete list of all unpaid Return to Title IV ("R2T4") refunds; a complete list of all unpaid credit balances due to students; an official statement regarding allegations of non-sufficient funds when employees attempted to cash their payroll checks; and a statement detailing any late, or unpaid, debts, including debts owed to a state or federal agency. Advanced submitted its response to the April 30th Request on May 6, 2021 ("May 6th Response").

On May 12, 2021, after reviewing Advanced's May 6th Response, the Department requested that Advanced provide additional documentation ("May 12th Request"). In particular, the Department requested that Advanced provide, for each student credit balance refund paid to students beginning July 1, 2020 to the present, copies of the front and back of the cashed checks along with each student's complete account ledger; a copy of the front and back of cashed checks evidencing payment of the debts owed to the Veterans Administration ("VA") for \$21,279.25 and to the California Student Aid Commission ("CSAC") for \$73,292; and documentation from Advanced's financial institution regarding the set-up of a direct deposit process for the school's payroll that was mentioned in Advanced's May 6th Response. The Department then transferred Advanced to the Heightened Cash Monitoring 2 ("HCM2") method of payment on May 14,

2021. On May 21, 2021, Advanced submitted its response (“May 21st Response”) to the Department’s May 12th Request.

After review of Advanced’s prior submissions in connection with Advanced’s pending recertification application, on November 29, 2021, the Department requested that Advanced provide further information (“November 29th Request”). In particular, the Department requested that Advanced submit a list of any unpaid Title IV returns owed to the Department on behalf of students and an updated list of all Title IV returns made to the Department on behalf of students from July 1, 2020 to the present, with copies of R2T4 calculations and account ledgers for those students (“Item 1”); a list of all non-sufficient funds (“bounced”) checks, including all non-sufficient funds checks from July 2020 to the present, with evidence of the subsequent payment made and copies of the applicable re-issued checks (“Item 2”); a list of any and all unpaid credit balance refunds owed to students, and an updated list of all credit balance refunds paid to students from July 1, 2020 to the present, along with account ledgers and any credit balance authorizations for those students (“Item 3”); bank statements, including canceled checks, from July 1, 2020 to the present, from the accounts from which Title IV returns, student credit balance payments, and payroll checks are drawn (“Item 4”); internal email exchanges concerning the payment of refunds to the Department, credit balances to students, and non-sufficient funds (student credit balance checks, as well as staff payroll checks) from January 1, 2021 to the present (“Item 5”); and a list of Advanced staff employed from July 1, 2020 to the present (“Item 6”). The Department also required, on December 3, 2021, that Advanced’s Vice President and Financial Aid Director (“FAD”) attest that the information provided in response to the November 29th Request was complete and accurate with regard to Items 1 through 6, including an acknowledgment that providing any false or misleading information could result in the Department taking action against them or the institution. As further set forth below, Advanced submitted only partial responses on December 3 and 4, 2021 (“December 2021 Response”). We note that Advanced has subsequently provided some additional information, but the response is still incomplete, as discussed below.

The Department’s review of Advanced’s Responses and submissions, and its participation history in the Title IV, HEA programs, have confirmed that Advanced is operating in violation Title IV, HEA regulations, and is not meeting its fiduciary responsibilities to the Department.

A. Advanced Failed to Return Funds to the Department When Due

When a recipient of Title IV, HEA program grant or loan assistance withdraws from an institution during a payment period or period of enrollment in which the student began attendance, the institution must determine whether the amount of the Title IV, HEA program grant or loan assistance disbursed to the student as of the date of the institution’s determination that the student withdrew exceeded the amount of such assistance the student earned as of his or her withdrawal date. 34 C.F.R. §§ 668.22(a)(1), (a)(4). If so, the institution must return the unearned funds to the Title IV, HEA programs as soon as possible but no later than 45 days of the date of the institution’s determination that the student withdrew. 34 C.F.R. §§ 668.22(a)(4)(i), (e)(4), (j)(1).

As stated above, in late April 2021, the Department received information that Advanced was not timely returning funds to the Department that it had determined were due. Advanced's May 6th Response included a packet of information entitled "Re: Unpaid Return to Title IV (R2T4)," enclosed as Enclosure A to this letter, that confirmed this was the case. According to the cover sheet, the packet included "a list of unpaid R2T4 as of May 5, 2021" and an "Action Plan addressing these issues." The list of unpaid R2T4 refunds was a report identifying refunds owed to the Department on behalf of students, by location. According to the report, Title IV returns totaling \$23,502.30 were owed on behalf of seven students¹ and were between 2 to 684 days late as of May 5, 2021. Advanced's packet also included a May 5, 2021 "Audit Report Summary," the purpose of which was "[t]o ensure the R2T4 is paid within compliance of the 45-day completion requirement", in which Advanced represented that its failure to return the funds was an "error" due to the distance between staff members, a lack of training, and a failure to understand Federal requirements and internal policies. Advanced represented in its cover sheet that it had successfully implemented the "Action Plan," and that as of May 6, 2021, Advanced had brought itself into compliance, pending completion of the returns through the G5 System.

In its May 21st Response, Advanced provided a spreadsheet listing the returns made to the Department on behalf of students between July 1, 2020 and May 20, 2021, along with copies of the students' account ledgers. Advanced's May 21st Response established that during that time period, Advanced made late returns to 10 additional students.²

Although Advanced characterized its failure to return funds as an "error," the noncompliance was in fact intentional, as Advanced was demonstrably aware that returns were due to the Department and deliberately did not pay them. Advanced's December 2021 submission with respect to Item 5 included numerous internal emails that evidenced Advanced's former FAD's extensive and continuing efforts to convince Advanced's executive leadership to return Title IV funds within the regulatory timeframe.

For example, Email #10 shows that the former FAD prepared an "Audit Report Summary" dated January 22, 2021, which was an obvious precursor to Advanced's May 5, 2021 "Audit Report Summary." The purpose of the January 22, 2021 document was the same as the purpose of the May 5, 2021 document: "To ensure the R2T4 is within compliance of the 45-day completion requirement". The January 22, 2021 document also contained both a "Corrective Action" section and a "Plan of Action" developed to ensure compliance going forward. However, emails such as Emails #12 and #13 establish that, rather than coming into compliance, Advanced continued to not return Title IV, HEA funds when due. Email #12 in particular shows that the former FAD sent emails to Advanced executive staff entitled "URGENT: R2T4 Required Notification" on April 5, 2021, April 13, 2021, April 19-20, 2021, and April 26, 2021 listing Title IV returns that were past due, as well as those that were coming due. Email #13 shows that on April 14, 2021, the former FAD reached an agreement with executive staff that \$46,148.79 of the \$47,065 in Title IV funds to be drawn down from the Department for new Title IV disbursements would be used to pay the outstanding overdue refunds, which would have left only \$4,701 unpaid, however that executive staff did not comply with this agreement, and

¹ Students #8, 17, 30, 35, 42, 43, and 47. See Enclosure entitled "List of Students".."

² Student #13, 21, 22, 23, 27, 44, 46, 49, 51, and 58.

instead paid only \$14,103 in returns. Advanced apparently returned the overdue funds to the Department on May 6, 2021 only because Advanced was required to provide a list of all unpaid refunds in response to the Department's April 30, 2021 Request.

In its December 2021 Response, Advanced provided an updated list of returns made to the Department between July 1, 2020 to the present, and a list of unpaid returns. Advanced's December 2021 Response disclosed that, similar to Advanced's conduct after its January 22, 2021 internal audit and corrective action plan, Advanced repeatedly failed to return unearned student funds timely after the May 5, 2021 implementation of its "Action Plan." Advanced made late returns on behalf of three³ of the five students who were on the institution's May 6, 2021 list of unpaid R2T4 refunds with returns that were not yet due; did not timely pay refunds on behalf of 12 additional students⁴, 11 of whom⁵ had refund due dates after May 6, 2021, and one of whom⁶ should have been on the May 6, 2021 list of unpaid refunds but was not; did not pay refunds owed to two students⁷; and partially returned funds for one student⁸, leaving an unpaid balance of \$1,040.10 in loan funds for that student. In addition, information the Department received from the institution's third-party financial aid servicer, RGM, indicated an unpaid refund for an additional student.⁹ Further, the Department's review of the returns in the Common Origination and Disbursement ("COD") system revealed that in many cases, the funds were actually returned electronically to the Department up to 31 days after the date Advanced represented on the students' account ledgers that the funds were returned. A chart detailing Advanced's late and unpaid refunds is enclosed as Enclosure A-1.

Advanced's continued untimely return of unearned student funds and inaccurate reporting to the Department constitute an egregious failure to meet the fiduciary standard of conduct and indicates that Advanced is either unwilling or unable to comply with critical Title IV, HEA program requirements.

B. Advanced Failed to Pay, or Pay Timely, Credit Balances Owed to Students.

If an institution disburses Title IV, HEA program funds by crediting a student's account and the total amount of all Title IV program funds credited exceeds the amount of tuition and fees, room and board, and other authorized charges the student is required to pay, the institution must pay the resulting credit balance directly to the student or parent. Institutions are required to determine Title IV, HEA credit balances on a payment period basis. 34 C.F.R. § 668.164(h)(1). Institutions must prorate the charges, and determine the amount associated with each payment period in accordance with 34 C.F.R. § 668.164(c)(5). An institution must pay credit balances as soon as possible but no later than 14 days after the balance occurred, or 14 days after the first day of classes in a payment period if the balance occurred before that time. 34 C.F.R. § 668.164(h). Institutions may in general hold credit balance funds to cover future payment period charges if

⁴ Students #7, 10, 12, 20, 24, 34, 40, 41, 50, 54, 56, and 57.

they obtain a valid authorization from the student. 34 C.F.R. § 668.165(b). However, an institution on the heightened cash monitoring method of payment cannot hold student credit balances. 34 C.F.R. § 668.165(b)(1)(ii).

As stated above, in late April 2021, the Department received information that Advanced was not paying credit balances owed to students. Advanced's May 6th Response included a packet of information entitled "Re: Unpaid Title IV Credit Balances Due to Students", enclosed as Enclosure B, that confirmed that this was the case. According to the cover sheet, the packet included "a list of unpaid Title IV Credit Balances," a "list of Balances Paid in Full which require student refund checks," and a "Plan of Action." The list of unpaid Title IV credit balances report (Enclosure B, page 2), entitled "Title IV Credit Balances (Unresolved)" identified credit balances owed to seven students, totaling \$26,992.50, which had been outstanding from between 16 to 220 days as of May 6, 2021. The second list (Enclosure B, page 3) was a list of credit balances that were owed to students whose school charges had been paid in full. This list identified credit balances owed to 15 students, totaling \$37,545.50 (the actual total is \$38,063.50), which had been outstanding for as long as 703 days. Advanced therefore reported outstanding overdue credit balance refunds totaling \$64,538. Advanced included in the packet an "Audit Report Summary" dated May 6, 2021, the purpose of which was "[t]o ensure that Student Credit Balances are paid within stated 14-day catalog requirements," in which it represented that the failure to pay the credit balances due was also an "error" due to a lack of training, and a failure to understand the PPA, federal fiduciary responsibility requirements, and internal policies. Advanced did not represent in the May 6th Response that it had paid all outstanding credit balances, but rather created the impression that the institution was coming into compliance by stating that its Plan of Action was in the process of being addressed at that time.

In its May 21st Response, Advanced provided documentation regarding credit balance refunds paid to students since July 1, 2020, with copies of the front and back of the cashed checks and each student's account ledger; however, in many cases the date on which the checks were cashed could not be discerned. Although FSA requested the bank statements needed to evaluate these payments, Advanced did not provide them. The documentation included lists totaling 30 students, whose credit balances totaled \$71,686.43.

Advanced's May 21st Response did not indicate that any of the credit balances owed for the students listed in Enclosure B, page 2 were paid to the students listed. The Department therefore requested updated and additional information concerning credit balances at Items 2, 3, 4, and 5 of the November 29th Request. As more fully set forth below, Advanced, in its December 2021 Response, did not provide any of the information that the Department requested in Items 2, 3, and 4 with regard to credit balances. The Department therefore reviewed student account ledgers obtained from RGM. These student account ledgers revealed that rather than pay credit balances owed to these students, Advanced held the credit balance funds on the students' accounts to apply to future charges. Advanced did not produce any credit balance hold authorizations signed by any of these students nor mention this in the information reported to the Department. Advanced was also prohibited from holding any credit balance funds as of May 14, 2021, the date of its placement on HCM2. A chart summarizing the Department's review is enclosed as Enclosure B-1. In the case of Student #25, Advanced included in its September 8, 2021 HCM2 request a copy of only the front of the check for the credit balance that remained after application

of a new disbursement and new charges to his account, and did not provide evidence that the credit balance was resolved, as required in the Department's May 14, 2021 HCM2 instructions. The Department was unable to determine whether the credit balance was resolved because Advanced failed to provide the requested bank statements and canceled checks.

With regard to the students listed in Enclosure B at 3, Advanced's May 21st Response disclosed that Advanced paid overdue credit balances to nine students¹⁰ only after the Department's April 30th Request for a list of unpaid credit balances, and that credit balance checks issued to at least two of the students actually bounced¹¹. Further, Advanced's May 21st Response did not demonstrate that credit balances due to an additional six students¹² were paid, one of which was due after Advanced's May 5, 2021 Action Plan¹³. The Department's review is set forth in Enclosure B-2. In addition, Advanced's May 21st Responses indicated that an additional student's credit balance check did not clear the bank when presented¹⁴.

It was apparent from Advanced's May 21st Response that the entry of a credit balance check date and amount on a student's account ledger was neither evidence that the check was actually given to the student, nor evidence that there were sufficient funds in the school's operating account to allow the student to actually cash the check if he or she presented it to Advanced's bank either in person or through depositing the check at their own financial institution. This was an additional reason why the Department requested the documents listed in Items 2, 3, 4, and 5 of the November 29th Request regarding credit balances.

In particular, at Item 2, the Department requested a list of all non-sufficient funds checks from July 2020, including checks to students, with evidence of the subsequent payment made and copies of the applicable re-issued checks, in order to determine how many credit balance checks that Advanced gave to its students bounced or were declined. The Department required Advanced to disclose not only the checks that were returned through the banking system, but also those credit balance checks which students reported to Advanced that they were unable to cash when they presented them to the bank due to non-sufficient funds. In its December 2021 Response, Advanced did not submit the required list. Advanced did submit some checks to the Department in its December 2021 Response; however these checks were not responsive to the request for credit balance checks to students that either bounced or were declined due to insufficient funds. As noted above, Advanced's May 21st Response identified two instances¹⁵ wherein it issued new credit balance checks after the checks it gave to the student after the Department's April 30th Request did not clear the bank.

At Item 3, the Department requested a list of any and all unpaid credit balance refunds, and an updated list of all credit balance refunds paid to students from July 1, 2020 to the present, including account ledgers and any credit balance hold authorizations. The list was required to include the Credit Balance Paid Date, as well as the Check Number, Check Date, Amount, and

Cashed Date (Negotiated Date). The Department therefore required Advanced to provide the date that it actually gave the check to the student, and not just the date of the check, which is necessary to determine the actual timeliness of the payment of the credit balance. Advanced did not submit any information responsive to Item 3 in its December 2021 Response.

At Item 4, the Department requested the bank statements, including canceled checks, from July 1, 2020 to the present, from the bank account from which student credit balance payments were paid, in order to review Advanced's management of the funds in that account. The Department also requested this in order to identify credit balance checks had been rejected for non-sufficient funds by the check processing system, with the knowledge that this probably would not identify those checks that the bank had denied for non-sufficient funds when the student physically presented them for payment at the bank. Advanced did not submit any bank statements or canceled checks from the account from which the credit balances were paid in its December 2021 Response.

At Item 5, the Department requested internal email exchanges concerning the payment of credit balances paid to students, and non-sufficient funds concerning credit balance checks, from January 1, 2021 to the present. Advanced's December 2021 Response included only the first 20 of the 38 emails listed on the "Index of Financial Aid Emails" included in the December 2021 Response. Emails that Advanced did include in the Response showed that Advanced's executive team required the former FAD to hold credit balance checks that were past due, rather than provide the checks to the students. As with the unpaid returns, the emails evidenced Advanced's former FAD's extensive and continuing efforts to convince Advanced's executive leadership to pay credit balances owed to students. Email #11 in particular shows that the former FAD sent emails entitled "URGENT: Reminder: Students Refund Checks Required" on February 15, 2021, February 22, 2021, March 1, 2021, March 9, 2021, March 15, 2021, March 22, 2021, March 29, 2021, April 5, 2021, April 14, 2021, April 19-20, 2021, and April 26, 2021 listing credit balance refunds that were past due, as well as those that were coming due. It is apparent that Advanced finally, in May 2021, provided overdue credit balance checks to some of the students listed in the May 6th Response only because of the Department's April 30th and May 12th Requests. However, due to Advanced's failure to provide the credit balance information requested in the November 29th request, the Department still cannot establish whether these credit balance refunds were really given to students and whether the checks actually cleared the bank.

The Department was able to piece together Student #2's predicament despite Advanced's non-responsiveness. According to Advanced's May 6th Response, on November 28, 2020, Advanced's former FAD notified Student #2 that she owed a balance of \$411.50. Then, on December 3, 2020, the former FAD informed the student that staff had audited her account and determined that she would actually be receiving a refund, and that the FAD had begun the process of requesting the refund from the accounts department. The FAD also agreed to get in touch with the student once the FAD had the refund check in her possession. The student's account ledger shows that the student paid her tuition and fees in full as of January 7, 2020; had a credit balance of \$1,556.50 as of that date; and that on April 22, 2020, the student's credit balance increased to \$3,621.50 after additional Title IV funds were credited to her account. Advanced did not provide any evidence that Student #2 had authorized Advanced to hold a credit

balance on her account, and any such authorization would have been inconsistent with the exchanges between the student and the FAD. The FAD requested the refund check on December 1, 2020, with supporting documentation. The student asked for an update on December 9, 2020, after which the former FAD requested a status on the check on December 9, 2020, and again on December 15, 2020. The May 6th Response also included a file copy of check #6593, dated December 14, 2020, in the amount of \$3,621.50, however "Did Not Clear" is written on the check copy. The student's account ledger has an entry dated December 14, 2020 for check #6593 in the amount of \$3,621.50, which cleared the credit balance on the account and resulted in a zero balance as of that date.

The May 6th Response did not provide any further information about that payment. However, Advanced's December 2021 Response with Respect to Item 5 showed, at Email #2, that the student picked up her refund check on January 29, 2021, at which time the former FAD requested that money be available "so that we do not have issues with the check." This email also shows that the former FAD had not been approved to release the check to the student until two weeks prior to January 29th, which would have been around January 15th, a full month after the check date. Email #5 shows that on February 16, 2021, the former FAD reported that the student was currently at the South Gate campus, that she had gone to cash her check, and that she was denied due to insufficient funds. When the former FAD asked executive staff what to tell the student, she was told to advise the student to "go back tomorrow morning at 11 am." Because of Advanced's failure to provide the requested information concerning student credit balances, the Department still cannot establish whether and when the credit balance was actually paid to the student.

Under the provisions of 34 C.F.R. § 668.161(b), Title IV, HEA program funds received by an institution are held in trust for the intended beneficiaries or the Secretary. The institution, as a trustee of those funds, may not use these funds for any other purposes. Further, under the provisions of 34 C.F.R. § 668.161(c), the institution must exercise the level and care and diligence required of a fiduciary with regard to managing Title IV, HEA program funds. It is apparent that Advanced is using the Title IV, HEA funds it is holding in trust for students such as Student #2 for purposes other than paying the credit balances it owes to its students.

Advanced's actions regarding the payment of student credit balances, and its failure to provide the Department with the information required, exemplify its callous disregard for the needs of its students and its willingness to conceal that information from the Department, and is in direct conflict with a fiduciary standard of conduct.

C. Advanced Has Failed to Meet its Financial Obligations by Not Paying Debts to other Federal as well as State Agencies.

As stated above, in late April 2021, the Department received information that Advanced was not paying debts, including those owed to other government funding agencies. Advanced's May 6th Response included a packet of information entitled "Re: Late or Unpaid Debt – Cal Grant", enclosed as Enclosure C, that confirmed that Advanced was not paying a debt owed to its state funding agency. According to the cover sheet, the packet included communications between CSAC and Advanced with regard to a balance owed as a result of the reconciliation of

Advanced's Cal Grant Account for the 2019-20 academic year. Advanced represented in the cover sheet that it had written a check (for \$73,292) to CSAC in December of 2020; that it had mailed the check in March of 2021; that as of May 5, 2021, CSAC had not received the check; and that on May 5, 2021, Advanced told CSAC it would resolve the matter.

The communications provided consisted of email communication regarding the unpaid debt, including an email string entitled "Re: Past Due 19-20 Year End Invoice for Advanced College South Gate" (Enclosure C, at pages 2-7), and an email string entitled "Re: California Student Aid Commission Intent to Withhold Funding Notification" (Enclosure C, at pages 8-18.) The email strings show that although Advanced's check to CSAC was dated December 2, 2020, the check was not approved to be sent to CSAC until March of 2021; that although Advanced's Vice President stated on March 4, 2021 that he had the check in his possession, and would share a picture and information of it being mailed via certified mail with Advanced's former FAD, he did not share the mailing information; that although CSAC staff repeatedly requested information including the tracking number and mailing date of the December 2020 check, Advanced did not provide this information to CSAC; and that on May 5, 2021, after receipt of the Department's April 30th Request, Advanced sent an email to CSAC staff saying that in order to make sure the situation was resolved "immediately", Advanced would void the previous check it claimed but apparently could not prove it had sent, and issue a new check.

Advanced's May 6th Response also included a packet of information entitled "Re: Late or Unpaid Debt – VA", enclosed as Enclosure D, that confirmed that Advanced was not paying debts owed to another federal funding agency. According to the cover sheet, the packet included communications between the VA Certifying Official and Advanced staff regarding a check that Advanced sent to the VA, which bounced. The communications included in the May 6th Response showed that on November 8, 2020, the VA notified Advanced that it owed a debt of \$21,279.25; that Advanced prepared a check to the VA for \$21,279.25 dated December 15, 2020; that the VA notified Advanced on February 5, 2021 that it had received Advanced's payment of \$21,279.25, and the account was paid in full; that the check then bounced and the VA resumed collection; and that on May 5, 2021, after receipt of the Department's April 30th Request, Advanced sent an email to the VA acknowledging that the check was returned due to insufficient funds, and stating that a new check would be sent.

After review of May 6th Response, the Department requested in its May 12th Request that Advanced provide copies of the front and back of cashed checks to the VA for \$21,279.25, and to the CSAC for \$73,292, by May 21, 2021. In its May 21st Response, Advanced provided copies of Cashier's checks to the VA and CSAC. The Cashier's checks were not prepared until May 19, 2021, and the mailing receipts showed that the checks were not mailed to the agencies until May 20, 2021. Nearly half a year passed between Advanced's acknowledgment to pay the debt to VA and when it was actually paid. Notably, Advanced did not actually pay the outstanding debts to CSAC and the VA until the Department required the institution to provide proof of payment. Advanced's delays and unfulfilled payment promises with regard to the payment of the debts owed to other federal and state agencies further evidences its failures to demonstrate financial responsibility and administrative capability.

D. Advanced Repeatedly Issued Checks, including Payroll Checks, from Accounts With Insufficient Funds to Pay Those Obligations.

As stated above, in late April 2021, the Department received information that Advanced repeatedly provided paychecks to employees that bounced or could not be cashed due to insufficient funds. Advanced's May 6th Response included a packet of information entitled "Re: Statement Regarding Allegations of Insufficient Funds", enclosed as Enclosure E, that confirmed that this occurred, but created the impression that the issue was confined to the school's April 3, 2021 bi-weekly payroll checks. Advanced admitted that the bank account upon which these payroll checks were drawn did not have sufficient funds and represented that this was due to an "accounting error"; that 12 checks had bounced; and that Advanced was in the process of implementing direct deposit for payroll. Three weeks later, in its May 21st Response, Advanced provided an update with regard to direct deposit, acknowledged that employees' checks had bounced, represented this time that it was due to miscommunication, and stated it was progressing with implementing direct deposit in order to avoid this in the future.

Because the Department had received information that employee's paychecks had bounced or been denied payment on multiple occasions, and that the issue was not confined to a single cycle of payroll checks, the Department, at Item 4 of the November 29th Request, specifically requested bank statements, including canceled checks, from July 1, 2020 to the present, for the bank account from which payroll checks were paid. Advanced's December 2021 Response did not provide the required bank statements and canceled checks. The Department also requested, at Item 2, a list of non-sufficient funds checks from July 1, 2020 to the present, including those to staff, with evidence of the subsequent payment made and copies of the applicable re-issued checks. Advanced's December 2021 Response did not provide a list of the non-sufficient checks, which should have included checks that Advanced knew that employees presented to its bank, only to be denied payment for insufficient funds. Although it did provide some payroll checks, these consisted of 11 payroll checks to staff dated April 23, 2021, and one payroll check dated July 31, 2020. Without the canceled checks or the corresponding bank statements, the Department cannot determine whether there are additional checks that bounced, even if those statements do not disclose instances wherein employees were unable to cash checks at Advanced's bank due to insufficient funds. The Department further requested, at Item 5, internal email exchanges concerning payroll checks denied for non-sufficient funds. Advanced's December 2021 Response did not provide any emails responsive to this aspect of Item 5 nor acknowledge that the institution was providing an incomplete response. Advanced's failures to provide the Department with the requested information give rise to an inference that the information corroborates claims of these repeated failures to timely pay debts and represents a breach of the fiduciary standard of conduct.

E. Advanced Failed to Completely Respond to the Department's November 29th Request for Information.

As detailed above, in the November 29th Request, the Department requested that Advanced provide six itemized groups of documents, no later than Wednesday, December 1, 2021. Advanced did not, however, provide any documents until Friday, December 3, 2021, and Saturday, December 4, 2021. On December 3, 2021, the Department sent, via email, a

certification statement for Advanced's vice president and financial aid director to sign, certifying that the institution's response provided complete and accurate information with regard to Items 1 through 6 of the November 29th Request. Advanced's Vice President and FAD signed these certifications and submitted them on December 4, 2021. Upon review of the documentation submitted in Advanced's December 2021 Response, the Department has determined, as set forth above, that Advanced did not provide the list of non-sufficient funds checks requested in Item 2; did not provide any documentation responsive to Item 3 regarding student credit balances; did not provide the bank statements and canceled checks for the accounts from which credit balance checks and payroll checks were drawn requested in Item 4; and provided only 20 of the 38 emails listed in its response to Item 5. Therefore, as of the date of this letter, and notwithstanding the signed certifications to the contrary, Advanced still has not submitted all of the documentation the Department requested in the November 29th Request. Advanced's failure to respond completely to the Department's November 29th request is further evidence that the institution does not have the administrative capability and fiduciary responsibility to continue to participate in the Title IV, HEA programs.

F. Advanced Submitted False Ledgers to the Department in its HCM2 Request for Payment.

As stated above, on May 14, 2021, the Department informed Advanced that it was placing the institution on the HCM2 method of payment. In the letter, the Department informed Advanced that it must provide, among other things, credit balance documentation demonstrating that all student credit balances were liquidated. The Department also required the President, Owner or CEO to certify that the information submitted to receive funds while under the HCM2 payment method was accurate, and advised Advanced that **"A false certification may result in civil or criminal action by the Department against the institution."**

Advanced submitted an HCM2 claim for payment on September 8, 2021. The Department's review disclosed an error rate of 100% with regard to the 15 students in the sample. Thirteen of the students' ledgers contained Higher Education Emergency Relief Fund (HEERF) II fund payments to students ranging from \$300 to \$600; however Advanced did not provide evidence that the funds were actually paid to the students. The Department therefore rejected the HCM2 request on October 22, 2021, and required Advanced to provide, for each of the students listed, proof that the students were paid, i.e., front and back copy of the cashed check. On November 15, 2021, in a telephone conversation with Department staff, the Vice President and Compliance Officer admitted that the ledger entries evidencing payment were false, and that Advanced had not actually paid the funds to the students. This further demonstrates that the Department cannot rely on Advanced's student account ledgers with regard to any payments purportedly made to students.

G. Advanced Failed to Submit its Annual Audit Submission for its Fiscal Year ended December 31, 2020 and Failed to Timely Submit its Annual Audit Submission for its Fiscal Year Ended December 31, 2019.

An institution that participates in any Title IV, HEA program must have an independent auditor conduct an audit of its administration of that program and an audit of the institution's financial

statements. 20 U.S.C. § 1094(c)(1)(A)(i); 34 C.F.R. § 668.23(a)(2). The compliance audit must be conducted in accordance with U.S. General Accounting Office's ("GAO's") Government Auditing Standards, and the audit guides issued by the Department's Office of Inspector General ("OIG"). 34 C.F.R. § 668.23(b)(2). Financial statements must be prepared on an accrual basis in accordance with generally accepted accounting principles and must be audited by an independent auditor in accordance with generally accepted government auditing standards. 34 C.F.R. § 668.23(d)(1). A proprietary institution of higher education such as Advanced must submit its compliance and financial statement audits to the Department no later than six months after the last day of the institution's fiscal year. 34 C.F.R. § 668.23(a)(4). Those documents comprise the institution's combined fiscal year audit submission.

Advanced's fiscal year ends on December 31. Pursuant to 34 C.F.R. § 668.23(a)(4), Advanced's annual audit submission for the fiscal year ended ("FYE") December 31, 2019 was due to the Department by December 31, 2020¹⁶, and its annual audit submission for FYE December 31, 2020 was due by June 30, 2021. Nevertheless, Advanced did not submit an acceptable annual audit submission for FYE December 31, 2019 until March 1, 2021, 60 days late, and has not, as of the date of this letter, submitted an acceptable annual audit submission for FYE December 31, 2020.

Advanced's failure to submit its annual audit submission for FYE December 31, 2020 and failure to timely submit its annual audit submission for FYE December 31, 2019 are serious violations, as such compliance and financial statement audits provide the Department with critical information necessary to assess the institution's compliance with the statutes and regulations governing the Title IV, HEA programs. Through its failure to timely submit its annual audit submissions for its 2019 and 2020 fiscal years, Advanced has failed to meet the fiduciary standard of conduct.

II. Advanced has Failed to Meet the Standards of Financial Responsibility

To continue participation in any Title IV, HEA program, an institution must demonstrate to the Department that it is financially responsible under the standards set forth at 34 C.F.R. Part 668, Subpart L. The Department determines whether an institution is financially responsible based on the institution's ability to administer properly the Title IV, HEA programs in which it participates, and meet all of its financial obligations. 34 C.F.R. §§ 668.171(a)(2), (3); 668.171(b)(3). An institution is not able to meet its financial or administrative obligations if it fails to make refunds under its refund policy or return Title IV, HEA program funds for which it is responsible under 34 C.F.R. § 668.22, or if the institution is subject to a condition of past performance under 34 C.F.R. § 668.174(a). 34 C.F.R. §§ 668.171(b)(3)(i), (4). Advanced has intentionally failed to return funds to the Department when due, has failed to pay student credit balances when due, and has repeatedly issued bad checks to its students and others. Further, on September 10, 2021, the Department cited Advanced for failing to timely submit compliance and financial statement audits, which is a violation of the past performance standard at 34 C.F.R. §

¹⁶ This annual submission was due by June 30, 2020. However, due to the COVID-19 pandemic, the Department modified the submission requirement to permit institutions such as Advanced up to an additional six months to submit the annual compliance and financial statement audits.

668.174(a)(3). Advanced's actions and failures clearly establish that the institution cannot meet this standard.

Further, the Department's standards of financial responsibility were established to ensure that only institutions which are sound and financially capable of meeting their educational and administrative responsibilities participate in the Title IV, HEA programs. The financial responsibility regulations at 34 C.F.R. § 668.171(e) specifically provide that the failure of an institution to submit its audits by the date permitted and in the manner required under 34 C.F.R. § 668.23 is grounds for the Department to end the school's participation in the Title IV, HEA programs. Advanced's failure to pay credit balances timely, return unearned student refunds to the Department, meet its accounting and financial obligations to the California grant program and VA program, and repeated failures to make payroll for staff also constitute failures of the general standards of financial responsibility in 34 C.F.R. § 668.171. Advanced's cumulative failures to meet the financial responsibility standards also warrants denial of its application for recertification.

III. Advanced has Failed to Demonstrate Administrative Capability

To continue to participate in the Title IV, HEA programs, an institution must demonstrate that it is capable of adequately administering those programs. The Secretary considers an institution to have the requisite administrative capability if the institution administers the Title IV, HEA programs in accordance with all statutory provisions of or applicable to Title IV of the HEA, all applicable regulatory provisions prescribed under that statutory authority, and all applicable special arrangements, agreements, and limitations. 34 C.F.R. § 668.16(a). Advanced's failure to pay credit balances and refunds when due, incomplete response to the Department, issuance of bad checks to its students and others, failure to submit its FYE December 2020 annual audit submission, and failure to submit its FYE December 31, 2019 audit timely, as set forth above, demonstrate the institution's lack of administrative capability, and independently warrants denial of Advanced's application for recertification.

The Department notes that during a December 7, 2021 meeting with SPD staff, Advanced's officials acknowledged the institution's failures to administer the Title IV, HEA programs in accordance with the Title IV statute and its implementing regulations. The officials claimed that the institution had been mismanaged in the past and attempted to place the blame on the institution's prior president, who was no longer with Advanced and not at the meeting to respond to the allegations. Advanced's officials represented that new staff would ensure compliance in the future and stated that they hoped the Department would continue to work with them. However, Advanced's actions over at least the past year constitute an institution-wide, rather than an individual, failure to meet the fiduciary standard of conduct to which the institution, and its officers, are held. Based upon these multiple demonstrated failures, Advanced's application for continued participation in the Title IV, HEA programs is denied.

Should Advanced have factual evidence to dispute the Department's findings, and demonstrate their inaccuracy, Advanced may submit that evidence via overnight mail to me at the following address:

This denial of recertification is effective December 31, 2021. If Advanced chooses to submit material for the Department's consideration, it must be received within two weeks of the date of this letter. Any such material will be reviewed by the Department, and Advanced will be notified whether the recertification denial will be modified, rescinded, or left in place. If the denial of recertification is left in place, the SPD will then contact you concerning the proper procedures for closing out Advanced's Title IV, HEA program accounts.

RE: Official Notification that Advanced College, 13180 Paramount Boulevard, Southgate, CA 90280 has been Placed on Show Cause Order by the Commission of the Council on Occupational Education, effective September 16, 2021.

Dear Mr. Vohra:

The Commission of the Council on Occupational Education met on September 16, 2021, to take action on accreditation matters. One action taken by the Commission was to place Advanced College, 13180 Paramount Boulevard, Southgate, CA 90280 on Show Cause Order. The effective date of this action is September 16, 2021.

You will find below a citation of the condition(s), standard(s), or policy(cies) violated, the statement of violation(s) and evidence of violation(s).

Citation of Violation

The *Handbook of Accreditation: 2021 Edition*, Section IV., The Accreditation Process, Item D., 2. Required Submission of Audited Financial Information from Non-Public Institutions, page 17, states:

Non-public institutions are required to submit audited financial information to the Council, which must include specific information detailed in Section VII. Definitions - Audited Financial Statement of this Handbook.

Further:

The due date for submission of this information occurs annually no later than six months following the end date of the institution's fiscal year. A penalty for late submission of requested documentation will apply to submissions received after the due date.

Statement of Violation

The institution did not submit a copy of its audited financial statements, including notes, prepared by an independent certified public accountant and completed COE financial forms for its fiscal year ending December 31, 2020, by June 30, 2021, due date.

Evidence of Violation

The Commission of the Council on Occupational Education reviewed Advanced College for compliance with the Commission's financial stability requirements as stated in Standard 7, Financial Resources and was unable to determine whether or not the institution is in compliance with Standard 7 because the institution did not submit its audited financial statements, including notes, prepared by an independent certified public accountant and completed COE financial forms for its most recent fiscal year ending December 31, 2020.

As mandated in the *Handbook of Accreditation: 2021 Edition*, page 29, the Commission imposed a penalty of \$2,000 for the institution's failure to provide audited financial statements by the due date. The enclosed invoice is due as of the date of issuance.

This Show Cause Order is issued pursuant to the following condition found in the *Handbook of Accreditation: 2021 Edition*, page 19:

Show Cause Order-Show Cause is a restrictive status assigned by the Commission because of one or more serious violations of the standards, criteria, and/or conditions of the Council. Once imposed, Show Cause provides an institution 30 calendar days to show why it should not be dropped.

As stipulated in the *Handbook of Accreditation: 2021 Edition*, page 28, the Commission also imposed a fee of \$1,000 for having to place the institution on Show Cause Order. The enclosed invoice is due as of the date of issuance.

The *Handbook of Accreditation: 2021 Edition*, page 19, states:

Substantive change applications will not be processed, whether new or pending, before the resolution of a restrictive violation status (probation or show cause) or pending an appeal of a decision of the Commission.

You are hereby requested to submit, in writing to my attention, a comprehensive explanation as to why the institution should not be dropped from accredited status. Appropriate documentation to support the explanation should be included. Your response (one PDF file) must be received in the COE office not later than 30 days from the date of this letter (**due date: November 5, 2021**). This Show Cause Order and your response will be reviewed by the Commission as soon as feasible after the due date of your response.

Sincerely,

Gary Puckett, Executive Director

Chief Administrator

RE: Official Notification that the Show Cause Order issued to Advanced College, 13180 Paramount Boulevard, Southgate, CA 90280 on September 16, 2021 has been changed to DROP FROM ACCREDITED STATUS while on Show Cause Order by the Commission of the Council on Occupational Education, effective December 8, 2021

Dear Mr. Singh:

The Commission of the Council on Occupational Education met on December 7-8, 2021 to take action on accreditation matters. One action of the Commission was to DROP Advanced College, 13180 Paramount Boulevard, Southgate, CA 90280 from Accredited Status while on Show Cause Order. The effective date of this decision is December 8, 2021.

You will find below a citation of the condition(s), standard(s), or policy(cies) violated, the statement of violation(s) and evidence of violation(s).

Citation of Violation

The *Handbook of Accreditation: 2021 Edition*, Section V. Obligations of Affiliation, A. 4. Requested Report or Documentation, page 23, states:

Any report or documentation requested by the Commission must arrive in the Council office by the due date... Failure to submit any report or documentation requested by the due date shall be grounds for an institution to lose its candidate or accredited status.

The *Handbook of Accreditation: 2021 Edition*, Section IV. The Accreditation Process, D. 2. Required Submission of Audited Financial Information from Non-Public Institutions, page 17, states:

Non-public institutions are required to submit audited financial information to the Council, which must include specific information detailed in Section VII. Definitions - Audited Financial Statement of this Handbook. The due date for submission of this information occurs annually no later than six months following the end date of the institution's fiscal year.

Statement of Violation

Advanced College did not submit a copy of its audited financial statements, including notes, prepared by an independent certified public accountant, and completed COE financial forms for its fiscal year ending December 31, 2020 by the June 30, 2021 due date.

Evidence of Violation

During its meeting held on September 16, 2021, the Commission of the Council on Occupational Education reviewed Advanced College for compliance with the Commission's financial stability requirements as stated in Standard 7, Financial Resources. The Commission was unable to determine whether the institution is in compliance with Standard 7 because the institution did not submit a copy of its audited financial statements, including notes, prepared by an independent certified public accountant, and completed COE financial forms for its most recent fiscal year ending December 31, 2020. In a letter dated October 6, 2021, the Commission informed the institution that the official action taken by the Commission during the September 16, 2021 meeting was to place Advanced College on Show Cause Order for failure to submit the required financial information.

During its meeting held on December 7-8, 2021, the Commission reviewed Advanced College's progress toward meeting the requirements set forth in Standard 7, Financial Resources. Again, the Commission was unable to determine whether the institution is in compliance with Standard 7 because the institution did not submit a copy of its audited financial statements, including notes, prepared by an independent certified public accountant, and completed COE financial forms for its most recent fiscal year ending December 31, 2020. Therefore, the official action taken by the Commission was to DROP Advanced College from Accredited Status while on Show Cause Order effective December 8, 2021.

The *Handbook of Accreditation: 2021 Edition*, Section IV. E. 1. Possible Commission Decisions, page 19, states:

*Once the stated time period for compliance expires, the institution **will** be subject to adverse action to be effective by the deadline specified in the Commission's letter.*

This notice of Drop from Accredited Status is issued in accordance with the following condition of accreditation as stated in the *Handbook of Accreditation: 2021 Edition*, Section IV. E. 1. Possible Commission Decisions, page 20:

When an institution continues to be in violation of Standards, Criteria, and/or Conditions after being placed on Warning, Probation, or issued a Show Cause Order, or where circumstances are deemed sufficiently compelling, the Commission has the responsibility to drop the institution from candidate or accredited status, or to deny initial accreditation or reaffirmation of accreditation, no later than the original deadline for compliance, if any, as stated in the Commission's letter. The Commission shall notify the chief administrative officer of the institution as to the nature of the action and the procedure to be followed if an appeal is filed. The decision of the Commission is final, subject to the appeal procedure, and will be made known to the public.

No institutional response is required; however, an institution may choose to follow the appeals procedure described in Section IV.E.3.

If you desire to appeal this decision, you must inform the Commission in writing to my attention for receipt in the Commission office within 20 calendar days from the date of this letter (**January 6, 2022**). Your letter must contain the information, fee, and deposit as required in Section IV. E. 3. Appealable Actions of the *Handbook of Accreditation: 2021 Edition*, page 21.

An appeal board may affirm, amend, remand, or reverse the adverse actions of the original decision-making body, as specified in the attached policy.

Additional conditions regarding written comment are stated in the *Handbook of Accreditation: 2021 Edition*, Section IV.E.1. Possible Commission Decisions, page 20:

An institution that does not choose to appeal may comment in writing regarding the Commission's action provided the response complies with Commission procedures and is received by the Commission within 20 calendar days of the notice of the Commission's action. APPEAL PROCESS

The *Handbook of Accreditation* describes the appealable actions of the Commission, the grounds for appeals, and the basic requirements to initiate an appeal. The Commission is charged with the responsibility of defining procedures to ensure that the appeal process is fair and equitable for all parties. The procedures below are designed to achieve this requirement.

A. Request for Reconsideration

The institution may, only on one occasion, seek reconsideration by the Commission of significant information that was unavailable to the institution prior to an adverse action. Information may bear materially on the financial deficiencies identified by the Commission or other serious issues that resulted in the adverse action being taken. This review shall take place prior to the appeal board consideration of the adverse action. The Commission's determination relative to significance or materiality of the new information is not separately appealable by the institution.

B. Appeal Document

The institution must submit an appeal document (in PDF format), to include a table of contents and consecutively numbered pages, to the Executive Director, electronically, at least 10 days in advance of the commencement of the appeal board proceedings. The appeal document shall set out, in detail, all of the facts and arguments that the institution believes support a reversal or modification of the Commission's action and include all documentation to support its appeal.

Upon receipt of the institution's appeal document, the Executive Director will provide the institution with a copy of the Commission's documents (in PDF format) for the appeal board electronically.

C. Appeal Panel

The appeal panel shall be composed of 45 members (15 to be elected each year). Members of the appeal panel shall be nominated by the Council Committee on Nominations and elected by the Council membership from among the chief administrators (administrators) and occupational supervisors or instructors (academics) of institutions accredited by the Commission and representatives of the general public. The panel members shall be selected on the basis of their academic and administrative expertise and experience in occupational education and their familiarity with the Commission's Standards, Conditions, Policies, and procedures. Elected panel members may serve out their full three-year terms, even if they retire or change positions. An appeal panel member may be removed by the Commission for cause.

After receiving a formal, complete, and properly filed notice of intent to appeal, the Commission Executive Committee shall name a five-member appeal board plus one alternate member from among the members of the appeal panel. Board selections shall fulfill academic and administrative classifications, and at least one of the five-member appeal board selected will represent the general public. The alternate member selected will also be a public member in the event that the initial public member selected is unable to continue during the appeal. This will ensure that a public member will have the opportunity to affect the decision outcome of the appeal.

One member of the appeal board shall be named chair, and one member shall be named vice-chair. The institution will be provided with the names of members elected to the appeal board. Within 15 days,

the institution may veto, with cause, any member elected to this first appeal board. Replacements for members vetoed by the institution shall be named from the appeal panel by the Commission Executive Committee and are not subject to veto by the institution.

The alternate board member shall attend all appeal board proceedings, and shall replace any regular board member who cannot fulfill his/her responsibilities. The vice-chair will preside in the absence of the chair.

Commission members and Commission staff shall not be elected as members of the appeal panel. Should a member of the appeal panel be elected to serve as a Commission member, he/she will be automatically removed from the appeal panel. Appeal panel members from the same state as the aggrieved institution shall not serve on the appeal board. Each selected appeal panel board member shall certify that he/she has no vested interest or conflict of interest in the aggrieved institution and that they will treat all institutional documents and information in accordance with the Council's Conflict of Information and Confidentiality Policy.

D. Expense of Appeal

The notice of intent to appeal must be accompanied by a cashier's check in the amount of \$35,000 to cover the cost of the appeal. The \$35,000 consists of a non-refundable \$5,000 notice-of-intent-to-appeal fee and a \$30,000 deposit to cover the costs of the appeal board proceedings. Any funds left over from the deposit are refunded to the institution. Should there be an outstanding balance after the deposit is applied, the institution must pay the outstanding balance. The institution shall be provided a statement of expenses incurred.

The institution will bear all direct costs in connection with the appeal including, but not limited to, the following expenses:

1. Travel and subsistence of appeal board members participating in the appeal review and proceedings
2. Cost of proceedings room
3. All direct costs of the appeal, such as stenographic costs, mailing or distribution of appeal documents, and communication services
4. Travel and subsistence of three official Commission representatives
5. Court reporter costs
6. Cost of Commission Legal Counsel should the appeal board affirm the action of the Commission

E. Appeal Board Proceedings

The Executive Director will set the date, time, and place of the proceedings of the appeal board at least 30 days in advance and so notify the institution and members of the appeal board in writing. The institution shall provide the Executive Director with the names, addresses, and positions of all individuals whom the institution wants to be heard by the appeal board at least 10 days before the date for the proceedings.

The Commission chair shall designate the persons who are to appear on behalf of the Commission. The Commission chair shall submit to the appeal board and the institution a list of names, addresses, and positions of persons whom the chair has asked to appear before the appeal board at least 10 days before the date of the proceedings.

The appeal board proceedings shall be conducted as follows:

1. The chair shall preside and act to maintain decorum. He/she shall ensure that the participants have a reasonable opportunity to be heard and to present all relevant oral and written documentation. The chair may limit presentation of documentation to avoid repetition. He/she shall have the right to vote and the authority to rule on questions which pertain to the conduct of the hearing.
2. The Commission considers an appeal to be an adversarial proceeding. The institution does not have the right to cross-examine individuals, such as the staff, members of the evaluation team, or Commission members. Only the appeal board members have the right to question individuals present at any hearing. Appeals are administrative, not judicial hearings; and, therefore, the legal rules of evidence are not applicable. Hearings on appeals are closed to the public. The institution shall not present any new documentation concerning the progress of the institution or the remedying of deficiencies since the date of the Commission's action that is being appealed. The institution has the right to be represented by legal counsel at the appeal.
3. Legal counsel will be present to advise the appeal board.
4. A court reporter will produce a transcript of the proceedings.
5. The board shall consider all of the oral and written documentation in relation to the specific grounds of appeal.

All members of the appeal board shall attend all of the proceedings. Proceedings shall be scheduled to effectuate their attendance. The designated chair shall preside at all proceedings and will rule on all procedural matters. Decisions of an appeal board will be based upon a majority vote of the board's members.

F. Limitations

The appeal board shall act within the following limitations:

1. The appeal board shall not include current members of the Commission that took the initial adverse action against the institution.
2. The appeal board affirms, amends, remands, or reverses the adverse actions of the original decision-making body.

G. Responsibility

The appeal board has the responsibility to prepare a written report for the chief administrator of the institution and for the Commission. The report will give the decision of the board and the reasons for the decision. The report must be sent to the Executive Director within 30 days following the last day of the board proceedings. The Executive Director will send one copy to the institution and place the report on the agenda of the next Commission meeting. The Commission will receive the report of the appeal board, will implement the appeal board's decision, and will act in a manner consistent with the appeal board's decision regarding the institution's or program's accreditation status.

WITHDRAWAL POLICY/REFUND POLICY

Refund Policy (State)

The institution shall also provide a pro rate refund of non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars (\$100), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charge for instruction, plus the registration fee less the amount received for tuition. It is the policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY.

Federal Return of Title IV Funds Policy:

In addition to having institutional charges adjusted based on the institution's Tuition Refund Policy, for a student who receives a federal refund is based upon the amount of time the student attended and has no relationship to the institutional charges that the student has incurred. Up through the 60% point of payment period, a pro-rate schedule is used to determine the amount of Title IV funds the student has earned at the time of his or her withdrawal. After the 60% mark, the student has earned 100% of the Title IV funds for the payment period.

The method used to determine the percentage of the period completed is determined according to the following formula:

$$\text{Percentage Completed} = \frac{\text{Number of Days Completed in the Period}}{\text{Total Number of Days in the Period}}$$

Scheduled breaks of at least 5 consecutive days are excluded from the total number of calendar days in the period (denominator) and the number of calendar days completed in the period (numerator). The calendar days on an approved leave of absences are also excluded from both the numerator and denominator in the calculation formula. Percentages are rounded to the third decimal place. All refunds due will be paid by the institution within 45 days of the withdrawal date. A student may terminate enrollment by written notification such as CERTIFIED MAIL, or by filling out and delivering to the school the Notice of Cancellation form provided to all our students. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) the institution terminates your enrollment; c) you fail to attend classes for a two-week period (14 – consecutive days).

If a credit balance is due to the student and the student withdraws from the institution, Advanced College will first complete the R2T4 calculation, if you are on the Title IV aid. Advanced College will then complete the institutional; state, and accrediting agency refund calculations to determine what is owed by the institution. Credit balances will be used first to pay the balance owed to Advanced College as determined by the appropriate refund policy.

If a student defaults on a federal or student loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and,
2. The student may not be eligible for any other government financial assistance at another institution until the loan is repaid.

Advanced College reserves the right to dismiss any student whose attendance, conduct, or academic standing does not meet the College's standards. Students who have been suspended or dismissed may be reinstated only upon the approval of the Director of the College. All dismissals and suspensions are determined on an individual basis.

STUDENT TUITION RECOVERY FUND (STRF)

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA., 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is reviewed by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

WITHDRAWAL POLICY/REFUND POLICY

Refund Policy (State)

The institution shall also provide a pro rate refund of non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars (\$100), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charge for instruction, plus the registration fee less the amount received for tuition. It is the policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY.

Federal Return of Title IV Funds Policy:

In addition to having institutional charges adjusted based on the institution's Tuition Refund Policy, for a student who receives a federal refund is based upon the amount of time the student attended and has no relationship to the institutional charges that the student has incurred. Up through the 60% point of payment period, a pro-rate schedule is used to determine the amount of Title IV funds the student has earned at the time of his or her withdrawal. After the 60% mark, the student has earned 100% of the Title IV funds for the payment period.

The method used to determine the percentage of the period completed is determined according to the following formula:

$$\text{Percentage Completed} = \frac{\text{Number of Days Completed in the Period}}{\text{Total Number of Days in the Period}}$$

Scheduled breaks of at least 5 consecutive days are excluded from the total number of calendar days in the period (denominator) and the number of calendar days completed in the period (numerator). The calendar days on an approved leave of absences are also excluded from both the numerator and denominator in the calculation formula. Percentages are rounded to the third decimal place. All refunds due will be paid by the institution within 45 days of the withdrawal date. A student may terminate enrollment by written notification such as CERTIFIED MAIL, or by filling out and delivering to the school the Notice of Cancellation form provided to all our students. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) the institution terminates your enrollment; c) you fail to attend classes for a two-week period (14 – consecutive days).

If a credit balance is due to the student and the student withdraws from the institution, Advanced College will first complete the R2T4 calculation, if you are on the Title IV aid. Advanced College will then complete the institutional; state, and accrediting agency refund calculations to determine what is owed by the institution. Credit balances will be used first to pay the balance owed to Advanced College as determined by the appropriate refund policy.

If a student defaults on a federal or student loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and,
2. The student may not be eligible for any other government financial assistance at another institution until the loan is repaid.

Advanced College reserves the right to dismiss any student whose attendance, conduct, or academic standing does not meet the College's standards. Students who have been suspended or dismissed may be reinstated only upon the approval of the Director of the College. All dismissals and suspensions are determined on an individual basis.

STUDENT TUITION RECOVERY FUND (STRF)

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA., 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is reviewed by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

WITHDRAWAL POLICY/REFUND POLICY

Refund Policy (State)

The institution shall also provide a pro rate refund of non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars (\$100), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charge for instruction, plus the registration fee less the amount received for tuition. It is the policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY.

Federal Return of Title IV Funds Policy:

In addition to having institutional charges adjusted based on the institution's Tuition Refund Policy, for a student who receives a federal refund is based upon the amount of time the student attended and has no relationship to the institutional charges that the student has incurred. Up through the 60% point of payment period, a pro-rate schedule is used to determine the amount of Title IV funds the student has earned at the time of his or her withdrawal. After the 60% mark, the student has earned 100% of the Title IV funds for the payment period.

The method used to determine the percentage of the period completed is determined according to the following formula:

$$\text{Percentage Completed} = \frac{\text{Number of Days Completed in the Period}}{\text{Total Number of Days in the Period}}$$

Scheduled breaks of at least 5 consecutive days are excluded from the total number of calendar days in the period (denominator) and the number of calendar days completed in the period (numerator). The calendar days on an approved leave of absences are also excluded from both the numerator and denominator in the calculation formula. Percentages are rounded to the third decimal place. All refunds due will be paid by the institution within 45 days of the withdrawal date. A student may terminate enrollment by written notification such as CERTIFIED MAIL, or by filling out and delivering to the school the Notice of Cancellation form provided to all our students. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) the institution terminates your enrollment; c) you fail to attend classes for a two-week period (14 – consecutive days).

If a credit balance is due to the student and the student withdraws from the institution, Advanced College will first complete the R2T4 calculation, if you are on the Title IV aid. Advanced College will then complete the institutional; state, and accrediting agency refund calculations to determine what is owed by the institution. Credit balances will be used first to pay the balance owed to Advanced College as determined by the appropriate refund policy.

If a student defaults on a federal or student loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and,
2. The student may not be eligible for any other government financial assistance at another institution until the loan is repaid.

Advanced College reserves the right to dismiss any student whose attendance, conduct, or academic standing does not meet the College's standards. Students who have been suspended or dismissed may be reinstated only upon the approval of the Director of the College. All dismissals and suspensions are determined on an individual basis.

STUDENT TUITION RECOVERY FUND (STRF)

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA., 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is reviewed by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

WITHDRAWAL POLICY/REFUND POLICY

Refund Policy (State)

The institution shall also provide a pro rate refund of non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars (\$100), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charge for instruction, plus the registration fee less the amount received for tuition. It is the policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY.

Federal Return of Title IV Funds Policy:

In addition to having institutional charges adjusted based on the institution's Tuition Refund Policy, for a student who receives a federal refund is based upon the amount of time the student attended and has no relationship to the institutional charges that the student has incurred. Up through the 60% point of payment period, a pro-rate schedule is used to determine the amount of Title IV funds the student has earned at the time of his or her withdrawal. After the 60% mark, the student has earned 100% of the Title IV funds for the payment period.

The method used to determine the percentage of the period completed is determined according to the following formula:

$$\text{Percentage Completed} = \frac{\text{Number of Days Completed in the Period}}{\text{Total Number of Days in the Period}}$$

Scheduled breaks of at least 5 consecutive days are excluded from the total number of calendar days in the period (denominator) and the number of calendar days completed in the period (numerator). The calendar days on an approved leave of absences are also excluded from both the numerator and denominator in the calculation formula. Percentages are rounded to the third decimal place. All refunds due will be paid by the institution within 45 days of the withdrawal date. A student may terminate enrollment by written notification such as **CERTIFIED MAIL**, or by filling out and delivering to the school the Notice of Cancellation form provided to all our students. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) the institution terminates your enrollment; c) you fail to attend classes for a two-week period (14 – consecutive days).

If a credit balance is due to the student and the student withdraws from the institution, Advanced College will first complete the R2T4 calculation, if you are on the Title IV aid. Advanced College will then complete the institutional; state, and accrediting agency refund calculations to determine what is owed by the institution. Credit balances will be used first to pay the balance owed to Advanced College as determined by the appropriate refund policy.

If a student defaults on a federal or student loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and,
2. The student may not be eligible for any other government financial assistance at another institution until the loan is repaid.

Advanced College reserves the right to dismiss any student whose attendance, conduct, or academic standing does not meet the College's standards. Students who have been suspended or dismissed may be reinstated only upon the approval of the Director of the College. All dismissals and suspensions are determined on an individual basis.

STUDENT TUITION RECOVERY FUND (STRF)

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA., 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is reviewed by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

Cancellation shall occur when you give written notice of cancellation at the selected address of the institution shown below on this Agreement. You can do this by mail, hand delivery, or telegram. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage prepaid to the campus in which the student enrolled:

WITHDRAWAL POLICY/REFUND POLICY

Refund Policy (State)

The institution shall also provide a pro rate refund of non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars (\$100), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charge for instruction, plus the registration fee less the amount received for tuition. It is the policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY.

Federal return of Title IV Funds Policy:

In addition to having institutional charges adjusted based on the institution's Tuition Refund Policy, for a student who receives a federal refund is based upon the amount of time the student attended and has no relationship to the institutional charges that the student has incurred. Up through the 60% point of the payment period, a pro-rate schedule is used to determine the amount of Title IV funds the student has earned at the time of his or her withdrawal. After the 60% mark, the student has earned 100% of the Title IV funds for the payment period.

The method used to determine the percentage of the period completed is determined according to the following formula:

$$\text{Percentage Completed} = \frac{\text{Number of Days Completed in the Period}}{\text{Total Number of Days in the Period}}$$

Scheduled breaks of at least 5 consecutive days are excluded from the total number of calendar days in the period (denominator) and the number of calendar of calendar days completed in the period (numerator). The calendar days on an approved leave of absences are also excluded from both the numerator and denominator in the calculation formula. Percentages are rounded to the third decimal place. All refunds due will be paid by the institution within 45 days of the withdrawal date. A student may terminate enrollment by written notification such as CERTIFIED MAIL, or by filling out and delivering to the school the Notice of Cancellation form provided to all our students. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) The institution terminates your enrollment; c) You fail to attend classes for a two-week period (14- consecutive days).

If a credit balance is due to the student and the student withdraws from the institution, Advanced College will first complete the R2T4 calculation, if you are on the Title IV aid. Advanced College will then complete the institutional, state, and accrediting agency refund calculations to determine what is owed to the institution. Credit balances will be used first to pay the balance owed to Advanced College as determined by the appropriate refund policy.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS/UNITS/CERTIFICATES EARNED AT ADVANCED COLLEGE

Units earned in our programs in most cases will probably not be transferable. For example, if you entered our school as a freshman, you will still be a freshman if you enter another college or university at some time in the future even though you earned units here at our school. In addition, if you earn a degree, diploma, or certificate in our program, in most cases it will probably not serve as a basis for obtaining a higher-level degree at college or university.

"The transferability of credits you earn at Advanced College is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the (degree or certificate) you earn in Advanced College is also at the complete discretion of the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Advanced College to determine if your (credits, degree, or certificate) will transfer."

WITHDRAWAL POLICY/REFUND POLICY

Refund Policy (State)

The institution shall also provide a pro rate refund of non-federal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed one hundred dollars (\$100), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charge for instruction, plus the registration fee less the amount received for tuition. It is the policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY.

Federal Return of Title IV Funds Policy:

In addition to having institutional charges adjusted based on the institution's Tuition Refund Policy, for a student who receives a federal refund is based upon the amount of time the student attended and has no relationship to the institutional charges that the student has incurred. Up through the 60% point of payment period, a pro-rate schedule is used to determine the amount of Title IV funds the student has earned at the time of his or her withdrawal. After the 60% mark, the student has earned 100% of the Title IV funds for the payment period.

The method used to determine the percentage of the period completed is determined according to the following formula:

$$\text{Percentage Completed} = \frac{\text{Number of Days Completed in the Period}}{\text{Total Number of Days in the Period}}$$

Scheduled breaks of at least 5 consecutive days are excluded from the total number of calendar days in the period (denominator) and the number of calendar days completed in the period (numerator). The calendar days on an approved leave of absences are also excluded from both the numerator and denominator in the calculation formula. Percentages are rounded to the third decimal place. All refunds due will be paid by the institution within 45 days of the withdrawal date. A student may terminate enrollment by written notification such as CERTIFIED MAIL, or by filling out and delivering to the school the Notice of Cancellation form provided to all our students. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) the institution terminates your enrollment; c) you fail to attend classes for a two-week period (14 – consecutive days).

If a credit balance is due to the student and the student withdraws from the institution, Advanced College will first complete the R2T4 calculation, if you are on the Title IV aid. Advanced College will then complete the institutional, state, and accrediting agency refund calculations to determine what is owed by the institution. Credit balances will be used first to pay the balance owed to Advanced College as determined by the appropriate refund policy.

If a student defaults on a federal or student loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including garnishing an income tax refund; and,
2. The student may not be eligible for any other government financial assistance at another institution until the loan is repaid.

Advanced College reserves the right to dismiss any student whose attendance, conduct, or academic standing does not meet the College's standards. Students who have been suspended or dismissed may be reinstated only upon the approval of the Director of the College. All dismissals and suspensions are determined on an individual basis.

STUDENT TUITION RECOVERY FUND (STRF)

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA., 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is reviewed by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

Subject: Question regarding document revision date

Good morning.

In reviewing some of the Enrollment Agreements I saw different revision dates on some of them. It is unclear to me based on my review of multiple documents if the date is the revision date of the form itself or the date you revised the contract for that particular student. Can someone please offer clarification? Thank you.

Due to the ongoing public health crisis, email is the best means of reaching me at this time. Thank you.

Josh,

Good afternoon. I am reaching out regarding the above student. I spoke with her today and she stated that she has been waiting since October to complete her last term of classes. She mentioned that she had an issue using e-books and was told she would be provided with standard print textbooks for her program. Please provide a statement on what the school is doing to assist this student in completing her coursework as she is only one quarter shy of completing and has not received any communication from the school regarding this.

Additionally, please provide a copy of her student file including Enrollment Agreement, payment ledger, and a transcript.

Please provide a response no later than close of business **March 16, 2022**.

Due to the ongoing public health crisis, email is the best means of reaching me at this time. Thank you.

Hello,
Here you gi! Have a great weeken

April 29, 2022

To Whom It May Concern:

I, Phyllis Rodriguez, was formerly employed at Advanced College and worked at the campus in Salida at 5258 Pirrone Ct., Salida CA 95638 as well as offering support for the institution's campuses in Stockton, CA, and Southgate, CA. I was employed in their Student Services department from October 2020 through June 2021, when my employment was terminated.

During my employment, I was asked to falsify information related to placement and graduation rates for annual reports provided to the school's accreditor. Additionally, I am aware that the school fabricated test scores for admissions tests for the Vocational Nursing program. During my employment, I was present for a conversation between a former student and Dr. Mahmood, the former Chief Academic Officer. The student was requesting the school's signature on a form for CDPH to attest to the education and practical training of the student. I witnessed Dr. Mahmood forge an instructor's signature on the form for the former Phlebotomy student.

In addition to these fraudulent actions, I witnessed that the school failed to provide textbooks, supplies, and necessary equipment for the students and instructors to be able to participate in the educational program.

During my employment, the school failed to provide paychecks timely to its employees including some instructors. I witnessed various employees have to deal with bounced checks and non-sufficient funds issues when attempting to collect their payroll.

I have provided this information without any coercion. This information is true and correct to the best of my knowledge.

Signed under penalty of perjury on this twenty ninth day of April 2022,

Good afternoon.

Please provide the following by close of business Friday, **February 11, 2022**:

Complete student file (should include EA, admissions documents, payment ledger, refund calculation if applicable, and transcript) for the following students:

Stockton

K____ K____

G____, V____ (2)
L____ Q____

A____, J____

Salida

The School Catalog that was published as of 12/7/2020

The School Catalog that was published as of 2/19/2021

Transcripts for the following students:

S____ C____
J____ M____
A____ T____
E____ A____
A____ R____
L____ P____
L____ C____
R____ G____

Answers to the following questions:

- On the active students list for Stockton, you list A____ C____ as starting on 8/23/21 and V____ G____ on 11/29/21 but having the same completion date as the students who began on 2/22/21. Please explain.
- You provided a list of active students that contained numerous students who were no longer active. Can you please provide a explanation of how this came to be?

- You have several students listed on the active students list as dropped that are not included on the drop/withdrawal log that you provided to the Bureau. The log is required to be kept current on a monthly basis throughout the year. Can you please explain the discrepancy.
- In reviewing the payment ledgers of students, some students have not paid the school anything and the entire balance was written off while others paid various amounts to the college for time that they attended. How are these determinations being made? There does not appear to be any consistency. If you are willing to let one student leave without paying anything, shouldn't all students be entitled to that no matter their funding source? Please explain.

Due to the ongoing public health crisis, email is the best means of reaching me at this time. Thank you.
