DRIVER'S LICENSING REQUIREMENTS

Residents of California are required to have a class "A" driver's license to drive a tractor trailer. School graduates must pass a California Department of Motor Vehicles driving examination at a location specified by the department. This examination is based on the federal Commercial Driver's License examination which is accepted by most states. The examination is a state requirement and is not part of the course of study. The courses/programs offered by the school will assist the student in preparing for this examination. At no additional cost to its graduates, the school will set an appointment as soon as possible after graduation and provide a tractor trailer and licensed employee for the purpose of testing. In the event a person fails, the school will set an appointment for re-testing. Appointments for initial testing take priority.

STUDENT TUITION RECOVERY FUND(STRF)

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of

the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

(b) In addition to the statement required under subdivision (a) of this section, a qualifying institution shall include the following statement in its school catalog:

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589. To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

CANCELLATION & REFUND POLICY

STUDENT'S RIGHT TO CANCEL

1. Students have the right to cancel their agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. At the end of the cancellation period, students may withdraw from the school and receive a pro rata refund if they have completed 60 percent or less of the scheduled hours in the current payment period in their program through the last day of attendance. The refund will be less the Registration Fee not to exceed \$250.00 if the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.
2. Cancellation may occur when the student provides a written notice of cancellation at the following address: 13946 Jurupa Avenue, Fontana, CA 92337. This can be done by mail or by hand delivery.
3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. If the Enrollment Agreement is cancelled, the school will refund the student any money he/she paid, less the Registration Fee not to exceed \$250.00 and less any deduction for equipment not returned in good condition within 45 days after the notice of cancellation is received.

WITHDRAWAL FROM THE PROGRAM

Students may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if they have completed 60 percent or less of the scheduled hours in the period of attendance in their program through the last day of attendance. The refund will be less the Registration Fee not to exceed \$250.00. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student may be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the hourly charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of hours scheduled to attend, prior to withdrawal. For programs beyond the current period of attendance if you withdraw prior to the next payment period, all charges collected for the next period will be refunded.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

Chapter 33 (The Post 9/11 GI Bill) Disclosures

The veteran is responsible for any overpayment incurred as a result of not completing courses. In the event a veteran does not complete a course, schools should follow their established student refund policy. VA will work with student to resolve overpayment.

Schools are required to report, without delay, the enrollment, interruption, and termination of attendance for each person enrolled in an educational assistance program administered by VA.

U.S. Department of Veterans Affairs | 810 Vermont Avenue, NW Washington DC 20420

In addition to reporting any changes in enrollment status, schools will be held responsible for refunding payments as appropriate. The following list explains when a school will be responsible for refunding VA:

- The student never attended classes for which he/she was certified (regardless of the reason for non-attendance).
- The student completely withdraws on or before the first day of the term. (If a student reduces, the debt shall be assessed to the student.)
- The school received a payment for the wrong student.
- The school received a duplicate payment.
- The school submitted an amended enrollment certification and reported reduced tuition and fee charges, reduced Yellow Ribbon amount, or both.
- The student died during the term, or before the start of the term.
- VA issued payment above the amount certified on the enrollment certification that was used to process the payment (VA data entry error).
- All other overpayments will remain the responsibility of the student.

POLICIES & PROCEDURES

Policy of Nondiscrimination

In the administration of its policies and programs, Advance School of Driving does not discriminate against students or applicants for admission, or employees or applicants for employment, on the basis of sex, race, color, creed, age, or national or ethnic origin. An otherwise qualified individual shall not be excluded from admission, employment or participation in educational programs and activities solely by reason of his or her handicap. So too, the facilities provide wheelchair access for handicap students and faculty.

Nondiscrimination is consistent with the principles and practices of Advance School of Driving and is in compliance with regulations of the Internal Revenue Service, Title IX of the Educational Amendments of 1972 and regulations adopted pursuant thereto, by Title VI and Title VII of the Civil Rights Act of 1964, and Section 504 of the Rehabilitation Act of 1973, as amended.

Class Size

The average class size for our training program is approximately three to twelve students. The student to instructor ratio for road instruction is 4 students to 1 instructor.

Attendance

Students are expected to attend all scheduled classes. To complete a successful module of training, the ration of absences or tardies must not exceed 20% of the module time. Attendance evaluation will occur on the first day of class each week. Students not meeting this requirement will be placed on attendance probation. In addition, a student who is absent three (3) consecutive days will be subject to dismissal or attendance probation.

Students are encouraged to schedule personal appointments after school hours and to notify the school in advance when an absence is going to occur.

Tardiness

Tardiness is a disruption of the learning process. Three incidents of tardiness, or of leaving school early without a legitimate excuse, within 30 days, will be considered as one absence. Tardiness exceeding three days will result in the student being placed on attendance probation.

Leave of Absence

Written requests for leave of absence will be considered and may be granted at the discretion of the school administration. The standard leave of absence may not exceed 30 days during a program. If more than 30 days are needed as a result of illness, the leave of absence may be extended up to 100 days if requested in writing by the student's physician. Only one leave of absence is allowed. Students may re-enter at a less advanced level.

Statement of Satisfactory Academic Progress

Students are evaluated on a regular basis, on theory and practical driving skills. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Students must maintain a "C" average to maintain satisfactory academic status. The system detailed below is the grading system utilized in this school. Students must have good coordination, show an aptitude for trucking, and possess the ability to learn the various phases of truck driving.

Students must maintain a grade average of at least 70%. The grading scale is shown below:

90%-100%	A	Excellent
80%-89%	B	Above Average
70%-79%	C	Satisfactory
60%-69%	D	Unsatisfactory
50%-below	F	Failing

The school uses a Student's progress report to record students' progress. Instructors give tests weekly. 70% is the minimum-passing grade certifying completion.

General Statement

The Higher Education Act mandates that institutions of higher education establish minimum standards of "**SATISFACTORY ACADEMIC PROGRESS**" for students receiving financial aid. The school applies these standards to all students regardless of whether or not they are financial aid recipients.

Satisfactory academic progress is defined as meeting acceptable standards as defined by pre-determined objectives of the institution. These objectives are directly correlated with the performance standards set by the school.

The Elements of Satisfactory Academic Progress Are:

- 1) Students are graded as they complete units of the curriculum. Grades are determined as a compilation of examination scores (written and practical) and such other criteria and observations as the school deems appropriate in the training of technical personnel.
- 2) To maintain Satisfactory Academic Progress a student’s cumulative grade point average must not fall below 70%.
- 3) To maintain Satisfactory Academic Progress, a student attending on a full time basis has maximum time frames in which to each their graduation certificate. These maximum time frames are as follows:

Course: Professional Truck Driving - 80 Hours	
Day Term Average Length	2 Weeks
Day Term Maximum Length	3 Weeks
Night Term Average Length	3 Weeks
Night Term Maximum Length	5 Weeks

Course: Complete Professional Truck Driving - 160 Hours	
Average Length	4 Weeks
Maximum Length	6 Weeks

These time frames are based upon full time attendance in the day or night classes and the students start date and will be adjusted on a pro-rata basis, in the event that the student changes from one curriculum or schedule to another.

All students will be evaluated upon completion of each module of the stated course to determine if, on a percentage basis the student has made sufficient progress towards the course objectives, the obtaining of a certificate and the completion on the entire curriculum within the maximum time frame expressed in the prior paragraph.

- 4) To maintain Satisfactory Academic Progress, a student may have absences (net of make-up time) of up to 20% of the total course length. Lost attendance time while a student is on an approved leave of absence will not be counted as absent time. Students will be given an opportunity, at the discretion of the Chief Academic Advisor and subject to the availability of space, to repeat, remediate or make up lost work. This work shall be given full standing credit with respect to the evaluation of the student’s maintaining of satisfactory progress. A student not maintaining Satisfactory Academic Progress will be placed on probation. If, at the end of the probationary period, the student shall be deemed ineligible for financial aid awards and may be subject to expulsion at the discretion of the Chief Academic Advisor.

A student placed on academic probation or deemed not to be making satisfactory academic progress may review the determination and may appeal the determination through the Chief Academic Advisor whose judgement in this matter shall be final, conclusive and binding.

Academic Review Procedures

1. Challenging the record for purposes of changing any of its contents must be requested in writing, stating fully the reason for challenge.
2. The Director, in consultation with the instructor will review all requests; and determination made to either retain the records intact or change them.

To complete the course, a student must have a minimum overall grade point average of 70% or better and maintain an 80% attendance ratio, fulfill all other requirements stated in this catalog and be in good financial standing with the school. A certificate of completion is awarded once these requirements are fulfilled.

90%-100%	(A)	4.0	Excellent
80%-89%	(B)	3.0	Above Average
70%-79%	(C)	2.0	Satisfactory

Student Conduct

Students attending Advance School of Driving are expected to act with courtesy and consideration toward instructors, staff, and other students. An important factor in the training process is the development of a professional attitude. Students are expected to observe proper etiquette and basic standards of social conduct. Improper conduct is sufficient cause for dismissal.

Student Dress Code

Students are preparing for a professional career while they are studying. Our dress code is based upon trucking industry standards. As a general rule it allows for casual attire with a clean, neat appearance. It is best while training or driving to wear comfortable clothing that you don't mind getting a little dirty. Although casual clothing is the industry standard this should not be an excuse to neglect proper hygiene. Appearance can be vitally important in successfully obtaining employment. Employers frequently visit the school and in doing so may evaluate the appearance of prospective employees.

Student Records

Students have access to their permanent records and transcripts, located in the Director of Training's office, Monday through Friday from 9:00 a.m. to 5:00 p.m. The review will be allowed under appropriate supervision. Requests must be made in writing to the Director of Training.

Transcripts and Records
