CANCELLATION AND REFUND POLICIES AND RIGHTS

Cancellation of Agreement

Student has the right to cancel the enrollment agreement for a course of instruction including any equipment such as books, materials and supplies or any other goods related to the instruction of Edison Truck and Bus Driving School, Inc. and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is greater.

Cancellation shall occur when you give written notice of cancellation to Edison Truck and Bus Driving School, Inc. 2024 North Durfee Avenue. South El Monte, CA. 91733. You can do this by mail, hand delivery or telegram. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage prepaid and date of postage cancellation.

The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by our contract agreement. You will be given two notices of cancellation forms to use at the first day of class, but you can use any written notice that you wish.

If the School has given you any equipment, including books or other materials, you shall return it to the School within 45 days following the date of your notice of cancellation. If you fail to return this equipment, including books or other materials, in good condition within the 45-day period, the School may deduct its documented cost for the equipment from any refund that may be due to you. Once you pay for the equipment, it is yours to keep without further obligation.

If you cancel your agreement, the school will refund any amount that you paid, less any deduction for equipment not timely returned in good condition, within 45 days after your notice of cancellation is received. Any student who's tuition is paid for by a third party, such as JTPA or State Compensation Insurance Fund, refunds will be made to the third-party agency that paid for tuition and costs of the student. Third party payments will not be made to the student.

POLICIES OF WITHDRAWAL FROM THE COURSE: AND REFUND POLICIES

You have the right to withdraw from the course of instruction at any time and received a full refund without any penalty or obligation before the first lesson and material received. If you withdraw from the course of instruction after the period allowed for cancellation of the agreement, which is of the seventh day following the first class you attended, the school will calculate any refund owed, less a \$75.00 registration fee, within 45 days of your withdrawal from the course of instruction. You are obligated to pay only for educational services rendered and for unreturned equipment. You must return equipment within 45 days to get any credit for equipment or books provided to you. If you fail to return the books and/or equipment within 45 days, you may keep the books/equipment without further obligation. If the amount you have paid is more than the amount that you owe for the time you attended, then a refund will be made within 45 days of withdrawal. If the amount you owe is more than the amount that you have already paid, then you will be liable for that amount. You will receive a Notice of Refunds within 45 days showing how the refund was calculated.

If a third party paid for the student's instruction, the Notice of Refunds will indicate when that party was sent the refund. Any student who's tuition is paid for by a third party, such as JTPA or State Compensation Insurance Fund, will not be entitled to any refund.

An example of how a refund is calculated is as follows:

- a. Deduct a registration fee not to exceed \$75 from the total tuition charge
- b. Divide this figure by the number of hours in the program
- c. The quotient is the hourly charge for the program.
- d. The amount owed by the student for purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction.
- e. The refund would be any amount in excess of the figure derived in subparagraph (d) that was paid by the student.
- f. The refund amount shall be adjusted for equipment or books if returned within 45 days.

If the student fails to attend class for three consecutive weeks or 21 consecutive scheduled class days, the student will be dropped from the course program. The date it has been determined that the student has been dropped from the course will be the date used to determine the 45-day deadline to notify the student of any refund due or amount owed. The last date of attendance will be the date used to determine the actual amount to be refunded or owed.

The Student Tuition Recovery Fund (STRF) was established by the Legislature to protect any California resident who attends a private Postsecondary institution from losing money if your prepaid tuition and suffered a financial loss as a result of the school closing, failing to live up to its enrollment agreement, or refusing to pay a court judgment.

If a judgment is obtained you must file a STRF application within two years of the final judgment.

It is important that you keep copies of the enrollment agreement, financial aid papers, receipts or any other information that documents the Money paid to the school.
