

CINEMAMAKEUP
S C H O O L

Dear Prospective Student,

We are delighted to hear about your interest in Cinema Makeup School! In this package you will find information about our school and the courses we offer, along with information regarding housing options and student loans.

At Cinema Makeup School our principal goal is to provide the best education possible and prepare you for employment in the field of Makeup Artistry. Our instructors are Professional Makeup Artists, and have years of experience training individuals in the area of Makeup and many of their students have gone on to achieve a high degree of success.

Our programs are geared towards the “hands-on” approach to learning the true art of makeup artistry. We pride ourselves in offering the student, a very unique learning environment and are especially open-minded towards your creative growth. We feel your success is our success.

Enclosed you will find an application, instructions and everything you will need to begin the enrollment process. If you would like further details please visit our web site at www.cinemamakeup.com or feel free to call us and we can discuss what programs would best suit you. Also, if you would like to take a tour of our school, please call to make an appointment.

Thank you for your interest in Cinema Makeup School!

Sincerely,

The Cinema Makeup School Staff

HOLIDAY BREAK: December 18th – January 1st, 2018

FACULTY - SELECT INSTRUCTOR & STAFF BIOS

Ve Neill, Director of Education

Director of Education at Cinema Makeup School, Ve is among the world's best-known living makeup artists. With 3 Academy Awards (7 nominations), two Emmys, one BAFTA, and a client list ranging from Jennifer Lawrence to Jack Nicholson, there are few artists who can match Ve's body of work. She grew into international admiration and acclaim for her versatile work ranging from Tim Burton collaborations, to hit franchises *Pirates of the Caribbean* and *The Hunger Games*, to the studied realism of *Hoffa*. Ve is also familiar to television audiences as a judge on Syfy's *Face Off* and *Game Face* makeup effects competitions.

Leonard Engelman, Director of Education Emeritus

Leonard is both Director of Education Emeritus and chair of the Leonard Engelman Fellowship Program. He is currently serving on the Board of Governors of the Makeup Artist and Hairstylists Branch of the Academy of Motion Picture Arts and Sciences. Leonard has worked professionally as a makeup artist for over fifty years. His feature credits include such classics as Alfred Hitchcock's *Topaz*, Ivan Reitman's *Ghostbusters*, *Rambo* starring Sylvester Stallone, *Sleepless in Seattle* with Tom Hanks and Meg Ryan, and *Moonstruck* and *Burlesque*, both featuring Cher.

Lee Joyner, Director of Admissions

Lee taught at CMS for years before accepting his current position as Director of Admissions. In addition to his work at the school, Lee is a working makeup artist and sculptor with a long list of feature credits including *Kiss Kiss Bang Bang*, *Godzilla*, *Stargate SG-1*, *Mimic*, *Star Trek: Voyager*, and *Star Trek: Beyond* as well as work with musical artists Usher, Slipknot, and Alice Cooper

(SELECT INSTRUCTOR & STAFF BIOS contd.)

Michael Spatola, Chief Academic Officer, Character Makeup/Prosthetic Makeup/Special Effects

Mike is a top special effects makeup artist who has been nominated for two Emmys. His work in the makeup and art departments has been featured in such films as *Iron Man 3*, *Terminator 2: Judgment Day*, *Stargate*, *Return of the Living Dead Part II*, *Gettysburg*, and the film adaptation of *21 Jump Street*.

Nelly Recchia, Beauty Makeup/Airbrush Makeup

Nelly is a world-renowned airbrush and bodypaint artist who has worked with artists including Lady Gaga, Katy Perry, Marilyn Manson, and Dita von Teese. Her work has earned her a cover story in *Makeup Artist Magazine* among countless other accolades and honors.

Rod Maxwell, Character Makeup/Prosthetic Makeup

Rod is best known for his work on *The Wishing Well*, an experimental one-man production where Rod, as the only actor, turns himself into every character in the film. A master at disguise and leader in digital makeup developments in the industry, Rod is also known for his creations on Season 3 of Syfy's *Face Off*.

Shannon Shea, Prosthetic Makeup/Special Effects

Over a storied 20+ year career as an artist and shop supervisor in top effects labs like Stan Winston Studios, Rick Baker's Cinovation Studios and K.N.B. EFX Group, Shannon has worked on some of the biggest blockbusters of all time, from cult classics like *Evil Dead II* and *From Dusk Till Dawn* to blockbusters like *Terminator 2: Judgment Day* and *Jurassic Park*.

Gayla Basehart, Beauty Makeup

Gayla is an in-demand beauty makeup artist working for major networks and celebrity clients that range from A-list actors to famous athletes and TV presenters. As her most recent work is featured on HBO Boxing and UFC on Fox, Gayla brings not only skill, but knowledge of the makeup artist union to the classroom.

Kris Kobzina, Prosthetic Makeup/Special Effects

Kris Kobzina has an extensive background as a special effects artist and lab technician. He's worked on such high-profile projects as *Spider-Man*, *Daredevil*, and *X-Men: The Last Stand*. He was also a finalist on season 4 of Syfy network's hit reality series *Face Off*.

Andrew Velazquez, Beauty Makeup

With experience in every facet beauty makeup from bridal to avant garde, Andrew's work has been featured across mediums from print, to red carpet, to television and music video. A licensed cosmetologist, Andrew also owns and operates his own salon, as well as maintains an active social media presence. Recently you may have watched him on Lifetime's makeup competition show *American Beauty Star*.

[NOTE: All CMS instructors are working makeup professionals, many of whom maintain busy work schedules on major film, television and fashion projects in addition to teaching. As a result, availabilities for specific instructors are not always constant, and class/instructor pairings are subject to change without notice. CMS maintains an extensive set of industry contacts and only hires top artists with at least five years of professional industry experience as instructors.]

MISSION STATEMENT

CINEMAMAKEUP SCHOOL is dedicated to educating the next generation of makeup artists for the film, television, fashion and entertainment industries. We aim to provide students with all of the skills needed to succeed as makeup artists and to give them a solid foundation for any job they seek. In addition to makeup techniques, CMS students are taught professionalism, ethics, business and history. Graduates of our school have a world of opportunity before them and we strive to help our students reach their maximum potential.

Who We Are

Cinema Makeup School was founded in 1993 by the Cinema Art College Corporation and has grown to become one of the world's premiere schools for special FX and beauty makeup. Located in the heart of Los Angeles, CA—the entertainment capital of the world—CMS students have unparalleled access to the culture, history, hustle and bustle of the film and television industry.

Cinema Makeup School's top-notch, award-winning instructors utilize the latest and most advanced makeup techniques. More importantly, they have a passion for teaching those skills to the next generation of artists—CMS students—in a hands-on studio environment. Our classes give students maximum time working "in the chair," allowing them to practice and experiment as they learn.

Faculty

Cinema Makeup School's instructors are all working professionals with at least five years of experience in their disciplines. The school's instructors and administrators have worked on everything from Hollywood blockbusters like *Avatar*, *300*, and *Godzilla*, to editorial spreads in the pages of the world's top fashion magazines. Many have won multiple top awards.

With such a diverse and accomplished faculty, students who complete their courses of study at Cinema Makeup School will enter the makeup industry having already worked closely with many top names in the field.

What We Do

With a Cinema Makeup School education, students gain valuable inside knowledge and the confidence to be successful professional makeup artists, starting with their first jobs. We cover everything from the basics to the cutting edge and beyond. Innovation, creativity and experimentation are all encouraged. At CMS, we believe that every student brings unique ideas and experiences to the art of makeup and we do our best to help them express those ideas.

In CMS's studio-grade classrooms, our students have access to all of the latest tools and techniques, including silicone gel-filled appliance technology and ZBrush Digital Creature Design software. Our instructors teach students every technique in a practical, hands-on environment with plenty of individual attention.

At Cinema Makeup School, we strive to educate the makeup artists of tomorrow—the next generation of creative elites who will change the face of the industry. We pride ourselves on providing the most advanced training and the guidance to make sure our students succeed.

COURSE DESCRIPTIONS / DIPLOMA PROGRAMS

CMS offers four diploma programs. Each is designed to provide core training geared toward a particular career field within the makeup industry. All programs are regularly updated to assure that they reflect the latest advances and trends in the the makeup industry. A diploma is awarded for successful completion of all program requirements. If students would like training in an additional field or technique, they may choose to combine one of CMS's programs with additional classes either on an individual basis or via a comprehensive track.

Master Makeup Program

The Master Makeup Program is our most extensive and most popular program. Graduates of this 18-Week course will be prepared for nearly any career in the makeup industry. They will learn the skills necessary to excel in the film, television, beauty and special effects fields. This course is constantly updated to reflect the latest advances and techniques in the makeup industry. Students build their portfolios with new work almost daily. Successful, working artists teach Master Makeup students the full spectrum of makeup disciplines. Master Makeup Program incorporates the latest in makeup techniques including airbrush training, hairstyling, gelatin, silicone gel-filled and foam latex appliances, sculpting, blood tubing and bladder effects, multi-piece creature effects, teeth and much more.

CLASSES INCLUDED

- Beauty Makeup
- Airbrush Makeup
- Photographic Hairstyling
- Character Makeup
- Prosthetics
- Special Makeup Effects

High Fashion Photographic Makeup Program

The High Fashion Photographic Makeup Program covers all of the skills needed to work in the fashion industry as a makeup artist and stylist. It covers techniques used in magazines, fashion shows, video shoots and private client services. Combining basic principles and theories of makeup artistry with those of lighting and color coordination, students will learn to apply corrective, beauty and glamour makeup. Students will also learn how to create and maintain basic hair-styles and how to work with an airbrush for beauty makeup and bodypainting.

CLASSES INCLUDED

Beauty Makeup
Airbrush Makeup
Photographic Hairstyling

Film and Television Makeup Program

The Film and Television Program provides students with the skills needed to work on set in the film and television industry. Covering everything from basic beauty and lighting coordination to the creation of realistic prosthetic appliances utilizing pros-aide appliances, gelatin, foam latex and silicone gel filled materials, this course teaches students how to imagine and create realistic effects using makeup and prosthetics for film and television productions. They will learn how to adapt ideas created by writers and studios and bring their visions to life on set and on screen.

CLASSES INCLUDED

- Beauty Makeup
- Airbrush Makeup
- Photographic Hairstyling
- Character Makeup
- Prosthetics Makeup

COURSE DESCRIPTIONS / CORE CLASSES

In addition to diploma programs, CMS offers students the opportunity to enroll in individual classes to build expertise in specific areas. Students can enroll in one class, multiple classes or add a class or classes on to one of the diploma programs.

Beauty Makeup

This is a 4-week class comprised of basic beauty, film & television glamour and period beauty. This class provides the background in beauty essential to makeup artists of all disciplines. Students will also learn skills that can be used in commercial, retail or personal capacities.

TOPICS INCLUDE

Basic Beauty

- Introduction to the cosmetics industry*
- Color theory*
- Sanitation and sterilization*
- Skincare*
- Classic beauty makeup*
- Corrective makeup*
- Highlights and shading*

Film & Television Glamour

- Glamour makeup for print, film and television*
- Set etiquette*
- Bridal makeup*
- Introduction to the industry unions*
- Stage makeup*

Period Beauty

- History of makeup*
- Fashion history*
- Makeup by the decades*
- International historical makeup*

Fashion Makeup

- Makeup for advertising*
- Makeup for runway*
- Avant garde makeup*
- Quick change makeup during fashion show*
- Trendy and bizarre fashion makeup*

CLASS DURATION

COURSE DESCRIPTIONS / CORE CLASSES

Special Makeup Effects

This 4-week class teaches the creation and application of multi-piece prosthetics, blood tubing, lifecasting, teeth and airbrush techniques. All students will have the opportunity to design and build a full face and neck appliance complete with a set of teeth. Students will create multi-piece molds and learn about advanced special effects lab techniques, materials and processes. This class is a must for those who want to have a career in creature and special fx makeup.

TOPICS INCLUDE

Correction and Sculpting

- Introduction to sculpting tools and techniques
- Correction of existing lifecast
- Use of oil-based clay

Designing an Appliance

- Working from reference materials
- Appliance layering
- Breaking down designs into molds
- Creating snap molds

Dental Appliances

Finishing Techniques

- Trimming, seaming and patching
- Pre-treating appliances
- Airbrush painting techniques
- Prepping models for application
- Removal techniques

Bloodwork, Bladders and Bidding

- Blood tubing and spray demonstration and lecture
- Bladder fx for air and liquid demonstration and lecture
- Bidding on a special makeup fx project lecture

COURSE DESCRIPTIONS / WORKSHOPS & SEMINARS

To help spread appreciation for makeup arts, CMS offers a wide range of workshops and seminars designed for students who are looking for alternative ways to study makeup. From young amateurs trying makeup for the first time or seasoned pros looking to study with Hollywood masters, CMS workshops offer valuable learning experiences for everyone!

Hollywood Master Workshops

These special weekend workshops bring you face-to-face with some of the top award-winning artists in Hollywood for intensive makeup training. Each workshop is customized to showcase and pass on the exact techniques and approaches which made its instructor famous. Combined, our current master instructors have 10 Oscar® nominations, 6 wins, 6 BAFTA awards, 7 Emmy® wins and billions of dollars in box office grosses.

Master Workshop space is limited and seats are filled on a first come, first served basis by date of initial deposit. Deposits can be submitted online at cinemamakeup.com

Guest Lectures & Demonstrations

As one of the world's foremost makeup training institutions, Cinema Makeup School is often able to attract some of the biggest names in the makeup and effects industries for special guest lectures, classes and demonstrations. Thanks to the school's prestige and convenient location in Los Angeles, CMS has hosted everyone from cult film makeup icons and performers to Emmy- and Oscar-winning makeup artists at the top of the profession.

COURSE DESCRIPTIONS / SPECIAL EVENTS

Conventions & Trade Shows

To keep the school relevant and in touch with both the makeup industry and the larger entertainment industry, Cinema Makeup School regularly funds student, graduate, and instructor demonstrations at major conventions and trade shows around the world. These range from makeup shows such as the International Makeup Artist Trade Shows (IMATS) in Los Angeles and London, to genre conventions like Monsterpalooza in Burbank, to major international events like Comic-Con in San Diego. These appearances give select students and graduates the chance to have their work publicly shown in front of a large and discerning audience.

Student Competitions

Many students also choose to enter their work in makeup competitions, such as IMATS "Battle of the Brushes." CMS has a proud track record of excellence in these competitions. Our artists regularly place in and often win contests in both beauty makeup and special effects.

COURSE DESCRIPTIONS / HONORS PROGRAMS

PAGE
040

For the extraordinarily driven and talented, CMS offers a variety of selective, merit-based honors programs which allow students to take their studies beyond the scope of normal coursework.

The Leonard Engelman Fellowship

Named after Leonard Engelman, CMS Director Emeritus and current Vice President of the Academy of Motion Picture Arts and Sciences, The Leonard Engelman Fellowship offers a select group of high-achieving students the opportunity to study directly with Leonard Engelman himself in an intimate, workshop setting. Students who attend Fellowship workshops benefit from Leonard's vast industry knowledge and unparalleled makeup experience.

The Protégé Lab Internship Program

For select students who excel in both prosthetics and special effects, Cinema Makeup School offers a one-of-a-kind opportunity: the chance to work inside a working special effects lab. Past lab partnerships include Amalgamated Dynamics, Spectral Motion, Millenium FX, and KNB EFX Group. and have contributed to projects like feature film *Harbinger Down* and hit television show *The Walking Dead*.

"Hosting interns in a working makeup effects studio can be risky. Newbies can slow down the process. They can actually create more work because they need their hands held every step of the way. That's why I was so pleased by the performance of the interns who came to us through Cinema Makeup School. Not only were they enthusiastic, serious and hard-working...they had skills."

— Alec Gillis
Oscar-winning SFX artist
Co-founder, A.D.I. (SFX lab)

LIFE AT CMS

CMS CAMPUS

The CMS campus is located in the epicenter of the entertainment world: Los Angeles, California. The office and all classrooms are located at 3780 Wilshire Boulevard in the historic art deco Wilshire Theater Building. We are directly across the street from the Wilshire/Western Metro subway station and are located in close proximity to many bus routes.

Our facility has over 10,000 sq. ft. of space including classrooms, administrative offices, a reception area, computer lab, library and student and faculty lounge areas. Our ultra-modern, fully air-conditioned classrooms and laboratories are spacious, custom lit and mirrored environments specially designed to enable students to work at maximum efficiency. The computer lab and library provide individual workstations available for student use, while the lounge area provides a space for students to relax and socialize during class breaks.

CMS also has its own makeup store located in the Wilshire building, which sells materials to students and graduates. The store is a great resource for students and alumni, allowing them to purchase materials without ever having to leave the CMS facility.

The Wilshire building has on-site security that monitors all persons entering and leaving the facility. All of our facilities are wheelchair accessible. Ample student parking (including handicapped-accessible) is available across from the main building.

The facility and all school equipment fully comply with, and in most cases exceed, federal, state and local ordinances and regulations, including requirements for fire safety, building safety, handicapped access and health.

LIVING IN LOS ANGELES

Home to just under 4 million people, and with nearly 13 million in the surrounding metro area, Los Angeles is the second largest city in US. It is home to people from all over the world, with nearly every culture and language represented. LA is best known as the home of Hollywood and the heart of the motion picture industry. Billed as "The Creative Capital of the World", Los Angeles is home to the greatest concentration of artists, actors, dancers, filmmakers, etc. in the world. 1 in 6 LA residents work in some sort of creative industry and the performing arts play a huge role in the identity of the city.

The diversity of Los Angeles makes it a must-see city for anyone interested in culture and history. There is a wealth of incredible places to eat, shop and explore throughout the city and each neighborhood has its own unique identity and characteristics. Between museums, theatres, shopping centers, restaurants and outdoor activities, there is no shortage of entertainment in LA.

Los Angeles is known for having one of the sunniest climates in the US, with only 35 days of precipitation on average each year. The annual temperature averages 66°F (19°C). The coldest month is January, where temperatures average as low as 45°F (7°C) at night, while the hottest month is August, with daytime temperatures averaging up to 90°F (32°C) during the day.

Los Angeles is known as a driving city, criss-crossed by an extensive network of freeways and major highways. It is possible to live in LA without a car, though, as it is home to a large system of bus lines and subway trains, many of which run 24 hours a day. The city is also home to Los Angeles International Airport, the third busiest airport in the US, and the Port of Los Angeles, which is the busiest commercial port in the US and the largest cruise ship center on the West Coast.

HOUSING

Moving to a new city can be a difficult process, and in a city as large as Los Angeles it can be even more challenging. Most students come to CMS for only a few months, a much shorter time than the one-year leases offered by most apartment buildings. CMS is not able to offer students housing through the school, but we do what we can to assist in this transition as much as possible.

Most students at CMS will stay in one of the following housing units while attending CMS:

1 Short-term apartments: These are units where the student has his/her own bedroom, bathroom and kitchen facilities in a building with multiple units of similar size/type. Many students who stay in apartments will have roommates who share the kitchen, living room and/or bathroom area.

2 Dormitory-style housing: These are units where the student has a bedroom (private or shared) and shares all other facilities with other residents in the building. They will have to share a bathroom, kitchen, living room and other common areas.

3 Sublets: These are units that someone already lives in, but they are offering to rent out their space for a short period of time while they are away. Sublets are generally offered for apartments, but may also be found for houses, condominiums or other residence types. Many sublets come furnished and the lease terms are generally more flexible than those at an apartment building.

4 Long Term/Corporate hotels: Many hotels will offer a discount to visitors wishing to stay for a long period of time. The prices for these units may be more than a regular apartment, but they come furnished and often include other amenities such as housekeeping service.

CMS maintains a list of suggested websites, residences and other resources designed to assist in housing selection on the "Housing" section of our website. We also have a housing coordinator who will be happy to answer any questions you may have. Please contact CMS via email or phone if you need further assistance.

NEIGHBORHOODS

CMS is located in the Mid-Wilshire neighborhood of Los Angeles. When looking for housing, students may wish to concentrate on this area. CMS is also located directly above the Wilshire/Western purple line Metro station. Students unable to find housing within walking distance of CMS may wish to consider residences along the Metro line. There are also a number of bus stops within one block of the CMS facility that can take students to different areas of the city. For more information on public transportation, students should consult the Los Angeles Metropolitan Transit Authority (LA Metro) website.

Disclaimer: The information found on the "Housing" section of the CMS website is provided for information only. None of the residences or businesses is associated with CMS in any way. CMS will not be held responsible for false or misleading advertisements, business closure or disagreements between the lessee and the leasing company. CMS is not responsible for evaluating the safety or quality of any listings on our website. Students should read through any agreements or leases thoroughly before signing and, whenever possible, view the residence in person before paying any money to a rental company or individual owner/subletter.

CMS AND HOLLYWOOD

Located in line-of-sight of the world-famous Hollywood sign and just blocks from major motion picture studios, Cinema Makeup School is nestled close to the heart of the American film industry. The school's location and unparalleled industry connections allow students and graduates to regularly interact and work with top Hollywood artists.

PROFESSIONAL TESTIMONIALS

"With Cinema Makeup School, so many of the teachers I've worked with: Mike Spatola, of course Leonard Engelman... Some schools will hire students that graduated, but they only know that curriculum. You need to have people that have a wealth of information...that come in and teach classes, and I think that's essential. It seems like your students are listening to what these veterans are saying and I think that's the most important thing."

Howard Berger Oscar-winning SFX artist; Founder, KNB Effects Group

"Amazing graduates."

Kazuhiro Tsuji Oscar-winning SFX artist *Looper, The Curious Case of Benjamin Button, Tropic Thunder*

"With the advancement in technology in the field of makeup, there is nothing more important than a good education. It is my honor to follow in Dick Smith's footsteps as your sponsor for the Cinema Makeup School Scholarship."

Ve Neill Three-time Oscar-winning makeup artist; *The Hunger Games: Catching Fire, Ed Wood, Edward Scissorhands, Beetlejuice*

"The school was overflowing with students, graduates, demonstrators and guests, and you could feel the excitement of new makeup artists wanting to learn."

Michael Westmore Oscar-winning and nine-time Emmy-winning makeup artist; *Star Trek: The Next Generation, Deep Space Nine, Voyager, Enterprise, Mask*

"CMS is like my second home!"

Joel Harlow Oscar-winning and two-time Emmy-winning makeup artist; *Transcendence, The Lone Ranger, Pirates of the Caribbean: Dead Man's Chest, Star Trek*

STUDENT ACTIVITIES AND SERVICES

CMS offers a wide variety of student activities and services that enhance students' learning experiences and help prepare them for employment. Students enrolled in the diploma and certificate programs are provided with the following services:

Academic Counseling

Students are advised on both personal and academic issues and are encouraged to discuss their scholastic and vocational goals. The faculty, Directors, Chief Operating Officer, and Registrar have a sincere interest in the personal welfare of each student, and an open-door policy is the norm.

CMS academic counseling services are designed to aid each student while selecting classes and ensure that each student is provided proper guidance while finishing his or her diploma or certificate course. Before each term, students will select the appropriate classes that will aid in completion of their chosen diploma courses or non-diploma classes. The students will have their selection reviewed by the Registrar to ensure that they are making adequate progress towards completion.

Placement Services

CMS does not guarantee employment for its

graduates. The graduate services staff assists students and graduates in their job searches by offering information on job opportunities and temporary assignments, as well as guidance in resume preparation and interviewing techniques. The CMS staff maintains a comprehensive job board that is made available to students and graduates. CMS makes all reasonable efforts to help satisfy the wishes of a graduate as to location and type of employment; however, the more flexible a graduate can be regarding initial employment, the easier it is for the school to assist in the placement process.

In addition to the graduate services available to students, career-planning concepts are also integrated into the curriculum in all programs. Students participate in specific sessions that cover interviewing techniques, networking, resume writing, and professional dress and conduct.

Housing Services

CMS would like to make the transition to Los Angeles as easy as possible. We do not have housing at CMS, but we do maintain a database of nearby residences that will allow students to stay for only a short amount of time. Please contact CMS or visit our website for housing resources and assistance.

CMS has no responsibility to find or assist a student in finding housing. Students and their parents are responsible for housing arrangements.

International Students

CMS has the authority to issue I-20 forms if the candidate (student) is eligible. This institution does not provide orientations, airport reception services, housing assistance or other services often afforded entering freshman at other institutions. Furthermore, CMS maintains a strict focus on the delivery of educational services. Should a student encounter personal problems which interfere with his or her ability to complete coursework, this institution will provide assistance in identifying appropriate professional assistance in the student's local community but does not offer personal counseling assistance.

General Conduct

Students are expected to comply with all school policies regarding curriculum, testing, absences, tardiness and missed work while displaying courtesy and consideration towards instructors, staff and other students. CMS defines improper conduct as the following: fighting on campus; destruction, abuse or theft of property; the use or sale of alcohol or illegal drugs on campus; sexual

misconduct; and disregard for school policy. Improper conduct is cause for suspension or expulsion.

The school reserves the right to postpone training in the event of Acts of God, labor disputes, equipment failure, etc. Students will be duly notified and compensated, if appropriate. All course schedules are subject to change in terms of start and completion date. Students will be notified and offered the opportunity to consent as provided by law. In cases where such change would cause undue hardship, a refund will be offered. The maximum postponement of a class start date is 90 days. The school reserves the right to withdraw a scheduled course if the registration is insufficient to warrant holding the class. In such a case, all monies paid will be refunded.

Liability

CMS assumes no responsibility for loss or damage to personal property, or for personal injury, which may occur while on the campus grounds or on a field trip. Any medical costs incurred as a result of injury on CMS campus or during CMS courses will be the full responsibility of the student. CMS encourages all students to have the proper insurance before arriving at the school.

Retention of Records

CMS will maintain student records for five years, as required by state law. Students have a right to access their records anytime that the institution is open and during normal business hours.

Students desiring to view their records may

request to see their records in the school office during normal business hours or may schedule a time to review records that is convenient to both the student and the school administration. If an appointment is made, the appointment shall be made no later than 48 hours after the student has requested to view their records. Extensions of this time shall be granted only upon decision of the student. Only the student and the school administration have a right to review student records.

No outside personnel will be allowed to view records except for appropriate state regulatory, federal regulatory or accrediting agency officials or upon proper subpoena.

Transcripts

Student transcripts will be retained in the school's records. A copy of the academic transcript is available upon request by the student. This service is subject to the Family Educational Rights and Privacy Act of 1974, as amended.

The institute reserves the right to withhold an official transcript, if the student's financial obligation to the institute is in arrears, or if the student is in arrears on any Federal or State student loan obligation. The institute also reserves the right to limit within its discretion the number of official transcripts provided without a processing fee. The usual processing fee is \$10.00 for the second copy.

Diplomas and official transcripts of records are available within fifteen (15) days from the receipt of a written request by the institute.

Student Grievance Procedure

From time to time, differences in interpretation of school policies will arise among students, faculty, and/or the administration. Persons seeking to resolve problems or complaints should first contact the instructor in charge. Requests for further action may be made to the School Director. When such differences arise, usually a miscommunication or misunderstanding is a major contributing factor. For this reason, we urge both students & staff to communicate any problems that arise directly to the individual(s) involved. If the problem cannot be resolved in this manner, the School Director should be contacted. Normally, the informal procedure of "discussing" differences will resolve the problem. In addition to complaints previously stated and appeals of an academic nature, a student has a right to complain to the institution. If a student wishes to file a written complaint, they may do so. All written complaints will be resolved within 10 days and will be sent to the student in writing. If a complaint cannot be resolved after exhausting the institution's grievance procedure, the student may file a complaint with the Bureau of Private Postsecondary Education. The student may contact the Bureau for further details. Unresolved complaints may be directed to:

Bureau for Private Postsecondary Education

Photography

Cinema Makeup School maintains a professionally-lit photography studio and equipment on its premises for the purpose of photographing student work. The photos are shot in the studio or occasionally outdoors on our architecturally striking roof top with the world-famous Hollywood sign as a backdrop.

Student photos are available as digital files during a student's attendance and may be downloaded or copied for promotional and personal use.

POLICIES

ADMINISTRATIVE POLICIES

Methodology

Our courses are designed to provide students with the skills, knowledge and confidence to succeed as professional makeup artists. All CMS courses stress a hands-on approach to learning. Emphasis is placed on observation of demonstrations and application of techniques in practical workshop sessions. Students are trained in specialized skills applicable to fields such as television, motion picture, theater, fashion photography, special effects, lab techniques and fabrication of prosthetics.

CMS does not use models for class lessons; students practice their designs on each other. This gives CMS students the unique experience of understanding how models and actors feel in the makeup chair. Having knowledge of both sides of the makeup process makes CMS students better able to respond to client complaints and concerns, know what particular materials feel like on their skin and understand the concerns of actors and models regarding whether makeup applications will hinder performance in any way.

CMS offers students the chance to document their progress in class through the use of our on-site photographic studio. At the end of each day, students have the opportunity to bring their classmates/models to the photo area to document their designs. They also have access to the CMS costume closet where they can find clothing and accessories to enhance their creations. Digital copies of student photos are archived on a computer system at the school for easy access.

Equipment

In addition to makeup, our coursework utilizes various types of specialized equipment. In Character Makeup, for example, students learn bald cap and facial hair techniques which require steamers, crimpers, hackles, tuffy heads and red heads. Students taking lab classes will learn to use blenders, ovens, hammers, waxers, heat lamps, vacuum chambers, drills, heat guns and glue guns. Our Photographic Hairstyling class uses curling irons, flat irons, hairdryers, and mannequin heads. Students in Airbrush Makeup learn to use airbrushes and compressors.

Career Opportunities

The career of a makeup artist is challenging and competitive, but also exciting and rewarding. Seasoned make-up artists are magicians with a brush and palette, who can turn the ordinary into the exotic and transform beauties into monsters. They are limited only by their imaginations and are encouraged to try new, daring creations on a regular basis.

Courses at CMS provide students with the knowledge and confidence needed to succeed as a professional makeup artists. Our curriculum is constantly updated to emphasize skills and techniques that are in-demand in today's marketplace. We keep up with the latest advances in makeup technology and techniques and are always on the cutting edge of industry trends. Our goal is to prepare students for immediate employment upon graduation.

Professional makeup artistry is an extremely diverse field. It encompasses work ranging from fashion, editorial and advertising to film, television and music videos and everything in between. Our students can train in beauty makeup, film and television work, photographic makeup, special effects and the design and application of prosthetics. Professional makeup artists are expected to be skilled illusionists that can turn a fantasy into a reality for public viewing. They play an integral role in creating characters for film, television and theater and are an important asset on any production.

With skills learned at CMS and an abundance of imagination, many of our graduates have become well-recognized artists in film, television, theatre and fashion. With hard work, passion and the right training, there is no limit to what you can achieve as a makeup artist. The creative possibilities are unlimited!

Career Services

CMS does not guarantee job placement for graduates, but we try to help our students with the job-hunting process as much as possible. CMS maintains an industry job board, which is constantly updated with a wide range of opportunities in beauty, fashion and special effects makeup. In addition to posting these jobs on campus, CMS staff also sends out a daily "jobs e-mail" detailing the latest opportunities available to our students and graduates.

CMS's expertise in training makeup artists is well-known in the makeup world and broader entertainment industry. We are approached daily by designers, production teams and filmmakers looking to hire CMS graduates. In addition to these offers, our staff compiles listings from various industry job boards and online services so that students and graduates can view them all in one place.

CMS also offers occasional opportunities for our graduates to showcase their talents at international competitions, special seminars and media appearances as representatives of the school. These events can provide international exposure to our alumni and serve as an excellent networking experience for future job opportunities.

Non-Discrimination Policy

Cinema Makeup School is non-sectarian and does not discriminate with regard to race, creed, color, national origin, age, sex, disability, orientation or marital status in any of its academic program activities, employment practices, or admissions policies. This policy applies to hiring of all positions and admission of all students into all programs. Students with special needs such as physical or mental handicaps or learning disabilities are considered for admission provided they meet the entrance requirements. The Director is responsible for accepting students and determining whether applicants, including those with special needs, can benefit from the training.

Wheel Chair Accessible

Each campus is wheel chair accessible. Students with special needs are advised to meet with the Director to assess their personal needs as well as to determine if the training courses offered and the occupations they lead to are suitable for the prospective student's individual situation.

Office Hours

Administrative office hours are 8:30 am to 5:30 pm, Monday through Friday. The office is closed on weekends and holidays. Day classes are scheduled from 9:00 am to 4:00 pm. Evening classes are scheduled from 6:00 pm to 10:00 pm. CMS observes most major holidays and closes for a winter break between Christmas and New Year's Day. A complete listing of school holidays and breaks is included on our yearly schedule of class start dates.

Learning Resources

CMS has established a library and resource center consisting of textbooks and periodicals providing information in the various makeup disciplines offered by the institution. Students are welcome to check out these materials at any point during their time at CMS. The library is open during regular office hours and materials can be checked out for one-week periods. The resource center also has computer and work stations available for student use. This is a great place for students to view their photos and conduct research

on makeup techniques and popular products. The computers are also equipped with printing capabilities, allowing students to reproduce images to use in class. Computer work stations are available on a first-come, first-served basis during regular office hours, Monday through Friday.

Language Policy

At CMS, instruction in the classrooms is given in English. As a visual arts institution, we do not require our students to be proficient in the English language. Minimal English language proficiency is sufficient for enrollment. English as a Second Language - ESL services are not provided by our Institution.

ADMISSIONS POLICIES

Procedures for Admissions

Potential applicants are encouraged to visit CMS in order to meet with one of our admissions representatives. The representative will give the applicant a tour of the campus, provide detailed information about the institution's programs and policies, discuss the applicant's qualifications, and assist them in determining the best way to meet their career objectives. The applicant will also meet with a Financial Services

representative to discuss tuition and possible financing. If an applicant cannot visit CMS in person, they can take a virtual tour of the campus via Skype or contact the school by phone to have all of their questions answered.

All applicants to CMS must fill out an enrollment application and submit a \$100 non-refundable registration fee. Once an applicant has been accepted, they will be contacted by CMS to arrange a start date, tuition payment and the purchase of materials, if desired.

CMS is a postsecondary education institute. Admission to CMS requires a high school diploma or General Education Development Test (GED). Additional transcripts may be requested in some cases.

Entrance Requirements

CMS diploma programs do not require previous experience, however some specific classes may have prerequisites. Students interested in taking individual classes should check with CMS regarding the requirements prior to filling out an enrollment application. A background in cosmetology, art, theater and related fields is helpful but not essential. We recommend that U.S. students complete the enrollment process at least

two (2) weeks prior to commencement of the desired course's start date. International student enrollment policies vary slightly from those of US students and are covered in the "International Students" section of this catalog.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION.

The transferability of credits you earn at CMS is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the diploma or certificate you earn at CMS is also at the complete discretion of the institution to which you may seek to transfer. If the credits that you earn at CMS are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at CMS will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending CMS to determine if your credits will transfer.

CMS does not accept the transfer of credits earned at other institutions or through achievement tests. CMS does not participate in articulation or transfer agreements with any other colleges or universities. CMS does not accept ability-to-benefit students. CMS does not award credit for prior experiential learning.

ACADEMIC POLICIES

Attendance

CMS' attendance policy is designed to ensure that students maintain satisfactory academic progress in all of the courses required in their program of study. Students are expected to attend all classes, be on time, remain in class for the entire duration, and be an active participant in demonstrations and discussions.

Attendance Records and Absences

CMS maintains attendance records. Absences should occur only for urgent reasons such as ill health or other extenuating circumstances. Whenever possible, students should notify the Registrar in advance of any anticipated absences. Prior arrangements must be made with each faculty member for missed work.

Attendance is considered an essential part of the learning experience and individual instructors may implement specific policies regarding attendance for a specific course, which may be more restrictive than the general institutional policies of CMS. The Registrar must approve the policy(s). Prior to the beginning of class, students must be notified of the policy(s) via the course syllabus.

POLICIES

Students are expected to attend class on time. Early departure of more than 15 minutes may adversely affect the student's grades. If a student misses a class or a portion thereof, the instructor is not required to repeat such material for the student. Therefore, it is highly recommended that students make every effort to attend all classes.

Any student who does not attend at least 75% of the scheduled class time will be placed on academic probation for the term. The department directors will then investigate the student's academic progress and ability to satisfactorily complete the program requirements. After such investigation, a meeting with the student will be held to establish the student's interest in continuing the program, what work is to be made up, and whether the student should remain on academic probation. If it is apparent that the student does not have any interest in continuing, he/she will be dropped from the program. Otherwise, the committee may determine (a) that the student is maintaining academic progress and may continue class on academic probation status until the end of the quarter; (b) that the student is not maintaining academic progress and the student will be withdrawn from the course; or (c) that the student is not maintaining academic progress in general, and the student will be withdrawn from CMS.

Missed Work

Make-up work may be required for any absence at the discretion of the instructor. The instructor has no obligation to provide make-up instruction or assignments to the students, including but not limited to, providing instruction on how to approach an assignment, what material was missed in class, administering an actual examination that the student missed, etc. Therefore, the student must make every effort to attend classes on a regular and consistent basis.

Leave of Absence

Students may request a leave of absence (LOA) for medical reasons, financial difficulties, military duty, personal difficulties, and jury duty. Students may also request an administrative leave when a course that is needed is not available. Students in need of an LOA must contact the department directors. LOA requests must be supported by appropriate documentation. The Registrar will approve or deny LOA requests.

A student may not request an LOA during the first four weeks of his/her course. The duration of an LOA shall not exceed one year. Only one LOA may be granted per twelve-month period. Barring unforeseen circumstances (such as sudden hospitalization or illness), the appropriate paperwork and documentation must be submitted prior to a student's approved absence from his/her course. Students cannot be granted an LOA to avoid being dismissed because of lack of satisfactory academic progress or failure to fulfill the requirements

of attendance.

Students returning from an LOA will only be allowed to join a class if there is a class available and if space is available in that class. Students are solely responsible for contacting the school at least two weeks prior to the start date of the class they wish to join to verify that space is available. If there is no space available, they must wait for the next available class. If the student is not in attendance on their scheduled return date, the student will be withdrawn.

Academic Evaluations

CMS conducts evaluations of each student's progress at the end of each class. This evaluation standard applies to all certificate and diploma programs. At each of these evaluation points the student must maintain a minimum GPA of 2.00. A student with a GPA below 2.00 will be placed on academic probation. When on probation, a student is enrolled only under specific conditions imposed by the Academic Committee of Cinema Makeup School.

Academic Probation

If the student on academic probation fails to raise the GPA to 2.0 or above for the subsequent term, the student will be suspended - The Academic Committee may grant re-admission of a suspended student upon the student's petition. The re-admitted student is placed on academic probation upon his/her re-admission. If the student fails to increase his/her GPA to 2.01 or more, he/she will be permanently dismissed and not be eligible to enroll in CMS thereafter.

Letter Grade and Grade Point System

Grading is accomplished by both practical and written methods. Grading standards are as follows:

A	= 90% - 100%	4.00	= Excellent
B	= 80% - 89%	3.00	= Good
C	= 70% - 79%	2.00	= Satisfactory
D	= 60% - 69%	1.00	= Poor
F	= 00% - 59%	0.75	= Failing
P/F	= Pass / Fail	0.00	= Credit/No Credit
I	= 00%		= Incomplete
W	= 00%		= No Grade Assigned

No student shall qualify for graduation if he or she has failed any examination or has an overall grade average below 'C'. Extra workshops or retaking exams may be required to correct deficient grades to graduate.

Maximum Timeframe

To maintain satisfactory academic progress, clock hours attempted cannot exceed 1.5 times the clock hours the program requires for graduation. Students enrolled in a certificate or diploma course may not exceed 1.5 times the clock hours the program requires

for completion. At the end of the grading period, maximum timeframe will be evaluated for a student receiving a failing grade in one or more classes. The evaluation will ensure that the total program clock hours plus class clock hours to be repeated due to failure does not exceed the maximum time frame allowed for completion.

SCHEDULE OF CHARGES

Financing Options

Students at CMS have two options for paying their tuition. The first option is to pay the entire cost up front, including all required materials and lab fees. We realize this may not be possible for many students, though, so we also offer a financing option. In general, the CMS payment plan requires students to pay the full cost of their materials and a percentage of the tuition and lab fees before the first day of class. The remaining balance will be divided into equal payments for the duration of the chosen course, with all costs having to be paid in full before the completion of the program. Students wishing to pay their tuition on a payment plan should speak with a financial advisor at CMS to work out an appropriate schedule of payments.

Loan Option

For students who cannot afford the cost of CMS tuition, we are able to offer a loan through a private lending company. In order to apply for the loan, the applicant must first fill out the CMS enrollment application, then contact CMS to request paperwork for the loan. In general, students borrow around 60% of the cost of their chosen course, but applicants may opt to borrow more or less depending on their level of need. The exact parameters of the loan are decided by the lending company and may be affected by the applicant's credit. For more information about this option, please contact CMS Administration.

Student Tuition Recovery Fund

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

- 1 You are a student in an educational program who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and;
- 2 Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if

either of the following applies:

- 1 You are not a California resident, or are not enrolled in a residency program, or;
- 2 Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in an education program who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education. You may be eligible for STRF if you are a California resident, or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

- 1 The school closed before the course of instruction was completed.
- 2 The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
- 3 The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other cost.
- 4 There was a material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
- 5 An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Students' Right to Cancel

You have the right to cancel the enrollment agreement you sign for a course of instruction—including any equipment, such as books, materials, and supplies, or any other goods and services included in the agreement—and obtain a refund of charges paid through attendance at the first day of class or the seventh business day after registration, whichever is later. Cancellation shall occur when you give written notice of cancellation at the address of the School shown on the top of the front page of the enrollment agreement. You can do this by mail, hand delivery, or telegram. The written notice of cancellation, if sent by mail, is effective when deposited in the mail, properly addressed,

with postage prepaid. The written notice of cancellation need not take any particular form, and, however expressed, is effective if it demonstrates a wish to no longer be bound by the enrollment agreement.

If the school has given you any equipment, including books or other materials, you shall return it to the school within 3 days following the date of your notice of cancellation. If you fail to return this equipment, including books, or other materials, in good condition within the 3 day period, the school may deduct its documented cost for the equipment from any refund that may be due you. Once you pay for the equipment, it is yours to keep without further obligation. If you cancel the agreement, the school will refund any money that you paid, less the \$100 application fee and any deduction for equipment not timely returned in good condition, within 3 days after your notice of cancellation is received. Due to sanitation concerns, makeup kit costs cannot be refunded unless the student cancels their enrollment prior to being issued their materials on the first day of class.

Refund Policy

The institutional refund policy for students who have completed 60 percent or less of the course of instruction shall be a pro rata refund. After the end of the cancellation period, you have a right to terminate your studies at this school at any time, and you have the right to receive a refund for the part of the course or program you have paid for and did not receive. You have the right to withdraw from the course of instruction at any time. If you withdraw from the course of instruction after the period allowed for cancellation, the school will remit a refund, less the \$100.00 registration fee and any STRF fees, within 30 days following your withdrawal. You are obligated to pay only for educational services rendered and for unreturned books or equipment. *The pro rata refund is calculated as follows:*

- A) Deduct a registration fee (\$100.00) and STRF fee (varies) from the total tuition charge.
- (B) Divide this figure by the number of days in the program.
- (C) The quotient is the daily charge for the program.
- (D) The amount owed by you for purposes of calculating a refund is derived by multiplying the total days attended by the daily charge for instruction.
- (E) The refund would be any amount in excess of the figure derived in (D) that was paid by you.
- (F) The refund amount shall be adjusted for equipment, if applicable.

If the student has received federal financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.

FINANCIAL AID

For US Students - Payment Plan Option

Students at CMS have two options for paying their tuition. The first option is to pay the entire cost up front, including all required materials and lab fees. We realize this may not be possible for many students, though, so we also offer a financing option. In general, the CMS payment plan requires students to pay the full cost of their materials and a percentage of the tuition and lab fees before the first day of class. The remaining balance will be divided into equal payments for the duration of the chosen course, with all costs having to be paid in full before the completion of the program. Students wishing to pay their tuition on a payment plan should speak with a financial advisor at CMS to work out an appropriate schedule of payments.

Loan Option

For students who cannot afford the cost of CMS tuition, we are able to offer a loan through a private lending company. In order to apply for the loan, the applicant must first fill out the CMS enrollment application, then contact CMS to request paperwork for the loan. In general, students borrow around 60% of the cost of their chosen course. Applicants may opt to borrow more or less depending on their level of need. The exact parameters of the loan are decided by the lending company and may be affected by the applicant's credit. For more information about this option, please contact CMS Administration.

CMS does not participate in federal or state financial aid programs.

Veterans' Benefits

CMS is approved by the California State Approving Agency of Veterans Education for the training of veterans and eligible persons under the provisions of Title 38 U.S. Code. This approval is for our Diploma Programs, and applies only to Master Makeup Program, High Fashion Photographic Makeup Program, Professional Makeup Artistry Program, and Film and Television Makeup Program. For more information please contact the CMS offices.

Work-Study Internship/Scholarship

Periodically, CMS will offer students the opportunity to participate in a work-study internship in order to pay their tuition. Under this program, the student pays all material, registration and lab fees, but is able to work off his/her tuition through internship hours. This program is only available to students enrolled in Sunday and evening classes. Internship hours may vary and are scheduled on an as-needed basis. This program is not available at all times; to inquire about work-study, students should contact the CMS offices.

POLICIES

INTERNATIONAL STUDENTS

Student Visa

CMS is proud to welcome students from all over the world. CMS is authorized under US Federal Law to issue I-20 forms for students with M-1 student visas. The I-20 documentation provided by CMS is only valid for student visas and does not authorize the student for external work experience. The I-20 form will only be valid for the time period in which the student is enrolled and attending classes at CMS.

M-1 Visa

An M-1 visa is an educational visa issued to students who wish to enter the United States in order to attend a vocational or technical school. The M-1 visas are issued for the duration of the student's program at CMS and are only valid for a maximum of 30 days after the student completes his or her program.

Transfers and Extensions

The flexibility of the M-1 visa in terms of transfers or extensions is very limited. Students that wish to transfer to another institution while studying on an M-1 visa may only do so if the new school also offers SEVIS-authorized M-1 programs. Students may only transfer to institutions that offer a similar course of study. Students wishing to extend or shorten the

training period of their M-1 visa should work with CMS admissions representatives. A new I-20 will have to be issued and processed if any changes to the student's program are made.

Requests for both transfers and extensions require the student to fill out a Change of Status (I-539) form and pay a processing fee. The I-539 will then have to be sent to the closest Bureau of Customs and Immigration Services (BCIS) office. Students wishing to change their status should speak to a CMS admissions representative before making any changes.

Enrollment Process

In order to apply for I-20 documentation from CMS, international students must complete an international registration form either online, over the phone, or through the mail. They must also provide a completed I-20 application, a \$100 non-refundable application fee and proof of financial support. Cinema Makeup School also requires proof of completion of secondary education (the equivalent of a high school diploma.) Upon receiving this documentation, CMS will issue the student an acceptance letter and I-20 form. Once the student has received their I-20 paperwork and financial documentation, they will have to pay a Student and Exchange Visitor Information System (SEVIS) visa processing fee online.

The policies regarding visa issuance may vary by country and each student should be sure to check with his or her embassy regarding what paperwork and documentation is required. All U.S. embassies and consulates will require the student to prove that they have sufficient funds to cover the cost of the program and living expenses prior to issuing a student visa. The student must either provide documentation of these funds or written proof that they will receive financial support for the duration of the program.

Once the student has gathered their acceptance letter, I-20 form and SEVIS I-901 fee the documentation should be brought to a U.S. embassy for processing after an appointment is made. The time frame required to receive a visa may vary, but CMS recommends allowing at least 2 or 3 months before the program start date. Once a visa is issued. The student should have their I-20 documents and passport stamped and returned. The student should then contact CMS via email or phone and let them know they are ready to begin their program.

Entry to the US

Upon entering the United States, the student will need to furnish both their passport and I-20 documentation with the appropriate stamps to U.S. Customs. The Customs officer will issue the student an I-94 card,

stapled to a page of their passport. This card must remain in the passport while the student is in the United States.

After clearing customs, the student must report to CMS no more than 10 days after arrival or he or she will risk creating problems with their visa status.

International Student Guidelines

The U.S. Government places many restrictions and requirements on international students including:

- Students must carry their passports, visa and I-20 documentation with them at all times
- Only I-20 documentation from a student's current school is considered valid at any given time
- Students must contact CMS if they have received an I-20 form, but are declining acceptance or have chosen to attend another school so that CMS can cancel their I-20
- Students must notify both CMS and the U.S. Government if they move during their stay. They will need to complete an official Change of Address (AR-11) form

Responsibilities of CMS

CMS will be responsible for providing the following services to International students:

- Issuing I-20 documentation
- Vouching for student status as necessary by providing a student's course schedule and a letter confirming that the student is enrolled at CMS.
- Reporting changes in course content or duration that could affect a student's visa status
- Reporting a Leave of Absence, poor grades or failure
- Reporting completion of the program as scheduled

Costs

In addition to the costs of tuition and materials, international students are required to pay the following fees:

- \$100 non-refundable registration fee (paid to CMS)
- \$200 SEVIS I-901 visa fee (paid online)

Student Services

International students have access to all of the same services as domestic students including assistance with housing, career planning, transportation questions and other issues. They should feel free to contact CMS via phone or email for assistance with any issues that arise or any questions they have prior to arriving in Los Angeles.

Graduating students are encouraged to meet with CMS administrators prior to leaving the country for advice on how to proceed in their career, what further education they need and to receive advice on how to market themselves to future employers. M-1 Students are not allowed to work for pay while in the U.S. but they may be eligible to take unpaid work while studying and can accept paid work in their home country once they return.

School Breaks and Holidays

Many CMS students return to their home states and countries during school breaks. If a student on an M-1 visa wishes to return home during a school break he/she must report the trip to a CMS admissions representative prior to leaving. CMS will need to sign and date the student's I-20 form before departure or the student may be denied reentry to the U.S. Students leaving the country for any reason should carry all required documentation with them at all times, including their I-20, visa and passport.

Graduation

Once an international student has completed his/her course of study at CMS, the CMS admissions office must report the change of status to the SEVIS database. If a graduating student is planning to continue on to another course he/she should contact CMS admissions prior to graduation in order to begin the extension process.

Disclaimer

While CMS makes every effort to ensure that the information in this catalog is accurate and up-to-date, it is only provided as an informational resource to potential applicants. Students should be sure to double check regulations from the US State Department and BCIS as well as their local embassy or consulate prior to beginning the visa application process. If any discrepancies in information arise, the student should obey the regulations provided by the US government.

DISCLOSURE STATEMENTS

CMS is a private postsecondary educational institute approved to operate through 2019 by the Bureau for Private Postsecondary Education. Approval to operate means compliance with state standards as set forth in this chapter (CCR 94897). Cinema Makeup School chooses not to pursue accreditation by an accrediting agency recognized by the U.S. Department of Education.

As a prospective student you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 2535 Capitol Oaks Drive, Suite 400, Sacramento California, 95833, online at www.bppe.ca.gov or via telephone (888)-370-7589 or fax (916) 263-1897.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling 888-370-7589 or by completing a complaint form, which can be obtained on the bureau's Internet Web site (www.bppe.ca.gov).

CMS does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, and has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec. 1101 et seq.).

CMS does not participate in state or federal financial aid programs. Students may obtain a loan through a private lending company. If the student does so, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.
