STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

California School of Health Sciences

12141 Brookhurst St., Suite 201, Garden Grove, CA 92840 | (714) 539-7081 | www.CSHS.edu

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination(DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination(DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

California School of Health Sciences

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

California School of Health Sciences

12141 Brookhurst St., Suite 201, Garden Grove, CA 92840 | (714) 539-7081 | www.CSHS.edu

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination(DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

California School of Health Sciences

12141 Brookhurst St., Suite 201, Garden Grove, CA 92840 | (714) 539-7081 | www.CSHS.edu

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

STUDENT'S RIGHT TO CANCEL

Institution seeks to promote good will through the use of explicitly stated fair and equitable cancellation and refund practices pertaining to cancellations, withdrawals and terminations that take into consideration:

- The legitimate reasons why an applicant or student may not be able to start or complete the class; and
- The reasonable expenses incurred by the cancellation

REJECTION OF APPLICANT: Students not accepted by the school, or prospective international students whose visa applications have been rejected are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

PROGRAM CANCELLATION: If the school cancels a program subsequent to a student's enrollment, the institution will refund all monies paid by the student.

Cancellation Prior to the Start of Class or No Show: All refunds due will be made within forty-five (45) calendar days of the first scheduled day of class or the date of cancellation, whichever is earlier.

We are avocational training, not a college or university, and our tuition does not qualify for the educational credits. We do not participate with the United States Department of Education federal student financial aid and loans. Therefore, our tuition is not deemed qualified tuition for federal income tax purposes and therefore we cannot issue 1098Ts.

If an applicant (non-I-20) accepted by the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will refund all monies paid, less a registration fee (the student may reschedule for another date without any additional charges).

Optional Student Trial Period: Students (excluding I-20 and ESL) who cancel this contract by notifying the school through attendance at the first class session, or the seventh day after enrollment, whichever is later are entitled to a 100 percent refund of the amount paid for institutional charges (except the non-refundable registration fees).

Long Term Programs- First Period of Financial Obligation: For students whose last day of attendance occurs at any point in the first four weeks of their initial period of financial obligation, the institution may retain the charges applicable to the first four weeks. For students whose last date of attendance occurs after the first four weeks, but before or at the 60 percent of their period of financial obligation, the institution may retain a prorated amount of tuition. For students whose last day of attendance occurs after the 60 percent of enrollment period, the institution may retain all of the charges for that period. Any tuition paid for the balance of the program must be refunded in full.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

Short Term Programs- All Periods of Financial Obligation or Enrollment Periods: For students who have completed 60 percent or less of the enrollment period, the institution will provide a pro rata refund. The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.

If an applicant accepted by the institution enters the United States on an I-20 obtained through the institution cancels prior to the start of scheduled classes or never attends class (no-shows), the institution will retain a \$200 non-refundable registration fees. **WITHDRAWAL OR TERMINATION AFTER START OF CLASS:** In the case of students withdrawing or being withdrawn by the institution after the start of class, the refund amount will be based on the student's last date of attendance (LDA). Withdrawal may be effectuated by the student's notice of withdrawal or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. Some programs are based on weeks vs. hours. When determining the number of weeks completed by the student, the institution may consider a partial week the same as if a whole week was completed, provided the student was present at least one day during the scheduled week. The institution will pay or credit refunds within 45 days of a student's documented date of determination (DOD). If a student provides advanced notice of withdrawal such that the 45-day window for refund processing ends before the last date of attendance, the refund must be paid within forty-five (45) calendar days from the last date of attendance.

Long Term Programs- Subsequent Periods of Financial Obligation or Enrollment Periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before 60 percent of enrollment period of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the 60 percent of any subsequent period of financial obligation, the institution may retain all of the tuition for that period. Any tuition paid for the balance of the program must be refunded in full.

The institution will retain the registration fee plus a percentage of tuition and fees, which is based on the percentage of the clock hours or weeks (based on program) attended and the recorded student's last date of attendance (LDA), as the examples describe in the table below.
