## ABOUT OUR PROGRAM

### History

The Fountainhead Montessori Adult Education (FMAE) and its **Montessori Early Childhood Education Program** was conceived by Sarah Zimmerman in the 1986. The teacher education course has been in continuous operation since that time. Sarah Zimmerman, founder of the nonprofit Fountainhead Montessori Schools in Northern California wanted to be able to reach out to those interested in Montessori education and/or an AMS (American Montessori Society) teaching credential, but may not have the required time to partake in a full-time course. The classes in Montessori Philosophy, Curriculum, and the student teaching experience provide the essential elements for teaching in a Montessori Environment. Students of FMAE receive college credit through California State University-East Bay Extension (CSU-EB) for certain courses. This course allows students flexibility to take classes as desired.

### Ability to Benefit

Based upon the documents submitted from the Admission Requirements and the discussions with the applicant, the FMAE determines the applicant's ability to benefit from the course: commitment to the profession, academic preparation, and feasibility of successful completion. FMAE classes could benefit people working in daycare centers, assisting in Montessori schools, and parents to help understand the Montessori philosophy and apply it in their classrooms or homes.

### **Student Tuition Recovery Fund**

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program. It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to:

**Bureau of Private Postsecondary Education (BPPE)**  
2535 Capitol Oaks Drive, Suite 400 | Sacramento, CA 95833  
888-370-7589 | 916-431-6959  
[www.bppe.ca.gov](http://www.bppe.ca.gov)

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled

in an educational program within the 120 day period before the program was discontinued.

3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.
1. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of no collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

## WITHDRAWAL & DISMISSAL

### **Right to Cancel**

The student has a right to cancel the enrollment agreement and obtain a refund of charges paid, through attendance at the first half class session (within 3.5 hours), or the seventh day after enrollment, whichever comes later. You may cancel this enrollment agreement and receive a refund by providing a written notice via email to [info@fmtt.org](mailto:info@fmtt.org). FMAE must receive a cancellation notice via email within the required time frame. There is no refund for courses that has a course-length of 8 hours or less. Refunds will be processed within 30 days of written notice.

### **Dismissal and Withdrawal**

If FMAE does not accept an application for admission or cancels your enrollment agreement prior to the first class session, all funds paid, including the registration fee, will be fully refunded.

Students will be failed if found to be using manipulated/falsified materials. Conduct which is unprofessional, unethical, constitutes poor judgment, jeopardizes student's welfare, poor interactions with other staff, peers, or environment, will also jeopardize continuation. FMAE reserves the right to discontinue enrollment for any reason should the behavior jeopardize the program in anyway. Refunds will not be granted to student dismissed due to own conduct.

### **Refund Policy**

The refund shall be the amount the student paid for instruction multiplied by a fraction, the numerator of which is the number of hours of instruction which the student has not received but for which the student has paid, and the denominator of which is the total number of hours of instruction for which the student had paid. All amounts that the student has paid, however denominated, shall be deemed to have been paid for instruction, unless the student has paid a specific charge for equipment as set forth in the agreement for the course of instruction. The last date of the student's attendance is used for all refund calculations. If the program is discontinued, or the specific segment is cancelled or postponed. Materials refunds are not available.

### ***No Refunds***

Once purchased, books and supplies become the property of the student and no refund will be made.

Refunds will not be granted for any other fees.

### ***Full Refund***

A student who cancels enrollment agreement after the attendance of the first half of a class session (within 3.5 hours) or the seventh day after enrollment, whichever is later, shall be entitled to receive a full refund. Cancellation shall occur when the student gives a notice to the FMAE via email, [info@fmtt.org](mailto:info@fmtt.org). If sent by mail, the notice of cancellation is effective when postmarked, and properly addressed with postage paid.

### **Pro-Rated Refund**

A student may withdraw from a course of instruction at any time. If the student withdraws from a course once the course is started, the student is entitled to receive a pro-rated refund, based on the last day of attendance, for the unused portion of the tuition, in accordance with the following pro-rated refund policy. The pro-rated refund shall be the total amount paid for the course multiplied by the number of hours remaining in the course, divided by the total number of course hours. The following fees are non-refundable: application fee, registration fee or applicable STRF (see page 15) fee. **Exceptions to the pro-rated refund policy:** There is no refund for courses that has a course-length of 8 hours or less.

### **Hypothetical Refund Example**

Assume that a student, upon enrollment in a 720 clock-hour training program, pays \$6,000 tuition. The student then withdraws after completing 600 clock-hours. The statutory pro-rata refund to the student would be as follows:

#### **Determine the Cost/Clock Hour**

Tuition / Clock Hours = cost / clock hour

$$\text{\$6,000} / 720 = \text{\$8.33} / \text{clock hours}$$

#### **Tuition Due is the Cost/Clock Hour multiplied by Completed Clock Hours**

Clock Hours    X    \\$8.33    = Tuition Due

$$600 \quad X \quad \text{\$8.33} \quad = \text{\$4,998}$$

#### **Prorated Refund is the Tuition minus the Tuition Due**

Tuition (paid)    -    Tuition Due    = Tuition Refund

$$\text{\$6,000} \quad - \quad \text{\$4,998} \quad = \text{\$1,002}$$

### **Revision of Programs and Tuition**

The institute reserves the right to change or modify, without notification, the program content, equipment, staff, or materials as necessary, with approval of the council for BPPE. Such changes may be required to keep pace with technological advances and to improve teaching methods. In no event will any changes diminish the competency of any program or result in tuition changes for current attending students.

## GENERAL ENROLLMENT POLICIES

### **Confidentiality**

All student records are kept secure. Access is granted to student, Program Director and appropriate FMAE staff as needed. Students also grant authorization for the release of records to the American Montessori Society for the purpose of teacher credential.

### **Attendance Policy**

The nature of every course has lecture, materials presentations, practice, and group activities to be covered in a short period of time. The courses are both, intense and non-duplicate. Missed class times of presentation of materials, discussions, practices experience, and etc. will not “get it” from notes of other students; therefore, absences are not permitted. Instructor has no obligation to repeat the lesson just for you, so any make up charge will be student’s responsibility. Because of this, full attendance at all class meetings is required. 90 percent attendance is required to pass the class. If students can not commit to the course schedule, the student should not enroll in the course.

Punctuality is assumed for the same reasons that absences are not permitted. In general, students must arrive at least 5 minutes before the scheduled class time prepared. Late arrivals will cause disruption to the work of the instructor and classmates. A pattern of late arrivals or more than 3 hours of accumulative absence, student has to make up missed hours of each session at the following year’s course with \$20/hour to FMAE, or private tutoring at a cost of \$35 per hours missed to be arranged with the instructor. It is up to the instructor to grant the tutoring session.

### **Plagiarism Policy**

Plagiarism will not be tolerated in any form in the FMAE program. Plagiarism is defined as “deliberately using someone else’s language, ideas or other original (not common-knowledge) material without acknowledging its source.” (Council of Writing Program Administrators, “Defining and Avoiding Plagiarism: The WPA Statement on Best Practices”) One type of example would be copying the definition of control of error directly from page 63 of MONTESSORI—A MODERN APPROACH and not using quotation marks and including in your writing a citation of where the definition came from. Anything copied and pasted from the internet must also be acknowledged. (See the above example of the definition of plagiarism.) The first incident of plagiarism will result in a failing grade for that assignment and being placed on academic probation. The second incident will result in dismissal from the FMAE program.

### **Written English Competency Policy**

All instruction and communication is conducted in English and all materials are written in English.

Students must demonstrate a competency in written English in order to enter the Practicum Phase. There will be an on-going evaluation of this skill during each class through written assignments, i.e. class examinations, rationales, and papers. Each of these assignments will receive a content score and a grammar/English Usage score. The grammar/English Usage score will not affect the outcome of the final grade. The student must receive a passing grade in content/grammar and English Usage by the end of the curriculum phase in order to enter the Practicum Phase.

For students that do not demonstrate passing English, a written exam will be administered. Students must have a Level 3—Intermediate English proficiency. To be classified as having Intermediate English Language Proficiency, ESL Adult Learners must meet the following criteria:

- A score of 57 or higher on the Internet-based Test (iBT) or 490 on the Paper-based Test (PBT) is required.
- International English Language Testing System (IELTS) scores of 5.0 or higher can be accepted in lieu of the TOEFL or pass school's pre-test.

### **General Grading Policies**

Grades are based on attendance, participation, albums, exams, assignments and observations. Each component will be assigned a point value. The number of points for each course may vary. Letter grades for classes will be based on percentage of points earned.

A+	97 –100%
A	93 –96%
A-	90 –92%
B+	87 – 89%
B	83 – 86%
B-	80 – 82% (please note, not acceptable for credential)

Students must attain a grade of “B” or higher in all classes with at least 90% attendance in order to qualify for the Practicum Phase.

### **Records**

FMAE is responsible for the maintenance and retention of education records for students in process and graduates.

It is the director's responsibility to include any additional documents required in their area. There are two categories: 1) graduates and 2) students in process.

### **Educational records for Graduates (retain according to local requirements):**

1. Application
2. Documentation of educational background (e.g. high school, college, equivalency evaluation if post-secondary experience is outside of U.S. and graduate attended a TEP in the U.S.)
3. Record of contact hours for each curricular area of course (AMS needs this information to produce verification letters for state agencies and for transcripts)
4. Checklist verifying completion of AMS and program requirements for graduation (e.g. attendance, assignments, performance evaluations, documentation from the practicum phase etc.)
5. Financial record
6. AMS Credential Recommendation Form
7. Copy of credential issued

### **Education records for Students in process:**

1. All of the above (relative to what has been completed)
2. All program documentation to date (e.g. attendance, assignment outcomes and their completion, practicum reports, etc.)

Note also:

- All local, state, and federal record retention rules are followed properly.
- Student records are maintained for a minimum of five years after the student graduates.
- For confidentiality, access is limited to appropriate staff and the individual student.

### **Transcripts**

FMAE will provide an official transcripts of classes taken and grades upon request. The first transcript is free, subsequent transcripts are \$5 per transcript. Requests must be made in via email ([info@fmont.org](mailto:info@fmont.org)).

### ***California State University, East Bay***

Students may obtain a copy of their transcripts through CSU-EB:

<http://www.csueastbay.edu/students/student-services/student-records/transcripts.html>

### **Resources**

Resources for housing, medical care, counseling, recreation, and job opportunities best obtained via careful research on the Internet. FMAE does not maintain dormitories nor is it involved in any housing placement services.

We have no agreements with any of the housing options mentioned nor have we any knowledge of the conditions for rental with any of the following housing options.

Students coming from out of town will want to use the Internet to research nearby hotels. Sometimes students share a room in these facilities to decrease costs. Other students secure housing via VRBO.com or AirBnB.com. Occasionally students place “summer housing wanted” ads in neighborhood newspapers. FMAE assumes no responsibility for housing arrangements made by third parties and highly recommends students engage in agreements utilizing best business practices such as background checks, signed written agreements, etc.

### **Career in Montessori**

Successful completion of the Montessori Early Childhood Teacher Credential Course meets the requirements for a career with children of that age in a Montessori educational setting. The Program’s website lists current employment opportunities. Additionally, the American Montessori Society website maintains employment listing by state. However, the FMAE does not represent itself as an employment or placement service. No guarantee is made or implied as to employment, occupational advancement, or salary or wage. The State of California has requirements that must be met for employment with early childhood age children. State of California Teacher Requirements Early Childhood: Qualifications and Duties.

### **Admission for AMS Associate Early Childhood Credential**

AMS grants the AMS Associate Early Childhood Credential when a student has a high school diploma or GED or a Bachelor's from outside the U.S. that is not equivalent to the U.S. Bachelor's degree.

Please note that employment requirements for Montessori teachers vary widely and change periodically. In some locations or schools, an *Associate Credential* may not qualify for full teaching responsibility. Even if it is currently possible to qualify for a full teaching responsibility without a Bachelor's degree, employment regulations may change in the future. Students are responsible for checking specific jurisdictions and schools for particular employment requirements.

AMS strongly encourages holders of the *Associate Credential* to obtain a Bachelor's degree within 7 years of credentialing and upgrade their credential.

I have read and understand my responsibility as a student for the *Associate Credential* level of this teacher education program.

The professional educator acts with conscientious effort to exemplify the highest ethical standards. The professional educator responsibly accepts that every child has a right to an uninterrupted education free from strikes or any other work stoppage tactics. FMAE Educators will follow the 4 principles:

PRINCIPLE I: Ethical Conduct toward Students

PRINCIPLE II: Ethical Conduct toward Practices and Performance

1. Teacher educators model the Montessori principles (movement, choice, peer teaching, etc.) and abide by the AMS Code of Ethics at the adult level so adults observe Montessori in action. (*Modeling*)
2. An atmosphere where respect for oneself, others, and the environment is fostered in all interactions. (*Respect*)
3. The development of a community of learners where there is trust, diversity, and peaceful ways of working together and addressing conflict. (*Peaceful Community*)
4. The recognition of the vital importance of observation in the teaching/learning process and the necessity to develop ever increasing skills in observation, practice in observing other classrooms/environments, and one's own classroom. (*Observation*)
5. A recognition that teaching/learning takes place through interaction with environment and, as a result, particular attention must be given to both the child/adolescent environment at the level of the course given and the environment conducive to the adult's learning. (*Environment*)
6. Assessments are part of the teaching/learning cycle and come in various forms such as observation, allowing mistakes, giving specific feedback, permitting self-discovery, giving processing time, meeting learners where they are, and guiding them forward to meet the competencies of an effective Montessori teacher. (*Assessment*)
7. Recognition that the teacher education course is the continuation of a life-long journey of learning, growing, observing, reflecting, and researching. (*Life-long learner*)
8. As children /adolescents learn together in an active, engaged environment, so do adults. Adults of different ages and talents gathered together in residence replicates the experience of the Montessori classroom in action so that adult learners are immersed in the Montessori culture. Enriching interchanges occur with each other and the physical environment. (*Constructivist Theory*)
9. The developmental continuum is honored across time, place and cultures through 1) equal appreciation across all levels infancy through adults; 2) the child/adolescent and the teachers learning from each other; 3) Montessori pioneers, current teachers, and aspiring teachers. (*Continuum*)
10. Understanding the underpinnings of cosmic education by constantly representing the unitary vision of the universe, through the connectedness of all things, indirect and direct aims, whole to parts to whole, integrated, spiral curriculum and the attitudes that the universe is an evolving, self-organizing force that offers many possibilities. (*Cosmic Education*)
11. The outcome of the teacher education course should be the transformation of the adult with the spiritual preparation that solidifies the philosophy and the attitudes and dispositions inherent in the method such as love, flexibility, restraint, etc. (*Spirituality and Transformation of the Adult*)
12. The function of the Practicum Phase is to provide for the adult learner a supervised teaching/learning experience and a period of observation, internalization, and further study to bring together the theory and practice of Montessori education under the guidance of mentors. (*Practicum*)

AMS requires all AMS-affiliated teacher education programs agree to adhere to and embrace the Fundamental Tenet of an AMS-affiliated Teacher Education Program.
