FLS INTERNATIONAL

Pathways Programs

Mission Statement:

FLS International is committed to providing effective English as a Foreign Language education and cultural training to international students and assisting clients during each phase of their educational experience, from their initial entry into the United States to their transfer to a college or university.

FLS Pathways

Only FLS offers more than 100 pathway programs to America's top universities!

1. Our students take a short pathway preparation program.
2. The **FLS Pathways Program** allows the students to receive two years of university credit.
3. Students complete their last two years at any of the major universities listed as a UPP partner.

Please note: There is no TOEFL test or any other requirements for acceptance to the FLS Pathways Programs. Grades in the FLS Pathways Program will allow students to attend the very best schools, but all students who complete the course are placed into top level universities.

Safety

All of our FLS sites offer top rate security. During the first day of orientation, rules and regulations are reviewed and safety tips are reviewed. A variety of health services are available on site. Our staff is also available 24-hours a day by emergency phone.

Personal Guidance

At each of our centers, you'll be impressed with the expertise and caring attitude of our full-time and highly qualified staff guiding you every step of your educational pathway. Our Center Directors, Housing Coordinators, teachers, and staff all share the same goal: to make your experience at FLS memorable and educational.

Bringing the World to YOU

FLS hosts students from over 100 countries, allowing students to learn cultures from fellow students while studying and building long lasting friends.

The Immersion Method

At FLS, students begin improving their English from their first day of the program. Because our curriculum emphasizes oral English, you will find your confidence and comprehension increasing. Finish an FLS level in four (4) weeks!

FLS is The Choice for English Learning

Varied Learning Techniques:

FLS focuses on developing the four English language skills – reading, writing, speaking, and listening. These skills are enhanced with our daily core class. In addition to our core classes, we offer varied elective classes, such as English through Film, American Culture, Slang, and Introduction to Literature. Daily workshops also provide concentrated, self-contained lessons on specific aspects of English, like pronunciation, vocabulary development, and conversation.

On-Campus Education:

As students proceed in our program, higher level classes are taught with materials similar to what students can expect when continuing their education at a college or university. Through our close cooperation with higher education institutions, students can keep on track to meet entrance deadlines. FLS counselors will also track the progress of each student to offer additional support and ensure application materials are submitted on time.

The Universal Placement Program (UPP), in partnership with FLS, has helped thousands of students gain acceptance into some of the best private high schools, colleges, and universities in the USA through a simple and fast application service.

Simple Application Process

After you enroll at FLS International, our highly trained staff can assist you in applying to ANY of our more than 100 partner schools. Our counselors can offer transcript evaluation and guide you to the best option that meets YOUR interests. For students enrolled for eight (8) weeks or more, **the application process is FREE!**

Guaranteed School Acceptance

UPP guarantees acceptance to at least one of their partner schools for any student.

Conditional Admission to College and University

With our carefully crafted curriculum, we have created partnerships with many colleges, universities, and graduate programs to offer conditional admission to students before reaching the required English proficiency level. This allows students to depart their home country confident in their future educational path!

TOEFL Waiver

Through our articulation agreements with many partner institutions, you can gain college admission without ever having to take an official English language proficiency exam. We can even arrange admission to certain Master's degree programs without ever having to take the required exams.

Now FLS International offers a program that pairs our highly effective English language instruction with certificate programs from the innovative University of California, Irvine campus. Students will prepare for their certificate program with comprehensive English training at the FLS International Saddleback College location. Upon successful completion of FLS' Level 16, students will have the necessary English skills to begin their certificate course.

Students may choose from certificate courses in Teaching English as a Foreign Language, Hotel and Tourism Management, or a variety of certificates in International Business. All the certificate programs are designed to help students effectively advance their career opportunities and provide a seal of academic accomplishment from a top public university!

At FLS we know that learning English should be an experience that goes beyond the classroom.

To ensure this happens, FLS works with students to create opportunities to use English in the communities surrounding our centers.

At each center we develop partnerships with organizations, companies, hospitals and schools in the local area to develop ways for students to participate in the community, meet people, learn new skills and practice English in new settings.

Whether it's donating time at a school or community center, volunteering at a hospital or taking a yoga class, taking part in our English Plus programs is fun, involving and a perfect way to improve your conversational skills!

Our exclusive English Everywhere™ program with weekly Hot Sheets™, involves your host family, activity guides and FLS staff in your learning process.

A unique part of the FLS core program, English Everywhere™, centers around the Hot Sheet™, a quick reference for all the key vocabulary, idioms, and structure covered in the classroom that week.

Each FLS English Everywhere Hot Sheet™ focuses on a different theme, with conversation starters, songs and movies that explore the theme in greater detail.

The Hot Sheets are more than just a reference for students. FLS English Everywhere Hot Sheets™ are utilized by the entire FLS staff to engage students in conversations that include the key language points of the week.

From our instructors, to our homestay families, to our tour chaperones, everyone uses FLS English Everywhere Hot Sheets™ to help the students learn English.
