About Our University

California Arts University was founded in 2013 in Fullerton in Orange County, a California county with the second largest Korean immigrant population in the United States. The founder Sae Kwang Chung, a prominent and active music leader, addressed a growing need to build a musical community for higher learning focusing on professional education in contemporary music in Orange County.

Through interaction, collaboration, and a dynamic curriculum, students in the University's contemporary music performance program have hands-on experiences designed to develop them as professional musicians and church/community based music leaders. Under the direction of our remarkable faculty, we are dedicated to educate our students toward realizing their personal musical goals in today's dynamic global music environment.

Institutional Mission Statement

The mission of California Arts University is to create a musical community that offers students excellent professional education in their musical disciplines.

Institutional Purpose

The purpose of the program is to develop students as professional musicians and church and community based musical leaders through an advanced study in contemporary music in a dynamic, collaborative environment.

Institutional Objectives

California Arts University strives to achieve the following four institutional objectives.

1. An understanding of theory, history, and performance of musical practice.
2. The ability to play selected musical pieces.
3. A professional level of technical and artistic achievement in performance and composition occupations.
4. Other music business skills, including praise leadership in religious settings.

Institutional Learning Outcomes

California Arts University expects learning outcomes demonstrated by its graduates.

Graduating students will:

1. Demonstrate firm knowledge of theory, history, and performance of musical practice.
2. Show ability to play selected musical pieces.
3. Demonstrate their professional level of technical and artistic knowledge and proficiency in performance and composition occupations.
4. Show sufficient music business skills, including praise leadership in religious settings.

Philosophy of Education

Throughout students' professional education, the University's faculty strives to develop well-rounded performers who demonstrate skill coupled with spiritual maturity and professionalism. By integrating the tenets of Christianity throughout course, practice session, and performance, the University instills both ethics and compassion in every performer. As students master the artistry of music, they simultaneously gain confidence born of a solid academic background permeated by faith. Graduates from the University enter their field as musicians of character.

Statement of Faith

All the board members, administrators, students, and faculty members of California Arts University subscribe to the following statement of faith.

We believe the Bible is the inspired Word of God and the only standard for faith, life, and academic discipline. *We believe* in the Holy Triune God, existing eternally in three persons, the Father, the Son, and the Holy Spirit. *We believe* in the creation of the universe as presented in Scripture and in the reality of heaven and hell and the existence of the devil. *We believe* God created humankind in His image and likeness, but by the disobedience of Adam, all humankind was alienated from God and lost. *We believe* that Jesus of Nazareth is the Messiah, the Son of God, born of the Virgin Mary, who died on the cross, was physically resurrected from the dead, ascended into heaven, and will one day return in His glory to reign upon the earth. *We believe* in the gospel of salvation through the cross for those that put their faith in Jesus will be saved. *We believe* that the Church is the body of Christ and that the people of God are called to mission, education, and service. We believe that Satan is real and acts as a tempter, for whom the place of eternal punishment was prepared, where all who die outside of Christ shall be confined in eternity. We believe in last things which are the future, personal, bodily return of Jesus Christ to the earth to judge and purge sin, to establish His eternal Kingdom, and to consummate and fulfill His purposes in the works of creation and redemption with eternal rewards and punishments. Both the saved and the lost will be resurrected—the saved unto the resurrection of life in heaven and the lost unto the resurrection of damnation in hell.

MACMP Program Learning Outcomes

When students complete the MACMP program, they'll have the ability to:

- Synthesize the harmonic and stylistic practices in the area of performance;
- Synthesize the skills required of performers in contemporary music settings;
- Perform music in contemporary musical styles;

- Synthesize their artistic identity, vision, and intent in performance work.

Admission Policies (Requirements and Procedure)

The process of admission to the Master of Music program requires:

- A bachelor's degree or its equivalent
- An official transcript from the current or previous college or university
- A California Arts University Application
- Two professional letters of recommendation
- A personal audition or a recent video recording if necessary
- Graduate diagnostic examinations for new graduate students

Audition

A personal audition may be required of all graduate applicants. A video recording may be submitted in lieu of an audition for applicants who do not live in Southern California. Auditions are administered on the CAU campus. Exception considered for unusual case.

* California Arts University does not admit students from other countries. Visa services are not provided. The institution will not vouch for student status or any associated charges.

Language Proficiency Information and Instructional Language

English proficiency guides: 1) Students may submit English grade obtained at previously attended schools (High School Transcript, English Language Academy, SLEP score, or Secondary Level of English Proficiency), but it is not required. 2) If further necessary, SLEP test can be taken at CAU.

Since California Arts University is a Korean institution, main language of communication is Korean. That is why not all students need to verify their level of English proficiency. The level of proficiency for Korean, if the student is non-native speaker of Korean, may be measured by transcription of the student, which shows she/he attended a Korean speaking institution to obtain at least one academic degree. If a student does not have that experience, he or she should take Korean Language Proficiency Exam (equivalent with SAT Verbal in USA) and should pass over 60%.

Korean will be primary instructional language, since the institution only has the Korean track. Most or all of the applicants are Korean. However, we will also use English and provide the translation services for some lectures, textbooks, musical terms and instrumental names, etc. The cost for the English translation services is \$50 per hour for lectures and lessons.

* Educational program of CAU is not designed for any licensure.

Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If bait has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

Payment Information

A student's account must be paid in full prior to re-enrollment in subsequent terms. Transcripts are withheld if a student has an outstanding obligation to the university. A down payment of 50% is due each semester to complete enrollment, with the balance due in 45 days. For winter and summer sessions, full payment of tuition and fees is due at the time of registration. It is the student's responsibility to finalize payment options before the designated payment deadline date in order to prevent the cancellation of classes for the term enrolled.

* The institution does not participate in any federal and state financial aid programs.

Right to Cancel

Students have the right to cancel enrollment and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. California Arts University reserves the right to terminate the student for unsatisfactory progress, non-payment of tuition, or failure to conform to the University's standards of conduct. Students may cancel enrollment or withdraw from the University and obtain a refund by submitting a written notice, dated and signed by the student, to California Arts University, 4100 W. Commonwealth Ave #101, Fullerton, California 92833 or by fax: 1-714-907-1511.

Loans and Responsibility

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- (1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan;
- (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Refunds

Cancellation is effective on the date written notice of cancellation is sent. A refund will be made within 30 days after the effective date. Fees (registration, materials, STRF, and activities) are nonrefundable. The student will not get a refund after more than 60% of the instruction has been presented. For students who have completed 60% or less of the instruction period, the refund shall be on a pro rata basis. The exact amount of prorated refund will be based on the formula listed below. The following table provides the estimated amount of refund at each point of withdrawal:

Percent of Attendance	10	20	30	40	50	60	Over 60
Tuition Refund	90	80	70	60	50	40	0

For example: if a student withdraws a course after 18 hours out of 45 hours (3 credits x 15 weeks) and its tuition is \$750, the refund will be: $\$750 - \$750 \times 18/45$ credit hours = \$450.

Students may complete the withdrawal procedure by submitting a signed add/drop card to the Office of the Registrar to be eligible for a refund. NOTE: Students must follow the withdrawal procedure to be officially withdrawn from a course. Failure to do so could result in the student being charged and receiving a failing grade in the class. The student will not get a refund after more than 60% of the instruction has been presented.

Ability-to-Benefit Policy

Given the fact that some students may not have obtained the appropriate degree qualifications for admissions to a program, CAU may consider them for admission on an individual basis. Those who are admitted under the conditions of the ability-to-benefit will work closely with the program director to ensure they are making satisfactory academic progress.

Transfer of Credit Policy

Academic work done at accredited institutions in the US and Canada, or at schools in Korea that have recognition from the ministry of education, may be transferred into California Arts University programs if the work fits into our curriculum (i.e. there is not room for 55 credits of engineering classes in the electives and general education portions of our curriculum). California Arts University accepts transfer credits from institutions accredited by U.S. accrediting bodies, approved by the California Bureau for Private Postsecondary, or accredited by the Ministry of Education of the Republic of Korea. The University may accept credit from non-U.S. institutions for transfer provided that official transcripts demonstrate that these institutions and their courses are equivalent to our requirements. In some cases, work from an unaccredited school may be transferred. See evaluation procedures below.

A student should not merely assume that previous credits will transfer. California Arts University accepts graduate-level transfer credit. Among other considerations, California Arts University requires that previously earned credits have earned a minimum grade of “B”, have been earned within the past 10 years, and that the courses meet the curriculum requirements of the degree being attempted. If the coursework meets these requirements, and is from an accredited school, transferability is likely. Credits completed at the graduate level with a grade of “B” or better at an accredited institution may be accepted up to one-fifth (20 percent) of the total credits required for the student’s program.

To request transfer of credits, students must arrange for their previous schools to send official, sealed transcripts to the student. The student must not open the envelope or disturb the official seal. Bring the transcripts to the academic dean for evaluation. A student who desires to transfer credit from another postsecondary school to CAU must submit an official transcript stating the courses and grades to the admission office prior to acceptance. Master of Arts students can receive a maximum of 9 credits. If the student believes that denied credits should have been approved, he or she may inform the academic dean that the student wishes to appeal the decision. In such a case, the academic dean will ask two faculty members to review the decision.

EVALUATION PROCEDURES: Students can help facilitate the credit evaluation process, and

make approval more likely, by bringing syllabi, textbooks or other materials from the courses he or she wishes to transfer. The evaluator(s) may contact the school to explore information such as faculty credentials, library volumes, accredited schools accepting their credits, etc. This is especially important for any work to be considered from an unaccredited school in the US, Canada or Korea. For work from other countries, the student may need to pay a fee for California Arts University to have credits evaluated by an outside agency.

It is **very important** that a student who wishes to transfer credits bring a transcript of past work when he or she first starts to study at California Arts University. It is crucial that before a student starts to take courses here, the student knows which courses will or will not be transferred into this school. Otherwise a student may take courses again that were not needed, or may not be planning to take course here that will still be required.

It is also important to recognize that no school is required to accept credits from any other school. Credits from an unaccredited school tend to be harder to transfer. Especially before California Arts University is accredited, students should not merely assume California Arts University credits will transfer to another particular school. Instead, the student should contact the registrar of the other school to inquire whether they will take California Arts University credits. Students are invited to talk to the academic dean about the likelihood of transfer to another higher education institution.

California Arts University has no articulation agreement with any other college or university, and credits completed in the student's program at the University may not be accepted by any other college or university for transfer. Also, the degree earned from the University may not be accepted by any other college or university as a basis for admission to a graduate-level program.

“NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION”

“The transferability of credits you earn at California Arts University is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the Master of Arts in Contemporary Music Performance (MACMP) program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending California Arts University to determine if your credits or degree will transfer.”

Credit Hour Policy

California Arts University operates under a semester system. For all courses bearing academic credit, “one semester hour of credit” is, at a minimum, one hour of classroom or direct faculty instruction and two hours of out-of-class student work each week for approximately fifteen weeks. For example, a 3 semester-credit course would require at a minimum 45 hours of academic engagement and 90 hours of preparation for a total of 135 hours. A credit hour is assumed to be a 50-minute (not 60-minute) period.

Registration

All students are expected to maintain continuous enrollment during the full academic year, and to register for courses prior to the start of the related term. Any student who does not register in any courses will be administratively withdrawn from the University by the registration/add deadline as published on the academic calendar in this Catalog.

There are four registration periods for the fall, spring, summer, and winter sessions. Open registration is for students who are unable to register early and for students who may need to adjust their schedules. Late registration is held during the first week of classes (special schedule for summer and winter) to allow students to make section and class changes. A penalty fee is charged to students who enroll during this period.

Procedures for Adding or Withdrawing from Courses (Add/Drop)

Students may add courses during the first two weeks of the term by submitting a completed add/drop card to the Registrar. The signatures of both the academic dean and instructor of the class being added are required during the second week of the term.

- Week 1, no approval required.
- Week 2, approval of academic dean and instructor.
- Week 3 and after, not permitted.

Students may withdraw from courses by submitting an add/drop card to the Registrar. The time period in which a student withdraws from a course determines the recording of the course on the student’s transcript. The following guidelines apply to the regular semester only.

- Week 1-2, no grade recorded on academic record
- After Week 3, W grade recorded on academic record

Attendance Policy

California Arts University (CAU) places great importance upon class participation because of the nature of the material being taught, the value of in-class interaction, and the need for students to develop habits of diligence and reliability. Regular attendance is necessary to achieve satisfactory academic progress. If the student is absent he/she may be required to make up all work missed. It is the student's responsibility to check on all assignments.

The faculty members may require additional work to make up for an absence. If a student is absent from a significant portion of the course or is frequently late for class meeting, even due to extenuating circumstances, this may result in a lower grade or even a failing grade for the course.

TARDINESS

Tardiness is a distraction to a good learning environment and is discouraged. Faculty may reduce final grades based on excessive tardiness.

CLASSROOM PARTICIPATION

California Arts University (CAU) places great importance upon class participation because of the nature of the material being taught, the value of in-class interaction, and the need for students to develop habits of diligence and reliability.

You should be present and punctual for all class sessions except in the case of rare extenuating circumstances. You are expected to complete your assignments before the class session, so that you are prepared to answer questions and enter into the discussion. For details of how your participation grade is computed, see the course syllabus.

When your total number of absences exceeds 20% of the number of class sessions in the semester, you may receive lower grade from the course, unless the professor specifically asks the Registrar otherwise. The 20% allowance is to provide for serious illness, serious injury, serious illness in the family, death in the family, and other unforeseen emergencies. Note that failure to enter the classroom and be seated at the beginning of class may result in your being counted absent.

In addition to the 20% policy, individual professors may impose additional attendance and participation requirements that have the potential of impacting your course grade. See your course syllabus for details. If further questions persist, discuss policies with your instructor.

It is important that you keep an accurate record of any absences from class, including dates and reasons. This information could prove essential in the event of a discrepancy and/or an appeal. You should not rely upon professors or the Administrative staff to supply tallies, warnings, or notifications.

Leave of Absence and Withdrawal

Any Students may request to take a leave of absence from enrollment in classes for up to one academic year. Requests should be made to the Registrar's Office and require academic dean's approval. A leave of absence is granted only for extenuating circumstances such as medical, job, or family issues.

A student who wishes officially withdraw from the University must submit a withdrawal request to academic dean. A student's official withdrawal date will be the date on which the withdrawal request form is submitted. A student will be unofficially withdrawn from the University if a student does not register for courses by the registration/add deadline or if a student does not return from an approved leave of absence as scheduled. The withdrawal date will be the last day of the last term attended.

Retention of Students Records

Student records are to be kept permanently. In accordance with the Family Educational Rights and Privacy Act of 1974, as amended, directory information (name, address, telephone number, dates of attendance, major field of study, awards, honors (includes Dean's List), degree(s) conferred) may not be released without a written consent of the student. Currently enrolled students may request that this information be withheld by completing a Request to Prevent Disclosure of Directory Information form, obtainable in the Registrar's office. (Exception: University officials who have a legitimate educational interest in a student's records and certain government official's action in their legitimate functions may have access to a student's file. Student educational records are subject to lawfully issued subpoenas. Under FERPA, students have the right to inspect, review, and seek to amend their educational records, subject to conditions specified by the Act.)

Record keeping: Custodian of Records

Student transcripts are to be kept permanently in a secure cabinet that only administrative staff can access. The types of documents in each student file will be general student profile, admission papers and documentation of past and current academic grades. The records will be stored and updated as regularly as possible and financial records will be put together with the student file. In order to keep the student records safe and secure, only approved administrative staff will have access to the files and must first speak to the Dean in order to obtain them.

Transcripts

Transcripts are released only upon written request of the student. Upon graduation, the student receives a copy of his/her final transcript free of charge provided all accounts at the university and in community have been settled. Additional copies are available at the rate of \$10.00 each. Copies of transcripts require three to five working days to process.

Standards for Student Achievement

Academic Progress Requirement

All students must maintain satisfactory academic progress in order to remain eligible to continue as students in the School. All students are considered to be making satisfactory progress when they begin school and during any probationary period. This includes, but is not limited to: meeting minimum standards for grades, work projects, etc.

Graduation Requirements and procedures

All students desiring to graduate must file a graduation application with the Registrar by March 1 for graduation. Students on academic probation will not be allowed to graduate. California Arts University posts degrees on transcripts and issues diplomas only when these graduation requirements have been met:

- Satisfactory completion of all degree requirements as specified in the Catalog for the student's degree program.
- A minimum cumulative GPA of 3.00.
- Payment of graduation fee and all University financial obligations.

Grade Requirements

In order to maintain academic standing as a graduate student, students must maintain at least a 3.0 grade point average (GPA) in graduate courses. Any course with a C+ or lower earned grade must be retaken until a B- or higher grade is earned. Similarly, the grade of N (no pass) is not accepted for graduate credit and those courses must be retaken until a P (pass) is earned. A GPA below 3.00 at any time during a graduate student's studies or the accumulation of more than 6 credits of N or F grades – regardless of the GPA – is considered unsatisfactory. The dean may drop the student from the University, thus terminating the student's degree program.

Grading Policy

Individual faculty members determine the grading policy for each course. Faculty members clearly state in their course syllabus the specific criteria by which the grade will be assigned, including the relative weight of assignments, papers, examinations, attendance and other assessments. Only the faculty member has the authority to change grades. The following grading system is in effect at California Arts University.

GRADE	MARK	GPA POINTS	INTERPRETATION
A	96-100	4.0	Outstanding
A-	92-95	3.7	Superior
B+	88-91	3.3	Very good
B	84-87	3.0	Satisfactory
B-	80-83	2.7	Average
C+	77-79	2.3	Acceptable
C	74-76	2.0	Borderline pass
C-	71-73	1.7	Not acceptable
F	0-70	0.0	Failing
P/F	71-100/0-70	0.0	Pass/Fail (selected courses)
I		0.0	Incomplete
W		0.0	Withdrawal
AUD		0.0	Audit

Academic Probation and Dismissal

Any student who fails to maintain a minimum cumulative grade point average (GPA) of 3.00 will be placed on academic probation. Academic probation is designed to help the student to cope with academic difficulty. The academic dean will provide assistance to improve the student's academic proficiency. Any student who fails to maintain a minimum cumulative GPA of 3.00 for one academic year may be academically dismissed. A student dismissed for academic reasons may appeal to the academic dean for reinstatement. Such an appeal should be made in writing and include an account of the student's circumstances and a reasonable plan for successful completion of course work if reinstatement is granted.

Academic Achievement Recognition

To encourage academic excellence and progress, California Arts University offers honors to full time students who earn a grade point average of 3.75 or better in any one semester. These students are recognized by being placed on the Dean's List for that semester, and automatically become members of the Honor Society. At graduation, awards are presented to those students who have demonstrated outstanding scholastic achievement, leadership and service.

Honesty

Cheating is a violation of academic integrity and will not be tolerated. Examples of cheating include: copying another student's paper or test, receiving information from a student who has already taken a test, sharing information about a test, and falsifying a report. Another form of cheating is plagiarism, which involves using someone else's ideas or words without giving proper credit. If material is quoted, quotation marks and appropriate citation must be used. Paraphrased material must also be given appropriate citation. A student found cheating will receive a "0" for the assignment or test and will be reported to the Dean of Student Affairs for disciplinary action. Such discipline may include a Restorative Action Plan (as described in the Student Handbook) or dismissal, as determined by the Dean of Student Affairs. If students are aware of cheating or plagiarism, he or she should report it to the professor immediately.

Faculty Assistance

The CAU faculty is committed to helping students academically and spiritually. Professors post their office hours each quarter; students are encouraged to take advantage of these times by visiting their professors, either by phone, e-mail or in person.

Some faculty members will provide their home or cell phone numbers, and/or e-mail in their syllabus. Please use discretion when contacting the professor outside office hours. The school assigns each student a faculty member to serve as an advisor. Students are required to meet with their advisor each quarter to review their academic plan and register for courses for the upcoming quarter. We encourage students to meet with their advisor at additional times to discuss their academic, spiritual, and ministry progress.

Program Length

Students are usually expected to complete each program within the following time frame: the bachelor degree in 4 years, the master degree in 2 years, and the doctoral degree in 3 years. The maximum time frame allowed for students to complete a program is 150% of the normal program length, namely 6 years for the bachelor program, and 3 years for the master program. An extension may be granted for special circumstances.

Standards of Satisfactory Academic Progress (SAP)

Federal regulations (CFR 668.34) require that, in order to be eligible for assistance from student aid, all students (full-time, part-time, undergraduate, and graduate) must maintain satisfactory academic progress toward completion of their degree. All students who receive institutional, federal and state financial aid must meet the academic standards of California Arts University and the standards of satisfactory academic progress defined by federal regulations as follows:

- **Maximum Time Frame** – Students must complete their degree within a maximum period of 150% of the published length of the academic program. Federal regulations state that a student is ineligible when it becomes mathematically impossible to complete their program within 150% of the published program length.
- **Minimum Pace of Progression** – Students must complete 66.67% of all attempted courses. To calculate the Pace of Progression, divide the cumulative number of units successfully completed by the cumulative number of units attempted.
- **Minimum GPA** – Students must maintain a cumulative GPA of 2.00 for undergraduate and 3.00 for graduate programs at the end of each term.

Students not meeting SAP are subject to dismissal from their program of study and are ineligible to receive financial aid, except under special circumstances. When a student's progress is evaluated as prescribed and his or her academic performance is below either of the thresholds required to maintain SAP, the student's academic progress will be projected to determine if and when it would be possible for the student to reestablish SAP.

Unsatisfactory Academic Progress

An undergraduate must maintain an overall grade point average of at least 2.0 in coursework taken at California Arts University, and a graduate student at least 3.0 in course work. If a student's progress, measured at the end of each term, is determined to be unsatisfactory AND a projection indicates that it is possible to reestablish SAP by the end of the subsequent term, the school may place the student Academic Probation. The student will be advised of the performance necessary to reestablish SAP.

Incomplete

We discourage our professors from assigning an "incomplete" as a quarter grade. An "incomplete" is assigned only under extenuating circumstances and only if the student's work was satisfactory prior to the emergency situation. Incomplete grade is not used in computing the cumulative GPA for the moment. However, the professor must submit a replacement grade by the date agreed upon with the student (and no later than the end of the following quarter) or the incomplete will automatically be changed to an "F." Incomplete course is counted as attempted units in calculating the pace of progress.

STUDENT RIGHTS AND RESPONSIBILITIES

Academic Freedom

In pursuit of its mission, California Arts University strives to promote an environment of full academic freedom in which to pursue teaching, learning, and scholarly activity. All faculty members and students are expected to exercise academic freedom in a manner consistent with the professional standards of one's discipline. All instructors have the right to freedom regarding the specific material to be covered, the pedagogical methods to be employed in a course, and individual student grades, as long as the materials, methods and grades are consistent with the learning objectives and academic policies. In their academic coursework, students are entitled to full freedom of learning. Faculty engaged in scholarly activity have the freedom to choose their subject matter and methods of inquiry. Scholars are entitled to full freedom in publication and presentation of their work. Students who engage in scholarly activity under the direction of a faculty member have academic freedom subject to the supervision of the faculty member.

Academic Integrity

All members of the Cal Arts community are expected to be truthful in all their work. Failure to represent one's work truthfully undermines one's character and the integrity of our community. Students are responsible for knowing what constitutes dishonesty in academic work and what constitutes plagiarism.

- **Dishonesty** is exhibited through lying, cheating, or deceiving. Its examples include copying from the examination papers of other students and submitting as one's own work papers obtained from another person or from the Internet.
- **Plagiarism** is misrepresentation of another person's work as one's own, involving other persons' ideas, articles, books and other intellectual property without proper citation. It ranges from a failure to acknowledge one's indebtedness to another for an idea or ideas to using words or sentences from others' work without proper citation.

Any member of our community who violates the academic integrity policy will be subject to discipline. Academic integrity is under the supervision of the faculty, acting through the dean.

Facilities and Equipment Policies

California Arts University is committed to providing all students with equal access to academic courses, programs, and school activities. The University will meet the needs of the student to the extent that the student is able to perform the essential portions of the classwork and that accommodations will not impose an undue burden on the school and/or fundamentally altering the nature of the course, program, or activity at issue. Reasonable accommodations may include adaptations in the way specific course requirements are accomplished, the use of auxiliary equipment and support staff, and other modifications including testing procedures.

Facilities Policies

Scheduling Facilities, Obtaining Equipment and Supplies

To avoid double scheduling any room, facility or equipment, contact the student affairs staff and submit a School Building/Equipment Usage Request Form. Any reservations must be approved by the student affairs officer. A copy of the form is provided in the student affairs office.

Disability and Access

In accordance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA), the University will facilitate reasonable accommodations for a student with a disability that substantially affects a major life activity. For any employee or student whose disability would make it difficult to access any part of the facilities, they should speak to the student affairs officer. All possible efforts will be made to accommodate persons with disabilities. A student whose disability would make climbing stairs difficult should meet with the student affairs staff.

Any needed supporting services for accessing equipment or materials (e.g., part of our library collection) should be arranged with the office for delivery.

Maintenance and Inspection

Operation and maintenance of California Arts University facilities is directed by the Business Manager (COO), and assisted by a professional maintenance and janitorial companies.

The University shall adhere to all applicable state and federal regulations. Consistent with its mission, California Arts University seeks to assure all community members are able to learn and work in an atmosphere free from harassment. Harassing conduct is contrary to the nurturing community of learning the University wishes to foster. Harassment threatens the well-being of the University community.

This policy applies to all community members, including faculty, staff, and students. We will take appropriate action when this policy is violated. For the purpose of determining whether particular conduct constitutes a violation of this policy, the following definition will be used:

Members of the California Arts University community may bring complaints or concerns about harassing or discriminatory behavior to the academic dean. The University may seek informal resolution when it receives allegations of unlawful discrimination or harassment. Initially, concerns may be communicated orally; however, they should be submitted in writing before any formal review takes place. The written complaint should specify the University policy violated and all relevant factual details.

1. The dean shall read the complaint, and if it warrants further investigation, then a copy of the complaint should be forwarded to the person against whom the complaint is made (“respondent”). If the allegations would not constitute a violation of a policy, then the dean should inform the grievant in writing that the allegations are not subject to further investigation.
2. The respondent shall be given 14 calendar days from receipt of the complaint to return a written response to the dean, who then shall initiate a reasonable investigation into the matter. The investigation may include meeting with the parties, talking with witnesses, and reviewing any supporting documents. A grievant may elect to withdraw a formal complaint at any time; however, the university reserves the right to investigate all complaints in order to protect the interests of the University and its community.
3. Within a reasonable time, the dean shall make a decision based on the formal complaint, response, and any other relevant information. This decision shall be in writing and shall consist of factual findings, conclusions, and a remedy if one is appropriate. All parties shall receive a copy of the decision.

Students will be hired as part-time employees of the university after an application and interview process is completed. Under normal circumstances, students will be awarded 8 to 12 hours per week. Students are eligible for on-campus employment after fulfilling the following requirements:

1. Complete a job application and submit it to the financial aid officer
2. Interview for the position and be offered the position
3. Attend a work orientation session led by the supervisor
4. Demonstrate an ability to maintain a high level of work performance while also maintaining a normal academic load.

Wireless internet can be accessed throughout the campus. Students are encouraged to use a laptop/notebook computer that complies with the minimum system requirements. Students will be oriented to the IT use policies during student orientation.

Library Services

The mission of the California Arts University library is to provide the learning and research materials to students such that they are able to effectively attend to their extra classroom study and related coursework assignments. To further achieve our institutional mission, the university has developed a learning resources program to facilitate and enhance student learning by providing tutorial, research, and other forms of academic support. All students are invited to a library resources tour and are encouraged to request assistance in developing learning and resource finding skills.

The library is open from Monday through Friday, at 9:00 am to 9:00 pm. The library will assist you with any reference request made by a student. A reference librarian is available on Monday thru Thursday, from 1:00 am to 6:00 pm. Students may also utilize the card catalogue for a comprehensive listing of all the holdings available at the California Arts University library.

Most of the circulating materials may be checked out for two weeks and can be renewed for another two weeks unless requested by another student. Bound periodical volumes may circulate for three days. But unbound periodical issues and reference materials do not circulate outside the library. Students may access any of the library computers during any of the above hours of operation.

Student Housing Services

California Arts University does not have any dormitory facilities under our control. It is the responsibility of students to find appropriate housing. While California Arts University does not maintain dormitory facilities and has no responsibility to find or assist a student in finding housing, information on housing is available in the Admissions office. Costs vary for students as some live alone and others share housing with friends or relatives. Living modestly, one should expect to pay between \$1,500 and \$2,400 for living expenses including rent. CAU will assist the students in locating housing and other problems that attend a student in settling down in order to focus on studying. Questions concerning any of housing services may be addressed to the Dean/Director of Student Affairs.

It is the desire of the faculty, administrators and staff at California Arts University to provide students with continual individualized academic and personal counseling as the needs occur. Staff members of the Academic and Administrative Divisions are instructed to make themselves accessible to the students for their counseling needs, such as class selection, scheduling, personal problems, and other matters that are deemed important to the students and counseling sought.

Student Health and Safety

First aid service is provided for minor injuries that occur on campus. The Student Code Conduct outlines the safety rules and regulations of the institution.
