About Trinity International University

The Origins of Trinity International University

Trinity International University is composed of a liberal arts college, a divinity school, a graduate school, and a law school. Trinity is the educational ministry of the Evangelical Free Church of America (EFCA)¹. The university's main campus is located in Deerfield, Illinois, with regional centers in Miramar, Florida; Dolton, Illinois; and Santa Ana, California. The Florida Regional Center and California Regional Center are campuses, while the South Chicago Regional Center is a site.

Trinity's History

Trinity International University traces its roots to a ten-week Bible course begun by the Swedish Evangelical Free Church in 1897. This soon developed into the Bible Institute of the Swedish Evangelical Free Church of America. In 1884, the Norwegian-Danish Free Church Association had begun the Norwegian-Danish department of the Chicago Theological Seminary. In 1910, the department withdrew from the seminary and established the Norwegian-Danish Bible Institute and Academy, which was located first in Rushford, Minnesota, and then later in Minneapolis with the name Trinity Seminary and Bible Institute. Between 1946 and 1949 the Swedish school merged with the Norwegian-Danish school to form Trinity Seminary and Bible College, located in Chicago. During the 1960s the seminary (renamed Trinity Evangelical Divinity School) and the college (renamed Trinity College) moved to their present Deerfield campus. In 1992, the university acquired Miami Christian College, which became a branch location of the college, named Trinity College at Miami. In 1995, Trinity College (TC) and Trinity Evangelical Divinity School (TEDS) were united to form Trinity International University (TIU). In 1997, TIU welcomed students into the newly established Trinity Graduate School (TGS) and, the following year, incorporated Trinity Law School (TLS) into the university. Located in Santa Ana, California, Trinity Law School is accredited with the State Bar of California and is moving toward application for American Bar Association accreditation. The traditional undergraduate program in Miami closed in 2000 and the site was renamed the Trinity International University—Florida Regional Center.

What's in a Name?

People use the word university to mean different things. It can be just a label for a college or a way of describing a large college with graduate schools. But at Trinity, *university* emphasizes how every discipline is taught and studied from one common perspective (a uni-versity). This approach to education has been lost in many universities. All of the great Western universities of the world were founded on Christian principles. In fact, ninety of the first one-hundred colleges and universities founded in the United States were established to develop Christian character and to prepare people for ministry. However, cultural influence has eroded most schools' Christian convictions. Such schools no longer give students a Christian understanding of their disciplines or seek to prepare students for the demands of living the Christian life. Whereas these schools have a profound impact on students and society, they have no common philosophy or values.

The state of educational environments today is the reason it is so important to have a Christian University—why humanity needs to begin again to build great institutions that will explore God's world while acknowledging that He is Lord in the natural and social sciences, humanities, fine arts, and every aspect of experience. It is the reason Trinity International University can offer a fine education to undergraduate and graduate students alike—an education for service to God in the workplace, family, church, and community.

Governance

Preservation of a legacy calls for wise and careful leadership. We are governed by a 31-member Board of Regents (15 elected by the Evangelical Free Church of America Conference delegates, 13 appointed by the Board of Regents, two EFCA ex officio, and the TIU president) who carry the responsibility for the successful conduct of the school and for cooperation with local congregations of the EFCA.

¹ Trinity International University is an Illinois not-for-profit institution of higher education affiliated with the Evangelical Free Church of America.

The California Regional Center in Santa Ana, California, is home to Trinity Law School, which offers a traditional legal education from a Christian perspective. Some courses are taught in modular or weekend formats and, therefore, are attractive to students residing outside the southern California region.

The Schools

In 1995, Trinity Evangelical Divinity School and Trinity College merged to become Trinity International University. In 1997 the first class entered Trinity Graduate School. In early 1998 Trinity Law School in Santa Ana, California (originally founded in 1980 as the Simon Greenleaf School of Law), joined the growing institution. Now, with nearly 100 full-time faculty and 2,700 students, we are committed to the same vision with which we were founded in 1897 and determined to follow in the footsteps of the great universities that were founded on the cornerstone belief that all wisdom lies in Jesus Christ.

As Charles Malik has shown in his illuminating book *A Christian Critique of the University* (InterVarsity Press, 1982), the university is now the central institution of the modern world. Yet it is far from the university as it was established nearly one thousand years ago. The Christian schools of the past—including the great American universities of Princeton, Yale, and Harvard—are now largely or entirely secular institutions, built not on a vision of the glory of God, but as temples to the wisdom of this world. As Malik puts it, they have “swerved” from their grounding in Jesus Christ. Our task, if we are able to be salt in the world of our day, is to build institutions where we can think like Christians and learn to live as Christians in a culture in which both have become equally hard. Whether preparing to be pastors or missionaries or attorneys, teachers, counselors, scientists, corporate leaders, homemakers or public servants, whatever our calling under God, we need excellence in education, grounded in the lordship of Jesus Christ. That is the goal and task of Trinity.

“Engaging in God’s redemptive work in the world.” At the heart of Trinity’s mission lies its commitment to engage the culture for Jesus Christ. Trinity’s purpose is to enable its graduates—in all schools and in every discipline—to think and live like Christians in the twenty-first century. We believe that God calls his people into many kinds of service; Trinity’s calling is to prepare them to serve for His glory.

Trinity International University is a family of our four schools: Trinity College, Trinity Evangelical Divinity School, Trinity Graduate School, and Trinity Law School.

Trinity College (TC)

Dean: Thomas H.L. Cornman, PhD

Trinity College, a liberal arts college with the main campus in Deerfield, Illinois, and regional centers in Dolton, Illinois, and Miramar, Florida. The college offers a wide range of majors, including nontraditional options at all three locations. In Deerfield and Dolton, the nontraditional program is called REACH (Relevant Education for Adult Christians); at the Florida Regional Center, nontraditional delivery is known as EXCEL. The Florida Regional Center offers cohorts in Broward and Miami-Dade counties. At the Deerfield Campus, TC offers a full range of undergraduate majors ranging from biblical and religious studies, education, humanities, the natural sciences, and the social sciences. Juniors and seniors have the opportunity to take courses in the divinity school and graduate school. Special programs include the premedical majors, which have a cooperative relationship with The Center for Bioethics and Human Dignity on campus. Trinity College also offers dual Bachelor of Arts/Master of Arts degrees in Athletic Training, Bioethics, Leadership, Psychology/Mental Health Counseling, and an accelerated Bachelor of Arts/Master of Arts degree in Intercultural Studies. Together with Trinity Evangelical Divinity School, Trinity College offers several pathways to ministry including an innovative Advance (5 year BA/MDiv) program, and the

Advanced Placement MDiv degree, where qualified students who have completed prescribed pre-seminary studies may receive advanced placement in their MDiv program. The College also offers a three-year degree option.

Trinity Graduate School (TGS)

Dean: Thomas H.L. Cornman, PhD

Trinity Graduate School offers master’s degree programs in Deerfield, Illinois (MA/AT, MA/BE, MA/L, MA/T and MEd/DL), Dolton, IL (MA/L) and Miramar, Florida (MA/CP, MA/L. The Florida Regional Center also offers TGS courses in Miami-Dade County. The Graduate School draws on faculty and course offerings from all the schools of the university. The Master of Arts in Athletic Training degree program, upon completion, leads to students being eligible to sit for the national board certification examination administered by the Board of Certification (BOC). The Master of Arts in Bioethics degree program (MA/BE) capitalizes on the university’s nationally-known Center for Bioethics and Human Dignity (CBHD), offering coursework in modular and online formats. The Master of Arts in Leadership (MA/L) offers emphases in nonprofit, organizational, and international leadership to equip students for roles in a variety of contexts. The Master of Arts in Teaching (MA/T) leads to either elementary or secondary education licensure, and is designed for individuals with a bachelor’s degree who wish to enter the teaching field; the coursework is offered in a cohort-based format to accommodate working adults. The Master of Education in Diverse Learning degree program (MEd/DL) offers a cohort-based curriculum in which most of the coursework is offered in a hybrid format. The Master of Arts in Counseling Psychology (MA/CP) available only at the Florida Regional Center offers concentrations in Mental Health Counseling or Guidance and Counseling.

Trinity Evangelical Divinity School (TEDS)

Dean: Graham A. Cole, ThD

Trinity Evangelical Divinity School offers doctoral and masters degree programs in Deerfield, Illinois, Dolton, IL (MA/TS, MA in UM), and Miramar, Florida (MA/TS). At the heart of the divinity school is the Master of Divinity (MDiv), preparing pastors, teachers, and missionaries for Christian service. TEDS also offers the academic Master of Arts with concentrations in archaeology, church history, intercultural studies, New Testament, Old Testament and Semitic languages, systematic theology, and theological studies as well as the professional Master of Arts with a concentration on chaplaincy and ministry care, mental health counseling (licensure program), ministry, and urban ministry. TEDS offers the Master of Theology, the Doctor of Ministry, and the PhD with concentrations in educational, intercultural, or theological studies. Particularly unique options include the availability of the full Master of Arts (Theological Studies) at seven extension sites, accelerated Bachelor of Arts/Master of Arts and MDiv with Trinity College, and a 72-hour Advanced Placement MDiv for those with an undergraduate ministry degree.

Trinity Law School (TLS)

Dean: Eric Halvorson, JD

Trinity Law School, at the California Regional Center of Trinity International University, is strategically located in the City of Santa Ana, the heart of Southern California. The law school faculty reflects Trinity’s commitment to high educational standards and an active engagement of the culture with the Gospel’s profound and far-reaching implications. Trinity Law School offers a Juris Doctor degree and a Masters in Legal

Studies degree. The Juris Doctor is a 90-unit degree program that offers students flexible course schedules, affordable tuition, and the unique opportunity to study law from a Christian perspective. Graduates are eligible to sit for the California Bar Examination. The Masters in Legal Studies is a 30-unit degree program delivered entirely online, and offers several specialty concentrations including Human Resources Management and Church and Ministry Management.

Centers of Excellence

Trinity is home to the Henry Center for Theological Understanding, the Center for Bioethics & Human Dignity, the Jonathan Edwards Center, the Paul G. Hiebert Center for World Christianity and Global Theology, and the Center for Transformational Churches. Additionally, Camp Timber-lee operates under Trinity's organizational and administrative umbrella.

All centers hold events every year, including debates, conferences, and lectures, which cover a wide variety of topics and feature renown experts and theologians. The majority of these events are open to the public to attend – information is available on the University Calendar (<http://divinity.tiu.edu/calendar>).

The Paul G. Hiebert Center for World Christianity and Global Theology

Named after the late Paul G. Hiebert, who was an anthropologist and professor at Trinity Evangelical Divinity School from 1990–2007, The Paul G. Hiebert Center for World Christianity and Global Theology was launched in March 2017. The Center is directed by TEDS Dean Emeritus Tite Tiénou, Research Professor of Theology of Mission. Tiénou also holds the Tite Tiénou Chair of Global Theology and World Christianity.

The mission of the Hiebert Center is to promote strategic collaboration between North American and Majority World Christians for the advancement of the gospel and to facilitate the emergence of theological perspectives that are biblically faithful, contextually relevant, and reflect the global diversity of the body of Christ. Aligning with University's mission to educate men and women to engage in God's redemptive work in the world, The Paul G. Hiebert Center for World Christianity and Global Theology seeks to accomplish the following key objectives:

- Develop intercultural and international networks of collaboration for the advancement of the Gospel, focusing on, but not exclusive to, TEDS international alumni and students
- Provide research opportunities for "Majority World" theologians and other scholars who aim to study trends and patterns related to mission, theology, and the growth of the global church
- Assist members of TEDS' learning community (faculty, staff and students) to develop a 21st century global awareness and theological reflections, whether their calling is to serve in North America or the Majority World
- Develop partnership networks with Diaspora congregations in North America and beyond, to study and develop theological, missiological and pastoral resources for these growing congregations

The Center's leadership sees its role at Trinity as one of facilitation towards a deeper understanding of world Christianity and global theology for its faculty, staff and students. The Center's ongoing efforts to promote the work of Majority World theologians and scholars focus on creating spaces for generative conversations. This is largely accomplished through the example of guest speakers and scholars that visit Trinity's campus to present or participate in the Center's annual lecture series given by a Majority World scholar, symposia, consultations with Diaspora churches, and the visiting scholar program.

The Center's hope is also to facilitate reciprocity in Christian theologizing and relationships, bringing about a more complete picture of the nature of Christianity in the United States that includes Christians from the diaspora of Africa, Asia and Latin America, so that when people around

the world think of American Christianity, they think of a Christianity that includes these diverse pockets of faithful Christians.

Carl F.H. Henry Center for Theological Understanding (HCTU)

The Carl F. H. Henry Center for Theological Understanding (<http://henrycenter.tiu.edu>) provides a unique opportunity for ministers, professionals, and academics in various fields to work collaboratively with seminary faculty engaged in biblical and theological reflection. The goal of this partnership is to advance Christian wisdom in all areas of life and thought—in short, to enable people to apply the knowledge of God and themselves gleaned from Scripture in the rough and tumble of life. The Center seeks to embody the vision of Carl F. H. Henry (1913-2003), a long-time faculty member at Trinity, for Christian thinking that makes a difference in the academy, in our churches, and in the secular world. The work of the Center is thus aimed at promoting gospel-centered thinking and living with others—from a variety of ethnic and social backgrounds—for the glory of God, the good of His church, and the welfare of the world.

The Center for Bioethics and Human Dignity (CBHD)

The Center for Bioethics & Human Dignity (<http://cbhd.org>)

The Center for Bioethics & Human Dignity is a bioethics research center at Trinity International University that explores the intersection of medicine, technology, and our individual and common humanity. Established in 1994, CBHD brings distinctly Christian reflection to bear on current and emerging bioethical challenges that is both academically rigorous and broadly accessible. Such issues include end-of-life concerns, euthanasia and physician-assisted suicide, infertility and reproductive technologies, genetic interventions, biotechnologies (e.g., stem cell research, cloning, synthetic biology), emerging technologies (e.g., nanotechnology, neuroscience, artificial intelligence, robotics), and disability ethics, among many other issues. Working within a Judeo-Christian Hippocratic framework, CBHD fosters rigorous research, theological and conceptual analysis, charitable critique, and thoughtful engagement, to bring clarity to these complex issues of our day.

In short, the Center articulates Christian bioethics within the academy and provides credible, current, and comprehensive resources from a distinctly Christian perspective to assist in making wise decisions for ethical dilemmas that arise in medicine, science, and technology.

In addition to its annual summer conference, the Center has hosted a number of consultations, and regional and international conferences, and has produced a wide range of print publications and electronic resources. As an early provider of online resources, CBHD's websites host a spectrum of resources on a wide diversity of topics from introductory materials to scholarly resources for a global audience. As a leading voice in Christian bioethics, CBHD staff and fellows have appeared in a wide range of print, radio, and television media, provided congressional testimony, and are regular speakers at universities, conferences, and churches. In this regard, CBHD serves as a visible expression of TIU's emphasis on cultural engagement.

Primary Websites:

- CBHD.org (CBHD's flagship site, providing scholarly resources in Christian bioethics as well as updates on the Center's latest work and initiatives.)
- EverydayBioethics.org (Accessible resources for pastors, church leaders, and everyday individuals looking for introductory resources.)
- Bioethics.com (Global news site, provides the latest updates in bioethics news, issues, and events.)

Upcoming Events:

- 25th annual summer conference, Bioethics & Being Human, June 21-23, 2018

Jonathan Edwards Center at TEDS

The Jonathan Edwards Center (<http://jecteds.org>) at TEDS is a ministry of Trinity Evangelical Divinity School. Located on the campus of TEDS, it exists to promote and serve the conversation unfolding on Jonathan Edwards, America's preeminent pastor, theologian, and philosopher. It has a special concern to support scholarly work on Edwards and his international influence, but will also play a role in making Edwards more accessible to pastors and church people. The Center began in January 2010 under the direction of Douglas A. Sweeney. It is one of a number of satellite centers related to the original Jonathan Edwards Center at Yale University, and it is the only other extant center in North America. The center features three major lecture series (all hosted on Trinity's campus), an active online presence, an annual student paper competition, and an annually published journal, *Edwardseana*. Throughout all these various programs and publications, the Jonathan Edwards Centers aspires to be a hub for the wide-ranging constituency of those interested in Jonathan Edwards.

The Center for Transformational Churches

Founded in 2015 and emerging from Trinity International University's long-standing educational commitment to vibrant and deep Christian discipleship, the Center for Transformational Churches (<http://www.tiu.edu/center-for-transformational-churches>) was established to empower Christian leaders for fruitful work, gospel transformation, and cultural change.

Christ calls the church to be the primary vehicle for communicating the gospel and creating individual, communal, and cultural transformation. Every vocation matters to God and pastoral leaders are called to empower their congregations for fruitful mission in the world of work. The efforts of the Center for Transformational Churches support this calling and facilitate pastoral formation, leadership development, cultural engagement, and human flourishing.

The Center develops small group resources, convenes educational conferences, and establishes collaborative partnerships with denominational leaders. The Center's Spirit of Hope curricula helps believers understand how their faith connects to all of life. Its Resilience Project gathers pastoral couples for training and formation on the theme of resilience in ministry and the Center's Grief and Lament seminar convenes Christian leaders to understand the vital connection between suffering and the steadfast presence of our loving God.

The Center also serves as the home of the Oikonomia Network (ON) national office, an evangelical seminary learning community that equips theological educators to connect biblical wisdom and sound theology with work, daily discipleship, and good stewardship. The ON holds

conferences and publishes the Economic Wisdom Project, a set of resources for use in seminary classrooms and the church—resources which include lectures by Darrell Bock, Andy Crouch, Anthony Bradley, and many others.

Upcoming events hosted by the Center in 2018-2019 include the Faith at Work Summit, a two-day gathering of 500 church and marketplace leaders. Held on October 11-13th in Chicago, the summit gathers leaders and active participants from every industry sector who desire to learn from each other and work together to extend Christ's transforming presence in churches and workplaces around the world. The national office of the Oikonomia Network will be hosting the third annual Karam Forum. Held at Southeastern Baptist Theological Seminary on January 3-4, 2019, Karam Forum gathers theological educators for a fruitful time of insight, networking, and equipping.

Timber-Lee

For over 70 years, Camp Timber-lee (<http://www.timber-lee.com>) has led the Midwest in providing incredible Christian camping experiences for youth. Our 650-acre campus, located in Southeastern Wisconsin, is the perfect setting to learn about the outdoors, create significant memories, discover meaningful relationships and grow spiritually.

Approximately 20,000 guests are served annually through summer and winter youth camps, Outdoor Education experiences for public and private schools, and weekend retreat group rentals. In addition to the 120 summer staff hired each year, there are opportunities for participation in the Timber-lee gap year program for recent high school graduates, and a camp internship program for college graduates.

Timber-lee, like Trinity, shares close ties with the Evangelical Free Church of America as we strive to live out our mission of providing engaging communities where each young person encounters Christ through a dynamic camp experience.

Trinity International University Core Values

As an institution committed to inerrant Scripture, given by God as our final authority for faith and life, we hold ourselves accountable to it and to each other with regard to these values as we cultivate academic excellence, Christian faithfulness, and lifelong learning.

1. **Christ centered** -- We are here to model and to engender a Christ-centered approach to all that we do. The lordship of Christ should affect and be evident in every aspect of education, relationship, and endeavor at Trinity.
2. **Community focused** -- We seek to be a learning community that operates by the ethics and values of the Kingdom of God. The makeup of the community should be a reflection of the breadth and diversity of the family of God. The way we treat people should be consistent with the morals, justice, compassion, humility, and love of our Lord. Interaction with students should both reflect an attitude of service to them as individuals and take advantage of opportunities for mentoring and modeling and personal development.
3. **Church connected** -- We value service to the Church because we believe that the Church is God's central vehicle to accomplish his work in the world. Our vision for serving the Church is a global vision, just as God's vision for his Church is global. A particular value affecting Trinity's work is to identify and meet the educational needs of the EFCA.
4. **Culturally engaged** -- We seek to bring faith, life, and learning to bear on the issues facing our world. Our perspective is one of engagement with culture from a Christ-centered and biblically rooted foundation. We are committed to high standards of research, scholarship, thinking, and living as a means of preparing students to engage the world and to respond honestly and earnestly to those in a pluralistic society.

Trinity International University Mission Statement

Trinity International University educates men and women to engage in God's redemptive work in the world by cultivating academic excellence, Christian faithfulness, and lifelong learning.

Trinity International University Statement of Faith

Trinity International University holds to the doctrinal position of the Evangelical Free Church of America (<http://www.efca.org>).

EFCA Statement of Faith, adopted by the Conference on June 26, 2008

The Evangelical Free Church of America is an association of autonomous churches united around these theological convictions:

2. We believe that God has spoken in the Scriptures, both Old and New Testaments, through the words of human authors. As the verbally inspired Word of God, the Bible is without error in the original writings, the complete revelation of His will for salvation, and the ultimate authority by which every realm of human knowledge and endeavor should be judged. Therefore, it is to be believed in all that it teaches, obeyed in all that it requires, and trusted in all that it promises.
3. We believe that God created Adam and Eve in His image, but they sinned when tempted by Satan. In union with Adam, human beings are sinners by nature and by choice, alienated from God, and under His wrath. Only through God's saving work in Jesus Christ can we be rescued, reconciled and renewed.
4. We believe that Jesus Christ is God incarnate, fully God and fully man, one Person in two natures. Jesus—Israel's promised Messiah—was conceived through the Holy Spirit and born of the virgin Mary. He lived a sinless life, was crucified under Pontius Pilate, arose bodily from the dead, ascended into heaven and sits at the right hand of God the Father as our High Priest and Advocate.
5. We believe that Jesus Christ, as our representative and substitute, shed His blood on the cross as the perfect, all-sufficient sacrifice for our sins. His atoning death and victorious resurrection constitute the only ground for salvation.
6. We believe that the Holy Spirit, in all that He does, glorifies the Lord Jesus Christ. He convicts the world of its guilt. He regenerates sinners, and in Him they are baptized into union with Christ and adopted as heirs in the family of God. He also indwells, illuminates, guides, equips and empowers believers for Christ-like living and service.
7. We believe that the true church comprises all who have been justified by God's grace through faith alone in Christ alone. They are united by the Holy Spirit in the body of Christ of which He is the Head. The true church is manifest in local churches, whose membership should be composed only of believers. The Lord Jesus mandated two ordinances, baptism and the Lord's Supper, which visibly and tangibly express the gospel. Though they are not the means of salvation, when celebrated by the church in genuine faith, these ordinances confirm and nourish the believer.
8. We believe that God's justifying grace must not be separated from His sanctifying power and purpose. God commands us to love Him supremely and others sacrificially, and to live out our faith with care for one another, compassion toward the poor and justice for the oppressed. With God's Word, the Spirit's power, and fervent prayer in Christ's name, we are to combat the spiritual forces of evil. In obedience to Christ's commission, we are to make disciples among all people, always bearing witness to the gospel in word and deed.
9. We believe in the personal, bodily and premillennial return of our Lord Jesus Christ. The coming of Christ, at a time known only to God, demands constant expectancy and, as our blessed hope, motivates the believer to godly living, sacrificial service and energetic mission.
10. We believe that God commands everyone everywhere to believe the gospel by turning to Him in repentance and receiving the Lord Jesus Christ. We believe that God will raise the dead bodily and judge the world, assigning the unbeliever to condemnation and eternal conscious punishment and the believer to eternal blessedness and joy with the Lord in the new heaven and the new earth, to the praise of His glorious grace. Amen.

1. We believe in one God, Creator of all things, holy, infinitely perfect, and eternally existing in a loving unity of three equally divine Persons: the Father, the Son and the Holy Spirit. Having limitless knowledge and sovereign power, God has graciously purposed from eternity to redeem a people for Himself and to make all things new for His own glory.

Community Life Expectations

Community Life Expectations

The foundation of our community is the Great Commandment (Mark 12:30-31): “Love the Lord God with all your heart and with all your soul and with all your mind and with all your strength. . . Love your neighbor as yourself. There is no commandment greater than these” (NIV). In a perfect community, we would all live by the Spirit—“the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control” (Galatians 5:22-23, NIV)—and we wouldn’t need any further guidelines; however, no perfect community exists. In Galatians 5, Paul urges Christians to walk by the Spirit so as not to carry out the desires of flesh. “Deeds of the flesh are evident, which are: immorality, impurity, sensuality, idolatry, sorcery, enmities, strife, jealousy, outbursts of anger, disputes, dissensions, factions, envying, drunkenness, carousing, and things like these, of which I forewarn you, just as I have forewarned you, that those who practice such things will not inherit the Kingdom of God” (Galatians 5:19- 21). Therefore, to foster a healthy, vibrant community environment, which encourages loving the Lord and loving others, Trinity has established Community Life Expectations for all students (full and part-time, residents and commuters).

Practices that are specifically forbidden in Scripture, such as dishonesty, theft, gambling, premarital sex, abortion, adultery, homosexual behavior, use of pornography, drunkenness, profanity, gossip, racism, and infringement on the rights of others, will not be condoned.

Scripture explicitly teaches respect for governmental authority. Students are therefore expected to uphold the laws of the local community, the state, and the nation except on those occasions where obedience to civil authority would require behavior directly in conflict with other scriptural principles.

In a Christian academic community, academic dishonesty, including cheating, plagiarism, and misappropriation of library materials, is regarded as a serious violation.

Students will be required to refrain from the possession or use of harmful substances such as non-prescribed stimulants and depressants, hallucinogenic, and illegal drugs.

Students violating any of the Community Life Expectations, listed in the Student Handbook (available online at MyTIU Campus Life > Student Handbooks), or any other university policies, will be subject to disciplinary action as outlined in the Student Handbook.

In order to facilitate orderly community life, students are expected to abide by other procedural rules and regulations as announced.

The following list, though not exhaustive, defines some of the activities found in our Student Handbook that are not permitted for Trinity students.

Drug-Free Campus

Trinity International University is a drug-free campus. Possession, purchase, distribution or consumption of any illegal drug is not permitted. Students suspected of the above will be asked to undergo drug testing available at Advocate Medical Center or on campus. Any student refusing to submit to these tests will be held in violation of our expectations. Any student who is involved in the purchase, possession, consumption or distribution of illegal drugs is subject to immediate dismissal from

Trinity. Trinity reserves the right to report instances of illicit drug use and alcohol possession or use to the proper authorities.

Alcohol-Free and Tobacco-Free Campus

Trinity International University is also an alcohol-free and tobacco-free campus. Trinity College students, regardless of age, are not permitted, under any circumstances, to purchase, possess, consume, or distribute alcoholic beverages or tobacco products of any kind on or off-campus. Nonalcoholic beer and other drinks containing a percentage of alcohol are also prohibited. Individuals may be subject to having their breath smelled and/or tested by a Breathalyzer exam given by a staff member.

Any student who is involved in the purchase of alcohol for a minor or who provides an off-campus location for a party where alcohol is available, is subject to immediate dismissal from Trinity. Trinity reserves the right to report instances of illicit drug use and alcohol possession or use to the proper authorities.

Discrimination and Harassment-Free Campus

To foster and maintain a healthy Christian community, we must depend on one another to preserve the unity of the Spirit. Being a member of the Trinity Community offers unique privileges, but it also requires unique responsibilities.

Trinity values a community environment that is free from all forms of discrimination and harassment. Therefore, discrimination and harassment of any type toward any individual (including domestic relationships) will not be tolerated by the institution. This includes any form of verbal, physical, written (including electronic transmissions) abuse, threats, or stalking. This also may include a persistent pattern of behavior directed at another individual that distresses, frightens, or is in some manner inappropriate or threatening. Examples of this include but are not limited to hate speech, abuse because of one’s race, gender (sexual harassment, including unwanted advances), nationality, or disability. In the event of threats or the potential of stalking, TIU reserves the right to contact law enforcement agencies. A formal complaint procedure has been established to respond to allegations of discrimination and harassment and is available to all students from the Student Life Department. Those found in violation will be subjected to disciplinary action. For further information on Community Life Expectations, please see *Student Handbook*.

Community (Student Life)

Student Life provides opportunity for students to integrate their faith with their living and learning. Through chapel services, forums, and various activities and events, Student Life seeks to support the learning that is taking place in the classrooms by providing opportunities for students to apply what they learn to their practice. By living out what they are learning, students have the opportunity to see how our faith, built on the full revelation of Scripture, permeates and influences every aspect of our lives. Truly, no facets of our lives remain outside the reign of Jesus Christ.

At the heart of each member of the Student Life staff, you will find a deep desire to serve our students and facilitate their intellectual, spiritual, emotional, social, and physical development. To encourage holistic growth in each and every one of our students, Student Life is intentional about providing a positive, co-curricular environment with numerous on and off-campus opportunities. Our aim is to foster a

learning atmosphere that allows students to integrate their faith with their lives, while affirming each individual's unique identity in the body of Christ and in the learning community of Trinity, all within the context of supporting the intellectual seriousness and academic rigors of graduate and undergraduate education.

Whether assisting Trinity students with a housing need, promoting healthy living and spiritual formation, or forming supportive relationships, Student Life staff seek to be available to all students and to cultivate growth regardless of the venue. In all things, our staff attempts to encourage and model a wholehearted pursuit of the Lord through real relationships that demonstrate openness and transparency, and through renewal of our minds, bringing all things into greater Christ likeness in our lives.

The Division for Student Life is located on the lower level of the Waybright Center and houses the office of the Vice President for Student Life and University Services, Dean of Students, Associate Vice President for Spiritual Life and University Ministries and the Associate Dean of Students. Chapel

Worship is at the heart of the Christian life and at the heart of our mission as a university. Chapel plays a crucial role in forming us into a community that worships God and reminds us that all that we know and do are means of glorifying him. Truly, our academic pursuit is in an act of worship toward God. Chapel helps us to integrate our faith with our living and learning.

Worship is at the center of the Christian life and at the center of the Trinity community. TEDS/TGS students, faculty, and staff join together for corporate worship every Tuesday (11:00-11:50 a.m.) in the A. T. Olson Chapel. College students, faculty, and staff join together for corporate worship two times a week. A team of pastorally motivated student leaders plan diverse expressions of praise designed to give glory to God above all. The Holy Scripture is central to all of our worship as gifted faculty members, students, and leaders from around the world help us to faithfully engage with God and his Word. Chapel provides a place of rest for students in the midst of busy schedules as they are reminded of God's goodness and grace. Chapel is also a place of community building, as students and faculty share times of prayer and testimony together. All students are strongly encouraged to make our corporate worship gatherings an integral part of their theological training.

The chapel seeks to communicate and model the importance of local church involvement. A Local Church database is updated each year and periodically pastors/college ministers will come to campus so that students may find and connect to the ministries of a local church. Students may fulfill Service Learning credits through ministry involvement in a local church.

Commuters

Many students commute to campus and we provide space for studying and relaxing such as the Waybright Center, Rodine Building Lobby and

Cafe, McLennan Atrium, Library and other lounges. Most buildings open at 6a.m. and close late for the convenience of commuters.

Convocation

Another important part of community life at Trinity is the All-University Convocation, which marks the beginning of the academic year. University library and offices are closed so that all faculty, students, and staff from Trinity's various schools may come together to be united in worship. Worship is usually led by a team of administrators, students, faculty, and staff, which gives visible expression to the diversity of the Trinity community. Through a presidential address, we are challenged with our Christian calling in the world and are reminded of Trinity's place in that calling.

Counseling Center

The Trinity International University Counseling Center (<http://divinity.tiu.edu/student-life/student-care/counseling-center>) is a safe and inviting place to seek wholeness, providing affordable services for students, spouses, staff, and the community. The staff is dedicated to serving each individual seeking assistance. Sessions are confidential and are offered both in individual and group therapy settings. Assessment services are available for personal, premarital, educational, and career direction. The Center is an administrator for the MDiv Counseling Assessment and Miller Analogies Test (MAT). For more information please call our office at 847.317.4067 or email us at counctr@counctr@tiu.edu (counctr@tiu.edu)[tiu](mailto:counctr@tiu.edu) (counctr@tiu.edu). Deacon's Fund

The Deacon's Fund is based on the New Testament pattern of a Christian community caring for the temporal needs of fellow believers. Donations are received and dispersed to meet the special, unforeseen needs of TEDS students and their immediate families. Vice President for Student Life and University Ministries seeks to identify those who qualify for this ministry.

Formation Groups

TEDS students meet weekly in a small group led by a faculty member, generally during the 12:00 hour on Tuesdays or Thursdays, or during other times throughout the week. These Formation Groups are an important component of our students' personal, spiritual, and ministry development. As a place for discussion, prayer, and mentoring, Formation Groups complement more formal education and offer a warm place for mutual encouragement in the context of ministry and theological education. Formation Groups are guided by three main objectives:

To Grow Together in Biblical Wisdom

... by bringing Scripture, theology, and history to bear on relevant personal, ministry, cultural, and sociopolitical issues

To Grow Together in the Grace of God

... by engaging in and understanding primary means of grace (Word, Prayer, Worship), as well as other Christian disciplines

To Grow Together in Relationships and Relational Skills

... by engaging in the building of relationships, mutual ministry, and service to others; providing encouragement and accountability with those who share the unique challenges of ministry and theological education

Participation in Formation Groups is required for MDiv students as a part of the candidacy process (see MDiv Candidacy). For master's program students, registration and participation in two semesters of Formation Group can serve to fulfill up to one field education requirement. Any participation beyond the two is encouraged but will not be further counted to fulfill any remaining field education.

Housing

Trinity College believes that residence hall living fosters social and emotional development, so it is required that full-time students live on campus unless they meet one of the following criteria:

1. Those living with their parents
2. Students twenty-one years of age or older by September 1 of the current academic year
3. Married students

Students living in Residence Halls are required to participate in one of the dining hall block meal plans unless they are living in Senior Privileged housing. The college does not permit co-ed cohabitation off campus (co-eds living in the same dwelling unit) at any time. All residential students must be full-time students, maintaining a schedule of at least 12 credit hours per semester. Cancellations to residential dormitory housing must be made by the deadlines stipulated on the student housing contract. Failure to do so will result in the forfeiture of housing deposit. Any student who does not qualify to live off campus may submit a written request to the Director of Residence Life to be considered for off-campus approval.

TEDS and TGS students are eligible to apply for on campus housing, both in Owens, the residence hall, as well as in the apartments. Contact housing@tiu.edu.

Health Services

The State of Illinois requires incoming students to submit documentation with exact dates of the following injections: Measles (two); Mumps (one); Rubella (one); and Tetanus/Diphtheria (one injection within the last ten years). For students not attending U.S. grades 9-12, three Tetanus/Diphtheria injections are required, the third being within the last ten years. A PPD tuberculosis skin test is also required within the last twelve months. If written documentation is not available, all injections must be repeated. Students may receive a medical exemption from their doctor or write a letter of religious objection. Illinois law does not permit conscientious objection.

Accepted students will receive further information and a proper form to be completed as part of the admissions process. Immunization forms may be downloaded from MyTIU>Campus Services>Counseling and Health Services. Students should *not* send immunization documentation before receiving the official form. Students who are taking less than 6 hours of credit or who were born prior to 1957 are exempt from this law.

Immunization forms are due two weeks before classes begin. A \$50 late fee is charged after that time.

Intercollegiate Athletics

The TIU Trojans intercollegiate athletic program competes within the Chicagoland Collegiate Athletic Conference of the National Association of Intercollegiate Athletics (NAIA). We also belong to the Mid-States Football Association and the National Christian College Athletics Association. Students interested in competing should contact the coach

listed in the staff directory of tiutrojans.com. Intercollegiate competition for men includes cross-country, baseball, basketball, football, and soccer. Women compete in cross-country, basketball, soccer, softball, and volleyball.

On-campus competition venues include Van Dixhorn Arena located in the Kenneth M. Meyer Sports Complex, Schartner Soccer Field, Leslie A. Frazier Football Field, as well as our baseball and softball fields.

Intercultural Development

The Intercultural Development Office (IDO), located in the lower level of the Waybright Center, exists to serve students of different ethnic and cultural backgrounds by providing resources that promote academic success, cultural appreciation, and spiritual development, while facilitating community-wide dialogue and growth regarding matters of ethnic diversity from a biblical perspective. We seek to accomplish our goals by accepting all students as unique individuals with important gifts, by providing resources and relationships to honor their diversity, and by coordinating programs and events to celebrate various ethnic backgrounds and cultures represented by our student body. One avenue for spiritual development provided for students is the TIU Gospel Choir. The IDO works to prepare students to live, relate, work, and minister in an increasingly multi-ethnic world, desiring to live out John 17:21: "I pray . . . that all of them may be one, Father, just as you are in me and I am in you. May they also be in us so that the world may believe that you have sent me" (NIV).

International Student and Scholar Office

The International Student and Scholar Office (ISSO) provides comprehensive non-immigrant regulation advisement, hospitality assistance, social support, and advocacy for international students while striving to foster further cross-cultural understanding through interaction between the international students and the broader community.

The ISSO works with more than one-hundred-fifty international students and their families. Immigration matters for TEDS, TGS, and TC are handled in the ISSO. The office is located in the lower level of the Waybright Center.

The ISSO serves to implement the federal Student and Exchange Visitor Information System (SEVIS) as related to the issuing of visas for international students. The office ensures that the university remains in compliance with all federal and state reporting requirements, authorizing I-20 and I-17 forms.

The ISSO is concerned about students' needs as they begin the transition to their new surroundings in the United States and provides counseling on immigration issues and cultural adjustments. Upon new students' arrival, the ISSO has a special orientation program, arranges for household items and furniture to be available, coordinates hospitality, and provides information for adjustment and transition to a new locale and culture.

Intramurals & Recreation

Trinity sponsors a wide variety of intramural sports and recreational activities throughout the year to encourage student participation. Physical development is viewed as a vital part of a holistic approach to the Christian life. Intramural leagues typically include outdoor soccer and sand volleyball during the fall semester, and indoor basketball and soccer during the spring. Weight and aerobic equipment are available at the Aldeen Fitness Center, as are a variety of classes.

Other physical activity spaces include the Van Dixhorn Arena located in the Kenneth M. Meyer Sports Complex, various outdoor athletic fields, a disc golf course and sand volleyball court. In addition, privately owned College Park Athletic Club offers a discounted rate to Trinity students and staff.

Kids on Kampus

Kids on Kampus is a ministry of the Trinity community that seeks to disciple the children of Trinity students and encourage their families. There are more than seventy children from all around the world who live on Trinity's campus and many other Trinity families who live in the surrounding communities. The Kids on Kampus vision is to help them with the adjustment to living in a new place, help them enjoy their time here, and help them grow in the Lord as their family prepares for ministry. There are activities for children four to seven years old on Thursday evenings and for children eight and older on Saturdays. There are a number of trips and outings as well. Field Education opportunities are available for students to gain experience with children's ministry. For more information, please contact the Coordinator of Kids on Kampus at 847.317.4068 or at mphillip@tiu.edu.

New Student Orientation

New Student Orientation facilitates a hospitable transition for new students and their families through a relevant and significant introduction to all aspects of life in the Trinity learning community. NSO ushers students into the Trinity learning community through events designed to both *communicate* and *embody* Trinity's Core Values in ways that impact students' education and life. It is important for students and family members to understand and experience these core values so that they are excited and affirmed in their choice to come to Trinity. NSO seeks to help new students establish relationships with other students and faculty. Another priority is to guide them through the initial processes needed for beginning well.

New Student Orientation is held prior to the beginning of the fall and spring semesters. Fall and spring orientations are events that incorporate corporate worship, community meals, tours of the campus and facilities, and communication of vital information on academic and other matters to aid a new student's transition to graduate education.

Prayer

Prayer is an important aspect of community life at Trinity. Classes frequently begin with prayer. Students and faculty can often be seen praying with each other around the campus. On Mondays (11:00-11:45 a.m.), TEDS faculty and administrators meet together for prayer while various student prayer groups meet throughout the campus.

Once every semester, classes are suspended for a **Day of Prayer**. The purpose of this day is to acknowledge our humble dependence upon Christ by making room to intercede for God's continuing work at Trinity and around the world. This important day also allows for extended times of personal and corporate reflection. The morning is spent in creative, concerted prayer and thanksgiving in the chapel. In the afternoon, Formation Groups continue in prayer, fellowship, and other activities.

Residence Life

Residence Life exists to provide living environments conducive to holistic community discipleship. We believe that people are created for relationship and that community is paramount for growth in Christ. As iron sharpens iron, we sharpen one another, and while we are different,

we come together as a body to spur one another on toward personal growth and kingdom work. It is our desire that life in the residence halls would be vibrant and active, a place where fellowship and community are encouraged and where there is safety for processing tough times as well as celebrating seasons of joy.

At Trinity, we believe that your residence hall is your home - a place for you to feel known and to participate in doing life with other people as we journey closer to God together. We seek to cultivate and facilitate a holistic environment that is conducive to meeting the educational goals of our students, to developing life skills, and to forming lifelong friendships. It provides an opportunity for students to integrate faith with living.

The Residence Life staff is comprised of Full-time staff, as well as Graduate Residence Advisors who oversee the Resident Assistants responsible for fostering community discipleship among their students. The Resident Assistant on each floor offers students encouragement, support, guidance, and practical assistance. Community is built through participation in shared meal times, small group activities, regular worship, prayer times, and other planned events for fellowship and relaxation.

Room Reservations

Official on-campus student groups have access to campus facilities. Please contact the Student Life Office to request and approve campus reservations (studentlife@tiu.edu (aware@tiu.edu), 847.317.4062). All campus reservations are managed by the Director of Event Services and Reservations (847.317.6406).

Spiritual Life and University Ministries

Local and Global Partnerships and Campus Ministries are located in the Waybright Center and exist to create spaces and opportunities for students to learn a "way of life in Christ Jesus." For us, this is the way of transforming grace, the way of mission and kingdom service, the way of biblical wisdom, and the way of reconciled relationships. Each initiative seeks to facilitate understanding of the authentic Christian life and to provide opportunities where faith can be put into practice. As such,

it is our privilege to serve the cause of Christ on campus, in our local community, and throughout the world.

Local Community Partnerships

To develop student leadership and servanthood, we support several student-led, student-initiated outreach teams that challenge students to make an impact in the local community. Every year student ministry teams serve on a weekly basis in areas like the following:

- **After School Empower:** serves middle school students in the North Chicago/Waukegan area, helping with homework, hearing stories, and empowering students to see their value and potential.
- **Habitat for Humanity:** Provides hands-on service while eliminating substandard housing in Lake County through raising awareness, fundraising, and serving at the local build days and RE:Store. This group meets on campus.
- **National School Project:** Mentoring high school students to reach their campuses for Christ with a large interest in evangelism.
- **Nursing Home Ministry:** Serve the local residents of an assisted living center in Buffalo Grove: playing BINGO, watching movies, hearing stories, and creating friendships/community.
- **Refugee Ministry:** In partnership with Exodus World Service, they welcome refugee families in the Rogers Park area: being a friend to the families, helping with English, with homework, and with other transitional pieces while also creating community as these families enter into life in America.

A student cabinet of ministry leaders (Community Partnerships Cabinet), along with staff, provide oversight to these ministry teams. Many students who participate with Local Community Partnerships may receive Service Learning Credit. (For more information on Service Learning, see "Requirements for Graduation.")

Discipleship

We seek to nurture spiritual growth in the lives of college students through active participation in discipleship activities. We provide small-group opportunities for students on each residential floor. These Life Together Groups are led by staff and faculty and provide a space for students to engage with God and with one another. Also, every year student ministry teams invest in the spiritual maturity of the men and women on our campus:

- **Men Under God:** Encouraging the men of Trinity in deepening their faith as they meet weekly for worship, teaching, and small group reflection as well as develop formative mentoring relationships.
- **Women's Ministry Council:** Creating space for the women of Trinity to come and experience the unconditional love the Father has for his daughters. Regular events address significant topics of discipleship, while Emmaus Bible Study meets weekly for vibrant discussions of God's Word.

Global Community Partnerships

The overall objective of our program is to create opportunities for our students to integrate their faith and learning in a cross-cultural context.

Our Global Education Trips seek to catalyze spiritual formation and foster our students' leadership skills. They are designed to stimulate our students educationally, by exposing them to cross cultural contexts.

Our desire is that our GET program creates opportunities for our students to *GET up* from a posture of apathy and indifference to the world, encourage them to *GET out* of their comfort zone into a new context and then *GET in* with the conversations and activities that reflect

the concern and commitment to the global church and activities on the global scene. Preparation includes six weekly meetings, where students are given instruction in cross-cultural and compassion ministry, the theology of mercy and justice, evangelistic outreach, team dynamics, and prayer. College students who participate in these outreach trips may receive Service Learning credit. A three-credit wrap around course is also available. TEDS/TGS students are also encouraged to consider leadership or participation in these opportunities.

The Gospel in the Public Square seeks to bridge the gap between the Trinity community, the classroom, and the culture at large. Through multiple events held on campus throughout the year, GPS invites Trinity faculty and other experts to speak on cultural issues in light of the gospel of Jesus Christ. It is the hope of GPS to equip future church leaders to engage with often difficult cultural issues that every Christian must address in a loving and biblically based manner.

Mail Services

The Mail Services Department offers many of the same services as a post office: receiving and sending mail; sale of postage; USPS certification, registration, delivery confirmation, and insurance; and USPS Priority and Express Mail; as well as Federal Express to both international and domestic locations. A mailbox is provided free of charge to all students, both residential and commuters, and is retained until leaving school permanently. Students should inform Mail Services of the names of all individuals (self, spouse, children) who will be receiving mail in their box. Students should check their mailbox a few times a month or risk the box being closed. Mailbox assignments are normally made at registration. If a student does not attend registration or fails to receive a mailbox assignment there, a mailbox can be obtained at the Mail Services Office located in the Waybright Center. Any student requesting a mailbox assignment prior to registration should call the Mail Services at x8170 (847.317.8170) or e-mail mailservices@tiu.edu. Located at the Deerfield Campus.

On-Campus Housing

Residence halls include Johnson, Carlson, Madsen and Trinity Hall. Johnson is our freshman building, while the other 3 are available for the rest of our undergraduate population. Please visit our website (<http://undergrad.tiu.edu/student-life/housing-and-dining>) for more information.

Owens is our graduate residence hall, and we have approximately 120 apartments on campus as well. Housing is reserved for full-time students only. While we seek to offer on-campus housing to students who request it, because of high volume, this is not always possible.

Please visit the housing section of myTIU (https://my.tiu.edu/ICS/Campus_Services/Housing_Services) for additional information. If you have any questions about housing, please e-mail housing@tiu.edu or call 847.317.4029. Located at the Deerfield Campus.

Placement for TEDS Students

The TEDS Placement Office assists graduates and students nearing graduation with ministry placement in churches and Christian organizations. The Placement Office provides assistance in résumé writing, interviewing, and searching for ministry openings. Trinity makes every effort to serve all denominations as effectively as possible. Numerous churches from around the country and world send ministry openings directly to the Placement Office in an effort to find candidates from TEDS (including the EFCA, other denominations, and independent congregations).

Representatives from many churches make on-campus visits to recruit TEDS students to ministry openings. District Superintendents from the EFCA are on campus at various times, but especially during Trinity's EFCA Week. The scheduling of interviews are often handled through the Placement Office. Located at the Deerfield Campus.

Student Employment

The Trinity Career Development Office assists students in securing employment while at the university. Off-campus full- and part-time employment opportunities, as well as on-campus Federal Work-

Study Program and non Work-Study jobs, are listed on the student employment section of myTIU (https://my.tiu.edu/ICS/Campus_Services/Student_Employment_Services). The Human Resources department oversees the new hire process which consists of 4 steps. Students may not begin working until they have completed step 3: Authorization to Work. Students working on campus will be required to present specific, original identifying documents (or certified copies) to be eligible for employment (see website for required documents). A downloadable form (https://my.tiu.edu/ICS/Administrative_Resources/Human_Resources.jnz) to complete the process can be found on myTIU (<https://my.tiu.edu>). Located at the Deerfield Campus.

James E. Roling Memorial Library

The Roling Library provides print, media, and electronic resources tailored to the curriculum and information needs of the university community. The collection contains 200,000 volumes, including print and electronic books. The library also subscribes to print and online journals and acquires different forms of media. Students may conduct subject-specialized research using databases such as ATLA Religion Database, PsycINFO, and ERIC (Education Resources Information Center). These resources enable Trinity students to learn to deal effectively and efficiently with their information needs.

As the student's experience and skills grow and the need for information becomes more sophisticated, the library offers access to ever wider resources to meet that need, thanks to its participation in a variety of local, regional and nationwide networks. Membership with CARLI (Consortium of Academic and Research Libraries in Illinois) creates convenient access to the library materials of over 80 other academic libraries in Illinois using I-Share. ILLiad is an efficient method for patrons to request books, theses, dissertations, and journal articles from various libraries nationally and internationally. Reference librarians provide research assistance and instruction both in-person and online to educate students on information literacy and improve their research skills.

Distinctive features of the collection include archival materials of the Evangelical Free Church of America, Swedish and Norwegian religious history collections, and papers of outstanding evangelical scholars including Dr. Carl F. H. Henry and Dr. Wilbur Smith.

Many of the services can be accessed electronically by visiting <http://roling.tiu.edu>. The James E. Roling Memorial Library is located at the Deerfield campus.

Special Events and Opportunities

Bioethics Colloquium Series

Trinity annually hosts three bioethics colloquia during the January-March period. Each colloquium features a presentation by a Christian leader in the bioethics field on a topic of widespread current interest, followed by a period of discussion. The session as well as refreshments following, are open to the entire university and surrounding community free of charge.

Global Christian Week

Our annual Global Christian Week is conducted in early fall. During that time, prominent missionary spokespersons employ chapel messages, lectures, colloquia, and seminars to focus on the worldwide mission of the church. Representatives of a number of evangelical mission agencies are also invited to campus to consult with students.

Endowed Lectureships and Symposia

Bernard H. Rom Preaching Lectures

Rev. Bernard H. Rom served two pastorates in his lifetime at Evangelical Free churches in Pullman, Illinois, and Madison, Wisconsin. In honor of Rev. Rom's ministry, which was characterized by consistent biblical exposition and exceptional communication from the pulpit, his family endowed a lecture series that brings outstanding preachers to the Trinity campus each fall semester. Recent guests include Dr. Mark Labberton, Dr. Ajith Fernando, Dr. Dennis Johnson, Dr. Timothy Warren, Dr. Mike Bullmore, Rev. David Jackman, and Dr. Crawford Loritts.

Christian Worldview Conversation Series

In the spirit of Christian world-and-life-view thinking and its ability to shape questions of faith and learning in the context of the Christian academe, Trinity has initiated the Christian Worldview Conversation Series. Funding for this endowed series has been provided by the Institute for Advanced Christian Studies founded by the late Dr. Carl F. H. Henry, whose writings and life shape contemporary Christian worldview thinking. Additional funding comes from friends of the late Dr. Kenneth S. Kantzer, whose life and character as dean of both the Divinity School and Graduate School and also as president of Trinity College shaped the Trinity of today. The series provides a context for sustained conversations that compel the engagement of the Christian world and life view with the breadth of the disciplines in theology, the humanities, and the natural and social sciences. Recent guests include: Dr. Keith Yandell and Dr. Ajith Fernando.

J. Herbert and Winnifred M. Kane Global Engagement Lectures

The late Dr. Kane served as a professor of mission at Trinity during the 1970s. These Global Engagement Lectures established by Dr. Kane's family and friends in his honor bring a mission theorist to campus to address issues in the global church and the idea of *world Christians*, a term used by Dr. Kane. Recent guests have included Dr. Ajith Fernando, Dr. Tadataka Maruyama, and Dr. Juan Samuel Escobar. Topical Dialogues

Additional lectures, dialogues, and symposia are offered on a regular basis on the Trinity campus. Often these are discipline specific and may be a one-time presentation or a series of dialogues. These include topical conversations in theology, Christian thought, educational ministries, church history, spiritual formation and engagement with contemporary society. Guests represent a breadth of international contexts, and topics vary widely. Funding for Topical Dialogues come from a variety of TEDS friends, including The Family Altar League, the family of Mel Larson, and the family of A. J. Thorwall.

TAPP participants are charged a \$50 fee to enroll in the monthly plan each semester. The TAPP fee is divided into the total costs of the semester bill. All TAPP invoices are sent on the 1st of each month (payment due dates are listed below). A \$40 Late Fine is charged for any payments received more than five days past the due date.

General Policies

Accepted Forms of Payment

The university accepts cash, check, money order, debit card, MasterCard, Visa, America Express and Discover. Please note that a \$25 fee is charged for any check returned by the bank due to non-sufficient funds, a closed account, a stopped payment, or any other reason as listed by the bank.

Credit Card Convenience Fee: All payments made with a credit card will require a nonrefundable convenience fee of 2.75% per each transaction made by U.S. bank cards (4.25% for international non-U.S. credit cards).

Credit Balance

A Title IV aid credit balance is created when the amount of Title IV aid (Federal Pell grant, SEOG, Federal Perkins loans, Federal direct loans, and/or PLUS loans) on a student's account is greater than the amount of charges assessed to the student's account (Tuition, Fees, Room, Board, up to \$200 of prior year balance and/or other educationally-related expenses). Trinity will automatically issue a refund check for the credit amount on a student's account unless the student submits the Title IV Authorization Statement (https://tiu_forms.formstack.com/forms/title_iv_authorization_form), which authorizes us to hold the Title IV credit balance on the student account. Authorization notwithstanding, any remaining credit balance will be sent to the student (or Parent if PLUS loan funds) no later than the end of the final Payment Period for each academic year. If a student authorizes Trinity to hold the excess Title IV funds on his/her Student Account and would like to request the funds in a check before the end of the academic year, he/she may do so by submitting a Student Account Refund Request. (https://tiu_forms.formstack.com/forms/student_account_refund_request)

Student Contact Information

It is the student's responsibility to update address, phone, and e-mail information to ensure that notices are received in a timely manner. The student is responsible for any fines or fees assessed if updated information is not given to Trinity Central.

University Email Messaging

All Trinity offices use student's TIU email account for notification of important information and deadlines. It is the student's responsibility to check TIU e-mail on a regular basis.

Outstanding Balances

Any students not participating in the traditional TAPP will receive a deferment fee of 1% per month on any outstanding balance. This includes students who are waiting on financial aid such as scholarship, grants,

or loans. Deferment fees are charged on the last working day of each month.

The current semester's bill must be paid in full or be up to date on a traditional TAPP to register for the next semester. All balances owed to the institution must be paid in full prior to the release of official transcripts or a diploma.

Trinity Central Office Hours and Contact Information

Monday-Friday, from 8:30 a.m. to 4:30 p.m. CST.

Florida Regional Center Payment Policies

All students are expected to pay their bill in full or to arrange a payment plan on or before registration day. Payment arrangements must be made no later than two weeks after the beginning of each semester. A \$250 fine is assessed to registered students who have not paid-in-full or enrolled in a payment plan with the Student Accounting Office.

Trinity Alternative Payment Plan (TAPP)

The TAPP allows students to divide total semester costs into installments by enrolling in a payment plan. Your monthly payment plan can be figured by dividing the estimated semester balance by the number of months (3, 4, or 5 months) left in the semester. The first payment must be made at registration, and subsequent payments must be made on the first of each month thereafter through the semester. A \$45 late fee will be charged for any payment received more than ten days late. We reserve the right to limit a TAPP offering based on payment history.

Summer Session - TGS

Payments for summer session are due on or before the first day of each class. Students not making payment in full will be dropped from their summer course(s). This policy is unique to the summer session. Extended payment plans are not an option during the summer session.

If possible, students should drop summer course(s) before the first day of class, thus opening up space for any students waiting to enroll in the course. Summer courses, such as distance education, guided research, internships, or reading courses must be paid in full by June 30. This type of coursework follows the full-semester refund policy for withdrawals and dropped courses

Employer Reimbursement

If a student's employer provides tuition reimbursement, contact the Business Office for the "Employer Reimbursement Form." Two methods of payment are acceptable for employer reimbursement:

- (1) Employer to Student. If the employer agrees to pay the student directly, the student must establish a payment plan with the university and pay monthly.
- (2) Employer to the University. If the employer agrees to make payments directly to the University, the following guidelines apply:
 - A letter of verification from your employer stating the company's policy and terms after each course reimbursement must be submitted prior to beginning classes.

- A tuition reimbursement invoice will be sent to the student or employer after each course is completed. It will include the following information: student's name, ID number, course title, amount of tuition, and any applicable fees. Grades will be obtained from the Records Office. The student is responsible for submitting the invoice to the employer and seeing that payment is made to Trinity. Checks should be made payable to "Trinity International University."
- The student will be billed for tuition at the beginning of the semester. The 1% monthly deferment fee will not be charged. Instead, a \$100 Tuition Reimbursement Fee will be added to the student's account each semester at the time of registration to cover all deferment charges during the semester. The fee may be waived if the amount is paid in full within thirty days of the beginning of the semester.

Note: On the first week of every month, any credit pending will be audited for proper request.

On the occurrence of a credit is created due to a course drop or withdrawal, a refund check will be requested to the student or a return of funds to the lender within 30 days due to the necessary adjustment that needs to be in place from various departments.

Trinity Law School Payment Policies

Tuition, fees, and charges are to be paid in full before the first day of classes each semester, including tuition for repeated courses. During registration, students are required to select how they will pay for their financial obligations. Options include student loans, employer benefits, veteran benefits, pay in full out-of-pocket or payment plan out-of-pocket (four equal installments with the first 25% paid at the time of registration).

Students have access to their current account balance through the TLSOnline Student Portal.

Student Account Balance email notifications are sent out on the 1st and 15th of every month.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.

General Policies

Credit Balance

Trinity Law School will resolve eligible credit balances in student accounts as promptly as possible, in compliance with all applicable regulations. Students will receive 50% of their initial Direct Loan credit refund during the first week of the term. The second 50% of credit refunds will be issued after the census date for the term in which the financial aid has been applied. In some cases credit balances may be refunded at a later date, but will still be provided during the term which the credit balance was created.

Dates of credit refunds will be posted annually in the TLSOnline portal. There are 2 pre-set 'official' check release dates every semester. Trinity Law School takes the highest priority to ensure that credit refunds are issued on or before the official release dates.

Outstanding Balances

Students not bringing their account balance to zero before the first day of classes each semester will be charged a deferment fee of 1% per month for any outstanding balance on their student account. Deferment fees are assessed on the 20th day of each month. Any fee or charge that a student bills to their account is due immediately and is subject to the deferment fee policy.

Students who elect to pay for their financial obligations by procuring student loans but fail to finalize their loan by the third week of the semester are subject to a \$200 non-refundable Failure to Finalize Payment Arrangements Fine.

All students who carry an unpaid balance must pay the balance before they may register for a subsequent term. No diploma or official

transcripts shall be provided to a student until satisfactory payment is made for all school obligations.

- Students who withdraw during the first 2 weeks of the semester will still be charged for all meal swipes used.

Refund Policy for Title IV Funds

In addition to the institutional refund policy, the following regulations mandated by the Department of Education are applicable. If a student received any financial aid under federal Title IV programs (Supplemental Educational Opportunity Grant, Pell Grant, Perkins Loan, Federal Direct Student Loan and Federal Direct Parent Loan), a portion of these funds may need to be returned under the guidance of the federal formula, except the Federal Work Study Program.

Withdrawal Date

The day the student withdraws is the date (determined by the University):

- The student began the official withdrawal process prescribed by contacting the Student Life Office; or
- The student otherwise provided the University with official notification of the intent to withdraw.

For the student who does not begin the school's official withdrawal process or notify the school of the intent to withdraw, the midpoint of the period of enrollment for which Title IV assistance was disbursed is used (unless the institution can document a later date).

If the school determines the student did not begin the withdrawal process or notify the school of the intent to withdraw due to illness, accident, grievous personal loss, or other such circumstances beyond the student's control, then the school may determine the appropriate withdrawal date.

Percent of Aid Earned

The percentage of the period of enrollment for which federal aid was awarded is determined by dividing the total number of calendar days within the period of enrollment into the number of calendar days completed as of the day the student withdrew.

The percentage of aid earned during this period is equal to the percentage of the term completed. The percentage of "unearned" aid is determined by subtracting earned aid from 100%. The school is required to return the lesser of the unearned aid percentage applied to the institutional charges and the unearned percentage applied to total federal aid received.

Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid and will not be required to return any funds.

If this calculation indicates that funds should be returned, a specific order of refund has been established by the federal government (as applicable):

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Perkins loan
4. Federal Direct PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (SEOG)
7. Federal TEACH Grant
8. Other Title IV assistance (as applicable)

The school must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

Post-withdrawal Disbursement

If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

If the post-withdrawal disbursement includes loan funds, the school must get the student's permission before it can disburse them. A notification regarding the post-withdrawal disbursement will be sent to the student (or parent in the case of a Parent PLUS loan), within 30 days of the date the student school determines the student's withdrawal. A student may choose to decline some or all of the loan funds so additional debt is not incurred.

The school may automatically use all or a portion of the post-withdrawal disbursement of grant (Pell Grant and SEOG) funds for tuition, fees, and room and board charges (as contracted with the school). The school needs the student's permission to use the post-withdrawal grant disbursement for all other school charges. If the student does not give their permission, the student will be offered the funds. However, it may be in the student's best interest to allow the school to keep the funds to reduce any debt at the school. For any grant funds owed a student, the school must make the disbursement as soon as possible, but no later than 45 days after the date of the institution's determination that the student withdrew.

Excess Funds

If a student receives (or the school or parent receive on the student's behalf) excess Title IV program funds that must be returned based upon the calculation described above, the school must return a portion of the excess equal to the lesser of:

1. the student's institutional charges multiplied by the unearned percentage of their funds, or
2. the entire amount of excess funds.

The school must return this amount even if it did not keep this amount of the student's Title IV program funds. If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student (or parent for a Direct PLUS Loan) must return, must be repaid in accordance with the terms of the promissory note. That is, the scheduled payments must be paid to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The maximum amount of a grant overpayment that a student must repay is half of the grant funds they received or were scheduled to receive. A student does not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. A student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when a student withdraws are separate from any refund policy that the school may have. Therefore, a student may still owe funds to the school to cover unpaid institutional charges. The school may also charge a student for any Title IV program funds that the school was required to return.

For additional information on refunds to Title IV sources, please contact the Office of Student Financial Services at 847.317.4200. For additional questions regarding Title IV program funds, call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at <http://www.studentaid.ed.gov>.

Florida Regional Center Tuition Refund Policy

Students have the right to a full refund of all monies paid, including application and registration fee, if they withdraw within three business days after signing the Registration Form. The University will retain the application fee for students who withdraw from the University prior to the start of their program and after the three-day cancellation period. Refunds will be paid within 30 days of a student's official withdrawal.

Credit Balances on Student Accounts Policy

In the event that a credit is generated on the student account due to overpayment, grants or from student loan funds, the credit will be requested in the form of a refund check within 14 business days of the posting date. Should a credit be created due to a drop or withdrawal, a refund check will be requested to the student, or a return of funds to the lender, within 30 days due to the necessary adjustment(s) required for various departments (e.g. Business Office tuition adjustment and fees, Financial Aid adjustments (R2T4), and library fines). On the first week of every month, any credit pending will be audited for proper request.

Subject to the date of official withdrawal, tuition, institutional fees will be refunded according to the following schedule during the fall and spring semesters:

Through 2nd week of classes	100%
Through 3rd week of classes	80%
Through 4th week of classes	70%
Through 6th week of classes	60%
Through 8th week of classes	50%

Please be advised:

- Disciplinary measures that require the withdrawal of a student will follow the above-stated refund policy.
- A \$125.00 administrative withdrawal fee is added to students who register for a course and do not attend, and do not officially withdraw from the course.
- It is the students' responsibility to inform the Student Life Office if they are not returning for the following semester. If notification is not made, students may be liable for pro-ration on tuition, fees.

Refund Policy for Title IV Funds

In addition to the institutional refund policy, the following regulations mandated by the Department of Education are applicable. If a student received any financial aid under federal Title IV programs (Supplemental Educational Opportunity Grant, Pell Grant, Federal Direct Student Loan and Federal Direct Parent Loan), a portion of these funds may need to be returned under the guidance of the federal formula.

Withdrawal Date

The day the student withdraws is the date (determined by the University):

- The student began the official withdrawal process prescribed by contacting the Student Life Office; or
- The student otherwise provided the University with official notification of the intent to withdraw.

For the student who does not begin the school's official withdrawal process or notify the school of the intent to withdraw, the midpoint of the period of enrollment for which Title IV assistance was disbursed is used (unless the institution can document a later date).

If the school determines the student did not begin the withdrawal process or notify the school of the intent to withdraw due to illness, accident, grievous personal loss, or other such circumstances beyond the student's control, then the school may determine the appropriate withdrawal date.

Percent of Aid Earned

The percentage of the period of enrollment for which federal aid was awarded is determined by dividing the total number of calendar days within the period of enrollment into the number of calendar days completed as of the day the student withdrew.

The percentage of aid earned during this period is equal to the percentage of the term completed. The percentage of "unearned" aid is determined by subtracting earned aid from 100%. The school is required to return the lesser of the unearned aid percentage applied to the institutional charges and the unearned percentage applied to total federal aid received.

Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid and will not be required to return any funds.

If this calculation indicates that funds should be returned, a specific order of refund has been established by the federal government (as applicable):

1. Unsubsidized Federal Direct Loan
2. Subsidized Federal Direct Loan
3. Federal Perkins loan
4. Federal Direct PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (SEOG)
7. Other Title IV assistance (as applicable)

The school must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

Post-withdrawal Disbursement

If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

If the post-withdrawal disbursement includes loan funds, the school must get the student's permission before it can disburse them. A notification regarding the post-withdrawal disbursement will be sent to the student (or parent in the case of a Parent PLUS loan), within 30 days of the date the student school determines the student's withdrawal. A student may choose to decline some or all of the loan funds so additional debt is not incurred.

The school may automatically use all or a portion of the post-withdrawal disbursement of grant (Pell Grant and SEOG) funds for tuition, fees, and room and board charges (as contracted with the school). The school needs the student's permission to use the post-withdrawal grant disbursement for all other school charges. If the student does not give their permission, the student will be offered the funds. However, it may be in the student's best interest to allow the school to keep the funds to reduce any debt at the school. For any grant funds owed a student, the school must make the disbursement as soon as possible, but no later than 45 days after the date of the institution's determination that the student withdrew.

Excess Funds

If a student receives (or the school or parent receive on the student's behalf) excess Title IV program funds that must be returned based upon the calculation described above, the school must return a portion of the excess equal to the lesser of:

1. the student's institutional charges multiplied by the unearned percentage of their funds, or
2. the entire amount of excess funds.

The school must return this amount even if it did not keep this amount of the student's Title IV program funds. If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student (or parent for a Direct PLUS Loan) must return, must be repaid in accordance with the terms of the promissory note. That is, the scheduled payments must be paid to the holder of the loan over a period of time.

Any amount of unearned grant funds that the student must return is called an overpayment. The maximum amount of a grant overpayment that a student must repay is half of the grant funds they received or were scheduled to receive. A student does not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. A student must make arrangements with the school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when a student withdraws are separate from any refund policy that the school may have. Therefore, a student may still owe funds to the school to cover unpaid institutional charges. The school may also charge a student for any Title IV program funds that the school was required to return.

For additional information on refunds to Title IV sources, please contact the Office of Student Financial Services at 954-382-6400. For additional questions regarding Title IV program funds, call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Refund Policy for Title IV Funds

Withdrawal Date

The day the student withdraws is the date (determined by the University):

- The student began the official withdrawal process prescribed by contacting the Student Life Office; or
- The student otherwise provided the University with official notification of the intent to withdraw.

For the student who does not begin the school's official withdrawal process or notify the school of the intent to withdraw, the midpoint of the period of enrollment for which Title IV assistance was disbursed is used (unless the institution can document a later date).

If the school determines the student did not begin the withdrawal process or notify the school of the intent to withdraw due to illness, accident, grievous personal loss, or other such circumstances beyond the student's control, then the school may determine the appropriate withdrawal date.

Percent of Aid Earned

The percentage of the period of enrollment for which federal aid was awarded is determined by dividing the total number of calendar days within the period of enrollment into the number of calendar days completed as of the day the student withdrew.

The percentage of aid earned during this period is equal to the percentage of the term completed. The percentage of "unearned" aid is determined by subtracting earned aid from 100%. The school is required to return the lesser of the unearned aid percentage applied to the institutional charges and the unearned percentage applied to total federal aid received.

Once 60% of the semester is completed, a student is considered to have earned all of his/her financial aid and will not be required to return any funds.

If this calculation indicates that funds should be returned, a specific order of refund has been established by the federal government (as applicable):

1. Unsubsidized Federal Direct Loan
2. Federal Direct PLUS Loan
3. Other Title IV assistance (as applicable)

The school must return the amount of Title IV funds for which it is responsible as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew.

Post-withdrawal Disbursement

If the amount disbursed to the student is less than the amount the student earned, and for which the student is otherwise eligible, he or she is eligible to receive a post-withdrawal disbursement of the earned aid that was not received.

If the post-withdrawal disbursement includes loan funds, the school must get the student's permission before it can disburse them. A notification regarding the post-withdrawal disbursement will be sent to the student within 30 days of the date the student school determines the student's withdrawal. A student may choose to decline some or all of the loan funds so additional debt is not incurred.

Excess Funds

If a student receives (or the school receives on the student's behalf) excess Title IV program funds that must be returned based upon the calculation described above, the school must return a portion of the excess equal to the lesser of:

1. the student's institutional charges multiplied by the unearned percentage of their funds, or

2. the entire amount of excess funds.

The school must return this amount even if it did not keep this amount of the student's Title IV program funds. If the school is not required to return all of the excess funds, the student must return the remaining amount. Any loan funds that the student must return, must be repaid in accordance with the terms of the promissory note. That is, the scheduled payments must be paid to the holder of the loan over a period of time.

The requirements for Title IV program funds when a student withdraws are separate from any refund policy that the school may have. Therefore, a student may still owe funds to the school to cover unpaid institutional charges. The school may also charge a student for any Title IV program funds that the school was required to return.

When aid is returned, a student may owe an outstanding balance to the University. In this case, it is his/her responsibility to contact the Financial Aid and Business Services Office to make payment arrangements.

For additional information on refunds to Title IV sources, please call: 714-836-7121.

For additional questions regarding Title IV program funds, call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov (<http://www.studentaid.ed.gov>).

Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

Financial Assistance

- Federal and state grants are awards based on financial need, as determined by the FAFSA and do not have to be repaid.
- Institutional Scholarships are based upon merit, special talent, or financial need, and do not have to be repaid. Scholarship opportunities vary by academic program and campus location. Please view the pages within this section of the catalog for more information or visit our website at: www.tiu.edu.
- Student loans are available to students and/or their parents at low-interest rates with the option to defer repayment until graduation or after the student drops below halftime.

Free Application for Federal Student Aid (FAFSA)

All students are encouraged to complete the Free Application for Federal Student Aid (FAFSA) (<https://fafsa.ed.gov>). Applicants must have a FSA ID in order to complete the FAFSA process. Bar Study Loans

Creditworthy JD students or those with a creditworthy cosigner may be eligible for bar study loans, which are private educational loans that can be used to cover the costs associated with bar preparation courses and bar exam expenses. Different lenders have varying requirements, interest rates, and borrowing limits. Generally, the maximum loan is \$15,000.

Bar study loans should be researched, applied for, and procured entirely by the student; they are not considered part of your financial aid package. This means the loans will be sent via paper check to the borrower directly, not through Trinity.

Veteran's Benefits

Trinity courses are approved for the training of veterans. Students who intend to apply for benefits should contact the appropriate VA certifying official indicated below.

For more information regarding veteran's benefits, please visit www.vba.va.gov (<http://benefits.va.gov/benefits>).

VA Certifying Official by Campus Location:

Email: dhmartinez@tiu.edu

Trinity Law School Certifying Official: Jennifer Tracy
Phone: 714-796-7121
Email: jtracy@tiu.edu

Standards of Progress

An enrolled student receiving VA education benefits is subject to all established regulations as outlined in the Code of Federal Regulations. As such, a student receiving VA benefits must meet the satisfactory academic standards established by the university to continue receiving benefits. For more information, please review the appropriate pages within this section of the catalog, titled Satisfactory Academic Progress (p. 62). Please note that the veteran will be held to the pass/fail course threshold specific to their campus of attendance/academic program:

Trinity College (p. 89)

Trinity Evangelical Divinity School (p. 319)

Trinity Graduate School (p. 457)

Trinity Law School (p. 526)

Florida Regional Center (p. 567)

Transfer Credits

In accordance with the Standards of Progress CFR 21.4253(b)(3), Trinity maintains a written record of previous education and training of the veteran or eligible person which clearly indicates that appropriate credit has been given by the school for previous education and training, with the training period shortened proportionately. The record is cumulative in that the results of each enrollment period (semester) must be included so that it shows each subject undertaken and the final result, i.e., passed, failed, incomplete or withdrawn.

In order to appropriately evaluate transfer credits, all veteran's benefits recipients must provide Trinity with official transcripts for all prior education without exception.

Withdrawal Policy

Veteran students (i.e. any VA benefit recipient) must notify the Trinity Certifying Official (SCO) of any changes to their enrollment. If a veteran student withdraws from a course, the corresponding certification will be terminated and the effective date/last date of attendance will be reported accordingly. Depending on the circumstances, a withdrawal will likely result in an overpayment of VA benefits. If an overpayment is created by the withdrawal, the veteran student will be notified in writing by the VA's Debt Management Center (DMC). The veteran student is required to send via fax, e-mail, or mail a copy of the DMC notice to the TIU School Certifying Official. This enables Trinity to comply with the VA balances and credit the student's account where appropriate. This is applicable to student initiated withdrawals, administrative withdrawals, individual course withdrawals, and withdrawals from the program. Contact the SCO for more information.

Trinity College Scholarships and Grants

The financial aid office determines Trinity scholarship and grant assistance for new students using FAFSA information, along with the information provided during the admission application process. A FAFSA is not required, however, a student cannot be considered for any need-based aid without the submission of this application.

- Eligibility for Trinity-based scholarships and grants is determined at the time of admission as a first-time freshman or as a new incoming transfer student (unless otherwise specified) and is based on the current awards available at the time of admission. If a new Trinity scholarship is implemented at a later point, currently enrolled students will not be considered for the awards. Students will continue to receive the scholarships they have been awarded each academic year as long as they are still meeting any required criteria to maintain the awards.

This scholarship assistance is awarded in addition to any federal or state assistance for which a student may qualify.

Important Advance Scholarship Policies:

- This award cannot be stacked with any other Trinity scholarship/grant (including Presidential Scholars Weekend awards, or any other entitlement/need-based awards), except for Church Match.
- The Advance Scholarship at the Graduate Level is awarded at \$7,000 per academic year.
- This scholarship assistance is not available during the summer months.
- Church Match Grant Program (see church match form):

Undergraduate Level – Trinity will match up to \$2,000 for contributions given by any church per academic year.

Graduate Level – Trinity will match up to \$3,000 for contributions given by any church per academic year.

- A student must maintain the standards of the honors program to retain the Advance Scholarship. If a student decides to drop the Advance: Pre-Seminary program at any point and/or is unable to maintain the required standards of the honors program, Trinity scholarship eligibility will be re-evaluated at that time.

Dual Degree Students: Financial Aid and Billing Guidelines:

Undergraduate Portion of Degree Program: While a dual degree student is pursuing the undergraduate portion of their degree program, they will be awarded undergraduate aid eligibility. A student's loan eligibility follows undergraduate loan limit guidelines for any given award year.

- **Federal/State Aid*:** Students' undergraduate aid will be calculated based on credits taken that count toward the undergraduate program according to the catalog description of the dual degree program. Therefore, the students' will receive federal and state grant funds (if eligible) for graduate courses that count toward their undergraduate requirements.
 - IL State MAP Grant Recipients: A student may still receive MAP grant funds when enrolled in less than 15 credit hours - the grant is prorated based upon the proration schedule mandated by the State.
- **Institutional Aid & Tuition:** As long as the student is enrolled full-time (12-18) between their graduate and undergraduate courses, they are charged the flat Trinity College block tuition rate and are eligible to receive their full-time institutional aid eligibility.
- **Summer:** Students will not be eligible for any Institutional grants or scholarships during the summer months due to the discounted summer tuition rate. However, any remaining student federal grant and loan eligibility from the previous award year may be utilized. Student's will be charged the undergraduate summer tuition rate, as long as they have not yet completed all of their undergraduate requirements for their program

Graduate Portion of Degree Program: If a student has completed all requirements necessary for their undergraduate degree and is only working on the graduate portion of their degree, the student will be awarded graduate financial aid eligibility. Additional aid considerations for dual degree students are as follows:

- **Federal/State Aid:** Students will be eligible for graduate level loan amounts and limits. Students are no longer eligible for undergraduate federal/state grants.
- **Institutional Aid:** Students will receive scholarships from Trinity based on the percentage of scholarship aid they received as an undergraduate student (with the exception of aid specific programs, such as Advance). For example, if a student received 40% off tuition in scholarship aid as an undergraduate student, then as a full-time graduate student they will receive 40% off tuition (percentage not to exceed 50%).
- **Tuition:** graduate level courses will be charged at the current year graduate tuition rate.

Transcripts: Students pursuing a dual degree program will receive two separate academic transcripts.

Satisfactory Academic Progress

Deerfield and Florida (FRC) Satisfactory Academic Progress Policy

Trinity International University is required by federal regulation to apply both qualitative and quantitative standards when measuring academic progress to determine financial aid eligibility. These standards apply to all students who receive institutional, state, and federal Title IV funds administered by the university. Federal Title IV programs include Direct Loans, federal Perkins Loans, and federal Work-Study.

Trinity has established the following criteria in conjunction with federal regulation published on October 29, 2010, Federal Register Part 668.34 and in the Higher Education Amendments of 1986.

1. Qualitative Standards of Academic Progress

Financial aid recipients are governed by the performance standards of the school or college in which they are enrolled. To maintain financial aid eligibility, students must maintain a cumulative grade point average of:

Hours Attempted ¹	Cumulative GPA
Freshman	1.6 CGPA
Sophomore	1.8 CGPA
Junior	2.0 CGPA
Senior	2.0 CGPA
EXCEL, FRC	2.0 CGPA
Graduate Programs, TEDS & TGS	2.0 CGPA

- Credits transferred, incompletes, and course withdrawal will not count toward the cumulative GPA average.
- Successful retaking of a course may improve the cumulative GPA average.

2. Quantitative Standards of Academic Progress or PACE

Financial aid recipients are expected to complete a degree within 150% of the expected rate of completion. The Department of Education dictates that the student must successfully complete attempted coursework at a specified PACE. PACE is defined as the number of cumulative successfully completed credit hours divided by the cumulative number of credit hours attempted. At Trinity, students must achieve a PACE of 67% in order to complete degree requirements within the maximum time-frame allowed.

- Credit hours transferred from another institution that are accepted toward the student's educational program must be counted as both attempted and completed hours.
- Course incompletes and withdrawals will count toward "hours attempted" and will negatively affect PACE.
- Successful retaking of a course may improve PACE.
- Administrative Withdrawals will NOT count towards "hours attempted" and will NOT affect PACE.

Failure to Meet the Satisfactory Academic Progress Standards

1. Financial Aid Warning

Student records are reviewed after each semester. Students who fail to meet either the qualitative or quantitative standards are placed on Financial Aid Warning for one semester. During the

semester of Financial Aid Warning, the student continues to be eligible to receive financial aid.

2. Financial Aid Suspension

Failure to achieve Satisfactory Academic Progress at the end of the Warning Semester results in Financial Aid Suspension. During a period of Financial Aid Suspension, a student is no longer eligible to receive institutional or federal student aid. Eligibility for financial aid can be regained by again achieving Satisfactory Academic Progress at the student's expense.

3. Financial Aid Appeal

Under certain circumstances, students who fail to meet Satisfactory Academic Progress after the Warning Semester may submit a written appeal. An appeal may be submitted under the following circumstances: Death of a relative, injury or illness of a student, or other special circumstances. The written appeal must include the following:

- The basis for submitting the appeal
- Reason the student failed to make Satisfactory Academic Progress
- What has changed in the student's situation that will allow the student to demonstrate satisfactory academic progress at the end of the next term.

An appeal may be approved only if the school:

- Has determined that the student will be able to meet SAP standards after the subsequent payment period, or
- Develops an academic plan with the student that, if followed, will ensure that the student is able to meet SAP standards by a specific point in time.

Change in major. On a case-by-case basis, as part of the appeal process, we will permit that for students who change majors, credits and grades that do not count toward the new major will not be included in the satisfactory progress determination.

A student who submits a financial aid appeal will be notified in writing of the results of the appeal. A successful appeal results in one semester or specified time period of *Financial Aid Probation*.

4. Financial Aid Probation

A student on Financial Aid Probation may receive institutional, federal, and state financial aid funds for one semester or specified time period. At the end of the Probationary semester or specified time period, the student must meet Satisfactory Academic Progress standards to receive financial aid in subsequent semesters. Only one semester or specified time period of Financial Aid Probation is allowed in a student's academic program. On an individual basis, a probation period can be extended if the student has demonstrated strong academic improvement towards the specified standard.

Trinity Law School Satisfactory Academic Progress Policy

Trinity Law School is required by federal regulation to apply both qualitative and quantitative standards when measuring academic progress to determine financial aid eligibility. These standards apply to all students who receive state and federal Title IV funds administered by

the law school. Federal Title IV programs at Trinity Law School are the Direct Unsubsidized and Grad Plus Loans.

Trinity Law School has established the following criteria in conjunction with federal regulation published on October 29, 2010, Federal Register Part 668.34 and in the Higher Education Amendments of 1986.

1. Qualitative Standards of Academic Progress

Financial aid recipients are governed by the performance standards of the school or college in which they are enrolled. In order to maintain financial aid eligibility, students must maintain a 2.0 cumulative grade point average.

- Credits transferred in, Incompletes and Course Withdrawal will not count toward the cumulative GPA average
- Successful retaking of a course may improve the Cumulative GPA average.

2. Quantitative Standards of Academic Progress

Financial aid recipients are expected to complete a degree within 150% of the expected rate of completion. The Department of Education dictates that the student must successfully complete attempted coursework at a specified pace. Pace is defined as the number of cumulative successfully completed credit hours divided by the cumulative number of credit hours attempted.

- Credit hours transferred in from another institution that are accepted toward the student’s educational program must be counted as both attempted and completed hours
- Course Incompletes and Withdrawals will count toward ‘hours attempted’ and will negatively affect pace
- Successful retaking of a course may improve pace

To comply with additional timing requirements, students are to adhere to the following pace guides to be in compliance both with federal and CBE requirements regarding academic progress.

Rule	When
Student will not be permitted to complete more than 40 units	Within the first 12 months of study
Student will not be permitted to complete more than 70 units	Within the first 24 months of study
A candidate for the J.D. degree must complete his or her studies	No earlier than 32 month and no later than 60 months after the student has commenced law study at Trinity Law School, or a school from which the law student has transferred credit.
Students must successfully complete the prescribed program of 90 units of study	Within 5 years
A student must file a petition with the Registrar	A student must file a petition with the Registrar If the student will take longer than 60 months to complete the J.D. degree

Academic Plans

Academic plans are prescribed upon admission for all new students based on their status as full or part time, and taking into consideration

personal factors such as home life, work schedule, commute to campus, etc.

These plans are agreed upon by the student and a formal contract is sent through echo-sign and signed by the student and Director of Academic support. These plans all meet the requirements for SAP at Trinity Law School.

To change an academic plan for any reason will require a meeting with the student’s advisor and re-approval by academic support.

Failure to Meet Satisfactory Academic Progress Standards

1. Financial Aid Warning

Student records are reviewed after each semester. Students who fail to meet both the qualitative and quantitative standards are placed on Academic Warning for one semester. During the semester of Academic Warning, the student continues to be eligible to receive financial aid.

2. Financial Aid Termination

Failure to achieve Satisfactory Academic Progress at the end of the Warning Semester or Probation semester results in **Financial Aid Termination**. Once financial aid is terminated, students are no longer eligible to receive federal or institutional financial aid. This would not preclude a student from paying tuition out of pocket or securing a private student loan.

3. Financial Aid Probation

A student on Financial Aid Probation may receive federal financial aid funds for one semester. At the end of the Probationary semester, the student must meet Satisfactory Academic Progress standards in order to receive financial aid in subsequent semesters.

4. Financial Aid Appeal

Under certain circumstances, students who fail to meet SAP after the warning semester may submit a written appeal to the Financial Aid Department. The written appeal must include:

- The basis for submitting the appeal.
- Reason the student failed to make Satisfactory Academic Progress
- What has changed in the student’s situation that will allow the student to demonstrate satisfactory academic progress at the end of the next term

An appeal can only be approved if the school:

- Has determined that the student will be able to meet SAP standards after the subsequent payment period
- Develops an academic plan with the student that, if followed, will ensure that the student is able to meet SAP standards by a specific point in time.

Official University Policies

A comprehensive list of TIU policies can be found on myTIU (https://my.tiu.edu/ICS/Administrative_Resources/University_Policies.jnz).

Academic Integrity

The community at Trinity International University promotes a commitment to integrity in all areas of life. Academic integrity is essential in the search for and promotion of truth. This pursuit of truth, while being an important goal in itself, is integral to other essential beliefs foundational to the Trinity community:

1. all individuals, being in the image of God, are to be respected for their intellectual contributions;
2. the use of one's God-given talents is the responsibility of every individual, and, for the Christian, excellence is a sacrifice to the Lord Jesus Christ to the glory of God; and
3. relationships within our community are to be nurtured in an environment of trust.

Therefore, plagiarism and cheating in any form will not be condoned within the Trinity community. Plagiarism, whether intentional or indirect, gives the impression that the words or ideas in a person's writings are one's own, whereas in reality they are taken from someone else's written or oral presentation(s), even when a reference to the original source is made in footnotes or bibliography. Cheating is an expression of fraud and deception, as students give the impression of doing better on assignments, quizzes or exams than they deserve.

Plagiarism and cheating have a negative effect on the Trinity community in that they do not promote truth, they break the relationship of trust, they do not encourage the individual to develop his or her creative talents, and they erode the moral fiber so vital in an academic community. For a further description, see the *Student Handbook*.

Any student who breaks the standard of academic integrity by cheating or plagiarism will be dealt with severely by the faculty and staff and will be reported to the Dean of Students. The result may be failure of the course, expulsion from the institution, or a revocation of a degree already granted by Trinity.

Students are responsible for abiding by the complete text contained within the "Terms and Conditions for University Technology and Telecommunications Systems—Acceptable Use Policy." For the complete text, please visit MyTIU> Administrative Resources>University Policies. This policy supersedes all other policies and applies to all individuals with respect to the acceptable use of university networks, phone systems, computer systems, and technology.

The university network and systems are to be used primarily for activities related to the educational mission of the university. Personal use of the network is limited to e-mail and browsing web pages, providing such use complies with these terms and conditions and does not, at the university's discretion, utilize excessive capacity of resources, or in the

case of employees, interfere with the employee's work. For any other personal use, written approval is required from the Student Life Office.

Computer login and phone PIN (Personal Identification Number) account holders are responsible for any activity originating from their accounts. Your computer and account may be used:

- For authorized network access to university systems and resources that are used for curricular, academic, and administrative activities
- For e-mail and access to worldwide web pages

Official notifications made by university offices are increasingly made using e-mail, rather than by paper memos sent through the university mail services. E-mail used for such notifications will be delivered to the recipient's university e-mail account. **Employees and students are expected to read their university e-mail and are strongly encouraged to use their university e-mail accounts for all communication within the university to ensure reliable and secure delivery.**

University personnel can and will access files when necessary for maintaining the university network and computer systems. Every effort will be made to respect the privacy of user files, and the contents of user files will be examined only when it is required by law or by the policies of the university.

Individuals may not use university computers, networks, system resources, and phones:

- For commercial or business purposes
- For accessing or distributing defamatory, abusive, obscene, sexually oriented/ pornographic, threatening, racially offensive or illegal material. Any access to such materials by way of the university internet connection will be blocked, logged, and reported
- For any activity which interferes or inhibits the use of the network or university systems by others
- To connect non-authorized private networks. University networks may not be modified, extended, or used in any manner that violates a federal, state, or local law or a university policy

Additionally, individuals may not use university computers, networks, and system resources:

- For unauthorized browsing or exploring, or making other unauthorized attempts to view data, files, or directories belonging to TIU or to other users
- To transmit, use, or serve unauthorized software
- To violate copyrights of documents or media
- For misuse of message boards or any web-based community
- For computer tampering or unauthorized alteration of data, identification, or credentials
- For introducing deviant software (viruses, worms, etc.) into the university network and systems

Students and employees who do not comply with the "Terms and Conditions for University Technology and Telecommunications Systems—Acceptable Use Policy" are subject to disciplinary action. The university reserves the right to cooperate fully with local, state, and federal officials in investigations relating to information accessed or distributed using university computing systems, the university network, the university phone system, or the university internet connection.

Auxiliary Aids and Services for Students with Disabilities

In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA), it is the policy of Trinity International University to provide effective auxiliary aids, services, and academic adjustments to qualified students with disabilities. The Associate Dean of Students assists students with disabilities in obtaining auxiliary aids and services and in consultation with the faculty member(s) involved assists students with disabilities by making academic adjustments. Academic adjustments are determined on a case-by-case basis and are subject to review by the Dean.

It is the policy of the Trinity International University as outlined by the ADA to require from the students supporting diagnostic test results and professional prescriptions for auxiliary aids and services, particularly for those students with hidden disabilities. Documentation for medical/physical disabilities may be satisfied by a physician's statement that includes, but is not limited to, description of the disability and the limitations it poses for the student. Documentation for hidden disabilities, such as specific learning disabilities, poor hearing, or impaired vision, may include the results of medical, psychological, or emotional diagnostic tests, or other professional evaluations to verify the need for auxiliary aids, services, or academic adjustments.

For students with specific learning disabilities, the following is considered reasonable documentation:

- It must be prepared by a professional qualified to diagnose a learning disability, including but not limited to, a licensed physician, learning disability specialist, or psychologist.
- It must include the testing procedures followed, the instruments used to assess the disability, the test results, and an interpretation of the test results. If, for example, the disability requires additional time for taking examinations, documentation must state the specific amount of time needed.
- It must reflect the student's present achievement level, be as comprehensive as possible, and dated no more than three years prior to the student's request for auxiliary aids, services, or academic adjustments. Extenuating circumstances may justify reliance on older documentation. The achievement test should sample reading, math/reasoning, writing, adequately measure cognitive abilities using the Wechsler Adult Intelligence Scale—Revised or equivalent, and adequately measure academic achievement using the Woodcock-Johnson Part II, Wide Range Achievement Test, Nelson-Danny, or equivalent.
- It must include test results for the following characteristics: intelligence, vocabulary, reading rate, reading comprehension, memory, and processing skills. The diagnosis must conform to federal and state regulations.

Students with disabilities who believe that their request for auxiliary aids, services, or academic adjustments have not been appropriately addressed by the ADA Coordinator, should direct their concerns to the Vice President for Student Life or, in his or her absence, to the Provost.

Copyright Policy

The Copyright Permissions Act of 1976 as it may have been or will be amended from time to time requires that permission to reproduce copyrighted materials be obtained from the copyright owner except under very limited circumstances. Faculty, staff, and students of Trinity

are expected to comply with the provisions of the state and federal intellectual property laws, such as the Copyright Act. Procedures for obtaining copyright permissions for course materials have been established and should be followed. Copies of this procedure and other information explaining the Copyright Permissions Act as it pertains to copying both course materials and material for personal use are available through the Dean's Office.

Drug-free Environment

Trinity is committed to the maintenance of a drug-free environment. We believe that the implementation of a drug-free environment is for the protection of students and employees of Trinity, and we have established the following policy designed to maintain such an atmosphere:

1. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited on the campus in general.
2. Employees or students found to be in violation of a drug-free environment will be subject to appropriate action, including termination or expulsion.
3. If individuals become aware of a violation of this policy, they are encouraged to report it to the Dean of Students immediately so that the matter can be investigated promptly.

Family Educational Rights and Privacy Act of 1974

The purpose of the Family Educational Rights and Privacy Act of 1974 (Public Law 93-380) is to ensure access to educational records for students and parents while protecting privacy of such records and to control the careless release of educational information.

In accordance with requirements established by the Act also commonly known as the "Buckley Amendment," Trinity International University hereby provides notice of intention to comply fully with the Act and also provides notice to students of their rights under the Act.

In general, the purpose of the Act is to give presently or formerly enrolled students access to their individual educational records maintained at Trinity and to protect such students' right to privacy by limiting the transfer of their records without their consent. "Educational records" are defined as those records, files, documents, and other materials directly related to a student that are maintained by Trinity, or by a person acting for Trinity, in the normal course of business. The Records Office has a full copy of the Act should you desire to review it in full.

The Act clarifies that an institution is not required to grant access to students to certain materials, including the following:

Private notes and other materials created by Trinity's personnel, provided they are not revealed to another individual.

1. Medical, psychiatric, or similar records created or maintained by a physician, psychiatrist, or psychologist (or other recognized professional acting in such capacity) that are used solely in connection with treatment purposes and only available to recognized professionals in connection with such treatment (provided, however, that a physician or other appropriate professional of the student's choice may review such records).
2. Law enforcement records, which are kept separate from educational records, are maintained for law enforcement purposes only and are available only to law enforcement officials. (In each case, student

access to such records is at the sole discretion of the individual who maintains these materials.)

It should also be noted that the Act specifically indicates that the legislation does not alter the confidentiality of communications otherwise protected by law. To ensure that the school does not compromise the rights of individuals enjoyed prior to the enactment of the legislation, students and alumni will not be permitted access to materials of an evaluative nature that were received or placed in files prior to November 19, 1974.

Additionally, as provided by the Act, students shall not have the right to see confidential letters and statements of recommendation placed in educational records prior to January 1, 1975, provided that they are used only for the purposes for which they were intended. The Act further stipulates that students do not have the right to see financial records of their parents.

As provided by the legislation, students may voluntarily waive their rights of access to confidential recommendations on or after January 1, 1975, in three areas: admissions, job placement, and receipt of awards. Under no circumstances, however, can a student be required to waive this right.

The legislation also makes clear that the parent or legal guardian of a dependent student, as defined for federal Income Tax purposes, has a right to information about his or her child without the school's having to seek the student's consent. Thus, upon the written request of a parent or legal guardian of a dependent student, the school will honor this right to the extent that it is required by law.

As provided by the Act, the school retains the right to publish at its discretion the following categories of information with respect to each student presently or previously attending the school: the student's name, address, telephone listing, e-mail address, photograph, date and place of birth, major field of study, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), dates of attendance, participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended.

Students have a right to inform the school within a reasonable period of time that any or all of this so-called "directory information" should not be released without their prior consent. Requests by the student to suppress from public distribution the above mentioned information are to be made annually.

As required by the Act, the school hereby provides public notice of its intention to publish this type of information in the annual directory.

In complying with the legislation, the school has adopted the procedures and policies below, in addition to those noted on the previous page:

1. Except for those parties stated below, no one shall have access to education records without the written consent of the student concerned. The exceptions to the consent requirement are as follows:
 - a. Other university officials, including faculty, who have legitimate educational interests
 - b. Officials of other schools or school systems in which the student intends to enroll, upon condition that the student is notified of the transfer, receives a copy of the record if desired, and has an opportunity for a hearing to challenge the content of the record
 - c. Those representatives of the federal government and the state who are identified in the "Act," provided that any data so released are not to include information (including social security numbers)

that would permit the personal identification of the students unless otherwise specifically provided by federal law

- d. Those who serve in connection with the student's application for, or receipt of, financial aid
 - e. State and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to state statute adopted prior to November 19, 1974
 - f. Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations, and such information will be destroyed when no longer required for the purpose for which it is conducted
 - g. Accrediting organizations in order to carry out their accrediting functions, or by the dean of students or the emergency dean, designated to act in an emergency to protect the health or safety of the student or other persons
 - h. To parents of a dependent student as defined in Section 152 of the Internal Revenue Code
 - i. To comply with a judicial order or lawfully issued subpoena, subject to the notice provisions of the law
 - j. In connection with a health or safety emergency
 - k. Information that has been designated as "directory information"
 - l. To the parent of a student who is not an eligible student or to the student
 - m. To an alleged victim of any crime of evidence, as that term is defined in Section 16 of Title 18, United States Code, of the results of any disciplinary proceeding conducted by an institution of postsecondary education against the alleged perpetrator of that crime with respect to that crime
2. Records (usually only transcripts) released to any organization, agency, or individual at a student's request shall be transmitted with a notice informing the recipient that such information is released only on the condition that the recipient will not permit any other party to have access to such information without the written consent of the student.
 3. Each office that maintains education records shall maintain a record for each student that shall list all individuals (except institution officials described above), agencies, or organizations that have requested or obtained access to such student's education record.
 4. Student may inspect material belonging to their education record solely at the office that is responsible for maintaining such information. Any Trinity employee may require that the student inspect that record only in the presence of the professional or staff person qualified to assist in interpreting the information.

Each Trinity department has the ultimate responsibility for establishing appropriate procedures; however, each Trinity department has been instructed to ask that the student's request be made in writing and, where appropriate, in person. On request, students may be required to identify themselves in filing a request prior to having access to their records. The student is obligated to examine the record during reasonable hours at the place the record is maintained and not to interfere with the operation of the office in which the record is being maintained. Under the Act, the

school has forty-five days from the time of request until it must comply with the request.

Copies of records accessible to students shall be transmitted to the student upon payment of the established fee for issuing such copies. The Act does not preclude the school's right to destroy any records if not otherwise precluded by law, unless prior to destruction the student has requested access. In fact, there is general encouragement to reduce the number of records so that destruction of records is consistent with the spirit of the law.

****Notice**** As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records – including your Social Security Number, grades, or other private information – may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Firearms, Weapons, and Explosives

Possession of firearms, weapons, or explosives on campus is not permitted. Students who are found in possession of any type of firearm, weapon, or explosive are subject to immediate dismissal from the institution. This includes, but is not limited to, BB guns, paint ball guns, air-soft pellet guns, bows and arrows, ammunition, sling blades of more than four inches (excluding cutlery manufactured for cooking purposes for apartment residents), toy guns, and any other weapon of any kind or imitation thereof that could be used to cause fear or injury to another person.

Grievance Procedure for Discriminatory and Sexual Harassment Complaints

It is the policy of Trinity International University not to discriminate on the basis of age, disability, color, national origin, race, or sex in student admission and recruitment, educational policies, scholarship and loan programs, employment, and school-administered programs in accordance with applicable laws. It is Trinity's intent to comply with both the letter and the spirit of Title IX of the 1972 Education Amendments, of Title VI of the Civil Rights Act of 1964, of Section SOL of the Rehabilitation Act of 1973, and of all equal opportunity laws and

regulations. In compliance with these provisions, we have established a set grievance procedure to be followed should a discriminatory or harassment situation occur. The Student Life Office has available for all students a written copy of the official grievance procedures to be followed and will be glad to assist students having questions or concerns regarding such matters.

Human Rights in Research

Trinity is concerned with the moral responsibilities involved in the rights and welfare of human subjects in all research, class projects and related activities. This concern includes the protection of rights to privacy, the need for informed consent, protection of confidential data, and protection against physical, psychological, spiritual, social and legal risks. The safeguarding and confidentiality of records and data collected on individuals and groups, the use of such data by the investigator conducting the original research or by other investigators, and the use of the data at a later time are all within the scope of this policy.

To protect the rights of all human subjects in research carried out by Trinity faculty, staff, and students and to meet the standards required by governmental agencies, the institution has developed a Human Rights in Research policy and protocol that must be followed in conducting all research. Program handbooks contain the policy and procedures used for implementation.

Immunization Requirements

These requirements are designed to prevent the introduction and spread of vaccine-preventable diseases on our campus and the surrounding community. For more information regarding immunizations, contact the Health Services Office (Health@tiu.edu) or go to Health Services (<https://my.tiu.edu/services/counseling-and-health>) on MyTIU.

Posters and Notices

Students are permitted to post items (notices, advertisements, etc.) in designated locations on campus only if the posted item receives an approval stamp. To get an item approved for posting on the graduate side of campus, contact the Student Life Office.

Referenda and Petitions

Students wishing to initiate petitions or referenda are to work with the Dean of Students and the Student Government Association. All referenda and petitions must be submitted to the Dean of Students and approved by the University Leadership Team before being distributed or circulated. All items posted on campus by student must be approved and stamped by the Student Life Office.

Soliciting

No soliciting is permitted on campus and violations of this should be reported to the Dean of Students.

Student Loan Program Code of Conduct

Trinity International University (TIU) has adopted a Code of Conduct, in compliance with sec 487(a) (25) of the HEA of 1985.

The goal of the TIU Office of Student Financial Services is to provide the highest quality service in the most efficient and timely manner possible, while upholding the mission of the institution, and acting in a matter with the integrity of a Christian institution. We willingly adhere to the

following “Code of Conduct.” All officers, employees and agents of Trinity International University willingly agree to adhere to the Code of Conduct.

- **TIU will not enter into a revenue-sharing agreement with any lender. A “revenue-sharing arrangement” is defined to mean any arrangement made between an institution and a lender under which the lender makes Title IV loans to students attending the institution (or to the families of those students), the institution recommends the lender or the loan products of the lender and, in exchange, the lender pays a fee or provides other material benefits, including revenue or profit-sharing, to the institution or to its officers, employees or agents.**

TIU embraces a ban on the employees of the university receiving gifts from a lender, guaranty agency or loan servicer. No officer or employee of the TIU Office of Student Financial Services, (or an employee or agent who otherwise has responsibilities with respect to educational loans) will solicit or accept any gift from a lender, guarantor, or servicer of education loans. A “gift” is defined as any gratuity, favor, discount, entertainment, hospitality, loan, or other item having monetary value of more than a de minimus amount. However, a gift does not include

1. a brochure, workshop, or training using standard materials relating to a loan, default aversion, or financial literacy, such as a brochure, workshop, or training;
2. food, training, or informational material provided as part of a training session designed to improve the service of a lender, guarantor, or servicer if the training contributes to the professional development of the institution’s officer, employee or agent;
3. favorable terms and benefits on an education loan provided to a student employed by the institution if those terms and benefits are comparable to those provided to all students at the institution;
4. entrance and exit counseling as long as the institution’s staff are in control of the counseling and the counseling does not promote the services of a specific lender;
5. philanthropic contributions from a lender, guarantor, or servicer that are unrelated to education loans or any contribution that is not made in exchange or advantage related to education loans;
6. State education grants, scholarships, or financial aid funds administered by or on behalf of a State.

TIU embraces a ban on contracting agreements. No officer or employee of the university (or agent who otherwise has responsibilities with respect to education loans) will accept from a lender, or an affiliate of any lender, any fee, payment, or other financial benefit as compensation for any type of consulting arrangement or contract to provide services to or on behalf of a lender relating to education loans.

TIU embraces a prohibition against steering borrowers to particular lenders or the delay of loan certifications. For the first time borrower, TIU will not assign, through the award packaging or other methods, the borrower’s loan to a particular lender. In addition, TIU will not refuse to certify, or delay the certification, of any loan based on the borrower’s selection of a particular lender or guaranty agency.

TIU embraces a prohibition on offers of funds for private loans. TIU will not request or accept from any lender any offer of funds for private loans, including funds for an opportunity pool loan, to students in exchange for providing concessions or promises to the lender for a specific number of Title IV loans made, insured, or guaranteed, a specific loan volume, or a preferred lender arrangement. An “opportunity pool loan” is defined as a private education loan made by a lender to a student (or the student’s

family) that involves a payment by the institution to the lender for extending credit to the student.

TIU bans the use of staffing assistance from lenders. TIU will not request or accept from any lender any assistance with call center staffing or Office of Student Financial Services staffing, except that provided by a lender that involves professional development training, educational counseling materials (as long as the materials identify the lender that assisted in preparing the materials), or staffing services on a short-term, nonrecurring basis during emergencies or disasters.

TIU adopts a ban on advisory board compensation. An employee of TIU who serves on an advisory board, commission, or group established by a lender or guarantor (or a group of lenders or guarantors) is prohibited from receiving anything of value from the lender, guarantor, or group, except for reimbursement for reasonable expenses incurred by the employee for serving on the board.

General Academic Information

Course Numbering System

The alpha characters of a course number indicate the department or subject of study, the first numeric character indicates the academic level of the course:

- 100-400 Undergraduate Courses
- 5000-6999 Masters Courses
- 7000-7499 Advanced Master's Courses
- 7500-8999 Advanced Master's Courses or Doctoral Courses
- 9000-9999 Doctoral Courses

Academic Year and Semester Hour of Credit

The regular academic year is divided into two semesters of fifteen weeks each including the examination period. A semester hour of credit represents one class period (fifty minutes) per week, with two hours of preparation for each class period. During May term, semester hour credits are based on the same number of instructional hours as the regular school year.

Like the traditional college, adult undergraduate courses (both face-to-face and online) operate within a semester system. These courses are divided into six units each, and their learning outcomes are the same as those in the traditional college.

Grading

The following descriptions provide some guidance to the use of grades at Trinity. These descriptions are not precise and should not to be confused with the precision of grade point averages (GPAs), which reflect levels of program progress. GPAs for candidacy, graduation, and honors are stipulated by program and are noted under each program in the Catalog.

"A" : outstanding work—superior achievement of course objectives.

"B" : good work—commendable achievement of course objectives.

"C" : acceptable work—satisfactory achievement of course objectives.

"D" : minimal work—marginal achievement of course objectives.

"F" : failure—unacceptable work. "F" is also assigned when a course is dropped after 50 percent course meetings.

The following grade points are assigned to letter grades:

A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0

Technology and Students

Most classrooms are equipped with LCD projectors, networked computers, DVD and VCR players, and other audio-visual equipment. Students are given MyTIU password information and a Trinity e-mail account upon receipt of the tuition deposit in the admissions process and are expected to become familiar with and use their computer skills as part of the academic and student process. Education in the twenty-first century demands technology skills, including use of a computer for course assignments.

Transcripts and Records

Admissions documents are retained for an accepted student who does not enroll for two years and for those who enroll for a period of five years beyond the date of last attendance.

Academic records are retained permanently. Official transcripts bear the seal of the school and are distributed in a sealed envelope. They may be requested from the Records Office by presentation of the Transcript Request Form or a signed letter and will be sent directly to the student, to an institution upon request, or may be picked up in the Records Office. Unofficial transcripts are also available and may be faxed.

Allow seven business days for completion of transcript requests.

Transcripts are not issued for students who have outstanding accounts unless payment arrangements have been made. Consult the Catalog or the Records Office for any minimal fees for transcripts.

About Trinity College

The Christian Engagement of Culture: Trinity in a Nutshell

Trinity College, as a Christian liberal arts college, is dedicated to exploring all knowledge and is committed to the fact that all truth is God's truth. In part, this commitment entails engaging the culture and seeking to transform it for Jesus Christ. There is, therefore, an inherent tension between the search for God's truth and the Christian's engagement of culture. Ideas and issues, whether presented by the arts, literature, or sciences, are to be examined and evaluated in light of God's inerrant and authoritative Word. Through this process students may on occasion experience some discomfort as aspects of human fallenness are studied. Students are encouraged to interact with their professors or Student Life personnel when such situations occur.

Trinity College Purpose

Trinity College prepares students to engage and influence their local and global communities through holistic Christ-centered liberal arts education.

To accomplish this, Trinity College, as an academic community, commits itself to distinctive objectives:

1. A Reasoned Belief in the Christ-Centered Focus of Truth

A belief that:

- Affirms a personal and loving God as source and sustainer of all created beings and values.
- Proclaims Jesus Christ as liberator and Lord of individual and corporate living.
- Appropriates Holy Scripture as God's direct and definitive self-disclosure.
- Discovers God's continual self-revealing activity in every aspect of nature, life, and knowledge.
- Provides illumination and significance to the quest for understanding in all its dimensions.
- Engages in open-minded inquiry as an appropriate response of love to God.

2. A Liberal Arts Approach to Learning

An approach that:

- Gives systematic exposure to the heritage of human experience.
- Sharpens the ability to form significant questions and sound judgments.
- Teaches consistency and comprehensiveness in thought and clarity, and coherence in expression.
- Cultivates appreciation for the beautiful, the imaginative, and the delightful; as well as empathy for the unlovely, the commonplace, and the tragic.
- Develops the human capacity to create, which reflects the creative power of God.

3. A Sustained Interest in Every Participant

An interest that:

- Respects the dignity of each person as a unique image-bearer of God.
- Takes seriously the particular concerns of current and former students, faculty and staff, administrators and trustees, and those in its various constituencies.
- Supports each member in the integration of all the facets of his or her personal growth.

4. A Purposeful Involvement in Contemporary Society

An involvement that:

- Subjects pervasive human problems to penetrating critical analysis.
- Confronts deterioration and corruption in institutions as well as individuals.
- Translates Christian compassion into redemptive social action, with special sensitivity to global injustice and ecological stewardship.
- Points men and women, individually and collectively, to their ultimate need for God's forgiving healing and grace.

5. A Serious Attempt to Encourage Career Potential

An attempt that:

- Applies formal instruction to issues of current importance.
- Offers guidance in the development of life-planning skills.
- Emphasizes a range of vocational possibilities more than specific occupational training.
- Promotes effective participation in the body of Christ.

6. A Creative Balancing of Tensions Inherent in the Educational Process

A balance that:

- Sets and strives for high ideals, but confesses and struggles with flaws and limitations.

- Allows for maximum realization of freedom and order, spontaneity and continuity.
- Recognizes the necessary interdependence of reason and faith, reflective thinking and responsible acting.
- Treats with tolerance and fairness ideas that are novel, traditional, simple, or complex.
- Requires equally of all who teach and learn both careful research and effective communication.
- Transmits Christian values while sustaining the exercise of individual moral decision.
- Discriminates between need and excess in the use of natural and economic resources.
- Distinguishes good from evil, but refrains from separating God's universe into "sacred" and "secular" compartments.

Taylor Worley, 2015

Visiting Associate Professor of Faith and Culture

BA, Union University

MDiv, Southern Baptist Theological Seminary

PhD, University of St. Andrews

Taylor Worley serves as the managing director of the Center for Transformational Churches at Trinity International University and provides administrative oversight that supports the executive director and the director of the Oikonomia Network. Taylor earned a Ph.D. in theology from the University of St. Andrews with a concentration in theological aesthetics and most recently taught for seven years at Union University in Jackson, Tennessee. In his roles as both a faculty member and administrator of spiritual life initiatives for students, Taylor focuses on enabling students to see how their gifts and passions can be leveraged for greater vocational impact in the kingdom of God. He comes to Trinity excited to facilitate the integration of faith, living, and learning through the strategic work of the Center for Transformational Churches. His scholarly projects center on theological explorations in the visual arts and film as well as creatively applying Dietrich Bonhoeffer's distinctive vision for discipleship and community in the church. Taylor and his wife, Anna, are growing their three kids to love God and His church, and they enjoy exploring their new community in the Lincoln Square neighborhood of Chicago.

Academic Life

Academic Information

Academic Load

The average academic load for a full-time student is 16 credit hours per semester. The minimum full-time load is 12 credit hours. Students wishing to take more than 18 credit hours must receive written approval from the Dean of the College. Students who find it necessary to earn part or all of their expenses are encouraged to reduce their academic loads accordingly. Visiting students are limited to a maximum of 6 credit hours per semester or one course during May term.

Academic Year and Semester Hour of Credit

The regular academic year is divided into two semesters of fifteen weeks each including the examination period. A semester hour of credit represents one class period (fifty minutes) per week, with two hours of preparation for each class period. During May term, semester hour credits are based on the same number of instructional hours as the regular school year.

Like the traditional college, adult undergraduate courses (both face-to-face and online) operate within a semester system. These courses are divided into six units each, and their learning outcomes are the same as those in the traditional college.

Grade Point Average

Academic grade point averages are computed as follows:

A+, A	4.0 points per credit
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0

Only grade points earned for courses completed through Trinity International University, Deerfield Campus, are used in determining the grade point average unless the student is being considered for honors at graduation. (See Graduation Honors (p. 90) for details.)

Grades

Levels of scholastic achievement are determined by several means that may include periodic testing at the discretion of the instructor, class participation, daily assignments, class attendance, and a final examination at the end of the semester. These levels of achievements are expressed and recorded as follows:

A – Superior: indicates outstanding achievement in completeness and accuracy of comprehension, sustained and effective use of knowledge, independence of thought, originality, and ability to interrelate knowledge with other disciplines.

B – Good: indicates above average achievement in respect to some, if not all, of the aforementioned factors.

C – Satisfactory: indicates acceptable work such as may be expected from students of normal ability.

D – Below Average: indicates a standard of work below that expected from students of normal ability.

F – Failure: indicates that requirements were not satisfactorily fulfilled in a credit course.

I – Incomplete: indicates a twelve-week extension for completion of course requirements in cases of serious illness, emergency, or impairment of a student's ability to perform satisfactorily. Granted only upon verification of a student's good standing in the course by the instructor, verification of the circumstances by the Dean of Students, and approval of the Dean of the College. Grade automatically becomes "F" unless completed within twelve weeks from the end of the semester in which the course was enrolled.

P – Pass: indicates that a student has performed at a "C–" or higher level of scholastic achievement. The P grade is not computed into the Trinity grade point average. Policies for the Pass/No Credit option: junior or senior classification (58 or more hours); course not applied to general education, major, or minor requirements; one course per semester; and a maximum of 12 hours with a P grade applicable to meeting the 124-hour graduation requirement. Student must file application for Pass / No Credit option by the start of the third week of the semester (corresponding to the last day to add a class). Once selected, this option may not be returned to the letter-grade system.

NC – No Credit: indicates that a student who opted to take a course under the Pass / No Credit option did not attain a "C–" or higher level of scholastic achievement. The NC grade is not computed into the Trinity grade point average.

AU – Audit: indicates regular involvement in the intellectual investigation of a course, even though academic credit is not received and hours are not counted in the computation of grade point average. Students may change from audit to credit up to the fifteenth day of the semester and from credit to audit up to the tenth week of the semester.

NCA – No Credit Audit: indicates that requirements were not satisfactorily fulfilled for an audit course.

W – Withdrawal: indicates an official withdrawal from class after "last day to add a class" period and prior to the tenth week of the semester.

Note: A special grade designation is posted whenever a student grade is not submitted by a faculty instructor. The student will see an "NR" designation posted on the web Grade Report, which indicates that the Records Office is waiting for the grade to be submitted. Students should contact their faculty instructor with questions regarding any pending grades posted with an "NR" designation.

Student Classifications

Student classifications are based on credit hours earned.

Freshman	0-25 hours of college credits
Sophomore	26-57
Junior	58-91
Senior	92+

Regular Student: A student enrolled in a degree program at TIU

Auditor: A student permitted to enroll in a course without being required to fulfill the normal requirements in that course when it is taken for credit. No credit is granted. Audited courses will be recorded on the official transcript. Abbreviated admissions credentials are required of those students who are only auditing classes.

Dual Enrollment Student: A high school student who is enrolled at TIU to earn college and possibly high school credit (pending approval of the respective high school guidance office). These students must apply and be accepted into the program. A simplified admission procedure is used. Dual enrollment students are registered after university student registration is complete. A dual enrollment student may take up to two (2) courses per semester as a high school junior and up to three (3) courses per semester as a high school senior.

Inactivated Student (REACH Program): Students who do not plan to register for any courses for a period of one to three semesters (a maximum of twelve months) should request a Leave of Absence (LOA) from the REACH Student Services Office as per the LOA policy. Students who do not request a LOA and do not register for at least one course for a period of one to two semesters (a maximum of six months) will be inactivated (no longer considered to be a TIU student). To return and register for additional courses, the student must successfully complete the readmission process.

Leave of Absence: A regular student, as defined above, who does not enroll in classes for one semester (summer excluded). A student who desires a leave of absence for a period of one semester should request a Leave of Absence (LOA) from the Student Life Office. This apprises Trinity of student program plans, and enables appropriate services to be provided. A student on an approved leave of absence is considered active and campus services such as library, e-mail, faculty, etc. are available. Student accounts must also be in good standing for a student to remain active and be able to register for the next semester.

Student At Large: A student who meets all admission requirements but is not pursuing a degree program at Trinity. Such students elect a specialized program of their own choosing and are not required to meet degree requirements.

Teacher Licensure: Persons who have earned a bachelor's degree and seek enrollment at Trinity to meet Illinois Teacher Licensure requirements. Students must meet with the Division of Education prior to enrollment.

Visiting Student: A student not pursuing a degree program but desiring to be admitted for part-time studies (a maximum of 6 hours of credit per semester or one course per May Term session). A simplified admission procedure is used.

Scholastic Status

Dean's List

Students who earn at least 12 hours and a session grade point average of 3.50 or above in a given semester are awarded special recognition by being placed on the Dean's List.

Graduation Honors

Graduates who attain a cumulative grade point average of 3.50 or above with a minimum of 48 credit hours of Trinity work are recognized as follows:

summa cum laude	3.90 GPA, or 3.80 GPA and completion of the honors program
magna cum laude	3.70 GPA, or 3.60 GPA and completion of the honors program
cum laude	3.50 GPA, or 3.40 GPA and completion of the honors program

Honors shall be determined on the basis of work completed prior to the semester in which the graduation exercises are held. The diploma and transcript will reflect honors earned in all undergraduate work. The official honors designation awarded will include the final semester coursework and is based on the transcript posting of degree completion. If the final semester GPA calculation to determine honors differs from the honors announcement at commencement, the honors award will be adjusted accordingly.

Satisfactory Progress

Satisfactory progress is determined each semester. The May Term academic progress will be included and calculated with the spring semester cumulative GPA calculation. A student maintains progress upon successful completion of at least 12 hours as a full-time student or 6 hours as a half-time student per semester while maintaining a cumulative GPA as follows:

Hours Attempted ¹	Cumulative GPA
1-26	1.50
27-42	1.62
43-58	1.75
59-75	1.87
76+	2.00

¹ Including transfer credits but not grades.

Academic Warning

A student whose semester or cumulative GPA is below 2.0 at the end of a semester will be on Academic Warning for the following semester.

Academic Probation

A student whose cumulative GPA is below the required level for hours attempted will be placed on academic probation. Once a student has been placed on academic probation, the probationary status remains until the student's Trinity cumulative GPA meets or exceeds the above academic scale.

Academic Dismissal

A student whose cumulative GPA remains below the required level at the end of a probation semester is subject to academic dismissal.

Academic Dismissal Appeal Process

A student who has been academically dismissed may appeal to the Dean of the College within five days of receipt of notification. The basis of the appeal must be extraordinary circumstances such as serious and documented illness, injury, or family crisis. If this appeal is denied, a written appeal may be presented to the Scholastic Standing Committee. The written appeal must be submitted within five days of the denial of the appeal by the Dean of the College.

Reinstatement

To be considered for reinstatement to Trinity, a student who has been academically dismissed must present a transcript from an accredited college showing credits earned subsequent to the dismissal. The transcript must indicate 12 or more hours of credit transferable to Trinity earned during one semester with grades of "C" or better. If reinstated, a student will be placed on Academic Probation.

Academic Policies

Academic Appeal Process

Students with concerns about course grades or the interpretation and/or implementation of academic policies may pursue resolution through the following appeal process. (For academic dismissal, there is a separate process; see the Academic Dismissal Appeal Process.) At each stage, students should attempt to clearly articulate and document any unusual or extenuating circumstances that they feel have bearing on the issue. Each stage of the process is essential, and every effort should be made to resolve concerns as early as possible in the process, making further appeals unnecessary.

First and foremost, the student should attempt resolution by discussing the issue with the faculty/staff member involved.

If the student is unable to resolve the issue to her/his satisfaction by conversing with the faculty/staff member, the student should approach the chair of the department or director of the division to seek resolution.

Failing resolution at the department/division level, the student may submit a written appeal to the College Academic Appeals Committee, (CAAC) a standing committee composed of two full-time faculty members and the University Registrar. This formal, written appeal to the CAAC must be initiated within sixty days of receipt of the grade or interpretation/implementation of policy that is in question. **Note:** Complete "Academic Appeal Instructions" are available from the Academic Records office via MyTIU.

Finally, if the matter is still not resolved, or if the student is still dissatisfied with the outcome, the student may appeal to the Dean of the College. Such an appeal must be initiated within ten days of the written communication indicating the decision of the CAAC.

At any stage of this process the student may choose to be represented by legal counsel; however, the Dean of the College should be informed of this in advance to give the college the opportunity to obtain legal representation.

Academic Integrity

The community at Trinity International University promotes a commitment to integrity in all areas of life. Academic integrity is essential in the search for and promotion of truth. The Academic Integrity policy details the university's expectations. In the case of an incident of cheating, plagiarism, or other academic dishonesty, the professor will submit a form to the academic dean outlining the incident and the disciplinary action taken (usually failure of the assignment if a first incident, but depending on the severity of the incident or pattern of dishonesty, possible failure of the course). Subsequent or egregious first incidents result in more severe disciplinary actions, up to and including failure of the course or academic dismissal. Students receiving a disciplinary failure in a course may not withdraw from the course.

The academic dean will refer students with two or more incidents of academic dishonesty to the Dean of Students as a community standard violation. A file of all academic dishonesty incidents is maintained in the academic dean's office. Students with multiple incidents of academic dishonesty are subject to dismissal from Trinity College.

The Scholastic Standards Committee, which includes faculty and administrative representatives, will hold a hearing to consider the case. The student is entitled to appear before the committee, and to have an advocate present. The faculty member(s) who have reported cases

of academic dishonesty are expected to appear or provide information to the committee. If the Scholastic Standards Committee decides to suspend or dismiss a student, the student may appeal to the Dean of the College, whose decision will be final.

Advanced Standing

Some entering freshmen and transfers may qualify for waiving of certain requirements.

Advanced Placement

Students who earn acceptable scores in the Advanced Placement Program of the CollegeBoard will receive credit at Trinity providing they receive a grade of 3 or better and that all appropriate materials and scores are submitted to Trinity.

CLEP

College Level Examination Program (CLEP) scores (subject examinations only) may be accepted for credit upon the recommendation of the department. A student may not earn CLEP credit for a course previously taken, as an audit or for credit, at Trinity International University.

Competency Exams in Old Testament and New Testament

The Biblical Studies Department of the Division of Biblical, Religious, and Philosophical Studies offers two-competency exams for students who believe that their Old Testament and New Testament knowledge is equivalent to Trinity's introductory courses. Credit for the courses BI 101 and BI 111 may be achieved upon successful completion of the respective competency exam and reading of the respective biblical text. Successful completion is understood to be a score of B (3.0) or better on the exam. The Biblical Studies Department administers the exams. The exams are made up of objective questions (multiple choice, true/false, matching) addressing the content of the texts and integrative essays addressing the application of the texts. Students desiring to take a competency exam should consult with the Biblical Studies Department faculty. A fee for the exam is charged; see credit by examination procedure, below.

Credit by Examination (CBE)

On occasion, examinations conducted by departments of the college will be used to determine a student's achievement and mastery in specific subject areas and serve as a basis for credit or waiving a course, as recommended by the department. Credit by Examination is limited to matriculated Trinity undergraduate students. CBE is regarded as transfer credit and, therefore, will not be computed into the student's grade point average. CBE will not be granted for a course that the student has previously taken (for audit or credit) at Trinity International University.

Students should complete the following process for seeking CBE for a specific course:

1. Obtain a "Credit By Exam" form from the Student Accounting Office. The Student Accounting Office will initiate the approval process by assessing the appropriate CBE fee (see "Fees" section in this catalog).
2. Make arrangements for completing the exam with the department chair or instructor.
3. Obtain the signature of the department chair.

4. Submit the completed CBE form to the instructor.
5. Upon completion of the exam, the instructor will post the test results on the CBE form, sign, and submit the form to Records.
6. The Records Office will notify the student when the CBE credit is posted on the transcript.

Credit examinations administered at other schools may be accepted for credit (not grade) at the discretion of the department chair. The chair may require an additional examination to determine the student's level of competence prior to granting Trinity credit.

Advanced Placement, CLEP, Credit by Exam, or proficiency tests will not be allowed to count toward the residency requirement for graduation from Trinity. Proficiency tests may not be used to fulfill any general education or major requirement.

Credit for Military Basic Training

Any prospective student having successfully completed Military Basic Training may be eligible to receive credit. The student should submit a copy of the military DD-214 (Copy-4) to the Records Office and request an evaluation. Upon verification of completed Military Basic Training, credit will be posted as transfer work on the transcript.

International Baccalaureate Program

Trinity recognizes the International Baccalaureate Program and awards credit from the Diploma or the Certificate for Higher Level Subjects in which the student has attained a score of 5 or better. Application of this credit to specific courses is determined by the appropriate departments. Hours of credit are determined by the Trinity courses for which the subject exams are substituted.

Pre-High School Diploma, College-level Work

Trinity accepts, under normal transfer credit guidelines, course credit earned by a high school student provided that the credit appears on the transcript of a regionally accredited college or university and that the student attended the regularly scheduled classes on the institution's campus.

Transfer Credit Policy

Trinity is pleased to receive credits from other postsecondary institutions to fulfill degree requirements, subject to the following criteria and limitations:

- The sending institution must be accredited by a body recognized by the United States Department of Education (USDE), including—but not limited to—regional accrediting agencies, such as the Higher Learning Commission, national accrediting agencies such as the Association for Biblical Higher Education (ABHE) (<https://www.abhe.org>) and the Transnational Association of Christian Colleges and Schools (TRACS) (<http://www.tracs.org>), and specialized accrediting agencies such as the National Association of Schools of Music (NASM) (<http://nasm.arts-accredit.org>). (For a complete listing of recognized accrediting bodies and accredited institutions, see the USDE Database of Accredited Postsecondary Institutions and Programs (<http://ope.ed.gov/accreditation>.) A maximum of 30 credits from postsecondary institutions not accredited by a USDE-recognized agency, which satisfy all other criteria (see below), will be received after the student has completed at least 24 credit hours of Trinity coursework at a cumulative GPA of 2.5 or higher.
- The student must have received a grade of "C" or higher (or its equivalent) from the sending institution in all coursework presented for transfer.
- Trinity credits are based on semester hours, so credits from institutions that grant credits according to other delivery systems (e.g., quarters, trimesters) will be adjusted accordingly and proportional credit received.
- Nontransferable courses that must be taken at Trinity include:
 - For Traditional and Online students: The general education course IDS 150 and the capstone course in each major.
 - For Adult Undergraduate students (REACH, EXCEL): The general education course IDS 105.
- The general education courses BI 101, BI 111, and BI 210 are transferable, but the credits received to satisfy these requirements must be from sending institutions that are members of the Council for Christian Colleges and Universities (CCCU) (<http://www.cccu.org>) or that are accredited by ABHE or TRACS.
- A maximum of 82 credits at the 100 or 200 level may be transferred into a BA degree program at Trinity.
- At least 30 of the last 45 credits (exclusive of credits by examination) applied to a degree must be taken at Trinity or in a nonresident program of study authorized by the faculty.
- Students who complete any of the following - an Associate in Arts (A.A.) degree, an Associate in Science (A.S.) degree, or an Associate in Fine Arts (A.F.A.) degree - at an accredited institution are guaranteed a minimum of 60 transfer credits. The A.A., A.S., or the A.F.A. degree fulfills general education requirements in all categories with the exception of:
 - For Traditional and Online students: The Foundations of Christian Thinking and Living category. Students with an Associate degree must fulfill the Christian Thinking and Living course requirements in accordance with established policies.
 - For Adult Undergraduate students: Foundations of Adult Learning (IDS 105), Understanding the Old Testament (BI 101) and Understanding the New Testament (BI 111). Students with an A.A. degree must fulfill these course requirements in accordance with established policies.
- The Illinois Articulation Initiative's (<http://www.itransfer.org/IAI/container.aspx?file=iai>) general education core, completed at an accredited Illinois institution, fulfills the general education requirements in all categories with the exception of the Foundations of Christian Thinking and Living category and the Foundations of Adult Learning course. Students who complete the IAI general education core must fulfill the Christian Thinking and Living course requirements in accordance with established policies.
- Traditional and Online undergraduate students who transfer to Trinity as juniors (minimum 58 hours earned) must take IDS 150 and two of the three Bible classes in the category Foundations of Christian Thinking and Living (BI 101, BI 111, and BI 210).
- Undergraduate online students may have a maximum of 33 percent of the total credit hours for any major accepted as transfer credit. Because of the integrated nature of the courses in each major and the elements that are built across the curriculum, students must take a majority of the courses that constitute the major from Trinity.
- To facilitate efficient transfer processes, Trinity maintains a database (<http://www.tiu.edu/transfer>) of transfer articulation agreements involving individual courses, as well as blocks of courses taken at other institutions, including (but not limited to) area community

colleges and online course offerings. The Records Office can also facilitate pre-approval of transfer coursework according to university policies.

- Students who wish to appeal an evaluation of credits presented for transfer may do so in writing to the Dean of the College and Graduate School or designee.
- Please note that the transferability of credits taken at Trinity to other colleges and universities is at the discretion of the receiving institution. It is the student's responsibility to confirm whether another college of the student's choice will accept credits earned at Trinity.

Prior Learning Assessment

The university recognizes learning gained through various life experiences. If that learning was gained at the college level, the student may petition to validate that learning for college credit.

Prior Learning Assessment workshops are offered each academic year to instruct students about the process of writing papers. Students may seek advice from advisors about the potential number of credits they may petition for through Prior Learning Assessments (PLAs) but advisors do not determine how many credits papers are worth.

PLA credits (including CLEP/DSST, Life Learning Papers, and Business and Professional Training) are classified under, and are therefore subject to, transfer credit policies. On this basis, students needing to complete credit hours toward graduation requirements may be eligible to petition up to 82 hours of credit through PLAs. It is important to note that the maximum of 82 credits includes both transfer credits from other schools and PLA.

PLAs are divided into two categories:

1. Business and Professional Training (BPT): demonstrates college-level learning through documented nontraditional educational experience (e.g. conferences and workshops)
2. Life Learning Paper (LLP): demonstrates college-level learning through previous life-changing events (e.g. divorce, leadership, ministry)

Upon completion of the appropriate documentation, the student submits the PLA to the Student Services Office. The documentation is then forwarded to a faculty reader qualified to evaluate the subject matter. The faculty reader determines if the documentation needs to be rewritten or the amount and level of credit to be awarded, if any. The faculty reader then returns the PLA to the Student Services Office. The student is notified of the results via mail. The process takes approximately six to eight weeks.

Students should refrain from contacting the Student Services Office regarding the status of the PLA until eight weeks have elapsed.

The title of each PLA-awarded paper will appear on the student's transcript, with one of two alpha-numeric codes, either IDS 199E for lower division coursework, or IDS 399E for upper division coursework.

VA Student Credit for Previous Education and Training

Veteran students must report all previous education and training. Trinity International University will evaluate such education and training, and if appropriate will award transfer credit. VA Benefits exception: For VA benefit awards, it is not required that a student's last semester of degree

completion only include TIU courses. However, the awarding of credits toward the degree is subject to the normal request, review, transfer and acceptance policy of TIU.

Class Attendance

Traditional Undergraduate

At the beginning of the semester each faculty member will notify class members in writing of the attendance policy for each class. Since class attendance is important, students are urged to attend classes regularly regardless of stated attendance policies in order to participate in discussion and receive benefit from lectures and reports given in class.

REACH

If students miss one class session, they will receive a 3 percent deduction off their percentage score for the course. For example, if a student earned a 92 percent for the course but missed one class session, the student's final percentage for the course would be 89 percent. Or, if the student earned an 86 percent for the course but missed one class session, the student's final percentage for the course would be an 83 percent. In this way, missing a class may result in a lower grade, or it may not; however, it always results in having 3 percent deducted from the student's score. The 3 percent reduction is due to a lack of participation in the face-to-face classroom setting. If a student misses a class, these participation points cannot be "made up." The participation is lost. Note well: If students miss two class sessions, this amounts to missing 40 percent of the class time. If this happens, they must retake the course, with no exceptions.

Commencement Participation

The College has an annual commencement ceremony in May. College policy permits participation in the ceremony for students who are within 6 hours of meeting graduation requirements. To be eligible for the "6-Hour Contract," a student must be within 6 hours of completing all graduation requirements at the end of the spring semester.

Confidentiality of Records

Trinity complies with the Family Educational Rights and Privacy Act (FERPA). Specific information may be obtained from the Records Office. For additional information, see Family Educational Rights and Privacy Act of 1974 in the Official Policies section (p. 64) of this catalog, or contact the Records Office.

Co-curricular Activities

A student must be enrolled as a full-time student to hold a student office, serve as editor of a student publication, or hold membership on Student Council or any faculty committee. Intercollegiate sports eligibility will follow the rules and regulations set forth by the NAIA (National Association of Intercollegiate Athletics), of which Trinity is a member.

Course Delivery Modalities

Trinity College offers instruction via several delivery modalities.

- Traditional, semester-length classes are offered face to face on the Deerfield campus. Classes meet 50 minutes weekly for each hour of credit earned. This is referred to as "traditional," and it is the delivery mode used by the majority of Trinity's undergraduate students.

- Online classes are part of Trinity's fully online degree program designed for working adults, who can complete their degree while continuing their work and ministry wherever they live. Online courses last six, twelve, or 18 weeks. Trinity's accelerated online courses require about 20 weekly study hours for a six-week three-credit online class. Students enrolled in the traditional undergraduate program of Trinity College are limited to one online course per semester. Note that an additional fee may apply for online courses. During summer term (including May term), students may enroll in up to 12 credit hours of online and face-to-face Trinity classes. However, they may enroll in no more than six credit hours (or two courses) concurrently.
- The REACH (p. 280) and Excel adult undergraduate (p. 567) programs are designed for working adults. The curriculum assumes the life experience and contextual understanding of adults who are in the workplace full time. Students in the traditional undergraduate program may take a REACH course only if approved to do so by an academic dean. However, REACH students are welcome to take courses in the traditional undergraduate program.

Cross-Registration

Full-time Trinity College students may cross-register for one graduate level (up to 4 credit hours) course per semester free of charge. Certain restrictions apply. Please contact the Records Office prior to registration for more information or go to MyTIU (<https://mytrinity.tiu.edu>). The "Cross Registration Form (College into TEDS/TGS)" lists the policies/restrictions and cross-registration instructions.

Formal Student Complaint Policy

Formal Student Complaint Policy

Trinity College, as part of Trinity International University, in accordance with the Federal Compliance Policy, keeps a record of formal student complaints. Formal complaints should be addressed in writing (dated and signed) to the dean's office. If unresolved, the student may choose to submit the formal complaint to the Academic Council of Divisions, the provost, or the president. Upon first receipt of the formal complaint, the person to whom it is addressed will initiate the Student Complaint Tracking Form, which records the nature of the complaint, the steps taken by the institution to resolve the complaint, the institution's final decision regarding the complaint, and any other (external) action initiated by the student to resolve the complaint. Information regarding student complaints is accessible to members of the Higher Learning Commission evaluation team. The university will protect students' privacy by removing their names from files before submission to an outside team (unless they have given express permission for use of their names).

Guided Study

A regular course listed in the catalog may be offered on an individual basis to an enrolled Trinity student if the requirement in the academic program cannot be met in any other manner. Conditions for a guided study include the following:

1. the regular course is not offered in the semester of the guided study, or the course cannot fit into the student's schedule;
2. the student has a 2.0 cumulative GPA and has completed 50 semester hours of coursework.

Prior to final registration, written permission to enroll in the guided study must be secured from the instructor, department chair, and the Dean

of the College. All work for the guided study is due according to the schedule determined by the instructor and no later than the final exam week of the semester. A student may earn a maximum of 21 credits by any combination of guided or independent studies. A Guided Study may not be used to retake a course to improve a grade.

Independent Study

An independent study is a noncatalog course in which a faculty member and an advanced student design research on a topic of special interest that extends beyond the scope and depth of courses regularly offered in the curriculum.

To be eligible for an independent study, a matriculated Trinity undergraduate student must have a cumulative grade point average of 3.0 and have completed 50 semester hours of academic work prior to the semester in which the independent study is taken. The topic or content must have the written approval of the instructor, the department chair, and the Dean of the College. All work is due according to the schedule determined by the instructor and no later than final exam week. A student may earn a maximum of 21 credits by any combination of independent and guided studies.

Policy for Students Called to Active Military Duty

Trinity students called to active military duty have the following options, which are based on the current catalog policies:

1. Receive course grades for the current semester, or incompletes for all courses, if approved by your professors
2. Receive administrative drops with a refund for some courses and grades/incompletes in other courses, if approved by your professors
3. Withdraw from all current semester courses with a full refund of tuition and fees

Contact the University Records Office for information on the procedures to follow and departments to inform in the event of call to active military duty.

Readmission

A student who discontinues attendance for one or more semesters must apply for readmission by requesting and completing a Supplementary Application form. The Supplementary Application is also used to update applications of students not previously enrolled but whose earlier applications have been kept on file.

Registration

Students register for classes using Trinity's web-based registration system or in Trinity Central.

- Late enrollment will be permitted after the first day of the semester and through the end of the fifth teaching day of the semester, during which time a fee will be assessed.
- Individual courses may be added through the end of the tenth teaching day of the semester.
- Beginning the eleventh teaching day, and prior to the end of the tenth week of the semester, a student may drop a class and receive a withdrawal grade (W) for the course.

Requirements for a Minor

Students may receive recognition for an academic minor by completing 24 hours in one department or by completing the requirements for a prescribed minor. (Course requirements are listed in the appropriate departments.) Students may acquire as many academic minors as time and schedule permit. Six hours in residence are required, except for the Biblical Studies Minor, which requires 12 hours in residence.

Retaking Courses

A student may elect to repeat any course in which a grade of “B–” or lower is earned provided that the repeated course is taken at Trinity College in a regularly scheduled class, excluding Guided Study courses. All grades will be retained on a student’s transcript.

A course for which credit has been earned, when repeated, may produce an improved grade but will not provide additional credit. The highest grade for a repeated course will count toward graduation requirements and the cumulative grade point average.

A course in which credit (i.e., passing grade) is earned may be repeated only once.

Withdrawal from the College

Students who find it necessary to withdraw entirely from the college must complete an official withdrawal form available in the Student Life Office. A student is not eligible for refunds and forfeits academic standing in the college if this form is not properly completed and submitted. Students withdrawing by the last day to drop classes will receive a “W” designation (withdrawal) for all classes. Students withdrawing after the last day to drop classes will receive a regular letter grade.

Refunds

After official withdrawal from the college, students are eligible for partial refunds of tuition and board (p. 44). All refunds will be based on the date of official withdrawal from the college.

Planning an Academic Program

All regular students are assigned a faculty advisor who is available to help in planning a college program. As possible, advisors are assigned according to a student's interest area. Students are encouraged to work closely with their faculty advisors during pursuit of an academic program at Trinity. Advisement sheets listing general education and major requirements are available in the College Dean's Office. As a student progresses in his or her degree work and completed requirements are posted on the academic transcript, the student and academic advisor may access and review this information by using the "Degree Audit" and "Academic Record" links on the Web.

Students who have not decided on a major field of study should concentrate on meeting general education requirements. First-year students should register for a Bible course unless an exception is made by the Dean of the College. Students who have fairly well-defined educational goals should begin coursework in the major, at the same time finishing general education courses. This is especially important in music, education, and science. When a major field is selected, students should confer with the department chair and apply for a major. An advisor will be assigned from that discipline to help students plan a program of study consistent with personal objectives and goals. A declaration of major must be filed prior to registration for the junior year.

Although the college catalog is not a legal contract, it does outline institutional policies, procedures, and regulations and describes requirements that students must meet before qualifying for a Trinity degree.

With regard to curricular offerings, students should note that requirements for an academic major in effect for the year in which the first enrollment occurred (matriculation) are applicable as long as the student continues to attend Trinity, provided the degree is complete within seven years of that first catalog date.

When curricular changes are made, students may follow either the original or changed curriculum requirements. However, students must choose one catalog or the other—not a combination of the two. Reasonable substitutions will be made for discontinued or changed courses. Students seeking licensure in elementary, secondary or K-12 education should be aware that the programs are accredited by and subject to Illinois State Board of Education curriculum requirements. While every effort will be made to apprise students of changes, they must fulfill these requirements to be licensed regardless of their matriculation catalog.

Students working toward a degree must file the "Application for Graduation" document one calendar year prior to the date (semester) that a student intends to complete all degree requirements to assure proper and timely completion of graduation requirements.

Graduation Requirements

It is our goal that every candidate for graduation give evidence of a true Christian life and character during their academic studies at TIU. All candidates are recommended for consideration as graduands by faculty vote. To be eligible to receive the Bachelor of Arts degree from the College, students must meet the following requirements within seven years of catalog date:

1. 124 semester hours of credit. Included in this are those hours required in general education and the student's major field of study.

A maximum of 12 hours of applied music (except music majors), 4 hours of Preparation for College Studies (PCS) classes, 4 hours of drama production, 6 hours of human performance and wellness activity courses, and 12 hours of internship will count toward graduation.

2. An overall Trinity cumulative grade point average (GPA) of 2.00. The general education, major,¹ and minor requirements must each be completed with a minimum of 2.00 GPA.
3. Successful completion of the general education requirements.
4. Acceptance into a major and fulfillment of the requirements of that major. Students must declare no later than the second semester of their sophomore year or on entrance, in the case of junior and senior transfer students. A minimum of 9 upper-division credits in the major must be earned while in residence.
5. Fulfillment of the Service Learning requirement. Each full-time student is required to complete 2 units of Service Learning while at Trinity. Transfer students are required to complete only one service learning unit if they transfer 58 or more approved credit hours.
6. Fulfillment of the chapel attendance requirement. Chapel attendance is considered an important part of the total college program.
7. At least 30 of the last 45 hours must be taken at Trinity, or in a nonresident program of study authorized by the faculty, as a regular student in order to receive a degree. Hours completed through Credit by Examination (CBE) do not count toward these 30 hours. Seniors who plan to matriculate in another college and transfer their final credits to Trinity must make arrangements with the Records Office prior to leaving Trinity.
8. A student may complete degree requirements and graduate from Trinity at the end of one of three different completion semesters: fall, spring, or summer. The Application for Graduation is due on December 15 of the year prior to the anticipated graduation year for spring and summer graduands. For fall graduands, the Application for Graduation is due on July 15 of the anticipated graduation year. The following documentation must be filed with the University Records Office for review and verification of degree completion. All of these documents are available online or in the Records Office:
 - a. Application for Graduation form
 - b. When approved by faculty, any "Substitution/Waiver Form" should also be submitted to the Records Office for processing.
 - c. "6-Hour Contract," if applicable, for commencement participation (see Commencement Participation (p. 94) for further information).
9. Attendance² at commencement. Permission to graduate *in absentia* must be obtained from the Dean of the College.

¹ Students should review their specific major requirements as listed in this catalog. Some majors require a higher cumulative GPA for graduation.

² Attendance at commencement does not necessarily indicate degree completion.

General Education

The College has established a general education program that engages students in many different fields of learning. Education majors should see specifications to general education requirements located in the “Division of Education” section of the catalog.

Purpose

The purpose of the general education program is to introduce students to the breadth of liberal arts learning, and to provide the foundations (biblical, conceptual, and contextual) for all subsequent education, and for learning across the lifespan. Specifically, we intend that by the time of graduation the student will be able to:

1. Articulate a Christian world-and-life view
2. Think critically, reason clearly, and communicate effectively
3. Utilize quantitative and analytical skills
4. Employ moral reasoning and judgment as an outgrowth of personal faith and commitment
5. Interpret the biblical themes of creation, fall, and redemption—in particular as they relate to the arts and humanities
6. Respond thoughtfully, redemptively, and empathically to social changes
7. View current issues in their global and historical contexts and in relation to social, cultural, and natural constructs
8. Respect diverse religions and cultures, engaging others with sensitivity and discernment

Service Learning

(See IDS 106)

Service Learning is a graduation requirement for all college students. Each full-time undergraduate student is required to fulfill two Trinity Service Learning units while at Trinity College. Transfer students are required to complete only one Service Learning Unit if they transfer 58 or more approved credit hours.

Service learning has the following learning outcomes:

1. Students will develop their ethic of service, sense of social responsibility, and commitment to civic engagement.
2. Students will grow in their capacity to love and serve individuals and communities, within and outside of Trinity, both locally and globally.
3. Students will use their skills and abilities to make a difference in real-world settings.
4. Students will put their faith into action. ("Faith by itself, if it is not accompanied by action, is dead." James 2:17 TNIV)

A student will earn one completion for each Service Learning project when all of the following guidelines are met:

- The Service Learning project must be a minimum of twelve hours over a period of at least 12 weeks, or be an intensive supervised ministry trip, as detailed below.
- The Service Learning project must demonstrate faithfulness over time.
- Acceptable options include:
 - Weekly service for one hour
 - Semi-weekly service of two hours, in alternate weeks
 - Monthly service of at least three hours on four different occasions
 - Intensive one or two week supervised ministry trips. [A mission trip of seven to thirteen days qualifies for one Service Learning completion, and a mission trip of fourteen days or longer may qualify for two Service Learning completions. (This would include working at an overnight summer camp if it demonstrates a level of commitment and service similar to a fourteen-day mission trip.)]
- Short-term activities, such as leading a weekend retreat for a high school youth group or leading a five-day VBS, do not qualify, even though they may result in more than twelve hours of service, because they do not meet the requirement of faithfulness over time.
- The Service Learning project must have accountability through a ministry/service supervisor.
- The Service Learning project must involve serving others.
- At least one Service Learning project must be done off campus; off campus service may be repeated in a second semester for a second Service Learning completion.

There are a variety of opportunities posted online if assistance is needed in finding an appropriate activity or specific project.

To receive credit for a Service Learning project, the student must register for IDS 106 Trinity Service Learning, submit the planning form early in the semester of service, submit the Student Reflection Form and ensure that the Supervisor Evaluation Form is completed and submitted by the last day of class during the fall and spring semester or two weeks prior to the first day of the fall semester if the service-learning project was done over the summer.

- Note: All Service Learning projects must be done while the student is enrolled at Trinity College. All forms and additional information can be found on MyTIU (<http://my.tiu.edu>).

Three Year Degree Option

Trinity offers qualified students a three-year degree option, with free summer tuition for most courses. Exercising this option, students in many majors can complete their degree in three years. Most summer courses are offered *at no additional tuition cost to qualified students* (see below). This represents significant savings in that the student pays for only three years of tuition (i.e., instead of four) *and* is able to be employed or engaged in graduate study in the fourth year.

To qualify for tuition-free May term face-to-face and summer online courses, the student must meet all of the following conditions:

1. composite ACT score of 20 or higher (or the SAT equivalent)
2. full-time enrollment at Trinity in the two semesters immediately preceding the summer study (i.e., fall/spring)
3. cumulative Trinity College GPA of 3.0 or higher at the end of the preceding fall semester
4. enrollment in further undergraduate coursework at Trinity in the (fall) semester immediately following the summer in question (unless graduating)

Those who meet these qualifications will receive a 100% tuition rebate for up to 12 credits of coursework (four 3-credit-hour courses) in the intervening summer, in any combination of the following:

- one May term course and/or
- up to two online courses in each of the two summer online terms. [A per-course technology fee will be assessed for each online course; the tuition rebate does not cover this fee.]

Note: Guided studies, independent studies, and internships are not included in the summer tuition rebate. BE 476X/PH 476X and BE 477X/PH 477X, associated with The Center for Bioethics & Human Dignity's annual summer conference, provide a unique opportunity for students to interact with internationally recognized professionals in their field and receive academic credit; these courses also are not included in the summer tuition rebate.

Department of Biology and Chemistry

The purpose of the Department of Biology and Chemistry is multifaceted. The programs offer courses that prepare science majors for a wide variety of career choices in the areas of medicine, education, industry, and postgraduate work. They also complement the liberal arts approach to learning by offering courses intended specifically for non-science majors. The curriculum is designed to provide students with both a broad understanding of the field of biology and specific knowledge in the dynamic disciplines within the field. It also emphasizes development of technical, communication, and analytical skills. The faculty endeavors to cultivate within students a Christian perspective on bioethical issues, as well as an aesthetic appreciation of and an attitude of stewardship toward the natural world. Above all, we seek to bring students toward a deeper understanding of God as he is revealed in his creation.

Students in the Biology/Pre-Medical program should be aware of unique opportunities for conferences, internships, and experiences associated with the Center for Bioethics and Human Dignity (<http://www.cbhd.org>) on Trinity's campus, as well as the MA in Bioethics Dual Degree through Trinity Graduate School and the Bioethics Minor.

¹ Minimum Requirement is 1000 hours and may be more depending on the physician assistant program

2 Clinical hours must be supervised by a licensed health care practitioner with emphasis given to hours supervised by a physician or physician assistant. Some programs require more than one site. Clinical hours must include patient contact. Registration for HS 480 credit must occur prior to the clinical experience. This requirement satisfies the professional experience requirement. Requirements for acceptance vary among physician assistant schools. By the first semester of the sophomore year, students should contact possible physician assistant schools for information regarding prerequisite coursework required for admission. Courses may then be selected from the recommended courses.

Biology Major with Secondary Education Licensure

The Biology Major with Secondary Education Licensure is designed to prepare students to meet the ever-expanding need for qualified science teachers. The major emphasizes communication as well as quantitative and analytical thinking skills. It also fosters in tomorrow's teachers an aesthetic appreciation of the natural world and a deeper understanding of God as He is revealed in his creation. Graduates are eligible for an Illinois Professional Educator License at the high school level (grades 9-12). An endorsement in middle grades (5-8) may be added with minimal additional coursework; contact the Division of Education for information.

Additional Licensure Requirements

Candidates must pass the Illinois Test of Academic Proficiency, the appropriate content area test(s), the teacher performance assessment (edTPA), and all required licensure tests in order to complete their program. Candidates are required to comply with all state requirements that are in place at the time of application for licensure. Consult the Division of Education for specific information.

Optional Additional Endorsement

A candidate may earn the Learning Behavior Specialist 1 (LBS1) endorsement (an addition to the teaching license) by completing ED 330, ED 352, ED 353, and ED 354, and passing the appropriate Illinois Licensure Testing System exam. Earning this additional endorsement may be a good investment of elective credit hours for interested candidates, since LBS1 is currently a teaching shortage area throughout the state of Illinois.

Important Note: Students may not double major in Biology/Secondary Education and Middle Grades Science Education. The middle grades major is a subset of the Biology/Secondary Education major.

Major requirements total 95 hours. This includes 23 hours of required Biology courses, 8 hours of Biology electives, 20 hours of supplemental courses, and 44 hours of professional education and required supporting courses.

Communication Department

The goal of this department is to equip students to be reflective, ethical communicators who handle messages, channels, and contexts for communication skillfully and responsibly. Students who pursue a communication major will study a variety of theories about how humans communicate and what factors can prevent successful communication. Education Department Program

The Division of Education seeks to develop highly qualified Christian teachers who view teaching as a mission. They nurture their students, reflect critically on their practice, and facilitate classroom experience to maximize the potential of all learners. Our faculty focuses on three main areas of preparation: the personal, the professional, and the practical. While we believe that all three areas are important, our focus on the personal, relational aspects of education is our key distinctive, the core value that connects our educational philosophy to our Christian worldview, our emphasis on the community, and our commitment to diversity. It is from this concept of the personal with its emphasis on the teacher as nurturer that our motto, "Touching Lives One Student at a Time," has been developed.

We believe that the education program should be viewed as a continuous, seamless process beginning with the first introduction to the profession in Introduction to Teaching (ED 101) and culminating in the professional semester of clinical practice. Education courses (with the exception of ED 101, ED 103, ED 240, and ED 260X) may be taken only by candidates who have been accepted into the Division of Education. Any exception to this policy must be approved by the Division of Education. Any candidate considering an education major should obtain a specific planning sheet and request assignment to an education advisor as early in the program as possible.

Licensure

Division of Education candidates completing an approved education major and all state requirements will be eligible to receive a Professional Educator License for Elementary Grades (elementary education major (p. 181)); Middle Grades (grades 5-8) English (p. 183), History/Social Science (p. 185), Mathematics (p. 184), Science (<http://catalog.tiu.edu/trinity-college/academic-life/majors-minors-department/education/middle-education-science-major>); or High School (grades 9-12) Biology (p. 138), English (p. 191), History/Social Science (p. 210), or Mathematics (p. 222). The Music Education major (p. 236) prepares candidates for the Professional Educator License covering all grades, kindergarten through high school. All candidates may add an endorsement in special education (Learning Behavior Specialist 1) to their license by completing the four required courses and passing the state licensure exam. Secondary candidates may add an endorsement in middle grades (5 - 8) with minimal additional coursework; consult the Division of Education for information.

Additional Licensure Requirements

Candidates must pass the Illinois Test of Academic Proficiency (TAP), the appropriate content-area test, and the appropriate teacher performance assessment (edTPA) in order to complete their program. Candidates are required to comply with all state requirements that are in place at the time of application for licensure.

ACT Disclosure Statement

The following information is provided as a benchmark that students may use to measure their preparedness for an education program. In some cases, this will allow them to save time and money by not beginning a course of study for which they have not been adequately prepared.

The Division of Education assessment data indicate that the majority of candidates who are successful in completing the education program have earned a composite score of 22 or higher on the ACT¹. Candidates

with ACT scores below 22, who have successfully completed the education program, have generally needed multiple attempts at passing the required licensure tests, have had difficulty maintaining a cumulative GPA of 2.5, and/or have needed to extend their program into a ninth or tenth semester.

Individuals with ACT scores below 22 should consult with an education advisor to carefully consider the requirements of an education major as well as their personal potential for success. While a cumulative ACT score of 22 does not guarantee seamless progress through the education program, candidates who have earned ACT scores below 22 who wish to pursue an education major should:

1. Attempt the Illinois Test of Academic Proficiency (TAP) in the first semester at Trinity.
2. Seek remediation for identified areas of weakness.
3. Utilize the services of the University Student Success Center in completing course assignments.
4. Anticipate repetition of courses for which a grade below "C" (2.0) is earned.
5. Utilize summer coursework.
6. Carefully consider and possibly limit outside obligations such as employment, volunteer responsibilities, and other campus activities.
7. Allow time for multiple attempts at passing the content-area test prior to clinical practice.
8. Plan to extend their program beyond eight semesters.

¹ SAT composite of 1030

Candidacy Requirements

After enrollment at Trinity, students declaring an education major must be officially admitted into the Division of Education (Gate 1). In order to be admitted to the Division of Education (Gate 1), students must meet the following requirements:

- Completion of 30 hours of college-level work with a cumulative GPA of 2.5 and education (ED) GPA of 2.75 or higher

- Complete the Division of Education Handbook requirement
- Pass the Illinois Test of Academic Proficiency or satisfy the ACT/SAT waiver option

Once admitted to the Division of Education, the student is considered a teacher candidate. Continuation of candidates in the education program is evaluated prior to Pre-clinical Experiences (Gate 2), Clinical Experience/ Student Teaching (Gate 3) and Licensure (Gate 4). Each of these gates requires candidates to:

1. complete of all state and institutional requirements as articulated in the Division of Education Handbook,
2. earn grades of "C" or better in all licensure-related coursework, and
3. maintain a minimum cumulative GPA of 2.5 overall, and a GPA of 2.75 in the education major, with grades of "C" or better in all education and subject-area coursework required for the completion of the Bachelor of Arts degree.

¹ All candidates must pass a competency test in Illinois history or meet the competency requirement through transfer of an appropriate course prior to taking ED 342.

In order to meet state licensure requirements, including broad content preparation in the multiple areas of elementary teaching, students must develop content knowledge in a range of subjects. The education department expects students to accomplish this through their general education courses, so does not specifically list these courses as major requirements. However, due to state licensure requirements, in order to be recommended by Trinity for licensure, all elementary education candidates will need to have studied (evidenced by transcript) the following areas:

- Academic writing, including research. Grammar and usage studied as needed. Fulfilled through ENG 111 in Trinity's general education core.
- Coursework that addresses at least three areas of the sciences (i.e., physical, life, and earth and space). Fulfilled through BIO 103 and PS 110 in Trinity's general education core.

- Coursework that addresses at least four areas of the social sciences (i.e. history, geography, civics and government, and psychology). Fulfilled through HI 201 or HI 202, POL 250, and SOC 330 or COM 330 in Trinity's general education core, and education supporting course requirement GEO 100.
- Mathematics including college algebra. Fulfilled by MA 117 or waiver in Trinity's general education core, and education supporting course requirement MA 120.
- Health and well-being. Fulfilled through HPW 180 in Trinity's general education core.

Students who complete general education at Trinity will be advised to select the appropriate options when planning their general education courses. Transfer students should plan to include this content in their Associate of Arts program or anticipate taking courses as outlined above as supporting courses.

English Major with Secondary Education Licensure

The English Major with Secondary Education Licensure provides an emphasis on language and literature. It enables students to communicate clearly and effectively and to develop skills in the interpretation and evaluation of literature. This major includes professional preparation for teaching of English and for other careers that demand a strong liberal arts background. Candidates who successfully complete the major are eligible to receive an Illinois Professional Educator License that is valid for teaching at the high school level (grades 9-12). An endorsement in middle grades (5 - 8) may be added with minimal additional coursework; contact the Division of Education for information.

Important note: Students may not double major in English with Secondary Education Licensure and Middle Grades English Education. The majors are too similar to constitute a double major.

Additional Licensure Requirements

Candidates must pass the Illinois Test of Academic Proficiency, the appropriate content area test(s), the teacher performance assessment (edTPA), and all required licensure tests in order to complete their program. Candidates are required to comply with all state requirements that are in place at the time of application for licensure. Consult the Division of Education for specific information.

Optional Additional Endorsement

A candidate may earn the Learning Behavior Specialist 1 (LBS1) endorsement (an addition to the teaching license) by completing ED 330, ED 352, ED 353, and ED 354, and passing the appropriate Illinois Licensure Testing System exam. Earning this additional endorsement may be a good investment of elective credit hours for interested candidates, since LBS1 is currently a teaching shortage area throughout the state of Illinois.

Requirements total 92 hours. This includes 48 hours of English courses and 44 hours of professional education and required supporting courses.

History/Social Science Major with Secondary Education Licensure

The History/Social Science major with Secondary Education Licensure is designed to help majors see the big picture of history so they can more effectively teach a variety of courses in history. Candidates who successfully complete the major are eligible to receive an Illinois Professional Educator License that is valid for teaching at high school level (grades 9-12) in Illinois. An endorsement in middle grades (5 - 8) may be added by passing the appropriate middle grades content test; contact the Division of Education for information.

Important note: Students may not double major in History/Social Science with Secondary Education Licensure and Middle Grades Social Studies Education. The majors are too similar to constitute a double major.

Additional Licensure Requirements

Candidates must pass the Illinois Test of Academic Proficiency, the appropriate content area test(s), the teacher performance assessment (edTPA), and all required licensure tests in order to complete their program. Candidates are required to comply with all state requirements that are in place at the time of application for licensure. Consult the Division of Education for specific information.

Optional Additional Endorsement

A candidate may earn the Learning Behavior Specialist 1 (LBS1) endorsement (an addition to the teaching license) by completing ED 330, ED 352, ED 353, and ED 354 and passing the appropriate Illinois Licensure Testing System exam. Earning this additional endorsement may be a good investment of elective credit hours for interested candidates, since LBS1 is currently a teaching shortage area throughout the state of Illinois.

This major requires 54 hours for the history major and 38 hours of professional education courses as follows. Up to 15 hours required in the major may be used to meet general education requirements.

Mathematics Major with Secondary Education Licensure

The Mathematics major with Secondary Education Licensure is designed to provide students with a solid foundation in mathematics and a thorough understanding of current teaching methodologies. Candidates who successfully complete the major are eligible to receive an Illinois Professional Educator License that is valid for teaching at the high school level (grades 9-12). An endorsement in middle grades (5 - 8) may be added by passing the appropriate middle grades content test; contact the Division of Education for information.

Important note: Students may not double major in Mathematics with Secondary Education Licensure and Middle Grades Mathematics Education. The middle grades major is a subset of the Mathematics with Secondary Education Licensure major.

Additional Licensure Requirements

Candidates must pass the Illinois Test of Academic Proficiency, the appropriate content area test(s), the teacher performance assessment (edTPA), and all required licensure tests in order to complete their program. Candidates are required to comply with all state requirements that are in place at the time of application for licensure. Consult the Division of Education for specific information.

Optional Additional Endorsement

A candidate may earn the Learning Behavior Specialist 1 (LBS1) endorsement (an addition to the teaching license) by completing ED 330, ED 352, ED 353, and ED 354, and passing the appropriate Illinois Licensure Testing System exam. Earning this additional endorsement may be a good investment of elective credit hours for interested candidates, since LBS1 is currently a teaching shortage area throughout the state of Illinois.

Music Department

The Trinity College Music Department exists to foster the understanding, teaching, and performance of music as an art, a discipline, a profession, and a calling and as a means to worship God and serve others. The department offers two majors and a minor. The music facility includes practice rooms, teaching studios, and the Faugerstrom rehearsal hall. The Mac lab in the adjacent Law Center houses computers equipped with MIDI keyboards and software to enhance theory, composition, and music education studies.

Performance groups include the Concert Choir, Symphonic Band, Orchestra, Jazz Ensemble, Handbell Choir, and numerous vocal and instrumental ensembles. A large number of students participate in these groups regardless of their chosen major. The large ensembles typically present fall, Christmas, and spring concerts, and the Concert Choir and Symphonic Band tour extensively during Spring Break or in the month of May. Trinity ensembles have traveled throughout the United States, as well as in Europe, South America, the Caribbean, and the Far East.

Music Major

The Music major is designed to provide a solid, broad-based foundation in the understanding, teaching, and performance of music, with emphases in eight areas: arts administration, church music, contemporary music, music and missions, performance, piano pedagogy, psychology, and theory/composition. The major prepares students for careers such as private teaching, performance, music business or management, music ministry, and graduate study.

Requirements total 50-61 hours. This includes 35 hours from the music core and 15-26 hours of emphasis-related courses. Four hours of the major requirements meet general education requirements.

Graduation Requirements

In addition to fulfilling all college graduation requirements, BA degree requirements, and major course requirements, in order to graduate with a major in Music, a student must meet the following requirements:

1. Perform a solo entrance audition in the intended primary performance medium (i.e., voice, piano, organ, guitar, harp, percussion, or an orchestral string, brass, or woodwind instrument) and gain acceptance into the major
2. Achieve a cumulative grade point average of 3.0 or more in applied study (i.e., private lessons) in that primary performance medium, completing at least 8 hours of credit in lessons at the 25x, 35x, or 45x level in that medium and enrolling in lessons in that medium during every semester of full-time enrollment in the program [Note: This requirement cannot be met by combining lesson credits in two or more performance media (e.g., voice and piano).]

Contemporary Music Emphasis

This emphasis area consists in its entirety of one semester's study at the Council for Christian Colleges and Universities' Contemporary Music Center (CMC) in Nashville, Tennessee. The CMC program concerns the origination, performance, production, and distribution of music intended to make a profit in the today's entertainment marketplace, i.e., "commercial" music. The CMC curriculum includes two core seminars—"Faith, Music and Culture" and "Introduction to the Music Industry"—a choice between three elective tracks (artist, business, or technical), and a capstone practicum "CMC Tour." Prerequisites: MUH 241, MUT 223, MUT 322, MUE 331, and at least 6 hours of applied music lessons (MUZ 150-MUZ 459); admission to the CMC; and approval of the Associate Dean. (For more about this option, see the description under "Special Programs: Off Campus.")

Please note: Admission to this off-campus study program is highly competitive; there are enrollment limits at the CMC itself and quotas at Trinity for approval of involvement in off-campus programs. Thus, the Music Department cannot guarantee that all students wanting to pursue this emphasis will be able to do so, and students would be well advised to consider other emphasis areas as well, in case they are not approved or admitted to the CMC program in either the fall or spring semester of their junior year or the fall semester of their senior year.

Music Education/K-12 Major

The Music Education/K-12 Major is designed to prepare students for state licensure in vocal and/or instrumental music instruction. In addition to core music classes, field experience begins freshman year at schools in the surrounding suburban area. Candidates who successfully complete the major are eligible to receive an Illinois Professional Educator License that is valid for teaching music for kindergarten through grade 12 in Illinois.

Requirements total 80 hours. This includes the 34 hours from the Music core, 13 hours of additional Music courses, and 36 hours of professional education courses.

Graduation Requirements

Candidates must fulfill all college graduation requirements and BA degree requirements. Candidates must pass the Illinois Test of Academic Proficiency, the appropriate content-area test, and the appropriate teacher performance assessment (edTPA) in order to complete their program.

Candidates are required to comply with all state requirements that are in place at the time of application for licensure. In addition, to graduate with a major in Music Education/K-12, a candidate must meet the following requirements:

1. Perform a solo entrance audition in the intended primary performance medium (i.e., voice, piano, organ, guitar, harp, percussion, or an orchestral string, brass, or woodwind instrument) and gain acceptance into the major
2. Achieve a cumulative grade point average of 3.0 or more in applied study (i.e., private lessons) in that primary performance medium, completing at least 8 hours of credit in lessons at the 25x, 35x, or 45x level in that medium and enrolling in lessons in that medium during every semester of full-time enrollment in the program
 - a. This requirement cannot be met by combining lesson credits in two or more performance media (e.g., voice and piano).
 - b. Music Education/K-12 majors who have already completed eight or more semesters of lessons at the 25x, 35x, or 45x level in the primary performance medium with a cumulative GPA of 3.0 or higher are not required to enroll in private lessons in the primary performance medium during the clinical practice semester.
3. Achieve a cumulative grade point average of 2.75 or more in all courses with the prefixes MUE, MUH, MUT, or MUW (whether required or elective)
4. Achieve a cumulative grade point average of 3.0 or more in the large ensemble appropriate to the primary performance medium, as assigned by the Music Department—typically MUZ 270 for vocalists and some pianists, organists, and guitarists; MUZ 280 for brass and woodwind players, percussionists, and some pianists, organists, and guitarists; or MUZ 290 for string players (including harpists, but not guitarists)—enrolling in that ensemble during every semester of full-time enrollment in the program
 - a. In addition to regular on-campus rehearsals and performances and participation in the fall performing ensembles retreat:
 - i Enrollment in the Concert Choir requires participation in local church concerts throughout the year, tours during the college spring break and/or the month of May, and in oratorio and music theater rehearsals and performances.
 - ii Enrollment in the Orchestra requires participation in oratorio and music theater rehearsals and performances.
 - iii Enrollment in the Symphonic Band requires participation in local church concerts throughout the year, tours during the college spring break and/or the month of May, and in pep band rehearsals and performances.
 - b. This requirement cannot be met by combining credits in two or more ensembles (e.g., choir and band).
 - c. Music Education/K-12 majors who have already completed eight or more semesters of enrollment and participation in the assigned large ensemble with a cumulative GPA of 3.0 or higher are not required to enroll in that ensemble during the clinical practice semester.
5. Demonstrate keyboard proficiency appropriate to the major, emphasis area, and primary performance medium (as stipulated by the Music Department) in a practical examination administered by members of the piano faculty (at times scheduled during finals week each semester), enrolling in keyboard skills classes and/or private piano lessons (i.e., MUZ 156, MUZ 161, MUZ 162, MUZ 256, MUZ 261, MUZ 262, MUZ 356, or MUZ 456) each semester until all proficiency requirements have been fulfilled to the satisfaction of the examiners (or to the satisfaction of the private lesson teacher, for students whose primary performance medium is piano or organ)
6. Declare a secondary concentration area (i.e., either choral or instrumental), and fulfill all requirements of that concentration

Optional Additional Endorsement

A candidate may earn the Learning Behavior Specialist 1 (LBS1) endorsement (an addition to the teaching license) by completing ED 330, ED 352, ED 353, and ED 354, and passing the appropriate Illinois Licensure Testing System exam. Earning this additional endorsement may be a good investment of elective credit hours for interested candidates, since LBS1 is currently a teaching shortage area throughout the state of Illinois.

Philosophy Department

Philosophy is unique and in a constant state of change. The great American philosopher William James once called philosophy “a collective name for questions that have not yet been answered to satisfaction of all by whom they have been asked.” Philosophy, in other words, addresses those multifaceted, world-view type questions that confront everyone who thinks.

Those who study philosophy are empowered to develop, express, and defend their own philosophical perspectives. Those who study it here learn to bring their ideas into dialogue with the past masters and current dignitaries, many of whom are great Christian minds.

By using a distinctly critical, historical, and Christian approach, our goal is to help produce the next generation of excellent thinkers. Students will interact with perspectives foreign to and familiar with the Christian tradition. Our graduates will know how to think carefully about these views. And they will be prepared to stake claims and provide reasons with a design plan aimed at truth, goodness, and beauty.

A few of our graduates will take philosophy as their life’s work. The rest will take philosophy to their life’s work. But wherever they may find themselves, all of them will bring the best tools of philosophy to bear on the fundamental moral and intellectual questions of our time.

Psychology Department

The Psychology Department of Trinity International University exists to bring honor and glory to God by educating men and women in the content and procedures of the discipline of psychology consistent with an orthodox Christian faith. We encourage learners to study the theories and research about the human person in light of biblical revelation. We maintain that the study of psychology is an affirmation of our stewardship to investigate and marvel at the wonders of God's handiwork and to confront the tragic impact of human fallenness with the intent to provide restorative efforts as participants in God's redemptive truths.

When humanity fell into sin, all of life was impacted, including how we as humans relate to one another. Issues such as racism, poverty, divorce, and criminal behavior all arose because of the Fall. Social Sciences disciplines help the student gain an understanding of the impact of sin on our world and provide a means to study where we are in our relationships with one another and how to make the changes necessary to bring about a society that meets God's expectations. We believe that it is only through knowing the depth of the problems that exist that Christians can seriously tackle these issues in a manner that brings glory to God and leads to a social world that reflects what God intended—a world in which all interactions are based in love for one another.

In preparing students for graduate school, the workplace, the community, their church, and their family life, we encourage them to explore and develop their values, interests, and abilities as thoughtful learners, to mature as authentic people, and to hone their critical thinking skills and problem-solving capabilities to function well beyond the degree-seeking years. We stand committed to lead ourselves and the learners entrusted to us in scholarly endeavors that will ultimately transform our lives as we allow ourselves to be guided by God's Spirit.

Also, Trinity offers a Dual Degree (p. 258) combining the Psychology major (Counseling Psychology Emphasis) at Trinity College with a Master of Arts in Mental Health Counseling at Trinity Evangelical Divinity School. See the Dual Degree section of the catalog.

Accelerated and Dual Degree Programs

Trinity College offers accelerated and dual degree programs in partnership with Trinity Graduate School and Trinity Evangelical Divinity School. These programs allow qualified undergraduate students to begin graduate coursework in their undergraduate junior year, and to use the graduate credit towards their BA hours, thus reducing the number of total credits the student needs to earn and accelerating time to degree completion.

The following dual/accelerated degrees are available:

Advance: Preseminary Studies BA/MDiv Program (p. 126)

BA/MA in Athletic Training Dual Degree (p. 255)

BA/MA in Bioethics Dual Degree (p. 259)

BA/MA in Leadership Dual Degree (p. 261)

BA/MA in Intercultural Studies Accelerated Program (p. 254)

BA in Psychology, Counseling Psychology Emphasis and MA in Mental Health Counseling Dual Degree (p. 258)

Accelerated Bachelor of Arts/Master of Arts (Intercultural Studies)

Trinity Evangelical Divinity School and Trinity College offer a unique opportunity for qualified Trinity students who have demonstrated a heart for missions and desire to pursue intercultural studies. The Accelerated Degree Program is open to any student pursuing a bachelor degree and is particularly appealing to current students in the Christian Ministries/Intercultural emphasis or Intercultural Studies minor, as well as to those who are thinking in terms of social issues, MK or expatriate education, tent-making and micro-enterprise. It also has tremendous benefits for students' financial situation by potentially saving a semester's tuition cost.

An undergraduate student may earn a graduate degree in Intercultural Studies as early as the fall following the senior year by taking graduate-level courses beginning the junior year. Nine hours of course work from the MA/ICS meets the requirements for the BA. In this manner, the program accelerates the BA and MA/ICS. These 9 overlapping graduate hours are taken as part of the undergraduate load, resulting in a savings of graduate tuition and an enrichment of the student's educational experience.

Qualified applicants must have a Trinity GPA of 3.0 on a 4.0 scale (see admission requirements and prerequisites below) and 70 hours of undergraduate coursework. Students may apply for acceptance to the Accelerated Degree through Trinity Evangelical Divinity School and a positive recommendation from the academic advisor. Transfer students may apply for the program if they have 70 hours of undergraduate course work and a positive recommendation from a former professor or their academic advisor and a 3.0 GPA for all transferred college work and 3.0 GPA in Trinity coursework. Students are advised to apply to the program as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled. See below for further details regarding qualifications and curricular plan.

MA/ICS Accelerated Degree Program for Trinity College Students

Trinity College students may apply for the accelerated TEDS MA/ICS program upon completion of 70 hours of undergraduate work. The following are also required:

- A minimum cumulative undergraduate GPA of 3.0
- A recommendation from the undergraduate academic advisor and the TC program chair
- A completed TEDS application
- An personal interview with an MA/ICS faculty member
- Completion of 8 hours of undergraduate missions and social science courses with a minimum 3.0 GPA in each
- Completion of a minimum of 9 hours of undergraduate Bible and theology through BI 101, BI 111, and BI 210 with a minimum 3.0 GPA in each
- Completion of an intercultural experience of at least two weeks consisting of mission-type activities

MA/ICS Concentration Graduation Requirements

In addition to the "General Graduation Requirements for All Master's Programs (p. 332)," the following are required for the MA/ICS:

1. Complete all coursework in the program, including required field education, with a minimum cumulative grade point average of 2.5, with no coursework below a "C-" applicable to the degree. A minimum of 18 hours must be taken on the Deerfield Campus with the remaining hours available as arranged in field based, independent study, and other concentration specific experiences.
2. Completion of general comprehensive requirements in Old Testament, New Testament, and two in Systematic Theology are met through required coursework in these areas.
3. Successfully write the major comprehensive exam.
4. Complete a Master of Arts capstone project for the MA/ICS, which is an internship (2 hours) and an integrative paper (2 hours) or a thesis (2 hours) on an approved topic, exhibiting the ability to do competent research, to think critically, and to communicate effectively in the area of emphasis.
5. The student will work with department faculty or the chair to plan specific details of the program content related to academic and professional goals.

BA in Exercise Science with Pre-Athletic Training Emphasis/MA in Athletic Training

Overview

Trinity College (TC) and Trinity Graduate School (TGS) offer a dual degree Bachelor of Arts in Exercise Science / Master of Arts in Athletic Training option that allows students to take graduate course work toward the MA in Athletic Training while completing their BA in Exercise Science with Pre-Athletic Training Emphasis. This dual degree program is an accelerated program where an undergraduate student, during their junior year, may apply to the MA/Athletic Training program at TGS. Both degrees can be completed in a total of five years. BA-Exercise Science with Pre-Athletic Training students admitted to the MA/AT program will complete their BA degree upon completion of the first 21 credits of the MA/AT program (completion of the Summer and Fall Year 1 courses). The curriculum consists of 75 credits to MA degree, and meets or exceeds all of the competencies and requirements set forth by the Commission on the Accreditation of Athletic Training Education (CAATE) and the National Athletic Trainers' Association (NATA). At the completion of the program, students will be eligible to sit for the national board certification examination, administered by the Board of Certification (BOC). MA/AT program students completing the Trinity BA-Exercise Science with Pre-Athletic Training Emphasis will not be required to complete HS 5001 or HS 5002, as their 12 credits of undergraduate bible and theology courses will count towards this requirement. That will decrease their MA/AT program credit requirement to 69 credits. Students completing the dual degree (BA-Exercise Science and MA/AT) do not need to take BE 474 or BE 476, as BE 5100 (MA/AT curriculum) can substitute for BE 474. Students are advised to discuss this route with their advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

In addition to general requirements for admission to TGS, specific MA/AT Athletic Training admission criteria and prerequisites are listed below. The MA/AT Athletic Training program uses a secondary admission process. Any student applying to the MA/AT program can complete the MA/AT program in two calendar years.

1. Bachelor's degree with a minimum 3.0 GPA
2. Current CPR for the Professional Rescuer and Healthcare Provider certification
3. Human anatomy and Physiology with lab (8 hours)
4. Introduction to Psychology
5. Statistics
6. Chemistry with lab (4 hours)
7. Physics with lab (4 hours)
8. Psychology of Sport and Exercise
9. Exercise Physiology
10. Biomechanics
11. Introduction to Nutrition
12. 75 hours of clinical observation under the supervision of a Certified Athletic Trainer (AT)
13. MA/Athletic Training Program Application
14. Two professional letters of recommendation (one from AT supervising observation hours)

Athletic Training Program: Technical Standards for Admission

The MA-AT Program at Trinity International University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the MA-AT Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency, the Commission on Accreditation of Athletic Training Education (CAATE). The following abilities and expectations must be met by all students admitted to the MA-AT Program. In the event that a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program. Candidates for selection to the MA-AT Program will be required to verify that they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards. Compliance with the program's technical standards does not guarantee a student's eligibility for the BOC certification exam. Candidates for selection to the MA-AT Program must demonstrate the following:

- The mental capacity to assimilate, analyze, synthesize, integrate concepts, and problem solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm
- Sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely, and efficiently use equipment and materials during the assessment and treatment of patients
- The ability to communicate effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively
- Students must be able to understand and speak the English language at a level consistent with competent professional practice

- The ability to record the physical examination results and a treatment plan clearly and accurately
- The capacity to maintain composure and continue to function well during periods of high stress
- The perseverance, diligence, and commitment to complete the athletic training education program as outlined and sequenced
- Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations
- Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care

Certification Information

A degree/major in athletic training awarded by an institution alone does not qualify the graduate to work as an “athletic trainer.” A graduate must pass the Board of Certification examination to earn the “ATC” (Athletic Trainer, Certified) credential. Currently, most states, including Illinois, have legislation that requires athletic trainers to be registered or licensed to practice in that state. The requirements of the MA-AT Program at Trinity meet all current Illinois requirements for licensure. Students should check with the state in which they plan to practice athletic training for specific requirements.

Curriculum for the BA/MA Dual Degree

BA - Exercise Science With Pre-Athletic Training Emphasis (70 credits). 32 credits Exercise Science & 19 hours Pre-AT Emphasis; 19 hours satisfy general education requirements.

BA in Psychology with the Counseling Psychology Emphasis (CPE) and MA in Mental Health Counseling (MHC)

Overview

Trinity College and Trinity Evangelical Divinity School (TEDS) offer a dual Bachelor of Arts/Master of Arts degree that allows a student to take graduate course work toward the MA in Mental Health Counseling (MHC) while completing the BA in Psychology (the Counseling Psychology Emphasis).

This Dual Degree program is an accelerated program where undergraduate students, as early as the junior year, may apply to the Mental Health Counseling (MHC) program at TEDS. They may also begin taking one graduate course per semester/session from the Divinity School as part of the undergraduate load and, if admitted, may count up to nine of these credit hours toward undergraduate requirements.

Interested students are advised to discuss the program with their advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Junior Year

Upon completion of 70 hours with a 3.0 GPA and permission of their advisor or department chair, students may submit a Cross-Registration form (juniors need the signature of the College Dean) to request permission to take graduate level courses (up to three graduate credits or one class per semester/session until admitted to the MHC program).

Students may apply for acceptance to the Master of Arts (MA) in Mental Health Counseling Degree through Trinity Evangelical Divinity School Admissions and must have a Trinity GPA of 3.0 on a 4.0 scale and 70 hours of undergraduate course work. They must also have a positive recommendation from their academic advisor or Psychology Department Chairperson. Transfer students may apply for the program if they have 70 hours of undergraduate coursework, a positive recommendation from a former professor or their academic advisor, and a 3.0 GPA for all transferred college work including a 3.0 GPA in Trinity coursework. (It is also strongly suggested that the student be a member of Psi Chi.¹)

To be accepted to the MA MHC program as part of the Dual Degree option, the student must have an interview with a full-time faculty member from the Counseling Department (usually the Department Chair) and it is recommended that the student take a course with a full-time member of the Counseling Department.

¹ Psi Chi is the International Honor Society in Psychology. Trinity is a registered chapter of Psi Chi.

Dual Degree Status

Once admitted to the MHC program the student will be granted Dual Degree status and up to nine hours of credits that count toward the MA may also count toward the BA, reducing the required hours for the BA from 124 to 115. Also, a student may then take more than one graduate level course per semester/session (only one graduate course per semester/session may be billed as part of the student's undergraduate load). Upon completion of the undergraduate degree, the student will be approximately a full semester ahead as he or she continues graduate studies in the MA MHC program. In the last undergraduate semester, in addition to any other graduate level courses, the student should take ID 5080 for 0 credits to accelerate the path to candidacy in the MA MHC program.

Undergraduate Bachelor of Arts Degree

Psychology major (Counseling Psychology emphasis) completed either December or May of senior year.

Semester or Session (Summer) Following Final Senior Semester

Students are eligible to take a full load of graduate work. Graduate course work would continue until the Master of Arts Degree (Mental Health Counseling) is completed (2 ½ years).

Bachelor of Arts/Master of Arts in Bioethics Dual Degree

Bachelor of Arts/Master of Arts in Bioethics

Trinity Graduate School and Trinity College offer a dual Bachelor of Arts/Master of Arts Degree that pairs an MA in Bioethics with an undergraduate degree in any major. This opportunity is open to qualified students in any undergraduate major but may have special appeal for students with the following majors or interests: premedical, pre-health, psychology, philosophy, law, public policy, communications, theology, business, Christian ministries, and education.

In this program, an undergraduate student may earn a graduate degree as early as the summer following the senior year by taking graduate-level courses beginning the junior year. Nine hours of coursework from the MA count toward the BA. These 9 overlapping hours are taken as part of the undergraduate load. (See the dual degree curriculum (p. 259)) Students begin graduate coursework in the summer after their junior year, so it's possible for them to complete both the BA and the MA as early as the following summer.

Qualified applicants must have a minimum cumulative Trinity GPA of 3.0 on a 4.0 scale, 70 hours of undergraduate coursework, and a positive recommendation from their academic advisor. Students may apply for acceptance to the Dual Degree program through Trinity Graduate School. Transfer students may apply to the program if they have 70 hours of undergraduate coursework, a positive recommendation from a former professor or their academic advisor, a minimum GPA of 3.0 in all transferred college work, and a minimum cumulative Trinity GPA of 3.0. Students interested in the dual degree are advised to notify their advisor(s) and the dual degree program advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Model Curricular Plan for the Dual Degree

The following is a *sample course plan* for the dual degree. Plans may vary for individual students. Students are expected to consult with their undergraduate and graduate advisors to make individual adjustments to the curricular plan as necessary.

Recommended undergraduate courses to be completed before starting the MA coursework:

Code	Title	Hours
BI 101 or BI 111	Understanding the Old Testament ¹ Understanding the New Testament	3
BI 210	Biblical Interpretation	3

BIO 111 or BIO 103	General Biology Introductory Biology	4
Other general education courses and required major courses		

¹ Note: ID 5001 substitutes for one of these courses

Undergraduate general education requirements that will be fulfilled by graduate-level courses and need not be duplicated with undergraduate work

- **BI 101 or BI 111:** ID 5001 replaces either BI 101 or BI 111 in general education category *Foundations of Christian Thinking and Living*.

- **Any approved undergraduate major, general education, or elective course:** (3 hours) of graduate credit can replace 3 hours of undergraduate credit. Students should check with advisors to determine if there are courses in their major that can be replaced with graduate coursework.

Students should note that BE courses are offered in several formats: traditional (15 week), modular (meets two weekends in a semester), online, summer conference associated courses, and independent study courses.

At least two courses must be taken in residency at the Deerfield, IL campus:

Code	Title	Hours

BE 6500	Advanced Bioethics Institute	3-4

BE 5100 and BE 6500 are offered during the summer at the time of the annual National Bioethics Conference on the Deerfield campus. BE 5100 can be replaced by BE 5000 – a 15-week course offered in the fall semester on the Deerfield campus.

Each spring semester, students are invited to participate in a series of three evening bioethics colloquia. The Bioethics Colloquium course (BE 6100) can also be taken for elective credit toward the MA in Bioethics.

Service Learning Requirement

Students can fulfill Trinity College's Service Learning requirement by working with The Center for Bioethics and Human Dignity during the summer National Bioethics Conference, with optional free attendance at the conference in the summers following the freshman and sophomore years.

Bachelor of Arts/Master of Arts in Leadership Dual Degree

Bachelor of Arts/Master of Arts in Leadership

Trinity Graduate School and Trinity College offer a dual Bachelor of Arts/Master of Arts degree that pairs an MA in Leadership (MA/L) with an undergraduate degree in any major. This opportunity is open to qualified students in any undergraduate major but may have special appeal for students with the following majors or interests: business, organizational leadership, Christian ministries, and psychology.

Approved students will take nine credits in the MA/L, which, upon completion of those nine credits, will reduce the number of required credits from 124 to 115 in order to graduate with a bachelor's degree. This can be accomplished in one or more of the following ways:

1. ID 5001 / LR 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in the general education category Biblical Studies.
2. ID 5002 / LR 5002 Foundations of Cultural Engagement (3 hours) replaces the general education requirement in the category Intercultural Study.
3. One LR course (3 hours) replaces 3 hours of undergraduate elective credit.

Or, if a student does not take ID/LR 5001 and/or ID/LR 5002 as an undergraduate, one or two additional LR courses (3 or 6 credits) replace an additional 3 or 6 hours of undergraduate elective credit.

Qualified applicants must have a Trinity GPA of 3.0 on a 4.0 scale, 70 hours of undergraduate coursework, and demonstrated leadership potential. Students may apply for acceptance to the Dual Degree program through Trinity Graduate School. A positive recommendation from a TIU instructor capable of assessing their performance in an ongoing or recent leadership role is required. This instructor must have had substantial interaction with the student, per the final approval of the REACH or Excel academic directors.

Transfer students may apply for the program if they have 70 hours of undergraduate coursework, a positive recommendation from a TIU instructor (per the final approval of REACH or Excel academic director), a 3.0 GPA for all transferred college work, and a 3.0 in Trinity coursework, in addition to demonstrated leadership potential. Students interested in the dual degree are advised to notify their advisors as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Students interested in the dual degree are advised to notify their advisors as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Honors Program

The Trinity Honors Program is intended to encourage and challenge high-achieving students by stimulating, rewarding, and celebrating academic and scholarly pursuits. It is both a guild and an academic program, so has both a unique culture and a specialized curriculum.

As a guild, the Honors Program has a select membership (based on meeting eligibility and continuance requirements), and it provides structure and support for scholarly and social activities designed especially for its members. Students are selected for the program on the basis of demonstrated academic achievement. To qualify for membership, entering freshmen need an ACT score of 28 or higher and a 3.5 cumulative high school GPA, or an ACT score of 25 or higher and a 3.75 cumulative high school GPA. College transfers must present a cumulative college-level GPA of 3.5 or higher (no ACT requirement) for consideration. Current Trinity students must present a cumulative Trinity College GPA of 3.3 or higher (no ACT requirement) for consideration. Honors Program members must maintain a 3.3 cumulative GPA or higher and make the satisfactory progress towards completion of honors courses to remain in the program. (Students with a cumulative of 3.3 or higher may under certain circumstances be allowed to enroll in courses with the consent of the Honors Program director.)

As an academic pursuit, the Honors Program is a specialized minor, which can be taken alongside any major(s), with course requirements consisting of selected honors courses and a senior honors project. (For curriculum, see "Honors Program" under "Interdisciplinary Studies" in the "Academic Majors and Minors by Department" section.) For more information, contact the program director.

To graduate as a member of the Honors Program – and to have such recorded on the final transcript and noted in the printed commencement program – a student must complete at least eight honors courses, including a senior honors project. To meet program requirements (i.e. to count toward the total of eight), each of these courses must earn either three or four credits (or at least two graduate credits), and students must achieve a grade of at least "B" in each course. To remain members of the Honors Program, students must maintain a 3.3 cumulative GPA (in all coursework – not honors courses only) and make satisfactory progress towards completion of Honors course requirements. In preparation for the Senior Honors Project, all members of the Honors Program are expected to attend at least two Senior Honors Project presentations in their sophomore or junior year. (For Pre-Seminary Honors/Five-Year MDiv program requirements, see below under the "Christian Ministries Department" heading.)

Special Programs: On Campus

Athletic Training Dual Degree Program (Pre-Athletic Training/MA-Athletic Training) (p. 255)

This program is designed for students wishing to pursue a career in Athletic Training. Athletic Trainers (ATs) are highly qualified, multi-skilled health care professionals who collaborate with physicians to provide preventative services, emergency care, clinical diagnosis, therapeutic intervention and rehabilitation of injuries and medical conditions. Students can complete the Bachelor of Arts, BA-Exercise Science (p. 198) (with Pre-Athletic Training emphasis) and the Master of Arts, MA-Athletic Training (p. 464) programs in a total of 5 years. Clinical education experiences range from on-campus athletics to off-campus high schools, colleges, clinics, hospitals, and professional teams. For more information, please contact the Director of the Division of Science, Technology, and Health.

Golden Apple Scholars

The Golden Apple Scholars of Illinois program addresses the need for talented young teachers who represent a rich ethnic diversity and are successful in high-need, Illinois classrooms. The program's recruitment efforts focus on the need for excellent teachers, especially those from under-represented populations. The Golden Apple program augments traditional teacher preparation by providing guided, hands-on experience in classrooms with a diverse group of children. Trinity is a participating university in the Golden Apple Scholars of Illinois program.

Internship Program

The Internship Program provides students with opportunities for connecting theoretical learning with actual work experience. All Trinity College students are required to complete an internship or professional experience in their major area of study. These supervised field experiences help students in the following ways:

1. demonstrate that they can make application of knowledge and skills in a professional environment.
2. gain experience that prepares them to meet the practical demands of employment in a competitive job market.
3. understand how their vocation (or calling) relates to professional endeavor in at least one area, reflecting on how doing "all to the glory of God" informs their perspective in the workplace, as in all of life.

Additional information is available from the Dean of the College.

Pre-Law Program

In accordance with the advice offered by most law schools, Trinity encourages students considering a career in law to pursue any academically rigorous major in the arts or sciences. In addition, to further develop the critical skills and knowledge necessary to succeed in law school, Trinity urges its pre-law students to supplement a challenging major with a Pre-Law Minor (p. 115). Trinity maintains an interdisciplinary Pre-Law Program to afford students the counseling, fellowship, and resources necessary to prepare them for law school.

Pre-Medicine Program

Our premedicine program (Biology/Premedical Emphasis (p. 135)) is designed to provide students interested in medical school with the key science courses needed to not only pass the Medical College Entrance Exams but the rigorous scientific background be successful in Medical School. We prepare our students to be well-rounded professionals with experiences like undergraduate research, leadership, and a strong grounding in bioethics and liberal arts. The MA/BA dual degree in Bioethics (p. 259) is unique to Trinity International University. We have an excellent track record for acceptance of our students into medical schools like Mayo, Rosalind Franklin, Southern Illinois, Creighton, University of Wisconsin, Medical School of Wisconsin, University of Minnesota to name a few. Students graduating from our premedicine program also are equipped to enter graduate programs or other health professions. For more information, please contact the Director of the School of Science and Technology

Pre-Nursing Program

Students wishing to earn a BS in nursing may enroll in a two-year Pre-Nursing Program (p. 200) at Trinity prior to transferring to a nursing program at another institution. This program provides students with an opportunity to prepare for nursing from a distinctively Christian perspective as coursework emphasizes biblical studies and bioethics, in addition to a strong theoretical science base. For more information, contact the Director of the Division of Science, Technology, and Health.

Preparation for College Studies Program

Preparation for College Studies (<http://catalog.tiu.edu/courses/pcs>) is a yearlong freshman program designed to assist selected students in realizing their academic potential. This program is also recommended for international students. The program offers five courses emphasizing reading, communication, language, study, and mathematical skills. One or more courses are required of students placed into the program by the Academic Dean or College Admissions Committee. The program is an integrative experience, including assignments that dovetail with other courses being taken concurrently. For more information, contact the Dean of the College.

Special Programs: Off Campus

Off-Campus Study Programs

Students must apply and receive permission from the Associate Dean of the College to enroll in off-campus special study programs. Such programs are intended for junior or senior level students. The administration reserves the right to limit the number of students in off-campus programs in any given semester.

Students planning to complete any of the following programs should register using the Temporary Registration course, TR 099C (15 hours), in the appropriate semester. Upon completion of the off-campus program, the student must request that an official transcript be sent to the Trinity University Records Office from the school at which they completed their off-campus coursework.

Upon receipt of the official transcript, Records will remove the TR 099C, Temporary Registration from the student's schedule. The appropriate Interdisciplinary Studies (IDS) number and course designation (listed below) will be used to post the student's off-campus semester courses on the Trinity transcript. Each completed course title will be posted under the IDS program description, and course grades with the GPA calculation will also be posted.

Online Programs

Trinity offers four majors completely online, enabling students to complete their major through convenient online delivery. Currently, Business, Christian Ministry, Criminal Justice, and Psychology degrees can be completed online. See online admissions (p. 293) for admission requirements.

Students may also take individual courses online (p. 94); look for "online" delivery mode in the course description.

Online Programs

- Business (p. 269)
- Christian Ministries (p. 272)
- Criminal Justice (p. 277)
- Psychology (p. 278)

Purpose

The purpose of the general education program is to introduce students to the breadth of liberal arts learning, and to provide the foundations (biblical, conceptual, and contextual) for all subsequent education, and for learning across the lifespan. Specifically, we intend that by the time of graduation the student will be able to:

1. Articulate a Christian world-and-life view
2. Think critically, reason clearly, and communicate effectively
3. Utilize quantitative and analytical skills
4. Employ moral reasoning and judgment as an outgrowth of personal faith and commitment
5. Interpret the biblical themes of creation, fall, and redemption—in particular as they relate to the arts and humanities
6. Respond thoughtfully, redemptively, and empathically to social changes
7. View current issues in their global and historical contexts and in relation to social, cultural, and natural constructs
8. Respect diverse religions and cultures, engaging others with sensitivity and discernment
9. Live healthfully and pursue wellness

Curriculum

The requirements specified below (totaling 33 credits) may be met by taking TIU courses (traditional face-to-face, accelerated face-to-face, modular, hybrid, and/or online), though transfer credit, or credit by examination. No one course can satisfy two General Education requirements. No more than 9 credits can simultaneously count for both General Education and any major.

For Florida Students Only

General Education Courses are those college-level courses designed to place emphasis on principles and theory rather than on practical applications associated with a vocational, occupational, or professional objective. General education courses may include, but not limited to, English, history, philosophy, literature, religion, art, music, sociology, foreign languages, humanities, mathematics, chemistry, biology, and psychology, when such courses are not within the area of concentration of a vocational, occupational, or professional program. For example, English Composition is considered a general education course, but Business English is not. Courses designated as "applied", "specialized", "technical", or similar designation do not meet this definition.

Business

The online degree program in Business is designed to prepare leaders of integrity who hold fast to the word of God. Based in the liberal arts tradition, the major is designed to help students develop skills applicable throughout their lives as they start and work in many different types of organizations, including large and small businesses, nonprofits, and ministries.

Trinity's Business curriculum has a bias toward practical application. This allows working students to immediately use course concepts on the job. Because most of the program's professors have worked professionally in their area of expertise, students gain a "real world" perspective on course topics. All faculty are committed Christians who will challenge students to understand how their faith can help them navigate the complexities of organizational life while honoring God and serving people.

In addition to the general education courses, students in the major take a core of 37 hours of Business classes. These are designed to equip them with the foundational skills necessary for leading and managing in dynamic environments. Students also take 12 additional hours in one of three emphases: Management, Ministry and Nonprofit Management, or Social Entrepreneurship. Emphases are specifically designed to help students gain administrative skills to serve others and make a difference in the world.

All students in the Business program must demonstrate proficiency in algebra and computer skills. Algebra proficiency may be demonstrated by a Math ACT score of 18 or higher, successful completion of a college-level algebra course, or achieving a passing score on the CLEP exam in College Algebra. Computer Skills proficiency may be demonstrated by a high school or college transcript documenting the successful completion of a computer skills course or other college-level computer skills course while enrolled in the program, or achieving a passing score on the CLEP exam in Information Systems and Computer Applications.

Pre-Seminary Emphasis

Description

The Christian Ministry major, Pre-Seminary emphasis, maintains the broad ministry scope and access to ministry education while allowing for a specialization in a distinctive area of ministry. The pre-seminary (pastoral preparation) specialization lays a foundation for an effective ministry of leadership, preaching and shepherding in the context of a local church ministry. It is designed to enable a student to do further graduate studies at a seminary of their choice. It particularly has in view the Advanced Placement MDiv of Trinity Evangelical Divinity School.

Psychology

Through the online Psychology Major, students are not only prepared for graduate school and the workplace, but they also learn how to better understand themselves and relate with others in an effective manner. Starting with a Christ-centered curriculum, students can learn the knowledge and skills to be part of God's restorative work in a fallen world.

The online courses are a subset of the all of the Psychology Department's offerings and are chosen and sequenced to not only complete the Psychology major, but to complete an emphasis in Counseling Psychology. This emphasis has wide applications to community, church and home, but is designed to prepare students for further training in the people helping professions.

The curriculum link will show the list of courses that are offered online. Other courses from the Psychology Department, which are not offered online, may be used to fulfill the requirements of the Psychology major and also to fulfill the requirements of the Counseling Psychology emphasis. (See the full list of courses that can be used to fulfill requirements of the major and the various emphases in the Psychology Department section of this catalog.)

REACH Adult Undergraduate Program

Purpose and Mission

Since its inception in 1983, REACH has been committed to providing adult learners with quality Christian higher educational opportunities in the liberal arts and professions in the context of a Christian worldview. Programs maximize convenience, relevance, and service to students while helping them grow as whole individuals through engaging instruction and stretching curricula. Though originally designed as a degree completion program, REACH now offers admission to students with no prior college experience. The REACH program provides adults with a means to complete degrees that will draw on past experience and provide tools for life. Through the REACH program will grow spiritually, intellectually, vocationally, and relationally and will have the tools to continue that growth throughout their lives.

An Overview

The REACH program of Trinity College offers unique opportunities for adult learners to enhance their professional goals through accelerated education. The degree earned is the same Bachelor of Arts offered through Trinity's traditional programs and is accredited by the Higher Learning Commission.

The programs offer a means for busy adults to complete their undergraduate degree in a convenient and timely manner. Adults may enter REACH with any number of prior college credits and, through taking accelerated courses one at a time, may finish their degree with maximum speed and minimum inconvenience. To make this happen, REACH offers clusters of courses that proceed in sequence. When a group of students desiring a particular major cohort is gathered, they begin the course sequence. Faculty cycle through, but the students in the cohort stay together. Major cohort schedules can take between eighteen and thirty months to complete.

To finish a Bachelor of Arts degree, students may combine several general education clusters to meet the graduation requirements. Single course electives may also be chosen. In addition, students may transfer credit, gain credit by examination, seek credit for prior experiential or job-related learning, or take courses from the traditional or online campus to meet graduation requirements.

REACH is guided by these understandings of the adult learner:

- **Adults are busy and have many competing responsibilities.** To introduce any educational program into already full schedules is a considerable challenge. With work responsibilities, church activities, civic efforts, and the never-ending task of raising children, finding time for classes can be difficult. The fewer scheduling adjustments and the more learning that can be done at times convenient to the student, the better the educational design fits the busy adult.
- **Adult students are motivated to learn.** Adults who choose to return to school after a time in the workforce are typically ready to give the effort needed to benefit from classes for which they are sacrificing. Because of this, learning proceeds much more quickly and faculty do not have to spend valuable time urging students to attend to their work. Indeed, accustomed to excellence at work, adults often labor to reach that same level or quality in their academic pursuits.
- **Adults have learned discipline.** As a result of being in the workforce and managing the complexities of both professional and personal responsibilities, adults have developed a sense of discipline that serves them well in the REACH program. Assignments can be

completed, and completed well, within tight time frames despite busy schedules and varied responsibilities to work, family, church, and society.

- **Adults have broad life experiences.** Learning theory tells us we learn by relating abstractions to memories of past experiences. For this reason, persons who have experienced a work environment and been placed in leadership positions in the past are better able to absorb concepts of management and leadership. Individuals who have wrestled with the loss of a loved one can relate to philosophical questions of mortality and the problem of evil. Drawing on a broad background of experiential knowledge allows adults to quickly grasp ideas.
- **Adults desire relevance.** If a subject immediately relates to a current task or a contemporary problem, ears perk up and brains respond appropriately. Working adults encounter situations where their learning may be consistently applied and thus are more motivated and better able to learn.
- **Adults have developed skill in independent learning.** REACH courses seek to foster this skill. To succeed in life, adults have by necessity learned to seek information on their own from a variety of sources. Assuming this ability to independently gather and process information, our adult programs rely on students to grasp more knowledge and skills on their own without a teacher being the fountain from which all information flows.
- **Adults learn best when they are personally involved.** The more active people are in their own learning, the better the learning. If individuals are only called upon to listen to a "talking head," little learning takes place. When learners interact in small groups, engage in role play, prepare projects, and apply techniques in the workplace, the learning is deep and retention is long. For this reason REACH seeks to create situations for active learning.
- **Adults have many insights of their own.** Experience is a tremendous teacher. As individuals go through life, they gain new perspectives and insights based on the events that have occurred around them. When a group of adults who have varied backgrounds, travels, and work experiences gathers, the accumulated knowledge and wisdom is considerable. To rely solely on one faculty member's thoughts for the content of a course would impoverish the educational experience. For this reason, discussion is valued more highly than lecture in REACH classes.
- **Adults can direct their learning to fill gaps in their knowledge.** Reading and research outside the classroom allow students to fill in gaps between their current knowledge and the knowledge necessary to meet the objectives of the liberal arts and professional courses that are part of the REACH program. Adults are able to recognize where there is still much to learn and have the discipline and learning skills to focus on those areas where they most need to concentrate.
- **Adults learn well in groups.** Group learning is widely recognized as an effective learning process. Peers tutor each other in groups. There is emotional support in groups. Warm friendships develop in groups, resulting in a positive climate for learning. Ideas and learning that would not have occurred individually happen in groups as a synergy is created. Weaknesses in one student are offset by the strengths of others in groups. Teamwork, cooperation, and leadership skills are fostered within groups.

The REACH Program

- Provides adult students a flexible means of completing their entire undergraduate degree in a reasonable time frame without forcing students to abandon work or family responsibilities.

- Meets adult needs for relevance, convenience, and vocational advancement without compromising academic excellence within a Christian liberal arts context.
- Fosters key skills, such as writing, speaking, critical thinking, problem solving, information literacy, ethical thinking, and the ability to integrate faith, values, and practice.

Students can enter the program at various stages in their academic career and enroll in cohorts that proceed one course at a time. Cohorts can be combined to form an entire degree program supplemented by transfer hours, elective courses, credit for learning outside the classroom, and credit by examination. To complete an undergraduate degree through Trinity, students must fulfill the general education requirements, complete a major, and earn a total of 124 credits.

REACH Standard Framework

- REACH is designed to be a nonresidential program.
- Classes meet one time per week (or every other week) for a four-hour block.
- Students generally take one course at a time.
- Students generally stay with the same group of people through their major, forming a cohort.
- Classes meet for five to seven weeks.
- Classes may be subdivided into study groups expected to accomplish group tasks in addition to individual work.
- Skills that cross the curriculum are deemed just as important as the content specific to courses.
- Interaction is emphasized in the classroom, focusing on integrative activities and student input. Prior learning is valued and drawn upon to enhance the educational environment.
- Integrative papers are the primary means of evaluation, though tests may be used when appropriate to the content.

Goals Across the Curriculum

The key question that constantly confronts the curriculum in our rapidly changing society is “What educational qualities will allow an individual to succeed and thrive in the unfolding future?” Eight competencies rise to the top. Trinity seeks to enhance these abilities across the curriculum for each of the REACH degree programs. They are as follows:

1. **Integration of a Christian worldview:** The ability to formulate a distinctively Christian perspective concerning ideas, people, events, relationships, and issues and then to discern responses consistent with that perspective
2. **Self-knowledge:** A willingness to examine oneself, including one’s emotions, temperament, values, goals, experiences, preferences, habitual processes, and identity structure
3. **Open-minded inquiry:** The commitment to explore, understand, and appreciate divergent perspectives, values, and cultures without losing identity through premature closure or complete relativism
4. **Critical thinking:** The evaluation, through sound research and thinking, of the quality of ideas and information, the merits of courses of action, and the integrity of one’s own beliefs and viewpoints
5. **Aesthetic appreciation:** Love for the beautiful, the imaginative, the delightful and empathy for the unlovely, the commonplace, the tragic
6. **Organizational effectiveness:** The ability to effectively participate in organizational settings, including working in teams, giving leadership, and solving problems creatively

7. **Communication:** Competency in reading, writing, speaking, listening, and collaboration
8. **Lifelong learning:** Awareness of foundational questions and knowledge structures in a variety of disciplines, coupled with curiosity, a desire to learn, and skills in self-direction

Second Bachelor’s Degree Option

Applicants to the REACH Program who already hold a regionally accredited bachelor’s degree will be allowed to pursue and, if all the requirements are met, earn a second bachelor’s degree from Trinity. From a student’s existing bachelor’s degree coursework, we would transfer applicable general education and elective credits that meet current Trinity degree requirements for the second bachelor’s degree program. Also, students would be required to complete the major, as well as IDS 105, BI 101 and BI 111, if they do not transfer in those equivalent courses. **Students who have a bachelor’s degree from another school need to take a minimum of 33 credit hours at Trinity and must complete at least two-thirds of a given major in new coursework at Trinity to receive the second bachelor’s degree from Trinity.** This second-degree option is also available to students who already hold a TIU bachelor’s degree. Students pursuing a second bachelor’s degree are not eligible for federal or state grant funds. Lifetime Direct Loan limits for undergraduate work must be reviewed to determine a student’s remaining Direct Loan eligibility, if any.

Student Manuals

No later than two weeks prior to the start of each course, students should secure a copy of the Student Manual for that course. This extended syllabus details all course objectives, materials, and requirements and may contain worksheets and reading material necessary for the course. Since most courses have assignments due the first night of class, it is imperative that the student consults the student manual at an early date to be adequately prepared.

The course manuals can be found at <https://my.tiu.edu> (you will need to enter your Trinity login information), then Academics, then Syllabi & Manuals, then REACH Manuals. The books for courses are also listed in the course manuals.

Purpose

The purpose of the general education program is to introduce students to the breadth of liberal arts learning, and to provide the foundations (biblical, conceptual, and contextual) for all subsequent education, and for learning across the lifespan. Specifically, we intend that by the time of graduation the student will be able to:

1. Articulate a Christian world-and-life view
2. Think critically, reason clearly, and communicate effectively
3. Utilize quantitative and analytical skills
4. Employ moral reasoning and judgment as an outgrowth of personal faith and commitment
5. Interpret the biblical themes of creation, fall, and redemption—in particular as they relate to the arts and humanities
6. Respond thoughtfully, redemptively, and empathically to social changes
7. View current issues in their global and historical contexts and in relation to social, cultural, and natural constructs
8. Respect diverse religions and cultures, engaging others with sensitivity and discernment

9. Live healthfully and pursue wellness

Curriculum

The requirements specified below (totaling 33 credits) may be met by taking TIU courses (traditional face-to-face, accelerated face-to-face, modular, hybrid, and/or online), though transfer credit, credit for prior college-level learning, or credit by examination. No one course can satisfy two General Education requirements. No more than 9 credits can simultaneously count for both General Education and any major.

² These courses must be taken at TIU to fulfill the requirement.

³ Math must be college algebra or above; computer must be general introduction, not programming, and completed within the past five years.

For Florida Students Only

General Education Courses are those college-level courses designed to place emphasis on principles and theory rather than on practical applications associated with a vocational, occupational, or professional objective. General education courses may include, but not limited to, English, history, philosophy, literature, religion, art, music, sociology, foreign languages, humanities, mathematics, chemistry, biology, and psychology, when such courses are not within the area of concentration of a vocational, occupational, or professional program. For example, English Composition is considered a general education course, but Business English is not. Courses designated as "applied", "specialized", "technical", or similar designation do not meet this definition.

Assessment of Prior Learning

Trinity College recognizes that adult students have had many learning experiences prior to their entrance into the REACH Program. REACH offers a variety of ways through which students may be able to earn college credit for learning acquired through these life experiences. This learning may have been acquired through professional/job endeavors, ministry/church activities, personal or family events, or education in unaccredited settings. Students may receive credit for college-level learning gained through these experiences, not for the experiences themselves. This learning may be demonstrated in a variety of ways:

- Credit by examination through CLEP and DSST
- ACE assessed credit for military training
- Life Learning Papers (LLP)
- Business and Professional Training (BPT)
- Advanced Placement (AP) credit

The following questions are designed to clarify how you might receive college credit through these options.

1. Who do I talk to about PLA at REACH?

The Director of Academic Programs manages the PLA process. Talk to your Student Services Associate about your options. If you are a new student, talk to your admission representative about PLA.

2. What is the limit for PLA credit?

A maximum of 82 credits can be granted for prior learning and/or transfer credit. This includes credit awarded by CLEP/DSST, Life Learning Papers, and Business and Professional Training.

3. Can I use PLA to substitute for core requirements of a major?

Yes. PLA credits may also be applied to general education or general electives for the degree.

Note: Prior Learning credit is not an option for education majors in any category.

4. What is CLEP/DSST?

College-Level Examination Program (CLEP) is administered by the Educational Testing Service (ETS). ETS also administers the STA, ACT, and other exams. More information can be found at www.ets.org and www.collegeboard.org. DSST (DANTES Standardized Tests, formerly known as Defense Activity for Non-Traditional Education Support) is administered by the military but open to civilians. More information can be found at www.getcollegecredit.com. Both of these exams award credit based on receiving a passing score as determined by CLEP/DSST and Trinity College. The credit is not given a grade and does not count toward the GPA. Students can prepare for the exams through study guides and practice tests at the test websites. These tests are available in many areas of Business, Composition, Literature, Foreign Language, History, Social Science, Science, and Mathematics. Contact your student advisor to see if such tests might be an option.

CLEP/DSST do not count towards residency as stated in the Transfer Credit Policy.

5. Where can I take CLEP/DSST tests, and how much do they cost?

Locations and costs vary but are available at the CLEP and DSST websites listed above.

6. What is ACE?

The American College on Education is composed of more than 1,500 institutions of higher learning and national and regional education associations and is the major nongovernmental body concerned with postsecondary education. ACE evaluates military and professional training programs, determines the level of learning, and recommends the amount of credit that should be granted. At the present time, REACH accepts credit for military training through ACE. Transfer credit is determined based on an assessment conducted through the records office. More information can be found at www.acenet.edu (<http://www.acenet.edu>).

7. What is a Life Learning Paper?

Life Learning Papers (LLPs) earn credit by demonstrating college-level learning acquired through life experience apart from formal training. This can include learning from a variety of settings, including travel abroad, family, and work and ministry experiences. Learning is demonstrated through writing a paper clearly describing learning outcomes. Faculty evaluate the LLPs. Students must participate in a Prior Learning Assessment Workshop before they can pursue such credit. For planning purposes, an early start on this process is encouraged. Credit in this area is granted based on CAEL (Council for Adult and Experiential Learning) standards.

8. What is Business and Professional Training (BPT)?

Business and Professional Training (BPT) demonstrates college-level learning through nontranscribed training experiences such as workshops and conferences. The student verifies learning through providing documentation regarding the curriculum, organization, trainers/teachers, and hours. Faculty evaluate the BPTs. Students must participate in a Prior Learning Assessment Workshop before they can pursue such credit.

9. What is college-level learning?

College-level learning must demonstrate the following characteristics:

- Be measurable through documentation
- Be at a level of achievement defined by faculty as university equivalent or consistent with the learning of other students in university studies
- Be applicable outside of the specific job or context in which it was learned
- Have a knowledge base
- Be reasonably current
- Imply a theoretical or conceptual, as well as practical, understanding
- Show some relationship to degree goals and/or lifelong learning goals

- Not repeat learning for which credit has already been earned

10. What is Advanced Placement (AP) credit?

Some students earn AP credit in their high school studies. These credits were earned through having acceptable scores in the Advanced Placement Program of the College Entrance Examination Board. An acceptable score is a grade of 3 or better. The student should have the appropriate materials and scores submitted to REACH.

11. How much does PLA cost?

CLEP, DSST, and ACE credits are paid to those organizations and are determined by those organizations. Trinity does not charge a transcription fee for these credits. Fees for LLPs and BPTs are based on the number of credits petitioned, not the number of credits earned: 1-4 credits petitioned costs \$225; 5-9 credits petitioned costs \$375; 10+ credits petitioned costs \$550.

12. Does Financial Aid cover PLA?

No. PLA does not count towards academic load, thus it is not eligible for financial aid.

13. How does PLA credit appear on the transcript?

PLA credit appears on the transcript in the semester in which it was earned. It is listed as a number of credits with no grade.

14. When can I start on PLA?

LLPs and BPTs may be petitioned any time after you take the Prior Learning Assessment Workshop. This workshop is offered twice a year at each REACH location. CLEP, DSST, and ACE credits may be submitted anytime during the student's time in REACH. AP credits should be submitted at the time of admission to Trinity, along with other transcripts. CLEP and DSST credits are not included in residency credit requirements. Students should work closely with academic advisors when planning on using CLEP and DSST credit.

15. Is there an appeal process for Prior Learning Assessment?

Yes. Appeals regarding Prior Learning Assessment can be made through the regular REACH appeal process. The only difference is that your initial meeting will be with the Director of Academic Programs, rather than the faculty reader of the PLA.

Biblical Studies Major

The Biblical Studies major is designed to prepare students to interpret the Bible accurately and to apply the Bible wisely in a wide variety of settings. The major prepares students for graduate study at a seminary or university, for positions of leadership in the church, or for a variety of other ministry positions at home or abroad.

This program is a cohort-based, 124-hour degree program designed to serve adult and non-traditional student populations.

Steps to Admission

Online Application

Complete the online application (<http://undergrad.tiu.edu/admissions/apply>).

Letter of Recommendation

Please have a youth pastor, mentor, or church leader who knows you personally complete the recommendation form (http://tiu_forms.formstack.com/forms/sr_contact_information). **Required** of all applicants for acceptance.

Official High School Transcripts

Contact your school to request that your official transcripts be sent to Trinity. **Required of all** applicants for acceptance. Home-schooled students must submit transcripts from any high school attended, a transcript with all courses taken as a home-schooled student, and information/explanation of curriculum used for home schooling.

Official College Transcripts (if applicable)

Request official college transcripts from each college you have attended. Your application cannot be processed until we receive **all** official college transcripts. Transcripts will be evaluated upon acceptance by the Records Office.

ACT/SAT Test Scores

Trinity accepts either ACT or SAT test scores. Please specify Trinity on each test application (ACT code # 1150; SAT code # 1810). If you did not request your scores to be sent to Trinity directly through the testing center, please visit their website and request the scores be sent to Trinity. If your ACT or SAT is listed on your official high school transcripts, you do not need to send a separate report to the admissions office. Please confirm this with your guidance counselor. **All applicants with fewer than twelve college-level transfer credits earned at a post-secondary institution must submit ACT or SAT scores to be considered for admission.** For the ACT, Trinity recommends, but does not require, students to take the writing portion.

Please send all required admissions pieces (transcripts, test scores, etc) to:

Trinity International University

Deerfield, IL 60015

The school code is 001772.

Upon acceptance, an enrollment deposit holds your place at Trinity College and in the residence hall. For those students living on campus, the enrollment deposit is \$150.00. For students commuting to campus, the enrollment deposit is \$100.00. Both deposits are fully refundable until May 1 for the fall semester and December 1 for the spring semester. The deposit form is available online (<http://undergrad.tiu.edu/admissions/accepted/secure-your-spot>).

Applicants for whom English is not their native language **must** take the Test of English as a Foreign Language (TOEFL). Applicants with acceptable TOEFL scores may enroll provided all other admissions requirements are acceptable. Applicants whose scores are not acceptable are expected to complete an intensive course in English as a foreign language at one of the many recognized language centers throughout the country.

The State of Illinois requires incoming students to submit written proof of immunity to measles, mumps, rubella, and tetanus/diphtheria. Immunization records need to be verified by a health care provider and then sent to Trinity Health Services. Students who are taking less than 6 hours of credit or were born prior to 1957 are exempt from this law. For more information, please contact Health Services at 847.317.6698.

Trinity International University does not discriminate on the basis of race, sex, age, national or ethnic origin, marital or parental status or handicap in student admissions, financial aid, educational and athletic programs, or employment in all other areas. Under these nondiscriminatory policies persons will not be excluded by reason of physical handicap provided they are otherwise qualified for admission as students at Trinity International University. In all other areas, Trinity reserves the right to deny admission to any student for any reason it deems adequate.

Transfer applicants are welcome at Trinity International University. Approximately one-third of our new students each year transfer in from other schools, which means you will be greeted by a rich community of people who have made the same life-changing decision to attend Trinity. We value your presence on our campus and we offer competitive transfer credit evaluations and transfer-specific scholarships.

Once accepted to TIU, transfer work will be evaluated. (Those wishing an evaluation sooner should make that request to the Admissions Office.) Though Trinity has a generous transfer policy in place, the University reserves the right to accept only courses that are equivalent in content, objectives, and extent to those offered by Trinity. Students may receive credit for subjects not offered at Trinity when approved by the Associate Dean and validated by the University Registrar. For further information see the Transfer Credit Policy (<http://catalog.tiu.edu/trinity-college/academic-life/policies/advanced-standing/#transfercreditpolicy>).

Although computers, printers, and the Internet are available in computer labs in both Deerfield and South Chicago, it is strongly recommended that all students use their own equipment to complete weekly assignments.

Writing Placement

REACH is a writing-intensive program. Students are expected to achieve a level of writing competence early in their Trinity experience to excel in their studies. The results of the writing assessment will determine what, if any, writing course(s) students will be required to complete with a "C" or better within the first 24 credits of the REACH program. If students have met all their writing general education requirements and achieve a satisfactory score on the assessment, no further writing courses will be required. If, however, the score is below the determined level on the assessment, students will be required to take the course(s) most appropriate to their level, regardless of whether all general education requirements have been met.

Application Process

Prospective students are encouraged to start the application process early. Incoming students should be registered two weeks prior to the start of class. (Our admissions staff is available to help you with any of these steps.) The application process is as follows:

Recommendations from family members or friends will not be accepted. The character recommendation request is included in the online application for admission.
- A passing score on the writing placement test (see above, "Writing Placement"). Appointments should be made with an admissions counselor to complete this assessment.
- If English is not your primary language, you must take the Test of English as a Foreign Language (TOEFL) exam. A score of at least 71 on the Internet-based, 560 on the written-based, or 132 on the computer-based TOEFL is required for admission to the program. If you score below this requirement, you are expected to complete an intensive course in English as a foreign language at one of the many recognized language centers throughout the country before being considered for admission to the program.
- Upon completion of all admissions requirements, REACH Admissions will evaluate your application packet for admission. You will then be notified of your admission status.
- If you are offered admission, confirmation of your acceptance of admission is required. A nonrefundable Confirmation Fee, payable to Trinity International University, must be received to confirm your acceptance of admission and intent to register. At this time you will also confirm your course schedule.
- Although not required for admission, you are strongly encouraged to complete the FAFSA (Free Application for Federal Student Aid) form. The FAFSA is available online and should be completed as early in the admission process as possible since some types of aid are available only at certain times of the year. Confirming your admission

If you are offered admission, confirmation of your acceptance of admission is required. A nonrefundable Confirmation Fee, payable to Trinity International University, must be received to confirm your acceptance of admission and intent to register. At this time you will also confirm your course schedule. Submit the \$50 enrollment deposit. (https://tiu_forms.formstack.com/forms/trinity_online_deposit)

Additional Application Considerations for All International Applicants

Trinity welcomes students from all over the world to our campus. International students are valuable members of the Trinity community and we are committed to serving them through the enrollment process. In addition to the regular application process outlined above, international applicants must also consider the following items: financial requirements and visa requirements.

Financial Requirements

If an international applicant is accepted, formal evidence must then be submitted through Trinity's Certificate of Finance (COF) form that adequate financial resources for both educational and living expenses have been identified by the applicant. The COF is available on the Trinity website.

The Certificate of Finance (COF) must identify monies readily available for the first year of study and document additional funding for the duration of the student's program. Most international applicants, depending on anticipated living arrangements and the number of family members accompanying them to the United States, will need to identify available funds from US \$25,000 to US \$30,000 to satisfy this requirement.

At this time, accepted international applicants living outside the United States must also submit a US \$2,000 tuition deposit (partially refundable) before the Certificate of Eligibility (I-20) for a student visa will be issued (students living in the United States should submit a \$125 deposit).

Visa Requirements

Trinity is authorized under U.S. law to enroll non-immigrant alien students; however, these U.S. laws are becoming increasingly stringent. International students *must* enter the United States with an F-1 visa, which is granted by the U.S. government. Applicants already in the United States in a visa category other than F-1 (including F-2, B-1, and B-2) may be admitted as Visiting Students or part time students for credit depending on visas as long as the studies are not the primary purpose for being present in the U.S. Failure to observe this limitation will place one's visa status in doubt and could jeopardize a student's ability to secure an F-1 visa in the future should their educational goals change.

A U.S. Immigration Certificate of Eligibility (I-20) will be issued by Trinity, enabling the international applicant to apply for an F-1 student visa, after the following have been met:

1. Applicant has demonstrated English language competence meeting or exceeding Trinity's standards
2. Applicant has been admitted as a student
3. Applicant has demonstrated adequate financial resources through a Certificate of Finance
4. Applicant has submitted a US \$2,000 tuition deposit

In accordance with U.S. immigration law, Trinity does not allow non-immigrant aliens to register as full-time or degree-seeking students without an F-1 visa. Permanent residents are exempt from these limitations, as are certain other visa statuses (i.e., R-1 or H1B). Further questions regarding visa status and eligibility to study at Trinity may be directed to Trinity's International Students & Scholars Office on campus. It is the responsibility of the student to maintain legal immigration status.

TRINITY EVANGELICAL DIVINITY SCHOOL

A Message from the Dean

We at Trinity Evangelical Divinity School are here to serve. So we are delighted that you are considering Trinity. God's world and Christ's church need people with a love of the Triune God, a love of the Word of God, a love of the gospel, and a heart for other people. Trinity exists to foster these very values, and to nurture the spiritual life and practices that go with them, doing so in ways that engage the head, the heart and the hands.

These are rapidly changing times and the pace of change can make our heads spin. Some of these changes are deeply troubling for the well formed Christian. However, these are also times of opportunity: a time not for Christian withdrawal from the wider society but for godly compassionate engagement. The Trinity community of faculty, staff and students are unashamed of the gospel which is humankind's hope. And so are we fueled by the need to know at depth both the Scriptures and the gospel found in them, and to make that gospel known with clarity and societal connectedness. Importantly Trinity is a global community with many, many international students who enrich our common life. If you were to join us then doubtless you would both enrich and be enriched by Trinity.

May the Lord direct your steps to the place of his appointment! There is no better place to be.

Graham A. Cole, ThD
Dean of Trinity Evangelical Divinity School

Distinctives

A Global Community

Trinity Evangelical Divinity School is one of the largest seminaries in the world. The divinity school enrolls approximately 1,200 students from more than 40 states and from almost 40 countries. Hundreds of students take advantage of opportunities available through online study and extension sites. Trinity Evangelical Divinity School offers seven master's and two doctoral degrees in many different concentrations of study, as well as a one-year certificate in Christian studies.

A Diverse Faculty

The divinity school faculty includes nationally and internationally recognized scholars in Old and New Testament studies, Biblical and Systematic Theology, Philosophical Theology and Apologetics, Pastoral Theology, Church History, Educational Ministries, Mission and Evangelism, Counseling, and Bioethics.

A Proven Track Record

Approximately 85 percent of Trinity's Master of Divinity students are successfully placed in ministry positions within six months of graduation. In addition to ministry, students who graduate from the master's degree programs serve in teaching, counseling, and many other professional fields.

Trinity Evangelical Divinity School's academic and professional doctoral programs serve nearly 300 active students from all over the world. Trinity offers an academic doctorate—the Doctor of Philosophy with concentrations in three areas: Educational Studies, Intercultural Studies, and Theological Studies. Graduates of the academic doctoral programs have been placed in faculty, administrative, and church positions around the world. Trinity's professional doctoral program, the Doctor of Ministry, is designed to enhance the skills and effectiveness of men and women already involved in ministry.

A Community of Believers

We have a firm desire to minister to our students beyond the academic realm. Numerous organizations on campus provide support, fellowship, and service opportunities to members of the Trinity family. Groups that address the needs and interests of international students, women students, minority students, and wives of students will be happy to welcome you into their fellowships. Trinity even has programs for the children on campus. We also have active service organizations such as the International Missions Fellowship and the student government.

A Community Commitment to Nondiscrimination

It is the policy of Trinity International University not to discriminate on the basis of age, disability, color, national origin, race, or gender in student admission and recruitment, educational policies, scholarship and loan programs, employment, and school-administered programs in accordance with applicable laws. Trinity complies with both the letter and the spirit of Title IX of the 1972 Education Amendments, of Title VI of the Civil Rights Act of 1964, of Section SOL of the Rehabilitation Act of 1973, and of all equal opportunity laws and regulations. (See "Grievance Procedure for Discriminatory and Sexual Harassment Complaints")

A Community Committed to Equipping Men and Women for Ministry

Trinity acknowledges that, according to Scripture, both men and women are created in the image of God and are objects of God's gracious redemption in Jesus Christ. In Christ, both men and women are gifted and equipped for ministry and are called to serve God in varied ways. Because of this, Trinity seeks to be a community where both men and women are valued and warmly accepted as servants of Jesus Christ.

As an educational institution, Trinity does not ordain people. We seek to equip people for ministry. We actively recruit and admit women into all programs (including all foci of the MDiv program). We seek to address the unique needs of women as students and as future ministers in our curriculum development. We seek to develop placement services for women as they pursue the ministries to which God has called them. We also seek to promote and protect an ethos where women are encouraged to fulfill their ministry callings.

A Great Location

Our beautifully wooded main campus is located 25 miles north of downtown Chicago in Deerfield, Illinois. This location provides students with the best of both urban and suburban worlds. We are close enough to the city to take advantage of its cultural, educational, and ministry opportunities while also enjoying many of the characteristics of suburban life. To assist you in relocating, we have a full-time Transition Coordinator (847.317.8000) who has access to valuable information regarding off-campus housing opportunities. Our Housing Office (847.317.7134) coordinates our on-campus dormitories and apartments.

International Partnerships and Study Opportunities

Jerusalem University College ¹

Trinity's membership in Jerusalem University College (JUC) provides students with the opportunity of supplementing their campus studies with study in the Holy Land. JUC offers both undergraduate and graduate courses designed to introduce students to the Near East, to provide introduction and advanced training in the languages and literatures of that area from antiquity to the present, and to contribute to the understanding of Near Eastern cultures and peoples in other times as well as in the present. JUC's staff has been recruited from the faculties of the Hebrew University and the University of Tel Aviv.

Archaeological and geographical field trips supplement the classroom lectures. In class and on the field, students are in constant contact with specialists and with the land whose geography, archaeology, and history are being studied.

Special opportunities are also available for Trinity students to study in the Holy Land, Egypt, or other Middle Eastern sites. These study tours involve instruction from one of our professors, who leads the tour, and academic credit can be received.

Nairobi Evangelical Graduate School of Theology of Africa International University ¹

TEDS's partnership with Nairobi Evangelical Graduate School of Theology (NEGST) in Nairobi, Kenya involves three forms of collaboration: faculty exchange, doctoral student exchange, and partnership in common scholarship projects; as well as some shared administrative services. The intent of the partnership is mutual benefit, for the fulfillment of the institutional missions, and the strengthening and maturation of both institutions.

For additional information contact the TEDS Dean's Office.

Torch Trinity Graduate School of Theology ¹

Trinity has reciprocal articulation agreements with the Torch Trinity Graduate School of Theology (TTGST) in Seoul, Korea, which allow TEDS students to take master-level courses at TTGST and subsequently transfer approved units to TEDS. TTGST curricula have been closely patterned on those of TEDS, and courses are taught in English and Korean by resident and visiting faculty, many of whom have adjunct faculty status at Trinity International University. Full-time Deerfield TEDS faculty occasionally teach at TTGST in visiting faculty capacities. Study in this context is recommended for those who feel called to ministry in Asia.

The Torch Trinity Graduate School of Theology is approved by the Ministry of Education of the South Korean government and is accredited to offer master's-level degrees, including the MDiv. TTGST's academic programs are based on a curricular philosophy that is substantially congruent with TEDS. From its inception in March 1998, TTGST has been regarded as a valued partner in graduate theological education with Trinity.

We maintain a partnership with TVSEMINARY. TVSEMINARY produces college courses and other training in many languages available worldwide through DVDs and the internet. Based in Russia, TVSEMINARY maintains a close affiliation with the Evangelical Free Church of America. TVSEMINARY receives permission from TEDS' faculty to video record selected live courses and then provides copies to Trinity's online team to turn into TEDS' online courses appropriate to an ATS accredited graduate program. TVSEMINARY can also use copies of the recorded courses edited into other languages to offer its own version of the courses.

During a sabbatical, faculty members are released from normal responsibilities such as teaching, student advising, and participating in academic committees. As a consequence, students may not find specific courses offered by a particular professor during a given semester. Information regarding the faculty sabbatical leave schedule is available on the MyTIU web page.

Such invitations are approved by the Dean and Provost on a case-by-case basis.

Academic Life

The Theological Fabric of the Trinity Curriculum

The early Trinity Evangelical Divinity School was birthed in the vision of the late nineteenth-century Norwegian-Danish Free Church and Swedish Evangelical Free Church, both of which developed Bible-theological curriculum to serve their pastoral leaders. Both were part of the Free Church movement, “an association of evangelical denominations whose sole requirement for church membership is spiritual life through personal faith in Jesus Christ as the Son of God, Savior and Lord” (Article 2 of the Constitution). The merger of these two groups in 1950 formed the Evangelical Free Church of America (EFCA), which continues today as the sponsoring church of Trinity Evangelical Divinity School.

Catholicity of spirit marked the early EFCA founders, who emphasized “unity in essential matters and liberty in all things non-essential” (E.A. Halleen, church leader). Doctrinal statements supported common beliefs and were intentionally silent on matters such as the time and method of baptism, the extent of the presence of Christ in the elements of the Lord’s Supper, Arminianism and Calvinism, and the timing of the Tribulation in eschatology. The belief was strong- “Since all were members of the body of Christ through faith in Jesus Christ as Savior and submission to Him we should not demand that all believers be in agreement in all other matters” (A.T. Olson, retired EFCA president).

The arrival of Dr. Kenneth S. Kantzer to TEDS in 1962 reinvigorated the vision of the Seminary in terms of catholicity. Dr. Kantzer, with the support of the EFCA leadership, promoted TEDS as the “love gift of the EFCA to the broad evangelical world.” In an era when theological schism was rampant, Dean Kantzer called upon TEDS to embrace students and faculty who hold diverse theological views within the context of historic orthodox Christianity.

The TEDS of the twenty-first century still encourages diversity under the leadership of Dean Dr. Graham Cole. Committed to broad historically orthodox Christianity, and as a servant to the EFCA and the world wide church, TEDS welcomes and encourages faculty who affirm the

inerrancy of Scripture. Regular TEDS faculty, while all subscribing to the EFCA’s Statement of Faith, currently represent diverse theological and denominational fellowships, including the following:

- Anglican Church of Australia
- Christian and Missionary Alliance
- Evangelical Free Church of America
- Lutheran Congregations in Mission for Christ
- North American Baptist Conference
- Presbyterian Church in Canada
- Reformed Church in America
- The Wesleyan Church
- Baptist General Conference
- Conservative Baptist Association
- Evangelical Covenant Church
- Fellowship of Evangelical Baptist Churches in Canada
- Missionary Church (Fort Wayne, Indiana)
- Presbyterian Church in America
- Presbyterian Church, USA
- Southern Baptist Convention

Part-time and adjunct faculty members further broaden the scope of denominational inclusion.

Curriculum offerings are regularly taught a breadth of theological diversity while affirming the commonality of the Christian faith. The breadth of faculty backgrounds also enables TEDS to offer courses that emphasize the history and theological tenets of various theological traditions, including Fundamentalism, Anabaptist, Lutheran, Reformed, and Wesleyan, in accordance with faculty expertise and student interests.

We invite you to join students and faculty from many church backgrounds as we seek together to affirm our commonality in Jesus Christ and the study of the Holy Scripture.

Academic Information

Academic and Personal Advisement

Admissions Office counselors generally provide initial academic guidance to prospective and admitted students. From the time of admission, students are encouraged to begin consulting online resources for academic advisement (https://my.tiu.edu/ICS/Academic_Resources/Advisement) and their Department’s Office (in the case of MAs) or their Program’s Office or Director, or a faculty member. (Necessary usernames, passwords, and access information to MyTIU are provided upon submission of the tuition deposit, indicating intent to enroll.) The faculty Formation Group leader assigned prior to matriculation, generally in the student’s declared area of interest, is also available for academic and personal counsel.

Students are ultimately responsible for their program progress as outlined in the Catalog at the time of their admission and should carefully consult both the Catalog and the *Academic Handbook* as they plan their coursework. The online degree audit process through the online Dashboard enables students to marshal the resources of their personal institutional data record in determining completed and outstanding program requirements. This audit process is maintained by the Graduate Records Office.

The Trinity Counseling Center is also available for other types of counseling.

Academic Calendar Year

Trinity's academic calendar is comprised of a fall, spring, and summer semester. Fall and spring semesters are fourteen class weeks followed by one week of final examinations. Summer semester is generally composed of a one-week May term followed by a six-week Early Summer Session (May/June) and a six-week Late Summer Session, with a one-week holiday around July 4.

General academic calendar dates may be found elsewhere in this catalog. Reference should be made to the current *Academic Handbook* or to the online Calendar for specific dates and deadlines for registration, thesis submission, comprehensive exams, graduation requests, adding/dropping classes, as well as special sessions and lectures.

Academic Handbook and Catalog

Students admitted to Trinity are subject to the program requirements of the Catalog current at the time of initial enrollment (matriculation). Students may elect, by indicating their intention to the Records Office, to complete the program requirements of a subsequent catalog; however, the catalog change policy requires that students complete all degree requirements under any subsequent catalog selected. Students must choose one catalog or the other—not a combination of the two. If a student withdraws and is readmitted, or finishes one program and is readmitted into a second one, the student is subject to the program requirements current at the time of re-enrollment.

Specific policies and procedures related to master's, Doctor of Ministry, and Doctor of Philosophy programs are contained in the respective program handbook (see relevant doctoral sections later in this catalog). The annually updated *Academic Handbook for Master's Students* is available on the myTIU website (https://my.tiu.edu/ICS/Academic_Resources/Student_Handbooks) at the time of enrollment to all incoming master's students, and an annual electronic addendum updates changes. The *Academic Handbook* contains detailed policy and procedural matters, detailed Academic Calendar, registration information, advisement tips, exam details, and guidelines regarding program capstone experiences (theses, etc).

Students are well advised to retain at the time of their initial enrollment both the current Catalog and the *Academic Handbook* and observe changing academic procedures in subsequent Handbooks during their TEDS program. Careful reading and study of these two publications will facilitate timely program completion, the Catalog describing the program curriculum and the *Academic Handbook* describing the policies and procedures related to the completion of that curriculum.

Academic Integrity

The Trinity community is committed to integrity in all areas of life, including academic integrity, which we believe is essential in the search for and promotion of truth. The pursuit of truth is integrally connected with values of the Trinity community, which include respect for individual intellectual contributions, the development of God-given talents, and the building of relationships in community in a spirit of trust. Therefore, academic integrity is upheld in the Trinity community and any form of cheating and plagiarism is not permitted. Additional information and details are available in the *Academic Handbook*.

Academic Load

To be considered full time, master's-level students must enroll in at least 10 credit hours each semester (9 credit hours for students on our Florida campus). Students will be considered part time if they are enrolled in 1-9 credit hours (1-8 credit hours in Florida). However, for financial aid purposes "half time" is defined as 5-9 credit hours (5-8 credit hours in Florida). Note that tuition fee structures and academic load structures differ. Doctoral Students refer to doctoral section of the catalog.

The normal course load for full-time students is 10 to 15 credit hours. Registration for more than 18 semester credit hours requires a student to be in good academic standing with a cumulative GPA above the minimum required for graduation in the student's degree program. Students employed more than twenty hours per week are advised against enrolling for a full-time academic load.

Active and Inactive Student Status

Program students are expected to register at the beginning of each semester for all coursework (including short-term modulars) or other program requirements (Field Education, Internship, Capstones, Thesis, Extensions of Capstones, etc.) they intend to complete during the semester. The status of such students is considered **active** and campus services such as library, e-mail, faculty, etc. are available to them. Student accounts must also be in good standing for a student to remain active and able to register for the next semester. If students are regularly taking courses each year (such as summer), but their enrollment is not continuous every semester because of regular vocational responsibilities, they should notify the Records Office to ensure their **active** status is maintained.

Students who desire not to register for classes for a period of one to three semesters (twelve months) should request a **Leave of Absence** (LOA) from the Student Life Office (see Leave of Absence Policy in this Catalog). This apprises Trinity of student program plans, and enables appropriate services to be provided. If a student desires to leave TEDS, a **Withdrawal** must be completed through the Student Life Office (see "Withdrawal" in this Catalog).

If a LOA or Withdrawal has not been completed by students, and they do not register and successfully complete coursework each consecutive semester (fall, spring; summer is exempt), their status is rendered **inactive** (e.g., active students must register for at least one course each semester).

Inactive students must reapply to TEDS with no guarantee of readmission. At the time **inactive** students reapply, they are subject to a **reactivation fee**. Students who withdraw appropriately and reapply are not subject to a reactivation fee.

Biblical Languages

A distinctive part of some of the Master of Arts programs and the Master of Divinity program at Trinity is the requirement in biblical languages. Language requirements often are the aspect of the program curricula that either facilitate or delay timely program completion. Students are well advised to exercise careful discernment in following the counsel of faculty and department members related to these requirements.

The biblical Hebrew language sequence for MDiv students includes two semesters of elementary Hebrew and one semester of Hebrew exegesis (10 semester hours) prior to beginning Old Testament canon courses.

Master of Arts students with a concentration in Old or New Testament must complete prerequisite language work as outlined in the Catalog.

The biblical Greek language sequence for MDiv students requires one year of beginning Greek met by undergraduate coursework or intensive independent study, or Trinity's two-semester or summer school undergraduate beginning Greek sequence. Completion of the MDiv in three years is nearly impossible for those beginning their MDiv studies without prior completion of undergraduate beginning-level Greek study or completing it at Trinity in the summer prior to enrollment. The beginning Greek requirement is a prerequisite to enrollment in the two-semester (8 semester hours) Greek exegesis courses, which in turn are followed by New Testament canon courses. Master of Arts students with a concentration in New or Old Testament must complete prerequisite language work as outlined in the Catalog.

All students with biblical language background, whether obtained by formal undergraduate or graduate coursework or independent study, must complete a proficiency exam in Hebrew or Greek for placement into the appropriate level in the Hebrew or Greek language sequence. It is possible that prior language preparation will enable students to demonstrate competency at a level sufficient to exempt them from beginning language courses; however, Trinity's biblical language programs are intense, and such competency should not readily be assumed. Nor should it be assumed that prior completion of biblical languages at other graduate institutions is equivalent to that required at Trinity, in which case course hours may transfer, but proficiency demonstration must still be demonstrated.

Additional biblical language information may be obtained from the *Academic Handbook* or from members of the Old or New Testament departments.

Candidacy

Admission to a TEDS program must be followed by candidacy for the degree. Candidacy requirements vary from program to program and are outlined under the specific program description and concentration. Failure to achieve candidacy may result in dismissal from a program or expulsion from the institution. Admission or change to another program is not automatic and must be accompanied by a complete reapplication.

Capstone Events

Most Trinity programs require a capstone event: professional project, major or integrative paper, internship, comprehensive exams, thesis, dissertation, or a combination of these. Note carefully the requirement in your program curricula and consult with your department as to the precise guidelines for that event.

Capstone event writers (papers, theses, dissertations) should note carefully the university writing requirements outlined in the *TIU Style and Format Manual* and avail themselves of the counsel of the University Student Success Center in their writing.

Capstone Extensions and Fees

Some capstone events are regularly completed during the semester of enrollment (major papers, internships, etc.); however, others often extend one or more semesters beyond the original semester of enrollment. These Capstones also have a Capstone Extension course (ID 7466, ID 7469, ID 7481, ID 7484, XX 7486, XX 8986) in which students must enroll to maintain their active student status (see "Active and Inactive Student Status" above). If students are enrolled in a capstone extension

course and in no other courses, a minimal capstone extension course fee is charged for students to maintain their active status and Trinity services. Students who fail to register for a Capstone Extension course to maintain their active status are charged the extension course fee plus late registration fees for *each* semester in which they failed to register and may be rendered inactive in their program requiring readmission and payment of the reactivation fee (see "Active and Inactive Student Status").

Course Extensions

During any given semester faculty may change due dates for an entire class for a given assignment or exceptionally grant individual emergencies. All semester course work is due no later than the scheduled time of the final examination for each course (including Reading, Guided Research, Field Education, and Internship). All extensions beyond the date of the final exam are granted only by the Dean or Associate Dean of Students, *not* individual faculty members.

Course extensions are granted only in the case of an unforeseen emergency such as severe illness/hospitalization or death of an immediate family member. Such emergencies are to be reported immediately, or within seventy-two hours of the occurrence. Requests based on being overcommitted, vacation or travel plans, work or ministry responsibilities, family visits, etc. will be denied.

Note that only the Dean or Associate Dean of Students, not individual faculty members, grants course extensions. The Dean or Associate Dean of Students will notify the students and faculty member of the disposal of the request and may recommend that

1. no grade penalty be given provided the extension deadline is met or
2. a grade reduction of one full letter grade be given for each week the extension is effective.

Grading and the duration of the extension will depend on the severity of the emergency. Course extensions will not exceed four weeks from the end of final exam week. All work must be submitted by the assigned deadline, or a Fail ("F") will be permanently recorded.

Course Registration and Course Withdrawal

Course registration dates are announced annually and posted on the TEDS Academic Information web page in MyTIU. All changes in course registration (dropping and adding courses) must be completed during the first two weeks of the semester. A fee is assessed during the second week. Courses may not be added after the second week of classes. Courses dropped after the second week are considered course withdrawals with a "W" assigned during the first 50 percent of class meetings (e.g., during the first seven weeks of a semester-length course; during the first five days of a ten-day course) and an "F" assigned thereafter.

Note: Students are encouraged to review the Refund policy in the Catalog before dropping or withdrawing from semester, Quad, or Field Education classes. Tuition and fee assessment deadlines and financial aid deadlines may be independent from academic deadlines.

Students are responsible for reviewing Catalog program requirements and the *Academic Handbook* and for consulting the available academic advisement tools as needed prior to course registration to ensure that their courses apply to their program or personal interests.

Course Registration: Trinity College Undergraduates into TEDS

Trinity College students may register for one TEDS course each fall or spring semester at no additional charge (summers not included). Such coursework may be counted for either undergraduate or graduate credit (not both) and may not be used to fulfill general education requirements.

Registrants must have junior or senior status and a minimum GPA of 3.0. The requisite form, which must be accompanied by the College Dean's signature in the case for juniors, is available from the Records Office. Undergraduate students registering for graduate classes are subject to all deadlines, grading policies, and late fees of TEDS.

Course Repeat Policy

Courses in which a letter grade of "B-" or lower is earned may be repeated in a regularly scheduled class mode with a different professor (until a grade of "B-" or better is obtained in the repeated course). The higher of the two grades earned will be calculated in the GPA; and the lower grade will remain recorded as originally completed with the notation "This course was repeated" and not calculated in the GPA. No additional credits will be earned, nor any tuition discount given for the repeated course. This policy has been created to assist students dealing with unexpected "real-life issues" that threaten one's academic record and call for a decision, while at the same time enabling students to make up the course without negative academic reflection.

Course Prerequisite Policy

Prerequisite courses must be passed with a letter of C- or greater to fulfill a prerequisite requirement. Thus even if the student were to pass the course with a D+ the student must retake the course and achieve a grade of C- or better in order to satisfy the prerequisite requirement.

Course Scheduling and Attendance

One semester hour is equivalent to fifty minutes of class instruction per week for one semester. For the purpose of comparing quarter hours with semester hours, 1 semester hour equals 1.5 quarter hours.

Fall and spring semester classes generally meet once per week in a morning, afternoon, late afternoon, or evening time block. Language classes and some other classes meet twice per week generally on Tuesdays/Thursdays. Daily class hours begin as early as 7:00 a.m. and extend until 10:00 p.m. Evening, short-term modulars, and Friday-Saturday weekend classes are also available. Some morning-afternoon-evening and day-of-the-week rotation of classes occur, except for languages, which remain on Tuesdays/Thursdays. All Master of Divinity core classes are on an evening rotation.

Summer semester classes are generally scheduled in one-week, two-week, or three-week time blocks.

Class attendance is expected in graduate education at Trinity. Participation in class discussions and completion of course requirements are also expected. Absences for illness or other emergencies should be discussed directly with the instructor. Students missing more than a minimal number of class hours can expect to have their final grade penalized or fail a course when absences are excessive. Students participating in intensive short-term courses, such as modulars or weekend classes, are expected to attend all sessions for course credit or should not enroll in the course.

Students are expected to adequately prepare for class sessions. Short-term modular courses require preparation in advance of the first class meeting, or students may be asked to drop the course. Please consult the online course syllabus for short-term modular course preparation expectations.

Course Substitutions and Program Modifications

Master's-level programs may be modified through transfer credit or advanced standing (see the Admissions section of the catalog). Further program course modifications are based on previous coursework or educational objectives, as described in the *TEDS Academic Handbook*, and are arranged with the faculty. Program course substitutions may be made within the department by the written consent of the faculty advisor or department chair or by the mutual consent of both department chairs if the substitute courses fall outside the department of the concentration. Written signed notification of such substitutions should immediately be filed with the Records Office.

Students in a TEDS program wishing to substitute a required TEDS course with one from another institution should obtain approval from the Academic Exceptions Committee prior to enrolling in the course.

Degree Combinations or a Second TEDS Degree

Students may wish to combine a professional degree, such as the MDiv, with a research degree, such as a Master of Arts, if their future expectations include ministry and teaching. (See "Tips on Selecting the Appropriate Master's Program" under "Master's Programs.") This option is desirable because in most cases students may complete coursework for both degrees in less time than taking the programs separately; however, admission to one degree program at Trinity does not guarantee that a student will be admitted to another program.

Although it is permissible to have simultaneous enrollment in two degree programs, the specific program requirements for each program must be met. Some of TEDS's present systems (technology) do not always well recognize persons with enrollments in two programs, so additional consultation may be necessary. Manual degree program audits are available through the Records Office.

A student may overlap program requirements up to 50 percent of the shorter degree. For example, a student combining the MDiv and MA in Counseling Ministries (MA in CM) could overlap up to 21 semester hours (50 percent of the 42 semester hours required for the MA in CM) with the MDiv. Such coursework would need to be carefully planned to ensure that the specific program requirements of each program are met. Generally a minimum of four years are required to complete both an MDiv and MA because of the program requirements, including MDiv internship, thesis, and comprehensive exams. (**Note:** The 50 percent degree overlap is not applicable in the case of a third degree.)

If students complete one Trinity degree and desire to enroll in a second Trinity degree while retaining the first degree, they must complete the program residency (normally a minimum of 16 semester hours) in that second degree.

Students who desire all the hours of a completed TEDS degree to count for another degree program may do so, but only by forfeiting their completed degree. For example, a student who has completed the MA (Christian Studies) program may desire to use all of the completed

hours to pursue the MDiv program. In such cases, the first degree is surrendered. Contact the Records Office for details.

MDiv and ThM combinations: MDiv and ThM coursework may not overlap; however, students may take up to nine hours of 7000 level (and above) courses not applied to their MDiv during their final year and apply those hours to their ThM requirements upon matriculating into the ThM program.

Degree Program Definitions

In light of the lack of an industry standard in defining degree combinations and relationships, and in an attempt to provide clarity to students and faculty, the following degree program definitions are used at Trinity:

Concurrent or second degrees—enrollment in two or more programs simultaneously or concurrently in one or more schools of TIU resulting in multiple degrees; a student must qualify separately for enrollment in each program, and meet program requirements for each program as outlined in the Catalog

Advanced placement programs (AP)—programs that grant advanced placement (with or without credit) in a degree program on the basis of a student's prior academic work (the only TEDS program in this category is the Advanced Placement MDiv)

Dual degree programs—linked undergraduate—graduate program combinations where a student completes and is awarded an undergraduate degree, and moves seamlessly into a graduate degree (both at Trinity International University); admission to the graduate degree is conditional upon completion of the undergraduate degree; some program requirements may be met concurrently, however the awarding of the two degrees is sequential occurring at two different graduations (two programs in this catalog exist at TEDS: the Bachelor of Arts and MA [Intercultural Studies]; and the Bachelor of Arts and MA in Mental Health Counseling)

Accelerated degree programs—accelerated refers to a modification of the curriculum leading to a different type of degree program progression, and resulting in one degree (the only TEDS program in this category is the MDiv with Pre-Seminary Honors)

Joint degree programs—joint degrees are offered in conjunction with other institutions with both institutions noted on the diploma; TIU does not offer any joint programs.

Examinations

All students, whether or not English is their primary language, are expected to complete all examinations—quizzes, midterms, finals, comprehensive exams, and otherwise—within the time allotted for that particular exam. Those students covered by the Americans with Disabilities Act (ADA) should consult with the Associate Dean of Students if they need adjustments in the location, length, or manner of their exams based on their disability.

Final examinations are given during examination week at the end of fall and spring semesters for every regularly scheduled Trinity course. The method and manner of the exam is at the discretion of the instructor. All final examinations must be taken when scheduled.

Expulsion or Dismissal from Trinity Evangelical Divinity School

A student may be expelled or dismissed from TEDS under the following circumstances:

- If a student fails to demonstrate academic improvement after a period of *academic probation*: Academic dismissal is processed by the Records Office in accordance with Catalog policy.
- If a student has breached community guidelines of academic integrity as described in the Catalog and *Academic Handbook*: An expulsion for breach of academic integrity is processed by the Dean of Students in accordance with *Academic Handbook* policy.
- If a student has breached community life expectations as described in the Catalog and *Student Guide*: An expulsion for breach of community life expectations is processed by the Dean of Students in accordance with *Student Guide* policy.
- If a student has been denied candidacy for reasons stated earlier or relative to matters of Christian character described in the Catalog and the candidacy process: An expulsion related to candidacy is processed by the Student Life Committee of the TEDS Faculty.

Appeals of expulsion or dismissal should be made in writing to the office or body noted above for a second review. Further appeal is directed to the Dean, whose decision is final.

Field Education and Internships

Field education and internships involve supervised work in a field-based ministry. A variety of these educational experiences are available (see course descriptions for PT 5090, PT 5095 and PT 7481 , PT 7482, PT 7483, and PT 7484). All are designed to

1. integrate classroom studies with field-based ministry,
2. aid in acquiring, reinforcing, and refining ministry knowledge and skills, and
3. assist in the assessment and development of Christian character, spirituality, ministerial call and identity.

Field Education and Internship experiences are guided by a field supervisor who serves as a mentor. Opportunities for Trinity students in the Chicago metropolitan area are abundant and diverse. Field Education and Internship courses may also be taken in any semester (fall, spring, or summer) and anywhere in the world under primary supervision of a field-based mentor. Students enrolled at extension sites and regional centers are required to meet the same field education requirements and should consult their extension coordinator for details on enrollment and completion of these courses.

Field education is a program requirement in most programs. All new students enrolling in their first Field Education or Internship must complete a one-time Field Education/Internship orientation. For Field Education, this orientation is offered at the beginning of the fall and spring semester. New extension and Florida students should contact their coordinators on how to complete the field education orientation requirement. Students must complete this orientation before Field Education credit can be obtained. For Internship, this orientation is offered at the middle of each fall and spring semester and serves to fulfill one of the two prerequisites for beginning the Internship (see MDiv candidacy to fulfill the other Internship prerequisite).

Field Education courses require a thirteen-week commitment with a minimum of three to five hours per week; Internship experiences also

require a thirteen-week commitment and can be completed either part-time at a minimum of fifteen hours per week over two consecutive semesters or full-time at a minimum of thirty hours per week over one semester.

Students with extensive ministry experience (two to four years or more full time) prior to enrolling in Trinity who desire to obtain a waiver of Field Education or receive advance substitution of Internship requirements are encouraged to contact the Office of Supervised Ministries. For MDiv students, the application deadline for fall admissions is August 1 of the following year and for spring admissions is January 1 of the following year. For MA students, application deadlines are January 1 (for fall admissions) and August 1 (for spring admissions).

Begin working early with the Office of Supervised Ministries before registering for a Field Education or Internship course. Contact the office at 847.317.8030 or e-mail fielded (fielded@tiu.edu)@ (fielded@tiu.edu)tiu (fielded@tiu.edu). (fielded@tiu.edu)edu (fielded@tiu.edu) prior to registering for the course. Students in the MA in MHC and MA/ICS should consult their department. Online information and details may be found at the Office of Supervised Ministries web page at (https://my.tiu.edu/ICS/Academic_Resources/Supervised_Ministries) MyTIU (<http://my.tiu.edu>).

Formation Groups

Participation in Formation Groups (see detailed information under Community Life) is encouraged for all students throughout their program. MDiv students are required to complete two semesters of Formation Group as part of their candidacy process (see MDiv Candidacy). For students in other masters programs, registration and participation in two semesters of Formation Group can serve to fulfill up to one Field Education requirement. No more than one Field Education requirement can be fulfilled in this manner.

Grading

The following descriptions provide some guidance to the use of grades at Trinity. These descriptions are not precise and should not to be confused with the precision of grade point averages (GPAs), which reflect levels of program progress. GPAs for candidacy and graduation are stipulated by program and are noted under each program in the Catalog.

"A" designates outstanding work—superior achievement of course objectives.

"B" designates good work—commendable achievement of course objectives.

"C" designates acceptable work—satisfactory achievement of course objectives.

"D" designates minimal work—marginal achievement of course objectives.

"F" designates failure—unacceptable work. "F" is also assigned when a course is dropped after 50 percent course meetings.

The following grade points are assigned to letter grades:

A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7

D+	1.3
D	1.0
D-	0.7
F	0.0

In addition to letter grades, the following grading notations are also used.

AU (Audit): Assigned when one registers to audit a class and is not enrolled for credit. No hours or grade points accumulate. Auditors are expected to attend class.

CR (Credit): Represents successful completion of a course offered on a credit / no credit basis. These hours apply toward program requirements but are not calculated in the grade point average. Only courses such as colloquia and internships, and others as designated in the Catalog course descriptions, are offered CR/NC.

NC (No Credit): Represents failure to successfully complete a course offered on a credit / no credit basis. These hours are calculated as attempted but do not apply toward program requirements and are not calculated in the grade point average.

W (Withdraw): Indicates that a student withdrew from a course after the initial add period and during the first 50 percent of class meetings (e.g., during the first seven weeks of a semester-length course; during the first five days of a ten-day course). Withdrawals are not calculated in grade point average.

Withdrawals after the first 50 percent of class meetings result in the administrative assignment of an "F" grade.

Note: Students may add or drop semester, quad, or Field Education classes or withdraw with a refund within the first two weeks of the semester (short-term modulars may be added/dropped through first day of class). Tuition and fee assessment deadlines and financial aid deadlines may be independent from academic deadlines.

NR (Not Reported): Is posted when a grade has not yet been submitted for a course. "NR" may appear for one of three reasons: a) the instructor has not yet submitted a grade; b) a course extension has been granted by the Dean of Students Office; or c) the course meets as a modular near the end of the semester and all students have been granted an extension for submitting final work at a date announced by the instructor within ninety days of the last class session.

"NR" changes to a letter grade upon submission of the final grade; or to an F when coursework is not completed by the assigned deadline; or if a grade has not been posted by the faculty member at the end of the first semester following the course (second semester in the case of DMin students).

Assigned grades may not be changed by an instructor unless an error was made in computation or in the original recording of the grade. Students who wish to contest a grade may petition the Academic Exceptions Committee but should be aware that an instructor's assigned grade is rarely overturned.

General Graduation Requirements for All Master's Programs

The following general requirements apply to all students of master's programs at Trinity (doctoral students should consult the graduation

requirements for the specific doctoral program: PhD/EDS, PhD/ICS, PhD/THS, DMin):

- Application to graduate must be made by July 15 of the year of intended graduation for December graduation or by December 15 preceding the intended graduation semester for May or August graduation through the filing of the Application for Graduation form in the Records Office. This initiates the processes related to graduation and serves to advise you of the requirements necessary for program completion.
- Evidence of Christian life and character and recommendation accordingly by the faculty. Regardless of their choice of vocation, students are expected to give evidence of a consistent Christian testimony, a concern for others, and sincere commitment to Christ such as to qualify for Christian service. Cooperation in field education, standards of Christian conduct, and the attitudes manifest toward other students, professors, and all those working with the student, are expected to be such as to commend the gospel, strengthen the church, and honor the Lord.
- Completion of all program requirements, including coursework, field education, capstone projects, and so on as required by the catalog program curricula in effect at the time of initial enrollment.
- Completion of residency requirements in each program.
- Completion of the program during the time duration provided in the degree's statute of limitation.
- Settlement of all financial obligations to Trinity and any other ACTS seminaries with the accounting office.

Graduation and Commencement Participation

Students may graduate (complete their degree program and receive their degree) in May, August, or December of the academic year. Specific graduation requirements are listed in the master's and doctoral sections of the catalog and in the respective program curricula. Graduates are encouraged, but not required, to participate in one of the two annual commencement ceremonies held each year in December and May.

Candidates for graduation (August, December, or May) must submit the online Application for Graduation form (found on the Records web page MyTIU (<http://my.tiu.edu>) > Campus Services > University Records > Deerfield Graduate Records Forms) to the Records Office by July 15 for the following December graduation, or by December 15 for the following May or August graduation. If candidates later change their intended date of completion, they must immediately update and resubmit their Application for Graduation form. Application for Graduation forms are not "carried" from graduation date to graduation date but must be updated by candidates.

After completing the Application for Graduation form, candidates must indicate their plans to participate through completion of the Commencement Participation form between August 1 and October 15 for the December ceremony, and between January 1 and March 15 for the May ceremony. (Note: Submissions after this date are moved to the following commencement ceremony.) These candidates are then kept informed of the details for the upcoming ceremony by the Commencement Coordinator. Additional ceremony information is available on the TIU commencement website.

Candidates who have not yet completed all program requirements are eligible to participate in the commencement ceremony and have their name listed in the program, when the following criteria have been met.

Program requirements may be tracked by the online student dashboard audit system. (Note: These criteria are established by faculty policy and are nonnegotiable.)

1. On-time submission of Application for Graduation and Commencement Participation forms.
2. Six or fewer program hours remain, and the student is registering for these hours in the ensuing semester (spring for December participants or summer for May participants). (This may include Internship in the case of MDiv or MA/ICS students.)
3. Program candidacy has been granted.
4. All general and major comprehensive exams have been passed.
5. Capstone papers or projects have been submitted (including integrative/major papers, projects, etc).
6. The master's thesis, DMin project, or PhD dissertation defense is passed by December 1 or May 1.
7. No other program requirements remain outstanding (e.g., program prerequisites, field education, formation group participation, and so on have all been completed).

Note: The above criteria are set by faculty policy and consistently applied. Waivers are seldom granted.

If the candidate later becomes ineligible for participation by falling short of the earlier stated criteria, immediate notification must be made by the candidate to the Records Office, and the candidate will be removed from the participation list. If a candidate is unable to participate and notification is given, or if one fails to respond to the invitation to participate, such candidates will be considered *in absentia*.

Candidates may participate, or participate *in absentia*, in only one commencement for each degree program. Please ensure that your current e-mail and post office mail address are up to date with the Records Office. Participation must occur no later than the May ceremony following program completion.

Graduation with Honors

Graduation honors are awarded to graduates of the Master of Arts and Master of Divinity programs as follows. Honors are awarded on the basis of the cumulative GPA of all coursework completed at TEDS.

cum laude	minimum cumulative average of 3.50
magna cum laude	minimum cumulative average of 3.80
summa cum laude	minimum cumulative average of 3.90

Leave of Absence or Withdrawal from the University

Leave of Absence

A student who desires not to register for classes for a period of one to three semesters (twelve months) should request a Leave of Absence (LOA) via the Academic Withdrawal/Leave of Absence form available from the Student Life Office (gradstudentlife@tiu.edu (gradstudentaffairs@tiu.edu)). The student should schedule an appointment with the TIU Florida Director of Academic Operations at the time of submission of the form to ensure that all matters are in proper order. An LOA may be granted for personal, financial, or other reasons,

but the expectation is that students will return to their program within a twelve-month period.

During the LOA the student is considered “Active” but “On Leave” and should maintain contact with TEDS, assuring that address information and other relevant data are kept current through the Records Office. At the end of the leave, arrangements for course registration and returning to school should be made directly with the Registrar’s Office. During the LOA, the program statute of limitation clock keeps ticking; however, students remain in their program of admission, and no continuation fees are assessed. LOA status is not intended merely to delay program deadlines or other program responsibilities, but is rather a genuine absence from the TEDS community.

If during the LOA, students find that they must withdraw from the university or need further extended leave beyond what was originally filed, they must communicate their intentions with the Student Life Office. LOA beyond twelve months is considered withdrawal from the university, and students must reapply with no guarantee of readmission.

Withdrawal from the University

If a student desires to withdraw from the university with no intention of returning, the student must complete a Withdrawal from the University form available from the Student Life Office. Withdrawal is not complete until final settlements have been made with the Registrar’s Office and the Business Office. Withdrawal from the university deactivates students’ files, and if they desire to return at a future date, they must reapply with no guarantee of readmission.

Withdrawal for Students Called to Active Military Duty

Trinity students called to active military duty have the following options:

1. Receive course grades for the current semester, or extensions for all courses, if approved by your professors.
2. Receive administrative drops with a refund for some courses and grades/extensions in other courses, if approved by your professors.
3. Withdraw from all current semester courses with a full refund of tuition and fees.
4. Contact the TIU-VA Certifying Official in the Registrar’s Office for information on the procedures to follow and departments to inform in the event of call to active military duty.

Probation and Dismissal (Academic)

Maintaining good academic standing—defined as maintaining the minimum GPA for the program in which a student is enrolled—is the responsibility of the student. Regular monitoring of academic standing results in transcript posting and written notification of academic probation or dismissal in the following categories. It is the responsibility of students on academic probation to inform the Dean’s Office in writing of academic progress, including the steps being taken to remedy their GPA status.

Academic Probation occurs at the conclusion of any semester in which a student’s *cumulative GPA* falls below that which is required for their program of study. Academic probation is also assigned at the time of admission for students with a low academic record for admission.

Academic Dismissal occurs at the conclusion of two consecutive semesters in which a student’s *cumulative GPA* falls below the requirements for their program of study. Such a student is immediately

academically dismissed from Trinity and administratively dropped from all courses.

Readmission: Subsequent to **academic dismissal**, the Admissions Committee will consider application for readmission only after the elapse of one semester and only if warranted by exceptional circumstances when applicants can demonstrate that satisfactory progress can be made. If students are readmitted, they must earn and maintain the minimum GPA required for their program of study for each subsequent semester, or they will be immediately **academically dismissed**.

Following is the minimum GPA required for good academic standing and specific degree program completion:

Program	GPA
Special Students	2.50
Certificate	2.00
Master of Arts, MA in CM, MA in MHC, MA in UM	2.50
Master of Divinity, MA in Min	2.00
Master of Theology	3.00
Doctor of Ministry	3.00
Doctor of Philosophy	3.20

Residency Requirements

Residency requirements define the amount of Trinity credit that must be taken through:

- Course work at Trinity
- Course work on the Deerfield Campus
- Course work at or near the end of the degree program

Specific residency requirements vary from degree to degree; however, the final 8 credit hours for all Trinity master’s level degrees must be taken through Trinity course work.

Statute of Limitation for Program Completion, Program Extension, Course Sunset, and Program Readmission

Statute of Limitation

The statute of limitation indicates the maximum length of time permitted for completion of a Trinity program. These vary according to the program and are noted under the program curricula. A summary follows:

Certificate: ten years
 MA, ThM: five years
 MA in Min, MA in UM, or MA/TS, MDiv: eight years

At the time a statute of limitation ends, a student is administratively rendered inactive and dropped from the program unless a program extension is on file in the Records Office. Such students must reapply to TEDS with no guarantee of readmission, and are subject to a reactivation fee (see Active and Inactive Student Status in this Catalog).

Note: Part-time students enrolled in a TEDS program and making consistent and definite program progress by completing program coursework every semester are generously granted program extensions.

Program Extension

A program extension request is considered by petition to the Master's Exceptions Committee, and generally does not add more than two years to a program's statute of limitation. The petition should be filed at least one semester before a statute of limitation ends and show evidence of consistent program progress and a definitive plan for program completion. When a program extension is granted, a student is in *continuation status* and a continuation fee is charged each successive semester (fall and spring) until the student graduates, whether or not the student is enrolled in class work and in addition to any tuition fees.

TEDS does recognize some students who are permanent part-time students and continue to make consistent and definite program progress by completing program coursework every semester; or the student who is a missionary under overseas appointment and unable to continue coursework every semester (though in light of the availability of online distance education curriculum, class schedules, transportation and the changing nature of furloughs continued study is often possible). In such cases, petitions filed for program extensions and/or waiver of continuation fees are welcomed.

Course Sunset and Readmission

Students who withdraw from Trinity (or are administratively rendered inactive) without completing their program and desire to reapply may make application for readmission under the current catalog. Readmission is not guaranteed.

Readmitted students two to five years beyond the date of their original statute of limitation can expect to complete an additional 25 percent program hours, in addition to retaking comprehensive exams, thesis proposal and processes, language competency exams, and other program requirements. Students readmitted more than five years beyond their statute of limitation can expect to complete a significant number of additional program hours, the amount of which is decided on a case-by-case basis. As is the common practice in higher education, and in conformity with the Program Standards of the ATS, TEDS coursework older than ten years is not considered current and must be retaken.

A written statement outlining plans for program completion must be included in application materials. Readmission is solely for the program to which the applicant is making application. Conditions for admission and program requirements will be outlined in the letter of readmission and are determined by the department or program director as applicable. Students who did not withdraw, but were rendered Inactive are also subject to a reactivation fee (see "Active and Inactive Student Status" elsewhere in this Catalog.)

Technology and Students

Most classrooms are equipped with LCD projectors, networked computers, DVD and VCR players, and other audio-visual equipment. Students are given MyTIU password information and a Trinity e-mail account upon receipt of the tuition deposit in the admissions process and are expected to become familiar with and use their computer skills as part of the academic and student process. Graduate education in the twenty-first century demands technology skills, including use of a computer for course assignments.

Transcripts and Records

Admissions documents are retained for an accepted student who does not enroll for two years and for those who enroll for a period of five years beyond the date of last attendance.

Academic records are retained permanently. Official transcripts bear the seal of the school and are distributed in a sealed envelope. They may be requested from the Records Office by presentation of the Transcript Request Form or a signed letter and will be sent directly to the student, to an institution upon request, or may be picked up in the Records Office. Unofficial transcripts are also available and may be faxed.

Allow seven business days for completion of transcript requests. Transcripts are not issued for students who have outstanding accounts unless payment arrangements have been made. Consult the Catalog or the Records Office for any minimal fees for transcripts.

Degree Program Options

TEDS offers a number of accredited degree programs to enable Christians to pursue God's calling for their life of ministry. Each program, or group of programs, has specific objectives, and the student should consider these when selecting a program to pursue. Programs are briefly outlined below, followed by a fuller description in the order they appear below. (Note that admission to a particular program at TEDS does not ensure admission to another, if a student should decide to switch programs. Consult an admissions counselor for guidance on the appropriate program to make application.)

Certificate in Christian Studies

The Certificate in Christian Studies is not a degree program but is designed for persons who desire to take seminary coursework without enrolling in a program. It is also an appropriate course of study for persons who have not yet decided on a degree program or for those who simply want to enrich their Christian understanding. Courses may be taken in the Certificate in such a way that they later apply to a degree program.

Master of Arts Programs

The Master of Arts (MA) is considered an academic degree in general theological studies designed to provide a basic understanding of particular theological disciplines for further graduate study or for general educational purposes. It is designed on a two-year model for program completion, dependent upon prerequisites completed. Often the MA is a prerequisite degree for enrolling in a public university-based terminal degree or doctoral program, though this is not always the case. Many universities accept students into a master's/doctoral program track that will award the student a master's degree while admitting them later to a doctoral program. Students anticipating future terminal degree work are advised to consult with the institution where they anticipate undertaking doctoral studies to ensure that their graduate-level preparation will be appropriate for doctoral admission. Often such students may be required to devote the capstone project in their master's program to the writing of a thesis that demonstrates ability to do academic research.

Master of Arts (Theological Studies): with the objective of providing a basic understanding of Christianity for general educational purposes, drawing from the breadth of the curriculum

Master of Arts (Academic Discipline) Concentrations:

Biblical and Near Eastern Archaeology and Languages: focusing on archaeology and languages

Church History: specializing in the history of the Christian church

Educational Studies: specializing in educational ministry in the church/parachurch context

Intercultural Studies: prepares or further equips participants for the task of Christian missions through bridging cultures both at home and abroad

New Testament: an emphasis upon intensive study of the New Testament

Old Testament and Semitic Languages: concentrates on the study of Old Testament, Semitics, Near Eastern languages and literature, and the cultural background of the Jewish people

Systematic Theology: specialized study in Christian doctrine its biblical grounding, historical development, logical coherence, and contemporary context

Specialized Concentration: by special application when curriculum objectives significantly extend beyond one department

Master of Arts in [specialized ministry] Programs

A second group of master's degrees is explicitly designed to equip persons professionally for competent leadership in some form of specialized ministry in congregational or other settings. These degrees, designed on a two-year full-time model for program completion, are designated Master of Arts *in* [specialized ministry]. TEDS offers the following:

Master of Arts in Chaplaincy and Ministry Care (MA in CMC): a program designed to develop pastoral and spiritual life counseling skills.

Master of Arts in Mental Health Counseling (MA in MHC): a professional licensure track program with the intent to train students to become licensed mental health professionals

Master of Arts in Ministry (MA in Min): designed for church volunteers, lay staff, parachurch workers, and persons engaged in specialized church-related service organizations, enabling them to pursue interdisciplinary studies that will equip them for competent leadership in their specific ministry context

Master of Arts in Urban Ministry (MA in UM) is based at the South Chicago Regional Center in Dolton and serves students engaged in urban ministry for further effective service in an urban context

Master of Divinity Program

The Master of Divinity (MDiv) degree is the normative degree to prepare persons for ordained ministry and for general pastoral and religious leadership responsibilities in congregations and other settings. The MDiv is also the required prerequisite degree for Doctor of Ministry programs and is the recommended graduate theological degree for those intending to pursue advanced theological research degrees (ThM, PhD). As such, the MDiv carries two roles: first, to prepare persons for ministerial leadership and possibly future Doctor of Ministry studies, and, second, to provide theological training for those anticipating enrolling in a Master of Theology or Doctor of Philosophy program when that program is housed in a private theological school. Trinity's distinction is that our MDiv as a ministerial leadership degree heavily emphasizes general theological studies. Those persons anticipating ministerial leadership in the local church and other settings are likely best served by the MDiv degree. TEDS has recently revised the entire MDiv curriculum which allows for selection of one of two tracks:

- Church and Parachurch Ministries
- Academic Ministries

Master of Theology Program

The Master of Theology (ThM) degree is intended to provide advanced theological study beyond the MDiv in one discipline. The ThM may strengthen study toward future doctoral-level studies, help prepare for some forms of teaching, provide enhancement of ministerial practice, or offer a context for disciplined reflection upon a specialized function of ministry. TEDS's ThM offers concentrations in each of the eight

departments, and an interdepartmental specialized concentration as arranged at the time of application. Specifically:

- Church History
- Counseling
- Educational Ministries
- Mission and Evangelism
- New Testament
- Old Testament
- Pastoral Theology
- Systematic Theology
- Specialized Concentration

Doctor of Ministry Program

The Doctor of Ministry (DMin) program is a professional program intended for persons engaged in full-time vocational Christian ministry, such as pastors, associate pastors, Christian educators, missionaries, workers in parachurch organizations, chaplains, and evangelists. The DMin program is designed to enhance professional ministry competencies with concentrations in the following six areas. See the Doctoral Programs section of the Catalog for a further description.

- Pastoral Ministries
- Preaching
- Pastoral Care
- Leadership and Ministry Management
- Missions and Evangelism
- Military Chaplaincy

Doctor of Philosophy Program

The Doctor of Philosophy (PhD) program at TEDS is specifically designed for persons who wish to pursue advanced study and research in a field of interest. TEDS offers three areas of research study as follows. See the Doctoral Programs section of the Catalog for further description.

- Educational Studies
- Intercultural Studies
- Theological Studies

Additional Areas of Focused Study

TEDS degree programs are offered in the disciplines above; however, many additional areas of focused study integrate coursework offered across disciplines, in a variety of departments, or on the basis of current course offerings (many times by visiting faculty). These course offerings fit into degree programs in varying ways, and students are encouraged to consult with their faculty advisor or department chair to blend course selections particular to their needs and interests. The topic areas noted below may be completed as outlined or may be completed as specialized areas in the MDiv program.

Bioethics

There is a rapidly growing need in the church for leadership to address bioethical challenges in the lives of individuals, families, communities, and the larger world. Such leaders ideally need more bioethics training than the Master of Divinity (MDiv), Master of Arts (Theological Studies) (MA/TS), Master of Arts in Ministry (MA in Min), or Master of Arts in Chaplaincy and Ministry Care (MA in CMC) degree can provide. Moreover, there is a societal movement toward requiring a credential such as a

bioethics masters degree for anyone who wants opportunities to address bioethical issues in health care (including chaplains and pastors), public policy, education, and other public arenas. In light of Trinity’s global leadership role in bioethics, and the ability of students to add the MA/BE degree from Trinity Graduate School to their TEDS MDiv, MA/TS, MA in Min, or MA in CMC degree without substantially lengthening their stay at Trinity, a multiple masters degree option is attractive for Trinity students.

Completing an MA in Bioethics requires only an additional 15 hours or so of coursework beyond the Divinity School degree.

Multiple Masters options include:

- Master of Divinity / MA in Bioethics (p. 493)
- MA - Theological Studies Concentration / MA in Bioethics (p. 491)
- MA in Ministry / MA in Bioethics (p. 489)
- MA in Chaplaincy and Ministry Care / MA in Bioethics (p. 485)

Chaplaincy Studies

Chaplains bring the presence of Christ to persons and situations that are often inaccessible to traditional pastors, missionaries and parachurch workers. Chaplaincy ministry is incarnational by nature, and a chaplain’s parish ranges from battlefields to airfields, hospital rooms to break rooms, prison chapels to ships at sea. Though chaplains are often associated with military forces or hospitals, chaplains may also serve in a number of different situations including disaster relief (first responder), corporate, fire departments, police departments, airports, race tracks, sports teams, nursing homes, hospice, and correctional. Additionally, though many chaplains serve in a full-time capacity, a number of pastors have enhanced their community outreach by serving as reserve chaplains or as volunteers with their local police or fire departments. The opportunities for chaplaincy ministry are indeed plentiful.

Trinity recognizes the value of chaplaincy studies and offers a variety of classes designed to introduce students to chaplaincy vocational options, and then train further those who desire to specialize. Since most chaplaincy programs require a Master of Divinity degree or its equivalent, students desiring to become chaplains are encouraged to enroll as MDiv students, then use their electives to specialize as appropriate.

Trinity is unique in its ability to offer not just basic chaplaincy courses, but specialized study options in related subjects including bioethics, counseling, and philosophy of religion (essential to those who will serve in pluralistic environments). Additionally, Trinity’s proximity to a major military installation (Naval Station Great Lakes), major hospitals (including the nation’s first Federal Health Care Center), an abundance of nursing home, multi-level care facilities, and other chaplaincy-related organizations make this an ideal location to pursue chaplaincy training.

Prospective chaplains may choose the following courses or others relevant to the specialization:

For more information contact Dr. Ken Botton, Affiliate Professor of Pastoral Theology, at kbotton@tiu.edu.

Church Planting

A church planting movement is growing in the U.S. and around the world. Trinity provides both theological grounding and learning experiences that aid in preparing students for church planting ministries in various settings. Field education and internship experiences in church planting are also available in a variety of denominational and cross-cultural settings. In addition, special scholarships are available to those engaging in church planting.

Prospective church planters are encouraged to pursue the Master of Divinity degree program with the congregational pastor-teacher focus. Intercultural church planters should consider the MDiv cross-cultural ministry focus. MDiv core courses provide in-depth study in theology, biblical studies, evangelism, preaching, leadership, worship, missions, social and cultural exegesis, counseling, church history, and educational ministries—all vital to effective leadership in church planting.

Students preparing for church planting may take the following courses:

Code	Title	Hours

The Association for Clinical Pastoral Education (ACPE) (www.acpe.edu) is a multicultural, multifaith organization devoted to providing education and improving the quality of ministry and pastoral care offered by spiritual caregivers of all faiths through the clinical educational methods of Clinical Pastoral Education (CPE).

Some denominations require CPE units for ordination, and others require CPE for chaplaincy (check with your denomination). Recognizing the value of CPE, and the desire of Trinity students to participate in the experience, Trinity will grant academic credit for student participation in three ways:

1. as Field Education credit;
2. as MDiv Internship credit; or
3. as elective credit by enrolling in ID 7375.

Students wishing to complete CPE for Field Education and/or MDiv Internship should contact the Supervised Ministry Office, and students wishing to complete CPE for elective credit should contact the Dean's Office for details *before* they begin the CPE experience. One completed CPE unit is equivalent to two Field Education units, 2 semester hours of MDiv Internship, or 1-2 semester hours (student choice) of elective credit. (Note: One CPE unit equals 400 clock hours.)

Before the CPE experience begins, students should meet with the Supervised Ministry or Dean's Office with the following information in hand: completed site CPE, notice of approval of acceptance by CPE trainer, start and end date for experience, number of hours being completed per week during the experience, number of Trinity credit hours desired. The Trinity portion of the experience will conclude with a debrief meeting and/or paper, presentation of the ACPE's Certificate of completion, and course registration (at completion) for the experience.

Compassion and Justice

As today's world becomes increasingly fragmented along socio-economic and racial lines, the ministry of the Gospel needs to engage with a widening range of social, economic and cultural issues. The MDiv with specialized ministry focus in Compassion and Justice provides Biblical, sociological and practical perspectives in the area of compassion and justice ministry through courses from multiple disciplines as well as unique extra-curricular opportunities. Students may choose the following courses or others relevant to the specialization.

In addition to inter-disciplinary class experiences, several extra-curricular opportunities aim to further deepen students' learning and growth in this area of ministry. The Mosaic Fellowship (a multiracial formation group that focuses on the Biblical calling of reconciliation), Faith Alive (a college-seminary student group that focuses on serving the under-resourced communities), and the Social Justice Living Floor (a residence hall floor that houses single students who seek to grow in the Biblical understanding and practice of social justice) offer rich and varied opportunities for learning and serving. Finally, Trinity has been actively collaborating with CCDA (Christian Community Development Association) and North Lake County churches to create field education and internship opportunities for those who want to actively serve in under-resourced communities while doing their coursework.

Urban Ministry

Trinity maintains a regional campus center in urban Chicago. Class work at that site may be taken in the focus area of Urban Ministry, or a student may complete the Master of Arts in Urban Ministry at this site. TEDS also regularly offers a number of classes at the Deerfield campus particularly pertinent to urban ministry.

The Certificate in Christian Studies

Purposes of the Certificate

The Certificate in Christian Studies is designed for persons who desire to take seminary coursework but are not eligible or do not wish to enroll in a degree program. It is also an appropriate course of study for persons who have not yet decided on a degree program but who wish to experience seminary coursework or to clarify their ministry calling. Admission to the Certificate does not ensure admission to a Trinity degree program. If a Certificate student later decides to enroll in a degree program, all program admission requirements must be met, and all residency requirements (those course hours that must be taken *after* a student has been admitted to a program) must be completed.

Admission Requirements and Prerequisites

Certificate in Christian Studies applicants should possess a baccalaureate degree, or the educational equivalent, from a recognized accredited institution.

Completion Requirements

The following requirements must be met to complete the Certificate in Christian Studies:

- Complete a minimum of 24 graduate semester hours through Trinity with a cumulative GPA for program coursework of at least 2.0, with no course work graded below a "C-" applicable to the Certificate.
- All coursework applicable to the Certificate must be completed within a ten-year period.

- Application to graduate must be made by July 15 of the year of intended graduation for December graduation or by December 15 preceding the intended graduation semester for May or August graduation through the filing of the Application for Graduation form in the Records Office. This initiates the processes related to graduation and serves to advise you of the requirements necessary for program completion.
- Evidence of Christian life and character and recommendation accordingly by the faculty.
- Completion of all requirements required by the Catalog curricula in effect at the time of initial enrollment
- Settlement of all financial obligations to Trinity and any other ACTS seminaries with Student Financial Services.

The Certificate in Christian Studies combines coursework throughout the curriculum. Participants are encouraged to select a breadth of courses from the various departments at TEDS. The Certificate may be completed by two semesters of full-time coursework or by part-time enrollment. Certificate courses are offered on the Deerfield campus, at TEDS extension sites, and through TEDS online courses. All Certificate coursework must be completed through Trinity. No specific courses are required for the Certificate in Christian Studies.

Master of Arts (Academic Discipline)

Master of Arts (Academic Disciplines) Program Purpose

The purpose of the Master of Arts degree program is to provide a basic understanding of theological disciplines for further graduate study or for general educational purposes. The concentration nomenclature articulates the specific discipline under study. Achieving specified student learning outcomes in the concentration meet the MA (Academic Disciplines) degree program goals. This MA program is oriented toward general theological studies rather than ministerial leadership, and is academic rather than professional in focus.

Persons desiring an interdisciplinary basic understanding of Christianity should enroll in the Master of Arts (Theological Studies), which draws courses from across the curriculum. Master of Arts (Academic Disciplines) concentrations focus coursework within a particular departmental discipline as noted in the descriptions that follow.

MA (Academic Disciplines) Admission Requirements

Applicants to the MA (Academic Disciplines) program must meet the following requirements:

1. Possess an earned bachelor's degree or its equivalent from an accredited college or university (generally at least 120 hours), which normally includes a minimum of 60 hours of liberal arts coursework, with a minimum grade point average (GPA) or 3.0 on a 4.0 scale.
2. Submit official transcripts, in a sealed envelope directly from the institution, from all schools attended since high school. Students should request that institutions send transcripts directly to Trinity via postal mail.
3. Submit recommendation forms online from each of the following:
 - Applicant's pastor or church leader
 - Applicant's employer or a business acquaintance
 - A faculty member or school administrator at an institution previously attended (contact the Admissions Office for alternative suggestions)
4. Submit a written three-part statement with your
 - a. personal testimony
 - b. present spiritual life and Christian service and
 - c. ministry goals as described in the application.
5. Submit test scores from either the Graduate Record Exam (GRE) or the Miller Analogies Test (MAT) if the undergraduate GPA is lower than 3.0 or if the undergraduate degree is from an institution without regional accreditation.
6. All applicants for whom English was not their primary language of instruction must submit the Test of English as a Foreign Language (TOEFL) (see Admission section of Catalog for details.)
7. A personal interview may be required.
8. Additional specific program concentration requirements noted below must also be met.

MA (Academic Disciplines) Prerequisite Hours

The general prerequisites for the Master of Arts (Academic Disciplines) program at TEDS follow. Note the particulars under each program concentration

1. 6 semester hours of Bible including Old and New Testament surveys; or TEDS OT 5000 and NT 5000
2. an undergraduate major or its equivalent in an area appropriate to the concentration
3. languages appropriate to the concentration (TEDS testing for placement)

See below for specific concentration requirements for (2) and/or (3).

Note: Outstanding prerequisites must be completed early in the program and before candidacy.

MA (Academic Disciplines) Residency and Program Duration

- 24 hours must be completed through Trinity coursework, with the final 8 program hours completed through Trinity.
- Residency is understood as in-person interaction of instructors and students in locations approved for offering of a full degree. As such, all MA concentrations (with the exception of Theological Studies) are approved for the Deerfield site, and the concentration core curriculum is available only in Deerfield; however, some general coursework may be taken at TEDS extension sites or in TEDS Online Distance Education mode if offered. The MA (Theological Studies) is available in full at extension sites. In all cases, the number of online distance courses that can be taken in a program is limited by course availability and the requirement that students must complete the prescribed Residency Requirement.
- Duration: Generally two to three semesters of full-time coursework are followed by one to two semesters of Capstone work including comprehensive exams, field work, and thesis as required in the concentration.
- All MA program requirements must be completed within five years of matriculation into the program (statute of limitations).

MA (Academic Disciplines) Candidacy Requirements

Continuation in the MA (Academic Disciplines) program after matriculation is contingent upon obtaining program candidacy in the program. Candidacy is granted when:

- All outstanding prerequisites and entrance deficiencies and conditions are removed.
- A minimum of 12 hours in the program is completed with a minimum GPA of 2.5 after program admission. (Note: These hours must be completed after admission to the program concentration, not after matriculation into TEDS.)
- The participant is making continued progress toward meeting all graduation requirements; and in the assessment of the department will be able to complete the degree program in timely fashion within the statute of limitations.
- The faculty has taken formal action to grant candidacy for the degree.

Candidacy must be obtained before students can register for their MA Capstone event (including project, thesis, etc.)

MA (Academic Disciplines) Graduation Requirements

In addition to the General Graduation Requirements for all master's programs, the following requirements must be met:

- Completion of all program concentration requirements with a minimum cumulative grade point average for program coursework of 2.5, and with no coursework graded below a "C-" applicable to the degree.
- Successfully complete all required Capstones in the concentration.

Master of Arts (Theological Studies) (MA/TS)

MA/TS Purpose

The MA/TS provides a basic understanding of Christianity for general educational purposes. Trinity's MA/TS draws from the breadth of the curriculum requiring substantive study in biblical, theological, and historical and global areas, combined with a significant number of hours in the student's area of interest. The MA/TS is particularly suited for Christians desiring to better understand God's revelation to humanity in the biblical and theological context of orthodox historic Christianity and who are engaged in non-church-related vocations or for those seeking a general theological degree to accompany a specialized master's degree. As a seminary degree, its particular focus is to relate theological studies to the work of the church. Program participants may also elect to focus their elective coursework, capstone project, and field education coursework on a particular subject area available in the curriculum or at their particular site.

The MA/TS may be completed in full at the Chicago Regional Center, the Florida Regional Center, and at extension sites in Madison, Wisconsin; Milwaukee, Wisconsin; Indianapolis, Indiana; Akron, Ohio; and Columbus, Ohio. Coursework may also be completed in Pittsburgh, Pennsylvania. Some coursework may also be completed through TEDS online courses.

MA/TS and the MDiv or a Second Degree

The flexibility of the MA/TS curriculum and its biblical-theological focus makes it an ideal fit as a complementary degree to other MA programs, such as the MA/MHC. Students may also complete their MA/TS degree and then use all the hours in the program toward an MDiv degree. If MA/TS students are anticipating future MDiv studies, they should select courses that are required in the MDiv program, including biblical language courses. (See "Degree Combinations" in this Catalog.)

MA/TS Objectives

The MA/TS will enable participants to:

- Understand the biblical and theological constructs that form the foundation for the Christian faith
- Think critically and constructively about the historic and global contexts of Christianity
- Examine closely an area of theological studies of personal interest
- Articulate their Christian faith in light of their present vocational engagement
- Grow in personal and spiritual maturity
- Demonstrate competence in writing and research

MA/TS Admission Requirements and Prerequisites

The admission requirements for the MA/TS are those described in the Admissions section of the Catalog and the following requirements specific to the MA/TS:

Applicants must possess a baccalaureate degree, or the educational equivalent, from a recognized accredited institution. In some cases, admission with deficiencies is possible with the fulfillment of those deficiencies at Trinity.

The applicant's undergraduate grade point average must be a minimum of 2.5 on a 4.0 scale; however, since GPA is not always an accurate indicator of an applicant's abilities for graduate work, those with a lower GPA are encouraged to consult with an admissions counselor.

Scores from the Miller Analogies Test (MAT) (preferred) or the Graduate Record Exam (GRE) are required for applicants whose undergraduate GPA is less than 2.5, and for others upon request from the Admissions Office.

MA/TS Residency Requirement and Program Duration

The residency requirement for the MA/TS degree is a minimum of 24 hours must be completed through Trinity coursework, with the final 8 hours taken through Trinity. The 24 hours may be completed with a combination of Deerfield and extension site courses and through Trinity Distance Education or independent study courses as arranged with the program advisor.

Note: It is not the design or intent of the MA/TS to be completed solely in an independent or distant mode. Participants should anticipate spending a majority of their coursework in the classroom at a TEDS site, either Deerfield or an extension. Numerous delivery options are available, including summer, modular, weekend, evening, and other class formats.

MA/TS Statute of Limitation

All MA/TS requirements must be completed within eight years of matriculation into the program. Extension of the statute of limitation for up to two years may be granted by petition when a student has demonstrated consistent program progress toward the degree.

MA/TS Candidacy Requirements

Admission to the MA/TS must be followed by achievement of candidacy for the degree. Program candidacy occurs when:

- A minimum of 16 hours in the program is completed with a minimum GPA of 2.5 for program coursework after admission to the program.
- All entrance deficiencies and conditions are removed.
- Formal action has been taken by the faculty to grant candidacy for the degree.
- Additional candidacy requirements may be present at regional sites. Contact the local program director for details.

MA/TS Graduation Requirements

1. Complete the General Graduation Requirements for all master's programs.
2. Complete a minimum of 42 semester hours with a cumulative GPA for program coursework of at least 2.5, with no coursework graded below a "C-" applicable to the degree.
3. Complete two semesters of Field Education; or one semester of Field Education and two semesters of Formation Group.
4. Complete the MA/TS capstone project in the form of an integrative paper or ministry project for 2 hours.

The flexibility of the curriculum in the MA/TS allows participants to focus a significant part of their studies in an area of interest. Options available vary widely according to the eclectic interests of the student, curriculum available at a particular site, and course selections a student might make from the ability to cross-register into other seminaries in the Association of Chicago Theological Schools (ACTS) consortium. Such flexibility provides a strong understanding of Christianity for general educational purposes while enabling students to complete as many as 14 or more semester hours (electives plus capstone) in their area of interest. Interest areas include: church administration, age or specialized ministry, Bible, theology, and many others. Many interest areas may be further pursued in a complete degree program in that area.

Concentration in Educational Ministries (MA/EM)

MA/EM Concentration Purpose

The Master of Arts (Educational Ministries) purposes to equip persons in congregational leadership for collaborative ministry engagement and formational learning.

Focal Areas

Three focal areas ground the curriculum. Participants will focus on one or two in coursework and the Capstone Portfolio/Internship, but will substantively engage all three objectives throughout their program.

Congregational Life – a holistic systems approach to generational and intergenerational ministries that fosters congregational interconnectedness (children, youth, emerging adults, adults, aging adults, family)

Collaborative Ministry Engagement – enriches leadership capacity, and cultivates vocational stewardship, socio cultural analysis and engagement, and small groups/team development

Formational Learning – enhances congregational discipleship/spiritual formation, curriculum design and implementation, and facilitated teaching and learning.

The MA/EM is particularly well suited for practitioners and/or students who serve or will serve in roles that cultivate congregational ministries and strengthen pastoral leadership. The program equips leaders for collaborative ministry engagement based on biblical-theological foundations, whole-life discipleship, congregational best practices, and educational theory and practice. Ideal program applicants will possess three to five years of congregational life leadership experience, and seek additional understanding and skills to effectively serve as passionate reflective practitioners in their faith community. Persons anticipating ordained pastoral ministry should pursue the MDiv program.

MA/EM course offerings are drawn from across the curriculum based on a participant's needs and ministry context (rather than a plethora of topic specific courses). A foundational curricular core in Bible, theology, and educational ministries provide a structure for integrative educational thinking.

EM Concentration courses in the focal areas enhance the educational foundation. All course selections are developed in consultation with an Educational Ministries Department faculty adviser in areas of student interest leading to the program Capstone. The Capstone must demonstrate in-depth analysis and critique of educational practices for the local church, or other educational setting identified by

MA/EM Concentration Objectives and Student Learning Outcomes

The MA/EM Concentration will enable participants to:

- Critique educational practices and experiences with renewed theoretical and educational understanding
- Ground their educational thinking in a strong biblical and theoretical base
- Integrate educational theory with Christian character and formation
- Link their educational framework within a contextualized ministry practice
- Identify and articulate a leadership philosophy and implementation strategy within an organizational system

MA/EM Residency and Course Delivery

MA/EM courses are available in several modes: on the Deerfield campus in semester long, short-term weekly modular, weekend, and summer formats; online where the entire program may be completed; at extension sites; some independent study work; and conference or on-site wrap-a-rounds. Program participants may "mix and match" modes of available course work in any fashion accessible to them in consultation with their faculty adviser. Not all courses are available in all modes or during all semesters.

While Deerfield-based course work provides the largest course selection, the MA/EM is available entirely online with courses rotating through a two to three-year cycle. All Bible and theology, and educational ministries Core courses are available online, as are an adequate number of EM Concentration courses in order to complete the MA/EM degree. Online participants are encouraged to join the Deerfield campus community for one or two short-term modular or weekend classes as their schedule allows and courses are of interest.

MA/EM Prerequisites

1. an undergraduate major in educational ministries or its equivalent that includes a minimum of 30 hours in educational ministries, Bible/theology, and social science studies; *or*
2. an undergraduate major or its equivalent with exposure to educational practice in the church, parachurch, other Christian organization, or in the public education arena
3. *and* leadership experience in educational practice

Concentration in Intercultural Studies (MA/ICS)

MA/ICS Concentration Purpose

The Master of Arts concentration in Intercultural Studies (MA/ICS) provides specialized study in the discipline of intercultural studies and Christian mission. The MA/ICS seeks to develop students in knowledge and practice of cross-cultural ministry, as well as work integrating theological, historical, and social scientific disciplines. The program is suitable for persons seeking academic preparation for service as missionaries, cross-cultural workers, teachers, strategists, or researchers. The program may also serve as an intermediate step toward doctoral study in a related area.

In addition, there are many forms of pastoral, church-planting, parachurch, and urban ministry in the U.S., Canada, and other western contexts in which a deep understanding of contextualization and cross-cultural ministry is necessary. For this reason, several courses are offered with a focus in missional ministry.

MA/ICS Concentration Objectives and Student Learning Outcomes

1. Students will gain a foundational understanding of the biblical basis of mission and learn to biblically assess various aspects of intercultural ministry.
2. Students will have deeper insight into the nature of human cultures and the implications of cultural differences for intercultural ministry.

Courses are offered also at Trinity extension sites. The department requires that students complete at least two face-to-face ME courses at the Deerfield campus in order to meet and interact personally with regular ME faculty and students.

Concentration in Systematic Theology (MA/ST)

MA/ST Concentration Purpose

The Master of Arts concentration in Systematic Theology provides specialized study in Christian doctrine: its biblical grounding, historical development, logical coherence, and contemporary context. The MA/ST trains students to engage theological ideas in the world today through a strong biblical, evangelical foundation, mastery of our diverse theological heritage, and familiarity with contemporary (including global) developments in theology. The concentration seeks to equip students to become responsible interpreters of Scripture and faithful stewards of Christian thought. The MA/ST is academic rather than professional in focus, preparing participants in knowledge and practice for teaching or researching in Christian secondary schools, or as a preparatory step (among others) toward doctoral study in a related area.

MA/ST Concentration Objectives and Student Learning Objectives

1. Students will learn to think from a biblical, evangelical foundation and responsibly interpret Scripture (e.g., by taking the "Use of Scripture in Theology" course).
2. Students will obtain competence in the historic traditions of Christian theology (e.g., by taking courses in historical theology).
3. Students will gain familiarity with contemporary, global developments in Christian theology (e.g., by taking Contemporary Theology).
4. Students will develop skills in speaking, writing, and teaching towards professional/vocational goals (e.g., through papers, seminar presentations, and perhaps a thesis).

Specialized Concentration

By special application; may include concentrations within a department or draw from across the curriculum

Concentration Purpose and Learning Outcomes

The Master of Arts specialized concentration provides specialized study in a discipline supported by the regular curriculum offerings, but not articulated as a regular area of focused study. The concentration is to be academic rather than professional in focus, preparing participants in knowledge and practice for teaching or researching in Christian secondary schools, or higher education where a doctorate may not be needed; or as an intermediate step toward doctoral study in a related area.

At the time of application, the applicant must work with the Admissions Office and vetted through the Dean's Office the development of a specialized concentration with an articulated purpose, defined learning outcomes, regularly offered curriculum, and standard assessment mechanisms in place.

Learning outcomes must be identified in areas of knowledge, practice, and character. Applicants should note that not all courses are offered every semester, and the development of the specialized concentration curriculum must be attentive to the current and regular offerings of TEDS. Upon acceptance, the letter of admission serves as a contract of curriculum to be completed, under the auspices of the Catalog; and a faculty advisor relevant to the concentration is assigned to guide the participant through the program process.

Prerequisites

1. 6 semester hours of Bible including Old and New Testament surveys; or TEDS OT 5000 and NT 5000
2. an undergraduate major appropriate to the area of specialization or a minimum of 30 hours appropriate to the specialization

Master of Arts in Chaplaincy and Ministry Care (MA in CMC)

MA in CMC Purpose

The Master of Arts in Chaplaincy and Ministry Care (MA in CMC) is designed to develop pastoral and spiritual life counseling skills. This degree has three prime applications. First, as a stand-alone degree, it offers excellent preparation for those who will serve in local churches in a direct helping ministry. Second, the MA in CMC combines easily with additional theological coursework for those who desire to serve in the role of chaplain (i.e. spiritual care provider) in ministry, healthcare, first-responder, church or business organization. Third, this is an ideal supplement to a standard MDiv when chaplaincy in the US military is the objective. (The MA in CMC replaces our former Master of Arts in Counseling Ministry.)

The emphasis in the MA in CMC is on direct, interpersonal communication and face-to-face engagement with those seeking spiritual care. The variety of counseling training options available at Trinity requires careful assessment prior to beginning a program of study. In addition to the MA in CMC, students will also want to consider the Master of Arts in Mental Health Counseling (MA in MHC). The admissions staff can provide detailed information on these programs to help students select the one most appropriate for their career path. The MA in CMC degree recipient is *not* eligible for a license as a mental health counselor. Credentials as a professional chaplain are obtainable with this degree as a foundation (i.e. Association of Professional Chaplains). Board certification with the Association of Professional Chaplains requires 72 hours from a graduate theological institution and is feasible by combining the MA in CMC degree with further theological coursework (i.e. MA/Theological Studies or MDiv). For board certification the graduate will need to secure three additional units of Clinical Pastoral Education (CPE) and obtain formal endorsement from your church community or denomination.

For military chaplaincy service, the MDiv degree is the best option. The MA in CMC is an additional degree that offers explicit work in individual/couple's counseling, spiritual formation along with one unit of CPE.

MA in CMC Admission Requirements and Prerequisites

The admission requirements for the MA in CMC are those described in the Admissions section of the catalog and those specified below:

- An undergraduate major that prepares the participant for the MA in CMC program.
- And undergraduate grade point average of 3.0 on a 4.0 scale.
- Scores from the Graduate Record Exam (GRE) or the Miller Analogies Test (MAT) are required.

MA in CMC Concurrent Degree Options

A student may desire to complete a second TEDS degree program with his or her MA in CMC degree, such as a Master of Arts (Theological Studies), Master of Arts (Intercultural Studies), or Master of Divinity. In such cases, an overlap of program requirements up to 50 percent of the shorter degree is permissible. For example, a student combining the MA in CMC and MA/TS degrees could overlap up to 21 semester hours (50 percent of the 42 semester hours required for the MA/TS). Such course work would need to be carefully planned to ensure that the specific program requirements of each program are met. Consult the Degree Combinations section of the Catalog and the Counseling Department program planning guides for details.

MA in CMC Candidacy Requirements

Admission to the Master of Arts programs must be followed by achievement of candidacy for the degree. Program candidacy occurs when:

- A minimum of 12 hours in the program is completed with a minimum GPA of 2.5 for the program course work after admission into the program.
- All entrance deficiencies and conditions are removed.
- After a review of student files for continued progress toward meeting graduation requirements, formal action is taken by the faculty to grant candidacy for the degree.
- MA in CMC candidates are required to participate in two spiritual formation group experiences while in residence.

MA in CMC Statute of Limitation

All requirements in the Master of Arts programs must be completed within five years of matriculation into the program. Petition to extend the statute of limitation may be made by a student to the Academic Exceptions Committee.

MA in CMC Graduation Requirements

In addition to the General Graduation Requirements for all master's programs, the following are required for the MA in CMC:

1. Completion of all course work in the program, including ID 5080 Formation Group, with a minimum cumulative grade point average for program course work of 2.5, with no course work graded below a "C-" applicable to the degree.
2. Successfully write the major comprehensive exam.
3. Completion of the Biblical and Theological Studies course sequences below, which meet the general comprehensive requirements in Old Testament, New Testament, and Systematic Theology.
4. A minimum of 48 hours of course work, at least 23 hours in counseling.

5. Complete a community-based, Clinical Pastoral Education (CPE) experience approved by the department (recommended) or complete a Master of Arts capstone project for the MA in CMC (departmental permission required). The project option requires the launch or pilot of an applied counseling ministry initiative. This is followed by an evaluation reported in an in-depth academic paper or presentation (CO 7501).

Master of Arts in Ministry (MA in Min)

MA in Min Program Purpose

The Master of Arts in Ministry (MA in Min) is designed to equip persons for leadership in a specific specialization of church-related ministry. As a narrowly focused program, the MA in Min is not recommended for those anticipating ordained pastoral ministry. Areas of ministry specialization are specific to the participant's ministry context in a local church, parachurch, or another church-related ministry. The MA in Min is not designed for those anticipating future doctoral work.

Ministry specializations of present students include spiritual formation in the local church, ministry to young adults, church administration, women's ministry, and worship ministry.

MA in Min Program Objectives

The MA in Min will enable participants to:

- Understand the biblical and theological constructs that undergird the ministry specialization.
- Think critically and constructively regarding the content and processes in the area of ministry specialization.
- Engage competently ministry situations in their context and culture.
- Develop skills in the design, implementation, and assessment in the area of specialization.
- Grow in personal and spiritual maturity.

MA in Min Program Admission Requirements and Prerequisites

The admission requirements for the MA in Ministry are those described under the Admissions section of the catalog and the following requirements specific to the MA in Ministry program:

- Applicants must possess a baccalaureate degree from a recognized accredited institution, or an educational equivalent. In some cases, admission with deficiencies is possible with fulfillment of those deficiencies at Trinity.
- The applicant's undergraduate grade point average must be a minimum of 2.5 on a 4.0 scale; however, since GPA is not always an accurate indicator of an applicant's abilities for graduate work, those with a lower GPA are encouraged to consult with an admissions counselor.
- Scores from the Miller Analogies Test (MAT) (preferred) or the Graduate Record Exam (GRE) are required for applicants whose undergraduate GPA is less than 2.5 and for others upon request from the Admissions Office.
- A minimum of one semester-length undergraduate or graduate course each in Old Testament, New Testament, and theology (generally totaling at least 9 or 10 semester hours). Applicants may be admitted without this coursework but need to take it early in the program.
- Applicants must include with their application a statement stating their ministry intent and anticipated area of ministry specialization. The statement should be approximately 1,000 words in length and include a description of present and future ministry intent, as well as involvement and recognition by the church in the area of ministry specialization. This statement should be refined by the participant during the first half of the program in anticipation of the mid-program assessment.
- A letter of endorsement on letterhead from the applicant's local church, parachurch, or church-related ministry that demonstrates the applicant's church-connectedness and affirms the following:
 - the applicant's interest and giftedness for church-related ministry;
 - the applicant's evident Christian life and character; and
 - the support and prayers of the ministry organization for the applicant's course of study.

As a church-related ministry degree program, this requirement is not optional.

- A personal interview may also be required.

MA in Min Program Curricula and Ministry Specialization

The area of ministry specialization is individually contextualized to the participant's ministry and reflected in the program coursework. (See program curriculum below for possible areas of specialization.) Whether participants are completing coursework on the Deerfield, urban Chicago, or Florida campuses, or at one of TEDS's extension sites, they are expected to integrate learning experiences in classroom studies, ministry application courses, and the capstone integrative experience around an area of ministry specialization. In consultation with the program advisor, particular courses are selected for the program of study and filed in the Records Office accordingly.

Participants may choose an area of ministry specialization by selecting courses across the curriculum, including cross-listed Graduate School and College courses where relevant to church ministry and including course work available through the ACTS consortium. Specializations may include a selection of courses from within a department, an area of specialized interest that bridges departments, or a combination of relevant course work and experiences linked to the participant's ministry base. Specializations must contribute to the program objectives and equip participants for competent leadership in an area of specialization for church ministry.

Participants are encouraged to design elective assignments in their Biblical, Theological, and Historical Studies area with their ministry specialization. Two courses (6 hours) minimally in the Ministry Practice and Context area must be in the selected area of ministry specialization. The capstone integrative project, which varies from 3 to 6 hours culminates and integrates the program's insights into the participant's area of ministry specialization. Thus, a student minimally must complete 9 hours in the ministry specialization, though depending on courses completed and the particular area of interest, most of the program may focus explicitly on the area of ministry specialization.

MA in Min Mid-program Assessment

At the time participants register for their 15th semester hour, they must meet with their program advisor to complete a projected plan for program completion. At this time, the participants should

1. select their area of specialization and
2. initiate planning for completion of the capstone integrative experience.

The projected plan of program completion must be filed with the Records Office before the participants register for the next semester.

MA in Min Residency Requirement and Program Duration

The residency requirement for the MA in Ministry degree is a minimum of 24 hours must be completed through Trinity coursework, with the final 8 hours taken through Trinity. The 24 hours may be completed with a combination of Deerfield and extension site courses; and through TEDS Online or independent study courses as arranged with the program advisor. A minimum of 16 semester hours must be completed in the program after admission to the program, which generally means transfers are not accepted into the program.

The MA in Ministry degree normally necessitates two years of full-time study and three semesters of coursework, followed by one semester of the capstone integrative experience. This period may be shortened if prerequisites are met and lengthened in the case of part-time study or a longer capstone integrative experience.

Note: It is not the design or the intent of the MA in Min program to be completed solely in an independent or distant mode. Participants should anticipate spending the majority of their coursework in the classroom at a TEDS site. Numerous delivery options are available, including summer, modular, weekend, evening, and other class formats.

MA in Min Statute of Limitation

All MA in Ministry program requirements must be completed within eight years of matriculation into the program. Extension of the statute of limitation for up to two years may be granted by petition when a student has demonstrated consistent program progress toward the degree.

MA in Min Graduation Requirements

1. Complete the General Graduation Requirements for all master's programs.
2. Complete a minimum of 32 semester hours with a cumulative GPA for program course work of at least 2.0, with no course work graded below a "C-" applicable to the degree.
3. Complete ID 7465 MA in Ministry Capstone Experience.

- ¹ The Areas of Ministry Specialization listed below are four potential tracks for the MA in Ministry programs. These areas of ministry specialization and the courses listed in each area are suggested and may vary according to the needs of the student and availability of courses. While these four areas of specialization cater to the current strengths of the curriculum at Trinity, it is also possible for a student to identify and pursue other areas of ministry specialization in the MA in Ministry. While 6 hours in a Specialization are required, 6-9 additional hours plus the Capstone Experience enable a student to complete as many as 14 or more semester hours in the Specialization. Coursework is also available through cross-registration into other seminaries in the Association of Chicago Theological Schools (ACTS) consortium. Consult advisor for course recommendations.
- ² A ministry-based experience that integrates the biblical/theological/historical with the ministry practice and context components of the program and provides the capacity for further specialized service in the church (ID 7465). This intensive experience may be a practicum or a project and (for 3 semester hours) will reflect a minimum of 168 hours (12 hr/wk for 14 wks) of experiential learning and be accompanied by a 7,500-to-10,000-word (25-30 page) critical analysis paper demonstrating integration of program components with the area of ministry specialization.

Trinity provides the opportunity for students to earn multiple masters degrees without substantially lengthening their stay. Multiple Masters options include:

- MA in Ministry / MA in Bioethics (p. 489)

Master of Arts in Urban Ministry (MA in UM)

Note: TEDS, with the approval of the Association of Theological Schools and the Higher Learning Commission, offers the Master of Arts in Urban Ministry degree program at the South Chicago Regional Center in Dolton. Although some urban-ministry–related courses are available in Deerfield, participants should plan to make the South Chicago Regional Center the center of their program activities.

MA in UM Program Purpose

The MA in UM serves students engaged in urban ministry who desire a graduate degree that provides knowledge and skills for effective ministry in an urban setting. The emphasis is designed for the mature student with significant experience in urban ministry. While the objectives of this emphasis focus on the specific needs of minority students in urban ministry, others with appropriate urban ministry background or vocational goals are encouraged to apply. The MA in UM has the following objectives:

Professional Competence. The program will contribute to effectiveness as a pastor, preacher, and teacher.

Educational Legitimization. The structures of a complex urban society often call on urban pastors to intercede with agencies such as the welfare department, courts, public schools, and social work systems. Adequate professional skill and academic credentials legitimize the urban pastor's ministry in these contexts.

Theological Integration. The integration of social and spiritual responsibilities in urban ministry often lacks a clear framework. The MA in UM program provides a contextualized setting for engaging this integration.

Marketable Skills. Professional competence and academic credentials enhance the opening of ministry opportunities for urban pastors.

MA in UM Design and Requirements

The MA in UM's main campus in the city of Chicago offers classes at times conducive for persons engaged in full-time employment. The entire program may be completed at the South Chicago Regional Center (SCRC); however, many courses are also offered on the Deerfield Campus.

The curriculum design enables completion of the required 48 hours in approximately three years when taking two courses (6-8 hours) per semester, making the emphasis accessible to those engaged in full-time ministry. Upon completion of coursework, a written professional project is also required that reflects the engagement of the student's academic training with ministry experience.

Courses are offered at the South Chicago Regional Center in Dolton. Updated course information may be obtained through the Associate Dean at SCRC and Director of the MA in UM program, at 312.505.8498.

MA in UM Admission Requirements and Prerequisites

In addition to the General Admission Requirements described in the Admissions section of the catalog, the following further requirements are specific to the MA in UM program:

The applicant's undergraduate grade point average must be a minimum of 2.5 on a 4.0 scale; however, since GPA is not always an accurate indicator of an applicant's abilities for graduate work, those with a lower GPA are encouraged to consult with our admissions counselors. Alternative evaluation is sometimes possible, as is admission status that will permit the applicant to demonstrate the ability to do graduate work.

MA in UM Residency Requirement and Continuation

Residency requirements for the MA in UM degree:

- 24 hours must be completed through Trinity coursework.
- The final 8 hours must be taken through Trinity.

MA in UM Statute of Limitation

All MA in UM program requirements must be completed within eight years.

MA in UM Candidacy Requirements

Admission to the MA in UM program must be followed by achievement of candidacy for the degree. Program candidacy occurs when:

- A minimum of 16 hours in the program is completed with a minimum GPA of 2.5 for program course work after admission to the program.
- All entrance deficiencies and conditions are removed.
- Formal action has been taken by the faculty to grant candidacy for the degree.

MA in UM Graduation Requirements

The following requirements must be completed to earn the MA in UM degree:

1. Complete the General Graduation Requirements for all master's programs.
2. Complete a minimum of 48 hours with a cumulative GPA for program course work of at least 2.5, with no course work graded below a "C-" applicable to the degree.
3. Meet the general comprehensive requirements in Old Testament, New Testament, and three in Systematic Theology through either successful completion of the exams or parallel coursework. See the *Academic Handbook* for details on these exams.
MA in UM students may complete the general comprehensive requirement through TEDS Online courses (OT 5000, NT 5000, ST 5101, ST 5102, ST 5103) when available, which must be passed with a "C" or higher. Failure to pass at this grade level necessitates completion of the classroom course.
4. MA in UM students must complete an approved professional project (PT 7471, PT 7472), reflecting academic training, practical experiences, and demonstrated ability in the practice of urban ministry.

Master of Divinity (MDiv)

MDiv Program Purpose

The Master of Divinity (MDiv) is the normative professional degree to prepare persons for ordained ministry and for general pastoral and religious leadership responsibilities in congregations and other settings. The MDiv is also the required prerequisite degree for Doctor of Ministry programs and is the recommended graduate theological degree for those intending to pursue advanced theological research degrees (ThM, PhD). Trinity's distinction is that our MDiv as a ministerial leadership degree heavily emphasizes general biblical and theological studies. Those persons anticipating ministerial leadership in the local church and other settings are likely best served by the MDiv degree. In dependence upon God, and with the diligence of students and faculty, graduates of the Master of Divinity program at Trinity Evangelical Divinity School will be:

1. Grounded in Scripture and the Gospel

As evidenced by:

- a. An understanding of and commitment to the gospel and Evangelical orthodoxy within its historical context.
- b. An understanding of and commitment to Scripture as the ultimate authority by which every realm of human knowledge and endeavor should be judged.
- c. Hermeneutical competence in bringing Scripture, in its original languages, to bear on oneself, the church, and society.

2. Growing in Christian Maturity and Faithfulness

As evidenced by:

- a. A growing understanding of one's own creatureliness, depravity, and Christian identity in the light of God's grace.
- b. A growing dependence upon God's grace through the regular practice of "means of grace" both privately and in Christian community.
- c. A life that demonstrates commitment to being a disciple of Christ and growing in obedience to his commands.
- d. A growing dependence on and submission to the Holy Spirit as is evidenced by fruit of the Spirit in the context of relationships.

3. Equipped for Leadership and Pastoral Ministry

As evidenced by:

- a. The ability to articulate a biblical vision for the local church and pastoral leadership; engaging the multifaceted challenges of ministry with integrity and growing wisdom.
- b. A growing proficiency in the ministry of the Word and the "care of souls," both in corporate and individual contexts.
- c. An understanding of and commitment to a biblical strategy for educating, equipping, and leading the whole church toward Christian discipleship and maturity.
- d. An understanding of a biblical theology of Christian worship, as well as competence in planning and leading the corporate gatherings of the church.
- e. An understanding of one's own gifts for ministry, reflection on God's vocational leading, and a commitment to ongoing growth as a leader and minister.

4. Able to Engage with a Diverse World for the Sake of the Gospel

As evidenced by:

- a. An understanding of God's historical-redemptive mission in the world and commitment to being a partner in that mission through word and deed.
- b. An understanding of and commitment to cross-cultural engagement for the sake of the gospel, critically reflecting on one's own cultural biases and seeking to be a learner from other cultures for the sake of the gospel.
- c. Competence in "cultural exegesis," both in reference to congregational culture and broader society.

MDiv Admission Requirements and Prerequisites

In addition to the general admission requirements described in the Admissions section of the catalog, the following further requirements are specific to the Master of Divinity program:

1. The applicant's undergraduate grade point average must be a minimum of 2.5 on a 4.0 scale; however, since GPA is not always an accurate indication of an applicant's abilities for graduate work, those with a lower GPA are encouraged to consult with our admissions counselors. Alternative evaluation is sometimes possible, as is admission status that will permit the applicant to demonstrate the ability to do graduate work.
2. Scores from the Graduate Record Exam (GRE) or Miller Analogies Test (MAT) are required for applicants whose undergraduate GPA is less than 2.5 and is required upon request from the Admission Office for others.
3. A demonstrated working knowledge of the content of the English Bible by either
 - a. Passing the OT section of the Standard Bible Content Test¹ **or** OT 5000
 - b. Passing the NT section of the Standard Bible Content Test¹ **or** NT 5000

4. Completion of a full beginning Greek sequence, normally involving two years of undergraduate study. If a Greek sequence has not been completed, several options are available to early meet this requirement. In all cases, students are required to complete the Greek Proficiency Exam for placement in the Greek Exegesis course sequence:

¹ **Note:** Complete the Standard Bible Content Test (SBCT) online by logging in to MyTIU > Academics > Exams for the instruction sheet. One must pass OT or NT sections of the SBCT at 70 percent or above (sections graded separately). If a section is failed, it may be taken only one additional time. If failed a second time, enrollment in the requisite OT 5000 or NT 5000 is required. The SBCT measures biblical competency at a level approximate to a Bible college undergraduate or strong evangelical Bible program in a liberal arts undergraduate college. In every case, this demonstration of English Bible content knowledge must occur prior to enrolling in canon courses (OT 6251, OT 6252, OT 6253, NT 6251, NT 6252, NT 6253).

Preparation in Greek

If still completing undergraduate studies, it is advisable to incorporate Greek into your coursework. Students may also study Greek independently or through a repeatable online course (available through TEDS Online Distance Education Office). Additional study in syntax is usually recommended in conjunction with the DE course. A popular option is to complete Trinity's beginning Greek sequence (NT 4030, NT 4031) offered in a July/August six-week summer session or during the first two fall/spring semesters of your enrollment. These are undergraduate-level courses not credited toward your graduate degree. If Greek has been completed some years ago, one may wish to enroll in NT 4038. Contact the New Testament department chair or a NT department faculty member to discuss this option.

For those who have completed prior study, Greek proficiency is examined through a proficiency exam offered each spring and summer. Registration for the exam may be completed online at MyTIU (<http://my.tiu.edu>) > TEDS Academics > Exams > Greek Proficiency Exam or by e-mailing exams@teds.edu. Placement in the appropriate level of Greek language sections is based on this exam.

Preparation in Hebrew

Some MDiv applicants may have had prior Hebrew language coursework, which will further facilitate their MDiv program progress. Those who have completed a minimum of 6 semester hours of undergraduate or graduate elementary Hebrew course work with a "B" or better are eligible to take OT 6050 Hebrew Review (separate application required prior to registering). See MyTIU > TEDS Academics > Hebrew Review for the preliminary application for authorized OT 6050 registration. Students receiving a grade of B or better in OT 6050 will receive Advanced Standing for OT 5240 Elementary Hebrew I and OT 5241 Elementary Hebrew II, thus meeting the prerequisite for OT 5242 Hebrew Exegesis. Since OT 6050 Hebrew Review will count as 3 OT elective credits, students will be required to take any 3 hours of OT credits to reach the required 87 credits to graduate.

MDiv and MA/TS Degree

TEDS students who have completed the MA (Theological Studies) degree program may apply all hours in the degree program to the MDiv. See Degree Combinations for details.

MDiv Residency Requirement

Residency requirements for the Master of Divinity degree are

24 hours must be completed on the Deerfield Campus of Trinity, extending over two semesters that may include fall, spring, or summer semesters.

The final 8 hours must be taken through Trinity.

MDiv Statute of Limitation

All Master of Divinity program requirements must be completed within eight years of matriculation into the program. Petition to extend the statute of limitation may be made by a student to the Academic Exceptions Committee.

MDiv Candidacy Requirements

Admission to the Master of Divinity program must be followed by achievement of candidacy for the degree. A minimum of 25 hours in the program and good academic standing are prerequisites to achieving candidacy. The student should normally attain candidacy by the end of the third semester of full-time study (or its equivalent, approximately 45 hours).

An electronic portfolio (TaskStream®) is used to track student progress toward fulfilling candidacy requirements and to serve as a professional ministry portfolio for placement. The candidacy process is designed to encourage active student learning and development, as well as assess the appropriateness of the student's vocational goals in light of evident character, gifts, and abilities. The process is as follows:

- During New Student Orientation, the student is to complete a vocational and personality assessment (PEPQ®). This is followed by two to three individual appointments with the Trinity Counseling Center staff for an interview and interpretation. There is a fee for this assessment. In light of the results of the PEPQ® and follow-up interviews, additional assessments or counseling may be required as part of the student's candidacy process.
- During the first semester of studies, students are to initiate their online portfolio using TaskStream and begin completing the candidacy requirements stipulated there. Initial requirements include completing a *Ministry Track Declaration* and the *1st Candidacy Interview* (the first of two

candidacy interviews with their faculty advisor). *Students not completing these initial steps of the candidacy process by 25 hours may not register for further coursework.*

- As one of the course requirements for PT 5100, students will develop a *Personal and Professional Development Plan* and post it to their portfolio.
- One year of Formation Group participation is required as part of the MDiv candidacy process. It is strongly recommended that this requirement be completed in two consecutive semesters, normally the first two semesters for full-time students.
- After completing two semesters of Formation Group, students will write and post a *Development Plan Progress Report* on their portfolio and initiate the *2nd Candidacy Interview* (the second formal interview with the faculty advisor).
- Following the second interview, the MDiv Director and the Student Life Committee review the recommendations from candidacy interviews, vocational and personality assessment, Field Education evaluations, academic status, and related student files. MDiv candidacy will then either be granted or the prospective candidate will be contacted with any pending questions or conditions related to candidacy.

MDiv students not achieving candidacy by 60 hours (45 hours for AP MDiv students) may not register for further coursework.

If candidacy has been deferred, consultation must be made with the MDiv Director until pending questions related to readiness for candidacy are resolved. Failure to achieve candidacy may result in dismissal from a program or expulsion from the institution.

Should serious concerns regarding a student's fitness for vocational ministry be raised subsequent to the granting of candidacy, candidacy may be revoked. The Director of the MDiv Program and the Student Life Committee will investigate grounds for these concerns and provide the student an opportunity to address them. If, upon further consideration, the Student Life Committee decides to revoke candidacy, appeal may be made to the TEDS' Academic Dean, whose decision is final.

MDiv Graduation Requirements

The following requirements must be completed to earn the Master of Divinity degree:

1. Complete the General Graduation Requirements for all master's programs.
2. Complete 87 semester hours required by the MDiv program with a minimum cumulative grade point average for program course work of 2.0, with no course work below a "C-" applicable to the degree.
3. Complete all supervised ministry requirements, including three semesters of field education (one being a cross-cultural field education) and an internship.
4. Complete all requirements for MDiv candidacy.
5. Complete all requirements for the MDiv Program Portfolio on TaskStream.
6. Exemplify the character, emotional stability, maturity, and leadership ability that are essential to effective service in Christian ministry.

The curriculum begins in Scripture and Interpretation, our source for understanding how to develop effective ministry practice. The curriculum moves to Theology and Tradition, our considered formulations of biblical truth into a coherent theological framework. Next, the curriculum explores Worldview and Culture, our understanding and relation to God's world. The curriculum culminates in Ministries and Practices, our theologically rooted skills and practices, in which students choose from one of six different foci for specialization in applied ministry skills. Additional elective hours provide opportunity for participants to further design a program suited to their ministry calling. The curriculum begins in biblical theology and culminates in a capstone seminar designed to address specific issues in ministry, thus moving from biblical foundations to ministry practice.

The Advanced Placement MDiv (AP MDiv) is designed for graduates of an accredited Bible college or Christian liberal arts school who seek to build on an undergraduate ministry degree to complete the MDiv at TEDS, and provides opportunity to take additional advanced electives. To qualify, applicants must complete a bachelor's degree in a field related to Christian ministry, pre-seminary studies, biblical studies, or theological studies in the past five years and have undergraduate coursework to satisfy Trinity prerequisites for the AP MDiv program (outlined below). Applicants with 19 or more hours of prerequisite deficiencies are not eligible for the AP MDiv but may apply to the standard MDiv program.

The requirements for the AP MDiv are the same as the regular MDiv, except as noted below.

AP MDiv Additional Requirements for Admission

1. Completion of a bachelor's degree in Pre-Seminary Studies, Christian or Pastoral Ministry, or a similar Christian ministry-based degree during the previous five years
2. A cumulative undergraduate GPA of 3.25 or higher with a grade of "B" or better in each required prerequisite course
3. Documentation of completion of specific prerequisite courses below from the bachelor's program
Applicants must complete the AP MDiv Supplemental Application (found online at www.teds.edu/apmdiv (<http://www.teds.edu/apmdiv>)) describing completed course work.

Required Prerequisites

- Church history or history elective covering the broad scope of the history of the Christian church, from Acts to today: 6 hours
- Pastoral counseling, including lab counseling experiences: 2-3 hours
- Christian education or educational ministries in the local church: 3-4 hours
- Christian mission: 2-3 hours
- Evangelism: 2-3 hours
- Christian worldview & contemporary challenges core to Christian claims and responses to those challenges: 2-3 hours
- Biblical or systematic theology covering the scope of theology: 6 hours
- Students with three or more years of full-time ministry experience may apply for a waiver of internship requirements. See the Office of Supervised Ministries for details.

Optional Prerequisites

For applicants who majored in Biblical or Theological studies and who do not fulfill all required prerequisites, up to 6 hours of advanced Bible and/or theology courses (300-400 level) may be credited to the AP MDiv program as electives. Please note; however, that the total hours of prerequisites (required and optional) cannot exceed 19 hours.

Recommended

Biblical Greek language: 6-8 hrs (two years)

Applicants with prerequisite deficiencies must complete the TEDS graduate-level MDiv course *in addition to the required 75-hour curricula*. All prerequisite deficiencies will be clearly articulated in the letter of admission. Advanced standing for credit is not available in this program. Waiver of Field Education deficiencies is not available in this program. Transfer coursework is generally not accepted in the AP MDiv.

Note: A student accepted in the AP MDiv program and later opting to change programs must complete Admissions Requirements and Program Prerequisites for the new program. AP MDiv waivers are not transferable.

AP MDiv Program Requirements

Initial Program Placement

Applicants who have completed undergraduate coursework in Greek or Hebrew must take the TEDS Greek and/or Hebrew placement exams for language placement. AP MDiv students are not required to take the Standard Bible Content Test as the criterion for English Bible competency is met through the undergraduate program.

Suggested MDiv Course Sequence

Detailed suggested course sequences are available to students through the MDiv program office (online at MyTIU (<http://my.tiu.edu>) > TEDS Academics > Departments & Program Offices) and address a number of typical student scenarios. In general those entering the MDiv with all prerequisites met (English Bible competency, Greek) can anticipate approximately three years of full-time study for completion of the program. Those needing to complete prerequisites during their program can anticipate approximately four years. Students admitted to the AP MDiv without deficiencies (i.e., having all prerequisites completed) will generally find it feasible to complete the program in six consecutive semesters (including summers).

Overall, there are a host of variations to such templates, depending on the exact courses that are offered in a particular semester, the scheduling limitations of the student, and so on. In addition, summer school courses provide students opportunity to accelerate or catch up on program coursework.

Upon admission, students are encouraged to consult with the *Academic Handbook*, the MDiv Office (for resources and advisement), their faculty advisor and student colleagues. Note also particular course descriptions and catalog curricula, including any course prerequisites. Projected course schedules are published in MyTIU (<http://my.tiu.edu>)>TEDS Academics as soon as available. Generally all MDiv core courses are offered at least once each fall and/or spring semester, rotate through a three-year summer cycle, and rotate through a four-year evening school schedule. Field education requirements and the intense period of MDiv internship near the end of the program when accompanied by additional ministry responsibilities often lengthen a student's program.

Trinity provides the opportunity for students to earn multiple masters degrees without substantially lengthening their stay. Multiple Masters options include:

- MA in Bioethics / Master of Divinity (p. 493)

Master of Theology (ThM)

ThM Program Purpose

The Master of Theology (ThM) program is intended to provide advanced theological study in one discipline beyond what is normally provided at the MDiv level. Trinity's ThM offers discipline concentrations in each of our eight departments (Church History, Counseling, Educational Studies, Mission and Evangelism, New Testament, Old Testament, Pastoral Theology, and Systematic Theology), or inter-departmental specialized concentrations developed in consultation with the departmental faculty (Chaplaincy, Ethics, Generational Ministry, Homiletics, Spiritual Formation, and others). The program can be completed in one year of study and includes 22 credit hours with a Capstone (comprehensive exam, major paper, or thesis depending on the department). Students work with department faculty in the selection of specific courses in their area of concentration.

MDiv and ThM Combinations at TEDS

MDiv and ThM course work may not overlap; however, students may take up to 9 hours of 7000 level (and above) courses not applied to their MDiv during their final year and apply those hours to their ThM requirements upon matriculating into the ThM program.

ThM Admission Requirements and Prerequisites

In addition to the general admission requirements described in the Admissions section of the catalog, the following further requirements are specific to the Master of Theology program:

1. Possess an earned Master of Divinity degree or its equivalent from an accredited school that maintains academic standards similar to those of Trinity. (Master of Divinity equivalence is defined as an earned master's degree, including at least 74 semester hours of graduate study in areas closely parallel to Trinity's MDiv curriculum.)
2. The applicant's graduate grade point average for all graduate coursework completed must be a minimum of 3.0 on a 4.0 scale.
3. Possess and demonstrate proficiency in the biblical and modern languages appropriate to work in the selected area of concentration. Students who have not completed their MDiv at TEDS must take the proficiency exam and obtain a passing score to be exempted from taking NT 5251. Students who have obtained a TEDS MDiv within the previous five years will be exempted from taking the proficiency exam.
4. At the time of application, applicants will declare their area of concentration selecting from Church History, Counseling, Educational Studies, Mission and Evangelism, New Testament, Old Testament, Pastoral Theology, and Systematic Theology, or provide a statement relative to an inter-departmental Specialized Concentration (such as Chaplaincy, Ethics, Generational Ministry, Homiletics, Spiritual Formation, and others). Specialized Concentration applicants should review the Catalog curriculum and propose a Specialized Concentration from the curriculum. The proposed Specialized Concentration will be reviewed during the application process to ensure it can be supported by the curriculum and appropriate recommendations made. Accepted applicants will then consult with the assigned faculty department advisor to finalize their curriculum within the template below.

ThM Residency Requirement and Continuation

Residency requirement for the Master of Theology degree is that 18 hours of the ThM program must be completed through TEDS coursework.

ThM Statute of Limitation

All Master of Theology program requirements must be completed within five years of matriculation into the program. Petition to extend the statute of limitation may be made by a student to the Academic Exceptions Committee.

ThM Candidacy Requirements

Admission to the Master of Theology program shall be followed by achievement of candidacy for the degree. Program candidacy occurs when

A minimum of 9 hours in the program is completed with a minimum GPA of 3.0 after program admission. (Note: These hours must be completed after admission to the program concentration, not merely after matriculation into TEDS.)

All entrance deficiencies and conditions are removed.

Formal action has been taken by the faculty to grant candidacy for the degree.

ThM Graduation Requirements

The following requirements must be completed to earn the Master of Theology degree in each concentration:

1. Complete the General Graduation Requirements for all master's programs.
2. Complete 22 hours of advanced graduate level coursework (normally 7000-8999 level if not a core requirement or capstone in another master's program) in the area of concentration with a minimum cumulative grade point average for program coursework of 3.0, with no coursework graded below a "C" applicable to the degree.
3. Complete a 2-3 hour Capstone which includes some combination of the following dependent upon the department:

- a. Pass the ThM Comprehensive Exam (– 7977) arranged by the Department. (1 hour)
- b. Complete one or two ThM Major Research Paper(s) (– 8980) as a part of advanced courses in the program, demonstrating evidence of competencies similar to those demonstrated in the thesis. Examine the *Academic Handbook* for details related to this capstone project. (1 hour)
- c. Research and write an acceptable thesis (– 8985) on an approved topic exhibiting the ability to do competent research, including use of the biblical languages and modern languages when appropriate, to think critically, and to communicate effectively in the area of concentration. (2 hours)

ThM Areas of Concentration and Curriculum

The ThM is a post-MDiv degree program. As such, coursework required to meet MDiv graduation requirements is not applicable to the ThM program. Specific coursework is developed in consultation with the department faculty. The criterion against which applicable coursework is defined is the intent of the program to provide advanced theological study in one discipline beyond what is normally provided at the MDiv level.

Doctor of Ministry Program

Director: S Steve Kang, PhD

Purpose of the DMin Program

The Professional Doctoral Degree is a practical, ministry-focused degree designed to equip pastors, missionaries, and key church leaders and para-church leaders with ministry tools for service in today's complex and challenging world. Our focus is the development of advanced ministry skills, strategies, and theology for solving problems and building Christ-honoring ministries.

Program Outcomes

There are four core outcomes for students in the DMin Program. The purpose of the DMin curriculum is to fully integrate these four outcomes.

1. **The Student will develop INCREASED LEADERSHIP CAPACITY** evidenced by the ability to deepen personal spiritual maturity, thrive in current ministry contexts, and increase the scale and scope of ministry effectiveness, responsibilities, and opportunities.
2. **The Student will practice INTENTIONAL THEOLOGICAL INTEGRATION** evidenced by the ability to effectively engage one's cultural context with advanced theological acumen and critical thinking.
3. **The Student will engage in IN-DEPTH CONTEXTUAL ANALYSIS** demonstrating the ability to identify and frame crucial ministry issues and outline potential solutions.
4. **The Student will utilize INNOVATIVE STRATEGIC PLANNING** evidenced by the ability to create and develop key ministry initiatives and achieve desired ministry goals.

DMin Concentrations

Ministry concentrations allow a student to focus a significant portion of their research and coursework in an area of ministry that expresses their personal ministry calling or interests. These concentrations include:

- LM (Leadership & Management)
- ME (Missions & Evangelism)
- PMC (Pastoral Ministry & Care)
- PT (Preaching & Teaching)
- SFE (Spiritual Formation & Education)

NOTE: From time to time the opportunity may arise to launch a concentration based on a strategic ministry focus in response to a cultural movement or phenomenon or one that is structured within an organization or church network/denomination. These concentrations will meet the overall requirements of the program as delineated herein but may have unique electives or experiences. Each of these potential concentrations will be reviewed and approved by the Professional Doctoral Committee before being offered.

Structure of the DMin Program

Since the DMin is not designed to be a residential program, all classes are offered in one-week intensive class sessions. Each year classes are held on the Deerfield campus, typically in March, July, and November. Non-residential courses may include those taken in conjunction with a ministry conference or event in a wrap-around format. There also exists the potential for courses to be taken in partnership with other doctoral programs at Trinity, such as our PhD programs.

Each doctoral course consists of three parts:

1. About three months prior to each class period, the student is provided with information about forthcoming classes, including a list of required reading and written work for each course. All pre-course assignments are to be completed prior to the beginning of the class sessions. The

professor will ask for an accounting of the completion of the assignments, and failure to complete them prior to the first class session may result in a grade reduction for the course.

2. The second part of each course is the class week of interaction with the professor and other students. Twenty-eight clock hours of class time are involved, usually running from Monday through Thursday. Generally, there will be few out-of-class assignments given during this week.
3. The third part of the course requirements is a project based on the reading and classwork to be completed after the class sessions. The project will require students to integrate the course content with their own ministry. The integration factor in ministry is viewed as the most crucial phase of the student's coursework.

DMin Admissions

Trinity's professional doctoral program is for students who have already completed a Master of Divinity degree or other acceptable master's level qualifications, have a minimum of three years' full-time ministry experience following completion of the MDiv, and wish to pursue advanced studies in their field of interest.

Application Deadlines and Review Dates

Doctor of Ministry (DMin) applications are reviewed three times per year, corresponding to the three periods in which courses are offered (fall, spring, summer). In each case, a completed application file is required before final action is taken to admit a student to a doctoral program. DMin students may begin their studies during any of the three sessions. Deadlines for receipt of completed application files are:

Program	Application Deadline
Fall Admission	June 15
Spring Admission	October 15
Summer Admission	February 15

Application files completed after the deadline will be postponed for review until the next review date.

The application review process begins immediately after the deadline and normally takes three weeks. Subsequent to the review process, applicants are notified by letter of acceptance or denial of admission.

Application Procedures

In addition to the application form, credentials that are required of all doctoral applicants are outlined in the application instructions in the back of this catalog.

The Admissions Committee may grant admission on the basis of the required credentials alone, or it may request the applicant to submit additional materials. If admitted, the new doctoral student is required to submit a nonrefundable tuition deposit to confirm acceptance of admission.

If the Admissions Committee denies an applicant admission, the applicant may send a letter of appeal to the Admissions Office, which must be received no later than ninety days following the date of the Admissions Committee decision.

Admission Requirements

Applicants for the DMin program are required to

1. Possess a Master of Divinity degree or other acceptable masters level qualifications from an accredited school that maintains academic standards similar to those of Trinity. (Other acceptable masters level qualifications are defined as an earned ministry or theology related masters degree, including at least 74 semester hours of graduate study in areas closely parallel to Trinity's MDiv curriculum. Specifically, this should include 12 semester hours of Old Testament, 12 semester hours of New Testament, 12 semester hours of Systematic Theology, 3 semester hours of Church History, and 35 semester hours of free electives. On rare occasions, credit may be given for distinguished teaching experience. Students who lack a limited number of these prerequisites may be admitted with a deficiency that must be removed through appropriate master's coursework taken at or through an accredited seminary before enrolling in the fifth DMin course.)
2. Have earned a minimum cumulative grade point average of 3.0 (on a 4.0 scale) for all master's work. For students who have not achieved a 3.0, the Miller Analogies Test will be required to confirm their capacity to handle doctoral level studies at a graduate institution.
3. Have had at least three years of consistent full-time ministry experience after receiving the Master of Divinity degree or its equivalent. Exceptions may occasionally be made on the basis of extensive ministry experience prior to receiving the MDiv degree. Such exceptions are normally considered on the basis of three years full-time experience prior to the MDiv as equivalent to one year of post-MDiv full-time experience.
4. Meet, if an international student, the Bureau of Citizenship and Immigration Services regulations in obtaining an F-1 (student) visa. This requires additional admissions information and paperwork. International applicants whose first language is not English must also submit scores from the Test of English as a Foreign Language (TOEFL).
5. Since the program is heavily dependent on computer skills, applicants should be able to use a current word processing program. Ownership of a desktop or laptop computer is required, along with Internet and email capabilities.

Special Instructions for International Applicants

All international DMin program students, including Visiting DMin students and students from Canada, are now required to enter the United States with an F-1 visa. DMin *residential* students (i.e. living in or near Deerfield and taking semester-length courses) must comply with the same visa requirements as other program residential applicants (see Admissions section).

DMin *nonresidential* students (i.e., commuting to the Deerfield Campus on a course-by-course basis) **must also** obtain an F-1 visa. Students who enter the United States to pursue the Doctor of Ministry degree without the F-1 visa potentially jeopardize their ability to complete the degree and reenter the United States. F-1 visas will remain valid as long as reentry into the United States for the purposes of study occurs at least once every five (5) months. A new visa will be required if reentry does not occur within this time period. Hence, full-time progress for DMin international nonresidential students is defined as taking at least one course in each of the three sessions (Fall, Spring, Summer) per year.

DMin Candidacy Requirements

Admission to the DMin program does not guarantee acceptance into candidacy for the degree. Candidacy will be granted when the student has demonstrated the ability to complete all degree requirements as evidenced by the following:

1. All prerequisite deficiencies (if any) have been removed.
2. Twenty-seven semester hours of coursework, including MN 9550 and MN 9990, have been completed with a cumulative grade point average of at least 3.0.
3. The student's proposal for the DMin major project has been approved by the Human Rights in Research Committee, the Project Committee, and the Program Director.
4. The student has demonstrated writing skills appropriate to doctoral work and to the successful completion of the major project.
5. The student has demonstrated proficiency in the integration of course work and ministry.

DMin Graduation Requirements

The following general graduation requirements apply to all Doctor of Ministry students of Trinity:

1. Evidence of a working knowledge of the content of the English Bible.
2. Evidence of Christian life and character and recommendation accordingly by the faculty. All students are expected to give evidence of a consistent Christian testimony, a concern for others, and a sincere commitment to Christ such as to qualify for Christian service. The attitudes manifest to other students, professors, and others are to be such as to commend the gospel, strengthen the church, and honor the Lord.

The following 36 semester hours of work are required of those planning to receive the DMin degree:

1. The completion of at least 27 semester hours of credit in doctoral courses, with a minimum cumulative grade point average for program coursework of 3.0 (on a 4.0 scale). No more than nine semester hours of credit may be derived from Guided Research and transfer courses from other DMin programs.
2. The completion of the DMin major project, including a successful oral defense. Major project research constitutes nine hours of credit. All requirements for the degree must be completed within six years from the time of matriculation. If requested, 11 years may be allowed for those serving in overseas assignments. If degree requirements are not completed within the allowed time limits in effect at matriculation, an extension may be requested through the program director. A continuation fee will be charged for each six-month period in which the degree requirements remain incomplete. Continuation fees may be waived at the recommendation of the Professional Doctoral Committee in extenuating circumstances.
 - A student who fails to pay the continuation fee must do the following
 - a. Write for reinstatement to the Doctor of Ministry Office
 - b. Pay the fee for the time of absence from the program
 - c. Resubmit application for the major project topic if such had previously been approved
 - d. Apply to the Professional Doctoral Committee for an extension of time to complete the program, providing a new target date for graduation.

Concentration Course Offerings

Trinity provides significant breadth in the subjects offered in the Doctor of Ministry program. Because of the elective nature of the DMin program, the rotation of courses varies from year to year. Courses are generally determined at least one year in advance of being offered so that students can plan accordingly. Trinity seeks to balance course offerings in each of the concentration areas to represent current issues in the world that require church leaders’ thoughtfulness and response, as well as core courses in each concentration area for mastery. As such, courses will be offered in the five major concentration areas previously described (this includes the Theological Foundations course required within each concentration).

For a list of the most up-to-date course offerings, please see the Doctor of Ministry website.

Leadership & Management (LM)

Courses in this area are offered to help ministry leaders gain awareness and competency in strategic issues facing churches, mission organizations, and other Christian institutions. The focus of these courses will be in areas of personal and institutional leadership development, effective ministry management, and creativity in ministry leadership.

Preaching & Teaching (PT)

Courses offered in this area are designed to help preachers and teachers gain expertise in their craft so that they become better communicators of the Christian gospel to their audiences.

Missions & Evangelism (ME)

Courses in this area focus on the missional emphasis of God’s work in the world, both local and global. Classes will address evangelistic strategies, church-planting initiatives, cross-cultural ministry, and other related topics.

Pastoral Ministry & Care (PMC)

Courses offered in this area will address concerns facing pastors in their roles as church leaders, helping them solve issues of pastoral care they face in local church ministry. This is a broad concentration area, which allows students the freedom to choose courses from the PT, LM, and SFE concentration areas.

Spiritual Formation & Education (SFE)

Courses offered in this area are designed to help ministry leaders develop spiritual formation initiatives and educational programs within a church or organization.

Doctor of Philosophy Program

Purpose of the PhD Program

Trinity's PhD program focuses on three areas of concentration: the Doctor of Philosophy (Theological Studies) Program (PhD/THS), the Doctor of Philosophy (Educational Studies) Program (PhD/EDS), and the Doctor of Philosophy (Intercultural Studies) Program (PhD/ICS). Each is specifically designed for those who have completed a master's degree and who wish to pursue advanced study and research in their field of interest.

PhD Application Deadlines

The application review process begins immediately after the application deadline and normally takes eight weeks. Doctoral applications received after the deadline will be postponed until the next review date.

Each of the three academic doctoral program concentrations operates at full student capacity. Subsequent to the review process, applicants are notified by letter of acceptance or denial of admission. Postponement for one or two semesters after acceptance is occasionally possible.

Participants in the PhD/EDS and PhD/ICS programs may begin in any academic term, including summer. Participants in the PhD/THS program preferably begin studies in the fall.

Program	Application Deadline
PhD/EDS ¹	September 15 (spring admission)
	January 15 (summer/fall admission)
PhD/ICS ¹	September 15 (spring admission)
	January 15 (summer/fall admission)
PhD/THS	September 15 (spring admission)
	January 15 (fall admission)

¹ EDS and ICS: Late application deadline of April 1 with permission of program director

PhD Application Procedures

In addition to the application form, documents required of all doctoral applicants are outlined in the information section for each program. Information concerning application procedures and general admissions policies can be obtained from TEDS Admissions, 2065 Half Day Road, Deerfield IL 60015; toll free: 800.345.TEDS; phone: 847.317.8000; e-mail: tedsadm (tedsadm@tiu.edu)@ (tedsadm@tiu.edu)tiu (tedsadm@tiu.edu). (tedsadm@tiu.edu)edu (tedsadm@tiu.edu); website: www.teds.edu/admissions/ (http://www.teds.edu/admissions).

The Doctoral Admissions Committee may grant admission on the basis of the required credentials alone or it may request that the applicant submit additional materials or schedule an interview. Admissions policies and procedures are subject to change without notice. If admitted, the new doctoral student is required to submit a nonrefundable tuition deposit to confirm acceptance of admission.

If the Admissions Committee denies an applicant admission, the applicant may send a letter of appeal to the Admissions Office. Appeals must be received no later than ninety days following the date of the Admissions Committee decision.

The PhD Learning Community

The nature of instruction in the PhD/EDS, PhD/ICS, and PhD/THS programs is dialogical. Student participation in the learning experience is thus considered to be both a necessity and a responsibility. Further, because participation in the learning community outside the classroom is also critical to the educational experience, we expect all students to participate in weekly fellowship groups, colloquia, and informal study groups with colleagues.

The Academic Doctoral Office (ADO) assists PhD students through their program by providing academic support throughout the PhD study. The ADO:

1. maintains an intranet webpage in MyTIU,
2. offers seminars on various topics related to the PhD experience and to participation in the academic world,
3. counsels students in their program progress, and
4. is the connection for program information and support.

The e-mail address for the ADO is droffice (droffice@tiu.edu)@ (droffice@tiu.edu)tiu (droffice@tiu.edu). (droffice@tiu.edu)edu (droffice@tiu.edu).

PhD Standardized Tests

Applicants to the academic doctoral programs whose primary language of instruction has been English are required to submit scores from either the Miller Analogies Test (MAT)—preferred for ICS and EDS programs—or the Graduate Record Examination (GRE)—preferred for the THS program.

Applicants whose first language is not English are required to submit the results of a recent Test of English as a Foreign Language (TOEFL), including the Test of Written English (TWE) and the Test of Spoken English (TSE). Admission into the academic doctoral program requires a minimum TOEFL

score of 600 (250 if using the computer-based TOEFL), a minimum TWE score of 4.5, and a minimum TSE score of 50. For all applicants, this is to be taken *in addition to* the MAT or GRE.

Students who fail to demonstrate adequate written and/or oral English communication skills after admission to a program may be advised to take a six-month to one-year leave of absence from degree studies for the purpose of pursuing English language training.

Academic Load

Full-time doctoral students must enroll in at least 9 semester hours of courses each semester to be considered full-time. Students enrolled in 1 to 8 semester hours are considered part-time. See the Financial Aid section of the Catalog for information related to doctoral financial aid. Note that tuition fee and financial aid structures and academic load structures differ.

Doctor of Philosophy (Educational Studies) Program

Director: Donald C. Guthrie, EdD

Purpose and Nature of the Program

The PhD (Educational Studies) Program is designed to further the development of leaders already serving in organizations such as higher education institutions, mission agencies, congregations, parachurch agencies, and relief and development agencies. The PhD/EDS supports an interdependent learning community comprised of leaders from a variety of cultures, countries, and backgrounds.

Core Competencies

Three foundational areas of professional competency provide the academic focus of the program: developing a research mindset and skill base; thinking as an educational leader; and theologically reflecting about educational issues against a broadly cultural and missiological framework. The intentional linkages between the PhD (Educational Studies) and the PhD (Intercultural Studies) provide opportunity to relate principles from theology and the social sciences to education, mission, and leadership.

Program Values

The international EDS learning community practices a fundamental commitment to and reliance on God's truth as revealed in the Bible and Jesus Christ, God's redemptive purposes in Christ, and the sustaining work of the Holy Spirit. The EDS community seeks to act on the reality that all persons are created in God's image. Participants engage one another professionally, academically, and personally. They share resources and ideas and consult one another concerning specific issues and situations related to their ministry. The program style is collaborative rather than competitive, and mutual respect for colleagues and the diversity of perspectives is evident.

Learning is seen as lifelong, formal and nonformal in context, linear and narrative in approach, and participatory. The interdependence of theory and practice, the processes of dialogue and disciplined inquiry, and the integration of theology and the social sciences are viewed as normative. Faculty are committed to the effective progress and completion of the participants and, through the experiences of the program, seek to foster the cultivation of sustainable habits in thought, spirit, relationship, and service.

The Learning Culture

The appropriate outcome of doctoral education is seen to be the development of refined, sustainable habits of scholarship and professional leadership. Participants are expected to enter fully into the community of scholarship: giving and receiving ideas, information, sources and materials; entering fully into seminar discussions; and participating constructively in open hearings—their own and their colleagues' oral comprehensive examination, presentation of the research proposal, and dissertation defense.

Participants are expected to read and research with a view to making a contribution to the literature of the field and to ongoing discourse—with doctoral colleagues and other academic professionals. Much that is written in the program should be considered as potentially publishable. Participants are encouraged to use the network of seminary and university libraries in the Chicago area and to engage the members of this international community in discussion about research and writing projects.

The dissertation research design that undergirds the PhD/EDS program presumes that a substantial base of descriptive research is necessary to generate hypotheses that will ultimately be explored through experimental studies. It is our perspective that experimental research conducted without a substantial base in description and inquiry is impoverished. Participants in the TEDS PhD/EDS program have generated a substantial body of dissertations, most of which have been descriptive or theological/historical in format. We will continue to encourage descriptive research as the primary mode of inquiry, but with appropriate guidance experimental studies could be built on these emerging categories of research findings.

The preferred learning environment is one that fosters a community in which all participants, students and faculty alike, are engaged in further development. It is also inherent in the program's philosophy of cooperative learning that healthy interpersonal relationships enhance the academic endeavor. Therefore, faculty and participants, along with family and friends, are invited to take advantage of scheduled and spontaneous opportunities for social fellowship.

Program Design

Many PhD/EDS participants are involved in the program during sabbatical or other educational leaves from their place of service. Admission requirements presuppose that the applicant has completed one or more graduate degrees and has had substantial recent experience in an educational ministry. Relatively few participants are in major career transitions.

The PhD/EDS is designed as a program of 4-5 academic years (60 semester hours). Full-time participants may complete seminar work in two years followed by a year of comprehensive exam and proposal preparation and a year of dissertation research. The recommended full-time enrollment is 9 semester hours each term. The program operates on a year-round basis, with full-load enrollment available in each of two semesters and, normally, summer. Completion of 18 hours constitutes one academic year. Program seminars are offered in two-week modular, week-long modular and weekend formats.

The program incorporates particular conceptual areas to stimulate the participants' professional capacities in research and educational leadership. Participants are challenged to integrate faith and learning at every step of the program as they engage these conceptual areas through a variety of experiences and academic seminars.

The courses are threaded together in such a way that the broad foundational courses introduce subject areas that participants may examine more intensively in the primary elective focus areas. Thus, the 1, 2, and 3 credit elective courses provide opportunities to focus even more specifically on areas of interest previously studied in the foundational courses.

Foundations of Education

Participants examine educational issues through theological, historical, and social science frameworks to gain foundational perspectives on the contemporary tasks of educational leadership. Through theology, history, philosophy, psychology, sociology, adult education, and organizational development participants engage educational concerns at fundamental levels of perspective and analysis, always with a view toward contemporary practice in a variety of cultural settings.

Primary Elective Focus Areas

Participants have the option of concentrating in one of the following focus areas: educational ministry in the local church; teaching and learning; leadership and organizational development; and contemporary issues. However, participants have freedom, in consultation with the program director, to configure their electives to best cultivate their interests as educational leaders.

Teaching Practicum

Participants design, teach and evaluate two (1) credit electives or one (2) credit elective under the supervision of an EDS faculty member. Practicum teachers will have already achieved candidacy, will teach in their research areas, and will often team teach these elective courses with EDS faculty members or other similarly qualified participant colleagues.

Research in Education

Participants demonstrate a disciplined way of looking at the world: people, structures, societies, and institutions. The research seminars fulfill three basic purposes:

1. the explication of research concepts and the basis for research method;
2. the development of skills in research methodology; and
3. foundations in literature.

For additional information on the design of the program and its requirements, see the *EDS Handbook for Participants*.

Instructional Modes

The Doctoral Seminar

The core of the formal course instruction is the seminar experience. The assumption is that ideas are not one's own until they can be shaped into one's own language and used in disciplined conversations. To facilitate dialogue, the instructor may provide for a common base of reading and reference by assigning preparatory work. Where required, participants are expected to have read assigned literature and other materials **before** the first seminar session.

Independent study

Reading Courses and Guided Research Courses may be taken by agreement with the faculty concerned. Since the ethos of the program is that of a learning community, we discourage independent study unless it is necessary. Independent studies will be approved for participants who have completed at least one semester in the program (or 9 credit hours of completed work), who have demonstrated the ability to read with understanding and to write lucidly, and who have submitted an appropriate proposal for the independent inquiry.

Nonformal experiences

Opportunities to engage in experiences that are outside the normal program are frequently possible. For example, professional conferences, *ad hoc* meetings with visiting scholars, and interdepartmental consultations are often part of the participants' learning and professional development. These experiences may become a for-credit wrap-around option when they can be related to a seminar.

Residency Requirement

Courses, seminars, and colloquia for the PhD/EDS degree are normally completed on Trinity's Deerfield campus.

A residency requirement in academic research doctoral programs serves the following purposes for the participant:

- Time to research and reflect upon the body of literature related to the dissertation topic.
- Time for significant work on the doctoral dissertation itself. The search, selection, and refinement of a research problem and the building of a research design require concentrated interaction with faculty, colleagues, and other resources.

- Intensive contact with faculty and colleagues in the program who provide the intellectual environment conducive to further professional development and sense of professional responsibility as a community of scholar/practitioners.
- Opportunity for involvement in a variety of professional activities.

Admission Requirements

Applicants for the PhD/EDS program are required to:

1. Have earned an appropriate master's degree (totaling at least 36 semester hours) with a strong representation of biblical and theological studies from an institution maintaining academic standards similar to those of TEDS. In particular, graduate work must reflect an acceptable amount of coursework in the biblical/theological disciplines (normally understood as at least 18 hours). Moreover, applicants must have completed at least 18 semester hours of graduate coursework in Educational Ministries and/or a related Social Sciences field relevant to the PhD/EDS program. In special circumstances, applicants with exceptional qualities or backgrounds may be permitted to apply without the aforementioned requirements reflected on their transcripts.
2. Present evidence of potential for original research at the doctoral level by submitting a sample of published writing or a recent academic research paper if nothing has been published.
3. Have completed **at least** four years of vocational experience in ministry with evidence of relevant gifts and abilities. Preference is given to applicants in a leadership position commensurate with the degree and to applicants who demonstrate that the PhD will contribute in particular ways to continued development in their ministry.
4. Give evidence of a superior intellectual ability in all previous accredited graduate studies. Whereas previous academic performance is considered seriously, we are also concerned about the applicant's capacity for substantive academic and professional interaction with colleagues in the program.
5. Have earned a cumulative grade point average of at least 3.5 (on a 4.0 scale) in previous graduate studies.
6. Submit a test score from either the Graduate Record Examination (GRE) General Test or the Miller Analogies Test (MAT), preferably the latter, which will be taken into consideration among other factors in the application. Applicants whose first language is not English should also submit scores less than two years old from the Test of English as a Foreign Language (TOEFL) in addition to the MAT or GRE.

Special Instructions for International Applicants

All international PhD/EDS program students, including students from Canada, are now required to enter the United States with an F-1 visa. PhD/EDS *residential* students (i.e., living in Deerfield and registered for full-time attendance) must comply with the same visa requirements as residential master's-level applicants (see Admissions section).

PhD/EDS *nonresidential* students (i.e., commuting to the Deerfield Campus for each modular class) **must also** obtain an F-1 visa. F-1 visas will remain valid as long as reentry into the United States for the purposes of study occurs at least once every five months. A new visa will be required if reentry does not occur within this time period.

In order for a Certificate of Eligibility (I-20) to be issued for PhD/EDS *nonresidential* students, the following conditions must be met:

1. Applicants whose first language of instruction is not English must demonstrate English Language competency as measured by a qualifying score on the TOEFL.
2. Applicants must be admitted to the PhD/EDS program as a *nonresidential* student.
3. Applicants must submit a special PhD/EDS *nonresidential* Certification of Finances.

Admission Deficiencies

Participants lacking the prerequisites for entry into the PhD/EDS degree program (i.e., those holding master's degrees with hours in a prescribed area deemed as insufficient), as determined in the application process, have several options for filling such deficiencies. Deficiencies need not be completed before beginning the PhD/EDS program, but **must be fulfilled by the time 18 hours of coursework have been completed**. Subsequent to admission, master's-level work completed toward the fulfillment of deficiencies must be graded a "B-" or higher to qualify for fulfillment of deficiencies. Participants have several options for fulfilling such deficiencies as outlined in the *EDS Handbook*.

Advanced Standing and Transfer Credit

Advanced standing and transfer credit is not normally given for PhD doctoral study except as planned in advance in consultation with the director of the program.

Candidacy Requirements

Admission to the PhD/EDS program does not guarantee acceptance into candidacy for the degree. One of the primary tasks in the doctoral program is to assess the development of competencies and sustainable habits so the participant achieves candidacy and completes the program. This assessment takes place through the successful completion of courses, a comprehensive examination and the dissertation. See the *EDS Handbook for Participants* for further details on the comprehensive examinations and the dissertation.

To achieve candidacy, the following requirements must be met:

1. Fulfillment of all deficiencies and prerequisites indicated as conditions for admission
2. After the doctoral participant completes 18 credit hours, the program director will conduct a progress review with the participant to determine continuance feasibility. The review will have three possible outcomes: continuance, continuance with a negotiated progress plan, or non-continuance. If the participant receives a continuance with a negotiated progress plan, the participant will meet with the program director no later than after 28 credits hours are completed for another review to determine continuance feasibility. If at this time, the participant has made insufficient progress, the participant will receive a non-continuance outcome and be recommended to the ThM degree.
3. Completion of 52 credit hours, including all seminars, comprehensive exams, and dissertation proposal preparation, with a grade of "B-" or higher in each seminar
4. A cumulative grade point average of 3.2 or better
5. Satisfactory completion of Comprehensive Examinations and the Dissertation Proposal, along with any conditions
6. Acceptance of the *Protection of Human Rights in Research Protocol*

The Dissertation

The dissertation is to be a major work based on the empirical investigation of a well-defined and significant problem. This important component of the program is to include a substantial review of the research and conceptual literature underlying the inquiry. Courses appropriate to the mode of research proposed for the dissertation are required prior to the open hearing in which the dissertation proposal is presented. Appropriate procedures, based upon relevant theological, ethnographic, historiographic, or social science methodologies are to be used. The research is to focus on a specific problem in reference to a matter of human development, learning, institutional issues, decision making, culture and education, and so on.

The purpose of the dissertation is to demonstrate competency in research skills, to serve as the culmination of doctoral study, and to make a significant original contribution to the field. Findings must have potential value as contributions to the knowledge base in the field of educational ministry, broadly defined. The participant's approach should be positive and constructive. The proposal must be approved by the Dissertation Advisory Committee and all procedures used with human subjects approved by the Human Rights in Research Committee before data collection may begin.

A final oral examination of the dissertation is conducted by the Dissertation Advisory Committee. It is in the form of an open hearing, which includes faculty and peers.

Graduation Requirements

Candidates for the PhD/EDS degree are required to satisfy the following graduation requirements:

1. Recommendation by the faculty of eligibility for the degree on the basis of academic stature and evidence of Christian life and character during their time in the program.
2. Successful completion of a minimum of 60 semester hours of approved coursework with a minimum cumulative grade point average for program coursework of 3.2 (on a 4.0 scale), with no grade below "B-" applicable to the degree. A maximum of 20 percent of the coursework for the degree may be done through guided research or reading courses.
3. Successful completion of the comprehensive written and oral examinations and dissertation proposal.
4. Successful acquisition of candidacy.
5. Submission of the Application for Graduation form to the Records Office.
6. Successful completion and defense of an approved dissertation that exhibits the candidate's ability to do competent research, to think critically, and to communicate effectively.
7. Completion of all requirements for the degree within seven years from matriculation, or completion of additional program requirements as outlined under Statute of Limitations and Program Continuation.
8. Settlement of all financial obligations to Trinity and any other ACTS seminaries with the Office of Student Financial Services.

Leave of Absence

For extraordinary reasons (prolonged illness, serious family crisis, unusual work situation), a doctoral participant may be granted a leave of absence from the program. Request for a leave of absence is to be submitted in writing to the program director and the ADC for consideration. The letter must include the reason(s) for the requested leave of absence and be submitted during the circumstance, or as soon as possible after the event. A leave of absence may be granted on more than one occasion but not to exceed two years in total. Once approved, the leave of absence will not be counted against the program statute of limitations (seven years). Similarly, the leave of absence will suspend the time related to continuation fees.

Statute of Limitations and Continuation Fees

All program requirements (coursework and dissertation) for the degree are to be completed within seven years from matriculation. As long as the candidate is registered in each succeeding semester until the seventh year, continuation fees are not assessed. Since an approved proposal is one of the requirements for achieving candidacy, even if all other work is completed, continuous enrollment in the dissertation proposal preparation "course" qualifies for continuous enrollment.

If a PhD participant completes the fifth year of his or her program without achieving candidacy, continuation fees are assessed. As soon as the participant completes all requirements, applies for and is granted candidacy, continuation fees cease. The continuation fee is assessed for each successive semester not enrolled for courses, excluding summer. **It is the responsibility of the participant to apply for candidacy once all conditions have been satisfied.**

Participants who are convinced that they will be unable to finish in seven years may apply in writing prior to the end of the seventh year for a program extension, which will give up to a maximum of three further years for degree completion. Ordinarily, program extensions will be granted only to students who have completed the comprehensive examination. The application must include a timetable which will serve as the contract for completion of all work required for the degree. An extension will be granted only in exceptional circumstances and at the recommendation of the program director. Continuation fees are assessed until the dissertation is accepted. If the work for the degree is not completed within the contracted period, the participant will be dismissed from the program and must reapply. There is no guarantee that the participant will be readmitted—and if he or she is readmitted, further coursework may be required.

Program Withdrawal

In the rare occurrence that a doctoral participant may find it necessary to withdraw from the degree program, he or she must notify both the Academic Doctoral Office and the Records Office in writing of the desired change in program status. All fees accrued prior to program withdrawal are still payable in full.

PhD/EDS Program Minors

Qualified participants in the PhD/EDS program may take a 9-semester-hour minor in either the PhD/ICS or the PhD/THS programs. Qualified participants should:

1. demonstrate strong master's-level preparation in their primary field of study and
2. secure permission for the minor and the courses to be applied toward the minor from their Program Director and from the director of the program in which they wish to do a minor.

The 9-semester-hour minor is completed in the Primary Elective Focus Area component of the degree.

Program of Study

The program of studies for the PhD/EDS is developed in light of the values, conceptual areas, and core competencies articulated above.

Doctor of Philosophy (Intercultural Studies) Program

Director: Craig Ott, PhD

Purpose and Nature of the Program

The PhD (Intercultural Studies) Program seeks to develop the ministry and research skills of leaders involved in a wide variety of missional, cross-cultural, and educational ministries. Focus is upon deepening our understanding of human diversity, contextual realities, and culture change in ways that inform redemptive, gospel-centered ministry in the contemporary world. Theological, historical and social scientific disciplines are integrated at the highest academic level and brought to bear on the global and local mission of the church.

As an academic PhD program, students will strengthen their foundations in theory as the basis for original research and writing to advance missiological understanding and effective leadership. Our mission is to cultivate academic excellence, cultural insight, and spiritual depth enhancing the personal and professional development of program participants. Persons benefiting most from the program are typically engaged at home or abroad in ministries such as cross-cultural missions, multiethnic ministry, missional movement and organizational leadership, higher education, and evangelism.

With a combination of intensive coursework, mentoring, and research students can craft a stimulating, flexible, and individualized course of study suited to their professional goals and life situation. Many of Trinity's PhD/ICS students participate in the program during sabbatical or other educational leaves from churches, Christian mission organizations, colleges, and seminaries. Some complete the program by commuting to campus from longer distances for modular, intensive courses. Participation in the program links students with a diverse, broad-based international community of scholars and provides tools to promote lifelong learning.

Program Values

The PhD/ICS program is committed to the full authority of Scripture and the centrality of the gospel of Jesus Christ. These core convictions must guide the church's mission as it engages an increasingly complex world of rapid social change, religious pluralism, human diversity, and globalization.

We thus believe that effective and faithful ministry demands more than ever the best integration of deep theological reflection, keen social scientific insight, and broad historical perspective. The ICS faculty represents a wide range of backgrounds, ministry experience, and academic expertise dedicated to working collaboratively with students in a stimulating and holistic learning community. The goal is not knowledge for knowledge's sake, but academic excellence that addresses contemporary challenges for the greater glory of God and the advancement of his kingdom.

Intercultural Studies Defined

Intercultural studies represents a broad category of scholarly inquiries related to the interface of human diversity and transformative gospel ministry. Human commonalities are understood to be based on the oneness of humankind, and differences are understood to be the outgrowth of historical, geographic, and sociopolitical variability. The scholarly task in this field of doctoral studies is to grasp with knowledge and wisdom those matters of diversity that impinge on human relationships and various understandings of reality and to evaluate these in the light of biblical teaching. Globalization, migration, religious pluralism and other features of contemporary societies add to the complexity of human experience and increase the challenges and opportunities of Christian ministry and gospel faithfulness. Intercultural studies is thus of critical importance not only in the context of historic cross-cultural mission work, but also in virtually every context including North America.

Socioanthropological inquiry is used to help understand the nature of intercultural relationships and to develop substantial cultural awareness, knowledge of the skills of analysis and interpretation, and theoretical comprehension of the nature and consequences of sociocultural diversity. Such insight must inform the missional practice of the church. Effective human relationships, communication, Christ-centered personal and social transformation, contextualization of ministry, and engagement with persons of other faiths all require an understanding of culture and social dynamics. The foundation of the program is biblically faithful theology, which provides the basis for the evaluation of the interaction between a given culture, the gospel and the people of God.

Program Design

The PhD (Intercultural Studies) Program is designed as a program of three to four academic years, requiring two years (four semesters) of classroom and seminar studies followed by one to two years of comprehensive examinations and dissertation research. The length of the program can be reduced by enrolling in full-time study during all three semesters (fall, spring, and summer). Part-time students need considerably longer to complete the program. The minimum number of courses and seminars, comprehensive exam and dissertation credit, is 60 semester hours. A full-time student takes 9 to 12 semester hours. The program operates on a year-round basis, with full-load enrollment available in fall, spring and summer semesters. Program courses are available in a variety of term-length and modular formats, making study accessible to students who do not relocate to Deerfield. To insure that students not residing locally participate in the broader learning community, attendance at ICS fellowship meetings, academic hearings, and other community events while present on campus for coursework is expected.

All PhD/ICS students take a common core of required courses. Each course and seminar is conducted so as to encourage opportunities for a wide range of research interests and needs. Furthermore, the program allows flexibility in the design of a personal program of study that best serves the professional and academic needs of the individual participant. Before completion of 24 credit hours in the program the student should declare the general topic of the anticipated dissertation research. This decision is to be made in consultation with the program director and the anticipated

dissertation supervisor. The supervisor will then provide guidance for the student's further study program and course selection with the dissertation topic in view.

PhD/ICS students with interest in educational ministries may enroll in courses offered by the PhD/EDS program. Similarly, with special approval, qualified ICS students with a more theological focus may enroll in a limited number of PhD/THS courses. For additional information on the design of the program and its requirements, see the *ICS Handbook for Participants*.

Instructional Modes

The Doctoral Seminar

The core of the formal course instruction is the seminar experience. The interaction of a doctoral seminar is much more than a discussion; it is a mode of learning. The assumption is that ideas are not a person's own until they can be shaped into language and used in disciplined conversations. To facilitate dialogue, the instructor may provide for a common base of reading and reference by assigning preparatory work. Seminars may be completed in a variety of formats such as regular semester courses, and modular (one or two-week) or weekend intensive courses. For intensive courses participants are expected to have read the assigned textbooks and complete other assignments before the first class session.

Independent Study Courses

Two kinds of courses may be taken independently under the supervision of an appropriate faculty member: *Reading Courses*, which are courses listed in the School Catalog but which are not available for students to take in a given semester; and *Guided Research Courses*, which are non-catalog courses specifically designed to meet the academic interests or professional needs of the participant. Independent studies will be approved for participants who have completed at least 12 credit hours, and who have arranged in advance with a professor the specific requirements and assignments of the course.

Residency Requirement

Courses, seminars, and colloquia for the PhD/ICS degree are normally completed on Trinity's Deerfield campus. A residency requirement in academic research doctoral programs is essential for students to receive intensive faculty mentoring, participate in the learning community, become immersed in the ethos of doctoral study, and become involved in professional activities.

Students can complete their resident coursework in either full or part-time status. Some students, especially those serving in higher education, choose to complete coursework during summer semesters and/or through intensive courses. It is thus possible to complete the program in either a traditional full-time residential mode, or as a student who commutes to Deerfield for intensive courses and other program requirements.

Admission Requirements

Applicants for the PhD/ICS program must fulfill the following requirements:

1. Have earned a Master of Divinity (MDiv) degree or appropriate master's degree (totaling at least 48 semester hours) providing significant theological and missiological foundations from an institution maintaining academic standards similar to those of TEDS. Specifically applicants must have, at the graduate level, a minimum of 15 semester hours of Missions or Intercultural studies and 30 semester hours of Biblical/Theological studies, including a minimum of 6 semester hours of Old Testament, 6 semester hours of New Testament, 6 semester hours of Systematic Theology, and 3 semester hours of Church History. Applicants who do not meet these prerequisites may consult with the program director regarding possible removal or waiving of deficiencies (see below under "Admission Deficiencies").
2. Present evidence of potential for original academic research at the doctoral level by submitting a sample of published writing or a recent academic research paper if nothing has been published.
3. Have completed at least three years of vocational ministry experience in areas consistent with the program purposes, with evidence of relevant gifts and abilities.
4. Present evidence of competence in two languages:
 - a. a contemporary field language or research language for bibliographic control; and
 - b. one biblical language. (In exceptional circumstances, the biblical language requirement may be waived.)
5. Give evidence of a superior intellectual ability in all previous accredited graduate studies.
6. Have earned a cumulative grade point average of at least 3.5 (on a 4.0 scale) in previous graduate studies.
7. Submit a test score from either the Graduate Record Examination (GRE) General Test or the Miller Analogies Test (MAT), preferably the latter, which will be taken into consideration among other factors in the application. Applicants whose first language is not English should submit scores less than two years old from the Test of English as a Foreign Language (TOEFL) in addition to the MAT or GRE.

The requirements listed above should be understood as minimal requirements. Faculty select the applicants with the strongest qualifications. Applicants are assessed in terms of their total mix of strengths so that candidates who meet minimal requirements in one area may be accepted if they are exceptional in other respects. All other things being equal, for example, candidates with an MDiv will be given preference over candidates with an MA. However, it is the total mix of strengths that a candidate brings that will be considered in the selection process.

Special Instructions for International Applicants

All international PhD/ICS program students, including students from Canada, are now required to enter the United States with an F-1 visa. PhD/ICS *residential* students (i.e., living in Deerfield and registered for full-time attendance) must comply with the same visa requirements as residential master's-level applicants (see Admissions section). PhD/ICS *nonresidential* students (i.e., commuting to the Deerfield Campus for each modular class) **must also** obtain an F-1 visa. This requirement represents a major change to immigration policy in the United States. Students who enter the United States to pursue the PhD/ICS degree without the F-1 visa potentially jeopardize their ability to complete the degree and reenter the United States. F-1 visas will remain valid as long as reentry into the United States for the purposes of study occurs at least once every five (5) months. A new visa will be required if reentry does not occur within this time period. In order for a Certificate of Eligibility (I-20) to be issued for PhD/ICS *nonresidential* students, the following conditions must be met:

1. Applicants whose first language of instruction is not English must demonstrate English language competency as measured by a qualifying score on the TOEFL.
2. Applicants must be admitted to the PhD/ICS program as a *nonresidential* student.
3. Applicants must submit a special PhD/ICS *nonresidential* Certification of Finances.

Admission Deficiencies

Students whose academic record does not include all the required prerequisite coursework may be admitted with a deficiency of master's courses. Under exceptional circumstances such deficiencies can be waived. However, the normal means of removing such deficiencies are described in the *ICS Handbook for Participants*. Deficiencies need not be completed before beginning the PhD/ICS program but must be fulfilled **before** advancing beyond 18 credit hours. Subsequent to admission, master's work completed toward the fulfillment of deficiencies must be graded a "B-" or higher to qualify toward fulfillment of deficiencies.

Advanced Standing and Transfer Credit

Petitions for advanced standing on the basis of previous graduate work should be made at the time of admission. The maximum number of advanced standing hours in the PhD/ICS is 10 semester hours. Petitions made after matriculation for advanced standing, beyond what is normally allowed, must be received by the Academic Doctoral Committee within the first two terms after matriculation. Students should file such petitions only in exceptional circumstances, and they will be considered only in cases where previous coursework has been completed in an academic doctoral program.

Transfer credit is not normally given for PhD doctoral study except as planned in advance in consultation with the director of the program.

Student Assessment

One of the primary tasks in the doctoral program is to assess the development and refinement of competencies and sustainable habits. The assessment of academic competencies and professional development takes place in the following ways:

At determined points in the program each participant is interviewed concerning his or her academic and professional progress. At these times, each participant also has the opportunity to offer input concerning the doctoral experience.

The Comprehensive Examination measures the reasoning and general missiological understanding of the student. It is normally scheduled soon after successful completion of the planned coursework and is divided into two parts: the written and the oral.

The Written Comprehensive Examination consists of two field statements (5,000-7,000 words, exclusive of bibliography) in preparation for the PhD Oral Qualifying Exam. Field statements are bibliographical essays on areas of specialization that are to address substantive areas of missiology or missiologically-related knowledge. Each field statement is a *critical summary and analysis of issues and debates in a given field of knowledge*. The purpose of the field statements is for the student to demonstrate expert research skills and mastery of the arguments, issues, and methodologies related to the selected fields of inquiry.

The topics of the field statements are determined in consultation with two faculty members who normally also serve on the student's dissertation committee. The two topics must be from separate disciplinary domains. The topics may not simply replicate written work already done in another course or guided research.

Field statements *should include both theological reflection and missiological application*. See the *ICS Handbook for Participants* for complete details on the comprehensive examinations.

The Oral Examination is scheduled for a ninety-minute session and is conducted in the form of an interview by two or more faculty members, with an emphasis on matters of missiological philosophy and its basis in theological reasoning. The oral exam explores the student's ability to verbally articulate their understandings and demonstrate integrative skills relating their field topics to broader missiological issues. See the *ICS Handbook for Participants* for further details on the comprehensive examinations.

Candidacy Requirements

Admission to the PhD/ICS program does not guarantee acceptance into candidacy for the degree. A student must be certified as a candidate for the degree only after:

1. Fulfillment of all deficiencies and prerequisites indicated as conditions for admission
2. Completion of 54 credit hours, including all seminars, comprehensive exam, and dissertation proposal preparation, with a grade of "B-" or higher in each
3. A cumulative grade point average of 3.2 or above
4. Successful completion of the written and oral comprehensive examinations and conditions (if any)
5. Acceptance of the dissertation research proposal and revisions (if any)
6. Acceptance of the *Protection of Human Rights in Research Protocol* (if required)

Leave of Absence

For extraordinary reasons (prolonged illness, serious family crisis, unusual work situation), a doctoral participant may be granted a leave of absence from the program. Request for a leave of absence is to be submitted in writing to the program director and the ADC for consideration. The letter must include the reason(s) for the requested leave of absence and be submitted during the circumstance, or as soon as possible after the event. A leave of absence may be granted on more than one occasion but not to exceed two years in total. Once approved, the leave of absence will not be counted against the program statute of limitations (seven years). Similarly, the leave of absence will suspend the time related to continuation fees.

The Dissertation

The dissertation is to be a major work based upon original research and careful investigation of a well-defined and significant issue. This important component of the program is to include a substantial review of the research and conceptual literature underlying the inquiry. Courses appropriate to the mode of research proposed for the dissertation are required prior to the open hearing in which the dissertation proposal is presented. Appropriate procedures, based on relevant theological, ethnographic, historiographic, missiological, or social science methodologies are to be used. The research is to focus on a specific relational or conceptual problem in reference to a matter of the theology of missions, missions history, or a field of inquiry dealing with a significant issue in intercultural aspects of the church.

The purpose of the dissertation is to demonstrate competency in research skills, to serve as the culmination of doctoral study, and to make a significant contribution to the field of missiology. Appropriate research need not be universal but may be particular in application. However, findings must have potential value as contributions to the knowledge base in the field of missiology. The student's approach to the dissertation should be positive and constructive. The student's Doctoral Advisory Committee must approve the proposal before any data collection may begin.

A final oral examination of the dissertation is conducted by the Advisory Committee. It is in the form of an open hearing, including faculty and peers.

Graduation Requirements

Students pursuing the PhD/ICS degree are required to satisfy the following graduation requirements:

1. Recommendation by the faculty of eligibility for the degree on the basis of academic stature and evidence of Christian life and character during residence at Trinity
2. Successful completion of a minimum of 60 hours of approved coursework with a minimum 3.2 (on a 4.0 scale) cumulative grade point average for program coursework, with no grade below "B-" applicable to the degree
3. Successful completion of specified number of full-time academic terms in residency
4. Successful completion of the comprehensive written and oral examinations and the dissertation proposal
5. Successful acquisition of candidacy
6. Submission of the Application for Graduation form to the Records Office
7. Successful completion and defense of an approved dissertation that exhibits the student's ability to do competent research, to think critically, and to communicate effectively
8. Completion of all requirements for the degree in seven years from matriculation or completion of additional program requirements as outlined under "Statutes of Limitations and Program Continuation"
9. Settlement of all financial obligations to Trinity and any other ACTS seminaries with the Student Accounting Office

Statute of Limitations and Program Continuation

All program requirements (course work and dissertation) for the degree are to be completed within seven years from matriculation.

An extension beyond seven years is contingent upon the approval of the program director, the dissertation mentor, and the Academic Doctoral Committee. Participants who are convinced that they will be unable to finish in seven years may apply in writing prior to the end of the seventh year for a program extension, which will give up to a maximum of three further years for degree completion. Ordinarily, program extensions will be granted only to students who have completed the comprehensive examination. Such an extension must be approved by the Academic Doctoral Committee and will be granted only if the program director and dissertation mentor (where applicable) agree that the participant is making appropriate progress toward degree completion and that the area of research remains viable. In addition, the program director and mentor may make the extension contingent on specific further academic work. Such work may include but is not limited to

1. additional reading assignments,

2. the successful completion of one or more courses,
3. the successful retaking of the comprehensive examination, and
4. a new dissertation proposal.

Failure to complete any of the assigned further academic work by the deadline(s) set by the program director and mentor will result in immediate and automatic expulsion from the program.

Continuation fees will be assessed if the student has not achieved candidacy within four years of the first term of enrollment or is a continuing student beyond the seven-year statute of limitation. The continuation fee is assessed for each successive semester not enrolled for courses, excluding summer.

Program Withdrawal

In the rare occurrence of a doctoral student finding it necessary to withdraw from the degree program, he or she must notify both the Academic Doctoral Office and Records Office in writing of the desired change in program status. All fees accrued prior to the program withdrawal are still payable in full.

PhD/ICS Program Minors

Qualified students in the PhD/ICS program will be permitted to take a 9-semester-hour minor in one of the other two doctoral programs. Qualified participants should

1. demonstrate strong master's level preparation in their primary field of study and
2. secure permission for the minor and the courses to be applied toward the minor from their Program Director and from the director of the program in which they wish to do a minor.

The 9-semester-hour minor is completed in the Professional Development component of the degree.

Program of Study

The PhD/ICS program is structured to provide course offerings that will allow flexibility in the light of each student's academic background and vocational objectives. Once the student's background and objectives have been reviewed with the faculty advisor, the student may elect appropriate courses in the required areas. Program course requirements are as follows:

However, with approval of the supervisor up to four credit hours may be taken as guided research. Only under exceptional circumstances may additional guided research credit be taken, not to exceed a total of eight credit hours. Guided study is not normally permitted before the student has completed 24 credit hours of coursework

³ These will normally be ME courses, but an individual with a strong academic background in missiology or with special needs related to their dissertation may, with permission of the program director, take PhD classes from other departments.

⁴ ICS participants may take between two and six semesters of Dissertation Research to meet the 6 credit hour requirement, with no more than 4 hours being taken in a given semester.

Doctor of Philosophy (Theological Studies) Program

Director: Richard Averbeck, PhD

Purpose and Nature of the Program

The Doctor of Philosophy (Theological Studies) Program is an advanced graduate degree primarily intended to prepare students for academic teaching and research in the fields of Church History/Historical Theology; New Testament Exegesis and Theology; Old Testament focus in Old Testament Hebrew, Literature, and Exegesis; Old Testament focus in Old Testament and Ancient Near Eastern History, Archaeology, and Languages; and Systematic Theology. Students choose one of these fields as a major concentration in which they will take comprehensive examinations and write a dissertation. Students should also be theologically informed and, in particular, be able to relate their work to the field of Systematic Theology. This special emphasis is placed on Systematic Theology because of its central role in the development of doctrine and practice in the life of the church and because of its widespread neglect in theological education today.

Program Design

The PhD (Theological Studies) Program is designed on a four and a half-year, full-time model, usually consisting of two and a half years of residence coursework followed by an additional two years of comprehensive exams and dissertation research and writing. Completion of the program in four years assumes strong biblical and modern language skills and no entrance deficiencies. The current average program length is about 5.5 years, due primarily to language deficiencies and employment (financial) needs.

The THS program is 60 hours. Proficiency in the biblical languages and in German or French must be demonstrated prior to matriculation. Residence coursework includes the completion of seminar courses, departmental integrative courses and advanced electives, education and research methods courses, comprehensive examination, and dissertation proposal preparation. Additional hours of dissertation research follow the residence coursework. In instances where a student's educational background has been limited to one theological tradition, the student may be advised or required to add a minimum of one term of residence work at another graduate school. Such residence work may also be required by the scope of proposed dissertation research.

While some participants may complete the required coursework within two years of matriculation, many will take longer than two years depending on their level of academic preparation, their aptitude, and the time they are able to devote to the demands of the program. A normal student course load for the program is 10 to 12 hours per semester. Full-time status in the program is defined as at least 9 hours per semester. In no case may a student exceed a course load of 16 hours of doctoral work per semester. Part-time students can be accommodated, although preference is given to full-time applicants. Prospective students must indicate their intent to be full or part time at the time of application. For additional information on the design of the program and its requirements, see the *THS Handbook for Participants*.

Instructional Modes

The Doctoral Seminar

The core of the formal course instruction is the seminar experience. The interaction of a doctoral seminar is much more than a discussion; it is a mode of learning. The assumption is that ideas are not a person's own until they can be shaped into one's own language and used in disciplined conversations. To facilitate dialogue, the instructor may provide for a common base of reading and reference by assigning preparatory work. Participants are expected to have read the assigned textbooks and other materials before the first class session.

Guided Research

Students may register for up to three (3) 9000-level Guided Research courses for a total of six (6) hours of credit before candidacy. These courses are noncatalog courses specifically designed to meet the academic interests of the participant. The research course is intended to encourage research skills, competency in an area of research, and a relationship between students and their mentors. Most students will do this course under the guidance of the faculty member who will supervise the dissertation research.

Admission Requirements

Applicants for the PhD/THS program must fulfill the following requirements:

1. Have earned a Master of Divinity (MDiv) degree (or equivalent) from an accredited institution. Specifically this should include 18 hours in Old Testament and Biblical Hebrew, 14 hours in New Testament and Biblical Greek, 15 hours in Systematic Theology, and 7 hours in Church History. In special circumstances, the department of concentration may accept applicants who demonstrate particular qualities that justify their admission into the program without the MDiv degree.
2. Have documented evidence of competency in biblical Greek and Hebrew.
3. Present evidence of potential for original academic research at the doctoral level by submitting a sample of an exemplary research paper or thesis.
4. Give evidence of intellectual competence in all previous accredited graduate studies.
5. Have earned a cumulative grade point average of at least 3.5 (on a 4.0 scale) in previous graduate studies.

- Submit a test score from the Graduate Record Examination (GRE) General Test. Applicants whose first language is not English must **also** submit scores less than two years old from the Test of English as a Foreign Language (TOEFL), the Test of Written English (TWE), and the Test of Spoken English (TSE) in addition to the GRE.

Special Instructions for International Applicants

All international PhD/THS program students, including students from Canada, are now required to enter the United States with an F-1 visa, even if attending a single modular class. PhD/THS students are normally expected to enroll in a full-time *residential* status (i.e., living in Deerfield and registered for full-time attendance) and therefore must comply with the same visa requirements as residential master's-level applicants (see Admissions section). Exceptions to this requirement must be cleared in advance with the program director and the International Students Office.

Admission Deficiencies

Applicants whose academic record does not include all the required prerequisites may in special circumstances be admitted to the program, but they will be asked to meet entrance deficiencies or demonstrate competence, at the Divinity School's discretion.

Advanced Standing and Transfer Credit

A request for advanced standing on the basis of previous graduate work (e.g., a completed ThM degree) should be made known to the program director prior to the annual fall/spring review toward the end of the first year of study. The maximum number of advanced standing hours granted in the PhD/THS program is 10 semester hours; the actual number of hours granted may be fewer depending on the nature of the graduate program and the courses taken. The program director evaluates all past work and progress in the THS program and informs the Academic Doctoral Committee of the decision. Petitions made for advanced standing beyond what is normally allowed must be received by the Academic Doctoral Committee within the first two semesters after matriculation. Such petitions are exceptional and will be considered only in cases where previous course work has been completed in an academic doctoral program.

Transfer credit is not normally given for PhD doctoral study except as planned in advance in consultation with the program director.

Language Requirements

Proficiency in Biblical Hebrew and Greek as well as two modern research languages (usually German and French) are required for the THS program. Proficiency for all languages must be demonstrated **by the end of the first year in the program**. This may require some exams/courses to be taken in the semester prior to matriculation and/or in the first summer of the student's program. The exams for any given language may be taken **no more than two times**, after which the participant shall meet with the Director. Language examinations are administered on a regular basis by the Academic Doctoral Office (ADO). Exam dates are available under the "Calendars" link at the ADO page in MyTIU.

Students whose biblical or research language skills are not at the PhD level will find it difficult to complete program coursework in two years, resulting in a longer period of doctoral studies. In no case will a student lacking proficiency in the required languages be eligible for a dissertation proposal, comprehensive exams, candidacy, or dissertation research.

Biblical Hebrew and Greek

The Hebrew and Greek Proficiency Exams evaluate proficiency in the biblical languages at a level similar to that of TEDS MDiv graduates. Participants whose biblical language skills are not at this level will find it difficult to complete program coursework in two years, resulting in a longer period of doctoral study. **Please note: students are NOT permitted to take OT or NT seminars (and certain other courses where such proficiency is required) until they have proven their proficiency in Hebrew and Greek, respectively.** This could delay the student's course work plan/progress.

Participants must demonstrate advanced exegetical and reading skills in biblical Hebrew and Greek using one of the following options:

- Waiver:** Students who, in the two years preceding PhD matriculation, have completed advanced exegesis courses in Hebrew or Greek in their MDiv or equivalent level of graduate studies (with a grade of B+ or higher) or who have completed a ThM (in OT or NT) may be deemed proficient. Such students should petition the Academic Doctoral Office for a waiver, including with the petition a course catalog description and an official transcript. The course must be equivalent to or exceed the content normally required of MDiv students in advanced exegesis courses at TEDS. (Such courses are beyond the core MDiv language sequence.) Waivers should be requested as soon as students accept their admission. Waiver requests from spring matriculants are due no later than December 15 (prior to matriculation); requests from fall matriculants are due no later than June 15 (prior to matriculation). Those whose waivers are denied must pass the proficiency exam or complete a course (see options 2 and 3 below).
- Exam:** Students may take an examination that includes translation, parsing, textual criticism, and theological, biblical, grammatical, and syntactical observations. Any student failing the exam is required to take a course (see option 3 below for instructions).
 - Fall matriculants* wishing to achieve proficiency in biblical languages via examination must take their exam(s) no later than the July test date offered by the Academic Doctoral Office in the summer **prior** to matriculation.
 - Spring matriculants* may take the exam prior to or during their first semester but not later than the July test date of their first summer in the program. It should be noted that NT/OT seminars may not be taken until proficiency is achieved.
- Course:** Students may pass a remedial course: OT 6000 (with at least a B) and/or NT 5252 (with a B+ or higher; a B for students in the Historical Theology concentration). Such a course should be taken at the MDiv level but does not count toward the 60 hours required for the PhD program.

Students taking NT 5252 should fill out a “THS Language Study Contract & Registration Form” (found on the ADO page in MyTIU). As a reminder, NT/OT seminars may not be taken until proficiency is achieved.

- a. *Fall matriculants*: OT 6000 must be taken in the TEDS summer session prior to matriculation. NT 5252 should be completed during the first fall semester in the program.
- b. *Spring matriculants*: OT 6000 must be taken in the first TEDS summer session of the program. NT 5252 may be taken in the first semester of the program but not later than the first fall semester of the program.

Modern (Research) Languages

Within the first year of study, participants are required to demonstrate reading proficiency in German and in a second research language. Proficiency is demonstrated with a proficiency exam or the passing of the final after taking a language course. Students **may not** take a proficiency exam without having formally studied the language for at least a year at the college or master’s level.

German

Proficiency in German must be demonstrated by passing the German proficiency exam **before** the beginning of the first fall semester in the program. Students may do this in one of two ways:

1. Complete the German course sequence offered by the divinity school in the summer **prior** to the first fall semester, and pass the exam given at the end of the course; or, if the student needs to establish Hebrew proficiency by completing OT 6000 in the summer prior to the first fall semester, German should be taken in the following summer semester.
2. Take the proficiency exam on one of the ADO’s pre-set language proficiency test dates. If the student fails the German proficiency exam, she or he must retake the exam at the first test date of the next semester (e.g., if a student fails the exam in the summer or fall, the retake must be done at the first test date in spring). The only exception to this retake rule is for students who elect to take the German course sequence in the following summer.

French/Second Research Language

The second language is typically French, though other languages, such as Latin, may be substituted if shown to be of central importance to dissertation research and formally approved by the program director prior to matriculation. Proficiency in the second research language is demonstrated in one of two ways:

1. Complete the French (or Latin, if approved) course sequence offered by the divinity school (French I / Latin I are offered in the fall and French II / Latin II are offered in the spring) and pass the exam given at the end of the course. (Please note: The Latin course is only offered on demand, and may not be available in a given year.)
2. Take the proficiency exam on one of the ADO’s pre-set language proficiency test dates. If the student fails the French / Other Language proficiency exam, she or he must retake the exam at the first test date of the next semester (e.g., if a student fails the exam in the summer or fall, the retake must be done at the first test date in spring). The only exception to this retake rule is for students who took the exam prior to the first fall semester of their program and elect to take the French (or Latin, if approved) course sequence during the school year (see option 1 above for details).

Residency Requirements

All students are required to enroll for a minimum of four semesters on campus, two of which are consecutive and full time. Continuous participation in the doctoral learning community (THS Community Gathering on Thursday and colloquia) is expected during the required period of residency.

Serving missionaries who find it impossible to leave their ministries for two or three continuous years may apply for an exception to the requirement for continuous enrollment in the program. Students who are granted an exception will still have to spend at least four semesters on campus and complete the program within seven years.

Student Assessment

Student Progress Evaluation

Upon completion of the first year in the program (typically 18 or more hours, including advanced standing), each student’s fitness for PhD study is evaluated. Student progress is assessed by several criteria: completion of program deficiencies, including course work; Greek, Hebrew, and research language proficiency; cumulative GPA; writing aptitude; promise of teaching/research ability; exemplary Christian character; involvement in the academic community; and department of concentration recommendations. The student progress evaluation is initiated by the program director in consultation with the department chair.

In a case where the program director, faculty, or the student has concerns about the student’s’ academic progress, or if there is some other reason the student is unable to complete the PhD/THS program, the program director and the student should meet. If the program director is unable to recommend that the student continue in the program, or if the student believes that he or she is unable to continue the program, the student may be given the option of completing a terminal Master of Theology degree in lieu of completing the PhD/THS program. If such action is recommended by the program director in consultation with the chair of the student’s department of concentration, the student must submit a written request to withdraw from the PhD/THS to the program director. Completed course work is evaluated according to the following criteria:

1. When 48 or more hours of PhD-level coursework has been completed and the PhD Comprehensive Exam has been passed (at the ThM level), the student may be considered for a ThM. If the PhD Comprehensive Exam has not been taken, the ThM Comprehensive Exam must be passed. The capstone thesis or major research papers requirement is waived in lieu of the substantive writing in program courses.
2. When fewer than 48 hours of PhD-level course work has been completed, the student may complete a Change of Program form through the Admissions Office with applicable coursework transferring into the ThM degree program, and the ThM Major Comprehensive Exam must be passed. (In the case of a student having completed 36 or more hours of PhD course work, the capstone thesis or major research papers requirement is waived in lieu of the substantive writing in program courses.)
3. A second ThM from Trinity in the same concentration will not be awarded in cases where a Trinity ThM has already been awarded. Students opting for the ThM in lieu of the PhD/THS will not be readmitted at some future date to a PhD program at Trinity.

Comprehensive Examination

Students take the PhD major comprehensive examination after the completion of entrance deficiencies and language requirements and prior to registering for dissertation research. The major comprehensive examination focuses on the student's concentration, with special attention given to matters of theological method and theological integration.

Candidacy Requirements

Admission to the PhD/THS program does not guarantee acceptance into candidacy for the degree. A student will be certified as a candidate for the degree only after:

1. Fulfillment of all deficiencies and prerequisites indicated as conditions for admission
2. Successful completion of a minimum of 54 hours of courses (including all doctoral seminars and the approved education and research methods courses) with a grade of "B-" or higher in each
3. A cumulative grade point average of 3.2 or better
4. Successful completion of the minimum residency requirement of four semesters, which includes two consecutive semesters of full-time (minimum of 9 hours) course work.
5. Successful completion of all biblical and research language proficiency requirements
6. Successful completion of the major comprehensive examinations and conditions (if any)
7. Acceptance of the dissertation research proposal and revisions (if any)
8. Attendance at a minimum of four doctoral colloquia

Students must receive candidacy before registering for the first dissertation research course.

Leave of Absence

For extraordinary reasons (prolonged illness, serious family crisis, unusual work situation), a doctoral participant may be granted a leave of absence from the program. Request for a leave of absence is to be submitted in writing to the program director and the ADC for consideration. The letter must include the reason(s) for the requested leave of absence and be submitted during the circumstance, or as soon as possible after the event. A leave of absence may be granted on more than one occasion but not to exceed two years in total. Once approved, the leave of absence will not be counted against the program statute of limitations (seven years). Similarly, the leave of absence will suspend the time related to continuation fees.

The Dissertation

Students are encouraged to begin preparatory work on their dissertation early in the program and to formally secure a mentor and second reader as early as possible. A hearing to approve the dissertation proposal is normally held after the successful passing of the comprehensive examinations.

After being granted candidacy the student proceeds with the writing of the dissertation, embodying original research and making a genuine contribution to knowledge in the field of concentration. Students enroll for a minimum of two consecutive semesters of dissertation research and, if necessary, for dissertation continuation courses thereafter until the dissertation is written, the oral defense successfully completed, and the final copies received. No letter grades are assigned for these courses.

Once the dissertation has been completed, the student is required to defend the dissertation before the dissertation committee consisting of the Dissertation Mentor, the second reader, and the program director. The dissertation defense is in the form of an open hearing including faculty and peers. An external reader can be invited to submit a written report to the Dissertation Mentor. Once the dissertation has been successfully completed and defended, the student will make whatever corrections are necessary and proceed to have the manuscript prepared in final form according to requisite style requirements. Upon acceptance of the final copies, the student has completed all requirements for the degree. The Academic Doctoral Committee will then make a recommendation to the faculty for graduation.

Graduation Requirements

Students pursuing the PhD/THS degree are required to satisfy the following graduation requirements:

1. Recommendation by the faculty of eligibility for the degree on the basis of academic stature and evidence of Christian life and character during residence at Trinity
2. Successful completion of all course requirements, including a minimum of 54 hours in appropriate seminars, core courses, electives, comprehensive exams and dissertation proposal preparation, and 6 hours of dissertation writing courses, with a minimum cumulative grade point average for program course work of 3.2 (on a 4.0 scale), with no grade below "B-" applicable to the degree
3. Successful demonstration of proficiency in the requisite biblical and research languages
4. Successful completion of the minimum residency requirement of four semesters, which includes two consecutive semesters of full-time (minimum of 9 hours) course work
5. Attendance at four doctoral colloquia
6. Passing of the major comprehensive examination and the dissertation proposal hearing
7. Successful acquisition of candidacy
8. Submission of the Application for Graduation form to the Records Office
9. Successful completion and defense of an approved dissertation that exhibits the student's ability to do competent research, to think critically, and to communicate effectively
10. Completion of all requirements for the degree within seven years from matriculation or completion of additional program requirements as outlined under Statute of Limitations and Program Continuation
11. Settlement of all financial obligations to Trinity and any other ACTS seminaries with the Office of Student Financial Services.

Statute of Limitations and Program Continuation

All program requirements (coursework and dissertation) for the degree are to be completed within seven years from matriculation.

Extension beyond seven years is contingent upon the approval of the program director, the Dissertation Mentor, and the Academic Doctoral Committee. Participants who are convinced that they will be unable to finish in seven years may apply in writing prior to the end of the seventh year for a program extension, which will give up to a maximum of three more years for degree completion. Ordinarily, program extensions will be granted only to students who have attained candidacy. Such an extension must be approved by the Academic Doctoral Committee and will be granted only if the program director and Dissertation Mentor (where applicable) agree that the participant is making appropriate progress toward degree completion and that the area of research remains viable. In addition, the program director and mentor may make the extension contingent on specific further academic work. Such work may include but is not limited to

1. additional reading assignments,
2. the successful completion of one or more courses,
3. the successful retaking of the comprehensive examination, and
4. a new dissertation proposal.

Failure to complete any of the assigned further academic work by the deadline(s) set by the program director and mentor will result in immediate and automatic expulsion from the program.

Continuation fees are assessed to PhD/THS students for each semester of Dissertation Extension, Private Study, or for failure to enroll in course work (excluding summer).

Program Withdrawal

In the rare occurrence of a doctoral student finding it necessary to withdraw from the degree program, he or she must notify both the Program Office and Records Office in writing of the desired change in program status. All fees accrued prior to formal notification of program withdrawal are still payable in full.

Program of Study

The PhD/THS is structured to provide course offerings that will allow flexibility in the light of each student's theological concentration. There is no prescribed sequence of courses, except for ST 9100 and ST 9110 (which should be taken in the first fall semester of PhD study). Students are expected to plan course selection with their faculty advisor.

Doctoral Seminars

Doctoral seminar courses are numbered 9000 or above. Most will be taken in the student's department of concentration; however, two interdisciplinary THS seminars are also required (see the course listings). The "Advanced Theological Prolegomena" seminar (ST 9100) should be taken during the first fall semester of the student's program. This should be followed by ID 9200 THS Interdisciplinary Seminar I in the first spring semester and ID 9300 Interdisciplinary Seminar II in the fall semester of the second year. If seating permits, seminars may substitute for advanced electives.

Advanced Electives

Advanced electives are generally numbered 7500-8999. Students are strongly encouraged to pursue elective studies in their department of concentration. If seating permits, seminars numbered 9000 or above may substitute for advanced electives.

Education and Research Courses

A total of 3 semester hours are required in courses in higher education and research methodology.

Comprehensive Examination and Proposal Preparation Courses

One or two semesters of – 9975 are used to prepare for the Comprehensive examination. One semester of – 9990 is used to prepare for the development of the dissertation proposal. See the *THS Handbook for Participants* for more information on full-time and part-time status during the comprehensive examination and proposal preparation.

PhD Colloquia

Attendance is required at a minimum of four noncredit PhD academic gatherings intended specifically for all PhD/THS students. Applicable PhD colloquia are announced by the Academic Doctoral Office and offered each semester, excluding the summer.

Dissertation Research

Students take between two and six semesters of Dissertation Research (– 9991), with no more than 4 credits of dissertation being taken in a given semester. See the *THS Handbook for Participants* for more information on full-time and part-time status during the research and writing of the dissertation.

PhD/THS Program Minors

Qualified students in the PhD/THS program will be permitted to take a 9-semester-hour minor in one of the other two doctoral programs. Qualified participants should:

1. demonstrate strong master's level preparation in their primary field of study and
2. secure permission for the minor and the courses to be applied toward the minor from their program director and from the director of the program in which they wish to do a minor.

Minors for PhD/THS program participants are completed in the following ways:

PhD/THS minor in Intercultural Studies—9 semester hours in intercultural studies courses are completed in lieu of the dissertation proposal course (3 hours), comprehensive exam preparation course (3 hours), and 3 hours of advanced electives.

PhD/THS minor in Educational Studies—9 semester hours in educational studies courses are completed in lieu of the dissertation proposal course (3 hours), comprehensive exam preparation course (3 hours), 1 hour of advanced electives, and the required education course, ST 9222.

PhD/THS program participants electing to complete a minor should be aware that this may lengthen their program of study (i.e., minors are taken in lieu of dissertation proposal and comprehensive exam preparation courses whose content must then be completed independently). Participants may register for – 9975 and – 9990 for 0 credit hours in order to maintain full-time status.

Flexible Delivery - Extension, Affiliated and TEDS Online - Distance Education

Flexible Delivery Modes

Our desire is to make a TEDS education accessible to all—at the same time maintaining our commitment to community building in a face-to-face context. We continue to work to create delivery options and plans that address the needs of program students unable to enroll in regular semester-length daytime courses. Visiting students and noncredit auditors who wish to attend courses for personal enrichment are also welcomed.

Though the availability of particular courses varies from semester to semester, courses applying to the Certificate in Christian Studies, the Master of Arts (Theological Studies) (MA/TS), the Master of Arts in Ministry (MA in Min), the Master of Arts (Intercultural Studies) (MA/ICS), or the Master of Divinity (MDiv) may all be completed in a combination of nontraditional modes. One may complete a Certificate in two years, an MA/TS, MA in Min, or MA/ICS in four years, and an MDiv in eight years by taking one or two courses each fall, spring, and summer semester.

Extension site, TEDS online, and summer and short-term Deerfield campus coursework can be combined in a number of ways to complete major portions of these programs. Prospective and accepted students are encouraged to consult with the Admissions Office, the Office of Extension, or a program advisor to determine possible options.

Various TEDS course delivery options are described below. Not all courses are available in each mode. Students should consult the various academic advisement tools available for specific program planning and note any limitations that may exist for program completion. Some offices may need to be contacted during normal daytime business hours.

Current and projected Deerfield course schedules are available online on MyTIU. A list of current TEDS Online courses may be found at <http://tedsonline.tiu.edu>. Current extension site offerings may be found at www.teds.edu/extension/ (<http://www.teds.edu/extension/>).

Option One: Daytime Courses in Deerfield

Most Deerfield fall and spring semester courses meet one day each week—morning, afternoon, late afternoon, or evening. Biblical language classes and some other classes meet two days each week.

Option Two: Evening, Weekend, and Short-term Modules in Deerfield

The core MDiv curriculum with some electives rotates through a four-year evening-weekend school schedule on the Deerfield campus. Evening courses generally meet one night weekly for fifteen weeks during the fall or spring semester or for three or four Friday night–Saturday weekends during the semester, with summer school providing additional options. This rotation enables completion of MDiv coursework over eight years for those taking four courses each year. Completion of short-term modulars and summer school courses will lighten the load or accelerate the pace.

Option Three: Summer School in Deerfield

The core MDiv curriculum with some electives also rotates through summer school on the Deerfield campus. Summer courses are offered in

one-, two-, or three-week short-term sessions. Courses are scheduled in two main sessions—Early Summer (May-June) and Late Summer (July-August)—with a one-week summer break surrounding July 4. The summer rotation enables completion of all MDiv coursework over six summers for those taking a full summer academic load or over four summers for those taking an additional two or three courses during fall and spring semesters.

Summer is often a convenient time for teachers and those involved in campus ministries to complete biblical and theological studies and provides opportunity for other students to accelerate their program completion. Students admitted for the fall semester are encouraged to begin coursework in the preceding summer term. Beginning Greek and Hebrew are offered each summer, enabling students to “jump-start” their fall program.

Option Four: Extension Locations

Church-based extension sites (Chicago, Illinois; Hudson and Columbus, Ohio; Indianapolis, Indiana; Wexford, Pennsylvania; and Miramar, Florida) hold weekend and evening classes. Classes at these sites generally meet for three to five weekends per semester and enable the completion of all MA (Theological Studies) coursework and about one-third of MDiv course work. Visit www.teds.edu/extension/ (<http://www.teds.edu/extension/>) for more information.

Option Five: Conference Wrap-Around Courses

TEDS offers graduate credit in conjunction with a number of high-profile conferences offered around North America. The Center for Bioethics and Human Dignity, the Urbana Conference, The Spiritual Formation Forum, Xenos Summer Institute, and the U.S. Center for World Mission’s Perspectives on the World Christian Movement course are all available for academic credit. Each year additional conferences are also available for academic credit. Contact the Office of Extension and Affiliated Education at 800.588.7705 or 847.317.6550 for current information.

Option Six: TEDS Online Courses

Fully Online Courses may be completed from anywhere in the world that has internet access. Courses require at least weekly internet access to watch video lectures, interact with others in discussion forums, and work on group assignments. Visit the TEDS Online website for more information at <http://tedsonline.tiu.edu>.

Note: All TEDS courses, whether completed on-campus, at Extension Sites, in TEDS Online distance education mode, etc, are equally applicable to program requirements.

Extension, Affiliated Programs, and TEDS OnlineDistance Education

Trinity’s Office of Extension and Affiliated Education, together with TEDS Online , provide educational services for learners whose life situations are rooted in communities other than Deerfield, Illinois. Through extension sites, affiliate programs with parachurch organizations, occasional courses in various places and times, and online distance education courses, Trinity makes graduate coursework accessible.

Extension Sites

Six fully accredited extension and regional sites provide alternative locations for graduate studies.

Course Schedules

- Courses are scheduled for the busy lives of rooted learners.
- Evening classes allow students to attend class one night per week.
- Weekend classes provide instruction on Friday evening and all day Saturday every two to four weeks.
- Short-term modular classes allow a student to attend all classroom sessions within one week. Reading assignments are completed ahead of these classes, and writing assignments follow.

Program Offerings

The entire Certificate in Christian Studies may be completed at any of the six extension sites, and two regional centers.

The entire Master of Arts (Theological Studies) may be completed at either of the two regional centers (Chicago or Miramar, Florida) or at each of the extension sites in Indianapolis, Indiana; Hudson or Columbus, Ohio or Wexford, Pennsylvania.

In addition, the Master of Arts in Urban Ministry may be completed at the South Chicago Regional Center.

All extension students are encouraged to take coursework on the home Deerfield campus through short-term modular courses (particularly in the summer), weekend courses, or in other modes if possible.

TEDS Online-Distance Education

TEDS Online-Distance Education (DE) courses provide students the opportunity to study on the graduate level anywhere in the world serviced with Internet access. Fully online distance education courses may be taken as a visiting student, and extension student, or part- or full-time Deerfield campus student. All DE courses are offered for graduate credit and may be applied to a Trinity program or transferred to another institution. (Check the specific stipulations of each program for DE course application.) Further information, including a current course listing and syllabi, is available on the TEDS Distance Education website (<http://www.teds.edu/distanceeducation>).

Note: While TEDS has been granted "Comprehensive Distance Education" status by the Association of Theological Schools and the Higher Learning Commission, the number of courses a student may take in a program is limited by the number of online distance education courses offered by TEDS. In all cases, students must complete the prescribed program Residency Requirement.

Important Online Distance Education Registration Notes

Prior to registering for a DE course, contact the TEDS Online Office at: TEDSOnline@tiu.edu, 800.588.7705 or 847.317.6554, or visit the office in the Veenstra Wing of the Kantzer Center in Deerfield.

1. Register for DE courses through the MyTIU Dashboard. Visiting Students who do not yet have access to the Dashboard may contact the TEDS Online Office for assistance.
2. Florida Regional Center students should register through the coordinator for the Master of Arts (Theological Studies) program. Please call 954.382.6400 and ask for the program coordinator.
3. Course registration is for a given semester. All Online Distance Education courses are tied to the regular semester schedule.
4. Course extensions *may* be granted by petition. Full-time Deerfield students are subject to the regular (very limited) extension policy for full-time Deerfield campus students through the Dean of Students Office.
5. Visiting students may enroll for a maximum of 9 hours per semester.
6. Full-time Deerfield students are expected to enroll in classroom courses; however, some Online Distance Education courses may be applied to some programs. Review the specific program curricula in the catalog for course requirements.
7. Any TEDS student enrolled for a minimum of 5 semester hours during a given semester (whether Deerfield, Extension, or Online Distance Education courses) is considered "half-time" for reporting purposes and financial aid. Requests for letters of verification of enrollment status for loan deferment should be made to the Records Office.
8. The semester in which the student registers (and pays the tuition) is counted as the semester of enrollment for reporting purposes. Students seeking deferment (loans, Veteran's Administration, business reimbursements) should note that **only the original semester** of enrollment is eligible for deferment standing, even if an academic course extension is granted for completion of the coursework.

Online Distance Education Courses

Fully Online Distance Education courses provide a virtual classroom experience, while allowing students to fit their studies around their own

schedule. Students watch lectures and complete assignments on a weekly basis, interacting with other students and the instructor to deepen their understanding of the subject. Courses follow the same semester schedule as courses offered at the TEDS Deerfield campus including registration, adds/drops, and withdrawal.

Further information regarding Online Distance Education Courses may be obtained from the TEDS Online Office: TEDSOnline@tiu.edu, 800.588.7705 or 847.317.6554, or visit the office in the Veenstra Wing of the Kantzer Center in Deerfield.

After surveying the possible Hellenistic and Jewish backgrounds of *musthvrion*, this course examines all the *musthvrion* passages in the New Testament, taking particular notice of the context and flow of the argument. The concern is not only to gain a competent grasp of these passages but to wrestle with the themes of hiddenness and revelation in the biblical canon and to reflect how these themes are tied to larger theological structures. In particular, it is important to weigh how the same gospel, which is sometimes said to be prophesied under the categories of the old covenant and fulfilled in terms of the new, is here said to be hidden in the past and now revealed in the new.

ST 7710 Biblical and Theological Anthropology: Race, Ethnicity, Nationality - 3-4 Hours

The doctrine of humanity, 'faith seeks understanding' of humankind and the world of human making coram Deo, before God are examined in this course. Participants will interact critically and constructively with an array of theoretical perspectives (in biblical and theological studies and philosophical, social scientific and historical research) relevant to 'race,' ethnicity and nationality: schemas by which contemporary human social existence is interpreted, ordered, and altered. We will develop a theological framework and a multi-disciplinary matrix of theories and concepts with which to (1) assess past and present instantiations of these various forms of community and models of social identity, and (2) discern which aspects are more and less commensurate with the normative patterns set forth in the Scriptural account of the drama of creation and redemption. This course aims to equip participants to engage in more acute analysis of prevalent assumptions, truth-claims, values, and practices (held by unreflective Christians and non-Christians alike) in the various sociocultural contexts in which they live, in order to bring authentically Christian patterns of embodied witness and practice to bear within their spheres of influence.

The Admissions Office must receive a "course-by-course evaluation" or a "detail report." There are several such services that are acceptable, including the following:
 - a. World Education Services (<http://www.wes.org>)
 - b. Educational Credential Evaluators, Inc. (<http://www.ece.org>)
 - c. International Education Research Foundation (<http://www.ierf.org>)
3. Solicit recommendation forms online from each of the following:

 - b. Applicant's employer or a business acquaintance
 - c. A faculty member or school administrator at an institution previously attended
4. Submit a written three-part statement with (a) your personal testimony and (b) your present spiritual life and Christian service and (c) ministry goals as described in the application.
 Applicants may be required to submit standardized test results (Graduate Record Exam or Miller Analogies Test) in the following circumstances: if applicant's undergraduate GPA falls below the minimum requirement for their program, applicant attended an unaccredited undergraduate institution, or if the program to which they are applying requires it (i.e., MA in Mental Health Counseling). All applicants for whom English is not their first language must submit the Test of English as a Foreign Language (TOEFL) as outlined in the following pages. A personal interview or other supplemental materials may also be required.
 See program description in this catalog for additional program-specific admission requirements.

¹ See doctoral sections of the Catalog for admission requirements for doctoral programs.

Application Procedure for Master's & Doctoral Programs

Application Deadlines

Master's Level

We use a rolling admissions process; thus, master's program applicants may begin their studies during fall, spring, or summer terms. We strongly encourage application six to twelve months prior to the expected enrollment date. Applications for admission and all accompanying materials should be submitted by the following preferred deadlines:

U.S. Citizens

Date	Semester
August 1	For fall semester admission
December 1	For spring semester admission
April 1	For summer session admission

International Applicants

Date	Semester
June 1	Fall semester application deadline
July 1	Fall semester deposit deadline
October 1	Spring semester application deadline
November 1	Spring semester deposit deadline

Applications received after these deadlines may not be considered in the term for which originally applied, and no master's program applications will be considered for a given semester after the add/drop period of that semester.

Doctoral Level

Our doctoral programs are on a seasonal review process and therefore adhere to the deadlines outlined below.

Doctor of Ministry (DMin)

Date	Semester
June 15	Fall semester/November seminars
October 15	Spring semester/March seminars
February 15	Summer session/July seminars

Doctor of Philosophy (Educatoinal Studies) (PhD/EDS) and Doctor of Philosophy (Intercultural Studies) (PhD/IDS)

Date	Semester
September 15	Spring semester
January 15	Summer/Fall semester

(EDS/ICS: Late application deadline of April 1 with permission of Program Director)

All elements of the PhD/EDS and PhD/ICS application package (application, personal statements, papers, test scores, recommendations, and transcripts) must be received by the deadline date. Only complete application packages will be sent to the Admissions Committee. Incomplete packages will be held for completion up to two years. Applicants missing the review deadline must contact admissions in order to have their file reviewed for a subsequent term. The Admissions Committee will usually notify applicants of its decision eight weeks from the review date. Students may apply to any semester (fall or spring) to begin the PhD/EDS and PhD/ICS programs.

Doctor of Philosophy (Theological Studies) (PhD/THS)

Date	Semester
September 15	Spring semester (New Testament and Church History Only)
January 15	Fall semester

All elements of the PhD/THS application package (application, personal statements, papers, test scores, recommendations, and transcripts) must be received by the deadline date. Only complete application packages will be sent to the admissions committee. Incomplete packages will be held for completion up to two years. Applicants missing the review deadline must contact admissions in order to have their file reviewed for a subsequent term. The review dates of January 15 and September 15 represent the beginning of the application review process, which normally takes eight weeks. Students are encouraged to apply for the fall session to begin the PhD/THS program.

At the conclusion of the review process, applicants will be notified of the results as soon as possible. The number of applicants chosen for admission to the PhD/THS program depends on many factors, including availability of faculty to serve as readers.

Personal Statements

Personal statements should be submitted with the online application, responding to the questions asked on the application.

Official Transcripts

An official transcript must come from each undergraduate school, seminary or graduate school you have attended, even though the work may appear as transfer credit on another transcript. To be considered official, transcripts must be sent directly to Admissions Operations (Attention: Admissions Operations) in sealed envelopes from each school or electronically from the institution's Registrar or Records Office.

Please send all required admissions pieces to:

Trinity International University
Admissions Operations
2065 Half Day Road

- World Education Services (<http://www.wes.org>)
- Educational Credential Evaluators, Inc. (<http://www.ece.org>)
- International Education Research Foundation (<http://www.ierf.org>)

Standardized Tests

Master of Arts Applicants

Applicants to the Master of Arts in Mental Health Counseling program are required to submit scores from either the Graduate Record Examination (GRE) General Test or the Miller Analogies Test (MAT). Applicants to other Master of Arts programs may be required to submit test scores from either the GRE or MAT if their undergraduate GPA is lower than the required minimum (see General Admissions Requirements) or if their undergraduate degree is from an unaccredited institution. Admissions can determine this only after transcripts of all previous postsecondary studies have been evaluated.

If you are uncertain as to whether the GRE or MAT will be required, check the admissions requirements for your intended program of study or contact the Admissions Office (800.345.8337). If either the GRE or MAT is required, students should make arrangements to take one of these tests as soon as possible. Trinity's campus counseling center administers the MAT. If you live nearby, you may make an appointment to take the test with the Counseling Center (phone: 847.317.4067).

The following chart reflects the recommended minimum scores for the GRE and MAT. Note that standardized test scores alone will not determine whether an applicant is admitted to a program of study, but will be considered in conjunction with the rest of an applicant's file.

Test	Score	Percentile
GRE	150 (verbal); 4.0 (analytical)	50
MAT	400 (scaled score)	50

Doctor of Ministry Applicants

The Miller Analogies Test (MAT) is required. Scores from the GRE may be accepted from applicants who live in parts of the world in which the MAT is not administered.

Academic Doctoral Program Applicants

Doctor of Philosophy (Theological Studies) applicants, including applicants required to take the TOEFL, must submit GRE scores. Applicants to our Doctor of Philosophy Educational Studies or Intercultural Studies programs may submit scores from either the MAT or the GRE. (Special conditions apply to applicants whose first language is not English; see section on TOEFL below.)

Language Requirements

In addition to the regular application materials, applicants must submit scores from the Test of English as a Foreign Language (TOEFL) if English is not the applicant's first language. See the following chart for required tests and minimum scores:

English Language Test (TOEFL) Requirements ¹

Tests	Format	Cert.	MA	Mdiv	ThM	Dmin	PhD
TOEFL	Internet (iBT)	92 ²	92	92	92	92	100
TOEFL	Computer (CBT)	237 ²	237	237	237	237	250
TOEFL	Paper-based	580 ²	580	580	580	580	600

¹ Students may submit any test format. Degree programs that do not require certain tests are listed as "N/A."

² Includes Certificate in Christian Studies and Visiting students.

Waivers from TOEFL are not normally granted. Failure to submit required TOEFL scores may result in denial of admission or postponement of the application decision to a subsequent semester. . If an applicant's score is marginally below the score required, that applicant may still be admitted if they submit a TOEFL Waiver Request that is granted (additional writing sample, English language recommendation, etc.).

Master's Level

Applicants with completed advanced degrees at the master's level or higher may request a waiver from the standardized testing requirement.

Graduate Test Information

Test scores must be less than five years old (except TOEFL scores, which must be less than two years old) and must be submitted directly to our Admissions Office from the testing service. Photocopies from the applicant are not acceptable.

Tuition Deposits

Master's Level

If you are admitted to Trinity, you must submit a tuition deposit of \$125 to the Admissions Office as a confirmation of your acceptance of our offer of admission. This deposit is refundable only if the Admissions Office receives written notification of cancellation by the following dates: July 1 (Fall semester), December 1 (Spring semester). Students who participate in the deposit match program may not receive a refund for their deposit at any time. Deposits are only good for the academic year for which originally submitted and will be forfeited if applicants postpone to the following academic year.

Doctoral Level

If you are admitted, you must submit a nonrefundable tuition deposit as a confirmation of your acceptance of our offer of admission. Specific information regarding this deposit is detailed in your letter of acceptance from the Admissions Office.

International Applicants, Master's or Doctoral Level (F-1 or J-1 Visa)

If you are an International applicant who will be entering the United States on an F-1 or J-1 visa and plan to attend Trinity's Deerfield Campus in a full-time residential status, you must submit a tuition deposit of US\$2,000 to the Admissions Office as confirmation of your acceptance of our offer of admission before an I-20 can be issued. This deposit is partially refundable, with \$1,875 being refundable at any time and the remaining \$125 being refundable if the Admissions Office receives written notification of cancellation by the following dates: July 1 (Fall semester), December 1 (Spring semester). (International students residing in the United States should submit a tuition deposit of \$125 and are subject to the same refund policy described above in "Master's Level".)

Special Instructions

Applicants with Disabilities

We want to be prepared to meet your needs when you come to Trinity. After you receive your letter of admission, please send us a statement describing your disabilities and what special attention or arrangements you may need at Trinity. For more information, contact the Associate Dean of Students (telephone: 847.317.4063).

Doctor of Ministry Applicants

Please inform the Doctor of Ministry Office in writing if and when you intend to take up residence in the community to pursue on-campus coursework during the regular academic terms.

Academic Doctoral Applicants

You are required to submit a work that shows evidence of your writing and research ability. All PhD applicants must submit an exemplary research paper or thesis. EDS and ICS applicants may also submit a recently published paper or article. For application purposes, your paper must be in English or translated into English. Writing samples should be submitted electronically (PDF format) to aot@tiu.edu and will be added to the student's electronic admissions file.

Additional Application Considerations for All International Applicants

Trinity welcomes students from all over the world to our campus. International students are valuable members of the Trinity community and we are committed to serving them through the enrollment process. In addition to the regular application process outlined above, international applicants must also consider the following items: financial requirements and visa requirements.

Financial Requirements

If an international applicant is accepted, formal evidence must then be submitted through Trinity's Certificate of Finance (COF) form that adequate financial resources for both educational and living expenses have been identified by the applicant. The COF is available on the Trinity website.

The Certificate of Finance (COF) must identify monies readily available for the first year of study and document additional funding for the duration of the student's program. Most international applicants, depending on anticipated living arrangements and the number of family members accompanying them to the United States, will need to identify available funds from US \$25,000 to US \$30,000 to satisfy this requirement.

At this time, accepted international applicants living outside the United States must also submit a US \$2,000 tuition deposit (partially refundable) before the Certificate of Eligibility (I-20) for a student visa will be issued (students living in the United States should submit a \$125 deposit).

Visa Requirements

Trinity is authorized under U.S. law to enroll non-immigrant alien students; however, these U.S. laws are becoming increasingly stringent. International students *must* enter the United States with an F-1 visa, which is granted by the U.S. government. Applicants already in the United States in a visa category other than F-1 (including F-2, B-1, and B-2) may be admitted as Visiting Students or part time students for credit depending on visas as long as the studies are not the primary purpose for being present in the U.S. Failure to observe this limitation will place one's visa status in doubt and could jeopardize a student's ability to secure an F-1 visa in the future should their educational goals change.

A U.S. Immigration Certificate of Eligibility (I-20) will be issued by Trinity, enabling the international applicant to apply for an F-1 student visa, after the following have been met:

1. Applicant has demonstrated English language competence meeting or exceeding Trinity's standards
2. Applicant has been admitted as a student
3. Applicant has demonstrated adequate financial resources through a Certificate of Finance
4. Applicant has submitted a US \$2,000 tuition deposit

In accordance with U.S. immigration law, Trinity does not allow non-immigrant aliens to register as full-time or degree-seeking students without an F-1 visa. Permanent residents are exempt from these limitations, as are certain other visa statuses (i.e., R-1 or H1B). Further questions regarding visa status and eligibility to study at Trinity may be directed to Trinity's International Students & Scholars Office on campus. It is the responsibility of the student to maintain legal immigration status.

Admission Categories

Admission to TEDS is either for program enrollment directly into a degree program, or in one of the following other categories for persons not wishing to pursue a graduate degree.

Program Enrollment Students

Persons applying and enrolling in a master's or doctoral program are considered Program Students and must complete the full application. Such students generally have met all program prerequisites and enroll in good standing. On occasion, a student may be admitted to a program but be assigned to one of the following categories:

Enrollment on Academic Probation

Academic Probation enrollment occurs when the prior academic record is below what is required for program admission. This may be due to a weak academic background as reflected in the student's undergraduate grade point average (GPA) and/or standardized admissions test scores; or a bachelor's degree from a non-accredited institution. In such cases the probationary status is removed by the Records Office when 10 semester hours have been completed in good standing.

Conditional Acceptance

Conditional Acceptance occurs when the application has not yet been completed in full. Students who are accepted conditionally may enroll in courses as though they were a programmed student, but full acceptance into the program is delayed. Such applications must be completed during the first semester of enrollment, at which time the conditional status is removed by the Records and Registration Office.

Acceptance with Deficiencies

Acceptance with Deficiencies occurs when program prerequisites remain outstanding. Prerequisite deficiencies must be removed before program candidacy is granted.

Visiting Students

Persons may apply for visiting student status if they wish to enroll in graduate courses for credit on a part-time basis but not enroll in a degree program. Visiting students must submit the Visiting Student Application and an official transcript indicating a completed bachelor's or higher degree. (Visiting students receive "conditional acceptance" until this transcript is received.)

Visiting students may enroll in a maximum of 9 hours each semester, and it is recommended that they enroll in no more than 12 hours before applying to a degree program. If a Visiting student desires later to enroll in a degree program, the entire program application must be completed, and there is no guarantee of admission. Completed coursework generally applies toward program requirements. A residency requirement (hours that must be completed subsequent to program admission) must be fulfilled in all programs.

Visiting student status in the Doctor of Ministry program is limited to two seminars and is only occasionally granted in the PhD program. Contact the Professional or Academic Doctoral Office for details.

Auditors

Auditors are persons who wish to attend classes but do not wish to complete work for credit. Auditors must complete the Visiting Student

Application, though they need not have completed a bachelor's degree. Auditors may participate in all class functions, but will not be held accountable for tests or assignments, and will not receive a grade or credit, nor are faculty required to review submitted tests or papers.

Auditors may enroll in classes during any open registration period through the first class session; however, their registration is contingent upon available seating after the first class meeting. This ensures that credit students are first seated, with remaining seats available to auditors. Some classes are closed to auditors, and Trinity reserves the right to limit auditors in all courses. Auditors are not permitted in beginning language courses, unless they have already completed and passed the course at Trinity for credit.

Multiple Masters

Students seeking admission to more than one program at Trinity are considered "Multiple Masters" students and must seek advisement from Records and the relevant Program Directors for completing their programs in a timely progression. Multiple Masters and students seeking their second degree at Trinity should complete the Second Degree Program/Multiple Masters Application, found online on the Trinity website.

Special Students

Special student status is assigned by the Admissions Office during the application process to persons who wish to enroll for coursework but are not normal program students (such as ACTS cross-registrants or Trinity College students completing courses for credit). Special student status normally may not exceed one or two semesters.

Scholars-in-Residence

Scholars-in-Residence hold an earned or honorary doctorate and are persons who do not wish to pursue a doctoral degree at Trinity. Such persons may enroll in doctoral courses as an auditor or visiting student upon consultation with the Admissions Office and program director. Regrettably, Trinity is unable to provide stipends, housing, meals, office space, or other benefits to these persons.

Admission and Advanced Program Placement

Upon acceptance applicants may find they are eligible for one of three types of advanced placement in their program: transfer credit, advanced standing, or course substitution.

Transfer Credit

Accepted students may be eligible for transfer credit for graduate study completed at a regionally accredited institution when such course work parallels courses in the TEDS Catalog and has been completed at a "C-" or better grade level. Graduate transfer credit is not granted for undergraduate course work, graduate-level course work applied to an undergraduate degree, or generally for course work taken at unaccredited graduate schools. Online Distance Education credit is limited to Association of Theological School and Higher Learning Commission guidelines. Transfer credit is limited to a maximum of 50 percent of a degree, and rarely does it approach that amount. Coursework older than ten years is not considered current and must be retaken.

Transfer credit is not automatic and is considered upon petition by the student generally at the time of admission. Transfer Credit Request forms

are available online from the Records Office who evaluates the request at the direction of the Dean. All Trinity residency requirements must be met.

Students in a TEDS program wishing to substitute a required TEDS course with one from another institution should obtain approval from the Academic Exceptions Committee prior to enrolling in the course.

TEDS students desiring to complete a semester or year abroad should carefully arrange the application of this transfer credit **prior** to their departure. Such coursework is generally applied to electives and may not be equivalent to required TEDS program courses.

Advanced Standing for Credit

Advanced standing is available *only* to students enrolled in the MDiv program. Eligibility is determined by those who have taken undergraduate coursework in excess of a standard bachelor's degree (generally 126 semester hours) and have taken coursework that would be repeated in their master's program. Advanced standing is available only for core courses (not electives). A maximum of 15 semester hours may be granted. These hours are credited on the transcript toward the required number of hours in the program to which the student is admitted as "Advanced Standing." Students accepted into the AP MDiv program are not eligible to receive advanced standing.

Requests for evaluation of advanced standing eligibility must be made to the Records Office subsequent to an accepted student indicating their intention to enroll by submission of the tuition deposit or during the first year of enrollment.

Advanced standing hours are credited after a written or oral assessment has been made by the department in which advanced standing is being considered. The assessment examination evaluates whether a student has the knowledge, competence, and skills provided by the specific course(s) for which advanced standing is being considered. The level of achievement on the examination that constitutes a Pass is determined by the department or department chair and is final. A student may be examined only once for each course. A Pass on the examination results in the posting of advanced standing hours; a Fail requires that the required course or a course substitute be completed. (Consult the "Finances" section of this catalog for the exam fee.)

Course Substitution and Program Modifications

Students who have taken coursework as part of their bachelor's degree that would be repeated in their master's program are encouraged to build on their previous studies by requesting permission to substitute advanced courses in the same department. Such substitutions are granted, without examination, in consultation with faculty. See the *TEDS Academic Handbook* for details.

Program Enrollment Changes

Subsequent to admission, a student may desire, or find it necessary, to defer enrollment, apply for readmission, change their program, or transfer to another school in Trinity International University.

Deferring Enrollment

Master's students may defer enrollment for up to two years from the semester to which they originally applied. Longer deferments

require submission of a complete set of new application materials. A Reactivation Application may also be necessary.

If deferment is necessary, notify the Admissions Office, which will advise the applicant of any special instructions. Applicants are also responsible for contacting the Housing Office and the Office of Student Financial Services, if necessary. The student's required program of studies is governed by the catalog current at the time of enrollment.

Application for Readmission/Reactivation

A Reactivation Application is necessary when a student

- Is admitted but defers admission from the original date of intended matriculation
- Officially or unofficially withdraws
- If more than two years lapse after the original acceptance, withdrawal, or completion of the first program, the applicant will be required to submit a complete set of new application materials. Students who are readmitted are subject to the program requirements of the catalog current at the time they re-enroll.

Active and Inactive Student Status

Students who desire not to register for classes for a period of one to three semesters (twelve months) should request a Leave of Absence (LOA) from the Student Life Office (see "Leave of Absence Policy" in this Catalog). This apprises Trinity of student program plans, and enables appropriate services to be provided. If a student desires to leave TEDS, a Withdrawal must be completed through the Student Life Office (see "Withdrawal" in this Catalog).

If a LOA or Withdrawal has not been completed by students, and students do not register and successfully complete coursework each consecutive semester (fall, spring; summer is exempt), their status is rendered inactive (e.g., active students must register for at least one course each semester). Inactive students must reapply to TEDS with no guarantee of readmission.

Change of Program (COP)

If after initial enrollment the student wishes to be admitted to a different program, the following apply:

1. All possible options should be considered in consultation with a faculty member, Enrollment Counselor, Program Director or Dean, and/or Records Office representative in light of coursework already completed.
2. Admission to one TEDS/TGS program does not guarantee admission to another program. All admission requirements for the new program must be met.
3. At least one semester of TEDS/TGS course work must be completed before a COP application will be considered, together with the review of that semester's grades. No more than one change of program will be permitted within a single semester.
4. The online COP application should be submitted by the following dates: January 15 for the spring semester and September 1 for the fall semester. Changes requested after those dates may be recognized in the next academic term.
5. The catalog current at the time of admission to the degree program, not the catalog in effect at the time of original enrollment, will govern the student's new program.

6. If COP is denied, applicants may submit a written appeal within thirty days to the Director of Admissions.

Interschool Transfer

Contact the Admissions Office for detailed information about transferring from one school to another within Trinity International University (e.g., transferring from the Divinity School to the Graduate School).

Concluding Remarks

If you need further information or have any questions concerning any part of the application process, please feel free to call the Admissions Office at 800.345.TEDS or 847.317.8000. You also may e-mail us at gradadmissions (gradadmissions@tiu.edu)@ (tedsadm@tiu.edu)tiu (tedsadm@tiu.edu). (tedsadm@tiu.edu)edu (tedsadm@tiu.edu) or visit our website (<http://divinity.tiu.edu/admissions-financial-aid>). We reserve the right to request from any applicant to the divinity school additional materials or an interview with a representative of Trinity.

Preparing for Seminary Studies

Persons anticipating enrollment in seminary are encouraged to incorporate the following ideas if still completing undergraduate work.

1. A **broad undergraduate liberal arts background** in the humanities and in the natural and social sciences will assist in understanding and relating to persons in all walks of life and in various cultures.
2. A **developed ability to think independently and critically** and to communicate effectively is necessary for graduate work. Effective communication, including excellent English writing skills, will enable the student to engage well the issues and ideas of graduate education. If writing skills are particularly weak, a student may be asked to complete additional study in English composition.
3. **Biblical language study**, particularly biblical Hebrew and Greek, is a distinctive of TEDS and is required in several TEDS programs; modern language study is essential for those anticipating intercultural ministry or pursuing advanced academic degrees. Language requirements are often the aspect of the program curricula that either facilitates or delays timely program completion. Students are well advised to exercise careful discernment in following the counsel of faculty and department members related to these requirements. See the "Biblical Languages" in the Academic Life section in this catalog, as well as the Program section of the catalog, for specific requirements.
4. A strong **understanding of English Bible content** through personal study or formal coursework will provide an adequate background for Bible and theology courses. If an applicant's undergraduate program includes courses that parallel required TEDS courses, opportunities for course substitution or advanced standing are possible.
5. **Program-specific undergraduate prerequisites**, particularly in the Master of Arts programs, often call for particular coursework. Completion of these courses will enable admission without deficiency. Otherwise, additional coursework at Trinity to remove deficiencies may be required.
6. In addition, the following **reading list for seminary preparation** represents a selection of basic Bible, theology, and writing works that provide excellent background for the incoming seminary student. These volumes are particularly helpful for those who do not have a Christian college background.

Academic Life

Academic Information

Academic Counseling

Students will be assigned a faculty advisor at the beginning of their studies at Trinity Graduate School. The faculty advisor will provide not only academic guidance but also a measure of spiritual, emotional, and social counsel. Advisors will assist students in making the necessary adjustments to campus life and in planning an appropriate program of study. The Associate Registrar in the Records Office is also available by appointment to discuss program completion requirements.

Academic Handbook

Detailed information related to the MA/BE, MA/CP, MA/L, MA/T, and MEd/DL programs of the Graduate School is contained in the *Academic Handbook*. Students enrolled in degree programs are responsible for the contents of this document, which can be found online at MyTIU (<https://my.tiu.edu>) > Academic Resources > Student Handbooks.

Academic Load

To be considered full time, master's-level students must enroll in at least 10 credit hours each semester (9 credit hours for students on our Florida campus). Students will be considered part time if they are enrolled in 1-9 credit hours (1-8 credit hours in Florida). However, for financial aid purposes "half time" is defined as 5-9 credit hours (5-8 credit hours in Florida).

Students may not register for more than 18 credit hours in any semester without approval in advance by the Dean's Office.

If it is necessary to earn part or all expenses while enrolled at Trinity, students are encouraged to reduce their academic load accordingly. If employed for more than twenty hours per week, students are advised against registering for a full-time academic load.

Students are responsible to submit all required academic work by the assigned deadline for every course, including Internship, Guided Research, and Reading Courses. Work that is completed, but not submitted, will not be accepted beyond the end of the course. In cases where students have an emergency during the semester, the professor is allowed to grant an exception, provided that all work is submitted by the end of the semester. Extensions beyond the end of a semester are approved only by the TEDS/TGS Dean of Students in Deerfield and by Director of Academic Operations at the Florida Regional Center.

Academic Year

Residential programs within Trinity Graduate School operate on the semester system, in which the academic year is divided into three semesters. The fall, spring, and summer semesters are fourteen weeks, plus an exam week, each, and full-time students take three or four courses per semester.

In the residential programs, a semester hour is equivalent to fifty minutes of class instruction per week for one semester. For the purpose of comparing semester hours with quarter hours, 1 semester hour equals 1.5 quarter hours.

Nonresidential programs, such as the MA/BE (modular), MA/L (blended) or MA/T or MEd/DL (cohort based), have course starts and class

configurations that vary from the traditional semester format. Course credits for these classes are expressed in semester hour equivalents.

Active and Inactive Student Status

Program students are expected to register at the beginning of each semester for coursework (including short-term modular courses) or other program requirements (Internship, Thesis, Extensions of capstones, etc.) that they intend to complete during the semester. The status of such students is considered **active**, and campus services, such as library, e-mail, and faculty, are available to them. Student accounts must also be in good standing for a student to remain active and able to register for the next semester.

Students who desire not to register for classes for a period of one to three semesters (a maximum of twelve months) should request a **Leave of Absence (LOA)** from the Graduate Student Life Office (see "Leave of Absence Policy" in this Catalog). This apprises Trinity of student program plans and enables appropriate services to be provided. If a student desires to leave TGS, a **Withdrawal** must be completed through the Graduate Student Life Office (see "Withdrawal" in this Catalog).

If an LOA or Withdrawal has not been completed by students and they do not register and successfully complete coursework each consecutive semester (fall, spring; summer is exempt), their status is rendered **inactive** (e.g., active students must register for at least one course each semester).

Inactive students wishing to reenroll must reapply to TGS with no guarantee of readmission. At the time that **inactive** students reapply, they are subject to a **reactivation fee**. Students who withdraw appropriately and reapply are not subject to a reactivation fee.

Campus Residency Requirement

The master's programs of the graduate school each require a minimum of 3 semester hours of campus residency on either the Deerfield Campus or at the Florida Regional Center. Some programs may require additional campus residency time.

Catalog

Students admitted to Trinity Graduate School will be subject to the program requirements of the catalog that is current at the time of initial enrollment rather than the catalog that was current when application was made. The catalog is updated annually. Students may complete the graduation requirements for their programs under the terms of the catalog that is current when they first enroll or any other subsequent catalog published by Trinity Graduate School during the time of uninterrupted resident study. If students ever withdraw and are readmitted, or if they finish one program and are readmitted into a second one, they will be subject to the requirements of the catalog that is current in the term when they reenroll. In addition, because the MA/T program leads to teaching licensure and is accredited by the State of Illinois, the program is subject to changes in requirements made by the Illinois State Board of Education at any time, and students wishing to be licensed must meet these requirements. Students in this program will be kept apprised of such changes, should they occur, by the education advisor.

Course Scheduling

Classes are arranged in a variety of formats, generally depending on the program. Some classes during fall and spring semesters are arranged in a block format in which each course meets once or twice a week throughout the semester, ranging from sixty to one-hundred minutes

per meeting. Classes meeting twice weekly are normally scheduled in either Monday/Wednesday or Tuesday/Thursday combinations. Modular courses meet during the fall and spring semesters and during the summer on designated weekdays or weekends or as conference wrap-around courses. They generally require pre- and post-coursework. The MA/T program has classes that meet one night per week and some Saturdays for the duration of the program.

Examinations

All students, whether or not English is their primary language, are expected to complete all examinations—quizzes, midterms, finals, comprehensive exams, and otherwise—within the time allotted for the particular exam. Those students covered by the Americans with Disabilities Act (ADA) should consult with the Dean of Students if they need adjustments in the location, length, or manner of their exams based on documented disability.

Final Examinations

Final examinations are held during specified times in every regularly scheduled university course. These require mastery of subject matter, but the method and manner in which such mastery is demonstrated is left to the discretion of each faculty member. All final examinations must be taken when scheduled unless there is an emergency, in which case the Dean of Students Office may grant permission for a change in final examination time.

Gender References in Speech and Writing

The following statement reflects the principles of both Trinity Evangelical Divinity School and Trinity Graduate School.

In recognition of the divine act of creation whereby the *imago Dei* (image of God) has been equally given to women and men, the faculty of Trinity International University offers the following statement on gender references in speech and writing. We do this as a demonstration of the reality of our belief in the *imago Dei* and as an example of our serious desire to see all men and women treated with the worth and value with which both were invested since the creation of the world:

As members of the faculty of Trinity International University and leaders in the church of our Lord, we recognize that God has given his gifts to both men and women in the body of Christ. Therefore, as we teach in class, speak in the pulpit, or write our books and articles, we commit ourselves, before God, to be sensitive to the presence and needs of both sexes and the forms of address that will represent both genders rather than unthinkingly adopt potentially offensive conventions of speech.

Our decision is based on the fact that God's gift of the *imago Dei* to both women and men has forever settled the question of their equal worth, value, and meaning as persons.

As believers desiring to support such an affirmation, we intend, by God's help, to avoid any unwarranted usage of exclusive language. We will seek to avoid referring to all men and women as if only one gender were in view when actually we are intending to address the whole group.

Furthermore, we pledge ourselves as faculty to encourage students, staff members, and the wider Christian community to use language and illustrations that include women and men in teaching, writing, witness, and worship.

Grading

The following criteria are used at Trinity Graduate School in assigning letter grades:

"A" Designates outstanding work: superior achievement of course objectives

"B" Designates good work: commendable achievement of course objectives

"C" Designates acceptable work: satisfactory achievement of course objectives

Note: Courses for which a student receives a grade of "C-" or lower will not be counted toward meeting degree requirements.

"D" Designates minimal work: marginal achievement of course objectives

"F" Designates failure: unacceptable work. Normally assigned also to courses dropped after the eighth week of the semester, except in emergency circumstances.

The following grade points are assigned to letter grades:

A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0

The following grades and notations are also used in the grading system of the University:

CR/NC (Credit/No Credit): Certain courses of a practical nature such as colloquia and internships are offered only on a CR/NC basis. Other courses such as – 7501 Guided Research are completed for a letter grade or CR/NC. One option must be chosen at the time of registration.

- **CR (Credit):** Represents the successful completion of a course offered on a credit/no credit basis. These hours apply toward graduation requirements but are not calculated in the grade point average.
- **NC (No Credit):** Represents the failure to complete successfully a course offered on a credit/no credit basis. These hours are calculated as hours attempted but do not apply toward graduation requirements and are not used in the calculation of grade point averages.

AU (Audit): Indicates that the student registered for the class on an audit basis; normally indicates regular attendance in class and participation in discussion although not enrolled for credit. Since no grade is assigned, grade points and hours are not accumulated for courses audited.

NR: Not Reported. (A special grade designation is posted when a student grade is not submitted by a faculty instructor. The student will see an "NR" designation posted on the web Grade Report on the myTIU dashboard, which indicates that the Records Office is waiting for the grade to be submitted. Students should contact their faculty instructor

with questions regarding any pending grades posted with an “NR” designation.) An NR designation on a student’s record that remains for longer than three consecutive semesters will be administratively changed to an “F” (failing grade).

EX: Official Extension granted.

W (Withdrawal): Indicates that a student dropped a course after the add period for a class but before the appropriate deadline:

- Traditional courses (semester, quad, etc.) must be dropped within the first 50 percent of class meetings.
- Modular courses must be dropped by the end of the first class meeting.
- Cohort-based courses (MA/T) must be dropped before the last scheduled class meeting.

No hours or grades are recorded as attempted. Withdrawals after the deadline result in administrative assignment of an “F.”

NOTE: Students should note that tuition and fees assessment and financial aid deadlines may differ from academic deadlines.

Grade Replacement Policy

A student may elect to repeat any course in which a grade of “B-” or lower is earned provided that the repeated course is taken at Trinity Graduate School (TGS) in a regularly scheduled class, or as a reading course with instructor’s permission. The higher grade earned in the course will be used in the calculation of the GPA.

A student who has earned a “C-” or lower grade at TGS may repeat the course at another institution, and the credits earned (with the appropriate transfer grade level) may be applied toward degree completion; however, the grade earned at another institution will **not** be used in computing the TGS cumulative GPA.

A repeated TGS course, for which credit has been earned, may produce an improved grade and improved cumulative grade point average but will not provide additional credits. A required course in which a “C” or higher is earned may be repeated only once. All courses, grades, and GPA calculations will remain printed on the transcript.

Independent Study Options

In general, a maximum of one-third of a student’s program may be completed through Guided Research, Reading Courses, or Extension or Distance Education Courses. The maximum for some programs may be higher.

Academic Policies

Academic Appeals Process

In case of any dispute involving a grade or other academic policy, students should first attempt resolution by discussing the issue with the faculty/staff member involved.

Initial Appeal: If the student is unable to resolve the issue to her/his satisfaction by conversing with the faculty/staff member, the student should address her/his appeal in writing to the director of the office enacting the policy or decision (Registrar, Director of Admissions, Program Director, etc.), who will attempt to resolve the appeal in consultation with the Dean or Associate Dean of the Graduate School. In the Division of Education, initial appeals are considered by the Teacher

Education Council, which is chaired by the Director of the Division of Education.

Secondary Appeal: If a student is dissatisfied with the outcome of the initial appeal, the student should appeal the decision in writing, to the Trinity Graduate School Council, following the procedure detailed in the *TGS Academic Handbook* (https://my.tiu.edu/ICS/icsfs/TGS_Academic_Handbook_2015-16_Final_6.18.15.pdf?target=fc8b8a58-6b6b-4707-978f-a09a03297567). This formal, written appeal to the Graduate School Council must be initiated within sixty days of receipt of the grade or interpretation/implementation of academic policy that is in question. The Graduate School Council will act on the appeal.

Final Appeal: If still dissatisfied, the student has the right of final appeal to the Dean of the Graduate School. This appeal must be initiated in writing no later than ten days after the communication of the TGS Council’s decision.

Academic Probation and Dismissal

A student may be admitted to Trinity on academic probation for either of the following reasons:

- A weak academic background as reflected in the undergraduate grade point average (GPA) and/or standardized admissions test scores
- A bachelor’s degree from a non-accredited institution accompanied by marginal standardized admissions test scores

In such cases, the probationary status will be removed after successful academic performance in 12 hours of academic coursework at Trinity.

A student will be placed on academic probation at the conclusion of any semester in which that student’s cumulative GPA in their current degree program falls below graduation requirements in the respective degree program. The student will remain on probation as long as the cumulative average remains below the required level. It is expected that, if on academic probation, all activities outside of regular studies would be curtailed until such time as the probationary status is removed.

The minimum cumulative GPA for all Trinity Graduate School MA degree programs is 3.0. Students whose cumulative GPA falls below 3.0 but remains above 2.3 after 12 hours of academic coursework in their current degree program will be placed on academic probation. Probationary status will be maintained until the cumulative GPA is raised to a 3.0 or above. The probationary period cannot exceed the six-year statute of limitations for the MA degree. Following completion of 12 hours of academic coursework, a student will be dismissed from Trinity Graduate School if the cumulative GPA falls below 2.3.

Students who have either been placed on academic probation or have been dismissed have the right to appeal to the TGS Academic Standing Appeals Committee. They must do so in writing within fourteen calendar days of the postmarked notice of their academic standing. Letters of appeal may be sent to the Office of the Dean of the Graduate School.

Following a student’s academic dismissal from the university, the Admissions Committee will consider applications for readmission only if warranted by exceptional circumstances. Such applications are considered on a case-by-case basis. Upon dismissal, a student must wait at least one semester before reapplying.

Candidacy Requirements

Admission into any master's program is not automatic acceptance into candidacy for the master's degree. A student will be recognized as a candidate in the program only after **completion of a minimum of 20 semester hours of graduate study** with a minimum program grade point average of 3.0 (on a 4.0 scale) and removal of any entrance deficiencies for the program. A candidate must have demonstrated proficiency in the area of concentration and supporting fields and must give adequate proof of ability to complete successfully all degree requirements. Candidacy must be approved by a vote of the faculty. Failure to achieve candidacy results in dismissal from the program.

Individual programs may have additional candidacy requirements. For example, in the MA/CP program, students are required to participate in and successfully complete the requirements of a group counseling experience. MA/T students must be accepted into the Division of Education. The student should consult with the academic advisor or program director as to the specific requirements for his or her program.

For students enrolled in any of the dual degree options, candidacy in the MA is not awarded until the BA degree is complete.

Capstone Experience

TGS programs all require a capstone experience: professional project, major or integrative paper, internship, comprehensive exam, thesis, or a combination of these. Students should note carefully the requirement in their program curricula and consult with a program advisor as to the precise guidelines for that experience.

Capstone event writers (papers, theses) should note carefully the University writing requirements outlined in the *TIU Style and Format Manual* and avail themselves of the counsel of the Research Document Assistant or assigned Capstone Reader in their writing.

Capstone Extensions and Fees

Some capstone events are regularly completed during the semester of enrollment; however, others often extend one or more semesters beyond the original semester of enrollment. These Capstones also have a Capstone Extension course (– 7476, – 7478, – 7480, – 7485) in which students must enroll in order to maintain their active student status (see "Active and Inactive Student Status" elsewhere in this Catalog). If a student is enrolled in a capstone extension course and in no other courses, a minimal capstone extension course fee is charged for the student to maintain his or her active status and Trinity services. Students who fail to register for a Capstone Extension course to maintain their active status are charged the extension course fee plus late registration fees for *each* semester in which they failed to register and may be rendered inactive in their program, requiring readmission and payment of the reactivation fee (see "Active and Inactive Student Status").

Changes in Registration and Course Withdrawals

Changes in Registration

For all Add/Drop changes in registration, the student must make the changes on the myTIU dashboard. In traditional courses, changes made during the first week of a semester (summers excepted) are free. After the first week of class a Change-in-Registration fee is charged (see "Registration Fees" in the Finances section of this catalog). Courses may not be added after the second week of classes.

Grade accountability for courses dropped after the second week of classes is as follows: courses dropped at any time during the third through eighth weeks (second through fifth weeks for quad courses) of classes must be recorded with a grade of "W" (see "Grading") as indicated by the course instructor. A student may change from a letter-grade or credit/no credit class to an Audit through the eighth week of the semester. Courses dropped after the eighth week (the fifth week for quad courses) are automatically recorded with an "F."

For modular courses, Adds/Drops must be completed by the first meeting day of the class. For the MA/T, students wishing to add a course must do so within seven calendar days prior to the first day of class. No course may be added after the first day of class. Students wishing to drop a course are urged to do so as early as possible to maximize any refund due. Withdrawal is not permitted after the last class session. At that point, students will receive the grade earned.

Class Attendance

The development of good habits confirming Christian character and a sense of Christian stewardship implies that TGS students are responsible to attend class lectures, participate in class discussions, and complete course requirements.

At the beginning of the semester each faculty member will notify class members in writing of the attendance policy for each class. Since class attendance is important, students are urged to attend classes regularly regardless of stated attendance policies in order to participate in discussion and receive benefit from lectures and reports given in class. Because of reduced class time in modular classes, attendance at all sessions is required. Students who miss a session will be requested to withdraw from the course.

Because of the accelerated and collaborative nature of the MA/T and MEd/DL programs, students are required to attend every class session. Missing a single class means a significant portion of the contact with the learning community has been lost. For this reason, in MA/T and MEd/DL courses, students missing one class session will have their course grade reduced between one-half and one full letter grade. Students missing more than one class period will receive no credit for the class, and a grade of "F" will be recorded. The course must then be retaken in order to receive credit.

If an MA/T or MEd/DL student misses more than two class sessions for all courses during a given semester, the student will be required to meet in person with the program director to discuss continuance in the program. Students are responsible to monitor their own attendance and to make sure they do not exceed two absences per semester. Any student missing more than thirty minutes of a course session will be considered absent for the full session. Participation points are earned and calculated in the final grade of a course based in part upon on-time attendance at each session.

Completion of a Second Degree at TIU

After completing work for one graduate degree at the university, a minimum of 16 semester hours must be taken in the new program before obtaining a second degree; however, the actual number of hours necessary to complete that degree may be higher, depending on the length of the degree. A student must also meet all specific requirements for the second degree. No hours can be applied from a first or second degree to a third. Students may be allowed to do advanced substitutions for required courses already taken.

Students accepted in BA/MA Dual Degree programs are allowed to take coursework toward an MA simultaneously with their undergraduate coursework; however, they are considered undergraduate students until all requirements are met for the BA. If the coursework for the MA is finished simultaneously with BA coursework, the MA will be awarded in the semester following the awarding of the BA. Even if the MA coursework is finished first, in no case will the MA be awarded until the BA is completed.

Course Extensions

During any given semester faculty may change due dates for an entire class for a given assignment or exceptionally grant individual emergencies; however, any extensions beyond the last day of final exam week are granted only by the Dean of Students (or by the Director of Academic Operations at the Florida Regional Center). Course extensions must be requested by Friday of exam week.

Coursework is due no later than the scheduled time of the final examination for each course (including Reading, Guided Research, Field Education, and Internship). Extensions for unforeseen emergencies (illness, death) may be requested from the Dean of Students. Vacations, ministry or work responsibilities, and travel plans are not considered emergencies, and such requests will generally be denied.

Note that only the Dean of Students (or the Director of Academic Operations at the Florida Regional Center), not faculty members, grants course extensions. The Dean of Students or Director of Academic Operations (FRC) will notify the students and faculty member of the disposal of the request and may recommend that

1. no grade penalty be given provided the extension deadline is met or
2. a grade reduction of one full letter grade be given for each week the extension is effective.

Grading and the duration of the extension will depend on the severity of the emergency. Course extensions will not exceed four weeks from the end of Final Exam Week or from the last session of a course. All work must be submitted by the assigned deadline, or a failing grade (F) will be permanently recorded.

Course extensions beyond four weeks occur only in the event of the most serious extenuating circumstances. A written request accompanied by the support of the faculty member should be filed with the Dean of Students or Director of Academic Operations (FRC).

Course Registration: Trinity College Undergraduates into TGS

Trinity College students may register for one TGS course each fall or spring semester at no additional charge (summers not included). Such coursework may be counted for either undergraduate or graduate credit (not both) and may not be used to fulfill General Education requirements.

Registrants must be a full-time undergraduate student with junior or senior status with a minimum GPA of 3.0. The requisite form, which must be accompanied by the College Dean's signature in the case for juniors, is available from the Records Office. Undergraduate students registering for graduate classes are subject to all deadlines, grading policies, and late fees of TGS.

General Graduation Requirements

The following graduation requirements apply to all master's candidates at Trinity Graduate School:

- Completion of all prescribed coursework for the program
- A residence requirement of one academic year (or its program equivalent) in Trinity Graduate School coursework
- A minimum cumulative GPA of 3.0 in program coursework with no grade below "C" applied to the program
- Successful completion of the program's comprehensive examination, project, practicum, or thesis
- Completion of the program within six years of matriculation
- All financial obligations to the university settled with the Accounting Office
- Approval of the faculty

Grade Changes

Faculty members may not change a student's grade for a given course unless an error was made in computing or recording the grade originally. Students who wish to contest an assigned grade may petition via the Academic Appeals process but should be aware that a faculty member's decision in assigning grades is rarely overturned. Such cases would only be reviewed seriously in the case of a faculty member (normally visiting) who was not aware of general standards expected in grading at Trinity.

Graduation and Participation in Commencement Ceremonies

A student may graduate in May, August, or December of any academic year; commencement ceremonies are held in May and December. Degree completion requires submitting the Application for Graduation (https://tiu_forms.formstack.com/forms/tgs_teds_application_for_graduation) form.

For each academic year, there are three completion semesters: fall, spring, and summer. Students who complete their program at any session are eligible to participate in the May or December commencement ceremony. Participation includes both walking in the ceremony and being listed in the program.

Fall applications are due by July 15, preceding the intended graduation semester. Spring and summer applications are due by December 15, preceding the intended graduation semester.

After completing the Application for Graduation form, students must indicate their plans to participate in commencement by completing the Commencement Participation (https://tiu_forms.formstack.com/forms/tgs_teds_commencement_participation_form) form. This must be done between August 1 and October 15 for the December ceremony, and between January 1 and March 15 for the May ceremony. (Note: Submissions after these dates are moved to the following commencement ceremony.) These students will be informed of the details of the upcoming ceremony by a Commencement Coordinator. Additional ceremony information will be available on the TIU commencement website.

Participation in commencement ceremonies does not imply graduation. Graduands should note the following special requirements for participation in commencement:

- Program requirements of 6 or less hours remaining, student has registered for those requirements to be completed in the subsequent semester (spring for December participants, summer or fall for May participants)
- The capstone experience, internship, and/or clinical practice, are completed and passed during the regular semester deadlines.
- No other program requirements remain outstanding.
- Completion of the online Commencement Participation Form between August 1 and October 15 for December ceremony; and between January 1 and March 1 for the spring ceremony.

Graduation with Honors

The following criteria are established for the determination of graduation honors for students in the Master of Arts programs of the graduate school:

cum laude	minimum cumulative average of 3.50
magna cum laude	minimum cumulative average of 3.80
summa cum laude	minimum cumulative average of 3.90

Leave of Absence or Withdrawal from the University

Leave of Absence

A student who desires not to register for classes for a period of one to three semesters (a maximum of twelve months) should request a Leave of Absence (LOA) via the Academic Withdrawal/Leave of Absence form available from the Graduate Student Life Office (studentservices@tiu.edu). The student should schedule an appointment with the Dean of Students at the time of submission of the form to ensure that all matters are in proper order. An LOA may be granted for personal, financial, or other reasons, but the expectation is that students will return to their program within a twelve-month period.

During the LOA, the student is considered “Active” but “On Leave” and should maintain contact with TGS, ensuring that address information and other relevant data are kept current through the Records Office. At the end of the leave, arrangements for course registration and returning to school should be made directly with the Records Office. During the LOA, the program Statute of Limitation clock keeps ticking; however, the students remain in their program of admission, and no continuation fees are assessed. (Exception: MA/T students on LOA may be placed in a new cohort and are subject to any changes in the educational program’s requirements for licensure.) LOA status is not intended to merely delay program deadlines or other program responsibilities but is rather a genuine absence from the TGS community.

If during the LOA students find that they must withdraw from the University or needs further extended leave beyond what was originally filed, they must communicate their intentions with the Student Services Office. LOA beyond twelve months is considered withdrawal from the university, and the student must reapply with no guarantee of readmission. If readmitted, students will be subject to the catalog current to their readmission date and may face programmatic or course requirement changes.

Withdrawal from the University

Complete a Withdrawal from the University form available from the Graduate Student Life Office (studentservices@tiu.edu). The student should schedule an appointment with the Dean of Students at the time of submission of the form to ensure that all matters are in proper order. Withdrawal is not complete until final settlements have been made with the Office of Student Financial Services and Records Office. Grade accountability, if students withdraw from Trinity after the start of a semester, is the same as that of dropping a class. Withdrawal from the University deactivates the students’ file, and if they desire to return at a future date, the students must reapply with no guarantee of readmission.

All students who have withdrawn from Trinity and desire to return for study must apply for readmission through the Admissions Office. The readmitted student will then be subject to the catalog requirements in effect at the time of reenrollment, rather than the catalog in effect at the time of the student’s previous enrollment.

MA/T students who withdraw and apply for readmission will be reassigned to a new cohort upon readmission and will be subject to the academic requirements, as well as to the tuition rates, that apply at the time of their reentry.

Withdrawal for Students Called to Active Military Duty

Trinity students called to active military duty have the following options:

1. Receive course grades for the current semester, or extensions for all courses, if approved by your professors.
2. Receive administrative drops with a refund for some courses and grades/extensions in other courses, if approved by your professors.
3. Withdraw from all current semester courses with a full refund of tuition and fees.

Contact the University Records Office for information on the procedures to follow and departments to inform in the event of call to active military duty.

Statute of Limitation for Program Completion, Program Extension, and Program Readmission

Program Completion

The Statute of Limitation, which is the maximum length of time permitted for completion of a program, is six years from the date of admission for all MA programs in the Trinity Graduate School. When the statute of limitation is reached, the student is administratively withdrawn from the program and a hold is placed on further registration unless a program extension request is granted and is on file with the Records Office.

Program Extension

A program extension request is considered by petition to the TGS Council and generally does not add more than two years to a program’s statute of limitation. Petitions should be filed at least one semester before the statute of limitation ends and show consistent evidence of program progress and a definitive plan for program completion. Students granted program extension will be required to pay continuation fees (see “Continuation Fees” elsewhere in this catalog).

Program Readmission

Students who withdraw from Trinity without completing their program and desire to reapply may make application for readmission under the

current catalog. Readmission is not guaranteed. A written statement outlining plans for program completion must accompany application materials. Readmission is solely for the program to which the applicant is making application.

Students who are readmitted to a program two years or more beyond their original statute of limitation date can expect to complete additional program hours and may have to retake a significant portion of the coursework for the program. The conditions for readmission and program requirements will be determined on a case-by-case basis by the department or program director as applicable. These conditions will be outlined in the letter of readmission.

Transcripts and Records Retention

Admissions documents are retained for accepted students who do not enroll for two years and for those who enroll for a period of five years beyond the date of last attendance.

Academic records are retained permanently. Official student transcripts bear the seal of the school and are distributed in a sealed envelope. Students may request their academic transcript by presenting or mailing a Transcript Request Form to the Records Office or submitting a signed letter requesting the transcript. Official transcripts will be sent directly to an institution upon request or may be picked up in the Records Office. Downloadable forms and complete instructions for these options are available at www.tiu.edu/tiu/records/transcriptinfo (<http://www.tiu.edu/tiu/records/transcriptinfo>). Unofficial transcripts are also available and may be faxed.

Allow ten business days for completion of transcript requests. Transcripts are not issued for students who have outstanding accounts unless payment arrangements have been made. Consult the Catalog or the Records Office for fees for transcripts.

Formal Student Complaint Policy

Trinity Graduate School, as part of Trinity International University, in accordance with the Federal Compliance Policy, keeps a record of formal student complaints. Formal complaints should be addressed in writing (dated and signed) to the dean's office. If unresolved, the student may choose to submit the formal complaint to the Academic Council of Divisions, the provost, or the president. Upon first receipt of the formal complaint, the person to whom it is addressed will initiate the Student Complaint Tracking Form, which records the nature of the complaint, the steps taken by the institution to resolve the complaint, the institution's final decision regarding the complaint, and any other (external) action initiated by the student to resolve the complaint. Information regarding student complaints is accessible to members of the Higher Learning Commission evaluation team. The university will protect students' privacy by removing their names from files before submission to an outside team (unless they have given express permission for use of their names).

Master's Programs

Deerfield Campus

Trinity Graduate School currently offers five master's-level degrees at the Deerfield location.

The Master of Arts in Bioethics (MA/BE) is a 30-semester-hour degree that has many courses available in short-term, summer, or online, and/or independent study formats to accommodate professionals unable to relocate to the Deerfield Campus. The MA/BE is for those who wish to

develop expertise in analyzing, addressing, and engaging contemporary ethical issues of life and health that face our current culture.

The MA in Leadership (MA/L), with emphases in nonprofit, organizational, and international leadership, equips students to assume leadership roles in marketplace, community, or ministry organizations.

Trinity Graduate School also offers two education degree programs on the Deerfield campus. The Master of Arts in Teaching (MA/T) is an accelerated, cohort-based program (offered one night per week) designed to meet the needs of adult, independent learners. The MA/T leads to teacher licensure in either elementary or secondary education. The MEd in Diverse Learning (MEd/DL) helps practicing teachers further their skills in meeting the needs of the various learners in their classrooms. This program is offered in hybrid format, with some class sessions in a face-to-face format in the evening and other sessions conducted online.

The Master of Arts in Athletic Training (MA/AT) degree consists of 75 credits of course work, and meets or exceeds all of the competencies and requirements set forth by the Commission on Accreditation of Athletic Training Education (CAATE) and the National Athletic Trainers' Association (NATA). Upon completion of the program, students will be eligible to sit for the national board certification examination administered by the Board of Certification (BOC).

Florida Regional Center

The Master of Arts in Counseling Psychology (MA/CP), a 54- or 60-credit-hour degree (depending on the concentration selected), is offered through Trinity Graduate School at the Florida Regional Center. This degree program has two concentrations: Mental Health Counseling, which is designed to lead to licensure as a mental health professional; and Guidance and Counseling, which is designed to allow students to enter the field of school guidance and counseling. Courses in the Master of Arts in Leadership (MA/L, see above) are also offered at the Florida Regional Center.

South Chicago Regional Center

The MA in Leadership (MA/L) degree program is also offered at the South Chicago Regional Center; with emphases in nonprofit, organizational, and international leadership, it equips students to assume leadership roles in marketplace, community, or ministry organizations.

Master's Programs

- Master of Arts in Bioethics (MA/BE) (p. 469)

Master of Arts in Athletic Training (MA/AT)

Trinity Graduate School (TGS) offers a Master of Arts in Athletic Training (MA/AT) degree. This degree program allows two routes of entry. The first option includes the dual degree option that allows students to take graduate coursework toward the MA/AT while completing their BA in Exercise Science with Pre-Athletic Training Emphasis at Trinity. This dual degree program is an accelerated program where an undergraduate student, during their junior year at Trinity, may apply to the MA/AT program at TGS. Trinity BA-Exercise Science with Pre-Athletic Training Emphasis students admitted to the MA/AT program will complete their BA degree upon completion of the first 21 credits of the MA/AT program (completion of the Summer and Fall Year 1 courses).

The second option applies to individuals applying to TGS that have met the MA/AT pre-requisite admission requirements outlined below. Students earning a Bachelor's degree from another university are encouraged to apply. Students applying to the MA/AT program with a bachelor's degree from TIU or from another university, assuming adequate completion of admission requirements, can complete the MA/AT program in two calendar years.

The curriculum consists of 75 credits to MA degree, and meets or exceeds all of the competencies and requirements set forth by the Commission on the Accreditation of Athletic Training Education (CAATE) and the National Athletic Trainers' Association (NATA). At the completion of the program, students will be eligible to sit for the national board certification examination, administered by the Board of Certification (BOC). MA/AT program students completing the Trinity BA-Exercise Science with Pre-Athletic Training Emphasis will not be required to complete HS 5001 or HS 5002, as their 12 credits of undergraduate bible and theology courses will count towards this requirement. That will decrease their MA/AT program credit requirement to 69 credits. Students completing the dual degree (BA-Exercise Science and MA/AT) do not need to take BE 474 or BE 476, as BE 5100 (MA/AT curriculum) can substitute for BE 474. Students are advised to discuss this route with their advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

In addition to general requirements for admission to TGS, specific MA/AT admission criteria and prerequisites are listed below. The MA/AT program uses a secondary admission process. Students earning a Bachelor's degree from another university are encouraged to apply. Any student applying to the MA/AT program can complete the MA/AT program in two calendar years.

1. Bachelor's degree with a minimum 3.0 GPA
2. Current CPR for the Professional Rescuer and Healthcare Provider certification
3. Human anatomy and Physiology with lab (8 hours)
4. Introduction to Psychology
5. Statistics
6. Chemistry with lab (4 hours)
7. Physics with lab (4 hours)
8. Psychology of Sport and Exercise
9. Exercise Physiology
10. Biomechanics
11. Introduction to Nutrition
12. 75 hours of clinical observation under the supervision of a Certified Athletic Trainer (AT)
13. MA/AT Athletic Training Program Application
14. Two professional letters of recommendation (one from AT supervising observation hours)

Athletic Training Program: Technical Standards for Admission

The MA-AT Program at Trinity International University is a rigorous and intense program that places specific requirements and demands on the students enrolled in the program. An objective of this program is to prepare graduates to enter a variety of employment settings and to render care to a wide spectrum of individuals engaged in physical activity. The technical standards set forth by the MA-AT Program establish the essential qualities considered necessary for students admitted to this program to achieve the knowledge, skills, and competencies of an entry-level athletic trainer, as well as meet the expectations of the program's accrediting agency, the Commission on Accreditation of Athletic Training Education (CAATE). The following abilities and expectations must be met by all students admitted to the MA-AT Program. In the event that a student is unable to fulfill these technical standards, with or without reasonable accommodation, the student will not be admitted into the program. Candidates for selection to the MA-AT Program will be required to verify that they understand and meet these technical standards or that they believe that, with certain accommodations, they can meet the standards. Compliance with the program's technical standards does not guarantee a student's eligibility for the BOC certification exam. Candidates for selection to the MA-AT Program must demonstrate the following:

- The mental capacity to assimilate, analyze, synthesize, integrate concepts, and problem solve to formulate assessment and therapeutic judgments and to be able to distinguish deviations from the norm
- Sufficient postural and neuromuscular control, sensory function, and coordination to perform appropriate physical examinations using accepted techniques; and accurately, safely, and efficiently use equipment and materials during the assessment and treatment of patients

- The ability to communicate effectively and sensitively with patients and colleagues, including individuals from different cultural and social backgrounds; this includes, but is not limited to, the ability to establish rapport with patients and communicate judgments and treatment information effectively
- Students must be able to understand and speak the English language at a level consistent with competent professional practice
- The ability to record the physical examination results and a treatment plan clearly and accurately
- The capacity to maintain composure and continue to function well during periods of high stress
- The perseverance, diligence, and commitment to complete the athletic training education program as outlined and sequenced
- Flexibility and the ability to adjust to changing situations and uncertainty in clinical situations
- Affective skills and appropriate demeanor and rapport that relate to professional education and quality patient care

Certification Information

A degree/major in athletic training awarded by an institution alone does not qualify the graduate to work as an “athletic trainer.” A graduate must pass the Board of Certification examination to earn the “ATC” (Athletic Trainer, Certified) credential. Currently, most states, including Illinois, have legislation that requires athletic trainers to be registered or licensed to practice in that state. The requirements of the MA-AT Program at Trinity meet all current Illinois requirements for licensure. Students should check with the state in which they plan to practice athletic training for specific requirements.

Trinity provides the opportunity for students to earn multiple masters degrees without substantially lengthening their stay. Multiple Masters options include:

- MA in Bioethics / MA in Athletic Training (<http://catalog.tiu.edu/graduate/academic-life/multiple-masters-programs/mabe-paired-with-maat>)

Master of Arts in Bioethics (MA/BE)

Mission Statement

The MA in Bioethics (MA/BE) equips students to analyze bioethical issues in health care and biotechnology and to engage bioethical challenges in relevant contexts.

Program Objectives

Students graduating from the MA/BE program will be able to:

- Understand the current and emerging bioethical issues in health care and biotechnology
- Discern the differences among competing contemporary approaches to ethics and bioethics
- Engage bioethical challenges in clinical health care and public policy contexts
- Employ culturally-sensitive biblical and theological frameworks for addressing issues in bioethics
- Think integratively, seeing beyond individual bioethical issues to deeper questions that underlie the bioethics field as a whole

The MA in Bioethics (MA/BE) is designed with various groups of students in mind, including those who are presently--or aspire to be--physicians, nurses, and other health care workers; lawyers; people with political, public policy, social service, and ministry interests in pro-life and related areas; teachers in related university, college or high school fields; and those involved in educating and engaging various constituencies through nonprofit organizations. The program is particularly well suited for those with professional or other responsibilities who need a flexible 30-semester-hour program. There is also a multiple masters degree option for Trinity Evangelical Divinity School students and for Trinity Graduate School students, as well as a dual degree option for Trinity College undergraduates. By enrolling in online courses, mentored and independent study work, and as few as two several-day campus courses, the program can be completed without relocating near the Deerfield, Illinois campus. Alternatively, a complete on-campus program is also available.

¹ 3 hours fulfill requirement; 4th hour is elective.

² Students relatively unfamiliar with clinical-medical and/or public policy settings should take the background courses BE 5299 and/or BE 5499. These courses can count for elective credit.

³ BE 7485 requires ID 6910, a research methods course, as a prerequisite.

Required Capstone Experience (0-4 hours)

Preparation for work in the field of bioethics should include at least one endeavor that is not merely focused on a particular bioethical issue but is integrative in nature, encompassing multiple issues. The capstone course can involve taking a comprehensive exam in which broad essay questions allow the student to demonstrate a grasp of the field as a whole. Or it can involve writing an integrative paper, or developing a special project such as a bioethics curriculum, a sermon/talk series, or a written reflection on a clinical, public policy, or other bioethics-related internship experience. The paper or project can be done to fulfill an assignment in a non-capstone course, in which case the student registers for a 0-hour capstone course in the same semester as the other course. Alternatively, students may write a formal master's-level thesis after obtaining approval and instructions from the Bioethics Program Director.

However students choose to meet the capstone experience requirement, those not doing a thesis must register for course credit under one of the following course numbers: BE 7476; BE 7478; or BE 7480. Students should register for BE 7476, BE 7478, BE 7480 in the semester they intend to start the project or paper or take the comprehensive exam. Students making progress toward completion of a capstone (other than the comprehensive examination) but unable to finish in a single semester, can apply for a capstone extension. They must then register for BE 7486. A capstone extension fee will be assessed.

The capstone experience must be completed subsequent to candidacy and is supervised by a faculty member. (A list of approved faculty members is available in the Records Office and on MyTIU.) An Independent Study & Capstone Registration form (available on MyTIU) must be completed to register for all capstone and guided research (BE 7501) courses. All capstones involving research with human subjects must be approved by the TIU IRB prior to the beginning of that research, with the application for approval due by the end of the semester that precedes the semester in which the research is to take place.

Course Sequencing

Either BE 5000 or BE 5100 must be taken before BE 6500. When the elective BE 7300 is offered, only those who have clinical/medical experience (or permission from the professor) and have completed BE 5300 can take it. It is recommended that the four foundational courses—BE 5001, BE 5002, PR 7220, and either BE 5000 or BE 5100—be taken before other bioethics courses. Professors teaching other bioethics courses will assume that all students in those courses either will have taken these four courses or will at least have read a relevant text for each of those courses not yet taken. A list of relevant texts (https://my.tiu.edu/ICS/Campus_Life/Campus_Groups/Bioethics) for these courses may be found in the TGS Bioethics Department section of MyTIU.

Trinity provides the opportunity for students to earn multiple masters degrees without substantially lengthening their stay. Multiple Masters options include:

Bachelor of Arts/Master of Arts in Bioethics

Trinity Graduate School and Trinity College offer a dual Bachelor of Arts/Master of Arts Degree that pairs an MA in Bioethics with an undergraduate degree in any major. This opportunity is open to qualified students in any undergraduate major but may have special appeal for students with the

following majors or interests: premedical, pre-health, psychology, philosophy, law, public policy, communications, theology, business, Christian ministries, and education.

In this program, an undergraduate student may earn a graduate degree as early as the summer following the senior year by taking graduate-level courses beginning the junior year. Nine hours of coursework from the MA count toward the BA. These 9 overlapping hours are taken as part of the undergraduate load. (See the dual degree curriculum (p. 259)) Students begin graduate coursework in the summer after their junior year, so it's possible for them to complete both the BA and the MA as early as the following summer.

Qualified applicants must have a minimum cumulative Trinity GPA of 3.0 on a 4.0 scale, 70 hours of undergraduate coursework, and a positive recommendation from their academic advisor. Students may apply for acceptance to the Dual Degree program through Trinity Graduate School. Transfer students may apply to the program if they have 70 hours of undergraduate coursework, a positive recommendation from a former professor or their academic advisor, a minimum GPA of 3.0 in all transferred college work, and a minimum cumulative Trinity GPA of 3.0. Students interested in the dual degree are advised to notify their advisor(s) and the dual degree program advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Model Curricular Plan for the Dual Degree

The following is a *sample course plan* for the dual degree. Plans may vary for individual students. Students are expected to consult with their undergraduate and graduate advisors to make individual adjustments to the curricular plan as necessary.

CP 7478	Counseling Psychology Capstone Project	3
CP 7985	Counseling Psychology Thesis	3

Required Capstone Experience

Students in the MA in Counseling Psychology with a Mental Health Counseling concentration must meet internship requirements in order to be licensed in the state of Florida. In addition, students in the Guidance and Counseling Concentration must meet the practicum requirements for state certification. Students not pursuing licensure/certification may opt to complete the degree by choosing among three other capstone options: Capstone Project, Capstone Thesis or the International Counseling Experience with the program director's approval. Students completing the capstone options will need 60 credit hours for graduation in the Mental Health Counseling concentration and 54 hours in the Guidance and Counseling concentration.

However the student chooses to meet the capstone experience requirement, all students must register for course credit for their selected capstone experience in the semester in which they start the capstone. Students making progress toward completion of a capstone but unable to finish in a single semester can apply for a capstone extension. They must then register for CP 7486. Capstone extension fees will be assessed. Students who opt to fulfill the capstone by writing a thesis must also take CP 7910.

The capstone experience must be completed subsequent to candidacy and is supervised by a faculty member. Students opting to write a formal master's thesis should consult the Counseling Psychology Program Director for details.

Adult Bachelor of Arts in Psychology/Master of Arts in Counseling Psychology

The Trinity College Excel Program and Trinity Graduate School (TGS) offer a dual degree Bachelor of Arts/Master of Arts in Counseling Psychology option at our Florida Regional Center that allows students to take graduate coursework toward the MA in Counseling Psychology while completing their BA in Psychology. With this accelerated option, students can apply to the MA/CP program at TGS while still completing an undergraduate degree through Excel. Interested students are advised to discuss the program with their advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Students may apply for the dual degree program upon completion of 70 credit hours with a 3.0 cumulative GPA. A positive recommendation from a TIU instructor capable of assessing their suitability for graduate work is required. This instructor must have had substantial interaction with the student, per the final approval of Excel's Director of Academic Operations. Transfer students may apply for the program if they have 70 hours of undergraduate course work, a positive recommendation from a psychology instructor, and a 3.0 GPA for all transferred college work, including a 3.0 GPA in Trinity coursework.

Approved students will take nine (graduate) credits in the MA/CP, which, upon completion of those nine credits, will reduce the number of (undergraduate) credits required to complete a bachelor's degree from 124 to 115. This can be accomplished in one or more of the following ways:

1. ID 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in the general education category Biblical Studies.
2. ID 5002 Foundations of Cultural Engagement (3 hours) replaces the general education requirement in the category Intercultural Study.
3. One graduate CP course (3 hours) replaces 3 hours of undergraduate elective credit.

Or, if a student does not take ID 5001 and/or ID 5002 as an undergraduate, one or two additional CP courses (3 or 6 credits) replace an additional 3 or 6 hours of undergraduate elective credit.

Thus on completion of the undergraduate degree, students will be approximately a full semester ahead as they continue graduate studies in the MA/CP program.

Master of Arts in Leadership (MA/L)

Program Purpose

The MA in Leadership (MA/L) equips students to lead adaptively to meet the challenges of the business, community, international and nonprofit organization.

Program Objectives

It is our intent that graduates of the MA/L program will meet program objectives in four areas: ethical character, contextual relationships, managerial skills, and academics, defined as follows:

- In regard to ethical character, graduates will integrate their Christian faith with their thoughts, feelings, and actions in such a way that they become lifelong agents of ethical conduct, influence, and organizational participation.
- In regard to contextual relationships, graduates will apply culturally-aware, biblically-framed, and contextually communicated approaches to relational development.
- In regard to managerial skills, graduates will employ leadership skills and tools effectively to manage operations within the specialized contexts of their professional and/or academic discipline(s).
- In regard to academics, graduates will demonstrate competencies in the domains of leadership theory/practice, research, lifelong learning, and discernment regarding current/emerging issues in leadership.

Master of Arts in Teaching (MA/T)

Mission Statement

The MA in Teaching (MA/T) seeks to develop highly qualified Christian teachers who view teaching as a mission; they nurture students, reflect critically on practice, and facilitate classroom experience to maximize the potential of all learners.

Program Objectives

Candidates graduating from the MA/T program will be able to:

- Evidence Christian values in their personal and professional practice while respecting the exercise of individual moral decision
- Work toward becoming integrated individuals, applying their faith to their continued quest for knowledge and truth
- Address the differing needs of a diverse student population with respect and fairness
- Engage in caring relationships through effective educational collaboration among the classroom, school, family, and community
- Critically reflect upon their teaching to refine their practice in order to maximize student learning
- Display thorough content knowledge and understanding of human development necessary to teach in their respective fields
- Plan, deliver, and assess effective instructional experiences that align with learning standards, educational theory, and knowledge of student development
- Demonstrate proficiency in educational research through successful completion of a master's-level capstone project or master's thesis.

Program Prerequisites

In addition to the general requirements for admission to Trinity Graduate School programs, prospective MA/T candidates should be aware of the following:

- An education advisor will analyze the transcripts of all prospective candidates. It may be necessary to meet with an advisor to develop a personal plan for completion of state standards-aligned licensure requirements. Advisors are available in Trinity's Division of Education (847.317.8144).
- All prospective candidates are urged to take the Test of Academic Proficiency (TAP) prior to the start of the cohort program.
- Secondary candidates are urged to take the appropriate Illinois Content Area test prior to the start of the cohort program (Science: Biology, English with Language Arts, Social Science: History, or Mathematics).
- Candidates whose undergraduate coursework does not fully meet Illinois state standards or program requirements will be required to take additional courses to augment their content knowledge. These will be determined in consultation with the education advisor at the time of application.

Candidacy

In addition to the Graduate School's candidacy requirements, outlined in Academic Policies (p. 459), MA/T students must be officially admitted into the Division of Education (Gate 1). In order to be admitted to the Division of Education (Gate 1), students must meet the following requirements:

Once admitted to the Division of Education, the student is considered a teacher candidate. Continuation of candidates in the education program is evaluated prior to Pre-clinical Experiences (Gate 2), Clinical Experiences/Student Teaching (Gate 3), and Licensure (Gate 4). Each of these gates requires candidates to:

1. complete all state and institutional requirements as articulated in the Division of Education Handbook,
2. earn grades of "C" or better in all licensure-related coursework, and
3. maintain a minimum cumulative GPA of 3.0 overall, with grades of "C" or better in all education coursework.

Licensure Only

College graduates with a bachelor's degree from a regionally accredited institution who want to be licensed to teach elementary or secondary school in Illinois may enroll in the education courses in the MA/T program that lead to licensure without finishing the full master's degree. Licensure only candidates will complete all of the listed MA/T coursework with the exception of ED 5001, ED 5002, and ED 7478. Participants may remain in their current employment until the final professional semester when they do their clinical practice. Participants will be required to complete field

experience requirements during the school day prior to clinical practice, which may result in missed days from work (depending on the individual's job). Additional credits may be required to meet the specific general education requirements. The Division of Education will review college transcripts to determine if any additional course requirements must be met for licensure. Candidates must pass the Illinois Test of Academic Proficiency, the appropriate content-area test, the appropriate edTPA, and the appropriate Assessment of Professional Teaching test in order to be eligible for licensure. Candidates are required to comply with all state licensure requirements that are in place at the time of application for licensure. No coursework for which a candidate earns a grade below C (2.0 on 4.0 scale) will be accepted for meeting program requirements in an entitlement or endorsement area.

Additional Licensure Requirements

Candidates must pass the Test of Academic Proficiency (TAP), the appropriate content-area test, the appropriate Assessment of Professional Teaching test, and the edTPA in order to complete their program. **Candidates are required to comply with all state licensure requirements that are in place at the time of application for licensure.**

Students opting to write a formal master's thesis should consult the Director of Graduate Programs in Education for details.

Master of Education in Diverse Learning (MEd/DL)

Program Purpose

The Master of Education in Diverse Learning (MEd/DL) is an advanced course of study for licensed teachers who are seeking to become more effective in helping all learners find success in the general education curriculum. Recognizing the variety of learner differences in the inclusive American classroom, this program helps teachers build upon their existing pedagogical knowledge and expand their knowledge, skills, and dispositions, with a focus on the needs of the diverse learner. Special attention is given to students who are learning English as a second language (ESL), have a disability, or are gifted. After successful completion of the degree coursework, teachers will be able to apply for an endorsement to their Professional Educator License in both ESL and special education (Learning Behavior Specialist 1) per the guidelines listed below. Evidence-based teaching methods will be implemented in the teacher's classroom to allow for immediate practice of instructional skills being learned. Assessment of the diverse learner will be conducted in the teacher's classroom or school.

Note: It is possible for someone to pursue this degree without currently teaching in a classroom; however, due to the practical nature of assignments and course objectives, he or she would need to have access to a classroom setting for the duration of the program.

Program Objectives

After successfully finishing the degree coursework, teachers will have completed:

- The 18 hours required by the Illinois Board of Education (ISBE) in order to apply for an **endorsement in ESL**. Out-of-state candidates should contact their state agency to determine the requirements for ESL credentials in their state.
- The courses needed to apply for the Illinois **Learning & Behavior Specialist (LBS1) endorsement**, provided they have previously taken an "Introduction to Special Education" course at the undergraduate or graduate level. In addition, teachers need to pass the Illinois "Learning Behavior Specialist 1" licensure test in order to apply for the LBS1 endorsement. This endorsement will allow educators to teach students with disabilities at the grade levels of their existing license. The Learning Behavior Specialist 1 is a teacher of children and youth with one or more of the following documented disabilities as specified in the Individuals with Disabilities Education Act (IDEA): specific learning disabilities, emotional disturbance, mental retardation, autism, traumatic brain injury, orthopedic or other health impairment. Out-of-state teachers should contact their state agency to determine the requirements for special education credentials in their state.

Program Pre/Co-Requisites

In keeping with the mission of the university, it is important for students to have a clear understanding of biblical truths that shape a Christian worldview. Students may choose to fulfill this requirement by taking ED 5001 and ED 5002 before entering the program or during the program. ED 5001 may be waived for graduates of accredited Christian liberal arts or Bible colleges, or for seminary students or graduates. ED 5002 may be waived for seminary students or graduates.

Multiple Masters Programs

Overview

Trinity provides the opportunity for students to earn multiple masters degrees without substantially lengthening their stay. Multiple Masters options include:

- MA in Bioethics / MA in Athletic Training (<http://catalog.tiu.edu/graduate/academic-life/multiple-masters-programs/mabe-paired-with-maat>)
- MA in Bioethics / MA in Chaplaincy and Ministry Care (p. 485)
- MA in Bioethics / Master of Divinity (p. 493)
- MA in Bioethics / MA in Leadership (p. 487)
- MA in Bioethics / MA in Ministry (p. 489)
- MA in Bioethics / MA - Theological Studies Concentration (p. 491)

MA in Bioethics paired with MA in Chaplaincy and Ministry Care

Basic Idea

Six hours automatically double-count in both degrees; and up to eight more hours can also double-count if the right courses are selected. In sum: only 16 hours beyond the 48-hour MA/CMC degree are required in order to earn the MA-Bioethics degree as well; however, students can choose to take anywhere from 64 to 78 hours to complete their two degree programs.

Description

Today's world is full of challenges to human life and dignity, from beginning-of-life issues such as abortion, use of reproductive technologies, and prenatal genetic testing to end-of-life issues such as euthanasia, assisted suicide, and withholding/withdrawing life-sustaining health care. In between, questions regarding such matters as access to health care, genetic interventions, drug use, and sexuality loom large. People trained both in bioethics and in chaplaincy and ministry care are vitally needed to provide the counseling and support that so many desperately need. The MA/CMC degree involves 48 semester hours of study. However, board certification with the Association of Professional Chaplains requires 72 hours from a graduate theological institution. Adding 24 hours of bioethics study—or as few as 16 bioethics hours plus 8 hours of any other biblical-theological courses—fulfills that requirement. Meanwhile, there is a societal movement toward requiring a credential, such as a bioethics Master's degree, for individuals involved in bioethical decision making in many arenas where chaplains, counselors, and other caregivers work. In light of Trinity's global leadership role in bioethics, the ability of students to add the MA/BE degree/credential to their MA/CMC degree is an attractive option for Trinity students.

Features

- Only 16 hours of Master's-level coursework in bioethics beyond the MA/CMC degree are required.
- Students can participate in the May Commencement for both degrees at the end of their final academic year (assuming no more than 6 non-capstone hours remain to be completed in the summer that follows).
- The capstone course in the MA/CMC degree program will fulfill the capstone requirement for the MA/BE degree as well, as long as bioethical issues play a significant role in it (as certified to the Records Office by the professor overseeing the course). The course will count as 2 elective hours in the MA/BE program.
- Students do not need to take either BE 5001 or BE 5002 in their MA/BE program because that ground is covered by the required biblical and theological courses in the MA/CMC program.
- Students can double-count up to 6 other hours of courses taken in the MA/BE program as elective hours in their MA/CMC program.
- If 6 such hours are not completed in the MA/CMC degree program, then the missing hours must be added to the 16 hours needed to complete the MA/BE degree.
- The following courses **must be taken** either within the MA/CMC degree program or as part of the additional 16 hours for the MA/BE degree program:

Code	Title	Hours
BE 5000 or BE 5100	Introduction to Bioethics: Matters of Life and Dignity Intensive Bioethics Institute	3
BE 5200	Research Ethics	2
BE 5300	Clinical Issues in Bioethics	2
BE 5500	Bioethics and Public Policy	2
BE 6100	Bioethics Colloquium	1
BE 6500	Advanced Bioethics Institute	3
PR 7220	Ethical Theory	3
Total Hours		16

Model Curricular Plan

The actual curricular plan will vary with individuals. In this model curricular plan, students would take the following courses (in addition to MA/CMC courses including 6+ hours of Bible/theology courses and the capstone):

Code	Title	Hours
Any fall or summer before the final year of MA/CMC studies:		
BE 5000 or BE 5100	Introduction to Bioethics: Matters of Life and Dignity Intensive Bioethics Institute	3
Any fall of MA/CMC studies after completing BE 5000 or BE 5100:		
BE 5200	Research Ethics	2
BE 5499	The Public Policy Context ¹	1

BE 5500	Bioethics and Public Policy	2
Any spring of MA/CMC studies after completing BE 5000 or BE 5100:		
BE 5299	The Clinical Context ¹	1
BE 5300	Clinical Issues in Bioethics	2
BE 6100	Bioethics Colloquium	1
PR 7220	Ethical Theory	3
Any fall, spring, or summer of MA/CMC studies after completing BE 5000 or BE 5100:		
Any bioethics elective(s)		4
Near the end of MA/BE studies:		
BE 6500	Advanced Bioethics Institute	3
Total Hours		22

¹ These two courses provide remedial background understanding for BE 5300 and BE 5500. If either or both are not needed, an extra hour can be added to either or both BE 6100 and BE 6500—or the 2-hour BE 5900 (Bioethics National Conference course) can be taken any summer.

MA in Bioethics paired with MA in Leadership

Basic Idea

Six hours automatically double-count in both degrees; and up to nine more hours can also double-count if the right courses are selected. In sum: only 15 hours beyond the MA-Leadership degree are required in order to earn the MA-Bioethics degree as well.

Description

Students in either the MA in Bioethics (p. 469) (MA/BE) or the MA in Leadership (p. 476) (MA/L) degree program can add the other degree without substantially lengthening their stay at Trinity. There is a rapidly growing need in society for leadership to address bioethical challenges in the lives of individuals, families, communities, and the larger world. Such leaders ideally need more training in leadership (for example, non-profit, organizational, or international leadership) than a bioethics degree alone can provide, and they need more training in bioethics than a leadership degree can provide. Moreover, there is a societal movement toward requiring a credential, such as a bioethics Master's degree, for individuals involved in bioethical decision making in many arenas where people with leadership training work. In light of Trinity's global leadership role in bioethics, the ability of students to add the MA/BE degree/credential to their MA/L degree is an attractive option for Trinity students.

Features

- Only 15 hours of Master's-level coursework in bioethics beyond the MA/L degree are required.
- Students can participate in the May Commencement for both degrees at the end of their final academic year (assuming no more than 6 non-capstone hours remain to be completed in the summer that follows).
- Students complete a single 3-hour capstone course on a topic in the realm of "Leadership and Bioethics," which counts as 3 hours in each of the two degree programs. If a bioethics professor oversees the course it should be registered as a bioethics capstone, and if a leadership professor oversees the course it should be registered as a leadership capstone.
- Students can take the required foundations courses either as BE 5001 + BE 5002 or as LR 5001 + LR 5002. Either way they will count as 6 hours in each of the two degree programs.
- Students can double-count 6 other hours of courses taken in the MA/BE program as elective hours in their MA/L program.
- If 6 such hours are not completed in the MA/L degree program, then the missing hours must be added to the 15 hours needed to complete the MA/BE degree.
- The following courses **must be taken** either within the MA/L degree program or as part of the additional 15 hours for the MA/BE degree program:

Code	Title	Hours
BE 5000 or BE 5100	Introduction to Bioethics: Matters of Life and Dignity Intensive Bioethics Institute	3
BE 5200	Research Ethics	2
BE 5300	Clinical Issues in Bioethics	2
BE 5500	Bioethics and Public Policy	2
BE 6100	Bioethics Colloquium	1
BE 6500	Advanced Bioethics Institute	3
PR 7220	Ethical Theory	3
Total Hours		16

Model Curricular Plan

The actual curricular plan will vary with individuals. In this model curricular plan, students would take the following courses (in addition to the MA/L courses including 5001, 5002, and the capstone):

Code	Title	Hours

Total Hours		21

¹ These two courses provide remedial background understanding for BE 5300 and BE 5500. If either or both are not needed, an extra hour can be added to either or both BE 6100 and BE 6500—or the 2-hour BE 5900 (Bioethics National Conference course) can be taken any summer.

Basic Idea

Six hours automatically double-count in both degrees; and nine more hours also double-count if the right courses are selected. In sum: only 15 hours beyond the TEDS MA in Ministry degree are required in order to earn the MA-Bioethics degree as well.

Description

- MA in Min students will not need to take BE 5001 and BE 5002 in their MA/BE program; and they should take PR 7220 as part of their Theological Studies requirement for the MA in Min degree.
- Students should take enough BE course hours as electives in their MA in Min degree program that those hours plus the hours earned for their bioethics-related capstone course total 6 hours.

Basic Idea

Six hours automatically double-count in both degrees; and nine more hours also double-count if the right courses are selected. In sum: only 15 hours beyond the MA/TS degree are required in order to earn the MA-Bioethics degree as well.

Features

- Only 15 hours of Master's-level coursework in bioethics beyond the MDiv (including AP MDiv) are required.

Dual Degree Options

Trinity Graduate School, in conjunction with Trinity College (including adult education programs REACH and Excel), offers four dual degree options: Bachelor of Arts/Master of Arts in Athletic Training, Bachelor of Arts/Master of Arts in Bioethics, Bachelor of Arts/Master of Arts in Leadership, and Bachelor of Arts in Psychology/Master of Arts in Counseling Psychology. Students can be admitted to these programs when they have completed 70 hours of undergraduate coursework, maintaining a 3.0 cumulative GPA or higher (including transfer coursework). Following admission, they may begin taking graduate courses as a part of their undergraduate course load. For students in the Bioethics, Counseling Psychology, or Leadership degrees, 9 hours of overlapping master's-level coursework allows dual degree students to finish both the BA and MA in reduced time. BA-Exercise Science with Pre-Athletic Training students admitted to the MA/AT will complete their BA degree upon completion of the first 21 credits of the MA/AT program.

Dual Degree Programs

- BA / MA in Athletic Training (p. 465)
- BA / MA in Bioethics Dual Degree (p. 470)
- Adult B (p. 475)A in Psychology / MA in Counseling Psychology Dual Degree (p. 475)
- Traditional BA / MA in Leadership Dual Degree (p. 477)
- Adult BA / MA in Leadership Dual Degree (p. 478)

Trinity welcomes students from all over the world to our campus. International students are valuable members of the Trinity community and we are committed to serving them through the enrollment process. In addition to the regular application process outlined above, international applicants must also consider the following items: financial requirements and visa requirements.

Financial Requirements

If an international applicant is accepted, formal evidence must then be submitted through Trinity's Certificate of Finance (COF) form that adequate financial resources for both educational and living expenses have been identified by the applicant. The COF is available on the Trinity website.

The Certificate of Finance (COF) must identify monies readily available for the first year of study and document additional funding for the duration of the student's program. Most international applicants, depending on anticipated living arrangements and the number of family members accompanying them to the United States, will need to identify available funds from US \$25,000 to US \$30,000 to satisfy this requirement.

At this time, accepted international applicants living outside the United States must also submit a US \$2,000 tuition deposit (partially refundable) before the Certificate of Eligibility (I-20) for a student visa will be issued (students living in the United States should submit a \$125 deposit).

Visa Requirements

Trinity is authorized under U.S. law to enroll non-immigrant alien students; however, these U.S. laws are becoming increasingly stringent. International students *must* enter the United States with an F-1 visa, which is granted by the U.S. government. Applicants already in the United States in a visa category other than F-1 (including F-2, B-1, and B-2) may be admitted as Visiting Students or part time students for credit depending on visas as long as the studies are not the primary purpose for being present in the U.S. Failure to observe this limitation will place one's visa status in doubt and could jeopardize a student's ability to secure an F-1 visa in the future should their educational goals change.

A U.S. Immigration Certificate of Eligibility (I-20) will be issued by Trinity, enabling the international applicant to apply for an F-1 student visa, after the following have been met:

1. Applicant has demonstrated English language competence meeting or exceeding Trinity's standards
2. Applicant has been admitted as a student
3. Applicant has demonstrated adequate financial resources through a Certificate of Finance
4. Applicant has submitted a US \$2,000 tuition deposit

In accordance with U.S. immigration law, Trinity does not allow non-immigrant aliens to register as full-time or degree-seeking students without an F-1 visa. Permanent residents are exempt from these limitations, as are certain other visa statuses (i.e., R-1 or H1B). Further questions regarding visa status and eligibility to study at Trinity may be

directed to Trinity's International Students & Scholars Office on campus. It is the responsibility of the student to maintain legal immigration status.

Guidelines for Graduate Studies Preparation

Students who are still pursuing an undergraduate degree are encouraged to incorporate coursework into their studies that will fulfill the following guidelines:

1. Students coming into Trinity Graduate School should typically have had at least 60 semester hours of liberal arts coursework, including a broad undergraduate background in the humanities and the natural and social sciences.
2. Pre-graduate studies should give evidence that the applicant has developed the ability to think independently and to communicate effectively. Application materials will be carefully evaluated for writing skills. If a weakness is discovered, the student may be required to take extra study in English composition.
3. The applicant should note carefully the prerequisite course requirements for each program and take as many of those courses as possible at the undergraduate level. In most cases, if a student is qualified for admission but lacks the necessary prerequisite coursework, the deficiency can be removed through additional coursework at Trinity International University.
4. Applicants are encouraged to become familiar with the content of the Bible, either through formal coursework or personal study. If an applicant's undergraduate program includes courses that parallel required courses in the Trinity curriculum, the applicant will be granted considerable flexibility in selecting advanced-level courses as substitutes for the required classes. Faculty advisors are able to assist in this process.

Admission Policies

Advanced Substitutes

Students who have taken undergraduate courses that are clearly parallel to required courses in their program at Trinity Graduate School may modify their program by way of Advanced Substitutes. This policy allows students to build on, rather than duplicate, studies that they have already completed. Advanced substitute courses are to be approved in advance by the Dean's Office.

Application for Readmission/Reactivation

There are certain situations in which students may need to submit a supplementary application.

- If they are accepted to Trinity Graduate School but do not enroll
- If they withdraw temporarily

However, if more than two years lapse after original acceptance, withdrawal, or completion of their first program, students will be required to submit new application materials, including recommendations and personal statements. Students who are readmitted are subject to the requirements of the catalog that is current at the time they re-enroll in coursework.

Change of Enrollment Date

Students may find it necessary to change their anticipated enrollment date. If the new semester in which students intend to enroll is within two years of the semester for which they were originally admitted, the change can be made routinely. If the new semester is more than two years from original admittance, a student will be required to submit new application materials.

Students who must change the date of enrollment, should notify the Admissions Office. The Admissions Office will notify them of any special instructions at the time of the change. These students will also need to contact the Housing Office and the Office of Student Financial Services because the change may affect the availability of campus housing or financial aid. A student's program of studies will be governed by the catalog that is current in the semester he or she enrolls.

Active and Inactive Student Status

Students who desire not to register for classes for a period of one to three semesters (twelve months) should request a Leave of Absence (LOA) from the Student Life Office (see Leave of Absence Policy in this Catalog). This apprises Trinity of student program plans and enables appropriate services to be provided. If a student desires to leave TGS, a Withdrawal must be completed through the Student Life Office (see "Withdrawal" in this Catalog).

If a LOA or Withdrawal has not been completed and students do not register and successfully complete coursework each consecutive semester (fall, spring; summer is exempt), their status is rendered inactive (e.g., active students must register for at least one course each semester). Inactive students must reapply to TGS with no guarantee of readmission.

Change of Program (COP)

If after initial enrollment the student wishes to be admitted to a different program, the following apply:

- All possible options should be considered in consultation with a faculty member, Enrollment Counselor, Program Director, and/or Records Office representative in light of coursework already completed.
- Admission to one TGS/TEDS program does not guarantee admission to another program. All admission requirements for the new program must be met.
- At least one semester of TGS/TEDS coursework must be completed before a COP application will be considered, together with the review of that semester's grades. No more than one change of program will be permitted within a single semester.
- The online Change of Program application should be submitted by the following dates: January 15 for the spring semester and September 1 for the fall semester. Changes requested after those dates may be recognized in the next academic term.
- The catalog current at the time of admission to the degree program, not the catalog in effect at the time of original enrollment, will govern the student's new program.
- If COP is denied, applicants may submit a written appeal within thirty days to the Director of Admissions.

Interschool Transfers

Contact the Admissions Office for detailed information about transferring from one school to another within Trinity International University (e.g., transferring from the Graduate School to the Divinity School).

Student Classifications

Visiting Students

If students wish to take courses for credit on a part-time basis but do not want to enroll in a degree program, they may submit a Visiting Student application. In addition to the application form, they must submit an official transcript indicating that they hold a completed bachelor's degree or higher with a minimum GPA of 2.0 sent directly to our Admissions Office. (Visiting students receive "conditional acceptance" until this transcript is received.) Visiting students may enroll in a maximum of 9 hours each semester, and it is recommended that they enroll in no more than 12 hours before applying to a degree program. Please contact the Admissions Office for more information.

Auditors

If students want the opportunity to take one or more courses per semester but have no interest in earning graduate credit or a degree, they are invited to audit classes of their choice. An auditor may usually participate in all class functions but will not be held accountable for tests or assignments, nor receive a grade or credit. No application is required, and the person need not have completed a bachelor's degree. The graduate school, however, reserves the right to limit the number of auditors in any class, and some classes may be closed to auditors. Students in the Master of Arts program in Teaching should note that, in some cases, auditors will be required to participate in classes and prepare all assignments and tests. This difference is due both to the cohort nature of the program and the need to satisfy teaching certification requirements.

Transfer Credit

Students may receive credit for studies taken at fully accredited graduate-level institutions when such work parallels courses listed in our catalog and after successful completion of a full semester of academic work at Trinity Graduate School. Official transcripts of previous

work showing satisfactory grades in the courses must be submitted for consideration.

Transfer credit is not given for undergraduate studies and is usually not granted for coursework taken at non-accredited graduate schools. Also, graduate-level coursework that has been applied toward an undergraduate degree cannot be allowed as transfer credit toward a Trinity Graduate School degree. To be considered for transfer credit, the course grade must normally be a "B-" or better from an accredited graduate-level program.

If a master's degree has been completed at another institution, possible transfer credit will be limited to a maximum of 50 percent of the total credits required for the shorter degree.

If a student wishes to receive transfer credit for work done at another accredited graduate school, an official transcript from that graduate institution must be filed for evaluation, along with the Transfer Credit Request form to the Trinity University Records Office. (**Note:** the Transfer Credit Request form is available for download at MyTIU (<https://mytrinity.tiu.edu>) > Records.)

The Records Office will evaluate transfer coursework under the direction of the TGS Associate Dean and Program Directors. Transfer of credit is not automatic; it is considered only when requested.

Regardless of the amount of coursework that a student may have taken elsewhere, all students must fulfill the minimum residency requirement for their programs at Trinity Graduate School.

Master of Arts in Athletic Training

Students must complete all required courses for credit through Trinity Graduate School.

Master of Arts in Bioethics

24 hours must be taken through TIU coursework, of which a minimum of 3 hours must be taken at the Deerfield Campus. A maximum of 6 hours may be considered for transfer credit. A maximum of eight (8) hours may be considered for transfer credit for students who have completed the Cedarville University Bioethics program.

Master of Arts in Leadership

24 hours must be taken through TIU coursework. A maximum of 6 hours may be considered for transfer credit.

Master of Arts in Teaching, Master of Education in Diverse Learning

Students must complete all required courses either for credit or by audit through Trinity Graduate School.

Master of Arts program in Counseling Psychology (Florida campus)

A maximum of 24 hours may be considered for transfer credit, of which only 12 hours of the concentration may be transferred.

LAW SCHOOL

Welcome to Trinity Law School

Trinity Law School is a dynamic academic community committed to providing quality legal education within the framework of a Biblical Christian worldview. All law schools endeavor to teach students to think like lawyers. Trinity, however, is unique. Here you will not only learn to think like a lawyer, but you will also learn how all law should be founded upon and in harmony with God's law. Your classes will discuss not only defending clients but also defending the faith. You will learn about the law and public policy dominant in the United States in the past and today. Equally important, however, you will develop the skills to champion the implementation of Godly laws and public policies for the future. You will come to understand not merely the rights and interests demanded by men and women in our culture, but also the eternal and inalienable rights flowing from God's creation of mankind in His image.

Trinity has many other advantages. Our faculty of experienced professors and practitioners are fully committed a life of Christian service in their personal and professional lives. We have a low faculty to student ratio that allows for far more personalized instruction than you would receive at many other law schools. We offer a number of clinical opportunities that provide hands-on practical legal experience as a part of your legal education.

Perhaps our most important distinctive is that we provide an extraordinarily collegial environment in which students, faculty and staff work together, pray together, and serve together for the glory of God and His Kingdom.

Trinity Law School is a special place. If you are a current student, we are happy to have you here. For those of you considering joining us, thank you, and we hope to see you on campus soon. May God bless you.

Sincerely,

Eric Halvorson
Dean

About Trinity Law School

Trinity Law School Programs

Juris Doctor (JD)

Master of Legal Studies (MLS)

Clinical Opportunities

We recognize the importance of providing students with opportunities to put their education and faith into action. The Trinity Legal Clinics offer students a unique opportunity to apply their classroom education to helping actual clients before they have completed law school. Each clinic is supervised by an attorney faculty member and is designed to immerse students in the world of law practice while providing much needed service to the community. Practicing law under the guidance of an experienced attorney in a service setting not only equips students with practical skills, but also instills a life-long commitment to serving others. Participation in the clinical programs is reserved for students in the Juris Doctor degree program only.

Regional Opportunities

Trinity Law School has long and valued relationships with the Pacific Justice Institute and the Orange County Rescue Mission. Additionally, Trinity runs a public bankruptcy clinic and a mediation clinic where students have the opportunity to gain skills in alternative dispute resolution and become certified court mediators prior to completing law school. Trinity is proud to offer these legal clinics and is excited about the opportunities they provide for students.

Pacific Justice Institute

The Pacific Justice Institute (PJI) is a nonprofit legal defense organization that specializes in defending religious freedom. The law school hosts one of PJI's Southern California offices on our campus. Trinity Law students have the rare opportunity to participate in cutting edge constitutional law litigation by serving as interns for PJI. The students are able to support ongoing cases that address some of the most significant issues in religious liberty today.

Orange County Rescue Mission

The law school operates a legal clinic at the Orange County Rescue Mission where students provide legal services for the residents under the supervision of a licensed attorney. The law school also operates the Mobile Legal Clinic in partnership with the Orange County Rescue Mission. The Mobile Legal Clinic serves the transient community of Orange County. Through these clinical programs, students address many of the biggest legal issues faced by the homeless. The programs include classroom instruction on the provision of legal services, as well as hands-on training on client interviews, assessing legal needs, and providing answers to difficult legal issues.

International Opportunities

The Center for Human Rights

The Center for Human Rights is a premier research and educational facility for the promotion and protection of international human rights and religious freedom. The Center provides research and educational facilities, classroom instruction in human rights, and opportunities for students to participate in international human rights conferences and educational seminars around the world. The Center has access to

the law school's robust and growing collection of human rights books, periodicals, and international documents.

European Summer Study Program

A special benefit of study at Trinity Law School is the opportunity to participate in the International Human Rights Institute, the Programme Européen d' Été Études des Droits d' Homme in Strasbourg, France.

The Institute was founded in 1969 to teach lawyers, judges, law professors, students and government officials the importance of international human rights. Students learn how countries address some of the world's greatest human rights abuses such as religious persecution, racial discrimination, human trafficking, slavery, torture, and genocide.

Each summer, this program gathers more than 400 students from 100 countries to teach and study international human rights. Program participants spend the month of July studying current human rights issues. Law students may earn 4 to 6 units of credit upon completion,

Other Opportunities

Trinity law students also have the opportunity to participate in other clinical programs, internships, clerkships, and fellowships. During their legal education, our students have worked for judges, lawyers, government agencies, legislators, Christian legal organizations, corporations and nonprofits. Trinity encourages this type of experience and works with students to help them find opportunities that best serve their interests.

Student Organizations

Trinity Law Review

Founded in 1980 as the Simon Greenleaf Law Review, the Trinity Law Review has been a source of scholarship regarding law and the Christian faith, as well as a broad range of other legal issues. Select students may participate in the production of the Trinity Law Review. Students invited to join the editorial board participate in all aspects of publishing the Law Review. In addition, all students are encouraged to write student notes on topical issues for inclusion in the Law Review. Students are therefore afforded an excellent opportunity to develop scholarship skills. Participation in Law Review earns 1-credit hour per semester, up to 4 credits. Participation in Law Review is reserved for students in the Juris Doctor degree program.

Moot Court

Trinity Law School students may compete for a position on the Trinity Law School Moot Court team during the oral arguments conducted as part of the Legal Research & Writing 2 course. The faculty adviser is the sole person responsible for inviting students to join the team. Only the Trinity Law School Moot Court team may send students to Moot Court competitions.

Moot Court competitions develop students' research and brief-writing skills as well as their oral advocacy. Students find it an outstanding opportunity to measure their skills against those of other law students. Students may participate in Moot Court upon completion of or concurrent enrollment in 24 units. Participation in Moot Court earns 1-credit hour per semester, up to 4 credits. Participation in Moot Court is reserved for students in the Juris Doctor degree program.

Student Life

Student life at Trinity is active and vibrant. Students can choose to participate in a wide variety of student associations and clubs.

Student Bar Association

All students are automatically members of the Student Bar Association. The Student Bar Association exists to provide a means for the student body to communicate effectively with the Law School administration. Represented by elected officers, the Student Bar Association has the opportunity to meet regularly with the Dean to present the ideas and needs of the student body.

Other Student Groups

There are many student organizations in which students can participate. While student organizations change each year, the list below represents the variety of organizations that have been active on campus.

- Christian Legal Society
- Federalist Society
- Black Law Students' Association
- Delta Theta Phi
- International Law Student Association
- Women's Legal Society
- Alternative Dispute Resolution Society
- Criminal Law Association

Church Community

Trinity students are blessed to live in a thriving spiritual community. Students have a host of church choices, including such well-known congregations as Calvary Chapel Costa Mesa, Saddleback Valley Community Church, Mariners Church, St. Andrew's Presbyterian, Rock Harbor, and several excellent local Evangelical Free churches.

As a Christian Law School, Trinity opens classes with a prayer or short devotional, holds voluntary Bible studies, and makes Biblical truth a part of the academic curriculum. All students must enroll in a number of required courses that allow students to learn and discuss how Biblical principles guide and affect the development of the law. Trinity also offers special lectures by visiting Christian scholars, professionals, and pastors.

We seek to preserve a caring and nurturing atmosphere where students and faculty members pray together and encourage one another in faith and good works.

Standards of Conduct and Honor Code

Standards of Conduct

As a community of future leaders and a part of Trinity International University, Trinity Law School seeks to maintain high standards of integrity in all areas of life, including academic work, ministry, and community relationships. Given these objectives, students are expected to maintain appropriate personal standards and use wise judgment in matters pertaining to personal conduct. Any set of community standards may contain elements with which some of its members disagree.

Nevertheless, out of a desire to encourage an environment appropriate to its purposes, respect for its heritage, and concern for the values of its constituency, Trinity Law School has established the following behavioral guidelines for all full- and part-time students, whether they are on or off campus (unless otherwise stated):

Practices that are specifically forbidden in Scripture, such as dishonesty, theft, premarital sex, abortion, adultery, homosexual behavior, use of pornography, drunkenness, profanity, gossip, racism, and infringement on the rights of others, will not be condoned.

Scripture explicitly teaches respect for governmental authority. Students are therefore expected to uphold the laws of the local community, the state, and the nation except on those occasions where obedience to civil authority would require behavior directly in conflict with other scriptural principles.

In a Christian academic community, academic dishonesty, including cheating, plagiarism, and misappropriation of library materials, is regarded as a serious violation.

Students are required to refrain from the possession or use of harmful substances such as non-prescribed stimulants and depressants, hallucinogenic, and illegal drugs.

Gambling, although not specifically forbidden by Scripture, is a questionable practice and therefore is not allowed on campus.

Trinity Law School is an alcohol-free and tobacco-free campus. Trinity Law School students, regardless of age, are not permitted, under any circumstances, to purchase, possess, consume, or distribute alcoholic beverages or tobacco products of any kind on-campus. Nonalcoholic beer and other drinks containing a percentage of alcohol are also prohibited on campus. Individuals may be subject to having their breath smelled and/or tested by a Breathalyzer exam given by a staff member.

Any student who is involved in the purchase of alcohol for a minor is subject to immediate dismissal. Trinity Law School reserves the right to report instances of alcohol possession or use by a minor to the proper authorities.

Trinity Law School is a drug-free campus. Possession, purchase, distribution or consumption of any illegal drug is not permitted. Students suspected of the above will be asked to undergo drug testing available at a local Medical Center or on campus. Any student refusing to submit to these tests will be held in violation of our expectations. Any student who is involved in the purchase, possession, consumption or distribution of illegal drugs is subject to immediate dismissal from the law school. Trinity Law School reserves the right to report instances of illicit drug use and alcohol possession or use to the proper authorities.

Trinity Law School values a community environment that is free from all forms of discrimination and harassment. Therefore, discrimination and harassment of any type toward any individual (including domestic relationships) will not be tolerated by the institution. This includes any form of verbal, physical, written (including electronic transmission) abuse, threats, or stalking. This also may include a persistent pattern of behavior directed at another individual that distresses, frightens, or is in some manner inappropriate or threatening. Examples of this include but are not limited to hate speech, abuse because of one's race, gender (sexual harassment, including unwanted advances), sexual orientation, nationality, religion or disability. In the event of threats or the potential of stalking, Trinity Law School reserves the right to contact law enforcement agencies. A formal complaint procedure has been established to respond

to allegations of discrimination and harassment and is available to all students. Those found in violation will be subject to disciplinary action.

In order to facilitate orderly community life, students are expected to abide by other procedural rules and regulations as announced.

Violations of the Standards of Conduct also include aiding or abetting any violation or attempting to commit an act or omission in violation of the Standards of Conduct. Violations of the Standards of Conduct are subject to discipline, including dismissal from the law school.

Honor Code

Each member of Trinity Law School is responsible for maintaining his or her integrity and the integrity of the law school community in all academic matters. It shall be considered a violation of the Trinity Law School Honor Code to commit any of the offenses listed below.

Unprofessional Conduct

Unprofessional conduct includes:

- Any act which is a *malum in se* crime in the jurisdiction in which the law school is located;
- Conviction of any *malum in se* crime in any jurisdiction;
- Acts or omissions evidencing significant moral turpitude;
- Fraud, deceit, dishonesty or failure to disclose information when there is a legal duty to disclose.

Plagiarism

Plagiarism is using someone else's work (including words, line of thought, or organizational structure) and making it appear to be one's own. This occurs when sources are not cited properly or when permission is not obtained from original authors to use their work. Not properly crediting a source is an act of academic dishonesty, fraud, and intellectual property theft.

Another person's "work" can take many forms: printed or electronic copies of computer programs, musical compositions, drawings, paintings, oral presentations, papers, essays, articles or chapters, statistical data, tables or figures, etc. In short, if any information that can be considered the intellectual property of another is used without acknowledging the original source properly, this is plagiarism.

Cheating

Cheating is a form of deception. Cheating has many expressions: copying even a single word from someone else's test paper; unauthorized use of previous examinations, books or materials on a test; having another person take an examination for a student; submission of someone else's work to fulfill a course requirement; or unauthorized use of a part or the whole of a work completed for one course in another course. Cheating includes reporting material as read that a student has not read.

Cheating includes:

- Having someone else do research or other work on a student assignment.
- Downloading a paper off the internet or buying one from another source and then simply rewriting the text while incorporating some or all of the research.
- Hiring a researcher to do research in preparation for a research paper.
- Having another person review a take-home examination or examination answer (or an examination answer written in class);

- Violating any of the regulations for the administration for taking of exams set forth in this Catalog.

In all classes aside from Legal Research and Writing, having another person proofread a research paper for spelling or grammatical mistakes does not constitute cheating if the student makes the changes and corrections. The essential difference is that cheating involves having others do work the student is assigned to do or provide information or assistance that replaces work the student is required to do as the basis for the grading in a course, according to the type of assignment or work involved.

Violation of the collaboration guidelines outlined in the Legal Research and Writing syllabi will constitute cheating.

Defamation and Invasion of Privacy

The elements of defamation or an invasion of privacy violation include all of the following:

1. Publication by any means, including, but not limited to, oral and written forms, of representations of fact concerning a professor, student, staff member, university or law school employee or any other member of the law school community or a person with ties to the law school community, such as a spouse of a student, staff or faculty member or other protected person;
2. The information communicated is false or an invasion of the subject's reasonable expectation of privacy;
3. The disseminator of the allegations has no reasonable basis to believe that the allegations are true or that the matter is not within the subject's reasonable expectation of privacy;
4. The information is likely, in the mind of a reasonable person, to cause damage to the reputation of the subject person; and
5. The subject of the information is offended or otherwise distressed by the dissemination of the information.

Harassment

Harassment includes sexual harassment, assault, intentional infliction of emotional distress and stalking, as defined either by the laws of the United States, the state of California or the common law. Harassment also includes any actions, verbal attacks or personal demeanor directed at another person which is inconsistent with the ethical practice of law, any reprisal or intimidation or attempt to commit any reprisal or intimidation against any person for making an accusation of an Honor Code violation. Or for reporting concerns or suspicions of possible or suspected violations of the Honor Code.

Lying

Lying includes making any materially false statement or representation to a law school or university official, staff person or faculty member concerning any of the following:

- Any matter relevant to the law school or university education of any person;
- Any matter relevant to the right to practice law or the future licensing to practice law of any person;
- Class attendance;
- Honor Code violations or accusations, including proceedings relevant to the investigation or adjudication of accusations of Honor Code violations.

For example, falsely charging another person with a violation of the Honor Code constitutes lying. Providing false information on an application for law school, or an application for full- or part-time employment at the law school, or an application to take the bar examination all constitute lying.

Disruptions of the Operations or Activities of the Law School

Disruption includes, but is not limited to, the following:

- Inappropriate noise at any location on the law school campus;
- Acts or expressions of attitudes of insubordination toward law school staff or faculty members;
- Insolence or disrespectful language or behavior toward law school staff or faculty members;
- Insolence or disrespectful language or behavior toward another student, whether during class, anywhere on campus, or in the presence of other students, staff or faculty members;
- Repeated or chronic failure to prepare for class;
- Deliberately or recklessly preventing others from attending class;
- Vandalism against school property or the property of law school staff or faculty members, or students;
- Actions which have or threaten to have a significant negative impact on the education of students and the work of the law school.

Violations of Examination Policies

Violations of examination rules include violations of instructions concerning the administration of examinations or tests, or rules of conduct during examinations or tests given before an examination begins.

Unfair Competition and Violation of Library Rules

Unfair competition refers to any practice designed to undermine the education or work of students or the faculty to gain personal advantage, or otherwise, including, but not limited to, destruction or hiding of library materials, the property of students or faculty, or disruption of electrical, computer or other technical or support services. Material violation of the rules and procedures of the law school library constitutes a violation of this section.

Failure to Perform the Responsibilities of a Student in the Law Program

Failure to perform the responsibilities of a student in the law program refers to any material failure to comply with the duties, responsibilities, policies, rules, regulations and procedures of the law school, including, but not limited to, those stated in the law school catalog and Student Handbook. The most basic responsibility of a student in the law program is to arrive to class prepared to engage in discussion. Preparedness for class extends beyond merely reading the material assigned for the class session. Students must have a sufficient depth of understanding to support statements made in class and to engage in meaningful dialog with the professor. Students who are repeatedly unprepared for class will be reported to the Dean for sanctions which may include suspension or expulsion.

Penalties for Violations of the Honor Code

A violation of the Honor Code may result in any of the following penalties:

- Reprimand, either written or oral;
- Change of grades of courses, examinations or other work;
- Receiving no credit on an examination;
- Denial of course credit;

- Suspension from the law school;
- Dismissal from the law school;
- Notation of offense and/or penalty on transcript;
- Any other reasonable sanction deemed appropriate by the responsible authority.

Disciplinary Procedures

In compliance with the California State Bar Guidelines for Accredited Law School Rules at Section 2.6 relating to, "Fairness in Student Discipline", the following procedures have been adopted by the Law Faculty Senate and shall be used for all matters involving student discipline at Trinity Law School. These rules shall govern whether for alleged violations of the Honor Code, or any other alleged offense for which discipline of any sort may be warranted or imposed.

1. Report of Alleged Honor Code Violations or Other Alleged Offenses to the Registrar

- a. Report(s) of alleged honor code violations or other alleged offenses may be made by a student, a faculty member, a staff member, an administration member, from other person(s) having an affiliation with Trinity Law School, or from the general public, and shall be made to the Registrar.

- c. The exact nature of the alleged Honor Code violation or other alleged offense must be set forth in writing by the complaining person(s). The report shall include the name of the person(s) allegedly violating the honor code or committing another offense (the "Involved Student") together with the date(s), time(s), location(s), and person(s) involved or witnessing or having information relating to the alleged violation(s). The complaint shall also set forth the particular alleged violation together with such other and further information as is necessary to a thorough understanding of the allegations being made.
- d. Within a reasonable time after such a report is made, the Registrar shall inform the Involved Student that the complaint has been received, that the complaint will be investigated, and that the Involved Student will be kept informed of the progress of that investigation. During the reporting and investigation phases of these procedures, all information relative to the alleged complaint shall be communicated to the Involved Student with the exception of the identity of the complaining party(ies). The Registrar shall notify the Involved Student by any means including, but not necessarily limited to, telephone, fax transmission, voice mail, email, US Mail, or otherwise. The Registrar shall keep records of all such notices given including the date and time the notice was provided, the person(s) with whom the Registrar communicated, and the means of communication used.

 3. The method of the communications.
 4. Whether to obtaining documents, if applicable.
 - ii How to proceed.
 1. The Registrar may determine that the matter is minor, in which case:
 - a. The Registrar may issue a verbal warning; provided, however, that the Registrar must refer the matter to the Disciplinary Committee if he or she intends to place any written warning or reprimand in the Involved Student's file.
 - b. The Registrar may, but shall not be obligated to, assist in efforts to achieve reconciliation among the parties.
 - c. The Registrar may decide to take no action.
 - d. The Registrar may determine that a significant violation or offense has occurred, in which case the Registrar will refer the matter to the Chairperson of the Disciplinary Committee.
- b. During the investigation, any and all students involved or with whom the Registrar chooses to have communications of whatever nature shall cooperate fully with the Registrar and the investigation.
- c. The investigation shall be a neutral, fact-finding mission.
- d. There is no time limit imposed upon the investigation but the Registrar shall act with all due speed.
- e. At the close of the investigation, the Registrar shall report his or her decision (to take no action, to handle in an internal fashion within the Registrar's Office if minor and if not involving any sanction of any kind, or to refer to Disciplinary Committee) to the Chairperson of the Disciplinary Committee. The Involved Student shall be advised by the Registrar of the date the investigation report is supplied to the Chairperson of the Disciplinary Committee. Notice by the Registrar to the Involved Student shall be provided by any convenient means which may include, but is not necessarily limited to, telephone, fax transmission, voice mail, email, US Mail, or otherwise. The Chairperson shall then, within a reasonable period of time, advise all members of the Disciplinary Committee of the findings, recommendations, and/or action(s) taken, if any, by the Registrar.

3. Review by Disciplinary Committee

- a. The Chairperson of the Disciplinary Committee shall set a reasonable time within which any member of the Disciplinary Committee may choose to review the matter. If no member of the Disciplinary Committee chooses to review the matter, the decision(s) and/or action(s) of the Registrar shall be considered final. If, however, the Registrar recommends any form of sanction against the Involved Student, then the Chairperson of the Disciplinary Committee shall schedule the date, time, and location

of the Review. Therefore, the Disciplinary Committee may take the following actions upon receiving a report from the Registrar.

- i Choose to close the matter and take no action.
 - ii Choose to investigate further.

- b. Upon choosing to review a matter, the Disciplinary Committee may, after deliberation, refer the matter back to the Registrar for further investigation. Following any further investigation and following its review, the Disciplinary Committee shall reach a tentative decision. During the time that a decision is tentative, no sanction shall be imposed upon the Involved Student. The Disciplinary Committee does, however, reserve to itself the right and power to consider all circumstances and to issue temporary findings and orders as may be necessary to safeguard students, staff, faculty or administration, or others, their property, or interests, or to preserve order, decorum or provide for the general welfare of the institution.
 - i That decision will be to either take no action, or impose a sanction.
 1. If no action is taken, the matter shall be closed.
 - a. The Registrar shall communicate to the Involved Student that the Disciplinary Committee has chosen to take no action and that the matter is closed to the Involved Student.
 - b. The Involved Student shall have no right of appeal or to request any further findings or clarifications from the members of the Disciplinary Committee or the Registrar if the matter is closed without any action being taken.
 2. If a sanction is tentatively ordered, the Registrar will provide notice to the Involved Student of the tentative sanction within a reasonable period of time following the Disciplinary Committee reaching its tentative decision. Notice by the Registrar to the Involved Student shall be provided by any convenient means which may include, but is not necessarily limited to, telephone, fax transmission, voice mail, email, US Mail, or otherwise. This notice shall include the following:

 - c. The fact that the matter has been investigated.
 - d. All materials developed in the course of the investigation.
 - e. The fact that a tentative decision has been reached.
 - f. The sanction to be imposed, if any, under the tentative decision together with any temporary findings or orders, if any, in keeping with 3(b), above.
 - g. That the Involved Student will have twenty (20) days to request a hearing before the Disciplinary Committee or, that if no such request is made, that the tentative decision shall become the final decision.
 - h. That the request for hearing must be made by the Involved Student in writing to the Registrar's Office.

of the Disciplinary Committee shall be come final and any right of appeal shall be deemed waived.

4. Hearing by the Disciplinary Committee

- a. Following review by the Disciplinary Committee and their decision, and after the Involved Student requests a hearing, the Disciplinary Committee shall conduct a hearing on a date, at a time, and at a location to be determined by the Disciplinary Committee.
- b. The date, time and location for the hearing shall be at the discretion of the Disciplinary Committee, but shall be set with a goal being to permit the Involved Student adequate time for investigation and preparation.
- c. At the hearing:
 - i The Involved Student may produce documents, including Declarations under oath and advance arguments, but may not provide live testimony whether from the accusing party(ies), law school faculty, staff, or administration, or third parties.
 - ii The Involved Student shall have thirty (30) minutes maximum to present his or her case.
 - iii The Involved Student may seek legal counsel at his or her own cost but may not be represented by counsel at the hearing, nor may counsel be present.
 - iv The hearing may not be recorded whether by audiotape, videotape, stenographer, shorthand reporter, or otherwise. The Disciplinary Committee may elect to provide a person to take notes and/or minutes.
 - v The Disciplinary Committee shall not be bound to follow ordinary rules of evidence or procedure.
 - vi The Disciplinary Committee may re-open for further investigation after the hearing.

 - viii The Disciplinary Committee shall deliberate privately.
 - ix Said deliberations shall be based upon the standard of proof of a preponderance of the evidence.
 - x Said deliberations shall be concluded by a decision reached by a simple majority vote.
- d. The Disciplinary Committee shall, through the Registrar's Office, notify the Involved Student of its decision within a reasonable period of time following the hearing. The Registrar shall notify the Involved Student by any convenient means which may include, but is not necessarily limited to, telephone, fax transmission, voice mail, email, US Mail, or otherwise. The final decision may be to adopt the tentative decision as the final decision, to modify the tentative decision, or to recommend no further action be taken, thus vacating the tentative decision. Said notice shall set forth a date and that date shall act as the date of the Disciplinary Committee for the purposes of (5), below.

5. Appeal by the Involved Student, if any, shall be to the Dean of the Law School.

- a. The Involved Student shall communicate his or her request for an appeal to the Dean through the Registrar's office. The request must be communicated by the Involved Student to the Registrar not later than twenty (20) days following the communication of the final decision of the Disciplinary Committee by the Registrar to the Involved Student. See, 4(d), above. Failure to timely

communicate the request for the appeal shall be deemed a waiver of the appeal.

- b. The Dean shall have the right to conduct the appeal in any manner that the Dean believes to preserve the best interests of justice.
- c. The Dean shall conduct the appeal within a reasonable period of time.
- d. The Involved Student shall appear at the appeal proceeding. The Involved Student may seek legal counsel at his or her own cost but may not be represented by counsel at the hearing of the appeal, nor may counsel be present at the appeal hearing. The appeal hearing may not be recorded whether by audiotape, videotape, stenographer, shorthand reporter, or otherwise. The Dean may elect to provide a person to take notes and/or minutes.

The ruling may be in the form of an affirmation, a reversal and remand, a reversal, a modification, a vacating of findings and ruling, or in any form of ruling deemed to be appropriate in the discretion of the Dean.
- i. The ruling of the Dean on the appeal shall be final.

Campus Safety

Safety Policy Statement

Accident prevention is of primary importance in all phases of operation and administration. It is the intention of the school's administration to provide safe and healthy conditions and to establish and insist upon safe practices at all times by employees and students. The prevention of accidents is an objective affecting all levels of the organization and its activities. It is the duty of each employee and student to accept and follow established safety regulations and procedures.

Injury Reporting

Employees and students are expected to assist the administration in accident prevention activities. Unsafe conditions must be reported. Students and employees who need help should be assisted. Everyone is responsible for the housekeeping that reduces the potential for injury. Any injury that occurs on the school premises, even a slight cut or strain, must be reported to the administration as soon as possible. In no circumstances, except an emergency, should an employee or student leave the premises without reporting an injury that occurred.

Incident Reporting

The Santa Ana Police Department has the primary jurisdiction and responsibility to investigate crimes and provide police services at the law school campus. It is important that all crimes occurring on campus be reported immediately to the police department to ensure that appropriate action can be taken. The law school endorses a reporting policy that strongly encourages victims to report all incidents regardless of their nature. Crimes occurring on the law school campus can be reported

in person or by dialing 9-911 from any telephone on campus. All the telephones located on campus are tied into the 911 emergency system.

Non-emergency calls for assistance can be reported by dialing campus services at extension 7169. Upon reporting a crime occurrence, traffic accident, injury accident or other incident, the proper response will be quickly determined and the appropriate action initiated. Calls for fire and medical emergencies should be directed to the police department dispatcher by dialing 9-911 from any on-campus phone. If there is a fire and a telephone is unavailable, activate one of the fire alarms located throughout the campus. Members of the law school community are encouraged to report immediately any suspicious activity to the operator. Crimes can be averted by the prompt reporting of suspicious activity. The reporting of physical hazards is encouraged in order that they may be corrected to avoid personal injury.

When students become aware of the presence of individuals on campus who are not there on campus business before 5:00 p.m., they should contact the Registrar immediately. After 5:00 p.m. on weekdays, and on Saturdays, the student should contact campus services at 714-796-7130 to report the presence of such individuals.

Academic Life

Programs

Juris Doctor Overview

In addition to admissions requirements, students must complete 90 units of study with an average of C (a GPA of 2.0). Students must attend at least 80 percent of the regularly scheduled class hours in each course to receive credit for that course.

Both the full and part-time degree plans must be completed in five years or less. The full-time program must include at least three consecutive academic terms within five years; the part-time program must include at least four consecutive academic terms within five years.

Any student with a disability requiring special arrangements will be accommodated upon petition, with supporting documentation and pending approval from the Dean. Special accommodations will be carefully tailored to meet the documented need in accordance with the Trinity Law School disability policy.

Juris Doctor - Flex Track Program

Students who have not taken the Law School Admissions Test or who do not meet the requirements for the regular Juris Doctor program may be considered for admission into the Juris Doctor Flex Track Program. Students must complete 18 units of study in separate Juris Doctor Flex Track courses specifically designed to pass the First Year Law Students Examination, FYLSX.

Master of Legal Studies Overview

The Master of Legal Studies degree program is a 30-unit online degree program. Students complete a core curriculum of 15 units and must choose from one of six 15-unit tracks for a total of 30 units. The six tracks are: General Legal Studies, Human Resources Management, Human Rights, Non Profit Organizations, Church and Ministry Management, and Bioethics. Juris Doctor

The J.D. Program Mission

The Juris Doctor program at Trinity Law School is a rigorous program of legal education that prepares its students, upon graduation, for admission to the bar and for effective, ethical, and responsible participation as members of the legal profession.

J.D. Student Learning Outcomes

Upon completion of the Juris Doctor program, the graduate shall, at a minimum, include competency in the following:

1. Demonstrate a basic knowledge of the law in key areas tested on the California Bar Exam by obtaining a grade of C or higher on a class examination.
2. Demonstrate that law may be practiced as a tool of ministry through pro-bono or low-cost legal services.
3. Identify and formulate the legal issues and theories that apply to the facts of a described situation or problem in the content area as demonstrated by successful performance on an examination.
4. Compare case law to a given set of facts, using it to determine the appropriate action as demonstrated by written case briefs and participation in classroom discussion.
5. Integrate biblical principles to content area topics through classroom discussion and/or assignments.

Degree Requirements

To graduate with a Juris Doctor degree, students must successfully complete the prescribed program of 90 units of study within 5 years. A cumulative grade point average of 2.0 or above is required for the degree.

Students wishing to complete the program in three years should maintain a unit load of 15 units per semester. Students wishing to complete the program on a part-time basis should maintain a unit load of 12 units. Students may be able to reduce their unit load by enrolling in summer session courses. Students are required to take a minimum of 9 units each semester.

Students wishing to enroll in more than 16 units or less than 9 units in any given semester must submit a petition to the Registrar's Office for approval.

Academic Year

The academic calendar consists of fifteen-week semesters each fall and spring with the option of taking additional courses during the summer session. Courses are offered throughout the day and evening, as well as on Saturdays to facilitate full and part-time programs of study. Please see the calendar in this catalog or at tls.edu for semester start and end dates, registration deadlines, and holidays.

Saturday Classes

Trinity Law School is one of the few law schools to offer classes on Saturdays. Qualified students have the option to earn their entire JD degree by attending class on Saturdays only. Incoming students with an LSAT of 145 or higher will be permitted to take up to nine units of class time in a single day. This allows these qualifying students to take all the required first semester classes on Saturday. In later semesters, those students with a cumulative GPA of 2.66 or higher can continue to take up to nine units of class time in a single day, and thus can continue to complete the program by taking classes only on Saturdays.

Saturday classes are open to all students. The LSAT and GPA requirements noted above only apply to students taking nine units on Saturdays.

Please be advised that should you need to retake a course, you must retake it during one of the weekday sessions as it will not be re-offered on Saturday.

Accreditation

Trinity Law School is accredited by the Committee of Bar Examiners of the State Bar of California. Trinity Law School is a school of Trinity International University, which is accredited by the Higher Learning Commission.

Trinity Law School's degree-granting authority is in connection with its students qualifying to take the California Bar Examination and obtain admission to the practice of law in California based on accreditation by the Committee of Bar Examiners of The State Bar of California.

Admission to Practice Law in California

Accredited by the Committee of Bar Examiners of the State Bar of California, the law program fulfills the requirements pertaining to admission to the practice of law in the State of California. Graduates are qualified to take the California Bar Examination.

Admission to Practice Law Outside of California

Applicants intending to practice law in states other than California are encouraged to investigate the educational requirements, as well as the rules and regulations, governing admission to practice in those jurisdictions. Study at, or graduation from, this law school may not qualify a student to take the bar examination or be admitted to practice law in jurisdictions other than California. A student who intends to seek admission to practice law outside of California should contact the admitting authority in that jurisdiction for information regarding its education and admission requirements.

Out of State Students

Students coming to Trinity Law School from out-of-state should make sure that they have secured suitable housing and transportation to ensure that these issues do not become an impediment to academic success. Trinity does not provide on-campus housing. However, there are several apartment complexes with one, two, or three-bedroom units located near campus offering a range of rental rates, leasing and amenities options.

Out of state applicants should contact the Admissions office for information on housing and essential services.

Students with Disabilities

Students with disabilities requiring special arrangements will be accommodated upon petition, with supporting documentation of the disability and upon approval of the Registrar. Special accommodations will be carefully tailored to meet the documented need in accordance with the Trinity Law School disability policy. An informational packet detailing the services available for students with disabilities can be obtained from the Records Office.

Students with a First Degree in Law from a Foreign School

Trinity Law School accepts students who have earned a first degree in law at a foreign institution who wish to complete a year of legal education at a California Bar Accredited law school in areas of law prescribed by the Committee of Bar Examiners to become eligible to sit for the California Bar Exam.

Students with a first degree in law from a foreign law school will be required to enroll in Professional Responsibility and Ethics and at least three of the following:

Students with a first degree in law from a foreign school are held to the same expectations of academic honesty and integrity in their work.

Juris Doctor Flex Track Program Overview

Students who have not taken the Law School Admissions Test or who do not meet the requirements for the regular Juris Doctor program may be considered for admission into the Juris Doctor Flex Track Program. Students must complete 18 units of study in separate Juris Doctor Flex Track courses specifically designed to pass the First Year Law Students Examination, FYLSX. At the end of the first year of 18 units of study, a student with a grade point average of 2.67 or higher will have the FYLSX requirement waived. All other students must sit for and pass the California First Year Law Students Examination to continue in the regular Juris Doctor program at Trinity Law School.

Students must enroll in and complete Torts 1, Contracts 1, and Criminal Law in the first semester, and Torts 2, Contracts 2, and FYLSX Skills in the second consecutive semester, which are offered in the evenings only. Students who drop a class, receive a failing grade or unauthorized withdrawal in any class during either of the two semesters will be dismissed from the Juris Doctor Flex Track program.

Final Course Grades

Grading is based upon the relative quality of each student's response compared with other students in the same class. Grades on individual components in a class may or may not be curved. Final grades will not be an average of grades on individual components.

For the following classes, grades are distributed according to Table A (p. 560):

Code	Title	Hours
LA 505a	Legal Institutions and Values	3
LA 521	Contracts 1	3
LA 522a	Contracts 2	3
LA 531a	Criminal Law	3
LA 541	Torts 1	3

LA 559	Legal Research and Writing 1: Objective Writing	3
LA 560b	Legal Research and Writing 2: Persuasive Writing	3
LA 783i	Criminal Procedure	3

For all other required classes, grades are distributed according to Table B (p. 560).

Grading tables can be found in Appendix 1 (p. 560).

Grading Curves

In applying the curve, instructors will use the distribution of grades with reference to class size as shown in the tables located in Appendix 1 (p. 560). Instructors may petition the Dean to deviate from the curve slightly in classes where a strict application of the curve would not properly measure student performance.

Law Student Registration with the Committee of Bar Examiners

All students seeking admission to practice law in California must register with the Committee of Bar Examiners within 90 days from the commencement of their law studies. Registration must be completed through the State Bar of California website (www.calbar.ca.gov (<http://www.calbar.ca.gov>)).

Petitions to the Committee of Bar Examiners

All petitions filed with the Committee of Bar Examiners must be verified. Accordingly, students are requested either to appear before a notary public to have a petition sworn to, or in the alternative, to attach a declaration under penalty of perjury in the following form:

"I declare under penalty of perjury that the foregoing petition is true and correct to the best of my knowledge and belief. Executed on this __ day of , 20__, at __(city)__, __(state)__.

Master of Legal Studies

The M.L.S. Degree Program Mission

The Master of Legal Studies program at Trinity Law School is designed to give a broad understanding of law and legal systems for those students and professionals who seek to advance their careers in areas that involve legal compliance, regulations, contracts, negotiations, business, property, or human rights. The program provides a general introduction to legal principles that gives students already in the work force the ability to aid their employers in legal issues. The program will also provide students with the ability to assess the effectiveness of counsel retained by employers and use legal services effectively. In addition to a general survey of law and legal systems, the Trinity Law School M.L.S. will provide opportunities for students to concentrate their degree program in Human Rights, Human Resources, Nonprofit Management, Church and Ministry Management or Bioethics.

The Master of Legal Studies degree program is a 30-unit online degree program. Students complete a core curriculum of 15 units and must choose from one of six 15-unit tracks for a total of 30 units. "Except as provided in rule 4.30 of the *Admissions Rules* (Legal education in a foreign state or country), completion of a professional law degree program at this law school other than for the Juris Doctor degree does not qualify a student to take the California Bar Examination or satisfy the requirements for admission to the practice law in California. It may not qualify a student to take the bar examination or to satisfy requirement for admission to the practice of law in any other jurisdiction. A student intending to seek admission to practice law should contact the admitting authority in the jurisdictions where the student intends to qualify to sit for the bar examination or to be admitted to practice for information regarding their legal education requirements."

MLS Student Learning Outcomes

Upon successful completion of the M.L.S. program, the graduate will be able to:

1. Demonstrate a basic knowledge of the law in areas applicable to a wide range of business and management positions.
2. Apply the law as a tool for effective and ethical decision-making.
3. Identify and formulate the legal issues and theories that impact their professional career.
4. Effectively interact with attorneys regarding the application of legal solutions to business and ministry challenges.
5. Recognize and resolve ethical issues by applying knowledge of secular law and biblical principles to content area topics.

Academic Rules and Practices

Examination Taking Regulations

- Students may not bring their own scratch paper into examination rooms. Bluebooks and scratch paper will be furnished by the proctor;
- Use of a telephone or any other electronic device, other than an authorized computer, during examinations is prohibited. Any incoming call to the front desk, 714-796-7169, during an examination that is of a vital emergency nature will be relayed promptly to the student concerned;
- Students who are taking examinations may not use the library at any time during the examination period unless so instructed by the professor;
- Students who fail to turn in answers to all of the questions on an examination because they fail to realize that the examination contains more questions, or for any other reason, will be graded on the basis of the normal weight of the questions answered. No make-up opportunities will be allowed for the questions omitted. Unanswered questions will receive no credit;
- Students arriving late to begin an examination will not be given extra time to complete the examination;
- Students who take their bluebooks home, or who otherwise fail or forget to turn them in at the time of the examination, will not be permitted to turn them in for a grade later;
- Students are not permitted to write personal notes or comments on examination papers that may be construed as an attempt to influence the grading of the examination;
- Students engaging in any other activity that indicates reliance on sources outside the examination room during testing times are in violation of the cheating prohibition.
- Students who encounter computer problems during the examination will not be provided with technical assistance. They may attempt to correct the problem or must immediately raise their hand to receive a bluebook from the proctor to continue with the examination by handwriting. No extra time will be allotted. The examination must be handwritten to receive a score and the exam cannot be retaken. The examination will count against the student's grade notwithstanding computer problems.

Grading on Examinations and Papers

Examinations and student papers in the Juris Doctor program are graded using a strict curve rather than on a criteria basis. When classes are sufficiently small to warrant deviation from the curve, professors may depart from the curve in grading so as to assure that grading is generally consistent with grades given in other classes.

Examinations and student papers in the Master of Legal Studies program are graded on a criteria basis. Criteria are determined by the professor.

Standing

The minimum cumulative grade point average necessary to maintain good standing is 2.0 for the Juris Doctor Degree program and 3.0 for the Master of Legal Studies degree program.

Juris Doctor Ranking

To assist students in assessing their own academic performance, students enrolled in the Juris Doctor program who have completed 18 or more units will be provided a rank in the student portal. Students who

have completed 18 or more units will be ranked within two tiers. Those students completing 18-54 units are considered the middle tier. Those students earning 55-89 units are considered the upper tier. The ranking information on the student portal will indicate the number of students in their tier and their ranking within that tier.

On October 1st of each year, all students who will have graduated within the preceding 12 months will receive an electronic document indicating their rank among all the students who graduated during that year. Ranking is not indicated on the students' transcripts.

Contesting Grades

An examination or course grade, once recorded, shall not thereafter be changed except after consultation with the professor of record and with the approval of the Law Faculty Senate. A grade may be changed by the professor with the approval of the Registrar in the instance of a calculation error.

A student who claims that a grade was the product of unfairness or a departure from established grading policy may elect to have such claim reviewed by the Law Faculty Senate. All requests for a grade change must be made using a student petition form and must be filed within 20 days of the date that grades and copies of the graded exams are posted by the Registrar's Office. The Law Faculty Senate will review such requests and may seek input from the faculty member who graded the class. The Law Faculty Senate will make the final decision on requests for a grade change.

Specific Course Requirements

Specific requirements and weighting for graded components that make up the course grade are set forth in the course syllabus.

Transfer Credit

The transferability of credits you earn at Trinity Law School is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the degree(s) that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Trinity Law School to determine if your degree will transfer.

Trinity Law School does not have any course-to-course articulation agreements that identify individual courses or sequences of courses from a sending institution that are acceptable in lieu of a corresponding course or sequence of courses in the Juris Doctor or Master of Legal Studies program.

Juris Doctor Degree Program

The maximum age of units that will be considered for transfer credit is 36 months and the maximum number of units that can be transferred is 45 semester units. A unit of credit is considered to consist of 15 classroom hours. One classroom hour is defined as 50 minutes of classroom-based instruction. Transfer credit is normally granted only for courses taken at an ABA-approved or California Accredited Law School. Transfer credit is evaluated on a case-by-case basis. Classes are individually considered for transfer and only classes with grades at the prior school's good

standing level may be accepted for transfer credit subject to similarity to Trinity Law School course contents.

Master of Legal Studies Degree Program

The maximum number of units that can be transferred from an outside institution is 15 semester units, or 50% of the degree. Students transferring from the Juris Doctor program at Trinity Law School may transfer up to 18 units to the Master of Legal Studies program. A minimum of twelve units must be taken in the Master of Legal Studies program. A unit of credit is considered to consist of 15 classroom hours. One classroom hour is defined as 50 minutes of instruction. Transfer credit is evaluated on a case-by-case basis. Classes are individually considered for transfer and only classes with grades C- or higher at the prior school may be accepted for transfer credit subject to similarity to Trinity Law School course contents.

Grading for Elective Courses in the Juris Doctor Program

Elective courses will be graded according to Table B in Appendix 1. Law Review, Moot Court, clinical courses and internships are graded on a credit/no credit basis.

Transcript Notations

Non-letter grades on student transcripts will be reflected as follows:

CR - Credit: Represents the successful completion of a course offered on a credit/no credit basis. These units apply toward graduation requirements but are not calculated in the grade point average.

NC - No Credit: Represents the failure to complete successfully a course offered on a credit/no credit basis. These units are calculated as units attempted but do not apply toward graduation requirements and are not used in the calculation of grade point average.

Transcript notations where no grade is given will be reflected as follows:

AU - Audit: Indicates registration for a class on an audit basis, which normally indicates regular attendance in class and participation in discussion. Students who audit courses are not enrolled for credit. No grade is assigned, and grade points and units are not awarded for courses audited.

N - In Progress: Represents course work in progress.

AW - Authorized Withdrawal: Indicates withdrawal from a course while doing acceptable work. These units do not apply toward graduation requirements and are not calculated in the student's grade point average.

UW - Unauthorized Withdrawal: Indicates student failure to withdraw from a course in a timely manner, or administrative withdrawal from a course. These units do not apply toward graduation requirements and are not calculated in the student's grade point average.

Repeating Courses

Juris Doctor Degree Program

A student on probation or in good standing receiving a grade below C may retake courses to seek a higher grade. A student will not be permitted to repeat a course in which the student received a grade of C or higher. Both grades will be reflected on the student's transcript, but only the highest grade will be used for purposes of computing the student's cumulative grade point average.

In all cases of repeating courses, students will be charged the normal rate of tuition.

Master of Legal Studies Degree Program

A student may elect to repeat any course in which a grade of B- or lower is earned provided that the repeated course is taken through a regularly scheduled class, or as a reading course with the instructor's permission. The higher grade earned in the course will be used in the calculation of the grade point average. A repeated course for which credit has been earned may produce an improved grade and improved cumulative grade point average but will not provide additional credits. A required course in which a C or higher is earned may be repeated only once. All courses, grades, and grade point average calculations will remain printed on the transcript.

In all cases of repeating courses, students will be charged the normal rate of tuition.

Students in the Juris Doctor Flex Track program do not have the option to retake Flex Track courses.

Academic Advancement, Probation, and Dismissal

Juris Doctor Degree Program

If a student's cumulative grade point average after any semester is less than 2.0, the student will be placed on academic probation for the following semester. This applies to fall, spring, and summer sessions. Any student failing to earn a cumulative grade point average of at least 2.0 at the end of the semester during which they are on probation will be academically dismissed. An academic dismissal is noted on the student transcript; probation is not noted on the transcript.

Students will not be allowed to graduate with a cumulative grade point average below 2.0.

Students are prohibited from completing law school prior to 32 months as required by the State Bar rules.

Students should also be aware that failing a required course necessitates that the course be repeated. No credit will be earned for the failed course. Students should be advised that failing a course will have implications on registration and may delay anticipated graduation date.

Special Rules for Spring Matriculates

Students who start their legal studies in the spring semester are subject to distinct rules regarding academic advancement, probation, and dismissal. All year-long classes started in the spring semester must be completed during the following summer. A student matriculating in the spring semester who receives a grade point average of less than 2.0 at the end of that semester is placed on academic probation. If students on probation under these circumstances do not raise their grade point average to at least 2.0 by the end of the summer, they will be academically dismissed. A student wishing to repeat a required course must file a petition with the Registrar. Students matriculating in the spring are subject to the 32-month residency requirement set by the California State Bar. Due to this requirement, any student who matriculates in the spring and wishes to graduate in three years will complete the program during the summer session.

Special Students

Students admitted as special students (students who have not completed the minimum two years of college work but have demonstrated equivalent intellectual achievement by achieving acceptable scores on Committee-specified examinations (CLEP) prior to beginning the study of law) must pass the First-Year Law Student's Examination to advance to the second year of study. In accordance with Rule VIII of the Rules Regulating Admission to Practice Law in California, credit is not received until the applicant has passed the examination. Once a special student becomes eligible to sit for the First Year Law Students Examination, they must pass the exam within the first three administrations. Special students at Trinity Law School are not allowed to accumulate more than 40 units if the exam is not passed.

Master of Legal Studies Degree Program

The minimum cumulative grade point average to earn a degree is 3.0. If a student's cumulative grade point average after completion of any term is less than 3.0, the student will be placed on academic probation. The probationary status will remain in effect until the student raises the cumulative grade point average to 3.0. Any student whose cumulative grade point average falls below 2.3 will be academically dismissed. An academic dismissal is noted on the student transcript; probation is not noted on the transcript.

Students will not be allowed to graduate with a cumulative grade point average below 3.0.

Students should also be aware that failing a required course necessitates that the course be repeated. No credit will be earned for any failed course. Students should be advised that failing a course will have implications on registration and may delay anticipated graduation date.

Requirements for Graduation

Juris Doctor Degree Program

The Juris Doctor degree is conferred upon students who have met the admissions requirements for the degree and who have satisfactorily completed the prescribed program of law study. To graduate with a Juris Doctor degree, students must successfully complete the prescribed program of 90 units of study within 5 years. The 90 units must include all of the required courses. A cumulative grade point average of 2.0 or above is required for the degree.

Candidates for the Juris Doctor degree must complete their studies no earlier than 32 months and no later than 60 months after the student has commenced law study at Trinity Law School, or a school from which the law student has transferred credit. A student who requires more than 60 months to complete the Juris Doctor degree must file a petition with the Registrar for authorization. Final responsibility for meeting degree requirements for graduation rests with each student.

Candidates for the Juris Doctor degree must complete six units of practical skills courses. Courses that meet the practical skills requirement include legal research and writing, clinics and practical skills electives. Each practical skills course description indicates if a specific course meets the practical skills requirement.

Master of Legal Studies Degree Program

The Master of Legal Studies degree is conferred upon students who have met the admissions requirements for the degree and who have satisfactorily completed the prescribed program of study. To graduate with a Master of Legal Studies degree, students must successfully complete the prescribed program of 30 units of study and may not

exceed 6 years from date of matriculation in the program. The 30 units must include all of the required courses for the degree. A cumulative grade point average of 3.0 or above is required for the degree. Final responsibility for meeting degree requirements for graduation rests with each student.

Inspection and Photocopying of Examinations

All students are permitted to obtain and keep copies of their essay examinations. If a student does not receive copies of his or her essays within two weeks of the posting of grades, the student may request copies from the Registrar. Multiple-choice questions and answers will not be released to students.

Make-up Examinations

Failure to take an examination at the regularly scheduled date and time without prior approval by the Registrar will result in a failing grade for the course. Students who are unable to inform the Registrar of their absence at an examination because of an emergency should petition the Registrar for relief from the failing grade immediately upon their availability to do so. The petition may be granted upon sufficient evidence of the inability to contact the Registrar.

Any student seeking to take an examination at a time other than the date and time posted for regular administrations for the exam must contact the Registrar at least two weeks in advance of the exam and pay \$500 to cover the cost of preparing a separate examination. This charge is not intended to be punitive and applies without regard to the reason for the late examination. All late examinations must be taken as soon as possible but in no event later than two weeks after the scheduled exam date.

Anonymity

To preserve anonymity in examination grading, students are assigned an examination number. The examination number is to be used on every examination or paper in lieu of the student's name. Students can locate their examination number by logging in to the student portal under passwords. Students must maintain the confidentiality of their assigned numbers. New confidential examination numbers are issued once per academic year.

Courses requiring the professor to interact extensively with students' written work, such as Legal Research and Writing and certain writing-intensive elective courses, do not require anonymity in grading. These courses require the professor to interact with students in person to give feedback on written assignments. Students should refer to the course syllabus to determine if the course is not graded anonymously.

Exam Taking Options

Students may either handwrite an exam in a bluebook provided at the time of examination or type answers on a laptop computer. Students wishing to take an examination on a laptop computer must be registered on ExamSoft prior to the day of the exam. Students will receive notification each semester when the ExamSoft software, Exemplify, is available for downloading. Students must conform to the exam taking protocols given by ExamSoft when registering.

State Bar Requirements for Admission to Practice Law

The State Bar of California regulates legal education in California. Each student has the responsibility to comply fully with the Rules Regulating Admission to Practice Law in California. Students are strongly advised to obtain a copy of the rules from the Office of Admissions of the State Bar of California.

Professional Responsibility Examination

All applicants for admission to practice law in California are required to pass the Multi-state Professional Responsibility Examination (MPRE) administered by the National Conference of Bar Examiners. The law school recommends that students complete the Professional Responsibility and Ethics course prior to taking the MPRE exam. Students should consult the California State Bar website for details regarding this examination.

Admission to Practice Law Outside of California

Trinity Law School is accredited by the Committee of Bar Examiners of the State Bar of California. Juris Doctor students are qualified immediately upon graduation to take the bar examination in California.

Study at, or graduation from, this law school may not qualify a student to take the bar examination or be admitted to practice law in jurisdictions other than California. A student who intends to seek admission to practice law outside of California should contact the admitting authority in that jurisdiction for information regarding its education and admission requirements.

Admissions standards for each state are set forth in the American Bar Association's Comprehensive Guide to Admission to the Practice of Law. This resource may be obtained at ncbex.org (<http://ncbex.org>).

Records

Trinity Law School retains all documents received in the admissions process for at least two years for students who do not enroll. For students who do enroll, documents are retained for at least five years beyond the date last attended. Records of students' academic performance while at the law school are retained permanently.

Release of Transcripts

Unofficial transcripts are available online. Official transcripts will not be released if the student is delinquent in financial obligations to the school. Official transcripts may be ordered online at www.tls.edu (<http://www.tls.edu>) by clicking on the "Request Transcript" link at the bottom of the main page.

Emergencies Affecting Coursework

Requests for extensions for completion of course requirements are directed to the Registrar's Office by filing a Student Petition Form. Such requests are considered only in cases of serious illness or other unforeseeable emergencies and are authorized on a case-by-case basis.

Law School Student Petition Form

The Student Petition Form has been devised as a convenient medium of communication between the student and administration. This form

is available at the Records Office. It should be filled out completely and forwarded to the Registrar's Office.

Attendance/Preparedness

Juris Doctor Degree Program

Attendance

Students must attend at least 80% of the regularly scheduled class hours in each course to receive credit for the course. If a student is dropped from a course due to inadequate attendance, the student will receive an "Unauthorized Withdrawal" on their transcript and will, in order to meet graduation requirements, be required to repeat the course when it is next offered. Students are required to come to class prepared to actively participate as each course may require.

Students should be aware that failure to meet the attendance standard can take place through tardiness or early departure from class as well as absence for an entire class. For example, in a class that meets once each week, a student who has missed three entire classes and has been tardy for one class has failed to meet the attendance standard and will not receive credit for the course.

- **Absence:** Under the statutory provisions and rules of the State Bar of California, absence from classes is never excused; a student is either "present" or "absent." A student who is not present for a significant period of time during a class session shall be deemed "absent" for that period of time. The class instructor may round time absent to the nearest one-half of an academic hour. An academic hour is 50 minutes, and a half-hour is 25 minutes. Thus, a student who misses 13 minutes of a class, whether by reason of tardiness and/or early departure from class, may be marked as absent for one-half hour. A student who misses less than 13 minutes of a class on two occasions may be marked as absent for one-half hour, notwithstanding the total number of minutes missed.
- **Class Sign-In Sheets:** Attendance in class can be recorded in several ways, including through an instructor's coded entries on a seating chart or roll sheet or by each student personally signing a sign-in sheet for that day's class. Where a class sign-in sheet is used, failure to sign the sheet may result in the student being marked absent; school records will not be changed to accommodate a student who attended a class but neglected to sign in. By signing attendance sheets, students certify that they are present and did not affix the "signature" of any other student enrolled in that class, and that they complied with the attendance rules. Any action inconsistent with such certification may subject the student to disciplinary action according to the Honor Code.

Bar Examination Eligibility

Students must be in residence for a total of 1,200 hours in order to earn their Juris Doctor degree. If excessive absences cause a student to fall short of this requirement, the student will not be eligible to sit for the California Bar Examination.

Violation of the Law School Attendance Policy

The law school's attendance policy is that of the State Bar of California. Students must be in attendance for at least 80% of a course or they will be notified that they have been automatically withdrawn from that course. To receive credit for the course, the student must retake the

course when it is next offered. Students who are absent for more than 20% of a course and are automatically withdrawn cannot be reinstated. It is the responsibility of the student to record their attendance correctly.

Preparedness

Each student must be prepared at each class meeting to participate meaningfully in class discussions. Students are expected to brief assigned cases in advance of class.

The class instructor has the authority to impose sanctions against any student who exhibits a pattern of unpreparedness in accordance with the policies set forth in the course syllabus. Students should be advised that repeated unpreparedness is a violation of the Honor Code. Students who are repeatedly unprepared may be referred to the Dean for disciplinary action which may include suspension or expulsion.

Master of Legal Studies Degree Program

Attendance

Attendance in this program is defined as participating in qualified academic events as defined below. On rare occasions, student may arrange to make up qualified academic events with permission of the instructor. Students who do not participate (and therefore "attend") class will be administratively withdrawn after two weeks if they have not self-enrolled and participated in at least one assignment or discussion. If a student is dropped from a required course due to inadequate attendance, the student will be required to repeat the course to meet graduation requirements. Students are required to actively participate as each course may require.

Qualified Academic Events

A qualified academic event is defined as:

- Submission of an academic assignment
- Examination, interactive tutorial, or computer-assisted instruction
- Study group assigned by school
- Participation in on-line discussion about academic affairs
- Initiation of contact with instruction to ask question about academic subject

Registration

Registration for the Juris Doctor degree program generally begins in July for the fall semester and December for the spring semester. Registration for the Master of Legal Studies program generally begins four weeks prior to the start of each module. Specific dates are found on the academic calendar published by the Registrar's Office.

Add/Drop/Withdrawal

To add or drop a class or to change a class schedule, a student must submit an ADD/DROP request through the Trinity Law School student portal TLSOnline at <https://tlsrecords.tiu.edu/>. The last day to add a class in the Juris Doctor degree program is the end of the third week of classes. The last day to add a class in the Master of Legal Studies degree program is the end of the first week of class. However, a student who misses more than 20% of the entire class will receive a grade of "UW" for an unauthorized withdrawal. A student who attends 80% or more of a class but fails to take a final exam because of a decision to discontinue the class will have the zero credit for the exam factored into a final grade. Failure to drop a class is not considered an authorized withdrawal from the class. The date the ADD/DROP request is submitted to the Registrar's Office is the date the student is deemed to have withdrawn from or enrolled in a class. Tuition refunds are based on the date the

ADD/DROP request is submitted, as logged in the records maintained by the Registrar.

Students are responsible for the completion of every course in which they are enrolled. If a student properly drops a course prior to the ADD/DROP deadline, that course will not appear on the student's transcript. Withdrawals made after the ADD/DROP deadline will appear on transcripts as "AW," indicating authorized withdrawal from the course while doing acceptable work, or "UW," indicating withdrawal from the course while doing unacceptable work, or a failure to timely withdraw from a class. Neither a course grade designated as "UW" or "AW" will factor into the grade point average. The last day to drop a class and receive an "AW" is the end of the twelfth week of classes in the Juris Doctor degree program and the end of the fifth week of classes in the Master of Legal Studies degree program. Specific dates may be found on the academic calendar published by the Registrar's Office. Withdrawals after the deadline will result in a "UW" for that class.

Leaves of Absence and Withdrawal from the Law School

A Leave of Absence

A student may request a leave of absence for up to two semesters. To obtain a leave of absence the student must request a leave via the student portal, TLSOnline, prior to withdrawal. In calculating the duration of a leave of absence, the first semester of a leave of absence is the semester in which the leave of absence is requested, even if the student attended classes for part of that semester. Students in the Juris Doctor degree program on academic probation cannot obtain a leave of absence after the twelfth week of the semester in which they are on probation.

Students in the Juris Doctor Flex Track program do not have the option to request a leave of absence. Failure to register for classes or withdrawing from classes will result in permanent withdrawal. Students wishing to return after a permanent withdrawal must seek re-admission through the Admissions Office.

A Permanent Withdrawal

A permanent withdrawal occurs when a student leaves Trinity Law School at any time after registration and does not intend to complete the current semester and does not wish to return any subsequent semester. Failure to register for classes without seeking a leave of absence will also constitute a permanent withdrawal. Students wishing to return to Trinity Law School after a permanent withdrawal must seek re-admission through the Admissions Office. Re-admitted students are subject to the Catalog and the Student Handbook requirements that are current at the time of their re-enrollment.

Students who withdraw or are deemed withdrawn while on probation are likely to have re-admission denied except under unusually compelling circumstances.

EXCEL Adult Undergraduate Degree Programs

Purpose

Since its inception in 1993, EXCEL has been committed to providing adult learners with quality Christian higher educational opportunities in the liberal arts and professions in a manner that brings glory to God. Programs maximize convenience, relevance, and service to our students while helping them grow as whole individuals through engaging instruction and stretching curricula. We are dedicated to providing adults a means to complete degrees that will draw on past experience and provide tools for life. It is our desire that those proceeding through our programs will grow spiritually, intellectually, vocationally, and relationally and will have the tools to continue that growth throughout their lives.

The Mission of the EXCEL Program

EXCEL is committed to providing students with Christ-centered, nontraditional education for active participation in a culturally rich community by fostering academic excellence and Christian service, and promoting lifelong learning.

An Overview

The EXCEL programs of Trinity College offer unique opportunities for all learners to enhance their professional goals through accelerated education. The baccalaureate degree earned by EXCEL graduates is the same degree offered through Trinity's traditional programs and is accredited by the Higher Learning Commission. The programs offer a means for busy students to complete their undergraduate degree in a convenient and timely manner. Students may enter EXCEL with or without any number of prior college credits and, by taking accelerated courses one at a time, finish their degree within a manageable time-frame. To facilitate this, EXCEL offers clusters of courses that proceed in sequence in the context of a cohort community of fellow students. Diverse faculty members teach in their expertise, yet the students in the cohort stay together. Cohort schedules can take between eighteen and thirty months to complete. Single course electives may also be chosen. In addition, students may transfer credit, gain credit by examination, seek credit based on prior experience or job-related learning, or take courses from approved traditional campuses and/or online courses to meet graduation requirements.

We believe EXCEL meets the needs of 21st Century students like you, here in Florida. Are YOU this kind of student?

- **You are busy and have many competing responsibilities.** To introduce any educational program into already full schedules is a considerable challenge.
- **You are motivated to learn.** Students who choose TIU-Florida are typically ready to give the effort needed to benefit from classes for which they are sacrificing.
- **You have learned discipline.** As a result of being in the workforce, and managing the complexities of both professional and personal responsibilities, many of our students have developed a sense of discipline that serves them well in the EXCEL programs.
- **You have broad life experiences.** Learning theory tells us we learn by relating abstractions to memories of past experiences. Drawing on a broad background of experiential knowledge and ethnic diversity allows students to quickly grasp ideas.
- **You desire relevance.** In your daily life, you encounter situations where the classroom learning may be consistently applied to real life, allowing for a more motivated learning environment.
- **You have developed skill in independent learning.** You have, by necessity, learned to seek information on your own from a variety of sources allowing you to be an active participant in your own educational processes.
- **You learn best when you are personally involved.** There are many styles of learning, but when you interact in small groups, engage in role play, prepare projects, and apply techniques in the workplace, the learning is deep and retention is long.
- **You have many insights of your own.** Experience is a tremendous teacher. You have much to contribute to the learning of others. Discussion is valued as highly as lectures in EXCEL classes.

Goals Across the Curriculum

The key question that constantly confronts the curriculum in our rapidly changing society is "What educational qualities allow an individual to succeed and thrive in the unfolding future?" Eight competencies rise to the top. Trinity seeks to enhance these abilities across the curriculum for each of the EXCEL programs. They are:

Integration of a Christian worldview: The ability to formulate a distinctively Christian perspective concerning ideas, people, events, relationships, and issues and then to discern responses consistent with that perspective.

Self-knowledge: A willingness to examine one-self, including one's emotions, temperament, values, goals, experiences, preferences, habitual processes, and identity structure.

Open-minded inquiry: The commitment to explore, understand, and appreciate divergent perspectives, values, and cultures without losing identity through premature closure or complete relativism.

Critical thinking: The evaluation, through sound research and thinking, of the quality of ideas and information, the merits of courses of action, and the integrity of one's own beliefs and viewpoints.

Aesthetic appreciation: Love for the beautiful, the imaginative, the delightful and empathy for the unlovely, the commonplace, the tragic.

Organizational effectiveness: The ability to effectively participate in organizational settings, including working in teams, giving leadership, and solving problems creatively.

Communication: Competency in reading, writing, speaking, listening, and collaboration.

Lifelong learning: Awareness of foundational questions and knowledge structures in a variety of disciplines, coupled with curiosity, a desire to learn, and skills in self-direction.

Standard Framework

- EXCEL is designed to be a nonresidential program.
- Classes meet once a week for a four-hour block.
- Students generally take one course at a time.
- Students generally stay with the same group of people through their major, forming a cohort.
- Classes typically meet for five to seven weeks.
- Classes may be subdivided into study groups expected to accomplish group tasks in addition to individual work.
- Primary emphasis is placed on building transferable skills rather than preparing individuals for specific job functions.
- Skills that cross the curriculum are deemed just as important as the content specific to courses.
- Interaction is emphasized in the classroom, focusing on integrative activities and student input. Prior learning is valued and drawn upon to enhance the educational environment.
- Integrative papers are the primary means of evaluation, though tests may be used when appropriate to the content.
- Community building occurs outside the classroom using online formats.

Program Objectives

The EXCEL degree programs are designed to meet these objectives:

- Provide adult students a flexible means of completing their entire undergraduate degree in a reasonable time frame without forcing students to abandon work or family responsibilities.
- Meet adults' needs for relevance, convenience, and vocational advancement without forcing students to abandon work or family responsibilities.
- Foster key skills, such as writing, speaking, critical thinking, problem solving, information literacy, ethical thinking, and the ability to integrate faith, values, and practice.
- Students can enter the program at various stages in their academic career and enroll in courses that proceed one course at a time. Clusters can be combined to form an entire degree program supplemented by transfer hours, elective courses, credit for learning outside the classroom, and credit by examination.

For students to satisfactorily complete an undergraduate degree through Trinity, they may select general education courses, a major, and optionally, a minor. They may also take individual classes offered as electives and seek assessment of credit for prior learning. Some general education courses are offered online. Since students enter the EXCEL program at various points in their progress toward a degree, different majors have different admission requirements. The primary goal of the admission requirements is to ensure that students enter equipped for success. Students should work closely with an academic advisor.

General Education and Elective Courses

For All Majors

To guarantee a well-rounded liberal arts education, the college requires all EXCEL students to gain understanding in a variety of fields. These requirements can be met by taking EXCEL general education courses, through transfer credit, credit for prior college-level learning, or credit by examination. Before graduating, students must have 45 credit hours of general studies distributed in the following way. Education majors must follow the specifications established by the Division of Education to meet EXCEL General Education requirements, as found in the Elementary Education section of the catalog.

General Education Courses are those college-level courses designed to place emphasis on principles and theory rather than on practical applications associated with a vocational, occupational, or professional objective. General education courses may include, but not limited to, English, history, philosophy, literature, religion, art, music, sociology, foreign languages, humanities, mathematics, chemistry, biology, and psychology, when such courses are not within the area of concentration of a vocational, occupational, or professional program. For example, English Composition is considered a general education course, but Business English is not. Courses designated as "applied", "specialized", "technical", or similar designation do not meet this definition.

Adult Bachelor of Arts in Psychology/Master of Arts in Counseling Psychology

The Trinity College Excel Program and Trinity Graduate School (TGS) offer a dual degree Bachelor of Arts/Master of Arts in Counseling Psychology option at our Florida Regional Center that allows students to take graduate coursework toward the MA in Counseling Psychology while completing their BA in Psychology. With this accelerated option, students can apply to the MA/CP program at TGS while still completing an undergraduate degree through Excel. Interested students are advised to discuss the program with their advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Students may apply for the dual degree program upon completion of 70 credit hours with a 3.0 cumulative GPA. A positive recommendation from a TIU instructor capable of assessing their suitability for graduate work is required. This instructor must have had substantial interaction with the student, per the final approval of Excel's Director of Academic Operations. Transfer students may apply for the program if they have 70 hours of undergraduate course work, a positive recommendation from a psychology instructor, and a 3.0 GPA for all transferred college work, including a 3.0 GPA in Trinity coursework.

Approved students will take nine (graduate) credits in the MA/CP, which, upon completion of those nine credits, will reduce the number of (undergraduate) credits required to complete a bachelor's degree from 124 to 115. This can be accomplished in one or more of the following ways:

1. ID 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in the general education category Biblical Studies.
2. ID 5002 Foundations of Cultural Engagement (3 hours) replaces the general education requirement in the category Intercultural Study.
3. One graduate CP course (3 hours) replaces 3 hours of undergraduate elective credit.

Or, if a student does not take ID 5001 and/or ID 5002 as an undergraduate, one or two additional CP courses (3 or 6 credits) replace an additional 3 or 6 hours of undergraduate elective credit.

Thus on completion of the undergraduate degree, students will be approximately a full semester ahead as they continue graduate studies in the MA/CP program.

Students in the MA in Counseling Psychology with a Mental Health Counseling concentration must meet internship requirements in order to be licensed in the state of Florida. In addition, students in the Guidance and Counseling Concentration must meet the practicum requirements for state certification. Students not pursuing licensure/certification may opt to complete the degree by choosing among three other capstone options: Capstone Project, Capstone Thesis or the International Counseling Experience with the program director's approval. Students completing the capstone options will need 60 credit hours for graduation in the Mental Health Counseling concentration and 54 hours in the Guidance and Counseling concentration.

However the student chooses to meet the capstone experience requirement, all students must register for course credit for their selected capstone experience in the semester in which they start the capstone. Students making progress toward completion of a capstone but unable to finish in a single semester can apply for a capstone extension. They must then register for CP 7486. Capstone extension fees will be assessed. Students who opt to fulfill the capstone by writing a thesis must also take CP 7910.

The capstone experience must be completed subsequent to candidacy and is supervised by a faculty member. Students opting to write a formal master's thesis should consult the Counseling Psychology Program Director for details.

Adult Bachelor of Arts in Psychology/Master of Arts in Counseling Psychology

The Trinity College Excel Program and Trinity Graduate School (TGS) offer a dual degree Bachelor of Arts/Master of Arts in Counseling Psychology option at our Florida Regional Center that allows students to take graduate coursework toward the MA in Counseling Psychology while completing their BA in Psychology. With this accelerated option, students can apply to the MA/CP program at TGS while still completing an undergraduate degree through Excel. Interested students are advised to discuss the program with their advisor as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Students may apply for the dual degree program upon completion of 70 credit hours with a 3.0 cumulative GPA. A positive recommendation from a TIU instructor capable of assessing their suitability for graduate work is required. This instructor must have had substantial interaction with the student, per the final approval of Excel's Director of Academic Operations. Transfer students may apply for the program if they have 70 hours of undergraduate course work, a positive recommendation from a psychology instructor, and a 3.0 GPA for all transferred college work, including a 3.0 GPA in Trinity coursework.

Approved students will take nine (graduate) credits in the MA/CP, which, upon completion of those nine credits, will reduce the number of (undergraduate) credits required to complete a bachelor's degree from 124 to 115. This can be accomplished in one or more of the following ways:

1. ID 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in the general education category Biblical Studies.
2. ID 5002 Foundations of Cultural Engagement (3 hours) replaces the general education requirement in the category Intercultural Study.
3. One graduate CP course (3 hours) replaces 3 hours of undergraduate elective credit.

Or, if a student does not take ID 5001 and/or ID 5002 as an undergraduate, one or two additional CP courses (3 or 6 credits) replace an additional 3 or 6 hours of undergraduate elective credit.

Thus on completion of the undergraduate degree, students will be approximately a full semester ahead as they continue graduate studies in the MA/CP program.

Adult Bachelor of Arts/Master of Arts in Leadership

Trinity Graduate School and the adult undergraduate programs, REACH and Excel, offer a dual Bachelor of Arts/Master of Arts degree that pairs an MA in Leadership (MA/L) with an undergraduate degree in any major. This opportunity is open to qualified students in any undergraduate major but may have special appeal for students with the following majors or interests: business, organizational leadership, Christian ministries, and psychology.

Approved students will take nine credits in the MA/L, which, upon completion of those nine credits, will reduce the number of required credits from 124 to 115 in order to graduate with a bachelor's degree. This can be accomplished in one or more of the following ways:

1. ID 5001 / LR 5001 Foundations of Integrative Thought (3 hours) replaces either BI 101 or BI 111 in the general education category *Biblical Studies*.
2. ID 5002 / LR 5002 Foundations of Cultural Engagement (3 hours) replaces the general education requirement in the category *Intercultural Study*.
3. One LR course (3 hours) replaces 3 hours of undergraduate elective credit.

Or, if a student does not take ID/LR 5001 and/or ID/LR 5002 as an undergraduate, one or two additional LR courses (3 or 6 credits) replace an additional 3 or 6 hours of undergraduate elective credit.

Qualified applicants must have a Trinity GPA of 3.0 on a 4.0 scale, 70 hours of undergraduate coursework, and demonstrated leadership potential. Students may apply for acceptance to the Dual Degree program through Trinity Graduate School. A positive recommendation from a TIU instructor capable of assessing their performance in an ongoing or recent leadership role is required. This instructor must have had substantial interaction with the student, per the final approval of the REACH or Excel academic directors.

Transfer students may apply for the program if they have 70 hours of undergraduate coursework, a positive recommendation from a TIU instructor (per the final approval of REACH or Excel academic director), a 3.0 GPA for all transferred college work, and a 3.0 in Trinity coursework, in addition to demonstrated leadership potential. Students interested in the dual degree are advised to notify their advisors as early as possible to allow for expedient course planning and to assure that overlapping course requirements can be planned and scheduled.

Trinity Evangelical Divinity School Programs

TEDS offers a number of accredited degree programs to enable Christians to pursue God's calling for their lives of ministry. Each program, or group of programs, has specific objectives, and the student should consider these when selecting a program to pursue. The TEDS Program available at the Florida Regional Center is briefly outlined below. (Note that admission to a particular program at TEDS does not ensure admission to another, if a student should decide to switch programs. Consult an admissions counselor for guidance on the appropriate program to make application.)

Master of Arts (Theological Studies) Program

The MA/TS provides a basic understanding of Christianity for general educational purposes. Trinity's MA/TS draws from the breadth of the curriculum requiring substantive study in biblical, theological, and historical and global areas, combined with a significant number of hours in the student's area of interest. The MA/TS is particularly suited for Christians desiring to better understand God's revelation to humanity in the biblical and theological context of orthodox historic Christianity and who are engaged in non-pastoral vocations or for those seeking a general theological degree to accompany a specialized master's degree. As a seminary degree, its particular focus is to relate theological studies to the work of the church. Program participants may also elect to focus their elective coursework, capstone project, and field education coursework on a particular subject area available in the curriculum or at their particular site.

Visiting Faculty for the Master's Degree Program

Regular Deerfield-based faculty, plus Trinity-approved adjunct extension faculty regularly teach courses. These faculty members include the following:

- Steven Roy, PhD
- Phil Sell, PhD
- Dana Harris, PhD
- Peter Cha, PhD
- John Monson, PhD
- Jared Alcantara, PhD
- Joshua Jipp, PhD
- David Luy, PhD

TEDS Online - Distance Education

Fully Online Distance Education Courses

Fully Online Distance Education courses provide a virtual classroom experience, while allowing students to fit their studies around their own schedule. Students watch lectures and complete assignments on a weekly basis, interacting with other students and the instructor to deepen their understanding of the subject. Courses follow the same semester schedule as courses offered at the TEDS Deerfield campus including registration, adds/drops, and withdrawal.

Further information regarding Fully-Online Distance Education Courses may be obtained from the TEDS Online Office: TEDSONline@tiu.edu, 800.588.7705 or 847.317.6554, or Florida Regional Center students should register through the coordinator for the Master of Arts in Theological Studies program. Please call 954.382.6400 and ask for the program coordinator.

Course registration is for a given semester. All Fully-Online Distance Education courses are tied to the regular semester schedule.

The TEDS Online Office anticipates offering the following courses on a rotating basis, with new courses being added as they are available. Please consult the TEDS course schedule on MyTIU for the list of courses available in a given semester. Please consult the Course Descriptions section of the catalog for a description of each course.

Master of Arts (Theological Studies) (MA/TS)

MA/TS Program Purpose

The MA/TS purposes to provide a basic understanding of Christianity for general educational purposes. Trinity's MA/TS program draws from the breadth of the curriculum requiring substantive study in biblical, theological, and historical and global areas, combined with a significant number of hours in the student's area of interest. The program is particularly suited for Christians desiring to better understand God's revelation to humanity in the biblical and theological context of orthodox historic Christianity and who are engaged in non-pastoral vocations or for those seeking a general theological degree to accompany a specialized master's degree. As a seminary degree, its particular concern is to relate theological studies to the work of the church. Program participants may also elect to focus their elective coursework, capstone project, and field education coursework on a particular subject area available in the curriculum or at their particular site. The MA/TS may be completed in total at the Florida Regional Center. Some coursework may also be completed through distance education.

MA/TS Program Objectives

The MA/TS will enable participants to

1. Understand the biblical and theological constructs that form the foundation for the Christian faith
2. Think critically and constructively about the historic and global contexts of Christianity
3. Examine closely an area of theological studies of personal interest
4. Articulate their Christian faith in light of their present vocational engagement
5. Grow in personal and spiritual maturity
6. Demonstrates competence in writing and research

MA/TS Program Admission Requirements and Prerequisites

The admission requirements for the MA/TS are those described under the Admissions section of the catalog and the following further requirements specific to the MA/TS program:

1. Applicants must possess a baccalaureate degree, or the educational equivalent, from a recognized accredited institution. In some cases, admission with deficiencies is possible with fulfillment of those deficiencies at Trinity.
2. The applicant's undergraduate grade point average must be a minimum of 2.5 on a 4.0 scale; however, since GPA is not always an accurate indication of an applicant's abilities for graduate work, those with a lower GPA are encouraged to consult with an admissions counselor.
3. Scores from the Miller Analogies Test (MAT) (preferred) or the Graduate Record Exam (GRE) are required for applicants whose undergraduate GPA is less than 2.5, and for others upon request from the Admissions Office. The recommended minimum scores are the 50th percentile for both GRE (150 verbal, 4.0 analytical) and MAT (400). Note that standardized test scores alone will not determine whether an applicant is admitted to a program of study, but will be considered in conjunction with the rest of an applicant's file.

MA/TS Residency Requirement and Program Duration

The residency requirement for the MA/TS degree is that a minimum of 24 hours must be completed through Trinity coursework, with the final 8 hours taken through Trinity. The 24 hours may be completed in Florida, at an extension site, at the Deerfield campus, or through Trinity Distance Education or independent study courses as arranged with the program advisor.

Note: It is not the design or intent of the MA/TS program to be completed solely in an independent or distant mode. Participants should anticipate spending a majority of their coursework in the classroom at a TEDS site. Numerous delivery options are available, including summer, weekend, evening, and other class formats.

MA/TS Statute of Limitations

All MA/TS program requirements must be completed within eight years of matriculation into the program. Extension of the statute of limitation for up to two years may be granted by petition when a student has demonstrated consistent program progress toward the degree.

MA/TS Candidacy Requirements

Admission to the MA/TS program must be followed by achievement of candidacy for the degree. Program candidacy occurs when:

1. A minimum of 16 hours in the program is completed with a minimum GPA of 2.5 for program coursework after admission to the program
2. All entrance deficiencies and conditions are removed.
3. Formal action has been taken by the faculty to grant candidacy for the degree.
4. Additional candidacy requirements may be present at regional sites. Contact the local program director for details.

MA/TS Graduation Requirements

1. Complete the General Graduation Requirements for all master's programs.
2. Complete a minimum of 42 semester hours with a cumulative GPA for program coursework of at least 2.5, with no coursework graded below a "C-" applicable to the degree.
3. Complete two semesters of Field Education; or one semester of Field Education and two semesters of Formation Group.
4. Complete the MA/TS capstone project in the form of an integrative paper or ministry project for 2 hours.

The flexibility of the curriculum in the MA/TS allows participants to focus a significant part of their studies in an area of interest. Options available vary widely according to the eclectic interests of the student, curriculum available at a particular site, and course selections a student might make from the ability to cross-register into other seminaries in the Association of Chicago Theological Schools (ACTS) consortium. Such flexibility provides a strong understanding of Christianity for general educational purposes while enabling students to complete as many as 14 or more semester hours (electives plus capstone) in their area of interest. Interest areas include: church administration, age or specialized ministry, Bible, theology, and many others. Many interest areas may be further pursued in a complete degree program in that area.

Admissions

EXCEL Admissions

Admission Requirements

Standard Admission Requirements

The standard requirements for admission to EXCEL coursework, no matter how many credits are transferred from other institutions are:

1. Proof of high school graduation or GED certification
2. Original transcripts from all previous college/university study indicating an overall cumulative grade point average of 2.0 (using 4.0 scale)
3. Minimum age 18

Admission decisions may be appealed to the Appeals Committee when questions of qualification arise.

Admission for Those Transferring Fewer than 15 Semester Credits

Applicants seeking admission with fewer than 15 college credits may take only lower-division (100-200) courses offered in General Education Courses. Given the lack of formal college experience on which to base an admission decision, prospective students will need to give evidence of ability in reading comprehension, critical thinking, and writing. Students must complete a writing assessment, which will determine placement in the program. Students who do not wish to take the placement assessment test must begin by taking at least two of Trinity's developmental writing courses and passing them with a grade of "C" or better before continuing in the program.

Admission to Upper-Division Courses

Beyond the standard admission requirements, additional requirements to any upper-division courses include:

- Completion of at least 25 transferable credits from an accredited college or university or from Trinity for which a grade of "C" or better was received, and an overall GPA of 2.0 on a 4.0 scale. ("C" includes C, C+)
- Completion of at least 3 credits in college composition with a "C" or better
- Completion of IDS 105 E Foundations for Adult Learning

Admission to All EXCEL Majors (except Elementary Education)

In addition to the general admission requirements, a student entering the major cohorts must meet the following criteria:

- Completion of at least 25 transferable credits from an accredited college or university or from Trinity for which a grade of "C" or better was received and an overall 2.0 on a 4.0 scale ("C" includes C, C+)
- Completion of EXCEL composition course (when applicable as determined by writing placement test)
- Completion of at least 3 credits in college composition with a "C" or better
- Completion of IDS 105E Foundations for Adult Learning

Admission to the Elementary Education Major

In addition to the standard admission requirements, a student entering the Elementary Education major must meet the following criteria:

- Completion of at least 25 transferable credits from a regionally accredited college or university or accredited by an agency accepted by the U.S Department of Education or accepted by its own State Department of Education for certification purposes, or from Trinity for which a grade of "C" or better was received and an overall 2.5 GPA on a 4.0 scale ("C" includes C, C+)
- A grade point average of 2.5 or higher on a 4.0 scale on all previous college work from a regionally accredited college or university.
- Successful demonstration of thinking, organization, and writing ability through a writing sample.
- Completion of at least 6 credits in college composition with a "C" or better.
- Successful interview with Program Director
- Faculty references/recommendations
- Completion of IDS 105E Foundations for Adult Learning

Admission to the Teacher Education Program

For a student to progress into the Teacher Education Program (TEP), upon completion of the fourth course in the cohort sequence, the following must be successfully accomplished:

- Application to (TEP)
- Successful interview with Director of Elementary Education
- Writing sample with a passing grade
- Positive faculty references
- Passage of GKE (General Knowledge Exam)
- Completion of first four courses in the major with a 2.5 GPA average or better
- Background screening
- Formal acceptance into the Teacher Education Program

Computer Expectations

Students enrolled in the EXCEL program are expected to have easy access to a computer, printer, and the Internet. It is very difficult to complete the degree programs without these tools. Courses will require the production of papers and interaction using email and other technologies. Students may also be required to do research online, complete web-based assignments, and produce computer-based electronic products.

All Trinity Florida EXCEL students have access to the campus computer lab at the Florida Regional Center site. The computer lab is available during the University's operating hours.

Writing Placement

EXCEL is a writing-intensive program. Students are expected to achieve a level of writing competence early in their Trinity experience to excel in their studies. In an effort to ensure the success of all students, a computerized writing evaluation will be administered by the EXCEL admissions staff for students who do not meet all of the following criteria:

- Have 15 or more college credits (technical credits are not considered in meeting this criterion)
- Have been enrolled in school within the last five years • Have a cumulative GPA of at least 2.5 from previous college work

- Have completed six credits of English Composition, or the relevant equivalents, achieving a minimum grade of C

The results of the writing assessment will determine what, if any, writing course(s) students will be required to complete with a “C” or better within the first 24 credits of the EXCEL program. If students have met all their writing general education requirements and achieve a satisfactory score on the assessment, no further writing courses will be required. If, however, the score is below the determined level on the assessment, students will be required to take the course(s) most appropriate to their level, regardless of whether all general education requirements have been met.

Second Bachelor’s Degree Option

Applicants to the EXCEL Program who already hold a regionally accredited baccalaureate degree will be allowed to pursue and, if all requirements are met, earn a second bachelor’s degree from Trinity. From the existing bachelor’s degree coursework, we would transfer applicable general education and elective credits that meet current Trinity degree requirements for the second bachelor’s degree. Also, students would be required to complete the major, as well as BI 101 and BI 111, if they do not transfer in equivalent courses. **Students who have a baccalaureate degree from another school need to take a minimum of 33 credit hours at Trinity and must complete at least two-thirds of a major in new coursework at TIU to receive the second bachelor’s degree from Trinity-Florida.** This second-degree option is also available to students who already hold a TIU bachelor’s degree. Students pursuing a second bachelor’s degree are not eligible for federal grant funds. Lifetime Direct Loan limits for undergraduate work must be reviewed to determine a student’s remaining Direct Loan eligibility if any.

Application Process

Initial inquirers interested in an EXCEL degree program, and students who are reapplying to EXCEL are encouraged to begin the application process as soon as possible. The application packet must be completed no later than two weeks prior to the start of class. The typical sequence of the application process is:

- Contact the Admissions Office to request the EXCEL Degree Programs Application Packet.
- Return the completed application with the application fee to the Admissions Office.
- Using the transcript request form in the application packet, request official transcripts from all colleges or universities where you have attended classes. Student copies or hand-delivered copies are not considered official transcripts and will not be accepted for purposes of admission. Upon receipt of all official transcripts, the EXCEL admissions staff will provide the applicant with an assessment of previous college coursework.
- Complete the writing sample as described in the application packet.
- Upon completion of the transfer credit assessment and evaluation of the writing sample, the EXCEL admissions staff will evaluate your application packet for admission. You will then be notified of your admission status, usually within two weeks.
- If you are offered admission, you must confirm that you accept being admitted. At this time you will select the course(s) with which you will begin classes at TIU.
- Although not required for admission, you are strongly encouraged to complete the financial aid application as early in the admission process as possible since some types of aid are available only at

certain times of the year. More details on financial aid are provided in the Financial Aid section of this catalog.

The EXCEL admissions staff is available to help you with any of these steps.

Student Classifications

Regular Student: A student who is enrolled in a degree program at Trinity International University.

Auditor: A student who is permitted to enroll in a course without being required to fulfill the normal requirements of a course when it is taken for credit. No credit is granted. Audited courses will be recorded on the official transcript. Those students wishing further knowledge of a particular topic, but not interested in pursuing a degree or additional credits are invited to audit any of the elective courses offered. To enroll, a person completes an audit application, registers, and pays the audit fee for each course. The school reserves the right to limit the number of students in any class. VA students seeking audit status are not approved for benefits by the DVA.

It is recommended that auditors do all reading and writing assignments and prepare for each class. If assignments are submitted on their due dates, faculty may provide feedback on prepared work but will not assign grades. An auditor is required to follow the EXCEL attendance policy to successfully complete the course.

Transfer Student

Trinity accepts credits earned at other accredited institutions with some minor exceptions (please refer to Transfer of Credit Policy in the Trinity College Traditional Undergraduate Admissions section of the catalog, Transfer credit tab).

Leave of Absence

Students who do not wish to register for classes for a period of one to two semesters should request a Leave of Absence (LOA) from the Director of Academic Operations. This notifies TIU of the student’s academic plans and enables Trinity to respond appropriately to the student’s needs. A student on an approved LOA is considered active and campus services, such as library and e-mail, remain available. The student must be in good standing with Student Accounting to remain active and be able to register for the next semester.

General Admission Requirements

Applicants should be aware that in the admissions review all components of the application packet are examined with no one component serving solely as a basis for admission or rejection of an application. Also note that individual programs may have additional admission requirements described in the program prospectus in the catalog. Admission to the graduate school normally requires the following items:

1. The completed Application Form.
2. An official transcript indicating graduation with a baccalaureate degree or its equivalent from an accredited college or university, typically including at least 60 semester hours of liberal arts coursework. Official transcripts must be submitted from schools attended since high school. Applicants who attended secondary (high school) outside the United States should submit those transcripts as well. Certified translations for non-English transcripts are required.
3. A cumulative undergraduate grade point average of 3.0 or higher (on a 4.0 scale)
4. Submission of scores from Graduate Record Examination (GRE) verbal and analytical sections or the Miller Analogies Test (MAT) for those whose undergraduate GPA falls below a 3.0. Test scores must be less than five years old.
5. Completed recommendation forms from
 - a. a pastor or church leader who knows the applicant,
 - b. a faculty member in a school where the applicant recently pursued academic studies (undergraduate or graduate), and
 - c. an employer or other relevant individual.
6. Proof of English competency if English is not the applicant's first language. English competency is typically measured by the Test of English as Foreign Language (TOEFL). Applicants must obtain a minimum TOEFL score of 92 (Internet-based test), 237 (computer test), or 580 (paper-based test). Scores submitted must be less than two years old. Waivers from TOEFL are not normally granted; however, if a waiver is authorized, applicants are required to submit qualifying scores from either the Graduate Record Exam (GRE) or Miller Analogies Test (MAT). Waiver request must be submitted in

writing to the Director of Admissions at least three months prior to the application deadline to allow sufficient time for testing if the waiver is denied. Failure to submit qualifying test scores by the application deadlines may result in postponement or denial of the application decision. Students must submit all other necessary application materials for a TOEFL waiver to be considered.

7. Personal statements that include the following:
 - a. A statement of the applicant's past and present spiritual life. This may include one's Christian conversion and/or other significant spiritual events and formative influences in one's life (one or two pages).
 - b. A statement outlining the applicant's motivation to study at Trinity Graduate School, an evangelical Christian school and one's future goals (one or two pages).
8. Submission of a \$40 nonrefundable application fee.
9. Submit a one-time \$100 refundable tuition deposit in \$U.S. and drawn from a U.S. bank. Fees may also be paid using Visa, MasterCard, or Discover.

Program Prerequisites

Each program will have required relevant prerequisites defined in at least one of the following categories:

1. undergraduate coursework,
2. program-oriented work,
3. program-oriented extensive or intensive experience, or
4. other (writing, etc).

Prospective students should note specific program prerequisites in the individual program prospectus and in the catalog.

Application Procedure

The application process is detailed on the admission website (<http://florida.tiu.edu/admissions-financial-aid/apply-now>). Trinity follows a rolling admissions process; thus, master's program applicants may begin their studies during fall, spring, or summer terms. We strongly encourage application six to twelve months prior to the expected enrollment date. Applications for admission and all accompanying materials should be submitted by the following deadlines:

U.S. Citizens

August 1	For fall semester admission
December 1	For spring semester admission
April 1	For summer session admission

International Applicants

March 1	Fall semester pre-application information form deadline (including summer session)
April 1	Fall semester deposit deadline
June 1	Spring semester pre-application information form deadline
September 1	Spring semester application deadline
November 1	Spring semester deposit deadline

Applications received after these deadlines may not be considered in the term for which originally applied, and no applications will be considered for a given semester after the second week of that semester.

Upon admission to Trinity, students should submit a tuition deposit to the Admissions Office to reserve their place in TGS. This deposit is credited toward the first term's tuition and may be refundable. New students are encouraged to submit their deposit early since course registration times are assigned based on the date the deposit is received.

Denied applicants may appeal in writing to the Admissions Committee no later than ninety days following the date of the decision.

Additional Considerations for International Applicants

Trinity welcomes students from all over the world to our campus; however, the added challenges for international students should not be underestimated. In addition to the regular application process outlined above, international applicants must also consider the following four items: Pre-application information form, language requirements, financial requirements, and visa requirements.

Pre-Application Information Form for International Master's Applicants

Prospective international students need to provide their e-mail address to the Records Department so a Welcome Letter can be sent to them. The Welcome Letter contains detailed instructions and an I-20 Application that must be completed and returned to the Records Department. In the I-20 Application, the prospective international student provides preliminary documentation, as required by the U.S. Government, to identify their sources of funding for both education and living expenses while at Trinity. Applications for program admission will not be reviewed until the I-20 Application has been received and approved by Trinity. This begins the application process.

International applicants must demonstrate how all expenses related to education, travel, and living will be paid prior to issuing a student visa, according to U.S. law. International applicants may apply if they have a financial guarantor in the United States or if they have sufficient evidence from legitimate individuals or organizations that their expenses while attending Trinity can be met. Living expenses add more than \$20,000 annually to the costs of education (tuition, fees, books).

International students on an F-1 visa should not plan on working in the U.S. to fund their studies. They are required to register as a full-time student each semester and the Florida Regional Center requires payment in full prior to starting semester classes. A payment plan is not an option at the FRC.

Subsequent to approval of the I-20 Application, the prospective student's Application for Admission will be received and reviewed for admission to Trinity.

Financial Requirements

After the I-20 Application has been received, the Application for Admission will be reviewed.

Most international applicants, depending on anticipated living arrangements and the number of family members accompanying them to the United States, will need to identify available funds starting at US \$30,000 to satisfy this requirement.

In order to issue a Certificate of Eligibility (I-20) for a student visa:

- Accepted international applicants must submit the Application Fee that pertains to their program of study

Visa Requirements

Trinity is authorized under U.S. law to enroll non-immigrant alien students; however, these U.S. laws are becoming increasingly stringent. International students must enter the United States with an F-1 visa which is granted by the embassy in the student's country.

A U.S. Immigration Certificate of Eligibility (I-20) will be issued by Trinity, enabling the international applicant to apply for an F-1 student visa, after the following have been met:

1. Applicant has demonstrated English language competence meeting or exceeding Trinity's standards.
2. Applicant has been admitted as a student
3. Applicant has demonstrated adequate financial resources through documentation provided with the I-20 Application
4. Applicant has submitted the application fee that pertains to their program of study

In accordance with U.S. immigration law, Trinity does not allow non-immigrant aliens to register as full-time or degree-seeking students without an F-1 visa. Permanent residents are exempt from these limitations, as are certain other visa statuses (i.e., R-1 or H1B). It is the responsibility of the student to maintain legal immigration status.

Guidelines for Graduate Studies Preparation

Students who are still pursuing an undergraduate degree are encouraged to incorporate coursework into their studies that will fulfill the following guidelines:

- Students coming into Trinity Graduate School should typically have had at least 60 semester hours of liberal arts coursework, including a broad undergraduate background in the humanities and the natural and social sciences.
- Pre-graduate studies should give evidence that the applicant has developed the ability to think independently and to communicate effectively. Application materials will be carefully evaluated for writing skills. If a weakness is discovered, the student may be required to take extra study in English composition.
- The applicant should carefully note the prerequisites for each program and take as many of those courses as possible at the undergraduate level. In most cases, if a student is qualified for admission but lacks the necessary prerequisite coursework, the deficiency can be removed through additional coursework at Trinity International University.
- Applicants are encouraged to become familiar with the content of the Bible, either through formal coursework or personal study. If an applicant's undergraduate program includes courses that parallel required courses in the Trinity curriculum, the applicant will be granted considerable flexibility in selecting advanced-level courses as substitutes for the required classes. Faculty advisors are able to assist in this process.

Admission Policies

Advanced Substitutes

Students who have taken undergraduate courses that are clearly parallel to required courses in their TGS program, may modify their program through Advanced Substitutes. This policy allows students to build on, rather than duplicate studies that they have already completed. Advanced substitute courses are to be approved by the Dean's Office.

Application for Readmission

There are certain situations in which students may need to submit a supplementary application.

- If they are accepted to Trinity Graduate School but do not enroll
- If they withdraw temporarily

However, if more than two years lapse after original acceptance, withdrawal, or completion of their first program, students will be required to submit new application materials, including recommendations and personal statements. Students who are readmitted are subject to the requirements of the catalog that is current at the time they re-enroll in coursework.

Change of Enrollment Date

Students may find it necessary to postpone their anticipated date of enrollment. If the new date is more than two years from the original date of acceptance, students will be required to submit new application materials. However, if the new enrollment date is within a two-year timeframe, students should notify the Admissions and Financial Aid Offices to receive applicable instructions. Students' program of study will be governed by the catalog that is current in the semester they enroll.

Active and Inactive Student Status

Active student status requires successful completion of one course each semester for consecutive terms. Students unable to register for classes for one to three semesters (twelve months) should request a **Leave of Absence** (LOA) or a **Withdrawal** from the Student Life Office (see Leave of Absence or Withdrawal Policies). This enables Trinity to provide appropriate counsel and services to students. Students who do not enroll in courses for a twelve-month period or submit the LOA or Withdrawal forms are placed in an inactive student status and must reapply to TGS with no guarantee of readmission.

Change of Program (COP)

If after initial enrollment the student wishes admission to a different program, the following apply:

1. All possible options should be considered in consultation with a faculty member, Admissions Counselor, Program Director, and/or Records Office representative in light of coursework already completed.
2. Admission to one TGS/TEDS program does not guarantee admission to another program. All admission requirements for the new program must be met.
3. At least one semester of TGS/TEDS coursework must be completed before a COP application will be considered, together with the review of that semester's grades. No more than one change of program will be permitted within a single semester.
4. The online Change of Program Application should be submitted to Admissions by January 15th for the spring semester and September

1st for the fall semester. Changes requested after those dates will be recognized in the next academic term.

5. The catalog current at the time of admission to the degree program will govern the student's new program.
6. If COP is denied, applicants may submit a written appeal within thirty days to the Director of Admissions.

Inter-school Transfer

Contact the Admissions Office for detailed information about transferring from one school to another within Trinity International University (e.g., transferring from the Graduate School to the Divinity School).

Transfer Credits

Prior to matriculation, transfer credits will be evaluated at no cost to the student. However, students already enrolled at TIU will be charged a fee of \$50 per course taken and considered for transfer.

Students Classifications

Visiting Students

If students wish to take courses for credit on a part-time basis but do not want to enroll in a degree program, they may submit a Visiting Students Application. In addition to the application form, they must submit to the Admissions Office an official transcript indicating an earned bachelor's degree with a minimum GPA of 2.0. Visiting students may enroll in a maximum of 9 hours each semester, and it is recommended that they enroll in no more than 12 hours before applying to a degree program. Please contact the Admissions Office for more information.

Auditors

If students wish to enroll in courses but are not interested in earning credit, they may audit classes. An auditor may participate in all class activities but will not receive a grade or credit. To enroll a student completes an audit application, registers, and pays the audit fee for each course. The graduate school reserves the right to limit the number of auditors in any class, and some classes may be closed to auditors.

Transfer Credit

Students may receive credit for studies taken at fully accredited graduate-level institutions when such work parallels courses listed in our catalog and after successful completion of a full semester of academic work at Trinity Graduate School. Official transcripts of previous work showing satisfactory grades in the courses must be submitted for consideration.

Transfer credit is not given for undergraduate studies and is usually not granted for coursework taken at non-accredited graduate schools. Also, graduate-level coursework that has been applied toward an undergraduate degree cannot be allowed as transfer credit toward a Trinity Graduate School degree. To be considered for transfer credit, the course grade must normally be a "B-" or better from an accredited graduate-level program.

If a master's degree has been completed at another institution, possible transfer credit will be limited to a maximum of 50 percent of the total credits required for the shorter degree.

If a student wishes to receive transfer credit for work done at another accredited graduate school, an official transcript from that graduate institution must be filed for evaluation, along with the Transfer Credit Request form to Trinity University Records Office (note: the

Transfer Credit Request form can be downloaded at MyTIU (<http://my.tiu.edu>)>Records).

The Records Office will evaluate transfer coursework under the direction of the TGS Associate Dean and Program Directors. Transfer of credit is not automatic; it is considered only when requested. Regardless of the amount of coursework that a student may have taken elsewhere, all students must fulfill the minimum residency requirement for their programs at Trinity Graduate School.

Prior to matriculation, transfer credits will be evaluated at no cost to the student. However, students already enrolled at TIU will be charged a fee of \$50 per course considered for transfer.

Master of Arts program in Counseling Psychology (Florida campus): a maximum of 24 hours may be considered for transfer credit, of which only 12 hours of the concentration may be transferred.

General Admission Requirements for Master's Program

Applicants to the MA/TS program or certificate, as well as any visiting or special status student, must meet the following requirements:

- Possess an earned bachelor's degree or its equivalent from an accredited college or university (generally at least 120 hours), which normally includes a minimum of 60 hours of liberal arts coursework, with a minimum grade point average (GPA) of 2.50 on a 4.00 scale;
- Submit a one-time \$40 nonrefundable application fee payable in \$U.S. and drawn from a U.S. bank. Fees may also be paid using Visa, MasterCard, or Discover.
- Submit a one-time \$100 refundable tuition deposit in \$U.S. and drawn from a U.S. bank. Fees may also be paid using Visa, MasterCard, or Discover.
- Submit official transcripts in a sealed envelope directly from the institution from all schools attended since high school. Students should request that institutions send transcripts directly to Trinity via postal mail.
- Submit recommendations forms from each of the following:
 - Applicant's pastor or church leader
 - Applicant's employer or a business acquaintance
 - A faculty member or school administrator at an institution previously attended (contact the Admissions Office for alternative suggestions)
- Submit a written three-part statement with
 - a. your personal testimony, and
 - b. your present spiritual life and Christian service, and
 - c. ministry goals as described in the application.
- Submit standardized tests results (Graduate Record Exam or Miller Analogies Test) as required for admission to specific programs (see program section of catalog).

- All applicants for whom English was not their primary language of instruction must submit the Test of English as Foreign Language (TOEFL) as required below. Waivers from these English language tests are not normally granted; if granted, such applicants are required to submit scores from a standardized exam required for native English speakers (Graduate Record Exam or Miller Analogies Test).
- A personal interview may also be required.
- See program description in this catalog for additional program-specific admission requirements.

***See doctoral sections of the Catalog for admission requirements for doctoral programs.**

Application Procedure for Master's Program

The application section of this catalog contains specific instructions and required application materials. Trinity uses a rolling admissions process; thus, master's program applicants may begin their studies during fall, spring, or summer terms. We strongly encourage that applications be submitted six to twelve months prior to the expected enrollment date. Applications for admission and all accompanying materials should be submitted by the following deadlines.

U.S. Citizens

August 1	Fal fall semester admission
December 1	For spring semester admission
April 1	For summer session admission

International Applicants

March 1	Fall semester pre-application information form deadline (including summer session)
April 1	Fall semester application deadline
June 1	Fall semester deposit deadline
August 1	Spring semester pre-application information form deadline
September 1	Spring semester application deadline
November 1	Spring semester deposit deadline

Applications received after these deadlines may not be considered for the term for which they were originally submitted. No applications will be considered for a given semester after the second week of that semester.

Upon admission, an applicant should submit a tuition deposit to the Admissions Office. This will reserve their place in school and will enable them to register for the next semester's classes at the time course registration is open to new students. An early tuition deposit secures an early opportunity to register for courses that may close. The tuition deposit is credited to the student's first-term tuition and is refundable (see application instructions for information on refunds). Occasionally a student may be admitted to Trinity on academic probation for one of the following reasons:

- A weak academic background as reflected in the student's undergraduate grade point average (GPA) and/or standardized admissions test scores.

- A bachelor's degree from a non-accredited institution accompanied by marginal standardized admissions test scores. In such cases, the probationary status may be removed after 10 or more hours of satisfactory academic performance at Trinity.

If admission is denied, an applicant may submit a letter of appeal within ninety days to the Admission Office.

Additional Considerations for International Applicants

Trinity welcomes students from all over the world to our campus; however, the added challenges for international students cannot be underestimated. In addition to the regular application process outlined above, international applicants must also consider the following four items: Pre-Application Information Form for International Applicants, Language Requirements, Financial Requirements, and Visa Requirements.

Pre-Application Information Form for International Master's Applicants

Prospective international students need to provide their e-mail address to the Records Department so a Welcome Letter can be sent to them. The Welcome Letter contains detailed instructions and an I-20 Application that must be completed and returned to the Records Department. In the I-20 Application, the prospective international student provides preliminary documentation, as required by the U.S. Government, to identify their sources of funding for both education and living expenses while at Trinity. Applications for program admission will not be reviewed until the I-20 Application has been received and approved by Trinity. This begins the application process.

International applicants must demonstrate how all expenses related to education, travel, and living will be paid prior to issuing a student visa, according to U.S. law. International applicants may apply if they have a financial guarantor in the United States or if they have sufficient evidence from legitimate individuals or organizations that their expenses while attending Trinity can be met. Living expenses add more than \$20,000 annually to the costs of education (tuition, fees, books).

International students on an F-1 visa should not plan on working in the U.S. to fund their studies. They are required to register as a full-time student each semester and the Florida Regional Center requires payment in full prior to starting semester classes. A payment plan is not an option at the FRC.

Subsequent to approval of the I-20 Application, the prospective student's Application for Admission will be received and reviewed for admission to Trinity.

Financial Requirements

After the I-20 Application has been received, the Application for Admission will be reviewed.

Most international applicants, depending on anticipated living arrangements and the number of family members accompanying them to the United States, will need to identify available funds starting at US \$30,000 to satisfy this requirement.

In order to issue a Certificate of Eligibility (I-20) for a student visa:

- Accepted international applicants must submit the Application Fee that pertains to their program of study

Visa Requirements

Trinity is authorized under U.S. law to enroll non-immigrant alien students; however, these U.S. laws are becoming increasingly stringent. International students must enter the United States with an F-1 visa which is granted by the embassy in the student's country.

A U.S. Immigration Certificate of Eligibility (I-20) will be issued by Trinity, enabling the international applicant to apply for an F-1 student visa, after the following have been met:

1. Applicant has demonstrated English language competence meeting or exceeding Trinity's standards.
2. Applicant has been admitted as a student
3. Applicant has demonstrated adequate financial resources through documentation provided with the I-20 Application
4. Applicant has submitted the application fee that pertains to their program of study

In accordance with U.S. immigration law, Trinity does not allow non-immigrant aliens to register as full-time or degree-seeking students without an F-1 visa. Permanent residents are exempt from these limitations, as are certain other visa statuses (i.e., R-1 or H1B). It is the responsibility of the student to maintain legal immigration status.

Admission Categories

Admission to TEDS is either for enrollment directly into a degree program, or for enrollment in one of the following other categories for persons not wishing to pursue a master's degree.

Program Enrollment Students

Persons applying and enrolling in a master's program are considered Program Students and must complete the full application packet. Such students generally have met all program prerequisites and enroll in good standing. On occasion, a student may be admitted to a program but be assigned to one of the following categories:

1. Academic probation when the prior academic record is below what is required for program admission (Status is removed by the Records Office when 10 semester hours have been completed in good standing);
2. Conditional acceptance when the application packet has not yet been completed in full (Application packet must be completed during the first semester of enrollment, at which time the status is removed by the Records Office); and
3. Acceptance with deficiencies when program prerequisites remain outstanding (Prerequisite deficiencies must generally be removed before program candidacy).

Visiting Students

Persons may apply for visiting student status if they wish to enroll in master's courses for credit on a part-time basis but not enroll in a degree program. Visiting students must submit the visiting student application and fee and an official transcript indicating a completed bachelor's degree. (Visiting students receive "conditional acceptance" until their bachelor's transcript is received.)

Visiting students may enroll in a maximum of 9 hours each semester, and it is recommended that they enroll in no more than 12 hours before applying to a degree program. If a visiting student desires later to enroll in a degree program, the entire program application must be completed, and there is no guarantee of admission. Completed coursework generally

applies toward program requirements, though program applicants should particularly note program residency requirements (hour that must be completed subsequent to program admission).

Auditors

Auditors are persons who wish to attend classes but do not wish to complete work for credit. Auditors must complete the visiting student application, though they need not have completed a bachelor's degree. Auditors may participate in all class functions, but will not be held accountable for tests or assignments, and will not receive a grade or credit, nor are faculty required to review submitted tests or papers.

Auditors may enroll in classes during any open registration period through the first class session; however, their registration is contingent upon available seating after the first class meeting. This ensures that credit students are first seated, with remaining seats available to auditors. Some classes are closed to auditors, and Trinity reserves the right to limit auditors in all courses. Auditors are not permitted in beginning language courses, unless they have already completed and passed the course at Trinity for credit.

Multiple Masters

Students seeking admission to more than one program at Trinity are considered "Multiple Masters" students and must seek advisement from Registrar and the relevant Program Directors for completing their programs in a timely progression. Multiple Masters and students seeking their second degree at Trinity should complete the Second Degree Program/Multiple Masters Application.

Scholars-in-Residence

Scholars-in residence hold an earned or honorary doctorate and are persons who do not wish to pursue a doctoral degree at Trinity. Such persons may enroll in doctoral courses as an auditor or visiting student upon consultation with the Admission Office and Program Director. Regrettably, Trinity is unable to provide stipends, housing, meals, office space, or other benefits to these persons.

Admission and Advanced Program Placement

Upon acceptance applicants may find they are eligible for one of three types of advanced placement in their program: transfer credit, advanced standing, or course substitution.

Transfer Credit

Accepted students may be eligible for transfer credit for graduate study completed at a regionally accredited institution when such coursework parallels courses in the TEDS Catalog and has been completed at a "C-" or better grade level. Graduate transfer credit is not granted for undergraduate coursework, graduate-level coursework applied to an undergraduate degree, or generally for coursework taken at non-accredited graduate schools. Distance Education credit is limited to Association of Theological School guidelines. Transfer credit is limited to a maximum of 50 percent of a degree. Coursework older than ten years is not considered current and must be retaken.

Transfer credit is not automatic and is considered upon petition by the student generally at the time of admission. Transfer Credit Request forms are available online from the Records Office who evaluates the request at the direction of the Dean. All Trinity residency requirements must be met.

Prior to matriculation, transfer credits will be evaluated at no cost to the student. However, students already enrolled at TIU will be charged a fee of \$50 per course taken and considered for transfer.

TEDS students desiring to complete a semester or year abroad should carefully arrange the application of this transfer credit prior to their departure. Such coursework is generally applied to electives and may not be equivalent to required TEDS program courses.

Course Substitution and Program Modifications

Students who have taken coursework as part of their bachelor's degree that would be repeated in their master's program are encouraged to build on their previous studies by requesting permission to substitute advanced courses in the same department. Such substitutions are granted, without examination, in consultation with faculty. See the *TEDS Academic Handbook* for details.

Photographs, images, video and sound recordings policy

By accepting admissions to and/or taking any classes at TIU, each student (and his or her parents/guardians if the student is under 18):

1. Authorize TIU and its employees, agents and contractors to use, copy, modify, publish, display, broadcast, and distribute
 - a. the student's name, voice and likeness,
 - b. photographs, images and video and sound recordings of the student, and
 - c. the city, state or province, and country where the student lives (together, the "Materials");
2. Waive any right to inspect or approve TIU's use of the Materials; and
3. Release TIU, its employees, agents and contractors, and their successors and assigns from any claim or liability, whether known or unknown, resulting from use the Materials, including but not limited to, claims for violation of publicity rights, privacy rights, defamation, and copyright infringement.

Program Enrollment Changes

Subsequent to admission, a student may desire, or find it necessary, to defer enrollment, apply for readmission, change their program, or transfer to another school in Trinity International University.

Deferring Enrollment

Master's students may defer enrollment for up to two years from the semester to which they were originally admitted. Longer deferments require submission of a complete set of new application materials. A Supplemental Application may also be necessary.

If deferment is necessary, notify the Admissions Office, which will advise the applicant of any special instructions. Applicants are also responsible for contacting the Financial Aid office, if necessary. The student's required program of studies is governed by the catalog current at the time of enrollment.

Application for Readmission

A Supplemental Application is necessary when a student

- Is admitted but defers his or her admission from original date of intended matriculation.
- Officially or unofficially withdraws

If more than two years lapse after the original acceptance, withdrawal, or completion of the first program, the applicant will be required to submit

a complete set of new application materials. Students who are admitted are subject to the program requirements of the catalog current at the time they re-enroll.

Active and Inactive Student Status

Students who desire not to register for classes for a period of one to three semesters (twelve months) should request a **Leave of Absence (LOA)** from the Registrar's Office (see Leave of Absence Policy in this Catalog). This apprises Trinity of student programs plans, and enables appropriate services to be provided. If a student desires to leave TEDS, a **Withdrawal** must be completed through the Registrar's Office (see "Withdrawal" in this Catalog).

If a LOA or Withdrawal has not been completed by a student, and a student does not register and successfully complete coursework each consecutive semester (fall, spring; summer is exempt), his or her status 'is rendered **inactive** (e.g. active students must register for at least one course each semester). **Inactive students must reapply to TEDS with no guarantee of readmission.**

Change of Program (COP)

If after initial enrollment the student wishes to be admitted to a different program, the following apply:

1. All possible options should be considered in consultation with a faculty member, Admissions Counselor, Program Director, and/ or a Records Office representative in light of course work already completed.
2. Admission to one TEDS/TGS program does not guarantee admission to another program. All admission requirements for the new program must be met.
3. At least one semester of TEDS/TGS coursework must be completed before a COP application will be considered, together with the review of that semester's grade. No more than one change of program will be permitted within a single semester.
4. The online Change of Programs Applications should be submitted to Admissions by the following dates: January 15th for the Spring semester and September 1st for the Fall semester. Changes requested after those dates will be recognized in the next academic term.
5. The Catalog current at the time of admission to the degree program, not the Catalog in effect at the time of original enrollment, will govern the student's new program.
6. If COP is denied, applicants may submit a written appeal within thirty days to the Director of Admissions.
