Retaliation by the School employee against any individual who makes a complaint of unlawful harassment is strictly prohibited. Similarly, any person who participates or cooperates in any manner in an investigation or any other aspect of the process described herein shall not be retaliated against. Retaliation is itself a violation of this policy and is a serious offense. Complaints regarding allegations of reprisal should be immediately brought to the attention of the Chief On-site Administrator.

Discipline that the School may impose on employees for behavior that violates this policy and other unprofessional conduct by the School employee may include, but is not limited to, reprimand, suspension, demotion or dismissal. Unlawful harassment by non-employees may result in restricting the harasser's access to all School offices and operating units.

It is possible to reproduce a copy of a published work for the purpose of replacement of material that is damaged, deteriorating, lost or stolen if it has been owned by the Library and after a reasonable effort has been made to obtain a duplicate copy and if a replacement copy cannot be obtained at a fair price.
3. Copies can be made from items in a Library for a user at their request if not more than one article, or other parts of a copyrighted collection, periodical, or recording is involved provided that the copy becomes the property of the user and the copy will not be used for any purpose other than private study, scholarship or research.
4. The Library must prominently display, at the place where orders for copies are taken or copies are made, a warning of copyright infringement and that the use of the items copied must be only the use indicated above.
5. There shall be no liability for copyright infringement upon the institution or its employees for unsupervised use of various types of reproductive equipment located in its premises, provided that such equipment displays a notice that making such a copy shall be subject to copyright law.
6. The person making the copy for their use has the liability for determining whether or not use of the copy fits the criteria for Fair Use as described in Section 107 of the Copyright Law Title 17 of the United States Code.
7. The law specifically states that permission given in Section 108 of the Copyright Law Title 17 of the United States Code does not include any musical work, pictorial, graphic or sculptural work, motion pictures or other audiovisual works.

ADMISSION POLICIES

ADMISSION PROCESS

Applications for admission are taken year-round. Application forms are available online and from the Admission's Office.

Prior to signing the enrollment agreement, we encourage you to review the school catalog and School Performance Fact Sheet. These documents contain important policies and performance data for this institution. This institution is required to have you sign and date the information included in the School Performance Fact Sheet relating to completion rates, placement rates, license examination passage rates, and salaries or wages, and the most recent three-year cohort default rate, if applicable, prior to signing this agreement.

Prospective students must contact the School to obtain an application packet. The packet will contain the required application and forms needed for submission. The student must contact all relevant institutions for submission of proof of graduation attesting to their academic qualifications from undergraduate institutions for admission to the graduate program or submission of proof of high school completion for admission to the undergraduate programs. It is also the student's responsibility to ensure that all documents and forms are complete. Admissions decisions will be made within 30 days of receiving all required documentation. Students will not be admitted to the School without the required documentation and application/registration fee. If an applicant does not accept their admission or fails to matriculate within one year of acceptance, the applicant will need to go through the admissions process again. This means that the applicant must resubmit a non-refundable application/registration fee, application, documents, forms and information required for admission to their selected program. TRANSFER STUDENTS

Nobel School of Business will consider accepting transfer students from other schools. To transfer credits to Nobel School of Business, a student must file an application for admission, satisfy all admission requirements, and submit official transcripts from the school(s) whose credits are to be evaluated for transfer credits.

TRANSFER CREDIT POLICY

Nobel School of Business welcomes the transfer of course work from accredited institutions. Institutions include those that have been accredited by an agency that is recognized by the United States Department of Education. Outside the U.S., a provincial or national authority such as the Ministry of Education usually approves some institutions.

Credit is evaluated on a course-by-course basis, requiring that course descriptions and credit values be comparable. Only work earned with a grade of “C” or higher is transferable to the undergraduate program and “B” or higher to the graduate program; however, grades from transfer credits do not compute into Grade Point Averages (GPA). Grade Point Averages are computed solely on courses completed at Nobel School of Business. Under exceptional circumstances and with the approval of the Chief Academic Officer, transfer of credit may be possible from unaccredited institutions. In addition, Nobel School of Business takes steps to ensure that course work taken at the previous institution is comparable to the course work offered by Nobel School of Business. These steps include one or more of the following:

- Demonstration of achievement by means of comprehensive examinations;
- Review of syllabi, grading standards, and other relevant learning resources at the sending institution; and
- Analysis of historic experience regarding the success of transfers from the sending institution.

If a student wishes to apply transfer credit to his/her program, the transfer should be arranged after receiving a letter of acceptance. In order to request this transfer, a student should submit a Transfer Credit Approval Form and arrange for an official transcript (signed and sealed) to be mailed directly from the previous institution to Nobel School of Business’s Registrar’s Office.

ARTICULATION AGREEMENTS

Nobel School of Business does not have any articulation agreement with any college or School of Business.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Nobel School of Business is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Nobel School of Business to determine if your credits or degree will transfer.

For example, if you entered the School as a freshman, you may still be a freshman if you enter another college or School of Business at some time in the future, even though you earned credits here at the School. In addition, if you earn a degree in our Bachelor of Arts in Business Administration and/or Master of Business Administration program, it may not serve as a basis for acceptance to an advanced degree program at another college or School of Business. Transferability of credit always rests with the receiving institution. It is your responsibility to confirm whether or not credits will be accepted by another school.

QUARTER/SEMESTER UNITS CONVERSION

Nobel School of Business uses the following conversions: Quarter Units X .667= Semester Units

Quarter units are converted to semester units by multiplying the quarter units by .667. The resulting figure is not rounded. Only the first two digits to the right of the decimal point are used. *Example:* 25 quarter units x .667 = 16.675 semester units = 16.67 semester units (NOT 16.68 or 17.0)

The same formula and rules are used to convert quarter grade points to semester grade points. Semester units are converted to quarter units by multiplying quarter units by 1.5. The resulting figure is not rounded. Only the first two digits to the right of the decimal point are used. *Example:* 25 semester units x 1.5 = 37.50 quarter units (NOT 38.0)

ACADEMIC POLICIES

REGISTRATION

All students must register for certain courses in keeping with their academic plans and for which they meet the stated prerequisites.

To be considered a full-time student, undergraduate students must register at least 12 semester credits per term, while graduate students must register at least 9 semester credits per term.

The maximum course load per term shall be 15 semester credits for undergraduate students, and 12 semester credits for graduate students. Exceptions shall require prior approval of the Chief Academic Officer.

Registration forms are available at the Registrar's Office.

ADD AND DROP POLICY

During the first two weeks of the semester, an undergraduate student may drop up to two courses, and an equivalent number of courses may be added to replace the dropped courses. A graduate student may drop one course, and an equivalent number of courses may be added to replace the dropped course.

Addition of courses are not allowed after the second week except under the same kind of emergency circumstances that would apply in the case of incomplete grades. To add and/or drop courses, a student must submit the completed Add/Drop Request Form to the Registrar's Office on or before the last day to add and drop.

LATE REGISTRATION

Students who have not completed registration by the last day of the registration period may register the courses during the first two weeks after classes begin. Students are not allowed to register after the end of the second week each semester. No enrollment or addition of any course is permitted after the first two weeks of the semester have passed without permission from the faculty involved and authorized by the Registrar.

ATTENDANCE POLICIES

CLASSROOM ATTENDANCE

All work missed due to absence or lateness must be made up to the satisfaction of the faculty in order to receive credit for the course. Faculty may, at their own discretion, arrange for make-up examinations, in cases of excused absence. Unexcused absence or lateness for an examination will normally result in a failing grade for that examination.

Excessive absence is defined as absences in excess of 20% of scheduled classroom hours in didactic courses. Faculty will report excessive absences to the Department Chairs. Students may be asked to appear before the Department Chairs and the faculty. Failure to appear at the meeting may result in a failing grade, and may also result in academic probation.

If the excessive absences are not classified as excused, the Department Chairs may:

1. Place students on probation, giving provisions for return to good standing.
2. Suspend students for the remainder of the class meetings with no penalty grade assigned. Any tuition to be refunded will be refunded per Nobel School of Business Refund Policy.
3. Suspend students for the remainder of the class meetings with a failing grade assigned.
4. Recommend to the Chief Academic Officer that students be dismissed from the School.

TARDINESS

Tardiness is a distraction to a good learning environment and is discouraged. Faculty may reduce final grades based on excessive tardiness.

LEAVE OF ABSENCE

A leave of absence (LOA) may be granted for personal emergencies and other circumstances that require a temporary interruption in attendance. If a leave of absence is unavoidable, it is best to finish the current semester before starting a leave.

A student who wishes to take a leave of absence must make the request prior to or on the first day of instruction by completing the Request for Leave of Absence form, with the exception of an emergency medical leave of absence. The leave of absence is effective only when the Registrar has acted upon the request and granted permission. A student who has taken a leave of absence without the Registrar's permission will not be considered as a continuing student without persuasive reason(s) and evidence to substantiate such reason(s).

Students that begin a leave of absence during a semester, after add and drop period, will be assigned a grade of "W" for any coursework that cannot be assigned a final grade. Leave of absences may not be granted during a student's first semester. A leave of absence has no effect on satisfactory academic progress if no credits are attempted during the leave period. Students shall not be charged any sum of money for the leave of absence. For the purpose of refund calculation, leave of absences are not charged, and are based on the last day of attendance.

Students who do not return to enrolled status at the end of the approved leave of absence are no longer considered to be pursuing a degree. Students who fail to apply for Request for Leave of Absence, or for whom a leave has been denied or has expired, should refer to re-entry.

In any twelve-month period, Nobel School of Business may grant no more than a single leave of absence for a maximum of 180 days. Nobel School of Business may grant more than one leave of absence in the event that unforeseen circumstances arise, such as medical reasons affecting the student or a member of student's immediate family, military service requirements, or jury duty, provided that the combined leaves of absence do not exceed 180 days within the 12-month period. If the student does not return following the leave of absence, the school must terminate the student and apply the school's refund policy in accordance with applicable and published requirements.

Students taking a leave of absence must meet the following requirements:

- Student must be in good academic standing when requesting an LOA from the Registrar's Office.
- Student must submit a signed leave of absence form to the Registrar's office prior to taking the leave.
- Student must receive PRIOR approval from the Registrar's office before withdrawing from courses.
- Student must be outside the U.S. during the LOA, except for medical leave of absence. (*International Students ONLY*)

MEDICAL LEAVE OF ABSENCE

In addition to the requirements for a leave of absence, student must submit a letter from a licensed medical doctor, doctor of osteopathy, or licensed clinical psychologist recommending leave for a specific semester to the Registrar's Office.

INTERNATIONAL STUDENTS

Medical Leave of Absence

F-1 students are eligible to take an LOA due to medical reasons. Students have the option to return to their home country or remain in the U.S. to receive medical treatment if recommended by a doctor.

Students who wish to remain in the U.S. must obtain a doctor's letter recommending the LOA for medical reasons. Students who remain in the U.S. without obtaining advance approval for medical LOA from the Registrar's Office will be considered out of status.

Requirements for Medical LOA are as follows:

- Must have a letter from a licensed medical doctor, doctor of osteopathy, or licensed clinical psychologist recommending leave for a specific semester
- Doctor's note should specify if the student should remain in U.S. to receive treatment
- Must have PRIOR approval from the Registrar's Office before withdrawing from courses

Non-Medical Leave of Absence

If an F-1 student takes a leave of absence for more than five (5) months, the student's record will be terminated and the student cannot remain in the U.S. After submitting the leave of absence form for the approval from the Registrar's office, the student's SEVIS record will be terminated for "Authorized Early Withdrawal", which will not adversely affect the student's immigration record. The exact date of the termination will be based on the date the student indicates on this form. The student must depart the U.S. within 15 days of the termination date (for "Authorized Early Withdrawal" only).

Returning from a Non-Medical Leave of Absence

1. F-1 students returning from a leave of fewer than five (5) months:
 - Submit a written request to the Registrar's Office at least one month before the student plans to return to the School in order to reactive the record with USCIS. Once approved, the School will issue a new I-20 and the student will be able to re-enter the U.S.
 - Re-enter the U.S. with all required travel documents, including a valid F-1 visa.
2. F-1 students returning from a leave of more than five (5) months:
 - Submit a written request to the Registrar's Office at least three months before the student plans to return to the School in order to allow time for the creation and receipt of a new SEVIS record/I-20.
 - Pay for I-901 SEVIS fee for the new I-20's SEVIS ID.
 - Apply for a new F-1 visa, if applicable. It is recommended the student contacts the nearest U.S. embassy/consulate whether a new visa is needed.
 - The student will not be eligible for off-campus employment until the student is in a new F-1 status for at least one academic year.

GRADING SYSTEM

All student learning is graded on a letter basis. Any student receiving an "incomplete" grade will be given up to sixteen weeks to complete the assignment. Any student receiving a "D" grade or below is responsible for creating a plan for improving his/her grade with his/her faculty. Student performance is evaluated by examinations, attendance, classroom participation, special projects, seminars, research works, etc. The School uses the traditional 4.0 scale grading system for all examinations and final grades.

GRADE PROGRESS

Grade	Grade Point (Remarks)
A	4.00
A-	3.75
B+	3.25
B	3.00
B-	2.75

C+	2.25
C	2.00
C-	1.75
D+	1.25
D	1.00
D-	0.75
F	0.00
I*	0.0 (Incomplete)
W*	0.0 (Withdrawal)
R*	0.0 (Repeated Course)
IP*	0.0 (In Progress)

* These grades are not included in the calculation of the student's GPA.

MBA program: Minimum Passing Grade is a C. Only those graduate level courses in which a student earns the equivalent of a 2.0 or better may be applied toward the total number of credits required for graduation.

UNITS OF CREDIT

Nobel School of Business academic work is established by semester credit hours. One (1) semester credit hour equals forty-five (45) units comprised of the following academic activities:

One clock hour in a didactic learning environment = 2 units

One clock hour in a supervised laboratory setting of instruction = 1.5 units

One clock hour of externship = 1 unit

One clock hour of out-of-class work and/or preparation for the didactic learning environment, or supervised laboratory setting of instruction that are designed to measure the student's achieved competency relative to the required subject matter objectives = 0.5 unit

One (1) clock hour equals a minimum instruction time of fifty (50) minutes of supervised or directed instruction and appropriate break(s).

INCOMPLETE GRADE (I)

The faculty may assign the "I" grade when work is of passing quality but is incomplete for good cause. Assigning an "I" is at the discretion of the faculty, who is not obligated to do so. If faculty issues a grade of "I," the remaining coursework must be finished by the last day of the next semester (fall, summer, spring). If the course is not completed, the "I" will automatically lapse to an "F". It is the student's responsibility to discuss with the faculty the conditions and time frame for completing the course by the next term. The student is not to re-enroll in the course again unless the student receives an "F". The grade of "Incomplete" will be marked on the transcript until the final grade is complete. However, it will not be calculated into the GPA. Once the completed grade is reported to the Registrar, the grade is posted and the final grade is averaged into the cumulative GPA.

WITHDRAWAL (W)

Students may withdraw from courses during the first two weeks after classes begin without affecting their grade point average. Students thereafter are required to obtain permit from the Department Chair to withdraw. Withdrawal from enrolled classes after the first two weeks with the proper withdrawal procedure will result in a "W" grade recorded in the official transcript. No withdrawals are permitted during the final three weeks of instruction except in cases such as accident or serious illness. A grade of "I" will be automatically entered in the grade report if the student does not attend the final three weeks of class without being excused. Withdrawal grades are not included in the GPA. A refund of tuition, if any, will be made in accordance with the Refund Policy.

International students on F-1 Visas should check with the Administrator of Student Services before withdrawing from a class which could potentially place them below full-time status or risk violating their legal status.

REPEATED COURSES (R)

Any undergraduate course in which a grade of C- or below or any graduate course in which a grade of B- or below earned can be repeated once. The second grade, for better or worse, is calculated into the cumulative and term grade point average (GPA).

Important Additional Restrictions

1. Students may repeat the same course only once.
2. Students may receive credit hours for a repeated course only once.
3. Undergraduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of C or better.
4. Graduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of B or better.

It is the recommendation of the School for students to consult with the Chief Academic Officer if they have any questions about repeating courses.

GRADE REPORT

At the end of each semester, notification of students' academic standing and report of grades achieved while in attendance at Nobel School of Business are available upon students' request. Grades are normally available within two weeks following the last day of the term. If there are any unpaid charges or other penalties on record against students, request for transcript and class grades will be withheld unless arrangements to the contrary have been made in advance with the Nobel School of Business administration.

GRADING PROCEDURES

Requirements for midterms and other examinations (written and oral), term papers, reports, projects, and other student activities are assigned by each faculty. Make-up examinations, retests, late submission of reports or other special arrangements are made only by the faculty, and only at the faculty's discretion. Either the faculty or Nobel School of Business can administer a make-up examination or retest.

Faculty is not required to offer make-up examinations, retests, or to accept late submissions of work. It is fully within the faculty's discretion to give a failing grade for any examination a student does not take on time, or for any report or other assignment a student fails to submit on time.

FAILING AN EXAMINATION

Faculty may recommend that a retest be granted. Such retests are scheduled at the convenience of the faculty. All retests must be completed before the end of the fourth week of the following semester.

FAILURE TO ATTEND AN EXAMINATION

Without prior authorization by the faculty, failing to attend any examination shall result in a failing grade. No make-up examination can be authorized. Students must repeat the course, paying full tuition.

Students may be excused from taking a scheduled examination for the following reasons: childbirth, documented illness or injury, death in the immediate family, or other emergency situation acceptable to the faculty. Students must apply for a make-up examination on an Examination Request Form.

The request must be approved by the faculty. Students will be required to submit acceptable proof of inability to attend the examination.

STUDENT ACHIEVEMENT

To document student learning outcomes, Nobel School of Business assesses general education achievement using cumulative GPAs for all students.

CUMULATIVE GRADE POINT AVERAGE (CGPA)

As one method of documenting student learning outcomes, Nobel School of Business annually analyzes cumulative GPAs per program, in as much as GPA achievement provides a uniform and comparable measure of student achievement across programs and across time. GPA is calculated on the traditional 4.0 scale.

The CGPA is calculated using the formula below:

CGPA = Total Grade Points Earned/Total Units Attempted with Letter Grade

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

The SAP policy is a statement that addresses the issue of whether students are maintaining satisfactory academic progress in their educational programs. At Nobel School of Business, this policy consists of qualitative and quantitative standards:

MINIMUM ACADEMIC ACHIEVEMENT

Students must attain a minimum CGPA in order to meet minimum requirements for continuing their education at Nobel School of Business and for successfully completing a program.

1. Bachelor of Arts in Business Administration

All undergraduate students must complete 66.67% of all attempted courses and achieve a minimum cumulative grade point average (CGPA) of 2.0 by the end of each academic year. Students not meeting this standard are subject to academic probation.

2. Master of Business Administration

All graduate students must achieve a minimum cumulative grade point average (CGPA) of 3.0 by the end of each academic year. Students whose CGPA fall below this standard are subject to academic probation.

MAXIMUM PROGRAM LENGTH

1. Bachelor of Arts in Business Administration

Students need to complete 120 semester credits with a CGPA of 2.0 or better to graduate. Typically, these credits may be completed in about four (4) years of study. However, the maximum time frame to complete the program is 150% of the typical time frame which equals six (6) years. In other words, students have a maximum of six (6) years to complete the bachelor's program at Nobel School of Business. In order for a student to stay within the 150%-time frame, he or she needs to successfully complete a minimum of 12 credits per semester.

Students cannot exceed 150% of the number of credits required to complete their degree program. All credits attempted toward the completion of a program of study will be counted in the maximum number of allowable credits. Transfer credits are included in the total.

Credits counted as attempted include:

- All Nobel School of Business courses for which the student receives any of the following grades: A, B, C, D (including plus/minus), F, and I;
- All Nobel School of Business courses marked as W (indicating a course(s) dropped or total withdrawal for the term);
- All credits accepted for transfer from another institution.

Grades of “F”, and “I” will be counted as hours attempted but will not be counted as hours successfully passed. Repeated course enrollment will be counted in the completion rate and against the overall maximum time limit required to complete the program of study. Repeated course enrollment will be calculated in the cumulative GPA according to the Nobel School of Business academic grading policy.

2. *Master of Business Administration*

Students need to complete 36 semester credits with a CGPA of 3.0 or better to graduate. Typically, these credits may be completed in about two (2) years of study. However, the maximum time frame to complete the program is 150% of the typical time frame which equals three (3) years. In other words, students have a maximum of three (3) years to complete the master’s program at Nobel School of Business. In order for a student to stay within the 150%-time frame, he or she needs to successfully complete a minimum of 9 credits per semester.

Students cannot exceed 150% of the number of credits required to complete their degree program. All credits attempted toward the completion of a program of study will be counted in the maximum number of allowable credits. Transfer credits are included in the total.

Credits counted as attempted include:

- All Nobel School of Business courses for which the student receives any of the following grades: A, B, C, D (including plus/minus), F, and I;
- All Nobel School of Business courses marked as W (indicating a course(s) dropped or total withdrawal for the term);
- All credits accepted for transfer from another institution.

Grades of “D”, “F”, and “I” will be counted as hours attempted but will not be counted as hours successfully passed. Repeated course enrollment will be counted in the completion rate and against the overall maximum time limit required to complete the program of study. Repeated course enrollment will be calculated in the cumulative GPA according to the Nobel School of Business academic grading policy.

MONITORING OF STUDENT ACADEMIC PROGRESS

1. *Bachelor of Arts in Business Administration*

Course loads are reviewed at the end of each academic year. Undergraduate students, whose records indicate that they have successfully completed less than 30 credits per academic year, are advised by the Registrar that they are not meeting typical academic satisfactory progress.

2. *Master of Business Administration*

Graduate students, whose records indicate that they have successfully completed less than 18 credits per academic year, are advised by the Registrar that they are not meeting typical academic satisfactory progress.

4. Graduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of B or better.

It is the recommendation of the School for students to consult with the Chief Academic Officer if they have any questions about repeating courses.

UNSATISFACTORY ACADEMIC PROGRESS

If a student's progress, measured at the end of each semester, is determined to be unsatisfactory and a projection indicates that it is possible to reestablish SAP by the end of the subsequent term, the School may place the student on academic probation. The student will be advised of the performance necessary to reestablish SAP.

CHANGE OF PROGRAM

Nobel School of Business offers only one undergraduate program and one graduate program of study at the Los Angeles Main Campus and the Buena Park Branch Campus.

ADDITIONAL DEGREE

Nobel School of Business offers only one undergraduate and one graduate credential at the Los Angeles Main Campus and the Buena Park Branch Campus. The Satisfactory Academic Progress (SAP) policy for the undergraduate program of a given student does not influence the academic progress of that student at the graduate level.

TRANSFER CREDITS

Transfer credits accepted by Nobel School of Business count toward a student's cumulative completion rate and the maximum program length allowed. Cumulative Grade Point Average (CGPA) is not affected.

CLASSIFICATIONS OF ACADEMIC STANDING

There are three (3) distinct classifications of academic standing reflected on the academic record or transcript. The conditions associated with each of these classifications are described below and are intended to be used to guide the student in his/her academic planning. In particular, students placed on academic probation must meet with the Chief Academic Officer to develop an academic strategy for success that will also allow them to be removed from academic probation.

Good Standing

Good standing status is assigned to the term record of any undergraduate student with a cumulative grade point average (GPA) above the standard of 2.00 at the close of the term. Good standing status is assigned to the term record of any graduate student with a cumulative grade point (GPA) average of 3.00 or higher at the close of the term.

Academic Probation

Undergraduate students will be placed on academic probation when either the term or cumulative GPA falls below 2.00. Likewise, graduate students will be placed on probation when either the term or cumulative GPA falls below 3.00. Students on probation must meet with the Chief Academic Officer to develop an academic plan and establish GPA goals using the Veigel GPA calculator. While on probation, students must adhere to the conditions of the program of study in which they are enrolled. Undergraduate students enrolled in a full-time program of study must complete a minimum of twelve (12) credits but not exceed fifteen (15) credits during probationary term(s) of study. Graduate students enrolled in a full-time program of study must complete a minimum of six (6) credits but not exceed nine (9) credits during probationary term(s) of study. A student in a part-time program of study can enroll in no more than eleven (11) credits in the probationary term(s). Removal from probationary status requires that students achieve both a term and cumulative GPA of 2.00 or higher (for undergraduate students) and a GPA of 3.0

or higher (for graduate students) in a subsequent term. While the student is on probation, the School may require the student to fulfill specific terms and conditions such as taking a reduced course load, enrolling in specific courses, or extending enrollment status. However, all credits attempted count toward the 150% of the normal program length even if the student is on extended enrollment.

Dismissal

1. Term Grade Point Average

Undergraduate students will be dismissed from Nobel School of Business when their term GPA falls below the 2.00 standard for three (3) consecutive terms. Graduate students whose term GPA falls below 3.00 for two (2) consecutive terms, will be dismissed from Nobel School of Business.

Undergraduate students, who earn a term GPA below 1.00, and graduate students who earn a term GPA below 2.00, not including their first term at Nobel School of Business, may be automatically dismissed from Nobel School of Business. That is, they are subject to dismissal without the benefit of a probationary period. Such students have the opportunity to appeal the dismissal decision, as described below. First term undergraduate students that obtain a term GPA below 1.00, and graduate students who earn a term GPA below 2.00 will be placed on probation and held to the standards established by the conditions of academic probation.

2. Cumulative Grade Point Average

Undergraduate students will be dismissed from Nobel School of Business when their cumulative GPA remains below the 2.00 standard for the probationary period of three (3) consecutive terms unless an extended period is approved by the Chief Academic Officer.

Undergraduate students who earn a cumulative GPA below 1.00, not including their first term at Nobel School of Business, may be automatically dismissed from the School. That is, these students are subject to dismissal, without benefit of a probationary period. Such students have the opportunity to appeal the dismissal decision, as described below. First term students that obtain a GPA of or below 1.00 will be placed on probation and held to the standards established by the conditions of academic probation.

Graduate students will be dismissed from the School when their cumulative GPA remains below the 3.00 standard for the probationary period of two (2) consecutive terms unless an extended period is approved by the Chief Academic Officer.

Graduate students who earn a cumulative GPA below 2.00, not including their first term at Nobel School of Business, may be automatically dismissed from the School. That is, these students are subject to dismissal, without benefit of a probationary period. Such students have the opportunity to appeal the dismissal decision, as described below. First term students that obtain a GPA of or below 2.00 will be placed on probation and held to the standards established by the conditions of academic probation.

3. Right to Appeal a Dismissal Decision

Students have the right to appeal a dismissal decision. They may do so by requesting for an appeal to the Chief Academic Officer. The request must be submitted by students within seven (7) days of having been notified that they are being dismissed from Nobel School of Business and in no case later than the first day of classes in the term in which the dismissal is to take effect.

Upon submitting the request to appeal the dismissal decision, the student will be scheduled to meet with the Chief Academic Officer in order to discuss his or her academic progress and plan. A final decision

regarding the outcome of the student's appeal will be communicated at this meeting. If a student seeks to be reinstated for the term into which the dismissal is to take effect, he/she must meet with the Chief Academic Officer before end of the first week of the term. After that date, appeals will be considered for the subsequent term.

4. Terms of Reinstatement after Dismissal

Reinstatement to Nobel School of Business is subject to the following conditions:

- For Full-Time Students

Students are expected to meet the Academic Standard of Nobel School of Business by the time they are to graduate. Undergraduate students must enroll in and complete no fewer than twelve (12) and no more than sixteen (16) credits unless otherwise approved by the Chief Academic Officer. Graduate students must enroll in and complete no fewer than six (6) and no more than nine (9) credits unless otherwise approved by the Chief Academic Officer. During the period of reinstatement, a student cannot change his/her program of study or status.

- For Part-Time Students

Students are expected to meet the Academic Standard of Nobel School of Business by the time he/she is to graduate. Undergraduate students can enroll in and complete no more than eleven (11) credits during the readmitted term. The student must obtain a minimum term GPA of at least a 2.00 during the readmitted term and may not earn grades of "D" or below, or "I" in any given course during this term. If the student does not meet the 2.00 GPA standards as established under the conditions of reinstatement, he/she will be dismissed from the School. Failure to meet the above conditions will result in dismissal from the School.

Graduate students can enroll in and complete no more than five (5) credits during the readmitted term. The student must obtain a minimum term GPA of at least a 3.00 during the readmitted term and may not earn grades of "C" or below, or "I" in any given course during this term. If the student does not meet the 3.00 GPA standards as established under the conditions of reinstatement, he/she will be dismissed from the School. Failure to meet the above conditions will result in dismissal from the School.

Such dismissal is considered final unless overturned by the Chief Academic Officer. A final dismissal decision may not be appealed.

5. Final Dismissal

Students who: (a) do not appeal the initial dismissal decision, (b) receive a negative decision from the Chief Academic Officer, (c) fail to meet the conditions of reinstatement, or (d) who fail to maintain F-1 student status (international students only), are dismissed from Nobel School of Business.

PETITION FOR READMISSION

Students who have been dismissed from the School must wait at least one semester before applying for readmission and must submit a Petition for Readmission to the Chief Academic Officer. In order to be considered, the students must submit a written petition which describes the changes in behavior or circumstance that will result in improved academic performance. The readmission petition must be submitted to the Chief Academic Officer at least ten (10) days before the beginning of the semester in which the student request readmission. The Chief Academic Officer will determine if the student has demonstrated the likelihood of future success in the program of study. The Chief

Academic Officer will notify the student in writing concerning readmission. If readmission is granted, a student may resume course work at Nobel School of Business.

APPLICATION FOR GRADUATION

Application for graduation is available at the Nobel School of Business Admissions Office and should be filed four weeks before the end of the student's last semester. Students who have filed applications for graduation, but have failed to complete degree requirements, will not be processed for graduation.

Successful completion of 120 semester credits with a minimum Grade Point Average of 2.00 is required to graduate from the Bachelor of Arts in Business Administration program.

Successful completion of 36 semester credits with a minimum Grade Point Average of 3.00 is required to graduate from the Master of Business Administration program.

Official transcripts are \$20.00 each and can be picked up in person or mailed to the student within 7-10 business days after the request has been submitted and all financial obligations are met.

FINANCIAL POLICIES

TUITION

Full tuition payment is required before class begins unless prior arrangement is made with the Administrator of Finance. Any arrangements or agreements made with any faculty member or other Administrative staff in regards to tuition payments will be considered null and void. A student will receive official transcripts and/or a degree, only if the student has met the required academic standards and requirements and has paid all financial obligations, in full, to Nobel School of Business.

The School will not provide documentation for any student or graduate who is delinquent in payment of tuition, fees or any other financial obligation incurred. Any such student will not be permitted to register for the next term.

Nobel School of Business does have the right to change the amount of tuition. The new tuition rate will be in effect for the upcoming semester. Any changes in the tuition will be updated in the catalog.

STUDENT TUITION RECOVERY FUND

If the student is not a resident of California, the student is not protected by the Student Tuition Recovery Fund (STRF).

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or the Division within 30-days before the school closed or, if the material failure began earlier than 30-days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you: 1) You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and 2) Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if either of the following applies: 1) You are not a California resident, or are not enrolled in a residency program, or 2) Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

FINANCIAL AID, STUDENT LOANS, INSTITUTIONAL GRANTS AND SCHOLARSHIPS

Nobel School of Business does not participate in any state or federal financial aid programs. Nobel School of Business and its degree programs are not accredited by an accrediting agency recognized by the United States Department of Education. A student enrolled in an unaccredited institution is not eligible for federal financial aid programs. Also, the School does not offer or administer institutionally funded grants, scholarships, and loans.

If a student receives any kind of loan individually, federal or personal, the student will have to repay the full amount of the loan, plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

REFUND POLICY

STUDENT'S RIGHT TO CANCEL

Institution shall refund 100 percent of the amount paid for institutional charges, if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.

Cancellation shall occur on the date and time when the Nobel School of Business Registrar received student's notification. Notification can be done in person, mail, or email. Written notification of cancellation or withdrawal from the student shall not be required for refund payment.

Cancellation or withdrawal may also be effectuated by student's conduct, including, but not necessarily limited to, a student's lack of attendance.

Upon request student shall be given a Notice of Cancellation Form to use for purposes of cancellation or withdrawal, but any other written notice may also be used.

The institution shall have a refund policy for the return of unearned institutional charges if the student cancels an Enrollment Agreement or withdraws during a period of attendance. The refund policy for students who have completed sixty (60) percent or less of the period of attendance shall be a pro rata refund.

WITHDRAWAL FROM COURSE

A student has the right to withdraw from a course of instruction at any time. If the student withdraws from the course of instruction after the period allowed for cancellation of the Agreement, the student has the right to obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. The school will remit a refund less an Application Fee and Registration Fee, if applicable, not to exceed \$80.00 within thirty days following your withdrawal. You are obligated to pay only for educational services rendered.

The refund shall be the amount you paid for instruction multiplied by fraction, the numerator of which is the number of hours of instruction which you have not received but for which you have paid, and the denominator of which is the total number of hours of instruction for which you have paid.

Students whose entire tuition and fees are paid by a third party organization are not eligible for a refund.

HYPOTHETICAL REFUND EXAMPLE

Assume that a student, upon enrollment, paid \$3,180 for tuition, \$50 for the Application Fee, \$30 for the Registration Fee, and withdraws after completing 24 hours of instruction. The pro rata refund to the student would be \$2782.56 based upon the calculations shown below.

\$3,260 Total Paid	Minus	\$50 Application Fee \$30 Registration Fee	= \$3,180
\$3,180	Divided by:	192 hours in the program	= \$16.56 Hourly Charge for the Program
\$16.56	Multiplied by:	24 hours of instruction attended	= \$397.44 Owed by the Student for Instruction Received
\$3,180	Minus	\$397.44	= \$2,782.56 Total Refund Amount

For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs:

1. You notify the school of your withdrawal or the actual date of withdrawal.
2. The school terminates your enrollment.
3. You fail to attend classes for a three (3) week period. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

If any portion of your tuition was paid from the proceeds of a loan, then the refund will be sent to the lender or to the agency that guaranteed the loan, if any. Any remaining amount of refund will first be used to repay any student financial aid programs from which you received benefits, in proportion to the amount of the benefits received. Any remaining amount will be paid to you. If there is a balance due, you will be responsible to pay that amount.

If the student obtained a loan to pay for an educational program, the student has the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur: 1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan; 2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

If a student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.
