“The real preparation for education is the study of one's self. The training of the teacher who is to help life is something far more than the learning of ideas. It includes the training of character; it is a preparation of the spirit.”

*Maria Montessori

Training Program Mission and Overview

The Montessori Institute of Advanced Studies conducts a Montessori Teacher Preparation program for Early Childhood (2 1/2 through 6 years of age.). Maria Montessori pioneered this child centered education in Italy in the early 1900s. Her method was derived from careful scientific observation of children. Each child, she noticed, carries inside a deep desire to learn and to bring forth his/her special gifts. She was able to show that under favorable conditions, with sensitive teachers and carefully designed material in proper arrangement, this inner sense of order and intelligence in children would blossom. Since 1906, Montessori education spread all over the world. The Institute prepares teachers to work in a Montessori classroom with this younger age group.

Mission Statement

Montessori Institute of Advanced Studies believes that each individual pursues his/her own growth within the limits of social responsibility, as stated in Maria Montessori's Philosophy of Education. Our Teacher-Training Program offers an opportunity to verify and develop what gifts reside inside the student-teachers for helping children in their self-learning. Most important of these qualities that we intend to nourish is an intuitive quality of attention. In its presence we will experience openness to the child's spirit and heart and receive its trust in return.

Montessori Institute of Advanced Studies' goals are:

- Prepare teachers to conduct early childhood education for ages 2.5 through 6 years with a deep grounding in Montessori's philosophy;
- Develop teachers who receive Montessori training in the contemporary context of child development and educational thought.
- Create teachers as "scientific pedagogues" who see the prepared environment as a dynamic system that responds to the child in the pursuit of her/his potentials.

Description of the Certification Course

Program Cycles

The Montessori Institute of Advanced Studies offers one or two year program cycles for prospective Montessori teachers of children between the ages of 2 1/2 through 6 years. The one year program cycle offers intensive academic training during the summer, followed by the Practicum starting in the fall. *This cycle is only offered if there is sufficient enrollment (10 students) by April of the year.*

The two year program cycle offers the Academic phase, starting in the summer with two classes on the weekdays, and continuing rest of the classes on alternate Saturdays throughout the school year. The Practicum takes place the following school year. In both cycles the Academic contact hours consists of five courses of 192 hours of instructional time. A 30 to 40-hour course in Child Development is taken at a local college. The Practicum Phase includes five workshops (30 hours) , a weekend class for Social Studies and Physical and Life Sciences (16 hours), 4 seminars (32 hours, including 8 hours of

independent study), 30 hours of observation, and a year-long Project (16hours). The adult learner is required to do an Internship working in a classroom of children 2-1/2 to 6 years of age with a qualified teacher for the entire school year (Practicum 540 hours). There are 886 academic contact hours in total for completing the Early Childhood Credentialing course.

All classes take place at Montessori School at Five Canyons, 22781 Canyon Ct., Castro Valley, CA. 94552, phone (510) 581-3729, FAX (510) 581-6824.

The American Montessori Society grants **full certification** only to candidates who hold a baccalaureate degree from a regionally accredited U.S. college/university or its equivalent. **Associate certification** is granted to candidates who do not hold such a degree. Holders of an Associate Degree are strongly encouraged to obtain their Bachelor's degree within seven years of their credentialing.

An AMS Associate Early Childhood credential is awarded to an adult learner with a minimum of a secondary level state approved/recognized (high school) diploma, GED, or the international equivalent, but who has not earned a Bachelor's degree from a regionally accredited U.S. college/university or its equivalent as determined by a recognized credential evaluation service.

Candidates for an AMS Associate Early Childhood credential must complete all requirements for the course in which they are enrolled. Upon completion, they should represent themselves only as holding an *AMS Associate Early Childhood credential*.

Applicants for the AMS Early Childhood course who do not have a U.S. Bachelor's degree or its equivalent are required to sign a statement verifying that they understand that some locations or schools may not accept an Associate credential as the qualification for full teaching responsibility.

Teachers with an Associate Early Childhood credential are eligible for upgrade to an AMS Early Childhood credential upon completing the Bachelor's degree requirement. An official transcript documenting this completion and appropriate form and upgrade fee must be sent to the AMS office of teacher education by the individual receiving the degree. The teacher must be a current AMS member at the time of the upgrade.

Early Childhood credential for adult learners whose post-secondary studies are outside of the U.S.

The degree and country in which the degree was awarded are indicated on the credential.

Foreign Student Requirements:

Foreign students on student visa are required by SEVIS to maintain a full time student status requirement at all times. To fulfill this requisite the Institute schedules the students to do Supervised Philosophy & Curriculum Study 15 hours a week. This is mandatory for the students to get the experience of the classroom while they are taking the theory classes. The student fulfills this requirement under the guidance of the experienced Mentor Teacher by practicing with materials, preparing the environment for the children, making activities, designing projects, understanding and noting the rationale for each academic class, preparing Manuals, observing and recording interaction of children and teachers, and learning the routine of the class under the direction of the Mentor teacher. The students will be given a Journal to follow and record their experience. They are evaluated at the end of each Semester. The student will receive a 'Certificate of Completion' at the end of the year for this valuable experience.

2. Sensory-Motor Learning
3. Montessori Mathematics
4. Language Arts and Reading Development
5. Observation and Classroom Leadership

Practicum Phase

Introduction

The Practicum is a necessary requirement for the successful completion of the program. No part of the Practicum may precede the Academic phase. The Practicum phase provides the adult learners a supervised teaching/learning experience in a Montessori classroom under the supervision of a Master teacher. During the Practicum phase the adult learner will gradually become responsible for creating an appropriate learning environment for children with activities for their growth, with opportunities for problem-solving, decision-making, and taking responsibility.

Adult learners work in an approved Montessori classroom on a daily basis over the whole school year, under supervision of a master teacher... The environment must reflect a well prepared Montessori classroom with materials and activities that correspond to the developmental and varied needs and interests of the 2 1/2 to 6 years of age group in a Montessori classroom with a qualified supervising teacher. The intern needs to be in the classroom for minimum of 3 hours a day, 5 days a week for the entire school year, totaling 540 hours. No part of the practicum may precede the beginning of the academic phase of the.

The adult learner will have the opportunity to observe and put into practice all the course work required for certification. The student shall develop objectivity and proficiency in observing and interpreting child behavior. The student will prepare lesson-plans, make materials, and record observations. The intern is observed at least three times during the year. She/he will keep a daily journal, and will connect with the Practicum Coordinator or Director monthly at the time of workshops and seminars. The Supervising Teacher monitors the daily progress of the student teachers, and evaluates the student's practices twice during the school year.

The duration of the Practicum may be extended when additional experience is deemed necessary to reach the standards of the profession. However, the Practicum must be completed within three years of commencement of the Academic phase.

Practicum Seminars

Adult learners and the Director meet to reflect and put into perspective academic, philosophical, and practical aspects of teaching children, maintaining the classroom, and communicating with parents and administrator. Included are in-depth overview of management and leadership, parent education, conferencing, professionalism, and problem-solving. The seminars contribute 24 Academic Contact hours for graduation, students contribute 8 hours of independent study totaling 32 Academic Contact hours. These hours are counted in courses and workshops. Seminar attendance, participation and completion of Seminar assignments are required for graduation.

Workshops

46 contact hours

The workshops are offered on Saturdays during the Practicum year. They cover the Parent / Teacher Partnerships (6 academic contact hours), Sensorial and Math Extensions (6 academic contact hours) Art-Outdoors and Music and Movement (12 academic contact hours), Social Studies, Physical and Life Sciences (16 academic contact hours), Administration (6 academic contact hours), totaling 46 academic contact hours).

Year Long Project

16 academic contact hours

This is a year-long project created by the adult learner consisting of a rationale for the topic and lesson plans. The adult learner puts together all his/her learning in the courses and workshops and seminars to create a unit for the children with at least four activities for each area of the classroom which is presented to the classmates and graded.

Documented Observations

Students observe on ten specific topics at different occasions, for three hours each. Four of the ten observations must take place at a school other than the internship site. These exercises train the student in scientific observation skills. They take 30 hours (20 in-residence hours and 10 in excess of 300 required hours).

Journal Completion

The adult learner keeps a journal during his/her internship, recording important learning of competencies during this time. Completed journal has to be submitted for graduation.

Practicum Handbook

Please consult the Practicum Handbook for further details. Students receive this Handbook during the orientation meeting at the beginning before starting of the Practicum year.

Attendance

AMS requirements for the Practicum phase include 540 hours, at least three hours per day over a nine-month, of the school year. Students have up to three years to complete the Practicum phase. Attendance to all seven Workshops and three Intern Seminars and 8-hour self-study is mandatory. Any absences to workshops and intern seminars must be made up the next time these are offered. Students are expected to be in attendance punctually and throughout the day. Students are expected to sign in and out upon arrival and departure as well as use a time card to punch in and out to record their attendance and potential absences. Regular breaks are provided to balance learning and rest.

Requirements for Entering the Practicum Phase

In order to enter into the Practicum phase students must:

2. Verify through documentation supplied by the Institute that you have found an acceptable practicum site.
3. Be in good standing with the program financially.
4. Demonstrate through your participation in the course that you are ready for this important part of the process of your education.

Practicum Site Requirements

To qualify as a potential site for the Practicum, the pre-school must meet the following criteria:

8. Synthesis project.

Graduation Requirements and Evaluation

Academic Phase

Attendance

The Teacher Training program of our Institute requires a highly committed effort on both the part of the students and on the side of our faculty. The program is intense and so

absences are not permitted. If in case of emergencies a loss of up to two hours is incurred, the student must make up for the course time lost in consultation with the faculty. Any absence of more than two hours must be fulfilled when the course is offered again. In the meantime, the student will receive an Incomplete for the course. If two class sessions are missed, the entire course must be retaken at extra cost. The attendance has to be at 95% and above to be considered for graduation.

Students are expected to be in attendance punctually and throughout the day. Students are expected to sign in and out upon arrival and departure as well as use a time card to punch in and out to record their attendance and potential absences. Regular breaks are provided to balance learning and rest.

Leave of Absence Policy

A student may request a leave of absence in writing. The return to studies has to be within the two years of start of the program. The student must follow the attendance policy and the tuition requirements for the period of absence and missed contact hours.

Tardiness

Due to the intensity of the program tardiness is not permitted. Absence of three hours of any single class session will be considered an absence for the entire session. The student will then be given an Incomplete. The missed class will have to be retaken when the course is offered again, or, at the Faculty's discretion, be compensated by an extra project. Continuous tardiness will be treated in the same manner as loss of a full class.

Evaluation/Grading

Adult learners are graded on their class participation, reading assignments, manuals, presentations, in-class exam, rationale, philosophy papers and making activities, as per the syllabus for each course. The grading system is the same as that of California State University, East Bay. It is an "A" through "F" grading system. The student must receive a final cumulative "B" grade to pass the course. A grade below B signifies that the student needs to take the course again.

All assignments including the Manual are due two weeks after the last class. In case of required re-submission the deadline may be extended to four weeks, after which the student will receive an Incomplete.

An incomplete grade may be given when the student has notified the faculty in advance that due to legitimate reasons beyond the student's control some work had to be delayed. In this case a specific written or verbal agreement between the faculty and adult learner will be take place with the schedule for completion and the substance of the work to be done are laid out. Passing the deadline in the schedule would lead to a failing grade.

Successful completion of both Academic and Practicum phases is required for graduation and for the recommendation to the AMS for certification.

The faculty assesses and evaluates student work by several means during the academic phase. Students receive feedback and grades on each of the following submissions.

1. Manual
2. Demonstration exam
3. Rationale paper
4. Philosophy paper
5. Final exam
6. Material making
7. Class participation

Instructors may add book reports, observations, class presentations, and in-class assignments related to the lectures. Final Grade Sheets are placed in student's file. In the Practicum phase the students receive copies of the reports made by the Supervising Teacher and the Field Consultant.

Repetition and Extension of Coursework

Poor performance of the student, as demonstrated by a course grade of "D" or "F," would require repetition of the course material for a satisfactory grade. The faculty may determine a deadline for completion of the required coursework as deemed appropriate. The student is responsible for all fees for the necessary repeated coursework. The fee of \$250 will be charged for retaking the whole class. For having missed one session there is a charge of \$75 for completing that session, \$50 for the missed workshop, \$100 for the missed Seminar when taking it to complete the requirements. In case of extenuating and unforeseeable circumstances an adult learner may be given extension up to three years beyond the required time needed to finish the course work.

Transfer Policy - Transfer between AMS-Affiliated Programs

An adult learner may transfer to Montessori Institute from another AMS recognized program with the following guidelines:

For transfer of a current adult learner from one AMS-affiliated teacher education program to another AMS-affiliated teacher education program:

- ***The candidate must*** be within the three-year time limit following the original academic phase ***and*** be a current member of AMS. ***Montessori Institute*** will review and evaluate previously completed academic and practicum work, and consider the cost of the review.
- Notify the prospective adult learner in writing with the fees and time required to complete transfer requirements. The adult learner will be notified by MIAS of its decision within two weeks of request to transfer.
- MIAS will Contact the original program to determine if the adult learner is in good standing, including fulfillment of financial obligations [9/09].
- Submit the AMS Transfer Form in addition to the AMS Credential Recommendation.

- Form Transfer of credits, including distance education credits, from Montessori programs not recognized by AMS will not be accepted. The candidate must take the full AMS credential course.

Access to Student File

The Montessori Institute of Advanced Studies keeps a file for each student in which the application documents are kept, the transcripts from schools and colleges attended, the course enrollment contracts, and the checklist on the progress throughout the program. All students are guaranteed access to their records. The student meets with the Director to review their progress, once during the Academic phase and again during the Practicum phase.

The file will be made available for review to the concerned student upon a written request. The file cannot be taken off the premises. Request to forward any material from the file has to be made in writing and signed by that adult learner, clearly specifying who it should be sent to. Requests for transcripts must be submitted in writing, and signed.

Confidentiality

Montessori Institute assures students to confidentiality of records and access in accordance with the Family Educational Rights and Privacy Act and international privacy laws. No one other than the office personal may have access to the adult learner's records without his/her written permission. A record release form is provided to the student at the end of the student handbook for that purpose (see Appendix).

Record Retention

The Institute maintains student transcripts and degree or certificate indefinitely and all other records are maintained for 5 years. The permanent records are maintained of all students of the following:

- (1) The diploma or certificate granted and the date on which that degree or certificate was granted.
- (2) The courses and units on which the certificate or degree was based.
- (3) The grades earned by the student in each of those courses.

The student files are retained in the office in a fire proof cabinet for five years as per the requirement of the State of California. After the 5 years the records are stored safely off site.

Placement Services

The Institute does not provide placement services, however the Institute maintains a file of possible placement available in Montessori schools as requested by the Schools in the area.

The Montessori Institute of Advanced Studies pays a yearly fee per student to the Student Tuition Recovery Fund, in accordance with California Law. This fund would provide students with a tuition refund in the event that the training program has to be terminated due to unforeseen circumstances. Details about this procedure are included in the appendix, under Student Tuition Recovery Fund Procedures.

Institution In Default of Enrollment Agreement:**Institutions in Default of Enrollment Agreement**

An institution shall be considered in default of the enrollment agreement when an educational program is discontinued or canceled or the institution closes prior to completion of the educational program. If the institution does not make that provision, a total refund of all institutional charges shall be made to students.

Appendix 8: Student Tuition Recovery Fund Procedures

The Student Tuition Recovery Fund (STRF) was established by the Legislature to protect any California resident who attends a private post-secondary institution from losing money if tuition was prepaid and a financial loss was suffered as a result of the school closing, failing to fulfill its enrollment contract, or refusing to pay its court judgment.

To be eligible for STRF the student must be a California resident and reside in California at the time the enrollment agreement is signed. Students temporarily residing in California for the sole purpose of pursuing education and those who hold student visas are not considered California residents.

To qualify for STRF reimbursement the student must file a STRF application within one year of receiving notice from the Bureau for Private Postsecondary Education that the school has been closed. If such a notice has not been received then the period for application is extended to four years. If a court judgment is obtained then the application period for reimbursement is two years.

It is important to keep copies of the enrollment contract and receipts of monies paid to the school.

Questions regarding STRF must be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA. 95833. Phone: (916) 431-6959.

The Montessori Institute of Advanced Studies pays a quarterly fee for the STRF insurance.

1. You have the right to cancel your agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment,

whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance.

Cancellation of this agreement can occur up to: _____
Date

2. Cancellation may occur when the student provides a written notice of cancellation at the following address: Montessori Institute of Advanced Studies, 22781 Canyon Court, Castro Valley, CA, 94552. This can be done by mail or by hand delivery.
3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. If the Enrollment Agreement is cancelled the school will refund the student any money he/she paid, less a registration or administration fee not to exceed \$250.00, and less any deduction for equipment not returned in good condition, within 45 days after the notice of cancellation is received.

WITHDRAWAL FROM THE PROGRAM

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance. The refund will be less a registration or administration fee not to exceed \$250.00, and less any deduction for equipment not returned in good condition, within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student’s withdrawal or as of the date of the student’s withdrawal, whichever is later.
- The institution terminates the student’s enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.

For the purpose of determining the amount of the refund, the date of the student’s withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.
