STATE OF CALIFORNIA

STUDENT TUITION RECOVERY FUND STATEMENT (STRF)

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered by students in educational programs who are California residents, or enrolled in a residency program attending certain schools regulated by the Bureau for Private Postsecondary Education.

You may be eligible for STRF if you are a California resident, or enrolled in a California residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected with 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition or other costs.
4. There was a material failure to comply with the Act or this Division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.
5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for the violation of the Act.

If the student does not have a social security number or taxpayer identification number, a claim will not be paid.

Authority cited: Title 5. *California Code of Regulations*. Division 7.5, section 76120.

HISTORY OF THE COLLEGE

California College of Physical Arts, Inc., (CalCopa) was established in 1980 to provide comprehensive instruction in the art and sciences of therapeutic and relaxation massage. The school originally opened in Huntington Beach with 100-hour, 200 hour and Massage Instructor training courses. CalCopa has since expanded with a variety of advanced courses as well as specialized modalities.

The faculty is composed of professional and highly competent staff members, many of whom are actively involved with the professional massage organizations. They have a variety of experiences in the massage field and are constantly updating their training in the massage industry to further benefit our students. The faculty is also involved in working toward the improvement of laws and legislation for massage therapists in Orange County and surrounding areas, as well as on state and national levels.

LOCATION

All classes are held at our Huntington Beach campus location:

18582 BEACH BLVD, SUITES 11 – 14
HUNTINGTON BEACH CA 92648
(In the Town & Country Center)

The facilities consist of 5,000 square feet of classrooms, labs, clinic rooms, shower accommodations and Administration/faculty offices. There is ample parking and bus stops located nearby.

The facility is in compliance with all federal, state and local ordinances to insure a safe and healthy environment. CalCopa provides massage tables to be used by the students during lab hours and educational aids such as; skeletons, anatomical charts, PowerPoint Presentations, dry-erase boards and video equipment are utilized to enhance learning. Multiple bulletin boards located throughout the campus keep students informed of current events in the massage therapy field and developments concerning massage. Each student will need to provide his/her own supplies including comfortable clothing, linens and oils, etc. (list located on page).

Each prospective student is encouraged to visit the school prior to enrollment and to discuss educational and career goals with our advisors.

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to:

MISSION AND OBJECTIVES

OUR MISSION:

California College of Physical Arts, Inc. exists to provide our students with the finest progressive education possible: (i) through the effective delivery of adult learning theories, (ii) through quality demonstrations by experienced therapists and (iii) with supervised hands-on practice, so they may become knowledgeable, professional and ethical in a successful massage therapy career.

OBJECTIVES:

- Contribute to the health and wellbeing of our society by providing opportunities for our students to participate in public not-for-profit events that encourage community service.
- Continually update our knowledge of current legislation and to work toward the improvement of laws to promote the highest competency and ethical practices in the field of massage therapy.
- Offer continuing education to our instructors from reputable sources so their teaching skills and expertise will grow and mature to prepare them for the challenges of a diverse student body.
- Continually participate with massage organizations such as ABMP and AMTA to stay informed in our knowledge of the field of massage therapy.
- Provide massage therapy to athletes in local sporting events as a service to the community and as an opportunity for practical experience.
- Provide massage therapy to special organizations throughout the community as a way of promoting holistic health care, while at the same time exposing our students to various clients.

ADMISSION REQUIREMENTS

A high school diploma or G.E.D. or equivalent is required for a student to be eligible for enrollment. If a student does not have any of the above-mentioned grad items, the applicant may request an entry level evaluation exam provided by CalCopa. (An applicant must demonstrate verbal and written comprehension in the English language and must possess proficient skills in composition and speaking.) Classes are taught in English only; classes are not taught in any other languages. This institution does not provide English-As-A-Second language (ESL) education. CalCopa will provide a written language comprehension test to assess language proficiency if requested. While CalCopa is pleased to accept students from other countries; we do not provide assistance with Visa services.

CalCopa provides individual evaluations for applicants with significant handicaps or limitations. Occasionally, we have rehabilitation students and in this scenario the admissions personnel work with the counselor and applicant to establish the individuals' abilities and goals. In special cases, a medical release from the applicant's physician may be necessary.

Class size is kept to a maximum of twelve (12) students to enable greater individual attention. CalCopa admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. It does not discriminate on the basis of race, color, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

Each student will have a photograph taken during the first week of class. This will be used for transcripts. No transcripts and/or certificates will be issued without photos. These photos are put on the official transcripts that are issued to the student at the completion of each package. In addition, the following items are required at time of enrollment: California driver's license or other comparable form of picture I.D. and two names with phone numbers and addresses for personal references.

ELECTIVES AND WORKSHOPS

Electives and workshops are offered in specialized areas of instruction and for continuing education. Monthly emails are sent to those interested in upcoming electives and workshop schedules. (If you would like to be included in the monthly distribution, please send your email address to info@calcopamassageschool.com.) All electives and workshops **must to be paid in full** two weeks prior to the course beginning. Unless otherwise indicated, all electives can be used toward continuing education licensing requirements as well as to enhance your current techniques and routine. Descriptions of these courses start on page 23.

CURRICULUM

All written course material will be distributed via DropBox for student access. You must provide a valid email address to receive the necessary files. If you are unfamiliar with DropBox, please seek assistance from the Director, or Executive Director. Each DropBox will include a file indicating what files must be printed and which are optional. You may request to have the files printed by the school for a \$25 fee.

California Law AB1147 changed the educational requirements for massage permits in California. Applicants for certification as a Certified Massage Therapist ("CMT") must have 500 hours of education from an approved school and have passed the Massage and Bodywork Licensing Examination (MBLEx).

All cities are required to accept state certificates, but a student may choose courses as necessary to meet city and county licensing requirements. Therapists can elect to either get a state permit or opt for a city license. Contact the city police department or city hall to determine the exact licensing requirements for your city of employment. Please note, most cities in Southern California have eliminated city permits.

CalCopa strongly recommends that students enroll in courses 600 hours or longer to:

- Keep your certification current with escalating local and national standards.
- Have a competitive edge.
- Offer a larger variety of techniques and styles to your potential clients.
- Be trained in Professional Business Practices.
- Receive additional training in chosen electives.

Upon completion of courses, students will be prepared to enter the massage job market in the following fields: chiropractic, convalescent hospitals, geriatric facilities, corporate chair massage, health spas, sports medicine, relaxation, stress management, hospitals, physical therapy, private practice, beauty salons, hotels and more.

According to CAMTC regulations:

4611. (a) It is an unfair business practice for a person to do any of the following:

- (1) To hold himself or herself out or to use the title of "certified massage therapist" or "certified massage practitioner," or any other term, such as "licensed," "certified," "CMT," or "CMP," in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate issued by the council pursuant to this chapter.
 - (2) To falsely state or advertise or put out any sign or card or other device, or to falsely represent to the public through any print or electronic media, that he or she or any other individual is licensed, certified, or registered by a governmental agency as a massage therapist or massage practitioner.
- (b) In addition to any other available remedies, engaging in any of the prohibited behaviors described in subdivision (a) constitutes unfair competition under Section 17200.

***For more information, visit www.camtc.org.**

Attendance and/or graduation from a California Massage Therapy Council approved school does not guarantee certification by CAMTC. Applicants for certification shall meet all requirements as listed in California Business and Professions Code section 4600 et. Seq.

1000 hours Holistic Health Practitioner Training Program: \$15,000.00

Massage Instructor – 600 Hours

Prerequisite: Holistic Health Practitioner and permission from Dean of Teachers, or School Director

Course description: This is a 6 – 12 months program. The program is a combination of review of core material for a more detailed understanding of anatomy, physiology, kinesiology and pathology of the body; as well as adult learning principles, lesson plan development and classroom procedures. The student will work directly with the Dean to determine the direction best suited for a career in teaching massage therapy.

600 hours Massage Instructor Training: \$8,750.00 + Licensing and Exam Fees

FEES AND PAYMENT OPTIONS

Here at California College of Physical Arts, Inc. we offer two ways that a student may complete the hours of Massage training they wish to receive. First, they are welcome to sign a contract for each individual course level. The fees for this would be \$1600.00 per one hundred hours (100hrs) of training and this allows them the option to take a break between course levels. The other option that we recommend to all students looking at their massage training as a new career is to sign up for one of the packages we offer. By doing their classes in this manner they are saving money and they will know their training will be complete within a scheduled time frame.

For example, if we compare two students that sign up for 600 hours total, the student that pays \$1600 for each of the courses would be paying \$9,600.00, whereas the student that signs up for a 600-hour package of training would be paying \$8,100.00 for the same education.

It is the policy of CalCopa that all fees, expenses and tuition be paid in a timely manner and in full prior to the course completion and before issuance of a certificate, transcript or any other written evidence

of attendance. Payments can be made by with cash, personal checks, Visa, MasterCard and Discover card, as well as money order or cashier's check.

Payment – Courses (1) One-Month or Less

A student enrolling in a course of one month or less must pay the registration and at least one-half the first month tuition at the time of enrollment.

Payment – Courses Longer than (1) One Month

A student enrolling in a course longer than one month may choose to pay in installments. A down payment of the registration and ABMP membership must be paid at the time of enrollment. Additional fees and the balance remaining will be made in scheduled installments over the duration of enrollment. At the time of enrollment, a payment plan will be reviewed and written into the contract.

If the student does not have the down payment of at least ½ of the first month's tuition at the time of enrollment, the payment must be made on the first day of class. There will be no exceptions to this policy. If the student does not have the first ½ of tuition on that day they will be sent to get the necessary funds for payment. Only when this payment has been made, and the student has a written receipt, can they enter their classes.

Delinquency of a scheduled payment will result in a reminder notice. If the student does not honor the contract agreement for payment, a second notice will be given within five days of the contract agreement date of payments. If the student still has a delinquent payment they will not be allowed to return to class. After the second notice, a ten-dollar late fee will be charged. If the scheduled payment is missed by more than 30 days, a finance charge will be assessed.

Failure to keep current with the scheduled payments may also result in termination of contract and removal of the student from any current classes they may be attending.

Students need to be advised that any discount in the pricing of a complete package is only applicable with the initial signing of program contract. Any further discounts on re-enrollment are subject to the approval of the administration office.

If a student terminates a contract for a program of 300 hours or more there will be a \$35.00 cancellation fee and all funds will need to be paid in full before any transcripts will be released to the student or employer.

CalCopa is not approved to offer federal or state financial aid. If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student receives federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal financial aid funds.

PAYMENT OPTIONS

If a student cannot pay all of the tuition at the time of registration, payment plans are available. A down payment of at least half of the first month tuition must be paid at the time of enrollment plus any registration fees and the balance remaining will be made in scheduled installments over the duration of enrollment. At the time of enrollment, a payment plan will be reviewed and written into the contract. But if the student is unable to pay at least half of the first month's tuition at the time of enrollment then the payment must be made on the first day of classes without exceptions. If the student is able to

come up with the necessary funds and with the approval of the admission's office then, and only then, will s/he be allowed back into classes.

Our school is also approved for the training of veterans and eligible persons entitled to educational benefits according to Title 38, United States Code. If a student obtains VA funding to pay for a program and withdrawals after 60% of the program has occurred, the student may be required by the VA to repay any forfeited tuition.

From CAMTC:

NOTICE TO CAMTC APPLICANTS

On September 19, 2018, the Governor signed SB 1480 into law. Among other things, this bill changes the Massage Therapy Act so that starting on January 1, 2019 through December 31, 2020, passage of a CAMTC approved exam will not be required for CAMTC Certification.

CAMTC’s Law related to unfair business practices

(1) Pursuant to California Business and Professions Code section 4611, it is an unfair business practice for a person to do any of the following:

- (a) To hold himself or herself out or to use the title of “certified massage therapist” or “certified massage practitioner,” or any other term, such as “licensed,” “certified,”

"CMT," or "CMP," in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate by the California Massage Therapy Council.

- (b) To falsely state or advertise or put out any sign or card or other device, or to falsely represent to the public through any print or electronic media, that he or she or any other individual is licensed, certified, or registered by a governmental agency as a massage therapist or massage practitioner.

PROGRAM ELECTIVES DESCRIPTIONS

Electives are offered in 6 to 100-hour increments. Because of the specialization of electives, courses will be taught by a variety of state approved instructors.

A student desiring these courses must coordinate enrollment when courses are offered. (A minimum of six students and/or instructor availability is required before any elective course will begin).

We are now making it mandatory that when signing up for an elective course you must pay for the class in full. Students that have enrolled in a Package Program of hours will need to be current with payments before their name will be placed on the list for students in the classes. This way we are hoping that more of the classes that you want will run.

Policies and Procedures of Regular Core Classes Apply to the Elective Courses.

- New specialty electives will continue to be added
- Schedules are subject to change; current schedules can be found on the CalCopa Google Calendar at the following link: <http://www.calcopamassageschool.com> website. Please contact the administration office to verify dates and times.
- Some classes have material/lab fees. Some fees are paid directly to the teacher; other fees are paid to the school. This will be confirmed at time of enrollment.

All Electives have a prerequisite of 300 hours of core curriculum, unless otherwise indicated. 100-Hour classes do not qualify for NCTMB Continuing Education Hours.

ACUPRESSURE (100 Hours) *

TEXTBOOK: *The Web That Has No Weaver* - by Kaptchuk, T.

This is an introductory course designed to enable the massage therapist to incorporate some basic acupressure techniques during their massage. Basics to be covered: The 12 major meridians - introduction to the 5 elements and the yin/yang theory, along with a basic acupressure attunement and how to address specific ailments the therapists' clients might be dealing with.

ADVANCED CURRICULUM (30 Hours) *

REQUIRED TEXT: Review for Therapeutic Massage and Bodywork Certification

This class is designed to refresh and reassure students of their education in human anatomy, physiology, kinesiology, clinical pathology, massage therapy and bodywork theory, assessments and application, as well as professional standards, ethics and business practices to prepare a student to take the National Certification Exam and any city testing that might be necessary for licensing purposes.

ADVANCED THERAPEUTIC TECHNIQUES (25 Hours)

PREREQUISITE: 500 HOURS OF CORE CURRICULUM

This class gives students an opportunity to enhance their therapeutic skills with more hands-on practice. Students will learn, review and practice varying methods to help correct soft-tissue issues including application of TENS/EMS units, Cupping techniques, Hydrotherapy and more.

AROMATHERAPY I (25 Hours)

MATERIALS FEE \$30.00 FOR THIS CLASS

Different essences have special powerful properties, which can enhance the massage therapist's work. Discover the fundamental principles of aromatherapy by using essential oils with curative properties to heal, rejuvenate and balance the mind, body and spirit. Learn how to choose and benefit from the unlimited combinations of essential oils. Additional lab fees will be announced at time of class.

AROMATHERAPY II (25 Hours)

MATERIAL FEE \$30.00 FOR THIS CLASS

PREREQUISITE: AROMATHERAPY I

This class is designed to take the information already given to the therapist in the Aromatherapy I class and expand further on their knowledge. In addition to experiencing new essential oils that were not covered in the first class, we will be showing the therapist how to use different blends and combinations to generate a healing atmosphere for their clients.

BAREFOOT COMPRESSION MASSAGE (25 Hours)

This unique bodywork protocol is taken primarily from John Harris's barefoot compression massage affectionately referred to as "The Walkaround". Footwork is modified based upon trigger point therapy and sports massage. No oil or lotions are used in this fully dressed massage. No table either; with barefoot massage we use the floor and futon as with some TCM modalities. The advantages of using the lower and more powerful half of the body for the "sweat work" of the massage is obvious to any seasoned body worker. There is a strange mix of sedating and relaxing results while still remaining incredibly effective in regards to pain relief, muscle conditioning and alleviating/treating soft tissue trauma.

BUSINESS PRACTICES PRACTICUM (25 Hours) *

TEXTBOOK: Business Mastery 3rd Ed. - by Sohnen-Moe, Cherie

This course focuses on skills not only important for a successful business, but also for a successful life. It includes the techniques used for starting a business, planning, budgeting, understanding of ownership options and taxes.

The class will work together to create a business plan, establish a pre-operational time- line and a business budget. Solo work will include running the CalCopa Student Clinic for one week.

CANINE MASSAGE ACUPRESSURE (25 Hours)

This class takes an eastern approach to canine care. Students will be able to identify canine meridians and acu points. They will learn general well-being acupressure/shiatsu sessions for dogs. Additionally, students will be able to incorporate this knowledge to address specific ailments associated with canines.

CANINE MASSAGE: ANATOMY AND PHYSIOLOGY (25 Hours)

This class gives students the ability to learn canine anatomy, physiology and pathology. Using western techniques of therapeutic massage, students will learn how to give overall well-being massages, as well as techniques to address specific ailments associated with canines.

CHAIR MASSAGE (25 Hours)

This class will provide you with techniques and body mechanics for a massage chair and/or a regular chair. Part of the class will be dedicated to on-site health fair or events. This continuing education will provide you with proper skills in dealing with a diverse clientele, as well as marketing skills necessary to open an on-site business.

CHAKRA BALANCING (15 Hours)

The Chakra Balancing class teaches students the location and purpose of the seven chakras. Students will be able to identify the movement of each chakra and use various techniques to help balance the chakras. The techniques include the use of color, music, crystals, essential oils and directed energy.

Compassionate Touch Massage (25 CEH)

This elective provides special techniques useful in dealing with a special population of clients whose bodies and overall health are declining. Whether it is from age, or disease, these adaptive massage techniques can greatly help the client in the five basic measurements of well-being: pain reduction, increase in movement, coping abilities, quality of life (QOL) and overall empowerment. This elective includes both lecture and lab.

CRANIOSACRAL BALANCING I (50 Hours)

This course may have additional costs associated with the class.

This course consists of lecture, demonstration and hands-on practice. Topics covered are the history of Craniosacral Therapy, the anatomy of the connective tissue system, listening to the body and its rhythms through the primary respiratory mechanism and the cerebral spinal fluid. Establishing a "practitioner's mind" and negotiating boundaries with a client are emphasized throughout the class. Students will apply this knowledge by practicing and experiencing a full body protocol of techniques for therapy.

CUPPING & GUASHA (10 Hours)

No Prerequisite

This is an introductory course to a Traditional Asian Medicine approach to health using suction cups and tools for scraping the surface of the skin. These two techniques are part of family health care and is valuable to remove stagnation and disharmonies from the body. These two techniques were featured by Dr. Oz as a way to help eliminate pain and movement limitations in the body.

INTRO TO CRYSTALS (15 Hours)

MATERIALS FEE \$30.00

This class introduces students to the proper use of crystals as a way to help correct the energy of the body. Students will be able to identify the qualities associated with major crystals and the proper placement to help the body heal itself. This class also includes a field trip and may include additional costs.

DEEP TISSUE MASSAGE (50 Hours)

PREREQUISITE: 500-HOURS OF CORE CURRICULUM

Deep Tissue Massage is a massage technique that focuses on the deeper layers of muscle tissue. It aims to release the chronic patterns of tension in the body through slow strokes and deep finger pressure on the contracted areas, either following or going across the fibers of the muscles, tendons and fascia. Students will learn techniques for a 60-minute and 90-minute massage, as well as focusing major parts of the body.

EAR REFLEXOLOGY (Auriculotherapy) (25 Hours)

This class is designed to train the therapist in applying pressure to points located on the ear, brought to us from the ancient method of healing from Chinese medicine. We will be training the therapist in guiding the body to better health and to apply these techniques to facilitate healing of specific ailments for the client.

THAI FOOT MASSAGE (25 Hours)

MATERIALS FEE OF \$35 PAID TO THE INSTRUCTOR

Thai Foot Massage has been practiced for more than 5000 years. It is based upon the belief that there are more than 7,200 sensory nerves spread throughout the body that relay signals to internal organs. It uses the theory of the Thai Sen lines and how they start and end in the feet.

THAI MASSAGE (50 Hours)

Nuad Bo 'Rarn - Ancient or sacred techniques handed down from generation to generation.

This ancient Asian bodywork utilizes pressure points, yogic stretches and rhythmic manipulation to balance the body's energy. A rhythmic rocking motion and compression along the body's sen lines are used to restore energy, calm the mind and relieve tension. As has been the custom for over 2500 years, this bodywork is performed on a mat on the floor over loose clothing.

Recommended for those who prefer a firm massage and don't mind being stretched, pulled and twisted. You will feel relaxed yet energized afterwards.

THAI ON THE TABLE (25 Hours)

Thai Massage has been practiced in Thailand for centuries. Thai Table Massage is among the fastest growing massage modalities in the U.S. Thai Table Massage is a combination of energy work and yoga stretching with no oil and is practiced on a massage table.

TUI NA (25 Hours)

Tui na is a bodywork therapy that was developed in China over 2,000 years ago. It works with the energy system in the body known as the meridian system. Like Acupressure, Tui na works with the chi energy of the patient to bring a balanced state of health. The work is done entirely with the practitioner's hands to help increase the beneficial flow of chi through the client's meridian system.

VISCERAL MASSAGE (20 Hours)

Most of your internal organs are muscular tubes or muscular sacs that can hold tension and harden. Additionally, adhesion can form prohibiting optimal function of these organs. Visceral Massage (Massage of the internal organs of the abdomen and thoracic cavity) can help eliminate scar tissue and realignment of these organs, allowing for proper functioning.

COLLEGE POLICIES

1. Each student must be able to speak, read, write, and understand the English language.
2. The student acknowledges receipt of the current catalog, and having read it, and understanding it, agrees to abide by and be bound by its terms. Also, CalCopa will not be responsible for any statement of policy, placement activity, curriculum, or facility that does not appear in the school catalog.
3. Each student must provide, during his/her course, (2) passport size photographs (2" x 2"). These can be taken for the student in the administration office for a fee of \$12.00 and the student will receive a student ID with this picture. No transcripts and/or certificates will be issued without them. These photos are affixed to the official transcript that is issued at the completion of a course.
4. Each student is required to bring his/her own supplies, such as oil, linens, and comfortable clothing. No mineral oils, witch hazel, or petroleum products allowed. Alcohol is not to be used to clean the massage tables. These items will be reviewed in detail during orientation on the first day of class.
5. General housekeeping, physical hygiene, and personal hygiene are emphasized and strictly enforced. Each student will be required to clean massage tables, furniture, equipment, clean up after themselves etc. (such as emptying the trashcans), just as he/she would at his/her job location.
6. There will be practical instruction during each session attended. **Giving and receiving massages is mandatory** and instructional staff must make physical contact with the students as part of the instructional process. Those receiving massages as models will generally be required to disrobe, and will be at all times covered by conventional, professional massage draping procedures. When working on certain parts of the body, (for example: axillary, gluteus, inguinal, pectoralis, serratus, or adductor areas) occasional unintentional contact with breasts and genitals could occur. It is the intention of CalCopa to make students feel as comfortable as possible. Any student, who may feel uncomfortable for any reason, is encouraged to inform the instructor or director at that time.
7. The student is advised that it is the policy of this school that no student shall be subject to sexual harassment. Sexual harassment is defined as the making of unsolicited verbal or physical contact with sexual overtones and continuing to do this after being informed that the interest is unwelcome. If, at any time, a student or faculty member compromises another student or faculty member, this will be grounds for dismissal.
8. The student hereby agrees to hold harmless and indemnify CalCopa, its agents, principles, employees, successors, and assigns from and against any and all claims, debts, cause of action and/or liabilities arising out of or in connection with: 1) the student's enrollment in any CalCopa course; 2) vocational classes, seminars, or workshops held by independent promoters or instructors who may or may not share the same views, theories, philosophies, techniques, etc. as those of the owner and staff at CalCopa; or 3) any and all activities of the student while employed as or acting as a practitioner or massage therapist.
9. In consideration of the student being permitted to participate in student activities and field trips under the assistance of CalCopa, the student and parties executing with the student authorized participation by the student and release CalCopa and parent corporations/affiliates and their respective officers, agents, and employees from any and all responsibility for injury or damage to person or property.
10. The student agrees to abide by the rules and schedules set by CalCopa as outlined in the school catalog; complete all study, classroom lessons, tests, clinics, outside interviews, externships or other assignments required for graduation by the administration or teacher; and attend all classes as set forth by the school catalog and course syllabus.
11. The student agrees to pay tuition and fees when due. The student also agrees that tuition must be paid in full before CalCopa will release any transcript, certificate, or other evidence or course attendance or completion. Any student with a delinquent account will be notified. If a student is not current with their payments at any time during their contract, the student will be unable to continue with their course of

study until payments are brought current. If an account is not paid in full within 30 days from the end of the contract period, the account will be considered delinquent and a late fee charge will be incurred. The delinquent account will be charged a late fee per month, until balance is paid in full. The student's delinquent account may also be turned over to a collection agency for retribution as well as to reflect on the student's credit report.

12. CalCopa reserves the right to discontinue the student's training for unsatisfactory progress, non-payment of tuition or failure to abide by CalCopa rules, policies or procedures, at the discretion of the director and/or the dean of education.
13. Grounds for dismissal include the use or possession of alcohol or drugs on the premises, fighting or bodily threats to other students or staff members, theft, cheating or any behavior that is deemed disruptive by instructor or may create a safety hazard.
14. Satisfactory academic progress of each student will be reviewed twice during each 100-hour period. Those students not meeting the standards of satisfactory academic progress as prescribed in the school catalog will be notified in writing.
15. Information concerning (a) post-secondary training completed in another school, (b) previous occupational experience, or (c) other schools which may accept our credits towards their programs, can be obtained by contacting the office of the administrator. It should not be assumed that any previous training or occupational experience can be used toward credit in CalCopa courses or programs, or those courses or programs described in the catalog can be transferred to another institution. Any decision on the comparability, appropriateness, and applicability of credits and whether they should be accepted is the decision of the receiving institution.
16. The student will be given appropriate credit if, in the sole discretion of CalCopa, such training or experience meets the criteria to measure requirement satisfaction. CalCopa does not guarantee the transferability of credits to any college, university, or institution.
17. The student acknowledges that he/she is aware that some states (other than California) or other entities may require successful completion of further testing or education as a prerequisite for licensing or for the purpose of employment in the field of massage or related field.
18. FREEDOM OF INFORMATION ACT –
In compliance of public law 93-380, section 438 (Buckley amendment), I hereby give my permission to California College of Physical Arts to disclose or send the contents of my personal file, which includes resume, reference checks, and instructor evaluation to employers for their reference. This may be executed without contacting me. I understand the file will be sent only to assist in finding a job.
19. Should any legal action be necessary to enforce or interpret the terms of this agreement or to collect any sums due under this agreement and/or any addendum hereto the prevailing party shall be entitled to recover reasonable attorney fees in addition to any and all other remedies available at law or equity.
20. Students are to inform the administrator and/or instructors if needed, of any existing medical conditions, ailments, or medication prescribed, or over the counter medications/drugs the student is taking or recently taken. This information must be given on the "emergency medical care" form during the time of enrollment.
21. Students acknowledge that there may be breaks in the scheduled core classes due to low enrollment or availability of teachers. The administration will try to schedule core electives in order to allow students to continue with their education until another core class can be scheduled and filled. The school has discretion on scheduling core classes or core electives.
22. Students need to be advised that any discount in the pricing of a complete package is only applicable with the initial signing of program contract.
23. Dress code at CalCopa - students will maintain a professional look and behavior during their hours at CalCopa. Students may wear comfortable clothes but should not wear any article of clothing that is

suggestive in any way (i.e., bare midriffs, low cut tops or halter tops, short shorts or skirts). The teacher may require you to return home to change if they deem your dress to be inappropriate. This is especially true during the final practical where inappropriate dress may detract from your grade. (See following pages for more information)

SCHOOL DRESS POLICIES

CalCopa has instilled the following acceptable professional Dress Code Policy as follows:

Attire – Professional and Clean

Shirts:	Medical scrub tops or collared polo neck with short sleeves only. No midriffs should be exposed, nor should shirts be low cut.
Pants:	Medical scrub bottoms, slacks. No jeans, or denim pants. Nothing skin tight. Shorts – Knee length. No “Hot pants,” nothing skin tight.
Skirts:	Long skirts below the knee. No Revealing splits, or slits; no miniskirts and nothing skin tight.
Shoes:	Tennis shoes, Doc Martens, or Birkenstocks; flip-flops and high heels are <u>not</u> acceptable.
Colors:	No preferences required. This is an opportunity for the student to express his/her own personality. Please keep within professional standards. If you’re not sure, you probably shouldn’t wear it.
Undergarments:	Therapists must wear undergarments at all times as part of the professional image. It is up to the client whether to leave undergarments on during a massage or not.

Hair – Clean and Tidy

- Long hair must be pulled away from the face and kept tied up
- Beards and mustaches must be trimmed and neat
- No hats, caps, or head coverings are permitted

Jewelry –

- No watches, bangles or bracelets should be worn when giving or receiving a massage
- No rings on fingers
- No long chains around the neck or outside of the collar
- Earrings should be small hoops or studs
- DO NOT BRING/WEAR VALUABLES! CalCopa is not responsible for lost or stolen items.

If the student does not comply with these requirements, they will be sent home to change and could be subjected to a loss of class hours. If the student fails to adhere to these policies, they will be asked to discontinue their training with CalCopa Massage School.

EQUIPMENT AND SUPPLIES

Textbooks and material costs vary with each course. We carry several textbooks in the bookstore. However, many of our students find used books on-line by using the ISBN number to search. Additional costs may occur in the various Continuing Education classes; most of these fees are listed with the descriptions of the courses.

The Student Guide for each Core Curriculum class will be available to all enrolled students before the class starts. The student guides can be attained via CalCopa Dropbox for those who prefer to upload to laptops or tablets (after supplying an email address). Or if you prefer, the files can be provided by

either a CD-ROM, provided by the school, or a flash drive provided by the student. You are responsible for printing out your own copy and bringing it with you to class.

CalCopa provides massage tables for lab and clinics. We also have contracts with several of the leading table manufacturers offering student packages on tables, bolsters, bags and sheets. Although we encourage our students to practice outside of class, we suggest speaking with an instructor, or administration before purchasing your first table, or massage chair.

Each student is required to supply his/her own massaging equipment, such as:

- Comfortable clothing (described in the dress code policy page 31.)
- A holster
- Writing material
- Massage oils or lotions: no mineral oils, petroleum products, witch hazel, or alcohol
- A complete set of twin sheets (fitted, top and pillow case). Note: we suggest you have more than one set of sheets available.

The instructor will review this information in detail during orientation on the first day of classes.

LIBRARY AND OTHER LEARNING RESOURCES

In our continued effort to keep faculty, students and alumni informed and knowledgeable, we provide a designated library/reading area in the Student Break Room. In addition to assorted books and reference manuals, we keep the leading Massage and Bodywork periodicals on hand. Students are encouraged to read these each month and are permitted to take additional copies as needed. Internet access is available to all students via secure wireless networking and computer accessibility in the Administration Office.

CREDIT FOR PREVIOUS TRAINING EVALUATION POLICY

This institution will conduct an evaluation of prior education and training for all veterans and eligible persons, grant appropriate credit to shorten the training period proportionally and notify the VA and the student accordingly. Non-VA students will be charged an Evaluation Fee of \$100. If courses are accepted, there will be a charge of \$1 per credit transferred. This fee is not mandated for students using a GI-Bill.

For VA purposes, prior credit reflects the amount of credit for previous education, training, or experience, including military experience that applies to the program of education being pursued or certified and which shortens the program accordingly. You are responsible for providing a copy of your military transcripts at the time of registration. See www.calcopamassageschool.com/VASudentreferences for links to archived military transcripts.

All credits granted either from (a) post-secondary training program, (b) previous occupational experience documented, or (c) education from a community college or university all within the last 3 years might be accepted as credits toward your courses. Students may be asked to take and pass a written and practical test as assessed by the Director, Celina Sahagún. If her assessment is not satisfactory, the student may appeal to the school's Executive Director, Michelle Mangano. It should not be assumed that any previous training, or occupational experience can be used toward credit in CalCopa courses, or that courses described in the catalog can be transferred to other institutions.

The student will be given appropriate credit if, in the sole discretion of CalCopa, such training or experience meets both CalCopa and state requirements as stated below:

- a) Pursuant to Business and Professions Code section 4604, CAMTC can only consider transfer hours from CAMTC approved schools. Transcripts shall clearly identify transfer hours, including but not limited to name, CAMTC School Approval Code, address, telephone, and website of other school(s); number of hours transferred; class requirements met by transfer hours; reason(s) for transfer; and attached copy of transcript(s) from other school(s). Transfer hours may not make up more than 50% of the 500 hours required for certification. CAMTC reserves the right, in its sole discretion, to not accept transfer hours.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION.

The transferability of credits you earn at California College of Physical Arts is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending California College of Physical Arts to determine if your certificate will transfer.

This institution has not entered into an articulation or transfer agreement with any other college or university.

INSTRUCTIONAL SYSTEMS

If a student enrolls initially in the 100-hour technician course, he/she can re-enroll for the 600 to 1000-hour packages. Students will be given credit for the hours completed and then continue through the rest of the new package they have signed up for. Students who re-enroll in another series must be aware that they may have to wait for the next available class within the package that meets their scheduling needs. In an attempt to continue allowing students to attend courses without interruptions, we may change the order of classes. However, no student will be placed in a class for which they are not prepared. Not all classes will be available every month in all schedules. Students need to keep in contact with the administrative office for updated class schedules.

A student in a contract program (Massage Therapist, Massage Practitioner, Myotherapist, and Holistic Health Practitioner) may not take another class or discontinue the sequence without an excuse accepted by the administration. If the student insists on changing their program or the order of classes their contract may be cancelled. In this instance, the student will forfeit any program discounts and must pay the hourly rate for hours attended to date and for any further classes.

It is the student's responsibility to inform the administration of their intentions to re-enroll so class schedules and availability may be determined. **Re-enrollment must be completed at least two weeks prior to class start dates.**

SCHEDULING

Our full-time, 100-hour courses starts on the first Monday of every month except holidays, and continues for four consecutive weeks. A student completes 100 hours every four weeks going full-time.

Our part-time, 100-hour course starts the first Monday of every other month excluding holidays, and continues for eight consecutive weeks. A student completes 100 hours every eight weeks going part-time.

Courses less than 100 hours in length fluctuate in calendar length. See elective and workshop descriptions for class length and contact administrative office or our website for schedules.

GRADING

A student must receive the following minimum grade ratings to complete the course:

- 80% score or higher on all quizzes
- 80% score or higher on all weekly exams and written final
- 90% score or higher on practical final
- Any score below 80% is considered a failing score

Failed quizzes and tests are to be retaken 24 hours after original test is taken or by the next class meeting. Students need to be aware that their retake tests are alternates to the original test.

If the alternate is failed the student is required to schedule a counseling appointment with their instructor for oral evaluation and tutoring.

All tests are to be taken during scheduled classroom hours. Makeup tests must also be taken during scheduled classroom hours, with their instructor or with the administrative staff.

All tests must be completed successfully before a student may move on to the next level or receive any transcripts or certificates.

If a student does not complete all tests required for a level, that student may not move on to the next level and will be put on probation. This probation period will be for one (1) month in the case of a daytime full-time student and two (2) months in the case of part time nights or weekend program student. To be reinstated, a student must contact the Dean of Teachers, or Administration Office to schedule makeup testing, or makeup hours. When the testing or the hours are completed to the school's standards the student will then be allowed to move on to the next level of training. Student would not be eligible to receive VA benefits during the probationary period.

ATTENDANCE

"Attendance time" begins with the scheduled start time of the first class until the date, when the student formally cancels in writing his/her enrollment. If the student is absent from scheduled classes before written cancellation, he will be charged for that time.

Actual attendance time is expressed in terms of clock hours. Classroom and on-campus clinic credit will be allowed only for instruction given under the supervision of a certified or approved instructor at an approved location.

Clock hours will be rounded off to the nearest 1/4-hour. It is important to arrive on time or before the beginning of the scheduled class or lab period. 90% total attendance is required to graduate from each level program, or class.

- Make-up hours are required if a student falls below the 90% attendance.
- Use of the labs after or before scheduled classes must be approved by the administration

before the lab work begins. Students will need to sign in and out with the administration office to have their time applied towards make up hours.

- Students will only receive time credit for 30 minutes before or after class without prior approval.

Make-up Hours Procedures:

Students can make up 5 hours only by participating in scheduled classes at the student's current program level or by participating in scheduled sporting events and/or clinic appointments scheduled throughout their enrollment with CalCopa. Additional make-up hours must be completed with an instructor and will be charged **at the tuition rate of \$16/hour**. Make-up hours for VA Students will not be submitted to Veterans Association for payment; the **student will be responsible for the hourly payment**. Arrangements must be approved by the administration **before** the class time begins.

Any students anticipating an extended leave of absence or lapse in attendance of three weeks or longer **must request in writing** a formal Leave of Absence (LOA). An LOA cannot exceed 60 days, and no more than one leave of absence is allowed during any course length. Any student failing to attend classes without such written notice will have his/her enrollment agreement terminated. After 60 days, the student must re-enroll and will lose any program discount. The only exception to this will be in the case that no classes were held at that level during said time period.

SATISFACTORY PROGRESS

Each student must complete his/her course/package within its prescribed and scheduled course length. Each course/package is divided into 100-hour segments. Each 100-hour segment consists of two measurement checkpoints each consisting of 1/2 the scheduled hours of attendance. Students will be evaluated at each measurement checkpoint. Any student not completed with half the assigned tests, required hours of attendance, or current with payments will be issued a report of unsatisfactory progress. This report will outline what the student needs in order to comply with the midway checkpoint.

The student will need to have all required items completed by the end of 100-hour segment schedule completion date to regain satisfactory progress and graduate or continue to their next level.

If the student does not complete the required items outlined on the report of unsatisfactory progress, the student will enter a probationary period. A probationary period of 1/2 the course length is allotted to the student to complete their required hours and/or tests satisfactorily.

The student will be responsible to arrange time for make-up hours, tests and other assignments. If the course is not completed by the end of the probationary period, the student's contract will be terminated, and the student will be expelled.

Incomplete grades are assigned only when a student has not successfully completed a course of study with CalCopa, or without communicating their intentions regarding the courses that they are taking. The assigning of the incomplete grade is at the discretion of the administration. The student will not be able to complete his/her program or re-enroll in any other programs once the probationary period has passed unless permitted by administration.

An example of the probationary period is as follows:

A student is enrolled in the 600-hr full time course. The student is missing a quiz as well as being 5 hours short of instruction time at the first 50-hour midway checkpoint. This student receives a report

of unsatisfactory progress, listing items needing to be completed. The student will have two weeks (the 100-hr grad date) to comply. If the student is unable to comply by the graduation date, the student goes into a probationary period.

At that time, the Dean of Teachers will review the academic progress of the student and may choose to keep the student from the next core curriculum class. If this is the case, the student is to use the month probationary period to complete all the requirements noted on the unsatisfactory progress notification. After the student is compliant, he/she then may restart his/her package when the next course level is available. The student may not continue with the on-going class, they will have to wait until the next course level class is available.

If a student has an unsatisfactory progress notification and does not complete the required items as scheduled; or during the scheduled probationary period, the decision will be made by the Director of Education and the Administration to reinstate this student or not.

CalCopa reserves the right to discontinue any students training for any reason warranted by the Administration (late or outstanding balances owed to the school, absences from the class resulting in the student falling behind in their studies, etc.).

Veterans and eligible persons are evaluated biweekly to determine satisfactory progress. When the grade average, or attendance requirements of a VA student are unsatisfactory (below 80% academic or below 90% attendance), that student will be placed on academic probation. If during the next two weeks the student's grades or attendance remains below course completion requirements, the student will have all veteran's benefits discontinued until his/her academic status is restored to good standing.

GRADUATION REQUIREMENTS

A student will receive a certificate and transcript of completion when all tests, assignments and attendance for the courses have been completed satisfactorily, payment has been made in full, and community service event or clinic time has been accounted for. When the student has completed a program of 600 hours or more, they must request their transcripts and copies for any licensing requirements, MBLEX or National Certification Board for Therapeutic Massage & Bodywork application to be made in the administration office; please allow two weeks for processing.

Any student enrolled in a program of training over the initial 100 hours Massage Technician course, will be required to fulfill 5 or more clinic appointments per every one hundred hours of core class instruction attended. These appointments are made on every Wednesday, Friday of each week (excluding the day of finals) and at least one Saturday a month.

STUDENT CLINIC

CalCopa Massage School offers a student clinic to the public every Wednesday from 12 – 2pm, every Friday 9am – 2pm and alternating Saturday's throughout the month from 9am – 2pm. These massages are offered at a discounted rate of \$40 for a 50-minute full body Swedish massage. (CalCopa alumnae may receive a Clinic Massage at a rate of \$25.)

Every student that enrolls in a program of massage training over the initial 100-hour massage technician course is required to complete 5 or more student clinic massages per every 100 hours of core instructional training with us for a total of 30 clinic hours. There are no exceptions to these requirements allowed. If a student does not meet these requirements, they will receive an incomplete in their course and not be able to receive their certifications or transcripts.

Clinic Schedule:

Wednesdays	12 pm – 2 pm
Fridays	9 am – 2 pm
Alternating Saturdays	9 am – 2 pm

Full-time students are scheduled Wednesdays and Fridays. Part-time and Saturday students are scheduled for the Saturday clinics.

Students will be scheduled for clinics in the 200, 300, 400, Acupressure/Shiatsu Classes and the 600 level courses. Shifts will increase based on the course level. For example: 200-hour students will be scheduled for several one-hour shifts; 300 Hour students will have two-hour shifts scheduled; 400-hour students will have three-hour shifts scheduled; Acupressure students will have four-hour shifts. The 600-hour level will be scheduled a five-hour shift and one four-hour shift including (2) 90-minute massages. The number of shifts scheduled is based on the number of students enrolled.

All full-time students are considered "on call" to cover absenteeism during the clinics. The administration office will make a schedule for all currently enrolled students at the beginning of each month. If at any time the student needs to change their scheduled time, they need to make arrangements with a fellow classmate and then both students need to inform the administration office together to get approval for the schedule change.

The policies and procedures for CalCopa's Student Clinic are as follows:

- No gum chewing, tobacco chewing, or heavy perfumes or colognes allowed in the clinic
- Cancellations/No Shows
 - If an appointment cancels or is a "no show" the student/therapist will receive credit for the hour, regardless for the Saturday clinics. Student/therapist must get a substitute client for the Wednesday and Friday clinic days to receive credit.
- TARDINESS
 - If the therapist or client is tardy, the massage will be completed at the scheduled time. The office does notify the clients to be prompt because the massages are booked back to back, and the therapist will need time to change their equipment and to be able to give the client their full massage time. Massages may run longer only if the office is notified first and there are no scheduled massages afterwards.
- THERAPIST NO SHOWS
 - In the event a student is not able to keep an appointment, the student must arrange for a substitute therapist to cover their appointment. The student will not make the teacher or administration office cover their massage appointment. On the schedule we will have an alternate student scheduled just in case an appointment needs to be covered that day. But if a student needs to miss their appointment, they need to take on the

- responsibility of informing the administrative staff, their teacher and their fellow classmates 24 hours prior to their scheduled appointment.
- If the therapist does not show for appointments or does not contact the administration, their instructor or their fellow classmate, the massage missed will result in the student receiving an absence for their entire class time. And the lack of professionalism on the part of the student will be reported in the student's file and will be considered in recommending the student to future employers or not. The student that does not fulfill the requirements for their course completion will not be issued transcripts or certifications.
- ARRIVAL/SET UP
 - The student/therapist needs to arrive 10-15 minutes prior to their first appointment to review the client's file and prepare the room. If there is another massage in progress when the therapist arrives, they are asked to wait in the administration office until the massage is completed before setting up their rooms.
- SUPPLIES
 - The therapist will need to provide their own linens (sheets, towels and pillow cases), as well as massage lotions and oils in a holster. Massage music is available in the massage rooms or at the front counter, but all therapists are encouraged to bring their own music and ambiance to make the room more their own.
- FINISHED WITH THE MASSAGE
 - When the student/therapist is finished with the massage make sure to clean the tables and bolsters, stools, and counters to make the room presentable for the next massage. All therapists must fill out the client's progress notes after each massage. The client may be asked to do an evaluation on the massage they received and a review of the therapist performance. These evaluations will be available for the therapist to review and will be kept in their student file.
- PROFESSIONAL ATTIRE REQUIREMENTS
 - The therapist must be presentable and professional in their attire when working in the student clinic. Please review what is acceptable and also the section on school dress code.

ACCEPTABLE PROFESSIONAL ATTIRE IS AS FOLLOWS:

Shirts – Medical scrub tops or collared polo neck with short sleeves only

Pants – Medical scrub bottoms, slacks, or knee length shorts

Shoes – Tennis shoes, Doc Martens, or Birkenstocks. Flip-flops, and high heels are not acceptable

Colors – No preferences required. This is an opportunity for the student to express his/her own personality. Please keep within professional standards. If you're not sure, you probably shouldn't wear it.

Hair – Clean and Tidy

- Long hair must be pulled away from the face and kept tied up
- Beards and mustaches must be trimmed and neat
- No hats, caps, or head coverings are permitted

Jewelry –

- No watches, bangles or bracelets should be worn when giving or receiving a massage
- No rings on fingers
- No long chains around the neck or outside of the collar
- Earrings should be small hoops or studs
- DO NOT BRING/WEAR VALUABLES! CalCopa is not responsible for lost/stolen items.

Undergarments – Therapists must wear undergarments always as part of the professional image. It is up to the client whether to leave undergarments on during a massage or not.

If the student does not comply with these requirements, they will be sent home to change and could be subjected to a loss of class hours. If the student continues not to adhere to these policies, they will be asked to discontinue their training with CalCopa Massage School.

FREEDOM OF INFORMATION ACT

Records will be maintained on file for at least five (5) years. A student has the right to access his/her files upon request. If a student wishes to obtain their transcripts and diploma, they need to inform the Administrative offices and allow at least 4 weeks for processing the paperwork. When a student is requesting duplicates or replacement copies then a fee of \$25.00 is charged.

DISMISSAL, SUSPENSION & READMISSION PROCEDURES

CalCopa reserves the right to discontinue the student's training temporarily or terminate the student contract for:

- Unsatisfactory progress
- Non-payment of tuition
- Failure to abide by CalCopa rules, policies or procedures

These are at the discretion of the Director of Administration.

Grounds for Dismissal include:

- The use or possession of alcohol or drugs
- Fighting or bodily threats to other students or staff members
- Theft
- Cheating
- Any behavior that is disruptive
- Any behavior that may create a safety hazard

California College of Physical Arts offers instructional training in therapeutic massage. If, at any time, a student or faculty member compromises another student or faculty member, this may be basis for termination of education.

Whether termination of enrollment is voluntary or involuntary, each student should realize that he/she would remain obligated for tuition and fees due the school based on the refund policy. If any student is terminated and wishes to appeal, he/she may do so in writing within 3 days of the termination to the school director.

CANCELLATION (WITHDRAWAL) AND REFUND

BUYER'S RIGHT TO CANCEL –

Students have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first session, or the seventh day after enrollment, whichever is later.

REFUND INFORMATION –

You may withdraw from a course after instruction has started and receive a pro-rata refund for the unused portion of the tuition paid and other refundable charges. Withdrawals after the refund date (first Friday of class) will not be eligible for a refund.

Service Charge: \$10 shall be charged for processing each refund transaction except for those resulting from the cancellation of a class by the college.

To determine your refund, you would deduct a registration fee (\$150.00) from the tuition charge. You would then divide this figure by the number of hours in the program. The quotient is the hourly charge for the program. The amount owed by the student, for the purpose of calculating a refund, is derived by multiplying the total hours attended by the hourly charge for instruction less the amount of the registration fee and the documented cost of any books or equipment that were not returned.

For example, if the student completes only 10 hours of a 50-hour course and paid \$800.00 tuition, and a registration fee of \$150.00 (or \$10.00 if receiving Veteran’s benefits), the student would receive a refund of \$640.00.

		Veterans
Total Paid by the Student	\$950.00	\$810.00
Less Registration Fee:	-\$150.00	-\$10.00
Less Tuition Charged (10hrs @ \$16.00)	<u>-\$160.00</u>	<u>-\$160.00</u>
Refund Paid to Student	\$640.00	\$640.00

This is also true of any tuition paid by a third party.

It is the responsibility of the student to officially withdraw from each class in which he/she is enrolled. Student may withdraw from class in the Administration office, by phone or fax with the cancellation form filled out completely.

If the school cancels or discontinues a course or educational program, the school will make a full refund of all charges.

Refunds will be paid within 30-days from cancellation notice or withdrawal date.

MISCELLANEOUS REFUNDS

If the student does not return following a leave of absence, refunds must be made within thirty (30) calendar days from the end of the leave of absence, based on students’ last date of attendance.

In case of prolonged illness or accident, death in the family, or other circumstances that make it impractical to complete the course, CalCopa will attempt to make a settlement, which is reasonable and fair to both parties.

COMPLAINT/GRIEVANCE PROCEDURE

From time to time, differences in interpretation of school policies will arise among students, faculty, and/or the administration. Students that have a complaint or grievance should contact the **Dean of Teachers**. If they are dissatisfied with the results of their complaint, they may appeal to the **School Director**. The School Director will interview all parties involved separately and present these results to the **Board of Directors**. The Board of Directors will discuss the information and present a written reply to the student within 10 business days.

The student may file a complaint at any time with:

Bureau for Private Postsecondary Education
P.O. Box 980818
West Sacramento, CA 95798-0818
Phone: 916-574-7720
Fax: 916-574-8650

CalCopa has no pending petitions in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, nor has had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code.

DISCLAIMERS

CalCopa will not be responsible for any statement of policy, placement activity, curriculum or facility that does not appear in the school catalog.

CalCopa reserves the right to add, subtract or alter any course, dates, sequence, prerequisites, costs, instructors and any training-related matter as dictated by student attendance, instructor availability, or for any other reason, at any time without notice.

The student acknowledges that CalCopa does not guarantee employment. The student also acknowledges that CalCopa, its agents and/or employees, make no representations or warranties that successful completion of any course will make the student eligible for any municipal, county, state or other government license which may be required for employment of any type.

The student acknowledges that he/she is aware that some municipalities, counties or other entities may require successful completion of further testing as a prerequisite in obtaining a license for the purpose of employment in the field of massage or related fields. CalCopa's programs are non-residential and the school has no responsibility to find or assist a student in finding housing.

LICENSING AND EMPLOYMENT

According to the Bureau of Labor Statistics, the Standard Occupational Codes (SOC) for Massage Therapists is: 31-9011. With the following description:

Perform therapeutic massage of soft tissue and joints. May assist in the assessment of range of motion and muscle strength or propose client therapy plans. Illustrative examples: Swedish Masseur, Licensed Massage Therapist, Deep Tissue Massage Therapist

The state of California has established a voluntary, state-wide permit for massage. Massage therapists have the option of either applying for the state permit (by successfully completing 500 hours of education and passing the MBLEx exam) or city/county permits. The cities and counties are not uniform in their standards with requirements ranging from 60 to 1000-hours of education for licensing.

Massage Therapists may also choose to become a Nationally Board Certified by the National Certification Board for Therapeutic Massage & Bodywork. As of this time, this new certification standard is on a voluntary basis. However, some massage businesses and/or other states may require National Board Certified for employment. This is considered to be the highest voluntary credential attainable to massage therapists and bodyworkers in the profession today.

NATIONAL MASSAGE THERAPY OR BODYWORK ORGANIZATIONS

CalCopa requires its students to become student members of American Bodywork and Massage Professionals (ABMP) and American Massage Therapy Association (AMTA) at time of registration (see registration requirements). CalCopa also recommends that its graduates seek membership in one or more national organizations, such as AMTA, ABMP or International Massage Association (IMA), etc. Benefits include liability insurance, increased professional status in the eyes of the public, ability to network with others, continuing education credits, voice in improving licensing laws, etc.

OTHER STUDENT SERVICES

Other student services provided by CalCopa include guest speakers, optional workshops, and field trips. Arrangements can also be made for individual tutoring if necessary, as well as accommodations for handicapped students. Please contact our Dean of Teachers to review your specific needs.

CalCopa students participate in community activities such as providing massage therapy at local sporting events and fundraisers.

CalCopa offers a student store on campus in the administrative office. It has massage oils, lotions, stones, crystals, books, study guides and other relevant supplies. Hours for the student store are 9am to 6pm Monday, Wednesday and Friday and 9am to 2pm, Tuesday & Thursday.

The school also offers student massages in the on-campus clinic. Upper level students offer massages to the public on Wednesdays, 12:00pm to 2:00pm and Fridays and selected Saturdays, 9:00am to 2:00pm at the rate of \$40 an hour. If you or anyone else that you know would be interested in receiving a massage, please call the office to schedule an appointment.

ADMINISTRATION OFFICE HOURS:

Monday, Wednesday, Friday	8:00 AM – 6:00 PM
Tuesday & Thursday	8:00 AM – 2:00 PM
Selected Saturdays	8:45 AM – 2:00 PM

If you need to speak with someone from administration outside of these times, please call to make an appointment. Meet with administration for a tour of the school and answers to any questions.

PERSONNEL

Administrative Staff

Michelle M. Mangano
Celina Sahagún
Sally Cardinal

Executive Director, Administrator, Dean
Director
Administrative Assistant

Michelle M. Mangano, B.A. – Executive Director, Administrator, Dean

With over 35 years of teaching experience from the corporate world and academia, Michelle relies on her vast background to ensure a quality operation. She has been involved in all business aspects from Human Resources, Training & Development, Customer Service and Operations. She focuses on running the school with a high level of customer satisfaction and academic competence while maintaining the comfortable feeling of a family-run business. As Dean of Teachers, Michelle stresses the importance of skills development along with the ability to become either a knowledgeable employee, or a successful Independent Contractor.

Celina Sahagún, A.A. – Director

Celina Sahagún, a Huntington Beach Local, graduated from CalCopa as a Holistic Health Practitioner, and has been with CalCopa since 2002. With a degree in Social and Behavioral Science, she can adapt her treatments and teaching to better fit the needs of students and clients. Celina has worked in many massage environments, including chiropractic offices, massage studios, On Demand, spas and privately. Celina spends most of her time raising her three kids, Judah, Delilah and Ophelia.

Celina loves to teach and CalCopa is her home away from home. Her goal is to have students leave her classes prepared for the next level of education. Celina hopes our students leave CalCopa with the confidence and knowledge to pass the MBLEX exam, or any city tests required for licensing. Recently Celina has moved to the Office as Director and keeps the school moving forward in the field of both luxury relaxation and palliative.

Sally Cardinal, CAMTC #57630 – Administrative Assistant

Sally joined the staff in April of 2011 as an office assistant. She soon realized what a great opportunity she had happened on and started taking night classes at the school the following year. Even with her CAMTC certification, Sally's kept her position at the school and performs massage on her days off. She loves both her jobs. She's an HB native and lives locally with her husband Mike, 4 kids and too many pets. She is also CAMTC certified and works in a chiropractic office and with private clients.

INSTRUCTIONAL STAFF:

Michelle Mangano, B.A., CAMTC #22754, NCBTMB, ABMP, AMTA, MBLex
Dean of Teachers, Instructor

Michelle is a Holistic Health Practitioner with a B.A. in Communication from the University of Nebraska and is a graduate of CalCopa. She comes to the school after many years in the corporate training world and is pleased to use her vast background to help teach others the healing art of massage. In addition to massage techniques, she stresses the value of business skills and professionalism and customer service. Her teaching philosophy has always been, "make sure the students have the skills and knowledge required but have fun during the learning process."

Classes: All Core Classes, Acupressure, Auriculotherapy, Bowen Technique, Chair Massage, Advanced Curriculum, Geriatric Massage, Shiatsu and more.

Celina Sahagún, CAMTC #72346, NCBTMB, ABMP
Core Classes and Electives

Celina graduated from CalCopa as a Holistic Health Practitioner. She is currently working towards her bachelor's degree in Sociology. She has her own practice to maintain her massage therapy skills.

Celina loves teaching using techniques for visual, auditory and kinesthetic learning. Her goal is to have students leave her classes prepared for the next level of education. Ultimately, she hopes to help students fulfill their personal career goals. In addition to teaching both fulltime and part-time

classes, Celina helps out in the office whenever necessary.

Classes: All Core Classes, Acupressure, Chair Massage, Foot Reflexology, Hand Reflexology, Hot Stone Massage, Pregnancy I & II, Shiatsu, Tuina and Massage Research Projects.

Shawn Del Valle, CAMTC #46071
Instructor; Core Classes and Electives

Shawn began studying massage therapy in 2012 and has been practicing as a massage therapist ever since. He has worked for several massage establishments and also with his private practice. As a well-rounded massage therapist in advanced sports and eastern modalities, he loves to share his experiences with students to give them a better understanding of the trade. Being patient and understanding is Shawn's goal for students; to have good habits from the beginning for a long-lasting and professional career; and helping students become the best massage therapists they can become.

Amanda Grable, CAMTC #67795
Instructor; Core Classes and Electives

Amanda is a Los Angeles native who has now settled in Orange County. After pursuing a degree in education, she chose to go to massage school. She fell in love with massage at CalCopa and spent several years in the spa setting before coming back to teach. She believes deeply in the therapeutic aspects of massage and experienced much personal healing during her massage journey. Amanda is excited and grateful to be able to take others on the path towards a new career and share her love of massage. Outside of CalCopa she works with Zeel and at Disneyland and loves her cats, cooking and crafting.

Lynn Tran, CAMTC #65416

Instructor; Core Classes

Lynn is an Orange County native, CALCOPA alumni, and a life-long student. She has a fascination with the human body and dabbled in the studies of anatomy, physiology, kinesiology, psychology, nutrition, and exercise science. She believes in the effects of massage as a means towards holistic wellness and has a passion for sharing her knowledge. She hopes to foster growth and learning through discussions and discovery within the classroom; to further the dreams of fledgling massage therapist so that they may thrive long term in their careers; and to further the worlds appreciation for the human body.

On her off days she likes snuggling with her puppies, standup paddle boarding on warmer days, and reading.

Dr. Rhonda Donahue, Reiki Master

Instructor: Reiki I, II, III, Reiki Instructor

Rhonda has been attuning Reiki Practitioners for several years. In addition to her successful Costa Mesa business as a healer using nutrition and balancing, she has been studying to complete two degrees; a B.H.S. in Health Sciences and Nutrition and a Bachelors of Metaphysical Sciences. She brings her vast knowledge and healing abilities to CalCopa as our Reiki Master and Nutrition Specialist.

Classes: Reiki I, Reiki II, Reiki III (Reiki Master), Reiki Instructor

Jolie Hindman, CAMTC #25659, NCBTMB, ABMP, Reiki Master, Personal Chef

Instructor: Thai Foot Massage, Geriatric Massage

In 2002, Jolie Hindman opened her restaurant in Long Beach, *Kiwe Cafe, Vibrant Happy Foods*. Her menu featured "healthy eats and vegan treats." Since then, Jolie has operated a successful catering business with the emphasis on energetically infused, beautiful cuisine. She shares her knowledge of the dynamics of food preparation by teaching cooking classes to small groups or individuals. It was her love of cooking that led her to take a Thai cooking class during her visit to Thailand. In addition to her cooking class, she enrolled in *Shivagakomarpaj: The Old Medicine Hospital School of Thai Massage*, where she studied Thai Foot Massage for Health. CalCopa is excited to have her as an instructor, sharing her knowledge of food preparation and diet, as well as the Thai Foot Reflexology treatment.

April Lewis, CAMTC #21930

Instructor; Lymphatic Drainage and Cranial Sacral

Born in beautiful San Diego and relocated as a teen, April fell in love with the OC and chose to raid a family there. Ms. Lewis brings twenty years teaching experience of a dozen massage and bodywork modalities. This variety of knowledge is expressed in a fun and animated instructional style. Her diverse background includes a decade in the martial arts, translating into excellent body mechanics training for a career as a healthy therapist.

Witness to extraordinary results, she now specializes in light touch therapies. April is passionate about Lymphatic Drainage and Cranial Sacral Therapy for their powerful healing properties and gentleness on therapists.

Ms. Lewis is excited about each student’s individual growth and learning process. She stresses respect for our students as they enter this wonderful profession of service. Her objective is to inspire a love of learning and acceptance of personal healing.

In her spare time, April enjoys her family, walks on the beach and curling up with a book. See you in class!

Grant Nichol, BS, NCBTMB, Holistic Health Practitioner

Instructor: Thai on the Floor, Thai on the Table, Swe-Deep-Thai

Grant is a CalCopa alumnus who continues to grow as a Holistic Health Practitioner. After taking Thai classes at CalCopa, he went to Thailand to further his knowledge in the art of Thai Massage. He brings this knowledge back to the school to pass on to our students for a more complete knowledge of Thai Massage.

NOTICE OF WITHDRAWAL

Student Name & Student Number: _____

Enter Date of class and class level: _____

You may withdraw from a course after instruction has started and receive a pro-rated refund for the unused portion of the tuition and other refundable charges if you have completed 60% or less of the instruction by using this "Notice of Withdrawal" form.

If a student withdraws from the course of instruction within the period allowed for cancellation, the school will remit a full refund, less the \$150.00 Registration and Material fees. Refund is made within 45 days following the student's Written Notice as per State Regulations. The student is obligated to pay only for educational services rendered and for unreturned equipment (including textbooks). (If a student withdraws, per California Education Code Section 94920 prior to completion of the course he/she is enrolled in, a refund will be made of the unused portion of the tuition.) The amount charged to the student shall not exceed the pro rata portion of the total charges for tuition.

For courses longer than 1-year (12 months) in length, the cancellation and refund policy shall apply to the stated course price of the contract.

Remember, you must cancel in writing by using this form or your own written statement of withdrawal. You do not have the right to cancel by just telephoning the school or by not coming to school. If you have any complaints, questions or problems which cannot be worked out with the school, call or write to:
