Grading Policy

Evaluation of student achievement will be based on meeting the objectives for each class. At the beginning of each class, the instructor will provide the student with a syllabus identifying the objectives and grade determination criteria. Students must achieve a cumulative grade point average of at least 2.0. A student who fails a class is permitted to continue in her/his studies as long as satisfactory progress is maintained. In a course in which a failing grade has been received, a student who has feasible reasons may ask the professor to grant permission to retake an examination, or complete a reassignment of sufficient quality to raise the grade to passing score. If the grade is raised to a passing grade, the student receives credit for the course, but no grade points are counted into the calculation of the student’s GPA. If the student repeats a course after having received an ‘F’ grade initially, the previous ‘F’ grade remains factored in the GPA, as does the new grade.

The following systems of grade points are used to evaluate a student’s level of achievement. A student’s general standing is the result of the total number of grade points earned, divided by the total number of corresponding hours taken.

Grading system and Grade Points

Academic Grading	Letter Grade	Description	Point Grades for practical work
100%-91%	A	Excellent	4.0
90%-81%	B	Good	3.0
80%-71%	C	Average	2.0
70%-61%	D	Unsatisfactory	1.0
60-0%	F	Fail	0

Graduation Requirements

When a student has completed the required theory hours and practical operations in the course of study with a GPA (Grade Point Average) of “C” (71%) or better, a Certificate of Completion is awarded certifying his or her completion of the program. AEC will assist students with the completion of necessary documents to file with the appropriate Barbering and Cosmetology Examination.

Students must show satisfactory academic progress. In order for students to maintain satisfactory academic progress, the minimum cumulative grade point average attempted at American Empire College is 2.0 for all programs.

Audit to Credit

Once registered as an auditing student, a student may not change to credit status unless such a change is requested prior to the deadline for adding a course specified in the academic calendar. A student, who is enrolled in a course for credit, may not change to audit status after the last day of class to add or drop courses.

Rehabilitation Act of 1973, the Vietnam Era Veterans Readjustment Assistance Act, and the Age Discrimination Act of 1975, does not discriminate on the basis of race, sex, color, age, religion, national origin, or handicap in any of its policies, procedures or practices. If any student wishes to file a complaint covered by the above stated regulations, she/he must follow the grievance procedures. All inquiries regarding this policy may be addressed to the CEO who serves as the Affirmative Action Officer.

American Empire College makes its programs and services accessible to and usable by individuals defined as handicapped in Section 504 of the Rehabilitation Act of 1973. The College provides evaluation of individual needs, advisement, and appropriate support services when indicated. Students are responsible for identifying their needs to each instructor no later than the first day of the course. For any other problems, they should contact the school administration.

Appeals Process

Re-admission to the College following withdrawal for any reason will be at the discretion of the College's Academic Committee. Students may petition in writing for reinstatement within one year of dismissal. The petition must be filed at least two weeks before the beginning of a module. The committee will review the student's previous academic admission records and his/her current situation in making a decision for reinstatement. The student will then be notified of the Committee's decision. Students accepted for readmission will be entitled to the same rights and privileges and are subject to the same regulations as any student. Students will not be entitled to appeal if they are terminated for exceeding the maximum program completion length.

Withdrawal & Refund Policy

The Student has the right to cancel and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. After this cancellation period is when a student can withdraw and the pro rata refund policy is in effect.

To cancel enrollment, the Student must send, via email or letter, or deliver in person, a written Notice of Cancellation postmarked NO LATER THAN the end of the day of: (a) the first class session or (b) the seventh day after enrollment, whichever is later. To withdraw from a program the student is enrolled in, the Student must send, via email or letter, or deliver in person, a written Letter of Withdrawal postmarked NO LATER THAN the end of the day when the student would have completed 60% of the program the Student is enrolled in. Compliance with the above will result in a full refund for cancellation of enrollment agreement, or a pro rata refund for students who have completed 60% or less of the program and wish to withdraw.

Notice of Cancellation or Letter of Withdrawal must be sent to:

Office of the School Administrator
American Empire College
1168 San Gabriel Blvd. Suites Q & R
Rosemead, CA 91770-4236

In order to obtain a refund, the Student must follow the procedures outlined in the STUDENT'S RIGHT TO CANCEL section above. If a Notice of Cancellation is sent during the cancellation period then the Student will receive a full refund. After the cancellation period, if the Student has completed 60% or less of the program and the Letter of Withdrawal is sent before the student has completed more than 60% of the program, then the Student will receive a pro rata refund.

For the purpose of pro rata refunds, the tuition divided by the total number of hours is the hourly charge for instruction. The School will pay a refund in the amount of the hourly charge for instruction by the total hours of instructions left at the time of the submission of the Letter of Withdrawal. A pro rata refund will only apply to students who have completed 60% or less of the program.

The amount of the Books and Equipment issued, as provided in the Registration Form, will not be refunded when the Notice of Cancellation or Letter of Withdrawal is sent or delivered after the day of the first class session or the seventh day after enrollment, whichever is later. The refund will be given within 30 days after the submission of the Notice of Cancellation or Letter of Withdrawal.

However, if the Student owes the School books and equipment, the Student must return the books and equipment in good condition to the School within 30 days before receiving the refund. If the Student fails to return it within 30 days, the fair market value of the books and equipment will be deducted from the amount of the refund.

The institution shall provide a pro rata refund of nonfederal student program moneys paid for institutional charges to student who have completed less of the period of attendance. Institution shall refund 100 percent of the amount paid for institutional charges less the registration fee of \$50.00, if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.

Divide this figure by the number of scheduled hours in the program. The quotient is the hourly charge for the program. The amount owed by the student for purpose of calculating a refund is derived by multiplying the hours by the hourly charges for instruction, plus the registration fee less the amount received for tuition. It is policy of the institution to pay the refund in the disclosed distribution policy found in the school catalog.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT YOU OWED FOR THE TIME YOU ATTENDED, THEN A FULL REFUND WILL BE MADE WITHIN 30 DAYS OF WITHDRAWAL DATE. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENT TO PAY IT.

Determination of the Withdrawal Date

The student's withdrawal is the last date of academic attendance as determined by the institution from its attendance records. The withdrawal date for a student who does not return from an approved leave of absence is set retroactively to the last date of attendance, as determined by the institution's attendance records.

Tuition Refund Calculation Model

Assume that a student, upon enrollment in a 1600-hour program, pays \$7,550.00 (\$7,200.00 for tuition, \$300.00 for books and equipment, \$50.00 registration fee). Student decides to withdraw after only 320 clock hours of instruction. He/she would receive a refund of \$5,760.00. This is calculated by dividing the amount of clock hours left in the course for which he/she had paid (1280 Clock Hours), by the amount instruction he/she paid for (1600 Clock Hours) and multiplying that fraction times the amount of money paid for tuition (\$7,200.00). This computes out to 0.80 (Value from 1280/1600) x \$7,200.00 for a refund of \$5,760.00, as shown below:

$$\frac{\text{Unused Clock Hours}}{\text{Total Clock Hours}} \times \text{Total Tuition} = \text{Refund to Student}$$

All refunds due will be paid by this institution within 30 days of the withdrawal date. The effective date of cancellation is the last day the student was in physical attendance. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs: a) You notify the school of your withdrawal or the actual date of withdrawal; b) The institution terminates your enrollment; c) You fail to attend classes for (14-consecutive days). In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance. The College refund policy is as follows:

Amount paid in advance	\$7,550.00
Registration Fee	-\$50.00 (<i>non-refundable</i>)
Books & Equipment	-\$300.00 (<i>to be determined</i>)
Clock hours earned	-\$1,440.00 (320 hours)
Refund of tuition	\$5,760.00 (1600-320=1280 hours)

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.

Within 10 days of the date on which the refund is made, the School shall notify the Student in writing of the date on which the refund was made, the amount of the refund, the method of calculating the refund, and the name and address of the entity to which the refund was sent.

Cancellation of Agreement

You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later for a course of instruction including any equipment such as books, materials and supplies or any other goods related to the instruction offered in the Agreement.

Cancellation shall occur when you have given written Notice of Cancellation at the address of the College shown on the top of the front page of the Agreement. You can do this by mail, hand delivery, or email. The written Notice of Cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage prepaid.

You will be provided two Notice of Cancellation forms on the first day of class to use as you deem necessary, but you can use any written notice that you wish. However expressed, it is effective if it shows that you no longer wish to be bound by the Agreement.

8. STUDENT RESPONSIBILITIES

Academic and Progress Requirement

Students who fail a course, or whose grade point average falls below 2.0, will be placed on academic probation. Attendance Policy

Consistent attendance is essential to the overall effectiveness of the training a student receives at American Empire College. This process is as important as learning, since future employers emphasize punctuality and attendance as top job requirements. Students are required to attend all scheduled classes regularly and punctually. Certain licensing Boards also require that students maintain their attendance records on specific time-card style sheets (the school will provide such recording forms when required), as part of the condition to earn their required hours of training. These are part of the factors prospective students must consider when making vocational decisions.

American Empire College recognizes that there are times when a student is unable to attend class, need to arrive late or leave early. The attendance policy allows for these circumstances, while ensuring that each student attends class a sufficient amount of time to master the subject material. A student will be placed on attendance probation if he or she is below 80% attendance in any give class. Frequent tardiness and/or unexcused absences are also cause for placing a student on probationary status.

Reinstatement Policy

Students who have been terminated for failing to maintain satisfactory academic progress may be reinstated through the appeal process. Upon reinstatement, the student will be placed on probation. At the end of the first module after reinstatement, the following standards must be achieved: a cumulative GPA of 2.0 and 85% cumulative attendance.

Re-entry Policy

Students who have been terminated for violating the attendance policy may re-enter through the appeal process, if successful.

While the institution has no responsibility to find or assist students in finding housing, there are numerous types of housing options available located reasonably near American Empire College's facilities, ranging from renting out a single room from a family home (about \$500 per month, some of which even include meals) to apartment or condo in an exclusive neighborhood or gated community, where the total can cost \$1,800 or more per month).

The Board of Barbering and Cosmetology will only recognize time-clock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period. A Thirty(30) minute lunch break shall be taken when a student attends a six (6) hour class day or more. If you are attending less than a 6 hour class day and desire to take a lunch break (30 minutes), then the half hour must be deducted from your daily total and you must clock out/in on your time card for the lunch break. Instructors may not sign a student in or out. Once theory classes have been started no one will be allowed to enter the theory classroom. If an error is made on the student's time card, the instructor must draw a line through the error and make the correction and the student and instructor must initial the change.
