## **I. COMPANY MISSION & METHOD**

Welcome to TALK English Schools! It is our intention to provide the best possible environment for all students, teachers and staff members. TALK English Schools is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations. Below is some information to further acquaint you with our philosophies and programs. Please feel free to ask any questions which may arise.

### **Mission Statement**

Our mission is to help create a world where communication, understanding, cooperation and respect exist between people of all countries and cultures. We do this by providing language training utilizing the most effective teaching methodology and technology, and by integrating academic, cultural and social activities.

### **Method**

Our method is to explore pedagogical means for real-life communication in the classroom, by developing learners' fluency and communication through interaction in the target language.

TALK utilizes a communicative approach that bases its use on the idea of inductive learning; that is, teaching students how to *use* the language. A class dynamic that is mainly cooperative and student-centered is expected. Cooperative learning is encouraged at all times to emphasize the concept of group success and using peers as a resource to success. Students are encouraged to participate actively in the learning process by contributing their opinions and feelings at all times. TALK also highly values creative and imaginative ways of presenting subject matter. TALK International methodology adheres to the idea of variety, fun material, entertaining, and memorable classes.

Our method is used to help international students, through participation in our high-quality language programs, to:

- 1- improve their English skills within the context of their needs and interests.
- 2- achieve their personal English language goals.
- 3- learn and enjoy with confidence and ease.

## **II. GENERAL INFORMATION**

### **General Course Guidelines**

Please take time to learn about TALK's program offerings by familiarizing yourself with our most up-to-date brochure and application, and by visiting our website ([www.talk.edu](http://www.talk.edu)).

Below are the basic academic and program guidelines for the English language program. Guidelines may vary for specialty classes (i.e. TOEFL iBT Complete), and should be confirmed with an admissions representative.

- There are 10 English levels: Low Beginner, Beginner, High Beginner, Low Intermediate, Intermediate, High Intermediate, Low Advanced, Advanced, High Advanced and Fluency.
- The curriculum for each level is designed as a 10-week cycle. Students typically complete one level in 10 weeks.

- Classes:

General English classes are held Monday through Thursday for 3 lessons a day and Friday for 2 lessons (1 lesson = 50 minutes). Intensive English courses include additional lessons Tuesday and Thursday, each 120 minutes.

TALK uses an integrated skills approach during the daily lessons of General English incorporating all necessary skills such as grammar, reading, writing, listening, speaking and vocabulary. The additional time for Intensive English is a communications-based class focusing primarily on speaking and listening skills through various activities.

- Homework is assigned weekly (up to daily) and is reviewed at the beginning of class to make sure students are practicing acquired skills and progressing at the appropriate rate.

- Weekly Quizzes / Final Exams

Students must pass each weekly quiz with a 70% grade or above. When a student gets a lower grade, the instructor(s) and/or school staff will meet with the student for academic advising.

If the student does not pass the final exam with an average score of 70% or above and have an overall attendance of 80% or above, he/she is closely monitored by the school staff and may be asked to take supplementary remedial classes.

Students who are unable to improve their grades and meet the minimum level of performance will be required to repeat some or all of the same level, and will only be able to proceed to the next level upon reaching the minimum competency and grade level.

### **Start Dates**

Program start dates are every Monday (Tuesday in the event of a public holiday). Students join the program every week for varying lengths of time: The minimum length of enrollment is 2 weeks.

## Description of library and other learning resources

TALK provides students the option of purchasing the textbook matching their individual level as described in the Curricula and Teaching Materials section of this Catalog. TALK students have access to our library of books and resources located on a shelf in the reception area of the school. Students must speak with a TALK staff member if they would like to borrow any academic resources from the library. The TALK staff member will then allow them access to check out materials. The library provides additional English Language instructional resources from varied publishers for the students.

## Objective of Classes and Satisfactory Academic Progress

TALK 's primary focus is to deliver a quality academic program to help our students achieve their English language goals. Typically, a student will complete a level and advance to the next in 10-weeks' time. However, students naturally progress at different rates depending on a variety of factors including: attendance, participation and homework completion, previous knowledge, additional classes or tutoring, and use of English outside the classroom.

## QUIZZES, EXAMS AND GRADING SCALE

All quizzes and exams are based on a 100 percent grading scale. Between 100 – 70 is considered a passing grade. Between 69 – 0 is not passing.

### **Weekly Quizzes**

A weekly quiz is given every Thursday to evaluate the progress of students, and is comprised of the material covered during the week in class and from homework. Students must pass each weekly quiz with a 70% grade or above. In the event that a student does not pass, the school staff may speak with the student about taking supplementary remedial classes or changing the student's level.

### **Final Exams**

Final exams are given at the end of a level and are comprised of all material covered during the entire ten weeks of class and homework. Instructors are responsible for creating an appropriate final exam for their class(es). The final exam must test on all major language skills (grammar, reading, and writing, listening and speaking) and be in line with the educational goals of the level.

If the student does not pass the final exam with an average score of 70% or above and have an overall attendance of 80% or above, he/she is monitored by the school staff, and may be asked to take supplementary remedial classes.

### **Student Progress Policy**

Students' progress is based on attendance percentage, final exam scores and weekly quiz scores. Students are required to comply with TALK's Attendance Policy and maintain a minimum of 80% attendance. A passing quiz score is 70%. A passing final exam score is 70%. The final exam tests on material covered during the entirety of the level. Weekly quizzes serve as an indicator of students' readiness for the final exam because they test on the material covered each week of the level leading to the final exam.

Levels should be taken sequentially and are typically completed in ten weeks (180 clock hours).

The student's eligibility to advance to the next or higher level is determined by the final exam score and overall attendance percentage. Students who receive a final exam score of 70% or higher, and are maintaining an attendance percentage of 80% or higher, are eligible to continue to the next level without any conditions. Students who receive a final exam score less than 70% and/or have an attendance percentage less than 80%, must follow a learning plan which may include taking supplementary remedial classes, and/or repeating the same level. In such cases, the School Staff creates a Student Learning Plan. The School Staff gives the student a copy, keeps one in the student's file, and enacts it as necessary.

If a student fails to meet the requirements to advance to the next level after two complete rotations (20 weeks / 360 clock hours) in one level, the student will be asked to complete his/her enrollment, and may elect to transfer out.

Attendance must be recorded on the class roster daily by the instructor, and the data on the class roster must be transferred to the database on a weekly basis by School Staff.

Quizzes are to be given on a weekly basis and scored by the instructor. Scores must be transferred to the database on a weekly basis by School Staff. Final exams must be given at the end of a level and scored by the instructor and/or School Staff. Scores must be transferred to the database no later than one week after the exam has been completed.

Progress Reports are distributed to students during weeks 1 and 6 of a level showing progress up to that point. The Progress Report is a record of individual progress in the course. The Progress Report is compiled from the database and includes: weekly quiz score(s), final exam score(s), and attendance percentage.

In the event that a student returns from an authorized time-off (i.e. leave of absence, extended vacation) or reenrolls and more than twelve weeks has lapsed, the student must sit for the placement test again in order to accurately evaluate the student's level and be re-placed accordingly, up or down.

### **Course Completion Policies & Requirements**

In order to complete a course and receive a Certificate of Completion, students must meet the following requirements:

- Attend at least 80% of classes.
- Attain a final test grade of 70% or higher. Final test grade is the grade attained by the student on the final test administered upon completion of a level.

### **Student Records – Retention Policy**

Student transcripts and degree or certificate are maintained indefinitely and all other records are maintained for a period of five years. Student records should be securely stored at all times. This is to provide information to the student and regulatory bodies.

Accounting and financial files in hard copy files are maintained for a period of at least five years in order to comply with requirements of the tax code. Accounting and financial records in electronic format have been maintained since the beginning of the business to maintain the integrity of our accounting system.

### **Appeal Policy**

A student may request to advance levels (appeal his/her current level) at any time during the student's enrollment prior to the scheduled final exam. The student must submit the request in writing to the School Director and/or Assistant School Director prior to the scheduled final exam.

The School Director / Assistant School Director should review the student's weekly quiz scores and attendance and ask for input from the teacher(s) on in-class performance. The School Director / Assistant School Director may choose to discuss these elements further with the student.

If the student is requesting to advance to the next level, and has received passing scores on weekly quizzes and maintained 80% attendance, he/she may be allowed to take the final exam early. In some cases, the placement test may be used in place of a final exam if the student is requesting to advance more than one level higher. This should only be used when the teacher(s) agrees that the student should advance more than one level.

Students are made aware of final exam results by the School Staff within two attendance days. If a student does not pass a final exam and would like to appeal his/her results, he/she must put an appeal request in writing and submit to the School Director / Assistant School Director within three days of receiving final exam score results. The School Director / Assistant School Director should review the final exam, weekly quiz scores and attendance in order to make a decision of whether or not to take another final exam and/or change level.

The School Director / Assistant School Director must inform the student of the decision in writing within one week of receiving an appeal request.

### **Attendance Policy**

TALK's attendance policy is within Department of Homeland Security guidelines, and guidelines as follows:

Minimum Standard:

All students are required to maintain a minimum of eighty percent (80%) attendance rate. 80% attendance rate is required for completion of each level and for completion of a course.

Tracking and Informing of Attendance:

Student attendance is taken daily for each session by marking the class roster during class time. Attendance is entered from the class roster into the TALK computerized database by school staff on a weekly basis. School staff runs a monthly report to check cumulative attendance.

Every five weeks, students receive a progress report which includes the cumulative attendance percentage.

At any time, students may inquire with school staff on their cumulative attendance percentage.

Tardiness and Early Departures:

Students are expected to be in class on time every day. Tardiness to class disrupts both the teacher and fellow students. Students who are late by more than 15 minutes after the start of the session will be marked absent for that session.

Early departures are students leaving before the end of the session. Early departures will be marked absent for that session.

Excused Absences:

During approved vacations or leaves of absence students are not attending class; therefore, attendance is not tracked.

Any other absences will count as absences in the calculation of attendance percentages and will not increase the maximum number of allowable absences.

#### Attendance Warnings:

If the student's cumulative attendance falls below 80%, then attendance is checked for the four weeks prior to that date. If the attendance of a student enrolled under an F-1 visa falls below the required level for a 4-week period, the student will receive an Attendance Warning. The student will continue to receive Attendance Warning if the attendance percentage does not improve. If the student does not improve his/her attendance after receiving three Attendance Warnings, this will result in termination of the program. #### Steps for applying for vacation:

1. Fill out the Vacation/LOA Request Form and submit it at least 10 business days before your vacation start date.
2. After checking your eligibility for vacation, a response to your request will be given to you in writing. Keep it for your records. You can take vacation only if your request has been approved.
3. If you are enrolled under an F-1 visa and are travelling abroad, you will need to have

your I-20 signed by a Designated School Official (DSO) before you leave the country or you will not be able to re-enter. You must also provide the flight itinerary for the departure and return.

4. **IMPORTANT!!** If you entered the USA with a tourist visa and requested a change of status to receive your F-1 status, you lose the F-1 status: **IF YOU LEAVE THE USA, YOU CANNOT ENTER AGAIN WITHOUT A NEW F-1 VISA.** You must go to an U.S. Embassy to request a new F-1 student visa.

If you have any questions about this policy, please ask us.

### **Leave of Absence Policy**

TALK's Leave of Absence (LOA) policy is in accordance with the regulations of the Department of Homeland Security and the following guidelines:

1. Students must request the LOA in writing in advance of the start date of the leave of absence, unless unforeseen circumstances prevent the student from doing so.
2. Students must travel outside of the USA for the duration of the leave of absence. If you are on an F-1 visa, your I-20 must be signed by the Designated School Official (DSO) before departing the USA.
3. Students must use available vacation, if eligible, before requesting or being eligible for a leave of absence.
4. The leave of absence may not exceed 5 months or 50% of the published program length, whichever is shorter.
5. Multiple leaves of absence may be permitted provided the total of the leaves does not exceed 50% of the published program length.
6. Students can only take a leave of absence provided that their attendance for the four-week period prior to leave of absence is 80% or higher.
7. For extended absences of 12 weeks or longer, students are required to take the placement test for re-entry into the program.
8. An approved leave of absence may be extended for an additional period of time provided that the extension request meets all of the above requirements, and the total length of the leave of absence does not exceed the specified limit, as noted in item # 4 or # 5.

### **Steps for applying for a leave of absence:**

- Fill out the Leave of Absence Request Form and submit it at least 10 business days prior to the start of the LOA period. Provide your proof of travel with dates of departure and return (flight itinerary or plane tickets).
- After checking your eligibility for a LOA, the response to your request will be given to you in writing. Keep it for your records.
- If you are enrolled under an F-1 visa you will need to have your I-20 signed by a Designated School Official (DSO) before you leave the country or you will not be able to reenter. TALK will extend your I-20 for your return. If not,

TALK will shorten your I-20 and you will have to request a new initial I-20 before you return to the USA.

- You will need a valid passport and visa to reenter the country. Check the expiration dates of your documents before you travel!
- Don't forget to extend your medical insurance coverage!

**IMPORTANT!!** If you entered the USA on a different visa and requested a change of status to receive your F-1 status, you lose the F-1 status: **IF YOU LEAVE THE USA, YOU CANNOT ENTER AGAIN WITHOUT A NEW F-1 VISA.** You must go to a U.S. Embassy to request a new F-1 student visa. (There are exceptions to this rule. Speak to your DSO to confirm.)

### **Medical Leave Policy**

A medical leave is a temporary break in study for documented medical purposes. TALK's Medical Leave of Absence or Reduced Course Load policy is in accordance with the regulations of the Department of Homeland Security and the following guidelines:

1. Students must request the medical leave of absence in writing in advance of the start date of the leave of absence, unless unforeseen circumstances prevent the student from doing so. If a student does not request a medical leave within two consecutive weeks, the student will be withdrawn. If the student is on an F-1 visa, the Form I-20 may be terminated.
2. Medical documentation from a US licensed medical doctor, doctor of osteopathy, or licensed clinical psychologist must be provided to the Designated School Official (DSO). The documentation should include the medical condition, dates of medical leave, and be signed by the doctor.
3. Students must remain in the USA for the duration of the medical leave.
4. The medical leave may not exceed an aggregate of 12 months throughout the entire length of the student's enrollment, or 50% of the published program length, whichever is shorter.

### **Steps for applying for a leave of absence:**

- Fill out the Medical Leave Request Form and submit it at least 10 business days prior to the start of the LOA period. Provide your medical documentation.

## **Student Policies**

### **1. ENGLISH ONLY!**

It is expected that students speak only in English during classes. Speaking English outside of class and the school is highly encouraged and will help students improve faster.

### **2. Insurance**

F-1 visa students are required to have insurance in case of a medical emergency. TALK recommends that all students have insurance. If students do not have their own coverage, TALK has a policy that is available for purchase, however it is the student's responsibility to evaluate it, as TALK has no expertise in this area.

### **3. Cell Phones**

As a courtesy, students are requested to put cell phones in silent mode, or turn off during class sessions. All calls and texting must be limited to break times, before and after class.

### **4. Dress Code**

Students are expected to maintain a neat and clean appearance befitting student attending school.

### **5. Conduct**

Students are expected to conduct themselves in a responsible manner that will reflect upon them and the program in terms of morality, honor, truth, and abide by the regulations of the program.

### **6. Evacuation Procedures**

In the event of a fire, students should know where all fire/emergency exits are located. Students should familiarize themselves with fire extinguisher points.

### **7. Complaints**

All students are encouraged to bring any issues or complaints to school staff, but may contact the Bureau for Private Postsecondary Education (BPPE) at any time. Formal complaints must be made in writing and be directed to the School Director. TALK understands that some students might not feel comfortable voicing a concern or complaint: TALK encourages dialogue and offers services in the native language if appropriate and possible.

## **V. STUDENT SERVICES**

TALK provides a wide variety of student services. The staff is highly knowledgeable and always willing to assist students with visa matters, transportation, banking, insurance, driver's licenses, and recreation.

Class field trips to local museums, amusement parks, and social events expose students to various aspects of American culture and allow them to practice language skills learned in the classroom in real-life situations.

The staff and faculty are always available to assist students in the pursuit of their educational or vocational goals. Students will find the staff and faculty more than willing to write letters of recommendation, correct personal essays for university applications, and offer their professional advice.

### **Placement Services**

As TALK is a language school, we do not provide job placement services for students.

### **Conduct, Discipline and Dismissal Policy**

TALK may expel or suspend any student whose behavior does not comply with school rules and/or local, state or federal laws. Such offenses include but are not limited to:

### **Student Grievances**

#### **NOTICE TO STUDENTS: ACCET COMPLAINT PROCEDURE**

At any time, a student can reach out to the Bureau for Postsecondary Education (BPPE) to register a complaint and is not required to utilize the TALK or ACCET procedure.

This institution is recognized by the Accrediting Council for Continuing Education & Training (ACCET) as meeting and maintaining certain standards of quality. It is the mutual goal of ACCET and the institution to ensure that educational training programs of quality are provided. When problems arise, it is suggested that students make every attempt to find

a fair and reasonable solution through the institution's internal complaint procedure, which is required of ACCET accredited institutions and frequently requires the submission of a written complaint. Refer to the institution's written complaint procedure which is published in the institution's catalog or otherwise available from the institution, upon request. Note that ACCET will process complaints which involve ACCET standards and policies and, therefore, are within the scope of the accrediting agency.

In the event that a student has exercised the institution's formal student complaint procedure, and the problem(s) have not been resolved, the student has the right and is encouraged to take the following steps:

1. Complaints should be submitted in writing and mailed, or emailed to the ACCET office. Complaints received by phone will be documented, but the complainant will be requested to submit the complaint in writing.
2. The letter of complaint must contain the following:
  - a) Name and location of the ACCET institution;
  - b) A detailed description of the alleged problem(s);
  - c) The approximate date(s) that the problem(s) occurred;
  - d) The names and titles/positions of all individual(s) involved in the problem(s), including faculty, staff, and/or other students;
  - e) What was previously done to resolve the complaint, along with evidence demonstrating that the institution's complaint procedure was followed prior to contacting ACCET;
  - f) The name, email address, telephone number, and mailing address of the complainant. If the complainant specifically requests that anonymity be maintained, ACCET will not reveal his or her name to the institution involved; and
  - g) The status of the complainant with the institution (e.g. current student, former student, etc.).
3. In addition to the letter of complaint, copies of any relevant supporting documentation should be forwarded to ACCET (e.g. student's enrollment agreement, syllabus or course outline, correspondence between the student and the institution).

### **WITHDRAWAL OR TERMINATION AFTER START OF CLASS**

#### **TUITION REFUNDS/MODIFICATION TO PAYMENT AGREEMENTS**

Students are required to pay in cash for the entire period of enrollment or agree to be financially obligated for the same period of enrollment by entering into a recurring payment agreement (and take advantage of the reduced pricing for longer periods of enrollment). The Period of Financial Obligation is

the period for which the student is legally obligated to pay for the enrollment period to which it relates. The Period of Financial Obligation always equals the enrollment period and cannot exceed 12 months. Refunds or modifications to the recurring payment agreement may only be done as follows:

1. Discounted Tuition: Used weeks of discounted tuition will be charged back to the student at the published rate when any refund or modification to the recurring payment agreement is calculated. For school/location specific promotional discounts, used weeks of discounted tuition will be charged back to the student at the same promotional rate if the number of used weeks are within the week range the promotion applies to, otherwise used weeks of discounted tuition will be charged back at the published rate when any refund or modification to the recurring payment agreement is calculated. Waived application fees will not be charged back to the student.

2. Refund amounts will be based on a student's last date of attendance (LDA). When determining the number of weeks completed by the student, a partial week will be calculated the same as if a whole week were completed, provided the student was present at least one day during that week. Students in California will sign a California State Enrollment & Refund agreement and refunds will be processed accordingly.

3. First Period of Financial Obligation: For students whose last day of attendance occurs after the seventh calendar day of enrollment and before the end of the fourth week of their initial period of financial obligation, TALK will retain the charges applicable to the first four weeks. For students, whose last date of attendance occurs after the first four weeks but before or at the mid-point (60% for California Schools) of their period of financial obligation, TALK will retain a prorated amount of tuition. For students whose last date of attendance occurs after the midpoint (60% for California Schools), TALK will retain all of the charges for that period.

4. Subsequent Periods of Financial Obligation or Enrollment periods: For students who have completed the first period of financial obligation or extended their enrollment at the institution but whose last date of attendance occurs before or at the midpoint (60% for California Schools) of any subsequent period of financial obligation, the institution may retain a prorated amount of tuition for that period. For students whose last date of attendance occurs after the midpoint (60% for California Schools) of any subsequent period of financial obligation, the institution may retain all of the tuition for that period.

#### WITHDRAWAL OR TERMINATION AFTER START OF ACCOMMODATIONS: REFUNDS/MODIFICATIONS TO PAYMENT PLANS

1. Student understands and accepts that TALK acts strictly as an agent for the student and may contract in its own name to facilitate the booking process based upon the students' requirements as indicated in this Application Form. Further, TALK is entitled to the difference between what the provider charges and the price the student pays, as a fee.

2. A student must provide notification of withdrawal in writing to be eligible for a refund or payment plan modification
3. Accommodation prices are calculated on a weekly basis. A partial week will be calculated the same as if a whole week were completed. Homestay accommodations pricing is based on starting accommodations on the Sunday prior to the course start date and ending accommodations on the Saturday after course completion. Additional charges will apply where accommodations are required before the first Sunday or after the last Saturday.
4. Students must give 4 weeks' notice in writing to the School Director. For terminations made before 50% (60% for California Schools) of the course has been completed, Student is required to pay for the period of accommodations. If applicable, students are bound by the terms and conditions as defined in any student housing agreements.

#### **REFUND DUE DATES:**

1. If an applicant never attends class or cancels prior to the class start date, all refunds due will be made within 45 days of the first scheduled day of class or the date of cancellation, whichever is earlier.
2. For an enrolled student, the refund due will be calculated using the last date of attendance (LDA) and be paid within 45 days from the date of determination (DOD). Date of Determination (DOD): The date: (1) the student gives notice of withdrawal to the institution, (2) the institution administratively withdraws the student; or (3) the date the institution terminates the student due to the student's failure to adhere to the institution's attendance, conduct, or student progress policy.

#### **EXTENSIONS**

Students who extend their studies will be subject to the pricing payment and refund policies in place at the time of their extension request, will not be required to pay an additional Application Fee and will receive the cumulative weekly pricing for the period of extension.

Version 2019.1

## STUDENT TUITION RECOVERY FUND (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise

been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.
