Students are evaluated for Satisfactory Academic Progress based on scheduled hours as follows:

Barbering – 1000 Clock Hours: 300, 600, 1000 scheduled hours

Transfer Students are evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Attendance Progress:

Students are required to attend a minimum of 80% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation

period, the school will determine if the student has maintained at least 80% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame:

The maximum time (which does not exceed 120% of the course length) allowed for students to complete each course at satisfactory academic progress is stated below:

COURSE	MAXIMUM TIME ALLOWED	
	WEEKS	SCHEDULED HOURS
Barbering (Full time, 40 hrs/wk) - 1000 Hours	33 Weeks	1200
Barbering (Part time, 25 hrs/wk) - 1000 Hours	51 Weeks	1200

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 80% of the scheduled contracted hours.

Students who have not completed the course within the maximum timeframe may be dropped from their educational program or continue as a student at the institution on a cash pay basis. This determination will be made by the Chief Academic Officer.

Academic Progress Evaluations:

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. A student who does not meet satisfactory requirements on the first attempt will only be able to achieve a minimum satisfactory grade (or 80%) on any future attempts. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must maintain a written grade average of 80% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

- 100%-90% ----- “A” ----- Excellent
- 89%-80% ----- “B” ----- Satisfactory
- 79%-70% ----- “F” ----- Unsatisfactory

Determination of Progress Status:

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations.

Warning:

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she will be placed on academic probation.

Academic Probation:

Students who fail to meet minimum requirements for attendance and/or academic progress after the warning period will be placed on academic probation and assigned an academic plan. The student will be advised in writing of the actions required to be removed from academic probation by the next evaluation period. If at the next evaluation period, the student has still not met both the attendance and/or academic requirements required for satisfactory academic progress, the student will be determined as NOT making satisfactory academic progress and their enrollment agreement will be terminated.

A student's enrollment being terminated due to not making satisfactory academic progress is FINAL and cannot be appealed by the student.

In contrast, the school's decision regarding placing a student on academic probation after the warning period may be appealed by the student as described below.

Re-Establishment of Satisfactory Academic Process:

Students will re-establish satisfactory academic progress by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals:

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Academic Probation Appeal Procedure:

If a student is determined not to be making satisfactory academic progress after their warning period and placed on academic probation, the student may appeal this determination within seven (7) calendar days. If a student fails to appeal, the decision will stand. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed.

Noncredit, Remedial Courses, Repetitions:

Noncredit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

Transfer Hours:

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

Student Services:

Students at the Ivy League Barber Academy will receive academic counseling on a periodic basis from our instructors. If a student requires additional counseling, they will need to contact the instructor or an officer on an as-needed basis. It is our goal for every student to succeed with their studies and academic counseling will be available to the certain students who require additional attention.

Housing:

The Ivy League Barber Academy does not provide dormitory facilities to its students nor has any under its control. It is the responsibility of all students to find their own housing, not the institution. It can be difficult to find housing in San Diego as the vacancy rates are extremely low, typically between 1-2% in recent studies. As the school is located centrally in San Marcos, there is housing located reasonably nearby. The typical price range for housing for a one bedroom is between \$1,000-\$2,000 and a two bedroom is \$2,000-\$3,000. Please use www.sandiego.gov/housing as a resource when searching housing around our campuses.

Complaint/Grievance Procedure for Students:

If a student would like to make a complaint relating to the school or an instructor, he or she should perform the following procedure:

- 1) A student must submit the complaint in writing to the instructor or Chief Operating Officer. The student must explain the complaint fully and comprehensively. The student must detail the solution he or she would like seen or done to resolve their complaint.
- 2) The instructor or Chief Operating Officer will try to resolve the complaint at that time or request additional time if needed to determine the best outcome for the complaint.
- 3) If additional time is needed by the instructor or Chief Operating Officer, they must respond to the student with their determination within two weeks of receiving the complaint.
- 4) If the complaint is unable to resolved by the instructor or Chief Operating Officer, the student may submit the complaint to the Bureau for Private Postsecondary Education. Their contact information is as follows:

Health and Physical Considerations for Barbering:

Prospective students should be aware of the physical demands required of a barber industry professional. Occupations in the barber industry generally require continued standing or sitting and constant use of the upper torso, shoulders, arms, wrist and hands, upper back and neck. Certain individuals may have allergies or sensitivities to the typical chemical products used in barber occupations. A student must be physically capable of performing all required activities conducted at the school and complying with all safety policies and procedures.

Health Warning:

Exposure to chemicals used in the Barber industry may cause cancer and birth defects or other reproductive harm to you and your unborn child. In addition, the physical demands required by the school curriculum could place unwanted stress on the mother and child during pregnancy. Please consider this and consult with your physician regarding these issues prior to enrolling and signing the enrollment agreement.

Disabled Students:

In compliance with the American’s Disabilities Act (ADA), Public Law 101-336, the Ivy League Barber Academy provides “Reasonable Accommodations” for students with disabilities that may affect their ability to learn the required curriculum set by the State of California Board of Barbering and Cosmetology.

It is the student’s responsibility to notify the Ivy League Barber Academy if reasonable accommodation is needed. the Ivy League Barber Academy is not required by the ADA to provide accommodations if the student does not inform the Ivy League Barber Academy of their needs. Access for disabled students to the institution’s facilities is available at our school.

Job Placement:

The Ivy League Barber Academy makes no guarantees regarding a student being able to secure a job upon graduation (and passing the California State Board Exam) and makes no claims regarding wages or level of income. However, the Ivy League Barber Academy takes many measures to ensure a student will have the proper resources available to them to secure employment.

The Ivy League Barber Academy maintains a list of the local barber shops with contact information which is updated on a quarterly basis. Additionally, our school maintains a database of inquiries made to the school regarding open barber positions in the area. This job database is updated on a continuous basis and made available to students through the records office. The school also maintains relationships with the local barbers through field trips and invites to our campus.

Financial Assistance:

Payment plans are available from the Ivy League Barber Academy through private lenders. The Ivy League Barber Academy has a relationship with TFC Tuition Financing. TFC Tuition Financing offers students the option to make monthly or semi-monthly payments. Ivy League Barber Academy does not provide any direct financial assistance to its students. It is our policy to discourage students from borrowing loan funds unless it is necessary. The Ivy League Barber Academy does not participate in federal or state financial aid programs at this time.

If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

Tuition and Fees:

The Ivy League Barber Academy reserves the right to change the tuition and fees without prior notice when necessary to carry out the mission and objectives of the institution. **These changes will not affect students currently enrolled in an educational program.**

The tuition breakdown (for new enrollees) is as follows:

Course	Registration Fee (non-refundable)	Tuition (total tuition charges for entire educational program)	Loan Fee (If applicable)*	Books/ Equipment	Student Tuition Recovery Fund (STRF) (Non-Refundable)	Total

*Students who obtain a third party loan through TFC will be required to pay a **loan fee of \$150 for the Barbering – 1000 Clock Hour Program**. This fee will be added to the total cost of the program. **Students who obtain a third party loan will be responsible to pay a deposit of at least \$495 to enroll in the program.**

Extra Instruction Charges:

Students are expected to complete their training within the time frame they agreed to in the enrollment agreement. If a student requires additional training or exceeds the scheduled completion date in their enrollment agreement and has exhausted their allowable absence hours, an extra time charge will be billed to the student for the balance of hours required and/or the completion of the educational course at a **rate of \$14 per hour**. A student agrees to accept this extra time charge until the student has completed the educational program. This extra charge will be reflected in an addendum to the student's enrollment agreement. If the student is not able to complete the educational program within the maximum time frame in the enrollment, the school will terminate the student's contract. A student will be able to re-enroll

Payment Options:

We understand that everyone who attends our school comes with a different financial situation. As a result, we have created two payment options to provide our students flexibility in paying for their educational program.

Option 1: Students pay their tuition and all associated costs in full at the time of enrollment for the educational program.

Option 2: Students will have the option to pay their tuition and associated costs with the following terms: At the time of enrollment, students will pay twenty-five (25) percent of their full tuition expenses. The student will then pay the remaining tuition in **one or two separate payments each month** starting in the 2nd month for a **period of 36 months**. Payments will typically be made in the first and/or third week of the month. The student must pay their full associated costs (registration and tools/equipment) for their respective educational program at the time of enrollment.

Both these payment options are available to students.

Please Note. The student must be current with all tuition costs and associated costs prior to graduation in order to receive diploma (unless a separate arrangement has been made between the student and the school). This is a graduation requirement.

Missed payments after a 60 day period will cause termination from the school. Overdue invoices 60 days late may be sent to collections.

Cancellation and Refund Policy:

An applicant denied admission by the school is entitled to a refund of all monies paid.

Refund after the commencement of classes:

1. Procedure for withdrawal/withdrawal date:

- A. A student choosing to withdraw from the school after the commencement of classes is to **provide written notice** to the Chief Academic Officer. The notice is to indicate the expected last date of attendance and be signed and dated by the student. **NOTICE MUST BE IN WRITING TO BE EFFECTIVE .**
 - B. For a student who is on authorized Leave of Absence, the withdraw date is the date the student was scheduled to return from the Leave and failed to do so.
 - C. A student will be determined to be withdrawn from the institution if the student has not attended any class for 14 days.
 - D. If a student fails to maintain Satisfactory Academic Progress, fails to abide by the conduct policy or Rules and Regulations or fails to meet financial obligations, their withdrawal will be based on this documented date.
2. Tuition charges/refunds:
- A. After the commencement of classes (or seventh day of enrollment whichever is later), the tuition refund amount shall be determined as follows:

% of the clock hours attempted:	Tuition refund amount:
60% or less	Pro rata refund
More than 60%	No Refund Allowed

The percentage of the clock hours attempted is determined by dividing the total number of clock hours elapsed from the student’s start date to the student’s last day of attendance, by the total number of clock hours in the program. These clock hours are based on scheduled clock hours, not actual clock hours attended.
SEE BELOW FOR REFUND HYPOTHETICAL

Tools and Equipment:

Student is fully responsible for these expenses and are therefore non-refundable costs to the student unless returned prior to first day of classes or within seven days after enrollment, whichever is later. If returned prior to the first day of classes or within seven days after enrollment, it is at the school’s full discretion whether to accept and thereby provide a full or partial refund to the student for any unused or unopened tools/equipment. If the school does not accept the student’s tools/equipment, the student will be fully responsible for their costs and no refund will be issued.

Issuing Refunds:

Refunds will be issued within 30 days of the date of student notification, or date of school determination (withdrawn due to absences or other criteria as specified in the school catalog), or in the case of a student not returning from an authorized Leave of Absence (LOA), within 30 days of the date the student was scheduled to return from the LOA and did not return.

If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

(1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.

(2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

Refund Hypothetical:

A student participating in the Barbering -1000 Clock Hours educational program has paid partial tuition expenses of \$14,000 and all associated costs of \$2,050 (\$100 registration fee and \$1,950 for books/equipment). The student is 400 clock hours scheduled into the program when he/she realizes barbering isn't for them. The student writes a formal letter to the Chief Academic Officer notifying them of their withdrawal from the program. The student is entitled to a refund of \$10,500 based on the following calculations:

$(400 \text{ clock hours scheduled}) / (1000 \text{ clock hours in program}) = 27\% \text{ clock hours scheduled}$

27% clock hours scheduled entitles student to 73% refund of tuition.

73% refund of the \$14,000 tuition paid is \$10,220.

In this scenario, the student is only responsible to pay \$3,780 in tuition and the \$2,050 associated fees.

The student will receive this refund within 30 days from their withdrawal date.

Student Tuition Recovery Fund Disclosure:

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

STUDENT'S RIGHT TO CANCEL:

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. This notice must be in writing. No later than 30 days of receiving the notice of cancellation, the school shall provide the refund.

A student who wishes to withdraw from the educational program after the cancellation period must provide **written notice** to the Chief Academic Officer. The written notice must contain your name, the date and that you wish to cancel your enrollment agreement. This written notice can be personally delivered to the Chief Academic Officer's office or mailed to the main office at 1001 W. San Marcos Blvd., Suite 120, San Marcos, CA 92078. The notice is effective on the date it was sent.

You are entitled to a refund if you have completed less than sixty (60) percent of your scheduled clock hours. The refund amount is based on the school's current refund policy as described in the school's catalog and your enrollment agreement. If you have lost your enrollment agreement, the school may provide you the terms of the refund policy.

It is at the school's full discretion whether to accept and thereby provide a full or partial refund to the student for any unused or unopened tools and equipment. If the school does not accept the student's tools/equipment, the student will be fully responsible for their costs and no refund will be issued for these items.

PLEASE REMEMBER ----- IN ORDER FOR YOUR CANCELLATION TO BE EFFECTIVE, IT MUST BE IN WRITING.
