SATISFACTORY ACADEMIC PROGRESS POLICY

The Higher Education Act mandates that institutions of higher education establish minimum standards of “Satisfactory Academic Progress” for students receiving financial aid. International College of Beauty Arts & Sciences applies this standard to all students consistently, regardless of whether or not they are financial aid recipients. The satisfactory academic progress policy is printed in the school catalog to assure that all students receive a copy prior to starting classes. This policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

Students must demonstrate satisfactory academic progress towards completing their programs by meeting International College of Beauty Arts & Sciences established standards. Satisfactory academic progress is a measure of students’ qualitative (academics) and quantitative (attendance) progress as defined below.

QUANTITATIVE EVALUATION (ATTENDANCE)

Students are expected to complete their program in 150 percent of the normal timeframe established for completion. Evaluations are based on the cumulative attendance percentage. Attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. Therefore, at each evaluation period, the school will determine if the student has maintain at least 67% cumulative attendance since the beginning of the course, which indicates that, given the same attendance rate the student will graduate within the maximum time frame allowed and the student will be deemed making satisfactory progress.

QUALITATIVE EVALUATION (ACADEMIC)

Students are expected to maintain a 70% cumulative grade point average of their combined practical and written grades in order to be deemed making satisfactory academic progress during an evaluation period. At least two comprehensive practical and written skill exams will be conducted during the course of study. Practical skills are evaluated using the rubric criteria adopted by International College of Beauty Arts & Sciences. Theory class will require written exams to be taken in each of the chapters of study as set forth by guidelines from the California Board of Barbering and Cosmetology and International College of Beauty Arts & Sciences. Students must make up failed or missed tests and incomplete assignments. Numerical and letter grades are considered according to the following scale

ACADEMIC GRADING POINT

Theory Grades	
90-100%	A (Excellent)
80-90%	B (Good)
70-79%	C (Satisfactory)
60-69%	F (Failing)

PRACTICAL GRADING

Practical skills are evaluated using the (Rubric Criteria) which is based on the grading of “0” for not completing the work, and “10” for completing all the steps of work projected correctly.

All students are required to satisfactorily complete all subjects prior to graduation unless credit has been allowed for previous training in a particular subject area.

Evaluation periods at which attendance progress shall be evaluated are the following, and are based on scheduled clock hours to complete.

Students are evaluated based on “Clock Hours” midpoint at end of academic year	
Cosmetology / scheduled hours	450,900,1250,1600
Barbering / scheduled hours	450,900,1200,1500
Esthetician / scheduled hours	300,600
Manicuring / scheduled hours	300,600

If a student is making satisfactory progress at evaluation time, then said student is considered making satisfactory progress until the next evaluation period. If a student is NOT making satisfactory progress at evaluation time, then said student will be placed on warning.

MAXIMUM TIME FRAME

The maximum time frame a student has to complete any course is 1 ½ times the course length. Transfer hours from another institution that are accepted toward the student’s educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. NACCAS approved course length is defined as the period of time identified on then enrollment contract. Leaves of absence are not included in this total. A leave of absence will also extend a student’s contract expected graduation date and the maximum time frame of a one and one-half (1 ½) times the length of the course as stated in the enrollment agreement by the number of days taken in the leave of absence. Students re-enter at the same status as when they left. The 67% attendance average is programmed into our servicer system to check at the evaluation points for each program. However, we monitor satisfactory progress manually throughout the student’s program to ensure that students have ample opportunity meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course. Evaluations are completed within the seventh business day.

ATTENTION VA STUDETS: Educational benefits expire on the earliest or **either** the date you reach the total hours approved for your program, **or** on the date you complete or terminate your enrollment in the program.

The regular and the maximum time frame for completing each course is the following:

Cosmetology 1600 clock hours	Full Time 43 weeks	Part Time 64 weeks
Barbering 1500 Clock Hours	Full Time 43 weeks	Part Time 60 weeks
Esthetician 600 Clock Hours	Full Time 16 weeks	Part Time 24 weeks
Manicuring 600 Clock Hours	Full Time 16 weeks	Part Time 24 weeks

Maximum time frame in Clocked Hours:

Maximum time frame in weeks:

Cosmetology 2400	Full Time 64	Part Time 96
Barbering 2250	Full Time 60	Part Time 90
Esthetician	Full Time 24	Part Time 36
Manicuring	Full Time 24	Part Time 36

WARNING

Students who fall below the above standards at the satisfactory progress evaluation point for their Scheduled hours will be placed on warning. A student is considered to be making unsatisfactory progress while on warning but is still eligible for financial aid. If the student does not improve either grades and/or attendance by the end of the evaluation point, he/she will be ineligible for financial aid. When the student is put on probation status, he/she is issued an academic improvement plan.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period may be placed on probation and considered to be making satisfactory progress while during the first probationary period, if the student appeals the decision, and prevails upon appeal.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS & REINSTATEMENT OF FINANCIAL AID ELIGIBILITY

Students who have lost eligibility for financial aid may reestablish by meeting their minimum academic and attendance average by the end of the probation period. If after this period, a student is still in unsatisfactory progress, he/she may be dropped from the course of study at the discretion of the school president. In case of extenuating circumstances, special arrangements may be made with school official. These arrangements will be handled on an individual basis. The probation period and reinstatement period apply to all students, whether or not they are on financial aid.

APPEAL PROCESS

Students who wish to appeal the determination that they are not maintaining satisfactory progress must submit a letter to the school President within 10 days of receiving the notice of probation, describing any mitigating circumstances the student believes deserves further consideration. The institution will also determine that satisfactory academic standards can be met by the end of the subsequent evaluation period. Such mitigating circumstances might include family or medical emergencies or military services for which the student has elected not to request a leave of absence. An appeal decision will be made and the student notified accordingly. Should a student prevail upon his/her appeal, the student will be placed on probation for the following payment period, and financial aid will be reinstated. The student will be placed on an academic improvement plan to ensure the student is able to meet satisfactory academic progress by the end of the probationary period.

A copy of the student's academic improvement plan will be kept in the student's file along with the following forms: Students Satisfactory Academic Progress Appeal and Outcomes of Student's Academic Progress Appeal. The student must be achieving satisfactory progress at the end of the probationary period or all financial aid will be terminated. In case of an adverse determination of the student's appeal, the student will remain in probation, and must cover tuition payments in cash. If payment arrangements cannot be made, the student will be terminated from the program. Students may re-establish eligibility for financial aid by achieving the minimum satisfactory progress by the end of the payment period. The financial aid department will then request the appropriate federal funds in their behalf for the next payment period. Failure to re-establish satisfactory progress will result in termination of the program.

STUDENTS' EVALUATION

Written progress records are maintained by International College of Beauty Arts & Sciences. These are recorded and discussed with each student during their evaluation periods and are given a copy of their SAP report. The students will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements, he/she will be determined as NOT making satisfactory academic progress and, if applicable, the student will be deemed ineligible to receive Title IV funds.

INTERRUPTIONS, COURSE INCOMPLETES, REPETITIONS AND WITHDRAWALS

If enrollment is temporarily interrupted for a leave of absence of 180 days or less, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Course incompletes affect the student's satisfactory progress status by lowering the student's grade point average because students receive 0% credit for unfinished work. Repetitions and withdrawals have no effect on the student's satisfactory progress status. Students re-enter at the same status as when they left.

TRANSFER HOURS

Transfer hours from another institution that are accepted towards the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame had been exhausted. SAP evaluations periods are based on actual contracted hours at the institution.

REINSTATEMENT: A student who prevails in the appeal process will be determined to be making satisfactory progress. Financial aid eligibility for funds will be reinstated to the student only for that payment period under the probation status.

RE-ENTERING

Students accepted for re-entering into the program of study, will be placed under the same satisfactory progress status prevailing at the time of the prior withdrawal.

STUDENTS RIGHT TO CANCEL

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

The notice of cancellation shall be in writing and submitted directly to the Financial Aid Office, a withdrawal may be initiated by the student's written notice or by the institution due to student's academics or conduct, including, but not necessarily limited to, a student's lack of attendance.

Cancellations, Withdrawals, and Refunds CEC 94919. Institution Participating in Federal Student Financial Aid Programs

- (a) An institution that participates in the federal student financial aid programs complies with this article by complying with applicable regulations of the federal student financial aid programs under Title IV of the federal Higher Education Act of 1965.
- (b) The institution shall advise each student that a notice of cancellation shall be in writing, and that a withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.
- (c) The institution shall also provide a pro rata refund of nonfederal student financial aid program moneys paid for institutional charges to **students who have completed 60 percent or less of the period of attendance.**
- (d) Institutions shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.

REFUND POLICY:

After the cancellation period, the institution provides a pro rata refund of **ALL** funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more than 60 percent of the period of attendance has elapsed (**including absences**), there will be no refund to the student. If the student has received federal student financial aid funds, the student may be entitled to a refund of monies not paid from federal student financial aid program funds. This policy applies to all terminations for any reason, by either party, including student decision, course or program cancellation or school closure.

A registration fee of **\$100.00 is a non-refundable item.** Equipment, books, supplies, tools, uniforms, kits and other items **issued and received by the student** would not be returnable.

Once received by the student it will belong to the student and will represent a liability to the student.

If the calculation shows that the student owes funds to the loan programs, the repayment of those funds will be in accordance to the terms on the promissory note of the respective loans.

If you cancel the agreement, the school will refund any money that you paid, less any deduction for registration fee and equipment received. If you withdraw from school after the cancellation period, the refund policy described above will apply. If the amount that you have paid is more than the amount that you owe for the time you attended, then a refund will be made within 45 days of the official withdrawal date. See Refunds section below. If the amount that you owe is more than the amount that you have already paid, then you will have to arrange with the institution to pay the balance. Official withdrawal date is on the student's notification or school's determination.

Determination of withdrawal from school: The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

The date you notify the Financial Aid Office of your intent to withdraw. Only the Financial Aid Office would be authorized to accept a notification of your intent to withdraw.
The date the school terminates your enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
The date you fail to attend classes for a two-week period and fail to inform the school that you are not withdrawing.
The date you failed to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from a LOA.

RETURN OF TITLE IV: Special note to students receiving Unsubsidized/Subsidized/PLUS/, Pell/SEOG grants or other aid, if you withdraw from school prior to the completion of the equivalent to **60 percent** of the workload in any given payment period, a calculation using the percentage completed will be applied to the funds received or that could have been received that will determine the amount of aid the student earned. Unearned funds would be returned to the program in the order stated below by the school and/or the student. Student liability to loan funds will continue to be paid in accordance to the original promissory note terms. Funds owed by the student to the Grant programs are limited to 50% of the gross award per program received. Sample Calculation, completion of 25% of the payment period or enrollment period earns only 25% of the aid disbursed or that could have been disbursed. If applicable, this would be the first calculation to determine the amount of aid that the student would be eligible for from the Title IV Financial Aid programs. A second calculation would take place to determine the amount earned by the institution during the period of enrollment. If the student is eligible for a guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur: (1) The federal or state government or a loan guarantee agency may take action against the student, including garnishing any income tax refund to which the person is entitled, to reduce the balance owed on the loan. (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
