Education at Neihulé Academy: Important Academic Rules and Information Satisfactory Academic Progress Policy (SAP)

Standards: Neihulé Academy expects all students to maintain Satisfactory Academic Progress (SAP). Each student enrolled at Neihulé Academy must:

1. Maintain a cumulative academic GPA of 'C' (76%) or better at the end of each evaluation period, per the grading scale below. Practical assessments and theory tests grades are combined to produce a combined GPA reflecting the qualitative element of the SAP policy.

Grade Level

76-100% Satisfactory

0-75% Unsatisfactory

2. Maintain a cumulative average attendance level of at least two-thirds (70%) of the scheduled hours indicated on the student's enrollment contract at the end of each evaluation period reflecting the quantitative element of the SAP policy. This ensures that there will be completion of the student's program within 150% of the scheduled course length, which is the maximum time frame in which a

student must complete the course.

3. Students meeting the minimum requirements for attendance and academic progress at any evaluation point will be considered to be making Satisfactory Academic Progress until the next evaluation period.

Evaluation Periods: Satisfactory Academic Progress will be assessed at the following benchmarks of actual attended hours:

Cosmetology 1600 Hours	Esthetician 600 Hours	Manicuring 400 Hours
450 Hours	300 Hours	200 Hours
900 Hours	600 Hours	400 Hours

Massage Therapy 550 Hours

250 Hours

550 Hours

Microblading Course 40 Hours

40 Hours

Determination of Progress Status: Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students determined to not be maintaining Satisfactory Academic Progress may be placed on "probation" until Students receive a hard copy of their Satisfactory Progress Determination at the time of each of the evaluation periods.

Probation: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making Satisfactory Academic Progress during the probationary period, If the student appeals the decision, AND prevails upon appeal.

Appeals can only be granted if:

1. The student has the ability to meet the Satisfactory Academic Progress Policy standards by the end of the next evaluation period

OR

2. The Academy has developed an academic plan for the student that, if followed, will ensure that the student is able to meet the Satisfactory Academic Progress standards by the end of the next evaluation period.

^{*}Transfer or Re-enrolled Students - Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Interruptions, Course incompletes, Withdrawals: If enrollment is temporarily interrupted for a Leave of Absence (LOA), the student will return to school in the same progress status as prior to the Leave of Absence. Hours elapsed during a Leave of Absence will extend the student's contract period and maximum time frame by the same number of days taken in the Leave of Absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same Satisfactory Academic Progress status as at the time of withdrawal.

Course incompletes, Repetition and Noncredit Remedial Courses: Course incompletes, repetition and noncredit remedial courses do not apply to this Academy. Therefore, these items have no effect upon the Academy's Satisfactory Academic Progress standards.

Transfer Hours: With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the Academy, therefore if a student withdraws from one clock hour program and enrolls in another clock hour program, SAP is based on the actual contracted hours of the specific program. There are no degreed programs with declared majors at this Academy. Licensing Requirements The California Board of Barbering and Cosmetology requires that any person desiring to conduct business, as a Cosmetologist, Esthetician or Manicurist must first complete the state required curriculum at an approved school and second pass the state-licensing exam. Neihulé Academy programs are designed with two goals in mind. First, to provide students with the state required educational curriculum necessary to qualify to take and pass the license exam and second, to prepare our graduates to obtain employment in entry level positions in the beauty and wellness industry.

Student Attendance

When it comes to student success, attendance is the key. Regular attendance not only ensures that you graduate on time but also ensures that you acquire the knowledge and experience that you need to achieve your goals. Further, good attendance makes you eligible for special recognition and participation in extracurricular activities (e.g., The Academy Awards, MTV Awards, Emmy Awards, Espy Awards, Billboard music Awards and many more). Day and evening classes begin at specific, pre designated times based on your particular program. The Admissions Advisor or School Registrar will inform each student of their published class schedule. Our guidelines for student attendance are as follows:

- 1. Daily attendance is required for a good education. In the event that an absence is unavoidable, you are required to contact the academy prior to the scheduled class time unless you have made previous arrangements with your Instructor and Registrar. There is no such thing as an "excused absence".
 - You will only receive credit for hours if you are present and actively participating in class and clinic activities.
- 2. Satisfactory Academic Progress requires a student to maintain a minimum of 90%

attendance. Students having difficulty attending class are encouraged to immediately discuss their attendance issues with their Instructor, Registrar and/or School Director. A student with unsatisfactory progress due to excessive absences at specified evaluation points will be placed on probation. Failure to maintain Satisfactory Academic Progress at the next evaluation point may result in enrollment termination. (Please refer to the Satisfactory Academic Progress policy in the Catalog.)

- 3. However, if you are too ill to take an active part in academy learning activities or cannot actively participate in all aspects of applied effort, we request that you not attend class until you are well.
- 4. Any student absent for fourteen (14) consecutive calendar days without a written and approved Leave of Absence will be terminated from their program.

Tardiness and Clock-In

Tardiness disrupts the learning environment for everyone. It is your obligation as a student and a condition of your enrollment to exercise the habit of being "on-time" for class and appointments. Please be aware that class will begin whether you are there or not. If you clock-in 15 minutes after your scheduled start time, you will be marked as tardy. If you are tardy, your clock hours will be rounded to the nearest quarter hour. Forgetting or neglecting to clock-in on time is not an excuse and may result in disciplinary action. Tardy students may or may not be allowed into Technical Instruction at the discretion of the School Director. If you are going to be late, you need to contact the school staff. If the School Director allows it, when you arrive you must enter the class as quietly and discretely as possible so you do not disturb the Instructor or your fellow students. Sit in the back of the room and do not go to your station until the end of Technical Instruction or as directed by your Instructor.

WARNING, ACADEMIC PROBATION, TERMINATION STATUSES:

Students who fail to meet requirements on any level will be given a written WARNING notice stating that they have one pay period to meet the requirements for satisfactory academic progress. During this timeframe the student will be considered as making satisfactory academic progress, and financial aid funds can be dispersed to eligible students. If the student does not make satisfactory academic progress at the end of the WARNING period, s/he may be placed on ACADEMIC PROBATION status for the next evaluation period only after the following conditions are met:

The student prevails upon appeal; and The institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period;

Or The institution develops an academic plan for the student that, if followed will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum timeframe established for the individual student.

ACADEMIC APPEAL PROCEDURE:

Only if the institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period following a WARNING status, may the student submit an academic appeal. A student may appeal a determination of unsatisfactory progress by submitting a written appeal to the School Director. The decision of the Director shall be final. Special consideration will be made for mitigating circumstances (that is, illness, death in the family, etc.). The student must include in the appeal why the student failed to make satisfactory academic progress and what has changed in the student's situation that will allow the student to demonstrate satisfactory academic progress at the end of the next evaluation. All appeals and results are kept in the student file. After a successful academic appeal, the student will be placed on ACADEMIC PROBATION for the following payment period.

Regaining satisfactory academic progress may require the student to do the following:

Theory - Turn in missing theory assignments (example outlines) and schedule to take missed or failed exams. If an assignment is missed, the instructor will assign an outline on subject.

Practical - Printed practical assignments will be issued to students. Evaluations are done by practical evaluations of each step and students oral answers to each step on printed assignments.

Attendance - Students must bring their attendance up to 87% of the required attendance prior to the next pay period. At the end of the warning period, the student's progress will be re-evaluated.

Standards for Student Achievement

Student Progress

Your progress towards achieving your career success is measured by your attitude, attendance, and your classroom academic and practical achievements. Your School Catalog has specific details about student grades and maintaining Satisfactory Academic Progress.

There are benefits to maintaining good student grades and Satisfactory Academic Progress.

A student becomes eligible in certain states to apply to take the state board-licensing exam when they have reached 60% completion of their program of study. This process is called preapplication, and it will accelerate the scheduling of the date of your state-licensing exam after your graduation from your program of study. Please see your School Registrar for additional details that may be applicable for your program of study.

When you get close to the 60% completion rate, make sure to see your School Registrar for assistance in completing the pre-application process.

Academic Achievement

Academic Achievement includes your grades for Technical Instruction (written and practical theory tests and assignments) and Practical Training (working on the clinic floor). Our programs were developed to support different learning styles and incorporate lessons, demonstrations, media and activities to enhance the learning process. If you have any questions regarding daily lessons, please talk with your Instructor or School Director.

It is critical that you come to school prepared for your daily lessons and assignments. Make sure you bring the books and equipment you need to perform your Technical Instruction and Practical Training assignments. Students who do not come prepared with the books and materials they need to fully participate in that day's lessons may be required to clock out until they return with the necessary books and equipment.

It is necessary to complete all the Technical Instruction and Practical Training components of the program in which you are enrolled. If your attendance affects completion of these requirements as scheduled, it will be necessary for you to make up the practical and technical operations missed in order to meet the state board minimum requirements. This may or may not cause you to attend additional instructional hours.

Background Checks

1. California Board of Barbering and Cosmetology: The application for examination by the Board requires an applicant to disclose background information relating to any conviction or plea of no contest to any violation of any law of the United States, in any state, local jurisdiction or any foreign country in order to determine a student's eligibility to take the licensing exam. Individuals who have been convicted of a crime can still apply to take the examination. The Board will request documents relating to a conviction to be included with the application for examination. These are reviewed and evaluated by the Board on a case-by-case basis.

It is the student's responsibility to determine if any past criminal convictions will prevent them from obtaining the required state Board license or any local license. For more information, about these requirements, an individual should contact the appropriate agency as follows:

Board of Barbering and Cosmetology P. O. Box 944226

Sacramento, CA 94244-2260 Phone: (800) 952-5210

Fax: (916) 575-7281 www.barbercosmo.ca.gov

Student Clinic Success

As a student, you will get practical hands-on training providing services for real people in the student clinic. This will help prepare you for the demands of the workplace once you graduate and become a licensed professional. Student success is dependent not only on their technical skill level, but also to a large degree on their customer service/business skills. In order to be successful in their chosen occupation, students are expected to bring their own guests to the student clinic to receive clinic services. This expectation is a part of the Neihulé Academy Method, which strives to develop a student's customer service and business skills while in school so that, upon graduation and starting their first job, the graduate will have developed the customer service tools and experiences necessary to build a loyal client base. Developing on-site customer service and business skills in the environment of the Neihulé Academy student clinic is part of what Neihulé Academy defines as student "Practical Training". Practical Training includes students working on models, clinic guests, and training assignments on mannequin heads.

A student's success is dependent upon their ability to use the job-critical skills learned at Neihulé Academy, including attendance, punctuality, professional image, and attitude, the ability to attract and retain clients, service productivity, and retail sales promotion.

STATE LICENSING DISCLAIMER

The state may refuse to grant a license if a student has been convicted of a crime; committed any act involving dishonesty, fraud, or deceit; or committed any act that, if committed by a licentiate of the business or profession in question, would be grounds for the Board of Barbering and Cosmetology

to deny licensure. The Board of Barbering and Cosmetology denies licensure on the grounds that the applicant knowingly made a false statement of fact required to be revealed in the application for such license. Students who are not U.S. citizens or who do not have documented authority to work in the United States will not be eligible to apply to take the state licensure examination . Neihulé Academy of Beauty is not responsible for students denied licensure.

Physical, Health and Safety

Prospective students should be aware of the physical demands required of a beauty and wellness industry professional. Occupations in the beauty and wellness industry generally require continued standing or sitting and constant use of the upper torso, shoulders, arms, wrist and hands, upper back and neck. Certain individuals may have allergies or sensitivities to the typical chemical products used in beauty and wellness occupations.

A student must be physically capable of performing all required activities conducted at the Academy and complying with all safety policies and procedures.

Notice to Students Who May Be Pregnant:

WARNING: Exposure to chemicals used in the cosmetology industry may cause cancer and birth defects or other reproductive harm to you and your unborn child. In addition, the physical demands required by the school curriculum could place unwanted stress on the mother and child during pregnancy. Please consider this and consult with your physician regarding these issues prior to enrolling and signing the enrollment agreement.

Potential Earnings

As with any career, the amount of income one can earn in the beauty and wellness industry is directly related to the amount effort one applies to their career. Minimum efforts most likely will result in minimum earnings, while maximum efforts can lead to much higher levels of compensation. One's ability to earn income in the beauty and wellness industry is very dependent upon one's ability to communicate, present one self professionally, develop great people skills, and maintain a positive attitude. The Neihulé Academy curriculum is designed to teach students these skills to help them obtain an entry-level position upon graduation and licensing, but the effort students put forth to learn these skills is solely up to them. In addition to the above earning considerations, earnings levels can depend on work location, tipping habits, competition, the discretion of your employer and/or the position held. Accordingly, since earnings are dependent on the efforts of the individual and other factors, Neihulé Academy does not make any express or implied claim about the salary or wages that you may earn after completing your designated educational program.

Wage and salary data for particular career occupations is available from the US Department Labor at its Bureau of Labor Statistics, which provides wage data by area and occupation at http://www.bls.gov/bls/blswage.htm

Grading System and Evaluations

Regardless of which Neihulé Academy program you choose, your academic progress will be measured according to the grading system below.

Theory: Theory or Technical Instruction is the instruction students receive through demonstration, lecture, classroom participation and examination. Theory work will be graded as follows:

Grade Level
76-100% Satisfactory
0-75% Unsatisfactory

Practical Training: Practical Training or Practical Operations are the projects, practical operations

and services students perform on another person (client or another student) or on a mannequin. Practical Training work will be graded as follows:

Grade Level
76-100% Satisfactory
0-75% Unsatisfactory

Attendance: Students must attend a minimum of 90% of their scheduled hours in order to maintain Satisfactory Academic Progress (SAP).

Graduation Requirements for all the programs we offer

In order to graduate, each student must maintain a minimum grade of 76% in Theory tests and 76% in Practical Assessment evaluations, as well as completing the minimum technical hours and practical operations as mandated by the Board of Barbering and Cosmetology. Neihulé Academy students receive a diploma for their program of study once they have completed their program's required clock hours, practical operations and technical hours, and provided they have passed all Theory exams and Practical Training assessments with satisfactory grades or higher. Please refer to individual program listings for any program specific graduation requirements All financial obligations with Neihulé Academy of Beauty must be met prior to the release of final documents.

Sexual Harassment, Assault and Violence Policy Grievance Procedure

Equal Educational Opportunity

Neihulé Academy is committed to providing an educational climate that is conducive to the personal and professional development of each individual. Students should be aware that discrimination and/or other harassment within the Neihulé community based on the age, color, ethnic background, disability, family status, gender, national origin, race, religion, sex, sexual orientation, or veteran status is unacceptable. To fulfill its educational mission, Neihulé Academy designates the Director of Compliance "Academy Director" as its designated representative to coordinate its Equal Employment Opportunity/Affirmative Action efforts.

Students who feel that they have been harassed or discriminated against or who feel that Neihulé Academy has not adequately fulfilled its obligations under the provisions of the ADA should follow the Grievance Procedures stated below. For grievances other than those related to harassment and discrimination policy, please follow the procedure outlined in this Student Handbook for student complaints under Notice of Student Rights.

Sexual Harassment and Sexual Violence

Neihulé Academy will provide an educational, employment and business environment free of sexual harassment. Sexual harassment and acts of sexual violence are forms of sex or gender discrimination and are not tolerated by Neihulé Academy. Any student who feels that he or she is the victim of sexual harassment including sexual violence has the right to seek redress of the grievance. Neihulé Academy provides procedures for reviewing and resolving such complaints through this Grievance Procedure.

Substantiated accusations may result in disciplinary action against the offender, up to and including termination of the employee's employment or the student's enrollment In addition, complainants who make accusations of sexual harassment in bad faith may be subject to equivalent disciplinary action.

<u>Definition</u>

Sexual harassment is defined as unwelcome advances, requests for sexual favors, other verbal or physical sexual conduct, or any other offensive unequal treatment of an employee, student, or group of employees or students that would not occur except for their sex when:

1. The advances, requests or conduct have the effect of interfering with performance of duties or studies or creating an intimidating, hostile, or otherwise offensive work or academic environment.

- 2. Submission to such advances, requests or conduct is explicitly or implicitly a term or condition of an individual's employment or academic achievement or advancement.
- 3. Submission to or rejection of such advances, requests or conduct is used as a basis for employment or academic decisions. Sexual violence means physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent. A number of acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, and sexual coercion. Further, alleged sexual violence against another may also constitute a crime resulting in an additional, independent law enforcement investigation falling outside of this Grievance Policy.

Filing a Complaint

In order to ensure availability of witnesses and fresh memories of the alleged discriminatory event, all grievances covered by these procedures must be filed within 45 days of the date of the alleged discriminatory conduct. Neihulé Academy may extend this time frame when a delay is due to circumstances beyond the student's control, e.g., illness or incapacity. Any student or group of students alleging that an act of sexual harassment or violence has taken place has the right to seek redress of the grievance.

While informal resolution of the conflict is always open to the aggrieved party, an attempt at informal resolution is not a prerequisite to filing a formal grievance. If the complainant requests confidentiality or asks that the complaint not be pursued, Neihulé Academy will nevertheless take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or request not to pursue investigation. If a complainant insists that her or his name or other identifiable information not be disclosed to the alleged perpetrator, Neihulé Academy officials will inform the complainant that its ability to respond may be limited.

As an initial matter, all grievances shall be reviewed to determine whether they are submitted within a timely manner and/or whether they contain all required information. Neihulé Academy shall not review a grievance that is untimely or fails to contain all required information, including a clear statement of all grounds for the grievance.

Record of Complaint

All proceedings and records concerning sexual harassment complaints shall be confidential to the extent permitted by law. Memoranda describing any formal reprimand or disciplinary action that the student receives for violating Neihulé Academy's sexual harassment policy will be placed in the student's permanent academic file. No student will be subjected to retaliation by members of the student community as a result of filing a good-faith grievance for sexual harassment.

Grievance Procedure

Any student who has a grievance concerning the interpretation, application or claimed violation of her or his rights as a Neihulé Academy student or feels she or he has been discriminated against or harassed on the basis of age, color, disability, family status, gender, national origin, race, religion, veteran status, sex or sexual orientation, including sexual harassment and violence, has the

opportunity to seek resolution of such grievance. Any student alleging that an act of harassment or discrimination has occurred or that her or his rights as a Neihulé Academy student have been violated has the right to seek redress of her or his grievance. This may take place informally, through the mediation of designated officials of Neihulé Academy, or formally, through an established grievance procedure.

Informal Resolution

A student who feels she or he is a victim of harassment or discrimination or that her or his rights as a student have been violated pursuant to this Policy may attempt to resolve the matter informally by bringing a complaint to the Executive Director of Compliance "Academy Director" Upon receipt of a complaint, the Academy Director has the following responsibilities:

- 1. Inform the complainant of her or his formal recourse, should that be necessary (see Formal Resolution described below).
- 2. Inform the complainant that informal mediation will not be used to resolve sexual violence complaints.
- 3. Inform the complainant of their right to file a separate criminal complaint for allegations relating to sexual violence.
- 4. Undertake, with permission of the complainant, to resolve the conflict informally by informing the individual alleged to have caused the grievance that the complaint has been filed; seek to find out the facts; and, if both parties desire it, arrange a meeting to try to resolve the differences. All individuals who are involved in an investigation as the accused, accuser or witness have a duty to keep all information confidential to the extent permitted by law. Persons who violate the confidentiality rights of other individuals may be subject to disciplinary action. At all times during this procedure, the Academy Director must keep all information completely confidential, and the name of the complainant should not be revealed to the individual alleged to have caused the grievance except with the complainant's permission. In addition, written records, if taken, shall be submitted to the Academy Director. In the event that an attempt at informal resolution of the problem is unsuccessful, or if the complainant deems that informal resolution is undesirable, the Academy Director will stop the informal resolution process and assist the complainant in filing of a formal complaint.

Formal Resolution

In the event that a student wishes to lodge a formal complaint against another student or employee of Neihulé Academy the student will address the complaint to:

- 1. The Director of Compliance, "Academy Director" if the individual alleged to have caused the grievance is another student.
- 2. The Academy Director" in the case of discrimination or harassment, if the individual alleged to have caused the grievance is a faculty or non-faculty employee. A formal complaint will be made in writing by the complainant, addressed to the above-mentioned Neihulé Academy officials, stating in detail the nature of the complaint, any relevant dates, and the names of any potential witnesses.

In a situation deemed to be an emergency by the Director of Compliance "Academy Director", the individual alleged to have caused the grievance or complaint may be temporarily transferred pending the outcome of the case.

The officials receiving the complaint will initiate an investigation within two weeks to determine whether there is a reasonable basis for taking action. The Neihulé Academy officials need not wait for the conclusion of a criminal investigation or criminal proceeding to begin their own investigation and, if needed, may take immediate steps to protect the student in the educational setting. At a minimum, this investigation will consist of interviewing the complainant, the individual alleged to have caused the grievance, and any witnesses to the conflict. Within 30 days, the responsible Neihulé Academy official, as appropriate, must file a written report with the Academy Director for one of three actions:

- 1. Conclude the complaint is without merit and that no further action is warranted.
- 2. Attempt to bring about a negotiated resolution.
- 3. Recommend to the Academy Director to conduct a formal grievance hearing to evaluate possible action against the individual alleged to have caused the grievance. Either party, the complainant or the individual alleged to have caused the grievance, may request in writing within 5 days after notification by Neihulé Academy, a formal hearing if dissatisfied with the conclusion.

<u>Hearing</u>

A Grievance Committee composed of two senior level management personnel appointed by the CEO of Neihule Academy will be convened to hear the Executive Director of Compliance's "Academy Director" recommendations and testimony from the complainant, the individual alleged to have caused the grievance and any relevant witnesses from both parties and any other relevant evidence. Both the complainant and the alleged perpetrator will be afforded similar and timely access to any information that will be used at the hearing. No party may have their lawyer present at any stage of the proceedings before the Grievance Committee. The Committee will decide whether:

- 1. The complaint is without merit and that no further action is warranted.
- 2. Some remedial action is necessary.
- 3. Determine the scope and timing of any proposed disciplinary action against the alleged student or employee. The determination of the merits of the complaint by the Grievance Committee will be final.

Penalties

In the case of any formal proceedings against either a student accused of violating this Policy or an employee brought before a Grievance Committee proceeding, the penalties shall be as proposed by the Grievance Committee and approved by the President.

Complaint Record and Notice of Outcome

All proceedings and records will be confidential to the extent permitted by law. However, both

parties will be notified, in writing, concurrently about the outcome of the complaint by the Grievance Committee. If the alleged victim is deceased as a result of the crime or offense, the information shall be provided upon request to the next of kin of the alleged victim. Memoranda describing a reprimand will be placed into the files of any student or employee in the event disciplinary action is taken against one of the parties. No student will be subjected to any retaliation or involuntary reassignment as a result of filing a good-faith grievance for harassment and discrimination. At the request of the individual alleged to have caused the grievance, a memorandum recognizing a finding of non-harassment or nondiscrimination will be placed into the file of the student or employee.
