Refund

An institution shall refund any credit balance on the student's account within 45 days after the date of the student's completion of, or withdrawal from, the educational program in which the student was enrolled.

Amount student owed = (Program Tuition ÷ number of days in the program) x number of days the student attended the program

Total of amount refund = (Amount student paid - Amount Student owed - Registration fees)

However, if a student paid tuition through monthly installments, tuition is nonrefundable if he/she already had attended at least one of the classes for the correlating month(s). However, monthly tuition payments may be stopped for the following months the student withdraws from class.

The student is obligated to pay only for the educational services rendered any unreturned supplies or equipment (if any) as well as the registration fee. If a student completes over 60% of the scheduled attendance at the time the student is withdrawing, a refund will not be processed.
