The other copy will be stored in the school student's file. *

Transfer or Re-enrollment Students - Midpoint of the contracted hour or the established evaluated periods, whichever comes first.

Determination of Progress Status: Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making Satisfactory Academic Progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Progress Determination at the time of each of the evaluation periods if requested by the student.

Warning Period: Students attending School during the "warning" period are still deemed to be in Satisfactory Academic Progress these are students who are not considered meeting minimum standards for satisfactory academic progress. If at the end of the warning period, the student has not met both the attendance and academic requirements, the student is deemed to be "unsatisfactory" for the next evaluation period.

Probation: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory Academic Progress during the probationary period. IF the student appeals the decision AND prevails upon appeal.

Appeals can only be granted if:

1. The student has the ability to meet the Satisfactory Academic Progress Policy standards by the end of the next evaluation period

OR

The student will be advised in writing of the actions required to attain Satisfactory Academic Progress by the end of the next evaluation period. If a student meets the minimum attendance requirements by the end of the probationary period, satisfactory progress has been re-established and Title IV funds will be disbursed for the next payment period.

If, at the end of the probationary period, the student has still not met both the attendance and academic requirements for Satisfactory Academic Progress or by the academic plan, then, he/she will be determined as NOT making Satisfactory Academic Progress and if applicable, students will not be deemed eligible to receive Title IV funds. Students who are not eligible to receive Title IV funds must pay cash going forward and bring their account balance current in order to remain enrolled in their program or the student will withdraw from school.

If the student prevails upon appeal, the Satisfactory Academic Progress determination will be reversed, the student will be placed on "Probation" Status and federal financial aid will be reinstated as applicable.

Re-establishment of Satisfactory Academic Progress. Students may re-establish Satisfactory Academic Progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period. The school will notify the student of evaluations that would impact their Title IV funding.

Interruptions, Course Incompletes, Withdrawals: If enrollment is temporarily interrupted the student will return to school in the same progress status as prior to the interruption. Hours elapsed during the interruption will extend the student's contract period and maximum time frame by the same number of days taken out and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the program and wish to re-enroll will return in the same Satisfactory Academic Progress as at the time of withdrawal.

Course Incompleteness, Repetition and Noncredit Remedial Courses: Courses incomplete, repetition and noncredit remedial courses do not apply to this institution. Therefore these items have no effect upon the School Satisfactory Academic Progress Standards.

Transfer Hours: With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. The “formal cancellation date” will be determined by the postmark or written notification, the date said notification is delivered to the school administrator, owner or in person. This notice need not take any particular form, and however expressed, is effective if it states that the student no longer wishes to be bound by the Agreement. If you cancel this agreement, School will refund any money that you paid within 30 days after your notice is received. If the school has given you any equipment, you shall return it to the school within 30 days following the date of your notice of cancellation. Should the number of scheduled hours during the student’s enrollment in the Program exceed sixty percent (60%) of the total hours in the Program, the institution shall have earned and will retain 100 percent of the institutional charges assessed to the student, as explained on the Enrollment

Agreement. All refunds are based on student’s scheduled hours.
