STUDENT CLOCK HOUR POLICY

The State Board of Barbering and Cosmetology will only recognize time – clock punched hours of attendance, as a result of this requirement this school can only give clock hour credit to students who record their attendance by using the time clock to punch in and out at the start and end of their class day and lunch period.

You will be given up to eight (8) minutes to clock in and receive credit for the quarter (1:4) hour. This eight minute period applies to starting of the class day. A thirty minute lunch break shall be taken when a student attends a (6) six hour class day or more. If you are attending less than a (6) six hour class day and desire to take a lunch break (30 minutes), then a half hour must be deducted from your daily total and you must clock in/out on your time card for the lunch break. Once theory classes have been started no one will be allowed to enter the theory classroom.

STUDENT OPERATIONS CARD POLICY

Each student is required to complete a minimum number of technical and practical hours as mandated by the California Board of Barbering and Cosmetology. Students must maintain and record all technical and practical work completed on their operations card. Each operation is certified completed by an instructor. At the completion of the day, your operation card is prepared from the current weekly operation card. The daily operations earned are added to the totals in the prior column and final totals transferred to the cumulative column. These cumulative figures are then entered in the prior column on the weekly operations card. The operations card must be signed by the students and the instructor daily.

Operations cards reflect the students' daily and weekly record of technical and practical operations. It is important that all of your operations are recorded properly and accurately. The Academy officials must be able to read your operations card so that the operations

are transferred correctly to the roster. Only black ink pen may be used on student's operations card. No other color ink neither white out may be used.

The operations cards are the property of the school and must remain in the school at all times. After clocking in you are required to maintain applied effort, maintain personal grooming, remain inside the Academy, refrain from reading material not related to your training and activity not related to your training is not tolerated. If this occurs you will be asked to stop such activity or to punch out for the remainder of the day. Continued activities of this nature could result in your termination from the Academy.

OPERATIONS CARD CREDIT

The following is a guideline for the instructor to issue credits:

1. Each Theory must be initialed in the proper category. If that category is complete, the instructor may issue credit in a comparative category.
2. The portion of the operations card reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated.
3. The portions of the operations card concerning practical operations are to be applied efforts of the students as they manually perform practical subjects.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

Standards: This institution expects its regular students to maintain Satisfactory Academic Progress (SAP). The Satisfactory Academic Policy is consistently applied to all students enrolled in the Academy. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. In order to maintain SAP as established by this institution under the guidelines of the United States Department of Education and the National Accrediting Commission of Career Arts and Sciences (NACCAS) , all students enrolled in all programs and schedules must:

1. Qualitative - Maintain a cumulative academic average of "C" or better on all theory classes/tests and practical grades obtained on hands-on practical exams, and other required course work at the end of each of the evaluation period. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the practical operation is reflected as completed 100% of the requirement). If the performance does not meet satisfactory requirements/completion, it is not counted and the performance must be repeated. Students will complete a comprehensive practical Mock Board exam at the end of each evaluation period. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by the school. Students must make up failed or missed tests and incomplete assignments.
2. Quantitative - Maintain a cumulative average attendance level (pace rate) of at least two-thirds (2/3 or 67%). Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of the evaluation period, the Academy will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum timeframe allowed.
3. Maximum time frame - Complete the course within a maximum time frame of one and one – half (1 ½) times the length of the course as stated in the enrollment agreement. For example: if the student has contracted to complete the course within 44 weeks (including grace time for absences), he or she must complete them within 66 weeks.
4. Meeting SAP requirements - Students must meet both of the minimum requirements for pace rate (attendance) **and** academic grades at any evaluation point to be considered making Satisfactory Progress until the next evaluation period.

Evaluation Periods: Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Student receiving aid from Title IV Aid Programs must be in compliance with the Satisfactory Academic Progress Policy at the end of each evaluation period of the course. An evaluation period is at least half of the academic year in instructional weeks or clock hours, semester credits, trimester credits or quarter credits. Both instructional weeks must have elapsed and credit/clock hours must have been completed in order for the payment period to be considered completed. All students are evaluated at the following periods:

Course	1st Evaluation	2nd Evaluation	3rd Evaluation	4th Evaluation
Requirements	Actual Hours	Actual Hours	Actual Hours	Actual Hours
Cosmetology	450	900	1250	1600

*Transfer Students – Midpoint of the contracted hours or the established evaluation periods, whichever comes first.

GRADING SYSTEM

Students are evaluated on a regular basis on theory, practical, and clinical work. The evaluations are measured on a standard percentile basis and the percentage equated to a letter grade. Evaluation forms are issued to the students at the end of the evaluation period. This evaluation form reflects the overall attendance and academic progress of the student. Students with accepted transfer hours from another institution will be counted as both attempted and earned hours for the purpose of determining the allowable maximum time frame has been exhausted. SAP evaluations are based on actual contracted hours at the institution. Students must maintain a “C” (75%) average to maintain satisfactory academic status.

The system detailed below is utilized in the Academy:

Academic & Practical Grading

100%-90%	A (Excellent)
89%-80%	B (Above Average)
79%-75%	C (Average)
74%-60%	D (Below Average)
Below 60%	F (Fail)

Academic Progress: Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next evaluation. Students are advised of their Satisfactory Academic Progress determination at the time of each evaluation in their Student Evaluation Report Card. Students sign in acknowledgment of their academic progress and estimated additional training time (overtime) charges. The Student Evaluation Report Card is maintained in the administrative office. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. Students receiving Title IV Aid Programs will be eligible for financial aid funds for one subsequent evaluation period.

Warning: Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period will be placed on warning and considered to be making satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, the student may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation: Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for Satisfactory Academic Progress or by the academic plan, the student will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

Re-Establishment of Satisfactory Academic Progress: Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals: If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student’s contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student’s cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Course incompletes, repetitions and non – credit remedial courses are not applicable to this institution’s form of instruction. Therefore, these items have no effect upon the school’s satisfactory academic progress standards.

Appeal Procedures: If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the Academy on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student’s situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

LEAVE of ABSENCE

Occasionally, students may experience extended personal, medical, or other problems which make it difficult to attend class. The institution may allow a student under such circumstances to take a Leave of Absence (LOA) from the program up to 180 days in any 12-month period. A longer six months leave request must be accompanied by a doctor's statement stating the reason and anticipated period of absence. Leave of Absence must be requested in writing by the student, include the reason for the student request, and include the student's signature. The Academy must have a reasonable expectation that the student will return from the LOA based on the circumstances of the request. If in the case of unforeseen circumstances prevents the student from requesting an LOA in advance, the student must provide supporting medical documentation (ex. car accident) to the Academy and the LOA request form will be filled out at the time of return. The date of leave will be taken from the date when the student was unable to attend because of the accident (as documented by doctor). The date of leave (last day of attendance) and date of return must be stated on the form prior to the Director approving the Leave of Absence. Do not request a Leave of Absence unless you absolutely need one. Under no circumstances can the school grant more than a single Leave of Absence within a 12 month period. Students on a Leave of Absence will not be assessed any additional tuition charges. A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at this time. Students returning from an authorized Leave of Absence will retain all credit for clock hours and work projects completed. The student will be returned to the academic progress standing they held prior to the start of the leave. It is the responsibility of the student to meet with the instructor to get missed assignments during the absence or upon return. In addition, the students' original scheduled completion date will be extended the same number of days taken in the LOA. An addendum to the enrollment agreement will be signed and dated by all parties. Students who fail to return from a Leave of Absence will be considered withdrawn. The withdrawal date for the purpose of calculating a refund is always student's last day of attendance. The refund calculation will be performed and all refunds due will be issued to the student or appropriate agencies within 45 days.

ATTENDANCE STATUS

Full time students are required to be enrolled to attend a minimum of 24 hours per week. Half time enrollment requires a minimum of 20 hours per week. Part time enrollment is defined as more than 20 but less than 24 hours per week. Less than 20 hours per week is less than half time. A full-time student attending is expected to complete 900 clock hours in a period not less than 26 weeks. A part-time student or less than ½ time enrollment is calculated based on the student work load in a payment period. Students must attend a minimum of 67% of the cumulative scheduled hours to maintain satisfactory progress and complete the course within the time allowed.

TARDINESS

All students must report tardiness by 8:15 a.m. or 5:45 p.m. A student who is 'tardy' arrives at and after 8:39 a.m. or at or after 6:09 p.m. Student cannot stay and will be sent home. Method of Payment: Financial Aid available for those who qualify to cover educational expenses. Students who wish to pay their own way through school, will be assisted to develop a personal payment program tailored to their individual needs and financial capabilities. Students are expected to contribute from their own family resources toward the student's cost of attendance. Financial aid may be in the form of grants (no repayment required) or student loans (must be repaid). It is the policy of the academy to request from the student whenever possible, to contribute toward their school charges by making monthly or weekly installments in accordance to their means. It is also our policy to discourage students from borrowing loan funds unless is necessary. All estimates of available funds from financial aid will be first used to cover institutional charges; if funds are available, they will be disbursed directly to the student. For information on the aid programs, please contact the financial aid office. The entire educational expenses need to be included in planning the student's ability to meet those expenses. The Academy accepts cash, credit/debit, cashier check, and Title IV monies. All charges must be paid

in full before graduation. All institutional charges must be paid in full before credits/hours may be released. Unpaid credits will be retained by the institution until payment in full is complete. Full payment of all institutional charges is a graduation requirement. All tuition and fees are due on payable in advance unless other arrangements have been made prior to the commencement of class. THE ACADEMY RESERVES THE RIGHT TO CHANGE THE TUITION FEES AND MAKE SUBJECT CHANGES WITHOUT PRIOR NOTICE WHEN NECESSARY. SCHOLARSHIPS: At this time our Academy does not award any institutional scholarship incentives. Any change will not affect attending students.

IF YOU GET A STUDENT LOAN YOU ARE RESPONSIBLE FOR REPAYING THE LOAN AMOUNT (net amount stated on the first page of this agreement) PLUS ANY LOAN FEES AND INTEREST ACCRUED ON THE LOAN, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

STUDENT’S RIGHT TO CANCEL: The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session (**first day of classes**), or the seventh day after enrollment (**seven days from date when enrollment agreement was signed**), whichever is later.

The notice of cancellation shall be in writing and submitted directly to the Financial Aid Office, a withdrawal may be initiated by the student’s written notice or by the institution due to student’s academics or conduct, including, but not necessarily limited to, a student’s lack of attendance. If you cancel the agreement, the school will refund any money that you paid.

Refund Policy: After the cancellation period, the institution provides a pro rata refund of **ALL** funds paid for tuition charges to students who have completed 60 percent or less of the period of attendance. Once more than 60 percent of the enrollment period in the entire course has incurred (**including absences**), there will be no refund to the student.

A registration fee of \$ 75.00 **is a non-refundable item.** Equipment, books, supplies, tools, uniforms, kits and any other items **issued and received by the student** would not be returnable.

If you withdraw from school after the cancellation period, the refund policy will apply. If the amount that you have paid is more than the amount that you owe for the time you attended, then a refund will be made within 45 days of the official withdrawal date. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. See Refunds section below. If the amount that you owe is more than the amount that you have already paid, then you will have to arrange with the institution to pay that balance. Official withdrawal date is on the student’s notification or school’s determination.

Determination of withdrawal from school: The withdrawal date shall be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

The date you notify the Financial Aid Office of your intent to withdraw. Only the Financial Aid Office would be authorized to accept a notification of your intent to withdraw.
The date the school terminates your enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
The date you fail to attend classes for a two-week period and fail to inform the school that you are not withdrawing.
The date you failed to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from LOA.

Return of Title IV: Special note to students receiving Unsubsidized/Subsidized/PLUS/Perkins loans, ACG/National SMART/Pell/SEOG grants or other aid, if you withdraw from school prior to the completion of the equivalent to **60 percent** of the workload in any given payment period, a calculation using the percentage completed will be applied to the funds received or that could have been receive that will determine the amount of aid the student earned. Unearned funds would be returned to the program in the order stated below by the school and/or the student. Student liability to loan funds will continue to be paid in accordance to the original promissory note terms. Funds owed by the student to the Grant programs are limited to 50% of the gross award per program received. Sample Calculation, completion of 25% of the payment period or enrollment period earns only 25% of the aid disbursed or that could have been disbursed. If applicable, this would be the first calculation to determine the amount of aid that the student would be eligible for from the Title IV Financial Aid programs. A second calculation would take place to determine the amount earned by the institution during the period of enrollment. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur: (1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan. (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. FINANCIAL AID SECTION

Consumer Information: In an effort to assist students in making a more informed decision about enrolling, the academy provides the following document disclosures on paper and/or on website: California State School Performance Fact Sheet, Federal Disclosures (Net-price calculator, Right-to-know Act How are our students doing?, Gainful Employment, Admissions Disclosures, Crime Statistics Report and Procedures-Clery Act, Constitution & Citizenship Day (Sept. 17), Drug and Alcohol Abuse Policy, FERPA, textbook disclosure, GED classes availability, Copyright protection policy, and voting information (http://www.sos.ca.gov/elections/elections_vr.htm).

Financial Aid Mechanism: This is a mechanism that reduces out-of-pocket costs that the student and/or parent must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of college attendance. Financial aid includes grants and loans. Grants do not have to be repaid. Loans usually have low interest rates that a student must repay in accordance to the individual loan program terms. Most of the Federal Loan Programs can be arranged to require payment after a grace period of several months upon graduation, or upon the student's termination from the program or if a student's attendance falls below half time. Financial aid is awarded to students who have "need". Need is the difference between the amount of money that the family will be expected to contribute to meet student costs and the cost of education at this school.

Compliance Statement: The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify students' identities, to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from federal, state or private programs.

The U.S. Department of Education Title IV Student Financial Aid Programs: The academy is approved for, and does participate in the following USDE Title IV programs intended to defray the costs of attending for those students eligible for financial aid considerations:

Grant (Free) Aid (this aid does not have to be repaid): Federal Pell Grant Program (FPELL) - \$6,195 maximum annual limit for 2019 Award Year and \$6,195 for 2020 (Does Not require repayment). Federal Supplemental Educational Opportunity Grant Program (FSEOG)* – Funds are limited in nature; therefore, awards are based on availability of funds at the school. Maximum Annual Award given to school to distribute to students meeting eligibility requirements is \$4,000 (Does Not require repayment)

Loans to Student and/or Parent (this aid MUST be REPAYED! These Loans are NOT Discharged by Bankruptcy): Federal Direct Student Loan Program – Subsidized loans a need base loan (interest earned while in school and during grace period is covered by the USDE)**. As of July 1, 2012 borrowers without a loan balance will have Limited Eligibility of up to 150 % of published course length, this calculation would take into account loans received from prior institution attended.

Unsubsidized loans are no-need based (interest earned while in school and during grace period may be delayed until the repayment period and will be added to the loan balance)**.

Parent loans (PLUS) – interest due from parents as last disbursement on a loan is made. Students are encouraged to keep their loan debt as low as possible. These loans are aggressively collected by the USDE and its contractors. Interest liability on late payments is very expensive. Defaulting on a student loan is very damaging to credit history and future borrowing power. Loan levels are specifically designated to the course of study at this institution. For example, if the student attended two years at a community college, but it enrolls in a course that is one academic year long without any transfer hours, the correct student level will be 1 and not 3rd loan level. For more specific information on each program please refer to the student guides available at Student Guide http://studentaid.ed.gov/students/publications/student_guide/index.html, *Direct Loan Basics for Students*, and *Direct Loan Basics for Parents*.

() Funds are limited in nature; therefore awards are based on availability of funds at the school.*

Application for Aid, Procedures, and Forms:

Financial aid applications for this institution consist of the following:

Free Application for Federal Student Aid (FAFSA) this form needs to be completed as instructed on the form.

The FAFSA may be filed on paper and delivered to the school or the student and parents may go to FAFSA on the Web. Using FAFSA on the Web provides the student and/or parents the ability to use the IRS retrieval tool to obtain tax information from the IRS on completed taxes. Documentation to substantiate the data entered on the form may be required by the financial aid office. Forms and assistance in completing them are available at this school during school hours. In addition to the FAFSA, the institution requires a series of forms as they apply to the individual student aid program and to the student's individual family circumstances.

Federal Pell Grant Program: Funds received under this program are not subject to repayment from the student.

Deadline: FAFSA applications must be received by June 30 in the year on which the application is intended for.

SAR or ISIR must be submitted to the financial aid office by September 15, of the award year from which aid is requested from, or your last day of enrollment in 2014-2015, whichever comes first. A valid ISIR requires signatures of student, spouse and/or parents, when the ISIR has been corrected. Renewal Process: A FPELL Grant award is received for one award year (July 1 to June 30 of the following year), and is not automatically renewed for the next award year. Students must re-apply for the FPELL Grant and submit a copy of the new SAR or ISIR to the financial aid office for each award year.

Maximum Annual Award: \$6,195 for 2019, \$6,195 for 2020 (one academic year in two equal payment periods)

Maximum Lifetime Eligibility Used for Pell 600%- A student's maximum amount of Pell Eligibility is 6 scheduled awards, as measured by the percentage of "Lifetime Eligibility Used"(LEU) field in COD (one scheduled award equals 100% LEU)

Disbursement: They are made based on a per payment period via a check payable to the student or via a direct credit to the student's tuition account.

Federal Supplemental Educational Opportunity Grant (FSEOG)

Funds received under this program are not subject to repayment from the student.

Deadline: You may apply during the enrollment process, using the FAFSA form. The school will provide you a letter listing the amount and types of financial aid you will be awarded, including the FSEOG award.

Maximum Annual Award: \$4,000

Disbursement: Made based on per payment period via a check payable to the student or via a direct credit to the student's tuition account. Priority for FSEOG funds will be given to students eligible for Pell Grant. This institution has a year-round enrollment. Therefore, funds will be awarded in a manner that funds would be available to students enrolling throughout the entire year. If SEOG funds are still available, a second priority will be given to Non-Pell recipient students with the lowest Expected Family contributions enrolled during the last three months.

Federal William D. Ford Direct Loan Program

Funds received from either of the loan programs are subjected to repayment from the student.

Before a loan document is submitted to the USDE, students must be fully aware of the financial responsibilities under these loan programs, the rights that the student has under the individual loan program conditions, and the consequences of failing to meet the repayment obligations.

Federal Direct Subsidized Loan

Federal Direct Subsidized Loans are made directly to students from the U.S. Department of Education.

Subsidized loans are need based. Students may borrow up to the amount of the student's cost of attendance less other expected financial assistance (not to exceed annual loan limits).

The Federal Government pay interest subsidies while the student is enrolled or during periods of deferment.

Student would pay a combined origination/guaranty fee of a variable percentage but not to exceed 3% 20 rebated directly to the U.S. Department of Education. Students may receive both subsidized and

Unsubsidized loans provided the combined amount borrowed does not exceed applicable loan limits and that the student's eligibility for a subsidized Federal Stafford Loan be determined prior to determining eligibility for the Unsubsidized loan. The law also stipulates that borrowers may apply for both subsidized and unsubsidized loans using a single application and that such borrowers must be given a single repayment schedule.

Maximum Annual Award: First level \$3,500, Second level \$4,500, Third level \$5,500 (Max aggregate \$23,000).

These loans are subject to a maximum eligibility of up to 150% of the length of the program of study.

Previous loans obtained could affect the student 150% eligibility.

Federal Direct Stafford Unsubsidized Loan

These loans expand the ability of the U.S. Department of Education to make “Unsubsidized” Federal Stafford Loans to students. These loans carry many of the same terms and conditions associated with subsidized

Federal Stafford Loans with the following two exceptions:

(1) Unsubsidized loans are not need based. Students may borrow up to the amount of the student’s cost of attendance less other expected financial assistance (not to exceed annual loan limits).

(2) The Federal Government does not pay interest subsidies to the lender while the student is enrolled or during periods of deferment. Interest must be paid or capitalized, i.e., added to the principal.

Deadlines: Applications need to be submitted at least 30 days before the end of the loan period for which the loan has been requested. The student is responsible in locating his or her own lender that participates in the

Disbursement: Checks are issued to the school and credited to the student’s tuition account. It is the student’s responsibility to submit all required forms and documentation to the financial aid office before disbursement. For additional information, read the pamphlet "Direct loan Entrance Counseling Guide"

Determining Need: The information you report on the FAFSA form when you apply for aid, is used in a formula established by U.S. Congress that calculated your Expected Family Contribution.

The Academy utilizes the Free Application for Federal Student Aid (FAFSA) for students applying for aid.

This form will be processed by a contractor of the U.S. Department of Education at no cost to the student. The results will be provided in the form of an Electronic Student Aid Report with the calculation of the Expected Family Contribution. A SAR will be mail to the student and an ISIR to the institutions listed on the FAFSA. Both forms will provide the Expected Family Contribution (EFC) that will be used against the student Cost of Attendance (COA), the difference between these two is what is called student Need.

Award Concept, Selection of Recipients and Packaging Criteria: This institution does not receive enough Campus-Based funds to satisfy all the student financial needs. Therefore, the Academy emphasizes the SELF-HELP CONCEPT of student financial assistance. The SELF-HELP CONCEPT is on a first-come, first-served basis when awarding eligible applicants. If the student does not wish to assume the combined debt of two or more loans, they may decline any loans offered by the school. ALL LOANS MUST BE REPAID. The SELF-HELP CONCEPT lists types of financial assistance in the following order:

1. Family contributions
2. Other resources
3. Federal PELL Grant
4. Self Help (Stafford and/or, PLUS Loans)

The Academy awards from the Federal Supplemental Educational Opportunity Grants in accordance with the following policy: The institutional participation in the Federal Educational Opportunity Grant is limited to the amount of funds given to the institution for an entire award year (July 1 to June 30). Due to the **limited** amount of funds available to the Academy, it is literally impossible to award FSEOG to all students applying for aid. Therefore, the institutional policy to select FSEOG recipients is as follows: This institution has a continuing enrollment process in which students may start each Tuesday of each week or Wednesday when Tuesday is an observed Holiday. In order to ensure a fair distribution of funds through the entire award year, the institution will make SEOG awards using data from the year presiding the current year, by using student enrollment, EFC and Pell Grant data to determine how to distribute the SEOG funds available. Based on last year’s data, the institution expects an enrollment of 30 new students meeting the “exceptional need” criteria to be enrolled during the 7/1/19 to 6/30/20 period. Therefore, the awards to those students will be \$250-\$1000 through the entire period. Students with “exceptional need” are defined by this institution as students that have an expected family contribution (EFC) of Zero (00000) that will otherwise be eligible for the FPELL Grant Program during the same award year. If enrollment figures change, and/or additional funds become available to the institution, a second selection will be made from those students ineligible for the FPELL Grant Program with the lowest expected family contribution that enrolled during the last quarter of the award year (March to June).

Both selections will be made from students, whose file has been completed, with no issues pending regarding the students’ eligibility for Federal Aid. Incomplete files will not be considered in the selection criteria due to possible lack of documentation. Awards will be made as long as funds are available throughout the award year.

Recoveries: Recoveries resulting from unearned Title IV Funds are due from the student and must be paid in accordance to the terms stated in the promissory note of the student loans. If funds from the grants programs still due from the student, those funds are payable at the rate of 50%. Grant funds due from the student must be repaid within 45 days from the student's withdrawal date. Students may make repayment arrangements with the U.S. Department of Education within the 45 days and present proof of such arrangements to the institution. If no repayment is received nor arrangements are presented, the institution will refer the debt to the U.S. Department of Education. The student will no longer be eligible for aid until informed by the U.S. Department of Education.

Transfer Student: A student, who attended a post-secondary institution before the enrollment at (Beyond 21st Century Beauty Academy), is required to provide a Financial Aid history from each of the institutions attended within the last six months before the enrollment at this institution. If a financial aid history is required, no aid may be advanced from the loan proceeds. Aid from other programs may be advanced to cover the first payment period. No additional aid will be available to the student until all Financial Aid history is received by **Beyond 21st Century Beauty Academy**.

Refunds: If any refunds are due based on the Return of Title IV calculation **or** based on the institutional refund policy calculation, any refunds will be made as soon as possible but not later than 45 days from the determination of withdrawal date in the order stated in section CFR 34 section 668.22. The order of payment of refunds is, 1 Unsubsidized Loans from FFELP or Direct Loan, 2 Subsidized Loans from FFELP or Direct Loan, 3 Perkins Loans, 4 PLUS (Graduate Students) FFELP or Direct Loan, 5 PLUS (Parent) FFELP or Direct Loan, 6 Pell Grant, 7 Academic Competitiveness Grant (ACG), 8 National SMART Grant, 9 Federal SEOG, 10. Other. This order would apply in accordance to the aid programs available at the institution.

Verification Policy and Procedures:

Federal regulations 34 C.F.R. Part 668, Subpart E, dated March 14, 1986 April 29, 1994, November 29, 1994 - executing legislation 20 U.S.C. 1094 governing the title IV programs require schools to be sure of certain applicant-reported data.

These regulations require schools to develop written policies and procedures for verification. The school is required to make these policies available to all applicants for financial aid, as well as prospective students upon request.

This procedure is part of the Admissions and Counseling process.

To follow the regulations and achieve consistency governing this process, the following verification policies apply to all applicants for Title IV programs.

Under the regulations, the school will not disburse FPELL or Campus-Based aid, nor certify Stafford/PLUS loan applications, until completion of verification process.

WHO MUST BE VERIFIED: The policy of this school shall be to verify those students selected by the need analysis (ISIR) system for verification.

Verification exclusions

- Death of the student. You don't have to continue verification if you made an interim disbursement and the student died before verification was completed. You cannot make any additional disbursements, except for FWS funds already earned, to any of the student's beneficiaries. You cannot originate or disburse his Direct Subsidized Loan or consider any interim disbursement you made of Pell, Perkins, or FSEOG funds or provisional FWS employment to be an overpayment. See Chapter 2 of Volume 5.
- Not an aid recipient. The student won't receive Title IV aid for reasons other than a failure to complete verification. This includes being ineligible for that aid and withdrawing without receiving it.
- The applicant is eligible to receive only unsubsidized student financial assistance.
- Applicant verified by another school. The student completed verification for the current award year at another school before transferring.

Her FAFSA data must be the same as it was at the previous school, and you must get a letter from that school stating that it verified her application and providing the transaction number of the pertinent valid ISIR.

- Post enrollment. The student was selected for verification after ceasing to be enrolled at your school and all (including late) disbursements were made.

Unless you have reason to believe it is inaccurate, you don't have to verify the reported FAFSA information of the parents of a dependent student if any of the following apply:

- Both of the parents are mentally incapacitated.
- They are residing in a country other than the United States and can't be contacted by normal means.
- They can't be located because the student does not have and cannot get their contact information.

Unless you have reason to believe it is inaccurate, you don't have to verify the reported FAFSA information of the spouse of an independent student if any of the following apply:

- The spouse has died.
- He is mentally incapacitated.
- He is residing in a country other than the United States and can't be contacted by normal means.
- He can't be located because the student does not have and cannot get his contact information.

A Pell applicant selected for verification must complete the process by the deadline published in the Federal Register. As of this writing the notice for 2018–2019 has not been published, but the deadline is expected to be September 28, 2019, or 120 days after the last day of the student’s enrollment, whichever is earlier. Campus-Based and Stafford Loan applicants must complete verification by the same deadline or by an earlier one established by your aid office.

Definitions Related to Financial Aid:

The following definitions correspond to some common terms used within the financial aid terminology:

ACADEMIC YEAR: A period of not less than 26/30 weeks of instructional time with a minimum of 900 clock hours/24 Semester credit hours/36 Quarter credit hours of instruction for a full time student. The midpoint of the academic year shall be a minimum of 13/15 weeks and at least 450 clock hours/12 semester credit hours/36 quarter credit hours. In effect, all students enrolled in courses with an academic year scheduled to be completed in less than 26/30 weeks, regardless of the number of clock hours/Semester credit hours/Quarter Credit Hours offered, would have aid eligibility reduced in proportion to the number of weeks and hours in the course of study in relation to the academic year.

COST OF ATTENDANCE: Institutional charges for tuition, fee, books and supplies in addition to an estimated cost to the student for living allowances as room, board, transportation and personal combined compose the cost of attendance for an academic year or less as the cost of attendance or educational budget.

Credit balances are paid within 14 business days from the day the credit balance was generated. Students must be responsible for budgeting their own funds and for securing that the funds are used for education related expenses. FSA regulations refer to the amount of aid that exceeds the allowable charges as a credit balance

Notification of Rights under FERPA for Postsecondary Institutions

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day **Beyond 21st Century Beauty Academy** receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the university discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The school discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests.
