“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

ACADEMIC POLICIES

STUDENT RIGHTS:

All students have the right to inspect and review his/her education records, the right to seek to amend the records, the right to consent to disclosure of personally identifiable information from the records (except in certain circumstances), and the right to file a complaint with the Office regarding an alleged failure by a school to comply with FERPA. It must also inform eligible students of the school's definitions of the terms "school official" and "legitimate educational interest."

Law Enforcement Units and Law Enforcement Unit Records

A "law enforcement unit" means any individual, office, department, division or other component of a school, such as a unit of commissioned police officers or non-commissioned security guards, that is officially authorized or designated by the school to: enforce any local, State, or Federal law, or refer to appropriate authorities a matter for enforcement of any law against any individual or organization; or to maintain the physical security and safety of the school. The law enforcement unit does not lose its status as a law enforcement unit if it also performs other, non-law enforcement functions for the school, including investigation of incidents or conduct that constitutes or leads to a disciplinary proceeding against a student.

"Law enforcement unit records" (i.e., records created by the law enforcement unit, created for a law enforcement purpose, and maintained by the law enforcement unit) are not "education records" subject to the privacy protections of FERPA. As such, the law enforcement unit may refuse to provide an eligible student with an opportunity to inspect and review law enforcement unit records, and it may disclose law enforcement unit records to third parties without the eligible student's prior written consent. However, education records, or personally identifiable information from education records, which the school shares with the law enforcement unit do not lose their protected status as education records because they are shared with the law enforcement unit.

SCHOLASTIC REGULATIONS:

Performance evaluations will be used to measure understanding and competency of specific skills. Students will be assessed throughout their training in order to provide ongoing information about their progress. Student's evaluation also takes into consideration their ability to pass their examinations at the Department of Motor Vehicles of the State of California. Evaluations of progress are documented on each student's monthly student progress report.

RULES OF CONDUCT:

Students are expected to behave in a manner that is consistent with a learning and work environment. At the discretion of the instructor, students may be suspended for up to two weeks or terminated from school for incidents involving drugs, alcohol, weapons, stealing, defacing or destruction of property, or other behavior creating a hazard to other persons at school. Disrespectful treatment or other unwarranted behavior to a fellow student or staff member may also be a basis for suspension or termination. All disciplinary action is documented and accompanied by mandatory counseling.

ATTENDANCE POLICY:

The attendance policy requires that students attend classes every day, for the entire designated period. Permission for a pre-scheduled absence from classes must be arranged in advance with the Instructor. In the event of an unforeseen absence, students must notify the school no later than two hours after the start of class. Class cuts are considered unexcused absences. More than one unexcused absence will place student on attendance probation, and more than three unexcused absences during the length of the program will result in the student being dismissed from the program.

TARDINESS POLICY:

Each student should comply with the schedule established by Jose G Campos Truck Driving Training. Being tardy for class is not only disruptive but can hold up the class from going out on the road for behind-the-wheel training. Tardiness is defined as arriving for class more than fifteen minutes after the start of a class meeting. Each 15 minute increment of tardiness will be allocated as time being absent from class. In addition, if the student arrives after the rest of the class has left to go out on the road; that will be considered an unexcused absence. Students should make every effort to attend each class meeting on time to avoid poor attendance patterns affecting their final grade, and to avoid holding up the rest of the class.

DISMISSAL AND SUSPENSION POLICY:

A student will be dismissed from the school for more than three unexcused absences during the total length of the program. A student arriving later than one hour after the start of class is considered an unexcused absence. More than one unexcused absence will place the student on probation, during which time the students and Instructor will have a conference to discuss the motivation and circumstances of the student.

LEAVE OF ABSENCE POLICY:

Under extraordinary circumstances, a student may request a leave of absence for not more than 90 calendar days. The student must submit a written request for a leave of absence to the instructor prior to leaving. Leaves will be granted at the discretion of the director. Because training is set in 8-week sessions, the student re-starts during the next session from where he or she left off prior to the leave of absence, if space is available in the next class session. The enrollment agreement will then be amended to include the new expected completion date of the program. If training is not resumed at the end of the leave of absence period (unless space was not available and the student needs to wait longer for an opening in a subsequent session to occur), the student will be automatically terminated, tuition calculated and the balance of all grants and loans refunded to the student and/or appropriate agency. Students are not allowed more than one leave of absence.

A Leave of Absence may occur when the student provides a written notice of the leave at the following address: **Jose G. Campos Truck Driving Training: 3167 Santa Rosa Ave, Santa Rosa, CA 95407**. This can be done by mail or by hand delivery. The written notice, if sent by mail, is effective when deposited in the mail properly addressed with proper postage. The written notice of the Leave of Absence need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.

PROBATION POLICY:

A student shall be placed on probation for:

- Missing more than one unexcused absence.
- Having a cumulative GPA that is below 2.0, when the monthly academic assessment is done.

Students on probation must meet with the Director to develop an academic plan and establish an achievable GPA goal. While on probation a student must adhere to the conditions of the program of study in which he/she is enrolled.

Removal from probation status is achieved by the student reaching a GPA above 2.0, attending class regularly and by abiding all rules and regulations.

GRADING STANDARDS:

Qualitative measures of achievement are summarized with numerical grades. A 2.0 grade point average is required for satisfactory progress. Grade and test score percentages are calculated by using the following chart:

90% - 100%	4.0
80% - 89%	3.0
70% - 79%	2.0
60% - 69%	1.0
Below 60%	0.0

Students are graded monthly and those who do not meet the academic and / or attendance requirements will be subject to probation.

GRADUATION REQUIREMENTS:

Santa Rosa, CA 95407

REFUND POLICY:

For non-starters or students that cancel contracts prior to class start date, all refunds due will be made within ten (10) days of the class or the date of cancellation. For enrolled students, all refunds due will be calculated from the last date of attendance and be paid within thirty (30) days from the documented drop date. The documented drop date is determined by written notice from the student or by applying the school attendance policy. Prepaid tuition will be refunded on a pro-rata basis for any termination that occurs on or before sixty percent of the program clock hours of instruction. The pro-rata amount will be computed by using the ratio of the number of hours of instruction completed to the total number of hours of instruction scheduled for a given program. Refunds will be given to the course cost; the institutional fees will not be refunded as those are admissions requirements. For example, given the tuition amount of \$4,300 for a 160 hour program, if a student only completed 50 hours, the refund would be \$2,956.50 ($\$4,300 / 160 = \$26.87/\text{hr} * 50 \text{ hrs} = \$1,343.50$ owed to the school; $\$4,300 - \$1,343.50 = \$2,956.50$ refunded to student).

No tuition will be refunded for any termination that occurs after sixty percent (60%) of instructional clock hours have been completed.

Refunds will be paid to the party(ies) that prepaid the tuition for the student. If a third-party prepaid the tuition, the computed refund will be paid to the third party. If tuition was prepaid by more than one party, the refund will be paid in proportion to the tuition prepaid by each party.
