REFUND POLICY

The 1500 Sound Academy refund policy for students who have completed 60 percent or less of the course of instruction, and who have not cancelled as explained above, shall be a pro-rata refund.

You are obligated to pay only for educational services received and for unreturned equipment or materials. The refund shall be the amount you paid for instruction multiplied by a fraction, the numerator of which is the number of hours of instruction which you have not received but for which you have paid, and the denominator of which is the total number of hours of instruction for which you have paid.

Any student who notifies 1500 Sound Academy of cancellation or program withdrawal in writing has the right to cancel this enrollment agreement and obtain a refund of charges paid through attendance at the first-class session or the seventh day after enrollment, whichever is later. All students must provide written notification of withdrawal, cancellation, or request for refund.

Students who have completed 60% or less of a course are entitled to a refund based on the refund formula below. After 60% of the course has been completed the course is non-refundable.

Refunds must be requested in writing to the Director of Education, 1500 Sound Academy, 8729 Aviation Blvd., Inglewood, CA 90301, and the refund will be calculated upon the receipt date or upon withdrawal of the student by the school as referenced above. Any refund to a student will be refunded within 45 days of notification in writing or constructive withdrawal of the student made by the school. Course fees are due upon enrollment.

STUDENT'S RIGHT TO CANCEL

Any student has the right to cancel their enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later.

Cancellation shall occur when you give written notice of cancellation to: Director of Education, 1500 Sound Academy, 8729 Aviation Blvd., Inglewood, CA 90301. If you cancel this Agreement, the school will refund any money that you paid within forty-five days after your Notice of Cancellation is received.

TERMINATION

Students may be dismissed from the program for failure to meet academic requirements, inappropriate conduct (as described below in the code of conduct), or failure to meet financial obligations to the school. Official notification of dismissal will be sent to the student by the Director of Education.

INCOMPLETE

If illness or other severe circumstances out of the student's control prevent a student from completing all required coursework within the month, the student may request an incomplete ("I") grade. The incomplete grade is temporary, providing an additional one week to complete any missing assignments. The incomplete grade will be converted to the earned grade within two weeks after the end of the course. The student must submit the request for an incomplete to the 1500 Sound Academy Director of Education, along with appropriate documentation.

APPEAL OF DISMISSAL (FINANCIAL OR CONDUCT)

Students may appeal a financial and/or conduct dismissal by requesting an appeal form from the Director of Education and submitting it in person during hours of operation. The form must be submitted no later than 3 business days after the student is notified of the dismissal. The student should address the issues that led to the dismissal and what steps have been taken to correct and alleviate them. Incomplete appeal forms or those missing adequate explanation or supporting documentation are typically denied.

The Director of Education will determine whether the student's appeal merits a meeting with the executive team including the Academy's co-founders and Vice President. If warranted, the executive team will schedule an appointment to meet with the student and render a final decision as to the student's situation. The student's failure to attend will result in a denial of the appeal. Following the meeting, the student will be notified within one business day of the final decision.

WITHDRAWAL

Students have the right to withdraw from a program of instruction at any time. A Notice of Withdrawal must be made in writing to the address of the Academy shown on the first page of this catalog or on its website. When a student officially withdraws from a course or program, any refund of tuition will be governed by the following policy calculated from the first official day of classes. Only non-refundable fees will be assessed or deducted from the amount to be refunded to the student. There will, however, be no refund for late payment of fees.

Please be advised that the withdrawal of a student for non-attendance may also be made by the Academy. Such a withdrawal will be determined to have occurred, if in the absence of an approved leave of absence, the student fails to attend classes, participate in course assignments or other instruction for a period of 5 consecutive or non-consecutive days.

If a student wishes to withdraw from the institution or a course of instruction, the student must contact the Director of Education, 1500 Sound Academy, 8729 Aviation Blvd., Inglewood, CA 90301. Refunds will be processed when a student has resolved all financial obligations against their school debts, and their student account reflects a credit balance. Refunds are processed within 45 (forty-five) days after the student's account reflects a credit balance.

WELCOME

Societies and industries exist because groups of people cooperating can achieve vastly more than what an individual can accomplish on their own. The people who have advanced humanity throughout time fearlessly led by example, pushing to do their best with such vigor that they pushed beyond expectation and caused tangible change in the world.

Realizing your full potential comes from education and practice. There is an absolute best version of everything and everyone. Fear and jealousy, which is the fear of not feeling/being as valuable as someone else, are enemies of success and imagination. Creativity is the idea we aim to teach, and quality is the theme (or language) we use to communicate that message.

Excellence comes from a sense of urgency, not a rush! With that philosophy in mind, we need to constantly self-examine and pace ourselves to accomplish our goals. Our mission is to create a culture of high achievement and excellence through our example and message.

We welcome you to becoming part of that culture at 1500 Sound Academy.

MISSION STATEMENT

1500 Sound Academy's mission is to educate and train students to excel in music production as a career. We seek to identify unique talents in each student and develop them into artistic voices consistent with high industry standards. We believe success in this field ultimately relies on integrity - stylistic and musical, but also personal and professional. Preparing students for the sometimes-difficult studio and social scenarios in the entertainment industry is a prime directive of the Academy.

Founded on direct knowledge from Grammy winning collective 1500 or Nothin', our curriculum is contemporary in its approach and imparts relevant technical and creative skills for composers, songwriters and sound engineers. Through integrated courses and projects, students apply practical knowledge of music theory, sound design and composition into their own projects.

Music is a powerful catalyst for the kind of personal growth central to building a strong artistic community. 1500 Sound Academy is based in the community that fostered its founders' own success in urban Los Angeles. We hope our students continue to contribute to the local creative community of Los Angeles and innovate in the global music community at large.

WHY 1500 SOUND ACADEMY?

INNOVATIVE CURRICULUM

Our integrated, practical and unique curriculum teaches students the art and craft of music production. Through lectures, labs, research and project-based assignments, our curriculum engages students who are at the beginning of their musical journey as well as those with more experience in creating their own musical works.

QUALITY, RELEVANT INSTRUCTION

Most vocational schools draw their instructors from the professional world. In this respect, we are no different. However, we are privileged to be able to source talent from the absolute top of the field. Because of the exclusive nature of the music industry, it is often difficult to know what techniques professionals are using. From this perspective, we can offer students real world examples of what may be asked of them in current studio situations as well as best practices in the industry.

STRATEGIC PARTNERSHIPS & CONNECTIVITY

We have built several partnerships with technology providers, arts and entertainment companies, academic institutions and educators. Our students gain access to free training seminars in software tools from the companies that create them as well as streamlined access to higher learning. Our standing in the entertainment community places us close to branches of the industry that are constantly looking for new talent. These include publishers, music supervisors, managers and record label executives. Connecting new talent to established pathways of opportunity is a priority and also a primary motivation for the Academy.

CONTRIBUTION TO THE INDUSTRY

We see our contribution to the music industry as twofold: To help people create better music and to help those who do create better music create better careers. With our Academy, we hope to foster a music community and legacy that will continue to effect positive change for years to come.

STUDENT EQUIPMENT REQUIREMENTS

Students will need an estimated \$3,000 of equipment whether taking programs in-residence or via distance learning, as follows:

COMPUTER

Students must have an up-to-date laptop computer that is no older than 3-4 years. The computer must be able to record audio and video and facilitate video conferencing. The computer must have at least three USB ports. If it does not have USB ports, students must purchase an adapter. It is not required but highly recommended to use an Apple computer and not a PC. We recommend this with the understanding that the majority of the industry is working professionally on Apple computers.

ILOK

Students must purchase an iLok anti-piracy USB key.

SOFTWARE

Ableton Live is the music production software used at the academy. Ableton Live Standard and Ableton Live Suite are the only versions that are acceptable. An educational discount is available on Ableton products. Pro Tools is the software used for mixing and engineering. Students have access to an AVID educational discount for a one year subscription license.

EXTERNAL HARD DRIVE

It is recommended that students own an external hard drive. The drive should be at least 1TB (2TB recommended) and used primarily for sound library and project storage as well as additional backup as necessary.

AUDIO INTERFACE

Students must have a recording interface, USB or other that is capable of recording one audio input source at minimum including an XLR and Hi-Z connection with at least one headphone output.

MICROPHONE

Students must have one microphone with an XLR connector (not ¼ inch TRS). A condenser microphone can be purchased for \$100-200+. It is critical that the microphone has XLR input on it and is not only a USB microphone.

MIDI CONTROLLER

Students will need a keyboard midi controller of at least 2 octaves (25 keys). It is recommended that students purchase a full-size controller (not a mini keyboard). The keyboard does not need to be weighted. Typically, a 49-key midi controller is sufficient and can cover a good portion of the piano notes (4 octaves).

HEADPHONES

Students will need studio quality headphones. It is suggested that students purchase headphones in the \$150-200 range such as Audio -Technica M50x or any V-Moda's. Headphones are an essential piece of gear as you will be using them in class daily.

STUDIO MONITORS

It is suggested that students have studio monitors for their at home DAW setup although this is not entirely necessary. Headphones are more important and required for each day in class.

PAYMENT PLANS

Tuition may be paid in full or into monthly payments. There is no extra charge for a payment plan. The first payment is due on or before the first day of class. Monthly Plan payments are due on the first (1st) day of each month. Students are granted a five (5) day grace period on payments. After the 5th day, a \$50.00 late fee is imposed and the student may not attend class. If payment is not received by the 8th day, the student will be dismissed from the program.

STUDENT LOANS AND FINANCIAL AID

1500 Sound Academy does not participate in state or federal student financial aid programs.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund. If the student receives any federal student financial aid funds, the student is entitled to a refund of the money's not paid from federal financial aid funds.

****STUDENT TUITION RECOVERY FUND (STRF) FEES**

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

(b) In addition to the statement required under subdivision (a) of this section, a qualifying institution shall include the following statement in its school catalog:

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Ave. Suite 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

LATE FEES

Payments are due prior to the first day of class unless students have entered into a payment plan. Payment plan due dates are outlined in writing and mutually agreed to between the student and 1500 Sound Academy. There is a grace period of up to five days of each payment cycle. If payment is not received on or before the close of business on the 5th day, a \$50.00 late fee will be assessed to the student's account. If the payment is not made on or before the close of business on the eight day, the student will be terminated from 1500 Sound Academy.

REFUND POLICY

The 1500 Sound Academy refund policy for students who have completed 60 percent or less of the course of instruction, and who have not cancelled as explained above, shall be a pro-rata refund.

You are obligated to pay only for educational services received and for unreturned equipment or materials. The refund shall be the amount you paid for instruction multiplied by a fraction, the numerator of which is the number of hours of instruction which you have not received but for which you have paid, and the denominator of which is the total number of hours of instruction for which you have paid.

Any student who notifies 1500 Sound Academy of cancellation or program withdrawal in writing has the right to cancel this enrollment agreement and obtain a refund of charges paid through attendance at the first class session or the seventh day after enrollment, whichever is later. All students must provide written notification of withdrawal, cancellation or request for refund.

Students who have completed 60% or less of a course are entitled to a refund based on the refund formula below. After 60% of the course has been completed the course is non-refundable.

Refunds must be requested in writing to Jared Selter, Chief Academic Officer, 1500 Sound Academy, 8729 Aviation Blvd., Inglewood, CA 90301, and the refund will be calculated upon the receipt date or upon withdrawal of the student by the school as referenced above. Any refund to a student will be refunded within 45 days of notification in writing or constructive withdrawal of the student made by the school. Course fees are due upon enrollment.

Refunds are calculated as follows (and are only for students who have completed less than 60% of the total instruction hours): The institution's refund policy for students who have completed 60% or less of the course of instruction shall be a pro rata refund calculated by hour of instruction.

FORMULA: (1) Determine the total tuition charge paid by the student; (2) divide this figure by the number of hours in the program; (3) the quotient is the hourly charge for the program; (4) the amount owed by the student for the purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction calculated in [3]; and (5) the refund shall be any amount in excess of the figure derived from [4] that was paid by the student to the institution.

HYPOTHETICAL EXAMPLE: The following is a simple hypothetical example of how a refund is calculated. A student registers for a 36-hour course at a cost of \$800. Upon the student notifying the school in writing of a withdrawal after attending 12 hours, a refund is calculated as follows: The total tuition is \$800. \$800 divided by 36 hours of instruction equals \$22.23/hr. The student completed 12 hours x \$22.23= \$266.76. The \$800 tuition fee minus \$266.76 = a refund of \$533.24.

STUDENT'S RIGHT TO CANCEL

Any student has the right to cancel their enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

Cancellation shall occur when you give written notice of cancellation to: Chief Academic Officer, 1500 Sound Academy, 8729 Aviation Blvd., Inglewood, CA 90301. If you cancel this Agreement, the school will refund any money that you paid within forty-five days after your Notice of Cancellation is received.

VETERAN'S BENEFITS

1500 Sound Academy is not approved to participate in Veterans Educational Benefits.

STUDENT VISA SERVICES

There are no student visa services offered at or through 1500 Sound Academy. The Academy will not vouch for students status and any associated charges.

ACADEMIC POLICIES

STANDARD OF PROGRESS

The evaluation of student achievement is based on students meeting the objectives and learning outcomes outlined for each course. At the beginning of each course, the instructor provides students with a syllabus identifying the objectives, learning outcomes, assessments and grading rubric.

1500 Sound Academy courses are assessed as pass/fail. A student who fails a course must retake the course and earn a passing score. The new score will be used in the CGPA calculation. Both scores will be shown on the student's transcript. Retakes of a failed course may be taken online. If a student fails a course twice, he or she will be dismissed from the school.

SATISFACTORY ACADEMIC PROGRESS (SAP)

Satisfactory Academic Progress (SAP) measures the student's academic performance within the educational goals. 1500 Sound Academy requires that all students demonstrate successful progress toward completion of their enrolled program. All students must maintain SAP in order to remain enrolled.

Satisfactory Academic Progress is determined by measuring the student's Cumulative Grade Point Average (CGPA) against the requirements for completion. In addition, students must complete all coursework within the required 150% maximum timeframe. 1500 Sound Academy evaluates academic progress at the end of each course.

ACADEMIC PROBATION

Students must maintain a ratio of passing 60% of assignments in order to graduate. A student who fails to achieve this ratio after 6 weeks will be placed on academic probation. A student on academic probation must meet with an advisor or instructor to develop an academic improvement plan that defines a strategy for the student to return to a 60% pass/fail ratio and to monitor academic progress.

The purpose of academic probation is to bring to light areas where student performance is sub-standard and develop a strategy that will assist in successfully completing the program. Further lack of attention to classwork, homework, projects, or participation while on academic probation may be grounds for termination from the program.

TERMINATION

Students may be dismissed from the program for failure to meet academic requirements, inappropriate conduct (as described below in the code of conduct), or failure to meet financial obligations to the school. Official notification of dismissal will be sent to the student by the Academy Chief Academic Officer.

MAXIMUM TIMEFRAME

A student cannot exceed 150% of the published normal completion rate of the program. If at any time it becomes mathematically impossible for a student to complete the program within the maximum time frame, the student will be dismissed from the school. For example, the published normal completion rate for the 1500 Sound Academy program is 24 weeks. Therefore, 150% of that normal completion rate is 36 weeks. A student who reaches 36 weeks without completing the program will not be allowed to continue and will be dismissed from the school.

GRADING

A student's grade in each course is based on achievements in a number of different assessment categories, depending on the specific nature of the course. The weighting of each category is specified in the individual course grading rubric found in the course syllabus. 1500 Sound Academy does not have a cumulative final test required for the completion of the program.

Typical forms of assessment include:

- Quizzes
- Projects, Assignments, and Homework
- Attendance and Participation
- Instructor Assessment

GRADE SCALE

1500 Sound Academy operates on a pass/fail grading system meaning that no letter grade will be awarded. Students must complete projects and satisfactorily address all critical elements of the grading rubric located in each course syllabus in order to pass the course.

MAKE UP WORK

Students are responsible for all material and assignments missed due to absences. Work cannot be submitted more than one week late. It is the student's responsibility to get their projects turned in within the appropriate time frame.

INCOMPLETE

If illness or other severe circumstances out of the student's control prevent a student from completing all required coursework within the month, the student may request an incomplete ("I") grade. The incomplete grade is temporary, providing an additional one week to complete any missing assignments. The incomplete grade will be converted to the earned grade within two weeks after the end of the course. The student must submit the request for an incomplete to the 1500 Sound Academy Chief Academic Officer, along with appropriate documentation.

RE-ENROLLMENT

Students who have been academically dismissed from 1500 Sound Academy may apply for re-enrollment through the admissions department. Students must complete the enrollment process as stated above. Re-enrollment is at the discretion of the 1500 Sound Academy and will be granted only after the conditions that caused the dismissal have been rectified. Students may apply for re-enrollment after 5 months and are on probationary status for the first course following re-entry.

ATTENDANCE POLICY

Students are expected to attend all classes in each program for which they are enrolled. If a student misses 3 lectures and/or labs out of 12 (25%) of a course, they may be withdrawn from the course.

A student shall be excused when the absence is due to illness or other health matter. A doctor's note submitted to the Chief Academic Officer at jared@volumeventuresllc.com is required to excuse an absence.

GRADUATION REQUIREMENTS

In order to graduate from 1500 Sound Academy programs and receive a certificate of completion and/or diploma, students must meet the following requirements:

- Successfully complete all required courses with a passing grade
- Complete the courses within the maximum time frame
- Return all school materials and equipment
- Meet all financial obligations to the school

ACADEMIC INTEGRITY

Academic integrity is a core value of teaching, learning, and professional behavior. Maintaining high standards of integrity is a fundamental principle needed to graduate and be successful in life. Students are expected to commit to and be responsible for demonstrating these five values, even in the face of adversity:

1. Honesty
2. Trust
3. Fairness
4. Respect
5. Responsibility

The following activities demonstrate a lack of academic integrity and are grounds for being placed on probation or dismissed: lying, plagiarism (including electronic), alteration of materials, cheating, collusion, falsifying records, forgery, providing or using external assistance relating to an examination, test, or quiz, sharing answers, copying another student's work, or any act designed to give unfair academic advantage to the student.

ACADEMIC DISMISSAL

Students may be placed on probation or be dismissed from the 1500 Sound Academy for failure to meet academic requirements, inappropriate conduct (as described in the Academic Integrity and Code of Conduct sections), or failure to meet financial obligations to the Academy.

APPEAL OF DISMISSAL (FINANCIAL OR CONDUCT)

Students may appeal a financial and/or conduct dismissal by requesting an appeal form from the Chief Academic Officer and submitting it to the Chief Academic Officer in person during hours of operation. The form must be submitted no later than 3 business days after the student is notified of the dismissal. The student should address the issues that led to the dismissal and what steps have been taken to correct and alleviate them. Incomplete appeal forms or those missing adequate explanation or supporting documentation are typically denied.

The Chief Academic Officer will determine whether the student's appeal merits a meeting with the executive team including the Academy's co-founders and Vice President. If warranted, the executive team will schedule an appointment to meet with the student and render a final decision as to the student's situation. The student's failure to attend will result in a denial of the appeal. Following the meeting, the student will be notified within one business day of the final decision.

CONFLICT RESOLUTION

Conflicts between students will be resolved by an interview and committee process. Students in conflict will be privately interviewed by staff. Resulting notes will be submitted to a committee consisting of the Vice President of Education and a representative from the Academy's human resources department. The committee will make a decision regarding necessary actions to be taken to resolve the conflict.

WITHDRAWAL

Students have the right to withdraw from a program of instruction at any time. A Notice of Withdrawal must be made in writing to the address of the Academy shown on the first page of this catalog or on its website. When a student officially withdraws from a course or program, any refund of tuition will be governed by the following policy calculated from the first official day of classes. Only non-refundable fees will be assessed or deducted from the amount to be refunded to the student. There will, however, be no refund for late payment of fees.

Please be advised that the withdrawal of a student for non-attendance may also be made by the Academy. Such a withdrawal will be determined to have occurred, if in the absence of an approved leave of absence, the student fails to attend classes, participate in course assignments or other instruction for a period of 5 consecutive or non-consecutive days.

If a student wishes to withdraw from the institution or a course of instruction, the student must contact Jared Selter, Chief Academic Officer, 1500 Sound Academy, 8729 Aviation Blvd., Inglewood, CA 90301. Refunds will be processed when a student has resolved all financial obligations against their school debts, and their student account reflects a credit balance. Refunds are processed within 45 (forty-five) days after the student's account reflects a credit balance.

STUDENT ADVISING

1500 Sound Academy maintains an open-door policy for students who may have questions, concerns, complaints, and/or are looking for guidance. Students are welcome to discuss their thoughts and concerns with the school at any time via phone, text or email. Appointments can be arranged via the team@1500sound.academy email.

DISABILITY SERVICES

1500 Sound Academy is an Americans with Disabilities Act (ADA) compliant institution. Our administrators, faculty, and staff members work collaboratively to provide reasonable and appropriate accommodations for students with documented disabilities. - A written description of the nature and extent of the disability.
- Current medical documentation of the disability from a doctor or otherwise qualified professional.
- Written document stating which accommodations are requested

All required documentation must be received no later than 30 days prior to the student's projected start date. While a disclosure of a disability and request for accommodations may be accepted after a student starts, they cannot be applied to circumstances of past difficulties in courses and will only be applied to future course activities. Upon receipt and review of documentation, notification will be sent to the student within 10 business days defining which accommodations will or will not be granted. If the submitted information is not adequate to determine a final decision, the administration reserves the right to request further information.

LEAVE OF ABSENCE

A student enrolled in the 1500 Music and Industry Fundamentals program may request a Leave of Absence (LOA) for a maximum of 180 days in 12 months from the 1st day of the first requested Leave of absence. The request must be in writing and must be approved by the Chief Academic Officer. Students will be expected to verify the reasons for making an LOA request before the leave will be approved. A Leave of Absence will be considered for the following reasons:

- Financial Hardship
- Family Emergency
- Health Concerns

In order to be eligible for a leave of absence, students requesting a LOA are responsible for completing their tuition payments for the current program. The ability to return at a specific time is subject to availability. Failure to contact the school and/or return within the agreed upon and specified time may result in termination from the program, at the discretion of the Chief Academic Officer.

STUDENT CONDUCT

1500 Sound Academy has established a Student Code of Conduct in order to maintain an educational environment reflective of the standards of a professional workplace. Students are expected to behave in a professional and appropriate manner at all times and be respectful and courteous to faculty, staff, and classmates. There may also be legal implications for students in violation of the drug and alcohol policy.

FAMILY EDUCATION RIGHTS AND PRIVACY ACT OF 1974 (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords eligible students who are 18 years or older and attending a postsecondary institution certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days after the day 1500 Sound Academy receives a request for access. A student should submit a written request to the Chief Academic Officer that identifies the record(s) the student wishes to inspect. The Chief Academic Officer will make arrangements for access and notify the student of the time and place where the records may be inspected.
2. The right to request an amendment to the student's record. A student who wishes to ask the Academy to amend a record should submit a written request to the Chief Academic Officer clearly identifying the part of the record the student wants changed and why it should be changed. If the Academy decides not to amend the record as requested, the Chief Academic Officer will notify the student in writing of the decision and of the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before 1500 Sound Academy discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The Academy discloses education records without a student's prior written consent under the FERPA exception for disclosure to Academy officials with legitimate educational interests. An Academy official is a person employed by 1500 Sound Academy in an administrative, supervisory, academic, or support staff position; a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or

grievance committee. An Academy official also may include a volunteer or contractor outside of 1500 Sound Academy who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. An Academy official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for 1500 Sound Academy.

Students have the right to file complaints with the U.S. Department of Education concerning alleged failures by 1500 Sound Academy to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202

FERPA permits the disclosure of personally identifiable information from a student's education records without consent of the student if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. 1500 Sound Academy may disclose personally identifiable information from the education records without obtaining prior written consent of the student:

- To other Academy officials, including teachers, within 1500 Sound Academy whom the Academy has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the Academy has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled, if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.
