### ***Definitions***

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.
- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

## **STUDENT'S RIGHT TO CANCEL**

A student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. A student may cancel enrollment by giving written notice to the college.

Hollywood Career College's refund policy is as follows:

- 1.) If cancellation occurs within seven days after the date of enrollment, or before the first scheduled class session (whichever is later), 100% of all institutional charges shall be refunded, minus the \$250 application fee.
- 2.) If withdrawal or termination occurs after the commencement of classes, the student shall be charged according to the last date of attendance. If withdrawal or termination occurs before the completion of 60% of the total class hours (300 hours), the student shall be entitled to a prorated refund of tuition. The College shall retain the application fee, book and supply fees, and any other legitimate charges owed by the student.
- 3.) If withdrawal or termination occurs after the completion of 60 percent of the total class hours, the student shall be obligated for the tuition charged for the entire program (the student shall not be entitled to any refund);

The term "tuition" means the charges for instruction including any lab fees. Tuition does not include application fees (\$250) or other identified program fees. It does not include materials costs, such as books and supplies. HCC does not issue credits or refunds for books or other supplies.

If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

When a cancellation, withdrawal, or termination occurs, a calculation of all allowable charges shall be made within 45 days. If the College has received total payments greater than its allowable charges:

- 1.) After the date of determination of such cancellation, withdrawal or termination, a written statement showing allowable charges and total payments received shall be delivered to the student, together with a refund equal in amount to dollar amount paid to the college in excess of those allowable charges.
- 2.) If the student has received federal, state, or other student aid or other tuition assistance program(s), including student loan programs, regulations governing refunds within the respective program(s) shall prevail, but only with respect to the covered portions thereof.

3.) In the event payments to a student account are derived from a sponsoring public agency, private agency, or any source other than the student, the statement of charges and payments received together with an appropriate refund may be delivered instead to such parties, but only with respect to the covered portions thereof.

In the case of a disabling illness or accident, death in the immediate family or other circumstances beyond the control of the student that causes the student to leave school, the college shall arrange a prorated tuition settlement that is reasonable and fair to both parties.

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- 1.) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- 2.) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
