STUDENT FINANCIAL AID AND STUDENT LOANS

The Accounting Annex, INC. participates in state and federal funding applicable to California's Eligible Training Provider List (ETPL).

The Accounting Annex, INC. does not offer financial assistance or Title IV funding. However, this school is on the eligible Training Provider List (ETPL). CalJOBS website contains information about approved training providers and programs. The purpose of the ETPL is to provide customer-focused employment training. Training providers who are eligible to receive Individual Training Accounts (ITAs) through WIOA Title I-B funds are listed on the ETPL. The Eligible Training Provider List (ETPL) originated with the Workforce Investment Act (WIA) of 1998 and was amended by the Workforce Innovation and Opportunity Act (WIOA) of 2014 to provide employment training resources for adults and dislocated workers under these Federal programs.

Inclusion on CalJOBS ETPL, in itself, does not guarantee that WIOA funds are available for enrollment in an eligible offering. The availability of WIOA funds for enrollment is based on many factors including assessment of an individual's employment needs.

Individuals who are interested in determining if they qualify for WIOA funding must contact an America's Job Center of California.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

(CEC 94909(a)(11))

At the student's option, an institution may accept payment in full for tuition and fees, including any funds received through institutional loans, after the student has been accepted and enrolled and the date of the first class session and this is disclosed on the enrollment agreement.

(CEC 94899 5(e))

We do NOT encourage students to obtain loans to take our program. Students that decide to obtain a loan to pay for an educational program, the student will have to repay the full amount of

the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

A student enrolled in an unaccredited institution is not eligible for federal financial aid programs. CEC 94909(a)(16)(C)

TESTING AND GRADING

We give an accounting entrance test prior to the student signing an enrollment agreement for determining the student's level of experience in accounting. During class, there are five tests. There are practice sets in General Ledger, Accounts Payable, Accounts Receivable, Inventory, Order Entry and Payroll. The student is required to complete the practice sets (matching master solutions) to pass the course. Scored tests are used to help determine how independently you are able to function within an accounting department. Supervision needs will be assessed based on test results as follows - under 50% - heavy supervision, 50 - 75% - moderate supervision, 76 - 90% - little supervision, 91 - 100% - little to no supervision. There are no required internships or externships. There is not a final test.

STANDARDS FOR STUDENT ACHIEVEMENT/REQUIREMENTS FOR COMPLETION

In order to pass the class, the student is required to complete the practice sets in General Ledger, Accounts Payable, Accounts Receivable, Inventory, Order Entry and Payroll (matching master solutions.) Five scored tests are used to help determine how independently you are able to function within an accounting department. If your academic progress is deemed unsatisfactory (average under 51% for scored testing or non-completion of practice sets or not making up hours missed), we will put you on academic probation, so that you have time to improve or to re-evaluate your goals. If you do not complete the practice set and do not have an average test score over 51% you will fail the class.

Satisfactory academic progress is defined as meeting the objectives of the class. Academic progress elements that meet the objectives of the class include completing class hours (attendance or makeup work), completing the practice set, and test scores. Missing class hours is addressed the next class session after the missed time and makeup work is given accordingly. Makeup work is to be returned to the school and is kept in the student's file. The practice set is completed in a group session and if time was missed that prevented this from happening, we will set up makeup time for the student to complete the practice set, including time before or after class. Test scores are looked at immediately after testing. If the student receives a score of under 51% on any test, the instructor will go over the test material with the student. The student is given the opportunity to retake the test after reviewing the test material with the instructor. The higher of the two scores will be used in the class average.

Maximum Time Frame: Program length is 22 working days for a total of 143 hours. The student is required to make up all missed credit/clock hours to meet attendance requirements within 33 days of the start date (1.5 times the scheduled length).

Credit/Clock Hour: Definition of Credit/Clock Hour – a clock hour is 60 minutes in length. The student is provided two 10 minute breaks within the 6.5 hour daily schedule, one in the morning and one in the afternoon. The lunch period is exclusive of the 6.5 hours of classroom time.

No internships or externships are required to complete the program.
(CEC 94909 (a)(5))

PROBATION AND DISMISSAL POLICY

Any student with an average test score of less than 51% will be put on probation. The student shall be advised of such probation status immediately. A student shall be removed from academic probation when the average test score of 51% or greater. Any student on probation who does not demonstrate the desire or ability to improve will be dismissed from The Accounting Annex, Inc.

CONDUCT AND DRESS CODE

The objective of this class is to find a job, so professionalism is stressed in both conduct and dress. How you present yourself in class will give us an idea about your work habits and attitudes.

ATTENDANCE AND LEAVE OF ABSENCE POLICY

The student is required to complete all 143 course hours to qualify for a certificate. Absence will be considered excused under the following circumstances: illness, death, or birth in the immediate family, job search activities and other valid reasons substantiated in writing and at the discretion of the school director. All other absences will be considered unexcused. Tardiness is a disruption of a good learning environment and is to be discouraged. Tardiness without legitimate reason on two occasions in one class will be considered as an unexcused absence. Tardiness will result in hours in class being reduced by the actual time missed (hours attended are shown on the completion certificate) and will be considered as far as evaluating the student for overall employability. Interruption for Unsatisfactory Attendance – Students with three unexcused absences in any class will receive written notification of academic probation for a period of one month or until the end of class, whichever comes first. Any unexcused absences during such probationary period will be a cause for interruption of the student's training program. Cutting classes will be considered unexcused absences. Make-up work may be required for any absence. However, hours of make-up work cannot be accepted as hours of class attendance and hours of class attendance will have to be made up. Leave of absence – Written requests for leaves of absence will be considered and leaves may be granted to students at the discretion of the school. If the student is funded through a third party, the third party will have to be notified of the intention to take a leave of absence, as they may have their own policies regarding a leave of absence. If you are granted a leave of absence, you may take future classes if the third party payer allows or if you paid for the class to complete your hours. Our policy is to always grant leaves of absences for those who have paid privately and for those who have approval for a leave

of absence from a third party payer. Those who have third party payers and are not granted approval for a leave of absence by the third party payer will not be granted a leave of absence.

CANCELLATION, WITHDRAWAL AND REFUND POLICIES

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance of the first class session, or the seventh day after enrollment, whichever is later. (CEC 94909)

An institution that participates in the federal student financial aid programs complies with CEC 94919 by complying with applicable regulations of the federal student financial aid programs under Title IV of the federal Higher Education Act of 1965 and must comply with A) through C) below. We, as an unaccredited school, do not and cannot participate in Title IV programs. (CEC 94909 (a)(16) An institution that does not participate in the federal student financial aid programs shall comply with A) through D)(CEC 94920). We participate in WIOA programs Title 1 and comply with A) through D) below.

A) If a student wishes to cancel, the notice of cancellation shall be in writing and sent to any employee (director, instructor, administrative staff or job developer) of the institution at 41 E. Foothill Blvd., #201, Arcadia, CA 91006 or the student may send the notice of cancellation in an e-mail to the e-mail of any employee (director, instructor, administrative staff or job developer) of the school. The effective date of a written notice of cancellation is the date on the notice of cancellation or the date the e-mail was sent. A withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance. If a student does not attend our class for five working days and does not communicate with us regarding this absence, at the end of the fifth day, we will consider such action a withdrawal from class. We will not enforce any refund policy that is not specified in the catalog.(CEC 94919(b), 5 CCR 71750 (b))

B) The institution (The Accounting Annex, Inc.) shall also provide a pro rata refund of nonfederal student financial aid program moneys paid for institutional charges to students who have completed 60 percent or less of the period of attendance. The unearned portion of what has been collected for the institution charges will be refunded to the student. (CEC 94919(c))

C) The institution (The Accounting Annex, Inc.) shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later. (CEC 94919 (d))

D) The institution (The Accounting Annex, Inc.) shall pay or credit refunds within 45 calendar days of a student's cancellation or withdrawal. (CEC 94920 (e)), 5 CCR 71750 (e))

NOTE: If the student does not pay for the program out of her/his own funds, there are no refunds directly to the student. Refunds are paid to the agency providing the grant.

A pro rata refund pursuant to section 94919(c) or 94920(d) or 94927 of the Code shall be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student, calculated as follows:

(1) The amount owed equals the daily charge for the program (total institutional charge, divided by the number of days or hours in the program), multiplied by the number of days student attended, or was scheduled to attend, prior to withdrawal.

(2) Except as provided for in subdivision (3) of this section, all amounts paid by the student in excess of what is owed as calculated in subdivision (1) shall be refunded.

(3) Except as provided herein, all amounts that the student has paid shall be subject to refund unless the enrollment agreement and the refund policy outlined in the catalog specify amounts paid for an application fee or deposit not more than \$250.00, books, supplies, or equipment, and specify whether and under what circumstances those amounts are non-refundable. Except when an institution provides a 100% refund pursuant to section 94919(d) or section 94920(b) of the Code, any assessment paid pursuant to section 94923 (Student Tuition Recovery Fund fee) of the Code is non-refundable. (5 CCR 71750 (c))

If an institution (The Accounting Annex, Inc.) has collected money from a student for transmittal on the student's behalf to a third party for a bond, library usage, or fees for a license, application, or examination and the institution has not paid the money to the third party at the time of the student's withdrawal or cancellation, the institution shall refund the money to the student within 45 days of the student's withdrawal or cancellation. (5 CCR 71750 (d))

The institution (The Accounting Annex, Inc.) shall maintain a cancellation and withdrawal log, kept current on a monthly basis, which shall include the names, addresses, telephone numbers, and dates of cancellations or withdrawal of all students who have cancelled the enrollment agreement with, or withdrawn from, the institution during the calendar year. (5 CCR 71750 (f))

The Accounting Annex, Inc. gives an enrollment agreement to the student to sign at the beginning of class on the first day of class. If a student gives a notice of cancellation that day or 7 working days from the first day of class, she/he will receive a 100% refund.

Examples of cancellation and refund policy:

Example 1: Student pays \$4750 and enrolls on January 2, the first day of class. On January 9 the student gives an employee of The Accounting Annex, INC. a written notice of cancellation. The student will receive a 100% refund.

Example 2: Student pays \$4750 and enrolls on January 2, the first day of class. The student sends us a notice of cancellation to our school that is dated January 15. The notice of cancellation is dated after the first day of class, after 7 days of enrollment and the student has completed 10 working days of class ($10/22=45\%$) less than 60% of the class. The pro rata calculation of the refund is calculated by dividing the entire institution charges by 22 days, the length of the class, which is \$215.91 per day. The earned amount is 10 days x \$215.91 or \$2159.10. The earned

charges are subtracted from what has been paid to calculate the unearned institutional charges/refund, \$2590.90 (\$4750-\$2159.10)

Example 3: Student pay \$4750 and enrolls on January 2, the first day of class. On January 23, the student e-mails our instructor a notice of cancellation. The student has attended 16 working days of class. Since the student has finished more than 60% of class, there is no refund due.
