## **INTRODUCTION**

Welcome to California Technical Academy, *our Philosophy*

We are dedicated to the belief that all students who want the opportunity to develop technical skills which will enable them to secure and retain productive, rewarding career positions should have that opportunity. California Technical Academy is committed to providing an education, which delivers the maximum amount of training in the minimum amount of time with the flexibility that working students need to be successful. Our dedication to the overall success of the student compels the team to continually strive to maintain its reputation of delivering the highest quality training possible with a combination of a qualified, experienced staff, current, well-organized curriculum, and an array of modern equipment which reflects current industry standards.

The focus of all instruction is "hands on" training with actual hardware and software used in today's modern businesses. California Technical Academy develops all curriculum to relate directly to the needs of businesses and industry.

## **MISSION**

*California Technical Academy's mission is to provide career and technical education with a focus on skills development, performance assessment and industry certifications that lead to entry level employment and/or career advancement.*

## **VISION**

California Technical Academy is committed to providing individuals the training needed to transition into high tech and office application jobs in Network Engineering, Network Administration, Technical Support, Cybersecurity, Office Administration, Office Applications, Medical Front Office as well as other areas in computer and office industry. California Technical Academy will help meet the growing demand for technical professionals and assist individuals in reaching their career goals. In keeping with our mission and vision, California Technical Academy strives to:

1. Educate and train students with the current equipment found in today's automated offices;
2. Assist students in developing their technical skills to meet industry standards;
3. Provide students with the most skilled and experienced staff available who are devoted to the personal and career development of every student;
4. Offer job placement assistance services in the pursuit of securing employment.

## **INSTRUCTION**

In order to provide our students with innovative, progressive, technical training, in the most flexible environment imaginable California Technical Academy has implemented an educational system which allows students to train with scenario-based environments that replicate real world situations. California Technical Academy offers schedule flexibility and support from the beginning to the end of the certification process. Our unique CTA 5 approach to learning will provide students with the information they need for exam preparation and provide the scenario-based environments for the experience needed to build a strong foundation in each course of study.

Students have the choice of selecting a traditional program where all training is done inside the facility or a hybrid program where they have the convenience of completing a portion of the theoretical part of the program and complete projects at home or in an environment of their choosing, and then come

into the school's hi-tech facilities to attend lectures, complete all the labs, complete lab mastery exercises, attend lab lectures, attend workshop lectures, complete all block quizzes, semi-finals and finals, complete pre-certification mastery exercises and do certification testing or a distance learning program where all educational and learning activities are done outside of the training facilities at the students location of choice. California Technical Academy's revolutionary training products use "applied simulation" to give students experience with each course of study. Instructors deliver lectures, direct all hands-on training preparation and labs, deliver all quizzes and tests, review certification mastery exercises and direct each student's educational program. We also offer Certified Professional guided workshops in the day, evenings and on weekends, which provide extra direction. Support is also available through e-mail, telephone, Zoom, Discord and on-line through student services.

## **INSTRUCTORS**

California Technical Academy is committed to employing instructors who are qualified to instruct each course, as well as committed to addressing different learning styles and training goals for each individual student. Our instructors assist students in setting up their training goals and meeting those goals. Instructors lecture on theoretical concepts and on the hands-on training concepts. Direct pre-lab exercises, direct, monitor and review labs with students, monitor and review quizzes and testing exercises with students, review and provide individual hands-on training in the training labs and design, deliver and review practicum exercises for students. Instructors are available to students during school hours or by appointment for one on one consultation and assistance. Telephone conference, Zoom, Discord and on-line support are also available. Our instructors are committed to tracking each student's progress and providing support from the beginning of the student's program through graduation.

## **APPROVAL AND ACCREDITATION**

California Technical Academy is a private institution approved to operate by the California Bureau for Private Postsecondary Education. Approval to operate means the institution is compliant with the minimum standards contained in the California Private Postsecondary Education Act of 2009 (as amended) and Division 7.5 of Title 5 of the California Code of Regulations.

California Technical Academy is approved by the VA Approving Agency to enroll Veterans and other eligible persons.

California Technical Academy is institutionally accredited by the Commission of the Council on Occupational Education (COE).

California Technical Academy is approved by the Department of Education.

## **OTHER APPROVALS AND PARTNERSHIPS**

- Microsoft IT Academy Program Member
- CompTIA Authorized Academy
- CompTIA - Troops to Tech Careers - Training Centers
- Cisco Academy
- EC-Council Academy
- California Eligible Training Provider – WIA, EDD

- TestOut Partner
- Official Pearson VUE Testing Centers
- Official Certiport Testing Centers
- Official NHA Testing Centers
- Approved VA Education Training Centers
- Approved VA Vocational Rehabilitation Training Centers

## **FACILITIES, EQUIPMENT AND MATERIALS**

### **FACILITIES**

All training takes place at the main campus, satellite campus or branch campus and is assigned at the time of enrollment and documented on the enrollment agreement. Administrative Services are available at the Main Campus and the Branch Campus.

Main Campus  
1285 Columbia Ave.  
Riverside, CA 92507

Extension Campus  
41877 Enterprise Circle North, Ste. 200  
Temecula, CA 92590

Branch Campus  
2066 Aldergrove Ave.  
Escondido, CA 92029

California Technical Academy's main campus is approximately 12,000 square feet which consists of a lecture hall, training lab, 3 classroom training rooms, hardware training center, test-prep center, certification testing center, learning resource center, student break room, staff lounge and administrative offices. The satellite campus consists of approximately 17,800 square feet and consists of 2 lecture halls, 2 training labs, 3 classroom training rooms, hardware training center, 2 test prep centers, certification testing center, a learning resource center, 2 student break rooms, 2 staff lounges and offices. The branch campus consists of approximately 20,000 square feet and consists of a lecture hall, 2 training labs, 4 classroom training areas, hardware training center, 2 test prep centers, certification testing center, learning resource center, student break room, staff lounge and administrative offices.

### **EQUIPMENT**

The training labs of all facilities contain 26 computers, 16 - 18 servers, 6 routers and 4 switches so the Information Technology students can perform hands on training exercises. The study halls at all facilities contain 24 computers and 18 - 28 laptop stations for students to perform academic exercises, pre-testing exercises, view previously recorded lectures and for Business Office Applications Specialist students to perform their hands-on exercises. The lecture halls of all facilities have 30 seats, a projector and the capability for any student to hook up their laptop to the educational network and perform academic exercises, view previously recorded lectures and/or perform hands-on exercises as well as 10 computers for students to view previously recorded lectures. The test prep centers in all facilities contain 20 computers so students can take practice tests in preparation for the certification test. The certification testing centers of all facilities contain 8 computers set up to provide Pearson VUE Authorized Testing, Certiport Authorized Testing and NHA Authorized Testing. All facilities have a student break room with vending machines, a fridge, microwave, table and chairs.

### **MATERIALS**

Every Student receives the following materials/training supplies:

Laptop Computer w/Backpack

Training Software

Study Guides/Lab Manuals for each course

Block Schedule Binder

## **TRAINING FACILITIES HOURS OF OPERATION**

Monday:	9:00 a.m. to 8:00 p.m.	Thursday:	9:00 a.m. to 8:00 p.m.
Tuesday:	9:00 a.m. to 8:00 p.m.	Friday:	9:00 a.m. to 1:00 p.m.
Wednesday:	9:00 a.m. to 8:00 p.m.	Saturday:	9:00 a.m. to 5:00 p.m.

## **ADMISSION POLICIES AND PROCEDURES**

The Admissions office is open Monday thru Thursday 9:00 a.m. to 8:00 p.m. and Friday and Saturday 9:00 a.m. to 1:00 p.m. Admission appointments need to be established through one of our California Technical Academy locations and take place at the Main Campus and the Branch Campus. If a prospective student is unable to meet with a member of our administrative staff during the hours of operation, please contact the Admissions department for special arrangements.

## **ADMISSIONS REQUIREMENTS**

An applicant must:

- A. Be a high school graduate; have a GED; or have successfully completed a homeschool program. An applicant must provide documentation to verify the academic credential, for example, a high school diploma, a high school transcript, a GED diploma/certificate, or evidence of completing a homeschool secondary education with appropriate approvals.
- B. Earn a passing score on an institutionally administered entrance examination or submit a transcript of successful completion of a C or better of 6 units/credits in English, Math, History or Science from an accredited college or university or have earned a bachelor's degree.
- C. Complete an interview with a CTA admissions representative.

## **ENROLLMENT PROCESS**

Applicants must schedule a personal interview with an admissions representative. The applicant will tour the campus during the admissions appointment.

Applicants must complete the entrance examination and the CTA Learning Questionnaire which are both used to counsel students regarding program readiness.

California Technical Academy will distribute the following disclosures, evidenced by collecting the applicant's signature.

- School Performance Fact Sheet
- School Catalog
- Harassment Policy

When an individual has decided California Technical Academy is his/her school choice, the applicant will be asked to complete all required admissions paperwork and sign an enrollment agreement.

## **IDENTITY VERIFICATION**

Each student's identity will be verified upon enrollment, when scheduled to take a certification exam and when taking a certification exam. Acceptable forms of identification include passports, a driver's license, state issued I.D. and government issued identification that includes a photo. Additional identification may be required when scheduling and taking certification exams. We will notify each student of the required identification prior to scheduling the exam.

## **EQUIPMENT REQUIREMENTS**

Each student is required to have access to a Laptop Computer or Personal Computer (PC) and internet access. Apple computers are not compatible with the training programs offered at California Technical Academy. A laptop computer is included with the CTA programs.

## **NON-DISCRIMINATION POLICY**

CTA adheres to a strict policy of non-discrimination. We will not discriminate for or against any applicant on the basis of sex, race, ethnic origin or religion

## **FOREIGN STUDENTS AND ENGLISH LANGUAGE SERVICES**

California Technical Academy does not offer visa services to prospective students from other countries or English language services. California Technical Academy does not offer English as a Second Language instruction. All instruction occurs in English. English language proficiency is documented by:

1. the admissions interview; and
2. California Technical Academy's receipt of prior education documentation as stated in the admissions policy.

## **ABILITY-TO-BENEFIT**

California Technical Academy does not admit ability-to-benefit students.

## **TRANSFER OF CREDIT**

California Technical Academy does not accept transfer credit from any other educational institutions or for challenge examinations, achievement tests, or experiential learning. California Technical Academy does, however, accept transfer hours for courses based on documentation of passed industry certification exams that correspond directly with California Technical Academy courses. If the California Technical Academy accepts a transfer of hours, there will be a written record of the previous education and training in the students file and it will clearly indicate that a transfer of hours has been granted and the training period shortened based on the accepted transfer hours. (NOTE: ALL PRIOR TRAINING MUST BE EVALUATED)

If a student wishes to transfer between programs at California Technical Academy, the student must receive prior approval from the Director.

## **NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION**

The transferability of credits you earn at California Technical Academy is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in the program is also at the complete discretion of the institution to which you may seek to transfer. If the hours or certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending California Technical Academy to determine if your hours or certificate will transfer.

California Technical Academy has not entered into an articulation or transfer agreement with any other college or university.

## **ENROLLMENT PERIODS**

California Technical Academy starts new students based off published terms. A student may begin a training program on any available start day after they have been accepted as a student. A representative and the student will create his/her instructional schedule, which will include their specific beginning and end dates. This schedule is based on the program the student chooses and the program training option and program schedule they choose.

## **VETERANS BENEFITS AND TRANSITION ACT OF 2018 – SECTION 103**

In compliance with Section 103 of the Veterans Benefits and Transition Act of 2018, California Technical Academy will not impose the following penalties to covered individuals\* due to the delayed disbursement of funding from the Department of Veterans Affairs:

- preventing nor delaying the student's enrollment,
- the assessment of late fees,
- the denial of access to any resources available to other students who have satisfied their tuition and fees bills to the institution,
- or require the student to secure alternative or additional funding

To qualify for this provision, such students are required to:

- Produce a Certificate of Eligibility\*\*;
- Provide a written request to be certified;
- Provide additional information needed to properly certify the enrollment as required by the School Certifying Official.

This provision ends on the earlier of the following dates:

- The date on which payment from the VA is made to the institution
- 90 days after the date the institution certified tuition and fees following the receipt of the Certificate of Eligibility

\*Covered individuals is defined as any individual who is entitled to educational assistance under Chapter 31, Vocational Rehabilitation and Employment or Chapter 33 Post 9/11 G.I. Bill®

\*\* Certificate of Eligibility is defined as a Certificate of Eligibility, a Statement of Benefits or a VA Form 28-1905 Authorization and Certification of Entrance or Reentrance Into Rehabilitation and Certification of Status.

## PROGRAMS

### Information Technology Systems Engineer

Available at: Main Campus • Extension Campus • Branch Campus

#### Objective

This program teaches students through theory lectures, lab lectures, discussions, demonstrations, textbook exercises, classroom training, certification test-prep mastery and is designed to prepare the student for the CompTIA A+ and Microsoft Certified Azure Solutions Expert certification exams. This program will teach the student how to properly install, configure, upgrade, troubleshoot, repair microcomputer hardware and design, deploy, support, administer and design a Windows Server based network. This course is intended for individuals entering the IT industry, as well as current support professionals who support other networks. The A+, MDAA, MAAA, MASEA, MADA and MASA credentials are the most widely recognized technical certifications in the industry. By completing this program individuals are demonstrating that they have the skills necessary to lead organizations in the successful design, implementation, and administration of the most advanced Microsoft Windows Server and Cloud platforms.

#### SOC Code: 15-1199.02 – Computer Systems Engineer / Architects

Occupations	Certifications
Systems Engineer	A+ - CompTIA A+ I.T. Technician
Network Architect	PC Pro
Systems Administrator	Modern Desktop Administrator Associate
IT Security Specialist	Client Administrator
Systems Analyst	Server Pro: Install and Storage
Network Administrator	Server Pro: Networking
Desktop Support Specialist	Server Pro Identity
Network Support Specialist	Azure Administrator Associate
Computer Support Specialist	Azure Security Engineer Associate
	Azure Developer Associate
	Azure Solutions Architect Expert

## Information Technology Systems Administrator

Available at: Main Campus • Extension Campus • Branch Campus

### Objective

This program teaches students through theory lectures, lab lectures, discussions, demonstrations, textbook exercises, classroom training, certification test-prep mastery and is designed to prepare the student for the CompTIA A+ Technician and Microsoft Certified Azure Associate certification exams. This training targets those individuals who want a career administering and manage network environments that use Windows Server technology. Considered mid-level training, the Information Technology Systems Administrator is a steppingstone to the Systems Engineer program. This training will advance your career by ensuring you have the skills to successfully manage and troubleshoot system environments running on the Windows Operating System, Windows Server and Windows Cloud Technology.

### SOC Code: 15-1142.00 - Network and Computer Systems Administrators

Occupations	Certifications
Systems Administrator	A+ - CompTIA A+ I.T. Technician
IT Security Specialist	PC Pro

## Information Technology Network Support Specialist

Available at: Main Campus • Extension Campus • Branch Campus

### Objective

This program teaches students through theory lectures, lab lectures, discussions, demonstrations, textbook exercises, classroom training, certification test-prep mastery and is designed for beginners as well as seasoned Computer Support Specialist's to teach essential skills needed to advance one's career and pass the CompTIA's A+, Microsoft's MDAA/Microsoft Modern Desktop Administrator Associate, Network+ and Security+ certification exams. Along with attaining the PC Pro Certification, Network Pro Certification and the Security Pro Certification, this comprehensive program will cover Computer Training Essentials, I.T. Technician, Networking Essentials, Installing, Configuring and Administering Windows Professional, and Security Essentials. This training targets those individuals who want a career providing support to Network Administrators, Network Engineers and/or support for desktop computer users. The certifications that students obtained are considered premiere career-level certifications. The A+ I.T. Technician, MDAA, Network+ and Security+ credentials are some of the most widely recognized technical certifications in the industry.

### SOC Code: 15-1152.00 - Computer Network Support Specialists

Occupations	Certifications
Network Support Specialist	A+ - CompTIA A+ I.T. Technician
Desktop Support Specialist	PC Pro
Computer Support Specialist	Modern Desktop Administrator Associate
Helpdesk Specialist	Network+ - CompTIA Network+
Computer Technician	Network Pro
Helpdesk Technical Support	Security+ - CompTIA Security+
I.T. Support Technician	Security Pro

## Information Technology Computer Technician

Available at: Main Campus • Extension Campus • Branch Campus

### Objective

This program teaches students through theory lectures, lab lectures, discussions, demonstrations, textbook exercises, classroom training, certification test-prep mastery and is designed for beginners as well as seasoned computer users. The program teaches students to properly install, configure, upgrade, troubleshoot and repair microcomputer hardware. This course prepares students to pass the CompTIA A+ I.T. Technician certification exam. Students will also learn essential operating system competencies and basic knowledge of DOS, Windows Operating Systems. The A+ certification is a CompTIA-sponsored testing program that certifies the competency of entry-level computer service technicians.

### SOC Code: 15-1151.00 - Computer User Support Specialists

Occupations	Certifications
Computer Technician	A+ - CompTIA A+ I.T. Technician
I.T. Support Technician	PC Pro
Field Service Technician	
Helpdesk Technician

## Business Office Administrative Specialist

Available at: Main Campus • Extension Campus • Branch Campus

### Objective

This program teaches students through theory lectures, lab lectures, discussions, demonstrations, textbook exercises, classroom training, certification test-prep mastery and is designed for beginners as well as seasoned Microsoft Office Users to teach essential skills needed to advance one's career in business office administration. This program also includes the Intuit QuickBooks Certified User training. QuickBooks is the bookkeeping and accounting program that most companies use.

### SOC Code: 43-9061.00 – Office Clerks, General

Occupations	Certifications
Administrative Assistant	Microsoft Office Specialist for Business Office
Office Manager	Intuit QuickBooks Certified User for Business Office
Billing Assistant	Typing Certificate of Mastery
Payroll Clerk	
Bookkeeping Specialist	
Accounts Payable Specialist	
Accounting Assistant	
Executive Assistant

<b>Total Hours</b>		<b>1350</b>

## **TRAINING DESCRIPTION**

- Lecture – Lectures that review the theory of the course chapters and blocks.
- Project Prep Lectures – Lectures that preview projects to be completed and skills to be mastered.
- Lab Prep Lectures – Lectures that preview lab training to be completed.
- Workshop Lectures – Lectures specific to the topics and skills needed to be able to perform the job you are being trained to do.
- Hands-on Classroom Training - Training labs that are directed, managed, verified and checked by Instructors. Instructor/Student review is required.
- Hands-on Training Mastery – Instructor/Student theoretical review of completed labs to verify mastery.
- Practicum – Comprehensive course project that is directed, managed, verified and checked by Instructors. Includes Instructor/Student review.
- Testing and Certification Test-Prep Mastery– Mastery verification of theory and lab work with Instructor/Student review of Certification Test Prep activities that include: Block Quizzes, Domain Tests, Measure-up Exams, Semi-Final Exams and Final Exams.
- Academic Training – Mastery review of theory. Directed, managed and reviewed with the student, by the Instructors – Includes: Pre-Lab Tasks, Pre-Lab Task Verification, Fact Sheet Mastery Verification, Chapter Mastery Verification, Acronym Introduction and Acronym Mastery Verification.
- Certification Testing – Successful mastery of certification testing, includes Instructor/Student review.

## COURSE DESCRIPTIONS

### **PROGRAM: INFORMATION TECHNOLOGY SYSTEMS ENGINEER**

#### **ITSE101 Computer Training Essentials for Systems Engineers**

**Prerequisite: None**

The ITSE101 Course teaches how to install, repair, configure, secure, and manage computer hardware, operating systems, and software in a corporate environment.

#### **ITSE102 Technician Essentials for Systems Engineers**

**Prerequisite: ITSE101**

The ITSE102 Course teaches the basic and foundational skills of communication, listening and analysis skills that are essentials for all IT professionals.

#### **ITSE103 Deploying, Configuring and Administering Client O.S. for Systems Engineers**

**Prerequisite: ITSE102**

The ITSE103 Course focuses on teaching configuration tasks performed on the client computer by a systems engineer in a enterprise environment.

#### **ITSE104 Microsoft Systems Administrator**

**Prerequisite: ITSE03**

The ITSE104 Course teaches how to manager subscriptions, secure identities, administer the infrastructure, configure virtual networking, connect on-premises sites, manage network traffic, implement storage solutions, create and scale virtual machines and monitor and back up resources.

#### **ITSE105 Microsoft Systems Security Engineer**

**Prerequisite: ITSE104**

The ITSE105 Course teaches the implementation of security controls, maintaining the security posture, managing identity and access, the protection of data, applications and networks

#### **ITSE106 Microsoft Systems Developer**

**Prerequisite: ITSE05**

The ITSE106 Course teaches how to develop network and cloud compute solutions, develop network and cloud storage, implement network and cloud security, monitor, troubleshoot and optimize network and cloud solutions and connect to and consume network and cloud services and third-party services.

#### **ITSE107 Microsoft Systems Architect Technologies**

**Prerequisite: ITSE106**

The ITSE107 Course teaches the student how to deploy and configure infrastructure, implement workloads and security, create and deploy apps, implement authentication and secure data and develop for the cloud and storage.

#### **ITSE108 Microsoft Systems Architect Design**

**Prerequisite: ITSE107**

The ITSE108 Course teaches the student how to determine workload requirements, design for identity and security, design a platform solution, design a business continuity strategy, design for deployment, migration and integration and design an infrastructure strategy.

## **PROGRAM: INFORMATION TECHNOLOGY SYSTEMS ADMINISTRATOR**

### **ITSA101 Computer Essentials for Systems Administrators**

**Prerequisite: None**

The ITSA101 Course validates the ability to perform tasks such as installation, configuration, diagnosing, preventive maintenance and basic networking. The exams also cover domains such as security, safety and environmental issues and communication and professionalism. Printers and scanners

### **ITSA102 Technician Essentials for Systems Administrators**

**Prerequisite: ITSA101**

The ITSA102 Course validates the ability to perform tasks such as installation, configuration, diagnosing, preventive maintenance and basic networking. The exams also cover domains such as security, safety and environmental issues and communication and professionalism.

### **ITSA103 Deploying, Configuring and Administering Client O.S. for Network Administrators**

**Prerequisite: ITSA102**

The ITSA103 Course focuses on teaching configuration tasks performed on the client computer by a systems administrator in a business environment.

### **ITSA104 Microsoft Systems Administrator Associate**

**Prerequisite: ITSA03**

The ITSA104 Course focuses on teaching a deep understanding of the entire administrative environment and teaches you how to maintain services related to computing, storage, network and security.

### **ITSA105 Microsoft Systems Security Engineer Associate**

**Prerequisite: ITSA104**

The ITSA105 Course teaches how to manage identity and access, implement platform protection, manage security operations and secure data and applications.

### **ITSA106 Microsoft Systems Developer Associate**

**Prerequisite: ITSA05**

The ITSA106 Course covers cloud architecture, technology development solutions, storage services, storage solutions and management services.

## **PROGRAM: INFORMATION TECHNOLOGY NETWORK SUPPORT SPECIALIST**

### **ITNSS101 Computer Essentials for Network Support Specialists**

**Prerequisite: None**

The ITNSS101 Course teaches the ability to perform tasks such as installation, configuration, diagnosing, preventive maintenance, security and safety.

### **ITNSS102 Technician Essentials for Network Support Specialists**

**Prerequisite: ITNSS101**

The ITNSS102 Course teaches environmental issues, communication and professionalism.

### **ITNSS103 Deploying, Configuring and Administering Client O.S. for Network Support Specialists**

**Prerequisite: ITNSS103**

The ITNSS104 Course focuses on teaching configuration tasks performed on the client computer by a network support specialist in a network environment.

### **ITNSS104 Network+ - Networking Essentials and Network Pro**

**Prerequisite: ITNSS102**

The ITNSS103 Course teaches the networking technologies most commonly used today. It also introduces the underlying concepts of data networking, such as the Open Systems Interconnection (OSI) reference model and the protocols that operate at the various model layers.

### **ITNSS105 Security+ - Security Essentials and Security Pro**

**Prerequisite: ITNSS104**

The ITNSS105 Course teaches foundational, vendor-neutral IT security knowledge and skills. As a benchmark for best practices in IT security, this course covers the essential principles for network security and risk management – making it an important steppingstone for an IT security career.

## **PROGRAM: INFORMATION TECHNOLOGY COMPUTER TECHNICIAN**

### **ITCT101 A+ Computer Training Essentials**

**Prerequisite: None**

The ITCT101 Course validates the ability to perform tasks such as installation, configuration, diagnosing, preventive maintenance and basic networking. The exams also cover domains such as security, safety and environmental issues and communication and professionalism.

### **ITCT102 A+ I.T. Technician**

**Prerequisite: ITCT101**

The ITCT102 Course validates the ability to perform tasks such as installation, configuration, diagnosing, preventive maintenance and basic networking. The exams also cover domains such as security, safety and environmental issues and communication and professionalism.

## **PROGRAM: BUSINESS OFFICE ADMINISTRATIVE SPECIALIST**

### **BOAS101 Microsoft for Business**

**Prerequisite: None**

Microsoft O.S. basics for necessary skills in a business office.

### **BOAS102 Microsoft Word for Business**

**Prerequisite: BOAS101**

Microsoft Word with a focus on business applications.

### **BOAS103 Microsoft Excel for Business**

**Prerequisite: BOAS102**

Microsoft Excel with a focus on business applications.

### **BOAS104 Microsoft Outlook for Business**

**Prerequisite: BOAS103**

Microsoft Outlook with a focus on business applications.

### **BOAS105 Microsoft PowerPoint for Business**

**Prerequisite: BOAS104**

Microsoft PowerPoint with a focus on business applications.

### **BOAS106 Microsoft Access for Business**

**Prerequisite: BOAS105**

Microsoft Access with a focus on business applications.

### **BOAS107 QuickBooks for Business**

**Prerequisite: BOAS106**

QuickBooks with a focus on business applications.

## **PROGRAM: MEDICAL FRONT OFFICE SPECIALIST**

### **MFOS101 Microsoft for Medical Front Office**

**Prerequisite: None**

Microsoft O.S. basics for necessary skills in the medical front office.

### **MFOS102 Microsoft Word for Medical Front Office**

**Prerequisite: MFOS101**

Microsoft Word with a focus on the needed skills for the medical front office.

### **MFOS103 Microsoft Excel for Medical Front Office**

**Prerequisite: MFOS102**

Microsoft Excel with a focus on the needed skills for the medical front office.

### **MFOS104 Microsoft Outlook for Medical Front Office**

**Prerequisite: MFOS103**

Microsoft Outlook with a focus on the needed skills for the medical front office.

### **MFOS105 Microsoft PowerPoint for Medical Front Office**

**Prerequisite: MFOS104**

Microsoft PowerPoint with a focus on the needed skills for the medical front office.

### **MFOS106 Microsoft Access for Medical Front Office**

**Prerequisite: MFOS105**

Microsoft Access with a focus on the needed skills for the medical front office.

### **MFOS107 QuickBooks for Medical Front Office**

**Prerequisite: MFOS106**

QuickBooks with a focus on the needed skills for the medical front office.

### **MFOS108 Anatomy, Physiology and Terminology for Medical Front Office**

**Prerequisite: MFOS107**

This course introduces the fundamentals of Anatomy, Physiology, Pathology, and Terminology for each of the major body systems.

### **MFOS109 HIPAA Compliance and Electronic Health Records**

**Prerequisite: MFOS108**

This course satisfies the training requirement under HIPAA to provide to an employer/organization as proof of training before they can allow you access to their patients' health information and prepares the student to pass the Certified Electronic Health Records Specialist (CEHRS) Certification Test.

## **PROGRAM: MEDICAL BILLING AND CODING SPECIALIST**

### **MBCS101 Microsoft for Medical Billing and Coding**

#### **Prerequisite: None**

Microsoft O.S. basics for needed skills in medical billing and coding.

### **MBCS102 Microsoft Word for Medical Billing and Coding**

#### **Prerequisite: MBCS101**

Microsoft Word with a focus on the needed skills for medical billing and coding.

### **MBCS103 Microsoft Excel for Medical Billing and Coding**

#### **Prerequisite: MBCS102**

Microsoft Excel with a focus on the needed skills for medical billing and coding.

### **MBCS104 Microsoft Outlook for Medical Billing and Coding**

#### **Prerequisite: MBCS103**

Microsoft Outlook with a focus on the needed skills for medical billing and coding.

### **MBCS105 Microsoft PowerPoint for Medical Billing and Coding**

#### **Prerequisite: MBCS104**

Microsoft PowerPoint with a focus on the needed skills for medical billing and coding.

### **MBCS106 Microsoft Access for Medical Billing and Coding**

#### **Prerequisite: MBCS105**

Microsoft Access with a focus on the needed skills for medical billing and coding.

### **MBCS107 Anatomy, Physiology and Terminology for Medical Billing and Coding**

#### **Prerequisite: MBCS106**

This course introduces the structure and function of the human body. You will learn about the cells, tissues and membranes that make up our bodies and how major systems function to help us develop and stay healthy as well as master the necessary terminology.

### **MBCS108 Medical Insurance Billing**

#### **Prerequisite: MBCS107**

This course emphasizes the medical insurance revenue cycle, the rules and guidelines of each health plan, and introduces billing and coding procedures for payment and reimbursement by patients or third-party payers for inpatient and outpatient care settings. This course reviews information about major insurance programs and federal healthcare legislation and simplifies the process of completing health insurance claim forms.

### **MBCS109 Medical Coding**

#### **Prerequisite: MBCS108**

This course covers principles of the International Classification of Diseases Clinical Modification, the International Classification of Diseases Procedure Coding System, Current Procedural Terminology, Healthcare Common Procedure Coding System, reimbursement, and an overview of healthcare laws and ethics. Both inpatient and outpatient codes and procedures and processes will be covered in addition to a breakdown of clinical documentation.

## **ACADEMIC POLICIES**

### **INDIVIDUALIZED TRAINING PLAN AGREEMENT & EDUCATION PLAN**

Every student will meet with their Primary Instructor on the first day of training for their orientation and to complete and sign their Training Plan Agreement and Education Plan. The purpose of the Training Plan Agreement and Education Plan is to set up a training schedule, review completion dates, attendance requirements, tracking/performance Policy, and ensure that the student receives the course materials and information needed to be successful in their program of study.

### **ATTENDANCE**

The attendance requirements at California Technical Academy are based off of the Program Training Option and the Program Schedule Option. Once these two options are determined, the attendance schedule will be structured and established as the students weekly training schedule. Upon enrollment, a student will select a Program Training Option and Program Schedule Option which will be documented on the Education Plan and then their weekly training schedule will be created by their Primary Instructor as part of the Training Plan Agreement.

#### **Program Training and Schedule Options:**

*TS = Traditional Schedule – All training is done inside the training facility*

*HS = Hybrid Schedule – 50% of the training is done inside the facility and 50% of the training is done at home or anywhere the student chooses. Every student participating in a Full-time HS option is required to attend in-school training a minimum of 2 days per week*

*DLHS = Distance Learning Hybrid Schedule - 40% of the training is done inside the facility and 60% of the training is done anywhere the student chooses. Every student participating in the DS option is required to attend in-school training a minimum of 2 days per week.*

*DLS = Distance Learning Schedule – 100% of the training done anywhere the student chooses.*

*22 = Accelerated Training - 22 Hours Per Week.*

*18 = Full-Time Training - 18 Hours Per Week.*

*12 = Part-Time Training - 12 Hours Per Week.*

Students using Full-time VA Educational Benefits are required to complete TS18 – Traditional Schedule - All training done inside the facility – 18 Hours Per Week.

Students using Part-time VA Educational Benefits are required to complete TS12 – Traditional Schedule – All training done inside the facility – 12 Hours Per Week.

Students using VA Vocational Rehabilitation benefits will be required to complete TS22 – Traditional Schedule – All training done inside the facility – 22 Hours Per Week.

Upon enrollment, the student selects the Program Training and Schedule Option which will be documented on the Training Plan Agreement and Education Plan. Weekly attendance requirements are based off of the Program Schedule Code that a student chooses at the time of enrollment. Every student is required to complete a minimum of 22, 18 or 12 hours a week of training.

On their first day of training all students must meet with their Primary Instructor to develop their individualized training plan, weekly training schedule and to fill out the Training Plan Agreement. The attendance policy is based on hours per week required on campus for the Traditional Schedule, hours per week required on campus and hours per week required from anywhere for a Hybrid Schedule and

Distance Learning Hybrid Schedule and hours per week required from anywhere for a Distance Learning Schedule. All students will be monitored by the instructor thru the attendance log in system, the CTA tracking systems, Student Weekly Reports, daily attendance reports and weekly progress reports. All students attending in-school training are required to log in and log out on the automated biometrics system located in the front lobby of every campus. For students attending a Hybrid, Distance Learning Hybrid or Distance Learning Schedule, students are required to log into the CTA tracking system and submit a Student Weekly Report (SWR). To maintain satisfactory attendance the student must follow the outlined training agreement and meet the minimum attendance requirements for the chosen schedule. If you do not meet the minimum requirements you may be required to make up assignments and training time or you may be withdrawn from the program.

Excessive absence and excessive failure to meet minimum requirements may lead to probation or withdrawal from the school. Showing up on time for scheduled attendance is required and demonstrates the professionalism required in the field. You will be considered tardy if you are 15 minutes late for the class start time.

### **Attendance Policy**

1. Good attendance is critical to the successful completion of the program. Students are expected to attend all scheduled classes and be present at the start of the class.
2. If a student does not meet a minimum attendance of 90% in all scheduled classes, he or she will be placed on probation in the next immediate evaluation point. Veterans must maintain at least a 90% attendance rate to continue receiving VA benefits.
3. If at the end of the student's probation, he or she has not improved attendance to 90% or better, the student will be withdrawn from the program. If the student is a veteran utilizing VA benefits, the student's VA benefits will be terminated, and the Department of Veterans Affairs will be notified immediately. Veterans may be re-certified for VA educational benefits after consulting with the school's VA Certifying Official, once the cause for the unsatisfactory progress has been removed, attendance becomes satisfactory, and it is determined that the program is suitable for your aptitude, interests and abilities. Official school holidays or breaks are not considered days of absence, but tardiness or class-cuts may accumulate to constitute 10% in accordance with school policy.
4. If a student fails to attend class for two (2) consecutive weeks, regardless if the school was notified or not of the absence(s), the student will be withdrawn. If the student is a veteran utilizing VA benefits the VA will be notified immediately and will be notified of the last date of attendance.
5. Every student is required to meet individually with their Primary Instructor every other week for a Progress Review and a minimum of once a week to have the Student Progress Checklist signed off and turn in weekly progress reports.
6. Every student is required to sign in and out upon arrival and departure of the facility.
7. All projects and assignments are due on the date scheduled. Failure to turn in projects or assignment on time will result in a failing grade for that project or assignment.
8. If a student signs in and then cuts class without signing out in order to earn credit for attending, the student will be withdrawn from the program. If the student is a veteran utilizing VA benefits the VA will be notified immediately and will be notified of the last date of attendance.

All student questions submitted electronically Monday through Saturday, will receive a response within 24 hours and questions submitted electronically on Sunday will receive a response within 48 hours.

## STUDENT PROGRESS AND GRADING

Every student will receive a Training Binder upon enrollment and included in every Binder is the Student Progress Checklist, Syllabus and Lesson Plan for the program/course(s) they are enrolled in.

All students will be tracked through the course using attendance reports, the submission of Student Weekly Reports and the Student Progress Checklist provided in the Training Binder for tracking progress that is signed off by the Instructor. Each course is divided up into blocks with a quiz for each block, a semi-final and final exam for each course. These quizzes, tests and exams are delivered and proctored by the instructor(s) and are graded as follows:

<u>Grade</u>	<u>Percentage</u>	<u>Definition</u>
A	90% - 100%	Has satisfactorily met all minimum course requirements.
B	80% - 89%	Has satisfactorily met all minimum course requirements.
C	70% - 79%	Has satisfactorily met all minimum course requirements.
F	69% or Lower	Has not satisfactorily met all minimum course requirements.

For a student to graduate, remain in school or successfully complete a block and/or course they must attain a C grade or higher which is a passing score of 70% or higher. The goal of California Technical Academy is to prepare you for industry certification and employment and successfully completing the quizzes and tests is a good determination of the ability of the student to pass the industry certification exam and is a qualitative measure of academic progress. To have an instructor sign off on the appropriate box on the Student Progress Checklist, the student must successfully complete all projects and assignments with a 70% or better and the corresponding quiz and/or test and/or exam with an 86% or higher. Industry certification exams will be scheduled only after the student has successfully attained a passing score on the projects, assignments, block quizzes, semi-finals and has passed the final exam delivered by a CTA Instructor. Upon successful completion of all the projects, assignments, block quizzes, semi-finals and final exams for the course, the student will emailed a digital certificate of completion, upon request, for that course and will be scheduled to take the industry certification exam for that course. Completing the certification exam is not required for successful completion of the program, students can opt out of certification testing. At any time, a student may meet with their primary instructor to discuss their academic progress.

All block quizzes, semi-finals and final tests are administered by the instructor on a pass/fail basis. To achieve a pass the student will be required to answer a minimum of 86% of the questions correct. The student will be allowed to retake the quiz or test as needed. However, the student will not see the exact same test twice. California Technical Academy has developed a battery of thousands of test questions eliminating the ability for a student to memorize test questions and not benefit from the educational process. If a student fails to pass a quiz or test by the fourth try, the student will be withdrawn. If the student is a veteran utilizing VA benefits the VA will be notified immediately.

Every student must meet with their Primary Instructor once every two weeks for a Progress Review to review the Student Progress Checklist and discuss the student's progress.

Failure to meet with their Primary Instructor for 6 consecutive weeks will result in probation and possibly withdraw. If the student is a veteran utilizing VA benefits the VA will be notified immediately.

## Grading Policy

<u>Grade</u>	<u>Percentage</u>	<u>Definition</u>
A	90% - 100%	Has satisfactorily met all minimum course requirements.
B	80% - 89%	Has satisfactorily met all minimum course requirements.
C	70% - 79%	Has satisfactorily met all minimum course requirements.
F	69% or Lower	Has not satisfactorily met all minimum course requirements.

## CERTIFICATION TESTING

### Testing Available

The curriculum of the California Technical Academy programs is specifically designed to prepare students for industry certification and teach the skills that employers require on-the-job. However, certification testing is not required to successfully complete the course. Successful completion of the course is completing all projects and assignments with a 70% or better and quizzes, semi-finals and finals with an 86% or better. Students can opt out of certification testing. However, to validate these skills, students are encouraged to take the associated industry certification exams. Every student is eligible for one certification voucher per exam pending successful course completion. California Technical Academy's facilities are all approved Pearson-VUE, NHA and Certiport test centers. For student convenience, testing is offered at all our facilities.

If a student does not attain a passing score on a certification test, they will receive a testing report that will clarify the blocks that they are weak in and be given the opportunity to retest. The student will then review those blocks, take practice tests to verify mastery of the concepts and then retake the certification exam, within 14 days. Passing the certification exam is not a requirement of the program and is limited to three attempts. Students can opt out of certification testing at any time.

### Pass or Retest at No-Cost Policy

California Technical Academy is so confident in the quality of our training that we provide students with a No-Cost Retest Policy. If you take a certification exam and fail, California Technical Academy will cover the cost of up to three retakes. A few simple rules apply:

1. You must complete all training required by the course syllabus in the required timeframe.
2. You must successfully pass all course assignments with an 86% or better, verified by an instructor, before your first attempt.
3. If you are retesting, you must complete all remedial material with a 90% or better, as assigned by an instructor, and verified by an instructor.
4. All retesting attempts must be completed no more than 14 days from date you failed. Exceptions limited to vendor rules.

## LEAVE OF ABSENCE

We realize emergencies occur and we understand the impact these emergencies can have on a student's ability to learn. In cases of serious illness, death in the family, military duty or any other emergency circumstances, you may request a leave of absence in writing. This request must be submitted to the Director for approval. Requests for a leave of absence (LOA) will be considered on an individual basis and must be approved by the Director. All requests will be dated and signed by the student and the Director and will be placed in the student's file prior to the effective date of such leave of absence. If the student is a veteran utilizing VA benefits the VA will be notified immediately by the school certifying official.

A leave of absence cannot exceed 120-days. A one 60-day leave of absence may be granted due to extenuating circumstances, if the request is put in writing and provided to the Director. If the leave of absence exceeds 90-days and the Director has not received and approved an extension request, the last day class was attended shall be considered as the date for calculating refunds. Failure to return from leave will result in termination from the program. If the student is a veteran utilizing VA benefits the VA will be notified immediately by the school certifying official.

## **GRADUATION REQUIREMENTS**

Students of California Technical Academy that meet the following requirements will receive a certificate of completion for their program of study:

1. Complete all projects and assignments with a C grade or better.
2. Pass all block quizzes and semi-finals with a C grade or better.
3. Pass the course final with a C grade or better.
4. Meet the minimum attendance requirement.

## **WITHDRAWAL FROM PROGRAM**

A student shall be withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.
- The student has failed to attend class for two (2) consecutive weeks.
- The student fails to return from a leave of absence.

## **CONDUCT REQUIREMENTS**

Students are expected to dress and act in a businesslike manner while on campus. Students will need to keep voice levels to a minimum in the study groups and lab areas. At the discretion of the school administration, a student may be placed on probation, suspended or dismissed from school for not following school regulations or displaying unprofessional behavior.

California Technical Academy will not tolerate any form of sexual harassment, intoxication or drugged state of behavior, possession of weapons on school premises, behavior creating a safety hazard to the persons at school, disobedient or disrespectful behavior to another student, an administrator, or facility member, or failure to conform to student requirements.

If a student believes that he/she has encountered one of the conduct violations, he or she is asked to report the event to an instructor, staff, or management member of the school. An investigation of such report will be conducted, and appropriate action taken based on facts obtained.

## **APPEAL PROCESS (NON-ACADEMIC)**

Students who feel they have been unjustly placed on probation, suspension or terminated from a program for non-academic reasons have the right to appeal the decision. This appeal must be in writing to the Director. In the request, the student must state the reason(s) for the appeal. The Director will review all appeals. Appeals must be submitted within three (3) days of the start of probation, suspension or termination. A written response will be provided within ten (10) days of receipt of the

appeal. All appeal decisions are final. Students who fail to meet satisfactory academic progress standards and want to file an appeal should follow the policy on Page 38 of this catalog.

## **REINSTATEMENT**

Students who wish to request reinstatement may provide a letter to the Director. The letter should describe the reason for withdrawal and any changes in circumstances that will allow the student to successfully complete the enrollment if granted reinstatement.

A written response will be provided within ten (10) days of receipt of the reinstatement request. All reinstatement decisions are final.

## **RE-CERTIFICATION POLICY**

Veterans or other eligible persons who have been interrupted for VA pay purposes because of excessive absences will not be reinstated prior to ONE MONTH from the date of interruption. A veteran or other eligible person who has been interrupted for VA pay purposes for excessive absences caused by an emergency or emergencies such as personal illness or death in the immediate family, jury service, etc., may re-enter training upon presentation of acceptable evidence to the institution. Such evidence will be placed in the student's file.

## **SATISFACTORY ACADEMIC PROGRESS POLICY**

Satisfactory academic progress is the minimum academic standards which students must maintain to demonstrate that you are completing training at a rate that will allow you to graduate with the approved length of the program. The satisfactory academic progress standards include a Qualitative requirement or Grade (Cumulative Grade Point Average {CGPA}), and a Quantitative requirement or Pace (program completion rate). The Maximum Time Frame in which to complete the program is 150% of the length of the program.

Satisfactory academic progress standards apply to all students regardless of enrollment status, program, or financial aid eligibility. Satisfactory academic progress standards are cumulative for all periods of enrollment and is the ongoing demonstration that you are completing the training at a rate that will allow you to graduate within the approved length of the program. You must make satisfactory progress toward completion of the program in which you are enrolled. If you are a veteran, you must make satisfactory academic progress to continue receiving veterans' benefits. Progress will be monitored by your instructors and for veterans it will be verified by the school's VA Certifying Official.

1. California Technical Academy will evaluate each student's progress at 25%, 50%, 75% and 100% of all coursework.
2. Students are expected to maintain a grade of C or better at the end of each evaluation point in order to be deemed as progressing satisfactorily.
3. If a student does not meet the minimum grade of C or is not making satisfactory progress at the end of any evaluation point, he or she will be placed on academic probation for 30 days, at which time your grade and progress will be reevaluated.
4. If at the end of the student's 30 day probation period, satisfactory improvement is not made the student will be withdrawn and if the student is a veteran, utilizing VA benefits, the student's VA benefits will be terminated, and the Department of Veterans Affairs will be notified immediately.
5. Students will only receive VA benefits, based on their eligibility, for the published length (100%) of the program. The VA will only pay for standard hours in the approved program of

study. Once you have completed the standard hours in the approved program, your benefits will cease. This is true regardless of your remaining educational benefit entitlement. To use the remaining entitlement, you would have to enroll in a new program

### **Evaluation Periods**

There are four evaluation periods for each program. The first evaluation period covers the first 25% of the program, the second evaluation period covers up to the 50% mark of the program, the third evaluation covers up to the 75% mark of the program and the fourth evaluation covers up to the 100% mark of the program. Evaluations are done after a student attends the requisite clock hours in each evaluation period.

Program	1 <sup>st</sup> Evaluation Period	2 <sup>nd</sup> Evaluation Period	3 <sup>rd</sup> Evaluation Period	4 <sup>th</sup> Evaluation Period
Information Technology Systems Engineer	1 - 300	301 – 600	601 - 900	901 - 1200
Information Technology System Administrator	1 – 225	226 – 450	451 - 675	676 – 900
Information Technology Network Support Specialist	1 – 225	226 – 450	451 – 675	676 - 900
Information Technology Computer Technician	1 – 57	58 – 114	115 – 171	172 – 230
Business Office Administrative Specialist	1 – 225	226 - 450	451 – 675	676 - 900
Medical Front Office Specialist	1 – 300	301 – 600	601 – 900	901 – 1200
Medical Billing & Coding Specialist	1 – 338	339 – 677	678 – 1016	1017 - 1350

### **Qualitative Requirement or Grade**

The Cumulative Grade Point Average (CGPA) measures the quality of a student’s coursework. Students are graded on a grading scale, with a C grade or 70% or higher necessary to pass. A student must have a Cumulative Grade Point Average (CGPA) of at least a C grade or 70% or higher to be making satisfactory academic progress.

### **Quantitative Requirement or Pace**

Pace measures a student’s progress in completing the program within the Maximum Time Frame. Pace is calculated by dividing the number of clock hours attended by the number of clock hours offered/scheduled, that is, the student’s attendance percent. A student must have cumulative attendance of 90% at the end of each evaluation period.

### **Maximum Time Frame**

A student who successfully completes only the minimum pace percentage as outlined below, will be enrolled beyond the normal program length. A student must complete his/her program within 150% of the normal program length. Time spent on leave of absence or withdrawn is not used in this calculation. A leave of absence will extend the student’s completion date and maximum time frame.

Maximum time frame is measured in clock hours offered/scheduled and expressed in weeks. For example, if the program is 900 clock hours in length, the Maximum Time Frame is 1350 hours (900 X

150%). This means a student cannot be offered/scheduled for more than 1350 clock hours of coursework in which to earn the 900 clock hours needed to complete the program.

Program	Program Attendance Code	Weeks in Program	Max Clock Hours	Max Weeks
Information Technology Systems Engineer	ITSE22	55	1800	83
Information Technology Systems Engineer	ITSE18	67	1800	101
Information Technology Systems Engineer	ITSE12	100	1800	150

The Maximum Time Frame for a transfer student is adjusted based on the number of clock hours the student needs to complete the program. Transfer hours will be subtracted from the normal program length, with the new program length multiplied by 150% to determine the Maximum Time Frame for completing the program. For example, if the program is normally 900 clock hours, and the student transfers in 200 hours, he/she only needs to complete 700 clock hours to complete the program. The Maximum Time Frame is 1050 clock hours (700 X 150%) expressed in weeks (700 total hours / 18 hours per week = 39 weeks).

### ***Program Completion***

Upon successful completion of the program, you will receive a certificate of completion. For veterans, your VA educational benefits expire on the earliest of either the date you reach the total hours approved for your program or on the date you complete or terminate your enrollment in the program. When you complete your program, please notify the school's VA Certifying Official as soon as possible so that the VA can be informed within 30 days.

### ***Probation***

Students who fail to meet minimum requirements for attendance or academic progress at the evaluation point, will be deemed ineligible for Title IV funding for the next payment period. Students

may appeal this decision. See “Appeal” for additional instructions. Additionally, only students who have the ability to complete their program within the maximum timeframe would be eligible for probation.

### ***Appeals (Academic)***

If a student is determined to not be making satisfactory academic progress at the evaluation point and therein denied eligibility for Title IV funding, the student may appeal the determination within ten calendar days. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards. This information should include what has changed about the student’s situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed, and a decision will be made and reported to the student in writing within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the student will be placed on probation for the current payment period and federal financial aid will be reinstated, if applicable.

### ***Dismissal***

A student who fails to meet the condition of his/her Academic Plan, will be dismissed. Only under mitigating circumstances will the Director allow the student to remain in school.

A student who is dismissed for satisfactory academic progress reasons, and fails to win his/her appeal, may apply to be readmitted after a wait period of no less than four weeks.

### ***Loss of Federal Student Aid***

A student, who fails to meet the satisfactory academic progress standards at the end of the Academic Probation with an Academic Plan period, will lose eligibility for federal student aid. If permitted by the Director, the student may continue in school without federal student aid. The student must make satisfactory payment arrangements to continue in school.

A student, who loses federal student aid for failing to meet satisfactory academic progress standards, may appeal to the Financial Aid Office for reinstatement of aid. The student must have mitigating circumstances and submit a written appeal according to the schedule stated in the notification letter

### ***Mitigating Circumstances***

California Technical Academy understands that a student may encounter unusual or unexpected circumstances that may impact his/her satisfactory academic progress. A student who feels his/her lack of satisfactory academic progress is due to mitigating circumstances may appeal academic dismissal as outlined in their notification. The Director of Student Services may waive satisfactory academic progress standards for mitigating circumstances.

Mitigating circumstances include, but are not limited to, injury or illness, the death of a relative or other personal or family crisis, or other special circumstances outside the control of the student.

The student must submit a written request for a satisfactory academic progress review due to mitigating circumstances to the Director of Student Services according to the schedule stated in the notification letter. The written request must include the reason for not making satisfactory academic progress and what has changed that will allow the student to regain and maintain satisfactory progress. Documentation of special circumstances should be submitted along with the request. The request should demonstrate that these conditions had an adverse impact on the student’s satisfactory progress.

### ***Repeating Coursework***

Students who do not receive a passing grade on tests or coursework, will be required to review the blocks that they are weak in as determined by the testing report or complete make-up work as determined with their Primary Instructor. A make-up work plan is developed that may include meeting with an instructor and/or assignment. Students, who do not complete the plan by the required date or successfully complete the course, will receive a failing grade and will be withdrawn from the program.

### ***Incomplete Grades***

There are no incomplete grades. If a student does not complete coursework, they receive a failing grade. Students must complete and pass all tests to earn a passing grade.

### ***Withdrawals***

A student may not withdraw from an individual course and continue with the program. The student must continue to review the educational materials in the course, until he/she is able to successfully pass the course.

### ***Non-credit/Remedial Coursework***

California Technical Academy does not offer non-credit or remedial courses as part of its approved programs.

### ***Changing Programs/Additional Credentials***

When a student changes programs or wants to enroll in another program to seek an additional credential, any courses applicable to the new program/credential must be included in the CGPA and Maximum Time Frame for the new program. A minimum of 70% of prior program must be complete to be considered for enrollment into a new program. The Maximum Time Frame will be adjusted for the new program/additional credential just as it is for students who transfer in hours from another institution.

### ***Repetition of Programs***

The Department of Veteran Affairs does not permit re-certification of programs successfully completed in the past.

### ***Financial Aid Ramifications***

A student may receive Federal Student Aid while enrolled and making satisfactory academic progress.

A student will be notified, in writing, if an unsatisfactory academic progress determination results in the loss of federal student aid eligibility. A student may have aid reinstated upon successful appeal of the loss of federal student aid.

In addition to making satisfactory academic progress, a student must successfully complete the hours, weeks and coursework in the first half of the program (payment period) to receive the next disbursement of aid.

## **STUDENT SERVICES**

### **HOUSING**

California Technical Academy does not assume responsibility for student housing, does not have dormitory facilities under its control, nor offers student housing assistance. According to rentals.com

for Riverside, CA rental properties start at approximately \$1,000 per month; for Temecula, CA rental properties start at approximately \$750 per month; for Escondido, CA rental properties start at approximately \$1,000 per month.

### **LEARNING RESOURCE CENTER/LIBRARY**

Every student receives all the texts (study guides and lab manuals) that they will need to complete the training. All training facilities maintain copies of all the student's texts in hard and digital copy located in the instructor's main office. If a student forgets their text and needs to borrow one, they can check out either a hard or digital copy by turning in their student I.D. which is returned to them when they check the book back in. All facilities have a Learning Resource Center with six computers, a printer, pre-configured industry links and industry magazines and books that can be utilized for researching purposes and accessing viable websites for information. Learning Resource Center hours are Monday thru Thursday 9:00 a.m. to 8:00 p.m. Friday 9:00 a.m. to 1:00 p.m. and Saturday 9:00 a.m. to 5:00 p.m.

### **ADVISING SERVICES**

California Technical Academy offers career advising to prospective students on careers specific to the training programs and academic advising on a weekly basis to enrolled students. Enrolled students can seek out referrals to outside agencies by meeting with the Director of Career Placement or the Director of Student Services.

### **CAREER PLACEMENT ASSISTANCE**

Students do not have to wait until they are completely done with the training to start career placement assistance. Students who are passing the certification tests as they go thru the program, they are career ready at approximately the halfway point.

The Career Services Department will assist students in applying for positions that match the student's industry qualifications. Contacts are maintained with local and national companies and interviews will be coordinated for graduates who follow the California Technical Academy Career Assistance Program.

The California Technical Academy Career Service objective is to work in partnership with all qualified students who successfully complete their program. California Technical Academy offers the most comprehensive Career Services in the industry.

One-on-One Consultations	Career Goals	Interviewing Techniques
Career Coaching	Resume Preparation	Long-Term Commitment
Dress & Behavioral Methods	Research	Self-Marketing
Career Planning	Mock Interviews	Lead Generation
Placement Assistance	Headhunter Assistance	Outside Placement Agencies

California Technical Academy does not and cannot promise or guarantee neither employment nor level of income or wage rate to any Student or Graduate.

### **SUGGESTION AND GRIEVANCE POLICY**

Students are encouraged to bring all suggestions and concerns to their instructor. The instructor will attempt to resolve any concerns or advise the student to discuss the situation with the appropriate staff member.

If the instructor is unable to resolve the concern(s), the student should make an appointment to talk to the Director and provide a written statement of the concern(s) at the time of the meeting. The

statement must state the issue and desired outcome and should include any documentation that supports the concern. The Director will review the written statement and any supporting documentation, gather facts, and provide a written response to the student within ten (10) working days. The Director's decision is final.

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling 888.370.7589 or by completing a complaint form, which can be obtained on the bureau's Internet Web site [www.bppe.ca.gov](http://www.bppe.ca.gov).

## **SERVICES FOR STUDENTS WITH DISABILITIES**

### **Students with Disabilities**

California Technical Academy is an equal opportunity program and recognizes and accepts its obligations under The Americans with Disabilities Act (ADA) of 1990 and The Rehabilitation Act of 1973 prohibiting discrimination on the basis of a disability and requiring that reasonable accommodations be provided to qualified disabled students in all programs and activities within the control of the institution, provided such accommodation would not impose an unreasonable burden on the school or other students. Auxiliary aids and services are available upon request to individuals with disabilities and the accommodation provided by CTA is free of charge.

The Director of Student Services manages the process for the determination of reasonable accommodations and compliance with the ADA and Rehabilitation Act for students. No student shall be retaliated against for seeking accommodation under this policy or for participating in good faith and in a reasonable manner in any review procedures regarding The Americans with Disabilities Act of 1990.

### **Non-Discrimination Policy**

California Technical Academy adheres to a strict policy of non-discrimination. We will not discriminate for or against any applicant on the basis race; color; religion; sex (including pregnancy, childbirth, and related medical conditions, transgender status, and gender identity); national origin (including Limited English Proficiency [LEP]); age; disability; political affiliation or belief; or, for beneficiaries, applicants, and participants only on the basis of either citizenship status or participation

### **Limited English Proficiency (LEP)**

Additional time for testing and assignment completion is available for students with Limited English Proficiency. To request language assistance, auxiliary aids or services, additional time for testing or assignments please contact the Facility Administrator at the campus you are attending. Students should submit requests with supporting documentation at least six weeks prior to the beginning of the first day of classes or as soon as practical. There is no extra charge for such requests

### **The Rehabilitation Act**

Title V. of The Rehabilitation Act of 1973 is generally regarded as the first civil rights legislation on the national level for people with disabilities. Section 504 of The Rehabilitation Act is a program access statute. It prohibits discrimination on the basis of disability in any program or activity offered by an entity or institution receiving federal funds. CTA is an equal opportunity program/employer.

### **Section 504 states (as amended):**

"No otherwise qualified person with a disability in the United States... shall, solely on the basis of disability, be denied access to, or the benefits of, or be subjected to discrimination under any program or activity provided by any institution receiving federal financial assistance." The Americans with Disabilities Act (ADA) is a federal civil rights statute that prohibits discrimination against people with

disabilities. There are four sections of the law: employment, government, public accommodations, and telecommunications. The ADA provides additional protection for persons with disabilities in conjunction with the Rehabilitation Act of 1973. The ADA is designed to remove barriers, which prevent qualified individuals with disabilities from enjoying the same opportunities that are available to individuals without disabilities. In relation to Section 504 of The Rehabilitation Act, the ADA states: "Institutions that receive federal funds are covered under Section 504. The ADA does not supplant Section 504, but in those situations where the ADA provides greater protection the ADA standards apply. Therefore, postsecondary institutions must adhere to both the Rehabilitation Act and The Americans with Disabilities Act."

### **Disability Services Policy Statement**

California Technical Academy recognizes and accepts its obligations under The Americans with Disabilities Act of 1990 and The Rehabilitation Act of 1973 prohibiting discrimination on the basis of a disability and requiring that reasonable accommodations be provided to qualified disabled students in all programs and activities within the control of the institution, provided such accommodation would not impose an unreasonable burden on the school or other students. A student is eligible for consideration for accommodations and/or auxiliary aids and services if the student has a disability and the Director of Student Services has met with the student, consulted with the Director, and determined that the functional limitations of the disability require such accommodation, auxiliary aids and/or services.

CTA is committed to providing reasonable accommodations including auxiliary aids, language assistance and/or services to qualified individuals with a disability, unless providing such accommodations would result in undue burden or fundamentally alter the nature of the relevant program, benefit or service provided by CTA. To request language assistance, auxiliary aids or services, please contact the Facility Administrator at the campus you are attending. Students should submit requests with supporting documentation at least six weeks prior to the beginning of the first day of classes or as soon as practical. There is no extra charge for such requests

The Director and the Director of Student Services manage determination of reasonable accommodations and compliance with the ADA and Rehabilitation Act for students jointly. No student shall be retaliated against for seeking accommodation under this policy or for participating in good faith and in a reasonable manner in any review procedures concerning CTA for its alleged noncompliance with The Americans with Disabilities Act of 1990 or the Rehabilitation Act of 1973.

Individuals with visual impairments must be provided with the "Equal Opportunity is the Law" notice and the "Complaint & Incident Report Policy" notice in alternative formats (e.g., by being read aloud and then provided in audio format to be retained by the employee and applicant). A record that such notice has been given to the employee and applicant in an alternative format shall be included as a part of the employee's and applicant's file.

### **Definition of Disability**

According to Section 3 of the Americans with Disabilities Act of 1990 (ADA), the term "disability" means, with respect to an individual,

1. Having a physical or mental impairment that substantially limits one or more of the major life activities of such individual;
2. Having a record of such an impairment; or
3. Being regarded as having such impairment.

### **Otherwise Qualified Applicant**

A student who provides CTA with sufficient evidence of a disability meeting the standards established by the ADA or Section 504 is eligible for appropriate accommodations and services, provided the student is an otherwise qualified applicant. In order to be considered an otherwise qualified applicant, a student with a disability must be capable, either with or without accommodations, of fulfilling the essential requirements of a program of instruction.

### **Determining Appropriate Accommodations**

Auxiliary aids and services are available upon request to individuals with disabilities. Students with disabilities who are seeking accommodations at CTA should schedule an individual meeting with the Director of Student Services. Once appropriate documentation has been submitted, reasonable and appropriate accommodations will be implemented based on the student's specific disability and the functional impact of the disability on the student's daily activities and academic obligations. The student has the option of not accepting the accommodation.

### **Disability Grievance Procedure**

If a student believes any CTA employee has discriminated against him or her because of a disability, he or she has the right to seek a review of such concerns. Students have the option of pursuing a formal grievance. When filing a formal grievance, the student should first present his or her concern in writing to the Director of Student Services. Upon receipt of this notice of grievance from the student, the Director of Student Services will undertake a review of the unresolved complaint during which time the Director of Student Services may request additional documentation of the student's disability. Once all the information has been received and reviewed, the Director of Student Services will present the results of this review in writing to the student.

If the Director of Student Services is unable to produce a resolution to the student's satisfaction, the student may submit a formal written appeal to the Director of CTA. This written appeal should include a brief description of the disputed decision and/or perceived discrimination, reasons why the student believes the decision was in error and a short description of a proposed resolution to the disputed decision. Once all information has been reviewed, the Director will provide a written response regarding the determination to the student. This response will state the final determination regarding the requested accommodation and/or discrimination and the specific reasons supporting the decision. Every effort will be made to produce this final determination in a prompt manner.

### **Complaint Procedures**

If a student believes that CTA is not in compliance, she or he may file a written complaint with the Office of Civil Rights:

U.S. Department of Education Office for Civil Rights  
Lyndon Baines Johnson Dept. of Education Bldg. 400  
Maryland Avenue, SW  
Washington, D.C. 20202-1100

Tel: 800-421-3481 Fax: 202-453-6012; TDD: 800-735-2922 Email: [OCR@ed.gov](mailto:OCR@ed.gov) Online: <https://ocrcas.ed.gov/>

## **ADMINISTRATIVE POLICIES**

### **STUDENT RECORDS**

Student records are confidential and secured at the main campus in Riverside, CA. The school maintains student records for not less than five (5) years from the student's last day of attendance. Transcripts are maintained permanently.

Students have a right to request access to review their educational records. A written request for review must be provided to the Director or Director of Student Services who will set an appointment with the student to review his/her records.

Students, who request that educational records are disclosed to other parties, must provide a written release indicating which records and to whom the information is to be disclosed to for each instance the request is made. Shall the student be under an educational contract that requires reporting of educational information; it shall be done in accordance to the contract.

Students requesting official transcripts should submit their request in writing to the Director or Director of Student Services. Transcripts will be sent within 21 days.

## **HOLIDAY SCHEDULE**

California Technical Academy will be closed in recognition of the following holidays:

New Year's Day	Easter Weekend	Veteran's Day
Martin Luther King Day	Memorial Day	Thanksgiving Break
President's Day	July 4 <sup>th</sup> – Summer Break	Christmas Break
Founder's Day	Labor Day

## TUITION AND FEES

### PROGRAM COST

Program	Registration Fee Non-Refundable	Student Tuition Recovery Fund Fee Non-Refundable *	Tuition	Books	Training Hardware **	Training Software **	Total Cost ***
Information Technology Systems Engineer	\$100.00	\$8.00	\$12,222.00	\$1,000.00	\$450.00	\$2,200.00	\$15,980.00
Information Technology Systems Administrator	\$100.00	\$7.00	\$10,923.00	\$700.00	\$450.00	\$1,800.00	\$13,980.00
Information Technology Network Support Specialist	\$100.00	\$7.00	\$10,943.00	\$480.00	\$450.00	\$2,000.00	\$13,980.00
Information Technology Computer Technician	\$100.00	\$2.50	\$3,327.50	\$100.00	\$450.00	\$1,000.00	\$4,980.00
Business Office Administrative Specialist	\$100.00	\$6.00	\$9,799.00	\$625.00	\$450.00	\$1,000.00	\$11,980.00
Medical Front Office Specialist	\$100.00	\$8.00	\$12,107.00	\$1,315.00	\$450.00	\$2,000.00	\$15,980.00
Medical Billing and Coding Specialist	\$100.00	\$10.00	\$16,170.00	\$1,250.00	\$450.00	\$2,000.00	\$19,980.00

\*Non-Refundable \$0.50 for every \$1,000 rounded to the nearest \$1,000 for institutional charges.

\*\*Non-Refundable upon removal from original packaging.

\*\*\*For the period of attendance and entire program.

### ADDITIONAL COSTS

**Transcripts:** Students receive one official transcript upon graduation at no charge. Thereafter the first official transcript is \$26.00 and then the following requests are \$2.00 each. Unofficial copies are provided at no charge.

**Returned Check Fee:** \$30.00

**Certification Testing/Retake Fee(s):** no cost to the student pending the completion of requirements.

### STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. Ste 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

## **FINANCIAL ASSISTANCE**

California Technical Academy participates in federal and state financial aid programs as well as offering flexible tuition payment options. Financial aid and payment plans, if needed, will be discussed and agreed upon during the enrollment process.

## **REFUND POLICY**

### **Student's Right to Cancel**

1. You have the right to cancel your agreement for a program of instruction and obtain a refund of charges paid through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance.
2. Cancellation may occur when the student provides a written notice of cancellation at the following address: California Technical Academy, Attn: Administration, 1285 Columbia Ave, Riverside, CA 92507. This can be done by mail or by hand delivery.

3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. If the Enrollment Agreement is cancelled the school will refund the student any money he/she paid, less a registration or administration fee not to exceed \$100.00; and less any deduction for equipment not returned in good condition, within 45 days after the notice of cancellation is received.

### **Withdrawal from the Program**

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance. The refund will be less a registration or administration fee not to exceed \$100.00; and less any deduction for equipment not returned in good condition, within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the school.
- The student has failed to attend class for two (2) consecutive weeks.
- The student fails to return from a leave of absence.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of two (2) consecutive weeks. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For programs beyond the current "payment period," if you withdraw prior to the next payment period, all charges collected for the next period will be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student.

If a student receives a loan to pay for the educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

Refund Examples:

<b>MONTHS ENROLLED</b>	<b>DAYS ENROLLED</b>	<b>DAILY CHARGE</b>	<b>AMOUNT OF TUITION PAID</b>	<b>AMOUNT OWED</b>	<b>TUITION REFUND</b>
1	30/240	\$23.32	\$5,596.00	\$960.00	\$4,636.00
3	90/240	\$23.32	\$5,596.00	\$2,098.80	\$3,497.20
5	150/240	\$23.32	\$5,596.00	\$3,498.00	\$2,098.00
6	180/240	\$23.32	\$5,596.00	\$4,197.60	\$1,398.40
7	210/240	\$23.32	\$5,596.00	\$4,897.20	\$698.80

In addition to this institutional refund policy, federal student aid recipients will also have a return of federal student aid calculation performed. This calculation is necessary to determine if the student received more or less aid than was earned for the time enrolled. The Return of Federal Student Aid Policy follows.

#### **RETURN OF FEDERAL STUDENT AID POLICY**

A student should contact the Director of Student Services to officially withdraw. The school encourages the student to withdraw in-person but accepts written or verbal notification. If a student withdraws or is dismissed from California Technical Academy, the school and/or the student may be required to return a portion of the federal student aid received. The last date of attendance at an academically related activity is used to calculate the amount of any federal student aid that must be returned.

The amount of federal student aid a student has earned at the time of withdrawal is equal to the percentage of the period of enrollment completed. The percentage of the period of enrollment completed is determined by dividing the number of hours the student was scheduled to complete in the period of enrollment, as of the last date of attendance, by the total number of clock hours in the period of enrollment.

If the number of hours scheduled to complete in the period of enrollment, as of the last date of attendance, is greater than 60% of the clock hours in the period of enrollment, the student has earned 100% of the federal student aid, no return is due. If the number of clock hours scheduled to complete in the period of enrollment is less than 60% of the clock hours in the period of enrollment, a return of federal student aid may be necessary. The amount of federal student aid to be returned is calculated by subtracting the amount of earned federal student aid from the total amount of federal student aid received.

The student is required to return any unearned federal student aid less the amount returned by California Technical Academy. If a student needs to return loan funds, the funds are repaid as required by the normal loan repayment terms. If the student is required to return federal grant aid,

California Technical Academy will notify the student of the repayment amount within thirty days of determining the student withdrew. If the student fails to return the grant aid as instructed, the student is considered to be in overpayment and thus ineligible for any additional federal student aid at any school until that amount is repaid to the U.S. Department of Education or satisfactory repayment arrangements are agreed to by the student and the U.S. Department of Education. California Technical Academy will report overpayments to the U.S. Department of Education for collection if the student does not return the funds to the school within 45 days of notification.

California Technical Academy returns unearned federal student aid within 45 calendar days of the date the school becomes aware the student is no longer enrolled.

Federal student aid funds are returned in the following order: 1) Unsubsidized Stafford Loan; 2) Subsidized Stafford Loan; 3) PLUS Loan; 4) Federal Pell Grant; 5) Federal Supplemental Educational Opportunity Grant (FSEOG); 6) Other federal student aid programs.

If a student has earned more federal student aid than has been posted to his/her account, the student may be entitled to a post withdrawal disbursement of federal student aid. The post withdrawal disbursement is first used by the school to pay outstanding charges; any remaining amount is offered to the student or parent borrower.

California Technical Academy will send the borrower a written notice of any loan funds returned to the lender as a result of the withdrawal calculation. A student borrower who fails to attend in-person exit counseling prior to or at the time of withdrawal, will be mailed loan counseling materials.

The Return of Federal Student Aid Policy applies only to the federal student aid programs. Assistance received from other aid programs will be returned to those programs in accordance with the funding source's refund policies.

The Return of Federal Student Aid calculation is performed to determine the amount of federal student aid that must be returned to the U.S. Department of Education. It is not used to calculate the amount of tuition and fees a student owes the school upon withdrawal. A separate refund policy is provided to assist students in determining the amount of tuition and other charges owed California Technical Academy.

California Technical Academy will send an invoice to withdrawn students if a balance is owed the school. Any balance due will be calculated by determining earned charges using the institutional refund policy, and then subtracting the amount of earned aid as determined using the return to federal student aid policy.

Additional information on the return of federal student aid funds calculation procedures and requirements, including examples, may be obtained by contacting the Financial Aid Office.

## **FINANCIAL ASSISTANCE**

CTA participates in several Federal Student Aid programs as a service to its students. Federal Student Aid is provided by the U.S. Department of Education. For specific information about the Federal Student Aid programs offered at CTA, contact the Financial Aid Office. For general information about Federal Student Aid visit [www.studentaid.gov](http://www.studentaid.gov). CTA participates in the following Federal Student Aid Programs.

### **Federal Pell Grant**

- The Federal Pell Grant does not need to be repaid.
- The maximum award for 2020-2021 is \$6,345.00 and may change for the 2021-2022 award year beginning July 1, 2021.
- Recipients must be undergraduates without a bachelor or higher degree.

### **Iraq and Afghanistan Service Grant**

- The Iraq and Afghanistan Service Grant does not need to be repaid, except in cases of early withdrawal from the program. Based on the Return of Title IV calculation, there may be Pell Grant that the student has not earned.
- For undergraduate students who are not Pell-eligible; whose parent or guardian died as a result of military service in Iraq or Afghanistan after 9/11; and who, at the time of the parent's or guardian's death, were less than 24 years old or were enrolled at least part-time at an institution of higher education.
- The maximum award for 2020-2021 is \$6,345.00.

### **William D. Ford Direct Subsidized Stafford Loan**

- The Subsidized Stafford Loan must be repaid to the U. S. Department of Education with interest.
- Students must demonstrate financial need to receive a subsidized loan.
- The U.S. Department of Education will pay the interest on (subsidize) the loan while the student is enrolled in school, and during periods of deferment.
- The maximum loan is \$3,500 for first year students who attend a full academic year. The loan amount is prorated if enrolled for less than a full academic year.
- Recipients must be undergraduates.
- The interest rate is 2.75% for the 2020-2021 award year and may change for the 2021-2022 award year beginning July 1, 2021.

### **William D. Ford Direct Unsubsidized Stafford Loan**

- The Unsubsidized Stafford Loan must be repaid to the U. S. Department of Education with interest.
- Students do not need to demonstrate financial need to receive an unsubsidized loan.
- The student borrower is responsible for paying all interest on the loan.
- The maximum loan is \$2,000 for dependent students who attend a full academic year. The loan amount is prorated if enrolled for less than a full academic year.
- The maximum loan is \$6,000 for independent students who attend a full academic year. The loan amount is prorated if enrolled for less than a full academic year.
- Recipients must be undergraduates.
- The interest rate is 2.75% for the 2020-2021 award year and may change for the 2021-2022 award year beginning July 1, 2021.

### **William D. Ford Direct Parent Loan for Undergraduate Students (PLUS Loan)**

- The PLUS Loan must be repaid to the U. S. Department of Education with interest.
- A parent may borrow a PLUS loan on behalf of the dependent student. Independent undergraduate students are not eligible for a PLUS Loan.
- Financial need is not required to receive a PLUS Loan.
- To qualify for a PLUS loan, parent borrowers must not have an adverse credit history, as defined by the U.S. Department of Education.

- The maximum loan is calculated by subtracting all other aid received from the cost of attendance.
- The interest rate is 5.80% for the 2020-2021 award year and may change for the 2021-2022 award year beginning July 1, 2021.

### **General Eligibility Requirements**

- Demonstrate financial need for the Pell Grant, Iraq and Afghanistan Service Grant, and William D. Ford Direct Subsidized Stafford Loan.
- Be enrolled at least half time to receive a Stafford or PLUS loan.
- Be a U.S. citizen or eligible non-citizen.
- Have a high school diploma, GED, an equivalent academic credential or have successfully completed a high school education in a homeschool setting approved under state law.
- Have a valid social security number.
- Be enrolled or accepted for enrollment as a **regular student** leading to a degree or certificate in an **eligible program**.
- Be registered with Selective Service, if required.
- Make satisfactory academic progress toward program completion.
- Not be in default or in an overpayment status on previously received Federal Student Aid.
- Not be convicted for the possession or sale of illegal drugs for an offense that occurred while you were receiving federal student aid, you will be ineligible for a period of time based on the type and number of convictions.

### **Applying for Federal Student Aid**

The first step in applying for Federal Student Aid is to complete the Free Application for Federal Student Aid (FAFSA). The easiest way to complete the FAFSA is via the internet at [www.fafsa.gov](http://www.fafsa.gov). You and your parent (if you are 24 or younger, unless you are married or in the military) will need to electronically sign FAFSA on the Web (FOTW) your user I.D. and password. You will be offered the option of getting one in real time when you fill out the online FAFSA. You can also apply for an FSA User ID in advance at [www.fsaaid.ed.gov](http://www.fsaaid.ed.gov).

The FAFSA is the only application needed for the Federal Pell Grant and Iraq and Afghanistan Service Grant. To borrow a Stafford Loan, the student borrower must complete a Master Promissory Note (MPN), promising to repay the loan amount borrowed plus interest, in addition to completing the FAFSA Entrance Counseling. Parent PLUS borrowers must complete a Federal Direct PLUS Loan Request for Supplemental Information, Master Promissory Note and PLUS Entrance Counseling. Students and parents can complete the loan application process at [www.studentloans.ed.gov](http://www.studentloans.ed.gov) by selecting the correct option. The student and parent must use their username and password to sign the MPN and PLUS Request for Supplemental Information forms.

If you need assistance, contact the Financial Aid Office at California Technical Academy, ext. 104.

### **Awarding Federal Student Aid**

CTA will calculate your grant and loan eligibility. The amount of grant and loan funds you receive will depend on your application (FAFSA) data and your eligibility for each Federal Student Aid program. Based on your eligibility and program requirements, CTA will award Federal Student Aid in the following order: Pell Grant, Iraq and Afghanistan Service Grant, Subsidized Stafford Loan, Unsubsidized Stafford Loan, and then PLUS Loan, if eligible. Students have the right to accept, decline, or modify aid awards as long as federal requirements for each aid program are followed. If students meet the eligibility requirements of each Federal Student Aid program, they will be awarded funds as allowed/requested. CTA initially awards aid to cover the cost of institutional charges.

Students may borrow additional funds, if eligible, to pay non-institutional expenses included in the cost of attendance budget calculated for each student.

Students enrolled in a program of less than one academic year (900 clock hours earned over a period of at least 26 weeks) will not receive the maximum awards amount stated earlier. Funds will be prorated based on the length of the program.

### **Paying Federal Student Aid Funds**

CTA will disburse Federal Student Aid funds in compliance with all applicable federal laws, regulations and guidance. All Federal Student Aid must be disbursed in two installments, one payment for each half of the program, in each academic year. The first disbursement of Federal Pell Grant is disbursed after the student has attended his/her first day of class in based on the Financial Aid Office's disbursement schedule. The first disbursement of Direct and PLUS loans will be disbursed after the student has attended 30 calendar days based on the Financial Aid Office's disbursement schedule. The second disbursement of all Federal Student Aid is paid at the midpoint of the program as long as the student is meeting satisfactory academic progress requirements and has successfully completed the coursework in the first half of the program.

CTA receives Federal Student Aid funds via electronic funds transfer from the U.S. Department of Education. Funds are posted to student's accounts. Loan borrowers will receive notification when loan funds are posted to the student's accounts. Borrowers have the right to cancel any loan disbursement within thirty days of notification. Alternative arrangements must be made to pay school charges owed if you cancel and there is a balance.

### **Verification**

The U.S. Department of Education selects a sample of student FAFSAs for a process it calls verification. When selected for verification, the student is required to provide additional documentation and information to the Financial Aid Office to verify (confirm) the accuracy of the data reported on the FAFSA. The Financial Aid Office will notify an applicant if his/her FAFSA has been selected for verification and what documents must be submitted to the Financial Aid Office. To expedite the verification of tax return information reported on the FAFSA, students and parents are encouraged to use the IRS Data Retrieval process, available when completing the FAFSA or making corrections to the FAFSA.

### **Loan Counseling**

Student borrowers of Stafford Loans are required to complete entrance counseling and exit counseling. Entrance counseling must be completed before the first disbursement can be made. Exit counseling for graduates must be done shortly before completing the program. Loan counseling is required to give borrowers the information they need to minimize the amount of loans borrowed, the terms of the loan(s), manage their loan debt, prepare for repaying their loans, and seeking assistance because of unemployment, returning to school, health or any other reason that might make repaying their student loans unmanageable for a brief period of time. In general, student borrowers can complete entrance and exit counseling at [www.studentloans.gov](http://www.studentloans.gov). PLUS borrowers are also required to complete entrance or exit loan counseling.

### **Borrower Rights and Responsibilities**

For a complete list of loan rights and responsibilities, read the Borrower's Rights and Responsibilities Statement that accompanies the Master Promissory Note for additional information about the terms and conditions of the loans you receive.

## **MANAGEMENT, ADMINISTRATION AND FACULTY – Full-time**

Mike Bostock, MA, Director

Eric Bostock, Director of Student Services

Vanessa Payne, Director of Education

Ryan Coulter, Director of Career Development

Donald Eberhart, Associate Director

Julie Bostock, Office Manager/Accounts Manager

McKinzie Blais, Financial Aid Officer

Phil Abod, VA Representative/School Certifying Official

Magally Lagunas, Employment/Placement Officer

Stephonie Richter, Attendance Officer/Registrar

Naiesha Carr, Financial Aid Assistant/Administrative Assistant

Christopher Tower, Branch Campus Facility Administrator

Greg Gutierrez, Lead Senior Instructor - Certified Technical Trainer  
Industry Certifications - CompTIA A+, MCP, MCSA, Network+, MTA, MCITP, CCNA, MOS  
Bachelor's Degree: Information Technology/Security – ITT Tech  
Five years of Information Technology and Business Office Applications experience

Robert Fessenden, Senior Instructor - Certified Technical Trainer  
Industry Certifications – CompTIA A+, MCP, MCSA, MCSE, MOS, MTA, MCTS, MCITP  
Six years of Information Technology and Business Office Applications experience

Mirko Nadih, Senior Instructor - Certified Technical Trainer  
Industry Certifications - CompTIA A+, MCP, MCSA, Network+  
Five years of Information Technology experience

Robert Duben, Senior Instructor – Certified Technical Trainer  
Industry Certifications - CompTIA A+, MCP, MCSA, MCSE, MCITP, MTA, MCTS, Security+,  
Network+, MTA, CCNA, MOS  
Associates Degree: Information Technology/Computer Electronics – Palomar College  
Seventeen years of Information Technology and Business Office Applications experience

Keith Edwards, Senior Instructor - Certified Technical Trainer  
Industry Certifications - CompTIA A+, MTA, MCTS, MCSA, MCSE  
Bachelor's Degree: Information Technology Management - Wichita State University  
Three years of Information Technology and Business Office Applications experience

Jordan Katterjohn, Lead Senior Instructor - Certified Technical Trainer

Industry Certifications – CompTIA A+, MCP, MCSA, MCSE, MCTS  
Six years of Information Technology and Business Office Applications experience

Linda Murray, Lead Senior Instructor - Certified Technical Trainer  
Industry Certifications – MOS, CompTIA A+, MCP, MCSA, MCSE, Security+, Network+, HCP, CEHRS  
Four years of Business Office Applications and Information Technology experience

Roy Re, Senior Instructor - Certified Technical Trainer  
Industry Certifications - CompTIA A+, MCP, MCTS, MCSA, Network+, Security+, MOS, HCP, CEHRS  
Bachelor's Degree: Criminal Justice – National University  
Thirty-one years of Business Office Applications and Information Technology experience

Molly Dodds, Lead Senior Instructor - Certified Technical Trainer  
Industry Certifications – MOS, HCP, CEHRS  
7 years of Business Office Applications experience

Patrick Galligan, Senior Instructor - Certified Technical Trainer  
Industry Certifications – MOS, HCP, CEHRS  
Twenty-five years of Business Office Applications experience

Cody Marish, Senior Instructor - Certified Technical Trainer  
Industry Certifications – CompTIA A+, MCP, MCSA, MCSE, MTA, MCTS  
Six years of Information Technology and Business Office Applications experience

## **CONSUMER PROTECTION & INFORMATION**

California Technical Academy has never filed for bankruptcy petition, operated as a debtor in possession, has filed a petition within the preceding five years, or has had a petition of bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C Sec. 1101 et seq.).

Any questions a student may have regarding this Catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education at 1747 N. Market Blvd. Ste 225, Sacramento, CA 95834 or P.O. Box 980818, West Sacramento, CA 95798-0818, [www.bppe.ca.gov](http://www.bppe.ca.gov), P: 888.370.7589 or 916.574.8900, F: 916.263.1897.

As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement.

## **CAMPUS SECURITY**

CTA is committed to assisting all members of the CTA community in providing for their own safety and security. The annual campus security report is available from the Director of Student Services.

California Technical Academy distributes its campus security report, including policies, procedures, and crime statistics, to its students and staff on an annual basis in July. The campus security policy contains information regarding campus security and personal safety including topics such as: crime prevention, fire safety, enforcement authority, crime reporting policies, disciplinary procedures, and other matters of importance related to security and safety on campus. They also contain information about crime statistics for the three previous calendar years concerning reported crimes that occurred on campus; in certain off-campus buildings or property owned or controlled by CTA; and on public property within, or immediately adjacent to and accessible from the campus.

## **DRUG & ALCOHOL ABUSE PREVENTION POLICY**

The California Technical Academy prohibits students from the unlawful manufacture, distribution, dispensation, possession, sale or use of a controlled substance or alcohol, or being under the influence of the same while at the institution or while attending or participating in school related activities on or off school grounds.

California Technical Academy distributes its Drug & Alcohol Abuse Prevention Policy, including policies and procedures, to its students and staff on an annual basis in July. In addition, CTA offers an annual drug-free awareness program to all students and staff. Students should contact the Director of Student Services for a copy of the policy.

The following information is included in the policy: information on preventing drug and alcohol abuse, standards of conduct, federal, state, and local legal sanctions, available counseling and treatment programs, and a description of health risks associated with the use of illicit drugs and alcohol.

CTA provides every student, upon enrollment, a separate, clear, and conspicuous written notice with information on the penalties associated with drug-related offenses, including the loss of federal student aid funds.
