STUDENT SERVICES INFORMATION

PLACEMENT AND GRADUATE SERVICES

USA Academy Beauty School does not guarantee employment for its graduates. The majority of our students and graduates are already employed in the beauty industry or own a beauty salon or business. They take our program to expand their skills and enable them to offer more services to their clients. The program does not lead to licensure.

Our microblading program is not designed to lead to a recognized career, occupation, vocation, job, or job title but rather to teach students to perform microblading in a secure and healthy setting.

As part of our graduate service at USA Academy Beauty School, we counsel graduates on how to perform microblading in compliance with present regulations. If the regulations should change we will contact all our graduates via email to update them with the pertinent information.

In the state of California, microblading falls under the definition of “body art.” Body art is defined as piercing, tattooing, branding, or application of permanent cosmetics. No occupational title exists for a tattoo artist or a person who performs microblading at present.

Under the California Safe Body Art Act, any individual who wishes to perform microblading needs to be at least 18 years old, registered with a local enforcement agency, properly trained on bloodborne pathogens, and working in a body art facility that meets health and safety code standards with a valid health permit. In California, estheticians may perform microblading as long as they perform the treatment as a tattoo artist, display their tattoo license, and the treatment takes place in a microblading/permanent cosmetics area away from the esthetic treatments.

When microblading is part of a medical treatment plan, the order must be performed by a licensed physician, a physician assistant under a signed practice agreement, a nurse practitioner acting under standardized procedures, or a registered nurse under appropriate supervision.

We advise our graduates that to perform microblading they must be registered with their local enforcement agency and the department of health in the county where they plan to work. Their license must be renewed every year and training in control of bloodborne pathogens exposure also must be completed every year.

The School Director acts as a liaison between the graduates and the business, beauty, and medical communities. Information on job search techniques is provided to students and graduates based on the current needs of the community in their area. However, no employment information or placement assistance provided by the school should be considered either expressly or implied as a guarantee or promise of employment, a likelihood of employment, an indication of the level of employment or compensation expected, or an indication of the types or job titles of positions for which students or graduates may qualify.

STUDENT RECORD RETENTION

USA Academy Beauty School will maintain student records for each student, whether or not the student completes the educational service, for a period ending five years after the date of the student's graduation, withdrawal, or termination. Student transcripts will be maintained permanently.

At the school's discretion, installment payments may also be arranged. Students assume the responsibility for payment of the tuition costs in full, through direct payment.

No interest is charged. All financial arrangements must be made before the beginning of classes. USA Academy Beauty School accepts payment for tuition, books, equipment, and other fees through cash payment, VISA, MasterCard, or personal or third-party checks.

STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.

You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure. The institution has been ordered to pay a refund by the Bureau but has failed to do so.

The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

CANCELLATION AND REFUND POLICY

STUDENT'S RIGHT TO CANCEL

There is a grace period when the student has the right to cancel the enrollment agreement and obtain a full refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

PROCEDURE TO CANCEL

Cancellation occurs when the institution receives written notice of cancellation from the student addressed to the attention of the School Director at USA Academy Beauty School 1515 E Shaw Ave Fresno CA 93710 Tel: 559-391-7997 info@usaacademybeautyschool.com. The student can do this by mail, email, in person, or by fax. The notice, if mailed, is effective by the postmark date. This notice need not take any form; it needs only to state that the student wishes to cancel the enrollment agreement. If the student cancels the enrollment agreement, USA Academy Beauty School shall refund 100 percent of the amount paid for institutional charges, less the application fee of \$100.00 if a notice of cancellation is received by the first class session, or the seventh day after the enrollment agreement is signed, whichever is later.

WITHDRAWAL FROM COURSE

After the grace period, the institutional refund policy for students who have completed up to 60 percent or less of the course of instruction is a pro-rata refund. Students have a right to terminate their studies at any time and have the right to receive a refund for the part of the program they have paid for and did not receive.

A withdrawal may be effectuated by the student's written notice or by the student's conduct, including, but not necessarily limited to, a student's lack of attendance.

If a student withdraws or is terminated from a program after the grace period allowed for cancellation, the college will remit a refund, less the registration fee of \$100.00, within 45 days following the withdrawal date. A student is obligated to pay only for educational services rendered and for unreturned books or equipment.

PRO-RATA REFUND CALCULATION

- (A) Deduct a registration fee (\$100) from the total tuition charge.
- (B) Divide this figure by the number of hours in the program.
- (C) The quotient is the hourly charge for the program.
- (D) The amount owed by you for purposes of calculating a refund is derived by multiplying the total days attended by the daily charge for instruction.
- (E) The refund would be any amount in excess of the figure derived in (D) that was paid by you.
- (F) The refund amount shall be adjusted for equipment, if applicable.

If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of

the loan plus interest, less the amount of any refund. If the student defaults on a federal or state loan, both the following may occur:

- (1) The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- (2) The student may not be eligible for any other federal student financial aid at another institution or other government financial assistance until the loan is repaid.

Please note that the kits are not returnable or refundable due to sanitary considerations. The kit's prices include a 9.25% sales tax.
