## Attendance

Punctual attendance is required at all class sessions and clinical experiences. Excused absence is expected absence reported to the instructor time stamped by phone or email before class begins. One minute late is considered **LATE!** (Excused absence still counts toward your total absences; it does not absolve the student of the below stated outline)

If you will be late or absent because of an unforeseen emergency, then you must call Opportunity Junction as soon as you know of the emergency.

Attendance at scheduled classes, examinations, and assigned clinical experiences, is crucial to meeting course and program objectives. All scheduled time missed by the student will be considered an absence. When serious illnesses and unexpected life events occur, the Instructor may grant limited excused absences on an individual basis. After an extended illness, the student is required to present written clearance from the physician to return to school. If for any reason, a student is not able to attend a scheduled class, examination or clinical experience, the student should:

### **Nursing Assistant Program:**

- Call the business office and text your instructor at least one hour prior to the scheduled arrival time to report the absence.
- No more than 18 absence hours may be accrued during the first 10 weeks of the program. Students who have not made up all required CDPH hours by the end of training will not graduate and will not be eligible for state testing.

- If calling to report an absence for a clinical experience, the student must also report to the assigned clinical Instructor at least one hour prior to the scheduled clinical time.
- Failure to follow the procedure for reporting off from a clinical experience will result in a notation on the clinical performance evaluation. A second failure to follow the procedure for reporting off from a clinical experience in a single semester will result in termination from the program.

### **Administrative Careers Training Program:**

- 6 absences allowed in the 12-week training phase, 7th is a grounds for dismissal
- 6 absences allowed in the internship phase, 7th is a grounds for dismissal
- Students dismissed due to attendance may request a hearing with the Program Manager.

### **Medical Assisting Training Program:**

- 6 absences allowed in the 11-week training phase, 7th is a grounds for dismissal
- 160 hours of externship are required. All missed hours must be made up.

## **Make-up Policy for Missed Time (NATP ONLY)**

**Nursing Assistant Training Program:** Students who have missed time from theory class or clinical experience will be required to complete make-up as determined and scheduled by the Instructor.

Acceptable Methods for make-up include:

Theory: View a computer based video of the actual theory class.

Case studies, independent study, written examination, and research reports

Clinical: Performance evaluation in skills laboratory or additional time in the clinical area performing skills

## **Leave of Absence**

A student may request a leave of absence from the program via a written request in a formal letter addressed to Opportunity Junction, Attention to the Chief Academic Officer dated and signed by the student within seven business days from the last day of attendance. A leave of absence request submitted after the seven-day grace period will only be granted for approved health or proven emergency reasons.

Leave of absence status allows the student to come back the next session of the Nursing

Assistant program. If the student chooses to not comeback the following session the program is offered, the leave of absence status is forfeited.

No refunds will be made to students requesting a leave of absence and all paid dues will be credited for the following semester in which the student is expected to return from the leave of absence.

## **Financial Aid**

This agency does not accept financial aid, but if the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If the student defaults on a federal or state loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. The student may not be eligible for any other federal student financial aid at another institution or other government financial assistance until the loan is repaid.

## **Student Grievance Procedure**

If a student disagrees with a write-up or has any other classroom related concern, the student should request a meeting with the instructor to discuss the situation and seek a resolution.

If a resolution is not reached, the student may escalate his/her grievance to the Chief Academic Officer who will listen to both parties and will mediate in good faith to find a resolution.

If a resolution is not reached at this stage the student may request to have his/her grievance escalated to the Chief Executive Officer who will listen to all parties and mediate in good faith to find a resolution.

## **Information for Faculty**

All faculty members are urged to cooperate fully at every stage of any grievance in which they are involved within reason. Direct any questions to your direct supervisor.

## **Retention of Student Records**

Opportunity Junction will permanently maintain all academic student application and enrollment information in a locked steel file cabinet on the Institute's premises for each student, whether or not the student completes the educational service, withdraws, or terminates. All transcript information will be maintained on a secure electronic storage system through a customized

Salesforce.com database. The student records shall be retrievable by student name and shall contain all of the following applicable information:

1. Copies of all documents signed by the student, including enrollment agreements and fact sheets.
2. Copies of all tests given the student before admission;
3. Records of the dates of enrollment and, if applicable, withdrawal, leaves of absence, and graduation with completion status.

7. If Opportunity Junction closes, the institution and its owner are responsible to arrange at their expense for the storage and safekeeping in California of all records required to be maintained by the Act and this chapter for as long as those records must be maintained. The repository of the records shall make these records immediately available for inspection and copying, without charge except as allowed under state regulations, during normal business hours by any entity authorized by the Act to inspect and copy records.

Opportunity Junction courses do not accrue college credits.

## **Student Records and Right to Privacy**

The Federal Right of Privacy Act of 1964 provides for the right of all students and parents or guardians of minors to review their academic records, to include grades, attendance and counseling reports. Student records are confidential and only Accrediting Agencies or other individuals authorized under applicable state/federal laws are allowed access without first obtaining the written permission of the student, parents or guardians of minors. State law requires that the School maintain these records for no more than a five (5) year period. Students may request to review their records by writing to the Director of the School and all such review sessions will be scheduled during regular School hours and in the presence of an administrative representative. Further, the school must obtain written permission from the student to publish personal information in a student directory.

## TUITION FUNDING

Opportunity Junction does not offer State and Federal financial aid. However, Opportunity Junction's mission commits us to making our programs completely accessible to low-income job seekers. As a private institution and nonprofit organization, we raise money from foundations, corporations, and private citizens to ensure that the full cost of the program is covered. Some funders include, but are not limited to:

- Contra Costa County Community Development Block Grant Program
- Contra Costa County, City of Antioch, and City of Pittsburg Community Services Block Grant Program

We commit to developing the funding through private and government sources so that no student pays for tuition out of pocket or by obtaining a loan.

Students eligible for tuition funding through other sources (CalWORKs/WIOA or State and Private Vocational Rehabilitation) are asked to have their counselors call the School directly. The Student understands that if a separate party is financing his/her education, that the Funder, and the Funder alone, is directly responsible for all payments and monies owed to the school listed on this agreement.

Opportunity Junction has no pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, or has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11 U.S.C. Sec. 1101 et seq.).

The classrooms and labs are equipped with Audio/Visual equipment and computers. The facilities are readily accessible for students requiring physical accommodations, and the campuses have convenient access to public transportation and freeway access.

## **Grading and Assessment Policy**

Opportunity Junction uses an alphabetical grading system. The final grade for a course will be based on the assignments completed and the scores for the student received on the tests administered during the session. In order to receive a passing grade in the course, students must achieve a minimum score of 70%.

Any student who has attended class the entire quarter and received a passing grade in the tests administered, but failed to complete all class assignments by the end of the quarter may, at the instructor's discretion, receive an "incomplete" for that course. The student must complete all the course assignments by the end of the first week of the following session in order to receive a passing grade. Any student failing to complete the unfinished course work within the required time will receive a grade of "F".

A "W" will be recorded as the grade for any student withdrawing from a course before the end of the third week. A "W" does not earn credits or grade points. Any student withdrawing from a course between the fifth and twenty-sixth weeks will receive a grade of "F" for that course.

Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.
