...there is one God, eternally existent in three persons: God the Father, God the Son, and God the Holy Ghost.
...in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious and atoning death, in His bodily resurrection and His ascension to the right hand of the Father, in His personal future return to this earth in power and glory to rule a thousand years.
...in the blessed hope, the rapture of the Church at Christ's coming.
...the only means of being cleansed from sin is through repentance and faith in the precious blood of Christ.
...regeneration by the Holy Spirit is absolutely essential for personal salvation.
...in water baptism by immersion.
...the redemptive work of Christ on the cross provides in healing of the human body in answer to believing prayer.
...the baptism in the Holy Spirit, according to Acts 2:4, is given to believer who ask for it.
...in the sanctifying power of the Holy Spirit by whose indwelling the Christian is enabled to live a holy life.
...in the resurrection of both the saved and the lost, the one to everlasting life and the other to everlasting damnation.

History of the College

LABI College is an educational institute that holds the distinction of being the oldest existing Hispanic college in the United States. The leading founder of LABI was an Assemblies of God missionary named Alice E. Luce. She was born in England on January 22, 1873 and was formally an Anglican missionary to India. After experiencing the baptism of the Holy Spirit, she left the Anglican Church and joined the Pentecostal movement. It was in Canada that she received a call to evangelize in Mexico. However, the Mexican Revolution was just beginning and there was a strong Catholic opposition that was brewing against Pentecostals. As she journeyed south, she realized that she could not effectively evangelize in Mexico. As a result, she settled in Los Angeles to open a mission church called El Aposento Alto. During her early ministerial years in Los Angeles, she faced much gender discrimination and resistance from Oneness Pentecostals, Catholics, and Spiritism. But this challenge did not wane Luce's desire to convert and disciple new believers. She was even more committed to her goal of educating Latinos so that they might enter the mission field.

Along with other Latino/a evangelists, preachers, and ministers, they noticed that there was a lack of Mexican ministers who were adequately prepared to continue the mission churches and evangelize Mexicans in both the United States and Mexico. At the time, most Mexican ministers had no formal education given that they worked in the plantations. When they did convert, the first book they began to read was the Bible. Then, on October 1, 1926, Alice E. Luce joined Ralph and Richard Williams to establish LABI in San Diego, California which at first was called Berean Bible Institute. Luce wrote many of the curriculums and taught the classes in Spanish. While experiencing a time of growth, the institute moved in 1935 from San Diego to nearby La Mesa, California and then again in November 2, 1941 to Los Angeles. Meanwhile, as more students enrolled for ministerial training, overcrowded conditions made it imperative to find larger facilities. Under the leadership of Theodore Bueno, who was a former LABI graduate and missionary, the school moved to La Puente, California in 1949 - the site of the present facilities. It was in La Puente that the school's focus changed from being a missionary emphasis school to one that prepares ministers to meet the needs of society.

LABI not only became a ministry training school, but also a great educational opportunity during a time in which segregation and barriers to education opportunities in California were evident. In the 1950's, Jesse Miranda, who was a teacher and later became a President, recognized that LABI was becoming one of only a few options for Latinos to enter college. But the intellectual shift and need to raise academic standards led LABI in the 1980's seek to become an accredited college, teach courses in English, and change its name to LABC. However, not enough support was developed and, as a result, partnerships were developed with other Christian liberal Arts colleges in order to meet the students' demands for higher education opportunities. While keeping the distinct Pentecostal and ministry formation as its central goal, LABC was changed back to LABI and remained this way throughout the 1980's until 2013. In 2013 LABI's name was changed to LABI College to reflect the Associate degree that it offers.

Alice E. Luce believed in the indigenous principle in that the goal of missionary work was to leave the church with its own self-supporting, self-propagating, and self-governing leadership. Her missionary method and vision remained an underlying factor in the success and identity of LABI as an autonomous and Hispanic serving college. Yet, as the needs of Luce's context have changed over the years, so have the identity of students who come to LABI. Historically, we can observe that LABI was once a school in which Latinos learned how to be missionaries (1926-1949), then pastors and evangelists (1950-1978), ministers who desired to enroll in higher education (1980-2010). Currently, students who attend wish to attain a degree while also recognizing that an integral part of what it means to be equipped for ministry is to gain a college education (2010-present).

Student Life And Services

Chapel and Spiritual Life

The goal and focus of LABI College's spiritual life is for students to be well educated leaders for the next generation. LABI's educational paradigm emphasizes important areas such as chapel, counseling, practicums, discovery of spiritual gifts, and relationships. Students are given time to mature and grow in each one of these areas through vibrant chapels, mentoring, discipleship, and morning and night prayer.

Chapel services are conducted four times a week and attendance is required for on and off campus students. Worship, prayer, and the Word of God are emphasized as students take a leading role in the administration of the service. Many exciting speakers are featured throughout the year, including missionaries, pastors, faculty, alumni, students, and administration. See the Student Handbook for further details regarding absences and attendance policies.

Student Ministries and Clubs

At LABI, we believe God desires to reveal himself in various ways, even through culture: media, fine arts, athletics, and the list goes on! Students may be led to take an active part in a particular ministry or to explore their God-given talents by forming a club. These clubs are student led and fall under the supervision of assigned departments and administrators at LABI.

Interested in Starting a Club?

The Student Life department and SGA team will approve each club once a proposal has been submitted and presented in the weekly SGA meeting. This proposal must contain a mission, purpose, goals, and identified student leadership. A specific staff or administrator must be willing to oversee each club, as well. Within each club, students are able to lead others in various extracurricular activities and gain hands-on experience beyond the classroom. All are welcome to join! However, there are requirements for club leaders and members to ensure that each club agrees with and does not conflict with LABI's mission and vision.

Student Ministries Eligibility and/or Requirements

Eligibility varies for different clubs and specific standards/requirements vary for each context. However, all students must maintain these minimal standards in order to be considered as an applicant in taking a leadership role or participating in the club. These standards do not guarantee that the student will be approved to participate within a club.

1. Students must submit any required application materials to join a specific student-led club or ministry team.
2. Students must earn higher than a C average and maintain a GPA above a 2.0 each semester in order to be eligible to participate.
3. Students must be in good standing with prayer and chapel attendance.
4. Students must reflect a good testimony and godly character both on and off campus.

For specific eligibility guidelines, please consult the Student Manual and/or the Dean of Students.

Student Government Association

The Student Government Association (SGA) is a body of students who collectively represent LABI College and facilitate that culture throughout the campus. They are given the authority to act in the name of the greater student body. Being part of the Student Government is more than a title; it is a position of service and sacrifice. The Student Government Association of LABI College will work together with the college on spiritual, intellectual, and social levels under the supervision of the appointed staff members.

Each year the student body elects three to four officials: The President, Vice President, Secretary, and Treasurer. These leaders serve as representatives for student activities, class elections, banquets, and to serve as a bridge between the students and the administration. SGA activities are funded by an activity fee paid each semester. SGA holds regular weekly meetings with the Dean of Students in order to address student ideas, concerns, and events.

Activities on Campus

Each semester, all student leaders (SGA leaders and RA's) gather together for fellowship, discipleship, and bonding at a Student Leadership Retreat, and then begin a week of training and planning for the semester's events. The following are a few of the events you can expect each semester at LABI.

Fall Events

Beach Day: This is a day in the sun, fun in the waves, and delicious food and games!

Spirit Week: Now is your chance to show your school spirit! With each day as a different theme, you might dress as a twin with your best friend, a nerd, or your favorite superhero. The possibilities are endless!

Thanksgiving Banquet: Time to give thanks for each other, and enjoy a night of dining and games!

Christmas Banquet: It's time to celebrate with your LABI family (and a holiday feast) that Jesus is the reason for the season!

Campus Clean-Up Day: Time to give back! Let's show God we're thankful for our blessed institution by loving the campus with cleaning and beautification!

Spring Events

Spirit Week: Time to dress as your favorite teacher, or maybe your favorite animal! Who knows? Every day of Spirit Week is always a fun surprise!

Park Day: Time to relax in the park, throw a Frisbee, chat with friends, and enjoy some tasty BBQ!

Valentine's Day Events/Grams: Typically, SGA may hold a fun event to entertain students during Valentine's Day week. Also, you might just receive a special note with candy or a flower from a friend, or purchase one yourself! How sweet!

Yearbook Signing Party: Come dressed to impress, and keep the tissues and pens ready. Make your notes memorable, and remember these are friends for a lifetime!

HeBrews Lobby Café

HeBrews Lobby Café seeks to provide snacks, drinks, and other goods to the LABI community throughout the semester weekdays and special events in order to raise funds to support activities for students throughout the year. Therefore, HeBrews Lobby Café is an extension of SGA instituted by students, run by the students, and purposed originally for the students. Even more, HeBrews recognizes its capacity as an evangelistic business, and intends to shine as a light to the surrounding community as well, providing an open door for anyone to experience LABI College and the God we serve through excellent service and product, warmth, and love.

Creative Team

The Creative Team, formerly known as the Media Team, is another popular internship on our LABI campus. Students have the opportunity to develop their creativity through videography, photography, video editing, green screen shooting, yearbook designing, news reporting, student newsletters, website design, chapel media, and many other forms of communication. The media team is heavily involved with regional Youth Conventions. All of these avenues of media are new ways that the Spirit of the Lord is using to minister to this new tech-savvy generation.

Student Missions

Missions is the heartbeat of LABI College. Students are involved in mission prayer groups and also in various mission outreaches, both stateside and in other countries. Each year, the students raise money for missionaries and mission trips in the summer with mission organizations. One of these missions' teams is the "Invasion Ministry" which was created by an LABI student. Since its conception, it has grown into an incredible ministry. Invasion's goal is to walk faithfully in God's Word, doing His perfect will through prayer, fasting, and the reading of His word. In obedience to His calling, the Invasion Team aims to spread the gospel by "invading" hospitals, orphanages, rehabs, the addicted, the prideful, the rich and poor—all so they can encounter God's everlasting love in their lives. Invasion will also provide opportunities for LABI students to engage in real life ministry, building their faith and service to God.

Worship Teams

The LABI Tour Team is a worship team that represents the school by traveling to many churches and functions throughout the year. LABI also has chapel worship teams that are involved in chapel services three times a week. The chapel worship team is under the direction of the Campus Pastor, and auditions are held every semester. Music scholarships are available for qualified students. In addition, many students form their own small worship groups for ministry purposes.

Student Conduct

The formation of Christian character and conduct in the lives of the students is very important at LABI. The school administration, at its discretion, dismisses a student from school for serious incidence or repeated incidences of an intoxicated or drugged state of behavior, possession of illegal weapons on school premises, behaviors that create a safety hazard to other persons at school, and disobedient or disrespectful behavior to other students, an administrator, faculty member, or any other stated or determined infraction of conduct. Admission signifies that all students agree to abide by all rules and regulations of the school. Further information concerning student conduct and discipline is stated in the Student Handbook.

Student Grievance Procedures

If student has a grievance LABI will have fair and prompt resolution. Legitimate grievances are a vital part of the school's professional and ethical commitment to its community members. The grievance process is confidential and LABI College does not tolerate any retaliation in terms of those sharing their complaints. All grievances shall be addressed within 1-2 business days. The grievance form will require the student to the nature of the complaint, date and time of occurrence, location of occurrence, and any attempts to resolve this issue informally. The steps involved in addressing student grievances include the following:

1. A formal grievance is presented in writing to the head administrator of the relevant department.
2. The administrator will investigate the dispute. Interviews will be used to gather relevant information of the complainant, respondent, witnesses, etc.
3. If the nature of the complaint, as warranted, can be resolved by mediation, the appropriate administrator will attempt to bring a quick resolution between the involved parties through a meeting with all those effected present.
4. A Restorative Justice Hearing can be requested if the grievance and mediation process did not bring full resolve.
5. If the complainant and the respondent do not agree on the outcome of the resolution recommended by the Restorative Justice Committee, an appeal in writing can be made to the President of LABI College.
6. After the grievance is completely resolved, it will be filed in the appropriate Grievance File record, along with the Plan of Action and all other relevant materials and findings.

Please see Student Handbook for further information concern filing a Student Grievance.

All non-LABI College users, including those with library-issued borrower cards, should contact their local public library, workplace library, or other appropriate institution to obtain Interlibrary Loan service.

The Interlibrary Loan Office is located within the Simon Melendres Library and is open from 8:00 a.m. to 5:00 p.m. Monday through Friday. Materials borrowed through Interlibrary Loan may be retrieved by Circulation and Reserve Desk staff.

All Interlibrary Loan items are on a strict 3 week borrowing period.

Databases

We subscribe to a growing number of online databases. These are accessible off campus for currently enrolled LABI College students, faculty and staff. Ask a librarian for more information. Guests must come to the library to use the databases.

Databases are also organized by subject and resource type. Databases can be accessed on-campus and off-campus through licensed electronic resources including databases, e-journals, and e-books through the Simon Melendres online web portal.

Please contact the Librarian for resource needs at steve.valdez@labi.edu or call (626) 968-1328 ext. 3008.

Students Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, except for \$250 in applicable fees. Cancellation is effective on the date the written notice of cancellation is received in the registrar's office at: 14209 E. Lomitas Ave., La Puente, CA 91746.

Refund Policy

If a student cancels after the first class session, or the seventh day after enrollment, whichever is later, he/she will receive a refund of unearned charges paid (minus \$250 non-refundable fees). This refund is only for students who have completed 60 percent or less of the period of attendance and will be a pro rata refund. Cancellation is effective on the date the written notice of cancellation is received in the registrar's office. Failure to follow official withdrawal procedures will result in debt owed and possibly failing grades in all courses. The applicable refund will be paid to the student within 45 days of receiving the written notice of cancellation from the student. The pro-rated refund system is the following:

1. The amount owed to the institution equals the daily charge for the program (total institutional charge, divided by the number of days or hours in the program), multiplied by the number of days the student attended, or was scheduled to attend, prior to withdrawal.
 2. The refund will equal the amount the student paid minus the amount owed to the institution.
- No refunds will be issued after the student has completed 60% of the semester.

Unpaid Balance Policy

Students will have 5 days (business) after the due date to make payments without a penalty. After the fifth day, late payment is subject to a \$25 late fee. If the responsible party does not meet financial obligations 10 days after the due date, the student will be dismissed from school and withdrawn from all courses. If this were to occur, reinstatement is possible but only after all financial balances have been made.

Student Housing

Students desiring to find housing outside of the college campus may do so. Housing costs in the surrounding area of the campus vary. Students may find a one-bedroom apartment for approximately \$1,500.00. LABI College is not responsible for finding housing for students outside the College campus.

Student Tuition Recovery Fund

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment if you are not a California resident or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd, Ste. 200, Sacramento, CA, 95834, 888) 370-7589; fax number (916) 263-1897.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Federal Student Aid

LABI College students may apply for federal student aid by completing and submitting the Federal Student Aid application (FAFSA). Students may be eligible of Pell Grants and/or Direct Student Loans. Please contact the LABI College financial aid office for any questions by calling 626-968-1328, or by emailing financialaid@labi.edu.

Return to Title IV Policy

Students that completely withdraw from all classes either officially or unofficially, are dismissed/expelled, or leave LABI College prior to completing more than 60% of the trimester must repay some or all of the Federal financial aid funds received or paid on their behalf.

Federal student aid regulation 34 CFR 668.43 requires the LABI College Office of Financial Aid to calculate an amount of money the student may be required to return that they received in Federal Title IV Aid (Federal Pell Grant, Federal SEOG, and Federal Direct Stafford Student Loans). The withdrawal date is defined as the actual date the student began the institution's withdrawal process, the student's last date of recorded attendance, or the midpoint of the quarter/semester for a student who leaves without notifying the institution. The Federal Title IV programs covered under this policy include Federal Pell Grant, Federal SEOG, Federal Stafford Loans, and Federal PLUS Loan (Parent Plus Loan).

The College has 30 days to calculate the Title IV refund, and 15 days to return the funds to the U.S. Department of Education. Once the funds are returned by LABI to the Department of Education, LABI will contact the student for the funds owed to the College. If no funds are paid to LABI, the College may take on further actions. The student is responsible for paying back the Department of Education the loans that were earned and under the Master Promissory Note procedures, or any Pell grant overpayment that were above the threshold.

LABI College and the student share the responsibility for returning Title IV aid. LABI College returns "unearned" Title IV funds that have been paid to the school to cover the student's institutional charges received from Title IV grant and/or loan programs. If the student owes funds back to the Title IV programs, the institution will advise the student. The student has 45 days from the date of notification from the institution to take action on the overpayment.

No additional disbursements may be made to the student for the enrollment period. If the student does not repay the amount owed to the Title IV programs or does not make satisfactory payment arrangements with the U.S. Department of Education, LABI College may report to the National Student Loan Data System (NSLDS) that the student received an overpayment. The student loses eligibility for further Title IV aid until resolved.

Recalculation is based on the percent of earned aid using the following formula: $\text{Percent earned} = \frac{\text{Number of calendar days completed up to and including the withdrawal date}}{\text{total calendar days in the quarter/semester}}$

Scheduled Break: In accordance with regulation 34 CFR 668.22(f)(2)(i), LABI College will exclude all breaks exceeding five days or more from the return calculation. For example, Christmas break will be excluded from the Return calculation as a period of non-attendance and, therefore, do not affect the calculation of the amount of Federal student aid earned.

Federal Title IV financial aid is returned to the federal government (reducing student loan debt) based on the percent of unearned aid using the following formula:

$\text{Aid to be returned} = (100\% - \text{percent earned}) \times \text{the amount of aid disbursed toward institutional charges.}$

Federal Student Aid

Return of Funds

LABI College will return funds to the Department of Education in the following order:

1. Unsubsidized Direct Stafford Loan
2. Subsidized Direct Stafford Loans
3. Direct PLUS
4. Pell Grant
5. FSEOG

Post-Withdrawal Disbursements

If it is determined that a student is eligible for Federal Title IV financial aid funds that have not been disbursed, grant funds that the student is eligible for will be disbursed first. Federal aid that the student is eligible for will be credited to the student's account for outstanding charges. If the student has no outstanding charges or if there is a balance due the student after disbursement, LABI College will notify the student of his/her eligibility for the loans. The student must respond within 14 days of the date of the letter as to whether they want all, part, or none of the loan(s). If the student fails to respond within 14 days, no loan disbursement will be made.

Before calculating the amount of financial aid that must be cancelled, the following is taken into consideration:

- If a promissory note for a Stafford Loan has not been signed and submitted by the student prior to the withdrawal date, the loan(s) is automatically cancelled.
- If an entrance loan interview has not been completed by the student prior to the withdrawal date, the Stafford Loan is automatically cancelled.
- If the student is a first-time attendee of LABI College and withdraws during the first 30 days of the semester, the Stafford Loan is automatically cancelled.
- Students who have not completed verification are not eligible for financial aid and are not included under this policy.

Loan Exit Counseling

Loan Exit Counseling is a requirement for everyone who has borrowed funds from the Federal direct student loan program. It is designed to prepare you for repaying your student loans and help you with personal financial management.

In exit counseling you will learn your rights and responsibilities and the consequences of not repaying your student loans. In addition, repayment options, debt management possibilities, and loan consolidation is discussed in more detail. You will need to know which types of federal student loans you have borrowed during your years of attendance at LABI College. You may obtain this information online at www.nslds.ed.gov. Your FSA User ID will be required to access the system.

If you borrowed under the Federal Direct Stafford Loan Program (either a Subsidized or an Unsubsidized Stafford Loan, or both), please complete your loan exit counseling online at www.studentloans.gov.

It is important that you understand the seriousness of repaying your student loans. If you have any difficulties in making your loan payments, please contact your loan servicer that you can also find at www.nslds.ed.gov.

You are encouraged to visit the LABI College Office of Financial Aid or your Advisor to discuss your situation and options prior to withdrawing. You may wish to avoid owing a repayment on the Federal student aid you received by staying in some or all of your classes.

Failure to pay your Federal aid overpayment as a result of withdrawing officially or unofficially from LABI College may result in you not being eligible for Federal student aid at any school in the country until the repayment is made. Also, please be aware that if financial aid funds are returned to the US Department of Education by LABI College, you will be responsible for immediate repayment for any balance due that appears on your student account.

If a student obtains a loan to pay for an educational program, the student has the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.

Please visit the LABI College Office of Financial Aid for more information on the Return of Title IV Refund Policy and procedures.

Student Academic Progress (SAP) Policy

The U.S. Department of Education requires all students who receive financial aid, including loans, to make satisfactory academic progress established by LABI College toward their program of study. Satisfactory Academic Progress standards apply to all Title IV programs. The Financial Aid Satisfactory Academic Progress policy is separate from the College's Student Academic Standing Policy.

Evaluation of Student's Academic Progress

Satisfactory Academic Progress (SAP) is the measure of a student's overall academic progress. LABI College will use annual SAP evaluations. The student's entire academic history will be reviewed for the purposes of determining SAP compliance, including credits not paid for by financial aid. Students who fail to meet these standards may not receive financial aid, including loans. Evaluated students who are not making satisfactory academic progress will be notified in writing and advised that they may submit an appeal to continue receiving financial aid under the terms of "Federal Probation." The students will be placed on an academic plan that will require them to complete 100% of attempted courses (no failures "F", withdrawals "W", incomplete "I" grades or no credit "NC") and earn a term GPA of at least 2.00.

Satisfactory Academic Progress Standards

SAP policy includes three components: qualitative, quantitative, and timeframe.

Requirements of the SAP Policy:

1. Qualitative: The required cumulative grade point average (GPA) a student must earn (including institutional and transferred grades).
2. Quantitative: The required completion percentage of credit hours attempted.
3. Timeframe: The maximum timeframe in which the student must complete his or her educational program.

Minimum Cumulative Grade Point Average

The minimum cumulative grade point average for a student at the end of each term to maintain eligibility for financial aid is 2.0.

Minimum Percentage of Credit Hours Attempted to Earned

The required completion percentage of credit hours attempted will be 67%.

Maximum Time Frame

The maximum time frame in which a student must complete his or her program cannot exceed 150% of the published length of the program. All credit and clock hours attempted are used towards the maximum time frame allowance regardless of whether the student received financial aid during the time frame.

Appeal Process

Students who have been placed on Academic Federal Probation for not meeting the SAP standards may appeal in writing 15 days before first day of the affected semester. The appeals are reviewed by the Appeals Committee based on extenuating circumstances. Once the Appeals Committee reviews the appeal, the Financial Aid director notifies the students within 15 days of receiving the appeal if the appeal is approved or denied.

Extenuating circumstances include:

- Serious illness or injury to student or immediate family member (parent, spouse, sibling, child) that required extended recovery time
- Death of an immediate family member
- Significant trauma in student's life that impaired the student's emotional and/or physical health
- Withdrawal due to military service
- Second degree, double major, change of major (maximum timeframe only)
- Other unexpected circumstances beyond the control of the student

Along with the appeal, any available supporting documentation should be submitted (e.g., Doctor's note, death certificate, etc.).

All appeals and supporting documentation should be mailed or emailed to the following address:

Guided Thesis Assignment:

The LABI student thesis is a creative interpretive project supported by research that offers evidence of an original point of view. Students will demonstrate a capacity for independent research, an ability to organize, and present evidence logically and proficiency. The thesis demonstrates originality, critical and independent thinking, appropriate format, and documentation. Students will compile their thesis guided by a faculty member who has mutual interest, knowledge, and expertise in the area of the selected topic. The guided thesis is not completed within one semester, but under the guidance of the faculty member, will be developed on a continual basis in the student's final year.

In Preparation for the Thesis:

- Student must select a thesis topic and faculty member who is willing to serve as an advisor by the end of the sixth semester.
- Begin research, bibliography, and literature review by the beginning of the seventh semester.
- Submit thesis proposal to faculty advisor by the beginning of the seventh semester.

Thesis Topic Instructions

The thesis must focus on a specific biblical text, theological theme, or ministerial topic related to urban theology. The student can apply a certain biblical, theological, or ministerial perspective to an issue or problem related to urban theology. The thesis may build upon and elaborate work done in a previous paper. The thesis may be written within the context of a course in which the student is currently enrolled, or as part of a directed study, or as an additional paper outside of current coursework.

Thesis Proposal Instructions:

After the student has found a faculty member who will guide his or her thesis, the student must submit a thesis proposal form before the second week of the seventh semester to the academic office or email to portfolio@labi.edu. Graduation applications will not be approved without thesis proposals. The thesis proposal must include:

- Student name
- Paper topic or title
- One-page description of thesis
- Faculty adviser signature
- Expected completion date

Approved Thesis is:

Written according to the format of SBL or Chicago Manual of Style

- Following formatting guidelines
- Ranges between 5,000 to 7,500 words (20-30 pages double spaced)
- Approved with all faculty committee signatures
- Submitted to academic office
- Assessed on a pass or fail scale

Academic Policies

Grading Scale

The grading system is as follows:

A	= 100% - 93%	Excellent
A-	= 92% - 90%	
B+	= 89% - 88%	
B	= 87% - 83%	Above Average
B-	= 82% - 80%	
C+	= 79% - 78%	
C	= 77% - 73%	Satisfactory
C-	= 72% - 70%	
D+	= 69% - 68%	
D	= 67% - 63%	Low Pass
D-	= 62% - 60%	
F	= 59%- 0%	

Student Records

A student's academic performance is recorded as permanent. Once a letter grade is issued to a student, it is recorded in his or her permanent record. A grade can only be changed by the faculty member that issued it (see section on grade change). The time limit for this type of grade change is six months. After this time no one can make any changes to the student's permanent record. Once a grade is issued and recorded in the student's permanent record, it will appear in every transcript issued by the school. For this reason, students should pay careful attention to their academic transcript. A student may dispute any record by filling out a general academic petition. A student may also fill out a transcript request form in order to receive an official transcript by mail or in person pick up. Student records are kept for a minimum of five years, and transcripts are maintained permanently.

Incomplete

An incomplete is available to a student if he or she does not submit all course assignments by the end of the class for unexpected reasons. There are no automatic extensions for late work. To request for an incomplete the student needs to officially request for an extension by filling out the incomplete form. This form must have both student and professor signatures and be submitted to the registrar by the end of the semester. The incomplete will appear as an "I" on the student's transcript until all course work is submitted, at which time the letter grade of "I" will be changed to the new grade given. If no assignments are turned in after the second week, the student will receive an automatic "F" and it will be recorded in the student's permanent academic record.

Grade changes

A grade can only be changed by the faculty member that issued the grade within six months. A faculty member may change a grade if the original grade given had a typographical error or if by petition of the student the faculty member reevaluates course work and discovers that a grade change is in order.

Adding/Dropping Courses

During the first 10 days after the start of each semester, a student may drop a course without financial penalty. To add/drop a course, the student must fill out an add/drop form. The form must be filled out and submitted to the academic office to officially drop from the course. Courses are not automatically dropped. The student is responsible for making sure that the drop was registered with the Academic Office. If the student fails to follow the appropriate steps to drop or add a course, he or she will still be responsible for paying the full tuition and will be issued a letter grade for the course. Last day to drop a course is two weeks before the last day of the semester. The student who drops a course will receive a "W" on his or her transcript. However, the student will be responsible for any fees or loss of scholarship.

Repeat Courses

Any grade below a "D-" may be repeated for a higher grade. However, both grades will be recorded on the student's transcript and calculated into the GPA.

Make-up Exams

Approval for taking early or late exams must be obtained from the instructor and Academic Dean. Make-up exams must not occur later than the 3rd week of the primary exam date.

Academic Warning, Probation and Expulsion

A full time student must achieve a cumulative grade point average (GPA) of 2.0 in order to be in good academic standing. If an applicant has a high school GPA of 2.49 or below, he or she will automatically be placed on Academic Warning, and will be advised on a regularly throughout the semester to assure they maintain the academic minimum requirements.

Students who earn below a 2.0 term GPA at LABI College will be placed on academic probation. Students in academic probation will not be able to register for more than 13 units, and are not eligible to participate in extracurricular student ministries. If the student on academic probation completes a second term below a 2.0 GPA, he or she will be disqualified from the degree programs.

Plagiarism

Plagiarism is the act of taking the writings of another person and passing them off as if they were one's own. LABI maintains its commitment for a high ethical standard in both one's lifestyle and academic integrity. For this reason, the school does not tolerate plagiarism, and if a student has been found to have plagiarized any text, presentation, or sermon, whether it is written or oral, he or she will receive an automatic zero for the assignment. Further action may include academic probation, the inability to pass the class, and the possibility for expulsion if the plagiarism continues.

Instruction Credit Hours

A semester credit hour is defined as the quantity of work represented in intended learning outcomes and verified by evidence of student achievement that reasonably approximates the amount of work required by one hour (minimum 50 minutes) of classroom or direct faculty instruction and a minimum of two hours out-of-class student work each week for sixteen weeks or one semester, or an equivalent quantity of work over a term of different length (intensive, accelerated, online courses, etc.).

Attendance Policy

Attendance in class is required. All absences are unexcused except for those under the following circumstances: illness, death or birth in the immediate family, or other valid reasons substantiated in writing and at the discretion of the academic office. A student may not be absent more than 20% of the class time, which is three weeks of absences. Absences beyond the amount allowed result in failure for the course.

Leave of Absence Policy

Students who wish to leave the College for a semester, after which they intend to return, should take a leave of absence. If a student leaves campus during a semester without completing the proper forms receives grades of F in all courses except completed block courses. Besides a regular leave of absence, students can apply for a leave for medical or emergency reasons. The granting of a leave of absence guarantees readmission and permits the student to graduate by complying with the degree program requirements. If the student is enrolled in classes, taking a leave of absence by the withdrawal deadline date published in the academic calendar results in grades of "W" (withdrawn) in all courses other than completed block courses. Taking a regular leave of absence after the last date to withdraw as published in the academic calendar results in grades of "F" in all courses.

Tardiness

Tardiness is a disruption of a good learning environment and is discouraged. Our teachers have the authority as to when to consider a student tardy. If a student is more than 15 minutes late for a class, he or she will be considered absent for that class period, whether or not he or she remains in class.

Independent Study

Independent Studies are allowed only under extremely special circumstances with the approval of the academic office. An application must be filled out and turned into the registrar along with the registration form. If the registration is received without the approved form it will be returned to the student.

Student Classification

A student's status is determined by the number of credit hours completed: a freshman student is 0-33 units, sophomore student is 34-66 units, junior student are 67-94 units, and a senior student is 95 units and above.

Enrollment Status Definition

For both associate and bachelor students, the following number of units are required for enrollment classification.

- Full-time student = 12+ semester hours
- 3/4-time student = 9 semester hours
- Half-time student = 6 semester hours
- Less than half-time student = 3 semester hours

Academic Honors

Students who graduate with a GPA above 3.85 will graduate with the honors of *summa cum laude*, 3.65-3.84 will graduate with the honor of *magna cum laude*, and 3.5-3.64 will graduate with the honor of *cum laude*.

Transfer Policy and Articulation Agreements

Students who desire to transfer to a four year school are strongly encouraged to meet with the academic staff to ensure that the courses are best suited for their intended major. Each university or college however reserves the right to admit and accept students and courses on a case by case situation. However, LABI College holds articulation agreements with the following schools for specific degree programs and with different transfer options.

For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending LABI College to determine if your credits, Certificate, or Degree will transfer.

Vanguard University

Vanguard University of Southern California is an accredited, private, non-profit Christian university of liberal arts and professional studies in Costa Mesa, California.
