EMERGENCY PLAN..... 52

ST. LUKE UNIVERSITY is a private, non-profit institute of higher education and was founded in 2004 by Dr. Young Dae Kim, with the vision of educating future Christian leaders and medical practitioners who can treat the mind, body, and soul.

On the university's founding, the curriculum was designed to encourage students to follow in the steps of Luke, the author of the Gospel of Luke and the Acts of the Apostles in the New Testament of the Holy Bible. Luke was a doctor, evangelist, historian, and also bilingual. A well-learned man, the university strives to model Luke in his faith and knowledge through the education provided to our students.

Currently, the university offers four programs: Bachelor of Arts in Theology, Master of Divinity, Master of Religious Education, Doctor of Ministry, and certificate in ESL. Distance Education is available for all degree programs.

MISSION STATEMENT

In the spirit of Sola Scriptura, St. Luke University exists to equip students to be decisive leaders who impact the world for Christ through ministry, teaching, and mission.

INSTITUTIONAL OBJECTIVES

Through this Mission Statement, the objectives of St. Luke University are as follows:

- The University is committed to maintaining a Bible-focused and Christ-honoring curriculum.
- The University seeks to produce competent persons in their fields of study.
- The University is devoted to developing servant leaders, exemplifying Christ-like character.
- The University is dedicated to actively engaging both the local community and various cultures through practical training within Christian education.

STATEMENT OF ETHICAL VALUES AND STANDARDS

Mutual Respect in Christ

The ethical standards of St. Luke are guided by an understanding of Scripture and a commitment to its authority regarding all matters of Christian faith and living. All the members of St. Luke—students, faculty, staff, and Board members—should internalize and practice all of the institution's published policies and

ethical standards.

We affirm that the Bible encourages us to make every effort to live in peace and harmony within the Body of Christ. Accordingly, when unethical behaviors or conflicts arise, we are committed to the biblical process outlined in Matthew 18:15-20 towards positive solutions and restoration (1 Thess. 4:3-8; 1 Tim. 4:12).

"Mutual Respect in Christ" is a call to manifest ethical values and standards of St. Luke University. Conduct that denigrates or shows hostility or aversion toward an individual based upon an individual's race, color, religion, national origin, disability, age, sex, marital status, or veteran status or any other basis will not be tolerated. The following five standards demonstrate how it defines our values and conduct our behaviors at St. Luke University.

Academic Integrity

We as faculty and students alike commit to honesty in all aspects of our work. Faculty are responsible for modeling in their lectures and publications the same standards for use of oral and written sources that they expect of students in students' oral and written work.

Academic integrity requires that as faculty:

- we will carefully acknowledge our dependence on the ideas of others, including those of our students, in publications, and as appropriate in lectures and in materials distributed in class;
- we will follow accepted standards in the construction and grading of examinations;
- we will challenge academic dishonesty when it occurs;
- we will seek to assure consistency in applying these standards by consulting with colleagues as we deal with questions and issues about academic integrity within our professional work.

Academic integrity requires that as students:

- we will rigorously follow accepted standards of citation for quoting directly or indirectly from published or unpublished sources;
- we will avoid all forms of plagiarism;
- we will not, in take-home or in-class examinations,
 - copy from the examination papers of other students;

- allow other students to copy our work on exams;
- use materials such as notes or books, including dictionaries, without the express permission of the instructor;
- have another student take an examination for us.

Sexual Harassment

Sexual harassment is the conduct based on sex or of a sexual nature, whether directed toward a person of the opposite or same sex, and may include explicit sexual propositions, sexual innuendos, suggestive comments, sexually oriented jokes, displaying sexually explicit printed or visual material in the absence of a valid educational purpose, and physical contact such as patting, pinching, hugging, or brushing against another person's body.

St. Luke University accepts our responsibility to recognize, to refrain from, and to remedy acts of sexual harassment as stipulated by law. Any person who perceives that they have been a victim of sexual harassment or sexual assault must contact the Director of Student Affairs. The Director will investigate the allegations and take appropriate action to first protect the person who has claimed victim status and then to discipline the offender where proven.

Non-Discrimination

St. Luke University is committed to providing and modeling a learning, working, and living community environment that is free of unlawful discrimination in all of its policies, practices, procedures, and programs.

The university does not discriminate on the basis of race, color, religion, national origin, disability, age, sex, marital status, or veteran status. The University shall adhere to all applicable state and federal regulations.

The university, however, does lawfully discriminate on the basis of sexual conduct that violates its biblically based Institution's Statement of Faith. The university believes that sexual union must be reserved for marriage, which is the covenant union between one man and one woman. The university believes premarital, extramarital, and homosexual forms of explicit sexual conduct to be inconsistent with the teaching of Scripture. Therefore, the university expects members of its community to

abstain from what it holds to be unbiblical sexual practices.

As a religious institution, the university is exempted from certain provisions of the above regulations relating to discrimination on the basis of religion. The university reserves the right to seek, hire, retain, and promote individuals who affirm the Statement of Faith of St. Luke, support the mission and goals of the institution, and whose conduct is consistent with its understanding of Scripture.

Respect for People and Property

The University expects all the members to demonstrate the highest standard of respect for people and property. The following are examples of behaviors that are not acceptable:

- Dishonesty: The institution regards as unacceptable any lying, misrepresentation, or deception in representations an individual makes about one's self or others in any phase of academic life.
- Injurious or offensive action: Physical assault, infliction of psychological injury, and the spreading of malicious rumors are unacceptable. Prejudicial treatment, persistent profane, or obscene language is subject to disciplinary action.
- Stealing or destruction of property: Theft of or damage to the property of another person or of the institution is unacceptable.
- Purposeful violation of institutional policies: Purposeful violations include, but are not limited to, refusal to comply with contractual arrangements with the university offices or services.

Substance Abuse

The University is committed to maintaining an alcohol and drug-free environment. The university will ensure that all of its campuses, workplaces, and activities are safe and free from the problems and risks associated with the unauthorized use and abuse of alcohol and the illegal use and abuse of drugs.

The unlawful manufacture, distribution, dispensing, possession or use of alcohol or illicit drugs by any member of the St. Luke community on the institution's property or as part of any of its activities is prohibited.

Laws and Regulations of the U.S. Government

The University also expects to meet and surpass basic

laws and regulations of the U.S. government and the U.S. educational department.

PHILOSOPHY OF EDUCATION

The faculty, administrators, and staff of St. Luke University are committed to building a community of learning that educates the whole person for a life of service. We seek to develop our students within a holistic framework covering the spiritual, psychological, intellectual, and social aspects of the person. The education at St. Luke is designed to connect knowledge with action, learning with service.

Teaching and learning at St. Luke are centered on the teachings of the Scriptures and promote a worldview that emphasizes the creation, fall, and redemption of humanity. This worldview directs members of the St. Luke community to foster a concern for the local and global community and a clear sense of their calling in the world.

St. Luke University encourages the faculty, students, and staff to nurture spiritual life in formal and informal ways through the learning of the Gospel, meditating on God's word, and remembering Jesus' sacrifice in all that we do.

STATEMENT OF FAITH

We as faculty, administration, and Board of Directors of St. Luke University annually affirm their agreement with the following doctrinal statement.

- We believe the Bible to be the inspired, the only infallible, authoritative Word of God.
- We believe that there is one God, eternally existing in three persons, Father, Son and Holy Spirit.
- We believe in the deity of our Lord Jesus Christ, in His virgin birth, in His sinless life, in His miracles, in His vicarious death and atonement through His shed blood, in His bodily resurrection, in His ascension to the right hand of the Father, and in His personal and visible return in power and glory.
- We believe in the present ministry of the Holy Spirit by whose indwelling the Christian is enabled to live a godly life, and by whom the Church is empowered to carry out Christ's great commission.
- We believe that man was created in the image of God, and that he was tempted by Satan, who is the chief adversary of God, and fell, and that, because of the exceeding sinfulness of human

nature, regeneration by the Holy Spirit is absolutely necessary for salvation.

- We believe in the bodily resurrection of both the saved and the lost; those who are saved unto the resurrection of life and those who are lost unto the resurrection of damnation.

Course descriptions and objectives will be used where possible to determine course equivalency to St. Luke University courses. The student will be notified within 30 days of submission of documents on transferability of units.

Course work done at institutions that have been approved by the BPPE, or another appropriate and

equivalent state agency, or institutions accredited by an accrediting agency recognized by the U.S.D.O.E. will be considered as equivalent to St. Luke University course work where the course descriptions and/or objectives are similar to St. Luke University courses.

For course work accomplished in institutions outside the U.S., St. Luke University may use standards established by a member of NACES (National Association of Credential Evaluation Service) such as the International Education Research Foundation, Inc., the American Association of College Registrars and Admission Officer, International Academic Evaluators Inc. or the World Educational Services, for institutional equivalency. Where outside institutions are deemed to be equivalent to St. Luke University, course work will be assessed on a similar equivalency level to courses at St. Luke University. (b) No more than 20% of graduate semester units awarded by another institution may be transferred for credit toward a Master's degree. (c) No more than 30 graduate semester credits awarded by another institution may be credited toward a doctoral degree.

Each request for a transfer of credits must be received by your Program Director no later than the commencement of classes for new students and by the last semester of their program for current students who have taken one of more courses at another institution, while working towards their

degree at St. Luke University.

The Program Director will make the decision on the number of transfer units accepted for each student. Students may appeal any decision to the Chief Academic Officer, and the Chief Academic Officer forms an academic committee consisting of the Chief Academic Officer, President, and the relevant Program Director. ACADEMIC POLICIES

GENERAL EDUCATION COURSES

Courses that qualify as general education are those that provide the student with a broad educational experience in the arts and sciences. St. Luke University offers general education in communications, humanities, social science, and natural science areas to provide a broad base of training in support of their bachelor program.

GRADING SYSTEM

Student performance will be evaluated by examination, attendance, classroom participation, special projects, seminars, and research works, etc. Any student in danger of receiving a “D+” or below for the course is responsible for arranging with the instructor a plan for improving his/her grade. Courses may be repeated for grades of “D+” or below for bachelors and masters programs and “C+” or below for the doctorate program. Any student receiving an incomplete grade “I” will be given up to one semester to complete the course. Failure to complete the course within the required time will result in an “F” for the course.

Grade points are based on the standard 4.0 scale. The following grades receive credits and incur grade points that impact the final grade point average.

Grade	Point Rate	Grade	Point Rate
A+	4.00	C+	2.30
A	4.00	C	2.00
A-	3.70	C-	1.70
B+	3.30	D+	1.30
B	3.00	D	1.00
B-	2.70	D-	0.70
		F	0.00

The following grades may appear on a transcript but do not incur grade points and do not impact the grade point average.

Grade	Explanation
CR	Credit
NC	No Credit
I	Incomplete
IP	In Progress

W	Withdrawal after 60% point of the term
FN	Failure – Nonattending

GRADING RUBRIC

The following rubric may be used in grading written assignments.

Excellent. The level of work submitted, research, thinking, and communication are superior. You understand and interact with the theories, integrate it with your topic, and have shown how it is applicable in the context you have chosen.

Good. The level of work submitted, research, thinking, and communication are satisfactory. You appear to have read the assigned literature and have made progress in showing how it is applicable in the context you have chosen, though your work could be stronger in both areas.

Satisfactory. The level of work submitted, research, thinking, and communication are acceptable. It appears you understand the reading and have made a start in showing how it is applicable in the context you have chosen.

Poor. The level of work submitted, research, thinking, and communication are not acceptable. You have read some of the theories and have started to consider how it is applicable in the context you have chosen, but you have not demonstrated either clearly.

GRADE REPORT

At the end of each semester, students’ academic standing and report of grades achieved while in attendance at the university are available after the end of the semester on the student management system.

Grades submitted by instructors after completion of courses are considered final. Any petition for grade changes due to special circumstances must come from instructors and will be considered on case-by-case basis by the Chief Academic Officer and the concerning instructor. Completion of coursework and payment of fees does not guarantee graduation from the University.

DEFINITION OF A CREDIT HOUR

Credit hours used in the context of the theology programs are defined in semester units and hours of

instruction per week. One credit hour equals one semester unit and requires one hour of in-class instruction per week and two hours of at-home work.

A typical full-time undergraduate student will enroll in 12 credit hours per semester which totals 12 semester units. A typical full-time graduate student will enroll in 8 credit hours per semester which totals 8 semester units.

AUDIT COURSES

Students who wish to audit an on-campus class may do so if they have previously taken and passed a course at St. Luke University. Audit and other non-credit courses are not included in fulfilling the requirements for graduation.

EXAMINATION PROCEDURES

Requirements for midterms and other examinations during the term (written and oral), term papers, reports, projects and other student activities are assigned by each instructor. Make-up examinations, re-tests, late submission of reports or other special arrangements are made only by the instructor, and only at the instructor's option. Either the instructor or the University can administer a make-up examination or re-test, after the student has received approval from the Chief Academic Officer and the concerning instructor.

No instructor is required to offer make-ups, re-tests, or to accept late submissions of work. It is fully within the instructor's authority to give a failing grade for any examination a student does not take on time, or for any report or other assignment a student fails to submit on time.

Failing an Examination

An instructor may recommend that a re-test be permitted. The instructor must indicate, in writing, on the Grade Report to the Chief Academic Officer that a re-test is recommended based on compelling evidence that the student failed the examination due to extenuating circumstances. The re-test, if approved by the Chief Academic Officer, shall be scheduled in agreement with and at the convenience of, the instructor. The Registrar will notify the student of the decision of the Chief Academic Officer. The examination must be completed before the start of the next semester.

In the interim, a grade of Incomplete (I) will be

recorded for the course.

Failure to Attend an Examination

Without prior authorization by the instructor or without an excuse approved by the instructor, failing to attend any examination shall result in a failing grade. No make-up examination can be authorized. The student must repeat the course, paying full tuition.

A student may be excused from taking an examination as scheduled by reason of childbirth, documented illness or injury, death in the immediate family, or other emergency situations acceptable to the instructor. Students must request a make-up examination by speaking with the instructor of the course. The student will usually be required to submit acceptable proof of inability to attend the examination.

ATTENDANCE POLICIES AND ABSENCES

All work missed due to absence or lateness must be made up to the satisfaction of the instructor in order to receive credit for the course.

Instructors may, at their own option, arrange for make-up examinations, in cases of excused absence. Instructors are not required to provide make-ups for examinations missed due to unexcused absence or lateness and will normally assign a failing grade for that examination.

Attendance policy is determined, for the most part, by the individual faculty member for each course. Policy on class attendance shall be announced by the instructor at the first day of class. However, the university does maintain an Excessive Absence Policy. Excessive absence is defined as absences in excess of 40% of scheduled course meeting times. Instructors shall report excessive absences to the Chief Academic Officer. The student may be asked to appear before the Chief Academic Officer and the instructor. Failure to appear at the meeting may result in a failing grade and may also result in suspension or dismissal from the university.

If the excessive absences are classified as excused, the Chief Academic Officer may recommend to the instructor that make-up work be arranged, or that the student be suspended from the class with no penalty grade assigned.

If the excessive absences are not classified as excused, the Chief Academic Officer may:

- Place the student on probation, giving provisions for return to good standing;
- Suspend the student for the remainder of the class meetings with no penalty grade assigned. Any tuition refund due shall be that provided for in university refund policies. The date of notice of termination of study, as required for all tuition refunds, shall be the date of the Chief Academic Officer's decision.
- Suspend the student for the remainder of the class meetings with a failing grade assigned.
- Recommend to the President that the student be dismissed from the University.

ACADEMIC DISHONESTY

Individual instructors, in cases of academic dishonesty in class, may fail a student for that examination, activity or course. The instructor may refer the circumstance to the Chief Academic Officer for review and further action. The Chief Academic Officer may fail a student in a test, fail a student in a course, or expel a student for cheating or plagiarism. Cheating includes, but is not limited to, looking at another person's examination paper, using unauthorized notes in an exam, and/or going to a restroom during an exam and consulting notes or references. Cheating includes plagiarism.

Plagiarism is the presentation or representation of another person's work as one's own, such as presenting ideas or words of a source without documenting the source. Cheating is inconsistent with the academic excellence St. Luke represents and will be dealt with vigorously.

All work submitted as original are subject to verification with available plagiarism checking tools.

LEAVE OF ABSENCE

Student desiring a Leave of Absence must contact the institution and request a leave in writing. Leaves will be granted on a case by case basis for a maximum of up to 1 year. Students who do not return to school from their leave of absence will be dropped from the institution and a refund will be calculated at that time. Students who do not return from their leave of absence must submit a new application for admission to the University.

ACADEMIC PROBATION AND DISMISSAL POLICIES

Scholastic probation is an identification of students whose scholastic performance is below university students. Academic suspension is an identification of students whose scholastic performance remains below university standards for two consecutive semesters. Below is a general classification of students based on credit hours with the standard grade point average the semester indicated.

1. A student who fails to meet these minimum standards for one semester is placed on academic probation.
2. If he/she fails to meet these minimum standards for two consecutive semesters, he/she is placed on academic suspension.

On Academic Probation: A student may continue at the University pending improvement in his/her academic standing.

On Academic Suspension: A student is required to remain out of the University for one regular semester. His/her record will be stamped academic suspension.

On Academic Dismissal: Students must respect the "Student Code of Conduct" policies stated in Appendix A.

The President of the University, at his/her discretion and prior to recommendations or action of the Chief Academic Officer, in the interests of the University may place on probation, suspend or dismiss a student for one or more of the causes stated in the "Student Code of Conduct". Any adjustment of fee or tuition shall be those required by law. Please consult Appendix A for more information on proper student conduct and behavior.

ACADEMIC GRIEVANCES

The University may seek informal resolution when allegations of unlawful discrimination or harassment or any other concern is brought to the administration's attention. If an informal resolution does not result, a formal process may be initiated by submitting a complaint/grievance to the Chief Academic Officer. Initially, concerns may be communicated orally; however, they should be submitted in writing before any formal review takes place. The written complaint should specify the University policy violated and all relevant factual details.

The Chief Academic Officer shall read the complaint, and if it warrants further investigation, then a copy of the complaint should be forwarded to the person against whom the complaint is made ("respondent"). If the allegations would not constitute a violation of a University policy, then the Chief Academic Officer should inform the grievant in writing that the allegations are not subject to further investigation.

The respondent shall be given 14 calendar days from receipt of the complaint to return a written response to the Program Director, who then shall initiate a reasonable investigation into the matter. The investigation may include meeting with the parties, talking with witnesses, and reviewing any supporting documents. A grievant may elect to withdraw a formal complaint at any time; however, the University reserves the right to investigate all complaints in order to protect the interests of the University and its community.

Within a reasonable time, the Chief Academic Officer shall make a decision based on the formal complaint, response, and any other relevant information. This decision shall be in writing and shall consist of factual findings, conclusions, and a remedy if one is appropriate. All parties shall receive a copy of the decision.

Any party may submit a written request for appeal of the decision to the president of the University within 14 calendar days from receipt of the decision. The request for appeal must specifically set forth all grounds for appeal. The non-appealing party must be given the opportunity to respond in writing to the request for appeal. Within a reasonable time, the president shall make a decision based on the complaint, response, decision, request for appeal, any response to the appeal, and any meeting the president held in regard to the appeal. The decision of the president shall be final. All parties shall receive a copy of the president's decision.

All written decisions made and materials produced in a grievance conducted under this procedure shall be retained by the Chief Academic Officer for at least five years from the date that the final decision was issued.

REFUND POLICY

Student's Right to Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the

seventh day after enrollment, whichever is later. To cancel the enrollment agreement, students must submit a written notice of cancellation to the University office.

Dropping a Course

Students can drop courses from their schedule up to two weeks after the start of the semester without penalty. Refunds will be issued for the full difference in the change in tuition. After the first two weeks of the start of the semester, refunds will be prorated. Classes dropped after the 60% point of the semester are not eligible for refunds and the student will receive a grade of W (withdrawal) on their transcript. To drop a course, students meet with the Registrar to discuss and make changes to their schedule.

Withdrawing

Withdrawing from the university may be either voluntary or involuntary.

Students who seek voluntary withdrawal must meet with the Registrar and submit a written notice indicating voluntary withdrawal. Students who have registered for the active term may be eligible for a refund. Prior to the start of the term, any tuition paid will be fully refunded. After the first two weeks of the start of the term and up to the 60% point of the term, refunds will be prorated based on the day of the term. After the 60% point, no refunds will be issued and the student will automatically receive a grade of W (withdrawal) on their transcript for their courses.

Involuntary withdrawals occur primarily for failing to register for courses for the active semester or for violations of the Student Code of Conduct. Other reasons may apply.

Refund Eligibility

Students who are eligible for a refund will have their refunds processed and issued within five business days.

If the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

Refund Example

This refund example is based upon a student dropping a 4-unit course for a semester with a total tuition charge of \$200 per unit or \$800 for the course and the course offered for 16 weeks and the student

dropping at the midpoint or 50% completion point of the course.

\$800 tuition paid for the course X 8 weeks/16 weeks in the semester = \$400 refund due for the course.

If the student paid \$500 for the course on the total due of \$800 for the course. To determine the refund, subtract the refund due of \$400 from \$500 paid for the course and this equals the amount due to the student or \$100 due on a refund for the 4-unit course. If the amount is a negative number after subtracting the refund due from the total paid, that is the amount the student still owes for the course.

FEDERAL / STATE FINANCIAL AID

St Luke University does not participate in federal or state student financial aid programs.

FINANCIAL ASSISTANCE

The University awards scholarships or grants to students who require financial assistance or demonstrate academic excellence in both coursework and attendance. Scholarships and grants are awarded on a per term basis. A variety of factors including, but not limited to, academic merit, attendance, and availability of funds are considered.

STUDENT LOANS

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund.

If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid

STUDENT TUITION RECOVERY FUND (STRF)

You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

1. You are a student who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, and
2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if either of the following applies:

1. You are not a California resident, or not enrolled in a residency program, or
2. Your total charges are paid by a third party, such as an employer, government program, or other payer, and you have no separate agreement to repay the third party.

The State of California created the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic losses suffered students who are California residents, or are enrolled in a residency program attending certain schools regulated by the Bureau for Private postsecondary and Vocational Educational.

You may be eligible for the STRF if you are a California resident or are enrolled in a residency program, prepaid tuition, paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The school closed before the course of instruction was completed.
2. The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
3. The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.
4. There was a material failure to comply with the Act or this division within 30 days before the school closed or, if the material failure began earlier than 30 days prior to closure, the period determined by the Bureau.

5. An inability after diligent efforts to prosecute, prove, and collect on a judgment against the institution for a violation of the Act.”

To qualify for STRF reimbursement, you must file an STRF application within two years of receiving notice from the Bureau that the school is closed. If you do not receive notice from the Bureau, you have four years from the date of closure to file an STRF application. If a judgment is obtained, you must file an STRF application within two years of the final judgment. It is important that you keep copies of the enrollment agreement, financial aid papers, receipts or any other information that documents the monies paid to the school. Questions regarding the STRF may be directed to:

STUDENT DUE PROCESS PROCEDURES

The Chief Academic Officer shall read the complaint, and if it warrants further investigation, then a copy of the complaint should be forwarded to the person against whom the complaint is made ("respondent"). If the allegations would not constitute a violation of a University policy, then the Chief Academic Officer should inform the grievant in writing that the allegations are not subject to further investigation.

The respondent shall be given 14 calendar days from receipt of the complaint to return a written response to the Program Director, who then shall initiate a reasonable investigation into the matter. The investigation may include meeting with the parties, talking with witnesses, and reviewing any supporting documents. A grievant may elect to withdraw a formal complaint at any time; however, the University reserves the right to investigate all complaints in order to protect the interests of the University and its community.

Within a reasonable time, the Chief Academic Officer shall make a decision based on the formal complaint, response, and any other relevant information. This decision shall be in writing and shall consist of factual findings, conclusions, and a remedy if one is appropriate. All parties shall receive a copy of the decision.

Any party may submit a written request for appeal of the decision to the president of the University within 14 calendar days from receipt of the decision. The request for appeal must specifically set forth all grounds for appeal. The non-appealing party must be given the opportunity to respond in writing to the request for appeal. Within a reasonable time, the president shall make a decision based on the complaint, response, decision, request for appeal, any response to the appeal, and any meeting the president held in regard to the appeal. The decision

of the president shall be final. All parties shall receive a copy of the president's decision.

All written decisions made and materials produced in a grievance conducted under this procedure shall be retained by the Chief Academic Officer for at least five years from the date that the final decision was issued.
