The refund shall be the amount you paid for tuition multiplied by a fraction, the numerator of which is the number of sessions which you have not received but for which you have paid, and the denominator of which is the total number of sessions of the training program.

If the amount you have paid is more than the amount that you owe for the time you attended, then a refund will be made within forty-five days of withdrawal. If the amount that you owe is more than the amount that you have already paid, then you will have to make arrangement to pay. Students whose entire tuition and fees are paid by a third-party organization are not eligible for a refund.

The institutional refund policy for students who have completed 60 percent or less of the course of instruction, and who cancelled as explained above, shall be a pro rata refund.

You are obligated to pay only for educational services received and for unreturned equipment. The refund shall be the amount you paid for tuition multiplied by a fraction, the numerator of which is the number of sessions which you have not received but for which you have paid, and the denominator of which is the total number of sessions of the training program.

If the amount you have paid is more than the amount that you owe for the time you attended, then a refund will be made within forty-five days of withdrawal. If the amount that you owe is more than the amount that you have already paid, then you will have to make arrangement to pay. Students whose entire tuition and fees are paid by a third-party organization are not eligible for a refund.
