Related to the practice of Massage Therapy in the State of California, Regulations can be found in the California Business and Professions Code Section 4611. It states:

- (a) It is an unfair business practice for a person to do any of the following: (1) To hold himself or herself out or to use the title of “certified massage therapist” or “certified massage practitioner,” or any other term, such as “licensed,” “certified,” “CMT,” or “CMP,” in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner unless that person currently holds an active and valid certificate issued by the council pursuant to this chapter. available remedies, engaging in any of the prohibited behaviors described in subdivision (a) constitutes unfair competition under Section 17200.

Accreditation:

Andaman Institute of Massage is not accredited by an accrediting agency recognized by the United States Department of Education. A degree program that is unaccredited or a degree program from an unaccredited institution is not recognized for some employment positions, including, but not limited to, the State of California. Also, a student enrolled in an unaccredited institution is not eligible for federal financial aid. Graduates from our programs are eligible to sit for the examination by the Federation of State Massage Therapy Boards (MBLEx). Effective Jan 1, 2019, passing a CAMTC-approved exam will not be required for CAMTC certification. Students are advised to research other states' requirements if they plan to relocate outside California.

Attendance:

At AIM, we believe to reach the full benefit of our program, students must be actively engaged. Daily attendance is required for all courses. Tardiness is not allowed, it disrupts the instructor and students may miss key information. All students are expected to be in class and ready to participate at the appointed time. AIM does not offer distance education.

Instructors and administrators at Andaman Institute of Massage expect students to attend all classes in the massage program. However, we realize there are extenuating circumstances when a student, due to illness or personal matters, cannot be in class. To ensure students are receiving the course information and supervised instruction necessary to become competent therapists, we have established and require a minimum attendance percentage of 85% in each course.

Students with attendance below 85% will be required to attend a make-up class before the final exam. It is at the discretion of the instructor to allow make-up hours and the student may be required to bring supporting documents to justify the absence from class. Students are advised that excessive absenteeism could result in failing classes and not meeting the minimum standards to graduate.

Students with approved absences may be required to make-up assignments and all missed class hours with the instructor at our facilities. Make-up work will be assigned, and it is the student's responsibility to complete the work and submit it for credit. Additional fees may be assessed to the student for make-up hours. CAMTC requires: Students must have a minimum of 500 hours of education from CAMTC-

approved schools. Of the 500 hours, a minimum of 100 hours must be in the core subjects of anatomy and physiology, contraindications, health and hygiene, and business and ethics.

Hygiene, Dress Code, and Draping Policy:

Students are expected to maintain a high standard of personal hygiene while attending classes and studying in the facilities. Students should be freshly showered with short, clean fingernails. Hair should be clean and neatly tied up so that it doesn't hang below the shoulders. Please do not wear perfumes or cologne to class. AIM encourages students to wear professional attire that allows for freedom of movement. Additionally, AIM requires students to wear properly fitting clothes, no short cutoffs, holes in clothes, or revealing cleavage. Please refrain from wearing any piercings on your face during internship hours. AIM establishes a draping policy to protect the client's privacy, provide a protective barrier, and aid in warming the client. The students drape each other and clients with a clean flat sheet over the entire body prior to massage. The student only undrapes the area of the body that they are massaging at that time. Instructors will demonstrate proper draping in the classroom and give corrective feedback as needed.

Housing:

This institution has no responsibility to find or assist a student in funding housing. This institution does not operate dormitories or other housing facilities, nor does it provide assistance or have any responsibility to assist students in finding housing. Housing in the immediate area is available in two-story walkups and garden apartments. The monthly rent for a one-bedroom unit is approximately \$2,200 a month. (www.apartmentguide.com)

Digital Millenium Copyright Act (DMCA):

Individuals using computers and networks at AIM are responsible for complying with copyright laws and AIM's policy and procedures for computer use. The Digital Millennium Copyright Act (DMCA) of 1998 amends the federal copyright law to provide certain liability protections for online service providers when their computer systems or networks carry material that violates (infringes) copyright law.

The Digital Millennium Copyright Act specifies that all infringement claims must be in writing (either electronic mail or paper letter) and must include all of the following elements:

- a physical or electronic signature
- identification of the infringed work
- identification of the infringed material
- contact information for the complainant, e.g. address, telephone number, electronic mail address
- a statement that the complaining party has a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner or the law
- a statement that the information contained in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the copyright owner.

Infringement claims should be sent to Andaman Institute of Massages' Designated Agent: *Rod Billups, Chief Executive Officer, rbillups@andamaninstitute.com.*

AIM's users should not download, upload, transmit, make available, or otherwise distribute copyrighted material without authorization using AIM's computer systems, networks, and internet access or storage media. This is inclusive of utilizing unlicensed/unauthorized peer-to-peer file services that would promote copyright infringement. Users who violate this policy are subject to disciplinary action as appropriate under the circumstances. Such disciplinary action may include suspension, dismissal, and other legal actions.

In addition to the complaint being handled by AIM, copyright owners may also take direct legal action against alleged infringers, and subpoena AIM for information about people sharing files. The No Electronic Theft (NET) Act provides for serious criminal penalties, including a fine of up to \$250,000 and a potential jail sentence. Lack of knowledge about copyright infringement laws will not excuse one from legal consequences, or from action by AIM. It is your responsibility to be aware of the legality of your actions.

Copying Materials:

Students, instructional staff, and administrative staff are not allowed to make copies of their textbooks or exams for themselves or their peers. Copying textbooks and other copyrighted material is against the law. Any student caught copying material (or in possession of copied material) will be in violation of the Student Code of Conduct and will be subjected to the full range of consequences.

AIM requires compliance with applicable copyright laws in the use of instructional materials. The Copyright Act protects all types of expression or authorship fixed in any tangible medium, including such as written works, paintings, sculptures, photographs, videos, recorded music, sheet music, computer programs, video games, architectural design, and choreography. It is important to note, however, that the Act does not protect the underlying facts or ideas in a copyrighted work -- only the "expression" of those facts or ideas.

During the applicable term of protection, the author of the work possesses certain exclusive rights (which may be assigned to another party such as the publisher or distributor). These exclusive rights include (1) the right to copy the work; (2) the right to create derivative works; (3) the right to distribute the work; and (4) the right to display, perform or broadcast the work. Therefore, before exercising any of these rights with respect to a given work, individuals must obtain permission from the copyright holder unless a statutory exception such as "fair use" applies or the work is in the public domain.

Student Code of Conduct:

In the interest of providing a climate of student, staff, and faculty cooperation, and ensuring the safety and security of the school community, students are expected to behave in a professional manner.

To help maintain a professional atmosphere, students are required to dress in appropriate attire at all times. Students are expected to dress appropriately when in school and when completing practical hours. Students are also required to treat school staff, classmates, faculty, and clients with respect and dignity.

As in the workplace, being on time is important. It is expected that students will be in the classroom, ready to participate at the time class begins. Tardiness and early departure are a distraction to other students. Meeting attendance requirements is an integral part of the student code of conduct.

In addition to arriving on time and remaining throughout the entire class period, students are expected to:

- Be prepared for class
- Dress appropriately and maintain personal hygiene
- Show promptness
- Demonstrate honesty
- Display reliability
- Work with a team
- Respect colleagues
- Maintain client's confidentiality
- Follow the work-related guidelines
- Exhibit professional behavior

Unacceptable conduct or attitude, either in class or anywhere in the school environment, will have consequences up to and including dismissal. Students in violation of the code of conduct expectations listed above will be given a verbal warning. If the violation is not remedied after the verbal warning, the student will be dismissed from school.

Dismissal:

AIM reserves the right to dismiss or terminate a student for cheating or any inappropriate acts. This includes but is not limited to, falsifying course work, inappropriate acts of a sexual nature, abusive or threatening behavior, and possession or under the influence of a controlled substance. Termination under these circumstances will be immediate and the student may be asked to leave this facility immediately. Additionally, a student can be dismissed for failure to meet his/her financial responsibility to this institution.

Students who are terminated from the program for any of the previous reasons are not eligible for re-enrollment at AIM.

Complaints:

A student or any member of the public may file a complaint about this Institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 toll-free or by completing a complaint form which can be obtained on the bureau's internet web site www.bppe.ca.gov.

Students' Rights / Grievance Policy:

Here at AIM, we value and respect every student and will work hard to make their learning experience rich and rewarding. We understand that from time to time a student may wish to file a complaint and we

have developed a grievance procedure to formally address students' concerns. Any student has the right to file an informal grievance or a formal grievance towards any faculty or instructor.

Informal Grievance Procedure:

- The student initiates the procedure by requesting a discussion either verbally or in writing with an instructor or any member of the AIM Staff.
- The staff member will listen to the grievance and attempt to resolve the situation in an agreeable fashion. Goals and a timeline will be clearly discussed and the student will have clear guidance on how the situation will be resolved.
- If the student is not satisfied, he or she may then request a Formal Grievance to be filed.

Formal Grievance Procedure

- All formal grievances will be in writing. The student will prepare a written statement that explains the situation and the individuals involved. It will include dates and any remedies taken to rectify the situation. This is submitted to the Chief Academic Officer who will be involved with the grievance until it is remedied.
- The Chief Academic Officer will gather any additional information from the instructors and anyone else directly involved. At the Chief Academic Officer's discretion, the student may be called in for an interview.
- After the investigation is complete, the Academic Officer will notify the student in writing regarding the final outcome of the grievance. This decision will be written to the student within 10 days of receiving the formal grievance.
- If the student is still not satisfied, He/she may file a complaint with the Bureau for Private Postsecondary Education whose phone number and web address are found in the above section titled "Complaints".
- All Grievances are logged and recorded. Any staff recommendations for improvement are communicated in writing to staff and/or administrators.

Leave Of Absence:

Should circumstances be such that a leave of absence is to be requested, a student must submit a request for a leave of absence to the main campus:

Andaman Institute of Massage
3108 San Luis Rey Road, Oceanside, CA 92058

The written notice must contain a statement of the nature of the request. At the discretion of the Chief Academic Officer, a leave may be granted for a reasonable time, as warranted by the circumstances. If a student repeatedly resorts to the use of a leave of absence, and if such applications show a pattern of delays, or should the issuance of a leave of absence be such that it would significantly interfere with the planned completion of a program of study, the Chief Academic Officer may, in his/her sole discretion, dismiss a student from the program and issue the appropriate refunds as may be required.

Cancellation and Refund Policy:

1. You have the right to cancel your agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro-rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance.
2. Cancellation may occur when the student completes and signs a CHANGE OF STATUS FORM (COS-001).
3. If the Enrollment Agreement is canceled the school will refund the student any money he/she paid, less a registration or administration fee not to exceed \$250.00, and less any deduction for equipment not returned in good condition, within 45 days after the notice of cancellation is received.
4. If the student has received federal student financial aid funds, the student is entitled to a refund of money not paid from federal student financial aid program funds.

Student Withdrawals:

You may withdraw from the school at any time after the cancellation period (described above) and receive a pro-rata refund if you have completed 60 percent or less of the scheduled hours in the current payment period in your program through the last day of attendance. Notice of cancellation for the current term or from the school shall be in writing using the AIM cancellation form (CAN-001) and submitted to the school administrative office, 3108 San Luis Rey Rd. Oceanside, CA 92058. The student may request and receive a copy of this form from the instructor or any school employee. The refund will be less a registration or administration fee not to exceed \$100.00, and less any deduction for equipment not returned in good condition, within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of the maximum set forth by the institution; and/or failure to meet financial obligations to the school.
- The student has failed to attend class for fourteen (14) consecutive calendar days.
- The student fails to return from a leave of absence.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of hours in the program), multiplied by the number of hours scheduled to attend, prior to withdrawal. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of fourteen (14) consecutive calendar days. If the student has completed more than 60% of the period of

attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party, or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student.

Course completion and graduate requirements:

Students who successfully complete courses or programs will receive a certificate of completion. This certificate will include the course title and code along with the number of clock hours completed. Students must score a minimum of 60% on all written and practical examinations. Students must maintain a cumulative Grade Point Average (GPA) of 70% or a 'C' average to successfully complete a program.

Grading

AIM uses the following grading scale for all programs and courses.

A = 90 – 100%	Excellent Performance.
B = 80 – 89%	Above Average Performance
C = 70 – 79%	Average Performance
D = 60 – 69%	Passing, Less than Average Performance
F = 59% and below	Failing Performance
W =	Withdrawal
TC=	Transfer Credit
INC =	Incomplete
R =	Repeat
Pass or Fail	

Satisfactory Academic Progress:

The Satisfactory Academic Progress Policy is applied consistently to all students. Satisfactory Academic Progress is measured in two ways:

- **Qualitatively:** The Cumulative Grade Point Average (CGPA) is reviewed to ensure that the student is meeting a minimum 70%(C) average at the conclusion of each evaluation period.
- **Quantitatively:** The student must attend at least 85% of the scheduled clock hours cumulatively for each evaluation period, enabling completion within the maximum time frame of the program.*

**In order to graduate, students must complete all program hours.*

A student must be meeting these standards to be considered meeting Satisfactory Academic Progress and in 'Good Standing.' Any student who has not achieved a minimum cumulative GPA of 70% or who has not successfully achieved a cumulative rate of attendance of at least 85% at each required evaluation period is not considered in 'Good Standing' and is subject to the consequences outlined in this policy.

Maximum Time Frame

Students must complete their program within 150% of the normal program length. This length of time is considered the Maximum Time Frame. Students who have attempted over 150% of the total program clock hours and not met the graduation requirements, will be withdrawn from the program.

Evaluation Periods

Students will receive a grade report at the end of each course which includes their final grade and attendance for the course completed, as well as the cumulative GPA and cumulative attendance percentage for all courses completed within the program. Formal evaluations will occur at the midpoint, end of the program, and, if needed, at the Maximum Time Frame based on scheduled hours. Consistent with SAP measurements, the evaluations will assess each student's progress against the qualitative and quantitative standards previously identified.

Evaluation Table

The table below shows the total expected number of clock hours scheduled to be completed at each evaluation point:

Program Name	Program Clock Hours	Midpoint	End of Program	Maximum Time Frame
Massage Therapist (FT)	610 hours/ 15.25 weeks	305 hours/ 7.6 weeks	610 hours/ 15.25 weeks	915 hours/ 23 weeks
Massage Therapist (PT)	610 hours/ 30.5 weeks	305 hours/ 15.25 weeks	610 hours/ 30.5 weeks	915 hours/ 46 weeks

* All evaluation points are based on scheduled hours, which are the hours that the student should have completed based on his/her class schedule.

Maximum Time Frame Table

The table below shows the minimum number of actual clock hours that the student must complete to remain in good standing and complete their program within the Maximum Time Frame.

Program Name	Program Clock Hours	Midpoint	End of Program	Maximum Time Frame
Massage Therapist	610 hours	244 hours (80% of 305)	488 hours (80% of 610)	610 hours (100% of 610)

Warning Period

If a student fails to meet the cumulative 80% attendance, and/or the cumulative 70% grade average for any evaluation period, he or she will be placed on 'Warning' for the next evaluation period.

Students will be notified in writing when placed on 'Warning.' The notification will include the steps necessary to be removed from the 'Warning' status. In addition, students will receive attendance and/or academic advising from the Program Administrator. During this time, an academic improvement plan will be created to assist the student in achieving 'Good Standing' by the end of the 'Warning' period. If the student achieves 'Good Standing' by the end of the 'Warning' period, he or she will be removed from 'Warning' status.

If the student fails to achieve 'Good Standing' and meet satisfactory academic progress requirements at the end of the 'Warning' period, the student will be terminated from AIM. The institution will notify the student in writing if he or she is being terminated for unsatisfactory academic progress. The student has the option to appeal termination by following the appeal process.

Appeal Process

The student may submit a written appeal of his/her termination within five calendar days of their receipt of the notice of termination. The appeal must be accompanied by documentation of mitigating circumstances that have prevented the student from obtaining 'Good Standing' and evidence that changes have occurred to allow the student to now meet standards of Satisfactory Academic Progress. Only extraordinary circumstances will be considered, such as, but not limited to, death or severe illness in the immediate family. Supporting documentation such as a physician's statement, accident report, or other such statements must be included as part of the appeal.

The President will assess all appeals and determine whether the student may be permitted to continue in the school on a 'Probationary' status despite not meeting the Satisfactory Academic Progress requirements. The student will be sent a written decision within ten days of the receipt of the appeal. The decision of the President is final.

In cases where an appeal is accepted, the student is placed on 'Probation' status through the next evaluation period. During this time, an academic improvement plan will be created to assist the student in achieving 'Good Standing' by the end of the 'Probation' period.

Probation Period

If a student fails to meet the Satisfactory Academic Progress standards at the end of the 'Warning' period, and successfully appeals the termination, he or she will be placed on 'Probation' status. Students will be notified in writing when placed on 'Probation'. The notification will include the steps necessary to be removed from 'Probation' status. In addition, students will receive attendance and/or academic advising from the Program Administrator. During this time, an academic improvement plan will be created to assist the student in achieving 'Good Standing' by the end of the 'Probation' period.

At the end of the evaluation period, and then at the end of every evaluation period thereafter, the student's academic status will be reviewed. If the student fails to meet the Satisfactory Academic Progress requirements at the end of the 'Probation' period, the student will be terminated from the school.

Transfer and Readmitted Students

Transfer students from outside the institution will be evaluated qualitatively only on the work completed at the AIM. The maximum time frame is reduced for transfer students based on the remaining length of the program in which they enroll.

Incomplete Courses

A grade of Incomplete is not included in the calculation of the cumulative grade point average. However, the final grade issued three (3) days after the end of the course, whether or not the incomplete coursework was completed, is calculated in the cumulative grade point average. The course hours count as hours attempted for the purpose of calculating progress toward the maximum time frame.

Remedial Courses

AIM does not offer any remedial courses.

Course Repeat Policy

A failed course may be repeated in an attempt to earn a passing grade. Each attempt counts as scheduled hours toward the Maximum Time Frame. Only the highest grade earned will be included in the computation of the cumulative grade point average. The student transcript will list each course in which a student has enrolled and earned a grade. The failing grade will be changed to a grade of R on the transcript indicating that a particular course has been repeated.

Definition of a Clock Hour:

The program is measured in clock hours. A period consisting of a 50 to 60-minute class, lecture, or recitation in a 60-minute period. A 50 to 60-minute faculty-supervised laboratory, training, or internship in a 60-minute period. Sixty minutes of preparation in a correspondence course. A clock hour is based on an actual hour of attendance, though each hour may include a 10-minute break.

MT-100 **Circulatory massage:** This course introduces students to the basic skills needed in massage therapy. Students will learn basic muscle manipulation. This course is the foundation for many other courses. There are no prerequisites for this course.

MT-101 **Body Systems, Anatomy, and Physiology:** This course teaches human anatomy focusing on human muscles, nervous systems, and bone structure and how these systems interact. This course delves into an overview of the human body systems and their interworking functions.

MT-110 **Business & Ethics:** This course discusses ethics and professionalism in the workplace. Topics will include preventing inappropriate advances and contact of a sexual nature. The second topic discussed in this course is an introduction to licensing and insurance required for massage therapists and salon owners.

MT-112 **Kinesiology:** Kinesiology is the study of human movement. Topics in the class include joint movement and postural assessment. Many factors may impede our ability to move freely and without discomfort. Massage therapists can help their clients through stretching and range of motion exercises.

- MT-114 Pathology:** This course introduces students to the study of diseases and their effects on the human body. It covers topics such as cellular repair, inflammation, immunology, hygiene, and contraindications massage therapists may encounter in their work. The course explores common pathogens and conditions associated with each of the body's systems. The primary purpose of this course is to provide students with the knowledge about common pathogens and disabilities, and how to use this knowledge to assist clients.

The massage uses many of the same strokes as classic massage therapy, with the main difference lying in the fact that a deep tissue massage involves slower movements and the application of greater pressure.
- MT-230 TUI NA:** Tui Na (push and grasp) is a Chinese form of massage that features primarily grasping, pressing penetrating, and rubbing methods that are used to stimulate acupoints. This technique activates the channels and collateral of Qi energy systems of the body.
- MT-220 Thai Massage:** Students learn the fundamental concepts, history, and philosophy of Ayurveda, the ancient Indian healing system in which Thai Massage has its historical roots, along with practical methods of applying Ayurvedic knowledge to deepen the therapeutic quality of Thai Massage practice.

Student Loans:

Andaman Institute of Massage has partnered with TFC tuition to offer private loans to interested students. If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from the federal financial aid funds. However, a loan can provide much needed help for students paying for their education. Loan programs allow students to pursue their academic goals without worrying about the upfront cost of tuition, fees, books, and other expenses. The loan program offered through TFC does not require a credit history or a co-signer to qualify. This means that students can take responsibility for their own debt and build their credit score over time.

Student Tuition Recovery Fund (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.

2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans. To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.
