Admissions data and student records are kept for five years from the last day of student attendance. Students wishing to view or obtain copies of their school record need to contact CVOC's Administrative Office to make arrangements. Current records are available during normal business hours for inspection and copying. Past students need to provide three work days prior notice to view records. Access to student records is limited to the student or other legally documented inspectors. Current and former students may request release of their transcript upon receipt in CVOC Administrative Office of a written request with the student's signature. CVOC maintains student transcripts indefinitely.

HARASSMENT POLICY

CVOC is committed to providing a school environment free of unlawful harassment. School policy prohibits sexual harassment and harassment based on pregnancy, childbirth or related medical conditions, race, religious creed, color, gender, national origin or ancestry, physical or mental disability, medical condition including genetic characteristics, military or veterans status, marital status, registered domestic partner status, age, sexual orientation, or any other basis protected by federal, state or local law or ordinance or regulation. All such harassment is unlawful. The School's anti-harassment policy applies to all persons involved in the operation of the School and its students. It also prohibits unlawful harassment by any employee of the School, including staff and faculty, as well as vendors, customers, students, and any other persons. It also prohibits unlawful harassment based on the perception that anyone has and of those characteristics, or is associated with a person who has or is perceived as having any of those characteristics. Prohibited harassment includes, but is not limited to, the following behavior: verbal conduct such as epithets, derogatory jokes or comments, slurs or unwanted sexual advances, invitations, or comments; visual displays such as derogatory and/or sexually oriented posters, photography, cartoons, drawings, or gestures; physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race, or any other protected basis; threats and demands to submit to sexual requests as a condition of continued employment, or to avoid some other loss, and offers of employment benefits in return for sexual favors; and retaliation for reporting or threatening to report harassment.

If you believe that you have been harassed, submit a written complaint to any school official or the Executive Director as soon as possible after the incident. You will be asked to provide details of the incident or incidents, names of individuals involved, and names of any witnesses. The school will immediately undertake an effective, thorough, and objective investigation of the harassment allegations. If the school determines that harassment has occurred, effective remedial action will be taken in accordance with the circumstances involved. Any employee or student determined by the school to be responsible for unlawful harassment will be subject to appropriate disciplinary action, up to and including termination. A school representative will advise all parties concerned of the results of the investigation. The school will not retaliate against you for filing a complaint and will not tolerate or permit retaliation by management, employees or co-workers.

DRUG AND ALCOHOL ABUSE

CVOC is concerned about the use of alcohol, illegal drugs, or controlled substances as it affects the school. Use of these substances, whether on or off the school grounds can detract from a student's performance, efficiency, safety, and health, and therefore may seriously impair the student's ability to learn at the school. In addition, the use or possession of these substances on the school grounds constitutes a potential danger to the welfare and safety of other students and exposes the school to the risks of property loss or damage, or injury to other persons. Furthermore, the use of prescription drugs and/or over-the-counter drugs also may affect a student's school performance. The following rules and standards of conduct apply to all students either on school property or during the school day (including meals and rest periods). Behavior that violates school policy includes:

- Possession or use of an illegal or controlled substance, or being under the influence of an illegal or controlled substance while on school grounds;
- Driving a school vehicle or operating school equipment while under the influence of alcohol or drugs; and
- Distribution, sale, or purchase of an illegal or controlled substance while on school grounds.

Violation of these rules and standards of conduct will not be tolerated. CVOC also may bring the matter to the attention of appropriate law enforcement authorities. In order to enforce this policy, CVOC reserves the right to conduct searches of school property or employees/students and/or their personal property, and to implement other measures necessary to deter and detect abuse of this policy.

Students who are using prescription or over-the-counter drugs with safety warnings that may impair his/her ability to safely perform assigned tasks or affect the safety or well-being of others, must notify school administration of such use immediately before starting or resuming class.

HANDICAPPED ACCESSIBILITY

In accordance with Section 504/ADA Policy, CVOC does not discriminate in admission or access to our program on the basis of age, race, color, sex, disability, sexual orientation or national origin. If you would like to request academic adjustment or auxiliary aids, please contact the County Director. You may request academic adjustments or auxiliary aids at any time. The County Director is responsible for coordinating compliance with Section 504 of the Rehabilitation Act of 1973 and Title III of the Americans with Disabilities Act of 1990. Applicants who are persons with disabilities, as defined in paragraph 104.3(j) of the regulation under Section 504 of the Rehabilitation Act of 1973, may apply for admittance into the program. The school will work with the applicant or student to determine whether reasonable accommodations can be effective and/or are available. Any qualified individual with a disability requesting an accommodation or auxiliary aid or service should follow this procedure:

Notify the County Director in writing of the type of accommodation needed, date needed, documentation of the nature and extent of the disability, and of the need for the accommodation or auxiliary aid. The request should be made during the first week of class. The County Director will respond within two weeks of receiving the request.

ACADEMIC POLICIES

ATTENDANCE POLICY

Students are expected to attend scheduled classes at the scheduled starting time and to continue as scheduled throughout the day. Students will be expected to attend classes as they would attend work if they were employed. All tardiness and absences are recorded. It is the responsibility of the student to telephone the school in advance to advise their instructor that they will be absent or late, as it would be necessary to inform an employer.

The following policies apply to encourage satisfactory attendance:

- Tardiness and absences are a disruption of a good learning environment and is discouraged. Students with excessive unexcused absences in one month may receive notification of probation for a period of one month. Any unexcused absences during probation may be cause for interruption of the student's training program. If a student has five unexcused absences, they will be dropped from the training program.
- Leaves of absence will be considered, and such leaves may be granted at the discretion of the school directors.
- Students must arrange with the instructor for make-up work for classes missed; however, absences will remain on the record.
- Certificates of Perfect Attendance are awarded those students who complete training with no unexcused absences.

PROBATION AND DISMISSAL POLICY

Probation

A student may be placed on probation for the following reasons:

1. Failure to follow Student Conduct Policy.
 2. Failure to meet satisfactory academic progress.
- Probation indicates that a student may continue participation in the course under certain conditions for a specific period, not to exceed one year.

- When a student is placed under probation, a conference is scheduled with the student, administration, and any concerned faculty member to determine the requirements that must be met for the student to continue in the program. A specific timetable is set for meeting those requirements.
- If the student is unable to rectify the problems discussed during the counseling session, they will be placed on a one-week suspension. If the problem should arise again, the student will be dismissed from the school.

CVOC training courses are based on a set number of competencies that a client must obtain as demonstrated through written tests and/or hands-on performance. Clients must successfully complete all prescribed competencies detailed in the training curriculum. Evaluation of student achievement will be based on meeting the objectives for each class. Grade reports are issued to students at the completion of each competency. Grades are based on the quality of work as shown by written tests, laboratory work, and projects as indicated on the course syllabus. The grading scale is as follows:

STUDENT TUITION RECOVERY FUND

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd., Suite 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the

period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”
