ACADEMIC PROGRESS POLICY

Maximum Time in Which to Complete

Students are not allowed to attempt more than 1.5 times, or 150%, of the number of credits in their program of study. The requirements for rate of progress are to assure that students are progressing at a rate at which they will complete their programs within the maximum time frame. **Note for VA Students only: VA students are required to complete the program in the approved course length.**

Satisfactory Academic Progress Policy

With consideration given to a student's program of enrollment and the scheduled total hours and credit units, and the "Maximum Time Frame Allowed" (defined as one and one half times the regular scheduled program length) for course completion, Satisfactory Academic Progress is measured at three (3) incremental benchmarks within a student's program of enrollment, one at the 25% benchmark of the program's total hours and credit units, second at the 50% benchmark of the program's total hours and credit units, and the third one at the 100% benchmark of the program's hours and credit units of their training program. In addition to meeting the required benchmark hours and units, to be considered achieving Satisfactory Academic Progress, at each incremental benchmark (25%, 50% and 100%), each student must have achieved a cumulative earned minimum grade point average (G.P.A.) of 70% = C or better on all scheduled program modules.

In determining Satisfactory Academic Progress, students shall be given the opportunity to make-up coursework when the earned module grade is less than 70.0%. The make-up course work receiving a higher-grade achievement shall replace the original lesser grade for that module. Credit for all hours of attendance shall be given. Students must request permission to make up work directly from their instructor. A student achieving a cumulative grade point average below 70% or a "C" at the time of evaluation will be advised of their "Unsatisfactory Academic Progress" and placed on "30-day" Academic Probation. During this period of probation, the student must maintain, at a minimum, a cumulative grade point average of 70% or "C". If the student is unable to maintain cumulative grade point average 70% or "C" or better during the probation period, the Dismissal Policy might be in effect. Any student dismissed for failure to meet the academic requirements of the institution, may appeal the dismissal by following the Student Appeals Procedure outlined in this catalog.

Grading and Evaluation Procedures

Grade reports are issued to students at the completion of each term. Grades are based on the quality of work as shown by written tests, laboratory work, term papers, and projects as indicated on the course syllabus. The grading scale is as follows:

Letter Grade	Quality Points	Percentage	Indicator
A	4.0	100 – 90 %	Excellent
B	3.0	89 – 80 %	Good
C	2.0	79 – 70 %	Average
D	1.0	69 – 60 %	Below Average
F	0.0	Below 59 %	Failing
I	0.0	-	Incomplete

Application of Grades and Credits

The chart above describes the impact of each grade on a student's academic progress. For calculating the rate of progress, grades of F (failure), W (withdrawn), and I (incomplete) are counted as hours attempted, but are not counted as hours successfully completed. A W will not be awarded after reaching 60% of the term. Withdrawal after reaching 60% of the term will result in the student receiving a F. The student must repeat any required course for which a grade of F or W is received. Students will only be allowed to repeat courses in which they received a D or below. In the case of a D or F, the better of the two grades is calculated into the CGPA. Both original and repeated credits will be counted as attempted credits in rate of progress calculations.

A W grade is not replaced when a student repeats the course. Full tuition will be charged for any portion of the program or course lab course that is re-taken. To receive an incomplete (I), the student must petition, by the last week of the term, for an extension to complete the required course work. The student must be satisfactorily passing the course at the time of petition. Incomplete grades that are not completed within two weeks after the end of the term will be converted to an F and will affect the student's CGPA. The college reserves the right to extend the time needed to make-up an incomplete grade.

As Giligia College offers courses with a specific duration and a coordinated curriculum there are no policies regarding the acceptance of credits earned at other institutions. Nevertheless, we have regulations for admission as explained above.

Course Retake Policy

The course retake policy is offered to students who have unsuccessfully completed a course and received a failing grade (F). The student will be charged tuition at the appropriate rate.

Leave of Absence

Students are entitled to take only one leave of absence during any academic year. The duration of the leave of absence may not exceed sixty days. Requests for leave must be submitted in writing to the College Director and must include an anticipated return date and be signed by the student. Failure to return to college as scheduled without prior written notification to and approval from the College Director will result in immediate dismissal. Any refund due will be made within thirty calendar days from the end of an approved leave of absence. The College Director may grant leaves of absence and/or waive interim satisfactory standards for circumstances of poor health, family crisis, or other significant occurrences outside the control of the student. It must be demonstrated by the student that the circumstances had or will have an adverse impact on the student's satisfactory progress in the academic program. No waivers will be provided for graduation requirements. Time for an approved leave of absence will not be included in the calculation of a student's maximum program length.

Attendance & Attendance Probation

At least once a week, the College Director monitors the student attendance cards of all active students and calls those students that have missed one or two days during that week. Students are required to have an overall attendance rate of 70% or more to meet the minimum attendance requirement of the program. A student who has consecutively missed more than one-third of the scheduled class hours in any given level or module will be put on probation until the end of the next scheduled level or module. A probation letter will be sent to that student.

Giligia College's attendance policy approximates the expectations found in a work situation. It is essential that each student learns the discipline of regular and prompt attendance as well as the skills involved in the allied health industry. At the time the student moves from education and training into a career, employers will be very interested in dependability and punctuality. No matter how skilled the person, an employee is valuable only when present on the job. The faculty and staff of Giligia College consider each moment in class imperative for success. When the student is not in the classroom, the information missed cannot be recaptured. Students who are excessively absent (30% or more of classroom hours) will be placed on probation without notice. If student's attendance does not improve, the student will be dropped from the course. Students will not be readmitted without approval of the primary instructor and College Director.

Tardiness and early departures are included in the student's attendance record of absences.

- One tardy equal one hour of absence;
- One early departure equals one hour of absence;
- One tardy and one early departure on the same day equals one hour of absence.

Note for VA Students only: After the 30-academic probation period, if the students grade is not raised to 70% the VA will be notified and benefits will be interrupted.

Student Conduct Requirements

Students are expected to dress and act properly while attending classes. At the discretion of the college administration, a student may be dismissed from college for a serious incident or repeated incidents of an intoxicated or drugged state of behavior, possession of drugs or alcohol upon college premises, possession of weapons upon college premises, behavior creating a safety hazard to other persons at college, disobedient or disrespectful behavior to other students, an administrator, or faculty member, or any other stated or determined infractions of conduct.

Termination, Appeal and Reinstatement

Should students find it necessary to discontinue their training, they should arrange to meet with the College Director to discuss their situation and submit written notification of their request. Students shall be terminated for failure to

- Meet minimum standards for academic progress,
- Meet the minimum conduct standards of the college, or
- Fulfill their financial obligations according to their agreement with the college.

Whether termination of enrollment is voluntary or involuntary, students should realize that they will remain obligated for the amount of tuition and fees due the college based on the refund policy. Students have the right to appeal dismissal decisions made by the college administration by submitting a written request to the College Director describing any mitigating circumstances or conditions, which warrant special consideration. If the appeal is accepted, the student may be reinstated according to special terms and conditions stipulated by the College Director. Apart from the registration fee of \$75 there are no other administrative costs associated with withdrawal or termination.

Note for VA Students only: The maximum allowable non-refundable registration fee for veterans is \$10.

Giligia College accepts payment for tuition, books, equipment and other fees through cash payment, VISA, MasterCard, or personal or third-party check. Giligia College will also assist students in applying for student financial assistance in order to defray the cost of their education; the programs students may be eligible for are Workforce Investment Act (WIA), Employment Training Panel (ETP) and the Post 911 GI Bill, for more information on these funds please view pages 29-30. At the college's discretion, installment payments may also be arranged. Students assume the responsibility for payment of the tuition costs in full, either through direct payment or through a third party financial plan. All financial arrangements must be made before the beginning of classes. The college will contact students who are delinquent in paying tuition and fees. They will then be counseled and encouraged to make specific arrangements with the college in order to remove their delinquency and remain in good financial standing.

Notice of Cancellation

A student has the right to cancel the enrollment agreement they signed for a course of instruction including any equipment, such as books, materials, and supplies, or any other goods and services included in the agreement and receive their registration fee back until midnight of the seventh day after the first class they attended. If canceled after the seven day after their first class attendance the registration fee will be retained.

Cancellation shall occur when the student gives written notice of cancellation at the address of the College shown on the top of the front page of the enrollment agreement. They can do this by mail, hand delivery, or E-MAIL to info@giligiacollege.com. The written notice of cancellation; if sent by mail, is effective by postmark date. The written notice of cancellation need not take any particular form; and, however expressed, it is effective if it shows that a student no longer wish to be bound by the enrollment agreement.

Students will be given two notices of cancellation forms on the day of orientation, but if they choose to cancel, they can use any written notice that they wish. If the college has given (let them borrow) any equipment, including books or other materials, they shall return them to the college within 30 days following the date of their notice of cancellation. If they fail to return this equipment, including books, or other materials, in good condition within the 30-day period, the college may deduct its documented cost for the equipment from any refund that may be due to the student. Once a student pays for the equipment, it is theirs to keep without further obligation. If the student cancels the agreement, the college will refund any money that they are owed based on the date of cancellation.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, minus the amount of any refund. Lastly, if the student has received federal student financial aid funds to cover program costs, the student and the funding agency will be refunded according to prorated program cancellation date.

Refund Policy

The institutional refund policy for students who have completed 60 percent or less of the course of instruction shall be a pro-rated refund.

- a) Deduct a registration fee not exceeding one hundred seventy-five dollars (\$175) from the total tuition charge.
- b) Divide this figure by the number of hours in the program.
- c) The amount is the hourly charge for the program.
- d) The amount owed by you for purposes of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction.
- e) The refund would be any amount in excess of the figure derived in (D) that was paid by you.
- f) The refund amount shall be adjusted for equipment, if applicable.
- g) Institutions shall refund 100 percent of the amount paid for institutional charges, minus the application fee (\$175), if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.

Hypothetical Refund Example

Assume that a student, upon enrollment in a 80 hour course, pays \$2047.00 for tuition, \$175.00 for registration, and \$215.00 (fair market value) for books and equipment as specified in the enrollment agreement, then withdraws after completing 30 hours of elapsed time without returning the equipment he/she obtained. The pro rata refund to the student would be **\$1279.38** based on the calculation stated below. If the student returns the equipment in good condition within 30 days following his/her withdrawal, the college shall refund the charge for the equipment paid by the student. Based on the preceding example, the refund calculation would be made in the following way:

Total amount the student paid:	\$2047 tuition + \$175 registration			\$2,222.00
Less	Registration fee (amount school may retain)	minus	-	\$175.00
Divided by	80 Clock hours of instruction	divided by	÷	80
	The quotient is the hourly charge for the program			\$25.60
Multiplied by	30 Clock hours of instruction attended	multiplied	×	30
				\$767.62
	Initial amount paid by student for tuition	equals	=	\$2047.50
Actual refund amount	Amount paid minus cost of clock hours attended	equals	=	\$1279.38

The refund will be calculated when:

- A. Student notifies the college of their actual date of withdrawal.
- B. The college terminates their enrollment agreement.
- C. They fail to attend classes for a two-week period. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.

COMPLAINT GRIEVANCE PROCEDURE

It is expected that minor differences can be resolved without alternative to the process listed below. Nevertheless, there may be situations where a more formal process may be necessary. This process is planned to settle disagreements through mediation and reasoned discussion. It is not intend to displace the student process, the administrative rules of the College or any provisions of the collective bargaining agreement between the Students and the College or any other appeal/grievance already existing within a department. Usually the resolution of a complaint or grievance involves resolution of the problem/issue; not punishment of those involved. Students who intend to file a complaint or grievance must follow the instructions below.

Procedures for Complaints or Grievances Not Discussed Below

More formal alternative procedures exist for situations such as when Students are incorrectly denied certain privileges, incorrectly has money withheld by the college, is charged with an offense under the code of conduct, is alleging unfairness on the basis of race, national origin, religion, gender, sexual orientation, age, disabling condition or marital status, or is alleging sexual harassment. For more formal procedures relating to such situations, consult the Affirmative Action Plan, Sexual Harassment Policy, Consensual Relationships Policy, Code of Conduct, Contested Case Procedures, or contact the Academic Standards Committee, the Affirmative Action Officer, or the Office or HR Director.

Students should be aware that every effort will be made to maintain confidentiality; however, College officials may be obligated to disclose information to law enforcement or other agencies as required by law.

Informal Complaints

A) Resolving a Non-Academic Informal Complaint

The student must first discuss and attempt to resolve the issue with whomever the issue arose, if possible. Please note, this requirement does not apply in cases of alleged sexual harassment, sexual misconduct or discrimination. In those cases, the student should contact the Affirmative Action Officer for guidance. In the event that such an informal discussion is not possible or the issue is not resolved, then the student should contact the HR Director / HR Department, or designee to try to reach an informal resolution. The student must initiate a complaint no later than thirty (30) work days after the alleged incident. The HR Director / HR Department receiving the complaint shall attempt to resolve the matter and report the decision, in writing, to the complainant(s) and respondent(s) via their College assigned email address within fifteen (15) work days of receiving the complaint.

B) Initiating a Grievance

If the complaint is not resolved informally and the student wishes to continue the process, the student must present a completed **Formal Grievance form** (copies are provided in the HR Office and discussed in hiring process) to the HR Department. Prior to any grievance action, the complainant(s) must attempt to obtain a satisfactory resolution through the Informal Complaint process. A grievance petition must be filed no later than thirty (30) work days after the notice of informal complaint resolution decision, or if no decision was issued, no later than thirty (30) work days after the applicable decision deadline.

1. The grievant(s)'s name, student identification number (if applicable), and contact information, including email address
2. The name(s) of the respondent(s)
3. A detailed description of the nature of the grievance and the actual harm suffered by the student
4. A detailed description of attempts at informal resolution
5. A detailed description of the relief sought
6. Signature of complainant(s)
7. Date of grievance submission

Appeal

A) Initiating an Appeal

A student may submit an appeal to the HR Department within ten (10) work days of the notification of the grievance decision, or if no decision was issued, no later than ten (10) work days after the applicable decision deadline. The specific grounds to be addressed are:

- a) Were the procedures of the policy followed?
- b) If a procedural error occurred, were the rights of the grievant violated to the extent that a fair review was not conducted?
- c) Was the review conducted in a way that did not permit the grievant adequate notice and opportunity to present facts?
- d) Was the information presented during the review sufficient to justify the decision reached?
- e) Was there relevant information existing at the time of the review that was not discovered until after the review that is sufficient to alter a decision?

B) The Appeal Form

An appeal must be in writing and contain:

1. The appellant(s)'s name and contact information, including email address
2. A detailed description of the nature of the appeal
3. A copy of the findings of the complaint review/hearing and supporting documents

5. A detailed description of the relief sought
6. Signature of appellant(s)
7. Date of grievance submission

C) The Appeal Process

To file an appeal, the student must submit a completed appeal form to the Colleges HR Department. The appeal will be reviewed within fifteen (15) work days of receipt. HR will notify the complainant(s), respondent(s) and appropriate college, dean, director, administrator, or designee of the decision, in writing via their email addresses, within ten (10) work days of their decision. In the event of an appeal, no less than five (5) members of the HR committee must be present to hear the case. In the event of a split vote the appeal is denied. Except as the HR Committee determines necessary to explain the basis of new information, an appeal is limited to a review of underlying decision, the file supporting the decision as provided by the decision-makers and any statement supporting the appeal submitted by the appellant:

- a) To determine if the grievance procedures policy and investigation was conducted fairly in light of the complaint and grievance made and information presented and giving the appellant(s) a reasonable opportunity to present information. A deviation from procedures required by this policy will not be a basis for sustaining an appeal unless significant prejudice of impartial consideration of the case results.
- b) To determine whether the decision reached regarding the matter was based on substantial information, that is, whether there were facts that, if believed by the college president, were sufficient to support the grievance decision.
- c) To consider new information sufficient to alter a decision or other relevant facts not brought out in the original complaint or grievance, but only if such information or facts were not known to the grievant at the time of presenting the grievance.

If the HR decision making Committee overrules a decision in whole or in part, it may:

- a) Modify the decision; or
- b) Remand for further proceeding.

No appeal shall be allowed unless the appellant cites specifically to the grievance record and states with specificity the grounds under which the appeal shall be allowed. Any appeal submitted that does not include the required information will be dismissed without review.

STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. .

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security or taxpayer identification number.

You are not eligible for protection from the STRF and you are not required to pay the STRF if either of the following applies:

1. You are not a California resident,
2. Your total charges are paid by a third-party, such as an employer, government program or other payer, and you have no separate agreement to repay the third-party.

The student is responsible for paying the state assessment amounts for the Student Tuition Recovery Fund. STRF is currently assessed at a rate of \$0.50 for each \$1000.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education at 1747 N. Market Blvd. Suite 225 Sacramento, CA 95834. AMERICANS WITH DISABILITIES ACT

The Americans with Disabilities Act (ADA) prohibits discrimination against people with disabilities in employment, transportation, public accommodation, communications, and governmental activities. The ADA also establishes requirements for telecommunications relay services.

The Department of Labor's Office of Disability Employment Policy (ODEP) provides publications and other technical assistance on the basic requirements of the ADA. It does not enforce any part of the law.

In addition to the Department of Labor, four federal agencies enforce the ADA:

- The Equal Employment Opportunity Commission (EEOC) enforces regulations covering employment.
- The Department of Transportation enforces regulations governing transit.
- The Federal Communications Commission (FCC) enforces regulations covering telecommunication services.
- The Department of Justice enforces regulations governing public accommodations and state and local government services.

Another federal agency, the Architectural and Transportation Barriers Compliance Board (ATBCB), also known as the Access Board, issues guidelines to ensure that buildings, facilities, and transit vehicles are accessible and usable by people with disabilities.

Two agencies within the Department of Labor enforce portions of the ADA. The Office of Federal Contract Compliance Programs (OFCCP) has coordinating authority under the employment-related provisions of the ADA. The Civil Rights Center is responsible for enforcing Title II of the ADA as it applies to the labor- and workforce-related practices of state and local governments and other public entities.

The college reserves the right to change tuition and fees, make curricular changes when necessary, and make substitutions in books and supplies as required without prior notice. Any changes in tuition or fees will not affect a student already in attendance or enrolled.

California law requires that institutions collect from each newly enrolled student a "STRF" fee in the amount of \$0.50 per \$1,000 of tuition charged. The student is responsible for paying the state assessment amount. This fee supports the Student Tuition Recovery Fund (STRF), a special fund established by the California Legislature to reimburse students who might otherwise experience a financial loss as a result of untimely school closure. There are no optional student charges for this program. If any portion of your tuition was paid from loan proceeds, the refund will be sent to the lender or agency that guaranteed the loan. Any remaining refund amount will first be used to repay any student financial aid programs from which you received benefits, to the extent of benefits received. Any remaining amount will be paid to you the student.

The Dictionary of Occupational Titles (DOT) was developed in response to the demand of an expanding public employment service for standardized occupational information to support job placement activities. The U.S. Employment Service recognized this need in the mid-1930's, soon after the passage of the Wagner-Geyser Act established a Federal-State employment service system, and initiated an occupational research program, utilizing analysts located in numerous field offices throughout the country, to collect the information required. The use of this information has expanded from job matching applications to various uses for employment counseling, occupational and career guidance, and labor market information services. In order to properly match jobs and workers, the public employment service system requires that a uniform occupational language be used in all of its local job service offices. Highly trained occupational analysts must go out and collect reliable data which is provided to job interviewers so they may systematically compare and match the specifications of employer job openings with the qualifications of applicants who are seeking jobs through its facilities.

This fact sheet is filed with the Bureau for Private Postsecondary Education. Regardless of any information you may have relating to completion rates, placement rates, starting salaries, or license exam passage rates, this fact sheet contains the information as calculated pursuant to state law.

Note: Giligia College does NOT offer any courses that lead to licensure exams.

Training providers who are eligible to receive Individual Training Accounts (ITAs) through WIOA Title I-B funds are listed on the ETPL.
