## Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who canceled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates). (Not used in this Fact Sheet)
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation. (Not used in this Fact Sheet)
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year. (Not used in this Fact Sheet)

## STUDENT'S RIGHT TO CANCEL

You have the right to cancel this enrollment agreement or withdraw your enrollment from the LAHEC and obtain a full refund of charges paid through attendance at the first (1st) class session, or the seventh (7th) day after enrollment, whichever is later. The non-refundable registration fee is not retained if a student withdraws on or before the first day of the semester.

Date by which the student must exercise his or her right to cancel or withdraw in accordance with this policy: \_\_\_\_\_.

## REFUND INFORMATION

**Pro Rata Refund Policy:** If a student withdraws after the date on which his or her Right to Cancel expires as noted above, the student will be subject to a pro rata refund policy in accordance with California law, as follows:

1. Any applicable fees identified as non-refundable fees will not be refunded. These funds are deducted from the total cost of tuition and fees for the program (period of attendance).
2. This figure is divided by the number of hours in the program.
3. The quotient is the hourly charge for the program.
4. The amount owed by the student for the purpose of calculating a refund is derived by multiplying the total hours attended by the hourly charge for instruction, plus the non-refundable fees specified in line one.
5. The refund is the amount, if any, by which the amount paid by the student exceeds the figure derived in line four, unless a student has attended more than 60 percent of the hours in the program. Students who have attended more than 60 percent of the hours in the program are not eligible for a refund.

### Example Refund Calculations

For example, if a student completes only 40 contact hours of a 100-hour program, was charged a \$100 non-refundable registration fee, and paid \$1100 tuition, the student would receive a refund of \$600, using the calculations in the illustration below. These numbers are provided as an example only.

- \$1100 total paid (-) \$100 non-refundable registration fee = \$1000 base for refund
- \$1000 (÷) 100 contact hours = \$10 per hour
- \$10 per hour (x) 40 hours attended = \$400 tuition owed
- \$1100 total paid (-) \$100 non-refundable registration fee (-) \$400 tuition owed = \$600 refund. Student is eligible for refund because he/she completed less than 61% of hours in program.

While the LAHEC does not currently participate in any federal or state loan or other student financial aid programs, the following notices are required by California regulations:

If you obtain a loan to pay for an educational program, you will have the responsibility to repay the full amount of the loan plus interest, less the amount of any applicable refund.

If you default on a federal or state loan, both of the following may occur:

1. The federal or state government or a loan guarantee agency may take action against you, including applying any income tax refund to which you are entitled to reduce the balance owed on the loan.
2. You may not be eligible for any other federal student financial aid at another institution or other government financial assistance until the loan is repaid.

If you have received federal student financial aid funds, you are entitled to a refund of moneys not paid from federal student financial aid program funds. Such refund, if any, will be determined under the Pro Rata Refund Policy, above.
