## Linguistics and Psychology, BS

### Overview

This combined major is designed to educate students in psychology, linguistics, and the interface between the two disciplines, which are core areas within the field of cognitive science. Students study the formal structures of human language; sociocultural aspects of language use; and the cognitive aspects of language representations, language acquisition, and language processing. Students receive interdisciplinary training in the methods of experimental psychology, psycholinguistics, and linguistic analysis.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Linguistics Requirements

Code	Title	Hours
<b>Linguistics Foundations</b>		
LING 1150	Introduction to Language and Linguistics	4
LING 2350	Linguistic Analysis	4
LING 3412	Language and Culture	4
<b>Linguistic Structure</b>		
Complete three of the following:		12
LING 3420	Phonetics	
LING 3422	Phonology	
LING 3424	Morphology	
LING 3450	Syntax	
LING 3452	Semantics	
<b>Linguistics Electives</b>		
Complete three courses not used to fulfill other degree requirements from the following:		12
DEAF 2700	ASL Linguistics	
LING 3000–LING 4999		

<sup>1</sup> Please visit the Linguistics Courses page (<http://catalog.northeastern.edu/undergraduate/science/linguistics/#coursestext>) within this catalog to review the list of courses in the LING 3000–LING 4999 range.

### Psychology Requirements

Code	Title	Hours
<b>Introductory and Intermediate Psychology</b>		
PSYC 1101	Foundations of Psychology	4
<b>Statistics</b>		
Complete the following course. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission).		4-5
PSYC 2320	Statistics in Psychological Research	
<b>Advanced Psychology</b>		
PSYC 3402	Social Psychology	4
PSYC 3466	Cognition	4
<b>Psychology Lab</b>		
Complete one of the laboratory courses or, with prior approval, a directed study or honors project on a topic related to psycholinguistics or cognition:		4
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4970	Junior/Senior Honors Project 1	

PSYC 4971	Junior/Senior Honors Project 2	
PSYC 4991	Directed Study Research	
<b>Psychology Seminar</b>		
Complete one of the following:		4
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4674	Seminar in Cognitive Neuroscience	

**Psychology Electives**

A directed study on a topic related to psycholinguistics or cognition may be taken with prior approval.

Complete two of the following (not counted elsewhere):		8
PSYC 3404	Developmental Psychology	
PSYC 3450	Learning and Motivation	
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 4522	Psychology of Reading	
PSYC 4524	Cognitive Development	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4628	Laboratory in Developmental Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	
PSYC 4991	Directed Study Research	

**Integrative Requirements**

Code	Title	Hours
PSYC 3464	Psychology of Language	4

**Experiential Learning**

Complete one of the following options. Courses used to satisfy this requirement will also typically simultaneously satisfy a requirement above. 0-8

Study Abroad (not a Dialogue)		
International Co-op		
LING 4891	Research Seminar in Linguistics	
LING 4970 and LING 4971	Junior/Senior Honors Project 1 and Junior/Senior Honors Project 2	
LING 4991	Directed Study Research	
PSYC 4970 and PSYC 4971	Junior/Senior Honors Project 1 and Junior/Senior Honors Project 2	
PSYC 4991	Directed Study Research	

**Supporting Courses**

Code	Title	Hours
<b>Language Requirement</b>		
Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.		8
<b>Mathematics Requirement</b>		
Complete one of the following:		4
CS 1800	Discrete Structures	
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1242	Calculus 2	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1252	Calculus and Differential Equations for Biology 2	

MATH 1340	Intensive Calculus for Engineers
MATH 1341	Calculus 1 for Science and Engineering
MATH 1342	Calculus 2 for Science and Engineering

### Linguistics and Psychology Combined Major Credit Requirement

Complete 72 semester hours in the major (excluding supporting courses).

### Program Requirement

128 total semester hours required

## Linguistics and Speech-Language Pathology and Audiology, BS

### Overview

The combined major in linguistics and speech-language pathology and audiology provides students with an extensive background in the formal structures of human language; the methods and applications of linguistic analyses of language data; the biology, neurology, and physics of the human vocal tract; and the nature of both normal and disordered human speech communication and language development. Students have an opportunity to develop critical thinking, information literacy, and strong oral and written communication skills. While on co-op, students gain clinical experience, including preprofessional training appropriate to pursue a graduate degree in SLPA, related clinical healthcare domains, or education.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Linguistics Requirements

Code	Title	Hours

## Behavioral Neuroscience, Minor

### Overview

The behavioral neuroscience minor allows all students, including those majoring in biology and psychology, the opportunity to complement their major plans of study with an interdisciplinary minor in behavioral neuroscience.

### Program Requirements

Students are required to take one intermediate course followed by four behavioral neuroscience core courses, two from each of the parent departments of the discipline (i.e., psychology and biology).

### Intermediate Course

Code	Title	Hours
PSYC 3458	Biological Psychology	4
or BIOL 3405	Neurobiology	

### Psychology Core Courses

Code	Title	Hours
Complete two of the following:		8
PSYC 3200	Clinical Neuroanatomy	
PSYC 3506	Neuropsychology of Fear	
PSYC 3508	Behavioral Endocrinology	
PSYC 3510	Brain, Behavior, and Immunity	
PSYC 4510	Psychopharmacology	
PSYC 4512	Neuropsychology	
PSYC 4514	Clinical Neuroscience	
PSYC 4570	Behavioral Genetics	

### Biology Core Courses

Code	Title	Hours
Complete two of the following:		8
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3601	Neural Systems and Behavior	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 4709	Neurobiology of Learning and Memory	
BIOL 5587	Comparative Neurobiology	
BIOL 5595	Cell and Molecular Neuroscience	
BIOL 5601	Multidisciplinary Approaches in Motor Control	

### Credit/GPA Requirement

20 total semester hours required

2.000 GPA required in the minor

## Biochemistry, Minor

### Overview

The biochemistry minor allows students to engage in interdisciplinary study of biochemistry to complement their major plans of study.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

The biochemistry minor is not available to majors in biology, cell and molecular biology, biochemistry, or any combined major that involves biochemistry, due to curricular overlap.

### Required Courses

Code	Title	Hours
<b>Core Courses</b>		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
BIOL 4707	Cell and Molecular Biology	4
CHEM 5620	Protein Chemistry	3

### Biology Core Course

Code	Title	Hours
Complete one of the following (other advanced BIOL courses may be accepted at the discretion of the biochemistry director):		3-5
BIOL 2327	Human Parasitology	
BIOL 3405	Neurobiology	
BIOL 3409	Current Topics in Biology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
BIOL 3605	Developmental Neurobiology	
BIOL 5541	Endocrinology	
BIOL 5543	Stem Cells and Regeneration	
BIOL 5549	Inventions in Microbial Biotechnology	
BIOL 5573	Medical Microbiology	
BIOL 5581	Biological Imaging	
BIOL 5583	Immunology	
BIOL 5591	Advanced Genomics	
BIOL 5593	Cell and Molecular Biology of Aging	
BIOL 5597	Immunotherapies of Cancer and Infectious Disease	

### Chemistry Core Course

Code	Title	Hours
Complete one of the following (other advanced CHEM courses may be accepted at the discretion of the biochemistry director):		3-6
CHEM 3331 and CHEM 3332	Bioanalytical Chemistry and Lab for CHEM 3331	
CHEM 3431 and CHEM 3432	Physical Chemistry and Lab for CHEM 3431	
CHEM 4628 and CHEM 4629	Introduction to Spectroscopy of Organic Compounds and Identification of Organic Compounds	
CHEM 5550	Introduction to Glycobiology and Glycoprotein Analysis	
CHEM 5611	Analytical Separations	
CHEM 5612	Principles of Mass Spectrometry	
CHEM 5613	Optical Methods of Analysis	
CHEM 5616 and CHEM 5617	Protein Mass Spectrometry and Protein Mass Spectrometry Laboratory	
CHEM 5621 and CHEM 5622	Principles of Chemical Biology for Chemists and Lab for CHEM 5621	

CHEM 5625	Chemistry and Design of Protein Pharmaceuticals
CHEM 5638	Molecular Modeling
CHEM 5676	Bioorganic Chemistry

**GPA Requirement**

2.000 GPA required in the minor

## Environmental Chemistry, Minor

The minor in environmental chemistry offers an opportunity for students of any background interested in environmental sciences to better understand the chemistry of the environment. Students completing the minor in environmental chemistry have an opportunity to learn about the chemical processes of natural systems and environmental pollutants, while earning a credential that highlights their interest and expertise. This can be a useful course of study whether their primary degree and career will be in one of the traditional chemical, environmental, or engineering programs, or another allied field. No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

### Required Courses

Code	Title	Hours
<b>Environmental Chemistry Core</b>		
Complete one of the following:		4
CIVE 2335	Environmental Engineering Chemistry	
ENVR 3410	Environmental Geochemistry	
<b>Chemistry Core</b>		
Complete one of the following:		5
CHEM 2321 and CHEM 2322 and CHEM 2323	Analytical Chemistry and Lab for CHEM 2321 and Recitation for CHEM 2321	
CHEM 3331 and CHEM 3332	Bioanalytical Chemistry and Lab for CHEM 3331	
<b>Research Experience</b>		
Complete one of the following:		4
CHEM 4750	Senior Research	
CHEM 4901	Undergraduate Research	
CHEM 4992	Directed Study	
CIVE 4991	Research	
CIVE 4992	Directed Study	
ENVR 4900 or ENVR 4997	Earth and Environmental Science Capstone Senior Thesis	
ENVR 4992	Directed Study	

### Electives

Code	Title	Hours
Complete two of the following:		8-9
CIVE 2335	Environmental Engineering Chemistry (If not used to satisfy Environmental Chemistry Core)	
CIVE 3435	Environmental Pollution: Fate and Transport	
CIVE 5300 and CIVE 5301	Environmental Sampling and Analysis and Lab for CIVE 5300	
ENVR 3125	Global Oceanic Change	
ENVR 3410	Environmental Geochemistry (If not used to satisfy Environmental Chemistry Core)	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	
ENVR 4504	Environmental Pollution	
ENVR 4505	Wetlands	
ENVR 5190	Soil Science	

### GPA Requirement

Minimum 2.000 GPA required in all major courses

**Credit Requirement**

Minimum of 21 hours required

## Linguistics, Minor

### Overview

The minor in linguistics provides students with an overview of the field, including exposure to both the structural and sociocultural aspects of the study of language. Students have an opportunity to learn the methods of linguistic analysis and to obtain more advanced exposure to various subdomains of linguistics.

### Program Requirements

Complete all courses listed below unless otherwise indicated.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Foundational Courses

Code	Title	Hours
LING 1150 or LING 1449	Introduction to Language and Linguistics English Now and Then	4
LING 2350	Linguistic Analysis	4

### Intermediate/Advanced Electives

Code	Title	Hours
Complete three courses (not counted above) from LING 3000 to LING 4999. <sup>1</sup>		12

<sup>1</sup> Please visit the Linguistics Courses page (<http://catalog.northeastern.edu/undergraduate/science/linguistics/#coursestext>) within this catalog to review the list of courses in the LING 3000 - LING 4999 range.

### GPA Requirement

2.000 GPA required in the minor

## Network Science, Minor

The goal of the network science minor is to introduce students to the theories, tools, methods, and topics within the emerging and growing field of network science. Network science is defined as the measurement, modeling, prediction, and visualization of meaningful interactions and interconnectivity of social, physical, and technological systems. Network science skills are in increasing demand across industries including business, biology, life sciences, engineering, and science. For example, network science is used in business and sociology to study social networks such as friendship networks or networks of interlocking boards of directors. In biology, network science is used to study networks of gene expressions. Network science skills are in high demand for analysts, scientists, and managers who are tasked with analyzing and modeling network data. The study and skills required for network science are inherently interdisciplinary, including topics related to math, computer science, and contextual applications of network methods (in fields such as communications, economics, and epidemiology, among others).

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Network Science Core

Code	Title	Hours
Complete three of the following:		12
COMM 2105	Social Networks	
MATH 3545	Introduction to Graph Theory	
PHYS 1125	Introduction to Network Science: From the Human Cell to Facebook	
PHYS 5116	Network Science 1	

### Data and Computational Methods

Code	Title	Hours
Complete one of the following:		4
CS 2500	Fundamentals of Computer Science 1	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
INSH 1500	Digital Methods for Social Sciences and Humanities	

### Applied Topics

Code	Title	Hours
Complete one of the following:		4
COMM 2105	Social Networks (if not taken as a core course)	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
INSH 5304	Social Network Analysis	
MGMT 3435	Social Networks and Organizations (if COMM 2105 not taken)	
PHYS 5116	Network Science 1 (if not taken as a core course)	

### GPA Requirement

Minimum 2.000 GPA required in all minor courses

### Credit Requirement

20 hours required

## Accelerated Bachelor/Graduate Degree Programs

The College of Science offers a number of bachelor's/graduate degree programs that allow students to accelerate the attainment of the graduate degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Degrees are earned sequentially, with the bachelor's degree attainment followed by coursework to complete the graduate degree. See additional information on accelerated bachelor/graduate degree programs (<https://registrar.northeastern.edu/article/plusone-program-accelerated-bachelorgraduate-degree-programs/>).

## College of Social Sciences and Humanities

[csshadvising@northeastern.edu](mailto:csshadvising@northeastern.edu)

The College of Social Sciences and Humanities is a leader in the experiential liberal arts. Students deepen their understandings of culture, society, history, politics, language, and more through the integration of focused academic study and a wide range of experiential opportunities. They use familiar methods and new tools to hone their skills in close reading, interpretation, analysis, oral communication, and critical thinking.

By exploring society's most pressing challenges, students may gain a broad understanding of the relationships among peoples and nations; global economics and politics; the diversity of languages, literatures, religions, and cultures; and multiple perspectives in urban affairs, public policy, law, criminal justice, and the ethical dimensions of human behavior.

The college offers a wide variety of undergraduate programs, including 17 different majors as well as a diverse set of combined major options, concentrations, minors, and five-year bachelor's/master's degree PlusOne programs. The college also offers students the opportunity to create an independent major in cases where their interests and goals are not met by existing majors. Students in the college take elective classes to complement their chosen area of study and earn either a Bachelor of Arts or a Bachelor of Science degree.

All students in the college integrate experiential learning into their education. Students may choose to conduct original student research, either independently or with a faculty member; to immerse themselves in communities and cultures, either locally or around the world; to enhance their classroom learning through the co-op experience in a variety of fields; or to build more flexibility into their academic path in a summer Dialogue of Civilizations trip with a faculty member or a summer semester on campus. Many students pursue multiple opportunities.

Programs in the college offer the flexibility for students to customize their academic experience around their intellectual and professional interests. A support system of department advisors, college advisors, co-op coordinators, and peer mentors helps students explore their options and shape their plan.

### **Academic Advising**

CSSH has an academic advising system that consists of academic advisors located in the Office of Student Academic Affairs in 180 Renaissance Park and faculty advisors located in the college's departments and program offices. Detailed advising information is available on the college website (<https://cos.northeastern.edu/chemistry-chemical-biology/>). PreMed and PreHealth Advising (p. 121), as well as Pre-Law (p. 120) Advising (p. 120), are also available.

### **Academic Progression Standards**

CSSH adheres to the university-wide Academic Progression Standards (p. 88). Some majors have additional specific requirements in order to progress from year to year (see major requirements in departmental listings).

### **Graduation Clearance Process**

Students in CSSH are required to meet with an academic advisor in the Office of Student Academic Affairs in 180 Renaissance Park to determine their remaining graduation requirements. Some departments also require a meeting with a faculty advisor in their major or program. This should be completed in the junior year to ensure ample time to complete any outstanding requirements.

### **College Requirements**

All students in CSSH must successfully complete their major, college, and university requirements for their specific degree.

**EXPERIENTIAL LIBERAL ARTS REQUIREMENT**

The Experiential Liberal Arts course designation is part of a CSSH framework that emphasizes integration of experiential learning along with diversity and inclusion at key points in the curriculum. Students with majors or combined majors entirely within CSSH must fulfill this requirement through any CSSH course taken on a Dialogue of Civilizations, any CSSH service-learning course, or an ELA-designated course listed below.

<b>Code</b>	<b>Title</b>	<b>Hours</b>
ANTH 3410	Ethnographic Field Experience	4

## Interdisciplinary Programs

In addition to over 100 combined majors, bringing together disciplines both within the College of Social Sciences and Humanities and across colleges, CSSH is home to the interdisciplinary majors and minors listed below.

For more information about CSSH combined majors, please visit the CSSH majors webpage ([https://admissions.northeastern.edu/academics/combined-majors/#\\_ga=2141643317500979981687268377-19028226791663618554](https://admissions.northeastern.edu/academics/combined-majors/#_ga=2141643317500979981687268377-19028226791663618554)). To learn more about Jewish Studies, please visit the Jewish Studies program website (<http://www.northeastern.edu/jewishstudies/>); for more information about Health, Humanities, and Society, please visit the Health, Humanities, and Society webpage (<https://cssh.northeastern.edu/humanities/health-humanities-and-society/>).

### Interdisciplinary Majors

- Computer Science and Politics, Philosophy, and Economics, BS (p. 844)
- Global Asian Studies, BA (p. 1728)
- Health Humanities and Health Science, BS (p. 1175)
- Health Humanities and Public Health, BA (p. 1199)
- History and Asian Studies, BA (p. 1740)
- History, Culture, and Law, BA (p. 1743)
- Human Services, BA (p. 1748)
- Human Services, BS (p. 1750)
- Human Services and Communication Studies, BA (p. 1752)
- Human Services and Psychology, BS (p. 1648)
- Jewish Studies and Religion, BA (<http://catalog.northeastern.edu/undergraduate/social-sciences-humanities/jewish-studies/jewish-studies-religion-ba/>)
- Politics, Philosophy, and Economics, BS (p. 1777)
- Politics, Philosophy, and Economics and Business Administration, BS (p. 649)

### Interdisciplinary Minors

- Computational Social Science (p. 1789)
- Digital Methods in the Humanities (p. 1790)
- Food Systems Sustainability, Health, and Equity (p. 1791)
- Global Asian Studies (p. 1792)
- Global Health (p. 1326)
- Health, Humanities, and Society (p. 1228)
- Human Services (p. 1798)
- Jewish Studies (p. 1799)
- Latino/a, Latin American, and Caribbean Studies (p. 1801)
- Law and Public Policy (p. 1802)
- Urban Studies (p. 1805)
- Women's, Gender, and Sexuality Studies (p. 1806)

## Computer Science and Politics, Philosophy, and Economics, BS

Politics, philosophy, and economics bring together three important frameworks from the humanistic social sciences for understanding the world around us. Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor, drawing on concepts and methods from mathematics, logic, science, and engineering. This interdisciplinary degree thus provides multiple perspectives and a set of skills that are indispensable in our increasingly interconnected world and essential in addressing the kinds of complex global problems future leaders need to tackle.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or PHIL 1000	First Year Seminar Philosophy at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken for upper-division electives.		
Complete 4 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses from the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Politics, Philosophy, and Economics Courses

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

Code	Title	Hours
<b>Foundation Course</b>		
PHIL 1160	Introduction to Economic Justice	4
<b>Core Courses</b>		

**Philosophy**

PHIL 2303 or PHIL 3822	Social and Political Philosophy Philosophy of Race and Racism	4
PHIL 3435 or PHIL 2325	Moral Philosophy Ancient Philosophy and Political Thought	4

**Political Science**

POLS 1150 or POLS 1155	American Government Comparative Politics	4
POLS 1160	International Relations	4
POLS 3405	International Political Economy	4

**Economics**

ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
ECON 2315 or ECON 2316	Macroeconomic Theory Microeconomic Theory	4

**Methods Course**

PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
-----------	---	---

**Capstone**

Complete one of the following: 4

ECON 4692	Senior Economics Seminar	
PHIL 4550	Philosophy of Economics	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

**PPE Elective**

Complete one course from the following ranges: 4

ECON 1200 to ECON 1999		
ECON 3000 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		
PHIL 2000 to PHIL 5999		
POLS 2000 to POLS 5999		

**Integrative Course Requirements**

Code	Title	Hours
IS 4300	Human Computer Interaction	4
PHIL 1115	Introduction to Logic	4
POLS 2390	Science, Technology, and Public Policy	4

**Supporting Courses**

Code	Title	Hours
<b>Statistics and Mathematics</b>		
ECON 2350 or POLS 2400 or MATH 2280	Statistics for Economists Quantitative Techniques Statistics and Software	4
MATH 1231 or MATH 1341	Calculus for Business and Economics Calculus 1 for Science and Engineering	4

**English Requirements**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4

**Advanced Writing in the Disciplines**

Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

**Required General Electives**

Code	Title	Hours
Complete 20 semester hours of general electives.		20

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Program Requirement**

129 total semester hours required

## Global Asian Studies, BA

The Bachelor of Arts in Global Asian Studies offers undergraduates a broad liberal arts education in the histories, cultures, societies, politics, economies, and languages of Asia, Asian America, and the global Asian diaspora. Global Asian studies majors complete at least two years of an Asian language in addition to pursuing a rigorous course of study covering a number of disciplines. The core coursework provides foundational knowledge in the history, politics, and societies of East Asia, Southeast Asia, South Asia, and the Asian diaspora; the place of Asia and Asians within a globalizing world; and skills in research and analysis. Majors are also required to develop expertise in one of the following focus areas: history; society and politics; language, literature, and culture; or religious studies. Finally, students are required to complete academic study or a professional experience abroad.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Global Asian Studies Requirements

Code	Title	Hours
<b>Required Courses</b>		
ASNS 1150 or HIST 1150	East Asian Studies East Asian Studies	4
HIST 1215 or HIST 2211	Origins of Today: Historical Roots of Contemporary Issues The World Since 1945	4
<b>Asia in Global Context</b>		
Complete one of the following:		4
ASNS 2245	Introduction to Asian American Studies	
ASNS 3482	East Asian Politics	
ASNS 3485	China: Governance and Foreign Policy	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
ANTH 4520	Chinese Society and Culture

## Health Humanities and Health Science, BS

### Overview

The combined Bachelor of Science in Health Humanities and Health Science is designed for students who would like to learn how to think about health using humanities, social sciences, and science skills. The humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training is designed to equip students both for the diverse forms of healthcare professions that exist today and for the varieties of professions in the future. This combined major will appeal to students who want to pursue graduate study and research in public health, medicine, and other clinical professions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Health Humanities Requirements

Code	Title	Hours
<b>Required Courses</b>		
INSH 1300	Introduction to Health and Humanities	4
INSH 2300	Culture, Technology, and the Future of Health	4

## Health Humanities and Public Health, BA

### Overview

The combined Bachelor of Arts in Health Humanities and Public Health is designed for students who would like to learn how to think about health using humanities, social sciences, and science skills with a focus on public health. The humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of public health is quickly changing, and this training is designed to equip students both for the diverse forms of healthcare professions that exist today and for the varieties of professions in the future. This combined major will appeal to students who want to pursue graduate study and research in public health and health humanities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Health Humanities Requirements

Code	Title	Hours
<b>Required Courses</b>		
INSH 1300	Introduction to Health and Humanities	4
INSH 2300	Culture, Technology, and the Future of Health	4
<b>Core Humanities Electives</b>		
Complete two of the following not used to satisfy another requirement:		8-9

## History and Asian Studies, BA

History and Asian studies offers an interdisciplinary combined major. Students interested in the combined major in history and Asian studies integrate the exploration of human history with the rigorous study of Asian cultures, societies, languages, and economies.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level</b>		
Choose one course from the 1000 level except HIST 1215, which is required by Asian studies.		4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Choose one course from the following:		4
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
<b>Advanced History</b>		
Complete one history course 3000 level or above.		4

### History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range. These courses may double-count in the requirements above (except History Colloquium).

### Asian Studies Requirements

Code	Title	Hours
<b>Required Courses</b>		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
<b>Asia in Global Context</b>		
Complete one of the following:		4
ECON 3290	History of the Global Economy	

POLS 3487

Politics of Developing Nations

Complete a professional or academic experience abroad in consultation with your advisor.

**Language and Elective Requirements**

Code	Title	Hours
<b>Language Courses</b>		
Complete the following courses in either Chinese or Japanese:		16
<i>Chinese</i>		
CHNS 1101	Elementary Chinese 1	
CHNS 1102	Elementary Chinese 2	
CHNS 2101	Intermediate Chinese 1	
or CHNS 2301	Intermediate Chinese Immersion 1

## History, Culture, and Law, BA

History, culture, and the law is an interdisciplinary major that offers students an opportunity to understand how legal systems are shaped by cultural norms and historical developments, as well as how social change has been and can be created through legal processes. After studying principles of historical method and jurisprudence, students bring to bear the interdisciplinary frameworks they have begun to develop in one of seven culturally focused concentrations: Africana studies and culture; Asian studies and culture; culture and colonialism; digital humanities; film and international cultures; gender and sexuality; and Latino/a, Latin American, and Caribbean studies and culture. Students have opportunities to develop flexibility in perspectives, to exercise ability to work in interdisciplinary frameworks, and to foster appreciation of cultural diversity that will enable them to make a positive impact in their chosen spheres of action.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* No more than two courses taken for this major may be counted toward another major or minor.

### Law and History Core

LPSC 2301 or LPSC 1101	Introduction to Law, Policy, and Society Introduction to Law	4
<b>Foundational Core Elective</b>		
Complete two of the following not used to fulfill the previous requirement. Note that POLS prerequisites are waived for the 3000- and 4000-level POLS classes for students in this major.		8
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	
PHIL 2301	Philosophical Problems of Law and Justice	
POLS 3302	Judicial Process and Behavior	
POLS 3406	International Law	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	
<b>Research Methods</b>		
Complete one of the following:		4
HIST 2301	The History Seminar	
INSH 1500	Digital Methods for Social Sciences and Humanities	

### Culture Concentrations

Select one four-course concentration from the following:

1744 History, Culture, and Law, BA

- Africana Studies and Culture (p. 1745)
- Asian Studies and Culture (p. 1745)
- Culture and Colonialism (p. 1745)
- Digital Humanities (p. 1746)
- Film and International Cultures (p. 1746)
- Gender and Sexuality (p. 1746)
- Latino/a, Latin American, and Caribbean Studies and Culture (p. 1746)

**Major Electives**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete three of the following not already used to fulfill one of the requirements above. Courses not used above to fulfill a requirement may also be used to fulfill this elective requirement. However, only one course used to fulfill this requirement may be at the 1000 level.		12

Complete three courses (including courses cross-listed) not used to fulfill other requirements:

AFAM 3120	Race, Crime, and Justice
ANTH 2305	Global Markets and Local Culture
CLTR 3418	Nationalism
CRIM 2350	Policing a Democratic Society
CRIM 3110	Gender, Crime, and Justice
ENGL 2690	Boston in Literature
ENGL 3325	Rhetoric of Law
ENGL 3375	Writing Boston
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
or WMNS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity
HIST 1206	Drug Trade and Drug War: History, Security, Culture
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues
HIST 2000	Native American Resistance: Past and Present
HIST 2011	Capitalism and Business: A Global History
HIST 2217	The Global Far-Right since 1945: Politics, Culture, Violence
HIST 2280	Hitler, Germany, and the Holocaust
HIST 2282	The Holocaust and Comparative Genocide
HIST 2285	America and the Holocaust
HIST 2311	Colonialism/Imperialism
HIST 3334	Assassinations in World History
LPSC 3303	Topics in Law and Public Policy
PHIL 1102	Introduction to Contemporary Moral Issues
PHIL 1112	Debating Ethical Controversies
PHIL 2303	Social and Political Philosophy
PHIL 2325	Ancient Philosophy and Political Thought
PHIL 2330	Modern Philosophy
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life
SOCL 4522	Environmental Justice

**Capstone**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete one of the following:		4
AFAM 4700	Capstone	
ASNS 4900	Asian Studies Capstone Directed Study	
ENGL 4720	Capstone Project	
HIST 4701	Capstone Seminar	
PHIL 5001	Global Justice	

**Major GPA Requirement**

Minimum 3.000 GPA required in all major courses

## Major Credit Requirement

Complete 52 hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirements

128 total semester hours required

### CONCENTRATION IN AFRICANA STUDIES AND CULTURE

Code	Title	Hours
Complete one of the following:		4
AFAM 1101	Introduction to African American and Africana Studies	
AFRS 1101	Introduction to African Studies	
Complete one of the following as a writing-intensive course:		4
ANTH 4510	Anthropology of Africa	
SOCL 4520	Race, Class, and Gender	
Complete two of the following, at least one of which must be at the 3000 level or above:		8
AFAM 1104–AFAM 5001		
AFRS 1270–AFRS 4939		

### CONCENTRATION IN ASIAN STUDIES AND CULTURE

Code	Title	Hours
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
Complete one of the following as a writing-intensive course:		4
ANTH 4515	Culture and Politics in Modern India	
HIST 2308	Law, Justice, and Society in Modern China	
PHIL 2395	Japanese Buddhism	
Complete two of the following. If HIST 2308 or PHIL 2395 is the writing-intensive course, at least one of these electives must be at the 3000 level or above:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
CLTR 1260	Japanese Film	
CLTR 1500	Modern Chinese History and Culture	
or HIST 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 2011	Capitalism and Business: A Global History	
HIST 2351	Modern Japan	
PHIL 1130	Comparative Ethics	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	

### CONCENTRATION IN CULTURE AND COLONIALISM

Code	Title	Hours
POLS 2325	Ancient Philosophy and Political Thought	4
or PHIL 2325	Ancient Philosophy and Political Thought	
Complete three of the following, at least one of which must be at the 3000 level or above:		12
CLTR 1501	Introduction to French Culture	
CLTR 1504	Cultural History of Spain	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	

ENGL 2470	Asian-American Literature
ENGL 3404	African American Rhetorical Traditions
ENGL 3664	Black Poetry and the Spoken Word
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1272	Europe in the Middle Ages, 500–1500
HIST 1286	History of the Soviet Union
HIST 1389	History of Espionage 1: Antiquity to World War II
HIST 1390	History of Espionage 2: Cold War Spies
HIST 2011	Capitalism and Business: A Global History
HIST 2311	Colonialism/Imperialism
HIST 3335	History of Modern Terrorism
PHIL 3343	Existentialism
PHIL 3435	Moral Philosophy

**CONCENTRATION IN DIGITAL HUMANITIES**

Code	Title	Hours
ENGL 1450 or ENGL 3340	Reading and Writing in the Digital Age Technologies of Text	4
Complete three of the following not previously taken, at least one of which must be at the 3000 level or above:		12
COMM 1255	Communication in a Digital Age	
COMM 2105	Social Networks	
ENGL 3340	Technologies of Text	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
PHIL 2001	Ethics and Evolutionary Games	
SOCL 4518	Law and Society in a Digital World (Note that this course has prerequisites.)	
SOCL 4528	Computers and Society (Note that this course has prerequisites.)	

**CONCENTRATION IN FILM AND INTERNATIONAL CULTURES**

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
Complete three of the following:		
CLTR 1240	Latin American Film	
CLTR 1260	Japanese Film	
CLTR 2001	World Cultures through Film	
ENGL 3487	Film and Text (Abroad)	
HIST 2025	Latin American History through Film	
PHIL 1260	Apocalypticism in Film	
PHIL 1666	The Problem of Evil in Film	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
WMNS 3392	Gender and Film	

**CONCENTRATION IN GENDER AND SEXUALITY**

Code	Title	Hours
Complete four WMNS subject code courses (including cross-listed courses) not used to fulfill any other requirement for the major.		16

**CONCENTRATION IN LATINO/A, LATIN AMERICAN, AND CARIBBEAN STUDIES AND CULTURE**

Code	Title	Hours
LACS 1220	Latino, Latin American, and Caribbean Studies	4
Complete the following as the writing-intensive course:		
ANTH 4500	Latin American Society and Development	4
Complete two of the following:		8
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	

HIST 1206

Drug Trade and Drug War: History, Security, Culture

HIST 2025

Latin American History through Film

## Human Services, BA

The human services major prepares students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Upon completion of the degree, students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities. All students declare a specialization within the major that reflects their particular focus in the field.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Major Requirements

Code	Title	Hours
<b>Human Services Overview</b>

## Human Services and Communication Studies, BA

The intersection of human services and communications studies spans several domains. Nonprofit organizations depend on communications professionals to effectively represent their work to the community, partner organizations, and funders. Knowledge and skills developed in communications studies also service human services professionals working in the political realm as they seek to promote impactful social policies.

The human services and communication studies combined major is designed to prepare students for careers in social change by providing them with the theoretical and skill-based background necessary for practice and research. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours
<b>Human Services Overview</b>		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4

## Human Services and Criminal Justice, BS

### Overview

A combined major in human services and criminal justice appeals to students interested in the intersection of social and legal issues and institutions. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. Students with criminal justice course work gain a rigorous interdisciplinary and experiential education in the causes and consequences of crime and the responses of criminal justice. The addition of human services course work complements a criminal justice perspective and considers the role of social services and community-based organizations to prevent, intervene, and treat the causes and consequences of crime. The degree allows students to combine interests in the justice system, political advocacy, and community development. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

<b>Human Services Electives</b>		
Complete four additional HUSV courses.		16

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	

CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	

**Crime Problems**

The following courses offer students a deeper look at a range of crime problems.

Complete one of the following: 4

CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	

**Creating Knowledge about Crime and Justice**

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3700 Analyzing and Using Data on Crime and Justice 4

**Systemic Issues**

A consideration of systemic issues facing the criminal justice system.

Complete one of the following: 4

CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	

**Digital Skills**

Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.

Complete one of the following (and the appropriate lab): 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science practicum section)	

**Criminal Justice Electives**

Rounding out knowledge of crime and justice.

Complete two additional criminal justice electives. One must be from the 3000, 4000 or 5000-level. 8

**Additional Courses**

Code	Title	Hours
CRIM 1000 or HUSV 1000	Criminal Justice at Northeastern Human Services at Northeastern	1

**Research Methods**

CRIM 3600 or HUSV 2970	Criminal Justice Research Methods Research Methods for Human Services	4
---------------------------	--	---

**Cooperative Education**

Students going on co-op should take:

EESH 2000	Professional Development for Co-op	1
-----------	------------------------------------	---

Students returning from co-op should take:

CRIM 3000	Co-op Integration Seminar 2	1
CRIM 4000	Co-op Integration Seminar 3	1

**Additional Elective**

Complete one additional course in either CRIM or HUSV. 4

**Integrative Course**

Code	Title	Hours
CRIM 4949 or HUSV 4700	Senior Capstone Seminar Senior Seminar in Human Services	4

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

## Human Services and International Affairs, BA

The human services and international affairs combined major offers students an understanding of geopolitical realities paired with the practical skills and theory necessary to work in social services and nongovernmental organizations impacted by global issues. Students have an opportunity to prepare for practice in international NGOs through co-ops and Dialogue of Civilizations programs. This combined major is designed to prepare students for positions within the nonprofit sector with an international focus.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours
<b>Required Courses</b>		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 2970	Research Methods for Human Services	4
or INTL 2718	Research Methods in International Affairs	
or INSH 3101	Research Methods in the Social Sciences	
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
HUSV 4994	Human Services Internship	6
<b>Human Services Electives</b>		
Complete three HUSV courses.		12

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete at least one international semester via study abroad, international internship, international co-op, or two short-term programs.

### International Affairs Elective

Code	Title	Hours
Complete one of the following:		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy

### International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (p. 119) (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

### Human Services/International Affairs Integrative Courses

Complete Senior Seminar in Human Services (HUSV 4700) or Senior Capstone Seminar in International Affairs (INTL 4700) or both. Note, however, that students wishing to take HUSV 4700 but not INTL 4700 must meet with an INTL advisor to obtain approval for a substitute INTL course. Similarly, students wishing to take INTL 4700 but not HUSV 4700 must meet with an HUSV advisor to obtain approval for a substitute HUSV course. Substitute courses (HUSV or INTL) must be upper-division courses and must relate to the combined major.

Code	Title	Hours
<b>Human Services</b>		
HUSV 4700	Senior Seminar in Human Services	4
<b>International Affairs</b>		
INTL 4700	Senior Capstone Seminar in International Affairs	4

### Human Services and International Affairs Combined Major Credit Requirement

Complete 84 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

## Human Services and Psychology, BS

### Overview

Students pursuing a combined degree in human services and psychology integrate the theoretical frameworks and skills relevant to both of these areas of study. This degree curriculum focuses on clinical and policy interventions that promote wellness on the individual and community levels. Situated in a social justice framework, this curriculum emphasizes how structural forces impact psychological and social well-being, barriers to treatment, and inequities in mental health outcomes. Through courses, service-learning, co-op, and research experience, students synthesize theoretical knowledge with practical skills used when working with individuals across the life span and in multiple settings.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Overview and Co-op Courses

Code	Title	Hours
<b>Overview</b>		
HUSV 1000 or PSYC 1000	Human Services at Northeastern Psychology at Northeastern	1
<b>Professional Development for Co-op</b>

## Human Services and Sociology, BA

### Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours

## Human Services and Sociology, BS

### Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

## Jewish Studies and Religion, BA

The combined major in Jewish studies and religion offers students an integrated program of study of two naturally complementary fields. Study of Judaism as a religion is enhanced by broad familiarity with the world's religious traditions; conversely, in-depth knowledge of Jewish history, identity, and cultures provides students of religion with valuable insight into the ways in which religion interacts with a wide variety of forces to shape the experiences of the adherents of a particular faith. The combined major is designed to enable students to understand the history, cultures, and religion of the Jewish people; analyze and apply theoretical understanding to the interaction between religious, social, and historical factors that have shaped the experiences of the Jewish people; and demonstrate fluency in understanding the major religious traditions of the world. The combined major in Jewish studies and religion is designed to prepare students for graduate work in Jewish studies, religion, or many of the other disciplines that make up Jewish studies or for work within the Jewish community or in communal organizations associated with other religions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Jewish Studies Requirements

Code	Title	Hours

## Politics, Philosophy, and Economics, BS

Website (<https://cssh.northeastern.edu/ppe/>)

617.373.3636

617.373.4359 (fax)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. This major is an interdisciplinary degree that not only provides students with the analytic tools from three different disciplines but also is designed to teach students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

Students may choose from several concentrations in accordance with their own backgrounds and interests. These include:

- Environment and energy policy
- International political economy
- Law and justice
- Logic and game theory
- Political philosophy
- Public and economic policy
- Racial justice

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Politics, Philosophy, and Economics Major Requirements

POLS 4971	Junior/Senior Honors Project 2
POLS 4996	Experiential Education Directed Study

## Major GPA/Credit Requirement

Complete 68 semester hours in the major with a 3.000 GPA.

Code	Title	Hours
<b>Economics GPA Requirement</b>		
Grades in the following courses must average to a minimum of C (2.000):		
ECON 2315 or ECON 2316	Macroeconomic Theory Microeconomic Theory	
ECON 2350 or MATH 2280 or POLS 2400	Statistics for Economists Statistics and Software Quantitative Techniques	

## Course Distribution Requirement

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Concentrations****CONCENTRATION IN ENVIRONMENT AND ENERGY POLICY**

Code	Title	Hours
Complete two of the following:		8
ECON 1711	Economics of Sustainability	
ECON 3423	Environmental Economics	
or ECON 3425	Energy Economics	
PHIL 1180	Environmental Ethics	
or PHIL 1185	The Ethics of Food	
POLS 2395	Environmental Politics and Policy	
Complete one of the following:		4
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
PHIL 1180	Environmental Ethics	
PHIL 1185	The Ethics of Food	

**CONCENTRATION IN INTERNATIONAL POLITICAL ECONOMY**

Code	Title	Hours
Complete two of the following:		8
ECON 1291	Development Economics	
ECON 2316	Microeconomic Theory	
ECON 3290	History of the Global Economy	
ECON 3404	International Food Policy	
ECON 3635	International Economics	
ECON 5200	Topics in Applied Economics	
PHIL 1170	Business, Ethics, and Human Rights	
PHIL 1185	The Ethics of Food	
POLS 3406	International Law	
POLS 3487	Politics of Developing Nations	
Complete one of the following:		4
ECON 1292	Economic History of the Middle East

## Politics, Philosophy, and Economics and Business Administration, BS

### Overview

This combined major integrates the theory and practice of business administration with tools and knowledge to understand social phenomena in ethical, political, and economic contexts, guiding students to develop a set of skills that are indispensable in our increasingly interconnected world. This holistic view is essential to understanding the kinds of challenges that future leaders in management and industry will need to tackle. Students in the combined major are expected to hone these skills not only in their interdisciplinary major but also through participating in cooperative education.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Politics, Philosophy, and Economics Requirements

Code	Title	Hours
<b>PPE Major Requirement</b>		
PHIL 1160	Introduction to Economic Justice	4
<b>Foundational Courses</b>		
ECON 2316	Microeconomic Theory	4
PHIL 2303 or PHIL 3822	Social and Political Philosophy Philosophy of Race and Racism	4
PHIL 3435 or PHIL 2325	Moral Philosophy Ancient Philosophy and Political Thought	4
POLS 1150 or POLS 1155	American Government Comparative Politics	4
POLS 1160	International Relations	4
POLS 3405	International Political Economy	4
<b>Methods Coursework</b>		
PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
<b>PPE Elective Coursework</b>		
Complete one course from the following ranges:		
ECON 1200–1999 or 3000–4689 or 4900–4999 or 5200–5999 or POLS 2000–5999		4

### Business Requirements

Code	Title	Hours
ACCT 1201	Financial Accounting and Reporting	4

## Black Feminist Studies, Minor

This interdisciplinary minor offers students opportunities to critically engage with the histories and theories that sit at the intersections of race, gender, class, and sexuality. This minor will allow students to centralize the study of Black women from diverse disciplinary perspectives and provide students with opportunities to engage comparative and transnational Black feminist studies frameworks for analyzing gender, sexuality, and other concepts within the broader disciplines of Africana and women's, gender, and sexuality studies.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	4
AFAM 1101 or AFRS 1101	Introduction to African American and Africana Studies Introduction to African Studies	4

### Electives

Code	Title	Hours
Complete two of the following:		8
AFAM 1113	Black Popular Culture	
AFRS 3900	Gender and Black World Literatures	
ENGL 2455	American Women Writers	
SOCL 4520	Race, Class, and Gender	
WMNS 1225	Gender, Race, and Medicine	
WMNS 2505	Digital Feminisms	
WMNS 3100	Gender, Social Justice, and Transnational Activism	

## Computational Social Science, Minor

This minor introduces and develops the essential skills for employing mathematical, formal, and computational methods in the social sciences. Students completing this minor will have a grasp of the fundamentals necessary for pursuing more in-depth studies in the emerging fields of computational social science and big data. The foundational courses emphasize skills in probability, statistics, and introductory programming. Other courses focus on the application of formal and computational methods in the social sciences including digital analysis of texts, maps, and networks. An additional elective provides breadth in social scientific studies of computation or the foundational principles of logic and computation.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Foundational Courses

Code	Title	Hours
MATH 2280	Statistics and Software	4
or CRIM 3700	Analyzing and Using Data on Crime and Justice	
or ECON 2350	Statistics for Economists	
or SOCL 2320	Statistical Analysis in Sociology	
or POLS 2400	Quantitative Techniques	
or PSYC 2320	Statistics in Psychological Research	
INSH 1500	Digital Methods for Social Sciences and Humanities	4
or CS 2500	Fundamentals of Computer Science 1	
or DS 2000	Programming with Data	
and DS 2001	and Data Science Programming Practicum	

### Applications of Computational Approaches in the Social Sciences

Code	Title	Hours
Complete two courses from the following:		8
<i>(Students may complete a capstone project under the direction of a faculty member in lieu of an application course.)</i>		
COMM 2105	Social Networks	
DS 3000	Foundations of Data Science	
or DS 4200	Information Presentation and Visualization	
or DS 4300	Large-Scale Information Storage and Retrieval	
or DS 4400	Machine Learning and Data Mining 1	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
MISM 2301	Introduction to Information Systems and Digital Technologies	
or MISM 2510	Fundamentals of Information Analytics	
PHIL 2001	Ethics and Evolutionary Games	
POLS 3310	Public Opinion, Voting, and Elections	
PPUA 5262	Big Data for Cities	

### Elective in Social Inquiry, Computation, and Logic

Code	Title	Hours
Complete one course from the following:		4
CS 2800	Logic and Computation	
ECON 4681	Information Economics and Game Theory	
IS 2000	Principles of Information Science	
MATH 3081	Probability and Statistics	
PHIL 1115	Introduction to Logic	
or MATH 1215	Mathematical Thinking	
PHIL 4515	Advanced Logic	
SOCL 4528	Computers and Society	

### GPA Requirement

2.000 GPA required in the minor

## Digital Methods in the Humanities, Minor

The Minor in Digital Methods in the Humanities introduces fundamental computational and digital methods for research in the humanistic disciplines and for assessing the impact of digital methods on the production of knowledge. Foundational courses provide practice in programming, textual encoding, data mining, and information visualization. Additional coursework highlights the historical and social contexts and the ethical questions associated with digital methods of producing, consuming, and analyzing culture and cultural artifacts. Students completing this minor will be well equipped for advanced study in the digital humanities and for employment in fields across the humanities.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Complete two courses from each group and an additional course from either group.		20
<b>Digital and Computational Methods</b>		
COMM 2105	Social Networks	
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 3340	Technologies of Text	
INSH 1500 or CS 2500	Digital Methods for Social Sciences and Humanities Fundamentals of Computer Science 1	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
JRNL 3610	Digital Storytelling and Social Media	
PHIL 2001	Ethics and Evolutionary Games	
<b>Culture, Society, and Value in the Digital Age</b>		
CLTR 3418	Nationalism	
COMM 1255	Communication in a Digital Age	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 3340	Technologies of Text	
MSCR 3420	Digital Media Culture	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 4528	Computers and Society	
WMNS 2505	Digital Feminisms	

### GPA Requirement

2.000 GPA required in the minor

## Food Systems Sustainability, Health, and Equity, Minor

The minor in food systems sustainability, health, and equity is an interdisciplinary exploration of the contemporary food system, with particular attention to how the system evolved; its diverse societal, health, and environmental impacts; and ideas for making the food system more sustainable, healthy, and equitable for all.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Complete four courses from the list below. Two of the courses must be upper-level (numbered 3000 or higher). Only one course can be from the major.		
<i>Upper-Level Courses</i>		
ECON 3404	International Food Policy	
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
ENVR 3150	Food Security and Sustainability	
INNO 4506	Integrated Studies in Social Innovation and Entrepreneurship	
PPUA 4701	Food Systems Sustainability, Health, and Equity Practicum	
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	
PPUA 5270	Food Systems and Public Policy	
<i>Additional Courses</i>		
ENVR 1101	Environmental Science	
HSCI 1106	Contemporary Issues in Nutrition	
INNO 2206	Global Social Enterprise	
INSH 1102	Food in Contemporary Context	
PHIL 1185	The Ethics of Food	

### GPA Requirement

2.000 GPA required in the minor

## Global Asian Studies, Minor

The Minor in Global Asian Studies requires students to gain a broad interdisciplinary understanding of Asia and the global Asian diaspora. The minor requires one core course and four electives. The core course East Asian Studies (ASNS 1150) provides students with an understanding of the interlinkages in the historical, social, and political development of the region. Students can then choose four elective courses related to Asian languages and the histories, societies, politics, economies, and cultures of Asia and the global Asian diaspora.

### Minor Requirements

Complete the core course, then four additional electives. Electives not included on the list can be substituted upon consultation with advisor. Please note that no more than two out of the four electives may be language courses.

Code	Title	Hours
<b>Core Course</b>		
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
<b>Elective Courses</b>		
Complete four of the following (they may include up to two courses taken as part of an approved study-abroad program and up to two language courses):		16
<i>Nonlanguage Courses</i>		
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
ANTH 4520	Chinese Society and Culture	
ARCH 2310	History of Chinese Architecture	
ARCH 2320	Modern Chinese Architecture	
ASNS 2245	Introduction to Asian American Studies	
CLTR 1260	Japanese Film	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
ECON 3290	History of the Global Economy	
ENGL 2470	Asian-American Literature	
HIST 1246	World War II in the Pacific	
or ASNS 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1500	Modern Chinese History and Culture	
or CLTR 1500	Modern Chinese History and Culture	
HIST 2011	Capitalism and Business: A Global History	
HIST 2308	Law, Justice, and Society in Modern China	
HIST 2351	Modern Japan	
HIST 2360	History of Capitalism in East Asia	
HIST 3330	The Global Cold War	
INTB 2501	Competing to Win in Emerging Markets	
PHIL 1130	Comparative Ethics	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 2395	Japanese Buddhism	
POLS 3482	East Asian Politics	
or ASNS 3482	East Asian Politics	
POLS 3485	China: Governance and Foreign Policy	
or ASNS 3485	China: Governance and Foreign Policy	
POLS 3487	Politics of Developing Nations	

#### *Language Courses*

Language dialogues or language immersion courses in Asian languages may count toward the language requirement. Students who demonstrate advanced proficiency may also substitute advanced language courses, including special topics in Japanese and Chinese, toward the language course requirement.

CHNS 1101	Elementary Chinese 1	4

## Global Health, Minor

The area of global health has become a critical field of study across and within diverse disciplines, because of the cross-border and cross-national implications of health-related risks for national security, commerce, transportation, and healthcare delivery itself. In collaboration with the College of Social Sciences and Humanities, the minor in global health is designed to provide undergraduate students an opportunity to explore and discuss the implications with an interdisciplinary lens. The minor is comprised of five courses: one foundation and one core course, three electives, and a global health experience to be approved by the global health minor advisor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

#### Required Foundation Course

Code	Title	Hours
AFRS 1270 or PHTH 1270	Introduction to Global Health Introduction to Global Health	4

#### Core Course

Code	Title	Hours
Complete one of the following. If additional courses are taken, they may be used as electives.		3-4
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5230	Global Health	

#### Elective Courses

Code	Title	Hours
Complete three courses from the following areas. Only two courses from any one area may count toward the minor electives. No more than two required courses in the student's major may count toward the minor electives. At least one of the minor electives must be at the 3000-level or above.		9-12

##### Area 1: Community and Public Health

AFRS 4939	Community Health, Culture, and Development in Kenya (Dialogue of Civilizations only)	
CAEP 2050	Health Systems, Services, and Education in Ghana (Dialogue of Civilizations only)	
ENVR 1110	Global Climate Change	
PHTH 1261	Comparative Healthcare Systems (Dialogue of Civilizations only)	
PHTH 2301	Communication Skills for the Health Professions—Global (Dialogue of Civilizations only)	
PHTH 2350 or PHTH 2351 or NRSR 4604	Community and Public Health Community and Public Health - Global Public Health Community Nursing	
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	
PHTH 4540	Health Education and Program Planning	

##### Area 2: Biology of Health and Disease

BIOL 1141	Microbes and Society	
BIOL 1143	Biology and Society	
BIOL 2327	Human Parasitology	
EEMB 3466	Disease Ecology	

##### Area 3: Society and Cultural Health / Area Studies

AFRS 2900	Swahili, Culture, and Politics in Kenya (Dialogue of Civilizations only)	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
ECON 1230	Healthcare and Medical Economics	
HIST 2233	The History of Medicine in North America	
LACS 1220	Latino, Latin American, and Caribbean Studies	

PHIL 1165	Moral and Social Problems in Healthcare
WMNS 3100	Gender, Social Justice, and Transnational Activism
or POLS 3100	Gender, Social Justice, and Transnational Activism
or ANTH 3100	Gender, Social Justice, and Transnational Activism
<b>Area 4: Globalization and Development</b>	
CRIM 1400	Human Trafficking
ECON 1291	Development Economics
ECON 3404	International Food Policy
ECON 3413	Health Economics and Healthcare Policy
ECON 3416	Behavioral Economics
ECON 5292	Gender and Development Economics
HLTH 2100	Interprofessional Ethics for Individual and Population Health
INTL 1101	Globalization and International Affairs
POLS 1160	International Relations

### Global Health Experience

Complete a global health experience that has been approved by the global health minor advisor.

### Recommended

Competency in another language other than English is recommended.

### Completion of the Minor

All coursework must be completed at a minimum grade of B and courses may not be taken Pass/Fail.

Complete a minimum of 16 semester hours.

3.000 GPA required in the minor.

## Health, Humanities, and Society, Minor

The health, humanities, and society minor is designed for students who would like to learn how to think capaciously and creatively about health using the rigorous, precise, and flexible skills trained by the social sciences and the humanities. The social sciences teach students to think about the social, economic, and political factors that structure health conditions and outcomes in particular societies, while the humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training will equip students well not only for the diverse forms of health work that exist today, but for as yet unimaginable varieties of health-related work in the future.

This minor is structured around the particular competencies that the social sciences and humanities train. Those competencies are narrative and historical perspective, critical attention and observation, ethics and judgment, performance and creativity, and social and structural proficiency. Rather than adopting the more traditional approach of connecting particular skills to particular disciplines (say, narrative to literature and observation to art history), this minor builds from discipline-specific health knowledge while training students to think across disciplines. Thus, it will not be unusual for students to find a single course addressing multiple competencies or to take courses in different disciplines that address the same competency from distinct but complementary perspectives.

This minor is housed in the Humanities Center of the College of Social Sciences and Humanities in partnership with the Bouvé College of Health Sciences.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

No more than two courses, in addition to the introductory course, may be taken under the 2000 level.

Code	Title	Hours
<b>Introductory Course</b>		
INSH 1300	Introduction to Health and Humanities	4
<b>Humanities Requirement</b>		
Complete two of the following:		8
ENGL 2770	Writing to Heal	
ENGL 3140	19th-Century Literatures	
ENGL 3700	Narrative Medicine	
ENGL 4710	Capstone Seminar	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
WMNS 1225	Gender, Race, and Medicine	
<b>Social Sciences Requirement</b>		
Complete two of the following:		8
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
AFRS 4939	Community Health, Culture, and Development in Kenya	
ANTH 4580	Special Topics in Anthropology	
ECON 1230	Healthcare and Medical Economics	
HLTH 5280	The (in)Visibility of (dis)Ability in Society	
PHTH 1270	Introduction to Global Health	
PHTH 2300	Communication Skills for the Health Professions	
or PHTH 2301	Communication Skills for the Health Professions—Global	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5202	Introduction to Epidemiology	
PHTH 5234	Economic Perspectives on Health Policy	
SOCL 1295	Drugs and Society	
SOCL 2303	Gender and Reproductive Justice	
SOCL 3441	Sociology of Health and Illness	

**Total Hours**

**20**

**GPA Requirement**

2.000 GPA required in the minor

## Human Services, Minor

### Overview

The human services minor is designed to prepare students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning. The minor provides a nice complement to students who are interested in the role of social change through counseling, nonprofits interventions, or social policy as it relates to their major.

The minor in human services may help lead to careers in many diverse areas of social change or to graduate programs in social work, health, counseling, rehabilitation, and law. Human services professions are among the fastest-growing occupations in the nation. Society recognizes the necessity, value, and reward of dedicating time and energy to helping people and communities. Combining a human services minor with any major gives students the opportunity to learn about the individual, community, and political interventions for social change.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

#### Required Course

Code	Title	Hours
HUSV 1101	Social Change and Human Services	4

#### Human Services Electives

Code	Title	Hours
Complete four HUSV courses.		16
HUSV 2300	Counseling in Human Services	
HUSV 2320	Techniques in Individual and Group Counseling	
HUSV 2340	Mindfulness in Mental Health	
HUSV 2355	Race, Identity, Social Change, and Empowerment	
HUSV 2370	Restorative Justice: Transforming the System	
HUSV 2401	Food Justice and Community Development	
HUSV 2500	Science of Play	
HUSV 2800	Sexual Orientation and Gender Expression	
HUSV 2960	Intercultural Studies through Human Services	
HUSV 2970	Research Methods for Human Services	
HUSV 3520	Child Intervention and Treatment	
HUSV 3540	Addiction and Recovery	
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	
HUSV 3590	Nonprofit Communications	
HUSV 3900	Social Policy	
HUSV 4994	Human Services Internship	

### GPA Requirement

2.000 GPA required in the minor

## Jewish Studies, Minor

The Jewish studies minor provides a broad-based introduction to the history, religion, and cultures of the Jewish people while also offering a unique opportunity to bring students' major fields of study to bear on Jewish studies topics. In JWSS 4660 Jewish Studies Module, minors integrate their work in Jewish studies into their major field.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
JWSS 4660	Jewish Studies Module	1
Complete one of the following:		4
JWSS 1285 or PHIL 1285	Jewish Religion and Culture Jewish Religion and Culture	
JWSS 1294 or HIST 1294	History of the Jews in the Modern World History of the Jews in the Modern World	

### Elective Courses

Code	Title	Hours
Complete an additional four courses from the following lists. A maximum of two courses may be taken from the Affiliated Courses list below.		16

#### Jewish Studies Courses

ENGL 2610	Contemporary Israeli Literature and Art Abroad	
HBRW 1101	Elementary Hebrew 1	
HBRW 1102	Elementary Hebrew 2	
HBRW 2101	Intermediate Hebrew 1	
INTL 2100	Modern Israel	
JWSS 1285 or PHIL 1285	Jewish Religion and Culture Jewish Religion and Culture	
JWSS 1294 or HIST 1294	History of the Jews in the Modern World History of the Jews in the Modern World	
JWSS 2282 or POLS 2282 or HIST 2282	The Holocaust and Comparative Genocide The Holocaust and Comparative Genocide The Holocaust and Comparative Genocide	
JWSS 1990	Elective	
JWSS 2259 or PHIL 2259 or WMNS 2259	Sex, Gender, and Judaism Sex, Gender, and Judaism Sex, Gender, and Judaism	
JWSS 2285 or JRNL 2285 or HIST 2285	America and the Holocaust America and the Holocaust America and the Holocaust	
JWSS 2430	Digital Histories of Ethnic Boston	
JWSS 2431 or HIST 2431	Immigration and Identity in the American Jewish Experience Immigration and Identity in the American Jewish Experience

JWSS 3685 or ENGL 3685	Modern and Contemporary Jewish Literature Modern and Contemporary Jewish Literature	
JWSS 3990	Elective	
JWSS 4992	Directed Study	

#### Affiliated Courses <sup>1</sup>

1800 Jewish Studies, Minor

HIST 1272	Europe in the Middle Ages, 500–1500
HIST 2370	Renaissance to Enlightenment
PHIL 1110	Introduction to Religious Studies
PHIL 1271	Sex in Judaism, Christianity, and Islam
POLS 2370	Religion and Politics

<sup>1</sup> Additional affiliated courses may be approved by the program director by semester.

**GPA Requirement**

2.000 GPA required in the minor

## Latino/a, Latin American and Caribbean Studies, Minor

### Overview

Latino/a, Latin American, and Caribbean Studies (LLACS) offers an interdisciplinary minor. It explores the historical, cultural, social, political, and economic foundations of and linkages between U.S. Latino society, Latin America, and the Caribbean. It draws from the heritages of the Americas that are grounded in predominantly indigenous, African, and European cultures.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Proficiency in Spanish or Portuguese to course number 3101 or above is strongly encouraged.

### Required Courses

Code	Title	Hours
LACS 1220	Latino, Latin American, and Caribbean Studies	4

### Culture and Literature Electives

Code	Title	Hours
Complete three of the following:		12
CLTR 1240	Latin American Film	
CLTR 1504	Cultural History of Spain	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 4655	Latin American Literature	

### History and Social Sciences Electives

*Note:* With the approval of the director of Latino/a, Latin American, and Caribbean Studies, up to four study-abroad or Dialogue of Civilization courses may be used toward the minor.

Code	Title	Hours
Complete two of the following:		8
ANTH 4500	Latin American Society and Development	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
SOCL 3270	Race, Ethnicity, and Inequality	

### GPA Requirement

2.000 GPA required in the minor

## Law and Public Policy, Minor

### Overview

The law and public policy (LPP) minor offers students an opportunity to obtain a deep understanding of the U.S. legal system and apply that knowledge to current law and policy debates. In the LPP minor core courses, students have the opportunity to watch a criminal and/or civil trial, debate their classmates, and listen to speakers from both the public and private sector (state and federal judges, public defenders, and government lawyers). While the minor is well suited for students interested in pursuing a career in law and/or policy, it is invaluable for students in any field of practice, as law affects all professions and society at large.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
A grade of B or higher is required in the following two courses:		
LPSC 1101	Introduction to Law	4
LPSC 2301	Introduction to Law, Policy, and Society	4

### Law and Public Policy Course

Code	Title	Hours
Complete one of the following:		
LPSC 3303	Topics in Law and Public Policy	4
LPSC 3307	Understanding the Modern Supreme Court	

### Elective Courses

Code	Title	Hours
Complete two of the following courses not used to satisfy the requirements above:		
AFAM 1225	Gender, Race, and Medicine	8
ANTH 4580	Special Topics in Anthropology	
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 1412	Social Movement Communication	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	
COMM 3501	Free Speech: Law and Practice

## Urban Studies, Minor

### Overview

The urban studies minor offers students interested in cities an opportunity to take advantage of the resources of an urban university situated in a major metropolitan area. The minor seeks to equip students with an understanding of the dynamics of urban growth and development and includes the study of urban social and political institutions. Many courses cover climate change, sustainability, housing, and the urban economy. The minor complements many social science majors as well as architecture, business, and engineering. The minor is designed to provide a solid background for graduate study and professional careers in urban planning and policy, social work, and related fields.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
SOCL 2358	Current Issues in Cities and Suburbs	

### Elective Courses

Code	Title	Hours
Complete two of the following:		8
ANTH 2305	Global Markets and Local Culture	
ARCH 2330	Architecture and the City in the Nineteenth Century	
ARCH 2340	Modern Architecture	
ARCH 4850	Urban and Architectural History Abroad	
ECON 1240	Economics of Crime	
ECON 3420	Urban Economic Issues	
POLS 2345	Urban Policies and Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 3307	Public Policy and Administration	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
SOCL 2358	Current Issues in Cities and Suburbs	
SOCL 4522	Environmental Justice	

### GPA Requirement

2.000 GPA required in the minor

## Women's, Gender, and Sexuality Studies, Minor

### Overview

Northeastern offers an interdisciplinary minor for undergraduate students who wish to explore gender and sexuality in relation to other axes of power and identity, including race, class, ethnicity, and dis/ability. Women's, gender, and sexuality studies covers a wide variety of theoretical and empirical scholarship both within traditional disciplines and in cutting-edge, interdisciplinary frames. WGSS students have an opportunity to:

- Learn about approaches to gender and sexuality in the social sciences and humanities and through frameworks that bridge traditional fields
- Explore gender and sexuality in the global community by dipping into disciplines ranging throughout the social sciences, arts, humanities, and physical sciences
- Study politics and pop culture, sociology and psychology, writing and religion, and much more
- Open up new ways of thinking, bringing gender and sexuality studies to bear on important social and intellectual questions

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Please note that special topics courses in some areas may also count as electives toward a minor in women's, gender, and sexuality studies in certain semesters, pending approval of the syllabus by the WGSS program director. In the case of cross-listed courses, students may enroll under any of the departmental designations, regardless of major or minor affiliation.

### Required Course

Code	Title	Hours

sccj@northeastern.edu

The School of Criminology and Criminal Justice prepares students for meaningful careers in criminology, justice policy, the law, criminal justice, and related fields, including professional research careers. We do this by applying multidisciplinary social science tools that predict and explain crime, as well as deepening the understanding of policies that improve our systems of justice. We encourage each student to plan a program of study consistent with their interests and future aims. Our approach is experiential and our methods for teaching are rooted in knowledge creation as a top-tier research program. Our goal is to create ethical problem solvers who are prepared to tackle important crime and justice issues facing society. Our educational goals for students include a commitment to identify and address the role of systemic racism and intersecting dimensions of oppression in the development and application of justice system policies and practices, crime and justice theory, and research.

Our student interests traverse a diverse range of fields and careers. Our program is flexibly designed to allow students to take different paths to pursue different goals and interests:

- **Understand, investigate, and stop crime.** Develop cutting-edge skills in fields such as psychology of crime, cybercrime and cybersecurity, white-collar crime investigation, corporate security, and national security.
- **Build a foundation for law school.** Pursue a career in criminal law as a prosecutor, defense attorney, a judge, or explore another area of the law or politics.
- **Reform justice policies and practices.** Effect change and address systemic problems in our laws and justice systems. Explore the broader goal of helping to fix or reform the criminal justice system by working with politicians, policymakers and researchers, advocacy groups, and other political organizations.
- **Help victims of crime or those harmed by the justice system.** Become involved with victim advocacy groups and victim assistance programs. Help those harmed by their contact with the criminal justice system by working with vulnerable populations. Help those who are incarcerated and those transitioning from prison.
- **Improve national security, the administration of justice, and protect human rights on a global scale.** Prepare for careers in Interpol, the United Nations, the Department of Justice, and similar organizations.

Our curriculum is structured into four levels of learning, across multiple pathways. The first, or foundations level, is where students acquire a base understanding of three substantive pillars of our field: crime, the law, and the justice system. This level also introduces students to topical issues related to crime and justice and guidance to develop digital skills.

In our second level, institutions and systems, students develop a solid understanding of the systems and institutions tasked with providing justice. We do so by promoting experience and interaction with local criminal justice institutions.

Our third level, crime problems and justice system challenges, engages students with specific crime problems such as violence, drug addiction, organized crime, or terrorism. This level cultivates knowledge that deals with problems in the criminal justice system, focusing on disparities and biases, including those related to gender and race.

Finally, in solutions and reform, our fourth level, students apply all the skills and knowledge obtained through the three previous levels. Students will analyze how to navigate and solve problems encountered through capstone projects, research, theses, study cases, and other work. Our curriculum enables students to explore and analyze crime and justice issues through courses on computational methods, statistical data, analytical techniques, and experiential practice. The skills students learn will continue to serve them throughout their professional life.

Our faculty are renowned scholars in their fields and are dedicated to exploring and analyzing pressing issues facing our society. They are actively engaged in research, and undergraduates have opportunities to work closely with faculty to collaborate on projects related to crime and justice issues: crime prevention, human trafficking, police accountability, hate crimes, mass incarceration, and much more.

The School of Criminology and Criminal Justice was established in 1967 as one of the first schools devoted to matters of crime and justice. It remains one of the top-ranked research programs in criminology, something that is unique to universities with highly ranked undergraduate programs. We invite you to further explore our course offerings and combined-major degrees with psychology, cybersecurity, political science, and others.

### Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 88)."

## **Programs**

### **Bachelor of Science (BS)**

- Criminology and Criminal Justice (p. 1826)
- Computer Science and Criminal Justice (p. 774)
- Criminal Justice and Journalism (p. 444)
- Criminal Justice and Philosophy (p. 1838)
- Criminal Justice and Political Science (p. 1842)
- Criminal Justice and Psychology (p. 1633)
- Criminal Justice and Sociology (p. 1851)
- Cybersecurity and Criminal Justice (p. 861)
- Data Science and Criminal Justice (p. 890)
- Human Services and Criminal Justice (p. 1755)

### **Bachelor of Arts (BA)**

- English and Criminal Justice (p. 1811)
- History and Criminal Justice (p. 1816)
- International Affairs and Criminal Justice (p. 1819)

### **Minor**

- Criminal Justice (p. 1866)

### **Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## English and Criminal Justice, BA

The Department of English and School of Criminology and Criminal Justice offer a combined major in English and criminal justice. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. English courses prepare students to analyze and interpret various representations of crime, criminality, the law, justice, and ethics in both literary and nonliterary texts as they study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing	
ENGL 1700	Global Literatures 1	4
or ENGL 1701	Global Literatures 2	

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	

### Literary Periods

#### *Pre-19th Century Literature*

Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	

**19th/20th/21st Century Literature**

Complete one of the following courses:

4

**19th Century**

ENGL 2330	The American Renaissance
ENGL 3140	19th-Century Literatures
ENGL 3190	Topics in 19th-Century American Literature
ENGL 3619	Emerson and Thoreau
ENGL 3720	19th-Century Major Figure

**20th/21st Century**

ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 3161	20th- and 21st-Century Literatures
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

**Theories and Methods**

Complete one of the following:

4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Research on Writing
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3400	Opening the Archive
ENGL 3700	Narrative Medicine
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

**Comparative Course**

Complete one of the following courses:

4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1500	British Literature to 1800
ENGL 1502	American Literature to 1865
ENGL 2150	Literature and Digital Diversity
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2455	American Women Writers
ENGL 2470	Asian-American Literature
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature?
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)

**Writing**

Complete one of the following:

4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2730	Digital Writing

ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

**English Electives**

Complete any two ENGL courses that have not already been used to fulfill another requirement. 8

**Criminal Justice Requirements**

Code	Title	Hours
------	-------	-------

**Introduction to Crime, Law, and the Justice System**

What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.

CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

**Current Crime and Justice Issues**

These courses introduce students to topical issues related to crime and justice.

Complete one of the following: 4

CRIM 1300	The Death Penalty
CRIM 1400	Human Trafficking
CRIM 1500	Corruption, Integrity, and Accountability
CRIM 1700	Crime, Media, and Politics

**Crime Problems and Criminal Justice Institutions**

The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.

Complete one of the following: 4

CRIM 2310	Courts: The Third Branch of Government
CRIM 2320	Youth Crime and Justice
CRIM 2330	Punishment in the Age of Mass Incarceration
CRIM 2340	Corporate Security: Securing the Private Sector
CRIM 2350	Policing a Democratic Society
CRIM 2370	Restorative Justice: Transforming the System
CRIM 3010	Criminal Violence
CRIM 3030	Global Criminology
CRIM 3040	Psychology of Crime
CRIM 3060	Political Crime and Terrorism
CRIM 3070	Corporate and White-Collar Crime
CRIM 3540	Addiction and Recovery

**Creating Knowledge about Crime and Justice**

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

**Systemic Issues**

A consideration of systemic issues facing the criminal justice system.

Complete one of the following: 4

CRIM 3110 Gender, Crime, and Justice

CRIM 3120 Race, Crime, and Justice

**Criminal Justice Electives**

Rounding out knowledge of crime and justice.

Complete two additional criminal justice electives from the 3000, 4000, or 5000 level. 8

**Other Requirements**

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		1

## History and Criminal Justice, BA

This combined major educates students in history and criminal justice, emphasizing the complementarity between these two disciplines. Students successfully completing this program will be able to critically evaluate and draw connections between past and present practices in law, punishment, incarceration, justice, and the social institutions and cultural contexts in which these systems operate.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level Elective</b>		
Complete one other course from HIST 1001 to HIST 1999 (excluding HIST 1100, HIST 1200, and HIST 1201).		4
<b>Intermediate/Advanced Level Elective</b>		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
<b>Advanced Level Elective</b>		
Complete one HIST course numbered 3000 or above.		4
<b>History Elective</b>		
Complete two courses in any field at any level.		8
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2311	Colonialism/Imperialism	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History

## International Affairs and Criminal Justice, BA

This combined major fosters an awareness of crime and justice issues within their international, transnational, and global contexts since the early 20th century. The scope and sequence of international affairs courses provide students with a foundation in topics such as interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship). Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Upon graduation, students are equipped with the skills and knowledge needed to work across national cultures in fields that relate to understanding and addressing criminal behavior.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Code	Title	Hours
<b>Required Courses</b>		
ANTH 1101	Peoples and Cultures	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

### International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). Note: Completing this requirement satisfies the language requirement for the BA degree.

### International Affairs Elective

Code	Title	Hours
Complete one of the following:		
INTL 2480	Women and World Politics	4
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy

## Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Crime Problems and Criminal Justice Institutions</b>		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Creating Knowledge about Crime and Justice</b>		

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3700	Analyzing and Using Data on Crime and Justice	4
-----------	---	---

#### Systemic Issues

A consideration of systemic issues facing the criminal justice system.

Complete one of the following:		4
--------------------------------	--	---

CRIM 3110	Gender, Crime, and Justice	
-----------	----------------------------	--

CRIM 3120	Race, Crime, and Justice	
-----------	--------------------------	--

#### Criminal Justice Electives

Rounding out knowledge of crime and justice.

Complete two additional criminal justice electives from the 3000, 4000 or 5000-level.		8
---	--	---

### Introduction and Methods Options

Code	Title	Hours
------	-------	-------

#### Introduction

Complete one of the following:		1
--------------------------------	--	---

CRIM 1000	Criminal Justice at Northeastern	
-----------	----------------------------------	--

INTL 1000	International Affairs at Northeastern	
-----------	---------------------------------------	--

#### Research Methods

Complete one of the following:		4
--------------------------------	--	---

CRIM 3600	Criminal Justice Research Methods	
-----------	-----------------------------------	--

INTL 2718	Research Methods in International Affairs	
-----------	---	--

### Supporting Courses

Code	Title	Hours
------	-------	-------

#### Computer or Data Science

Complete one of the following:		4
--------------------------------	--	---

CS 1100	Computer Science and Its Applications	
---------	---------------------------------------	--

DS 2000	Programming with Data	
---------	-----------------------	--

#### Co-op Integration Requirements

Complete before the first co-op:		1
----------------------------------	--	---

EESH 2000	Professional Development for Co-op	
-----------	------------------------------------	--

Complete after the first co-op:		1
---------------------------------	--	---

CRIM 3000	Co-op Integration Seminar 2	
-----------	-----------------------------	--

Complete after the second co-op:		1
----------------------------------	--	---

CRIM 4000	Co-op Integration Seminar 3	
-----------	-----------------------------	--

### Integrative Requirement

Code	Title	Hours
------	-------	-------

#### Integrative Course and Capstone

CRIM 3030	Global Criminology	4
-----------	--------------------	---

INTL 4700	Senior Capstone Seminar in International Affairs	4
-----------	--	---

or CRIM 4949	Senior Capstone Seminar	
--------------	-------------------------	--

### Combined Major Credit Requirement

Complete 84 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

## Criminology and Criminal Justice, BS

The Bachelor of Science in Criminology and Criminal Justice degree is designed to prepare students for professional and research careers in criminal justice, criminology, and related fields by applying multidisciplinary and comparative social science to understand, predict, and explain crime and contribute to the development of public policy. Using an experiential learning approach, the criminology and criminal justice major seeks to develop its students intellectually and ethically, while providing them with a keen appreciation for the complexities of crime and public and private efforts to make communities safer and ensure justice.

### Program Requirements

#### Fundamentals

Code	Title	Hours
<b>Introduction to College</b>		
CRIM 1000	Criminal Justice at Northeastern	1

#### Introduction to Crime, Law, and the Justice System

What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.

CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

#### Current Crime and Justice Issues

These courses introduce students to topical issues related to crime and justice.

Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	

#### Digital Skills

Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.

Complete one of the following (and the appropriate lab):		4 or 5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science Practicum section)	

#### Criminal Justice Institutions and Systems

Code	Title	Hours
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		

How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.

Complete two of the following:		8
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	

#### Preparing for Co-op

The following course is designed to prepare students to apply for and embark on their first co-op. Students who do not take a co-op may replace EESH 2000, CRIM 3000, and CRIM 4000 with an additional CRIM elective.

EESH 2000	Professional Development for Co-op	1
-----------	------------------------------------	---

## Crime Problems and Justice System Challenges

Code	Title	Hours
------	-------	-------

### Creating Knowledge About Crime and Justice

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
-----------	-----------------------------------	---

CRIM 3700	Analyzing and Using Data on Crime and Justice	4
-----------	---	---

### Crime Problems

The following courses offer students a deeper look at a range of crime problems.

Complete one of the following: 4

CRIM 3010	Criminal Violence
-----------	-------------------

CRIM 3020	Victims of Crime
-----------	------------------

CRIM 3030	Global Criminology
-----------	--------------------

CRIM 3040	Psychology of Crime
-----------	---------------------

CRIM 3060	Political Crime and Terrorism
-----------	-------------------------------

CRIM 3070	Corporate and White-Collar Crime
-----------	----------------------------------

### Systemic Issues

A consideration of systemic issues facing the criminal justice system.

Complete one of the following: 4

AFAM 2355	Race, Identity, Social Change, and Empowerment
-----------	--

CRIM 3110	Gender, Crime, and Justice
-----------	----------------------------

CRIM 3120	Race, Crime, and Justice
-----------	--------------------------

### Returning from Co-op

Allows students the opportunity to reflect on their co-op experience and its connection to their ongoing coursework and future plans:

CRIM 3000	Co-op Integration Seminar 2 (required after first co-op)	1
-----------	--	---

## Solutions and Reform

Code	Title	Hours
------	-------	-------

### Solutions and Reform

How do we reinvent criminal justice institutions and their practice? The capstone experience is project based and solution oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.

CRIM 4949	Senior Capstone Seminar	4
-----------	-------------------------	---

### Student-Generated Knowledge

Opportunities for student research (optional):

CRIM 4991	Research
-----------	----------

CRIM 4970	Junior/Senior Honors Project 1 (may serve as a substitute for the "Solutions and Reform" requirement)
-----------	---

CRIM 4971	Junior/Senior Honors Project 2
-----------	--------------------------------

### Returning from Co-op

Allows students the opportunity to reflect on their co-op experience and its connection to their ongoing coursework and future plans:

CRIM 4000	Co-op Integration Seminar 3	1
-----------	-----------------------------	---

### Criminal Justice Electives

Rounding out knowledge of crime and justice.

Complete four additional CRIM electives. Three must be from the 3000, 4000, or 5000-level. 16

## Criminal Justice Sequence Requirements

Complete three courses from the same department, two of which must be numbered 2000 or above, or complete a minor.

## Criminal Justice Credit Requirement

Complete 63 credit hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## Computer Science and Criminal Justice, BS

For students interested in criminal justice in an increasingly digital world, the computer science and criminal justice combined degree offers a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Successful students will learn the principles, practices, and responsibilities of criminal justice professionals alongside the computer science skills necessary for practical applications in the field.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or CRIM 1000	First Year Seminar Criminal Justice at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
<b>Khoury Elective Courses</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 16 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		16
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Criminal Justice Courses

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

**Current Crime and Justice Issues**

These courses introduce students to topical issues related to crime and justice.

Complete one of the following:

4

CRIM 1300	The Death Penalty
CRIM 1400	Human Trafficking
CRIM 1500	Corruption, Integrity, and Accountability
CRIM 1700	Crime, Media, and Politics

**Crime Problems and Criminal Justice Institutions**

The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.

Complete one of the following:

4

CRIM 2310	Courts: The Third Branch of Government
CRIM 2320	Youth Crime and Justice
CRIM 2330	Punishment in the Age of Mass Incarceration
CRIM 2340	Corporate Security: Securing the Private Sector
CRIM 2350	Policing a Democratic Society
CRIM 2370	Restorative Justice: Transforming the System
CRIM 3010	Criminal Violence
CRIM 3030	Global Criminology
CRIM 3040	Psychology of Crime
CRIM 3070	Corporate and White-Collar Crime

**Systemic Issues**

These courses consider systemic issues facing the criminal justice system.

Complete one of the following:

4

CRIM 3110	Gender, Crime, and Justice
CRIM 3120	Race, Crime, and Justice

**Creating Knowledge about Crime and Justice**

How do we know what we know about crime and justice—and how do we develop new knowledge? These courses cover how to harness data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

**Criminal Justice Capstone**

CRIM 4949	Senior Capstone Seminar	4
-----------	-------------------------	---

**Criminal Justice Elective**

These courses round out our knowledge of crime and justice.

Complete one additional criminal justice elective from the 3000, 4000, or 5000 level.

4

**Integrative Course Requirement**

Code	Title	Hours
Complete one of the following:		
CRIM 3060	Political Crime and Terrorism	4
CRIM 4040	Crime Prevention	

**Supporting Course**

Code	Title	Hours
Complete one of the following:		
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies

## Criminal Justice and Journalism, BS

The School of Criminology and Criminal Justice and School of Journalism offer a combined major in criminal justice and journalism. Criminology and criminal justice courses provide a foundation for understanding crime and our criminal justice system. Journalism courses provide students with the skills and experience needed to succeed as a journalist. Together, the combined major is designed to prepare students to report important stories about crime and justice.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
<b>Crime Problems and Criminal Justice Institutions</b>		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Systemic Issues</b>		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
<b>Creating Knowledge about Crime and Justice</b>		

How do we know what we know about crime and justice—and how do we develop new knowledge? These courses study harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

#### Solutions and Reform

How do we reinvent criminal justice institutions and their practice? The capstone experience is project-based and solution-oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.

CRIM 4949	Senior Capstone Seminar	4
-----------	-------------------------	---

#### Criminal Justice Elective

These courses round out our knowledge of crime and justice.

Complete one additional criminal justice elective from the 3000, 4000, or 5000 level.		4
---	--	---

### Journalism Requirements

Code	Title	Hours
<b>Introductory Journalism Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundation Courses</b>		
A grade of C or better is required.		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Ethics</b>		
JRNL 4650	Ethics and Issues in Journalism	4

### Journalism Electives

Code	Title	Hours
Complete three additional journalism courses.		12

### Supporting Courses

Code	Title	Hours
<b>Introduction</b>		
CRIM 1000 or JRNL 1000	Criminal Justice at Northeastern Journalism at Northeastern	1
<b>Computer or Data Science</b>		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
JRNL 3700	Data Storytelling	
<b>Co-op Integration Requirements</b>		
Complete before the first co-op:		
EESH 2000 or EEAM 2000	Professional Development for Co-op Professional Development for Co-op	
Complete after a criminal justice co-op:		
CRIM 3000	Co-op Integration Seminar 2	

### Integrative Requirements

## Criminal Justice and Philosophy, BS

The School of Criminology and Criminal Justice and the Department of Philosophy and Religion offer a combined major in criminal justice and philosophy. This combined major educates students in criminal justice and philosophy and in the interface between the two disciplines. The scope and sequence of philosophy courses provide students with a foundation in topics such as social and political philosophy, philosophy of law, and moral philosophy, while also offering students an opportunity to develop robust analytical and evaluative skills. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should have depth of knowledge with respect to analyzing and addressing criminal behavior, as well as with respect to the philosophical and ethical aspects of topics such as law, punishment, justice, and social institutions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

## Criminal Justice and Political Science, BS

This combined major educates students in criminal justice and political science and in the interface between the two disciplines. The scope and sequence of political science courses provide students with a foundation in topics such as American government, comparative politics, international relations, and security and resilience. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields as they relate to understanding and addressing criminal behavior.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4

## Criminal Justice and Psychology, BS

This combined major educates students in criminal justice and psychology and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including the biological and psychosocial bases of behavior, learning, personality, and cognition. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields, as they relate to understanding and addressing criminal behavior.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
<b>Crime Problems</b>		
The following courses offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3030	Global Criminology	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Systemic Issues</b>		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	

**Digital Skills**

Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.

Complete one of the following (and the appropriate lab): 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science Practicum section)

**Criminal Justice Electives**

Rounding out knowledge of crime and justice.

Complete two additional criminal justice electives from the 3000, 4000 or 5000-level. 8

**Psychology Requirements**

Code	Title	Hours
<b>Introductory Course</b>		
PSYC 1101	Foundations of Psychology	4
<b>Mathematics</b>		
Choose one of the following: 4		
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
<b>Statistics</b>		
Complete the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 4-5 SH PSYC 2315 course (requires department permission).		
PSYC 2320	Statistics in Psychological Research	
<b>Personality/Social Bases of Behavior</b>		
Complete two of the following: 8		
PSYC 3400	Personality	
PSYC 3402	Social Psychology	
PSYC 3404	Developmental Psychology	
PSYC 3406	Clinical Psychology and Mental Health	
<b>Biological/Cognitive Bases of Behavior</b>		
Complete two of the following: 8		
PSYC 3450 or PSYC 3451	Learning and Motivation Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
<b>Research Experience</b>		
Complete one of the following: 4		
PSYC 4600	Laboratory in Research Design	
PSYC 4606	Laboratory in Biological Psychology	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition

## Criminal Justice and Sociology, BS

This combined major educates students in criminal justice and sociology and in the interface between the two disciplines. The scope and sequence of sociology courses provide students with a foundation in social theory and social systems. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students successfully completing this program should be able to understand the ways that crime and the justice system are situated in larger social systems and structures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government

## Cybersecurity and Criminal Justice, BS

The cybersecurity and criminal justice combined degree applies a multidisciplinary approach to ensuring the reliability and security of cyberspace. The program will provide students with a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Students learn how social behavior, policy, and legal rules can affect cybersecurity and utilize comparative social science to understand, predict, and explain crime.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cybersecurity Major Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:

These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		
CRIM 1300	The Death Penalty	4
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	

CRIM 1700	Crime, Media, and Politics	
-----------	----------------------------	--

**Crime Problems and Criminal Justice Institutions**

The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.

Complete one of the following: 4

CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3070	Corporate and White-Collar Crime	
CRIM 3540	Addiction and Recovery	

**Creating Knowledge about Crime and Justice**

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

**Systemic Issues**

A consideration of systemic issues facing the criminal justice system.

Complete one of the following: 4

CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	

**Criminal Justice Elective**

Rounding out knowledge of crime and justice.

Complete one additional criminal justice elective from the 3000, 4000 or 5000-level. 4

**Criminal Justice Capstone**

Complete one of the following: 4

CRIM 4949	Senior Capstone Seminar	
CY 4930	Cybersecurity Capstone	

**Criminal Justice Co-op Integration**

Code	Title	Hours
------	-------	-------

Co-op students should complete at least one of the following courses. CRIM 3000 is required for the first co-op. CRIM 4000 is required if a second co-op is taken:

CRIM 3000	Co-op Integration Seminar 2	1
CRIM 4000	Co-op Integration Seminar 3	1

**Integrative Requirement**

Code	Title	Hours
------	-------	-------

**Cybersecurity Integrative Course**

CY 4170 or CY 5240	The Law, Ethics, and Policy of Data and Digital Technologies Cyberlaw: Privacy, Ethics, and Digital Rights	4
-----------------------	---	---

**Criminal Justice Integrative Course**

Complete one of the following: 4

CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 3060	Political Crime and Terrorism	
CRIM 4040	Crime Prevention	
CRIM 5900	Topics in Criminal Justice and Criminology	

## Required General Electives

Code	Title	Hours
Complete 24 semester hours of general electives.		24

## Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses.

## NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

## Program Requirement

134 total semester hours required.

## Data Science and Criminal Justice, BS

### Overview

This combined major offers students the opportunity to gain cutting-edge data science skills and expertise in important and urgent social issues: crime, the law, and the criminal justice system. Data science classes allow students to develop skills in the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Criminology and criminal justice courses provide a foundation for understanding crime, the law, and our criminal justice system. Together, the combined major is designed to prepare students to apply data science skills to crime and justice topics.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Data Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or CRIM 1000	First Year Seminar Criminal Justice at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Programming Sequence Pathways</b>		
Complete one of the following options:		12
<i>Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
<i>Data Science Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
<b>Computer Science Required Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
<b>Data Science Foundations</b>		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
<b>Khoury Elective Courses</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 4 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

**Criminal Justice Courses**

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Crime Problems and Criminal Justice Institutions</b>		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3070	Corporate and White-Collar Crime	
<b>Systemic Issues</b>		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
<b>Creating Knowledge About Crime and Justice</b>		
How do we know what we know about crime and justice—and how do we develop new knowledge? This course covers how to harness data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
<b>Criminal Justice Capstone</b>		
CRIM 4949	Senior Capstone Seminar	4
<b>Criminal Justice Elective</b>		
These courses round out our knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000, or 5000 level.		8

## Integrative Course Requirement

Code	Title	Hours
Complete one of the following:		
CRIM 4040	Crime Prevention	4
CRIM 4800	Crime Mapping	

## Supporting Courses

Code	Title	Hours
<b>Mathematics Requirement</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
<b>Statistics Foundation</b>		
ECON 2350	Statistics for Economists	4
<b>Computing and Social Issues</b>		
Complete one of the following:		
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

## English Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
<b>Advanced Writing in the Disciplines</b>		
Complete one of the following:		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

## Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

## Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

## NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

## Program Requirement

131 total semester hours required

## Plan of Study

## Human Services and Criminal Justice, BS

### Overview

A combined major in human services and criminal justice appeals to students interested in the intersection of social and legal issues and institutions. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. Students with criminal justice course work gain a rigorous interdisciplinary and experiential education in the causes and consequences of crime and the responses of criminal justice. The addition of human services course work complements a criminal justice perspective and considers the role of social services and community-based organizations to prevent, intervene, and treat the causes and consequences of crime. The degree allows students to combine interests in the justice system, political advocacy, and community development. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours
<b>Required Human Services Courses</b>		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
<b>Human Services Internship</b>		
HUSV 4994	Human Services Internship	6
<b>Human Services Electives</b>		
Complete four additional HUSV courses.		16

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	

CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
<b>Crime Problems</b>		
The following courses offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Creating Knowledge about Crime and Justice</b>		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
<b>Systemic Issues</b>		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
<b>Digital Skills</b>		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science practicum section)	
<b>Criminal Justice Electives</b>		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives. One must be from the 3000, 4000 or 5000-level.		8
<b>Additional Courses</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
CRIM 1000 or HUSV 1000	Criminal Justice at Northeastern Human Services at Northeastern	1
<b>Research Methods</b>		
CRIM 3600 or HUSV 2970	Criminal Justice Research Methods Research Methods for Human Services	4
<b>Cooperative Education</b>		
Students going on co-op should take:		
EESH 2000	Professional Development for Co-op	1
Students returning from co-op should take:		
CRIM 3000	Co-op Integration Seminar 2	1
CRIM 4000	Co-op Integration Seminar 3	1
<b>Additional Elective</b>		
Complete one additional course in either CRIM or HUSV.		4
<b>Integrative Course</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
CRIM 4949 or HUSV 4700	Senior Capstone Seminar Senior Seminar in Human Services	4

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Criminal Justice, Minor

Minors in the School of Criminology and Criminal Justice (SCCJ) take the foundational courses in criminology and criminal justice. Minors can also specialize further in their elective courses. These may include courses covering topics such as policing democratic societies, corporate security, punishment and mass incarceration, and juvenile justice. A minor in criminology and criminal justice in combination with a student's major can enhance the student's career possibilities and open new avenues for research experiences.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

### Criminal Justice Electives

Code	Title	Hours
Complete two of the following:		8
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
CRIM 4040	Crime Prevention	
CRIM 4120	Courts and Sentencing	
CRIM 4660	Communities and Crime	
CRIM 4710	Law and Psychology	

### GPA Requirement

2.000 GPA required in the minor

## Cultures, Societies, and Global Studies

The Department of Cultures, Societies, and Global Studies is an open and dynamic academic platform for interdisciplinary research and teaching on the transformative power of culture as an instrument for social change and innovation. We approach the challenges facing humanity through perspectives that are primarily, though not exclusively, informed by the experiences of the peoples from the Global South (Africa, Asia, the Caribbean, and Latin America) and its diasporas. As we search for the tools to foster sustainable economic growth and social well-being on a global scale, we aim to reevaluate and learn from the historical experiences, belief systems, intellectual traditions, and pressing concerns of the greater part of the world's population. This requires a critical reexamination of the persistence of Eurocentric postulates that were developed to support modern colonialism and nationalism with their variegated world of "otherness." As such, we adhere to the broadest and most inclusive definition of languages and cultures as we aim to understand, shape, and thrive in a global community characterized by increased social connectivity, economic integration, intellectual exchange, and cultural hybridity.

### Programs

#### Bachelor of Arts (BA)

- Africana Studies (p. 1868)
- Africana Studies and English (p. 1872)
- Africana Studies and Human Services (p. 1877)
- Africana Studies and Media and Screen Studies (p. 324)
- Africana Studies and Political Science (p. 1883)
- History, Culture, and Law (p. 1743)
- Religious Studies and Africana Studies (p. 1893)
- Spanish (p. 1896)
- Spanish and International Affairs (p. 1898)
- Spanish and Linguistics (p. 1904)

#### Bachelor of Science (BS)

- Africana Studies (p. 1907)
- American Sign Language—English Interpreting (p. 1911)
- American Sign Language and Human Services (p. 1914)
- American Sign Language and Linguistics (p. 1917)
- American Sign Language and Psychology (p. 1621)
- American Sign Language and Theatre (p. 529)

### Minors

- African American Studies (p. 1926)
- African Studies (p. 1927)
- Africana Studies (p. 1928)
- American Sign Language (p. 1929)
- Arabic (p. 1930)
- Black Feminist Studies (p. 1788)
- Chinese (p. 1932)
- Film and International Cultures (p. 1933)
- French (p. 1939)
- German (p. 1934)
- Global Health (p. 1326)
- Italian (p. 1937)
- Japanese (p. 1938)
- Portuguese (p. 1940)
- Russian (p. 1941)
- Spanish (p. 1942)

## Africana Studies, BA

Africana studies is an interdisciplinary field of study devoted to the critical and systematic examination of the cultural, political, social, economic, and historical experiences of the African Diaspora across the globe. Students are able to focus on either African American, African, or Africana studies.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Concentrations

Complete one of the following:

- Africana Studies (Without Concentration) (p. 1868)
- Africana Studies with African American Studies Concentration (p. 1869)
- Africana Studies with Africa Studies Concentration (p. 1869)

### Africana Studies Major Credit Requirements

Complete 48 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirements

128 total semester hours required

## Africana Studies and English, BA

### Overview

The combined major in Africana studies and English offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of English studies. Within the combined major, students may also choose to focus their studies on a range of topics related to literature, writing, narrative, and cultural production in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Africana Studies Requirements

Code	Title	Hours
<b>Introduction to College</b>		
CLTR 1000	Cultures, Societies, and Global Studies at Northeastern	1
<b>Foundational Course</b>

LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
<b>Comparative Course</b>		
Complete one of the following courses:		4
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1500	British Literature to 1800	
ENGL 1502	American Literature to 1865	
ENGL 2150	Literature and Digital Diversity	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature?	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
<b>Writing</b>		
Complete one of the following:		4
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2730	Digital Writing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2850	Writing for Social Media: Theory and Practice	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3384	The Writer's Marketplace	
<b>English Electives</b>		
Complete any two ENGL courses that have not already been used to fulfill another requirement.		8

## Integrative Course

Code	Title	Hours
Complete one of the following:		
AFAM 2296 or ENGL 2296	Early African-American Literature	4
AFAM 3404 or ENGL 3404	African American Rhetorical Traditions	
AFAM 3664 or ENGL 3664	Black Poetry and the Spoken Word	4
AFRS 3900 or ENGL 3900	Gender and Black World Literatures	

## Capstone

Code	Title	Hours
Complete one capstone in either Africana Studies or English from the following:		
AFAM 4700	Capstone	4
ENGL 4710 or ENGL 4720	Capstone Seminar Capstone Project	

## Africana Studies and English Combined-Major Credit Requirement

Complete 86 semester hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirements

128 total semester hours required.

## Africana Studies and Human Services, BA

### Overview

A combined major in Africana studies and human services offers students the opportunity to integrate their studies of the cultural, political, socioeconomic, and historical experiences of the peoples of the global African Diaspora with preparation for careers in social change by providing them with the theoretical and skill-based background necessary for practice and research.

Students take academically rigorous courses relevant to the field while honing their skills through our extensive experiential educational opportunities. Through courses, service-learning, co-op, and internships, students may acquire theoretical and professional skills related to critical race cultural literacies, historical analysis, counseling, nonprofit management, political advocacy, as well as organizational and community development.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

## Africana Studies and Political Science, BA

The combined major in Africana studies and political science offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of political science. Within the combined major, students may also choose to concentrate their studies on a range of topics related to political behaviors and institutional developments in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## History, Culture, and Law, BA

History, culture, and the law is an interdisciplinary major that offers students an opportunity to understand how legal systems are shaped by cultural norms and historical developments, as well as how social change has been and can be created through legal processes. After studying principles of historical method and jurisprudence, students bring to bear the interdisciplinary frameworks they have begun to develop in one of seven culturally focused concentrations: Africana studies and culture; Asian studies and culture; culture and colonialism; digital humanities; film and international cultures; gender and sexuality; and Latino/a, Latin American, and Caribbean studies and culture. Students have opportunities to develop flexibility in perspectives, to exercise ability to work in interdisciplinary frameworks, and to foster appreciation of cultural diversity that will enable them to make a positive impact in their chosen spheres of action.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* No more than two courses taken for this major may be counted toward another major or minor.

### Law and History Core

Code	Title	Hours
<b>Foundational Core Courses</b>		
ENGL 3325 or ENGL 1160 or ENGL 3404	Rhetoric of Law Introduction to Rhetoric African American Rhetorical Traditions	4
HIST 1100	Law and History	4
LPSC 2301 or LPSC 1101	Introduction to Law, Policy, and Society Introduction to Law	4
<b>Foundational Core Elective</b>		
Complete two of the following not used to fulfill the previous requirement. Note that POLS prerequisites are waived for the 3000- and 4000-level POLS classes for students in this major.		8
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	
PHIL 2301	Philosophical Problems of Law and Justice	
POLS 3302	Judicial Process and Behavior	
POLS 3406	International Law	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	
<b>Research Methods</b>		
Complete one of the following:		4
HIST 2301	The History Seminar	
INSH 1500	Digital Methods for Social Sciences and Humanities	

### Culture Concentrations

Select one four-course concentration from the following:

- Africana Studies and Culture (p. 1745)
- Asian Studies and Culture (p. 1745)
- Culture and Colonialism (p. 1745)
- Digital Humanities (p. 1746)
- Film and International Cultures (p. 1746)
- Gender and Sexuality (p. 1746)
- Latino/a, Latin American, and Caribbean Studies and Culture (p. 1746)

## Major Electives

Code	Title	Hours
Complete three of the following not already used to fulfill one of the requirements above. Courses not used above to fulfill a requirement may also be used to fulfill this elective requirement. However, only one course used to fulfill this requirement may be at the 1000 level.		12
Complete three courses (including courses cross-listed) not used to fulfill other requirements:		
AFAM 3120	Race, Crime, and Justice	
ANTH 2305	Global Markets and Local Culture	
CLTR 3418	Nationalism	
CRIM 2350	Policing a Democratic Society	
CRIM 3110	Gender, Crime, and Justice

PHIL 2330	Modern Philosophy	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
SOCL 4522	Environmental Justice	

## Capstone

Code	Title	Hours
Complete one of the following:		4
AFAM 4700	Capstone	
ASNS 4900	Asian Studies Capstone Directed Study	
ENGL 4720	Capstone Project	
HIST 4701	Capstone Seminar	
PHIL 5001	Global Justice	

## Major GPA Requirement

Minimum 3.000 GPA required in all major courses

**Major Credit Requirement**

Complete 52 hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirements**

128 total semester hours required

**CONCENTRATION IN AFRICANA STUDIES AND CULTURE**

Code	Title	Hours
Complete one of the following:		4
AFAM 1101	Introduction to African American and Africana Studies	
AFRS 1101	Introduction to African Studies	
Complete one of the following as a writing-intensive course:		4
ANTH 4510	Anthropology of Africa	
SOCL 4520	Race, Class, and Gender	
Complete two of the following, at least one of which must be at the 3000 level or above:		8
AFAM 1104–AFAM 5001		
AFRS 1270–AFRS 4939		

**CONCENTRATION IN ASIAN STUDIES AND CULTURE**

Code	Title	Hours
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
Complete one of the following as a writing-intensive course:		4
ANTH 4515	Culture and Politics in Modern India	
HIST 2308	Law, Justice, and Society in Modern China	
PHIL 2395	Japanese Buddhism	
Complete two of the following. If HIST 2308 or PHIL 2395 is the writing-intensive course, at least one of these electives must be at the 3000 level or above:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
CLTR 1260	Japanese Film	
CLTR 1500	Modern Chinese History and Culture	
or HIST 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 2011	Capitalism and Business: A Global History	
HIST 2351	Modern Japan	
PHIL 1130	Comparative Ethics	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	

**CONCENTRATION IN CULTURE AND COLONIALISM**

Code	Title	Hours
POLS 2325	Ancient Philosophy and Political Thought	4
or PHIL 2325	Ancient Philosophy and Political Thought	
Complete three of the following, at least one of which must be at the 3000 level or above:		12
CLTR 1501	Introduction to French Culture	
CLTR 1504	Cultural History of Spain	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	

ENGL 2470	Asian-American Literature

## Religious Studies and Africana Studies, BA

The Department of Philosophy and Religion and the Program in Africana Studies offer an interdisciplinary combined major in religious studies and Africana studies. Students interested in the combined major integrate the study of religious traditions, religious praxis, and religious ethics with critical and systematic examination of the cultural, political, social, economic, and historical experiences of African Americans throughout the hemisphere and peoples of African descent around the world.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Religious Studies Major Requirements

Code	Title	Hours
<b>Required Foundational Course</b>

## Spanish, BA

Spanish is the second most spoken language in the world. It is used in more than twenty countries, including the United States. In fact, in terms of the number of speakers, the United States is the second largest Spanish-speaking country in the planet. Being a Spanish speaker is a major professional and cultural asset as it prepares you to be successful in any career path. Yet, in our society, knowing Spanish is not just an asset; it is increasingly a necessity. Not only does proficiency in Spanish prepare you to be a leader in a country where Hispanics are the fastest growing segment of the population and where Spanish-speakers are the vast majority of the population in the hemisphere. Knowing Spanish also makes you a truly global citizen. Our Spanish BA certifies that you have attained advanced levels of listening, speaking, reading and writing proficiency in the language. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## Spanish and International Affairs, BA

This combined major offers undergraduates the opportunity to develop an awareness of global affairs and international issues since the 19th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; the politics of culture, linguistic and cultural diversity, religious and ideological divides; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## Spanish and Linguistics, BA

In the combined major in Spanish and linguistics, students integrate study of the Spanish language in particular with study of language systems more generally. Students hone their proficiency in the production and comprehension of the Spanish language and apply this knowledge to explore aspects of Hispanic culture, literature, and history. At the same time, students study the structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning), as well as the position of language within communities of users. Students emerge with the transcultural skills and linguistic competence to communicate in and analyze one of the world's major languages and with a deep understanding of how this system has flourished across space and time.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Spanish Requirements

Code	Title	Hours
<b>Spanish Language and Culture Requirements</b>

## Africana Studies, BS

Africana studies is an interdisciplinary field of study devoted to the critical and systematic examination of the cultural, political, social, economic, and historical experiences of Africans, African Americans throughout the hemisphere, and peoples of African descent around the world. Students are able to choose focused concentrations in African American or Africa studies.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Program Options

Complete one of the following concentrations:

- Africana Studies (Without Concentration) (p. 1907)
- Africana Studies with African American Studies Concentration (p. 1908)
- Africana Studies with Africa Studies Concentration (p. 1908)

### Africana Studies Major Credit Requirements

Complete 52 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirements

128 total semester hours required

#### AFRICANA STUDIES (WITHOUT CONCENTRATION)

Code	Title	Hours
<b>Foundational Course</b>		
AFAM 1101 or AFRS 1101	Introduction to African American and Africana Studies Introduction to African Studies	
<b>Introductory Course</b>		
Complete one of the following:		4
AFAM 1104	The African-American Experience through Music	
AFAM 1113	Black Popular Culture	
AFAM 1135	John Coltrane and the History of Jazz in the United States	
AFAM 1225	Gender, Race, and Medicine

## American Sign Language–English Interpreting, BS

Website (<https://cssh.northeastern.edu/asl/>)

**Lori Whynot, PhD, CI, CT, SC: L, CoreCHI, NAATI**

Professor and Director, American Sign Language and Interpreting Program

L.whynot@northeastern.edu (l.whynot@northeastern.edu)

617.373.8425

857.366.4204 (Videophone)

American Sign Language (ASL) is estimated to be the third most used language in the United States, and its visibility in society is on the rise in recent years. There are between 500,000–2,000,000 Deaf, DeafBlind, or hard of hearing people in the United States who use ASL as their primary language and a large number of non-Deaf signers who use or learn ASL as a second language. A disproportionate percentage of Deaf Community members experience socioeconomic disadvantage due to their dual status as members of both a cultural linguistic minority group and a disability group. As a result, there is a broad societal misunderstanding of Deaf, signing people's minority language and culture—their lived experience—which creates barriers to educational and economic opportunity. While state and federal legislation enables improved civic engagement by Deaf, hard of hearing, and DeafBlind individuals, there is continued need to elevate quality of life, equity, and the rich contributions of the diverse members of the American Deaf Community.

The curriculum in the NU American Sign Language and Interpreting program addresses social inequalities and contributes to cultural resilience by raising awareness of the minority population of ASL users: Deaf, hard of hearing, and DeafBlind individuals. Students acquire the complex skills of ASL-English interpreting through intensive faculty instruction and direct student support and guidance, which is similar to training in other practice professions (such as law, medicine, and social work).

Professional ASL-English interpreting is an important service that supports Deaf, hard of hearing, and DeafBlind people's efforts to participate, be recognized, and contribute to civic society equally at all levels. There continues to be a shortage of qualified sign language interpreters in all domains of civic life since the emergence of the profession in the early 1960s. There is ongoing need for advancing research on ASL and on sign language interpreting to contribute to the growing literature.

The Bachelor of Science in American Sign Language-English Interpreting curriculum is a rigorous program of study that integrates a foundation of ASL and Deaf studies with intensive interpreting skill development. This program is designed to assist students in acquiring competence in ASL, developing an understanding of the diverse American Deaf Community and its culture, and applying linguistic, analytic, and sociocultural skills and knowledge in order to contribute to civic engagement and social justice for Deaf citizens. The major in ASL-English Interpreting is a sequence of courses in linguistic, cognitive, human relations, and ethical decision-making skills as well as the sociocultural knowledge necessary to prepare students for future state or national credentialing as professional ASL-English interpreters. The program offers a wide array of courses as well as volunteer, internship, and practicum opportunities to learn from Deaf citizens' lived experiences through community and industry connections and research. To supplement ASL and Deaf cultural learning, students have the option to do an ASL immersion semester through our Gallaudet University semester study option by the end of the sophomore year or a co-op with a Deaf community-based organization. Academic and co-op advising and discussion with the program director is required for students electing these options.

The program also has alternative, combined majors (<https://cssh.northeastern.edu/asl/program/american-sign-language-combined-majors/>) for students who want to master ASL and cultural skills to work alongside and on behalf of Deaf, hard of hearing, or DeafBlind people in the disciplines of human services, psychology, linguistics, or theatre/arts.

### Academic Progression Standards for ASL-English Interpreting Majors

- To begin the interpreting skills course sequence (INTP course numbers 3510 and higher), students must pass an ASL competency assessment at the intermediate/advanced level and maintain a minimum 2.750 GPA in all AMSL, INTP, and DEAF courses as well as maintain a minimum 2.500 overall GPA.
- Due to the fiduciary responsibility of professional sign language interpreters, there are technical, ethical, and dispositional standards required of progression to graduation in the ASL-English interpreting program. An individual must be able to meet the following competency standards to continue to graduation:
  - Human relations
  - Communication ability
  - Cognitive skills
  - Ethical conduct

### HUMAN RELATIONS

Students must demonstrate collegiality by showing respect and courtesy to colleagues, consumers, employers/site placements, and taking responsibility for one's work. Compassion, integrity, motivation, effective interpersonal skills, and concern for others are personal attributes required of those in the interpreting profession. The student must be able to work under supervision of a site instructor or preceptor; this is essential to ensure rights, safety, and privacy of interpreting clients/consumers. The student must exercise good judgment and promptly complete all responsibilities in

the classroom and practical fieldwork settings. The ability to establish culturally competent relationships with individuals and groups and to respond effectively to clients who have different language and cognitive capacities is critical to interpreting practice.

### COMMUNICATION ABILITY

The student must communicate verbally in order to elicit information and to convey that information to others. Each student must have the ability to read and write accurately and comprehensively in English. The student must be able to thoroughly comprehend and fluently use ASL and speak the English language so as to facilitate communication with Deaf and hearing community members and stakeholders, including colleagues, instructors, and other students. The student must also be able to present information in a professional, logical manner and to articulate decisions that enable effective interpreting.

### COGNITIVE SKILLS

The student must show evidence of progression toward effectively integrating academic and world knowledge during simultaneous and consecutive interpretation, using appropriate cultural adjustments while managing internal and external factors and processes that result in accurate and reliable interpretations in both ASL and English.

### ETHICAL CONDUCT

The student must demonstrate self-awareness and discretion by monitoring and managing personal and professional behaviors and integrity by avoiding conflicts of interest and adhering to values reflected in the Registry of Interpreters for the Deaf (RID) professional code of conduct.

## Program Requirements

### Major Requirements

To begin the interpreting skills course sequence (INTP course numbers 3510 and higher), students must pass an American Sign Language (ASL) competency assessment at the intermediate/advanced level and maintain a minimum of 2.750 GPA in all AMSL, INTP, and DEAF courses. Students must also maintain an overall minimum 2.500 GPA.

Students with prior ASL skills may be allowed to waive up to the first four AMSL courses by taking the language placement assessment. Waived courses must be replaced by electives.

## American Sign Language and Human Services, BS

Website (<https://cssh.northeastern.edu/asl/>)

**Lori Whynot, PhD, CI, CT, SC: L, CoreCHI, NAATI**

Professor and Director, American Sign Language and Interpreting Education Program  
L.whynot@northeastern.edu (l.whynot@northeastern.edu)

617.373.8425

857.366.4204 (Videophone)

American Sign Language (ASL) is estimated to be the third most used language in the United States and its visibility in society is on the rise in recent years. There are roughly 500,000 to 2,000,000 Deaf, DeafBlind, or hard of hearing people in the United States who use ASL as their primary language, and a large number of non-Deaf signers use or learn ASL as a second language. A disproportionate percentage of Deaf people experience socioeconomic disadvantage due to their dual status as members of both a cultural linguistic minority group and a disability group. As a result, there is a broad societal misunderstanding of Deaf, signing people's minority language and culture—their lived experience—which creates barriers to educational and economic opportunity. While state and federal legislation enables improved civic engagement by Deaf, hard of hearing, and DeafBlind individuals, there is continued need to elevate quality of life, equity, and the rich contributions of the diverse members of the American Deaf communities.

The Bachelor of Science in American Sign Language and Human Services is an integrated program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. The curriculum is designed to assist students in acquiring competence in ASL, developing an understanding of the diverse American Deaf communities and Deaf culture, and applying linguistic and sociocultural skills and knowledge to the discipline of human services, in order to contribute to civic engagement and social justice for Deaf people.

The combined major offers a wide array of courses as well as volunteer, internship, and practicum opportunities to learn from Deaf people's lived experiences through community and industry connections. The program provides opportunities that will allow students an opportunity to acquire the linguistic, cognitive, and ethical decision-making skills as well as the sociocultural knowledge necessary to work in Deaf Community, sign-language-related disciplines. Students pursuing a combined major in human services integrate their foundation in ASL and the Deaf Community with human service organizations.

## American Sign Language and Linguistics, BS

The American Sign Language (ASL) & Linguistics combined major is an intensive program of study dedicated to preparing students to interact in a positive and supportive manner with members of the American Deaf Community while simultaneously providing students with an understanding of the theoretical, cultural, and social components of all human language, including ASL, so that they can better understand how ASL is related to spoken languages and other signed languages. This curriculum is designed to assist students in acquiring competence in American Sign Language; and in developing an understanding of the American Deaf Community and its culture, the acquisition and analysis of human languages (signed and spoken), and how human languages work in everyday use (e.g., comprehension, generation, translation).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

## American Sign Language and Psychology, BS

American Sign Language (ASL) is estimated to be the third most used language in the United States and its visibility in society is on the rise in recent years. There are roughly 500,000 to 2,000,000 Deaf, DeafBlind, or hard of hearing people in the United States who use ASL as their primary language, and a large number of non-Deaf signers use or learn ASL as a second language. A disproportionate percentage of Deaf people experience socioeconomic disadvantage due to their dual status as members of both a cultural linguistic minority group and a disability group. As a result, there is a broad societal misunderstanding of Deaf, signing people's minority language and culture—their lived experience—which creates barriers to educational and economic opportunity. While state and federal legislation enables improved civic engagement by Deaf, hard of hearing, and DeafBlind individuals, there is continued need to elevate quality of life, equity, and the rich contributions of the diverse members of the American Deaf communities.

The program offers a wide array of courses as well as volunteer, co-op, and research opportunities to learn from Deaf people's lived experiences through community and industry connections.

This combined major educates students in cognitive psychology, psycholinguistics, and the structures of human languages in general and ASL in particular. The curriculum is designed to assist students in acquiring competence in ASL, develop an understanding of the diverse American Deaf communities and Deaf culture, better understand cognitive efforts of interpreters' language transfer, as well as gain insights into various features of spoken language and experience firsthand the principles underlying the spatial organization of discourse required by signed languages. This knowledge and the psychology background from the major provide a foundation for more advanced studies of ASL and interpreting or psychology and Deaf people.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## American Sign Language and Theatre, BS

This major is designed for students who want to combine an understanding of the American Deaf Community; its language and culture to the study and making of theatre, including performance, design; and production. It offers both classroom and experiential learning on the creative, social, and linguistic relationship between theatre and the American Deaf Community. Students may study acting, dramatic literature, and production design to develop the skills to be able to make theatre accessible and to understand and create theatre with individuals from Deaf communities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### American Sign Language Requirements

Code	Title	Hours
A grade of C or higher is required in all ASL required courses.

## African American Studies, Minor

The African American studies minor offers students the opportunity to engage in focused analysis devoted to the critical and systematic examination of the cultural, political, social, economic, and historical theories, frameworks, and experiences of African-descended people in the United States of America.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
<b>Foundational</b>		
AFAM 1101	Introduction to African American and Africana Studies	4
<b>Humanities</b>		
Complete one of the following:		4
AFAM 1104	The African-American Experience through Music	
AFAM 1113	Black Popular Culture	
AFAM 1135	John Coltrane and the History of Jazz in the United States	
AFAM 2296	Early African-American Literature	
AFAM 2690	Boston in Literature	
AFAM 3120	Race, Crime, and Justice	
AFAM 3404	African American Rhetorical Traditions	
AFAM 3664	Black Poetry and the Spoken Word	
<b>Social Sciences</b>		
Complete one of the following:		4
AFAM 1225	Gender, Race, and Medicine	
AFAM 2355	Race, Identity, Social Change, and Empowerment	
AFAM 2600	Issues in Race, Science, and Technology	
AFAM 2618	Community Psychology	
AFAM 3270	Race, Ethnicity, and Inequality	
AFAM 5001	Special Topics in Race and the Law	

### Electives

Code	Title	Hours
Complete one AFAM or AFRS course at the 2000 level or above, not already taken.		4
Complete one AFAM or AFRS course at the 3000 level or above, not already taken.		4

### GPA Requirement

2.000 GPA required in the minor

## African Studies, Minor

The African studies minor is intended to offer students opportunities to explore the cultural, political, social, economic, and historical theories, frameworks, and experiences of the peoples and nations of the African continent.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
<b>Foundational</b>		
AFRS 1101	Introduction to African Studies (A grade of C or higher is required)	4
<b>Humanities</b>		
Complete one of the following:		4
AFAM 1113	Black Popular Culture	
AFAM 2296	Early African-American Literature	
AFRS 2410	Possession, Sacrifice, and Divination in African Diasporic Religions	
<b>Social Sciences</b>		
Complete one of the following:		4
AFAM 1225	Gender, Race, and Medicine	
AFRS 1270	Introduction to Global Health

Complete one AFAM or AFRS course at the 3000 level or above, not already taken.		4

### GPA Requirement

2.000 GPA required in the minor

## American Sign Language, Minor

The American Sign Language and Interpreting Education (ASLIE) program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

The program offers a wide array of courses as well as volunteer, internship, and practicum opportunities. For students wishing to pursue a minor in ASL, the program is committed to providing opportunities that will allow them to acquire the linguistic, cognitive, and ethical decision-making skills as well as the sociocultural knowledge necessary to work in positive and supportive ways with Deaf people.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students are required to complete a minimum of seven classes. A maximum of two of those seven course requirements may be fulfilled by transfer credit.

### Required Culture Courses

These courses must be taken at Northeastern University, not via study abroad or fulfilled via transfer credit.

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
DEAF 1500	Deaf People in Society	4

### Required Language Courses

Students may waive up to four AMSL language courses by taking the ASL proficiency assessment in the ASL and Interpreting Education (ASLIE) program. Waived courses must be replaced by electives to meet the required number of courses in the minor.

Code	Title	Hours
AMSL 1101	Elementary ASL 1	4
AMSL 1102	Elementary ASL 2	4
AMSL 2101	Intermediate ASL 1	4
AMSL 2102	Intermediate ASL 2	4

### Electives

Code	Title	Hours
Complete one of the following:		4
AMSL 3101	Advanced ASL 1	
AMSL 3102	Advanced ASL 2	
DEAF 2500	Deaf History and Culture	
DEAF 2700	ASL Linguistics	
AMSL 1511	ASL Classifiers	
DEAF 1550	Dynamics of the Deaf/Blind Community: Culture, History, and Communication	
AMSL 4992	Directed Study	

### GPA Requirement

2.000 GPA required in the minor

## Arabic, Minor

The Arabic minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Arab cultures so that students may engage in meaningful interactions with Arabic speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Required Culture Course

Code	Title	Hours
CLTR 1120 or ARAB 3101	Introduction to Languages, Literature, and Culture Advanced Arabic 1	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
ARAB 2101	Intermediate Arabic 1	4
ARAB 2102	Intermediate Arabic 2	4

### Electives

Please consult with the coordinator of the Arabic minor for specific course availability.

Code	Title	Hours
ARAB 3101	Advanced Arabic 1 (If not used for other requirements)	
ARAB 4992	Directed Study	
CLTR 1502	Introduction to Arabic Culture	
CLTR 4944	Cultural Engagement Abroad	
HIST 1185	Introduction to Middle Eastern History	
HIST 1290	Modern Middle East	
INTL 1160	Middle East Studies	
INTL 2200	America and the Middle East	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
POLS 3465	Government and Politics in the Middle East	

### GPA Requirement

2.000 GPA required in the minor

## Black Feminist Studies, Minor

This interdisciplinary minor offers students opportunities to critically engage with the histories and theories that sit at the intersections of race, gender, class, and sexuality. This minor will allow students to centralize the study of Black women from diverse disciplinary perspectives and provide students with opportunities to engage comparative and transnational Black feminist studies frameworks for analyzing gender, sexuality, and other concepts within the broader disciplines of Africana and women's, gender, and sexuality studies.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	4
AFAM 1101 or AFRS 1101	Introduction to African American and Africana Studies Introduction to African Studies	4

### Electives

Code	Title	Hours
Complete two of the following:		8
AFAM 1113	Black Popular Culture	
AFRS 3900	Gender and Black World Literatures	
ENGL 2455	American Women Writers	
SOCL 4520	Race, Class, and Gender	
WMNS 1225	Gender, Race, and Medicine	
WMNS 2505	Digital Feminisms	
WMNS 3100	Gender, Social Justice, and Transnational Activism	

## Chinese, Minor

The Chinese minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Chinese culture so that students may engage in meaningful interactions with Chinese speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students are required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogue of Civilizations at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or CHNS 3101	Advanced Chinese 1	
or CHNS 3102	Advanced Chinese 2	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
CHNS 2101	Intermediate Chinese 1	4
or CHNS 2301	Intermediate Chinese Immersion 1	
CHNS 2102	Intermediate Chinese 2	4
or CHNS 2302	Intermediate Chinese Immersion 2	

### Electives

Please consult with the coordinator of the Chinese minor for specific course availability. Complete two or more of the following to reach five total courses for the minor:

Code	Title	Hours
CHNS 3101	Advanced Chinese 1	
CHNS 3102	Advanced Chinese 2	
CHNS 3800	Special Topics in Chinese	
CHNS 4800	Special Topics in Chinese	
CHNS 4992	Directed Study	
CLTR 1500	Modern Chinese History and Culture	
or HIST 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 4944	Cultural Engagement Abroad	
HIST 2308	Law, Justice, and Society in Modern China	

### GPA Requirement

2.000 GPA required in the minor

## Film and International Cultures, Minor

The minor in Film and International Cultures allows students to study the rapidly expanding global visual culture. Students will explore the history, theory, aesthetics and criticism of film and other moving-image media on a global scale and in relation to culture, other arts, politics and propaganda. The minor also explores how the image and the film/propaganda industry shape the world we live in and the ways in which we conceive of ourselves and others.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* At least two of the courses taken for the minor must be at or above the 2000 level.

### Required Culture Courses

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
CLTR 2001	World Cultures through Film	4

### Film and Culture Study

Code	Title	Hours
Select one of the following pairings:		8
CLTR 1240 and CLTR 1505	Latin American Film and Latin American Culture, History, and Politics	
CLTR 1260 and CLTR 1700	Japanese Film and Introduction to Japanese Pop Culture	

### Elective

*Note:* Courses taken for this requirement cannot be double-counted with courses taken to fulfill the film and culture study requirement.

Code	Title	Hours
Complete one of the following:		4
CLTR 1240	Latin American Film	
CLTR 1260	Japanese Film	
CLTR 1500	Modern Chinese History and Culture	
CLTR 1501	Introduction to French Culture	
CLTR 1502	Introduction to Arabic Culture	
CLTR 1503	Introduction to Italian Culture	
CLTR 1504	Cultural History of Spain	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 4655	Latin American Literature	

### GPA Requirement

2.000 GPA required in the minor

## German, Minor

We live in a truly global world where the leaders of tomorrow will dwell in and negotiate all transactions in spaces not claimed in exclusivity by a single people, language, or culture. Knowing German will help you become a truly global citizen. Successful completion of the minor demonstrates the attainment of intermediate to advanced proficiency in the language, as well as cultural understanding and agility. The minor also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live, and work abroad.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students are required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at NU. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Culture Course Requirement

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4

### Language Requirement

Students may waive any of these courses by taking the language exam in the World Languages Center.

Code	Title	Hours
GRMN 2101	Intermediate German 1	4
GRMN 2102	Intermediate German 2	4

### Electives

Code	Title	Hours
Complete two of the following courses:		
CLTR 4944	Cultural Engagement Abroad	
GRMN 3800	Special Topics in German	
HIST 1390	History of Espionage 2: Cold War Spies	
HIST 2280	Hitler, Germany, and the Holocaust	
HIST 2282	The Holocaust and Comparative Genocide	
LING 1150	Introduction to Language and Linguistics	
LING 3412	Language and Culture	
PHIL 3343	Existentialism	
PHIL 3435	Moral Philosophy	
PSYC 3464	Psychology of Language	

### GPA Requirement

2.000 GPA required in the minor

## Global Health, Minor

The area of global health has become a critical field of study across and within diverse disciplines, because of the cross-border and cross-national implications of health-related risks for national security, commerce, transportation, and healthcare delivery itself. In collaboration with the College of Social Sciences and Humanities, the minor in global health is designed to provide undergraduate students an opportunity to explore and discuss the implications with an interdisciplinary lens. The minor is comprised of five courses: one foundation and one core course, three electives, and a global health experience to be approved by the global health minor advisor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

#### Required Foundation Course

Code	Title	Hours
AFRS 1270 or PHTH 1270	Introduction to Global Health Introduction to Global Health	4

#### Core Course

Code	Title	Hours
Complete one of the following. If additional courses are taken, they may be used as electives.		3-4
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5230	Global Health	

#### Elective Courses

Code	Title	Hours
Complete three courses from the following areas. Only two courses from any one area may count toward the minor electives. No more than two required courses in the student's major may count toward the minor electives. At least one of the minor electives must be at the 3000-level or above.		9-12

##### Area 1: Community and Public Health

AFRS 4939	Community Health, Culture, and Development in Kenya (Dialogue of Civilizations only)	
CAEP 2050	Health Systems, Services, and Education in Ghana (Dialogue of Civilizations only)	
ENVR 1110	Global Climate Change	
PHTH 1261	Comparative Healthcare Systems (Dialogue of Civilizations only)	
PHTH 2301	Communication Skills for the Health Professions—Global (Dialogue of Civilizations only)	
PHTH 2350 or PHTH 2351 or NRSR 4604	Community and Public Health Community and Public Health - Global Public Health Community Nursing	
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	
PHTH 4540	Health Education and Program Planning	

##### Area 2: Biology of Health and Disease

BIOL 1141	Microbes and Society	
BIOL 1143	Biology and Society	
BIOL 2327	Human Parasitology	
EEMB 3466	Disease Ecology	

##### Area 3: Society and Cultural Health / Area Studies

AFRS 2900	Swahili, Culture, and Politics in Kenya (Dialogue of Civilizations only)	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
ECON 1230	Healthcare and Medical Economics	
HIST 2233	The History of Medicine in North America	
LACS 1220	Latino, Latin American, and Caribbean Studies	

PHIL 1165	Moral and Social Problems in Healthcare
WMNS 3100	Gender, Social Justice, and Transnational Activism
or POLS 3100	Gender, Social Justice, and Transnational Activism
or ANTH 3100	Gender, Social Justice, and Transnational Activism
<b>Area 4: Globalization and Development</b>	
CRIM 1400	Human Trafficking
ECON 1291	Development Economics
ECON 3404	International Food Policy
ECON 3413	Health Economics and Healthcare Policy
ECON 3416	Behavioral Economics
ECON 5292	Gender and Development Economics
HLTH 2100	Interprofessional Ethics for Individual and Population Health
INTL 1101	Globalization and International Affairs
POLS 1160	International Relations

### Global Health Experience

Complete a global health experience that has been approved by the global health minor advisor.

### Recommended

Competency in another language other than English is recommended.

### Completion of the Minor

All coursework must be completed at a minimum grade of B and courses may not be taken Pass/Fail. Complete a minimum of 16 semester hours.

3.000 GPA required in the minor.

## Italian, Minor

We live in a truly global world where the leaders of tomorrow will dwell in and negotiate all transactions in spaces not claimed in exclusivity by a single people, language or culture. Knowing Italian will help you become a truly global citizen. Successful completion of the minor demonstrates the attainment of intermediate to advanced proficiency in the language, as well as cultural understanding and agility. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at NU. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count towards the five classes in the minor.

### Required Culture Courses

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4

### Required Language Courses

Students may waive any of these courses by taking the language exam in the World Language Center.

Code	Title	Hours
ITLN 2101	Intermediate Italian 1	4
ITLN 2102	Intermediate Italian 2	4

### Electives

Code	Title	Hours
CLTR 1503	Introduction to Italian Culture	
CLTR 4944	Cultural Engagement Abroad	
ITLN 3101	Advanced Italian 1	
ITLN 4992	Directed Study	

### GPA Requirement

2.000 GPA required in the minor

## Japanese, Minor

The Japanese minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Japanese culture so that students may engage in meaningful interactions with Japanese speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five courses in the minor.

### Required Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or JPNS 3101	Advanced Japanese 1	
or JPNS 3102	Advanced Japanese 2	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
JPNS 2101	Intermediate Japanese 1	4
JPNS 2102	Intermediate Japanese 2	4

### Electives

Please consult with the coordinator of the Japanese minor for specific course availability. Complete two or more of the following to reach five total courses for the minor:

Code	Title	Hours
ASNS 1150	East Asian Studies	
CLTR 1260	Japanese Film	
CLTR 1700	Introduction to Japanese Pop Culture	
CLTR 4944	Cultural Engagement Abroad	
HIST 1252	Japanese Literature and Culture	
HIST 2351	Modern Japan	
JPNS 3101	Advanced Japanese 1	
JPNS 3102	Advanced Japanese 2	
JPNS 3800	Special Topics in Japanese	
JPNS 4992	Directed Study	

### GPA Requirement

2.000 GPA required in the minor

## French, Minor

The French minor focuses on two outcomes: developing students' linguistic proficiency and broadening their insights into francophone cultures so that students may engage in meaningful interactions with French speakers throughout the world. The communication skills and transcultural awareness that students acquire throughout the course of the minor provide preparation for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Required Culture Course

This course must be taken on campus. Courses taken on Dialogue programs, through study abroad, or at another institution may not be substituted.

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or FRNH 3101	Advanced French 1	
or FRNH 3102	Advanced French 2	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
FRNH 2101	Intermediate French 1	4
FRNH 2102	Intermediate French 2	4

### Electives

Complete two or more of the following to reach five total courses for the minor. Consult with the coordinator of the French minor for specific course availability.

Code	Title	Hours
Complete two of the following:		
CLTR 1501	Introduction to French Culture	
CLTR 4944	Cultural Engagement Abroad	
FRNH 2900	Specialized Instruction in French	
FRNH 3101	Advanced French 1	
FRNH 3102	Advanced French 2	
FRNH 4800	Special Topics in French	

### GPA Requirement

2.000 GPA required in the minor

## Portuguese, Minor

The Portuguese minor focuses on two outcomes: developing students' linguistic proficiency and broadening their insights into Lusophone cultures so that students may engage in meaningful interactions with Portuguese speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor provide preparation for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any prerequisites or equivalent language placements where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or PORT 3101	Advanced Portuguese 1	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
PORT 2101	Intermediate Portuguese 1	4
PORT 2102	Intermediate Portuguese 2	4

### Electives

Complete two or more of the following to reach five total courses for the minor:

Code	Title	Hours
ANTH 4500	Latin American Society and Development	
CLTR 1240	Latin American Film	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 4944	Cultural Engagement Abroad	
PORT 3101	Advanced Portuguese 1	

### GPA Requirement

2.000 GPA required in the minor

## Russian, Minor

The Russian minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Russian culture so that students may engage in meaningful interactions with Russian speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or RSSN 3101	Advanced Russian 1	
or RSSN 3102	Advanced Russian 2	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
RSSN 2101	Intermediate Russian 1	4
RSSN 2102	Intermediate Russian 2	4

### Electives

Please consult with the coordinator of the Russian minor for specific course availability. Complete two or more of the following to reach five total courses for the minor:

Code	Title	Hours
CLTR 4944	Cultural Engagement Abroad	
HIST 1286	History of the Soviet Union	
INTL 3455	Russian Foreign Policy	
RSSN 3101	Advanced Russian 1	
RSSN 4992	Directed Study	
RSSN 4993	Independent Study	

### GPA Requirement

2.000 GPA required in the minor

## Spanish, Minor

The Spanish minor focuses on two outcomes: developing students' linguistic proficiency and broadening their insights into Hispanic cultures so that students may engage in meaningful interactions with Spanish speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

### Required Culture Course

This course must be taken on campus. It may not be replaced by courses taken on Dialogue programs, through study abroad, or at another institution.

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or SPNS 3101	Advanced Spanish 1: Deconstructing Borders	
or SPNS 3102	Advanced Spanish 2: Hispanic and Latinx Identity	

### Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
SPNS 2101	Intermediate Spanish 1	4
SPNS 2102	Intermediate Spanish 2: Becoming a Global Citizen	4

### Electives

Complete two or more of the following to reach five total courses for the minor.

Code	Title	Hours
ANTH 4500	Latin American Society and Development	
CLTR 1240	Latin American Film	
CLTR 1504	Cultural History of Spain	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 3720	Literature, Arts, and Poverty in Latin America	
CLTR 3805	Culture, Politics, and Media in Spain	
CLTR 4655	Latin American Literature	
CLTR 4944	Cultural Engagement Abroad	
LACS 1220	Latino, Latin American, and Caribbean Studies	
SPNS 2900	Specialized Instruction in Spanish	
SPNS 3101	Advanced Spanish 1: Deconstructing Borders	
SPNS 3102	Advanced Spanish 2: Hispanic and Latinx Identity	
SPNS 3401	Spanish for Healthcare Professionals 1	
SPNS 3502	Authentic Spanish Grammar	
SPNS 3601	Exploring Spoken Spanish	
SPNS 3602	Introduction to Spanish Linguistics	
SPNS 3603	Special Topics in Spanish Linguistics	
SPNS 3800	Special Topics in Spanish	
SPNS 3900	Specialized Instruction in Spanish	

### GPA Requirement

2.000 GPA required in the minor

## Economics

Website (<http://www.northeastern.edu/cssh/economics/>)

**Robert Triest, PhD**  
Professor and Chair

617.373.2882  
econ@northeastern.edu

Economics is the study of how societies produce and exchange goods and services to satisfy needs. Undergraduates may study economics to develop specialized analytical skills useful in today's complex labor market. Economics is distinguished among the social sciences by having a systematic normative as well as a positive framework for evaluating public policy. The major in economics is also a good foundation for graduate studies in advanced economics, public policy, law, or business.

Macroeconomics, which focuses on the overall economy, deals with such problems as inflation, unemployment, growth and instability, economic development, and governmental monetary and fiscal policies.

Microeconomics examines the economic behavior of individuals, households, firms, industries, and trade among countries. It seeks to assess the economic effects of market power and environmental damage and analyzes the economic aspects of natural resources, poverty, health, income distribution, trade unions, crime, and government regulation.

Courses in economics cover international trade; the behavior of families, firms, and industries in the market economy; the environmental costs of growth; and the economic aspects of natural resources, poverty, health, labor market discrimination, trade unions, crime, and governmental oversight. International and comparative perspectives are emphasized, most directly in courses in studies of the developing world and economic history.

Students may pursue a BA, a BS, or a minor in economics. Additionally, economics majors in their junior year may qualify for admission to the PlusOne program that combines the BA or BS with a MS in economics. The department also offers combined majors with business administration, international business, computer science, cybersecurity, data science, environmental and sustainability sciences, history, international affairs, mathematics, philosophy, political science, psychology, human services, and journalism, as well as an interdisciplinary major in politics, philosophy, and economics.

Graduates may find jobs in major corporations; financial institutions; nonprofits; NGOs; or federal, state, and local governments. Their work may involve planning and forecasting, assessing labor needs, and undertaking financial studies. They may estimate consumer demand for new products, conduct research, teach, or provide specialized consulting services.

### Academic Progression Standards

The following are the requirements to progress in the major:

Code	Title	Hours
The following three core courses should be completed first:		12
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	
MATH 1231	Calculus for Business and Economics	
The following four core courses should be completed by the end of sophomore year:		16
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

### PlusOne Program (MS) in Economics

The PlusOne Program in Economics provides the opportunity for Northeastern's undergraduate majors to complete both the undergraduate degree program (BS or BA) and the professional master's program (MS) in economics in less time than if the programs were completed sequentially. Undergraduate students may apply to the program as early as the end of their sophomore year or the beginning of their junior year. Students must demonstrate a strong quantitative background. One additional year of graduate study is required to complete the master's program. Students interested in this option should consult with the departmental undergraduate and graduate directors.

### Programs

#### Bachelor of Arts (BA)

- Economics (p. 1945)
- History and Economics (p. 1948)

- International Affairs and Economics (p. 1951)
- Political Science and Economics (p. 1958)

### **Bachelor of Science (BS)**

- Economics (p. 1963)
- Computer Science and Economics (p. 784)
- Cybersecurity and Economics (p. 866)
- Data Science and Economics (p. 898)
- Economics and Business Administration (p. 625)
- Economics and Human Services (p. 1982)
- Economics and International Business (p. 628)
- Economics and Journalism (p. 451)
- Economics and Mathematics (p. 1529)
- Economics and Philosophy (p. 1995)
- Economics and Psychology (p. 1640)
- Environmental and Sustainability Studies and Economics (p. 1474)
- History and Economics (p. 2005)
- Political Science and Economics (p. 2008)

### **Minor**

- Economics (p. 2013)

### **Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## Economics, BA

The Bachelor of Arts degree in economics maintains the tradition of the liberal arts with the language and arts courses required to satisfy the university's BA degree requirements. Along with the six core courses in economics, students may choose from over 40 electives. Many of these electives continue this liberal arts tradition with courses that focus on economic literature, economic history, the history of economic thought, and political economy. Students considering future doctoral studies in economics are strongly encouraged to pursue a double major in economics (BS) and mathematics (BS) or choose our combined economics/mathematics major.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Economics Major Requirements for BA

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Capstone</b>		
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	4

### Economics Electives for BA

Code	Title	Hours
Complete 5 courses that are found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range:		20
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

### Breadth Courses for Economics Major

Code	Title	Hours
<b>Calculus</b>		
MATH 1241 or higher is recommended.		
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	4
<b>Computer Science</b>		
Complete one of the following:		4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 (Selecting this 5 SH option will add one additional semester hour to your degree program.)
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum
MISM 2510	Fundamentals of Information Analytics

### Economics Major GPA/Credit Requirement

Grades in the following four courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 56 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

#### Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

## History and Economics, BA

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage I: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>History Electives</b>		
Complete two HIST courses at any level in any field.		8
<b>Introductory-Level Elective</b>		
Complete one history course from the 1000 level (excluding HIST 1200 and HIST 1201).		4
<b>Intermediate/Advanced History Electives</b>		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
<b>Advanced History Elective</b>		
Complete one HIST course numbered 3000 or above (excluding HIST 4701).		4

### Economics Requirements

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000	Economics at Northeastern	1

or HIST 1000	History at Northeastern	
--------------	-------------------------	--

**Required Economics Courses**

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4

**Economics Electives**

Complete two economics elective courses that are found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement and ECON 3520 may not be used as economics electives: 8

ECON 1200 to ECON 1999

ECON 2990 to ECON 4689

ECON 4900 to ECON 4996

ECON 5200 to ECON 5999

**Supplemental Courses***Computer Science*

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

*Calculus*

It is recommended that MATH 1241 or higher is chosen:

MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	4
---	--	---

**Capstone Requirements**

Code	Title	Hours
Complete one of the following:		4
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	
HIST 4701	Capstone Seminar	

**Integrative Requirement**

Code	Title	Hours
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	

**History and Economics Major GPA/Credit Requirements**

Grades in the following four economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	

ECON 2350

Statistics for Economists

ECON 2560

Applied Econometrics

Complete 90 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Plan of Study****Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall**

Year 1								
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours	Hours
ECON 1000 or HIST 1000		1 ECON 1116		4 ECON 2315		4 ECON elective 1		4

		Elective		4				
		Elective		4				
	<b>0</b>		<b>16</b>					

**Total Hours: 132**

## International Affairs and Economics, BA

This combined major fosters an awareness of global affairs and international economic issues since the early 20th century through diverse and cross-disciplinary theories of economic development and growth; states, societies, and markets (the intersection of politics and economics); and the role of states, civil societies, and social movements in crafting or addressing economic strategies, inequalities, and citizenship rights.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>International Affairs/Economics at Northeastern</b>		
INTL 1000 or ECON 1000	International Affairs at Northeastern Economics at Northeastern	1

#### Required Courses

ANTH 1101 or HIST 2211 or HIST 2311	Peoples and Cultures The World Since 1945 Colonialism/Imperialism	4
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

#### International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

### International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		
		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

**Global Dynamics Requirement**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete two of the following with one course numbered 2000 or above. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements:		8

<b>Code</b>	<b>Title</b>	<b>Hours</b>
<i>Environment</i>		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development	
ENVR 3150	Food Security and Sustainability

PHIL 1280	Islam: Rituals, Traditions, and Debates
PHIL 1285	Jewish Religion and Culture
POLS 3465	Government and Politics in the Middle East

**International Affairs Foreign Language Requirement**

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

**Economics Requirements**

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 3520	History of Economic Thought	4

**Economics Electives**

Code	Title	Hours
Complete three Economics elective courses from the following ranges with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy international affairs requirements, courses used to satisfy the integrative requirement, and ECON 3520 may not be used as Economics electives.		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

**Supporting Courses**

Code	Title	Hours
<b>Calculus</b>		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

**Methods**

Complete one of the following:

4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum
INTL 2718	Research Methods in International Affairs
MISM 2510	Fundamentals of Information Analytics

### Integrative Requirements

Code	Title	Hours
<b>Development Economics</b>		
ECON 1291	Development Economics	4
<b>Senior Seminar</b>		
Complete one of the following with a thesis or project that integrates both international affairs and economics:		
ECON 4692 or ECON 4997 or INTL 4700	Senior Economics Seminar Senior Economics Thesis Senior Capstone Seminar in International Affairs	4

### International Affairs and Economics Combined-Major GPA

Grades in the following Economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4

### International Affairs and Economics Combined-Major Credit Requirement

Complete 88 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

## Political Science and Economics, BA

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete four courses POLS 2000 to POLS 5999		16

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below.

- American Political Institutions (p. 1960)
- Campaigns and Elections (p. 1960)
- Comparative Politics (p. 1960)
- Identity, Culture, and Politics (p. 1961)
- International Relations and Diplomacy (p. 1961)
- Law and Legal Studies (p. 1961)
- Public Policy (p. 1961)
- Security Studies (p. 1962)

### Economics Requirements for BA

Code	Title	Hours
<b>Breadth Courses</b>		
<i>Calculus</i>		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	

or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

**Computer Science**

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

**Required Economics Courses**

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 3520	History of Economic Thought	4

**Economics Electives**

Complete 3 Economics elective courses that are found in the following ranges, with no more than 1 in the ECON 1200 to ECON 1999 range. Additionally, ECON 3520 may not be used as an Economics elective: 12

ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

**Supporting Courses**

Complete either of the statistics and departmental elective combinations listed below:

**COMBINATION A**

Code	Title	Hours
<b>Statistics</b>		
POLS 2400	Quantitative Techniques	4
<b>Economics</b>		
Complete one course within the following ranges, excluding ECON 3520. This course may not also be used as an Economics elective.		4
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

**COMBINATION B**

Code	Title	Hours
<b>Statistics</b>		
ECON 2350	Statistics for Economists	4
<b>Political Science</b>		
Complete one course in the following range:		4
POLS 2401 to POLS 5999		

**Integrative Requirements**

Code	Title	Hours
<b>Senior Seminar/Capstone</b>		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

**Combined Major GPA/Credit Requirement**

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350 or POLS 2400	Statistics for Economists Quantitative Techniques	

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Concentrations****CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS**

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

**CONCENTRATION IN CAMPAIGNS AND ELECTIONS**

Code	Title	Hours
<b>Required Courses</b>		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
<b>Campaigns and Elections Electives</b>		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

**CONCENTRATION IN COMPARATIVE POLITICS**

Code	Title	Hours
<b>Theoretical Requirement</b>		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	

**Regional Requirements**

Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	

POLS 3465 Government and Politics in the Middle East

#### Experiential/Practicum Requirement

Complete one of the following: 4

POLS 4915 Model Arab League

POLS 4918 Model NATO

POLS 4937 Dialogue of Civilizations: Government and Politics Abroad

#### CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours

## Economics, BS

The Bachelor of Science degree focuses attention on the use of mathematics in economic models in the six core courses and many of the required seven electives. The BS degree allows ample room to take courses such as economic development, game theory, and mathematical economics in addition to more supporting courses in the mathematics and computer science departments. Students considering future doctoral studies in economics are strongly encouraged to pursue a double major in economics (BS) and mathematics (BS) or to choose our combined economics/mathematics major.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Required Courses

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Senior Seminar</b>		
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	4

### Electives

Code	Title	Hours
Complete seven courses found in the following ranges, with no more than two at the 1000 level:		28
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

### Breadth Courses

Code	Title	Hours
<b>Calculus</b>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	
<b>Computer Science</b>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 *	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

\* Selecting this 5 SH option will add one additional semester hour to your degree program.

### Economics Major GPA/Credit Requirement

Grades in the following 4 Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 64 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

## Computer Science and Economics, BS

The combined major in computer science and economics integrates fundamental economics courses with a strong programming foundation. Studying both the behavior of individuals and the collective behavior of industries and governments, students will utilize computing skills to address complex issues within the field.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or ECON 1000	First Year Seminar Economics at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800	Logic and Computation	4
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
Choose one of the following:		4
IS 4200 or IS 4300	Information Retrieval Human Computer Interaction	
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 8 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Economics Requirements

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4

ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete four ECON elective courses from the following ranges with no more than two at the ECON 1200-1999 range:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

**Economics Capstone**

ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	

**Integrative Course Requirement**

Code	Title	Hours
The following courses are used in other areas of the major:		
ECON 2560	Applied Econometrics	4
IS 2000	Principles of Information Science	4

**Supporting Courses**

Code	Title	Hours
<b>Mathematics</b>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

**Computing and Social Issues**

Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

**English Requirement**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

**Advanced Writing in the Disciplines**

Complete one course from the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

**Required General Electives**

Code	Title	Hours
Complete 24 semester hours of general electives.		24

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

**Economics GPA Requirement**

Grades in the following required Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Computer Science and Economics Major Credit Requirement**

Minimum of 100 semester hours is required in the major

**Program Requirement**

133 total semester hours required

## Cybersecurity and Economics, BS

The cybersecurity and economics combined degree applies a multidisciplinary approach integrating fundamental economics courses with a strong programming foundation. Students will study both the behavior of individuals and the collective behavior of industries and governments, utilizing computing skills to ensure the reliability and security of cyberspace.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Cybersecurity Major Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or ECON 1000	First Year Seminar Economics at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1

## Data Science and Economics, BS

The combined major in data science and economics integrates fundamental economics courses with a strong programming foundation. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Utilizing these skill sets allows students to address complex issues in the behavior of individuals and the collective behavior of industries and governments.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Data Science Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or ECON 1000	First Year Seminar Economics at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Programming Sequence Pathways</b>		
Complete one of the following options:		12
<i>Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
<i>Data Science Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
<b>Computer Science Required Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4

## Economics and Business Administration, BS

Economics and business administration is a popular combined major that integrates economic theories and models with their business applications. Students complete the core courses for economics and business, including at least one business concentration. Students have the opportunity to choose from a variety of electives from either discipline.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Economics Requirements

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000 or BUSN 1102	Economics at Northeastern Personal Skill Development for Business	1
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350 or MGSC 2301	Statistics for Economists Business Statistics	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete five courses from the following ranges, with no more than one at the introductory (1000) level:		20
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4692 or ECON 4997 (Capstone may be taken as an elective.)		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

### Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Organizational Behavior</b>		
ORGB 3201	Organizational Behavior	4
<b>International Business/Social Responsibility</b>		
INTB 1203	International Business and Global Social Responsibility	4

### Business Concentration

Complete one of the following business concentrations:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)

- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

### Business Cooperative Education

Complete one cooperative education experience.

### Supporting Courses

## Economics and Human Services, BS

This combined degree in economics and human services provides students with the opportunity to obtain the skills and knowledge related to each of these areas of study and an in-depth understanding of how these fields inform and impact each other. The study of economics provides students with an understanding of how individuals, firms, governments, and other organizations behave and interact with each other at both a macro and micro level. The study and practice of human services organizations focus on the impact of economic conditions on individuals, families, and communities. Human services organizations and policies use economic theory to inform responses to societal and economic challenges. Students will pair this knowledge with an understanding of how economics uses data and economic reasoning to help decision makers, businesses, and governments develop better public policy. This degree provides students with both the theoretical and practical curricula utilizing interdisciplinary thinking about inequality and nonprofit/government responses.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Overview and Co-op Courses

Code	Title	Hours
ECON 1000 or HUSV 1000	Economics at Northeastern Human Services at Northeastern	1

## Economics and International Business, BS

The combined economics and international business degree gives students the opportunity to learn about economic theory and applications and how an economics perspective guides strategy and conduct of international business operations. Economics provides theoretical underpinnings for international business in areas such as export and import activity, foreign investment decisions, choosing overseas locations for manufacturing and conducting R&D, deciding on technology transfer, the setting and movement of foreign exchange rates, the role of trade balances in influencing the macroeconomy, and government regulations affecting global antitrust issues and the freedom of action of multinational corporations. The combined major gives interested students a chance to learn how economic principles can be utilized by managers in directing international business activities.

<b>Economics Elective</b>		
Complete four ECON electives with, at most, one course within the 1000 level.		16

#### Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Organizational Behavior</b>		
ORGB 3201	Organizational Behavior	4
<b>Business Core Option</b>		
Complete one of the following:		4
ACCT 2301	Managerial Accounting	
INNO 2301	Innovation!	
MISM 2301	Introduction to Information Systems and Digital Technologies	
SCHM 2301	Supply Chain and Operations Management	

#### Required Business Concentration

- Global Business and Strategy (p. 663)

#### Integrative Course Requirements

Code	Title	Hours
Complete one of the following (may not overlap with courses used for ECON elective section):		4
ECON 3290	History of the Global Economy	
ECON 3635	International Economics	

#### Supporting Courses

Code	Title	Hours
<b>Co-op Preparation</b>		
BUSN 1103	Professional Development for Business Co-op	1

or EESH 2000	Professional Development for Co-op	
--------------	------------------------------------	--

**Statistics Requirement**

MGSC 2301	Business Statistics	4
or ECON 2350	Statistics for Economists	

**Calculus**

Complete one of the following: 4

MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1245	Calculus with Applications	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1340	Intensive Calculus for Engineers	
MATH 1341	Calculus 1 for Science and Engineering	

**Computer Science**

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

**International Experiential Learning**

Code	Title	Hours
Complete one of the following:		
	One semester of study-abroad experience	
	One co-op abroad experience	
	Two Dialogue of Civilizations (summer programs)	
	Two summer traditional study-abroad experiences	
	Two approved short-term programs abroad	

**Second Business Concentration (Optional)**

A second business concentration is optional and may be chosen from the following list:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

**Business Cooperative Education**

Complete one cooperative education experience.

**Business GPA Requirement**

Minimum 2.000 GPA required in business courses

## Economics GPA Requirement

Grades in the following four ECON courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

## Program Requirement

128 total semester hours required

## Plan of Study

The plan below is a sample. Students should consult with their academic advisor to confirm individual academic plans.

This program requires one of the following abroad options:

Semester-long study-abroad experience; cooperative education abroad experience; two Dialogue of Civilizations (summer programs); two summer traditional study-abroad experiences.

## Sample Plan of Study

Year 1								
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours	Hours
BUSN 1102 or INTL 1000		1 ACCT 1201		4 FINA 2201		4 MKTG 2201		4

## Economics and Journalism, BS

The combined major in economics and journalism integrates the analytical and critical thinking skills from economics with the versatile and dynamic world of journalism. Combined with studying the principles, practices, and responsibilities of journalism, students have an opportunity to develop analytical skills that are useful to understand today's current economic events and debates. The skill sets students acquire allow them to better communicate information in areas such as public policy, business, law, and the media. The combined major highlights the important role journalism plays in shaping how economic issues are conveyed to the public.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Introduction

Code	Title	Hours
JRNL 1000 or ECON 1000	Journalism at Northeastern Economics at Northeastern	1

### Co-op Course

Code	Title	Hours
EESH 2000 or EEAM 2000	Professional Development for Co-op Professional Development for Co-op	1

### Economics Requirements

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete three electives from the following ranges with one of those courses, at most, at the 1000 level:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

### Journalism Requirements

Code	Title	Hours
<b>Introductory</b>		
JRNL 1150	Understanding Today's News	4
<b>Foundation Courses</b>		
A grade of C or higher is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

### Law and Ethics

Taking either course fulfills both the capstone requirement and the journalism law and ethics requirement:

1990 Economics and Journalism, BS

JRNL 3550	The First Amendment and the Media	4
or JRNL 4650	Ethics and Issues in Journalism	

### Journalism Electives

Complete three JRNL electives. 12

## Supporting Courses

Code	Title	Hours
------	-------	-------

### Calculus

It is recommended that MATH 1241 or higher is chosen:

MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

### Computer Science

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

## Integrative Courses

Code	Title	Hours
------	-------	-------

Complete one of the following (may not overlap with courses used for electives): 4

JRNL 3680	Advanced Reporting	
JRNL 3700	Data Storytelling	

Complete one of the following (may not overlap with courses used for electives): 4

ECON 1260	Contested Issues in the U.S. Economy	
ECON 3423	Environmental Economics	
ECON 3440	Public Finance	
ECON 3635	International Economics	
ECON 4640	Financial Economics	

## Capstone

Fulfilled by the journalism law and ethics requirement.

## Economics GPA/Credit Requirements

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

## Program Requirements

89 semester hours in the major

129 overall semester hours required

**Plan of Study****Four Years, Two Co-ops in Summer 2/Fall**

Year 1

## Economics and Mathematics, BS

Given the mathematical and graphical models used extensively in economics, economics and mathematics are natural partners. Our combined major with mathematics is designed for students who want to further develop their mathematics skills to enhance their understanding and interest in economics. This combined major is strongly recommended for students with an interest in pursuing graduate studies in economics.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Economics Requirements

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000 or MATH 1000	Economics at Northeastern Mathematics at Northeastern	1
<b>Required Economics</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete 4 economics electives found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

### Mathematics Requirements

Code	Title	Hours
<b>Required Mathematics</b>		
MATH 1365	Introduction to Mathematical Reasoning	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
<b>Mathematics Electives</b>		
Complete two courses in the following range:		8
MATH 3001 to MATH 4999		
The following courses are recommended:		
MATH 3150	Real Analysis	
MATH 4581	Statistics and Stochastic Processes	

### Breadth Course

Code	Title	Hours
<b>Computer Science</b>		
Choose one of the following:		4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 *
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum
MISM 2510	Fundamentals of Information Analytics

\* Selecting this 5 SH option will add one additional semester hour to your degree program.

## Integrative Requirements

Code	Title	Hours
<b>Advanced Writing in the Disciplines</b>		
ENGW 3308	Advanced Writing in the Social Sciences	4
<b>Integrative Course</b>		
Complete one of the following:		4
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	
MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	

## Combined Major GPA/Credit Requirement

Code	Title	Hours
Grades in the following 4 courses must average to a minimum of C (2.000):		
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2560	Applied Econometrics	
MATH 3081	Probability and Statistics	

A cumulative GPA of 2.000 is required in all math courses.

A grade of C or higher is required in all math courses numbered MATH 2999 or below; grades below C will not count toward the degree.

## Economics and Mathematics Major Credit Requirement

Complete 76 semester hours in the major.

## Program Requirement

128 total semester hours required.

## Plan of Study

### Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1								
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours	Hours

	<b>0</b>		<b>16</b>				

Total Hours: 129

## Economics and Philosophy, BS

Both philosophy and economics are the disciplines of critical thinking—thinking in concrete and abstract terms to help put the world in perspective. The combined economics and philosophy major provides students with training to critically evaluate and assess policies and issues on both economic and ethical grounds, including issues such as globalization, immigration, environmental protections, the minimum wage, a fair and just tax, just working environments, and many more.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Overview and Supporting Courses

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		
ECON 1000 or PHIL 1000	Economics at Northeastern Philosophy at Northeastern	1
<b>Supporting Courses</b>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	4

### Economics Requirements

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
<b>Economics Electives</b>		
Complete two ECON elective courses from the following ranges with no more than one in the ECON 1200-1999 range. Additionally, ECON 3520 may not be used as an ECON elective:		
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

### Philosophy Requirements

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4

**Advanced Philosophy Elective**

Complete one PHIL course with a designation of 3000 or above not used to satisfy another requirement. 4

**Critical Philosophy Elective**

Take one of the following courses not used to fulfill another requirement: 4

AFAM 1101	Introduction to African American and Africana Studies
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion
PHIL 1271	Sex in Judaism, Christianity, and Islam
PHIL 2155	Human Rights
PHIL 2492	Indigenous Philosophy
PHIL 2619	Race and Religion in Film
PHIL 3500	Sexuality, Gender, and the Law
PHIL 3822	Philosophy of Race and Racism

**Additional Electives**

Complete two additional electives in philosophy or religion. At least one must be numbered 2000 or above. 8

**Integrative Requirements**

**Code** **Title** **Hours**

Complete the capstone and one of the other courses listed below that has not been used in the above requirements.

**Capstone**

PHIL 4550 Philosophy of Economics 4

Choose one additional integrative course: 4

PHIL 3435	Moral Philosophy
or PHIL 4500	Theory of Knowledge
or PHIL 4510	Philosophy of Science
or PHIL 5001	Global Justice
or PHIL 5002	Ethics and Public Policy

**Major GPA/Credit Requirement**

Complete 76 semester hours in the major.

Grades in the following four Economics courses must average to a minimum of C (2.000):

**Code** **Title** **Hours**

ECON 2315	Macroeconomic Theory
ECON 2316	Microeconomic Theory
ECON 2350	Statistics for Economists
ECON 2560	Applied Econometrics

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Plan of Study**

**Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall**

## Economics and Psychology, BS

This combined major educates students in economics and psychology and the interface between the two disciplines. Economics courses provide a foundation in macroeconomics, microeconomics, and applied econometrics. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including such topics as cognition, decision making, learning, and motivation. Students completing this program of study should be able to understand how the two fields jointly contribute to explaining the complexity of human behavior in an economic context.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Economics Requirements

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	4

### Economics Electives

Complete four ECON courses from the following ranges with no more than two at the ECON 1200–1999 range. The course used to satisfy the integrative course requirement may not be used as an economics elective:

ECON 1200–ECON 1999

ECON 2990–ECON 4689

ECON 4900–ECON 4996

ECON 5200–ECON 5999

### Psychology Requirements

Code	Title	Hours
<b>Required Courses</b>		
PSYC 1101	Foundations of Psychology	4
PSYC 3402	Social Psychology	4
PSYC 3450	Learning and Motivation	4
PSYC 3466	Cognition	4

### Statistics

Complete the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission):

PSYC 2320 Statistics in Psychological Research

### Required Lab

Complete one of the following:

PSYC 4600 Laboratory in Research Design

PSYC 4606 Laboratory in Biological Psychology

PSYC 4610 Laboratory in Psycholinguistics

PSYC 4612 Laboratory in Cognition

PSYC 4614 Laboratory in Social Psychology

PSYC 4616 Laboratory in Personality

PSYC 4622 Laboratory in Sensation and Perception

PSYC 4624	Laboratory in Affective Science	
PSYC 4626	Laboratory in Life-Span Emotional Development	
PSYC 4628	Laboratory in Developmental Psychology	

**Required Seminar**

Complete one of the following: 4

PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	

**Psychology Electives**

Complete three PSYC courses not used to fulfill requirements above. 12

**Other Requirements Outside Major**

Code	Title	Hours
PSYC 1000 or ECON 1000	Psychology at Northeastern Economics at Northeastern	1
EESC 2000 or EESH 2000	Professional Development for Co-op Professional Development for Co-op	1
ENGW 1111	First-Year Writing	4
COOP 3945	Co-op Work Experience	0

**Calculus**

Complete one of the following. It is recommended that MATH 1241 or higher is chosen: 4

MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	
---	--	--

**Computer Science**

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics

## Environmental and Sustainability Sciences and Economics, BS

Through this combined major, students develop an awareness of the intrinsic connection between the environment and economics and understand how long-run economic growth is crucially dependent on policies that account for the sustainability and well-being of the environment and that are grounded on environmental science.

There are a number of interdisciplinary opportunities involving environmental and sustainability sciences. Due to curricular overlap, combinations of any environmental and sustainability sciences major, including combined majors, cannot occur with majors or minors in ecology and evolutionary biology or environmental studies or with the minor in geoscience.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Environmental and Sustainability Sciences Requirements

Code	Title	Hours
<b>Core Courses</b>		
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	5
ENVR 1200 and ENVR 1201 or ENVR 2200	Dynamic Earth and Lab for ENVR 1200 Earth's Changing Cycles	4-5
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5
ENVR 2515	Sustainable Development	4
Complete one of the following skills courses:		4-5
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
ENVR 5260	Geographical Information Systems	
Complete four courses from these lists:		16
<i>Earth Oceans and Environmental Change</i>		
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	
ENVR 3125	Global Oceanic Change	
ENVR 3600	Oceanography	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	
ENVR 5600	Coastal Processes, Adaptation, and Resilience	
ENVR 5670	Global Biogeochemistry	
<i>Conservation, Restoration, and Management</i>		
EEMB 2400	Introduction to Evolution	
EEMB 3460	Conservation Biology	
EEMB 3465	Ecological and Conservation Genomics	
EEMB 4001	Landscape and Restoration Ecology	
ENVR 4505	Wetlands	
ENVR 5700	Streams and Watershed Ecology	
<i>Sustainable Planning and Development</i>		
ENVR 3150	Food Security and Sustainability	
ENVR 3200	Water Resources	
ENVR 5150	Climate and Atmospheric Change	
ENVR 5210	Environmental Planning	

ENVR 5800	Climate Adaptation and Nature-Based Solutions
<i>Environment and Society</i>	
ENVR 5450	Applied Social-Ecological Systems Modeling
ENVR 5750	Urban Ecology
POLS 2395	Environmental Politics and Policy
PPUA 5260	Ecological Economics
PPUA 5268	International Environmental Policy
SOCL 2485	Environment, Technology, and Society

## Economics Requirements

Code	Title	Hours
<b>Core Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3423	Environmental Economics	4
<b>Supporting Courses</b>		
<i>Calculus</i>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
<i>Computer Science</i>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
<b>Electives</b>		
Complete two courses in the following ranges, with only one at the 1000 level:		8
ECON 1200–ECON 1999		
ECON 2990 –ECON 4689		
ECON 4900–ECON 4996		
ECON 5200–ECON 5999		

## Integrative Requirements

Code	Title	Hours
<b>Introduction to College</b>		
ENVR 1000 or ECON 1000 or INSC 1000	Marine and Environmental Sciences at Northeastern Economics at Northeastern Science at Northeastern	1
<b>Environmental and Sustainability Sciences Integrative Course</b>		
Complete one of the following (courses used as electives may not overlap with courses used as integrative):		4
ENVR 3150	Food Security and Sustainability	
ENVR 5350	Sustainable Energy and Climate Solutions	
ENVR 5450	Applied Social-Ecological Systems Modeling	
ENVR 5563	Advanced Spatial Analysis	

**Economics Integrative Course**

Complete one of the following (courses used as electives may not overlap with courses used as integrative):	4
ECON 1711	Economics of Sustainability
ECON 3404	International Food Policy
ECON 3425	Energy Economics

**Capstone**

Complete one of the following:	4
ENVR 4050	Solving Emerging Environmental Challenges through Capstone
ENVR 4997	Senior Thesis
ECON 4692	Senior Economics Seminar
ECON 4997	Senior Economics Thesis

**English Requirements (First-Year Writing and Advanced Writing in the Disciplines)**

Code	Title	Hours
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
ENGW 3307	Advanced Writing in the Sciences	4
or ENGW 3308	Advanced Writing in the Social Sciences	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

**Major GPA/Credit Requirement**

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4

## History and Economics, BS

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level</b>		
Complete one history course from the 1000 level (except HIST 1200 and HIST 1201).		4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>History Elective</b>		
Complete two HIST courses at any level in any field.		8
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>Intermediate/Advanced History Courses</b>		
Complete minimum of one history course numbered 2000 to 2999 (except HIST 2301 and HIST 2302).		4
<b>Advanced History</b>		
Complete minimum of one history course numbered 3000 to 4999 (except HIST 4701).		4
<b>Supplemental Course for History—Research Methods</b>		
Complete one of the following:		4
ECON 2350	Statistics for Economists	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology	

**Economics Requirements**

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000 or HIST 1000	Economics at Northeastern History at Northeastern	1
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete four economics elective courses that are found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement may not be used as economics electives:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
<b>Supplemental Courses</b>		
<i>Computer Science</i>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
<i>Calculus</i>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	

**Capstone Requirements**

Code	Title	Hours
Complete one of the following options:		
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	4
HIST 4701	Capstone Seminar	

**Integrative Requirements**

Code	Title	Hours
Complete one of the following:		
ECON 1292	Economic History of the Middle East	4
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	
HIST 2360	History of Capitalism in East Asia	

**History and Economics Major GPA/Credit Requirement**

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 98 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

## Political Science and Economics, BS

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete four courses from the following range, or complete a concentration as outlined below:		16
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. ).

- American Political Institutions (p. 2010)
- Campaigns and Elections (p. 2010)
- Comparative Politics (p. 2010)
- Identity, Culture, and Politics (p. 2011)
- International Relations and Diplomacy (p. 2011)
- Law and Legal Studies (p. 2011)
- Public Policy (p. 2011)
- Security Studies (p. 2012)

### Economics Requirements for BS

Code	Title	Hours
<b>Breadth Courses</b>		
<i>Computer Science</i>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

#### *Calculus*

It is recommended that MATH 1241 or higher is chosen:

MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

**Required Economics Courses**

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4

**Economics Electives**

Complete three Economics elective courses found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range: 12

ECON 1200 to ECON 1999

ECON 2990 to ECON 4689

ECON 4900 to ECON 4996

ECON 5200 to ECON 5999

**Supporting Courses**

Code	Title	Hours
Complete one of the statistics and departmental elective combinations listed below:		8

**Combination A***Statistics*

POLS 2400 Quantitative Techniques

*Economics*

Complete one course from the following ranges. This course may not also be used as an Economics elective:

ECON 1200 to ECON 1999

ECON 2990 to ECON 4689

ECON 4900 to ECON 4996

ECON 5200 to ECON 5999

**Combination B***Statistics*

ECON 2350 Statistics for Economists

*Political Science*

Complete one course in the following range:

POLS 2401 to POLS 5999

**Integrative Requirements**

Code	Title	Hours
<b>Senior Seminar/Capstone</b>		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

**Combined Major GPA/Credit Requirement:**

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	

2010 Political Science and Economics, BS

ECON 2350	Statistics for Economists
or POLS 2400	Quantitative Techniques
ECON 2560	Applied Econometrics

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required.

---

### CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

### CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
<b>Required Courses</b>		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
<b>Campaigns and Elections Electives</b>		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

### CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
<b>Theoretical Requirement</b>		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
<b>Regional Requirements</b>		
Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
<b>Experiential/Practicum Requirement</b>		
Complete one of the following:		4
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad	

**CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS**

Code	Title	Hours
<b>Core Course</b>		
POLS 3418	Nationalism	4
<b>Electives</b>		
Complete three of the following:		12
POLS 2359	Immigration Politics	
POLS 2368	Music and Politics in America and Abroad	
POLS 2370	Religion and Politics	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3324	Law and Society	

**CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY**

Code	Title	Hours

## Economics, Minor

The minor in economics introduces students to fundamental concepts in economics such as market demand and supply, how firms compete with each other, household choice and behavior under scarcity constraints, government fiscal and monetary policy, inflation, unemployment, and growth and instability. Economics elective courses explore further topics such as international trade, development economics, food supply chain policy, the environmental costs of growth, the economic aspects of natural resources, poverty, healthcare markets, labor market discrimination, trade unions, crime, and government regulation, among others. Students are also exposed to historical perspectives and to international and comparative perspectives on these topics.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any prerequisites, corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
or ECON 2316	Microeconomic Theory	

### Elective Courses

Code	Title	Hours
Complete two upper-level economics electives within the following ranges:		8
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

### GPA Requirement

Minimum of 2.000 GPA required in the minor

## English

Website (<http://www.northeastern.edu/english/>)

### Theo Davis, PhD

Professor and Chair

th.davis@northeastern.edu

617.373.4540

617.373.2509 (fax)

In the Department of English, we explore how literary expression and rhetorical action shape and are shaped by the worlds in which they were created. Literature, language, and rhetoric offer powerful tools for understanding the ideas and beliefs that construct our lives, including present and historical formations of aesthetics, race, gender, sexuality, disability, class, colonialism, health, and the environment across a wide variety of media.

Whether you choose an English major, combine the English major with another area of study, or opt to pursue a minor, in the Department of English at Northeastern you join a community in which you can:

- Learn about the literatures and cultures of the United States, the United Kingdom, and the English-speaking world, past and present
- Investigate the rhetorics and literacies of local and global communities by using a variety of methods, including community-based, historical, and justice-based approaches
- Develop varieties of creative expression
- Engage meaningfully and generously with others through writing and discussion in our classrooms, workplaces, and communities
- Examine the power of language and rhetoric to effect action, shape knowledge and identity, and constitute communities
- Uncover how language operates through the lens of linguistics
- Explore English and the way that language shapes our communities and ourselves
- Discover how knowledge is produced through language and material forms, including digital forms
- Hone critical and analytic strategies and skills
- Balance theoretical perspectives with experiential practices
- Undertake independent research

In addition to the English major (p. 2016), we also offer several combined majors (<https://cssh.northeastern.edu/english/program/combined-majors/>); an English minor (p. 2094); a minor in writing (p. 2096); a minor in rhetoric (p. 400); and a minor in health, humanities, and society (p. 1228).

### Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 88)."

### PlusOne Program (MA) in English

English majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master's degree in English. Students interested in this option should consult with the undergraduate program director in English by the end of the sophomore year.

### Programs

#### Bachelor of Arts (BA)

- English (p. 2016)
- Africana Studies and English (p. 1872)
- English and Communication Studies (p. 299)
- English and Criminal Justice (p. 1811)
- English and Cultural Anthropology (p. 2036)
- English and Graphic and Information Design (p. 222)
- English and Philosophy (p. 2044)
- English and Political Science (p. 2048)
- English and Theatre (p. 544)
- History and English (p. 2061)
- Journalism and English (p. 410)
- Linguistics and English (p. 1702)
- Media and Screen Studies and English (p. 327)

**Bachelor of Science (BS)**

- Architecture and English (p. 145)
- Biology and English (p. 1388)
- Computer Science and English (p. 789)

**Minor**

- English (p. 2094)
- Rhetoric (p. 400)
- Writing (p. 2096)

**Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## English, BA

Students in the English major study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. They analyze writing practices and related media from the Middle Ages through the present, from the quill pen to code. They practice a variety of theoretical and methodological approaches to the study of language, rhetoric, writing, and literature.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Major Requirements

Code	Title	Hours

## Africana Studies and English, BA

### Overview

The combined major in Africana studies and English offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of English studies. Within the combined major, students may also choose to focus their studies on a range of topics related to literature, writing, narrative, and cultural production in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Africana Studies Requirements

## English and Communication Studies, BA

The English department and the communication studies department offer an interdisciplinary combined major in English and communication studies. Broadly speaking, students in the combined major in English and communication studies at Northeastern integrate the study of literature and writing with studies of media, social, corporate, and political communications.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
<b>Literary Periods</b>		
<i>Pre-19th Century Literature</i>		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<i>19th/20th/21st Century Literature</i>		

Complete one of the following courses:

4

*19th Century*

ENGL 2330 The American Renaissance

ENGL 3140 19th-Century Literatures

ENGL 3190 Topics in 19th-Century American Literature

ENGL 3619 Emerson and Thoreau

ENGL 3720 19th-Century Major Figure

*20th/21st Century*

ENGL 2301 The Graphic Novel

ENGL 2440 The Modern Bestseller

ENGL 2600 Irish Literary Culture (Abroad)

ENGL 3161 20th- and 21st-Century Literatures

ENGL 3685 Modern and Contemporary Jewish Literature

or JWSS 3685 Modern and Contemporary Jewish Literature

ENGL 3730 20th- and 21st-Century Major Figure

**Theories and Methods**

Complete one of the following:

4

ENGL 1140 Grammar: The Architecture of English

ENGL 1160 Introduction to Rhetoric

ENGL 1410 Introduction to Research on Writing

ENGL 2150 Literature and Digital Diversity

ENGL 3325 Rhetoric of Law

ENGL 3381 The Practice and Theory of Teaching Writing

## English and Criminal Justice, BA

The Department of English and School of Criminology and Criminal Justice offer a combined major in English and criminal justice. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. English courses prepare students to analyze and interpret various representations of crime, criminality, the law, justice, and ethics in both literary and nonliterary texts as they study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing

ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

**English Electives**

Complete any two ENGL courses that have not already been used to fulfill another requirement. 8

**Criminal Justice Requirements**

Code	Title	Hours
------	-------	-------

**Introduction to Crime, Law, and the Justice System**

What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.

CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

**Current Crime and Justice Issues**

These courses introduce students to topical issues related to crime and justice.

Complete one of the following: 4

CRIM 1300	The Death Penalty
CRIM 1400	Human Trafficking
CRIM 1500	Corruption, Integrity, and Accountability
CRIM 1700	Crime, Media, and Politics

**Crime Problems and Criminal Justice Institutions**

The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.

Complete one of the following: 4

CRIM 2310	Courts: The Third Branch of Government
CRIM 2320	Youth Crime and Justice
CRIM 2330	Punishment in the Age of Mass Incarceration
CRIM 2340	Corporate Security: Securing the Private Sector
CRIM 2350	Policing a Democratic Society
CRIM 2370	Restorative Justice: Transforming the System
CRIM 3010	Criminal Violence
CRIM 3030	Global Criminology
CRIM 3040	Psychology of Crime
CRIM 3060	Political Crime and Terrorism
CRIM 3070	Corporate and White-Collar Crime
CRIM 3540	Addiction and Recovery

**Creating Knowledge about Crime and Justice**

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

**Systemic Issues**

A consideration of systemic issues facing the criminal justice system.

Complete one of the following: 4

CRIM 3110	Gender, Crime, and Justice
CRIM 3120	Race, Crime, and Justice

**Criminal Justice Electives**

Rounding out knowledge of crime and justice.  
 Complete two additional criminal justice electives from the 3000, 4000, or 5000 level. 8

**Other Requirements**

Code	Title	Hours

## English and Cultural Anthropology, BA

The Department of English and the Department of Sociology and Anthropology offer an interdisciplinary combined major in English and cultural anthropology. Broadly speaking, students in the combined major in English and cultural anthropology at Northeastern integrate the study of literature, language, and writing with the study of human culture and its intersections with structures of inequality (e.g., race, class, and gender) and contemporary global issues.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>

## English and Graphic and Information Design, BA

The Department of English and the Department of Art + Design offer an interdisciplinary combined major in English and graphic and information design. Students interested in the combined major in English and graphic and information design integrate the study of literature and writing with the design of message and meaning, integrating text, image, and data.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>English Course-Level Requirement</b>		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
<b>Introduction to College</b>		
ENGL 1000	English at Northeastern	1
<b>Foundational Courses</b>		
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1400	Introduction to Literary Studies	4
<b>Diversity</b>		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685 or JWSS 3685	Modern and Contemporary Jewish Literature Modern and Contemporary Jewish Literature	
<b>Pre-Nineteenth-Century Literature</b>		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literatures 1	
ENGL 2296	Early African-American Literature	
ENGL 3678 or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<b>Nineteenth-, Twentieth-, and Twenty-First-Century Literature</b>		
Complete one of the following:		4
ENGL 2301	The Graphic Novel

ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3700	Narrative Medicine
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

### Comparative Literature

Complete one of the following:

4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1502	American Literature to 1865
ENGL 2150	Literature and Digital Diversity
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2450	Postcolonial Literature
ENGL 2455	American Women Writers
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature?
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)

### Writing

Complete one of the following:

4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

### Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	
<b>English Electives</b>		
Complete two additional ENGL electives.		8

### Graphic and Information Design Requirements

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000	Art and Design at Northeastern	1
or ENGL 1000	English at Northeastern	
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
<b>Art and Design History</b>		
Complete any one ARTH course as long as prerequisites have been met.		4
<b>Design</b>		
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4

## English and Theatre, BA

The Department of English and Department of Theatre offer an interdisciplinary combined major that integrates performance, design, production, and dramatic literature with literary studies, digital humanities, and creative writing. This combined major offers both classroom and experiential learning in making theatre, playwriting, and dramaturgy with the study of the diverse historical, cultural, and aesthetic contexts of literature. Students develop the capacity for interpreting a variety of texts through performance and writing to engage audiences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	

### Literary Periods

#### *Pre-19th Century Literature*

Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature

## History and English, BA

The Department of History and the Department of English offer an interdisciplinary combined major in history and English. Students interested in the combined major integrate the study of literature and writing with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level</b>		
Complete one course from the 1000 level.		4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500

## Journalism and English, BA

The School of Journalism and the Department of English offer an interdisciplinary combined major in Journalism and English. Broadly speaking, students in the Combined Major in Journalism and English at Northeastern integrate the study of journalism with the study of language, literature and writing.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Interpreting Culture (IC), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Journalism Major Requirements

Code	Title	Hours
<b>Journalism Introductory Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundations</b>		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Law and Ethics</b>		
JRNL 3550 or JRNL 4650	The First Amendment and the Media Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Take three JRNL courses		12

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
<b>Literary Periods</b>		
<i>Pre-19th Century Literature</i>		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<i>19th/20th/21st Century Literature</i>		
Complete one of the following courses:		4
<i>19th Century</i>		
ENGL 2330	The American Renaissance	
ENGL 3140	19th-Century Literatures	
ENGL 3190	Topics in 19th-Century American Literature	
ENGL 3619	Emerson and Thoreau

## Linguistics and English, BA

### Overview

In the combined major in linguistics and English, students study the structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) and apply this knowledge to understanding how the English language works, its rhetorical forms, how it has changed over time, and its cultural context. Students hone their writing skills, develop substantial language-analysis skills, and apply them particularly to English.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## Media and Screen Studies and English, BA

The media and screen studies program and the Department of English offer a combined major in media and screen studies and English. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. Majors become familiar with writing practices and media from the Middle Ages through the present, from the quill pen to computer code.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

**Total Hours: 130**

## Architecture and English, BS

The School of Architecture and Department of English offer an interdisciplinary combined major in architecture and English. Students interested in the combined major integrate the study of literature and writing with the rigorous design methods of architecture. This program offers a flexible curriculum focused on key contemporary topics related to the built environment.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

NUPath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) in their electives.

### Architecture Requirements

Code	Title	Hours
<b>Required Courses</b>		
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310	Buildings and Cities, A Global History	4
ARCH 1450	Understanding Design	4
ARCH 2130	Site, Space, Program	6
ARCH 2240	Architectonic Systems	4
<b>Architecture History Electives</b>		<b>8</b>
Complete any two courses in the range of ARCH 2300–ARCH 2399.		
<b>Electives</b>		
Complete two of the following:		8
ARCH 3370	Advanced Topics in Architectural History	
ARCH 3450	Advanced Architectural Communication	
ARCH 5310	Design Tactics and Operations	

### English Requirements

Code	Title	Hours
<b>English Course-Level Requirement</b>		
In addition to the capstone, two of the courses completed from the lists below must be numbered 3000–4999.		
<b>Introduction to College</b>		
ENGL 1000	English at Northeastern	1
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
<b>Diversity</b>		
Complete one of the following. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2760	Writing in Global Contexts	

ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685 or JWSS 3685	Modern and Contemporary Jewish Literature Modern and Contemporary Jewish Literature	
<b>Pre–Nineteenth-Century Literature</b>		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literatures 1	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<b>Nineteenth-, Twentieth-, and Twenty-First-Century Literature</b>		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art Abroad	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
<b>Theories and Methods</b>		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
<b>Comparative Literature</b>		
Complete one of the following:		4
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1502	American Literature to 1865	
ENGL 2150	Literature and Digital Diversity	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature?	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
<b>Writing</b>		
Complete one of the following:		4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

**Capstone**

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

**English Electives**

Complete two additional ENGL electives. 8

**Integrative Requirement**

Code	Title	Hours
ARCH 2330	Architecture and the City in the Nineteenth Century	4
or ARCH 2340	Modern Architecture	
ENGL 3375	Writing Boston	4

**Program Requirement**

128 total semester hours required

## Biology and English, BS

In the combined biology and English degree, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In English courses, students study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature. The fields of biology and English are bridged with course work in different forms of science writing, as well as psychology and sociology courses exploring the acquisition of language and reading; the sociology of health and illness; and the environment, technology, and society.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Biology Requirements

Code	Title	Hours
<b>Introduction to College</b>		
BIOL 1000 or ENGL 1000 or INSC 1000	Biology at Northeastern English at Northeastern Science at Northeastern	1
<b>Experiential Learning Introduction</b>		
EESC 2000	Professional Development for Co-op	1
<b>Required Biology</b>		
<i>Foundations</i>		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
<i>Inquiries</i>		
BIOL 2299	Inquiries in Biological Sciences	4
<i>Genetics</i>

<i>Project Lab</i>		
BIOL 2309	Biology Project Lab	4
<i>Biochemistry</i>		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
<b>Biology Elective</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
<b>Intermediate/Advanced Biology</b>		
Complete one of the following:		4-5
BIOL 2327 to BIOL 3999		
BIOL 4705 to BIOL 5999		
<b>Organismal and Evolutionary Biology</b>		
Complete one of the following:		4-5
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3413	Current Topics in Organismal and Population Biology	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
EEMB 2400	Introduction to Evolution	

EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700
EEMB 3460	Conservation Biology
EEMB 3466	Disease Ecology
EEMB 3600	Animal Behavior

## Supporting Courses for Biology

Code	Title	Hours
<b>Mathematics</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
<b>Statistics</b>		
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	5
<b>Chemistry</b>		
<i>General Chemistry</i>		
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for Science Majors and Lab for CHEM 1161 and Recitation for CHEM 1161	5
<i>Organic Chemistry</i>		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
<b>Physics</b>		
<i>Physics 1</i>		
Complete one of the following lecture/lab pairs. PHYS 1145/PHYS 1146 is recommended:		5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
<i>Physics 2</i>		
Complete one of the following lecture/lab pairs. PHYS 1147/PHYS 1148 is recommended:		5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	

## English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

## English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
<b>Literary Periods</b>		
<i>Pre-19th Century Literature</i>		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<i>19th/20th/21st Century Literature</i>		
Complete one of the following courses:		4
<i>19th Century</i>		
ENGL 2330	The American Renaissance	
ENGL 3140	19th-Century Literatures	
ENGL 3190	Topics in 19th-Century American Literature	
ENGL 3619	Emerson and Thoreau	
ENGL 3720	19th-Century Major Figure	
<i>20th/21st Century</i>		
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 3161	20th- and 21st-Century Literatures	
ENGL 3685	Modern and Contemporary Jewish Literature	
or JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
<b>Theories and Methods</b>		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3400	Opening the Archive	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	

LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	

**Comparative Course**

Complete one of the following courses: 4

ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1500	British Literature to 1800	
ENGL 1502	American Literature to 1865	
ENGL 2150	Literature and Digital Diversity	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature?	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	

**Writing**

Complete one of the following: 4

ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2730	Digital Writing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2850	Writing for Social Media: Theory and Practice	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3384	The Writer's Marketplace	

**English Electives**

Complete any two ENGL courses that have not already been used to fulfill another requirement. 8

**Integrative Courses**

## Computer Science and English, BS

The computer science and English combined major focuses on the increasingly interdisciplinary processes of creating, interpreting, and analyzing texts and programs. Students will combine communication and critical judgment, gaining the creativity and adaptability necessary to utilize technology in literary studies, and apply humanities skills to solve programming problems.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or ENGL 1000	First Year Seminar English at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
<b>Computing Focus</b>		
Students are required to complete one of the following foci (two courses total):		8
<i>Focus 1: Natural Language Processing</i>		
CS 3800	Theory of Computation	
CS 4120	Natural Language Processing	
<i>Focus 2: Programming Languages</i>		
CS 3800	Theory of Computation	
CS 4400	Programming Languages

**Computer Science Writing Requirement**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

**Advanced Writing in the Disciplines**

Complete one course from the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3310	Advanced Writing in Literature	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

**Required General Electives**

Code	Title	Hours
Complete 28 semester hours of general electives.		28

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

## English, Minor

The English minor offers students the opportunity to complement their major area with focused course work in any of the broad areas of English studies, such as writing practices, language, rhetoric, and literature.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Three of the four total courses must be taken at Northeastern.

*Note:* Courses taken to fulfill the first-year writing requirement and the Advanced Writing in the Disciplines requirements do not count toward this minor. A total of 16 semester hours is required for the English minor.

### Requirements

Code	Title	Hours
<b>Introductory Course</b>		
Complete one course in the following range:		4
ENGL 1001 to ENGL 1999		
<b>Electives</b>		
Complete three ENGL courses, two of which must be in the range ENGL 2000 to ENGL 4999.		12

### GPA Requirement

2.000 GPA required in the minor

## Rhetoric, Minor

The rhetoric minor appeals to students interested in history, theory, and the criticism of civic discourse and cultural practices. The minor integrates courses from the Department of Communication Studies and the Department of English that explore the nature and function of rhetoric in politics, the professions, and the media. The rhetoric minor offers students an opportunity to be better citizens, members of the community, and leaders in the workplace by learning how to use language strategically, to speak with integrity, and to appreciate the power of their own voice.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where indicated.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Foundational Course

Code	Title	Hours
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
ENGL 1160	Introduction to Rhetoric	

### Electives

Code	Title	Hours
Note: For English majors, only one course from the major may also count toward this elective section of the minor.		
Complete four of the following:		16
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 3415	Communication Criticism	
COMM 3501	Free Speech: Law and Practice	
COMM 4602	Contemporary Rhetorical Theory	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3404	African American Rhetorical Traditions	

### GPA Requirement

2.000 GPA required in the minor

## Writing, Minor

Students in the writing minor integrate theory with writing practice. Courses on writing for social media, writing in global contexts, and writing in a variety of creative genres provide students with opportunities to explore writing in diverse contexts.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Three of the four total classes must be taken at Northeastern.

### Writing Theories and Methods

Code	Title	Hours
Complete one of the following:		4
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3404	African American Rhetorical Traditions	

### Writing Electives

Code	Title	Hours
Complete three of the following not used to fulfill another requirement:		12
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 2301	The Graphic Novel	
ENGL 2695	Travel and Place-Based Writing	
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3384	The Writer's Marketplace	

### GPA Requirement

2.000 GPA required in the minor

## History

Website (<http://www.northeastern.edu/history/>)

### Timothy Brown, PhD

Professor and Chair

617.373.2660

617.373.2661 (fax)

History at Northeastern University emphasizes the study of local and regional histories as well as of the global exchanges between nations, regions, and cultures. Knowledge of the past is also about building the future. In a world marked by increasing exchange between peoples, cultures, and societies, history is key to understanding contemporary issues such as the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. At the same time, history teaches crucial skills in analytical thinking, research processes, writing, oral expression, and multimedia presentation.

History majors take three core seminars on historical research and choose from a broad range of courses in historical themes, periods, and regions. The program emphasizes undergraduate research in the major and trains students to conduct research in archives and primary sources and to write research papers. Honors study is strongly encouraged for eligible students, and students are encouraged to take advantage of numerous options for study abroad. Advanced undergraduates have the opportunity to participate in individual directed study with members of the faculty on topics of mutual interest.

Cooperative education placements, fieldwork, internships, and other experiential learning activities are also available. History majors have worked on co-op in law firms, an art auction house, the State Department, the Massachusetts State House, Newton Public Schools, and the Massachusetts State Archives, among many other institutions.

Undergraduates who plan to teach in public schools may combine history with education courses that can lead to state certification in Massachusetts. History students are also encouraged to take Dialogue of Civilizations courses that engage students in short-term study abroad during the summer.

The department offers a broad-based major in history, with both Bachelor of Science and Bachelor of Arts options, and participates in numerous interdisciplinary programs: Asian studies; cinema studies; environmental studies; international affairs; Jewish studies; Latino/a, Latin American, and Caribbean studies; and women's, gender, and sexuality studies.

The Department of History offers qualified undergraduates the opportunity to pursue a BA/MA or BS/MA degree in five years, with the approval of the department. Students with a minimum 3.330 cumulative grade-point average and minimum 3.500 GPA in required history courses may apply for admission to the PlusOne BA/MA or BS/MA program in history.

### Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 88)."

### PlusOne Program (MA) in History

History majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master's degree in history. Students interested in this option should consult with the graduate program director as soon as they think they might be interested in pursuing the master's degree.

### Programs

#### Bachelor of Arts (BA)

- History (p. 2099)
- History and Asian Studies (p. 1740)
- History and Criminal Justice (p. 1816)
- History and Cultural Anthropology (p. 2112)
- History and Economics (p. 1948)
- History and English (p. 2061)
- History and Philosophy (p. 2122)
- History and Political Science (p. 2125)
- History and Religious Studies (p. 2130)
- Environmental Studies and History (p. 1484)
- International Affairs and History (p. 2133)
- Media and Screen Studies and History (p. 332)

**Bachelor of Science (BS)**

- History (p. 2143)
- Computer Science and History (p. 803)
- History and Economics (p. 2005)

**Bachelor of Science in Mechanical Engineering (BSME)**

- Mechanical Engineering and History (p. 1136)

**Minor**

- History (p. 2160)

**Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## History, BA

The Bachelor of Arts (BA) is a broadly based liberal arts degree in history. Students who pursue the BA degree must satisfy general requirements and take courses to satisfy Northeastern's university-wide core curriculum (NUpath (p. 111)), in addition to required and elective history courses. These requirements help students develop their historical knowledge and skills within the contexts of the arts, humanities, social sciences, and sciences that together comprise the disciplinary sources of historical knowledge. They enable historical understanding to be culturally and linguistically sensitive to the subjects of historical inquiry.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Major Requirements

Code	Title	Hours
<b>Introductory History</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Complete two of the following:		8
HIST 1100	Law and History	
HIST 1120	Public History, Public Memory	
HIST 1130	Introduction to the History of the United States	
HIST 1150	East Asian Studies	
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath	
HIST 1185	Introduction to Middle Eastern History	
HIST 1190	Picturing Modernity: The Photographic Image in Culture and Society	
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	
HIST 1246	World War II in the Pacific	
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	
<b>History Seminar and Historical Writing</b>		
HIST 2301 and HIST 2302	The History Seminar and Historical Writing	5

### Additional History Requirements

Code	Title	Hours
<b>Pre-1800 Course</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage I: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	

HIST 2370	Renaissance to Enlightenment
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain
HIST 2390	Africa and the World in Early Times
HIST 3334	Assassinations in World History

**History Outside the United States and Europe**

Complete one of the following: 4

HIST 1150	East Asian Studies
HIST 1187	Introduction to Latin American History
HIST 1206	Drug Trade and Drug War: History, Security, Culture
HIST 1246	World War II in the Pacific
HIST 1252	Japanese Literature and Culture
HIST 1253	History of Vietnam Wars
HIST 1290	Modern Middle East
HIST 1294	History of the Jews in the Modern World
HIST 1500	Modern Chinese History and Culture
HIST 2025	Latin American History through Film
HIST 2211	The World Since 1945
HIST 2308	Law, Justice, and Society in Modern China
HIST 2311	Colonialism/Imperialism
HIST 2351	Modern Japan
HIST 2360	History of Capitalism in East Asia

**Capstone**

HIST 4701	Capstone Seminar	4
-----------	------------------	---

**History Electives**

Code	Title	Hours
Complete further history courses not used to fulfill a previous requirement.		

**General History Elective Requirement**

Complete two HIST courses at any level in any field. 8

**Intermediate/Advanced Course Requirement**

Complete a minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302). 4

**Advanced Course Requirement**

Complete a minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701). 4

**History Major Credit Requirement**

Complete 46 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirements**

128 total semester hours required

## Environmental Studies and History, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems through historical perspectives and backgrounds. Due to overlap in course content, students majoring in environmental studies or any environmental studies combined majors may not complete a minor in environmental and sustainability sciences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Environmental Studies Requirements

Code	Title	Hours
<b>Introductory Courses</b>		
Complete one of the following:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	
Complete one of the following:		4
ANTH 1101	Peoples and Cultures	
ENVR 2401	Food Justice and Community Development	
PHIL 1180	Environmental Ethics	
SOCL 1246	Environment and Society	
<b>Scientific Foundations of Environmental Systems</b>		
Complete one of the following:		4

## History and Asian Studies, BA

History and Asian studies offers an interdisciplinary combined major. Students interested in the combined major in history and Asian studies integrate the exploration of human history with the rigorous study of Asian cultures, societies, languages, and economies.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level</b>		
Choose one course from the 1000 level except HIST 1215, which is required by Asian studies.		4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Choose one course from the following:		4
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
<b>Advanced History</b>		
Complete one history course 3000 level or above.		4

### History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range. These courses may double-count in the requirements above (except History Colloquium).

### Asian Studies Requirements

Code	Title	Hours
<b>Required Courses</b>		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
<b>Asia in Global Context</b>		
Complete one of the following:		4
ECON 3290	History of the Global Economy	

POLS 3487

Politics of Developing Nations

Complete a professional or academic experience abroad in consultation with your advisor.

**Language and Elective Requirements**

Code	Title	Hours
------	-------	-------

**Language Courses**

Complete the following courses in either Chinese or Japanese: 16

*Chinese*

CHNS 1101	Elementary Chinese 1	
CHNS 1102	Elementary Chinese 2	
CHNS 2101	Intermediate Chinese 1	
or CHNS 2301	Intermediate Chinese Immersion 1	
CHNS 2102	Intermediate Chinese 2	
or CHNS 2302	Intermediate Chinese Immersion 2	

*Japanese*

JPNS 1101	Elementary Japanese 1	
JPNS 1102	Elementary Japanese 2	
JPNS 2101	Intermediate Japanese 1	
JPNS 2102	Intermediate Japanese 2	

**Asian Studies Electives**

Complete three courses from the following focus areas. 12

*Society and Politics Focus Area*

ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
ASNS 2245	Introduction to Asian American Studies	
INTB 2501	Competing to Win in Emerging Markets	
MKTG 4220	Marketing in Asia	
PHIL 1130	Comparative Ethics	
POLS 3487	Politics of Developing Nations	

*Language, Literature, and Culture Focus Area*

CLTR 1260	Japanese Film	
CLTR 1700	Introduction to Japanese Pop Culture	
PHIL 1130	Comparative Ethics	

*Religious Studies Focus Area*

PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 2395	Japanese Buddhism	

**Capstone**

Code	Title	Hours
------	-------	-------

Complete one of the following: 4

ASNS 4900	Asian Studies Capstone Directed Study	
HIST 4701	Capstone Seminar	

**Integrative Requirement**

Code	Title	Hours
------	-------	-------

HIST 2351	Modern Japan	4
or ASNS 2245	Introduction to Asian American Studies	

**History and Asian Studies Major Credit Requirement**

Complete 82 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirements**

128 total semester hours required

## History and Criminal Justice, BA

This combined major educates students in history and criminal justice, emphasizing the complementarity between these two disciplines. Students successfully completing this program will be able to critically evaluate and draw connections between past and present practices in law, punishment, incarceration, justice, and the social institutions and cultural contexts in which these systems operate.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level Elective</b>		
Complete one other course from HIST 1001 to HIST 1999 (excluding HIST 1100, HIST 1200, and HIST 1201).		4
<b>Intermediate/Advanced Level Elective</b>		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
<b>Advanced Level Elective</b>		
Complete one HIST course numbered 3000 or above.		4
<b>History Elective</b>		
Complete two courses in any field at any level.		8
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2311	Colonialism/Imperialism	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		

CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

**Current Crime and Justice Issues**

These courses introduce students to topical issues related to crime and justice.

Complete one of the following: 4

CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	

**Crime Problems and Criminal Justice Institutions**

The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.

Complete one of the following: 4

CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	

**Creating Knowledge about Crime and Justice**

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3700 Analyzing and Using Data on Crime and Justice 4

**Systemic Issues**

A consideration of systemic issues facing the criminal justice system.

Complete one of the following: 4

CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	

**Criminal Justice Electives**

Rounding out knowledge of crime and justice.

Complete two additional criminal justice electives from the 3000, 4000 or 5000-level. 8

**Other Requirements**

Code	Title	Hours
------	-------	-------

A minimum of one history course must be taken between the methods and capstone requirements.

**Methods**

Complete one of the following: 4

CRIM 3600	Criminal Justice Research Methods	
HIST 2301	The History Seminar	

**Capstone**

Complete one of the following: 4

CRIM 4949	Senior Capstone Seminar	
HIST 4701	Capstone Seminar	

**Integrative Course**

HIST 1100	Law and History	4
-----------	-----------------	---

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## History and Cultural Anthropology, BA

History and cultural anthropology offer an interdisciplinary combined major. Students interested in the combined major in history and cultural anthropology integrate the exploration of human history with the rigorous study of human cultures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one course from the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>History Elective</b>		
Complete two HIST courses at any level in any field.		8
<b>Introductory Level Elective</b>		
Complete one history course from the 1000 level.		4
<b>Intermediate/Advanced History Elective</b>		
Complete minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		4
<b>Advanced History Elective</b>		
Complete minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701).		4

## Cultural Anthropology Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Area Courses</b>		
Complete two courses from the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Anthropology Electives</b>		
Complete three courses in the following range. One study-abroad course may count toward this requirement.		12
ANTH 2001 to ANTH 4599		

## Capstone Requirements

Code	Title	Hours
Complete one of the following:		4
ANTH 4600	Senior Seminar <sup>1</sup>	
HIST 4701	Capstone Seminar	

<sup>1</sup> Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

## Integrative Requirements

ANTH courses below will double count as area courses.

Code	Title	Hours
ANTH 4350	Ethnography of Southeast Asia	4
ANTH 4510	Anthropology of Africa	4
HIST 2360	History of Capitalism in East Asia	4

## Cultural Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required

## Plan of Study

## History and Economics, BA

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage I: Antiquity to World War II

HIST 3334	Assassinations in World History	
<b>History Electives</b>		
Complete two HIST courses at any level in any field.		8
<b>Introductory-Level Elective</b>		
Complete one history course from the 1000 level (excluding HIST 1200 and HIST 1201).		4
<b>Intermediate/Advanced History Electives</b>		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
<b>Advanced History Elective</b>		
Complete one HIST course numbered 3000 or above (excluding HIST 4701).		4

### Economics Requirements

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000	Economics at Northeastern	1

or HIST 1000	History at Northeastern	
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
<b>Economics Electives</b>		
Complete two economics elective courses that are found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement and ECON 3520 may not be used as economics electives:		8
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
<b>Supplemental Courses</b>		
<i>Computer Science</i>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
<i>Calculus</i>		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	4
<b>Capstone Requirements</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete one of the following:		4
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	
HIST 4701	Capstone Seminar	
<b>Integrative Requirement</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	
<b>History and Economics Major GPA/Credit Requirements</b>		
Grades in the following four economics courses must average a minimum of C (2.000):		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	

ECON 2350

Statistics for Economists

ECON 2560

Applied Econometrics

Complete 90 semester hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required

## Plan of Study

## History and English, BA

The Department of History and the Department of English offer an interdisciplinary combined major in history and English. Students interested in the combined major integrate the study of literature and writing with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level</b>		
Complete one course from the 1000 level.		4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 2370	Renaissance to Enlightenment	
HIST 2330	Colonial and Revolutionary America	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
<b>Intermediate/Advanced History Courses</b>		
Complete four history courses numbered 2000 or above that have not been used to fulfill another requirement.		16
<b>Advanced History</b>		
Complete one history course at the 3000 level or above that has not been used to fulfill another requirement.		4

### English Requirements

Code	Title	Hours
<b>English Course-Level Requirement</b>		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
<b>Introduction to College</b>		
ENGL 1000	English at Northeastern	1
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4

or ENGL 1410

Introduction to Research on Writing

**Diversity**

Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:

4

## History and Religious Studies, BA

The Department of History and the Department of Philosophy and Religion offer an interdisciplinary combined major in history and religious studies. Students interested in the combined major integrate the study and analysis of human history with the study of religious traditions, religious praxis, and religious ethics.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>Introductory Level Elective</b>		
Complete one course from the 1000 level (excluding HIST 1200 and HIST 1201).		4
<b>History Electives</b>		
Complete five further history courses not used to fulfill a previous requirement, of which at least one must be numbered 2000-2999 (excluding HIST 2301 and HIST 2302) and at least one must be numbered 3000-4999 (excluding HIST 4701)		20

### Religious Studies Requirements

Code	Title	Hours
<b>Required Foundational Course</b>		
PHIL 1110	Introduction to Religious Studies	4
<b>Lived Religion Elective</b>		

Complete one of the following courses that has not been used to satisfy another requirement: 4

PHIL 1133	Selling Spirituality
PHIL 1220	The Meaning of Death

## International Affairs and History, BA

This combined major fosters a historically contingent awareness of global affairs and international policy issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations, state-society relations, the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. This combined major highlights the importance of understanding the intersection between global issues and local traditions and is designed to prepare students to be politically, culturally, historically, and linguistically sensitive to their interaction.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
<b>International Affairs/History at Northeastern</b>		
INTL 1000 or HIST 1000	International Affairs at Northeastern History at Northeastern	1
<b>International Affairs Required Courses</b>		
ECON 1115	Principles of Macroeconomics	4

## Media and Screen Studies and History, BA

The Media and Screen Studies Program and the Department of History offer a combined major in media and screen studies and history. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of local and regional histories as well as of the global exchanges between nations, regions, and cultures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory

## History, BS

The Bachelor of Science degree emphasizes greater specialization in history, study of research methods, and the opportunity to add a minor in a field outside of history. Students who plan to go to graduate school in history should consider the possibility of taking language courses as electives, since most graduate programs continue to require second language competence.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Major Requirements

Code	Title	Hours
<b>Introductory History</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Complete two of the following:		8
HIST 1100	Law and History	
HIST 1120	Public History, Public Memory	
HIST 1130	Introduction to the History of the United States	
HIST 1150	East Asian Studies	
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1190	Picturing Modernity: The Photographic Image in Culture and Society	
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	
HIST 1246	World War II in the Pacific	
HIST 1357	History of Information in the United States: Media, Technology, Law	
HIST 2220	History of Technology	
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	
<b>History Seminar and Historical Writing</b>		
HIST 2301 and HIST 2302	The History Seminar and Historical Writing	5

### Additional History Requirements

Code	Title	Hours
<b>History Elective</b>		
Complete two HIST courses at any level in any field.		8
<b>Pre-1800 Course</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	

HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>History Outside the United States and Europe</b>		
Complete one of the following:		4
HIST 1150	East Asian Studies	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 1294	History of the Jews in the Modern World	
HIST 1500	Modern Chinese History and Culture	
HIST 2025	Latin American History through Film	
HIST 2211	The World Since 1945	
HIST 2311	Colonialism/Imperialism	
HIST 2351	Modern Japan	
HIST 2360	History of Capitalism in East Asia	
<b>Capstone or Project</b>		
HIST 4701	Capstone Seminar	4

### Intermediate/Advanced History Course Requirement

Code	Title	Hours
Complete minimum of one HIST numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		4

### Supporting Course

Code	Title	Hours
<b>Research Methods</b>		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications	
ECON 2350	Statistics for Economists	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology	

### History Major Credit Requirement

Complete 46 semester hours for the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

## Computer Science and History, BS

The computer science and history combined major offers students the opportunity to gain both historical knowledge and a broad range of related analytical skills in both the humanities and computer science. You'll define a history course cluster according to a thematic principle, with a focus on quantitative analysis in the field, complementing your foundation in programming.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or HIST 1000	First Year Seminar History at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
<b>Khoury Elective Courses</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 16 semester hours of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		16
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### History Courses

Code	Title	Hours
<b>History Required Courses</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		
HIST 1100	Law and History	
HIST 1180	African History	

HIST 1185	Introduction to Middle Eastern History
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1252	Japanese Literature and Culture
HIST 1272	Europe in the Middle Ages, 500–1500
HIST 1285	Introduction to Russian Civilization
HIST 1389	History of Espionage 1: Antiquity to World War II
HIST 2330	Colonial and Revolutionary America
HIST 2370	Renaissance to Enlightenment
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain
HIST 2390	Africa and the World in Early Times
HIST 3334	Assassinations in World History

### History Outside the United States and Europe 4

Complete one of the following:

HIST 1150	East Asian Studies
HIST 1180	African History
HIST 1187	Introduction to Latin American History
HIST 1206	Drug Trade and Drug War: History, Security, Culture
HIST 1246	World War II in the Pacific
HIST 1252	Japanese Literature and Culture
HIST 1253	History of Vietnam Wars
HIST 1294	History of the Jews in the Modern World
HIST 1500	Modern Chinese History and Culture
HIST 2025	Latin American History through Film
HIST 2311	Colonialism/Imperialism
HIST 2351	Modern Japan

### History Electives

Complete two HIST courses at any level in any field. 8

### Intermediate/Advanced History Course 4

Complete a minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).

### Advanced History 4

Complete a minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701).

### History Capstone Seminar or Senior Project

HIST 4701	Capstone Seminar	4
-----------	------------------	---

### Integrative Course Requirement

Code	Title	Hours
HIST 2211	The World Since 1945	4

### Supporting Courses

Code	Title	Hours
------	-------	-------

#### Research Methods

Complete one of the following: 4

ECON 2350	Statistics for Economists
ENVR 3300	Geographic Information Systems
ENVR 5260	Geographical Information Systems
POLS 2400	Quantitative Techniques
PSYC 2320	Statistics in Psychological Research

#### Computing and Social Issues

Complete one of the following: 4

AFAM 2600	Issues in Race, Science, and Technology
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights
ENGL 2150	Literature and Digital Diversity
HIST 2220	History of Technology

INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks
IS 1300 or PHIL 1300	Knowledge in a Digital World
PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 2485	Environment, Technology, and Society
SOCL 4528	Computers and Society

### Computer Science Writing Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4

#### Advanced Writing in the Disciplines

This requirement is satisfied by HIST 2302 taken in conjunction with HIST 2301.

### Required General Electives

Code	Title	Hours
Complete 32 semester hours of general electives.		32

### Khoury College GPA Requirement

A minimum 2.000 GPA is required in all CS, CY, DS, and IS courses.

### Computer Science and History GPA/Credit Requirements

Complete 98 semester hours in the major with a minimum 2.000 GPA.

### NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

### Program Requirement

135 total semester hours required

### Plan of Study

## History and Economics, BS

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>Introductory Level</b>		
Complete one history course from the 1000 level (except HIST 1200 and HIST 1201).		4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>History Elective</b>		
Complete two HIST courses at any level in any field.		8
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>Intermediate/Advanced History Courses</b>		
Complete minimum of one history course numbered 2000 to 2999 (except HIST 2301 and HIST 2302).		4
<b>Advanced History</b>		
Complete minimum of one history course numbered 3000 to 4999 (except HIST 4701).		4
<b>Supplemental Course for History—Research Methods</b>		
Complete one of the following:		4
ECON 2350	Statistics for Economists	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology	

**Economics Requirements**

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000 or HIST 1000	Economics at Northeastern History at Northeastern	1
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete four economics elective courses that are found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement may not be used as economics electives:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
<b>Supplemental Courses</b>		
<i>Computer Science</i>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
<i>Calculus</i>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	

**Capstone Requirements**

Code	Title	Hours
Complete one of the following options:		4
ECON 4692 or ECON 4997	Senior Economics Seminar Senior Economics Thesis	
HIST 4701	Capstone Seminar	

**Integrative Requirements**

Code	Title	Hours
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	
HIST 2360	History of Capitalism in East Asia	

**History and Economics Major GPA/Credit Requirement**

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 98 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

### Plan of Study

## Mechanical Engineering and History, BSME

The combined mechanical engineering and history major is designed to help students develop skills across different intellectual domains. A solid grounding in history helps students better understand the political, cultural, and economic context in which technologies are developed and deployed. Indeed, history offers a myriad of case studies that highlight both the transformative potential and the unintended consequences of new technologies and technological processes. By studying different phases of the past and different societies in the past, students will gain a broad perspective that gives them the range and flexibility required in many work situations. History also provides a terrain for moral contemplation. Greater sensitivity to historical context also helps students see beyond commonly accepted narratives valorizing individual entrepreneurs and appreciate the different ways in which innovation, disruption, official support, and even contingency give rise to new technologies. Finally, by writing effective papers and engaging in productive discussions at the heart of history courses, students also cultivate skills in critical analysis and persuasive communication that could be employed in any future careers.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirement Interpreting Culture (IC) is not explicitly satisfied by required courses. Students are responsible for satisfying this requirement with electives.

### Engineering Requirements

Code	Title	Hours
<b>Required Engineering</b>		
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340	5
ME 2350	Statics	4
ME 2355 and ME 2356	Mechanics of Materials and Lab for ME 2355	5
ME 2380 and ME 2381	Thermodynamics and Recitation for ME 2380	4
ME 3455 and ME 3456	Dynamics and Lab for ME 3455	5
ME 3475 or ME 3480	Fluid Mechanics International Applications of Fluid Mechanics	4
ME 4505 and ME 4506	Measurement and Analysis with Thermal Science Application and Lab for ME 4505	5
<b>Senior Capstone Design Project</b>		
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5
<b>Technical Electives</b>		
Complete two of the following:		8
ME 4508	Mechanical Engineering Computation and Design	
ME 4550	Mechanical Engineering Design	
ME 4555	System Analysis and Control	
ME 4570	Thermal Systems Analysis and Design	
<b>Supplemental Credit</b>		
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2 <sup>1</sup>	

**History Requirements**

Code	Title	Hours
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
HIST 2220	History of Technology	4
<b>Research Methods</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Introductory History</b>		
Complete one course from HIST 1001 to HIST 1999 (excluding HIST 1200 and HIST 1201).		4
<b>History Elective</b>		
Complete two HIST courses at any level in any field.		8
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2000	Native American Resistance: Past and Present	
HIST 2311	Colonialism/Imperialism	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>Intermediate History</b>		
Complete minimum of one HIST course numbered 2000 to 2999 (Excluding HIST 2301 and HIST 2302).		4
<b>Advanced History</b>		
Complete minimum one HIST course numbered 3000 to 4999 (Excluding HIST 4701).		4

**Supporting Courses: Mathematics/Science**

Complete all mathematics/science courses with a minimum of 30 semester hours.

Code	Title	Hours
<b>Required Mathematics/Science</b>		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5

**Supplemental Credit**

1 semester hour from the following course counts toward the mathematics/science requirement: 1

GE 1501 Cornerstone of Engineering 1 <sup>1</sup>

## Professional Development

Code	Title	Hours
<b>Professional Development</b>		
GE 1000	First-Year Seminar	1
ENCP 2000	Introduction to Engineering Co-op Education	1
ENCP 3000	Professional Issues in Engineering	1

### Additional Required Courses

1 semester hour from the following course counts toward the professional development requirement: 1

GE 1501 Cornerstone of Engineering 1 <sup>1</sup>

1 semester hour from the following course counts toward the professional development requirement: 1

GE 1502 Cornerstone of Engineering 2 <sup>1</sup>

## Writing Requirements

Code	Title	Hours
A grade of C or higher is required in each course:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

## Integrative Courses

Code	Title	Hours
This course is already required above and also fulfills the integrative requirement.		
HIST 2220	History of Technology	

## Required General Elective

Code	Title	Hours
Complete 4 semester hours of academic, nonremedial, nonrepetitive courses.		4

## Major GPA Requirement

Minimum 2.000 GPA required in ME courses

Minimum 2.000 GPA required in all HIST courses

## Program Requirement

141 total semester hours required

<sup>1</sup> Students can substitute Engineering Design (GE 1110) and Engineering Problem Solving and Computation (GE 1111) for Cornerstone of Engineering 1 (GE 1501) and Cornerstone of Engineering 2 (GE 1502) in approved situations.

## Plan of Study

### Sample Plans of Study

#### Four Years, One Co-op in Spring/Summer 1

Year 1								
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours	Hours

**Total Hours: 141**

## History, Minor

The history minor is designed to be flexible so that students may focus on a tailored course of study. There are no prerequisites: Complete five history courses (20 semester hours), of which at least two must be at or above the 2000 level and must be taken at Northeastern. Students are encouraged to choose a cluster of courses around a particular theme. Existing themes include global conflict and war, ancient and early modern worlds, global cultural history, public history, commodities and capitalism, and global security. Students may also focus on particular areas such as the Americas, Europe, East Asia, and Africa.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Complete five history courses, of which at least two must be taken at Northeastern and must be numbered HIST 2000 or higher. History minors must have a total of 20 semester hours in history.

### GPA Requirement

2.000 GPA required in the minor

## International Affairs

Website (<http://www.northeastern.edu/internationalaffairs/>)

**Amílcar Antonio Barreto, PhD**  
Interim Director and Professor

225K Renaissance Park  
617.373.2783

International affairs is an interdisciplinary major in the College of Social Sciences and Humanities. The program is designed to prepare undergraduate students with the academic knowledge, cross-cultural awareness, and skills needed to thrive and lead in a diverse world society while promoting global citizenship and social responsibility. Our internationally diverse faculty has a wide-ranging scholarly expertise, with strengths in conflict resolution and peace building; international law; and global politics of gender, ethnicity, and cities.

International affairs at Northeastern University challenges students to engage across intellectual and geographic boundaries, while also asking them to think and act locally through academic coursework, experiential opportunities, and language proficiency centered in a particular world region. Our students are well positioned as the next generation of global leaders—within NGOs, governments, international organizations, businesses, and classrooms—finding meaningful ways to solve problems and meet the challenges of today and tomorrow.

### Academic Progression Standards

It is recommended that students majoring in international affairs maintain a minimum 3.000 grade-point average until the beginning of their international experience in order to be eligible for the majority of the study-abroad options.

### Cooperative Education

Cooperative education is recommended for all students pursuing a major or combined major in international affairs.

### Programs

#### Bachelor of Arts (BA)

- International Affairs (p. 2162)
- Environmental Studies and International Affairs (p. 1487)
- Human Services and International Affairs (p. 1758)
- International Affairs and Criminal Justice (p. 1819)
- International Affairs and Cultural Anthropology (p. 2197)
- International Affairs and Economics (p. 1951)
- International Affairs and History (p. 2133)
- International Affairs and Religious Studies (p. 2223)
- Journalism and International Affairs (p. 414)
- Political Science and International Affairs (p. 2238)
- Sociology and International Affairs (p. 2247)
- Spanish and International Affairs (p. 1898)

#### Bachelor of Science (BS)

- Data Science and International Affairs (p. 910)
- International Affairs and International Business (p. 636)

### Minors

- International Affairs (p. 2260)
- Middle East and Mediterranean Studies (p. 2264)

## International Affairs, BA

The international affairs program provides a rigorous inter- and multidisciplinary curriculum while also giving students flexibility to select the courses and disciplines that interest them most. The curriculum fosters an awareness of global affairs and international issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; and state-society relations: democracy, authoritarianism, inequalities, citizenship. Students majoring in international affairs may also choose from among a number of regional concentrations.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Core Requirements

All international affairs majors must complete the following core courses:

Code	Title	Hours
<b>Major Core</b>		
ANTH 1101	Peoples and Cultures	4
ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
HIST 2211 or HIST 2311	The World Since 1945 Colonialism/Imperialism	4
INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
<b>Senior Seminar/Experiential Learning</b>		
INTL 4700	Senior Capstone Seminar in International Affairs	4
<b>Total Hours</b>		<b>32</b>

In addition to the core requirements in the major, students may choose to declare one regional concentration from the following:

### Optional Concentrations

- African Studies (p. 2167)
- Asian Studies (p. 2167)
- European Studies (p. 2167)
- Latin American Studies (p. 2168)
- Middle East Studies (p. 2168)

Students who do not choose a regional concentration must complete the following:

### GLOBAL DYNAMICS REQUIREMENT

Code	Title	Hours
Complete 8 SH from the global dynamics course list.		8
Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements.		

Courses used to fulfill major core requirements may not be used to satisfy the global dynamics requirement. See the department for additional courses.

INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

**Upper-Division Electives**

Complete three general electives at the 3000 level or above that do not double count with the major or NU path.

**Other Major Requirements**

Code	Title	Hours
<b>International Experiential Learning</b>		

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs. International students may be exempt from the semester abroad (subject to advisor approval).

*If completing a concentration:*

**Students pursuing a regional concentration, are required to complete their international semester in the same region.**

African studies concentration: If you do not complete an international semester, you must participate in Model African Union.

European studies concentration: If you do not complete an international semester, you must participate in either Model European Union or Model NATO.

Middle East studies concentration: If you do not complete an international semester, you must participate in Model United Nations or Model Arab League.

Code	Title	Hours
<b>International Affairs Foreign Language Requirement</b>		

Complete coursework in a language through at least intermediate-level two (e.g., ARAB 2102). Note: Completing this requirement satisfies the language requirement for the BA degree.

*If completing a concentration:*

African studies concentration: Complete language coursework in Kiswahili, French, or Arabic through at least intermediate-level two.

Asian studies concentration: Complete language coursework in Chinese or Japanese through at least intermediate-level two.

European studies concentration: Complete language coursework in French, German, Greek, Italian, Portuguese, or Spanish through at least intermediate-level two.

Latin American studies concentration: Complete language coursework in Portuguese or Spanish through at least intermediate-level two.

Middle East studies concentration: Complete language coursework in Arabic or Hebrew through at least intermediate-level two.

### International Affairs Major Credit/GPA Requirements

Minimum 56 semester hours required

Minimum 2.000 GPA

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

#### AFRICAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
<b>Global Dynamics</b>		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2162)		4
<b>Regional Analysis</b>		
AFRS 1101	Introduction to African Studies	4
Complete 4 additional SH from the Africa category of the regional analysis course list. (p. 2165)		16
Two courses must be 2000 or above.		
<b>Total Hours</b>		<b>28</b>

#### ASIAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
<b>Global Dynamics</b>		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2162)		4
<b>Regional Analysis</b>		
ASNS 1150 or HIST 1150	East Asian Studies	4
Complete 4 additional SH from the Asia category of the regional analysis course list. (p. 2165)		16
Two courses must be 2000 or above.		
<b>Total Hours</b>		<b>28</b>

#### EUROPEAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
<b>Global Dynamics</b>		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2162)		4
<b>Regional Analysis</b>		
POLS 3435	Politics and Governance of Europe and the European Union	4
Complete 4 additional SH from the Europe category of the regional analysis course list. (p. 2165)		16

Two courses must be 2000 or above.

<b>Total Hours</b>	<b>28</b>
--------------------	-----------

**LATIN AMERICAN STUDIES**

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
<b>Global Dynamics</b>		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2162)		4
<b>Regional Analysis</b>		
LACS 1220	Latino, Latin American, and Caribbean Studies	4
Complete 4 additional SH from the Latin America category of the regional analysis course list. (p. 2165)		16
<b>Total Hours</b>		<b>28</b>

**MIDDLE EAST STUDIES**

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
<b>Global Dynamics</b>		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2162)		4
<b>Regional Analysis</b>		
INTL 1160 or HIST 1290	Middle East Studies Modern Middle East	4
Complete 4 additional SH from the Middle East category of the regional analysis course list. (p. 2165)		16
<b>Total Hours</b>		<b>28</b>

**Plan of Study****Four Years, Two Co-ops in Spring/Summer 1**

Year 1							
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

**Total Hours: 130**

## Data Science and International Affairs, BS

### Overview

This combined degree offers both a strong data science foundation and an interdisciplinary understanding of global affairs and international issues. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Utilizing these skill sets allows students to address topics such as interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship). Upon graduation, students are equipped with the skills and knowledge needed to work across national cultures in fields that relate to utilizing data to address complex regional and international issues.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Data Science Courses

Code	Title	Hours
<b>Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or INTL 1000	First Year Seminar International Affairs at Northeastern	1
CS 1210	Professional Development for Khoury Co-op	1
<b>Programming Sequence Pathways</b>		
Complete one of the two options:		12
<i>Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
<i>Data Science Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
<b>Computer Science Required Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
<b>Data Science Foundations</b>		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete four semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		

CY 2000 or higher, except CY 4930

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

## International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
ANTH 1101	Peoples and Cultures	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

## International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

## Global Dynamics Requirement

Code	Title	Hours
Complete two of the following with one course numbered 2000 or above. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements:		8

Code	Title	Hours
<i>Environment</i>		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development	
ENVR 3150	Food Security and Sustainability	
INTL 5100	Climate and Development	
INTL 5268	International Environmental Policy	
or PPUA 5268	International Environmental Policy	
SOCL 1246	Environment and Society	
<i>Law, Diplomacy, and Global Governance</i>		
COMM 2303	Global and Intercultural Communication	
INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
INTL 3520	Global Political Economy	
INTL 5010	International Human Rights Law and Policy	
POLS 1155	Comparative Politics	
POLS 1160	International Relations	
POLS 2370	Religion and Politics	
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 4910	Model United Nations	
<i>Human Rights and Social Justice</i>		
HIST 2303	Gender and Reproductive Justice	
HIST 2373	Gender and Sexuality in World History	
INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
INTL 5010	International Human Rights Law and Policy	
PHIL 5001	Global Justice	
<i>Conflict and Security</i>		
CRIM 3030	Global Criminology	

CRIM 3060	Political Crime and Terrorism
CRIM 5203	Security in the 21st Century
HIST 1206	Drug Trade and Drug War: History, Security, Culture
HIST 1389	History of Espionage 1: Antiquity to World War II
HIST 1390	History of Espionage 2: Cold War Spies
HIST 2217	The Global Far-Right since 1945: Politics, Culture, Violence
HIST 3330	The Global Cold War
HIST 3334	Assassinations in World History
HIST 3335	History of Modern Terrorism
INTL 3430	Revolution, Civil War, and Insurrection
INTL 3450	Security, Culture, Power
JRNL 3300 or INTL 3300	Covering Conflicts: Peace, War, and the Media Covering Conflicts: Peace, War, and the Media
PHIL 5001	Global Justice
POLS 2282	The Holocaust and Comparative Genocide
POLS 3418	Nationalism
POLS 3420	U.S. National Security Policy
POLS 3423	Terrorism and Counterterrorism
POLS 3430 or INTL 3430	Revolution, Civil War, and Insurrection Revolution, Civil War, and Insurrection
POLS 4918	Model NATO
<i>Globalization</i>	
AFAM 2600	Issues in Race, Science, and Technology
ANTH 2305	Global Markets and Local Culture
ANTH 2315	Religion and Modernity
ECON 3290	History of the Global Economy
ECON 3635	International Economics
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues
HIST 2211	The World Since 1945
HIST 2311	Colonialism/Imperialism
INTB 3310	Cultural Aspects of International Business
INTL 2480 or WMNS 2480	Women and World Politics Women and World Politics
INTL 3200	Cities in a Global Context
INTL 3520	Global Political Economy
POLS 1160	International Relations
POLS 2370	Religion and Politics
POLS 3405	International Political Economy
POLS 3406	International Law
<i>Population, Migration, and Diaspora</i>	
AFRS 1270 or PHTH 1270	Introduction to Global Health Introduction to Global Health
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora
ANTH 1101	Peoples and Cultures
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1219	History of Global Pandemics
INTL 2500	Race and Global Human Mobility
INTL 3200	Cities in a Global Context
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons
PHIL 1111	Introduction to World Religions
PHIL 1271	Sex in Judaism, Christianity, and Islam
<i>Development</i>	
ANTH 2305	Global Markets and Local Culture

ECON 1291	Development Economics
ECON 3404	International Food Policy
ECON 3405	A Critique of Capitalism
ENVR 2515	Sustainable Development
HIST 2011	Capitalism and Business: A Global History
INNO 2206	Global Social Enterprise
INTB 1203	International Business and Global Social Responsibility
or INTB 1209	International Business and Global Social Responsibility
INTL 3150	Global Philanthropy
INTL 3520	Global Political Economy
INTL 5100	Climate and Development
PHTH 5230	Global Health
POLS 3487	Politics of Developing Nations
<i>Communication and Media</i>	
COMM 2303	Global and Intercultural Communication
INTB 3310	Cultural Aspects of International Business
JRNL 3300	Covering Conflicts: Peace, War, and the Media
or INTL 3300	Covering Conflicts: Peace, War, and the Media
JRNL 5360	Global Reporting
MSCR 2325	Global Media

## Regional Analysis Requirement

Code	Title	Hours
Complete two of the following, both of which must be in one region. Select courses taken during a semester study abroad or specific Dialogue of Civilizations courses may count as regional analysis courses pending approval of the international affairs head faculty advisor. See department for additional courses:		8

Code	Title	Hours
<i>Africa</i>		
AFRS 1101	Introduction to African Studies	
AFRS 2307	Africa Today	
AFRS 2900	Swahili, Culture, and Politics in Kenya	
AFRS 3460	Contemporary Government and Politics in Africa	
AFRS 4939	Community Health, Culture, and Development in Kenya	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4510	Anthropology of Africa	
HIST 1180	African History	
INNO 3308	Business Economic History of South Africa	
INTL 2464	Natural Resources and Sustainable Development	
or AFRS 2464	Natural Resources and Sustainable Development	
<i>Asia</i>		
ANTH 4515	Culture and Politics in Modern India	
ASNS 1150	East Asian Studies	
or HIST 1150	East Asian Studies	
CLTR 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1500	Modern Chinese History and Culture	
HIST 2351	Modern Japan	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	

PHIL 2395	Japanese Buddhism
POLS 3482	East Asian Politics
POLS 3485	China: Governance and Foreign Policy
<i>Europe</i>	
CLTR 1501	Introduction to French Culture
CLTR 1503	Introduction to Italian Culture
CLTR 1504	Cultural History of Spain
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath
HIST 1272	Europe in the Middle Ages, 500–1500
HIST 1286	History of the Soviet Union
HIST 2370	Renaissance to Enlightenment
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain
INTL 3455	Russian Foreign Policy
or POLS 3455	Russian Foreign Policy
POLS 3435	Politics and Governance of Europe and the European Union
<i>Latin America</i>	
ANTH 4500	Latin American Society and Development
CLTR 1240	Latin American Film
CLTR 1502	Introduction to Arabic Culture
CLTR 1505	Latin American Culture, History, and Politics
CLTR 3715	New Narratives: Latin America after 1989
CLTR 3720	Literature, Arts, and Poverty in Latin America
CLTR 4655	Latin American Literature
ECON 1292	Economic History of the Middle East
HIST 1185	Introduction to Middle Eastern History
HIST 1187	Introduction to Latin American History
HIST 2025	Latin American History through Film
LACS 1220	Latino, Latin American, and Caribbean Studies
<i>Middle East</i>	
INTL 1150	The Mediterranean World: An Overview
INTL 1160	Middle East Studies
INTL 2200	America and the Middle East
INTL 3250	Democracy and Development in North Africa and the Mediterranean
PHIL 1280	Islam: Rituals, Traditions, and Debates
PHIL 1285	Jewish Religion and Culture
POLS 3465	Government and Politics in the Middle East

### International Affairs Elective

Code	Title	Hours
Complete one of the following:		4
Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

## English Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
<b>Advanced Writing in the Disciplines</b>		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

## Supporting Courses

Code	Title	Hours
<b>Mathematics</b>		
ECON 2350	Statistics for Economists	4
MATH 1341	Calculus 1 for Science and Engineering	4

## Integrative Requirements

Code	Title	Hours
<b>Senior Seminar</b>		
Complete with a thesis or project that integrates both international affairs and data science:		
INTL 4700	Senior Capstone Seminar in International Affairs	4
<b>Digital Ethics</b>		
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4

## Required General Electives

Code	Title	Hours
Complete 24 semester hours of general electives.		24

## Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

## Program Requirement

131 total semester hours required

## Plan of Study

### Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

## Environmental Studies and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of the international issues that influence the scientific, cultural, societal, political, and economic aspects of the world's environmental problems and the ways in which such environmental challenges can be ameliorated and/or solved.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Environmental Studies Requirements

Code	Title	Hours
<b>Introductory Courses</b>		
Choose one introductory science course:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	
Choose one introductory social science course:		4
ANTH 1101	Peoples and Cultures	
ENVR 2401	Food Justice and Community Development	
PHIL 1180	Environmental Ethics	
SOCL 1246	Environment and Society	
<b>Scientific Foundations of Environmental Systems</b>		
Complete one of the following:		4
ENVR 1110	Global Climate Change	
ENVR 3150	Food Security and Sustainability	
ENVR 3200	Water Resources	
<b>Human Foundations of Environmental Systems</b>		
Complete one of the following:		4
ENVR 2515	Sustainable Development	
PHTH 2414	Environmental Health	
SOCL 4522	Environmental Justice	
<b>Skills Course</b>		
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
<b>Electives</b>		
Complete four of the following, three of which must be at the 3000 level or higher:		16
ARTG 5110	Information Design History	
BUSN 3110	The Consulting Environment	
CIVE 5280	Remote Sensing of the Environment	
COMM 3500	Environmental Issues, Communication, and the Media	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
EEMB 3466	Disease Ecology	

EEMB 3700	Desert Ecology
ENVR 3701	Energy in the Desert Ecosystem
ENVR 5210	Environmental Planning
ENVR 5350	Sustainable Energy and Climate Solutions
ENVR 5563	Advanced Spatial Analysis
ENVR 5750	Urban Ecology
ENVR 5800	Climate Adaptation and Nature-Based Solutions
FINA 2720	Sustainability in the Business Environment
JRNL 3650	Science Writing
LPSC 2301	Introduction to Law, Policy, and Society
PHIL 1180	Environmental Ethics
PHTH 1270	Introduction to Global Health
PHTH 4202	Principles of Epidemiology in Medicine and Public Health
POLS 2395	Environmental Politics and Policy
PPUA 5268	International Environmental Policy
SOCL 2485	Environment, Technology, and Society

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

### International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

### Global Dynamics Requirement

Code	Title	Hours
Complete two of the following courses. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements.		8

Code	Title	Hours
<i>Environment</i>		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development	
ENVR 3150	Food Security and Sustainability	

INTL 5100	Climate and Development

## Human Services and International Affairs, BA

The human services and international affairs combined major offers students an understanding of geopolitical realities paired with the practical skills and theory necessary to work in social services and nongovernmental organizations impacted by global issues. Students have an opportunity to prepare for practice in international NGOs through co-ops and Dialogue of Civilizations programs. This combined major is designed to prepare students for positions within the nonprofit sector with an international focus.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours
<b>Required Courses</b>		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 2970	Research Methods for Human Services	4
or INTL 2718	Research Methods in International Affairs	
or INSH 3101	Research Methods in the Social Sciences	
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
HUSV 4994	Human Services Internship	6
<b>Human Services Electives</b>		
Complete three HUSV courses.		12

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete at least one international semester via study abroad, international internship, international co-op, or two short-term programs.

### International Affairs Elective

Code	Title	Hours
Complete one of the following:		4

Code	Title	Hours
INTL 2480	Women and World Politics

### International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (p. 119) (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

### Human Services/International Affairs Integrative Courses

Complete Senior Seminar in Human Services (HUSV 4700) or Senior Capstone Seminar in International Affairs (INTL 4700) or both. Note, however, that students wishing to take HUSV 4700 but not INTL 4700 must meet with an INTL advisor to obtain approval for a substitute INTL course. Similarly, students wishing to take INTL 4700 but not HUSV 4700 must meet with an HUSV advisor to obtain approval for a substitute HUSV course. Substitute courses (HUSV or INTL) must be upper-division courses and must relate to the combined major.

Code	Title	Hours
<b>Human Services</b>		
HUSV 4700	Senior Seminar in Human Services	4
<b>International Affairs</b>		
INTL 4700	Senior Capstone Seminar in International Affairs	4

### Human Services and International Affairs Combined Major Credit Requirement

Complete 84 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

## International Affairs and Criminal Justice, BA

This combined major fosters an awareness of crime and justice issues within their international, transnational, and global contexts since the early 20th century. The scope and sequence of international affairs courses provide students with a foundation in topics such as interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship). Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Upon graduation, students are equipped with the skills and knowledge needed to work across national cultures in fields that relate to understanding and addressing criminal behavior.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

## Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Crime Problems and Criminal Justice Institutions</b>		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Creating Knowledge about Crime and Justice</b>		

How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3700	Analyzing and Using Data on Crime and Justice	4
-----------	---	---

### Systemic Issues

A consideration of systemic issues facing the criminal justice system.

Complete one of the following:		4
--------------------------------	--	---

CRIM 3110	Gender, Crime, and Justice
-----------	----------------------------

CRIM 3120	Race, Crime, and Justice
-----------	--------------------------

### Criminal Justice Electives

Rounding out knowledge of crime and justice.

Complete two additional criminal justice electives from the 3000, 4000 or 5000-level.		8
---	--	---

## Introduction and Methods Options

Code	Title	Hours
------	-------	-------

### Introduction

Complete one of the following:		1
--------------------------------	--	---

CRIM 1000	Criminal Justice at Northeastern
-----------	----------------------------------

INTL 1000	International Affairs at Northeastern
-----------	---------------------------------------

### Research Methods

Complete one of the following:		4
--------------------------------	--	---

CRIM 3600	Criminal Justice Research Methods
-----------	-----------------------------------

INTL 2718	Research Methods in International Affairs
-----------	---

## Supporting Courses

Code	Title	Hours

## International Affairs and Cultural Anthropology, BA

This combined major offers undergraduates the opportunity to develop an awareness of contemporary cultures within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115 or HIST 2211 or HIST 2311	Principles of Macroeconomics The World Since 1945 Colonialism/Imperialism	4

INTL 2200	America and the Middle East
INTL 3250	Democracy and Development in North Africa and the Mediterranean
PHIL 1280	Islam: Rituals, Traditions, and Debates
PHIL 1285	Jewish Religion and Culture
POLS 3465	Government and Politics in the Middle East

**International Affairs Foreign Language Requirement**

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

**Cultural Anthropology Major Requirements**

*Note:* At least nine anthropology courses must be taken to complete the international affairs and cultural anthropology program.

Code	Title	Hours
<b>Cultural Anthropology</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Anthropology Electives</b>		
Complete five Anthropology courses from the following range, two of which must be area studies courses above 4000; none of these five courses may be counted elsewhere in the degree; one study-abroad course may count toward these requirements, with prior permission from the department.		20
ANTH 2000 to ANTH 4999		

**Integrative Requirements**

*Note:* If international affairs courses are taken in both the research methods and capstone areas, then an additional anthropology elective is required.

Code	Title	Hours
<b>Research Methods</b>		
INTL 2718	Research Methods in International Affairs	4
or ANTH 3410	Ethnographic Field Experience	
<b>Global Markets</b>		
ANTH 2305	Global Markets and Local Culture	4
<b>Capstone</b>		
ANTH 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall semester directed study.

**Anthropology Major Grade Requirement**

A GPA of 2.000 for major courses is required.

**International Affairs and Anthropology Combined Major Credit Requirement**

Complete 76 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## International Affairs and Economics, BA

This combined major fosters an awareness of global affairs and international economic issues since the early 20th century through diverse and cross-disciplinary theories of economic development and growth; states, societies, and markets (the intersection of politics and economics); and the role of states, civil societies, and social movements in crafting or addressing economic strategies, inequalities, and citizenship rights.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>International Affairs/Economics at Northeastern</b>		
INTL 1000 or ECON 1000	International Affairs at Northeastern Economics at Northeastern	1

#### Required Courses

ANTH 1101 or HIST 2211 or HIST 2311	Peoples and Cultures The World Since 1945 Colonialism/Imperialism	4
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

#### International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

### International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		
		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

**Global Dynamics Requirement**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete two of the following with one course numbered 2000 or above. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements:		8

<b>Code</b>	<b>Title</b>	<b>Hours</b>
<i>Environment</i>		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development

LACS 1220	Latino, Latin American, and Caribbean Studies

**Middle East**

INTL 1150	The Mediterranean World: An Overview
INTL 1160	Middle East Studies
INTL 2200	America and the Middle East
INTL 3250	Democracy and Development in North Africa and the Mediterranean
PHIL 1280	Islam: Rituals, Traditions, and Debates
PHIL 1285	Jewish Religion and Culture
POLS 3465	Government and Politics in the Middle East

**International Affairs Foreign Language Requirement**

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

**Economics Requirements**

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 3520	History of Economic Thought	4

**Economics Electives**

Code	Title	Hours
Complete three Economics elective courses from the following ranges with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy international affairs requirements, courses used to satisfy the integrative requirement, and ECON 3520 may not be used as Economics electives.		12

ECON 1200 to ECON 1999

ECON 2990 to ECON 4689

ECON 4900 to ECON 4996

ECON 5200 to ECON 5999

**Supporting Courses**

Code	Title	Hours
<b>Calculus</b>		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

**Methods**

Complete one of the following:

4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum
INTL 2718	Research Methods in International Affairs
MISM 2510	Fundamentals of Information Analytics

## Integrative Requirements

Code	Title	Hours
<b>Development Economics</b>		
ECON 1291	Development Economics	4
<b>Senior Seminar</b>		
Complete one of the following with a thesis or project that integrates both international affairs and economics:		
ECON 4692 or ECON 4997 or INTL 4700	Senior Economics Seminar Senior Economics Thesis Senior Capstone Seminar in International Affairs	4

## International Affairs and Economics Combined-Major GPA

Grades in the following Economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4

## International Affairs and Economics Combined-Major Credit Requirement

Complete 88 semester hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required

## Plan of Study

## International Affairs and History, BA

This combined major fosters a historically contingent awareness of global affairs and international policy issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations, state-society relations, the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. This combined major highlights the importance of understanding the intersection between global issues and local traditions and is designed to prepare students to be politically, culturally, historically, and linguistically sensitive to their interaction.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
<b>International Affairs/History at Northeastern</b>		
INTL 1000 or HIST 1000	International Affairs at Northeastern History at Northeastern	1

## International Affairs and International Business, BS

Students who pursue this combined major will have the opportunity to learn how international business practices influence and are influenced by state-society interactions such as labor rights, trade practices, climate and sustainability priorities, political implications, as well international institutions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### International Affairs Requirements

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		1
INTL 1000	International Affairs at Northeastern	
or BUSN 1102	Personal Skill Development for Business	
<b>Required International Affairs Courses</b>		
A grade of C or higher is required for ECON courses.		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
INTL 4700	Senior Capstone Seminar in International Affairs	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete one of the following:		
One semester of study-abroad experience		
One co-op abroad experience		
Two Dialogue of Civilizations (summer programs)		
Two summer traditional study-abroad experiences		
One N.U.in experience and one Dialogue of Civilizations or one summer traditional study-abroad experience		
Two approved short-term programs abroad		

### International Affairs Elective

Code	Title	Hours

## International Affairs and Religious Studies, BA

Introduces the interaction of religious views with institutions and cultures in national and international contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social/religious movements; state-society relations (religion, democracy, authoritarianism, social justice and ethics, citizenship); comparative study of religious theology and praxis; and knowledge of particular religious traditions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4

## Journalism and International Affairs, BA

### Overview

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism with the study of global affairs and international issues. Through critical thinking and practical skills, the program engages students in a deep understanding of both disciplines, supporting students to work across national cultures in areas such as foreign correspondence and other fields that require an understanding of complex regional and international issues.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Journalism Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
C or better required in JRNL 1101, JRNL 1102, and JRNL 2201:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 1150	Understanding Today's News	4
JRNL 2201	Journalism 2: Intermediate Reporting	4
<b>Visual Storytelling</b>		
Complete one of the following:		
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3370	Podcast and Radio Journalism	
JRNL 3680	Advanced Reporting	
JRNL 5309	News Documentary Production	
JRNL 5310	Photojournalism	
JRNL 5314	Video News Reporting and Producing	
JRNL 5316	The Newsroom	
<b>Law and Ethics</b>		
JRNL 3550 or JRNL 4650	The First Amendment and the Media Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Complete four JRNL electives (two must be 3000 level or above).		
		16

### International Affairs Requirements

Code	Title	Hours
<b>Required Courses</b>		
ANTH 1101 or HIST 2211 or HIST 2311 or POLS 1155	Peoples and Cultures The World Since 1945 Colonialism/Imperialism Comparative Politics	4

## Political Science and International Affairs, BA

Through this combined major, undergraduates will develop an awareness of global affairs and international relations since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; political processes, institutions, and actors; and state-society relations (democracy, authoritarianism, inequalities, citizenship).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

### Political Science Electives/Concentration for BA

Complete four upper-division political science electives, or complete one of the following concentrations. If you are working toward a concentration, declare it with your adviser in order for it to be added to your record.

#### ELECTIVES

Code	Title	Hours
<b>Political Science Electives</b>		
Complete four political science courses at or above POLS 2000.		16

#### CONCENTRATION LIST

- American Political Institutions (p. 2243)
- Campaigns and Elections (p. 2243)
- Comparative Politics (p. 2243)
- Identity, Culture, and Politics (p. 2244)
- International Relations and Diplomacy (p. 2244)
- Law and Legal Studies (p. 2244)
- Public Policy (p. 2245)
- Security Studies (p. 2245)

### Supporting Course for Political Science

Code	Title	Hours
<b>Mathematics</b>		
Complete one of the following to fulfill the prerequisite for POLS2400		4

MATH 1213	Interactive Mathematics
MATH 1215	Mathematical Thinking
MATH 1231	Calculus for Business and Economics
MATH 1241	Calculus 1
MATH 1251	Calculus and Differential Equations for Biology 1
MATH 1341	Calculus 1 for Science and Engineering
MATH 1342	Calculus 2 for Science and Engineering

## International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
HIST 2211	The World Since 1945	4
or HIST 2311	Colonialism/Imperialism	
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

## International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

## International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		
		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context

## Sociology and International Affairs, BA

Through this combined major, successful undergraduates develop an awareness of societies within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
or INTL 2718	Research Methods in International Affairs	
SOCL 3300	Social Theory	4
<b>Sociology Electives A</b>		
Complete two courses in the following range:		8
SOCL 1000 to SOCL 2999		
<b>Sociology Electives B</b>		
Complete two courses in the following range:		8
SOCL 3000 to SOCL 5999		
<b>Capstone Requirement</b>		
SOCL 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

### International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Senior Seminar/Experiential Learning</b>		
INTL 4700	Senior Capstone Seminar in International Affairs	4
<b>International Experiential Learning</b>		

Complete at least one "international semester" via study abroad, international internship, international co-op, or two approved short-term programs abroad.

### International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		4
Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context

## Spanish and International Affairs, BA

This combined major offers undergraduates the opportunity to develop an awareness of global affairs and international issues since the 19th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; the politics of culture, linguistic and cultural diversity, religious and ideological divides; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Spanish Language Requirements

Code	Title	Hours
<b>Spanish Language Requirements</b>		
SPNS 2102	Intermediate Spanish 2: Becoming a Global Citizen	4
SPNS 3101	Advanced Spanish 1: Deconstructing Borders	4
SPNS 3102	Advanced Spanish 2: Hispanic and Latinx Identity	4
<b>Language and Linguistics</b>		
Complete one of the following:		4
CLTR 1120	Introduction to Languages, Literature, and Culture	
LING 1150	Introduction to Language and Linguistics	
<b>Culture, Literature, and History</b>		
Complete four of the following:		16
ANTH 4500	Latin American Society and Development	
CLTR 1240	Latin American Film

## International Affairs, Minor

The minor in international affairs is an interdisciplinary program that exposes students to a variety of different perspectives on the field, while providing the flexibility to select the courses in the disciplines that interest them most. The minor provides an international lens to students' primary degree, preparing them for our globalized world and workplaces.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

#### Required Course

Code	Title	Hours
INTL 1101	Globalization and International Affairs	4

**GPA Requirement**

2.000 GPA required in the minor

## Middle East and Mediterranean Studies, Minor

The minor in Middle East and Mediterranean studies is an inter- and cross-disciplinary program, drawing on courses from within the International Affairs Program as well as departments and units across the college. The program provides an in-depth study of the Middle East and North Africa (Arab world, Israel, Iran, and Turkey); its place within the broader Mediterranean region; and its relations with other world regions. As such, it seeks to enhance students' understanding of this culturally diverse and politically important region of the world. Students are encouraged to take advantage of the university's study-abroad and Dialogue of Civilizations programs (faculty-led summer programs) in Egypt, Morocco, Tunisia, Jordan, Turkey, Israel and Palestine, and other approved programs in the region.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
POLS 3465 or INTL 3250	Government and Politics in the Middle East Democracy and Development in North Africa and the Mediterranean	4
INTL 1150 or INTL 3250	The Mediterranean World: An Overview Democracy and Development in North Africa and the Mediterranean	4
INTL 1160 or HIST 1290	Middle East Studies Modern Middle East	4

### Elective Courses

Elective courses may include courses taken as part of an approved study-abroad program. *Note: Courses used as required courses (above) may not be used as elective courses.*

Code	Title	Hours
Complete two of the following:		8
CLTR 1502	Introduction to Arabic Culture	
ENGL 2610	Contemporary Israeli Literature and Art Abroad	
ENGL 3678 or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
HIST 1185	Introduction to Middle Eastern History	
HIST 1290	Modern Middle East	
INTL 2200	America and the Middle East	
INTL 3250	Democracy and Development in North Africa and the Mediterranean	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1285	Jewish Religion and Culture	
POLS 3465	Government and Politics in the Middle East	

### GPA Requirement

2.000 GPA required in the minor

## Philosophy and Religion

Website (<https://cssh.northeastern.edu/philosophy/>)

### Serena Parekh, PhD

Professor and Department Chair  
s.parekh@northeastern.edu

401 Renaissance Park

1135 Tremont St.  
Boston, MA 02120  
617.373.3636

Philosophy addresses questions and theories related to morality, society, religion, and the natural and social sciences. Coursework in philosophy provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Through readings, discussion, and writing, students examine questions concerning the validity of moral judgments, political ideas, and scientific theories, as well as questions about values and policy in such areas as law, medicine, environment, and technology. Coursework in philosophy significantly strengthens study in other areas. The major emphasizes development of analytic, reasoning, and communication abilities, and it is designed to enable students to tailor it to their particular interests.

Religious studies offers students the opportunity to acquire an understanding of religious experience within its social, historical, literary, and political context. Courses in religious studies examine specific religious traditions such as Judaism, Islam, and Hinduism, and using a comparative approach they explore themes across faith traditions. The religious studies major at Northeastern University emphasizes the lived religious experience, or how religion permeates and impacts people's lives through everything from politics and economics to fashion, relationships, and music. Through the major, students have the opportunity to study a range of religions and a variety of methods of understanding the key dimensions of religious life.

Information on experiential learning opportunities, student life, and department faculty can be found at the department website (<https://cssh.northeastern.edu/philosophy/>).

### Academic Progression Standards

A minimum cumulative grade-point average of 2.000 is required to remain in good standing in the major.

### Philosophy Major

The department offers five ways to take the stand-alone major in philosophy: the standard major; the concentration in law and ethics; the concentration in ethics; the concentration in formal methods (e.g., game theory, social choice theory, and logic); and the concentration in religious studies. More information on these can be found on the program page.

### Religious Studies Major

The religious studies major is designed to introduce students to a wide variety of religious experience and expression in the world. Through this major, students are exposed to the basic features of the world's religions and the ethical systems that accompany them. Students also have an opportunity to explore diverse methodological approaches to the study of religion.

### Combined Majors

The analytical and critical skills gained from the study of philosophy are a valuable complement to any other area of study. So, too, is having an understanding of the history of ideas and of alternative world views and value systems. For this reason, the department offers combined majors with political science, economics, physics, environmental studies, history, English, computer science, behavioral neuroscience, criminal justice, sociology, anthropology, and media and screen studies. Details regarding these majors can be found on the program pages.

The combined majors in religious studies bring together knowledge of religious traditions, awareness of religious experience, and methods of understanding the key dimensions of religious life with other areas in which religion plays a large role. The department currently offers combined majors in religious studies with history, international affairs, Africana studies, sociology, anthropology, and Jewish studies. More information on these majors can be found on the program pages.

### Minors

The Department of Philosophy and Religion offers minors in philosophy and religious studies, as well as popular minors in ethics and information ethics. Each of these minors is structured to be highly flexible and to complement study in other majors, while also providing depth of knowledge in philosophy, religion, and ethics. The department also collaborates with the Department of Applied Psychology on a minor in mindfulness studies. Information on these minors can be found on the program pages.

### Programs

#### Bachelor of Arts (BA)

- Philosophy (p. 2267)
- Religious Studies (p. 2277)

- Cultural Anthropology and Philosophy (p. 2280)
- Cultural Anthropology and Religious Studies (p. 2283)
- English and Philosophy (p. 2044)
- Environmental Studies and Philosophy (p. 1494)
- History and Philosophy (p. 2122)
- History and Religious Studies (p. 2130)
- International Affairs and Religious Studies (p. 2223)
- Jewish Studies and Religion (<http://catalog.northeastern.edu/undergraduate/social-sciences-humanities/jewish-studies/jewish-studies-religion-ba/>)
- Media and Screen Studies and Philosophy (p. 341)
- Political Science and Philosophy (p. 2314)
- Religious Studies and Africana Studies (p. 1893)
- Sociology and Philosophy (p. 2322)
- Sociology and Religious Studies (p. 2325)

### **Bachelor of Science (BS)**

- Philosophy (p. 2328)
- Behavioral Neuroscience and Philosophy (p. 1680)
- Computer Science and Philosophy (p. 829)
- Criminal Justice and Philosophy (p. 1838)
- Data Science and Philosophy (p. 928)
- Economics and Philosophy (p. 1995)
- Mathematics and Philosophy (p. 1538)
- Physics and Philosophy (p. 1585)
- Political Science and Philosophy (p. 2365)

### **Minors**

- Ethics (p. 2377)
- Information Ethics (p. 2379)
- Philosophy (p. 2381)
- Religious Studies (p. 2382)

### **Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## Philosophy, BA

Philosophy is a basic field of inquiry. Its range encompasses ideas and issues in every domain of human experience, and its methods apply to problems of an unlimited variety. The major in philosophy can develop not only philosophical skill and sophistication but also critical thinking and writing abilities that are readily applicable to pursuits in other academic areas, useful in careers far removed from philosophy, and valuable in everyday social and personal life. The study of philosophy can profoundly affect both the thinking one does and the kind of person one is.

There are varieties of concentrations of the philosophy major that students may choose from in accordance with their own backgrounds and interests. These include:

- **Philosophy major (no concentration)**

Offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests

- **Philosophy major with a concentration in law and ethics**

Focuses elective coursework in the areas of law, social and political philosophy, and applied ethics

- **Philosophy major with a concentration in ethics**

Focuses elective coursework in the areas of ethical theory, applied ethics, and social and political philosophy

- **Philosophy major with a concentration in religious studies**

Uses electives to explore a variety of both religious expressions and methods of inquiry

- **Philosophy major with a concentration in formal methods**

Focuses elective coursework in areas of logic and formal methods

- **Combined majors** in media and screen studies and philosophy, economics and philosophy, environmental studies and philosophy, political science and philosophy, English and philosophy, history and philosophy, computer science and philosophy, criminal justice and philosophy, and physics and philosophy

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Program Options

Complete one of the following options:

- Philosophy Major (No Concentration) (p. 2268)
- Philosophy Major with a Concentration in Law and Ethics (p. 2268)
- Philosophy Major with a Concentration in Ethics (p. 2270)
- Philosophy Major with a Concentration in Religious Studies (p. 2271)
- Philosophy Major with a Concentration in Formal Methods (p. 2272)

### Philosophy Major Credit Requirement

Complete 36 semester hours in the major.

### Upper-Division Electives

Complete three general electives at the 3000 level or above that do not double count with the major or NUpath.

## General Electives

Additional courses taken beyond college and major course requirements to satisfy graduation credit requirements

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirements

128 total semester hours required

### PHILOSOPHY MAJOR (NO CONCENTRATION)

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
<b>Philosophy Advanced Electives/Seminar</b>		
Complete three PHIL courses with a designation of 3000 or above and at least one at 4000 or 5000 level.		12
<b>Critical Philosophy Elective</b>		
Complete one of the following not used to fulfill another requirement:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam

## Religious Studies, BA

The program in religious studies offers the opportunity to acquire an understanding of religion within various cultural, historical, and political contexts through comparative approaches and an engagement with religion in everyday life. The major in religious studies is designed to enable students to not only gain a breadth of knowledge across a variety of religious traditions but also to pursue in-depth mastery of particular traditions in their practical and cultural dimensions, including the various normative and ideological issues that arise out the manifestation of religion in human affairs. In addition to the study of particular religious traditions, religious studies majors will be expected to gain a general knowledge of the theoretical and methodological approaches employed in the academic study of religion. Through the major, a student will enhance the ability to think, interpret, and write critically about a range of religious traditions through diverse methodological approaches.

- **The standard religion major** offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests.
- **Combined majors** are offered in Jewish studies and religion, history and religious studies, religious studies and African American studies, and international affairs and religious studies.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Religious Studies Major Requirements

Code	Title	Hours
<b>Required Foundational Course</b>		
PHIL 1110	Introduction to Religious Studies	4
<b>Lived Religion Elective</b>		
Complete one of the following that is not used to satisfy another requirement:		4
PHIL 1133	Selling Spirituality	
PHIL 1220	The Meaning of Death

## Cultural Anthropology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in cultural anthropology and philosophy. Students in the combined major integrate the study of culture and social structures with the study of social and political philosophy, ethics, and the philosophy of science. The combined major enables students to understand and appreciate cultural differences in human interaction, ways of knowing, and systems of logic and human classification.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Area Courses</b>		
Complete two area courses above 4000; additional area courses taken may count as anthropology electives.		8
<b>Capstone</b>		
ANTH 4600	Senior Seminar	4
<b>Electives</b>		
Complete three 4-semester-hour courses in addition to the above requirements. One study-abroad course may also count toward this requirement with prior permission from the department.		12

### Philosophy Requirements

## English and Philosophy, BA

The Department of English and the Department of Philosophy and Religion offer an interdisciplinary combined major in English and philosophy. Students in the combined major in English and philosophy integrate the study of literature and writing with the study of ethical and philosophical issues and problems.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
<b>Literary Periods</b>		
<i>Pre-19th Century Literature</i>		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<i>19th/20th/21st Century Literature</i>		

Complete one of the following courses:

4

*19th Century*

ENGL 2330 The American Renaissance

ENGL 3140 19th-Century Literatures

ENGL 3190 Topics in 19th-Century American Literature

ENGL 3619 Emerson and Thoreau

ENGL 3720 19th-Century Major Figure

*20th/21st Century*

ENGL 2301 The Graphic Novel

ENGL 2440 The Modern Bestseller

ENGL 2600 Irish Literary Culture (Abroad)

ENGL 3161 20th- and 21st-Century Literatures

ENGL 3685 Modern and Contemporary Jewish Literature

or JWSS 3685 Modern and Contemporary Jewish Literature

ENGL 3730 20th- and 21st-Century Major Figure

**Theories and Methods**

Complete one of the following:

4

ENGL 1140 Grammar: The Architecture of English

ENGL 1160 Introduction to Rhetoric

ENGL 1410 Introduction to Research on Writing

ENGL 2150 Literature and Digital Diversity

ENGL 3325 Rhetoric of Law

ENGL 3381 The Practice and Theory of Teaching Writing

ENGL 3400 Opening the Archive

ENGL 3700 Narrative Medicine

LING 1150 Introduction to Language and Linguistics

LING 2350 Linguistic Analysis

LING 3450 Syntax

LING 3452 Semantics

LING 3454 History of English

LING 3456 Language and Gender

LING 3458 Topics in Linguistics

**Comparative Course**

Complete one of the following courses:

4

ENGL 1450 Reading and Writing in the Digital Age

ENGL 1500 British Literature to 1800

ENGL 1502 American Literature to 1865

ENGL 2150 Literature and Digital Diversity

ENGL 2420 Contemporary Poetry

ENGL 2430 Contemporary Fiction

ENGL 2455 American Women Writers

ENGL 2470 Asian-American Literature

ENGL 2510 Horror Fiction

ENGL 2520 Science Fiction

ENGL 2600 Irish Literary Culture (Abroad)

ENGL 2620 What Is Nature?

ENGL 2690 Boston in Literature

ENGL 3487 Film and Text (Abroad)

**Writing**

Complete one of the following:

4

ENGL 2700 Creative Writing

ENGL 2710 Style and Editing

ENGL 2730 Digital Writing

ENGL 2740 Writing and Community Engagement

ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

**English Electives**

Complete any two ENGL courses that have not already been used to fulfill another requirement. 8

**Capstone**

Code	Title	Hours
<b>English Capstone Requirement</b>		<b>4</b>
ENGL 4710	Capstone Seminar	
or ENGL 4720	Capstone Project	

**Philosophy Requirements**

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

**Advanced Electives**

Complete two PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level. 8

**Critical Philosophy Elective**

Take one of the following courses not used to fulfill another requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	

**Philosophy Electives**

Complete two additional PHIL electives, not used to satisfy another requirement. 8

**Integrative Requirement**

Code	Title	Hours
PHIL 3435	Moral Philosophy	4
ENGL 3619	Emerson and Thoreau	4

**English and Philosophy Combined Major Credit Requirement**

Complete 88 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## Environmental Studies and Philosophy, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems while considering the philosophical, moral, and ethical impacts that such decisions have on human-environment interactions. Due to overlap in course content, students majoring in Environmental Studies or any Environmental Studies combined majors may not complete a minor in Environmental and Sustainability Sciences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Environmental Studies Requirements

## International Affairs and Religious Studies, BA

Introduces the interaction of religious views with institutions and cultures in national and international contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social/religious movements; state-society relations (religion, democracy, authoritarianism, social justice and ethics, citizenship); comparative study of religious theology and praxis; and knowledge of particular religious traditions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1155	Comparative Politics	4
or ECON 1115	Principles of Macroeconomics	
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
POLS 1160	International Relations	4

### International Experiential Learning

Complete at least one international semester via study abroad, international internship, international co-op, or two approved short-term programs abroad.

### International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		
INTL 2480	Women and World Politics	4
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

**Global Dynamics Requirement**

<b>Code</b>	<b>Title</b>	<b>Hours</b>

## Jewish Studies and Religion, BA

The combined major in Jewish studies and religion offers students an integrated program of study of two naturally complementary fields. Study of Judaism as a religion is enhanced by broad familiarity with the world's religious traditions; conversely, in-depth knowledge of Jewish history, identity, and cultures provides students of religion with valuable insight into the ways in which religion interacts with a wide variety of forces to shape the experiences of the adherents of a particular faith. The combined major is designed to enable students to understand the history, cultures, and religion of the Jewish people; analyze and apply theoretical understanding to the interaction between religious, social, and historical factors that have shaped the experiences of the Jewish people; and demonstrate fluency in understanding the major religious traditions of the world. The combined major in Jewish studies and religion is designed to prepare students for graduate work in Jewish studies, religion, or many of the other disciplines that make up Jewish studies or for work within the Jewish community or in communal organizations associated with other religions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Jewish Studies Requirements

Code	Title	Hours
<b>Required Courses</b>		
JWSS 1285	Jewish Religion and Culture	4
or PHIL 1285	Jewish Religion and Culture

## Media and Screen Studies and Philosophy, BA

The Media and Screen Studies Program and the Department of Philosophy and Religion offer a combined major in media and screen studies and philosophy. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of questions and theories related to morality, society, religion, and the natural and social sciences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), and Difference and Diversity (DD) may be met through electives in the major.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
(NUpath capstone recommendation: Complete MSCR 4623 as one of your MSCR electives if a philosophy capstone course is not selected for "Restricted Philosophy Electives.")		
Complete three courses from MSCR or from the following:		12
ARTD 2380	Video Basics	

ARTD 3480	Video: Sound and Image
ARTD 3485	Experimental Video
COMM 1450	Sound Production for Digital Media
COMM 2550	Television Field Production
COMM 2655	Television Studio Production
COMM 3655	Digital Editing for TV
COMM 3750	Special Effects and Postproduction for Television
COMM 4755	Production Capstone

## Philosophy Requirements

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
<b>Advanced Electives</b>		
Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level.		12
<b>Critical Philosophy Elective</b>		
Take one of the following courses not used to fulfill another requirement:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam

## Political Science and Philosophy, BA

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete two of the following:		8
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record. Requirements for the concentrations are listed below (p. ).

- American Political Institutions (p. 2315)
- Campaigns and Elections (p. 2316)
- Comparative Politics (p. 2316)
- Identity, Culture, and Politics (p. 2316)
- International Relations and Diplomacy (p. 2316)
- Law and Legal Studies (p. 2317)
- Public Policy (p. 2317)
- Security Studies (p. 2317)

## Religious Studies and Africana Studies, BA

The Department of Philosophy and Religion and the Program in Africana Studies offer an interdisciplinary combined major in religious studies and Africana studies. Students interested in the combined major integrate the study of religious traditions, religious praxis, and religious ethics with critical and systematic examination of the cultural, political, social, economic, and historical experiences of African Americans throughout the hemisphere and peoples of African descent around the world.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Religious Studies Major Requirements

Code	Title	Hours
<b>Required Foundational Course</b>		
PHIL 1110	Introduction to Religious Studies	4
<b>Lived Religion Elective</b>		
Complete one of the following courses that is not used to satisfy another requirement:		4

## Sociology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in sociology and philosophy. Students in the combined major integrate the study of social structures and systems with the study of social and political philosophy, ethics, and the philosophy of science.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
<b>Electives</b>		
One course can be taken at the 2000 level and three other courses at the 3000 level or higher.		16
<b>Capstone</b>		
Students are expected to complete the following course in spring of their senior year:		4
SOCL 4600	Senior Seminar	

### Philosophy Requirements

Code	Title	Hours
<b>Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325 or POLS 2325	Ancient Philosophy and Political Thought	4

## Philosophy, BS

Philosophy is a basic field of inquiry. Its range encompasses ideas and issues in every domain of human experience, and its methods apply to problems of an unlimited variety. The major in philosophy can develop not only philosophical skill and sophistication but also critical thinking and writing abilities that are readily applicable to pursuits in other academic areas, useful in careers far removed from philosophy, and valuable in everyday social and personal life. The study of philosophy can profoundly affect both the thinking one does and the kind of person one is.

There are a variety of ways to major in philosophy that students may choose from in accordance with their own backgrounds and interests. These include:

- **Philosophy major (no concentration)**  
Offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests
- **Philosophy major with a concentration in law and ethics**  
Focuses elective coursework in the areas of law, social and political philosophy, and applied ethics
- **Philosophy major with a concentration in ethics**  
Focuses elective coursework in the areas of ethical theory, applied ethics, and social and political philosophy
- **Philosophy major with a concentration in religious studies**  
Uses electives to explore a variety of both religious expressions and methods of inquiry
- **Philosophy major with a concentration in formal methods**  
Focuses elective coursework in areas of logic and formal methods
- **Combined majors** in media and screen studies and philosophy, economics and philosophy, environmental studies and philosophy, political science and philosophy, English and philosophy, history and philosophy, criminal justice and philosophy, computer science and philosophy, and physics and philosophy

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Program Options

Complete one of following options:

- Philosophy Major (no concentration) (p. 2329)
- Philosophy Major with a Concentration in Law and Ethics (p. 2329)
- Philosophy Major with a Concentration in Ethics (p. 2330)
- Philosophy Major with a Concentration in Religious Studies (p. 2332)
- Philosophy Major with a Concentration in Formal Methods (p. 2332)

### Philosophy Major Credit Requirement

Complete 36 semester hours in the major.

### Upper-Division Electives

Complete three general electives at the 3000 level or above that do not double count with the major or NUpath.

### General Electives

Additional courses taken beyond college and major course requirements to satisfy graduation credit requirements

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirements

128 total semester hours required

## Behavioral Neuroscience and Philosophy, BS

### Overview

The behavioral neuroscience and philosophy combined degree program engages students in the interdisciplinary study across the biology, psychology, and philosophy departments. The major provides rigorous training in both disciplines with a specific focus on understanding seminal questions concerning human nature and the mind. Courses in the basic sciences will lay a strong foundation in biology, chemistry, and data analytics that are relevant to neuroscience. In behavioral neuroscience core courses, students will examine the structure and function of the human nervous system in order to explore brain mechanisms that give rise to behavioral functions, including cognitive processes, as well as pathological states. In philosophy courses, successful students will develop core analytics skills, including ethical reasoning; learn to recognize and question deep theoretical assumptions at the heart of scientific theories and practice; and explore the social and ethical dimensions of neuroscience and scientific practice more broadly. The fields of behavioral neuroscience and philosophy are further bridged with course work that is designed to enable students to apply neuroscientific concepts to philosophical, moral, and ethical questions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Behavioral Neuroscience Requirements

Code	Title	Hours
<b>Behavioral Neuroscience Overview</b>		
BNSC 1000	Behavioral Neuroscience at Northeastern <sup>1</sup>	1
EESC 2000	Professional Development for Co-op <sup>2</sup>	1
<b>COS Foundations</b>		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
BIOL 2299	Inquiries in Biological Sciences	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
CHEM 1161 and CHEM 1162	General Chemistry for Science Majors and Lab for CHEM 1161	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
PSYC 1101	Foundations of Psychology	4
<b>Mathematics Foundation</b>		
MATH 1251 or MATH 1341	Calculus and Differential Equations for Biology 1 Calculus 1 for Science and Engineering	4
<b>Statistics Foundation</b>		
Complete one of the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission).		4-5
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
PSYC 2320	Statistics in Psychological Research	
<b>Behavioral Neuroscience Foundation</b>		
PSYC 3200	Clinical Neuroanatomy	4
PSYC 3458	Biological Psychology	4
<b>Psychology Elective</b>		
Complete one of the following:		4
PSYC 1214	The Moral Mind: The Science Underlying Ethical Decision-Making and Virtuous Character	
PSYC 3404	Developmental Psychology	
PSYC 3406	Clinical Psychology and Mental Health	

PSYC 3450	Learning and Motivation
PSYC 3451	Learning Principles and Behavior Analysis
PSYC 3452	Sensation and Perception
PSYC 3464	Psychology of Language
PSYC 3466	Cognition
PSYC 4524	Cognitive Development

**Behavioral Neuroscience Core Courses**

Complete two of the following:	8
BIOL 3415	Current Topics in Behavioral Neuroscience
BIOL 3601	Neural Systems and Behavior
BIOL 3605	Developmental Neurobiology
BIOL 4705	Neurobiology of Cognitive Decline
BIOL 5595	Cell and Molecular Neuroscience
BIOL 5601	Multidisciplinary Approaches in Motor Control
PSYC 3506	Neuropsychology of Fear
PSYC 3508	Behavioral Endocrinology
PSYC 3510	Brain, Behavior, and Immunity
PSYC 4510	Psychopharmacology
PSYC 4512	Neuropsychology
PSYC 4514	Clinical Neuroscience
PSYC 4570	Behavioral Genetics

**Upper-Division Elective**

Complete one course that is not already taken as long as pre-requisites have been met:	4
BNSC 4970 or higher	
BIOL 3403 or higher	
PSYC 3404 or higher	

<sup>1</sup> Students entering through CSSH may take Philosophy at Northeastern (PHIL 1000).

<sup>2</sup> Students entering through CSSH may take Professional Development for Co-op (EESH 2000).

**Philosophy Requirements**

Code	Title	Hours
<b>Philosophy Foundation</b>		
PHIL 1105 or PHIL 3050	Science and Pseudoscience Information and Uncertainty	4
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4
PHIL 2325 or POLS 2325	Ancient Philosophy and Political Thought Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4

**Philosophy Restricted Electives**

Complete eight credits from the following list, not taken to fulfill other requirements:	8
PHIL 3305	Philosophy of Emotions
PHIL 3360	Scientific Approaches to Philosophy
PHIL 3435	Moral Philosophy
PHIL 4500	Theory of Knowledge
PHIL 4510	Philosophy of Science
PHIL 4535	Philosophy of Mind
PHIL 4555	Philosophy of Biology

**Additional Electives**

Complete two additional PHIL courses, not taken to fulfill other requirements.	8
--	---

**Integrative Requirements**

Code	Title	Hours
BIOL 4709 or BIOL 5587	Neurobiology of Learning and Memory Comparative Neurobiology	4
PHIL 4535 or PHIL 4555	Philosophy of Mind Philosophy of Biology	4

**Writing Courses**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4
<b>Advanced Writing in the Disciplines</b>

## Computer Science and Philosophy, BS

The computer science and philosophy combined major offers an opportunity to obtain a fluency in formal logic, including logical proofs and the ability to represent arguments clearly and evaluate them for cogency. Students will find that logic plays a fundamental role in computer science as they experience an in-depth programming foundation. The philosophy curriculum also focuses on oral and written communication, as well as ethical and social issues related to computing and information technologies.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or PHIL 1000	First Year Seminar Philosophy at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 2800	Logic and Computation	4
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 3800	Theory of Computation	4
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Khoury Elective</b>		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken for upper-division electives.		
Complete 8 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Philosophy Courses

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4
PHIL 2325 or POLS 2325	Ancient Philosophy and Political Thought Ancient Philosophy and Political Thought	4

or PHIL 2330	Modern Philosophy	
PHIL 4515	Advanced Logic	4
PHIL 5005	Information Ethics	4
or PHIL 5010	AI Ethics	
or PHIL 4050	Values and Sociotechnical Algorithmic Systems	

**Critical Philosophy Elective**

Take one of the following courses not used to fulfill another requirement: 4

AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	

**Philosophy Electives**

Take three additional PHIL courses not used to fulfill another requirement, at least one of which is 4000 or above. 12

**Integrative Course Requirement**

Code	Title	Hours
These courses will double count in other areas of your major.		
CS 3800	Theory of Computation	
PHIL 4515	Advanced Logic	

**Computer Science English Requirement**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	

**Advanced Writing in the Disciplines**

Complete one course from the following: 4		
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

**Required General Electives**

Code	Title	Hours
Complete 44 semester hours of general electives.		44

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Interpreting Culture
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Students must arrange to take a NUpath capstone using either a course in CS, CY, DS, IS or PHIL, or as a general elective.

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Program Requirement**

133 total semester hours required

## Computer Science and Politics, Philosophy, and Economics, BS

Politics, philosophy, and economics bring together three important frameworks from the humanistic social sciences for understanding the world around us. Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor, drawing on concepts and methods from mathematics, logic, science, and engineering. This interdisciplinary degree thus provides multiple perspectives and a set of skills that are indispensable in our increasingly interconnected world and essential in addressing the kinds of complex global problems future leaders need to tackle.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken for upper-division electives.		
Complete 4 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses from the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Politics, Philosophy, and Economics Courses

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

Code	Title	Hours
<b>Foundation Course</b>		
PHIL 1160	Introduction to Economic Justice	4
<b>Core Courses</b>		

**Philosophy**

PHIL 2303 or PHIL 3822	Social and Political Philosophy Philosophy of Race and Racism	4
PHIL 3435 or PHIL 2325	Moral Philosophy Ancient Philosophy and Political Thought	4

**Political Science**

POLS 1150 or POLS 1155	American Government Comparative Politics	4
POLS 1160	International Relations	4
POLS 3405	International Political Economy	4

**Economics**

ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
ECON 2315 or ECON 2316	Macroeconomic Theory Microeconomic Theory	4

**Methods Course**

PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
-----------	---	---

**Capstone**

Complete one of the following: 4

ECON 4692	Senior Economics Seminar	
PHIL 4550	Philosophy of Economics	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

**PPE Elective**

Complete one course from the following ranges: 4

ECON 1200 to ECON 1999		
ECON 3000 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		
PHIL 2000 to PHIL 5999		
POLS 2000 to POLS 5999		

**Integrative Course Requirements**

Code	Title	Hours
IS 4300	Human Computer Interaction	4
PHIL 1115	Introduction to Logic	4
POLS 2390	Science, Technology, and Public Policy	4

**Supporting Courses**

Code	Title	Hours
<b>Statistics and Mathematics</b>		
ECON 2350 or POLS 2400 or MATH 2280	Statistics for Economists Quantitative Techniques Statistics and Software	4
MATH 1231 or MATH 1341	Calculus for Business and Economics Calculus 1 for Science and Engineering	4

**English Requirements**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4

**Advanced Writing in the Disciplines**

Complete one of the following:	4
ENGW 3302	Advanced Writing in the Technical Professions
ENGW 3309	Advanced Writing in the Humanities
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines

**Required General Electives**

Code	Title	Hours
Complete 20 semester hours of general electives.		20

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Program Requirement**

129 total semester hours required

**Plan of Study****Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall**

## Criminal Justice and Philosophy, BS

The School of Criminology and Criminal Justice and the Department of Philosophy and Religion offer a combined major in criminal justice and philosophy. This combined major educates students in criminal justice and philosophy and in the interface between the two disciplines. The scope and sequence of philosophy courses provide students with a foundation in topics such as social and political philosophy, philosophy of law, and moral philosophy, while also offering students an opportunity to develop robust analytical and evaluative skills. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should have depth of knowledge with respect to analyzing and addressing criminal behavior, as well as with respect to the philosophical and ethical aspects of topics such as law, punishment, justice, and social institutions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Crime Problems and Criminal Justice Institutions</b>		
The 2000-level courses below ask how justice works and for whom and introduce students to the systems and institutions tasked with providing justice. Each one includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses below offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Systemic Issues</b>		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
<b>Creating Knowledge About Crime and Justice</b>		

How do we know what we know about crime and justice—and how do we develop new knowledge? These courses study how to harness data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
<b>Co-op Integration Seminars</b>		
Co-op students should complete the seminars below. Non-co-op students should complete a 4-semester-hour CRIM elective.		
Complete two of the following. EESH 2000 and CRIM 3000 are required for the first co-op. CRIM 4000 is required if a second co-op is taken.		2-4
EESH 2000	Professional Development for Co-op	
CRIM 3000	Co-op Integration Seminar 2	
CRIM 4000	Co-op Integration Seminar 3	
<b>Solutions and Reform</b>		
How do we reinvent criminal justice institutions and their practice? The capstone experience is project based and solution oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.		
CRIM 4949	Senior Capstone Seminar	4
<b>Criminal Justice Elective</b>		
These courses round out our knowledge of crime and justice.		
Complete one additional CRIM elective from the 3000, 4000, or 5000 level.		4
<b>Philosophy Requirements</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
<b>Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2303	Social and Political Philosophy	4
PHIL 2325 or POLS 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4
<b>Advanced Philosophy Electives</b>		
Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement and at least one at the 4000 or 5000 level.		12
<b>Philosophy 4000/5000 Elective</b>		
Complete one of the following not used to satisfy other requirements:		4
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 4515	Advanced Logic	
PHIL 4535	Philosophy of Mind	
PHIL 4550	Philosophy of Economics	
PHIL 4555	Philosophy of Biology	
PHIL 4903	Seminar in Religion	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	
<b>Critical Philosophy Elective</b>		
Complete one of the following not used to fulfill other requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	

**Philosophy Electives**

Complete one additional PHIL course not used to fulfill other requirements. 4

**Integrative Requirement**

Code	Title	Hours
------	-------	-------

One integrative course is required for each discipline. Courses taken as electives above may not be used as integrative courses.

**Philosophy Integrative Course**

PHIL 2301	Philosophical Problems of Law and Justice	4
-----------	---	---

**Criminal Justice Integrative Course**

CRIM 1400	Human Trafficking	4
-----------	-------------------	---

**Criminal Justice and Philosophy Major Credit Requirement**

Complete 88 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## Data Science and Philosophy, BS

### Overview

The data science and philosophy combined major offers an opportunity to obtain a fluency in formal logic, including logical proofs and the ability to represent arguments clearly and evaluate them for cogency. Students will find that logic plays a fundamental role in computer science as they experience an in-depth programming foundation. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. The philosophy curriculum also focuses on oral and written communication, as well as ethical and social issues related to data storage, usage, manipulation, and presentation.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Data Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or PHIL 1000	First Year Seminar Philosophy at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Programming Sequence Pathways</b>		
Complete one of the following options:		12
<i>Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
<i>Data Science Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
<b>Computer Science Required Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
<b>Data Science Foundations</b>		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
DS 4420 or DS 4440	Machine Learning and Data Mining 2 Practical Neural Networks	4
<b>Khoury Elective Courses</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 4 SH of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

**Philosophy Requirements**

Code	Title	Hours
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
or PHIL 2330	Modern Philosophy	
PHIL 4515	Advanced Logic	4

**Philosophy Electives**

Complete four additional PHIL courses, at least one of which is 4000 or above.	16
--	----

**Integrative Requirement**

Code	Title	Hours
PHIL 3050	Information and Uncertainty	4
or PHIL 1300	Knowledge in a Digital World	
or PHIL 2001	Ethics and Evolutionary Games	
PHIL 5005	Information Ethics	4
or PHIL 4050	Values and Sociotechnical Algorithmic Systems	
or PHIL 5010	AI Ethics

## Economics and Philosophy, BS

Both philosophy and economics are the disciplines of critical thinking—thinking in concrete and abstract terms to help put the world in perspective. The combined economics and philosophy major provides students with training to critically evaluate and assess policies and issues on both economic and ethical grounds, including issues such as globalization, immigration, environmental protections, the minimum wage, a fair and just tax, just working environments, and many more.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Overview and Supporting Courses

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		
ECON 1000 or PHIL 1000	Economics at Northeastern Philosophy at Northeastern	1
<b>Supporting Courses</b>		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	4

### Economics Requirements

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
<b>Economics Electives</b>		
Complete two ECON elective courses from the following ranges with no more than one in the ECON 1200-1999 range. Additionally, ECON 3520 may not be used as an ECON elective:		
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

### Philosophy Requirements

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4

**Advanced Philosophy Elective**

Complete one PHIL course with a designation of 3000 or above not used to satisfy another requirement. 4

**Critical Philosophy Elective**

Take one of the following courses not used to fulfill another requirement: 4

AFAM 1101	Introduction to African American and Africana Studies
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion
PHIL 1271	Sex in Judaism, Christianity, and Islam
PHIL 2155	Human Rights
PHIL 2492	Indigenous Philosophy
PHIL 2619	Race and Religion in Film
PHIL 3500	Sexuality, Gender, and the Law
PHIL 3822	Philosophy of Race and Racism

**Additional Electives**

Complete two additional electives in philosophy or religion. At least one must be numbered 2000 or above. 8

**Integrative Requirements**

**Code** **Title** **Hours**

Complete the capstone and one of the other courses listed below that has not been used in the above requirements.

**Capstone**

PHIL 4550 Philosophy of Economics 4

Choose one additional integrative course: 4

PHIL 3435	Moral Philosophy
or PHIL 4500	Theory of Knowledge
or PHIL 4510	Philosophy of Science
or PHIL 5001	Global Justice
or PHIL 5002	Ethics and Public Policy

**Major GPA/Credit Requirement**

Complete 76 semester hours in the major.

Grades in the following four Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

## Physics and Philosophy, BS

The combined major in physics and philosophy provides a strong foundation in classical and modern physics, including studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Students will be able to describe the method by which physical “law” is made manifest in the sciences, how this knowledge compares with other epistemological models studied in other contexts, and philosophical views on the status and source of physical “law.”

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Physics Major Requirements

Code	Title	Hours
<b>Introductory Physics</b>		
<i>Physics 1</i>		
Complete one of the following:		5
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
<i>Physics 2</i>		
Complete one of the following:		5
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
<b>Intermediate Physics</b>		
PHYS 2303	Modern Physics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
<b>Advanced Physics</b>		
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism 1	4
PHYS 4115	Quantum Mechanics	4
PHYS 4305	Thermodynamics and Statistical Mechanics	4
<b>Physics Elective</b>		
Complete one of the following:		4
MATH 4606	Mathematical and Computational Methods for Physics	
PHYS 4621	Biological Physics 1	
PHYS 4623	Medical Physics	
PHYS 4651	Medical Physics Seminar 1	
PHYS 4652	Medical Physics Seminar 2	
PHYS 5113	Particle Physics	
PHYS 5116	Network Science 1	
PHYS 5260	Introduction to Nanoscience and Nanotechnology	

**Philosophy Major Requirements**

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325 or POLS 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4
PHIL 4500 or PHIL 3050	Theory of Knowledge Information and Uncertainty	4
<b>Advanced Philosophy Electives</b>		
Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level.		12
<b>Critical Philosophy Elective</b>		
Take one of the following courses not used to fulfill another requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	
<b>Philosophy Electives</b>		<b>8</b>
Complete two additional PHIL courses not used to satisfy other requirements.		8

**Physics/Philosophy Integrative Requirements**

Code	Title	Hours
<b>Integrative Course Requirements</b>		
PHIL 4510 or PHIL 3360	Philosophy of Science Scientific Approaches to Philosophy	4
PHYS 3601	Classical Dynamics	4

**Breadth Courses**

Code	Title	Hours
<b>Mathematics</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

**Physics and Philosophy Major Credit Requirement**

Complete 98 semester hours in the major.

**Program Requirement**

132 total semester hours required

**Plan of Study****Notes on Physics Plans of Study**

Some required physics courses are offered in both fall and spring semesters, while other required courses are offered less frequently. Therefore, the suggested plan of study will vary from student to student, depending on the year of entry for that student.

*See course offering schedule at the end of the plans of study.*

Please contact your academic advisor for additional information and plans of study.

### OFFERING SCHEDULE (SUBJECT TO CHANGES)

- Modern Physics (PHYS 2303) offered every fall, spring, and summer 2
- Electronics (PHYS 2371)/Lab for PHYS 2371 (PHYS 2372) offered every fall
- Advanced Physics Laboratory (PHYS 3600) offered every summer 1 and summer 2
- Classical Dynamics (PHYS 3601) offered spring and fall (even years)
- Electricity and Magnetism 1 (PHYS 3602) offered every fall and spring
- Electricity and Magnetism 2 (PHYS 3603) offered fall (even years) and summer 1 (odd years)
- Quantum Mechanics (PHYS 4115) offered every fall and spring
- Thermodynamics and Statistical Mechanics (PHYS 4305) offered every spring and summer 2 (even years)
- Biological Physics 1 (PHYS 4621) offered spring (odd years) and fall (even years)
- Medical Physics (PHYS 4623) offered summer 1 and fall (even years)
- Medical Physics Seminar 1 (PHYS 4651) offered spring and fall (odd years)
- Medical Physics Seminar 2 (PHYS 4652) offered every spring
- Principles of Experimental Physics (PHYS 5318) offered every spring

## Political Science and Philosophy, BS

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete two of the following:		8
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record.

- American Political Institutions (p. 2366)
- Campaigns and Elections (p. 2366)
- Comparative Politics (p. 2366)
- Identity, Culture, and Politics (p. 2367)
- International Relations and Diplomacy (p. 2367)
- Law and Legal Studies (p. 2367)
- Public Policy (p. 2368)
- Security Studies (p. 2368)

### Philosophy Requirements

Code	Title	Hours
<b>Philosophy Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2303	Social and Political Philosophy	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
<b>Advanced Philosophy Electives</b>		

Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level. 12

**Critical Philosophy Elective**

Take one of the following courses not used to fulfill another requirements: 4

AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	

**Additional Electives**

Complete two additional PHIL courses not used to satisfy other requirements. 8

**Integrative Requirement**

Code	Title	Hours
------	-------	-------

Complete one of the following:

PHIL 5001	Global Justice	4
or PHIL 5002	Ethics and Public Policy	

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 semester hours required

**CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS**

Code	Title	Hours

## Politics, Philosophy, and Economics, BS

Website (<https://cssh.northeastern.edu/ppe/>)

617.373.3636

617.373.4359 (fax)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. This major is an interdisciplinary degree that not only provides students with the analytic tools from three different disciplines but also is designed to teach students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

Students may choose from several concentrations in accordance with their own backgrounds and interests. These include:

- Environment and energy policy
- International political economy
- Law and justice
- Logic and game theory
- Political philosophy
- Public and economic policy
- Racial justice

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Politics, Philosophy, and Economics Major Requirements

Code	Title	Hours
<b>Foundation Course</b>		
PHIL 1160	Introduction to Economic Justice	4

WMNS 3500	Sexuality, Gender, and the Law

**Statistics and Mathematics**

Complete one of the following. It is recommended that MATH 1241 or higher is chosen: 4

MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering
---	--

Complete one of the following: 4

ECON 2350 or MATH 2280 or POLS 2400	Statistics for Economists Statistics and Software Quantitative Techniques
---	---

**Experiential Learning Requirement**

Complete one co-op, study abroad, qualifying Dialogue of Civilizations, or one of the following: 4

ECON 4991	Research
ECON 4994	Internship
ECON 4996	Experiential Education Directed Study
POLS 4942	Internship in Politics
POLS 4970	Junior/Senior Honors Project 1
POLS 4971	Junior/Senior Honors Project 2
POLS 4996	Experiential Education Directed Study

**Major GPA/Credit Requirement**

Complete 68 semester hours in the major with a 3.000 GPA.

Code	Title	Hours
<b>Economics GPA Requirement</b>		
Grades in the following courses must average to a minimum of C (2.000):		
ECON 2315 or ECON 2316	Macroeconomic Theory Microeconomic Theory	
ECON 2350 or MATH 2280 or POLS 2400	Statistics for Economists Statistics and Software Quantitative Techniques	

**Course Distribution Requirement**

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Concentrations****CONCENTRATION IN ENVIRONMENT AND ENERGY POLICY**

Code	Title	Hours
Complete two of the following:		8
ECON 1711	Economics of Sustainability	
ECON 3423	Environmental Economics	
or ECON 3425	Energy Economics

## Ethics, Minor

The Department of Philosophy and Religion offers a minor in ethics for students who are interested in exploring the ethical dimensions of contemporary issues. From medicine and the environment to business and religion, the minor provides a range of courses that speak to issues you care about and provides you with the tools to explore them. The minor includes courses in ethical theory (e.g., moral philosophy, social and political philosophy, and philosophical problems of law and justice); applied ethics (e.g., environmental ethics, business ethics, moral and social problems in healthcare, and technology and human values); and religious ethics (e.g., ethics east and west and cults and sects). It emphasizes developing critical analytical and evaluative skills.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Complete four courses from the following list, two of which must be at or above the 2000 level:		16
PHIL 1102	Introduction to Contemporary Moral Issues	
PHIL 1106	Ethics and Politics of Work	
PHIL 1111	Introduction to World Religions	
PHIL 1112	Debating Ethical Controversies	
PHIL 1120	Understanding the Bible	
PHIL 1130	Comparative Ethics	
PHIL 1133	Selling Spirituality	
PHIL 1145	Technology and Human Values	
PHIL 1160	Introduction to Economic Justice	
PHIL 1162	Ethics and Philosophy through Sport	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1170	Business, Ethics, and Human Rights	
PHIL 1180	Environmental Ethics	
PHIL 1185	The Ethics of Food	
PHIL 1195	Research Ethics	
PHIL 1220	The Meaning of Death	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 1300	Knowledge in a Digital World	
PHIL 1666	The Problem of Evil in Film	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
PHIL 2001	Ethics and Evolutionary Games	
PHIL 2016	The Philosophy and Ethics of Lying and Deception	
PHIL 2143	Philosophy for Children	
PHIL 2155	Human Rights	
PHIL 2301	Philosophical Problems of Law and Justice	
PHIL 2303	Social and Political Philosophy	
PHIL 2325	Ancient Philosophy and Political Thought	
PHIL 2390	Cults and Sects	
PHIL 2395	Japanese Buddhism	
PHIL 2619	Race and Religion in Film	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
PHIL 3305	Philosophy of Emotions	
PHIL 3435	Moral Philosophy	
PHIL 3822	Philosophy of Race and Racism	
PHIL 4050	Values and Sociotechnical Algorithmic Systems	
PHIL 4550	Philosophy of Economics	

2378 Ethics, Minor

PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy
PHIL 5005	Information Ethics
PHIL 5010	AI Ethics

**GPA Requirement**

2.000 GPA required in the minor

## Information Ethics, Minor

This minor aims to help students: (1) develop knowledge of issues and topics in computing, data, and AI ethics; and (2) build skills in ethical analysis, reasoning and evaluation. The minor is open to students from all majors.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A minimum of three of the courses to fulfill the minor must carry the PHIL prefix. At least two courses must be at or above the 2000-level.

Code	Title	Hours
<b>Foundational Course</b>		
Complete one of the following:		4
PHIL 1145	Technology and Human Values	
PHIL 1300	Knowledge in a Digital World	
<b>Information Ethics Electives</b>		
Complete two courses from the following, not used above, one of which must be at or above the 4000 level:		8
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
PHIL 1145	Technology and Human Values	
PHIL 1300	Knowledge in a Digital World	
PHIL 2016	The Philosophy and Ethics of Lying and Deception	
PHIL 4050	Values and Sociotechnical Algorithmic Systems	
PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	
<b>Ethics Electives</b>		
Complete one of the following courses not used above.		4
CHME 5185	Design of Experiments and Ethical Research (DOEER)	
PHIL 1102	Introduction to Contemporary Moral Issues	
PHIL 1112	Debating Ethical Controversies	
PHIL 1130	Comparative Ethics	
PHIL 1145	Technology and Human Values	
PHIL 1160	Introduction to Economic Justice	
PHIL 1162	Ethics and Philosophy through Sport	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1170	Business, Ethics, and Human Rights	
PHIL 1180	Environmental Ethics	
PHIL 1185	The Ethics of Food	
PHIL 1195	Research Ethics	
PHIL 1300	Knowledge in a Digital World	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
PHIL 2001	Ethics and Evolutionary Games	
PHIL 2016	The Philosophy and Ethics of Lying and Deception	
PHIL 2155	Human Rights	
PHIL 2301	Philosophical Problems of Law and Justice	
PHIL 2303	Social and Political Philosophy	
PHIL 2325	Ancient Philosophy and Political Thought	
PHIL 3435	Moral Philosophy	
PHIL 3822	Philosophy of Race and Racism	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	

2380 Information Ethics, Minor

**GPA Requirement**

2.000 GPA required in the minor

## Philosophy, Minor

Philosophy addresses questions and theories related to morality, society, religion, and the natural and social sciences. Course work in philosophy provides students with an understanding of the methods and traditions of philosophical thought, as well as opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Through readings, discussion, and writing, students examine questions concerning the validity of moral judgments, political ideas, and scientific theories, as well as questions about values and social policy in such areas as law, medicine, and technology.

Course work in philosophy significantly strengthens study in other areas. Many students find that their studies in their major can be beneficially supplemented by pursuing studies in philosophy. Declaring a minor in philosophy will allow you to continue your philosophical studies throughout your time at Northeastern University.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

### Elective Courses

Code	Title	Hours
	Complete three courses in philosophy and religion.	12

### GPA Requirement

2.000 GPA required in the minor

## Religious Studies, Minor

The religious studies minor provides a short form of the religious studies major that can be tailored to the needs of the student.

The minor in religious studies offers the opportunity to acquire an understanding of religion within various contexts through comparative approaches and an engagement with religion in everyday life. Through the minor, a student will enhance their ability to think critically about a range of religious traditions through diverse methodological approaches.

### Minor Requirements

Complete all courses listed below unless otherwise indicated.

#### Required Course

Code	Title	Hours
PHIL 1110	Introduction to Religious Studies	4

#### Electives

Code	Title	Hours
Complete three of the following; at least one must be 2000-level or higher:		12

PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1111	Introduction to World Religions	
PHIL 1120	Understanding the Bible	
PHIL 1133	Selling Spirituality	
PHIL 1220	The Meaning of Death	
PHIL 1260	Apocalypticism in Film	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1285	Jewish Religion and Culture	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 1666	The Problem of Evil in Film	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
PHIL 2230	Music and Religion	
PHIL 2390	Cults and Sects	
PHIL 2395	Japanese Buddhism	
PHIL 2410	Possession, Sacrifice, and Divination in African Diasporic Religions	
PHIL 2619	Race and Religion in Film	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
PHIL 4903	Seminar in Religion	

#### GPA Requirement

2.000 GPA required in the minor

## Political Science

Website (<http://www.northeastern.edu/polisci/>)

### Costas Panagopoulos, PhD

Professor and Chair

960A Renaissance Park

617.373.2796

617.373.5311 (fax)

Political science teaches the art and science of politics in the United States and throughout the world. Experiential opportunities include a seven-week summer program at the United Nations in Geneva, Switzerland, and internships at the White House or in the British Parliament. Majors may write opinion pieces for a student political journal or participate in one of the top Model NATO League teams in the United States. Political science is a discipline and a subject of study that has worldwide applications and exciting and experiential job opportunities. Politics matter wherever there are groups of people trying to get things done.

Political science majors start their journey with core courses on American government, comparative politics, international relations, and research methods. After that, students choose from a wide variety of courses on specific topics from international security to legal studies to public policy.

Political science co-ops include responsible positions in local, state, and federal government agencies; law firms; nonprofit institutions; and corporations. Many students complete either a co-op position or an internship with a congressional representative, a senator, a governor or other elected public officials, or at an international organization or nonprofit.

Political science students are among the most active on campus through extracurricular programs designed to expand their leadership ability, including the Political Science Student Association, International Relations Council, Pi Sigma Alpha honor society, Model United Nations, Model Arab League, Model NATO, student government, College Democrats and Republicans, and other student groups. With these experiences on their resumés, students are prepared to succeed in law school; graduate school; careers in government and the nonprofit sector; as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and nongovernmental organizations.

### Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 88)."

### PlusOne Program (MA) in Political Science

Political science majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master's degree in political science. Students interested in this option should consult with the departmental graduate coordinator.

## Programs

### Bachelor of Arts (BA)

- Political Science (p. 2385)
- Africana Studies and Political Science (p. 1883)
- English and Political Science (p. 2048)
- Environmental Studies and Political Science (p. 1497)
- History and Political Science (p. 2125)
- Journalism and Political Science (p. 421)
- Media and Screen Studies and Political Science (p. 344)
- Political Science and Communication Studies (p. 311)
- Political Science and Economics (p. 1958)
- Political Science and Human Services (p. 2433)
- Political Science and International Affairs (p. 2238)
- Political Science and Philosophy (p. 2314)
- Sociology and Political Science (p. 2452)

### Bachelor of Science (BS)

- Political Science (p. 2457)
- Biology and Political Science (p. 1398)
- Computer Science and Political Science (p. 838)
- Computer Science and Politics, Philosophy, and Economics (p. 844)
- Criminal Justice and Political Science (p. 1842)
- Mathematics and Political Science (p. 1544)

- Political Science and Business Administration (p. 644)
- Political Science and Communication Studies (p. 383)
- Political Science and Economics (p. 2008)
- Political Science and Human Services (p. 2504)
- Political Science and Philosophy (p. 2365)
- Politics, Philosophy, and Economics (p. 1777)

### **Minors**

- Political Science (p. 2514)
- American Political Institutions (p. 2515)
- International Security Studies (p. 2516)

### **Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## Political Science, BA

The Bachelor of Arts in Political Science provides a set of introductory courses to the discipline, followed by methodology courses, electives, and a capstone course. Students explore and analyze the many facets of American government, comparative politics, international relations, and political philosophy. With elective courses, students may choose from among a number of concentrations or follow their own curricular path. At the college level the Bachelor of Arts includes a foreign language requirement.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Introduction to College

Complete "Introduction to College" for your major.

### Political Science Major Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2330	American Political Thought

## Africana Studies and Political Science, BA

The combined major in Africana studies and political science offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of political science. Within the combined major, students may also choose to concentrate their studies on a range of topics related to political behaviors and institutional developments in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Africana Studies Requirements

Code	Title	Hours
<b>Foundational</b>		
Complete one of the following:		4

## English and Political Science, BA

The Department of English and the Department of Political Science offer an interdisciplinary combined major in English and political science. Students in the combined major in English and political science integrate the study of literature and writing with the study of political issues and problems.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
<b>Literary Periods</b>		
<i>Pre-19th Century Literature</i>		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<i>19th/20th/21st Century Literature</i>		
Complete one of the following courses:		4

<i>19th Century</i>	
ENGL 2330	The American Renaissance
ENGL 3140	19th-Century Literatures
ENGL 3190	Topics in 19th-Century American Literature
ENGL 3619	Emerson and Thoreau
ENGL 3720	19th-Century Major Figure
<i>20th/21st Century</i>	
ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 3161	20th- and 21st-Century Literatures
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure
<b>Theories and Methods</b>	
Complete one of the following: 4	
ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Research on Writing
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3400	Opening the Archive
ENGL 3700	Narrative Medicine
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics
<b>Comparative Course</b>	
Complete one of the following courses: 4	
ENGL 1450	Reading and Writing in the Digital Age
ENGL 1500	British Literature to 1800
ENGL 1502	American Literature to 1865
ENGL 2150	Literature and Digital Diversity
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2455	American Women Writers
ENGL 2470	Asian-American Literature
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature?
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)
<b>Writing</b>	
Complete one of the following: 4	
ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2730	Digital Writing

## Environmental Studies and Political Science, BA

In this combined major, students develop an awareness of the scientific, cultural, societal, and political aspects of the world's environmental problems through the lens of geopolitical decisions, public policy, and environmental regulations. Due to overlap in course content, students majoring in Environmental Studies or any Environmental Studies combined majors may not complete a minor in Environmental and Sustainability Sciences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Environmental Studies Requirements

Code	Title	Hours
<b>Introductory Courses</b>		
<i>Introductory Science</i>		
Choose one of the following:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	
<i>Introductory Social Science</i>		
Choose one of the following:		4
ANTH 1101	Peoples and Cultures	
ENVR 2401	Food Justice and Community Development	
PHIL 1180	Environmental Ethics	
SOCL 1246	Environment and Society	
<b>Scientific Foundations of Environmental Systems</b>		
Choose one of the following:		4
ENVR 1110	Global Climate Change	
ENVR 3150	Food Security and Sustainability	
ENVR 3200	Water Resources	
<b>Human Foundations of Environmental Systems</b>		
Choose one of the following:		4
ENVR 2515	Sustainable Development	
PHTH 2414	Environmental Health	
SOCL 4522	Environmental Justice	
<b>Skills Course</b>		
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
<b>Electives</b>		
Choose four courses from the list. At least three must be at 3000 level or higher.		16
ARTG 5110	Information Design History	
BUSN 3110	The Consulting Environment	
CIVE 5280	Remote Sensing of the Environment	
COMM 3500	Environmental Issues, Communication, and the Media	
EEMB 3466	Disease Ecology	

ENVR 3201	Coastal Sustainability: Ecology and Coupled Human-Natural Systems in Southeast Asia
ENVR 3202	Coastal Sustainability: The Blue Economy of the Gulf of Maine
ENVR 3701	Energy in the Desert Ecosystem
ENVR 4504	Environmental Pollution
ENVR 5350	Sustainable Energy and Climate Solutions
ENVR 5563	Advanced Spatial Analysis
ENVR 5750	Urban Ecology
ENVR 5800	Climate Adaptation and Nature-Based Solutions
FINA 2720	Sustainability in the Business Environment
JRNL 3650	Science Writing
PHIL 1180	Environmental Ethics
PHTH 1270	Introduction to Global Health
PHTH 4202	Principles of Epidemiology in Medicine and Public Health
PPUA 5268	International Environmental Policy
SOCL 2485	Environment, Technology, and Society

### Political Science Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Choose one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Choose four POLS Electives 2000 level or above.		16

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 1499)
- Campaigns and Elections (p. 1499)
- Comparative Politics (p. 1499)
- Identity, Culture, and Politics (p. 1500)
- International Relations and Diplomacy (p. 1500)
- Law and Legal Studies (p. 1500)
- Public Policy (p. 1500)
- Security Studies (p. 1501)

### Integrative Courses

Code	Title	Hours
<b>Political Science Integrative Course</b>		
Choose one of the following:		4
POLS 2390	Science, Technology, and Public Policy	
POLS 2395	Environmental Politics and Policy	
<b>Environmental Science Integrative Course</b>		
Choose one of the following:		4
ENVR 4504	Environmental Pollution	

ENVR 5210	Environmental Planning	
ENVR 5220	Ecosystem-Based Management	
<b>Capstone Requirement</b>		
Choose one of the following:		1-4
ENVR 4050	Solving Emerging Environmental Challenges through Capstone	
ENVR 4900	Earth and Environmental Science Capstone	
ENVR 4997	Senior Thesis	
POLS 4701	Political Science Senior Capstone	

## Environmental Studies and Political Science Combined Major Credit Requirement

Complete 84 semester hours in the major.

### Program Requirement

128 total semester hours required

### CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics

<sup>1</sup> Earth and Environmental Science Capstone (ENVR 4900) is also an option to fulfill the capstone requirement of this program. Students who complete 1 SH Earth and Environmental Science Capstone (ENVR 4900) must still complete a minimum of 128 SH to meet degree requirements.

## History and Political Science, BA

The Department of History and the Department of Political Science offer an interdisciplinary combined major in history and political science. Students interested in the combined major integrate the study of political systems and theories with the study and analysis of human history.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Major Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500

## Journalism and Political Science, BA

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism and political science. Successful students will gain a deep understanding of both disciplines, allowing them to seek out areas such as political writing, campaigns, and law school.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (CI), Interpreting Culture (IC), Understanding Societies and Institutions (SI), Analyzing and Using Data (AD), Engaging Difference and Diversity (DD), and Employing Ethical Reasoning (ER) are met through the major requirements. All other Nupath requirements must be met through electives.

### Journalism Major Requirements

Code	Title	Hours
<b>Journalism Introductory Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundations</b>		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5

## Political Science and Communication Studies, BA

The combined major in political science and communication studies offers students the opportunity to integrate the study of politics and government with different forms and mediums of communication. Students complete the core courses in political science along with core courses in communication studies that cover public speaking and persuasion. This combined major highlights the important role played by different forms of communication in shaping politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Methodology</b>		
POLS 2399	Research Methods in Political Science	4
or COMM 2301	Communication Research Methods	
<b>Political Science Electives</b>		
Complete four courses in the following range:		16
POLS 3000 to POLS 5999		

### Political Science Concentration (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 313).

- American Political Institutions (p. 313)
- Campaigns and Elections (p. 313)
- Comparative Politics (p. 313)
- Identity, Culture, and Politics (p. 314)
- International Relations and Diplomacy (p. 314)
- Law and Legal Studies (p. 314)
- Public Policy (p. 314)
- Security Studies (p. 315)

## Communication Studies Requirements

Code	Title	Hours
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
or COMM 2301	Communication Research Methods	

## Communication Studies Electives

## Media and Screen Studies and Political Science, BA

The Media and Screen Studies Program and the Department of Political Science offer a combined major in media and screen studies and political science. The combined major integrates the analysis, research, and production of traditional and emerging media along with courses on American government, comparative politics, international relations, and research methods.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI) and Difference and Diversity (DD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following (NUpath capstone recommendation: Complete MSCR 4623 as one of your MSCR electives if a political science capstone is not taken for a political science elective):		12
ARTD 2380	Video Basics	

ARTD 3480	Video: Sound and Image
ARTD 3485	Experimental Video
COMM 1450	Sound Production for Digital Media
COMM 2550	Television Field Production
COMM 2655	Television Studio Production
COMM 3655	Digital Editing for TV
COMM 3750	Special Effects and Postproduction for Television
COMM 4755	Production Capstone

## Political Science Requirements

Code	Title	Hours
<b>Required Courses</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Elective Courses</b>		
Complete four POLS courses or complete a concentration.		16

## Political Science Concentration (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record:

- American Political Institutions (p. 346)
- Campaigns and Elections (p. 346)
- Comparative Politics (p. 346)
- Identity, Culture, and Politics (p. 346)
- International Relations and Diplomacy (p. 347)
- Law and Legal Studies (p. 347)

## Political Science and Economics, BA

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete four courses POLS 2000 to POLS 5999		16

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below.

- American Political Institutions (p. 1960)
- Campaigns and Elections (p. 1960)
- Comparative Politics (p. 1960)
- Identity, Culture, and Politics (p. 1961)
- International Relations and Diplomacy (p. 1961)
- Law and Legal Studies (p. 1961)
- Public Policy (p. 1961)
- Security Studies (p. 1962)

### Economics Requirements for BA

Code	Title	Hours
<b>Breadth Courses</b>		
<i>Calculus</i>		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	

or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

**Computer Science**

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

**Required Economics Courses**

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 3520	History of Economic Thought	4

**Economics Electives**

Complete 3 Economics elective courses that are found in the following ranges, with no more than 1 in the ECON 1200 to ECON 1999 range. Additionally, ECON 3520 may not be used as an Economics elective: 12

ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

**Supporting Courses**

Complete either of the statistics and departmental elective combinations listed below:

**COMBINATION A**

Code	Title	Hours
<b>Statistics</b>		
POLS 2400	Quantitative Techniques	4
<b>Economics</b>		
Complete one course within the following ranges, excluding ECON 3520. This course may not also be used as an Economics elective.		4
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

**COMBINATION B**

Code	Title	Hours
<b>Statistics</b>		
ECON 2350	Statistics for Economists	4
<b>Political Science</b>		
Complete one course in the following range:		4
POLS 2401 to POLS 5999		

**Integrative Requirements**

Code	Title	Hours
<b>Senior Seminar/Capstone</b>		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

**Combined Major GPA/Credit Requirement**

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350 or POLS 2400	Statistics for Economists Quantitative Techniques	

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Concentrations****CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS**

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

**CONCENTRATION IN CAMPAIGNS AND ELECTIONS**

Code	Title	Hours
<b>Required Courses</b>		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
<b>Campaigns and Elections Electives</b>		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

**CONCENTRATION IN COMPARATIVE POLITICS**

Code	Title	Hours
<b>Theoretical Requirement</b>		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	

**Regional Requirements**

Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	

POLS 3465 Government and Politics in the Middle East

#### Experiential/Practicum Requirement

Complete one of the following: 4

POLS 4915 Model Arab League

POLS 4918 Model NATO

POLS 4937 Dialogue of Civilizations: Government and Politics Abroad

#### CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours

## Political Science and Human Services, BA

The combined degree is designed to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students prepare for fields in the social change arena (nongovernment organizations [NGOs], counseling, and political advocacy). Political science students prepare to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, successful students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are positioned to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete three courses in the following range:		12
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 2435)
- Campaigns and Elections (p. 2435)
- Comparative Politics (p. 2435)
- Identity, Culture, and Politics (p. 2435)
- International Relations and Diplomacy (p. 2436)
- Law and Legal Studies (p. 2436)
- Public Policy (p. 2436)
- Security Studies (p. 2436)

**Supporting Course for Political Science**

Code	Title	Hours
<b>Mathematics</b>		
Complete one of the following to fulfill the prerequisite for POLS 2400:		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	

**Human Services Requirements**

## Political Science and International Affairs, BA

Through this combined major, undergraduates will develop an awareness of global affairs and international relations since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; political processes, institutions, and actors; and state-society relations (democracy, authoritarianism, inequalities, citizenship).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

### Political Science Electives/Concentration for BA

Complete four upper-division political science electives, or complete one of the following concentrations. If you are working toward a concentration, declare it with your adviser in order for it to be added to your record.

#### ELECTIVES

Code	Title	Hours
<b>Political Science Electives</b>		
Complete four political science courses at or above POLS 2000.		16

#### CONCENTRATION LIST

- American Political Institutions (p. 2243)
- Campaigns and Elections (p. 2243)
- Comparative Politics (p. 2243)
- Identity, Culture, and Politics (p. 2244)
- International Relations and Diplomacy (p. 2244)
- Law and Legal Studies (p. 2244)
- Public Policy (p. 2245)
- Security Studies (p. 2245)

### Supporting Course for Political Science

Code	Title	Hours
<b>Mathematics</b>		
Complete one of the following to fulfill the prerequisite for POLS2400		4

MATH 1213	Interactive Mathematics
MATH 1215	Mathematical Thinking
MATH 1231	Calculus for Business and Economics
MATH 1241	Calculus 1
MATH 1251	Calculus and Differential Equations for Biology 1
MATH 1341	Calculus 1 for Science and Engineering
MATH 1342	Calculus 2 for Science and Engineering

## International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
HIST 2211	The World Since 1945	4
or HIST 2311	Colonialism/Imperialism	
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	

### International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two short-term programs.

## International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy

## Political Science and Philosophy, BA

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4

## Sociology and Political Science, BA

The combined major in sociology and political science offers students the opportunity to integrate the study of politics and government with an analysis of social systems. Students complete core courses in political science along with core courses in sociology that include social theory and an introduction to social systems. This combined major highlights the important intersection between social norms and organizations with the evolution of politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 3270	Race, Ethnicity, and Inequality	4
SOCL 3300	Social Theory	4
SOCL 3468	Social Movements	4
<b>Sociology Introductory Electives</b>		
Complete three courses in the following range:		12
SOCL 1200 to SOCL 1999		
<b>Sociology Intermediate Elective</b>		
Please note that SOCL 3270, SOCL 3300, and SOCL 3468 may not be used to fulfill this requirement as they are required for the major. Complete one course in the following range:		4
SOCL 2000 to SOCL 3999		
<b>Sociology Advanced Elective</b>		
Complete one course in the following range:		4
SOCL 4000 to SOCL 5999		
<b>Statistics and Methods</b>		
Complete one of the following sets:		8
SOCL 2320 and SOCL 2321	Statistical Analysis in Sociology and Research Methods in Sociology	
POLS 2400 and POLS 2399	Quantitative Techniques and Research Methods in Political Science	

### Political Science Requirements

Code	Title	Hours
<b>Political Science Required Courses</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	

POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete five courses in the following range:		20
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record.

- American Political Institutions (p. 2453)
- Campaigns and Elections (p. 2453)
- Comparative Politics (p. 2454)
- Identity, Culture, and Politics (p. 2454)
- International Relations and Diplomacy (p. 2454)
- Law and Legal Studies (p. 2455)
- Public Policy (p. 2455)
- Security Studies (p. 2455)

### Capstone Requirement

Code	Title	Hours
Complete one of the following:		4
SOCL 4600	Senior Seminar	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

### Integrative Requirement

Code	Title	Hours
SOCL 3450	Class, Power, and Social Change	4
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 3320	Politics and Mass Media	
POLS 3324	Law and Society	
POLS 3418	Nationalism	

### Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

## Political Science, BS

The Bachelor of Science in Political Science provides a set of introductory courses to the discipline, followed by methodology courses, electives, and a capstone course. Students explore and analyze the many facets of American government, comparative politics, international relations, and political philosophy. With elective courses, students may choose from among a number of concentrations or follow their own curricular path.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Introduction to College

Complete "Introduction to College" for your major.

### Political Science Major Requirements

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2330	American Political Thought	
POLS 2328	Modern Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Capstone</b>		
POLS 4701 or POLS 4703	Political Science Senior Capstone Senior Thesis	4

### Political Science Experiential Learning Requirement

Code	Title	Hours
Note: Up to two credit-bearing courses count toward political science electives.		
Complete one course or experience from the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4942	Internship in Politics	

### Co-op or Study Abroad

Complete one cooperative education experience or one study-abroad experience. 4

### Political Science Electives

Note: You may use four courses from the elective area to fulfill a concentration.

Code	Title	Hours
Complete eight political science electives with a minimum of six numbered 2000 or above.		32

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record. Requirements for the concentrations are listed below (p. 2458).

2458 Political Science, BS

- American Political Institutions (p. 2458)
- Campaigns and Elections (p. 2458)
- Comparative Politics (p. 2458)
- Identity, Culture, and Politics (p. 2459)
- International Relations and Diplomacy (p. 2459)
- Law and Legal Studies (p. 2459)
- Public Policy (p. 2460)
- Security Studies (p. 2460)

## Political Science Major Credit Requirement

Complete 60 semester hours in the major.

## Upper-Division Electives

Code	Title	Hours
Note: Courses used as upper-division electives do not count toward the major or the NU Core.		
Complete three general electives numbered 3000 or above.		12

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirements

128 total semester hours required

## Biology and Political Science, BS

In the BS biology and political science program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In political science courses, students pursue core concepts of American government, comparative politics, international relations and political thought. Coursework in quantitative techniques is also required. Students choose from a range of advanced subject electives. An appreciation of the intersection of biology and political science is provided through advanced courses in science, technology and public policy, and in environmental politics and policy.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

POLS 2330	American Political Thought
-----------	----------------------------

POLS 2332	Contemporary Political Thought
-----------	--------------------------------

**Political Science Electives**

Complete five POLS courses 2000 and above.		20
--	--	----

**Political Science Concentration (Optional)**

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 1400)
- Campaigns and Elections (p. 1400)
- Comparative Politics (p. 1400)
- Identity, Culture, and Politics (p. 1401)
- International Relations and Diplomacy (p. 1401)
- Law and Legal Studies (p. 1401)
- Public Policy (p. 1401)
- Security Studies (p. 1402)

**Integrative Requirement and Capstone**

*Note:* Science, Technology, and Public Policy (POLS 2390) and Environmental Politics and Policy (POLS 2395) cannot be used both as an integrative course and as an elective above.

Code	Title	Hours
------	-------	-------

**Integrative Requirement**

POLS 2390 or POLS 2395	Science, Technology, and Public Policy Environmental Politics and Policy	4
---------------------------	---	---

**Capstone**

Complete one of the following to fulfill capstone requirement:		1-4
BIOL 4701	Biology Capstone	
BIOL 4900	Biology Research Capstone (concurrent with BIOL 4991 or 4994, which may be used toward Intermediate/Advanced Biology)	
BIOL 4971	Junior/Senior Honors Project 2	
POLS 4701	Political Science Senior Capstone	

## Program Requirement

136 total semester hours required

### CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

### CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
<b>Required Courses</b>		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
<b>Campaigns and Elections Electives</b>		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

### CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
<b>Theoretical Requirement</b>		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
<b>Regional Requirements</b>		
Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
<b>Experiential/Practicum Requirement</b>		
Complete one of the following:		4
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad	

**CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS**

Code	Title	Hours
<b>Core Course</b>		
POLS 3418	Nationalism	4
<b>Electives</b>		
Complete three of the following:		12
POLS 2359	Immigration Politics	
POLS 2368	Music and Politics in America and Abroad	
POLS 2370	Religion and Politics	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3324	Law and Society	

**CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY**

Code	Title	Hours
<b>Experiential/Practicum Requirement</b>		
Complete one of the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	
<b>Core Courses</b>		
Complete three of the following:		12
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 5408	International Security	

**CONCENTRATION IN LAW AND LEGAL STUDIES**

Code	Title	Hours
Complete four of the following:		16
POLS 2330	American Political Thought	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3323	Race, Inequality, and the Law	
or AFAM 3323	Race, Inequality, and the Law	
POLS 3324	Law and Society	
POLS 3406	International Law	
POLS 3409	Global Governance

## Computer Science and Political Science, BS

The computer science and political science combined major offers both a strong computer science foundation and a deep understanding of global and societal needs. You will become an engaged citizen of the world, participating in interdisciplinary scholarship and translational research to address regional and global issues.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or POLS 1000	First Year Seminar Political Science at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
<b>Khoury Elective Courses</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 12 semester hours of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		12
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Political Science Courses

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Theory</b>		
Complete one of the following:		4

2470 Computer Science and Political Science, BS

POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

**Political Science Capstone**

POLS 4701	Political Science Senior Capstone	4
-----------	-----------------------------------	---

**Political Science Electives**

Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

**Political Science Concentrations (Optional)**

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 840)
- Campaigns and Elections (p. 840)
- Comparative Politics (p. 840)
- Identity, Culture, and Politics (p. 841)
- International Relations and Diplomacy (p. 841)
- Law and Legal Studies (p. 841)
- Public Policy (p. 842)
- Security Studies (p. 842)

**Integrative Requirement**

Code	Title	Hours
<b>Integrative Requirement</b>		
Complete one of the following:		4
POLS 2390	Science, Technology, and Public Policy	
POLS 3405	International Political Economy	
POLS 3406	International Law	

**Supporting Course**

Code	Title	Hours
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300 or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

**Computer Science Writing Requirement**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4
<b>Advanced Writing in the Disciplines</b>		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	

ENGW 3311

Advanced Writing for Prelaw

ENGW 3315

Interdisciplinary Advanced Writing in the Disciplines

**Required General Electives**

Code	Title	Hours
	Complete 28 semester hours of general electives.	28

**Khoury College GPA Requirement**

A minimum 2.000 GPA is required in all CS, CY, DS, and IS courses.

**Computer Science and Political Science Major Credit Requirement**

100 semester hours required in the major

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Program Requirement**

133 total semester hours required

**CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS**

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration

## Computer Science and Politics, Philosophy, and Economics, BS

Politics, philosophy, and economics bring together three important frameworks from the humanistic social sciences for understanding the world around us. Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor, drawing on concepts and methods from mathematics, logic, science, and engineering. This interdisciplinary degree thus provides multiple perspectives and a set of skills that are indispensable in our increasingly interconnected world and essential in addressing the kinds of complex global problems future leaders need to tackle.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken for upper-division electives.		
Complete 4 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses from the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Politics, Philosophy, and Economics Courses

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

Code	Title	Hours
<b>Foundation Course</b>		
PHIL 1160	Introduction to Economic Justice	4
<b>Core Courses</b>		

**Philosophy**

PHIL 2303 or PHIL 3822	Social and Political Philosophy Philosophy of Race and Racism	4
PHIL 3435 or PHIL 2325	Moral Philosophy Ancient Philosophy and Political Thought	4

**Political Science**

POLS 1150 or POLS 1155	American Government Comparative Politics	4
POLS 1160	International Relations	4
POLS 3405	International Political Economy	4

**Economics**

ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
ECON 2315 or ECON 2316	Macroeconomic Theory Microeconomic Theory	4

**Methods Course**

PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
-----------	---	---

**Capstone**

Complete one of the following: 4

ECON 4692	Senior Economics Seminar	
PHIL 4550	Philosophy of Economics	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

**PPE Elective**

Complete one course from the following ranges: 4

ECON 1200 to ECON 1999		
ECON 3000 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		
PHIL 2000 to PHIL 5999		
POLS 2000 to POLS 5999		

**Integrative Course Requirements**

Code	Title	Hours
IS 4300	Human Computer Interaction	4
PHIL 1115	Introduction to Logic	4
POLS 2390	Science, Technology, and Public Policy	4

**Supporting Courses**

Code	Title	Hours
<b>Statistics and Mathematics</b>		
ECON 2350 or POLS 2400 or MATH 2280	Statistics for Economists Quantitative Techniques Statistics and Software	4
MATH 1231 or MATH 1341	Calculus for Business and Economics Calculus 1 for Science and Engineering	4

**English Requirements**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4

**Advanced Writing in the Disciplines**

Complete one of the following:	4
ENGW 3302	Advanced Writing in the Technical Professions
ENGW 3309	Advanced Writing in the Humanities
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines

**Required General Electives**

Code	Title	Hours
Complete 20 semester hours of general electives.		20

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Program Requirement**

129 total semester hours required

**Plan of Study****Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall**

## Criminal Justice and Political Science, BS

This combined major educates students in criminal justice and political science and in the interface between the two disciplines. The scope and sequence of political science courses provide students with a foundation in topics such as American government, comparative politics, international relations, and security and resilience. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields as they relate to understanding and addressing criminal behavior.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
<b>Crime Problems</b>		
The following courses provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Systemic Issues</b>		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	

CRIM 3120	Race, Crime, and Justice	
-----------	--------------------------	--

**Digital Skills**

Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.

Complete one of the following (and the appropriate lab): 4 or 5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science Practicum section)	

**Political Science Requirements**

Code	Title	Hours
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

**Research Methods and Electives**

Complete Option A, Option B, or Option C, below. *Note:* These options enable the student to take research methods courses (including statistics/quantitative techniques) as either CRIM courses or as POLS courses.

**OPTION A**

Code	Title	Hours
<b>Research Methods</b>		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
<b>Criminal Justice Electives</b>		
Complete two additional courses in the following range:		8
CRIM 3001 to CRIM 5999		
<b>Political Science Electives</b>		
Complete five courses in the following range:		20
POLS 2000 to POLS 5999		

**OPTION B**

Code	Title	Hours
<b>Research Methods</b>		
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Criminal Justice Electives</b>		
Complete three additional courses in the following range:		12
CRIM 3001 to CRIM 5999		
<b>Political Science Electives</b>		
Complete four courses in the following range:		20
POLS 2000 to POLS 5999		

**OPTION C**

Code	Title	Hours
<b>Research Methods</b>		
Complete one of the following sequences:		8

CRIM 3600 and POLS 2400	Criminal Justice Research Methods and Quantitative Techniques
CRIM 3700 and POLS 2399	Analyzing and Using Data on Crime and Justice and Research Methods in Political Science

**Criminal Justice Electives**

Complete two additional courses in the following range: 8  
CRIM 3001 to CRIM 5999

**Political Science Electives**

Complete four courses in the following range: 20  
POLS 2000 to POLS 5999

**Political Science Concentrations (Optional)**

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 1844).

- American Political Institutions (p. 1844)
- Campaigns and Elections (p. 1845)
- Comparative Politics (p. 1845)
- Identity, Culture, and Politics (p. 1845)
- International Relations and Diplomacy (p. 1846)
- Law and Legal Studies (p. 1846)
- Public Policy (p. 1846)
- Security Studies (p. 1846)

**Integrative Requirement**

Code	Title	Hours
<b>Senior Capstone Requirement</b>		
CRIM 4949 or POLS 4701	Senior Capstone Seminar Political Science Senior Capstone	4
<b>Due Process</b>		
CRIM 1110	Criminal Due Process	4
<b>Integrative Elective Courses</b>		
Complete two of the following:		8
CRIM 1700	Crime, Media, and Politics	
CRIM 2310	Courts: The Third Branch of Government	
CRIM 4120	Courts and Sentencing	
POLS 3302	Judicial Process and Behavior	
POLS 3324	Law and Society	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	

**Combined Major Credit Requirement**

Complete 84 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

**Political Science Concentrations (Optional)****CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS**

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	

POLS 3302	Judicial Process and Behavior
POLS 3307	Public Policy and Administration
POLS 3310	Public Opinion, Voting, and Elections
POLS 3160	Campaign Strategy

## Mathematics and Political Science, BS

The Mathematics and Political Science combined major provides training to prepare students to use quantitative training and methods to understand political trends and events.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Mathematics Requirements

Code	Title	Hours
<b>Problem Solving</b>		
MATH 1365	Introduction to Mathematical Reasoning	4
<b>Calculus</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
<b>Intermediate and Advanced Mathematics</b>		
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
<b>Math Electives</b>		
Complete two courses in the following range that are not required in the requirements above:		8
MATH 3001 to MATH 5999		

### Political Science Requirements

Code	Title	Hours
<b>Political Science Required Courses</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete three POLS courses numbered 2000 and above.		12

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below.

- American Political Institutions (p. 1545)
- Campaigns and Elections (p. 1545)
- Comparative Politics (p. 1545)
- Identity, Culture, and Politics (p. 1546)
- International Relations and Diplomacy (p. 1546)

- Law and Legal Studies (p. 1546)
- Public Policy (p. 1546)
- Security Studies (p. 1547)

### Integrative Requirement

Code	Title	Hours
POLS 2390	Science, Technology, and Public Policy	4

### Mathematics and Political Science Combined-Major Credit Requirement

Complete 68 semester hours in the major.

### Program Requirement

128 total semester hours required

### Optional Political Science Concentrations

#### CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior

## Political Science and Business Administration, BS

The combined major in political science and business administration offers students the opportunity to integrate the study of politics and government with an analysis of business practices and organizations. Students complete core courses in political science along with core courses in business administration that cover accounting, finance, marketing, and organizational behavior. This combined major highlights the important intersection between business practices and the evolution of politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Introduction to College</b>		
POLS 1000 or BUSN 1102	Political Science at Northeastern Personal Skill Development for Business	1
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4

Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

#### *Calculus*

It is recommended that MATH 1241 or higher is chosen:

2500 Political Science and Economics, BS

MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

#### Required Economics Courses

ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4

#### Economics Electives

Complete three Economics elective courses found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range: 12

ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

#### Supporting Courses

Code	Title	Hours
Complete one of the statistics and departmental elective combinations listed below:		8

##### Combination A

###### Statistics

POLS 2400	Quantitative Techniques	
-----------	-------------------------	--

###### Economics

Complete one course from the following ranges. This course may not also be used as an Economics elective:

ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

##### Combination B

###### Statistics

ECON 2350	Statistics for Economists	
-----------	---------------------------	--

###### Political Science

Complete one course in the following range:

POLS 2401 to POLS 5999		
------------------------	--	--

#### Integrative Requirements

Code	Title	Hours
<b>Senior Seminar/Capstone</b>		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

#### Combined Major GPA/Credit Requirement:

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	

ECON 2350	Statistics for Economists
or POLS 2400	Quantitative Techniques
ECON 2560	Applied Econometrics

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required.

### CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics

## Political Science and Human Services, BS

The combined degree seeks to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students are well positioned to pursue fields in the social change arena (nongovernment organizations, or NGOs; counseling; and political advocacy). Political science students are also well positioned to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, students can apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are poised to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete three courses in the following range:		12
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record:

- American Political Institutions (p. 2505)
- Campaigns and Elections (p. 2506)
- Comparative Politics (p. 2506)
- Identity, Culture, and Politics (p. 2506)
- International Relations and Diplomacy (p. 2507)
- Law and Legal Studies (p. 2507)
- Public Policy (p. 2507)
- Security Studies (p. 2507)

### Supporting Course for Political Science

Code	Title	Hours
<b>Mathematics</b>		
Complete one of the following to fulfill the prerequisite for POLS 2400:		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	

MATH 1231	Calculus for Business and Economics

## Political Science and Philosophy, BS

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete two of the following:		8
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record.

- American Political Institutions (p. 2366)
- Campaigns and Elections (p. 2366)
- Comparative Politics (p. 2366)
- Identity, Culture, and Politics (p. 2367)
- International Relations and Diplomacy (p. 2367)

## Political Science, Minor

The political science minor introduces students to key concepts, practices, and perspectives in the study of politics and government. Students complete at least two of the three introductory courses—American government, comparative politics, and international relations—as well as three other courses in political science.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Complete two of the following:		8
POLS 1150	American Government	
POLS 1155	Comparative Politics	
POLS 1160	International Relations	

### Elective Courses

Code	Title	Hours
Complete three political science courses.		12

### GPA Requirement

2.000 GPA required in the minor

## American Political Institutions, Minor

The American political institutions minor introduces students to key concepts, practices, and perspectives in the study of American politics and government. Students complete the introductory American government course as well as four other courses that focus on various aspects of American politics and government at the national, state, and local levels.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* This minor is restricted to students who are not enrolled in the political science major or in any political science combined major.

### Required Course

Code	Title	Hours
POLS 1150	American Government	4

### Electives

Code	Title	Hours
Complete four of the following:		16
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	

### GPA Requirement

2.000 GPA required in the minor

## International Security Studies, Minor

The international security studies minor introduces students to key concepts, practices, and perspectives in the study of international security. Students complete the introductory course in international relations as well as four other courses in political science that focus on various aspects of international security, including international law, international organizations, and U.S. security policy.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Political science majors and combined majors may not pursue the minor in international security studies.

### Required Core Courses

Code	Title	Hours
POLS 1160	International Relations	4
POLS 3420	U.S. National Security Policy	4
POLS 5408	International Security	4

### Elective Courses

Code	Title	Hours
Students may not count any of the courses toward more than one requirement.		
Complete two of the following:		8
POLS 3406	International Law	
POLS 3420	U.S. National Security Policy	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
POLS 4910	Model United Nations	
POLS 5408	International Security	

### GPA Requirement

2.000 GPA required in the minor

## Sociology and Anthropology

Website (<http://www.northeastern.edu/socant/>)

### Liza Weinstein, PhD

Associate Professor of Sociology and Chair  
l.weinstein@northeastern.edu

### Department Information

900 Renaissance Park  
socant@northeastern.edu

Sociology and cultural anthropology provide the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

Courses in the program examine such areas as urbanization, the environment, health, globalization and human rights, gender and sexuality, social movements, the cultural underpinnings of science and technology, new media, and the comparative analysis of advanced capitalist societies. Many courses are directly relevant to majors in other fields, including economics, political science, philosophy, literature, criminal justice, and business.

The major in sociology or cultural anthropology seeks to prepare students for careers in public or private service, including such fields as law, teaching, social work, administration or management, and research.

Sociology and cultural anthropology both participate in a number of combined majors, which can be found listed under the Programs tab on this page.

### Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 88)."

### Programs

#### Bachelor of Arts (BA)

- Sociology (p. 2519)
- Cultural Anthropology (p. 2521)
- Communication Studies and Sociology (p. 292)
- Cultural Anthropology and Philosophy (p. 2280)
- Cultural Anthropology and Religious Studies (p. 2283)
- Cultural Anthropology and Theatre (p. 541)
- English and Cultural Anthropology (p. 2036)
- History and Cultural Anthropology (p. 2112)
- Human Services and Sociology (p. 1767)

- Computational Social Science (<https://catalog.northeastern.edu/undergraduate/social-sciences-humanities/interdisciplinary/computational-social-sciences-minor/#text>)

**Accelerated Programs**

See Accelerated Bachelor/Graduate Degree Programs (p. )

## Sociology, BA

Sociology is the scientific study of society. It begins with the premise that individuals are deeply affected by the social structures, institutions, and cultural milieus surrounding them. Sociology provides students with the conceptual tools to understand how various features of society, including inequalities based on race, class, or gender, affect its members. In so doing, sociology also provides conceptual tools that can be used to foster social change and the empowerment of historically marginalized groups.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Major Requirements

Code	Title	Hours
<b>Required Sociology</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 2320 or INSH 3102	Statistical Analysis in Sociology Introduction to Statistics in the Social Sciences	4
SOCL 2321 or INSH 3101	Research Methods in Sociology Research Methods in the Social Sciences	4
SOCL 3300	Social Theory	4
<b>Cultural Anthropology</b>		
ANTH 2305	Global Markets and Local Culture	4
<b>Advanced Methods Requirement</b>		
Complete one of the following:		4
ANTH 3410	Ethnographic Field Experience	
DS 3000	Foundations of Data Science	
HINF 5301	Evaluating Health Technologies	
INSH 1500	Digital Methods for Social Sciences and Humanities	
SOCL 3487	Applied Sociology: Practice and Theory	
<b>Senior Seminar</b>		
SOCL 4600	Senior Seminar	4

### Required Sociology Electives

Code	Title	Hours
<b>Sociology Electives</b>		
Students must complete seven elective courses in the major, at least four of which must be at the 3000 level or higher.		28
<b>Social Science Electives</b>		
Complete three social science courses in the following subject areas: AFRS, AFAM, ANTH, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, or PSYC.		12

### Sociology Experiential Learning Requirement

Code	Title	Hours
Complete one of the following courses or a study abroad or a co-op:		
SOCL 3487	Applied Sociology: Practice and Theory	4
SOCL 4971	Junior/Senior Honors Project 2	

**Sociology Major Grade Requirement**

A GPA of 2.000 across all major courses is required.

**Sociology Major Credit Requirement**

Complete 68 semester hours in the major.

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## Cultural Anthropology, BA

Anthropology is the holistic, cross-cultural study of humanity that explores the multiple ways humans live and create meaning in the world. At Northeastern University, the sociology and anthropology department specializes in **cultural anthropology** and **social anthropology**—the relationship of culture to the institutions, relationships, and practices of everyday life that make up social structures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Major Requirements

Code	Title	Hours
<b>Cultural Anthropology</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 4600	Senior Seminar	4
SOCL 1101	Introduction to Sociology	4
<b>Advanced Area Courses</b>		
Additional courses taken in this section may be used as electives.		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Anthropology Electives</b>		
Complete six ANTH courses. Two study- abroad courses may count toward this requirement with prior permission from the department.		24
<b>Social Science Electives</b>		
Complete three social science courses from the following subject areas. Social science electives may not include music or art: AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, or SOCL.		12

<sup>1</sup> Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

### Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

### Cultural Anthropology Major Credit Requirement

Complete 68 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Communication Studies and Sociology, BA

The communication studies department and the sociology department offer an interdisciplinary combined major in communication studies and sociology. The combined major integrates the study of communication skills and processes with the study of social behaviors.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Societies and Institutions (SI) and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Analyzing and Using Data (AD) may be met through electives in the major.

### Communication Studies Requirements

## Cultural Anthropology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in cultural anthropology and philosophy. Students in the combined major integrate the study of culture and social structures with the study of social and political philosophy, ethics, and the philosophy of science. The combined major enables students to understand and appreciate cultural differences in human interaction, ways of knowing, and systems of logic and human classification.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Requirements

## Cultural Anthropology and Religious Studies, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in anthropology and religious studies. Students in the combined major integrate the study of culture and social structures with the study of religious traditions and praxis.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Area Courses</b>		
Additional area courses taken may count as anthropology electives. Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Capstone</b>		
Students are expected to complete the following course in spring of their senior year:		
ANTH 4600	Senior Seminar	4
<b>Electives</b>		
Complete three 4-semester-hour courses in addition to the above requirements. One study-abroad course may also count toward this requirement with prior permission from the department.		12

### Religion Requirements

Code	Title	Hours
<b>Required Foundational Course</b>		
PHIL 1110	Introduction to Religious Studies	4
<b>Lived Religion Electives</b>		
Complete one of the following courses that is not used to satisfy another requirement:		4
PHIL 1133	Selling Spirituality	
PHIL 1220	The Meaning of Death	
PHIL 1260	Apocalypticism in Film	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
PHIL 2230	Music and Religion	
PHIL 2390	Cults and Sects	
PHIL 2410	Possession, Sacrifice, and Divination in African Diasporic Religions	

PHIL 2619	Race and Religion in Film	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
<b>Comparative Religion Elective</b>		
Complete one of the following courses that is not used to satisfy another requirement:		4
PHIL 1111	Introduction to World Religions	
PHIL 1130	Comparative Ethics	
PHIL 1220	The Meaning of Death	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
PHIL 2395	Japanese Buddhism	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	

**Electives**

Complete five of the following courses that have not been used to satisfy another requirement in the combined major. At least one must be at the 2000 level or above and at least one must be at the 3000 level or above: 20

PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1111	Introduction to World Religions	
PHIL 1120	Understanding the Bible	
PHIL 1130	Comparative Ethics	
PHIL 1133	Selling Spirituality	
PHIL 1220	The Meaning of Death	
PHIL 1260	Apocalypticism in Film	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1285	Jewish Religion and Culture	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 1666	The Problem of Evil in Film

## Cultural Anthropology and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre, including performance, design, and production, with sociocultural theories and conceptual frameworks for understanding human behavior. It offers both classroom and experiential learning in the practice of making theatre and performance theories with cross-cultural approaches. Offers students the opportunity to develop an understanding of theatre's impact on past and present cultures, as well as a deeper awareness of the world in which they live.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4

## English and Cultural Anthropology, BA

The Department of English and the Department of Sociology and Anthropology offer an interdisciplinary combined major in English and cultural anthropology. Broadly speaking, students in the combined major in English and cultural anthropology at Northeastern integrate the study of literature, language, and writing with the study of human culture and its intersections with structures of inequality (e.g., race, class, and gender) and contemporary global issues.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	

### Literary Periods

#### *Pre-19th Century Literature*

Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	

**19th/20th/21st Century Literature**

Complete one of the following courses:

4

**19th Century**

ENGL 2330	The American Renaissance
ENGL 3140	19th-Century Literatures
ENGL 3190	Topics in 19th-Century American Literature
ENGL 3619	Emerson and Thoreau
ENGL 3720	19th-Century Major Figure

**20th/21st Century**

ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 3161	20th- and 21st-Century Literatures
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

**Theories and Methods**

Complete one of the following:

4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Research on Writing
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3400	Opening the Archive

## History and Cultural Anthropology, BA

History and cultural anthropology offer an interdisciplinary combined major. Students interested in the combined major in history and cultural anthropology integrate the exploration of human history with the rigorous study of human cultures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### History Requirements

Code	Title	Hours
<b>History Colloquium</b>		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
<b>History Seminar and Historical Writing</b>		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
<b>Pre-1800 History Elective</b>		
Complete one course from the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
<b>History Elective</b>		
Complete two HIST courses at any level in any field.		8
<b>Introductory Level Elective</b>		
Complete one history course from the 1000 level.		4
<b>Intermediate/Advanced History Elective</b>		
Complete minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		4
<b>Advanced History Elective</b>		
Complete minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701).		4

## Cultural Anthropology Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Area Courses</b>		
Complete two courses from the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Anthropology Electives</b>		
Complete three courses in the following range. One study-abroad course may count toward this requirement.		12
ANTH 2001 to ANTH 4599		

## Capstone Requirements

Code	Title	Hours
Complete one of the following:		4
ANTH 4600	Senior Seminar <sup>1</sup>	
HIST 4701	Capstone Seminar	

<sup>1</sup> Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

## Integrative Requirements

ANTH courses below will double count as area courses.

Code	Title	Hours
ANTH 4350	Ethnography of Southeast Asia	4
ANTH 4510	Anthropology of Africa	4
HIST 2360	History of Capitalism in East Asia	4

## Cultural Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required

## Human Services and Sociology, BA

### Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours
<b>Required Human Services Courses</b>		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
HUSV 4994	Human Services Internship	6
<b>Research Methods</b>		
Complete Option A or Option B:		4-8
<i>Option A</i>		
Complete the following and one additional SOCL course:		
HUSV 2970	Research Methods for Human Services	
<i>Option B</i>		
Complete the following and one additional HUSV course:		
SOCL 2321	Research Methods in Sociology	
<b>Human Services Elective</b>		
Complete three additional HUSV courses.		12
<b>Senior Capstone <sup>1</sup></b>		
HUSV 4700	Senior Seminar in Human Services	4

<sup>1</sup> With permission of human services, the student may complete sociology capstone Senior Seminar (SOCL 4600) and substitute one advanced human services elective for Senior Seminar in Human Services (HUSV 4700).

### Sociology Requirements

Code	Title	Hours
<b>Required Sociology Courses</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 3300	Social Theory	4
<b>Introductory Electives</b>		

Complete two electives between SOCL 1200 and SOCL 1999.	8
<b>Intermediate-Level Elective</b>	
Complete two courses between SOCL 2000 and SOCL 3990.	8
<b>Advanced-Level Elective</b>	
Complete one course above SOCL 4000.	4
<b>Senior Seminar<sup>2</sup></b>	
SOCL 4600 Senior Seminar	4

<sup>2</sup> With permission of the sociology head advisor, the student may complete human services capstone Senior Seminar in Human Services (HUSV 4700) and substitute one advanced sociology elective for Senior Seminar (SOCL 4600).

### Human Services/Sociology Integrative Course

Code	Title	Hours
HUSV 2355	Race, Identity, Social Change, and Empowerment	4

### Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

### Human Services and Sociology Combined Major Credit Requirement

Complete a minimum of 78 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

**Total Hours: 132**

## International Affairs and Cultural Anthropology, BA

This combined major offers undergraduates the opportunity to develop an awareness of contemporary cultures within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115 or HIST 2211 or HIST 2311	Principles of Macroeconomics The World Since 1945 Colonialism/Imperialism	4
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete at least one "international semester" via study abroad, international internship, international co-op, or two approved short-term programs abroad.

### International Affairs Elective

Code	Title	Hours
Please complete one of the following:		
<b>Code</b>		
INTL 2480	Women and World Politics	4
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy

## International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

## Cultural Anthropology Major Requirements

*Note:* At least nine anthropology courses must be taken to complete the international affairs and cultural anthropology program.

Code	Title	Hours
<b>Cultural Anthropology</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Anthropology Electives</b>		
Complete five Anthropology courses from the following range, two of which must be area studies courses above 4000; none of these five courses may be counted elsewhere in the degree; one study-abroad course may count toward these requirements, with prior permission from the department.		20
ANTH 2000 to ANTH 4999		

## Integrative Requirements

*Note:* If international affairs courses are taken in both the research methods and capstone areas, then an additional anthropology elective is required.

Code	Title	Hours
<b>Research Methods</b>		
INTL 2718	Research Methods in International Affairs	4
or ANTH 3410	Ethnographic Field Experience	
<b>Global Markets</b>		
ANTH 2305	Global Markets and Local Culture	4
<b>Capstone</b>		
ANTH 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall semester directed study.

## Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

## International Affairs and Anthropology Combined Major Credit Requirement

Complete 76 semester hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## Media and Screen Studies and Sociology, BA

The Media and Screen Studies Program and the Department of Sociology and Anthropology offer a combined major in media and screen studies and sociology. The combined major integrates the analysis, research, and production of traditional and emerging media along with the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following:		12
ARTD 2380	Video Basics	

ARTD 3480	Video: Sound and Image
ARTD 3485	Experimental Video
COMM 1450	Sound Production for Digital Media
COMM 2550	Television Field Production
COMM 2655	Television Studio Production
COMM 3655	Digital Editing for TV
COMM 3750	Special Effects and Postproduction for Television
COMM 4755	Production Capstone

**Sociology Requirements**

Code	Title	Hours
<b>Core Courses in Sociology</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
<b>Introductory Electives</b>		
Complete two electives between SOCL 1200 and SOCL 2999.		8
<b>Advanced Electives</b>		
Complete three electives between SOCL 3000 and SOCL 4999.		12

**Integrative Requirement**

Code	Title	Hours
<b>Integrative Courses</b>		
MSCR 3437	Media and Identity	4
SOCL 4600	Senior Seminar	4

**Media and Screen Studies Grade Requirement**

No more than two grades below a C in media and screen studies courses may be used to satisfy degree requirements

**Sociology Major Grade Requirement**

A GPA of 2.000 for major courses is required.

**Program Requirement**

128 total semester hours required

**Plan of Study**

**Sample Plan of Study: Four Years, Two Co-ops**

## Public Health and Cultural Anthropology, BA

### Overview

The combined Bachelor of Arts in Public Health and Cultural Anthropology integrates concepts and theories from cultural anthropology with public health concepts to approach complex health inequities. Students have an opportunity to gain foundational anthropological knowledge and skills and apply theory to public health approaches for addressing poor health outcomes. Students explore how culture and social structures affect health promotion strategies and outcomes. This combined major will appeal to students who want to pursue graduate study and research in anthropology, public health, public policy and administration, and education.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Public Health Requirements

#### PUBLIC HEALTH CORE COURSES

Code	Title	Hours
PHTH 1260 or PHTH 1261	The American Healthcare System Comparative Healthcare Systems	4
PHTH 2210 and PHTH 2211	Foundations of Biostatistics and Recitation for PHTH 2210	4
PHTH 2300 or PHTH 2301	Communication Skills for the Health Professions Communication Skills for the Health Professions—Global	4
PHTH 2350 or PHTH 2351	Community and Public Health Community and Public Health - Global	4
PHTH 2515	Healthcare Policy and Administration	4
PHTH 4120	Global Perspectives on Discrimination and Health	4
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	4
PHTH 4540	Health Education and Program Planning	4

#### SCIENCE CORE COURSES

Code	Title	Hours
PSYC 1101	Foundations of Psychology	4

POLS 3487	Politics of Developing Nations

*Environmental Health and Climate Change*

ECON 3423	Environmental Economics
COMM 3500	Environmental Issues, Communication, and the Media
INTL/PPUA 5100	Climate and Development
PHTH 5214	Environmental Health
PPUA 5238	Climate Change and Global Urbanization

*Law, Policy, and Human Rights*

ECON 3424	Law and Economics
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy
POLS 3307	Public Policy and Administration
POLS 3900	Social Policy
PHTH 4515	Critical Issues in Health and Public-Health Policy

*Healthcare Administration and Management*

ECON 3413	Health Economics and Healthcare Policy
MGMT 3340	Healthcare Management, Innovation, and Design
ORGB 3201	Organizational Behavior
PHTH 4511	Healthcare Management
PHTH 5232	Evaluating Healthcare Quality
PHTH 5234	Economic Perspectives on Health Policy

**Cultural Anthropology Requirements****REQUIRED CULTURAL ANTHROPOLOGY COURSES**

Code	Title	Hours
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4

**AREA COURSES**

Code	Title	Hours
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	

**CULTURAL ANTHROPOLOGY ELECTIVES**

Code	Title	Hours
Complete three additional courses with the ANTH subject code.		12

**Supporting Course Requirements**

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		1
HSCI 1000	College: An Introduction	
ANTH 1000	Anthropology at Northeastern	
<b>Co-op Preparation</b>		
Based on home college:		1
HSCI 2000	Professional Development for Bouvé Co-op	
EESH 2000	Professional Development for Co-op	
<b>Writing Courses</b>		
ENGW 1111	First-Year Writing	4
<i>Advanced Writing in the Disciplines</i>		
Complete one of the following:		4
ENGW 3306	Advanced Writing in the Health Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
<b>Capstone</b>		
Complete one of the following options:		4
<i>Health Science Capstone</i>		
Complete the following prerequisite:		
HSCI 4700	Health Science Capstone Introduction	
Complete one of the following:		
HSCI 4720	Health Science Capstone—Service	
or HSCI 4730	Health Science Capstone—Research	
or HSCI 4740	Health Science Capstone Seminar	
<i>Anthropology Senior Seminar</i>		
ANTH 4600	Senior Seminar	

**Integrative Course**

Code	Title	Hours
ANTH 3441	Medical Anthropology	4

## General Electives

Code	Title	Hours
Complete 12 semester hours of general electives.		12

## Public Health Major Requirement

A grade of C or higher is required for all BIOL, HSCI, and PHTH courses.

## Public Health and Cultural Anthropology Major Credit Requirement

Minimum of 95 semester hours required

## Program Requirement

130 total semester hours required

## Plan of Study

## Public Health and Sociology, BA

### Overview

The combined Bachelor of Arts in Public Health and Sociology integrates social science theory and perspectives with public health concepts to approach complex health inequities. Students gain foundational sociological knowledge and skills and apply theory to public health approaches for addressing poor health outcomes. Students explore the ways that societal constructs, such as race, class, and gender, intersect with health. This combined major will appeal to students who want to pursue graduate study and research in sociology, public health, public policy and administration, and education.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Public Health Requirements

## Sociology and Cultural Anthropology, BA

The Department of Sociology and Anthropology at Northeastern University offers a combined major in sociology and cultural anthropology that offers students various opportunities for community engagement, experiential learning, and development of research skills using quantitative and qualitative methods. Students study the disciplinary histories, practices, and methods of sociology and sociocultural anthropology; identify foundational and contemporary debates within and across these two disciplines; and evaluate their contributions to our understanding of local and global societies and cultures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Major Requirements

Code	Title	Hours
<b>Required Sociology</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300 or ANTH 3421	Social Theory Foundations of Anthropological Theory	4
<b>Sociology Electives</b>		
<i>Introductory Electives</i>		
Complete two courses in the following range:		8
SOCL 1110 to SOCL 1999		
<i>Intermediate Elective</i>		
Complete two courses in the following range:		8
SOCL 2000 to SOCL 3999		
<i>Advanced Elective</i>		
Complete one course in the following range:		4
SOCL 4000 to SOCL 4999		

### Cultural Anthropology Major Requirements

Code	Title	Hours
<b>Cultural Anthropology</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 3410	Ethnographic Field Experience	4
<b>Advanced Area Courses</b>		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Anthropology Electives</b>		
Complete five ANTH courses. One study-abroad course may also count toward this requirement with prior permission from the department.		20

## Integrative Requirement

Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600) or Senior Seminar (SOCL 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Code	Title	Hours
<b>Required Course</b>		
ANTH 2305	Global Markets and Local Culture	4
<b>Capstone</b>		
SOCL 4600 or ANTH 4600	Senior Seminar Senior Seminar	4

## Sociology and Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

## Sociology and Cultural Anthropology Combined-Major Credit Requirement

Complete 76 semester hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required

## Sociology and Environmental Studies, BA

This combined major will lead to undergraduates that have a broad awareness of the sociological and scientific foundations of environmental problem solving. They will have the opportunity to develop concrete skills in GIS and scientific communication that will facilitate student success. Due to overlap in course content, students majoring in environmental studies or any environmental studies combined majors may not complete a minor in environmental and sustainability sciences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Required Sociology Courses</b>		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2321	Research Methods in Sociology	4
or INSH 3101	Research Methods in the Social Sciences	
SOCL 2485	Environment, Technology, and Society	4
SOCL 3300	Social Theory	4
<b>Statistics</b>		
Complete one of the following:		4-5
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500 (Adding in co-requirement lab portion)	
SOCL 2320	Statistical Analysis in Sociology	
<b>Capstone</b>		
Complete one of the following:		4
ENVR 4900	Earth and Environmental Science Capstone	
ENVS 4997	Senior Thesis	
SOCL 4600	Senior Seminar	
<b>Sociology Elective A</b>		
Please note that SOCL 2485 may not be used to fulfill this requirement as it is required in the major. Complete one course in the following range:		4
SOCL 1000 to SOCL 2999		
<b>Sociology Elective B</b>		
Complete two additional sociology courses in the following range:		8
SOCL 3000 to SOCL 5999		

### Environmental Studies Requirements

Code	Title	Hours
<b>Introductory Courses</b>		
Complete one introductory science course:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	

2570 Sociology and Environmental Studies, BA

ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	
Complete one introductory social science course:		4

## Sociology and International Affairs, BA

Through this combined major, successful undergraduates develop an awareness of societies within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
or INTL 2718	Research Methods in International Affairs	
SOCL 3300	Social Theory	4
<b>Sociology Electives A</b>		
Complete two courses in the following range:		8
SOCL 1000 to SOCL 2999		
<b>Sociology Electives B</b>		
Complete two courses in the following range:		8
SOCL 3000 to SOCL 5999		
<b>Capstone Requirement</b>		
SOCL 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

### International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
<b>Required Courses</b>		
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4

## Sociology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in sociology and philosophy. Students in the combined major integrate the study of social structures and systems with the study of social and political philosophy, ethics, and the philosophy of science.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
<b>Electives</b>		
One course can be taken at the 2000 level and three other courses at the 3000 level or higher.		16
<b>Capstone</b>		
Students are expected to complete the following course in spring of their senior year:		4
SOCL 4600	Senior Seminar	

### Philosophy Requirements

Code	Title	Hours
<b>Required Courses</b>		
PHIL 1115	Introduction to Logic	4
PHIL 2325 or POLS 2325	Ancient Philosophy and Political Thought	4
PHIL 2330	Modern Philosophy	4
<b>Foundational Philosophy of Science Elective</b>		
Complete one of the following:		4
PHIL 1105	Science and Pseudoscience	
PHIL 2001	Ethics and Evolutionary Games	
PHIL 3050	Information and Uncertainty	
PHIL 3360	Scientific Approaches to Philosophy	
<b>Advanced Philosophy Electives</b>		
Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level.		12
<b>Critical Philosophy Elective</b>		
Take one of the following courses not used to fulfill another requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	

PHIL 2492	Indigenous Philosophy
PHIL 2619	Race and Religion in Film
PHIL 3500	Sexuality, Gender, and the Law
PHIL 3822	Philosophy of Race and Racism

**Philosophy Elective**

Complete one additional PHIL course not used to satisfy other requirements. 4

**Integrative Requirement**

Code	Title	Hours
One integrative course is required for each discipline. Courses taken as electives above may not be used as integrative courses.		
PHIL 4500	Theory of Knowledge	4
or PHIL 4510	Philosophy of Science	
or PHIL 4550	Philosophy of Economics	
SOCL 3450	Class, Power, and Social Change	4

**Sociology GPA Requirement**

Minimum 2.000 GPA required in all sociology courses

**Philosophy GPA Requirement**

Minimum 2.000 GPA required in all philosophy courses

**Sociology and Philosophy Major Credit Requirement**

80 semester hours required in the major

**Experiential Liberal Arts**

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

**Program Requirement**

128 total semester hours required

## Sociology and Political Science, BA

The combined major in sociology and political science offers students the opportunity to integrate the study of politics and government with an analysis of social systems. Students complete core courses in political science along with core courses in sociology that include social theory and an introduction to social systems. This combined major highlights the important intersection between social norms and organizations with the evolution of politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 3270	Race, Ethnicity, and Inequality	4
SOCL 3300	Social Theory	4
SOCL 3468	Social Movements	4
<b>Sociology Introductory Electives</b>		
Complete three courses in the following range:		12
SOCL 1200 to SOCL 1999		
<b>Sociology Intermediate Elective</b>		
Please note that SOCL 3270, SOCL 3300, and SOCL 3468 may not be used to fulfill this requirement as they are required for the major. Complete one course in the following range:		4
SOCL 2000 to SOCL 3999		
<b>Sociology Advanced Elective</b>		
Complete one course in the following range:		4
SOCL 4000 to SOCL 5999		
<b>Statistics and Methods</b>		
Complete one of the following sets:		8
SOCL 2320 and SOCL 2321	Statistical Analysis in Sociology and Research Methods in Sociology	
POLS 2400 and POLS 2399	Quantitative Techniques and Research Methods in Political Science	

### Political Science Requirements

Code	Title	Hours
<b>Political Science Required Courses</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	

POLS 2332	Contemporary Political Thought	
<b>Political Science Electives</b>		
Complete five courses in the following range:		20
POLS 2000 to POLS 5999		

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record.

- American Political Institutions (p. 2453)
- Campaigns and Elections (p. 2453)
- Comparative Politics (p. 2454)
- Identity, Culture, and Politics (p. 2454)
- International Relations and Diplomacy (p. 2454)
- Law and Legal Studies (p. 2455)
- Public Policy (p. 2455)
- Security Studies (p. 2455)

### Capstone Requirement

Code	Title	Hours
Complete one of the following:		4
SOCL 4600	Senior Seminar	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

### Integrative Requirement

Code	Title	Hours
SOCL 3450	Class, Power, and Social Change	4
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 3320	Politics and Mass Media	
POLS 3324	Law and Society	
POLS 3418	Nationalism	

### Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

#### CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

## Sociology and Religious Studies, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in sociology and religious studies. Students in the combined major integrate the study of social structures and systems with the study of religious traditions and praxis.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Sociology Required Courses</b>		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
<b>Electives</b>		
One course can be taken at the 2000 level and three other courses at the 3000 level or higher.		16
<b>Capstone</b>		
Students are expected to complete the following course in spring of their senior year:		
SOCL 4600	Senior Seminar	4

### Religion Requirements

Code	Title	Hours
<b>Required Foundational Course</b>		
PHIL 1110	Introduction to Religious Studies	4
<b>Lived Religion Elective</b>		
Complete one of the following courses that is not used to satisfy another requirement:		4
PHIL 1133	Selling Spirituality	
PHIL 1220	The Meaning of Death	
PHIL 1260	Apocalypticism in Film	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis

## Sociology, BS

Sociology is the scientific study of society. It begins with the premise that individuals are affected by the social structures, institutions, and cultural milieus surrounding them. Sociology provides students with the conceptual tools to understand how various features of society, including inequalities based on race, class, and gender, affect its members. In so doing, sociology also provides conceptual tools that can be used to foster social change and the empowerment of historically marginalized groups.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Major Requirements

Code	Title	Hours
<b>Required Sociology</b>		
SOCL 1101	Introduction to Sociology	4

## Cultural Anthropology, BS

Anthropology is the holistic, cross-cultural study of humanity that explores the multiple ways humans live and create meaning in the world. The anthropology major at Northeastern exposes students to diverse cultural perspectives from past and present societies; fosters student engagement with key contemporary issues such as global inequality, development, urbanization, and cultural change; and provides greater appreciation for the complexities of the world in which they live.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Major Requirements

Code	Title	Hours
<b>Cultural Anthropology</b>		
SOCL 1101	Introduction to Sociology	4
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 4600	Senior Seminar	4
<b>Advanced Area Courses</b>		
Complete two of the following. Additional courses taken in this section may be used as electives.		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Anthropology Electives</b>		
Complete eight ANTH courses. Two study-abroad courses may count toward this requirement with prior permission from the department.		32
<b>Social Science Electives</b>		
Complete three social science courses from the following subject areas. Social science electives may not include music or art: AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, or SOCL.		12

<sup>1</sup> Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

### Cultural Anthropology Major Grade Requirement

A cumulative GPA of 2.000 for all major courses is required.

### Cultural Anthropology Major Credit Requirement

Complete 76 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

## Computer Science and Sociology, BS

The social aspects to computing continue to grow, primarily with respect to communication and the internet. The computer science and sociology combined major examines this significant impact on society and how people communicate and share culture. Students will have an opportunity to gain a solid programming foundation, as well as the practical and theoretical skills needed to address the complex social and cultural issues in a period of far-reaching social change.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or SOCL 1000	First Year Seminar Sociology at Northeastern	1
CS 1210 or EESH 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
<b>Computer Science Writing-Intensive Requirement</b>		
Complete one of the following:		
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
DS 4200	Information Presentation and Visualization (Take DS 3000 either as a prerequisite of or concurrently with DS 4200.)	4
IS 3500	Information System Design and Development	4
<b>Khoury Elective Courses</b>		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 12 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		12
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

**Sociology Courses**

Code	Title	Hours
<b>Sociology Required Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
<b>Sociology Electives</b>		
Complete one sociology elective in each of the following ranges:		12
Introductory elective: SOCL 1000 to SOCL 1999		
Intermediate elective: SOCL 2000 to SOCL 3999		
Advanced elective: SOCL 4000 to SOCL 4999		
<b>Sociology Required Capstone</b>		
SOCL 4600	Senior Seminar	4

**Integrative Course Requirement**

Code	Title	Hours
Complete one of the following:		4
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

**Computer Science Writing Requirement**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
<b>Advanced Writing in the Disciplines</b>		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

**Required General Electives**

Code	Title	Hours
Complete 32 semester hours of general electives.		32

**Khoury College GPA Requirements**

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

**Sociology GPA Requirements**

2.000 average GPA requirement across all sociology classes

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Writing in the First Year
- Advanced Writing in the Disciplines
- Interpreting Culture
- Understanding Societies and Institutions
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

## Criminal Justice and Sociology, BS

This combined major educates students in criminal justice and sociology and in the interface between the two disciplines. The scope and sequence of sociology courses provide students with a foundation in social theory and social systems. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students successfully completing this program should be able to understand the ways that crime and the justice system are situated in larger social systems and structures.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
<b>Understanding and Experiencing Criminal Justice Institutions and Systems</b>		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
<b>Crime Problems</b>		
The following courses provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Criminal Justice Electives</b>		
These courses round out our knowledge of crime and justice.		
Complete three additional criminal justice electives. Two must be from the 3000, 4000, or 5000 level.		12

**Sociology Requirements**

Code	Title	Hours
Complete a minimum of nine courses in sociology from the requirements below.		
<b>Sociology Requirements</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 3300	Social Theory	4
<b>Sociology Introductory Electives</b>		
Complete two courses in the following range:		8
SOCL 1200 to SOCL 1999		
<b>Sociology Intermediate Electives</b>		
Complete two courses in the following range:		8
SOCL 2000 to SOCL 3999		
<b>Sociology Advanced Elective</b>		
Complete one course in the following range:		4
SOCL 4000 to SOCL 5999		

**Introduction, Methods, and Statistics**

Code	Title	Hours
<b>Introduction</b>		
Complete one of the following:		1
CRIM 1000	Criminal Justice at Northeastern	
SOCL 1000	Sociology at Northeastern	
<b>Research Methods</b>		
SOCL 2321	Research Methods in Sociology	4
<b>Statistics</b>		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

**Supporting Courses**

Code	Title	Hours
<b>Digital Skills</b>		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4 or 5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum ((Social Science Practicum section))	
<b>Co-op Integration Requirements</b>		
Complete before the first co-op:		1
EESH 2000	Professional Development for Co-op	
Complete after the first co-op:		1
CRIM 3000	Co-op Integration Seminar 2	
Complete after the second co-op:		1
CRIM 4000	Co-op Integration Seminar 3	

**Integrative Requirement**

Code	Title	Hours
<b>Senior Capstone Requirement</b>		
CRIM 4949 or SOCL 4600	Senior Capstone Seminar Senior Seminar	4
<b>Integrative Elective Courses</b>		
Complete one of the following:		4
CRIM 3030	Global Criminology	
CRIM 3110	Gender, Crime, and Justice	

CRIM 3120 Race, Crime, and Justice

Complete the following:	4
SOCL 1245 Sociology of Poverty	

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

## Health Science and Sociology, BS

The combined Bachelor of Science in Health Science and Sociology integrates social scientific perspectives to the study of health, illness, and healthcare. Students explore basic sociological concepts relevant for the study of health and healthcare, such as social construction and medicalization. Students explore why, for instance, despite having the most expensive healthcare system, the United States ranks comparatively low in life expectancy and health and well-being outcomes. Provides students with an opportunity to explore the ways that societal factors such as race, class, and gender interplay with health, healthcare, and health disparities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Health Science Requirements

Code	Title	Hours
<b>Public Health Core</b>

## Human Services and Sociology, BS

### Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Human Services Requirements

Code	Title	Hours
<b>Human Services Required Courses</b>		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
HUSV 4994	Human Services Internship	6
<b>Human Services Electives</b>		
Complete three additional HUSV courses.		12
<b>Research Methods</b>		
Complete option A or option B:		4-8
<i>Option A</i>		
HUSV 2970	Research Methods for Human Services	
<i>Option B</i>		
SOCL 2321	Research Methods in Sociology	
and		
Complete an additional HUSV Elective		
<b>Senior Capstone <sup>1</sup></b>		
HUSV 4700	Senior Seminar in Human Services	4

<sup>1</sup> With permission of human services, the student may complete sociology capstone Senior Seminar (SOCL 4600) and substitute one advanced human services elective for Senior Seminar in Human Services (HUSV 4700).

### Sociology Requirements

Code	Title	Hours
<b>Required Sociology Courses</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 3300	Social Theory	4
<b>Introductory Electives</b>		
Complete two of the following:		8
ANTH 1101	Peoples and Cultures	
SOCL 1245	Sociology of Poverty	
SOCL 1246	Environment and Society	

SOCL 1255	Sociology of the Family	
SOCL 1260	Sociology of Gender	
SOCL 1295	Drugs and Society	
<b>Intermediate-Level Elective</b>		
Complete two of the following:		8
ANTH 2302	Gender and Sexuality: A Cross-Cultural Perspective	
ANTH 2305	Global Markets and Local Culture	
ANTH 2315	Religion and Modernity	
SOCL 2358	Current Issues in Cities and Suburbs	
SOCL 3241	Violence and Society	
SOCL 3270	Race, Ethnicity, and Inequality	
SOCL 3441	Sociology of Health and Illness	
SOCL 3468	Social Movements	
SOCL 3487	Applied Sociology: Practice and Theory	
<b>Advanced-Level Elective</b>		
Complete one of the following:		4
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
ANTH 4580	Special Topics in Anthropology	
SOCL 4518	Law and Society in a Digital World	
SOCL 4520	Race, Class, and Gender	
<b>Senior Seminar <sup>2</sup></b>		
SOCL 4600	Senior Seminar	4

<sup>2</sup> With permission of the sociology head adviser, the student may complete Senior Seminar in Human Services (HUSV 4700) and substitute one advanced sociology elective for Senior Seminar (SOCL 4600).

### Human Services/Sociology Integrative Course

Code	Title	Hours
HUSV 2355	Race, Identity, Social Change, and Empowerment	4

### Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

### Human Services and Sociology Combined Major Credit Requirement

Complete 78 semester hours in the major.

### Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

### Program Requirement

128 total semester hours required

## Linguistics and Cultural Anthropology, BS

### Overview

The combined major in linguistics and cultural anthropology focuses on the relationship of culture to the institutions, interpersonal relations, and practices that make up their social structure while emphasizing the structure of human language and its involvement in social interaction and culture. Students examine how language both reflects and influences cultural phenomena and how it can be used as a tool to study those phenomena; and they apply their interests across a range of connected courses, co-op opportunities, and potential research projects.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Linguistics Major Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

### Linguistics Requirements

*Note:* A grade of C or higher is required for all courses in this section.

Code	Title	Hours
<b>Linguistics Requirements</b>		
LING 1150 or LING 1449	Introduction to Language and Linguistics English Now and Then	4
LING 2350	Linguistic Analysis	4
LING 3442	Sociolinguistics	4
LING 3456	Language and Gender	4
<b>Linguistic Structure</b>		
Complete three of the following:		12
LING 3420	Phonetics	
LING 3422	Phonology	
LING 3424	Morphology	
LING 3450	Syntax	
LING 3452	Semantics	
<b>Linguistics Research</b>		
Complete one of the following:		4
LING 4891	Research Seminar in Linguistics	
LING 4970 and LING 4971	Junior/Senior Honors Project 1 and Junior/Senior Honors Project 2	
LING 4991	Directed Study Research	
<b>Linguistics Elective</b>		
Complete one elective (any course in the range LING 3000–4999 that hasn't already been taken to fulfill other major requirements, or the following): <sup>1</sup>		4
DEAF 2700	ASL Linguistics	

<sup>1</sup> Please visit the Linguistics Courses page (<http://catalog.northeastern.edu/undergraduate/science/linguistics/#coursestext>) within this catalog to review the list of courses in the LING 3000 - LING 4999 range.

## Sociology and Cultural Anthropology, BS

The Department of Sociology and Anthropology at Northeastern University offers a combined major in sociology and cultural anthropology. Students learn the disciplinary histories, practices, and methods of sociology and sociocultural anthropology, identify foundational and contemporary debates within and across these two disciplines, and evaluate their contributions to our understanding of local and global societies and cultures. The combined major offers students various opportunities for community engagement, experiential learning, and for gaining research skills using quantitative and qualitative methods.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Sociology Requirements

Code	Title	Hours
<b>Required Sociology</b>		
SOCL 1101	Introduction to Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
<b>Sociology Electives</b>		
<i>Introductory Electives</i>		
Complete two courses in the following range:		8
SOCL 1110 to SOCL 1999		
<i>Intermediate Elective</i>		
Complete one course in the following range:		4
SOCL 2000 to SOCL 3999		
<i>Advanced Elective</i>		
Complete one course in the following range:		4
SOCL 4000 to SOCL 4999		
<b>Experiential Learning</b>		
Complete one of the following courses, or complete a study abroad or a dialogue of civilizations:		4
COOP 3945	Co-op Work Experience	
SOCL 3487	Applied Sociology: Practice and Theory	
SOCL 4971	Junior/Senior Honors Project 2	

### Cultural Anthropology Requirements

Code	Title	Hours
<b>Cultural Anthropology Core Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
<b>Advanced Area Courses</b>		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
<b>Anthropology Electives</b>		
Complete four ANTH courses. One study-abroad course may also count toward this requirement with prior permission from the department.		16

## Integrative Requirement

Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600) or Senior Seminar (SOCL 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Code	Title	Hours
<b>Required Course</b>		
ANTH 2305	Global Markets and Local Culture	4
<b>Capstone</b>		
SOCL 4600 or ANTH 4600	Senior Seminar Senior Seminar	4

## Sociology and Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

## Sociology and Cultural Anthropology Combined Major Credit Requirement

Complete 76 semester hours in the major.

## Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1722).

## Program Requirement

128 total semester hours required

## Cultural Anthropology, Minor

The cultural anthropology minor at Northeastern focuses on the study of culture as it is located in issues of race, ethnicity, class, gender, history, and globalization. Students develop proficiencies in widely applicable skills and frameworks, such as cultural relativism, comparative analysis, cross-cultural communication, research design, and ethnographic field research. Students have the opportunity to work with faculty members with regional expertise in Latin America, Europe, Asia, Africa, and North America and who teach courses on contemporary issues such as globalization, digital technologies, consumerism, sports, gender and sexuality, tourism, and social movements. This minor can complement a wide range of majors throughout the university, providing students with regional expertise and a depth of cultural understanding.

### Minor Requirements

Students minoring in Cultural Anthropology must complete Peoples and Cultures (ANTH 1101), plus any three ANTH electives, at least one of which must be at the 3000 level or above.

### Required Courses

Code	Title	Hours
ANTH 1101	Peoples and Cultures	4

### Anthropology Electives

Code	Title	Hours
Complete three ANTH electives, one of which must be at the 3000 level or above.		12

### GPA Requirement

2.000 GPA required in the minor

## Science and Technology Studies, Minor

The science and technology studies (STS) minor offers an interdisciplinary program of study focused on the critical role of science and technology in contemporary societies. Rather than viewing science and technology as autonomous or self-generating domains, STS traces the complex interplay that exists between science and technology and the social, political, and cultural contexts in which they are formed. Combining coursework in such fields as sociology, history, philosophy, engineering, and the humanities, the STS program offers students an opportunity to obtain a deeper understanding of the norms, values, and beliefs that often lie hidden within scientific knowledge and engineering designs. In this way, the program is designed to equip students to anticipate and address the many ethical and policy dilemmas that scientific and engineering knowledge provoke, especially as these bear on health, the environment, and community life around the world.

The STS minor is relevant for students embarking on STEM careers as well as those majoring in social science or humanities fields. The curriculum is flexible, enabling students to customize their studies in accordance with their individual interests.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

#### Required Course

Code	Title	Hours
SOCL 2485 or HIST 2220	Environment, Technology, and Society History of Technology	4

HIST 1225	Gender, Race, and Medicine	
HIST 2233	The History of Medicine in North America	
PHIL 1145	Technology and Human Values	
PHIL 3050	Information and Uncertainty	
POLS 2390	Science, Technology, and Public Policy	
SOCL 1280	The Twenty-First-Century Workplace	
WMNS 2505	Digital Feminisms	
<b>Advanced Electives</b>		
<i>Complete two of the following:</i>		8
ANTH 3441	Medical Anthropology	
ENGL 3340	Technologies of Text	
PHIL 4510	Philosophy of Science	
PPUA 5264	Energy Democracy and Climate Resilience: Technology, Policy, and Social Change	
SOCL 4528	Computers and Society	

#### GPA Requirement

2.000 GPA required in the minor

## Sociology, Minor

The sociology minor at Northeastern helps students to understand how to apply empirical evidence to address a wide range of social problems. Sociology minors can take courses in quantitative and qualitative research methods and theoretical and empirical reasoning. Elective courses draw on our faculty's expertise in violence, family life, health and illness, the environment, technology, gender and sexuality, occupations and professions, social movements, the law, and social inequality. This minor can complement a wide range of majors throughout the university, providing students with a range of skills to better understand their place in complex social environments.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Introduction to Sociology

Code	Title	Hours
SOCL 1101	Introduction to Sociology	4

### Electives

Code	Title	Hours
Complete three SOCL courses, at least one course must be from the 3000 level or above.		12

### GPA Requirement

2.000 GPA required in the minor

## Accelerated Bachelor/Graduate Degree Programs

The College of Social Sciences and Humanities offers a number of bachelor's/graduate degree programs that allow students to accelerate the attainment of the graduate degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Degrees are earned sequentially, with the bachelor's degree attainment followed by coursework to complete the graduate degree. See additional information on accelerated bachelor/graduate degree programs (<https://registrar.northeastern.edu/article/plusone-program-accelerated-bachelorgraduate-degree-programs/>).

## University Faculty

Faculty information for 2023-2024 will be published by the end of August 2023.

### A

#### **Ammar Aamer**

Associate Teaching Professor, College of Professional Studies; University of Tennessee, Knoxville, PhD

#### **Olakunle S. Abawonse**

Zelevinsky Postdoctoral Researcher, Mathematics; State University of New York at Binghamton, PhD

#### **Anis Abdulle**

Assistant Cooperative Education Coordinator, Computer Sciences; Northeastern University, BA

#### **Mehdi Abedi**

Associate Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

#### **Margot Abels**

Assistant Teaching Professor, Women's, Gender, and Sexuality Studies and Human Services; Northeastern University, PhD

#### **Emad Aboelela**

Associate Teaching Professor, Electrical and Computer Engineering; University of Miami, PhD

#### **Max Abrahms**

Associate Professor, Political Science; University of California, Los Angeles, PhD

#### **Ali Abur**

Professor, Electrical and Computer Engineering; Ohio State University, PhD

#### **Sunayan Acharya**

Senior Lecturer, Finance; University of Kentucky, PhD

#### **Daniel Adams**

Associate Professor, Architecture; Harvard University, MArch

#### **Quisquella Addison**

Assistant Teaching Professor, Law; Yeshiva University, JD

#### **Libby Adler**

Professor, Law and Women's, Gender, and Sexuality Studies; Northeastern University, JD

#### **Jeffrey Agar**

Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Georgia, PhD

#### **Rajesh Aggarwal**

Professor, Finance; Harvard University, PhD

#### **Christina Agostinelli-Fucile**

Associate Teaching Professor, World Languages Center; State University of New York at Buffalo, PhD

#### **Ruth Aguilera**

Darla and Frederick Brodsky Trustee Professor in Global Business, International Business and Strategy; Harvard University, PhD

#### **Michael Ahern**

Assistant Cooperative Education Coordinator, College of Engineering; Salem State University, MEd

#### **Amal Ahmed**

Associate Professor, Computer Sciences; Princeton University, PhD

**Jaehan Ahn**

Assistant Professor, Accounting; University of Oklahoma, PhD

**Laurel Ahnert**

Visiting Assistant Professor, Media and Screen Studies; Georgia State University, PhD

**Michal Aibin**

Visiting Associate Teaching Professor, Computer Sciences; Wroclaw University of Technology (Poland), PhD

**Sophia Ainslie**

Associate Teaching Professor, Art + Design; School of the Museum of Fine Arts/Tufts University, MFA

**Derya Aksaray**

Assistant Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Zeynep Aksehirli**

Associate Teaching Professor, Management and Organizational Development; University of California, Los Angeles, PhD

**Mohammad Alam**

Professor, Economics; University of Western Ontario (Canada), PhD

**Noor E. Alam**

Assistant Professor, Mechanical and Industrial Engineering; University of Alberta (Canada), PhD

**Ibrahim Alazza**

Visiting Assistant Teaching Professor, Art + Design; Boston University, MFA

**Brian Albrecht**

Associate Cooperative Education Coordinator, College of Engineering; Carnegie Mellon University, MS

**Daniel Aldrich**

Professor, Political Science and Public Policy and Urban Affairs; Harvard University, PhD

**Todd M. Alessandri**

Associate Professor, International Business and Strategy; University of North Carolina, Chapel Hill, PhD

**Jacques Alexis**

Associate Teaching Professor, College of Professional Studies; University of Maryland, PhD

**Noor Ali**

Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

**Nicole Aljoe**

Professor, English and Cultures, Societies, and Global Studies; Tufts University, PhD

**Greg Allen**

Visiting Assistant Professor, Theatre; University of Massachusetts, Amherst, MFA

**Kristen Allison**

Assistant Professor, Communication Sciences and Disorders; University of Wisconsin, Madison, PhD

**Michael Allshouse**

Assistant Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Meryl Alper**

Associate Professor, Communication Studies; University of Southern California, PhD

**Shannon Alpert**

Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Charlotte, PhD

**Akram N. Alshawabkeh**

University Distinguished Professor, George A. Snell Professor of Engineering, Civil and Environmental Engineering; Louisiana State University, PhD

**Wael Altali**

Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, PhD

**Sari Altschuler**

Associate Professor, English; City University of New York, PhD

**Ismet B. Altunkaynak**

Assistant Teaching Professor, Physics; Northeastern University, PhD

**Kaitlyn Alvarez Noli**

Assistant Professor, Public Policy and Urban Affairs and Health Sciences; University of California, Irvine, PhD

**Said Amal**

Research Assistant Professor, Bioengineering; Haifa University (Israel), PhD

**Christopher Amato**

Assistant Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Steven Amato**

Teaching Professor, College of Professional Studies; Boston College, PhD

**Bolor Amgalan**

Assistant Teaching Professor, Art + Design; Parsons School of Design, MFA

**Jane Amidon**

Professor, Architecture; Harvard University, MLA

**Mansoor M. Amiji**

University Distinguished Professor, Pharmaceutical Sciences and Chemical Engineering; Purdue University, PhD

**Rouzbeh Amini**

Associate Professor, Mechanical and Industrial Engineering and Bioengineering; University of Minnesota, PhD

**Mahshid Amirabadi**

Associate Professor, Electrical and Computer Engineering; Texas AM University, PhD

**Ghita Amor-Tijani**

Assistant Teaching Professor, Computer Sciences; George Washington University, PhD

**Parisa Andalib**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Roy Anderson**

Visiting Lecturer, Supply Chain and Information Management; Babson College, MBA

**Jonathan Andrew**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; SIT Graduate Institute, MA

**Jose Annunziato**

Assistant Teaching Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Mark Aparece**

Assistant Teaching Professor, Chemistry and Chemical Biology; Boston College, PhD

**Javier Apfeld**

Assistant Professor, Biology; University of California, San Francisco, PhD

**Tsuguo Aramaki**

Assistant Professor, Physics; Columbia University, PhD

**Michael Arnold Mages**

Assistant Professor, Art + Design; Carnegie Mellon University, PhD

**Cheryl Arruda**

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Alpha Arsano**

Assistant Professor, Architecture; Massachusetts Institute of Technology, PhD

**Katherine Ashley**

Associate Teaching Professor, Supply Chain and Information Management; University of California, Berkeley, PhD

**Javed A. Aslam**

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Anand Asthagiri**

Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

**Jared R. Auclair**

Associate Teaching Professor, Biotechnology; University of Massachusetts, PhD

**Debra Auguste**

Professor, Chemical Engineering; Princeton University, PhD

**Earlene Avalon**

Associate Teaching Professor, College of Professional Studies; Simmons College, PhD

**Emily Avery-Miller**

Associate Teaching Professor, English; Emerson College, MFA

**Hava Avraham**

Research Associate Professor, Center for Drug Discovery; Hebrew University of Jerusalem (Israel), PhD

**Joseph L. Ayers**

Professor, Marine and Environmental Sciences; University of California, Santa Cruz, PhD

**B****Robert Baginski**

Associate Clinical Professor, Medical Sciences; University of Connecticut, MD

**Keith Bagley**

Associate Clinical Professor, Computer Sciences; University of Massachusetts, Lowell, PhD

**Jianqui Bai**

Associate Professor and Gary Gregg Faculty Fellow, Finance; University of Southern California, PhD

**Rekha Bai**

Assistant Teaching Professor, Mathematics; University of Iowa, PhD

**Ruobing Bai**

Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

**Ambika Bajpayee**

Assistant Professor, Bioengineering; Massachusetts Institute of Technology, PhD

**Alison K. Baker**

Assistant Teaching Professor, Psychology; Northeastern University, PhD

**Brook K. Baker**

Professor, Law; Northeastern University, JD

**Shalanda H. Baker**

Professor, Law and Public Policy and Urban Affairs; Northeastern University, JD

**Ilter Bakkal**

Assistant Teaching Professor, Economics; Northern Illinois University, PhD

**Benita Bamgbade**

Assistant Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PhD

**Elitsa Banalieva**

Associate Professor, International Business and Strategy; Indiana University, PhD

**Debra Bangs**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Arun Bansil**

University Distinguished Professor, Physics; Harvard University, PhD

**Ning Bao**

Assistant Professor, Physics and Mathematics; Stanford University, PhD

**Albert-László Barabási**

Robert Gray Dodge Professor and University Distinguished Professor, Physics and Computer Sciences; Boston University, PhD

**Emanuela Barberis**

Professor, Physics; University of California, Santa Cruz, PhD

**Sumner Barenberg**

Professor of the Practice, Bioengineering; Case Western Reserve University, PhD

**Christopher Barney**

Visiting Assistant Professor, Game Design; Azusa Pacific University, BS

**Cynthia Baron**

Senior Academic Specialist, College of Professional Studies; Northeastern University, MBA

**Timothy Barr**

Postdoctoral Teaching Associate, Communication Studies; University of Pittsburgh, PhD

**Amilcar Barreto**

Professor, Cultures, Societies, and Global Studies and International Affairs; State University of New York at Buffalo, PhD

**Lisa Barrett**

University Distinguished Professor, Psychology; University of Waterloo (Canada), PhD

**Margarita Barrios Ponce**

Associate Teaching Professor, Art + Design; Yale University, MFA

**Carey Barry**

Associate Clinical Professor, Medical Sciences; Quinnipiac University, MS

**Yakov Bart**

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; University of California, Berkeley, PhD

**Stefano Basagni**

Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

**Marla Baskerville**

Associate Professor, Management and Organizational Development; Tulane University, PhD

**John Basl**

Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

**Maureen Basmajian**

Senior Cooperative Education Coordinator, College of Engineering; Boston College, MBA

**Linnea Basu**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MS

**Oleg Batishchev**

Professor of the Practice, Physics; Moscow Institute of Physics and Technology (Russia), PhD

**Allison Bauer**

Associate Teaching Professor, Health Sciences; University of Pennsylvania, PhD

**Kabria Baumgartner**

Associate Professor, History and Cultures, Societies, and Global Studies; University of Massachusetts, Amherst, PhD

**Christopher E. Beasley**

Associate Professor, Mathematics; Princeton University, PhD

**Nicholas Beauchamp**

Assistant Professor, Political Science; New York University, PhD

**Michael Beaudet**

Professor of the Practice, Journalism; Northeastern University, MA

**Laura Beerits**

Assistant Teaching Professor, English; University of Texas, Austin, PhD

**Gail S. Begley**

Teaching Professor, Biology; Boston University, PhD

**Mehdi Behroozi**

Assistant Professor, Mechanical and Industrial Engineering; University of Minnesota, PhD

**Edward Beighley**

Professor, Civil and Environmental Engineering; University of Maryland, PhD

**Leo Beletsky**

Professor, Law and Health Sciences; Temple University, JD

**Jonathan Bell**

Assistant Professor, Computer Sciences; Columbia University, PhD

**Chiara Bellini**

Assistant Professor, Bioengineering; University of Calgary (Canada), PhD

**Kylie Bemis**

Assistant Teaching Professor, Computer Sciences; Purdue University, PhD

**Sidi Bencherif**

Assistant Professor, Chemical Engineering; Carnegie Mellon University, PhD

**Jonathan Benda**

Teaching Professor, Writing Program; Syracuse University, PhD

**James C. Benneyan**

Professor, Mechanical and Industrial Engineering; University of Massachusetts, Amherst, PhD

**Iris Berent**

Professor, Psychology; University of Pittsburgh, PhD

**Dionisio Bernal**

Professor, Civil and Environmental Engineering; University of Tennessee, PhD

**Elena Bernal Mor**

Assistant Teaching Professor, Electrical and Computer Engineering; Universitat Politècnica de València (Spain), PhD

**Eugene A. Bernstein**

Associate Teaching Professor, Pharmaceutical Sciences; Ivanovo Medical Institute (Russia), PhD

**Enrico Bertini**

Associate Professor, Computer Sciences and Art + Design; Sapienza University of Rome (Italy), PhD

**Michael Bessette**

Assistant Clinical Professor, Medical Sciences; Sackler School of Medicine, PhD

**Allison Betsold**

Artist in Residence, Music; University of Kansas, MM

**Penny Beuning**

Professor, Chemistry and Chemical Biology; University of Minnesota, PhD

**Peter J. Bex**

Professor, Psychology; Cardiff University (United Kingdom), PhD

**Rahul Bhargava**

Assistant Professor, Journalism and Art + Design; Massachusetts Institute of Technology, MA

**Shawn Bhimani**

Assistant Professor, Supply Chain and Information Management; Duke University, PhD

**Adeel Bhutta**

Associate Teaching Professor, Computer Sciences; University of Central Florida, PhD

**Dapeng Bi**

Assistant Professor, Physics; Brandeis University, PhD

**Timothy Bickmore**

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Doug Bielmeier**

Associate Teaching Professor, Music; Argosy University, PhD

**Priyanka Bishnoi**

Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Southern California, MS

**Nathan Blake**

Teaching Professor, Media and Screen Studies; University of California, PhD

**Samuel J. Blank**

Professor, Mathematics; Brandeis University, PhD

**Robert J. Blaser**

Associate Cooperative Education Coordinator, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, MS

**Jonathan Blazek**

Assistant Professor, Physics; University of California, Berkeley, PhD

**John Bleakney**

Associate Cooperative Education Coordinator, Graduate School of Engineering; State University of New York at Albany, MA

**Francis Blessington**

Professor, English; Brown University, PhD

**Aaron Block**

Teaching Professor, English; Emerson College, MFA

**Elizabeth M. Bloom**

Teaching Professor, Law; Georgetown University, JD

**Linda Blum**

Professor, Sociology and Anthropology; University of California, Berkeley, PhD

**Rhonda M. Board**

Associate Professor, Nursing; Ohio State University, PhD

**Erika Boeckeler**

Associate Professor, English; Harvard University, PhD

**Samantha Boehm**

Assistant Teaching Professor, Theatre; Brandeis University, MA

**Evisa Bogdani**

Assistant Professor, Accounting; University of Kentucky, PhD

**Philip Bogden**

Associate Teaching Professor, Computer Sciences; University of California, San Diego, PhD

**Eric Bogert**

Assistant Teaching Professor, Supply Chain and Information Management; University of Georgia, PhD

**Christopher Bolick**

Assistant Teaching Professor, College of Professional Studies; Western Carolina University, MS

**Tamara Bonaci**

Assistant Teaching Professor, Computer Sciences; University of Washington, PhD

**Andrew Bonner**

Assistant Clinical Professor, Applied Psychology; University of Florida, PhD

**Raymond G. Booth**

Professor, Pharmaceutical Sciences and Chemistry and Chemical Biology; University of California, San Francisco, PhD

**Monica Borgida**

Assistant Teaching Professor, College of Professional Studies; University of Pisa/University of Bologna (Italy), PhD

**Skylar Borgstrom**

Visiting Assistant Professor, Art + Design; State University of New York at Buffalo, MA

**Michelle Borkin**

Assistant Professor, Computer Sciences; Harvard University, PhD

**Natalie Bormann**

Teaching Professor, Political Science; University of Newcastle upon Tyne (United Kingdom), PhD

**Jeffery A. Born**

Professor, Finance; University of North Carolina, Chapel Hill, PhD

**Jordon Bosse**

Assistant Professor, Nursing; University of Massachusetts, Amherst, PhD

**Christopher Bosso**

Professor, Public Policy and Urban Affairs; University of Pittsburgh, PhD

**Ekaterina Botchkovar**

Associate Professor, Criminology and Criminal Justice; North Carolina State University, PhD

**Kevin Boudreau**

Associate Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Alma Bournazian**

Senior Academic Specialist, American Sign Language; Western Maryland College, MS

**Stacey Bourns**

Professor, World Languages Center; University of Texas, Austin, PhD

**Carla Bouwmeester**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

**Jennifer L. Bowen**

Associate Professor, Marine and Environmental Sciences; Boston University, PhD

**James Boyer**

Assistant Academic Specialist, Accounting; Northeastern University, MBA

**Nicole M. Boyson**

Professor, Finance; Ohio State University, PhD

**David Brady**

Teaching Professor, Electrical and Computer Engineering; Princeton University, PhD

**Ontonye Braide-Moncoeur**

Associate Teaching Professor, Chemistry and Chemical Biology; University of Florida, PhD

**Maxim Braverman**

Professor, Mathematics; Tel Aviv University (Israel), PhD

**Heather C. Brenhouse**

Associate Professor, Psychology; Northeastern University, PhD

**Becky A. Briesacher**

Associate Professor, Pharmacy and Health Systems Sciences; University of Maryland, Baltimore, PhD

**Amy M. Briesch**

Associate Professor, Applied Psychology; University of Connecticut, PhD

**Elizabeth Britt**

Professor, English; Rensselaer Polytechnic Institute, PhD

**Kevin Broadbelt**

Associate Teaching Professor, Biotechnology; City University of New York, PhD

**Carla Brodley**

Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Tatiana Bronich**

Professor, Pharmacy and Health Systems Sciences; Lomonosov Moscow State University (Russia), PhD

**Mary E. Bronski**

Assistant Clinical Professor, Nursing; Northeastern University, PhD

**Dana H. Brooks**

Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Cammy Brothers**

Associate Professor, Architecture and Art + Design; Harvard University, PhD

**Adam Broughton**

Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

**Colin Brown**

Assistant Teaching Professor, Political Science; Harvard University, PhD

**Layla Brown**

Assistant Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; Duke University, PhD

**Needa Brown**

Assistant Teaching Professor, Physics; University of Oklahoma, PhD

**Nicholas Brown**

Assistant Teaching Professor, Graduate School of Engineering; University of California, Los Angeles, PhD

**Nicholas Brown**

Associate Teaching Professor, Architecture and History; University of Illinois, Urbana-Champaign, PhD

**Philip M. Brown**

University Distinguished Professor, Sociology and Anthropology and Health Sciences; Brandeis University, PhD

**Timothy Brown**

Professor, History; University of California, Berkeley, PhD

**Maria Brucato**

Assistant Teaching Professor, World Languages Center; University of Texas, PhD

**Christopher Bruell**

Associate Teaching Professor, Criminology and Criminal Justice; Northeastern University, PhD

**Katie Bruner**

Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

**Elizabeth Bucar**

Professor, Philosophy and Religion; University of Chicago, PhD

**David E. Budil**

Associate Professor, Chemistry and Chemical Biology; University of Chicago, PhD

**Jamie Bunce**

Assistant Teaching Professor, Biology; University of Connecticut, PhD

**Lucy Bunning**

Associate Teaching Professor, College of Professional Studies; Lesley University, PhD

**Jeffrey Burds**

Associate Professor, History; Yale University, PhD

**Cheryl A. Burke**

Assistant Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

**Lynn H. Burke**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Amherst, MEd

**Margaret A. Burnham**

University Distinguished Professor, Law; University of Pennsylvania, LLB

**José Buscaglia**

Professor, Cultures, Societies, and Global Studies; University of Buffalo, PhD

**Jeremy Bushnell**

Associate Teaching Professor, Writing Program; University of Arizona, Tucson, MFA

**Ahmed A. Busnaina**

University Distinguished Professor, William Lincoln Smith Professor of Mechanical Engineering, Mechanical and Industrial Engineering; Oklahoma State University, PhD

**Michael Butera**

Assistant Clinical Professor, Nursing; Northeastern University, MS

**Grace Buttriss**

Clinical Professor, Nursing; Metropolitan State University, St. Paul, DNP

**C****Qinghong Cai**

Teaching Professor, World Languages Center; University of Kansas, MS

**Victoria Cain**

Associate Professor, History; Columbia University, PhD

**Paula Caligiuri**

Distinguished Professor of Global Leadership, International Business and Strategy; Pennsylvania State University, PhD

**Lisa M. Campagnoni**

Associate Cooperative Education Coordinator, College of Science; Northeastern University, MA

**James Campasano**

Assistant Teaching Professor, Finance; University of Massachusetts, Amherst, PhD

**Octavia Camps**

Professor, Electrical and Computer Engineering; University of Washington, PhD

**Yanet Canavan**

Associate Academic Specialist, World Languages Center; Salem State College, MA

**Kristopher Cannon**

Associate Teaching Professor, Media and Screen Studies; Georgia State University, PhD

**Mira Cantor**

Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

**Gary Cantrell**

Associate Teaching Professor, Computer Sciences; Mississippi State University, PhD

**Jianfei Cao**

Assistant Professor, Economics; University of Chicago, PhD

**Luca Caracoglia**

Associate Professor, Civil and Environmental Engineering; University of Trieste (Italy), PhD

**Benjamin Caras**

Assistant Teaching Professor, Art + Design; University of Massachusetts, Amherst, MFA

**Peter Cardillo**

Assistant Cooperative Education Coordinator, Graduate School of Engineering; Boston College, MS

**Alexa A. Carlson**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Butler University, PharmD

**Mary Carney**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Boston College, MSN

**Heather Carpenter-Oliveira**

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**Jonathan Carr**

Teaching Professor, Theatre; Columbia University, MFA

**Michelle Carr**

Senior Lecturer, Communication Studies; Kingston University (United Kingdom), MA

**Sara Carr**

Assistant Professor, Architecture; University of California, Berkeley, PhD

**Rebecca L. Carrier**

Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

**Matthew Carroll**

Professor of the Practice, Journalism; Northeastern University, BS

**Elie Casbi**

Zelevinsky Postdoctoral Researcher, Mathematics; Université de Paris (France), PhD

**Patricia Case**

Assistant Teaching Professor, Health Sciences; Harvard University, PhD

**Cristian Cassella**

Assistant Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

**N. Fadeke Castor**

Assistant Professor, Philosophy and Religion and African and African American Studies; University of Chicago, PhD

**Smajl Cenjic**

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MA

**Christopher Cesario**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Yunrong Chai**

Associate Professor, Biology; Cornell University, PhD

**Srirupa Chakraborty**

Assistant Professor, Chemical Engineering and Chemistry and Chemical Biology; State University of New York at Buffalo, PhD

**Paul M. Champion**

Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Chee Chan**

Associate Academic Specialist, Marketing; Michigan State University, PhD

**Katherine Chan**

Assistant Teaching Professor, Music; University of Minnesota, PhD

**Raman Chandrasekar**

Clinical Professor, Computer Sciences; Tata Institute of Fundamental Research/University of Bombay (India), PhD

**Chiu Chang**

Associate Teaching Professor, Marketing; Indiana University, PhD

**Divya Chaudhary**

Assistant Teaching Professor, Computer Sciences; University of Delhi (India), PhD

**Heidi Cheerman**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Changyan Chen**

Research Professor, Center for Drug Discovery; Columbia University, PhD

**Jingjing Chen**

Visiting Assistant Professor, Finance; Washington State University, PhD

**Qin Chen**

Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Old Dominion University, PhD

**Esther Chewning**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MS

**Cherese Childers-McKee**

Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Greensboro, PhD

**W. Paul Chiou**

Associate Teaching Professor, Finance; Rutgers University, PhD

**David R. Choffnes**

Associate Professor, Computer Sciences; Northwestern University, PhD

**John Choi**

Assistant Cooperative Education Coordinator, Pharmaceutical Sciences; Harvard University, MS

**Seulah Choi**

Visiting Lecturer, Political Science; Boston University, PhD

**Chun-An Chou**

Assistant Professor, Mechanical and Industrial Engineering; Rutgers University, PhD

**Kaushik Roy Chowdhury**

Professor, Electrical and Computer Engineering; University of Cincinnati, MS

**Leanne Chukoskie**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Art + Design; New York University, PhD

**Ken Y. Chung**

Assistant Teaching Professor, Chemistry and Chemical Biology; Michigan State University, PhD

**Myojung Chung**

Assistant Professor, Journalism; Syracuse University, PhD

**Samuel Chung**

Assistant Professor, Bioengineering; Harvard University, PhD

**Hillary Chute**

Distinguished Professor, English and Art + Design; Rutgers University, PhD

**Dawn M. Cisewski**

Associate Teaching Professor, Psychology; Indiana University of Pennsylvania, PsyD

**Paolo Ciuccarelli**

Professor, Art + Design; Politecnico di Milano (Italy), MArch

**Sophie Clachar**

Assistant Teaching Professor, Computer Sciences; University of North Dakota, PhD

**Bruce H. Clark**

Associate Professor, Marketing; Stanford University, PhD

**Edmund L. Clark**

Senior Academic Specialist, Entrepreneurship and Innovation; Clark University, MBA

**Elisha Clark**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MBA

**Meredith Clark**

Associate Professor, Journalism; University of North Carolina, Chapel Hill, PhD

**Stephen B. Clark**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Paul Closas**

Assistant Professor, Electrical and Computer Engineering; Universitat Politècnica de Catalunya (Spain), PhD

**Emily Clough**

Assistant Professor, Political Science and International Affairs; Harvard University, PhD

**Yvonne Coady**

Visiting Professor, Computer Sciences; The University of British Columbia (Canada), PhD

**Robin Coddling**

Associate Professor, Applied Psychology; Syracuse University, PhD

**Mauricio Codesso**

Assistant Teaching Professor, Accounting; Federal University of Santa Catarina (Brazil), PhD

**John D. Coley**

Associate Professor, Psychology; University of Michigan, PhD

**Greg Collier**

Professor of the Practice, Entrepreneurship and Innovation; Eastern Michigan University, MBA

**Patrice Collins**

Assistant Professor, Criminology and Criminal Justice and Cultures, Societies, and Global Studies; Yale University, PhD

**Randall C. Colvin**

Associate Professor, Psychology; University of Illinois, Urbana-Champaign, PhD

**Sally Conant**

Associate Cooperative Education Coordinator, College of Engineering; Salve Regina University, MA

**Richard Conley**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston University, JD

**Kelly Conn**

Associate Teaching Professor, College of Professional Studies; Boston University, PhD

**Thomas Consi**

Teaching Professor, Electrical and Computer Engineering; Columbia University, PhD

**Sara Constantino**

Assistant Professor, Psychology and Public Policy and Urban Affairs; New York University, PhD

**Adam I. Cooper**

Associate Teaching Professor, Linguistics; Cornell University, PhD

**Seth Cooper**

Assistant Professor, Computer Sciences; University of Washington, PhD

**Gene D. Cooperman**

Professor, Computer Sciences; Brown University, PhD

**Calina Copos**

Assistant Professor, Biology and Mathematics; University of California, Davis, PhD

**Lino Coria Mendoza**

Associate Teaching Professor, Computer Sciences; The University of British Columbia (Canada), PhD

**Marie B. Corkery**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**John Cornett**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

**Patricia Corrigan**

Assistant Cooperative Education Coordinator, College of Science; Suffolk University, MA

**Felipe Cortes**

Associate Teaching Professor, Finance; Washington University, St. Louis, PhD

**Catherine Cosgrove**

Associate Cooperative Education Coordinator, College of Science; Bridgewater State University, MEd

**Ahmet Coskun**

Associate Teaching Professor, Mechanical and Industrial Engineering; Middle East Technical University (Turkey), PhD

**Xavier Costa**

Professor, Architecture; University of Pennsylvania, PhD

**Sasha Costanza-Chock**

Associate Professor, Media and Screen Studies; University of Southern California, PhD

**Hugh G. Courtney**

Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

**Jessica Courtney**

Assistant Cooperative Education Coordinator, College of Engineering; Lesley University, MA

**Arthur J. Coury**

University Distinguished Professor, Chemical Engineering; University of Minnesota, PhD

**Erin J. Cram**

Professor and Associate Dean for Research of the College of Science, Biology; University of California, Berkeley, PhD

**Justin D. Crane**

Assistant Professor, Biology; McMaster University (Canada), PhD

**Fiona Creed**

Associate Teaching Professor, College of Professional Studies; University College, Cork (Ireland), PhD

**William F. Crittenden**

Professor, International Business and Strategy; University of Arkansas, PhD

**Wendy Crocker**

Associate Teaching Professor, College of Professional Studies; University of Western Ontario (Canada), PhD

**Danielle Crooks**

Assistant Professor, Health Sciences and Sociology and Anthropology; Columbia University, PhD

**Maia Cross**

Professor, Political Science and International Affairs; Princeton University, PhD

**Robert Cross**

Assistant Teaching Professor, History; Princeton University, PhD

**Pedro Miguel Cruz**

Assistant Professor, Art + Design; Universidade de Coimbra (Portugal), PhD

**Giuseppina Cucciniello**

Assistant Cooperative Education Coordinator, College of Engineering; Università degli Studi di Napoli "L'Orientale" (Italy), MA

**Daniel Cuenca**

Assistant Teaching Professor, World Languages Center; Boston College, PhD

**Alvaro Cuervo-Cazurra**

Professor and Lloyd Mullen Research Fellow, International Business and Strategy; Massachusetts Institute of Technology, PhD

**Carlos Cuevas**

Professor, Criminology and Criminal Justice; Alliant International University, PhD

**Meng Cui**

Research Associate Professor, Center for Drug Discovery; Jilin University (China), PhD

**Derek Curry**

Assistant Professor, Art + Design; University of California, Los Angeles, MFA

**Phillip Curtiss**

Associate Teaching Professor, Electrical and Computer Engineering; University of Maryland, PhD

**Mary Ellen Cushman**

Professor, English; Rensselaer Polytechnic Institute, PhD

## D

### **Kate Daher**

Assistant Cooperative Education Coordinator, College of Science; Northeastern University, MS

### **Guohao Dai**

Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

### **Elise J. Dallimore**

Associate Professor, Communication Studies; University of Washington, PhD

### **James Dana Jr.**

Professor, Economics and International Business and Strategy; Massachusetts Institute of Technology, PhD

### **Dan Danielsen**

Professor, Law; Harvard University, JD

### **Luis Dau**

Associate Professor and Robert and Denise DiCenso Endowed Professor, International Business and Strategy; University of South Carolina, PhD

### **Benjamin Davaji**

Assistant Professor, Electrical and Computer Engineering; Marquette University, PhD

### **Milivoje Davidovic**

Assistant Teaching Professor, Finance; Northern Illinois University, PhD

### **Juliet Davidow**

Assistant Professor, Psychology; Columbia University, PhD

### **Duncan Davis**

Associate Teaching Professor, Engineering; North Carolina State University, PhD

### **Martha Davis**

Professor, Law; University of Chicago, JD

### **Nicole Davis**

Associate Clinical Professor, Applied Psychology; Simmons College, MS

### **Patricia Davis**

Associate Professor, Communication Studies; University of California, San Diego, PhD

### **Theo Davis**

Professor, English; Johns Hopkins University, PhD

### **Alexander Dawson**

Postgraduate Teaching Fellow, Art + Design; Rhode Island School of Design, MS

### **Tovah Day**

Assistant Professor, Biology; Boston University, PhD

### **Richard Daynard**

University Distinguished Professor, Law; Massachusetts Institute of Technology, PhD; Harvard University, JD

### **Anthony P. De Ritis**

Professor, Music; University of California, Berkeley, PhD

### **Robert De Schutter**

Associate Professor, Game Design and Computer Sciences; Katholieke Universiteit Leuven (Belgium), PhD

### **Michael Dean**

Assistant Teaching Professor, College of Professional Studies; Columbia University, PhD

### **Adenekan (Nick) Dedeke**

Senior Lecturer, Supply Chain and Information Management; Technische Universität Kaiserslautern (Germany), PhD

### **Melissa DeGrandis**

Assistant Cooperative Education Coordinator, College of Engineering; Ball State University, MA

**Mohammad Dehghani**

Associate Teaching Professor, Mechanical and Industrial Engineering; Western New England University, PhD

**Candice Delmas**

Associate Professor, Philosophy and Religion and Political Science; Boston University, PhD

**Emrecan Demirors**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**John Dencker**

Professor, Management and Organizational Development; Harvard University, PhD

**James Dennedy-Frank**

Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Stanford University, PhD

**Jack Dennerlein**

Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of California, Berkeley, PhD

**Megan Denver**

Assistant Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

**Alexander DePaoli**

Assistant Teaching Professor, Marketing; Stanford University, PhD

**Joseph DePasquale**

Associate Teaching Professor, Chemistry and Chemical Biology; Drexel University, PhD

**Leila F. Deravi**

Assistant Professor, Chemistry and Chemical Biology; Vanderbilt University, PhD

**Nate Derbinsky**

Teaching Professor, Computer Sciences; University of Michigan, Ann Arbor, PhD

**Harm Derksen**

Professor, Mathematics; University of Basel (Switzerland), PhD

**Nishil Desai**

Associate Teaching Professor, Pharmaceutical Sciences; Mercer University, PhD

**Rajeev Desai**

Research Associate Professor, Center for Drug Discovery; University of Birmingham, PhD

**Peter J. Desnoyers**

Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**David A. DeSteno**

Professor, Psychology; Yale University, PhD

**Darin Detwiler**

Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

**John W. Devlin**

Professor, Pharmacy and Health Systems Sciences; University of Toronto (Canada), PharmD

**Janet Dewan**

Assistant Clinical Professor, Nursing; Northeastern University, PhD

**Christa Dhimo**

Professor of the Practice, Biotechnology; Northeastern University, MS

**Alessandra Di Credico**

Associate Teaching Professor, Physics; University of Rome (Italy), PhD

**Michele Di Pierro**

Assistant Professor, Physics; University of Texas, Austin, PhD

**Panagoula Diamanti-Karanou**

Assistant Teaching Professor, International Affairs; Northeastern University, PhD

**Jacqueline Diani**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; University of Virginia, MEd

**Martin Dias**

Associate Teaching Professor, Supply Chain and Information Management; Bentley University, PhD

**Amy DiBattista**

Associate Teaching Professor, Psychology; Northeastern University, PhD

**William Dickens**

Distinguished Professor, Economics and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

**Elizabeth Dillon**

Distinguished Professor, English; University of California, Berkeley, PhD

**Charles DiMarzio**

Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Aidong A. Ding**

Associate Professor, Mathematics; Cornell University, PhD

**Hunter Dinkins**

Zelevinsky Postdoctoral Researcher, Mathematics; University of North Carolina, PhD

**Kathleen C. Dioli**

Associate Cooperative Education Coordinator, Chemistry and Chemical Biology; Bowling Green State University, MA

**Brandon Dionne**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of New England, PharmD

**Daniel L. Distel**

Research Professor, Marine and Environmental Sciences; University of California, San Diego, PhD

**Benjamin Dittbrenner**

Associate Teaching Professor, Marine and Environmental Sciences; University of Washington, PhD

**Margarita V. DiVall**

Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

**Mark Dockser**

Professor of the Practice, Entrepreneurship and Innovation; Stanford University, MBA

**Mary Kate Dodgson**

Assistant Professor, Accounting; University of Massachusetts, Amherst, PhD

**Lisa Cantwell Doherty**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MA

**Silvia Dominguez**

Associate Professor, Sociology and Anthropology; Boston University, PhD

**Olya Domoradova**

Postgraduate Teaching Fellow, Art + Design; ArtEZ University of the Arts (Netherlands), MS

**Jason Donati**

Teaching Professor, Art + Design; Rochester Institute of Technology, MFA

**Hua Dong**

Senior Academic Specialist, World Languages Center; Emerson College, MA

**Sijia Dong**

Assistant Professor, Chemistry and Chemical Biology; California Institute of Technology, PhD

**Pamela Donlan**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

**Maeve Donnelly**

Assistant Clinical Professor, Applied Psychology; Western New England University, PhD

**Salvatore D'Oro**

Research Assistant Professor, Electrical and Computer Engineering; University of Catania (Italy), PhD

**Larisa Doroshenko**

Postdoctoral Teaching Associate, Communication Studies; University of Wisconsin, Madison, PhD

**Kristen Dorsey**

Associate Professor, Electrical and Computer Engineering and Physical Therapy, Movement, and Rehabilitation Sciences; Carnegie Mellon University, PhD

**Brenda Douglas**

Associate Clinical Professor, Nursing; Northeastern University, DNP

**Daniel C. Douglass**

Associate Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, PhD

**Mark Douglass**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Michigan, PharmD

**Kevin Drakulich**

Associate Professor, Criminology and Criminal Justice; University of Washington, PhD

**Timothy Dransfield**

Associate Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

**Laura Dudley**

Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

**Lisa Duffy**

Assistant Professor, Nursing; Boston College, DNP

**Tara Duffy**

Associate Teaching Professor, Marine and Environmental Sciences; State University of New York at Stony Brook, PhD

**Daniel M. Dulaski**

Teaching Professor, Civil and Environmental Engineering; University of Massachusetts, Amherst, PhD

**Evan Dummit**

Assistant Teaching Professor, Mathematics; University of Wisconsin, Madison, PhD

**Jill Dupree**

Assistant Teaching Professor, Economics; University of Colorado, Boulder, PhD

**Kathleen Durant**

Assistant Teaching Professor, Computer Sciences; Harvard University, PhD

**Jennifer G. Dy**

Professor, Electrical and Computer Engineering; Purdue University, PhD

**Rashmi Dyal-Chand**

Professor, Law; Harvard University, JD

**E****Sebastian Ebarb**

Associate Teaching Professor, Art + Design; School of Visual Arts, MFA

**Eno Ebong**

Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

**Stephanie Eby**

Associate Teaching Professor, Marine and Environmental Sciences; Syracuse University, PhD

**Matthew Eckelman**

Associate Professor, Civil and Environmental Engineering; Yale University, PhD

**Kimberly Eddleston**

Professor, Entrepreneurship and Innovation; University of Connecticut, PhD

**Bethany R. Edmunds**

Teaching Professor, Computer Sciences; Rutgers University, PhD

**Laurie Edwards**

Teaching Professor, Writing Program; Emerson College, MFA

**Jessica Edwards George**

Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

**Robert C. Eidson**

Assistant Teaching Professor, Psychology; Northeastern University, PhD

**Stanley J. Eigen**

Professor, Mathematics; McGill University (Canada), PhD

**Adam Ekenseair**

Associate Teaching Professor, Chemical Engineering; University of Texas, Austin, PhD

**Ehsan Elhamifar**

Assistant Professor, Computer Sciences; Johns Hopkins University, PhD

**Tina Eliassi-Rad**

Professor, Computer Sciences; University of Wisconsin, Madison, PhD

**Ryan Ellis**

Associate Professor, Communication Studies; University of California, San Diego, PhD

**Constance Emerson**

Associate Teaching Professor, College of Professional Studies; Purdue University, West Lafayette, MS

**Lee Emrich**

Postdoctoral Teaching Associate, Writing Program; University of California, Davis, PhD

**John R. Engen**

Distinguished Professor, Chemistry and Chemical Biology and Barnett Institute; University of Nebraska, Lincoln, PhD

**Christen Enos**

Associate Teaching Professor, Writing Program; Emerson College, MFA

**Michael Enright**

Pierre Choueiri Family Professor in Global Business, International Business and Strategy; Harvard University, PhD

**Slava S. Epstein**

Professor, Biology; Moscow State University (Russia), PhD

**Randall Erb**

Associate Professor, Mechanical and Industrial Engineering; Duke University, PhD

**Deniz Erdogmus**

Professor, Electrical and Computer Engineering; University of Florida, PhD

**Ozlem Ergun**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Cuneyt Eroglu**

Associate Professor, Supply Chain and Information Management; Ohio State University, PhD

**Bilge Erten**

Associate Professor, International Affairs and Economics; University of Massachusetts, Amherst, PhD

**Rhea T. Eskew**

Professor, Psychology; Georgia Institute of Technology, PhD

**Jonathan Esole**

Associate Professor, Mathematics; Leiden University (Netherlands), PhD

**Tabitha Espina**

Postdoctoral Teaching Associate, English; Washington State University, PhD

**Jennifer Evans**

Teaching Professor, Health Sciences; University of Alabama, PhD

**Michael Everett**

Assistant Professor, Electrical and Computer Engineering and Computer Sciences; Massachusetts Institute of Technology, PhD

**Sara Ewell**

Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

**William Ewell**

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

**F****Daniel Faber**

Professor, Sociology and Anthropology; University of California, Santa Cruz, PhD

**Olubunmi Faleye**

Professor, Finance; University of Alberta (Canada), PhD

**Don Fallis**

Professor, Philosophy and Religion and Computer Sciences; University of California, Irvine, PhD

**Mohammad Fanaei**

Associate Teaching Professor, Electrical and Computer Engineering; West Virginia University, Morgantown, PhD

**Cao Fang**

Assistant Teaching Professor, Finance; University of Arkansas, PhD

**Qianqian Fang**

Associate Professor, Bioengineering; Dartmouth College, PhD

**David Fannon**

Associate Professor, Architecture and Civil and Environmental Engineering; University of California, Berkeley, MS

**Nasser S. Fard**

Associate Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

**Amir Farhat**

Associate Teaching Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

**Johanna E. Farkas**

Assistant Teaching Professor, Biology; Northeastern University, PhD

**Amy Farrell**

Professor, Criminology and Criminal Justice; Northeastern University, PhD

**Sina Fazelpour**

Assistant Professor, Philosophy and Religion and Computer Sciences; The University of British Columbia (Canada), PhD

**Yunsi Fei**

Professor, Electrical and Computer Engineering; Princeton University, PhD

**Adrian E. Feiguin**

Associate Professor, Physics; Universidad Nacional de Rosario (Argentina), PhD

**Allen G. Feinstein**

Teaching Professor, Music; New England Conservatory of Music, MM

**Nathan I. Felde**

Professor, Art + Design; Massachusetts Institute of Technology, MS

**Matthias Felleisen**

Trustee Professor, Computer Sciences; Indiana University, PhD

**Hicham Fenniri**

Professor, Chemical Engineering; Université de Strasbourg (France), PhD

**Loretta A. Fernandez**

Associate Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

**Melissa Ferrick**

Professor of the Practice, Music; Harvard University, MA

**Lori Ferrins**

Research Assistant Professor, Chemistry and Chemical Biology; Monash University (Australia), PhD

**Craig F. Ferris**

Professor, Psychology and Pharmaceutical Sciences; New York Medical College, PhD

**Kirsten Fertuck**

Associate Teaching Professor, Biochemistry; Michigan State University, PhD

**Gregory A. Fiete**

Professor, Physics; Harvard University, PhD

**Susan F. Fine**

Assistant Clinical Professor, Communication Sciences and Disorders; New York University, MA

**Sarah Finn**

Teaching Professor, Writing Program; University of Massachusetts, Amherst, PhD

**Gabrielle Fiorenza-Hagopian**

Assistant Cooperative Education Coordinator, College of Science; Northeastern University, MS

**Jessica Fisher**

Assistant Cooperative Education Coordinator, College of Engineering; Bridgewater State University, MEd

**Branden Fitelson**

Distinguished Professor, Philosophy and Religion; California Institute of Technology, PhD

**Joan Fitzgerald**

Professor, Public Policy and Urban Affairs; Pennsylvania State University, PhD

**Diane F. Fitzpatrick**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Josephine Flanagan**

Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, JD

**Julia Flanders**

Professor of the Practice, English and Library Systems; Brown University, PhD

**Eric Folmar**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Quinnipiac University, MS

**Paul Fombelle**

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; Arizona State University, PhD

**Ellen Fontana**

Associate Teaching Professor, Communication Studies; University of California, Davis, MA

**Clifton Forlines**

Research Associate Professor, Computer Sciences; University of Toronto (Canada), PhD

**Murray Forman**

Professor, Media and Screen Studies; McGill University (Canada), PhD

**Lisa M. Foster**

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

**Charles F. Fountain**

Professor, Journalism; Columbia University, MS

**James Fox**

Lipman Family Professor of Criminology, Law, and Public Policy, Criminology and Criminal Justice and Law and Public Policy; University of Pennsylvania, PhD

**Erica P. Frank**

Assistant Teaching Professor, Biology; Baylor College of Medicine, PhD

**Debra L. Franko**

Professor, Applied Psychology; McGill University (Canada), PhD

**Peter Fraunholtz**

Assistant Teaching Professor, History and International Affairs; Boston College, PhD

**Julian M. Fray**

Associate Teaching Professor, Law; Columbia University, JD

**Susan Freeman**

Teaching Professor, Engineering; Northeastern University, PhD

**Clark Freifeld**

Assistant Teaching Professor, Computer Sciences; Boston University, PhD

**Michael Fregel**

Associate Academic Specialist, Music; City, University of London (United Kingdom), PhD

**John H. Friar**

Senior Academic Specialist, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Sarah Friedman**

Visiting Assistant Teaching Professor, Art + Design; Boston University, MFA

**Alex Fronduto**

Assistant Teaching Professor, College of Professional Studies; MCPHS University, PhD

**Natasha Frost**

Professor, Criminology and Criminal Justice; City University of New York, PhD

**Yun (Raymond) Fu**

Professor, Electrical and Computer Engineering and Computer Sciences; University of Illinois, Urbana-Champaign, PhD

**Carolyn Fuchs**

Teaching Professor, World Languages Center; Justus-Liebig-Universitat Giessen (Germany), PhD

**Sara FuchsHayat**

Postdoctoral Teaching Associate, Architecture; Brown University, PhD

**Canek Fuentes-Hernandez**

Associate Professor, Electrical and Computer Engineering; University of Arizona, Tucson, PhD

**Brian Fulton**

Associate Teaching Professor, Chemistry and Chemical Biology; Iowa State University, PhD

**Peter G. Furth**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**G****Laurel Gabard-Durnam**

Assistant Professor, Psychology; Columbia University, PhD

**Timothy Gagnon**

Associate Academic Specialist, Accounting; Sacred Heart University, MBA

**Sean Gallagher**

Assistant Clinical Professor, College of Professional Studies; Northeastern University, EdD

**Susan Gallagher**

Clinical Instructor, Nursing; Massachusetts General Hospital Institute of Health Professions, MS

**Joshua Gallaway**

William O. DiPietro Assistant Professor, Chemical Engineering; Columbia University, PhD

**Nouha Gammar**

Visiting Lecturer, World Languages Center; University of Virginia, PhD

**Auroop Ganguly**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Denise Garcia**

Associate Professor, Political Science and International Affairs; University of Geneva (Switzerland), PhD

**Lori Gardinier**

Teaching Professor, Human Services; Northeastern University, PhD

**Julie Garey**

Assistant Teaching Professor, Political Science; Northeastern University, PhD

**Karen Garneau**

Teaching Professor, Writing Program; Northeastern University, PhD

**Julia Garrett**

Associate Teaching Professor, English; University of California, Santa Barbara, PhD

**Myles Garvey**

Assistant Teaching Professor, Marketing; Rutgers University, PhD

**Wolfgang Gatterbauer**

Associate Professor, Computer Sciences; Vienna University of Technology (Austria), PhD

**Caleb Gayle**

Professor of the Practice, Journalism; Harvard University, MBA

**Edward Geisinger**

Assistant Professor, Biology; New York University, MD, PhD

**Prasanth George**

Associate Teaching Professor, Mathematics; State University of New York at Buffalo, PhD

**Francis Georges**

Assistant Teaching Professor, Economics; Boston College, PhD

**Fatemeh Ghoreishi**

Assistant Professor, Civil and Environmental Engineering and Computer Sciences; Texas AM University, PhD

**Siddhartha Ghosh**

Assistant Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

**Joan Giblin**

Assistant Teaching Professor, College of Professional Studies; Old Dominion University, PhD

**Roger W. Giese**

Professor, Pharmaceutical Sciences; Massachusetts Institute of Technology, PhD

**Joseph M. Giglio**

Senior Academic Specialist, International Business and Strategy; Northeastern University, PhD

**Nabeel Gillani**

Assistant Professor, Art + Design and Marketing; Massachusetts Institute of Technology, PhD

**Andrew Gillen**

Assistant Teaching Professor, Engineering; Virginia Polytechnic Institute and State University, PhD

**Laurance Ginsberg**

Assistant Academic Specialist, Accounting; Bentley University, MST

**Jim Giumarra**

Associate Teaching Professor, College of Professional Studies; University of Illinois, MA

**Leonard J. Glick**

Senior Academic Specialist, Management and Organizational Development; Harvard University, EdD

**Elizabeth Glowacki**

Postdoctoral Teaching Associate, Communication Studies and Health Sciences; University of Texas, Austin, PhD

**Daniel Godfrey**

Professor, Music; University of Iowa, PhD

**Veronica S. Godoy-Carter**

Associate Professor, Biology; Tufts University, PhD

**Stephen Golden**

Associate Teaching Professor, Entrepreneurship and Innovation; Suffolk University, MBA

**William Goldman**

Senior Lecturer, Accounting; Northeastern University, MBA

**Ann C. Golub-Victor**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Edgar D. Goluch**

Associate Professor, Chemical Engineering; University of Illinois, Urbana-Champaign, PhD

**Camille Gómez-Laberge**

Associate Teaching Professor, Physics; Dalhousie University (Canada), PhD

**Kathleen Gonso**

Teaching Professor, Writing Program; Emerson College, MFA

**Michael J. Gonyeau**

Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

**Teresa Goode**

Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

**Patricia Goodman**

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

**Matthew Goodwin**

Associate Professor, Health Sciences and Computer Sciences; University of Rhode Island, PhD

**Mark Gooley**

Associate Teaching Professor, Finance; Northeastern University, PhD

**Samantha Gorman**

Assistant Professor, Art + Design; University of Southern California, PhD

**Ian Gorton**

Professor of the Practice, Computer Sciences; Sheffield Hallam University (United Kingdom), PhD

**Irina Gott**

Teaching Professor, Law; Suffolk University, JD

**Tarik C. Gouhier**

Associate Professor, Marine and Environmental Sciences; McGill University (Canada), PhD

**Thomas Goulding**

Professor of the Practice, College of Professional Studies; University of Florida, PhD

**Andrew Gouldstone**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Jonathan H. Grabowski**

Professor, Marine and Environmental Sciences; University of North Carolina, Chapel Hill, PhD

**Jennifer Gradecki**

Assistant Professor, Art + Design; University of California, Los Angeles, MFA

**Anthony P. Graffeo**

Professor of the Practice, Biotechnology; Northeastern University, PhD

**Steven Granelli**

Associate Teaching Professor, Communication Studies; Ohio University, PhD

**Laura Green**

Professor, English; University of California, Berkeley, PhD

**Kristin Curry Greenwood**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, EdD, DPT

**Brent Griffin**

Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

**Jacqueline Griffin**

Associate Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

**Joseph Griffin**

Associate Teaching Professor, College of Professional Studies; Gordon Conwell Theological Seminary, PhD

**Joshua Griffiths**

Assistant Teaching Professor, World Languages Center; University of Texas, Austin, PhD

**Amir Grinstein**

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; The Hebrew University of Jerusalem (Israel), PhD

**Francesca Grippa**

Teaching Professor, College of Professional Studies; University of Salento (Italy), PhD

**Stine Grodal**

D'Amore-McKim School of Business Distinguished Professor, Entrepreneurship and Innovation; Stanford University, PhD

**Terri Gu**

Assistant Cooperative Education Coordinator, College of Engineering; University of Washington, Seattle, MS

**Tiantian Gu**

Associate Professor, Finance; University of Wisconsin, Madison, PhD

**John Alexis Guerra Gómez**

Assistant Teaching Professor, Computer Sciences; University of Maryland, College Park, PhD

**Arjun Guha**

Associate Professor, Computer Sciences; Brown University, PhD

**Jeanette Guillemín**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Boston University, MA

**Hemanth Gundavaram**

Clinical Professor, Law; Boston University, JD

**Jason J. Guo**

Research Associate Professor, Barnett Institute; University of Connecticut, PhD

**Surendra M. Gupta**

Professor, Mechanical and Industrial Engineering; Purdue University, PhD

**Andrei Guschin**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Russian Academy of Sciences (Russian Federation), PhD

**James Gutierrez**

Visiting Assistant Teaching Professor, Music; University of California, San Diego, PhD

**Kayoll Gyan**

Assistant Professor, Nursing; University of North Carolina, Chapel Hill, PhD

**H**

**Mohamed Habibullah**

Assistant Teaching Professor, Supply Chain and Information Management; University of Missouri, Columbia, PhD

**Katherine Haenschen**

Assistant Professor, Communication Studies and Political Science; University of Texas, Austin, PhD

**David Hagen**

Associate Teaching Professor, College of Professional Studies; New England School of Law, JD

**Michelle Hagopian**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Illinois, Urbana-Champaign, MS

**Margaret Hahn-Dupont**

Teaching Professor, Law; Georgetown University, JD

**Andrew Haile**

Assistant Teaching Professor, Law; Boston College, JD

**Jerome F. Hajjar**

CDM Smith Professor in Civil Engineering, Civil and Environmental Engineering; Cornell University, PhD

**Iva Halacheva**

Assistant Professor, Mathematics; University of Toronto (Canada), PhD

**Mary Hale**

Assistant Teaching Professor, Architecture; Massachusetts Institute of Technology, MArch

**Kristina Hals**

Assistant Cooperative Education Coordinator, College of Engineering; Cornell University, MS

**James Halverson**

Assistant Professor, Physics; University of Pennsylvania, PhD

**Lama Hamandi**

Associate Teaching Professor, Computer Sciences; Ohio State University, PhD

**Paul Hand**

Assistant Professor, Mathematics and Computer Sciences; New York University, PhD

**Robert N. Hanson**

Matthews Distinguished University Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

**Chana Haouzi**

Associate Teaching Professor, Architecture; Harvard University, MArch

**Yoko Hara**

Visiting Assistant Teaching Professor, Architecture; Virginia University of Lynchburg, PhD

**Matan Harel**

Assistant Professor, Mathematics; Courant Institute of Mathematical Sciences, PhD

**Ramkumar Hariharan**

Associate Teaching Professor, Graduate School of Engineering; University of Kerala, India, PhD

**Sharon Harlan**

Professor, Health Sciences and Sociology and Anthropology; Cornell University, PhD

**Kelly Harrington**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MBA

**Shaunna Harrington**

Associate Teaching Professor, College of Professional Studies; Boston University, MA

**Vincent Harris**

University Distinguished Professor, William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Northeastern University, PhD

**Vanecia Harrison**

Associate Cooperative Education Coordinator, College of Science; Emmanuel College, MA

**Casper Harteveld**

Associate Professor, Game Design; Delft University of Technology (Netherlands), PhD

**Stephanie R. Hartung**

Teaching Professor, Law; Boston College, JD

**Sara Hashmi**

Assistant Professor, Chemical Engineering; Yale University, PhD

**Christopher Hasson**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Massachusetts, Amherst, PhD

**Souheila Hassoun**

Zelevinsky Postdoctoral Researcher, Mathematics; University of Sherbrooke (Canada), PhD

**Stephen Hatfield**

Assistant Professor, Pharmaceutical Sciences; Northeastern University, PhD

**Heather Hauck**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Claudia Haupt**

Associate Professor, Law and Political Science; University of Cologne (Germany), PhD; Columbia University, JSD

**Fareed Hawwa**

Assistant Teaching Professor, College of Professional Studies; Louisiana State University, PhD

**Charles E. Haycook**

Assistant Cooperative Education Coordinator, Computer Sciences; Salem State University, MEd

**Jordan Hayes**

Postdoctoral Teaching Associate, English; University of Pittsburgh, Bradford, PhD

**Lorna Hayward**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, EdD

**Julia Hechtman**

Associate Teaching Professor, Art + Design; University of Illinois, Chicago, MFA

**Meghan Heckman**

Assistant Professor, Journalism; Northeastern University, MA

**Gretchen Heefner**

Associate Professor, History; Yale University, PhD

**Amy Helburn**

Assistant Teaching Professor, Health Sciences; University of Massachusetts, PhD

**Brian Helmuth**

Professor, Marine and Environmental Sciences and Public Policy and Urban Affairs; University of Washington, PhD

**Carlene Hempel**

Teaching Professor, Journalism; University of North Carolina, Chapel Hill, MA

**Jamie G. Henzy**

Associate Teaching Professor, Biology; Tufts University, PhD

**Dale Herbeck**

Professor, Communication Studies; University of Iowa, PhD

**David A. Herlihy**

Teaching Professor, Music; Boston College, JD

**Cristina Herren**

Assistant Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, Madison, PhD

**Richard Herron**

Associate Teaching Professor, Finance; City University of New York, PhD

**Carie Hersh**

Associate Teaching Professor, Sociology and Anthropology; Duke University, JD

**Joshua Hertz**

Associate Teaching Professor, Engineering; Massachusetts Institute of Technology, PhD

**Benjamin Hescott**

Teaching Professor, Computer Sciences; Boston University, PhD

**Ravit Heskiau**

Associate Teaching Professor, Management and Organizational Development; University of Toronto (Canada), PhD

**Kamber Hetrick**

Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

**Caroline Hewitt**

Clinical Professor, Nursing; City University of New York, PhD

**Babak Heydari**

Associate Professor, Mechanical and Industrial Engineering; University of California, Berkeley, PhD

**Carlos Hidrovo Chavez**

Associate Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Matthew Higger**

Lecturer, Computer Sciences; Northeastern University, PhD

**Clareese Hill**

Postgraduate Teaching Fellow, Art + Design; School of the Art Institute of Chicago, MFA

**Malcolm D. Hill**

Associate Professor, Marine and Environmental Sciences; University of California, Santa Cruz, PhD

**Victoria Hill**

Assistant Cooperative Education Coordinator, Computer Sciences; Northeastern University, MS

**Charles H. Hillman**

Professor, Psychology and Health Sciences; University of Maryland, College Park, PhD

**Robin Hillyard**

Associate Teaching Professor, Graduate School of Engineering; Cambridge University (United Kingdom), PhD

**Jesse Hinson**

Associate Teaching Professor, Theatre; Brandeis University, MFA

**Edward Hirsch**

Professor, Art + Design; Massachusetts Institute of Technology, PhD

**Matthew Hitchcock**

Postdoctoral Teaching Associate, English; Northeastern University, PhD

**Hubert Ho**

Associate Teaching Professor, Music; University of California, Berkeley, PhD

**Sofie Hodara**

Assistant Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

**Cydney Hodder**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Umesh Hodeghatta**

Assistant Teaching Professor, College of Professional Studies; Indian Institute of Technology (India), PhD

**Lynda Hodgson**

Associate Teaching Professor, College of Professional Studies; Virginia Commonwealth University, PhD

**Timothy Hoff**

Professor, Management and Organizational Development and Public Policy and Urban Affairs; State University of New York at Albany, PhD

**Jessica Hoffman**

Professor, Applied Psychology; Lehigh University, PhD

**Matthew Hogencamp**

Assistant Professor, Mathematics; University of Virginia, PhD

**Uwe Hohgrawe**

Professor of the Practice, College of Professional Studies; University of Wuppertal (Germany), PhD

**Udi Hoytash**

Professor and Lillian L. and Harry A. Cowan Research Professor, Accounting; Rutgers University, PhD

**Wallace Holohan**

Senior Clinical Specialist, Law; Fitchburg State University, BA

**Steven Holtzen**

Assistant Professor, Computer Sciences; University of California, Los Angeles, PhD

**Trenton Honda**

Clinical Professor, Medical Sciences; Northeastern University, PhD

**Julia Hopkins**

Assistant Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Michael J. Hoppmann**

Teaching Professor, Communication Studies; University of Tübingen (Germany), PhD

**Emily Hornsby**

Assistant Cooperative Education Coordinator, College of Arts, Media and Design; Bowling Green State University, MA

**Adam Hosein**

Associate Professor, Philosophy and Religion; Massachusetts Institute of Technology, PhD

**Richard Hoshino**

Associate Teaching Professor, Computer Sciences; Dalhousie University (Canada), PhD

**Marcus Howard**

Associate Teaching Professor, Journalism; University of Georgia, PhD

**Jeffrey P. Howe**

Associate Professor, Journalism; Boston University, MFA

**Valerie Hower**

Associate Teaching Professor, Mathematics; University of Georgia, PhD

**Laura Huang**

D'Amore-McKim School of Business Distinguished Professor, Management and Organizational Development; University of California, Irvine, PhD

**Aileen Huang-Saad**

Associate Professor, Bioengineering; Johns Hopkins University, PhD

**Anne R. Hughes**

Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

**Kaitlyn S. Hughes**

Associate Cooperative Education Coordinator, Computer Sciences; Northeastern University, MS

**Francisco Hung**

Associate Professor, Chemical Engineering; North Carolina State University, PhD

**Matthew Hunt**

Professor, Sociology and Anthropology; Indiana University, PhD

**Faizul Huq**

Visiting Professor, Supply Chain and Information Management; University of Kentucky, DBA

**Patrick Hurley**

Assistant Professor, Accounting; University of Wisconsin, Madison, PhD

**Mark Huselid**

Distinguished Professor of Workforce Analytics, International Business and Strategy; State University of New York at Buffalo, PhD

**Emily Hutter**

Postdoctoral Teaching Associate, Communication Studies; University of Connecticut, PhD

**I****Anthony Iarrobino**

Professor, Mathematics; Massachusetts Institute of Technology, PhD

**Patricia Illingworth**

Professor, Philosophy and Religion; University of California, San Diego, PhD; Boston University, JD

**Jennifer Ingemi**

Assistant Teaching Professor, Psychology; University of Massachusetts Medical School, PhD

**Vinay K. Ingle**

Associate Professor, Electrical and Computer Engineering; Rensselaer Polytechnic Institute, PhD

**Francesca Inglese**

Assistant Professor, Music; Brown University, PhD

**Rei Inouye**

Teaching Professor, World Languages Center; Temple University, PhD

**Stephen S. Intille**

Associate Professor, Computer Sciences and Health Sciences; Massachusetts Institute of Technology, PhD

**Efstratios Ioannidis**

Associate Professor, Electrical and Computer Engineering; University of Toronto (Canada), PhD

**Andreia Ionescu**

Assistant Professor, Biology; University of Rochester, PhD

**Farzaneh Irani**

Assistant Cooperative Education Coordinator, College of Engineering; University of Waterloo (Canada), MA

**Roderick Ireland**

Distinguished Professor, Criminology and Criminal Justice; Harvard University, LL.M.; Northeastern University, PhD

**Derek M. Isaacowitz**

Professor, Psychology; University of Pennsylvania, PhD

**Jacqueline A. Isaacs**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Michelle L. Israel**

Senior Cooperative Education Coordinator, College of Science; Northeastern University, MS

**Nathan E. Israeloff**

Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Alexander R. Ivanov**

Associate Professor, Chemistry and Chemical Biology; Russian Academy of Sciences (Russia), PhD

**Julia Ivy**

Teaching Professor, International Business and Strategy; Lancaster University (United Kingdom), PhD

**J****Alden Jackson**

Associate Clinical Professor, Computer Sciences; University of Delaware, PhD

**Ellen Jackson**

Assistant Teaching Professor, Writing Program; Stanford University, MFA

**William J. Jackson**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Boston, MEd

**Michelle Jacobs**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of California, San Francisco, PharmD

2650 University Faculty

**Bruce Jacoby**

Associate Clinical Professor, Law; University of Connecticut, JD

**Beverly Jaeger-Helton**

Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

**Michael Jaeggli**

Associate Teaching Professor, Bioengineering; Clemson University, PhD

**Aleksandra Jakubowski**

Assistant Professor, Health Sciences and Economics; University of North Carolina, PhD

**Safa Jamali**

Assistant Professor, Mechanical and Industrial Engineering; Case Western Reserve University, PhD

**Alan Jamieson**

Associate Clinical Professor, Computer Sciences; Clemson University, PhD

**Lindsay Jamieson**

Teaching Professor, Computer Sciences; Clemson University, PhD

**David Janero**

Visiting Professor, Pharmaceutical Sciences; Johns Hopkins University, PhD

**Angelina Jay**

Assistant Teaching Professor, Engineering; Northeastern University, PhD

**Regine Jean-Charles**

Professor, Cultures, Societies, and Global Studies and Women's, Gender, and Sexuality Studies; Harvard University, PhD

**Solomon M. Jekel**

Associate Professor, Mathematics; Dartmouth College, PhD

**Huaizu Jiang**

Assistant Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Holly Jimison**

Professor of the Practice, Computer Sciences and Health Sciences; Stanford University, PhD

**Xiaoning Jin**

Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

**Xuemin Jin**

Associate Teaching Professor, Mechanical and Industrial Engineering; University of Maryland, PhD

**Dinesh John**

Associate Professor, Health Sciences; University of Tennessee, PhD

**Brooke Johnson**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

**Steven Johnson**

Assistant Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

**Vanessa D. Johnson**

Associate Professor, Applied Psychology; Western Michigan University, PhD

**Dierdre Jordan**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

**Josep Jornet**

Associate Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Tiffany Joseph**

Associate Professor, Sociology and Anthropology and International Affairs; University of Michigan, PhD

**Neel Joshi**

Associate Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

**Jacqueline Josselyn**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**Alison Joyce**

Associate Cooperative Education Coordinator, College of Engineering; Ohio University, MEd

**Maria Jump**

Associate Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

**Yung Joon Jung**

Professor, Mechanical and Industrial Engineering; Rensselaer Polytechnic Institute, PhD

**K****David R. Kaeli**

College of Engineering Distinguished Professor, Electrical and Computer Engineering; Rutgers University, PhD

**Jonathan D. Kahn**

Professor, Law and Biology; Cornell University, PhD; University of California, Berkeley, JD

**Sallyann Kakas**

Associate Cooperative Education Coordinator, Finance; Northeastern University, BS

**Sagar V. Kamarthi**

Professor, Mechanical and Industrial Engineering; Pennsylvania State University, PhD

**John Kane**

Lecturer, Art + Design; Yale University, BA

**Mary M. Kane**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Massachusetts, Boston, MEd

**Michael Kane**

Assistant Professor, Civil and Environmental Engineering; University of Michigan, PhD

**Sarah Kanouse**

Associate Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

**Carla Kaplan**

Davis Distinguished Professor in American Literature, English and Women's, Gender, and Sexuality Studies; Northwestern University, PhD

**Swastik Kar**

Associate Professor, Physics; Indian Institute of Science (India), PhD

**Ieshia Karasik**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Pine Manor College, MFA

**Samina Karim**

Professor, Entrepreneurship and Innovation; University of Michigan, PhD

**Yael Karlinsky Shichor**

Assistant Professor, Marketing; Columbia University, PhD

**Alain S. Karma**

College of Arts and Sciences Distinguished Professor, Physics; University of California, Santa Barbara, PhD

**Ralph Katz**

Professor, Entrepreneurship and Innovation; University of Pennsylvania, PhD

**Jonathan Kaufman**

Professor, Journalism; Harvard University, MA

**William Kay**

Associate Professor, Political Science; Indiana University, PhD

**Bret Keeling**

Teaching Professor, Writing Program; University of Washington, PhD

**Karen P. Kelley**

Senior Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Melvin Kelley**

Associate Professor, Law and Entrepreneurship and Innovation; Columbia University, JD

**Thomas M. Kelley**

Associate Teaching Professor, Physics; University of Minnesota, PhD

**Kathleen Kelly**

Professor, English; University of North Carolina, Chapel Hill, PhD

**Whitney Kelting**

Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

**Daniel D. Kennedy**

Professor, Journalism; Boston University, MLA

**Megan Kennedy**

Assistant Teaching Professor, College of Professional Studies; University of Albany, PhD

**Sarmann Kennedyd**

Assistant Teaching Professor, College of Professional Studies; SKEMA Business School (France), PhD

**Kathryn Kennen**

Associate Teaching Professor, Architecture; Harvard University, MArch

**Aileen Kent Yates**

Assistant Cooperative Education Coordinator, Computer Sciences; University of Massachusetts, Amherst, BA

**Heidi Kevoe Feldman**

Associate Professor, Communication Studies; Rutgers University, PhD

**Leila Keyvani Someh**

Associate Teaching Professor, Engineering; Northeastern University, PhD

**Shantanu Khanna**

Assistant Professor, Public Policy and Urban Affairs and Economics; University of California, Irvine, PhD

**Konstantin Khrapko**

Professor, Biology and Pharmaceutical Sciences; Engelhardt Institute of Molecular Biology, Moscow (Russia), PhD

**Ilham Khuri-Makdisi**

Associate Professor, History; Harvard University, PhD

**Sheri Kiami**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Simmons College, DPT

**Angela Kilby**

Assistant Professor, Economics; Massachusetts Institute of Technology, PhD

**Daniel Kim**

Associate Professor, Health Sciences; University of Toronto (Canada), MD; Harvard University, PhD

**Eunsong Kim**

Assistant Professor, English; University of California, San Diego, PhD

**Miso Kim**

Assistant Professor, Art + Design; Carnegie Mellon University, PhD

**Tiffany Kim**

Assistant Clinical Professor, Nursing; University of Pennsylvania, PhD

**Yong-Bin Kim**

Professor, Electrical and Computer Engineering; Colorado State University, PhD

**John Kimani**

Associate Teaching Professor, Electrical and Computer Engineering; University of Wisconsin, Milwaukee, PhD

**David L. Kimbro**

Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

**Nancy Kimelman**

Assistant Teaching Professor, Economics; Brown University, PhD

**Christopher K. King**

Professor, Mathematics; Harvard University, PhD

**Daniel King**

Assistant Clinical Professor, Nursing; University of Alabama, DNP

**Engin Kirda**

Professor, Computer Sciences and Electrical and Computer Engineering; Technical University of Vienna (Austria), PhD

**Rein U. Kirss**

Associate Professor, Chemistry and Chemical Biology; University of Wisconsin, Madison, PhD

**Jennifer L. Kirwin**

Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

**Risa Kitagawa**

Assistant Professor, Political Science and International Affairs; Stanford University, PhD

**Karl E. Klare**

Matthews Distinguished University Professor, Law; Harvard University, JD

**Kristian Kloeckl**

Associate Professor, Art + Design and Architecture; University of Venice (Italy), PhD

**Ben Knudsen**

Assistant Professor, Mathematics; Northwestern University, PhD

**Dami Ko**

Assistant Professor, Nursing; University of Wisconsin, Madison, PhD

**Khalid Kodi**

Professor of the Practice, Art + Design; Massachusetts College of Art and Design, MFA

**Dan Koloski**

Professor of the Practice, College of Professional Studies; Harvard University, MS

**Tali Konry**

Associate Professor, Pharmaceutical Sciences; Ben-Gurion University of the Negev (Israel), PhD

**Constantin Konstantopoulos**

Associate Teaching Professor, Graduate School of Engineering; Boston University, PhD

**Abigail N. Koppes**

Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

**Ryan Koppes**

Assistant Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

**Ilka Kostka**

Associate Teaching Professor, College of Professional Studies; New York University, PhD

**Apoorva Koticha**

Associate Teaching Professor, Finance; New York University, PhD

**Dimitrios Koutsonikolas**

Associate Professor, Electrical and Computer Engineering; Purdue University, PhD

**Harilaos Koutsopoulos**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Linda Kowalcky**

Professor of the Practice, Public Policy and Urban Affairs; Johns Hopkins University, PhD

**Arthur F. Kramer**

Professor, Psychology; University of Illinois, PhD

**Sergey Kravchenko**

Professor, Physics; Institute of Solid State Physics (Russia), PhD

**Dmitri Krioukov**

Associate Professor, Physics and Mathematics and Electrical and Computer Engineering; Old Dominion University, PhD

**Ganesh Krishnamoorthy**

Professor, Accounting; University of Southern California, PhD

**Karthik Krishnan**

Associate Professor, Finance; Boston College, PhD

**Laura Kuhl**

Assistant Professor, Public Policy and Urban Affairs and International Affairs; Tufts University, PhD

**Aisulu Kulbayeva**

Assistant Teaching Professor, Linguistics; Georgetown University, PhD

**Haridas Kumarakuru**

Assistant Teaching Professor, Physics; University of Bristol (United Kingdom), PhD

**Venkat Kuppuswamy**

Assistant Professor, Entrepreneurship and Innovation; Harvard University, DBA

**Jessica Kurr**

Visiting Lecturer, Communication Studies; Pennsylvania State University, PhD

**Didem Kurt**

Associate Teaching Professor, Marketing; University of Pittsburgh, PhD

**Kristina Kutsukos**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**John Kwoka**

Neal F. Finnegan Distinguished Professor, Economics; University of Pennsylvania, PhD

**Joy Kwon**

Postdoctoral Teaching Associate, Writing Program; University of Wisconsin, Madison, PhD

**MiYoung Kwon**

Assistant Professor, Psychology; University of Minnesota, PhD

**L**

**Michelle Laboy**

Assistant Professor, Architecture; University of Michigan, MArch

**Jamie Ladge**

Associate Professor, Management and Organizational Development; Boston College, PhD

**Nicole Laffan**

Assistant Clinical Professor, Communication Sciences and Disorders; A.T. Still University, Arizona, PhD

**Jay Laird**

Assistant Teaching Professor, College of Professional Studies; Lesley University, MFA

**Charlotte Lam**

Assistant Cooperative Education Coordinator, College of Science; California State University, Sacramento, MA

**Joan LaMachia**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MEd

**Anna Lamin**

Associate Professor, International Business and Strategy; University of Minnesota, PhD

**Jason Lancaster**

Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

**William Lancaster**

Principal Lecturer, Communication Studies; Michigan State University, MA

**Lucas J. Landherr**

Teaching Professor, Chemical Engineering; Cornell University, PhD

**Alexis Landry**

Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

**Theodore Landsmark**

Distinguished Professor, Public Policy and Urban Affairs; Boston University, PhD

**David Lang**

Assistant Teaching Professor, Mathematics; Boston College, PhD; Northeastern University, PhD

**Timothy Lannin**

Associate Teaching Professor, Bioengineering; Cornell University, PhD

**Amy Lantinga**

Teaching Professor, College of Professional Studies; University of Tennessee, EdD

**Philip Larese-Casanova**

Associate Professor, Civil and Environmental Engineering; University of Iowa, PhD

**Krista Larsen**

Assistant Teaching Professor, Criminology and Criminal Justice; Suffolk University, JD

**Barbara Larson**

Associate Academic Specialist, Management and Organizational Development; Harvard University, DBA

**Elizabeth Larson**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MBA

**Felicia G. Lassk**

Associate Professor, Marketing; University of South Florida, PhD

**Amanda Reeser Lawrence**

Associate Professor, Architecture; Harvard University, PhD

**David M. Lazer**

University Distinguished Professor, Political Science and Computer Sciences; University of Michigan, Ann Arbor, PhD

**Joshua Lea**

Assistant Clinical Professor, Nursing; Akron University, PhD

**Stefanie E. Leahy**

Assistant Teaching Professor, Law; Pepperdine University, JD

**Carol Lee**

Assistant Teaching Professor, Supply Chain and Information Management; University of Massachusetts, Boston, PhD

**Cynthia Lee**

Professor, Management and Organizational Development; University of Maryland, PhD

**Doreen Lee**

Associate Professor, Sociology and Anthropology; Cornell University, PhD

**Jeongkyu Lee**

Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

**Jung Lee**

Associate Professor, Philosophy and Religion; Brown University, PhD

**Kristen Lee**

Associate Teaching Professor, College of Professional Studies; Northeastern University, EdD

**Lee-Peng Lee**

Assistant Teaching Professor, Mathematics; Massachusetts Institute of Technology, PhD

**Matt Lee**

Teaching Professor, Human Services; University of Illinois, Urbana-Champaign, PhD

**Robert Lee**

Associate Academic Specialist, American Sign Language; Boston University, MA

**Shun-Yang Lee**

Assistant Professor, Marketing; University of Texas, Austin, PhD

**Yang W. Lee**

Associate Professor, Supply Chain and Information Management; Massachusetts Institute of Technology, PhD

**Carolyn W. T. Lee-Parsons**

Associate Professor, Chemical Engineering and Chemistry and Chemical Biology; Cornell University, PhD

**Chad Lee-Stronach**

Assistant Professor, Philosophy and Religion; Australian National University (Australia), PhD

**Miriam E. Leeser**

Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

**Laurel Leff**

Professor, Journalism; Yale University, MA

**Lori Lefkowitz**

Ruderman Professor of Jewish Studies, Jewish Studies and English; Brown University, PhD

**Bradley M. Lehman**

Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Robert Lentz**

Associate Academic Specialist, Entrepreneurship and Innovation; Babson College, MBA

**Benjamin Lerner**

Associate Teaching Professor, Computer Sciences; University of Washington, PhD

**Neal Lerner**

Professor, English; Boston University, EdD

**John Lesko**

Professor, Mechanical and Industrial Engineering and Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

**Laurent Lessard**

Associate Professor, Mechanical and Industrial Engineering; Stanford University, PhD

**Yvonne Leung**

Assistant Teaching Professor, College of Professional Studies; York University, PhD

**Tatyana Levchenko**

Research Assistant Professor, Pharmaceutical Sciences; Academy of Medical Sciences Moscow (Russia), PhD

**Yiannis A. Levendis**

College of Engineering Distinguished Professor, Mechanical and Industrial Engineering; California Institute of Technology, PhD

**Erel Levine**

Associate Professor, Bioengineering; Weizmann Institute of Science (Israel), PhD

**Herbert Levine**

University Distinguished Professor, Physics and Bioengineering; Princeton University, PhD

**Kim Lewis**

University Distinguished Professor, Biology; Moscow State University (Russia), PhD

**Laura H. Lewis**

University Distinguished Professor, Cabot Professor, Chemical Engineering and Mechanical and Industrial Engineering; University of Texas, Austin, PhD

**Ang Li**

Assistant Professor, Architecture; Princeton University, MArch

**Chieh Li**

Associate Professor, Applied Psychology; University of Massachusetts, Amherst, EdD

**Fan Li**

Assistant Teaching Professor, Finance; Virginia Polytechnic Institute and State University, PhD

**Jiahe Li**

Assistant Professor, Bioengineering; Cornell University, PhD

**Rui Li**

Associate Clinical Professor, Health Sciences; Baylor University, PhD

**Yaning Li**

Associate Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

**Zhenyu Liao**

Assistant Professor, Management and Organizational Development; National University of Singapore (Singapore), PhD

**Elizabeth Libby**

Assistant Professor, Bioengineering; University of Pennsylvania, PhD

**Robert Lieb**

Professor, Supply Chain and Information Management; University of Maryland, DBA

**Karl J. Lieberherr**

Professor, Computer Sciences; Eidgenössische Technische Hochschule Zürich (Switzerland), PhD

**Karin N. Lifter**

Professor, Applied Psychology; Columbia University, PhD

**Dacheng Lin**

Research Associate Professor, Physics; Massachusetts Institute of Technology, PhD

**Xue Lin**

Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

**Yingzi Lin**

Professor, Mechanical and Industrial Engineering; University of Saskatchewan (Canada), PhD

**Alisa K. Lincoln**

Professor, Sociology and Anthropology and Health Sciences; Columbia University, PhD

**Margo Lindauer**

Associate Clinical Professor, Law; Georgetown University, JD

**John J. Lindhe**

Associate Teaching Professor, Mathematics; Northeastern University, PhD

**Jessica Linker**

Assistant Professor, History; University of Connecticut, PhD

**Gabor P. Lippner**

Associate Professor, Mathematics; Eötvös Loránd University (Hungary), PhD

**Heather A. Littlefield**

Teaching Professor, Linguistics; Boston University, PhD

**Handan Liu**

Associate Teaching Professor, Graduate School of Engineering; Shanghai Jiao Tong University (China), PhD

**Kelvin Liu**

Associate Professor, Accounting; University of South Carolina, PhD

**Weiling Liu**

Assistant Professor, Finance; Harvard University, PhD

**Xiaoping Liu**

Assistant Teaching Professor, Supply Chain and Information Management; University of Massachusetts, Lowell, PhD

**Yongmin Liu**

Associate Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; University of California, Berkeley, PhD

**Ioannis Livanis**

Teaching Professor, International Affairs and Political Science; University of Florida, PhD

**Carol Livermore**

Associate Professor, Mechanical and Industrial Engineering; Harvard University, PhD

**Mary Loeffelholz**

Professor, English; Yale University, PhD

**Martha Loftus**

Assistant Teaching Professor, College of Professional Studies; Harvard University, EdD

**Diomedes E. Logothetis**

Professor, Pharmaceutical Sciences; Harvard University, PhD

**Fabrizio Lombardi**

International Test Conference Professor, Electrical and Computer Engineering; University of London (United Kingdom), PhD

**Georgia Looney**

Assistant Cooperative Education Coordinator, College of Engineering; Boston College, MBA

**Alexandre Lopes**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of São Paulo (Brazil), PhD

**Melinda Lopez**

Professor of the Practice, Theatre; Boston University, MA

**Steven A. Lopez**

Assistant Professor, Chemistry and Chemical Biology; University of California, Los Angeles, PhD

**Sara Lopez-Pintado**

Associate Professor, Health Sciences; Universidad Carlos III de Madrid (Spain), PhD

**Connie Lorette**

Associate Clinical Professor, Nursing; Boston College, PhD

**Ralph H. Loring**

Associate Professor, Pharmaceutical Sciences; Cornell University, PhD

**Daniel Lothian**

Professor of the Practice, Journalism; American University, MA

**Kathleen E. Lotterhos**

Associate Professor, Marine and Environmental Sciences; Florida State University, PhD

**Deirdre Loughridge**

Associate Professor, Music; University of Pennsylvania, PhD

**Psyche Loui**

Associate Professor, Music; University of California, Berkeley, PhD

**Jennifer O. Love**

Associate Academic Specialist, Engineering; University of Iowa, MS

**Timothy Love**

Associate Professor, Architecture; Harvard University, MArch

**William Lovely**

Associate Teaching Professor, International Business and Strategy; Northeastern University, DLP

**John Lowrey**

Assistant Professor, Supply Chain and Information Management and Health Sciences; Ohio State University, PhD

**Amy Shirong Lu**

Associate Professor, Communication Studies and Health Sciences; University of North Carolina, Chapel Hill, PhD

**Long Lu**

Assistant Professor, Computer Sciences; Georgia Institute of Technology, PhD

**Lucy Siying Lu**

Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

**Mingyang Lu**

Assistant Professor, Bioengineering; Baylor College of Medicine, PhD

**Celsey Lumbra**

Assistant Cooperative Education Coordinator, Computer Sciences; Northeastern University, MS

**Razvan Lungeanu**

Assistant Professor, Entrepreneurship and Innovation; Northwestern University, PhD

**Bowen Luo**

Visiting Assistant Professor, Marketing; Arizona State University, PhD

**Katherine Luongo**

Associate Professor, History and International Affairs; University of Michigan, Ann Arbor, PhD

**Steven Lustig**

Associate Professor, Chemical Engineering; Purdue University, PhD

**Getty Lustila**

Assistant Teaching Professor, Philosophy and Religion; Boston University, PhD

**David E. Luzzi**

Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

**Vasiliki Lykourinou**

Assistant Teaching Professor, Chemistry and Chemical Biology; University of South Florida, PhD

**M****Jun Ma**

Professor, Economics; University of Washington, PhD

**Tong Ma**

Assistant Professor, Mechanical and Industrial Engineering; University of Connecticut, Storrs, PhD

**Kayse Maass**

Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

**Patricia A. Mabrouk**

Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

**Jacquelyn MacDonald**

Associate Cooperative Education Coordinator, College of Science; Harvard University, MEd

**Robin MacIlroy**

Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

**Andrew Mackie**

Associate Clinical Professor, Medical Sciences; University of Nebraska, MS

**Krishna Madaparthi**

Assistant Academic Specialist, American Sign Language; Gallaudet University, MA

**Jeanne Madden**

Associate Professor, Pharmacy and Health Systems Sciences; Harvard University, PhD

**Kristin Madison**

Professor, Law and Health Sciences; Stanford University, PhD; Yale University, JD

**Meica Magnani**

Assistant Teaching Professor, Philosophy and Religion and Computer Sciences; Stanford University, PhD

**Bala Maheswaran**

Teaching Professor, Engineering; Northeastern University, PhD

**Debra Mahfouz**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PharmD

**Elizabeth Mahler**

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

**Luigia Maiellaro**

Teaching Professor, World Languages Center; Russian State University for the Humanities (Russia), PhD

**Jean Claude Makolo**

Assistant Teaching Professor, Finance; Brandeis University, PhD

**Lee Makowski**

Professor, Bioengineering and Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

**Purnima Makris**

Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

**Alexandros Makriyannis**

George D. Behrakis Chair and Professor, Center for Drug Discovery and Chemistry and Chemical Biology; University of Kansas, PhD

**Mario Maletta**

Professor, Accounting; University of Massachusetts, Amherst, PhD

**Veronika Maliborska**

Associate Teaching Professor, College of Professional Studies; Purdue University, PhD

**Andrew Mall**

Associate Professor, Music; University of Chicago, PhD

**Carol R. Mallory**

Teaching Professor, Law; Northeastern University, JD

**Craig E. Maloney**

Associate Professor, Mechanical and Industrial Engineering; University of California, Santa Barbara, PhD

**Roman Manetsch**

Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Basel (Switzerland), PhD

**Swapnil Maniar**

Professor of the Practice, Health Sciences; Johns Hopkins University, PhD

**Justin Manjourides**

Associate Professor, Health Sciences; Harvard University, PhD

**Emily Mann**

Teaching Professor, Human Services; University of Wisconsin, Madison, PhD

**Maira Mannix Votel**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Columbia University, MA

**Peter Manolios**

Professor, Computer Sciences; University of Texas, Austin, PhD

**Elaina Manolis**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Texas Tech University, ScD

**Valentina Marano**

Associate Professor, International Business and Strategy; University of South Carolina, PhD

**Janice Maras**

Associate Teaching Professor, Health Sciences; Northeastern University, EdD

**Krassimir Marchev**

Professor of the Practice, College of Professional Studies; Northeastern University, PhD

**Edwin Marengo Fuentes**

Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Alina Marian**

Professor, Mathematics; Harvard University, PhD

**Tucker Marion**

Associate Professor, Entrepreneurship and Innovation; Pennsylvania State University, PhD

**Helen Markewich**

Assistant Teaching Professor, Bioengineering; Cornell University, PhD

**Robert S. Markiewicz**

Professor, Physics; University of California, Berkeley, PhD

**Alycia Markowski**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Joseph Marks**

Associate Teaching Professor, Finance; University of Illinois, Urbana-Champaign, PhD

**Mindy Marks**

Associate Professor, Economics; Washington University, PhD

**Julius Marpaung**

Teaching Professor, Electrical and Computer Engineering; Oklahoma State University, PhD

**Stacy Marsella**

Professor, Computer Sciences and Psychology; Rutgers University, PhD

**Ineke Marshall**

Professor, Sociology and Anthropology and Criminology and Criminal Justice; Bowling Green State University, PhD

**Elizabeth Martin**

Assistant Clinical Professor, Communication Sciences and Disorders; McGill University (Canada), MS

**Isabel Martinez**

Associate Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; Columbia University, PhD

**Ramiro Martinez**

Professor, Criminology and Criminal Justice and Sociology and Anthropology; Ohio State University, PhD

**José Angel Martinez-Lorenzo**

Associate Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; Universidade de Vigo (Spain), PhD

**Alexander Martsinkovsky**

Associate Professor, Mathematics; Brandeis University, PhD

**David Massey**

Professor, Mathematics; Duke University, PhD

**Ted Matherly**

Visiting Assistant Professor, Marketing; University of Maryland, PhD

**Marguerite Matherne**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, MS

**Jude E. Mathews**

Associate Teaching Professor, Chemistry and Chemical Biology; Clemson University, PhD

**Kay Mathiesen**

Associate Professor, Philosophy and Religion; University of California, Irvine, PhD

**Kristen Mathieu Gonzalez**

Assistant Clinical Professor, Nursing; University of Phoenix, MS

**Daniele Mathras**

Associate Teaching Professor, Marketing; Arizona State University, PhD

**Thomas M. Matta**

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Xavier University of Louisiana, PharmD

**Daniel J. Matthew**

Associate Teaching Professor, Chemistry and Chemical Biology; University of Utah, PhD

**Jonathan Matthis**

Assistant Professor, Biology; Rensselaer Polytechnic Institute, PhD

**Carla Mattos**

Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

**Lucy Maulsby**

Associate Professor, Architecture; Columbia University, PhD

**Ernest Mauristhene**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Hardin-Simmons University, MBA

**Bruce Maxwell**

Visiting Professor, Computer Sciences; Carnegie Mellon University, PhD

**Jessica Maxwell**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD; Massachusetts General Hospital Institute of Health Professions, DPT

**William Mayer**

Professor, Political Science; Harvard University, PhD

**Mary Mayville**

Associate Clinical Professor, Nursing; Northeastern University, DNP

**Laurie McCadden**

Clinical Instructor, Nursing; University of Massachusetts, Lowell, MSN

**Paulette McCarty**

Associate Teaching Professor, Management and Organizational Development; University of Tennessee, PhD

**Jacqueline McCleary**

Assistant Professor, Physics; Brown University, PhD

**Victoria D. McCoy Dunkley**

Assistant Teaching Professor, Law; Vanderbilt University, JD

**Eileen McDonagh**

Professor, Political Science; Harvard University, PhD

**Ann McDonald**

Associate Professor, Art + Design; Yale University, MFA

**Matthew McDonald**

Associate Professor, Music; Yale University, PhD

**Melissa McElligott**

Associate Teaching Professor, Biology; Northeastern University, PhD

**Kayla McEwen**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Nicol E. McGruer**

Professor, Electrical and Computer Engineering; Michigan State University, PhD

**Jean McGuire**

Professor of the Practice, Health Sciences; Brandeis University, PhD

**Hugh McManus**

Associate Teaching Professor, Mechanical and Industrial Engineering; Stanford University, PhD

**Cristine McMartin-Miller**

Teaching Professor, College of Professional Studies; Purdue University, PhD

**Cassandra McMillan**

Assistant Professor, Sociology and Anthropology and Criminology and Criminal Justice; Pennsylvania State University, PhD

**Joseph McNabb**

Professor of the Practice, College of Professional Studies; Northeastern University, PhD

**Robert C. McOwen**

Professor, Mathematics; University of California, Berkeley, PhD

**Frances Nelson McSherry**

Teaching Professor, Theatre; New York University, MFA

**Daniel S. Medwed**

University Distinguished Professor, Law; Harvard University, JD

**Iraz Mehdi**

Associate Cooperative Education Coordinator, College of Engineering; California State University, Long Beach, MS

**Lindsay Mehrmanesh**

Assistant Teaching Professor, Biology; Brown University, PhD

**Erin Meier**

Assistant Professor, Communication Sciences and Disorders; Boston University, PhD

**Alexandra Meise**

Associate Teaching Professor, Law; Georgetown University, JD

**Emanuel S. Melachrinoudis**

Professor, Mechanical and Industrial Engineering; University of Massachusetts, Amherst, PhD

**Waleed Meleis**

Associate Professor, Electrical and Computer Engineering; University of Michigan, PhD

**Justin Melette**

Associate Teaching Professor, English; Pennsylvania State University, PhD

**Susan L. Mello**

Associate Professor, Communication Studies; University of Pennsylvania, PhD

**Tina J. Mello**

Associate Cooperative Education Coordinator, College of Science; Boston College, MA

**Alice Mello da Fonseca**

Assistant Teaching Professor, College of Professional Studies; Tufts University, PhD

**Richard H. Melloni Jr.**

Professor, Psychology; University of Massachusetts, PhD

**Tommaso Melodia**

William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Michael Meltsner**

Matthews Distinguished University Professor, Law; Yale University, JD

**Jose Menendez**

Assistant Teaching Professor, Art + Design; Rhode Island School of Design, MA

**Latika Menon**

Associate Professor, Physics; Tata Institute of Fundamental Research, Bombay (India), PhD

**Hameed Metghalchi**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, ScD

**Daniel Metzger**

Postdoctoral Teaching Associate, English; Kutztown University, EdD

**Laura Meyer**

Assistant Cooperative Education Coordinator, Graduate School of Engineering; Cleveland State University, MED

**Marc H. Meyer**

Robert J. Shillman Professor of Entrepreneurship and Matthews Distinguished University Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Ningfang Mi**

Associate Professor, Electrical and Computer Engineering; University of Texas, Dallas, MS

**Sakib Miaz**

Assistant Teaching Professor, Computer Sciences; University of North Carolina, Charlotte, PhD

**Cara Michell**

Assistant Professor, Architecture and Public Policy and Urban Affairs; Harvard University, MUP

**Vidoje Mihajlovikj**

Assistant Teaching Professor, Computer Sciences; Clarkson University, PhD

**Lara Milane**

Assistant Teaching Professor, Pharmaceutical Sciences; Northeastern University, PhD

**Deborah Milbauer**

Senior Lecturer, Health Sciences; Boston University, MS

**William Miles**

Professor, Political Science; Tufts University, PhD

**Christopher J. Miller**

Assistant Teaching Professor, Accounting; University of Mississippi, PhD

**Edward Miller**

Associate Teaching Professor, College of Professional Studies; Boston College, PhD

**Emily Miller**

Assistant Cooperative Education Coordinator, College of Science; New York University, MA

**Matthew Miller**

Professor, Health Sciences; Yale University, MD; Harvard University, ScD

**Maura Miller**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Providence College, BS

**Renée Miller**

Distinguished Professor, Computer Sciences; University of Wisconsin, Madison, PhD

**Ennio Mingolla**

Professor, Communication Sciences and Disorders; University of Connecticut, PhD

**Mona Minkara**

Assistant Professor, Bioengineering; University of Florida, PhD

**Nicholas Minott**

Associate Teaching Professor, International Affairs; Tufts University, PhD

**Marilyn L. Minus**

Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

**Varun Mishra**

Assistant Professor, Computer Sciences and Health Sciences; Dartmouth College, PhD

**Alan Mislove**

Professor, Computer Sciences; Rice University, PhD

**Marrian Mitry**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MED

**Sunil Mittal**

Assistant Professor, Electrical and Computer Engineering; University of Maryland, College Park, PhD

**Cheryl Mitteness**

Associate Academic Specialist, Entrepreneurship and Innovation; University of Louisville, PhD

**Nancy Mizzoni**

Assistant Clinical Professor, Nursing; Northeastern University, MS

**Sarah Mockler**

Associate Cooperative Education Coordinator, College of Engineering; Boston College, MA

**Alicia Modestino**

Associate Professor, Public Policy and Urban Affairs and Economics; Harvard University, PhD

**Valentine Moghadam**

Professor, International Affairs; American University, PhD

**Mohsen Moghaddam**

Assistant Professor, Mechanical and Industrial Engineering; Purdue University, PhD

**Shan Mohammed**

Clinical Professor, Health Sciences; Case Western Reserve University, MD

**Shariq Mohammed**

Assistant Professor, Economics; University of Arizona, PhD

**Killion Mokwete**

Associate Teaching Professor, Architecture; University of Portsmouth, MArch

**Beth Molnar**

Associate Professor, Health Sciences; Harvard University, ScD

**James Monaghan**

Associate Professor, Biology; University of Kentucky, PhD

**Alvaro Monge**

Visiting Professor, Computer Sciences; University of California, San Diego, PhD

**Yasmil Montes**

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MS

**Robert M. Mooradian**

Professor, Finance; University of Pennsylvania, PhD

**Elizabeth Moore**

Assistant Teaching Professor, International Business and Strategy; Northeastern University, PhD

**Rebekah Moore**

Assistant Professor, Music; Indiana University, PhD

**Jorge Morales**

Assistant Professor, Psychology and Philosophy and Religion; Columbia University, PhD

**Lee Moreau**

Professor of the Practice, Art + Design; Rice University, MArch

**Silvio Moreira**

Assistant Professor, Computer Sciences; University of Lisbon (Portugal), PhD

**Enrique F. Moreno**

Associate Teaching Professor, Physics; Universidad Nacional de La Plata (Argentina), PhD

**Kimberly Moreno**

Professor, Accounting; University of Massachusetts, Amherst, PhD

**Joanne Morreale**

Associate Professor, Media and Screen Studies; Temple University, PhD

**Mounira Morris**

Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, Amherst, EdD

**Kristen Morse**

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Ithaca College, DPT

**Hossein Mosallaei**

Professor, Electrical and Computer Engineering; University of California, Los Angeles, PhD

**Ab Mosca**

Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

**Rashid Mosley**

Assistant Teaching Professor, College of Professional Studies; George Washington University, PhD

**Edward Moss**

Teaching Professor, Writing Program; Emerson College, MFA

**Lorraine Ann Mountain**

Senior Cooperative Education Coordinator, College of Engineering; Tufts University, MS

**Amy Mueller**

Assistant Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

**Dana Mueller**

Assistant Teaching Professor, Art + Design; Massachusetts College of Art, MFA

**Sinan Muftu**

Professor, Mechanical and Industrial Engineering; University of Rochester, PhD

**Tania Muino**

Associate Academic Specialist, World Languages Center; University of Barcelona (Spain), MA

**Constantine Mukasa**

Assistant Teaching Professor, Engineering; Florida Atlantic University, PhD

**Sanjeev Mukerjee**

Distinguished Professor, Chemistry and Chemical Biology; Texas AM University, PhD

**Saptarshi Mukherjee**

Assistant Professor, Finance; New York University, PhD

**Jay Mulki**

Associate Professor, Marketing; University of South Florida, PhD

**Anthony Mullen**

Associate Teaching Professor, Computer Sciences; University of Groningen (Netherlands), PhD

**Patrick Mullen**

Associate Professor, English; University of Pittsburgh, PhD

**Seth Mulliken**

Associate Teaching Professor, Media and Screen Studies; North Carolina State University, PhD

**Ufuk Muncuk**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Samuel E. Munoz**

Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; University of Wisconsin, Madison, PhD

**Leonel F. Murga**

Assistant Teaching Professor, Chemistry and Chemical Biology; Northeastern University, PhD

**Robert Murray**

Associate Academic Specialist, Supply Chain and Information Management; Harvard University, MBA

**Vincent Muscolino**

Lecturer, Finance; Babson College, MBA

**Hande Musdal Ondemir**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

**Cecelia Musselman**

Teaching Professor, Writing Program; Columbia University, PhD

**Shakir Mustafa**

Teaching Professor, World Languages Center; Boston University, PhD

**Mark Muzere**

Visiting Associate Professor, Finance; Washington University, St. Louis, PhD

**Felix Muzny**

Clinical Instructor, Computer Sciences; Stanford University, MS

**Jonathan Mwaura**

Associate Teaching Professor, Computer Sciences; University of Exeter (United Kingdom), PhD

**Andrew Myers**

Associate Professor, Civil and Environmental Engineering; Stanford University, PhD

**David Myers**

Associate Teaching Professor, Finance; University of Washington, PhD

**N****Yousof Naderi**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Thomas K. Nakayama**

Professor, Communication Studies; University of Iowa, PhD

**Laurie Nardone**

Teaching Professor, English; Emory University, PhD

**Tareq Nasralah**

Assistant Teaching Professor, Supply Chain and Information Management; Dakota State University, PhD

**Pran Nath**

Matthews Distinguished University Professor, Physics; Stanford University, PhD

**Hamid Nayeb-Hashemi**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Katharina Neissl**

Visiting Lecturer, Criminology and Criminal Justice; Northeastern University, PhD

**Brent Nelson**

Professor, Physics; University of California, Berkeley, PhD

**Tyrone Newsome**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Fitchburg State University, MBA

**Huy Nguyen**

Assistant Professor, Computer Sciences; Princeton University, PhD

**Julie Nguyen**

Assistant Cooperative Education Coordinator, College of Engineering; Columbia University, MA

**Mark J. Niedre**

Professor, Bioengineering; University of Toronto (Canada), PhD

**Angel Nieves**

Professor, Cultures, Societies, and Global Studies and History; Cornell University, PhD

**Spyridon Nikas**

Research Associate Professor, Center for Drug Discovery; Aristotle University (Greece), PhD

**Matthew Nippins**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Matthew C. Nisbet**

Professor, Communication Studies; Cornell University, PhD

**Cristina Nita-Rotaru**

Professor, Computer Sciences; Johns Hopkins University, PhD

**Daniel Noemi Voionmaa**

Associate Professor, Cultures, Societies, and Global Studies; Yale University, PhD

**Alison Nogueira**

Senior Cooperative Education Coordinator, College of Engineering; Suffolk University, MEd

**David Nolan**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Kimberly Nolan**

Associate Teaching Professor, College of Professional Studies; University of Vermont, EdD

**Carey Noland**

Associate Professor, Communication Studies; Ohio University, PhD

**Ellen Noonan**

Teaching Professor, Writing Program; Emerson College, MFA

**Matthew Noonan**

Associate Teaching Professor, Writing Program; Massachusetts College of Art, MFA

**Farzard Noubary**

Associate Clinical Professor, Health Sciences; Harvard University, PhD

**Guevara Noubir**

Professor, Computer Sciences; Swiss Federal Institute of Technology, Lausanne (Switzerland), PhD

**Lucia Nuñez**

Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

**Gilbert Nyaga**

Associate Professor, Supply Chain and Information Management; Michigan State University, PhD

**O**

**Jessica Oakes**

Assistant Professor, Bioengineering; University of California, San Diego, PhD

**Daniel O'Brien**

Associate Professor, Public Policy and Urban Affairs and Criminology and Criminal Justice; Binghamton University, PhD

**Antonio Ocampo-Guzman**

Associate Professor, Theatre; York University (Canada), MFA

**Abigail Ochengco**

Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

**Brian O'Connell**

Associate Teaching Professor, Engineering; Tufts University, PhD

**Sean O'Connell**

Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

**Catherine O'Connor**

Clinical Instructor, Nursing; Boston College, MS

**George A. O'Doherty**

Professor, Chemistry and Chemical Biology; Ohio State University, PhD

**Curtis Odom**

Assistant Teaching Professor, Management and Organizational Development; Pepperdine University, EdD

**Mikhail Oet**

Associate Teaching Professor, College of Professional Studies; Case Western Reserve University, PhD

**Dietmar Offenhuber**

Associate Professor, Art + Design and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

**Russ O'Haver**

Senior Academic Specialist, Accounting; University of New York, PhD

**Peggy L. O'Kelly**

Principal Lecturer, Accounting; University of Michigan, MBA

**John Olawepo**

Assistant Teaching Professor, Health Sciences; University of Nevada, Las Vegas, PhD

**Brianne OlivieriMui**

Assistant Professor, Health Sciences; Northeastern University, PhD

**Donald M. O'Malley**

Associate Professor, Biology; Harvard University, PhD

**Marvin Onabajo**

Associate Professor, Electrical and Computer Engineering; Texas AM University, PhD

**Mary Jo Ondrechen**

Professor, Chemistry and Chemical Biology; Northwestern University, PhD

**Therese M. O'Neil-Pirozzi**

Associate Professor, Communication Sciences and Disorders; Boston University, ScD

**Annalisa Onnis-Hayden**

Teaching Professor, Civil and Environmental Engineering; University of Cagliari (Italy), PhD

**Alina Oprea**

Associate Professor, Computer Sciences; Carnegie Mellon University, PhD

**Toyoko J. Orimoto**

Associate Professor, Physics; University of California, Berkeley, PhD

**Jessica Ormsby**

Associate Cooperative Education Coordinator, College of Engineering; University of Massachusetts, Boston, MEd

**Andrew Orr-Skirvin**

Clinical Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PharmD

**Sarah Ostadabbas**

Assistant Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

**Eileen Otis**

Associate Professor, Sociology and Anthropology; University of California, Davis, PhD

**Timothy Ouillette**

Associate Teaching Professor, Communication Studies; Art Institute of Boston, MFA

**Oyindasola O. Oyelaran**

Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

**Yusuf Ozbek**

Teaching Professor, Graduate School of Engineering; Northeastern University, PhD

**Ozan Ozdemir**

Assistant Professor, Mechanical and Industrial Engineering; South Dakota School of Mines and Technology, PhD

**P****Jahir Pabon**

Associate Teaching Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Taskin Padir**

Associate Professor, Electrical and Computer Engineering; Purdue University, PhD

**Robert K. Painter**

Associate Teaching Professor, Linguistics; State University of New York at Buffalo, PhD

**Himlona Palikhe**

Associate Teaching Professor, Graduate School of Engineering; Texas Tech University, PhD

**Costas Panagopoulos**

Professor, Political Science; New York University, PhD

**Themis Papageorge**

Associate Clinical Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Demetra Papparonas**

Lecturer, Supply Chain and Information Management; Northeastern University, PhD

**Harikrishnan Parameswaran**

Assistant Professor, Bioengineering; Boston University, PhD

**Serena Parekh McGushin**

Associate Professor, Philosophy and Religion; Boston College, PhD

**Jason Parente**

Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

**Melissa Parenti**

Assistant Teaching Professor, College of Professional Studies; University of Southern California, EdD

**John Park**

Clinical Instructor, Computer Sciences; Stanford University, MS

**Wendy E. Parmet**

Matthews Distinguished University Professor, Law; Harvard University, JD

**Christopher Parsons**

Associate Professor, History; University of Toronto (Canada), PhD

**Nikos Passas**

Professor, Criminology and Criminal Justice; University of Edinburgh (Scotland), PhD

**Rupal Patel**

Professor, Communication Sciences and Disorders and Computer Sciences; University of Toronto (Canada), PhD

**Mark R. Patterson**

Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Harvard University, PhD

**Jeremy R. Paul**

Professor, Law; Harvard University, JD

**Koen Pauwels**

Distinguished Professor, Marketing; University of California, Los Angeles, PhD

**Michael Pavel**

Professor of the Practice, Computer Sciences and Health Sciences; New York University, PhD

**Spiro Pavlopoulos**

Research Associate Professor, Center for Drug Discovery; Victorian College of Pharmacy, (Australia), PhD

**Virgil Pavlu**

Associate Teaching Professor, Computer Sciences; Northeastern University, PhD

**Kara Pavone**

Assistant Professor, Nursing; University of Pennsylvania, PhD

**Nancy Pawlyshyn**

Associate Teaching Professor, College of Professional Studies; Capella University, PhD

**Sarah Peacock**

Assistant Teaching Professor, Biology; University of Missouri, PhD

**Celia Pearce**

Professor, Game Design; University of the Arts London (United Kingdom), PhD

**Melissa Pearson**

Associate Teaching Professor, Writing Program; University of South Carolina, PhD

**Jinxiang Pei**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

**Lei Pei**

Assistant Professor, Marketing; University of California, Los Angeles, PhD

**Melissa Peiken**

Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Emerson College, MEd

**Jose A. Perea**

Associate Professor, Mathematics and Computer Sciences; Stanford University, PhD

**Diane Perez**

Assistant Academic Specialist, College of Professional Studies; Salem State University, MEd

**Laura Perovich**

Assistant Professor, Art + Design; Massachusetts Institute of Technology, PhD

**Sharon Persons**

Associate Teaching Professor, Law; Stanford University, JD

**Ivan Petkov**

Assistant Professor, Economics; Boston College, PhD

**Courtney Pfluger**

Associate Teaching Professor, Chemical Engineering; Northeastern University, PhD

**Xuan Pham**

Postgraduate Teaching Fellow, Art + Design; University of Massachusetts, Amherst, MFA

**David M. Phillips**

Professor, Law; Columbia University, JD

**Susan E. Picillo**

Principal Lecturer, Communication Studies; Cambridge College, MEd

**Kelsey Pieper**

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

**Barbara Pierre**

Assistant Cooperative Education Coordinator, College of Science; Salem State University, MEd

**Maricla Pirozzi**

Associate Cooperative Education Coordinator, Graduate School of Engineering; European School of Economics, Rome (Italy), MBA

**Matt Pitchford**

Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

**Eric Piza**

Professor, Criminology and Criminal Justice; Rutgers University, PhD

**Leigh Plant**

Assistant Professor, Pharmaceutical Sciences; University of Leeds (United Kingdom), PhD

**Harlan D. Platt**

Professor, Finance; University of Michigan, PhD

**Marjorie Platt**

Professor, Accounting; University of Michigan, PhD

**Robert Platt Jr.**

Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Katherine Podgurski**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Mya Poe**

Associate Professor, English; University of Massachusetts, Amherst, PhD

**Ann Polcari**

Associate Clinical Professor, Nursing; Boston College, PhD

**Stephanie Pollack**

Professor of the Practice, Public Policy and Urban Affairs; Harvard University, JD

**Michael P. Pollastri**

Professor, Chemistry and Chemical Biology; Brown University, PhD

**Marius Popescu**

Associate Teaching Professor, Finance; Virginia Polytechnic Institute and State University, PhD

**Hilary Poriss**

Associate Professor, Music; University of Chicago, PhD

**Gary Porter**

Assistant Teaching Professor, Finance; University of South Carolina, PhD

**Richard D. Porter**

Professor, Mathematics; Yale University, PhD

**Veronica L. Porter**

Associate Professor, Cooperative Education, College of Science; Northeastern University, MEd

**Lindsay Portnoy**

Associate Teaching Professor, College of Professional Studies; Fordham University, PhD

**John Portz**

Professor, Political Science; University of Wisconsin, Madison, PhD

**Brady Post**

Assistant Professor, Health Sciences; St. Olaf College, BAS

**Nathan Post**

Research Associate Professor, Civil and Environmental Engineering and Mechanical and Industrial Engineering; Virginia Polytechnic Institute and State University, PhD

**Mary-Susan Potts-Santone**

Teaching Professor, Biology; University of New Hampshire, PhD

**Camille Powell**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Springfield College, DPT

**Michael J. Power**

Senior Lecturer, Supply Chain and Information Management; Northeastern University, MBA

**Edward Powers**

Professor of the Practice, College of Professional Studies; Northeastern University, EdD

**Nishith Prakash**

Professor, Public Policy and Urban Affairs and Economics; University of Houston, PhD

**Silvia Prina**

Associate Professor, Economics; Boston University, PhD

**Robert Prior**

Associate Teaching Professor, College of Professional Studies; Nova Southeastern University, EdD

**Mark Prokosch**

Associate Teaching Professor, Psychology; University of California, Davis, PhD

**Sheila M. Puffer**

Professor and University Distinguished Professor, International Business and Strategy; University of California, Berkeley, PhD

**Malcolm Purinton**

Visiting Lecturer, History; Northeastern University, PhD

**Q****Zhenghan Qi**

Assistant Professor, Communication Sciences and Disorders and Psychology; University of Illinois, Urbana-Champaign, PhD

**Zhenyun Qian**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Zhihui Qin**

Associate Teaching Professor, Pharmaceutical Sciences; Peking University (China), PhD

**Karen Quigley**

Professor, Psychology; Ohio State University, PhD

**R****Simon Rabinovitch**

Associate Professor, History and Jewish Studies; Brandeis University, PhD

**Gordana Rabrenovic**

Associate Professor, Sociology and Anthropology; State University of New York at Albany, PhD

**John Rachlin**

Assistant Teaching Professor, Computer Sciences; Boston University, PhD

**Srinivasan Radhakrishnan**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

**Predrag Radivojac**

Professor, Computer Sciences; Temple University, PhD

**Lauren Raine**

Research Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Illinois, Urbana-Champaign, PhD

**Rajmohan Rajaraman**

Professor, Computer Sciences; University of Texas, Austin, PhD

**Ravi Ramamurti**

University Distinguished Chair Professor, International Business and Strategy; Harvard University, DBA

**Valeria Ramdin**

Assistant Clinical Professor, Nursing; Northeastern University, DNSc

**Alireza Ramezani**

Assistant Professor, Electrical and Computer Engineering; University of Michigan, PhD

**Deborah A. Ramirez**

Professor, Law; Harvard University, JD

**Janet Randall**

Professor, English; University of Massachusetts, Amherst, PhD

**Aanjhan Ranganathan**

Assistant Professor, Computer Sciences; ETH Zürich (Switzerland), PhD

**Manish Ranjit**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Texas Tech University, PhD

**Carey M. Rappaport**

College of Engineering Distinguished Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, ScD

**K.J. Rawson**

Associate Professor, English and Women's, Gender, and Sexuality Studies; Syracuse University, PhD

**Diviya Ray**

Assistant Teaching Professor, Biology; Indian Institute of Chemical Biology (India), PhD

**Andrea Raynor**

Teaching Professor, Art + Design; School of Visual Arts, MFA

**Desislava Raytcheva**

Associate Teaching Professor, Biology; Northeastern University, PhD

**Leena Razzaq**

Associate Teaching Professor, Computer Sciences; Worcester Polytechnic Institute, PhD

**Joseph Reagle**

Associate Professor, Communication Studies; New York University, PhD

**Lynn Reede**

Associate Clinical Professor, Nursing; Northeastern University, PhD

**Debra J. Reid**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

**Joseph Reilly**

Assistant Teaching Professor, College of Professional Studies; Georgetown University, PhD

**Imke Reimers**

Associate Professor, Economics; University of Minnesota, PhD

**Karen Reiss Medwed**

Associate Teaching Professor, College of Professional Studies; New York University, PhD

**Marketa Rejtar**

Associate Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

**Francesco Restuccia**

Assistant Professor, Electrical and Computer Engineering; Missouri University of Science and Technology, PhD

**John R. Reynolds**

Professor, Pharmacy and Health Systems Sciences; Duquesne University, PharmD

**Ahmad Reza Haj Saeedi Sadegh**

Zelevinsky Postdoctoral Researcher, Mathematics; Pennsylvania State University, PhD

**Sarah Ricardi-Swartz**

Assistant Professor, Philosophy and Religion and Sociology and Anthropology; New York University, PhD

**Lesley A. Ricci**

Associate Teaching Professor, Psychology; Northeastern University, PhD

**Rashida Richardson**

Assistant Professor, Law and Political Science; Northeastern University, JD

**Megan Richmond**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

**Vance Ricks**

Associate Teaching Professor, Philosophy and Religion and Computer Sciences; Stanford University, PhD

**Mirek Riedewald**

Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

**Christoph Riedl**

Associate Professor, Supply Chain and Information Management and Computer Sciences; Technische Universität München (Germany), PhD

**Justin B. Ries**

Professor, Marine and Environmental Sciences; Johns Hopkins University, PhD

**Matteo Rinaldi**

Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

**Ana Rivera**

Associate Clinical Professor, Law; Boston College, JD

**Christie Rizzo**

Associate Professor, Applied Psychology; University of Southern California, Los Angeles, PhD

**Alexandra Roberts**

Professor, Law and Music; Yale University, JD

**Christina Roberts**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Simmons University, MBA

**Christopher J. Robertson**

Professor, International Business and Strategy; Florida State University, PhD

**Craig M. Robertson**

Associate Professor, Media and Screen Studies; University of Illinois, Urbana-Champaign, PhD

**William Robertson**

Associate Professor, Computer Sciences and Electrical and Computer Engineering; University of California, Santa Barbara, PhD

**Donald Robinaugh**

Assistant Professor, Applied Psychology and Art + Design; Harvard University, PhD

**Hilary C. Robinson**

Associate Professor, Law and Sociology and Anthropology; Massachusetts Institute of Technology, PhD; Harvard University, JD

**Tracy L. Robinson-Wood**

Professor, Applied Psychology; Harvard University, EdD

**Brian Robison**

Assistant Teaching Professor, Music; Cornell University, DMA

**David Rochefort**

Distinguished Professor, Political Science; Brown University, PhD

**Matthew Rocklage**

Assistant Professor, Marketing; Ohio State University, PhD

**Rachel Rodgers**

Associate Professor, Applied Psychology; Université de Toulouse-Le Mirail (France), PhD

**Kirsten Rodine-Hardy**

Associate Professor, Political Science; University of California, Berkeley, PhD

**Kristy Rogers**

Assistant Clinical Professor, Nursing; Medical University of South Carolina, DNP

**Sonia Rolland**

Professor, Law; Cambridge University (United Kingdom), PhD; University of Michigan, JD

**Bruce Ronkin**

Professor, Music; University of Maryland, DMA

**David Rosen**

Assistant Professor, Electrical and Computer Engineering and Mathematics; Massachusetts Institute of Technology, ScD

**Lauren Rosenberg**

Assistant Cooperative Education Coordinator, Computer Sciences; Tufts University, MS

**Rachel E. Rosenbloom**

Professor, Law; New York University, JD

**Rebeca B. Rosengaus**

Associate Professor, Marine and Environmental Sciences; Boston University, PhD

**Matthew Ross**

Associate Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; University of Connecticut, PhD

**Aaron Roth**

Associate Teaching Professor, Biology; Northeastern University, PhD

**Alexandra Roth**

Associate Academic Specialist, International Business and Strategy; University of Frankfurt (Germany), PhD

**Sara Rouhanifard**

Assistant Professor, Bioengineering; Yeshiva University, PhD

**Jeffrey W. Ruberti**

Professor, Bioengineering; Tulane University, PhD

**Fabian Ruehle**

Assistant Professor, Physics; University of Bonn (Germany), PhD

**Michael Ruff**

Associate Teaching Professor, Accounting; Bentley University, PhD

**Julian Runge**

Visiting Assistant Professor, Marketing; Humbolt University (Germany), PhD

**Michael Running Wolf**

Clinical Instructor, Computer Sciences; Montana State University, MS

**Timothy J. Rupert**

Professor, Accounting; Pennsylvania State University, PhD

**Ivan Rupnik**

Associate Professor, Architecture; Harvard University, PhD

**Youngbok Ryu**

Assistant Teaching Professor, College of Professional Studies; Pardee RAND Graduate School, PhD

**S**

**Jane Saczynski**

Professor, Pharmacy and Health Systems Sciences; Pennsylvania State University, PhD

**Hanai Sadaka**

Associate Teaching Professor, Mathematics; Northeastern University, PhD, PhD

**Keivan Sadeghzadeh**

Associate Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

**J. Timothy Sage**

Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Bhawesh Sah**

Assistant Teaching Professor, Supply Chain and Information Management; State University of New York at Binghamton, PhD

**Blaine Saito**

Assistant Professor, Law; Harvard University, JD

**Iman Salama**

Associate Teaching Professor, Electrical and Computer Engineering; Virginia Polytechnic Institute and State University, PhD

**Masoud Salehi**

Associate Professor, Electrical and Computer Engineering; Stanford University, PhD

**Carmel Salhi**

Assistant Professor, Health Sciences; Harvard University, PhD

**William Sanchez**

Associate Professor, Applied Psychology; Boston University, PhD

**Nada Sanders**

Distinguished Professor of Supply Chain Management, Supply Chain and Information Management; Ohio State University, PhD

**Ronald Sandler**

Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

**Erica Sands**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**John Sangster**

Assistant Teaching Professor, Engineering; Virginia Polytechnic Institute and State University, PhD

**Claudia Santelices**

Research Assistant Professor, Institute of Health Equity and Social Justice Research Center; University of Connecticut, PhD

**Mauricio Santillana-Guzman**

Professor, Physics and Electrical and Computer Engineering; University of Texas, Austin, PhD

**Jody Santos**

Visiting Assistant Teaching Professor, Journalism; Northeastern University, MA

**Nazmus Saquib**

Assistant Professor, Art + Design and Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Ravi Sarathy**

Professor, International Business and Strategy; University of Michigan, PhD

**Mehrdad Sasani**

Professor, Civil and Environmental Engineering; University of California, Berkeley, PhD

**Aarti Sathyanarayana**

Assistant Professor, Health Sciences and Computer Sciences; University of Minnesota Duluth, PhD

**Ajay B. Satpute**

Assistant Professor, Psychology; University of California, Los Angeles, PhD

**Behrooz (Barry) Satvat**

Teaching Professor, Chemical Engineering; Massachusetts Institute of Technology, ScD

**Saiph Savage**

Assistant Professor, Computer Sciences; University of California, Santa Barbara, PhD

**Stephen S. Savitsky**

Assistant Cooperative Education Coordinator, College of Science; Marquette University, MA

**Hannah J. Sayre**

Assistant Professor, Chemistry and Chemical Biology and Chemical Engineering; Ohio State University, PhD

**Kevin Scanlon**

Professor of the Practice, Entrepreneurship and Innovation; University of London (United Kingdom), PhD

**Carmen Sceppa**

Professor, Health Sciences; Francisco Marroquín University (Guatemala), MD; Tufts University, PhD

**Martin Schedlbauer**

Teaching Professor, Computer Sciences; University of Massachusetts, PhD

**Gunar Schirner**

Associate Professor, Electrical and Computer Engineering; University of California, Irvine, PhD

**Matthias Schlichting**

Assistant Teaching Professor, Biology; University of Würzburg (Germany), PhD

**Ralf W. Schlosser**

Professor, Communication Sciences and Disorders; Purdue University, PhD

**Logan Schmidt**

Assistant Teaching Professor, Computer Sciences; Carnegie Mellon University, PhD

**Egon Schulte**

Professor, Mathematics; Technical University of Dortmund (Germany), PhD

**Kathryn Schulte Grahame**

Teaching Professor, Engineering; Columbia University, PhD

**Cristina Schultz**

Foley Family Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Massachusetts Institute of Technology/Woods Hole Oceanographic Institution, PhD

**Gail Schwartz**

Assistant Cooperative Education Coordinator, College of Engineering; Salem State University, MSW

**Joseph Schwartz**

Teaching Professor, Communication Studies; University of Iowa, PhD

**Martin Schwarz Jr.**

Associate Professor, Mathematics; Courant Institute of Mathematical Sciences, PhD

**Cody Scott**

Assistant Professor, Computer Sciences; University of Maryland, PhD

**Douglass Scott**

Associate Teaching Professor, Art + Design; Yale University, MFA

**Max Sederer**

Assistant Cooperative Education Coordinator, College of Engineering; Tufts University, MEd

**Ethan Selinger**

Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Massachusetts, Lowell, MS

**Sarah Sellke**

Assistant Teaching Professor, Computer Sciences; Purdue University, PhD

**Shubhro Sen**

Visiting Professor, Marketing; University of California, Berkeley, PhD

**Laura Senier**

Associate Professor, Sociology and Anthropology and Health Sciences; Brown University, PhD

**Sumi Seo**

Assistant Teaching Professor, Mathematics; University of Missouri, Columbia, PhD

**Bahram Shafai**

Professor, Electrical and Computer Engineering; George Washington University, ScD

**Bijal Shah**

Professor, Law; Yale University, JD

**Michael Shah**

Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

**Andres Shahidinejad**

Assistant Professor, Finance and Economics; University of Chicago, PhD

**Shahin Shahrampour**

Assistant Professor, Mechanical and Industrial Engineering; University of Pennsylvania, PhD

**Rebecca M. Shansky**

Associate Professor, Psychology; Yale University, PhD

**Ali Sharifkhani**

Assistant Professor, Finance; University of Toronto (Canada), PhD

**William T. Sharp**

Associate Teaching Professor, Psychology; Boston Graduate School of Psychoanalysis, PhD

**Gavin M. Shatkin**

Professor, Public Policy and Urban Affairs and Architecture; Rutgers University, PhD

**Dennis R. Shaughnessy**

Senior Academic Specialist, Entrepreneurship and Innovation; University of Maryland, JD

**Thomas C. Sheahan**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, ScD

**Sandra Shefelbine**

Professor, Mechanical and Industrial Engineering and Bioengineering; Stanford University, PhD

**Abhi Shelat**

Associate Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Paxton Sheldahl**

Assistant Teaching Professor, Architecture; Harvard University, MArch

**Maxwell Shepherd**

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Mechanical and Industrial Engineering; Northwestern University, PhD

**Aryn Sherman**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

**H. David Sherman**

Professor, Accounting; Harvard University, DBA

**Amit Shesh**

Teaching Professor, Computer Sciences; University of Minnesota Twin Cities, PhD

**Namratha Shetty**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; University of St. Thomas, St. Paul, MiM

**Shiaoming Shi**

Associate Teaching Professor, Bioengineering; University of Pittsburgh, PhD

**Xiaolin Shi**

Assistant Teaching Professor, Economics; Northeastern University, PhD

**Natalie Shibley**

Visiting Assistant Professor, Women's, Gender, and Sexuality Studies; University of Pennsylvania, PhD

**Ashleigh Shields**

Postdoctoral Teaching Associate, Communication Studies; Purdue University, PhD

**Craig Shillaber**

Assistant Teaching Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, MS

**Ji-Yong Shin**

Assistant Professor, Computer Sciences; Cornell University, PhD

**Olin Shivers**

Professor, Computer Sciences; Carnegie Mellon University, PhD

**Katy Shorey**

Assistant Teaching Professor, Philosophy and Religion; University of Missouri, PhD

**Catherine Showalter**

Assistant Teaching Professor, College of Professional Studies; University of Utah, PhD

**Aatmesh Shrivastava**

Assistant Professor, Electrical and Computer Engineering; University of Virginia, Charlottesville, PhD

**Milad Siami**

Assistant Professor, Electrical and Computer Engineering; Lehigh University, PhD

**Stephanie Sibicky**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PhD

**Brandon Sichling**

Assistant Teaching Professor, Art + Design; Emerson College, MFA

**Mary Lou Siefert**

Associate Clinical Professor, Nursing; Yale University, PhD

**Jose Sierra**

Associate Teaching Professor, Computer Sciences; Universidad Carlos III de Madrid (Spain), PhD

**Robert Sikes**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Texas, Houston, PhD

**Michael B. Silevitch**

Robert Black Professor of Engineering and College of Engineering Distinguished Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Katherine Simmonds**

Clinical Professor, Nursing; University of Rhode Island, PhD

**Peter Simon**

Teaching Professor, Economics; Northern Illinois University, PhD

**Simon Singer**

Professor, Criminology and Criminal Justice; University of Pennsylvania, PhD

**Hanumant Singh**

Professor, Electrical and Computer Engineering and Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Sarita Singh**

Associate Teaching Professor, Computer Sciences; SNTD Women's University (India), PhD

**Rifat Sipahi**

Professor, Mechanical and Industrial Engineering; University of Connecticut, PhD

**Michail V. Sitkovsky**

Eleanor W. Black Chair in Immunophysiology and Pharmaceutical Biotechnology and Professor, Institute for Tissue Damage and Biology; Moscow State University (Russia), PhD

**Mark Sivak**

Associate Teaching Professor, Art + Design and Engineering; Northeastern University, PhD

**Hazel Sive**

Professor and Dean of the College of Science, Biology; Rockefeller University, PhD

**Louise A. Skinnari**

Assistant Professor, Physics; University of California, Berkeley, PhD

**Bill Skinner**

Postdoctoral Teaching Associate, Architecture; Brown University, PhD

**Nikolai Slavov**

Associate Professor, Bioengineering; Princeton University, PhD

**Rory Smead**

Ronald L. and Linda A. Rossetti Professor for the Humanities, Philosophy and Religion; University of California, Irvine, PhD

**David A. Smith**

Associate Professor, Computer Sciences; Johns Hopkins University, PhD

**Henry Smith**

Assistant Teaching Professor, Physics; Northeastern University, PhD

**Matthew Smith**

Associate Professor, Philosophy and Religion; University of North Carolina, Chapel Hill, PhD

**Molly Smith**

Assistant Teaching Professor, College of Professional Studies; Boston College, PhD

**Ronald Bruce Smith**

Associate Professor, Music; University of California, Berkeley, PhD

**Wendy A. Smith**

College of Arts and Sciences Distinguished Professor, Biology; Duke University, PhD

**Eugene S. Smotkin**

Professor, Chemistry and Chemical Biology; University of Texas, Austin, PhD

**Bridget Smyser**

Teaching Professor, Mechanical and Industrial Engineering; Worcester Polytechnic Institute, PhD

**Nancy P. Snyder**

Associate Teaching Professor, Psychology; Harvard University, EdD

**Dani Snyder-Young**

Assistant Professor, Theatre; New York University, PhD

**Isabel Sobral Campos**

Associate Teaching Professor, English; City University of New York, PhD

**Claudia Sokol**

Associate Teaching Professor, World Languages Center; University of Buenos Aires (Argentina), MD

**Fabricius Somogyi**

Assistant Professor, Finance; University of St. Gallen (Switzerland), PhD

**Lily Song**

Assistant Professor, Architecture and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

**Eduardo Sontag**

University Distinguished Professor, Electrical and Computer Engineering and Bioengineering; University of Florida, PhD

**Maria Sorenson**

Assistant Clinical Professor, Nursing; Northeastern University, MSN

**Julian Sosnick**

Assistant Teaching Professor, Biology; University of Massachusetts, Amherst, PhD

**Nikolaos S. Soukos**

Associate Teaching Professor, Physics and Biology; University of Munich (Germany), PhD

**Deborah Soule**

Visiting Lecturer, Supply Chain and Information Management; Harvard University, DBA

**Bert A. Spector**

Associate Professor, International Business and Strategy; University of Missouri, PhD

**Denise Spencer**

Senior Lecturer, Supply Chain and Information Management; Boston College, PhD

**Emily A. Spieler**

Edwin W. Hadley Professor, Law; Yale University, JD

**Karen M. Spikes**

Assistant Teaching Professor, Psychology; Cornell University, PhD

**Jay Spitulnik**

Associate Teaching Professor, Computer Sciences and Health Sciences; Walden University, PhD

**Taylor Sprague**

Assistant Cooperative Education Coordinator, Computer Sciences; North Carolina State University, MS

**Bryan Q. Spring**

Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Srinivas Sridhar**

University Distinguished Professor, Physics; California Institute of Technology, PhD

**Kuppuswamy Srikrishna**

Associate Teaching Professor, Entrepreneurship and Innovation; University of California, Berkeley, PhD

**Kandarp Srinivasan**

Assistant Professor, Finance; Washington University, St. Louis, PhD

**Anna Sromek**

Research Assistant Professor, Center for Drug Discovery; University of Illinois, Chicago, PhD

**Ermus St. Louis**

Assistant Professor, Criminology and Criminal Justice; University of Illinois, Chicago, PhD

**Kristin Stankard**

Assistant Clinical Professor, Nursing; Palm Beach Atlantic University, DNP

**Thomas Starr**

Professor, Art + Design; Yale University, MFA

**Joshua Stefanik**

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD

**Mary Steffel**

Associate Professor, Marketing; Princeton University, PhD; University of Florida, PhD

**Leslie Stein**

Assistant Teaching Professor, College of Professional Studies; United States International University, EdD

**Armen B. Stepanyants**

Professor, Physics; University of Rhode Island, PhD

**Jennie Stephens**

Professor, Public Policy and Urban Affairs; California Institute of Technology, PhD

**Dagmar Sternad**

University Distinguished Professor, Biology and Electrical and Computer Engineering; University of Connecticut, PhD

**Paul Stevenson**

Assistant Professor, Physics; Massachusetts Institute of Technology, PhD

**Brooke Stewart**

Postgraduate Teaching Fellow, Art + Design; Tufts University, MFA

**Sebastian Stockman**

Teaching Professor, Writing Program; Emerson College, MFA

**Milica Stojanovic**

Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Michael Stone**

Associate Teaching Professor, Economics; University of Connecticut, PhD

**Jacob Stowell**

Associate Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

**Laney Strange**

Associate Teaching Professor, Computer Sciences; Dartmouth College, PhD

**Heather Streets-Salter**

Professor, History; Duke University, PhD

**Aron P. Stubbins**

Professor, Marine and Environmental Sciences and Civil and Environmental Engineering and Chemistry and Chemical Biology; Newcastle University (United Kingdom), PhD

**Jacob Stump**

Assistant Teaching Professor, Philosophy and Religion; University of Toronto (Canada), PhD

**Lili Su**

Assistant Professor, Electrical and Computer Engineering; University of Illinois, Urbana-Champaign, PhD

**Ming Su**

Professor, Chemical Engineering; Northwestern University, PhD

**Fernando Suarez**

Jean C. Tempel Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Alexandru I. Suci**

Professor, Mathematics; Columbia University, PhD

**Annemarie C. Sullivan**

Senior Lecturer, Health Sciences; Northeastern University, MS

**Denis Sullivan**

Professor, Political Science and International Affairs; University of Michigan, PhD

**Fareena Sultan**

Professor, Marketing; Columbia University, PhD

**Hongwei Sun**

Professor, Mechanical and Industrial Engineering; Chinese Academy of Sciences (China), PhD

**Nian-Xiang Sun**

Professor, Electrical and Computer Engineering; Stanford University, PhD

**Ravi Sundaram**

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Daniel Sunderland**

Professor of the Practice, Accounting; University of Chicago, MBA

**Shanu Sushmita**

Assistant Teaching Professor, College of Professional Studies; University of Glasgow (United Kingdom), PhD

**Alexander Susienka**

Assistant Cooperative Education Coordinator, College of Science; Western Michigan University, MA

**Gloria Sutton**

Associate Professor, Art + Design; University of California, Los Angeles, PhD

**Kara Swanson**

Professor, Law; Harvard University, PhD; University of California, Berkeley, JD

**Michael Swartz**

Visiting Teaching Professor, Art + Design; School of Visual Arts, MFA

**Richard S. Swasey Jr.**

Principal Lecturer, Finance; University of Virginia, MBA

**Jacqueline F. Sweeney**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Northeastern University, MS

**Meredith O. Sweeney**

Assistant Teaching Professor, Biology; Brandeis University, PhD

**Nina Sylvanus**

Associate Professor, Sociology and Anthropology; Ecole des Hautes Etudes en Sciences Sociales, Paris (France), PhD

**Balazs Szelenyi**

Associate Teaching Professor, College of Professional Studies; University of California, Los Angeles, PhD

**Mario Sznaier**

Dennis Picard Trustee Professor, Electrical and Computer Engineering; University of Washington, PhD

**T****Srinivas Tadigadapa**

Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

**David Tamés**

Associate Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

**Cheng Tan**

Assistant Professor, Computer Sciences; New York University, PhD

**Xiaoyu Tang**

Assistant Professor, Mechanical and Industrial Engineering; Princeton University, PhD

**Aysen Tanyeri-Abur**

Associate Teaching Professor, Economics; Texas AM University, PhD

**Peter Tarasewich**

Assistant Teaching Professor, Supply Chain and Information Management; University of Connecticut, PhD

**Mohammad E. Taslim**

Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

**Tomasz R. Taylor**

Professor, Physics; University of Warsaw (Poland), PhD

**Alison Terndrup**

Postgraduate Teaching Fellow, Art + Design; Boston University, PhD

**John Terpinas**

Professor of the Practice, College of Professional Studies; California Western School of Law, JD

**Kate Terrado**

Assistant Teaching Professor, Art + Design; Northeastern University, MFA

**Philip Thai**

Associate Professor, History; Stanford University, PhD

**Ganesh Thakur**

Professor, Pharmaceutical Sciences; Institute of Chemical Technology (India), PhD

**Dorin Thibault**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MBA

**Adam Thomas**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

**Corliss Thompson**

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

**Jamal Thorne**

Associate Teaching Professor, Art + Design; Northeastern University, MFA

**Zhenyu Tian**

Assistant Professor, Chemistry and Chemical Biology; University of North Carolina, Chapel Hill, PhD

**Jonathan L. Tilly**

University Distinguished Professor, Biology; Rutgers University, PhD

**Jodi Tims**

Professor of the Practice, Computer Sciences; University of Pittsburgh, PhD

**Frank Tip**

Professor, Computer Sciences; University of Amsterdam (Netherlands), PhD

**Lisa J. Tison-Thomas**

Assistant Cooperative Education Coordinator, College of Science; Emmanuel College, MA

**Devesh Tiwari**

Assistant Professor, Electrical and Computer Engineering; North Carolina State University, PhD

**Yustianto Tjiptowidjojo**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Mississippi State University, PhD

**Alexandra A. To**

Assistant Professor, Game Design and Computer Sciences; Carnegie Mellon University, PhD

**Gordana G. Todorov**

Professor, Mathematics; Brandeis University, PhD

**Irina Todorova**

Visiting Clinical Professor, Bouvé College of Health Sciences; Sofia University (Bulgaria), PhD

**Alessio Tognetti**

Associate Academic Specialist, World Languages Center; University of Washington, MA

**Valerio Toledano Laredo**

Professor, Mathematics; University of Cambridge (United Kingdom), PhD

**Michael Tolley**

Associate Professor, Political Science; Johns Hopkins University, PhD

**Jacqueline Tolosko**

Assistant Clinical Professor, Nursing; Boston College, MSN

**Peter Y. Topalov**

Professor, Mathematics; Moscow State University (Russia), PhD

**Vladimir P. Torchilin**

University Distinguished Professor, Pharmaceutical Sciences; Moscow State University (Russia), PhD, DSc

**Melanie Tory**

Professor of the Practice, Computer Sciences and Art + Design; Simon Fraser University Canada), PhD

**Ali Touran**

Professor, Civil and Environmental Engineering; Stanford University, PhD

**Mohammad Toutiaee**

Assistant Teaching Professor, Computer Sciences; University of Georgia, PhD

**Emery A. Trahan**

Professor, Finance; State University of New York at Albany, PhD

**Robert Triest**

Professor, Economics; University of Wisconsin, Madison, PhD

**Stavros Tripakis**

Associate Professor, Computer Sciences; Joseph Fourier University (France), PhD

**Giovanni Troiano**

Visiting Assistant Professor, Game Design; University of Copenhagen (Denmark), PhD

**Andrew Trotman**

Assistant Professor, Accounting; Bond University (Australia), PhD

**Geoffrey C. Trussell**

Professor, Marine and Environmental Sciences; College of William and Mary, PhD

**Kumiko Tsuji**

Associate Teaching Professor, World Languages Center; Georgetown University, PhD

**Eugene Tunik**

Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Rutgers University, PhD

**Berna Turam**

Professor, International Affairs and Sociology and Anthropology; McGill University (Canada), PhD

**Esther Tutella-Chen**

Assistant Academic Specialist, College of Professional Studies; Vanderbilt University, MEd

**U****Jonathan Ullman**

Assistant Professor, Computer Sciences; Harvard University, PhD

**Annique Un**

Associate Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

**Christopher Unger**

Teaching Professor, College of Professional Studies; Harvard University, EdD

**Steven R. Untersee**

Associate Teaching Professor, Biology; Tufts University, PhD

**Moneesh Upmanyu**

Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

**V**

**Scott Valcourt**

Associate Teaching Professor, Computer Sciences; University of New Hampshire, PhD

**Mariana Valencia-Mastre**

Assistant Teaching Professor, Marine and Environmental Sciences; University of Michigan, PhD

**Steven Vallas**

Professor, Sociology and Anthropology; Rutgers University, PhD

**Jenny A. Van Amburgh**

Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

**Jan-Willem Van De Meent**

Assistant Professor, Computer Sciences; Leiden University (Netherlands), PhD

**Anne L. Van De Ven-Moloney**

Associate Teaching Professor, Physics; Rice University, PhD

**Drew Van Der Poel**

Assistant Teaching Professor, Computer Sciences; North Carolina Agricultural and Technical State University, PhD

**Maria Van Pelt**

Clinical Professor, Nursing; Villanova University, DNSc

**Kathleen Vander Laan**

Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Salem State University, MBA

**Julia Varshavsky**

Assistant Professor, Health Sciences and Civil and Environmental Engineering; University of California, Berkeley, PhD

**Manuel Vaultont**

Assistant Professor, Management and Organizational Development; Arizona State University, PhD

**Elaine Vejar**

Assistant Academic Specialist, College of Professional Studies; University of Massachusetts, Lowell, MS

**Enio Velazco**

Senior Lecturer, Supply Chain and Information Management; Case Western Reserve University, PhD

**Oana Veliche**

Associate Teaching Professor, Mathematics; Purdue University, PhD

**Vivek Venkatachalam**

Assistant Professor, Physics; Harvard University, PhD

**Madhavi Venkatesan**

Assistant Teaching Professor, Economics; Vanderbilt University, PhD

**Anand Venkateswaran**

Associate Professor, Finance; Georgia State University, PhD

**Alice Verticelli**

Visiting Lecturer, International Affairs; Northeastern University, PhD

**Ferdinand Vesely**

Assistant Teaching Professor, Computer Sciences; Swansea University (United Kingdom), PhD

**Alessandro Vespignani**

Sternberg Family Distinguished University Professor, Physics and Health Sciences and Computer Sciences; Sapienza University of Rome (Italy), PhD

**Talia Vestri**

Associate Teaching Professor, English; Boston University, PhD

**Gustavo Vicentini**

Associate Teaching Professor, Economics; Boston University, PhD

**Thomas Vicino**

Professor, Political Science and Public Policy and Urban Affairs; University of Maryland, PhD

**Ilya Vidrin**

Postdoctoral Teaching Associate, Theatre; Harvard University, MA

**Emanuele Viola**

Associate Professor, Computer Sciences; Harvard University, PhD

**Jan Vitek**

Professor, Computer Sciences; University of Geneva (Switzerland), PhD

**Olga Vitek**

Professor, Computer Sciences; Purdue University, PhD

**Steven V. Vollmer**

Associate Professor, Marine and Environmental Sciences; Harvard University, PhD

**Robert J. Volpe**

Professor, Applied Psychology; Lehigh University, PhD

**W****Sara Wadia-Fascetti**

Professor, Civil and Environmental Engineering; Stanford University, PhD

**Ari E. Waldman**

Professor, Law and Computer Sciences; Columbia University, PhD; Harvard University, JD

**Thomas E. Wales**

Research Associate Professor, Chemistry and Chemical Biology; Duke University, PhD

**Jacob Walker**

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**Louise Walker**

Associate Professor, History; Yale University, PhD

**Byron Wallace**

Assistant Professor, Computer Sciences; Tufts University, PhD

**Rachel Walsh**

Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

**Suzanna Walters**

Professor, Women's, Gender, and Sexuality Studies and Sociology and Anthropology; City University of New York, PhD

**Darryl Walton**

Associate Clinical Professor, Law; Wake Forest University, JD

**Richard Wamai**

Associate Professor, Cultures, Societies, and Global Studies; University of Helsinki (Finland), PhD

**Kai-tak Wan**

Professor, Mechanical and Industrial Engineering; University of Maryland, College Park, PhD

**He Wang**

Assistant Teaching Professor, Mathematics; Northeastern University, PhD

**Ming Wang**

College of Engineering Distinguished Professor, Civil and Environmental Engineering; University of New Mexico, PhD

**Qi Wang**

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

**Shuyang Wang**

Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

**Yanzhi Wang**

Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

**Meni Wanunu**

Associate Professor, Physics; Weizmann Institute of Science (Israel), PhD

**Robert J. Ward**

Lecturer, Music; University of California, San Diego, MA

**Oliver Wason**

Assistant Teaching Professor, Theatre; Yale University, MFA

**Maureen Watkins**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Natalya Watson**

Associate Teaching Professor, College of Professional Studies; University of Colorado, Denver, PhD

**Vanessa Wei**

Assistant Teaching Professor, World Languages Center; University of Pittsburgh, EdD

**Nikki Weickum**

Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

**Maira Weigel**

Assistant Professor, Communication Studies; Yale University, PhD

**Liza Weinstein**

Associate Professor, Sociology and Anthropology; University of Chicago, PhD

**Jonathan Weitsman**

Robert G. Stone Professor, Mathematics; Harvard University, PhD

**Brooke Welles**

Associate Professor, Communication Studies; Northwestern University, PhD

**Mark Wells**

Assistant Teaching Professor, Philosophy and Religion; Bowling Green State University, PhD

**Amanda Welsh**

Professor of the Practice, College of Professional Studies; Harvard University, PhD

**Brandon Welsh**

Professor, Criminology and Criminal Justice; University of Cambridge (United Kingdom), PhD

**Joshua Wen**

Zelevinsky Postdoctoral Researcher, Mathematics; University of Illinois, Urbana-Champaign, PhD

**Edward G. Wertheim**

Associate Professor, Management and Organizational Development; Yeshiva University, PhD

**Richard West**

Associate Professor, Chemical Engineering; University of Cambridge (United Kingdom), PhD

**Alan West-Durán**

Professor, Cultures, Societies, and Global Studies; New York University, PhD

**Rebecca Westerling**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MA

**Richard Whalen**

Teaching Professor, Engineering; Northeastern University, PhD

**Max White**

Visiting Lecturer, English; Northeastern University, PhD

**Susan Whitfield-Gabrieli**

Professor, Psychology; University of California, Berkeley, PhD

**Paul C. Whitford**

Associate Professor, Physics; University of California, San Diego, PhD

**John Whitney**

Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

**Lori Whynot**

Teaching Professor, American Sign Language; Macquarie University, Sydney (Australia), PhD

**Daniel Wicks**

Associate Professor, Computer Sciences; New York University, PhD

**Peter H. Wiederspahn**

Associate Professor, Architecture; Harvard University, MArch

**John Wihbey**

Associate Professor, Journalism; Columbia University, MS

**Ronald J. Willey**

Professor, Chemical Engineering; University of Massachusetts, Amherst, PhD

**Kristy H. Williams**

Associate Clinical Professor, Nursing; Gardner-Webb University, PhD

**Lucy A. Williams**

Professor, Law; University of Chicago, JD

**Mark C. Williams**

Professor, Physics; University of Minnesota, PhD

**Patricia J. Williams**

University Distinguished Professor, Law and Philosophy and Religion; Harvard University, JD

**Stephen Williams**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

**Rebecca Willits**

Professor, Chemical Engineering; Cornell University, PhD

**Christo Wilson**

Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

**Sheila Winborne**

Associate Teaching Professor, Philosophy and Religion; Harvard University, PhD

**Raimond Winslow**

Professor, Bioengineering and Computer Sciences; Johns Hopkins University, PhD

**ElDante Winston**

Visiting Associate Teaching Professor, Architecture; University of Virginia, MArch

**Eric Winter**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Annie Witte**

Assistant Teaching Professor, Accounting; Bentley University, PhD

**Pamela Wojnar**

Associate Teaching Professor, College of Professional Studies; United States Sports Academy, EdD

**John Wolfe**

Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

**Kathy Wong**

Assistant Cooperative Education Coordinator, College of Engineering; Seattle University, MEd

**Lok Sang (Lawson) Wong**

Assistant Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Margaret Y. Woo**

Professor, Law; New York University, JD

**Darien Wood**

Professor, Physics; University of California, Berkeley, PhD

**Dori C. Woods**

Associate Professor, Biology; University of Notre Dame, PhD

**Sarah Woodside**

Associate Teaching Professor, Management and Organizational Development; Boston College, PhD

**Adam Woolley**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

**Benjamin Woolston**

Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

**Lisa Worsh**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Bridgewater State College, MEd

**Shu-Shih Y. Wu**

Assistant Teaching Professor, Mathematics; Northeastern University, PhD

**Kinde Wubneh**

Assistant Professor, Entrepreneurship and Innovation and Pharmacy and Health System Sciences; University of Texas, Austin, PhD

**Sara A. Wylie**

Associate Professor, Sociology and Anthropology and Health Sciences; Massachusetts Institute of Technology, PhD

**X**

**Xia Xiao**

Assistant Professor, Accounting; University of Arizona, PhD

**Wei Xie**

Assistant Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

**Mofei Xu**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MA

**Xiaolin Xu**

Assistant Professor, Electrical and Computer Engineering; University of Massachusetts, Amherst, PhD

**Y**

**Milen Yakimov**

Professor, Mathematics; University of California, Berkeley, PhD

**Shiawee X. Yang**

Associate Professor, Finance; Pennsylvania State University, PhD

**Hideaki Yano**

Assistant Professor, Pharmaceutical Sciences; Columbia University, PhD

**Mohammad Abbas Yaseen**

Assistant Professor, Bioengineering; Rice University, PhD

**Lichuan Ye**

Associate Professor, Nursing; University of Pennsylvania, DNSc

**Mishac K. Yegian**

College of Engineering Distinguished Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Edmund Yeh**

Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

**Roi Yehoshua**

Assistant Teaching Professor, Electrical and Computer Engineering; Bar-Ilan University (Israel), PhD

**Boris Yelin**

Assistant Teaching Professor, World Languages Center; Purdue University, PhD

**Benjamin Yelle**

Associate Teaching Professor, Philosophy and Religion; University of Miami, PhD

**Sheng-Che Yen**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; New York University, PhD

**Ayce Yesilaltay**

Assistant Teaching Professor, Biology; University of Massachusetts Medical School, PhD

**Caglar Yildirim**

Assistant Teaching Professor, Computer Sciences; Iowa State University, PhD

**George Yip**

Distinguished Visiting Professor, International Business and Strategy; Harvard University, DBA

**Moka Yoo-Jeong**

Assistant Professor, Nursing; Emory University, PhD

**Mark L. Yorra**

Senior Cooperative Education Coordinator, Pharmacy and Health Systems Sciences; Northeastern University, EdD

**Yizhi You**

Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Gary Young**

Professor, International Business and Strategy and Health Sciences; State University of New York at Buffalo, PhD

**Lydia Young**

Associate Teaching Professor, College of Professional Studies; Boston College, PhD

**Neal Young**

Teaching Professor, Computer Sciences; Princeton University, PhD

**Sarah C. Young-Hong**

Assistant Clinical Professor, Communication Sciences and Disorders; University of Pittsburgh, MA

**Shuishan Yu**

Associate Professor, Architecture; University of Washington, PhD

**Lua Yuille**

Professor, Law and Management and Organizational Development; Columbia University, JD

**Z****Nizar Zaarour**

Associate Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

**Adel Zadeh**

Associate Teaching Professor, College of Professional Studies; University of Cambridge (United Kingdom), PhD

**Michelle Zaff**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

**Christos Zahopoulos**

Associate Professor, College of Professional Studies; Northeastern University, PhD

**Carl Zangerl**

Associate Teaching Professor, College of Professional Studies; University of Illinois, PhD

**Victor Zappi**

Assistant Professor, Music; Istituto Italiano di Tecnologia/Università degli studi di Genova (Italy), PhD

**Alan J. Zaremba**

Associate Professor, Communication Studies; State University of New York at Buffalo, PhD

**Daniel Zedek**

Professor of the Practice, Journalism; Columbia University, BA

**Ibrahim Zeid**

Professor, Mechanical and Industrial Engineering; University of Akron, PhD

**Moira Zellner**

Professor, Public Policy and Urban Affairs; University of Michigan, PhD

**Hongyang Zhang**

Assistant Professor, Computer Sciences; Stanford University, PhD

**Jie Zhang**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Virginia Polytechnic Institute and State University, PhD

**Ke Zhang**

Associate Professor, Chemistry and Chemical Biology; Washington University, St. Louis, PhD

**Ning Zhang**

Associate Professor, Pharmacy and Health Systems Sciences and Nursing; Cornell University, PhD

**Shuo Zhang**

Assistant Professor, Economics and Computer Sciences; University of California, Santa Barbara, PhD

**Yang Zhang**

Professor, Civil and Environmental Engineering; University of Iowa, PhD

**Yue May Zhang**

Associate Professor, Accounting; University of Pittsburgh, PhD

**Qianqian Zhang-Wu**

Assistant Professor, English; Boston College, PhD

**Pu Zhao**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Qing Zhao**

Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

**Kuncheng Zheng**

Associate Professor, Finance; University of Michigan, PhD

**Yi Zheng**

Associate Professor, Mechanical and Industrial Engineering; Columbia University, PhD

**Lin Zhou**

Assistant Teaching Professor, College of Professional Studies; University of Hawai'i at Manoa, PhD

**Xiaomu Zhou**

Associate Teaching Professor, College of Professional Studies; University of Michigan, PhD

**Yan Zhou**

Zelevinsky Postdoctoral Researcher, Mathematics; University of Texas, Austin, PhD

**Zhaohui S. Zhou**

Professor, Chemistry and Chemical Biology; Scripps Research Institute, PhD

**Hongli Zhu**

Assistant Professor, Mechanical and Industrial Engineering; South China University of Technology (China), PhD

**Xuwen Zhu**

Assistant Professor, Mathematics; Massachusetts Institute of Technology, PhD

**Sali Ziane**

Teaching Professor, World Languages Center; University of Paris XIII (France), PhD

**Nathaniel Ziegler**

Associate Cooperative Education Coordinator, College of Engineering; Indiana University of Pennsylvania, MEd

**Emily Zimmerman**

Associate Professor, Communication Sciences and Disorders; University of Kansas, PhD

**Gregory Zimmerman**

Associate Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

**Kathrin Zippel**

Professor, Sociology and Anthropology; University of Wisconsin, Madison, PhD

**Steven Zoloth**

Professor, Health Sciences; University of Pennsylvania, PhD

**Rose Zoltek-Jick**

Associate Teaching Professor, Law; York University (Canada), LLB

**Elizabeth Zulick**

Associate Teaching Professor, College of Professional Studies; Boston University, PhD

**Ronald Zullo**

Senior Lecturer, Accounting; Bentley University, MS

**Günther K. H. Zupanc**

Professor, Biology; University of California, San Diego, PhD; University of Tübingen (Germany), Dr. rer. nat. habil.

**Alexander Zvonok**

Research Assistant Professor, Center for Drug Discovery; Belarusian State University (Belarus), PhD

**Nikolai Zvonok**

Research Assistant Professor, Center for Drug Discovery; Russian Academy of Sciences (Russia), PhD

## General Information

- Notifications and Disclosures (p. 2695)
- Governing Boards and Officers of Northeastern (p. 2697)
- University Leadership (p. 2699)
- Accreditation (p. 2700)
- Authorizations (p. 2704)
- Major CIP Codes (p. 2708)
- Resources (p. 2728)

## Notifications and Disclosures

The *Northeastern University Catalog* contains the university's primary statements about approved academic programs and degree requirements, as authorized by the president or the Board of Trustees.

The *Northeastern University Catalog* contains current information about the university calendar, admissions, degree requirements, fees, and certain procedures and regulations; however, such information is not intended and should not be regarded to be contractual. Course information was current as of July 31, 2023. For updated course information, students and advisors should consult the Banner course catalog (<https://nubanner.neu.edu/StudentRegistrationSsb/ssb/term/termSelection/?mode=courseSearch>).

### Accreditation

Please visit the Accreditation (<http://catalog.northeastern.edu/graduate/appendix/statements-accreditation/>) page of this catalog for details of Northeastern University's accreditation status.

### FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

In accordance with the Family Educational Rights and Privacy Act of 1974, Northeastern University permits its students to inspect their records wherever appropriate and to challenge specific parts of them when they feel it is necessary to do so. Specific details of the law as it applies to Northeastern are discussed in this section of the catalog (<http://catalog.northeastern.edu/graduate/academic-policies-procedures/ferpa/>).

### PERSISTENCE RATES UNDER THE STUDENT RIGHT-TO-KNOW ACT

In the fall of 2022, the persistence rate for undergraduate students who entered in the fall 2021 cohort was 97.2%.

### TUITION DEFAULT POLICY

In cases where the student defaults on their tuition, the student shall be liable for the outstanding tuition and all reasonable associated collection costs incurred by the university, including attorneys' fees.

### NONDISCRIMINATION POLICIES

Northeastern University is committed to providing a living, learning, and working environment free from discrimination and harassment and does not discriminate on the basis of race, color, religion, genetic information, sex, gender, gender identity, sexual orientation, age, national origin, ancestry, disability, or veteran status in admission to, access to, treatment in, or employment in its programs and activities. The university will not tolerate any conduct that violates rights guaranteed by law, or any of the university policies that prohibit discrimination, including the Policy on Equal Opportunity ([https://www.northeastern.edu/policies/pdfs/Policy\\_on\\_Equal\\_Opportunity.pdf](https://www.northeastern.edu/policies/pdfs/Policy_on_Equal_Opportunity.pdf)), Policy on Sexual and Gender-Based Harassment and Title IX ([https://policies.northeastern.edu/policy104/#\\_ga=21399120526780236931685972406-9222403871666097079](https://policies.northeastern.edu/policy104/#_ga=21399120526780236931685972406-9222403871666097079)), and the Policy on Non-Fraternization ([https://www.northeastern.edu/policies/pdfs/Policy\\_on\\_Non-Fraternization.pdf](https://www.northeastern.edu/policies/pdfs/Policy_on_Non-Fraternization.pdf)). Furthermore, university policy also includes prohibitions of retaliation for filing complaints of discrimination with the Office for University Equity and Compliance. Links to the university's nondiscrimination policies and its grievance procedures are available at the OUEC (<https://www.northeastern.edu/ouec/>). Inquiries regarding the university's nondiscrimination policies may be directed to:

Office for University Equity and Compliance (<https://www.northeastern.edu/ouec/>)  
125 Richards Hall  
Northeastern University  
Boston, Massachusetts 02115  
617.373.4644  
[ouec@northeastern.edu](mailto:ouec@northeastern.edu)

The university strongly encourages any person to report information relating to alleged discrimination or harassment to the OUEC (<https://www.northeastern.edu/ouec/>) by completing the form available here ([https://cm.maxient.com/reportingform.php?NortheasternUniv&layout\\_id=7](https://cm.maxient.com/reportingform.php?NortheasternUniv&layout_id=7)) or through any of the contact options listed above. OUEC's policies, as well as other helpful information, can be found at the OUEC website (<https://www.northeastern.edu/ouec/>).

### DISABILITY RESOURCE CENTER

The Disability Resource Center provides a variety of disability-related services and accommodations to Northeastern University's students with disabilities.

Northeastern University's compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 are coordinated by the senior director of the Disability Resource Center. Persons requiring information regarding the Disability Resource Center should contact the center at 617.373.2675 or [drc@northeastern.edu](mailto:drc@northeastern.edu).

### CLERY ACT

Northeastern University is committed to assisting all members of the university community in providing for their own safety and security. Information regarding campus security and personal safety, including topics such as crime prevention, university police law enforcement authority, crime reporting policies, crime statistics for the most recent three-year period, and disciplinary procedures, is available in the Annual Security & Fire Safety Reports, located on the NUPD website (<https://nupd.northeastern.edu/annual-reports/>).

### **EMERGENCY INFORMATION**

The university is prepared to respond to emergencies and urgent situations that require immediate action with a trained team of police officers, EMTs, health and counseling experts, student affairs and residential life staff, and other professionals from a coordinated group that is able to manage a wide range of potential situations.

In case of emergency or crisis situations that require immediate notification, university officials will deploy the NU Alert system, which sends email, voice mail, and text messages to students, faculty, and staff. NU Alert is intended to communicate pertinent information and, when appropriate, provide directions to those in the affected area(s).

A record of past Timely Warning and NU Alert Emergency Notifications for our campus community can be found on the NUPD website (<https://nupd.northeastern.edu/safety-notifications/>).

Examples of crisis situations range from snowstorms to national emergencies that have a local impact.

Additional information on the university's emergency information systems can be found on the university's Emergency Information (<https://www.northeastern.edu/emergency-information/>) website.

### **MISSION STATEMENT**

To educate students for a life of fulfillment and accomplishment.

To create and translate knowledge to meet global and societal needs.

## Governing Boards and Officers of Northeastern

### Officers of the Board of Trustees

Richard A. D'Amore, *Chair*

Edward G. Galante, *Vice Chair*

Alan S. McKim, *Vice Chair*

### Officers Emeritae/i

Neal F. Finnegan, *Chair Emeritus*

Henry J. Nasella, *Chair Emeritus*

Sy Sternberg, *Chair Emeritus*

George D. Behrakis, *Vice Chair Emeritus*

George W. Chamillard, *Vice Chair Emeritus*

Richard P. Chapman Jr., *Vice Chair Emeritus*

H. Patricia Hanna, *Vice Chair Emerita*

Robert C. Marini, *Vice Chair Emeritus*

Katherine S. McHugh, *Vice Chair Emerita*

Richard C. Ockerbloom, *Vice Chair Emeritus*

Carole J. Shapazian, *Vice Chair Emerita*

Jean C. Tempel, *Vice Chair Emerita*

Alan D. Tobin, *Vice Chair Emeritus*

### Members of the Board of Trustees

Jeffrey S. Bornstein

Subodh Chanrai

Jeffrey J. Clarke

William J. Conley

Richard A. D'Amore

Susan S. Deitch

Deborah Dunsire

Spencer T. Fung

Edward G. Galante

Sir Lucian Grainge

David L. House

Frances N. Janis

Chaitanya Kanojia

Amin J. Khoury

Venetia G. Kontogouris

William A. Lowell

Todd M. Manganaro

Alan S. McKim

Anita Nassar

James J. Pallotta

Irene Panagopoulos

John V. Pulichino

Marcy L. Reed

Kathleen C. Sanborn

Winslow L. Sargeant

Jeannine P. Sargent

Ronald L. Sargent

Maha Shair

Melina Travlos

Jean-Paul Tricoire

Joseph M. Tucci

Christopher A. Viehbacher

Christophe P. Weber

Michael J. Zamkow

### Ex-Officio

Joseph E. Aoun

### **Trustees Emeritae/i**

Barbara C. Alleyne  
George D. Behrakis  
Margot Botsford  
Frederick Brodsky  
Frederick L. Brown  
Peter B. Cameron  
Richard P. Chapman Jr.  
William J. Cotter  
John J. Cullinane  
Harry T. Daniels  
Edmond J. English  
Neal F. Finnegan  
W. Kevin Fitzgerald  
H. Patricia Hanna  
Arnold S. Hiatt  
William S. Howard  
Richard G. Lesser  
Diane H. Lupean  
Anthony R. Manganaro  
Robert C. Marini  
Roger M. Marino  
Katherine S. McHugh  
Lloyd J. Mullin  
Henry J. Nasella  
Kathryn M. Nicholson  
Richard C. Ockerbloom  
Arthur A. Pappas  
Ronald L. Rossetti  
Carole J. Shapazian  
Robert J. Shillman  
Janet M. Smith  
Sy Sternberg  
Stephen J. Sweeney  
Jean C. Tempel  
Alan D. Tobin  
Catherine A. White  
Arthur W. Zafiripoulo  
Ellen M. Zane

### **Honorary Trustees**

Scott M. Black  
Charles K. Gifford  
Kuntoro Mangkusubroto  
Lucille R. Zanghi

## University Leadership

### Senior Leadership

**Joseph E. Aoun, BA, MA, PhD, *President***

**David Madigan, BA, PhD, *Provost and Senior Vice President for Academic Affairs***

**Ken Henderson, BS, PhD, *Chancellor and Senior Vice President for Learning***

**Michael A. Armini, BA, MA, *Senior Vice President for External Affairs***

**Diane Nishigaya MacGillivray, BA, MA, *Senior Vice President for University Advancement***

**Mary Strother, BA, JD, *Senior Vice President and General Counsel***

**Thomas Nedell, BA, MBA, *Senior Vice President for Finance and Treasurer***

### Academic Deans

**Gregory Abowd, BS, MSc, PhD, *Dean of the College of Engineering***

**Elizabeth Mynatt, BS, MS, PhD, *Dean of the Khoury College of Computer Sciences***

**David De Cremer, MSc, BSc, MA, PhD, *Dean of the D'Amore-McKim School of Business***

**Hazel L. Sive, BSc, BScHons., PhD, *Dean of the College of Science***

**Elizabeth Hudson, BA, MA, PhD, *Dean of the College of Arts, Media and Design***

**Radhika Seshan, BS, MA, PhD, *Dean of the College of Professional Studies***

**James R. Hackney, AB, JD, *Dean of the School of Law***

**Ron Sandler, PhD, *Interim Dean of the College of Social Sciences and Humanities***

**Carmen L. Sceppa, BS, MD, PhD, *Dean of the Bouvé College of Health Sciences***

## Accreditation

### Accreditation

Northeastern University has maintained its status as a member in good standing of the New England Commission of Higher Education, Inc. (NECHE), previously New England Association of Schools and Colleges (NEASC), since it was awarded its initial accreditation in 1940. The university was last reviewed by NECHE in 2018 and will be reviewed again in fall 2028.

Northeastern University possesses degree-granting authority in Massachusetts, under the auspices of the Massachusetts Board of Higher Education.

JD Law ( <a href="http://catalog.northeastern.edu/graduate/law/law-jd/">http://catalog.northeastern.edu/graduate/law/law-jd/</a> )	American Bar Association; Association of American Law Schools <sup>1</sup>

<sup>1</sup> The Association of American Law Schools is an elected membership organization, not an accrediting body.

## Authorizations

### Campus Locations and Regulatory Agencies

In addition to accreditation by the New England Commission of Higher Education, Northeastern University is regulated by local authorities for its global campus network locations. These agencies are as follows:

- Arlington, Virginia
  - State Council of Higher Education for Virginia
- Charlotte, North Carolina
  - Board of Governors of the University of North Carolina
- Miami, Florida
  - Florida Commission for Independent Education
- Portland, Maine
  - Maine State Board of Education
- Oakland, California
  - Bureau for Private Postsecondary Education
- San Francisco, California
  - Bureau for Private Postsecondary Education
- San Jose, California
  - Bureau for Private Postsecondary Education
- Seattle, Washington
  - Washington Student Achievement Council
- Toronto, Ontario, Canada
  - Ministry of Colleges and Universities
- Vancouver, British Columbia, Canada
  - Ministry of Post-Secondary Education and Future Skills

### Required Disclosures

#### VIRGINIA

Northeastern has processes in place to ensure that student grievances are treated with respect and addressed in a fair and professional manner. Students can report concerns to the Office of Student Conduct and Conflict Resolution (<https://www.northeastern.edu/osccr/>) or the University Ombuds (<https://provost.northeastern.edu/ombuds/>). At the Arlington campus, students can contact the on-site student support specialist or the campus principal.

If a student's problem has not been resolved in pursuance of the Northeastern grievance policy, they may contact the State Council of Higher Education for Virginia. SCHEV representatives can be reached via telephone at (804) 225-2600; via fax at (804) 225-2604; at this website (<https://www.schev.edu/students/resources/student-complaints/>); or by mail at 101 N. 14th Street, 10th Floor, James Monroe Building, Richmond, VA 23219.

The Virginia State Approving Agency (SAA) is the approving authority of education and training programs for Virginia. Our office investigates complaints of GI Bill® beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact our office via email [saa@dvs.virginia.gov](mailto:saa@dvs.virginia.gov). *GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill/>.*

#### NORTH CAROLINA

Northeastern has been evaluated by the University of North Carolina and is licensed to conduct higher education degree activity in the state. The university's guaranty bond for unearned prepaid tuition is on file with the Board of Governors of the University of North Carolina and the Office of the General Counsel at Northeastern. North Carolina students may view a copy of the Tuition Guaranty Bond by contacting Northeastern's Risk Services at 716 Columbus Avenue (Columbus Place), Suite 301 CP, Boston, MA 02120.

If students are unable to resolve a complaint offered by the Northeastern grievance procedures, they can submit a complaint through the online student complaint form at <https://studentcomplaints.northcarolina.edu/form> (<https://studentcomplaints.northcarolina.edu/form/>), or by mail to North Carolina Post-Secondary Education Complaints, 140 Friday Center Drive, Chapel Hill, NC 27517. <https://www.northcarolina.edu/post-secondary-education-complaints/>.

#### FLORIDA

Northeastern University—Miami is accredited by the New England Commission of Higher Education (NECHE) and is provisionally licensed in the state of Florida by the Commission on Independent Education (CIE). Additional information regarding the institution may be obtained by contacting the Commission for Independent Education, Department of Education, 325 West Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400, toll-free telephone number (888) 224-6684.

The transferability of credits you earn at Northeastern is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Northeastern to determine if your credits or degree will transfer.

## CALIFORNIA

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education (<http://www.bppe.ca.gov>), 1747 N. Market Blvd., Ste. 225, Sacramento, CA 95834; P.O. Box 980818, West Sacramento, CA 95798-0818, (888) 370-7589, or by fax (916) 263-1897.

### **NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION**

The transferability of credits you earn at Northeastern is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Northeastern to determine if your credits or degree will transfer.

The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling (888) 370-7589 or by visiting <https://osar.bppe.ca.gov/>.

## WASHINGTON

Northeastern is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Northeastern to offer specific degree programs. The council may be contacted for a list of currently authorized programs. Authorization by the council does not carry with it an endorsement by the council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at [degreeauthorization@wsac.wa.gov](mailto:degreeauthorization@wsac.wa.gov).

The transferability of credits earned at Northeastern is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Northeastern will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Northeastern to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Northeastern will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned. The Washington Student Achievement Council has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit <http://www.wsac.wa.gov/student-complaints> (<http://www.wsac.wa.gov/student-complaints/>) for information regarding the WSAC complaint process.

## ONTARIO

Master of Science in Project Management (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/project-management-ms/>)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting July 28, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Regulatory Affairs (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/regulatory-affairs-ms/>)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting June 25, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Professional Studies in Analytics (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/analytics-mps/>)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting March 6, 2020. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Professional Studies in Informatics (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/informatics-mps/>)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting March 6, 2020. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

- Master of Science in Information Systems** (<http://catalog.northeastern.edu/graduate/engineering/multidisciplinary/information-systems-msis/>)  
This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting July 28, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Master of Science in Biotechnology** (<http://catalog.northeastern.edu/graduate/science/chemistry-chemical-biology/biotechnology-ms/>)  
This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting September 14, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Master of Science in Cyber-Physical Systems** (<http://catalog.northeastern.edu/graduate/engineering/multidisciplinary/cyber-physical-systems-ms/>)  
This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting January 18, 2023. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Master of Science in Bioinformatics** (<http://catalog.northeastern.edu/graduate/science/biology/bioinformatics-ms/>)  
This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting January 18, 2023. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

### BRITISH COLUMBIA

- Master of Science in Computer Science** (<http://catalog.northeastern.edu/graduate/computer-information-science/computer-science/computer-science-mscs/>)  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective July 7, 2019, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Align—Master of Science in Computer Science** (<http://catalog.northeastern.edu/graduate/computer-information-science/computer-science/computer-science-mscs/#alignprogramrequirements>)  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective July 7, 2019, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Master of Science in Data Analytics Engineering** (<http://catalog.northeastern.edu/graduate/engineering/mechanical-industrial/data-analytics-engineering-ms/>)  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective November 29, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Master of Science in Information Design and Data Visualization** (<http://catalog.northeastern.edu/graduate/arts-media-design/art-design/information-design-data-visualization-ms/>)  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective October 28, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- Master of Professional Studies in Analytics** (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/analytics-mps/>)  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective October 28, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- MASTER OF SCIENCE IN INFORMATION SYSTEMS** (<http://catalog.northeastern.edu/graduate/engineering/multidisciplinary/information-systems-msis/>)  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective March 3, 2023, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).
- MASTER OF professional studies in digital media** (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/digital-media-mps/>) (**including connect** (<http://catalog.northeastern.edu/graduate/professional-studies/masters-degree-programs/digital-media-mps-connect/>))  
This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective June 6, 2023 having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective

students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (for example, acceptable to potential employers, professional licensing bodies, or other educational institutions).

Distance Education/State Authorization Reciprocity Agreement Student Complaint Procedures (<https://www.northeastern.edu/graduate/wp-content/uploads/2020/07/25.-Student-Complaint-Procedure-with-links.pdf>)

## Major CIP Codes

The following is a list of Northeastern University majors for programs accepting new students during the 2023-2024 catalog year, along with each major's corresponding CIP code. "CIP" refers to the Classification of Instructional Programs published by the U.S. Department of Education's National Center for Education Statistics (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=56>).

Academic Program	Major Transcript Title	Major CIP Code
P-CERTG-3DAN: 3D Animation, Graduate Certificate	3-D Animation	100304
CERTG-ACFD: Accounting and Financial Decision Making, Graduate Certificate	Accntng Fin Decision Making	520899
MSA-ACCT: Accounting, MSA	Accounting	520301
P-CERTU-ACCT: Accounting, Undergraduate Certificate	Accounting	520301
P-CERTU-AACT: Advanced Accounting, Undergraduate Certificate	Advanced Accounting	520301
MS-AIMF: Advanced and Intelligent Manufacturing, MS	Advanced and Intelligent Mfg	143601
P-BS-AVMS: Advanced Manufacturing Systems, BS	Advanced Manufacturing Systems	150613
BA-AFMS: Africana Studies and Media and Screen Studies, BA	Africana St/Media Screen St	050201
BA-AFHS: Africana Studies and Human Services, BA	Africana Stud/Human Services	050201
BA-AFCS: Africana Studies, BA	Africana Studies	050201
BS-AFCS: Africana Studies, BS	Africana Studies	050201
BA-AFEN: Africana Studies and English, BA	Africana Studies/English	050201
BA-AFPS: Africana Studies and Political Science, BA	Africana Studies/Political Sci	050201
P-CERTG-AGPM: Agile Project Management, Graduate Certificate	Agile Project Management	520211
P-BS-ANLY: Analytics, BS	Analytics	110802
P-CERTU-ANLY: Analytics, Undergraduate Certificate	Analytics	110802
P-MPS-ANLY: Analytics, MPS	Analytics	110802
MS-AQMS: Applied Quantitative Methods and Social Analysis, MS	Appl Quant Methods Soc Anlys	450102
