- If a student wishes to dispute a grade in their final term, this must be done within 28 calendar days of the degree conferral date.

### FORMAL COMPLAINT

If the associate dean determines the appeal should be brought to the GAAC, the student must provide a formal written complaint to the associate dean within one week of the student's meeting with the associate dean.

- The written complaint should provide a detailed timeline as well as all available evidence supporting the student's complaint.
  - It is the student's responsibility to make their case. Students may submit any evidence such as emails, quizzes, examinations, etc.
- Once the associate dean receives a formal written complaint, the associate dean will provide a copy of the complaint to the faculty member and to the department/program director and convene a meeting of the GAAC.
- If the student fails to provide a well-reasoned written summary of the case, then the matter will be considered closed at the college level.
- The associate dean will make a good faith effort to identify a date and time for the meeting within 35 calendar days of the student's original submission of their statement.

### APPEALS MEETING

- The GAAC serves as the Academic Appeals Committee for the CSSH.
- The GAAC is convened in order to determine whether a fair and due process was used to determine the student's grade.
- The role of the committee is to conduct a review when a grade appeal is filed by a student regarding one of the following reasons:
  - Concern that the course grading policy was not applied consistently to all students within a class and/or section.
  - Concern that the instructor's method of assigning grades differed from the method outlined in the instructor's course syllabus.
  - Concern that the instructor failed to provide a clear policy on how grades would be assigned.

The student and the faculty member have the right to attend and present their case orally to the GAAC. The faculty member and the student aren't required to attend; however, it is usually quite helpful to make an oral presentation and answer any questions that the GAAC may have. If the complainant indicates that they will present their case in person and then fails to attend the scheduled hearing, the case will be dismissed. The complainant and the faculty member both have the right to testify privately and separately before the committee. Lawyers are not permitted in these proceedings. Generally, the faculty member and complainant are each given a 15-minute period to present their case.

The student usually presents their complaint to the committee first. This is followed by a brief Q&A of the student by the GAAC. The GAAC may ask the complainant any questions they have based upon either the written statement submitted by the complainant or the complainant's oral presentation. The faculty member then presents their case, which is followed by a brief Q&A of the faculty member. After both the complainant and faculty member have addressed the GAAC, the GAAC then reviews the evidence, summarizes the case, and makes a recommendation to the associate dean concerning the resolution of the complaint.

If the GAAC believes it cannot resolve any issues without additional information, the GAAC may request any information needed from either the complainant, faculty member, or department/program. This information must be provided to the GAAC within one week of the meeting. If the requested information is not provided in the required time frame, then the GAAC may weigh this failure in making its final determination regarding the original complaint.

### COMMITTEE PROCESS

- All decisions of the GAAC will be made based on a simple majority (51%) vote.
- Members of the GAAC from the student's own unit are recused from the appeal process.
- The associate dean is chair of the GAAC and only votes when there is a tie.
- The student bringing the complaint to the GAAC carries the burden of proof based on the weight of the evidence in demonstrating that the grade is incorrect or unjustified.
- If the GAAC decides that the grading process was unfair, the GAAC can request that the instructor changes the student's grade.
  - If an acceptable agreement involves a change of grade, the instructor is responsible for submitting a change of grade to the Office of the University Registrar in a timely manner following notification of the GAAC's decision.
- The student shall be notified within three business days of a decision being reached.

If the student is not satisfied with the GAAC's disposition of the matter, or if the grade appeal is not resolved within 35 calendar days after the written statement is submitted to the college, the student may further pursue the matter by requesting in writing that the university convene an Academic Appeals Resolution Committee to review the issue. This must be submitted within 10 calendar days of the notification from the college. This committee has been designated as the final authority on these matters. Students may obtain information on this process by contacting the Office of the Provost.

### Academic Dismissal Appeal

If a student wishes to dispute an academic dismissal, the first step is to consult the graduate director about appealing to the department/program. If and when all departmental appeals are exhausted, the student can enter the formal procedure at the college level.

The student will meet with the associate dean for graduate studies who will attempt to resolve the issue by working with the department/program. Contact the Graduate Office at [gradcssh@northeastern.edu](mailto:gradcssh@northeastern.edu) to schedule the meeting. If it is not possible for the associate dean to resolve the issue with the department/program, the associate dean will determine if the complaint is substantive and there is just cause to convene the GAAC.

### **FORMAL COMPLAINT**

The student must provide a formal written complaint to the associate dean within one week of the student's meeting with the associate dean. The statement must be submitted no later than 28 calendar days from the day when the academic determination is made available to the student. The written complaint should provide a detailed timeline as well as all available evidence supporting the student's complaint. Once the associate dean receives a formal written complaint, the associate dean will provide a copy of the complaint to the department/program director and convene a meeting of the GAAC. If the student fails to provide a thoughtful and well-reasoned written summary of the case, then the matter will be considered closed at the college level. In the event of an alleged violation of the Student Code of Conduct, the associate dean will first seek a determination of the violation from the Office of Student Conduct and Conflict Resolution (<http://www.northeastern.edu/osccr/>).

The associate dean will make a good faith effort to identify a date and time for the meeting within 35 calendar days of the student's original submission of their statement.

### **APPEALS MEETING**

- The GAAC serves as the Academic Appeals Committee for the CSSH.
- The GAAC is convened in order to determine whether a fair and due process was used.

The student has the right to attend and present their case orally to the committee. The student isn't required to attend; however, it is usually quite helpful to make an oral presentation and answer any questions that the GAAC may have. If the complainant indicates that they will present their case in person and then fails to attend the scheduled hearing, the case will be dismissed. Lawyers are not permitted in these proceedings.

The student usually presents their complaint to the GAAC first. This is followed by a brief Q&A of the student by the GAAC. The GAAC may ask the complainant questions based upon either the written case submitted by the complainant or the complainant's oral presentation. The GAAC then reviews the evidence, summarizes the case, and makes a recommendation to the associate dean concerning the resolution of the complaint.

If the GAAC believes it cannot resolve any issues without additional information, the GAAC may request any information needed from either the complainant or department/program. This information must be provided to the GAAC within one week of the meeting. If the needed information is not provided in the time frame required, then the GAAC may weigh this failure in making its final determination regarding the original complaint.

### **COMMITTEE PROCESS**

- All decisions of the GAAC will be made based on a simple majority (51%) vote.
- Members of the GAAC from the student's own unit are recused from the appeal process.
- The associate dean is chair of the GAAC and only votes when there is a tie.
- The student bringing the complaint to the GAAC carries the burden of proof based on the weight of the evidence in demonstrating that the dismissal is incorrect or unjustified.
- If the GAAC decides that the academic dismissal should be revoked, the GAAC can request that the department reinstate the student immediately.

If the student is not satisfied with the GAAC's disposition of the matter, or if the dismissal appeal is not resolved within 35 calendar days after the written statement is submitted to the college, the student may further pursue the matter by requesting in writing that the university convene an Academic Appeals Resolution Committee to review the issue. This must be submitted within 10 calendar days of the notification from the college. This committee has been designated as the final authority on these matters. Students may obtain information on this process by contacting the Office of the Provost.

## Regulations for All Students

### Registration

Students must register via the Student Hub (<https://me.northeastern.edu>). Procedures to do so are available on the Office of the University Registrar's website. Consult the Academic Calendar (<https://registrar.northeastern.edu/group/calendar/>) for important registration dates.

Students are encouraged to obtain advisor approval of course selections each semester. This approval is required for all assistantship recipients and by some departments for all students. Students should check with individual departments for specific guidelines.

Students are expected to only complete the courses and semester hours required for the degree or certificate. Any courses taken outside of those requirements must be approved by the director of the graduate program.

### Transfer Credit

For general regulations concerning transfer credit in Northeastern University's graduate degree programs, please visit Regulations Applying to All Degree Programs (p. 91).

Degree students may petition to transfer credit through their departments to the College of Social Sciences and Humanities Graduate Office by completing the Transfer Credit form on the Office of the University Registrar's website. An official transcript must be attached to the petition.

### Awards

Only those students who are registered in degree programs are eligible for awards. Award recipients will receive an official award letter from the CSSH Graduate Office. Please pay attention to this letter as it is an official contract that should be read carefully. In order to maintain awards, students must be making satisfactory progress toward their degrees. Please refer to the Satisfactory Academic Progress section below for more information.

Students receiving a Stipended Graduate Assistantship must be in full-time status and be registered for a minimum of 6 semester hours. The standard duration of the SGA funding window is five years beginning from the time of admission and is not changed based on the source of funding or if the stipend is declined in any given semester(s). The health plan fee (NUSHP) is covered by the SGA award whereas the University Health and Counseling Services fee is not. Students on an SGA must be available to come to campus during normal business hours and are expected to spend 20 hours per week supporting their assignment. Unsatisfactory progress in either the graduate program or performance in assistantship-related duties or any deviation from the above may result in the early termination of the assistantship. Near the end of each funded term, student performance will be evaluated by their assignment supervisor and that evaluation will be filed with the CSSH Graduate Office.

CSSH Dean's Scholarship and Excellence Fellowship recipients must be in full-time status and be registered for a minimum of 8 semester hours.

### Withdrawal from Courses

To withdraw from a course, a student must drop the course via the Student Hub within the deadlines as established by the Office of the University Registrar. Consult the Academic Calendar (<https://registrar.northeastern.edu/group/calendar/>) for more information.

### Satisfactory Academic Progress

Satisfactory academic progress means satisfying requirements in the graduate program's general regulations and in the regulations specified by each department.

The college sets minimum standards for all students to fulfill, including:

- Maintaining the graduation requirement of a cumulative grade-point average of 3.000 (3.500 for doctoral programs) in their coursework
- Timely completion of coursework
- Timely completion of comprehensive/qualifying examinations

Departments and programs may have additional requirements that exceed those of the college. These requirements can be found in the Academic Catalog and department guides. Failure to maintain satisfactory academic progress may result in academic probation or dismissal from the program.

Receipt of financial support administered by the college is contingent on satisfactory academic progress toward the degree and on meeting department-specific guidelines. The college requires that all students receiving awards will generally have two semesters to reach a 3.000 GPA. Students whose cumulative GPA is below 3.000 (3.500 for doctoral programs) will be reviewed by their departments and by the CSSH Graduate Office and may have their funding terminated on recommendation of their department or by decision of the college in consultation with their department. In addition, continued funding for SGAs is contingent on satisfactorily carrying out duties as assigned.

Students enrolled in a program offering a cooperative education or internship option must be approved to participate. A minimum GPA of 3.000 is required at the time the co-op job or internship begins. Some departments may require a higher minimum GPA for co-op. Please refer to the Academic Catalog for program-specific information.

### Leave of Absence

Full-time students who will not be involved in any academic endeavor for a period of time are required to petition via the Request for Leave of Absence form on the Student Hub (<https://me.northeastern.edu>). The CSSH Graduate Office will not accept retroactive leave requests. Please note that if a

student is requesting a leave for medical reasons (p. 57), a Medical Leave of Absence form must be completed. Students should contact University Health and Counseling Services.

Leaves of absence generally are not approved for more than one calendar year at a time. Further, a leave of absence is generally not appropriate for an international student on a student visa, unless the student is leaving the United States. The student must consult with an international student advisor at the Office of Global Services.

Leaves of absence are not appropriate for master's or doctoral students who are working on a thesis or dissertation but are away from the Northeastern campus.

Except in the case of medical leaves, being on an approved leave of absence does not extend the amount of time allowed for degree completion or the makeup of incomplete grades.

### **Time Limitations**

Graduate course credits earned in the program of graduate study or accepted by transfer are valid for a maximum of seven years.

If students wish to apply for an extension of the university's seven-year time limit, they must submit a petition to their department of study. The petition must include a detailed plan for the completion of all remaining degree requirements. In the case of master's time-limit extension requests for coursework, the department must certify that the content of each of the courses has not changed since the time the student completed the course. If deemed appropriate, the department will recommend the approval of an extension to the college. The associate dean has final approval of time-limit extensions.

### **Application for the Diploma**

Application for the diploma is made by applying to graduate. More information is available on the Commencement website (<https://www.northeastern.edu/commencement/>). Even though all other degree requirements may have been met, the application to graduate must be completed in order to assure that the degree will be conferred on the appropriate graduation date. It is the responsibility of the student to make sure that degree requirements have been met. Once degree requirements have been met, the student will be cleared for commencement. Please note that there are no honors distinctions awarded at the graduate level.

### **Changes in Requirements**

The continuing development of the college may result in regular revision of curricula. When curriculum changes are made, students are allowed to complete the degree requirements of the program when they matriculated. If a student wishes to complete the degree requirements of the new curriculum, the student may request this in writing to the CSSH Graduate Office via [gradcssh@northeastern.edu](mailto:gradcssh@northeastern.edu).

## Doctor of Philosophy

The Doctor of Philosophy degree is awarded to candidates who give evidence of high scholastic attainment and research ability in their major field. Specific degree requirements are administered by a committee in charge of the degree program. It is the responsibility of the chair of this committee to certify to the college the completion of each requirement for each candidate. Note that advanced standing is determined at the time of admission by the graduate program director.

### Continuity of Registration

Students are expected to maintain satisfactory progress toward their intended degree. All students must register as approved by their advisors or the departmental graduate program directors. After establishing degree candidacy, registration must be continuous until graduation requirements are complete unless a leave of absence is allowed by and recommended by the departmental graduate committee and approved by the college. For each of the first two semesters that a doctoral candidate has established candidacy, the student must register for Doctoral Dissertation. For each semester beyond the two Dissertation registrations, the student must register for Doctoral Dissertation Continuation until the dissertation is approved by the college and submitted to ProQuest. During the terms when a student is registered for Doctoral Dissertation or Dissertation Continuation, coursework is not permitted as the course requirements for the degree have already been met. If the academic program requires enrollment in seminars or courses in addition to Dissertation or Dissertation Continuation, the graduate program director will make a recommendation to the college. Approval of the college must happen prior to registration. Students must be registered for Dissertation or Dissertation Continuation during the semester in which they take the final oral examination (including the full summer semester if that is when defense occurs). Any student who does not attend Northeastern University for a period of one year may be required to apply for readmission.

### Awards

Funding eligibility is contingent upon making satisfactory progress. See Regulations for All Students (p. 1046) for more information.

### Course Requirements

Course requirements in each doctoral program are specified by the committee in charge of the doctoral program and departmental regulations. These are detailed in the academic catalog for the student's term of entry.

### GPA Requirements

For all College of Social Sciences and Humanities doctoral degree programs, the minimum cumulative grade-point average is 3.500. To qualify for the degree, the minimum cumulative GPA must be obtained. This average will be calculated each semester according to the grading system noted in the academic catalog and will exclude any transfer credits or repeated courses. Individual programs may have additional GPA requirements. These can be found in the academic catalog or program policies and procedure documents. A student who does not make satisfactory progress toward degree requirements, as specified by the individual department, may be placed on academic probation or dismissed from the program. A student cannot begin working on exam requirements with a GPA that is below the program minimum.

### Annual Student Progress Review

All PhD degree students are required to meet with their faculty advisor for an annual student progress review. The reviews will be submitted to the departmental graduate committee, which will determine whether satisfactory progress is being made and students are eligible to proceed to complete their graduate work. The CSSH Graduate Office will receive a copy of each student's review.

### Residence Requirement

All PhD students must spend the equivalent of at least one academic year in residence at the university as a full-time graduate student. The departmental graduate committee specifies the method by which the residence requirement is satisfied. Residency is required of all students receiving a stipended graduate assistantship.

### Qualifying Examinations

In programs where comprehensive or qualifying exams are required, students must complete these requirements within the time limit set by the program.

### Dissertation Proposal

All CSSH doctoral programs require an approved prospectus or successful proposal defense for candidacy.

### Doctoral Degree Candidacy

PhD degree candidacy is established when students have completed all departmental requirements for candidacy. These requirements vary by department and include completing the minimum number of graduate semester hours required of doctoral students by the department (this may include an earned master's degree accepted by the department) and passing a qualifying examination and/or a comprehensive examination. All CSSH doctoral programs require an approved prospectus or successful proposal defense for candidacy. Once students reach doctoral degree candidacy they will be certified, in writing, by the college. Registration in coursework is not permitted once a student reaches candidacy.

### Doctoral Dissertation

Each doctoral student must complete a dissertation that embodies the results of extended research and makes an original contribution to the field. This work should give evidence of the candidate's ability to carry out independent investigation and interpret in a logical manner the results of the

research. The method of approval of the dissertation is established by the departmental graduate committee. No dissertation committee shall have fewer than three faculty members, two of whom shall be from Northeastern. The chair of the dissertation committee will be a full-time tenured or tenure-track member of the faculty of Northeastern and will hold an appropriate doctorate. A research faculty member may chair a dissertation committee if the faculty member holds an appropriate doctorate and has received the approval to do so from the tenured and tenure-track faculty members of the unit(s) in which their appointment resides.

### **Final Oral Examination**

The final oral examination will be on the subject matter of the doctoral dissertation and on important developments in the field of the dissertation. Other fields may be included if recommended by the examining committee. This examination will be taken after completion of all other degree requirements and must be held at least four weeks prior to the commencement at which the degree is to be awarded. All internal and external committee members are expected to participate in the defense. The college must be notified of all scheduled defenses and expects that the defense will be publicly advertised for at least two weeks prior to the scheduled date. Some programs may require up to 30 days' notice.

- Upon successful defense of the dissertation, the student must have a dissertation approval record signed by the members of the dissertation committee and the department chair. Contact the CSSH Graduate Office at [gradcssh@northeastern.edu](mailto:gradcssh@northeastern.edu) for the approval form template.
- The student must have the dissertation approval record approved by a representative from the CSSH Graduate Office.
- The student must submit an electronic copy of the dissertation to ProQuest, following the directions outlined at the University Library website.

## Master's Degrees

### Academic Requirements

A candidate for the master's degree must complete a minimum of 30 semester hours of graduate-level coursework and additional requirements as determined by the department in which the student is registered.

To qualify for the degree, a minimum cumulative average of 3.000, equivalent to a grade of B, must be obtained. This average will be calculated each semester according to the grading system noted on the Office of the University Registrar's website and will exclude any transfer credits and nonrepeatable courses that have been retaken. A student who does not make satisfactory progress toward degree requirements, as specified by the individual department, may be dismissed from the program.

### Continuity of Registration

Students are expected to maintain satisfactory progress toward their intended degrees. All students must be registered in the last semester of their program. Any student who does not attend Northeastern University for a period of one year will be required to apply for readmission.

### Comprehensive Examination

Some programs require a final written or oral comprehensive examination. This examination will be given by the department concerned at least two weeks before the commencement at which the degree is expected. Students should check with individual departments for specific guidelines.

### Thesis

Some programs require or offer Master's Thesis. Theses should demonstrate the individual's capacity to execute independent work based on original material. Registration for XXXX 7990 Thesis is required. In cases in which a grade is required, theses must receive a grade of B (3.000) or better to be accepted. Students who have not completed their thesis after having registered for the specified number of thesis credits must register for XXXX 7996 Master's Thesis Continuation in the subsequent semester. Master's Thesis Continuation will carry no credit but will be recorded on the student transcript with the appropriate grade (S or U). Master's Thesis Continuation is not repeatable.

- Upon successful defense of the thesis, the student must have a thesis approval record signed by the members of the thesis committee. Visit Thesis and Dissertation Formatting Guidelines (<https://cssh.northeastern.edu/resources/theses-and-dissertations/>) for the approval form template and additional guidance.
- The student must have the thesis approval record approved by a representative from the CSSH Graduate Office.
- The student must submit an electronic copy of the thesis to ProQuest, following the directions outlined on the University Library website.

## School of Criminology and Criminal Justice

CSSH Graduate Programs General Regulations (p. 1041)

The School of Criminology and Criminal Justice prepares students for meaningful careers in criminology, justice policy, the law, criminal justice, and related fields, including professional research careers. We do this by applying multidisciplinary social science tools that predict and explain crime, as well as deepening the understanding of policies that improve our systems of justice. Our approach is experiential, and our methods for teaching are rooted in knowledge creation as a top-tier research program. Our goal is to create ethical problem solvers who are prepared to tackle important crime and justice issues facing society. Our educational goals for students include a commitment to identify and address the role of systemic racism and intersecting dimensions of oppression in the development and application of justice system policies and practices, crime and justice theory, and research.

The school offers a Master of Science degree in criminology and criminal justice and a PhD degree in criminology and justice policy. In addition, the school offers a JD/MS in criminology and criminal justice program and a JD/PhD in criminology and justice policy in conjunction with the School of Law.

## **Programs**

### **Doctor of Philosophy (PhD)**

- Criminology and Justice Policy (p. 1052)

### **Master of Science (MS)**

- Criminology and Criminal Justice (p. 1055)

### **Dual Degrees**

- Law, JD/Criminology and Justice Policy, PhD (p. 778)
- Law, JD/Criminology and Criminal Justice, MS (p. 779)

## Criminology and Justice Policy, PhD

The doctoral program in criminology and justice policy at the School of Criminology and Criminal Justice at Northeastern University seeks to prepare students for professional and research careers in criminal justice, criminology, and related fields by applying multidisciplinary and comparative social science to understand, predict, and explain crime and contribute to the development of public policy within urban communities. Using an active-learning approach, the school seeks to develop its students intellectually and ethically, while providing them with a keen appreciation for the complexities of crime and public and private efforts to make communities safer and to ensure justice.

The program is full time and is small and student centered. Students may enter the program with either a bachelor's degree or a master's degree. It is expected that students will be able to complete the program in four to five years, and students entering with a master's degree will be able to complete the program in three to five years.

Year one in the doctoral program offers students an opportunity to obtain a broad foundational knowledge in the discipline: one semester on theories of criminal justice process, two semesters of criminological theory, two semesters of statistics, and one semester of advanced research methods. To ensure that all students have mastered the foundational material emphasized across the required courses for the PhD program and can successfully integrate theory, research, and policy, all PhD students take a "foundations" qualifying examination at the end of their first year in the doctoral program.

After demonstrating mastery of the foundational knowledge in year one, students devote themselves to a more specific area of research in years two and three. Students demonstrate this commitment through the second and third qualifying examinations: an area exam and a publishable paper.

Following successful completion of the three qualifying examinations, and required and elective course work, the students proceed to a formal dissertation proposal defense.

### Doctoral Degree Candidacy

A student achieves candidacy when they have successfully completed all course work (54 semester hours for students entering with a bachelor's degree or 42 semester hours for students entering with advanced standing), passed all three qualifying examinations, and deposited the final version of their dissertation proposal (approved by their full committee) with the school's graduate program office. Candidacy is certified, in writing, by the college.

### Program Requirements

#### Bachelor's Degree Entrance

Complete all courses and requirements listed below unless otherwise indicated.

#### Milestones

Annual review  
 Three qualifying examinations—foundations exam, area exam, and publishable paper  
 Dissertation committee  
 Dissertation proposal  
 PhD candidacy  
 Dissertation defense

## Criminology and Criminal Justice, MS

The master's program in criminology and criminal justice at Northeastern University concentrates both on the problem of crime as a form of deviant behavior and on the criminal justice and private security systems that deal with it. The program emphasizes a systems approach to criminal justice, stressing policy development and analysis, as well as the impact these policies have on the individuals and organizations charged with delivering justice in a fair and equitable manner. In concept and scope, the MS degree encompasses such related disciplines as law, sociology, political science, psychology, criminology, and public administration.

The master's program is comprised of required courses encompassing both substantive and technical skills. Additionally, students choose elective courses from offerings within the graduate program in criminal justice or in other graduate programs in the College of Social Sciences and Humanities. The course offerings afford students the flexibility to customize their own programs, which may include an internship, directed study, or master's thesis.

For students interested in criminal justice in an increasingly digital world, the Master of Science in Criminology and Criminal Justice with a Concentration in Cybersecurity offers a strong criminal justice foundation coupled with the conceptual and practical skills that enables them to contribute to ensuring the reliability and security of cyberspace. Successful students will learn the principles, practices, and responsibilities of criminal justice professionals alongside the fundamental knowledge of computer science skills necessary for practical applications in the field. The concentration in cybersecurity provides criminal justice students an opportunity to learn how social behavior, policy, and legal rules can affect cybersecurity and the tools of information technology.

Faculty members in the graduate program represent several different academic disciplines, and teaching activities vary in nature depending on the instructors' specific objectives. The faculty's specialized interests help make possible a broad range of program offerings, including courses on the criminal justice process, victimology, security management, criminal law, juvenile justice, law and psychology, and terrorism.

The master's program offers an optional cooperative education experience (co-op) to eligible students. Students extend the two-semester program to 18 months through a co-op work experience and Experiential Integration (INSH 6864), the associated experiential integration course. Cooperative education is central to both the Northeastern experience and to the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

Briefly stated, the graduate program endeavors to:

- Assist in developing criminal justice and private security leaders capable of assuming responsibility for policy planning and administration
- Offer students an opportunity to acquire the necessary skills and knowledge to conduct applied research while assisting them in developing the ability to apply this research in a variety of criminal justice settings
- Provide an opportunity for a solid educational foundation for those who wish to pursue more advanced graduate study beyond the Master of Science degree

Graduate study in criminology and criminal justice may be pursued on either a full- or part-time basis. All candidates for the Master of Science in Criminology and Criminal Justice degree must successfully complete a minimum of 32 semester hours of credit in course work.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Required Core</b>		
CRIM 6200	Criminology	4
CRIM 6202	The Criminal Justice Process	4
<b>Research and Statistics</b>		
INSH 6300	Research Methods in the Social Sciences	4
INSH 6500	Statistical Analysis	4

#### Electives

Code	Title	Hours
Complete 16 semester hours in the following range.		16
CRIM 5000 to CRIM 7999		
INSH 5000 to INSH 7999		
POLS 5000 to POLS 7999		

1056 Criminology and Criminal Justice, MS

PPUA 5000 to PPUA 7999

SOCL 5000 to SOCL 7999

### Optional Concentration in Cybersecurity

Students adding a concentration in cybersecurity must use 12 semester hours of their elective credits to complete the following courses:

Code	Title	Hours
<b>Required</b>		
CY 5001	Cyberspace Technology and Applications	4
Choose two courses from the following:		8
CRIM 6262	Evidence-Based Crime Policy	
CY 5010	Foundations of Information Assurance	
CY 5200	Security Risk Management and Assessment <sup>1</sup>	
CY 5210	Information System Forensics <sup>1</sup>	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
CY 5250	Decision Making for Critical Infrastructure	

<sup>1</sup> Instructor approval

### Optional Co-op Experience

Code	Title	Hours
Four-month co-ops require registration at 1 SH for one term. Longer co-ops require registration at 1 SH per term for two consecutive terms.		1-2
CRIM 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

### Program Credit/GPA Requirements

32 total semester hours required (33-34 with optional co-op)

Minimum 3.000 GPA required

## Law, JD / Criminology and Justice Policy, PhD

The JD/PhD program will expand the knowledge base and career options of students. The disciplines of criminology and justice policy and law share common interests in identifying opportunities to create conditions for justice, equality, and societal well-being. The dual degree will provide students with a comprehensive interdisciplinary understanding of what influences criminal justice problems and the sociopolitical, legal, and economic context in which they are found. Solving problems requires interdisciplinary knowledge and an analytical and practical skill set that includes interprofessional problem solving.

Up to 16 credits of coursework in the dual-degree program can be counted toward both the JD degree and the PhD degree. Of these 16 credits, no more than 12 credits of non-law courses can count toward the JD degree.

Students will take law courses during semesters spent in the law school. Students will take criminology courses during semesters spent in SCCJ. Please consult the School of Law (<https://www.northeastern.edu/law/>) for more information about JD requirements. Additionally, please consult SCCJ (<https://cssh.northeastern.edu/sccj/>) for more information about PhD requirements.

All JD students, including FlexJD students, are ordinarily eligible to apply into dual degree pathways.

## Law, JD / Criminology and Criminal Justice, MS

The JD/MS program will expand the knowledge base and career options of students. The disciplines of criminal justice and law share common interests in identifying opportunities to create the conditions for justice, social equality, and societal well-being. The dual degree is designed to provide students with a comprehensive interdisciplinary understanding of what influences criminal justice problems and the social, political, legal, economic context in which they are found. Solving these problems requires interdisciplinary knowledge and an analytical and practical skill set that includes interprofessional problem solving.

Up to 16 credits of coursework in the dual-degree program can be counted toward both the JD degree and the MS degree. Of these 16 credits, no more than 12 credits of non-law courses can count toward the JD degree.

Students will take law courses during semesters spent in the School of Law. Students will take criminology courses during semesters spent in the School of Criminology and Criminal Justice. Please consult the School of Law for more information about JD requirements. Additionally, please consult SCCJ for more information about MS requirements.

All JD students, including FlexJD students, are ordinarily eligible to apply into dual degree pathways.

## Economics

Website (<https://cssh.northeastern.edu/economics/>)

**Robert Triest, PhD**  
Professor and Chair

617.373.2871  
[gradecon@northeastern.edu](mailto:gradecon@northeastern.edu)

CSSH Graduate Programs General Regulations (p. 1041)

The Department of Economics offers both a Master of Science and a Doctor of Philosophy in Applied Economics. The most distinctive feature of these programs is their emphasis on applied economics, coupled with attention to providing a solid grounding in microeconomic and macroeconomic theory, and econometrics. Students come from all over the world, and the curriculum is designed with this in mind, striving for balance in coverage of economies that are rich and poor, large and small, mixed and market. This gives a unique flavor to the course of study, making it well suited to the analysis of the emerging global economy of the 21st century.

The Master of Science program is in applied economic policy analysis, with broad specialization areas. The program is large enough to support a full slate of core and area courses each year, yet small enough to maintain a sense of community among the students.

The program is especially appropriate for those who wish to work in or return to positions in government, teaching, finance, or industry while providing a rigorous basis for those who want to continue their studies to the doctoral level.

Our signature co-op program offers qualified MS students the opportunity to apply for paid work positions as practicing economists for up to six months as part of their academic program. This paid work experience enhances our MS degree and its emphasis on application. Students have an opportunity to learn how to apply their knowledge, solve problems, and make a difference in the world before they graduate. Our graduates either find full-time work in their area of specialty or go on to earn additional graduate degrees. All of our graduates find jobs after completing our program.

Master of Science students may choose to pursue a concentration in data science. The concentration strategically combines econometrics and machine-learning techniques to analyze and predict outcomes with Big Data. Students in Seattle are required to select this concentration.

Our master's program-specific learning courses also feature "tracks." Along with the core MS classes, these tracks help our students prepare for different career paths. The Department of Economics currently offers three tracks (<https://cssh.northeastern.edu/economics/graduate/ma/>):

- Policy
- Quantitative analysis
- Academic

The PhD program is small and focused, and we welcome applications from those with a bachelor's or master's degree who have had prior training in macroeconomic and microeconomic theory and possess strong quantitative skills. Students take coursework in industrial organization, competition policy, and regulatory and labor economics. Health economics or development economics are additional areas that may be integrated into the primary fields noted above.

### Programs

#### Doctor of Philosophy (PhD)

- Economics (p. 1060)

#### Master of Science (MS)

- Economics (p. 1064)

## Economics, PhD

The PhD program in economics offers specializations in *industrial organization, competition policy, and regulatory economics* and *labor economics*.

### Timeline

The PhD program for each student has two phases: the coursework phase followed by the dissertation phase. The coursework phase consists of required coursework and field courses, as well as taking and passing the three qualifying examinations.

A student moves into the dissertation phase upon successful completion of required coursework and upon passing the qualifying examinations. In the dissertation phase the student must prepare a dissertation proposal and present and defend the dissertation proposal before the student's proposal review committee. A student who successfully defends the dissertation proposal achieves candidacy. At the end of the dissertation phase, the student must defend their completed dissertation.

### Coursework

Students entering the doctoral program will take seven core classes (28 semester hours), two classes in each of two doctoral fields (16 semester hours), and one elective (4 semester hours), for a total program requirement of 48 semester hours.

Core courses are focused on developing an advanced theoretical and quantitative foundation (macroeconomic theory, microeconomic theory, and applied econometrics). The remainder of the coursework is focused on the sophisticated application of analytical tools in the chosen field of concentration.

PhD students are expected to take three classes per semester as necessary to meet the degree's coursework requirements in the minimum number of semesters.

### Field Coursework and Grade Requirement

Students must take four field courses, and they are strongly encouraged to take as many field courses as possible. Students should plan to take the two labor and two industrial organization courses, even if they arrange to do a field in development or health economics. Students interested in customizing their fieldwork should consult the PhD Program Guidelines on the website.

**To maintain satisfactory standing in the PhD program, students must earn a grade of B or higher in at least four field courses.** Students who do not earn a B in at least four field courses will be offered one opportunity to meet the grade standard. Consult PhD Program Guidelines on the website for further details.

### Examinations

#### THREE QUALIFYING EXAMINATIONS—MACROECONOMICS, MICROECONOMICS, AND ECONOMETRICS

Three qualifying examinations are required upon completion of Macroeconomics 2, Microeconomics 2, and Econometrics 2. Students must receive a minimum grade of B– in the associated theory class to sit for its exam. Students are given a maximum of two attempts to pass each exam to continue in the program. Failure to sit for an exam at the appropriate time without prior consent of the graduate program director will result in an automatic fail on that exam.

### Proposal Review

Students must complete the proposal review within two years of finishing their coursework; however, the department expects that a doctoral candidate's **dissertation committee** will be formed and the dissertation proposal presented within one year of reaching degree candidacy, which is normally by the end of the student's third year.

A **dissertation proposal** states the question or hypothesis, reviews the relevant literature, and explains how the proposed work will contribute to that literature and general understanding. The proposal sets forth data sources, models, and econometric issues in sufficient detail so that any faculty member not in the field will be able to assess its merits. Normally, the proposal should not exceed 30 double-spaced pages. The proposal is first approved by the dissertation committee and then presented at an open seminar.

Consult PhD Program Guidelines on the website for further details.

### Doctoral Degree Candidacy

Upon successful completion of the proposal review, the student becomes a degree candidate. Candidacy may make the student eligible for a higher stipend and is an essential step in making satisfactory progress. Degree candidacy must be achieved within two years of completion of required coursework.

#### DISSERTATION

Students must complete their dissertation defense within five years of finishing their coursework, and postponing the proposal review does not alter the total time that students may use to complete their PhD. Under extenuating circumstances, a student may request an extension of this time frame from the Graduate Office.

One month in advance of the prospective date of the defense, the completed dissertation that is to be defended must be circulated to the committee members. At that time, all members of the committee must sign off on their agreement that the dissertation is ready for defense. Each student will have a dissertation committee chaired by a faculty member with an appointment in the economics department and at least two other members.

Committees may have two cochairs. Committees should not have more than four members (except at interim stages if faculty are leaving the committee). Committees may include members outside the economics department, but at least two committee members must have an appointment in the economics department. The composition of the committee should be set before the proposal review and again, if changes occur, before the dissertation defense. Committee compositions must be approved by the graduate program director and department chair.

The dissertation defense normally takes place during the student's fifth year. Those who have not defended by the end of their fifth year must submit a status report and timetable for approval by their dissertation advisor and the PhD program director. Consult PhD Program Guidelines on the website for further details

### WRITING THE DOCTORAL DISSERTATION

Writing the dissertation entails working with the principal advisor and other committee members until it is determined that a dissertation is complete and the candidate is ready to present and defend the work at an open seminar. Candidates must arrange a date and time for the defense at least three weeks in advance. Students must familiarize themselves with the Theses and Dissertations Formatting Guidelines (<https://cssh.northeastern.edu/resources/theses-and-dissertations/>). The guide provides links to formatting tips, sample introductory pages, sample approval record, and deadlines. In addition, a checklist is provided to ensure students have fulfilled the required steps in the commencement clearance process.

### Milestones

Maintaining satisfactory academic progress during doctoral candidacy requires the following:

#### PHD ANNUAL STUDENT PROGRESS REVIEW

Each PhD student will have an annual review of their progress toward the degree. Receipt of financial support administered by the graduate school is contingent upon satisfactory academic progress toward the degree and satisfactory performance in assigned duties. See the CSSH General Regulations (p. 1041) for further details.

#### FIELD WORKSHOP PARTICIPATION

All PhD students registered for Doctoral Dissertation or Continuation who are in residence are expected to regularly attend a field seminar in industrial organization or labor. These seminars meet roughly every week, and their purpose is to assist students in choosing and evaluating dissertation topics as well as advancing and completing their dissertation. All doctoral candidates will be expected to present their research at various stages of writing their dissertation.

#### SEMINAR SERIES PARTICIPATION

All PhD students registered for Doctoral Dissertation or Continuation who are in residence are expected to regularly attend academic seminars by speakers invited to campus through the Department of Economics Seminar Series. Participation in these seminars is an important component of doctoral training and is intended to expose students to current research in their field while helping to develop and hone their own presentation skills.

#### PRACTICAL EXPERIENCE IN APPLIED ECONOMICS PROGRAM

Participation in at least one semester of the Practical Experience in Applied Economics program is required of all students who have reached doctoral candidacy. The program is offered in the spring semester every other year. In this program, a variety of prominent practitioners working in consulting and government agencies in the fields of industrial organization and labor will describe their practical experience applying economics to a variety of consulting and policy problems, including antitrust, regulation, labor market policy, education, and health policy. This is a participatory class that will require advanced reading and preparation of questions for the practitioners in addition to other assignments.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

### Milestones

Three qualifying examinations—microeconomics, macroeconomics, and econometrics

Annual reviews

Dissertation committee

Dissertation proposal

Dissertation defense

Field workshops (and present following completion of coursework)

Economics Seminar Series and Job Talks

Practical Experience in Economics series

### Core Requirements

Code	Title	Hours
<b>Quantitative</b>		
ECON 6105	Advanced Mathematics and Statistics for Economists	4
ECON 6140	Advanced Applied Econometrics	4

ECON 7740	Applied Econometrics 2	4
-----------	------------------------	---

**Theory**

ECON 6110	Advanced Microeconomic Theory	4
ECON 6120	Advanced Macroeconomic Theory	4
ECON 7710	Microeconomic Theory 2	4
ECON 7720	Macroeconomic Theory 2	4

**Field**

To maintain satisfactory standing in the PhD program, students must earn a grade of B or higher in at least four field courses.

*Labor Economics Field*

ECON 7763	Labor Market Analysis	4
ECON 7764	Topics in Labor Economics	4

*Industrial Organization Field*

ECON 7771	Framework of Industrial Organization	4
ECON 7772	Public Policy Toward Business	4

**Program Credit/GPA Requirements**

32 total semester hours required

Minimum 3.500 GPA required

## Economics, MS

The Master of Science program focuses on applied economic policy analysis, with broad specialization areas. The program is large enough to support a full slate of core and area courses each year, yet small enough to maintain a sense of community among the students. The program is especially appropriate for those who wish to work in or return to positions in government, teaching, finance, or industry while providing a rigorous basis for those who want to continue their studies to the doctoral level.

The Master of Science in Economics offers the opportunity for master's students to apply for paid work positions through Northeastern University's world-famous co-op program. Qualified and approved master's students can participate in co-op as practicing economists for up to six months as part of their academic program (note that a minimum GPA of 3.000 is required in order to apply). This paid work experience enhances the degree and its emphasis on application. Students have an opportunity to learn how to apply their knowledge, solve problems, and make a difference in the world before they graduate. Our graduates either find full-time work in their area of specialty or go on to earn additional graduate degrees. All of our graduates find jobs after completing our program. For more information, please visit the Master of Science in Economics (<https://cssh.northeastern.edu/economics/program/ms-graduate-program/>) website.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Quantitative</b>		
ECON 5105 or ECON 6105	Math and Statistics for Economists Advanced Mathematics and Statistics for Economists	4
ECON 5140 or ECON 6140	Applied Econometrics Advanced Applied Econometrics	4
<b>Theory</b>		
ECON 5110 or ECON 6110	Microeconomic Theory Advanced Microeconomic Theory	4
ECON 5120 or ECON 6120	Macroeconomic Theory Advanced Macroeconomic Theory	4

#### Electives

With prior approval from the graduate program director, the following courses may substitute for electives: Thesis (ECON 7990) or Internship In Economics (ECON 8550). Additionally, a student may select a maximum of 8 graduate semester hours offered by other departments.

Code	Title	Hours
Complete 16 semester hours from the following range (excluding any class taken to fulfill core requirements above):		16
ECON 5200 to ECON 7772		

#### Concentration in Data Science for Economics

The concentration may be taken in place of the elective section. Seattle students are required to complete the concentration.

Code	Title	Hours
<b>Required</b>		
CS 5800	Algorithms	4
DS 5110	Introduction to Data Management and Processing	4
Complete 4 semester hours from the following courses:		4
DS 5220	Supervised Machine Learning and Learning Theory	
DS 5230	Unsupervised Machine Learning and Data Mining	
DS 5500	Data Science Capstone	
<b>Economics Elective</b>		
Complete 4 semester hours from the following range:		4
ECON 5200 to ECON 7772		

**OPTIONAL CO-OP EXPERIENCE**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
Requires two consecutive semesters of Co-op Work Experience and Experiential Integration:		
ECON 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

**Program Credit/GPA Requirements**

32 semester hours required (34 with optional co-op)

Minimum 3.000 GPA required

## English

gradenglish@northeastern.edu

CSSH Graduate Programs General Regulations (p. 1041)

The graduate program in English is grounded in the study of British and American literature through the most current modes of humanistic inquiry and in the disciplines of writing and rhetoric. Both in coursework and through the NULab for Texts, Maps, and Networks (<https://web.northeastern.edu/nulab/>), the graduate program in English also offers training in the digital humanities. Altogether, our degree programs provide a challenging, flexible, and wide-ranging education in English studies today.

### **Programs**

#### **Doctor of Philosophy (PhD)**

- English (p. 1067)

#### **Master of Arts (MA)**

- English (p. 1070)

#### **Graduate Certificate**

- Digital Humanities (p. 1072)

## English, PhD

The PhD program seeks to train students to be productive scholars and teachers in the fields of both literary studies and rhetoric and composition. In course work, students read and analyze the important texts, current issues, and critical methodologies of the discipline. Drawing on the breadth of this preparation, students demonstrate their ability to recognize and produce scholarly arguments in designing the three comprehensive field papers in areas of scholarly interest and competence corresponding to recognized and emerging fields of study. Finally, the dissertation offers students an opportunity to design a focused research project in consultation with a dissertation advisor. Throughout the program, faculty works closely with doctoral students to develop their scholarly and professional identities in preparation for careers.

### Academic Standing/Progress

To be considered in good academic standing, PhD students must be making progress toward their degree requirements, including maintaining a 3.500 minimum cumulative grade-point average (GPA) and completing the comprehensive examination within one year of finishing coursework.

### Doctoral Degree Candidacy

Students entering with a relevant BA must complete 48 semester hours; students entering with a relevant MA must complete 24 semester hours. All students must complete the language requirement, pass the comprehensive examination, and submit their approved prospectus within six months after completing the comprehensive examination to reach candidacy.

### General Regulations

Program requirements are described in the CSSH Graduate Programs General Regulations (p. 1041) and the Graduate Program in English PhD Guide (<https://cssh.northeastern.edu/english/resources/resources-for-current-grad-students/>). Both documents are updated annually.

### Program Requirements

#### Bachelor's Degree Entrance

#### Milestones

- Annual progress review
- Reading proficiency in two languages other than English
- Comprehensive exam
- Dissertation committee
- Dissertation prospectus
- Doctoral degree candidacy
- Public prospectus/dissertation work-in-progress presentation
- Dissertation defense

### Core Requirements

Code	Title	Hours
<b>Proseminar</b>		
ENGL 5103	Proseminar	4
<b>Theories and Methods</b>		
Complete 4 semester hours from the following:		4
ENGL 7351	Topics in Literary Study	
ENGL 7358	Topics in Literature and other Disciplines	
ENGL 7370	Introduction to Digital Humanities	
ENGL 7380	Topics in Digital Humanities	
WMNS 6100	Theorizing Gender and Sexuality	
WMNS 7976	Directed Study (GCWS Consortium, selected topics only)	
<b>Writing and Rhetoric</b>		
Complete 4 semester hours from the following (if completing 12 semester hours of Literary Period requirements).		4-8
Complete 8 semester hours of the following (if completing 8 hours of Literary Period requirements).		
ENGL 7360	Topics in Rhetoric	
ENGL 7392	Writing and the Teaching of Writing	
ENGL 7395	Topics in Writing	
<b>Literary Periods</b>		
Complete 8 semester hours from TWO of the following Literary Periods (if completing 8 semester hours of Writing and Rhetoric requirements), or complete 12 semester hours from THREE of the following Literary Periods (if completing 4 semester hours of Writing and Rhetoric requirements):		
<i>Literature Pre-1700</i>		
ENGL 7281	Topics in Medieval Literature	

1068 English, PhD

ENGL 7282	Topics in Renaissance Literature
<i>Literature 1700–1900</i>

## English, MA

The Master of Arts degree launches students into the study of literature, writing, and rhetoric at the graduate level. The program offers one and a half to two years of intensive study in the major fields of British and American literature, covering the debates and approaches that animate the discipline of English. Our MA graduates are fully prepared to proceed to study at the doctoral level, and their training in critical thinking, language skills, and cultural history has also proven to be fruitful preparation for a range of careers outside of academia.

The master's program offers an optional cooperative education experience to eligible students. Co-op is central to both the Northeastern University experience and the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the co-curricular experiential integration course.

### Academic Standing/Progress

To be considered in good academic standing, MA students must be making progress toward their degree requirements, including maintaining a 3.000 minimum cumulative grade-point average.

### General Regulations

Program requirements are described in the CSSH Graduate Programs General Regulations (p. 1041) and the Graduate Program in English MA Guide (<https://cssh.northeastern.edu/english/resources/resources-for-current-grad-students/>). Both documents are updated annually.

### Program Requirements

#### Milestones

Annual progress review

Reading proficiency in a language other than English

ENGL 7360	Topics in Rhetoric	
ENGL 7392	Writing and the Teaching of Writing	
ENGL 7395	Topics in Writing	
<b>Literary Periods</b>		
Complete 8 semester hours from two of the following literary periods (if completing 8 semester hours of writing and rhetoric requirements); or complete 12 semester hours from three of the following literary periods (if completing 4 semester hours of writing and rhetoric requirements):		8-12
<i>Literature Pre-1700</i>		
ENGL 7281	Topics in Medieval Literature	
ENGL 7282	Topics in Renaissance Literature	
<i>Literature 1700–1900</i>		
ENGL 7284	Topics in 18th-Century Literature	
ENGL 7352	Topics in Genre	
<i>Literature Post-1900</i>		
ENGL 7211	Topics in American Literature	
ENGL 7244	African-American Novel	

## Electives

Code	Title	Hours
Complete 8 semester hours of ENGL courses, or non-ENGL courses with prior approval.		8
ENGL 5000-ENGL 7980		
ENGL 7990	Thesis (minimum 3.500 GPA required)	

## Optional Co-op Experience

Code	Title	Hours
Four-month co-ops require registration at 1 SH for one term. Longer co-ops require registration at 1 SH per term for two consecutive terms		1-2
ENGL 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

## Program Credit/GPA Requirements

32 total semester hours required (34 with optional co-op)

Minimum 3.000 GPA required

## Digital Humanities, Graduate Certificate

CSSH Graduate Programs General Regulations (p. 1041)

The Graduate Certificate in Digital Humanities allows students to pursue an organized course of study in digital humanities with the interdisciplinary faculty of the NULab for Texts, Maps, and Networks (<https://cssh.northeastern.edu/nulab/>). This certificate can be completed both by Northeastern University doctoral and master's students in the course of their existing program of study as well as those seeking a stand-alone certificate.

Digital humanities is an emerging field of research that is interdisciplinary in scope and collaborative in nature. The field is developing in relation to new digital technologies that have changed the objects of study, methods, and opportunities for research and teaching in existing humanities fields. Digitized texts are now read and accessed in new ways; digitized corpora of texts make possible new modes of quantitative and qualitative analysis (including "distant reading," text mining, mapping, and network analysis); born digital objects constitute new primary sources in need of humanistic theorization, approaches, and critical vocabularies; and modes of encoding, aggregating, and connecting texts enable the creation of new archival resources that are changing our understanding of the archive itself as well as revealing new historical, literary, and cultural patterns.

The field is new and developing rapidly. Many students are eager for training in this area—both because DH is at the cutting edge of disciplinary work and because it offers new opportunities for employment within the academy and outside of it.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Final Project

The student will complete a final independent DH research project located in the student's home program (such as a thesis, or a portion thereof) or participation in a collaborative DH project with substantial student participation. The final project will be overseen by the NULab faculty members teaching the NULab project seminar during its development; NULab workshop instructors will advise students on their projects and help students get guidance from other faculty as appropriate. Final projects will be submitted with three components: the project itself, a written project description of about 3,000 words, and a presentation to the NULab community. The DH certificate committee will formally approve all final projects.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
Topics/Readings/Methods		
ENGL 7370 or HIST 7370	Introduction to Digital Humanities (Introduction to Digital Humanities) Texts, Maps, and Networks: Readings and Methods for Digital History	4
Lab Project Seminar		
Complete the following (repeatable) course twice:		4
INSH 7910	NULab Project Seminar	

#### Elective

Code	Title	Hours
Complete 4 semester hours from the following:		
ARTG 5100	Information Design Studio 1: Principles	
ARTG 5120	Research Methods for Design	
ARTG 5150	Information Visualization Principles and Practices	
CS 6120	Natural Language Processing	
CS 7250	Information Visualization: Theory and Applications	
CS 7260	Visualization for Network Science	
CS 7290	Special Topics in Data Science	
ENGL 7380	Topics in Digital Humanities	
HIST 7219	Topics in Cultural History (selected topics only)	
HIST 7239	Space and Place	
HIST 7250	Topics in Public History (selected topics only)	
INSH 5301	Introduction to Computational Statistics	
INSH 5302	Information Design and Visual Analytics	
INSH 5602	Documenting Fieldwork Narratives: Oral History, Ethnography, Archival Practices	

INSH 6406	Analyzing Complex Digitized Data
JRNL 6340	Fundamentals of Digital Journalism
JRNL 6341	Telling Your Story with Data
JRNL 6355	Seminar in Investigative Reporting
POLS 7334	Social Networks
PPUA 5263	Geographic Information Systems for Urban and Regional Policy

**Program Credit/GPA Requirements**

Minimum 12 total semester hours required

Minimum 3.000 GPA required

617.373.2662

617.373.3661 (fax)

gradhistory@northeastern.edu

CSSH Graduate Programs General Regulations (p. 1041)

Graduate work in history focuses on global and world history, which study the interactions among geographical regions and historical processes around the globe. Students at both the master's and doctoral levels concentrate their work on the history of regions or peoples in Africa, Asia, Europe, Latin America, or the United States, with attention to the intersections and connections between national, regional, and global developments. The Department of History also offers a master's degree with a concentration in public history that emphasizes the study of topics such as material culture, historical exhibits and museums, historical agencies, and archival administration. Recent doctoral students have been the recipients of major fellowships for conducting dissertation research abroad, including Fulbright, Fulbright-Hays, Social Science Research Council, and Chateaubriand fellowships.

### **Programs**

#### **Doctor of Philosophy (PhD)**

- History (p. 1075)

#### **Master of Arts (MA)**

- History (p. 1078)

#### **Graduate Certificate**

- Public History (p. 1080)

## History, PhD

The PhD program, with a focus on global, transnational, and comparative history, seeks to train research historians who plan to teach at the college and university level. Systematic training in theory and methodology and preparation for college teaching are distinctive features of the Northeastern program.

### Academic Standing/Progress

Students are required to maintain an overall GPA of at least 3.500. In addition, the PhD annual review is based on a report by the student's advisor with attention to:

1. Success in setting up a doctoral committee
2. Passing the departmental language examination in the language of their field
3. Successful performance of teaching assistant duties
4. Successful completion of courses in the tiered system (i.e., the required course sequence)
5. Successful completion, where appropriate, of other required activities, including construction of the comprehensive examination list and the dissertation proposal and scheduling of comprehensive examinations

### Doctoral Degree Candidacy

Students entering without an MA in history must complete 45 semester hours of coursework; pass the qualifying examination; and successfully defend a dissertation proposal by the end of the third year in the program. Students entering with an MA in history must complete 37 semester hours of coursework; pass the qualifying examination; and successfully defend a dissertation proposal by the end of the third year in the program. Upon completion of these requirements, students will be deemed PhD degree candidates by the college.

## History, MA

CSSH Graduate Programs General Regulations (p. 1041)

The Master of Arts in History offers two concentrations: public history and world history.

Public history encompasses the practice of history outside the academy in museums, state and local historical societies, archives, the National Park Service, and more. Public history includes the study of such topics as material culture, historical exhibits and museums, historical agencies, archival administration, and how difficult issues including slavery and site of violence are presented to the public.

World history focuses on the history of regions or peoples in Africa, Europe, Latin America, Asia, or the United States, with attention to the intersections and connections between national, regional, and global developments.

The master's program offers an optional cooperative education experience ("co-op") to eligible students. Cooperative education is central to both the Northeastern experience and to the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences as practicing public historians. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

### Academic Standing/Progress

Students are expected to maintain a 3.000 grade-point average (GPA). Should the GPA drop below 3.000, the student will be placed on academic probation and allowed one more semester to bring their GPA to the 3.000 level. If the student is not able to meet this requirement by the end of the following semester, the student may be asked to leave the program.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

The Master of Arts in History offers two concentrations: world history (p. 1078) and public history (p. 1078). The program requires a concentration. Please consult with a Department of History graduate program director for additional details.

### Concentration in World History

Requires two consecutive semesters of Co-op Work Experience and Experiential Integration. Each of the following courses must be taken twice.		2
HIST 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

**Program Credit/GPA Requirements**

32 total semester hours required (34 with optional co-op)

Minimum 3.000 GPA required

## Public History, Graduate Certificate

The Graduate Certificate in Public History allows students to pursue an organized course of study in public history. Students have an opportunity to gain a knowledge of core methods and issues in the field of public history and are enabled to use public history approaches in their own research and work.

Public history is a well-established field of practice that marries academic research and methods to public applications and collaborations. Public historians typically work in museums, archives, historical societies, documentary film production, and social activism, though training in public history is useful to a wide variety of humanistic, social science, and legal fields.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Issues and Methods</b>		
HIST 5237	Issues and Methods in Public History	4

HIST 7219	Topics in Cultural History	
HIST 7250	Topics in Public History (Sites of Violence and Public Memory)	
HIST 7250	Topics in Public History (Public History and Slavery)	

#### Program Credit/GPA Requirements

12 total semester hours required

Minimum 3.000 GPA required

## Political Science

Website (<https://www.northeastern.edu/cssh/polisci/>)

### **Costas Panagopoulos, PhD**

Professor and Chair

[c.panagopoulos@northeastern.edu](mailto:c.panagopoulos@northeastern.edu) ([c.panagopoulos@northeastern.edu](mailto:c.panagopoulos@northeastern.edu))

Program Directors and Staff Members (<https://cssh.northeastern.edu/polisci/staff-and-department-leadership/>)

CSSH Graduate Programs General Regulations (p. 1041)

Graduate training in political science prepares students to analyze important issues in world affairs and succeed in a wide array of careers—from government and academia to the nonprofit and private sectors. Graduate programs in political science, public policy, public administration, security and resilience studies, and international affairs at Northeastern University explore the theory and practice of politics, public policy, and public management in the United States and throughout the world. In teaching and research, faculty members in the department cover a broad range of topics and issues in the field of political science. Core areas of inquiry within our department include national and international security, international and U.S. public policy, resilience, network science, European studies, Middle East studies, and democratization and development.

## **Programs**

### **Doctor of Philosophy (PhD)**

- Political Science (p. 1082)

### **Master of Arts (MA)**

- Political Science (p. 1085)

### **Master of Science (MS)**

- Security and Resilience Studies (p. 1088)

### **Graduate Certificate**

- Security and Resilience Studies (p. 1091)

## Political Science, PhD

The Doctor of Philosophy in Political Science is grounded in the core fields of the discipline—American government and politics, comparative politics, international relations, and public policy. Students identify a primary and secondary field as areas of emphasis. The curriculum introduces students to the core fields and also seeks to develop their research skills through a series of methods courses. Students may develop a traditional, academic focus in one of the fields, or they may combine it with public policy to highlight a policy orientation. The program focuses on preparing students to be academic scholars and teachers as well as practitioners in research and public service. The PhD degree includes completion of required courses, passing a written and oral comprehensive examination, and the successful defense of the dissertation before a faculty committee.

### Credit Requirements and Advanced Standing

Students entering with a bachelor's degree must complete 56 semester hours. Students currently in the MA or MPA program and accepted into the PhD program before completing the MA or MPA must complete 56 semester hours as well as all curriculum requirements of the PhD program.

Students entering with a master's degree may receive advanced standing for relevant prior coursework but must complete a minimum of 40 semester hours. Students entering with a Northeastern MA in political science or international affairs must complete a minimum of 24 semester hours while also satisfying all PhD course requirements. Master's-level coursework that results in advanced standing is evaluated by the graduate program director to determine its applicability to the PhD curriculum.

### Doctoral Degree Candidacy

Doctoral degree candidacy is attained after successfully completing all coursework, the comprehensive examination, and the dissertation proposal defense.

### Academic Standing/Progress

All doctoral students must maintain an overall cumulative grade-point average (GPA) of 3.500 while making progress toward the degree requirements. Students who fall below any applicable standard for two consecutive semesters are subject to dismissal from the graduate program. Additionally, receipt of financial support administered by the department, college, or university is contingent on satisfactory academic progress toward the degree and specific guidelines as published in the terms of award. Students who have ungraded courses or courses graded as incomplete risk no longer being eligible for financial aid awards.

### Language Proficiency

Students who conduct research in a language other than English must demonstrate proficiency as necessary for completion of the dissertation. Language courses do not count as electives.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

### Milestones

- Annual review
- Comprehensive examination
- Dissertation committee
- Dissertation proposal
- Dissertation proposal oral defense
- Language (as determined by committee)
- PhD candidacy
- Dissertation defense

## Political Science, MA

Graduate Studies in Political Science

617.373.4404

gradpolisci@northeastern.edu

CSSH Graduate Programs General Regulations (p. 1041)

The Master of Arts program focuses on the core scholarly areas of political science. Students specialize in one of five concentration areas: American government and politics, comparative government and politics, international relations, public policy, and security studies. Courses in the MA program serve as a foundation for work in a doctoral program or as preparation for careers in government, nonprofit organizations, or related work in the private sector.

To earn the Master of Arts in Political Science degree at Northeastern, you must successfully complete 32 semester hours (typically eight courses) of credit. Full-time students can expect to complete the degree within two academic years. Course work consists of 4 semester hours in a required statistics course, 12 semester hours within a chosen concentration, and 16 semester hours of electives (including the experiential education requirement). To see the full breakdown, click the Program Requirements tab above.

### Academic Standing/Progress

Satisfactory progress in the MA program includes maintaining a grade-point average (GPA) of 3.000 overall as well as in the student's concentration area. A final cumulative GPA of at least 3.000 in all course work is required to qualify for the Master of Arts degree. Any course in which a student earns lower than a C grade cannot be used to fulfill concentration area requirements. A student who fails to make satisfactory progress is placed on academic probation, which is a warning that the student may not be allowed to continue in the graduate program unless the deficiency is addressed.

### Experiential Learning Requirement

In addition to in-class course work, students are required to complete an experiential education component that advances their learning, research, and/or career objectives. Experiential education offers MA students a direct experience with focused reflection relevant to their academic studies. For students with research interests, the experience focuses on related activities, such as primary source analysis and data gathering. For other students, the experience involves engagement with areas of practice and policy, such as an internship. Students register for the relevant course with a minimum of 4 semester hours and maximum of 8 semester hours to satisfy the experiential education requirement.

An optional cooperative education experience (co-op) can also satisfy the experiential education requirement. Cooperative education is central to both the Northeastern experience and to the College of Social Sciences and Humanities Experiential Liberal Arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

<b>Seminar</b>		
<b>Security Studies Courses</b>		
POLS 7341	Security and Resilience Policy	4
Complete 8 semester hours from the following:		8
POLS 7207	Seminar in International Relations	
POLS 7343 to POLS 7346		
POLS 7366	Genocide in a Comparative Perspective	
POLS 7369	International Security	
POLS 7376	Government and Politics of the Middle East	
POLS 7387	Global Governance	

### Electives

Code	Title	Hours
Complete 12 semester hours in the following range:		12
POLS 5408 to POLS 7976		

### Experiential Learning Component <sup>1</sup>

Code	Title	Hours
Complete 4 semester hours from the following:		4
POLS 7980	Capstone Project	
POLS 7976	Directed Study	
POLS 7990	Thesis	
POLS 8407	Internship	

### Optional Co-op Experience

Code	Title	Hours
Complete two consecutive semesters of Co-op Work Experience and Experiential Integration: Each of the following courses must be taken twice.		2
POLS 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

### Program Credit/GPA Requirements

32 total semester hours required (34 with optional co-op)  
Minimum 3.000 GPA required

<sup>1</sup> Students who decide to fulfill the Experiential Learning Requirement with the optional Co-op, will enroll in one additional elective course and graduate with 34 semester hours instead of 32.

## Security and Resilience Studies, MS

### Overview

Security and resilience studies is an emerging field of inquiry that focuses on how global, national, and subnational actors manage a range of chronic transnational challenges—such as terrorism, organized crime, weapons proliferation, cyberattacks, bioterrorism, climate change and catastrophic disasters, migration, and radicalization—that can be destabilizing to societies. It explores how strategic doctrines, organization processes, bureaucratic behaviors, and security tools and tactics are adapting to these challenges by placing greater emphasis on resilience. Resilience is a concept rooted in multiple disciplines that is gaining widespread currency at the community, societal, and global levels given the prevalence of human-made and naturally occurring threats that do not lend themselves to preventive and protective measures. Strategies for dealing with these threats emphasize measures that mitigate, respond to, recover from, and adapt to risk in order to safeguard essential functions and societal values. Many of these measures involve the role of technologies, system design, and engineering as well as policy, regulatory, and governance issues. Students at Northeastern who enroll in the Master of Science in Security and Resilience Studies have an opportunity to become prepared to inform and support domestic and international efforts to deal with the major sources of turbulence in the 21st century.

The master's program offers an optional cooperative education experience (co-op) to eligible students. Cooperative education is central to both the Northeastern experience and to the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

To earn the Master of Science in Security and Resilience Studies degree at Northeastern, you must successfully complete 32 semester hours (34 semester hours with co-op). Full-time students can expect to complete the degree within one calendar year. This program can be completed either at Northeastern University's Boston campus or online. Cost per semester hour may vary based on the college that offers the course. See Tuition and Fees (p. 40) for more information.

### Academic Standing/Progress

Satisfactory progress in the MS program includes maintaining a minimum grade-point average of 3.000.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Required Core Courses</b>		
POLS 7341	Security and Resilience Policy <sup>1</sup>	4
<b>Research Method</b>		
INSH 6300 or INSH 6500 or PPUA 5263	Research Methods in the Social Sciences Statistical Analysis Geographic Information Systems for Urban and Regional Policy	4
<b>Core Elective Courses</b>		
Complete 8 semester hours from the following:		8
CRIM 6200	Criminology <sup>1</sup>	
CY 5010	Foundations of Information Assurance <sup>1</sup>	
POLS 7343	Counterterrorism	
POLS 7346 or PPUA 7346	Resilient Cities Resilient Cities	
POLS 7369 or POLS 5408	International Security International Security

PHIL 5010	AI Ethics	
POLS 7441	Cyberconflict <sup>1</sup>	

### RESILIENT CITIES

Code	Title	Hours
CRIM 6200	Criminology	
CRIM 6262	Evidence-Based Crime Policy	
CRIM 6270	Crime and Community Context	

LPSC 7312	Cities, Sustainability, and Climate Change
POLS 7346 or PPUA 7346	Resilient Cities
POLS 7704	Critical Infrastructure Resilience <sup>1</sup>
PPUA 5261	Dynamic Modeling for Environmental Decision Making
PPUA 5262	Big Data for Cities <sup>1</sup>
PPUA 5263	Geographic Information Systems for Urban and Regional Policy
PPUA 5266	Urban Theory and Science
PPUA 6201	The 21st-Century City: Urban Opportunities and Challenges in a Global Context
PPUA 7237	Advanced Spatial Analysis of Urban Systems

### Optional Co-op Experience

Code	Title	Hours
Four-month co-ops require registration at 1 SH for one term. Longer co-ops require registration at 1 SH per term for two consecutive terms.		1-2
POLS 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

### Program Credit/GPA Requirements

32 total semester hours (33-34 with optional co-op) required  
 Minimum 3.000 GPA required

<sup>1</sup> Occasional online offering

## Security and Resilience Studies, Graduate Certificate

The goal of the Graduate Certificate in Security and Resilience Studies is to prepare students to manage contemporary transnational risks by offering them an opportunity to gain a comprehensive understanding of the principles and policies for security and resilience of critical systems. This goal is achieved by:

- Passing a core course in security and resilience policy that introduces students to a comprehensive approach to managing transnational risks
- Passing recommended foundation courses for cyberspace policy, security administration, and counterterrorism specializations that provide a broad perspective on transnational threats and the means states use to address them
- Learning how to work with others in groups and exercise leadership in teams by completing group assignments and projects

The certificate requires students to take three courses for a total of 12 semester hours. This program can be completed at Northeastern University's Boston campus or online.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirement

Code	Title	Hours
POLS 7341	Security and Resilience Policy	4

#### Electives

Code	Title	Hours
Complete 8 semester hours from the following:		8
CRIM 6200	Criminology	
POLS 7343	Counterterrorism	
POLS 7346	Resilient Cities	
POLS 7369	International Security	
or POLS 5408	International Security	
POLS 7441	Cyberconflict	
PPUA 5390	Special Topics in Public Policy and Urban Affairs	

#### Program Credit/GPA Requirements

12 total semester hours required

Minimum 3.000 GPA required

## School of Public Policy and Urban Affairs

The School of Public Policy and Urban Affairs is nationally and internationally recognized for excellence and innovation in policy-oriented education, applied research, and engagement. Our mission is to educate professional master's and doctoral students who are sought after as policy analysts, program evaluators, and leaders of nonprofit, public, private sector, and academic institutions; to create and disseminate policy-relevant knowledge and analytical methods of value to policymakers and the public; and to serve the broader community through policy analysis and technical assistance.

The school is committed to excellence in research and education on pressing and emerging policy issues of the day—public health, climate change, environmental challenges, the court and justice systems, and creating sustainable and resilient cities that provide economic opportunity for their residents. We define our approach as locally informed and internationally relevant. Our hallmark is to engage students in building the world that they would like to live in through experiential learning opportunities and applied research.

### **Programs**

#### **Doctor of Philosophy (PhD)**

- Public Policy (p. 1093)

#### **Master of Arts (MA)**

- International Affairs (p. 1098)

#### **Master of Public Administration (MPA)**

- Public Administration (p. 1100)

#### **Master of Public Policy (MPP)**

- Public Policy (p. 1103)

#### **Master of Science (MS)**

- Engineering and Public Policy (p. 387)
- Environmental Science and Policy (p. 985)
- Urban Informatics (p. 1111)
- Urban Planning and Policy (p. 163)

#### **Dual Degree**

- Law, JD / Public Policy, MPP (p. 781)

#### **Graduate Certificates**

- Nonprofit Sector, Philanthropy, and Social Change (p. 1120)
- Public Policy Analysis (p. 1121)
- Sustainability and Climate Change Policy (p. 1122)
- Urban Analytics
- Urban Studies (p. 1124)

## Public Policy, PhD

Website (<https://cssh.northeastern.edu/policyschool/>)

CSSH Graduate Programs General Regulations (p. 1041)

The PhD in Public Policy is an interdisciplinary program that combines social science and legal theoretical perspectives with quantitative and qualitative research methodologies. The faculty in the School of Public Policy and Urban Affairs support students' research and dissertations in three broad areas of inquiry—urban and regional policy, sustainability and resilience, and health management and policy. Students work with faculty advisors to formulate a plan of study within their field of concentration by choosing from graduate programs offered in the School of Public Policy and Urban Affairs, the College of Social Sciences and Humanities, and in other colleges and schools at Northeastern University. Students study a common body of knowledge in core courses in policy theory, research methods, and statistics, followed by courses in each student's respective concentration. The school's research centers and faculty research projects provide opportunities for students to develop insight, experience, and synergies to help with their own research goals. The college and school offer a high level of support allowing all students to be devoted full time to their studies and research. The program is full time and in residence only.

### Doctoral Degree Candidacy

Complete all required coursework with a minimum 3.500 grade-point average, pass the comprehensive examinations, and defend a dissertation proposal. Students entering without a JD or master's degree must complete 55 semester hours. Students entering with a JD or master's degree must complete 47 semester hours.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

### Milestones

Annual review  
 Comprehensive examination  
 Dissertation committee  
 Dissertation proposal  
 PhD candidacy  
 Dissertation defense

### Core Requirements

A grade of B+ or higher is required in each course.

Code	Title	Hours
<b>Seminar</b>		
POLS 7204	Seminar in Public Policy	4
Complete the following two courses for a minimum of 4 semester hours total:		4
PPUA 7976	Directed Study	
PPUA 9984	Research	
<b>Research and Statistical Methods</b>		
INSH 6300	Research Methods in the Social Sciences	4
INSH 6302	Qualitative Methods	4
INSH 7400	Quantitative Analysis	4
<b>Advanced Methods</b>		
Complete one of the following (an additional concentration elective may be taken in lieu of the advanced methods elective):		4
INSH 7500	Advanced Quantitative Analysis	
or INSH 7600	Multilevel Theorizing and Analysis	

### Experiential Research Residency

A PhD research residency or waiver is required.

Code	Title	Hours
PPUA 9980	Experiential PhD Research Residency	0

### Concentrations

Complete one of the following concentrations:

- Health Policy and Management (p. 1094)
- Sustainability and Resilience (p. 1094)
- Urban and Regional Policy (p. 1095)

## Exam and Dissertation

Code	Title	Hours
<b>Exam Prep</b>		
Only needed for PhD students who have completed all coursework but have not yet passed the comprehensive exam/proposal defense. Repeatable.		
PPUA 8960	Exam Preparation—Doctoral	
<b>Dissertation</b>		
PPUA 9990	Dissertation Term 1	
PPUA 9991	Dissertation Term 2	
<b>Dissertation Continuation</b>		
Following completion of two semesters of dissertation (PPUA 9990 and PPUA 9991), registration in the following class is required in each semester (including summer if the dissertation is submitted in summer) until the dissertation is completed:		
PPUA 9996	Dissertation Continuation	

## Program Credit/GPA Requirements

55 total semester hours required

Minimum 3.500 GPA required

### HEALTH POLICY AND MANAGEMENT CONCENTRATION

Code	Title	Hours
<b>Seminar</b>		
PPUA 6220	How Healthcare Works: Business and Policy Innovations	4
<b>Health Organization</b>		
HRMG 6220	Health Organization Management	3

## International Affairs, MA

School of Public Policy and Urban Affairs (<https://cssh.northeastern.edu/policyschool/>)

We live in an increasingly interconnected global environment where people, goods, ideas, and conflicts traverse borders with rising frequency. Leaders in the activist, policy, and academic spheres must learn not only how to critically analyze these phenomena but also to envisage harnessing their constructive potential. The Master of Arts in International Affairs is an interdisciplinary graduate program dedicated to preparing tomorrow's global citizens.

A holistic approach to enhancing our understanding of the world must span the limits of any one academic field and embrace cross-disciplinary analytical competencies. Spanning several social sciences and humanities, our courses are taught by leading scholars who research democratization, gender, globalization, ethnic conflict and cooperation, human rights and international law, international relations, social activism, social justice, and many other topics. Through its core courses, its two thematic emphases—globalization, development, and social justice and international public policy—as well as global, policy, and methodological electives, this graduate program allows students to pursue a variety of themes.

The master's program offers an optional cooperative education experience ("co-op") to eligible students. Cooperative education is central to both the Northeastern experience and to the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

Please review the tuition and fee (p. 31) page as credit costs differ depending on the College in which the course is located.

### Sustainability and Climate Change Policy Concentration

This graduate concentration is available to students in the Master of International Affairs (MIAF) program in the College of Social Sciences and Humanities. It is designed to enable MIAF students to develop deeper insights into the policy dimensions of these intertwined but conceptually distinct realms of inquiry and action, and in both domestic and international domains. The concentration is comprised of three courses.

CSSH Graduate Programs General Regulations (p. 1041)

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average (GPA) falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Political Economy</b>		
Complete 8 semester hours from the following:		8
POLS 7387	Global Governance	
PPUA 5268	International Environmental Policy	
SOCL 7221	Globalization, Development, and Social Justice	
<b>Social Science Methods</b>		
Complete 4 semester hours from the following:		4
ECON 5110	Microeconomic Theory	
ECON 5120	Macroeconomic Theory	
ECON 7251	International Finance	
INSH 6300	Research Methods in the Social Sciences	
INSH 6500	Statistical Analysis	
INSH 6302	Qualitative Methods	
<b>Public Policy</b>		
Complete 4 semester hours from the following:		4
PPUA 6502	Economic Analysis for Policy and Planning	
PPUA 6506	Techniques of Policy Analysis	
PPUA 6507	Institutional Leadership and the Public Manager	

PPUA 6509	Techniques of Program Evaluation
PPUA 6551	Nonprofit Organizations and Social Change

### Concentration Option or Elective Option

#### SUSTAINABILITY AND CLIMATE CHANGE POLICY CONCENTRATION

Code	Title	Hours
Complete 12 semester hours from the following course list:		12
ENVR 6150	Food Security and Sustainability	
LPSC 7312	Cities, Sustainability, and Climate Change	
PPUA 5100	Climate and Development	
PPUA 5231	Transportation Policy	
PPUA 5234	Land Use and Urban Growth Policy	
PPUA 5238	Climate Change and Global Urbanization	
PPUA 5249	Sustainable Urban Coastal Policy	
PPUA 5260	Ecological Economics	
PPUA 5261	Dynamic Modeling for Environmental Decision Making	
PPUA 5264	Energy Democracy and Climate Resilience: Technology, Policy, and Social Change	
PPUA 5268	International Environmental Policy	
PPUA 5270	Food Systems and Public Policy	
PPUA 6101	Environmental Science and Policy Seminar 1	

Complete 8 semester hours of elective courses from the list below: 8

#### ELECTIVES OPTION

Selected in consultation with faculty advisor.

Code	Title	Hours
Complete 20 semester hours from the following list of courses:		20
INTL 7990	Thesis	
LPSC 5000 to LPSC 7999		
PPUA 5000 to PPUA 7999		
CRIM 5000 to CRIM 7999 (by advisement only)		
ECON 5000 to ECON 7999 (by advisement only)		
ENGL 5000 to ENGL 7999 (by advisement only)		
HIST 5000 to HIST 7999 (by advisement only)		
POLS 5000 to POLS 7999 (by advisement only)		
SOCL 5000 to SOCL 7999 (by advisement only)		

### Optional Co-op Experience

Code	Title	Hours
Requires two consecutive semesters of Co-op Work Experience and Experiential Integration. Each of the following courses must be taken twice.		2
PPUA 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

### Program Credit/GPA Requirements

36 total semester hours required (38 with optional co-op)

Minimum 3.000 GPA required

## Public Administration, MPA

Website (<https://publicaffairs.northeastern.edu/master-of-public-administration/>)

CSSH Graduate Programs General Regulations ([https://www.northeastern.edu/cssh/graduate/current\\_students/](https://www.northeastern.edu/cssh/graduate/current_students/))

The Master of Public Administration is the management and leadership degree for those seeking to serve the public good. The program seeks to equip its students with skills in policy analysis, program evaluation, research methods, and written and verbal communications.

Students have an opportunity to develop competencies in budgeting and human resources, organizational management and leadership, and the interplay between ethics and accountability in a diverse society.

Throughout the degree program, students gain career-oriented experience through internships, small group projects, and other interactions with professionals in the field. These experiences are designed to enable the Northeastern University MPA graduate to move into a wide array of public and nonprofit sector positions at the local, state, national, and international levels. The Northeastern MPA program is nationally accredited by NASPAA.

### Mission Statement

The mission of the MPA program at Northeastern is to serve the needs of the public affairs community, including students, working professionals, faculty, and researchers, by providing a practice-oriented and research-based graduate educational experience. The faculty pledges the best instruction available in a set of courses designed to integrate theoretical foundations with practical skills. The MPA program is designed to prepare students to be effective in a dynamic and increasingly diverse professional environment. We also commit ourselves to assisting students in every possible way to secure internships, postgraduate employment, and overall career advancement. Students, in turn, are expected to meet high levels of academic excellence combined with ethical and professional integrity. Committed to the ideals of public service and advancing the public interest, we seek students who share the same enthusiasm.

The MPA program requires all students to pursue an internship experience and offers an optional cooperative education experience to eligible students. Co-op is central to both the Northeastern experience and to the experiential liberal arts framework of the College of Social Sciences and Humanities. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States.

### Healthcare Management and Policy Concentration

This graduate concentration is available to students in the MPA program in the School of Public Policy and Urban Affairs. It is designed to enable students in the MPA program to develop a deeper understanding of the contemporary healthcare sector, including the intricacies of U.S. health policy, and competencies in healthcare management. The concentration is comprised of three courses, one from each of three focus areas, and an elective.

Please review the tuition and fees (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>) page as credit costs differ depending on the college that offers the course.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose cumulative GPA falls below 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

A cumulative 3.000 grade-point average is required for the core requirements.

Code	Title	Hours
<b>Quantitative Techniques</b>		
INSH 6500	Statistical Analysis	4
<b>Analysis</b>		
PPUA 6506	Techniques of Policy Analysis	4
PPUA 6502	Economic Analysis for Policy and Planning	4
<b>Administration and Management</b>		
PPUA 6500	Principles of Public Administration	4
PPUA 6505	Public Budgeting and Financial Management	4
PPUA 6507	Institutional Leadership and the Public Manager	4
<b>Capstone</b>		
PPUA 7673	Capstone in Public Policy and Urban Affairs	4

## Internship Requirement

Code	Title	Hours
PPUA 6861	Internship	0

## Concentration or Electives Option

A concentration is not required. Students may complete electives (from the elective list below) in lieu of a concentration.

- Healthcare Management and Policy Concentration (p. 1101)
- Electives Option (p. 1101)

## Optional Co-op Experience

Code	Title	Hours
Both of the following courses must be taken during each co-op semester:		2
PPUA 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

## Program Credit/GPA Requirements

40 total semester hours required (42 with optional co-op)

Minimum 3.000 GPA

## HEALTHCARE MANAGEMENT AND POLICY CONCENTRATION

Code	Title	Hours
<b>Health Management</b>		
Complete one of the following:		3-4
HRMG 6220	Health Organization Management	
PPUA 6220	How Healthcare Works: Business and Policy Innovations	
STRT 6220	Strategic Management for Healthcare Organizations	
<b>Health Policy</b>		
Complete one of the following:		3-4
PHTH 5212	Public Health Administration and Policy	
PHTH 5234	Economic Perspectives on Health Policy	
PPUA 5240	Health Policy and Politics	
<b>Electives</b>		
<i>Health Elective</i>		
Complete one of the following:		3
PHTH 5120	Race, Ethnicity, and Health in the United States	
PHTH 5212	Public Health Administration and Policy	
PHTH 5214	Environmental Health	
PHTH 5222	Health Advocacy	
PHTH 5230	Global Health	
PHTH 6200	Principles and History of Urban Health	
PHTH 6204	Society, Behavior, and Health	
<i>General Elective</i>		
Complete an additional course from the health elective list above or one of the following:		2-3
PPUA 6212	Research Toolkit for Urban and Regional Policy: Project Management	
PPUA 6216	Research Toolkit for Urban and Regional Policy: Grant Writing	

## ELECTIVES OPTION

Code	Title	Hours
Complete 12 semester hours from the following:		12
LPSC 5000 to LPSC 7999		
PPUA 5000 to PPUA 7999		
CRIM 5000 to CRIM 7999 (by advisement only)		
ECON 5000 to ECON 7999 (by advisement only)		
ENGL 5000 to ENGL 7999 (by advisement only)		
HIST 5000 to HIST 7999 (by advisement only)		

1102 Public Administration, MPA

POLS 5000 to POLS 7999 (by advisement only)

SOCL 5000 to SOCL 7999 (by advisement only)

## Public Policy, MPP

School of Public Policy and Urban Affairs (<https://cssh.northeastern.edu/policyschool/>)

CSSH Graduate Programs General Regulations (p. 1041)

The Master of Public Policy is the recognized industry standard for those seeking careers in public policy analysis and design. The MPP degree emphasizes the analysis of data and other relevant information to enable graduates to assess public problems, develop appropriate policy responses, and evaluate program effectiveness. MPP graduates enter careers as policy analysts, researchers, consultants, program evaluators, and policymakers in a broad range of public and nonprofit settings, ranging from the local to the international, and in the private sector. At Northeastern, the MPP joins the nationally accredited Master of Public Administration as well as our Master of Science in Urban Planning and Policy, Master of Science in Urban Informatics, Master of Science in Environmental Science and Policy, and Master of Arts in International Affairs. As such, MPP students are part of a larger School of Public Policy and Urban Affairs community of great intellectual and policy area diversity.

The MPP programs require all students to engage in an internship experience and offer an optional cooperative education experience to eligible students. Cooperative education is central to both the Northeastern experience and to the experiential liberal arts framework of the College of Social Sciences and Humanities. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States.

### Healthcare Management and Policy Concentration

This graduate concentration is available to students in the MPP program in the School of Public Policy and Urban Affairs. It is designed to enable students in the MPP program to develop a deeper understanding of the contemporary healthcare sector, including the intricacies of U.S. health policy, and competencies in healthcare management. The concentration is comprised of three courses, one from each of three focus areas, and an elective.

### Sustainability and Climate Change Policy Concentration

This graduate concentration is available to students in the MPP program in the College of Social Sciences and Humanities. It is designed to enable MPP students to develop deeper insights into the policy dimensions of these intertwined but conceptually distinct realms of inquiry and action, in both domestic and international domains. The concentration is comprised of three courses.

Please review the tuition and fees (p. 40) page as credit costs differ depending on the college the course is located in.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Methods, Statistics, and Applications Core</b>		
INSH 6300	Research Methods in the Social Sciences	4
INSH 6500	Statistical Analysis	4
PPUA 6509 or PPUA 6506	Techniques of Program Evaluation Techniques of Policy Analysis	4
<b>Policy Frameworks and Practice Core</b>		
LPSC 7311	Strategizing Public Policy	4
PPUA 6502	Economic Analysis for Policy and Planning	4
PPUA 7673	Capstone in Public Policy and Urban Affairs	4
<b>Methods and Statistics Elective</b>		
Complete 4 semester hours from the following: 4		
INSH 7400	Quantitative Analysis	
PPUA 5261	Dynamic Modeling for Environmental Decision Making	
PPUA 5262	Big Data for Cities	
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	

#### Internship Requirement

Code	Title	Hours
PPUA 6861	Internship	0

## Concentration or Electives Options

A concentration is not required. Students may complete electives (from the elective list below) in lieu of a concentration.

- Healthcare Management and Policy Concentration (p. 1104)
- Sustainability and Climate Change Policy Concentration (p. 1104)
- Electives Option (p. 1105)

## Optional Co-op Experience

Code	Title	Hours
Requires two consecutive semesters of Co-op Work Experience and Experiential Integration:		2
PPUA 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

## Program Credit/GPA Requirements

40 total semester hours required (42 with optional co-op)

Minimum 3.000 GPA required

### HEALTHCARE MANAGEMENT AND POLICY CONCENTRATION

Code	Title	Hours
<b>Health Management</b>		
Complete one of the following:		3-4
HRMG 6220	Health Organization Management	
PPUA 6220	How Healthcare Works: Business and Policy Innovations	
STRT 6220	Strategic Management for Healthcare Organizations	
<b>Health Policy</b>		
Complete one of the following:		3-4
PHTH 5212	Public Health Administration and Policy	
PHTH 5234	Economic Perspectives on Health Policy	
PPUA 5240	Health Policy and Politics	
<b>Electives</b>		
<i>Health Elective</i>		
Complete one of the following:		3
PHTH 5120	Race, Ethnicity, and Health in the United States	
PHTH 5212	Public Health Administration and Policy	
PHTH 5214	Environmental Health	
PHTH 5222	Health Advocacy	
PHTH 5230	Global Health	
PHTH 6200	Principles and History of Urban Health	
PHTH 6204	Society, Behavior, and Health	
<i>General Elective</i>		
Complete an additional course from the health elective list above or one of the following:		2-3
PPUA 6202	Research Toolkit for Python for Policy	
PPUA 6203	Research Toolkit for Effective Communications for Policy Impact	
PPUA 6212	Research Toolkit for Urban and Regional Policy: Project Management	
PPUA 6216	Research Toolkit for Urban and Regional Policy: Grant Writing	

### SUSTAINABILITY AND CLIMATE CHANGE POLICY CONCENTRATION

Code	Title	Hours
Complete 12 semester hours from the following:		12
ENVR 6150	Food Security and Sustainability	
LPSC 7312	Cities, Sustainability, and Climate Change	
PPUA 5100	Climate and Development	
PPUA 5260	Ecological Economics	
PPUA 5261	Dynamic Modeling for Environmental Decision Making	
PPUA 5264	Energy Democracy and Climate Resilience: Technology, Policy, and Social Change	
PPUA 5268	International Environmental Policy	

PPUA 5270 Food Systems and Public Policy

PPUA 6101 Environmental Science and Policy Seminar 1

**ELECTIVES OPTION**

Code	Title	Hours
Complete 12 semester hours from the following:		
LPSC 5000 to LPSC 7999		12
PPUA 5000 to PPUA 7999		
CRIM 5000 to CRIM 7999 (by advisement only)		
ECON 5000 to ECON 7999 (by advisement only)		
ENGL 5000 to ENGL 7999 (by advisement only)		
HIST 5000 to HIST 7999 (by advisement only)		
POLS 5000 to POLS 7999 (by advisement only)		
SOCL 5000 to SOCL 7999 (by advisement only)		

## Engineering and Public Policy, MS

For program contact information, please visit the College of Engineering website (<https://cee.northeastern.edu/academics/graduate-studies/ms-cepp/>).

The purpose of this degree is to provide students with a background in engineering with the tools necessary to conduct robust policy analysis. It includes required core courses from the Department of Civil and Environmental Engineering and the School of Public Policy and Urban Affairs, complemented by electives in engineering and public policy, which can be met by two courses and a master's report (recommended), or by one course and a thesis, or by three courses. A minimum of 16 semester hours must be taken in the College of Engineering.

Degree Requirements	With Report	With Thesis	Coursework Only
Required core courses	20 SH	20 SH	20 SH
Other electives	8 SH	4 SH	12 SH
Master of Science report/thesis	4 SH	8 SH	
Minimum semester hours required	32 SH	32 SH	32 SH

### Graduate Certificate Options

Students enrolled in a master's degree have the opportunity to also pursue one of the many engineering graduate certificate options in addition to or in combination with the MS degree. Students should consult their faculty advisor regarding these options (p. 567).

#### GORDON INSTITUTE OF ENGINEERING LEADERSHIP

##### Master's Degree in Engineering and Public Policy with Graduate Certificate in Engineering Leadership

Students may complete a Master of Science in Engineering and Public Policy in addition to earning a Graduate Certificate in Engineering Leadership (p. 551). Students must apply and be admitted to the Gordon Engineering Leadership Program in order to pursue this option. The program requires fulfillment of the 16 semester-hour curriculum required to earn the Graduate Certificate in Engineering Leadership, which includes an industry-based challenge project with multiple mentors. The integrated 36-semester-hour degree and certificate will require 20 hours of advisor-approved technical courses.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Sustainable Engineering and Systems Modeling Requirements

Code	Title	Hours
Complete 12 semester hours from the following:		12
CIVE 5261	Dynamic Modeling for Environmental Investment and Policymaking	
or PPUA 5261	Dynamic Modeling for Environmental Decision Making	
CIVE 5275	Life Cycle Assessment of Materials, Products, and Infrastructure	
CIVE 5363	Climate Science, Engineering Adaptation, and Policy	
CIVE 6566	Sustainable Urban Transportation: Netherlands	
CIVE 6777	Climate Hazards and Resilient Cities Abroad	
CIVE 6778	Climate Adaptation and Policy Abroad	
CIVE 7100	Time Series and Geospatial Data Sciences	
CIVE 7110	Critical Infrastructure Resilience	
CIVE 7150	Data-Driven Decision Support for Civil and Environmental Engineering	
CIVE 7151	Urban Informatics and Processing	
CIVE 7155	Dynamics and Control of Infrastructure Systems	
CIVE 7272	Air Quality Management	
EECE 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
IE 5500	Systems Engineering in Public Programs	
IE 5640	Data Mining for Engineering Applications	
IE 6200	Engineering Probability and Statistics	
IE 7280	Statistical Methods in Engineering	
ME 5645	Environmental Issues in Manufacturing and Product Use	
SBSY 5100	Sustainable Design and Technologies in Construction	
SBSY 5200	Sustainable Engineering Systems for Buildings	

## Public Policy and Analysis Requirements

Code	Title	Hours
Complete 8 semester hours from the following:		8
ECON 7266	Economics of Government	
INSH 5301	Introduction to Computational Statistics	
INSH 6300	Research Methods in the Social Sciences	
INSH 6500	Statistical Analysis	
INSH 7400	Quantitative Analysis	
LPSC 7311	Strategizing Public Policy	
PPUA 5246	Participatory Modeling for Collaborative Decision Making	
PPUA 5260	Ecological Economics	
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	
PPUA 6212	Research Toolkit for Urban and Regional Policy: Project Management	
PPUA 6502	Economic Analysis for Policy and Planning	
PPUA 6506	Techniques of Policy Analysis	
PPUA 6509	Techniques of Program Evaluation	
PPUA 6525	Institutions and Public Policy	
PPUA 7237	Advanced Spatial Analysis of Urban Systems	

## Options

Complete one of the following options:

### COURSEWORK OPTION

Code	Title	Hours
Complete 12 semester hours from the Elective Course List below.		12

### REPORT OPTION

Code	Title	Hours
CIVE 8674	Master's Report	4
Complete 8 semester hours from the Elective Course List below.		8

### THESIS OPTION

Code	Title	Hours
CIVE 7990	Thesis	8
Complete 4 semester hours from the Elective Course List below.		4

## Elective Course List

Code	Title	Hours
CIVE 5150	Climate and Atmospheric Change	
CIVE 5250	Organic Pollutants in the Environment	
CIVE 5271	Solid and Hazardous Waste Management	
CIVE 5280	Remote Sensing of the Environment	
CIVE 5281	Coastal Dynamics and Design	
CIVE 5300 and CIVE 5301	Environmental Sampling and Analysis and Lab for CIVE 5300	
CIVE 5670	Global Biogeochemistry	
CIVE 7230	Legal Aspects of Civil Engineering	
CIVE 7392	Special Topics in Environmental Engineering (Equity in Civil and Environmental Engineering)	
EMGT 6225	Economic Decision Making	
ENVR 5210	Environmental Planning	
ENVR 5260	Geographical Information Systems	
ENVR 6102	Environmental Science and Policy Seminar 2	
INSH 7400	Quantitative Analysis	
INTL 5100	Climate and Development	
LPSC 7311	Strategizing Public Policy	

LPSC 7312	Cities, Sustainability, and Climate Change
PHTH 5214	Environmental Health
PHTH 5230	Global Health
PPUA 5249	Sustainable Urban Coastal Policy
PPUA 5262	Big Data for Cities
PPUA 5263	Geographic Information Systems for Urban and Regional Policy
PPUA 5264	Energy Democracy and Climate Resilience: Technology, Policy, and Social Change
PPUA 5268	International Environmental Policy
PPUA 5270	Food Systems and Public Policy
PPUA 6101	Environmental Science and Policy Seminar 1
PPUA 6201	The 21st-Century City: Urban Opportunities and Challenges in a Global Context
PPUA 7346	Resilient Cities

**Program Credit/GPA Requirements**

32 total semester hours required

Minimum 3.000 GPA required

## Environmental Science and Policy, MS

The Master of Science in Environmental Science and Policy program emphasizes a broadly interdisciplinary and synthetic approach that integrates knowledge in the environmental sciences (conservation biology, climate change, fisheries science, ecosystem function, biodiversity, restoration ecology) with the social sciences (policy, economics, sociology, political science, and development) and humanities (environmental history, philosophy, and ethics). The goal of the program is to equip professionals with substantive breadth in knowledge and skills at the intersection of environmental science and policy. The program focuses on training students to think critically about the underlying causes of environmental problems and understanding the reciprocal relationships between coupled human-natural ecosystems and the interconnections between social and technological innovations. The program explores practical approaches and potential solutions that decision makers need to evaluate in policy debates related to promoting environmental sustainability.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Seminars</b>		
PPUA 6101	Environmental Science and Policy Seminar 1	4
ENVR 6102	Environmental Science and Policy Seminar 2	4
<b>Skills Courses</b>		
Complete 2 courses from the following. At least one course needs to be taken from the College of Science Skills Course List and one course from the College of Social Sciences and Humanities Skills Course List.		8
<i>College of Science Skills Course List</i>		
EEMB 5130	Population Dynamics	
EEMB 5522	Experimental Design Marine Ecology	
ENVR 5150	Climate and Atmospheric Change	
ENVR 5210	Environmental Planning	
ENVR 5240	Sedimentary Basin Analysis	
ENVR 5260	Geographical Information Systems	
ENVR 5450	Applied Social-Ecological Systems Modeling	
ENVR 6500	Biostatistics	
<i>College of Social Sciences and Humanities Skills Course List</i>		
INSH 5301	Introduction to Computational Statistics	
INSH 6300	Research Methods in the Social Sciences	
INSH 7400	Quantitative Analysis	
LPSC 7311	Strategizing Public Policy	
PPUA 5260	Ecological Economics	
PPUA 5261	Dynamic Modeling for Environmental Decision Making	
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	
PPUA 6212	Research Toolkit for Urban and Regional Policy: Project Management	
PPUA 6216	Research Toolkit for Urban and Regional Policy: Grant Writing	
PPUA 6502	Economic Analysis for Policy and Planning	
PPUA 6505	Public Budgeting and Financial Management	
PPUA 6506	Techniques of Policy Analysis	
PPUA 6509	Techniques of Program Evaluation	
PPUA 6525	Institutions and Public Policy	
PPUA 7237	Advanced Spatial Analysis of Urban Systems	

#### Electives

Complete five courses from the following list. At least one course must be taken from the College of Science Elective Course List and one course from the College of Social Sciences and Humanities Elective Course List. Any skills course not taken to fulfill the skills courses requirement can be taken as an elective. Students may petition to enroll in other relevant graduate courses offered by other schools at Northeastern University.

**COLLEGE OF SCIENCE ELECTIVE LIST**

## Urban Informatics, MS

The Master of Science in Urban Informatics (MSUI) degree couples comprehensive data analytics skills with an understanding of the big questions faced by cities in the 21st-century city. This cutting-edge program is built upon a unique cross-college initiative, which offers comprehensive state-of-the-art training in the core skills of data analytics—including quantitative analysis, data mining, machine learning, and data visualization. Urban informatics students supplement training in these foundational skills with a specialized sequence of courses that address how data and technology are being used to tackle key social, infrastructural, and environmental challenges.

By combining a theoretically informed perspective of cities with advanced skills in accessing, managing, analyzing, and communicating insights from large complex, datasets, graduates are a part of the next wave of urban professionals ready to lead in the public, private, and nonprofit sectors. Given the continuous growth in urban data and technology, these professionals are essential to shaping the future of urban areas around the globe.

This program provides a uniquely integrated urban and informatics degree with a substantial experiential education component. The focus throughout is on practical application, and students have multiple opportunities to apply what they are learning.

The master's program offers an optional cooperative education experience (co-op) to eligible students. Co-op education is central to both the Northeastern experience and to the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

Please review the tuition and fee (p. 31) page as credit costs differ depending on the college in which the course resides.

### Climate and Resilience Concentration

This graduate concentration is available to students in the MSUI who want to specialize in the policy challenges that arise from climate change and the methodological tools designed to respond to them, especially those that help us understand and instill resilience in communities that are vulnerable to disruption. The concentration is comprised of three courses: a methods and applications course specific to the concentration; an analysis course specific to the concentration; and the requirement to complete a capstone or practicum relevant to climate and resilience.

### Communities and Economic Development Concentration

This graduate concentration is available to students in the MSUI who want to specialize in the policy challenges associated with neighborhoods and communities and the methodological tools for addressing them. This includes examining more closely how communities work and the types of interventions that can help them to thrive and prosper. The concentration is comprised of three courses: a methods and applications course specific to the concentration; an analysis course specific to the concentration; and the requirement to complete a capstone or practicum relevant to communities and economic development.

### Transportation and Infrastructure Concentration

This graduate concentration is available to students in the MSUI who want to specialize in the policy challenges and methods associated with transportation and related infrastructure. This includes questions of policy and operations pertaining to traffic management and public transit and the skills for analyzing mobility decisions. The concentration is comprised of three courses: a methods and applications course specific to the concentration; an analysis course specific to the concentration; and the requirement to complete a capstone or practicum relevant to transportation or infrastructure.

CSSH Graduate Programs General Regulations (p. 1041)

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average (GPA) falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Data Science Courses</b>		
DA 5020 or DA 5030 or PPUA 7237	Collecting, Storing, and Retrieving Data Introduction to Data Mining/Machine Learning Advanced Spatial Analysis of Urban Systems	4
INSH 5301	Introduction to Computational Statistics	4
INSH 5302	Information Design and Visual Analytics	4

PPUA 5263	Geographic Information Systems for Urban and Regional Policy	4
<b>Methods and Applications</b>		
PPUA 5262	Big Data for Cities	4

### Concentrations

- No concentration (p. 1112)
- Climate and Resilience (p. 1112)
- Communities and Economic Development (p. 1113)
- Transportation and Infrastructure (p. 1113)

### NO CONCENTRATION

Code	Title	Hours
<b>Methods and Applications</b>		
PPUA 5266	Urban Theory and Science	4
<b>Analysis</b>		
Complete 4 semester hours from the following:		4
INSH 6101	Agent-Based Modeling for Applied and Social Sciences	
INSH 6406	Analyzing Complex Digitized Data	
POLS 7334	Social Networks	
PPUA 5246	Participatory Modeling for Collaborative Decision Making	
PPUA 5261	Dynamic Modeling for Environmental Decision Making	
PPUA 6202	Research Toolkit for Python for Policy	
PPUA 6203	Research Toolkit for Effective Communications for Policy Impact	
PPUA 6212	Research Toolkit for Urban and Regional Policy: Project Management (2 semester hours)	
PPUA 6216	Research Toolkit for Urban and Regional Policy: Grant Writing (2 semester hours)	
<b>Practicum or Capstone</b>		
PPUA 6966 or PPUA 7673	Practicum Capstone in Public Policy and Urban Affairs	4
<b>Portfolio</b>		
PPUA 6410	Urban Informatics Portfolio	1

### CLIMATE AND RESILIENCE CONCENTRATION

Code	Title	Hours
<b>Methods and Applications</b>		
Complete 4 semester hours from the following:		4
PPUA 5246	Participatory Modeling for Collaborative Decision Making	
PPUA 5260	Ecological Economics	
PPUA 5264	Energy Democracy and Climate Resilience: Technology, Policy, and Social Change	
PPUA 5268	International Environmental Policy	
PPUA 6101	Environmental Science and Policy Seminar 1	
PPUA 7346	Resilient Cities	
<b>Analysis</b>		
Complete 4 semester hours from the following:		4
INSH 6101	Agent-Based Modeling for Applied and Social Sciences	
INSH 6302	Qualitative Methods	
POLS 7334	Social Networks	
PPUA 5261	Dynamic Modeling for Environmental Decision Making	
CIVE 7000-level Special Topics in Engineering—approved by program director		
<b>Practicum or Capstone</b>		
Complete topic-focused capstone or practicum approved by program director:		4
PPUA 6966 or PPUA 7673	Practicum Capstone in Public Policy and Urban Affairs	
<b>Portfolio</b>		
PPUA 6410	Urban Informatics Portfolio	1

**COMMUNITIES AND ECONOMIC DEVELOPMENT CONCENTRATION**

1114 Urban Informatics, MS

Minimum 3.000 GPA required

## Urban Planning and Policy, MS

The Master of Science in Urban Planning and Policy program trains leaders interested in building just and sustainable solutions to today's critical urban problems. Students in the program develop the theoretical and analytical tools to understand contemporary challenges of social, racial, and environmental injustice in cities and urban regions. They develop professional tools to work effectively in the realms of planning, policy, politics, and advocacy to impact urban challenges, including affordable housing provision, equitable and sustainable economic growth, sustainable transportation, and climate change adaptation and mitigation. This innovative program combines the expertise in urban planning and policy analysis data analytics of the School of Public Policy and Urban Affairs with expertise in physical planning, design, and data visualization at the School of Architecture. The core curriculum of the program provides students with a solid foundation in essential skills and concepts, including techniques of effective community engagement, research design and statistics, economic analysis, legal foundations of urban planning and policy, and the history of urban development and urban planning. Students also have the opportunity to develop substantial expertise in a specialization area, including urban analytics, urban sustainability and resilience, urban design and physical planning, and urban development policy and planning.

The optional cooperative education experience (co-op) is available to eligible students. Cooperative education is central to both the Northeastern experience and to the College of Social Sciences and Humanities experiential liberal arts framework. Northeastern's signature co-op ecosystem provides qualified master's students with six-month work experiences in businesses, nonprofits, and government agencies in Boston and across the United States. Graduate students take their work from campus learning spaces, apply their knowledge outside of the classroom, and then bring knowledge and skills gained in community learning spaces back to our campus learning spaces during the cocurricular experiential integration course.

In addition to the co-op option, students in the program have opportunities to gain experience in the application of their knowledge and skills via internships, class projects, and a capstone research report. They graduate prepared for careers working for state and local government, federal agencies, community development corporations and other nonprofit organizations, research institutes, and as private-sector planning consultants.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Planning and Policy</b>		
PPUA 6201	The 21st-Century City: Urban Opportunities and Challenges in a Global Context	4
PPUA 6502	Economic Analysis for Policy and Planning	4
SUEN 6340	Topics in Urban Environmental Design	4
<b>Research Design</b>		
INSH 6300	Research Methods in the Social Sciences	4
<b>Quantitative Techniques</b>		
Students in the urban analytics focus area are encouraged to take INSH 5301.		
Choose one from the following:		4
INSH 5301	Introduction to Computational Statistics	
INSH 6500	Statistical Analysis	
<b>Planning Law</b>		
Choose one from the following:		2-4
LPSC 5201	Law and the City	
PPUA 5201	Urban Planning and the Law	
<b>Planning and Social Justice</b>		
Choose one from the following:		2-4
PPUA 5233	Contemporary Community Development	
PPUA 5235	Participatory Community Planning Methods	
PPUA 6219	Race, Justice, and Belonging in Planning Practice	

#### Focus Areas

Complete one of the following focus areas:

- Urban Design and Physical Planning (p. 164)
- Urban Analytics (p. 164)
- Sustainability and Resilience (p. 164)
- Urban Development Policy and Planning (p. 165)

**URBAN DESIGN AND PHYSICAL PLANNING**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
<b>Gateway Course</b>		
ARCH 6340	Graduate Topics in Architecture	4
<b>Tracks</b>		
Complete one of the following tracks:		8
<i>Urban Design and Real Estate</i>		
ARCH 5310	Design Tactics and Operations	
ARCH 5530	Innovative Models in Real Estate Development and Design	
<i>Physical Planning and Design for Sustainable Urbanism</i>		
SUEN 7230	Urban Ecologies and Technologies 1	
SUEN 7240	Urban Ecologies and Technologies 2	
<i>Urban Experience Track</i>		
ARTG 5150 and ARTG 5151	Information Visualization Principles and Practices and Information Design Critique Seminar	
ARTG 6310	Design for Behavior and Experience	
<b>Capstone</b>		
SUEN 6120	Graduate Studio 2: Sustainable Urban Systems	6

**URBAN ANALYTICS**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
<b>Gateway Course</b>

Code	Title	Hours
Requires two consecutive semesters of Co-op Work Experience and Experiential Integration:		2
PPUA 6964 and INSH 6864	Co-op Work Experience and Experiential Integration	

### Program Credit/GPA Requirements

48 total semester hours required (50 with optional co-op)

Minimum 3.000 GPA required

## Law, JD / Public Policy, MPP

The JD/Master of Public Policy (MPP) is designed to equip graduates with a unique blend of skills for navigating a complex and rapidly changing policy landscape. The program builds on students' legal training with a compelling blend of skills in applied public policy analysis, policy design, and strategic policy formation. Students also gain career-relevant experience through internships, small group capstone projects, and other interactions with professionals in the field. All are part of a learning process designed to enable the Northeastern law and public policy graduates to navigate, and to redefine, diverse policy areas.

Ideally, students would apply to Northeastern's JD and MPP programs simultaneously. Those who apply and are admitted to both programs take MPP classes after completing their first year in the School of Law. Applicants may also be considered after they have enrolled in the JD program; interested JD students should consult the School of Law's Office of Academic and Student Affairs and the School of Public Policy and Urban Affairs graduate program director for more information.

Students enrolled in this dual-degree program will be able to count 8 JD credit hours toward their MPP degree and 12 MPP credit hours toward their JD degree. Students should consult advisors in each program if they have questions about which courses may be shared between degrees.

All JD students, including FlexJD students, are ordinarily eligible to apply into dual degree pathways.

## Nonprofit Sector, Philanthropy, and Social Change, Graduate Certificate

School of Public Policy and Urban Affairs

CSSH Graduate Programs General Regulations (p. 1041)

The Graduate Certificate in Nonprofit Sector, Philanthropy, and Social Change is a response to recent developments in social change theory, practice, and funding that are placing new demands and expectations on social change actors in the nonprofit, public, and private sectors, including nonprofit leaders, philanthropists, policymakers, and corporate social responsibility managers. These developments include the emergence of hybrid, cross-sector business models and new intermediary mechanisms for channeling the flow of capital into social change; new expectations and standards for performance measurement, transparency, and accountability; more sophisticated use of data and technology to support decision making, evaluation, and continual improvement; decreased public funding for traditional nonprofit activities; and the emergence of social media as a vehicle for mobilizing people and resources. The certificate enables social change professionals in all sectors to respond to these changes more effectively and will distinguish itself from other nonprofit certificate programs by focusing on the relationship between social program implementation and funding.

The certificate is a professionally oriented, application-based program for students seeking leadership positions in nonprofit organizations or in a public agency that deals extensively with nonprofits. The curriculum is designed to address the distinctive features and practices of the nonprofit sector and emphasizes management techniques helpful to nonprofit leaders.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose GPA falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
PPUA 6551	Nonprofit Organizations and Social Change	4
PPUA 6552	The Nonprofit Sector in Civil Society and Public Affairs	4

#### Elective

Code	Title	Hours
Complete 4 semester hours from the following. Courses outside this list may be taken as electives with approval of the graduate program director.		4

PPUA 6202	Research Toolkit for Python for Policy
PPUA 6203	Research Toolkit for Effective Communications for Policy Impact
PPUA 6212	Research Toolkit for Urban and Regional Policy: Project Management
PPUA 6216	Research Toolkit for Urban and Regional Policy: Grant Writing
PPUA 6503	Managing People in Public and Nonprofit Sectors
PPUA 6509	Techniques of Program Evaluation
PPUA 6522	Administrative Ethics and Public Management

### Program Credit/GPA Requirements

12 total semester hours required

Minimum 3.000 GPA required

## Public Policy Analysis, Graduate Certificate

CSSH Graduate General Regulations (p. 1041)

The Graduate Certificate in Public Policy Analysis seeks to provide students with the tools to analyze and shape public policy at the local, state, and national levels. Students have an opportunity to gain an understanding of the political and legal processes of policymaking, develop skills central to conducting research on policy questions, and learn techniques for evaluating the effectiveness of competing policies.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average (GPA) falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

#### Core Requirements

Students may not reuse required degree courses for the certificate.

## Sustainability and Climate Change Policy, Graduate Certificate

This graduate certificate, a collaboration between the School of Public Policy (SPPUA) and the School of Law (NUSL), is designed to prepare students for the dynamic, evolving landscape of climate and sustainability policy. Interest in the area of climate and sustainability policy is expanding rapidly among graduate students in multiple programs throughout Northeastern and among professionals who may be considering graduate coursework at Northeastern. This certificate provides students from multiple backgrounds an option for gaining interdisciplinary skills and perspectives in climate and sustainability policy. Given the growing need in every organization, including private sector, public sector, and nonprofits, for professionals with knowledge and training in how to respond to the rapidly changing policy and regulatory frameworks in climate and sustainability, this certificate is open to JD, master's and PhD students throughout the university. This certificate is also available to professionals who have not yet been admitted to one of Northeastern's graduate programs.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average (GPA) falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

<sup>1</sup> Students enrolled in NU colleges other than the School of Law should contact a School of Law advisor at [lawstudentaffairs@northeastern.edu](mailto:lawstudentaffairs@northeastern.edu) for guidance on registering for courses from the School of Law.

### Program Credit/GPA Requirements

12 total semester hours required

Minimum 3.000 GPA required

## Urban Analytics, Graduate Certificate

CSSH Graduate General Regulations (p. 1041)

With 75 percent of the world's population projected to be living in cities by 2050, the need for professionals in urban planning and related careers will only increase. The Graduate Certificate in Urban Analytics seeks to prepare students outside of the Master of Science in Urban Informatics program to manage the progressively complex issues involved with rapidly expanding data and technological resources in cities. As Claire Lane of the City of Boston recently noted, "The blueprints for great cities are increasingly anchored in big data, expressed in GIS [Geographic Information Systems] and codified in coherent policy." Successful graduates with an urban analytics certificate have skills in each of these areas, which prepares them to be professionals ready to shape the future of cities across the globe.

Students are trained with the practical and theoretical knowledge necessary to understand the intricacies of interconnected urban systems and to analyze how these systems work together to create sustainable, resilient, and just cities. The curriculum emphasizes the expertise needed to bridge emerging technological capacities and traditional policymaking processes. Students cultivate applied skills in visual presentation, analysis, and modeling of new data sets—all of which helps to inform investment and policymaking. Inspired by Northeastern's leadership in experiential education, students use Boston and cities around the world as learning labs.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average (GPA) falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
PPUA 5262	Big Data for Cities	4
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	4

## Urban Studies, Graduate Certificate

CSSH Graduate Programs General Regulations (p. 1041)

The Graduate Certificate in Urban Studies provides a foundation in the fundamentals of urban planning and policy theory for students outside the Master of Science in Urban Planning and Policy degree. It also allows students to pursue course work in a range of areas of concentration, including housing and community development, urban environmental sustainability, economic development, international comparative urban policy, and transportation.

### Academic Standing/Progress

Students in the program are monitored for academic progress. Those students whose grade-point average (GPA) falls below a 3.000 are notified by and meet with the director of academic programs. They are counseled that if their GPA does not rise to a 3.000 or higher, they run the risk of not graduating and are advised on strategies for improvement.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

[socant@northeastern.edu](mailto:socant@northeastern.edu) ([p.simmons@northeastern.edu](mailto:p.simmons@northeastern.edu))

CSSH Graduate Programs General Regulations (p. 1041)

The Department of Sociology and Anthropology at Northeastern University is home to a distinguished graduate program offering a Doctor of Philosophy in Sociology. The primary objectives of our graduate program are to offer a strong curricular foundation in sociology and the social sciences; to inculcate in students a depth of knowledge in the basic tools of the discipline; to train our students to be outstanding teachers and researchers; and to provide professional socialization that adequately prepares students for a career in the discipline.

The PhD program boasts a wide array of curricular strengths and diverse methodological offerings, all of which draw upon the department's emphasis on the study of social inequalities along lines of race, class, and gender. Faculty expertise ranges widely from domestic U.S. concerns to issues that affect groups, regions, and societies on a global scale. We boast strengths in 11 different research foci (<https://cssh.northeastern.edu/socant/research-foci/>):

- Gender, sexuality, and intersectionality
- Political change and social movements
- Work, labor, and economic insecurity
- Global economy and culture
- Violence, conflict, and security
- Cities and urbanization
- Health and health equity
- Environment and environmental justice
- Racial identity, racism, and anti-racism
- Migration and immigrant communities
- Science and technology studies

The PhD program is designed to admit relatively small numbers of graduate students each year, which affords students the opportunity to forge close working relationships with the faculty. Our faculty and graduate students work together in a number of interdisciplinary research projects, programs, and centers, including the Social Science Environmental Health Research Institute (<http://www.northeastern.edu/environmentalhealth/>); the Brudnick Center on Violence and Conflict (<http://www.northeastern.edu/brudnickcenter/>); the Dukakis Center for Urban and Regional Policy (<http://www.northeastern.edu/dukakiscenter/>); and the Institute for Health Equity and Social Justice Research (<http://www.northeastern.edu/iuhrp/>). Many of the faculty in the Department of Sociology and Anthropology have additional interests and are affiliated with other departments on campus, including environmental studies; law and public policy; Latino, Latin American, and Caribbean studies; African American studies; international affairs; Jewish studies; and criminal justice. Students who wish to work with faculty in other disciplines are encouraged to enlist the aid of the sociology graduate director or their advisors in contacting individual faculty members.

## Sociology, PhD

The Department of Sociology and Anthropology at Northeastern University is home to a distinguished graduate program offering a PhD in Sociology. The primary objectives of our graduate program are to offer a strong curricular foundation in sociology and the social sciences; to inculcate in students a depth of knowledge in the basic tools of the discipline; to train our students to be outstanding teachers and researchers; and to provide professional socialization that adequately prepares students for a career in the discipline.

The PhD program is designed to attract students who wish to develop a broad base of sociological knowledge, such as would equip students to embark on academic careers in leading institutions of higher education. The PhD program boasts a wide array of curricular strengths and diverse methodological offerings, all of which draw upon the department's emphasis on the study of social inequalities along lines of race, class, and gender. Faculty expertise ranges widely from domestic U.S. concerns to issues that affect groups, regions, and societies on a global scale.

The PhD program is designed to admit relatively small numbers of graduate students each year, which affords students the opportunity to forge close working relationships with the faculty. Our faculty and graduate students work together in a number of interdisciplinary research projects, programs, and centers, including the Social Science Environmental Health Research Institute (<http://www.northeastern.edu/environmentalhealth/>); the Brudnick Center on Violence and Conflict (<http://www.northeastern.edu/brudnickcenter/>); the Dukakis Center for Urban and Regional Policy (<http://www.northeastern.edu/dukakiscenter/>); and the Institute for Health Equity and Social Justice Research (<http://www.northeastern.edu/iuhrp/>). Many of the faculty in the Department of Sociology and Anthropology have additional interests and are affiliated with other departments on campus, including environmental studies; law and public policy; Latino, Latin American, and Caribbean studies; African American studies; international affairs; Jewish studies; and criminal justice. Students who wish to work with faculty in other disciplines are encouraged to enlist the aid of the sociology graduate director or their advisors in contacting individual faculty members.

### Admissions

Students interested in the PhD apply directly to that program. Students admitted without a master's degree earn the Master of Arts in Sociology en route once PhD coursework is completed. Please note that all applicants for the doctoral program are required to submit a writing sample that should consist of written materials that demonstrate their capacity for scholarship at the doctoral level. (Copies of several course or term papers or a copy of a master's thesis or paper are appropriate.)

### Coursework

Doctoral students are required to complete 60 standard credit hours (SH) with grades of B or higher if coming in with a bachelor's degree and 40 credit hours if coming in with a master's degree in sociology. Students admitted without a master's degree earn the MA in sociology en route to completing their PhD requirements (30 credits).

Required courses cover the core areas of sociological theory, research methods, and statistical analysis. All students must take courses in these areas regardless of their areas of specialization. Students must fulfill these requirements during their first year in the program. Students entering our program may be able to substitute courses taken at the prior institution for some or all of these requirements by submitting a course waiver form (a course waiver does not waive the associated semester hour requirement) or transfer of credit (courses submitted with a transfer of credit cannot have counted toward another degree).

#### FOUR PROSEMINARS

Proseminars provide students structure for their first two years in the PhD program to help ensure their professionalization into the discipline and to help them move more smoothly through program requirements.

Each course meets weekly for 60-minute sessions throughout each fall and spring semester for the student's first two years. Each 1-credit course will be taken on a pass/fail basis. In order to receive a passing grade, students must attend most proseminar class meetings, complete the requirements for the proseminar course in a satisfactory manner, and attend most intellectual and professional development events organized by the department. Proseminar 1 and 2 are completed in the first year; Proseminar 3 and 4 are completed in the second year.

#### POST COURSEWORK BUT PRIOR TO PROPOSAL DEFENSE

Students must complete two field statements prior to their proposal defense and will register for Exam Preparation—Doctoral (SOCL 8960) (with the field statement chair listed as instructor of record).

Once field statements are complete and students are working on their dissertation proposal, students should register for a Research course (with their committee chair listed as instructor of record) until the proposal is successfully defended.

#### DEGREE CANDIDACY

To enter into degree candidacy, the student must have earned a Master of Arts degree or its departmental semester-hour equivalent, completed the four proseminars, successfully defended two field statements, and defended their dissertation proposal.

---

*Students who have completed required coursework with a cumulative GPA of 3.000 or better may be eligible to receive an MA in Sociology (<http://catalog.northeastern.edu/graduate/social-sciences-humanities/sociology/sociology-ma/>) degree. In addition, students who do not qualify for the doctoral degree, but who have completed required coursework with a cumulative GPA of 3.000 or better, may be eligible to receive a terminal MA in Sociology (*

catalog.northeastern.edu/graduate/social-sciences-humanities/sociology/sociology-ma/) degree. Note that no students will be admitted directly into the MA in Sociology (<http://catalog.northeastern.edu/graduate/social-sciences-humanities/sociology/sociology-ma/>) to pursue a master's degree.

## Program Requirements

### Bachelor's Degree Entrance

Complete all courses and requirements listed below unless otherwise indicated.

### Milestones

Annual review  
Two field statements  
Dissertation committee  
Dissertation proposal  
PhD candidacy  
Dissertation defense

## Network Science, PhD

Website (<http://www.networkscienceinstitute.org>)

The PhD program in network science aims to enhance our understanding of networks arising from the interplay of human behavior, sociotechnical infrastructures, information diffusion, and biological agents. This is an intrinsically multidisciplinary activity, with members of the network science community representing a wide range of fields including computer science, information science, complexity, physics, sociology, communication, organizational behavior, political science, and epidemiology. This is an interdisciplinary doctoral program focused on training students in network science across several colleges—including the College of Social Sciences and Humanities, the College of Science, the Khoury College of Computer Sciences, and Bouvé College of Health Sciences—with several research areas, including computational sciences, information sciences, health and life sciences, social sciences, and theoretical physics. See other collaborating colleges' catalog sections for possible elective courses.

Coursework is dependent on a student's area of research and subject to prior approval by their faculty advisor. Required coursework includes 20 semester hours of core courses in network science, plus an additional 20 semester hours of courses relevant to the students' area of research. A minimum of 40 credit hours of coursework is required, though the graduate program committee may recommend additional coursework based on student research interests.

Satisfactory progress in the program will be ongoing and formally evaluated at the end of both the first and second years of the program. Students are expected to maintain a cumulative GPA of 3.000 or better in all coursework. Students are not allowed to retake courses. A student who does not maintain the 3.000 GPA, or is not making satisfactory progress on their dissertation research, may be recommended for termination by the graduate program committee.

Each student will have one primary research advisor from the network science doctoral program faculty.

Students will be expected to select their research advisor by the end of the spring semester of their second year in the program.

The dissertation committee consists of at least four members: the dissertation advisor, one additional network science doctoral program faculty member, one member expert in the specific topic of research (can be from outside the university), and one additional tenured/tenure-track faculty member from the concentration department/conferring college. The dissertation advisor must be a full-time tenured or tenure-track member of the Northeastern University faculty. Students may repeat the comprehensive examination once if they are unsuccessful.

### Degree Candidacy

A student is considered a PhD candidate upon completion of all required coursework with a minimum cumulative GPA of 3.000, satisfactory completion of the qualification exam, and satisfactory completion of the comprehensive exam.

### Qualifying Examination

The qualification exam will be an oral examination of the material during the students' coursework. The exam will be an hour in length and consist of questions selected by network science faculty who comprise the qualifying examination and dissertation committee. Students will receive 50 to 80 potential questions, which they must be prepared to answer, one month before the exam. The exam will consist of a subset of these questions. The qualifying exam will be offered twice annually, in the fall and spring terms. All students are required to initially sit for the exam in the fall, typically in their third year of the PhD program. Students who do not pass the qualifying exam on their first attempt are expected to retake the exam in the spring term. Students may sit for the qualifying exam no more than twice.

Students who fail to complete the qualifying examination but who have completed all the PhD program's required coursework with a cumulative GPA of 3.000 or better will be awarded a terminal Master of Science in Network Science degree. Note that no students will be admitted directly into the network science program for receipt of a master's degree.

### Comprehensive Examination

Students must submit a written dissertation proposal to the dissertation committee. The proposal (with the aid and approval of their dissertation advisor) will outline a plan to carry out new and original research. The proposal should identify relevant literature, the research problem, the research plan, and the potential impact on the field. An oral presentation of the proposal will be made in an open forum before a public audience and the dissertation committee, followed by questions from noncommittee members. The written proposal must be given to committee members at least two weeks prior to the oral presentation. After the presentation, the student will meet with the dissertation committee to address any concerns raised in either the written proposal or the presentation. The comprehensive exam must precede the final dissertation defense by at least one year.

### Dissertation Defense

A PhD student must complete and defend a dissertation that involves original research in network science. The dissertation defense must adhere to Northeastern academic policies.

---

*Students who do not qualify for the doctoral degree, but who have completed required coursework with a cumulative GPA of 3.000 or better, may be eligible to receive a terminal Master of Science in Network Science (<http://catalog.northeastern.edu/graduate/social-sciences-humanities/interdisciplinary/network-science-ms/>). Note that no students will be admitted directly into the network science program to pursue a master's degree.*

## Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

## Applied Quantitative Methods and Social Analysis, MS

The Master of Science in Applied Quantitative Methods and Social Analysis is an interdisciplinary, flexible, and innovative degree that focuses on quantitative research methods for social analysis strategies and techniques. The program integrates the interdisciplinary perspectives and methodological and analytical tools across the College of Social Sciences and Humanities. The program seeks to educate ambitious social scientists and analysts primed to deploy computational tools for social analysis and tackle social science questions of equity, hierarchy, social organization, and social systems. The 21st-century economy will increasingly demand a workforce capable of collecting, processing, analyzing, and interpreting large-scale data on human attributes, personal preferences, social attributes, and political behavior. In response, this program provides students with rigorous training in quantitative research and social science methods to address important questions of social inquiry. Emphasizing public dissemination of findings, the program prepares students to inform policymakers, decision makers in the private and public sectors, and the broader community. These skills prepare graduates to pursue analytical or research careers in corporations, nonprofits, and public services or to continue their education.

Students in this degree program will have the opportunity to gain advanced training in statistical analysis and research methodology aligned to key areas of strength in CSSH, including data analytics in the social sciences, computational social science, network analysis in the social sciences, statistical methods in the social sciences, information ethics for social analysis, geospatial analysis, and the digital humanities. Students will also have the opportunity to stack a range of graduate certificate programs into the master's degree.

The program will take advantage of various co-op opportunities—positions such as policy analysts, network scientists, econometricians, and crime analysts—that provide students a professional environment to integrate quantitative skills and social analysis. The learning opportunities in professional settings (private sector, government, or nonprofit sector) reinforce the development of advanced quantitative skills and their applied nature to contemporary social issues. Ultimately, the Master of Science in Applied Quantitative Methods and Social Analysis will position students to enter the labor force with the competitive advantage of these experiences and skills.

CSSH Graduate Programs General Regulations (p. 1041)

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
<b>Core Requirements</b>		
INSH 6300	Research Methods in the Social Sciences	4
INSH 6500	Statistical Analysis	4

#### Required Concentration

Complete one of the following concentrations:

- Computational Social Science (p. 1137)
- Data Analytics in the Social Sciences (p. 1137)
- Information Ethics for Social Analysis (p. 1137)
- Network Analysis in the Social Sciences (p. 1138)
- Statistical Methods in the Social Sciences (p. 1138)

#### ELECTIVES

Electives are selected in consultation with the program director. Concentration courses may not be double counted as elective courses.

Code	Title	Hours
Complete 12 semester hours from the following:		12
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights

## Computational Social Science, Graduate Certificate

The certificate highlights how big data, computational analysis, and related techniques can be used to shed light on theoretical and policy questions in the fields of public policy, public health, sociology, criminal justice, political science, economics, computer science, and network science. The certificate will contribute to students' understanding of:

- How to collect, analyze, and interpret insights culled from applying computational analyses to big data in social science domains
- The ways in which computational analysis can be used to develop policy and evaluate policy outcomes and results

The field is new and developing rapidly, and employers are eager to hire students trained in this area—both because computational social science is at the cutting edge of interdisciplinary work and because it offers new opportunities for research and analysis. This certificate leverages the real-world relevance of big data, source data, machine learning, and predictive analytics, which are dominant aspects of the contemporary workplace landscape. The certificate is available on the Boston campus and online modalities.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
INSH 5301 or INSH 6406	Introduction to Computational Statistics Analyzing Complex Digitized Data	4
INSH 5303 or DA 5030	Machine Learning in the Social Sciences Introduction to Data Mining/Machine Learning	4

#### Elective

Code	Title	Hours
Complete 4 SH from the following:		4
INSH 5302	Information Design and Visual Analytics	
POLS 7334	Social Networks	
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	
PPUA 5262	Big Data for Cities	

### Program Credit/GPA Requirements

12 total semester hours required

Minimum 3.000 GPA required

## Data Analytics, Graduate Certificate

The interdisciplinary Graduate Certificate in Data Analytics is offered through a collaboration between the Khoury College of Computer Sciences and the College of Social Sciences and Humanities. The certificate curriculum emphasizes the skills needed to bridge between emerging technological capacities and traditional policymaking processes. The program is designed to provide students with foundational knowledge in data science—including data management, machine learning, data mining, statistics, and visualizing and communicating data—that can be applied to data-driven decision making in any discipline.

For more information on the certificate, refer to the program's website (<https://www.northeastern.edu/graduate/program/graduate-certificate-in-data-analytics-boston-14423/>).

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Core Requirements

Code	Title	Hours
DA 5020	Collecting, Storing, and Retrieving Data	4
DA 5030	Introduction to Data Mining/Machine Learning	4
INSH 5301	Introduction to Computational Statistics	4
INSH 5302	Information Design and Visual Analytics	4

#### Program Credit/GPA Requirements

16 total semester hours required

Minimum 3.000 GPA required

## Information Ethics, Graduate Certificate

The Graduate Certificate in Information Ethics is intended to help students build a working knowledge of the primary theories, frameworks, concepts, and issues in information ethics, as well as to help students develop robust skills in ethical analysis and evaluation.

Students who complete the certificate will be able to conduct comprehensive ethics and value analysis and assessment of emerging issues and problems related to such things as data collection, management, and use; design and implementation of artificial intelligence and machine learning; development and deployment of autonomous systems; and online, networked, and digital experiences and systems.

The certificate is open to students in any graduate program at Northeastern.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

*Note:* At least two of the three courses taken to fulfill the certificate requirements must be PHIL courses.

### Core Requirements

Code	Title	Hours
Complete two of the following:		8
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	

### Elective

Code	Title	Hours
Complete one of the following. The elective course must be different than the core courses:		4
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	

### Program Credit/GPA Requirements

12 total semester hours required

Minimum 3.000 GPA required

## Women's, Gender, and Sexuality Studies, Graduate Certificate

Website (<https://www.northeastern.edu/cssh/wgss/graduate/certificate/>)

The Graduate Certificate in Women's, Gender, and Sexuality Studies (WGSS) is designed for students currently enrolled in a Northeastern University master's or doctoral program. The certificate aims to provide enhanced competency by:

- Analyzing contemporary feminist theoretical frameworks, methodologies, issues, and topics and their relation to established disciplines
- Focusing on the intersection of gender with sexuality, race, class, and other vectors of power and identity
- Broadening and enriching analytical skills in one or more disciplines while drawing on the interdisciplinary perspectives of WGSS
- Challenging the traditional separation of academic theory from political and professional practice

Prospective certificate students are advised initially to consult with the WGSS program director and the advisor in their home department to develop a plan for completing the certificate.

In addition to the College of Social Sciences and Humanities certificate, there is a specialized pathway for students enrolled in the Master of Public Health program (p. 650). These students are able to apply theories, concepts, and methods gained from the WGSS certificate to urban health issues. Students work closely with advisors in their home school and in WGSS to select a course of study to complete the certificate, including incorporating gender and sexuality studies into their MPH coursework as final projects/papers and naming a WGSS faculty member to their capstone committee, if using the capstone as an elective for the certificate. Students using the capstone toward their certificate must also enroll in a 1-credit directed study with the WGSS faculty who will sit on their committee. *Note:* Students pursuing the BS/MPH accelerated program and WGSS certificate should wait until they have *matriculated* into the MPH program to declare the certificate and to begin coursework toward the WGSS certificate.

### Program Requirements

Complete all courses and requirements listed below unless otherwise indicated.

#### Foundational Requirement

Code	Title	Hours
All students, regardless of disciplinary background, must complete one of the following:		
WMNS 6100	Theorizing Gender and Sexuality	4
WMNS 7100 or SOCL 7100	Queer Theory: Sexualities, Genders, Politics Queer Theory: Sexualities, Genders, Politics	

#### General Option

Code	Title	Hours
<b>Electives</b>		
Complete two courses according to the instructions from the electives list (below the MPH option). At least one should come from outside the student's home department.		8

#### MPH Option

Code	Title	Hours
MPH students should plan to take one foundational required course from the list above and to focus final projects in core MPH courses on gender/sexuality in public health.		
<b>Electives</b>		
Complete 8 semester hours according to the instructions from the electives list. One course may be the capstone, if the topic selected focuses on gender and/or sexuality in connection to the selected urban health issue and the student enrolls in a 1-semester-hour directed study with the WGSS faculty member who will sit on the capstone committee.		8

#### Electives List

Code	Title	Hours
At least one course must come from outside the student's home discipline. Any foundational course not taken to complete the required foundational coursework may be taken as an elective but may not count as both the foundational requirement and an elective. Electives outside this list, particularly special topics courses not listed here, may be chosen in consultation with program director. Students may also consider courses at the Graduate Consortium for Studies of Gender, Culture, Women, and Sexuality (located at MIT). MPH students, in conversation with their advisors, may substitute PHTH 6910 for one elective.		
ECON 5292	Gender and Development Economics	
HIST 5240	Feminist Resistance	
PHTH 6910	Public Health Capstone (with 1-SH directed study)	
SOCL 5240	Feminist Resistance	
SOCL 7273	Gender and Social Policy	

SOCL 7287	Social Movements in Health
SOCL 7100	Queer Theory: Sexualities, Genders, Politics
WMNS 5240	Feminist Resistance
WMNS 6100	Theorizing Gender and Sexuality (if not taken as core course)
WMNS 7100	Queer Theory: Sexualities, Genders, Politics (if not taken as core course)
WMNS 7615	Feminist Inquiry (if not taken as core course)
WMNS 7900	Special Topics in Women's, Gender, and Sexuality Studies
WMNS 7976	Directed Study

**Program Credit/GPA Requirements**

12 total semester hours required

Minimum 3.000 GPA required

## Mills College at Northeastern

Website (<https://mills.northeastern.edu/>)

**Beth D. Kochly, PhD**, Interim Dean of Mills College at Northeastern

**Christie Chung, PhD**, Associate Dean for Research, Scholarship, and Partnerships

Mills College at Northeastern University  
Office of the Dean

5000 MacArthur Blvd  
Oakland, CA 94613-1301  
510.430.2290  
[Mills\\_College@Northeastern.edu](mailto:Mills_College@Northeastern.edu)

Mills College at Northeastern is a community of teachers, scholars, researchers, leaders, and changemakers rooted in the diverse Bay Area. Through our teaching and scholarship, we promote social and community accountability, diversity, equity and inclusion, and environmental sustainability. We prepare students to make an impact in the world by building on Oakland's roots in activism and leveraging our strengths in social justice, equity, meaningful partnerships, and academic excellence. We are committed to furthering the university's mission of diverse and inclusive experiential learning and research on our beautiful campus, the surrounding community, and beyond. The historic architecture and intimate facilities of our Oakland campus serve as incubators for scholars in a wide variety of disciplines. We strive to foster learning and well-being by building a curriculum, praxis, and research focus that are thoughtful, intentional, and of the highest quality. Our graduate and undergraduate programs will engage students in transformative, important conversations and provide a range of opportunities for personal and professional growth. This foundation prepares students to lead meaningful change in their chosen fields.

## Gordon Institute of Engineering Leadership

Website (<http://www.northeastern.edu/gordonleadership/>)

### Simon Pitts

Director and Head—Gordon Institute of Engineering Leadership

415 Stearns Center

617.373.4800

617.373.7680 (fax)

The Gordon Institute of Engineering Leadership offers a graduate certificate that pairs with over 20 master's programs in the College of Engineering, College of Science, and Khoury College of Computer Sciences. The Gordon program is a transformational graduate program designed to build a future corps of engineering leadership professionals. GIEL seeks to accelerate leadership development capability in an engineering context through a concentrated curriculum that inculcates both the psychological skills and capabilities needed to lead engineers in parallel with technical skills to successfully engineer products to customers and markets. The program teaches relevant leadership theory followed by practice in leadership laboratories. Technical product development and scientific principles courses are followed by the completion of a market-worthy challenge project. This learning framework is supplemented with three-way mentoring from industry, faculty, and program mentors. Graduates of the program, known as Gordon Fellows, have an opportunity to gain the knowledge, skills, and attitudes required to successfully lead engineering teams. They stand out from their peers in their ability to invent, innovate, and implement engineering projects from concept to market success. Participation in GIEL accelerates Gordon Fellows' careers, making them more valuable to their company.

### The Challenge

When relatively unseasoned engineers run teams or projects, most fail to satisfy all of the project's critical requirements—missing the mark in functionality, performance, quality, time-to-market, cost, or other key objectives.

This shortfall exists because engineers enter the workforce without critical skills related to:

- Competitiveness
- Taking responsibility to prevent failure
- Market and customer focus
- Influencing and motivating skills
- Interdisciplinary decision making and teamwork capability
- Simultaneous optimization of all elements of performance, quality, cost, and timing
- Front-loading the engineering process
- Financial acumen
- Big-picture engineering
- Leadership abilities and organizational social awareness
- Enterprise understanding
- Program management tools and processes
- Designing to avoid failure modes
- Designing for lean manufacture

### The Mission

GIEL's mission is to create an elite cadre of engineering leaders who stand out from their peers in their ability to invent, innovate, and implement engineering projects from concept to market success.

These leaders will demonstrate an exceptional ability to lead engineering teams by providing purpose, direction, and motivation to influence others to achieve their collective goals.

### The Method

To close the gaps and realize its mission, GIEL concentrates on the knowledge, skills, and abilities that reside at the intersection of engineering and leadership.

At the end of the program, Gordon Fellows emerge with the awareness, confidence, vision, and technical dexterity to drive positive change within their organizations and society.

### Admissions

GIEL candidates must apply for and be admitted to both the Northeastern University Graduate School of Engineering and the Gordon Institute of Engineering Leadership.

Students pursue GIEL as part of a Master of Science degree in the engineering discipline of their choice or as a stand-alone graduate certificate. Upon completion of a Master of Science degree, students earn both the Master of Science degree in the discipline of choice and a Graduate Certificate in Engineering Leadership. Students who already hold a graduate degree in engineering or have greater than three years of engineering work experience can complete the program to earn a Graduate Certificate in Engineering Leadership. The core GIEL curriculum takes place during one calendar year (September–July), and additional coursework required for the Master of Science degree can be pursued before, after, or in parallel with GIEL.

## **Programs**

### **MS Degrees with Combined Gordon Leadership Certificate**

- Engineering Leadership (p. 551)
- Technology Leadership (p. 1149)

## Engineering Leadership, Graduate Certificate

The Gordon Engineering Leadership Program is a transformational, technical, and challenging graduate-level learning experience targeted for engineering professionals.

The Gordon Engineering Leadership Program directed by the Gordon Institute of Engineering Leadership offers a graduate certificate that pairs with over 20 master's degrees in the College of Engineering, College of Science, and Khoury College of Computer Sciences. The Gordon Program is a transformational graduate program designed to build a future corps of engineering leadership professionals.

Pursuing the graduate certificate allows participants to:

- Take part in a hands-on curriculum taught by industry-experienced professors
- Work with peers from across engineering fields on leadership skills development
- Receive one-on-one mentoring from industry experts and faculty

The Gordon Engineering Leadership Program anchors around an intense, market-worthy challenge project based on your organization's strategic needs. This is a unique opportunity to apply your classroom experience in a professional setting, potentially further accelerating your career.

### How to Earn a Graduate Certificate in Engineering Leadership

If you already have a Master of Science, then you can complete the one-year program to earn a Graduate Certificate in Engineering Leadership.

If you do not have a Master of Science, then you can still be considered for the Graduate Certificate in Engineering Leadership if you have at least three years of engineering work experience.

Additional information can be found on the Gordon Engineering Leadership Program website. (<http://www.northeastern.edu/gordonleadership/>)

### Beyond a Graduate Certificate

Most candidates pursue the Gordon Engineering Leadership Program as part of a Master of Science degree in the engineering discipline of their choice. Upon completion, they earn both a Master of Science degree and a Graduate Certificate in Engineering Leadership.

---

Students can enroll in the Engineering Leadership Graduate Certificate while pursuing the following degrees:

- MS Advanced and Intelligent Manufacturing (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/college-of-engineering/advanced-and-intelligent-manufacturing/>)
- MS Biotechnology (<http://www.northeastern.edu/gordonleadership/degree/ms-in-biotechnology/>)
- MS Computer Science (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/khoury-college-of-computer-sciences/computer-science/>)
- MS Cybersecurity (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/khoury-college-of-computer-sciences/ms-in-information-assurance-and-cyber-security/>)
- MS Data Analytics Engineering (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/college-of-engineering/ms-in-data-analytics-engineering/>)
- MS Engineering and Public Policy (select concentrations) (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/college-of-engineering/ms-in-engineering-and-public-policy/>)
- MS Human Factors (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/college-of-engineering/human-factors/>)
- MS Robotics (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/college-of-engineering/robotics/>)
- MS Telecommunication Networks (<http://www.northeastern.edu/gordonleadership/degree/ms-in-telecommunication-networks/>)
- MSBioE Bioengineering (<http://www.northeastern.edu/gordonleadership/degree/ms-in-bioengineering/>)
- MSChE Chemical Engineering (<http://www.northeastern.edu/gordonleadership/degree/chemical-engineering/>)
- MSCivE Civil Engineering (select concentrations) (<https://provost.northeastern.edu/gordon/certificate-and-degree-options/college-of-engineering/ms-in-civil-engineering/>)

Minimum 3.000 GPA required

## Technology Leadership, Graduate Certificate

The Graduate Certificate in Technology Leadership offered by the Gordon Institute of Engineering Leadership (GIEL) is a transformational graduate program designed to build a future corps of technology leadership professionals. GIEL seeks to accelerate leadership development capability in a technical context through a concentrated curriculum that inculcates both the psychological skills and capabilities needed to lead in parallel with technical skills to successfully release products to customers and markets. The program teaches relevant leadership theory followed by practice in leadership laboratories. Technical product development and scientific principles courses are followed by the completion of a market-worthy challenge project. This learning framework is supplemented with three-way mentoring from industry, faculty, and program mentors. Graduates of the program, known as Gordon Fellows, have an opportunity to gain the knowledge, skills, and attitudes required to successfully lead technical teams. They stand out from their peers in their ability to invent, innovate, and implement technology projects from concept to market success. Participation in GIEL accelerates Gordon Fellows' careers, making them more valuable to their company.

### The Challenge

When relatively unseasoned professionals run teams or projects, most fail to satisfy all of the project's critical requirements—missing the mark in functionality, performance, quality, time-to-market, cost, or other key objectives.

This shortfall exists because professionals enter the workforce without critical skills related to:

- Competitiveness
- Taking responsibility to prevent failure
- Market and customer focus
- Influencing and motivating skills
- Interdisciplinary decision making and teamwork capability
- Simultaneous optimization of all elements of performance, quality, cost, and timing
- Front-loading the technology delivery process
- Financial acumen
- Big-picture engineering
- Leadership abilities and organizational social awareness
- Enterprise understanding
- Program management tools and processes
- Designing to avoid failure modes
- Designing for lean manufacture

### The Mission

GIEL's mission is to create an elite cadre of technology leaders who stand out from their peers in their ability to invent, innovate, and implement technical projects from concept to market success.

These leaders will demonstrate an exceptional ability to lead teams by providing purpose, direction, and motivation to influence others to achieve their collective goals.

### The Method

To close the gaps and realize its mission, GIEL concentrates on the knowledge, skills, and abilities that reside at the intersection of technology and leadership.

At the end of the program, Gordon Fellows emerge with the awareness, confidence, vision, and technical dexterity to drive positive change within their organizations and society.

### Admissions

Candidates must apply for and be admitted to both a master's degree program at Northeastern and the Graduate Certificate in Technology Leadership.

Students pursue the Graduate Certificate in Technology Leadership as part of a master's degree or as a stand-alone graduate certificate. Upon completion of a Master of Science degree, students earn both the Master of Science degree in the discipline of choice and a Graduate Certificate in Technology Leadership. Students who already hold a graduate degree or have greater than three years' industry work experience can complete

the program to earn a stand-alone Graduate Certificate in Technology Leadership. The core GIEL curriculum takes place during one calendar year (September–July), and additional coursework required for the Master of Science degree can be pursued before, after, or in parallel with GIEL.

### Program Requirements

Code	Title	Hours
TELR 5121	Technology Leadership 1	2
TELR 5122	Technology Leadership 2	2
TELR 5131	Scientific Foundations of Technology 1	2
TELR 5132	Scientific Foundations of Technology 2	2
TELR 7440	Technology Leadership Challenge Project 1	4
TELR 7442	Technology Leadership Challenge Project 2	4

<sup>1</sup> The Scientific Foundations of Technology 1 (TELR 5131) and Scientific Foundations of Technology 2 (TELR 5132) requirements may be met by completion of Special Problems in Technology Leadership (TELR 7400) upon approval of program director.

### Program Credit/GPA Requirements

16 total semester hours required

Minimum 3.000 GPA required

## Additional Programs

- Postsecondary Teaching, Graduate Certificate (p. 1152)

## Postsecondary Teaching, Graduate Certificate

The Certificate in Postsecondary Teaching prepares graduate students to be effective teachers and educators both inside and outside the classroom. It focuses on both didactic training in best practices and pedagogy around traditional teaching as well as online teaching. Finally, it is anchored by a teaching practicum where students put into practice what they have learned.

### Program Requirements

#### Requirements

Code	Title	Hours

**University Faculty**

Faculty information for 2023-2024 will be published by the end of August 2023.

**A****Ammar Aamer**

Associate Teaching Professor, College of Professional Studies; University of Tennessee, Knoxville, PhD

**Olakunle S. Abawonse**

Zelevinsky Postdoctoral Researcher, Mathematics; State University of New York at Binghamton, PhD

**Anis Abdulle**

Assistant Cooperative Education Coordinator, Computer Sciences; Northeastern University, BA

**Mehdi Abedi**

Associate Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

**Margot Abels**

Assistant Teaching Professor, Women's, Gender, and Sexuality Studies and Human Services; Northeastern University, PhD

**Emad Aboelela**

Associate Teaching Professor, Electrical and Computer Engineering; University of Miami, PhD

**Max Abrahms**

Associate Professor, Political Science; University of California, Los Angeles, PhD

**Ali Abur**

Professor, Electrical and Computer Engineering; Ohio State University, PhD

**Sunayan Acharya**

Senior Lecturer, Finance; University of Kentucky, PhD

**Daniel Adams**

Associate Professor, Architecture; Harvard University, MArch

**Quisquella Addison**

Assistant Teaching Professor, Law; Yeshiva University, JD

**Libby Adler**

Professor, Law and Women's, Gender, and Sexuality Studies; Northeastern University, JD

**Jeffrey Agar**

Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Georgia, PhD

**Rajesh Aggarwal**

Professor, Finance; Harvard University, PhD

**Christina Agostinelli-Fucile**

Associate Teaching Professor, World Languages Center; State University of New York at Buffalo, PhD

**Ruth Aguilera**

Darla and Frederick Brodsky Trustee Professor in Global Business, International Business and Strategy; Harvard University, PhD

**Michael Ahern**

Assistant Cooperative Education Coordinator, College of Engineering; Salem State University, MEd

**Amal Ahmed**

Associate Professor, Computer Sciences; Princeton University, PhD

**Jaehan Ahn**

Assistant Professor, Accounting; University of Oklahoma, PhD

**Laurel Ahnert**

Visiting Assistant Professor, Media and Screen Studies; Georgia State University, PhD

**Michal Aibin**

Visiting Associate Teaching Professor, Computer Sciences; Wroclaw University of Technology (Poland), PhD

**Sophia Ainslie**

Associate Teaching Professor, Art + Design; School of the Museum of Fine Arts/Tufts University, MFA

**Derya Aksaray**

Assistant Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Zeynep Aksehirli**

Associate Teaching Professor, Management and Organizational Development; University of California, Los Angeles, PhD

**Mohammad Alam**

Professor, Economics; University of Western Ontario (Canada), PhD

**Noor E. Alam**

Assistant Professor, Mechanical and Industrial Engineering; University of Alberta (Canada), PhD

**Ibrahim Alazza**

Visiting Assistant Teaching Professor, Art + Design; Boston University, MFA

**Brian Albrecht**

Associate Cooperative Education Coordinator, College of Engineering; Carnegie Mellon University, MS

**Daniel Aldrich**

Professor, Political Science and Public Policy and Urban Affairs; Harvard University, PhD

**Todd M. Alessandri**

Associate Professor, International Business and Strategy; University of North Carolina, Chapel Hill, PhD

**Jacques Alexis**

Associate Teaching Professor, College of Professional Studies; University of Maryland, PhD

**Noor Ali**

Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

**Nicole Aljoe**

Professor, English and Cultures, Societies, and Global Studies; Tufts University, PhD

**Greg Allen**

Visiting Assistant Professor, Theatre; University of Massachusetts, Amherst, MFA

**Kristen Allison**

Assistant Professor, Communication Sciences and Disorders; University of Wisconsin, Madison, PhD

**Michael Allshouse**

Assistant Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Meryl Alper**

Associate Professor, Communication Studies; University of Southern California, PhD

**Shannon Alpert**

Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Charlotte, PhD

**Akram N. Alshawabkeh**

University Distinguished Professor, George A. Snell Professor of Engineering, Civil and Environmental Engineering; Louisiana State University, PhD

**Wael Altali**

Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, PhD

**Sari Altschuler**

Associate Professor, English; City University of New York, PhD

**Ismet B. Altunkaynak**

Assistant Teaching Professor, Physics; Northeastern University, PhD

**Kaitlyn Alvarez Noli**

Assistant Professor, Public Policy and Urban Affairs and Health Sciences; University of California, Irvine, PhD

**Said Amal**

Research Assistant Professor, Bioengineering; Haifa University (Israel), PhD

**Christopher Amato**

Assistant Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Steven Amato**

Teaching Professor, College of Professional Studies; Boston College, PhD

**Bolor Amgalan**

Assistant Teaching Professor, Art + Design; Parsons School of Design, MFA

**Jane Amidon**

Professor, Architecture; Harvard University, MLA

**Mansoor M. Amiji**

University Distinguished Professor, Pharmaceutical Sciences and Chemical Engineering; Purdue University, PhD

**Rouzbeh Amini**

Associate Professor, Mechanical and Industrial Engineering and Bioengineering; University of Minnesota, PhD

**Mahshid Amirabadi**

Associate Professor, Electrical and Computer Engineering; Texas AM University, PhD

**Ghita Amor-Tijani**

Assistant Teaching Professor, Computer Sciences; George Washington University, PhD

**Parisa Andalib**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Roy Anderson**

Visiting Lecturer, Supply Chain and Information Management; Babson College, MBA

**Jonathan Andrew**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; SIT Graduate Institute, MA

**Jose Annunziato**

Assistant Teaching Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Mark Aparece**

Assistant Teaching Professor, Chemistry and Chemical Biology; Boston College, PhD

**Javier Apfeld**

Assistant Professor, Biology; University of California, San Francisco, PhD

**Tsuguo Aramaki**

Assistant Professor, Physics; Columbia University, PhD

**Michael Arnold Mages**

Assistant Professor, Art + Design; Carnegie Mellon University, PhD

**Cheryl Arruda**

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Alpha Arsano**

Assistant Professor, Architecture; Massachusetts Institute of Technology, PhD

**Katherine Ashley**

Associate Teaching Professor, Supply Chain and Information Management; University of California, Berkeley, PhD

**Javed A. Aslam**

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Anand Asthagiri**

Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

**Jared R. Auclair**

Associate Teaching Professor, Biotechnology; University of Massachusetts, PhD

**Debra Auguste**

Professor, Chemical Engineering; Princeton University, PhD

**Earlene Avalon**

Associate Teaching Professor, College of Professional Studies; Simmons College, PhD

**Emily Avery-Miller**

Associate Teaching Professor, English; Emerson College, MFA

**Hava Avraham**

Research Associate Professor, Center for Drug Discovery; Hebrew University of Jerusalem (Israel), PhD

**Joseph L. Ayers**

Professor, Marine and Environmental Sciences; University of California, Santa Cruz, PhD

**B**

**Robert Baginski**

Associate Clinical Professor, Medical Sciences; University of Connecticut, MD

**Keith Bagley**

Associate Clinical Professor, Computer Sciences; University of Massachusetts, Lowell, PhD

**Jianqui Bai**

Associate Professor and Gary Gregg Faculty Fellow, Finance; University of Southern California, PhD

**Rekha Bai**

Assistant Teaching Professor, Mathematics; University of Iowa, PhD

**Ruobing Bai**

Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

**Ambika Bajpayee**

Assistant Professor, Bioengineering; Massachusetts Institute of Technology, PhD

**Alison K. Baker**

Assistant Teaching Professor, Psychology; Northeastern University, PhD

**Brook K. Baker**

Professor, Law; Northeastern University, JD

**Shalanda H. Baker**

Professor, Law and Public Policy and Urban Affairs; Northeastern University, JD

**Ilter Bakkal**

Assistant Teaching Professor, Economics; Northern Illinois University, PhD

**Benita Bamgbade**

Assistant Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PhD

**Elitsa Banalieva**

Associate Professor, International Business and Strategy; Indiana University, PhD

**Debra Bangs**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Arun Bansil**

University Distinguished Professor, Physics; Harvard University, PhD

**Ning Bao**

Assistant Professor, Physics and Mathematics; Stanford University, PhD

**Albert-László Barabási**

Robert Gray Dodge Professor and University Distinguished Professor, Physics and Computer Sciences; Boston University, PhD

**Emanuela Barberis**

Professor, Physics; University of California, Santa Cruz, PhD

**Sumner Barenberg**

Professor of the Practice, Bioengineering; Case Western Reserve University, PhD

**Christopher Barney**

Visiting Assistant Professor, Game Design; Azusa Pacific University, BS

**Cynthia Baron**

Senior Academic Specialist, College of Professional Studies; Northeastern University, MBA

**Timothy Barr**

Postdoctoral Teaching Associate, Communication Studies; University of Pittsburgh, PhD

**Amilcar Barreto**

Professor, Cultures, Societies, and Global Studies and International Affairs; State University of New York at Buffalo, PhD

**Lisa Barrett**

University Distinguished Professor, Psychology; University of Waterloo (Canada), PhD

**Margarita Barrios Ponce**

Associate Teaching Professor, Art + Design; Yale University, MFA

**Carey Barry**

Associate Clinical Professor, Medical Sciences; Quinnipiac University, MS

**Yakov Bart**

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; University of California, Berkeley, PhD

**Stefano Basagni**

Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

**Marla Baskerville**

Associate Professor, Management and Organizational Development; Tulane University, PhD

**John Basl**

Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

**Maureen Basmajian**

Senior Cooperative Education Coordinator, College of Engineering; Boston College, MBA

**Linnea Basu**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MS

**Oleg Batishchev**

Professor of the Practice, Physics; Moscow Institute of Physics and Technology (Russia), PhD

**Allison Bauer**

Associate Teaching Professor, Health Sciences; University of Pennsylvania, PhD

**Kabria Baumgartner**

Associate Professor, History and Cultures, Societies, and Global Studies; University of Massachusetts, Amherst, PhD

**Christopher E. Beasley**

Associate Professor, Mathematics; Princeton University, PhD

**Nicholas Beauchamp**

Assistant Professor, Political Science; New York University, PhD

**Michael Beaudet**

Professor of the Practice, Journalism; Northeastern University, MA

**Laura Beerits**

Assistant Teaching Professor, English; University of Texas, Austin, PhD

**Gail S. Begley**

Teaching Professor, Biology; Boston University, PhD

**Mehdi Behroozi**

Assistant Professor, Mechanical and Industrial Engineering; University of Minnesota, PhD

**Edward Beighley**

Professor, Civil and Environmental Engineering; University of Maryland, PhD

**Leo Beletsky**

Professor, Law and Health Sciences; Temple University, JD

**Jonathan Bell**

Assistant Professor, Computer Sciences; Columbia University, PhD

**Chiara Bellini**

Assistant Professor, Bioengineering; University of Calgary (Canada), PhD

**Kylie Bemis**

Assistant Teaching Professor, Computer Sciences; Purdue University, PhD

**Sidi Bencherif**

Assistant Professor, Chemical Engineering; Carnegie Mellon University, PhD

**Jonathan Benda**

Teaching Professor, Writing Program; Syracuse University, PhD

**James C. Benneyan**

Professor, Mechanical and Industrial Engineering; University of Massachusetts, Amherst, PhD

**Iris Berent**

Professor, Psychology; University of Pittsburgh, PhD

**Dionisio Bernal**

Professor, Civil and Environmental Engineering; University of Tennessee, PhD

**Elena Bernal Mor**

Assistant Teaching Professor, Electrical and Computer Engineering; Universitat Politècnica de València (Spain), PhD

**Eugene A. Bernstein**

Associate Teaching Professor, Pharmaceutical Sciences; Ivanovo Medical Institute (Russia), PhD

**Enrico Bertini**

Associate Professor, Computer Sciences and Art + Design; Sapienza University of Rome (Italy), PhD

**Michael Bessette**

Assistant Clinical Professor, Medical Sciences; Sackler School of Medicine, PhD

**Allison Betsold**

Artist in Residence, Music; University of Kansas, MM

**Penny Beuning**

Professor, Chemistry and Chemical Biology; University of Minnesota, PhD

**Peter J. Bex**

Professor, Psychology; Cardiff University (United Kingdom), PhD

**Rahul Bhargava**

Assistant Professor, Journalism and Art + Design; Massachusetts Institute of Technology, MA

**Shawn Bhimani**

Assistant Professor, Supply Chain and Information Management; Duke University, PhD

**Adeel Bhutta**

Associate Teaching Professor, Computer Sciences; University of Central Florida, PhD

**Dapeng Bi**

Assistant Professor, Physics; Brandeis University, PhD

**Timothy Bickmore**

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Doug Bielmeier**

Associate Teaching Professor, Music; Argosy University, PhD

**Priyanka Bishnoi**

Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Southern California, MS

**Nathan Blake**

Teaching Professor, Media and Screen Studies; University of California, PhD

**Samuel J. Blank**

Professor, Mathematics; Brandeis University, PhD

**Robert J. Blaser**

Associate Cooperative Education Coordinator, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, MS

**Jonathan Blazek**

Assistant Professor, Physics; University of California, Berkeley, PhD

**John Bleakney**

Associate Cooperative Education Coordinator, Graduate School of Engineering; State University of New York at Albany, MA

**Francis Blessington**

Professor, English; Brown University, PhD

**Aaron Block**

Teaching Professor, English; Emerson College, MFA

**Elizabeth M. Bloom**

Teaching Professor, Law; Georgetown University, JD

**Linda Blum**

Professor, Sociology and Anthropology; University of California, Berkeley, PhD

**Rhonda M. Board**

Associate Professor, Nursing; Ohio State University, PhD

**Erika Boeckeler**

Associate Professor, English; Harvard University, PhD

**Samantha Boehm**

Assistant Teaching Professor, Theatre; Brandeis University, MA

**Evisa Bogdani**

Assistant Professor, Accounting; University of Kentucky, PhD

**Philip Bogden**

Associate Teaching Professor, Computer Sciences; University of California, San Diego, PhD

**Eric Bogert**

Assistant Teaching Professor, Supply Chain and Information Management; University of Georgia, PhD

**Christopher Bolick**

Assistant Teaching Professor, College of Professional Studies; Western Carolina University, MS

**Tamara Bonaci**

Assistant Teaching Professor, Computer Sciences; University of Washington, PhD

**Andrew Bonner**

Assistant Clinical Professor, Applied Psychology; University of Florida, PhD

**Raymond G. Booth**

Professor, Pharmaceutical Sciences and Chemistry and Chemical Biology; University of California, San Francisco, PhD

**Monica Borgida**

Assistant Teaching Professor, College of Professional Studies; University of Pisa/University of Bologna (Italy), PhD

**Skylar Borgstrom**

Visiting Assistant Professor, Art + Design; State University of New York at Buffalo, MA

**Michelle Borkin**

Assistant Professor, Computer Sciences; Harvard University, PhD

**Natalie Bormann**

Teaching Professor, Political Science; University of Newcastle upon Tyne (United Kingdom), PhD

**Jeffery A. Born**

Professor, Finance; University of North Carolina, Chapel Hill, PhD

**Jordon Bosse**

Assistant Professor, Nursing; University of Massachusetts, Amherst, PhD

**Christopher Bosso**

Professor, Public Policy and Urban Affairs; University of Pittsburgh, PhD

**Ekaterina Botchkovar**

Associate Professor, Criminology and Criminal Justice; North Carolina State University, PhD

**Kevin Boudreau**

Associate Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Alma Bournazian**

Senior Academic Specialist, American Sign Language; Western Maryland College, MS

**Stacey Bourns**

Professor, World Languages Center; University of Texas, Austin, PhD

**Carla Bouwmeester**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

**Jennifer L. Bowen**

Associate Professor, Marine and Environmental Sciences; Boston University, PhD

**James Boyer**

Assistant Academic Specialist, Accounting; Northeastern University, MBA

**Nicole M. Boyson**

Professor, Finance; Ohio State University, PhD

**David Brady**

Teaching Professor, Electrical and Computer Engineering; Princeton University, PhD

**Ontonye Braide-Moncoeur**

Associate Teaching Professor, Chemistry and Chemical Biology; University of Florida, PhD

**Maxim Braverman**

Professor, Mathematics; Tel Aviv University (Israel), PhD

**Heather C. Brenhouse**

Associate Professor, Psychology; Northeastern University, PhD

**Becky A. Briesacher**

Associate Professor, Pharmacy and Health Systems Sciences; University of Maryland, Baltimore, PhD

**Amy M. Briesch**

Associate Professor, Applied Psychology; University of Connecticut, PhD

**Elizabeth Britt**

Professor, English; Rensselaer Polytechnic Institute, PhD

**Kevin Broadbelt**

Associate Teaching Professor, Biotechnology; City University of New York, PhD

**Carla Brodley**

Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Tatiana Bronich**

Professor, Pharmacy and Health Systems Sciences; Lomonosov Moscow State University (Russia), PhD

**Mary E. Bronski**

Assistant Clinical Professor, Nursing; Northeastern University, PhD

**Dana H. Brooks**

Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Cammy Brothers**

Associate Professor, Architecture and Art + Design; Harvard University, PhD

**Adam Broughton**

Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

**Colin Brown**

Assistant Teaching Professor, Political Science; Harvard University, PhD

**Layla Brown**

Assistant Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; Duke University, PhD

**Needa Brown**

Assistant Teaching Professor, Physics; University of Oklahoma, PhD

**Nicholas Brown**

Assistant Teaching Professor, Graduate School of Engineering; University of California, Los Angeles, PhD

**Nicholas Brown**

Associate Teaching Professor, Architecture and History; University of Illinois, Urbana-Champaign, PhD

**Philip M. Brown**

University Distinguished Professor, Sociology and Anthropology and Health Sciences; Brandeis University, PhD

**Timothy Brown**

Professor, History; University of California, Berkeley, PhD

**Maria Brucato**

Assistant Teaching Professor, World Languages Center; University of Texas, PhD

**Christopher Buell**

Associate Teaching Professor, Criminology and Criminal Justice; Northeastern University, PhD

**Katie Bruner**

Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

**Elizabeth Bucar**

Professor, Philosophy and Religion; University of Chicago, PhD

**David E. Budil**

Associate Professor, Chemistry and Chemical Biology; University of Chicago, PhD

**Jamie Bunce**

Assistant Teaching Professor, Biology; University of Connecticut, PhD

**Lucy Bunning**

Associate Teaching Professor, College of Professional Studies; Lesley University, PhD

**Jeffrey Burds**

Associate Professor, History; Yale University, PhD

**Cheryl A. Burke**

Assistant Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

**Lynn H. Burke**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Amherst, MEd

**Margaret A. Burnham**

University Distinguished Professor, Law; University of Pennsylvania, LLB

**José Buscaglia**

Professor, Cultures, Societies, and Global Studies; University of Buffalo, PhD

**Jeremy Bushnell**

Associate Teaching Professor, Writing Program; University of Arizona, Tucson, MFA

**Ahmed A. Busnaina**

University Distinguished Professor, William Lincoln Smith Professor of Mechanical Engineering, Mechanical and Industrial Engineering; Oklahoma State University, PhD

**Michael Butera**

Assistant Clinical Professor, Nursing; Northeastern University, MS

**Grace Buttriss**

Clinical Professor, Nursing; Metropolitan State University, St. Paul, DNP

**C**

**Qinghong Cai**

Teaching Professor, World Languages Center; University of Kansas, MS

**Victoria Cain**

Associate Professor, History; Columbia University, PhD

**Paula Caligiuri**

Distinguished Professor of Global Leadership, International Business and Strategy; Pennsylvania State University, PhD

**Lisa M. Campagnoni**

Associate Cooperative Education Coordinator, College of Science; Northeastern University, MA

**James Campasano**

Assistant Teaching Professor, Finance; University of Massachusetts, Amherst, PhD

**Octavia Camps**

Professor, Electrical and Computer Engineering; University of Washington, PhD

**Yanet Canavan**

Associate Academic Specialist, World Languages Center; Salem State College, MA

**Kristopher Cannon**

Associate Teaching Professor, Media and Screen Studies; Georgia State University, PhD

**Mira Cantor**

Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

**Gary Cantrell**

Associate Teaching Professor, Computer Sciences; Mississippi State University, PhD

**Jianfei Cao**

Assistant Professor, Economics; University of Chicago, PhD

**Luca Caracoglia**

Associate Professor, Civil and Environmental Engineering; University of Trieste (Italy), PhD

**Benjamin Caras**

Assistant Teaching Professor, Art + Design; University of Massachusetts, Amherst, MFA

**Peter Cardillo**

Assistant Cooperative Education Coordinator, Graduate School of Engineering; Boston College, MS

**Alexa A. Carlson**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Butler University, PharmD

**Mary Carney**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Boston College, MSN

**Heather Carpenter-Oliveira**

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**Jonathan Carr**

Teaching Professor, Theatre; Columbia University, MFA

**Michelle Carr**

Senior Lecturer, Communication Studies; Kingston University (United Kingdom), MA

**Sara Carr**

Assistant Professor, Architecture; University of California, Berkeley, PhD

**Rebecca L. Carrier**

Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

**Matthew Carroll**

Professor of the Practice, Journalism; Northeastern University, BS

**Elie Casbi**

Zelevinsky Postdoctoral Researcher, Mathematics; Université de Paris (France), PhD

**Patricia Case**

Assistant Teaching Professor, Health Sciences; Harvard University, PhD

**Cristian Cassella**

Assistant Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

**N. Fadeke Castor**

Assistant Professor, Philosophy and Religion and African and African American Studies; University of Chicago, PhD

**Smajl Cenjic**

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MA

**Christopher Cesario**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Yunrong Chai**

Associate Professor, Biology; Cornell University, PhD

**Srirupa Chakraborty**

Assistant Professor, Chemical Engineering and Chemistry and Chemical Biology; State University of New York at Buffalo, PhD

**Paul M. Champion**

Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Chee Chan**

Associate Academic Specialist, Marketing; Michigan State University, PhD

**Katherine Chan**

Assistant Teaching Professor, Music; University of Minnesota, PhD

**Raman Chandrasekar**

Clinical Professor, Computer Sciences; Tata Institute of Fundamental Research/University of Bombay (India), PhD

**Chiu Chang**

Associate Teaching Professor, Marketing; Indiana University, PhD

**Divya Chaudhary**

Assistant Teaching Professor, Computer Sciences; University of Delhi (India), PhD

**Heidi Cheerman**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Changyan Chen**

Research Professor, Center for Drug Discovery; Columbia University, PhD

**Jingjing Chen**

Visiting Assistant Professor, Finance; Washington State University, PhD

**Qin Chen**

Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Old Dominion University, PhD

**Esther Chewning**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MS

**Cherese Childers-McKee**

Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Greensboro, PhD

**W. Paul Chiou**

Associate Teaching Professor, Finance; Rutgers University, PhD

**David R. Choffnes**

Associate Professor, Computer Sciences; Northwestern University, PhD

**John Choi**

Assistant Cooperative Education Coordinator, Pharmaceutical Sciences; Harvard University, MS

**Seulah Choi**

Visiting Lecturer, Political Science; Boston University, PhD

**Chun-An Chou**

Assistant Professor, Mechanical and Industrial Engineering; Rutgers University, PhD

**Kaushik Roy Chowdhury**

Professor, Electrical and Computer Engineering; University of Cincinnati, MS

**Leanne Chukoskie**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Art + Design; New York University, PhD

**Ken Y. Chung**

Assistant Teaching Professor, Chemistry and Chemical Biology; Michigan State University, PhD

**Myojung Chung**

Assistant Professor, Journalism; Syracuse University, PhD

**Samuel Chung**

Assistant Professor, Bioengineering; Harvard University, PhD

**Hillary Chute**

Distinguished Professor, English and Art + Design; Rutgers University, PhD

**Dawn M. Cisewski**

Associate Teaching Professor, Psychology; Indiana University of Pennsylvania, PsyD

**Paolo Ciuccarelli**

Professor, Art + Design; Politecnico di Milano (Italy), MArch

**Sophie Clachar**

Assistant Teaching Professor, Computer Sciences; University of North Dakota, PhD

**Bruce H. Clark**

Associate Professor, Marketing; Stanford University, PhD

**Edmund L. Clark**

Senior Academic Specialist, Entrepreneurship and Innovation; Clark University, MBA

**Elisha Clark**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MBA

**Meredith Clark**

Associate Professor, Journalism; University of North Carolina, Chapel Hill, PhD

**Stephen B. Clark**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Paul Closas**

Assistant Professor, Electrical and Computer Engineering; Universitat Politècnica de Catalunya (Spain), PhD

**Emily Clough**

Assistant Professor, Political Science and International Affairs; Harvard University, PhD

**Yvonne Coady**

Visiting Professor, Computer Sciences; The University of British Columbia (Canada), PhD

**Robin Coddling**

Associate Professor, Applied Psychology; Syracuse University, PhD

**Mauricio Codesso**

Assistant Teaching Professor, Accounting; Federal University of Santa Catarina (Brazil), PhD

**John D. Coley**

Associate Professor, Psychology; University of Michigan, PhD

**Greg Collier**

Professor of the Practice, Entrepreneurship and Innovation; Eastern Michigan University, MBA

**Patrice Collins**

Assistant Professor, Criminology and Criminal Justice and Cultures, Societies, and Global Studies; Yale University, PhD

**Randall C. Colvin**

Associate Professor, Psychology; University of Illinois, Urbana-Champaign, PhD

**Sally Conant**

Associate Cooperative Education Coordinator, College of Engineering; Salve Regina University, MA

**Richard Conley**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston University, JD

**Kelly Conn**

Associate Teaching Professor, College of Professional Studies; Boston University, PhD

**Thomas Consi**

Teaching Professor, Electrical and Computer Engineering; Columbia University, PhD

**Sara Constantino**

Assistant Professor, Psychology and Public Policy and Urban Affairs; New York University, PhD

**Adam I. Cooper**

Associate Teaching Professor, Linguistics; Cornell University, PhD

**Seth Cooper**

Assistant Professor, Computer Sciences; University of Washington, PhD

**Gene D. Cooperman**

Professor, Computer Sciences; Brown University, PhD

**Calina Copos**

Assistant Professor, Biology and Mathematics; University of California, Davis, PhD

**Lino Coria Mendoza**

Associate Teaching Professor, Computer Sciences; The University of British Columbia (Canada), PhD

**Marie B. Corkery**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**John Cornett**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

**Patricia Corrigan**

Assistant Cooperative Education Coordinator, College of Science; Suffolk University, MA

**Felipe Cortes**

Associate Teaching Professor, Finance; Washington University, St. Louis, PhD

**Catherine Cosgrove**

Associate Cooperative Education Coordinator, College of Science; Bridgewater State University, MEd

**Ahmet Coskun**

Associate Teaching Professor, Mechanical and Industrial Engineering; Middle East Technical University (Turkey), PhD

**Xavier Costa**

Professor, Architecture; University of Pennsylvania, PhD

**Sasha Costanza-Chock**

Associate Professor, Media and Screen Studies; University of Southern California, PhD

**Hugh G. Courtney**

Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

**Jessica Courtney**

Assistant Cooperative Education Coordinator, College of Engineering; Lesley University, MA

**Arthur J. Coury**

University Distinguished Professor, Chemical Engineering; University of Minnesota, PhD

**Erin J. Cram**

Professor and Associate Dean for Research of the College of Science, Biology; University of California, Berkeley, PhD

**Justin D. Crane**

Assistant Professor, Biology; McMaster University (Canada), PhD

**Fiona Creed**

Associate Teaching Professor, College of Professional Studies; University College, Cork (Ireland), PhD

**William F. Crittenden**

Professor, International Business and Strategy; University of Arkansas, PhD

**Wendy Crocker**

Associate Teaching Professor, College of Professional Studies; University of Western Ontario (Canada), PhD

**Danielle Crooks**

Assistant Professor, Health Sciences and Sociology and Anthropology; Columbia University, PhD

**Maia Cross**

Professor, Political Science and International Affairs; Princeton University, PhD

**Robert Cross**

Assistant Teaching Professor, History; Princeton University, PhD

**Pedro Miguel Cruz**

Assistant Professor, Art + Design; Universidade de Coimbra (Portugal), PhD

**Giuseppina Cucciniello**

Assistant Cooperative Education Coordinator, College of Engineering; Università degli Studi di Napoli "L'Orientale" (Italy), MA

**Daniel Cuenca**

Assistant Teaching Professor, World Languages Center; Boston College, PhD

**Alvaro Cuervo-Cazurra**

Professor and Lloyd Mullen Research Fellow, International Business and Strategy; Massachusetts Institute of Technology, PhD

**Carlos Cuevas**

Professor, Criminology and Criminal Justice; Alliant International University, PhD

**Meng Cui**

Research Associate Professor, Center for Drug Discovery; Jilin University (China), PhD

**Derek Curry**

Assistant Professor, Art + Design; University of California, Los Angeles, MFA

**Phillip Curtiss**

Associate Teaching Professor, Electrical and Computer Engineering; University of Maryland, PhD

**Mary Ellen Cushman**

Professor, English; Rensselaer Polytechnic Institute, PhD

**D**

**Kate Daher**

Assistant Cooperative Education Coordinator, College of Science; Northeastern University, MS

**Guohao Dai**

Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

**Elise J. Dallimore**

Associate Professor, Communication Studies; University of Washington, PhD

**James Dana Jr.**

Professor, Economics and International Business and Strategy; Massachusetts Institute of Technology, PhD

**Dan Danielsen**

Professor, Law; Harvard University, JD

**Luis Dau**

Associate Professor and Robert and Denise DiCenso Endowed Professor, International Business and Strategy; University of South Carolina, PhD

**Benyamin Davaji**

Assistant Professor, Electrical and Computer Engineering; Marquette University, PhD

**Milivoje Davidovic**

Assistant Teaching Professor, Finance; Northern Illinois University, PhD

**Juliet Davidow**

Assistant Professor, Psychology; Columbia University, PhD

**Duncan Davis**

Associate Teaching Professor, Engineering; North Carolina State University, PhD

**Martha Davis**

Professor, Law; University of Chicago, JD

**Nicole Davis**

Associate Clinical Professor, Applied Psychology; Simmons College, MS

**Patricia Davis**

Associate Professor, Communication Studies; University of California, San Diego, PhD

**Theo Davis**

Professor, English; Johns Hopkins University, PhD

**Alexander Dawson**

Postgraduate Teaching Fellow, Art + Design; Rhode Island School of Design, MS

**Tovah Day**

Assistant Professor, Biology; Boston University, PhD

**Richard Daynard**

University Distinguished Professor, Law; Massachusetts Institute of Technology, PhD; Harvard University, JD

**Anthony P. De Ritis**

Professor, Music; University of California, Berkeley, PhD

**Robert De Schutter**

Associate Professor, Game Design and Computer Sciences; Katholieke Universiteit Leuven (Belgium), PhD

**Michael Dean**

Assistant Teaching Professor, College of Professional Studies; Columbia University, PhD

**Adenekan (Nick) Dedeke**

Senior Lecturer, Supply Chain and Information Management; Technische Universität Kaiserslautern (Germany), PhD

**Melissa DeGrandis**

Assistant Cooperative Education Coordinator, College of Engineering; Ball State University, MA

**Mohammad Dehghani**

Associate Teaching Professor, Mechanical and Industrial Engineering; Western New England University, PhD

**Candice Delmas**

Associate Professor, Philosophy and Religion and Political Science; Boston University, PhD

**Emrecan Demirors**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**John Dencker**

Professor, Management and Organizational Development; Harvard University, PhD

**James Dennedy-Frank**

Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Stanford University, PhD

**Jack Dennerlein**

Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of California, Berkeley, PhD

**Megan Denver**

Assistant Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

**Alexander DePaoli**

Assistant Teaching Professor, Marketing; Stanford University, PhD

**Joseph DePasquale**

Associate Teaching Professor, Chemistry and Chemical Biology; Drexel University, PhD

**Leila F. Deravi**

Assistant Professor, Chemistry and Chemical Biology; Vanderbilt University, PhD

**Nate Derbinsky**

Teaching Professor, Computer Sciences; University of Michigan, Ann Arbor, PhD

**Harm Derksen**

Professor, Mathematics; University of Basel (Switzerland), PhD

**Nishil Desai**

Associate Teaching Professor, Pharmaceutical Sciences; Mercer University, PhD

**Rajeev Desai**

Research Associate Professor, Center for Drug Discovery; University of Birmingham, PhD

**Peter J. Desnoyers**

Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**David A. DeSteno**

Professor, Psychology; Yale University, PhD

**Darin Detwiler**

Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

**John W. Devlin**

Professor, Pharmacy and Health Systems Sciences; University of Toronto (Canada), PharmD

**Janet Dewan**

Assistant Clinical Professor, Nursing; Northeastern University, PhD

**Christa Dhimo**

Professor of the Practice, Biotechnology; Northeastern University, MS

**Alessandra Di Credico**

Associate Teaching Professor, Physics; University of Rome (Italy), PhD

**Michele Di Piero**

Assistant Professor, Physics; University of Texas, Austin, PhD

**Panagoula Diamanti-Karanou**

Assistant Teaching Professor, International Affairs; Northeastern University, PhD

**Jacqueline Diani**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; University of Virginia, MEd

**Martin Dias**

Associate Teaching Professor, Supply Chain and Information Management; Bentley University, PhD

**Amy DiBattista**

Associate Teaching Professor, Psychology; Northeastern University, PhD

**William Dickens**

Distinguished Professor, Economics and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

**Elizabeth Dillon**

Distinguished Professor, English; University of California, Berkeley, PhD

**Charles DiMarzio**

Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Aidong A. Ding**

Associate Professor, Mathematics; Cornell University, PhD

**Hunter Dinkins**

Zelevinsky Postdoctoral Researcher, Mathematics; University of North Carolina, PhD

**Kathleen C. Dioli**

Associate Cooperative Education Coordinator, Chemistry and Chemical Biology; Bowling Green State University, MA

**Brandon Dionne**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of New England, PharmD

**Daniel L. Distel**

Research Professor, Marine and Environmental Sciences; University of California, San Diego, PhD

**Benjamin Dittbrenner**

Associate Teaching Professor, Marine and Environmental Sciences; University of Washington, PhD

**Margarita V. DiVall**

Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

**Mark Dockser**

Professor of the Practice, Entrepreneurship and Innovation; Stanford University, MBA

**Mary Kate Dodgson**

Assistant Professor, Accounting; University of Massachusetts, Amherst, PhD

**Lisa Cantwell Doherty**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MA

**Silvia Dominguez**

Associate Professor, Sociology and Anthropology; Boston University, PhD

**Olya Domoradova**

Postgraduate Teaching Fellow, Art + Design; ArtEZ University of the Arts (Netherlands), MS

**Jason Donati**

Teaching Professor, Art + Design; Rochester Institute of Technology, MFA

**Hua Dong**

Senior Academic Specialist, World Languages Center; Emerson College, MA

**Sijia Dong**

Assistant Professor, Chemistry and Chemical Biology; California Institute of Technology, PhD

**Pamela Donlan**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

**Maeve Donnelly**

Assistant Clinical Professor, Applied Psychology; Western New England University, PhD

**Salvatore D'Oro**

Research Assistant Professor, Electrical and Computer Engineering; University of Catania (Italy), PhD

**Larisa Doroshenko**

Postdoctoral Teaching Associate, Communication Studies; University of Wisconsin, Madison, PhD

**Kristen Dorsey**

Associate Professor, Electrical and Computer Engineering and Physical Therapy, Movement, and Rehabilitation Sciences; Carnegie Mellon University, PhD

**Brenda Douglas**

Associate Clinical Professor, Nursing; Northeastern University, DNP

**Daniel C. Douglass**

Associate Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, PhD

**Mark Douglass**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Michigan, PharmD

**Kevin Drakulich**

Associate Professor, Criminology and Criminal Justice; University of Washington, PhD

**Timothy Dransfield**

Associate Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

**Laura Dudley**

Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

**Lisa Duffy**

Assistant Professor, Nursing; Boston College, DNP

**Tara Duffy**

Associate Teaching Professor, Marine and Environmental Sciences; State University of New York at Stony Brook, PhD

**Daniel M. Dulaski**

Teaching Professor, Civil and Environmental Engineering; University of Massachusetts, Amherst, PhD

**Evan Dummit**

Assistant Teaching Professor, Mathematics; University of Wisconsin, Madison, PhD

**Jill Dupree**

Assistant Teaching Professor, Economics; University of Colorado, Boulder, PhD

**Kathleen Durant**

Assistant Teaching Professor, Computer Sciences; Harvard University, PhD

**Jennifer G. Dy**

Professor, Electrical and Computer Engineering; Purdue University, PhD

**Rashmi Dyal-Chand**

Professor, Law; Harvard University, JD

**E**

**Sebastian Ebarb**

Associate Teaching Professor, Art + Design; School of Visual Arts, MFA

**Eno Ebong**

Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

**Stephanie Eby**

Associate Teaching Professor, Marine and Environmental Sciences; Syracuse University, PhD

**Matthew Eckelman**

Associate Professor, Civil and Environmental Engineering; Yale University, PhD

**Kimberly Eddleston**

Professor, Entrepreneurship and Innovation; University of Connecticut, PhD

**Bethany R. Edmunds**

Teaching Professor, Computer Sciences; Rutgers University, PhD

**Laurie Edwards**

Teaching Professor, Writing Program; Emerson College, MFA

**Jessica Edwards George**

Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

**Robert C. Eidson**

Assistant Teaching Professor, Psychology; Northeastern University, PhD

**Stanley J. Eigen**

Professor, Mathematics; McGill University (Canada), PhD

**Adam Ekenseair**

Associate Teaching Professor, Chemical Engineering; University of Texas, Austin, PhD

**Ehsan Elhamifar**

Assistant Professor, Computer Sciences; Johns Hopkins University, PhD

**Tina Eliassi-Rad**

Professor, Computer Sciences; University of Wisconsin, Madison, PhD

**Ryan Ellis**

Associate Professor, Communication Studies; University of California, San Diego, PhD

**Constance Emerson**

Associate Teaching Professor, College of Professional Studies; Purdue University, West Lafayette, MS

**Lee Emrich**

Postdoctoral Teaching Associate, Writing Program; University of California, Davis, PhD

**John R. Engen**

Distinguished Professor, Chemistry and Chemical Biology and Barnett Institute; University of Nebraska, Lincoln, PhD

**Christen Enos**

Associate Teaching Professor, Writing Program; Emerson College, MFA

**Michael Enright**

Pierre Choueiri Family Professor in Global Business, International Business and Strategy; Harvard University, PhD

**Slava S. Epstein**

Professor, Biology; Moscow State University (Russia), PhD

**Randall Erb**

Associate Professor, Mechanical and Industrial Engineering; Duke University, PhD

**Deniz Erdogmus**

Professor, Electrical and Computer Engineering; University of Florida, PhD

**Ozlem Ergun**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Cuneyt Eroglu**

Associate Professor, Supply Chain and Information Management; Ohio State University, PhD

**Bilge Erten**

Associate Professor, International Affairs and Economics; University of Massachusetts, Amherst, PhD

**Rhea T. Eskew**

Professor, Psychology; Georgia Institute of Technology, PhD

**Jonathan Esole**

Associate Professor, Mathematics; Leiden University (Netherlands), PhD

**Tabitha Espina**

Postdoctoral Teaching Associate, English; Washington State University, PhD

**Jennifer Evans**

Teaching Professor, Health Sciences; University of Alabama, PhD

**Michael Everett**

Assistant Professor, Electrical and Computer Engineering and Computer Sciences; Massachusetts Institute of Technology, PhD

**Sara Ewell**

Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

**William Ewell**

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

Assistant Teaching Professor, Finance; University of Arkansas, PhD

### **Qianqian Fang**

Associate Professor, Bioengineering; Dartmouth College, PhD

### **David Fannon**

Associate Professor, Architecture and Civil and Environmental Engineering; University of California, Berkeley, MS

### **Nasser S. Fard**

Associate Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

### **Amir Farhat**

Associate Teaching Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

### **Johanna E. Farkas**

Assistant Teaching Professor, Biology; Northeastern University, PhD

### **Amy Farrell**

Professor, Criminology and Criminal Justice; Northeastern University, PhD

### **Sina Fazelpour**

Assistant Professor, Philosophy and Religion and Computer Sciences; The University of British Columbia (Canada), PhD

### **Yunsi Fei**

Professor, Electrical and Computer Engineering; Princeton University, PhD

### **Adrian E. Feiguin**

Associate Professor, Physics; Universidad Nacional de Rosario (Argentina), PhD

### **Allen G. Feinstein**

Teaching Professor, Music; New England Conservatory of Music, MM

### **Nathan I. Felde**

Professor, Art + Design; Massachusetts Institute of Technology, MS

### **Matthias Felleisen**

Trustee Professor, Computer Sciences; Indiana University, PhD

### **Hicham Fenniri**

Professor, Chemical Engineering; Université de Strasbourg (France), PhD

### **Loretta A. Fernandez**

Associate Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

### **Melissa Ferrick**

Professor of the Practice, Music; Harvard University, MA

### **Lori Ferrins**

Research Assistant Professor, Chemistry and Chemical Biology; Monash University (Australia), PhD

### **Craig F. Ferris**

Professor, Psychology and Pharmaceutical Sciences; New York Medical College, PhD

**Kirsten Fertuck**

Associate Teaching Professor, Biochemistry; Michigan State University, PhD

**Gregory A. Fiete**

Professor, Physics; Harvard University, PhD

**Susan F. Fine**

Assistant Clinical Professor, Communication Sciences and Disorders; New York University, MA

**Sarah Finn**

Teaching Professor, Writing Program; University of Massachusetts, Amherst, PhD

**Gabrielle Fiorenza-Hagopian**

Assistant Cooperative Education Coordinator, College of Science; Northeastern University, MS

**Jessica Fisher**

Assistant Cooperative Education Coordinator, College of Engineering; Bridgewater State University, MEd

**Branden Fitelson**

Distinguished Professor, Philosophy and Religion; California Institute of Technology, PhD

**Joan Fitzgerald**

Professor, Public Policy and Urban Affairs; Pennsylvania State University, PhD

**Diane F. Fitzpatrick**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Josephine Flanagan**

Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, JD

**Julia Flanders**

Professor of the Practice, English and Library Systems; Brown University, PhD

**Eric Folmar**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Quinnipiac University, MS

**Paul Fombelle**

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; Arizona State University, PhD

**Ellen Fontana**

Associate Teaching Professor, Communication Studies; University of California, Davis, MA

**Clifton Forlines**

Research Associate Professor, Computer Sciences; University of Toronto (Canada), PhD

**Murray Forman**

Professor, Media and Screen Studies; McGill University (Canada), PhD

**Lisa M. Foster**

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

**Charles F. Fountain**

Professor, Journalism; Columbia University, MS

**James Fox**

Lipman Family Professor of Criminology, Law, and Public Policy, Criminology and Criminal Justice and Law and Public Policy; University of Pennsylvania, PhD

**Erica P. Frank**

Assistant Teaching Professor, Biology; Baylor College of Medicine, PhD

**Debra L. Franko**

Professor, Applied Psychology; McGill University (Canada), PhD

**Peter Fraunholtz**

Assistant Teaching Professor, History and International Affairs; Boston College, PhD

**Julian M. Fray**

Associate Teaching Professor, Law; Columbia University, JD

**Susan Freeman**

Teaching Professor, Engineering; Northeastern University, PhD

**Clark Freifeld**

Assistant Teaching Professor, Computer Sciences; Boston University, PhD

**Michael Fregel**

Associate Academic Specialist, Music; City, University of London (United Kingdom), PhD

**John H. Friar**

Senior Academic Specialist, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Sarah Friedman**

Visiting Assistant Teaching Professor, Art + Design; Boston University, MFA

**Alex Fronduto**

Assistant Teaching Professor, College of Professional Studies; MCPHS University, PhD

**Natasha Frost**

Professor, Criminology and Criminal Justice; City University of New York, PhD

**Yun (Raymond) Fu**

Professor, Electrical and Computer Engineering and Computer Sciences; University of Illinois, Urbana-Champaign, PhD

**Carolyn Fuchs**

Teaching Professor, World Languages Center; Justus-Liebig-Universitat Giessen (Germany), PhD

**Sara FuchsHayat**

Postdoctoral Teaching Associate, Architecture; Brown University, PhD

**Canek Fuentes-Hernandez**

Associate Professor, Electrical and Computer Engineering; University of Arizona, Tucson, PhD

**Brian Fulton**

Associate Teaching Professor, Chemistry and Chemical Biology; Iowa State University, PhD

**Peter G. Furth**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**G**

**Laurel Gabard-Durnam**

Assistant Professor, Psychology; Columbia University, PhD

**Timothy Gagnon**

Associate Academic Specialist, Accounting; Sacred Heart University, MBA

**Sean Gallagher**

Assistant Clinical Professor, College of Professional Studies; Northeastern University, EdD

**Susan Gallagher**

Clinical Instructor, Nursing; Massachusetts General Hospital Institute of Health Professions, MS

**Joshua Galloway**

William O. DiPietro Assistant Professor, Chemical Engineering; Columbia University, PhD

**Nouha Gammar**

Visiting Lecturer, World Languages Center; University of Virginia, PhD

**Auroop Ganguly**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Denise Garcia**

Associate Professor, Political Science and International Affairs; University of Geneva (Switzerland), PhD

**Lori Gardinier**

Teaching Professor, Human Services; Northeastern University, PhD

**Julie Garey**

Assistant Teaching Professor, Political Science; Northeastern University, PhD

**Karen Garneau**

Teaching Professor, Writing Program; Northeastern University, PhD

**Julia Garrett**

Associate Teaching Professor, English; University of California, Santa Barbara, PhD

**Myles Garvey**

Assistant Teaching Professor, Marketing; Rutgers University, PhD

**Wolfgang Gatterbauer**

Associate Professor, Computer Sciences; Vienna University of Technology (Austria), PhD

**Caleb Gayle**

Professor of the Practice, Journalism; Harvard University, MBA

**Edward Geisinger**

Assistant Professor, Biology; New York University, MD, PhD

**Prasanth George**

Associate Teaching Professor, Mathematics; State University of New York at Buffalo, PhD

**Francis Georges**

Assistant Teaching Professor, Economics; Boston College, PhD

**Fatemeh Ghoreishi**

Assistant Professor, Civil and Environmental Engineering and Computer Sciences; Texas AM University, PhD

**Siddhartha Ghosh**

Assistant Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

**Joan Giblin**

Assistant Teaching Professor, College of Professional Studies; Old Dominion University, PhD

**Roger W. Giese**

Professor, Pharmaceutical Sciences; Massachusetts Institute of Technology, PhD

**Joseph M. Giglio**

Senior Academic Specialist, International Business and Strategy; Northeastern University, PhD

**Nabeel Gillani**

Assistant Professor, Art + Design and Marketing; Massachusetts Institute of Technology, PhD

**Andrew Gillen**

Assistant Teaching Professor, Engineering; Virginia Polytechnic Institute and State University, PhD

**Laurance Ginsberg**

Assistant Academic Specialist, Accounting; Bentley University, MST

**Jim Giumarra**

Associate Teaching Professor, College of Professional Studies; University of Illinois, MA

**Leonard J. Glick**

Senior Academic Specialist, Management and Organizational Development; Harvard University, EdD

**Elizabeth Glowacki**

Postdoctoral Teaching Associate, Communication Studies and Health Sciences; University of Texas, Austin, PhD

**Daniel Godfrey**

Professor, Music; University of Iowa, PhD

**Veronica S. Godoy-Carter**

Associate Professor, Biology; Tufts University, PhD

**Stephen Golden**

Associate Teaching Professor, Entrepreneurship and Innovation; Suffolk University, MBA

**William Goldman**

Senior Lecturer, Accounting; Northeastern University, MBA

**Ann C. Golub-Victor**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Edgar D. Goluch**

Associate Professor, Chemical Engineering; University of Illinois, Urbana-Champaign, PhD

**Camille Gómez-Laberge**

Associate Teaching Professor, Physics; Dalhousie University (Canada), PhD

**Kathleen Gonso**

Teaching Professor, Writing Program; Emerson College, MFA

**Michael J. Gonyeau**

Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

**Teresa Goode**

Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

**Patricia Goodman**

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

**Matthew Goodwin**

Associate Professor, Health Sciences and Computer Sciences; University of Rhode Island, PhD

**Mark Gooley**

Associate Teaching Professor, Finance; Northeastern University, PhD

**Samantha Gorman**

Assistant Professor, Art + Design; University of Southern California, PhD

**Ian Gorton**

Professor of the Practice, Computer Sciences; Sheffield Hallam University (United Kingdom), PhD

**Irina Gott**

Teaching Professor, Law; Suffolk University, JD

**Tarik C. Gouhier**

Associate Professor, Marine and Environmental Sciences; McGill University (Canada), PhD

**Thomas Goulding**

Professor of the Practice, College of Professional Studies; University of Florida, PhD

**Andrew Gouldstone**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Jonathan H. Grabowski**

Professor, Marine and Environmental Sciences; University of North Carolina, Chapel Hill, PhD

**Jennifer Gradecki**

Assistant Professor, Art + Design; University of California, Los Angeles, MFA

**Anthony P. Graffeo**

Professor of the Practice, Biotechnology; Northeastern University, PhD

**Steven Granelli**

Associate Teaching Professor, Communication Studies; Ohio University, PhD

**Laura Green**

Professor, English; University of California, Berkeley, PhD

**Kristin Curry Greenwood**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, EdD, DPT

**Brent Griffin**

Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

**Jacqueline Griffin**

Associate Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

**Joseph Griffin**

Associate Teaching Professor, College of Professional Studies; Gordon Conwell Theological Seminary, PhD

**Joshua Griffiths**

Assistant Teaching Professor, World Languages Center; University of Texas, Austin, PhD

**Amir Grinstein**

Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; The Hebrew University of Jerusalem (Israel), PhD

**Francesca Grippa**

Teaching Professor, College of Professional Studies; University of Salento (Italy), PhD

**Stine Grodal**

D'Amore-McKim School of Business Distinguished Professor, Entrepreneurship and Innovation; Stanford University, PhD

**Terri Gu**

Assistant Cooperative Education Coordinator, College of Engineering; University of Washington, Seattle, MS

**Tiantian Gu**

Associate Professor, Finance; University of Wisconsin, Madison, PhD

**John Alexis Guerra Gómez**

Assistant Teaching Professor, Computer Sciences; University of Maryland, College Park, PhD

**Arjun Guha**

Associate Professor, Computer Sciences; Brown University, PhD

**Jeanette Guillemín**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Boston University, MA

**Hemanth Gundavaram**

Clinical Professor, Law; Boston University, JD

**Jason J. Guo**

Research Associate Professor, Barnett Institute; University of Connecticut, PhD

**Surendra M. Gupta**

Professor, Mechanical and Industrial Engineering; Purdue University, PhD

**Andrei Guschin**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Russian Academy of Sciences (Russian Federation), PhD

**James Gutierrez**

Visiting Assistant Teaching Professor, Music; University of California, San Diego, PhD

**Kayoll Gyan**

Assistant Professor, Nursing; University of North Carolina, Chapel Hill, PhD

**H****Mohamed Habibullah**

Assistant Teaching Professor, Supply Chain and Information Management; University of Missouri, Columbia, PhD

**Katherine Haenschen**

Assistant Professor, Communication Studies and Political Science; University of Texas, Austin, PhD

**David Hagen**

Associate Teaching Professor, College of Professional Studies; New England School of Law, JD

**Michelle Hagopian**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Illinois, Urbana-Champaign, MS

**Margaret Hahn-Dupont**

Teaching Professor, Law; Georgetown University, JD

**Andrew Haile**

Assistant Teaching Professor, Law; Boston College, JD

**Jerome F. Hajjar**

CDM Smith Professor in Civil Engineering, Civil and Environmental Engineering; Cornell University, PhD

**Iva Halacheva**

Assistant Professor, Mathematics; University of Toronto (Canada), PhD

**Mary Hale**

Assistant Teaching Professor, Architecture; Massachusetts Institute of Technology, MArch

**Kristina Hals**

Assistant Cooperative Education Coordinator, College of Engineering; Cornell University, MS

**James Halverson**

Assistant Professor, Physics; University of Pennsylvania, PhD

**Lama Hamandi**

Associate Teaching Professor, Computer Sciences; Ohio State University, PhD

**Paul Hand**

Assistant Professor, Mathematics and Computer Sciences; New York University, PhD

**Robert N. Hanson**

Matthews Distinguished University Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

**Chana Haouzi**

Associate Teaching Professor, Architecture; Harvard University, MArch

**Yoko Hara**

Visiting Assistant Teaching Professor, Architecture; Virginia University of Lynchburg, PhD

**Matan Harel**

Assistant Professor, Mathematics; Courant Institute of Mathematical Sciences, PhD

**Ramkumar Hariharan**

Associate Teaching Professor, Graduate School of Engineering; University of Kerala, India, PhD

**Sharon Harlan**

Professor, Health Sciences and Sociology and Anthropology; Cornell University, PhD

**Kelly Harrington**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MBA

**Shaunna Harrington**

Associate Teaching Professor, College of Professional Studies; Boston University, MA

**Vincent Harris**

University Distinguished Professor, William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Northeastern University, PhD

**Vanecia Harrison**

Associate Cooperative Education Coordinator, College of Science; Emmanuel College, MA

**Casper Harteveld**

Associate Professor, Game Design; Delft University of Technology (Netherlands), PhD

**Stephanie R. Hartung**

Teaching Professor, Law; Boston College, JD

**Sara Hashmi**

Assistant Professor, Chemical Engineering; Yale University, PhD

**Christopher Hasson**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Massachusetts, Amherst, PhD

**Souheila Hassoun**

Zelevinsky Postdoctoral Researcher, Mathematics; University of Sherbrooke (Canada), PhD

**Stephen Hatfield**

Assistant Professor, Pharmaceutical Sciences; Northeastern University, PhD

**Heather Hauck**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Claudia Haupt**

Associate Professor, Law and Political Science; University of Cologne (Germany), PhD; Columbia University, JSD

**Fareed Hawwa**

Assistant Teaching Professor, College of Professional Studies; Louisiana State University, PhD

**Charles E. Haycook**

Assistant Cooperative Education Coordinator, Computer Sciences; Salem State University, MEd

**Jordan Hayes**

Postdoctoral Teaching Associate, English; University of Pittsburgh, Bradford, PhD

**Lorna Hayward**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, EdD

**Julia Hechtman**

Associate Teaching Professor, Art + Design; University of Illinois, Chicago, MFA

**Meghan Heckman**

Assistant Professor, Journalism; Northeastern University, MA

**Gretchen Heefner**

Associate Professor, History; Yale University, PhD

**Amy Helburn**

Assistant Teaching Professor, Health Sciences; University of Massachusetts, PhD

**Brian Helmuth**

Professor, Marine and Environmental Sciences and Public Policy and Urban Affairs; University of Washington, PhD

**Carlene Hempel**

Teaching Professor, Journalism; University of North Carolina, Chapel Hill, MA

**Jamie G. Henzy**

Associate Teaching Professor, Biology; Tufts University, PhD

**Dale Herbeck**

Professor, Communication Studies; University of Iowa, PhD

**David A. Herlihy**

Teaching Professor, Music; Boston College, JD

**Cristina Herren**

Assistant Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, Madison, PhD

**Richard Herron**

Associate Teaching Professor, Finance; City University of New York, PhD

**Carie Hersh**

Associate Teaching Professor, Sociology and Anthropology; Duke University, JD

**Joshua Hertz**

Associate Teaching Professor, Engineering; Massachusetts Institute of Technology, PhD

**Benjamin Hescott**

Teaching Professor, Computer Sciences; Boston University, PhD

**Ravit Heskiau**

Associate Teaching Professor, Management and Organizational Development; University of Toronto (Canada), PhD

**Kamber Hetrick**

Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

**Caroline Hewitt**

Clinical Professor, Nursing; City University of New York, PhD

**Babak Heydari**

Associate Professor, Mechanical and Industrial Engineering; University of California, Berkeley, PhD

**Carlos Hidrovo Chavez**

Associate Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Matthew Higger**

Lecturer, Computer Sciences; Northeastern University, PhD

**Clareese Hill**

Postgraduate Teaching Fellow, Art + Design; School of the Art Institute of Chicago, MFA

**Malcolm D. Hill**

Associate Professor, Marine and Environmental Sciences; University of California, Santa Cruz, PhD

**Victoria Hill**

Assistant Cooperative Education Coordinator, Computer Sciences; Northeastern University, MS

**Charles H. Hillman**

Professor, Psychology and Health Sciences; University of Maryland, College Park, PhD

**Robin Hillyard**

Associate Teaching Professor, Graduate School of Engineering; Cambridge University (United Kingdom), PhD

**Jesse Hinson**

Associate Teaching Professor, Theatre; Brandeis University, MFA

**Edward Hirsch**

Professor, Art + Design; Massachusetts Institute of Technology, PhD

**Matthew Hitchcock**

Postdoctoral Teaching Associate, English; Northeastern University, PhD

**Hubert Ho**

Associate Teaching Professor, Music; University of California, Berkeley, PhD

**Sofie Hodara**

Assistant Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

**Cydney Hodder**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Umesh Hodeghatta**

Assistant Teaching Professor, College of Professional Studies; Indian Institute of Technology (India), PhD

**Lynda Hodgson**

Associate Teaching Professor, College of Professional Studies; Virginia Commonwealth University, PhD

**Timothy Hoff**

Professor, Management and Organizational Development and Public Policy and Urban Affairs; State University of New York at Albany, PhD

**Jessica Hoffman**

Professor, Applied Psychology; Lehigh University, PhD

**Matthew Hogencamp**

Assistant Professor, Mathematics; University of Virginia, PhD

**Uwe Hohgrawe**

Professor of the Practice, College of Professional Studies; University of Wuppertal (Germany), PhD

**Udi Hoytash**

Professor and Lillian L. and Harry A. Cowan Research Professor, Accounting; Rutgers University, PhD

**Wallace Holohan**

Senior Clinical Specialist, Law; Fitchburg State University, BA

**Steven Holtzen**

Assistant Professor, Computer Sciences; University of California, Los Angeles, PhD

**Trenton Honda**

Clinical Professor, Medical Sciences; Northeastern University, PhD

**Julia Hopkins**

Assistant Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Michael J. Hoppmann**

Teaching Professor, Communication Studies; University of Tübingen (Germany), PhD

**Emily Hornsby**

Assistant Cooperative Education Coordinator, College of Arts, Media and Design; Bowling Green State University, MA

**Adam Hosein**

Associate Professor, Philosophy and Religion; Massachusetts Institute of Technology, PhD

**Richard Hoshino**

Associate Teaching Professor, Computer Sciences; Dalhousie University (Canada), PhD

**Marcus Howard**

Associate Teaching Professor, Journalism; University of Georgia, PhD

**Jeffrey P. Howe**

Associate Professor, Journalism; Boston University, MFA

**Valerie Hower**

Associate Teaching Professor, Mathematics; University of Georgia, PhD

**Laura Huang**

D'Amore-McKim School of Business Distinguished Professor, Management and Organizational Development; University of California, Irvine, PhD

**Aileen Huang-Saad**

Associate Professor, Bioengineering; Johns Hopkins University, PhD

**Anne R. Hughes**

Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

**Kaitlyn S. Hughes**

Associate Cooperative Education Coordinator, Computer Sciences; Northeastern University, MS

**Francisco Hung**

Associate Professor, Chemical Engineering; North Carolina State University, PhD

**Matthew Hunt**

Professor, Sociology and Anthropology; Indiana University, PhD

**Faizul Huq**

Visiting Professor, Supply Chain and Information Management; University of Kentucky, DBA

**Patrick Hurley**

Assistant Professor, Accounting; University of Wisconsin, Madison, PhD

**Mark Huselid**

Distinguished Professor of Workforce Analytics, International Business and Strategy; State University of New York at Buffalo, PhD

**Emily Hutter**

Postdoctoral Teaching Associate, Communication Studies; University of Connecticut, PhD

**I****Anthony Iarrobino**

Professor, Mathematics; Massachusetts Institute of Technology, PhD

**Patricia Illingworth**

Professor, Philosophy and Religion; University of California, San Diego, PhD; Boston University, JD

**Jennifer Ingemi**

Assistant Teaching Professor, Psychology; University of Massachusetts Medical School, PhD

**Vinay K. Ingle**

Associate Professor, Electrical and Computer Engineering; Rensselaer Polytechnic Institute, PhD

**Francesca Inglese**

Assistant Professor, Music; Brown University, PhD

**Rei Inouye**

Teaching Professor, World Languages Center; Temple University, PhD

**Stephen S. Intille**

Associate Professor, Computer Sciences and Health Sciences; Massachusetts Institute of Technology, PhD

**Efstratios Ioannidis**

Associate Professor, Electrical and Computer Engineering; University of Toronto (Canada), PhD

**Andreia Ionescu**

Assistant Professor, Biology; University of Rochester, PhD

**Farzaneh Irani**

Assistant Cooperative Education Coordinator, College of Engineering; University of Waterloo (Canada), MA

**Roderick Ireland**

Distinguished Professor, Criminology and Criminal Justice; Harvard University, LLM; Northeastern University, PhD

**Derek M. Isaacowitz**

Professor, Psychology; University of Pennsylvania, PhD

**Jacqueline A. Isaacs**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Michelle L. Israel**

Senior Cooperative Education Coordinator, College of Science; Northeastern University, MS

**Nathan E. Israeloff**

Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Alexander R. Ivanov**

Associate Professor, Chemistry and Chemical Biology; Russian Academy of Sciences (Russia), PhD

**Julia Ivy**

Teaching Professor, International Business and Strategy; Lancaster University (United Kingdom), PhD

**J**

**Alden Jackson**

Associate Clinical Professor, Computer Sciences; University of Delaware, PhD

**Ellen Jackson**

Assistant Teaching Professor, Writing Program; Stanford University, MFA

**William J. Jackson**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Boston, MEd

**Michelle Jacobs**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of California, San Francisco, PharmD

**Bruce Jacoby**

Associate Clinical Professor, Law; University of Connecticut, JD

**Beverly Jaeger-Helton**

Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

**Michael Jaeggli**

Associate Teaching Professor, Bioengineering; Clemson University, PhD

**Aleksandra Jakubowski**

Assistant Professor, Health Sciences and Economics; University of North Carolina, PhD

**Safa Jamali**

Assistant Professor, Mechanical and Industrial Engineering; Case Western Reserve University, PhD

**Alan Jamieson**

Associate Clinical Professor, Computer Sciences; Clemson University, PhD

**Lindsay Jamieson**

Teaching Professor, Computer Sciences; Clemson University, PhD

**David Janero**

Visiting Professor, Pharmaceutical Sciences; Johns Hopkins University, PhD

**Angelina Jay**

Assistant Teaching Professor, Engineering; Northeastern University, PhD

**Regine Jean-Charles**

Professor, Cultures, Societies, and Global Studies and Women's, Gender, and Sexuality Studies; Harvard University, PhD

**Solomon M. Jekel**

Associate Professor, Mathematics; Dartmouth College, PhD

**Huaizu Jiang**

Assistant Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Holly Jimison**

Professor of the Practice, Computer Sciences and Health Sciences; Stanford University, PhD

**Xiaoning Jin**

Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

**Xuemin Jin**

Associate Teaching Professor, Mechanical and Industrial Engineering; University of Maryland, PhD

**Dinesh John**

Associate Professor, Health Sciences; University of Tennessee, PhD

**Brooke Johnson**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

**Steven Johnson**

Assistant Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

**Vanessa D. Johnson**

Associate Professor, Applied Psychology; Western Michigan University, PhD

**Dierdre Jordan**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

**Josep Jornet**

Associate Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Tiffany Joseph**

Associate Professor, Sociology and Anthropology and International Affairs; University of Michigan, PhD

**Neel Joshi**

Associate Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

**Jacqueline Josselyn**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**Alison Joyce**

Associate Cooperative Education Coordinator, College of Engineering; Ohio University, MEd

**Maria Jump**

Associate Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

**Yung Joon Jung**

Professor, Mechanical and Industrial Engineering; Rensselaer Polytechnic Institute, PhD

**K**

**David R. Kaeli**

College of Engineering Distinguished Professor, Electrical and Computer Engineering; Rutgers University, PhD

**Jonathan D. Kahn**

Professor, Law and Biology; Cornell University, PhD; University of California, Berkeley, JD

**Sallyann Kakas**

Associate Cooperative Education Coordinator, Finance; Northeastern University, BS

**Sagar V. Kamarthi**

Professor, Mechanical and Industrial Engineering; Pennsylvania State University, PhD

**John Kane**

Lecturer, Art + Design; Yale University, BA

**Mary M. Kane**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Massachusetts, Boston, MEd

**Michael Kane**

Assistant Professor, Civil and Environmental Engineering; University of Michigan, PhD

**Sarah Kanouse**

Associate Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

**Carla Kaplan**

Davis Distinguished Professor in American Literature, English and Women's, Gender, and Sexuality Studies; Northwestern University, PhD

**Swastik Kar**

Associate Professor, Physics; Indian Institute of Science (India), PhD

**Ieshia Karasik**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Pine Manor College, MFA

**Samina Karim**

Professor, Entrepreneurship and Innovation; University of Michigan, PhD

**Yael Karlinsky Shichor**

Assistant Professor, Marketing; Columbia University, PhD

**Alain S. Karma**

College of Arts and Sciences Distinguished Professor, Physics; University of California, Santa Barbara, PhD

**Ralph Katz**

Professor, Entrepreneurship and Innovation; University of Pennsylvania, PhD

**Jonathan Kaufman**

Professor, Journalism; Harvard University, MA

**William Kay**

Associate Professor, Political Science; Indiana University, PhD

**Bret Keeling**

Teaching Professor, Writing Program; University of Washington, PhD

**Karen P. Kelley**

Senior Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Melvin Kelley**

Associate Professor, Law and Entrepreneurship and Innovation; Columbia University, JD

**Thomas M. Kelley**

Associate Teaching Professor, Physics; University of Minnesota, PhD

**Kathleen Kelly**

Professor, English; University of North Carolina, Chapel Hill, PhD

**Whitney Kelting**

Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

**Daniel D. Kennedy**

Professor, Journalism; Boston University, MLA

**Megan Kennedy**

Assistant Teaching Professor, College of Professional Studies; University of Albany, PhD

**Sarmann Kennedyd**

Assistant Teaching Professor, College of Professional Studies; SKEMA Business School (France), PhD

**Kathryn Kennen**

Associate Teaching Professor, Architecture; Harvard University, MArch

**Aileen Kent Yates**

Assistant Cooperative Education Coordinator, Computer Sciences; University of Massachusetts, Amherst, BA

**Heidi Kevoe Feldman**

Associate Professor, Communication Studies; Rutgers University, PhD

**Leila Keyvani Someh**

Associate Teaching Professor, Engineering; Northeastern University, PhD

**Shantanu Khanna**

Assistant Professor, Public Policy and Urban Affairs and Economics; University of California, Irvine, PhD

**Konstantin Khrapko**

Professor, Biology and Pharmaceutical Sciences; Engelhardt Institute of Molecular Biology, Moscow (Russia), PhD

**Ilham Khuri-Makdisi**

Associate Professor, History; Harvard University, PhD

**Sheri Kiami**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Simmons College, DPT

**Angela Kilby**

Assistant Professor, Economics; Massachusetts Institute of Technology, PhD

**Daniel Kim**

Associate Professor, Health Sciences; University of Toronto (Canada), MD; Harvard University, PhD

**Eunsong Kim**

Assistant Professor, English; University of California, San Diego, PhD

**Miso Kim**

Assistant Professor, Art + Design; Carnegie Mellon University, PhD

**Tiffany Kim**

Assistant Clinical Professor, Nursing; University of Pennsylvania, PhD

**Yong-Bin Kim**

Professor, Electrical and Computer Engineering; Colorado State University, PhD

**John Kimani**

Associate Teaching Professor, Electrical and Computer Engineering; University of Wisconsin, Milwaukee, PhD

**David L. Kimbro**

Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

**Nancy Kimelman**

Assistant Teaching Professor, Economics; Brown University, PhD

**Christopher K. King**

Professor, Mathematics; Harvard University, PhD

**Daniel King**

Assistant Clinical Professor, Nursing; University of Alabama, DNP

**Engin Kirda**

Professor, Computer Sciences and Electrical and Computer Engineering; Technical University of Vienna (Austria), PhD

**Rein U. Kirss**

Associate Professor, Chemistry and Chemical Biology; University of Wisconsin, Madison, PhD

**Jennifer L. Kirwin**

Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

**Risa Kitagawa**

Assistant Professor, Political Science and International Affairs; Stanford University, PhD

**Karl E. Klare**

Matthews Distinguished University Professor, Law; Harvard University, JD

**Kristian Kloeckl**

Associate Professor, Art + Design and Architecture; University of Venice (Italy), PhD

**Ben Knudsen**

Assistant Professor, Mathematics; Northwestern University, PhD

**Dami Ko**

Assistant Professor, Nursing; University of Wisconsin, Madison, PhD

**Khalid Kodi**

Professor of the Practice, Art + Design; Massachusetts College of Art and Design, MFA

**Dan Koloski**

Professor of the Practice, College of Professional Studies; Harvard University, MS

**Tali Konry**

Associate Professor, Pharmaceutical Sciences; Ben-Gurion University of the Negev (Israel), PhD

**Constantin Konstantopoulos**

Associate Teaching Professor, Graduate School of Engineering; Boston University, PhD

**Abigail N. Koppes**

Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

**Ryan Koppes**

Assistant Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

**Ilka Kostka**

Associate Teaching Professor, College of Professional Studies; New York University, PhD

**Apoorva Koticha**

Associate Teaching Professor, Finance; New York University, PhD

**Dimitrios Koutsonikolas**

Associate Professor, Electrical and Computer Engineering; Purdue University, PhD

**Harilaos Koutsopoulos**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Linda Kowalcky**

Professor of the Practice, Public Policy and Urban Affairs; Johns Hopkins University, PhD

**Arthur F. Kramer**

Professor, Psychology; University of Illinois, PhD

**Sergey Kravchenko**

Professor, Physics; Institute of Solid State Physics (Russia), PhD

**Dmitri Krioukov**

Associate Professor, Physics and Mathematics and Electrical and Computer Engineering; Old Dominion University, PhD

**Ganesh Krishnamoorthy**

Professor, Accounting; University of Southern California, PhD

**Karthik Krishnan**

Associate Professor, Finance; Boston College, PhD

**Laura Kuhl**

Assistant Professor, Public Policy and Urban Affairs and International Affairs; Tufts University, PhD

**Aisulu Kulbayeva**

Assistant Teaching Professor, Linguistics; Georgetown University, PhD

**Haridas Kumarakuru**

Assistant Teaching Professor, Physics; University of Bristol (United Kingdom), PhD

**Venkat Kuppuswamy**

Assistant Professor, Entrepreneurship and Innovation; Harvard University, DBA

**Jessica Kurr**

Visiting Lecturer, Communication Studies; Pennsylvania State University, PhD

**Didem Kurt**

Associate Teaching Professor, Marketing; University of Pittsburgh, PhD

**Kristina Kutsukos**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**John Kwoka**

Neal F. Finnegan Distinguished Professor, Economics; University of Pennsylvania, PhD

**Joy Kwon**

Postdoctoral Teaching Associate, Writing Program; University of Wisconsin, Madison, PhD

**MiYoung Kwon**

Assistant Professor, Psychology; University of Minnesota, PhD

**L****Michelle Laboy**

Assistant Professor, Architecture; University of Michigan, MArch

**Jamie Ladge**

Associate Professor, Management and Organizational Development; Boston College, PhD

**Nicole Laffan**

Assistant Clinical Professor, Communication Sciences and Disorders; A.T. Still University, Arizona, PhD

**Jay Laird**

Assistant Teaching Professor, College of Professional Studies; Lesley University, MFA

**Charlotte Lam**

Assistant Cooperative Education Coordinator, College of Science; California State University, Sacramento, MA

**Joan LaMachia**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MEd

**Anna Lamin**

Associate Professor, International Business and Strategy; University of Minnesota, PhD

**Jason Lancaster**

Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

**William Lancaster**

Principal Lecturer, Communication Studies; Michigan State University, MA

**Lucas J. Landherr**

Teaching Professor, Chemical Engineering; Cornell University, PhD

**Alexis Landry**

Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

**Theodore Landsmark**

Distinguished Professor, Public Policy and Urban Affairs; Boston University, PhD

**David Lang**

Assistant Teaching Professor, Mathematics; Boston College, PhD; Northeastern University, PhD

**Timothy Lannin**

Associate Teaching Professor, Bioengineering; Cornell University, PhD

**Amy Lantinga**

Teaching Professor, College of Professional Studies; University of Tennessee, EdD

**Philip Larese-Casanova**

Associate Professor, Civil and Environmental Engineering; University of Iowa, PhD

**Krista Larsen**

Assistant Teaching Professor, Criminology and Criminal Justice; Suffolk University, JD

**Barbara Larson**

Associate Academic Specialist, Management and Organizational Development; Harvard University, DBA

**Elizabeth Larson**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MBA

**Felicia G. Lassk**

Associate Professor, Marketing; University of South Florida, PhD

**Amanda Reeser Lawrence**

Associate Professor, Architecture; Harvard University, PhD

**David M. Lazer**

University Distinguished Professor, Political Science and Computer Sciences; University of Michigan, Ann Arbor, PhD

**Joshua Lea**

Assistant Clinical Professor, Nursing; Akron University, PhD

**Stefanie E. Leahy**

Assistant Teaching Professor, Law; Pepperdine University, JD

**Carol Lee**

Assistant Teaching Professor, Supply Chain and Information Management; University of Massachusetts, Boston, PhD

**Cynthia Lee**

Professor, Management and Organizational Development; University of Maryland, PhD

**Doreen Lee**

Associate Professor, Sociology and Anthropology; Cornell University, PhD

**Jeongkyu Lee**

Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

**Jung Lee**

Associate Professor, Philosophy and Religion; Brown University, PhD

**Kristen Lee**

Associate Teaching Professor, College of Professional Studies; Northeastern University, EdD

**Lee-Peng Lee**

Assistant Teaching Professor, Mathematics; Massachusetts Institute of Technology, PhD

**Matt Lee**

Teaching Professor, Human Services; University of Illinois, Urbana-Champaign, PhD

**Robert Lee**

Associate Academic Specialist, American Sign Language; Boston University, MA

**Shun-Yang Lee**

Assistant Professor, Marketing; University of Texas, Austin, PhD

**Yang W. Lee**

Associate Professor, Supply Chain and Information Management; Massachusetts Institute of Technology, PhD

**Carolyn W. T. Lee-Parsons**

Associate Professor, Chemical Engineering and Chemistry and Chemical Biology; Cornell University, PhD

**Chad Lee-Stronach**

Assistant Professor, Philosophy and Religion; Australian National University (Australia), PhD

**Miriam E. Leeser**

Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

**Laurel Leff**

Professor, Journalism; Yale University, MA

**Lori Lefkowitz**

Ruderman Professor of Jewish Studies, Jewish Studies and English; Brown University, PhD

**Bradley M. Lehman**

Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Robert Lentz**

Associate Academic Specialist, Entrepreneurship and Innovation; Babson College, MBA

**Benjamin Lerner**

Associate Teaching Professor, Computer Sciences; University of Washington, PhD

**Neal Lerner**

Professor, English; Boston University, EdD

**John Lesko**

Professor, Mechanical and Industrial Engineering and Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

**Laurent Lessard**

Associate Professor, Mechanical and Industrial Engineering; Stanford University, PhD

**Yvonne Leung**

Assistant Teaching Professor, College of Professional Studies; York University, PhD

**Tatyana Levchenko**

Research Assistant Professor, Pharmaceutical Sciences; Academy of Medical Sciences Moscow (Russia), PhD

**Yiannis A. Levendis**

College of Engineering Distinguished Professor, Mechanical and Industrial Engineering; California Institute of Technology, PhD

**Erel Levine**

Associate Professor, Bioengineering; Weizmann Institute of Science (Israel), PhD

**Herbert Levine**

University Distinguished Professor, Physics and Bioengineering; Princeton University, PhD

**Kim Lewis**

University Distinguished Professor, Biology; Moscow State University (Russia), PhD

**Laura H. Lewis**

University Distinguished Professor, Cabot Professor, Chemical Engineering and Mechanical and Industrial Engineering; University of Texas, Austin, PhD

**Ang Li**

Assistant Professor, Architecture; Princeton University, MArch

**Chieh Li**

Associate Professor, Applied Psychology; University of Massachusetts, Amherst, EdD

**Fan Li**

Assistant Teaching Professor, Finance; Virginia Polytechnic Institute and State University, PhD

**Jiahe Li**

Assistant Professor, Bioengineering; Cornell University, PhD

**Rui Li**

Associate Clinical Professor, Health Sciences; Baylor University, PhD

**Yaning Li**

Associate Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

**Zhenyu Liao**

Assistant Professor, Management and Organizational Development; National University of Singapore (Singapore), PhD

**Elizabeth Libby**

Assistant Professor, Bioengineering; University of Pennsylvania, PhD

**Robert Lieb**

Professor, Supply Chain and Information Management; University of Maryland, DBA

**Karl J. Lieberherr**

Professor, Computer Sciences; Eidgenössische Technische Hochschule Zürich (Switzerland), PhD

**Karin N. Lifter**

Professor, Applied Psychology; Columbia University, PhD

**Dacheng Lin**

Research Associate Professor, Physics; Massachusetts Institute of Technology, PhD

**Xue Lin**

Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

**Yingzi Lin**

Professor, Mechanical and Industrial Engineering; University of Saskatchewan (Canada), PhD

**Alisa K. Lincoln**

Professor, Sociology and Anthropology and Health Sciences; Columbia University, PhD

**Margo Lindauer**

Associate Clinical Professor, Law; Georgetown University, JD

**John J. Lindhe**

Associate Teaching Professor, Mathematics; Northeastern University, PhD

**Jessica Linker**

Assistant Professor, History; University of Connecticut, PhD

**Gabor P. Lippner**

Associate Professor, Mathematics; Eötvös Loránd University (Hungary), PhD

**Heather A. Littlefield**

Teaching Professor, Linguistics; Boston University, PhD

**Handan Liu**

Associate Teaching Professor, Graduate School of Engineering; Shanghai Jiao Tong University (China), PhD

**Kelvin Liu**

Associate Professor, Accounting; University of South Carolina, PhD

**Weiling Liu**

Assistant Professor, Finance; Harvard University, PhD

**Xiaoping Liu**

Assistant Teaching Professor, Supply Chain and Information Management; University of Massachusetts, Lowell, PhD

**Yongmin Liu**

Associate Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; University of California, Berkeley, PhD

**Ioannis Livanis**

Teaching Professor, International Affairs and Political Science; University of Florida, PhD

**Carol Livermore**

Associate Professor, Mechanical and Industrial Engineering; Harvard University, PhD

**Mary Loeffelholz**

Professor, English; Yale University, PhD

**Martha Loftus**

Assistant Teaching Professor, College of Professional Studies; Harvard University, EdD

**Diomedes E. Logothetis**

Professor, Pharmaceutical Sciences; Harvard University, PhD

**Fabrizio Lombardi**

International Test Conference Professor, Electrical and Computer Engineering; University of London (United Kingdom), PhD

**Georgia Looney**

Assistant Cooperative Education Coordinator, College of Engineering; Boston College, MBA

**Alexandre Lopes**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of São Paulo (Brazil), PhD

**Melinda Lopez**

Professor of the Practice, Theatre; Boston University, MA

**Steven A. Lopez**

Assistant Professor, Chemistry and Chemical Biology; University of California, Los Angeles, PhD

**Sara Lopez-Pintado**

Associate Professor, Health Sciences; Universidad Carlos III de Madrid (Spain), PhD

**Connie Lorette**

Associate Clinical Professor, Nursing; Boston College, PhD

**Ralph H. Loring**

Associate Professor, Pharmaceutical Sciences; Cornell University, PhD

**Daniel Lothian**

Professor of the Practice, Journalism; American University, MA

**Kathleen E. Lotterhos**

Associate Professor, Marine and Environmental Sciences; Florida State University, PhD

**Deirdre Loughridge**

Associate Professor, Music; University of Pennsylvania, PhD

**Psyche Loui**

Associate Professor, Music; University of California, Berkeley, PhD

**Jennifer O. Love**

Associate Academic Specialist, Engineering; University of Iowa, MS

**Timothy Love**

Associate Professor, Architecture; Harvard University, MArch

**William Lovely**

Associate Teaching Professor, International Business and Strategy; Northeastern University, DLP

**John Lowrey**

Assistant Professor, Supply Chain and Information Management and Health Sciences; Ohio State University, PhD

**Amy Shirong Lu**

Associate Professor, Communication Studies and Health Sciences; University of North Carolina, Chapel Hill, PhD

**Long Lu**

Assistant Professor, Computer Sciences; Georgia Institute of Technology, PhD

**Lucy Siying Lu**

Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

**Mingyang Lu**

Assistant Professor, Bioengineering; Baylor College of Medicine, PhD

**Celsey Lumbra**

Assistant Cooperative Education Coordinator, Computer Sciences; Northeastern University, MS

**Razvan Lungeanu**

Assistant Professor, Entrepreneurship and Innovation; Northwestern University, PhD

**Bowen Luo**

Visiting Assistant Professor, Marketing; Arizona State University, PhD

**Katherine Luongo**

Associate Professor, History and International Affairs; University of Michigan, Ann Arbor, PhD

**Steven Lustig**

Associate Professor, Chemical Engineering; Purdue University, PhD

**Getty Lustila**

Assistant Teaching Professor, Philosophy and Religion; Boston University, PhD

**David E. Luzzi**

Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

**Vasiliki Lykourinou**

Assistant Teaching Professor, Chemistry and Chemical Biology; University of South Florida, PhD

**M**

**Jun Ma**

Professor, Economics; University of Washington, PhD

**Tong Ma**

Assistant Professor, Mechanical and Industrial Engineering; University of Connecticut, Storrs, PhD

**Kayse Maass**

Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

**Patricia A. Mabrouk**

Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

**Jacquelyn MacDonald**

Associate Cooperative Education Coordinator, College of Science; Harvard University, MEd

**Robin MacIlroy**

Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

**Andrew Mackie**

Associate Clinical Professor, Medical Sciences; University of Nebraska, MS

**Krishna Madaparthi**

Assistant Academic Specialist, American Sign Language; Gallaudet University, MA

**Jeanne Madden**

Associate Professor, Pharmacy and Health Systems Sciences; Harvard University, PhD

**Kristin Madison**

Professor, Law and Health Sciences; Stanford University, PhD; Yale University, JD

**Meica Magnani**

Assistant Teaching Professor, Philosophy and Religion and Computer Sciences; Stanford University, PhD

**Bala Maheswaran**

Teaching Professor, Engineering; Northeastern University, PhD

**Debra Mahfouz**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PharmD

**Elizabeth Mahler**

Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

**Luigia Maiellaro**

Teaching Professor, World Languages Center; Russian State University for the Humanities (Russia), PhD

**Jean Claude Makolo**

Assistant Teaching Professor, Finance; Brandeis University, PhD

**Lee Makowski**

Professor, Bioengineering and Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

**Purnima Makris**

Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

**Alexandros Makriyannis**

George D. Behrakis Chair and Professor, Center for Drug Discovery and Chemistry and Chemical Biology; University of Kansas, PhD

**Mario Maletta**

Professor, Accounting; University of Massachusetts, Amherst, PhD

**Veronika Maliborska**

Associate Teaching Professor, College of Professional Studies; Purdue University, PhD

**Andrew Mall**

Associate Professor, Music; University of Chicago, PhD

**Carol R. Mallory**

Teaching Professor, Law; Northeastern University, JD

**Craig E. Maloney**

Associate Professor, Mechanical and Industrial Engineering; University of California, Santa Barbara, PhD

**Roman Manetsch**

Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Basel (Switzerland), PhD

**Swapnil Maniar**

Professor of the Practice, Health Sciences; Johns Hopkins University, PhD

**Justin Manjourides**

Associate Professor, Health Sciences; Harvard University, PhD

**Emily Mann**

Teaching Professor, Human Services; University of Wisconsin, Madison, PhD

**Maira Mannix Votel**

Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Columbia University, MA

**Peter Manolios**

Professor, Computer Sciences; University of Texas, Austin, PhD

**Elaina Manolis**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Texas Tech University, ScD

**Valentina Marano**

Associate Professor, International Business and Strategy; University of South Carolina, PhD

**Janice Maras**

Associate Teaching Professor, Health Sciences; Northeastern University, EdD

**Krassimir Marchev**

Professor of the Practice, College of Professional Studies; Northeastern University, PhD

**Edwin Marengo Fuentes**

Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Alina Marian**

Professor, Mathematics; Harvard University, PhD

**Tucker Marion**

Associate Professor, Entrepreneurship and Innovation; Pennsylvania State University, PhD

**Helen Markewich**

Assistant Teaching Professor, Bioengineering; Cornell University, PhD

**Robert S. Markiewicz**

Professor, Physics; University of California, Berkeley, PhD

**Alycia Markowski**

Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Joseph Marks**

Associate Teaching Professor, Finance; University of Illinois, Urbana-Champaign, PhD

**Mindy Marks**

Associate Professor, Economics; Washington University, PhD

**Julius Marpaung**

Teaching Professor, Electrical and Computer Engineering; Oklahoma State University, PhD

**Stacy Marsella**

Professor, Computer Sciences and Psychology; Rutgers University, PhD

**Ineke Marshall**

Professor, Sociology and Anthropology and Criminology and Criminal Justice; Bowling Green State University, PhD

**Elizabeth Martin**

Assistant Clinical Professor, Communication Sciences and Disorders; McGill University (Canada), MS

**Isabel Martinez**

Associate Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; Columbia University, PhD

**Ramiro Martinez**

Professor, Criminology and Criminal Justice and Sociology and Anthropology; Ohio State University, PhD

**José Angel Martinez-Lorenzo**

Associate Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; Universidade de Vigo (Spain), PhD

**Alexander Martsinkovsky**

Associate Professor, Mathematics; Brandeis University, PhD

**David Massey**

Professor, Mathematics; Duke University, PhD

**Ted Matherly**

Visiting Assistant Professor, Marketing; University of Maryland, PhD

**Marguerite Matherne**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, MS

**Jude E. Mathews**

Associate Teaching Professor, Chemistry and Chemical Biology; Clemson University, PhD

**Kay Mathiesen**

Associate Professor, Philosophy and Religion; University of California, Irvine, PhD

**Kristen Mathieu Gonzalez**

Assistant Clinical Professor, Nursing; University of Phoenix, MS

**Daniele Mathras**

Associate Teaching Professor, Marketing; Arizona State University, PhD

**Thomas M. Matta**

Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Xavier University of Louisiana, PharmD

**Daniel J. Matthew**

Associate Teaching Professor, Chemistry and Chemical Biology; University of Utah, PhD

**Jonathan Matthis**

Assistant Professor, Biology; Rensselaer Polytechnic Institute, PhD

**Carla Mattos**

Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

**Lucy Maulsby**

Associate Professor, Architecture; Columbia University, PhD

**Ernest Mauristhene**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Hardin-Simmons University, MBA

**Bruce Maxwell**

Visiting Professor, Computer Sciences; Carnegie Mellon University, PhD

**Jessica Maxwell**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD; Massachusetts General Hospital Institute of Health Professions, DPT

**William Mayer**

Professor, Political Science; Harvard University, PhD

**Mary Mayville**

Associate Clinical Professor, Nursing; Northeastern University, DNP

**Laurie McCadden**

Clinical Instructor, Nursing; University of Massachusetts, Lowell, MSN

**Paulette McCarty**

Associate Teaching Professor, Management and Organizational Development; University of Tennessee, PhD

**Jacqueline McCleary**

Assistant Professor, Physics; Brown University, PhD

**Victoria D. McCoy Dunkley**

Assistant Teaching Professor, Law; Vanderbilt University, JD

**Eileen McDonagh**

Professor, Political Science; Harvard University, PhD

**Ann McDonald**

Associate Professor, Art + Design; Yale University, MFA

**Matthew McDonald**

Associate Professor, Music; Yale University, PhD

**Melissa McElligott**

Associate Teaching Professor, Biology; Northeastern University, PhD

**Kayla McEwen**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Nicol E. McGruer**

Professor, Electrical and Computer Engineering; Michigan State University, PhD

**Jean McGuire**

Professor of the Practice, Health Sciences; Brandeis University, PhD

**Hugh McManus**

Associate Teaching Professor, Mechanical and Industrial Engineering; Stanford University, PhD

**Cristine McMartin-Miller**

Teaching Professor, College of Professional Studies; Purdue University, PhD

**Cassandra McMillan**

Assistant Professor, Sociology and Anthropology and Criminology and Criminal Justice; Pennsylvania State University, PhD

**Joseph McNabb**

Professor of the Practice, College of Professional Studies; Northeastern University, PhD

**Robert C. McOwen**

Professor, Mathematics; University of California, Berkeley, PhD

**Frances Nelson McSherry**

Teaching Professor, Theatre; New York University, MFA

**Daniel S. Medwed**

University Distinguished Professor, Law; Harvard University, JD

**Iraz Mehdi**

Associate Cooperative Education Coordinator, College of Engineering; California State University, Long Beach, MS

**Lindsay Mehrmanesh**

Assistant Teaching Professor, Biology; Brown University, PhD

**Erin Meier**

Assistant Professor, Communication Sciences and Disorders; Boston University, PhD

**Alexandra Meise**

Associate Teaching Professor, Law; Georgetown University, JD

**Emanuel S. Melachrinoudis**

Professor, Mechanical and Industrial Engineering; University of Massachusetts, Amherst, PhD

**Waleed Meleis**

Associate Professor, Electrical and Computer Engineering; University of Michigan, PhD

**Justin Melette**

Associate Teaching Professor, English; Pennsylvania State University, PhD

**Susan L. Mello**

Associate Professor, Communication Studies; University of Pennsylvania, PhD

**Tina J. Mello**

Associate Cooperative Education Coordinator, College of Science; Boston College, MA

**Alice Mello da Fonseca**

Assistant Teaching Professor, College of Professional Studies; Tufts University, PhD

**Richard H. Melloni Jr.**

Professor, Psychology; University of Massachusetts, PhD

**Tommaso Melodia**

William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

**Michael Meltsner**

Matthews Distinguished University Professor, Law; Yale University, JD

**Jose Menendez**

Assistant Teaching Professor, Art + Design; Rhode Island School of Design, MA

**Latika Menon**

Associate Professor, Physics; Tata Institute of Fundamental Research, Bombay (India), PhD

**Hameed Metghalchi**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, ScD

**Daniel Metzger**

Postdoctoral Teaching Associate, English; Kutztown University, EdD

**Laura Meyer**

Assistant Cooperative Education Coordinator, Graduate School of Engineering; Cleveland State University, MEd

**Marc H. Meyer**

Robert J. Shillman Professor of Entrepreneurship and Matthews Distinguished University Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Ningfang Mi**

Associate Professor, Electrical and Computer Engineering; University of Texas, Dallas, MS

**Sakib Miazi**

Assistant Teaching Professor, Computer Sciences; University of North Carolina, Charlotte, PhD

**Cara Michell**

Assistant Professor, Architecture and Public Policy and Urban Affairs; Harvard University, MUP

**Vidoje Mihajlovikj**

Assistant Teaching Professor, Computer Sciences; Clarkson University, PhD

**Lara Milane**

Assistant Teaching Professor, Pharmaceutical Sciences; Northeastern University, PhD

**Deborah Milbauer**

Senior Lecturer, Health Sciences; Boston University, MS

**William Miles**

Professor, Political Science; Tufts University, PhD

**Christopher J. Miller**

Assistant Teaching Professor, Accounting; University of Mississippi, PhD

**Edward Miller**

Associate Teaching Professor, College of Professional Studies; Boston College, PhD

**Emily Miller**

Assistant Cooperative Education Coordinator, College of Science; New York University, MA

**Matthew Miller**

Professor, Health Sciences; Yale University, MD; Harvard University, ScD

**Maura Miller**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Providence College, BS

**Renée Miller**

Distinguished Professor, Computer Sciences; University of Wisconsin, Madison, PhD

**Ennio Mingolla**

Professor, Communication Sciences and Disorders; University of Connecticut, PhD

**Mona Minkara**

Assistant Professor, Bioengineering; University of Florida, PhD

**Nicholas Minott**

Associate Teaching Professor, International Affairs; Tufts University, PhD

**Marilyn L. Minus**

Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

**Varun Mishra**

Assistant Professor, Computer Sciences and Health Sciences; Dartmouth College, PhD

**Alan Mislove**

Professor, Computer Sciences; Rice University, PhD

**Marrrian Mitry**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

**Sunil Mittal**

Assistant Professor, Electrical and Computer Engineering; University of Maryland, College Park, PhD

**Cheryl Mitteness**

Associate Academic Specialist, Entrepreneurship and Innovation; University of Louisville, PhD

**Nancy Mizzoni**

Assistant Clinical Professor, Nursing; Northeastern University, MS

**Sarah Mockler**

Associate Cooperative Education Coordinator, College of Engineering; Boston College, MA

**Alicia Modestino**

Associate Professor, Public Policy and Urban Affairs and Economics; Harvard University, PhD

**Valentine Moghadam**

Professor, International Affairs; American University, PhD

**Mohsen Moghaddam**

Assistant Professor, Mechanical and Industrial Engineering; Purdue University, PhD

**Shan Mohammed**

Clinical Professor, Health Sciences; Case Western Reserve University, MD

**Shariq Mohammed**

Assistant Professor, Economics; University of Arizona, PhD

**Killion Mokwete**

Associate Teaching Professor, Architecture; University of Portsmouth, MArch

**Beth Molnar**

Associate Professor, Health Sciences; Harvard University, ScD

**James Monaghan**

Associate Professor, Biology; University of Kentucky, PhD

**Alvaro Monge**

Visiting Professor, Computer Sciences; University of California, San Diego, PhD

**Yasmil Montes**

Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MS

**Robert M. Mooradian**

Professor, Finance; University of Pennsylvania, PhD

**Elizabeth Moore**

Assistant Teaching Professor, International Business and Strategy; Northeastern University, PhD

**Rebekah Moore**

Assistant Professor, Music; Indiana University, PhD

**Jorge Morales**

Assistant Professor, Psychology and Philosophy and Religion; Columbia University, PhD

**Lee Moreau**

Professor of the Practice, Art + Design; Rice University, MArch

**Silvio Moreira**

Assistant Professor, Computer Sciences; University of Lisbon (Portugal), PhD

**Enrique F. Moreno**

Associate Teaching Professor, Physics; Universidad Nacional de La Plata (Argentina), PhD

**Kimberly Moreno**

Professor, Accounting; University of Massachusetts, Amherst, PhD

**Joanne Morreale**

Associate Professor, Media and Screen Studies; Temple University, PhD

**Mounira Morris**

Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, Amherst, EdD

**Kristen Morse**

Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Ithaca College, DPT

**Hossein Mosallaei**

Professor, Electrical and Computer Engineering; University of California, Los Angeles, PhD

**Ab Mosca**

Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

**Rashid Mosley**

Assistant Teaching Professor, College of Professional Studies; George Washington University, PhD

**Edward Moss**

Teaching Professor, Writing Program; Emerson College, MFA

**Lorraine Ann Mountain**

Senior Cooperative Education Coordinator, College of Engineering; Tufts University, MS

**Amy Mueller**

Assistant Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

**Dana Mueller**

Assistant Teaching Professor, Art + Design; Massachusetts College of Art, MFA

**Sinan Muftu**

Professor, Mechanical and Industrial Engineering; University of Rochester, PhD

**Tania Muino**

Associate Academic Specialist, World Languages Center; University of Barcelona (Spain), MA

**Constantine Mukasa**

Assistant Teaching Professor, Engineering; Florida Atlantic University, PhD

**Sanjeev Mukerjee**

Distinguished Professor, Chemistry and Chemical Biology; Texas AM University, PhD

**Saptarshi Mukherjee**

Assistant Professor, Finance; New York University, PhD

**Jay Mulki**

Associate Professor, Marketing; University of South Florida, PhD

**Anthony Mullen**

Associate Teaching Professor, Computer Sciences; University of Groningen (Netherlands), PhD

**Patrick Mullen**

Associate Professor, English; University of Pittsburgh, PhD

**Seth Mulliken**

Associate Teaching Professor, Media and Screen Studies; North Carolina State University, PhD

**Ufuk Muncuk**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Samuel E. Munoz**

Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; University of Wisconsin, Madison, PhD

**Leonel F. Murga**

Assistant Teaching Professor, Chemistry and Chemical Biology; Northeastern University, PhD

**Robert Murray**

Associate Academic Specialist, Supply Chain and Information Management; Harvard University, MBA

**Vincent Muscolino**

Lecturer, Finance; Babson College, MBA

**Hande Musdal Ondemir**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

**Cecelia Musselman**

Teaching Professor, Writing Program; Columbia University, PhD

**Shakir Mustafa**

Teaching Professor, World Languages Center; Boston University, PhD

**Mark Muzere**

Visiting Associate Professor, Finance; Washington University, St. Louis, PhD

1200 University Faculty

**Felix Muzny**

Clinical Instructor, Computer Sciences; Stanford University, MS

**Jonathan Mwaura**

Associate Teaching Professor, Computer Sciences; University of Exeter (United Kingdom), PhD

**Andrew Myers**

Associate Professor, Civil and Environmental Engineering; Stanford University, PhD

**David Myers**

Associate Teaching Professor, Finance; University of Washington, PhD

**N**

**Yousof Naderi**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Thomas K. Nakayama**

Professor, Communication Studies; University of Iowa, PhD

**Laurie Nardone**

Teaching Professor, English; Emory University, PhD

**Tareq Nasralah**

Assistant Teaching Professor, Supply Chain and Information Management; Dakota State University, PhD

**Pran Nath**

Matthews Distinguished University Professor, Physics; Stanford University, PhD

**Hamid Nayeb-Hashemi**

Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Katharina Neissl**

Visiting Lecturer, Criminology and Criminal Justice; Northeastern University, PhD

**Brent Nelson**

Professor, Physics; University of California, Berkeley, PhD

**Tyrone Newsome**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Fitchburg State University, MBA

**Huy Nguyen**

Assistant Professor, Computer Sciences; Princeton University, PhD

**Julie Nguyen**

Assistant Cooperative Education Coordinator, College of Engineering; Columbia University, MA

**Mark J. Niedre**

Professor, Bioengineering; University of Toronto (Canada), PhD

**Angel Nieves**

Professor, Cultures, Societies, and Global Studies and History; Cornell University, PhD

**Spyridon Nikas**

Research Associate Professor, Center for Drug Discovery; Aristotle University (Greece), PhD

**Matthew Nippins**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Matthew C. Nisbet**

Professor, Communication Studies; Cornell University, PhD

**Cristina Nita-Rotaru**

Professor, Computer Sciences; Johns Hopkins University, PhD

**Daniel Noemi Voionmaa**

Associate Professor, Cultures, Societies, and Global Studies; Yale University, PhD

**Alison Nogueira**

Senior Cooperative Education Coordinator, College of Engineering; Suffolk University, MEd

**David Nolan**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

**Kimberly Nolan**

Associate Teaching Professor, College of Professional Studies; University of Vermont, EdD

**Carey Noland**

Associate Professor, Communication Studies; Ohio University, PhD

**Ellen Noonan**

Teaching Professor, Writing Program; Emerson College, MFA

**Matthew Noonan**

Associate Teaching Professor, Writing Program; Massachusetts College of Art, MFA

**Farzard Noubary**

Associate Clinical Professor, Health Sciences; Harvard University, PhD

**Guevara Noubir**

Professor, Computer Sciences; Swiss Federal Institute of Technology, Lausanne (Switzerland), PhD

**Lucia Nuñez**

Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

**Gilbert Nyaga**

Associate Professor, Supply Chain and Information Management; Michigan State University, PhD

**O****Jessica Oakes**

Assistant Professor, Bioengineering; University of California, San Diego, PhD

**Daniel O'Brien**

Associate Professor, Public Policy and Urban Affairs and Criminology and Criminal Justice; Binghamton University, PhD

**Antonio Ocampo-Guzman**

Associate Professor, Theatre; York University (Canada), MFA

**Abigail Ochengco**

Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

**Brian O'Connell**

Associate Teaching Professor, Engineering; Tufts University, PhD

**Sean O'Connell**

Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

**Catherine O'Connor**

Clinical Instructor, Nursing; Boston College, MS

**George A. O'Doherty**

Professor, Chemistry and Chemical Biology; Ohio State University, PhD

**Curtis Odom**

Assistant Teaching Professor, Management and Organizational Development; Pepperdine University, EdD

**Mikhail Oet**

Associate Teaching Professor, College of Professional Studies; Case Western Reserve University, PhD

**Dietmar Offenhuber**

Associate Professor, Art + Design and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

**Russ O'Haver**

Senior Academic Specialist, Accounting; University of New York, PhD

**Peggy L. O'Kelly**

Principal Lecturer, Accounting; University of Michigan, MBA

**John Olawepo**

Assistant Teaching Professor, Health Sciences; University of Nevada, Las Vegas, PhD

**Brianne OlivieriMui**

Assistant Professor, Health Sciences; Northeastern University, PhD

**Donald M. O'Malley**

Associate Professor, Biology; Harvard University, PhD

**Marvin Onabajo**

Associate Professor, Electrical and Computer Engineering; Texas AM University, PhD

**Mary Jo Ondrechen**

Professor, Chemistry and Chemical Biology; Northwestern University, PhD

**Therese M. O'Neil-Pirozzi**

Associate Professor, Communication Sciences and Disorders; Boston University, ScD

**Annalisa Onnis-Hayden**

Teaching Professor, Civil and Environmental Engineering; University of Cagliari (Italy), PhD

**Alina Oprea**

Associate Professor, Computer Sciences; Carnegie Mellon University, PhD

**Toyoko J. Orimoto**

Associate Professor, Physics; University of California, Berkeley, PhD

**Jessica Ormsby**

Associate Cooperative Education Coordinator, College of Engineering; University of Massachusetts, Boston, MEd

**Andrew Orr-Skirvin**

Clinical Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PharmD

**Sarah Ostadabbas**

Assistant Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

**Eileen Otis**

Associate Professor, Sociology and Anthropology; University of California, Davis, PhD

**Timothy Ouillette**

Associate Teaching Professor, Communication Studies; Art Institute of Boston, MFA

**Oyindasola O. Oyelaran**

Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

**Yusuf Ozbek**

Teaching Professor, Graduate School of Engineering; Northeastern University, PhD

**Ozan Ozdemir**

Assistant Professor, Mechanical and Industrial Engineering; South Dakota School of Mines and Technology, PhD

**P**

**Jahir Pabon**

Associate Teaching Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Taskin Padir**

Associate Professor, Electrical and Computer Engineering; Purdue University, PhD

**Robert K. Painter**

Associate Teaching Professor, Linguistics; State University of New York at Buffalo, PhD

**Himlona Palikhe**

Associate Teaching Professor, Graduate School of Engineering; Texas Tech University, PhD

**Costas Panagopoulos**

Professor, Political Science; New York University, PhD

**Themis Papageorge**

Associate Clinical Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Demetra Paparounas**

Lecturer, Supply Chain and Information Management; Northeastern University, PhD

**Harikrishnan Parameswaran**

Assistant Professor, Bioengineering; Boston University, PhD

**Serena Parekh McGushin**

Associate Professor, Philosophy and Religion; Boston College, PhD

**Jason Parente**

Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

**Melissa Parenti**

Assistant Teaching Professor, College of Professional Studies; University of Southern California, EdD

**John Park**

Clinical Instructor, Computer Sciences; Stanford University, MS

**Wendy E. Parmet**

Matthews Distinguished University Professor, Law; Harvard University, JD

**Christopher Parsons**

Associate Professor, History; University of Toronto (Canada), PhD

**Nikos Passas**

Professor, Criminology and Criminal Justice; University of Edinburgh (Scotland), PhD

**Rupal Patel**

Professor, Communication Sciences and Disorders and Computer Sciences; University of Toronto (Canada), PhD

**Mark R. Patterson**

Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Harvard University, PhD

**Jeremy R. Paul**

Professor, Law; Harvard University, JD

**Koen Pauwels**

Distinguished Professor, Marketing; University of California, Los Angeles, PhD

**Michael Pavel**

Professor of the Practice, Computer Sciences and Health Sciences; New York University, PhD

**Spiro Pavlopoulos**

Research Associate Professor, Center for Drug Discovery; Victorian College of Pharmacy, (Australia), PhD

**Virgil Pavlu**

Associate Teaching Professor, Computer Sciences; Northeastern University, PhD

**Kara Pavone**

Assistant Professor, Nursing; University of Pennsylvania, PhD

**Nancy Pawlyshyn**

Associate Teaching Professor, College of Professional Studies; Capella University, PhD

**Sarah Peacock**

Assistant Teaching Professor, Biology; University of Missouri, PhD

**Celia Pearce**

Professor, Game Design; University of the Arts London (United Kingdom), PhD

**Melissa Pearson**

Associate Teaching Professor, Writing Program; University of South Carolina, PhD

**Jinxiang Pei**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

**Lei Pei**

Assistant Professor, Marketing; University of California, Los Angeles, PhD

**Melissa Peiken**

Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Emerson College, MEd

**Jose A. Perea**

Associate Professor, Mathematics and Computer Sciences; Stanford University, PhD

**Diane Perez**

Assistant Academic Specialist, College of Professional Studies; Salem State University, MEd

**Laura Perovich**

Assistant Professor, Art + Design; Massachusetts Institute of Technology, PhD

**Sharon Persons**

Associate Teaching Professor, Law; Stanford University, JD

**Ivan Petkov**

Assistant Professor, Economics; Boston College, PhD

**Courtney Pfluger**

Associate Teaching Professor, Chemical Engineering; Northeastern University, PhD

**Xuan Pham**

Postgraduate Teaching Fellow, Art + Design; University of Massachusetts, Amherst, MFA

**David M. Phillips**

Professor, Law; Columbia University, JD

**Susan E. Picillo**

Principal Lecturer, Communication Studies; Cambridge College, MEd

**Kelsey Pieper**

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

**Barbara Pierre**

Assistant Cooperative Education Coordinator, College of Science; Salem State University, MEd

**Maricla Pirozzi**

Associate Cooperative Education Coordinator, Graduate School of Engineering; European School of Economics, Rome (Italy), MBA

**Matt Pitchford**

Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

**Eric Piza**

Professor, Criminology and Criminal Justice; Rutgers University, PhD

**Leigh Plant**

Assistant Professor, Pharmaceutical Sciences; University of Leeds (United Kingdom), PhD

**Harlan D. Platt**

Professor, Finance; University of Michigan, PhD

**Marjorie Platt**

Professor, Accounting; University of Michigan, PhD

**Robert Platt Jr.**

Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

**Katherine Podgurski**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Mya Poe**

Associate Professor, English; University of Massachusetts, Amherst, PhD

**Ann Polcari**

Associate Clinical Professor, Nursing; Boston College, PhD

**Stephanie Pollack**

Professor of the Practice, Public Policy and Urban Affairs; Harvard University, JD

**Michael P. Pollastri**

Professor, Chemistry and Chemical Biology; Brown University, PhD

**Marius Popescu**

Associate Teaching Professor, Finance; Virginia Polytechnic Institute and State University, PhD

**Hilary Poriss**

Associate Professor, Music; University of Chicago, PhD

**Gary Porter**

Assistant Teaching Professor, Finance; University of South Carolina, PhD

**Richard D. Porter**

Professor, Mathematics; Yale University, PhD

**Veronica L. Porter**

Associate Professor, Cooperative Education, College of Science; Northeastern University, MEd

**Lindsay Portnoy**

Associate Teaching Professor, College of Professional Studies; Fordham University, PhD

**John Portz**

Professor, Political Science; University of Wisconsin, Madison, PhD

**Brady Post**

Assistant Professor, Health Sciences; St. Olaf College, BAS

**Nathan Post**

Research Associate Professor, Civil and Environmental Engineering and Mechanical and Industrial Engineering; Virginia Polytechnic Institute and State University, PhD

**Mary-Susan Potts-Santone**

Teaching Professor, Biology; University of New Hampshire, PhD

**Camille Powell**

Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Springfield College, DPT

**Michael J. Power**

Senior Lecturer, Supply Chain and Information Management; Northeastern University, MBA

**Edward Powers**

Professor of the Practice, College of Professional Studies; Northeastern University, EdD

**Nishith Prakash**

Professor, Public Policy and Urban Affairs and Economics; University of Houston, PhD

**Silvia Prina**

Associate Professor, Economics; Boston University, PhD

**Robert Prior**

Associate Teaching Professor, College of Professional Studies; Nova Southeastern University, EdD

**Mark Prokosch**

Associate Teaching Professor, Psychology; University of California, Davis, PhD

**Sheila M. Puffer**

Professor and University Distinguished Professor, International Business and Strategy; University of California, Berkeley, PhD

**Malcolm Purinton**

Visiting Lecturer, History; Northeastern University, PhD

## Q

### **Zhengan Qi**

Assistant Professor, Communication Sciences and Disorders and Psychology; University of Illinois, Urbana-Champaign, PhD

### **Zhenyun Qian**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

### **Zhihui Qin**

Associate Teaching Professor, Pharmaceutical Sciences; Peking University (China), PhD

### **Karen Quigley**

Professor, Psychology; Ohio State University, PhD

## R

### **Simon Rabinovitch**

Associate Professor, History and Jewish Studies; Brandeis University, PhD

### **Gordana Rabrenovic**

Associate Professor, Sociology and Anthropology; State University of New York at Albany, PhD

### **John Rachlin**

Assistant Teaching Professor, Computer Sciences; Boston University, PhD

### **Srinivasan Radhakrishnan**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

### **Predrag Radivojac**

Professor, Computer Sciences; Temple University, PhD

### **Lauren Raine**

Research Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Illinois, Urbana-Champaign, PhD

### **Rajmohan Rajaraman**

Professor, Computer Sciences; University of Texas, Austin, PhD

### **Ravi Ramamurti**

University Distinguished Chair Professor, International Business and Strategy; Harvard University, DBA

### **Valeria Ramdin**

Assistant Clinical Professor, Nursing; Northeastern University, DNSc

### **Alireza Ramezani**

Assistant Professor, Electrical and Computer Engineering; University of Michigan, PhD

### **Deborah A. Ramirez**

Professor, Law; Harvard University, JD

### **Janet Randall**

Professor, English; University of Massachusetts, Amherst, PhD

### **Aanjhan Ranganathan**

Assistant Professor, Computer Sciences; ETH Zürich (Switzerland), PhD

### **Manish Ranjit**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Texas Tech University, PhD

### **Carey M. Rappaport**

College of Engineering Distinguished Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, ScD

### **K.J. Rawson**

Associate Professor, English and Women's, Gender, and Sexuality Studies; Syracuse University, PhD

### **Diviya Ray**

Assistant Teaching Professor, Biology; Indian Institute of Chemical Biology (India), PhD

### **Andrea Raynor**

Teaching Professor, Art + Design; School of Visual Arts, MFA

**Desislava Raytcheva**

Associate Teaching Professor, Biology; Northeastern University, PhD

**Leena Razzaq**

Associate Teaching Professor, Computer Sciences; Worcester Polytechnic Institute, PhD

**Joseph Reagle**

Associate Professor, Communication Studies; New York University, PhD

**Lynn Reede**

Associate Clinical Professor, Nursing; Northeastern University, PhD

**Debra J. Reid**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

**Joseph Reilly**

Assistant Teaching Professor, College of Professional Studies; Georgetown University, PhD

**Imke Reimers**

Associate Professor, Economics; University of Minnesota, PhD

**Karen Reiss Medwed**

Associate Teaching Professor, College of Professional Studies; New York University, PhD

**Marketa Rejtar**

Associate Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

**Francesco Restuccia**

Assistant Professor, Electrical and Computer Engineering; Missouri University of Science and Technology, PhD

**John R. Reynolds**

Professor, Pharmacy and Health Systems Sciences; Duquesne University, PharmD

**Ahmad Reza Haj Saeedi Sadegh**

Zelevinsky Postdoctoral Researcher, Mathematics; Pennsylvania State University, PhD

**Sarah Ricardi-Swartz**

Assistant Professor, Philosophy and Religion and Sociology and Anthropology; New York University, PhD

**Lesley A. Ricci**

Associate Teaching Professor, Psychology; Northeastern University, PhD

**Rashida Richardson**

Assistant Professor, Law and Political Science; Northeastern University, JD

**Megan Richmond**

Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

**Vance Ricks**

Associate Teaching Professor, Philosophy and Religion and Computer Sciences; Stanford University, PhD

**Mirek Riedewald**

Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

**Christoph Riedl**

Associate Professor, Supply Chain and Information Management and Computer Sciences; Technische Universität München (Germany), PhD

**Justin B. Ries**

Professor, Marine and Environmental Sciences; Johns Hopkins University, PhD

**Matteo Rinaldi**

Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

**Ana Rivera**

Associate Clinical Professor, Law; Boston College, JD

**Christie Rizzo**

Associate Professor, Applied Psychology; University of Southern California, Los Angeles, PhD

**Alexandra Roberts**

Professor, Law and Music; Yale University, JD

**Christina Roberts**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Simmons University, MBA

**Christopher J. Robertson**

Professor, International Business and Strategy; Florida State University, PhD

**Craig M. Robertson**

Associate Professor, Media and Screen Studies; University of Illinois, Urbana-Champaign, PhD

**William Robertson**

Associate Professor, Computer Sciences and Electrical and Computer Engineering; University of California, Santa Barbara, PhD

**Donald Robinaugh**

Assistant Professor, Applied Psychology and Art + Design; Harvard University, PhD

**Hilary C. Robinson**

Associate Professor, Law and Sociology and Anthropology; Massachusetts Institute of Technology, PhD; Harvard University, JD

**Tracy L. Robinson-Wood**

Professor, Applied Psychology; Harvard University, EdD

**Brian Robison**

Assistant Teaching Professor, Music; Cornell University, DMA

**David Rochefort**

Distinguished Professor, Political Science; Brown University, PhD

**Matthew Rocklage**

Assistant Professor, Marketing; Ohio State University, PhD

**Rachel Rodgers**

Associate Professor, Applied Psychology; Université de Toulouse-Le Mirail (France), PhD

**Kirsten Rodine-Hardy**

Associate Professor, Political Science; University of California, Berkeley, PhD

**Kristy Rogers**

Assistant Clinical Professor, Nursing; Medical University of South Carolina, DNP

**Sonia Rolland**

Professor, Law; Cambridge University (United Kingdom), PhD; University of Michigan, JD

**Bruce Ronkin**

Professor, Music; University of Maryland, DMA

**David Rosen**

Assistant Professor, Electrical and Computer Engineering and Mathematics; Massachusetts Institute of Technology, ScD

**Lauren Rosenberg**

Assistant Cooperative Education Coordinator, Computer Sciences; Tufts University, MS

**Rachel E. Rosenbloom**

Professor, Law; New York University, JD

**Rebeca B. Rosengaus**

Associate Professor, Marine and Environmental Sciences; Boston University, PhD

**Matthew Ross**

Associate Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; University of Connecticut, PhD

**Aaron Roth**

Associate Teaching Professor, Biology; Northeastern University, PhD

**Alexandra Roth**

Associate Academic Specialist, International Business and Strategy; University of Frankfurt (Germany), PhD

**Sara Rouhanifard**

Assistant Professor, Bioengineering; Yeshiva University, PhD

**Jeffrey W. Ruberti**

Professor, Bioengineering; Tulane University, PhD

**Fabian Ruehle**

Assistant Professor, Physics; University of Bonn (Germany), PhD

**Michael Ruff**

Associate Teaching Professor, Accounting; Bentley University, PhD

**Julian Runge**

Visiting Assistant Professor, Marketing; Humbolt University (Germany), PhD

**Michael Running Wolf**

Clinical Instructor, Computer Sciences; Montana State University, MS

**Timothy J. Rupert**

Professor, Accounting; Pennsylvania State University, PhD

**Ivan Rupnik**

Associate Professor, Architecture; Harvard University, PhD

**Youngbok Ryu**

Assistant Teaching Professor, College of Professional Studies; Pardee RAND Graduate School, PhD

**S****Jane Saczynski**

Professor, Pharmacy and Health Systems Sciences; Pennsylvania State University, PhD

**Hanai Sadaka**

Associate Teaching Professor, Mathematics; Northeastern University, PhD, PhD

**Keivan Sadeghzadeh**

Associate Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

**J. Timothy Sage**

Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Bhawesh Sah**

Assistant Teaching Professor, Supply Chain and Information Management; State University of New York at Binghamton, PhD

**Blaine Saito**

Assistant Professor, Law; Harvard University, JD

**Iman Salama**

Associate Teaching Professor, Electrical and Computer Engineering; Virginia Polytechnic Institute and State University, PhD

**Masoud Salehi**

Associate Professor, Electrical and Computer Engineering; Stanford University, PhD

**Carmel Salhi**

Assistant Professor, Health Sciences; Harvard University, PhD

**William Sanchez**

Associate Professor, Applied Psychology; Boston University, PhD

**Nada Sanders**

Distinguished Professor of Supply Chain Management, Supply Chain and Information Management; Ohio State University, PhD

**Ronald Sandler**

Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

**Erica Sands**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**John Sangster**

Assistant Teaching Professor, Engineering; Virginia Polytechnic Institute and State University, PhD

**Claudia Santelices**

Research Assistant Professor, Institute of Health Equity and Social Justice Research Center; University of Connecticut, PhD

**Mauricio Santillana-Guzman**

Professor, Physics and Electrical and Computer Engineering; University of Texas, Austin, PhD

**Jody Santos**

Visiting Assistant Teaching Professor, Journalism; Northeastern University, MA

**Nazmus Saquib**

Assistant Professor, Art + Design and Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Ravi Sarathy**

Professor, International Business and Strategy; University of Michigan, PhD

**Mehrdad Sasani**

Professor, Civil and Environmental Engineering; University of California, Berkeley, PhD

**Aarti Sathyanarayana**

Assistant Professor, Health Sciences and Computer Sciences; University of Minnesota Duluth, PhD

**Ajay B. Satpute**

Assistant Professor, Psychology; University of California, Los Angeles, PhD

**Behrooz (Barry) Satvat**

Teaching Professor, Chemical Engineering; Massachusetts Institute of Technology, ScD

**Saiph Savage**

Assistant Professor, Computer Sciences; University of California, Santa Barbara, PhD

**Stephen S. Savitsky**

Assistant Cooperative Education Coordinator, College of Science; Marquette University, MA

**Hannah J. Sayre**

Assistant Professor, Chemistry and Chemical Biology and Chemical Engineering; Ohio State University, PhD

**Kevin Scanlon**

Professor of the Practice, Entrepreneurship and Innovation; University of London (United Kingdom), PhD

**Carmen Sceppa**

Professor, Health Sciences; Francisco Marroquín University (Guatemala), MD; Tufts University, PhD

**Martin Schedlbauer**

Teaching Professor, Computer Sciences; University of Massachusetts, PhD

**Gunar Schirner**

Associate Professor, Electrical and Computer Engineering; University of California, Irvine, PhD

**Matthias Schlichting**

Assistant Teaching Professor, Biology; University of Würzburg (Germany), PhD

**Ralf W. Schlosser**

Professor, Communication Sciences and Disorders; Purdue University, PhD

**Logan Schmidt**

Assistant Teaching Professor, Computer Sciences; Carnegie Mellon University, PhD

**Egon Schulte**

Professor, Mathematics; Technical University of Dortmund (Germany), PhD

**Kathryn Schulte Grahame**

Teaching Professor, Engineering; Columbia University, PhD

**Cristina Schultz**

Foley Family Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Massachusetts Institute of Technology/Woods Hole Oceanographic Institution, PhD

**Gail Schwartz**

Assistant Cooperative Education Coordinator, College of Engineering; Salem State University, MSW

**Joseph Schwartz**

Teaching Professor, Communication Studies; University of Iowa, PhD

**Martin Schwarz Jr.**

Associate Professor, Mathematics; Courant Institute of Mathematical Sciences, PhD

**Cody Scott**

Assistant Professor, Computer Sciences; University of Maryland, PhD

**Douglass Scott**

Associate Teaching Professor, Art + Design; Yale University, MFA

**Max Sederer**

Assistant Cooperative Education Coordinator, College of Engineering; Tufts University, MEd

**Ethan Selinger**

Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Massachusetts, Lowell, MS

**Sarah Sellke**

Assistant Teaching Professor, Computer Sciences; Purdue University, PhD

**Shubhro Sen**

Visiting Professor, Marketing; University of California, Berkeley, PhD

**Laura Senier**

Associate Professor, Sociology and Anthropology and Health Sciences; Brown University, PhD

**Sumi Seo**

Assistant Teaching Professor, Mathematics; University of Missouri, Columbia, PhD

**Bahram Shafai**

Professor, Electrical and Computer Engineering; George Washington University, ScD

**Bijal Shah**

Professor, Law; Yale University, JD

**Michael Shah**

Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

**Andres Shahidinejad**

Assistant Professor, Finance and Economics; University of Chicago, PhD

**Shahin Shahrampour**

Assistant Professor, Mechanical and Industrial Engineering; University of Pennsylvania, PhD

**Rebecca M. Shansky**

Associate Professor, Psychology; Yale University, PhD

**Ali Sharifkhani**

Assistant Professor, Finance; University of Toronto (Canada), PhD

**William T. Sharp**

Associate Teaching Professor, Psychology; Boston Graduate School of Psychoanalysis, PhD

**Gavin M. Shatkin**

Professor, Public Policy and Urban Affairs and Architecture; Rutgers University, PhD

**Dennis R. Shaughnessy**

Senior Academic Specialist, Entrepreneurship and Innovation; University of Maryland, JD

**Thomas C. Sheahan**

Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, ScD

**Sandra Shefelbine**

Professor, Mechanical and Industrial Engineering and Bioengineering; Stanford University, PhD

**Abhi Shelat**

Associate Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Paxton Sheldahl**

Assistant Teaching Professor, Architecture; Harvard University, MArch

**Maxwell Shepherd**

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Mechanical and Industrial Engineering; Northwestern University, PhD

**Aryn Sherman**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

**H. David Sherman**

Professor, Accounting; Harvard University, DBA

**Amit Shesh**

Teaching Professor, Computer Sciences; University of Minnesota Twin Cities, PhD

**Namratha Shetty**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; University of St. Thomas, St. Paul, MiM

**Shiaoming Shi**

Associate Teaching Professor, Bioengineering; University of Pittsburgh, PhD

**Xiaolin Shi**

Assistant Teaching Professor, Economics; Northeastern University, PhD

**Natalie Shibley**

Visiting Assistant Professor, Women's, Gender, and Sexuality Studies; University of Pennsylvania, PhD

**Ashleigh Shields**

Postdoctoral Teaching Associate, Communication Studies; Purdue University, PhD

**Craig Shillaber**

Assistant Teaching Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, MS

**Ji-Yong Shin**

Assistant Professor, Computer Sciences; Cornell University, PhD

**Olin Shivers**

Professor, Computer Sciences; Carnegie Mellon University, PhD

**Katy Shorey**

Assistant Teaching Professor, Philosophy and Religion; University of Missouri, PhD

**Catherine Showalter**

Assistant Teaching Professor, College of Professional Studies; University of Utah, PhD

**Aatmesh Shrivastava**

Assistant Professor, Electrical and Computer Engineering; University of Virginia, Charlottesville, PhD

**Milad Siami**

Assistant Professor, Electrical and Computer Engineering; Lehigh University, PhD

**Stephanie Sibicky**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PhD

**Brandon Sichling**

Assistant Teaching Professor, Art + Design; Emerson College, MFA

**Mary Lou Siefert**

Associate Clinical Professor, Nursing; Yale University, PhD

**Jose Sierra**

Associate Teaching Professor, Computer Sciences; Universidad Carlos III de Madrid (Spain), PhD

**Robert Sikes**

Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Texas, Houston, PhD

**Michael B. Silevitch**

Robert Black Professor of Engineering and College of Engineering Distinguished Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Katherine Simmonds**

Clinical Professor, Nursing; University of Rhode Island, PhD

**Peter Simon**

Teaching Professor, Economics; Northern Illinois University, PhD

**Simon Singer**

Professor, Criminology and Criminal Justice; University of Pennsylvania, PhD

**Hanumant Singh**

Professor, Electrical and Computer Engineering and Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

**Sarita Singh**

Associate Teaching Professor, Computer Sciences; SNTD Women's University (India), PhD

**Rifat Sipahi**

Professor, Mechanical and Industrial Engineering; University of Connecticut, PhD

**Michail V. Sitkovsky**

Eleanor W. Black Chair in Immunophysiology and Pharmaceutical Biotechnology and Professor, Institute for Tissue Damage and Biology; Moscow State University (Russia), PhD

**Mark Sivak**

Associate Teaching Professor, Art + Design and Engineering; Northeastern University, PhD

**Hazel Sive**

Professor and Dean of the College of Science, Biology; Rockefeller University, PhD

**Louise A. Skinnari**

Assistant Professor, Physics; University of California, Berkeley, PhD

**Bill Skinner**

Postdoctoral Teaching Associate, Architecture; Brown University, PhD

**Nikolai Slavov**

Associate Professor, Bioengineering; Princeton University, PhD

**Rory Smead**

Ronald L. and Linda A. Rossetti Professor for the Humanities, Philosophy and Religion; University of California, Irvine, PhD

**David A. Smith**

Associate Professor, Computer Sciences; Johns Hopkins University, PhD

**Henry Smith**

Assistant Teaching Professor, Physics; Northeastern University, PhD

**Matthew Smith**

Associate Professor, Philosophy and Religion; University of North Carolina, Chapel Hill, PhD

**Molly Smith**

Assistant Teaching Professor, College of Professional Studies; Boston College, PhD

**Ronald Bruce Smith**

Associate Professor, Music; University of California, Berkeley, PhD

**Wendy A. Smith**

College of Arts and Sciences Distinguished Professor, Biology; Duke University, PhD

**Eugene S. Smotkin**

Professor, Chemistry and Chemical Biology; University of Texas, Austin, PhD

**Bridget Smyser**

Teaching Professor, Mechanical and Industrial Engineering; Worcester Polytechnic Institute, PhD

**Nancy P. Snyder**

Associate Teaching Professor, Psychology; Harvard University, EdD

**Dani Snyder-Young**

Assistant Professor, Theatre; New York University, PhD

**Isabel Sobral Campos**

Associate Teaching Professor, English; City University of New York, PhD

**Claudia Sokol**

Associate Teaching Professor, World Languages Center; University of Buenos Aires (Argentina), MD

**Fabricius Somogyi**

Assistant Professor, Finance; University of St. Gallen (Switzerland), PhD

**Lily Song**

Assistant Professor, Architecture and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

**Eduardo Sontag**

University Distinguished Professor, Electrical and Computer Engineering and Bioengineering; University of Florida, PhD

**Maria Sorenson**

Assistant Clinical Professor, Nursing; Northeastern University, MSN

**Julian Sosnick**

Assistant Teaching Professor, Biology; University of Massachusetts, Amherst, PhD

**Nikolaos S. Soukos**

Associate Teaching Professor, Physics and Biology; University of Munich (Germany), PhD

**Deborah Soule**

Visiting Lecturer, Supply Chain and Information Management; Harvard University, DBA

**Bert A. Spector**

Associate Professor, International Business and Strategy; University of Missouri, PhD

**Denise Spencer**

Senior Lecturer, Supply Chain and Information Management; Boston College, PhD

**Emily A. Spieler**

Edwin W. Hadley Professor, Law; Yale University, JD

**Karen M. Spikes**

Assistant Teaching Professor, Psychology; Cornell University, PhD

**Jay Spitulnik**

Associate Teaching Professor, Computer Sciences and Health Sciences; Walden University, PhD

**Taylor Sprague**

Assistant Cooperative Education Coordinator, Computer Sciences; North Carolina State University, MS

**Bryan Q. Spring**

Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Srinivas Sridhar**

University Distinguished Professor, Physics; California Institute of Technology, PhD

**Kuppuswamy Srikrishna**

Associate Teaching Professor, Entrepreneurship and Innovation; University of California, Berkeley, PhD

**Kandarp Srinivasan**

Assistant Professor, Finance; Washington University, St. Louis, PhD

**Anna Sromek**

Research Assistant Professor, Center for Drug Discovery; University of Illinois, Chicago, PhD

**Ermus St. Louis**

Assistant Professor, Criminology and Criminal Justice; University of Illinois, Chicago, PhD

**Kristin Stankard**

Assistant Clinical Professor, Nursing; Palm Beach Atlantic University, DNP

**Thomas Starr**

Professor, Art + Design; Yale University, MFA

**Joshua Stefanik**

Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD

**Mary Steffel**

Associate Professor, Marketing; Princeton University, PhD; University of Florida, PhD

**Leslie Stein**

Assistant Teaching Professor, College of Professional Studies; United States International University, EdD

**Armen B. Stepanyants**

Professor, Physics; University of Rhode Island, PhD

**Jennie Stephens**

Professor, Public Policy and Urban Affairs; California Institute of Technology, PhD

**Dagmar Sternad**

University Distinguished Professor, Biology and Electrical and Computer Engineering; University of Connecticut, PhD

**Paul Stevenson**

Assistant Professor, Physics; Massachusetts Institute of Technology, PhD

**Brooke Stewart**

Postgraduate Teaching Fellow, Art + Design; Tufts University, MFA

**Sebastian Stockman**

Teaching Professor, Writing Program; Emerson College, MFA

**Milica Stojanovic**

Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Michael Stone**

Associate Teaching Professor, Economics; University of Connecticut, PhD

**Jacob Stowell**

Associate Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

**Laney Strange**

Associate Teaching Professor, Computer Sciences; Dartmouth College, PhD

**Heather Streets-Salter**

Professor, History; Duke University, PhD

**Aron P. Stubbins**

Professor, Marine and Environmental Sciences and Civil and Environmental Engineering and Chemistry and Chemical Biology; Newcastle University (United Kingdom), PhD

**Jacob Stump**

Assistant Teaching Professor, Philosophy and Religion; University of Toronto (Canada), PhD

**Lili Su**

Assistant Professor, Electrical and Computer Engineering; University of Illinois, Urbana-Champaign, PhD

**Ming Su**

Professor, Chemical Engineering; Northwestern University, PhD

**Fernando Suarez**

Jean C. Tempel Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

**Alexandru I. Suci**

Professor, Mathematics; Columbia University, PhD

**Annemarie C. Sullivan**

Senior Lecturer, Health Sciences; Northeastern University, MS

**Denis Sullivan**

Professor, Political Science and International Affairs; University of Michigan, PhD

**Fareena Sultan**

Professor, Marketing; Columbia University, PhD

**Hongwei Sun**

Professor, Mechanical and Industrial Engineering; Chinese Academy of Sciences (China), PhD

**Nian-Xiang Sun**

Professor, Electrical and Computer Engineering; Stanford University, PhD

**Ravi Sundaram**

Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Daniel Sunderland**

Professor of the Practice, Accounting; University of Chicago, MBA

**Shanu Sushmita**

Assistant Teaching Professor, College of Professional Studies; University of Glasgow (United Kingdom), PhD

**Alexander Susienka**

Assistant Cooperative Education Coordinator, College of Science; Western Michigan University, MA

**Gloria Sutton**

Associate Professor, Art + Design; University of California, Los Angeles, PhD

**Kara Swanson**

Professor, Law; Harvard University, PhD; University of California, Berkeley, JD

**Michael Swartz**

Visiting Teaching Professor, Art + Design; School of Visual Arts, MFA

**Richard S. Swasey Jr.**

Principal Lecturer, Finance; University of Virginia, MBA

**Jacqueline F. Sweeney**

Senior Cooperative Education Coordinator, College of Arts, Media and Design; Northeastern University, MS

**Meredith O. Sweeney**

Assistant Teaching Professor, Biology; Brandeis University, PhD

**Nina Sylvanus**

Associate Professor, Sociology and Anthropology; Ecole des Hautes Etudes en Sciences Sociales, Paris (France), PhD

**Balazs Szelenyi**

Associate Teaching Professor, College of Professional Studies; University of California, Los Angeles, PhD

**Mario Sznaier**

Dennis Picard Trustee Professor, Electrical and Computer Engineering; University of Washington, PhD

**T**

**Srinivas Tadigadapa**

Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

**David Tamés**

Associate Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

**Cheng Tan**

Assistant Professor, Computer Sciences; New York University, PhD

**Xiaoyu Tang**

Assistant Professor, Mechanical and Industrial Engineering; Princeton University, PhD

**Aysen Tanyeri-Abur**

Associate Teaching Professor, Economics; Texas AM University, PhD

**Peter Tarasewich**

Assistant Teaching Professor, Supply Chain and Information Management; University of Connecticut, PhD

**Mohammad E. Taslim**

Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

**Tomasz R. Taylor**

Professor, Physics; University of Warsaw (Poland), PhD

**Alison Terndrup**

Postgraduate Teaching Fellow, Art + Design; Boston University, PhD

**John Terpinas**

Professor of the Practice, College of Professional Studies; California Western School of Law, JD

**Kate Terrado**

Assistant Teaching Professor, Art + Design; Northeastern University, MFA

**Philip Thai**

Associate Professor, History; Stanford University, PhD

**Ganesh Thakur**

Professor, Pharmaceutical Sciences; Institute of Chemical Technology (India), PhD

**Dorin Thibault**

Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MBA

**Adam Thomas**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

**Corliss Thompson**

Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

**Jamal Thorne**

Associate Teaching Professor, Art + Design; Northeastern University, MFA

**Zhenyu Tian**

Assistant Professor, Chemistry and Chemical Biology; University of North Carolina, Chapel Hill, PhD

**Jonathan L. Tilly**

University Distinguished Professor, Biology; Rutgers University, PhD

**Jodi Tims**

Professor of the Practice, Computer Sciences; University of Pittsburgh, PhD

**Frank Tip**

Professor, Computer Sciences; University of Amsterdam (Netherlands), PhD

**Lisa J. Tison-Thomas**

Assistant Cooperative Education Coordinator, College of Science; Emmanuel College, MA

**Devesh Tiwari**

Assistant Professor, Electrical and Computer Engineering; North Carolina State University, PhD

**Yustianto Tjiptowidjojo**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Mississippi State University, PhD

**Alexandra A. To**

Assistant Professor, Game Design and Computer Sciences; Carnegie Mellon University, PhD

**Gordana G. Todorov**

Professor, Mathematics; Brandeis University, PhD

**Irina Todorova**

Visiting Clinical Professor, Bouvé College of Health Sciences; Sofia University (Bulgaria), PhD

**Alessio Tognetti**

Associate Academic Specialist, World Languages Center; University of Washington, MA

**Valerio Toledano Laredo**

Professor, Mathematics; University of Cambridge (United Kingdom), PhD

**Michael Tolley**

Associate Professor, Political Science; Johns Hopkins University, PhD

**Jacqueline Tolosko**

Assistant Clinical Professor, Nursing; Boston College, MSN

**Peter Y. Topalov**

Professor, Mathematics; Moscow State University (Russia), PhD

**Vladimir P. Torchilin**

University Distinguished Professor, Pharmaceutical Sciences; Moscow State University (Russia), PhD, DSc

**Melanie Tory**

Professor of the Practice, Computer Sciences and Art + Design; Simon Fraser University Canada), PhD

**Ali Touran**

Professor, Civil and Environmental Engineering; Stanford University, PhD

**Mohammad Toutiaee**

Assistant Teaching Professor, Computer Sciences; University of Georgia, PhD

**Emery A. Trahan**

Professor, Finance; State University of New York at Albany, PhD

**Robert Triest**

Professor, Economics; University of Wisconsin, Madison, PhD

**Stavros Tripakis**

Associate Professor, Computer Sciences; Joseph Fourier University (France), PhD

**Giovanni Troiano**

Visiting Assistant Professor, Game Design; University of Copenhagen (Denmark), PhD

**Andrew Trotman**

Assistant Professor, Accounting; Bond University (Australia), PhD

**Geoffrey C. Trussell**

Professor, Marine and Environmental Sciences; College of William and Mary, PhD

**Kumiko Tsuji**

Associate Teaching Professor, World Languages Center; Georgetown University, PhD

**Eugene Tunik**

Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Rutgers University, PhD

**Berna Turam**

Professor, International Affairs and Sociology and Anthropology; McGill University (Canada), PhD

**Esther Tutella-Chen**

Assistant Academic Specialist, College of Professional Studies; Vanderbilt University, MEd

**U**

**Jonathan Ullman**

Assistant Professor, Computer Sciences; Harvard University, PhD

**Annique Un**

Associate Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

**Christopher Unger**

Teaching Professor, College of Professional Studies; Harvard University, EdD

**Steven R. Untersee**

Associate Teaching Professor, Biology; Tufts University, PhD

**Moneesh Upmanyu**

Professor, Mechanical and Industrial Engineering; University of Michigan, PhD

**V****Scott Valcourt**

Associate Teaching Professor, Computer Sciences; University of New Hampshire, PhD

**Mariana Valencia-Mastre**

Assistant Teaching Professor, Marine and Environmental Sciences; University of Michigan, PhD

**Steven Vallas**

Professor, Sociology and Anthropology; Rutgers University, PhD

**Jenny A. Van Amburgh**

Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

**Jan-Willem Van De Meent**

Assistant Professor, Computer Sciences; Leiden University (Netherlands), PhD

**Anne L. Van De Ven-Moloney**

Associate Teaching Professor, Physics; Rice University, PhD

**Drew Van Der Poel**

Assistant Teaching Professor, Computer Sciences; North Carolina Agricultural and Technical State University, PhD

**Maria Van Pelt**

Clinical Professor, Nursing; Villanova University, DNSc

**Kathleen Vander Laan**

Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Salem State University, MBA

**Julia Varshavsky**

Assistant Professor, Health Sciences and Civil and Environmental Engineering; University of California, Berkeley, PhD

**Manuel Vaultont**

Assistant Professor, Management and Organizational Development; Arizona State University, PhD

**Elaine Vejar**

Assistant Academic Specialist, College of Professional Studies; University of Massachusetts, Lowell, MS

**Enio Velazco**

Senior Lecturer, Supply Chain and Information Management; Case Western Reserve University, PhD

**Oana Veliche**

Associate Teaching Professor, Mathematics; Purdue University, PhD

**Vivek Venkatachalam**

Assistant Professor, Physics; Harvard University, PhD

**Madhavi Venkatesan**

Assistant Teaching Professor, Economics; Vanderbilt University, PhD

**Anand Venkateswaran**

Associate Professor, Finance; Georgia State University, PhD

**Alice Verticelli**

Visiting Lecturer, International Affairs; Northeastern University, PhD

**Ferdinand Vesely**

Assistant Teaching Professor, Computer Sciences; Swansea University (United Kingdom), PhD

**Alessandro Vespignani**

Sternberg Family Distinguished University Professor, Physics and Health Sciences and Computer Sciences; Sapienza University of Rome (Italy), PhD

**Talia Vestri**

Associate Teaching Professor, English; Boston University, PhD

**Gustavo Vicentini**

Associate Teaching Professor, Economics; Boston University, PhD

**Thomas Vicino**

Professor, Political Science and Public Policy and Urban Affairs; University of Maryland, PhD

**Ilya Vidrin**

Postdoctoral Teaching Associate, Theatre; Harvard University, MA

**Emanuele Viola**

Associate Professor, Computer Sciences; Harvard University, PhD

**Jan Vitek**

Professor, Computer Sciences; University of Geneva (Switzerland), PhD

**Olga Vitek**

Professor, Computer Sciences; Purdue University, PhD

**Steven V. Vollmer**

Associate Professor, Marine and Environmental Sciences; Harvard University, PhD

**Robert J. Volpe**

Professor, Applied Psychology; Lehigh University, PhD

**W**

**Sara Wadia-Fascetti**

Professor, Civil and Environmental Engineering; Stanford University, PhD

**Ari E. Waldman**

Professor, Law and Computer Sciences; Columbia University, PhD; Harvard University, JD

**Thomas E. Wales**

Research Associate Professor, Chemistry and Chemical Biology; Duke University, PhD

**Jacob Walker**

Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

**Louise Walker**

Associate Professor, History; Yale University, PhD

**Byron Wallace**

Assistant Professor, Computer Sciences; Tufts University, PhD

**Rachel Walsh**

Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

**Suzanna Walters**

Professor, Women's, Gender, and Sexuality Studies and Sociology and Anthropology; City University of New York, PhD

**Darryl Walton**

Associate Clinical Professor, Law; Wake Forest University, JD

**Richard Wamai**

Associate Professor, Cultures, Societies, and Global Studies; University of Helsinki (Finland), PhD

**Kai-tak Wan**

Professor, Mechanical and Industrial Engineering; University of Maryland, College Park, PhD

**He Wang**

Assistant Teaching Professor, Mathematics; Northeastern University, PhD

**Ming Wang**

College of Engineering Distinguished Professor, Civil and Environmental Engineering; University of New Mexico, PhD

**Qi Wang**

Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

**Shuyang Wang**

Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

**Yanzhi Wang**

Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

**Meni Wanunu**

Associate Professor, Physics; Weizmann Institute of Science (Israel), PhD

**Robert J. Ward**

Lecturer, Music; University of California, San Diego, MA

**Oliver Wason**

Assistant Teaching Professor, Theatre; Yale University, MFA

**Maureen Watkins**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

**Natalya Watson**

Associate Teaching Professor, College of Professional Studies; University of Colorado, Denver, PhD

**Vanessa Wei**

Assistant Teaching Professor, World Languages Center; University of Pittsburgh, EdD

**Nikki Weickum**

Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

**Maira Weigel**

Assistant Professor, Communication Studies; Yale University, PhD

**Liza Weinstein**

Associate Professor, Sociology and Anthropology; University of Chicago, PhD

**Jonathan Weitsman**

Robert G. Stone Professor, Mathematics; Harvard University, PhD

**Brooke Welles**

Associate Professor, Communication Studies; Northwestern University, PhD

**Mark Wells**

Assistant Teaching Professor, Philosophy and Religion; Bowling Green State University, PhD

**Amanda Welsh**

Professor of the Practice, College of Professional Studies; Harvard University, PhD

**Brandon Welsh**

Professor, Criminology and Criminal Justice; University of Cambridge (United Kingdom), PhD

**Joshua Wen**

Zelevinsky Postdoctoral Researcher, Mathematics; University of Illinois, Urbana-Champaign, PhD

**Edward G. Wertheim**

Associate Professor, Management and Organizational Development; Yeshiva University, PhD

**Richard West**

Associate Professor, Chemical Engineering; University of Cambridge (United Kingdom), PhD

**Alan West-Durán**

Professor, Cultures, Societies, and Global Studies; New York University, PhD

**Rebecca Westerling**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MA

**Richard Whalen**

Teaching Professor, Engineering; Northeastern University, PhD

**Max White**

Visiting Lecturer, English; Northeastern University, PhD

1222 University Faculty

**Susan Whitfield-Gabrieli**

Professor, Psychology; University of California, Berkeley, PhD

**Paul C. Whitford**

Associate Professor, Physics; University of California, San Diego, PhD

**John Whitney**

Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

**Lori Whynot**

Teaching Professor, American Sign Language; Macquarie University, Sydney (Australia), PhD

**Daniel Wicks**

Associate Professor, Computer Sciences; New York University, PhD

**Peter H. Wiederspahn**

Associate Professor, Architecture; Harvard University, MArch

**John Wihbey**

Associate Professor, Journalism; Columbia University, MS

**Ronald J. Willey**

Professor, Chemical Engineering; University of Massachusetts, Amherst, PhD

**Kristy H. Williams**

Associate Clinical Professor, Nursing; Gardner-Webb University, PhD

**Lucy A. Williams**

Professor, Law; University of Chicago, JD

**Mark C. Williams**

Professor, Physics; University of Minnesota, PhD

**Patricia J. Williams**

University Distinguished Professor, Law and Philosophy and Religion; Harvard University, JD

**Stephen Williams**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

**Rebecca Willits**

Professor, Chemical Engineering; Cornell University, PhD

**Christo Wilson**

Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

**Sheila Winborne**

Associate Teaching Professor, Philosophy and Religion; Harvard University, PhD

**Raimond Winslow**

Professor, Bioengineering and Computer Sciences; Johns Hopkins University, PhD

**ElDante Winston**

Visiting Associate Teaching Professor, Architecture; University of Virginia, MArch

**Eric Winter**

Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

**Annie Witte**

Assistant Teaching Professor, Accounting; Bentley University, PhD

**Pamela Wojnar**

Associate Teaching Professor, College of Professional Studies; United States Sports Academy, EdD

**John Wolfe**

Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

**Kathy Wong**

Assistant Cooperative Education Coordinator, College of Engineering; Seattle University, MEd

**Lok Sang (Lawson) Wong**

Assistant Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

**Margaret Y. Woo**

Professor, Law; New York University, JD

**Darien Wood**

Professor, Physics; University of California, Berkeley, PhD

**Dori C. Woods**

Associate Professor, Biology; University of Notre Dame, PhD

**Sarah Woodside**

Associate Teaching Professor, Management and Organizational Development; Boston College, PhD

**Adam Woolley**

Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

**Benjamin Woolston**

Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

**Lisa Worsh**

Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Bridgewater State College, MEd

**Shu-Shih Y. Wu**

Assistant Teaching Professor, Mathematics; Northeastern University, PhD

**Kinde Wubneh**

Assistant Professor, Entrepreneurship and Innovation and Pharmacy and Health System Sciences; University of Texas, Austin, PhD

**Sara A. Wylie**

Associate Professor, Sociology and Anthropology and Health Sciences; Massachusetts Institute of Technology, PhD

**X****Xia Xiao**

Assistant Professor, Accounting; University of Arizona, PhD

**Wei Xie**

Assistant Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

**Mofei Xu**

Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MA

**Xiaolin Xu**

Assistant Professor, Electrical and Computer Engineering; University of Massachusetts, Amherst, PhD

**Y****Milen Yakimov**

Professor, Mathematics; University of California, Berkeley, PhD

**Shiawee X. Yang**

Associate Professor, Finance; Pennsylvania State University, PhD

**Hideaki Yano**

Assistant Professor, Pharmaceutical Sciences; Columbia University, PhD

**Mohammad Abbas Yaseen**

Assistant Professor, Bioengineering; Rice University, PhD

**Lichuan Ye**

Associate Professor, Nursing; University of Pennsylvania, DNSc

**Mishac K. Yegian**

College of Engineering Distinguished Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

**Edmund Yeh**

Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

**Roi Yehoshua**

Assistant Teaching Professor, Electrical and Computer Engineering; Bar-Ilan University (Israel), PhD

**Boris Yelin**

Assistant Teaching Professor, World Languages Center; Purdue University, PhD

**Benjamin Yelle**

Associate Teaching Professor, Philosophy and Religion; University of Miami, PhD

**Sheng-Che Yen**

Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; New York University, PhD

**Ayce Yesilaltay**

Assistant Teaching Professor, Biology; University of Massachusetts Medical School, PhD

**Caglar Yildirim**

Assistant Teaching Professor, Computer Sciences; Iowa State University, PhD

**George Yip**

Distinguished Visiting Professor, International Business and Strategy; Harvard University, DBA

**Moka Yoo-Jeong**

Assistant Professor, Nursing; Emory University, PhD

**Mark L. Yorra**

Senior Cooperative Education Coordinator, Pharmacy and Health Systems Sciences; Northeastern University, EdD

**Yizhi You**

Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

**Gary Young**

Professor, International Business and Strategy and Health Sciences; State University of New York at Buffalo, PhD

**Lydia Young**

Associate Teaching Professor, College of Professional Studies; Boston College, PhD

**Neal Young**

Teaching Professor, Computer Sciences; Princeton University, PhD

**Sarah C. Young-Hong**

Assistant Clinical Professor, Communication Sciences and Disorders; University of Pittsburgh, MA

**Shuishan Yu**

Associate Professor, Architecture; University of Washington, PhD

**Lua Yuille**

Professor, Law and Management and Organizational Development; Columbia University, JD

**Z**

**Nizar Zaarour**

Associate Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

**Adel Zadeh**

Associate Teaching Professor, College of Professional Studies; University of Cambridge (United Kingdom), PhD

**Michelle Zaff**

Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

**Christos Zahopoulos**

Associate Professor, College of Professional Studies; Northeastern University, PhD

**Carl Zangerl**

Associate Teaching Professor, College of Professional Studies; University of Illinois, PhD

**Victor Zappi**

Assistant Professor, Music; Istituto Italiano di Tecnologia/Università degli studi di Genova (Italy), PhD

**Alan J. Zaremba**

Associate Professor, Communication Studies; State University of New York at Buffalo, PhD

**Daniel Zedek**

Professor of the Practice, Journalism; Columbia University, BA

**Ibrahim Zeid**

Professor, Mechanical and Industrial Engineering; University of Akron, PhD

**Moira Zellner**

Professor, Public Policy and Urban Affairs; University of Michigan, PhD

**Hongyang Zhang**

Assistant Professor, Computer Sciences; Stanford University, PhD

**Jie Zhang**

Assistant Teaching Professor, Mechanical and Industrial Engineering; Virginia Polytechnic Institute and State University, PhD

**Ke Zhang**

Associate Professor, Chemistry and Chemical Biology; Washington University, St. Louis, PhD

**Ning Zhang**

Associate Professor, Pharmacy and Health Systems Sciences and Nursing; Cornell University, PhD

**Shuo Zhang**

Assistant Professor, Economics and Computer Sciences; University of California, Santa Barbara, PhD

**Yang Zhang**

Professor, Civil and Environmental Engineering; University of Iowa, PhD

**Yue May Zhang**

Associate Professor, Accounting; University of Pittsburgh, PhD

**Qianqian Zhang-Wu**

Assistant Professor, English; Boston College, PhD

**Pu Zhao**

Research Assistant Professor, Electrical and Computer Engineering; Northeastern University, PhD

**Qing Zhao**

Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

**Kuncheng Zheng**

Associate Professor, Finance; University of Michigan, PhD

**Yi Zheng**

Associate Professor, Mechanical and Industrial Engineering; Columbia University, PhD

**Lin Zhou**

Assistant Teaching Professor, College of Professional Studies; University of Hawai'i at Manoa, PhD

**Xiaomu Zhou**

Associate Teaching Professor, College of Professional Studies; University of Michigan, PhD

**Yan Zhou**

Zelevinsky Postdoctoral Researcher, Mathematics; University of Texas, Austin, PhD

**Zhaohui S. Zhou**

Professor, Chemistry and Chemical Biology; Scripps Research Institute, PhD

**Hongli Zhu**

Assistant Professor, Mechanical and Industrial Engineering; South China University of Technology (China), PhD

**Xuwen Zhu**

Assistant Professor, Mathematics; Massachusetts Institute of Technology, PhD

**Sali Ziane**

Teaching Professor, World Languages Center; University of Paris XIII (France), PhD

**Nathaniel Ziegler**

Associate Cooperative Education Coordinator, College of Engineering; Indiana University of Pennsylvania, MEd

**Emily Zimmerman**

Associate Professor, Communication Sciences and Disorders; University of Kansas, PhD

**Gregory Zimmerman**

Associate Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

**Kathrin Zippel**

Professor, Sociology and Anthropology; University of Wisconsin, Madison, PhD

**Steven Zoloth**

Professor, Health Sciences; University of Pennsylvania, PhD

**Rose Zoltek-Jick**

Associate Teaching Professor, Law; York University (Canada), LLB

**Elizabeth Zulick**

Associate Teaching Professor, College of Professional Studies; Boston University, PhD

**Ronald Zullo**

Senior Lecturer, Accounting; Bentley University, MS

**Günther K. H. Zupanc**

Professor, Biology; University of California, San Diego, PhD; University of Tübingen (Germany), Dr. rer. nat. habil.

**Alexander Zvonok**

Research Assistant Professor, Center for Drug Discovery; Belarusian State University (Belarus), PhD

**Nikolai Zvonok**

Research Assistant Professor, Center for Drug Discovery; Russian Academy of Sciences (Russia), PhD

## General Information

- Notifications and Disclosures (p. 1228)
- Governing Boards and Officers of Northeastern (p. 1230)
- University Leadership (p. 1232)
- Accreditation (p. 1233)
- Authorizations (p. 1237)
- Major CIP Codes (p. 1240)
- Resources (p. 1260)

## Notifications and Disclosures

The *Northeastern University Catalog* contains the university's primary statements about approved academic programs and degree requirements, as authorized by the president or the Board of Trustees.

The *Northeastern University Catalog* contains current information about the university calendar, admissions, degree requirements, fees, and certain procedures and regulations; however, such information is not intended and should not be regarded to be contractual. Course information was current as of July 31, 2023. For updated course information, students and advisors should consult the Banner course catalog (<https://nubanner.neu.edu/StudentRegistrationSsb/ssb/term/termSelection/?mode=courseSearch>).

### Accreditation

Please visit the Accreditation (p. 1233) page of this catalog for details of Northeastern University's accreditation status.

### FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

In accordance with the Family Educational Rights and Privacy Act of 1974, Northeastern University permits its students to inspect their records wherever appropriate and to challenge specific parts of them when they feel it is necessary to do so. Specific details of the law as it applies to Northeastern are discussed in this section of the catalog (p. 52).

### PERSISTENCE RATES UNDER THE STUDENT RIGHT-TO-KNOW ACT

In the fall of 2022, the persistence rate for undergraduate students who entered in the fall 2021 cohort was 97.2%.

### TUITION DEFAULT POLICY

In cases where the student defaults on their tuition, the student shall be liable for the outstanding tuition and all reasonable associated collection costs incurred by the university, including attorneys' fees.

### NONDISCRIMINATION POLICIES

Northeastern University is committed to providing a living, learning, and working environment free from discrimination and harassment and does not discriminate on the basis of race, color, religion, genetic information, sex, gender, gender identity, sexual orientation, age, national origin, ancestry, disability, or veteran status in admission to, access to, treatment in, or employment in its programs and activities. The university will not tolerate any conduct that violates rights guaranteed by law, or any of the university policies that prohibit discrimination, including the Policy on Equal Opportunity ([https://www.northeastern.edu/policies/pdfs/Policy\\_on\\_Equal\\_Opportunity.pdf](https://www.northeastern.edu/policies/pdfs/Policy_on_Equal_Opportunity.pdf)), Policy on Sexual and Gender-Based Harassment and Title IX ([https://policies.northeastern.edu/policy104/#\\_ga=21399120526780236931685972406-9222403871666097079](https://policies.northeastern.edu/policy104/#_ga=21399120526780236931685972406-9222403871666097079)), and the Policy on Non-Fraternization ([https://www.northeastern.edu/policies/pdfs/Policy\\_on\\_Non-Fraternization.pdf](https://www.northeastern.edu/policies/pdfs/Policy_on_Non-Fraternization.pdf)). Furthermore, university policy also includes prohibitions of retaliation for filing complaints of discrimination with the Office for University Equity and Compliance. Links to the university's nondiscrimination policies and its grievance procedures are available at the OUEC (<https://www.northeastern.edu/ouec/>). Inquiries regarding the university's nondiscrimination policies may be directed to:

Office for University Equity and Compliance (<https://www.northeastern.edu/ouec/>)  
 125 Richards Hall  
 Northeastern University  
 Boston, Massachusetts 02115  
 617.373.4644  
[ouec@northeastern.edu](mailto:ouec@northeastern.edu)

The university strongly encourages any person to report information relating to alleged discrimination or harassment to the OUEC (<https://www.northeastern.edu/ouec/>) by completing the form available here ([https://cm.maxient.com/reportingform.php?NortheasternUniv&layout\\_id=7](https://cm.maxient.com/reportingform.php?NortheasternUniv&layout_id=7)) or through any of the contact options listed above. OUEC's policies, as well as other helpful information, can be found at the OUEC website (<https://www.northeastern.edu/ouec/>).

### DISABILITY RESOURCE CENTER

The Disability Resource Center provides a variety of disability-related services and accommodations to Northeastern University's students with disabilities.

Northeastern University's compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 are coordinated by the senior director of the Disability Resource Center. Persons requiring information regarding the Disability Resource Center should contact the center at 617.373.2675 or [drc@northeastern.edu](mailto:drc@northeastern.edu).

### CLERY ACT

Northeastern University is committed to assisting all members of the university community in providing for their own safety and security. Information regarding campus security and personal safety, including topics such as crime prevention, university police law enforcement authority, crime reporting policies, crime statistics for the most recent three-year period, and disciplinary procedures, is available in the Annual Security & Fire Safety Reports, located on the NUPD website (<https://nupd.northeastern.edu/annual-reports/>).

**EMERGENCY INFORMATION**

The university is prepared to respond to emergencies and urgent situations that require immediate action with a trained team of police officers, EMTs, health and counseling experts, student affairs and residential life staff, and other professionals from a coordinated group that is able to manage a wide range of potential situations.

In case of emergency or crisis situations that require immediate notification, university officials will deploy the NU Alert system, which sends email, voice mail, and text messages to students, faculty, and staff. NU Alert is intended to communicate pertinent information and, when appropriate, provide directions to those in the affected area(s).

A record of past Timely Warning and NU Alert Emergency Notifications for our campus community can be found on the NUPD website (<https://nupd.northeastern.edu/safety-notifications/>).

Examples of crisis situations range from snowstorms to national emergencies that have a local impact.

Additional information on the university's emergency information systems can be found on the university's Emergency Information (<https://www.northeastern.edu/emergency-information/>) website.

**MISSION STATEMENT**

To educate students for a life of fulfillment and accomplishment.

To create and translate knowledge to meet global and societal needs.

## Governing Boards and Officers of Northeastern

### Officers of the Board of Trustees

Richard A. D'Amore, *Chair*  
Edward G. Galante, *Vice Chair*  
Alan S. McKim, *Vice Chair*

### Officers Emeritae/i

Neal F. Finnegan, *Chair Emeritus*  
Henry J. Nasella, *Chair Emeritus*  
Sy Sternberg, *Chair Emeritus*  
George D. Behrakis, *Vice Chair Emeritus*  
George W. Chamillard, *Vice Chair Emeritus*  
Richard P. Chapman Jr., *Vice Chair Emeritus*  
H. Patricia Hanna, *Vice Chair Emerita*  
Robert C. Marini, *Vice Chair Emeritus*  
Katherine S. McHugh, *Vice Chair Emerita*  
Richard C. Ockerbloom, *Vice Chair Emeritus*  
Carole J. Shapazian, *Vice Chair Emerita*  
Jean C. Tempel, *Vice Chair Emerita*  
Alan D. Tobin, *Vice Chair Emeritus*

### Members of the Board of Trustees

Lucille R. Zanghi

## University Leadership

### Senior Leadership

**Joseph E. Aoun, BA, MA, PhD, *President***

**David Madigan, BA, PhD, *Provost and Senior Vice President for Academic Affairs***

**Ken Henderson, BS, PhD, *Chancellor and Senior Vice President for Learning***

**Michael A. Armini, BA, MA, *Senior Vice President for External Affairs***

**Diane Nishigaya MacGillivray, BA, MA, *Senior Vice President for University Advancement***

**Mary Strother, BA, JD, *Senior Vice President and General Counsel***

**Thomas Nedell, BA, MBA, *Senior Vice President for Finance and Treasurer***

### Academic Deans

**Gregory Abowd, BS, MSc, PhD, *Dean of the College of Engineering***

**Elizabeth Mynatt, BS, MS, PhD, *Dean of the Khoury College of Computer Sciences***

**David De Cremer, MSc, BSc, MA, PhD, *Dean of the D'Amore-McKim School of Business***

**Hazel L. Sive, BSc, BScHons., PhD, *Dean of the College of Science***

**Elizabeth Hudson, BA, MA, PhD, *Dean of the College of Arts, Media and Design***

**Radhika Seshan, BS, MA, PhD, *Dean of the College of Professional Studies***

**James R. Hackney, AB, JD, *Dean of the School of Law***

**Ron Sandler, PhD, *Interim Dean of the College of Social Sciences and Humanities***

**Carmen L. Sceppa, BS, MD, PhD, *Dean of the Bouvé College of Health Sciences***

## Accreditation

### Accreditation

Northeastern University has maintained its status as a member in good standing of the New England Commission of Higher Education, Inc. (NECHE), previously New England Association of Schools and Colleges (NEASC), since it was awarded its initial accreditation in 1940. The university was last reviewed by NECHE in 2018 and will be reviewed again in fall 2028.

Northeastern University possesses degree-granting authority in Massachusetts, under the auspices of the Massachusetts Board of Higher Education.

MPA Public Administration (p. 1100)	Network of Schools of Public Policy, Affairs, and Administration ( <a href="https://www.naspaa.org/">https://www.naspaa.org/</a> )

## D'AMORE-MCKIM SCHOOL OF BUSINESS

Program	Accrediting Agency
All programs offered in 2023–24	AACSB International—The Association to Advance Collegiate Schools of Business ( <a href="https://www.aacsb.edu/">https://www.aacsb.edu/</a> )

**SCHOOL OF LAW**

<b>Program</b>	<b>Accrediting Agency</b>
JD Law (p. 746)	American Bar Association; Association of American Law Schools <sup>1</sup>

<sup>1</sup> The Association of American Law Schools is an elected membership organization, not an accrediting body.

## Authorizations

### Campus Locations and Regulatory Agencies

In addition to accreditation by the New England Commission of Higher Education, Northeastern University is regulated by local authorities for its global campus network locations. These agencies are as follows:

- Arlington, Virginia
  - State Council of Higher Education for Virginia
- Charlotte, North Carolina
  - Board of Governors of the University of North Carolina
- Miami, Florida
  - Florida Commission for Independent Education
- Portland, Maine
  - Maine State Board of Education
- Oakland, California
  - Bureau for Private Postsecondary Education
- San Francisco, California
  - Bureau for Private Postsecondary Education
- San Jose, California
  - Bureau for Private Postsecondary Education
- Seattle, Washington
  - Washington Student Achievement Council
- Toronto, Ontario, Canada
  - Ministry of Colleges and Universities
- Vancouver, British Columbia, Canada
  - Ministry of Post-Secondary Education and Future Skills

### Required Disclosures

#### VIRGINIA

Northeastern has processes in place to ensure that student grievances are treated with respect and addressed in a fair and professional manner. Students can report concerns to the Office of Student Conduct and Conflict Resolution (<https://www.northeastern.edu/osccr/>) or the University Ombuds (<https://provost.northeastern.edu/ombuds/>). At the Arlington campus, students can contact the on-site student support specialist or the campus principal.

If a student's problem has not been resolved in pursuance of the Northeastern grievance policy, they may contact the State Council of Higher Education for Virginia. SCHEV representatives can be reached via telephone at (804) 225-2600; via fax at (804) 225-2604; at this website (<https://www.schev.edu/students/resources/student-complaints/>); or by mail at 101 N. 14th Street, 10th Floor, James Monroe Building, Richmond, VA 23219.

The Virginia State Approving Agency (SAA) is the approving authority of education and training programs for Virginia. Our office investigates complaints of GI Bill® beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact our office via email [saa@dvs.virginia.gov](mailto:saa@dvs.virginia.gov). *GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at <http://www.benefits.va.gov/gibill/>.*

#### NORTH CAROLINA

Northeastern has been evaluated by the University of North Carolina and is licensed to conduct higher education degree activity in the state. The university's guaranty bond for unearned prepaid tuition is on file with the Board of Governors of the University of North Carolina and the Office of the General Counsel at Northeastern. North Carolina students may view a copy of the Tuition Guaranty Bond by contacting Northeastern's Risk Services at 716 Columbus Avenue (Columbus Place), Suite 301 CP, Boston, MA 02120.

If students are unable to resolve a complaint offered by the Northeastern grievance procedures, they can submit a complaint through the online student complaint form at <https://studentcomplaints.northcarolina.edu/form> (<https://studentcomplaints.northcarolina.edu/form/>), or by mail to North Carolina Post-Secondary Education Complaints, 140 Friday Center Drive, Chapel Hill, NC 27517. <https://www.northcarolina.edu/post-secondary-education-complaints/>.

#### FLORIDA

Northeastern University—Miami is accredited by the New England Commission of Higher Education (NECHE) and is provisionally licensed in the state of Florida by the Commission on Independent Education (CIE). Additional information regarding the institution may be obtained by contacting the Commission for Independent Education, Department of Education, 325 West Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400, toll-free telephone number (888) 224-6684.

The transferability of credits you earn at Northeastern is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Northeastern to determine if your credits or degree will transfer.

## CALIFORNIA

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education (<http://www.bppe.ca.gov>), 1747 N. Market Blvd., Ste. 225, Sacramento, CA 95834; P.O. Box 980818, West Sacramento, CA 95798-0818, (888) 370-7589, or by fax (916) 263-1897.

### **NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION**

The transferability of credits you earn at Northeastern is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Northeastern to determine if your credits or degree will transfer.

The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling (888) 370-7589 or by visiting <https://osar.bppe.ca.gov/>.

## WASHINGTON

Northeastern is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Northeastern to offer specific degree programs. The council may be contacted for a list of currently authorized programs. Authorization by the council does not carry with it an endorsement by the council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at [degreeauthorization@wsac.wa.gov](mailto:degreeauthorization@wsac.wa.gov).

The transferability of credits earned at Northeastern is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Northeastern will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Northeastern to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Northeastern will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned. The Washington Student Achievement Council has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit <http://www.wsac.wa.gov/student-complaints> (<http://www.wsac.wa.gov/student-complaints/>) for information regarding the WSAC complaint process.

## ONTARIO

### **Master of Science in Project Management (p. 871)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting July 28, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

### **Master of Science in Regulatory Affairs (p. 874)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting June 25, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

### **Master of Professional Studies in Analytics (p. 827)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting March 6, 2020. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

### **Master of Professional Studies in Informatics (p. 841)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting March 6, 2020. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Science in Information Systems (p. 539)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting July 28, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Science in Biotechnology (p. 955)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting September 14, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Science in Cyber-Physical Systems (p. 542)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting January 18, 2023. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Science in Bioinformatics (p. 942)**

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting January 18, 2023. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**BRITISH COLUMBIA****Master of Science in Computer Science (p. 293)**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective July 7, 2019, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Align—Master of Science in Computer Science (p. )**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective July 7, 2019, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Science in Data Analytics Engineering (p. 485)**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective November 29, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Science in Information Design and Data Visualization (p. 135)**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective October 28, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**Master of Professional Studies in Analytics (p. 827)**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective October 28, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**MASTER OF SCIENCE IN INFORMATION SYSTEMS (p. 539)**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective March 3, 2023, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

**MASTER OF professional studies in digital media (p. 833) (including connect (p. 836))**

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective June 6, 2023 having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (for example, acceptable to potential employers, professional licensing bodies, or other educational institutions).

## Major CIP Codes

The following is a list of Northeastern University majors for programs accepting new students during the 2023-2024 catalog year, along with each major's corresponding CIP code. "CIP" refers to the Classification of Instructional Programs published by the U.S. Department of Education's National Center for Education Statistics (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=56>).

Academic Program	Major Transcript Title	Major CIP Code

Bill Payment .....	32
Biodefense and Biosecurity, Graduate Certificate .....	963
Bioengineering .....	348
Bioengineering, MSBioE .....	360
Bioengineering, PhD .....	349
Bioinformatics, Graduate Certificate .....	948
Bioinformatics, MS .....	942
Biology .....	939
Biology, PhD .....	940
Biomedical Science, MS .....	726
Biomedical Science, PhD .....	694
Biopharmaceutical Analytical Sciences, Graduate Certificate .....	964
Biopharmaceutical Regulatory Affairs, Graduate Certificate .....	883
Biotechnology Enterprise, Graduate Certificate .....	966
Biotechnology, Graduate Certificate .....	965
Biotechnology, MS .....	955
Biotechnology, MS—Experiential .....	961

Biotechnology Regulatory Science, Graduate Certificate .....	967
Blockchain and Smart Contract Engineering, Graduate Certificate .....	549
Bouvé College of Health Sciences .....	568
Brand Management, Graduate Certificate .....	237
Broadband Wireless Systems, Graduate Certificate .....	550
Business Administration, Graduate Certificate .....	238
Business Administration, Graduate Certificate—Online .....	240
Business Administration, MBA—Full-Time .....	191
Business Administration, MBA—Online .....	200
Business Administration, MBA—Part-Time .....	202
Business Analytics, Graduate Certificate .....	242
Business Analytics, MS .....	171
Business Analytics, MS—Online .....	172
Business Law, Graduate Certificate .....	759
Business Management for Healthcare, Graduate Certificate .....	243
Campus Resources .....	21
Campus Transfer and Campus Location Change .....	47
Cell and Gene Therapies, MS .....	946
Center for Advancing Teaching and Learning Through Research .....	22
Certificates .....	261
Changes in Requirements .....	928
Chemical Engineering .....	364
Chemical Engineering, MSChE .....	376
Chemical Engineering, PhD .....	366
Chemistry and Chemical Biology .....	951
Chemistry, MS .....	962
Chemistry, PhD .....	953
Civil and Environmental Engineering .....	380
Civil and Environmental Engineering, PhD .....	382
Civil Engineering with Concentration in Construction Management, MSCivE .....	393
Civil Engineering with Concentration in Data and Systems, MSCivE .....	390
Civil Engineering with Concentration in Geotechnical/Geoenvironmental Engineering, MSCivE .....	395
Civil Engineering with Concentration in Structures, MSCivE .....	397
Civil Engineering with Concentration in Transportation, MSCivE .....	399
Civil Engineering with Concentration in Water, Environmental, and Coastal Systems, MSCivE .....	401
Clearing an Academic Deficiency .....	48
Climate and Engineering, Graduate Certificate .....	407
Climate Science and Engineering, MS .....	385
Climate Science and Engineering, MS .....	385
Climate Science and Engineering, MS .....	385
Cloud Computing Application and Management, Graduate Certificate .....	884
Cloud Software Development, Graduate Certificate .....	297

Code of Student Conduct .....	49
College of Arts, Media and Design .....	109
College of Engineering .....	334
College of Professional Studies .....	783
College of Science .....	922
College of Social Sciences and Humanities .....	1040
Collegiate Athletics Administration, Graduate Certificate .....	885
Combined Degrees .....	208
Commerce and Economic Development, MS .....	851
Completing Degree Requirements .....	789
Computational Social Science, Graduate Certificate .....	1139
Computer Engineering, PhD .....	411
Computer Science .....	264
Computer Science, Graduate Certificate .....	298
Computer Science, MSCS .....	293
Computer Science, MSCS—Align .....	295
Computer Science, PhD .....	267
Construction Management, Graduate Certificate .....	886
Cooperative Education .....	76
Cooperative Education Policies .....	929
Corporate and Organizational Communication, MS .....	853
Corporate Finance, Graduate Certificate .....	244
Corporate Innovation, Graduate Certificate .....	245
Corporate Renewal, Graduate Certificate .....	246
Counseling Psychology, MSCP .....	643
Counseling Psychology, PhD .....	634
Course Credit Guidelines .....	50
Course Numbering System .....	51
Course Registration .....	341
Course Registration .....	931
Course Selection .....	342
Course Substitution .....	577
Creative Collaboration and Multidisciplinary Design, MS .....	154
Creative Practice Leadership, MS .....	156
Criminology and Criminal Justice, MS .....	1055
Criminology and Justice Policy, PhD .....	1052
Cross-Cultural Communication, Graduate Certificate .....	887
Cultural Entrepreneurship, Graduate Certificate .....	168
Cyber-Physical Systems, MS .....	542
Cybersecurity .....	301
Cybersecurity, Graduate Certificate .....	313
Cybersecurity, MS .....	308
Cybersecurity, MS—Align .....	310

Cybersecurity, PhD .....	302
Cybersecurity, PhD .....	302
Cybersecurity, PhD .....	302
D'Amore-McKim School of Business .....	169
Data Analytics Engineering, Graduate Certificate .....	526
Data Analytics Engineering, MS .....	485
Data Analytics, Graduate Certificate .....	299
Data Analytics, Graduate Certificate .....	299
Data Analytics, Graduate Certificate .....	299
Data Architecture and Management, MS .....	544
Data Science, MS .....	279
Data Science, MS .....	279

School of Pharmacy and Pharmaceutical Sciences .....	693
School of Public Policy and Urban Affairs .....	1092
School Psychology, CAGS .....	638
School Psychology, PhD .....	636
Secondary Education, MAT .....	821
Security and Intelligence Studies, MA .....	817
Security and Resilience Studies, Graduate Certificate .....	1091
Security and Resilience Studies, MS .....	1088
Seeking More than One Certificate or Degree .....	804
Social Media for Organizational Performance, Graduate Certificate .....	920
Sociology .....	1125
Sociology, PhD .....	1126
Software Engineering Systems, Graduate Certificate .....	554

Software Engineering Systems, MS .....	545
Special Student Status .....	805
Speech-Language Pathology, MS .....	611
Sports Leadership, MSLD .....	877
Student Bill of Academic Rights and Responsibilities .....	63
Student Evaluation of Courses .....	806
Student Refunds .....	39
Student Responsibility Statement .....	66
Student Right-to-Know Act .....	67
Substituting Courses .....	68
Supply Chain Engineering Management, Graduate Certificate .....	536
Supply Chain Management, Graduate Certificate .....	254
Sustainability and Business, Graduate Certificate .....	255
Sustainability and Climate Change Policy, Graduate Certificate .....	1122
Sustainability Engineering, Graduate Certificate .....	408
Sustainability Sciences, Graduate Certificate .....	989
Sustainable Building Systems, MSSBS .....	405
Sustainable Energy Systems, Graduate Certificate .....	535
Sustainable Urban Environments, MDes—One-Year Program .....	122
Sustainable Urban Environments, MDes—Two-Year Program .....	123
Technology Leadership, Graduate Certificate .....	1149
Technology Systems Management, Graduate Certificate .....	537
Telecommunication Networks, MS .....	547
The Doctor of Philosophy Degree (PhD) .....	932
The Master's Degree Academic Requirements .....	935
Time Limitation .....	937
Transfer Credit .....	938
Transfer Credit Policies .....	807
Transfer of Credit .....	263
Transfer of Credit .....	578
Transitional Doctor of Physical Therapy, DPT .....	814
Tuition and Fees .....	40
United States Law, Graduate Certificate .....	772
University Faculty .....	1153
University Leadership .....	1232
University-Sponsored Travel .....	69
Urban Analytics, Graduate Certificate .....	1123
Urban Informatics, MS .....	1111
Urban Planning and Policy, MS .....	163
Urban Planning and Policy, MS .....	163
Urban Studies, Graduate Certificate .....	1124
Usability, Graduate Certificate .....	921

Vaccine Development, Graduate Certificate .....	973
We Care .....	27
Wireless and Network Engineering, MS .....	432
Women, Gender, Sexuality, and the Law, Graduate Certificate .....	773
Women's, Gender, and Sexuality Studies, Graduate Certificate .....	1142

# Northeastern University

*Matthew Modoono for Northeastern University*

## Undergraduate Catalog

Full-Time Day Programs

**2023-2024**

# Table of Contents

Undergraduate Catalog .....	21
Admission .....	22
Admission Policy and Entrance Requirements .....	23
Conditional Admission .....	28
Merit Scholarships .....	29
Specialized Entry Programs .....	30
Foundation Year .....	31
University Honors Program .....	33
Information for Entering Students .....	34
Accommodations for Students with Disabilities .....	35
Immunization Requirements .....	36
Information Technology Services .....	37
Information for International Students .....	38
Office of the University Registrar .....	39
Family Programs .....	40
Public Safety .....	41
Housing and Residential Life .....	42
Student Orientation .....	43
We Care .....	44
Financial Information .....	45
Bill Payment .....	46
Delivery of Services .....	49
Financial Aid .....	50
Financing Options .....	52
Tuition, Room, Board, and Fees Per Semester .....	53
Academic Policies and Procedures .....	58
Accommodations for Students with Disabilities .....	59
Attendance Requirements .....	60
Campus Transfer and Campus Location Change .....	61
Clearing an Academic Deficiency .....	62
Code of Student Conduct .....	63
Course Credit Guidelines .....	64
Course Numbering System .....	65
Family Educational Rights and Privacy Act (FERPA) .....	66
Grade Change Policy .....	68
Grade Table and GPA .....	69
Leaves of Absence and University Withdrawal .....	71
Personal Information .....	74
Requesting and Clearing An Incomplete Grade .....	75
Retaking Courses .....	76

Student Bill of Academic Rights and Responsibilities .....	77
Student Responsibility Statement .....	80
Student Right-to-Know Act .....	81
Substituting Courses .....	82
University-Sponsored Travel .....	83
Academic Appeals Policies and Procedures .....	84
Academic Honors .....	86
Academic Integrity Policy .....	87
Academic Progression Standards .....	88
Cooperative Education .....	89
Degrees, Majors, and Minors .....	91
Final Examinations and Related Policies on Other Exams and Final Term Papers/Projects .....	94
Graduation Requirements .....	95
Registration and Taking Courses .....	96
Student Evaluation of Courses (TRACE) .....	100
University Academics .....	101
Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Programs .....	102
Education .....	104
Experiential Learning .....	105
Explore Program .....	106
General Studies Program .....	107
Global Experience .....	108
Living Learning Communities .....	110
NUpath .....	111
NUpath Requirements .....	112
NUpath Learning Goals .....	114
Writing-Intensive Courses .....	118
Additional Requirements for BA Students .....	119
Pre-Law Advising .....	120
PreMed and PreHealth Advising .....	121
Research and Creative Activity .....	123
Service-Learning .....	124
Undergraduate Degrees .....	125
Undergraduate Internships .....	126
University Honors Program .....	127
Universitywide Requirements .....	128
World Languages Center .....	129
College of Arts, Media and Design .....	130
School of Architecture .....	131
Architecture, BS .....	133
Architectural Studies, BS .....	139
Architectural Studies and Design, BS .....	142
Architecture and English, BS .....	145

Civil Engineering and Architectural Studies, BSCE .....	149
Environmental and Sustainability Sciences and Landscape Architecture, BS .....	155
Environmental Engineering and Landscape Architecture, BSEnVE .....	158
Landscape Architecture, BLA .....	163
Architectural and Urban History, Minor .....	165
Architectural Design, Minor .....	166
Architectural Science and Systems, Minor .....	167
Urban Landscape Studies, Minor .....	168
Art + Design .....	169
Art, BA .....	173
Design, BFA .....	178
Game Design, BFA .....	183
Media Arts, BFA .....	186
Studio Art, BFA .....	194
Behavioral Neuroscience and Design, BS .....	197
Business Administration and Design, BS .....	202
Computer Science and Design, BS .....	206
Computer Science and Game Development, BS .....	211
Computer Science and Media Arts, BS .....	214
Communication Studies and Graphic and Information Design, BA .....	219
English and Graphic and Information Design, BA .....	222
Game Art and Animation, BFA .....	226
Architectural Studies and Design, BS .....	142
Game Design and Music with Concentration in Music Technology, BS .....	233
Graphic and Information Design and Mathematics, BS .....	236
Journalism and Interaction Design, BS .....	239
Media and Screen Studies and Media Arts, BA .....	243
Media Arts and Communication Studies, BA .....	246
Theatre and Interaction Design, BA .....	249
Theatre and Interaction Design, BS .....	252
Mechanical Engineering and Design, BSME .....	255
Animation, Minor .....	262
Art, Minor .....	263
Art History, Minor .....	265
Creative Computing, Minor .....	266
Creative Fabrication, Minor .....	267
Experience Design, Minor .....	268
Game Art, Minor .....	270
Game Design, Minor .....	271
Graphic and Information Design, Minor .....	272
Immersive Media, Minor .....	274
Interaction Design, Minor .....	276
Photography, Minor .....	278

Photojournalism, Minor .....	279
Video Arts, Minor .....	280
Communication Studies .....	281
Communication Studies, BA .....	283
Communication and Media Studies, BA .....	286
Communication Studies and Graphic and Information Design, BA .....	219
Communication Studies and Sociology, BA .....	292
Communication Studies and Theatre, BA .....	295
English and Communication Studies, BA .....	299
Journalism and Communication Studies, BA .....	304
Linguistics and Communication Studies, BA .....	307
Political Science and Communication Studies, BA .....	311
Public Health and Communication Studies, BA .....	316
Media and Screen Studies, BA .....	321
Africana Studies and Media and Screen Studies, BA .....	324
Media and Screen Studies and English, BA .....	327
Media and Screen Studies and History, BA .....	332
Media and Screen Studies and Journalism, BA .....	335
Media and Screen Studies and Media Arts, BA .....	243
Media and Screen Studies and Philosophy, BA .....	341
Media and Screen Studies and Political Science, BA .....	344
Media and Screen Studies and Sociology, BA .....	349
Media and Screen Studies and Theatre, BA .....	352
Media Arts and Communication Studies, BA .....	246
Business Administration and Communication Studies, BS .....	359
Computer Science and Communication Studies, BS .....	363
Communication Studies and Speech-Language Pathology and Audiology, BS .....	368
Health Science and Communication Studies, BS .....	371
Media and Screen Studies and Theatre, BS .....	375
Music and Communication Studies with Concentration in Music Industry, BS .....	379
Political Science and Communication Studies, BS .....	383
Argumentation and Law, Minor .....	388
Cinema Studies, Minor .....	389
Communication Studies, Minor .....	390
Digital Communication, Minor .....	391
Film Production, Minor .....	392
Film Studies, Minor .....	393
Human Communication, Minor .....	394
Improvisation and Storytelling, Minor .....	395
Media and Screen Studies, Minor .....	396
Media Production, Minor .....	397
Oratory and Public Speaking, Minor .....	398
Political Communication, Minor .....	399

Rhetoric, Minor .....	400
Social Activism, Minor .....	401
Sports, Media, and Communication, Minor .....	402
School of Journalism .....	403
Journalism, BA .....	404
Journalism and Communication Studies, BA .....	304
Journalism and English, BA .....	410
Journalism and International Affairs, BA .....	414
Journalism and Political Science, BA .....	421
Media and Screen Studies and Journalism, BA .....	335
Public Health and Journalism, BA .....	429
Public Relations, BA .....	433
Theatre and Journalism, BA .....	436
Computer Science and Journalism, BS .....	440
Criminal Justice and Journalism, BS .....	444
Data Science and Journalism, BS .....	447
Economics and Journalism, BS .....	451
Environmental and Sustainability Sciences and Journalism, BS .....	239
Journalism and Interaction Design, BS .....	239
Journalism Practice, Minor .....	458
Journalism Studies, Minor .....	459
Photojournalism, Minor .....	279
Public Relations, Minor .....	461
Sports, Media, and Communication, Minor .....	402
Music .....	463
Music, BA .....	465
Music with Concentration in Music Industry, BS .....	470
Music with Concentration in Music Technology, BS .....	476
Computer Science and Music with Concentration in Music Technology, BS .....	481
Electrical Engineering and Music with concentration in Music Technology, BSEE .....	485
Game Design and Music with Concentration in Music Technology, BS .....	233
Music and Communication Studies with Concentration in Music Industry, BS .....	379
Physics and Music with Concentration in Music Technology, BS .....	498
Psychology and Music, BS .....	503
Ethnomusicology, Minor .....	507
Music, Minor .....	508
Music Composition, Minor .....	510
Music Industry, Minor .....	511
Music Performance, Minor .....	512
Music Recording, Minor .....	514
Music Technology, Minor .....	515
Performing Arts Administration, Minor .....	516
Songwriting, Minor .....	517

Theatre .....	518
Theatre, BA .....	519
Theatre, BS .....	524
American Sign Language and Theatre, BS .....	529
Communication Studies and Theatre, BA .....	295
Computer Science and Theatre, BS .....	536
Cultural Anthropology and Theatre, BA .....	541
English and Theatre, BA .....	544
Media and Screen Studies and Theatre, BA .....	352
Media and Screen Studies and Theatre, BS .....	375
Theatre and Interaction Design, BA .....	249
Theatre and Interaction Design, BS .....	252
Theatre and Journalism, BA .....	436
Global Fashion Studies, Minor .....	567
Improvisation and Storytelling, Minor .....	395
Performing Arts Administration, Minor .....	516
Playwriting, Minor .....	570
Theatre, Minor .....	571
Theatre, Performance, and Social Change, Minor .....	573
Theatrical Design, Minor .....	574
Interdisciplinary Programs .....	575
Creativity in Theory and Practice, Minor .....	576
Accelerated Bachelor/Graduate Degree Programs .....	578
D'Amore-McKim School of Business .....	579
Bachelor of Science in Business Administration, BSBA .....	582
Business Administration and Law, BS .....	586
International Business, BSIB .....	590
Combined Majors .....	594
Business Administration and Communication Studies, BS .....	359
Business Administration and Design, BS .....	202
Business Administration and Psychology, BS .....	603
Business Administration and Public Health, BS .....	607
Computer Science and Business Administration, BS .....	612
Cybersecurity and Business Administration, BS .....	617
Data Science and Business Administration, BS .....	621
Economics and Business Administration, BS .....	625
Economics and International Business, BS .....	628
Health Science and Business Administration, BS .....	632
International Affairs and International Business, BS .....	636
Mathematics and Business Administration, BS .....	641
Political Science and Business Administration, BS .....	644
Politics, Philosophy, and Economics and Business Administration, BS .....	649
Concentrations .....	653

Accounting .....	654
Accounting and Advisory Services .....	655
Brand Management .....	656
Business Analytics .....	657
Corporate Innovation .....	658
Entrepreneurial Startups .....	659
Family Business .....	660
Finance .....	661
Fintech .....	662
Global Business and Strategy .....	663
Healthcare Management and Consulting .....	664
International Business .....	665
Management .....	666
Management Information Systems .....	667
Marketing .....	668
Marketing Analytics .....	669
Social Innovation and Entrepreneurship .....	670
Supply Chain Management .....	671
Minors .....	672
Accounting and Advisory Services, Minor .....	673
Brand Management, Minor .....	674
Business Administration, Minor .....	675
Business Analytics, Minor .....	676
Consulting, Minor .....	677
Corporate Innovation, Minor .....	679
Emerging Markets, Minor .....	680
Entrepreneurial Startups, Minor .....	681
Family Business, Minor .....	682
Leadership and Human Capital, Minor .....	683
Management Information Systems, Minor .....	684
Marketing, Minor .....	685
Marketing Analytics, Minor .....	686
Social Innovation and Entrepreneurship, Minor .....	687
Strategy, Minor .....	688
Supply Chain Management, Minor .....	689
Sustainable Business Practices, Minor .....	690
Accelerated Bachelor/Graduate Degree Programs .....	691
Khoury College of Computer Sciences .....	692
Computer Science .....	694
Computer Science, BSCS .....	695
Computer Science, BACS .....	702
Computing and Law, BS .....	707
Computer Science, Minor .....	711

Cybersecurity .....	714
Cybersecurity, BS .....	715
Data Science .....	719
Data Science, BS .....	720
Data Science, Minor .....	724
Khoury Combined Majors .....	726
Chemical Engineering and Computer Science, BSChE .....	728
Chemical Engineering and Data Science, BSChE .....	733
Civil Engineering and Computer Science, BSCE .....	737
Computer Engineering and Computer Science, BSCmpE .....	742
Computer Science and Behavioral Neuroscience, BS .....	749
Computer Science and Biology, BS .....	754
Computer Science and Business Administration, BS .....	612
Computer Science and Cognitive Psychology, BS .....	764
Computer Science and Communication Studies, BS .....	363
Computer Science and Criminal Justice, BS .....	774
Computer Science and Design, BS .....	206
Computer Science and Economics, BS .....	784
Computer Science and English, BS .....	789
Computer Science and Environmental and Sustainability Sciences, BS .....	795
Computer Science and Game Development, BS .....	211
Computer Science and History, BS .....	803
Computer Science and Journalism, BS .....	440
Computer Science and Linguistics, BS .....	812
Computer Science and Mathematics, BS .....	816
Computer Science and Media Arts, BS .....	214
Computer Science and Music with Concentration in Music Technology, BS .....	481
Computer Science and Philosophy, BS .....	829
Computer Science and Physics, BS .....	833
Computer Science and Political Science, BS .....	838
Computer Science and Politics, Philosophy, and Economics, BS .....	844
Computer Science and Sociology, BS .....	848
Computer Science and Theatre, BS .....	536
Cybersecurity and Business Administration, BS .....	617
Cybersecurity and Criminal Justice, BS .....	861
Cybersecurity and Economics, BS .....	866
Data Science and Biochemistry, BS .....	870
Data Science and Biology, BS .....	874
Data Science and Behavioral Neuroscience, BS .....	878
Data Science and Business Administration, BS .....	621
Data Science and Chemistry, BS .....	886
Data Science and Criminal Justice, BS .....	890
Data Science and Ecology and Evolutionary Biology, BS .....	894

Data Science and Economics, BS .....	898
Data Science and Environmental and Sustainability Sciences, BS .....	902
Data Science and Health Science, BS .....	906
Data Science and International Affairs, BS .....	910
Data Science and Journalism, BS .....	447
Data Science and Linguistics, BS .....	921
Data Science and Mathematics, BS .....	925
Data Science and Philosophy, BS .....	928
Data Science and Physics, BS .....	931
Data Science and Psychology, BS .....	935
Accelerated Bachelor/Graduate Degree Programs .....	939
College of Engineering .....	940
General Engineering and First-Year Engineering .....	942
Interdisciplinary Minors .....	943
Design and Innovation in Engineering, Minor .....	944
Entrepreneurial Engineering, Minor .....	945
Global Perspectives in Engineering, Minor .....	946
Materials Science and Engineering, Minor .....	948
Sustainable Energy Systems, Minor .....	950
Bioengineering .....	952
Bioengineering, BSBioE .....	953
Bioengineering and Biochemistry, BSBioE .....	961
Chemical Engineering and Bioengineering, BSChE .....	967
Mechanical Engineering and Bioengineering, BSME .....	971
Chemical Engineering .....	976
Chemical Engineering, BSChE .....	978
Chemical Engineering and Biochemistry, BSChE .....	985
Chemical Engineering and Bioengineering, BSChE .....	967
Chemical Engineering and Computer Science, BSChE .....	728
Chemical Engineering and Data Science, BSChE .....	733
Chemical Engineering and Environmental Engineering, BSChE .....	1002
Chemical Engineering and Physics, BSChE .....	1007
Biochemical Engineering, Minor .....	1012
Civil and Environmental Engineering .....	1013
Civil Engineering, BSCE .....	1015
Civil Engineering and Architectural Studies, BSCE .....	149
Civil Engineering and Computer Science, BSCE .....	737
Chemical Engineering and Environmental Engineering, BSChE .....	1002
Environmental Engineering, BSEnVE .....	1038
Environmental Engineering and Health Science, BSEnVE .....	1044
Environmental Engineering and Landscape Architecture, BSEnVE .....	158
Architectural Engineering, Minor .....	1054
Civil Engineering, Minor .....	1056

Environmental Chemistry, Minor .....	1058
Environmental Engineering, Minor .....	1060
Electrical and Computer Engineering .....	1061
Computer Engineering, BSCmpE .....	1063
Computer Engineering and Physics, BSCmpE .....	1069
Computer Engineering and Computer Science, BSCmpE .....	742
Electrical Engineering, BSEE .....	1082
Electrical Engineering and Physics, BSEE .....	1088
Electrical Engineering and Music with concentration in Music Technology, BSEE .....	485
Electrical and Computer Engineering, BSEE or BSCmpE .....	1099
Biomedical Engineering, Minor .....	1104
Computer Engineering, Minor .....	1106
Computational Data Analytics, Minor .....	1107
Electrical Engineering, Minor .....	1108
Robotics, Minor .....	1109
Mechanical and Industrial Engineering .....	1110
Industrial Engineering, BSIE .....	1112
Mechanical Engineering, BSME .....	1118
Mechanical Engineering and Bioengineering, BSME .....	971
Mechanical Engineering and Design, BSME .....	255
Mechanical Engineering and History, BSME .....	1136
Mechanical Engineering and Physics, BSME .....	1141
Aerospace, Minor .....	1146
Biomechanical Engineering, Minor .....	1147
Healthcare System Operations, Minor .....	1148
Industrial Engineering, Minor .....	1149
Mechanical Engineering, Minor .....	1150
Robotics, Minor .....	1109
Accelerated Bachelor/Graduate Degree Programs .....	1152
Bouvé College of Health Sciences .....	1153
Interdisciplinary Programs .....	1157
Business Administration and Public Health, BS .....	607
Communication Studies and Speech-Language Pathology and Audiology, BS .....	368
Data Science and Health Science, BS .....	906
Environmental Engineering and Health Science, BSEnvE .....	1044
Health Humanities and Health Science, BS .....	1175
Health Science and Business Administration, BS .....	632
Health Science and Communication Studies, BS .....	371
Health Science and Psychology, BS .....	1187
Health Science and Sociology, BS .....	1192
Linguistics and Speech-Language Pathology and Audiology, BS .....	1196
Health Humanities and Public Health, BA .....	1199
Public Health and Communication Studies, BA .....	316

Public Health and Cultural Anthropology, BA .....	1209
Public Health and Journalism, BA .....	429
Public Health and Sociology, BA .....	1218
Communication Sciences and Disorders, Minor .....	1223
Early Intervention, Minor .....	1224
Exercise Science, Minor .....	1225
Health Psychology, Minor .....	1226
Health Sciences Entrepreneurship, Minor .....	1227
Health, Humanities, and Society, Minor .....	1228
Healthcare System Operations, Minor .....	1148
Mindfulness Studies, Minor .....	1231
Nutrition, Minor .....	1232
Pharmaceutical Sciences, Minor .....	1233
Public Health, Minor .....	1234
Speech-Language Pathology and Audiology, Minor .....	1236
Wellness Studies, Minor .....	1237
School of Clinical and Rehabilitation Sciences .....	1238
Speech-Language Pathology and Audiology, BS .....	1241
Communication Studies and Speech-Language Pathology and Audiology, BS .....	368
Linguistics and Speech-Language Pathology and Audiology, BS .....	1196
Communication Sciences and Disorders, Minor .....	1223
Human Movement Science, Minor .....	1251
Speech-Language Pathology and Audiology, Minor .....	1236
School of Community Health and Behavioral Sciences .....	1253
Public Health, BA .....	1255
Health Science, BS .....	1260
Business Administration and Public Health, BS .....	607
Data Science and Health Science, BS .....	906
Environmental Engineering and Health Science, BSEnvE .....	1044
Health Humanities and Health Science, BS .....	1175
Health Science and Business Administration, BS .....	632
Health Science and Communication Studies, BS .....	371
Health Science and Psychology, BS .....	1187
Health Science and Sociology, BS .....	1192
Health Humanities and Public Health, BA .....	1199
Public Health and Communication Studies, BA .....	316
Public Health and Cultural Anthropology, BA .....	1209
Public Health and Journalism, BA .....	429
Public Health and Sociology, BA .....	1218
Early Intervention, Minor .....	1224
Exercise Science, Minor .....	1225
Global Health, Minor .....	1326
Health Psychology, Minor .....	1226

Health, Humanities, and Society, Minor .....	1228
Healthcare System Operations, Minor .....	1148
Mindfulness Studies, Minor .....	1231
Nutrition, Minor .....	1232
Public Health, Minor .....	1234
School of Nursing .....	1336
Nursing, BSN .....	1337
Nursing, BSN—Accelerated Program for Second-Degree Students .....	1345
Nursing, BSN—Transfer Track .....	1350
Wellness Studies, Minor .....	1237
School of Pharmacy and Pharmaceutical Sciences .....	1357
Pharmacy, PharmD .....	1358
Pharmacy Studies, BS .....	1358
Pharmaceutical Sciences, BS .....	1366
Health Sciences Entrepreneurship, Minor .....	1227
Pharmaceutical Sciences, Minor .....	1233
Accelerated Bachelor/Graduate Degree Programs .....	1372
College of Science .....	1373
Biology .....	1375
Biology, BS .....	1376
Cell and Molecular Biology, BS .....	1383
Biology and English, BS .....	1388
Biology and Mathematics, BS .....	1394
Biology and Political Science, BS .....	1398
Computer Science and Biology, BS .....	754
Data Science and Biology, BS .....	874
Cell and Molecular Biology, Minor .....	1413
Biology, Minor .....	1415
Chemistry and Chemical Biology .....	1417
Chemistry, BS .....	1418
Data Science and Chemistry, BS .....	886
Environmental and Sustainability Sciences and Chemistry, BS .....	1427
Chemistry, Minor .....	1431
Environmental Chemistry, Minor .....	1058
Marine and Environmental Sciences .....	1434
Ecology and Evolutionary Biology, BS .....	1436
Environmental and Sustainability Sciences, BS .....	1440
Environmental Studies, BA .....	1447
Marine Biology, BS .....	1452
Computer Science and Environmental and Sustainability Sciences, BS .....	795
Data Science and Ecology and Evolutionary Biology, BS .....	894
Data Science and Environmental and Sustainability Sciences, BS .....	902
Environmental and Sustainability Sciences and Chemistry, BS .....	1427

Environmental and Sustainability Sciences and Economics, BS .....	1474
Environmental and Sustainability Sciences and Journalism, BS .....	1478
Environmental and Sustainability Sciences and Landscape Architecture, BS .....	155
Environmental Studies and History, BA .....	1484
Environmental Studies and International Affairs, BA .....	1487
Environmental Studies and Philosophy, BA .....	1494
Environmental Studies and Political Science, BA .....	1497
Sociology and Environmental Studies, BA .....	1502
Ecology and Evolutionary Biology, Minor .....	1505
Environmental and Sustainability Sciences, Minor .....	1506
Environmental Studies, Minor .....	1507
Geosciences, Minor .....	1508
Marine Sciences, Minor .....	1509
Mathematics .....	1510
Mathematics, BA .....	1511
Mathematics, BS .....	1515
Biology and Mathematics, BS .....	1394
Computer Science and Mathematics, BS .....	816
Data Science and Mathematics, BS .....	925

## Admission

- Admission Policy and Entrance Requirements (p. 23)
- Conditional Admission (p. 28)
- Merit Scholarships (p. 29)
- Specialized Entry Programs (p. 30)
- University Honors Program (p. 33)

## Admission Policy and Entrance Requirements

Admission to Northeastern University is highly selective. Applicants are admitted either as first-year or transfer students. Candidates who bring diverse experiences, perspectives, and interests to our community are identified by the Admissions Committee following a holistic application evaluation. Students may be admitted to join the Northeastern community through a variety of programs, including traditional first-year and transfer entry in Boston, Oakland, and London, as well as through specialized entry programs (<https://admissions.northeastern.edu/academics/specialized-entry-programs/>).

In building a diverse and talented incoming class, the Admissions Committee seeks to enroll students who have been academically successful and who have been actively involved in their school and community.

When considering applicants for first-year admission, the committee considers what opportunities for advanced coursework are available and if the student has taken those courses—examples include honors, Advanced Placement, International Baccalaureate, or college-level courses. Typically, students admitted to Northeastern have been extremely successful with a challenging course load. Letters of recommendation, resumé, essay, and contributions to the community are also considered.

When reviewing transfer students, the committee considers the candidate's college and high school transcripts, letters of recommendation, resumé, essay, academic preparation for major of choice, and contributions to the community.

**Northeastern accepts both the Common Application and the Coalition Application.** Students may apply online via the Common Application or the Coalition Application. Northeastern does not have a preference for which application is submitted. Both the Common Application and the Coalition Application will be reviewed equally.

The committee will begin to evaluate an applicant's candidacy for admission when all application credentials have been received. Students are informed of their application information through the Application Status Check. Students are highly encouraged to verify that identification information (name, date of birth, and Northeastern ID) is on every item submitted to ensure timely and accurate processing.

### Application Programs

Northeastern offers the following application programs.

#### FIRST-YEAR APPLICANTS

- Early Decision I (binding enrollment for fall admission)
- Early Action (nonbinding)
- Early Decision II (binding enrollment for fall admission)
- Regular Decision (nonbinding)

#### TRANSFER APPLICANTS\*

- Application for fall start (apply in spring)
- Application for spring start (apply in fall)

\*All transfer application options are dependent on space availability.

### Required Materials

The committee will evaluate an applicant's candidacy for admission when all application credentials have been received. Students are informed of their application information through the Application Status Check. Students are highly encouraged to verify that identification information (name, date of birth, and Northeastern ID) is on every item submitted to ensure timely and accurate processing.

#### FIRST-YEAR APPLICANTS

More than 90,000 students apply for a space in the first-year class. The committee is responsible for admitting applicants believed to be contributors to Northeastern's diverse and vibrant academic and social community. In particular, the committee is interested in applicants who have challenged themselves academically; are highly motivated; and who have demonstrated qualities of leadership, creativity, diversity, engagement, global perspective, adaptability, and resiliency. Our students exhibit a commitment to involvement and to being a positive influence in their community and in the world. We encourage applicants to spend time to thoughtfully prepare their application in order to make sure their strengths and qualities resonate with the Admissions Committee.

#### ***First-Year applicants must submit the following:***

- Completed Common Application or Coalition Application, including any Northeastern-specific questions. A complete application includes:
  - An application fee of \$75 (or request for fee waiver through application question).
  - The Early Decision Agreement for students applying under the binding Early Decision I or II application options.
- Secondary school counselor and teacher recommendations.

- Secondary school report and transcripts with final junior-year grades. First-semester or first-trimester grades should be submitted when they are available; first-quarter grades are not required.
  - General Equivalency Diploma recipients should provide their official GED score reports and their most complete high school transcript.
  - Home-schooled applicants should submit an academic portfolio/transcript consistent with their state guidelines. This should include grades for each course. They must also provide proof that they will have met by the end of May of the year of graduation all requirements for an official high school diploma and submit a GED, or a certificate of completion from their local school district or state board of education, by the end of July of the year of matriculation. In addition to all other first-year requirements, home-schooled students must submit Northeastern's home-school supplement, which requires students to detail the rigor of their coursework.
  - Early high school graduates: Northeastern will review applications from students who will complete high school in three years or less. Before enrolling at the university, all applicants for early admission must have completed all units required for high school graduation or must have earned the GED. In addition to the required materials for first-year applicants, early high school graduate applicants must provide statements of support from the school principal or guidance counselor and the student's parents. The endorsements should speak directly to the applicant's academic readiness and emotional maturity for college. Early high school graduates will only be considered at Regular Decision or Early Decision II so first-semester/trimester grades from the current academic year can be considered.
  - Nontraditional grading policies: Students who attend schools where narrative evaluations are used instead of traditional letter grades are required to submit the narratives to complete their applications.
- Policy on standardized tests for classes entering through fall 2026:
  - Northeastern is test optional and does not require applicants to submit standardized testing to be considered for admission. (Please note English proficiency requirements.)
  - Any student may choose to submit SAT or ACT scores for consideration.
  - Students who choose not to submit standardized test scores will not be disadvantaged in the process.
  - If an applicant self-reports their scores through the Application Status Check, official scores must be sent to Northeastern upon submitting their enrollment deposit.
- English proficiency: As the primary instructional language at Northeastern is English, proficiency in English must be demonstrated in order to qualify for admission. Non-native English-speaking applicants, who were not educated entirely in English throughout the four consecutive academic years immediately prior to enrolling at Northeastern, will be required to submit valid and official results from an approved English Language Test. Please see the International Applicants (<https://www.northeastern.edu/admissions/application-information/international-student-admissions/>) page on the Undergraduate Admissions website for the most up-to-date information.
- International students are required to submit Northeastern's Declaration and Certification of Finances, which can be accessed and submitted through the Application Status Check.
- Portfolios are required for studio art and are highly encouraged for majors within the College of Arts, Media and Design. Northeastern uses SlideRoom for online portfolio submissions. See Admission Requirements for the College of Arts, Media and Design (p. 27) below.

### TRANSFER APPLICANTS

Each year we receive more than 4,000 applications for transfer admission. Our most competitive candidates for transfer admission typically have a grade-point average of 3.500 or higher.

#### *Transfer applicants must submit the following:*

- Completed Common Application or Coalition Application.
- Application fee of \$75.
- Official college transcript(s) for all institutions you have attended.
- College Report to be completed by the registrar's office or dean of your current/previous school.
- Academic evaluation from an academic advisor, professor, or employer.
- Final high school transcript or GED.
- Joint Service Transcript (if you are a veteran).
- Policy on standardized tests for classes entering through 2026:
  - **Northeastern is test optional and does not require applicants to submit standardized testing to be considered for admission.** (Please note English proficiency requirements.)
  - Any student may choose to submit SAT or ACT scores for consideration.
  - Students who choose not to submit standardized test scores will not be disadvantaged in the process.
  - If an applicant self-reports their scores through the Application Status Check, official scores must be sent to Northeastern upon submitting their enrollment deposit.
- English proficiency: As the primary instructional language at Northeastern is English, proficiency in English must be demonstrated in order to qualify for admission. Non-native English-speaking applicants, who were not educated entirely in English throughout the four consecutive academic years immediately prior to enrolling at Northeastern, will be required to submit valid and official results from an approved English Language Test. Please see the International Applicants (<https://www.northeastern.edu/admissions/application-information/international-student-admissions/>) page on the Undergraduate Admissions website for the most up-to-date information.
- International students are required to submit Northeastern's Declaration and Certification of Finances, which can be accessed and submitted through the Application Status Check.

- Portfolios are required for studio art and are highly encouraged for majors within the College of Arts, Media and Design. Northeastern uses SlideRoom for online portfolio submissions. See Admission Requirements for the College of Arts, Media and Design (p. 27) below.

## Transfer Credit

Students may transfer up to 60 semester hours of credit from a two-year college, or up to 80 semester hours from a four-year college, or a combination of the two types of colleges. If you have been admitted to the D'Amore-McKim School of Business and your college or university is not AACSB-accredited, the maximum number of credits that you can transfer to Northeastern is 60. See also Residency Requirement (p. 95).

College courses completed with a grade of C or better are considered for transfer credit by faculty evaluators. Liberal arts coursework taken more than 10 years ago and math and science coursework completed more than 5 years ago cannot be considered.

All transfer-credit documents should be received prior to matriculation and *must* be received within one semester of matriculation. These documents include, but are not limited to, Advanced Placement, International Baccalaureate, and International Matriculation Exam scores and official transcripts from colleges and universities. These documents should be submitted whether or not you wish to receive transfer credit from this work. Transfer credit *will not* be granted for work completed prior to matriculation if the official credential is received after the completion of the first semester. College coursework completed at an international institution must be translated into English and evaluated by a recognized credential agency.

## Advanced Standing

Results from your AP exams, IB exams, and other international matriculation examinations (listed below) may enable you to receive advanced credits. You may also receive transfer credit if you successfully completed accredited college-level courses that were taken while you were in high school, before you enrolled at Northeastern. You may apply up to 32 semester hours of advanced credit toward your undergraduate degree. For consideration, you must submit official transcripts or test results before matriculation and must submit official score reports for credit.

Northeastern currently awards advanced credit for the following examinations:

- Advanced Placement
- International Baccalaureate
- Advanced Levels
- Abitur (Germany)
- Baccalauréat (France)
- Cambridge Pre-University
- Caribbean Advanced Proficiency Examinations
- Maturität/Maturité (Switzerland)
- All-India Senior School Certificate Examination (Standard XII)
- Indian School Certificate Examinations (Standard XII)

Additionally, if you completed a **Diplôme d'études collégiales** through a **Collège d'enseignement général et professionnel** in Quebec, you can apply up to 32 semester hours of transfer credit to your undergraduate degree. Northeastern will consider courses with grades equivalent to C or higher on the U.S. grading scale in courses completed in the second year. You can review the Transfer Equivalency Database (<https://ugadmissions.northeastern.edu/transfercredit/TransferCreditevaluatedstudent2.asp>) to determine which courses will transfer to Northeastern. Any course not listed in the database has not yet been evaluated. Once admitted, you can submit full syllabi through your Application Status Check for the academic departments to review and determine any transfer credit.

### ADVANCED PLACEMENT EXAMINATIONS

- Credit is generally awarded for scores of 4 and 5.
- Visit the Transfer Equivalency Database (<https://ugadmissions.northeastern.edu/transfercredit/TransferCreditevaluatedstudent2.asp>) for an up-to-date listing.

### INTERNATIONAL BACCALAUREATE EXAMINATIONS

- Credit is generally awarded for scores of 5, 6, or 7 on Higher Level exams.
- No credit is awarded for Standard Level exams, the Extended Essay, or Theory of Knowledge.
- Visit the Transfer Equivalency Database (<https://ugadmissions.northeastern.edu/transfercredit/TransferCreditevaluatedstudent2.asp>) for an up-to-date listing.

### ADVANCED LEVEL EXAMINATIONS

- Credit is generally awarded for grades of C or better on General Certificate of Education Advanced Level examinations.
- No credit is awarded for Advanced Subsidiary Level exams, Ordinary Level exams, or the (International) General Certificate of Secondary Education.
- For Singapore-Cambridge GCE Advanced Level exams, credit is awarded for H2 exams. No credit is awarded for H1 exams. H3 credit is subject to review and only awarded if the student is not receiving credit from the H2 exam in the same subject.
- Northeastern will only award credit for exams that were administered by AQA, Cambridge Assessment (including OCR), CCEA, Pearson Edexcel, WJEC, or any subsidiaries.

### INTERNATIONAL MATRICULATION EXAMINATIONS

- Abitur (Allgemeinen Hochschulreife): Credit is generally awarded for scores of 7 (out of 15) and higher on written (schriftlich) final exams (Abiturprüfung). No credit is awarded for oral (mündlich) exams.
- Baccalauréat (Baccalauréat Général, Diplôme de Bachelier de l'Enseignement du Second Degré, or Option Internationale du Baccalauréat): Credit is generally awarded for scores of 12 or higher (out of 20) on final written exams in subjects studied with coefficients of 10 or higher. No credit is awarded for oral exams.
- Cambridge Pre-University: Credit is generally awarded for scores of M3 or higher on Principal Subjects. No credit is awarded for Short Courses or Global Perspectives and Research.
- Caribbean Advanced Proficiency Examinations: Credit is generally awarded for grades of 3 or below (out of 7, with 1 being the highest) on two-unit subjects. No credit is awarded for one-unit courses.
- Maturität/Maturité: Credit is generally awarded for scores of 4.5 or higher (out of 6) on the main subject (Schwerpunktfach) or complementary subject (Ergänzungsfach) on either the Swiss Federal Maturity Certificate or federally recognized cantonal maturity certificates.
- All-India Senior School Certificate Examination (Standard XII): Credit is generally awarded for scores of 81 or higher (out of 100) for subjects completed in the general academic track on the All-India Senior School Certificate Examination administered by the Central Board of Secondary Education.
- Indian School Certificate Examinations (Standard XII): Credit is generally awarded for scores of 80 or higher (out of 100) for subjects completed in the general academic track on the Indian School Certificate examinations administered by the Council for the Indian School Certificate Examination.

### Additional Information for International Applicants

In order to enroll at Northeastern, enrolling international students may be required to apply for either F-1 (student) or J-1 (exchange visitor) nonimmigrant status. To begin the process, each student must first request their certificate of eligibility from the Office of Global Services (<https://international.northeastern.edu/ogs/>). For the F-1 visa, students must request the Form I-20, while for the J-1 visa, students must request Form DS-2019. Both forms can be requested through myOGS, Northeastern's online portal for international students.

- Once an enrollment deposit is submitted, all international students will be able to access myOGS.
- International students must submit the appropriate request form in myOGS for either the Form I-20 or Form DS-2019.
- Once the student submits the request form and all required supporting documents (<https://international.northeastern.edu/ogs/new-students/i-20-ds-2019-application/applying-for-your-initial-i-20/>), the OGS team will review the request and generate the I-20 within 10 business days.
- Once students receive the I-20 or DS-2019, students can apply for the F-1 or J-1 visa at a nearby overseas U.S. embassy or consulate.
- If the visa is granted, students are permitted to enter the United States no more than 30 days before the start date of their academic program (which will be provided on the I-20 or DS-2019).

In order to maintain lawful student status in the United States, international students must be mindful of the rules and regulations that govern their nonimmigrant visa classification. Numerous U.S. federal mandates and regulations make it especially important for students with F-1 or J-1 visas to consult regularly with an international student advisor at the Office of Global Services (<https://international.northeastern.edu/ogs/>) before taking any action that might affect their immigration status and educational endeavors in the United States. Please note the following:

- International students in F-1 and J-1 status must register as full-time students (minimum of 12 credits) and on time (within the appropriate registration period) each term during the regular academic year. Any exceptions to full-time registration requirements must be preapproved by OGS in accordance with specified federal regulations.
- International students must not begin, extend, or resume any type of employment without first obtaining proper employment authorization or verification from the OGS.
- Some international students must apply and be approved for a change of status (e.g., from F-2 to F-1 nonimmigrant status) before beginning their academic program at Northeastern.
- For information on nonimmigrant statuses other than F-1 and J-1 (including eligibility to work in the United States or participate in co-op and other forms of experiential learning), contact OGS (<https://international.northeastern.edu/ogs/contact/>). Note that some academic programs at Northeastern have experiential learning requirements (e.g., co-op or study abroad). Not all visa categories allow for internships, co-ops, international travel, or other experiential learning opportunities and may impede the successful completion of your program of study.

### Non-Native English-Speaking Applicants

All non-native English-speaking applicants, regardless of citizenship, must submit official results from one of the following proficiency tests: the Duolingo English Test, C1 Advanced or C2 Proficiency (Cambridge English: Advanced or Proficiency), the International English Language Testing System, the Pearson Test of English Academic, or the Test of English as a Foreign Language. Applicants who will complete four or more consecutive academic years of high school or university where academic or native English was the primary instructional language may contact the Office of Undergraduate Admissions in order to request a waiver. English-language learners or students enrolled in ESL courses in the four years preceding their application are strongly recommended to submit IELTS. Based on IELTS, some undergraduate applicants with substantial English proficiency but

insufficient proficiency for undertaking a full-time, degree-seeking academic program may instead be referred to NU Immerse, our structured English immersion program.

### **College, Major, and Length of Program Selection**

Applicants to Northeastern apply to one of our seven undergraduate colleges or to the Explore Program for undeclared students.

We encourage students to select a major that reflects their current academic interests and aspirations; however, the Explore Program for undeclared students provides opportunities to explore our various disciplines and programs. Northeastern offers advisory programs for students interested in preprofessional programs, including medical, dental, law, and veterinary graduate school.

Northeastern offers a broad and deep curriculum that is flexible, and the academic calendar allows students to maximize experiential learning opportunities, including research, study abroad, and our signature co-op program. Students become architects of their own paths, charting their unique course that determines their time to degree. Students can build a program that is four years or five years and gain up to 18 months of full-time experiential learning. First-year students can participate in NUterm in Summer 1 of their first year, taking advantage of exciting and unique course offerings or regular classes during the May/June semester. By participating in NUterm, students take advantage of Northeastern's signature flexibility, beginning their sophomore year with an additional half term completed. Many colleges offer PlusOne programs, which link undergraduate work with graduate studies. See the detailed curricula in this catalog for more information.

### **ADMISSION REQUIREMENTS FOR THE COLLEGE OF ARTS, MEDIA AND DESIGN**

#### ***Guidelines for Portfolio Submission***

All portfolios should be submitted electronically via SlideRoom. Hard-copy portfolios will not be accepted and cannot be reviewed.

#### ***Studio Art***

Applicants for the studio art major, a joint program of Northeastern and the School of the Museum of Fine Arts, Boston, are required to submit a portfolio through SlideRoom. This portfolio requires a minimum of 15 individual images of original artwork. The portfolio may include work in a variety of media; no particular subject matter or style is required. Rather, students should select work that best shows their personal style, creativity, and commitment to innovation. Check the Department of Art + Design website (<https://camd.northeastern.edu/art-design/>) for more information.

#### ***Music Composition and Technology***

Beginning in spring 2018, portfolios are no longer required for students applying to music composition and technology.

#### ***Music Performance***

Once enrolled, students in any music concentration may also audition to pursue a minor in musical performance. This program is highly competitive and therefore requires evaluation by the Department of Music. Auditions are typically scheduled during a student's first semester at Northeastern. For specific questions regarding the program or audition requirements, please reference the CAMD website ([https://camd.northeastern.edu/music/academic-programs/minor-in-music-performance/#\\_ga=26162929219060109681522070914-16965839841517851807](https://camd.northeastern.edu/music/academic-programs/minor-in-music-performance/#_ga=26162929219060109681522070914-16965839841517851807)).

## Conditional Admission

### **Conditional Admission**

Students who have not submitted required admissions documents, such as official transcripts, prior to admission must do so within 30 days of the start of the academic term. A student who has been admitted on condition to provide admissions documents will not be permitted to register for a future term.

## Merit Scholarships

Northeastern University provides highly selective scholarship programs aimed at rewarding and recognizing outstanding academic achievement. All applicants who apply on time are considered for these scholarships. Please note that scholarship consideration is separate from the financial aid application process. International students are eligible for merit scholarship consideration, but Northeastern does not offer need-based assistance to international students. Please visit this page (<https://studentfinance.northeastern.edu/applying-for-aid/undergraduate/types-of-aid/scholarships/first-year-scholarships/>) to see the most current list of scholarship opportunities.

### Northeastern Honors Program

Each year, the admissions office selects a group of students to join the University Honors Program at Northeastern University. Those invited into the Honors Program are among our most highly accomplished admitted students. There is no separate application process for the Honors Program, and students are considered at all decision deadlines. Decisions are rendered based on the undergraduate admissions application submitted to the university. The invitation to join the University Honors Program is included in the official admission letter. Visit the University Honors Program (<https://undergraduate.northeastern.edu/honors/>) for additional details regarding scholarships and grants for Honors Program students.

### Phi Theta Kappa Scholarships (Transfer Students Only)

**Award:** A grant recognizing high levels of academic achievement in the beginning years of college. Recipients who maintain normal progress toward a degree, with a minimum grade-point average of 3.000, may renew the award.

**Eligibility:** Applicants for fall transfer admission who have earned a 3.500 grade-point average in 32 semester hours or equivalent quarter hours or units of college-level coursework. For eligibility, you must be a U.S. citizen or a permanent resident enrolling directly from a two-year institution of higher education.

### Ujima Global Leaders Program

The Ujima Global Leaders Program is a scholarship program focused on developing leaders for tomorrow's diverse and complex world. Ujima Global Leaders from all academic disciplines will work collaboratively to develop intercultural competence and awareness by engaging with communities on campus, throughout Boston and the world. Working with staff and faculty, Ujima Global Leaders may choose to make an impact based on their interests and goals via community service involvement, experiential opportunities, and research and global experiences. Committed to excellence, academic achievement, service, and diversity, Ujima Global Leaders will be prepared to meet the challenges of tomorrow. The Ujima Global Leaders Program seeks to enroll academically talented first-year students with demonstrated leadership skills, community involvement, and/or an interest in issues related to serving underrepresented and underserved populations. Recipients receive a scholarship called the Ujima Global Leadership Award, and those with demonstrated financial need will have their full need met.

**Contact the Office of Undergraduate Admissions if you have any questions about the application process.** For more information, consult the admissions website (<https://admissions.northeastern.edu/cost-financial-aid/merit-scholarships/>).

## Specialized Entry Programs

---

---

Northeastern University offers admission and enrollment programs and opportunities that advance the university's mission and help meet students' needs. Students who apply for admission to Northeastern may be automatically offered direct entry into some of these programs or, in some cases, may be referred to other specialized entry programs. These selections are based on a holistic review of students' applications. Northeastern continually assesses our specialized entry programs and opportunities, and additional programs and opportunities may become available while existing programs and opportunities may be modified. For a complete list of our specialized programs and opportunities, visit the Specialized Entry Programs web (<https://www.northeastern.edu/admissions/academics/specialized-entry/>) site (<https://www.northeastern.edu/admissions/academics/specialized-entry/>).

### General Studies Program

General Studies is a first-year program designed to help students build skills for academic success in their freshman year and beyond. General Studies students spend their freshman year immersed in a combination of first-year requirements, NUpath courses, and introductory courses for their intended major. See additional information (<https://catalog.northeastern.edu/undergraduate/university-academics/general-studies-program/>).

### Foundation Year

An innovative, first-year college program, Foundation Year supports City of Boston students as they develop the skills to be successful in their entire Northeastern experience. During their first year of college, students receive rigorous academics, extensive support services, real-world experience, and the privileges that come with being a Northeastern student. Foundation Year brings together the right resources for each student—maximizing the potential for success. Visit the Foundation Year page of this catalog (<https://catalog.northeastern.edu/undergraduate/admission/specialized-entry/foundation-year/>) for additional information.

### Torch Scholars Program

The Torch Scholars (<https://torch.northeastern.edu/>) is a comprehensive scholarship and support program for first-generation college students. Students selected into the program have demonstrated exceptional leadership and community service throughout high school but have not yet reached their full academic potential. After a holistic review, which includes a thorough interview process, selected Torch Scholars receive a full scholarship that covers tuition, room and board, books, and fees for eight semesters, as well as coverage for a four-week Summer Immersion program. Torch alumni have continued their education in PhD and master's programs, founded startups, and begun careers in major corporations.

### NU Immerse

NU Immerse is a transitional experience for non-native English-speaking students, which offers advanced English-language preparation and an introduction to college culture through a yearlong program in Boston through the College of Professional Studies. Students will improve language and academic skills through a specially designed two-semester curriculum. Please note, NU Immerse provides a conditional offer of admission to undergraduate degree programs at Northeastern upon successful completion of the program.

## Foundation Year

An innovative first-year pathway program, Foundation Year supports City of Boston students as they begin their journey at Northeastern University. Launched in 2009, Foundation Year is designed for City of Boston high school graduates and GED/HiSET completers who could benefit from a more structured learning environment during their first year of college. Featuring rigorous academics, extensive support services, and all the privileges that come with being a Northeastern student, Foundation Year brings together the right resources for each student—maximizing the potential for success.

Accepted students are enrolled in Northeastern's College of Professional Studies where they may earn up to a full year of college credits upon program completion. To foster camaraderie and peer-to-peer learning, the program is built around the cohort model, in which Foundation Year students attend all classes together.

Upon completion, students are eligible to:

- Transfer to another college at Northeastern if progression standards are met
- Continue at Northeastern's College of Professional Studies in a bachelor's completion program

## Application

To be considered for Foundation Year, students must be:

- Boston residents
- High school graduates or students holding GED/HiSET completion certificates
- Motivated and willing to work hard to achieve their goals and earn a college degree

## PROCESS

1. Submit an application to Northeastern (<https://www.northeastern.edu/admissions/application-information/apply/>) using the Common Application or the Coalition Application.
2. Submit required materials (<https://www.northeastern.edu/admissions/application-information/apply/>).
3. Complete the Free Application for Federal Student Aid (FAFSA (<https://studentaid.gov/h/apply-for-aid/fafsa/>)) and CSS Profile (<https://cssprofile.collegeboard.org/>) online.

## CONTACT INFORMATION

foundationyear@northeastern.edu

## Program Requirements

Designed with the student in mind, Foundation Year's intensive curriculum includes courses in English, sociology, mathematics, and history. Students can also focus their studies by choosing from electives in business, science, or liberal arts. Foundation Year students can earn up to 32 semester hours of credit—equivalent to one year of college credits.

To help facilitate learning, Foundation Year provides all students with textbooks and laptops to use for the entire school year.

Complete all courses below unless otherwise indicated.

## CORE COURSES

*Note:* Students are placed into math courses based on proficiency.

Code	Title	Hours
CDV 0220	The College Experience 1 (noncredit course)	0
CDV 0225	The College Experience 2 (noncredit course)	0
CMN 2310	Professional Speaking	3

## University Honors Program

**Becca Berkey**  
Director

**Justin Silvestri**  
Associate Director

**Brooke Tempesta**  
Associate Director

617.373.2333  
617.373.5300 (fax)  
honors@northeastern.edu

The University Honors Program is dedicated to empowering its students' ability to affect meaningful impact in their campus, local, and global communities during their undergraduate education. Our community of intellectually engaged students, faculty, and professional staff are committed to engagement with scholarship that enables students to confront critical societal issues and leverage the knowledge and expertise from these encounters to make a difference at Northeastern University and beyond. Students benefit from unique and enriched educational options that include stimulating courses, opportunities for research and creative endeavors, global experiences, service-learning, mentoring, and the development of competencies that will position them for lifelong learning and personal and professional success. Throughout their undergraduate experience, Honors students are guided and supported as they chart their unique educational plans through personalized developmental advising, engagement in diverse competency-based learning experiences, and participation in a set of networked communities that include Honors Living Learning Communities.

All applicants seeking freshman entry at Northeastern University (for fall semester entry) are considered for admission into the University Honors Program and are notified of their selection in their letter of admission. There is no separate application. Students matriculating in the fall 2023 semester will have opportunities for ongoing participation in the program at the conclusion of their first year.

Continuing students in their first, second, or third semesters who wish to be considered for entry may consult the University Honors Program's website (<https://undergraduate.northeastern.edu/honors/>) for application instructions.

## Information for Entering Students

- Accommodations for Students with Disabilities (p. 35)
- Health Requirements—University Health and Counseling Services (UHCS) (p. 36)
- Information Technology Services (p. 37)
- Information for International Students (p. 38)
- Office of the University Registrar (p. 39)
- Parent/Family Programs (p. 40)
- Public Safety (p. 41)
- Residential Life (p. 42)
- Student Orientation (p. 43)
- We Care (p. 44)

## Accommodations for Students with Disabilities

617.373.2675

617.373.7800 (fax)

Website (<http://www.northeastern.edu/drc/>)

Northeastern University and the Disability Resource Center are committed to providing disability services that enable students who qualify under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act Amendments Act to participate fully in the activities of the university. To receive accommodations through the DRC, students must provide appropriate documentation that substantiates a disability and demonstrates a current significant limitation. Accommodations are provided based on an evaluation of the information provided by students, and their clinicians, on a case-by-case basis. These services are available for, but not limited to, students with the following diagnoses:

- Learning disabilities and/or ADHD
- Autism spectrum disorders
- Chronic or degenerative disorders
- Hearing loss
- Mobility impairments
- Psychiatric disorders
- Traumatic or acquired brain injury
- Vision impairments

Students should provide documentation to the DRC at their earliest convenience to allow for sufficient time for review. After the documentation has been reviewed, a disability specialist will contact the student regarding appropriate next steps. Visit the DRC website (<http://www.northeastern.edu/drc/>) for additional information or contact staff at 617.373.2675.

## Immunization Requirements

All students enrolled in Massachusetts, Oakland, and Global Scholars must submit proof of immunity to various diseases. The vaccinations required are set by the Massachusetts Department of Public Health and the California Department of Public Health. Students who fail to submit a completed health report will be unable to complete future course registration. Visit the UHCS website to learn about your campus requirements and how to submit proof of immunity.

Students in Massachusetts: All vaccination information will be entered into the Massachusetts Immunization and Information System. This system allows immunization information to be portable between providers, accessible during an emergency, and allows the patient to access the information as needed.

To learn about immunization requirements, visit [University Health Report](#), including how to opt out of the MIIS reporting.

Additional documentation of immunity is mandatory for students in Bouvé College of Health Sciences. Students should check with their program advisor or placement supervisor for more information. Students must meet the health clearance requirements of their academic program and any site-specific requirements prior to entering the clinical setting. This means that students must make arrangements for their physical exams and immunizations months before they are scheduled for a clinical course or rotation. Students who do not present the appropriate health certification will be blocked from registering for, or attending, a clinical course or rotation until satisfactory evidence is provided.

### Nonresidential Campuses

Students enrolled at a nonresidential campus are not required to submit proof of immunity; however, we do recommend they have a copy in their files.

## Information Technology Services

IT Services is the university's central group that provides technology services, solutions, and support to all Northeastern University students. Visit the Connect To Tech guide (<https://connect-to-tech.northeastern.edu/students/>) for information and key technology resources that are particularly helpful to students, including:

- Northeastern accounts
- Access to email
- Laptop recommendations and discounts
- Canvas learning management system
- Software such as Office 365 and Adobe Creative Cloud
- Frequently used websites and mobile apps

### Technology Support and IT Service Desk

Technology support is available 24/7 online or by phone and email. Walk-up support is available at the Tech Bar on the Boston and Oakland campuses. [G \(https://service.northeastern.edu/tech/?id=its\\_contact\\_us\)](https://service.northeastern.edu/tech/?id=its_contact_us) **et IT Support >**

[service.northeastern.edu/tech](https://service.northeastern.edu/tech) (<https://service.northeastern.edu/tech/>)

617.373.HELP [4357]

[help@northeastern.edu](mailto:help@northeastern.edu)

Visit the Tech Service Portal (<https://service.northeastern.edu/tech/>) to search for how-tos and FAQs, borrow a laptop or other equipment, start a live chat, and search other resources.

Occasionally, interruptions to university systems, services, and tools can happen—when they do, get updates about them through Northeastern's IT status page (<https://its.northeastern.edu/status/>).

## Information for International Students

### Office of Global Services

Website (<http://www.northeastern.edu/ogs/>)

617.373.2310

617.373.8788 (fax)

The Office of Global Services provides advice and support services to over 20,000 international students and scholars who represent approximately 147 nations.

OGS serves as a "home away from home" for all international students and offers a wide array of **programs and services** to assist international students with their cultural adjustment, academic success, and professional growth. Throughout the year, OGS hosts cocurricular events that celebrate culture and the rich diversity of the campus. These events are encouraged as a way to gain familiarity with Northeastern University in a cross-cultural context while also facilitating the formation of friendships across cultures. OGS promotes meaningful interaction and intercultural understanding among citizens of all countries and their local peers, providing educational and cultural enrichment opportunities for all members of Northeastern. All students in the Northeastern community are welcome to participate in our events.

OGS provides **comprehensive immigration advising services** to assist international students in understanding the benefits and restrictions of being an international student, as governed by the federal immigration regulations set forth by the country of the student's study location within the Northeastern University Global Network. OGS advises students on the complexities of immigration compliance and interfaces with various government agencies.

During **international student orientation**, international students will receive an overview of the immigration compliance requirements along with information and resources to support academic success, student life, campus safety, and cultural adjustment.

During every required academic term, international students must maintain **full-time status and appropriate on-ground presence** at Northeastern to comply with federal immigration regulations. Note that timely registration for courses is especially important so that international students may remain in compliance with Northeastern's reporting requirements to the federal government about where they are studying. Because understanding federal regulations is complex and often nuanced, international students should consult with OGS if they have questions about their individual status.

OGS—United States (<https://international.northeastern.edu/ogs/student-support/global-campuses/canada/>)

Information for international students and scholars attending Northeastern in the United States, including I-20 (F-1) or DS-2019 (J-1) issuance, visa processing, general guidelines, orientation, events and programs, and support services. F-1 and J-1 students are encouraged to regularly review the guidelines on maintaining status (<https://international.northeastern.edu/ogs/current-students/understanding-visa-requirements/guidelines-on-maintaining-status/>).

OGS—Canada (<https://international.northeastern.edu/ogs/student-support/global-campuses/canada/>)

Information for international students attending the Northeastern program in Canada, including study permit compliance and extension, work eligibility, co-op work permit application, Post-Graduation Work Permit application, general guidelines, and support services.

Visa Immigration Compliance Team (<https://www.nulondon.ac.uk/study/international-students/visa/visasupport/>)—United Kingdom

The visa compliance team in London is committed to providing comprehensive support to international students throughout their CAS (Certificate of Acceptance for Studies) and UK student visa application processes. Their role encompasses assisting students in both pre- and postenrollment visa compliance activities.

The team also offers full support for an in-person enrollment on the first day at Northeastern University, London—which is a crucial process where the university verifies the information provided by international students and ensures their right to study in the UK. It is the university's responsibility to ensure that every international student possesses the correct visa to study in the UK. Once enrollment is successfully completed and all requested information is submitted, the visa compliance team issues a student ID card as a confirmation of the student's enrollment with Northeastern University, London.

The visa compliance team remains available throughout the student's enrollment life cycle to provide advice, guidance, and comprehensive support for any issues related to student visas. This includes addressing changes in program or any other matters related to visas or immigration, until the international student graduates.

## Office of the University Registrar

The Office of the University Registrar provides an important link between the university's academic programs and policies and the student. It administers a number of specific services, including class scheduling, registration, record functions, verification of enrollment, reporting, and transcript services.

The Office of the University Registrar utilizes the Student Hub (<https://me.northeastern.edu/>) to provide students convenient access to information and services, including class schedules and registration, most recent grades, unofficial transcripts, and transcript and enrollment verification requests.

Office of the University Registrar website (<https://registrar.northeastern.edu/>)

registrar@northeastern.edu

617.373.2300

617.373.5351 (fax)

### Maintenance of Student Records

The Office of the University Registrar is responsible for ensuring appropriate maintenance and safekeeping of student records. The transcript, which is stored electronically and maintained indefinitely, is the holistic record of student attendance and degree progress. In the event that the university discontinues operations, the archive of student records would be maintained by:

Massachusetts Department of Higher Education

One Ashburton Place

Room 1401

Boston, MA 02108

## Family Programs

Office of Student Orientation and Family Programs

800.696.6516

parents@northeastern.edu

The **Office of Student Orientation and Family Programs** serves full-time undergraduates enrolled on the Boston campus.

**Family Programs** connects families to university resources, helping you navigate and build networks within Northeastern University's global community. We support families throughout their Northeastern experience—including academic, administrative, and personal matters.

Each year, the office hosts several programs for family engagement including Husky 101 Family Orientation and Family & Friends Weekend. Stay connected on Facebook!

## Public Safety

### Northeastern University Police Department

100 Columbus Place

617.373.3333 (EMERGENCY—police, fire, medical)

617.373.3934 (TTY emergency or nonemergency)

617.373.2121 (nonemergency regular business)

Website (<https://nupd.northeastern.edu/>)

*Public Safety Division Administrative Offices*

617.373.2696

*Personal Safety*

617.373.2121

The Public Safety Division is committed to working with Northeastern University faculty, students, staff, and neighbors to build relationships and keep our campus thriving. Our work extends far beyond Boston, as we support learners in their academic and experiential endeavors around the world. The Public Safety Division is comprised of three sections: Police Department, Emergency Management, and International Safety.

The Northeastern University Police Department (<https://nupd.northeastern.edu/>) is a full-service and accredited police agency that comprises patrol and investigative divisions providing 24-hour service. NUPD has developed robust crime-detection and prevention strategies centered on technology and campus community engagement. Our well-trained officers are ready and willing to assist all members of our community.

A personal safety escort (<https://nupd.northeastern.edu/our-services/safety-escort-services/>) can be provided from one on-campus location to another, any time of day, whenever personal safety is a concern. You'll need to provide your name, Northeastern ID number, and location. Safety escorts usually arrive in 10 to 15 minutes. A special, nighttime off-campus escort service, called the RedEye, runs from dusk to dawn to transport students to their residence within two miles from the center of campus. Every night from 7 p.m. until 6 a.m., the RedEye van will pick students up at the Snell Library. In order to use this escort, you must book a ride in advance using the RedEye app, or you can book a ride at the RedEye dispatch center located at the Northeast Security office in the Ruggles Substation.

SafeZone (<https://nupd.northeastern.edu/safezone/>) is a mobile safety app that is unique to Northeastern. SafeZone is a smartphone app that any student or staff member can download and use for free. This app will connect you directly to the NUPD should you need our assistance or emergency support while you are on campus.

NUPD encourages you to not only familiarize yourself with all of the services provided by NUPD but to also utilize the services and safety-related tips provided. If you see something that does not look or feel right, NUPD encourages you to say something by contacting NUPD at 617.373.2121 or utilizing the SafeZone app.

#### **LOST AND FOUND ([HTTPS://NUPD.NORTHEASTERN.EDU/OUR-SERVICES/LOST-AND-FOUND/](https://nupd.northeastern.edu/our-services/lost-and-found/))**

If you have lost an item on Northeastern's Boston campus, call 617.373.3913. If your item has been turned in, we will contact you by telephone or email. If you have found an item on campus, return it to our headquarters located at 100 Columbus Place. If you suspect the item has been stolen, call the NUPD at 617.373.2121 to report the theft.

#### **UNIVERSITY EMERGENCY INFORMATION ([HTTP://WWW.NORTHEASTERN.EDU/EMERGENCY/](http://www.northeastern.edu/emergency/))**

617.373.2000 (snow emergencies)

617.373.3333 (police, medical, or fire emergencies)

Northeastern is committed to providing members of its community with a safe and secure place in which to live, work, and study.

The university is prepared to respond to emergencies and urgent situations that require immediate action. A trained team of police officers, EMTs, health and counseling experts, student affairs and residential life staff, and other professionals form a coordinated group that is able to manage a wide range of potential situations.

NU Alert, emergency broadcast communication messages, are sent to the email addresses and telephone numbers students, faculty, and staff have provided the university. For more information on NU Alert and Emergency Planning, visit the NUPD website (<https://nupd.northeastern.edu/safety/emergency-planning/>).

## Housing and Residential Life

Website (<https://www.northeastern.edu/housing/>)

617-373-2814

housing@northeastern.edu

Traditionally entering first- and second-year students are required to live in university housing. The Offices of Housing and Residential Life are dedicated to working with Northeastern University students to help build safe and inclusive living environments that support personal development and academic success. We share the goal of preparing students to become lifelong learners who are holistically formed, experience growth alongside others, and are responsible contributors to local and global communities. Residential Life staff designs intentional experiences, programs, and activities to build a strong community environment that prioritizes this goal.

### **Residential Life Staff**

Each residential community is supervised by a professional building staff member (residence director) and student resident assistants (RAs) who work together to maintain close contact with students to help make their experience living in university housing a positive one. Both Housing and Residential Life staff are trained in facilities management, community engagement, crisis response, conflict resolution, and interpersonal communications.

### **Living Learning Communities**

A central component of the residential experience for first-year students is Living Learning Communities. LLCs bring together students with a shared personal or academic interest to learn and grow as a community during their first year at Northeastern.

## Student Orientation

Office of Student Orientation and Family Programs  
800.696.6516  
orientation@northeastern.edu

The **Office of Student Orientation and Family Programs** serves full-time undergraduates enrolled on the Boston campus.

Husky 101 Orientation is **mandatory** for newly enrolled first-year, transfer, and military veteran students and is *highly encouraged* for families. Husky 101 and new student Welcome Week connect you to platforms to begin charting your Northeastern University path with global, research, and experiential opportunities and programs.

- Experience Husky Life
- Hear from university leadership and academic areas
- Learn about university resources and services
- Engage in student involvement programs
- Meet new classmates
- Explore campus and Boston

Once a new student officially commits to the university by paying the enrollment fee, they will receive Husky Happenings email communications from the Office of Student Orientation and Family Programs with critical information and next steps in the new student and family transition.

## We Care

617.373.7591

wecare@northeastern.edu (we\_care@northeastern.edu)

Website (<http://www.northeastern.edu/wecare/>)

We Care assists students who are experiencing unexpected challenges to maintain their academic progress. The staff works with students to coordinate among university offices, to offer appropriate referrals, and to help develop viable options to support their continued success at the university. We Care also provides guidance to faculty and staff in identifying Northeastern resources and policies to help students succeed.

## Financial Information

Student Financial Services is available to assist you in developing a plan for financing a Northeastern University education. To learn more, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/>).

- Bill Payment (p. 46)
- Delivery of Services (p. 49)
- Financial Aid (p. 50)
- Financing Options (p. 52)
- Tuition, Room, Board, and Fees Per Semester (p. 53)

## Bill Payment

Full payment of tuition, residence hall fees, and other related charges are due prior to the start of the term as specified on the original bill. A past-due balance may result in late fees, prevention of registration, prevention of grade release, prevention of participation in global study programs, or withdrawal from the university.

Tuition bills are only generated electronically and are available via the Student Hub (<https://me.northeastern.edu>). Students will receive an email notification to their Northeastern University email account when their bill is available. Please note that paper bills are not generated.

For additional information regarding the e-bill, please visit the Billing & Payments Frequently Asked Questions webpage (<https://studentfinance.northeastern.edu/billing-payments/billing-faq/>).

### Payment of Tuition

Accepted methods of payment are:

- **Checks and e-checks:** Payments can be made online via NUPay on the Student Hub. Payments may also be sent by mail or you may pay in person at Student Financial Services. If you are paying with a check or money order, please ensure that it is made payable to Northeastern University.
- **International payments using Flywire or CIBC:** Northeastern has partnered with Flywire and CIBC to streamline the international wire payment process to the university. This service provides students and their families a safe, cost-effective, and convenient method of making payments to Northeastern in foreign currencies. To learn more about international payments through Flywire and CIBC, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/payment-methods/#international-payments>).
- **Monthly payment plan:** For additional information regarding the monthly payment plan, which is administered through Flywire, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/financing-options/>).
- **Supplemental student and parent loans:** There are a number of supplemental educational loan programs available to assist students and families in financing their education. Review options on the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/financing-options/>).

For additional information regarding available payment and financing options, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/>).

### Student Financial Responsibility Agreement

As compelled by federal law, all students who enroll in classes at Northeastern are required to complete and accept the Student Financial Responsibility Agreement (<https://studentfinance.northeastern.edu/billing-payments/sfra/>). This agreement must be completed once per academic year and is located on the Student Hub. Failure to complete the SFRA will result in a hold that prevents registration.

### VA Education Benefits

In accordance with Title 38 USC 3679 (e), covered individuals utilizing Chapter 31 or Chapter 33 education benefits at Northeastern University will not have any penalty imposed on their account nor will they be required to take out additional funding due to pending or late payments from the Department of Veterans Affairs as long as the Dolce Center for the Advancement of Veterans and Servicemembers has a current Certificate of Eligibility or VRE Authorization on file AND a Request for VA Benefit Certification is submitted through the Student Hub (<https://me.northeastern.edu>) portal.

COEs must be submitted before the start of the student's first term but do not need to be resubmitted unless entitlement information changes. Students are also required to complete the Request for VA Benefit Certification form through the Student Hub (<https://me.northeastern.edu>) portal before the start of each term they wish to use VA benefits. Students may have a hold placed on the account if there is an outstanding balance after payment from the VA is received by Northeastern.

### Discrepancies in Your Bill

Discrepancies in billing statements should be addressed in writing by the student to the Office of Financial Services at [studentaccounts@northeastern.edu](mailto:studentaccounts@northeastern.edu). Include the student's name, Northeastern ID, dollar amount in question, date of invoice, and any other information believed to be relevant.

Responses will be sent to the student's Northeastern email address. If there is a billing discrepancy, pay the undisputed portion of the bill to avoid responsibility for any late fees or financial holds.

### Overloads and Reduced Loads

Undergraduate day tuition is charged on a flat per-term basis that includes the cost of each student's normal academic curriculum requirements for that term.

Adjustments for reduced loads are made only when the Undergraduate Petition to Reduce Load is approved by the academic department and the Office of the University Registrar, usually only in the final term. International students who wish to drop below 12 credits during the semester must obtain authorization from the Office of Global Services (<http://www.northeastern.edu/ogs/>). These students may be approved for a reduced course

load of fewer than 12 credits but no fewer than 6 credits in accordance with federal regulations. Tuition adjustments will then be made if the course load falls below 12 credits during full semesters and 6 credits during summer half sessions (calculated at the per-credit-hour rate). To receive an adjustment, the Undergraduate Petition to Reduce Load must be submitted prior to the start of the term. No rebate or credit is granted when a student voluntarily drops a course.

Financial adjustments for coursework greater than the prescribed curriculum for the term is calculated at the per-credit-hour rate for undergraduate full-time students. Students taking more than 8 credits (summer half session) or 16 credits (full semester) will be charged at the per-credit-hour rate.

Undergraduate full-time day students registered for co-op and taking a class will be billed at the per-credit-hour rate for the course. The flat undergraduate tuition rate will be charged for students on co-op enrolled in 12 credits or more.

Visit the Tuition and Fees webpage (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>) for a full listing of tuition rates. Also see “Overload Policy (p. 97)” and “Reduced Load Policies (p. 97).”

## Delinquent Balances

In cases of student default on tuition payments, the student may be withdrawn from the university and is liable for the outstanding tuition, as well as for all reasonable collection costs and any legal fees incurred by the university during the collection process. Accounts may be subject to monthly interest charges. *Transcripts and other academic records will not be released until all financial obligations to the university have been met.*

## Refunds on Credit Balances

The university automatically issues refunds for eligible students whose account reflects a credit balance.

Please note that if a credit card has been used to pay any portion of the amount due, the refund must be made first to that credit card. If the credit balance on the account exceeds the amount that was paid via credit card, these additional funds will be refunded by check or direct deposit.

If the credit balance in the student’s account resulted from a Federal Direct Parent PLUS Loan, the funds will be automatically refunded to the borrower. Any additional credit not from this loan will be refunded to the student.

For additional information regarding student refunds, including Frequently Asked Questions, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/policies-procedures/student-refund-requests/>).

## Refunds for Withdrawal from the University—General Information

Tuition refunds are granted based on the date of the official withdrawal processed by the Office of the University Registrar. Nonattendance does not constitute official withdrawal. Credit policies vary according to the duration of the course. Typical tuition adjustments are made according to the schedules shown below.

The first week of class is the week containing the “Classes Begin” date listed in the online academic calendar (<https://registrar.northeastern.edu/group/calendar/>).

Payment options and credit policies may vary for courses that follow a schedule different from the regular full- or half-semester courses. If you are unsure about a course you are taking, contact the Office of Student Accounts.

Transcripts and other academic records will not be released until all financial obligations to the university have been met. All rates are subject to revision at the discretion of Northeastern’s Board of Trustees.

For information regarding policies that affect eligibility for federal grants and loans upon your withdrawal or adjustment to course enrollment, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/>). Note that withdrawal policies vary for global study programs. For more information on study-abroad-related withdrawal policies, refer to the Global Experience webpage (<http://www.northeastern.edu/geo/studyabroad/>).

## Refunds for Course Withdrawals

Undergraduate day students should refer to the “Overload Policy (p. 97)” and “Reduced Load Policies (p. 97)” for information on adjustments for withdrawing from individual course(s). For withdrawals from a course after the third week of a full semester, contact [studentaccounts@northeastern.edu](mailto:studentaccounts@northeastern.edu).

## Refunds for Complete Withdrawal from the University

### FULL SEMESTERS

Official withdrawal during the first week	100% refund
Official withdrawal during the second week	100% refund
Official withdrawal during the third week	100% refund
Official withdrawal during the fourth week	60% refund
Official withdrawal during the fifth week	40% refund
Official withdrawal after the fifth week	No refund

**SUMMER HALF SEMESTERS**

Official withdrawal during the first week	100% refund
Official withdrawal during the second week	100% refund
Official withdrawal during the third week	50% refund
Official withdrawal during the fourth week	25% refund
Official withdrawal after the fourth week	No refund

**Disability Resource Center Adjustments**

Students who are registered with Northeastern's Disability Resource Center (<https://drc.sites.northeastern.edu/>) are eligible to petition to the center for tuition adjustments directly related to their documented disability. Students who drop below 12 credit hours may be affected by the loss of full-time-student status. Further information is available from the Disability Resource Center.

## Delivery of Services

Northeastern University assumes no liability for delay or failure to provide educational or other services or facilities due to causes beyond its reasonable control. Causes include, without limitation, power failure, fire, strikes by university employees or others, damage by natural elements, and acts of public authorities. The university will, however, exert reasonable efforts, when it judges them to be appropriate, to provide comparable services, facilities, or performance; but its inability or failure to do so shall not subject the university to liability.

In the event that Northeastern determines it must suspend or alter its operations in whole or in part due to epidemic, pandemic, other public health emergency, extreme weather, natural disaster, acts or threatened acts of terrorism or war, or any single act or combination of events beyond the university's control, Northeastern may suspend, reduce, terminate and/or modify its operations in whole or in part, which may or may not include offering online or other alternative learning options, in its discretion. In any such event, Northeastern is under no obligation to refund or credit any portion of tuition, fees, or other charges paid or owed, but it may do so in its discretion.

Northeastern reserves the sole right to promulgate and change rules and regulations and to make changes of any nature in its program; calendar; admissions policies, procedures, and standards; degree requirements; fees; and academic schedule whenever necessary or desirable, including, without limitation, changes in course content and class schedule, the cancellation of scheduled classes and other academic activities, and the substitution of alternatives for scheduled classes and other academic activities. In any such case, the university will give whatever notice is reasonably practical.

Northeastern will endeavor to make available to its students a fine education and a stimulating and congenial environment. However, the quality and rate of progress of an individual's academic career and professional advancement upon completion of a degree or program are largely dependent on the individual's own abilities, commitment, and effort. In many professions and occupations, there are also requirements imposed by federal and state statutes and regulatory agencies for certification or entry into a particular field. These requirements may change while a student is enrolled in a program and may vary from state to state or country to country. Although the university stands ready to help its students find out about requirements and changes in them, it is the student's responsibility to initiate the inquiry.

## Financial Aid

For many families, financial aid provides a foundation for success and is a key element in making a Northeastern University education affordable. Student Financial Services provides a full range of options that help students establish a comprehensive plan to finance their education.

---

### How to Apply

To apply for federal financial aid, first-year and transfer students must submit the Free Application for Federal Student Aid (<https://studentaid.gov/h/apply-for-aid/fafsa/>). Additionally, for institutional aid consideration, first-year and transfer students must also complete the CSS Profile (<https://cssprofile.collegeboard.org/>). Returning students must submit the FAFSA (<https://studentaid.gov/h/apply-for-aid/fafsa/>) each academic year.

Students are encouraged to submit their financial aid application materials by the priority filing deadline date to ensure that they are considered for all available financial aid programs for which they qualify. To view the priority filing deadline dates and learn more about the financial aid application process, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/applying-for-aid/undergraduate/>).

### Satisfactory Academic Progress (SAP)

#### QUALITATIVE

Student grade-point averages are reviewed annually at the end of spring semester. First-year freshmen students must have at least a 1.800 GPA by the end of their first academic year and a 2.000 GPA or better thereafter to retain financial aid eligibility. For students completing their sophomore year and beyond, a GPA of 2.000 is required to retain eligibility.

#### QUANTITATIVE

Students must also meet certain quantitative requirements. Completed credits are reviewed as a percentage of attempted credits after each academic year. Students must earn at least 67% of their cumulative attempted credits to maintain SAP.

#### APPEALS

Students who have lost their eligibility for financial aid due to failure to meet qualitative or quantitative SAP standards have the right to submit a letter of appeal to Student Financial Services. Approval of an appeal will be based on extenuating circumstances that had an impact on the student's ability to achieve the minimum standards of SAP and the assurance that these circumstances will not be present going forward. If approved, appeals require a contractual agreement that must be signed by the student and a Student Financial Services representative.

For additional information regarding SAP, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/policies-procedures/satisfactory-academic-progress/>).

### Change in Enrollment Status

Students must notify Student Financial Services about any change in planned period of enrollment, whether due to withdrawal from a class, a leave of absence, a change in co-op or in class, an approved reduction in course load, or withdrawal from the university. Changes in enrollment may impact types and amounts of financial aid offered by Northeastern.

It is highly recommended, whenever possible, that students discuss the impact of such changes with a Student Financial Services representative before making them.

### Outside Sources of Aid

Students must notify Student Financial Services of any aid received from outside sources, such as scholarships from outside organizations. A review and possible recalculation of a student's financial aid offer will occur.

### Return of Title IV Aid

Northeastern is required by federal statute to recalculate federal financial aid eligibility for students who withdraw, drop out, are dismissed, or take a leave of absence prior to completing 60% of a term. Recalculation is based on the percentage of earned aid using the Federal Return of Title IV funds formula. Federal regulations require students to obtain at least an A, B, C, D, S, or F in at least one course for the term; students who receive all unsuccessful grades for a term (NE, W, I, U) will be considered unofficially withdrawn from the term. For unofficial withdrawals, the withdrawal date used for aid recalculation is the midpoint of the term.

### Verification

If a student is selected for verification (<https://studentfinance.northeastern.edu/federal-verification-process/>), Student Financial Services may be required to collect additional financial documents, including tax returns and other financial documents, to verify the information provided on the FAFSA. Aid cannot be determined, finalized, or disbursed until this process is completed.

### Change in Circumstances

If a student believes that the aid process does not accurately reflect their financial situation, or if family circumstances change during the year, the student should notify Student Financial Services for further evaluation. For additional information regarding changes in financial circumstances,

please refer to the Student Financial Services website (<https://studentfinance.northeastern.edu/policies-procedures/changes-in-financial-circumstances/>).

## Financing Options

### Northeastern's Monthly Payment Plan

Northeastern University offers a monthly payment plan, administered through Flywire, which allows students and families to divide their educational costs each semester into smaller, more manageable installments. In using this plan, it can reduce your need to borrow, thereby reducing the overall cost of education. The monthly payment plan can be combined with awarded financial aid as well as other payment and financing options.

### Student and Parent Loans

There are a number of educational loan programs available to assist eligible students and families in covering expenses over and above any financial aid that may be awarded from Student Financial Services. Most private lenders have credit and income requirements that students and/or parents must meet before being approved for these programs. When researching the loan and lender that best meet your needs, make sure you take into consideration the interest rate; the quality of customer service; as well as any origination, disbursement, and/or repayment fees.

### Additional Information

To learn more about available financing options, including the monthly payment plan, the Federal Direct Parent PLUS Loan, and supplemental student or parent loans, visit the Student Financial Services website (<https://studentfinance.northeastern.edu/billing-payments/financing-options/>).

## Tuition, Room, Board, and Fees Per Semester

Annual costs for upperclass students participating in co-op vary depending on their pattern of attendance. See “Patterns of Attendance” section below. The number of semesters a transfer student spends in school depends on the curriculum of the student’s college. You are advised to verify your curriculum with your academic advisor so that you may plan accordingly.

### Total Estimated Costs

The total, estimated costs for students living in university housing and enrolled in the 17-meal plan for the 2023–2024 academic year are as follows:

#### TUITION AND FEES

Tuition and Fees	Per Full Semester	Per Summer Half Semester
Tuition	\$31,000	\$15,500
Student Center Fee	\$72	\$36
Student Activity Fee	\$163	
Campus Recreation Fee	\$62	\$36
Undergraduate Student Fee	\$320	

#### ROOM, BOARD, AND FEES PER SEMESTER

Tuition and Fees	Per Full Semester	Per Summer Half Semester
Residential Student Fee	\$35	\$17
Housing	Rates begin at \$5,125 <sup>1</sup>	Approximately 1/2 of semester rate <sup>1</sup>
17-Meal Plan <sup>2</sup>	\$4,090	\$2,045

<sup>1</sup> Rates vary depending on occupancy and assignment. Visit the Housing and Residential Life website (<http://www.northeastern.edu/housing/>) for a detailed list of housing rates.

<sup>2</sup> See *Dining Services* below for additional meal plan options.

Undergraduate day students who take a graduate course as part of their undergraduate program will be charged the same rates that apply to undergraduate credits. (See “Overload Policy (p. 97)” and “Reduced Load Policies (p. 97).”)

In addition to the expenses itemized above, families should plan on the normal costs of living that students incur for transportation, books, and personal expenses. While these expenses may vary, for the purpose of approximating a student budget, the university estimates these items at \$2,800 per year.

Tuition rates, room and board charges, and fees are subject to revision by the Northeastern University Board of Trustees at any time.

### Patterns of Attendance

To better plan for tuition and fees, students and parents should be aware that:

1. Tuition is charged when a student is taking classes/earning academic credit. Tuition is not charged for co-op; however, the student will pay room and board if they stay in a university residence hall while on co-op and will be assessed tuition if enrolled in a class.
2. Financial aid will be distributed to match the student’s academic program and tuition bills.

Northeastern’s calendar enables students to participate in six-month co-op assignments. Each academic year has two full semesters (fall semester, September–December, and spring semester, January–April) and two half semesters of about seven weeks each (summer 1, May–June, and summer 2, July–August). The six-month co-op assignments generally span either the spring plus summer 1 terms or the summer 2 plus fall terms.

The co-op schedule is flexible, but generally, students alternate periods in class with periods on co-op. All students are required to complete their program in the classroom, rather than on a co-op assignment, so their last semester will be in the classroom. For specific patterns of attendance for particular majors, consult the program plan for that major.

### Fees Required of All Students

The following fees are required of all students:

#### APPLICATION FEE

A nonrefundable fee of \$75 must accompany an application for admission.

**ENROLLMENT DEPOSITS**

A nonrefundable enrollment deposit, which is applicable toward the first semester's bill, must be paid by the due date indicated in the Application Status Check in order to reserve a place at Northeastern. This secures your enrollment and transition activities.

If you are an international student, your enrollment deposit includes a \$375 International Student Fee. This fee supports programs and services provided by the Office of Global Services (<https://www.northeastern.edu/ogs/>) on campus.

**UNDERGRADUATE STUDENT FEE**

The mandatory undergraduate student fee supports enrollment-related services throughout the student's first year, including new student orientation and welcome week activities. Beyond the first year, the fee supports enrollment services and costs related to ongoing communication to students and parents. The undergraduate student fee, in the amount of \$320 per full semester, is assessed each in-class or study-abroad term for undergraduate students. During the summer half semester, the fee is prorated.

**STUDENT FEES**

Students pay a student center fee of \$72 per in-school full semester or \$36 per in-school summer half semester. This fee supports the Curry Student Center. An annual student activity fee of \$163 is charged to support student clubs.

**CAMPUS RECREATION FEE**

All undergraduate students at Northeastern will be assessed a campus recreation fee of \$62 per in-school full semester or \$36 per in-school summer half semester. This fee covers admission to home athletic events, use of the Marino Fitness Center, the SquashBusters athletic facility, and the Cabot Gym (fitness and pool). This fee will also support the future construction of athletic fields and facilities.

**HUSKY CARD (PHOTO-IDENTIFICATION CARD)**

This card is issued to new students at orientation and registration. Students must have a valid Husky Card to use at most university facilities. A replacement card costs \$25.

**NORTHEASTERN UNIVERSITY STUDENT HEALTH PLAN (NUSHP)  
GENERAL INFORMATION**

Since September 1989, Massachusetts law (M.G.L. c.15A, § 18) has required every full-time and part-time student enrolled in a certificate, diploma, or degree-granting program in a Massachusetts institution of higher learning to participate in a Student Health Plan or in a health benefit plan with comparable coverage.

The Northeastern University Student Health Plan defines a full-time student as having full-time student status and enrolled in any amount of credits of a full-time curriculum.

NUSHP defines a part-time student as having part-time student status and enrolled in at least 75% of credits of the full-time curriculum (CPS undergraduate students—9 credits, CPS graduate students—6 credits).

The health fee is assessed each term on a student's account based on these definitions unless the student has previously waived the health plan fee in the current academic year.

Students on co-op or on study abroad are considered active students and will be enrolled in and billed for NUSHP each year.

Students enrolled in prematriculation and online programs are not eligible for NUSHP.

**HEALTH INSURANCE WAIVER**

Eligible students are automatically enrolled in NUSHP each academic year and may waive NUSHP via the Student Hub (<https://me.northeastern.edu>) once they have been billed for NUSHP. In addition, to be eligible to waive, comparable coverage must be effective from the beginning of the term the student meets Student Health Program requirements.

The burden of proof that the alternative insurance is adequate falls upon the student choosing to waive. By submitting the waiver form, the student will be accepting responsibility for all medical expenses incurred, and neither Northeastern University nor its Student Health Plan will be responsible for these expenses.

Northeastern reserves the right to verify that the student's insurance meets the criteria indicated. Disciplinary action may be taken if a student knowingly waives NUSHP without comparable coverage.

Visit the NUSHP website (<https://www.northeastern.edu/nushp/>) for waiver deadlines.

**Additional Fees**

Other fees may include the following:

**HOUSING APPLICATION/DEPOSIT**

New students must submit a nonrefundable \$600 enrollment deposit along with a completed housing application form to complete the housing application process. University housing is required for all first- and second-year students entering as new students through fall admission or the N.U.in Program. The upperclass housing deposit is \$200 for each full semester and for each summer half semester.

**RESIDENCE HALL ACTIVITIES FEE**

All students living in the residence hall system pay a full-semester \$32 fee or half-semester \$16 fee for activities sponsored by the Residence Student Association.

**LATE FEES**

Payment (in full or by payment plan) is due prior to the start of the term. If payment is not made by the required due date, a \$150 late fee will be applied to the student’s account. In addition, a monthly service charge (equal to 1% of outstanding balance at that time) will be applied to the account.

If a student or payer wishes to dispute a late fee assessment, they must do so, in writing, to studentaccounts@northeastern.edu. Please be sure to include the student’s name, Northeastern ID, and reason for the dispute in the email.

**INTERNATIONAL STUDENT FEE**

A onetime fee of \$375 is charged to new undergraduate international students. The fee supports programs and services available at the Office of Global Services.

**Room and Board**

**ROOM RATES PER SEMESTER**

Visit the Housing and Residential Life website (<https://www.northeastern.edu/housing/>) for a complete display of room rates and residence halls.

Students are billed at the beginning of each term and must pay the full charge for the term in accordance with Student Financial Services policy.

The high demand for university housing makes it necessary for Housing and Residential Life to enforce its termination and cancellation policies strictly.

**TERMINATION CHARGE AND ROOM RATE ADJUSTMENTS**

A student whose License Agreement is revoked due to a separation from the university is subject to the Termination Charge Policy and the financial assessments outlined below. All housing deposits on file will be forfeited. Students who are suspended or expelled from the university, or on a medical leave of absence or withdrawn from the university, will have their current and any active future License Agreements, as well as any housing applications, revoked. Upon reentry to the university, the student must reapply for housing and will be considered for housing accordingly, based upon eligibility and availability.

Students who withdraw from the university will have their meal plan charges prorated to the end of the week they complete the University Withdrawal form in the Office of the University Registrar. Students must also remove all belongings from university housing and check out properly with Housing and Residential Life in order to be credited, if applicable.

**Termination Charge Policy  
Fall and Spring Semesters**

Official Withdrawal from University	Room Charge Credited
Week 1	100% <sup>1</sup>
Week 2	90% <sup>1</sup>
Week 3	80% <sup>1</sup>
Week 4	60% <sup>1</sup>
Week 5	40% <sup>1</sup>
After week 5 <sup>2</sup>	0% <sup>2</sup>

<sup>1</sup> This credit may be prorated based on the daily charges of time used.  
<sup>2</sup> Students withdrawing after week 5 incur a 100% room charge for the term.

**Summer Half Semesters**

Official Withdrawal from University	Room Charge Credited
Week 1	100% <sup>1</sup>
Week 2	75% <sup>1</sup>
Week 3	50% <sup>1</sup>
Week 4	25% <sup>1</sup>
After week 4 <sup>2</sup>	0% <sup>2</sup>

<sup>1</sup> This credit may be prorated based on the daily charges of time used.  
<sup>2</sup> Students withdrawing after week 4 incur a 100% room charge for the term.

**Cancellation Charge Policy**

Cancellation charges apply if a student cancels or withdraws from a housing arrangement after the housing has been secured, as set forth in the tables below. Only students who are not required to live in university housing are permitted to cancel; first- and second-year students are required to

live in university housing. Students who cancel because of co-op outside of the Boston area, study abroad, or a medical leave of absence can cancel housing without cancellation charges, subject to providing acceptable written verification; housing charges for time of occupancy may apply. If the cancellation deadline has passed, students who can demonstrate a significant change in academic, co-op, or financial circumstances may petition for a waiver of this charge. See the following cancellation charge schedule:

Amount Charged	For Fall Semester	For Spring Semester	For Summer 1	For Summer 2
Deposit refunded; no charge	Before 5/15/23	Before 10/1/23	Before 3/15/24	Before 4/15/24
\$1,000 (\$500 half summer) charge <sup>1</sup>	After 5/15/23	After 10/1/23		After 4/15/24
\$2,000 (\$1,000 half summer) charge <sup>1</sup>	After 6/15/23	After 10/15/23	After 3/15/24	After 4/30/24
\$3,000 (\$1,500 half summer) charge <sup>1</sup>	After 7/15/23	After 11/1/23	After 4/1/24	After 5/15/24
100% of term room charge <sup>1</sup>	After 8/1/23	After 12/1/23	After 4/15/24	After 5/29/24

<sup>1</sup> The student's deposit for the term is applied to the cancellation charge assessed.

### NORTHEASTERN DINING SERVICES

All students residing in a traditional or suite-style university accommodation are required to participate in a meal plan.

**First-Year Students** residing in a traditional or suite-style university accommodation without a kitchen during their first two semesters are automatically assigned to the 17-Meal Plan. They have the option of enhancing to the Unlimited Plan or reducing to the 12-Meal Plan before the scheduled deadline. \*

**First-Year Students** residing in university apartments with kitchen facilities will be automatically assigned to the 12-Meal Plan. They have the option of enhancing to the Unlimited Plan or 17-Meal Plan or reducing to the 7-Meal Plan before the scheduled deadline. \*

**Non-First-Year Students** residing in a traditional or suite-style university accommodation without a kitchen will be automatically assigned to the 17-Meal Plan. They have the option of enhancing to the Unlimited Plan or reducing to the 12-Meal Plan or the 7-Meal Plan before the scheduled deadline. \*

**Non-First-Year Students** residing in university apartments are not automatically assigned a meal plan. They have the option to enroll in a meal plan of their choice at any time.

For information about menus, dining locations, and hours of service, visit N (<http://www.nudining.com/>) or Northeastern Dining (<http://www.nudining.com/>).

The traditional meal plan rates for 2023–2024 are shown below. For more information about meal plan rates, visit the Tuition and Fees webpage (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>).

Meals per Week	Full Semester	Summer Half Semester
Unlimited	\$4,405	\$2,203
17	\$4,090	\$2,045
12	\$3,700	\$1,850
7	\$2,600	\$1,300

### PROFILER MEAL PLANS

The Profiler Meal Plan is a **block of meals that are provided in lump sum** and can be used at the student's discretion. Profiler options are available to all students. However, these plans cannot take the place of a required, traditional meal plan and are nonrefundable.

Profiler Meal Plans end in August at the end of Summer 2 semester. Students are advised to pay close attention to the end dates, as unused meals do not roll over and will not be refunded. Please visit Northeastern Dining (<http://www.nudining.com>) for the most up-to-date information.

*Note:* Dining locations are limited during the summer and intersession breaks.

The Profiler rates for 2023–2024 are shown below. For updated rates, visit the Tuition and Fees webpage (<https://studentfinance.northeastern.edu/billing-payments/tuition-and-fees/>).

Meals	Cost
25	\$500
50	\$975
86	\$1,650
110	\$2,100

**Profiler plans are nonrefundable and cannot be modified.**

## **Husky Dollars**

Students can deposit funds into a Husky Dollar account (<https://www.northeastern.edu/huskycard/husky-dollars/>) and access these funds using their Husky Card at many restaurants and retail locations on and off campus, including the university's bookstore. Visit the Husky Dollar website for more information.

---

\* \*Students have until the **second Friday of the semester** to make any meal plan changes or to enroll in a meal plan via the Student Hub (<https://me.northeastern.edu/>).

Visit the Husky Card website (<http://www.northeastern.edu/huskycard/>) for details.

## Academic Policies and Procedures

617.373.7800 (fax)

Website (<http://www.northeastern.edu/drc/>)

Northeastern University and the Disability Resource Center are committed to providing disability services that enable students who qualify under Section 504 of the Rehabilitation Act and the Americans with Disabilities Act Amendments Act to participate fully in the activities of the university. To receive accommodations through the DRC, students must provide appropriate documentation that substantiates a disability and demonstrates a current significant limitation. Accommodations are provided based on an evaluation of the information provided by students, and their clinicians, on a case-by-case basis. These services are available for, but not limited to, students with the following diagnoses:

- Learning disabilities and/or ADHD
- Autism spectrum disorders
- Chronic or degenerative disorders
- Hearing loss
- Mobility impairments
- Psychiatric disorders
- Traumatic or acquired brain injury
- Vision impairments

Students should provide documentation to the DRC at their earliest convenience to allow for sufficient time for review. After the documentation has been reviewed, a disability specialist will contact the student regarding appropriate next steps. Visit the DRC website (<http://www.northeastern.edu/drc/>) for additional information or contact staff at 617.373.2675.

## Attendance Requirements

Class participation is essential to success no matter the course format or its delivery. Individual instructors may have course-specific attendance policies. It is the student's responsibility to ascertain what each instructor requires. Failure to meet attendance requirements may force a student to drop the applicable courses. Students should not make conflicting commitments until the class schedules for each semester are final. Permission to make up work may be granted by instructors for reasonable cause. Requests must be made immediately upon a student's return to class. Laboratory work can be made up only during the hours of regularly scheduled instruction.

### Absence Because of University-Sponsored Activities

Participation in university-sponsored activities, where the students are representing their university, college, or department, may cause absences from class that qualify as excused absences. Excused absences, with appropriate prior arrangement, are not subject to penalty, and missed work may be satisfied through agreement between the student and the instructor. University-sponsored activities that may justify excused absences include athletic competition, performing arts events, and research or other presentations.

Students must discuss absence(s) with instructors at least two weeks in advance of the university-sponsored activity, or as soon as possible if the activity is at the beginning of the term or is the result of an unforeseen circumstance. Instructors may require a written statement from the administrator in charge of the activity. Instructors are expected to make reasonable accommodations for these class absences, including administration of makeup assignments and exams whenever possible. It is expected that students seeking an excused absence will develop a plan and timetable to make up the missed coursework with their instructor(s). Note, however, that the requirements of some courses or programs may preclude such accommodations.

### Absence Because of Religious Beliefs

Any student who is unable, because of their religious beliefs, to attend classes or to participate in any examination, study, or work requirement should be provided with an opportunity to make up such examination, study, or work requirement that they may have missed because of such absence on any particular day, provided that such makeup examination or work does not create an unreasonable burden upon the university. Students should make appropriate arrangements with the instructor in advance of the absence, preferably at least two weeks before the religious observance.

### Absence Because of Jury Duty

Members of the university community are expected to fulfill their obligations to serve on a jury if called upon. A student selected for jury duty should inform their instructors. They will provide a reasonable substitute or compensatory opportunities for any required work missed. A student with such an absence will not be penalized in any way.

### Absence Because of Military Deployment

See "Leave of Absence Due to Military Deployment (p.       )."

### Other Absences

Unforeseen events or circumstances, including illness, may cause a student to be absent from class. Students must notify their instructors and academic advisor, as appropriate, as soon as possible to apprise them of the circumstances leading to their absence, as well as how much time will be missed. Students must work with their instructors to develop a plan, with a timetable, to make up missed coursework. Students cannot be required to provide medical documentation. (Faculty and students should note that the University Health and Counseling Services does not provide sick notes or medical excuses except for long-term illness.) Instructors are expected to make reasonable accommodations for warranted class absences, including administration of makeup assignments and exams, whenever possible.

### Extended Absences

A student who is absent from school for an extended period of time must inform their academic advisor by letter, email, or telephone. The expected length of the absence may determine whether the student should apply for a medical or emergency leave of absence (p.       ). It is strongly recommended that the student contact their academic advisor to discuss potential next steps, which could include incomplete grades; withdrawal from classes; or, in the event of an extended absence due to a chronic medical condition or disability, consultation with the Disability Resource Center to explore potential accommodation.

### Nonattendance

Nonattendance does not constitute official course dropping or withdrawal, which means the student is fully responsible for the academic and financial consequences. Like all grades for courses attempted and/or completed, a grade earned due to nonattendance impacts a student's academic progression, an international student's visa eligibility, and a federal financial aid recipient's aid eligibility and award.

## Campus Transfer and Campus Location Change

### Campus Transfer

Students may request an official campus transfer from their school/college to complete their program. The program has to be approved by the school/college academically AND meet regulatory requirements (state/provincial licensure). If the student is an international student, the program has to be offered in compliance with F-1/study permit requirements at the requested new home campus location. International students should seek advice from the Office of Global Services (<https://international.northeastern.edu/ogs/>) before the final decision to transfer to another campus.

### Campus Location Change

Students may request a campus location change to a new campus (the host campus) for a period no longer than one academic year (two consecutive semesters or three consecutive quarter terms) and no more than 50% of a degree program. It must be approved by the school/college academically, and courses must be offered that allow the student to make normal academic progress in compliance with regulatory requirements. In order for international students to change a campus location, the academic program has to be offered in compliance with F-1/study permit requirements at the requested host campus location.

## Clearing an Academic Deficiency

An academic deficiency occurs when a student fails to complete a course with a satisfactory grade. The deficiency may occur because the student has failed the course or because the student has passed the course but with a grade that does not meet the minimum required by the student's program.

Students who have academic deficiencies may be required to clear them before progressing within the curriculum, especially if a given course is a prerequisite for future coursework. Deficiencies may affect the student's expected year of graduation.

With the approval of the appropriate program faculty and/or academic advisor, students can clear deficiencies in the following ways:

1. Retake the same course at one of Northeastern University's colleges, which will result in a "retake" grade (see "Retaking Courses" in this section of the catalog).
2. Substitute a comparable course at one of Northeastern's colleges, which will result in a "retake" grade (see "Substituting Courses" in this section of the catalog).
3. Under special circumstances, if the course is not currently offered at Northeastern, a student may be advised to take a preapproved course at another institution outside Northeastern. The original grade will remain on the student's Northeastern transcript and will still be used in the calculation of the GPA.

## Code of Student Conduct

The Code of Student Conduct can be found on the Office of Student Conduct and Conflict Resolution (<http://www.northeastern.edu/osccr/code-of-student-conduct/>).

## Course Credit Guidelines

### Guidelines for Assigning Credit to Courses

The primary standard for establishing course credit at Northeastern University is the semester/quarter hour, or Carnegie Unit, the standard used by the federal government. One hour of credit is awarded for a lecture/seminar class meeting 50 minutes each week during a 15-week semester or 12-week quarter and also requiring a minimum of two hours of outside preparation each week by the student. An hour of contact time in the rest of the document is based on this 50-minute session.

- 2 semester/quarter hours (100 minutes per week of instruction plus 4–6 hours homework, or equivalent)
- 3 semester/quarter hours (150 minutes per week of instruction plus 6–9 hours homework, or equivalent)
- 4 semester/quarter hours (200 minutes per week of instruction plus 8–12 hours homework, or equivalent)

The Office of the University Registrar (<https://registrar.northeastern.edu/>) maintains the official record for all courses. In the event of error in any publication, the academic record will reflect the correct semester/quarter hours applicable to any degree requirement.

On occasion, course titles change, while the course number remains the same. Despite such title changes, the course is still considered to be the same course. Students who have taken the course under the old title and then take the course again under the new title are considered to have repeated the course.

#### NOTE ABOUT HOMEWORK AND STUDENT PREPARATION FOR CLASS

The credit hour assumes a set proportion of two hours of student preparation or homework for every hour spent in class. Northeastern wishes to emphasize that the federal government has established this as the minimum amount of work expected, and assigning more work does not in itself justify an increase in the credit value of the course. We also wish to note that there is great variation in the amount of time each student will need to devote to each course or to a specific form of study (e.g., reading, writing, completing problem sets), and, therefore, it is not possible to enforce any exact accounting of student work outside of class.

#### CREDIT ASSIGNMENT PROCESS

Northeastern uses the Carnegie Unit to determine class meeting time requirements. The actual amount of academic work that goes into a single credit hour is calculated as follows:

- One lecture (taught) or seminar (discussion) credit hour represents one hour per week (50 minutes) of scheduled class/seminar time and two hours of student preparation time.
- One laboratory or studio credit hour represents one hour per week of lecture or discussion time plus one to two hours per week of scheduled supervised or independent work, or a total of three hours in the lab or studio.

#### DEFINED INSTRUCTIONAL METHODS

- Traditional: meets fully on ground in a physical location with instructor present
- Hybrid: meets majority on ground in a physical location with instructor present with some online instructional component
- Live cast: meets fully on ground in a physical location with the instructor in a different location teaching synchronously and supported by an instructional assistant in the physical location
- Online: meets fully online

#### FULL-TIME AND HALF-TIME EXPERIENCES

Academic experiences integral to curriculum and requiring registration (but not credit bearing) have the following required hours of participation:

- Full-time experiences: 32–40 hours per week in a semester for a minimum of 11 weeks or 55 days, or in a quarter for 9 weeks or 45 days
- Half-time experiences: 16–31.99 hours per week in a semester for a minimum of 11 weeks or 55 days, or in a quarter for 9 weeks or 45 days (to achieve full-time status, graduate students must take 3 or more academic credits and undergraduate students must take 4 or more academic credits)
- Summer 1 or Summer 2 semester: minimum of 5 weeks or 25 workdays
- Summer quarter: 6 weeks or 30 workdays

International students must confer with the Office of Global Services to determine CPT requirements as appropriate.

## Course Numbering System

0001–0999

**Orientation and basic**

No degree credit

**Undergraduate**

1000–1999

**Introductory level (first year)**

Survey, foundation, and introductory courses, normally with no prerequisites and designed primarily for students with no prior background

2000–2999

**Intermediate level (sophomore/junior year)**

Normally designed for sophomores and above but in some cases open to freshman majors in the department

3000–3999

**Upper-intermediate level (junior year)**

Designed primarily as courses for juniors; prerequisites are normally required, and these courses are prerequisites for advanced courses

4000–4999

**Advanced level (senior year)**

Designed primarily for juniors and seniors; also includes specialized courses such as research, capstone, and thesis

**Graduate**

5000–5999

**First-level graduate**

Courses primarily for graduate students and qualified undergraduate students with permission

6000–6999

**Second-level graduate**

Generally for master's and clinical doctorate only

7000–7999

**Third-level graduate**

Master's- and doctoral-level courses; includes master's thesis

8000–8999

**Clinical/research/readings**

Includes comprehensive exam preparation

9000–9999

**Doctoral research and dissertation**

## Family Educational Rights and Privacy Act (FERPA)

### FERPA for Students—General Information

The Family Educational Rights and Privacy Act is a federal law that applies to educational institutions. Under FERPA, schools must allow students who are 18 years or over or attending a postsecondary institution:

- Access to their education records
- An opportunity to seek to have the records amended (see the *Student Handbook* for this procedure)
- Some control over the disclosure of information from the records

### FERPA General Guidance for Parental Disclosure

When a student turns 18 years of age or attends a postsecondary institution, the student, and not the parent, may access, seek to amend, and consent to disclosures of their education records.

If you are an undergraduate day student and you choose not to share information with your parents, Northeastern will, if asked, indicate that you have restricted access to your records.

### Release of Directory Information

The primary purpose of directory information is to allow Northeastern University to confirm attendance for employers, health insurance companies, and loan agencies. Northeastern may disclose appropriately designated “directory information” without written consent, unless you have advised the university to the contrary in accordance with the procedures below. If you choose not to release directory information, all communications with all third parties and agencies will need to be done through your written request to the university or in person.

As of June 30, 2016, Northeastern directory information includes:

- Student name
- Home address (city, state, country only)
- Major field of study
- College
- Class year
- Enrollment status (e.g., undergraduate or graduate, full-time or part-time)
- Dates of attendance
- Degrees, honors, and awards received
- Most recent educational agency or institution attended
- Sports activity participation, showing weight/height of members of athletic teams
- Participation in officially recognized activities

If Northeastern currently has permission to release data and you do not want the university to disclose directory information without your prior written consent, you must notify the university. Instructions are available at the Office of the University Registrar (<https://registrar.northeastern.edu/article/family-educational-rights-privacy-act-ferpa/>).

### Notification of Rights under FERPA

FERPA affords students certain rights with respect to their education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day the university receives a request for access. Students should submit to the registrar, dean, or head of the academic department (or appropriate official) written requests that identify the record(s) they wish to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student’s education record that the student believes is inaccurate or misleading. Students may ask the university to amend a record that they believe is inaccurate or misleading. They should write the university official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the university decides not to amend the record as requested by the student, the university will notify the student of the decision and advise the student of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is defined as a person employed by the university in an administrative, supervisory, academic, or support staff position (including law enforcement unit and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a person assisting another school official in performing their

tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. At Northeastern, the Office of the University Registrar, 271 Huntington Avenue, administers FERPA.

### **Additional Information**

Additional information can be obtained at the U.S. Department of Education's website (<http://www.ed.gov/policy/gen/guid/fpco/ferpa/>) or by writing to:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, D.C. 20202-5920

## Grade Change Policy

If a student has not graduated, a grade can be changed by a course instructor within 12 months of the end of the semester in which the grade was given.

If a student has graduated, or if more than 12 months have elapsed, a grade can only be changed by request of a course instructor with the approval of the college that offers the course.

If more than 24 months have elapsed, grades can no longer be changed.

If a course instructor is not available, course change requests may be initiated by the department or college that offers the course.

Colleges may place additional restrictions on how grades can be changed.

The grade change policy explains when a course instructor may change a student's grade to correct errors. This policy does not apply to incomplete grades or to student-initiated appeals to change grades. In particular, the grade change policy should not be used to allow a student to submit work after the completion of a class.

## Grade Table and GPA

### Grade Table

Grades are officially recorded by letters, evaluated as follows:

Letter Grade	Numerical Equivalent	Explanation
A	4.000	Outstanding achievement
A–	3.667	
B+	3.333	
B	3.000	Good achievement
B–	2.667	
C+	2.333	
C	2.000	Satisfactory achievement
C–	1.667	
D+	1.333	Undergraduate only
D	1.000	Undergraduate only/Poor achievement
D–	0.667	Undergraduate only
F	0.000	Failure
I		Incomplete
IP		In progress
CR		Credit (School of Law only)
HH		High Honor (School of Law only)
H		Honor (School of Law only)
P		Pass (School of Law only)
MP		Marginal Pass (School of Law only)
NE		Not enrolled
NG		Grade not reported by faculty
S		Satisfactory (pass/fail basis; counts toward total degree requirements)
U		Unsatisfactory (pass/fail basis)
X		Incomplete (pass/fail basis)
L		Audit (no credit given)
T		Transfer
W		Course withdrawal

An I, IP, or X grade shows that the student has not completed the course requirements.

The IP grade is intended for courses that extend over several terms. The time restrictions on the incomplete grade do not apply to the IP grade. While the IP grade is left unchanged, it is not included in computing the grade-point average. If the IP grade is never changed, the course does not count toward graduation requirements.

### Course Comments

The following notations may also appear on the student's transcript:

E	Course excluded from GPA
HON	Honors-level course
I	Course included in GPA

### GPA

Numerical equivalents for scholastic averages are weighted according to the number of hours the course carries. For example, suppose a student receives a grade of B in a course carrying 4 semester hours and a grade of A in a course carrying 1 semester hour. The weightings for these example courses are as follows:

<b>Grade</b>	<b>Numerical Equivalent</b>	<b>Semester Hours</b>	<b>Weight</b>
B	3.000	4	12
A	4.000	1	4
Totals:		5	16

The GPA for both courses would then be the total weight (16) divided by the total semester hours (5), or 3.200. Grades of I, IP, S, U, and X are not included in the calculation of the GPA. See Grade Table (p. 69) for a complete list of grades and numerical equivalents.

## Leaves of Absence and University Withdrawal

Students may request to take the following types of leaves of absence:

- Personal or Academic
- Medical or Emergency
- Military Deployment or Missionary Service

*Students in Prematriculation and Pathway programs (including N.U.in, Foundation Year, NU Immerse, Global Scholars, London Scholars, Global Pathways) do not fall under the leave of absence policy below. Students in these programs with emergent, medical, or personal circumstances that require a conversation about their ability to continue with their program of study should reach out to We Care ([https://studentlife.northeastern.edu/we-care/#\\_ga=2260687946268200191621858812-17152695181613325628](https://studentlife.northeastern.edu/we-care/#_ga=2260687946268200191621858812-17152695181613325628)) for further guidance.*

### General Leave of Absence Policy

Students who wish to take a leave of absence should complete a request through the Student Hub (<https://me.northeastern.edu>) (or via University Health and Counseling Services for a medical leave of absence, as described below) before the last day to drop without a W in a term. Please consult the Academic Calendar ([https://registrar.northeastern.edu/group/calendar/#\\_ga=222318140315109033061621260160-17152695181613325628](https://registrar.northeastern.edu/group/calendar/#_ga=222318140315109033061621260160-17152695181613325628)) for the last day to drop without a W in the term.

Students can request a leave until the last day to drop with a W in a term but should review the financial implications of withdrawing from courses on the Student Financial Services website (<https://studentfinance.northeastern.edu/policies-procedures/withdrawalleave-of-absence/>).

Students can take up to one year of leave.

Any leave of absence type, if approved, is subject to the following conditions:

- International students must make an appointment with the Office of Global Services (<https://international.northeastern.edu/ogs/>) to discuss leave of absence procedures in accordance with federal regulations.
- Students who do not return at the end of the leave will be withdrawn and must contact their college for reentry prior to the term start.
- Students must return to a university-sponsored activity that contributes toward the satisfaction of outstanding program requirements, such as registration for academic coursework.
- Students must be considered active in the period for which they are requesting a leave. Students are considered active when they are currently engaged in university-sponsored activity, such as academic coursework and co-op. If a student is withdrawn for personal reasons, the withdrawal can be reversed and a request for a leave of absence can only be processed if it is before the last day to drop without a W in a term. If the student has been administratively withdrawn, a request for leave of absence cannot be considered until the withdrawal is resolved.
- If a leave extends more than six months, students who have taken loans for education expenses may be required to begin repayment of those loans. Students who receive financial aid should meet with a financial aid counselor before going on a leave. Please see Return of Title IV Aid (p. 50) for the possible financial aid impact of a leave of absence.
- Students in university housing should refer to the Office of Housing and Residential Life for policy information.
- A student's enrollment status cannot include more than one academic year of consecutive nonclass enrollments. Students on leave for more than one year will be withdrawn from the university.
- If a student has taken multiple leaves, resulting in the postponement of expected graduation date of a calendar year, the next leave request will be processed as a withdrawal.
- While on leave, students are not allowed to take classes for credit toward their Northeastern University degree, either at Northeastern or at an outside institution.

Students on a leave of absence are considered active students and are able to register for classes in an upcoming term in a leave status. If a student is unable to register because they are inactive, the student should contact their college for reentry at the time of registration for the return term. Students are expected to register for classes upon returning from a leave of absence.

### LEAVE OF ABSENCE FOR INTERNATIONAL STUDENTS

International students must discuss maintenance of U.S. immigration status with an advisor at OGS before requesting any type of leave of absence.

### PERSONAL OR ACADEMIC LEAVE OF ABSENCE

Personal leaves of absence are general leaves of absence that do not meet the criteria of more specific leaves outlined in the catalog. Academic leaves are applied to a student record in the rare cases when a student has fulfilled the last remaining requirements abroad but final grades have been yet to be received at Northeastern; or are taking a leave of absence from Northeastern to pursue other academic work. A student interested in requesting a personal or academic leave of absence should speak with an academic advisor.

**MEDICAL OR EMERGENCY LEAVE OF ABSENCE**

Medical leave is an option available to those Northeastern students who develop a major medical condition that precludes class attendance, completion of requirements, and/or participation in co-op. Medical leave of absence requests must be initiated at UHCS (<https://www.northeastern.edu/uhcs/forms/medical-leave-of-absence/>).

Students on a medical leave will no longer have Husky Card access to the Marino Center, libraries, dining services, residence halls, and UHCS. If a student is in treatment at UHCS, they will be provided with referral resources for care in the community where they will reside during their medical leave. Students are not to be participating in student groups while on medical leave.

Emergency leaves may be granted when a student cannot continue attending class after the start of the term due to life-changing situations beyond the student's control. Students interested in requesting emergency leave are encouraged to contact We Care (<https://studentlife.northeastern.edu/wecare/>). Students can request an Emergency Leave of Absence via the Student Hub (<https://me.northeastern.edu>).

Students who have been granted a medical or emergency leave of absence due to extenuating circumstances may submit a Leave of Absence Refund Appeal Form ([https://service.northeastern.edu/sfs/?id=sc\\_cat\\_item&sys\\_id=50dc23cddb464150ebcdcafc13961951&sysparm\\_category=98921886db600d54ca10819b1396197e](https://service.northeastern.edu/sfs/?id=sc_cat_item&sys_id=50dc23cddb464150ebcdcafc13961951&sysparm_category=98921886db600d54ca10819b1396197e)) for financial consideration. If the appeal is approved, please note that housing and other fees will not be included in the appeal decision; refer to the Residence Hall and Dining License Agreement (<https://www.northeastern.edu/housing/license-agreement/>). Please only complete the Leave of Absence Refund Appeal Form if you have been approved for a medical or emergency leave of absence.

*Please note that any outstanding balance (including unpaid balances) for the academic term in which the leave is taken are still due to the university.*

Financial aid recipients must contact their financial aid counselor to understand the effects on aid received.

If the leave extends more than six months, students who have taken loans for education expenses may be required to start repayment of those loans.

Students enrolled in the Northeastern University Student Health Plan will remain enrolled in the plan for the plan year, ending August 31.

**LEAVE OF ABSENCE DUE TO MILITARY DEPLOYMENT OR MISSIONARY SERVICE**

When a student is called to active duty or missionary service, they must request the leave by filling out the proper request form through the Student Hub (<https://me.northeastern.edu>). Proof of official deployment or call to service paperwork will be required as an attachment when filling out the leave of absence request.

When a student is called during the term, the university will:

- Excuse tuition for that term. Any payment made will be credited to the student's account.
- Post a leave of absence for the term to hold a place for the student when they return.

If a student is called near the end of the term, the student and faculty members may determine that incomplete (I) grades are more appropriate. In this case, tuition will not be waived.

When a student returns to the university after completion, they will notify the college academic student services office if the leave was longer than one year; that office will in turn notify the Office of the University Registrar. The college academic student services office will assist the student with reentry and registration. If the leave was less than one year, the student should register for classes for the upcoming term prior to returning to campus.

International students who must take a leave of absence to engage in military service in their home country must also complete a form for leave of absence with OGS.

**RETURNING FROM A LEAVE OF ABSENCE**

Students on a leave of absence are considered active students and are able to register for classes in an upcoming term in a leave status. If a student is unable to register because they are inactive, they should contact their college for reentry at the time of registration for the return term. Students are expected to register for classes upon returning from a leave of absence.

Students who are withdrawn and are applying for Commencement may be reentered on a leave of absence, pending the college's approval, prior to the term in which they will graduate. International students returning from a leave of absence should contact OGS regarding the Student and Exchange Visitor Information System procedures three to four months prior to anticipated return date.

Students who wish to reenter the university following a medical leave must contact UHCS. Reentry from a medical leave requires receipt of all documentation delivered to UHCS approximately one month prior to the start of the term they wish to return. Once all documentation is received by UHCS, it will be reviewed and the student will be notified of the decision. Requests for reentry from medical leave must be completed no later than one week prior to the beginning of a term. Students must be enrolled in Northeastern classes for the term in which they wish to return from their medical leave of absence. More specific information about the reentry process can be found at the UHCS website (<https://www.northeastern.edu/uhcs/forms/medical-leave-of-absence/>).

**University Withdrawal**

Students seeking to withdraw from the university for any reason should meet with their academic advisor before completing the university withdrawal form online. Students should review the financial implications of withdrawing from all classes on the Student Financial Services website.

Students may be withdrawn from the university for financial, disciplinary, or academic reasons. Students looking to withdraw for medical reasons should reach out to UHCS ([mloa@northeastern.edu](mailto:mloa@northeastern.edu)) to review medical leave of absence.

## Personal Information

### **Change of Name**

Report all name changes to the Office of the University Registrar immediately. Official documentation of the name change is required.

### **Change of Address**

Report all address changes via the Student Hub (<https://me.northeastern.edu>). Both the permanent home address and the local address are required. International students must report any changes of local address or phone number via the Student Hub (<https://me.northeastern.edu>) within 10 days in order to ensure compliance with immigration regulations.

## Requesting and Clearing An Incomplete Grade

An incomplete grade may be reported by the instructor when a student has failed to complete a major component of a required course, such as homework, a quiz or final examination, a term paper, or a laboratory project. Students may make up an incomplete grade by satisfying the requirements of the instructor or, if the instructor is absent, the chair of the department. Be aware that instructors' policies on the granting of incomplete grades may vary and that the final decision on an incomplete grade is up to the instructor. Instructors may deny requests for an incomplete grade.

To request an incomplete grade, the student must obtain and complete in consultation with the instructor an Incomplete-Grade Contract (<https://registrar.northeastern.edu/article/incomplete-grade-contract/>) on which the precise agreement for clearing an incomplete grade is specified. The contract is then signed by the student, the instructor, and the student's academic advisor. Copies of the form are kept by the student, the instructor, and uploaded to the student's advising notes. The maximum time period for clearing an incomplete grade is restricted to 30 days from the end of the term in which the course was offered. Instructors may require a shorter due date before approving incomplete grade requests.

International students should consult with the Office of Global Services before requesting an incomplete grade to ensure that they will remain in compliance.

If the missing assignment(s) have not been submitted to the instructor within 30 days from the end of the term in which the course was offered, or the agreed upon due date, the grade entered will reflect the student's grade in the course for the work completed and the missing assignments receiving no credit toward the final grade. Changes in the final grade will be applied to the term in which the student was enrolled in the course. Any exception to this policy or extension of the deadline must be recommended by the college in which the course was offered and must be forwarded in writing to the Office of the University Registrar for implementation.

## Retaking Courses

When the appropriate course is available, students may retake a nonrepeatable course to earn a better grade. In all cases, the most recent grade earned in a course is the one used in calculating the overall grade-point average followed by the retake notation I, indicating the course grade is included in the overall GPA; however, previous grades remain on the transcript followed by the retake notation of E, signifying that that course grade has been excluded. Consult your academic advisor before retaking a course. Students are required to pay normal tuition for all retaken coursework.

When the course description for the student's registration term indicates that the course may be repeated up to a certain number of course completions, each completion of the course (up to the limit stated in the course description) will appear on the student's transcript, and the grade for each such completion will be used in the calculation of the student's overall GPA.

## Student Bill of Academic Rights and Responsibilities

*This bill was drafted by the Student Senate, the Vice President for Student Affairs, and members of the Faculty Senate. It was passed in the spring of 1992. It was then updated by the Student Body President, Vice President for Academic Affairs, and passed by the Student Senate in the Fall of 2017 and Faculty Senate in the Spring of 2018 for adoption in the Undergraduate Student Handbook (<http://www.northeastern.edu/osccr/code-of-student-conduct/>) for the 2018–2019 academic year.*

We, the students of Northeastern University, believe that a quality education is the paramount goal of all students. In order to fulfill this goal, the university recognizes certain rights and responsibilities, which follow below.<sup>1</sup> Northeastern University students recognize and accept that redress of complaints arising from these rights is limited to the procedures specified in “Student Academic Appeals Procedures”.<sup>2</sup>

### Course-Related Rights

#### ARTICLE 1

Students have the right to instructors who attend classes on time.

#### ARTICLE 2

Students have the right to receive grades and feedback in a timely manner, particularly in the case of sequentially related assignments. At least one summative assessment should be given and returned a week prior to the end of the withdrawal period. Students also have the right to view work they submit to satisfy course requirements after it is graded and receive their instructor's rationale for grades received on said work.

#### ARTICLE 3

Students have the right to adequate access to instructors. This includes instructors replying to communications from students in a timely manner, suggested to be within two business days, with the exception of during university recesses, as well as maintaining consistent office hours for in-person courses, occurring at the same time at least once a week. Instructors may change office hours by notifying students in a timely manner, suggested to be within two business days, barring extenuating circumstances.

#### ARTICLE 4

Students have the right to receive a course outline, which includes a fair and explicit grading policy, at the beginning of each course. Changes to the course outline that result in a deadline, assignment, major exam, or similar course event being introduced to or moved earlier in the schedule shall be communicated to students in a timely manner, suggested to be at least 10 business days prior to the new deadline.

#### ARTICLE 5

Students have the right to instructors who communicate the material pertaining to the course effectively in the English language except in the case of foreign language instruction.

#### ARTICLE 6

Students have the right to participate in and have access to Student Government Association teacher/course evaluations.

#### ARTICLE 7

Students have the right to have a list of all course materials that must be purchased. Possible substitutions for said course materials, (i.e., acceptable previous editions of textbooks, digital versions, library owned resources, etc.) should be made available to students at least a week prior to the start of the academic term.

#### ARTICLE 8

Students have the right to alternative grading arrangements if they are unable to attend a graded activity that takes place outside the scheduled class time.

### Rights to University Academic Services

#### ARTICLE 9

Students have the right to adequate access to effective academic services, including academic and co-op advising, as described in the student handbook and other university publications, provided by the university.

#### ARTICLE 10

Students have the right<sup>3</sup> to an environment conducive to learning and to faculty who respect students' academic freedom<sup>4</sup> in the classroom. When exercising academic freedom, students are expected to comply with all applicable university ethics, anti-harassment, and nondiscrimination policies.

#### ARTICLE 11

Students have the right to access university health resources provided by University Health and Counseling Services (<https://www.northeastern.edu/uahcs/>) (UHCS), and in accordance to Massachusetts State Law, to have access to a medical plan that they can purchase (Northeastern University Student Health Plan (<http://www.northeastern.edu/nushp/>)).

#### ARTICLE 12

Students have the right to access university resources provided by the university's Disability Resource Center in accordance with the Policy on Equal Opportunity ([https://www.northeastern.edu/policies/pdfs/Policy\\_on\\_Equal\\_Opportunity.pdf](https://www.northeastern.edu/policies/pdfs/Policy_on_Equal_Opportunity.pdf)). Students have the right to pursue informal and formal grievances through the procedures outlined by the Disability Resource Center (<https://drc.sites.northeastern.edu/>).

## Scheduling Rights

### ARTICLE 13

Students have the right to final exam schedules in accordance with established university policy, including non-conflicting final exam schedules.

### ARTICLE 14

Students have the right to attend any course session held prior to the end of the add/drop period so long as permission from the instructor is obtained in advance and all duly registered students have proper access to seating and other course resources.

### ARTICLE 15

Students will not be penalized for excused absences, with the understanding that students may need to make up for the academic commitment from which they were excused. Reasons for an excused absence include religious, medical issues, jury duty, bereavement, and military service. See this catalog (p. 60) and other applicable policies ([http://gonu.com/sports/2013/7/15/SASS\\_0715134535.aspx?path=sass](http://gonu.com/sports/2013/7/15/SASS_0715134535.aspx?path=sass)) for the full attendance and excusal policy.

## General Academic Rights

### ARTICLE 16

Students have the right to be informed, in a timely fashion, of proposed action to be taken against them.

### ARTICLE 17

Students have the right to the redress of academic grievances through the processes provided by the university.

### ARTICLE 18

Students have the right to university support and resources, such as the Office of Global Services (<https://www.northeastern.edu/ogs/>), with regard to their visa status.

### ARTICLE 19

In accordance with the Northeastern University's Nondiscrimination Policy ([https://www.northeastern.edu/policies/pdfs/Policy\\_on\\_Equal\\_Opportunity.pdf](https://www.northeastern.edu/policies/pdfs/Policy_on_Equal_Opportunity.pdf)), students have the right to a learning environment free of discrimination or harassment, including as provided for in Northeastern University's Title IX Policy (<http://www.northeastern.edu/titleix/title-ix-policy-2/>).

### ARTICLE 20

Northeastern University's policy on student produced intellectual property can be found under *Copyrightable Materials* in the *Undergraduate Student Handbook*.

### ARTICLE 21

Students have the right of access to their academic and financial aid records and maintenance of the privacy of these records, as provided by the Family Educational Rights and Privacy Act.

## Student Responsibilities

### ARTICLE 1

Contribute to a climate of open inquiry and honesty in all aspects of the university's academic life. This includes reviewing, and becoming familiar with, the Academic Integrity Policy on the OSCCR website.

### ARTICLE 2

Commit sufficient time and effort for study and for use of library, studio, laboratory, and computational facilities, as appropriate for each course.

### ARTICLE 3

Contribute to the classroom/laboratory/studio learning environment through discussion and active participation.

### ARTICLE 4

Acquire the necessary prerequisites for full participation in each academic course.

### ARTICLE 5

Attend scheduled classes regularly and on time, and arrive to class prepared, having completed all the readings and other assignments.

### ARTICLE 6

Seek out faculty and teaching assistants outside of class time, to obtain help with problems encountered in a given course.

### ARTICLE 7

Respect the academic freedom<sup>4</sup> of each faculty member and student.

### ARTICLE 8

Assist the university in its various self-evaluations (e.g., TRACE, surveys) by responding honestly and conscientiously.

### ARTICLE 9

Maintain effective communication with the university by providing permanent and local address information to the university through a system designated by the university, and by reading university email on a frequent and consistent basis.

**ARTICLE 10**

Act as positive representatives and genuine ambassadors of the university when studying and working in domestic and international settings associated with Northeastern University.

**ARTICLE 11**

Complete an entry (including itinerary, accommodation information, and contact information) using 'My Travel Plans,' located via the Student Hub (<https://me.northeastern.edu>) or other system as required by the university, prior to all university-sponsored travel outside of Massachusetts, including but not limited to: Study Abroad, Dialogues of Civilization, Foreign Exchange Programs like BSIB, Alternative Spring Break, Engineers without Borders, Co-op Placements outside of Massachusetts, etc.

**ARTICLE 12**

Complete all required activities prior to attending classes for their entrance date (including alcohol education, violence prevention programming, required reading, etc.).

**ARTICLE 13**

Have in their possession at all times the officially approved and properly validated photo identification card.

Students who fail to comply with these responsibilities could lose certain student privileges as well as face possible disciplinary sanctions under the Code of Student Conduct.

- <sup>1</sup> The student rights, through their representatives in the Student Government Association (SGA), described in these sections arise from faculty and staff employment responsibilities and obligations to the university. Northeastern University students recognize and accept that it is the sole prerogative of the university to enforce these obligations and responsibilities and to determine whether and to what extent they are being carried out or violated in specific instances. Northeastern University students recognize and accept that their ability to effect redress of complaints arising from these rights is limited to the procedures specified in the current *Undergraduate Student Handbook*.
- <sup>2</sup> The articles shall be interpreted by the Office of the Provost in conjunction with the Office of the Vice President for Student Affairs, and shall be monitored by the Student Government Association. Further, should any student discover that they have been subject to any violation of the principles stated herein, the student should follow the appropriate complaint resolution procedure in the *Undergraduate Student Handbook* (<http://www.northeastern.edu/osccr/code-of-student-conduct/>). The Student Government Association, if requested by the student, will monitor the progress of any student academic grievances.
- <sup>3</sup> Because the university operates on a twelve-month calendar in an urban environment, many construction, remodeling, renovation, and repair projects must take place while the university is in session, and other potential distractions from the learning process arise from the surrounding urban environment on which it is dependent but over which it exerts little or no control. Thus, though the university is committed to maintaining an appropriate learning environment for its students, Northeastern University students recognize and accept, as part of their relationship with the university, that the conditions described above may cause occasional disturbances to that environment.
- <sup>4</sup> For more on academic freedom, please refer to the AAUP's definition (<https://www.aaup.org/report/1940-statement-principles-academic-freedom-and-tenure/>).

## Student Responsibility Statement

By accepting responsibility for their education, students enhance the development of their academic, social, and career goals. As a condition of enrollment, students are responsible for reviewing, understanding, and abiding by the university's policies, regulations, procedures, requirements, and deadlines as described in all official publications, including the university's Academic Catalog, Northeastern and college websites, and official university email communications, as applicable.

Students are responsible for meeting the degree requirements of their academic programs in all respects, including completeness and correctness of course selection, compliance with prerequisite and corequisite requirements, completion of program and degree requirements through regular, comprehensive review and understanding of the degree audit, and observance of all academic regulations and deadlines.

Students are expected to seek guidance from appropriate university representatives, such as departmental program advisors, academic advisors, co-op coordinators, and the Office of the University Registrar (<https://registrar.northeastern.edu/>), to confirm their compliance with all applicable academic expectations and requirements.

## Student Right-to-Know Act

For information about the Student Right-to-Know Act, visit the Office of the University Registrar's website. (<https://registrar.northeastern.edu/article/student-right-to-know-act/>)

## Substituting Courses

In some cases, it may not be possible to retake a course if a student wishes to do so. In unusual circumstances, students may petition to substitute one course for another they have already taken, as long as the subject matter of both courses is substantially alike. With the approval of the student's academic advisor and the agreement of the department that offered the first course taken, a grade received in the new course will be labeled "Substitute" on the transcript and will be treated in the grade-point-average calculation as a "retake" grade, as described above. The original grade will remain on the student's Northeastern University transcript. Students should consult with their academic advisor before enrolling in any proposed substitute course. Students are required to pay normal tuition charges for all substitute coursework.

## University-Sponsored Travel

Northeastern University is committed to the health, safety, and security of its students and all other members of the university community. As a global institution, our university members undertake university travel around the world in pursuit of teaching, research, consulting, service, cocurricular activities, and work intended to advance learning and the interests of the university. The university supports standards and expectations associated with travel that are designed to reduce personal and university risk.

To enhance the health and safety of our students, you are required to comply with the university travel policies and guidance when undertaking university travel. These include, but are not limited to:

- **Registering University Travel**—Students, faculty, and staff are required to enter their travel itineraries and other requested information into the travel registry. To access the registry, go to the Student Hub (<https://me.northeastern.edu/>) and navigate to My Travel Plans to register your travel.
- **Review Destination Risks and Take Steps to Reduce Risks Before and During Travel**—Review the country briefing for your destination found in the Travel Security portal (<https://travelsecurity.garda.com/checkMail/>) and travel health and safety advice issued by the U.S. Department of State, the U.S. Centers for Disease Control and Prevention, other government organizations, the host nation, international organizations, etc. Travelers will be reminded about these sources via an email following trip registration.
- **Connectivity**—All students traveling on university programs must carry a cell phone with international calling, SMS, and cellular data capabilities. Phones must be able to receive incoming and make outgoing phone calls without relying solely on data-calling or a Wi-Fi signal. Phone number must be updated in the Student Hub (<https://me.northeastern.edu/>) profile and My Travel Plans registry before travel.
- **Complete Travel Petitions or Waivers**—Visit the Travel Protocols page (<https://globalsafety.northeastern.edu/travel-protocols/>) to determine what forms travelers are required to complete before participating in off-campus programming. The page also explains how to obtain approval to travel to a destination designated as high risk by the university.
- **Reduce Your Travel Cyber-Risk and Exposure**—Review and comply with the Policy on Portable Devices for High Cybersecurity Risk Destinations (<https://cpb-us-w2.wpmucdn.com/sites.northeastern.edu/dist/b/620/files/2020/09/Policy-on-Computers-and-Mobile-Devices-for-International-Travel.pdf>).
- **Personal Health Insurance**—All travelers are required to have personal health insurance that provides coverage while participating on university trips. Insurance requirements and an explanation of the university-provided urgent and emergency program can be viewed on the insurance and global safety support network pages of the university's global safety (<https://globalsafety.northeastern.edu/>) website.
- **Attend Predeparture Orientation**—PDO provides travelers with information about resources, requirements, safety, and security while traveling. Contact your program office to enroll in an in-person or online training.
- **Register Side Trips**—Side trips are travel that takes place prior to, during the course of, and/or immediately following a scheduled program but is not part of the program. Travelers are required to notify the university and register side trips.

Students are responsible for familiarizing themselves with the university travel policies and are encouraged to visit the university's global safety (<https://globalsafety.northeastern.edu/>) website for guidance. If you have questions related to travel or travel support, please email [mytravelplans@northeastern.edu](mailto:mytravelplans@northeastern.edu). If you need assistance during university travel, please call the university's 24-hour travel assistance line at +1.857.214.5332.

## Academic Appeals Policies and Procedures

It is the policy of the university that all students shall be treated fairly in evaluations made of their academic performance, standing, and progress. The university presumes that academic judgments by its faculty are fair, consistent, and objective. Students must understand that the substitution of a different academic judgment for that of the original evaluator is a serious intrusion upon teaching prerogatives. Nonetheless, the university believes it is essential to provide an appeals mechanism to students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education determination. This includes claims of misinterpretation or inequitable application of any academic provision of the university's *Undergraduate Catalog*, *Undergraduate Student Handbook*, *Faculty Handbook*, or *Cooperative Education Handbook*.

The steps below are for academic appeals. In the academic appeals procedures described herein, "dean" refers to the dean of the appropriate college or a designee. If a student feels that they have been the victim of harassment or of discrimination prohibited by university policy, they should consult with the Office for University Equity and Compliance (<https://www.northeastern.edu/ouec/>) as soon as they become aware of alleged prohibited harassment or discrimination. A student is not required to wait until a term grade or determination is received before seeking advice or redress. If the OUEC is advised of such alleged prohibited conduct as part of an academic appeal (see below), the appeal shall be pursued and investigated through the OUEC first. In such cases, the student should submit the appeal to the appropriate dean(s) described in Step 2, with a copy also given to the OUEC. Following a resolution of the harassment/discrimination issues, any remaining academic issues will be addressed, at the request of the student, according to the academic appeals procedures .

Though students are always entitled to seek the advice of legal counsel, a student's lawyer cannot be present in the informal or formal academic appeal procedures . A student may consult with the vice provost for curriculum and programs or the senior vice chancellor for student life or their designees at any point in these procedures for advice or assistance. University officials may take whatever steps they deem reasonably appropriate to achieve resolution of the problem at any stage of these procedures.

### Step 1: Discuss Concerns with Instructor and/or Unit Head

In most cases, students should first discuss their concerns with the faculty member who taught the course to see if it is possible to reach agreement on the issue(s). If the student is not satisfied with the outcome of this discussion, or if the student is not comfortable discussing the issue with the instructor, the student should request a meeting with the department chair, or a person named by the chair, to attempt a department-level resolution. If these attempts to informally resolve the issue fail, the student can enter the formal procedure at the college level as follows. Note that this step should occur as soon as possible after the academic determination given the time frame for appeal statement submission described in Step 2.

### Step 2: Prepare an Appeal Statement

A student appeals an academic determination by submitting a written statement (the Statement). The Statement shall include when the problem occurred, who made the disputed determination, the nature of the determination, and what resolution the student is requesting. All relevant supporting materials should be attached to the Statement. The Statement should be submitted no later than 28 calendar days from the day when the academic determination is made available to the student. If the appeal concerns academic probation, it is submitted to the dean of the college in which the student is enrolled. If the appeal concerns a grade or course evaluation, it is submitted to the dean of the college in which the course was given. If a student wishes to dispute a grade in their final term, this must be done within 28 calendar days of degree conferral date.

### Step 3: Dean's-Level Resolution

The dean shall respond to the student in writing, including specific instructions for the student to seek an informal resolution to the matter, unless such a course of action, as outlined by the student in their Statement, is demonstrably futile. A copy of this response shall be sent to the department chairperson or equivalent supervisor of the appropriate unit. If the student has failed to achieve relief through an informal resolution, the dean shall discuss the matter with the department chairperson or equivalent supervisor and, if applicable, the dean of the college in which the faculty member involved in the matter serves, who shall attempt to effect an informal resolution. In this case the student shall also have the right to discuss the matter with the chairperson, or equivalent supervisor, in which department the faculty member involved in the matter serves.

If the appeal involves allegations of prohibited harassment or discrimination, the dean shall consult with the OUEC before responding and shall, as part of this response, explain the role that the OUEC will play in Steps 4 and 5 of this procedure.

### Step 4: College-Level Appeal

If the student is not satisfied with the disposition of the matter at Step 3, they may proceed with the appeal through their college's established academic appeals procedure. The dean or the academic standing committee, as applicable, must provide the student and the involved faculty member with a written report of their/its finding(s) and decision.

- This step involves a review by a college academic standing committee making the recommendation to the dean. The student may obtain a copy of the operating rules of the academic standing committee from the dean of the college involved.
- In appeals involving allegations of prohibited harassment or discrimination, the dean or academic standing committee shall receive a report of the findings of the investigation of the OUEC. The dean or committee shall be without authority to reverse or modify the OUEC finding(s) or resolution and, instead, shall work to resolve the remaining academic appeal issue(s).

### Step 5: University-Level Appeal

If the student is not satisfied with the college's disposition of the matter, or if the appeal is not resolved within 35 calendar days after having been submitted to the dean pursuant to Step 2, they may appeal the matter to the university level. The student shall submit a request in writing, within 10

calendar days of the finding of the college in Step 4, to the vice provost for curriculum and programs that the university convene an academic appeals resolution committee to review the issue.

The academic appeals resolution committee includes:

- The vice provost for curriculum and programs or a designee
- A faculty member (not involved in this dispute) appointed by the dean or the dean's designee from the student's major college(s), department(s), or area(s) of specialization
- Two faculty members appointed by the Faculty Senate Agenda Committee (if the appeal is based on a cooperative education determination, one of the faculty members shall be a member of the cooperative education faculty but not from the student's area of study)
- If the appeal had at any point involved a matter of prohibited harassment or discrimination, the committee shall include a representative of the OUEC, who shall be a nonvoting member

The chairperson shall be elected from among the committee's three faculty members.

### **PRELIMINARY MATTERS**

If the academic appeals resolution committee determines, by a majority vote, that the appeal is patently without substance or merit, it may dismiss the appeal.

### **INVESTIGATION**

The academic appeals resolution committee shall conduct a prompt investigation. This investigation may include studying the relevant documents, interviewing the parties involved, and taking any other action it deems appropriate. If the committee chooses to interview the student or the involved faculty member, they both shall have the right to appear and testify separately and privately before the committee. The student shall have the right to have an advocate from the university community present during their testimony. At no time shall the committee be bound by rules of evidence but shall at all times conduct itself in a manner that is not arbitrary or capricious.

### **AUTHORITY TO ACT**

The academic appeals resolution committee has been designated as the final authority on these matters. At the conclusion of its investigation, the academic appeals resolution committee shall by majority vote resolve the issue(s) by either upholding the finding of the college, in which case no further appeal is available, or granting such relief to the student as the academic appeals resolution committee deems appropriate.

- The academic appeals resolution committee may not determine a resolution that contradicts the prior findings or actions of the OUEC
- In the event of a tie vote, the action of the college academic standing committee shall be considered upheld

### **REPORT**

All direct parties to the appeal including, but not limited to, the student, the involved faculty member, the Faculty Senate Agenda Committee, the vice provost for curriculum and programs, the senior vice chancellor for student life, the dean(s), and the the Office of the University Registrar shall be promptly informed in writing of the decisions and actions taken during this academic appeals procedure.

### **ACTION**

The dean(s) or their designee(s) in the involved college(s) shall take whatever action is necessary to implement the resolution of the academic appeals resolution committee. This includes, where applicable, reporting the change of grade to the Office of the University Registrar.

### **APPEAL**

Once adjudicated, the matter is considered closed, and no further appeal can be instituted by the student or the involved faculty member with respect to the issue(s) raised at any level of the formal undergraduate academic appeals procedure.

## Academic Honors

### Dean's List

A dean's list, or honors list, is issued at the end of each fall and spring semester. The requirements to be on the dean's list are a 3.500 grade-point average or higher with no incomplete grade or grade below C-. Students who are on any form of probation, who are enrolled in a course on a pass/fail basis (except where there is no alternative or where required by the program), or who are not carrying a full load as determined by their undergraduate college are not eligible. With a few exceptions as approved by the respective colleges, a full load for fall and spring semesters is considered to be a minimum of four courses or 16 semester hours.

### Graduation with Honors

Graduation with honors and selection as the class marshal are reserved for undergraduates who have completed 64 semester hours in residence and meet the following GPA requirements to graduate with honors:

GPA	Honor Conferred
3.500–3.699	Graduate with honor (cum laude)
3.700–3.849	Graduate with high honor (magna cum laude)
3.850–4.000	Graduate with highest honor (summa cum laude)

*Note:* The university reserves the right to change these standards.

### Honors in the Discipline

Honors in the Discipline is earned by those students who successfully complete college-defined requirements, generally culminating in a junior/senior honors thesis or a junior/senior honors project. This distinction will appear on the transcript (for example, "Honors in Music" or "Honors in Chemistry"). Detailed information about Honors in the Discipline is provided under each college's website.

### University Honors Program Distinction

For students who entered the University Honors Program fall 2022 and prior, distinction is earned by completing six Honors courses or approved experiential learning experiences, including an Honors Interdisciplinary Seminar—Honors Seminar (HONR 3310)—and maintaining a cumulative grade-point average of 3.500. The Honors course requirement is adjusted for students who join the University Honors Program as second-semester first-year students (five Honors courses or approved experiential learning experiences) or as rising/continuing sophomores (four Honors courses or approved experiential learning experiences). Note that no more than three approved experiential learning experiences can be used toward meeting the six Honors course requirement.

Information on what courses and experiential learning experiences qualify toward University Honors Program Distinction can be found on the University Honors Program's website (<https://undergraduate.northeastern.edu/honors/academics/requirements-earning-university-honors-distinction/>).

Those Honors students who matriculate in fall 2023 and future semesters are required to maintain a cumulative GPA of 3.000 and complete three Honors courses and/or approved experiential learning experiences. Information about distinction and/or credentialing for this cohort and beyond is under development.

## Academic Integrity Policy

*The following academic integrity policy was created in consultation with and approved by the Office of Student Conduct and Conflict Resolution, the Student Government Association, and the Faculty Senate.*

Visit the Office of Student Conduct and Conflict Resolution (<http://www.northeastern.edu/osccr/academic-integrity-policy/>) website's Academic Integrity Policy page for a full description of these policies and procedures.

### **Honor Code**

*The following honor code was designed and approved by the Student Government Association:*

On my honor, I pledge to uphold the values of honesty, integrity, and respect that are expected of me as a Northeastern student.

## Academic Progression Standards

### Progress Reports

Progress reports warn students and their advisors of difficulty in courses. This warning is important for student success. Faculty members may submit reports at the third week and then the midpoint of the semester, early enough for correction of the performance or for withdrawal from the course, if appropriate. Progress reports for student-athletes are necessary for NCAA compliance.

### Academic Status

Academic progress of all students is reviewed by academic advisors at the end of each semester. Students are notified soon after final grades are posted if there are concerns about academic progress in any or all of the following areas:

1. Overall grade-point average
2. Semester hours successfully completed
3. Failing or near-failing grades in courses that are required for progress in the major

Students at Northeastern University maintain good academic standing when they meet the following criteria:

1. Have an overall GPA of 1.800 at the end of each semester of their freshman year and a minimum cumulative GPA of 2.000 at the end of each semester thereafter
2. Earn at least 12 semester hours in the semester just completed

Individual colleges may have additional requirements that are specified in each college section that follows.

In addition, many programs require that specific courses be successfully completed to progress to the next year. Students who do not make satisfactory progress will not graduate with their class and may be withdrawn. For more information about additional academic progression standards for each college, program, or major, refer to the curriculum guidelines that can be found in the college sections of this catalog. See financial aid implications under Financial Aid (p. 50).

### Academic Probation

Full-time students who fail to meet the criteria for good standing described above will be placed on academic probation effective for the following semester. The action will appear on the internal record but not on the transcript.

### Academic Dismissal

Students who remain on probation after two full-term academic semesters may be dismissed from the university. This action may appear on the transcript at the end of the second probationary semester. In addition, students who have below a 1.000 GPA or fewer than 4 earned semester hours in any semester or cumulatively may be dismissed at the discretion of their college. Students may appeal this decision to the Academic Standing Committee of their college (see following section). International students must consult with an advisor in the Office of Global Services (<http://www.northeastern.edu/ogs/>) to discuss the impact of an academic dismissal as it relates to nonimmigrant visa status.

### Academic Standing Appeals

Students may appeal academic standing status if they can provide evidence and/or reasons supporting an appeal. Generally, a student on probation may be granted no more than one additional full-term academic semester to meet the criteria for good academic standing. Students may appeal to the Academic Standing Committee of their college to review probation and dismissal cases.

### Academic Eligibility for Participating in Student Organizations and Athletics

All students must have a minimum 2.000 overall GPA to be eligible for an elected or appointed leadership position in any student organization. Athletes must adhere to NCAA standards.

### Repeating Courses to Clear Deficiencies

See Retaking Courses (p. 76) and Clearing an Academic Deficiency. (p. 62)

### Definition of Freshman, Sophomore, Junior, and Senior

For undergraduate day students, freshman, sophomore, junior, and senior standing are determined by earned semester hours:

Freshman	Less than 32 semester hours
Sophomore	At least 32 but less than 64 semester hours
Junior	At least 64 but less than 96 semester hours
Senior	At least 96 semester hours

## Cooperative Education

Website (<http://www.northeastern.edu/coop/>)

Cooperative education is the cornerstone of Northeastern University's experiential learning approach, in which on-campus study is enhanced by real-world experience through full-time employment at locations worldwide. Through co-op, students alternate periods of academic courses with periods of employment in positions related to their academic or career interests. This combination provides an integrated learning experience that enhances both in-class studies and career development.

### General Requirements

- Be a full-time student to participate in co-op.
- Complete two full-time fall/spring semesters as a matriculated student enrolled in a degree-seeking program according to the student's assigned pattern of attendance. Some programs may require completion of additional semesters to be eligible for co-op.
- Complete all pre-co-op requirements as established by the college of the student.
- Make satisfactory progress toward degree completion, including grade-point average requirements, as defined by the university, the colleges, and the major program curricula.
- Have accurate information about the co-op placement in the university's official co-op placement system, including specific start and end dates and meeting the minimum hour and day requirements.
- Not participate in co-op in the final term unless it is specified in the curriculum requirements of the program in the catalog.
- Not participate in co-op in the term following a return from a leave of absence.
- Resolve any previous disciplinary or academic probation issues, or have the cooperative education coordinator approve a plan to resolve these issues prior to applying for co-op jobs.
- Have any self-developed co-op approved by the cooperative education coordinator before accepting the position.
- Comply with any pre-employment checks required by the employer, such as drug testing, credit checks, physical examinations, security clearance, and criminal record checks.
- Participate in Title IX training, as required.
- Complete any additional requirements (<https://careers.northeastern.edu/students/student-co-op/global-co-op/>) if participating in a global co-op.
- Work with the cooperative education coordinator if an Unsatisfactory (U) grade has been received for a past co-op to reestablish eligibility in accordance with the policies and requirements of the college.

### TRANSFER AND INTERNATIONAL STUDENTS

- Transfer students from other universities must have met the same requirements in their major's co-op program as nontransfers and must have completed at least one semester of classes before starting co-op.
- International students must attend one academic year, or its equivalent, and obtain proper authorization from the Office of Global Services before engaging in co-op.

### Academic Requirements

1. **Be full-time while on co-op. Full-time status for co-op is defined as either:**
  - a. One full-time co-op job, 32–40 hours per week
  - b. Two simultaneous half-time co-op jobs, 16–31.99 hours each
  - c. One half-time co-op job; 16–31.99 hours with graduate students taking 3 or more academic credits or undergraduate students taking 6 or more academic credits
    - i. Undergraduate students on co-op in a summer 1 or summer 2 term may be registered for one half-time co-op without acquiring a second job or taking an accompanying class.
2. **Meet the minimum length requirements for an academic term:**
  - a. Semester full-term: minimum of 11 weeks or 55 workdays
  - b. Quarter full-term: minimum of 9 weeks or 45 workdays
  - c. Summer 1 or summer 2 term: minimum of 5 weeks or 25 workdays
3. **Receive a grade of Satisfactory or Unsatisfactory for the co-op experience.**

### Registration for Co-op

Students are registered for co-op based on a completed co-op record that meets the minimum hour and day requirements with accurate start and end dates in the university's official co-op database system. Students must be registered for the co-op work experience course by the end of the add period or alternately registered for classes if still searching for a job by this deadline. All co-op positions need to be approved by the university and entered as completed records in the official co-op database system by the last day to drop without a W for the respective semester.

### **Co-op Financial Planning**

- No tuition is charged while a student is on co-op only (students will pay room and board if they stay in university housing).
- If a student takes a credit-bearing class while on co-op, tuition will be charged at the per-credit rate.
- Students who wish to register for more than 4 credits while on full-time co-op must complete the Petition Registration form (<https://registrar.northeastern.edu/wp-content/uploads/sites/9/form-pet-reg-14.pdf>).
- Financial aid will be distributed to match the student's tuition bill and other allowable expenses.
- Students on co-op are required to maintain the same health insurance coverage (either through a private provider or through the university program) as they would while attending classes.

### **Further Information**

For more detailed information about co-op policies and procedures, see the *Cooperative Education Student Handbook* on the Cooperative Education website (<https://www.northeastern.edu/coop/>).

## Degrees, Majors, and Minors

### Declaring Majors and Minors

Undergraduate students may declare their majors upon admission to the university or may elect to join programs for undeclared students before declaring a major. Students must declare a major no later than the end of the sophomore year. Majors and concentrations are described under the various schools and colleges in this catalog.

Students should declare a minor as early as possible and no later than the end of the junior year. Students must fulfill all requirements for the minor and major concurrently and may not extend their program of study to complete a minor. Completion of the requirements of a major, minor, or concentration is noted on the transcript.

### Changing Majors

Undergraduate students enrolled full time in one or more of the university's undergraduate schools or colleges may change their major if they meet one of the following transfer criteria:

- The student meets the criteria for immediate entry as defined by the receiving major.
- The student has a cumulative grade-point average of 2.000 or greater and satisfactorily completes the transition criteria as defined by the receiving major. For GPA below 2.000, change of major is at the discretion of the receiving major.

Students who are considering a major change must discuss their change in person with an advisor in the receiving major. See the online list of advising offices (<https://registrar.northeastern.edu/article/changing-majors/>). The advisor will certify that the student meets the criteria for immediate entry to the major or will set up a transition term for the student to satisfy the change-of-major criteria. Advisors will discuss the student's ability to succeed in the desired program given the current academic record as well as the influence of changing major on the student's ability to obtain a degree in the desired program within the traditional eight-academic-term time frame.

Transition criteria are designed to help ensure that students who change major have a reasonable chance of academic success and program completion. A list of school and college transition criteria is maintained at the website of the respective school or college. Students wishing to join some majors must also audition or submit a portfolio, as indicated on the aforementioned webpage. Note also that some colleges have deadlines for applications to change major, also indicated on the aforementioned webpage.

International students must inform the Office of Global Services (<http://www.northeastern.edu/ogs/>) of any change of major.

### Northeastern Explore Program

The Northeastern Explore Program provides support and guidance to first-year students who have not yet decided upon or officially declared a major. All students must declare a major no later than the end of the sophomore year. Undeclared students are strongly encouraged to declare a major by the beginning of their sophomore year if they are interested in highly structured programs or in maximizing their number of co-op placements within such a major. Admission to a particular major is dependent on the transfer criteria described above.

The D'Amore-McKim School of Business, the College of Engineering, and the Khoury College of Computer Sciences also each provide resources to facilitate a major choice for students who enter their respective colleges with undeclared majors.

### Double Major

Students may earn a double major by gaining admission to the second major and by completing all requirements for both majors. Because some double majors will have a significant overlap in courses, all double-major proposals must be approved by the home college of each major in the proposed double major. Students completing a double major receive one degree and one diploma. The two majors appear on the transcript. If the two majors are in different colleges, the degree is associated with the major in the home college.

### Second Northeastern University Bachelor's Degree

A student may earn a second Northeastern University bachelor's degree after the conferral of a first Northeastern bachelor's degree. Following the first degree conferral, a student may seek and be granted admission into a second bachelor's degree program. All degree requirements for the second major that are not included on the student record for the first degree must be fulfilled. Outdated coursework may not be accepted. Students must earn a minimum of 32 semester hours beyond those earned toward the first degree. A second diploma will be awarded and the second degree will be noted on the transcript.

Students must complete an application with the home college of the intended degree. Some programs may require prerequisites prior to admission. Students should apply by the normal transfer deadline to ensure timely consideration. The college makes the determination on admission; notifies the student of this decision; and, if the student is admitted, provides the student with a program of study and reactivates the student's record. International students must consult with an advisor in the Office of Global Services to request updated documentation reflecting engagement in the second bachelor's degree program.

## Combined Majors

Students with academic interests spanning two disciplines may choose to pursue a combined major. A combined major is one major that includes at least nine courses from each of the two participating disciplines. No more than two courses may count for both disciplines, i.e., there must be at least 16 courses in the combined major. There are multiple points of curricular integration between the two disciplines. This includes courses acting as a bridge between the two majors being combined, experiential learning opportunities, research and creative opportunities, and more. These opportunities for curricular integration occur at different stages of the program in order to meet the curriculum integration learning outcome(s). It is generally advantageous to declare the combined major as early as possible, especially when highly structured disciplinary components are involved.

See the online list of current combined majors. (<https://admissions.northeastern.edu/academics/combined-majors/>) Students may request admission to a combined major by following the standard procedure for changing majors. A home college is designated, in which the student will be registered and from which they will be graduated. Most combined majors allow the student to choose the home college. Upon graduation, students receive one major, one degree, and one diploma. The combined major and home college will appear on the transcript and diploma.

## Independent Majors

In the rare cases when students have academic interests that fall within the expertise of Northeastern faculty members and are not available in the large number of existing majors and combined majors, they may propose an independent major. Independent majors form a cohesive program focusing on some issue, theme, or subject area not available within the context of existing curricula. These programs should be equivalent in depth and coherence to existing majors. No student with less than a 3.250 GPA will be approved for an independent major. The proposal must be approved by the end of the first semester of the junior year. Proposals will not be considered before the end of the freshman year. For initial information and advice, interested students should consult their academic advisor.

The student assumes the initiative in formulating an independent major. High degrees of student initiative and self-reliance are also necessary for completion of this type of major. The student is responsible for securing the advice and approval of faculty mentors, at least one from each of the disciplines. These faculty mentors will help the student design the curriculum. The faculty mentors will guide the student's academic progress through the major. The student should select one of the faculty mentors as the primary mentor.

If the disciplines partnering in the independent major are in different colleges, the college of the primary mentor will be designated as the home college, in which the student will be registered and from which the student will be graduated. The student will enroll in the Approved Independent Studies major. Students completing an independent major receive one degree and one diploma. Upon graduation, a comment will be added to the transcript to reflect the title indicated on the approved independent major proposal. When the components of the independent major individually offer different degree designations, the degree designation that will appear on the transcript and diploma will be designated during the approval process.

The student, with the assistance of the faculty mentors, must formulate in writing and submit to the home college curriculum committee an Independent Major Approval form (<https://registrar.northeastern.edu/article/independent-majors/>) bearing the signatures of all faculty mentors and a proposal containing the following items:

- A statement of the central concept around which the independent major is organized and a rationale for the major, including a discussion of why existing programs are inadequate to the student's purpose and how the proposed major meets the student's educational, professional, or personal goals
- A list of courses—including names, numbers, prerequisites, and frequency of offering (if known)—and a breakdown of the introductory, intermediate, and advanced courses included in this list
- A statement of the manner in which NUpath requirements (p. 111) are fulfilled (and, if applicable, BA degree requirements (p. 119))
- A list of courses—including numbers, names, and grades—already taken that will apply to the major or to NUpath (and BA degree, if applicable) requirements
- A student transcript
- A calendar for completion of the degree

A meeting of all faculty mentors and the student must be held before college approval of the major program. In accepting the proposal, the home college dean's office certifies that the rules established for the independent major have been followed, and it assumes administrative responsibility by assigning an academic advisor to monitor the student's progress and clear the student for graduation. Any changes in the curriculum must be approved by the primary faculty mentor, and the home college advisor must be informed. Final approval of independent majors is granted by the university Undergraduate Curriculum Committee.

## PlusOne Bachelor's/Master's Programs

Northeastern offers a number of PlusOne bachelor's/master's degree programs that allow students to accelerate the completion of the bachelor's degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Generally, both degrees may be earned in one more year than is the normal time allotted for completion of the bachelor's degree. See additional information on PlusOne Bachelor's/Master's programs (<http://www.northeastern.edu/plusone/>). (<https://registrar.northeastern.edu/article/plusone-program-accelerated-bachelorgraduate-degree-programs/>)

Northeastern University School of Law also offers students a PlusJD program (<http://catalog.northeastern.edu/graduate/law/accelerated/>) that allows students to count their first year of law school toward their undergraduate degree.

**Minors**

Minors offer an opportunity for students to complement their major with intensive study in another area. A minor consists of a minimum of four courses (16 semester hours) defined by a department or an interdisciplinary program. In some cases, background courses are also required. Unless otherwise indicated, minors are generally open to all university students. The program of study for the major and minor cannot be the same where the courses for the minor are a subset of required courses in the major, e.g., a Bachelor of Science student with a biology major cannot enroll in the biology minor.

**Final Examinations and Related Policies on Other Exams and Final Term Papers/Projects**

- Final examinations are normally two hours in length and must be held when and where scheduled. Final exams are held during a designated final exam period at the end of the semester. An examination schedule is posted at the beginning of each semester at the Final Exam Information webpage (<https://registrar.northeastern.edu/article/final-exams/>).
- Students are responsible for knowing the time and location of their examinations. Final exam schedules are available to students online via the Student Hub (<https://me.northeastern.edu/>) under "My Schedule" in the "Self-Service" tab approximately the fourth week of the term.
- Students who have two examinations scheduled at the same time or three exams on the same day may complete and submit the Final Exam Conflict form (<https://registrar.northeastern.edu/article/final-exams/>) by the posted deadline.
- Instructors may not give more than 30 total minutes of examinations during the eight calendar days prior to the start of the final exam period.
- Students who have concerns about exams scheduled during the eight calendar days prior to the start of the final exam period, rescheduling of final examinations, or conduct during an examination should report their concerns to their college academic student services office.
- All final examinations, term papers, or projects must be returned to the student or be retained by the department for a period of one year.

## Graduation Requirements

To be eligible to receive degrees, graduating seniors must meet all academic and residency requirements. They must also clear all financial, experiential education, and disciplinary deficiencies.

In addition, each program of study has specific academic requirements. These are specified for each program under the various schools and colleges in this catalog.

Once they matriculate, students are expected to complete all coursework for their degree at Northeastern University; or an entity in a formal contractual, consortial, or partnership relationship with Northeastern; or at an approved Northeastern study-abroad program. In some cases, in order to clear a deficiency, to permit students access to courses deemed by their respective advisors and colleges to be important for their educations but unavailable to them at Northeastern, or to remain on track for graduation, a student may petition their college for permission to take a course at another accredited institution. See also "Residency Requirement," below.

Prior to completion of their program, students are expected to complete a graduation degree audit at their college's academic student services office.

*Note:* Participation in study abroad in a student's final semester may result in a delay in graduation due to calendar discrepancies across institutions.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath requirements (p. 111).

### Residency Requirement

In addition to meeting all degree and major requirements, students must earn a minimum of 64 Northeastern semester hours to receive a bachelor's degree. Established exchange programs, where students are earning two degrees, one from Northeastern and one from another institution, require students to earn a minimum number of Northeastern semester hours as specified by the exchange program. Specialized programs for students with preexisting credentials have specific residency requirements.

### Commencement

Attendance at Commencement is optional. Information concerning Commencement is provided to all graduating seniors during the spring semester. Seniors who have been removed from the graduation list are notified if they fail to qualify for their degrees. No special notice is sent to students who do qualify.

## Registration and Taking Courses

Students are expected to register for classes during the published registration times in the academic calendar. First-year students may be preregistered for some or all of the courses they need. Most registration after the first year is accomplished through the Student Hub ([https://me.northeastern.edu/#\\_ga=217595715418628104591632752675-7252721051631731537](https://me.northeastern.edu/#_ga=217595715418628104591632752675-7252721051631731537)). Students must complete “I Am Here” registration just prior to the start of classes to remain enrolled. Class adds must be registered by the end of the seventh class day.

### Class Schedule

All classes start promptly according to the class schedule shown. Most classes at Northeastern University are scheduled in the time periods listed.

Students are expected to be punctual. Students who are late for classes should attend for the balance of the class period. Instructors will not tolerate habitual tardiness.

Students may leave 15 minutes past the scheduled opening of class if the instructor is not present. In such cases, students should notify the department in which the course is offered that the instructor was not present.

Any change of regularly scheduled classes or examinations must have the unanimous consent of the students involved unless other mutually acceptable arrangements for students to attend the alternative class or examination are worked out between the faculty member and the student(s) involved. Final exams must be held during the final exam time period and may not be negotiated in accordance with the official policy.

During the terms when they are teaching, faculty members are expected to provide sufficient conference time to meet the instructional and advising needs of their students.

### Fall and Spring Schedule

Sequence 1	MWTh	8:00–9:05
Sequence 2	MWTh	9:15–10:20
Sequence 3	MWTh	10:30–11:35
Sequence 4	MWTh	1:35–2:40
Sequence 5	MWTh	4:35–5:40
Sequence 6	TuThF	11:45–12:50
Sequence 7	TuWF	3:25–4:30
Sequence A	MTh	11:45–1:25
Sequence B	MW	2:50–4:30
Sequence C	TuF	8:00–9:40
Sequence D	TuF	9:50–11:30
Sequence E	WF	11:45–1:25
Sequence F	TuF	1:35–3:15
Sequence G	TuF	3:25–5:05
Sequence H	Tu	11:45–1:25
	and Th	2:50–4:30
Sequence L	MWTh	8:00–11:35
Sequence M	MWTh	11:45–2:40
Sequence N	MWTh	2:50–5:40
Sequence P	MWTh	8:00–10:20
Sequence Q	MWTh	10:30–1:25
Sequence R	MWTh	1:35–5:40
Sequence S	MWTh	1:35–4:30
Sequence T	TuF	8:00–11:30
Sequence U	TuF	11:45–3:15
Sequence V	TuF	3:25–5:25
Sequence W	TuF	1:35–5:05

### Summer Schedule

Sequence 1	MTuWTh	8:00–9:40
Sequence 2	MTuWTh	9:50–11:30
Sequence 3	MTuWTh	1:30–3:10

Sequence 4	MTuWTh	3:20–5:00
Sequence 5	MTuWTh	11:40–1:20
Sequence A	MW	8:00–11:30
Sequence B	MW	1:30–5:00
Sequence C	TuTh	8:00–11:30
Sequence D	TuTh	1:30–5:00

## Course Syllabus

Faculty members are expected to distribute a syllabus at the start of each course. The syllabus should also be placed on the course Canvas site. The syllabus should include a schedule of topics, exam and assignment due dates, information on how to contact the faculty member, process for conference time, grading and attendance policies, and a reminder of the university's Academic Integrity Policy.

## Course Prerequisites

Students are expected to meet prerequisites as listed in the course description of each course in which they enroll. Grades of F, U, I, or W in prerequisite courses do not normally fulfill requirements. Exceptions must be authorized by the instructor teaching the course.

## Overload Policy

An overload occurs when a student is enrolled in more courses than prescribed by the program's curriculum. To register for an overload, students are advised to consult their academic advisor. Students who enroll in overload courses will be billed at the per-credit-hour rate, 1/16<sup>th</sup> of the full-semester tuition for that semester per semester hour. Undergraduate full-time day students may register for an additional music ensemble course from the list of courses without added charge as long as they are registered for a full course load.

## Reduced Load Policies

Undergraduate full-time students are generally expected to take a full-time course load in progression toward their degree. Tuition adjustments for reduced loads are made only when the Undergraduate Petition to Reduce Load is approved by the academic advisor. Tuition adjustments are made for approved reduced course loads if the registered credits fall below 12 semester hours during full semesters or 6 semester hours during summer half semesters (calculated at the per-credit-hour rate). To receive petition for the adjustment, the Undergraduate Petition to Reduce Load must be submitted prior to the start of the term. Please refer to Student Financial Services Billing Policies (<https://studentfinance.northeastern.edu/policies-procedures/billing-policies/>) for further information.

No rebate or credit is granted when a student voluntarily drops a course. A reduced load may impact the student's housing, financial aid, visa status, and health insurance. Students should consult applicable departments before committing to a reduced load. Students who take a reduced load will be billed at the per-credit-hour rate, 1/16<sup>th</sup> of the full-semester tuition for that semester per semester hour.

International students must speak with an advisor at the Office of Global Services (<http://www.northeastern.edu/ogs/>) prior to dropping a course. Permission to drop below full-time status is restricted according to federal regulations.

## Audit Policy

Full-time Northeastern students (16 semester hours at the undergraduate level, before the audit registration) may audit one class per term as an overload with no additional charge.

- Students are permitted to petition (<https://registrar.northeastern.edu/article/audit-policy/>) from the end of the class-add period to the end of the third week of classes.
- Permission is based on the availability of a seat in the class.
- Students must obtain advisor approval and meet the prerequisites and any other required approvals for the class.
- Instructor permission, as well as approval by the associate dean of the college offering the course, is required.
- The coursework required is at the discretion of the instructor.
- Once a student opts to audit a class, the audit status of the class cannot be changed.
- First-year students may not audit classes.
- A signed Petition to Audit (<https://registrar.northeastern.edu/article/audit-policy/>) must be presented to the Office of the University Registrar during the designated audit-add period.
  - Students will not be registered for approved audited class(es) until after the add period is over for the intended term.
- Excluded courses are co-op, labs, language courses, any off-campus course, any online course, and any course required for the major or degree.
- Audits carry no academic credit.

## Pass/Fail (S/U) System

The individual schools and colleges state how and when the pass/fail system may be used. An outline of the general system follows.

- Any student not on academic probation may register for one pass/fail course per semester if permission is granted by the college in which the student is enrolled and if the course is offered on a pass/fail basis.

- Pass/fail courses are normally restricted to electives outside the major, outside any minor, or outside NUPath requirements. The college faculty, however, may choose to adopt the pass/fail system of grading when it appears pedagogically sound for required courses within a major or minor.
- Before requesting a pass/fail grade from an instructor, students should meet with their academic advisor to determine whether doing so will disqualify the course from satisfying a program requirement or elective. In general, courses taken on a pass/fail basis can be used only to satisfy open electives.
- Individual faculty members may decide whether any of their courses may be taken on the pass/fail system of grading, except when uniformity is necessary. In such cases, the department and/or college faculty offering the course determine whether the pass/fail system is used.
- Grades recorded on the basis of the pass/fail system do not figure in the computation of the grade-point average. Satisfactory completion of all courses taken on the pass/fail system is designated on the student's permanent record by the letter S. Unsatisfactory work is designated by the letter U. Any unsatisfactory grade must be handled according to the existing policy of the college but must never be cleared through the election of the same course pass/fail, except when this system is the only one used by the college for grading the course.
- To use the pass/fail system, students must meet all prerequisites for the course and declare by the end of the second week of the semester their intention to receive a pass/fail grade. This deadline may be extended to the end of the eighth week of a full semester or the end of the fifth week of summer half semester at the option of the instructor.
- Students must submit a Petition to Elect Pass/Fail Grade (<https://registrar.northeastern.edu/wp-content/uploads/sites/9/form-passfail-1.pdf>), signed by the faculty member.

### Taking Courses While on Co-op

Students who wish to take more than 4 semester hours while on full-time co-op must complete the petition registration form with their college academic advising office before the term begins. Students who do not receive the approval of their academic advisor and co-op coordinator will be dropped from their preregistered courses. Students who take a course while on co-op will be billed the per-credit-hour tuition rate. (See "Reduced Load Policies" above.)

### Transfer Credits for Current Students

Once they matriculate, students are expected to complete all coursework for their degree at Northeastern University; or an entity in a formal contractual, consortial, or partnership relationship with Northeastern; or at an approved study-abroad program. In some cases, in order to clear a deficiency, to permit students access to courses deemed by their respective advisors and colleges to be important for their education but unavailable to them at Northeastern, or to remain on track for graduation, a student may petition their college for permission to take a course at another accredited institution.

With the approval of the college academic advisor and the graduate school offering the courses, students may take courses in Northeastern's graduate schools.

Students who wish to take courses at another institution and transfer the credit to Northeastern must obtain *prior* approval from the college academic advisor. The Office of the University Registrar validates accredited institutions to ensure credit transferability. The student must earn a C (2.000) or better for a course to be considered for transfer. Students are responsible for providing documentation on the institution's accreditation, course grading, and course descriptions prior to approval.

### Special Students

Students who are not enrolled at Northeastern University may petition the college academic advising office to take courses on a semester-by-semester basis. Approval is based on the student's academic qualifications and on the availability of class space. The maximum cumulative semester hours for which a special student may register is 20 (not including related labs). Tuition is billed at the undergraduate per-credit-hour rate. If the college academic advising office approves the course enrollment, the student pays the bill and then returns the completed forms to the Office of the University Registrar.

### Dropping A Class

Not attending class does not constitute withdrawal. Students receiving a grade of W or NE in any course are responsible for the costs associated with that course. Students must drop courses using processes described below.

*Note: College of Professional Studies graduate students should consult the CPS graduate section of this catalog (<http://catalog.northeastern.edu/graduate/professional-studies/academic-policies-procedures/registration-and-taking-courses/>) for class drop timelines specific to CPS graduate terms.*

#### In Fall and Spring Semesters

- Through the third week of the semester, students may withdraw without any grade being posted to the transcript. Courses may be dropped via the Student Hub (<https://me.northeastern.edu/>).
- Between the fourth week and the last day of classes, course withdrawals are indicated by a W on the student's record. Courses may be dropped via the Student Hub. No financial adjustment is made for courses receiving a W grade.
- After the last day of classes, no withdrawals are accepted for any reason. A letter grade for the course will be posted on the transcript.
- Dropping below full-time enrollment may affect financial aid, health insurance eligibility, and the maintenance of proper nonimmigrant visa status.

#### In Summer Half Semesters

- Through the second week of the half semester, students may withdraw without any grade being posted to the transcript. Courses may be dropped via the Student Hub.
- Between the third week and the last day of classes, course withdrawals are indicated by a W on the student's record. Courses may be dropped via the Student Hub. No financial adjustment is made for courses receiving a W grade.
- After the last day of classes, no withdrawals are accepted for any reason. A letter grade for the course will be posted on the transcript.
- Dropping below full-time enrollment may affect financial aid.

### **Late Admission to a Course**

Students may petition to register for a course after the normal "class add" period, seven class days. Permission may be granted if seats are available and at the discretion of the instructor. If students are not already registered for a full course load, late admissions may jeopardize full-time status.

The Late Course Registration form (<https://registrar.northeastern.edu/article/late-course-registration/>) is available online.

## Student Evaluation of Courses (TRACE)

Students play a critical role in the university's commitment to quality teaching and academic excellence when they participate in the evaluation of courses through TRACE (Teacher Rating And Course Evaluation), a survey developed collaboratively by the Student Government Association and the Faculty Senate. TRACE data are important in the process of course design and improvement, as well as in the process of faculty evaluation. Students are expected to participate in TRACE with constructive feedback that is relevant to teaching and course content. TRACE results from previous terms can be found on the Student Hub (<https://me.northeastern.edu/>).

## University Academics

- Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Programs (p. 102)
- Education (p. 104)
- Experiential Learning (p. 105)

- General Studies Program (p. 107)
- Global Experience (p. 108)
- Living Learning Communities (p. 110)
- NUpath (p. 111)
- Pre-Law Advising (p. 120)
- PreMed and PreHealth Advising (p. 121)
- Research and Creative Activity (p. 123)
- Service-Learning (p. 124)
- Undergraduate Degrees (p. 125)
- Undergraduate Internships (p. 126)
- University Honors Program (p. 127)
- Universitywide Requirements (p. 128)
- World Languages Center (p. 129)

## Army, Air Force, and Navy Reserve Officers' Training Corps (ROTC) Programs

### Army ROTC Program

Lieutenant Colonel Brian Slotnick  
Professor and Chair, Department of Military Science

335A Huntington Avenue  
617.373.2376  
617.373.8677 (fax)  
Army ROTC website (<http://www.northeastern.edu/neurotc/>)  
Scott Lyons, Enrollment and Scholarship Officer, [sc.lyons@northeastern.edu](mailto:sc.lyons@northeastern.edu)

The Department of Military Science offers the Army Reserve Officers' Training Corps program. The goal of the program is to develop leadership potential in men and women and to prepare them for an officer's commission in the Active Army, Army Reserve, or Army National Guard. The curriculum teaches principles of leadership and personnel management and seeks to develop leadership traits such as teamwork, responsibility, initiative, self-confidence, and discipline.

The Army ROTC program is conducted at Northeastern University. For more information, write:

Department of Military Science  
Northeastern University  
335A Huntington Avenue  
Boston, MA 02115  
617.373.2376

Completion of the Army ROTC program will lead to a commission as a second lieutenant in the Army, Army Reserve, or the Army National Guard. The program consists of the basic course (freshman and sophomore years) and advanced course (junior and senior years). The program does not conflict with co-op schedules.

Enrollment in the basic course is voluntary and is open to all full-time students. However, only cadets formally enrolled in ROTC may participate in leadership labs, physical training, and practical field exercises. Students in the basic course do not incur a military obligation. Check with your academic department to ensure credits are accepted.

The advanced course is open to all qualified students who have basic course credit or equivalent military experience, as well as meet the Army's physical, medical, and age requirements. Contracted students (advanced course and/or scholarship) receive a monthly cash stipend while in school. Scholarship students also receive full tuition and fees as well as \$1,200 per year for books. Scholarships are merit based and are awarded as four-year, three-year, or two-year benefit packages.

### Army Nurse Corps ROTC Program

ROTC provides an opportunity for college nursing students to receive practical, hands-on leadership experience. The courses provide a chance for students to develop management, communication, and decision-making skills. ROTC also provides nursing cadets an opportunity to participate in the Nurse Summer Training Program. NSTP is a paid, three-to-four-week, hands-on clinical elective for Army ROTC nurse cadets. This elective is conducted at more than 20 U.S. Army hospitals in the continental United States, Hawaii, and Germany. During the NSTP clinical elective, the cadet receives experience under the direct supervision of a preceptor—an Army Nurse Corps officer who works with the cadet one-on-one. Scholarship nurse cadets receive a monthly cash stipend while in school as well as full tuition and fees and \$1,200 per year for books.

### Navy ROTC Program

The Navy ROTC unit is a six-school consortium that includes students from Boston University, Boston College, Northeastern, Tufts, Harvard, and MIT.

All Navy ROTC scholarships assigned to Northeastern are for nursing majors only. The scholarship covers full tuition, mandatory fees, a \$375-per-semester book stipend, and a living stipend valued at \$250 per month that increases by \$50 each year up to \$400. Room and board are not included in the scholarship. For students on Northeastern's five-year program, the Navy grants "Fifth Year Benefits," which mirror those of the fourth year. Upon graduation, students receive a commission as a naval officer in the Navy Nurse Corps and must fulfill a four-year active-duty commitment.

Navy ROTC nursing students are required to take four naval science classes in addition to their regular coursework and attend a weekly leadership laboratory as well as group physical fitness sessions Tuesday and Thursday mornings. All classes, labs, and group workouts are conducted at Boston University. Students typically spend a total of six to eight hours per week participating in Navy ROTC-related activities. Additionally, Navy nurses complete three summer training "cruises," or trainings, prior to graduation, each of which lasts approximately three to four weeks. One cruise is conducted at Naval Station Great Lakes, Illinois, during summer training sessions. The other cruises are conducted onboard active-duty naval warships at major naval hospitals around the country. For more information, visit the Boston University Division of Military Education (<https://www.bu.edu/rotc/navy/>) or contact the recruiting officer at 617.353.0474 or [navyrotc@bu.edu](mailto:navyrotc@bu.edu).

## Air Force ROTC Program

### THREE- AND FOUR-YEAR PROGRAMS

College students join the three- or four-year AFROTC program by registering for aerospace studies classes in the same manner as they do for other university classes. Students in the program attend a field training encampment during the summer between their second and third years. Students are in General Military Course during the first two years and the Professional Officer Course during the last two years.

First-year GMC academic classes focus on the functions, organizations, and heritage of the U.S. Air Force. Second-year classes concentrate on leadership and teamwork fundamentals.

All GMC classes meet one hour per week. Complementing the academic classes, a weekly leadership laboratory introduces students to U.S. Air Force customs, courtesies, drill and ceremonies, and team-building exercises. Guest lecturers, seminars, briefings, films, and practical experience are also included.

Students in AFROTC are expected to wear the uniform correctly and meet the grooming standards required of active-duty Air Force personnel. Students must wear the issued U.S. Air Force uniform to all aerospace classes and leadership laboratories.

Entry into the POC during the junior year of the AFROTC program is competitive. Factors considered include leadership potential, academic performance, field training evaluations, and results of a Department of Defense physical examination and the physical fitness assessment. Students must be in good academic standing with the university, have demonstrated motivation and potential for success as U.S. Air Force officers, and meet U.S. Air Force physical standards.

POC students are expected to plan and conduct a leadership laboratory once a week. The time required varies depending on the responsibilities of the individual POC student. Aerospace studies class activities during the junior year center on management and leadership in a U.S. Air Force setting. The senior year aerospace students curriculum examines national defense policy and the military in American society. All POC academic classes meet three hours per week.

Completion of the POC typically incurs a four-year active-duty service commitment; 6- and 10-year commitments are required for certain "rated" (aviation) career fields. All POC students within scholarship standards are eligible to receive the Charles McGee Leadership Award, a scholarship of \$18,000 per year, capped at \$9,000 per semester. There is a \$300–\$500 per month, tax-free stipend for members of the POC, regardless of their scholarship status.

### GRADUATE LAW PROGRAMS

Students already attending law school wishing to serve as Air Force Judge Advocate Generals may apply for the program through the program site (<https://www.airforce.com/careers/specialty-careers/jag/overview/>).

### FIELD TRAINING

For participants in the program, field training typically occurs during the summer between the second and third years and lasts approximately two weeks.

Field training is conducted at Maxwell Air Force Base, Alabama, and allows the cadet to test their leadership abilities firsthand in a structured military environment. Room, board, and travel expenses are provided.

### SCHOLARSHIPS

Academic scholarships are available for those who qualify. There are two different scholarship programs, and both consist of tuition, textbooks, required fees, and a \$300–\$500 per month, tax-free stipend.

AFROTC offers numerous competitive scholarships to qualified individuals. High School Scholarship Program scholarships are awarded for three and four years. Applications are accepted starting the senior year in high school. Application forms are available online (<https://www.afrotc.com>). Scholarship applications are due by January 31st of the student's senior year in high school. More details are available on the AFROTC site (<https://www.afrotc.com>). Scholarships are also available for students already in college through the In-College Scholarship Program. In order to be eligible, students must be a member of the AFROTC program for a minimum of one semester. Students are nominated by ROTC staff and there is no application process for the in-college scholarships on the student's behalf. Students are nominated based on their GPA, AFROTC fitness score, and overall standing among peers. Nominees compete nationwide with other AFROTC cadets contingent on scholarship availability. Additional information on AFROTC scholarship opportunities can be found on the AFROTC site (<https://www.afrotc.com>).

### AFTER COMMISSIONING

Upon graduation from the university and completion of AFROTC courses, cadets will commission as second lieutenants in the U.S. Air Force. All AFROTC graduates are expected to serve on active duty.

When their active-duty service commitment is complete, officers may either continue on in career status or return to civilian life.

Military assignments are made based on the needs of the Air Force, the officer's interests, and academic background. Effort is made to match the graduate with the job they are most interested in pursuing.

Those who want to attend graduate school may apply for an Air Force-approved educational delay from active duty. Selection for an educational delay is based primarily on the strength of the applicant's undergraduate academic record and the needs of the U.S. Air Force.

## Education

Website (<http://www.cps.neu.edu/discover/schools-institutes/school-of-education.php>)

**Corliss B. Thompson, PhD**

Associate Dean of the Graduate School of Education

Teaching Professor

[co.brown@northeastern.edu](mailto:co.brown@northeastern.edu)

We believe your dedication to education can transform lives and make real change—at work and in the world. The Graduate School of Education offers programs for K–12 teachers and administrators, higher education administrators, and adult learning professionals.

## Experiential Learning

Website (<http://www.northeastern.edu/experiential-learning/>)

Experiential learning is critical to Northeastern University's education model. It offers the opportunity for a rich and meaningful education, providing students with experiences that add depth to their classroom studies and enable them to explore and transform their lives. Experiential learning is tightly integrated with our course curriculum and is supported by advising in the majors as well as advising in the experiential learning group.

The primary ways in which the experiential learning requirement may be satisfied are:

- Cooperative education
- Research or creative activity
- XN project-based experiences
- Service-learning
- Global experience

Only one learning experience outside the classroom is required for NUpath. However, students have many additional opportunities for further experiential learning.

Integration of coursework and experiential learning occurs throughout the major curriculum as well as in the required capstone course.

## Explore Program

Website (<http://www.northeastern.edu/undeclared/>)

**Kim Irmiter, MA**

Director

617.373.2306

The Explore Program welcomes entering students who would like to explore their academic interests before choosing a major and introduces them to the university's broad range of disciplines. Working closely with a combination of faculty, academic advisors, and undergraduate peer mentors, undeclared students at Northeastern University are engaged in personal and meaningful discovery. They are not just seeking a major; they look for clues to the future and find answers to the question: "How will I make my impact?"

Undeclared students enroll in a small-cohort first-year seminar taught by a Northeastern academic advisor and two student leaders. In this seminar, students develop strategic exploration plans to ensure they are able to take full advantage of the vast array of academic and experiential opportunities offered at Northeastern. Students will also attend exploratory programs where they engage with faculty and students in majors to gain an informed understanding of the disciplines that interest them most.

Students may declare a major at any time but are expected to do so by the end of sophomore year. Admission to a particular major is dependent on satisfying the criteria described in this catalog under Degrees, Majors, and Minors (p. 91).

## General Studies Program

Website (<http://www.northeastern.edu/gsp/>)

### Lynn Dornink, MA

Director

617.373.2306

The General Studies Program is a first-year program that provides students with personalized support and guidance in order to ensure their academic success. Program benefits include a low student-advisor ratio, fall and spring seminars taught by the student's GSP advisor, a writing-intensive curriculum, and access to a nationally certified peer tutoring program. All majors have defined entrance requirements; therefore, beginning in September, GSP advisors work closely with students to guide them toward meeting their intended majors' requirements. Upon completing their two GSP semesters, and meeting the requirements for their intended major, students transition to one of Northeastern University's seven undergraduate colleges with sophomore status. Those students who have not met the academic progression standards for transitioning by the end of two semesters may continue in the GSP for an additional semester.

### Academic Progression Standards

In order to transition to sophomore standing, GSP students must:

1. Earn an overall grade-point average of at least 2.000 (GPA requirements for specific majors may be higher)
2. Earn at least 28 semester hours of credit (32 recommended)
3. Complete college/major transition requirements

For more details about transitioning to individual colleges, see below.

### Transitioning to Major

For information about transitioning to majors across the university, see "Changing Majors (p. 91)."

### Academic Probation

Same as university standards.

### University Withdrawal, Low Scholastic Performance

Same as university standards.

## Global Experience

Website (<https://geo.northeastern.edu>)

Global Experience Office  
617.373.5276  
[geo@northeastern.edu](mailto:geo@northeastern.edu)

Northeastern University is committed to global experience as an important dimension of learning. To foster this, it maintains the Global Experience Office ([https://geo.northeastern.edu/#\\_ga=2139690122728901001656302736-9651647341649440467](https://geo.northeastern.edu/#_ga=2139690122728901001656302736-9651647341649440467)), which has developed a variety of programs tailored to the interests and needs of Northeastern students. Global experiences provide students with opportunities to deepen their knowledge of the world and their chosen field of study, develop intercultural sensitivity, utilize and strengthen foreign language skills, and explore global career options. Many Northeastern students participate in multiple global experiences during their time at the university. Northeastern encourages students to engage with the GEO as early as possible—global experiences are within reach for all students, with careful planning and collaboration.

### Global Learning

While studying abroad in a Northeastern-sponsored program, Northeastern students maintain full-time status and earn Northeastern credits. Upon completion of a program, grades are calculated in the student's grade-point average. To participate in GEO programs, students must be in good academic and disciplinary standing and have no registration-blocking holds. Study-abroad programs require a GPA of at least 2.500. Some programs may have additional eligibility criteria. Students must also meet the requirements of the host institution abroad. Full information and application deadlines are posted on the GEO website (<https://geo.northeastern.edu>).

### Types of Programs

Northeastern offers different types of study-abroad programs, with multiple options within each type. This robust program portfolio contains global experiences for any major on campus. Students are able to participate in multiple programs during their time at Northeastern.

1. **Study abroad.** Northeastern offers a rich array of study-abroad programs during semester and summer terms. Students join a partner institution for a semester or summer, where they attend classes, participate in student activities, and organize their extracurricular schedules just as they would on campus at Northeastern.
2. **Semester and Summer In.** Drawing on its network of regional and international campuses, Northeastern offers a set of signature programs that contextualize, enrich, and enhance student learning. The Semester In program is currently offered at Northeastern campuses in San Francisco, London, and Seattle. Northeastern continues to expand programs throughout its global university system, which includes campuses in Charlotte, Portland, San Francisco, San Jose, Seattle, Arlington, Miami, London, Toronto, and Vancouver.
3. **Dialogue of Civilizations.** Dialogue of Civilizations are faculty-led summer study-abroad programs that build upon and enhance students' academic studies and training. DOC programs allow students to engage with course content in different national, cultural, political, and social contexts. The programs foster meaningful conversations between Northeastern students and people around the world, including their peers.
4. **Specialized entry programs.** Specialized entry programs are unique programs through which students can matriculate into Northeastern. These include programs such as *N.U.in*, Global Scholars, and NU Immerse. More information about these programs is available on the Specialized Entry Programs website (<https://www.northeastern.edu/admissions/academics/specialized-entry/>).

Visit the GEO website (<https://geo.northeastern.edu>) to see a complete list of program options and descriptions.

### Embedded Global Programs

Embedded programming incorporates global experiences into courses taught at Northeastern and provides students with the opportunity to spend 7 to 10 days in a global setting to further punctuate and underscore the subject matter in a meaningful way.

### Global Co-op

The Global Cooperative Education Program provides opportunities for Northeastern students to participate in co-ops on all seven continents with international and multinational employers, U.S. employers doing business abroad, and other international organizations. Students may apply for existing positions or work with a co-op counselor to develop their own. All majors are welcome to apply. International students participating in co-op abroad must consult with the Office of Global Services in advance of departure to ensure reentry to the United States in proper nonimmigrant visa status. The Presidential Global Scholarship (<https://studentfinance.northeastern.edu/applying-for-aid/undergraduate/types-of-aid/scholarships/presidential-global-scholars-program/>) provides financial support for international co-op.

### Engage with GEO

GEO offers many opportunities for students to explore global programs and learn more about the possibilities.

**Social media platforms:** Students can engage with GEO through social media platforms such as Twitter, Facebook, and Instagram. Students are welcome to participate in preparatory webinars; join staff and alumni Q & A; and envision their experience through dynamic photo, video, and written recollections of student experiences.

GEO events (<https://geo.northeastern.edu/events/>): GEO offers a range of events throughout the year to help students answer questions and concerns about the study-abroad experience, from the application logistics of a specific program, to navigating questions of identity while abroad. Please refer to the GEO events calendar for the list of upcoming fairs, workshops, and info sessions.

**Meet with Global Ambassadors:** As GEO program alumni, Global Ambassadors provide the unique lens of recent global program participation. They help students navigate the variety of available programs and refine their goals for the experience. Global Ambassadors are available to meet with students during office hours, without an appointment needed.

**Meet with Global Experience staff:** Global Experience staff provide expertise and assistance to students from the moment students are ready to select programs to their return from the experience. Global Experience staff meet with students by appointment and advise by both global region and college and specialize in either study-abroad or faculty-led programs.

After choosing a program, students should consult with their departmental or college advisors. International students must also consult with the OGS (<http://www.northeastern.edu/ogs/>) to determine if an updated I-20 for reentry may be needed. Note that studying abroad in a student's final semester may result in a delay in graduation due to calendar discrepancies across institutions.

## Living Learning Communities

Website (<https://www.northeastern.edu/housing/living-learning-communities/>)

All first- and second-year students are required to live in university housing. Housing and Residential Life teams are dedicated to working with Northeastern University students to help them build strong community living environments that support personal development and academic success.

The residential experience created for both first- and second-year students has two main goals: to create opportunities for social connection, support, and belonging and to provide opportunities for learning and development. The core outcome is to prepare students to become lifelong learners who are holistically formed, experience growth alongside others, and are responsible contributors to local and global communities. A central component of the residential experience for first-year students is Living Learning Communities. LLCs bring together students with a shared personal or academic interest to learn and grow as a community during their first year at Northeastern.

## NUpath

### Learning, Knowing, Doing, Leading

NUpath is Northeastern University's set of institutionwide general education requirements for all students in all majors. The goal of NUpath is to develop in our students the knowledge and skills to be lifelong learners with success in many careers, to be thoughtful global citizens, and to be fulfilled human beings. It offers students the flexibility to integrate general education learning into their individual educational journeys while maintaining the rigor of high standards through defined learning outcomes, making NUpath a unique tool for personalized enrichment. NUpath is competency based rather than course based. It is built around essential, broad-based knowledge and skills—such as understanding societies and using and analyzing data—integrated with specific content areas and disciplines.

NUpath requirements are met throughout a student's program of study. NUpath requirements are not restricted to specific colleges or departments and can be fulfilled through major, minor, or concentration requirements as well as through general electives. NUpath courses may not be taken pass/fail. NUpath is required for all freshmen who entered in fall 2016 and later. It does not apply to students already admitted with a different set of core requirements or to transfer students whose entry year was earlier than the fall of 2016.

- Requirements (p. 112)
- Learning Goals (p. 114)
- Writing-Intensive Courses (p. 118)
- Additional Requirements for BA Students (p. 119)

## NUpath Requirements

NUpath requirements are a set of eleven competencies designed to prepare students for personal success in an ever-evolving global society regardless of their chosen field of study. NUpath requirements are as follows:

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Differences and Diversity
- Employing Ethical Reasoning
- Writing Across Audiences and Genres
- Integrating Knowledge and Skills Through Experience
- Demonstrating Thought and Action in a Capstone

Because NUpath is competency based rather than course based, students have many options of courses to fulfill the requirements. Students can use the Self-Service Banner (<https://nubanner.neu.edu/StudentRegistrationSsb/ssb/registration/registration/>) "Browse Classes" tool to find class sections both in and beyond their major requirements that satisfy NUpath. Courses that meet major, minor, or concentration requirements can also meet NUpath requirements. There are no level restrictions or semester-hour restrictions. No course taken as pass/fail can be used to satisfy a NUpath requirement. A single course can count for up to two of the following requirements:

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Differences and Diversity
- Employing Ethical Reasoning

The three additional requirements (writing-intensive in the major, capstone, and experiential) are not limited. So, for example, a course may have two out of the first list (such as Differences and Diversity and Societies and Institutions) and *also* fulfill writing-intensive in the major and capstone.

Transfer credit and placement tests can also be used to meet the NUpath attributes of the Northeastern University course equivalents. Up to five of the following eight requirements can be met by transferred or placement test credits:

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Engaging Differences and Diversity

- Employing Ethical Reasoning

Transfer credits cannot be used to fulfill the capstone or experiential requirements. Of the writing requirements (p. 118), only the first-year writing requirement can be met by transferred or placement test credits.

## NUpath Learning Goals

Established and assessed learning goals ensure rigorous opportunities for students to achieve the essential skills and competencies of NUpath regardless of the context or course within which the learning occurs. Any course that meets a NUpath requirement incorporates the learning goals of that requirement. The requirement short name and/or user code is what will appear in course descriptions and student audits.

### Engaging with the Natural and Designed World

**SHORT NAME: NATURAL AND DESIGNED WORLD**

**USER CODE: ND**

Students study and practice scientific investigation and/or engineering design in order to understand the natural world and to effect changes in it to meet human and societal needs and wants. They learn critical thinking and analytical problem solving; the biological, chemical, and/or physical principles that govern the natural world; and the efforts that underlie the origins, development, acceptance, and applications of those principles.

#### LEARNING GOALS

By the end of the course, students should be able to:

- A. Formulate a question that can be answered through investigation or a challenge that can be addressed through research or design.
- B. Develop and use models based on evidence to predict and show relationships among variables between systems or components of systems in the natural and/or designed world.
- C. Use and question scientific principles and practices to evaluate issues raised by the interplay of science, technology, and society.

### Exploring Creative Expression and Innovation

**SHORT NAME: CREATIVE EXPRESSION/INNOVATION**

**USER CODE: EI**

Students study and practice creative expression and innovation. They learn about traditions of creative expression and innovation in any of a number of modes (texts, image, sounds, design, etc.) and products (poems, paintings, prototypes, business plans, games, apps, medical devices and procedures, etc.) and develop their own creative processes and products as a means of seeing and experiencing the world in new ways and communicating those experiences to others.

#### LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe creative processes in one or more disciplines (e.g., art, business, writing, science, engineering).
- B. Generate an artifact (e.g., design, poem/essay, application, visualization, musical composition, product, prototype) through a creative process.
- C. Evaluate experimentation, failure, and revision in the creation of innovative projects.

### Interpreting Culture

**SHORT NAME: INTERPRETING CULTURE**

**USER CODE: IC**

Students study and analyze cultural practices, artifacts, and texts (e.g., visual art, literature, theatrical performances, musical compositions, architectural structures). They learn critical reading and observation strategies and how traditions of theoretical, aesthetic, and/or literary criticism provide different lenses for the interpretation of cultural objects and practices.

#### LEARNING GOALS

By the end of the course, students should be able to:

- A. Recognize and identify a variety of cultural practices and creations, their forms of production, and development over time.
- B. Acquire and assess techniques of interpretation (including critical reading and observation techniques); criticism; and analysis of cultural practices, texts, and/or artifacts.
- C. Formulate arguments for and against different theories and interpretations of cultural practices, texts, and/or artifacts.

### Conducting Formal and Quantitative Reasoning

**SHORT NAME: FORMAL/QUANTITATIVE REASONING**

**USER CODE: FQ**

Students study and practice systematic formal reasoning using either the symbolic languages of mathematics and logic or the combinations of text and symbols characteristic of computer software. They learn when and how to apply formal reasoning to particular problems and subject matters.

**LEARNING GOALS**

By the end of the course, students should be able to:

- A. Recognize when examination of a phenomenon or situation can benefit from problem-solving techniques and analyses that use formal reasoning.
- B. Use their expertise in some applications of formal reasoning and know when to call upon domain experts when a problem is beyond their personal expertise.
- C. Generate artifacts that require formal reasoning and planning. These artifacts might include logical proofs, mathematical computations, software, simulations, problem solutions, or plans/analyses in a variety of disciplines that require a formal, systematic component.

**Understanding Societies and Institutions****SHORT NAME: SOCIETIES AND INSTITUTIONS****USER CODE: SI**

Students study and practice social science, historical, and/or literary methods of inquiry and theories in order to understand human behavior and cultural, social, political, and economic institutions, systems, and processes. They learn theories of social behavior as they relate to phenomena such as globalization, social change, and civic sustainability.

**LEARNING GOALS**

By the end of the course, students should be able to:

- A. Describe current theories of how social, political, or economic institutions, systems, and processes work.
- B. Explain the historical and cultural contingency of many descriptions and explanations of human behavior, institutions, systems, and processes.
- C. Evaluate social, political, or economic theories by applying them to local and global phenomena.

**Analyzing and Using Data****SHORT NAME: ANALYZING AND USING DATA****USER CODE: AD**

Students study and practice methods and tools of data analysis and use. Students learn about the structure and analysis of at least one type of data (e.g., numbers, texts, documents, web data, images, videos, sounds, maps) and acquire the skills to examine, evaluate, and critique such data; extract patterns; summarize features; create visualizations; and provide insight not obvious from the raw data itself. Students also learn to be sensitive to ethical concerns associated with data: security, privacy, confidentiality, and fairness.

**LEARNING GOALS**

By the end of the course, students should be able to:

- A. Describe how data may be acquired, stored, transmitted, and processed.
- B. Analyze at least one important type of data and summarize the results of an analysis in ways that provide insight.
- C. Use mathematical methods and/or computational tools to perform analysis.
- D. Evaluate and critique choices made in selection, analysis, and presentation of data.

**Engaging Differences and Diversity****SHORT NAME: DIFFERENCES AND DIVERSITY****USER CODE: DD**

Students study and practice methods for recognizing and understanding human diversity of various kinds in global, local, and organizational contexts. They learn theories and perspectives of human difference; civic sustainability and multiculturalism; how social arrangements shape and are shaped by difference; and the histories, cultures, and interactions of diverse groups.

**LEARNING GOALS**

By the end of the course, students should be able to:

- A. Describe how notions of human difference have changed over time and across local and global contexts.
- B. Discuss the value in recognizing, respecting, and embracing human diversity and how diversity contributes to culture and society, including civic sustainability.
- C. Evaluate and compare two or more theories of human difference and approaches to cultivating and leveraging diversity.
- D. Connect theories of human difference and approaches to diversity to one's own experience.

## Employing Ethical Reasoning

**SHORT NAME: ETHICAL REASONING**

**USER CODE: ER**

Students study and practice methods of analyzing and evaluating the moral dimensions of situations and conduct. They learn ethical theories and frameworks; explore how conceptions of morals and ethics shape interpretation of concepts such as justice, fairness, rights and responsibilities, virtue, and the good life; and apply these to personal, professional, social, political, historical, or economic questions and situations.

### LEARNING GOALS

By the end of the course, students should be able to:

- A. Describe the moral and ethical elements of an issue, problem, or situation.
- B. Explain at least two key ethical theories.
- C. Apply ethical theories to moral dilemmas and personal positions.

## Writing Across Audiences and Genres

**SHORT NAME: WRITING ACROSS AUDIENCES/GENRES**

**USER CODE: WF/WD/WI**

**Note:** This requirement is met by four courses. See more details under Writing-Intensive Courses (p. 118).

Students study and practice writing for multiple public, academic, and professional audiences and contexts. They learn to use writing strategies, conventions, genres, technologies, and modalities (e.g., text, sounds, image, video) to communicate effectively.

### *Learning goals for first-year writing:*

- A. Adapt writing for multiple academic, professional, and public occasions and audiences.
- B. Identify and practice writing conventions of various genres.
- C. Identify credible, relevant sources and engage and cite them appropriately in their written work.
- D. Draft, revise, and edit their writing using feedback from readers.

### *Learning goals for Advanced Writing in the Disciplines:*

- A. Adapt writing for multiple academic, professional, and public occasions and audiences.
- B. Display familiarity with the writing conventions of genres in an academic field or profession.
- C. Identify credible, relevant sources and engage and cite them appropriately in their written work.
- D. Draft, revise, and edit their writing using feedback from readers.

### *Learning goals for writing-intensive courses in the major:*

- A. Demonstrate facility with the writing conventions of genres in the academic field or profession.
- B. Identify credible, relevant sources and engage and cite them appropriately in their writing work.
- C. Draft, revise, and edit their writing using feedback from readers.

## Integrating Knowledge and Skills Through Experience

**SHORT NAME: INTEGRATION OF EXPERIENCE**

**USER CODE: EX**

Students study and practice the principles and strategies of experiential learning. Through direct experience and reflection on that experience, they learn to recognize and articulate their knowledge and skills, to apply the knowledge and skills they learn in one context to another context, and to determine what knowledge and skills they need to develop to meet their goals.

### LEARNING GOALS: BY THE END OF THE COURSE, STUDENTS SHOULD BE ABLE TO:

- A. Apply knowledge and skills in new, authentic contexts.
- B. Gain new knowledge and develop new skills to successfully engage in unfamiliar tasks and activities.
- C. Integrate and use the deepened knowledge and skills as well as the newly gained knowledge and skills to continue to learn in their academic programs.
- D. Articulate how and what one learns across a range of contexts.

## **Demonstrating Thought and Action in a Capstone**

**SHORT NAME: CAPSTONE EXPERIENCE**

**USER CODE: CE**

Each student must take at least one course designated as a capstone experience. Capstone courses may be designed for a specific degree program, for a department, or for a college. The learning goals for a capstone will be developed by the unit that is designing the capstone. Students must complete a capstone in their major. In cases where a student has multiple majors (such as in a combined or double major), the units may specify in which major to take the capstone or may leave the choice to the student.

## Writing-Intensive Courses

The faculty expects all students to become effective writers and achieve the learning goals of the “Writing across Audiences and Genres” NUpath attributes. To this end, students are given opportunities to improve their writing throughout their curriculum.

### First-Year Writing Requirement

All first-year students must satisfy a first-year writing requirement in one of the following ways:

Code	Title	Hours
ENGW 1111	First-Year Writing	4
ENGW 1110 and ENGW 1111	Introductory First-Year Writing and First-Year Writing	8
ENGW 1102	First-Year Writing for Multilingual Writers	4
ENGW 1113	First-Year Writing Innovation Seminar	4
ENGW 1114	First-Year Writing with Service-Learning	4

Depending on performance in Introductory First-Year Writing (ENGW 1110), the second half of the two-course sequence may be waived, as determined by the Department of English. Students must earn a C or better in the required writing course to satisfy the first-year writing requirement.

The First-Year Writing Program conducts a version of “guided self-placement” and requires students bring an essay to the first class meeting; see the guided self-placement (<https://cssh.northeastern.edu/writing/guided-self-placement/>) page for details.

For more information about the Writing Program, visit the Writing Program webpage (<http://www.northeastern.edu/writing/>).

### Advanced Writing Requirement

Advanced Writing in the Disciplines is the second course of the universitywide requirement. Students are eligible to enroll in AWD once they satisfy the first-year requirement, earn a minimum of 64 semester hours of academic credit (this number includes the semester in which students enroll in AWD), and have at least junior or senior standing. Students are encouraged to take AWD before they have accrued 96 semester hours. A variety of AWD sections are offered, including Advanced Writing in the Technical Professions, Advanced Writing in the Sciences, and Advanced Writing in the Health Professions, among others. A small number of online sections and sections for non-native speakers of English are also offered. Students should consult with their advisors to choose the section that best suits their needs. Transfer credit cannot be used to satisfy this requirement. Students must earn a C or better to satisfy the advanced writing requirement.

For more information about the Writing Program, visit the Writing Program webpage (<http://www.northeastern.edu/writing/>).

### Writing-Intensive Courses in the Major

Each major includes at least two additional writing-intensive courses. These courses are characterized by:

- A significant amount of writing, as appropriate to the discipline
- Multiple opportunities to write, including informal writing-to-learn activities and formal learning-to-write projects
- Opportunities for students to move through all phases of the writing process, from drafting through final editing
- Instruction in writing, including feedback from the instructor (and perhaps others) that students can use to draft, revise, and edit their written work

## Additional Requirements for BA Students

In addition to successfully completing the university requirements of NUPath (p. 112), students pursuing a Bachelor of Arts degree must fulfill the BA core requirements as outlined below.

### Language Requirement for BA Students

Each BA student must complete the language requirement by demonstrating proficiency at the elementary level and satisfying an intermediate-level requirement as described below.

#### ELEMENTARY-LEVEL PROFICIENCY

Satisfy one of the following requirements:

1. Complete elementary-level two (course number 1102) of a language with grades of C or better in all coursework (pass/fail grades cannot be used to satisfy this proficiency requirement).
2. Earn a 4 or 5 score on an Advanced Placement exam in one of the languages offered or receive transfer credit for the equivalent of elementary-level two (course number 1102). Students who have AP or transfer credit must also receive a satisfactory rating in a language-specific interview administered by the World Languages Center (<https://cssh.northeastern.edu/wlc/experiential-academics/language-requirement-and-testing/>) upon matriculation.
3. Receive a satisfactory score (as determined by the World Languages Center (<https://cssh.northeastern.edu/wlc/experiential-academics/language-requirement-and-testing/>)) on a standardized placement exam and a satisfactory rating in a language-specific interview administered by the World Languages Center upon matriculation.

#### INTERMEDIATE-LEVEL REQUIREMENT

Satisfy one of the following requirements:

1. Complete a course at the intermediate level (course number 2101 or higher) in the language taken at the elementary level.
2. Complete a course in which the subject matter focuses on some aspect of the culture, history, or society of a part of the world where the language taken at the elementary level is spoken or used by a significant portion of the population. For a course list, visit the Student Hub (<https://me.northeastern.edu/>), click on the "Self-Service" tab, then on "My Degree Audit."
3. Demonstrate proficiency by successfully completing a proficiency interview (scheduled through the World Languages Center (<https://cssh.northeastern.edu/wlc/experiential-academics/language-requirement-and-testing/>)). This option is available only for heritage speakers of a language or for students who have completed the elementary-level language requirement through one of the following:
  - a. Advanced placement
  - b. Standardized placement exam as outlined above

## Pre-Law Advising

Website (<http://www.northeastern.edu/prelaw/>)

Located in Employer Engagement and Career Design, Pre-Law Advising at Northeastern University is a resource for current students and alumni who are interested in pursuing a career in the legal field. Pre-law is an unofficial self-designation that can be claimed by students and alumni exploring law as a potential career path as well as those in need of assistance with navigating the law school application process. Regarding academic requirements, there is no recommended undergraduate major, nor are there any specific courses required for entrance to law school. Pre-law is not an official status that needs to be declared nor does it denote a particular program of study. Northeastern encourages undergraduates to pursue a major of their choice based on their interests and abilities, supplemented with robust co-op, leadership, and service experiences. To build legal skills, we guide students to enroll in challenging courses that develop core skills and values, such as analytical and problem-solving skills, logical reasoning, research, critical reading, oral and written communication, organization and project management, public service, and promotion of justice.

Pre-Law Advising offers support through:

- Assisting individuals in identifying their VIPS (values, interests, personality, skills, strengths) and goals to determine if law school is the right fit
- Distributing programming and opportunities to learn more about pre-law pathways and gain hands-on experience
- Offering strategic advice on the law school application process
- Providing feedback on written materials such as the law resumé and law school admission essays

In addition, Northeastern offers the PlusJD program. Designed for academically outstanding, motivated, and resourceful students, the PlusJD—Northeastern's Fast Track to Law School program—selects highly qualified Northeastern students to begin their first-year law school courses during their last year of undergraduate study. Credits earned in the shared year are applied toward both their bachelor's and law degrees. As a result, students can complete both degrees in as little as six years, saving a full year of time and tuition.

*Note:* If you are interested in the PlusJD program, you should speak with your academic advisor first to ensure you are on track to meet the requirements of this plan.

Please visit the School of Law's website for more information about the PlusJD program (<https://law.northeastern.edu/admissions/jd/application-process/plusjd/>).

## PreMed and PreHealth Advising

Website (<https://undergraduate.northeastern.edu/prehealth/>)

### PreMed and PreHealth Studies

The PreMed and PreHealth Advising Program provides support for Northeastern University undergraduate students and alumni who are planning to pursue training in medicine, including allopathic medicine (MD), osteopathic medicine (DO), dentistry, optometry, physician assistant studies, podiatric medicine, and veterinary medicine.

Academic course requirements for health professional programs may be integrated into any major at Northeastern. Health professional school admission committees generally give no preference to any particular undergraduate major. As such, students should focus on meeting the course requirements of their chosen health professional program, together with their undergraduate degree requirements, with demonstrated academic rigor and excellence. For some majors it may be necessary to complete additional credit hours of coursework, with associated tuition, to fulfill all premed/prehealth course requirements.

### Common Coursework

Most health professional schools require a common set of courses. The courses listed below meet the course requirements of many health professional programs. These are intended to provide a foundation in subject areas relevant to the student's intended health professional program and its corresponding entrance exam.

Academic policies and course requirements are school specific. Students should research requirements and plan a program of study as early as possible in consultation with both their academic and prehealth advisor to determine the best way to successfully complete their required coursework. Please refer to the relevant information and website(s) below, as well as official admissions guidebooks, for detailed requirements.

*Note:* Corequisite laboratories are required for most basic science courses.

- Biology (two semesters)
- General chemistry (two-semester sequence or a single-semester general chemistry course)
- Organic chemistry (two-semester sequence)
- Physics (two-semester sequence)
- Biochemistry (one semester; prerequisites: organic chemistry 2 and genetics and molecular biology)
- Mathematics (one semester each of calculus and statistics)
- Writing (two semesters of writing-based social science or humanities/English composition coursework)
- Behavioral sciences (an introductory psychology and sociology course are recommended for MCAT preparation but typically not required for admission)

### Supporting Information

#### PREMED AND PREHEALTH ADVISING OVERVIEW

- Pre-Dental Information (<https://undergraduate.northeastern.edu/app/uploads/sites/7/2022/03/Pre-Dental.pdf>)
- Pre-Med Information (<https://undergraduate.northeastern.edu/app/uploads/sites/7/2022/03/Pre-Med.pdf>)
- Pre-Optometry Information (<https://undergraduate.northeastern.edu/app/uploads/sites/7/2022/03/Pre-Optometry.pdf>)
- Pre-Physician Assistant Information (<https://undergraduate.northeastern.edu/app/uploads/sites/7/2023/01/Pre-PA.pdf>)
- Pre-Podiatry Information (<https://undergraduate.northeastern.edu/app/uploads/sites/7/2022/03/Pre-Podiatry.pdf>)
- Pre-Veterinary Information (<https://undergraduate.northeastern.edu/app/uploads/sites/7/2022/03/Pre-Vet.pdf>)

#### ADVANCED PLACEMENT

Each school will have its own policies regarding AP and/or IB credit. It is best to consult the school's website or admissions office to learn about its policies.

Generally, applicants may use AP or IB credit toward prerequisite courses. However, AP/IB credit often does not reduce the required coursework needed at the college level. Applicants may be expected to take the equivalent number of upper-level courses within that subject if they earned AP/IB credit.

#### STUDY-ABROAD COURSEWORK

Not all health professional schools will accept core science (biology, chemistry, math, or physics) prerequisite coursework taken outside of the United States or Canada. Students should consult with their prehealth advisor before enrolling at an institution outside of the United States or Canada to complete core science coursework for a health professional program.

## Research and Creative Activity

Website (<https://undergraduate.northeastern.edu/research/>)

Northeastern University's thriving culture of scholarly and creative innovation provides students with many opportunities to create and disseminate new knowledge, practices, and solutions to pressing global challenges. Research and creative endeavors are key components of Northeastern's experiential learning model. Experiences can range from laboratory bench work to the analysis of Big Data to archival research to collaborative theatre productions. This work can take place in a variety of contexts and formats, including the following:

- Courses, which generally fulfill major elective requirements
- Labs or centers
- Research or creative-based co-ops or internships
- Community-based research or creative endeavor
- Research or creative-based activity as the option for work-study work
- Research or creative endeavor as a service activity
- Junior/senior honors projects

The Undergraduate Research and Fellowships office, along with other offices and programs on campus, support students through workshops, mentoring, and consultation on applications for distinguished fellowships and advanced study; funding through the universitywide Project-Based Exploration for the Advancement of Knowledge, or PEAK Experiences Awards; and much more. Northeastern undergraduates are an important part of Northeastern's culture of research and creative practice, and they frequently present their findings at national and international conferences; in scholarly journals; and at the university's annual Research, Innovation, and Scholarship Expo. We believe that the best answers—and the best questions—are born out of bringing diverse perspectives, experiences, and knowledge into conversation with one another. Therefore, we believe that a diverse and inclusive community of researchers, creative practitioners, and fellowship applicants not only fosters innovation and creativity but is a precondition of the excellence for which we strive.

## Service-Learning

Website ([https://cetr.northeastern.edu/collaborate/students/enroll/#\\_ga=21652597028800080111690805456-3573326251685708090](https://cetr.northeastern.edu/collaborate/students/enroll/#_ga=21652597028800080111690805456-3573326251685708090))

Community engagement is an integral part of Northeastern University's mission. Collaborating with the community through structured service-learning courses is an academically rigorous educational experience that allows students to broaden their knowledge and skills through service that supports our partnerships with Boston schools, neighborhood agencies, health clinics, nonprofit organizations, and more.

Service-learning (<https://cetr.northeastern.edu/>) (S-L) is integrated by educators in a way designed to meet needs and goals identified by the community while being intricately linked with learning objectives and outcomes. Before, during, and after their service or project-based work with the community, students also engage in structured reflection to help them gain further insight into course or program content, a broader appreciation of their academic disciplines, and a greater sense of civic responsibility. In summary, S-L and the work facilitated by the Community-Engaged Teaching and Research team is centered on experiential education with social justice and impact at its core.

## Undergraduate Degrees

Listed below are the degrees conferred by the undergraduate full-time day colleges at Northeastern University.

### College of Arts, Media and Design

- Bachelor of Arts
- Bachelor of Fine Arts
- Bachelor of Landscape Architecture
- Bachelor of Science

### D'Amore-McKim School of Business

- Bachelor of Science in Business Administration
- Bachelor of Science in International Business
- Bachelor of Science (combined majors only)

### Khoury College of Computer Sciences

- Bachelor of Arts in Computer Science
- Bachelor of Science in Computer Science
- Bachelor of Science in Information Science
- Bachelor of Science (combined majors only)

### College of Engineering

- Bachelor of Science in Bioengineering
- Bachelor of Science in Chemical Engineering
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Computer Engineering
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Environmental Engineering
- Bachelor of Science in Industrial Engineering
- Bachelor of Science in Mechanical Engineering

### Bouvé College of Health Sciences

- Bachelor of Arts
- Bachelor of Science
- Bachelor of Science in Nursing
- Bachelor of Science in Rehabilitation Science
- Doctor of Pharmacy (six-year program)
- Doctor of Physical Therapy (six-year program)

### College of Science

- Bachelor of Arts
- Bachelor of Science

### College of Social Sciences and Humanities

- Bachelor of Arts
- Bachelor of Science

## Undergraduate Internships

An undergraduate internship is defined as an unpaid opportunity for supervised practical experience related to the student's academic area of study. Internships must be correlated to program curriculum, approved by an academic entity, and supervised by a faculty member. Students must work at least 12 hours per week to earn academic credit for an internship in a term, as equated to the course credit guidelines.

## University Honors Program

**Becca Berkey**  
Director

**Justin Silvestri**  
Associate Director

**Brooke Tempesta**  
Associate Director

617.373.2333  
617.373.5300 (fax)  
honors@northeastern.edu

The University Honors Program is dedicated to empowering its students' ability to affect meaningful impact in their campus, local, and global communities during their undergraduate education. Our community of intellectually engaged students, faculty, and professional staff are committed to engagement with scholarship that enables students to confront critical societal issues and leverage the knowledge and expertise from these encounters to make a difference at Northeastern University and beyond. Students benefit from unique and enriched educational options that include stimulating courses, opportunities for research and creative endeavors, global experiences, service-learning, mentoring, and the development of competencies that will position them for lifelong learning and personal and professional success. Throughout their undergraduate experience, Honors students are guided and supported as they chart their unique educational plans through personalized developmental advising, engagement in diverse competency-based learning experiences, and participation in a set of networked communities that include Honors Living Learning Communities.

All applicants seeking freshman entry at Northeastern (for fall semester entry) are considered for admission into the University Honors Program and are notified of their selection in their letter of admission. There is no separate application. Students matriculating in the fall 2023 semester and beyond will have opportunities for ongoing participation in the program at the conclusion of their first year.

Continuing students in their first, second, or third semesters who wish to be considered for entry may consult the University Honors Program's website (<https://undergraduate.northeastern.edu/honors/>) for application instructions.

## Universitywide Requirements

*Note:* Individual program requirements may exceed the following minima.

Minimum 128 total semester hours required

Minimum 2.000 GPA required

Students must earn a minimum of 64 Northeastern University semester hours in order to receive a bachelor's degree.

## World Languages Center

### Stacey Katz Bourns, PhD

Director

617.373.3131

Stacey Katz Bourns, Director, s.bourns@northeastern.edu

The World Languages Center's primary goal is to help students achieve proficiency in the language(s) that they study while also striving to promote an understanding and appreciation of the cultures of the communities that use these languages.

### Placement Assessment

Students with prior experience learning or speaking Chinese, French, Italian, or Spanish must take the online written placement exam if they wish to enroll in a class for that language. The links for these exams are now available in the Student Hub.

Students with prior experience in Arabic, German, Hebrew, Japanese, Korean, Portuguese, and Russian must contact the WLC to make an appointment for a placement assessment interview.

The results of a student's online placement or interview assessments are valid for one year only.

Any student with prior experience in a language who registers for a language course without taking the WLC online placement test or a WLC placement assessment will not receive a letter grade for the course. If students believe they have been placed into a class at the wrong level of instruction, they should contact the WLC immediately.

### Auditing Language Classes

Auditing language classes is not permitted. Students who are not on the official roster of a class may not attend the class.

### Immersion Language Classes

The WLC offers off-campus language immersion classes in a variety of languages during the summer 1 and summer 2 terms. Some of these courses may count toward fulfillment of the BA language requirement or a language minor, with the stipulation that the student receive a grade of C or better.

### Study-Away/Abroad Classes

The WLC will authenticate credit-bearing language classes taken in study-away/abroad programs at accredited institutions in fulfillment of and as equivalent to WLC language classes numbered 1101, 1102, 2101, or 2102. Students must receive approval of language course equivalence from the WLC before embarking on a study-away/abroad program. Failure to do so may mean that the courses taken away/abroad will not be accepted in lieu of on-site Northeastern University language courses and thus may not satisfy the language requirement. Credit is granted only for successful completion of these courses.

## College of Arts, Media and Design

Website (<https://camd.northeastern.edu/>)

**Elizabeth Hudson, PhD**, Dean

**Casper Hartevelde, PhD**, Associate Dean for Graduate Programs

**Michael Hoppmann, PhD**, Associate Dean for Undergraduate Programs

**Deirdre Loughridge, PhD**, Associate Dean of Faculty Affairs

**Thomas Michael, MBA**, Associate Dean for Administration and Finance

**Andrea Raynor, MFA**, Associate Dean for Network, Global Experience, and Partner Programs

**Brooke Welles, PhD**, Associate Dean of Research

**Timothy Blank, MA**, Assistant Dean of Student Experience

**Katherine Calzada, MEd**, Assistant Dean for Faculty Development

**Ian Canning, MBA**, Assistant Dean for Mobility, Executive, and Partner Programs

617.373.3682

617.373.5084 (fax)

[camd@northeastern.edu](mailto:camd@northeastern.edu)

In today's global economy, the disciplines within the College of Arts, Media and Design are powerful drivers of growth and innovation. Creative fields and evolving technology make it possible to connect people and ideas as never before, serving as strong catalysts for change and expanding the understanding of our shared humanity.

The college integrates programs of study in architecture, art and design, communication studies, game design, journalism, media and screen studies, music, and theatre with meaningful experiential learning opportunities, enabling students to explore their passions and prepare for postgraduate opportunities in their chosen fields.

The college offers Bachelor of Arts, Bachelor of Science, and Bachelor of Fine Arts degrees in a number of majors, as well as interdisciplinary combined majors with every college across the university, and offers opportunities for nonmajors to engage in the college through NUpath and an extensive offering of minors. Opportunities available to students in the College of Arts, Media and Design include national and international programs for study and experience; programs in field settings, both local and abroad; and programs involving affiliations in such areas as professional performing arts organizations and media organizations. The college also emphasizes experiential learning through cooperative education; service-learning; and other kinds of internships, student-faculty research collaborations, and study abroad.

Students have a variety of experiential learning options that can be completed in four years. Each plan offers co-op opportunities, typically in an area related to the student's chosen academic area. Students are normally eligible to participate in co-op as early as the second semester of their sophomore year.

Many programs are flexible enough to allow students to pursue a PlusOne (<https://camd.northeastern.edu/plusone-program/>), a double major, a major and a minor, or one of the college's combined majors. The college also offers students the opportunity to create an independent major (<https://catalog.northeastern.edu/undergraduate/academic-policies-procedures/degrees-majors-minors/>) in cases where their interests and goals are not met by an existing major program.

### Academic Advising

The College of Arts, Media and Design has an academic advising (<https://camd.northeastern.edu/undergraduate-students/undergraduate-advising/>) system that consists of academic advisors located in the Academic Advising and Cooperative Education office and faculty mentors located in the college's academic schools and departments. Detailed advising information is available on the college website (<https://camd.northeastern.edu/undergraduate-students/undergraduate-advising/>). Pre-law advising (<https://careers.northeastern.edu/article/pre-law/>) and premed/prehealth advising (<https://undergraduate.northeastern.edu/prehealth/>) are also available. We can be reached by phone at 617.373.5583, by fax at 617.373.8719, or by email at [camdadvising@northeastern.edu](mailto:camdadvising@northeastern.edu).

### Academic Progression Standards

The College of Arts, Media and Design adheres to the university's academic progression standards (p. 88). Some programs have additional specific requirements in order to progress from year to year or to graduate from that program. This information can be found on each program's page.

### Graduation Clearance Process

Students in the College of Arts, Media and Design are required to meet with their assigned academic advisor to determine their remaining graduation requirements. Some departments also require a meeting with a faculty mentor. The graduation clearance process should be completed in the junior year to facilitate planning of all remaining requirements.

### College Requirements

All students in the College of Arts, Media and Design must successfully complete the university requirements of NUpath (p. 111). In addition, students pursuing a Bachelor of Arts degree must fulfill the BA requirements (p. 119).

## School of Architecture

Website (<http://camd.northeastern.edu/architecture/>)

### Dan Adams

Director and Associate Professor  
da.adams@northeastern.edu

617.373.4637

Architecture and landscape architecture are the context for civic life. In an age of increasingly rapid technological and social change, these fields forge connections between our past and our future. This involves critical thinking about many complex contemporary issues, such as the relationship of public and private life; the interaction between formal and political ideas in cities; and the role of technology in the design, construction, and management of contemporary spaces. Because the process of design involves the synthesis of disparate elements, it can also translate into strategies for approaching a wide range of other problems not traditionally understood to be “architecture.” At Northeastern University, we connect specific problem solving inherent to architectural and landscape architectural understanding with the larger context of contemporary cities.

The curriculum teaches students to conceptualize, synthesize, and represent complex architectural, urban, and environmental issues. The program focuses on core skills and critical thinking as preparation for both professional practice and advanced study. The curriculum in the design studio encompasses two major themes: First, the studio projects focus on the art of building and environmental performance; and second, the projects explore how designed environments—from buildings to regional infrastructures—affect urban conditions. The art of building includes the study of construction and technology, as well as the cultural messages created by the expression of material, structure, and form. Environmental performance includes imagining how we can live more sustainably by developing innovative design solutions for synthesizing natural and urban conditions. The contemporary city is our laboratory. This urban focus requires that students integrate their own creative impulses with the future of the society of which they will be a part. By building on the practical and technical training afforded by co-op to develop core professional skills, the curriculum focuses on architecture and landscape architecture’s fundamental aesthetic, technological, social, and political aspects.

With the effective synthesis of the art of building and environmental performance with urban issues, Northeastern’s programs in architecture and landscape architecture are becoming a leader in identifying opportunities for civic representation, urban development, and neighborhood design. Northeastern’s students are in demand because of their combination of professional competence and fluency in urban architectural and environmental design issues. There are opportunities for interdisciplinary cooperation in urban-oriented research and creative work in areas such as the economics of urban redevelopment; the design and planning of resilient food, water, energy, transit, and industrial systems; urban public policy; and new forms of spatial and visual communication. Additionally, Northeastern’s urban focus is applied globally in the semester abroad.

### External Transfers

Full-time architecture faculty members may evaluate nonstudio courses for conformity with Northeastern’s requirements using transcripts and course descriptions. Any student seeking studio course credit (drawing, technology, or design) must present a portfolio for review and evaluation.

*Portfolios are optional, though encouraged, for freshman applicants.*

### Academic Progression Standards

A minimum grade-point average of 2.500 is required to remain in the majors of architecture or landscape architecture. Students below this average will not be allowed to continue in these majors.

A minimum GPA of 2.000 is required to remain in the major of architectural studies. Students below this average will not be allowed to continue in the major.

To graduate, a student must have a 2.500 GPA in architecture or landscape architecture.

### Programs

#### Bachelor of Science (BS)

- Architecture (p. 133)
- Architectural Studies (p. 139)
- Architectural Studies and Design (p. 142)
- Architecture and English (p. 145)
- Civil Engineering and Architectural Studies, BSCE (p. 149)
- Environmental and Sustainability Sciences and Landscape Architecture (p. 155)
- Environmental Engineering and Landscape Architecture, BSEnvE (p. 158)

#### Bachelor of Landscape Architecture (BLA)

- Landscape Architecture (p. 163)

## **Minors**

- Architectural and Urban History (p. 165)
- Architectural Design (p. 166)
- Architectural Science and Systems (p. 167)
- Urban Landscape Studies (p. 168)

## Architecture, BS

Website (<https://camd.northeastern.edu/architecture/academic-programs/architecture/>)

The Bachelor of Science in Architecture curriculum combines a rigorous studio sequence with architecture history and building technology courses to prepare students to respond innovatively and conscientiously to the complex needs of the built environment and its inhabitants. In studio classes, students have an opportunity to develop core design and critical thinking skills through a project-based experiential curriculum. These small classes, held in Ruggles Studio, allow for regular one-on-one consultation with faculty and critiques with classmates. Formal reviews with guest critics are held throughout the semester. History courses provide grounding in the ways in which historical, economic, cultural, and social factors shape the built environment. In building technology classes, students study design and test structural and environmental systems of buildings and their synergistic integration. The degree is designed to prepare students to bring specific disciplinary expertise to the inherently broad and interdisciplinary challenges facing the built environment. Additionally, four- and five-year degree path options allow students flexibility in the pace of their studies, as well as to pursue electives and/or minors in subjects that complement and enhance the study of architecture.

Students in every track participate in co-op. Students on the four-year track enroll in one six-month co-op with the option of adding a four-month co-op in their third year of study. Students on the five-year track enroll in two six-month co-ops (<https://camd.northeastern.edu/architecture/experiential-learning-co-op/co-op/>). This allows students to gain real-world experience in architecture that aids them in both their academic development and in professional advancement. Co-op experience can often be applied to AXP (<http://www.ncarb.org/Experience-Through-Internships.aspx>) credits required for licensure. Students also have the opportunity to study abroad or at affiliated institutions through a variety of different programs during their third year or summer months.

Applicants should note that the BS degree in architecture is not sufficient by itself to meet the academic requirement to sit for state licensure (most undergraduate architecture degrees are not accredited). However, students who graduate with the BS degree have the option to apply to the one-year, NAAB-accredited Master of Architecture (<https://camd.northeastern.edu/architecture/academics/graduate/>) degree that is open to our BS graduates in good standing, which allows our own students to achieve a master's degree and become eligible for professional licensure in an efficient and timely manner.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Differences and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Ethical Reasoning (ER) in their electives.

### Architecture Major Requirements

Code	Title	Hours
<b>SEMESTER 1</b>		
ARCH 1000	Architecture at Northeastern	1
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310 and ARCH 1311	Buildings and Cities, A Global History and Recitation for ARCH 1310	4
<b>SEMESTER 2</b>		
ARCH 2130	Site, Space, Program	6
ARCH 2240	Architectonic Systems	4
<i>Architecture History Elective 1</i>		
Complete any course in the range of ARCH 2300 to ARCH 2399.		4
<b>SEMESTER 3</b>		
ARCH 2140	Urban Housing	6
ARCH 3450	Advanced Architectural Communication	4
<i>Architecture History Elective 2<sup>1</sup></i>		
Complete any course in the range of ARCH 2300 to ARCH 2399.		4

**SEMESTER 4**

ARCH 2340 and ARCH 2341	Modern Architecture and Recitation for ARCH 2340	4
ARCH 3170	Architecture, Infrastructure, and the City	6
ARCH 3210 and ARCH 3211	Environmental Systems and Recitation for ARCH 3210	4

**SEMESTER 5***Travel Study*

Students work with the department and their advisor to choose the approved off-campus study experience that best aligns with their ambitions.	16
---	----

**SEMESTER 6**

ARCH 5115	Option Studio	6
ARCH 5330	Theories of Architecture and Urbanism	4
ARCH 5430	Introduction to Professional Practice in Architecture	4

**SEMESTER 7**

ARCH 3370	Advanced Topics in Architectural History	4
ARCH 5140	Capstone Studio	6
ARCH 5230 and ARCH 5231	Structural Systems and Recitation for ARCH 5230	4
ARCH 5310	Design Tactics and Operations	4

<sup>1</sup> Please note that Urban and Architectural History Abroad (ARCH 4850), taught exclusively on Dialogues of Civilizations, also satisfies one of the two architectural history electives.

**Supporting Courses**

Code	Title	Hours
<b>SEMESTER 1</b>		
PHYS 1141	General Physics	4
<b>SEMESTER 2</b>		
EEAM 2000	Professional Development for Co-op	1
ENGW 1111	First-Year Writing	4
<b>SEMESTER 3</b>		
MATH 1241	Calculus 1	4
<b>SEMESTER 6</b>		
ENGW 3314 or ENGW 3315	Advanced Writing in the Arts, Media, and Design Interdisciplinary Advanced Writing in the Disciplines	4
<b>Cooperative Education</b>		
Architecture majors are required to complete one or two six-month co-ops, depending on their plan of study.		
COOP 3945	Co-op Work Experience	

**Important Note**

When registering for classes, note additional electives are required. If you are taking less than 18 semester hours during fall or spring semesters, verify with your advisor that you have registered for all required electives.

**Major GPA Requirement**

Minimum 2.500 GPA required

**Architecture Major Credit Requirement**

Complete 96 semester hours in the major.

**Program Requirement**

142 total semester hours required

## Architectural Studies, BS

Website (<https://camd.northeastern.edu/architecture/academic-programs/bs-architectural-studies/>)

The Bachelor of Science in Architectural Studies teaches students the rigorous design methods of architecture while also offering a flexible curriculum focused on key contemporary topics related to the built environment. After a common sequence of design, history, and technology courses, students may choose from a rich array of electives in the School of Architecture and throughout the university. The culmination of the major is a single capstone course required for all students.

Students will emerge with a strong portfolio, a foundational grounding in architectural design, and will be well equipped for further graduate education or work experience in design-related fields and creative industries. The Bachelor of Science in Architectural Studies can be completed in four years. Students in this major participate in one six-month co-op and have the option of a second four-month summer co-op. Students also have the option to study abroad for a semester.

Students may choose from one of three areas of emphasis—real estate; sustainability; or history, theory, and culture—or work with the department to put together a customized plan of study.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath Requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath Requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) must be met through electives.

### Architectural Studies Major Requirements

Code	Title	Hours
<b>Architecture at Northeastern</b>		
ARCH 1000	Architecture at Northeastern	
<b>General Architecture and Studio</b>		
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 2130	Site, Space, Program	6

<b>Architecture History Electives</b>		
Choose any course in the range of ARCH 2300 to ARCH 2399.		4
<b>Capstone</b>		
ARCH 4960	Architectural Studies Capstone	4

### Major Electives

Students who wish to be considered for Northeastern's two-year Master of Architecture degree should take Architectonic Systems (ARCH 2240) and Structural Systems (ARCH 5230).

Code	Title	Hours
Complete six of the following elective courses. At least four courses must be taken in the School of Architecture. At least two must be above the 2000 level:		
Any ARCH or LARC course		
<b>Real Estate</b>		
ENTR 2303	Marketing Strategies for Startups	
ENTR 3330	Design Thinking for Startups	
ENTR 4501	Integrated Studies in Entrepreneurial Startups	
INNO 2206	Global Social Enterprise	
MKTG 2209	Introduction to Marketing	
<b>Sustainability</b>		
CIVE 1200	How Cities Work: Experiencing Urban Infrastructure	
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	
CIVE 4566	Design for Sustainable Transportation: Netherlands	
ENVR 3200	Water Resources	
PHIL 1180	Environmental Ethics	
SBSY 5100	Sustainable Design and Technologies in Construction	
SBSY 5200	Sustainable Engineering Systems for Buildings	
<b>History, Theory, and Culture</b>		
ARTG 5110	Information Design History	
ARTH 1100	Interactive Media and Society	
ARTH 2215	History of Graphic Design	

\*Please be aware: Not all courses are available every semester and some have prerequisites.

### Optional Preparation for Two-Year Master of Architecture

Code	Title	Hours
If students wish to be eligible for the two-year Master of Architecture program at Northeastern, they should take the four courses listed here. ARCH 2240 and 5230 may count as electives toward the major:		
ARCH 2240	Architectonic Systems	
ARCH 5230	Structural Systems	
MATH 1241	Calculus 1	
PHYS 1141	General Physics	

### Architectural Studies Major Credit Requirement

Complete 72 semester hours in the major.

### Program Requirement

## Architectural Studies and Design, BS

Students integrate the study of architecture with strategies of graphic and information design, interaction design, or experience design. A flexible curriculum focused on key contemporary topics related to the built environment is combined with a broad understanding of the principles and systems of perception, communication, and action. Students integrate text and image to visualize concepts and data, create navigable interfaces and systems that allow audiences to take an active role to achieve meaningful goals, and take a holistic and integrative approach that focuses on the quality of the human experience in concrete situations. Successful students emerge with a strong portfolio suited to further graduate education or experience in architecture and design-related fields.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath attributes Engaging with the Natural and Designed World (ND), Exploring Creative Expression and Innovation (EI), Interpreting Culture (IC), Analyzing and Using Data (AD), and Engaging Differences and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ) and Ethical Reasoning (ER) in their electives.

\*Note: Students who wish to be eligible for the two-year Master of Architecture degree should take the following courses: Architectonic Systems (ARCH 2240), Architecture, Infrastructure, and the City (ARCH 3170), Structural Systems (ARCH 5230), along with calculus and physics.

### Architectural Studies Courses

Code	Title	Hours
<b>Required Courses</b>		
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310 and ARCH 1311	Buildings and Cities, A Global History and Recitation for ARCH 1310	4
ARCH 2130	Site, Space, Program	6
ARCH 2260	Introduction to Building Systems	4
ARCH 3450	Advanced Architectural Communication	4
<b>Architecture History Elective</b>		
Either ARCH 1370 or any ARCH 2300-level history course		4
<b>Electives</b>		
Complete two of the following:		8
ARCH 1370	Special Topics in Architectural History	
ARCH 1450	Understanding Design	
ARCH 2140	Urban Housing	
Any second ARCH 2300-level history course		
ARCH 3351	Architecture Topics Abroad: Theory	
ARCH 3352	Architecture Topics Abroad: Drawing	
ARCH 3370	Advanced Topics in Architectural History	
ARCH 4850	Urban and Architectural History Abroad	
ARCH 5310	Design Tactics and Operations	

### Design Requirements

Code	Title	Hours
<b>Art + Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Art + Design Fundamentals Elective</b>		
Complete one of the following:		5

ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
<b>Design Required</b>		
ARTG 1001 and ARTG 1002	Design Perspectives: An Introduction to Design in the World and Seminar for Design Perspectives	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
<b>Design Elective</b>		
Complete any 4 SH ARTG course not otherwise required in the curriculum. <sup>1</sup>		4
<b>Art + Design History Elective</b>		
Complete any one art history course within the ARTH subject code.		4
<b>Art + Design Elective</b>		
Complete any one ARTD, ARTE, ARTF, ARTG, ARTH, ARTS, or GAME course as long as prerequisites have been met.		4
If ARTG 5000 Topics in Design (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.		
<b>Degree Capstone Project</b>		
ARTG 4550	Design Degree Project	4

<sup>1</sup> Successful completion of *both* ARTG 2262 Prototyping with Code (2 SH) and Lab for ARTG 2262 (ARTG 2263) (2 SH) may satisfy this requirement.

## Design Option

Code	Title	Hours
Complete one of the following options:		8
<b>Experience Design Option</b>		
ARTG 3462	Experience Design Principles	
ARTG 3463	Experience Design 2	
<b>Graphic Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3450	Graphic Design 2	
<b>Information Design Option</b>		
ARTG 2242	Information Design Principles

## Architecture and English, BS

The School of Architecture and Department of English offer an interdisciplinary combined major in architecture and English. Students interested in the combined major integrate the study of literature and writing with the rigorous design methods of architecture. This program offers a flexible curriculum focused on key contemporary topics related to the built environment.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

NUPath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) in their electives.

### Architecture Requirements

Code	Title	Hours
<b>Required Courses</b>

ARCH 1310	Buildings and Cities, A Global History	4
ARCH 1450	Understanding Design	4
ARCH 2130	Site, Space, Program	6
ARCH 2240	Architectonic Systems	4
<b>Architecture History Electives</b>		<b>8</b>
Complete any two courses in the range of ARCH 2300–ARCH 2399.		
<b>Electives</b>		
Complete two of the following:		8
ARCH 3370	Advanced Topics in Architectural History	
ARCH 3450	Advanced Architectural Communication	
ARCH 5310	Design Tactics and Operations	

### English Requirements

Code	Title	Hours
<b>English Course-Level Requirement</b>		
In addition to the capstone, two of the courses completed from the lists below must be numbered 3000–4999.		
<b>Introduction to College</b>		
ENGL 1000	English at Northeastern	1
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
<b>Diversity</b>		
Complete one of the following. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2760	Writing in Global Contexts	

ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685 or JWSS 3685	Modern and Contemporary Jewish Literature Modern and Contemporary Jewish Literature	
<b>Pre–Nineteenth-Century Literature</b>		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literatures 1	
ENGL 2296	Early African-American Literature	
ENGL/JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<b>Nineteenth-, Twentieth-, and Twenty-First-Century Literature</b>		
Complete one of the following:		4
ENGL 2330	The American Renaissance	
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art Abroad	
ENGL/JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
<b>Theories and Methods</b>		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis

## Civil Engineering and Architectural Studies, BSCE

Civil engineering and architecture are two important disciplines that deal with the process of creating the built environment to satisfy societal needs. Both professions have critical functions that are essential in the development of society in terms of planning cities and designing more resilient infrastructure and rely on one another to accomplish it. The combination of these two professions creates great synergy as architects focus more on the functional and human aspects of development, while civil engineers concentrate on the structural elements of the design, ensuring durable structures that perform under normal and extreme loads.

Students successfully completing the program receive a rigorous engineering training education, enabling a high level of engineering knowledge as well as exposure to a broad range of architectural topics and design experiences.

Students also have the opportunity to undertake a co-op experience consistent with the policies and opportunities offered within the College of Engineering.

Our BS program in Civil Engineering and Architectural Studies is ABET accredited. Visit the Department of Civil and Environmental Engineering website (<https://cee.northeastern.edu/academics/undergraduate-studies/cee-accreditation/>) for program education outcomes.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements: Interpreting Culture (IC), Understanding Societies and Institutions (SI), Engaging Differences and Diversity (DD), and Integrating Knowledge and Skills Through Experience (EX) are not explicitly satisfied by required engineering coursework. Successful completion of a cooperative education experience fulfills the EX requirement. Students are responsible for satisfying unfulfilled NUpath requirements with general elective coursework.

### Engineering Requirements

Code	Title	Hours
<b>Required Engineering</b>		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4
CIVE 2260 and CIVE 2261	Materials for the Built Environment and Lab for CIVE 2260	5
CIVE 2320 and CIVE 2321	Structural Analysis and Recitation for CIVE 2320	4
CIVE 2324	Concrete Structure Design	4
CIVE 2331	Fluid Mechanics and Hydraulics	4
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	4
CIVE 2340 and CIVE 2341	Geotechnical Engineering and Lab for CIVE 2340	5
GE 3300	Energy Systems: Science, Technology, and Sustainability	4
<b>Civil Engineering Project Elective</b>		
Complete one of the following:		4
CIVE 4534 and CIVE 4535	Water Treatment Systems Design and Lab for CIVE 4534	
CIVE 4542	Foundation Engineering and Design	
CIVE 4554	Highway Design	
CIVE 5536	Hydrologic and Hydraulic Design	
<b>Senior Design Project</b>		
CIVE 4767	Senior Design Project—Structural	5
<b>Civil Engineering Technical Electives</b>		
Complete one of the following:		4
CIVE 3425	Steel Structure Design	
CIVE 5522	Structural Systems Modeling	

**Supplemental Credit**

1 semester hour from the following course counts toward the engineering requirement:	1
CIVE 3464 Probability and Engineering Economy for Civil Engineering	
2 semester hours from the following course count toward the engineering requirement:	2
GE 1501 Cornerstone of Engineering 1 <sup>1</sup>	
3 semester hours from the following course count toward the engineering requirement:	3
GE 1502 Cornerstone of Engineering 2 <sup>1</sup>	

**Architectural Studies Requirements**

Code	Title	Hours
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310 and ARCH 1311	Buildings and Cities, A Global History and Recitation for ARCH 1310	4
ARCH 2130	Site, Space, Program	6
ARCH 2140	Urban Housing	6
ARCH 2340 and ARCH 2341	Modern Architecture and Recitation for ARCH 2340	4
ARCH 3210 and ARCH 3211	Environmental Systems and Recitation for ARCH 3210	4

**Architectural Electives**

Complete two of the following:	8
ARCH 3370 Advanced Topics in Architectural History	
ARCH 3351 Architecture Topics Abroad: Theory	
ARCH 3352 Architecture Topics Abroad: Drawing	
ARCH 3450 Advanced Architectural Communication	
ARCH 4850 Urban and Architectural History Abroad	
ARCH 5115 Option Studio	
ARCH 5220 Integrated Building Systems	
ARCH 5310 Design Tactics and Operations	

**Supporting Courses: Mathematics/Science**

Complete all Mathematics/Science courses with a minimum of 30 semester hours.

Code	Title	Hours
<b>Required Mathematics/Science</b>		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
Complete one of the following:	5	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162 and PHYS 1163	Physics 1 and Lab for PHYS 1161 and Recitation for PHYS 1161	
<b>Science Elective</b>		
Complete one of the following:	4-5	
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	
BIOL 1141	Microbes and Society	
BIOL 1143	Biology and Society	

CHEM 2311 and CHEM 2312 and CHEM 2319	Organic Chemistry 1 and Lab for CHEM 2311 and Recitation for CHEM 2311
CHEM 3410	Environmental Geochemistry
EEMB 1101 and EEMB 1102	Foundations in Ecology and Evolutionary Biology and Lab for EEMB 1101
EEMB 1450	Introduction to Marine Biology
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302
ENVR 1200	Dynamic Earth
ENVR 2200	Earth's Changing Cycles
ENVR 2515	Sustainable Development
ENVR 3125	Global Oceanic Change
ENVR 3200	Water Resources
ENVR 3600	Oceanography
ENVR 5201	Geologic Field Seminar
ENVR 5350	Sustainable Energy and Climate Solutions
PHYS 1111	Introduction to Astronomy
PHYS 1125	Introduction to Network Science: From the Human Cell to Facebook
PHYS 1132	Energy, Environment, and Society
PHYS 1155 and PHYS 1156	Physics for Engineering 2 and Lab for PHYS 1155
PHYS 4623	Medical Physics

**Supplemental Credit**

3 semester hours from the following course count toward the mathematics/science requirement:	3
CIVE 3464	Probability and Engineering Economy for Civil Engineering
1 semester hour from the following course counts toward the mathematics/science requirement:	1
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>

**Professional Development**

Code	Title	Hours
<b>Professional Development</b>		
GE 1000	First-Year Seminar	1
ENCP 2000	Introduction to Engineering Co-op Education	1
ENCP 3000	Professional Issues in Engineering	1

**Additional Required Courses**

1 semester hour from the following course counts toward the professional development requirement:	1
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>
1 semester hour from the following course counts toward the professional development requirement:	1
GE 1502	Cornerstone of Engineering 2 <sup>1</sup>

**Writing Requirements**

Code	Title	Hours
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions Interdisciplinary Advanced Writing in the Disciplines	4

**Integrative Courses**

Code	Title	Hours
This course is already required above and also fulfills the integrative requirement.		
CIVE 4767	Senior Design Project—Structural	

<sup>1</sup> Students can substitute Engineering Design (GE 1110) and Engineering Problem Solving and Computation (GE 1111) for Cornerstone of Engineering 1 (GE 1501) and Cornerstone of Engineering 2 (GE 1502) in approved situations.

**Engineering GPA Requirement**

Minimum 2.000 GPA required in CIVE coursework.

**Architecture GPA Requirement**

Minimum 2.000 GPA required in all Architecture courses

**Program Requirements**

141 total semester hours required

**Note:**

1. Students who wish to be considered for the two-year Master of Architecture Program at Northeastern **should** take Advanced Architectural Communication (ARCH 3450) as an elective and **should not** take Option Studio (ARCH 5115) or Integrated Building Systems (ARCH 5220) as architectural electives.
2. Students who wish to be considered for the two-year Master of Architecture Program at Northeastern must have satisfied the Structural Systems (ARCH 5230) requirement. This requirement is achieved in this combined major by taking the following three courses, as follows:
  - Statics and Solid Mechanics (CIVE 2221), including Recitation for CIVE 2221 (CIVE 2222)
  - Structural Analysis (CIVE 2320), including Recitation for CIVE 2320 (CIVE 2321)
  - And at least one design course from the following:
    - Concrete Structure Design (CIVE 2324)
    - Steel Structure Design (CIVE 3425)

## Environmental and Sustainability Sciences and Landscape Architecture, BS

The Department of Marine and Environmental Sciences and the program in landscape architecture provide an education in basic environmental and sustainability sciences and landscape-architecture-related disciplines. This combined major provides students the opportunity to obtain the fundamental scientific background and practical training to tackle environmental and landscape-related issues. The program seeks to prepare students for advanced studies or careers in fields of urban planning, urban design, sustainable development, environmental consulting, and/or other fields focusing on the interactions among landscapes, the built environment, human societies, and overall climate impacts.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Environmental and Sustainability Sciences Requirements

Code	Title	Hours
<b>Environmental and Sustainability Sciences Required Courses</b>

## Environmental Engineering and Landscape Architecture, BSEnvE

Environmental engineering and landscape architecture are two important disciplines that deal with the complex interaction between the natural and the built environment. Both professions have critical functions that are essential in the development of society in terms of planning and designing more sustainable cities. The combination of these two professions creates great synergy and seeks to expose engineering students to the conceptual and practical content of landscape planning. Successful graduates from this degree are prepared to imagine and create projects that can be translated into reality providing solutions to address the world's growing challenges by designing clean and sustainable environments and green infrastructure.

Students completing the combined major Bachelor of Science in Environmental Engineering and Landscape Architecture receive a rigorous engineering training education, enabling a high level of engineering knowledge as well as exposure to a broad range of landscape architectural topics and design experiences.

Students will also have the opportunity to undertake a co-op experience consistent with the policies and opportunities offered within the College of Engineering.

Visit the department website (<https://cee.northeastern.edu/academics/undergraduate-studies/cee-accreditation/>) for program outcomes.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements: Interpreting Culture (IC), Understanding Societies and Institutions (SI), Engaging Differences and Diversity (DD), and Integrating Knowledge and Skills Through Experience (EX) are not explicitly satisfied by required engineering coursework. Successful completion of a cooperative education experience fulfills the EX requirement. Students are responsible for satisfying unfulfilled NUpath requirements with general elective coursework.

### Engineering Requirements

Code	Title	Hours
<b>Required Engineering</b>		
CIVE 2221 and CIVE 2222	Statics and Solid Mechanics and Recitation for CIVE 2221	4

## Landscape Architecture, BLA

Website (<https://camd.northeastern.edu/architecture/academic-programs/architecture-urban-landscape/>)

Northeastern University offers a Bachelor of Landscape Architecture. This new major reflects a growing public interest in making our cities more sustainable and in bringing the insights of landscape architects to join those of urban designers and architects. This hybrid field has deep roots in design, ecology, planning, and aesthetics. In the past 15 years, it has come to play an evermore important role in the design of new places, as well as the retrofitting of our older, postindustrial landscapes. An inherently interdisciplinary program, urban landscape will involve collaborations with other academic units on campus.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirement Ethical Reasoning (ER) must be met through general electives.

## Architectural and Urban History, Minor

Website (<https://camd.northeastern.edu/architecture/academic-programs/architectural-history/>)

The four-course minor introduces students to the study of architectural history, paying particular attention to the relationship between buildings and their larger urban, cultural, economic, and social environments. The minor includes one general survey class that covers a variety of different cultures and geographic contexts over time. Students may then choose from a suite of architectural history courses to fulfill the remaining 12 credits of this minor.

Please note: This minor is not available to students in the Bachelor of Science in Architecture or Bachelor of Science in Architectural Studies majors. Bachelor of Landscape Architecture students may double count at most one course with this minor.

### Minor Requirements

*Note:* This minor is not available to students in the Bachelor of Science in Architecture or Bachelor of Science in Architectural Studies majors. Bachelor of Landscape Architecture students may double count at most one course with this minor.

### Required Courses

Code	Title	Hours
<b>Architectural History Core</b>		
ARCH 1310	Buildings and Cities, A Global History	4
<b>Electives</b>		
Complete three of the following:		12
ARCH 1370	Special Topics in Architectural History	
Any course from the ARCH 2300 series, including:		
ARCH 2310	History of Chinese Architecture	
ARCH 2320	Modern Chinese Architecture	
ARCH 2330	Architecture and the City in the Nineteenth Century	
ARCH 2340	Modern Architecture	
ARCH 2345	Contemporary Architecture	
ARCH 2350	American Architecture	
ARCH 3370	Advanced Topics in Architectural History	
ARCH 4850	Urban and Architectural History Abroad	

### GPA Requirement

2.000 GPA required in the minor

## Architectural Design, Minor

This minor introduces students to the breadth of architecture and the three-legged stool of designing architecture: design, history, and technology. Indeed, building technology and contextual and historical understanding are essential ingredients of architectural design. The minor is structured to ensure that all students take at least one fundamental class in each of these three "legs." Students may then shape the minor to align their interests with their choices of the architectural design course and elective.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any recitations where specified. Please note: This minor is not available to students in the Bachelor of Science in Architecture or Bachelor of Science in Architectural Studies major. Bachelor of Landscape Architecture students may double count at most one course with this minor.

### Requirements

Code	Title	Hours
<b>Required Foundation Course</b>		
ARCH 1110	Fundamental Architectural Representation	4
<b>Required Architecture Design</b>		
Complete one of the following:		4-6
ARCH 1450	Understanding Design	
or ARCH 1120	Fundamental Architectural Design	
<b>Required Technology Course</b>		
ARCH 2260	Introduction to Building Systems	4
<b>Required History Elective</b>		
Complete one of the following:		4
ARCH 1310	Buildings and Cities, A Global History	
ARCH 1370	Special Topics in Architectural History	
ARCH 2310	History of Chinese Architecture	
ARCH 2320	Modern Chinese Architecture	
ARCH 2330 and ARCH 2331	Architecture and the City in the Nineteenth Century and Recitation for ARCH 2330	
ARCH 2340 and ARCH 2341	Modern Architecture and Recitation for ARCH 2340	
ARCH 2345	Contemporary Architecture	
ARCH 2350	American Architecture	
ARCH 2355	Architecture Conservation: Intervention, Transformation, and Reuse	
ARCH 2370	Topics in Architectural History	
ARCH 3351	Architecture Topics Abroad: Theory	
ARCH 3352	Architecture Topics Abroad: Drawing	
ARCH 4850	Urban and Architectural History Abroad	
Any course within the ARCH 2300–ARCH 2399 range		

### GPA Requirement

2.000 GPA required in the minor

## Architectural Science and Systems, Minor

The Minor in Architectural Science and Systems is a four-course curriculum that combines a comprehensive exploration of the full range of building systems with a thorough understanding of the physical phenomena to which they respond. Students investigate the primary component systems of buildings and their synergistic integration, including site, structure, enclosure, environmental comfort, and passive and active energy systems. While technical topics form the core content of these courses, systems thinking is the critical and analytical bond among them.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Only one course can be double counted toward any other major or minor.

### Requirements

Code	Title	Hours
<b>Building Systems Required Course</b>		
ARCH 2260	Introduction to Building Systems	4
<b>Building Systems Core</b>		
Complete two of the following:		8
ARCH 2240	Architectonic Systems	
ARCH 3210	Environmental Systems	
or ARCH 5210	Environmental Systems	
ARCH 5230	Structural Systems	
<b>Elective</b>		
Complete one of the following (the third course from the Building Systems Core section above may be taken as an elective):		4
ARCH 5220	Integrated Building Systems	
GE 3300	Energy Systems: Science, Technology, and Sustainability	
SBSY 5200	Sustainable Engineering Systems for Buildings	

### GPA Requirement

2.000 GPA required in the minor

## Urban Landscape Studies, Minor

Website (<https://camd.northeastern.edu/architecture/academic-programs/urban-landscape-studies/>)

The minor in urban landscape studies introduces fundamental design and management of sustainable urban environments, as well as an overview of historical and contemporary issues in urban landscape.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

No more than one course may count toward any other degree or minor

### Required Courses

Code	Title	Hours
<b>Urban Landscape Core 1</b>		
LARC 2340	Cities, Landscape, and Contemporary Culture	4
<b>Urban Landscape Core 2</b>		
Complete two of the following:		8
LARC 2230	Introduction to Sustainable Site Planning and Design	
LARC 2330	Cities, Landscape, and Modern Culture	
LARC 2430	Plants, People, and Landscape Change	

### Elective

Code	Title	Hours
Complete one of the following:		4
ARCH 1310	Buildings and Cities, A Global History	
ARCH 3352	Architecture Topics Abroad: Drawing	
ARCH 4850	Urban and Architectural History Abroad	
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	
ENVR 1200	Dynamic Earth	
ENVR 3200	Water Resources	
LARC 2230	Introduction to Sustainable Site Planning and Design	
LARC 2240	Sustainable Site Construction and Detailing	
LARC 2330	Cities, Landscape, and Modern Culture	
LARC 2430	Plants, People, and Landscape Change	
LARC 2440	Planting Design	
LARC 5210	Landscape Ecology	
POLS 2395	Environmental Politics and Policy	
SOCL 1246	Environment and Society	

### GPA Requirement

2.500 GPA required in the minor

## Art + Design

Website (<https://camd.northeastern.edu/undergraduate-overview/#164>)

### **Dietmar Offenhuber, PhD**

Chair

### **Julia Hechtman, MFA**

Associate Chair

617.373.4340

Art makes life meaningful. Design makes life possible. Together they make life wonderful. The work of artists and designers informs and forms cultures, benefits society, and empowers the global marketplace of ideas. The faculty in the Department of Art + Design seeks to prepare students for a rich and rewarding life making a significant difference in the lives of others. We study the fundamentals of knowing, thinking, making, and doing; you have an opportunity to learn to use ideas and influences, tools and techniques, and principles and processes of art and design. We provide a faculty, format, and facilities for a great experiential education in art and design within a major urban research university. You pursue your curiosity about, intentions toward, and obligations to the evolving world. Semester and summer programs may include many international destinations including Austria, England, Hawaii, Iceland, Ireland, Italy, Japan, and Kentucky and offer intensive studio experiences to augment your study with travel and creative work in the context of other cultures.

Whether you are studying design, media art, or game design, the Department of Art + Design seeks to cultivate your talents as a source of original ideas and expressions of an inner life, using classical, current, and emerging media. You are inspired and challenged to create powerful new works. You will gain visual literacy and fluency with professional art, design, and game design practices in the context of a liberal arts education. You can be transformed into a creative force, ready to realize your potential and create cultural value and social benefit.

## **Art, BA**

Northeastern University offers a studio-based fine art program that investigates visual studies and various cultures, giving students a way of developing their own creative practice as well as an understanding of the relationship between form and meaning. To achieve this level of consciousness around arts practice, students will strike a balance between studio courses in drawing/painting and digital media with visual studies courses that focus on the historical, theoretical, and critical interpretation of visual art. This exploration of art methods creates a more visually and conceptually astute student through making. Students' education, experience, and training in understanding creative practices takes full advantage of the remarkable scope of the College of Arts, Media and Design. Some courses in this program are offered in locations abroad and may include Austria, Ireland, Japan, and Sicily, where students have an intensive and immersive creative experience during five-week summer sessions. Additionally, students may opt to enroll in select courses at the University of the Arts London (UAL), Fine Art at Central Saint Martins campus. This unique opportunity allows students to spend a semester in London while discovering a new culture.

The visual studies concentration examines both the production and public reception of art across regions, contexts, periods, and media, foregrounding arts' status as both a material artifact and social communication. Courses reflect the active research profiles and professional experience of its distinguished faculty who all prioritize accessibility, collaboration, and cutting-edge research. Lectures and seminars take advantage of Northeastern's proximity to area museums and cultural centers, including the Institute of Contemporary Art and the Museum of Fine Arts, as well as campus facilities and initiatives like Gallery 360 and the Center for the Arts. Other dynamic resources include Northeastern's own renowned archives offering tangible case studies to consider how criticism coalesces into the historical record. Visual studies introduces students to a broad range of creative careers endemic to the fields of design, publishing, curation, conservation, and scholarship.

The Department of Art + Design uses communal studio space to train students in painting and drawing processes. The department also hosts a fabrication lab that supports a wide range of material-based research for the CAMD community. Beyond the foundation-level courses required for all students, the makerspace provides the resources for prototyping processes ranging from model making, woodworking, CAD, as well as digital fabrication through laser cutting, 3D scanning, and 3D printing.

The **Bachelor of Arts in Art** is offered with a concentration in visual studies or without a concentration.

## **Design, BFA**

Design is the practice-based discipline that poses important questions about—and provides significant answers to—how we live. Designers are needed when we don't know what is needed as well as when we think we do. Designers propose alternative futures and create new choices using principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action. Concentrations in design practices are graphic and information design, interaction design, and experience design.

Graphic designers make messages and meaning using visual form and the integration of text and image. Their work often has a persuasive intent and uses rules of visual composition, form, and pattern to enable storytelling or to create attention and an ambiance for consideration. Information designers visualize concepts and data to enhance human understanding of complex and vital knowledge. Their work has an enlightening or instructive intent and is based on factual content.

Interaction designers focus on the creation of navigable interfaces and systems that allow audiences to take an active role to achieve meaningful goals. Their work connects people to people and people to information and environments.

Experience designers take a holistic and integrative approach that focuses on the quality of the human experience in concrete situations. They employ research, analysis, creativity, and technology as tools to understand human goals, needs, and desires. Their work examines and improves contexts, systems, services, or events.

Additionally, students may opt to enroll in select courses at the University of the Arts London (UAL), Fine Art at Central Saint Martins, or Design Management at London College of Communication (<https://www.arts.ac.uk/subjects/business-and-management-and-science/undergraduate/bachelors-design-management-lcc/>) campus. This unique opportunity allows students to spend a semester in London while discovering a new culture.

The **Bachelor of Fine Arts in Design** is offered without a concentration or with the following concentration options: experience design, interaction design, or graphic and information design.

### **Game Design, BFA**

The Bachelor of Fine Art in Game Design seeks to give students the skills to communicate ideas and emotions through interactive media. The focus of the BFA degree is to explore games as an aesthetic and expressive form through critical analysis and creative, reflective practice. To reflect emerging trends in the video and analog game industries, including broader platforms, audiences, and distribution channels, students will be oriented toward developing games and playful media in an independent creative context. Curriculum is geared to cultivating students' unique creative voices through courses applying theoretical analysis to game-development practices across a wide range of media. Students are exposed to a wide variety of genres and contexts, as well as different ways of thinking about games content, platforms, and asset production.

### **Media Arts, BFA**

The continuing revolution in digital computing and global communications has produced a rapidly evolving field for artists who create experiences of image and form with computer screens, intelligent devices, and new materials. Artists also invent tools for exploring, creating, and distributing their ideas and works. Media arts concentrations of animation, photography, and video arts are offered with variations yet to be invented.

Courses in imaginative and narrative arts, required for professional work in documentary films, game art, visualization, visual effects, motion graphics, interactive art, illustration, and short animated films, are offered at Northeastern. The curriculum in our intensive studio program provides knowledge, experience, and techniques of media arts informed by theory, experimentation, and critique. Extensive digital imaging and interactive media editing production facilities afford one the opportunity to become highly proficient in the current skills and emerging practices necessary for remarkable work. The media arts are evolving and expanding into culture in daily life and global experience. The revolutions in immersive media, 3D printing, embedded devices, and robotics are changing the landscape in which the media artist will operate. This degree is designed to prepare students to meet the challenges of continuous change with adaptive ingenuity. Additionally, students may opt to enroll in select courses at the University of the Arts London (UAL), Fine Art at Central Saint Martins campus. This unique opportunity allows students to spend a semester in London while discovering a new culture.

The animation concentration provides a comprehensive exploration of the entire production pipeline for a variety of animated content including films, visual effects, broadcast, visualization, games, and spatial media. With a focus on developing robust, conceptual, narrative, and technical software skills, this rigorous studio program explores the power and potential of effective visual communication through 2D and 3D motion design. The animation concentration provides ample opportunities to explore and collaborate with related creative disciplines (VR/AR/XR, game design, interactive, video, etc.), making this a truly unique learning experience. Throughout their education, students will work to develop a professional-level portfolio, the centerpiece of which will be a senior-year capstone project, demonstrating mastery in their specific area of focus.

The photography concentration encourages experimental and self-disciplined engagement with photographic processes in order to understand how materials function, both as a physical component of photographic work as well as a signifier of meaning. Concept and process are in constant dialogue, and we believe learning through doing cultivates individual vision and working methods. Each student's creative approach establishes a vital platform for discovery. In addition, theory and conceptual development provide students with necessary analytical tools for understanding and analyzing visual and technological trends in current and future photographic practices.

Young professionals today must meet challenges—as well as enjoy opportunities—to be more creative, adaptive, and innovative as active practitioners within our contemporary visual culture and evolving technological environment. Our responsibility as liberal arts educators is to expand the skills and vision of each student in light of their individual and professional goals. At a time when initiative, creativity, and innovation are leading principles for social and economic progress, it is important to stress the ways in which their artistic and creative endeavors can make a rewarding and meaningful contribution.

Northeastern photography program students find themselves in the center of Boston's creative hub, across from the Museum of Fine Arts. Northeastern's own Center for the Arts directs interdisciplinary research and presents exhibitions and innovative programs. The newly renovated Media Hub offers state-of-the-art equipment rentals and digital printing resources. Photography students have access to two large computer labs and an alternative photographic processes darkroom with film processing and analog printing capabilities.

Our foundation photography courses are small studio and lab classes, leading to intermediate and advanced studios and seminars with an emphasis on personal vision developed through lectures, critiques, individual meetings, and research. In addition, guest artists are invited to participate and offer insights.

The video arts concentration is a multidisciplinary field focused on creative video expression and messaging that weaves together art and design foundations; art and design history; video production; cinematic language (including documentary, narrative, and experimental strategies); collaborative frameworks; and theories of social and cultural change. The scope of the video arts curriculum is a broader and more diverse tapestry than traditional video art, and it reflects the dynamic evolution of video in multiple contexts. The video arts concentration enables students to explore traditional, alternative, and other artistic means of video art production in a variety of creative and technical contexts. The focus on a multiplicity of artistic formats—hence, the choice of the title video arts—underscores our attention to the training of students who are interested in learning how to experiment with new technical, narrative, and aesthetic practices and incorporate these options into the traditional medium of video art.

The **Bachelor of Fine Arts in Media Arts** is offered without a concentration or with the following concentration options: animation, photography, or video arts.

### **Studio Art, BFA**

Our Bachelor of Fine Arts in Studio Art is offered in partnership with the School of the Museum of Fine Arts at Tufts University (SMFA at Tufts), (<https://smfa.tufts.edu/>) across Huntington Avenue from our campus. In this major, your studio art classes are taken at the SMFA at Tufts, which allows students to explore a wide range of artistic media, including ceramics, drawing, film, metalsmithing, painting, performance, printing, sculpture, and sound, in their extensive studio environments. Our students complete Art + Design history courses in our department and they have access to all the elective courses, co-op and study-abroad programs, student resources, and activities that Northeastern students experience. Additionally, students may opt to enroll in select courses at the University of the Arts London (UAL), Fine Art at Central Saint Martins campus. This unique opportunity allows students to spend a semester in London while discovering a new culture.

The **Bachelor of Fine Arts in Studio Art** degree is awarded by Northeastern.

### **Admission Requirements for Art + Design**

There are specific admissions criteria for students entering majors in the Department of Art + Design. See Admission Requirements for the College of Arts, Media and Design (p. ).

### **Academic Progression Standards**

Same as college standards.

### **Programs**

#### **Bachelor of Arts (BA)**

- Art (p. 173)
- Communication Studies and Graphic and Information Design (p. 219)
- English and Graphic and Information Design (p. 222)
- Media and Screen Studies and Media Arts (p. 243)
- Media Arts and Communication Studies (p. 246)
- Theatre and Interaction Design (p. 249)

#### **Bachelor of Fine Arts (BFA)**

- Design (p. 178)
- Game Art and Animation (p. 226)
- Game Design (p. 183)
- Media Arts (p. 186)
- Studio Art (p. 194)

#### **Bachelor of Science (BS)**

- Architectural Studies and Design (p. 142)
- Behavioral Neuroscience and Design (p. 197)
- Business Administration and Design (p. 202)
- Computer Science and Design (p. 206)
- Computer Science and Game Development (p. 211)
- Computer Science and Media Arts (p. 214)
- Game Design and Music with Concentration in Music Technology (p. 233)
- Graphic and Information Design and Mathematics (p. 236)
- Journalism and Interaction Design (p. 239)
- Theatre and Interaction Design (p. 252)

#### **Bachelor of Science in Mechanical Engineering (BSME)**

- Mechanical Engineering and Design (p. 255)

## **Minors**

- Animation (p. 262)
- Art (p. 263)
- Art History (p. 265)
- Creative Computing (p. 266)
- Creative Fabrication (p. 267)
- Experience Design (p. 268)
- Game Art (p. 270)
- Game Design (p. 271)
- Graphic and Information Design (p. 272)
- Immersive Media (p. 274)
- Interaction Design (p. 276)
- Photography (p. 278)
- Photojournalism (p. 279)
- Video Arts (p. 280)

## Art, BA

The Bachelor of Arts is a studio-based fine art program that offers an investigation into visual studies and various cultures, giving students a way of developing their own vision of creative practice as well as an understanding of the relationship between form and meaning. To achieve this level of consciousness around arts practice, students are offered a balance between studio courses in drawing/painting and digital media with visual studies courses that focus on the historical, theoretical, and critical interpretation of visual art. This exploration of art methods creates a more visually and conceptually astute student through making. Students' education, experience, and training in understanding creative practices takes full advantage of the remarkable scope of the College of Arts, Media and Design. Some courses in this program are offered in locations abroad including Iceland, Ireland, Japan, and Galapagos, where students have an intensive and immersive creative experience during five-week summer sessions. Additionally, students may opt to enroll in select courses at the University of the Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)) (UAL), fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>) campus. This unique opportunity allows students to spend a semester in London while discovering a new culture.

The visual studies concentration examines both the production and public reception of art across regions, contexts, periods, and media, foregrounding arts' status as both a material artifact and an act of social communication. Courses reflect the active research profiles and professional experience of its distinguished faculty who all prioritize accessibility, collaboration, and cutting-edge research. Lectures and seminars take advantage of Northeastern University's proximity to area museums and cultural centers—including the Institute of Contemporary Art and the Museum of Fine Arts, Boston—and Boston campus facilities and initiatives like Gallery 360 and the Center for the Arts. Other dynamic resources include Northeastern's own renowned archives in Boston or equivalent local museums and galleries offering tangible case studies to consider how criticism coalesces into the historical record. Visual studies introduce students to a broad range of creative careers endemic to the fields of design, publishing, curation, conservation, and scholarship.

The Department of Art + Design uses communal studio space to train students in painting and drawing processes. The department also hosts a fabrication lab that supports a wide range of material-based research for the CAMD community. Beyond the foundation-level courses required for all students, the makerspace provides the resources for prototyping processes ranging from model making, woodworking, CAD, as well as digital fabrication through laser cutting, 3D scanning, and 3D printing.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Differences and Diversity (DD), and Ethical Reasoning (ER) must be met through general electives.

### Art and Design Core

Code	Title	Hours
<b>Introduction</b>		
ARTF 1000	Art and Design at Northeastern	1
<b>Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	5
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	5
<b>Drawing Elective</b>		

ARTF 1120 or ARTF 1121	Observational Drawing Conceptual Drawing	4
<b>Art History Required</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
ARTH 3000	Topics in Visual Studies	4
ARTH 4000	Topics in Visual Studies	4
<b>Art History Elective</b>		
Complete any ARTH course, not taken for the concentration.		4
If ARTH 3000 or ARTH 4000 (or any other topics course in the subject listed above) is completed more than once, the additional completions may be allowed toward the electives.		
<b>Capstone</b>		
ARTD 4530	Media Arts Degree Project	4

### Concentration or Electives

Complete the following concentration or the electives linked below:

- Concentration in Visual Studies (p. 174)
- Electives Option (p. 174)

### Major GPA Requirement

A major GPA of 2.500 is required.

### Program Requirement

129 total semester hours required

**Total Hours: 133**

**Notes:**

Optional study abroad with University of the Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second spring semester in London studying fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>).

## Design, BFA

Design is the practice-based discipline that poses important questions about—and provides significant answers to—how we live. Designers are needed when we don't know what is needed as well as when we think we do. Designers propose alternative futures and create new choices using principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action. Concentrations in design practices are graphic and information design, interaction design, and experience design.

Graphic designers make messages and meaning using visual form and the integration of text and image. Their work often has a persuasive intent and uses rules of visual composition, form, and pattern to enable storytelling or to create attention and an ambiance for consideration. Information designers visualize concepts and data to enhance human understanding of complex and vital knowledge. Their work has an enlightening or instructive intent and is based on factual content.

Interaction designers focus on the creation of navigable interfaces and systems that allow audiences to take an active role to achieve meaningful goals. Their work connects people to people and people to information and environments.

Experience designers take a holistic and integrative approach that focuses on the quality of the human experience in concrete situations. They employ research, analysis, creativity, and technology as tools to understand human goals, needs, and desires. Their work examines and improves contexts, systems, services, or events.

The Bachelor of Fine Arts in Design is offered with the following concentration options: graphic and information design, interaction design, or experience design.

The major offers optional study abroad with University of the Arts London (<https://www.arts.ac.uk/>), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second spring semester in London studying fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements. All other NUpath requirements must be met through electives.

Students interested in design PlusOne programs should consult with faculty coordinator and advisor during sophomore year to register for 5000-level courses in junior and senior years.

### Art and Design Core

Code	Title	Hours
<b>Introduction to College</b>		
ARTF 1000	Art and Design at Northeastern	1

Optional study abroad with University of the Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second year spring semester in London studying design management at London College of Communication (<https://www.arts.ac.uk/subjects/business-and-management-and-science/undergraduate/ba-hons-design-management-lcc/>).

## Game Design, BFA

The Bachelor of Fine Arts in Game Design is designed to provide students with the skills to communicate ideas and emotions through interactive media. The focus of the BFA degree is exploring games as an aesthetic and expressive form through critical analysis and creative, reflective practice. Anticipating emerging trends in the video and analog game industries—including broader platforms, audiences, and distribution channels—students will be oriented toward developing games and playful media in an independent creative context. Curriculum is geared to cultivate students' unique creative voices through courses that apply theoretical analysis to game-development practices across a range of media. Students are exposed to a wide variety of genres and contexts, as well as alternative ways of thinking about games content, platforms, and asset production.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), and Analyzing/Using Data (AD) are met through the major course requirements. All other NUpath requirements must be met through electives.

### Required Courses

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000	Art and Design at Northeastern	1
<b>Game Studies</b>		
GAME 1110	Games and Society	4
GAME 2650	Introduction to Game Research Methods	4
<b>Game Design</b>		
GAME 2500	Foundations of Game Design	4
GAME 2950	Game Studio	4
GAME 3700	Rapid Idea Prototyping for Games	4
<b>Game Development</b>		
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	4
GAME 3300	Game Interface Design	4
GAME 3400	Level Design and Game Architecture	4
GAME 3800	Game Concept Development	4
<b>Game Aesthetics</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	5
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	5
<b>Critical Play</b>		
GAME 2010	The Business of Games	4
<b>Capstone</b>		
A grade of C or higher is required:		
GAME 4700	Game Design Capstone	4

### Electives

Code	Title	Hours
<b>Game Design and Development</b>		
Complete two of the following as long as prerequisites have been met:		
		8

GAME 1850	Experimental Game Design
GAME 1999	Principles of Board Game Development
GAME 2991	Research in Game Design
GAME 3800	Game Concept Development
GAME 4000	Topics in Game Design
GAME 4460	Generative Game Design
GAME 4600	Game Production

**Game Aesthetics and Critical Play**

Complete two of the following as long as prerequisites have been met: 8

GAME 2355	Narrative for Games
GAME 2750	Games Criticism and Theory
GAME 2755	Games and Social Justice
GAME 4155	Designing Imaginary Worlds

**Art + Design**

Complete three of the following as long as prerequisites have been met: 12

ARTF 1120	Observational Drawing
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools
ARTD 3000	Topics in Media Arts
ARTG 3250	Physical Computing
ARTD 3470	Animation 1
ARTD 3472	Character Design for Animation
ARTD 3473	Animation for Games

**Art History**

Complete one art history course within the ARTH subject code. 4

**Game Design Major Credit/GPA Requirement**

Complete 92 semester hours for the major with a 2.000 GPA.

**Program Requirement**

128 total semester hours required

## Media Arts, BFA

The continuing revolution in digital computing and global communications has produced a rapidly evolving field for artists who create experiences of image and form with computer screens, intelligent devices, and new materials. Artists also invent tools for exploring, creating, and distributing their ideas and works. Media arts concentrations of animation, photography, and video arts are offered with variations yet to be invented.

Courses in imaginative and narrative arts required for professional work in documentary films, game art, visualization, visual effects, motion graphics, interactive art, illustration, and short animated films are offered at Northeastern. The curriculum in our intensive studio program provides knowledge, experience, and techniques of media arts informed by theory, experimentation, and critique. Extensive digital imaging and interactive media editing production facilities afford one the opportunity to become highly proficient in the current skills and emerging practices necessary for remarkable work. The media arts are evolving and expanding into culture in daily life and global experience. The revolutions in immersive media, 3D printing, embedded devices, and robotics are changing the landscape in which the media artist will operate. This degree is designed to prepare students to meet the challenges of continuous change with adaptive ingenuity.

The animation concentration provides a comprehensive exploration of the entire production pipeline for a variety of animated content including films, visual effects, broadcast, visualization, games, and spatial media. With a focus on developing robust, conceptual, narrative, and technical software skills, this rigorous studio program explores the power and potential of effective visual communication through 2D and 3D motion design. The animation concentration provides ample opportunities to explore and collaborate with related creative disciplines (VR/AR/XR, game design, interactive, video, etc.) making this a truly unique learning experience. Throughout their education, students will work to develop a professional-level portfolio—the centerpiece of which will be a one-year capstone project—demonstrating mastery in their specific area of focus.

The photography concentration encourages experimental and self-disciplined engagement with photographic processes in order to understand how materials function, both as a physical component of photographic work as well as a signifier of meaning. Concept and process are in constant dialogue, and we believe learning through doing cultivates individual vision and working methods. Each student's creative approach establishes a vital platform for discovery. In addition, theory and conceptual development provide students with necessary analytical tools for understanding and analyzing visual and technological trends in current and future photographic practices.

Young professionals today must meet challenges—as well as enjoy opportunities—to be more creative, adaptive, and innovative as active practitioners within our contemporary visual culture and evolving technological environment. Our responsibility as liberal arts educators is to expand the skills and vision of each student in light of their individual and professional goals. At a time when initiative, creativity, and innovation are leading principles for social and economic progress, it is important to stress the ways in which their artistic and creative endeavors can make a rewarding and meaningful contribution.

Northeastern photography program students find themselves in the center of Boston's creative hub, across from the Museum of Fine Arts. Northeastern's own Center for the Arts directs interdisciplinary research and presents exhibitions and innovative programs. The newly renovated Media Hub offers state-of-the-art equipment rentals and digital printing resources. Photography students have access to two large computer labs and an alternative photographic processes darkroom with film processing and analog printing capabilities.

Our foundation photography courses are small studio and lab classes, leading to intermediate and advanced studios and seminars with an emphasis on personal vision developed through lectures, critiques, individual meetings, and research. In addition, guest artists are invited to participate and offer insights.

The video arts concentration is a multidisciplinary field focused on creative video expression and messaging that weaves together art and design foundations; art and design history; video production; cinematic language (including documentary, narrative, and experimental strategies); collaborative frameworks; and theories of social and cultural change. The scope of the video arts curriculum is a broader and more diverse tapestry than traditional video art and it reflects the dynamic evolution of video in multiple contexts. The video arts concentration enables students to explore traditional, alternative, and other artistic means of video art production in a variety of creative and technical contexts. The focus on a multiplicity of artistic formats—hence, the choice of the title video arts—underscores our attention to the training of students who are interested in learning how to experiment with new technical, narrative, and aesthetic practices and incorporate these options into the traditional medium of video art.

Optional study abroad with University of Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second spring semester in London studying fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression and Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Differences and Diversity (DD), and Ethical Reasoning (ER) must be met through general electives.

## Art and Design Core

Code	Title	Hours
<b>Introduction to College</b>		
ARTF 1000	Art and Design at Northeastern	1
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123 )	4
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	5
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	5
<b>Art and Design History</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4

ARTD 1001 and ARTD 1002	Media Art, Culture, and Social Justice and Seminar for ARTD 1001	4

### Drawing Fundamentals Elective

ARTF 1120 or ARTF 1121	Observational Drawing Conceptual Drawing	4
---------------------------	---	---

### Media Arts Basics Elective

Note: If you are pursuing a concentration, select courses not used for your concentration.

Complete one of the following: 4-5

ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	

### Media Arts History Elective

Complete one of the following: 4

If a topic in course is completed more than once, the additional completions may be allowed toward the electives.

ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2212	Survey of the Still and Moving Image	
ARTH 3000	Topics in Visual Studies	
ARTH 4000	Topics in Visual Studies	

### Design Requirement

ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	
----------------------------	---	--

### Degree Project

ARTD 4530	Media Arts Degree Project	4
-----------	---------------------------	---

## Media Arts Electives or Concentration

Complete the media arts electives or contact your academic advisor to declare one of the following concentrations:

- Animation (p. 188)
- Photography (p. 189)
- Video Arts (p. 189)

Code	Title	Hours
Complete 20 semester hours from the following:		20
If a topic in this course is completed more than once, the additional completions may be allowed toward the electives.		
Courses in this requirement may not be used for the drawing fundamentals elective or media arts history elective.		
ARTD 2100	Narrative Basics	
ARTD 2340	Introduction to Computational Creative Practice	
ARTD 3000	Topics in Media Arts	
ARTD 3460	Photography: Concept + Process	
ARTD 3470	Animation 1	
ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 3473	Animation for Games	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
ARTD 4565	Photography: Visual Strategies + Context	
ARTD 4570	Animation 2	
ARTD 4575	Animation 3	
ARTD 4660	Studio Photography	
ARTD 4661	Photography: Experimental Processes	
ARTE 2301	The Graphic Novel	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 2501	Art and Design Abroad: History	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
ARTH 1100	Interactive Media and Society	
ARTH 1400	The Science of Art, the Art of Science	
ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2313	Global Networks in Early Modern Art and Visual Culture	
ARTH 3000	Topics in Visual Studies	
ARTH 3211	Performance Art	
ARTH 4000	Topics in Visual Studies	
ARTH 5100	Contemporary Art Theory and Criticism	
ARTH 5600	Landscape and Ecology in Visual Culture	
ARTS 2340	Painting Basics	
ARTS 2341	Figure Drawing	
ARTS 3449	Drawing in Mixed Media	

#### Sound Management at University of Arts London

Optional London study abroad for sound management at Central Saint Martins, University of Arts London. Specific courses at University of Arts London are pre-approved for transfer to a student's Northeastern University record to apply toward requirements. Students can consult with a CAMD academic advisor for approval prior to registration.

### Program Requirement

134 total semester hours required

#### CONCENTRATION IN ANIMATION

Code	Title	Hours
<b>Animation Requirements</b>		
ARTD 2100	Narrative Basics	4
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	5

ARTD 3000	Topics in Media Arts	4
ARTD 3470	Animation 1	4
ARTD 4570	Animation 2	4

**Animation Electives**

Complete three of the following. At least one must be at the 4000 level: 12

If ARTD 3000 is completed more than once, the additional completions may be allowed toward the electives.

ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 3473	Animation for Games	
ARTD 4575	Animation 3	

**Art and Design Elective**

Complete any one ARTG, ARTE, ARTD, ARTH, ARTS, or GAME course as long as prerequisites have been met. 4

If ARTD 3000 (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.

Courses in this requirement may not be used for the drawing fundamentals elective, media arts basics elective, media arts history elective, or animation electives.

**CONCENTRATION IN PHOTOGRAPHY**

Code	Title	Hours
<b>Photography Requirements</b>		
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	5
ARTD 3460	Photography: Concept + Process	4
ARTD 4565	Photography: Visual Strategies + Context	4

**Photography Elective**

If ARTD 3000 is completed more than once, the additional completions may be allowed toward the electives.

ARTD 3000	Topics in Media Arts	4
or ARTD 4660	Studio Photography	
or ARTD 4661	Photography: Experimental Processes	

**Art and Design Electives**

Complete any three ARTG, ARTE, ARTD, ARTH, ARTS, or GAME courses as long as prerequisites have been met. At least one must be a 4000-level course. 12

If ARTD 3000 (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.

Courses in this requirement may not be used for the drawing fundamentals elective, media arts basics elective, media arts history elective, or photography elective.

**CONCENTRATION IN VIDEO ARTS**

Code	Title	Hours
<b>Video Arts Requirements</b>		
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	5
ARTD 3480	Video: Sound and Image	4

Code	Title	Hours
<b>Video Arts Electives</b>		

Complete four of the following: 16

If ARTD 3000 (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.

ARTD 3000	Topics in Media Arts	
ARTD 3485	Experimental Video	
ARTH 2212	Survey of the Still and Moving Image	
MSCR 2160	Narrative Filmmaking	
MSCR 3389	Screenwriting	
MSCR 3446	Documentary Production	
THTR 2345	Acting for the Camera	

**Art and Design Electives**

Complete any three ARTG, ARTE, ARTD, ARTH, ARTS, or GAME courses as long as prerequisites have been met. At least one must be a 4000-level course. 12

If ARTD 3000 (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.

Courses in this requirement may not be used for the drawing fundamentals elective, media arts basics elective, and media arts history elective.

**University of Arts London**

Optional London study abroad for sound management at Central Saint Martins, University of Arts London. Specific courses at University of Arts London are pre-approved for transfer to a student's Northeastern University record to apply toward requirements. Students can consult with a CAMD academic advisor for approval prior to registration.

**Total Hours: 134-135**

**Notes:**

Optional study abroad with University of Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second spring semester in London studying fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>).

## Studio Art, BFA

Our Bachelor of Fine Arts in Studio Art is offered in partnership with the School of the Museum of Fine Arts at Tufts (<https://smfa.tufts.edu/>) University (SMFA at Tufts) across Huntington Avenue from our Boston campus. In this major, your studio art classes are taken at the SMFA at Tufts, which allows students to explore a wide range of artistic media, including ceramics, drawing, film, metalsmithing, painting, performance, printing, sculpture, and sound in their extensive studio environments. Our students complete art and design history courses in our department and they have access to all the elective courses, co-op, and study-abroad programs; student resources; and activities that Northeastern University students experience.

The BFA in studio art degree is awarded by Northeastern.

Optional study abroad with University of the Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second spring semester in London studying fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>).

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Differences and Diversity (DD), and Ethical Reasoning (ER) must be met through general electives.

*Note:* The BFA in studio art is a joint degree program offered in collaboration with the School of the Museum of Fine Arts at Tufts University (SMFA at Tufts), which is affiliated with Tufts University. Art and design history and general education requirements are offered at Northeastern University, and studio art courses, which are determined in consultation with academic advisors at the SMFA at Tufts, are targeted to each student's unique program of study.

### Art History Requirements for Studio Art

A cumulative grade-point average of 2.500 or higher is required for the art history requirements.

Code	Title	Hours
<b>Art History Required Courses</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
ARTH 3000	Topics in Visual Studies	4
ARTH 4000	Topics in Visual Studies	4

Code	Title	Hours
<b>Art and Design History Electives</b>		
Complete two of the following (if ARTH 3000 or ARTH 4000—or any other topics course in the options listed below—is completed more than once, the additional completions may be allowed toward the art and design history electives):		8
ARCH 1310	Buildings and Cities, A Global History	
ARCH 2330	Architecture and the City in the Nineteenth Century	
ARCH 2340	Modern Architecture	
ARTD 2340	Introduction to Computational Creative Practice	
ARTE 2301	The Graphic Novel	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 2501	Art and Design Abroad: History	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
ARTH 1100	Interactive Media and Society	
ARTH 1400	The Science of Art, the Art of Science	

ARTH 2200	Topics in Design History
ARTH 2210	Modern Art and Design History
ARTH 2211	Contemporary Art and Design History
ARTH 2212	Survey of the Still and Moving Image
ARTH 2313	Global Networks in Early Modern Art and Visual Culture
ARTH 3000	Topics in Visual Studies
ARTH 3211	Performance Art
ARTH 4000	Topics in Visual Studies
ARTH 5100	Contemporary Art Theory and Criticism
ARTH 5600	Landscape and Ecology in Visual Culture
CLTR 1240	Latin American Film
CLTR 1260	Japanese Film
ECON 1281	Economics of the Creative Industries
GAME 1110	Games and Society
MSCR 1220	Media, Culture, and Society
MSCR 2302	Advertising and Promotional Culture
MSCR 2336	American Film and Culture
MSCR 3392	Gender and Film
MSCR 3600	Film Theory
MSCR 3920	Topics in Film Studies
MUSC 1113	Film Music

## Studio Art Courses

Code	Title	Hours
------	-------	-------

### Studio Art

Specific courses are targeted to each student's unique program of study, which is determined in consultation with an academic advisor at SMFA at Tufts and CAMD. Optional credits for London study abroad or SMFA at Tufts. These courses generally have the following course number: 68

SMFA 3000 Museum of Fine Arts Studio (4 to 12 SH)

Optional London study abroad for sound management at Central Saint Martins, University of the Arts London. Specific courses at University of the Arts London are preapproved for transfer to a student's Northeastern University record to apply toward requirements. Students can consult with a CAMD academic advisor for approval prior to registration.

### Senior Thesis Capstone

Senior thesis is a self-directed studio practice and exhibition under consultation of senior thesis faculty at SMFA at Tufts. These courses are generally in the SMFA subject area. Complete 8 semester hours of capstone or consult with an advisor. 8

SMFA 4000 Museum of Fine Arts Capstone

## Studio Art Major Credit Requirement

Complete 96 semester hours in the major.

## Program Requirement

136 total semester hours required

## Plan of Study

**Total Hours: 138**

**Notes:**

Optional study abroad with University of the Arts London ([https://www.arts.ac.uk/?utm\\_source=qs&utm\\_medium=profile&utm\\_campaign=referralsites](https://www.arts.ac.uk/?utm_source=qs&utm_medium=profile&utm_campaign=referralsites)), based in the heart of one of the world's creative capitals, London. Students from this program will have the opportunity to spend their second spring semester in London studying fine art at Central Saint Martins (<https://www.arts.ac.uk/subjects/fine-art/undergraduate/ba-hons-fine-art-csm/>).

## Behavioral Neuroscience and Design, BS

### Overview

The behavioral neuroscience and design combined major engages students in an interdisciplinary study across the biology, psychology, and Art + Design departments to integrate fundamental design courses with a strong foundation in the physiological brain mechanisms that give rise to behavioral functions. The latest research in neuroscience and psychology enables designers to maximize the impact of their designs and, conversely, complex neuroscientific concepts can be made intelligible to a wider public through creative visual works. Students in this major have the opportunity to learn about the inner workings of the brain and how its various structures interact to enhance their approach to design methodologies. Students can then apply these principles to biomimetic medical devices as well as data and network visualization.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Behavioral Neuroscience Requirements

Code	Title	Hours
<b>Behavioral Neuroscience Overview</b>		
BNSC 1000	Behavioral Neuroscience at Northeastern <sup>1</sup>	1
EESC 2000	Professional Development for Co-op <sup>2</sup>	1
<b>COS Foundations</b>		
PSYC 1101	Foundations of Psychology	4
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
BIOL 2299	Inquiries in Biological Sciences	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for Science Majors and Lab for CHEM 1161 and Recitation for CHEM 1161	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
<b>Mathematics Foundation</b>		
MATH 1251 or MATH 1341	Calculus and Differential Equations for Biology 1 Calculus 1 for Science and Engineering	4
<b>Statistics Foundation</b>		
Complete one of the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission).		4-5
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
PSYC 2320	Statistics in Psychological Research	
<b>Behavioral Neuroscience Foundations</b>		
PSYC 3200	Clinical Neuroanatomy	4
PSYC 3452	Sensation and Perception	4
PSYC 3458	Biological Psychology	4
<b>Behavioral Neuroscience Core Courses</b>		
Complete two of the following:		8
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3601	Neural Systems and Behavior	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 4709	Neurobiology of Learning and Memory	

BIOL 5595	Cell and Molecular Neuroscience
BIOL 5601	Multidisciplinary Approaches in Motor Control
PSYC 3506	Neuropsychology of Fear
PSYC 3508	Behavioral Endocrinology
PSYC 3510	Brain, Behavior, and Immunity
PSYC 4510	Psychopharmacology
PSYC 4512	Neuropsychology
PSYC 4514	Clinical Neuroscience
PSYC 4570	Behavioral Genetics

<sup>1</sup> Students entering through CAMD may take Art and Design at Northeastern (ARTF 1000).

<sup>2</sup> Students entering through CAMD may take Professional Development for Co-op (EEAM 2000).

## Design Requirements

Code	Title	Hours
<b>Art + Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Art and Design Fundamentals Elective</b>		
Complete one of the following:		5
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
<b>Design Required</b>		
ARTG 1001 and ARTG 1002	Design Perspectives: An Introduction to Design in the World and Seminar for Design Perspectives	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
<b>Art + Design History Elective</b>		
Complete any one ARTH course.		4
<b>Art + Design Elective</b>		
Complete any one ARTD, ARTE, ARTF, ARTG, ARTH, ARTS, or GAME course as long as prerequisites have been met.		4
<b>Degree Capstone Project</b>		
ARTG 4550	Design Degree Project	4

## Design Option

Code	Title	Hours
Complete one of the following options:		8
<b>Experience Design Option</b>		
ARTG 3462	Experience Design Principles	
ARTG 3463	Experience Design 2	
<b>Graphic Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3450	Graphic Design 2	
<b>Information Design Option</b>		
ARTG 2242	Information Design Principles	
ARTG 3444	Topics in Information Design Inquiry	
<b>Interaction Design Option</b>		
ARTG 2400	Interaction Design Principles (with optional ARTG 2401)	
ARTG 3700	Interaction Design 2: Mobile	

## Integrative Requirements

Code	Title	Hours
<b>Integrative Courses</b>		
ARTG 5310	Visual Cognition	4
BIOL 5587	Comparative Neurobiology	4
The following course is already required in major:		
ARTG 4550	Design Degree Project	
<b>Upper-Division Elective</b>		
Complete one course that is not already taken as long as prerequisites have been met:		4
Any ARTG course not already required or ARTG 5000 Topics in Design, as long as prerequisites have been met.		
BIOL 3403 or higher		
BNSC 4970 or higher		
PSYC 3404 or higher

## Business Administration and Design, BS

The combined major in business administration and design integrates fundamental design courses with the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. The BS degree can be accomplished using the four-year co-op plan.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Business Core Requirements

Code	Title	Hours
<b>Introduction to College</b>		
BUSN 1102 or ARTF 1000	Personal Skill Development for Business Art and Design at Northeastern	1
<b>Mathematics</b>		
Complete one of the following:		4
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1260	Math Fundamentals for Games	
<b>Macroeconomics and Microeconomics</b>		
ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
<b>Business Requirements</b>		
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
<b>Business Statistics</b>		
MGSC 2301	Business Statistics	4
<b>International Business/Social Responsibility</b>		
INTB 1203	International Business and Global Social Responsibility	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Organizational Behavior</b>		
ORGB 3201	Organizational Behavior	4
<b>Strategy in Action</b>		
STRT 4501	Strategy in Action	4
<b>Business Core Option</b>		
Complete one of the following:		4
ACCT 2301	Managerial Accounting	
INNO 2301	Innovation!	
MISM 2301	Introduction to Information Systems and Digital Technologies	
SCHM 2301	Supply Chain and Operations Management	
<b>Professional Development</b>		
BUSN 1103 or EEAM 2000	Professional Development for Business Co-op Professional Development for Co-op	1

## Business Concentration

Complete one of the following business concentrations:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Second Business Concentration (Optional)

A second business concentration is optional and may be chosen from the following list:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startup (p. 659)s
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Design Requirements

Students interested in design PlusOne programs are recommended to consult with faculty coordinator and advisor during sophomore year to register for 5000-level courses in junior and senior years.

Code	Title	Hours
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	
<b>Art and Design Fundamentals Elective</b>		
Complete one of the following:		5
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
<b>Design Required</b>		

ARTG 1001 and ARTG 1002	Design Perspectives: An Introduction to Design in the World and Seminar for Design Perspectives	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262 (or ARTG Design Elective) <sup>1</sup>	4

**Art and Design History Elective**

Complete any one ARTH course. 4

**Art and Design Elective**

Complete any one ARTD, ARTE, ARTF, ARTG, ARTH, ARTS, or GAME course for which prerequisites have been met. 4

If any topics course is completed more than once, the additional completions may be allowed toward the electives.

**Degree Capstone Project**

ARTG 4550	Design Degree Project	4
-----------	-----------------------	---

<sup>1</sup> For students interested in the PlusOne in Information Design and Data Visualization, speak with an advisor about an alternative course option to Prototyping with Code (ARTG 2262) and Lab for ARTG 2262 (ARTG 2263).

**Design Option**

Code	Title	Hours
Complete one of the following options:		8
<b>Experience Design Option</b>		
ARTG 3462	Experience Design Principles	
ARTG 3463	Experience Design 2	
<b>Graphic Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3450	Graphic Design 2	
<b>Information Design Option</b>		
ARTG 2242	Information Design Principles	
ARTG 3444	Topics in Information Design Inquiry	
<b>Interaction Design Option</b>		
ARTG 2400	Interaction Design Principles (with optional ARTG 2401)	
ARTG 3700	Interaction Design 2: Mobile	

<sup>2</sup> For students interested in the PlusOne in Information Design and Data Visualization, speak with an advisor about an alternative course option to Topics in Information Design Inquiry (ARTG 3444).

**Integrative Course**

Code	Title	Hours
Note: Integrative course is required above.		
ARTG 4550	Design Degree Project	

**Business GPA Requirement**

A minimum 2.000 GPA in business courses is required.

**Business Cooperative Education**

Complete one cooperative education experience.

## Computer Science and Design, BS

The combined major in computer science and design integrates fundamental design courses with a strong programming foundation. Students will declare a concentration in interaction design, graphic and information design, or experience design. Students in this major often have an interest in human-centered design methods used in developing digital interfaces and applications.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or ARTF 1000	First Year Seminar Art and Design at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
IS 4300	Human Computer Interaction	4
<b>Computer Science Elective Courses</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 8 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Design Requirements

Code	Title	Hours
<b>Art + Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Art + Design Fundamentals Elective</b>		
Complete one of the following:		4
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	

ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
<b>Design Required</b>		
ARTG 1001 and ARTG 1002	Design Perspectives: An Introduction to Design in the World and Seminar for Design Perspectives	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
<b>Design Elective</b>		
Complete any one ARTG course, as long as prerequisites have been met and that is not used to fulfill other requirements of the program. ARTG 2262 and ARTG 2263 are recommended. <sup>1</sup>		4
<b>Art + Design History Elective</b>		
Complete any one ARTH course.		4
<b>Art + Design Elective</b>		
Complete any one ARTD, ARTE, ARTF, ARTG, ARTH, ARTS, or GAME course as long as prerequisites have been met.		4
<b>Degree Capstone Project</b>		
ARTG 4550	Design Degree Project	4

<sup>1</sup> Instead of ARTG 2262 and ARTG 2263, ARTG 5330 is recommended for students considering the Plus One in Information Design and Data Visualization.

## Design Option

Code	Title	Hours
Complete one of the following options:		8
<b>Experience Design Option</b>		
ARTG 3462	Experience Design Principles	
ARTG 3463	Experience Design 2	
<b>Graphic Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3450	Graphic Design 2	
<b>Information Design Option</b>		
ARTG 2242	Information Design Principles	
ARTG 3444	Topics in Information Design Inquiry <sup>2</sup>	
<b>Interaction Design Option</b>		
ARTG 2400	Interaction Design Principles (with optional ARTG 2401)	
ARTG 3700	Interaction Design 2: Mobile	

<sup>2</sup> Instead of ARTG 3444, ARTG 5100 is recommended for students considering the Plus One in Information Design and Data Visualization.

## Degree-Focused Electives

Code	Title	Hours
Complete two courses from the following lists:		8
<i>Art + Design</i>		
Complete any ARTG course as long as prerequisites have been met. If ARTG 5000 (or any other topics course in the subject listed) is completed more than once, the additional completions may be allowed toward the electives.		
<i>Psychology</i>		
PSYC 1101	Foundations of Psychology	
PSYC 3452	Sensation and Perception	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
<i>Computer Science</i>		
CS 3200	Database Design	

CS 3520	Programming in C++
CS 3540	Game Programming
CS 3650	Computer Systems
CS 3800	Theory of Computation
CS 4100	Artificial Intelligence
CS 4150	Game Artificial Intelligence
CS 4300	Computer Graphics
CS 4400	Programming Languages
CS 4520	Mobile Application Development
CS 4550	Web Development
CS 4700	Network Fundamentals
CS 4730	Distributed Systems
CS 4850	Building Game Engines
CS 4991	Research
CS 4992	Directed Study
CS 4993	Independent Study
DS 3000	Foundations of Data Science
DS 4200	Information Presentation and Visualization
DS 4300	Large-Scale Information Storage and Retrieval
DS 4400	Machine Learning and Data Mining 1
DS 4420	Machine Learning and Data Mining 2
IS 2000	Principles of Information Science

### Integrative Requirement

Code	Title	Hours
The following courses are used in the major but also count as the integrative requirement:		
IS 4300	Human Computer Interaction	
ARTG 4550	Design Degree Project	

### Supporting Course

Code	Title	Hours
<b>Computing and Social Issues</b>		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300 or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

### Computer Science Writing Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
<b>Advanced Writing in the Disciplines</b>		
ENGW 3302 or ENGW 3314 or ENGW 3315	Advanced Writing in the Technical Professions Advanced Writing in the Arts, Media, and Design Interdisciplinary Advanced Writing in the Disciplines	4

### Required General Electives

Code	Title	Hours
Complete 24 semester hours of general electives.		24

### NUPath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

### Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

### Computer Science and Design Major Credit Requirement

96 SH are required in the major.

### Program Requirement

130 total semester hours required

### Plan of Study

#### Sample Plan of Study:

#### FOUR YEARS, TWO CO-OPS IN SPRING/SUMMER 1

Year 1								
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours	Hours

## Computer Science and Game Development, BS

The computer science and game development combined major focuses on the specific skills needed to succeed in the highly competitive game industry. Students will engage in building and developing games and playable media experiences while completing courses in computer science and specialized game technology and design. Interdisciplinary courses enable students to develop their creative and entrepreneurial abilities, as well as create a strong portfolio of game pieces.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or ARTF 1000	First Year Seminar Art and Design at Northeastern	1

## Computer Science and Media Arts, BS

The computer science and media arts combined major is ideal for creative students who love technology. Students will acquire a solid foundation in both fields through a curriculum that spans photography, animation, video, database design, computer graphics, and human-computer interaction.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:

## Communication Studies and Graphic and Information Design, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in communication studies and graphic and information design. Students interested in the combined major integrate the study of communication skills and processes with the design of message and meaning, integrating text, image, and data.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Differences and Diversity (DD) may be met through electives in the major.

### Communication Studies Requirements

Code	Title	Hours
<b>Communication Studies Common Requirements</b>		
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
or COMM 2301	Communication Research Methods	
<b>Foundation Courses</b>		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication	
COMM 1255	Communication in a Digital Age	
<b>Cluster Course</b>		
Complete one of the following:		4
COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	
<b>Writing-Intensive</b>		
Complete two of the following:		8
COMM 3200	Mobile Communication	
COMM 3201	Health Communication	
COMM 3230	Interpersonal Communication	
COMM 3304	Communication and Inclusion	
COMM 3320	Political Communication	
COMM 3415	Communication Criticism	
COMM 3445	Public Relations Principles	
COMM 3500	Environmental Issues, Communication, and the Media	
COMM 3501	Free Speech: Law and Practice	
COMM 3530	Communication and Sexualities	
COMM 3532	Theories of Conflict and Negotiation	
COMM 4535	Nonverbal Social Interaction	

COMM 4605 Youth and Communication Technology

COMM 4631 Crisis Communication and Image Management

**Communication Electives**

Complete three COMM courses.

## English and Graphic and Information Design, BA

The Department of English and the Department of Art + Design offer an interdisciplinary combined major in English and graphic and information design. Students interested in the combined major in English and graphic and information design integrate the study of literature and writing with the design of message and meaning, integrating text, image, and data.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>English Course-Level Requirement</b>		
In addition to the capstone, two of the courses chosen from the lists below must be numbered 3000–4999.		
<b>Introduction to College</b>		
ENGL 1000	English at Northeastern	1
<b>Foundational Courses</b>		
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1400	Introduction to Literary Studies	4
<b>Diversity</b>		
Complete one of the following courses. This course may also be used to fulfill an additional English requirement below:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685 or JWSS 3685	Modern and Contemporary Jewish Literature Modern and Contemporary Jewish Literature	
<b>Pre-Nineteenth-Century Literature</b>		
Complete one of the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 1700	Global Literatures 1	
ENGL 2296	Early African-American Literature	
ENGL 3678 or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<b>Nineteenth-, Twentieth-, and Twenty-First-Century Literature</b>		
Complete one of the following:		4
ENGL 2301	The Graphic Novel	
ENGL 2330	The American Renaissance	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	

ENGL 2610	Contemporary Israeli Literature and Art Abroad
ENGL 3190	Topics in 19th-Century American Literature
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3720	19th-Century Major Figure
ENGL 3730	20th- and 21st-Century Major Figure

### Theories and Methods

Complete one of the following: 4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Research on Writing
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3340	Technologies of Text
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3700	Narrative Medicine
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

### Comparative Literature

Complete one of the following: 4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1502	American Literature to 1865
ENGL 2150	Literature and Digital Diversity
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2450	Postcolonial Literature
ENGL 2455	American Women Writers
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature?
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)

### Writing

Complete one of the following: 4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2780	Visual Writing
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

### Capstone

ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	
<b>English Electives</b>		
Complete two additional ENGL electives.		8

### Graphic and Information Design Requirements

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000	Art and Design at Northeastern	1
or ENGL 1000	English at Northeastern

## Game Art and Animation, BFA

Game art and animation offers students an opportunity to master visual arts and animation within the game medium. The program focuses on developing the depth of knowledge required to be successful in a highly competitive industry. The continuing revolution in digital computing and animation has produced a rapidly evolving field for artists who create aesthetics, characters, and environments for games. The major encourages students to think critically and work collaboratively in multidisciplinary teams. The collaborative approach helps all team members to understand the context in which their asset contributions are used and to develop visual design skills in the service of larger experiential goals. Students have many opportunities to collaborate with their peers and work with students in the BS in computer science and game development and BFA in games majors, culminating in a two-semester senior capstone. Students will have a home college in the College of Arts, Media and Design but will have a minimum of four interdisciplinary courses where students interact and work together with students in the other degrees.

Working in the interdisciplinary game areas, the program fosters experiential learning opportunities utilizing diverse intersections of skills merging artistic practice and expression blended with technology. Focus is on establishing core skills that engage critical thinking in preparation for professional practice in game art and asset creation or moving on to advanced study. Students will have an opportunity to develop tools to succeed, eagerness to innovate, and skills to become next-generation entrepreneurs in an ever-changing games and media landscape. Practical and technical experiential training will be offered via Northeastern's world-renowned co-op program.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Analyzing/Using Data (AD) are met through the major course requirements. All other NUpath requirements must be met through electives.

### Game Art Courses

Code	Title	Hours
ARTF 1000	Art and Design at Northeastern	1
<b>Foundations</b>		
ARTF 1120	Observational Drawing	4
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	5
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	5
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
ARTH 2212	Survey of the Still and Moving Image	4
GAME 1110	Games and Society	4
<b>Art History Elective</b>		
Complete one of the following:		4
ARTH 1100	Interactive Media and Society	
ARTH 2200	Topics in Design History	
ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2215	History of Graphic Design

## Architectural Studies and Design, BS

Students integrate the study of architecture with strategies of graphic and information design, interaction design, or experience design. A flexible curriculum focused on key contemporary topics related to the built environment is combined with a broad understanding of the principles and systems of perception, communication, and action. Students integrate text and image to visualize concepts and data, create navigable interfaces and systems that allow audiences to take an active role to achieve meaningful goals, and take a holistic and integrative approach that focuses on the quality of the human experience in concrete situations. Successful students emerge with a strong portfolio suited to further graduate education or experience in architecture and design-related fields.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath attributes Engaging with the Natural and Designed World (ND), Exploring Creative Expression and Innovation (EI), Interpreting Culture (IC), Analyzing and Using Data (AD), and Engaging Differences and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ) and Ethical Reasoning (ER) in their electives.

\*Note: Students who wish to be eligible for the two-year Master of Architecture degree should take the following courses: Architectonic Systems (ARCH 2240), Architecture, Infrastructure, and the City (ARCH 3170), Structural Systems (ARCH 5230), along with calculus and physics.

### Architectural Studies Courses

Code	Title	Hours
<b>Required Courses</b>		
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310 and ARCH 1311	Buildings and Cities, A Global History and Recitation for ARCH 1310	4
ARCH 2130	Site, Space, Program	6
ARCH 2260	Introduction to Building Systems	4
ARCH 3450	Advanced Architectural Communication	4
<b>Architecture History Elective</b>		
Either ARCH 1370 or any ARCH 2300-level history course		4
<b>Electives</b>		
Complete two of the following:		8
ARCH 1370	Special Topics in Architectural History	
ARCH 1450	Understanding Design	
ARCH 2140	Urban Housing	
Any second ARCH 2300-level history course		
ARCH 3351	Architecture Topics Abroad: Theory	
ARCH 3352	Architecture Topics Abroad: Drawing	
ARCH 3370	Advanced Topics in Architectural History	
ARCH 4850	Urban and Architectural History Abroad	
ARCH 5310	Design Tactics and Operations	

### Design Requirements

Code	Title	Hours
<b>Art + Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Art + Design Fundamentals Elective</b>		
Complete one of the following:		5

ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
<b>Design Required</b>		
ARTG 1001 and ARTG 1002	Design Perspectives: An Introduction to Design in the World and Seminar for Design Perspectives	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
<b>Design Elective</b>		
Complete any 4 SH ARTG course not otherwise required in the curriculum. <sup>1</sup>		4
<b>Art + Design History Elective</b>		
Complete any one art history course within the ARTH subject code.		4
<b>Art + Design Elective</b>		
Complete any one ARTD, ARTE, ARTF, ARTG, ARTH, ARTS, or GAME course as long as prerequisites have been met.		4
If ARTG 5000 Topics in Design (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.		
<b>Degree Capstone Project</b>		
ARTG 4550	Design Degree Project	4

<sup>1</sup> Successful completion of *both* ARTG 2262 Prototyping with Code (2 SH) and Lab for ARTG 2262 (ARTG 2263) (2 SH) may satisfy this requirement.

## Design Option

Code	Title	Hours
Complete one of the following options:		
<b>Experience Design Option</b>		
ARTG 3462	Experience Design Principles	
ARTG 3463	Experience Design 2	
<b>Graphic Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3450	Graphic Design 2	
<b>Information Design Option</b>		
ARTG 2242	Information Design Principles	
ARTG 3444	Topics in Information Design Inquiry	
<b>Interaction Design Option</b>		
ARTG 2400	Interaction Design Principles (with optional ARTG 2401)	
ARTG 3700	Interaction Design 2: Mobile	

## Integrative Requirement

Code	Title	Hours
ARTG 4550	Design Degree Project	4

## Major Credit Requirement

Complete 89 semester hours for the major.

## Program Requirement

## Game Design and Music with Concentration in Music Technology, BS

The game design and music combined major with a concentration in music technology is designed to prepare students to manage all aspects of music and sound design integral to the creative process in game design. Students focus on the digital sound technologies, audiovisual integration techniques, and collaborative skills, grounded in real-world experience, that are necessary to apply one's musical imagination effectively in a game design environment. Also emphasized are the aesthetic, expressive, psychological and social perspectives essential to meaningful engagement across a broad range of applications in the game industry.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Analyzing/Using Data (AD), Interpreting Culture (IC), Natural/Designed World (ND), Differences/Diversity (DD), Writing-Intensive (WI), and Capstone Experience(CE) are met through the major course requirements. All other NUpath requirements must be met through electives.

### Game Design Courses

Code	Title	Hours
ARTF 1000	Art and Design at Northeastern	1
<b>Game Design Required</b>		
GAME 1110	Games and Society	4
GAME 2500	Foundations of Game Design	4
GAME 2950	Game Studio	4
GAME 3400	Level Design and Game Architecture	4
GAME 3700	Rapid Idea Prototyping for Games	4
GAME 3800	Game Concept Development	4

### Art + Design Electives

Complete four courses from the following: 16

Any course in ARTD, ARTE, ARTF, ARTG, ARTH, and GAME subject areas as long as prerequisites have been met.

If GAME 4000 Topics in Game Design or ARTD 3000 Topics in Media Arts (or any other topics course in the subjects listed above) is completed more than once, multiple completions may be allowed toward the electives.

### Music Requirements

Code	Title	Hours
<b>Music Theory and Composition</b>		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
Complete two of the following:		8
MUSC 2111	Algebra and Geometry of Music	
MUSC 3300	Music Perception and Cognition	
MUSC 3541	Music Analysis Seminar	
MUST 2320	Sound Design	
<b>Music in Context</b>		
Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<b>Contemporary / Popular Music</b>		
Complete one of the following:		4
MUSC 2101	Black Popular Music	
MUSC 2310	Popular Music Since 1945	

MUSC 2311	Topics in American Music
MUSC 2320	40,000 Years of Music Technology
MUSC 2336	The Festival Experience
MUSC 2380	The World of Choral Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry

**Music Technology Requirements**

MUSC 2350	Acoustics and Psychoacoustics of Music	4
MUST 1220	Introduction to Music Technology	4
MUST 2102	Composing with Digital Technologies	4
MUST 2431	Computer Music Fundamentals	4

**Music Technology Electives**

Complete two of the following:		8
MUSC 4510	Music and the Brain Research	
MUST 3540	Special Topics in Music Technology	
MUST 3601	Digital Audio Signal Processing	
MUST 3602	Electronics for Music	
MUST 3603	Embedded Audio Programming	
MUST 4610	Composition for Electronic Instruments	

**Integrative Requirement**

Code	Title	Hours
Note: MUST 1220 is already required in the Music Technology Requirements section.		
MUST 1220	Introduction to Music Technology	

**Capstone**

GAME 4700	Game Design Capstone	4
MUST 4611	Music Technology Capstone/Senior Recital	4

**Combined Major Credit Requirement**

Complete 96 semester hours in the major.

**Music Grade Requirement**

Students must maintain at least a 2.667 GPA (B– average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

**Program Requirement**

128 total semester hours required

## Graphic and Information Design and Mathematics, BS

The Department of Mathematics and the Department of Art + Design offer a combined major in mathematics and graphic and information design. Students interested in the combined major integrate the study of mathematical reasoning including methods for analyzing and solving problems encountered in the physical world with the design of message and meaning, integrating text and image to visualize concepts and data to enhance human understanding of complex and vital knowledge.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Difference and Diversity (DD), and Ethical Reasoning (ER) must be met through electives.

### Graphic and Information Design Requirements

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000 or MATH 1000	Art and Design at Northeastern Mathematics at Northeastern	1
<b>Art and Design Fundamentals</b>		
Complete one course in the following range. ARTF 1143 is recommended. ARTF 1141 to ARTF 1149		4
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Art and Design History</b>		
ARTH 2210	Modern Art and Design History	4
ARTH 2215	History of Graphic Design	4
<b>Design</b>		
ARTG 1250	Design Process Context and Systems	4
ARTG 2250	Typography 1 (with optional ARTG 2251)	4
ARTG 2252	Graphic Design Principles	4
ARTG 3350	Typography 2	4
ARTG 3451	Information Design 1	4
<b>Degree Project</b>		
ARTG 4550	Design Degree Project	4
<b>Art and Design Elective</b>		
Complete one of the following:		4
ARTD 2360	Introduction to Photography (with optional ARTD 2361)	
ARTD 2380	Video Basics (with optional ARTD 2381)	
ARTG 2260	Programming Basics	
ARTF 1120	Observational Drawing	
ARTF 1121	Conceptual Drawing	
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2223	Experience and Interaction (with optional ARTF 2224 )	
ARTG 2400	Interaction Design Principles (with optional ARTG 2401 )	
ARTG 3450	Graphic Design 2	
ARTG 3460	Identity and Brand Design	
ARTG 4554	Typography 3	

## Mathematics Requirements

Code	Title	Hours
<b>Math Reasoning</b>		
MATH 1365	Introduction to Mathematical Reasoning	4
<b>Calculus</b>		
A grade of C or higher is required:		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
<b>Intermediate Math</b>		
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
<b>Advanced Elective</b>		
Complete one of the following:		
MATH 3150	Real Analysis	4
MATH 3175	Group Theory	4
MATH 3560	Geometry	4
<b>Mathematics Elective</b>		
MATH 4025 can count as an upper-level math elective as well as a capstone.		
Complete one course in the following range:		
MATH 3101 to MATH 4899

## Journalism and Interaction Design, BS

The School of Journalism and the Department of Art + Design offer an interdisciplinary combined major in journalism and interaction design. Broadly speaking, students in the combined major in journalism and interaction design at Northeastern University integrate the study of journalism with the study of art and design.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Introduction to College

Code	Title	Hours
JRNL 1000	Journalism at Northeastern	1
or ARTF 1000	Art and Design at Northeastern	

### Journalism Major Requirements

Code	Title	Hours
<b>Journalism Introductory Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundations</b>		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Law and Ethics</b>		
JRNL 3550 or JRNL 4650	The First Amendment and the Media Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Complete three JRNL courses.		12

### Art and Design Core

Code	Title	Hours
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2223	Experience and Interaction (with optional ARTF 2224)	4
<b>Art and Design History</b>		
Complete two of the following:		8
ARTH 1111	Global Art and Design History: Renaissance to Modern	
ARTH 2210	Modern Art and Design History	
ARTH 2215	History of Graphic Design	

## Design Requirements

Code	Title	Hours
<b>Design Courses</b>		
ARTG 1250	Design Process Context and Systems	4
ARTG 2250	Typography 1 (with optional ARTG 2251)	4
ARTG 2260	Programming Basics	4
ARTG 2400	Interaction Design Principles (with optional ARTG 2401)	4
ARTG 3350	Typography 2	4
ARTG 3451	Information Design 1	4
ARTG 3700	Interaction Design 2: Mobile	4
<b>Degree Capstone Project</b>		
ARTG 4550	Design Degree Project	4

## Design Elective

Code	Title	Hours
Complete one of the following:		
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	4-5
ARTD 2380	Video Basics (with optional ARTD 2381)	
ARTF 1120	Observational Drawing	
ARTF 1121	Conceptual Drawing	
ARTF 1124	Form and Structure	
ARTF 2220	Movement and Time	
ARTG 2252	Graphic Design Principles	
ARTG 3250	Physical Computing	
ARTG 3450	Graphic Design 2	
ARTG 3460	Identity and Brand Design	
ARTG 4554	Typography 3	

## Integrative Requirements

## Media and Screen Studies and Media Arts, BA

The Media and Screen Studies Program and the Department of Art + Design offer a combined major in media studies and media arts. Students pursuing the combined major are able to integrate the theory and practice of contemporary media studies with the deep appreciation of the narrative arts that is required for professional work in documentary film, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Analyzing and Using Data (AD), Differences and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 3392	Gender and Film	
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3600	Film Theory	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following:		12
Recommendation: Complete MSCR 4623 as one of your MSCR electives to fulfill NUpath capstone.		

ARTD 2380	Video Basics
ARTD 3480	Video: Sound and Image
ARTD 3485	Experimental Video
COMM 1450	Sound Production for Digital Media
COMM 2550	Television Field Production
COMM 2655	Television Studio Production
COMM 3655	Digital Editing for TV
COMM 3750	Special Effects and Postproduction for Television
COMM 4755	Production Capstone

## Media Arts Courses

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000	Art and Design at Northeastern	1
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
<b>Drawing Fundamentals</b>		
ARTF 1120 or ARTF 1121	Observational Drawing Conceptual Drawing	4
<b>Art and Design History</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
ARTH 2212	Survey of the Still and Moving Image	4
<b>Media Arts Basics Electives</b>		
Complete two of the following sets:		10
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	
<b>Media Arts Capstone</b>		
ARTD 4530	Media Arts Degree Project	4
<b>Art and Design Electives</b>		
Complete any two courses not previously completed in ARTG, ARTE, ARTD, ARTH, or ARTS courses as long as prerequisites or corequisites have been met.		8-9
If ARTD 3000 Topics in Media Arts (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.		

## Integrative Course

Code	Title	Hours
MSCR 3600	Film Theory	4

## Media and Screen Studies Grade Requirement

No more than two grades below a C in media and screen studies courses may be used to fulfill degree requirements.

## Program Requirement

131 total semester hours required

## Plan of Study

## Media Arts and Communication Studies, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in media arts and communication studies. Students interested in the combined major integrate the study of communication skills and processes with the study of the creation of the narrative arts, required for professional work in documentary film, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath attributes Creative Expression and Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

In order to graduate, students must complete Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) in their electives.

### Media Arts Courses

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000	Art and Design at Northeastern	1
<b>Art and Design Foundations</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
<b>Drawing Fundamentals</b>		
ARTF 1120 or ARTF 1121	Observational Drawing Conceptual Drawing	4
<b>Art and Design History</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
ARTH 2212	Survey of the Still and Moving Image	4
<b>Degree Project</b>		
ARTD 4530	Media Arts Degree Project	4
<b>Media Art Basics Electives</b>		
Complete two of the following:		8-9
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	

### Art and Design Electives

Complete any two courses not previously taken in ARTG, ARTE, ARTD, ARTH, or ARTS courses as long as prerequisites or corequisites have been met.

8-9

If ARTD 3000 Topics in Media Arts (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.

## Communication Studies Courses

## Theatre and Interaction Design, BA

This program is designed for students who want to combine a knowledge of the art of theatre with the theories and practice-based design disciplines. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design practices. Design is the practice-based discipline raising important questions about—and providing significant answers to—how we live. Designers are needed when we don't know what is needed. Designers propose alternative futures and create new choices using design principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Theatre Requirements

A minimum grade of C is required for all theatre courses.

## Mechanical Engineering and Design, BSME

The combined major in mechanical engineering and design is designed to educate students in topics of both disciplines and the interface between them. Mechanical engineering involves the design, development, and manufacture of machinery and devices to transmit power or to convert energy from thermal to mechanical form in order to power the modern world and its machines. Its current practice has been heavily influenced by recent advances in computer hardware and software. Today, engineers also play a primary role in the development of new technologies in a variety of fields—energy conversion, solar energy utilization, environmental control, prosthetics, transportation, manufacturing, and new-materials development. Design is the discipline that shapes human experiences in specific situations to improve quality. Designers pose important questions about—and provide significant answers to—how we live. Designers are needed when we don't know what is needed as well as when we think we do. Students in this program will combine the disciplines in order to address complex problems with human-centered solutions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements: Interpreting Culture (IC), Understanding Societies and Institutions (SI), Engaging Differences and Diversity (DD), and Integrating Knowledge and Skills Through Experience (EX) are not explicitly satisfied by required engineering coursework. Successful completion of a cooperative education experience may fulfill the EX requirement. Students are responsible for satisfying unfulfilled NUpath requirements with general elective coursework.

### Engineering Requirements

Code	Title	Hours
<b>Required Engineering</b>		
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340	5
ME 2350	Statics	4
ME 2355 and ME 2356	Mechanics of Materials and Lab for ME 2355	5
ME 2380 and ME 2381	Thermodynamics and Recitation for ME 2380	4
ME 3455 and ME 3456	Dynamics and Lab for ME 3455	5
ME 3475 or ME 3480	Fluid Mechanics International Applications of Fluid Mechanics	4
ME 4505 and ME 4506	Measurement and Analysis with Thermal Science Application and Lab for ME 4505	5
<b>Senior Capstone Design Project</b>		
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5
<b>Technical Electives</b>		
Complete two of the following (at least one must be ME 4550 or ME 4570):		8
ME 4508 or ME 4565	Mechanical Engineering Computation and Design Introduction to Computational Fluid Dynamics	
ME 4550	Mechanical Engineering Design	
ME 4555	System Analysis and Control	
ME 4570	Thermal Systems Analysis and Design	
<b>Supplemental Credit</b>		
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2 <sup>1</sup>	

**Design Requirements**

Code	Title	Hours
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Art and Design Fundamentals Elective</b>		
Complete one of the following:		5
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
<b>Design Requirements</b>		
ARTG 1001 and ARTG 1002	Design Perspectives: An Introduction to Design in the World and Seminar for Design Perspectives	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262 (or ARTG Design elective)	4
<b>Art and Design History Elective</b>		
Complete any one ARTH course.		4
<b>Art and Design Elective</b>		
Complete any one ARTD, ARTE, ARTF, ARTG, ARTH, ARTS, or GAME course as long as prerequisites have been met.		4

**Design Options**

Code	Title	Hours
Complete one of the following options:		8
<b>Experience Design Option</b>		
ARTG 3462	Experience Design Principles	
ARTG 3463	Experience Design 2	
<b>Graphic Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3450	Graphic Design 2	
<b>Information Design Option</b>		
ARTG 2252	Graphic Design Principles	
ARTG 3444	Topics in Information Design Inquiry	
<b>Interaction Design Option</b>		
ARTG 2400 and ARTG 2401	Interaction Design Principles and Interaction Design Principles Tools	
ARTG 3700	Interaction Design 2: Mobile	

**Supporting Courses: Mathematics/Science**

Complete all mathematics/science courses with a minimum of 30 semester hours.

Code	Title	Hours
<b>Required Mathematics/Science</b>		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5

**Supplemental Credit**

1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	

**Professional Development**

Code	Title	Hours
<b>Professional Development</b>		
GE 1000 or ARTF 1000	First-Year Seminar Art and Design at Northeastern	1
ENCP 2000	Introduction to Engineering Co-op Education	1
ENCP 3000	Professional Issues in Engineering	1

**Additional Required Courses**

1 semester hour from the following course counts toward the professional development requirement:		1
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	
1 semester hour from the following course counts toward the professional development requirement:		1
GE 1502	Cornerstone of Engineering 2 <sup>1</sup>	

**Writing Requirements**

Code	Title	Hours
A grade of C or higher is required in each course:		
ENGW 1111	First-Year Writing	4
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions Interdisciplinary Advanced Writing in the Disciplines	4

**Required General Electives**

Code	Title	Hours
Complete 4 semester hours of academic, nonremedial, nonrepetitive courses. Recommend selecting a course to fulfill NUpath DD.		4

**Integrative Courses**

Code	Title	Hours
This course is already required above and also fulfills the integrative requirement:		
MEIE 4702	Capstone Design 2	

**Major GPA Requirement**

2.000 minimum GPA required in IE, ME, and MEIE courses

**Program Requirement**

141 total semester hours required

<sup>1</sup> Students can substitute Engineering Design (GE 1110) and Engineering Problem Solving and Computation (GE 1111) for Cornerstone of Engineering 1 (GE 1501) and Cornerstone of Engineering 2 (GE 1502) in approved situations.

**Plan of Study**

## Animation, Minor

The animation minor immerses students in the creation of animated artwork and assets for short animated films, game art and promotion, documentary films, visualization, motion graphics, illustration, and interactive art. An intensive studio program, this curriculum seeks to immerse students in the knowledge, experience, and techniques of animation, informed by theory, experimentation, and critique. Extensive digital imaging and interactive media editing and production facilities afford students the opportunity to become proficient in the emerging practices necessary for remarkable work.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art + Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	5
ARTD 3470	Animation 1	4
ARTD 3000	Topics in Media Arts	4

### Requirements for Art + Design Majors

*Note:* This minor is not available to students in the BFA in media arts program or any media arts combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	5
ARTD 3470	Animation 1	4
ARTD 3000	Topics in Media Arts	4

Code	Title	Hours
<b>Electives</b>		
Complete two of the following (if ARTD 3000 Topics in Media Arts, or any other topics course in the options listed below, is completed more than once, the additional completions may be allowed toward the electives):		
ARTD 2100	Narrative Basics	
ARTD 3000	Topics in Media Arts	
ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 3473	Animation for Games	
ARTD 4570	Animation 2	
ARTD 4575	Animation 3	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
ARTH 2212	Survey of the Still and Moving Image	

### GPA Requirement

2.500 GPA required in the minor

## Art, Minor

The art minor allows students to complement any degree with a broad exploration of visual studies, fine arts, and design. Following an introduction to the fundamentals of drawing and two-dimensional design, students select from courses in time-based media, interaction, sculpture, painting, and art history. The department's exceptional Dialogues of Civilization are popular among art minors, who are able to complete a large portion of their coursework during culturally immersive and focused studio residencies in places such as Ireland, Iceland, Cuba, and the Galapagos Islands.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art + Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 1120	Observational Drawing	4
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
<b>Elective Courses</b>		
Complete three of the following (if a topics course is completed more than once, the additional completions may be allowed toward the electives):		
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	
ARTD 3000	Topics in Media Arts	
ARTE 2301	The Graphic Novel	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 2501	Art and Design Abroad: History	
ARTE 3901	Art and Design Special Topics	
ARTF 1121	Conceptual Drawing	
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	
ARTH 1400	The Science of Art, the Art of Science	
ARTH 2200	Topics in Design History	
ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2212	Survey of the Still and Moving Image	
ARTH 3000	Topics in Visual Studies	
ARTH 4000	Topics in Visual Studies	
ARTS 2340	Painting Basics	
ARTS 2341	Figure Drawing	
ARTS 3449	Drawing in Mixed Media	

### Requirements for Art + Design Majors

*Note:* This minor is not available to students in the BA in art program or any art combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTF 1120	Observational Drawing	4
ARTF 1122	Color and Composition (with optional ARTF 1123 )	4
<b>Elective Courses</b>		
Complete three of the following (if a topics course is completed more than once, the additional completions may be allowed toward the electives):		
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	
ARTD 3000	Topics in Media Arts

ARTE 3901	Art and Design Special Topics	
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	
ARTH 1400	The Science of Art, the Art of Science	
ARTH 2200	Topics in Design History	
ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2212	Survey of the Still and Moving Image	
ARTH 3000	Topics in Visual Studies	
ARTH 4000	Topics in Visual Studies	
ARTS 2340	Painting Basics	
ARTS 2341	Figure Drawing	
ARTS 3449	Drawing in Mixed Media	

**GPA Requirement**

2.500 GPA required in the minor

## Art History, Minor

An ideal complement to many majors, the art history minor builds the techniques of visual intelligence necessary to successfully navigate an increasingly image-driven world. Students learn to interpret visual evidence as well as written documents to understand and interrogate how evolving ideas about quality and judgment have shaped the institutions of art, including the growing art market. A diverse and strong faculty brings its own research into the classroom, allowing students to gain international exposure and real-world experience with world-class museums and cultural centers in Boston, Cambridge, and the greater metropolitan area. Art history minors often have opportunities to conduct independent research, develop publishable texts, and gain exposure to the dynamic fields of visual art and curatorial practice.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four (4) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

*Note:* This minor is not available to students in the BA in art program or any art combined major.

### Requirements

Code	Title	Hours
<b>Required Course</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
<b>Elective Courses</b>		
Complete four of the following:		16
If ARTH 3000 or ARTH 4000 (or any other topics course in the options listed below) is completed more than once, the additional completions may be allowed toward the electives.		
ARTE 2501	Art and Design Abroad: History	
ARTH 1100	Interactive Media and Society	
ARTH 1400	The Science of Art, the Art of Science	
ARTH 2200	Topics in Design History	
ARTH 2210	Modern Art and Design History	
ARTH 2211	Contemporary Art and Design History	
ARTH 2212	Survey of the Still and Moving Image	
ARTH 2215	History of Graphic Design	
ARTH 2313	Global Networks in Early Modern Art and Visual Culture	
ARTH 3000	Topics in Visual Studies	
ARTH 3211	Performance Art	
ARTH 4000	Topics in Visual Studies	
ARTH 5100	Contemporary Art Theory and Criticism	
ARTH 5600	Landscape and Ecology in Visual Culture	

### GPA Requirement

2.500 GPA required in the minor

## Creative Computing, Minor

### Overview

The minor in creative computing is designed to equip students to use code as a medium for art, design, and games, focusing on the expressive, aesthetic, and reflexive dimensions of programming. It introduces students to computational forms of creative and critical thinking, bolstering Northeastern University's offering of humanics-centered courses.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Required

Code	Title	Hours
ARTD 2340	Introduction to Computational Creative Practice	4
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	4

### Electives

Code	Title	Hours
Complete two of the following (note that some courses may require prerequisites). At least one course must be above 3000 level.		
ARTD 2000	Introduction to Immersive Media	
ARTD 3471	Virtual Environment Design	
ARTD 3490	Data Art and Hacktivism	
ARTG 2400	Interaction Design Principles (with optional ARTG 2400)	
ARTG 3100	Physical and Digital Fabrication	
ARTG 3250	Physical Computing	
GAME 3400	Level Design and Game Architecture	
GE 1501	Cornerstone of Engineering 1	
JRNL 3610	Digital Storytelling and Social Media	
JRNL 3700	Data Storytelling	
MUST 2431	Computer Music Fundamentals	
MUST 3603	Embedded Audio Programming	
THTR 2370	Lighting Design	

### GPA Requirement

A 2.500 GPA is required in the minor.

## Creative Fabrication, Minor

The creative fabrication minor is comprised of a suite of courses that introduces the student to studio principles and practices that will inform the creative, intuitive, and critical processes that are vital when realizing ideas into physical material form. The minor is designed to train and prepare the student with a skill set of traditional and emerging tools and methods for inventing, fabricating, constructing, shaping, and prototyping innovative work in a wide range of materials for a variety of products, places, and purposes. This minor offers the challenge of creating a project that demonstrates and tests the student's competence with the making of artifacts that align with the intentions and aspirations of the maker.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Required Courses

Code	Title	Hours
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	5

### Electives

Code	Title	Hours
Complete four courses; two courses must be taken in the same department.		16

#### *Art + Design*

If ARTD 3000 Topics in Media Arts (or any other topics course in the options listed below) is completed more than once, the additional completions may be allowed toward the electives.

ARTD 3000	Topics in Media Arts
ARTG 3100	Physical and Digital Fabrication
ARTG 3250	Physical Computing
ARTE 3901	Art and Design Special Topics

#### *Theatre*

THTR 1131	Introduction to Technical Theatre
THTR 1270	Introduction to Theatrical Design
THTR 2385	Fashion Construction and Pattern Making
THTR 2400	Scenic Design

#### *Architecture*

ARCH 1110 and ARCH 1120	Fundamental Architectural Representation and Fundamental Architectural Design
ARCH 2240	Architectonic Systems
ARCH 3450	Advanced Architectural Communication

#### *Engineering*

GE 1501	Cornerstone of Engineering 1
GE 1502	Cornerstone of Engineering 2
GE 5030	Iterative Product Prototyping for Engineers

### GPA Requirement

2.000 GPA required

## Experience Design, Minor

Experience design is a holistic approach that utilizes investigation into human environments in specific situations to improve quality. Given an understanding of goals, needs, and desires, it seeks to improve the various contexts by identifying and studying events and how they can be turned into beneficial practices.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000-level courses and above.

A student pursuing this minor must complete a minimum of four (4) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art and Design Majors

Code	Title	Hours
<b>Required</b>		
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	5
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 3462	Experience Design Principles	4
<b>Electives</b>		
Complete two of the following:		8-9
ARTD 2100	Narrative Basics	
ARTD 3000	Topics in Media Arts	
ARTE 3901	Art and Design Special Topics	
ARTF 1124 and ARTF 1125	Form and Structure and Form and Structure Tools	
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	
ARTG 2400 and ARTG 2401	Interaction Design Principles and Interaction Design Principles Tools	
ARTG 3250	Physical Computing	
ARTG 3463	Experience Design 2	
ARTG 5000	Topics in Design	
GE 1501	Cornerstone of Engineering 1	
GE 1502	Cornerstone of Engineering 2	
IE 2310 and IE 2311	Introduction to Industrial Engineering and Recitation for IE 2310	

### Requirements for Art and Design Majors

*Note:* This minor is not open to students pursuing the BFA in design program or any design combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 3462	Experience Design Principles	4
ARTG 3463	Experience Design 2	4
<b>Electives</b>		
Complete two of the following:		8-9
ARTD 2100	Narrative Basics	
ARTD 3000	Topics in Media Arts	
ARTE 3901	Art and Design Special Topics	
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	

ARTG 2400 and ARTG 2401	Interaction Design Principles and Interaction Design Principles Tools
ARTG 3250	Physical Computing
ARTG 5000	Topics in Design

**GPA Requirement**

2.500 GPA required in the minor

## Game Art, Minor

The game art minor offers students an opportunity to become immersed in the study and practice of the visual arts and animation within the game medium. Students are afforded the opportunity to think critically and work collaboratively in multidisciplinary teams to produce art and animation assets that are critical to the success of projects in the game medium. Working in the interdisciplinary game areas, the program fosters experiential learning opportunities utilizing diverse intersections of skills merging artistic practice and expression blended with technology. Students will be immersed in experiences to develop tools to succeed, eagerness to innovate, and skills to become next-generation entrepreneurs in the ever-changing games and media landscape.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art + Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	5
ARTD 3000	Topics in Media Arts	4
ARTD 3470	Animation 1	4

### Requirements for Art + Design Majors

*Note:* This minor is not available to students in the BFA in media arts program or any media arts combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	5
ARTD 3000	Topics in Media Arts	4
ARTD 3470	Animation 1	4

Code	Title	Hours
<b>Electives</b>		
Complete two of the following (if ARTD 3000 Topics in Media Arts, or any other topics course in the options listed below, is completed more than once, the additional completions may be allowed toward the electives):		
ARTD 2100	Narrative Basics	
ARTD 3000	Topics in Media Arts	
ARTD 3471	Virtual Environment Design	
ARTD 3472	Character Design for Animation	
ARTD 3473	Animation for Games	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
GAME 2500	Foundations of Game Design	

### GPA Requirement

2.500 GPA required in the minor

## Game Design, Minor

The game design minor allows students in other areas of study to become familiarized with the basics of game design. Game design minor students can collaborate with students in the game design major, as well as the combined majors in game art and animation and computer science and game development. Students make games and create portfolio pieces. Students will also be encouraged to apply principles from their own discipline to the game designs they create.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements

Code	Title	Hours
<b>Required Courses</b>		
GAME 1110	Games and Society	4
GAME 2500	Foundations of Game Design	4
<b>Elective Courses</b>		
Complete two of the following:		8
GAME 3700	Rapid Idea Prototyping for Games	
GAME 3800	Game Concept Development	
GAME 4000	Topics in Game Design	
ARTG 2260	Programming Basics	

### GPA Requirement

2.000 GPA required in the minor

## Graphic and Information Design, Minor

Graphic design makes messages and meaning using visual form and the integration of text and image. It often has a persuasive intention and uses rules of visual composition, form, and pattern to enable storytelling or to create attention and an ambience for consideration. Information design focuses on visualizing concepts and data to enhance human understanding of complex and vital knowledge.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000-level courses and above.

A student pursuing this minor must complete a minimum of four (4) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art and Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123 )	4
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
<b>Electives</b>		
Complete two of the following:		8-9
ARTD 3000	Topics in Media Arts	
ARTE 3901	Art and Design Special Topics	
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	
ARTG 2242	Information Design Principles	
ARTG 2252	Graphic Design Principles	
ARTG 3350	Typography 2	
ARTG 3450	Graphic Design 2	
ARTG 5000	Topics in Design	
ARTH 2215	History of Graphic Design	

### Requirements for Art and Design Majors

*Note:* This minor is not open to students pursuing the BFA in design program or any design combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
<b>Electives</b>		
Complete three of the following:		12
ARTD 3000	Topics in Media Arts	
ARTE 3901	Art and Design Special Topics	
ARTG 2252	Graphic Design Principles	
ARTG 3250	Physical Computing	
ARTG 3350	Typography 2	
ARTG 3450	Graphic Design 2	
ARTG 3460	Identity and Brand Design	
ARTG 4554	Typography 3	
ARTG 4555	Graphic Design Synthesis	
ARTG 5000	Topics in Design	
ARTH 2215	History of Graphic Design	

**GPA Requirement**

2.500 GPA required in the minor

## Immersive Media, Minor

This is an interdisciplinary minor that provides a foundation in the design and development of immersive experiences in the exploration of human connection and interaction through media and technology. Focusing on the core principles, tools, and techniques of immersive media development, students have an opportunity to learn to tell stories, prototype new worlds, and explore creative workflows that will help shape the future of design.

The minor serves students who are interested in the following areas: human-computer interaction, enhanced realities, virtual reality, augmented reality, augmented virtuality, extended reality, and cross reality.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements

Some of the courses for the minor require prerequisites not listed here.

Code	Title	Hours
<b>Extended Realities</b>		
ARTD 2000	Introduction to Immersive Media	4
Complete the following course after all required and elective courses:		
ARTG 3100	Physical and Digital Fabrication	4

### Electives

Code	Title	Hours
<b>Object-Oriented Programming Elective</b>		
Complete one from the following list:		4
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	
CS 2510	Fundamentals of Computer Science 2	
EECE 2560	Fundamentals of Engineering Algorithms	
EXRE 5020	Developing Extended Realities (XR)	
MUST 3540	Special Topics in Music Technology	
PHYS 1211	Computational Problem Solving in Physics	

### Extended Realities Electives

Complete two of the following:		8
<i>Content Creation</i>		
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 3000	Topics in Media Arts	
ARTD 3470	Animation 1	
ARTD 3471	Virtual Environment Design	
ARTD 3473	Animation for Games	
CS 1100	Computer Science and Its Applications	
CS 3540	Game Programming	
EXRE 5010	Immersive Media: Extended Realities (XR) History, Theory, and Impact	
EXRE 5030	Designing Extended Realities (XR)	
GAME 2950	Game Studio	
GAME 3700	Rapid Idea Prototyping for Games	
GAME 4000	Topics in Game Design	
GE 1111	Engineering Problem Solving and Computation	
GE 1501	Cornerstone of Engineering 1	
GE 2500	Design Analysis and Innovation	
IS 1500	Introduction to Web Development	

***Narrative Development***

ARTD 2100	Narrative Basics
ARTE 2301	The Graphic Novel
ENTR 3330	Design Thinking for Startups
GAME 2355	Narrative for Games
INNO 2301	Innovation!
JRNL 1101	Journalism 1: Fundamentals of Reporting and Writing
JRNL 3370	Podcast and Radio Journalism
JRNL 3610	Digital Storytelling and Social Media
JRNL 3630	Magazine Writing
MSCR 2160	Narrative Filmmaking

***Business and Innovation***

Only one course may be taken from this area:

MISM 3501	Information Visualization for Business
MKTG 4502	Managing Customer Engagement in a Service World
MKTG 4508	Digital Marketing

**GPA Requirement**

2.500 GPA required in the minor

## Interaction Design, Minor

Interaction design focuses on the creation of navigable interfaces and systems that allow audiences to achieve meaningful goals, connecting people to people and people to information and environments.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000-level courses and above.

A student pursuing this minor must complete a minimum of four (4) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art and Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 2223 and ARTF 2224	Experience and Interaction and Experience and Interaction Tools	5
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 2400 and ARTG 2401	Interaction Design Principles and Interaction Design Principles Tools	5
Choose one of the programming courses with lab course:		4-5
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
<b>Elective</b>		
Complete one of the following:		4-5
ARTD 3000	Topics in Media Arts	
ARTF 1122	Color and Composition (with optional ARTF 1123)	
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	
ARTG 2252	Graphic Design Principles	
ARTG 3462	Experience Design Principles	
ARTG 3700	Interaction Design 2: Mobile	
ARTG 5000	Topics in Design	

### Requirements for Art and Design Majors

*Note:* This minor is not open to students pursuing the BFA in design program or any design combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTG 1270 and ARTG 1271	Design: Process + Practices and Studio for Design: Process + Practices	4
ARTG 1290 and ARTG 1291	Typographic Systems and Studio for Typographic Systems	4
ARTG 2400 and ARTG 2401	Interaction Design Principles and Interaction Design Principles Tools	5
<b>Electives</b>		
Complete two of the following:		8
ARTD 3000	Topics in Media Arts	
ARTE 3901	Art and Design Special Topics	
ARTG 2262 and ARTG 2263	Prototyping with Code and Lab for ARTG 2262	
ARTG 3462	Experience Design Principles	
ARTG 3700	Interaction Design 2: Mobile	
ARTG 5000	Topics in Design	

**GPA Requirement**

2.500 GPA required in the minor

## Photography, Minor

The photography minor immerses students in the creation of photographs. The curriculum seeks to involve students in the knowledge, experience, and techniques of photography, informed by theory, experimentation, and critique. Digital imaging, editing, and production facilities afford students the opportunity to become proficient in the emerging practices necessary for a variety of creative and technical contexts.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students who wish to register for 2000-level courses and above need to plan ahead in order to complete prerequisite course(s) ahead of time.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art + Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123 )	4
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	5
ARTD 3460	Photography: Concept + Process	4
<b>Elective Courses</b>		
Complete two of the following (if ARTD 3000 Topics in Media Arts, or any other topics course in the options listed below, is completed more than once, the additional completions may be allowed toward the electives):		
ARTD 3000	Topics in Media Arts	
ARTD 4565	Photography: Visual Strategies + Context	
ARTD 4660	Studio Photography	
ARTD 4661	Photography: Experimental Processes	
ARTH 2212	Survey of the Still and Moving Image	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	

### Requirements for Art + Design Majors

*Note:* This minor is not available to students in the BFA in media arts program or any media arts combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	5
ARTD 3460	Photography: Concept + Process	4
ARTD 4565	Photography: Visual Strategies + Context	4
<b>Elective Courses</b>		
Complete two of the following (if ARTD 3000 Topics in Media Arts, or any other topics course in the options listed below, is completed more than once, the additional completions may be allowed toward the electives):		
ARTD 3000	Topics in Media Arts	
ARTD 4660	Studio Photography	
ARTD 4661	Photography: Experimental Processes	
ARTH 2212	Survey of the Still and Moving Image	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	

### GPA Requirement

2.500 GPA required in the minor

## Photojournalism, Minor

As our society continues to move toward a world of technology, the power of photos become that much more important. This minor will engage students on how to visually tell a compelling story. It will give students the skill sets needed to succeed in that endeavor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* A student pursuing the minor in Photojournalism must complete a minimum of three (3) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Required Courses

Code	Title	Hours
<b>Photography Foundation</b>		
Complete one of the following:		4-5
ARTE 2500	Art and Design Abroad: Studio	
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
<b>Photography Requirement</b>		
ARTD 3460	Photography: Concept + Process	4
<b>Integrative</b>		
JRNL 5310	Photojournalism	4
<b>Electives</b>		
Complete one of the following:		4
JRNL 2301	Visual Storytelling in Journalism	
JRNL 5314	Video News Reporting and Producing	

### GPA Requirement

2.000 GPA required in the minor

## Video Arts, Minor

The video arts minor is based on a multidisciplinary field focused on creative video expression and messaging. It weaves together collaborative frameworks, theories of social and cultural change, and video production (sound and image) alongside cinematic language (including documentary, imaginative, narrative, and experimental strategies). The scope of the video arts minor is a broader and more diverse tapestry than traditional video arts, and it reflects the dynamic evolution of video in multiple contexts, including the workplace. This minor enables students to explore contemporary, alternative, and other artistic means of video production in a variety of creative and technical contexts.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Any prerequisites should be taken before registering for 2000-level courses and above.

A student pursuing this minor must complete a minimum of four courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Requirements for Non-Art + Design Majors

Code	Title	Hours
<b>Required Courses</b>		
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	5
ARTD 3480	Video: Sound and Image	4

### Electives

Complete two of the following (if ARTD 3000 Topics in Media Arts, or any other topics course in the options listed below, is completed more than once, the additional completions may be allowed toward the electives):

ARTD 3000	Topics in Media Arts	
ARTD 3485	Experimental Video	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
ARTH 2212	Survey of the Still and Moving Image	

### Requirements for Art + Design Majors

*Note:* This minor is not available to students in the BFA Media Arts program or any media arts combined major.

Code	Title	Hours
<b>Required Courses</b>		
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	5
ARTD 3480	Video: Sound and Image	4
ARTD 3485	Experimental Video	4

### Electives

Complete two of the following (if ARTD 3000 Topics in Media Arts, or any other topics course in the options listed below, is completed more than once, the additional completions may be allowed toward the electives):

ARTD 3000	Topics in Media Arts	
ARTE 2500	Art and Design Abroad: Studio	
ARTE 3901	Art and Design Special Topics	
ARTE 4901	Special Topics in Art and Design Studio	
ARTH 2212	Survey of the Still and Moving Image	

### GPA Requirement

2.500 GPA required in the minor

## Communication Studies

Website (<https://camd.northeastern.edu/communication-studies/>)

Maria Elena Villar, PhD  
Chair  
617.373.5517  
[commstudies@northeastern.edu](mailto:commstudies@northeastern.edu)

Craig Robertson, PhD  
Associate Chair  
617.373.5517  
[commstudies@northeastern.edu](mailto:commstudies@northeastern.edu)

The Department of Communication Studies is committed to providing students with both the communication skills and the understanding of the communication process required to thrive in a complex and changing society. Majors are required to demonstrate a mastery of the fundamentals of effective communication, to learn the fundamentals of communication theory and practice, and to develop a distinct area of emphasis. Some of the more popular areas include argumentation and advocacy, organizational and health communication, international and intercultural communication, digital communication and social media, and media production. The curriculum is designed to enhance the understanding of human communication in a variety of contexts, to empower students to become informed and engaged citizens, and to provide the knowledge and skills required to live a rich personal and professional life.

### Media and Screen Studies

[mscr@northeastern.edu](mailto:mscr@northeastern.edu)

Media and screen studies educates students in the analysis and production of media. Taught from a liberal arts perspective, a MSCR degree seeks to give students the ability to think critically about the continually changing media industry and the complex world in which it exists and to apply that knowledge to media production. MSCR is a challenging degree that is not limited to what is traditionally offered at a film school or in a visual and performing arts degree. It gives students the tools to become engaged citizens equipped to meet the challenges of living in a global culture defined by technological and social change.

The Bachelor of Arts in Media and Screen Studies offers courses in analysis and practice. Required courses offer students an opportunity to obtain the critical thinking skills necessary to better understand media content, media technology, and media production. Students then decide how many production and analysis courses they want to take. Choosing from a broad range of electives, students can take more than half their major in media and film production courses, can take a majority of courses that critically examine media content and technology, or can combine courses in other ways.

Students may also enroll in one of the preexistent MSCR combined majors: communication studies, English, journalism, political science, sociology, and theatre.

### Academic Progression Standards

Departmental probation will result from a cumulative grade-point average below 2.000. No more than two grades below a C in MSCR courses can be used to fulfill degree requirements. Dismissal from the major may occur as a result of two consecutive semesters on departmental probation.

### Programs

#### Bachelor of Arts (BA)

- Communication Studies (p. 283)
- Communication Studies and Graphic and Information Design (p. 219)
- Communication and Media Studies (p. 286)

## Communication Studies, BA

The communication studies major offers students an opportunity to obtain the communication skills and the understanding of the communication process required to thrive in a complex and changing society. Majors are required to demonstrate a mastery of the fundamentals of effective communication, to learn the fundamentals of communication theory and practice, and to develop a distinct area of emphasis. Some of the more popular areas include argumentation and advocacy, organizational and health communication, international and intercultural communication, digital communication and social media, and media production. The curriculum is designed to enhance the understanding of human communication in a variety of contexts, to empower students to become informed and engaged citizens, and to provide the knowledge and skills required to live a rich personal and professional life.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), and Difference and Diversity (DD) may be met through electives in the major.

## Communication and Media Studies, BA

The Department of Communication Studies offers majors in both communication studies and in media and screen studies. The department also offers an integrated major that allows students to combine COMM and MSCR courses to create a unique plan of study that features courses on the theory and practice of communication along with the study of media, cultural, and creative industries. Students graduating with a communication and media studies major can pursue a graduate degree or enter careers in advertising, communication education, healthcare, journalism, law, public relations, government/politics, media and film production, and social and human services.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), Creative Expression/Innovation (EI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) may be met through electives in the major.

## Communication Studies and Graphic and Information Design, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in communication studies and graphic and information design. Students interested in the combined major integrate the study of communication skills and processes with the design of message and meaning, integrating text, image, and data.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Differences and Diversity (DD) may be met through electives in the major.

## Communication Studies and Sociology, BA

The communication studies department and the sociology department offer an interdisciplinary combined major in communication studies and sociology. The combined major integrates the study of communication skills and processes with the study of social behaviors.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Societies and Institutions (SI) and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Analyzing and Using Data (AD) may be met through electives in the major.

## Communication Studies and Theatre, BA

The Departments of Communication Studies and Theatre offer an interdisciplinary combined major that unites the practical skills and theories in communication studies with the artistic dimensions of theatre. The program provides both the creative study of theater performance, literature, playwriting, and directing with the ability to research and deliver a compelling speech and think critically and write effectively. The two disciplines unite in shared values of original personal expression, professional collaboration, and experiences in the cultural, social, and ethical impact of theatre as human communication.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Creative Expression/Innovation (EI), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Differences and Diversity (DD) may be met through electives in the major.

## English and Communication Studies, BA

The English department and the communication studies department offer an interdisciplinary combined major in English and communication studies. Broadly speaking, students in the combined major in English and communication studies at Northeastern integrate the study of literature and writing with studies of media, social, corporate, and political communications.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
<b>Literary Periods</b>		
<i>Pre-19th Century Literature</i>		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
<i>19th/20th/21st Century Literature</i>		

Complete one of the following courses:

4

*19th Century*

ENGL 2330	The American Renaissance
ENGL 3140	19th-Century Literatures
ENGL 3190	Topics in 19th-Century American Literature
ENGL 3619	Emerson and Thoreau
ENGL 3720	19th-Century Major Figure

*20th/21st Century*

ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 3161	20th- and 21st-Century Literatures
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

**Theories and Methods**

Complete one of the following:

4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Research on Writing
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3400	Opening the Archive
ENGL 3700	Narrative Medicine
LING 1150	Introduction to Language and Linguistics

## Journalism and Communication Studies, BA

### Overview

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism with an opportunity to obtain the communication skills and the understanding of the communication process required to thrive in a complex and changing society. The curriculum is designed to allow students to enhance the understanding of human communication as well as the tools needed to be able to tell powerful stories.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Journalism Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
C or better in JRNL 1101, JRNL 1102, and JRNL 2201 is required:

## Linguistics and Communication Studies, BA

### Overview

In the combined major in linguistics and communication studies, students learn about the formal structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) while simultaneously mastering the fundamentals of effective communication and of communication theory and practice. Students receive extensive training in writing and speaking, both for a technical audience and more generally; and they explore the role of language and communication in society, both from a broad theoretical perspective and in narrower, more focused and applied domains.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Linguistics Requirements

Code	Title	Hours
<b>Linguistics Foundations</b>		
LING 1150	Introduction to Language and Linguistics	4
LING 2350	Linguistic Analysis	4
LING 3412	Language and Culture	4
<b>Linguistic Structure</b>		
Complete three of the following:		12
LING 3420	Phonetics	
LING 3422	Phonology	
LING 3424	Morphology	
LING 3450	Syntax	
LING 3452	Semantics	
<b>Linguistics Electives</b>		
Complete two courses not used to fulfill other degree requirements from the following options.		8
LING 3000 to LING 4999 <sup>1</sup>		
DEAF 2700	ASL Linguistics

## Political Science and Communication Studies, BA

The combined major in political science and communication studies offers students the opportunity to integrate the study of politics and government with different forms and mediums of communication. Students complete the core courses in political science along with core courses in communication studies that cover public speaking and persuasion. This combined major highlights the important role played by different forms of communication in shaping politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Methodology</b>		
POLS 2399	Research Methods in Political Science	4
or COMM 2301	Communication Research Methods	
<b>Political Science Electives</b>		
Complete four courses in the following range:		16
POLS 3000 to POLS 5999		

### Political Science Concentration (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 313).

- American Political Institutions (p. 313)
- Campaigns and Elections (p. 313)
- Comparative Politics (p. 313)
- Identity, Culture, and Politics (p. 314)
- International Relations and Diplomacy (p. 314)
- Law and Legal Studies (p. 314)
- Public Policy (p. 314)
- Security Studies (p. 315)

**Communication Studies Requirements**

Code	Title	Hours
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
or COMM 2301	Communication Research Methods	

**Communication Studies Electives**

Code	Title	Hours
<b>Foundation Course</b>		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication

## Public Health and Communication Studies, BA

### Overview

The combined Bachelor of Arts in Public Health and Communication Studies offers an interdisciplinary approach to public health communication. Students combine courses from public health, social sciences, and communication studies to study the important role of communication in shaping the public's understanding of health issues. The interdisciplinary curriculum is enhanced by experiential learning opportunities and is designed to prepare students for challenging careers that involve crafting messages about health, developing strategies for promoting access to healthcare services, and specific applications such as disease awareness and prevention.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Public Health Requirements

#### PUBLIC HEALTH CORE COURSES

Code	Title	Hours
PHTH 1260 or PHTH 1261	The American Healthcare System Comparative Healthcare Systems	4

## Media and Screen Studies, BA

The Bachelor of Arts in Media and Screen Studies offers courses in analysis and practice. Required courses offer students an opportunity to obtain the critical-thinking skills necessary to better understand media content, media technology, and media production. Students then decide how many production and analysis courses they want to take. Choosing from a broad range of electives, students can take more than half their major in media and film production courses, can take a majority of courses that critically examine media content and technology, or can combine courses in other ways.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), and Analyzing and Using Data (AD) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Introduction to College</b>		
MSCR 1000	Media and Screen Studies at Northeastern	1

## Media and Screen Studies and English, BA

The media and screen studies program and the Department of English offer a combined major in media and screen studies and English. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. Majors become familiar with writing practices and media from the Middle Ages through the present, from the quill pen to computer code.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

## Media and Screen Studies and Journalism, BA

A Bachelor of Arts in Media and Screen Studies and Journalism is designed for the student who is interested in pursuing a career as a journalist specializing in the film industry.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from the MSCR subject code or from the following:		12
ARTD 2380	Video Basics	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	

COMM 1450	Sound Production for Digital Media

## Media and Screen Studies and Media Arts, BA

The Media and Screen Studies Program and the Department of Art + Design offer a combined major in media studies and media arts. Students pursuing the combined major are able to integrate the theory and practice of contemporary media studies with the deep appreciation of the narrative arts that is required for professional work in documentary film, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Analyzing and Using Data (AD), Differences and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours

## Media and Screen Studies and Sociology, BA

The Media and Screen Studies Program and the Department of Sociology and Anthropology offer a combined major in media and screen studies and sociology. The combined major integrates the analysis, research, and production of traditional and emerging media along with the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following:		12
ARTD 2380	Video Basics	

ARTD 3480	Video: Sound and Image
ARTD 3485	Experimental Video
COMM 1450	Sound Production for Digital Media
COMM 2550	Television Field Production
COMM 2655	Television Studio Production
COMM 3655	Digital Editing for TV
COMM 3750	Special Effects and Postproduction for Television
COMM 4755	Production Capstone

## Sociology Requirements

Code	Title	Hours

## Media and Screen Studies and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre with the theories and conceptual frameworks of media and film studies. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design with related studies in screenwriting, media technology, and media production. Students have an opportunity to develop a personalized technique for the practices of making theatre, film, and television as engaged citizens and creative artists.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirement Natural and Designed World (ND) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours

## Media Arts and Communication Studies, BA

The Department of Communication Studies and the Department of Art + Design offer a combined major in media arts and communication studies. Students interested in the combined major integrate the study of communication skills and processes with the study of the creation of the narrative arts, required for professional work in documentary film, game art and promotion, visualization, motion graphics, interactive art, illustration, and short animated films.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath attributes Creative Expression and Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

In order to graduate, students must complete Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) in their electives.

### Media Arts Courses

Code	Title	Hours
<b>Art and Design at Northeastern</b>		
ARTF 1000	Art and Design at Northeastern	1
<b>Art and Design Foundations</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2220 and ARTF 2221	Movement and Time and Movement and Time Tools	5
<b>Drawing Fundamentals</b>		
ARTF 1120 or ARTF 1121	Observational Drawing Conceptual Drawing	4
<b>Art and Design History</b>		
ARTH 1001 and ARTH 1002	Visual Intelligence and Seminar in Visual Intelligence	4
ARTH 2212	Survey of the Still and Moving Image	4
<b>Degree Project</b>		
ARTD 4530	Media Arts Degree Project	4
<b>Media Art Basics Electives</b>		
Complete two of the following:		8-9
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
ARTD 2370 and ARTD 2371	Animation Basics and Animation Tools	
ARTD 2380 and ARTD 2381	Video Basics and Video Tools	

### Art and Design Electives

Complete any two courses not previously taken in ARTG, ARTE, ARTD, ARTH, or ARTS courses as long as prerequisites or corequisites have been met.

8-9

If ARTD 3000 Topics in Media Arts (or any other topics course in the subjects listed above) is completed more than once, the additional completions may be allowed toward the electives.

## Communication Studies Courses

## Business Administration and Communication Studies, BS

The combined major between business administration and communication studies provides students with a robust overview of business and communication studies. This combined major seeks to prepare students for career opportunities in growing industry markets such as public relations, marketing communications, and digital media.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Business Core Requirements

Code	Title	Hours
<b>Introduction to College</b>		
BUSN 1102 or COMM 1000	Personal Skill Development for Business Communication Studies at Northeastern	1
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
<b>Business Statistics</b>		
MGSC 2301	Business Statistics	4
<b>Business Core Elective 1</b>		
INTB 1203 or ORGB 3201	International Business and Global Social Responsibility Organizational Behavior	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Business Core Elective 2</b>		
ACCT 2301 or INNO 2301 or MISM 2301 or SCHM 2301	Managerial Accounting Innovation! Introduction to Information Systems and Digital Technologies Supply Chain and Operations Management	4

### Business Concentration Required

A concentration is required and may be chosen from the following list:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)

- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Supporting Business Courses

Code	Title	Hours
<b>Mathematics</b>		
Complete one of the following:		4
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1340	Intensive Calculus for Engineers	
MATH 1341	Calculus 1 for Science and Engineering	
<b>Macroeconomics and Microeconomics</b>		
Complete one of the following:		4
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	

## Communication Studies Requirements

Code	Title	Hours
<b>Communication Studies Common Requirements</b>		
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
or COMM 1113	Business and Professional Speaking	
or COMM 2301	Communication Research Methods	
<b>Foundation Course</b>		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication	
COMM 1255	Communication in a Digital Age	
<b>Cluster Course</b>		
Complete one of the following:		4
COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace

## Computer Science and Communication Studies, BS

The computer science and communication studies combined major integrates practical skills and theory. Students will gain both a strong computer science foundation and a deep understanding of the major conceptual frameworks for human communication—plus how to apply this knowledge to solve problems in today's society.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or COMM 1000	First Year Seminar Communication Studies at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
CS 4550	Web Development	4
<b>Khoury Elective</b>		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 8 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Communication Studies Courses

Code	Title	Hours
<b>Communication Studies Common Requirements</b>		
COMM 1101	Introduction to Communication Studies	4
COMM 1112 or COMM 2301	Public Speaking Communication Research Methods	4

## Communication Studies and Speech-Language Pathology and Audiology, BS

The combined Bachelor of Science in Communication Studies and Speech-Language Pathology and Audiology offers an interdisciplinary approach to human communication and its disorders. Coursework focuses on the scientific and theoretical frameworks of speech, language, and hearing. Students will also be introduced to the fundamentals of communication theory, and they have an opportunity to acquire the practical skills necessary to thrive in a complex and changing society. The curriculum is enhanced by experiential learning opportunities in a clinical setting that prepare the students for a variety of professional careers.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### First-Year Seminar

Code	Title	Hours
COMM 1000 or SLPA 1000	Communication Studies at Northeastern College: An Introduction	1

### Communication Studies Requirements

Code	Title	Hours
------	-------	-------

No more than two grades below a C in communication studies courses may be used to fulfill degree requirements.

#### Communication Studies Common Requirements

COMM 1101	Introduction to Communication Studies	4
COMM 1112 or COMM 2301	Public Speaking Communication Research Methods	4

#### Foundation Course

Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication	
COMM 1255	Communication in a Digital Age	

#### Cluster Course

Complete one of the following:		4
COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	

#### Writing-Intensive Courses

Complete two of the following (COMM 3201 is strongly recommended):		8
COMM 3200	Mobile Communication	
COMM 3201	Health Communication	
COMM 3230	Interpersonal Communication	
COMM 3304	Communication and Inclusion	
COMM 3320	Political Communication	
COMM 3415	Communication Criticism	
COMM 3445	Public Relations Principles	
COMM 3500	Environmental Issues, Communication, and the Media

A general elective or a COMM elective (e.g., Principles of Argumentation (COMM 1120)) can be taken to fulfill the NUpath Formal/Quantitative Reasoning (FQ) requirement.

## Health Science and Communication Studies, BS

The combined Bachelor of Science degree program in health science and communication studies offers an interdisciplinary approach to public health communication. Students combine courses from health sciences and communication studies to learn about health and illness and the important role of communication in shaping the public's understanding of health issues. The interdisciplinary curriculum is enhanced by experiential learning opportunities and is designed to prepare students for challenging careers that involve crafting messages about health, developing strategies for promoting healthcare services, and specific applications such as disease awareness and prevention.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## Media and Screen Studies and Theatre, BS

This major is designed for students who want to combine a knowledge of the art of theatre with the theories and conceptual frameworks of media and film studies. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design with related studies in screenwriting, media technology, and media production. Students have an opportunity to develop a personalized technique for the practices of making theatre, film, and television as engaged citizens and creative artists.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirement Natural and Designed World (ND) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirements</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	
<b>Foundation Course</b>		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
<b>Diversity or Globalization Course</b>		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
<b>Writing-Intensive</b>		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

### Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following:		12
ARTD 2380	Video Basics	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
COMM 1450	Sound Production for Digital Media	
COMM 2550	Television Field Production	

COMM 2655	Television Studio Production
COMM 3655	Digital Editing for TV
COMM 3750	Special Effects and Postproduction for Television
COMM 4755	Production Capstone

## Theatre Requirements

Code	Title	Hours
The following courses are recommended to be taken by the end of the fourth semester (third semester for transfer students):		
THTR 1100	Production Experience 1	1
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Introduction to Technical Theatre	4
THTR 1270	Introduction to Theatrical Design	4
Code	Title	Hours
<b>Foundational Courses</b>		
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Introduction to Technical Theatre	4
THTR 1270	Introduction to Theatrical Design	4
THTR 3325	Dramaturgical Inquiry	4
<b>Making Theatre</b>		
THTR 1100	Production Experience 1	1
THTR 2000	Production Experience 2	1
<b>Texts, Community, &amp; Social Context</b>		
Complete one of the following:		4
INAM 1300 and INAM 1301	The Ethics of Narrative in Theatre and The Ethics of Narrative in Theatre Seminar	
THTR 1215	Activism and Performance	
THTR 1220	Race, Power, and Performance	
THTR 1400	Documentary Theatre Project	
THTR 2200	The American Black Theatre Experience	
THTR 2340	Theatre and Society

## Music and Communication Studies with Concentration in Music Industry, BS

The Bachelor of Science in Music and Communication Studies with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in all aspects of the music industries, including songwriting, recording, production, technology, products, label operations, promotion, marketing, social media, management, finance, economics, data analytics, legal issues, licensing, and intellectual property. Our program encourages learners to become entrepreneurial thought leaders and ethical change agents in the music industries. Communication studies offers students an opportunity to obtain the communication skills and the understanding of the communication process required to thrive in a complex and changing society.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Differences and Diversity (DD) may be met through electives in the major.

### Music Industry Requirements

Code	Title	Hours
<b>Introduction to College</b>		
MUSC 1000	Music at Northeastern	1
<b>Music Core</b>		
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<b>Music Theory Placement</b>		
All students must take a theory placement exam. Students who do not place into MUSC 1201 must first take the following:		
MUSC 1119	Fundamentals of Western Music Theory	4
<b>Music Theory Requirement</b>		
MUSC 1201	Music Theory 1	4
<b>Introductory Music Industry</b>		
MUSI 1230	Introduction to Music Industry	4
<b>Music in Context</b>		
Complete one course from one of the following categories:		4
<i>Western Art Music</i>		
MUSC 2105	Songs That Made History	
MUSC 2312	Topics in Western Art Music	
MUSC 2320	40,000 Years of Music Technology

## Political Science and Communication Studies, BS

The combined major in political science and communication studies offers students the opportunity to integrate the study of politics and government with different forms and mediums of communication. Students complete core courses in political science along with core courses in communication studies that cover public speaking and persuasion. This combined major highlights the important role played by different forms of communication in shaping politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Core Courses in Political Science</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
<b>Political Thought</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Methodology</b>		
POLS 2399	Research Methods in Political Science	4
or COMM 2301	Communication Research Methods	
<b>Political Science Electives</b>		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

### Political Science Concentration (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 385).

- American Political Institutions (p. 385)
- Campaigns and Elections (p. 385)
- Comparative Politics (p. 385)
- Identity, Culture, and Politics (p. 386)
- International Relations and Diplomacy (p. 386)
- Law and Legal Studies (p. 386)
- Public Policy (p. 386)
- Security Studies (p. 387)

### Communication Studies Requirements

## Argumentation and Law, Minor

The argumentation and law minor is intended for students contemplating law school, students interested in legal issues, or students in fields affected by law (such as journalism, strategic communication, or public policy). To prepare students for successful careers in these areas, this minor combines courses in argumentation, rhetoric, and law. Students are exposed to the principles of argumentation, the fundamentals of free speech, the basics of intellectual property, and issues related to privacy.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Requirements

Code	Title	Hours
<b>Argumentation</b>		
Complete two of the following:		8
COMM 1120	Principles of Argumentation	
COMM 1210	Persuasion and Rhetoric	
COMM 2100	Elements of Debate	
COMM 3310	Rhetoric and Justice	
COMM 3311	Arguing Human Rights	
COMM 3409	Advocacy Writing	
<b>Law</b>		
Complete two of the following:		8
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	
COMM 3308	Rhetoric and Propaganda	
COMM 3309	Rhetoric of Fascism	
COMM 3501	Free Speech: Law and Practice	
LPSC 1101	Introduction to Law	
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	

### GPA Requirement

2.000 GPA required in the minor

## Cinema Studies, Minor

The interdisciplinary cinema studies minor appeals to students aspiring to supplement their major program of study with courses that promote the study of film, television, and digital media. In addition to film analysis and film theory, students choose from electives on culture and film, film and television history, and gender and film. This results in a minor that combines the academic study of cinema along with the crafts of filmmaking and screenwriting.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Media and Screen Studies majors may not declare the cinema studies minor. Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Requirements

Code	Title	Hours
MSCR 2895	Film Analysis	4
MSCR 3600	Film Theory	4

### Electives

Code	Title	Hours
Complete three of the following:		12
ARTH 2212	Survey of the Still and Moving Image	
MSCR 2220	Understanding Media	
MSCR 2336	American Film and Culture	
MSCR 3389	Screenwriting	
MSCR 3392	Gender and Film	
MSCR 4208	TV History	
MUSC 1113	Film Music	

### GPA Requirement

2.000 GPA required in the minor

## Communication Studies, Minor

The communication studies minor is designed for students interested in acquiring practical skills along with a broad-based understanding of communication theory and research. This minor seeks to provide the knowledge necessary to understand the challenges and opportunities of a diverse and democratic society and the skills to perform effectively and ethically as citizens. Three electives offer students an opportunity to develop an area of expertise (such as strategic communication or media production) within the communication studies minor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Communication studies majors may not declare the communication studies minor. Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Requirements

Code	Title	Hours
<b>Required Courses</b>		
COMM 1101	Introduction to Communication Studies	4
COMM 1112	Public Speaking	4
<b>Foundation Course</b>		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1231	Principles of Organizational Communication	
COMM 1225	Communication Theory	
COMM 1255	Communication in a Digital Age	
<b>Electives</b>		
Complete three of the following or any unused foundational courses from above:		12
COMM 1120 to COMM 4799		

### GPA Requirement

2.000 GPA required in the minor

## Digital Communication, Minor

The digital communication minor appeals to students interested in studying the relationship between communication, technology, and society. The minor offers students an opportunity to obtain the tools and methods for studying, analyzing, and critically reflecting upon their everyday engagements with digital forms of community and expression. Students pursuing the digital communication minor explore the ethical questions that sit at the core of the digital technologies that shape culture, politics, and the economy. Courses in the minor cover areas of digital communication such as social media, networks and organizing, internet policy and cybersecurity, online communities and collaboration, and children's development and new media.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
Complete two of the following:		8
COMM 1255	Communication in a Digital Age	
COMM 2105	Social Networks	
COMM 2551	Free Speech in Cyberspace

MSCR 2505	Digital Feminisms	
or WMNS 2505	Digital Feminisms	
<b>Advanced Courses</b>		
Complete two of the following:		8
COMM 3200	Mobile Communication	
COMM 4605	Youth and Communication Technology	
COMM 4625	Online Communities	

### GPA Requirement

2.000 GPA required in the minor

## Film Production, Minor

The interdisciplinary film production minor appeals to students interested in film production. This minor is particularly appealing to students studying art and art history, English, and theatre. In addition to a foundational course in film production, students take a combination of courses dealing with documentary filmmaking, film analysis, screenwriting, and storytelling. The film production minor is designed to prepare students for graduate school, careers in media production, and positions in the entertainment industry.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Required Course

Code	Title	Hours
MSCR 1230	Introduction to Film Production	4

### Electives

Code	Title	Hours
Complete four of the following:		16
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
MSCR 2160	Narrative Filmmaking	
MSCR 2895	Film Analysis	
MSCR 3389	Screenwriting	
MSCR 3446	Documentary Production	
THTR 2345	Acting for the Camera	

### GPA Requirement

2.000 GPA required in the minor

## Film Studies, Minor

### Overview

The film studies minor focuses on one of the most influential art forms of the 20th century and provides the tools required to analyze the formal aspects of cinema, as well as the broader aesthetic, social, cultural, political, and technological contexts. The minor has been structured to ground students in basic aspects of the field—a foundational course, an analysis course, a creative course, and a theory course. By design, many of the courses included in the film studies minor explore questions of class, ethnicity, gender, identity, nationality, race, and sexual orientation.

### Minor Requirements

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Required Courses

Code	Title	Hours
<b>Foundation</b>		
Complete one of the following:		4

MSCR 3392	Gender and Film	
MSCR 3600	Film Theory	
MUSC 1113	Film Music	

### GPA Requirement

2.000 GPA required in the minor.

## Human Communication, Minor

The human communication minor is intended for students interested in studying the role of interpersonal communication in relationships, including romantic relationships, friendships, and relationships in groups or in organizations. Successful students gain an in-depth understanding of how communication can affect the quality of relationships, the satisfaction that is derived from relationships, and whether a relationship is likely to last or dissolve. Courses in the minor focus on research-validated theories, concepts, and models that aid students in understanding the many different types of relationships that exist in their personal and professional lives.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Foundational Courses

Code	Title	Hours
Complete two of the following:		8
COMM 1131	Sex, Relationships, and Communication	
COMM 1231	Principles of Organizational Communication	
COMM 2131	Dark Side of Interpersonal Communication	
COMM 2135	Sex and Interpersonal Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2500	Analyzing Conversations in Everyday Life	
COMM 2534	Group Communication	
COMM 2535	Family Communication	

### Advanced Courses

Code	Title	Hours
Complete two of the following:		8
COMM 2301	Communication Research Methods	
COMM 3230	Interpersonal Communication	
COMM 3530	Communication and Sexualities	
COMM 3532	Theories of Conflict and Negotiation	
COMM 4535	Nonverbal Social Interaction	

### GPA Requirement

2.000 GPA required in the minor

## Improvisation and Storytelling, Minor

The minor in improvisation and storytelling is intended for students interested in integrating the creativity of actor training and the practical techniques of public speaking. Students are encouraged to choose courses to empower their voice and speech, cultivate their onstage persona, and develop high-impact presentation skills to enhance career prospects. This minor, which features classes offered by the Department of Theatre and the Department of Communication Studies, seeks to create more confident, creative, and compelling communicators.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Common Requirements

Code	Title	Hours
COMM 1511	Communication and Storytelling	4
THTR 1125	Improvisation	4

### Communication Studies Elective

Code	Title	Hours
Complete one of the following:		4
COMM 1112	Public Speaking	
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	

### Theatre Elective

Code	Title	Hours
Complete one of the following:		4
THTR 1130	Introduction to Acting	
THTR 2345	Acting for the Camera	

### GPA Requirement

2.000 GPA required in the minor

## Media and Screen Studies, Minor

The media and screen studies minor appeals to students interested in how media shapes society and is designed to prepare students for careers in arts and industry, politics, and popular culture. The minor offers students an opportunity to obtain the analytical skills necessary for the rigorous analysis of media within the humanities and social sciences. Students with a media and screen studies minor often find employment in film and television production, media marketing, film/media journalism, and other positions within the entertainment industry.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Media and screen studies majors may not declare the media and screen studies minor. Students must complete a minimum of three (3) courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Required Courses

Code	Title	Hours
MSCR 1220	Media, Culture, and Society	4
MSCR 2220	Understanding Media	4

### Electives

Code	Title	Hours
Complete three courses in the following range:		12
MSCR 2000 to MSCR 4999		

### GPA Requirement

2.000 GPA required in the minor

## Media Production, Minor

The media production minor is designed to foster an awareness of the important cultural, rhetorical, and critical contexts of media development. Successful students develop creative and artistic abilities through studying contemporary practices and standards and developing original creative work. The technical aspects of camera operation, audio design, lighting design, digital editing, and live broadcast are also covered.

### Minor Requirements

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Required Courses

Code	Title	Hours
COMM 1450	Sound Production for Digital Media	4
COMM 2350	Producing for the Entertainment Industry	4
COMM 2550	Television Field Production	4
COMM 2655	Television Studio Production	4

### Elective Courses

Code	Title	Hours
Complete two of the following:		8
COMM 2650	The Business of Entertainment	
COMM 2750	Beyond Television	
COMM 3307	Production Practicum Abroad	
COMM 3450	Voice-Over Artist	
COMM 3655	Digital Editing for TV	
COMM 3750	Special Effects and Postproduction for Television	
COMM 4755	Production Capstone	

### GPA Requirement

2.000 GPA required in the minor

## Oratory and Public Speaking, Minor

The oratory and public speaking minor is designed for students aspiring to develop exemplary oral communication skills. The courses that comprise the minor provide a coherent program of study that includes the principles of argumentation, the practice of public speaking, and the theory of narrative and storytelling.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Foundational Course

Code	Title	Hours
COMM 1112	Public Speaking	4

### Electives

Code	Title	Hours
Complete four of the following:		16
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 1511	Communication and Storytelling	
COMM 2100	Elements of Debate	
COMM 3450	Voice-Over Artist	

### GPA Requirement

2.000 GPA required in the minor

## Political Communication, Minor

The political communication minor is a joint program offered through the departments of communication studies, political science, and journalism. The minor appeals to students interested in the electoral process, campaign rhetoric, and the role of media in political life. It is intended to address the interests and needs of students considering careers in the political sphere, either as candidates, employees, volunteers, or reporters in political organizations and campaigns. The political communication minor is designed to prepare students for careers in communication, law, politics, public administration, public policy, and other professions that deal with issues in public settings.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Introductory Courses

Code	Title	Hours
Complete two of the following:		8
COMM 1210	Persuasion and Rhetoric	
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 1412	Social Movement Communication	
JRNL 1150	Understanding Today's News	
POLS 1150	American Government	

### Intermediate/Advanced Courses

Code	Title	Hours
Complete four courses from the following lists (at least one course must be taken from each department):		16
<b>Communication Studies</b>		
COMM 3320	Political Communication	
COMM 3409	Advocacy Writing	
COMM 4602	Contemporary Rhetorical Theory	
<b>Journalism</b>		
JRNL 2350	The History of Journalism: How the News Became the News	
JRNL 3550	The First Amendment and the Media	
<b>Political Science</b>		
POLS 3310	Public Opinion, Voting, and Elections	

### GPA Requirement

2.000 GPA required in the minor

## Rhetoric, Minor

The rhetoric minor appeals to students interested in history, theory, and the criticism of civic discourse and cultural practices. The minor integrates courses from the Department of Communication Studies and the Department of English that explore the nature and function of rhetoric in politics, the professions, and the media. The rhetoric minor offers students an opportunity to be better citizens, members of the community, and leaders in the workplace by learning how to use language strategically, to speak with integrity, and to appreciate the power of their own voice.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where indicated.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Foundational Course

Code	Title	Hours
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
ENGL 1160	Introduction to Rhetoric	

### Electives

Code	Title	Hours
Note: For English majors, only one course from the major may also count toward this elective section of the minor.		
Complete four of the following:		16
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 3415	Communication Criticism	
COMM 3501	Free Speech: Law and Practice	
COMM 4602	Contemporary Rhetorical Theory	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3404	African American Rhetorical Traditions	

### GPA Requirement

2.000 GPA required in the minor

## Social Activism, Minor

The social activism minor appeals to students interested in exploring a variety of perspectives and practical approaches to social activism. The minor allows students to explore social movements, public advocacy, and citizenship in a wide array of situations. These opportunities arise from the wealth of advocacy organizations in Boston, the access Northeastern students have to co-op experiences nationally and internationally, and Northeastern's service-learning program. Completing course work in a variety of departments provides an interdisciplinary perspective and allows students to apply different skill sets and knowledge bases for careers as lawyers, nonprofit activists, community organizers, lobbyists, and volunteers.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Introductory Courses

Code	Title	Hours
Note: Only one course may be taken from each department/program.		
Complete two of the following:		8

Complete the following:		12
<b>Law and Public Policy</b>		
LPSC 2301	Introduction to Law, Policy, and Society	
<b>Political Science</b>		
POLS 2395	Environmental Politics and Policy	
<b>Sociology</b>		
SOCL 3468	Social Movements	

### Service-Learning

Code	Title	Hours
HUSV 1101	Social Change and Human Services	4

### GPA Requirement

2.000 GPA required in the minor

## Sports, Media, and Communication, Minor

The sports, media, and communication minor appeals to students preparing for careers as sports journalists or advertising/public relations professionals specializing in a sports-related area. The minor includes courses examining the prominent role of sports in society with a special emphasis on gender, race, and public policy. When combined with Northeastern's signature co-op program, the result is an innovative minor that blends theory with practice and prepares students for a broad range of professional opportunities.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

## School of Journalism

Website (<https://camd.northeastern.edu/journalism-at-northeastern/>)

### Jonathan Kaufman, MA

Professor and Director

617.373.3236

The School of Journalism seeks to prepare students for careers in news and related communication fields. The program prepares future journalists and professional communicators in writing, editing, digital and social media, photography, video and audio production, design, and public relations. These skills have broad applications. Graduates of the program also go on to work in government, business, law, and teaching.

Students can graduate in four years with two co-ops. The school strongly advises students to obtain cooperative education experience. The program offers some of the best co-ops and internships anywhere.

Graduates work for some of the world's best newspapers and magazines, radio and television stations, online publications, wire services, public relations departments, and advertising agencies.

### Academic Progression Standards

Journalism majors and minors must be in good standing in accordance with university-wide requirements to remain in the major or minor.

### Programs

#### Bachelor of Arts (BA)

- Journalism (p. 404)

- Journalism Practice (p. 458)
- Journalism Studies (p. 459)
- Photojournalism (p. 279)
- Public Relations (p. 461)
- Sports, Media, and Communication (p. 402)

## Journalism, BA

Website (<https://camd.northeastern.edu/program/journalism-ba/>)

If you're a news junkie; love to write; want to tell people what's going on in your hometown, around the world, or in an organization, a journalism major at Northeastern University is designed to give you the skills and experience you need to tell your story.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-credit journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	
Code	Title	Hours
<b>Introduction to College</b>		
JRNL 1000	Journalism at Northeastern	1
<b>Journalism Courses</b>		
A grade of C or higher is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Required Journalism</b>		
JRNL 1150	Understanding Today's News	4
JRNL 2350	The History of Journalism: How the News Became the News	4
JRNL 3550	The First Amendment and the Media	4
JRNL 4650	Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Complete three journalism electives.		12
<b>Journalism-Related Requirement</b>		
HIST 1130	Introduction to the History of the United States	4

### Journalism Major Credit Requirement

Complete 49 semester hours in the major.

## Upper-Division Electives

Complete three general electives numbered 3000 or above that do not double-count with the major or NUpath.

## Program Requirement

129 total semester hours required

## Plan of Study

## Journalism and Communication Studies, BA

### Overview

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism with an opportunity to obtain the communication skills and the understanding of the communication process required to thrive in a complex and changing society. The curriculum is designed to allow students to enhance the understanding of human communication as well as the tools needed to be able to tell powerful stories.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Journalism Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
C or better in JRNL 1101, JRNL 1102, and JRNL 2201 is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 1150	Understanding Today's News	4
JRNL 2201	Journalism 2: Intermediate Reporting	4
<b>Visual Storytelling Requirement</b>		
Complete one of the following:		4
JRNL 2301	Visual Storytelling in Journalism	
JRNL 3370	Podcast and Radio Journalism	
JRNL 3700	Data Storytelling

## Journalism and English, BA

The School of Journalism and the Department of English offer an interdisciplinary combined major in Journalism and English. Broadly speaking, students in the Combined Major in Journalism and English at Northeastern integrate the study of journalism with the study of language, literature and writing.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Interpreting Culture (IC), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Journalism Major Requirements

Code	Title	Hours
<b>Journalism Introductory Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundations</b>		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Law and Ethics</b>		
JRNL 3550 or JRNL 4650	The First Amendment and the Media Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Take three JRNL courses		12

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4

## Journalism and International Affairs, BA

### Overview

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism with the study of global affairs and international issues. Through critical thinking and practical skills, the program engages students in a deep understanding of both disciplines, supporting students to work across national cultures in areas such as foreign correspondence and other fields that require an understanding of complex regional and international issues.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Journalism Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
C or better required in JRNL 1101, JRNL 1102, and JRNL 2201:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 1150	Understanding Today's News	4
JRNL 2201	Journalism 2: Intermediate Reporting	4
<b>Visual Storytelling</b>		
Complete one of the following:		4
JRNL 2301	Visual Storytelling in Journalism

## Journalism and Political Science, BA

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism and political science. Successful students will gain a deep understanding of both disciplines, allowing them to seek out areas such as political writing, campaigns, and law school.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (CI), Interpreting Culture (IC), Understanding Societies and Institutions (SI), Analyzing and Using Data (AD), Engaging Difference and Diversity (DD), and Employing Ethical Reasoning (ER) are met through the major requirements. All other Nupath requirements must be met through electives.

### Journalism Major Requirements

Code	Title	Hours
<b>Journalism Introductory Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundations</b>		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Ethics</b>		
JRNL 4650	Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Take three JRNL courses.		12

## Public Health and Journalism, BA

### Overview

The combined major in public health and journalism addresses the vital interest in society for the ability to communicate scientific understanding to the broad public. This combined major provides a valuable and unique set of competencies, ranging from the statistical analysis and epidemiological best practices gained from the courses in the public health program to the cutting-edge communication skills taught within the university's School of Journalism. The combined major highlights the important role both journalism and public health will surely play in a complex and rapidly changing future.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

## Public Relations, BA

### Overview

This program is designed to teach public relations and strategic communication theories and practices, with an emphasis on enhancing the ability to promote the image and mission of an organization or business.

Students study various facets of PR from brand promotion, content creation, and social media to crisis communication, media relations, community relations, reputation management, and marketing communications. A particular focus will be on sophisticated training in the latest communication techniques including social media, web communications and videography, as well as data analytics and data-driven storytelling.

Program graduates will be equipped with the technical skills they need to break into the PR field and the management skills they need to advance in the professional arena. The needs for these skills have increased exponentially in recent years as diverse organizations understand that they need to develop effective messaging communicated in visual, textual, and audio form through multi-, online-, and social media. The goal of the program is to empower students to promote the public agenda of employers ranging from industry leaders, to mission-driven organizations, to strategic communications groups and political consulting firms.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Major Requirements

Code	Title	Hours
<b>Introduction to College</b>

## Theatre and Journalism, BA

### Overview

This combined major educates students in journalism and theatre and the interface between the two disciplines. The School of Journalism and Media Innovation places the ability to gather, investigate, analyze, and present information at the core of their curriculum. The Department of Theatre's curriculum provides deep knowledge of theatre that spans design, performance, and the production of innovative forms of theatre, including interactive media, computer graphics, human-computer interaction, and more.

Students completing this program of study should be able to understand how the two fields jointly contribute to compelling storytelling and how to create innovative modes of performance based on current events.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Theatre Requirements

A minimum grade of C is required in all THTR & INAM theatre courses.

Code	Title	Hours

## Computer Science and Journalism, BS

The computer science and journalism combined major supports students who understand that journalism now takes place in both print and the digital world. Students will learn the principles, practices, and responsibilities of the journalism profession while gaining a deep understanding of the systems and technologies that support digital media.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or JRNL 1000	First Year Seminar Journalism at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
IS 4200 or IS 4300	Information Retrieval Human Computer Interaction	4
<b>Khoury Elective Courses</b>		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 12 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		12
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

### Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-credit journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	

Code	Title	Hours
<b>Journalism Courses</b>		
A grade of C or higher is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

**Required Journalism**

JRNL 1150	Understanding Today's News	4
JRNL 2350	The History of Journalism: How the News Became the News	4
JRNL 3550	The First Amendment and the Media	4
JRNL 4650	Ethics and Issues in Journalism	4

**Journalism Electives**

Complete two JRNL courses. 8

**Journalism-Related Requirement**

HIST 1130	Introduction to the History of the United States	4
-----------	--	---

**Supporting Courses**

Code	Title	Hours
<b>Mathematics Requirement</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
<b>Computing and Social Issues</b>		
Complete one of the following: 4		
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300 or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

**Writing Requirement**

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4

**Advanced Writing in the Disciplines**

This course already fulfills a Journalism requirement above:

JRNL 2301	Visual Storytelling in Journalism	
-----------	-----------------------------------	--

**Required General Electives**

Code	Title	Hours
Complete 28 credits of general electives.		28

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions

- Interpreting Culture
- Engaging Difference and Diversity
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

### Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, IS courses

### Journalism GPA Requirement

Minimum 2.000 GPA required in all JRNL courses

### Program Requirement

134 total semester hours required

### Plan of Study

## Criminal Justice and Journalism, BS

The School of Criminology and Criminal Justice and School of Journalism offer a combined major in criminal justice and journalism. Criminology and criminal justice courses provide a foundation for understanding crime and our criminal justice system. Journalism courses provide students with the skills and experience needed to succeed as a journalist. Together, the combined major is designed to prepare students to report important stories about crime and justice.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Criminal Justice Requirements

Code	Title	Hours
<b>Introduction to Crime, Law, and the Justice System</b>		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
<b>Current Crime and Justice Issues</b>		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
<b>Crime Problems and Criminal Justice Institutions</b>		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
<b>Systemic Issues</b>		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
<b>Creating Knowledge about Crime and Justice</b>		

How do we know what we know about crime and justice—and how do we develop new knowledge? These courses study harnessing data to learn about issues, identify solutions, and advocate for change.

CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

#### Solutions and Reform

How do we reinvent criminal justice institutions and their practice? The capstone experience is project-based and solution-oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.

CRIM 4949	Senior Capstone Seminar	4
-----------	-------------------------	---

#### Criminal Justice Elective

These courses round out our knowledge of crime and justice.

Complete one additional criminal justice elective from the 3000, 4000, or 5000 level.		4
---	--	---

### Journalism Requirements

Code	Title	Hours
<b>Introductory Journalism Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundation Courses</b>		
A grade of C or better is required.		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Ethics</b>		
JRNL 4650	Ethics and Issues in Journalism	4

### Journalism Electives

Code	Title	Hours
Complete three additional journalism courses.		12

### Supporting Courses

Code	Title	Hours
<b>Introduction</b>		
CRIM 1000 or JRNL 1000	Criminal Justice at Northeastern Journalism at Northeastern	1
<b>Computer or Data Science</b>		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
JRNL 3700	Data Storytelling	
<b>Co-op Integration Requirements</b>		
Complete before the first co-op:		
EESH 2000 or EEAM 2000	Professional Development for Co-op Professional Development for Co-op	
Complete after a criminal justice co-op:		
CRIM 3000	Co-op Integration Seminar 2	

### Integrative Requirements

## Data Science and Journalism, BS

The data science and journalism combined major offers students an opportunity to gain the skills to be able to engage in both the print and digital worlds of journalism. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data. Combined with learning the principles, practices, and responsibilities of journalism, students can extract meaning from massive information flows and utilize it in effective investigative reporting.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Data Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200 or JRNL 1000	First Year Seminar Journalism at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Programming Sequence Pathways</b>		
Choose one of the two options:		12
<i>Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
<i>Data Science Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
<b>Computer Science Required Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
<b>Data Science Foundations</b>		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
DS 4420	Machine Learning and Data Mining 2	4
<b>Khoury Elective Courses</b>		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 4 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

## Journalism Major Requirements

Students transferring from outside institutions must complete a minimum of five 4-semester-hour journalism courses at Northeastern, and these must include:

Code	Title	Hours
JRNL 2201	Journalism 2: Intermediate Reporting	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 4650	Ethics and Issues in Journalism	

Code	Title	Hours
<b>Journalism Courses</b>		
A grade of C or higher is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Required Journalism</b>		
JRNL 1150	Understanding Today's News	4
JRNL 3550	The First Amendment and the Media	4
JRNL 4650	Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Complete three JRNL courses.		12

## Supporting Courses

Code	Title	Hours
<b>Mathematics Requirement</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
<b>Statistics Foundation</b>		
ECON 2350	Statistics for Economists	4
<b>Computing and Social Issues</b>		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300 or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

## Writing Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4

### Advanced Writing in the Disciplines

This course already fulfills a Journalism requirement above.

JRNL 2301	Visual Storytelling in Journalism	
-----------	-----------------------------------	--

**Integrative Requirement**

Code	Title	Hours
Complete one of the following:		
JRNL 3700	Data Storytelling	4
JRNL 5500	Coding for Digital Storytelling	

**Required General Electives**

Code	Title	Hours
Complete 20 semester hours of general electives.		20

**NUpath Requirements Satisfied**

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

**Khoury College GPA Requirement**

Minimum 2.000 GPA required in all CS, CY, DS, IS courses

**Journalism GPA Requirement**

Minimum 2.000 GPA required in all JRNL courses

**Program Requirement**

131 total semester hours required

**Plan of Study****Sample Plan of Study****Four Years, Two Co-ops in Summer 2/Fall**

## Economics and Journalism, BS

The combined major in economics and journalism integrates the analytical and critical thinking skills from economics with the versatile and dynamic world of journalism. Combined with studying the principles, practices, and responsibilities of journalism, students have an opportunity to develop analytical skills that are useful to understand today's current economic events and debates. The skill sets students acquire allow them to better communicate information in areas such as public policy, business, law, and the media. The combined major highlights the important role journalism plays in shaping how economic issues are conveyed to the public.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Introduction

Code	Title	Hours
JRNL 1000 or ECON 1000	Journalism at Northeastern Economics at Northeastern	1

### Co-op Course

Code	Title	Hours
EESH 2000 or EEAM 2000	Professional Development for Co-op Professional Development for Co-op	1

### Economics Requirements

Code	Title	Hours
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete three electives from the following ranges with one of those courses, at most, at the 1000 level:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

### Journalism Requirements

Code	Title	Hours
<b>Introductory</b>		
JRNL 1150	Understanding Today's News	4
<b>Foundation Courses</b>		
A grade of C or higher is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

### Law and Ethics

Taking either course fulfills both the capstone requirement and the journalism law and ethics requirement:

JRNL 3550	The First Amendment and the Media	4
or JRNL 4650	Ethics and Issues in Journalism	
<b>Journalism Electives</b>		
Complete three JRNL electives.		12

### Supporting Courses

Code	Title	Hours
<b>Calculus</b>		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
<b>Computer Science</b>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

### Integrative Courses

Code	Title	Hours
Complete one of the following (may not overlap with courses used for electives):		4
JRNL 3680	Advanced Reporting	
JRNL 3700	Data Storytelling	
Complete one of the following (may not overlap with courses used for electives):		4
ECON 1260	Contested Issues in the U.S. Economy	
ECON 3423	Environmental Economics	
ECON 3440	Public Finance	
ECON 3635	International Economics	
ECON 4640	Financial Economics	

### Capstone

Fulfilled by the journalism law and ethics requirement.

### Economics GPA/Credit Requirements

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics

## Journalism and Interaction Design, BS

The School of Journalism and the Department of Art + Design offer an interdisciplinary combined major in journalism and interaction design. Broadly speaking, students in the combined major in journalism and interaction design at Northeastern University integrate the study of journalism with the study of art and design.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), Difference and Diversity (DD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirement Analyzing and Using Data (AD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Introduction to College

Code	Title	Hours
JRNL 1000	Journalism at Northeastern	1
or ARTF 1000	Art and Design at Northeastern	

### Journalism Major Requirements

Code	Title	Hours
<b>Journalism Introductory Course</b>		
JRNL 1150	Understanding Today's News	4
<b>Journalism Foundations</b>		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4
<b>Law and Ethics</b>		
JRNL 3550 or JRNL 4650	The First Amendment and the Media Ethics and Issues in Journalism	4
<b>Journalism Electives</b>		
Complete three JRNL courses.		12

### Art and Design Core

Code	Title	Hours
<b>Art and Design Fundamentals</b>		
ARTF 1122	Color and Composition (with optional ARTF 1123)	4
ARTF 2223	Experience and Interaction (with optional ARTF 2224)	4
<b>Art and Design History</b>		
Complete two of the following:		8
ARTH 1111	Global Art and Design History: Renaissance to Modern	
ARTH 2210	Modern Art and Design History	
ARTH 2215	History of Graphic Design	

## Design Requirements

Code	Title	Hours
<b>Design Courses</b>		
ARTG 1250	Design Process Context and Systems	4
ARTG 2250	Typography 1 (with optional ARTG 2251)	4
ARTG 2260	Programming Basics	4
ARTG 2400	Interaction Design Principles (with optional ARTG 2401)	4
ARTG 3350	Typography 2	4
ARTG 3451	Information Design 1	4
ARTG 3700	Interaction Design 2: Mobile	4
<b>Degree Capstone Project</b>		
ARTG 4550	Design Degree Project	4

## Design Elective

Code	Title	Hours
Complete one of the following:		
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	4-5
ARTD 2380	Video Basics (with optional ARTD 2381)	
ARTF 1120	Observational Drawing	
ARTF 1121	Conceptual Drawing	
ARTF 1124	Form and Structure	
ARTF 2220	Movement and Time	
ARTG 2252	Graphic Design Principles	
ARTG 3250	Physical Computing	
ARTG 3450	Graphic Design 2	
ARTG 3460	Identity and Brand Design	
ARTG 4554	Typography 3	

## Integrative Requirements

Code	Title	Hours
Note: ARTG 4550 counts in the design requirements above and is also an integrative course.		
ARTG 4550	Design Degree Project	4
JRNL 5311	Design for Storytelling	4

## Program Requirement

## Journalism Practice, Minor

With the explosion of websites, podcasts, and social media, more and more people find themselves using the skills of a journalist in the dissemination of information in both their private and professional lives. This minor is intended for those students who wish to bring more professionalism and sophistication to the things they post online or who hope to offer a skill set that will make them more versatile and employable in their chosen field. It will also serve those who may be considering a career in journalism but find themselves too late in their college careers to switch majors.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Any student wishing to satisfy a minor in both journalism studies and journalism practice must take eight unique courses. No double counting. Journalism majors are not eligible for a minor in journalism practice.

### Required Courses

Code	Title	Hours
<b>Required Courses</b>		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
<b>Restricted Elective</b>		
Complete one course from the following:		4
JRNL 3370	Podcast and Radio Journalism	
JRNL 3455	Sports Writing	
JRNL 3610	Digital Storytelling and Social Media	
JRNL 3630	Magazine Writing	
JRNL 3650	Science Writing	
JRNL 3680	Advanced Reporting	
JRNL 3700	Data Storytelling	
JRNL 5309	News Documentary Production	
JRNL 5310	Photojournalism	
JRNL 5311	Design for Storytelling	
JRNL 5314	Video News Reporting and Producing	
JRNL 5316	The Newsroom	
JRNL 5360	Global Reporting	
JRNL 5460	POV: The Art and Craft of Opinion Journalism	
JRNL 5500	Coding for Digital Storytelling	
<b>Elective</b>		
Complete one additional JRNL course.		4

### GPA Requirement

2.000 GPA required in the minor

## Journalism Studies, Minor

With an ever-growing array of information options available, and with the news media making news in the early days of the new administration in Washington, interest in the workings of journalism has never been higher. This minor is intended for those students who wish for a sophisticated media literacy, an understanding of the field that goes deeper than what can be gained in our popular Understanding Today's News course.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Any student wishing to satisfy a minor in both journalism studies and journalism practice must take eight unique courses. No double counting. Journalism majors are not eligible for a minor in journalism studies.

### Required Courses

Code	Title	Hours
<b>Foundation</b>		
JRNL 1150	Understanding Today's News	4
JRNL 2350	The History of Journalism: How the News Became the News	4
<b>Law</b>		
JRNL 3550	The First Amendment and the Media	4
<b>Elective</b>		
Take one JRNL course.		4

### GPA Requirement

2.000 GPA required in the minor

## Photojournalism, Minor

As our society continues to move toward a world of technology, the power of photos become that much more important. This minor will engage students on how to visually tell a compelling story. It will give students the skill sets needed to succeed in that endeavor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* A student pursuing the minor in Photojournalism must complete a minimum of three (3) courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Required Courses

Code	Title	Hours
<b>Photography Foundation</b>		
Complete one of the following:		4-5
ARTE 2500	Art and Design Abroad: Studio	
ARTD 2360 and ARTD 2361	Introduction to Photography and Photo Tools	
<b>Photography Requirement</b>		
ARTD 3460	Photography: Concept + Process	4
<b>Integrative</b>		
JRNL 5310	Photojournalism	4
<b>Electives</b>		
Complete one of the following:		4
JRNL 2301	Visual Storytelling in Journalism	
JRNL 5314	Video News Reporting and Producing	

### GPA Requirement

2.000 GPA required in the minor

## Public Relations, Minor

Effective communication to the key publics is essential in today's complex business and media environment. The public relations minor is for students who want to acquire critical communication skills, including writing, audio, video, and the effective use of data and design. Successful students will also be equipped with theoretical and practical knowledge needed to be a good communication practitioner. This minor may complement relevant majors such as business administration, communication studies, sociology, and psychology, though any student with an interest in public relations is welcome.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* A student pursuing the minor in public relations must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s), minor(s), or PlusOne.

### Required Courses

Code	Title	Hours
<b>Required Core</b>		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 3425	Public Relations Principles	4
<b>Restricted Elective</b>		
Complete one of the following:		4
JRNL 5400	Media and Advocacy in Theory and Practice	
JRNL 5480	Research for Media Strategy	
<b>Elective</b>		
Complete one additional JRNL course.		4

### GPA Requirement

2.000 GPA required in the minor

## Sports, Media, and Communication, Minor

The sports, media, and communication minor appeals to students preparing for careers as sports journalists or advertising/public relations professionals specializing in a sports-related area. The minor includes courses examining the prominent role of sports in society with a special emphasis on gender, race, and public policy. When combined with Northeastern's signature co-op program, the result is an innovative minor that blends theory with practice and prepares students for a broad range of professional opportunities.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

2.000 GPA required in the minor

## Music

Website (<http://camd.northeastern.edu/music/>)

### Daniel Strong Godfrey, PhD

Professor and Chair

617.373.2440

The Department of Music offers its music majors, music minors, and combined majors a cross-disciplinary approach to the study and practice of music, underscored by real-world experiential learning and cutting-edge technology. The music faculty are dedicated to three continuously interacting and integrated dimensions: the creation of music; its production and promotion; and the study of its history, meaning, and impact on cultures around the globe—past, present, and future.

There are three concentrations in music: the Bachelor of Arts in Music, the Bachelor of Science in Music with Concentration in Music Technology, and the Bachelor of Science in Music with Concentration in Music Industry. Students in all three concentrations begin with a core of shared offerings, including a uniquely probing, cross-cultural, and interdisciplinary introduction to music, Music in Everyday Life (MUSC 1001), together with shared requirements in introductory theory and musicianship. With a common perspective offered by these courses, students then branch out to focus on their individual disciplines but also to interact and bring unique aspects of their disciplines together in a collaborative learning environment with other students.

Our signature program is the Bachelor of Arts in Music, designed to offer a variety of flexible advising paths that allow a focus on history, theory, ethnomusicology, performance, composition, humanics, or other directions tailored to the students' individual interests.

The Bachelor of Science in Music with Concentration in Music Technology focuses on the creative application of digital sound technologies to a broad range of artistic, social, and industrial purposes, including experimental composition, film, video, theatre, game design, mobile applications, sound design for urban environments, and beyond, with a new emphasis on digital signal processing, computation for sound, artificial intelligence, auditory cognitive neuroscience, and XR. A focus is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience.

The Bachelor of Science in Music with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in fields such as artist management; the music products industry; the recording industry; arts administration; contracting and legal issues; financial and economic aspects of the music business; and broadcast, mobile, and online media technologies. All the foregoing include an emphasis on the development of critical frameworks for entrepreneurial leadership in the cultural industries.

In addition to the three primary concentrations outlined above, there are multiple combined majors offered that integrate music disciplines with others both in and beyond the College of Arts, Media and Design, including communication studies, computer science, electrical engineering, game design, psychology, and physics. While students are encouraged to consider double majoring in the Bachelor of Arts in Music and other disciplines outside music, the BA cannot be combined with the concentration in music industry or the concentration in music technology.

While most music courses are designed for music majors, music minors and combined majors in music, and a variety of other disciplines, the Department of Music also offers elective survey courses and other study opportunities open to students across the Northeastern University campus. Also available are private lessons in a wide variety of instruments and voice, including a focus on genres ranging from traditional concert music to jazz to fusion, rock, and a variety of popular idioms.

An extensive concert series presents not only guest performers and ensembles from around the world but also performances by the Northeastern University Symphony Orchestra; the Northeastern University Wind Ensemble and Concert Band; the Northeastern University Choral Society; and the Jazz Ensemble, Jazz Choir, Contemporary Music Ensemble, Blues/Rock Fusion Ensemble, Rock Ensemble, World Music Ensemble, and chamber music ensembles, along with individual student recitals and performances by an array of student-run music groups.

In addition to co-op, Dialogues of Civilization, and a range of other opportunities for experiential learning and study throughout the United States and abroad, students may immediately begin to participate in student organizations—such as Green Line Records, NU Sound, Live Music Association, Songwriting Club, and a variety of other groups—that allow students actively to pursue their passions and aspirations.

Students concentrating in music may double count only one course between a concentration and a minor. Students may double count only one course between two different music minors. Should a student place out of a course in a minor, it must be replaced with another course relevant to the minor.

### Academic Progression Standards

Students must maintain at least a B– average in all major courses and complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

### Programs

#### Bachelor of Arts (BA)

- Music (p. 465)

### **Bachelor of Science (BS)**

- Music with Concentration in Music Industry (p. 470)
- Music with Concentration in Music Technology (p. 476)
- Computer Science and Music with Concentration in Music Technology (p. 481)
- Electrical Engineering and Music with Concentration in Music Technology, BSEE (p. 485)
- Game Design and Music with Concentration in Music Technology (p. 233)
- Music and Communication Studies with Concentration in Music Industry (p. 379)
- Physics and Music with Concentration in Music Technology (p. 498)
- Psychology and Music (p. 503)

### **Minor**

- Music (p. 508)
- Ethnomusicology (p. 507)
- Music Composition (p. 510)
- Music Industry (p. 511)
- Music Performance (p. 512)
- Music Recording (p. 514)
- Music Technology (p. 515)
- Performing Arts Administration (p. 516) (offered by the Department of Theatre)
- Songwriting (p. 517)

## Music, BA

The Bachelor of Arts in Music at Northeastern University engages students in the study of how music works and the many contexts in which it is created and received. The foundation of the major is a unique introductory course, Music in Everyday Life (MUSC 1001), that investigates many dimensions of the musical experience and music's contributions to society.

Students encounter a wide range of musical repertoires, theoretical approaches, and research strategies. While many students opt to major in music alone, many others enroll as part of a double major. This is especially true of young scholars who are aiming for careers in engineering, sciences, business, and fields in the humanities and social sciences who still want to pursue their interests in music. Students in the BA degree program take a variety of classes in history, theory, and ethnomusicology, and they may be active performers, participating in our many ensembles and taking private lessons. Students also participate in a wide array of co-ops and are encouraged to explore opportunities that conform to their interests.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

- NUpath requirements Creative Expression/Innovation (EI) and Interpreting Culture (IC) are met through the major course requirements.
- NUpath requirements Formal and Quantitative Reasoning (FQ), Natural and Designed World (ND), Societies and Institutions (SI), Analyzing and Using Data (AD), Differences and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

### Introduction to College

Code	Title	Hours
MUSC 1000	Music at Northeastern	1

### Music Theory and Musicianship

Code	Title	Hours
------	-------	-------

#### Music Theory Placement

All students must take a music theory placement exam. Students who do not place into MUSC 1201 must first take the following course:

MUSC 1119	Fundamentals of Western Music Theory
-----------	--------------------------------------

#### Required Music Theory

A grade of C or higher is required in each course.

MUSC 1201	Music Theory 1	4
-----------	----------------	---

Complete two of the following: 8

MUSC 1119	Fundamentals of Western Music Theory
MUSC 1202	Music Theory 2
MUSC 2111	Algebra and Geometry of Music
MUSC 2208	Jazz Improvisation
MUSC 2350	Acoustics and Psychoacoustics of Music
MUSC 3300	Music Perception and Cognition
MUSC 3541	Music Analysis Seminar
MUSI 1204	Analyzing Popular Genres

### Music in Context

Complete one course from each category below. From the categories Western Art Music, Global Music/Ethnomusicology, and Contemporary/Popular Music, at least two must be at the 2000 level or higher. Courses may not double count across the five areas. Many, but not all, Music in Context courses at the 2000 level or higher fulfill the writing-intensive in the discipline requirement. Please check the writing-intensive status of courses as needed.

## Music with Concentration in Music Industry, BS

The Bachelor of Science in Music with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in all aspects of the music industries, including songwriting, recording, production, technology, products, label operations, promotion, marketing, social media, management, finance, economics, data analytics, legal issues, licensing, and intellectual property. Our program encourages learners to become entrepreneurial thought leaders and ethical change agents in the music industries.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Analyzing and Using Data (AD) are met through the major course requirements.

NUpath requirements Differences and Diversity (DD) and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

### Music Industry Requirements

Code	Title	Hours
<b>Music Core</b>		
MUSC 1000	Music at Northeastern	1
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<b>Music Theory Placement</b>		
All students must take a theory placement exam. Students who do not place into MUSC 1201 must first take the following:		
MUSC 1119	Fundamentals of Western Music Theory	4
<b>Music Theory Requirement</b>		
MUSC 1201	Music Theory 1	4
MUSI 1204	Analyzing Popular Genres	4
<b>Music in Context</b>		
Complete one from each of the following. Of the courses from Western tradition, ethnomusicology, and contemporary, at least two must be at the 2000 level or higher. Courses may not double count across these areas. Many, but not all, music in context courses at the 2000 level or higher fulfill the Writing-Intensive in the Discipline requirement. Please check writing-intensive status of courses as needed. Students may use MUSC 2210, MUSC 2211, MUSI 2331, MUSI 3341, or MUST 1220 to fulfill both creating and producing and music in context creative but will also need to take one additional music industry elective.		
<i>Western Art Music</i>		
Complete one of the following:		4
MUSC 1100	Topics in Western Music	
MUSC 1116	Beethoven	
MUSC 1144	Music and Technology: Stone Age to Digital Age	
MUSC 2105	Songs That Made History	
MUSC 2312	Topics in Western Art Music	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2380	The World of Choral Music	
MUSC 3352	Sounding Human	
<i>Global Music/Ethnomusicology</i>		
Complete one of the following:		4
MUSC 1129	Music of the Middle East	

MUSC 1137	Topics in Diverse Musical Cultures
MUSC 2101	Black Popular Music
MUSC 2313	Topics in Global Music Cultures
MUSC 2330	Musical Communities of Boston
MUSC 2331	Topics in Musical Communities
MUSC 2336	The Festival Experience
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSC 3360	Ethnography and the Arts
MUSI 3351	Music and Social Justice
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry

*Contemporary/Popular Music*

Complete one of the following:

4

MUSC 1112	Jazz
MUSC 1113	Film Music
MUSC 1141	Wired for Sound
MUSC 2101	Black Popular Music
MUSC 2150	Making a Musical: Analysis, Craft, and Creation
MUSC 2310	Popular Music Since 1945
MUSC 2311	Topics in American Music
MUSC 2317	Punk Rock
MUSC 2336	The Festival Experience
MUSC 2340	Divas, DJs, and Double Standards
MUSC 2351	Music, Sound, and the Screen
MUSC 2380	The World of Choral Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry

*Creative*

Complete one of the following:

4

MUSC 2150	Making a Musical: Analysis, Craft, and Creation
MUSC 2208	Jazz Improvisation
MUSC 2209	Conducting
MUSC 2210	Introduction to Songwriting
MUSI 2232	Music Recording 1
MUST 1220	Introduction to Music Technology
MUST 1301	Introduction to Composition
MUST 2320	Sound Design

*Music Ensemble*

May substitute four 1-semester-hour applied courses (ensembles and/or lessons) for one 4-semester-hour creative course.

MUSC 1901	Music Lessons 1
MUSC 1902	Music Lessons 2
MUSC 1904	Chorus
MUSC 1905	Concert Band
MUSC 1906	Orchestra
MUSC 1907	Wind Ensemble
MUSC 1911	Jazz Ensemble
MUSC 1912	Rock Ensemble
MUSC 1913	Blues/Rock Ensemble
MUSC 1914	Create Your Own Music
MUSC 1915	Chamber Ensemble

MUSC 1917	Jazz Choir and Combo	
MUSC 1918	World Music Ensemble	
MUSC 1919	Fusion Ensemble	
MUSC 1920	Pep Band	

**Music Industry**

MUSI 1230	Introduction to Music Industry	4
-----------	--------------------------------	---

**Music Industry Electives**

Complete seven music industry electives, taking a minimum of one course in each of the following four categories and at least three courses from a single category. 28

*Creating and Producing*

Note: MUSI 1230 is not a prerequisite for the following courses:

MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2208	Jazz Improvisation	
MUSC 2210	Introduction to Songwriting	
MUSC 2211	Advanced Songwriting	
MUSI 2101	Demo Production for Songwriters	
MUSI 2232	Music Recording 1	
MUSI 2331	Music Recording 2	
MUSI 3341	Music Recording 3—Mixing and Mastering	
MUST 1220	Introduction to Music Technology	

*Legal Aspects*

Note: MUSI 1230 is a prerequisite for the following courses:

MUSI 2231	Music Licensing for Media	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2330	Performing Arts Administration	
MUSI 2332	Music Publishing and Royalties	
MUSI 2341	Music Supervision 1	

*Music Business and Management*

MUSI 3332	Artist Management	
MUSI 3333	The Record Industry	
MUSI 3338	Music Industry Marketing and Promotion	
MUSI 3340	Concert Promotion and Venue Management	
MUSI 4530	Music Entrepreneurship	

*Music Industry Studies*

MUSC 2336	The Festival Experience	
MUSC 3353	Music and the Racial Imagination	
MUSC 3360	Ethnography and the Arts	
MUSI 2234	Festivals	
MUSI 3351	Music and Social Justice	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 4601	Seminar in Music Industry	

**Business Course Requirements**

Code	Title	Hours
<b>Economics</b>		
ECON 1116	Principles of Microeconomics	4
<b>Accounting</b>		
ACCT 1209	Financial Accounting and Reporting	4

**Business Elective**

Complete one business course from the following subject areas: 4

ACCT, BUSN, ENTR, FINA, HRMG, INTB, MGMT, ORGB, MGSC, MISM, MKTG, SCHM, or STRT

## Capstone for Music Industry

Code	Title	Hours
Complete one of the following:		
MUSI 4530	Music Entrepreneurship	4
MUSI 4601	Seminar in Music Industry	

## Music Credit and Grade Requirement

Complete 76 semester hours in the major.

Students must maintain at least a 2.667 GPA (B– average) in the requirements of the major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

## Program Requirement

128 total semester hours required

## Music with Concentration in Music Technology, BS

The Bachelor of Science in Music with Concentration in Music Technology focuses on the interdisciplinary application of creative audio technologies to a broad range of outcomes, including analog/digital systems, hardware and software design, musical instrument design, audio synthesis and signal processing, human-computer interaction, and innovative artistic applications of music technology. Students receive fundamental training in music and music technology before embarking on curricular offerings that are in accordance with their interests. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

- NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Analyzing and Using Data (AD) are met through the major course requirements.
- NUpath requirements Differences and Diversity (DD) and Formal and Quantitative Reasoning (FQ) may be met through electives in the major.
- NUpath requirements Natural and Designed World (ND), Societies and Institutions (SI), and Ethical Reasoning (ER) must be met through general electives.

### General Music Requirements

Code	Title	Hours
<b>Introduction to College</b>		
MUSC 1000	Music at Northeastern	1
<b>Music Theory and Composition</b>		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
Complete two of the following:		8
MUSC 2111	Algebra and Geometry of Music	
MUSC 3300	Music Perception and Cognition	
MUSC 3541	Music Analysis Seminar	
<b>Music in Context</b>		
A grade of C or higher is required. Complete one from each of these categories: western art music, global music/ethnomusicology, contemporary/popular music, and creative. Of the courses from western art music, global music/ethnomusicology, contemporary/popular music, at least two must be at the 2000 level or higher. Courses may not double count across these areas. Many, but not all, music in context courses at the 2000 level or higher fulfill the writing-intensive in the discipline requirement. Please check writing-intensive status of courses as needed.		
<i>Introductory Class</i>		
Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<i>Western Art Music</i>		
Complete one of the following:		4
MUSC 1100	Topics in Western Music	
MUSC 1116	Beethoven	
MUSC 1144	Music and Technology: Stone Age to Digital Age	
MUSC 2105	Songs That Made History	
MUSC 2312	Topics in Western Art Music	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2380	The World of Choral Music	
MUSC 3352	Sounding Human	

*Global Music/Ethnomusicology*

Complete one of the following:		4
MUSC 1129	Music of the Middle East	
MUSC 1137	Topics in Diverse Musical Cultures	
MUSC 2101	Black Popular Music	
MUSC 2313	Topics in Global Music Cultures	
MUSC 2330	Musical Communities of Boston	
MUSC 2331	Topics in Musical Communities	
MUSC 2336	The Festival Experience	
MUSC 3353	Music and the Racial Imagination	
MUSC 3354	Sound and the Sacred	
MUSC 3360	Ethnography and the Arts	
MUSI 3351	Music and Social Justice	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	

*Contemporary/Popular Music*

Complete one of the following:		4
MUSC 1112	Jazz	
MUSC 1113	Film Music	
MUSC 1141	Wired for Sound	
MUSC 2101	Black Popular Music	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2311	Topics in American Music	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2336	The Festival Experience	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 2380	The World of Choral Music	
MUSC 3352	Sounding Human	
MUSC 3353	Music and the Racial Imagination	
MUSC 3354	Sound and the Sacred	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	

*Music Industry*

Complete one of the following, as long as prerequisites have been met:		4
MUSI 1230	Introduction to Music Industry	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2331	Music Recording 2	

**Music Technology Requirements**

MUSC 2350	Acoustics and Psychoacoustics of Music	4
MUST 1220	Introduction to Music Technology	4
MUST 2102	Composing with Digital Technologies	4
MUST 2431	Computer Music Fundamentals	4

**Music Technology Electives**

Complete three of the following:		12
MUSC 4510	Music and the Brain Research	
MUST 2320	Sound Design	
MUST 3540	Special Topics in Music Technology	
MUST 3601	Digital Audio Signal Processing	
MUST 3602	Electronics for Music	
MUST 3603	Embedded Audio Programming	
MUST 4610	Composition for Electronic Instruments	

**Capstone**

MUST 4611	Music Technology Capstone/Senior Recital	4
-----------	--	---

**Supporting Courses**

Code	Title	Hours
<b>College Elective</b>		
Complete one of the following:		4
ARTD 2100	Narrative Basics	
ARTD 3480	Video: Sound and Image	
ARTF 2220	Movement and Time	
ARTF 2223	Experience and Interaction	
GAME 1110	Games and Society	
GAME 2500	Foundations of Game Design	
MSCR 1100	Film 101	
MSCR 1220	Media, Culture, and Society	
MSCR 3600	Film Theory	
THTR 1131	Introduction to Technical Theatre	
THTR 1270	Introduction to Theatrical Design	
THTR 2370	Lighting Design	

**Music Credit and Grade Requirements**

Complete 72 semester hours in the major.

Students must maintain at least a 2.667 GPA (B– average) in the requirements of the major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

## Computer Science and Music with Concentration in Music Technology, BS

The computer science and music combined major with concentration in music technology focuses on the creative application of sound and music technologies to a broad range of artistic, social, and industrial purposes. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience. It is designed to give students a firm foundation in music and computing for digital audio technologies. This program is recommended for students with a strong background in music prior to entering Northeastern.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or MUSC 1000	First Year Seminar Music at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
IS 4300	Human Computer Interaction (Integrative)	4
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 8 semester hours of CS, CY, DS or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900

### Computer Science Writing Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
<b>Advanced Writing in the Disciplines</b>		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3314	Advanced Writing in the Arts, Media, and Design	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

### Required General Electives

Code	Title	Hours
	Complete 20 semester hours of general electives.	20

### NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Interpreting Culture
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

### Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

### Music Technology Grade Requirement

Students must maintain at least a 2.667 GPA (B- average) in the requirements of the music half of the combined major (MUSC, MUSI, and MUST courses) and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

### Program Requirement

133 total semester hours required

### Plan of Study

#### Sample Plan of Study:

#### Four Years, Two Co-ops in Spring/Summer 1

## Electrical Engineering and Music with concentration in Music Technology, BSEE

This intercollege combined major is designed for students who would like to explore their interest in music technology while earning the benefit of a Bachelor of Science degree in electrical engineering. The music industry relies heavily on electronic technology in the production (e.g., studio and recording technology); performance (e.g., musical instruments, stage technology); and distribution (e.g., audio file formats, encoding) of music. The program is designed to give students a firm foundation in digital and analog audio electronics and to learn the breadth and depth of the convergence between electrical engineering and music technology.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Societies and Institutions (SI) and Differences and Diversity (DD) are not explicitly satisfied by required engineering courses. Students are responsible for satisfying these requirements with general electives.

### Engineering Requirements

Code	Title	Hours
<b>Required Courses</b>		
EECE 2140	Computing Fundamentals for Engineers	4
EECE 2150	Circuits and Signals: Biomedical Applications	5
EECE 2160	Embedded Design: Enabling Robotics	4
<b>Electrical Engineering Fundamentals</b>		
EECE 2412 and EECE 2413	Fundamentals of Electronics and Lab for EECE 2412	5
EECE 2520	Fundamentals of Linear Systems	4
EECE 2530 and EECE 2531	Fundamentals of Electromagnetics and Lab for EECE 2530	5
<b>Computer Engineering Fundamentals</b>		
Complete one of the following. If more than one computer engineering fundamentals course is taken, it may count as a technical elective:		4-5
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2560	Fundamentals of Engineering Algorithms	
<b>Electrical Engineering Capstone Courses</b>		
EECE 4791	Electrical and Computer Engineering Capstone 1	1
EECE 4792	Electrical and Computer Engineering Capstone 2	4
<b>Technical Electives</b>		
Students can register for EECE 4991 / EECE 4992 / EECE 4993 more than once. For these courses combined, a maximum of 8 semester hours will be allowed to satisfy the requirement of technical electives. An additional 4 semester hours will be allowed as a general elective. At most one of these courses (4 semester hours) can be taken in a semester.		
Though students may register for EECE 2750 more than once, only 4 semester hours will be allowed to satisfy the requirements of technical electives. An additional 4 semester hours will be allowed as a general elective.		
Complete two of the following. If EECE 5697 is taken, students are required to complete a music elective.		8
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322	
EECE 2540	Fundamentals of Networks	
EECE 2750	Enabling Engineering	
EECE 3324	Computer Architecture and Organization	
EECE 3410	Electronic Design	
EECE 4512	Healthcare Technologies: Sensors, Systems, and Analysis	
EECE 4991	Research	

EECE 4992	Directed Study	
EECE 4993	Independent Study	
EECE 5115 to EECE 5698		
EECE 5670	Sustainable Energy: Materials, Conversion, Storage, and Usage	
<b>Supplemental Credit</b>		
2 semester hours from the following course count toward the engineering requirement:		2
EECE 3468	Noise and Stochastic Processes	
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2 <sup>1</sup>	

## Music Requirements

Code	Title	Hours
<b>Music Theory</b>		
Complete one of the following pairs:		8
MUSC 1119 and MUSC 1201	Fundamentals of Western Music Theory and Music Theory 1	
MUSC 1201 and MUSC 1202	Music Theory 1 and Music Theory 2	
MUSC 1202 and MUSC 3541	Music Theory 2 and Music Analysis Seminar	
<b>Required Context Course</b>		
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<b>Music in Context</b>		
Complete one of the following:		4
INAM 6360	Ethnographic Methods and the Arts	
MUSC 2101	Black Popular Music	
MUSC 2105	Songs That Made History	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2311	Topics in American Music	
MUSC 2312	Topics in Western Art Music	
MUSC 2313	Topics in Global Music Cultures	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2331	Topics in Musical Communities	
MUSC 2336	The Festival Experience	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 2380	The World of Choral Music	
MUSC 3352	Sounding Human	
MUSC 3353	Music and the Racial Imagination	
MUSC 3354	Sound and the Sacred	
MUSC 3360	Ethnography and the Arts	
MUSI 3351	Music and Social Justice	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	
<b>Acoustics or Music Elective</b>		
Complete one of the following. If EECE 5697 is taken, students are required to complete a music elective.		4
MUSC 2350	Acoustics and Psychoacoustics of Music	

MUSC 2000 to MUSC 5999

**Music Technology**

MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4

**Music Technology Electives**

Complete two of the following. Other appropriate MUST courses will be considered by petition to fulfill this category. 8

MUSC 4510	Music and the Brain Research	
MUST 3540	Special Topics in Music Technology	
MUST 3601	Digital Audio Signal Processing	
MUST 3602	Electronics for Music	
MUST 3603	Embedded Audio Programming	
MUST 4610	Composition for Electronic Instruments	

**Supporting Courses: Mathematics/Science**

Complete all mathematics/science courses with a minimum of 30 semester hours.

Code	Title	Hours
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
2 semester hours from the following course count toward this requirement:		2
EECE 3468	Noise and Stochastic Processes	

**Supplemental Credit**

1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	

**Professional Development**

Code	Title	Hours
GE 1000	First-Year Seminar	1
ENCP 2000	Introduction to Engineering Co-op Education	1
ENCP 3000	Professional Issues in Engineering	1

**Additional Required Courses**

1 semester hour from the following course counts toward the professional development requirement:		1
GE 1501	Cornerstone of Engineering 1 <sup>1</sup>	
1 semester hour from the following course counts toward the professional development requirement:		1
GE 1502	Cornerstone of Engineering 2 <sup>1</sup>	

**Writing Requirements**

Code	Title	Hours
A grade of C or higher is required:		
ENGW 1111	First-Year Writing	4
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions Interdisciplinary Advanced Writing in the Disciplines	4

**Required General Electives**

Code	Title	Hours
Complete 4 semester hours of academic, nonremedial, nonrepetitive courses.		4

<sup>1</sup> Students can substitute GE 1110 and GE 1111 for GE 1501 and GE 1502 in approved situations.

**Major GPA Requirement**

Minimum 2.000 GPA required in EECE courses

**Music Grade Requirement**

Students must maintain at least a 2.667 GPA (B– average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

**Program Requirement**

137 total semester hours required

- Electrical and Computer Engineering Capstone 1 (EECE 4791) in Summer 2 and Electrical and Computer Engineering Capstone 2 (EECE 4792) in Fall.

## Game Design and Music with Concentration in Music Technology, BS

The game design and music combined major with a concentration in music technology is designed to prepare students to manage all aspects of music and sound design integral to the creative process in game design. Students focus on the digital sound technologies, audiovisual integration techniques, and collaborative skills, grounded in real-world experience, that are necessary to apply one's musical imagination effectively in a game design environment. Also emphasized are the aesthetic, expressive, psychological and social perspectives essential to meaningful engagement across a broad range of applications in the game industry.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Analyzing/Using Data (AD), Interpreting Culture (IC), Natural/Designed World (ND), Differences/Diversity (DD), Writing-Intensive (WI), and Capstone Experience(CE) are met through the major course requirements. All other NUpath requirements must be met through electives.

### Game Design Courses

Code	Title	Hours
ARTF 1000	Art and Design at Northeastern	1
<b>Game Design Required</b>		
GAME 1110	Games and Society	4
GAME 2500	Foundations of Game Design	4
GAME 2950	Game Studio	4
GAME 3400	Level Design and Game Architecture	4
GAME 3700	Rapid Idea Prototyping for Games	4
GAME 3800	Game Concept Development	4

### Art + Design Electives

Complete four courses from the following: 16

Any course in ARTD, ARTE, ARTF, ARTG, ARTH, and GAME subject areas as long as prerequisites have been met.

If GAME 4000 Topics in Game Design or ARTD 3000 Topics in Media Arts (or any other topics course in the subjects listed above) is completed more than once, multiple completions may be allowed toward the electives.

### Music Requirements

Code	Title	Hours
<b>Music Theory and Composition</b>		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
Complete two of the following:		8
MUSC 2111	Algebra and Geometry of Music	
MUSC 3300	Music Perception and Cognition	
MUSC 3541	Music Analysis Seminar	
MUST 2320	Sound Design	
<b>Music in Context</b>		
Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<b>Contemporary / Popular Music</b>		
Complete one of the following:		4
MUSC 2101	Black Popular Music	
MUSC 2310	Popular Music Since 1945	

MUSC 2311	Topics in American Music
MUSC 2320	40,000 Years of Music Technology
MUSC 2336	The Festival Experience
MUSC 2380	The World of Choral Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination

## Music and Communication Studies with Concentration in Music Industry, BS

The Bachelor of Science in Music and Communication Studies with Concentration in Music Industry, the first such undergraduate program offered in Boston, is designed for students with an interest in all aspects of the music industries, including songwriting, recording, production, technology, products, label operations, promotion, marketing, social media, management, finance, economics, data analytics, legal issues, licensing, and intellectual property. Our program encourages learners to become entrepreneurial thought leaders and ethical change agents in the music industries. Communication studies offers students an opportunity to obtain the communication skills and the understanding of the communication process required to thrive in a complex and changing society.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Differences and Diversity (DD) may be met through electives in the major.

### Music Industry Requirements

Code	Title	Hours
<b>Introduction to College</b>		
MUSC 1000	Music at Northeastern	1
<b>Music Core</b>		
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
<b>Music Theory Placement</b>		
All students must take a theory placement exam. Students who do not place into MUSC 1201 must first take the following:		
MUSC 1119	Fundamentals of Western Music Theory	4
<b>Music Theory Requirement</b>		
MUSC 1201	Music Theory 1	4
<b>Introductory Music Industry</b>		
MUSI 1230	Introduction to Music Industry	4
<b>Music in Context</b>		
Complete one course from one of the following categories:		4
<i>Western Art Music</i>		
MUSC 2105	Songs That Made History	
MUSC 2312	Topics in Western Art Music	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2380	The World of Choral Music	
MUSC 3352	Sounding Human	
<i>Global Music/Ethnomusicology</i>		
MUSC 2101	Black Popular Music	
MUSC 2313	Topics in Global Music Cultures	
MUSC 2330	Musical Communities of Boston	
MUSC 2331	Topics in Musical Communities	
MUSC 2336	The Festival Experience	
MUSC 3353	Music and the Racial Imagination	

MUSC 3354	Sound and the Sacred
MUSC 3360	Ethnography and the Arts
MUSI 3351	Music and Social Justice
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry

*Contemporary/Popular Music*

MUSC 2101	Black Popular Music
MUSC 2150	Making a Musical: Analysis, Craft, and Creation
MUSC 2310	Popular Music Since 1945
MUSC 2311	Topics in American Music
MUSC 2317	Punk Rock
MUSC 2320	40,000 Years of Music Technology
MUSC 2340	Divas, DJs, and Double Standards
MUSC 2351	Music, Sound, and the Screen
MUSC 2380	The World of Choral Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry
MUSI 3540	Special Topics in Music Industry

**Music Industry Electives**

Complete three of the following: 12

MUSC 2150	Making a Musical: Analysis, Craft, and Creation
MUSC 2210	Introduction to Songwriting
MUSC 2211	Advanced Songwriting
MUSC 2336	The Festival Experience
MUSC 3353	Music and the Racial Imagination
MUSI 1204	Analyzing Popular Genres
MUSI 2101	Demo Production for Songwriters
MUSI 2231	Music Licensing for Media
MUSI 2232	Music Recording 1
MUSI 2234	Festivals
MUSI 2235	Copyright in the Creative Industries
MUSI 2330	Performing Arts Administration
MUSI 2331	Music Recording 2
MUSI 2332	Music Publishing and Royalties
MUSI 2341	Music Supervision 1
MUSI 2540	Special Topics in Music Industry
MUSI 3332	Artist Management
MUSI 3333	The Record Industry
MUSI 3338	Music Industry Marketing and Promotion
MUSI 3340	Concert Promotion and Venue Management
MUSI 3351	Music and Social Justice
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry
MUSI 4530	Music Entrepreneurship
MUSI 4601	Seminar in Music Industry
MUST 1220	Introduction to Music Technology

**Business Course**

ACCT 1209	Financial Accounting and Reporting	4
-----------	------------------------------------	---

**Communication Studies Requirements**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
<b>Communication Studies Common Requirements</b>		
COMM 1101	Introduction to Communication Studies	4
COMM 1112 or COMM 2301	Public Speaking Communication Research Methods	4
<b>Foundation Course</b>		
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
COMM 1225	Communication Theory	
COMM 1231	Principles of Organizational Communication	
COMM 1255	Communication in a Digital Age	
<b>Cluster Course</b>		
Complete one of the following:		4
COMM 1131	Sex, Relationships, and Communication	
COMM 2303	Global and Intercultural Communication	
COMM 2304	Communication and Gender	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace	
<b>Writing-Intensive Courses</b>		
Complete two of the following:		8
COMM 3200	Mobile Communication	
COMM 3201	Health Communication	
COMM 3230	Interpersonal Communication	
COMM 3304	Communication and Inclusion	
COMM 3320	Political Communication	
COMM 3415	Communication Criticism	
COMM 3445	Public Relations Principles	
COMM 3500	Environmental Issues, Communication, and the Media	
COMM 3501	Free Speech: Law and Practice	
COMM 3530	Communication and Sexualities	
COMM 3532	Theories of Conflict and Negotiation	
COMM 4535	Nonverbal Social Interaction	
COMM 4605	Youth and Communication Technology	
COMM 4631	Crisis Communication and Image Management	
<b>Communication Studies Electives</b>		
Complete three COMM courses.		12
<b>Integrative Requirement</b>		
<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete one of the integrative options below:		4-8
If a communication studies course is taken, an additional music industry course is required. Choose from the list of music industry electives above.		
<b>Music Option</b>		
Complete one of the following:		
MUSI 4530	Music Entrepreneurship	
MUSI 4601	Seminar in Music Industry	
<b>Communication Studies Option</b>		
Complete two of the following. One communication studies course is required:		
COMM 4608 or COMM 4625	Strategic Communication Capstone Online Communities	
MUSC 2000 to MUSC 5999		

MUSI 2000 to MUSI 5999

MUST 2000 to MUST 5999

**Communication Studies Major Grade Requirement**

No more than two grades below a C in communication studies courses may be used to satisfy degree requirements.

**Music Major Grade Requirement**

Students must maintain at least a 2.667 GPA (B– average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

**Music and Communication Studies Credit Requirement**

Complete 76 semester hours for the major.

**Program Requirement**

128 total semester hours required

**Plan of Study****Sample Plan of Study: Four Years, Two Co-ops**

## Physics and Music with Concentration in Music Technology, BS

The combined major in physics and music provides a strong foundation in classical and modern physics, along with the physics of acoustic and digital audio-related phenomena, and studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students with a solid background in the interdisciplinary application of creative audio technologies to a broad range of outcomes, including analog/digital systems, hardware and software design, musical instrument design, audio synthesis and signal processing, human-computer interaction, and innovative artistic applications of music technology. The combined major allows students to learn how physical principles influence sound production and propagation.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Physics Major Requirements

Code	Title	Hours
<b>Introductory Physics</b>		
<i>Physics 1</i>		
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	5
<i>Physics 2</i>		
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	5
<b>Intermediate Physics</b>		
PHYS 2303	Modern Physics	4
PHYS 2371 and PHYS 2372	Electronics and Lab for PHYS 2371	4
<b>Advanced Physics</b>		
PHYS 3600	Advanced Physics Laboratory	4
PHYS 3602	Electricity and Magnetism 1	4
PHYS 4115	Quantum Mechanics	4
PHYS 4305	Thermodynamics and Statistical Mechanics	4
PHYS 5318	Principles of Experimental Physics	4

### Supporting Courses

Code	Title	Hours
<b>Mathematics</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4

### Music Requirements

Code	Title	Hours
<b>Music Theory and Composition</b>		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
Complete one of the following:		
MUSC 2111	Algebra and Geometry of Music	4
MUSC 3300	Music Perception and Cognition	4
MUSC 3541	Music Analysis Seminar	4
MUST 2102	Composing with Digital Technologies	4

**Music in Context**

Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	

*Contemporary/Popular Music*

Complete one of the following:		4
MUSC 2101	Black Popular Music	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2310	Popular Music Since 1945	
MUSC 2311	Topics in American Music	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2336	The Festival Experience	
MUSC 2340	Divas, DJs, and Double Standards	
MUSC 2351	Music, Sound, and the Screen	
MUSC 2380	The World of Choral Music	
MUSC 3352	Sounding Human	
MUSC 3353	Music and the Racial Imagination	
MUSC 3354	Sound and the Sacred	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	

**Music Technology**

MUSC 2350	Acoustics and Psychoacoustics of Music	4
MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4

**Music Technology Electives**

Complete two of the following:		8
MUSC 4510	Music and the Brain Research	
MUST 3540	Special Topics in Music Technology	
MUST 3601	Digital Audio Signal Processing	
MUST 3602	Electronics for Music	
MUST 3603	Embedded Audio Programming	
MUST 4610	Composition for Electronic Instruments	

**Music Technology Capstone**

MUST 4611	Music Technology Capstone/Senior Recital	4
-----------	--	---

**Physics/Music Integrative Requirement**

Code	Title	Hours
<b>Integrative Course Requirement</b>		
MUSC 2350	Acoustics and Psychoacoustics of Music	4

**Physics and Music Combined Major Credit Requirement**

Complete a minimum of 98 semester hours in the major.

**Music Technology Major Grade Requirement**

Students must maintain at least a 2.667 GPA (B– average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

**Program Requirement**

131 total semester hours required

**Plan of Study****Note on Physics Courses in Plans of Study**

Some required physics courses are offered in both fall and spring semesters, while other required courses are offered less frequently. Therefore, the suggested plan of study will vary from student to student, **depending on the year of entry for that student.**

See course offering schedule at the end of the plans of study.

Please contact your academic advisor for additional information and plans of study.

#### Offerings Schedule (Subject to Changes)

- PHYS 2303 offered every fall, spring, and summer 2
- PHYS 2371/2372 offered every fall
- PHYS 3600 offered every summer 1 and summer 2 (**take in year 2 or 3, whichever is even**)
- PHYS 3601 offered spring and fall (even years)
- PHYS 3602 offered every fall and spring
- PHYS 3603 offered fall (even years) and summer 1 (odd years)
- PHYS 4115 offered every fall and spring

502      Physics and Music with Concentration in Music Technology, BS

- PHYS 4305 offered every spring and summer 2 (**take in year 2 or 3, whichever is even**)
- PHYS 4621 offered spring (odd years) and fall (even years)
- PHYS 4623 offered summer 1 and fall (even years)
- PHYS 4651 offered spring and fall (odd years)
- PHYS 4652 offered every spring
- PHYS 5318 offered every spring

## Psychology and Music, BS

This combined major educates students in psychology and music and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including such topics as cognition, psycholinguistics, perception, and the biological basis of behavior. Music courses provide a foundation in music theory, creative music in context, contemporary/ethnomusicology, music perception and cognition, and the psychoacoustics of music. Students completing this program of study should be able to understand how the two fields jointly contribute to explaining human behavior in the domain of music.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Difference and Diversity (DD), Ethical Reasoning (ER), and Advanced Writing in the Disciplines (WD) are not explicitly satisfied by the required courses. Difference and Diversity (DD) and Ethical Reasoning (ER) can be met through Music in Context. Students are responsible for satisfying any of these requirements not met within the major.

### Psychology Requirements

Code	Title	Hours
<b>Required Courses</b>		
PSYC 1101	Foundations of Psychology	4
PSYC 3452	Sensation and Perception	4
PSYC 3458	Biological Psychology	4
PSYC 3464	Psychology of Language	4
PSYC 3466	Cognition	4
<b>Statistics</b>		
Complete the following course. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission):		4-5
PSYC 2320	Statistics in Psychological Research	
<b>Required Lab</b>		
Complete one of the following:		4
PSYC 4600	Laboratory in Research Design	
PSYC 4606	Laboratory in Biological Psychology	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4614	Laboratory in Social Psychology	
PSYC 4616	Laboratory in Personality	
PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4624	Laboratory in Affective Science	
PSYC 4626	Laboratory in Life-Span Emotional Development	
PSYC 4628	Laboratory in Developmental Psychology	
<b>Required Seminar</b>		
Complete one of the following:		4
PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	

**Psychology Electives**

Complete two PSYC courses not used to fulfill requirements above.	8
---	---

**Music Theory Requirements**

Code	Title	Hours
<b>Required Courses</b>		
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4

**Music in Context**

Code	Title	Hours
Select one of the following:		
MUSC 1001	Music in Everyday Life	4
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	

**Creative Category**

Complete one of the following 4-semester-hour courses, or choose four 1-semester-hour ensembles and/or lessons from the list:	4
---	---

*Coursework Option*

MUSC 2150	Making a Musical: Analysis, Craft, and Creation <sup>1</sup>	
MUSC 2208	Jazz Improvisation	
MUSC 2209	Conducting	
MUSC 2210	Introduction to Songwriting	
MUSI 2232	Music Recording 1	
MUST 1220	Introduction to Music Technology	
MUST 1301	Introduction to Composition	
MUST 2320	Sound Design	

*Ensembles and Lessons Option*

MUSC 1901	Music Lessons 1	
MUSC 1902	Music Lessons 2	
MUSC 1904	Chorus	
MUSC 1905	Concert Band	
MUSC 1906	Orchestra	
MUSC 1907	Wind Ensemble	
MUSC 1911	Jazz Ensemble	
MUSC 1912	Rock Ensemble	
MUSC 1913	Blues/Rock Ensemble	
MUSC 1914	Create Your Own Music	
MUSC 1915	Chamber Ensemble	
MUSC 1917	Jazz Choir and Combo	
MUSC 1918	World Music Ensemble	
MUSC 1919	Fusion Ensemble	
MUSC 1920	Pep Band	

**Contemporary/Popular Music or Global Music/Ethnomusicology Category**

Complete one of the following:	4	
MUSC 2101	Black Popular Music	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation <sup>1</sup>	
MUSC 2310	Popular Music Since 1945	
MUSC 2311	Topics in American Music	
MUSC 2313	Topics in Global Music Cultures	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2330	Musical Communities of Boston	
MUSC 2331	Topics in Musical Communities	

MUSC 2336	The Festival Experience
MUSC 2340	Divas, DJs, and Double Standards
MUSC 2351	Music, Sound, and the Screen
MUSC 2380	The World of Choral Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSC 3360	Ethnography and the Arts
MUSI 3351	Music and Social Justice
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry

<sup>1</sup> MUSC 2150 can be used to meet either the creative or the ethnomusicology/contemporary requirement but not both.

### Music Requirements

Code	Title	Hours
MUSC 2350 or INAM 3200	Acoustics and Psychoacoustics of Music Creative Cognition	4
MUSC 3300	Music Perception and Cognition	4
<b>Capstone</b>		
MUSC 4510	Music and the Brain Research	4

### Music Electives

Code	Title	Hours
Complete two courses from MUSC, MUSI, or MUST not used to fulfill the requirements above.		8

### Other Requirements Outside Major

Code	Title	Hours
PSYC 1000 or MUSC 1000	Psychology at Northeastern Music at Northeastern	1
EESC 2000 or EEAM 2000	Professional Development for Co-op Professional Development for Co-op	1
ENGW 1111	First-Year Writing	4
Complete one of the following:		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1241	Calculus 1	

### Bridge/Integrative Courses

Code	Title	Hours
Note: MUSC 3300 is already required above.		
MUSC 3300	Music Perception and Cognition	

### BS Psychology/Music Major

Complete 76 semester hours in the major.

### Music Major Grade Requirement

Students must maintain at least a 2.667 grade-point average (B– average) in the requirements of the music half of the combined major and also complete all required music courses with grades of at least C. Students who fail to meet the above standards will be placed on departmental probation; those who remain on probation for two consecutive semesters will be dropped from the major.

### Program Requirement

130 total semester hours required

## Plan of Study

### Sample Plan of Study

## Ethnomusicology, Minor

The minor in ethnomusicology offers students an expansive understanding of music in its diverse contexts, prioritizing global engagement, culturally-situated knowledge, and community-centered research. The foundation of the minor is a unique introductory course, Music in Everyday Life (MUSC 1001), which investigates many dimensions of the musical experience and music's connections to society. Students select in-depth electives that focus on the music of a region or a particular musical genre, the global circulation of music, or music's relationship to other aspects of the human experience, such as philosophy and aesthetics, identity and culture, society and politics, economics and social justice. The minor culminates in a course that invites students to conduct their own ethnographic research projects.

Ethnomusicological studies would enrich many programs or degrees, including but not limited to Africana studies; sociology; anthropology; Asian studies; Middle Eastern studies; Jewish studies; world language studies; cultural studies; women, gender, and sexuality studies; Latin American studies; religion; urban studies; Art + Design; cinema studies; communication studies; international affairs; theatre; political science; or health sciences. Music majors may also add this minor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
MUSC 2330	Musical Communities of Boston	4

### Ethnomusicology Electives

Code	Title	Hours
Complete two of the following. At least one must be at 2000-level or higher:		8
MUSC 1129	Music of the Middle East	
MUSC 1137	Topics in Diverse Musical Cultures	
MUSC 2101	Black Popular Music	
MUSC 2313	Topics in Global Music Cultures	
MUSC 2336	The Festival Experience	
MUSC 3353	Music and the Racial Imagination	
MUSC 3354	Sound and the Sacred	
MUSC 3360	Ethnography and the Arts	
MUSI 3351	Music and Social Justice	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	

### GPA Requirement

2.000 GPA required in the minor. Students must complete all required MUSC and MUSI courses with a grade of at least C.

## Music, Minor

The minor in music offers students an opportunity to explore electives in music along with a music theory course appropriate to the student's level of experience. The foundation of the minor is a unique introductory course, Music in Everyday Life (MUSC 1001), which investigates many dimensions of the musical experience and music's contributions to society. The electives cover a wide array of historical studies and approaches to musical creation; one of the elective requirements can be satisfied through a combination of ensembles and lessons.

The minor in music would enrich many programs or degrees, including but not limited to historical studies; sociology; anthropology; world language studies; cultural studies; women, gender, and sexuality studies; urban studies; Art + Design; cinema studies; communication studies; international affairs; theatre; political science; or health sciences.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A grade of C or better is required in all music courses.

### Music Theory and Musicianship

Code	Title	Hours
Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
Complete one of the following (music theory placement test permits placement into MUSC 1201 Music Theory 1 or higher):		4
MUSC 1119	Fundamentals of Western Music Theory	
MUSC 1201	Music Theory 1	
MUSC 1202	Music Theory 2	
MUSC 2350	Acoustics and Psychoacoustics of Music	
MUSC 3300	Music Perception and Cognition	
MUSI 1204	Analyzing Popular Genres	

### Music Literature Electives

Code	Title	Hours
Complete two of the following. Four semesters of ensembles and/or lessons may be substituted for one elective. At least one 2000-level course or above must be taken.		8
MUSC 1111	Rock Music	
MUSC 1112	Jazz	
MUSC 1113	Film Music	
MUSC 1116	Beethoven	
MUSC 1118	Music Therapy 1	
MUSC 1129	Music of the Middle East	
MUSC 1137	Topics in Diverse Musical Cultures	
MUSC 1141	Wired for Sound	
MUSC 1144	Music and Technology: Stone Age to Digital Age	
MUSC 2101	Black Popular Music	
MUSC 2105	Songs That Made History	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2209	Conducting	
MUSC 2310	Popular Music Since 1945	
MUSC 2311	Topics in American Music	
MUSC 2312	Topics in Western Art Music	
MUSC 2313	Topics in Global Music Cultures	
MUSC 2317	Punk Rock	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2330	Musical Communities of Boston	
MUSC 2331	Topics in Musical Communities	

MUSC 2336	The Festival Experience
MUSC 2340	Divas, DJs, and Double Standards
MUSC 2351	Music, Sound, and the Screen
MUSC 2380	The World of Choral Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSC 3360	Ethnography and the Arts
MUSI 3351	Music and Social Justice
MUSI 3360	Global Music Industries in Context
MUSI 3401	Hip Hop in the Music Industry

### Lessons and Ensembles

All lessons and ensembles are 1 credit:

MUSC 1901	Music Lessons 1
MUSC 1902	Music Lessons 2
MUSC 1904	Chorus
MUSC 1905	Concert Band
MUSC 1906	Orchestra
MUSC 1907	Wind Ensemble
MUSC 1911	Jazz Ensemble
MUSC 1912	Rock Ensemble
MUSC 1913	Blues/Rock Ensemble
MUSC 1914	Create Your Own Music
MUSC 1915	Chamber Ensemble
MUSC 1917	Jazz Choir and Combo
MUSC 1918	World Music Ensemble
MUSC 1919	Fusion Ensemble
MUSC 1920	Pep Band

### GPA Requirement

2.000 GPA required in the minor. Students must complete all required music courses with grades of C or better.

## Music Composition, Minor

The minor in composition offers student composers at all levels a concentrated opportunity to build composition skills. The minor includes a foundation in music theory and introduction to compositional approaches, composition lessons, and additional course work to broaden the student composer's understanding and appreciation of the intersection of music and culture.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
MUSC 1201	Music Theory 1	4
MUSC 1202	Music Theory 2	4
MUST 1301	Introduction to Composition	4
MUSC 1903	Composition Lessons	1

### Elective

Code	Title	Hours
Complete one of the following:		4
MUSC 3541	Music Analysis Seminar	
MUST 1220	Introduction to Music Technology	
MUST 2320	Sound Design	

### GPA Requirement

2.000 GPA required in the minor. *Students must complete all required music courses with grades of at least C.*

## Music Industry, Minor

The music industry minor is designed for students with an interest in fields such as songwriting, recording, production, technology, products, label operations, promotion, marketing, social media, management, finance, economics, data analytics, legal issues, licensing, and intellectual property. Our program encourages learners to become entrepreneurial thought leaders and ethical change agents in the music industries.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A C grade or better is required in all music courses.

### Music Core

Code	Title	Hours
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	

### Music Industry

Code	Title	Hours
MUSI 1230	Introduction to Music Industry	4

### Music Industry Electives

Code	Title	Hours
Complete three of the following:		12
MUSC 1119	Fundamentals of Western Music Theory	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2210	Introduction to Songwriting	
MUSC 2211	Advanced Songwriting	
MUSC 2310	Popular Music Since 1945	
MUSC 2336	The Festival Experience	
MUSC 3353	Music and the Racial Imagination	
MUSI 2101	Demo Production for Songwriters	
MUSI 2231	Music Licensing for Media	
MUSI 2232	Music Recording 1	
MUSI 2234	Festivals	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2332	Music Publishing and Royalties	
MUSI 2341	Music Supervision 1	
MUSI 2540	Special Topics in Music Industry	
MUSI 3332	Artist Management	
MUSI 3333	The Record Industry	
MUSI 3338	Music Industry Marketing and Promotion	
MUSI 3340	Concert Promotion and Venue Management	
MUSI 3351	Music and Social Justice	
MUSI 3360	Global Music Industries in Context	
MUSI 3401	Hip Hop in the Music Industry	
MUSI 4530	Music Entrepreneurship	
MUSI 4601	Seminar in Music Industry	
MUST 1220	Introduction to Music Technology	

### GPA Requirement

A GPA of 2.000 is required in the minor.

## Music Performance, Minor

The minor in music performance offers students an opportunity to improve on their instrument or voice through ensemble performance, private lessons, recitals, and instruction in music theory. Students also take an elective in music that can be used to explore a genre, musical culture, or composer related to the student's performance area or can be used to broaden the student's musical horizons beyond their area of focus.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Acceptance into the minor requires an audition.

### Music Core

A grade of C or higher is required in MUSC and MUSI courses.

Code	Title	Hours
Select one of the following for four semester hours:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
MUSC 1201	Music Theory 1	4

### Music Lessons

Code	Title	Hours
Complete music lessons for a total of 4 semester hours (courses are repeatable):		4
MUSC 1901	Music Lessons 1	
MUSC 1902	Music Lessons 2	

### Music Ensemble

Code	Title	Hours
Complete five music ensembles:		5
MUSC 1904	Chorus	
MUSC 1905	Concert Band	
MUSC 1906	Orchestra	
MUSC 1907	Wind Ensemble	
MUSC 1911	Jazz Ensemble	
MUSC 1912	Rock Ensemble	
MUSC 1913	Blues/Rock Ensemble	
MUSC 1914	Create Your Own Music	
MUSC 1915	Chamber Ensemble	
MUSC 1917	Jazz Choir and Combo	
MUSC 1918	World Music Ensemble	
MUSC 1919	Fusion Ensemble	
MUSC 1920	Pep Band	

### Music Electives

Code	Title	Hours
Complete one of the following:		4
MUSC 1111	Rock Music	
MUSC 1112	Jazz	
MUSC 1113	Film Music	
MUSC 1116	Beethoven	
MUSC 1118	Music Therapy 1	
MUSC 1129	Music of the Middle East	
MUSC 1137	Topics in Diverse Musical Cultures	
MUSC 1141	Wired for Sound	
MUSC 1144	Music and Technology: Stone Age to Digital Age	

MUSC 2101	Black Popular Music
MUSC 2105	Songs That Made History
MUSC 2111	Algebra and Geometry of Music
MUSC 2150	Making a Musical: Analysis, Craft, and Creation
MUSC 2208	Jazz Improvisation
MUSC 2209	Conducting
MUSC 2210	Introduction to Songwriting
MUSC 2211	Advanced Songwriting
MUSC 2310	Popular Music Since 1945
MUSC 2312	Topics in Western Art Music
MUSC 2313	Topics in Global Music Cultures
MUSC 2317	Punk Rock
MUSC 2320	40,000 Years of Music Technology
MUSC 2330	Musical Communities of Boston
MUSC 2331	Topics in Musical Communities
MUSC 2336	The Festival Experience
MUSC 2340	Divas, DJs, and Double Standards
MUSC 2350	Acoustics and Psychoacoustics of Music
MUSC 2351	Music, Sound, and the Screen
MUSC 2380	The World of Choral Music
MUSC 2420	Music Composition Seminar 1
MUSC 3300	Music Perception and Cognition
MUSC 3337	Writing about Music
MUSC 3352	Sounding Human
MUSC 3353	Music and the Racial Imagination
MUSC 3354	Sound and the Sacred
MUSC 3360	Ethnography and the Arts
MUSC 4510	Music and the Brain Research
MUSC 3541	Music Analysis Seminar
MUSI 3351	Music and Social Justice
MUSI 3401	Hip Hop in the Music Industry

### Music Recitals

Code	Title	Hours
MUSC 3410	Recital 1	1
MUSC 4622	Recital 2	1

### GPA Requirement

2.000 GPA required in the minor.

## Music Recording, Minor

The minor in music recording offers students a chance to explore the theory and practice of recording from basic principles through studio sessions and mixing/mastering. An elective rounds out the minor, giving students an opportunity to learn about the intersection of recording and copyright, technology, entertainment, and other disciplines.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
MUSI 2232	Music Recording 1	4
MUSI 2331	Music Recording 2	4
MUSI 3341	Music Recording 3—Mixing and Mastering	4

### Recording Elective

Code	Title	Hours
Complete one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2341	Music Supervision 1	
MUST 1220	Introduction to Music Technology	
MUST 2320	Sound Design	

### GPA Requirement

2.000 GPA required in the minor. Students must complete all required music courses with grades of at least C.

## Music Technology, Minor

The minor in music technology gives students an opportunity to explore the creative application of digital and analog audio technologies to a broad range of artistic, social, and industrial purposes, including experimental composition, film, video, theatre, game design, mobile applications, sound design for urban environments, musical instrument design, and beyond. An emphasis is maintained throughout on imaginative exploration, collaboration across disciplines, and real-world experience.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

A grade of C or better is required in all MUSC and MUST courses.

### Required Courses

Code	Title	Hours
MUST 1220	Introduction to Music Technology	4
MUST 2431	Computer Music Fundamentals	4
Select one of the following:		4
MUSC 1001	Music in Everyday Life	
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	

### Music Technology Electives

Code	Title	Hours
Complete two of the following:		8
MUSC 2111	Algebra and Geometry of Music	
MUSC 2320	40,000 Years of Music Technology	
MUSC 2350	Acoustics and Psychoacoustics of Music	
MUST 2320	Sound Design	
MUST 3540	Special Topics in Music Technology	
MUST 3601	Digital Audio Signal Processing	
MUST 3602	Electronics for Music	
MUST 3603	Embedded Audio Programming	

### GPA Requirement

2.000 GPA required in the minor.

## Performing Arts Administration, Minor

Connecting a range of College of Arts, Media and Design courses, this minor prepares students to work in nonprofit arts organizations such as theatre companies, concert venues, and performance centers. Students have an opportunity to develop valuable skills in artistic programming, marketing, organizational communication, public relations, community outreach, and the entertainment business.

### Program Requirements

Complete all courses listed below unless otherwise indicated.

Students pursuing a performing arts administration minor may double count up to one course between that minor and the student's declared major and other minors. Should a student place out of a course in a minor it must be replaced with another course.

#### Notes:

- No student may receive a theatre minor as a result of external transfer credit only.
- Music majors cannot use Performing Arts Administration (MUSI 2330) as a major elective due to double-counting policy outlined above.

### Foundational Courses

Code	Title	Hours
Complete one of the following:		4
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
MUSI 1230	Introduction to Music Industry	
THTR 1101	Introduction to Theatre	

### Required Course

Code	Title	Hours
MUSI 2330	Performing Arts Administration	4

### Electives

Code	Title	Hours
Complete two of the following (prerequisites may apply):		8
AACE 6000	Arts and Culture Organizational Leadership	
COMM 1113	Business and Professional Speaking	
COMM 1231	Principles of Organizational Communication	
COMM 2350	Producing for the Entertainment Industry	
COMM 2650	The Business of Entertainment	
COMM 3451	Advertising Practices	
INAM 2000	Ethics in Creativity	
JRNL 3425	Public Relations Principles	
MUSI 2234	Festivals	
MUSI 2235	Copyright in the Creative Industries	
MUSI 3338	Music Industry Marketing and Promotion	
MUSI 3340	Concert Promotion and Venue Management	
THTR 2335	Boston Theatre Experience	

### GPA Requirement

2.000 GPA required in the minor

## Songwriting, Minor

The minor in songwriting offers students a chance to build songwriting skills through classes that focus on craft, collaboration, music theory, and songwriting business practice.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
<b>Music Theory</b>		
<i>Complete one of the following:</i>		<b>4</b>
MUSC 1119	Fundamentals of Western Music Theory	
MUSC 1201	Music Theory 1	
MUSI 1204	Analyzing Popular Genres	
<b>Songwriting</b>		
MUSC 2210	Introduction to Songwriting	<b>4</b>
<b>Songwriting Electives</b>		
<i>Complete two of the following:</i>		<b>8</b>
MUSC 1001	Music in Everyday Life	
MUSC 2211	Advanced Songwriting	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSI 2101	Demo Production for Songwriters	
MUSI 2232	Music Recording 1	
MUSI 2235	Copyright in the Creative Industries	
MUSI 2331	Music Recording 2	

### GPA Requirement

2.000 GPA required in the minor. Students must complete all required music courses with a grade of C or better.

## Theatre

Website (<https://camd.northeastern.edu/theatre/>)

### Antonio Ocampo-Guzman, MFA

Associate Professor and Chair

617.373.2244

The Department of Theatre is a hub for creative practice research anchored in values of generosity, integrity, respect, and rigor. We explore theatre and performance as a living art that engages across disciplines to generate new knowledge and new understanding. We blend a vibrant spirit of innovation with vigorous academic inquiry and foster significant interactions between disciplines to deliver a fuller educational experience.

Our students are actors, directors, designers, technicians, playwrights, stage managers, producers, and administrators who are interested in propelling the art form into the future. We offer them a transformative education that aligns collaborative theatre making (production, design, and performance) with academic study and practice-based research. Our students develop and hone the basic human literacies of creativity, collaboration, and communication through critical creative practice and a flexible curriculum that embraces diverse techniques, philosophies, and measures of success. By teaching the foundation of art as ethical responsibility, we prepare them for a promising future with vital and employable skills such as creative problem solving, active collaboration, and deep empathy.

We produce a variety of productions in the Studio Theatre and Ryder Theatre Lab, where students collaborate with faculty, staff, and professional guest artists to achieve the highest standard of professionalism. With more than 40 co-op partners around the globe, students can connect classroom and stage experiences with the professional world.

## Programs

### Bachelor of Arts (BA)

- Theatre (p. 519)
- Communication Studies and Theatre (p. 295)
- Cultural Anthropology and Theatre (p. 541)
- English and Theatre (p. 544)
- Media and Screen Studies and Theatre (p. 352)
- Theatre and Interaction Design (p. 249)
- Theatre and Journalism (p. 436)

### Bachelor of Science (BS)

- Theatre (p. 524)
- American Sign Language and Theatre (p. 529)
- Computer Science and Theatre (p. 536)
- Media and Screen Studies and Theatre (p. 375)
- Psychology and Theatre (p. 1662)
- Theatre and Interaction Design (p. 252)

## Minors

- Theatre (p. 571)
- Global Fashion Studies (p. 567)
- Improvisation and Storytelling (p. 395)
- Performing Arts Administration (p. 516)
- Playwriting (p. 570)
- Theatre, Performance, and Social Change (p. 573)
- Theatrical Design (p. 574)

## Theatre, BA

The Department of Theatre is a vibrant community of students, staff, and faculty, guided by values of generosity, integrity, respect, and rigor. As a hub for creative practice research, we are dedicated to theatre and performance both as a living art and as an interdisciplinary system of inquiry.

Our bachelor degrees align collaborative theatre making (production, design, and performance) with academic study and practice-based research. We offer a broad experience in and a deep knowledge of theatre as an interdisciplinary art form. Our program aims to prepare students to generate and communicate knowledge through innovative and imaginative creative practice research; to collaborate generously and with integrity; to use the language and practice of antiracist theatre; to enter professional contexts to create impactful, ethical, and socially responsible work that advances social and racial justice; and to be informed citizens that grapple with the cultural, social, and ethical impacts theatre has on communities.

While we engage with the moment in which we live, we are constantly evolving, learning, and adapting.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Analyzing and Using Data (AD) must be met through general electives.

### Theatre Major Requirements

A minimum grade of C is required for all THTR and INAM courses.

Code	Title	Hours
The following courses are recommended to be taken by the end of the fourth semester (third semester for transfer students):		
INAM 2000	Ethics in Creativity	4
THTR 1100	Production Experience 1	1
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Introduction to Technical Theatre	4
THTR 1270	Introduction to Theatrical Design	4
Code	Title	Hours
<b>Foundational Courses</b>		
INAM 2000	Ethics in Creativity	4
THTR 1000	Theatre at Northeastern	1
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Introduction to Technical Theatre	4
THTR 1270	Introduction to Theatrical Design	4
THTR 3325	Dramaturgical Inquiry	4
THTR 4702	Capstone: Creative Practice Research Project	4
<b>Making Theatre</b>		
THTR 1100	Production Experience 1	1
THTR 2000	Production Experience 2	1

THTR 3702	Rehearsal and Production	1
-----------	--------------------------	---

**Theatre Texts and Context**

Complete one of the following:		4
--------------------------------	--	---

INAM 1300 and INAM 1301	The Ethics of Narrative in Theatre and The Ethics of Narrative in Theatre Seminar
THTR 1220	Race, Power, and Performance
THTR 2200	The American Black Theatre Experience
THTR 2500	Breaking the Glass Ceiling: Women in Theatre
THTR 2983	Topics in Theatre History and Culture
THTR 3200	Queer Theatre and Performance
THTR 3650	Performing Theory

**Community Engaged Theatre**

Complete one of the following:		4
--------------------------------	--	---

THTR 1215	Activism and Performance
THTR 1400	Documentary Theatre Project
THTR 2340	Theatre and Society
THTR 3100	Creative Storytelling for Social Engagement

**Advanced Courses**

Complete one of the following:		4
--------------------------------	--	---

Students concentrating in performance should complete THTR 5300, THTR 5450, or THTR 3550.

Students concentrating in production should complete THTR 3550, THTR 3670, or THTR 5700.

THTR 3550	Directing for the Stage
THTR 3670	Mixed-Media Performance Lab
THTR 5300	Devised Theatre Project
THTR 5450	Acting 3
THTR 5700	Design for Immersive Performance

**Electives**

Complete the following electives or complete one of the concentrations below (p. 521).

## Theatre, BS

The Department of Theatre is a vibrant community of students, staff, and faculty, guided by values of generosity, integrity, respect, and rigor. As a hub for creative practice research, we are dedicated to theatre and performance both as a living art and as an interdisciplinary system of inquiry.

Our bachelor degrees align collaborative theatre making (production, design, and performance) with academic study and practice-based research. We offer a broad experience in and a deep knowledge of theatre as an interdisciplinary art form. Our program aims to prepare students to generate and communicate knowledge through innovative and imaginative creative practice research; to collaborate generously and with integrity; to use the language and practice of antiracist theatre; to enter professional contexts to create impactful, ethical, and socially responsible work that advances social and racial justice; and to be informed citizens that grapple with the cultural, social, and ethical impacts theatre has on communities.

While we engage with the moment in which we live, we are constantly evolving, learning, and adapting.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC), and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Analyzing and Using Data (AD) must be met through general electives.

### Theatre Major Requirements

A minimum grade of C is required for all THTR and INAM courses.

Code	Title	Hours
The following courses are recommended to be taken by the end of the fourth semester (third semester for transfer students):		
INAM 2000	Ethics in Creativity	4
THTR 1100	Production Experience 1	1
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Introduction to Technical Theatre	4
THTR 1270	Introduction to Theatrical Design	4
Code	Title	Hours
<b>Foundational Courses</b>		
INAM 2000	Ethics in Creativity	4
THTR 1000	Theatre at Northeastern	1
THTR 1101	Introduction to Theatre	4
THTR 1120	Acting 1	4
THTR 1131	Introduction to Technical Theatre	4
THTR 1270	Introduction to Theatrical Design	4
THTR 3325	Dramaturgical Inquiry	4
THTR 4702	Capstone: Creative Practice Research Project	4
<b>Making Theatre</b>		
THTR 1100	Production Experience 1	1
THTR 2000	Production Experience 2	1
THTR 3702	Rehearsal and Production	1
<b>Theatre Texts and Context</b>		
Complete one of the following:		4

INAM 1300 and INAM 1301	The Ethics of Narrative in Theatre and The Ethics of Narrative in Theatre Seminar
THTR 1220	Race, Power, and Performance
THTR 2200	The American Black Theatre Experience
THTR 2500	Breaking the Glass Ceiling: Women in Theatre
THTR 2983	Topics in Theatre History and Culture
THTR 3200	Queer Theatre and Performance
THTR 3650	Performing Theory

**Community Engaged Theatre**

Complete one of the following: 4

THTR 1215	Activism and Performance
THTR 1400	Documentary Theatre Project
THTR 2340	Theatre and Society
THTR 3100	Creative Storytelling for Social Engagement

**Advanced Courses**

Complete one of the following: 4

Students concentrating in performance should complete THTR 5300, THTR 5450, or THTR 3550.

Students concentrating in design & production should complete THTR 3550, THTR 3670, or THTR 5700.

THTR 3550	Directing for the Stage
THTR 3670	Mixed-Media Performance Lab
THTR 5300	Devised Theatre Project
THTR 5450	Acting 3
THTR 5700	Design for Immersive Performance

**Electives**

Complete the following electives or complete one of the concentrations below (p. 526).

Code	Title	Hours
Complete four of the following:		16
INAM 1300 and INAM 1301	The Ethics of Narrative in Theatre and The Ethics of Narrative in Theatre Seminar

## American Sign Language and Theatre, BS

This major is designed for students who want to combine an understanding of the American Deaf Community; its language and culture to the study and making of theatre, including performance, design; and production. It offers both classroom and experiential learning on the creative, social, and linguistic relationship between theatre and the American Deaf Community. Students may study acting, dramatic literature, and production design to develop the skills to be able to make theatre accessible and to understand and create theatre with individuals from Deaf communities.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### American Sign Language Requirements

Code	Title	Hours
A grade of C or higher is required in all ASL required courses.

## Communication Studies and Theatre, BA

The Departments of Communication Studies and Theatre offer an interdisciplinary combined major that unites the practical skills and theories in communication studies with the artistic dimensions of theatre. The program provides both the creative study of theater performance, literature, playwriting, and directing with the ability to research and deliver a compelling speech and think critically and write effectively. The two disciplines unite in shared values of original personal expression, professional collaboration, and experiences in the cultural, social, and ethical impact of theatre as human communication.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Interpreting Culture (IC), Creative Expression/Innovation (EI), Societies and Institutions (SI), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Differences and Diversity (DD) may be met through electives in the major.

### Communication Studies Requirements

Code	Title	Hours
<b>Communication Studies Common Requirements</b>		
COMM 1000 or THTR 1000	Communication Studies at Northeastern Theatre at Northeastern	1
COMM 1101	Introduction to Communication Studies	4

## Computer Science and Theatre, BS

The computer science and theatre combined major is ideal for creative students who love technology as a means to expand what is possible in the performing arts. This major combines a strong foundation in computing with the opportunity to acquire a deep knowledge of theatre through curriculum that spans design, performance, and the production of innovative forms of theatre, including interactive media, computer graphics, human-computer interaction, and more.

It offers both classroom and experiential learning on the creative, social, and technological relationship between theatre and computing.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or THTR 1000	First Year Seminar Theatre at Northeastern	1
CS 1210 or EEAM 2000	Professional Development for Khoury Co-op Professional Development for Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4

## Cultural Anthropology and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre, including performance, design, and production, with sociocultural theories and conceptual frameworks for understanding human behavior. It offers both classroom and experiential learning in the practice of making theatre and performance theories with cross-cultural approaches. Offers students the opportunity to develop an understanding of theatre's impact on past and present cultures, as well as a deeper awareness of the world in which they live.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Cultural Anthropology Requirements

Code	Title	Hours
<b>Foundation Courses</b>		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
<b>Advanced Area Courses</b>		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
ANTH 4520	Chinese Society and Culture	
<b>Anthropology Electives</b>		
Complete three courses in the following range. Two study-abroad courses may count toward this requirement with prior permission from the department:		12
ANTH 2300 to ANTH 4999		
<b>Related Discipline Electives</b>		
Complete three related discipline courses from the following subject areas:		12
AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, SOCL		

### Theatre Requirements

A minimum grade of C is required in all THTR and INAM courses.

## English and Theatre, BA

The Department of English and Department of Theatre offer an interdisciplinary combined major that integrates performance, design, production, and dramatic literature with literary studies, digital humanities, and creative writing. This combined major offers both classroom and experiential learning in making theatre, playwriting, and dramaturgy with the study of the diverse historical, cultural, and aesthetic contexts of literature. Students develop the capacity for interpreting a variety of texts through performance and writing to engage audiences.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### English Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160 or ENGL 1410	Introduction to Rhetoric Introduction to Research on Writing	4
ENGL 1700 or ENGL 1701	Global Literatures 1 Global Literatures 2	4

### English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
<b>Diversity</b>		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	

### Literary Periods

#### *Pre-19th Century Literature*

Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	

**19th/20th/21st Century Literature**

Complete one of the following courses:

4

**19th Century**

ENGL 2330	The American Renaissance
ENGL 3140	19th-Century Literatures
ENGL 3190	Topics in 19th-Century American Literature
ENGL 3619	Emerson and Thoreau
ENGL 3720	19th-Century Major Figure

**20th/21st Century**

ENGL 2301	The Graphic Novel
ENGL 2440	The Modern Bestseller
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 3161	20th- and 21st-Century Literatures
ENGL 3685	Modern and Contemporary Jewish Literature
or JWSS 3685	Modern and Contemporary Jewish Literature
ENGL 3730	20th- and 21st-Century Major Figure

**Theories and Methods**

Complete one of the following:

4

ENGL 1140	Grammar: The Architecture of English
ENGL 1160	Introduction to Rhetoric
ENGL 1410	Introduction to Research on Writing
ENGL 2150	Literature and Digital Diversity
ENGL 3325	Rhetoric of Law
ENGL 3381	The Practice and Theory of Teaching Writing
ENGL 3400	Opening the Archive
ENGL 3700	Narrative Medicine
LING 1150	Introduction to Language and Linguistics
LING 2350	Linguistic Analysis
LING 3450	Syntax
LING 3452	Semantics
LING 3454	History of English
LING 3456	Language and Gender
LING 3458	Topics in Linguistics

**Comparative Course**

Complete one of the following courses:

4

ENGL 1450	Reading and Writing in the Digital Age
ENGL 1500	British Literature to 1800
ENGL 1502	American Literature to 1865
ENGL 2150	Literature and Digital Diversity
ENGL 2420	Contemporary Poetry
ENGL 2430	Contemporary Fiction
ENGL 2455	American Women Writers
ENGL 2470	Asian-American Literature
ENGL 2510	Horror Fiction
ENGL 2520	Science Fiction
ENGL 2600	Irish Literary Culture (Abroad)
ENGL 2620	What Is Nature?
ENGL 2690	Boston in Literature
ENGL 3487	Film and Text (Abroad)

**Writing**

Complete one of the following:

4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2730	Digital Writing

ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

**English Electives**

Complete any two ENGL courses that have not already been used to fulfill another requirement. 8

**Capstone Requirement**

Code	Title	Hours
<b>English Capstone Requirement</b>		
Complete one of the following:		4
ENGL 4710	Capstone Seminar	
or ENGL 4720	Capstone Project	
THTR 4702	Capstone: Creative Practice Research Project	

**Theatre Requirements**

A minimum grade of C is required in all THTR and INAM courses.

Code	Title	Hours
<b>Foundational Courses</b>		
THTR 1000	Theatre at Northeastern	1
or ENGL 1000	English at Northeastern	
INAM 2000	Ethics in Creativity	4
THTR 1101	Introduction to Theatre	4

## Media and Screen Studies and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre with the theories and conceptual frameworks of media and film studies. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design with related studies in screenwriting, media technology, and media production. Students have an opportunity to develop a personalized technique for the practices of making theatre, film, and television as engaged citizens and creative artists.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Creative Expression/Innovation (EI), Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirement Natural and Designed World (ND) must be met through general electives.

### Media and Screen Studies Requirements

Code	Title	Hours
<b>Media and Screen Studies Common Requirement</b>		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320 or MSCR 1420	Media and Social Change Media History	4

## Theatre and Interaction Design, BA

This program is designed for students who want to combine a knowledge of the art of theatre with the theories and practice-based design disciplines. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design practices. Design is the practice-based discipline raising important questions about—and providing significant answers to—how we live. Designers are needed when we don't know what is needed. Designers propose alternative futures and create new choices using design principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Theatre Requirements

A minimum grade of C is required for all theatre courses.

## Theatre and Interaction Design, BS

This program is designed for students who want to combine a knowledge of the art of theatre with the theories and practice-based design disciplines. It offers both classroom and experiential learning in areas of acting, directing, playwriting, and design practices. Design is the practice-based discipline raising important questions about—and providing significant answers to—how we live. Designers are needed when we don't know what is needed. Designers propose alternative futures and create new choices using design principles and processes to create, compose, and construct meaning in diverse knowledge fields. Designers seek a broad understanding of principles and systems of perception, communication, and action.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Theatre Requirements

A minimum grade of C is required for all theatre courses.

## Theatre and Journalism, BA

### Overview

This combined major educates students in journalism and theatre and the interface between the two disciplines. The School of Journalism and Media Innovation places the ability to gather, investigate, analyze, and present information at the core of their curriculum. The Department of Theatre's curriculum provides deep knowledge of theatre that spans design, performance, and the production of innovative forms of theatre, including interactive media, computer graphics, human-computer interaction, and more.

Students completing this program of study should be able to understand how the two fields jointly contribute to compelling storytelling and how to create innovative modes of performance based on current events.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Theatre Requirements

A minimum grade of C is required in all THTR & INAM theatre courses.

## Global Fashion Studies, Minor

The international scope of this multidisciplinary minor is on the context, culture, practices, and trends in the fashion industry. It is designed for students interested in fashion marketing, retailing, media, and technology. Students have an opportunity to learn to identify, analyze, and communicate how the fashion industry functions artistically, socially, historically, and economically in a global market.

### Minor Requirements

Complete all courses listed below unless otherwise indicated.

A student pursuing the minor in global fashion studies may double count up to one course between this minor and the student's declared major(s) and minor(s).

### Required Courses

Code	Title	Hours
Complete one of the following:		4
THTR 1236	Introduction to Global Fashion Studies: History, Theory, and Contemporary Practice	
THTR 1237	Introduction to Global Fashion Studies Abroad: History, Theory, and Contemporary Practice	

### Electives

Code	Title	Hours
Complete two of the following:		8
ARTE 4901	Special Topics in Art and Design Studio (Fashion Photography Only)	
THTR 1230	The Evolution of Fashion and Costume	
THTR 1233	Nineteenth- and Twentieth-Century Fashion in Europe	
THTR 1235	Fashion and Costume Design in Film and Television	
THTR 1240	Fashion Industry and Trend Forecasting in Europe	
THTR 2242	Fashion Retailing	
THTR 2385	Fashion Construction and Pattern Making	
THTR 3350	Fashion Marketing and Merchandising in Europe	
Complete one of the following OR a third course from the list above:		4
ARTD 2350	Photo Basics for Nonmajors	
ARTG 1250	Design Process Context and Systems	
ARTG 2260	Programming Basics	
COMM 3445	Public Relations Principles	
COMM 3451	Advertising Practices	
JRNL 3425	Public Relations Principles	
JRNL 5310	Photojournalism	
THTR 2380	Costume Design	

### GPA Requirement

2.000 GPA required in the minor

## Improvisation and Storytelling, Minor

The minor in improvisation and storytelling is intended for students interested in integrating the creativity of actor training and the practical techniques of public speaking. Students are encouraged to choose courses to empower their voice and speech, cultivate their onstage persona, and develop high-impact presentation skills to enhance career prospects. This minor, which features classes offered by the Department of Theatre and the Department of Communication Studies, seeks to create more confident, creative, and compelling communicators.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Common Requirements

Code	Title	Hours
COMM 1511	Communication and Storytelling	4
THTR 1125	Improvisation	4

### Communication Studies Elective

Code	Title	Hours
Complete one of the following:		4
COMM 1112	Public Speaking	
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	

### Theatre Elective

Code	Title	Hours
Complete one of the following:		4
THTR 1130	Introduction to Acting	
THTR 2345	Acting for the Camera	

### GPA Requirement

2.000 GPA required in the minor

## Performing Arts Administration, Minor

Connecting a range of College of Arts, Media and Design courses, this minor prepares students to work in nonprofit arts organizations such as theatre companies, concert venues, and performance centers. Students have an opportunity to develop valuable skills in artistic programming, marketing, organizational communication, public relations, community outreach, and the entertainment business.

### Program Requirements

Complete all courses listed below unless otherwise indicated.

Students pursuing a performing arts administration minor may double count up to one course between that minor and the student's declared major and other minors. Should a student place out of a course in a minor it must be replaced with another course.

#### Notes:

- No student may receive a theatre minor as a result of external transfer credit only.
- Music majors cannot use Performing Arts Administration (MUSI 2330) as a major elective due to double-counting policy outlined above.

### Foundational Courses

Code	Title	Hours
Complete one of the following:		4
MUSC 1002 and MUSC 1003	Music in Everyday Life and Lab for MUSC 1002	
MUSI 1230	Introduction to Music Industry	
THTR 1101	Introduction to Theatre	

### Required Course

Code	Title	Hours
MUSI 2330	Performing Arts Administration	4

### Electives

Code	Title	Hours
Complete two of the following (prerequisites may apply):		8
AACE 6000	Arts and Culture Organizational Leadership	
COMM 1113	Business and Professional Speaking	
COMM 1231	Principles of Organizational Communication	
COMM 2350	Producing for the Entertainment Industry	
COMM 2650	The Business of Entertainment	
COMM 3451	Advertising Practices	
INAM 2000	Ethics in Creativity	
JRNL 3425	Public Relations Principles	
MUSI 2234	Festivals	
MUSI 2235	Copyright in the Creative Industries	
MUSI 3338	Music Industry Marketing and Promotion	
MUSI 3340	Concert Promotion and Venue Management	
THTR 2335	Boston Theatre Experience	

### GPA Requirement

2.000 GPA required in the minor

## Playwriting, Minor

This minor is designed for students interested in writing for stage and screen. Uniting the study of significant works of drama with the creative writing process, students explore diverse styles of plays, playwrights, theories, forms, and movements. This minor includes course options from the Departments of English, Communications Studies, and Media and Screen Studies.

### Minor Requirements

Complete all courses listed below unless otherwise indicated.

### Required Courses

Code	Title	Hours
THTR 1101	Introduction to Theatre	4
THTR 2330	Playwriting	4

### Electives

Code	Title	Hours
Complete two of the following:		8
COMM 1511	Communication and Storytelling	
ENGL 1600	Introduction to Shakespeare	
INAM 1300 and INAM 1301	The Ethics of Narrative in Theatre and The Ethics of Narrative in Theatre Seminar	
INAM 2000	Ethics in Creativity	
MSCR 3389	Screenwriting	
THTR 1400	Documentary Theatre Project	
THTR 2200	The American Black Theatre Experience	
THTR 2335	Boston Theatre Experience	
THTR 2500	Breaking the Glass Ceiling: Women in Theatre	
THTR 3100	Creative Storytelling for Social Engagement	
THTR 3200	Queer Theatre and Performance	
THTR 3325	Dramaturgical Inquiry	
THTR 5300	Devised Theatre Project	

### GPA Requirement

2.000 GPA required in the minor

## Theatre, Minor

Theatre minors select a dynamic artistic path that uniquely matches their personal interests in areas such as acting, stage design, technical production, and dramatic literature, whether for career exploration or creative expression. Minors are active participants in department productions who develop the foundational techniques and collaborative skills to make imaginative, innovative theatre.

### Minor Requirements

Complete all courses listed below unless otherwise indicated.

*Note:* No student may earn a theatre minor as a result of external transfer credit only.

### Required Course

Code	Title	Hours
THTR 1101	Introduction to Theatre	4

### Foundational Courses

Code	Title	Hours
Complete one of the following:		4
THTR 1130	Introduction to Acting	
THTR 1131	Introduction to Technical Theatre	
THTR 1270	Introduction to Theatrical Design	
THTR 3325	Dramaturgical Inquiry	

### Electives

Code	Title	Hours
Choose two courses from the following options (prerequisites may apply):		8
INAM 1300 and INAM 1301	The Ethics of Narrative in Theatre and The Ethics of Narrative in Theatre Seminar	
INAM 2000	Ethics in Creativity	
THTR 1125	Improvisation	
THTR 1130	Introduction to Acting	
THTR 1131	Introduction to Technical Theatre	
THTR 1150	Dance Performance and History: Modern to Hip Hop	
THTR 1215	Activism and Performance

### Making Theatre

Code	Title	Hours
Participate in a theatre department production:		
THTR 1100	Production Experience 1	1

### GPA Requirement

2.000 GPA required in the minor

## Theatre, Performance, and Social Change, Minor

The theatre, performance, and social change minor helps to prepare students for the challenges of world citizenship by developing competencies in theoretical, historical, and contextual knowledge alongside the technical skills to express their understanding of diverse social issues by making narratives, theatre, and performances. The minor's selected courses focus on enlarging students' ability to identify social problems; explore social movements; and make sensitive, ethical, and artistic choices in performance creation. In addition, students are encouraged to think strategically about the material realities of creating performance for social change.

### Minor Requirements

Complete all courses listed below unless otherwise indicated.

*Note:* No student may receive a theatre minor as a result of external transfer credit only.

### Foundational Courses

Code	Title	Hours
THTR 1215	Activism and Performance	4
THTR 2340	Theatre and Society	4

### Theatrical Interventions in Social Issues

Code	Title	Hours
Complete one of the following:		4
THTR 1220	Race, Power, and Performance	
THTR 1400	Documentary Theatre Project	
THTR 2200	The American Black Theatre Experience	
THTR 2330	Playwriting	
THTR 2500	Breaking the Glass Ceiling: Women in Theatre	
THTR 3100	Creative Storytelling for Social Engagement	
THTR 3200	Queer Theatre and Performance	
THTR 5300	Devised Theatre Project	

### Community Engagement

Code	Title	Hours
Complete one of the following:		4
COMM 1412	Social Movement Communication	
HUSV 1101	Social Change and Human Services	
HUSV 3520	Child Intervention and Treatment	
JRNL 5309	News Documentary Production	
JRNL 5310	Photojournalism	
POLS 3100	Gender, Social Justice, and Transnational Activism	
or WMNS 3100	Gender, Social Justice, and Transnational Activism	

### GPA Requirement

2.00 GPA required in the minor

## Theatrical Design, Minor

This minor is intended for students with an interest in design as the collaborative art of transforming ideas into images that support live performance; design as an expression of human experience; design as a method of inquiry and problem solving. It encourages interdisciplinary learning by connecting the study of theatre with studio art, visual communication, design thinking, spatial design, and visual storytelling.

The theatrical design minor combines courses from the Department of Theatre with additional choices from the Department of Art + Design, the Department of Music, and the School of Architecture.

### Minor Requirements

Complete all courses listed below unless otherwise indicated.

#### Foundational Requirements

Code	Title	Hours
THTR 1100	Production Experience 1	1
THTR 1270	Introduction to Theatrical Design	4

#### Design Area

THTR 2400	Scenic Design	
MUST 2320	Sound Design	

#### GPA Requirement

2.000 GPA required in the minor

## Interdisciplinary Programs

### Minors

- Creativity in Theory and Practice (p. 576)

## Creativity in Theory and Practice, Minor

The Minor in Creativity in Theory and Practice offers students the opportunity to get inside the mindset of creativity from a variety of angles and develop perspectives that foster persistently creative habits of mind and practice—as one of the most important ways of thinking valued for innovative work across all fields and disciplines.

The minor is built around three carefully crafted core courses that introduce design thinking and expression, the ethics of creative practice, and the science of creativity. Students will have the opportunity to put those theories and concepts into practice with a broad selection of "making" electives across a variety of disciplines.

This minor is intended to enhance all disciplines across the university, from art, design, and communication to business, engineering, computer science, and more.

### Minor Requirements

Note: Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

### Required Courses

Code	Title	Hours
INAM 1450	Understanding Design	4
INAM 2000	Ethics in Creativity	4
INAM 3200	Creative Cognition	4

### Creativity in Making Elective

Code	Title	Hours
Complete one of the following (students may also petition to take an alternative making course):		4
ARCH 1110	Fundamental Architectural Representation	
ARCH 1120	Fundamental Architectural Design	
ARCH 2345	Contemporary Architecture	
ARCH 3352	Architecture Topics Abroad: Drawing	
ARTD 2360	Introduction to Photography	
ARTF 1120	Observational Drawing	
ARTF 1122	Color and Composition	
ARTG 1250	Design Process Context and Systems	
ARTS 2340	Painting Basics	
COMM 1450	Sound Production for Digital Media	
COMM 2550	Television Field Production	
COMM 2655	Television Studio Production	
COMM 3655	Digital Editing for TV	
GAME 1110	Games and Society	
JRNL 2301	Visual Storytelling in Journalism	
JRNL 3370	Podcast and Radio Journalism	
JRNL 5310	Photojournalism	
JRNL 5311	Design for Storytelling	
LARC 2430	Plants, People, and Landscape Change	
LARC 2440	Planting Design	
MSCR 1230	Introduction to Film Production	
MUSC 2150	Making a Musical: Analysis, Craft, and Creation	
MUSC 2208	Jazz Improvisation	
MUSC 2209	Conducting	
MUSC 2210	Introduction to Songwriting	
MUST 1301	Introduction to Composition	
MUST 2320	Sound Design	
THTR 1125	Improvisation	
THTR 1130	Introduction to Acting	
THTR 1270	Introduction to Theatrical Design	

THTR 2330	Playwriting
THTR 2346	Viewpoints
The following courses have prerequisites but may be taken with permission of the instructor:	
JRNL 5314	Video News Reporting and Producing
THTR 2342	Acting 2
THTR 2345	Acting for the Camera
THTR 3400	Stage Combat
THTR 5300	Devised Theatre Project
THTR 5450	Acting 3

## Accelerated Bachelor/Graduate Degree Programs

The College of Arts, Media and Design offers a number of bachelor's/graduate degree programs that allow students to accelerate the attainment of the graduate degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Degrees are earned sequentially, with the bachelor's degree attainment followed by coursework to complete the graduate degree. See additional information on accelerated bachelor/graduate degree programs (<https://registrar.northeastern.edu/article/plusone-program-accelerated-bachelorgraduate-degree-programs/>).

## D'Amore-McKim School of Business

Website (<http://www.damore-mckim.neu.edu>)

**David De Cremer, PhD**, Dunton Family Dean

**Todd Alessandri, PhD**, Associate Dean of Undergraduate Education

*Undergraduate Office*

617.373.3270

617.373.4804 (fax)

Northeastern University's D'Amore-McKim School of Business enables students to develop the skills needed to lead in today's technologically driven business world. We deliver a curriculum that combines knowledge in technology and data analytics with human skills, such as critical thinking, creativity, and an entrepreneurial mindset.

Bringing all of that together is Northeastern's experience-powered approach to education. Students build their own personal brands as they explore a vast array of real-world experiences on their paths to graduation, including global immersion, undergraduate research, service-learning projects, interdisciplinary courses, and our signature co-op program.

Our expert faculty members have a deep understanding of business theory, which they apply to both their research and teaching; many also consult and partner with the corporate world. They're plugged into industry trends and will challenge and inspire you. Dedicated academic advisors and co-op coordinators are on hand every step of the way to help students make decisions throughout their academic and professional careers.

The school offers Bachelor of Science degrees in:

- Business Administration
- International Business
- Combined majors (p. 594)

For each degree program students must choose one of the concentrations listed below:

- Accounting
- Accounting and Advisory Services
- Brand Management
- Business Analytics
- Corporate Innovation
- Entrepreneurial Startups
- Family Business
- Finance
- Fintech
- Global Business and Strategy (available only to combined major(s) with International Business)
- Healthcare Management and Consulting
- International Business (available only as a second concentration)
- Management
- Management Information Systems
- Marketing
- Marketing Analytics
- Social Innovation and Entrepreneurship
- Supply Chain Management

The business curriculum is enhanced by courses in the sciences, humanities, and social sciences. In addition to their academic courses, all students are required to complete a cooperative education plan.

Cooperative education, or co-op, is experiential learning and deliberately integrates and blends the application of theory into practice. During co-op, students apply knowledge and skills learned across multiple contexts (classes, extracurricular activities, as student leaders, and by engaging in research) in a professional work environment. This application stimulates inquiry and expands knowledge acquisition when students return from co-op and engage in class discussion and discourse. By engaging on co-op, students develop increased self-awareness, a sense of purpose, and define career aspirations to impact postgraduate employment opportunities and lifelong learning. D'Amore-McKim students work together with their academic advisor and co-op coordinator to plan and prepare for their co-op experiences during their time at Northeastern and are required to complete

one co-op experience and its prerequisites. Eligibility and the timeline for participation on co-op are based upon a variety of factors and are integrated into a student's academic plan.

The undergraduate program of the D'Amore-McKim School of Business meets the standards of AACSB International—The Association to Advance Collegiate Schools of Business—for faculty and student quality, curriculum design, and overall university support.

After graduation, students may obtain jobs in all aspects of business, both domestically and internationally, as well as in nonprofits and government.

### **Academic Progression Standards**

In addition to meeting the university progression standards, students must achieve a 2.000 grade-point average in business courses. Freshmen must complete at least 32 semester hours in order to progress to sophomore status. Freshmen who earn fewer than 32 SH must make up the difference prior to graduation. Students beyond the first year must complete at least 16 SH each in-school (not on co-op) full semester and 8 SH each in-school summer half semester in order to progress to the next class standing.

Students who do not meet academic progression standards will be placed on academic probation and may be subject to dismissal from the university.

### **Pass/Fail Option**

D'Amore-McKim School of Business students may opt to take courses on a pass/fail basis in accordance with university policy but should be aware that this policy applies to nonbusiness courses that will count as open electives only. Business courses may not be taken pass/fail under any circumstance.

### **Taking Courses While on Co-op**

Students may take one class either online or in person while on co-op during the fall, spring, or summer term. Course participation should not interfere with the student's work performance on co-op. With prior written approval of their co-op coordinator and academic advisor, a student may register for a maximum of two courses or 8 SH while on co-op.

### **External Transfer to the D'Amore-McKim School of Business**

External transfer students are accepted from other academic institutions during the fall and spring terms. Applications and accompanying materials are submitted directly to the Office of Undergraduate Admissions.

The D'Amore-McKim School of Business at Northeastern University is accredited by AACSB International—The Association to Advance Collegiate Schools of Business—and as such complies with the following regulations governing the transferring of credit:

#### **COURSES FROM AN AACSB-ACCREDITED INSTITUTION**

Students may transfer a maximum of 80 SH of credit. A combination of 60 SH of nonbusiness courses and/or 28 SH of business courses will be accepted; 64 SH may be applied as credits toward the total semester hours required for degree conferral.

#### **COURSES FROM A NON-AACSB-ACCREDITED INSTITUTION**

Students may transfer a maximum of 60 SH of credit. A combination of 52 SH of nonbusiness courses and/or 20 SH of business courses will be accepted.

Some courses are not eligible for transfer. Check with the Office of Undergraduate Admissions for more details.

### **Graduation Requirements**

The D'Amore-McKim School of Business reserves the right to amend programs, courses, and degree requirements to fulfill its educational responsibility to respond to relevant changes in the field.

Bachelor of Science degree candidates must complete all prescribed work of the curriculum in which they seek to qualify. The degree not only represents the formal completion of selected courses but also indicates professional study in the major or concentration. A GPA of 2.000 and a C average in all business courses are required for graduation.

### **Academic Group Chairs**

## Bachelor of Science in Business Administration, BSBA

The Bachelor of Science in Business Administration (BSBA) program integrates the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. Students will foster a global and entrepreneurial spirit while honing their technical skills, analytical abilities, and creative and strategic thinking. They have opportunities to define an interdisciplinary academic path through combined majors, concentrations, and minors inside and outside of the business school. Students are expected to take part in the cooperative education program, where they participate in paid work placements related to their field of study.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Differences and Diversity (DD), Creative Expression and Innovation (EI), and Natural and Designed World (ND) are not explicitly satisfied by required courses in the business curriculum at this time. Students are responsible for satisfying these requirements, and if these are not fulfilled in required major courses, they should use general electives to do so.

### Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4

## Business Administration and Law, BS

### Overview

Admissions to this program begin Fall 2024.

The Bachelor of Science in Business Administration and Law program is designed for D'Amore-McKim School of Business students who seek careers in fields with frequent collaboration with lawyers or in heavily regulated industries or services. Offering knowledge and skills that are highly valued across business professions, this major will also be helpful for students who are interested in law school.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Business Core Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
BUSN 1102	Personal Skill Development for Business	1
BUSN 1103	Professional Development for Business Co-op	1
<b>Required Courses</b>

## International Business, BSIB

The Bachelor of Science in International Business program is designed to prepare students to be successful managers in an evolving global economy. They develop the skills and knowledge needed to work across cultures and differing business practices, both virtually and face-to-face. Program curriculum examines how a global environment impacts a student's chosen concentration.

Knowledge about other cultures and practices is best learned on location and experientially. BSIB students are expected to complete at least one semester of study or cooperative education experience in a country other than where they grew up. Students will create an individual academic plan based upon their interest and career goals. Students are encouraged to become proficient in a second language.

Upon graduation, students are able to make an impact from day one at companies that are engaged in business internationally. Graduates can also work in their home country for a company that operates internationally as well as overseas on a foreign assignment.

The BSIB program can be completed in four or five years, depending on the program of study. During the optional fifth year, the program offers the opportunity to earn a Master of Science in International Management, a Master of Science in Finance, or a Master of Science in Accounting through the PlusOne option.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Differences and Diversity (DD), Natural and Designed World (ND), Ethical Reasoning (ER), Interpreting Culture (IC), and Formal and Quantitative Reasoning (FQ) are not explicitly satisfied by required courses in the business curriculum at this time. Students are responsible for satisfying these requirements, and if these are not fulfilled in required major courses, they should use general electives to do so.

BSIB students will be required to complete at least a one-semester overseas requirement. The one semester overseas can be fulfilled by a study abroad or overseas co-op.

### Business Core

Code	Title	Hours
ACCT 1201	Financial Accounting and Reporting	4
FINA 2201	Financial Management	4
INNO 2301	Innovation!	4
MGSC 2301	Business Statistics	4
MKTG 2201	Introduction to Marketing	4
ORGB 3201	Organizational Behavior	4

### International Business Requirements

Code	Title	Hours
All BSIB core courses must be completed at D'Amore-McKim or one of its approved partner universities.		
INTB 1205	The Global Business Environment	4
INTB 2205	Business Decision Making in Developed Country Environments	2
INTB 2206	International Business Decision Making in Emerging Markets	2
INTB 3205	Understanding and Managing Cultural Differences	4
INTB 4202	Executing Global Strategy	4
Complete one international business elective from the following:		
FINA 4320	International Financial Management	4
INTB 4983	Special Topics in International Business	4
MKTG 4512	International Marketing	4
SCHM 3301	Global Supply Chain Strategy	4

## Concentration

Complete one of the following concentrations. A second concentration is optional. Certain concentrations require additional prerequisites. Please consult your academic advisor to ensure you have met these requirements.

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## General Education

Code	Title	Hours
BUSN 1102	Personal Skill Development for Business	1
BUSN 1103	Professional Development for Business Co-op	1
ECON 1116	Principles of Microeconomics	4
ENGW 1111	First-Year Writing	4
ENGW 3304	Advanced Writing in the Business Administration Professions	4

## Business Cooperative Education

Complete one cooperative education experience.

## Business GPA Requirement

A minimum 2.000 GPA in business courses is required.

## Program Requirement

128 total semester hours required

## Plan of Study

### Sample Plan of Study

#### FOUR-YEAR PROGRAM: YEAR THREE ABROAD WITH TWO CO-OPS

*Note:* Individual study plans will be created with an academic advisor and may vary based on the student's goals. The plan below is a sample only.

- Additional courses may be required in place of open electives. Electives may be moved or used to fulfill language classes. Accounting and advisory services and accounting concentrations require Managerial Accounting (ACCT 2301) as a prerequisite. Supply chain management requires Supply Chain and Operations Management (SCHM 2301) as a prerequisite. Management information systems requires Introduction to Information Systems and Digital Technologies (MISM 2301) as a prerequisite.

Year 1

**Total Hours: 130****Exchange Students**

The Bachelor of Science in International Business program is designed to prepare students to be successful managers in an evolving global economy. They develop the skills and knowledge needed to work across cultures and differing business practices, both virtually and face-to-face. Program curriculum examines how a global environment impacts a student's chosen concentration.

Degree-earning exchange students must successfully complete their first two academic years at their home institution and must take part in an integration education experience before transferring to Northeastern University. They are also expected to complete one U.S. domestic cooperative education experience as part of their degree requirements. The total program of study must meet the BSIB degree requirements as listed in this catalog for D'Amore-McKim School of Business students.

Upon graduation, students are able to make an impact from day one at companies that are engaged in business internationally. Graduates can also work in their home country for a company that operates internationally as well as overseas on a foreign assignment.

The BSIB program offers the opportunity to earn a Master of Science in International Management, a Master of Science in Finance, or a Master of Science in Accounting through the PlusOne option.

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

**Universitywide Requirements**

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

**NUpath Requirements**

All undergraduate students are required to complete the NUpath Requirements (p. 111).

NUpath requirements Differences and Diversity (DD), Natural and Designed World (ND), and Formal and Quantitative Reasoning (FQ) are not explicitly satisfied by required courses in the business curriculum at this time. Students are responsible for satisfying these requirements, and if these are not fulfilled in required major courses, they should use general electives to do so.

ENGW 3304	Advanced Writing in the Business Administration Professions	4

### Business Cooperative Education

Complete one cooperative education experience in the U.S.

### Business GPA Requirement

A minimum 2.000 GPA in business courses is required.

### Program Requirement

128 total semester hours required

## Combined Majors

- Business Administration and Communication Studies, BS (p. 359)
- Business Administration and Design, BS (p. 202)
- Business Administration and Psychology, BS (p. 603)
- Business Administration and Public Health, BS (p. 607)
- Computer Science and Business Administration, BS (p. 612)
- Cybersecurity and Business Administration, BS (p. 617)
- Data Science and Business Administration, BS (p. 621)
- Economics and Business Administration, BS (p. 625)
- Economics and International Business, BS (p. 628)
- Health Science and Business Administration, BS (p. 632)
- International Affairs and International Business, BS (p. 636)
- Mathematics and Business Administration, BS (p. 641)
- Political Science and Business Administration, BS (p. 644)
- Politics, Philosophy, and Economics and Business Administration, BS (p. 649)

## Business Administration and Communication Studies, BS

The combined major between business administration and communication studies provides students with a robust overview of business and communication studies. This combined major seeks to prepare students for career opportunities in growing industry markets such as public relations, marketing communications, and digital media.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Business Core Requirements

Code	Title	Hours
<b>Introduction to College</b>		
BUSN 1102 or COMM 1000	Personal Skill Development for Business Communication Studies at Northeastern	1
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
<b>Business Statistics</b>

## Business Concentration

Complete one of the following business concentrations:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Second Business Concentration (Optional)

A second business concentration is optional and may be chosen from the following list:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startup (p. 659)s
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Design Requirements

Students interested in design PlusOne programs are recommended to consult with faculty coordinator and advisor during sophomore year to register for 5000-level courses in junior and senior years.

Code	Title	Hours
<b>Art and Design Fundamentals</b>

## Business Administration and Psychology, BS

This combined major educates students in business and psychology and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including statistics and research, social psychology, developmental psychology, cognition, and personality. Business courses provide a foundation in accounting, innovation, marketing, management, and organizational behavior, with the opportunity to concentrate in a specific area of business. Students completing this program should be able to understand the relationships between these fields that pertain to explaining and addressing human behavior and business practices.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Business Requirements

Code	Title	Hours
<b>Required Courses</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
FINA 2201	Financial Management	4
INNO 2301	Innovation!	4
INTB 1203	International Business and Global Social Responsibility	4
MISM 2301 or SCHM 2301	Introduction to Information Systems and Digital Technologies Supply Chain and Operations Management	4
MKTG 2201	Introduction to Marketing	4
ORGB 3201	Organizational Behavior	4
STRT 4501	Strategy in Action	4
<b>Supporting Courses for Business</b>		
ECON 1115 or ECON 1116	Principles of Macroeconomics Principles of Microeconomics	4
MATH 1231	Calculus for Business and Economics	4

### Business Concentration

Complete one of the following concentrations.

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

**Psychology Requirements**

Code	Title	Hours
<b>Required Courses</b>		
PSYC 1101	Foundations of Psychology	4
PSYC 3402	Social Psychology	4
PSYC 3466	Cognition	4
PSYC 3400	Personality	4
PSYC 3404	Developmental Psychology	4
<b>Statistics</b>		
Complete one of the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission).		4-5
PSYC 2320	Statistics in Psychological Research	
MGSC 2301	Business Statistics	
<b>Required Seminar</b>		
Complete one of the following:		4
PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	
PSYC 4678	Seminar in Social and Affective Neuroscience	
<b>Required Lab</b>		
Complete one of the following:		4
PSYC 4600	Laboratory in Research Design	
PSYC 4606	Laboratory in Biological Psychology	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4614	Laboratory in Social Psychology	
PSYC 4616	Laboratory in Personality	
PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4624	Laboratory in Affective Science	
PSYC 4626	Laboratory in Life-Span Emotional Development	
PSYC 4628	Laboratory in Developmental Psychology	
<b>Psychology Electives</b>		
Complete two PSYC courses not used to fulfill the requirements above:		8
PSYC 1001 to PSYC 5999		

**Supporting Courses**

## Business Administration and Public Health, BS

### Overview

The combined Bachelor of Science in Business Administration and Public Health offers students an opportunity to study a curriculum that is synergistic with the growing field of healthcare and public health. This academic combination provides students with the knowledge and expertise needed to enter a multitude of careers upon graduation. The degree allows students the unique opportunity to better understand the business side of the healthcare industry and public health administration and prepares them to be leaders.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Business Administration Requirements

Code	Title	Hours
<b>Required Courses</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
INTB 1203	International Business and Global Social Responsibility	4
ORGB 3201	Organizational Behavior	4
<b>Business Electives</b>		
Complete two of the following:		8
FINA 2201	Financial Management	
INNO 2301	Innovation!	
MISM 2301	Introduction to Information Systems and Digital Technologies	
MKTG 2201	Introduction to Marketing	
SCHM 2301	Supply Chain and Operations Management	
<b>Supporting Courses for Business</b>		
ECON 1116 and ECON 1126	Principles of Microeconomics and Recitation for ECON 1116	4
MATH 1231	Calculus for Business and Economics	4

### Business Concentration

Complete one of the following concentrations. Requirements for the concentrations are listed below.

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665)(available only as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)

- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Public Health Requirements

Code	Title	Hours
<b>Public Health Core Courses</b>		
PHTH 1260 or PHTH 1261	The American Healthcare System Comparative Healthcare Systems	4

## Computer Science and Business Administration, BS

The computer science and business combined major delivers a technical degree with a strong grounding in business. Students will complete most of the requirements of a business major, including macroeconomics and microeconomics, while also focusing on technical skills like program design, software development, computer organization, systems and networks, theories of computation, principles of languages, and advanced algorithms and data.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or BUSN 1102	First Year Seminar Personal Skill Development for Business	1
CS 1210 or BUSN 1103	Professional Development for Khoury Co-op Professional Development for Business Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Computer Science Required Electives</b>		
Complete two of the following:		8
CS 3650	Computer Systems	
CS 4700	Network Fundamentals	
CS 4730	Distributed Systems	
DS 3000	Foundations of Data Science	
DS 4200	Information Presentation and Visualization	
DS 4300	Large-Scale Information Storage and Retrieval	
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete four credits of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

## Business Courses

Code	Title	Hours
<b>Required Business Courses</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
FINA 2201	Financial Management	4
MGSC 2301	Business Statistics	4
MKTG 2201	Introduction to Marketing	4
ORGB 3201	Organizational Behavior	4
STRT 4501	Strategy in Action	4

## Business Concentration

Complete a four-course business concentration from the following list.

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)
- Management (p. 666)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Cybersecurity and Business Administration, BS

The cybersecurity and business combined major delivers a technical and security-focused degree with a strong grounding in business. Students will complete most of the requirements of a business major, including macroeconomics and microeconomics, while also focusing on the conceptual and practical computer science skills that will enable them to contribute to ensuring the reliability and security of cyberspace.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Cybersecurity Major Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or BUSN 1102	First Year Seminar Personal Skill Development for Business	1
CS 1210 or BUSN 1103	Professional Development for Khoury Co-op Professional Development for Business Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 3650	Computer Systems	4
CS 4700 or CS 4730	Network Fundamentals Distributed Systems	4
<b>Cybersecurity Required Courses</b>		
CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4
CY 4170 or CY 5240	The Law, Ethics, and Policy of Data and Digital Technologies Cyberlaw: Privacy, Ethics, and Digital Rights	4
CY 4740	Network Security	4
<b>Cybersecurity Electives</b>		
If courses require prerequisites, those should be taken using general electives.		
Complete one course from the following:		4-5
COMM 2551	Free Speech in Cyberspace	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 3030	Global Criminology	
CRIM 4040	Crime Prevention	
CS 2800	Logic and Computation	
CS 4400	Programming Languages	
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	
CS 4710	Mobile and Wireless Systems	

CS 6710	Wireless Network
CY 4760	Security of Wireless and Mobile Systems
CY 5200	Security Risk Management and Assessment
CY 5210	Information System Forensics
CY 5770	Software Vulnerabilities and Security
DS 4300	Large-Scale Information Storage and Retrieval
DS 4400	Machine Learning and Data Mining 1
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322
EECE 3324	Computer Architecture and Organization
EECE 4534 and EECE 4535	Microprocessor-Based Design and Lab for EECE 4534
IS 4300	Human Computer Interaction
LPSC 1101	Introduction to Law
LPSC 2301	Introduction to Law, Policy, and Society
LPSC 3303	Topics in Law and Public Policy
MATH 3527	Number Theory 1
MATH 4575	Introduction to Cryptography
PHIL 1145	Technology and Human Values
POLS 2390	Science, Technology, and Public Policy
POLS 3307	Public Policy and Administration
POLS 3324	Law and Society
POLS 3406	International Law
POLS 3420	U.S. National Security Policy
POLS 3423	Terrorism and Counterterrorism

## Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
<b>Finance</b>

<b>Statistics</b>		
MGSC 2301	Business Statistics	4
<b>Strategy</b>		
STRT 4501	Strategy in Action	4

## Business Concentration

Complete a four-course business concentration from the following list. (p. )

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)

- Management (p. 666)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Business Cooperative Education

Complete one cooperative education experience.

## Integrative Requirement

Code	Title	Hours
MISM 2301	Introduction to Information Systems and Digital Technologies	4

## Supporting Courses

Code	Title	Hours
<b>Mathematics Courses</b>		
Complete one of the following:		4
MATH 1341	Calculus 1 for Science and Engineering	
MATH 1231	Calculus for Business and Economics	
<b>Economics</b>		
Complete one of the following:		4
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	

## Writing Requirements

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111 or ENGW 1102	First-Year Writing First-Year Writing for Multilingual Writers	4
<b>Advanced Writing in the Disciplines</b>		
Complete one of the following courses:		4
ENGW 3302 or ENGW 3304 or ENGW 3315	Advanced Writing in the Technical Professions Advanced Writing in the Business Administration Professions Interdisciplinary Advanced Writing in the Disciplines	

## Required General Electives

Code	Title	Hours
Complete 16 semester hours of general electives.		16

## Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses.

## Business GPA Requirement

Minimum 2.000 GPA required in all business courses.

## NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major

- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

## Program Requirement

133 semester hours required

## Plan of Study

## Data Science and Business Administration, BS

The data science and business combined major integrates a technical degree with the theory and practice of management through active learning, problem-driven research, corporate partnerships, and experiential assignments. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. This program reflects the impact of data in modern business practice.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Courses

Code	Title	Hours
<b>Computer Science Overview</b>		
Must be taken in alignment with your home college:		
CS 1200 or BUSN 1102	First Year Seminar Personal Skill Development for Business	1
CS 1210 or BUSN 1103	Professional Development for Khoury Co-op Professional Development for Business Co-op	1
<b>Programming Sequence Pathways</b>		
Choose one of the two options:		12
<i>Computer Science Option</i>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
<i>Data Science Option</i>		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
<b>Computer Science Required Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
<b>Data Science Foundations</b>		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
DS 4420	Machine Learning and Data Mining 2	4
<b>Khoury Elective</b>		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete four semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

**Business Courses**

Code	Title	Hours
<b>Required Business Courses</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4

## Economics and Business Administration, BS

Economics and business administration is a popular combined major that integrates economic theories and models with their business applications. Students complete the core courses for economics and business, including at least one business concentration. Students have the opportunity to choose from a variety of electives from either discipline.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### Economics Requirements

Code	Title	Hours
<b>Introduction to College</b>		
ECON 1000 or BUSN 1102	Economics at Northeastern Personal Skill Development for Business	1
<b>Required Economics Courses</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350 or MGSC 2301	Statistics for Economists Business Statistics	4
ECON 2560	Applied Econometrics	4
<b>Economics Electives</b>		
Complete five courses from the following ranges, with no more than one at the introductory (1000) level:		20
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4692 or ECON 4997 (Capstone may be taken as an elective.)		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

### Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Organizational Behavior</b>		
ORGB 3201	Organizational Behavior	4
<b>International Business/Social Responsibility</b>		
INTB 1203	International Business and Global Social Responsibility	4

### Business Concentration

Complete one of the following business concentrations:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)

- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

### Business Cooperative Education

Complete one cooperative education experience.

### Supporting Courses

Code	Title	Hours
<b>Mathematics</b>		
MATH 1231 or MATH 1241 or MATH 1245 or MATH 1251 or MATH 1340 or MATH 1341	Calculus for Business and Economics Calculus 1 Calculus with Applications Calculus and Differential Equations for Biology 1 Intensive Calculus for Engineers Calculus 1 for Science and Engineering	4
<b>Computer Science</b>		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 (Selecting this 5 SH option will add one additional semester hour to your degree program.)	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
<b>Co-op Preparation</b>		
BUSN 1103 or EESH 2000	Professional Development for Business Co-op Professional Development for Co-op	1
<b>Integrative and Capstone Requirement</b>		
STRT 4501	Strategy in Action	4

### Economics GPA Requirement

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350 or MGSC 2301	Statistics for Economists Business Statistics	
ECON 2560	Applied Econometrics	

### Business GPA Requirement

A minimum 2.000 GPA is required in business courses.

### Program Requirement

128 total semester hours required

## Economics and International Business, BS

The combined economics and international business degree gives students the opportunity to learn about economic theory and applications and how an economics perspective guides strategy and conduct of international business operations. Economics provides theoretical underpinnings for international business in areas such as export and import activity, foreign investment decisions, choosing overseas locations for manufacturing and conducting R&D, deciding on technology transfer, the setting and movement of foreign exchange rates, the role of trade balances in influencing the macroeconomy, and government regulations affecting global antitrust issues and the freedom of action of multinational corporations. The combined major gives interested students a chance to learn how economic principles can be utilized by managers in directing international business activities.

### Program Requirements

#### Economics Requirements

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		1
ECON 1000	Economics at Northeastern	1
or BUSN 1102	Personal Skill Development for Business	
<b>Required Economics Courses</b>		
A grade of C or higher is required for ECON courses.		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
<b>Economics Elective</b>		
Complete four ECON electives with, at most, one course within the 1000 level.		16

#### Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Organizational Behavior</b>		
ORGB 3201	Organizational Behavior	4
<b>Business Core Option</b>		
Complete one of the following:		4
ACCT 2301	Managerial Accounting	
INNO 2301	Innovation!	
MISM 2301	Introduction to Information Systems and Digital Technologies	
SCHM 2301	Supply Chain and Operations Management	

#### Required Business Concentration

- Global Business and Strategy (p. 663)

#### Integrative Course Requirements

Code	Title	Hours
Complete one of the following (may not overlap with courses used for ECON elective section):		4
ECON 3290	History of the Global Economy	
ECON 3635	International Economics	

#### Supporting Courses

Code	Title	Hours
<b>Co-op Preparation</b>		
BUSN 1103	Professional Development for Business Co-op	1

or EESH 2000	Professional Development for Co-op	
--------------	------------------------------------	--

**Statistics Requirement**

MGSC 2301	Business Statistics	4
or ECON 2350	Statistics for Economists	

**Calculus**

Complete one of the following: 4

MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1245	Calculus with Applications	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1340	Intensive Calculus for Engineers	
MATH 1341	Calculus 1 for Science and Engineering	

**Computer Science**

Complete one of the following: 4-5

CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

**International Experiential Learning**

Code	Title	Hours
Complete one of the following:		
	One semester of study-abroad experience	
	One co-op abroad experience	
	Two Dialogue of Civilizations (summer programs)	
	Two summer traditional study-abroad experiences	
	Two approved short-term programs abroad	

**Second Business Concentration (Optional)**

A second business concentration is optional and may be chosen from the following list:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

**Business Cooperative Education**

Complete one cooperative education experience.

**Business GPA Requirement**

Minimum 2.000 GPA required in business courses

**Economics GPA Requirement**

Grades in the following four ECON courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

**Program Requirement**

128 total semester hours required

**Plan of Study**

The plan below is a sample. Students should consult with their academic advisor to confirm individual academic plans.

This program requires one of the following abroad options:

Semester-long study-abroad experience; cooperative education abroad experience; two Dialogue of Civilizations (summer programs); two summer traditional study-abroad experiences.

**Sample Plan of Study**

Year 1

## Health Science and Business Administration, BS

The combined major in health science and business administration provides students at Northeastern University with an opportunity to study a curriculum that is synergetic with the growing field of healthcare. This academic combination offers students the knowledge and expertise needed to enter a multitude of careers upon graduation. The degree allows students the unique opportunity to better understand the business side of the healthcare industry. The field is compatible with all the undergraduate concentrations in the School of Business and prepares students to enter the workforce after graduation.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Health Science Requirements

Code	Title	Hours
<b>Public Health Core</b>		
PHTH 1260 or PHTH 1261	The American Healthcare System Comparative Healthcare Systems	4
PHTH 2300 or PHTH 2301	Communication Skills for the Health Professions Communication Skills for the Health Professions—Global	4
PHTH 2350 or PHTH 2351	Community and Public Health Community and Public Health - Global	4
PHTH 2515	Healthcare Policy and Administration	4
PHTH 4120	Global Perspectives on Discrimination and Health	4
PHTH 4540	Health Education and Program Planning	4
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	4
<b>Life Sciences Core</b>		
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	5
BIOL 1113 and BIOL 1114	General Biology 2 and Lab for BIOL 1113	5
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for Science Majors and Lab for CHEM 1161 and Recitation for CHEM 1161	5
PSYC 1101	Foundations of Psychology	4

### Business Administration Requirements

Code	Title	Hours
<b>Required Courses</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
FINA 2201	Financial Management	4
INTB 1203	International Business and Global Social Responsibility	4
<b>Business Electives</b>		
Complete two of the following:		8
MISM 2301	Introduction to Information Systems and Digital Technologies	
MKTG 2201	Introduction to Marketing	
ORGB 3201	Organizational Behavior	
SCHM 2301	Supply Chain and Operations Management	
<b>Supporting Course for Business</b>		
Complete one of the following:		4

ECON 1115	Principles of Macroeconomics
or ECON 1116	Principles of Microeconomics

## Business Concentration

Complete one of the following concentrations:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (available only as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Supporting Courses

Code	Title	Hours
<b>Introduction to College</b>		
HSCI 1000 or BUSN 1102	College: An Introduction Personal Skill Development for Business	1
<b>Calculus</b>

## International Affairs and International Business, BS

Students who pursue this combined major will have the opportunity to learn how international business practices influence and are influenced by state-society interactions such as labor rights, trade practices, climate and sustainability priorities, political implications, as well international institutions.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUPath Requirements

All undergraduate students are required to complete the NUPath Requirements (p. 111).

### International Affairs Requirements

Code	Title	Hours
<b>Introduction to College</b>		
Complete one of the following:		1
INTL 1000	International Affairs at Northeastern	
or BUSN 1102	Personal Skill Development for Business	
<b>Required International Affairs Courses</b>		
A grade of C or higher is required for ECON courses.		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
INTL 4700	Senior Capstone Seminar in International Affairs	4
POLS 1160	International Relations	4

### International Experiential Learning

Complete one of the following:		
One semester of study-abroad experience		
One co-op abroad experience		
Two Dialogue of Civilizations (summer programs)		
Two summer traditional study-abroad experiences		
One N.U.in experience and one Dialogue of Civilizations or one summer traditional study-abroad experience		
Two approved short-term programs abroad		

### International Affairs Elective

Code	Title	Hours
Complete one of the following:		4
<b>Code</b>	<b>Title</b>	<b>Hours</b>
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

**Regional Analysis Requirement**

<b>Code</b>	<b>Title</b>	<b>Hours</b>
Complete three of the following, two of which must be in one region. Select courses taken during a semester study abroad or specific Dialogue of Civilizations courses may count as regional analysis courses pending approval of the international affairs head faculty advisor. See department for additional courses.		12

## Mathematics and Business Administration, BS

In the BS Mathematics and Business Administration program, business and mathematics courses lay the groundwork for strong basic training in finance.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Mathematics Requirements

Code	Title	Hours
<b>Required Courses</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 1365	Introduction to Mathematical Reasoning	4
MATH 3081	Probability and Statistics	4
<b>Calculus and Linear Algebra (Required) and Differential Equations (Recommended)</b>		
Complete either Option 1 or Option 2 below:		8
<i>Option 1 (Recommended)</i>		
MATH 2321	Calculus 3 for Science and Engineering	
MATH 2341	Differential Equations and Linear Algebra for Engineering	
<i>Option 2</i>		
MATH 2321	Calculus 3 for Science and Engineering	
MATH 2331	Linear Algebra	
<b>Mathematics Electives</b>		
Complete three courses in the range MATH 3001 to MATH 5999. The following courses are recommended:		12
MATH 4681	Probability and Risks	
MATH 4682	Theory of Interest and Basics of Life Insurance 1	
MATH 4581	Statistics and Stochastic Processes	

### Business Requirements

Code	Title	Hours
<b>Accounting</b>		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
<b>Finance</b>		
FINA 2201	Financial Management	4
<b>Marketing</b>		
MKTG 2201	Introduction to Marketing	4
<b>Organizational Behavior</b>		
ORGB 3201	Organizational Behavior	4
<b>International Business/Social Responsibility</b>		
INTB 1203	International Business and Global Social Responsibility	4
<b>Strategy in Action</b>		
STRT 4501	Strategy in Action	4

### Integrative Course

Code	Title	Hours
MATH 4581	Statistics and Stochastic Processes	4

## Business Concentration

Complete one of the following business concentrations. One concentration is required. A second concentration is optional.

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665) (only available as a second concentration)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Supplemental Courses

Code	Title	Hours
<b>Economics</b>		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
<b>Co-op Preparation</b>		
BUSN 1103 or EESC 2000	Professional Development for Business Co-op Professional Development for Co-op	1

## Business Cooperative Education

Complete one cooperative education experience.

## Mathematics GPA Requirement

Minimum 2.000 GPA required in all mathematics courses

## Business GPA Requirement

Minimum 2.000 GPA required in business courses

## Program Requirement

128 total semester hours required

## Plan of Study

### Sample Plan of Study: Four Years, Two Co-ops

Year 1

## Political Science and Business Administration, BS

The combined major in political science and business administration offers students the opportunity to integrate the study of politics and government with an analysis of business practices and organizations. Students complete core courses in political science along with core courses in business administration that cover accounting, finance, marketing, and organizational behavior. This combined major highlights the important intersection between business practices and the evolution of politics and government.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Political Science Requirements

Code	Title	Hours
<b>Introduction to College</b>		
POLS 1000 or BUSN 1102	Political Science at Northeastern Personal Skill Development for Business	1
<b>Political Science Requirements</b>		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
<b>Political Theory</b>		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
<b>Statistics</b>		
POLS 2400 or MGSC 2301	Quantitative Techniques Business Statistics	4
<b>Political Science Electives</b>		
Complete four courses in the following range, or complete a political science concentration as outlined below: POLS 2000 to POLS 5999		16

### Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record:

- American Political Institutions (p. 646)
- Campaigns and Elections (p. 646)
- Comparative Politics (p. 646)
- Identity, Culture, and Politics (p. 647)
- International Relations and Diplomacy (p. 647)
- Law and Legal Studies (p. 647)
- Public Policy (p. 647)
- Security Studies (p. 648)

### Business Requirements

## Politics, Philosophy, and Economics and Business Administration, BS

### Overview

This combined major integrates the theory and practice of business administration with tools and knowledge to understand social phenomena in ethical, political, and economic contexts, guiding students to develop a set of skills that are indispensable in our increasingly interconnected world. This holistic view is essential to understanding the kinds of challenges that future leaders in management and industry will need to tackle. Students in the combined major are expected to hone these skills not only in their interdisciplinary major but also through participating in cooperative education.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Politics, Philosophy, and Economics Requirements

Code	Title	Hours
<b>PPE Major Requirement</b>

- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Global Business and Strategy (p. 663)
- Healthcare Management and Consulting (p. 664)
- International Business (p. 665)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

## Accounting

A concentration in accounting aims to prepare the graduate for entry into public accounting or private industry in a highly valued career. Accounting is a dynamic profession that requires people to possess sound technical knowledge, critical thinking skills, superior interpersonal skills, and the ability to communicate effectively. Accountants hold senior management positions in private companies in business or industry, public accounting firms, and government agencies.

To prepare for an accounting career, students take courses in financial reporting, managerial accounting, and intermediate accounting, with additional elective courses available for more specialized studies in strategic cost analysis, auditing and other assurance services, income tax planning, and advisory services and emerging accounting systems. Students wishing to sit for the CPA exam may combine the BSBA with a concentration in accounting with the Master of Science in Accounting (five-year BSBA/MSA program).

### Concentration Requirements

#### Concentration in Accounting

Code	Title	Hours
<b>Required Courses</b>		
ACCT 3401	Financial Reporting and Analysis 1	4
ACCT 4501	Financial Reporting and Analysis 2	4
<b>Electives</b>		
Complete two of the following:		8
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services	
ACCT 4414	Income Tax Determination and Planning	

## Accounting and Advisory Services

The accounting and advisory services concentration is aimed at D'Amore-McKim students who wish to pursue a career in advisory services. The concentration offers students an opportunity to obtain the skills necessary to enter advisory services. Students hired in advisory services work in interdisciplinary areas including mergers and acquisitions, risk consulting, process improvement, data analytics, and digital transformation. This concentration is an alternative to the standard accounting concentration, which many students pursue to prepare for CPA licensure. The accounting and advisory services concentration is well suited for students who are interested in taking a managerial or advisory role to support the strategic goals of an organization.

ACCT 4414	Income Tax Determination and Planning	

## Brand Management

### Overview

Think about some of your favorite brands—chances are, there is a high-powered brand manager working behind the scenes to ensure the brand resonates with you, one of its target consumers. Brand managers oversee the integrity of a brand across all marketing activities in tech, consumer packaged goods (CPG), and service industries. The position of brand manager requires strategic thinking, focus on the customer experience, communication with multiple stakeholders and cross-functional teams, creativity, and analytical skills. Brand managers are creative, organized multitaskers who often serve as the liaison between the marketing group, design team, and engineers to oversee the consistency of the brand image. While every day is different, typical activities of a brand manager include conducting and analyzing research to identify brand opportunities, understanding market trends and competitive landscape, creating and maintaining brand marketing budget, managing cross-platform brand communication strategy, developing the brand story, executing marketing and advertising campaigns, and overseeing the overall health of a brand. When managing a brand's products or services in a tech firm, brand and product managers may also be involved in ideation, prototyping, user experience (UX) testing, and business casing. This concentration offers the opportunity to learn these skills across coursework in marketing, consumer behavior, advertising, new product development, marketing analytics, project management, demand planning and forecasting, and product innovation. As such, the core brand management course paired with a flexible, yet focused list of electives supports students in the aspects of brand management that are most relevant for their future career prospects.

### Concentration Requirements

#### Concentration in Brand Management

Code	Title	Hours
<b>Required Course</b>		
MKTG 3720	Brand Management	4
<b>Electives</b>		
Complete three electives, with at least 8 credits from MKTG courses:		12
INNO 2301	Innovation!	
MGMT 3530	Project Management

MKTG 4510 or ENTR 3330 or INNO 3335	New Product Development Design Thinking for Startups Product Innovation and Portfolio Management	
MKTG 4720	Understanding the Platform Economy	

A maximum of one course may be applied to requirements of a second concentration.

## Business Analytics

### Overview

Organizations can make smarter decisions when they effectively harness the power of data. The business analytics concentration is designed to provide students with the analytical skills, techniques, and perspectives required to understand, analyze, and interpret datasets of various sizes and content. This knowledge and skill set can be used to help companies improve decision making in increasingly complex and interconnected business environments and create measurable improvements in business performance.

This concentration offers courses that cover the fundamentals of data analysis and management; information visualization; and descriptive, predictive, and prescriptive analytic techniques. These techniques are often based on artificial intelligence, machine learning, and data mining. Courses are grounded in relevant theory and principles but also explore how to apply these concepts to investigate realistic datasets by using a variety of innovative computational tools and programming languages. These may include Python, R, SQL, and Tableau. Students have the opportunity to develop technical and problem-solving skills that are in high demand by employers and to apply those skills through both classroom activities and co-ops focused on business analytics.

Analytics can be employed in many different parts of an organization. Therefore, students are encouraged to consider completing a dual concentration in business analytics and another area. Graduates of this program have a wide range of career paths to suit their interests. Professional options include business or information analyst, consultant, and project manager. Graduates may also become specialists within a specific department or functional area, such as financial services, accounting, marketing, or manufacturing.

### Concentration Requirements

MISM 3525	Modeling for Business Analytics	
MISM 4983	Special Topics in Management Information Systems	

## Corporate Innovation

Corporate innovation is a series of processes by which established companies promote, design, and pursue innovation opportunities that can result in new products, services, and/or business models. It entails R&D activities, product development, internal venture accelerators, acquisitions, and alliances. Innovation is the most powerful competitive weapon for a corporation that wants to ensure growth and relevance over time.

The corporate innovation concentration is designed to prepare students to develop new businesses, products, services, or processes inside of an existing organization to create value and generate new revenue growth through entrepreneurial thought and action. A concentration in corporate innovation seeks to develop students to be agents of change and renewal within established companies, aspiring to leading roles in areas such as product development, new business research, and innovation-related projects. This concentration targets students with co-op aspirations that involve positions within corporations such as entry-level product line management, project management, consulting, and new product and service development.

### Concentration Requirements

MGMT 3530	Project Management	
STRT 4301	Strategic Analysis and Decision Making	

One course from an approved Dialogue may count toward a concentration elective.

## Entrepreneurial Startups

A startup is a young company founded by one or more entrepreneurs in order to develop a product or service and bring it to market. Startups can be technology intensive with novel products or use existing technologies to create new variations or combinations. The entrepreneurial startups concentration is designed to prepare students from any background or area of study with the perspective, knowledge, and skills necessary to conceptualize, launch, manage, and grow a new business. It will also equip them with an understanding of the advantages and challenges of a startup they may work for. Students have an opportunity to learn to shape entrepreneurial opportunities, assess feasibility, raise funds, and develop other skills needed to open, manage, and grow a new business venture. Students are exposed to innovation, marketing, and business modeling as they work in interdisciplinary teams to develop business plans. This concentration seeks students with career aspirations that involve starting a new venture or working in a startup.

### Concentration Requirements

#### Concentration in Entrepreneurial Startups

Code	Title	Hours

INNO 2304	Industry Disruption and Corporate Transformation	
MGMT 3302	Negotiating in Business	

One course from an approved Dialogue may count toward an elective.

## Family Business

A family business is a commercial organization owned or controlled by members of a single family or extended family, including relatives related by blood, marriage, or adoption. Family controlled companies are a dominant form of enterprise worldwide. Due to the inextricable link between family and the business, family firms must grapple with unique challenges in that the business decisions are often intertwined with family dynamics, as in the case of succession planning and corporate governance. The purpose of this concentration is to provide insight and understanding of the distinct challenges, opportunities, and practices of family/owner-controlled companies.

The concentration covers family and business issues of family firms, including family values and culture, managing conflict, sibling rivalry, entitlement, hiring family and nonfamily employees, management of the family business, facilitating growth and change, and succession planning. This concentration is intended for those contemplating a career in a family business and for those who plan to consult or provide professional services to family businesses. It will present both a theoretical framework for understanding the family form of business and a practical perspective on working for, or consulting to, a family/owner-controlled business.

### Concentration Requirements

#### Concentration in Family Business

Code	Title	Hours
<b>Required Courses</b>		
INNO 2301	Innovation!	4
ENTR 4503	Integrated Studies in Family Business	4

INNO 2304	Industry Disruption and Corporate Transformation	
MGMT 3302	Negotiating in Business	
Students may use one course from an approved Dialogue experience toward the elective area of the concentration.		

## Finance

The role of people trained in finance is expanding rapidly within the business world. Changes on the financial scene—rising securities prices, fluctuating inflation, currency values and interest rates, and globalization of markets—have created an awareness that financial knowledge is essential to the effective management of business firms and many other types of organizations.

Finance is the management of real and monetary assets for businesses, financial institutions, nonprofit organizations, governments, and individuals. Finance courses draw on accounting principles, economic theory, and quantitative methods. These courses develop methods to direct the way capital is acquired and managed. Students are exposed to economic and financial systems and how they operate. They also are given an opportunity to analyze economic trends and indicators and to apply this analysis to financial decision making.

Students may specialize in one or more of the following areas: corporate finance, investment management and analysis, risk management, and real estate. The program is designed to prepare students for careers in corporate financial management, security analysis, investment management, security or insurance brokerage, credit management, and risk management with corporations, banks, insurance companies, and other financial institutions.

### Concentration Requirements

## Fintech

This concentration is designed for students who are interested in learning about new applications of technology in financial services, under the general heading of fintech (financial technology). In addition to mastering the foundations of finance, students in this concentration have an opportunity to learn how to leverage technology to create and improve financial services. The concentration provides both a broad and in-depth view of various fintech topics (e.g., big data, machine learning, peer-to-peer lending, blockchain, digital currencies, algorithmic trading) and allows students to develop programming skills in R and Python. These tools and knowledge are especially valued by banks, consulting firms, financial technology, and investment firms.

### Concentration Requirements

#### Concentration in Fintech

Only one course may be double counted with another concentration.

FINA 4390	Machine Learning in Finance	
FINA 4460	Algorithmic and Robo-Trading	
FINA 4605	Fintech Experiential Project	

## Global Business and Strategy

The global business and strategy concentration examines how a corporation chooses goals and positions itself in the global business environment to achieve these performance objectives. The focus is on analyzing firms and industries in a continuously changing global context, i.e., across multiple countries, markets, competitors, independent nation-state governments, and multilateral organizations. The courses combine analytical thinking with the consideration of different national and cultural environments to illuminate global strategy, how governments and multilateral organizations set and affect the rules of engagement in global business, and how firms and institutions can develop and change strategy to be successful over time. Students can investigate the diversity and complexity of doing business in different economic and political systems.

The concentration is designed to help students prepare for positions in strategic planning and analysis in multinational companies, consulting firms, and government agencies and multilateral organizations, as well as in global business development in new startups and small enterprises.

## Healthcare Management and Consulting

Healthcare is an exciting and important industry, growing faster than any other, and its importance to society cannot be underestimated given its focus on helping people live longer and lead happier, higher-quality lives. Working in healthcare requires knowledge and skills in several cutting-edge areas such as service delivery innovation, process and quality improvement, talent management, analytics, and supply chain management. The concentration in healthcare management and consulting offers students an opportunity to understand how this major sector of the U.S. economy works; to apply training in other areas like finance and marketing to managing healthcare problems and opportunities; to obtain a viable educational and career outlet for realizing their interests in advancing the social good; and to prepare for working, managing, and consulting in the healthcare industry. The concentration in healthcare management and consulting is an interdisciplinary concentration that provides exposure to several different areas of business and the social sciences important for working in healthcare.

### Concentration Requirements

#### Concentration in Healthcare Management and Consulting

*Note:* Students may double count up to one course in another business concentration.

SOCL 3441	Sociology of Health and Illness	

## International Business

The concentration in international business is designed for students interested in developing their knowledge and skills related to doing business in the global economy. The development of a deeper understanding of international business will be crucial in the future. Subject matter covered in this concentration focuses on topics such as the cultural, economic, technological, and political aspects of varying national business environments and their impact on international business operations. Students are exposed to a variety of key international business concepts ranging from strategic planning in the global arena to managing behavior and interpersonal relations. Additional topics include international trade theory, national trade policies, foreign market analysis, managing technological issues, and international strategic management.

From a job placement perspective, few firms today operate or compete exclusively in domestic markets. Possessing a knowledge of how people, firms, and institutions interact across borders provides international business concentrators with a competitive edge. This concentration pairs well with other D'Amore-McKim concentrations such as finance, marketing, and supply chain, among others.

### Concentration Requirements

#### Concentration in International Business

*Note:* Students may double count up to one course in another business concentration.

SCHM 3301	Global Supply Chain Strategy	
Electives not listed may be approved via the undergraduate dean's office.		

## Management

Managing—whether it’s people, projects, or programs—is challenging and requires a considerable range of knowledge and skills. Effective managers must know the business, be interpersonally competent, behave ethically, and diagnose and deal with human and organizational dynamics. The aim of the management concentration is to increase both managerial *knowledge* and management *skills*. This involves both studying *and* practicing topics such as motivation, leadership, negotiation, conflict resolution, project management, managing teams, organizational change, and their impact on business results.

Management concentrators participate in vibrant co-op experiences spanning a diverse range of business functions, such as business analytics, human resources, client and sales support, and project management. Many students who concentrate in management decide to get a second concentration, giving them the ability to work in teams and manage other people in whatever arena they find themselves.

### Concentration Requirements

#### Concentration in Management

Code	Title	Hours

## Management Information Systems

In the global information age, success for organizations requires the ability to manage, analyze, and use information effectively. To that end, the goal of the Management Information Systems concentration is to teach future managers how to manage and utilize data and information technology (IT) to help both individuals and organizations perform more efficiently and effectively. This can lead the student in two career directions:

- To become a professional in the cross-functional information management, business analytics, and data quality and governance functions of a company or in an IT or data-enabled strategic business transformation initiative.
- To accelerate and enhance a data-informed or data leadership career in organizations or another functional area such as finance, marketing, research and development, innovation, accounting, workforce management, strategic management, or acquisitions.

Understanding how to get the right information in the right form and format to the right people at the right time is essential in today's business world, especially when companies and the individuals that do this well are achieving significant competitive advantages. Students have the opportunity to explore new, cutting-edge approaches that allow them to use the powerful resource of information to its greatest advantage. These approaches often use analytical concepts such as information visualization, artificial intelligence, and data mining. The importance of information privacy and security is also emphasized. Students have the opportunity to develop technical and problem-solving skills that are in high demand by employers, and to apply those skills through both classroom activities and co-ops focused on information management or business analytics.

Managers in the information management function need to interact frequently with other managers throughout an organization. Therefore, students are also encouraged to complete a dual concentration in information management and another area of business. Graduates of this program have a wide range of career paths that suit their particular interests. Professional options include Business/Systems/Information Analyst, Database Manager or Designer, Data Architect or Data Strategist, Information Product Designer/Manager, Data Quality Manager, Data Governance Manager, IT or Data Project Manager, Consultant, and IT or Data Specialist or Strategist within other departments, such as financial services, accounting, marketing, R&D, manufacturing, customer service, and risk management and compliance. Executive positions include Chief Data Officer or Chief Information Officer.

## Marketing

Aspiring marketers at the D'Amore-McKim School of Business have an opportunity to learn how brands, customers, and organizations impact business performance and society by creating, communicating, and delivering value to customers. The concentration embraces an approach that is analytical, creative, and practice oriented. Students receive instruction from award-winning research and teaching faculty who share their knowledge to help empower the next generation of marketing leaders.

The concentration in marketing encourages students to examine marketing as a driver of business growth, while considering the ethical and sustainable practices that are necessary for business and societal benefit.

The building blocks of the marketing concentration require courses in marketing research or analysis of customer data followed by a tailored set of electives to suit different student goals and interests.

The concentration aims to prepare students with the knowledge and skills to pursue careers in a broad range of professional settings including, but not limited to, digital marketing management, social media marketing, marketing analysis, data analysis, marketing consulting, UX design, content strategy, consumer insights analysis, sales management, and product and brand management.

The marketing concentration is available to students taking the BSBA or BSIB degree within the D'Amore-McKim School of Business and in most D'Amore-McKim combined majors (p. 594). Other marketing-related options available to students include a minor in marketing and both concentrations and minors in brand management and marketing analytics.

## Marketing Analytics

Marketing analytics comprises the data-driven methods, techniques, and technologies that enable marketers to evaluate the success of their marketing initiatives and campaigns. This concentration offers the opportunity to learn the cutting-edge skills necessary to harness, process, and analyze data to address modern marketing challenges. It combines programming, quantitative analysis, data-driven consumer insights, and predictive modeling into an integrated curriculum that is designed to prepare students for successful careers in marketing analytics and other data-driven business specializations.

### Concentration Requirements

## Social Innovation and Entrepreneurship

Social entrepreneurship involves creating new products, services, or programs to address social or environmental needs. The Business Concentration in Social Innovation and Entrepreneurship is designed to prepare students from any background or area of study with the knowledge, skills, and experience to launch a new venture or project focused on creating social change through business, partner or work with innovation-driven nonprofit and for-profit social enterprises, work for a business in any industry with an emerging strategic commitment to positive social impact, work in the social finance and impact-investing sectors within the financial services industry, and create and lead intrapreneurial ventures and projects in any business or industry that evidence a commitment to the “stakeholder” model of business.

These five areas fall within the rapidly growing segments of the global economy in which social returns are elevated alongside financial returns in order to create a more equitable and inclusive society. Students will consider ethical and social issues in creating, building, managing, and growing small, medium, and large businesses. The concentration includes a structured community engagement and service requirement, either through participation in international fieldwork (Dialogues, Alternative Spring Break, or other embedded travel programs) and/or local community service programs. Students will have the opportunity to develop specific skill sets in entrepreneurial thinking and critical analysis, creative problem solving, professional communications (writing and presentations), working in diverse and multicultural teams, and interdisciplinary research and data analysis.

FINA 4610	Entrepreneurial Finance and Private Equity	
INNO 2304	Industry Disruption and Corporate Transformation	
MGMT 3302	Negotiating in Business	
MKTG 2301	Marketing and Society	

One course from an approved Dialogue may count toward an elective.

## Supply Chain Management

From the Fortune 500 manufacturer to the small firm that produces, sells, or distributes products, all companies have a supply chain function that must be effectively managed if they are to be competitive. A supply chain manager is typically involved in making critical decisions about such matters as procurement of supplies and/or services, demand planning and forecasting, inventory policies, order fulfillment, transportation of company's materials and products, warehouse and distribution operations, location of facilities, managing interfirm relationships, and customer service. As companies become increasingly involved in global markets as both buyers and sellers, supply chain managers play a major role not only in assessing the feasibility of international activity but also in developing supply and distribution networks to support that involvement. Because supply chain managers frequently interact with those involved in other areas of management, many supply chain management students have chosen to complete a second concentration in such areas as marketing, management information systems, finance, or entrepreneurship.

There are many career options for supply chain management students. In addition to finding career opportunities with manufacturers, retailers, and distributors, supply chain management students may find similar opportunities with companies that sell supply chain services; consulting firms; financial institutions; healthcare firms; and government agencies at the federal, state, and local levels.

### Concentration Requirements

#### Concentration in Supply Chain Management

Code	Title	Hours
<b>Required Courses</b>		
SCHM 3301	Global Supply Chain Strategy	4
SCHM 3305	Sourcing, Procurement, and Negotiation	4
SCHM 3310	Logistics and Transportation Management	4
<b>Elective</b>		
Complete one of the following:		4
SCHM 3308	Supply Chain Analytics and Emerging Technologies	
SCHM 3315	Managing Healthcare Operations and Supply Chain	
SCHM 4401	Contemporary Topics in Supply Chain Management	
SCHM 4983	Special Topics in Supply Chain Management	

## Minors

Students who wish to enter one of the minor programs listed below should complete the online minor form accessible via the D'Amore-McKim School of Business Undergraduate Programs website. Students who complete all required courses successfully and have earned at least a C (2.000) average in them will be awarded the minor at graduation.

- Accounting and Advisory Services (p. 673)
- Brand Management (p. 674)
- Business Administration (p. 675)
- Business Analytics (p. 676)
- Consulting (p. 677)
- Corporate Innovation (p. 679)
- Emerging Markets (p. 680)
- Entrepreneurial Startups (p. 681)
- Family Business (p. 682)
- Leadership and Human Capital (p. 683)
- Management Information Systems (p. 684)
- Marketing (p. 685)
- Marketing Analytics (p. 686)
- Social Innovation and Entrepreneurship (p. 687)
- Strategy (p. 688)
- Supply Chain Management (p. 689)
- Sustainable Business Practices (p. 690)

## Accounting and Advisory Services, Minor

### Overview

The accounting and advisory services minor is aimed at nonbusiness students who wish to complement their current studies with a focus in accounting and advisory services. Accounting knowledge is the foundation for business decision makers to make sound judgments and support the operational and strategic decisions in a firm. Importantly, public accounting firms are hiring students from nonaccounting disciplines for their advisory services practices. These students work in interdisciplinary areas including mergers and acquisitions, risk management, operations, data analytics, and digital transformation where accounting knowledge from this minor will provide them with a competitive advantage. Students pursuing the minor may select among accounting courses that explore topics such as financial reporting, advisory services and emerging accounting systems, strategic cost analysis, and tax planning. Students can also choose courses from other disciplines that would benefit from accounting knowledge such as engineering, computer science, and healthcare.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. The accounting and advisory services minor is not open to D'Amore-McKim students or students pursuing a combined major with the D'Amore-McKim School of Business.

### Required Courses

Code	Title	Hours
ACCT 1209	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4

### Electives

Code	Title	Hours
Complete one of the following:		4
ACCT 3401	Financial Reporting and Analysis 1	
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4414	Income Tax Determination and Planning	

Code	Title	Hours
Complete one of the following:		4
ACCT 3304	Business Law and Professional Ethics	
ACCT 3401	Financial Reporting and Analysis 1	
ACCT 3403	Advisory Services and Emerging Accounting Systems	
ACCT 3416	Strategic Cost Analysis for Decision Making	
ACCT 4412	Auditing and Other Assurance Services

IE 5617	Lean Concepts and Applications	
IS 2000	Principles of Information Science	
IS 3500	Information System Design and Development	

### GPA Requirement

2.000 GPA required in the minor

## Brand Management, Minor

Think about some of your favorite brands—chances are, there is a high-powered brand manager working behind the scenes to ensure the brand resonates with you, one of its target consumers. Brand managers oversee the integrity of a brand across all marketing activities in tech, consumer packaged goods (CPG), and service industries. The position of brand manager requires strategic thinking, focus on the customer experience, communication with multiple stakeholders and cross-functional teams, creativity, and analytical skills. Brand managers are creative, organized multitaskers, who often serve as the liaison between the marketing group, design team, and engineers to oversee the consistency of the brand image. While every day is different, typical activities of a brand manager include conducting and analyzing research to identify brand opportunities, understanding market trends and competitive landscape, creating and maintaining brand marketing budget, managing cross-platform brand communication strategy, developing the brand story, executing marketing and advertising campaigns, and overseeing the overall health of a brand. When managing a brand's products or services in a tech firm, brand and product managers may also be involved in ideation, prototyping, user experience (UX) testing, and business casing. This minor offers the opportunity to learn these skills across coursework in marketing, consumer behavior, advertising, new product development, marketing analytics, project management, demand planning and forecasting, and product innovation. As such, the required courses, paired with a flexible, yet focused list of electives, support students in the aspects of brand management that are most relevant for their future career prospects.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Students in the D'Amore-McKim School of Business or in a combined major with D'Amore McKim School of Business are not allowed to pursue this minor.

### Required Courses

Code	Title	Hours
MKTG 2209 or MKTG 2201	Introduction to Marketing Introduction to Marketing	4
MKTG 3720	Brand Management	4

### Electives

Code	Title	Hours
Complete two of the following with at least one course from MKTG:		
INNO 2301	Innovation!	8
MGMT 3530	Project Management	
MKTG 2720	Enabling Technologies for Consumer Engagement	
MKTG 3401 or MKTG 3402	Marketing Research Gaining Insights from Consumer Data	
MKTG 4502	Managing Customer Engagement in a Service World	
MKTG 4504	Advertising and Brand Promotion	
MKTG 4506	Consumer Behavior	
MKTG 4510 or ENTR 3330 or INNO 3335	New Product Development Design Thinking for Startups Product Innovation and Portfolio Management	
MKTG 4720	Understanding the Platform Economy	

### GPA Requirement

Minimum 2.000 GPA required in all courses completed

## Business Administration, Minor

The minor in business administration introduces nonbusiness students to the key functional areas in business, providing a broad overview of the business world. The minor is available to nonbusiness students only.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

#### Accounting

Code	Title	Hours
ACCT 1209	Financial Accounting and Reporting	4

#### Organizational Behavior

Code	Title	Hours

INNO 2414	Social Responsibility of Business in an Age of Inequality
INTB 1209	International Business and Global Social Responsibility
INTB 2501	Competing to Win in Emerging Markets

#### GPA Requirement

2.000 GPA required in the minor

## Business Analytics, Minor

The business analytics minor is open to non-business undergraduate students with any major and offers analytics courses from a business decision-making perspective. The goal of these courses is to help students develop data-driven insights into business problems and solutions, along with the skills to communicate these insights effectively across the organization. The courses include both foundational courses, those geared toward more specific data analytics challenges, and those that apply analytical techniques to specific functional areas. Business analytics courses are grounded in relevant theory and principles and explore real-world problems and data. The courses explore analytics techniques and topics such as information visualization, artificial intelligence, machine learning, and data mining. Course tools are selected based on their effectiveness, usefulness, and their widespread use by employers. Depending on the courses chosen, students can develop skills using packages and languages such as R, Python, SQL, and Tableau. Students have the opportunity to develop technical and problem-solving skills that are in high demand by many types of organizations. The business analytics minor can fit well with any majors across colleges and schools.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Starting Fall 2021 the Business Analytics minor is available to non-business majors only.

### Required Course

Code	Title	Hours
MISM 2510	Fundamentals of Information Analytics	4

### Electives

Code	Title	Hours
Complete three of the following:		12

Note: Only one non-MISM course may be used as an elective.

ECON 2560	Applied Econometrics	
EECE 2300	Computational Methods for Data Analytics	
FINA 4335	Computational Methods and Their Applications in Finance	
JRNL 3610	Digital Storytelling and Social Media

MISM 4983	Special Topics in Management Information Systems	
MKTG 3501	Marketing Analytics	
SCHM 3308	Supply Chain Analytics and Emerging Technologies	

### GPA Requirement

2.000 GPA required in the minor

## Consulting, Minor

This minor is designed to provide students with a solid foundation in the skills and concepts needed to succeed in a consulting-oriented environment, as well as an introduction to a variety of possible contexts for consulting work. Consulting skills are essential work skills for many roles beyond the traditional management consultant. Many technical positions within firms demand that consultative skills be used within the firm even in early career positions (e.g., business analyst); in this respect, a consulting minor complements students' technical training. Required courses cover the fundamentals of both management and strategy consulting, as well as a framework of consulting activities that can be applied to many types of consulting and consultative roles. Electives provide students an opportunity to gain deeper knowledge in a specific consulting skill and to explore a context in which they could apply their consulting knowledge.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students may only double-count one course in the minor toward their major, concentration, or another minor.

### Required Courses

Code	Title	Hours
BUSN 3110	The Consulting Environment	4
MGMT 4550	Management Consulting in Organizations	4

2.000 GPA required in the minor

## Corporate Innovation, Minor

Corporate innovation is a series of processes by which established companies promote, design, and pursue innovation opportunities that can result in new products, services, and/or business models. It entails R&D activities, product development, internal venture accelerators, acquisitions, and alliances. Innovation is the most powerful competitive weapon for a corporation that wants to ensure growth and relevance over time.

The corporate innovation minor is designed to prepare students to develop new businesses, products, services, or processes inside of an existing organization to create value and generate new revenue growth through entrepreneurial thought and action. A minor in corporate innovation seeks to develop students to be agents of change and renewal within established companies, aspiring to leading roles in areas such as product development, new business research, and innovation-related projects. This minor targets students with co-op aspirations that involve positions within corporations such as entry-level product line management, project management, consulting, and new product and service development.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. The minor is not available to D'Amore-McKim School of Business students or students pursuing a combined major with the D'Amore-McKim School of Business.

### Required Course

Code	Title	Hours
INNO 2301	Innovation!	4

### Electives

Code	Title	Hours
Complete three electives, one of which may be chosen from the additional electives list:		12

INNO 2304	Industry Disruption and Corporate Transformation
INNO 3335	Product Innovation and Portfolio Management
INNO 4225	Growth, Acquisitions, and Alliances
INNO 4504	Integrated Studies in Corporate Innovation

#### *Additional Electives*

2.000 GPA required in the minor

## Emerging Markets, Minor

Emerging markets, such as Brazil, China, Ethiopia, India, Indonesia, Poland, or Turkey, account for 85% of the world's population, half its GDP, and about two-thirds of world economic growth. Understanding how to leverage the consumer needs, talent, and innovation potential of these economies will be vital for the future success of all for-profit and not-for-profit organizations. It will also be important for reducing global poverty and inequality. The minor combines coursework on the economic, political, and business challenges of operating in emerging markets with a hands-on, immersive field study component. This interdisciplinary minor is open to business and nonbusiness students, including BSIB students.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Emerging Markets

Code	Title	Hours
Complete one of the following:		4
INTB 2205 and INTB 2206	Business Decision Making in Developed Country Environments and International Business Decision Making in Emerging Markets	
INTB 2501	Competing to Win in Emerging Markets	
INTB 4983	Special Topics in International Business	

### Field Study

Code	Title	Hours
Field study as preapproved by the director of the emerging markets minor and/or D'Amore-McKim undergraduate dean's office. Please contact the D'Amore-McKim academic advising office to confirm option(s).		4
Students may undertake 4 SH of independent research with approval.		

### Electives

Code	Title	Hours
Complete two of the following:		8
AFRS 1101	Introduction to African Studies

POLS 3406	International Law	
POLS 3487	Politics of Developing Nations	

### GPA Requirement

2.000 GPA required in the minor

## Entrepreneurial Startups, Minor

This interdisciplinary minor guides students through the startup process. The Minor in Entrepreneurial Startups is designed to prepare students from any background or area of study to conceptualize, launch, manage, and grow a new business. Students have an opportunity to learn to shape entrepreneurial opportunities; assess feasibility; and develop other skills needed to conceptualize, launch, manage, and grow a new business venture. Students are exposed to innovation, marketing, and business modeling as they work in interdisciplinary teams to develop business plans. Courses from the College of Arts, Media and Design; the College of Engineering; and the Khoury College of Computer Sciences have been carefully selected to allow students to apply the same course to both their own college degree and the entrepreneurial startups minor.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Students in the D'Amore-McKim School of Business or pursuing a combined major with the D'Amore-McKim School of Business may not pursue this minor.

### Required Course

Code	Title	Hours
INNO 2301	Innovation!	4

### Electives

Code	Title	Hours
Complete three of the following, one of which may be chosen from the additional elective options list:		12

GE 1110	Engineering Design (Engineering Students Only)	
GE 5100	Product Development for Engineers (Engineering Students Only)	

### GPA Requirement

2.000 GPA required in the minor

## Family Business, Minor

A family business is a commercial organization owned or controlled by members of a single family or extended family, including relatives related by blood, marriage, or adoption. Family controlled companies are a dominant form of enterprise worldwide. Due to the inextricable link between family and the business, family firms must grapple with unique challenges in that the business decisions are often intertwined with family dynamics, as in the case of succession planning and corporate governance. The purpose of this minor is to provide insight and understanding of the distinct challenges, opportunities, and practices of family/owner-controlled companies.

The minor covers family and business issues of family firms, including family values and culture, managing conflict, sibling rivalry, entitlement, hiring family and nonfamily employees, management of the family business, facilitating growth and change, and succession planning. This minor is intended for those contemplating a career in a family business and for those who plan to consult or provide professional services to family businesses. It will present both a theoretical framework for understanding the family form of business and a practical perspective on working for, or consulting to, a family/owner-controlled business.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. The minor is not available to D'Amore-McKim School of Business students nor students pursuing a combined major with the D'Amore-McKim School of Business.

### Required Course

Code	Title	Hours
INNO 2301	Innovation!	4

### Electives

Code	Title	Hours
Complete three courses, one of which may be chosen from the additional elective option list:		12
ENTR 2215	Understanding Family Enterprise	
ENTR 3302	Managing and Growing the Family Business	
ENTR 3401	Consulting Operations Growth in SMEs	
ENTR 4503	Integrated Studies in Family Business

GE 1110	Engineering Design (Engineering Students Only)	
GE 5100	Product Development for Engineers (Engineering Students Only)	

### GPA Requirement

2.000 GPA required in the minor

## Leadership and Human Capital, Minor

The leadership and human capital minor will deepen students' knowledge and skills that are necessary to attract, retain, develop, lead, and manage employees. Employees of a firm are resources for an employer and based on their expertise provide economic value to a firm. Thus, the effective leadership and management of human capital is instrumental to an organization's success. As organizations are seeking new ways of dealing with problems such as globalization, a weak economy, rapidly changing technology, union-management relations, and changing demographics in the workplace, managers and human resources professionals use a wide range of techniques for handling these and other challenges and ensuring that their employees and organizations are competitive and high performing.

Managing human capital is a significant component of the strategic management of an organization. The courses offered in the leadership and human capital minor will expose students to the major issues and challenges in leading and managing a global and increasingly diverse workforce. The courses address the human capital issues all employees face and offer ways to deal with them.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Please note, only one course in the minor may double count in one of the seven business concentrations.

#### Organizational Behavior

Code	Title	Hours
ORGB 3201	Organizational Behavior	4
or ORGB 3209	Organizational Behavior	

#### Managing Human Capital

Code	Title	Hours

MGMT 3305	Power and Influence	
MGMT 3315	Managing Organizational Change and Disruption	
MGMT 3350	Managing a Diverse Workforce	
MGMT 3380	Leadership	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4410	Workforce Analytics	

#### GPA Requirement

2.000 GPA required in the minor

## Management Information Systems, Minor

The management information systems minor is open to nonbusiness undergraduate students with any major and offers contemporary information-focused courses from a global business perspective. The goal of these courses is to show students how to use and manage data and information technology (IT) to help both individuals and organizations perform more efficiently and effectively. The minor includes both fundamental courses and those geared toward more specific information management challenges. These courses will include real-world examples, grounded in relevant theories and principles, and will be reinforced using appropriate information tools and systems to gain the necessary skills and knowledge for tomorrow's work environment. The MMIS minor requires every student to build a strong understanding of how data is gathered, stored, managed, and used across the organization. Beyond this, students have the opportunity to explore new, cutting-edge areas such as information visualization, data mining, and blockchains. Other topics such as information privacy and security, mobile information systems, and artificial intelligence can also be examined in greater depth.

### Minor Requirements

The management information systems minor is open to nonbusiness undergraduate students. Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Only 4 credits may be double counted toward another minor.

### Required Course

Code	Title	Hours
MISM 3403	Data Management for Business	4

### Electives

Code	Title	Hours
Complete three of the following (at least 8 credits must come from MISM courses):		12
ECON 4681	Information Economics and Game Theory	
FINA 4340	Blockchain Applications in Finance	
JRNL 3610	Digital Storytelling and Social Media	
MGMT 3530	Project Management	
MISM 2301	Introduction to Information Systems and Digital Technologies	
MISM 3501	Information Visualization for Business	
MISM 3515	Data Mining for Business	
MISM 4501	Strategic Information Products	
MISM 4983	Special Topics in Management Information Systems	
PHIL 1145	Technology and Human Values	
SCHM 3301	Global Supply Chain Strategy	

### GPA Requirement

2.000 GPA required in the minor

## Marketing, Minor

The marketing minor is aimed at non-D'Amore-McKim students who wish to complement their current studies with a focus on marketing. In the marketing minor, students can select among courses that explore topics such as consumer behavior, advertising, services marketing, marketing analytics, and international marketing. Pursuing a marketing minor offers Northeastern students an opportunity to gain a deeper appreciation of consumers, markets, metrics, and brands to help them become better business practitioners no matter where their careers take them.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Students in D'Amore-McKim or in a combined program with D'Amore McKim are not allowed to take this minor.

### Required Courses

Code	Title	Hours
MKTG 2201	Introduction to Marketing	4
or MKTG 2209	Introduction to Marketing	

### Electives

Code	Title	Hours
Complete three of the following:		12
MKTG 2301	Marketing and Society

MKTG 4420	Sales Management	
MKTG 4720	Understanding the Platform Economy	
MKTG 4502	Managing Customer Engagement in a Service World	
MKTG 4504	Advertising and Brand Promotion	
MKTG 4506	Consumer Behavior	
MKTG 4508	Digital Marketing	
MKTG 4510	New Product Development	
MKTG 4512	International Marketing	
MKTG 4520	Business-to-Business Marketing	

### GPA Requirement

Minimum 2.000 GPA required in all courses completed

## Marketing Analytics, Minor

Marketing analytics comprises the data-driven methods, techniques, and technologies that enable marketers to evaluate the success of their marketing initiatives and campaigns. This minor, aimed at non-D'Amore-McKim students offers the opportunity to learn the cutting-edge skills necessary to harness, process, and analyze data to address modern marketing challenges. It combines programming, quantitative analysis, data-driven consumer insights and predictive modeling into an integrated curriculum that is designed to prepare students for successful careers in marketing analytics and other data-driven business specializations.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* Students in D'Amore-McKim or in a combined program with D'Amore McKim are not allowed to take this minor.

### Required Courses

Code	Title	Hours
MKTG 2209	Introduction to Marketing	4
or MKTG 2201	Introduction to Marketing	
MKTG 2602	Quantitative Analysis of Consumer Data	4
MKTG 3402	Gaining Insights from Consumer Data	4
MKTG 3501	Marketing Analytics	4

### GPA Requirement

Minimum 2.000 GPA required in all completed courses

## Social Innovation and Entrepreneurship, Minor

This five-course interdisciplinary Minor in Social Innovation and Entrepreneurship is administered by the D'Amore-McKim School of Business through its Entrepreneurship and Innovation Group in collaboration with the College of Social Sciences and Humanities (CSSH).

The minor consists of four on-campus courses and one course from a two-course Dialogue of Civilizations program. The minor is open to business and nonbusiness students. Several of the courses included in this minor may also apply to other programs or individual course requirements. Because this minor is interdisciplinary, a student may apply only three courses from any one college toward completion of the minor.

Finally, note that business students can pursue this minor or alternatively choose to pursue the Social Innovation and Entrepreneurship concentration, which requires courses in social entrepreneurship and does not require a Dialogue.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* No more than three courses may be taken from any one college.

### Required Courses

Code	Title	Hours
INNO 2206	Global Social Enterprise	4
Approved course from Dialogue of Civilizations or another approved program.		4

### Electives

Code	Title	Hours
Complete one of the following:		4
INNO 2414	Social Responsibility of Business in an Age of Inequality	
INNO 3520	Impact Investing and Social Finance	
INNO 4506	Integrated Studies in Social Innovation and Entrepreneurship	
Complete two of the following:		8
ANTH 2305	Global Markets and Local Culture	
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	
INTL 1101	Globalization and International Affairs	
INTL 3400	International Conflict and Negotiation	
POLS 3406	International Law	
POLS 3487	Politics of Developing Nations	

### GPA Requirement

2.000 GPA required in the minor

## Strategy, Minor

The strategy minor is open to undergraduate students with any major or concentration. The curriculum is designed to develop students' ability to assume the role of a general manager and to think constructively about the strategic focus and direction of an organization, as well as its relative competitive strengths and weaknesses. Broad topics include the appropriate criteria and processes for general management decision making, especially under conditions of uncertainty; strategies a firm can follow in order to gain competitive advantage when entering into, competing within, and exiting from individual markets and how these strategies interact when the firm competes in several markets; and the optimal boundaries of the firm—the advantages and disadvantages its unique history and resources give it. The strategy minor may be of particular interest for students who plan to pursue careers in general management, management consulting, new venture management, venture capital, corporate planning, and investment banking.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
STRT 4501	Strategy in Action	4
or INTB 4202	Executing Global Strategy	
or STRT 4509	Strategic Management	

Nonbusiness students must complete STRT 4509.

### Electives

Code	Title	Hours
Complete three of the following:		12
ENTR 3305	Business Model Design and Innovation	
FINA 4420	Mergers and Acquisitions	
INNO 2414	Social Responsibility of Business in an Age of Inequality	
INNO 4225	Growth, Acquisitions, and Alliances	
INTB 2501	Competing to Win in Emerging Markets	
INTB 3320	International Business Management and Environment	
MGMT 4310	The Management Practices of Great Organizations	
MGMT 4550	Management Consulting in Organizations	
or BUSN 3110	The Consulting Environment	
MKTG 3301	Marketing Management	
SCHM 4401	Contemporary Topics in Supply Chain Management	
STRT 4301	Strategic Analysis and Decision Making	

### GPA Requirement

2.000 GPA required in the minor

## Supply Chain Management, Minor

The supply chain management minor is open to nonbusiness undergraduate students with any major and is comprised of contemporary courses taught from a global business perspective. Intended for future leaders, this minor intends to prepare students to understand and use supply chain tools and apply that framework to effectively manage numerous opportunities and risks across today's global supply chains. The minor includes both fundamental courses and those geared toward more specific management and analytical challenges. These courses include real-world case examples, grounded in relevant theories and principles. Learning is reinforced through various analytical tools that are designed to develop necessary skills and knowledge for tomorrow's work environment. Students have the opportunity to explore specific practice areas, such as analytics, healthcare operations, negotiating, demand planning, and logistics/transportation. In addition, the minor offers students an opportunity to gain insight and develop perspectives for important topics such as deglobalization/globalization and emerging technologies, such as blockchain, additive manufacturing, and smart robotics.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Only four credits may be double counted toward a different minor.

### Required Course

Code	Title	Hours
SCHM 2301	Supply Chain and Operations Management	4

### Electives

Code	Title	Hours
Complete three of the following:		12

(At least 8 credits must come from SCHM courses.)

ACCT 3416	Strategic Cost Analysis for Decision Making
ENTR 3401	Consulting Operations Growth in SMEs
FINA 4340	Blockchain Applications in Finance
IE 2310	Introduction to Industrial Engineering
INTB 3310	Cultural Aspects of International Business
MGMT 3302	Negotiating in Business
MISM 2301	Introduction to Information Systems and Digital Technologies
MISM 2510	Fundamentals of Information Analytics
MKTG 3501	Marketing Analytics
SCHM 3301	Global Supply Chain Strategy
SCHM 3305	Sourcing, Procurement, and Negotiation
SCHM 3308	Supply Chain Analytics and Emerging Technologies
SCHM 3310	Logistics and Transportation Management
SCHM 3315	Managing Healthcare Operations and Supply Chain
SCHM 4401	Contemporary Topics in Supply Chain Management

### GPA Requirement

2.000 GPA required in the minor

## Sustainable Business Practices, Minor

The minor in sustainable business practices seeks to provide students with a deeper understanding of sustainability issues and the tools to address these issues in a business environment. This interdisciplinary minor is open to business and nonbusiness students.

### Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

*Note:* No more than three courses may be taken from any one college.

### Required Course

Code	Title	Hours
FINA 2720	Sustainability in the Business Environment	4

### Electives

Code	Title	Hours
Complete three of the following:		12
CIVE 2334	Environmental Engineering: Principles, Technology, and Sustainability	
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
ENVR 1101	Environmental Science	
ENVR 1200	Dynamic Earth	
FINA 3401	Responsible Investing	
INNO 2206	Global Social Enterprise	
INNO 2414	Social Responsibility of Business in an Age of Inequality	
INNO 3520	Impact Investing and Social Finance	
INNO 4506	Integrated Studies in Social Innovation and Entrepreneurship	
INTB 1203	International Business and Global Social Responsibility	
INTB 1209	International Business and Global Social Responsibility (Only available to non-business students)	
INTB 2501	Competing to Win in Emerging Markets	
MKTG 2301	Marketing and Society	
PHIL 1180	Environmental Ethics	
PHYS 1132	Energy, Environment, and Society	
POLS 2395	Environmental Politics and Policy	
SOCL 1246	Environment and Society	

### GPA Requirement

2.000 GPA required in the minor

## Accelerated Bachelor/Graduate Degree Programs

Northeastern University's D'Amore-McKim School of Business develops leaders and thinkers who will guide the future of work that is being transformed by technology and data. The D'Amore-McKim PlusOne accelerated master's programs (<https://damore-mckim.northeastern.edu/programs/?s=&filters%5B%5D=program%7Ctype%7Cplus-one&filters%5B%5D=program%7Ctype%7Cundergraduate>) provide motivated students with the opportunity to start earning their master's degree while pursuing their undergraduate education.

Depending on the program, students accepted into a PlusOne accelerated master's may take up to a total of 16 graduate credits while they are undergraduates and can apply those credits toward both the bachelor and master's degrees.

## Khoury College of Computer Sciences

Website (<http://www.khoury.northeastern.edu/undergraduate/>)

**Elizabeth Mynatt, PhD**, Dean

**Ben Hescott, PhD**, Teaching Professor, Senior Associate Dean of Academic Programs and Student Experience

**Christo Wilson, PhD**, Associate Professor, Associate Dean of Undergraduate Programs, Director of Cybersecurity Program

**Byron Wallace, PhD**, Associate Professor, Director of Data Science Program

202 West Village H

617.373.2462

[khoury-advising@northeastern.edu](mailto:khoury-advising@northeastern.edu)

Computing has transformed the way people work and live, and its applications are limitless. Today, an understanding of computing is critical in business, healthcare, science, digital art, and other areas of our information-driven society. Computing knowledge and computing technology also contribute to resolving major issues in an increasingly complex world.

The Khoury College of Computer Sciences offers undergraduate programs that combine a strong foundation in computing with the opportunity to acquire a deep knowledge of another discipline in which computing plays a critical role. The college offers undergraduate degree programs in computer science (BS and BA), data science (BS), and cybersecurity (BS) and over 25 combined majors with partner departments in six other Northeastern University colleges, allowing students to engage in intense study in two disciplines. The Bachelor of Science in Computer Science emphasizes strong technical competence in computer science, mathematics, science, and electrical engineering. The Bachelor of Arts in Computer Science combines computer science with a broad-based liberal arts education. The Bachelor of Science in Data Science combines computer science, information science, mathematics, statistics, and probability theory into an integrated curriculum. The Bachelor of Science in Cybersecurity provides the fundamental knowledge of computer science with an essential focus on experiential learning through security-related courses.

### Academic Progression Standards

In addition to meeting university progression standards, it is expected that full-time Khoury students enroll in four courses with appropriate labs and recitations and successfully complete at least 12 semester hours each academic semester with an acceptable grade-point average as noted below. Any exceptions to the course load requirement must be approved by the student's academic advisor prior to the start of each semester. Pass/fail courses are restricted to electives outside of the major, minor, and NUpath requirements.

#### GPA REQUIREMENTS FOR GRADUATION

A minimum cumulative GPA requirement of 2.000 in major (CS/CY/DS/IS) courses and a minimum cumulative GPA requirement of 2.000 overall are required for graduation.

#### CRITERIA FOR ACADEMIC PROBATION

Full-time students in Khoury College of Computer Sciences will be placed on academic probation effective for the following academic semester for any of the reasons noted below:

- Not earning at least 12 semester hours in each academic full-term semester (fall, spring)
- Not following a program of study approved by the student's academic advisor

#### *First-Year Students*

- Not maintaining an overall cumulative GPA of at least 1.800 at the end of each full-term semester (fall, spring) of the first-year curriculum and a GPA of at least 2.000 in the major at the end of the second academic full-term semester of the curriculum (spring)

#### *Upperclass and Transfer Students*

- Not maintaining an overall cumulative GPA of at least 2.000 and a GPA of at least 2.000 in the major at the end of the second academic full-term semester of the curriculum completed on campus (fall or spring) and at the end of each full-term academic semester thereafter (fall, spring)

#### ACADEMIC DISMISSAL FROM MAJOR

Not maintaining a GPA of at least 2.000 in the major at the end of the third academic full-term semester and at the end of each full-term academic semester (fall, spring) thereafter will result in dismissal from Khoury College of Computer Sciences.

Students not following a program of study approved by the student's academic advisor for more than one semester may be dismissed from Khoury College of Computer Sciences.

Students dismissed from their major but who are otherwise eligible to remain an active student within the university may continue within Khoury College of Computer Sciences as a transitional major for one semester.

#### ACADEMIC DISMISSAL FROM UNIVERSITY

Students who remain on probation after two full-term academic semesters may be dismissed from the university. This action may appear on the transcript at the end of the second probationary semester. In addition, students who have below a 1.000 GPA or fewer than 4 earned semester hours

in any semester or cumulatively may be dismissed at the discretion of their college. Students may appeal this decision to the Academic Standing Committee of their college. International students must consult with an advisor in the Office of Global Services (<http://www.northeastern.edu/ogs/>) to discuss the impact of an academic dismissal as it relates to nonimmigrant visa status.

### **Program Length**

The Khoury College of Computer Sciences prides itself on flexibility and a very supportive advising staff. Depending upon the number of entry-level/transfer credits, the academic program, and student planning, it is possible to complete the program within four years with at least one experiential experience and usually with two such experiences.

## Computer Science

Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor. Computer science as a discipline draws its inspiration from mathematics, logic, science, and engineering. From these roots, computer science has fashioned paradigms for program structures, algorithms, data representations, efficient use of computational resources, robustness and security, and communication within computers and across networks. The ability to frame problems, select computational models, design program structures, and develop efficient algorithms is as important in computer science as software implementation skill. Computer science is concerned with bringing together all of the intellectual resources needed to enable the rapid and effective development of software to meet the needs of business, research, and end users.

The goal of the undergraduate program in computer science is to teach students the conceptual and practical skills that will enable them to contribute to the development of computational principles and to play a productive role in the software community. To that end, the undergraduate program focuses on the fundamentals of program design including object-oriented design, software development, computer organization, systems and networks, theory of computation, principles of languages, and advanced algorithms and data. The program also offers a variety of electives at the upper undergraduate and beginning graduate levels ranging from more theoretical courses to those that focus on important applications.

### Programs

#### Bachelor of Science in Computer Science (BSCS)

- Computer Science (p. 695)

#### Bachelor of Arts in Computer Science (BACS)

- Computer Science (p. 702)

#### Bachelor of Science (BS)

- Computing and Law (p. 707)

### Minor

- Computer Science (p. 711)

### Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p. )

## Computer Science, BSCS

The Bachelor of Science in Computer Science focuses on the fundamentals of program design, software development, computer organization, systems and networks, theories of computation, principles of languages, and advanced algorithms and data.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200	First Year Seminar	1
CS 1210	Professional Development for Khoury Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2810	Mathematics of Data Models	4
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 3650	Computer Systems	4
CS 3800	Theory of Computation	4
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Security Required Course</b>		
Complete one of the following:		4
CY 2550	Foundations of Cybersecurity	
CY 3740	Systems Security	
CY 4740	Network Security	
<b>Presentation Requirement</b>		
Complete one of the following:		4
COMM 1112	Public Speaking	
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	
COMM 1511	Communication and Storytelling	
THTR 1125	Improvisation	
THTR 1130	Introduction to Acting	
THTR 1180	The Dynamic On-Screen Presenter	
THTR 2345	Acting for the Camera	

### Khoury Elective Courses

Students should plan to take a NUpath capstone using designated courses in either a concentration, computer science electives, or as a general elective.

With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 8 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

## Computer Science Concentrations

Pick one of the following concentrations and complete four courses in that concentration. In all concentrations, up to one Research (CS 4991) course can be substituted with college approval. Any missing prerequisites or NUpath requirements must be taken using computer science or general electives. In particular, students must arrange to take a NUpath capstone using either a course in the concentration or a CS, CY, DS, or IS course taken as a computer science elective or as a general elective.

- Artificial Intelligence (p. 698)
- Foundations (p. 698)
- Human-Centered Computing (p. 698)
- Software (p. 699)
- Systems (p. 699)

## Supporting Courses

Code	Title	Hours
<b>Mathematics Courses</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1365	Introduction to Mathematical Reasoning	4
<b>Computing and Social Issues</b>		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks

## Computer Science, BACS

The Bachelor of Arts in Computer Science offers a similar curriculum to the BS, with slightly fewer Computer Science requirements to allow students to study a foreign language and have a wider choice of electives.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (p. 119). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Computer Science Requirements

Code	Title	Hours
<b>Computer Science Overview</b>		
CS 1200	First Year Seminar	1
CS 1210	Professional Development for Khoury Co-op	1
<b>Computer Science Fundamental Courses</b>		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2810	Mathematics of Data Models	4
<b>Computer Science Required Courses</b>		
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 3650	Computer Systems	4
CS 3800	Theory of Computation	4
CS 4500 or CS 4530	Software Development Fundamentals of Software Engineering	4
<b>Security Required Course</b>		
Complete one of the following:		4
CY 2550	Foundations of Cybersecurity	
CY 3740	Systems Security	
CY 4740	Network Security	
<b>Presentation Requirement</b>		
Complete one of the following:		4
COMM 1112	Public Speaking	
COMM 1113	Business and Professional Speaking	
COMM 1210	Persuasion and Rhetoric	
COMM 1511	Communication and Storytelling	
THTR 1125	Improvisation	
THTR 1130	Introduction to Acting	
THTR 1180	The Dynamic On-Screen Presenter	
THTR 2345	Acting for the Camera	
<b>Khoury Elective Courses</b>		

Students should plan to take a NUPath capstone using designated courses in either a concentration, computer science electives, or as a general elective.

Directed study, project study, and appropriate graduate-level courses may also be taken as upper-division electives with advisor approval.

Complete 4 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:

4

CS 2500 or higher, except CS 5010

CY 2000 or higher, except CY 4930

DS 2500 or higher, except DS 4900

IS 2000 or higher, except IS 4900

## Computer Science Concentrations

Choose one of the following concentrations and complete four courses in that concentration. In all concentrations, up to one Research (CS 4991) course can be substituted with college approval.

- Artificial Intelligence (p. 704)
- Foundations (p. 705)
- Human-Centered Computing (p. 705)
- Software (p. 705)
- Systems (p. 705)

## SUPPORTING COURSES

Code	Title	Hours
<b>Mathematics Courses</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1365	Introduction to Mathematical Reasoning	4
<b>Science Courses</b>		
Complete one course from one of the following groups:		4-5
<i>Biology</i>		
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	
<i>Chemistry</i>		
CHEM 1101 and CHEM 1102 and CHEM 1103	General Chemistry for Health Sciences and Lab for CHEM 1101 and Recitation for CHEM 1101	
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	
CHEM 1161 and CHEM 1162	General Chemistry for Science Majors and Lab for CHEM 1161	
<i>Geology</i>		
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	
ENVR 1202 and ENVR 1203	History of Earth and Life and Interpreting Earth History	
<i>Mathematics</i>		
MATH 1342	Calculus 2 for Science and Engineering	
MATH 2331	Linear Algebra	
MATH 3081	Probability and Statistics	
<i>Physics</i>		
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
<b>Computing and Social Issues</b>		

Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

### Computer Science Writing Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
<b>Advanced Writing in the Disciplines</b>		
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

### Required General Electives

Code	Title	Hours
Complete 28 semester hours of general electives.		28

### Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

### NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Any missing prerequisites or NUpath requirements must be taken using computer science or general electives.

### Program Requirement

133 total semester hours required

### Concentrations

#### ARTIFICIAL INTELLIGENCE CONCENTRATION

Code	Title	Hours
CS 4100	Artificial Intelligence	4
DS 4400	Machine Learning and Data Mining 1	4
Complete two of the following classes not already taken:		8
CS 4120	Natural Language Processing	
CS 4150	Game Artificial Intelligence	
CS 4610	Robotic Science and Systems	
DS 4420	Machine Learning and Data Mining 2	

IS 4200	Information Retrieval	
PSYC 3466	Cognition	

**FOUNDATIONS CONCENTRATION**

Code	Title	Hours
CS 2800	Logic and Computation	4
or CS 4820	Computer-Aided Reasoning	
CS 4805	Fundamentals of Complexity Theory	4
or CS 4810	Advanced Algorithms	
Complete two of the following classes not already taken:		8
CS 3950 and CS 4950	Introduction to Computer Science Research and Computer Science Research Seminar	
CS 4805	Fundamentals of Complexity Theory	
CS 4810	Advanced Algorithms	
CS 4820	Computer-Aided Reasoning	
CS 4830	System Specification, Verification, and Synthesis	
CY 4770	Cryptography	

**HUMAN-CENTERED COMPUTING CONCENTRATION\***

Code	Title	Hours
IS 4300	Human Computer Interaction	4
IS 4800	Empirical Research Methods	4
Complete two of the following classes not already taken:		8
CS 4120	Natural Language Processing	
CS 4520	Mobile Application Development	
CS 4550	Web Development	
DS 4200	Information Presentation and Visualization	
IS 2000	Principles of Information Science	

\* The concentration in human-centered computing requires a fall co-op pattern.

**SOFTWARE CONCENTRATION**

Code	Title	Hours
CS 2800	Logic and Computation	4
CS 4400	Programming Languages	4
CS 4700	Network Fundamentals	4
or CS 4730	Distributed Systems	
Complete one of the following classes not already taken:		4
CS 3520	Programming in C++	
CS 4410	Compilers	
CS 4520	Mobile Application Development	
CS 4550	Web Development	
CS 4700	Network Fundamentals	
CS 4730	Distributed Systems	
CS 4820	Computer-Aided Reasoning	
CS 4830	System Specification, Verification, and Synthesis	

**SYSTEMS CONCENTRATION**

Code	Title	Hours
CS 4700	Network Fundamentals	4
or CS 4730	Distributed Systems	
Complete one of the following classes not already taken:		4
CY 3740	Systems Security	
CY 4740	Network Security	
Complete two of the following classes not already taken:		8
CS 3520	Programming in C++	

CS 4300	Computer Graphics
CY 3740	Systems Security
CS 4610	Robotic Science and Systems
CS 4700	Network Fundamentals
CS 4710	Mobile and Wireless Systems
CS 4730	Distributed Systems
CY 4740	Network Security
CY 4760	Security of Wireless and Mobile Systems

## Plan of Study

### Sample Plan of Study: Four Years, Two Co-ops in Spring/Summer 1

Year 1								
Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours	Hours
CS 1200		1 CS 2510 and CS 2511		5 CS 3500 and CS 3501		5 MATH 1341		4

## Computing and Law, BS

### Overview

Admissions to this program begin Fall 2024.

The Bachelor of Science in Computing and Law program is designed for Khoury students who anticipate working with lawyers, working in heavily regulated industries, or both. Offering knowledge and skills that are highly valued across technology professions, this major will also be helpful for students who are interested in law school.

### Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (p. 128).

### NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (p. 111).

### Core Requirements

Code	Title	Hours
<b>Foundational Courses</b>		
CS 1200	First Year Seminar	1
CS 1210	Professional Development for Khoury Co-op	1
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
<b>Required Major Courses</b>		
<i>Technology</i>		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500	Object-Oriented Design	4
CY 2550	Foundations of Cybersecurity	4
DS 3000	Foundations of Data Science	4
LAW 3101	Introduction to Legal Studies 1: Law and Legal Reasoning	4
LAW 3102	Introduction to Legal Studies 2: Statutes and Regulations	4
<b>Capstone</b>		
Complete one of the following:		4
CS 4100	Artificial Intelligence	
CS 4150	Game Artificial Intelligence	
CS 4300	Computer Graphics	
CS 4410	Compilers	
CS 4550	Web Development	
CS 4820	Computer-Aided Reasoning	
CS 4991	Research	
CY 4930	Cybersecurity Capstone	
DS 4400	Machine Learning and Data Mining 1	
DS 4420	Machine Learning and Data Mining 2	
<b>Law Electives</b>		
Complete six of the following:		24
LAW 3140	Data Regulation and Compliance	
LAW 3150	Introduction to Law and Organizational Management	
LAW 3160	Introduction to International Regulations and Business Strategies	

LAW 3170	Introduction to Financial Transactions
LAW 3180	Introduction to Health Law
LAW 3210	Introduction to Employee Rights and Employer Obligations
LAW 3232	Introduction to Intellectual Property and Media
LAW 3320	Introduction to Intellectual Property
LAW 3321	Introduction to Identifying and Securing Intellectual Property Rights
LAW 4335	Health Law and Policy
LAW 4369	Advanced Intellectual Property
LAW 4501	Patent Law and Practice
LAW 4525	Law and Economic Development
LAW 4640	Issues in Information Security Law
LAW 4664	Law and Inequality
LAW 4681	Issues in Law and Biotechnology

### Supporting Courses

Code	Title	Hours
<b>Mathematics</b>		
MATH 1341	Calculus 1 for Science and Engineering	4
<b>Computing and Social Issues</b>		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300 or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

### Integrative Coursework

Code	Title	Hours
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
LAW 3120 or LAW 3130	Introduction to Law and Strategy Introduction to Negotiation and Advocacy	4

### Writing Requirement

Code	Title	Hours
<b>College Writing</b>		
ENGW 1111	First-Year Writing	4
<b>Advanced Writing in the Disciplines</b>		
ENGW 3302 or ENGW 3315	Advanced Writing in the Technical Professions Interdisciplinary Advanced Writing in the Disciplines	4

### Required General Electives

Code	Title	Hours
Complete 36 semester hours of general electives.		36

### Co-op Requirement

Code	Title	Hours
Complete one of the following:		
COOP 3945	Co-op Work Experience	
COOP 3948	Co-op Work Experience Abroad	

## Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

## Program Requirement

133 total semester hours required

## Plan of Study

## Computer Science, Minor

A computer science minor is designed to provide the computer science skills and know-how you need to succeed in today's highly digital world. A minor requires completion of five CS courses—more than enough to gain proficiency while easily fitting around your major requirements. No prior programming experience is needed.

Looking to gain technical knowledge that directly applies to your major? Students have the option to pursue a Khoury meaningful minor.

### Minor Requirements

*Note:* Khoury minors are only available to non-Khoury majors; students in Khoury-only or Khoury-combined degrees are not eligible for Khoury minors. A student may receive at most one Khoury minor, regardless of how many Khoury minors they qualify for.

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

### Required Courses

Code	Title	Hours
<b>Computer Science Fundamental Courses</b>		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5

### Computer Science Electives

Code	Title	Hours
Complete three courses that are not already required in the following ranges:		12
CS 2500 to CS 7999 but not CS 3950, CS 4950, or CS 5010
