MISSION STATEMENT

At ELI we are dedicated to providing high quality English language instruction at a reasonable price in a friendly and welcoming setting. Our goal is to help students improve their English language abilities for academic success, career advancement, and everyday social and practical purposes. We strive to foster global communication and cross-cultural understanding while supporting the well-being of our students and team.

HISTORY

English Language Institute is a private institution which was established in 1995 with the intent of providing students the opportunity to learn English as a Second Language in a professional and affordable setting. We've always believed in hiring well-trained and experienced instructors to help students reach their English language goals. We are accredited by ACCET. We are

approved to operate by the Bureau of Private Postsecondary Education (approval to operate means compliance with state standards as set forth by the Ed. Code). We are authorized under federal law to enroll non-immigrant alien students. We issue I-20's so that our students can apply for a F-1 Student Visa. We offer free visa advice but do not provide legal counsel.

In 2017, two members of the ELI staff purchased the school. ELI is now 100% owned and managed by ESL teachers.

It's my goal to create a safe, fun and positive environment where all feel welcome to learn and grow. ELI is dedicated to supporting students, teachers and staff in reaching their academic, professional and life goals. We at ELI are incredibly fortunate that our school is located in a beautiful, world class city that values diversity and innovation. Dave Switzer

Teacher

Dave was born at Kent State University but grew up in Estes Park, Colorado. It is a high mountain gateway tourist town to Rocky Mountain National Park. Dave received a double B.A. from Colorado State University in History and Sociology, an M.S. in Information Technology from Regis University and took an additional two years of graduate work in history at Colorado State University.

Dave’s first teaching experience came in Germany while in the U.S. Army teaching suicide prevention classes to line sergeants. Later he taught large history classes while at graduate school but then went into the business world. Many years later he took up teaching English and intercultural communication in the Bay area and then taught and managed teachers in Shanghai for 11 years first at a for profit language school and then at a Shanghai University of Finance and Economics . He enjoys teaching English because he loves meeting students from many backgrounds, discovering their needs and goals, and then helping them fulfill those needs and goals.

Dave likes reading history and playing history strategy games in his off time. He likes to go for walks on the beach and in nature parks, watch plays, and listen to any kind of underground music. He is also a follower of several sports including professional cycling, basketball, and American football. He has studied German, Mandarin, and a little Spanish.

Message from Dave on why he enjoys teaching at ELI—*ELI is a place where I can meet people from all over the world with different cultural backgrounds, interests, knowledge, and opinions. In addition, I enjoy ELI’s location both for the view and the variety of interesting places very nearby. I hope to see you soon!*

Sadie Peckens

Teacher

Sadie is an enthusiastic teacher and learner. Sadie earned a BA in English from Michigan State University, an MA in Museum Studies with a Focus on Education from San Francisco State University, and a TEFL Certificate from the International TEFL Academy.

Sadie taught ESL to adults and children in Thailand in 2009, volunteered for a TESL project in Ghana, and tutored ESL for private clients. Driven by her passion for education, she designed and taught docent training sessions at the California Academy of Sciences for two years, and volunteered with education teams at various museums, including the former Museum of Craft and Folk Art, The Mexican Museum, and The Museum of the African Diaspora. Shaped

by her museum education background, Sadie's teaching philosophy is to teach grammar concepts with multiple points of entry, through a lens of interesting and relevant themes.

Message from Sadie on why she enjoys teaching at ELI--I love teaching at ELI because I get to meet amazing students and colleagues! It is a joy to be part of a school that brings people from all over the world together. Working with students to achieve their language goals is my passion. I am so happy to be doing what I love, at a beautiful school, with amazing colleagues and students who I respect and admire.

Kai Lee

Teacher

Kai was born and raised in San Francisco, California. He graduated from the University of California Riverside with a B.A. in Creative Writing. He has taught a wide variety of levels - from beginner to TOEFL - and has so far taught abroad in South Korea for one year.

Like the English language itself, Kai's methodology of teaching is always changing and improving. He believes in "adaptive thinking" - altering the way one approaches things to succeed in any given situation. As each student, class, and environment is different, he strives to be adaptable to them to reach as many people as he can. He loves being an ESL teacher, and always tries to make the class engaging and educational.

Message from Kai - Why do I like teaching at ELI? A number of reasons. The staff is welcoming and communicative, a place where I truly feel like it's a functioning team that's willing to help each other and treat each other as people rather than just workers. The location is great, within Embarcadero Center where there's no shortage of fun things to do around the area. ESL teaching is also unlike many other jobs, a job that encourages constant opportunities to grow and creative ways to learn. The best part is of course the students; passionate, insightful, and intelligent individuals to connect to. It is always exciting to hear from people from different backgrounds, and an honor to help them along their paths. These are but a couple reasons why I enjoy working at ELI. And also, the coffee is fresh.

OUR FACILITIES

We are located in the One Embarcadero Center in the heart of downtown San Francisco.

The Institute is located on the 2nd floor accessible both by elevators and stairs. There are twelve classrooms used for instruction. Each classroom is provided with the necessary equipment to conduct a lesson.

Our programs are based on 12-13-week quarters. There is a midterm and final exam for each 12-13-week quarter. Student advancement is outlined in the Academic Advancement section of this catalog. All instruction occurs in English.

Online Versions of our Programs

ELI's teachers use these platforms to maximize regular and substantive interaction between a) students and their teachers, b) students and other students, and c) students and instructional materials.

The new student orientation will provide explanation of and training in the use of these platforms for new students.

ELI Minimum Technology Requirements for our Online Programs:

- A stable Internet connection capable of supporting Zoom video conferences, Google Classroom, and WhatsApp.

SCHOOL POLICY AND STUDENT RESPONSIBILITIES

ADMISSION

Students are expected to be able to benefit from the instruction offered (Levels A2-C2 on the CEFR). If a student doesn't have the academic preparation necessary to succeed in our classes, the Academic Director and the student and teacher will hold a conference to see if the student should continue. Students must be 16 years of age or older to attend the school. Students under 18 need to have a Release of Liability form signed by their parent or guardian.

ACCEPTANCE of TRANSFER CREDITS or CHALLENGE EXAMS or EXPERIENTIAL LEARNING

ELI does not accept transfer credits earned at other institutions or through challenge examinations and achievement tests. ELI also does not award credit for prior experiential learning.

ABILITY TO BENEFIT

The California government requires ESL schools to demonstrate that the students they enroll have the ability to benefit from the instruction they will receive at the ESL school. This ability to benefit must be verified and documented by completing the ELI Placement Test prior to officially enrolling at English Language Institute.

The ELI Placement Test results are used to place each student in the appropriate level of instruction at ELI.

Students can apply at the school office Monday through Friday, during regular business hours, for admission. Students can also email the school for an application or visit our website www.eli.edu to fill out an online application.

ADMISSION FOR STUDENTS WITH SPECIAL NEEDS

ELI is committed to making sure all students receive the education they desire. Students with special needs will be accommodated to the best of our abilities. We have wheelchair access from street level and will work hard to provide any other requests. Please contact our office to allow us time to resolve any barriers that may be preventing admission or enrollment.

ENROLLMENT

Application:

Students complete an application on the ELI website or in person in the ELI office. Online applicants are guided through the application process by a member of the Online Admissions Team. In-person applicants are guided through the application process by a member of the Student Services Team. All ELI team members reference the applicable Application Checklist when assisting applicants. Standard Application Emails are used when corresponding with applicants via email.

Enrollment Agreement:

The new student orientation process covers the California government (BPPE) required Enrollment Agreement in detail. The orientation presenter walks students through each section of the Enrollment Agreement. The Enrollment Agreement contains a copy of the **School Performance Fact Sheet** (required by the BPPE). The Enrollment Agreement is written in as basic English as possible (while meeting all BPPE requirements). The Enrollment Agreement is available on our website to allow students to review it in detail before enrolling. Every effort is made by our staff to assist students with understanding the conditions of the Enrollment Agreement, disclosures, and statements. Our staff will attempt to explain the documents in the student's native language if possible or attempt to find someone who can explain the documents

if requested. If an explanation in the student's native language is not possible, the student will be given the chance to have the document translated before signing it.

In Q3 of 2019, we started emailing new students their enrollment agreements via Adobe Sign. This allows new students to review the specific details of their enrollment agreement before it is reviewed during the new student orientation.

Any written contract or agreement signed by a prospective student shall not become operative until the student attends the first class or session of instruction.

PLACEMENT TESTING

New students take the CELT placement test (listening and structure sections) with a standardized oral interview prior to the new student orientation (held via Zoom the Friday before the student's first day of class) .

Students are placed in the appropriate instructional level based on their placement test score and the results of their oral placement evaluation and with reference to the Entrance Exam Placement Guide.

Students whose placement test scores fall outside of the study options offered at ELI will be advised of alternative options at institutions with study options suited for their level or directed to our Tutoring program.

We currently provide instructional levels A2 through C2 on the CEFR.

TEXTBOOKS

Students may not attend class without a textbook (available for purchase or rental). This applies to both on-campus and IDL programs.

COPYRIGHT INFRINGEMENT POLICY

ELI adheres to the Copyright law of the United States and prohibits the illegal copying of copyrighted texts, publications, documents, and computer software or peer to peer file sharing.

FINANCIAL AID

English Language Institute does not participate in any Federal or State financial aid programs. Students are responsible for paying their tuition directly.

ACCOMMODATIONS

The California government requires us to state that, “our institution has no responsibility to find or assist a student in finding housing.” However, there are a variety of housing options in San Francisco. These options include hostels, student residence hotels, host families, and rooms/apartments/homes for rent. We estimate the monthly cost of student housing to range from \$720-\$2000. A number of local residence hotels offer special discounts to ELI students

More information about accommodations (including ELI student discounts) is available at <http://www.eli.edu/eli-san-francisco-housing/>

NO DISCRIMINATION POLICY

English Language Institute does not discriminate on the basis of sex, gender identity, race, sexual orientation, ethnic origin, religion, or any other protected classification under federal, state or local law. Any incident of harassment or discrimination should be immediately reported to the Executive Director.

SEXUAL HARASSMENT POLICY

ELI is a place for learning and growing. You should feel safe and comfortable in our school. In order to meet this objective, you should alert your teacher or an administrator and let them know if an unsafe, unwelcome, or uncomfortable situation arises that interferes with the learning process. Also, if there are circumstances which can be corrected to enhance your performance in class, please inform your teacher or an administrator.

ATTENDANCE POLICY

Students must maintain 80% attendance or higher to be considered in status. If a student (enrolled for a minimum of 6 weeks) has an attendance rate of less than 60% for an academic quarter, that student’s I-20 will be terminated. If a student is absent for 4 consecutive weeks of class without contacting the school, their I-20 will be terminated.

For in-person students, the last date of attendance (LDA) is defined as the date on which the student last attended class. For online students the last date of attendance (LDA) is defined as the date on which the student attended their last synchronous class session or the date on which they submitted their last asynchronous assignment, whichever occurred last.

A student whose I-20 is terminated, must seek reinstatement or leave the United States immediately.

Attendance Probation: Students who fail to maintain 80% attendance or higher for an academic quarter are placed on Attendance Probation and issued a written Notice of Attendance Probation.

If a student on Attendance Probation fails to achieve an attendance rate of 80% or higher for the next quarter after being placed on Attendance Probation and their overall attendance rate at ELI is below 80%, their I-20 will be terminated. If a student's I-20 is terminated, the student must seek reinstatement or leave the United States immediately. A student whose I-20 is terminated for failure to maintain status has the right to have their terminated I-20 transferred to another school for reinstatement.

Students can only successfully finish Attendance Probation by achieving 80% attendance or higher for the full academic quarter after being placed on probation.

Students must have a cumulative attendance rate of 80% or higher and not be on Attendance Probation to successfully complete our programs.

Appealing Probation: Students may appeal their probation. Students must submit a written request for appeal within one week of receiving their probation notice. The Academic Director will review the appeal and request supporting documentation if needed. The Academic Director will then refer the appeal to the review committee (consisting of the Director of Compliance, Student Services Director, and Executive Director). If any member of the review committee is directly involved in the issuing of the probation, he or she will be removed from the committee and replaced by a staff member not involved with the issuing of the probation. The review committee will respond to the appeal within 5 business days of receiving the written request for appeal and any required supporting documentation.

TARDY POLICY

For on-campus in-person classes, if a student is more than 15 minutes late for any class period, the student is marked absent for that period.

IDL (Online) Instruction Update May 2021: If a student is more than 15 minutes late for any synchronous class period, the student is marked absent for 1 hour of attendance.

LEAVING CLASS EARLY

For on-campus in-person classes, if a student leaves class 15 or more minutes early, the student will be marked absent for that period.

IDL (Online) Instruction Update May 2021: If a student leaves any synchronous class period 15 or more minutes early, the student will be marked absent for 1 hour of attendance.

VACATION POLICY

In order to qualify for a vacation, a student must complete a full 12-13 week academic quarter. Students must also have a minimum of 2 weeks of study remaining after their vacation end date to qualify for vacation.

Students earn 2 weeks of vacation for each 3 months of study at our school. Students may take a maximum of 4 weeks of vacation at a time. Students are limited to taking a maximum of 4 weeks of vacation in an academic quarter and a maximum of 8 weeks of vacation in a calendar year.

A student who wishes to take a vacation must notify the school in writing by completing an official vacation request form in the school office at least one week prior to the proposed vacation start date. This is required in order to allow for time to process the vacation request, verify the student's eligibility for a vacation, and remind the student of the attendance and academic progress implications of taking a vacation.

A DSO will terminate the I-20 (authorized early withdrawal) of any F-1 student who will leave the country for more than 30 days while on vacation. At least 30 days prior to their reentry into the USA, the student must provide travel evidence showing that they will return to the USA. A DSO will then submit a correction request in SEVIS to return the student's record to active status. This termination procedure is not required when the student's earned international vacation is combined with ELI's annual winter holiday break.

LEAVE OF ABSENCE POLICY

Students may take a leave of absence for serious medical reasons or family emergencies. Students must document the reason for the leave of absence. Any paid tuition will be carried forward. Students must complete a leave of absence form prior to their departure unless the nature of the cause for the leave of absence makes this impossible. Students placed on a leave of absence will have a maximum of 60 days or 50% of the study period listed on their I-20, whichever is shorter, to resume classes at ELI or their I-20 will be terminated for failure to maintain status.

A leave of absence may take two forms. **1. Standard Leave of Absence** = When student leaves the USA while on the leave of absence. **2. Medical Leave** = When the student remains in the USA during the leave of absence.

An ELI DSO will update the SEVIS record of any student placed on a leave of absence who will remain in the USA while on the leave of absence (**Medical Leave**). The DSO will request that

the student's record be dropped below a full course of study for the period detailed on the leave of absence form.

An ELI DSO will terminate the I-20 (authorized early withdrawal) of any F-1 student who will leave the country for more than 30 days while on a leave of absence (**Standard Leave of Absence**). At least 30 days prior to their reentry into the USA, the student must provide travel evidence showing that they will return to the USA. An ELI DSO will then submit a correction request in SEVIS to return the student's record to active status.

TRANSFER POLICY

Students have the right to transfer to another school. However, a student's file will only be considered in good standing and therefore "in status" if they have complied with ELI's attendance and academic progress policies. A student who has not complied with ELI's attendance and academic progress policies may still request a transfer, but their I-20 will be terminated before being transferred.

Students who have complied with ELI's attendance and academic progress policies and who wish to transfer out to another school before their ELI I-20 end date may do so, but they must provide documentation (acceptance letter etc.) that they will begin their program of study at the new school within two weeks. If a student fails to provide documentation of starting their new program of study within two weeks of their requested transfer date, their I-20 will be terminated due to unauthorized withdrawal from their program.

CHANGE OF ADDRESS, VISA STATUS, LENGTH OF STUDY

Students must inform the office immediately if they change their address, phone number, email address, visa status, or length of study. F-1 visa students should review <http://studyinthestates.dhs.gov/maintaining-your-status> to make sure that they understand what is required of them as visa students and how to maintain their F-1 visa status.

VISITS ABROAD AND REENTRY

The Director must sign and stamp your I-20 before you leave the country. A valid passport is required to travel to another country, and possibly a tourist visa for the country of destination.

REPLACEMENT OF LOST DOCUMENTS

If you lose your passport or your Form I-20 please tell a member of our student services team immediately.

GRADING POLICY

Teachers give quizzes and other graded assignments on grammar, listening, speaking, reading, writing, and vocabulary at regular intervals as indicated in each course syllabi. Grading is done on a percentage scale. Students must demonstrate mastery of 75% of the material covered in the level in order to advance to the next level of instruction.

Grading Scale:	90% - 100% = excellent	80% - 89% = good
	75% - 79% = satisfactory	60% - 74% = needs improvement
	below 60% = unsatisfactory	

Midterm and Final Examinations

Comprehensive midterm and final exams are conducted each academic quarter (12/13 weeks of instruction) in order to measure students' academic progress. For this purpose, the institution employs tests produced in part by Cengage (The publishing company which publishes the textbook series Grammar Explorer) for the ESL program and tests produced in part by ETS for the TOEFL program.

Grade Reports

Students are issued a midterm and final grade report for each academic quarter (12-13 weeks of instruction). These reports indicate the student's current level, attendance, quiz and graded assignment average, midterm and final exam scores, participation score, teacher assigned benchmark scores for vocabulary, grammar, speaking, listening, reading, and writing, and their overall grade for the period of evaluation. The overall grade is a combination of all student evaluation for a quarter. It is based on the following percentages.

Midterm Exam = 25%

Final Exam = 25%

Average of 6 Teacher Benchmarks = 20%

Average of Weekly Quiz Scores and Graded Assignments = 20%

Participation = 10%

**If a student studies for less than half of an academic quarter, a grade report for their period of enrollment will be issued.

ACADEMIC PROGRESS

Student evaluation is based on academic quarters (12-13 weeks of instruction). Students are issued a midterm and final grade report for each academic quarter (12-13 weeks of instruction).

These reports indicate the student's current level, attendance, quiz and graded assignment average, midterm and final exam scores, participation score, teacher assigned benchmark scores for vocabulary, grammar, speaking, listening, reading, and writing, and their overall grade for the period of evaluation. The overall grade is a combination of all student evaluation for a quarter. It is based on the following percentages.

Midterm Exam = 25%

Final Exam = 25%

Average of 6 Teacher Benchmarks = 20%

Average of Weekly Quiz Scores and Graded Assignments = 20%

Participation = 10%

Academic Progress Policy – Intensive ESL Program (ESOL Levels 1 - 6)

Students qualify for advancement to the next level of instruction by obtaining an overall score of 75% or higher for an academic quarter. The final grade report for each academic quarter indicates if the student has qualified to advance to the next level of instruction.

Students who fail to obtain an overall score of 75% or higher for a level of instruction will be required to repeat the level. A Notice of Repeating Level is issued for students who are required to repeat a level or who elect to repeat a level. This form includes a teacher-created study plan and study goals for each repeating student. The form is issued by the Academic Director and requires the student to include their own study goals/plans and acknowledgment of receipt. Students are only allowed to repeat a level twice. A student who fails to achieve an overall score of 75% or higher for a level in which (due to their enrollment) they did not cover all the material, will not be considered to be repeating the level. A student who elects to repeat a level in which (due to their enrollment) they did not cover all the material, will also not be considered to be repeating the level.

Students with an overall score of 70-74% may request special consideration from the Academic Director to advance to the next level of instruction without achieving an overall score of 75% or higher. Students with an overall score of 75-80% may request special consideration from the Academic Director to electively repeat a level even though their overall score is above 75%.

Under no circumstances may a student study at ELI for a period exceeding 36 months.

Students must have a cumulative academic score of 60% or higher and not be on Academic Probation to successfully complete their program.

Academic Progress Policy – Modular Programs (iBT TOEFL Test Prep, Business English for Entrepreneurs, University Preparation UPrep)

Students who fail to obtain an overall score of 60% or higher are considered to have not passed a 12-13 week module of the program they are enrolled in. For a student that obtains an academic score below 60%, an Academic Progress Notice is issued. The form is issued by the Academic Director, includes a teacher-created study plan and study goals, and requires the student to include their own study goals/plans and acknowledgment of receipt.

Students may elect to repeat a module as needed in order to successfully master the material to their satisfaction and reach their academic goal (i.e. a desired TOEFL score). However, under no circumstances may a student study at ELI for a period exceeding 36 months.

If, due to the timing of a student's enrollment, they continue the course in the following quarter to complete the entire 12-13 week module, they will not be considered to be repeating the course.

Students must have a cumulative academic score of 60% or higher to successfully graduate from ELI.

ACADEMIC PROBATION

Students must maintain a satisfactory level of academic performance. At our school this means achieving an overall grade of 60% for each academic quarter (12-13 weeks of instruction). If a student fails to achieve an overall grade of 60% or higher for an academic quarter, the student is placed on Academic Probation for the next academic quarter. The student must achieve an overall grade of 60% or higher for the next academic quarter or we will be forced to terminate their I-20. Academic Probation lasts for the full academic quarter after being placed on probation. A written notice of probation is issued to the student. The final report for each quarter also indicates if the student has been placed on probation and lists the consequences of not achieving an overall grade of 60% or higher while on Academic Probation.

Appealing Probation: Students may appeal their probation. Students must submit a written request for appeal within one week of receiving their probation notice. The Academic Director will review the appeal and request supporting documentation if needed. The Academic Director will then refer the appeal to the review committee (consisting of the Director of Compliance, Student Services Director, and Executive Director). If any member of the review committee is directly involved in the issuing of the probation, he or she will be removed from the committee and replaced by a staff member not involved with the issuing of the probation. The review committee will respond to the appeal within 5 business days of receiving the written request for appeal and any required supporting documentation.

MAKE-UP WORK

Teachers are not expected to accommodate make-up work. However, regarding special circumstances students may have an opportunity to make-up coursework or exams. Students are not able to make up any absences to improve their attendance percentage.

CERTIFICATE OF COMPLETION

A Certificate of Completion is awarded to students that successfully complete a course of study at English Language Institute. The schedule for completion is outlined in the Enrollment Agreement. Students must have a cumulative academic score of 60% or higher as well as a cumulative attendance rate of 80% or higher to successfully complete their program. Students must also not be on Attendance or Academic Probation in order to successfully complete their program.

PRE AND POST TEST

Students with student visas or students who stay more than 4 weeks are required to take the CELT test on their last day of school. This is the same test that all students take prior to their first day of class as a placement test. The object is to use this pre and post test system as one gauge of student achievement at our school.

COLLEGE AND UNIVERSITY COUNSELING

The office staff is familiar with educational opportunities available to foreign students in the Bay Area and is happy to provide students with college and university counseling. ELI has forged ties with local community colleges and can facilitate students' transfer to these institutions, once they have acquired the necessary English language skills. ELI has conditional acceptance and transfer agreements with The San Mateo County Community College District, The Peralta Community College District, and Seattle Central Community College.

STUDENT CONDUCT AND ACADEMIC INTEGRITY

Students should in no way endanger other students. Doing so is a cause for expulsion. Minor acts of disruption can be handled by counseling and lesser penalties.

In cases of unacceptable student conduct, and at the discretion of the Executive Director, a student may be placed on probation and given an opportunity to demonstrate a change of conduct. Should no improvement take place and should the director and staff feel expulsion is warranted, the student will be asked to leave and unused tuition will be refunded according to the ELI refund policy.

IDL Update August 2020:

STUDENT TUITION RECOVERY FUND

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

REFUND RIGHTS NOTICE

STUDENT'S RIGHT TO CANCEL. You have the right to cancel the enrollment agreement and get a refund. The institution, for all students, without penalty or obligation, shall refund 100 percent of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred and fifty dollars (\$250), if the notice of cancellation is made prior to or on the first day of instruction or the seventh day after enrollment whichever is later.

Cancellation shall occur when you give written notice of cancellation at the address of the Institution shown on the top of this Agreement. You can do this by mail, hand delivery, or email. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage prepaid.

The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by this Agreement.

REFUND INFORMATION. You may withdraw from the program through 60% of your period of financial obligation and receive a prorated refund for the unused portion of the tuition. Your period of financial obligation is indicated on your enrollment agreement. After you study for 60% of your period of financial obligation, no refund is available. For example, if you enrolled for and paid for 12 weeks of study (48 class days of financial obligation), you could withdraw and receive a prorated refund through the first day of the 8th week (29 class days of financial obligation). After the first day of the 8th week there would be no refund available ($29/48 = 60.4\%$ = over 60% of period of financial obligation). If after your original 12 weeks you extended your studies for 4 additional weeks and paid tuition for these 4 weeks (16 class days of financial obligation), you could withdraw and receive a prorated refund through the first day of the 3rd week (9 class days of financial obligation). After the first day of the 3rd week there would be no refund available ($10/16 = 62.5\%$ = over 60% of period of financial obligation).

Prorated refunds are calculated by the day based on your last date of attendance (LDA). For in-person students, the last date of attendance (LDA) is defined as the date on which the student last attended class. For online students the last date of attendance (LDA) is defined as the date on which the student attended their last synchronous class session or the date on which they submitted their last asynchronous assignment, whichever occurred last.

Refunds will be paid within 45 calendar days of your withdrawal. Refunds can only be paid to the person or company from whom the funds originated and in the form of the original payment. The application fee is nonrefundable. If you received a discount for enrolling in and paying for a set number of weeks in advance and withdraw early, your discount will be deducted from the amount refunded. You lose the discount if you withdraw early after one or more weeks of enrollment. Commission paid to agencies is also deducted from the refund amount.

Failure to comply with school policies such as attendance or academic progress can result in automatic withdrawal. If it becomes necessary for the school to automatically withdraw you from our program, the refund policy above will be used to calculate your refund. Any refund due will be paid within 45 days of your automatic withdrawal.

If the school cancels or discontinues a course or educational program in which you are enrolled before your start date, the school will make a full refund of all charges paid for that program. If the school cancels or discontinues a course or educational program in which you are enrolled after your start date, the school will make a full refund of all unused charges paid for that program.

By the end of the course, students should show adequate improvement in:

- Using course vocabulary
- Using an English textbook

Average of Weekly Quiz Scores and Graded Assignments = 20%

Participation = 10%

Homework and Tests:

Homework assignments will be given up to 3 times per week.

Class participation is an important part of your instruction. All students are expected to participate in every class.

Written tests will cover grammar points, vocabulary and other material discussed in class. Students must also participate in monthly school-wide testing.

COURSE GOALS AND OBJECTIVES:

1. The basic focus of ESOL 1 is for students to learn survival English, both spoken and written, which will allow them to function independently. Emphasis is placed on the students' developing the skills to allow them to respond to simple spoken instructions or directions and to informational questions and on the developing "social English"(e.g. introduction, apologies, leave-takings and expressing thanks).
2. A second important objective is to teach fundamentals of grammar and pronunciation, and lay the basis for the development of more advanced reading, writing, speaking and listening skills. The vocabulary of grammar and basic grammatical notions are introduced to allow for future linguistic development.
3. Specific course objectives are listed below in the sections on grammar, vocabulary, reading, writing, speaking, listening, and general skills. The student will have mastered at least 75% of this material before advancing to the next level.

METHODS AND MATERIALS

At this level, students can be very easily discouraged, but as they begin to successfully use controlled fundamentals of the language, they realize English is learnable. It is essential for the teacher to be patient and encouraging.

In ESOL 1, basic survival skills are the students' greatest need. Reading and writing are introduced, but should be given less emphasis than oral skills. The pace should be fairly slow, but the exercises varied, to foster student interest.

Grammar must be systematically introduced using the course textbook as well as teacher-made materials, and reinforced in "spontaneous" conversations and discussions. In addition, the teacher must introduce grammatical terms and concepts, and encourage students to make comparisons with their native languages.

At this level, visual materials are essential teaching tools. The teacher is encouraged to use the Oxford Picture Dictionary of English to develop vocabulary as well as other student-generated visual aids.

EVALUATION

Student evaluation is based on 12-week quarters. Students are issued a midterm and final grade report for each 12-week quarter. This report indicates the student's level, attendance, quiz and graded assignment average, midterm and final exam score, teacher assigned benchmark scores for vocabulary, grammar, speaking, listening, reading, and writing, and their overall score. The overall score is a combination of all student evaluation for a quarter. It is based on the following percentages.

Overall score =

Midterm Exam = 25%

Final Exam = 25%

Average of 6 Teacher Benchmarks = 20%

Average of Weekly Quiz Scores and Graded Assignments = 20%

Participation = 10%

Time to cover all material Intensive ESL: 24 weeks = 432 clock hours (Divided into two 12-week quarters consisting of 216 clock hours each)

Time to cover all material General English: 24 weeks = 396 clock hours (Divided into two 12-week quarters consisting of 198 clock hours each)

Course Objectives:

The basic focus of ESOL 2 is for students to continue gaining communicative ability to function in practical areas. This is achieved with a two-pronged strategy involving a thorough review of basic grammar and the introduction of new vocabulary in order to develop fluency and accuracy on a low level. Students reinforce their basic understanding by generating appropriate language in new contexts. The course teaches skills for vocabulary acquisition through conversation, media, and reading. By the end of ESOL 2 students will be able to communicate their likes and dislikes and make themselves understood in a simple manner; they will understand simple signs and directions and be able to obtain information from simple written English; they will be able to understand simple, clearly spoken words and commands and simple English phrases.

By the end of the course, students should show adequate improvement in:

- Using course vocabulary
- Using grammar points both orally and in writing
- Reading signs and directions and using simple reference materials (phone book, dictionary)
- Communicating simple needs, desires and opinions in one-on-one conversations
- Understanding simple spoken English, when addressed directly

Requirements:

In order to pass the course and be promoted to the next level, students must:

Achieve an overall score of 75%

Overall score =

Midterm Exam = 25%

Instruction in writing focuses on the sentence level and making simple connections between clauses using coordinating conjunctions and parallel structure. Dictation drills are used to reinforce pronunciation rules as well practice writing style.

Reading selections on topics of general interest are used to present more complicated grammatical structures as well as to convey useful information and generate simple discussion. Games, crossword puzzles, and charades are also effective ways of introducing and reinforcing new vocabulary.
