RECORDS POLICY

Student Records—Student records are confidential items. Student records are available to the student or legal guardian by appointment and no original documents are to be taken from the student's folder. Appointment hours to review records are Tuesday - Friday from 9:30 am until 12:30 p.m. No records are to be released to a third party without written permission from the student.

Records Access—Office of Education; Bureau for Private Postsecondary Education; Board of Barbering and Cosmetology; shall have to right to access student records as it pertains to their area of interest.

Institution Student Record Requirements—the institution shall maintain records of the name, address, e- mail address, and telephone number of each student who is enrolled in an educational program in that institution. The institution shall maintain, for each student granted a certificate by that institution, permanent records of all of the following:

- The certificate granted and the date on which that degree or certificate was granted.
- The courses on which the certificate was based.
- The grades earned by the student in each of those courses.

Other Required Institutional Records--The institution shall maintain, for a period of not less than five years, at its principal place of business in this state, complete and accurate records of all of the following information:

- The educational programs offered by the institution and the curriculum for each.
- The names and addresses of the members of the institution's faculty and records of the educational qualifications of each member of the faculty.

Records Retention—the institution shall maintain, for a period of not less than five years, at its principal place of business all the records listed above. Transcripts will maintained permanently.

PROGRESS POLICY

- **ACADEMIC PROGRESS EVALUATION:** Academic progress is measured each month. A student must maintain a grade of "C" or 70% to be considered making satisfactory academic progress. Academic Progress is a measurement of the student's written test scores, worksheet scores, projects scores, and make up work. At least one of these items will be completed each week.
- **PRACTICAL PROGRESS EVALUATION:** Practical progress is recorded on a daily basis on the back of the student's time card. The student is measured on their practical performance each day. A point system is used. The points are recorded on the student's daily time slip and cumulated for the week. An instructor for credit will sign each operation. The operation sheet must be turned in each week for credit. Students turning in the time sheet late must have a documented absence to receive credit. The grading criteria for this performance evaluation will be the "NIC Criteria", published by the Board of Barbering and Cosmetology.
- **ATTENDANCE PROGRESS EVALUATION:** Attendance progress is measured each month. A student must maintain a 70% attendance average to be considered making satisfactory progress. Approved excused absences will not count against the student in maintaining the 70% figure.
- **ABSENCES:** If a student is on an approved absence and making satisfactory progress, they will be considered to be making satisfactory progress on their return. If a student is making unsatisfactory progress at the time of their absence, they will be considered to be making

unsatisfactory progress upon their return. After returning from their absence and making unsatisfactory progress, they will be placed on probation. The Probation Requirements are outlined in this policy.

- **DETERMINATION OF STATUS:** In order to maintain Satisfactory Progress a student must be making a "C" grade or 70% for attendance, practical operations, and test scores.
- **PROBATION:** If a student falls below the attendance, academic, or practical progress average they will be given one a minimum of one week to cure those deficiencies before being put on probation. If after one month on probation the student's attendance, academic, or practical progress averages are still below 70%, they may be dismissed from the program. In case of an approved absence, a student making satisfactory progress will be considered still making satisfactory progress on their return. If they were not making satisfactory progress they will have a minimum of one (1) week to cure their deficiency upon returning to school.
- **DISMISSAL:** If a student does not meet the probation requirements they may be withdrawn from the course for unsatisfactory progress. They will not be re-admitted until a period of 6 months has elapsed. At the time of re-admission the applicant must be able to demonstrate their ability to complete the course. A second re-instatement will not be granted. The school's conduct policy is outlined in the school's Rules and Regulation. Violation of the School's Rules and Regulations are just cause for dismissal.

LEAVE OF ABSENCE:

- An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during an LOA.
- An LOA must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal requiring an institution to perform a refund calculation. In order for an LOA to qualify as an approved LOA:
- All requests for leaves of absence must be submitted in advance in writing, include the reason for the student's request, and include the student's signature.
- Considerations for granting an LOA:
 - The student must follow the institutions policy.
 - There must be a reasonable expectation that the student will return from the LOA.
 - The approval must be made by the institutions supervisor.
 - A normal LOA does not exceed 60 days.
 - The LOA together with any additional leaves of absence must not exceed a total of 180 day in any 12-month period of time.
- The institution may not assess the student any additional institutional charges as a result of the LOA.
- A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time;
- The institution will extend the students' maximum time frame and the contract period by the same number of days taken in the LOA. Changes to the contract period on the enrollment agreement must be initialed by all parties or an addendum must be signed and dated by all parties.
- If a student does not return to the institution at the expiration of an approved LOA (or a student takes an unapproved LOA), the student's withdrawal date is the date the student began the LOA. At an institution required to take attendance, the withdrawal date for the purpose of calculating a refund is always student's last day of attendance.
- The request must be in writing unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to

recover before returning to institution, the student would not have been able to request the LOA in advance.

- The institution may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances if the institution documents the reason for its decision and collects the request from the student at a later date. In this example, *the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.*

CONTROLLED SUBSTANCE

- High school students see current CCOC/ROP contract. Once the high school student has graduated from high school or is no longer attending the regular high school program, then that student shall enter a contract prorated on the afore mentioned formula of the number of hours remaining for the student. (See Enrollment Agreement).
- Excessive absences (3 consecutive days) or excessive tardiness will be reviewed by the school and can result in dismissal or suspension until such time that the student can continue in school without such absences or tardiness. The school can excuse an absence. Approved documentation must be provided. The student, however, will be required to complete the prescribed work that has been missed.

PLACEMENT

Job placement assistance is provided to students and graduates at no additional charge. Graduates are also entitled to continued advice, and assistance that is offered by the school staff as they enter the professional world of cosmetology. During the students training they are given classes on how to make a resume, what to include in a resume pertaining to the course they are studying, portfolio of their work, and are given sample interview questions and questions that they may want to ask the interviewer in the salon, and how to prepare to perform a skills interview, if asked to do so. The students are advised that the law prohibits us from guaranteeing placement as an inducement to enter the college.

CAREER OPPORTUNITIES

Once a student has successfully completed the course(s) and taken the exam given by the Board of Barbering Cosmetology there are other career opportunities. These may include working for product manufactures as educators, platform artists, make-up artists, and manicuring representatives.  - The use of profanity and unprofessional conduct will be cause for disciplinary action.
 - The unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on this property is prohibited.
 - The institution will impose sanctions on students and employees consistent with local, state and federal law, up to and including expulsion or termination of employment and referral for prosecution for violations.

STUDENT TUITION RECOVERY FUND (STRF)

“The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.”

(b) In addition to the statement required under subdivision (a) of this section, a qualifying institution shall include the following statement in its school catalog:

“It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd Ste 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

REFUND AND CANCELLATION INFORMATION

Students Right to Cancel

- The student has a right to cancel this enrollment agreement and obtain a refund paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, by submitting written notice to this school. The appropriate form is available in the school catalog; however, your notice may take any form as long as it is in writing. Your notice must be delivered to the school at 2630 El Camino Real, Santa Clara, CA. 95051. If delivery of the cancellation notice is sent by mail, the cancellation date shall be the postmarked. Provided that any issued equipment / text book(s) are returned, unopened, prior to the class start date, all good funds received by the school from this contract shall be refunded except the registration fee.

- The student may withdraw from the course after the cancellation period and receive a pro-rate refund for the unused portion of the tuition and other refundable charges. ~~For example, if the student were scheduled to complete (regardless of actual attendance) 40 hours of a 400-hour course as of the date of their written notice of withdrawal and they paid \$2800 for tuition, \$150 for registration, and \$670 for the equipment and book, the student would receive a refund of \$1,782.~~
- The amount owed equals the daily charge for the program (total institutional charge, divided by the number of days or hours in the program), multiplied by the number of days student attended, or was scheduled to attend, prior to withdrawal. For example, if the student were scheduled to complete (regardless of actual attendance) 40 hours of a 400-hour course as of the date of their written notice of withdrawal and they paid \$5610 for tuition, \$250 for registration, and \$1760 for the equipment and book, the student would receive a refund of \$3600.
- The school will also refund any prepaid expenses collected from a third party on the student's behalf such as license or application fees. If the school cancels or discontinues a course or education program, the school will make a full refund of all charges. Refund will be paid within 45 days of cancellation or withdrawal. If a student withdraws prior to completing 1000 hours for Cosmetology, 600 hours for Skin care, or 400 hours for Nail, any and all payments will first be applied to the purchase price of any equipment or books discounted at the time of enrollment with the balance of payments being applied to any tuition owed/refund calculation at the regular, non-discounted, tuition rate.
- **Federal and State Financial Aid Programs:** The school does not currently participate in Federal and State Financial Aid Programs.
- **Student Loans:** If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:
 - The federal or state government or a loan guarantee agency may take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
 - The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.
 - If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that if the student receives federal financial aid funds, the student is entitled to a refund of the monies not paid from federal financial aid funds.

If the student receives federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal financial aid funds

- **Grievance Procedures for Students**
 - For both legal and policy reasons, it is desirable that Santa Clara Beauty College students have an established and approved mechanism by which serious grievances may be resolved promptly and equitably. The following procedures should be used by students for the resolution of grievances alleging unfair action on the part of the school's administration or faculty, including discrimination based on race, color, religious belief, political beliefs, sex (including sexual harassment), national or ethnic origin, handicap, age or sexual orientation.
 - A student considering lodging a grievance against another student or other individual who is not a member of the university administration or faculty, and which does not involve behavior covered under the school's disciplinary procedures, should discuss the matter with the supervising instructor or other appropriate faculty member or administrator. If the grievance cannot be resolved informally, the student may ask the management to arrange for mediation of the dispute or to conduct some other process appropriate to the particular circumstance; the process may or may not include elements of the formal grievance procedure described below.
- **Formal Grievance Procedure**
 - An aggrieved student may request resolution of the grievance by initiating the following formal procedure.
 - A formal grievance is a complaint in writing from the student to the management, asking that an ad hoc grievance committee be appointed. The written complaint should be filed within one week of the event to which it refers and should include the following, as appropriate:
 - Statement of the allegation
 - Description of the alleged facts
 - Summary of steps he/she already has taken in attempt to resolve the problem
 - Name/s of the person/s thought to be responsible for the alleged events
 - Other facts considered to be pertinent to the case
 - Signature of the person initiating the complaint
 - The management appoints a grievance committee consisting of a representative of the Faculty Council, at least one member of the school's administration, and a student, chosen, who has completed at least 800 clock hours at the school. This grievance committee is appointed and convened within ten working days of receipt of the written complaint, or sooner if immediate action is required. In all cases, confidentiality is maintained during the selection and appointment process. A quorum requires that all members be present.

- The grievance committee investigates the grievance. This investigation includes, but need not be limited to:
- Meeting/s with the person aggrieved and the person/s (or representatives of the department) grieved against.
- Consultation with such others as the committee deems necessary to provide a thorough investigation of the grievance, including scientific ramifications or concerns, and other mitigating or extenuating circumstances that bear upon the situation.
- The ad hoc grievance committee expeditiously considers the facts of the case and presents a report to the school. The report includes findings of facts and recommendations, if any. Every precaution is taken to ensure the confidentiality of information obtained at meetings of the ad hoc grievance committee. The committee also makes every effort to conclude the investigation promptly and to take any needed remedial action.
- Upon receipt of the report from the grievance committee, the school may exercise the following options:
- Take whatever action he or she feels is warranted, using the report of the grievance committee as advisory information.
Return the matter to the grievance committee for further consideration. This action returns the grievance to Step 3 of this procedure.
- The final action the school constitutes the formal completion of the grievance procedure. The grievance committee is then discharged. The final action is communicated to both the person aggrieved and the person/s grieved against. Once the procedure is completed, all records of the meetings of the committee and the final report of the committee remain in the possession of the school and are treated with appropriate confidentiality.
