WELCOME STUDENT

Dear Students,

The faculty here at Career Development Institute (CDI) would like to congratulate you on your successful admission and welcome you to your new class! You have made an incredibly positive choice to continue your education with us, and all the staff look forward to meeting you and getting to know you. It is a pleasure to have you with us.

CDI is a private post-secondary vocational school dedicated to meeting the demands of the job market in the counties of Tulare, Kings, and Fresno. Moreover, it has been studied carefully to ensure that its program curriculum satisfies not only the needs of potential employers but also the needs of its potential students. We are here to help you succeed. We not only monitor your progress, but our administrative and instructional staff will also meet with each of you individually to discuss your status, evaluate your training, and attempt to resolve personal problems which may affect your studies.

The course of study you have chosen will require dedication and challenging work to successfully enter the working world. Although it will require time and effort, your future will be brighter, and you will have more opportunities to succeed.

We look forward to working with you as you become a well-equipped service provider. The Career Development Institute is here for you. Please take advantage of the opportunity you are taking.

Sincerely,

Hector Cartagena

Office Automation and Customer Service Technician Instructor

Mrs. Maria Hernandez has over 8 years of experience working in an office environment. Some of her duties have included clerical duties, including filing, file management, answering phone calls, data entry, responding to emails, and preparing documents. She has spent the last 4 years teaching as an Office Automation Instructor. Her specialties include Microsoft Word, PowerPoint, creating spreadsheets, Access, and Adobe Acrobat Pro.

Computer Repair Technician Instructor

Mrs. Desirae Sanchez, Computer Repair technician instructor, has over 13 years' experience working with computers and technology. For the past 8 years she has done an excellent job instructing our computer repair technician course. Her wide range of computer skills include troubleshooting, web page design, network setup, and Microsoft Office 2016. Mrs. Sanchez also has experience working with, Adobe Acrobat Pro, QuickBooks Accountant, and Photoshop CC programs.

Building Maintenance Technician Instructor

Our Building Maintenance Instructor, Mr. Angel Leon, has over 25 years of experience in construction. During those 20 years of experience, he worked in an elementary school for 4 years; overseeing the maintenance, carpentry, plumbing, and landscaping of the school facility, all the while maintaining responsibilities for the custodial duties. Mr. Leon had his landscaping and home remodeling business before he became our instructor five years ago. Mr. Leon is a great asset to this institute and is deeply knowledgeable.

Front Office Medical Assistant Instructor

Mr. Hector Duran has been our Front Office Medical Assistant Instructor for over 7 years. He has over 25 years of medical field experience; teaching students how to work with the public, patients, and staff. Mr. Hernandez has also managed the radiology department for 16 years requiring him to keep his staff disciplined and updated with the rules and regulations.

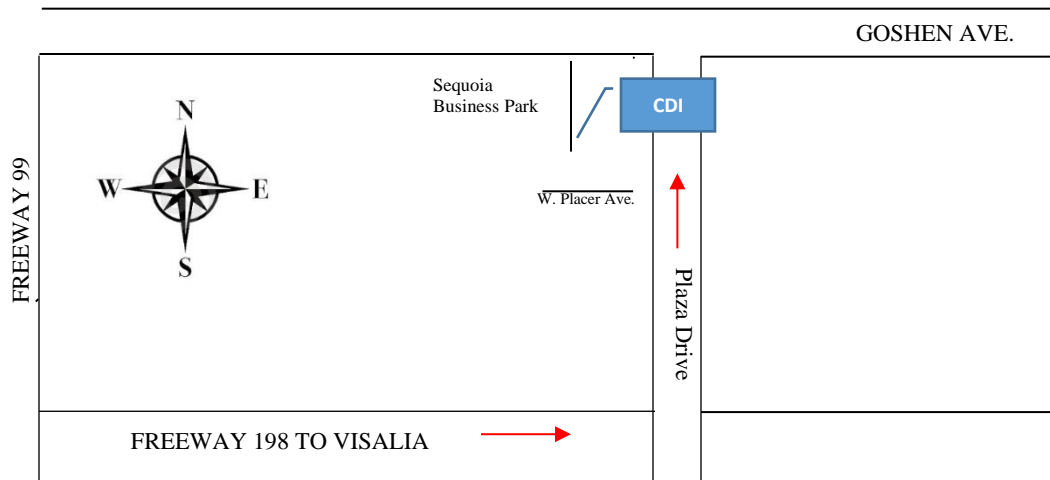

Forklift Instructor

Our Forklift Instructor, Mr. Angel Leon has over 20 years of experience driving sit-down and reach forklifts. Providing instructional training in policy, procedures, and all regulatory compliance related to forklifts and operators, including compliance with local, state and federal rules, regulations and laws.

LIBRARY RESOURCES

Career Development Institute provides additional resources such as books, instructional DVDs, Computer Workstations, and printers to ensure students' success in the course. Students may obtain instructional DVDs/CDs by requesting them from the instructor. Computers are used for course activities and job searches.

MISSION

Career Development Institute strives to educate students with the essential job skills required to present themselves as highly valuable assets to succeed in today's evolving job market. To best accomplish this, we provide them with opportunities to develop the thought processes, knowledge, self-confidence, professionalism, skills, and abilities to gain and maintain employment in their chosen industry.

History

Mr. Hector Cartagena, after extensive research identifying the needs of the local labor market and those of potential students, concluded that he should use his experience working as an instructor in a manner that would better benefit his students.

Mr. Cartagena, having also gone through Vocational Rehabilitation Training, can identify with some of the obstacles, culturally, and personal that faces most of the students he will be assisting. Mr. Cartagena, the son of a farm-working family; without the financial resources, and limited

English proficiency, realized that education was, is, and will always be one of the basic keys to success.

Career Development Institute will be offered as a comfortable, relaxed and intimate environment for learning by limiting class sizes to 10 students per class; hiring bilingual instructors who can not only speak the language but can also recognize potential problems due to cultural differences.

Philosophy

Career Development Institute is a private coeducational post-secondary institution. CDI and its entire staff must commit themselves to help students overcome problems and reach their specific goals. Said goal is to continually enhance and upgrade the curriculum, materials, systems, and facilities to provide the best methods and environment for learning and employ staff committed to a policy of listening to their student's comments and suggestions and attempting to incorporate them into its overall objectives.

Career Development Institute's teaching style relies on instructors adapting to each student's needs. CDI believes in a "hands-on" teaching approach. Our goal is to give students the best opportunity to retain the information they are learning. Our focus is to emphasize the necessary skills to make the student employable.

OBJECTIVE

The Career Development Institute's objectives are to:

- Implement a collaborative learning model to engage diverse learners.
- Promote research, entrepreneurship, and technological innovation.
- Ensure relevance to our corporate partners' learning needs; and,
- Empower our graduates to contribute to the community.

Career Development Institute's academic programs are specifically designed to align with the stated mission and purpose with the following five measurable learning outcomes for each program offered by Career Development Institute:

- Critical Thinking and Problem-Solving.
- Self-Confidence and Personal Growth.
- Professionalism and Work Ethic.
- Teamwork and Collaboration.
- Oral Communication; and Written Communication.

Career Development Institute seeks to ensure that its graduates will demonstrate the following attributes:

- Critical awareness of multiple approaches, methods, and assumptions of different academic disciplines and how these are applied to social and professional problems.
- Personal accountability and effective work habits (e.g., working optimally with others, effectively manage time, and work responsibilities).
- Academic and professional decision-making ability based on commonly accepted ethical standards and practices.
- Collaborate effectively with others to achieve a common goal; and
- Express communication competence (oral and written).

TRANSFER OF CREDITS FROM OTHER INSTITUTIONS

Career Development Institute has not entered into an articulation or transfer agreement with any other college or university.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at *Career Development Institute* is at the complete discretion of the institution to which you may seek to transfer. Acceptance of the certificate you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending *Career Development Institute* to determine if your certificate will transfer.

EXPERIENTIAL CREDIT

Career Development Institute does not provide completion credits toward any of its programs based on experience or knowledge.

Career Development Institute has not entered into an articulation or transfer agreement with any other college or university.

ADMISSIONS POLICIES

Career Development Institute does accept students without a high school diploma or its equivalent, provided they can meet all other admission requirements. A prospective student in this category will be admitted only upon meeting the following requirements: students must be beyond the age of compulsory school attendance (18 for California) and can benefit from the training offered. Those candidates who do not necessarily hold a diploma or certificate will still be eligible for enrollment into Career Development Institute upon obtaining a passing score on an independently administered "ability-to-benefit" examination pursuant to section 484(d) of the Higher Education Act of 1965.

"ABILITY-TO-BENEFIT" ASSESSMENT TESTING

Under section 484(d) of the Higher Education Act of 1965, a student who does not have a high school diploma or its recognized equivalent is referred to as an "ability-to-benefit" student. An "ability-to-benefit" student may not enroll unless the student takes an independently administered examination from the list of examinations prescribed by the United States Department of Education pursuant to Section 484(d) of the federal Higher Education Act of 1965 (20 U.S.C. Sec. 1070a et seq.) and achieves a score of, as specified by the United States Department of Education, demonstrating that the student may benefit from the education and training being offered.

Ability-to-Benefit (ATB) Assessment and Passing Scores:
Combined English Language Skills Assessment (CELSA), Forms 1 and 2
Passing Score: The approved passing scores on this test are as follows:
CELSA Form 1 (97) and CELSA Form 2 (97)

STUDENT LOANS AND FINANCIAL AID

For student tuition assistance, Career Development Institute participates with local WIA, County, State, and Federal Agencies, the Department of Rehabilitation, Insurance Companies, Department of Labor grants, and Public and Private Rehabilitation Agencies.

Career Development Institute is an unaccredited institution. A student enrolled in an unaccredited institution is not eligible for federal financial aid.

If a student obtains a loan or receives financial aid to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and, if the student has received federal student financial aid funds, the student is entitled to a refund of the money's not paid from federal student financial aid program funds. If the student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both the following may occur:

1. The federal or state government or a loan guarantee agency may act against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
2. The student may not be eligible for any other federal student financial aid at another institution or other government financial assistance at another institution until the loan is repaid.

TITLE IV STATEMENT

Career Development Institute is not an accredited institution. Students are not eligible for federal financial aid. Career Development Institute does not participate in federal and state financial aid programs.

STUDENT RECORDS

Student records are maintained for at least five years from the date of the student’s graduation, termination, or withdrawal. They are retained by the school and are available for the students upon individual request. Student Transcripts are retained indefinitely.

STUDENT TUITION RECOVERY FUND

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution who is or was a California resident while enrolled or was enrolled in a residency program if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF, and you are not required to pay the STRF assessment if you are not a California resident or are not enrolled in a residency program.”

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. Ste 225 Sacramento, CA 95834 P.O. Box 980818, West Sacramento, CA 95798-0818 (888) 370-7589, (916) 574-8900 or by fax (916) 263-1897.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss because of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120-day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution more than tuition and other costs.
6. You have been awarded restitution, a refund, or another monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollecting may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four

(4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Questions regarding STRF may be directed to:

Access Without Student Consent

The school may release student information without the written consent of the student to:

- Other schools, CDI or Bureau officials who have legitimate educational interest, Other schools where students have applied for admission, Authorized representatives of the Dept. of Education or the Controller General of the United States of America, and Accrediting agencies, Parents of students who are their dependents, for purposes of the Internal Revenue Code, however, the school is not required to release such records, Appropriate persons or agencies in the event of a health or safety emergency, where such release without consent is necessary under the circumstances, or:
- Organizations conducting studies to develop, validate, and administer predictive tests, to administer students, aid programs, or to improve instruction, in all other cases, the school shall obtain the written consent of the students prior to releasing such information to any person or organization.

Directory Information

Directory Information is information which may be unconditionally released without the consent of the students unless the students have specifically requested that the information not be released. The school requires that such requests (which must specify what categories of information are to be withheld) be made in writing to the school director within fifteen days after students start class.

Policies and Disclosures

All applicants considering enrolling in any educational institution should be very cognizant of all the institution's policies, rules, and regulations. Additionally, there are certain state regulations that every school must adhere to and ensure students are made aware of. These include students' rights, refund policies, the cost and duration of each course, and others that relate to the applicant's benefits.

CANCELLATION AND REFUND POLICY

Student's Right to Cancel

You have the right to cancel an enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later. Cancellation occurs when you give written notice of cancellation to the school administrators. You can do this electronically or physically by mail, fax or in person. The notice of cancellation, if mailed, is effective when deposited in the mail, properly addressed with postage prepaid. This notice need not take any form; it needs only to state you wish to cancel the agreement. If you cancel this agreement, Career Development Institute will refund any money that you paid within 30 days after your written notice is received.

Student's Right to Withdraw

A student must withdraw from a course of instruction before 60% of the course duration is completed to be eligible for a refund. Withdrawals that occur after 60% of the program's scheduled hours do not qualify for a refund. If a student wishes to withdraw from a course of instruction, he or she must do so in writing and meet with the Institute Director of Career Development Institute prior to withdrawal.

Refund Policy

The student has a right to a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later, if he/she cancels this agreement. The student may withdraw from a course after instruction has started and receive a pro-rate refund for the unused portion of tuition for withdrawals prior to sixty (60 %) of the course scheduled hours. Refunds are calculated as of the day following the last day of attendance.

Hypothetical Refund Example

Example: If the student receives only 100 hours instruction for a 400-hour scheduled course and paid \$2,075 in total for training (\$2,000 for tuition and \$75 for registration) the total amount the student or training sponsor would receive as a refund would be \$1,500.

The pro rata refund to the student would be \$1,500.00 based on the calculation stated below.

<i>Tuition Plus Registration per hour</i>	<i>\$2,075.00</i>	<i>\$2,000 divided by 400 hours = \$5.00</i>
<i>Less Registration fee</i>	<i>(\$75.00)</i>	<i>100 hours completed x \$5.00 hour = \$500.00</i>
<i>Total for Calculation</i>	<i>2,000.00</i>

STUDENT COMPLAINT PROCEDURE

If a student has a concern of any kind, it should be discussed with the instructor; if unresolved, or if it's a class concern, it should be discussed by appointment with the instructor. If unresolved after this meeting, the concern should be expressed in writing and submitted to the school Director. A meeting will be held between the student and School Director. If you cannot resolve your concern with the school, your complaint may be directed to:

Student Conduct

At the discretion of the school administrator, a student may be dismissed from the school for any of the following infractions:

- Any episode in which a student is determined to be intoxicated or under the influence of alcohol or drugs.
- Possession of drugs or alcohol on school premises.
- Possession of weapons on school premises.
- Behavior creating a safety hazard to other persons at school.
- Using Profanity.
- Exhibiting discriminatory or disrespectful behavior towards a fellow student, faculty or staff member.
- Sexual harassment.
- Cheating on exams; and
- Any other stated or determined infraction of conduct.

Attendance

Attendance is valued and expected. Students are expected to arrive for classes at the scheduled time and remain on task until their scheduled departure time. Student performance and punctuality are important components of dependability and directly relate to employment options in the business world. To ensure the commitment to student success, Career Development Institute expects that attendance be taken in all classes, starting with the first day of the class.

Career Development Institute recognizes the correlation between attendance within the program of study and success defined as student achievement. Absences prevent students from receiving essential academic information, disrupt orderly course progress, and diminish the quality of group interaction in class. Any class session or activity missed, regardless of cause, reduces the opportunity for learning and may adversely affect a student's achievement in the course. Class attendance is monitored beginning with the first-class meeting, and students are expected to attend all class sessions for which they are scheduled. It is the responsibility of the student to arrange to make up of any course work missed and to notify the instructor when an absence will occur. Career Development Institute does not differentiate between excused and unexcused absences. Students are expected to call in if absent, for courtesy and responsibility, as if they were in the work environment.

Student attendance is recorded by class hours. A student, who has not attended 80% of the total hours required for a program, may be placed on Attendance Probation. If the student misses 20% or more of the scheduled hours for any module, the probation period will be for one month. An

unexcused absence during the probationary period will be considered a cause for dismissal from the program.

Tardiness

Tardiness is disrupting to a good learning environment and is to be discouraged. Tardiness without legitimate reason on two occasions in one class will be penalized with an equivalent point reduction of one unexcused absence. You are considered tardy if you have yet to sign in by the beginning of the class period. The Student Secretary or Management Information Clerk (MIS Clerk) will collect time sheets by ten minutes after the hour from the beginning of the class period.

Leaving Class Early

Students are expected to remain in class until dismissed by the instructor. They must also always remain on the school grounds. Provisions for leaving early should be discussed with the instructor, and a permission slip to leave the class early or vacate the school premises should be submitted to the Student Secretary, otherwise leaving the class early or the premises of the school without permission will be considered as an unexcused absence.

Leave of Absence

A written request for leaves of absence will be considered, and such requests may be granted at the discretion of the instructor, with the final approval of the school administrator. The maximum for leave of absence is 60 days unless it is a medical leave, in which case it can be up to six months. There can only be one (1) leave of absence during the scheduled duration of the course.

STUDENT SEXUAL HARASSMENT POLICY

Policy Overview

It is the policy of the Career Development Institute to ensure that students can learn in a safe and nondiscriminatory educational environment based on religious, racial, sexual harassment, and violence. Career Development Institute prohibits any form of religious, racial, or sexual harassment and violence.

It is a violation of the Career Development Institute's policy for a student, faculty member, staff member, administrator, third party or other employee to harass a student, faculty member, administrator or other college personnel through conduct or communication of a sexual nature. It is a violation of Career Development Institute's policy for any student, faculty member, administrator, third party or other personnel of Career Development Institute to inflict or threaten to inflict, or attempt to inflict sexual violence upon any student, faculty member, administrator or other Career Development Institute personnel.

Definitions—Sexual Harassment

Sexual Harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- submission to that conduct or communication is made a term or condition, either explicitly, of obtaining; or retaining employment, or of obtaining an education; or
- submission to or rejection of that conduct or communication by an individual is used as a factor in; decisions affecting that individual's employment or education; or

- that conduct or communication has the purpose or effect of substantially or unreasonably interfering; with an individual's employment or education, or creating an intimidating, hostile or offensive employment or education environment.

Sexual harassment may also include but is not limited to:

- unwelcome verbal harassment or abuse.
- unwelcome pressure for sexual activity.
- unwelcome, sexually motivated, or inappropriate patting, pinching or physical contact, other than necessary restraint of student(s) by faculty members, administrators, college law enforcement, or other college personnel to avoid physical harm to persons or property.
- unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt threats concerning an individual's employment or educational status.
- unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment regarding an individual's employment or education status; or
- unwelcomed behavior or words directed at an individual because of gender.
- Of importance is to note that sexual harassment or violence does not have to occur between different genders. Same sex harassment and violence will be treated equally as sexual harassment or violence between same sex members.

Reporting

Any person who believes he or she has been the victim of sexual harassment or violence by a student, faculty member, administrator or other college personnel of The Career Development Institute should report the occurrence to any agent or responsible employee of the institute. An employee may be required only to report the harassment to other school officials who have the responsibility to take appropriate action or to take the appropriate action themselves if they are a designated official.

SCHOLASTIC REGULATIONS

At the end of each program module, students will be tested on their knowledge and skills using written and/or performance examinations. Students will be monitored during the training period to ensure that satisfactory academic progress, a "C" average or 70%, is being maintained. Progress reports are issued to students at the end of every four-week reporting period. If a student accrues a less than average grade during a reporting period, he or she will be notified of such unsatisfactory progress and the student will receive mandatory tutoring around his or her weakness. In the event that the student receives a grade less than average for two consecutive reporting periods, the counselor, the student, instructor, and an administrative staff person will decide on the continuation of training. Academic Probation is lifted once the student achieves satisfactory academic progress.

Career Development Institute does not administer a financial aid program; hence there will be no probationary period on those bases. Student should be aware, however, that if sponsored by a third party, said party will be notified and they will have input into whether the student should continue or not. The monitoring of academic progress is solely to ensure that the student's progress does not fall below the institution's standards for graduation, and to keep all parties aware of any problems that might affect the outcome of the training program towards that objective. Students and their counselors are kept aware of class progress, attendance, problem areas, and areas of strength. Progress Reports will be issued every four (4) weeks.

Academic Probation

Before a student is placed on probation, they will receive advisement regarding their unsatisfactory progress and/or unacceptable behavior. If the student, after meeting with the instructor to address

these concerns, the problem cannot be resolved, they will be placed on formal probation and a probationary letter stating the reasons for the probation. The length of probation and corrective actions required of the student to get off probation will be sent to all concerned parties.

Termination of Training

Career Development Institute has the right to terminate the training of students for violation of any of the following:

- Failure to maintain satisfactory progress.
- Failure to comply with the school's attendance policy.
- Failure to comply with the school's conduct policy.
- Failure to meet all financial obligations to the school as described in the Enrollment Agreement; and
- Violates any of the conditions set forth in the Enrollment Agreement.

Student has one week from receipt of the Notice of Termination letter to complete a Termination Appeal Form, which available upon request, and when completed, submitted to the Executive Director for a final decision.

GRADING AND ACADEMIC POLICIES

Upon enrolling in Career Development Institute, students are issued a syllabus of the course he or they will be studying. It explains the objectives and basis used by the instructor to determine grades and progress. Satisfactory progress applies to full-time and part-time. Students will earn a grade for each course based on individual achievement of specific course objectives. Students must maintain a minimum Grade Point Average of 2.5 at the end of each module upon graduation.

A student failing to meet GPA will be placed on a one-month probationary period. If at the end of the probationary period, the student's GPA equals or exceeds 2.5, the student is removed from probation. If the student's GPA is still below 2.5 the student will be considered not to be progressing satisfactory and will be dropped from the program. Students, who have been dropped from Career Development Institute's active student's list, may apply for reinstatement and be placed on an academic probationary period for one month. If at the end of this period the student does not achieve the required GPA, he or she will be placed on formal probation. A cumulative scored of 70% is the minimum passing score used by this institution and does not accept a lower minimum passing score.

Definition of Grading System

Percentage	Description	Letter	Grade
90 - 100%	Excellent	A=	4.0
80 – 89%	Above Average	B=	3.0
70 – 79%	Average	C=	2.0
60 – 69%	Below Average	D=	1.0
Below 60%	Failure	F=	0.0
Withdrawal	Incomplete	I	

Examination Standards

Career Development Institute will give each student periodic oral and/or written quizzes as well as comprehensive final examination that is administered, scored and recorded by the course instructor.

The exams will be developed by the instructor and approved by the school Director. The minimum cumulative score of 70% or better will demonstrate a student's ability to be successfully trained to perform the tasks associated with the occupation or job titles.

Grading Requirements

Students who have completed the course requirements with a cumulative grade point average of 70% or better and attended a minimum of 90% scheduled class meetings and have no outstanding financial obligation to Career Development Institute will graduate. Upon graduation, a **“Certificate of Course Completion”** will be awarded.

Special Certificates of Achievement will be awarded to students, who during his or her studies reach established goals for attendance and outstanding or excellent work in lab assignments and/or the theory portion of the course.

CAREER ADVISING

As part of the program orientation, before a student enrolls, students must read and view selected material, highlighting various aspects of various careers to reassure them they have made a correct decision. Once a student enrolls and has started his/her course studies, potential employers and speakers or consultants will periodically speak on specific subjects related to the course, addressing such matters as potentials, salaries to be expected, and how to advance in that field.

TUTORIAL ASSISTANCE

Free tutorial services are offered to students who need help comprehending new or old subject matter with which they are having problems. This service is offered after regular school hours or on Friday afternoons; prior arrangements will be made through the instructor.

Students, who have been placed on Academic Probation, failed a test, or whose progress reports evidence of weaknesses will be required to attend such sessions.

STUDENT HOUSING

Career Development Institute does not have dormitory facilities under its control. According to the size of the rental and location, apartment rental or private housing range upwards of \$550 per month; Career Development Institute has no responsibility to find or assist a student in finding housing.

FOREIGN STUDENT VISAS

Foreign Nationals attending Career Development Institute must locate a sponsor for their student visa on their own. Career Development Institute does not provide visa services, and the institution will not be able to vouch for student status or any associated charges. Instruction at Career Development Institute is not conducted in any language other than English.

DRUG AND ALCOHOL ABUSE PROGRAM

Career Development Institute has a working relationship with several drug and alcohol rehabilitation agencies, who, when informed of their need to provide counseling or group information meetings, will do so. If a student feels he or she needs this service, or if a student is deemed to have this need because of deficient performance at school or information received from significant others, attendance may become one of the requirements imposed to curtail existing or potential problems.

REFERRAL SERVICES

In their efforts to assist students in freeing their minds from problems or concerns, which may impede them from completing their studies, CDI, through its administrative staff, attempts to resolve students' problems of any type.

The school director is a well-experienced and knowledgeable person who has established dialogue and rapport with private and public agencies, which include childcare, housing, transportation, employment, and training.

Students are urged to communicate with this staff person and share their concerns with them so that the administration, with a team effort, an attempt to resolve said concerns.

JOB PLACEMENT ASSISTANCE AND REFERRALS

The resources CDI utilizes to place students on jobs include:

1. Using the want ads.
2. Sending students to possible job openings identified by EDD, WIA or other agencies who refer clients to advertised job openings.
3. School staff will contact different employers to identify possible job openings which have yet to be advertised.
4. Through the scheduled and structured portion of our job placement services, assist students in completing job applications, resumes, mock interviews, and overall "advise" on how to dress and seek employment with the internet.
5. Through the scheduled portion of the lab exercises of our job placement services, accompany students to continually call on employers to find employment.
6. Conduct employment workshops in which potential employers and industry representatives can share information about their specific company or industry; and
7. Prior to completing the course being studied, with the assistance of the director, and the instructor, the student is required to attend short but comprehensive finding workshops.

While the institution actively assists the student in securing employment, it cannot guarantee job placement.

ESL

Career Development Institute does not provide ESL classes. Its bilingual (English/Spanish) staff is ready and able to assist students who may need explanations and/or instructions in the Spanish language.

ENGLISH LANGUAGE PROFICIENCY

Career Development Institute does not offer English as a Second Language instruction and all instruction will occur in English: therefore, all students must be able to read, write, speak, understand and communicate in English at a high school level. Applicants from foreign countries where English is not the primary language must be proficient in English with a minimum TOEFL score of 450.

GED CLASSES

Career Development Institute does not provide GED classes.
