

American Innovation University (AIU) (formerly Silicon Valley University; SVU) has been ordered by BPPE to suspend its MSCS program on October 30, 2023 (order number: BPPE23-0774). This was due to SVU failing to achieve pre-accreditation by WSCUC accreditation agency by the BPPE deadline date, August 23, 2023. Following the suspension, AIU submitted an Exempt application for its Bootcamp program to BPPE, and the application was approved on January 4, 2024. Currently, AIU only offers Bootcamp programs. There are no Catalog for the Bootcamp programs.
