GENERAL POLICIES & PROCEDURES

ADMISSION

Anyone may be accepted to Kali Institute who, in the opinion of the school directors is capable of performing a professional massage, or who may benefit from the information and experience provided by the program or classes. Each student must possess a high school diploma or its equivalent, or otherwise successfully take and pass the relevant examination. No person who takes any program at the school will be eligible to apply for certification or licensure by any state or municipal agency until they are 18 years of age. No transfer or articulation agreements have been made between Kali Institute and any college or university that provides for the transfer of credits from any school. Transfer credit may be accepted as noted below under "Transfer of Credits to Kali Institute". We do not have a fee for accepting credits that may have been transferred from another school, but there is no guarantee we will accept them.

ATTENDANCE

Classes start on time and important information is presented at the beginning of class. Missed time due to tardiness or leaving early will be recorded and students will be expected to make up those hours by paying for and attending appropriate elective classes. Students may not make up more than six hours per Section in this manner. In addition, any student who misses more than 15 minutes of a 1 – 6 hour class or more than 20 minutes of a 7-12 hour class will not be given transcript credit for that class without paying for half of the tuition and retaking the entire class. In addition, requirements for attending any 60-hour class as noted in the Section requirements must be met. If a student misses two sessions of a 60- hour class and is also 20+ minutes tardy, they must retake the entire 60-hour class and pay half the tuition cost. Students are required to notify the administrative office prior to missing or changing classes except in case of emergency. Applicants for CAMTC certification must attend 500 supervised hours total with 100 of those hours satisfying CAMTC specified subjects.

CANCELLATION

Some classes have waiting lists; prompt notification of cancellation may allow for other students to enroll. Cancellation before the start of a certification program must be communicated in writing. A student has the right to cancel the enrollment agreement and obtain a refund of all refundable charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. *Registration fees are non-refundable.*

CLASS CHANGE

Students can transfer from one elective class to another within 14 days of the first scheduled class at no additional cost. Students wishing to transfer after that time will be charged a \$25 administrative fee. Students who miss an elective class will be offered the opportunity to retake the class or transfer to another elective class for a \$25 administrative fee plus half the cost of tuition.

DISTANCE EDUCATION

Kali offers distance learning with BPPE & CAMTC approval. During Interactive Distance Learning (IDL) sessions instructors provide real time feedback on student progress and exam grades as needed.

DRESS CODE/HYGIENE/DRAPING

Students are expected to dress for class in attire that would be suitable in any health care office. Your hair and body should be clean, groomed and free of any type of strong scent. Clothing should be clean and in good repair, avoid clothing that is overly flowing (while performing massage to avoid your clothing touching your client). Overly form fitting clothing and exposed skin anywhere between 2" below the clavicles and 2" above the knees (with the exception of the arms and hands) will be considered inappropriate. Draping is used to expose the appropriate area being worked on while genitalia, breasts and nipples are to be covered at all times. Students are required to thoroughly wash their hands before and after performing any type of massage.

EXPERIENTIAL LEARNING

Credit is not given by Kali Institute for any form of experiential learning

FINANCIAL AID

Kali does not provide financial aid, only payment plans. Kali Institute offers a number of these payment plans for students, tailored to the individual student's needs. Payment plans are created in tandem with the student on the day they sign and create their enrollment contract agreement. Generally, payment plans follow the students' course schedule, so they may be paid weekly, monthly, or quarterly as the student is available. There are currently no interest fees on any payment plan, however a fee may be incurred if the student is more than 7 days delinquent on a payment. If the student provides sufficient argument for their delinquency, the fee may be waived. A student will not receive their transcript until full payment has been received. Kali Institute does not participate in any federal or state financial aid programs. Any private funding or financial aid other than the school's payment plans are the sole responsibility of the student and does not affect the student's obligation to honor enrollment contracts with the school unless determined at the time of contract signing. If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid program funds.

GRADING

Each program and class presented at Kali Institute has clearly defined learning objectives and testing criteria, which are presented to students at the first class. Evaluation criteria may include written, oral and practical examinations. Classes will be evaluated on a Pass/Fail basis with the exception of anatomy, in which students will be required to obtain a grade of 75% +. Any student who is not maintaining satisfactory evaluations will be asked to attend a review with the Director to determine a course of action for improvement, postponement or dismissal.

INCOMPLETES

If a student fails to meet the clock-hour requirements of any class for any reason or without prior authorization for the Director, they will be required to retake the class for half tuition the next time it is scheduled. In addition, if the student has not successfully completed a Section of the program according to the dates in their contract, they will be charged a \$50 Administrative Incomplete Fee per section and be required to make up the missing classes the next time offered, at half tuition or get a 30-day extension to fulfill any other requirements of the class. NOTE: NO STUDENT WILL BE GIVEN A DIPLOMA WHO HAS NOT COMPLETED THEIR TUITION PAYMENTS FOR THE PROGRAM OR FAILED TO TAKE RESPONSIBILITY FOR SATISFYING THEIR FINANCIAL AGREEMENT WITH THE SCHOOL ACCORDING TO HIS/HER CONTRACT. IN ADDITION, FAILURE TO MEET CLASS/SECTION/PROGRAM CLOCK-HOUR REQUIREMENTS OR ADHERE TO INCOMPLETE POLICIES WILL RESULT IN A PERMANENT INCOMPLETE IN THAT CLASS/SECTION/PROGRAM, RESULTING IN THE NEED TO RETAKE CLASSES OR MAKE UP FOR MISSING CLOCK-HOURS WITH OTHER ACCEPTABLE CLASSES.

LANGUAGE

All instruction at Kali Institute is currently provided in English. Students may be accepted into programs and classes at Kali Institute who do not use English as their primary language by permission of the Director if during an interview they demonstrate a basic understanding of English necessary to complete the program or if the student can make arrangements for suitable translation services at the student's expense. Kali Institute does admit students from other countries, but does not provide visa services or vouch for student's status. We do not provide any ESL based services or classes. There are no additional fees for not having English as your primary language.

LEAVE of ABSENCE

Students may be granted a leave of absence at the discretion of the Executive Director in the case of personal circumstances that prohibit the student from completing the program. This leave of absence will be documented in the student file and allow for a period of up to 8 months from the starting date to complete the program involved.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Kali Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the credits/hours/diploma/certificate you earn in the 500 Hour Massage & Somatic Therapies program or any classes are also at the complete discretion of the institution to which you may seek to transfer. If the credits/hours/diploma/certificate that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Kali Institute to determine if your credits/hour/diploma/certificate will transfer.

Students that do not successfully complete a minimum of 500 hours to achieve CAMTC eligibility at a single CAMTC approved school may have to independently prove their own eligibility to CAMTC. Kali Institute has not entered into an articulation or transfer agreement with any other college or university.

PROBATION/DISMISSAL

Kali Institute reserves the right to dismiss any student for any of the following reasons: unsatisfactory attendance; poor physical or mental health; failure to fulfill financial agreements or being more than 30 days in arrears with payments; behaving in a manner which, in the judgment of the school management or trainers, is deemed unprofessional or harmful to the reputation of Kali Institute or the profession of massage therapy; giving false information in the process of application, cheating, or entering the premises under the influence of alcohol or drugs. Tuition will be refunded to dismissed students according to the refund policy stated in their contract. A seven-day probation period may be granted by permission of the Director in a case where it is deemed possible to satisfactorily clear up any violations.

REFUNDS

Registration fees are not refundable. Tuition refunds are calculated from the date of written notice to the school of withdrawal or cancellation and tuition is charged for all classes prior to that date regardless of attendance. Payment of outstanding balances by the student as well as refunds from the school will be settled within 30 days of student's notification.

STUDENT FEEDBACK

Students are welcome to provide feedback, suggestions or complaints to the school's directors, faculty or staff at any time. All feedback, suggestions or complaints from students are reviewed seriously and considered thoughtfully by the Administrative Directors. If you would like to make a suggestion, complaint or just have a request we ask that you follow the following procedure. All requests, suggestions, feedback or complaints will be addressed within 7 business days; the request will be resolved or the student will be contacted to determine further steps or actions. Please fill out a request form, available on the hallway door of the administrative office. If you would like to ensure confidentiality, please fold and slip the form under the administrative office door, otherwise you may place your form in the pouch hanging on the hallway door of the administrative office and Joanna Prior, the Administrative Director will ensure it reaches the correct person. You may also contact the office directly via email, phone or direct mail, using the contact information found on the 4th page of this handbook. We ask that students submitting complaints include their ideas regarding possible resolution. In addition, instructor and class evaluation forms are available with class handout materials or from the

office. These forms allow students to both acknowledge what they like about our trainers and course material as well as to make suggestions for improvement. Students may fill these out confidentially. Over the years we have made several additions and changes to our curriculum and policies based on this valuable feedback.

REFERRALS, JOB PLACEMENT & PROFESSIONAL SUPPORT

Our graduates' personal and professional goals involving massage and bodywork is our primary goal. While we cannot guarantee job placement or clientele, we have several ways of supporting students who have taken our programs and classes in finding employment for themselves. Please take responsibility for your status in this database by maintaining communication with us regarding changes of address, phone number, current employment or private practice information and future goals through the administrative office.

Each student is scheduled for personal midterm and final interviews with the school directors while attending the Massage & Somatic Therapies Program. The midterm interview allows for discussion of the student's personal and professional goals, progress in the program, and any special concerns regarding successful program completion. The director may make suggestions at this time that will help the student clarify his/her goals for the future. Transfer students who do not attend the Massage & Somatic Therapies Program at Kali Institute are welcome to schedule a guidance session with the Director at any time to discuss their personal, educational professional goals and implementation strategies.

Kali Institute has a job board in the main hallway of the school where local businesses can post job openings. When available, an event sign-up sheet will be posted in the hallway to give students the opportunity to join faculty at professional events for experience and practice. Kali Institute also gives students and graduates the opportunity to post their own list on the Kali Institute website at a \$25 annual fee.

See the end of this catalog for the example of SPFS

Please do not enter any room on the street side of the main hall with shoes on, and use the shoe racks rather than the floor of the main hall.

Please wipe down tables after use if using a lubricant. Cleaning supplies are provided and stored in the kitchen.

When leaving a classroom, please arrange all tables, cushions, equipment and supplies in a neat, inviting manner for the next person/class that enters.

Please respect the privacy and quiet of classes in other rooms.

Please do not leave any room with the blinds closed (for the plants).

Please offer to erase and spray wash (if necessary) the dry erase boards.

Please, especially, do not place unwrapped trash directly into the large, main trash pail at the top of the back stairs.

Please do not eat/drink anything but water in the classrooms at any time. Out of respect for the environment, please refrain from using disposable plastic water bottles.

Please notify the office or classroom assistant if there is no TP or towels in the bathrooms or kitchen.

Please DO NOT USE THE REFRIGERATOR or its contents.

Please be sure that all HEAT, fans, air-conditioning and lights are off before leaving the building.

Please take a moment before you leave the building to make sure you have not left any books, supplies, linens, cups, trash or other items behind.

Student Tuition Recovery Fund (STRF)

Student Tuition Recovery Fund (STRF) (\$.00/\$1,000 tuition)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd, Suite 225, Sacramento, CA 95834, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at

any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Any questions regarding STRF may be addressed to CA Department of Consumer Affairs, Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225. Sacramento, CA 95834, Telephone: (888)370.7589 OR (916) 263.1897, www.bppe.ca.gov

NOTE: Information pertaining to your payment for the Student Tuition Recovery Fund is included in your enrollment agreement.
