COLLEGE CAMPUS

The campus of Yeshiva Ohr Elchonon Chabad (YOEC) is located at 7215 Waring Avenue, Los Angeles, CA 90046 in a quiet residential setting in Los Angeles, and all class sessions are held at this location. Within walking distance of the school are two major Hebrew day schools, and over a dozen synagogues.

The college campus is situated on a beautifully landscaped two-acre site, with ample outdoor facilities and grounds. Students can enjoy a serene atmosphere that promotes their intellectual concentration and growth while in close proximity to the many conveniences offered by the city.

Three imposing modern buildings on the campus house its classrooms, study hall, lecture halls, libraries, administrative offices, dining hall, auditorium, dormitories, ritualarium, laundry room, and facilities for public worship. There is also a fully equipped basketball court, which can be illuminated for evening recreation. Although there is ample parking space on the street, the campus has parking for 50 cars.

The buildings are centrally heated and air-conditioned, with proper lighting and safety features. The buildings meet all City of Los Angeles building and safety codes as well as fire codes, with a complete fire sprinkler system, fire alarms, smoke detectors, emergency lighting, and specially marked fire exits. Provisions for the handicapped have been made by a chair lift and proper ramps throughout the campus, so that no physically challenged student will be deprived of the opportunity to benefit from the College's programs.

Access to the College is excellent with its close proximity to major networks of transportation. Main traffic arteries and freeways converge in and around the city.

The College attracts students from all parts of California as well as other states and foreign countries. This diverse student group adds a cosmopolitan air and flavor to the campus atmosphere.

Prospective students, friends, and other interested persons are invited to visit the campus at their convenience. Applicants for admission are invited to contact the Office of the Administrator to schedule an appointment for a guided tour of the campus.

HISTORY

Yeshiva Ohr Elchonon Chabad is an affiliate of the worldwide Chabad-Lubavitch Chassidic Movement. This pioneering institution of higher Jewish studies on the West Coast was originally founded by the renowned Talmudic scholar, Rabbi Simcha Wasserman, in 1953, as Yeshiva Ohr Elchonon.

In 1978, when Rabbi Wasserman decided to move to Israel, the institution that he founded came under the auspices of the Chabad Lubavitch movement. Seeing the growing Jewish community on the West Coast, Chabad Lubavitch felt the time was ripe to have such an institution here in Los Angeles.

At the time of the merger, a group of ten older students was sent from the Central Lubavitch Yeshiva in Brooklyn, NY, to join the existing student body to introduce Chabad philosophy to the school.

A creative staff of young, talented educators, highly effective outreach programs, and a growing number of students began to pave the way for newer and expanded avenues of education. Before long, its facilities in West Hollywood were too small and Ohr Elchonon Chabad moved to a larger campus at 7215 Waring Avenue. The new campus was then rededicated as the Esther Sarah Deutsch Campus. The

institution's expansion brought in its wake additional faculty members, a full range of modern equipment in all phases of modern Jewish studies and an expanded student body.

Yeshiva Ohr Elchonon Chabad seeks to develop scholars that are thoroughly trained in all aspects of advanced Jewish scholarship. It prepares its students for positions as rabbis, teachers and communal leaders, as well as for responsible, conscientious, and intelligent lay membership of the community. Small classes, seminars, and individual consultations guide the student toward the realization of his full potential as a scholar.

The College provides opportunities for original research and intensive advanced study, and encourages the publication of the results of such research. It is also concerned with transmitting the ethical, philosophical, and spiritual teachings and values of Judaism, particularly the unique philosophy of Chabad-Lubavitch Chassidism.

The Chassidic movement began more than 250 years ago and was founded by Rabbi Yisroel Baal Shem Tov in the Carpathian Mountain region in the Ukraine. The Baal Shem Tov taught that Torah is the property of all Jews, and underscored the important role of emotion and sincerity in the practice of Judaism.

Lubavitch Chassidism, also known as Chabad (an acronym of the Hebrew words **Chochma**, **Bina** and **Daas**, or wisdom, understanding and knowledge,) was conceived by Rabbi Schneur Zalman of Liadi, a disciple of the Baal Shem Tov's successor, Rabbi Dov Ber of Mezeritch, also known as the Maggid of Mezeritch. Rabbi Schneur Zalman synthesized Chassidic fervor and worship with Talmudic rationality and learning and founded the school of Chabad philosophy.

Lubavitch came to the United States in 1940, under the leadership of the previous Lubavitcher Rebbe, Rabbi Yosef Yitzchok Schneerson, who had fought against overwhelming odds for the preservation of traditional Judaism in Russia. Rabbi Schneerson became the founder of numerous Yeshivos, day schools and the worldwide education network, Merkos L'inyonei Chinuch.

Under the leadership of the Rebbe's son-in-law, Rabbi Menachem M. Schneerson, the seventh leader of the movement, Lubavitch continues to thrive. Among the many institutions of learning established since his ascendancy is Yeshiva Ohr Elchonon Chabad. Today, Lubavitch has become one of the most vocal influences in world Jewry.

Across the globe, a network of nurseries, Talmud Torahs, girls' schools, vocational schools, and Yeshivos cater to the educational needs of all ages and levels. Lubavitch provides social service programs, summer camps and a "Jewish Peace Corps" presence serving communities all over the world, and involving hundreds of senior students who spend their summer vacation period visiting these communities armed with educational material and religious inspiration.

In recent years, more than 20 million volumes have been published by Lubavitch. Printed in over a dozen different languages, these publications are designed to meet the reading needs of people of all levels of religious education, from those well-versed in Torah and Jewish tradition to those who need interpretation of the basic tenets of authentic Judaism.

Although the philosophical teachings of Chabad Chassidism are abstract, delving as they do into the most profound mysteries of Creation and the universe, they are also immensely practical, emphasizing the translation of intellectual knowledge into concrete action. Its writings make considerable use of examples

gleaned from real life experience, rendering its lessons comprehensible even to beginners. Chabad is thus a living guide to Jews in all walks of life, to elevate the plane of their religious feeling and awareness.

Yeshiva Ohr Elchonon Chabad, as part of the Lubavitch movement, devotes a large segment of the daily academic schedule to the study of Chabad Chassidism in all of its intricacy. Courses are offered on the writings of the major contributors to the Chabad literature.

CALIFORNIA RESIDENT STUDENT TUITION RECOVERY FUND

Below is a description of the student's rights and responsibilities with respect to the Student Tuition Recovery Fund.

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a

student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

WITHDRAWAL POLICY AND PROCEDURES

Students have the right to cancel their enrollment agreement with the school, and obtain a refund of tuition and other charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. You may cancel the Enrollment Agreement or withdraw from the institution, and receive a refund of charges paid, if applicable, by notifying the Registrar's Office. The notification must be made in writing, and should be addressed to Yeshiva Ohr Elchonon Chabad, ATTN: Rabbi Chaim Citron, 7215 Waring Avenue, Los Angeles, CA 90046. The amount of the refund, if any, will be determined by the policy below.

A student who withdraws from a class or classes may be entitled to a refund of tuition and fees. Adjustment of institutional charges and calculation of refunds will be based on the schedule that appears in the institutional refund policy, according to the date of withdrawal. For information on how institutional charges will be impacted by adding or dropping courses, please refer to the Add/Drop Policy.

At the beginning of each semester YOEC confirms attendance in each course in which every student is registered. Attendance is confirmed again at the 60% point of the semester. This process enables the school to confirm enrollment for enrollment reporting purposes, and to determine if a student who withdraws without giving official notification has attended 60% of the semester. For information on how the student's enrollment status will be impacted by adding or dropping courses, please refer to the Add/Drop Policy.

If a student receives failing grades for all of his courses, the student will generally be considered as having unofficially withdrawn unless there is evidence that he completed the semester.

INSTITUTIONAL REFUND POLICY

Institutional charges for students who withdraw are adjusted according to the following schedule:

The institution shall refund 100% of the amount paid for institutional charges, less \$250 of the registration fee, if notice of cancellation is made through attendance at the first class session, or the seventh day after enrollment, whichever is later.

Students who withdraw after this period may receive a pro rata refund of nonfederal student financial aid program moneys paid for institutional charges. If the student completed 60 percent or less of the period of attendance, a pro rata refund will be calculated. Refunds will be calculated on a pro rata basis, based on how many days of the semester the student attended as follows:

1. The number of days that the student attended divided by the number of days in the semester equals the percentage attended.
2. The student's institutional charge for the semester, less \$250 nonrefundable registration fee multiplied by the percentage attended equals the adjusted institutional charges.
3. The student's institutional charges for the semester minus the adjusted charges equals the refund (adjustment to the institutional charge.)

All amounts paid by the student in excess of what is owed as calculated shall be refunded. This applies to students who have completed 60% or less of the period of attendance. (For example, if the student completes only 30% of a course, was charged and paid \$500 tuition, the student would receive a refund of \$350.)

Students who withdraw after 60% of the semester has passed are responsible to pay for all charges for that semester.

All amounts that a student has paid are subject to refund aside from amounts paid for an application fee of \$250.00, the cost of books, supplies, or equipment. Except when the institution provides a 100% refund pursuant to section 94919(d) or section 94920(b) of the Code, any assessment paid pursuant to section 94923 of the Code is non-refundable.

The school will also refund money collected for sending to a third party on the student's behalf such as license or application fees.

If the school cancels or discontinues a course of educational program, the school will make a full refund of all charges. Refunds will be paid within 45 days of cancellation or withdrawal.

If as a result of the student's withdrawal, his Cal Grant exceeds his adjusted tuition charge, the amount that exceeds his tuition charge will be returned to the Commission. The institution will report the changes to the Commission through the "Grants Records Changes" screen in WebGrants.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.

RETURN OF TITLE IV (R2T4) FUNDS

In the event that funds are required to be returned to the federal government, Cal Grant funds will not be used for the reimbursement. Cal Grant funds are returned to the Commission prior to returning any other funds, besides for the federal Title IV program funds as required by the Return to Title IV regulations.

When a student who is receiving Title IV aid withdraws from all his classes during a semester and it has been determined that he does not meet an R2T4 exemption, the institution performs an R2T4 calculation utilizing the Return to Title IV software provided by the U.S. Department of Education. The date of withdrawal used in the R2T4 calculation is determined by the institution.

OFFICIAL WITHDRAWALS

For a student who gave official notification, as described above, the date of withdrawal used for the R2T4 calculation is the date of notification. If there is documented attendance at an academically related activity at a later date, this may be used as the withdrawal date for the R2T4 calculation.

Generally, if a student officially withdraws before 60% of the semester has passed, he will be able to retain a prorated portion of the financial aid award based on the number of days attended and the number of days in the semester. If he withdraws after 60% of the semester has passed, he will most likely be able to retain all of the financial aid he has been awarded.

UNOFFICIAL WITHDRAWALS

For a student who is confirmed to be in attendance at the beginning of the semester, and withdraws without giving official notification, the date of withdrawal is the midpoint of the semester. The student will be able to retain 50% of the Title IV funds disbursed or 50% of the amount that could have been disbursed.

If there is documented attendance at an academically related activity at a later date, this may be used as the withdrawal date for the R2T4 calculation. This will enable the student to retain a prorated portion of the financial aid award based on the number of days he attended and the number of days in the semester.

RETURN OF TITLE IV FUNDS

If the calculation on the U.S. Department of Education's R2T4 system results in the need to return funds to the Title IV programs, funds will be returned to the various federal financial aid programs in the following order:

- i. Unsubsidized Federal Direct Stafford loans
- ii. Subsidized Federal Direct Stafford loans
- iii. Federal Direct PLUS received on behalf of the student

Any funds that need to be returned to a lender will be returned by the school on behalf of the student. If unearned funds remain to be returned after repayment of outstanding loan amounts, the remaining funds will be returned in the following order:

- i. Federal Pell Grants
- ii. FSEOG

Refunds and returns of Title IV funds will be made as soon as possible but no later than 45 days after the date of the institution's determination that the student withdrew. Institutional charges that were previously paid by FSA funds might become a charge that the student will be responsible for paying.

RETURNING UNEARNED AID

Within 30 days of determining that a student who withdrew must repay all or part of a Title IV grant, the school will notify the student that he must repay the overpayment or make satisfactory arrangements to repay it.

The student's eligibility for additional *Title IV* funds will end if the student fails to take positive action by the 45th day following the date the school sent or was required to send notification to the student.

To extend his eligibility for *Title IV* funds beyond 45 days:

- a. The student may repay the overpayment in full to the school.
- b. The student may sign a repayment agreement with the school. **Two years is the maximum time a school may allow for repayment.**

The school will immediately refer for collection (to the Default Resolution Group) any student who violates the terms of the repayment agreement (including failing to repay the full amount within two years).

- c. The student may sign a repayment agreement with the Department.

If the student fails to take one of the positive actions listed above during the 45-day period, the school will report the student's overpayment to NSLDS and refer the student to the Default Resolution Group for collection.

POST WITHDRAWAL DISBURSEMENTS

The R2T4 calculation will determine if a student earned more funds than funds disbursed at the time of withdrawal. In this case, he qualifies for a post withdrawal disbursement of those funds.

No post withdrawal funds for loans will be drawn down and disbursed without the borrower's authorization. In the case of a Federal Direct Loan the school will obtain confirmation from the student before disbursing any loan proceeds. In the case of a Federal Direct PLUS Loan the school will obtain confirmation from the parent before disbursing any loan proceeds.

A post withdrawal disbursement of Title IV funds may be credited to a student's account for current-year allowable charges such as tuition, fees, room and board, up to the outstanding amount of these charges. Current-year funds may also be used to satisfy prior-year charges of not more than \$200 for tuition, fees, and food and housing (provided by the school).

Any amount of the post withdrawal disbursement that is in excess of the balance of allowable charges will be disbursed to the student as soon as possible, but no later than forty five days after the date of determination of withdrawal.

CREDIT BALANCE PROCEDURES

If the R2T4 calculation results in a Title IV credit balance on the student's account, the amount of the credit will be disbursed to the student within fourteen days of the date of the R2T4 calculation.

TIMELY PROCESSING OF REFUND CHECKS

YOEC reviews bank accounts monthly, to ensure that all refund checks have cleared the account. In the event that a check has not cleared, the institution will notify the student that his refund check is outstanding. The student may also request a duplicate check if he misplaced the original check. Title IV funds will be returned to the Department of Education in the event they are left in the account 240 days from when the original check was issued.

FOREIGN STUDENTS AND VISA SERVICES

The degree program offered by the College often attracts applicants from other countries. Foreign students are eligible to receive non-immigrant student visas for study at the College. We assist prospective foreign students with the Form I-20 and vouch for their student status so that they can receive an F-1 student visa. The institution does not charge for student visa services.

TRANSFER CREDITS

Students wishing to transfer credits from other institutions of Talmudic Studies must be interviewed by a designated administrator or faculty member, and satisfactorily complete either an oral or written examination. Transfer credits are generally accepted from Talmudic colleges accredited by the Association for Advanced Rabbinical and Talmudic Schools (AARTS) or from colleges that can demonstrate to the satisfaction of YOEC that the quality and content of their courses are substantially similar to the courses offered in the YOEC program. There is a 60 credit residency requirement to earn the bachelor's degree at Yeshiva Ohr Elchonon Chabad. Thus, 60 credits is the maximum number of transfer credits that can be awarded.

At this time, YOEC does not have any articulation agreements with other postsecondary institutions for the purpose of recognizing transfer credits.

The institution does not award credits for prior experiential learning.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at YOEC is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in YOEC's Bachelor of Rabbinical Studies program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending YOEC to determine if your credits or degree will transfer.

PLACEMENT

YOEC is an academic institution and does not provide vocational training nor guarantee employment or placement to students who complete its programs and makes no claim as to annual starting wages or salaries of graduates.

Students who complete YOEC's Bachelor of Rabbinic Studies program are suited for a variety of careers including Directors, Religious Activities and Education - SOC code 21-2021.00.

TEXTBOOK INFORMATION

YOEC offers a highly specialized program of study in Talmud and related subjects. All textbooks are readily available for use on open stacks in the study hall and school library. Students who wish to purchase their own copies of the texts studied may purchase them from one of the Judaic bookstores stores in the area.

Many students prefer to have their own Gemarah, Kovetz Miforshim, Mussar, and/or Halacha texts, which cost between \$35 and \$55 each, depending on the publisher and edition. Most texts used in the program are reprints of the Talmud and other classical texts that do not have ISBN numbers.

ACADEMIC PROGRAM

Yeshiva Ohr Elchonon Chabad offers a Bachelor of Rabbinical Studies Degree. This program consists of a conventional undergraduate Talmudic Studies program, found in most Yeshiva programs in America, coupled with an intensive course of study in the philosophy of Chabad.

The core of the academic program lies in the area of Talmudic studies. A preponderant portion of the curriculum consists of the analysis of selected Tractates of the Talmud which are studied for both in-depth comprehension and broad-ranging scholarship. “Form” and “substance” are the key elements of the program.

Form refers to the acquisition of skills needed for Talmudic research. These include the skills of textual analysis, logical reasoning, critical thinking, the ability to isolate, define, and clarify the key elements of a difficult Talmudic passage, to penetrate to the crux of the issue and to crystallize and present the results of these deliberations. Also included in these skills is the ability to make comparisons and distinctions between the works of various commentators, to offer original insights into their Novella, and to defend and justify the views of a commentator in light of the critique of his peers. These skills are the hallmark of the serious Talmudic scholar.

Substance refers to the exposure to and familiarity with the entire spectrum of the Oral Law. The literature is voluminous, and a mastery of even limited sections is the work of a lifetime. Yet, it is the goal of every scholar to acquaint himself with as large a cross section as possible of the Talmudic literature.

To achieve both ends, two forms of study are pursued. First is the careful and deep analysis of a limited number of subject areas, and second is the study of a wide range of subjects with less analysis.

The combination of both tracks of study yields a whole, which is much greater than the sum of its parts. The insights of the scholar with encyclopedic knowledge and finely honed skills belong to a realm of their own. These skills enable the student to cope effectively with previously unexplored Tractates, to deal with totally new subjects proficiently, and to ensure a lifetime of successful study.

As the student advances in Talmudic study, he becomes familiar with the most often studied fundamental parts of the Talmud and can handle cross-referencing with some facility. At the same time, he acquires and polishes the tools for further independent study, so that he is comfortable with completely new, unexplored Tractates, and can navigate them independently.

Research into the writings of the Earlier and Later Commentaries and the Responsa literature is a natural adjunct to the study of the Talmudic text proper. The study of Talmud is by definition a highly integrated field. It incorporates numerous diverse disciplines, such as Jewish Law, Scriptures, and Philosophy and Ethics, among others.

Independent study, under the guidance and supervision of the faculty, is the primary method of establishing and maintaining the scholastic standard of the institution, although faculty lectures are important, particularly at the introductory level.

The progress of the students is further advanced by the extensive employment of the "*chavrusa*" system, under which students' study in pairs. This allows them to proceed at their own pace, engage in discussion, and together review all aspects of the subject matter under scrutiny while they expand on and clarify each other's conclusions.

Yeshiva students, as the scholarly elite of the community, are particularly well equipped and motivated to bring their superior knowledge, commitment, and enthusiasm to others less privileged. In line with the traditional emphasis of the Chabad intellectual movement on one's duty to devote a portion of his time to strengthening general Jewish commitment to learning and tradition, YOEC aims to produce young scholars who are not only experts in Talmud, Jewish Law and Philosophy, but also deeply committed to foster Jewish tradition among all branches of the Jewish community.

The study of Philosophy is conducted in a manner similar to the study of Talmud. First year courses focus on the methodology of philosophical research and introduce the student to the terminology and fundamental concepts of philosophy. Over time, the role of the instructor changes significantly. Students grow increasingly facile with the texts and are eventually equipped to compose original insights and to participate effectively in seminars.

The dual goals of breadth of knowledge and depth of understanding are at the core of the program. During the lectures, there is much discussion of the meaning of the Talmudic text and assigned readings. Instructors seek to expose the student to the complete spectrum of Talmudic and Chassidic philosophic thought, as well as to develop his ability to fully comprehend the subtleties and distinctive styles and terminologies of each of the varied sources.

Within the framework of the courses on Philosophy, an unofficial hierarchy of complexity exists. Those familiar with the entire literature distinguish between the levels of sophistication and profundity required to cope with the different collections of writings. Course differentiation is therefore based primarily on the level of difficulty of the course text.

The aim of these classes is to produce a well-rounded individual capable of applying eternal philosophical principles to the changing face of the modern world.

Yeshiva Ohr Elchonon Chabad offers an academic program geared to the needs of its students. Its undergraduate program, leading to the Bachelor of Rabbinical Studies Degree, consists of a conventional Talmudic Studies research program in conjunction with intensive study of Chabad Chassidic philosophy. The educational program of Yeshiva Ohr Elchonon Chabad remains based upon over one hundred years of experience of Lubavitcher Yeshivas since their original establishment in 1887, and particularly upon their over 50 years of experience in North America. At the same time, faculty has modified its programs so as to meet the special needs of its students, and particularly the special conditions prevailing within the West Coast Torah community.

LANGUAGE SKILLS

Yeshiva Ohr Elchonon Chabad's program of Jewish Studies requires some language skills. While the language of instruction is English, virtually all of the source texts are in Biblical or Rabbinic Hebrew, and Talmudic Aramaic. For Chassidus courses, Yiddish is the primary original language of delivery.

As is common in contemporary post-secondary Talmudical schools, fluency in these languages is not required, and formal language courses are not offered in the curriculum. Rather, a basic working knowledge of these languages is achieved over years of serious study.

Instructors will always translate each new phrase in the study of primary texts. After absorbing the meaning and definitions, newly acquired words and phrases are then 'peppered' into lectures and study sessions, and as such, a high level of language familiarity is generally attained by students.

Naturally, as the student progresses through YOEC courses, he attains more and more proficiency in the source languages, to the point where conversation in the study hall often becomes a mixture of all these languages served on an English base. While not a requirement, many senior students are able to write research papers in the original languages with some level of fluency.

Students who require greater assistance with developing these language skills are directed to use many of the excellent editions of source material that are available with a side-by-side translation in English.

Since the primary language of instruction is English, foreign students should have a working knowledge of the language. They should be able to understand and make themselves understood in basic English. However, YOEC does not require students to take an English proficiency test, nor to provide documentation of English language proficiency. ESL classes are not provided by Yeshiva Ohr Elchonon Chabad.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

All matriculated students pursuing an approved program at YOEC are required to maintain satisfactory academic progress, which in this institution is defined as being in good academic standing as detailed below.

The SAP standards are the same for all matriculated students, regardless of whether or not they are receiving Title IV federal financial aid. Satisfactory academic progress has two principal components: a qualitative standard and a quantitative standard. The institution will use standard rounding procedures for evaluating both the qualitative and quantitative standards. Satisfactory academic progress is always evaluated on a cumulative basis.

At the end of each semester, both the qualitative and quantitative standards are reviewed. A report is then generated which indicates whether the student is meeting SAP requirements.

If a student is readmitted to the school, the student's academic file is evaluated to determine whether he is meeting satisfactory academic progress requirements.

A comprehensive explanation of the qualitative and quantitative standards at YOEC is provided below.

- **Qualitative Standard**

A student must achieve a cumulative grade point average (GPA) of 2.0 (the equivalent of a "C" average) or better. Every student is evaluated at the end of each semester to ensure that he is maintaining a minimum cumulative GPA of 2.0.

Grade point averages will be calculated according to the following numerical equivalents:

A	4.0	C	2.0
A-	3.7	C-	1.7
B+	3.3	D	1.0
B	3.0	I (Incomplete)	not included in calculation of GPA
B-	2.7	W(Withdrawn)	not included in calculation of GPA
C+	2.3	F (Fail)	0.0

Courses with a grade of incomplete or withdrawn do not affect the GPA. However, courses with a grade of fail, whether earned or unearned, are included in the GPA calculation. If a student receives failing grades for all of his courses, the student will generally be considered as having unofficially withdrawn unless there is evidence that he completed the semester.

- **Quantitative Standard**

- **Maximum Timeframe – measured in credit hours**

Students must make sufficient progress through the academic program to complete the program with a maximum attempted credit ceiling equivalent to 150% of the published length of the program in credit hours.

- **Pace of Completion**

A student must earn 67% of the cumulative credits he attempts. To assess progress, the student's cumulative credits earned are divided by the cumulative credits attempted. This calculation will determine if he is advancing through the academic program at a pace sufficient to complete the program within the maximum time frame. If the number of credits earned divided by the number of credits attempted is 67% or greater, he is determined to be meeting the pace element.

WHEN SAP IS NOT MET

WARNING

If a student fails to meet the SAP standards, he will be notified, and granted a warning period which will last one semester. The student will also be notified that he may appeal the lack of satisfactory academic progress at any point in the process. During this warning period, a designated faculty member may counsel the student and assist him in improving his academic performance. Additionally, the student may be provided with various student services including tutoring, scheduling accommodation, or other academic assistance. If, after this warning period, SAP standards are still not met, he will be subject to academic discipline which may include expulsion or suspension from the institution.

Federal and/or State Financial Aid Warning

If a student falls below the satisfactory progress standards, he will be notified, and granted a financial aid warning period of one semester, during which time he maintains federal and state financial aid eligibility. Additionally, the student will be notified that he has the option of appealing his lack of SAP to be granted a federal and/or state financial aid probationary period. During the warning period, the student may receive the academic counseling and student services described above. If satisfactory progress standards are still not met after this period, the student will be notified that he is no longer eligible for federal and/or state financial aid.

FEDERAL APPEALS PROCESS

A student may appeal the institution's determination that he is not making satisfactory academic progress. Basis for an appeal include the death of a relative, an injury or illness of the student, or other special circumstances. In the appeal, the student must describe why he failed to make satisfactory academic progress, and what has changed in his situation that will allow him to demonstrate satisfactory academic progress at the next evaluation. The appeal, along with any applicable documentation, must be submitted in writing to the registrar's office. A senior faculty member will consider all information provided by the student and consult with other faculty members, if necessary, to reach a decision.

If the appeal is accepted, the senior faculty member will determine whether the student will be able to meet the standard SAP requirements of the institution by the end of a one semester probationary period. If it is determined that the student will be able to meet the standard SAP requirements after the probationary period, he will be placed on academic probation as described below. However, if it is determined that the student will not be able to meet the standard SAP requirements by the end of the probationary period, he will be placed on academic probation with a customized study plan, as described below. A student on academic probation, with or without a study plan, will continue to be eligible for federal financial aid.

If the appeal is not accepted, the student will be subject to academic discipline, which may include expulsion or suspension from the institution. He will also be ineligible for federal financial aid until he reestablishes eligibility as described below in the section entitled "Reinstatement." The final decision, academic probation with or without a study plan or denial of the appeal, will be conveyed to the student in writing.

CAL GRANT APPEALS PROCESS

A student may appeal the institution's determination that he is not making satisfactory academic progress with an electronic or hard copy financial aid appeal.

A student may appeal the determination during any subsequent term following loss of financial aid eligibility. There is no limit on the total number of appeals that may be submitted by a student throughout the duration of the student's enrollment, however a student may only appeal once per term. Each appeal that is denied will be subject to the second review process described below. YOEC's deadline for submitting an appeal is three weeks before the end of each term.

A student who previously disenrolled while being ineligible to receive financial aid may appeal the loss of financial aid upon reenrollment, and the timing for consideration of the appeal will allow the student, if the student meets the criteria for financial aid reinstatement, to qualify for reinstatement upon the first term of reenrollment.

The institution will provide a student who is ineligible to receive financial aid with written notice of the financial aid appeals process, including the process for a student to file an appeal, information about the second review process for an appeal that is denied, and how a student may request a second review.

YOEC may consider any additional special circumstances that the institution deems appropriate, and will consider a broad range of special circumstances, including, but not limited to, any of the following:

- I. Death of a relative or other significant person.
- II. Injury or illness, including, but not limited to, behavioral health conditions, of the student or a relative or other significant person.
- III. Pregnancy or birth of a child.
- IV. Homelessness.
- V. Loss of childcare.
- VI. Loss or change in employment.
- VII. Loss of access to personal or public transportation.
- VIII. Being a victim of a serious crime, including, but not limited to, domestic abuse, even if the crime was not reported or did not result in criminal prosecution or civil liability.
- IX. Natural disaster.
- X. Change of major.

In the appeal, the student must describe why he failed to make satisfactory academic progress, and what has changed in his situation that will allow him to demonstrate satisfactory academic progress at the next evaluation. The appeal, along with any applicable documentation, must be submitted to the registrar's office. The institution will waive any requirement for third-party written documentation of the special circumstances forming the basis of an appeal if that documentation cannot be reasonably obtained by the student and the student signs a statement attesting to the veracity of the special circumstances presented as the grounds for appeal. A senior faculty member will consider all information provided by the student and consult with other faculty members, if necessary, to reach a decision.

YOEC will review the student's appeal and notify the student of the appeal decision within 45 days of submission of a complete appeal. The institution will not disenroll a student for nonpayment of tuition and fees while the student's appeal is pending.

If the appeal is accepted, the senior faculty member will determine whether the student will be able to meet the standard SAP requirements of the institution by the end of a one semester probationary period. If it is determined that the student will be able to meet the standard SAP requirements after the probationary period, he will be placed on academic probation as described below. However, if it is determined that the student will not be able to meet the standard SAP requirements by the end of the probationary period, he will be placed on academic probation with a customized study plan, as described below. A student on academic probation, with or without a study plan, will continue to be eligible for financial aid.

Second Review Process

If the appeal is denied, the institution will provide a second review process if requested by the student. The second review will be conducted by a reviewer who did not participate in the first review.

If the student does not request a second appeal process, or if the second appeal is denied, the student will be subject to academic discipline, which may include expulsion or suspension from the institution. He will also be ineligible for state financial aid until he reestablishes eligibility as described below in the section entitled "Reinstatement." The final decision, academic probation with or without a study plan or denial of the appeal, will be conveyed to the student in writing.

ACADEMIC PROBATION

If a student successfully appeals the lack of satisfactory academic progress, and it is determined that he can meet the standard SAP requirements after a probationary period, the student will be placed on academic probation. Academic probation is a one semester probation period at the end of which the student must meet the SAP standards of the institution. Upon request, the institution may provide various student services including academic counseling, tutoring, scheduling accommodation, or other academic assistance. A student on academic probation will continue to be eligible for federal and/or state financial aid.

ACADEMIC PROBATION WITH A STUDY PLAN

If a student successfully appeals the lack of satisfactory academic progress, and it is determined that he will not be able to meet the standard SAP requirements after a probationary period, he will be placed on academic probation with a study plan. This study plan will include customized SAP standards which will enable the student to meet the SAP requirements, as well as other academic provisions to assist him in meeting those standards. The plan will ensure that the student can meet the school's satisfactory progress standards by a specific time, though an academic plan could take the student all the way through successful program completion. A senior faculty member will develop a study plan in conjunction with the student and other faculty, as needed. A student on academic probation with a study plan will continue to be eligible for federal and/or state financial aid.

A student must appeal to change his plan. He must explain what has happened to make the change necessary and how he will be able to make academic progress.

REEVALUATION AFTER A PROBATIONARY PERIOD

At the end of the probationary period, the student's satisfactory academic progress will be reevaluated. If the student is meeting the standard SAP requirements of the institution, or the satisfactory academic progress standards of his study plan, he will be considered to be meeting SAP.

If the student's academic performance fails to meet the academic progress standards of the institution, or the provisions of his study plan, the student will be notified that he no longer meets SAP standards. The student will be ineligible to receive federal and/or state financial aid, and he will be subject to academic discipline which may include expulsion or suspension from the institution.

REINSTATEMENT FOR FEDERAL AND/OR STATE FINANCIAL AID

A student who became ineligible for federal and/or state financial aid because he was not meeting satisfactory academic progress standards may reestablish eligibility by meeting institutional SAP standards. At the start of each semester, the financial aid office will receive notification of every student's status. If the student is meeting institutional SAP standards, he will also be notified that he is once again eligible to receive federal and/or state financial aid.

INCOMPLETES

A student who has not completed all the required course work for a particular course may have, at the discretion of the instructor, additional time (up to six months) to complete the work. A temporary grade of incomplete will then be assigned.

Courses with a grade of incomplete will be included in the student's number of credits attempted but not completed. As long as the incomplete grade remains on the transcript, the grade will not be included in the student's GPA. The incomplete grade will be replaced with the student's earned grade at the conclusion of the period of time given for the work to be completed. If the required work is not completed on time, the student will receive a grade based on the work previously completed.

WITHDRAWALS FROM A COURSE

A student who withdraws from a course will have the course grade recorded as withdrawn. A grade of withdrawn will not be included in his GPA, however, the course will be counted towards the number of credits attempted but not completed.

TRANSFER CREDITS AND SATISFACTORY PROGRESS

Transfer credits are not included in the GPA calculation; however, they are counted toward both the number of credits attempted and credits earned by the student. Only transfer credits that are counted towards to the student's current program of study will be included in this calculation.

REPETITIONS

All repeated courses are counted in the number of the student's attempted credits, and are included in the student's GPA, including failing grades. A student repeating a course must remain within the time frame required for SAP standards.

A repeated course in which the student has already received a passing grade is counted towards the student's enrollment status only the first time the course is retaken. A repeated course in which the student received a failing grade is always counted towards the student's enrollment, regardless of how many times he repeats that course in an attempt to pass.

CHANGE OF MAJOR

If a student switches his major, any credits and grades that are not applicable to the new major will not be considered in the determination of SAP.

REMEDIAL COURSES

YOEC does not offer any ESL or remedial courses.

ATTENDANCE

Attendance is expected at all regularly scheduled classes. Excessive unexcused absences may be grounds for grade reductions, loss of course credit, dismissal, or other disciplinary action.

LEAVE OF ABSENCE

Under specific circumstances, a student may be granted an approved leave of absence for Title IV purposes. To request a leave of absence, the student must follow the procedures listed below:

The student must submit a request for a leave of absence in writing to the Dean, Rabbi Ezra B. Schochet. The request must include the reason for which the student is requesting a leave of absence, and must be signed and dated. The request will be reviewed by the Dean within ten days of submission. The request and the determination will be forwarded to the registrar's office and placed in the student's academic file. Notification will also be sent to the student and the financial aid office.

The student must submit the request and receive approval prior to beginning the leave of absence. The exception would be unusual circumstances when it is impossible for the student to do so, i.e. if the student was in a car accident or other unforeseen emergency/disaster. If unforeseen circumstances prevent a student from providing a prior written request, the institution may grant the student's request for a leave of absence. In this case, the institution will document its decision and collect the written request at a later date.

A student will only be granted a leave of absence if it can be reasonably expected that he will return from the leave of absence on time. The leave of absence, together with any additional leaves of absence, must not exceed a total of 180 days in a 12 month period. YOEC will not assess the student any additional institutional charges or award the student any additional Title IV aid during this time period. Upon the student's return from the leave of absence, the student must resume his coursework at the same point in the academic program that he began prior to the leave of absence.

Students on an approved leave of absence will not be considered withdrawn from the institution and no refund calculations will be made for Title IV financial aid received. Students who do not resume attendance at the institution at or before the end of a leave of absence will be considered withdrawn from the institution as of the initial start date of the leave of absence and refunds will be calculated accordingly.

GROUND'S FOR PROBATION AND DISMISSAL

Grounds for probation and/or dismissal include: (1) willfully violating Yeshiva rules and codes of discipline, (2) not behaving in accordance with the requirements of the Chabad-Lubavitch movement, and (3) a serious breach of character or moral conduct, as defined by the Shulchan Aruch.

It should be noted that both probation and dismissals are extremely rare as every effort is made to admit students of high character and diligence.

EVALUATION AND GRADING

The grading system followed at YOEC is based on a combination of criteria. These include an evaluation by instructors of the student's classroom participation and performance, oral examinations, and diligence in individual study.

Rather than deriving grades from a precise numerical average, YOEC employs a grading system that is used by other institutions of higher education. Essentially, this system provides for the following course grades:

A	4.0	C	2.0
A-	3.7	C-	1.7
B+	3.3	D	1.0
B	3.0	I (Incomplete)	not included in calculation of GPA
B-	2.7	W(Withdrawn)	not included in calculation of GPA
C+	2.3	F (Fail)	0.0

The grade point average (GPA) is established by multiplying the grade point equivalent of each course with a valid grade by the number of credits that course yields. The products are then added together, and the sum is divided by the total number of credits from all the courses.

Courses with a grade of incomplete or withdrawn do not affect the GPA. However, courses with a grade of fail, whether earned or unearned, are included in the GPA calculation. If a student receives failing grades for all of his courses, the student will generally be considered as having unofficially withdrawn unless there is evidence that he completed the semester.

Sample GPA Calculation:

A-	6 (credits)	x	3.7	= 22.2
B+	4 (credits)	x	3.3	= 13.2
C	1 (credits)	x	2.0	= 2.0
A	1 (credits)	x	4.0	= 4.0
	12 (credits)			41.4

Divided by 12 Credits for the Semester = 3.45 GPA

Course Numbering System

The first letter refers to the Department:

▪ Talmud	=	T
▪ Philosophy	=	P
▪ Codes	=	C

- The first digit differentiates the two courses offered in the same Department: Intensive (1) and Survey (2).
- The second digit indicates the level (1-4) which as a rule students will take the course.
- The third digit (1-8) represents the semester within the program.
- In the Talmud and Philosophy courses the fourth and fifth digits correspond to the number in the text listing. In the Codes courses the fourth and fifth digits are always 01, as the text varies.
- The final letters indicate the semester of study: FA – fall semester SP – spring semester.

Examples

T23620 SP = Talmud Survey, year three, sixth semester, Kiddushin, spring semester

P12340 FA = Maamorim Intensive, year two, third semester, Seder Hamaamorim 5659, fall semester

C2401 SP = Codes, year two, fourth semester, spring semester

Faculty members are always available to provide guidance and advice on any manner of problems encountered by students during the years they spend at the college.

MEDICAL SERVICES

There are a number of physicians located near the Yeshiva campus who cooperate with faculty and students as needed. Dormitory counselors have been given their phone numbers in order to ensure accessibility. In addition, local community clinics are available for the same purpose, having a special

agreement with the Yeshiva for accepting students. Major hospitals are also located in close proximity to the campus. Yeshiva Ohr Elchonon Chabad has student accident insurance as well as liability insurance.

HOUSING

Yeshiva Ohr Elchonon Chabad provides and requires on-campus dormitory housing for students. The dormitory is located in a spacious modern facility completed in 2004. Exceptions to the on-campus dormitory requirement may be considered in extenuating circumstance, with a written appeal sent to the dean.

Currently, there are available rentals located reasonably near the institution's facilities. The price point for studio rentals begins at \$1600/monthly, while the price point for one bedroom apartment rentals begins at \$1850/monthly. Rental costs may be higher, depending on the type of amenities desired.

TUTORING

The Yeshiva is dedicated to assisting students succeed in their studies. Therefore, any student who feels they need academic assistance should contact Rabbi Citron, who will arrange for tutoring accommodations, with an older student, or with a professional tutor.

LIBRARY

The Talmudic Library at Yeshiva Ohr Elchonon Chabad includes all the basic tools for scholarship and research. It contains numerous editions of the Bible, the Talmud, Codes, Responsa literature, ethical and philosophical works, expositions on Jewish Liturgy, Hebrew Language texts and a complete collection of Chabad works.

The Talmud is generally printed in twenty oversized volumes, each containing one large or a few small Tractates. Each volume contains, in addition to the Mishnaic and Talmudic texts, numerous commentaries, up to 150 in a single volume. Some of these commentaries surround the text on each page, others are printed separately at the conclusion of the tractate. Each is printed in tiny characters to allow the inclusion of a maximum number of commentaries in a single volume. Thus, the student carries a small library with him that encompasses most of the sources he will be called upon to research without having to refer to dozens of individual tomes. This has been the basic printing format of the Talmud for the last several hundred years. More recent editions have appended the modern commentaries as well as newly uncovered medieval manuscripts.

The same holds true for the literature on Halacha, or Jewish Law. The multi-volume Shulchan Aruch, which serves as the basic Code of Jewish Law, is printed in a manner similar to the Talmud. The original text is framed by the major legal commentaries on the Shulchan Aruch. Each tome is thus a self-contained mini library.

For supplementary research into commentaries not usually incorporated into the volume of Talmud, the library provides an extensive array of medieval and modern classics, as well as a fine selection of responsa works for further study.

In addition to the scholarly library, the College has ambitious plans for expansion to include a community lending library.

Historically, the language of Jewish publication and scholarly writing has always been Hebrew. Today, however, with the rise of a generation unfamiliar with classical Hebrew, the need for Torah literature in the vernacular is a pressing one. To meet this need, various publishing houses have embarked on ambitious programs of English language publication to render the ancient teachings comprehensible to the layman. Entire series of English language texts are presently available.

Yeshiva Ohr Elchonon Chabad hopes to include these, as well as a variety of English language periodicals of Jewish interest, in its community lending library, in addition to its considerable Hebrew collection.

Since we have a relatively small student body, students may access the library collections at anytime during the day and night on an honor system.

PUBLICATIONS

The Chabad Press is an impressive publishing concern responsible for the printing and distribution of important educational materials, philosophical works, periodicals, scholarly research journals and much more. Thousands of volumes are published annually for worldwide distribution in many foreign languages.

YOEC is eminently proud of its contribution to Chabad publications, in the form of certain annual journals such as: **Kovetz Migdal Ohr**, **Torah Quiz** and **Kovetz Ohr Hamigdal**.

Kovetz Migdal Ohr and Kovetz Ohr Hamigdal are professionally typeset and bound scholarly journals containing collections of Torah essays and Talmudic dissertations by our students, faculty, and leading Roshei Yeshivos. Both volumes have earned the highest accolades of acclaim and recognition from leading Talmudic scholars throughout the world.

The intellectually challenging and thought provoking Torah Quiz is also a work by our students. The questions and answers are on diverse topics on Judaism. Resources include the Bible, Prophets, Scriptures, Talmud, Halacha, and Jewish Philosophy. All questions are of original content, not reprinted or found in any previous publication of this sort. The series is highly lauded and recommended by rabbis and educators as a stimulating tool for classroom material. The technical format is informal; photo-offset from a typewritten original, with a saddle-stitched binding.

The various publications are in Hebrew and English and both students and faculty are encouraged to contribute.

COMMUNITY SERVICE OPPORTUNITIES

Social activism plays a major role in the Yeshiva's curriculum. Students are encouraged to develop a sense of social consciousness, and to put into practice the moral and ethical lessons acquired in the study hall by imbuing estranged Jews with an awareness and appreciation of their heritage. These aims are achieved through the vehicle of a diverse community service program. This program includes the following:

- Weekly (Friday) and prior to Jewish holidays, visits to nearby hospitals and nursing homes to bring inspiration and good cheer to patients and staff. The students also go on so-called "Mitzvah campaigns" to businesses, stores, and shopping centers to distribute literature on Jewish beliefs and practices. The students publish a weekly "L'Chaim" pamphlet for this purpose.

- Wide-scale distribution of Jewish ritual items such as Mezuzos, Shabbos candlesticks, charity boxes, and special holiday requirements, such as Matzo for Pesach, Menoros for Chanukah, and Mishloach Manos - food packages for Purim.
- Before and during principal holidays, students are permitted to visit Army bases and prisons to educate the Jewish soldiers and inmates and remind them of the importance of the respective holiday and its traditions and practices.
- Individual students address dozens of local congregations each Shabbos afternoon. The primary objective is to inspire the congregants of these synagogues through an interesting Torah explanation and thereby enhance their awareness of Jewish identity and observance.
- Each year after the Passover holiday, the YOEC students organize a "Kinus Torah," a Torah convocation. Noted scholars of national and world renown, in addition to local scholars, students of other Yeshivos and members of the faculty and student body of the Yeshiva are invited to participate in offering in-depth lectures on various Torah topics. The entire community is invited to this impressive annual event.
- The Yeshiva conducts a "Yarchai Kallah" every summer, a series of seminars of Torah study for laymen held on two consecutive Sundays. Local professionals and businessmen attend lectures in Talmud, Halacha, and Chassidus given by members of the Yeshiva faculty, local Rabbis and noted scholars from the Los Angeles area and from out of town. The Yeshiva students spend time with the participants, preparing and reviewing these lectures, discussing Torah topics in their spare time and giving over a deep feeling for Torah learning and scholarship.
- Each summer, most students spend several weeks serving as directors, head counselors, learning directors, sports directors, or counselors in the dozens of Chabad-affiliated day camps and overnight camps throughout California. This work gives them invaluable training in youth leadership. For several weeks, the senior students also travel in pairs to various small communities in the state where little or no Jewish communal life exists. They meet with local Jews, both adults and youth, helping to make them more aware of Jewish practices and supplying them with their various religious needs. The experience gained during these weeks helps train the students in communal responsibility, as they have an opportunity to observe at close range the actual state of Jewish observance outside of the major Torah communities.

STUDENT RIGHTS

Yeshiva Ohr Elchonon Chabad strives to maintain the highest standards of educational quality. To this end, the College is committed to safeguarding the rights of all students. Students are assured that no action will be taken against them for filing a grievance or complaint. The College has established the following procedures for processing student complaints:

COMPLAINT PROCEDURES

It is suggested that students who have a grievance(s) use the internal complaint procedure first to resolve the grievance(s). However, students may contact the Bureau for Private Postsecondary Education at any time for any grievance(s).

INTERNAL COMPLAINT PROCEDURE

Students should attempt to resolve any complaints directly, on an informal basis, with the party or parties involved. If the matter cannot be resolved informally, the student may direct the complaint in writing to the Dean and request a formal conference. The complaint will be investigated, and the student will be informed of the resolution of his complaint, in writing, within 30 days. No person directly involved in the complaint issue will make the final determination.

AARTS COMPLAINT PROCEDURE

Complaints may also be filed with the agency that accredits Yeshiva Ohr Elchonon Chabad, by contacting the Association of Advanced Rabbinical and Talmudic Schools at 2329 Nostrand Ave., M-200, Brooklyn, NY 11210, Telephone: 212.363.1991, Fax: 212.533.5335.

STATE COMPLAINT PROCEDURE

A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau's internet Web site <https://www.bppe.ca.gov/>.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Yeshiva Ohr Elchonon Chabad receives a request for access. A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and

notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. The written request should also specify the purpose of the disclosure and the parties to whom the disclosure may be made. The request must be signed and dated.

If, after reviewing the request, the school decides not to amend the record as requested, the school will notify the student in writing of the decision and of the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student at that time.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Yeshiva Ohr Elchonon Chabad discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official may include a person employed by the school in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the school who performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the school.

The school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Yeshiva Ohr Elchonon Chabad to comply with the requirements of FERPA.

Students may file a complaint with the Student Privacy Policy Office (SPPO) at <https://studentprivacy.ed.gov/file-a-complaint>. Complaint forms may also be accessed at [Family Educational Rights and Privacy Act Complaint Form](#) and emailed to FERPA.Complaints@ed.gov, or mailed to the following address:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Ave, SW
Washington, DC 20202-8520

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to maintain a record of any disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

- To other school officials, including teachers, within Yeshiva Ohr Elchonon Chabad whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the university's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To either parent of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))
- To comply with a judicial order or lawfully issued subpoena, to proceed with or defend against the legal action. (§ 99.31(a)(9))
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- The information the school has designated as "directory information" under § 99.37. (§ 99.31(a)(11)) name, student status, marital status, spouse's name, telephone number, address, date of birth, place of birth, dates of attendance, degrees granted, dates degrees granted, names of prior institutions attended, chavrusas, chaburas, roommates, photos, videos, dormitory building/room numbers, seat information, parents' and parents in-law's names, addresses, occupations, congregations, and similar background information.

Note: Students have the right to restrict the sharing of directory information. Students who wish to make such a request must contact the registrar's office, and submit the request in writing within 90 days from the beginning of the semester. Once a student requests that the school not disclose directory information,

this hold on sharing directory information will remain in place until revoked by the student in writing. Requests cannot be put into effect retroactively.

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him. (§ 99.31(a)(14))
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

AVAILABILITY OF FULL TIME EMPLOYEE TO ASSIST ENROLLED OR PROSPECTIVE STUDENTS

Yeshiva Ohr Elchonon Chabad has designated Rabbi Mendel Spalter, as the full time employee available to assist enrolled or prospective students in obtaining information on the school, financial assistance, graduation and completion rates, security policies, and crime statistics, and any other required disclosures or information, as required by Title 34 of the Code of Federal Regulations, sections 668.42, 668.43, 668.45 and 668.46. He can be reached at 323-937-3763 ext. 123, mspalter@yoec.edu, or by visiting the administrative offices during regular business hours Monday – Thursday 9-5 and Friday 9-12.

FINANCIAL AID

YOEC utilizes the services of Higher Education Solutions, a financial aid consulting firm with many years of experience in the field. The institution offers a variety of federal and state financial aid programs to its students. Higher Education Solutions oversees the administration of the programs.

Any student who has difficulty meeting his educational costs at YOEC should contact Mrs. Hendy Tauber, Director of Financial Aid, at the financial aid office. The office is open during regular business hours, and can provide information about the available financial aid options

These options may include a “financial aid package” comprised of grants, scholarships and work-study programs. This package consists of the amount of federal and state aid and any scholarships that are offered to an eligible student by the institution to help pay for his education. The institution may also offer a deferred payment plan, which allows the student to spread out the cost of tuition over a period of time.

Federal and State grants are need based, and do not need to be repaid. Similar to grants, institutional scholarships are need based and do not need to be repaid. The Federal Work-Study Program funds part-time employment for eligible students. These programs are explained in detail below.

FEDERAL FINANCIAL AID

In order to qualify for federal financial aid programs, a student must:

- demonstrate financial need for need-based federal student aid programs;
- be a U.S. citizen or an eligible noncitizen;

- have a valid Social Security number (with the exception of students from the Republic of the Marshall Islands, Federated States of Micronesia, or the Republic of Palau);
- be enrolled or accepted for enrollment as a regular student in an eligible degree or certificate program;
- maintain satisfactory academic progress in college or career school;
- provide consent and approval to have his federal tax information transferred directly into his 2024–25 *Free Application for Federal Student Aid* (FAFSA) form, if applying for aid for July 1, 2024, to June 30, 2025;
- sign the certification statement on the FAFSA form stating that he is not in default on a federal student loan, does not owe money on a federal student grant, and will only use federal student aid for educational purposes; and
- show he is qualified to obtain a college or career school education by:
 - ❖ having a high school diploma or a recognized equivalent such as a General Educational Development (GED) certificate;
 - ❖ completing a high school education in a homeschool setting approved under state law (or—if state law does not require a homeschooled student to obtain a completion credential—completing a high school education in a homeschool setting that qualifies as an exemption from compulsory attendance requirements under state law); or
 - ❖ enrolling in an eligible career pathway program and meeting one of the "ability-to-benefit" alternatives.

APPLYING FOR FEDERAL FINANCIAL AID

To apply for financial aid, a prospective student should complete a FAFSA form, which is available at the financial aid office. The completed application should then be mailed to the designated address. Alternatively, the student can submit the application through FAFSA on the Web at <https://studentaid.gov/h/apply-for-aid/fafsa>.

In addition to the FAFSA form, the student may be required to supply additional documentation, such as a Verification Worksheet, W2 forms, and/or Tax Returns/IRS Tax Transcripts, to verify the information reported on the FAFSA.

Awards are made for one academic year at a time, and are not automatically renewable. Students must reapply each year before the application deadline, as noted below.

FEDERAL FINANCIAL AID NEED

Eligibility for Title IV federal programs is based on a process called need analysis. Need analysis is the process of assessing the amount of assistance a student will require to supplement the resources expected to be available from the student and his parents, if applicable.

The student's need is calculated based on the formulas developed by the Department of Education. Need is determined by subtracting the contributions expected from the student and his parents, if applicable, from the total cost of attendance (COA). The total financial aid awarded to a student usually cannot exceed the student's need.

To calculate need, a determination is first made as to whether the student is dependent or independent of his parents, as determined by the answers to specific questions on the FAFSA. The student is advised to

read the FAFSA instructions carefully before answering any questions, and to consult with the institution's financial aid staff if needed.

Once dependency is determined, the student's contribution is assessed. For an independent student, the student's contribution is based on his (and his spouse's) income as reported on his tax return, and assets, as applicable. Certain allowances are allocated against his income, such as income protection allowance (IPA), which is a living allowance based on family size, taxes paid and other relevant factors.

For a dependent student, his contribution is based on his income, as reported on his tax return, and assets, as applicable. Certain allowances such as an IPA and other relevant factors, as previously described, are allocated against his income. A parental contribution is also assessed, based on his parents' income, as reported on their tax return, and their assets, as applicable. Allowances are allocated against his parents' income, as detailed above

The parental contribution, where applicable, is added to the student contribution, to yield the Student Aid Index (SAI).

The student's budget or cost of education is calculated based on the COA plus a standard allowance for living expenses, which depends on whether the student lives on campus, with his parents, or has other arrangements. The SAI is then subtracted from the student's total budget. The result is known as the student's "need".

Under certain circumstances, based on poverty guidelines, the student may automatically be eligible for a maximum or minimum Pell grant (max or min Pell).

Professional Judgment

In addition to the financial aid "need" process described above, there are additional circumstances that may be considered under a process known as professional judgment (PJ). There are two categories of PJ, special circumstances and unusual circumstances.

To initiate a PJ request for special circumstances, the student and/or his parent must submit documentation of these circumstances to the financial aid office. Among other changes that could impact the student's ability to pay for college, special circumstances might include a change in employment status, income or assets, medical expenses not covered by insurance, or severe disability of the student or other member of his household. These expenses can be taken into account by the financial aid staff to adjust the data elements in the COA or in the SAI calculation. This process can be initiated at the parent's or student's request after the student's initial eligibility has been determined, and verification has been completed, if applicable.

The category of unusual circumstances refers to conditions that justify a financial aid administrator (FAA) adjusting a student's dependency status based on a unique situation, more commonly referred to as a dependency override. Examples of unusual circumstances could include human trafficking, refugee or asylee status, parental abandonment or incarceration. If a student indicates they have unusual circumstances, the FAFSA Processing System (FPS) will consider the student to be provisionally independent and will allow them to fill out the FAFSA form as an independent student. The student will then submit any supporting documentation to the financial aid office for review. The FAA will assess the documentation and determine if the student's circumstances make him eligible for a dependency override.

A student may have both a special circumstance **and** an unusual circumstance. Financial aid administrators may make adjustments that are appropriate to each student's situation with appropriate documentation.

Unaccompanied Homeless Youth

For the 2024-25 award year, a student is independent if, at any time on or after July 1, 2023, the student was determined to be an unaccompanied youth who is homeless or is self-supporting and at risk of being homeless. A student may self-report his independence due to homelessness by indicating on the FAFSA form that they have a determination from one of the following entities:

- a local educational agency homeless liaison (or designee), as designated by the *McKinney-Vento Homeless Assistance Act* (42 U.S.C. 11432(g)(1)(J)(ii));
- the director (or designee) of an emergency or transitional shelter, street outreach program, homeless youth drop-in center, or other program serving individuals who are experiencing homelessness;
- the director (or designee) of a Federal TRIO program or a Gaining Early Awareness and Readiness for Undergraduate program (GEAR UP) grant; or
- an FAA at another institution who documented the student's circumstance in the same or a prior award year.

If a student indicates on his FAFSA he is unaccompanied and homeless, or at risk of being homeless (without a designation from a specified entity), the FPS will allow him to complete the form without parent information. The institution's FAA will review the student's circumstances and make a case-by-case determination of homeless youth status based upon a written statement from or a documented interview with the student.

If a student is determined to be independent due to his unaccompanied homeless youth status, the institution will presume him to be independent for each subsequent award year at the same institution, unless the student informs the school that his circumstances have changed, or the school has conflicting information.

FEDERAL APPLICATION DEADLINE

While FAFSA applications may be submitted until June 30, 2025, students may be required to submit their application earlier, as the application must be processed, and a valid SAI received while the student is still enrolled. Students are urged to submit their applications as early as possible. Late submissions may delay the processing of a student's application. More important, the funds for some programs are limited and will be distributed with priority given to those students who submit their application in a timely fashion.

Only in specific situations may a student update or be required to update certain types of information that he has entered on his application, such as dependency status and household size. Any such changes should be discussed with the financial aid office.

FEDERAL AID PROGRAMS

Federal Pell Grant Program

The Federal Pell Grant Program provides grants to undergraduate students. These grants do not have to be repaid. This program is an “entitlement” which means that each eligible student who attends an eligible institution and applies on time may receive a Federal Pell Grant. The maximum grant for a fully eligible student is \$7395 per award year, which is 100% of the scheduled award. The amount that each student is eligible for is based on the SAI, which is generated by a federally mandated formula, as explained above.

Financial aid disbursements in the Federal Pell Grant Program are scheduled at the beginning of each semester, provided that all paperwork has been submitted and is complete. A student generally receives half of his scheduled award during the first semester and the other half during the second semester.

With the availability of Year-Round Pell, students can receive Federal Pell Grant funds for up to 150% of their Pell Grant Scheduled Award for an award year. An eligible student may receive a Federal Pell Grant for the summer semester, even if he received 100% of his scheduled Federal Pell Grant award during the fall and spring semesters.

Students whose paperwork is completed during the second or third semester may be paid retroactively for previous semesters in the same academic year.

The amount of Federal Pell Grant funds a student may receive over his lifetime is limited by federal law to 600%. If a student's lifetime eligibility used (LEU) equals 600%, the student can no longer receive Pell Grant funding.

Payments from the Federal Pell Program will either be made by credit to the student's tuition account or by direct disbursement to the student. Students will be informed in writing of the expected amount of these payments. Students may inspect their tuition records during regular business hours at the business office.

The Campus-Based Programs

The Campus-Based Programs are a group of programs funded under Title IV. The campus-based programs in which the institution participates are:

- FSEOG - Federal Supplemental Educational Opportunity Grants
- FWS - Federal Work Study

In these programs, fixed sums are allocated to each school based on various factors, including its size. The institution analyzes the need of all eligible financial aid applicants whose paperwork is completed in a timely manner, and determines an equitable distribution of the funds available through the packaging process. Students who apply after the initial packaging deadlines, (as posted in the school), may be too late to receive any funds from these programs.

The Federal Supplemental Education Opportunity Grant is a campus-based grant program available to undergraduate students. Awards, when available, can range from \$100 to \$4,000 per award year.

Financial aid disbursements in the FSEOG Program are scheduled at the beginning of each semester, provided that all paperwork has been submitted and is complete. A student generally receives one half of his scheduled award during the first semester and the other half during the second semester. Students who complete their paperwork during the second semester may be paid retroactively for the first semester. However, students should keep in mind the strong likelihood that there may be limited FSEOG funds available by that time. FSEOG must be packaged and disbursed while the student is enrolled. Payments from the FSEOG program will be made by credit to the student's tuition account.

Generally, the funds are matched 25% non-federal funds to 75% federal funds. However, if in a particular academic year, the institution is granted a waiver of the nonfederal share requirement, the institution may choose not to provide the nonfederal match. Students will be informed of the expected amounts of these payments in writing, and may inspect their tuition records during regular hours at the business office.

The Federal Work Study Program is an employment program. Funds are allocated to schools as part of the campus-based programs as explained above. Eligible students are offered part-time employment, which must take place outside of school hours. The financial aid office, in consultation with the faculty, determines if a student is eligible for employment, based on his ability to fulfill his academic responsibilities with the added burden of employment. Employment is also contingent on student qualifications for the positions available.

Disbursements from the FWS program are structured as monthly payroll payments. These payments are distributed over the course of the student's work schedule, and are paid directly to the student. Students who wish to use their FWS wages to cover their educational expenses may request an authorization form from the financial aid office.

Typically, FWS funds are matched 25% nonfederal to 75% federal funds. As with FSEOG funds, if the institution is granted a waiver of the nonfederal share requirement in a particular academic year, the institution may choose not to provide the nonfederal match.

FEDERAL STUDENT LOANS

The Federal Direct Loan program offers loans to students, which must be paid back with interest, to help cover their education related expenses. There are two categories of direct loans - subsidized, where the government pays the interest that accrues while the student is in school and unsubsidized - where the student is responsible for the interest that accrues while he is in school. Loans are only given to students who demonstrate willingness to repay. Direct PLUS loans are unsubsidized direct loans which are given to the parents of an eligible student who would like to help pay for the student's expenses in this manner.

Although the school is eligible to participate in the federal loan programs, the school discourages students and parents from taking out loans. The institution encourages its students to apply for the federal, state, and institutional financial aid grant programs before considering the option of student loans and makes every effort to assist students with their direct educational needs. Students who are considering taking out loans should contact the financial aid office for a detailed list of eligibility requirements, available loan amounts, and sample repayment schedules.

STATE GRANTS

LEGAL DISCLOSURES FOR THE BENEFIT AND PROTECTION OF THE STUDENT

DISCRIMINATION AND HARASSMENT

Yeshiva Ohr Elchonon Chabad is committed to providing an environment that is free of discrimination and unlawful harassment. Actions, words, jokes, or comments based on an individual's sex, race, ethnicity, age, religion, or any other legally protected characteristic will not be tolerated. As an example, sexual harassment (both overt and subtle) is a form of employee and student misconduct that is demeaning to another person, undermines the integrity of the student-instructor relationship, or employment relationship, and is strictly prohibited. The complaint procedures may be followed in the event that a student or employee feels that he has been a victim of discrimination or harassment.

ALCOHOL AND OTHER DRUG (AOD) PREVENTION POLICY

STANDARDS OF CONDUCT

The unlawful use, possession, sale or distribution of illicit drugs or alcohol as defined by State, Federal and local law, by students and employees, on school property, or as part of school activities is strictly prohibited.

Yeshiva Ohr Elchonon Chabad is committed to maintaining a campus free of illegal drugs and alcohol as defined by local, Federal and California State law. The institution has adapted a zero-tolerance policy towards illegal drugs and alcohol, and will continually enforce it.

Under specific, limited circumstances, the legal and responsible use of alcohol on school property, or as part of school activities may be permitted.

STATE, FEDERAL AND LOCAL LEGAL SANCTIONS FOR THE UNLAWFUL POSSESSION OR DISTRIBUTION OF ILLICIT DRUGS AND ALCOHOL

The penalties and sanctions listed below are intended as a guideline, and should not be construed as legal advice or information.

Depending on the circumstances, a drug conviction may result in a permanent criminal record.

Both federal and state laws prohibit operation of any vehicle with a BAC (Blood Alcohol Content) of .08 or higher. There is a zero tolerance law for those under 21.

Federal penalties for unlawful possession, use, or distribution of illicit drugs and alcohol

Although marijuana is legal in the state of California, it is illegal under federal law. Therefore, the possession, use or distribution of marijuana on a campus that receives Title IV funding is prohibited.

Under federal law, anyone convicted of a drug crime will face at least a mandatory minimum prison sentence. Depending on a variety of factors - whether it was a first offense, the type and amount of the drug involved, if there was intent to distribute - penalties range from less than one year to life imprisonment. Fines for simple possession range from \$1,000-\$5,000, while trafficking carries fines of up to \$75 million, depending on the circumstances.

Assets may also be seized, including cars, cash, real estate, or anything of value used to commit a drug crime or bought with drug proceeds.

Legal consequences that stem from federal drug convictions tend to be harsher than state penalties, and will usually involve longer prison sentences and larger criminal fines.

Consequences of a federal DUI are the same regardless of where the offense is committed. Federal penalties may include incarceration in a federal prison for up to six months, fines of up to \$5,000 and/or probation for up to five years.

Penalties for a federal DUI may be increased if the intoxicated driver's BAC was significantly over the limit, a passenger was under the age of 14, or the driver has several prior DUI convictions.

California State penalties for unlawful possession, use, or distribution of illicit drugs and alcohol

Depending on the type and amount of the drug involved, penalties for simple possession include up to 1 year imprisonment, and/or a fine of up to \$1,000. The sale or transporting of drugs carries a jail sentence of 3-9 years, and and/or fines of up to \$20,000. Aggravating factors, such as second or subsequent offenses, could add additional penalties.

It is illegal to possess marijuana in excess of 28.5 grams. Penalties for illegal possession or sale of marijuana include fines and/or prison time. Crimes involving minors are subject to longer prison terms.

California State law provides enhanced penalties for repeat drug offenders.

Driving while intoxicated is a crime. The penalties for an alcohol or drug-related driving violation may include any or all of the following: the loss of driving privileges, fines, community service, DUI school, installation of an ignition interlock device and jail time. Greater penalties can also apply for multiple DUI's within a 10-year period

California State statutes provide penalties for the unlawful possession of alcohol, including fines and/or community service.

Local penalties for unlawful possession, use, or distribution of illicit drugs and alcohol

Local penalties vary widely, and can range from fines and/or community service to license suspension and even possible jail time for violations of open container laws.

HEALTH RISKS

Any amount of drugs or alcohol may have immediate effects such as dizziness, altered thinking and judgement, among other effects, which increase the risk of motor vehicle crashes, falls, drowning and burns.

Marijuana has been shown to affect memory and intelligence, most seriously among young people who are at a crucial stage of development. Marijuana may also act as a "gateway" to more dangerous drugs.

Prescription drug abuse is the use of a prescription medication in a way not intended by the prescribing doctor, and is illegal. This can include taking a medicine that was prescribed for someone else, taking a larger dose than you are supposed to, taking the medicine in a different way than you are supposed to or using the medicine for a purpose other than for what it was intended.

There are always risks involved when taking illegal drugs. Many drugs are potentially addictive after one dose. Illicit drugs are unlikely to be "pure", and can be mixed with a variety of unknown dangerous, and even lethal, substances.

Short term health risks may include slurred speech, dizziness, altered thinking and judgement, as well as increased blood pressure, heart rate and temperature. An overdose can lead to seizures, loss of consciousness, heart attack, a coma and death.

There are many long term health risks from illegal drug use including liver disease, lung damage, heart disease, heart attack and brain damage.

Short term physical effects caused by alcohol may include dizziness, nausea, vomiting, slurred speech, altered thinking and judgement, deficits in coordination and a quickened heartbeat.

Long term health risks from excessive alcohol consumption may include high blood pressure, heart disease, stroke, liver disease, pancreatitis, and different forms of cancer.

Drinking copious amounts of alcohol in a short span of time can cause alcohol poisoning, which may cause vomiting, seizures and, unconsciousness and death.

DISCIPLINARY SANCTIONS THAT THE INSTITUTION WILL IMPOSE ON STUDENTS AND EMPLOYEES FOR VIOLATIONS OF THE STANDARDS OF CONDUCT

Yeshiva Ohr Elchonon Chabad does not permit the unlawful use, possession, sale or distribution of illicit drugs or alcohol by students or employees, on school property, or as part of school activities. Any student or employee who violates the Standards of Conduct will be disciplined as enumerated below.

Students

A student who is found to have violated the institution's Standards of Conduct will receive a disciplinary sanction. Sanctions may include, but are not limited to, a reprimand, notation on the student's record, meeting with the parents of the student, probation, suspension, or expulsion. He may also be referred for counseling and/or treatment, as detailed below. If applicable, he will be referred to appropriate law enforcement officials for prosecution.

Employees

An employee who is found to have violated the Standards of Conduct will be terminated immediately. He may also be referred for counseling and/or treatment through Amudim, as detailed below. If applicable, he will be referred to appropriate law enforcement officials for prosecution.

AVAILABLE COUNSELING AND TREATMENT

Yeshiva Ohr Elchonon Chabad is committed to assisting students with any difficulties they might experience. Should a student encounter any issues he would like to discuss, he is encouraged to reach out for counseling. The thrust of institutional counseling is directed towards prevention, and faculty members have been trained to be sensitive to the physical and emotional well-being of the students, and to assist appropriately. Should a student require professional counseling, the institution will refer him to an appropriate professional.

The earlier a problem is caught, the easier it is to rectify. Neglect of a drug or alcohol problem can cause severe danger to the person involved, as well as those around him. If a student, or someone they know is struggling with drugs or alcohol, they are advised to seek help.

If the student does not seek assistance, and the institution discovers he has a drug or alcohol problem, he will be referred for counseling and may be required to seek professional assistance before returning to school.

For drug and alcohol related counseling and treatment, our students and employees are referred to Amudim, a confidential resource center. Amudim provides meaningful assistance, enduring support, and direct referrals for individuals and families impacted by addiction, and other crisis-related matters.

Amudim has established relationships with numerous clinicians, treatment centers, outpatient programs and more, to make the most suitable referrals, and best guide people on the important steps necessary to achieve a long term positive outcome.

2. Reporting Campus Crime and Other Emergencies: Immediately after becoming aware of criminal action on campus, students or others should notify a Campus Security Authority or an officer at the local law enforcement agency. In the event of any danger, risk or emergency, such as a bomb threat, suspected criminal or suspicious character on premises, etc., students or others should notify a Campus Security Authority on campus discreetly and cautiously.

While not defined in statute, regulations provide that Campus Security Authorities include campus police or security department personnel; individuals or organizations identified in institutional security policies; and individuals with security-related responsibilities. The definition at § 668.46(a)(iv) states that a Campus Security Authority also includes an official “who has significant responsibility for student and campus activities.”

Campus Security Authorities to whom students and employees should report Clery crimes for the purposes of making timely warning reports and the annual statistical disclosure include, but are not limited to, the Dean.

Reports can also be made to Rabbi Mendy Spalter, Campus Security Officer.

Policies for making timely warning reports: Timely warnings are required for all Clery crimes that occur on Clery Geography, are reported to Campus Security Authorities or local law enforcement agencies, and are considered by the institution to represent a serious or continuing threat to students and employees. Prompt reporting of these crimes to Campus Security Authorities or local law enforcement agencies will initiate timely warnings to all students and employees as to precautions to take while avoiding panic.

Rabbi Mendy Spalter, in conjunction with Yeshiva Ohr Elchonon Chabad will, in a manner that is timely, that withholds as confidential the names and other identifying information of victims, and that will aid in the prevention of similar crimes, report to the campus community on these crimes.

When a timely warning is required, as confirmed by Rabbi Mendy Spalter, the warning will be disseminated through the posting of a notice in the institution’s common areas, a bulletin on the school’s website or via a public announcement. Relevant crime information will be disseminated in the same manner, as soon as the information is available.

Policies for preparing the annual disclosure of crime statistics: Yeshiva Ohr Elchonon Chabad prepares and publishes a crime statistics report annually as required by the Clery Act. The report contains statistics for the previous three calendar years on Clery crimes that were reported to have occurred on Clery Geography – on campus (including residence halls) and on public property within or immediately

adjacent to campus. Crime statistics are obtained from local law enforcement agencies and Campus Security Authorities.

Policies for reporting Clery Act crimes on a voluntary, confidential basis: Yeshiva Ohr Elchonon Chabad does not have policies or procedures for reporting Clery crimes on a voluntary, confidential basis.

Policies Concerning Pastoral and Professional Counselors and Voluntary, Confidential Reporting: Yeshiva Ohr Elchonon Chabad does not have policies or procedures for the reporting of Clery crimes on a voluntary, confidential basis by pastoral or professional counselors.

3. Policies concerning security of and access to campus facilities, including residence halls: Access to school facilities is restricted to students, employees, and authorized visitors. School facilities are securely locked after academic programs and study sessions have ended. Access after-hours is only permitted with clearance from specified employees or students.

The dormitory is locked during school hours and at curfew, with student access through a combination lock, fob or key. Dormitory access is limited to students who reside in the dormitory and authorized visitors or employees.

Campus maintenance is performed by school employees or vetted contractors.

4. Policies concerning Campus Law Enforcement: The institution maintains no security department of its own.

A victim or witness to a criminal, dangerous or suspect situation on campus is encouraged to promptly and accurately report the crime to the local law enforcement agency or a Campus Security Authority. Should the victim of a crime be unable or elect not to make a report, a report may be made on his or her behalf.

5. Programs to Educate Students and Employees about Campus Security Procedures: Students and employees are instructed to review all safety and security procedures at least once annually, and to strictly adhere to all policies. They are encouraged to be mindful of the responsibility for their own safety and security and that of others. Attentiveness, awareness and prompt reporting of any suspicious or criminal activity can help ensure a safer campus.

6. Programs to Educate Students and Employees about Crime Prevention: Students and employees are frequently reminded to observe basic safety precautions, such as traveling in groups after dark and avoiding high crime areas whenever possible. Drug and alcohol awareness, theft prevention, dormitory safety and general safety tips are reviewed at least once annually.

7. Policy Regarding Police Monitoring of Crime at Recognized Off-Campus Organizations: The institution does not have any recognized off-campus organizations.

8. Policy on the possession, use, and sale of alcoholic beverages and enforcement of state underage drinking laws: The unlawful possession, use or sale of alcoholic beverages on campus, or as part of school activities is strictly prohibited. State underage drinking laws will be fully enforced, and any student or employee misusing alcohol on campus or as part of school activities will be subject to reprimands and disciplinary sanctions, up to and including suspension, expulsion or termination.

9. Policy on the possession, use, or sale of illegal drugs and enforcement of federal and state drug laws: The unlawful possession, use or sale of illegal drugs on campus, or as part of school activities is strictly prohibited. Both federal and state drug laws will be fully enforced, and any student or employee misusing drugs on campus or as part of school activities will be subject to reprimands and disciplinary sanctions, up to and including suspension, expulsion or termination.

10. Description of drug or alcohol-abuse education programs: See the Biennial Review of Drug and Alcohol Abuse Prevention Program: [9c60c2_e182d68209054e46b3ddc4da27c532dc.pdf \(filesusr.com\)](#) and the Drug and Alcohol Abuse Prevention Policy: [9c60c2_a524a77e16ac4d6dac18eb8b80265523.pdf \(filesusr.com\)](#) for specifics of the drug and alcohol abuse programs.

The institution provides a drug and alcohol awareness program for students and employees that educates on the risks and dangers of drug and alcohol abuse, reviews the institutional drug and alcohol policy, and provides other essential information on the topic, at least once annually.

11. Policies on Dating Violence, Domestic Violence, Sexual Assault, and Stalking: Yeshiva Ohr Elchonon Chabad is completely committed to maintaining a safe and secure environment for all students. Accordingly, the school adheres to a strict and uncompromising no-tolerance policy with regard to any form of dating violence, domestic violence, sexual assault or stalking.

Should Yeshiva Ohr Elchonon Chabad become aware of an incident of sexual assault, dating violence, domestic violence or stalking, Yeshiva Ohr Elchonon Chabad will promptly and effectively respond in a manner designed to eliminate the misconduct, prevent its recurrence, and address its effects.

The school official who is responsible for coordinating efforts to prevent sexual assault, dating violence, domestic violence and stalking is Mendy Spalter. He can be contacted at Yeshiva Ohr Elchonon Chabad, Administrative Offices, 7215 Waring Avenue, Los Angeles, CA 90046. He can also be reached by phone at 323-937-3763 ext. 123 or by email at mspalter@yoec.edu.

Description of the institution's educational programs and campaigns to prevent and promote awareness of Dating Violence, Domestic Violence, Sexual Assault, and Stalking: Yeshiva Ohr Elchonon Chabad provides annual primary prevention and awareness programs for all students and employees. As detailed below, primary prevention and awareness defines dating violence, domestic violence, sexual assault, and stalking, as well as consent with relation to sexual activity. Topics such as risk reduction and bystander intervention, among others, are also covered.

Definitions:

Consent: In the state of California "affirmative consent" means affirmative, conscious, and voluntary agreement to engage in sexual activity. It is the responsibility of each person involved in the sexual activity to ensure that he or she has the affirmative consent of the other or others to engage in the sexual activity. Lack of protest or resistance does not mean consent, nor does silence mean consent. Affirmative consent must be ongoing throughout a sexual activity and can be revoked at any time. The existence of a dating relationship between the persons involved, or the fact of past sexual relations between them, should never by itself be assumed to be an indicator of consent.

In the evaluation of complaints in any disciplinary process, it shall not be a valid excuse to alleged lack of affirmative consent that the accused believed that the complainant consented to the sexual activity under either of the following circumstances:

- (A) The accused's belief in affirmative consent arose from the intoxication or recklessness of the accused.
- (B) The accused did not take reasonable steps, in the circumstances known to the accused at the time, to ascertain whether the complainant affirmatively consented.

The standard used in determining whether the elements of the complaint against the accused have been demonstrated is the preponderance of the evidence.

In the evaluation of complaints in the disciplinary process, it shall not be a valid excuse that the accused believed that the complainant affirmatively consented to the sexual activity if the accused knew or reasonably should have known that the complainant was unable to consent to the sexual activity under any of the following circumstances:

- (A) The complainant was asleep or unconscious.
- (B) The complainant was incapacitated due to the influence of drugs, alcohol, or medication, so that the complainant could not understand the fact, nature, or extent of the sexual activity.
- (C) The complainant was unable to communicate due to a mental or physical condition.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim is dating violence. The existence of such a relationship shall be determined based on a consideration of the following factors:

- the length of the relationship
- the type of relationship
- the frequency of interaction between the persons involved in the relationship

Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence: A felony or misdemeanor crime of violence committed by:

- a current or former spouse or intimate partner of the victim,
- a person with whom the victim shares a child in common,
- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or
- any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Sexual assault: An offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI's UCR program.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress.

Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

Yeshiva Ohr Elchonon Chabad prohibits any and all forms of dating violence, domestic violence, sexual assault or stalking.

Bystander intervention: Safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking.

Bystander intervention includes:

- Recognizing situations of potential harm.
- Understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking actions to intervene.

If you see someone in danger of dating violence, domestic violence, sexual assault, or stalking:

- Don't hesitate to call 911 if you are concerned for someone else's safety.
- Before becoming actively involved, evaluate the risk. If you feel it is safe to do so, offer assistance. Ask if the person needs help.
- Assess if it is safe for you to remain at the scene. If it is, remain there. If there is a witness, the perpetrator is less likely to follow through.
- Solicit help from other bystanders.
- If you know the perpetrator, tell them you do not approve of their actions. Ask them to leave the potential victim alone.

Risk Reduction: Options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

Be mindful of your surroundings. Avoid isolated or poorly lit areas whenever possible.

- When leaving the campus at night, join a group, rather than venturing out alone.
- Don't be afraid to be firm, speak up and verbalize any misgivings you may have.
- At social events, stick together with friends you trust. Arrange to look out for one another.
- Plan to check in with your friends during and after social events.
- Always listen to your gut feelings. If you feel uneasy or unsafe, leave the area immediately.
- Never accept alcohol or any drink from someone you don't know.
- Be aware that any amount of alcohol or drugs can impair your judgment.

Procedures victims should follow if a crime of dating violence, domestic violence, sexual assault, or stalking has occurred: It is important for the victim to preserve all physical evidence that may assist

in proving that the alleged criminal offense occurred. This evidence may also be helpful in obtaining a protection order.

Victims are urged to report the alleged offense to the police immediately. The nearest police station is located at 4861 Venice Blvd, Los Angeles, CA 90019. The Los Angeles Police Department Wilshire Community Police Station phone number is (213) 473-0476. Should the victim choose not to contact the police directly, he may do so with the assistance of Rabbi Mendy Spalter or a Campus Security Authority. He may also decline to notify such authorities.

Rights of Victims and the Institution's Responsibilities for Orders of Protection, "No-Contact" Orders, Restraining Orders, or Similar Lawful Orders Issued by a Criminal, Civil, or Tribal Court or by the Institution: Yeshiva Ohr Elchonon Chabad will comply with California State law in regard to orders of protection and similar lawful orders. Yeshiva Ohr Elchonon Chabad does not issue restraining orders or other orders of protection.

Yeshiva Ohr Elchonon Chabad will complete publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifying information about the victim. Yeshiva Ohr Elchonon Chabad will also maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Yeshiva Ohr Elchonon Chabad will provide written notification to students and employees regarding available resources relating to existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and in the community.

Members of the faculty and/or administration are available for counseling within the institution.

Should a student require or request emergency crisis intervention, the institution may refer him to the Chai Lifeline Crisis Hotline. The Chai Lifeline 24-Hour Crisis Helpline can be reached at (853) 3-CRISIS, via email at crisis@chailifeline.org, or through their website at <https://www.chailifeline.org/crisis>.

Chai Lifeline's paraprofessional volunteers are pre-screened and undergo rigorous training by leading experts, enabling them to respond immediately and effectively, with cultural sensitivity and respect.

Victims of sexual abuse may be directed to the organization Amudim. Amudim can be reached at (646)517-0222, (646)517-0221 or via email at info@amudim.org. Further information about their available services can be found at <https://amudim.org/services-sexual-abuse/>.

Understanding the particularly delicate nature of sexual abuse in the Jewish community, Amudim's guiding principle is to treat victims and their families with care and compassion. Their knowledgeable and sensitive staff offers a wide range of assistance, maintaining the highest possible comfort level for victims and their families.

Victims of dating or domestic violence may contact Shalom Task Force's confidential hotline via call, text or WhatsApp at (888) 883-2323. Their legal department can be reached via call or text at (212) 742-1110 or email legalintake@shalomtaskforce.org. Their website is <https://shalomtaskforce.org>.

The mission of Shalom Task Force, Inc (STF) is to combat and prevent domestic violence and foster healthy and safe relationships and families. STF focuses its work on the Jewish community, to help those that may not have access to traditional services and need culturally sensitive programming.

Yeshiva Ohr Elchonon Chabad will also provide written notification to victims about options for, available assistance in, and how to request changes to academic, living, transportation, and working situations or protective measures. Upon request and if reasonably attainable, Yeshiva Ohr Elchonon Chabad will provide such accommodations after the alleged sex offense, regardless of whether the victim chooses to report the crime to local law enforcement.

Should a student or employee report to the institution that the student or employee has been a victim of dating violence, domestic violence, sexual assault or stalking, whether the offense occurred on or off-campus, the institution will provide the student or employee a written explanation of their rights and options.

Policies regarding Disciplinary Proceedings in Cases of Alleged Dating Violence, Domestic Violence, Sexual Assault or Stalking: A student or employee who wishes to file a complaint or a report of sexual violence, dating violence, domestic violence and stalking or any other form of sexual misconduct should contact Rabbi Mendy Spalter at the address, phone number or email address listed above.

An evaluation (decision whether to dismiss or investigate the complaint) will be made within 10 days of the filing of the initial complaint.

If a decision is made to dismiss the complaint, both parties will be notified simultaneously in writing.

If a decision is made to investigate the complaint, disciplinary proceedings will begin promptly.

The disciplinary committee, headed by Rabbi Mendy Spalter, and its members receive annual training on issues related to sexual violence, dating violence, domestic violence, and stalking. They also receive training on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

The accuser and the accused are entitled to the same opportunities to have others present - including an advisor of the individual's choosing - during the disciplinary proceedings. The choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding will not be limited; however, the institution may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The proceeding will be conducted in a manner that:

- Is consistent with the school's policies and transparent to the accuser and the accused.
- Includes timely notice of meetings at which the accuser or accused, or both, may be present.
- Provides timely and equal access to the accuser, the accused, and appropriate officials to any information that will be used during informal and formal disciplinary meeting and hearings.

The proceedings will be conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused, and will include a prompt, fair, and impartial process from the initial investigation to the final result. The full investigation will take between 2-4 weeks,

Once the investigation is concluded, the disciplinary committee will evaluate all relevant and not otherwise impermissible evidence. The disciplinary committee will use the preponderance of the evidence standard (more likely than not) of proof to determine culpability of the accused. The standard of proof requires the disciplinary committee to evaluate relevant and not otherwise impermissible evidence for its persuasiveness.

A determination will be reached within 10 days. The accuser and the accused will be informed simultaneously in writing on the results of the school's disciplinary proceedings with respect to the alleged offense or incident.

During the disciplinary proceedings or following a determination that the conduct occurred, protective measures, such as changes in housing or class schedules, academic accommodations or counseling services will be available.

The proceedings will be completed within the timeframes designated above, with the exception of an extension of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay.

Any student found guilty of sexual violence, domestic violence, dating violence, stalking or any other form of sexual misconduct, as determined by an investigation by a board of inquiry, will immediately be expelled from the institution. In the case of a fire, bomb threat or other emergency which requires evacuation of the building, an alarm which will sound throughout the entire area under notification. Upon hearing the alarm, all students and employees are expected to immediately evacuate the premises and meet at the designated emergency evacuation site, a safe distance from the school building.

If an emergency or threat, such as an armed intruder, requires students to remain in the building, Lockdown Procedures will go into effect.

In the event of a lockdown, all windows and doors should be locked immediately. Doors that cannot be locked should be blocked or barricaded with a heavy object. Students and employees should remain in the classroom or office, while any student or employee in the hallway should proceed promptly to the nearest room with a door. Lights and air conditioning should be turned off, and blinds or curtains closed. Students and employees should remain quiet, away from windows and doors, and any electronics, such as cell phones, should be silenced.

Lockdown Procedures will remain in effect until Rabbi Mendy Spalter, another school official or law enforcement officer declares that the campus is clear, and the lockdown is over.

Rabbi Mendy Spalter will coordinate the disseminating of emergency information to the larger community via the school's website or local news station.

Emergency response and evacuation procedures are tested at least once annually, on an announced or unannounced basis. Each test is documented, with the description of the exercise, date, and time, as well as whether it was announced or unannounced. The emergency response and evacuation procedures are publicized in conjunction with the test, at least once annually.

14. Missing Student Policy: In the event that a student, employee, or any individual becomes aware of a student missing for 24 hours he or she should notify Rabbi Mendy Spalter or a Campus Security Authority at once. Students may identify a contact person(s) whom the school shall notify within 24 hours of the determination (by the local law enforcement agency) that the student is missing. All contact information will be registered confidentially, will only be accessible to authorized campus officials, and will not be disclosed, except to law enforcement personnel in furtherance of a missing person investigation.

If the student is under 18 years of age and not emancipated, the institution will notify a custodial parent or guardian within 24 hours of the determination that the student is missing, in addition to notifying any contact person(s) designated by the student.

In all cases, the institution will notify the local law enforcement agency within 24 hours of the determination that the student was missing, unless the local law enforcement agency was the entity that made the determination that the student was missing.
