### Definitions

- “Number of Students Who Began the Program” means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.
- “Students Available for Graduation” is the number of students who began the program minus the number of students who have died, been incarcerated, or been called to active military duty.
- “Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.
- “On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.
- “150% Graduates” is the number of students who completed the program within 150% of the program length (includes on-time graduates).
- “150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.
- “Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.
- “Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.
- “Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six months period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.
- “Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.
- “Number of Graduates Taking Exam” is the number of graduates who took the first available exam in the reported calendar year.

- “First Available Exam Date” is the date for the first available exam after a student completed a program.
- “Passage Rate” is calculated by dividing the number of graduates who passed the exam by the number of graduates who took the reported licensing exam.
- “Number Who Passed First Available Exam” is the number of graduates who took and passed the first available licensing exam after completing the program.
- “Salary” is as reported by graduate or graduate’s employer.
- “No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

**STUDENT'S RIGHT TO CANCEL**

- Cancellation disclosure from Enrollment Agreement shall be provided on a separate document in 12 point type and 1.15 spacing.
  - Caption shall state "STUDENT'S RIGHT TO CANCEL" in bolded 14 point type

**94316.20.NOTICE OF STUDENT RIGHTS;  
RIGHT TO CANCEL CONTRACT**

(a) When a person executes an agreement obligating that person to pay any money to an institution for a course of instruction or related equipment, the institution shall provide the person with a document containing only the following notice:

Calculation of Refund:

**Hypothetical Refund Example:**

Assume that a student, upon enrollment in a 400-hour course, pays \$2,000.00 for tuition, \$100.00 for registration, and \$150.00, documented cost to school, for equipment as specified in the enrollment agreement and withdraws after completing 100 hours without returning the equipment he/she obtained. The pro-rata refund to the student would be \$1,518.75 based on the calculation stated below. If the student returns the equipment in good condition within 10 days following his/her withdrawal, the school shall refund the charge for the equipment paid by the student.

\$2100	-\$75	x 300 hours of instruction	= \$1,518.75
amount paid for	registration	<u>paid for but not received</u>	initial refund
instruction	fee (amount	400 clock hours of instruction	(deduct \$0 for
(\$2000 tuition plus	school may	for which the student has	documented cost of
\$100 registration)	retain)	paid	unreturned equipment)

= \$1,518.75, Actual refund amount

If the student returns the equipment in good condition, allowing for reasonable wear and tear, the actual refund to the student would be \$1,668.75 (\$1,518.75 plus \$150.00).

**Enrollment Agreement continued...**

For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following circumstances occur:

- a. You notify the school of your withdrawal on the actual date of withdrawal.
- b. The school terminates your enrollment.
- c. You fail to attend classes for a three-week period. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance.
- d. You fail to submit three consecutive lessons or you submit an incomplete lesson required for home study or correspondence within 60 days of its due date.

If any portion of your tuition was paid from the proceeds of a loan, then the refund will be sent to the lender or to the agency that guaranteed the loan, if any. Any remaining amount of refund will first be used to repay any student financial aid programs from which you received benefits, in proportion to the amount of the benefits received. Any remaining amount will be paid to you.
