or BIOL 3405	Neurobiology	

Psychology Core Courses

Code	Title	Hours
Complete two of the following:		8
PSYC 3200	Clinical Neuroanatomy	
PSYC 3506	Neuropsychology of Fear	
PSYC 3508	Behavioral Endocrinology	
PSYC 3510	Brain, Behavior, and Immunity	
PSYC 4510	Psychopharmacology	
PSYC 4512	Neuropsychology	
PSYC 4514	Clinical Neuroscience	
PSYC 4570	Behavioral Genetics	

Biology Core Courses

Code	Title	Hours
Complete two of the following:		8
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3601	Neural Systems and Behavior	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 4709	Neurobiology of Learning and Memory	
BIOL 5587	Comparative Neurobiology	
BIOL 5595	Cell and Molecular Neuroscience	
BIOL 5601	Multidisciplinary Approaches in Motor Control	

Credit/GPA Requirement

20 total semester hours required
2.000 GPA required in the minor

Biochemistry, Minor

Overview

The biochemistry minor allows students to engage in interdisciplinary study of biochemistry to complement their major plans of study.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

The biochemistry minor is not available to majors in biology, cell and molecular biology, biochemistry, or any combined major that involves biochemistry, due to curricular overlap.

Required Courses

Code	Title	Hours
Core Courses		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
BIOL 4707	Cell and Molecular Biology	4
CHEM 5620	Protein Chemistry	3

Biology Core Course

Code	Title	Hours
Complete one of the following (other advanced BIOL courses may be accepted at the discretion of the biochemistry director):		3-5
BIOL 2327	Human Parasitology	
BIOL 3405	Neurobiology	
BIOL 3409	Current Topics in Biology	
BIOL 3421 and BIOL 3422	Microbiology and Lab for BIOL 3421	
BIOL 3605	Developmental Neurobiology	
BIOL 5541	Endocrinology	
BIOL 5543	Stem Cells and Regeneration	
BIOL 5549	Inventions in Microbial Biotechnology	
BIOL 5573	Medical Microbiology	
BIOL 5581	Biological Imaging	
BIOL 5583	Immunology	
BIOL 5591	Advanced Genomics	
BIOL 5593	Cell and Molecular Biology of Aging	
BIOL 5597	Immunotherapies of Cancer and Infectious Disease	

Chemistry Core Course

Code	Title	Hours
Complete one of the following (other advanced CHEM courses may be accepted at the discretion of the biochemistry director):		3-6
CHEM 3331 and CHEM 3332	Bioanalytical Chemistry and Lab for CHEM 3331	
CHEM 3431 and CHEM 3432	Physical Chemistry and Lab for CHEM 3431	
CHEM 4628 and CHEM 4629	Introduction to Spectroscopy of Organic Compounds and Identification of Organic Compounds	
CHEM 5550	Introduction to Glycobiology and Glycoprotein Analysis	
CHEM 5611	Analytical Separations	
CHEM 5612	Principles of Mass Spectrometry	
CHEM 5613	Optical Methods of Analysis	
CHEM 5616 and CHEM 5617	Protein Mass Spectrometry and Protein Mass Spectrometry Laboratory	
CHEM 5621 and CHEM 5622	Principles of Chemical Biology for Chemists and Lab for CHEM 5621	

CHEM 5625	Chemistry and Design of Protein Pharmaceuticals
CHEM 5638	Molecular Modeling
CHEM 5676	Bioorganic Chemistry

GPA Requirement

2.000 GPA required in the minor

Environmental Chemistry, Minor

The minor in environmental chemistry offers an opportunity for students of any background interested in environmental sciences to better understand the chemistry of the environment. Students completing the minor in environmental chemistry have an opportunity to learn about the chemical processes of natural systems and environmental pollutants, while earning a credential that highlights their interest and expertise. This can be a useful course of study whether their primary degree and career will be in one of the traditional chemical, environmental, or engineering programs, or another allied field. No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than two courses (totaling 8 SH to 10 SH) may double count with any major degree requirements.

Required Courses

Code	Title	Hours
Environmental Chemistry Core		
Complete one of the following:		4
CIVE 2335	Environmental Engineering Chemistry	
ENVR 3410	Environmental Geochemistry	
Chemistry Core		
Complete one of the following:		5
CHEM 2321 and CHEM 2322 and CHEM 2323	Analytical Chemistry and Lab for CHEM 2321 and Recitation for CHEM 2321	
CHEM 3331 and CHEM 3332	Bioanalytical Chemistry and Lab for CHEM 3331	
Research Experience		
Complete one of the following:		4
CHEM 4750	Senior Research	
CHEM 4901	Undergraduate Research	
CHEM 4992	Directed Study	
CIVE 4991	Research	
CIVE 4992	Directed Study	
ENVR 4900	Earth and Environmental Science Capstone	
or ENVR 4997	Senior Thesis	
ENVR 4992	Directed Study	

Electives

Code	Title	Hours
Complete two of the following:		8-9
CIVE 2335	Environmental Engineering Chemistry (If not used to satisfy Environmental Chemistry Core)	
CIVE 3435	Environmental Pollution: Fate and Transport	
CIVE 5300 and CIVE 5301	Environmental Sampling and Analysis and Lab for CIVE 5300	
ENVR 3125	Global Oceanic Change	
ENVR 3410	Environmental Geochemistry (If not used to satisfy Environmental Chemistry Core)	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	
ENVR 4504	Environmental Pollution	
ENVR 4505	Wetlands	
ENVR 5190	Soil Science	

GPA Requirement

Minimum 2.000 GPA required in all major courses

Credit Requirement

Minimum of 21 hours required

Linguistics, Minor

Overview

The minor in linguistics provides students with an overview of the field, including exposure to both the structural and sociocultural aspects of the study of language. Students have an opportunity to learn the methods of linguistic analysis and to obtain more advanced exposure to various subdomains of linguistics.

Program Requirements

Complete all courses listed below unless otherwise indicated.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

Foundational Courses

Code	Title	Hours
LING 1150	Introduction to Language and Linguistics	4
or LING 1449	English Now and Then	
LING 2350	Linguistic Analysis	4

Intermediate/Advanced Electives

Code	Title	Hours
Complete three courses (not counted above) from LING 3000 to LING 4999. [1]		12

[1] Please visit the Linguistics Courses page (https://catalog.northeastern.edu/undergraduate/science/linguistics/#coursestext) within this catalog to review the list of courses in the LING 3000 - LING 4999 range.

GPA Requirement

2.000 GPA required in the minor

Network Science, Minor

The goal of the network science minor is to introduce students to the theories, tools, methods, and topics within the emerging and growing field of network science. Network science is defined as the measurement, modeling, prediction, and visualization of meaningful interactions and interconnectivity of social, physical, and technological systems. Network science skills are in increasing demand across industries including business, biology, life sciences, engineering, and science. For example, network science is used in business and sociology to study social networks such as friendship networks or networks of interlocking boards of directors. In biology, network science is used to study networks of gene expressions. Network science skills are in high demand for analysts, scientists, and managers who are tasked with analyzing and modeling network data. The study and skills required for network science are inherently interdisciplinary, including topics related to math, computer science, and contextual applications of network methods (in fields such as communications, economics, and epidemiology, among others).

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Network Science Core

Code	Title	Hours
Complete three of the following:		12
COMM 2105	Social Networks	
MATH 3545	Introduction to Graph Theory	
PHYS 1125	Introduction to Network Science: From the Human Cell to Facebook	
PHYS 5116	Network Science 1	

Data and Computational Methods

Code	Title	Hours
Complete one of the following:		4
CS 2500	Fundamentals of Computer Science 1	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
INSH 1500	Digital Methods for Social Sciences and Humanities	

Applied Topics

Code	Title	Hours
Complete one of the following:		4
COMM 2105	Social Networks (if not taken as a core course)	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
INSH 5304	Social Network Analysis	
MGMT 3435	Social Networks and Organizations (if COMM 2105 not taken)	
PHYS 5116	Network Science 1 (if not taken as a core course)	

GPA Requirement

Minimum 2.000 GPA required in all minor courses

Credit Requirement

20 hours required

Accelerated Bachelor/Graduate Degree Programs

The College of Science offers a number of bachelor's/graduate degree programs that allow students to accelerate the attainment of the graduate degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Degrees are earned sequentially, with the bachelor's degree attainment followed by coursework to complete the graduate degree. See additional information on accelerated bachelor/graduate degree programs (https://registrar.northeastern.edu/article/plusone-program-accelerated-bachelorgraduate-degree-programs/).

College of Social Sciences and Humanities

csshadvising@northeastern.edu

The College of Social Sciences and Humanities is a leader in the experiential liberal arts. Students deepen their understandings of culture, society, history, politics, language, and more through the integration of focused academic study and a wide range of experiential opportunities. They use familiar methods and new tools to hone their skills in close reading, interpretation, analysis, oral communication, and critical thinking.

By exploring society's most pressing challenges, students may gain a broad understanding of the relationships among peoples and nations; global economics and politics; the diversity of languages, literatures, religions, and cultures; and multiple perspectives in urban affairs, public policy, law, criminal justice, and the ethical dimensions of human behavior.

The college offers a wide variety of undergraduate programs, including 17 different majors as well as a diverse set of combined major options, concentrations, minors, and five-year bachelor's/master's degree PlusOne programs. The college also offers students the opportunity to create an independent major in cases where their interests and goals are not met by existing majors. Students in the college take elective classes to complement their chosen area of study and earn either a Bachelor of Arts or a Bachelor of Science degree.

All students in the college integrate experiential learning into their education. Students may choose to conduct original student research, either independently or with a faculty member; to immerse themselves in communities and cultures, either locally or around the world; to enhance their classroom learning through the co-op experience in a variety of fields; or to build more flexibility into their academic path in a summer Dialogue of Civilizations trip with a faculty member or a summer semester on campus. Many students pursue multiple opportunities.

Programs in the college offer the flexibility for students to customize their academic experience around their intellectual and professional interests. A support system of department advisors, college advisors, co-op coordinators, and peer mentors helps students explore their options and shape their plan.

Academic Advising

CSSH has an academic advising system that consists of academic advisors located in the Office of Student Academic Affairs in 180 Renaissance Park and faculty advisors located in the college's departments and program offices. Detailed advising information is available on the college website (https://cos.northeastern.edu/chemistry-chemical-biology/). PreMed and PreHealth Advising (p. 121), as well as Pre-Law (p. 120) Advising (p. 120), are also available.

Academic Progression Standards

CSSH adheres to the university-wide Academic Progression Standards (p. 88). Some majors have additional specific requirements in order to progress from year to year (see major requirements in departmental listings).

Graduation Clearance Process

Students in CSSH are required to meet with an academic advisor in the Office of Student Academic Affairs in 180 Renaissance Park to determine their remaining graduation requirements. Some departments also require a meeting with a faculty advisor in their major or program. This should be completed in the junior year to ensure ample time to complete any outstanding requirements.

College Requirements

All students in CSSH must successfully complete their major, college, and university requirements for their specific degree.

EXPERIENTIAL LIBERAL ARTS REQUIREMENT

The Experiential Liberal Arts course designation is part of a CSSH framework that emphasizes integration of experiential learning along with diversity and inclusion at key points in the curriculum. Students with majors or combined majors entirely within CSSH must fulfill this requirement through any CSSH course taken on a Dialogue of Civilizations, any CSSH service-learning course, or an ELA-designated course listed below.

Code	Title	Hours
ANTH 3410	Ethnographic Field Experience	4
ASNS 3100	Asian American Cinemas	4
CRIM 2320	Youth Crime and Justice	4
CRIM 4120	Courts and Sentencing	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ENGL 2690	Boston in Literature	4
ENGL 2740	Writing and Community Engagement	4
ENGL 3340	Technologies of Text	4
ENGL 3375	Writing Boston	4
ENGL 3381	The Practice and Theory of Teaching Writing	4
ENGL 3400	Opening the Archive	4
HIST 1120	Public History, Public Memory	4
HIST 2000	Native American Resistance: Past and Present	4
HIST 2311	Colonialism/Imperialism	4
HIST 2430	Digital Histories of Ethnic Boston	4
HUSV 1101	Social Change and Human Services	4
HUSV 3520	Child Intervention and Treatment	4
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	4
INTP 4995	Interpreting Practicum	4
POLS 2357	Growth and Decline of Cities and Suburbs	4
SOCL 2485	Environment, Technology, and Society	4
SPNS 3601	Exploring Spoken Spanish	4

For the most up-to-date list of courses for the ELA requirement and ELA options for your major, please consult your academic advisor and your degree audit.

Interdisciplinary Programs

In addition to over 100 combined majors, bringing together disciplines both within the College of Social Sciences and Humanities and across colleges, CSSH is home to the interdisciplinary majors and minors listed below.

For more information about CSSH combined majors, please visit the CSSH majors webpage (https://admissions.northeastern.edu/academics/combined-majors/#_ga=2.141643317500979981687268377-1902822679166361855 4). To learn more about Jewish Studies, please visit the Jewish Studies program website (https://cssh.northeastern.edu/jewishstudies/); for more information about Health, Humanities, and Society, please visit the Health, Humanities, and Society webpage (https://cssh.northeastern.edu/humanities/health-humanities-and-society/).

Interdisciplinary Majors

- Computer Science and Politics, Philosophy, and Economics, BS (p. 845)
- Global Asian Studies, BA (p. 1733)
- Health Humanities and Health Science, BS (p. 1178)
- Health Humanities and Public Health, BA (p. 1202)
- History and Asian Studies, BA (p. 1745)
- History, Culture, and Law, BA (p. 1748)
- Human Services, BA (p. 1753)
- Human Services, BS (p. 1755)
- Human Services and Communication Studies, BA (p. 1757)
- Human Services and Criminal Justice, BS (p. 1760)
- Human Services and International Affairs, BA (p. 1763)
- Human Services and Psychology, BS (p. 1653)
- Human Services and Sociology, BA (p. 1772)
- Human Services and Sociology, BS (p. 1775)
- Jewish Studies and Religion, BA (https://catalog.northeastern.edu/undergraduate/social-sciences-humanities/jewish-studies/jewish-studies-religion-ba/)
- Politics, Philosophy, and Economics, BS (p. 1782)
- Politics, Philosophy, and Economics and Business Administration, BS (p. 649)

Interdisciplinary Minors

- Computational Social Science (p. 1794)
- Digital Methods in the Humanities (p. 1795)
- Food Systems Sustainability, Health, and Equity (p. 1796)
- Global Asian Studies (p. 1797)
- Global Health (p. 1329)
- Health, Humanities, and Society (p. 1231)
- Human Services (p. 1803)
- Jewish Studies (p. 1804)
- Latino/a, Latin American, and Caribbean Studies (p. 1806)
- Law and Public Policy (p. 1807)
- Urban Studies (p. 1810)
- Women's, Gender, and Sexuality Studies (p. 1811)

Computer Science and Politics, Philosophy, and Economics, BS

Politics, philosophy, and economics bring together three important frameworks from the humanistic social sciences for understanding the world around us. Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor, drawing on concepts and methods from mathematics, logic, science, and engineering. This interdisciplinary degree thus provides multiple perspectives and a set of skills that are indispensable in our increasingly interconnected world and essential in addressing the kinds of complex global problems future leaders need to tackle.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or PHIL 1000	Philosophy at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500	Software Development	4
or CS 4530	Fundamentals of Software Engineering	
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be be taken for upper-division electives.		
Complete 4 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses from the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Politics, Philosophy, and Economics Courses

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

Code	Title	Hours
Foundation Course		
PHIL 1160	Introduction to Economic Justice	4

Core Courses		
Philosophy		
PHIL 2303	Social and Political Philosophy	4
or PHIL 3822	Philosophy of Race and Racism	
PHIL 3435	Moral Philosophy	4
or PHIL 2325	Ancient Philosophy and Political Thought	
Political Science		
POLS 1150	American Government	4
or POLS 1155	Comparative Politics	
POLS 1160	International Relations	4
POLS 3405	International Political Economy	4
Economics		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
ECON 2315	Macroeconomic Theory	4
or ECON 2316	Microeconomic Theory	
Methods Course		
PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
PHIL 4550	Philosophy of Economics	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	
PPE Elective		
Complete one course from the following ranges:		4
ECON 1200 to ECON 1999		
ECON 3000 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		
PHIL 2000 to PHIL 5999		
POLS 2000 to POLS 5999		

Integrative Course Requirements

Code	Title	Hours
IS 4300	Human Computer Interaction	4
PHIL 1115	Introduction to Logic	4
POLS 2390	Science, Technology, and Public Policy	4

Supporting Courses

Code	Title	Hours
Statistics and Mathematics		
ECON 2350	Statistics for Economists	4
or POLS 2400	Quantitative Techniques	
or MATH 2280	Statistics and Software	
MATH 1231	Calculus for Business and Economics	4
or MATH 1341	Calculus 1 for Science and Engineering	

English Requirements

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4

or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 20 semester hours of general electives.		20

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

129 total semester hours required

Plan of Study

Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Global Asian Studies, BA

The Bachelor of Arts in Global Asian Studies offers undergraduates a broad liberal arts education in the histories, cultures, societies, politics, economies, and languages of Asia, Asian America, and the global Asian diaspora. Global Asian studies majors complete at least two years of an Asian language in addition to pursuing a rigorous course of study covering a number of disciplines. The core coursework provides foundational knowledge in the history, politics, and societies of East Asia, Southeast Asia, South Asia, and the Asian diaspora; the place of Asia and Asians within a globalizing world; and skills in research and analysis. Majors are also required to develop expertise in one of the following focus areas: history; society and politics; language, literature, and culture; or religious studies. Finally, students are required to complete academic study or a professional experience abroad.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Global Asian Studies Requirements

Language, Literature, and Culture Focus Area		
CLTR 1260	Japanese Film	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
ENGL 2470	Asian-American Literature	
ENGL 3161	20th- and 21st-Century Literatures	
Religious Studies Focus Area		
PHIL 1130	Comparative Ethics	
PHIL 1133	Selling Spirituality	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 2395	Japanese Buddhism	

Global Asian Studies Foreign Language Requirement

Complete coursework in an Asian language (Japanese or Chinese) through at least intermediate-level two. *Note:* Completing this requirement satisfies the language requirement for the BA degree. Students may test out of this requirement at the discretion of the director of global Asian studies. Those credits must be fulfilled through the electives listed under the global Asian studies electives.

Global Asian Studies Major Credit Requirement

56 semester hours required in the major

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

Plan of Study

Health Humanities and Health Science, BS

Overview

The combined Bachelor of Science in Health Humanities and Health Science is designed for students who would like to learn how to think about health using humanities, social sciences, and science skills. The humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training is designed to equip students both for the diverse forms of healthcare professions that exist today and for the varieties of professions in the future. This combined major will appeal to students who want to pursue graduate study and research in public health, medicine, and other clinical professions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Health Humanities and Public Health, BA

Overview

The combined Bachelor of Arts in Health Humanities and Public Health is designed for students who would like to learn how to think about health using humanities, social sciences, and science skills with a focus on public health. The humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of public health is quickly changing, and this training is designed to equip students both for the diverse forms of healthcare professions that exist today and for the varieties of professions in the future. This combined major will appeal to students who want to pursue graduate study and research in public health and health humanities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History and Asian Studies, BA

History and Asian studies offers an interdisciplinary combined major. Students interested in the combined major in history and Asian studies integrate the exploration of human history with the rigorous study of Asian cultures, societies, languages, and economies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Choose one course from the 1000 level except HIST 1215, which is required by Asian studies.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Choose one course from the following:		4
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
Advanced History		
Complete one history course 3000 level or above.		4

History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range. These courses may double-count in the requirements above (except History Colloquium).

Asian Studies Requirements

Code	Title	Hours
Required Courses		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
Asia in Global Context		
Complete one of the following:		4
ECON 3290	History of the Global Economy	

POLS 3487	Politics of Developing Nations
Complete a professional or academic experience abroad in consultation with your advisor.	

Language and Elective Requirements

Code	Title	Hours
Language Courses		
Complete the following courses in either Chinese or Japanese:		16
Chinese		
CHNS 1101	Elementary Chinese 1	
CHNS 1102	Elementary Chinese 2	
CHNS 2101	Intermediate Chinese 1	
or CHNS 2301	Intermediate Chinese Immersion 1	
CHNS 2102	Intermediate Chinese 2	
or CHNS 2302	Intermediate Chinese Immersion 2	
Japanese		
JPNS 1101	Elementary Japanese 1	
JPNS 1102	Elementary Japanese 2	
JPNS 2101	Intermediate Japanese 1	
JPNS 2102	Intermediate Japanese 2	
Asian Studies Electives		
Complete three courses from the following focus areas.		12
Society and Politics Focus Area		
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
ASNS 2245	Introduction to Asian American Studies	
INTB 2501	Competing to Win in Emerging Markets	
MKTG 4220	Marketing in Asia	
PHIL 1130	Comparative Ethics	
POLS 3487	Politics of Developing Nations	
Language, Literature, and Culture Focus Area		
CLTR 1260	Japanese Film	
CLTR 1700	Introduction to Japanese Pop Culture	
PHIL 1130	Comparative Ethics	
Religious Studies Focus Area		
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 2395	Japanese Buddhism	

Capstone

Code	Title	Hours
Complete one of the following:		4
ASNS 4900	Asian Studies Capstone Directed Study	
HIST 4701	Capstone Seminar	

Integrative Requirement

Code	Title	Hours
HIST 2351	Modern Japan	4
or ASNS 2245	Introduction to Asian American Studies	

History and Asian Studies Major Credit Requirement

Complete 82 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

History, Culture, and Law, BA

History, culture, and the law is an interdisciplinary major that offers students an opportunity to understand how legal systems are shaped by cultural norms and historical developments, as well as how social change has been and can be created through legal processes. After studying principles of historical method and jurisprudence, students bring to bear the interdisciplinary frameworks they have begun to develop in one of seven culturally focused concentrations: Africana studies and culture; Asian studies and culture; culture and colonialism; digital humanities; film and international cultures; gender and sexuality; and Latino/a, Latin American, and Caribbean studies and culture. Students have opportunities to develop flexibility in perspectives, to exercise ability to work in interdisciplinary frameworks, and to foster appreciation of cultural diversity that will enable them to make a positive impact in their chosen spheres of action.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than two courses taken for this major may be counted toward another major or minor.

Law and History Core

Code	Title	Hours
Foundational Core Courses		
ENGL 3325	Rhetoric of Law	4
or ENGL 1160	Introduction to Rhetoric	
or ENGL 3404	African American Rhetorical Traditions	
HIST 1100	Law and History	4
LPSC 2301	Introduction to Law, Policy, and Society	4
or LPSC 1101	Introduction to Law	
Foundational Core Elective		
Complete two of the following not used to fulfill the previous requirement. Note that POLS prerequisites are waived for the 3000- and 4000-level POLS classes for students in this major.		8
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	
PHIL 2301	Philosophical Problems of Law and Justice	
POLS 3302	Judicial Process and Behavior	
POLS 3406	International Law	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	
Research Methods		
Complete one of the following:		4
HIST 2301	The History Seminar	
INSH 1500	Digital Methods for Social Sciences and Humanities	

Culture Concentrations

Select one four-course concentration from the following:

- Africana Studies and Culture (p. 1750)
- Asian Studies and Culture (p. 1750)
- Culture and Colonialism (p. 1750)
- Digital Humanities (p. 1751)
- Film and International Cultures (p. 1751)
- Gender and Sexuality (p. 1751)
- Latino/a, Latin American, and Caribbean Studies and Culture (p. 1751)

Major Electives

Code	Title	Hours
Complete three of the following not already used to fulfill one of the requirements above. Courses not used above to fulfill a requirement may also be used to fulfill this elective requirement. However, only one course used to fulfill this requirement may be at the 1000 level.		12
Complete three courses (including courses cross-listed) not used to fulfill other requirements:		
AFAM 3120	Race, Crime, and Justice	
ANTH 2305	Global Markets and Local Culture	
CLTR 3418	Nationalism	
CRIM 2350	Policing a Democratic Society	
CRIM 3110	Gender, Crime, and Justice	
ENGL 2690	Boston in Literature	
ENGL 3325	Rhetoric of Law	
ENGL 3375	Writing Boston	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or WMNS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	
HIST 2000	Native American Resistance: Past and Present	
HIST 2011	Capitalism and Business: A Global History	
HIST 2217	The Global Far-Right since 1945: Politics, Culture, Violence	
HIST 2280	Hitler, Germany, and the Holocaust	
HIST 2282	The Holocaust and Comparative Genocide	
HIST 2285	America and the Holocaust	
HIST 2311	Colonialism/Imperialism	
HIST 3334	Assassinations in World History

PHIL 1102	Introduction to Contemporary Moral Issues	
PHIL 1112	Debating Ethical Controversies	
PHIL 2303	Social and Political Philosophy	
PHIL 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
SOCL 4522	Environmental Justice	

Capstone

Code	Title	Hours
Complete one of the following:		4
AFAM 4700	Capstone	
ASNS 4900	Asian Studies Capstone Directed Study	
ENGL 4720	Capstone Project	
HIST 4701	Capstone Seminar	
PHIL 5001	Global Justice	

Major GPA Requirement

Minimum 3.000 GPA required in all major courses

Major Credit Requirement

Complete 52 hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

CONCENTRATION IN AFRICANA STUDIES AND CULTURE

Code	Title	Hours
Complete one of the following:		4
AFAM 1101	Introduction to African American and Africana Studies	
AFRS 1101	Introduction to African Studies	
Complete one of the following as a writing-intensive course:		4
ANTH 4510	Anthropology of Africa	
SOCL 4520	Race, Class, and Gender	
Complete two of the following, at least one of which must be at the 3000 level or above:		8
AFAM 1104—AFAM 5001		
AFRS 1270—AFRS 4939		

CONCENTRATION IN ASIAN STUDIES AND CULTURE

Code	Title	Hours
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
Complete one of the following as a writing-intensive course:		4
ANTH 4515	Culture and Politics in Modern India	
HIST 2308	Law, Justice, and Society in Modern China	
PHIL 2395	Japanese Buddhism	
Complete two of the following. If HIST 2308 or PHIL 2395 is the writing-intensive course, at least one of these electives must be at the 3000 level or above:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
CLTR 1260	Japanese Film	
CLTR 1500	Modern Chinese History and Culture	
or HIST 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 2011	Capitalism and Business: A Global History	
HIST 2351	Modern Japan	
PHIL 1130	Comparative Ethics	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	

CONCENTRATION IN CULTURE AND COLONIALISM

Code	Title	Hours
POLS 2325	Ancient Philosophy and Political Thought	4
or PHIL 2325	Ancient Philosophy and Political Thought	
Complete three of the following, at least one of which must be at the 3000 level or above:		12
CLTR 1501	Introduction to French Culture	

CLTR 1504	Cultural History of Spain
ENGL 2296	Early African-American Literature
ENGL 2450	Postcolonial Literature
ENGL 2470	Asian-American Literature
ENGL 3404	African American Rhetorical Traditions
ENGL 3664	Black Poetry and the Spoken Word
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1272	Europe in the Middle Ages, 500–1500
HIST 1286	History of the Soviet Union
HIST 1389	History of Espionage 1: Antiquity to World War II
HIST 1390	History of Espionage 2: Cold War Spies
HIST 2011	Capitalism and Business: A Global History
HIST 2311	Colonialism/Imperialism
HIST 3335	History of Modern Terrorism
PHIL 3343	Existentialism
PHIL 3435	Moral Philosophy

CONCENTRATION IN DIGITAL HUMANITIES

Code	Title	Hours
ENGL 1450	Reading and Writing in the Digital Age	4
or ENGL 3340	Technologies of Text	
Complete three of the following not previously taken, at least one of which must be at the 3000 level or above:		12
COMM 1255	Communication in a Digital Age	
COMM 2105	Social Networks	
ENGL 3340	Technologies of Text	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
PHIL 1145	Technology and Human Values	
PHIL 2001	Ethics and Evolutionary Games	
SOCL 4518	Law and Society in a Digital World (Note that this course has prerequisites.)	
SOCL 4528	Computers and Society (Note that this course has prerequisites.)	

CONCENTRATION IN FILM AND INTERNATIONAL CULTURES

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
Complete three of the following:		
CLTR 1240	Latin American Film	
CLTR 1260	Japanese Film	
CLTR 2001	World Cultures through Film	
ENGL 3487	Film and Text (Abroad)	
HIST 2025	Latin American History through Film	
PHIL 1260	Apocalypticism in Film	
PHIL 1666	The Problem of Evil in Film	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
WMNS 3392	Gender and Film	

CONCENTRATION IN GENDER AND SEXUALITY

Code	Title	Hours
Complete four WMNS subject code courses (including cross-listed courses) not used to fulfill any other requirement for the major.		16

CONCENTRATION IN LATINO/A, LATIN AMERICAN, AND CARIBBEAN STUDIES AND CULTURE

Code	Title	Hours
LACS 1220	Latino, Latin American, and Caribbean Studies	4
Complete the following as the writing-intensive course:		
ANTH 4500	Latin American Society and Development	4

Complete two of the following:		8
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 2025	Latin American History through Film

Total Hours: 130

Human Services, BA

The human services major prepares students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Upon completion of the degree, students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities. All students declare a specialization within the major that reflects their particular focus in the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services and Communication Studies, BA

The intersection of human services and communications studies spans several domains. Nonprofit organizations depend on communications professionals to effectively represent their work to the community, partner organizations, and funders. Knowledge and skills developed in communications studies also service human services professionals working in the political realm as they seek to promote impactful social policies.

The human services and communication studies combined major is designed to prepare students for careers in social change by providing them with the theoretical and skill-based background necessary for practice and research. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services Requirements

Code	Title	Hours
Human Services Overview		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4

Human Services and Criminal Justice, BS

Overview

A combined major in human services and criminal justice appeals to students interested in the intersection of social and legal issues and institutions. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. Students with criminal justice course work gain a rigorous interdisciplinary and experiential education in the causes and consequences of crime and the responses of criminal justice. The addition of human services course work complements a criminal justice perspective and considers the role of social services and community-based organizations to prevent, intervene, and treat the causes and consequences of crime. The degree allows students to combine interests in the justice system, political advocacy, and community development. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services Requirements

Code	Title	Hours
Required Human Services Courses		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
Human Services Internship		
HUSV 4994	Human Services Internship	6
Human Services Electives		
Complete four additional HUSV courses.		16

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Understanding and Experiencing Criminal Justice Institutions and Systems		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	

CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
Crime Problems		
The following courses offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Digital Skills		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science practicum section)	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives. One must be from the 3000, 4000 or 5000-level.		8

Additional Courses

Code	Title	Hours
CRIM 1000	Criminal Justice at Northeastern	1
or HUSV 1000	Human Services at Northeastern	
Research Methods		
CRIM 3600	Criminal Justice Research Methods	4
or HUSV 2970	Research Methods for Human Services	
Cooperative Education		
Students going on co-op should take:		
EESH 2000	Professional Development for Co-op	1
Students returning from co-op should take:		
CRIM 3000	Co-op Integration Seminar 2	1
CRIM 4000	Co-op Integration Seminar 3	1
Additional Elective		
Complete one additional course in either CRIM or HUSV.		4

Integrative Course

Code	Title	Hours
CRIM 4949	Senior Capstone Seminar	4
or HUSV 4700	Senior Seminar in Human Services	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Total Hours: 132

Human Services and International Affairs, BA

The human services and international affairs combined major offers students an understanding of geopolitical realities paired with the practical skills and theory necessary to work in social services and nongovernmental organizations impacted by global issues. Students have an opportunity to prepare for practice in international NGOs through co-ops and Dialogue of Civilizations programs. This combined major is designed to prepare students for positions within the nonprofit sector with an international focus.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (p. 119) (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Human Services/International Affairs Integrative Courses

Complete Senior Seminar in Human Services (HUSV 4700) or Senior Capstone Seminar in International Affairs (INTL 4700) or both. Note, however, that students wishing to take HUSV 4700 but not INTL 4700 must meet with an INTL advisor to obtain approval for a substitute INTL course. Similarly, students wishing to take INTL 4700 but not HUSV 4700 must meet with an HUSV advisor to obtain approval for a substitute HUSV course. Substitute courses (HUSV or INTL) must be upper-division courses and must relate to the combined major.

Code	Title	Hours
Human Services		
HUSV 4700	Senior Seminar in Human Services	4
International Affairs		
INTL 4700	Senior Capstone Seminar in International Affairs	4

Human Services and International Affairs Combined Major Credit Requirement

Complete 84 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Human Services and Psychology, BS

Overview

Students pursuing a combined degree in human services and psychology integrate the theoretical frameworks and skills relevant to both of these areas of study. This degree curriculum focuses on clinical and policy interventions that promote wellness on the individual and community levels. Situated in a social justice framework, this curriculum emphasizes how structural forces impact psychological and social well-being, barriers to treatment, and inequities in mental health outcomes. Through courses, service-learning, co-op, and research experience, students synthesize theoretical knowledge with practical skills used when working with individuals across the life span and in multiple settings.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services and Sociology, BA

Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Jewish Studies and Religion, BA

The combined major in Jewish studies and religion offers students an integrated program of study of two naturally complementary fields. Study of Judaism as a religion is enhanced by broad familiarity with the world's religious traditions; conversely, in-depth knowledge of Jewish history, identity, and cultures provides students of religion with valuable insight into the ways in which religion interacts with a wide variety of forces to shape the experiences of the adherents of a particular faith. The combined major is designed to enable students to understand the history, cultures, and religion of the Jewish people; analyze and apply theoretical understanding to the interaction between religious, social, and historical factors that have shaped the experiences of the Jewish people; and demonstrate fluency in understanding the major religious traditions of the world. The combined major in Jewish studies and religion is designed to prepare students for graduate work in Jewish studies, religion, or many of the other disciplines that make up Jewish studies or for work within the Jewish community or in communal organizations associated with other religions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Politics, Philosophy, and Economics, BS

Website (https://cssh.northeastern.edu/ppe/)

617.373.3636
617.373.4359 (fax)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. This major is an interdisciplinary degree that not only provides students with the analytic tools from three different disciplines but also is designed to teach students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

Students may choose from several concentrations in accordance with their own backgrounds and interests. These include:

- Environment and energy policy
- International political economy
- Law and justice
- Logic and game theory
- Political philosophy
- Public and economic policy
- Racial justice

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Politics, Philosophy, and Economics Major Requirements

Code	Title	Hours
Foundation Course		
PHIL 1160	Introduction to Economic Justice	4
Core Courses		
Philosophy		
PHIL 1115	Introduction to Logic	4
PHIL 2303	Social and Political Philosophy	4
or PHIL 3822	Philosophy of Race and Racism	
PHIL 3435	Moral Philosophy	4
or PHIL 2325	Ancient Philosophy and Political Thought	
Political Science		
POLS 1150	American Government	4
or POLS 1155	Comparative Politics	
POLS 1160	International Relations	4

Economics		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4

or ECON 2316	Microeconomic Theory	
Methods Course		
PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
PHIL 4550	Philosophy of Economics	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

Major Electives

Code	Title	Hours
Complete two of the following:		8
ECON 1200 to ECON 1999		
ECON 3000 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
PHIL 2000 to PHIL 5999		
POLS 2000 to POLS 5999		

Concentration

Complete one of the following concentrations:

- Environment and Energy Policy (p.)
- International Political Economy (p.)
- Law and Justice (p.)
- Logic and Game Theory (p.)
- Political Philosophy (p.)
- Public and Economic Policy (p.)
- Racial Justice (p. 1787)

Supporting Courses

Code	Title	Hours
Racial or Gender Justice		
Complete one of the following:		4
AFAM 1101	Introduction to African American and Africana Studies	
AFAM 2355	Race, Identity, Social Change, and Empowerment	
ANTH 2302	Gender and Sexuality: A Cross-Cultural Perspective	
COMM 3304	Communication and Inclusion	
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
ECON 1240	Economics of Crime	
ECON 3410	Labor Economics	
ECON 3412	Women's Labor and the Economy	
ECON 3711	Economics of Race	
HIST 1225	Gender, Race, and Medicine	
HIST 2000	Native American Resistance: Past and Present	
INTL 2500	Race and Global Human Mobility	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	

POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3323	Race, Inequality, and the Law	
SOCL 1260	Sociology of Gender	
or WMNS 1260	Sociology of Gender	
SOCL 3270	Race, Ethnicity, and Inequality	
SOCL 4520	Race, Class, and Gender	
WMNS 1101	Sex, Gender, and Popular Culture	
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	
WMNS 2304	Communication and Gender	
WMNS 2325	Black Feminist Studies	
WMNS 2480	Women and World Politics	
or INTL 2480	Women and World Politics	
WMNS 2505	Digital Feminisms	
WMNS 2800	Sexual Orientation and Gender Expression	
or HUSV 2800	Sexual Orientation and Gender Expression	
WMNS 3100	Gender, Social Justice, and Transnational Activism	
WMNS 3500	Sexuality, Gender, and the Law	
Statistics and Mathematics		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Complete one of the following:		4
ECON 2350	Statistics for Economists	
or MATH 2280	Statistics and Software	
or POLS 2400	Quantitative Techniques	
Experiential Learning Requirement		
Complete one co-op, study abroad, qualifying Dialogue of Civilizations, or one of the following:		4
ECON 4991	Research	
ECON 4994	Internship	
ECON 4996	Experiential Education Directed Study	
POLS 4942	Internship in Politics	
POLS 4970	Junior/Senior Honors Project 1	
POLS 4971	Junior/Senior Honors Project 2	
POLS 4996	Experiential Education Directed Study	

Major GPA/Credit Requirement

Complete 68 semester hours in the major with a 3.000 GPA.

Code	Title	Hours
Economics GPA Requirement		
Grades in the following courses must average to a minimum of C (2.000):		
ECON 2315	Macroeconomic Theory	
or ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
or MATH 2280	Statistics and Software	
or POLS 2400	Quantitative Techniques	

Course Distribution Requirement

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Concentrations

CONCENTRATION IN ENVIRONMENT AND ENERGY POLICY

Code	Title	Hours
Complete two of the following:		8
ECON 1711	Economics of Sustainability	
ECON 3423	Environmental Economics	
or ECON 3425	Energy Economics	
PHIL 1180	Environmental Ethics	
or PHIL 1185	The Ethics of Food	
POLS 2395	Environmental Politics and Policy	
Complete one of the following:		4
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
PHIL 1180	Environmental Ethics	
PHIL 1185	The Ethics of Food	

CONCENTRATION IN INTERNATIONAL POLITICAL ECONOMY

Code	Title	Hours
Complete two of the following:		8
ECON 1291	Development Economics	
ECON 2316	Microeconomic Theory	
ECON 3290	History of the Global Economy	
ECON 3404	International Food Policy	
ECON 3635	International Economics

POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	

CONCENTRATION IN LAW AND JUSTICE

Code	Title	Hours
Complete three of the following, only two of which may be POLS courses:		12
ECON 1240	Economics of Crime	
ECON 1245	Economics of Inequality	
ECON 3424	Law and Economics	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 2280	Hitler, Germany, and the Holocaust	
HIST 3335	History of Modern Terrorism	
PHIL 2155	Human Rights	
PHIL 2301	Philosophical Problems of Law and Justice	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	

POLS 3302	Judicial Process and Behavior
POLS 3324	Law and Society
POLS 3406	International Law
POLS 4500	U.S. Constitutional Law
POLS 4505	U.S. Civil Liberties
WMNS 3500	Sexuality, Gender, and the Law

CONCENTRATION IN LOGIC AND GAME THEORY

Code	Title	Hours
Complete three of the following:		12
ECON 2316	Microeconomic Theory	
ECON 3416	Behavioral Economics	
ECON 4680	Competition Policy and Regulation	
ECON 4681	Information Economics and Game Theory	
ECON 5105	Math and Statistics for Economists	
ECON 5110	Microeconomic Theory	
PHIL 1162	Ethics and Philosophy through Sport	
PHIL 2001	Ethics and Evolutionary Games	
PHIL 2016	The Philosophy and Ethics of Lying and Deception	
PHIL 3050	Information and Uncertainty	
PHIL 4500	Theory of Knowledge	
PHIL 4515	Advanced Logic	
PHIL 4550	Philosophy of Economics	

CONCENTRATION IN POLITICAL PHILOSOPHY

Code	Title	Hours
Complete three of the following, only two of which may be PHIL courses:		12
ECON 3490	Public Choice Economics	
PHIL 2155	Human Rights	
PHIL 2301	Philosophical Problems of Law and Justice	
PHIL 3435	Moral Philosophy	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

CONCENTRATION IN PUBLIC AND ECONOMIC POLICY

Code	Title	Hours
Required Course		
POLS 3307	Public Policy and Administration	4
Elective Courses		
Complete two of the following:		8
ECON 1240	Economics of Crime	
ECON 1245	Economics of Inequality	
ECON 1281	Economics of the Creative Industries	
ECON 2315	Macroeconomic Theory	
ECON 3410	Labor Economics	
ECON 3413	Health Economics and Healthcare Policy	
ECON 3414	Economics of Human Capital	
ECON 3420	Urban Economic Issues	
ECON 3423	Environmental Economics	
ECON 3425	Energy Economics	
ECON 3440	Public Finance	

ECON 3462	Bubbles, Busts, and Bailouts: Market and Regulatory Failures in the Financial Crisis
ECON 3490	Public Choice Economics
ECON 4680	Competition Policy and Regulation
PHIL 5001	Global Justice
PHIL 5002	Ethics and Public Policy
POLS 2340	Business and Government
POLS 2357	Growth and Decline of Cities and Suburbs
POLS 2390	Science, Technology, and Public Policy
POLS 2395	Environmental Politics and Policy
POLS 3425	U.S. Foreign Policy

CONCENTRATION IN RACIAL JUSTICE

Code	Title	Hours
Required Courses		
Complete two of the following:		8
ECON 3711	Economics of Race	
PHIL 3822	Philosophy of Race and Racism	
POLS 3323	Race, Inequality, and the Law	
Elective Course		
Complete one of the following:		4
CRIM 3120	Race, Crime, and Justice	
ECON 1240	Economics of Crime	
ECON 3410	Labor Economics	
INTL 2500	Race and Global Human Mobility	
PHIL 2619	Race and Religion in Film	
SOCL 3270	Race, Ethnicity, and Inequality	
SOCL 4520	Race, Class, and Gender	
WMNS 2325	Black Feminist Studies	

*Students may take courses from the required list as an elective if not taken as a required course.

Politics, Philosophy, and Economics and Business Administration, BS

Overview

This combined major integrates the theory and practice of business administration with tools and knowledge to understand social phenomena in ethical, political, and economic contexts, guiding students to develop a set of skills that are indispensable in our increasingly interconnected world. This holistic view is essential to understanding the kinds of challenges that future leaders in management and industry will need to tackle. Students in the combined major are expected to hone these skills not only in their interdisciplinary major but also through participating in cooperative education.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Politics, Philosophy, and Economics Requirements

Black Feminist Studies, Minor

This interdisciplinary minor offers students opportunities to critically engage with the histories and theories that sit at the intersections of race, gender, class, and sexuality. This minor will allow students to centralize the study of Black women from diverse disciplinary perspectives and provide students with opportunities to engage comparative and transnational Black feminist studies frameworks for analyzing gender, sexuality, and other concepts within the broader disciplines of Africana and women's, gender, and sexuality studies.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	4
AFAM 1101	Introduction to African American and Africana Studies	4
or AFRS 1101	Introduction to African Studies	

Electives

Code	Title	Hours
Complete two of the following:		8
AFAM 1113	Black Popular Culture	
AFRS 3900	Gender and Black World Literatures	
ENGL 2455	American Women Writers	
SOCL 4520	Race, Class, and Gender	
WMNS 1225	Gender, Race, and Medicine	
WMNS 2505	Digital Feminisms	
WMNS 3100	Gender, Social Justice, and Transnational Activism	

Computational Social Science, Minor

This minor introduces and develops the essential skills for employing mathematical, formal, and computational methods in the social sciences. Students completing this minor will have a grasp of the fundamentals necessary for pursuing more in-depth studies in the emerging fields of computational social science and big data. The foundational courses emphasize skills in probability, statistics, and introductory programming. Other courses focus on the application of formal and computational methods in the social sciences including digital analysis of texts, maps, and networks. An additional elective provides breadth in social scientific studies of computation or the foundational principles of logic and computation.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Foundational Courses

Code	Title	Hours
MATH 2280	Statistics and Software	4
or CRIM 3700	Analyzing and Using Data on Crime and Justice	
or ECON 2350	Statistics for Economists	
or SOCL 2320	Statistical Analysis in Sociology	
or POLS 2400	Quantitative Techniques	
or PSYC 2320	Statistics in Psychological Research	
INSH 1500	Digital Methods for Social Sciences and Humanities	4
or CS 2500	Fundamentals of Computer Science 1	
or DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	

Applications of Computational Approaches in the Social Sciences

Code	Title	Hours
Complete two courses from the following:		8
(Students may complete a capstone project under the direction of a faculty member in lieu of an application course.)		
COMM 2105	Social Networks	
DS 3000	Foundations of Data Science	
or DS 4200	Information Presentation and Visualization	
or DS 4300	Large-Scale Information Storage and Retrieval	
or DS 4400	Machine Learning and Data Mining 1	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
MISM 2301	Introduction to Information Systems and Digital Technologies	
or MISM 2510	Fundamentals of Information Analytics	
PHIL 2001	Ethics and Evolutionary Games	
POLS 3310	Public Opinion, Voting, and Elections	
PPUA 5262	Big Data for Cities	

Elective in Social Inquiry, Computation, and Logic

Code	Title	Hours
Complete one course from the following:		4
CS 2800	Logic and Computation	
ECON 4681	Information Economics and Game Theory	
IS 2000	Principles of Information Science	
MATH 3081	Probability and Statistics	
PHIL 1115	Introduction to Logic	
or MATH 1215	Mathematical Thinking	
PHIL 4515	Advanced Logic	
SOCL 4528	Computers and Society	

GPA Requirement

2.000 GPA required in the minor

Digital Methods in the Humanities, Minor

The Minor in Digital Methods in the Humanities introduces fundamental computational and digital methods for research in the humanistic disciplines and for assessing the impact of digital methods on the production of knowledge. Foundational courses provide practice in programming, textual encoding, data mining, and information visualization. Additional coursework highlights the historical and social contexts and the ethical questions associated with digital methods of producing, consuming, and analyzing culture and cultural artifacts. Students completing this minor will be well equipped for advanced study in the digital humanities and for employment in fields across the humanities.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete two courses from each group and an additional course from either group.		20
Digital and Computational Methods		
COMM 2105	Social Networks	
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 3340	Technologies of Text	
INSH 1500	Digital Methods for Social Sciences and Humanities	
or CS 2500	Fundamentals of Computer Science 1	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
JRNL 3610	Digital Storytelling and Social Media	
PHIL 2001	Ethics and Evolutionary Games	
Culture, Society, and Value in the Digital Age		
CLTR 3418	Nationalism	
COMM 1255	Communication in a Digital Age	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 3340	Technologies of Text	
MSCR 3420	Digital Media Culture	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 4528	Computers and Society	
WMNS 2505	Digital Feminisms	

GPA Requirement

2.000 GPA required in the minor

Food Systems Sustainability, Health, and Equity, Minor

The minor in food systems sustainability, health, and equity is an interdisciplinary exploration of the contemporary food system, with particular attention to how the system evolved; its diverse societal, health, and environmental impacts; and ideas for making the food system more sustainable, healthy, and equitable for all.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete four courses from the list below. Two of the courses must be upper-level (numbered 3000 or higher). Only one course can be from the major.		16-17
Upper-Level Courses		
ECON 3404	International Food Policy	
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
ENVR 3150	Food Security and Sustainability	
INNO 4506	Integrated Studies in Social Innovation and Entrepreneurship	
PPUA 4701	Food Systems Sustainability, Health, and Equity Practicum	
PPUA 5263	Geographic Information Systems for Urban and Regional Policy	
PPUA 5270	Food Systems and Public Policy	
Additional Courses		
ENVR 1101	Environmental Science	
HSCI 1106	Contemporary Issues in Nutrition	
INNO 2206	Global Social Enterprise	
INSH 1102	Food in Contemporary Context	
PHIL 1185	The Ethics of Food	

GPA Requirement

2.000 GPA required in the minor

Global Asian Studies, Minor

The Minor in Global Asian Studies requires students to gain a broad interdisciplinary understanding of Asia and the global Asian diaspora. The minor requires one core course and four electives. The core course East Asian Studies (ASNS 1150) provides students with an understanding of the interlinkages in the historical, social, and political development of the region. Students can then choose four elective courses related to Asian languages and the histories, societies, politics, economies, and cultures of Asia and the global Asian diaspora.

Minor Requirements

Complete the core course, then four additional electives. Electives not included on the list can be substituted upon consultation with advisor. Please note that no more than two out of the four electives may be language courses.

Code	Title	Hours
Core Course		
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
Elective Courses		
Complete four of the following (they may include up to two courses taken as part of an approved study-abroad program and up to two language courses):		16
Nonlanguage Courses		
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
ANTH 4520	Chinese Society and Culture	
ARCH 2310	History of Chinese Architecture	
ARCH 2320	Modern Chinese Architecture	
ASNS 2245	Introduction to Asian American Studies	
CLTR 1260	Japanese Film	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
ECON 3290	History of the Global Economy	
ENGL 2470	Asian-American Literature	
HIST 1246	World War II in the Pacific	
or ASNS 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1500	Modern Chinese History and Culture	
or CLTR 1500	Modern Chinese History and Culture	
HIST 2011	Capitalism and Business: A Global History	
HIST 2308	Law, Justice, and Society in Modern China	
HIST 2351	Modern Japan	
HIST 2360	History of Capitalism in East Asia	
HIST 3330	The Global Cold War	
INTB 2501	Competing to Win in Emerging Markets	
PHIL 1130	Comparative Ethics	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 2395	Japanese Buddhism	
POLS 3482	East Asian Politics	
or ASNS 3482	East Asian Politics	
POLS 3485	China: Governance and Foreign Policy	
or ASNS 3485	China: Governance and Foreign Policy	
POLS 3487	Politics of Developing Nations	
Language Courses		
Language dialogues or language immersion courses in Asian languages may count toward the language requirement. Students who demonstrate advanced proficiency may also substitute advanced language courses, including special topics in Japanese and Chinese, toward the language course requirement.		
CHNS 1101	Elementary Chinese 1	4

CHNS 1102	Elementary Chinese 2	4
CHNS 2101	Intermediate Chinese 1	4
CHNS 2102	Intermediate Chinese 2	4
CHNS 2301	Intermediate Chinese Immersion 1	4
CHNS 2302	Intermediate Chinese Immersion 2	4
CHNS 3101	Advanced Chinese 1	4
CHNS 3102	Advanced Chinese 2	4
CHNS 3800	Special Topics in Chinese	1-4
CHNS 4800	Special Topics in Chinese	1-4
JPNS 1101	Elementary Japanese 1	4
JPNS 1102	Elementary Japanese 2	4
JPNS 2101	Intermediate Japanese 1	4
JPNS 2102	Intermediate Japanese 2	4
JPNS 3101	Advanced Japanese 1	4
JPNS 3102	Advanced Japanese 2	4
JPNS 3800	Special Topics in Japanese	1-4

GPA Requirement

2.000 GPA required in the minor

Global Health, Minor

The area of global health has become a critical field of study across and within diverse disciplines, because of the cross-border and cross-national implications of health-related risks for national security, commerce, transportation, and healthcare delivery itself. In collaboration with the College of Social Sciences and Humanities, the minor in global health is designed to provide undergraduate students an opportunity to explore and discuss the implications with an interdisciplinary lens. The minor is comprised of five courses: one foundation and one core course, three electives, and a global health experience to be approved by the global health minor advisor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Foundation Course

Code	Title	Hours
AFRS 1270	Introduction to Global Health	4
or PHTH 1270	Introduction to Global Health	

Core Course

Code	Title	Hours
Complete one of the following. If additional courses are taken, they may be used as electives.		3-4
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5230	Global Health	

Elective Courses

Code	Title	Hours
Complete three courses from the following areas. Only two courses from any one area may count toward the minor electives. No more than two required courses in the student's major may count toward the minor electives. At least one of the minor electives must be at the 3000-level or above.		9-12
Area 1: Community and Public Health		
AFRS 4939	Community Health, Culture, and Development in Kenya (Dialogue of Civilizations only)	
CAEP 2050	Health Systems, Services, and Education in Ghana (Dialogue of Civilizations only)	
ENVR 1110	Global Climate Change	
PHTH 1261	Comparative Healthcare Systems (Dialogue of Civilizations only)	
PHTH 2301	Communication Skills for the Health Professions—Global (Dialogue of Civilizations only)	
PHTH 2350	Community and Public Health	
or PHTH 2351	Community and Public Health - Global	
or NRSG 4604	Public Health Community Nursing	
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	
PHTH 4540	Health Education and Program Planning	
Area 2: Biology of Health and Disease		
BIOL 1141	Microbes and Society	
BIOL 1143	Biology and Society	
BIOL 2327	Human Parasitology	
EEMB 3466	Disease Ecology	
Area 3: Society and Cultural Health / Area Studies		
AFRS 2900	Swahili, Culture, and Politics in Kenya (Dialogue of Civilizations only)	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
ECON 1230	Healthcare and Medical Economics	
HIST 2233	The History of Medicine in North America	
LACS 1220	Latino, Latin American, and Caribbean Studies	

PHIL 1165	Moral and Social Problems in Healthcare
WMNS 3100	Gender, Social Justice, and Transnational Activism
or POLS 3100	Gender, Social Justice, and Transnational Activism
or ANTH 3100	Gender, Social Justice, and Transnational Activism
Area 4: Globalization and Development	
CRIM 1400	Human Trafficking
ECON 1291	Development Economics
ECON 3404	International Food Policy
ECON 3413	Health Economics and Healthcare Policy
ECON 3416	Behavioral Economics
ECON 5292	Gender and Development Economics
HLTH 2100	Interprofessional Ethics for Individual and Population Health
INTL 1101	Globalization and International Affairs
POLS 1160	International Relations

Global Health Experience

Complete a global health experience that has been approved by the global health minor advisor.

Recommended

Competency in another language other than English is recommended.

Completion of the Minor

All coursework must be completed at a minimum grade of B and courses may not be taken Pass/Fail.
Complete a minimum of 16 semester hours.

3.000 GPA required in the minor.

Health, Humanities, and Society, Minor

The health, humanities, and society minor is designed for students who would like to learn how to think capaciously and creatively about health using the rigorous, precise, and flexible skills trained by the social sciences and the humanities. The social sciences teach students to think about the social, economic, and political factors that structure health conditions and outcomes in particular societies, while the humanities train students to navigate the complexities of interpersonal interaction and their ethical implications, to relate the micro to the macro and texts to contexts, to historicize encounters, to communicate accurately and effectively across a variety of media, and to engage in creative analytical thinking about healthcare. The landscape of healthcare is quickly changing, and this training will equip students well not only for the diverse forms of health work that exist today, but for as yet unimaginable varieties of health-related work in the future.

This minor is structured around the particular competencies that the social sciences and humanities train. Those competencies are narrative and historical perspective, critical attention and observation, ethics and judgment, performance and creativity, and social and structural proficiency. Rather than adopting the more traditional approach of connecting particular skills to particular disciplines (say, narrative to literature and observation to art history), this minor builds from discipline-specific health knowledge while training students to think across disciplines. Thus, it will not be unusual for students to find a single course addressing multiple competencies or to take courses in different disciplines that address the same competency from distinct but complementary perspectives.

This minor is housed in the Humanities Center of the College of Social Sciences and Humanities in partnership with the Bouvé College of Health Sciences.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

No more than two courses, in addition to the introductory course, may be taken under the 2000 level.

Code	Title	Hours
Introductory Course		
INSH 1300	Introduction to Health and Humanities	4
Humanities Requirement		
Complete two of the following:		8
ENGL 2770	Writing to Heal	
ENGL 3140	19th-Century Literatures	
ENGL 3700	Narrative Medicine	
ENGL 4710	Capstone Seminar	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
WMNS 1225	Gender, Race, and Medicine	
Social Sciences Requirement		
Complete two of the following:		8
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
AFRS 4939	Community Health, Culture, and Development in Kenya

SOCL 2303	Gender and Reproductive Justice	
SOCL 3441	Sociology of Health and Illness	
Total Hours		**20**

GPA Requirement

2.000 GPA required in the minor

Human Services, Minor

Overview

The human services minor is designed to prepare students for careers in social change by providing the theoretical and skill-based background necessary for practice and research. Students have an opportunity to develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at individual and structural levels. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning. The minor provides a nice complement to students who are interested in the role of social change through counseling, nonprofits interventions, or social policy as it relates to their major.

The minor in human services may help lead to careers in many diverse areas of social change or to graduate programs in social work, health, counseling, rehabilitation, and law. Human services professions are among the fastest-growing occupations in the nation. Society recognizes the necessity, value, and reward of dedicating time and energy to helping people and communities. Combining a human services minor with any major gives students the opportunity to learn about the individual, community, and political interventions for social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
HUSV 1101	Social Change and Human Services	4

Human Services Electives

Code	Title	Hours
Complete four HUSV courses.		16
HUSV 2300	Counseling in Human Services	
HUSV 2320	Techniques in Individual and Group Counseling	
HUSV 2340	Mindfulness in Mental Health	
HUSV 2355	Race, Identity, Social Change, and Empowerment	
HUSV 2370	Restorative Justice: Transforming the System	
HUSV 2401	Food Justice and Community Development	
HUSV 2500	Science of Play	
HUSV 2800	Sexual Orientation and Gender Expression	
HUSV 2960	Intercultural Studies through Human Services	
HUSV 2970	Research Methods for Human Services

Jewish Studies, Minor

The Jewish studies minor provides a broad-based introduction to the history, religion, and cultures of the Jewish people while also offering a unique opportunity to bring students' major fields of study to bear on Jewish studies topics. In JWSS 4660 Jewish Studies Module, minors integrate their work in Jewish studies into their major field.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
JWSS 4660	Jewish Studies Module	1
Complete one of the following:		4
JWSS 1285	Jewish Religion and Culture	
or PHIL 1285	Jewish Religion and Culture	
JWSS 1294	History of the Jews in the Modern World	
or HIST 1294	History of the Jews in the Modern World	

Elective Courses

Code	Title	Hours
Complete an additional four courses from the following lists. A maximum of two courses may be taken from the Affiliated Courses list below.		16
Jewish Studies Courses		
ENGL 2610	Contemporary Israeli Literature and Art Abroad	
HBRW 1101	Elementary Hebrew 1	
HBRW 1102	Elementary Hebrew 2	
HBRW 2101	Intermediate Hebrew 1	
INTL 2100	Modern Israel	
JWSS 1285	Jewish Religion and Culture	
or PHIL 1285	Jewish Religion and Culture	
JWSS 1294	History of the Jews in the Modern World	
or HIST 1294	History of the Jews in the Modern World	
JWSS 2282	The Holocaust and Comparative Genocide	
or POLS 2282	The Holocaust and Comparative Genocide	
or HIST 2282	The Holocaust and Comparative Genocide	
JWSS 1990	Elective	
JWSS 2259	Sex, Gender, and Judaism	
or PHIL 2259	Sex, Gender, and Judaism	
or WMNS 2259	Sex, Gender, and Judaism	
JWSS 2285	America and the Holocaust	
or JRNL 2285	America and the Holocaust	
or HIST 2285	America and the Holocaust	
JWSS 2430	Digital Histories of Ethnic Boston	
JWSS 2431	Immigration and Identity in the American Jewish Experience	
or HIST 2431	Immigration and Identity in the American Jewish Experience	
JWSS 2990	Elective	
JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
JWSS 3685	Modern and Contemporary Jewish Literature	
or ENGL 3685	Modern and Contemporary Jewish Literature	
JWSS 3990	Elective	
JWSS 4992	Directed Study	

Affiliated Courses [1]

HIST 1272	Europe in the Middle Ages, 500–1500
HIST 2370	Renaissance to Enlightenment
PHIL 1110	Introduction to Religious Studies
PHIL 1271	Sex in Judaism, Christianity, and Islam
POLS 2370	Religion and Politics

[1] Additional affiliated courses may be approved by the program director by semester.

GPA Requirement

2.000 GPA required in the minor

Latino/a, Latin American and Caribbean Studies, Minor

Overview

Latino/a, Latin American, and Caribbean Studies (LLACS) offers an interdisciplinary minor. It explores the historical, cultural, social, political, and economic foundations of and linkages between U.S. Latino society, Latin America, and the Caribbean. It draws from the heritages of the Americas that are grounded in predominantly indigenous, African, and European cultures.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Proficiency in Spanish or Portuguese to course number 3101 or above is strongly encouraged.

Required Courses

Code	Title	Hours
LACS 1220	Latino, Latin American, and Caribbean Studies	4

Culture and Literature Electives

Code	Title	Hours
Complete three of the following:		12
CLTR 1240	Latin American Film	
CLTR 1504	Cultural History of Spain	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 4655	Latin American Literature	

History and Social Sciences Electives

Note: With the approval of the director of Latino/a, Latin American, and Caribbean Studies, up to four study-abroad or Dialogue of Civilization courses may be used toward the minor.

Code	Title	Hours
Complete two of the following:		8
ANTH 4500	Latin American Society and Development	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
SOCL 3270	Race, Ethnicity, and Inequality	

GPA Requirement

2.000 GPA required in the minor

Law and Public Policy, Minor

Overview

The law and public policy (LPP) minor offers students an opportunity to obtain a deep understanding of the U.S. legal system and apply that knowledge to current law and policy debates. In the LPP minor core courses, students have the opportunity to watch a criminal and/or civil trial, debate their classmates, and listen to speakers from both the public and private sector (state and federal judges, public defenders, and government lawyers). While the minor is well suited for students interested in pursuing a career in law and/or policy, it is invaluable for students in any field of practice, as law affects all professions and society at large.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
A grade of B or higher is required in the following two courses:		
LPSC 1101	Introduction to Law	4
LPSC 2301	Introduction to Law, Policy, and Society	4

Law and Public Policy Course

Code	Title	Hours
Complete one of the following:		4
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	

Elective Courses

Code	Title	Hours
Complete two of the following courses not used to satisfy the requirements above:		8
AFAM 1225	Gender, Race, and Medicine	
ANTH 4580	Special Topics in Anthropology	
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 1412	Social Movement Communication	
COMM 2501	Communication Law	
COMM 2551	Free Speech in Cyberspace

Urban Studies, Minor

Overview

The urban studies minor offers students interested in cities an opportunity to take advantage of the resources of an urban university situated in a major metropolitan area. The minor seeks to equip students with an understanding of the dynamics of urban growth and development and includes the study of urban social and political institutions. Many courses cover climate change, sustainability, housing, and the urban economy. The minor complements many social science majors as well as architecture, business, and engineering. The minor is designed to provide a solid background for graduate study and professional careers in urban planning and policy, social work, and related fields.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
SOCL 2358	Current Issues in Cities and Suburbs	

Elective Courses

Code	Title	Hours
Complete two of the following:		8
ANTH 2305	Global Markets and Local Culture	
ARCH 2330	Architecture and the City in the Nineteenth Century	
ARCH 2340	Modern Architecture	
ARCH 4850	Urban and Architectural History Abroad

Women's, Gender, and Sexuality Studies, Minor

Overview

Northeastern offers an interdisciplinary minor for undergraduate students who wish to explore gender and sexuality in relation to other axes of power and identity, including race, class, ethnicity, and dis/ability. Women's, gender, and sexuality studies covers a wide variety of theoretical and empirical scholarship both within traditional disciplines and in cutting-edge, interdisciplinary frames. WGSS students have an opportunity to:

- Learn about approaches to gender and sexuality in the social sciences and humanities and through frameworks that bridge traditional fields
- Explore gender and sexuality in the global community by dipping into disciplines ranging throughout the social sciences, arts, humanities, and physical sciences
- Study politics and pop culture, sociology and psychology, writing and religion, and much more
- Open up new ways of thinking, bringing gender and sexuality studies to bear on important social and intellectual questions

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified. Please note that special topics courses in some areas may also count as electives toward a minor in women's, gender, and sexuality studies in certain semesters, pending approval of the syllabus by the WGSS program director. In the case of cross-listed courses, students may enroll under any of the departmental designations, regardless of major or minor affiliation.

Required Course

Code	Title	Hours
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	4

Elective Courses

Code	Title	Hours
Complete three of the following:		12
At least one elective must be taken at the 2000 level or above and electives must be drawn from at least two different departments:		
WMNS 1101	Sex, Gender, and Popular Culture	
or SOCL 1102	Sex, Gender, and Popular Culture	
WMNS 1105	Introduction to Trans Studies	
or HIST 1105	Introduction to Trans Studies	
WMNS 1225	Gender, Race, and Medicine	
or AFAM 1225	Gender, Race, and Medicine

sccj@northeastern.edu

The School of Criminology and Criminal Justice prepares students for meaningful careers in criminology, justice policy, the law, criminal justice, and related fields, including professional research careers. We do this by applying multidisciplinary social science tools that predict and explain crime, as well as deepening the understanding of policies that improve our systems of justice. We encourage each student to plan a program of study consistent with their interests and future aims. Our approach is experiential and our methods for teaching are rooted in knowledge creation as a top-tier research program. Our goal is to create ethical problem solvers who are prepared to tackle important crime and justice issues facing society. Our educational goals for students include a commitment to identify and address the role of systemic racism and intersecting dimensions of oppression in the development and application of justice system policies and practices, crime and justice theory, and research.

Our student interests traverse a diverse range of fields and careers. Our program is flexibly designed to allow students to take different paths to pursue different goals and interests:

- ***Understand, investigate, and stop crime.*** Develop cutting-edge skills in fields such as psychology of crime, cybercrime and cybersecurity, white-collar crime investigation, corporate security, and national security.
- ***Build a foundation for law school.*** Pursue a career in criminal law as a prosecutor, defense attorney, a judge, or explore another area of the law or politics.
- ***Reform justice policies and practices.*** Effect change and address systemic problems in our laws and justice systems. Explore the broader goal of helping to fix or reform the criminal justice system by working with politicians, policymakers and researchers, advocacy groups, and other political organizations.
- ***Help victims of crime or those harmed by the justice system.*** Become involved with victim advocacy groups and victim assistance programs. Help those harmed by their contact with the criminal justice system by working with vulnerable populations. Help those who are incarcerated and those transitioning from prison.
- ***Improve national security, the administration of justice, and protect human rights on a global scale.*** Prepare for careers in Interpol, the United Nations, the Department of Justice, and similar organizations.

Our curriculum is structured into four levels of learning, across multiple pathways. The first, or foundations level, is where students acquire a base understanding of three substantive pillars of our field: crime, the law, and the justice system. This level also introduces students to topical issues related to crime and justice and guidance to develop digital skills.

In our second level, institutions and systems, students develop a solid understanding of the systems and institutions tasked with providing justice. We do so by promoting experience and interaction with local criminal justice institutions.

Our third level, crime problems and justice system challenges, engages students with specific crime problems such as violence, drug addiction, organized crime, or terrorism. This level cultivates knowledge that deals with problems in the criminal justice system, focusing on disparities and biases, including those related to gender and race.

Finally, in solutions and reform, our fourth level, students apply all the skills and knowledge obtained through the three previous levels. Students will analyze how to navigate and solve problems encountered through capstone projects, research, theses, study cases, and other work. Our curriculum enables students to explore and analyze crime and justice issues through courses on computational methods, statistical data, analytical techniques, and experiential practice. The skills students learn will continue to serve them throughout their professional life.

Our faculty are renowned scholars in their fields and are dedicated to exploring and analyzing pressing issues facing our society. They are actively engaged in research, and undergraduates have opportunities to work closely with faculty to collaborate on projects related to crime and justice issues: crime prevention, human trafficking, police accountability, hate crimes, mass incarceration, and much more.

The School of Criminology and Criminal Justice was established in 1967 as one of the first schools devoted to matters of crime and justice. It remains one of the top-ranked research programs in criminology, something that is unique to universities with highly ranked undergraduate programs. We invite you to further explore our course offerings and combined-major degrees with psychology, cybersecurity, political science, and others.

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 88).”

Programs

Bachelor of Science (BS)

- Criminology and Criminal Justice (p. 1831)
- Computer Science and Criminal Justice (p. 775)
- Criminal Justice and Journalism (p. 444)
- Criminal Justice and Philosophy (p. 1843)
- Criminal Justice and Political Science (p. 1847)
- Criminal Justice and Psychology (p. 1637)
- Criminal Justice and Sociology (p. 1857)
- Cybersecurity and Criminal Justice (p. 862)
- Data Science and Criminal Justice (p. 891)
- Human Services and Criminal Justice (p. 1760)

Bachelor of Arts (BA)

- English and Criminal Justice (p. 1816)
- History and Criminal Justice (p. 1821)
- International Affairs and Criminal Justice (p. 1824)

Minor

- Criminal Justice (p. 1872)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p.)

English and Criminal Justice, BA

The Department of English and School of Criminology and Criminal Justice offer a combined major in English and criminal justice. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. English courses prepare students to analyze and interpret various representations of crime, criminality, the law, justice, and ethics in both literary and nonliterary texts as they study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing	
ENGL 1700	Global Literatures 1	4
or ENGL 1701	Global Literatures 2	

English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
Diversity		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
Literary Periods		
Pre-19th Century Literature		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	

ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
19th/20th/21st Century Literature		
Complete one of the following courses:		4
19th Century		
ENGL 2330	The American Renaissance	
ENGL 3140	19th-Century Literatures	
ENGL 3190	Topics in 19th-Century American Literature	
ENGL 3619	Emerson and Thoreau	
ENGL 3720	19th-Century Major Figure	
20th/21st Century		
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 3161	20th- and 21st-Century Literatures	
ENGL 3685	Modern and Contemporary Jewish Literature	
or JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
Theories and Methods		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3400	Opening the Archive	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
Comparative Course		
Complete one of the following courses:		4
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1500	British Literature to 1800	
ENGL 1502	American Literature to 1865	
ENGL 2150	Literature and Digital Diversity	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature?	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
Writing		
Complete one of the following:		4

ENGL 2700	Creative Writing
ENGL 2710	Style and Editing
ENGL 2730	Digital Writing
ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

English Electives

Complete any two ENGL courses that have not already been used to fulfill another requirement.	8

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
CRIM 3540	Addiction and Recovery	
Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000, or 5000 level.		8

Other Requirements

Code	Title	Hours
Introduction to College		
Complete one of the following:		1
CRIM 1000	Criminal Justice at Northeastern	1
ENGL 1000	English at Northeastern	1
Integrative Course		
Complete one of the following:		4
ENGL 3325	Rhetoric of Law	
ENGL 3426	British and American Literature and Politics	
Capstone		
ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	
or CRIM 4949	Senior Capstone Seminar	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

History and Criminal Justice, BA

This combined major educates students in history and criminal justice, emphasizing the complementarity between these two disciplines. Students successfully completing this program will be able to critically evaluate and draw connections between past and present practices in law, punishment, incarceration, justice, and the social institutions and cultural contexts in which these systems operate.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level Elective		
Complete one other course from HIST 1001 to HIST 1999 (excluding HIST 1100, HIST 1200, and HIST 1201).		4
Intermediate/Advanced Level Elective		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
Advanced Level Elective		
Complete one HIST course numbered 3000 or above.		4
History Elective		
Complete two courses in any field at any level.		8
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History

International Affairs and Criminal Justice, BA

This combined major fosters an awareness of crime and justice issues within their international, transnational, and global contexts since the early 20th century. The scope and sequence of international affairs courses provide students with a foundation in topics such as interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship). Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Upon graduation, students are equipped with the skills and knowledge needed to work across national cultures in fields that relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	

Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000 or 5000-level.		8

Introduction and Methods Options

Code	Title	Hours
Introduction		
Complete one of the following:		1
CRIM 1000	Criminal Justice at Northeastern	
INTL 1000	International Affairs at Northeastern	
Research Methods		
Complete one of the following:		4
CRIM 3600	Criminal Justice Research Methods	
INTL 2718	Research Methods in International Affairs	

Supporting Courses

Code	Title	Hours
Computer or Data Science		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications	
DS 2000	Programming with Data	
Co-op Integration Requirements		
Complete before the first co-op:		1
EESH 2000	Professional Development for Co-op	
Complete after the first co-op:		1
CRIM 3000	Co-op Integration Seminar 2	
Complete after the second co-op:		1
CRIM 4000	Co-op Integration Seminar 3	

Integrative Requirement

Code	Title	Hours
Integrative Course and Capstone		
CRIM 3030	Global Criminology	4
INTL 4700	Senior Capstone Seminar in International Affairs	4
or CRIM 4949	Senior Capstone Seminar	

Combined Major Credit Requirement

Complete 84 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Criminology and Criminal Justice, BS

The Bachelor of Science in Criminology and Criminal Justice degree is designed to prepare students for professional and research careers in criminal justice, criminology, and related fields by applying multidisciplinary and comparative social science to understand, predict, and explain crime and contribute to the development of public policy. Using an experiential learning approach, the criminology and criminal justice major seeks to develop its students intellectually and ethically, while providing them with a keen appreciation for the complexities of crime and public and private efforts to make communities safer and ensure justice.

Program Requirements

Fundamentals

Code	Title	Hours
Introduction to College		
CRIM 1000	Criminal Justice at Northeastern	1
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Digital Skills		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4 or 5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science Practicum section)	

Criminal Justice Institutions and Systems

Code	Title	Hours
Understanding and Experiencing Criminal Justice Institutions and Systems		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete two of the following:		8
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
Preparing for Co-op		
The following course is designed to prepare students to apply for and embark on their first co-op. Students who do not take a co-op may replace EESH 2000, CRIM 3000, and CRIM 4000 with an additional CRIM elective.		
EESH 2000	Professional Development for Co-op	1

Crime Problems and Justice System Challenges

Code	Title	Hours
Creating Knowledge About Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Crime Problems		
The following courses offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3020	Victims of Crime	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
AFAM 2355	Race, Identity, Social Change, and Empowerment	
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Returning from Co-op		
Allows students the opportunity to reflect on their co-op experience and its connection to their ongoing coursework and future plans:		
CRIM 3000	Co-op Integration Seminar 2 (required after first co-op)	1

Solutions and Reform

Code	Title	Hours
Solutions and Reform		
How do we reinvent criminal justice institutions and their practice? The capstone experience is project based and solution oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.		
CRIM 4949	Senior Capstone Seminar	4
Student-Generated Knowledge		
Opportunities for student research (optional):		
CRIM 4991	Research	
CRIM 4970	Junior/Senior Honors Project 1 (may serve as a substitute for the "Solutions and Reform" requirement)	
CRIM 4971	Junior/Senior Honors Project 2	
Returning from Co-op		
Allows students the opportunity to reflect on their co-op experience and its connection to their ongoing coursework and future plans:		
CRIM 4000	Co-op Integration Seminar 3	1
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete four additional CRIM electives. Three must be from the 3000, 4000, or 5000-level.		16

Criminal Justice Sequence Requirements

Complete three courses from the same department, two of which must be numbered 2000 or above, or complete a minor.

Criminal Justice Credit Requirement

Complete 63 credit hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Computer Science and Criminal Justice, BS

For students interested in criminal justice in an increasingly digital world, the computer science and criminal justice combined degree offers a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Successful students will learn the principles, practices, and responsibilities of criminal justice professionals alongside the computer science skills necessary for practical applications in the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or CRIM 1000	Criminal Justice at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
Khoury Elective Courses		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 16 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		16
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Criminal Justice Courses

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4

CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? These courses cover how to harness data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Criminal Justice Capstone		
CRIM 4949	Senior Capstone Seminar	4
Criminal Justice Elective		
These courses round out our knowledge of crime and justice.		
Complete one additional criminal justice elective from the 3000, 4000, or 5000 level.		4

Integrative Course Requirement

Code	Title	Hours
Complete one of the following:		4
CRIM 3060	Political Crime and Terrorism

Criminal Justice and Journalism, BS

The School of Criminology and Criminal Justice and School of Journalism offer a combined major in criminal justice and journalism. Criminology and criminal justice courses provide a foundation for understanding crime and our criminal justice system. Journalism courses provide students with the skills and experience needed to succeed as a journalist. Together, the combined major is designed to prepare students to report important stories about crime and justice.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Creating Knowledge about Crime and Justice		

How do we know what we know about crime and justice—and how do we develop new knowledge? These courses study harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Solutions and Reform		
How do we reinvent criminal justice institutions and their practice? The capstone experience is project-based and solution-oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.		
CRIM 4949	Senior Capstone Seminar	4
Criminal Justice Elective		
These courses round out our knowledge of crime and justice.		
Complete one additional criminal justice elective from the 3000, 4000, or 5000 level.		4

Journalism Requirements

Code	Title	Hours
Introductory Journalism Course		
JRNL 1150	Understanding Today's News	4
Journalism Foundation Courses		
A grade of C or better is required.		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5

Criminal Justice and Philosophy, BS

The School of Criminology and Criminal Justice and the Department of Philosophy and Religion offer a combined major in criminal justice and philosophy. This combined major educates students in criminal justice and philosophy and in the interface between the two disciplines. The scope and sequence of philosophy courses provide students with a foundation in topics such as social and political philosophy, philosophy of law, and moral philosophy, while also offering students an opportunity to develop robust analytical and evaluative skills. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should have depth of knowledge with respect to analyzing and addressing criminal behavior, as well as with respect to the philosophical and ethical aspects of topics such as law, punishment, justice, and social institutions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice and Political Science, BS

This combined major educates students in criminal justice and political science and in the interface between the two disciplines. The scope and sequence of political science courses provide students with a foundation in topics such as American government, comparative politics, international relations, and security and resilience. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields as they relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Research Methods and Electives

Complete Option A, Option B, or Option C, below. *Note:* These options enable the student to take research methods courses (including statistics/quantitative techniques) as either CRIM courses or as POLS courses.

OPTION A

Code	Title	Hours
Research Methods		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Criminal Justice Electives		
Complete two additional courses in the following range:		8
CRIM 3001 to CRIM 5999		
Political Science Electives		
Complete five courses in the following range:		20
POLS 2000 to POLS 5999		

OPTION B

Code	Title	Hours
Research Methods		
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Criminal Justice Electives		
Complete three additional courses in the following range:		12
CRIM 3001 to CRIM 5999		
Political Science Electives		
Complete four courses in the following range:		20
POLS 2000 to POLS 5999		

OPTION C

Code	Title	Hours
Research Methods		
Complete one of the following sequences:		8
CRIM 3600 and POLS 2400	Criminal Justice Research Methods and Quantitative Techniques	
CRIM 3700 and POLS 2399	Analyzing and Using Data on Crime and Justice and Research Methods in Political Science	
Criminal Justice Electives		
Complete two additional courses in the following range:		8
CRIM 3001 to CRIM 5999		
Political Science Electives		
Complete four courses in the following range:		20
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 1850).

- American Political Institutions (p. 1850)
- Campaigns and Elections (p. 1850)
- Comparative Politics (p. 1850)
- Identity, Culture, and Politics (p. 1850)
- International Relations and Diplomacy (p. 1851)
- Law and Legal Studies (p. 1851)
- Public Policy (p. 1851)
- Security Studies (p. 1851)

Criminal Justice and Psychology, BS

This combined major educates students in criminal justice and psychology and the interface between the two disciplines. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including the biological and psychosocial bases of behavior, learning, personality, and cognition. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields, as they relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
CRIM 3600	Criminal Justice Research Methods	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Understanding and Experiencing Criminal Justice Institutions and Systems		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
Crime Problems		
The following courses offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3030	Global Criminology	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4

CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Digital Skills		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science Practicum section)	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000 or 5000-level.		8

Psychology Requirements

Code	Title	Hours
Introductory Course		
PSYC 1101	Foundations of Psychology	4
Mathematics		
Choose one of the following:		4
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
Statistics		
Complete the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission).		4-5
PSYC 2320	Statistics in Psychological Research	
Personality/Social Bases of Behavior		
Complete two of the following:		8
PSYC 3400	Personality	
PSYC 3402	Social Psychology	
PSYC 3404	Developmental Psychology	
PSYC 3406	Clinical Psychology and Mental Health	
Biological/Cognitive Bases of Behavior		
Complete two of the following:		8
PSYC 3450	Learning and Motivation	
or PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3458	Biological Psychology	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
Research Experience		
Complete one of the following:		4
PSYC 4600	Laboratory in Research Design	
PSYC 4606	Laboratory in Biological Psychology	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4614	Laboratory in Social Psychology	
PSYC 4616	Laboratory in Personality	
PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4624	Laboratory in Affective Science	
PSYC 4626	Laboratory in Life-Span Emotional Development	
Psychology Seminar		
Complete one of the following:		4

PSYC 4656	Seminar in Biological Psychology
PSYC 4658	Seminar in Psycholinguistics
PSYC 4660	Seminar in Cognition
PSYC 4662	Seminar in Personality
PSYC 4664	Seminar in Social Psychology
PSYC 4666	Seminar in Clinical Psychology
PSYC 4668	Seminar in Sensation and Perception
PSYC 4674	Seminar in Cognitive Neuroscience
PSYC 4676	Seminar in Developmental Psychology

Electives

Complete two PSYC courses. 8

Criminal Justice and Sociology, BS

This combined major educates students in criminal justice and sociology and in the interface between the two disciplines. The scope and sequence of sociology courses provide students with a foundation in social theory and social systems. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students successfully completing this program should be able to understand the ways that crime and the justice system are situated in larger social systems and structures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Cybersecurity and Criminal Justice, BS

The cybersecurity and criminal justice combined degree applies a multidisciplinary approach to ensuring the reliability and security of cyberspace. The program will provide students with a strong programming foundation coupled with academic and experiential knowledge of the criminal justice system. Students learn how social behavior, policy, and legal rules can affect cybersecurity and utilize comparative social science to understand, predict, and explain crime.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

Data Science and Criminal Justice, BS

Overview

This combined major offers students the opportunity to gain cutting-edge data science skills and expertise in important and urgent social issues: crime, the law, and the criminal justice system. Data science classes allow students to develop skills in the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Criminology and criminal justice courses provide a foundation for understanding crime, the law, and our criminal justice system. Together, the combined major is designed to prepare students to apply data science skills to crime and justice topics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Data Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	First Year Seminar	1
or CRIM 1000	Criminal Justice at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Programming Sequence Pathways		
Complete one of the following options:		12
Computer Science Option		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
Data Science Option		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
Computer Science Required Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
Khoury Elective Courses		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 4 credits of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		4

CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2500 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Criminal Justice Courses

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Creating Knowledge About Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? This course covers how to harness data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
Criminal Justice Capstone		
CRIM 4949	Senior Capstone Seminar	4
Criminal Justice Elective		
These courses round out our knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000, or 5000 level.		8

Integrative Course Requirement

Code	Title	Hours
Complete one of the following:		4
CRIM 4040	Crime Prevention	
CRIM 4800	Crime Mapping	

Supporting Courses

Code	Title	Hours
Mathematics Requirement		
MATH 1341	Calculus 1 for Science and Engineering	4
Statistics Foundation		
ECON 2350	Statistics for Economists	4
Computing and Social Issues		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions
- Writing in the First Year

Human Services and Criminal Justice, BS

Overview

A combined major in human services and criminal justice appeals to students interested in the intersection of social and legal issues and institutions. The human services major prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. Students with criminal justice course work gain a rigorous interdisciplinary and experiential education in the causes and consequences of crime and the responses of criminal justice. The addition of human services course work complements a criminal justice perspective and considers the role of social services and community-based organizations to prevent, intervene, and treat the causes and consequences of crime. The degree allows students to combine interests in the justice system, political advocacy, and community development. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, and internship opportunities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services Requirements

Code	Title	Hours
Required Human Services Courses		
HUSV 1101	Social Change and Human Services	4
HUSV 2300	Counseling in Human Services	4
HUSV 3570	The Nonprofit Sector, Philanthropy, and Social Change	4
HUSV 3900	Social Policy	4
Human Services Internship		
HUSV 4994	Human Services Internship	6
Human Services Electives		
Complete four additional HUSV courses.		16

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Understanding and Experiencing Criminal Justice Institutions and Systems		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	

CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
Crime Problems		
The following courses offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Digital Skills		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science practicum section)	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives. One must be from the 3000, 4000 or 5000-level.		8

Additional Courses

Code	Title	Hours
CRIM 1000	Criminal Justice at Northeastern	1
or HUSV 1000	Human Services at Northeastern	
Research Methods		
CRIM 3600	Criminal Justice Research Methods	4
or HUSV 2970	Research Methods for Human Services	
Cooperative Education		
Students going on co-op should take:		
EESH 2000	Professional Development for Co-op	1
Students returning from co-op should take:		
CRIM 3000	Co-op Integration Seminar 2	1
CRIM 4000	Co-op Integration Seminar 3	1
Additional Elective		
Complete one additional course in either CRIM or HUSV.		4

Integrative Course

Code	Title	Hours
CRIM 4949	Senior Capstone Seminar	4
or HUSV 4700	Senior Seminar in Human Services	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

Criminal Justice, Minor

Minors in the School of Criminology and Criminal Justice (SCCJ) take the foundational courses in criminology and criminal justice. Minors can also specialize further in their elective courses. These may include courses covering topics such as policing democratic societies, corporate security, punishment and mass incarceration, and juvenile justice. A minor in criminology and criminal justice in combination with a student's major can enhance the student's career possibilities and open new avenues for research experiences.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4

Criminal Justice Electives

Code	Title	Hours
Complete two of the following:		8
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology

CRIM 3070	Corporate and White-Collar Crime	
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
CRIM 4040	Crime Prevention	
CRIM 4120	Courts and Sentencing	
CRIM 4660	Communities and Crime	
CRIM 4710	Law and Psychology	

GPA Requirement

2.000 GPA required in the minor

Cultures, Societies, and Global Studies

The Department of Cultures, Societies, and Global Studies is an open and dynamic academic platform for interdisciplinary research and teaching on the transformative power of culture as an instrument for social change and innovation. We approach the challenges facing humanity through perspectives that are primarily, though not exclusively, informed by the experiences of the peoples from the Global South (Africa, Asia, the Caribbean, and Latin America) and its diasporas. As we search for the tools to foster sustainable economic growth and social well-being on a global scale, we aim to reevaluate and learn from the historical experiences, belief systems, intellectual traditions, and pressing concerns of the greater part of the world's population. This requires a critical reexamination of the persistence of Eurocentric postulates that were developed to support modern colonialism and nationalism with their variegated world of "otherness." As such, we adhere to the broadest and most inclusive definition of languages and cultures as we aim to understand, shape, and thrive in a global community characterized by increased social connectivity, economic integration, intellectual exchange, and cultural hybridity.

Programs

Bachelor of Arts (BA)

- Africana Studies (p. 1874)
- Africana Studies and English (p. 1878)
- Africana Studies and Human Services (p. 1883)
- Africana Studies and Media and Screen Studies (p. 324)

Africana Studies, BA

Africana studies is an interdisciplinary field of study devoted to the critical and systematic examination of the cultural, political, social, economic, and historical experiences of the African Diaspora across the globe. Students are able to focus on either African American, African, or Africana studies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Concentrations

Complete one of the following:

- Africana Studies (Without Concentration) (p. 1874)
- Africana Studies with African American Studies Concentration (p. 1875)
- Africana Studies with Africa Studies Concentration (p. 1875)

Africana Studies Major Credit Requirements

Complete 48 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

Africana Studies and English, BA

Overview

The combined major in Africana studies and English offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of English studies. Within the combined major, students may also choose to focus their studies on a range of topics related to literature, writing, narrative, and cultural production in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Africana Studies and Human Services, BA

Overview

A combined major in Africana studies and human services offers students the opportunity to integrate their studies of the cultural, political, socioeconomic, and historical experiences of the peoples of the global African Diaspora with preparation for careers in social change by providing them with the theoretical and skill-based background necessary for practice and research.

Students take academically rigorous courses relevant to the field while honing their skills through our extensive experiential educational opportunities. Through courses, service-learning, co-op, and internships, students may acquire theoretical and professional skills related to critical race cultural literacies, historical analysis, counseling, nonprofit management, political advocacy, as well as organizational and community development.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Africana Studies and Political Science, BA

The combined major in Africana studies and political science offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of political science. Within the combined major, students may also choose to concentrate their studies on a range of topics related to political behaviors and institutional developments in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History, Culture, and Law, BA

History, culture, and the law is an interdisciplinary major that offers students an opportunity to understand how legal systems are shaped by cultural norms and historical developments, as well as how social change has been and can be created through legal processes. After studying principles of historical method and jurisprudence, students bring to bear the interdisciplinary frameworks they have begun to develop in one of seven culturally focused concentrations: Africana studies and culture; Asian studies and culture; culture and colonialism; digital humanities; film and international cultures; gender and sexuality; and Latino/a, Latin American, and Caribbean studies and culture. Students have opportunities to develop flexibility in perspectives, to exercise ability to work in interdisciplinary frameworks, and to foster appreciation of cultural diversity that will enable them to make a positive impact in their chosen spheres of action.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: No more than two courses taken for this major may be counted toward another major or minor.

Law and History Core

Code	Title	Hours
Foundational Core Courses		
ENGL 3325	Rhetoric of Law	4
or ENGL 1160	Introduction to Rhetoric	
or ENGL 3404	African American Rhetorical Traditions	
HIST 1100	Law and History	4
LPSC 2301	Introduction to Law, Policy, and Society	4
or LPSC 1101	Introduction to Law	
Foundational Core Elective		
Complete two of the following not used to fulfill the previous requirement. Note that POLS prerequisites are waived for the 3000- and 4000-level POLS classes for students in this major.		8
LPSC 2301	Introduction to Law, Policy, and Society	
LPSC 3303	Topics in Law and Public Policy	
LPSC 3307	Understanding the Modern Supreme Court	
PHIL 2301	Philosophical Problems of Law and Justice	
POLS 3302	Judicial Process and Behavior	
POLS 3406	International Law	
POLS 4500	U.S. Constitutional Law

Total Hours: 130

Religious Studies and Africana Studies, BA

The Department of Philosophy and Religion and the Program in Africana Studies offer an interdisciplinary combined major in religious studies and Africana studies. Students interested in the combined major integrate the study of religious traditions, religious praxis, and religious ethics with critical and systematic examination of the cultural, political, social, economic, and historical experiences of African Americans throughout the hemisphere and peoples of African descent around the world.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Spanish, BA

Spanish is the second most spoken language in the world. It is used in more than twenty countries, including the United States. In fact, in terms of the number of speakers, the United States is the second largest Spanish-speaking country in the planet. Being a Spanish speaker is a major professional and cultural asset as it prepares you to be successful in any career path. Yet, in our society, knowing Spanish is not just an asset; it is increasingly a necessity. Not only does proficiency in Spanish prepare you to be a leader in a country where Hispanics are the fastest growing segment of the population and where Spanish-speakers are the vast majority of the population in the hemisphere. Knowing Spanish also makes you a truly global citizen. Our Spanish BA certifies that you have attained advanced levels of listening, speaking, reading and writing proficiency in the language. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Spanish and International Affairs, BA

This combined major offers undergraduates the opportunity to develop an awareness of global affairs and international issues since the 19th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; the politics of culture, linguistic and cultural diversity, religious and ideological divides; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Spanish and Linguistics, BA

In the combined major in Spanish and linguistics, students integrate study of the Spanish language in particular with study of language systems more generally. Students hone their proficiency in the production and comprehension of the Spanish language and apply this knowledge to explore aspects of Hispanic culture, literature, and history. At the same time, students study the structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning), as well as the position of language within communities of users. Students emerge with the transcultural skills and linguistic competence to communicate in and analyze one of the world's major languages and with a deep understanding of how this system has flourished across space and time.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Spanish Requirements

Africana Studies, BS

Africana studies is an interdisciplinary field of study devoted to the critical and systematic examination of the cultural, political, social, economic, and historical experiences of Africans, African Americans throughout the hemisphere, and peoples of African descent around the world. Students are able to choose focused concentrations in African American or Africa studies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Program Options

Complete one of the following concentrations:

- Africana Studies (Without Concentration) (p. 1913)
- Africana Studies with African American Studies Concentration (p. 1914)
- Africana Studies with Africa Studies Concentration (p. 1914)

Africana Studies Major Credit Requirements

Complete 52 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

AFRICANA STUDIES (WITHOUT CONCENTRATION)

Code	Title	Hours
Foundational Course		
AFAM 1101	Introduction to African American and Africana Studies	
or AFRS 1101	Introduction to African Studies	
Introductory Course		
Complete one of the following:		4
AFAM 1104	The African-American Experience through Music	
AFAM 1113	Black Popular Culture	
AFAM 1135	John Coltrane and the History of Jazz in the United States	
AFAM 1225	Gender, Race, and Medicine	
AFRS 1270	Introduction to Global Health	
Humanities Courses		
Complete two of the following, not already used for the introductory requirement:		8
AFAM 1104	The African-American Experience through Music	
AFAM 1113	Black Popular Culture	
AFAM 1135	John Coltrane and the History of Jazz in the United States	
AFAM 2296	Early African-American Literature	
AFRS 2410	Possession, Sacrifice, and Divination in African Diasporic Religions	
AFRS 3900	Gender and Black World Literatures	
Social Science Courses		
Complete two of the following, not already used for the introductory requirement:		8
AFAM 1225	Gender, Race, and Medicine	
AFAM 2600	Issues in Race, Science, and Technology	

AFAM 3270	Race, Ethnicity, and Inequality	
AFRS 1270	Introduction to Global Health	
AFRS 2307	Africa Today	
AFRS 2325	Black Feminist Studies	
AFRS 2464	Natural Resources and Sustainable Development	
AFRS 2900	Swahili, Culture, and Politics in Kenya	
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
AFRS 3460	Contemporary Government and Politics in Africa	
CAEP 3310	Say It Loud: The Black Power Movement and Higher Education	
Electives		
Complete three AFAM or AFRS courses at or above the 2000 level, not already taken.		12
Complete three AFAM or AFRS courses at or above the 3000 level, not already taken.		12

American Sign Language—English Interpreting, BS

Website (https://cssh.northeastern.edu/asl/)

Lori Whynot, PhD, CI, CT, SC: L, CoreCHI, NAATI
Professor and Director, American Sign Language and Interpreting Program
L.whynot@northeastern.edu (l.whynot@northeastern.edu)

617.373.8425
857.366.4204 (Videophone)

American Sign Language (ASL) is estimated to be the third most used language in the United States, and its visibility in society is on the rise in recent years. There are between 500,000–2,000,000 Deaf, DeafBlind, or hard of hearing people in the United States who use ASL as their primary language and a large number of non-Deaf signers who use or learn ASL as a second language. A disproportionate percentage of Deaf Community members experience socioeconomic disadvantage due to their dual status as members of both a cultural linguistic minority group and a disability group. As a result, there is a broad societal misunderstanding of Deaf, signing people's minority language and culture—their lived experience—which creates barriers to educational and economic opportunity. While state and federal legislation enables improved civic engagement by Deaf, hard of hearing, and DeafBlind individuals, there is continued need to elevate quality of life, equity, and the rich contributions of the diverse members of the American Deaf Community.

The curriculum in the NU American Sign Language and Interpreting program addresses social inequalities and contributes to cultural resilience by raising awareness of the minority population of ASL users: Deaf, hard of hearing, and DeafBlind individuals. Students acquire the complex skills of ASL-English interpreting through intensive faculty instruction and direct student support and guidance, which is similar to training in other practice professions (such as law, medicine, and social work).

Professional ASL-English interpreting is an important service that supports Deaf, hard of hearing, and DeafBlind people's efforts to participate, be recognized, and contribute to civic society equally at all levels. There continues to be a shortage of qualified sign language interpreters in all domains of civic life since the emergence of the profession in the early 1960s. There is ongoing need for advancing research on ASL and on sign language interpreting to contribute to the growing literature.

The Bachelor of Science in American Sign Language-English Interpreting curriculum is a rigorous program of study that integrates a foundation of ASL and Deaf studies with intensive interpreting skill development. This program is designed to assist students in acquiring competence in ASL, developing an understanding of the diverse American Deaf Community and its culture, and applying linguistic, analytic, and sociocultural skills and knowledge in order to contribute to civic engagement and social justice for Deaf citizens. The major in ASL-English Interpreting is a sequence of courses in linguistic, cognitive, human relations, and ethical decision-making skills as well as the sociocultural knowledge necessary to prepare students for future state or national credentialing as professional ASL-English interpreters. The program offers a wide array of courses as well as volunteer, internship, and practicum opportunities to learn from Deaf citizens' lived experiences through community and industry connections and research. To supplement ASL and Deaf cultural learning, students have the option to do an ASL immersion semester through our Gallaudet University semester study option by the end of the sophomore year or a co-op with a Deaf community-based organization. Academic and co-op advising and discussion with the program director is required for students electing these options.

The program also has alternative, combined majors (https://cssh.northeastern.edu/asl/program/american-sign-language-combined-majors/) for students who want to master ASL and cultural skills to work alongside and on behalf of Deaf, hard of hearing, or DeafBlind people in the disciplines of human services, psychology, linguistics, or theatre/arts.

Academic Progression Standards for ASL-English Interpreting Majors

- To begin the interpreting skills course sequence (INTP course numbers 3510 and higher), students must pass an ASL competency assessment at the intermediate/advanced level and maintain a minimum 2.750 GPA in all AMSL, INTP, and DEAF courses as well as maintain a minimum 2.500 overall GPA.
- Due to the fiduciary responsibility of professional sign language interpreters, there are technical, ethical, and dispositional standards required of progression to graduation in the ASL-English interpreting program. An individual must be able to meet the following competency standards to continue to graduation:

  - Human relations
  - Communication ability
  - Cognitive skills
  - Ethical conduct

HUMAN RELATIONS

Students must demonstrate collegiality by showing respect and courtesy to colleagues, consumers, employers/site placements, and taking responsibility for one's work. Compassion, integrity, motivation, effective interpersonal skills, and concern for others are personal attributes required of those in the interpreting profession. The student must be able to work under supervision of a site instructor or preceptor; this is essential to ensure rights, safety, and privacy of interpreting clients/consumers. The student must exercise good judgment and promptly complete all responsibilities in

the classroom and practical fieldwork settings. The ability to establish culturally competent relationships with individuals and groups and to respond effectively to clients who have different language and cognitive capacities is critical to interpreting practice.

COMMUNICATION ABILITY

The student must communicate verbally in order to elicit information and to convey that information to others. Each student must have the ability to read and write accurately and comprehensively in English. The student must be able to thoroughly comprehend and fluently use ASL and speak the English language so as to facilitate communication with Deaf and hearing community members and stakeholders, including colleagues, instructors, and other students. The student must also be able to present information in a professional, logical manner and to articulate decisions that enable effective interpreting.

COGNITIVE SKILLS

The student must show evidence of progression toward effectively integrating academic and world knowledge during simultaneous and consecutive interpretation, using appropriate cultural adjustments while managing internal and external factors and processes that result in accurate and reliable interpretations in both ASL and English.

ETHICAL CONDUCT

The student must demonstrate self-awareness and discretion by monitoring and managing personal and professional behaviors and integrity by avoiding conflicts of interest and adhering to values reflected in the Registry of Interpreters for the Deaf (RID) professional code of conduct.

Program Requirements

Major Requirements

To begin the interpreting skills course sequence (INTP course numbers 3510 and higher), students must pass an American Sign Language (ASL) competency assessment at the intermediate/advanced level and maintain a minimum of 2.750 GPA in all AMSL, INTP, and DEAF courses. Students must also maintain an overall minimum 2.500 GPA.

Students with prior ASL skills may be allowed to waive up to the first four AMSL courses by taking the language placement assessment. Waived courses must be replaced by electives.

American Sign Language (ASL) is estimated to be the third most used language in the United States and its visibility in society is on the rise in recent years. There are roughly 500,00 to 2,000,000 Deaf, DeafBlind, or hard of hearing people in the United States who use ASL as their primary language, and a large number of non-Deaf signers use or learn ASL as a second language. A disproportionate percentage of Deaf people experience socioeconomic disadvantage due to their dual status as members of both a cultural linguistic minority group and a disability group. As a result, there is a broad societal misunderstanding of Deaf, signing people's minority language and culture—their lived experience—which creates barriers to educational and economic opportunity. While state and federal legislation enables improved civic engagement by Deaf, hard of hearing, and DeafBlind individuals, there is continued need to elevate quality of life, equity, and the rich contributions of the diverse members of the American Deaf communities.

The Bachelor of Science in American Sign Language and Human Services is an integrated program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. The curriculum is designed to assist students in acquiring competence in ASL, developing an understanding of the diverse American Deaf communities and Deaf culture, and applying linguistic and sociocultural skills and knowledge to the discipline of human services, in order to contribute to civic engagement and social justice for Deaf people.

The combined major offers a wide array of courses as well as volunteer, internship, and practicum opportunities to learn from Deaf people's lived experiences through community and industry connections. The program provides opportunities that will allow students an opportunity to acquire the linguistic, cognitive, and ethical decision-making skills as well as the sociocultural knowledge necessary to work in Deaf Community, sign-language-related disciplines. Students pursuing a combined major in human services integrate their foundation in ASL and the Deaf Community with human service organizations.

American Sign Language and Linguistics, BS

The American Sign Language (ASL) & Linguistics combined major is an intensive program of study dedicated to preparing students to interact in a positive and supportive manner with members of the American Deaf Community while simultaneously providing students with an understanding of the theoretical, cultural, and social components of all human language, including ASL, so that they can better understand how ASL is related to spoken languages and other signed languages. This curriculum is designed to assist students in acquiring competence in American Sign Language; and in developing an understanding of the American Deaf Community and its culture, the acquisition and analysis of human languages (signed and spoken), and how human languages work in everyday use (e.g., comprehension, generation, translation).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

American Sign Language and Psychology, BS

American Sign Language (ASL) is estimated to be the third most used language in the United States and its visibility in society is on the rise in recent years. There are roughly 500,000 to 2,000,000 Deaf, DeafBlind, or hard of hearing people in the United States who use ASL as their primary language, and a large number of non-Deaf signers use or learn ASL as a second language. A disproportionate percentage of Deaf people experience socioeconomic disadvantage due to their dual status as members of both a cultural linguistic minority group and a disability group. As a result, there is a broad societal misunderstanding of Deaf, signing people's minority language and culture—their lived experience—which creates barriers to educational and economic opportunity. While state and federal legislation enables improved civic engagement by Deaf, hard of hearing, and DeafBlind individuals, there is continued need to elevate quality of life, equity, and the rich contributions of the diverse members of the American Deaf communities.

The program offers a wide array of courses as well as volunteer, co-op, and research opportunities to learn from Deaf people's lived experiences through community and industry connections.

This combined major educates students in cognitive psychology, psycholinguistics, and the structures of human languages in general and ASL in particular. The curriculum is designed to assist students in acquiring competence in ASL, develop an understanding of the diverse American Deaf communities and Deaf culture, better understand cognitive efforts of interpreters' language transfer, as well as gain insights into various features of spoken language and experience firsthand the principles underlying the spatial organization of discourse required by signed languages. This knowledge and the psychology background from the major provide a foundation for more advanced studies of ASL and interpreting or psychology and Deaf people.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

American Sign Language and Theatre, BS

This major is designed for students who want to combine an understanding of the American Deaf Community; its language and culture to the study and making of theatre, including performance, design; and production. It offers both classroom and experiential learning on the creative, social, and linguistic relationship between theatre and the American Deaf Community. Students may study acting, dramatic literature, and production design to develop the skills to be able to make theatre accessible and to understand and create theatre with individuals from Deaf communities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

American Sign Language, Minor

The American Sign Language and Interpreting Education (ASLIE) program curriculum is an intensive program of study dedicated to preparing individuals to interact in a positive and supportive manner with members of the American Deaf Community. This program is designed to assist students in acquiring competence in American Sign Language, developing an understanding of the American Deaf Community and its culture, and applying their linguistic and cultural skills and knowledge to a particular academic area of study.

The program offers a wide array of courses as well as volunteer, internship, and practicum opportunities. For students wishing to pursue a minor in ASL, the program is committed to providing opportunities that will allow them to acquire the linguistic, cognitive, and ethical decision-making skills as well as the sociocultural knowledge necessary to work in positive and supportive ways with Deaf people.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students are required to complete a minimum of seven classes. A maximum of two of those seven course requirements may be fulfilled by transfer credit.

Required Culture Courses

These courses must be taken at Northeastern University, not via study abroad or fulfilled via transfer credit.

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
DEAF 1500	Deaf People in Society	4

Required Language Courses

Students may waive up to four AMSL language courses by taking the ASL proficiency assessment in the ASL and Interpreting Education (ASLIE) program. Waived courses must be replaced by electives to meet the required number of courses in the minor.

Code	Title	Hours
AMSL 1101	Elementary ASL 1	4
AMSL 1102	Elementary ASL 2	4
AMSL 2101	Intermediate ASL 1	4
AMSL 2102	Intermediate ASL 2	4

DEAF 2700	ASL Linguistics	
AMSL 1511	ASL Classifiers	
DEAF 1550	Dynamics of the Deaf/Blind Community: Culture, History, and Communication	
AMSL 4992	Directed Study	

GPA Requirement

2.000 GPA required in the minor

Arabic, Minor

The Arabic minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Arab cultures so that students may engage in meaningful interactions with Arabic speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	
or ARAB 3101	Advanced Arabic 1	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
ARAB 2101	Intermediate Arabic 1	4
ARAB 2102	Intermediate Arabic 2	4

Electives

Please consult with the coordinator of the Arabic minor for specific course availability.

Code	Title	Hours
ARAB 3101	Advanced Arabic 1 (If not used for other requirements)	
ARAB 4992	Directed Study	
CLTR 1502	Introduction to Arabic Culture	
CLTR 4944	Cultural Engagement Abroad	
HIST 1185	Introduction to Middle Eastern History	
HIST 1290	Modern Middle East	
INTL 1160	Middle East Studies	
INTL 2200	America and the Middle East	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
POLS 3465	Government and Politics in the Middle East	

GPA Requirement

2.000 GPA required in the minor

Black Feminist Studies, Minor

This interdisciplinary minor offers students opportunities to critically engage with the histories and theories that sit at the intersections of race, gender, class, and sexuality. This minor will allow students to centralize the study of Black women from diverse disciplinary perspectives and provide students with opportunities to engage comparative and transnational Black feminist studies frameworks for analyzing gender, sexuality, and other concepts within the broader disciplines of Africana and women's, gender, and sexuality studies.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
WMNS 1103	Introduction to Women's, Gender, and Sexuality Studies	4
AFAM 1101	Introduction to African American and Africana Studies	4
or AFRS 1101	Introduction to African Studies	

Electives

Code	Title	Hours
Complete two of the following:		8
AFAM 1113	Black Popular Culture	
AFRS 3900	Gender and Black World Literatures	
ENGL 2455	American Women Writers	
SOCL 4520	Race, Class, and Gender	
WMNS 1225	Gender, Race, and Medicine	
WMNS 2505	Digital Feminisms	
WMNS 3100	Gender, Social Justice, and Transnational Activism	

Chinese, Minor

The Chinese minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Chinese culture so that students may engage in meaningful interactions with Chinese speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students are required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogue of Civilizations at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or CHNS 3101	Advanced Chinese 1	
or CHNS 3102	Advanced Chinese 2	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
CHNS 2101	Intermediate Chinese 1	4
or CHNS 2301	Intermediate Chinese Immersion 1	
CHNS 2102	Intermediate Chinese 2	4
or CHNS 2302	Intermediate Chinese Immersion 2	

Electives

Please consult with the coordinator of the Chinese minor for specific course availability. Complete two or more of the following to reach five total courses for the minor.

Code	Title	Hours
CHNS 3101	Advanced Chinese 1	
CHNS 3102	Advanced Chinese 2	
CHNS 3800	Special Topics in Chinese	
CHNS 4800	Special Topics in Chinese

CLTR 1500	Modern Chinese History and Culture	
or HIST 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 4944	Cultural Engagement Abroad	
HIST 2308	Law, Justice, and Society in Modern China	

GPA Requirement

2.000 GPA required in the minor

Film and International Cultures, Minor

The minor in Film and International Cultures allows students to study the rapidly expanding global visual culture. Students will explore the history, theory, aesthetics and criticism of film and other moving-image media on a global scale and in relation to culture, other arts, politics and propaganda. The minor also explores how the image and the film/propaganda industry shape the world we live in and the ways in which we conceive of ourselves and others.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: At least two of the courses taken for the minor must be at or above the 2000 level.

Required Culture Courses

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
CLTR 2001	World Cultures through Film	4

Film and Culture Study

Code	Title	Hours
Select one of the following pairings:		8
CLTR 1240 and CLTR 1505	Latin American Film and Latin American Culture, History, and Politics	
CLTR 1260 and CLTR 1700	Japanese Film and Introduction to Japanese Pop Culture	

Elective

Note: Courses taken for this requirement cannot be double-counted with courses taken to fulfill the film and culture study requirement.

Code	Title	Hours
Complete one of the following:		4
CLTR 1240	Latin American Film	
CLTR 1260	Japanese Film

GPA Requirement

2.000 GPA required in the minor

German, Minor

We live in a truly global world where the leaders of tomorrow will dwell in and negotiate all transactions in spaces not claimed in exclusivity by a single people, language, or culture. Knowing German will help you become a truly global citizen. Successful completion of the minor demonstrates the attainment of intermediate to advanced proficiency in the language, as well as cultural understanding and agility. The minor also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live, and work abroad.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students are required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at NU. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Culture Course Requirement

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4

Language Requirement

Students may waive any of these courses by taking the language exam in the World Languages Center.

Code	Title	Hours
GRMN 2101	Intermediate German 1	4
GRMN 2102	Intermediate German 2	4

Electives

Code	Title	Hours
Complete two of the following courses:		
CLTR 4944	Cultural Engagement Abroad	
GRMN 3800	Special Topics in German	
HIST 1390	History of Espionage 2: Cold War Spies	
HIST 2280	Hitler, Germany, and the Holocaust	
HIST 2282	The Holocaust and Comparative Genocide	
LING 1150	Introduction to Language and Linguistics	
LING 3412	Language and Culture	
PHIL 3343	Existentialism	
PHIL 3435	Moral Philosophy	
PSYC 3464	Psychology of Language	

GPA Requirement

2.000 GPA required in the minor

Global Health, Minor

The area of global health has become a critical field of study across and within diverse disciplines, because of the cross-border and cross-national implications of health-related risks for national security, commerce, transportation, and healthcare delivery itself. In collaboration with the College of Social Sciences and Humanities, the minor in global health is designed to provide undergraduate students an opportunity to explore and discuss the implications with an interdisciplinary lens. The minor is comprised of five courses: one foundation and one core course, three electives, and a global health experience to be approved by the global health minor advisor.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Foundation Course

Code	Title	Hours
AFRS 1270	Introduction to Global Health	4
or PHTH 1270	Introduction to Global Health	

Core Course

Code	Title	Hours
Complete one of the following. If additional courses are taken, they may be used as electives.		3-4
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora	
PHTH 4120	Global Perspectives on Discrimination and Health	
PHTH 5230	Global Health	

Elective Courses

Code	Title	Hours
Complete three courses from the following areas. Only two courses from any one area may count toward the minor electives. No more than two required courses in the student's major may count toward the minor electives. At least one of the minor electives must be at the 3000-level or above.		9-12
Area 1: Community and Public Health		
AFRS 4939	Community Health, Culture, and Development in Kenya (Dialogue of Civilizations only)	
CAEP 2050	Health Systems, Services, and Education in Ghana (Dialogue of Civilizations only)	
ENVR 1110	Global Climate Change	
PHTH 1261	Comparative Healthcare Systems (Dialogue of Civilizations only)	
PHTH 2301	Communication Skills for the Health Professions—Global (Dialogue of Civilizations only)	
PHTH 2350	Community and Public Health	
or PHTH 2351	Community and Public Health - Global	
or NRSG 4604	Public Health Community Nursing	
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	
PHTH 4540	Health Education and Program Planning	
Area 2: Biology of Health and Disease		
BIOL 1141	Microbes and Society	
BIOL 1143	Biology and Society	
BIOL 2327	Human Parasitology	
EEMB 3466	Disease Ecology	
Area 3: Society and Cultural Health / Area Studies		
AFRS 2900	Swahili, Culture, and Politics in Kenya (Dialogue of Civilizations only)	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
ECON 1230	Healthcare and Medical Economics	
HIST 2233	The History of Medicine in North America	
LACS 1220	Latino, Latin American, and Caribbean Studies	

PHIL 1165	Moral and Social Problems in Healthcare
WMNS 3100	Gender, Social Justice, and Transnational Activism
or POLS 3100	Gender, Social Justice, and Transnational Activism
or ANTH 3100	Gender, Social Justice, and Transnational Activism
Area 4: Globalization and Development	
CRIM 1400	Human Trafficking
ECON 1291	Development Economics
ECON 3404	International Food Policy
ECON 3413	Health Economics and Healthcare Policy
ECON 3416	Behavioral Economics
ECON 5292	Gender and Development Economics
HLTH 2100	Interprofessional Ethics for Individual and Population Health
INTL 1101	Globalization and International Affairs
POLS 1160	International Relations

Global Health Experience

Complete a global health experience that has been approved by the global health minor advisor.

Recommended

Competency in another language other than English is recommended.

Completion of the Minor

All coursework must be completed at a minimum grade of B and courses may not be taken Pass/Fail.
Complete a minimum of 16 semester hours.

3.000 GPA required in the minor.

Italian, Minor

We live in a truly global world where the leaders of tomorrow will dwell in and negotiate all transactions in spaces not claimed in exclusivity by a single people, language or culture. Knowing Italian will help you become a truly global citizen. Successful completion of the minor demonstrates the attainment of intermediate to advanced proficiency in the language, as well as cultural understanding and agility. It also opens before you a fascinating cultural and intellectual world in and beyond the classroom with a myriad of opportunities to travel, live and work abroad.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at NU. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count towards the five classes in the minor.

Required Culture Courses

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4

Required Language Courses

Students may waive any of these courses by taking the language exam in the World Language Center.

Code	Title	Hours
ITLN 2101	Intermediate Italian 1	4
ITLN 2102	Intermediate Italian 2	4

Electives

Code	Title	Hours
CLTR 1503	Introduction to Italian Culture	
CLTR 4944	Cultural Engagement Abroad	
ITLN 3101	Advanced Italian 1	
ITLN 4992	Directed Study	

GPA Requirement

2.000 GPA required in the minor

Japanese, Minor

The Japanese minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Japanese culture so that students may engage in meaningful interactions with Japanese speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five courses in the minor.

Required Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or JPNS 3101	Advanced Japanese 1	
or JPNS 3102	Advanced Japanese 2	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
JPNS 2101	Intermediate Japanese 1	4
JPNS 2102	Intermediate Japanese 2	4

Electives

Please consult with the coordinator of the Japanese minor for specific course availability. Complete two or more of the following to reach five total courses for the minor.

Code	Title	Hours
ASNS 1150	East Asian Studies	
CLTR 1260	Japanese Film	
CLTR 1700	Introduction to Japanese Pop Culture	
CLTR 4944	Cultural Engagement Abroad	
HIST 1252	Japanese Literature and Culture	
HIST 2351	Modern Japan	
JPNS 3101	Advanced Japanese 1	
JPNS 3102	Advanced Japanese 2	
JPNS 3800	Special Topics in Japanese	
JPNS 4992	Directed Study	

GPA Requirement

2.000 GPA required in the minor

French, Minor

The French minor focuses on two outcomes: developing students' linguistic proficiency and broadening their insights into francophone cultures so that students may engage in meaningful interactions with French speakers throughout the world. The communication skills and transcultural awareness that students acquire throughout the course of the minor provide preparation for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Required Culture Course

This course must be taken on campus. Courses taken on Dialogue programs, through study abroad, or at another institution may not be substituted.

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or FRNH 3101	Advanced French 1	
or FRNH 3102	Advanced French 2	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
FRNH 2101	Intermediate French 1	4
FRNH 2102	Intermediate French 2	4

Electives

Complete two or more of the following to reach five total courses for the minor. Consult with the coordinator of the French minor for specific course availability.

Code	Title	Hours
Complete two of the following:		
CLTR 1501	Introduction to French Culture	
CLTR 4944	Cultural Engagement Abroad	
FRNH 2900	Specialized Instruction in French	
FRNH 3101	Advanced French 1	
FRNH 3102	Advanced French 2	
FRNH 4800	Special Topics in French	

GPA Requirement

2.000 GPA required in the minor

Portuguese, Minor

The Portuguese minor focuses on two outcomes: developing students' linguistic proficiency and broadening their insights into Lusophone cultures so that students may engage in meaningful interactions with Portuguese speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor provide preparation for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any prerequisites or equivalent language placements where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or PORT 3101	Advanced Portuguese 1	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
PORT 2101	Intermediate Portuguese 1	4
PORT 2102	Intermediate Portuguese 2	4

Electives

Complete two or more of the following to reach five total courses for the minor.

Code	Title	Hours
ANTH 4500	Latin American Society and Development	
CLTR 1240	Latin American Film	
CLTR 1505	Latin American Culture, History, and Politics	
CLTR 3715	New Narratives: Latin America after 1989	
CLTR 4944	Cultural Engagement Abroad	
PORT 3101	Advanced Portuguese 1	

GPA Requirement

2.000 GPA required in the minor

Russian, Minor

The Russian minor focuses on two specific outcomes: developing students' linguistic proficiency and broadening their insights into Russian culture so that students may engage in meaningful interactions with Russian speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Required Culture Course

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or RSSN 3101	Advanced Russian 1	
or RSSN 3102	Advanced Russian 2	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
RSSN 2101	Intermediate Russian 1	4
RSSN 2102	Intermediate Russian 2	4

Electives

Please consult with the coordinator of the Russian minor for specific course availability. Complete two or more of the following to reach five total courses for the minor:

Code	Title	Hours
CLTR 4944	Cultural Engagement Abroad	
HIST 1286	History of the Soviet Union	
INTL 3455	Russian Foreign Policy	
RSSN 3101	Advanced Russian 1	
RSSN 4992	Directed Study	
RSSN 4993	Independent Study	

GPA Requirement

2.000 GPA required in the minor

Spanish, Minor

The Spanish minor focuses on two outcomes: developing students' linguistic proficiency and broadening their insights into Hispanic cultures so that students may engage in meaningful interactions with Spanish speakers throughout the world. The communication skills and transcultural awareness that students develop throughout the course of the minor prepare them for a wide range of opportunities and experiences, both in and beyond the classroom.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Students will be required to take a total of five classes. These classes may include courses and language classes at or above the intermediate level in Dialogues of Civilization at Northeastern University. A maximum of two courses of transfer credits, including transferable courses taken abroad, may count toward the five classes in the minor.

Required Culture Course

This course must be taken on campus. It may not be replaced by courses taken on Dialogue programs, through study abroad, or at another institution.

Code	Title	Hours
CLTR 1120	Introduction to Languages, Literature, and Culture	4
or SPNS 3101	Advanced Spanish 1: Deconstructing Borders	
or SPNS 3102	Advanced Spanish 2: Hispanic and Latinx Identity	

Required Language Courses

Students may replace one or both of the following courses with electives if they successfully complete the language exam in the World Languages Center. See the electives list for options.

Code	Title	Hours
SPNS 2101	Intermediate Spanish 1	4
SPNS 2102	Intermediate Spanish 2: Becoming a Global Citizen	4

Electives

Complete two or more of the following to reach five total courses for the minor.

Code	Title	Hours
ANTH 4500	Latin American Society and Development	
CLTR 1240	Latin American Film	
CLTR 1504	Cultural History of Spain	
CLTR 1505	Latin American Culture, History, and Politics

Economics

Website (https://www.northeastern.edu/cssh/economics/)

Robert Triest, PhD
Professor and Chair

617.373.2882
econ@northeastern.edu

Economics is the study of how societies produce and exchange goods and services to satisfy needs. Undergraduates may study economics to develop specialized analytical skills useful in today's complex labor market. Economics is distinguished among the social sciences by having a systematic normative as well as a positive framework for evaluating public policy. The major in economics is also a good foundation for graduate studies in advanced economics, public policy, law, or business.

Macroeconomics, which focuses on the overall economy, deals with such problems as inflation, unemployment, growth and instability, economic development, and governmental monetary and fiscal policies.

Microeconomics examines the economic behavior of individuals, households, firms, industries, and trade among countries. It seeks to assess the economic effects of market power and environmental damage and analyzes the economic aspects of natural resources, poverty, health, income distribution, trade unions, crime, and government regulation.

Courses in economics cover international trade; the behavior of families, firms, and industries in the market economy; the environmental costs of growth; and the economic aspects of natural resources, poverty, health, labor market discrimination, trade unions, crime, and governmental oversight. International and comparative perspectives are emphasized, most directly in courses in studies of the developing world and economic history.

Students may pursue a BA, a BS, or a minor in economics. Additionally, economics majors in their junior year may qualify for admission to the PlusOne program that combines the BA or BS with a MS in economics. The department also offers combined majors with business administration, international business, computer science, cybersecurity, data science, environmental and sustainability sciences, history, international affairs, mathematics, philosophy, political science, psychology, human services, and journalism, as well as an interdisciplinary major in politics, philosophy, and economics.

Graduates may find jobs in major corporations; financial institutions; nonprofits; NGOs; or federal, state, and local governments. Their work may involve planning and forecasting, assessing labor needs, and undertaking financial studies. They may estimate consumer demand for new products, conduct research, teach, or provide specialized consulting services.

Academic Progression Standards

The following are the requirements to progress in the major:

Code	Title	Hours
The following three core courses should be completed first:		12
ECON 1115	Principles of Macroeconomics	
ECON 1116	Principles of Microeconomics	
MATH 1231	Calculus for Business and Economics	
The following four core courses should be completed by the end of sophomore year:		16
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

PlusOne Program (MS) in Economics

The PlusOne Program in Economics provides the opportunity for Northeastern's undergraduate majors to complete both the undergraduate degree program (BS or BA) and the professional master's program (MS) in economics in less time than if the programs were completed sequentially. Undergraduate students may apply to the program as early as the end of their sophomore year or the beginning of their junior year. Students must demonstrate a strong quantitative background. One additional year of graduate study is required to complete the master's program. Students interested in this option should consult with the departmental undergraduate and graduate directors.

Programs

Bachelor of Arts (BA)

- Economics (p. 1951)
- History and Economics (p. 1954)

- International Affairs and Economics (p. 1957)
- Political Science and Economics (p. 1964)

Bachelor of Science (BS)

- Economics (p. 1970)
- Computer Science and Economics (p. 785)
- Cybersecurity and Economics (p. 867)
- Data Science and Economics (p. 899)
- Economics and Business Administration (p. 625)
- Economics and Human Services (p. 1989)
- Economics and International Business (p. 628)
- Economics and Journalism (p. 451)
- Economics and Mathematics (p. 1533)
- Economics and Philosophy (p. 2002)
- Economics and Psychology (p. 1645)
- Environmental and Sustainability Studies and Economics (p. 1477)
- History and Economics (p. 2012)
- Political Science and Economics (p. 2016)

Minor

- Economics (p. 2021)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p.)

Economics, BA

The Bachelor of Arts degree in economics maintains the tradition of the liberal arts with the language and arts courses required to satisfy the university's BA degree requirements. Along with the six core courses in economics, students may choose from over 40 electives. Many of these electives continue this liberal arts tradition with courses that focus on economic literature, economic history, the history of economic thought, and political economy. Students considering future doctoral studies in economics are strongly encouraged to pursue a double major in economics (BS) and mathematics (BS) or choose our combined economics/mathematics major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Economics Major Requirements for BA

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
Capstone		
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	

Economics Electives for BA

Code	Title	Hours
Complete 5 courses that are found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range:		20
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Breadth Courses for Economics Major

Code	Title	Hours
Calculus		
MATH 1241 or higher is recommended.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		

Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 (Selecting this 5 SH option will add one additional semester hour to your degree program.)	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Economics Major GPA/Credit Requirement

Grades in the following four courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 56 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

History and Economics, BA

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
History Electives		
Complete two HIST courses at any level in any field.		8
Introductory-Level Elective		
Complete one history course from the 1000 level (excluding HIST 1200 and HIST 1201).		4
Intermediate/Advanced History Electives		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
Advanced History Elective		
Complete one HIST course numbered 3000 or above (excluding HIST 4701).		4

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or HIST 1000	History at Northeastern	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete two economics elective courses that are found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement and ECON 3520 may not be used as economics electives:		8
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Supplemental Courses		
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Calculus		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Capstone Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
or ECON 4997	Senior Economics Thesis	
HIST 4701	Capstone Seminar	

Integrative Requirement

Code	Title	Hours
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	

History and Economics Major GPA/Credit Requirements

Grades in the following four economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 90 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
ECON 1000 or HIST 1000	1	ECON 1116	4	ECON 2315	4	ECON elective 1	4

Co-op		ECON 3470, HIST 2011, or ECON 1292	4
		ECON 4692, 4997, or HIST 4701	4
		Elective	4
		Elective	4
	0		**16**

Total Hours: 132

International Affairs and Economics, BA

This combined major fosters an awareness of global affairs and international economic issues since the early 20th century through diverse and cross-disciplinary theories of economic development and growth; states, societies, and markets (the intersection of politics and economics); and the role of states, civil societies, and social movements in crafting or addressing economic strategies, inequalities, and citizenship rights.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
International Affairs/Economics at Northeastern		
INTL 1000	International Affairs at Northeastern	1
or ECON 1000	Economics at Northeastern	
Required Courses		
ANTH 1101	Peoples and Cultures	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
International Experiential Learning		
Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs.		

International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context	
INTL 3406	International Law	
INTL 3430	Revolution, Civil War, and Insurrection	
INTL 3450	Security, Culture, Power	
INTL 3520	Global Political Economy	
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	

INTL 5010	International Human Rights Law and Policy
INTL 5100	Climate and Development

Global Dynamics Requirement

Code	Title	Hours
Complete two of the following with one course numbered 2000 or above. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements:		8

Code	Title	Hours
Environment		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development	
ENVR 3150	Food Security and Sustainability	
INTL 5100	Climate and Development

International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 3520	History of Economic Thought	4

Economics Electives

Code	Title	Hours
Complete three Economics elective courses from the following ranges with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy international affairs requirements, courses used to satisfy the integrative requirement, and ECON 3520 may not be used as Economics electives.		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Supporting Courses

Code	Title	Hours
Calculus		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Methods		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
INTL 2718	Research Methods in International Affairs	
MISM 2510	Fundamentals of Information Analytics	

Integrative Requirements

Code	Title	Hours
Development Economics		
ECON 1291	Development Economics	4
Senior Seminar		
Complete one of the following with a thesis or project that integrates both international affairs and economics:		
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	
or INTL 4700	Senior Capstone Seminar in International Affairs	

International Affairs and Economics Combined-Major GPA

Grades in the following Economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4

International Affairs and Economics Combined-Major Credit Requirement

Complete 88 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Total Hours: 129

Political Science and Economics, BA

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete four courses POLS 2000 to POLS 5999		16

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below.

- American Political Institutions (p. 1966)
- Campaigns and Elections (p. 1966)
- Comparative Politics (p. 1966)
- Identity, Culture, and Politics (p. 1967)
- International Relations and Diplomacy (p. 1967)
- Law and Legal Studies (p. 1967)
- Public Policy (p. 1967)
- Security Studies (p. 1968)

Economics Requirements for BA

Code	Title	Hours
Breadth Courses		
Calculus		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4

or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete 3 Economics elective courses that are found in the following ranges, with no more than 1 in the ECON 1200 to ECON 1999 range. Additionally, ECON 3520 may not be used as an Economics elective:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Supporting Courses

Complete either of the statistics and departmental elective combinations listed below:

COMBINATION A

Code	Title	Hours
Statistics		
POLS 2400	Quantitative Techniques	4
Economics		
Complete one course within the following ranges, excluding ECON 3520. This course may not also be used as an Economics elective.		4
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

COMBINATION B

Code	Title	Hours
Statistics		
ECON 2350	Statistics for Economists	4
Political Science		
Complete one course in the following range:		4
POLS 2401 to POLS 5999		

Integrative Requirements

Code	Title	Hours
Senior Seminar/Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	

POLS 4701	Political Science Senior Capstone
POLS 4703	Senior Thesis

Combined Major GPA/Credit Requirement

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
or POLS 2400	Quantitative Techniques	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Concentrations

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours

CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
Theoretical Requirement		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	

Regional Requirements		
Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad	

CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours
Core Course		
POLS 3418	Nationalism	4
Electives		
Complete three of the following:		12
POLS 2359	Immigration Politics	
POLS 2368	Music and Politics in America and Abroad	
POLS 2370	Religion and Politics	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3324	Law and Society	

CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY

Code	Title	Hours
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	
Core Courses		
Complete three of the following:		12
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 5408	International Security	

CONCENTRATION IN LAW AND LEGAL STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 2330	American Political Thought	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3323	Race, Inequality, and the Law	
or AFAM 3323	Race, Inequality, and the Law	
POLS 3324	Law and Society	
POLS 3406	International Law	
POLS 3409	Global Governance	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	

CONCENTRATION IN PUBLIC POLICY

Code	Title	Hours
Core Requirement		
POLS 3307	Public Policy and Administration	4
Electives		

Complete three of the following:		12
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2390	Science, Technology, and Public Policy	
POLS 2395	Environmental Politics and Policy	
POLS 3425	U.S. Foreign Policy	

CONCENTRATION IN SECURITY STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 3420	U.S. National Security Policy	
POLS 3423	Terrorism and Counterterrorism	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
POLS 5408	International Security	

Plan of Study

Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Economics, BS

The Bachelor of Science degree focuses attention on the use of mathematics in economic models in the six core courses and many of the required seven electives. The BS degree allows ample room to take courses such as economic development, game theory, and mathematical economics in addition to more supporting courses in the mathematics and computer science departments. Students considering future doctoral studies in economics are strongly encouraged to pursue a double major in economics (BS) and mathematics (BS) or to choose our combined economics/mathematics major.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Required Courses

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
Senior Seminar		
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	

Electives

Code	Title	Hours
Complete seven courses found in the following ranges, with no more than two at the 1000 level:		28
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Breadth Courses

Code	Title	Hours
Calculus		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 *	

DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum
MISM 2510	Fundamentals of Information Analytics

* Selecting this 5 SH option will add one additional semester hour to your degree program.

Economics Major GPA/Credit Requirement

Grades in the following 4 Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 64 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Computer Science and Economics, BS

The combined major in computer science and economics integrates fundamental economics courses with a strong programming foundation. Studying both the behavior of individuals and the collective behavior of industries and governments, students will utilize computing skills to address complex issues within the field.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	First Year Seminar	1
or ECON 1000	Economics at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
CS 2800	Logic and Computation	4
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
Choose one of the following:		4
IS 4200	Information Retrieval	
or IS 4300	Human Computer Interaction	
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 8 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4

ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete four ECON elective courses from the following ranges with no more than two at the ECON 1200-1999 range:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Economics Capstone		
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	

Integrative Course Requirement

Code	Title	Hours
The following courses are used in other areas of the major:		
ECON 2560	Applied Econometrics	4
IS 2000	Principles of Information Science	4

Supporting Courses

Code	Title	Hours
Mathematics		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computing and Social Issues		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one course from the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	

ENGW 3308	Advanced Writing in the Social Sciences
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines

Required General Electives

Code	Title	Hours
Complete 24 semester hours of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Economics GPA Requirement

Grades in the following required Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Understanding Societies and Institutions
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Computer Science and Economics Major Credit Requirement

Minimum of 100 semester hours is required in the major

Program Requirement

133 total semester hours required

Cybersecurity and Economics, BS

The cybersecurity and economics combined degree applies a multidisciplinary approach integrating fundamental economics courses with a strong programming foundation. Students will study both the behavior of individuals and the collective behavior of industries and governments, utilizing computing skills to ensure the reliability and security of cyberspace.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Cybersecurity Major Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	First Year Seminar	1
or ECON 1000	Economics at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamentals Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 3650	Computer Systems	4
CS 4700	Network Fundamentals	4
or CS 4730	Distributed Systems	
Cybersecurity Required Courses		
CY 2550	Foundations of Cybersecurity	4
CY 3740	Systems Security	4
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4
or CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
CY 4740	Network Security	4
Cybersecurity Elective		
Complete one of the following:		4
COMM 2551	Free Speech in Cyberspace	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 3030	Global Criminology	
CRIM 4040	Crime Prevention	
CS 2800	Logic and Computation	
CS 4400	Programming Languages	
CS 4500	Software Development	
or CS 4530	Fundamentals of Software Engineering	
CS 4710	Mobile and Wireless Systems	

CY 4770	Cryptography
CY 5200	Security Risk Management and Assessment
CY 5210	Information System Forensics
CY 5770	Software Vulnerabilities and Security
DS 4300	Large-Scale Information Storage and Retrieval
DS 4400	Machine Learning and Data Mining 1
EECE 2322 and EECE 2323	Fundamentals of Digital Design and Computer Organization and Lab for EECE 2322
EECE 3324	Computer Architecture and Organization
EECE 4534 and EECE 4535	Microprocessor-Based Design and Lab for EECE 4534
IS 4300	Human Computer Interaction
LPSC 1101	Introduction to Law
LPSC 2301	Introduction to Law, Policy, and Society
LPSC 3303	Topics in Law and Public Policy
MATH 3527	Number Theory 1
MATH 4575	Introduction to Cryptography
PHIL 1145	Technology and Human Values
POLS 2390	Science, Technology, and Public Policy
POLS 3307	Public Policy and Administration
POLS 3324	Law and Society
POLS 3406	International Law
POLS 3420	U.S. National Security Policy
POLS 3423	Terrorism and Counterterrorism

Supporting Course

Code	Title	Hours
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Economics Requirements

Code	Title	Hours
Required Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
Electives		
Complete four ECON electives that are found in the following range with, at most, two at the 1000 level:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Integrative Requirement

Code	Title	Hours
Capstone		
Complete one of the following:		4
CY 4930	Cybersecurity Capstone	

ECON 4692	Senior Economics Seminar	
or ECON 4997	Senior Economics Thesis	
Integrative Requirement		
ECON 2560	Applied Econometrics	4

Writing Requirement

Code	Title	Hours
College Writing		
Complete one of the following:		4
ENGW 1102	First-Year Writing for Multilingual Writers	
ENGW 1111	First-Year Writing	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3311	Advanced Writing for Prelaw	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 24 credits of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Economics GPA Requirement

Grades in the following four Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Understanding Societies and Institutions
- Analyzing and Using Data
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required.

Data Science and Economics, BS

The combined major in data science and economics integrates fundamental economics courses with a strong programming foundation. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Utilizing these skill sets allows students to address complex issues in the behavior of individuals and the collective behavior of industries and governments.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Data Science Requirements

Code	Title	Hours
Computer Science Overview		
CS 1200	First Year Seminar	1
or ECON 1000	Economics at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Programming Sequence Pathways		
Complete one of the following options:		12
Computer Science Option		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
Data Science Option		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
Computer Science Required Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 4 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		

DS 2500 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
Economics Electives		
Complete five ECON elective courses that are found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range:		20
ECON 1200–ECON 1999		
ECON 2990–ECON 4689		
ECON 4900–ECON 4996		
ECON 5200–ECON 5999		
Economics Capstone		
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	

Integrative Course Requirement

Code	Title	Hours
ECON 2560	Applied Econometrics	4

Supporting Course Requirements

Code	Title	Hours
Mathematics		
MATH 1241 or higher is recommended.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computing and Social Issues		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4

or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 24 semester hours of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Economics GPA Requirement

Grades in the following four courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

130 total semester hours required

Plan of Study

Economics and Business Administration, BS

Economics and business administration is a popular combined major that integrates economic theories and models with their business applications. Students complete the core courses for economics and business, including at least one business concentration. Students have the opportunity to choose from a variety of electives from either discipline.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or BUSN 1102	Personal Skill Development for Business	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
or MGSC 2301	Business Statistics	
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete five courses from the following ranges, with no more than one at the introductory (1000) level:		20
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4692 or ECON 4997 (Capstone may be taken as an elective.)		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
ACCT 2301	Managerial Accounting	4
Finance

Economics and Human Services, BS

This combined degree in economics and human services provides students with the opportunity to obtain the skills and knowledge related to each of these areas of study and an in-depth understanding of how these fields inform and impact each other. The study of economics provides students with an understanding of how individuals, firms, governments, and other organizations behave and interact with each other at both a macro and micro level. The study and practice of human services organizations focus on the impact of economic conditions on individuals, families, and communities. Human services organizations and policies use economic theory to inform responses to societal and economic challenges. Students will pair this knowledge with an understanding of how economics uses data and economic reasoning to help decision makers, businesses, and governments develop better public policy. This degree provides students with both the theoretical and practical curricula utilizing interdisciplinary thinking about inequality and nonprofit/government responses.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Economics and International Business, BS

The combined economics and international business degree gives students the opportunity to learn about economic theory and applications and how an economics perspective guides strategy and conduct of international business operations. Economics provides theoretical underpinnings for international business in areas such as export and import activity, foreign investment decisions, choosing overseas locations for manufacturing and conducting R&D, deciding on technology transfer, the setting and movement of foreign exchange rates, the role of trade balances in influencing the macroeconomy, and government regulations affecting global antitrust issues and the freedom of action of multinational corporations. The combined major gives interested students a chance to learn how economic principles can be utilized by managers in directing international business activities.

Program Requirements

Economics Requirements

Code	Title	Hours
Introduction to College		
Complete one of the following:		1
ECON 1000	Economics at Northeastern	1
or BUSN 1102	Personal Skill Development for Business	
Required Economics Courses		
A grade of C or higher is required for ECON courses.		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
Economics Elective		
Complete four ECON electives with, at most, one course within the 1000 level.		16

Business Requirements

Code	Title	Hours
Accounting		
ACCT 1201	Financial Accounting and Reporting	4
Finance		
FINA 2201	Financial Management	4
Marketing		
MKTG 2201	Introduction to Marketing	4
Organizational Behavior		
ORGB 3201	Organizational Behavior	4
Business Core Option		
Complete one of the following:		4
ACCT 2301	Managerial Accounting	
INNO 2301	Innovation!	
MISM 2301	Introduction to Information Systems and Digital Technologies	
SCHM 2301	Supply Chain and Operations Management	

Required Business Concentration

- Global Business and Strategy (p. 663)

Integrative Course Requirements

Code	Title	Hours
Complete one of the following (may not overlap with courses used for ECON elective section):		4
ECON 3290	History of the Global Economy	
ECON 3635	International Economics

Code	Title	Hours
Co-op Preparation		
BUSN 1103	Professional Development for Business Co-op	1

or EESH 2000	Professional Development for Co-op	
Statistics Requirement		
MGSC 2301	Business Statistics	4
or ECON 2350	Statistics for Economists	
Calculus		
Complete one of the following:		4
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1245	Calculus with Applications	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1340	Intensive Calculus for Engineers	
MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

International Experiential Learning

Code	Title	Hours
Complete one of the following:		
One semester of study-abroad experience		
One co-op abroad experience		
Two Dialogue of Civilizations (summer programs)		
Two summer traditional study-abroad experiences		
Two approved short-term programs abroad		

Second Business Concentration (Optional)

A second business concentration is optional and may be chosen from the following list:

- Accounting (p. 654)
- Accounting and Advisory Services (p. 655)
- Brand Management (p. 656)
- Business Analytics (p. 657)
- Corporate Innovation (p. 658)
- Entrepreneurial Startups (p. 659)
- Family Business (p. 660)
- Finance (p. 661)
- Fintech (p. 662)
- Healthcare Management and Consulting (p. 664)
- Management (p. 666)
- Management Information Systems (p. 667)
- Marketing (p. 668)
- Marketing Analytics (p. 669)
- Social Innovation and Entrepreneurship (p. 670)
- Supply Chain Management (p. 671)

Business Cooperative Education

Complete one cooperative education experience.

Business GPA Requirement

Minimum 2.000 GPA required in business courses

Economics GPA Requirement

Grades in the following four ECON courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Program Requirement

128 total semester hours required

Plan of Study

The plan below is a sample. Students should consult with their academic advisor to confirm individual academic plans.

This program requires one of the following abroad options:

Semester-long study-abroad experience; cooperative education abroad experience; two Dialogue of Civilizations (summer programs); two summer traditional study-abroad experiences.

Sample Plan of Study

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Economics and Journalism, BS

The combined major in economics and journalism integrates the analytical and critical thinking skills from economics with the versatile and dynamic world of journalism. Combined with studying the principles, practices, and responsibilities of journalism, students have an opportunity to develop analytical skills that are useful to understand today's current economic events and debates. The skill sets students acquire allow them to better communicate information in areas such as public policy, business, law, and the media. The combined major highlights the important role journalism plays in shaping how economic issues are conveyed to the public.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Introduction

Code	Title	Hours
JRNL 1000	Journalism at Northeastern	1
or ECON 1000	Economics at Northeastern	

Co-op Course

Code	Title	Hours
EESH 2000	Professional Development for Co-op	1
or EEAM 2000	Professional Development for Co-op	

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete three electives from the following ranges with one of those courses, at most, at the 1000 level:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

Journalism Requirements

Code	Title	Hours
Introductory		
JRNL 1150	Understanding Today's News	4
Foundation Courses		
A grade of C or higher is required:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4
JRNL 3610	Digital Storytelling and Social Media	4

Law and Ethics		
Taking either course fulfills both the capstone requirement and the journalism law and ethics requirement:		
JRNL 3550	The First Amendment and the Media	4
or JRNL 4650	Ethics and Issues in Journalism	
Journalism Electives		
Complete three JRNL electives.		12

Supporting Courses

Code	Title	Hours
Calculus		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Integrative Courses

Code	Title	Hours
Complete one of the following (may not overlap with courses used for electives):		4
JRNL 3680	Advanced Reporting	
JRNL 3700	Data Storytelling	
Complete one of the following (may not overlap with courses used for electives):		4
ECON 1260	Contested Issues in the U.S. Economy	
ECON 3423	Environmental Economics	
ECON 3440	Public Finance	
ECON 3635	International Economics	
ECON 4640	Financial Economics	

Capstone

Fulfilled by the journalism law and ethics requirement.

Economics GPA/Credit Requirements

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Program Requirements

89 semester hours in the major

129 overall semester hours required

Plan of Study

Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
ECON 1115	4	CS 1100, ***and*** CS 1101, DS 2000 ***and*** DS 2001, or MISM 2510	4	Elective	4	Elective	4
ENGW 1111 or 1102	4	ECON 1116	4	Elective	4	Elective	4
JRNL 1000 or ECON 1000	1	JRNL 1101 and JRNL 1102	5				
JRNL 1150	4	Elective	4				
MATH 1231, 1241, 1245, 1251, 1340, or 1341	4

Total Hours: 131

Economics and Mathematics, BS

Given the mathematical and graphical models used extensively in economics, economics and mathematics are natural partners. Our combined major with mathematics is designed for students who want to further develop their mathematics skills to enhance their understanding and interest in economics. This combined major is strongly recommended for students with an interest in pursuing graduate studies in economics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or MATH 1000	Mathematics at Northeastern	
Required Economics		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete 4 economics electives found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Mathematics Requirements

Code	Title	Hours
Required Mathematics		
MATH 1365	Introduction to Mathematical Reasoning	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
Mathematics Electives		
Complete two courses in the following range:		8
MATH 3001 to MATH 4999		
The following courses are recommended:		
MATH 3150	Real Analysis	
MATH 4581	Statistics and Stochastic Processes	

Breadth Course

Code	Title	Hours
Computer Science		
Choose one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100 *	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

* Selecting this 5 SH option will add one additional semester hour to your degree program.

Integrative Requirements

Code	Title	Hours
Advanced Writing in the Disciplines		
ENGW 3308	Advanced Writing in the Social Sciences	4
Integrative Course		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
or ECON 4997	Senior Economics Thesis	
MATH 4025	Applied Mathematics Capstone	
MATH 5131	Introduction to Mathematical Methods and Modeling	

Combined Major GPA/Credit Requirement

Code	Title	Hours
Grades in the following 4 courses must average to a minimum of C (2.000):		
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2560	Applied Econometrics	
MATH 3081	Probability and Statistics	

A cumulative GPA of 2.000 is required in all math courses.
A grade of C or higher is required in all math courses numbered MATH 2999 or below; grades below C will not count toward the degree.

Economics and Mathematics Major Credit Requirement

Complete 76 semester hours in the major.

Program Requirement

128 total semester hours required.

Plan of Study

Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
CS 1100, DS 2000 ***and*** DS 2001, or MISM 2510	4	ECON 1116	4	MATH 2321	4	Elective	4

Total Hours: 129

Economics and Philosophy, BS

Both philosophy and economics are the disciplines of critical thinking—thinking in concrete and abstract terms to help put the world in perspective. The combined economics and philosophy major provides students with training to critically evaluate and assess policies and issues on both economic and ethical grounds, including issues such as globalization, immigration, environmental protections, the minimum wage, a fair and just tax, just working environments, and many more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Overview and Supporting Courses

Code	Title	Hours
Introduction to College		
Complete one of the following:		
ECON 1000	Economics at Northeastern	1
or PHIL 1000	Philosophy at Northeastern	
Supporting Courses		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete two ECON elective courses from the following ranges with no more than one in the ECON 1200-1999 range. Additionally, ECON 3520 may not be used as an ECON elective:		8
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

Philosophy Requirements

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4

PHIL 2330	Modern Philosophy	4
Advanced Philosophy Elective		
Complete one PHIL course with a designation of 3000 or above not used to satisfy another requirement.		4
Critical Philosophy Elective		
Take one of the following courses not used to fulfill another requirement:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	
Additional Electives		
Complete two additional electives in philosophy or religion. At least one must be numbered 2000 or above.		8

Integrative Requirements

Code	Title	Hours
Complete the capstone and one of the other courses listed below that has not been used in the above requirements.		
Capstone		
PHIL 4550	Philosophy of Economics	4
Choose one additional integrative course:		4
PHIL 3435	Moral Philosophy	
or PHIL 4500	Theory of Knowledge	
or PHIL 4510	Philosophy of Science	
or PHIL 5001	Global Justice	
or PHIL 5002	Ethics and Public Policy	

Major GPA/Credit Requirement

Complete 76 semester hours in the major.

Grades in the following four Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Economics and Psychology, BS

This combined major educates students in economics and psychology and the interface between the two disciplines. Economics courses provide a foundation in macroeconomics, microeconomics, and applied econometrics. The scope and sequence of psychology courses provide students with a foundation in the interdisciplinary science of psychology, including such topics as cognition, decision making, learning, and motivation. Students completing this program of study should be able to understand how the two fields jointly contribute to explaining the complexity of human behavior in an economic context.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Economics Requirements

Code	Title	Hours
Required Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	
Economics Electives		
Complete four ECON courses from the following ranges with no more than two at the ECON 1200–1999 range. The course used to satisfy the integrative course requirement may not be used as an economics elective:		16
ECON 1200–ECON 1999		
ECON 2990–ECON 4689		
ECON 4900–ECON 4996		
ECON 5200–ECON 5999		

Psychology Requirements

Code	Title	Hours
Required Courses		
PSYC 1101	Foundations of Psychology	4
PSYC 3402	Social Psychology	4
PSYC 3450	Learning and Motivation	4
PSYC 3466	Cognition	4
Statistics		
Complete the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission):		4-5
PSYC 2320	Statistics in Psychological Research	
Required Lab		
Complete one of the following:		4
PSYC 4600	Laboratory in Research Design	
PSYC 4606	Laboratory in Biological Psychology	
PSYC 4610	Laboratory in Psycholinguistics	
PSYC 4612	Laboratory in Cognition	
PSYC 4614	Laboratory in Social Psychology	
PSYC 4616	Laboratory in Personality	

PSYC 4622	Laboratory in Sensation and Perception	
PSYC 4624	Laboratory in Affective Science	
PSYC 4626	Laboratory in Life-Span Emotional Development	
PSYC 4628	Laboratory in Developmental Psychology	
Required Seminar		
Complete one of the following:		4
PSYC 4656	Seminar in Biological Psychology	
PSYC 4658	Seminar in Psycholinguistics	
PSYC 4660	Seminar in Cognition	
PSYC 4662	Seminar in Personality	
PSYC 4664	Seminar in Social Psychology	
PSYC 4666	Seminar in Clinical Psychology	
PSYC 4668	Seminar in Sensation and Perception	
PSYC 4674	Seminar in Cognitive Neuroscience	
PSYC 4676	Seminar in Developmental Psychology	
Psychology Electives		
Complete three PSYC courses not used to fulfill requirements above.		12

Other Requirements Outside Major

Code	Title	Hours
PSYC 1000	Psychology at Northeastern	1
or ECON 1000	Economics at Northeastern	
EESC 2000	Professional Development for Co-op	1
or EESH 2000	Professional Development for Co-op	
ENGW 1111	First-Year Writing	4
COOP 3945	Co-op Work Experience	0
Calculus		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Integrative Course

Environmental and Sustainability Sciences and Economics, BS

Through this combined major, students develop an awareness of the intrinsic connection between the environment and economics and understand how long-run economic growth is crucially dependent on policies that account for the sustainability and well-being of the environment and that are grounded on environmental science.

There are a number of interdisciplinary opportunities involving environmental and sustainability sciences. Due to curricular overlap, combinations of any environmental and sustainability sciences major, including combined majors, cannot occur with majors or minors in ecology and evolutionary biology or environmental studies or with the minor in geoscience.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Environmental and Sustainability Sciences Requirements

Code	Title	Hours
Core Courses		
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	5
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	4-5
or ENVR 2200	Earth's Changing Cycles	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	5
ENVR 2515	Sustainable Development	4
Complete one of the following skills courses:		4-5
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	
ENVR 5260	Geographical Information Systems	
Complete four courses from these lists:		16
Earth Oceans and Environmental Change		
ENVR 2310 and ENVR 2311	Earth Materials and Lab for ENVR 2310	
ENVR 3125	Global Oceanic Change	
ENVR 3600	Oceanography	
ENVR 4500 and ENVR 4501	Applied Hydrogeology and Lab for ENVR 4500	
ENVR 5600	Coastal Processes, Adaptation, and Resilience	
ENVR 5670	Global Biogeochemistry	
Conservation, Restoration, and Management		
EEMB 2400	Introduction to Evolution	
EEMB 3460	Conservation Biology	
EEMB 3465	Ecological and Conservation Genomics	
EEMB 4001	Landscape and Restoration Ecology	
ENVR 4505	Wetlands	
ENVR 5700	Streams and Watershed Ecology	
Sustainable Planning and Development		
ENVR 3150	Food Security and Sustainability	
ENVR 3200	Water Resources	

ENVR 5150	Climate and Atmospheric Change
ENVR 5210	Environmental Planning
ENVR 5800	Climate Adaptation and Nature-Based Solutions
Environment and Society	
ENVR 5450	Applied Social-Ecological Systems Modeling
ENVR 5750	Urban Ecology
POLS 2395	Environmental Politics and Policy
PPUA 5260	Ecological Economics
PPUA 5268	International Environmental Policy
SOCL 2485	Environment, Technology, and Society

Economics Requirements

Code	Title	Hours
Core Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3423	Environmental Economics	4
Supporting Courses		
Calculus		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Electives		
Complete two courses in the following ranges, with only one at the 1000 level:		8
ECON 1200–ECON 1999		
ECON 2990 –ECON 4689		
ECON 4900–ECON 4996		
ECON 5200–ECON 5999		

Integrative Requirements

Code	Title	Hours
Introduction to College		
ENVR 1000	Marine and Environmental Sciences at Northeastern	1
or ECON 1000	Economics at Northeastern	
or INSC 1000	Science at Northeastern	
Environmental and Sustainability Sciences Integrative Course		
Complete one of the following (courses used as electives may not overlap with courses used as integrative):		4
ENVR 3150	Food Security and Sustainability	
ENVR 5350	Sustainable Energy and Climate Solutions	

ENVR 5450	Applied Social-Ecological Systems Modeling	
ENVR 5563	Advanced Spatial Analysis	
Economics Integrative Course		
Complete one of the following (courses used as electives may not overlap with courses used as integrative):		4
ECON 1711	Economics of Sustainability	
ECON 3404	International Food Policy	
ECON 3425	Energy Economics	
Capstone		
Complete one of the following:		4
ENVR 4050	Solving Emerging Environmental Challenges through Capstone	
ENVR 4997	Senior Thesis	
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	

English Requirements (First-Year Writing and Advanced Writing in the Disciplines)

Code	Title	Hours
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
ENGW 3307	Advanced Writing in the Sciences	4
or ENGW 3308	Advanced Writing in the Social Sciences	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Major GPA/Credit Requirement

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4

83 semester hours required in the major

Program Requirement

History and Economics, BS

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Complete one history course from the 1000 level (except HIST 1200 and HIST 1201).		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
History Elective		
Complete two HIST courses at any level in any field.		8
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
Intermediate/Advanced History Courses		
Complete minimum of one history course numbered 2000 to 2999 (except HIST 2301 and HIST 2302).		4
Advanced History		
Complete minimum of one history course numbered 3000 to 4999 (except HIST 4701).		4
Supplemental Course for History—Research Methods		
Complete one of the following:		4
ECON 2350	Statistics for Economists	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	

PSYC 2320	Statistics in Psychological Research
SOCL 2320	Statistical Analysis in Sociology

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or HIST 1000	History at Northeastern	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete four economics elective courses that are found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement may not be used as economics electives:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Supplemental Courses		
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Calculus		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Capstone Requirements

Code	Title	Hours
Complete one of the following options:		4
ECON 4692	Senior Economics Seminar	
or ECON 4997	Senior Economics Thesis	
HIST 4701	Capstone Seminar	

Integrative Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	
HIST 2360	History of Capitalism in East Asia	

History and Economics Major GPA/Credit Requirement

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 98 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Political Science and Economics, BS

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete four courses from the following range, or complete a concentration as outlined below:		16
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p.).

- American Political Institutions (p. 2018)
- Campaigns and Elections (p. 2018)
- Comparative Politics (p. 2018)
- Identity, Culture, and Politics (p. 2019)
- International Relations and Diplomacy (p. 2019)
- Law and Legal Studies (p. 2019)
- Public Policy (p. 2019)
- Security Studies (p. 2020)

Economics Requirements for BS

Code	Title	Hours
Breadth Courses		
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Calculus		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete three Economics elective courses found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Supporting Courses

Code	Title	Hours
Complete one of the statistics and departmental elective combinations listed below:		8
Combination A		
Statistics		
POLS 2400	Quantitative Techniques	
Economics		
Complete one course from the following ranges. This course may not also be used as an Economics elective:		
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Combination B		
Statistics		
ECON 2350	Statistics for Economists	
Political Science		
Complete one course in the following range:		
POLS 2401 to POLS 5999		

Integrative Requirements

Code	Title	Hours
Senior Seminar/Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

Combined Major GPA/Credit Requirement:

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
or POLS 2400	Quantitative Techniques	
ECON 2560	Applied Econometrics	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required.

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections

Economics, Minor

The minor in economics introduces students to fundamental concepts in economics such as market demand and supply, how firms compete with each other, household choice and behavior under scarcity constraints, government fiscal and monetary policy, inflation, unemployment, and growth and instability. Economics elective courses explore further topics such as international trade, development economics, food supply chain policy, the environmental costs of growth, the economic aspects of natural resources, poverty, healthcare markets, labor market discrimination, trade unions, crime, and government regulation, among others. Students are also exposed to historical perspectives and to international and comparative perspectives on these topics.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any prerequisites, corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
or ECON 2316	Microeconomic Theory	

Elective Courses

Code	Title	Hours
Complete two upper-level economics electives within the following ranges:		8
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

GPA Requirement

Minimum of 2.000 GPA required in the minor

English

Theo Davis, PhD
Professor and Chair
th.davis@northeastern.edu

617.373.4540
617.373.2509 (fax)

In the Department of English, we explore how literary expression and rhetorical action shape and are shaped by the worlds in which they were created. Literature, language, and rhetoric offer powerful tools for understanding the ideas and beliefs that construct our lives, including present and historical formations of aesthetics, race, gender, sexuality, disability, class, colonialism, health, and the environment across a wide variety of media.

Whether you choose an English major, combine the English major with another area of study, or opt to pursue a minor, in the Department of English at Northeastern you join a community in which you can:

- Learn about the literatures and cultures of the United States, the United Kingdom, and the English-speaking world, past and present
- Investigate the rhetorics and literacies of local and global communities by using a variety of methods, including community-based, historical, and justice-based approaches
- Develop varieties of creative expression
- Engage meaningfully and generously with others through writing and discussion in our classrooms, workplaces, and communities
- Examine the power of language and rhetoric to effect action, shape knowledge and identity, and constitute communities
- Uncover how language operates through the lens of linguistics
- Explore English and the way that language shapes our communities and ourselves
- Discover how knowledge is produced through language and material forms, including digital forms
- Hone critical and analytic strategies and skills
- Balance theoretical perspectives with experiential practices
- Undertake independent research

In addition to the English major (p. 2024), we also offer several combined majors (https://cssh.northeastern.edu/english/program/combined-majors/); an English minor (p. 2102); a minor in writing (p. 2104); a minor in rhetoric (p. 400); and a minor in health, humanities, and society (p. 1231).

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 88).”

PlusOne Program (MA) in English

English majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master’s degree in English. Students interested in this option should consult with the undergraduate program director in English by the end of the sophomore year.

Programs

Bachelor of Arts (BA)

- English (p. 2024)
- Africana Studies and English (p. 1878)
- English and Communication Studies (p. 299)
- English and Criminal Justice (p. 1816)
- English and Cultural Anthropology (p. 2044)
- English and Graphic and Information Design (p. 222)
- English and Philosophy (p. 2052)
- English and Political Science (p. 2056)
- English and Theatre (p. 544)
- History and English (p. 2069)
- Journalism and English (p. 410)
- Linguistics and English (p. 1707)
- Media and Screen Studies and English (p. 327)

Bachelor of Science (BS)

- Architecture and English (p. 145)
- Biology and English (p. 1391)
- Computer Science and English (p. 790)

Minor

- English (p. 2102)
- Rhetoric (p. 400)
- Writing (p. 2104)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p.)

English, BA

Students in the English major study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. They analyze writing practices and related media from the Middle Ages through the present, from the quill pen to code. They practice a variety of theoretical and methodological approaches to the study of language, rhetoric, writing, and literature.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Major Requirements

Code	Title	Hours
Foundation Courses		
ENGL 1000	English at Northeastern	1
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing

ENGL 3404	African American Rhetorical Traditions	
or AFAM 3404	African American Rhetorical Traditions	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3310	Advanced Writing in Literature	
ENGW 3311	Advanced Writing for Prelaw	
Writing		
Complete two of the following:		8

ENGL 2695	Travel and Place-Based Writing	
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2730	Digital Writing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2780	Visual Writing	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3384	The Writer's Marketplace	
Capstone		
ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	
Diversity		
Complete one of the following courses, which can also count toward another requirement in the major:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
or AFAM 2296	Early African-American Literature	
ENGL 2455	American Women Writers	
or AFAM 2455	American Women Writers	
or WMNS 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3404	African American Rhetorical Traditions	
or AFAM 3404	African American Rhetorical Traditions	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or WMNS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
or JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3900	Gender and Black World Literatures	
or AFRS 3900	Gender and Black World Literatures	
or WMNS 3900	Gender and Black World Literatures	
Electives		
Complete any two ENGL courses, except for First-Year Writing and Advanced Writing in the Disciplines, that has not already been used to fulfill another requirement. The following courses may also be used as electives:		8
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	

Experiential Learning Requirement

Complete one course in experiential learning from the list below or any Dialogues of Civilization experience. (Other study-abroad programs may not be used.) This course can also count toward another requirement in the major.

Code	Title	Hours
Experiential Learning Course Work		
ENGL 2690	Boston in Literature	
or AFAM 2690	Boston in Literature	
ENGL 2740	Writing and Community Engagement	
ENGL 3340	Technologies of Text	
ENGL 3375	Writing Boston	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3400	Opening the Archive	
Dialogues of Civilization		
Complete one Dialogues of Civilization experience, including but not limited to those offered by the department. (Other study-abroad programs may not be used.)		
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2610	Contemporary Israeli Literature and Art Abroad	
ENGL 2620	What Is Nature?	
ENGL 3487	Film and Text (Abroad)	

English Major Credit Requirement

Complete 64 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Africana Studies and English, BA

Overview

The combined major in Africana studies and English offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of English studies. Within the combined major, students may also choose to focus their studies on a range of topics related to literature, writing, narrative, and cultural production in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English and Communication Studies, BA

The English department and the communication studies department offer an interdisciplinary combined major in English and communication studies. Broadly speaking, students in the combined major in English and communication studies at Northeastern integrate the study of literature and writing with studies of media, social, corporate, and political communications.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours

English and Criminal Justice, BA

The Department of English and School of Criminology and Criminal Justice offer a combined major in English and criminal justice. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. English courses prepare students to analyze and interpret various representations of crime, criminality, the law, justice, and ethics in both literary and nonliterary texts as they study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4

English Electives		
Complete any two ENGL courses that have not already been used to fulfill another requirement.		8

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
CRIM 3540	Addiction and Recovery	
Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000, or 5000 level.		8

Other Requirements

Code	Title	Hours
Introduction to College		
Complete one of the following:		1
CRIM 1000	Criminal Justice at Northeastern	1
ENGL 1000	English at Northeastern	1

English and Cultural Anthropology, BA

The Department of English and the Department of Sociology and Anthropology offer an interdisciplinary combined major in English and cultural anthropology. Broadly speaking, students in the combined major in English and cultural anthropology at Northeastern integrate the study of literature, language, and writing with the study of human culture and its intersections with structures of inequality (e.g., race, class, and gender) and contemporary global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English and Philosophy, BA

The Department of English and the Department of Philosophy and Religion offer an interdisciplinary combined major in English and philosophy. Students in the combined major in English and philosophy integrate the study of literature and writing with the study of ethical and philosophical issues and problems.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4

English and Theatre, BA

The Department of English and Department of Theatre offer an interdisciplinary combined major that integrates performance, design, production, and dramatic literature with literary studies, digital humanities, and creative writing. This combined major offers both classroom and experiential learning in making theatre, playwriting, and dramaturgy with the study of the diverse historical, cultural, and aesthetic contexts of literature. Students develop the capacity for interpreting a variety of texts through performance and writing to engage audiences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4

Linguistics and English, BA

Overview

In the combined major in linguistics and English, students study the structures and analysis of human languages across multiple levels (sounds, words, phrases and sentences, meaning) and apply this knowledge to understanding how the English language works, its rhetorical forms, how it has changed over time, and its cultural context. Students hone their writing skills, develop substantial language-analysis skills, and apply them particularly to English.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Linguistics Requirements

Code	Title	Hours
Linguistics Requirements		
LING 1150	Introduction to Language and Linguistics	4
LING 2350	Linguistic Analysis	4
LING 3412	Language and Culture	4
LING 3442	Sociolinguistics	4
Linguistic Structure		
Complete three of the following:		12
LING 3420	Phonetics	
LING 3422	Phonology	
LING 3424	Morphology	
LING 3450	Syntax	
LING 3452	Semantics	
Linguistics Electives		
Complete two of the following that have not already been taken to fulfill other major requirements:		8
LING 3000 to LING 4999 [1]		
DEAF 2700	ASL Linguistics	

[1] Please visit the Linguistics Courses page (https://catalog.northeastern.edu/undergraduate/science/linguistics/#coursestext) within this catalog to review the list of courses in the LING 3000–LING 4999 range.

English Requirements

Code	Title	Hours
English Course-Level Requirement		
At least two of the courses chosen from the English requirements lists below must be numbered 3000–4999.		
Foundational Courses		
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing	
ENGL 1400	Introduction to Literary Studies	4
Diversity		

Complete one of the following:		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2455	American Women Writers

Media and Screen Studies and English, BA

The media and screen studies program and the Department of English offer a combined major in media and screen studies and English. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures. Majors become familiar with writing practices and media from the Middle Ages through the present, from the quill pen to computer code.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Architecture and English, BS

The School of Architecture and Department of English offer an interdisciplinary combined major in architecture and English. Students interested in the combined major integrate the study of literature and writing with the rigorous design methods of architecture. This program offers a flexible curriculum focused on key contemporary topics related to the built environment.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath attributes Natural and Designed World (ND), Creative Expression and Innovation (EI), Interpreting Culture (IC), Societies and Institutions (SI), and Differences and Diversity (DD) are met through the major course requirements.

In order to graduate, students must complete Formal and Quantitative Reasoning (FQ), Analyzing and Using Data (AD), and Ethical Reasoning (ER) in their electives.

Architecture Requirements

Code	Title	Hours
Required Courses		
ARCH 1110	Fundamental Architectural Representation	4
ARCH 1120	Fundamental Architectural Design	6
ARCH 1310	Buildings and Cities, A Global History	4
ARCH 1450	Understanding Design	4
ARCH 2130	Site, Space, Program	6
ARCH 2240	Architectonic Systems	4
Architecure History Electives		**8**
Complete any two courses in the range of ARCH 2300–ARCH 2399.		
Electives		
Complete two of the following:		8
ARCH 3370	Advanced Topics in Architectural History	
ARCH 3450	Advanced Architectural Communication	
ARCH 5310	Design Tactics and Operations

Biology and English, BS

In the combined biology and English degree , science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In English courses, students study the diverse historical, cultural, and aesthetic contexts of English, American, and other Anglophone literatures; analyze writing practices and related media; and practice a variety of approaches to the study of language, rhetoric, writing, and literature. The fields of biology and English are bridged with course work in different forms of science writing , as well as psychology and sociology courses exploring the acquisition of language and reading; the sociology of health and illness; and the environment, technology, and society.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Biology Requirements

Code	Title	Hours
Introduction to College		
BIOL 1000	Biology at Northeastern	1
or ENGL 1000	English at Northeastern	
or INSC 1000	Science at Northeastern	
Experiential Learning Introduction		
EESC 2000	Professional Development for Co-op	1
Required Biology		
Foundations		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
Inquiries		
BIOL 2299	Inquiries in Biological Sciences	4
Genetics		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
Project Lab		
BIOL 2309	Biology Project Lab	4
Biochemistry		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5

Biology Elective

Code	Title	Hours
Intermediate/Advanced Biology		
Complete one of the following:		4-5
BIOL 2327 to BIOL 3999		
BIOL 4705 to BIOL 5999		
Organismal and Evolutionary Biology		
Complete one of the following:		4-5
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3413	Current Topics in Organismal and Population Biology	

EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302
EEMB 2400	Introduction to Evolution
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700
EEMB 3460	Conservation Biology
EEMB 3466	Disease Ecology
EEMB 3600	Animal Behavior

MATH 1341	Calculus 1 for Science and Engineering	4
Statistics		
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	5
Chemistry		
General Chemistry		
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for Science Majors and Lab for CHEM 1161 and Recitation for CHEM 1161	5
Organic Chemistry		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Physics		
Physics 1		
Complete one of the following lecture/lab pairs. PHYS 1145/PHYS 1146 is recommended:		5
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	
PHYS 1161 and PHYS 1162	Physics 1 and Lab for PHYS 1161	
Physics 2		
Complete one of the following lecture/lab pairs. PHYS 1147/PHYS 1148 is recommended:		5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	
PHYS 1165 and PHYS 1166	Physics 2 and Lab for PHYS 1165	

English Requirements

Code	Title	Hours
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing	
ENGL 1700	Global Literatures 1	4
or ENGL 1701	Global Literatures 2	

English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
Diversity		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
Literary Periods		
Pre-19th Century Literature		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
19th/20th/21st Century Literature		
Complete one of the following courses:		4
19th Century		
ENGL 2330	The American Renaissance	
ENGL 3140	19th-Century Literatures	
ENGL 3190	Topics in 19th-Century American Literature	
ENGL 3619	Emerson and Thoreau	
ENGL 3720	19th-Century Major Figure	
20th/21st Century		
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 3161	20th- and 21st-Century Literatures	
ENGL 3685	Modern and Contemporary Jewish Literature	
or JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
Theories and Methods		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3400	Opening the Archive	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	

LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
Comparative Course		
Complete one of the following courses:		4
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1500	British Literature to 1800	
ENGL 1502	American Literature to 1865	
ENGL 2150	Literature and Digital Diversity	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature?	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
Writing		
Complete one of the following:		4
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2730	Digital Writing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 2850	Writing for Social Media: Theory and Practice	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3384	The Writer's Marketplace	
English Electives		
Complete any two ENGL courses that have not already been used to fulfill another requirement.		8

Integrative Courses

Code	Title	Hours
Integrative English Course		
Complete one of the following:		4
ENGL 2620	What Is Nature?	
ENGL 2650	Science Writing: Origins, Ethics, and Emerging Genres	
ENGL 2770	Writing to Heal	
ENGL 3340	Technologies of Text	
Integrative General Biological Sciences Course		
Complete the following:		4
PSYC 3464	Psychology of Language	

Capstone Requirement

Complete one of the following capstone options:

Code	Title	Hours
Biology Capstone		
Complete one of the options to fulfill the capstone requirement in biology:		1-4
BIOL 4701	Biology Capstone	
BIOL 4900	Biology Research Capstone (concurrent with BIOL 4991 or BIOL 4994, which may be used toward Intermediate/Advanced Biology)	
BIOL 4971	Junior/Senior Honors Project 2	
English Capstone		
ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

Biology and English Combined Major GPA Requirement

Minimum 2.000 GPA required in all BIOL courses
Minimum 2.000 GPA required in all ENGL courses

Computer Science and English, BS

The computer science and English combined major focuses on the increasingly interdisciplinary processes of creating, interpreting, and analyzing texts and programs. Students will combine communication and critical judgment, gaining the creativity and adaptability necessary to utilize technology in literary studies, and apply humanities skills to solve programming problems.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	First Year Seminar	1
or ENGL 1000	English at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
Computing Focus		
Students are required to complete one of the following foci (two courses total):		8
Focus 1: Natural Language Processing		
CS 3800	Theory of Computation	
CS 4120	Natural Language Processing	
Focus 2: Programming Languages		
CS 3800	Theory of Computation	
CS 4400	Programming Languages	
Focus 3: Analytics		
DS 3000	Foundations of Data Science	
DS 4200	Information Presentation and Visualization	
Computer Science/Information Science Elective Course		
Choose one:		4
CS 4500	Software Development	
or CS 4530	Fundamentals of Software Engineering	
IS 2000	Principles of Information Science	
Khoury Elective Courses		
With adviser approval, a directed study, project study, or appropriate graduate-level course may also be taken as an upper-division elective.		

Complete 4 semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	4
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2500 or higher, except DS 4900	
IS 2000 or higher, except IS 4900

ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3384	The Writer's Marketplace	
English Electives		
Complete any two ENGL courses that have not already been used to fulfill another requirement.		8

Capstone

Code	Title	Hours
Complete one of the following courses:		
ENGL 4710	Capstone Seminar	4
or ENGL 4720	Capstone Project	

Integrative Course Requirement

This course will not be allowed to double-count in the Theories and Methods section above.

Code	Title	Hours
ENGL 3340	Technologies of Text	4
or HIST 1357	History of Information in the United States: Media, Technology, Law	

Supporting Course

Code	Title	Hours
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one course from the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3310	Advanced Writing in Literature	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 28 semester hours of general electives.		28

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Exploring Creative Expression and Innovation
- Writing in the First Year
- Advanced Writing in the Disciplines

- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

English, Minor

The English minor offers students the opportunity to complement their major area with focused course work in any of the broad areas of English studies, such as writing practices, language, rhetoric, and literature.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Three of the four total courses must be taken at Northeastern.

Note: Courses taken to fulfill the first-year writing requirement and the Advanced Writing in the Disciplines requirements do not count toward this minor. A total of 16 semester hours is required for the English minor.

Requirements

Code	Title	Hours
Introductory Course		
Complete one course in the following range:		4
ENGL 1001 to ENGL 1999		
Electives		
Complete three ENGL courses, two of which must be in the range ENGL 2000 to ENGL 4999.		12

GPA Requirement

2.000 GPA required in the minor

Rhetoric, Minor

The rhetoric minor appeals to students interested in history, theory, and the criticism of civic discourse and cultural practices. The minor integrates courses from the Department of Communication Studies and the Department of English that explore the nature and function of rhetoric in politics, the professions, and the media. The rhetoric minor offers students an opportunity to be better citizens, members of the community, and leaders in the workplace by learning how to use language strategically, to speak with integrity, and to appreciate the power of their own voice.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where indicated.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

Foundational Course

Code	Title	Hours
Complete one of the following:		4
COMM 1210	Persuasion and Rhetoric	
ENGL 1160	Introduction to Rhetoric	

Electives

Code	Title	Hours
Note: For English majors, only one course from the major may also count toward this elective section of the minor.		
Complete four of the following:		16
COMM 1331	Legal Argumentation, Advocacy, and Citizenship	
COMM 3415	Communication Criticism	
COMM 3501	Free Speech: Law and Practice	
COMM 4602	Contemporary Rhetorical Theory	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3404	African American Rhetorical Traditions	

GPA Requirement

2.000 GPA required in the minor

Writing, Minor

Students in the writing minor integrate theory with writing practice. Courses on writing for social media, writing in global contexts, and writing in a variety of creative genres provide students with opportunities to explore writing in diverse contexts.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Three of the four total classes must be taken at Northeastern.

Writing Theories and Methods

Code	Title	Hours
Complete one of the following:		4
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3404	African American Rhetorical Traditions	

Writing Electives

Code	Title	Hours
Complete three of the following not used to fulfill another requirement:		12
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 2301	The Graphic Novel	
ENGL 2695	Travel and Place-Based Writing	
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2740	Writing and Community Engagement	
ENGL 2760	Writing in Global Contexts	
ENGL 2770	Writing to Heal	
ENGL 3325	Rhetoric of Law	
ENGL 3340	Technologies of Text	
ENGL 3375	Writing Boston	
ENGL 3376	Creative Nonfiction	
ENGL 3377	Poetry Workshop	
ENGL 3378	Fiction Workshop	
ENGL 3380	Writing Seminar	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3384	The Writer's Marketplace	

GPA Requirement

2.000 GPA required in the minor

History

Website (https://cssh.northeastern.edu/history/)

Timothy Brown, PhD
Professor and Chair

617.373.2660
617.373.2661 (fax)

History at Northeastern University emphasizes the study of local and regional histories as well as of the global exchanges between nations, regions, and cultures. Knowledge of the past is also about building the future. In a world marked by increasing exchange between peoples, cultures, and societies, history is key to understanding contemporary issues such as the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. At the same time, history teaches crucial skills in analytical thinking, research processes, writing, oral expression, and multimedia presentation.

History majors take three core seminars on historical research and choose from a broad range of courses in historical themes, periods, and regions. The program emphasizes undergraduate research in the major and trains students to conduct research in archives and primary sources and to write research papers. Honors study is strongly encouraged for eligible students, and students are encouraged to take advantage of numerous options for study abroad. Advanced undergraduates have the opportunity to participate in individual directed study with members of the faculty on topics of mutual interest.

Cooperative education placements, fieldwork, internships, and other experiential learning activities are also available. History majors have worked on co-op in law firms, an art auction house, the State Department, the Massachusetts State House, Newton Public Schools, and the Massachusetts State Archives, among many other institutions.

Undergraduates who plan to teach in public schools may combine history with education courses that can lead to state certification in Massachusetts. History students are also encouraged to take Dialogue of Civilizations courses that engage students in short-term study abroad during the summer.

The department offers a broad-based major in history, with both Bachelor of Science and Bachelor of Arts options, and participates in numerous interdisciplinary programs: Asian studies; cinema studies; environmental studies; international affairs; Jewish studies; Latino/a, Latin American, and Caribbean studies; and women's, gender, and sexuality studies.

The Department of History offers qualified undergraduates the opportunity to pursue a BA/MA or BS/MA degree in five years, with the approval of the department. Students with a minimum 3.330 cumulative grade-point average and minimum 3.500 GPA in required history courses may apply for admission to the PlusOne BA/MA or BS/MA program in history.

Academic Progression Standards

Same as university-wide standards described under "Academic Status (p. 88)."

PlusOne Program (MA) in History

History majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master's degree in history. Students interested in this option should consult with the graduate program director as soon as they think they might be interested in pursuing the master's degree.

Programs

Bachelor of Arts (BA)

- History (p. 2107)
- History and Asian Studies (p. 1745)
- History and Criminal Justice (p. 1821)
- History and Cultural Anthropology (p. 2120)
- History and Economics (p. 1954)
- History and English (p. 2069)
- History and Philosophy (p. 2130)
- History and Political Science (p. 2133)
- History and Religious Studies (p. 2138)
- Environmental Studies and History (p. 1487)
- International Affairs and History (p. 2142)
- Media and Screen Studies and History (p. 332)

Bachelor of Science (BS)

- History (p. 2152)
- Computer Science and History (p. 804)
- History and Economics (p. 2012)

Bachelor of Science in Mechanical Engineering (BSME)

- Mechanical Engineering and History (p. 1139)

Minor

- History (p. 2170)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p.)

History, BA

The Bachelor of Arts (BA) is a broadly based liberal arts degree in history. Students who pursue the BA degree must satisfy general requirements and take courses to satisfy Northeastern's university-wide core curriculum (NUpath (p. 111)), in addition to required and elective history courses. These requirements help students develop their historical knowledge and skills within the contexts of the arts, humanities, social sciences, and sciences that together comprise the disciplinary sources of historical knowledge. They enable historical understanding to be culturally and linguistically sensitive to the subjects of historical inquiry.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Major Requirements

Code	Title	Hours
Introductory History		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Complete two of the following:		8

Environmental Studies and History, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems through historical perspectives and backgrounds. Due to overlap in course content, students majoring in environmental studies or any environmental studies combined majors may not complete a minor in environmental and sustainability sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Environmental Studies Requirements

History and Asian Studies, BA

History and Asian studies offers an interdisciplinary combined major. Students interested in the combined major in history and Asian studies integrate the exploration of human history with the rigorous study of Asian cultures, societies, languages, and economies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Choose one course from the 1000 level except HIST 1215, which is required by Asian studies.		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Choose one course from the following:		4
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1285	Introduction to Russian Civilization	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
Advanced History		
Complete one history course 3000 level or above.		4

History Cluster

In conjunction with your history advisor, define a history cluster by the first semester of your junior year of study. A cluster comprises four history courses with no more than two courses in the 1200–1299 range. These courses may double-count in the requirements above (except History Colloquium).

Asian Studies Requirements

Code	Title	Hours
Required Courses		
ASNS 1150	East Asian Studies	4
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues	4
Asia in Global Context		
Complete one of the following:		4
ECON 3290	History of the Global Economy	

POLS 3487	Politics of Developing Nations
Complete a professional or academic experience abroad in consultation with your advisor.	

Language and Elective Requirements

Code	Title	Hours
Language Courses		
Complete the following courses in either Chinese or Japanese:		16
Chinese		
CHNS 1101	Elementary Chinese 1	
CHNS 1102	Elementary Chinese 2	
CHNS 2101	Intermediate Chinese 1	
or CHNS 2301	Intermediate Chinese Immersion 1	
CHNS 2102	Intermediate Chinese 2	
or CHNS 2302	Intermediate Chinese Immersion 2	
Japanese		
JPNS 1101	Elementary Japanese 1	
JPNS 1102	Elementary Japanese 2	
JPNS 2101	Intermediate Japanese 1	
JPNS 2102	Intermediate Japanese 2	
Asian Studies Electives		
Complete three courses from the following focus areas.		12
Society and Politics Focus Area		
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4515	Culture and Politics in Modern India	
ASNS 2245	Introduction to Asian American Studies	
INTB 2501	Competing to Win in Emerging Markets	
MKTG 4220	Marketing in Asia	
PHIL 1130	Comparative Ethics	
POLS 3487	Politics of Developing Nations	
Language, Literature, and Culture Focus Area

History and Criminal Justice, BA

This combined major educates students in history and criminal justice, emphasizing the complementarity between these two disciplines. Students successfully completing this program will be able to critically evaluate and draw connections between past and present practices in law, punishment, incarceration, justice, and the social institutions and cultural contexts in which these systems operate.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level Elective		
Complete one other course from HIST 1001 to HIST 1999 (excluding HIST 1100, HIST 1200, and HIST 1201).		4
Intermediate/Advanced Level Elective		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
Advanced Level Elective		
Complete one HIST course numbered 3000 or above.		4
History Elective		
Complete two courses in any field at any level.		8
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2311	Colonialism/Imperialism

HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses successful students will develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000 or 5000-level.		8

Other Requirements

Code	Title	Hours
A minimum of one history course must be taken between the methods and capstone requirements.		
Methods		
Complete one of the following:		4
CRIM 3600	Criminal Justice Research Methods	
HIST 2301	The History Seminar	
Capstone		
Complete one of the following:		4

CRIM 4949	Senior Capstone Seminar	
HIST 4701	Capstone Seminar

History and Cultural Anthropology, BA

History and cultural anthropology offer an interdisciplinary combined major. Students interested in the combined major in history and cultural anthropology integrate the exploration of human history with the rigorous study of human cultures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one course from the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
History Elective		
Complete two HIST courses at any level in any field.		8
Introductory Level Elective		
Complete one history course from the 1000 level.		4
Intermediate/Advanced History Elective		
Complete minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		4
Advanced History Elective		
Complete minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701).		4

Cultural Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
Area Courses		
Complete two courses from the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
Anthropology Electives		
Complete three courses in the following range. One study-abroad course may count toward this requirement.		12
ANTH 2001 to ANTH 4599		

Capstone Requirements

Code	Title	Hours
Complete one of the following:		4
ANTH 4600	Senior Seminar [1]	
HIST 4701	Capstone Seminar	

[1] Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Integrative Requirements

ANTH courses below will double count as area courses.

Code	Title	Hours
ANTH 4350	Ethnography of Southeast Asia	4
ANTH 4510	Anthropology of Africa	4
HIST 2360	History of Capitalism in East Asia	4

Cultural Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
History Electives		
Complete two HIST courses at any level in any field.		8
Introductory-Level Elective		
Complete one history course from the 1000 level (excluding HIST 1200 and HIST 1201).		4
Intermediate/Advanced History Electives		
Complete two HIST courses numbered 2000 or above (excluding HIST 2301 and HIST 2302).		8
Advanced History Elective		
Complete one HIST course numbered 3000 or above (excluding HIST 4701).		4

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or HIST 1000	History at Northeastern	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete two economics elective courses that are found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement and ECON 3520 may not be used as economics electives:		8
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Supplemental Courses		
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Calculus		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Capstone Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
or ECON 4997	Senior Economics Thesis	
HIST 4701	Capstone Seminar	

Integrative Requirement

Code	Title	Hours
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	

History and Economics Major GPA/Credit Requirements

Grades in the following four economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 90 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

History and Philosophy, BA

The Department of History and the Department of Philosophy and Religion offer an interdisciplinary combined major in history and philosophy. Students interested in the combined major integrate the study of philosophy and ethics with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804

History and Religious Studies, BA

The Department of History and the Department of Philosophy and Religion offer an interdisciplinary combined major in history and religious studies. Students interested in the combined major integrate the study and analysis of human history with the study of religious traditions, religious praxis, and religious ethics.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Total Hours: 131

International Affairs and History, BA

This combined major fosters a historically contingent awareness of global affairs and international policy issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations, state-society relations, the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. This combined major highlights the importance of understanding the intersection between global issues and local traditions and is designed to prepare students to be politically, culturally, historically, and linguistically sensitive to their interaction.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
International Affairs/History at Northeastern		
INTL 1000	International Affairs at Northeastern	1
or HIST 1000	History at Northeastern

Media and Screen Studies and History, BA

The Media and Screen Studies Program and the Department of History offer a combined major in media and screen studies and history. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of local and regional histories as well as of the global exchanges between nations, regions, and cultures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Interpreting Culture (IC) and Societies and Institutions (SI) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), Difference and Diversity (DD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies Requirements

History, BS

The Bachelor of Science degree emphasizes greater specialization in history, study of research methods, and the opportunity to add a minor in a field outside of history. Students who plan to go to graduate school in history should consider the possibility of taking language courses as electives, since most graduate programs continue to require second language competence.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

HIST 1285	Introduction to Russian Civilization	

HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
History Outside the United States and Europe		
Complete one of the following:		4
HIST 1150	East Asian Studies	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 1294	History of the Jews in the Modern World	
HIST 1500	Modern Chinese History and Culture	
HIST 2025	Latin American History through Film	
HIST 2211	The World Since 1945	
HIST 2311	Colonialism/Imperialism	
HIST 2351	Modern Japan	
HIST 2360	History of Capitalism in East Asia	
Capstone or Project		
HIST 4701	Capstone Seminar	4

Intermediate/Advanced History Course Requirement

Code	Title	Hours
Complete minimum of one HIST numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		4

Supporting Course

Code	Title	Hours
Research Methods		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications	
ECON 2350	Statistics for Economists	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
SOCL 2320	Statistical Analysis in Sociology	

History Major Credit Requirement

Complete 46 semester hours for the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Computer Science and History, BS

The computer science and history combined major offers students the opportunity to gain both historical knowledge and a broad range of related analytical skills in both the humanities and computer science. You'll define a history course cluster according to a thematic principle, with a focus on quantitative analysis in the field, complementing your foundation in programming.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
CS 1200	First Year Seminar	1
or HIST 1000	History at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
Khoury Elective Courses		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 16 semester hours of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		16
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

History Courses

Code	Title	Hours
History Required Courses		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		**4**
Complete one of the following:		

HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
History Outside the United States and Europe		**4**
Complete one of the following:		
HIST 1150	East Asian Studies	
HIST 1180	African History	
HIST 1187	Introduction to Latin American History	
HIST 1206	Drug Trade and Drug War: History, Security, Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1253	History of Vietnam Wars	
HIST 1294	History of the Jews in the Modern World	
HIST 1500	Modern Chinese History and Culture	
HIST 2025	Latin American History through Film	
HIST 2311	Colonialism/Imperialism	
HIST 2351	Modern Japan	
History Electives		
Complete two HIST courses at any level in any field.		8
Intermediate/Advanced History Course		**4**
Complete a minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		
Advanced History		**4**
Complete a minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701).		
History Capstone Seminar or Senior Project		
HIST 4701	Capstone Seminar	4

Integrative Course Requirement

Code	Title	Hours
HIST 2211	The World Since 1945	4

Supporting Courses

Code	Title	Hours
Research Methods		
Complete one of the following:		4
ECON 2350	Statistics for Economists	
ENVR 3300	Geographic Information Systems	
ENVR 5260	Geographical Information Systems	
POLS 2400	Quantitative Techniques	
PSYC 2320	Statistics in Psychological Research	
Computing and Social Issues		
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	

ENGL 2150	Literature and Digital Diversity
HIST 2220	History of Technology
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks
IS 1300	Knowledge in a Digital World
or PHIL 1300	Knowledge in a Digital World
PHIL 1145	Technology and Human Values
SOCL 1280	The Twenty-First-Century Workplace
SOCL 2485	Environment, Technology, and Society
SOCL 4528	Computers and Society

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
This requirement is satisfied by HIST 2302 taken in conjunction with HIST 2301.		

Required General Electives

Code	Title	Hours
Complete 32 semester hours of general electives.		32

Khoury College GPA Requirement

A minimum 2.000 GPA is required in all CS, CY, DS, and IS courses.

Computer Science and History GPA/Credit Requirements

Complete 98 semester hours in the major with a minimum 2.000 GPA.

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

135 total semester hours required

History and Economics, BS

The Department of History and the Department of Economics offer an interdisciplinary combined major in history and economics. Students interested in the combined major integrate the study of economic systems and theories with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
Introductory Level		
Complete one history course from the 1000 level (except HIST 1200 and HIST 1201).		4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
History Elective		
Complete two HIST courses at any level in any field.		8
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
Intermediate/Advanced History Courses		
Complete minimum of one history course numbered 2000 to 2999 (except HIST 2301 and HIST 2302).		4
Advanced History		
Complete minimum of one history course numbered 3000 to 4999 (except HIST 4701).		4
Supplemental Course for History—Research Methods		
Complete one of the following:		4
ECON 2350	Statistics for Economists	
ENVR 5260	Geographical Information Systems	
MATH 2280	Statistics and Software	
POLS 2400	Quantitative Techniques	

PSYC 2320	Statistics in Psychological Research
SOCL 2320	Statistical Analysis in Sociology

Economics Requirements

Code	Title	Hours
Introduction to College		
ECON 1000	Economics at Northeastern	1
or HIST 1000	History at Northeastern	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete four economics elective courses that are found in the following ranges, with no more than two in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy the integrative course requirement may not be used as economics electives:		16
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Supplemental Courses		
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Calculus		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Capstone Requirements

Code	Title	Hours
Complete one of the following options:		4
ECON 4692	Senior Economics Seminar	
or ECON 4997	Senior Economics Thesis	
HIST 4701	Capstone Seminar	

Integrative Requirements

Code	Title	Hours
Complete one of the following:		4
ECON 1292	Economic History of the Middle East	
ECON 3470	American Economic History	
HIST 2011	Capitalism and Business: A Global History	
HIST 2360	History of Capitalism in East Asia	

History and Economics Major GPA/Credit Requirement

Grades in the following four economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Complete 98 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Sample Plan of Study - Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

		ECON 4692, HIST 4701, or ECON 4997	4
		HIST elective 7	4

Elective	4
0	**16**

Total Hours: 131

Mechanical Engineering and History, BSME

The combined mechanical engineering and history major is designed to help students develop skills across different intellectual domains. A solid grounding in history helps students better understand the political, cultural, and economic context in which technologies are developed and deployed. Indeed, history offers a myriad of case studies that highlight both the transformative potential and the unintended consequences of new technologies and technological processes. By studying different phases of the past and different societies in the past, students will gain a broad perspective that gives them the range and flexibility required in many work situations. History also provides a terrain for moral contemplation. Greater sensitivity to historical context also helps students see beyond commonly accepted narratives valorizing individual entrepreneurs and appreciate the different ways in which innovation, disruption, official support, and even contingency give rise to new technologies. Finally, by writing effective papers and engaging in productive discussions at the heart of history courses, students also cultivate skills in critical analysis and persuasive communication that could be employed in any future careers.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirement Interpreting Culture (IC) is not explicitly satisfied by required courses. Students are responsible for satisfying this requirement with electives.

Engineering Requirements

Code	Title	Hours
Required Engineering		
ME 2340 and ME 2341	Introduction to Material Science and Lab for ME 2340	5
ME 2350	Statics	4
ME 2355 and ME 2356	Mechanics of Materials and Lab for ME 2355	5
ME 2380 and ME 2381	Thermodynamics and Recitation for ME 2380	4
ME 3455 and ME 3456	Dynamics and Lab for ME 3455	5
ME 3475	Fluid Mechanics	4
or ME 3480	International Applications of Fluid Mechanics	
ME 4505 and ME 4506	Measurement and Analysis with Thermal Science Application and Lab for ME 4505	5
Senior Capstone Design Project		
MEIE 4701	Capstone Design 1	1
MEIE 4702	Capstone Design 2	5
Technical Electives		
Complete two of the following:		8
ME 4508	Mechanical Engineering Computation and Design	
ME 4550	Mechanical Engineering Design	
ME 4555	System Analysis and Control	
ME 4570	Thermal Systems Analysis and Design	
Supplemental Credit		
2 semester hours from the following course count toward the engineering requirement:		2
GE 1501	Cornerstone of Engineering 1 [1]	
3 semester hours from the following course count toward the engineering requirement:		3
GE 1502	Cornerstone of Engineering 2 [1]	

History Requirements

Code	Title	Hours
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
HIST 2220	History of Technology	4
Research Methods		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Introductory History		
Complete one course from HIST 1001 to HIST 1999 (excluding HIST 1200 and HIST 1201).		4
History Elective		
Complete two HIST courses at any level in any field.		8
Pre-1800 History Elective		
Complete one of the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2000	Native American Resistance: Past and Present	
HIST 2311	Colonialism/Imperialism	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
Intermediate History		
Complete minimum of one HIST course numbered 2000 to 2999 (Excluding HIST 2301 and HIST 2302).		4
Advanced History		
Complete minimum one HIST course numbered 3000 to 4999 (Excluding HIST 4701).		4

Supporting Courses: Mathematics/Science

Complete all mathematics/science courses with a minimum of 30 semester hours.

Code	Title	Hours
Required Mathematics/Science		
CHEM 1151 and CHEM 1153	General Chemistry for Engineers and Recitation for CHEM 1151	4
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
PHYS 1151 and PHYS 1152 and PHYS 1153	Physics for Engineering 1 and Lab for PHYS 1151 and Interactive Learning Seminar for PHYS 1151	5
PHYS 1155 and PHYS 1156 and PHYS 1157	Physics for Engineering 2 and Lab for PHYS 1155 and Interactive Learning Seminar for PHYS 1155	5
Supplemental Credit		

1 semester hour from the following course counts toward the mathematics/science requirement:		1
GE 1501	Cornerstone of Engineering 1 [1]	

Professional Development

Code	Title	Hours
Professional Development		
GE 1000	First-Year Seminar	1
ENCP 2000	Introduction to Engineering Co-op Education	1
ENCP 3000	Professional Issues in Engineering	1
Additional Required Courses		
1 semester hour from the following course counts toward the professional development requirement:		1
GE 1501	Cornerstone of Engineering 1 [1]	
1 semester hour from the following course counts toward the professional development requirement:		1
GE 1502	Cornerstone of Engineering 2 [1]	

Writing Requirements

Code	Title	Hours
A grade of C or higher is required in each course:		
ENGW 1111	First-Year Writing	4
ENGW 3302	Advanced Writing in the Technical Professions	4
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Integrative Courses

Code	Title	Hours
This course is already required above and also fulfills the integrative requirement.		
HIST 2220	History of Technology	

Required General Elective

Code	Title	Hours
Complete 4 semester hours of academic, nonremedial, nonrepetitive courses.		4

Major GPA Requirement

Minimum 2.000 GPA required in ME courses

Minimum 2.000 GPA required in all HIST courses

Program Requirement

141 total semester hours required

[1] Students can substitute Engineering Design (GE 1110) and Engineering Problem Solving and Computation (GE 1111) for Cornerstone of Engineering 1 (GE 1501) and Cornerstone of Engineering 2 (GE 1502) in approved situations.

Plan of Study

Sample Plans of Study

Four Years, One Co-op in Spring/Summer 1

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Total Hours: 141

History, Minor

The history minor is designed to be flexible so that students may focus on a tailored course of study. There are no prerequisites: Complete five history courses (20 semester hours), of which at least two must be at or above the 2000 level and must be taken at Northeastern. Students are encouraged to choose a cluster of courses around a particular theme. Existing themes include global conflict and war, ancient and early modern worlds, global cultural history, public history, commodities and capitalism, and global security. Students may also focus on particular areas such as the Americas, Europe, East Asia, and Africa.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Complete five history courses, of which at least two must be taken at Northeastern and must be numbered HIST 2000 or higher. History minors must have a total of 20 semester hours in history.

GPA Requirement

2.000 GPA required in the minor

International Affairs

Website (http://www.northeastern.edu/internationalaffairs/)

Amílcar Antonio Barreto, PhD
Interim Director and Professor

225K Renaissance Park
617.373.2783

International affairs is an interdisciplinary major in the College of Social Sciences and Humanities. The program is designed to prepare undergraduate students with the academic knowledge, cross-cultural awareness, and skills needed to thrive and lead in a diverse world society while promoting global citizenship and social responsibility. Our internationally diverse faculty has a wide-ranging scholarly expertise, with strengths in conflict resolution and peace building; international law; and global politics of gender, ethnicity, and cities.

International affairs at Northeastern University challenges students to engage across intellectual and geographic boundaries, while also asking them to think and act locally through academic coursework, experiential opportunities, and language proficiency centered in a particular world region. Our students are well positioned as the next generation of global leaders—within NGOs, governments, international organizations, businesses, and classrooms—finding meaningful ways to solve problems and meet the challenges of today and tomorrow.

Academic Progression Standards

It is recommended that students majoring in international affairs maintain a minimum 3.000 grade-point average until the beginning of their international experience in order to be eligible for the majority of the study-abroad options.

Cooperative Education

Cooperative education is recommended for all students pursuing a major or combined major in international affairs.

Programs

Bachelor of Arts (BA)

- International Affairs (p. 2172)
- Environmental Studies and International Affairs (p. 1490)
- Human Services and International Affairs (p. 1763)
- International Affairs and Criminal Justice (p. 1824)
- International Affairs and Cultural Anthropology (p. 2207)
- International Affairs and Economics (p. 1957)
- International Affairs and History (p. 2142)
- International Affairs and Religious Studies (p. 2233)
- Journalism and International Affairs (p. 414)
- Political Science and International Affairs (p. 2248)
- Sociology and International Affairs (p. 2257)
- Spanish and International Affairs (p. 1904)

Bachelor of Science (BS)

- Data Science and International Affairs (p. 911)
- International Affairs and International Business (p. 636)

Minors

- International Affairs (p. 2270)
- Middle East and Mediterranean Studies (p. 2274)

International Affairs, BA

The international affairs program provides a rigorous inter- and multidisciplinary curriculum while also giving students flexibility to select the courses and disciplines that interest them most. The curriculum fosters an awareness of global affairs and international issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; and state-society relations: democracy, authoritarianism, inequalities, citizenship. Students majoring in international affairs may also choose from among a number of regional concentrations.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Core Requirements

All international affairs majors must complete the following core courses:

Code	Title	Hours
Major Core		
ANTH 1101	Peoples and Cultures	4
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
HIST 2211	The World Since 1945	4
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
Senior Seminar/Experiential Learning		
INTL 4700	Senior Capstone Seminar in International Affairs	4
Total Hours		**32**

In addition to the core requirements in the major, students may choose to declare one regional concentration from the following:

Optional Concentrations

- African Studies (p. 2177)
- Asian Studies (p. 2177)
- European Studies (p. 2177)
- Latin American Studies (p. 2178)
- Middle East Studies (p. 2178)

Students who do not choose a regional concentration must complete the following:

GLOBAL DYNAMICS REQUIREMENT

Code	Title	Hours
Complete 8 SH from the global dynamics course list.		8
Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements.		
Courses used to fulfill major core requirements may not be used to satisfy the global dynamics requirement. See the department for additional courses.

INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons	
INTL 5010	International Human Rights Law and Policy	
INTL 5100	Climate and Development	

Upper-Division Electives

Complete three general electives at the 3000 level or above that do not double count with the major or NUpath.

Other Major Requirements

Code	Title	Hours
International Experiential Learning		
Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs. International students may be exempt from the semester abroad (subject to advisor approval).		
If completing a concentration:		
Students pursuing a regional concentration, are required to complete their international semester in the same region.		
African studies concentration: If you do not complete an international semester, you must participate in Model African Union.		
European studies concentration: If you do not complete an international semester, you must participate in either Model European Union or Model NATO.		
Middle East studies concentration: If you do not complete an international semester, you must participate in Model United Nations or Model Arab League.		

Code	Title	Hours
International Affairs Foreign Language Requirement		
Complete coursework in a language through at least intermediate-level two (e.g., ARAB 2102). Note: Completing this requirement satisfies the language requirement for the BA degree.		
If completing a concentration:		
African studies concentration: Complete language coursework in Kiswahili, French, or Arabic through at least intermediate-level two.		
Asian studies concentration: Complete language coursework in Chinese or Japanese through at least intermediate-level two.		
European studies concentration: Complete language coursework in French, German, Greek, Italian, Portuguese, or Spanish through at least intermediate-level two.		
Latin American studies concentration: Complete language coursework in Portuguese or Spanish through at least intermediate-level two.		
Middle East studies concentration: Complete language coursework in Arabic or Hebrew through at least intermediate-level two.		

International Affairs Major Credit/GPA Requirements

Minimum 56 semester hours required
Minimum 2.000 GPA

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

AFRICAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
Global Dynamics		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2173)		4
Regional Analysis		
AFRS 1101	Introduction to African Studies	4
Complete 4 additional SH from the Africa category of the regional analysis course list. (p. 2175)		16
Two courses must be 2000 or above.		
Total Hours		**28**

ASIAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
Global Dynamics		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2173)		4
Regional Analysis		
ASNS 1150	East Asian Studies	4
or HIST 1150	East Asian Studies	
Complete 4 additional SH from the Asia category of the regional analysis course list. (p. 2175)		16
Two courses must be 2000 or above.		
Total Hours		**28**

EUROPEAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
Global Dynamics		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2173)		4
Regional Analysis		
POLS 3435	Politics and Governance of Europe and the European Union	4
Complete 4 additional SH from the Europe category of the regional analysis course list. (p. 2175)		16
Two courses must be 2000 or above.		
Total Hours		**28**

LATIN AMERICAN STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
Global Dynamics		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2173)		4
Regional Analysis		
LACS 1220	Latino, Latin American, and Caribbean Studies	4
Complete 4 additional SH from the Latin America category of the regional analysis course list. (p. 2175)		16
Total Hours		**28**

MIDDLE EAST STUDIES

In addition to the core requirements in the major, complete the following:

Code	Title	Hours
Global Dynamics		
POLS 1155	Comparative Politics	4
Complete 4 additional SH from the global dynamics course list. (p. 2173)		4
Regional Analysis		
INTL 1160	Middle East Studies	4
or HIST 1290	Modern Middle East	
Complete 4 additional SH from the Middle East category of the regional analysis course list. (p. 2175)		16
Total Hours		**28**

Data Science and International Affairs, BS

Overview

This combined degree offers both a strong data science foundation and an interdisciplinary understanding of global affairs and international issues. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. Utilizing these skill sets allows students to address topics such as interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship). Upon graduation, students are equipped with the skills and knowledge needed to work across national cultures in fields that relate to utilizing data to address complex regional and international issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Data Science Courses

Code	Title	Hours
Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or INTL 1000	International Affairs at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
Programming Sequence Pathways		
Complete one of the two options:		12
Computer Science Option		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
Data Science Option		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
Computer Science Required Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		

Complete four semester hours of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	4
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2500 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses		
ANTH 1101	Peoples and Cultures	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
International Experiential Learning		
Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs.		

Global Dynamics Requirement

Code	Title	Hours
Complete two of the following with one course numbered 2000 or above. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements:		8

Code	Title	Hours
Environment		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development	
ENVR 3150	Food Security and Sustainability	
INTL 5100	Climate and Development	
INTL 5268	International Environmental Policy	
or PPUA 5268	International Environmental Policy	
SOCL 1246	Environment and Society	
Law, Diplomacy, and Global Governance		
COMM 2303	Global and Intercultural Communication	
INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
INTL 3520	Global Political Economy	
INTL 5010	International Human Rights Law and Policy	
POLS 1155	Comparative Politics	
POLS 1160	International Relations	
POLS 2370	Religion and Politics	
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 4910	Model United Nations	
Human Rights and Social Justice		
HIST 2303	Gender and Reproductive Justice	
HIST 2373	Gender and Sexuality in World History	
INTL 2480	Women and World Politics	
or WMNS 2480	Women and World Politics	
INTL 5010	International Human Rights Law and Policy	

PHIL 5001	Global Justice
Conflict and Security	
CRIM 3030	Global Criminology
CRIM 3060	Political Crime and Terrorism
CRIM 5203	Security in the 21st Century
HIST 1206	Drug Trade and Drug War: History, Security, Culture
HIST 1389	History of Espionage 1: Antiquity to World War II
HIST 1390	History of Espionage 2: Cold War Spies
HIST 2217	The Global Far-Right since 1945: Politics, Culture, Violence
HIST 3330	The Global Cold War
HIST 3334	Assassinations in World History
HIST 3335	History of Modern Terrorism
INTL 3430	Revolution, Civil War, and Insurrection
INTL 3450	Security, Culture, Power
JRNL 3300	Covering Conflicts: Peace, War, and the Media
or INTL 3300	Covering Conflicts: Peace, War, and the Media
PHIL 5001	Global Justice
POLS 2282	The Holocaust and Comparative Genocide
POLS 3418	Nationalism
POLS 3420	U.S. National Security Policy
POLS 3423	Terrorism and Counterterrorism
POLS 3430	Revolution, Civil War, and Insurrection
or INTL 3430	Revolution, Civil War, and Insurrection
POLS 4918	Model NATO
Globalization	
AFAM 2600	Issues in Race, Science, and Technology
ANTH 2305	Global Markets and Local Culture
ANTH 2315	Religion and Modernity
ECON 3290	History of the Global Economy
ECON 3635	International Economics
HIST 1215	Origins of Today: Historical Roots of Contemporary Issues
HIST 2211	The World Since 1945
HIST 2311	Colonialism/Imperialism
INTB 3310	Cultural Aspects of International Business
INTL 2480	Women and World Politics
or WMNS 2480	Women and World Politics
INTL 3200	Cities in a Global Context
INTL 3520	Global Political Economy
POLS 1160	International Relations
POLS 2370	Religion and Politics
POLS 3405	International Political Economy
POLS 3406	International Law
Population, Migration, and Diaspora	
AFRS 1270	Introduction to Global Health
or PHTH 1270	Introduction to Global Health
AFRS 3424	Epidemiology of Pandemic Diseases and Health Disparities in the African Diaspora
ANTH 1101	Peoples and Cultures
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804
HIST 1219	History of Global Pandemics
INTL 2500	Race and Global Human Mobility
INTL 3200	Cities in a Global Context
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons
PHIL 1111	Introduction to World Religions

PHIL 1271	Sex in Judaism, Christianity, and Islam
Development	
ANTH 2305	Global Markets and Local Culture
ECON 1291	Development Economics
ECON 3404	International Food Policy
ECON 3405	A Critique of Capitalism
ENVR 2515	Sustainable Development
HIST 2011	Capitalism and Business: A Global History
INNO 2206	Global Social Enterprise
INTB 1203	International Business and Global Social Responsibility
or INTB 1209	International Business and Global Social Responsibility
INTL 3150	Global Philanthropy
INTL 3520	Global Political Economy
INTL 5100	Climate and Development
PHTH 5230	Global Health
POLS 3487	Politics of Developing Nations
Communication and Media	
COMM 2303	Global and Intercultural Communication
INTB 3310	Cultural Aspects of International Business
JRNL 3300	Covering Conflicts: Peace, War, and the Media
or INTL 3300	Covering Conflicts: Peace, War, and the Media
JRNL 5360	Global Reporting
MSCR 2325	Global Media

Regional Analysis Requirement

Code	Title	Hours
Complete two of the following, both of which must be in one region. Select courses taken during a semester study abroad or specific Dialogue of Civilizations courses may count as regional analysis courses pending approval of the international affairs head faculty advisor. See department for additional courses:		8

Code	Title	Hours
Africa		
AFRS 1101	Introduction to African Studies	
AFRS 2307	Africa Today	
AFRS 2900	Swahili, Culture, and Politics in Kenya	
AFRS 3460	Contemporary Government and Politics in Africa	
AFRS 4939	Community Health, Culture, and Development in Kenya	
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4510	Anthropology of Africa	
HIST 1180	African History	
INNO 3308	Business Economic History of South Africa	
INTL 2464	Natural Resources and Sustainable Development	
or AFRS 2464	Natural Resources and Sustainable Development	
Asia		
ANTH 4515	Culture and Politics in Modern India	
ASNS 1150	East Asian Studies	
or HIST 1150	East Asian Studies	
CLTR 1500	Modern Chinese History and Culture	
CLTR 1506	Introduction to Chinese Popular Culture	
CLTR 1700	Introduction to Japanese Pop Culture	
HIST 1246	World War II in the Pacific	
HIST 1252	Japanese Literature and Culture	
HIST 1500	Modern Chinese History and Culture	

HIST 2351	Modern Japan
PHIL 1275	Hinduism, Buddhism, and Beyond
PHIL 1290	Chinese Philosophy and Religion
PHIL 2395	Japanese Buddhism
POLS 3482	East Asian Politics
POLS 3485	China: Governance and Foreign Policy
Europe	
CLTR 1501	Introduction to French Culture
CLTR 1503	Introduction to Italian Culture
CLTR 1504	Cultural History of Spain
HIST 1170	Europe: Empires, Revolutions, Wars, and Their Aftermath
HIST 1272	Europe in the Middle Ages, 500–1500
HIST 1286	History of the Soviet Union
HIST 2370	Renaissance to Enlightenment
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain
INTL 3455	Russian Foreign Policy
or POLS 3455	Russian Foreign Policy
POLS 3435	Politics and Governance of Europe and the European Union
Latin America	
ANTH 4500	Latin American Society and Development
CLTR 1240	Latin American Film
CLTR 1502	Introduction to Arabic Culture
CLTR 1505	Latin American Culture, History, and Politics
CLTR 3715	New Narratives: Latin America after 1989
CLTR 3720	Literature, Arts, and Poverty in Latin America
CLTR 4655	Latin American Literature
ECON 1292	Economic History of the Middle East
HIST 1185	Introduction to Middle Eastern History
HIST 1187	Introduction to Latin American History
HIST 2025	Latin American History through Film
LACS 1220	Latino, Latin American, and Caribbean Studies
Middle East	
INTL 1150	The Mediterranean World: An Overview
INTL 1160	Middle East Studies
INTL 2200	America and the Middle East
INTL 3250	Democracy and Development in North Africa and the Mediterranean
PHIL 1280	Islam: Rituals, Traditions, and Debates
PHIL 1285	Jewish Religion and Culture
POLS 3465	Government and Politics in the Middle East

International Affairs Elective

Code	Title	Hours
Complete one of the following:		4

Code	Title
INTL 2480	Women and World Politics
INTL 2500	Race and Global Human Mobility
INTL 3150	Global Philanthropy
INTL 3200	Cities in a Global Context
INTL 3406	International Law
INTL 3430	Revolution, Civil War, and Insurrection
INTL 3450	Security, Culture, Power
INTL 3520	Global Political Economy
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons

INTL 5010	International Human Rights Law and Policy
INTL 5100	Climate and Development

English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Supporting Courses

Code	Title	Hours
Mathematics		
ECON 2350	Statistics for Economists	4
MATH 1341	Calculus 1 for Science and Engineering	4

Integrative Requirements

Code	Title	Hours
Senior Seminar		
Complete with a thesis or project that integrates both international affairs and data science:		
INTL 4700	Senior Capstone Seminar in International Affairs	4
Digital Ethics		
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	4

Required General Electives

Code	Title	Hours
Complete 24 semester hours of general electives.		24

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Program Requirement

131 total semester hours required

Plan of Study

Environmental Studies and International Affairs, BA

Through this combined major, successful undergraduates will develop an awareness of the international issues that influence the scientific, cultural, societal, political, and economic aspects of the world's environmental problems and the ways in which such environmental challenges can be ameliorated and/or solved.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Environmental Studies Requirements

Code	Title	Hours
Introductory Courses		
Choose one introductory science course:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	
Choose one introductory social science course:		4
ANTH 1101	Peoples and Cultures	
ENVR 2401	Food Justice and Community Development	
PHIL 1180	Environmental Ethics	
SOCL 1246	Environment and Society	
Scientific Foundations of Environmental Systems		
Complete one of the following:		4
ENVR 1110	Global Climate Change	
ENVR 3150	Food Security and Sustainability	
ENVR 3200	Water Resources	
Human Foundations of Environmental Systems		
Complete one of the following:		4
ENVR 2515	Sustainable Development	
PHTH 2414	Environmental Health	
SOCL 4522	Environmental Justice	
Skills Course		
ENVR 3300 and ENVR 3301	Geographic Information Systems and Lab for ENVR 3300	5
Electives		
Complete four of the following, three of which must be at the 3000 level or higher:		16
ARTG 5110	Information Design History	
BUSN 3110	The Consulting Environment	
CIVE 5280	Remote Sensing of the Environment	
COMM 3500	Environmental Issues, Communication, and the Media	

EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302
EEMB 3466	Disease Ecology
EEMB 3700	Desert Ecology
ENVR 3701	Energy in the Desert Ecosystem
ENVR 5210	Environmental Planning
ENVR 5350	Sustainable Energy and Climate Solutions
ENVR 5563	Advanced Spatial Analysis
ENVR 5750	Urban Ecology
ENVR 5800	Climate Adaptation and Nature-Based Solutions
FINA 2720	Sustainability in the Business Environment
JRNL 3650	Science Writing
LPSC 2301	Introduction to Law, Policy, and Society
PHIL 1180	Environmental Ethics
PHTH 1270	Introduction to Global Health
PHTH 4202	Principles of Epidemiology in Medicine and Public Health
POLS 2395	Environmental Politics and Policy
PPUA 5268	International Environmental Policy
SOCL 2485	Environment, Technology, and Society

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
International Experiential Learning		
Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs.		

International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		4

Code	Title
INTL 2480	Women and World Politics
INTL 2500	Race and Global Human Mobility
INTL 3150	Global Philanthropy
INTL 3200	Cities in a Global Context
INTL 3406	International Law
INTL 3430	Revolution, Civil War, and Insurrection
INTL 3450	Security, Culture, Power
INTL 3520	Global Political Economy
INTL 4100	Forced Migration: Refugees, Exiles, and Displaced Persons
INTL 5010	International Human Rights Law and Policy
INTL 5100	Climate and Development

Global Dynamics Requirement

Code	Title	Hours
Complete two of the following courses. Courses are divided into thematic groups to aid students in deciding which courses to take and have no bearing on major requirements.		8

Code	Title	Hours
Environment		
ENVR 1110	Global Climate Change	
ENVR 2515	Sustainable Development	
ENVR 3150	Food Security and Sustainability	
INTL 5100	Climate and Development

Human Services and International Affairs, BA

The human services and international affairs combined major offers students an understanding of geopolitical realities paired with the practical skills and theory necessary to work in social services and nongovernmental organizations impacted by global issues. Students have an opportunity to prepare for practice in international NGOs through co-ops and Dialogue of Civilizations programs. This combined major is designed to prepare students for positions within the nonprofit sector with an international focus.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services Requirements

Code	Title	Hours
Required Courses		
HUSV 1101	Social Change and Human Services	4

International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (p. 119) (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Human Services/International Affairs Integrative Courses

Complete Senior Seminar in Human Services (HUSV 4700) or Senior Capstone Seminar in International Affairs (INTL 4700) or both. Note, however, that students wishing to take HUSV 4700 but not INTL 4700 must meet with an INTL advisor to obtain approval for a substitute INTL course. Similarly, students wishing to take INTL 4700 but not HUSV 4700 must meet with an HUSV advisor to obtain approval for a substitute HUSV course. Substitute courses (HUSV or INTL) must be upper-division courses and must relate to the combined major.

Code	Title	Hours
Human Services		
HUSV 4700	Senior Seminar in Human Services	4
International Affairs		
INTL 4700	Senior Capstone Seminar in International Affairs	4

Human Services and International Affairs Combined Major Credit Requirement

Complete 84 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

International Affairs and Criminal Justice, BA

This combined major fosters an awareness of crime and justice issues within their international, transnational, and global contexts since the early 20th century. The scope and sequence of international affairs courses provide students with a foundation in topics such as interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship). Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Upon graduation, students are equipped with the skills and knowledge needed to work across national cultures in fields that relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Code	Title	Hours

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses in this list ask how does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses in this list provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	

Creating Knowledge about Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? Harnessing data to learn about issues, identify solutions, and advocate for change.		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Criminal Justice Electives		
Rounding out knowledge of crime and justice.		
Complete two additional criminal justice electives from the 3000, 4000 or 5000-level.		8

Introduction and Methods Options

Code	Title	Hours
Introduction		
Complete one of the following:		1
CRIM 1000	Criminal Justice at Northeastern	
INTL 1000	International Affairs at Northeastern	
Research Methods		
Complete one of the following:		4
CRIM 3600	Criminal Justice Research Methods	
INTL 2718	Research Methods in International Affairs	

Supporting Courses

Code	Title	Hours
Computer or Data Science		
Complete one of the following:		4
CS 1100	Computer Science and Its Applications

Total Hours: 132

International Affairs and Cultural Anthropology, BA

This combined major offers undergraduates the opportunity to develop an awareness of contemporary cultures within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
Required Courses		
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
International Experiential Learning		
Complete at least one “international semester” via study abroad, international internship, international co-op, or two approved short-term programs abroad.		

International Affairs Elective

Code	Title	Hours
Please complete one of the following:		4

Code	Title	Hours
INTL 2480	Women and World Politics

International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Cultural Anthropology Major Requirements

Note: At least nine anthropology courses must be taken to complete the international affairs and cultural anthropology program.

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4
Anthropology Electives		
Complete five Anthropology courses from the following range, two of which must be area studies courses above 4000; none of these five courses may be counted elsewhere in the degree; one study-abroad course may count toward these requirements, with prior permission from the department.		20
ANTH 2000 to ANTH 4999		

Integrative Requirements

Note: If international affairs courses are taken in both the research methods and capstone areas, then an additional anthropology elective is required.

Code	Title	Hours
Research Methods		
INTL 2718	Research Methods in International Affairs	4
or ANTH 3410	Ethnographic Field Experience	
Global Markets		
ANTH 2305	Global Markets and Local Culture	4
Capstone		
ANTH 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall semester directed study.

Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

International Affairs and Anthropology Combined Major Credit Requirement

Complete 76 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

International Affairs and Economics, BA

This combined major fosters an awareness of global affairs and international economic issues since the early 20th century through diverse and cross-disciplinary theories of economic development and growth; states, societies, and markets (the intersection of politics and economics); and the role of states, civil societies, and social movements in crafting or addressing economic strategies, inequalities, and citizenship rights.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 3520	History of Economic Thought	4

Economics Electives

Code	Title	Hours
Complete three Economics elective courses from the following ranges with no more than one in the ECON 1200 to ECON 1999 range. Additionally, courses used to satisfy international affairs requirements, courses used to satisfy the integrative requirement, and ECON 3520 may not be used as Economics electives.		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Supporting Courses

Code	Title	Hours
Calculus		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Methods		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
INTL 2718	Research Methods in International Affairs	
MISM 2510	Fundamentals of Information Analytics	

Integrative Requirements

Code	Title	Hours
Development Economics		
ECON 1291	Development Economics	4
Senior Seminar		
Complete one of the following with a thesis or project that integrates both international affairs and economics:		
ECON 4692	Senior Economics Seminar	4
or ECON 4997	Senior Economics Thesis	
or INTL 4700	Senior Capstone Seminar in International Affairs	

International Affairs and Economics Combined-Major GPA

Grades in the following Economics courses must average a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4

International Affairs and Economics Combined-Major Credit Requirement

Complete 88 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Four Years, Two Co-ops in Summer 2/Fall

Year 1

Total Hours: 129

International Affairs and History, BA

This combined major fosters a historically contingent awareness of global affairs and international policy issues since the early 20th century through diverse and cross-disciplinary theories of interstate relations, state-society relations, the future of democracy, the nature of citizenship and rights, the origins and conduct of war, the foundations of racial and ethnic conflict and tolerance, and poverty and prosperity. This combined major highlights the importance of understanding the intersection between global issues and local traditions and is designed to prepare students to be politically, culturally, historically, and linguistically sensitive to their interaction.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
International Affairs/History at Northeastern

International Affairs and Religious Studies, BA

Introduces the interaction of religious views with institutions and cultures in national and international contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social/religious movements; state-society relations (religion, democracy, authoritarianism, social justice and ethics, citizenship); comparative study of religious theology and praxis; and knowledge of particular religious traditions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses

Journalism and International Affairs, BA

Overview

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism with the study of global affairs and international issues. Through critical thinking and practical skills, the program engages students in a deep understanding of both disciplines, supporting students to work across national cultures in areas such as foreign correspondence and other fields that require an understanding of complex regional and international issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Journalism Requirements

Code	Title	Hours
Foundation Courses		
C or better required in JRNL 1101, JRNL 1102, and JRNL 2201:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 1150	Understanding Today's News	4
JRNL 2201	Journalism 2: Intermediate Reporting	4
Visual Storytelling		
Complete one of the following:		4
JRNL 2301	Visual Storytelling in Journalism	
JRNL 3370	Podcast and Radio Journalism	
JRNL 3680	Advanced Reporting	
JRNL 5309	News Documentary Production	
JRNL 5310	Photojournalism	
JRNL 5314	Video News Reporting and Producing	
JRNL 5316	The Newsroom	
Law and Ethics		
JRNL 3550	The First Amendment and the Media	4
or JRNL 4650	Ethics and Issues in Journalism	
Journalism Electives		
Complete four JRNL electives (two must be 3000 level or above).		16

International Affairs Requirements

Code	Title	Hours
Required Courses		
ANTH 1101	Peoples and Cultures	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
or POLS 1155	Comparative Politics	
ECON 1115	Principles of Macroeconomics	4

INTL 1101	Globalization and International Affairs	4
INTL 2718	Research Methods in International Affairs	4
INTL 3400	International Conflict and Negotiation	4
POLS 1160	International Relations	4
International Experiential Learning		
Complete at least one international semester via study abroad, international internship, international co-op, or two approved short-term programs abroad.		
International Affairs Foreign Language Requirement		
Complete coursework in a language through at least intermediate-level two (language courses numbered 2102). Note: Completing this requirement satisfies the language requirement for the BA degree.		

International Affairs Elective

Code	Title	Hours
Complete one of the following:		4

Code	Title	Hours
INTL 2480	Women and World Politics	
INTL 2500	Race and Global Human Mobility	
INTL 3150	Global Philanthropy	
INTL 3200	Cities in a Global Context

Total Hours: 131

Political Science and International Affairs, BA

Through this combined major, undergraduates will develop an awareness of global affairs and international relations since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; political processes, institutions, and actors; and state-society relations (democracy, authoritarianism, inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

Political Science Electives/Concentration for BA

Complete four upper-division political science electives, or complete one of the following concentrations. If you are working toward a concentration, declare it with your adviser in order for it to be added to your record.

ELECTIVES

Code	Title	Hours
Political Science Electives		
Complete four political science courses at or above POLS 2000.		16

CONCENTRATION LIST

- American Political Institutions (p. 2253)
- Campaigns and Elections (p. 2253)
- Comparative Politics (p. 2254)
- Identity, Culture, and Politics (p. 2254)
- International Relations and Diplomacy (p. 2254)
- Law and Legal Studies (p. 2254)
- Public Policy (p. 2255)
- Security Studies (p. 2255)

Supporting Course for Political Science

Code	Title	Hours
Mathematics		
Complete one of the following to fulfill the prerequisite for POLS2400		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1341	Calculus 1 for Science and Engineering	
MATH 1342	Calculus 2 for Science and Engineering	

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses		
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4
HIST 2211	The World Since 1945	4
or HIST 2311	Colonialism/Imperialism	
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
International Experiential Learning		
Complete at least one “international semester” via study abroad, international internship, international co-op, or two short-term programs.		

International Affairs Elective

Code	Title	Hours
Complete one of the following courses:		4

Code	Title	Hours
INTL 2480	Women and World Politics

Sociology and International Affairs, BA

Through this combined major, successful undergraduates develop an awareness of societies within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Requirements

Code	Title	Hours
Sociology Required Courses		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
or INTL 2718	Research Methods in International Affairs	
SOCL 3300	Social Theory	4
Sociology Electives A		
Complete two courses in the following range:		8
SOCL 1000 to SOCL 2999		
Sociology Electives B		
Complete two courses in the following range:		8
SOCL 3000 to SOCL 5999		
Capstone Requirement		
SOCL 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

International Affairs Major Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses		
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism

Spanish and International Affairs, BA

This combined major offers undergraduates the opportunity to develop an awareness of global affairs and international issues since the 19th century through diverse and cross-disciplinary theories of interstate relations: conflict, cooperation, hierarchies; civil society, transnational advocacy networks, global social movements; the politics of culture, linguistic and cultural diversity, religious and ideological divides; and state-society relations: democracy, authoritarianism, inequalities, citizenship.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs, Minor

The minor in international affairs is an interdisciplinary program that exposes students to a variety of different perspectives on the field, while providing the flexibility to select the courses in the disciplines that interest them most. The minor provides an international lens to students' primary degree, preparing them for our globalized world and workplaces.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

GPA Requirement

2.000 GPA required in the minor

Middle East and Mediterranean Studies, Minor

The minor in Middle East and Mediterranean studies is an inter- and cross-disciplinary program, drawing on courses from within the International Affairs Program as well as departments and units across the college. The program provides an in-depth study of the Middle East and North Africa (Arab world, Israel, Iran, and Turkey); its place within the broader Mediterranean region; and its relations with other world regions. As such, it seeks to enhance students' understanding of this culturally diverse and politically important region of the world. Students are encouraged to take advantage of the university's study-abroad and Dialogue of Civilizations programs (faculty-led summer programs) in Egypt, Morocco, Tunisia, Jordan, Turkey, Israel and Palestine, and other approved programs in the region.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
POLS 3465	Government and Politics in the Middle East	4
or INTL 3250	Democracy and Development in North Africa and the Mediterranean	
INTL 1150	The Mediterranean World: An Overview	4
or INTL 3250	Democracy and Development in North Africa and the Mediterranean	
INTL 1160	Middle East Studies	4
or HIST 1290	Modern Middle East	

Elective Courses

Elective courses may include courses taken as part of an approved study-abroad program. *Note: Courses used as required courses (above) may not be used as elective courses.*

Philosophy addresses questions and theories related to morality, society, religion, and the natural and social sciences. Coursework in philosophy provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Through readings, discussion, and writing, students examine questions concerning the validity of moral judgments, political ideas, and scientific theories, as well as questions about values and policy in such areas as law, medicine, environment, and technology. Coursework in philosophy significantly strengthens study in other areas. The major emphasizes development of analytic, reasoning, and communication abilities, and it is designed to enable students to tailor it to their particular interests.

Religious studies offers students the opportunity to acquire an understanding of religious experience within its social, historical, literary, and political context. Courses in religious studies examine specific religious traditions such as Judaism, Islam, and Hinduism, and using a comparative approach they explore themes across faith traditions. The religious studies major at Northeastern University emphasizes the lived religious experience, or how religion permeates and impacts people's lives through everything from politics and economics to fashion, relationships, and music. Through the major, students have the opportunity to study a range of religions and a variety of methods of understanding the key dimensions of religious life.

Information on experiential learning opportunities, student life, and department faculty can be found at the department website (https://cssh.northeastern.edu/philosophy/).

Academic Progression Standards

A minimum cumulative grade-point average of 2.000 is required to remain in good standing in the major.

Philosophy Major

The department offers five ways to take the stand-alone major in philosophy: the standard major; the concentration in law and ethics; the concentration in ethics; the concentration in formal methods (e.g., game theory, social choice theory, and logic); and the concentration in religious studies. More information on these can be found on the program page.

Religious Studies Major

The religious studies major is designed to introduce students to a wide variety of religious experience and expression in the world. Through this major, students are exposed to the basic features of the world's religions and the ethical systems that accompany them. Students also have an opportunity to explore diverse methodological approaches to the study of religion.

Combined Majors

The analytical and critical skills gained from the study of philosophy are a valuable complement to any other area of study. So, too, is having an understanding of the history of ideas and of alternative world views and value systems. For this reason, the department offers combined majors with political science, economics, physics, environmental studies, history, English, computer science, behavioral neuroscience, criminal justice, sociology, anthropology, and media and screen studies. Details regarding these majors can be found on the program pages.

The combined majors in religious studies bring together knowledge of religious traditions, awareness of religious experience, and methods of understanding the key dimensions of religious life with other areas in which religion plays a large role. The department currently offers combined majors in religious studies with history, international affairs, Africana studies, sociology, anthropology, and Jewish studies. More information on these majors can be found on the program pages.

Minors

The Department of Philosophy and Religion offers minors in philosophy and religious studies, as well as popular minors in ethics and information ethics. Each of these minors is structured to be highly flexible and to complement study in other majors, while also providing depth of knowledge in philosophy, religion, and ethics. The department also collaborates with the Department of Applied Psychology on a minor in mindfulness studies. Information on these minors can be found on the program pages.

Philosophy, BA

Philosophy is a basic field of inquiry. Its range encompasses ideas and issues in every domain of human experience, and its methods apply to problems of an unlimited variety. The major in philosophy can develop not only philosophical skill and sophistication but also critical thinking and writing abilities that are readily applicable to pursuits in other academic areas, useful in careers far removed from philosophy, and valuable in everyday social and personal life. The study of philosophy can profoundly affect both the thinking one does and the kind of person one is.

There are varieties of concentrations of the philosophy major that students may choose from in accordance with their own backgrounds and interests. These include:

- **Philosophy major (no concentration)**

  Offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests

- **Philosophy major with a concentration in law and ethics**

  Focuses elective coursework in the areas of law, social and political philosophy, and applied ethics

- **Philosophy major with a concentration in ethics**

  Focuses elective coursework in the areas of ethical theory, applied ethics, and social and political philosophy

- **Philosophy major with a concentration in religious studies**

  Uses electives to explore a variety of both religious expressions and methods of inquiry

- **Philosophy major with a concentration in formal methods**

  Focuses elective coursework in areas of logic and formal methods

- **Combined majors** in media and screen studies and philosophy, economics and philosophy, environmental studies and philosophy, political science and philosophy, English and philosophy, history and philosophy, computer science and philosophy, criminal justice and philosophy, and physics and philosophy

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Program Options

Complete one of the following options:

- Philosophy Major (No Concentration) (p. 2278)
- Philosophy Major with a Concentration in Law and Ethics (p. 2278)
- Philosophy Major with a Concentration in Ethics (p. 2280)
- Philosophy Major with a Concentration in Religious Studies (p. 2281)
- Philosophy Major with a Concentration in Formal Methods (p. 2282)

Philosophy Major Credit Requirement

Complete 36 semester hours in the major.

Upper-Division Electives

Complete three general electives at the 3000 level or above that do not double count with the major or NUpath.

General Electives

Additional courses taken beyond college and major course requirements to satisfy graduation credit requirements

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

PHILOSOPHY MAJOR (NO CONCENTRATION)

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
Philosophy Advanced Electives/Seminar		
Complete three PHIL courses with a designation of 3000 or above and at least one at 4000 or 5000 level.		12
Critical Philosophy Elective		
Complete one of the following not used to fulfill another requirement:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion

Religious Studies, BA

The program in religious studies offers the opportunity to acquire an understanding of religion within various cultural, historical, and political contexts through comparative approaches and an engagement with religion in everyday life. The major in religious studies is designed to enable students to not only gain a breadth of knowledge across a variety of religious traditions but also to pursue in-depth mastery of particular traditions in their practical and cultural dimensions, including the various normative and ideological issues that arise out the manifestation of religion in human affairs. In addition to the study of particular religious traditions, religious studies majors will be expected to gain a general knowledge of the theoretical and methodological approaches employed in the academic study of religion. Through the major, a student will enhance the ability to think, interpret, and write critically about a range of religious traditions through diverse methodological approaches.

- **The standard religion major** offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests.
- **Combined majors** are offered in Jewish studies and religion, history and religious studies, religious studies and African American studies, and international affairs and religious studies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Religious Studies Major Requirements

Code	Title	Hours
Required Foundational Course

Cultural Anthropology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in cultural anthropology and philosophy. Students in the combined major integrate the study of culture and social structures with the study of social and political philosophy, ethics, and the philosophy of science. The combined major enables students to understand and appreciate cultural differences in human interaction, ways of knowing, and systems of logic and human classification.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Cultural Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
Area Courses		
Complete two area courses above 4000; additional area courses taken may count as anthropology electives.		8
Capstone		
ANTH 4600	Senior Seminar	4
Electives		
Complete three 4-semester-hour courses in addition to the above requirements. One study-abroad course may also count toward this requirement with prior permission from the department.		12

Philosophy Requirements

Code	Title	Hours
Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
Foundational Philosophy of Science Elective		
Complete one of the following:		4
PHIL 1105	Science and Pseudoscience	
PHIL 2001	Ethics and Evolutionary Games	
PHIL 3050	Information and Uncertainty	
PHIL 3360	Scientific Approaches to Philosophy	
Advanced Philosophy Electives		
Complete two PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level.		8
Critical Philosophy Elective		

Take one of the following courses not used to fulfill another requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	
Philosophy Electives		
Complete two additional courses from the philosophy department.		8

Integrative Requirement

Code	Title	Hours
One integrative course is required from each discipline. Courses taken as electives above may not be used as integrative courses.		
PHIL 4500	Theory of Knowledge	4
or PHIL 4510	Philosophy of Science	
or PHIL 4550	Philosophy of Economics	
or PHIL 4555	Philosophy of Biology

Environmental Studies and Philosophy, BA

Through this combined major, successful undergraduates will develop an awareness of the scientific, cultural, and political aspects of the world's environmental problems while considering the philosophical, moral, and ethical impacts that such decisions have on human-environment interactions. Due to overlap in course content, students majoring in Environmental Studies or any Environmental Studies combined majors may not complete a minor in Environmental and Sustainability Sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History and Philosophy, BA

The Department of History and the Department of Philosophy and Religion offer an interdisciplinary combined major in history and philosophy. Students interested in the combined major integrate the study of philosophy and ethics with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium

International Affairs and Religious Studies, BA

Introduces the interaction of religious views with institutions and cultures in national and international contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social/religious movements; state-society relations (religion, democracy, authoritarianism, social justice and ethics, citizenship); comparative study of religious theology and praxis; and knowledge of particular religious traditions, including Buddhism, Christianity, Hinduism, Islam, and Judaism.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses

Jewish Studies and Religion, BA

The combined major in Jewish studies and religion offers students an integrated program of study of two naturally complementary fields. Study of Judaism as a religion is enhanced by broad familiarity with the world's religious traditions; conversely, in-depth knowledge of Jewish history, identity, and cultures provides students of religion with valuable insight into the ways in which religion interacts with a wide variety of forces to shape the experiences of the adherents of a particular faith. The combined major is designed to enable students to understand the history, cultures, and religion of the Jewish people; analyze and apply theoretical understanding to the interaction between religious, social, and historical factors that have shaped the experiences of the Jewish people; and demonstrate fluency in understanding the major religious traditions of the world. The combined major in Jewish studies and religion is designed to prepare students for graduate work in Jewish studies, religion, or many of the other disciplines that make up Jewish studies or for work within the Jewish community or in communal organizations associated with other religions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Media and Screen Studies and Philosophy, BA

The Media and Screen Studies Program and the Department of Philosophy and Religion offer a combined major in media and screen studies and philosophy. The combined major integrates the analysis, research, and production of traditional and emerging media along with the study of questions and theories related to morality, society, religion, and the natural and social sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), and Difference and Diversity (DD) may be met through electives in the major.

Media and Screen Studies Requirements

Code	Title	Hours

Political Science and Philosophy, BA

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete two of the following:		8
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record. Requirements for the concentrations are listed below (p.).

- American Political Institutions (p. 2329)
- Campaigns and Elections (p. 2329)
- Comparative Politics (p. 2329)
- Identity, Culture, and Politics (p. 2329)
- International Relations and Diplomacy (p. 2330)
- Law and Legal Studies (p. 2330)
- Public Policy (p. 2330)
- Security Studies (p. 2330)

Philosophy Requirements

Religious Studies and Africana Studies, BA

The Department of Philosophy and Religion and the Program in Africana Studies offer an interdisciplinary combined major in religious studies and Africana studies. Students interested in the combined major integrate the study of religious traditions, religious praxis, and religious ethics with critical and systematic examination of the cultural, political, social, economic, and historical experiences of African Americans throughout the hemisphere and peoples of African descent around the world.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Religious Studies Major Requirements

Code	Title	Hours
Required Foundational Course

Philosophy, BS

Philosophy is a basic field of inquiry. Its range encompasses ideas and issues in every domain of human experience, and its methods apply to problems of an unlimited variety. The major in philosophy can develop not only philosophical skill and sophistication but also critical thinking and writing abilities that are readily applicable to pursuits in other academic areas, useful in careers far removed from philosophy, and valuable in everyday social and personal life. The study of philosophy can profoundly affect both the thinking one does and the kind of person one is.

There are a variety of ways to major in philosophy that students may choose from in accordance with their own backgrounds and interests. These include:

- **Philosophy major (no concentration)**

  Offers students a maximum number of electives so they may choose in accordance with their own backgrounds and interests

- **Philosophy major with a concentration in law and ethics**

  Focuses elective coursework in the areas of law, social and political philosophy, and applied ethics

- **Philosophy major with a concentration in ethics**

  Focuses elective coursework in the areas of ethical theory, applied ethics, and social and political philosophy

- **Philosophy major with a concentration in religious studies**

  Uses electives to explore a variety of both religious expressions and methods of inquiry

- **Philosophy major with a concentration in formal methods**

  Focuses elective coursework in areas of logic and formal methods

- **Combined majors** in media and screen studies and philosophy, economics and philosophy, environmental studies and philosophy, political science and philosophy, English and philosophy, history and philosophy, criminal justice and philosophy, computer science and philosophy, and physics and philosophy

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Program Options

Complete one of following options:

- Philosophy Major (no concentration) (p. 2342)
- Philosophy Major with a Concentration in Law and Ethics (p. 2342)
- Philosophy Major with a Concentration in Ethics (p. 2343)
- Philosophy Major with a Concentration in Religious Studies (p. 2345)
- Philosophy Major with a Concentration in Formal Methods (p. 2345)

Philosophy Major Credit Requirement

Complete 36 semester hours in the major.

Upper-Division Electives

Complete three general electives at the 3000 level or above that do not double count with the major or NUpath.

General Electives

Additional courses taken beyond college and major course requirements to satisfy graduation credit requirements

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirements

128 total semester hours required

Philosophy Major (no concentration)

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
Philosophy Advanced Electives/Seminar		
Complete three PHIL courses with a designation of 3000 or above, and at least one at 4000 or 5000 level.		12
Additional Electives		
Complete two additional PHIL courses.		8
Critical Philosophy Electives		
Take one of the following courses not used to fulfill another requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	

PHILOSOPHY MAJOR WITH A CONCENTRATION IN LAW AND ETHICS

Code	Title	Hours

PHIL 1666	The Problem of Evil in Film	
PHIL 2395	Japanese Buddhism	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
PHIL 4903	Seminar in Religion	
PHIL 4992	Directed Study	

PHILOSOPHY MAJOR WITH A CONCENTRATION IN FORMAL METHODS

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
PHIL 4515	Advanced Logic	4
Formal Methods Courses		
Complete three of the following courses, at least two of which must be PHIL and one must be at the 3000 level or above, not used to satisfy other requirements:		12
CS 2800	Logic and Computation	
ECON 4681	Information Economics and Game Theory	
INSH 1500	Digital Methods for Social Sciences and Humanities	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
MATH 2280	Statistics and Software	
MATH 3081	Probability and Statistics	
PHIL 1105	Science and Pseudoscience	
PHIL 1162	Ethics and Philosophy through Sport	

PHIL 1300	Knowledge in a Digital World
PHIL 2001	Ethics and Evolutionary Games
PHIL 2016	The Philosophy and Ethics of Lying and Deception
PHIL 3050	Information and Uncertainty
PHIL 3360	Scientific Approaches to Philosophy
PHIL 4500	Theory of Knowledge
PHIL 4510	Philosophy of Science
PHIL 4550	Philosophy of Economics
PHIL 4555	Philosophy of Biology
POLS 3310	Public Opinion, Voting, and Elections

Philosophy Electives **8**

Complete two other PHIL courses (not used to fulfill another requirement), at least one of which must be at the 4000/ 5000 level.

Critical Philosophy Electives

Take one of the following courses not used to fulfill another requirements: 4

AFAM 1101	Introduction to African American and Africana Studies
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion
PHIL 1271	Sex in Judaism, Christianity, and Islam
PHIL 2155	Human Rights
PHIL 2492	Indigenous Philosophy
PHIL 2619	Race and Religion in Film
PHIL 3500	Sexuality, Gender, and the Law
PHIL 3822	Philosophy of Race and Racism

Total Hours: 130

Behavioral Neuroscience and Philosophy, BS

Overview

The behavioral neuroscience and philosophy combined degree program engages students in the interdisciplinary study across the biology, psychology, and philosophy departments. The major provides rigorous training in both disciplines with a specific focus on understanding seminal questions concerning human nature and the mind. Courses in the basic sciences will lay a strong foundation in biology, chemistry, and data analytics that are relevant to neuroscience. In behavioral neuroscience core courses, students will examine the structure and function of the human nervous system in order to explore brain mechanisms that give rise to behavioral functions, including cognitive processes, as well as pathological states. In philosophy courses, successful students will develop core analytics skills, including ethical reasoning; learn to recognize and question deep theoretical assumptions at the heart of scientific theories and practice; and explore the social and ethical dimensions of neuroscience and scientific practice more broadly. The fields of behavioral neuroscience and philosophy are further bridged with course work that is designed to enable students to apply neuroscientific concepts to philosophical, moral, and ethical questions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Behavioral Neuroscience Requirements

Code	Title	Hours
Behavioral Neuroscience Overview		
BNSC 1000	Behavioral Neuroscience at Northeastern [1]	1
EESC 2000	Professional Development for Co-op [2]	1
COS Foundations		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
BIOL 2299	Inquiries in Biological Sciences	4
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
CHEM 1161 and CHEM 1162	General Chemistry for Science Majors and Lab for CHEM 1161	5
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
PSYC 1101	Foundations of Psychology	4
Mathematics Foundation		
MATH 1251	Calculus and Differential Equations for Biology 1	4
or MATH 1341	Calculus 1 for Science and Engineering	
Statistics Foundation		
Complete one of the following. Students who receive transfer credit for the Advanced Placement Statistics exam may complete the 1 SH PSYC 2315 course (requires department permission).		4-5
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
PSYC 2320	Statistics in Psychological Research	
Behavioral Neuroscience Foundation		
PSYC 3200	Clinical Neuroanatomy	4
PSYC 3458	Biological Psychology	4
Psychology Elective		
Complete one of the following:		4
PSYC 1214	The Moral Mind: The Science Underlying Ethical Decision-Making and Virtuous Character	
PSYC 3404	Developmental Psychology	

PSYC 3406	Clinical Psychology and Mental Health	
PSYC 3450	Learning and Motivation	
PSYC 3451	Learning Principles and Behavior Analysis	
PSYC 3452	Sensation and Perception	
PSYC 3464	Psychology of Language	
PSYC 3466	Cognition	
PSYC 4524	Cognitive Development	
Behavioral Neuroscience Core Courses		
Complete two of the following:		8
BIOL 3415	Current Topics in Behavioral Neuroscience	
BIOL 3601	Neural Systems and Behavior	
BIOL 3605	Developmental Neurobiology	
BIOL 4705	Neurobiology of Cognitive Decline	
BIOL 5595	Cell and Molecular Neuroscience	
BIOL 5601	Multidisciplinary Approaches in Motor Control	
PSYC 3506	Neuropsychology of Fear	
PSYC 3508	Behavioral Endocrinology	
PSYC 3510	Brain, Behavior, and Immunity	
PSYC 4510	Psychopharmacology	
PSYC 4512	Neuropsychology	
PSYC 4514	Clinical Neuroscience	
PSYC 4570	Behavioral Genetics	
Upper-Division Elective		
Complete one course that is not already taken as long as pre-requisites have been met:		4
BNSC 4970 or higher		
BIOL 3403 or higher		
PSYC 3404 or higher		

1 Students entering through CSSH may take Philosophy at Northeastern (PHIL 1000).
2 Students entering through CSSH may take Professional Development for Co-op (EESH 2000).

Philosophy Requirements

Code	Title	Hours
Philosophy Foundation		
PHIL 1105	Science and Pseudoscience	4
or PHIL 3050	Information and Uncertainty	
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
Philosophy Restricted Electives		
Complete eight credits from the following list, not taken to fulfill other requirements:		8
PHIL 3305	Philosophy of Emotions	
PHIL 3360	Scientific Approaches to Philosophy	
PHIL 3435	Moral Philosophy	
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 4535	Philosophy of Mind	
PHIL 4555	Philosophy of Biology	
Additional Electives		
Complete two additional PHIL courses, not taken to fulfill other requirements.		8

Integrative Requirements

Code	Title	Hours
BIOL 4709	Neurobiology of Learning and Memory	4
or BIOL 5587	Comparative Neurobiology	
PHIL 4535	Philosophy of Mind	4
or PHIL 4555	Philosophy of Biology	

Writing Courses

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
ENGW 3307	Advanced Writing in the Sciences	4
or ENGW 3308	Advanced Writing in the Social Sciences	
or ENGW 3309	Advanced Writing in the Humanities	
or ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 16 credits of general electives.		16

Behavioral Neuroscience GPA Requirement

A minimum 2.000 GPA in all behavioral neuroscience courses is required.

Major Credit Hour Requirement

96 total semester hours required in major.

Program Requirement

130 total semester hours required

Plan of Study

Sample Plans of Study

FIVE YEARS, THREE CO-OPS

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Computer Science and Philosophy, BS

The computer science and philosophy combined major offers an opportunity to obtain a fluency in formal logic, including logical proofs and the ability to represent arguments clearly and evaluate them for cogency. Students will find that logic plays a fundamental role in computer science as they experience an in-depth programming foundation. The philosophy curriculum also focuses on oral and written communication, as well as ethical and social issues related to computing and information technologies.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or PHIL 1000	Philosophy at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 2800	Logic and Computation	4
CS 3000	Algorithms and Data	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 3800	Theory of Computation	4
CS 4500	Software Development	4
or CS 4530	Fundamentals of Software Engineering	
Khoury Elective		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be be taken for upper-division electives.		
Complete 8 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		8
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Philosophy Courses

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4

PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
or PHIL 2330	Modern Philosophy	
PHIL 4515	Advanced Logic	4
PHIL 5005	Information Ethics	4
or PHIL 5010	AI Ethics	
or PHIL 4050	Values and Sociotechnical Algorithmic Systems	
Critical Philosophy Elective		
Take one of the following courses not used to fulfill another requirement:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	
Philosophy Electives		
Take three additional PHIL courses not used to fulfill another requirement, at least one of which is 4000 or above.		12

Integrative Course Requirement

Code	Title	Hours
These courses will double count in other areas of your major:		
CS 3800	Theory of Computation	
PHIL 4515	Advanced Logic	

Computer Science English Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one course from the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 44 semester hours of general electives.		44

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Interpreting Culture
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Students must arrange to take a NUpath capstone using either a course in CS, CY, DS, IS or PHIL, or as a general elective.

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

Plan of Study

Computer Science and Politics, Philosophy, and Economics, BS

Politics, philosophy, and economics bring together three important frameworks from the humanistic social sciences for understanding the world around us. Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor, drawing on concepts and methods from mathematics, logic, science, and engineering. This interdisciplinary degree thus provides multiple perspectives and a set of skills that are indispensable in our increasingly interconnected world and essential in addressing the kinds of complex global problems future leaders need to tackle.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice and Philosophy, BS

The School of Criminology and Criminal Justice and the Department of Philosophy and Religion offer a combined major in criminal justice and philosophy. This combined major educates students in criminal justice and philosophy and in the interface between the two disciplines. The scope and sequence of philosophy courses provide students with a foundation in topics such as social and political philosophy, philosophy of law, and moral philosophy, while also offering students an opportunity to develop robust analytical and evaluative skills. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should have depth of knowledge with respect to analyzing and addressing criminal behavior, as well as with respect to the philosophical and ethical aspects of topics such as law, punishment, justice, and social institutions.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Crime Problems and Criminal Justice Institutions		
The 2000-level courses below ask how justice works and for whom and introduce students to the systems and institutions tasked with providing justice. Each one includes experiential learning components in cooperation with local criminal justice institutions. The 3000-level courses below offer students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
These courses consider systemic issues facing the criminal justice system.		
Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	

CRIM 3120	Race, Crime, and Justice	
Creating Knowledge About Crime and Justice		
How do we know what we know about crime and justice—and how do we develop new knowledge? These courses study how to harness data to learn about issues, identify solutions, and advocate for change.		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Co-op Integration Seminars		
Co-op students should complete the seminars below. Non–co-op students should complete a 4-semester-hour CRIM elective.		
Complete two of the following. EESH 2000 and CRIM 3000 are required for the first co-op. CRIM 4000 is required if a second co-op is taken.		2-4
EESH 2000	Professional Development for Co-op	
CRIM 3000	Co-op Integration Seminar 2	
CRIM 4000	Co-op Integration Seminar 3	
Solutions and Reform		
How do we reinvent criminal justice institutions and their practice? The capstone experience is project based and solution oriented, drawing on knowledge gained in the classroom and through co-op and other experiences.		
CRIM 4949	Senior Capstone Seminar	4
Criminal Justice Elective		
These courses round out our knowledge of crime and justice.		
Complete one additional CRIM elective from the 3000, 4000, or 5000 level.		4

Philosophy Requirements

Code	Title	Hours
Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2303	Social and Political Philosophy	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4
Advanced Philosophy Electives		
Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement and at least one at the 4000 or 5000 level.		12
Philosophy 4000/5000 Elective		
Complete one of the following not used to satisfy other requirements:		4
PHIL 4500	Theory of Knowledge	
PHIL 4510	Philosophy of Science	
PHIL 4515	Advanced Logic	
PHIL 4535	Philosophy of Mind	
PHIL 4550	Philosophy of Economics	
PHIL 4555	Philosophy of Biology	
PHIL 4903	Seminar in Religion	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	
Critical Philosophy Elective		
Complete one of the following not used to fulfill other requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	

PHIL 3822	Philosophy of Race and Racism	
Philosophy Electives		
Complete one additional PHIL course not used to fulfill other requirements.		4

Integrative Requirement

Code	Title	Hours
One integrative course is required for each discipline. Courses taken as electives above may not be used as integrative courses.		
Philosophy Integrative Course		
PHIL 2301	Philosophical Problems of Law and Justice	4
Criminal Justice Integrative Course		
CRIM 1400	Human Trafficking	4

Criminal Justice and Philosophy Major Credit Requirement

Complete 88 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Data Science and Philosophy, BS

Overview

The data science and philosophy combined major offers an opportunity to obtain a fluency in formal logic, including logical proofs and the ability to represent arguments clearly and evaluate them for cogency. Students will find that logic plays a fundamental role in computer science as they experience an in-depth programming foundation. Students study the collection, manipulation, storage, retrieval, and computational analysis of data in its various forms, including numeric, textual, image, and video data from small to large volumes. The philosophy curriculum also focuses on oral and written communication, as well as ethical and social issues related to data storage, usage, manipulation, and presentation.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Data Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or PHIL 1000	Philosophy at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Programming Sequence Pathways		
Complete one of the following options:		12
Computer Science Option		
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	
Data Science Option		
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
DS 2500 and DS 2501	Intermediate Programming with Data and Lab for DS 2500	
DS 3500	Advanced Programming with Data	
Computer Science Required Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 3200	Database Design	4
Data Science Foundations		
DS 3000	Foundations of Data Science	4
DS 4200	Information Presentation and Visualization	4
DS 4300	Large-Scale Information Storage and Retrieval	4
DS 4400	Machine Learning and Data Mining 1	4
DS 4420	Machine Learning and Data Mining 2	4
or DS 4440	Practical Neural Networks	
Khoury Elective Courses		

With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.

Complete 4 SH of CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:	4
CS 2500 or higher, except CS 5010	
CY 2000 or higher, except CY 4930	
DS 2500 or higher, except DS 4900	
IS 2000 or higher, except IS 4900	

Philosophy Requirements

Code	Title	Hours
PHIL 1115	Introduction to Logic	4
PHIL 1145	Technology and Human Values	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
or PHIL 2330	Modern Philosophy	
PHIL 4515	Advanced Logic	4
Philosophy Electives		
Complete four additional PHIL courses, at least one of which is 4000 or above.		16

Integrative Requirement

Code	Title	Hours
PHIL 3050	Information and Uncertainty	4
or PHIL 1300	Knowledge in a Digital World	
or PHIL 2001	Ethics and Evolutionary Games	
PHIL 5005	Information Ethics	4
or PHIL 4050	Values and Sociotechnical Algorithmic Systems	
or PHIL 5010	AI Ethics	

Supporting Courses

Code	Title	Hours
Mathematics Requirement		
MATH 1341	Calculus 1 for Science and Engineering	4
Statistics Foundation		
ECON 2350	Statistics for Economists	4

Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 28 semester hours of general electives.		28

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Exploring Creative Expression and Innovation
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Understanding Societies and Institutions

- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Writing-Intensive in the Major
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, IS courses

Program Requirement

130 total semester hours required

Plan of Study

Sample Plan of Study: Four Years, Two Co-ops in Summer 2/Fall

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours
CS 1200 or PHIL 1000	1	CS 3200	4	MATH 1341	4	Elective	4

Economics and Philosophy, BS

Both philosophy and economics are the disciplines of critical thinking—thinking in concrete and abstract terms to help put the world in perspective. The combined economics and philosophy major provides students with training to critically evaluate and assess policies and issues on both economic and ethical grounds, including issues such as globalization, immigration, environmental protections, the minimum wage, a fair and just tax, just working environments, and many more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Overview and Supporting Courses

Code	Title	Hours
Introduction to College		
Complete one of the following:		
ECON 1000	Economics at Northeastern	1
or PHIL 1000	Philosophy at Northeastern	
Supporting Courses		
Complete one of the following. It is recommended that MATH 1241 or higher is chosen:		4
MATH 1231	Calculus for Business and Economics	
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	

Economics Requirements

Code	Title	Hours
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2350	Statistics for Economists	4
ECON 2560	Applied Econometrics	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete two ECON elective courses from the following ranges with no more than one in the ECON 1200-1999 range. Additionally, ECON 3520 may not be used as an ECON elective:		8
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		

Philosophy Requirements

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4

PHIL 2330	Modern Philosophy	4
Advanced Philosophy Elective		
Complete one PHIL course with a designation of 3000 or above not used to satisfy another requirement.		4
Critical Philosophy Elective		
Take one of the following courses not used to fulfill another requirement:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy	
PHIL 2619	Race and Religion in Film	
PHIL 3500	Sexuality, Gender, and the Law	
PHIL 3822	Philosophy of Race and Racism	
Additional Electives		
Complete two additional electives in philosophy or religion. At least one must be numbered 2000 or above.		8

Integrative Requirements

Code	Title	Hours
Complete the capstone and one of the other courses listed below that has not been used in the above requirements.		
Capstone		
PHIL 4550	Philosophy of Economics	4
Choose one additional integrative course:		4
PHIL 3435	Moral Philosophy	
or PHIL 4500	Theory of Knowledge	
or PHIL 4510	Philosophy of Science	
or PHIL 5001	Global Justice	
or PHIL 5002	Ethics and Public Policy	

Major GPA/Credit Requirement

Complete 76 semester hours in the major.

Grades in the following four Economics courses must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
ECON 2560	Applied Econometrics	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Total Hours: 129

Physics and Philosophy, BS

The combined major in physics and philosophy provides a strong foundation in classical and modern physics, including studies of the various physical phenomena including electromagnetism, dynamics, building blocks of matter, energy, and radiation. It also provides students with an understanding of the methods and traditions of philosophical thought, as well as with opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Students will be able to describe the method by which physical "law" is made manifest in the sciences, how this knowledge compares with other epistemological models studied in other contexts, and philosophical views on the status and source of physical "law."

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Physics and Philosophy Major Credit Requirement

Complete 98 semester hours in the major.

Program Requirement

132 total semester hours required

Plan of Study

Notes on Physics Plans of Study

Some required physics courses are offered in both fall and spring semesters, while other required courses are offered less frequently. Therefore, the suggested plan of study will vary from student to student, depending on the year of entry for that student.

See course offering schedule at the end of the plans of study.

Please contact your academic advisor for additional information and plans of study.

OFFERING SCHEDULE (SUBJECT TO CHANGES)

- Modern Physics (PHYS 2303) offered every fall, spring, and summer 2
- Electronics (PHYS 2371)/Lab for PHYS 2371 (PHYS 2372) offered every fall
- Advanced Physics Laboratory (PHYS 3600) offered every summer 1 and summer 2
- Classical Dynamics (PHYS 3601) offered spring and fall (even years)
- Electricity and Magnetism 1 (PHYS 3602) offered every fall and spring
- Electricity and Magnetism 2 (PHYS 3603) offered fall (even years) and summer 1 (odd years)
- Quantum Mechanics (PHYS 4115) offered every fall and spring
- Thermodynamics and Statistical Mechanics (PHYS 4305) offered every spring and summer 2 (even years)
- Biological Physics 1 (PHYS 4621) offered spring (odd years) and fall (even years)
- Medical Physics (PHYS 4623) offered summer 1 and fall (even years)
- Medical Physics Seminar 1 (PHYS 4651) offered spring and fall (odd years)
- Medical Physics Seminar 2 (PHYS 4652) offered every spring
- Principles of Experimental Physics (PHYS 5318) offered every spring

Political Science and Philosophy, BS

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete two of the following:		8
POLS 2325	Ancient Philosophy and Political Thought

Politics, Philosophy, and Economics, BS

Website (https://cssh.northeastern.edu/ppe/)

617.373.3636
617.373.4359 (fax)

The PPE major at Northeastern University brings together three of the most important approaches to understanding the world around us: political science, philosophy, and economics. This major is an interdisciplinary degree that not only provides students with the analytic tools from three different disciplines but also is designed to teach students to make connections across disciplines and to keep multiple perspectives in mind when analyzing complex social phenomena. This interdisciplinary perspective and set of skills are indispensable in our increasingly interconnected world and are essential in addressing the kinds of complex global problems future leaders will need to tackle.

Students may choose from several concentrations in accordance with their own backgrounds and interests. These include:

- Environment and energy policy
- International political economy
- Law and justice
- Logic and game theory
- Political philosophy
- Public and economic policy
- Racial justice

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Politics, Philosophy, and Economics Major Requirements

Ethics, Minor

The Department of Philosophy and Religion offers a minor in ethics for students who are interested in exploring the ethical dimensions of contemporary issues. From medicine and the environment to business and religion, the minor provides a range of courses that speak to issues you care about and provides you with the tools to explore them. The minor includes courses in ethical theory (e.g., moral philosophy, social and political philosophy, and philosophical problems of law and justice); applied ethics (e.g., environmental ethics, business ethics, moral and social problems in healthcare, and technology and human values); and religious ethics (e.g., ethics east and west and cults and sects). It emphasizes developing critical analytical and evaluative skills.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete four courses from the following list, two of which must be at or above the 2000 level:		16
PHIL 1102	Introduction to Contemporary Moral Issues	
PHIL 1106	Ethics and Politics of Work	
PHIL 1111	Introduction to World Religions	
PHIL 1112	Debating Ethical Controversies	
PHIL 1120	Understanding the Bible	
PHIL 1130	Comparative Ethics	
PHIL 1133	Selling Spirituality	
PHIL 1145	Technology and Human Values	
PHIL 1160	Introduction to Economic Justice	
PHIL 1162	Ethics and Philosophy through Sport	
PHIL 1165	Moral and Social Problems in Healthcare	
PHIL 1170	Business, Ethics, and Human Rights	
PHIL 1180	Environmental Ethics	
PHIL 1185	The Ethics of Food	
PHIL 1195	Research Ethics	
PHIL 1220	The Meaning of Death	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 1300	Knowledge in a Digital World	
PHIL 1666	The Problem of Evil in Film

PHIL 5005	Information Ethics	
PHIL 5010	AI Ethics	

GPA Requirement

2.000 GPA required in the minor

Philosophy, Minor

Philosophy addresses questions and theories related to morality, society, religion, and the natural and social sciences. Course work in philosophy provides students with an understanding of the methods and traditions of philosophical thought, as well as opportunities to critically and collaboratively reflect on the nature of the world and the human situation in it. Through readings, discussion, and writing, students examine questions concerning the validity of moral judgments, political ideas, and scientific theories, as well as questions about values and social policy in such areas as law, medicine, and technology.

Course work in philosophy significantly strengthens study in other areas. Many students find that their studies in their major can be beneficially supplemented by pursuing studies in philosophy. Declaring a minor in philosophy will allow you to continue your philosophical studies throughout your time at Northeastern University.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

Elective Courses

Code	Title	Hours
Complete three courses in philosophy and religion.		12

GPA Requirement

2.000 GPA required in the minor

Religious Studies, Minor

The religious studies minor provides a short form of the religious studies major that can be tailored to the needs of the student.

The minor in religious studies offers the opportunity to acquire an understanding of religion within various contexts through comparative approaches and an engagement with religion in everyday life. Through the minor, a student will enhance their ability to think critically about a range of religious traditions through diverse methodological approaches.

Minor Requirements

Complete all courses listed below unless otherwise indicated.

Required Course

Code	Title	Hours
PHIL 1110	Introduction to Religious Studies	4

Electives

Code	Title	Hours
Complete three of the following; at least one must be 2000-level or higher:		12
PHIL 1104	Goddesses, Witches, Saints, and Sinners: Women and Religion	
PHIL 1111	Introduction to World Religions	
PHIL 1120	Understanding the Bible	
PHIL 1133	Selling Spirituality	
PHIL 1220	The Meaning of Death	
PHIL 1260	Apocalypticism in Film	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 1275	Hinduism, Buddhism, and Beyond	
PHIL 1280	Islam: Rituals, Traditions, and Debates	
PHIL 1285	Jewish Religion and Culture	
PHIL 1290	Chinese Philosophy and Religion	
PHIL 1666	The Problem of Evil in Film	
PHIL 1667	Science Fiction and Film: Moral Dilemmas and Ethical Analysis	
PHIL 2230	Music and Religion	
PHIL 2390	Cults and Sects	
PHIL 2395	Japanese Buddhism	
PHIL 2410	Possession, Sacrifice, and Divination in African Diasporic Religions	
PHIL 2619	Race and Religion in Film	
PHIL 3100	The Religious Worlds of Boston: Faith and Devotion in Urban Life	
PHIL 4903	Seminar in Religion

Political science teaches the art and science of politics in the United States and throughout the world. Experiential opportunities include a seven-week summer program at the United Nations in Geneva, Switzerland, and internships at the White House or in the British Parliament. Majors may write opinion pieces for a student political journal or participate in one of the top Model NATO League teams in the United States. Political science is a discipline and a subject of study that has worldwide applications and exciting and experiential job opportunities. Politics matter wherever there are groups of people trying to get things done.

Political science majors start their journey with core courses on American government, comparative politics, international relations, and research methods. After that, students choose from a wide variety of courses on specific topics from international security to legal studies to public policy.

Political science co-ops include responsible positions in local, state, and federal government agencies; law firms; nonprofit institutions; and corporations. Many students complete either a co-op position or an internship with a congressional representative, a senator, a governor or other elected public officials, or at an international organization or nonprofit.

Political science students are among the most active on campus through extracurricular programs designed to expand their leadership ability, including the Political Science Student Association, International Relations Council, Pi Sigma Alpha honor society, Model United Nations, Model Arab League, Model NATO, student government, College Democrats and Republicans, and other student groups. With these experiences on their resumés, students are prepared to succeed in law school; graduate school; careers in government and the nonprofit sector; as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and nongovernmental organizations.

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 88).”

PlusOne Program (MA) in Political Science

Political science majors at the end of their sophomore year or the beginning of their junior year may qualify for application to the PlusOne program that combines the BA with the master’s degree in political science. Students interested in this option should consult with the departmental graduate coordinator.

Programs

Bachelor of Arts (BA)

- Political Science (p. 2398)
- Africana Studies and Political Science (p. 1889)
- English and Political Science (p. 2056)
- Environmental Studies and Political Science (p. 1500)
- History and Political Science (p. 2133)
- Journalism and Political Science (p. 421)
- Media and Screen Studies and Political Science (p. 344)
- Political Science and Communication Studies (p. 311)
- Political Science and Economics (p. 1964)
- Political Science and Human Services (p. 2448)
- Political Science and International Affairs (p. 2248)
- Political Science and Philosophy (p. 2327)
- Sociology and Political Science (p. 2467)

Bachelor of Science (BS)

- Political Science (p. 2472)
- Biology and Political Science (p. 1401)
- Computer Science and Political Science (p. 839)
- Computer Science and Politics, Philosophy, and Economics (p. 845)
- Criminal Justice and Political Science (p. 1847)
- Mathematics and Political Science (p. 1548)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p.)

Political Science, BA

The Bachelor of Arts in Political Science provides a set of introductory courses to the discipline, followed by methodology courses, electives, and a capstone course. Students explore and analyze the many facets of American government, comparative politics, international relations, and political philosophy. With elective courses, students may choose from among a number of concentrations or follow their own curricular path. At the college level the Bachelor of Arts includes a foreign language requirement.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Introduction to College

Complete “Introduction to College” for your major.

Africana Studies and Political Science, BA

The combined major in Africana studies and political science offers students the opportunity to integrate their studies of both disciplines and explore the historical, practical, and theoretical relationships between the two disciplines. In addition to considering the significant points of contention, students explore the ways in which insights from Africana studies can be brought to bear on the disciplinary issues and questions of political science. Within the combined major, students may also choose to concentrate their studies on a range of topics related to political behaviors and institutional developments in the United States, the Americas, Europe, Africa, and across the global African Diaspora.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English and Political Science, BA

The Department of English and the Department of Political Science offer an interdisciplinary combined major in English and political science. Students in the combined major in English and political science integrate the study of literature and writing with the study of political issues and problems.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours
Foundational Courses		
ENGL 1400	Introduction to Literary Studies	4
ENGL 1160	Introduction to Rhetoric	4
or ENGL 1410	Introduction to Research on Writing	
ENGL 1700	Global Literatures 1	4
or ENGL 1701	Global Literatures 2	

English Electives

Two of the courses chosen from the lists below must be at the 3000 or 4000 level.

Code	Title	Hours
Diversity		
Complete one course from the following. You may reuse this course to fulfill an additional English requirement below.		4
ENGL 2150	Literature and Digital Diversity	
ENGL 2296	Early African-American Literature	
ENGL 2450	Postcolonial Literature	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2760	Writing in Global Contexts	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
ENGL 3685	Modern and Contemporary Jewish Literature	
Literary Periods		
Pre-19th Century Literature		
Complete one course from the following:		4
ENGL 1600	Introduction to Shakespeare	
ENGL 2296	Early African-American Literature	
ENGL 3101	Early Literatures	
ENGL 3120	17th- and 18th-Century Literatures	
ENGL 3618	Milton	
ENGL 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	
or JWSS 3678	Bedrooms and Battlefields: Hebrew Bible and the Origins of Sex, Gender, and Ethnicity	

19th/20th/21st Century Literature		
Complete one of the following courses:		4
19th Century		
ENGL 2330	The American Renaissance	
ENGL 3140	19th-Century Literatures	
ENGL 3190	Topics in 19th-Century American Literature	
ENGL 3619	Emerson and Thoreau	
ENGL 3720	19th-Century Major Figure	
20th/21st Century		
ENGL 2301	The Graphic Novel	
ENGL 2440	The Modern Bestseller	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 3161	20th- and 21st-Century Literatures	
ENGL 3685	Modern and Contemporary Jewish Literature	
or JWSS 3685	Modern and Contemporary Jewish Literature	
ENGL 3730	20th- and 21st-Century Major Figure	
Theories and Methods		
Complete one of the following:		4
ENGL 1140	Grammar: The Architecture of English	
ENGL 1160	Introduction to Rhetoric	
ENGL 1410	Introduction to Research on Writing	
ENGL 2150	Literature and Digital Diversity	
ENGL 3325	Rhetoric of Law	
ENGL 3381	The Practice and Theory of Teaching Writing	
ENGL 3400	Opening the Archive	
ENGL 3700	Narrative Medicine	
LING 1150	Introduction to Language and Linguistics	
LING 2350	Linguistic Analysis	
LING 3450	Syntax	
LING 3452	Semantics	
LING 3454	History of English	
LING 3456	Language and Gender	
LING 3458	Topics in Linguistics	
Comparative Course		
Complete one of the following courses:		4
ENGL 1450	Reading and Writing in the Digital Age	
ENGL 1500	British Literature to 1800	
ENGL 1502	American Literature to 1865	
ENGL 2150	Literature and Digital Diversity	
ENGL 2420	Contemporary Poetry	
ENGL 2430	Contemporary Fiction	
ENGL 2455	American Women Writers	
ENGL 2470	Asian-American Literature	
ENGL 2510	Horror Fiction	
ENGL 2520	Science Fiction	
ENGL 2600	Irish Literary Culture (Abroad)	
ENGL 2620	What Is Nature?	
ENGL 2690	Boston in Literature	
ENGL 3487	Film and Text (Abroad)	
Writing		
Complete one of the following:		4
ENGL 2700	Creative Writing	
ENGL 2710	Style and Editing	
ENGL 2730	Digital Writing	

ENGL 2740	Writing and Community Engagement
ENGL 2760	Writing in Global Contexts
ENGL 2770	Writing to Heal
ENGL 2850	Writing for Social Media: Theory and Practice
ENGL 3375	Writing Boston
ENGL 3376	Creative Nonfiction
ENGL 3377	Poetry Workshop
ENGL 3378	Fiction Workshop
ENGL 3380	Writing Seminar
ENGL 3384	The Writer's Marketplace

English Electives

Complete any two ENGL courses that have not already been used to fulfill another requirement.	8

Political Science Requirements

Code	Title	Hours
Foundational Courses		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete one of the following:		4

POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete three courses in the following range:		12
POLS 2000 and above that are not fulfilling other POLS requirements		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 2059)
- Campaigns and Elections (p. 2059)
- Comparative Politics (p. 2059)
- Identity, Culture, and Politics (p. 2060)
- International Relations and Diplomacy (p. 2060)
- Law and Legal Studies (p. 2060)
- Public Policy (p. 2061)
- Security Studies (p. 2061)

Supporting Courses for Political Science

Code	Title	Hours
Complete one of the following to fulfill the prerequisite for POLS2400:		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	

Integrative Requirements

Code	Title	Hours
English Integrative Requirement		
Complete one of the following:		4

ENGL 2740	Writing and Community Engagement	
ENGL 3426	British and American Literature and Politics	
Political Science Integrative Requirement		
Complete one of the following:		4
POLS 2368	Music and Politics in America and Abroad	
POLS 3320	Politics and Mass Media	
Capstone		
Complete one of the following:		4
ENGL 4710	Capstone Seminar	
or ENGL 4720	Capstone Project	
POLS 4701	Political Science Senior Capstone	
or POLS 4703	Senior Thesis	

Major Credit Requirement

88 semester hours required in the major

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics

Environmental Studies and Political Science, BA

In this combined major, students develop an awareness of the scientific, cultural, societal, and political aspects of the world's environmental problems through the lens of geopolitical decisions, public policy, and environmental regulations. Due to overlap in course content, students majoring in Environmental Studies or any Environmental Studies combined majors may not complete a minor in Environmental and Sustainability Sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Environmental Studies Requirements

Code	Title	Hours
Introductory Courses		
Introductory Science		
Choose one of the following:		4-5
ENVR 1101	Environmental Science	
ENVR 1200 and ENVR 1201	Dynamic Earth and Lab for ENVR 1200	
ENVR 1400 and ENVR 1401	Foundations in Environmental and Sustainability Sciences and Lab for ENVR 1400	
Introductory Social Science		
Choose one of the following:		4
ANTH 1101	Peoples and Cultures	
ENVR 2401	Food Justice and Community Development	
PHIL 1180	Environmental Ethics	
SOCL 1246	Environment and Society	
Scientific Foundations of Environmental Systems		
Choose one of the following:		4

[1] Earth and Environmental Science Capstone (ENVR 4900) is also an option to fulfill the capstone requirement of this program. Students who complete 1 SH Earth and Environmental Science Capstone (ENVR 4900) must still complete a minimum of 128 SH to meet degree requirements.

History and Political Science, BA

The Department of History and the Department of Political Science offer an interdisciplinary combined major in history and political science. Students interested in the combined major integrate the study of political systems and theories with the study and analysis of human history.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Major Requirements

Code	Title	Hours
History Colloquium		
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4

Journalism and Political Science, BA

This interdisciplinary combined major offers students an opportunity to integrate the study and practice of journalism and political science. Successful students will gain a deep understanding of both disciplines, allowing them to seek out areas such as political writing, campaigns, and law school.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Creative Expression/Innovation (CI), Interpreting Culture (IC), Understanding Societies and Institutions (SI), Analyzing and Using Data (AD), Engaging Difference and Diversity (DD), and Employing Ethical Reasoning (ER) are met through the major requirements. All other Nupath requirements must be met through electives.

Journalism Major Requirements

Code	Title	Hours
Journalism Introductory Course		
JRNL 1150	Understanding Today's News	4
Journalism Foundations		
Must receive a C or better in the following:		
JRNL 1101 and JRNL 1102	Journalism 1: Fundamentals of Reporting and Writing and Journalist's Toolbox	5
JRNL 2201	Journalism 2: Intermediate Reporting	4
JRNL 2301	Visual Storytelling in Journalism	4

Political Science and Communication Studies, BA

The combined major in political science and communication studies offers students the opportunity to integrate the study of politics and government with different forms and mediums of communication. Students complete the core courses in political science along with core courses in communication studies that cover public speaking and persuasion. This combined major highlights the important role played by different forms of communication in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4

Media and Screen Studies and Political Science, BA

The Media and Screen Studies Program and the Department of Political Science offer a combined major in media and screen studies and political science. The combined major integrates the analysis, research, and production of traditional and emerging media along with courses on American government, comparative politics, international relations, and research methods.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI) and Difference and Diversity (DD) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media Studies Requirements

Code	Title	Hours
Media and Screen Studies Common Requirements		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	
Foundation Course		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
Diversity or Globalization Course		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
Writing-Intensive		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following (NUpath capstone recommendation: Complete MSCR 4623 as one of your MSCR electives if a political science capstone is not taken for a political science elective):		12
ARTD 2380	Video Basics	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video	
COMM 1450	Sound Production for Digital Media	
COMM 2550	Television Field Production	
COMM 2655	Television Studio Production	
COMM 3655	Digital Editing for TV	
COMM 3750	Special Effects and Postproduction for Television	
COMM 4755	Production Capstone	

Political Science Requirements

Code	Title	Hours
Required Courses		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Elective Courses		
Complete four POLS courses or complete a concentration.		16

Political Science Concentration (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record:

- American Political Institutions (p. 346)
- Campaigns and Elections (p. 346)
- Comparative Politics (p. 346)
- Identity, Culture, and Politics (p. 347)
- International Relations and Diplomacy (p. 347)
- Law and Legal Studies (p. 347)
- Public Policy (p. 347)
- Security Studies (p. 348)

Integrative Requirements

Code	Title	Hours
Required Courses		
MSCR 3437	Media and Identity	4
or COMM 3320	Political Communication	
POLS 3320	Politics and Mass Media	4

Capstone Requirement

Code	Title	Hours
Complete one of the following courses (this course will also fulfill either a MSCR elective or a POLS elective):		4
MSCR 4623	Media and Screen Studies Capstone	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

Media and Screen Studies Grade Requirement

No more than two grades below a C in media and screen studies courses may be used to satisfy degree requirements.

Program Requirement

128 total semester hours required

Political Science and Economics, BA

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete four courses POLS 2000 to POLS 5999		16

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below.

- American Political Institutions (p. 1966)
- Campaigns and Elections (p. 1966)
- Comparative Politics (p. 1966)
- Identity, Culture, and Politics (p. 1967)
- International Relations and Diplomacy (p. 1967)
- Law and Legal Studies (p. 1967)
- Public Policy (p. 1967)
- Security Studies (p. 1968)

Economics Requirements for BA

Code	Title	Hours
Breadth Courses		
Calculus		
It is recommended that MATH 1241 or higher is chosen.		
MATH 1231	Calculus for Business and Economics	4

or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 3520	History of Economic Thought	4
Economics Electives		
Complete 3 Economics elective courses that are found in the following ranges, with no more than 1 in the ECON 1200 to ECON 1999 range. Additionally, ECON 3520 may not be used as an Economics elective:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Supporting Courses

Complete either of the statistics and departmental elective combinations listed below:

COMBINATION A

Code	Title	Hours
Statistics		
POLS 2400	Quantitative Techniques	4
Economics		
Complete one course within the following ranges, excluding ECON 3520. This course may not also be used as an Economics elective.		4
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

COMBINATION B

Code	Title	Hours
Statistics		
ECON 2350	Statistics for Economists	4
Political Science		
Complete one course in the following range:		4
POLS 2401 to POLS 5999		

Integrative Requirements

Code	Title	Hours
Senior Seminar/Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	

POLS 4701	Political Science Senior Capstone
POLS 4703	Senior Thesis

Combined Major GPA/Credit Requirement

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
or POLS 2400	Quantitative Techniques	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

Total Hours: 128

Political Science and Human Services, BA

The combined degree is designed to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students prepare for fields in the social change arena (nongovernment organizations [NGOs], counseling, and political advocacy). Political science students prepare to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-aboard opportunities. Upon completion of the degree, successful students apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are positioned to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete three courses in the following range:		12
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 2450)
- Campaigns and Elections (p. 2450)
- Comparative Politics (p. 2450)
- Identity, Culture, and Politics (p. 2450)
- International Relations and Diplomacy (p. 2451)
- Law and Legal Studies (p. 2451)
- Public Policy (p. 2451)
- Security Studies (p. 2451)

Supporting Course for Political Science

Code	Title	Hours
Mathematics		
Complete one of the following to fulfill the prerequisite for POLS 2400:		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	

Human Services Requirements

Political Science and International Affairs, BA

Through this combined major, undergraduates will develop an awareness of global affairs and international relations since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; political processes, institutions, and actors; and state-society relations (democracy, authoritarianism, inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2400	Quantitative Techniques	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

Political Science Electives/Concentration for BA

Complete four upper-division political science electives, or complete one of the following concentrations. If you are working toward a concentration, declare it with your adviser in order for it to be added to your record.

ELECTIVES

Code	Title	Hours
Political Science Electives		
Complete four political science courses at or above POLS 2000.		16

CONCENTRATION LIST

- American Political Institutions (p. 2253)
- Campaigns and Elections (p. 2253)
- Comparative Politics (p. 2254)
- Identity, Culture, and Politics (p. 2254)
- International Relations and Diplomacy (p. 2254)
- Law and Legal Studies (p. 2254)
- Public Policy (p. 2255)
- Security Studies (p. 2255)

Supporting Course for Political Science

Code	Title	Hours
Mathematics		
Complete one of the following to fulfill the prerequisite for POLS2400		4
MATH 1213	Interactive Mathematics	
MATH 1215	Mathematical Thinking	
MATH 1231	Calculus for Business and Economics	
MATH 1241	Calculus 1	
MATH 1251	Calculus and Differential Equations for Biology 1	
MATH 1341	Calculus 1 for Science and Engineering	
MATH 1342	Calculus 2 for Science and Engineering	

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement. See department for additional courses.

Code	Title	Hours
Required Courses

Political Science and Philosophy, BA

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4

Sociology and Political Science, BA

The combined major in sociology and political science offers students the opportunity to integrate the study of politics and government with an analysis of social systems. Students complete core courses in political science along with core courses in sociology that include social theory and an introduction to social systems. This combined major highlights the important intersection between social norms and organizations with the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Requirements

Code	Title	Hours
Sociology Required Courses		
SOCL 1101	Introduction to Sociology	4
SOCL 3270	Race, Ethnicity, and Inequality	4
SOCL 3300	Social Theory	4
SOCL 3468	Social Movements	4
Sociology Introductory Electives		
Complete three courses in the following range:		12
SOCL 1200 to SOCL 1999		
Sociology Intermediate Elective		
Please note that SOCL 3270, SOCL 3300, and SOCL 3468 may not be used to fulfill this requirement as they are required for the major. Complete one course in the following range:		4
SOCL 2000 to SOCL 3999		
Sociology Advanced Elective		
Complete one course in the following range:		4
SOCL 4000 to SOCL 5999		
Statistics and Methods		
Complete one of the following sets:		8
SOCL 2320 and SOCL 2321	Statistical Analysis in Sociology and Research Methods in Sociology	
POLS 2400 and POLS 2399	Quantitative Techniques and Research Methods in Political Science	

Political Science Requirements

Political Science, BS

The Bachelor of Science in Political Science provides a set of introductory courses to the discipline, followed by methodology courses, electives, and a capstone course. Students explore and analyze the many facets of American government, comparative politics, international relations, and political philosophy. With elective courses, students may choose from among a number of concentrations or follow their own curricular path.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Introduction to College

Complete “Introduction to College” for your major.

Political Science Major Requirements

Code	Title	Hours
Political Science Requirements

Total Hours: 130

Biology and Political Science, BS

In the BS biology and political science program, science courses lay the groundwork for strong basic training in mathematics, chemistry, and physics that are relevant to biology. In biology courses, students broadly explore the organization and processes of life—from molecules and cells through organs and organ systems to populations, ecosystems, and evolution. In political science courses, students pursue core concepts of American government, comparative politics, international relations and political thought. Coursework in quantitative techniques is also required. Students choose from a range of advanced subject electives. An appreciation of the intersection of biology and political science is provided through advanced courses in science, technology and public policy, and in environmental politics and policy.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Biology Requirements

Code	Title	Hours
Introduction to College		
BIOL 1000	Biology at Northeastern	1
or POLS 1000	Political Science at Northeastern	
Biology		
Foundations		
BIOL 1107 and BIOL 1108	Foundations of Biology and Lab for BIOL 1107	5
Inquiries		
BIOL 2299	Inquiries in Biological Sciences	4
Genetics		
BIOL 2301 and BIOL 2302	Genetics and Molecular Biology and Lab for BIOL 2301	5
Project Lab		
BIOL 2309	Biology Project Lab	4
Biochemistry		
BIOL 3611 and BIOL 3612	Biochemistry and Lab for BIOL 3611	5
Intermediate/Advanced Biology		
Complete one of the following:		4-5
BIOL 2327 to BIOL 3999		
BIOL 4705 to BIOL 5999		
Organismal and Evolutionary Biology Elective		
Complete one of the following:		4-5
BIOL 2327	Human Parasitology	
BIOL 3401	Comparative Vertebrate Anatomy	
BIOL 3413	Current Topics in Organismal and Population Biology	
EEMB 2302 and EEMB 2303	Ecology and Lab for EEMB 2302	
EEMB 2400	Introduction to Evolution	
EEMB 2700 and EEMB 2701	Marine Biology and Lab for EEMB 2700	
EEMB 3460	Conservation Biology	
EEMB 3466	Disease Ecology	
EEMB 3600	Animal Behavior	

Mathematics		
MATH 1341	Calculus 1 for Science and Engineering	4
Chemistry		
General Chemistry		
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for Science Majors and Lab for CHEM 1161 and Recitation for CHEM 1161	5
Organic Chemistry		
CHEM 2311 and CHEM 2312	Organic Chemistry 1 and Lab for CHEM 2311	5
CHEM 2313 and CHEM 2314	Organic Chemistry 2 and Lab for CHEM 2313	5
Physics		
PHYS 1145 and PHYS 1146	Physics for Life Sciences 1 and Lab for PHYS 1145	5
PHYS 1147 and PHYS 1148	Physics for Life Sciences 2 and Lab for PHYS 1147	5

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Statistics		
Complete one of the following:		4-5
POLS 2400	Quantitative Techniques	
ENVR 2500 and ENVR 2501	Biostatistics and Lab for ENVR 2500	
Political Thought		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete five POLS courses 2000 and above.		20

Political Science Concentration (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 1403)
- Campaigns and Elections (p. 1403)
- Comparative Politics (p. 1403)
- Identity, Culture, and Politics (p. 1404)
- International Relations and Diplomacy (p. 1404)
- Law and Legal Studies (p. 1404)
- Public Policy (p. 1404)
- Security Studies (p. 1405)

Integrative Requirement and Capstone

Note: Science, Technology, and Public Policy (POLS 2390) and Environmental Politics and Policy (POLS 2395) cannot be used both as an integrative course and as an elective above.

Code	Title	Hours
Integrative Requirement		
POLS 2390	Science, Technology, and Public Policy	4

or POLS 2395	Environmental Politics and Policy	
Capstone		
Complete one of the following to fulfill capstone requirement:		1-4
BIOL 4701	Biology Capstone	
BIOL 4900	Biology Research Capstone (concurrent with BIOL 4991 or 4994, which may be used toward Intermediate/Advanced Biology)	
BIOL 4971	Junior/Senior Honors Project 2	
POLS 4701	Political Science Senior Capstone	

Program Requirement

136 total semester hours required

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
Required Courses		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
Campaigns and Elections Electives		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
Theoretical Requirement		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
Regional Requirements		
Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4915	Model Arab League	

POLS 4918	Model NATO
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad

CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours
Core Course		
POLS 3418	Nationalism	4
Electives		
Complete three of the following:		12
POLS 2359	Immigration Politics	
POLS 2368	Music and Politics in America and Abroad	
POLS 2370	Religion and Politics	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3324	Law and Society	

CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY

Code	Title	Hours
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	
Core Courses		
Complete three of the following:		12
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 5408	International Security	

CONCENTRATION IN LAW AND LEGAL STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 2330	American Political Thought	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3323	Race, Inequality, and the Law	
or AFAM 3323	Race, Inequality, and the Law	
POLS 3324	Law and Society	
POLS 3406	International Law	
POLS 3409	Global Governance	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	

CONCENTRATION IN PUBLIC POLICY

Code	Title	Hours
Core Requirement		
POLS 3307	Public Policy and Administration	4
Electives		
Complete three of the following:		12
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2390	Science, Technology, and Public Policy	

POLS 2395	Environmental Politics and Policy
POLS 3425	U.S. Foreign Policy

CONCENTRATION IN SECURITY STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 3420	U.S. National Security Policy	
POLS 3423	Terrorism and Counterterrorism	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
POLS 5408	International Security	

Plan of Study

Please note that these are sample plans of study. While the requirements are the same for all students, individual schedules may vary.

Four Years, Two Co-ops in Spring/Summer 1

Year 1

Computer Science and Political Science, BS

The computer science and political science combined major offers both a strong computer science foundation and a deep understanding of global and societal needs. You will become an engaged citizen of the world, participating in interdisciplinary scholarship and translational research to address regional and global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or POLS 1000	Political Science at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
Khoury Elective Courses		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 12 semester hours of upper-division CS, CY, DS, or IS courses that are not already required. Choose courses within the following ranges:		12
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Political Science Courses

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4

Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Capstone		
POLS 4701	Political Science Senior Capstone	4
Political Science Electives		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record.

- American Political Institutions (p. 841)
- Campaigns and Elections (p. 841)
- Comparative Politics (p. 841)
- Identity, Culture, and Politics (p. 842)
- International Relations and Diplomacy (p. 842)
- Law and Legal Studies (p. 842)
- Public Policy (p. 843)
- Security Studies (p. 843)

Integrative Requirement

Code	Title	Hours
Integrative Requirement		
Complete one of the following:		4
POLS 2390	Science, Technology, and Public Policy	
POLS 3405	International Political Economy	
POLS 3406	International Law	

Supporting Course

Code	Title	Hours
Complete one of the following:		4
AFAM 2600	Issues in Race, Science, and Technology	
CY 4170	The Law, Ethics, and Policy of Data and Digital Technologies	
CY 5240	Cyberlaw: Privacy, Ethics, and Digital Rights	
ENGL 2150	Literature and Digital Diversity	
HIST 2220	History of Technology	
INSH 2102	Bostonography: The City through Data, Texts, Maps, and Networks	
IS 1300	Knowledge in a Digital World	
or PHIL 1300	Knowledge in a Digital World	
PHIL 1145	Technology and Human Values	
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4

ENGW 3302	Advanced Writing in the Technical Professions
ENGW 3308	Advanced Writing in the Social Sciences
ENGW 3311	Advanced Writing for Prelaw
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines

Required General Electives

Code	Title	Hours
Complete 28 semester hours of general electives.		28

Khoury College GPA Requirement

A minimum 2.000 GPA is required in all CS, CY, DS, and IS courses.

Computer Science and Political Science Major Credit Requirement

100 semester hours required in the major

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing in the First Year
- Writing-Intensive in the Major
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Program Requirement

133 total semester hours required

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
Required Courses		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
Campaigns and Elections Electives		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
Theoretical Requirement		
Complete two of the following:		8

POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
Regional Requirements		
Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad	

CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours
Core Course		
POLS 3418	Nationalism	4
Electives		
Complete three of the following:		12
POLS 2359	Immigration Politics	
POLS 2368	Music and Politics in America and Abroad	
POLS 2370	Religion and Politics	
POLS 3309	Lesbian, Gay, Bisexual, and Transgender Issues in Public Policy	
POLS 3324	Law and Society	

CONCENTRATION IN INTERNATIONAL RELATIONS AND DIPLOMACY

Code	Title	Hours
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4910	Model United Nations	
POLS 4915	Model Arab League	
POLS 4938	Dialogue of Civilizations: International Politics Abroad	
Core Courses		
Complete three of the following:		12
POLS 3405	International Political Economy	
POLS 3406	International Law	
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 5408	International Security	

CONCENTRATION IN LAW AND LEGAL STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 2330	American Political Thought	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3323	Race, Inequality, and the Law	
or AFAM 3323	Race, Inequality, and the Law	
POLS 3324	Law and Society	
POLS 3406	International Law	
POLS 3409	Global Governance	

POLS 4500	U.S. Constitutional Law
POLS 4505	U.S. Civil Liberties

CONCENTRATION IN PUBLIC POLICY

Code	Title	Hours
Core Requirement		
POLS 3307	Public Policy and Administration	4
Electives		
Complete three of the following:		12
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 2357	Growth and Decline of Cities and Suburbs	
POLS 2390	Science, Technology, and Public Policy	
POLS 2395	Environmental Politics and Policy	
POLS 3425	U.S. Foreign Policy	

CONCENTRATION IN SECURITY STUDIES

Code	Title	Hours
Complete four of the following:		16
POLS 3420	U.S. National Security Policy	
POLS 3423	Terrorism and Counterterrorism	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
POLS 5408	International Security

Computer Science and Politics, Philosophy, and Economics, BS

Politics, philosophy, and economics bring together three important frameworks from the humanistic social sciences for understanding the world around us. Computer science involves the application of theoretical concepts in the context of software development to the solution of problems that arise in almost every human endeavor, drawing on concepts and methods from mathematics, logic, science, and engineering. This interdisciplinary degree thus provides multiple perspectives and a set of skills that are indispensable in our increasingly interconnected world and essential in addressing the kinds of complex global problems future leaders need to tackle.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or PHIL 1000	Philosophy at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
CS 4500	Software Development	4
or CS 4530	Fundamentals of Software Engineering	
Khoury Elective		
With advisor approval, directed study, research, project study, and appropriate graduate-level courses may also be be taken for upper-division electives.		
Complete 4 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses from the following ranges:		4
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Politics, Philosophy, and Economics Courses

Complete at least four courses in each of the following subject areas: ECON, PHIL, and POLS.

Code	Title	Hours
Foundation Course		
PHIL 1160	Introduction to Economic Justice	4

Core Courses		
Philosophy		
PHIL 2303	Social and Political Philosophy	4
or PHIL 3822	Philosophy of Race and Racism	
PHIL 3435	Moral Philosophy	4
or PHIL 2325	Ancient Philosophy and Political Thought	
Political Science		
POLS 1150	American Government	4
or POLS 1155	Comparative Politics	
POLS 1160	International Relations	4
POLS 3405	International Political Economy	4
Economics		
ECON 1115	Principles of Macroeconomics	4
or ECON 1116	Principles of Microeconomics	
ECON 2315	Macroeconomic Theory	4
or ECON 2316	Microeconomic Theory	
Methods Course		
PHIL 3000	Interdisciplinary Methods for Politics, Philosophy, and Economics	4
Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
PHIL 4550	Philosophy of Economics	
PHIL 5001	Global Justice	
PHIL 5002	Ethics and Public Policy	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	
PPE Elective		
Complete one course from the following ranges:		4
ECON 1200 to ECON 1999		
ECON 3000 to ECON 4689		
ECON 4900 to ECON 4999		
ECON 5200 to ECON 5999		
PHIL 2000 to PHIL 5999		
POLS 2000 to POLS 5999		

Integrative Course Requirements

Code	Title	Hours
IS 4300	Human Computer Interaction	4
PHIL 1115	Introduction to Logic	4
POLS 2390	Science, Technology, and Public Policy	4

Supporting Courses

Code	Title	Hours
Statistics and Mathematics		
ECON 2350	Statistics for Economists	4
or POLS 2400	Quantitative Techniques	
or MATH 2280	Statistics and Software	
MATH 1231	Calculus for Business and Economics	4
or MATH 1341	Calculus 1 for Science and Engineering	

English Requirements

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4

or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3309	Advanced Writing in the Humanities	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 20 semester hours of general electives.		20

Khoury College GPA Requirement

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Understanding Societies and Institutions
- Employing Ethical Reasoning
- Writing in the First Year
- Advanced Writing in the Disciplines
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Criminal Justice and Political Science, BS

This combined major educates students in criminal justice and political science and in the interface between the two disciplines. The scope and sequence of political science courses provide students with a foundation in topics such as American government, comparative politics, international relations, and security and resilience. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students completing this program should be able to understand the relationships between the fields as they relate to understanding and addressing criminal behavior.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Understanding and Experiencing Criminal Justice Institutions and Systems		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
Crime Problems		
The following courses provide students a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Systemic Issues		
A consideration of systemic issues facing the criminal justice system.		

Complete one of the following:		4
CRIM 3110	Gender, Crime, and Justice	
CRIM 3120	Race, Crime, and Justice	
Digital Skills		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4 or 5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum (Social Science Practicum section)	

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	

Research Methods and Electives

Complete Option A, Option B, or Option C, below. *Note:* These options enable the student to take research methods courses (including statistics/quantitative techniques) as either CRIM courses or as POLS courses.

OPTION A

Code	Title	Hours
Research Methods		
CRIM 3600	Criminal Justice Research Methods	4
CRIM 3700	Analyzing and Using Data on Crime and Justice	4
Criminal Justice Electives		
Complete two additional courses in the following range:		8
CRIM 3001 to CRIM 5999		
Political Science Electives		
Complete five courses in the following range:		20
POLS 2000 to POLS 5999		

OPTION B

Code	Title	Hours
Research Methods		
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Criminal Justice Electives		
Complete three additional courses in the following range:		12
CRIM 3001 to CRIM 5999		
Political Science Electives		
Complete four courses in the following range:		20
POLS 2000 to POLS 5999		

OPTION C

Code	Title	Hours
Research Methods		
Complete one of the following sequences:		8
CRIM 3600 and POLS 2400	Criminal Justice Research Methods and Quantitative Techniques	
CRIM 3700 and POLS 2399	Analyzing and Using Data on Crime and Justice and Research Methods in Political Science	
Criminal Justice Electives		
Complete two additional courses in the following range:		8
CRIM 3001 to CRIM 5999		
Political Science Electives		
Complete four courses in the following range:		20
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p. 1850).

- American Political Institutions (p. 1850)
- Campaigns and Elections (p. 1850)
- Comparative Politics (p. 1850)
- Identity, Culture, and Politics (p. 1850)
- International Relations and Diplomacy (p. 1851)
- Law and Legal Studies (p. 1851)
- Public Policy (p. 1851)
- Security Studies (p. 1851)

Integrative Requirement

Code	Title	Hours
Senior Capstone Requirement		
CRIM 4949	Senior Capstone Seminar	4
or POLS 4701	Political Science Senior Capstone	
Due Process		
CRIM 1110	Criminal Due Process	4
Integrative Elective Courses		
Complete two of the following:		8
CRIM 1700	Crime, Media, and Politics	
CRIM 2310	Courts: The Third Branch of Government	
CRIM 4120	Courts and Sentencing	
POLS 3302	Judicial Process and Behavior	
POLS 3324	Law and Society	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	

Combined Major Credit Requirement

Complete 84 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Political Science Concentrations (Optional)

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Code	Title	Hours
Complete four of the following:		16
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3160	Campaign Strategy	

CONCENTRATION IN CAMPAIGNS AND ELECTIONS

Code	Title	Hours
Required Courses		
POLS 3160	Campaign Strategy	4
POLS 3302	Judicial Process and Behavior	4
Campaigns and Elections Electives		
Complete two of the following:		8
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3162	Local Campaigns and Elections	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 3320	Politics and Mass Media	

CONCENTRATION IN COMPARATIVE POLITICS

Code	Title	Hours
Theoretical Requirement		
Complete two of the following:		8
POLS 2282	The Holocaust and Comparative Genocide	
POLS 2356	Democratic Erosion	
POLS 2359	Immigration Politics	
POLS 2370	Religion and Politics	
POLS 3418	Nationalism	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
Regional Requirements		
Complete one of the following:		4
POLS 3435	Politics and Governance of Europe and the European Union	
POLS 3465	Government and Politics in the Middle East	
Experiential/Practicum Requirement		
Complete one of the following:		4
POLS 4915	Model Arab League	
POLS 4918	Model NATO	
POLS 4937	Dialogue of Civilizations: Government and Politics Abroad	

CONCENTRATION IN IDENTITY, CULTURE, AND POLITICS

Code	Title	Hours
Core Course		
POLS 3418	Nationalism	4
Electives		
Complete three of the following:		12
POLS 2359	Immigration Politics

Mathematics and Political Science, BS

The Mathematics and Political Science combined major provides training to prepare students to use quantitative training and methods to understand political trends and events.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Mathematics Requirements

Code	Title	Hours
Problem Solving		
MATH 1365	Introduction to Mathematical Reasoning	4
Calculus		
MATH 1341	Calculus 1 for Science and Engineering	4
MATH 1342	Calculus 2 for Science and Engineering	4
MATH 2321	Calculus 3 for Science and Engineering	4
Intermediate and Advanced Mathematics		
MATH 2341	Differential Equations and Linear Algebra for Engineering	4
MATH 2331	Linear Algebra	4
MATH 3081	Probability and Statistics	4
Math Electives		
Complete two courses in the following range that are not required in the requirements above:		8
MATH 3001 to MATH 5999		

Political Science Requirements

Code	Title	Hours
Political Science Required Courses		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete three POLS courses numbered 2000 and above.		12

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below.

- American Political Institutions (p. 1549)
- Campaigns and Elections (p. 1549)
- Comparative Politics (p. 1549)

- Identity, Culture, and Politics (p. 1550)
- International Relations and Diplomacy (p. 1550)
- Law and Legal Studies (p. 1550)
- Public Policy (p. 1550)
- Security Studies (p. 1551)

Integrative Requirement

Code	Title	Hours

Political Science and Business Administration, BS

The combined major in political science and business administration offers students the opportunity to integrate the study of politics and government with an analysis of business practices and organizations. Students complete core courses in political science along with core courses in business administration that cover accounting, finance, marketing, and organizational behavior. This combined major highlights the important intersection between business practices and the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science and Economics, BS

The combined major in political science and economics offers students the opportunity to integrate the study of politics and government with the study of economics. Students complete the core courses in political science along with core courses in economics that cover both macroeconomic and microeconomic perspectives. This combined major highlights the important role that the economy plays in shaping politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Political Science Requirements		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
Political Theory		
Complete one of the following:		4
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete four courses from the following range, or complete a concentration as outlined below:		16
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your advisor so that it may be added to your record. Requirements for the concentrations are listed below (p.).

- American Political Institutions (p. 2018)
- Campaigns and Elections (p. 2018)
- Comparative Politics (p. 2018)
- Identity, Culture, and Politics (p. 2019)
- International Relations and Diplomacy (p. 2019)
- Law and Legal Studies (p. 2019)
- Public Policy (p. 2019)
- Security Studies (p. 2020)

Economics Requirements for BS

Code	Title	Hours
Breadth Courses		
Computer Science		
Complete one of the following:		4-5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum	
MISM 2510	Fundamentals of Information Analytics	

Calculus		
It is recommended that MATH 1241 or higher is chosen:		
MATH 1231	Calculus for Business and Economics	4
or MATH 1241	Calculus 1	
or MATH 1245	Calculus with Applications	
or MATH 1251	Calculus and Differential Equations for Biology 1	
or MATH 1340	Intensive Calculus for Engineers	
or MATH 1341	Calculus 1 for Science and Engineering	
Required Economics Courses		
ECON 1115	Principles of Macroeconomics	4
ECON 1116	Principles of Microeconomics	4
ECON 2315	Macroeconomic Theory	4
ECON 2316	Microeconomic Theory	4
ECON 2560	Applied Econometrics	4
Economics Electives		
Complete three Economics elective courses found in the following ranges, with no more than one in the ECON 1200 to ECON 1999 range:		12
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		

Supporting Courses

Code	Title	Hours
Complete one of the statistics and departmental elective combinations listed below:		8
Combination A		
Statistics		
POLS 2400	Quantitative Techniques	
Economics		
Complete one course from the following ranges. This course may not also be used as an Economics elective:		
ECON 1200 to ECON 1999		
ECON 2990 to ECON 4689		
ECON 4900 to ECON 4996		
ECON 5200 to ECON 5999		
Combination B		
Statistics		
ECON 2350	Statistics for Economists	
Political Science		
Complete one course in the following range:		
POLS 2401 to POLS 5999		

Integrative Requirements

Code	Title	Hours
Senior Seminar/Capstone		
Complete one of the following:		4
ECON 4692	Senior Economics Seminar	
ECON 4997	Senior Economics Thesis	
POLS 4701	Political Science Senior Capstone	
POLS 4703	Senior Thesis	

Combined Major GPA/Credit Requirement:

Grades in the following required Economics courses and in Quantitative Techniques (POLS 2400) or Statistics for Economists (ECON 2350) must average to a minimum of C (2.000):

Code	Title	Hours
ECON 2315	Macroeconomic Theory	
ECON 2316	Microeconomic Theory	
ECON 2350	Statistics for Economists	
or POLS 2400	Quantitative Techniques	
ECON 2560	Applied Econometrics	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required.

CONCENTRATION IN AMERICAN POLITICAL INSTITUTIONS

Political Science and Human Services, BS

The combined degree seeks to prepare students with skills and tools to advocate for social issues at all levels of society. Human services program students are well positioned to pursue fields in the social change arena (nongovernment organizations, or NGOS; counseling; and political advocacy). Political science students are also well positioned to change and shape the domestic and international political landscape in American politics, comparative politics, international relations, and public policy. Students engage in an integrated educational program that emphasizes experiential approaches to learning through service-learning, co-op, internship, and study-abroad opportunities. Upon completion of the degree, students can apply professional skills in counseling roles, nonprofit management, political advocacy, or organizational and community development. Successful students are poised to pursue law school, graduate school, careers in government and the nonprofit sector, as well as in teaching, journalism, legislative or lobbying positions, public relations activities, and work in international corporations and NGOs.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science

Political Science and Philosophy, BS

The combined major in political science and philosophy enables students to develop an integrated understanding of politics, political theory, ethical theory, and theories of justice. Students who complete the major will have the training to critically evaluate and assess public policies and social issues on both political and ethical grounds, including issues such as tax policy, immigration, environmental protection, trade policy, healthcare, education, defense policy, and much more.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Political Science Requirements

Code	Title	Hours
Core Courses in Political Science		
POLS 1150	American Government	4
POLS 1155	Comparative Politics	4
POLS 1160	International Relations	4
POLS 2399	Research Methods in Political Science	4
POLS 2400	Quantitative Techniques	4
Political Thought		
Complete two of the following:		8
POLS 2325	Ancient Philosophy and Political Thought	
POLS 2328	Modern Political Thought	
POLS 2330	American Political Thought	
POLS 2332	Contemporary Political Thought	
Political Science Electives		
Complete four courses in the following range:		16
POLS 2000 to POLS 5999		

Political Science Concentrations (Optional)

If you are working toward one of the following concentrations, declare it with your adviser so that it may be added to your record.

- American Political Institutions (p. 2379)
- Campaigns and Elections (p. 2379)
- Comparative Politics (p. 2379)
- Identity, Culture, and Politics (p. 2380)
- International Relations and Diplomacy (p. 2380)
- Law and Legal Studies (p. 2380)
- Public Policy (p. 2381)
- Security Studies (p. 2381)

Philosophy Requirements

Code	Title	Hours
Philosophy Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2303	Social and Political Philosophy	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought	
PHIL 2330	Modern Philosophy	4

Advanced Philosophy Electives		
Complete three PHIL courses with a designation of 3000 or above not used to satisfy another requirement, and at least one at 4000 or 5000 level.		12
Critical Philosophy Elective		
Take one of the following courses not used to fulfill another requirements:		4
AFAM 1101	Introduction to African American and Africana Studies	
PHIL 1271	Sex in Judaism, Christianity, and Islam	
PHIL 2155	Human Rights	
PHIL 2492	Indigenous Philosophy

Total Hours: 129

Political Science, Minor

The political science minor introduces students to key concepts, practices, and perspectives in the study of politics and government. Students complete at least two of the three introductory courses—American government, comparative politics, and international relations—as well as three other courses in political science.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Courses

Code	Title	Hours
Complete two of the following:		8
POLS 1150	American Government	
POLS 1155	Comparative Politics	
POLS 1160	International Relations	

Elective Courses

Code	Title	Hours
Complete three political science courses.		12

GPA Requirement

2.000 GPA required in the minor

American Political Institutions, Minor

The American political institutions minor introduces students to key concepts, practices, and perspectives in the study of American politics and government. Students complete the introductory American government course as well as four other courses that focus on various aspects of American politics and government at the national, state, and local levels.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: This minor is restricted to students who are not enrolled in the political science major or in any political science combined major.

Required Course

Code	Title	Hours
POLS 1150	American Government	4

Electives

Code	Title	Hours
Complete four of the following:		16
POLS 2340	Business and Government	
POLS 2345	Urban Policies and Politics	
POLS 2350	State and Local Politics	
POLS 3300	The U.S. Congress	
POLS 3302	Judicial Process and Behavior	
POLS 3307	Public Policy and Administration	
POLS 3310	Public Opinion, Voting, and Elections	
POLS 4500	U.S. Constitutional Law	
POLS 4505	U.S. Civil Liberties	

GPA Requirement

2.000 GPA required in the minor

International Security Studies, Minor

The international security studies minor introduces students to key concepts, practices, and perspectives in the study of international security. Students complete the introductory course in international relations as well as four other courses in political science that focus on various aspects of international security, including international law, international organizations, and U.S. security policy.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Note: Political science majors and combined majors may not pursue the minor in international security studies.

Required Core Courses

Code	Title	Hours
POLS 1160	International Relations	4
POLS 3420	U.S. National Security Policy	4
POLS 5408	International Security	4

Elective Courses

Code	Title	Hours
Students may not count any of the courses toward more than one requirement.		
Complete two of the following:		8
POLS 3406	International Law	
POLS 3420	U.S. National Security Policy	
POLS 3425	U.S. Foreign Policy	
POLS 3430	Revolution, Civil War, and Insurrection	
POLS 3487	Politics of Developing Nations	
POLS 4910	Model United Nations	
POLS 5408	International Security	

GPA Requirement

2.000 GPA required in the minor

Sociology and Anthropology

Website (http://www.northeastern.edu/socant/)

Liza Weinstein, PhD
Associate Professor of Sociology and Chair
l.weinstein@northeastern.edu

Department Information
900 Renaissance Park
socant@northeastern.edu

Sociology and cultural anthropology provide the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

Courses in the program examine such areas as urbanization, the environment, health, globalization and human rights, gender and sexuality, social movements, the cultural underpinnings of science and technology, new media, and the comparative analysis of advanced capitalist societies. Many courses are directly relevant to majors in other fields, including economics, political science, philosophy, literature, criminal justice, and business.

The major in sociology or cultural anthropology seeks to prepare students for careers in public or private service, including such fields as law, teaching, social work, administration or management, and research.

Sociology and cultural anthropology both participate in a number of combined majors, which can be found listed under the Programs tab on this page.

Academic Progression Standards

Same as university-wide standards described under “Academic Status (p. 88).”

Programs

Bachelor of Arts (BA)

- Sociology (p. 2534)
- Cultural Anthropology (p. 2536)
- Communication Studies and Sociology (p. 292)
- Cultural Anthropology and Philosophy (p. 2292)
- Cultural Anthropology and Religious Studies (p. 2295)
- Cultural Anthropology and Theatre (p. 541)
- English and Cultural Anthropology (p. 2044)
- History and Cultural Anthropology (p. 2120)
- Human Services and Sociology (p. 1772)
- International Affairs and Cultural Anthropology (p. 2207)
- Media and Screen Studies and Sociology (p. 349)
- Public Health and Cultural Anthropology (p. 1212)
- Public Health and Sociology (p. 1221)
- Sociology and Cultural Anthropology (p. 2581)
- Sociology and Environmental Studies (p. 1506)
- Sociology and International Affairs (p. 2257)
- Sociology and Philosophy (p. 2335)
- Sociology and Political Science (p. 2467)
- Sociology and Religious Studies (p. 2338)

Bachelor of Science (BS)

- Sociology (p. 2605)
- Cultural Anthropology (p. 2607)
- Computer Science and Sociology (p. 849)
- Criminal Justice and Sociology (p. 1857)
- Health Science and Sociology (p. 1195)
- Human Services and Sociology (p. 1775)

- Mathematics and Sociology (p. 1555)
- Sociology and Cultural Anthropology (p. 2629)

Minors

- Cultural Anthropology (p. 2632)
- Science and Technology Studies (p. 2633)
- Sociology (p. 2634)
- Computational Social Science (https://catalog.northeastern.edu/undergraduate/social-sciences-humanities/interdisciplinary/computational-social-sciences-minor/#text)

Accelerated Programs

See Accelerated Bachelor/Graduate Degree Programs (p.)

Sociology, BA

Sociology is the scientific study of society. It begins with the premise that individuals are deeply affected by the social structures, institutions, and cultural milieus surrounding them. Sociology provides students with the conceptual tools to understand how various features of society, including inequalities based on race, class, or gender, affect its members. In so doing, sociology also provides conceptual tools that can be used to foster social change and the empowerment of historically marginalized groups.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Major Requirements

Code	Title	Hours
Required Sociology		
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
or INSH 3102	Introduction to Statistics in the Social Sciences	
SOCL 2321	Research Methods in Sociology	4
or INSH 3101	Research Methods in the Social Sciences	
SOCL 3300	Social Theory	4
Cultural Anthropology		
ANTH 2305	Global Markets and Local Culture	4
Advanced Methods Requirement		
Complete one of the following:		4
ANTH 3410	Ethnographic Field Experience	
DS 3000	Foundations of Data Science	
HINF 5301	Evaluating Health Technologies	
INSH 1500	Digital Methods for Social Sciences and Humanities	
SOCL 3487	Applied Sociology: Practice and Theory	
Senior Seminar		
SOCL 4600	Senior Seminar	4

Required Sociology Electives

Code	Title	Hours
Sociology Electives		
Students must complete seven elective courses in the major, at least four of which must be at the 3000 level or higher.		28
Social Science Electives		
Complete three social science courses in the following subject areas: AFRS, AFAM, ANTH, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, or PSYC.		12

Sociology Experiential Learning Requirement

Code	Title	Hours
Complete one of the following courses or a study abroad or a co-op:		4
SOCL 3487	Applied Sociology: Practice and Theory	
SOCL 4971	Junior/Senior Honors Project 2	

Sociology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

Sociology Major Credit Requirement

Complete 68 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Cultural Anthropology, BA

Anthropology is the holistic, cross-cultural study of humanity that explores the multiple ways humans live and create meaning in the world. At Northeastern University, the sociology and anthropology department specializes in **cultural anthropology** and **social anthropology**—the relationship of culture to the institutions, relationships, and practices of everyday life that make up social structures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Cultural Anthropology Major Requirements

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 4600	Senior Seminar	4
SOCL 1101	Introduction to Sociology	4
Advanced Area Courses		
Additional courses taken in this section may be used as electives.		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
Anthropology Electives		
Complete six ANTH courses. Two study- abroad courses may count toward this requirement with prior permission from the department.		24
Social Science Electives		
Complete three social science courses from the following subject areas. Social science electives may not include music or art: AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, or SOCL.		12

[1] Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

Cultural Anthropology Major Credit Requirement

Complete 68 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Communication Studies and Sociology, BA

The communication studies department and the sociology department offer an interdisciplinary combined major in communication studies and sociology. The combined major integrates the study of communication skills and processes with the study of social behaviors.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Societies and Institutions (SI) and Ethical Reasoning (ER) are met through the major course requirements.

NUpath requirements Natural and Designed World (ND), Creative Expression/Innovation (EI), Interpreting Culture (IC), Formal and Quantitative Reasoning (FQ), Difference and Diversity (DD), and Analyzing and Using Data (AD) may be met through electives in the major.

Communication Studies Requirements

Code	Title	Hours

COMM 4535	Nonverbal Social Interaction	
COMM 4605	Youth and Communication Technology	
COMM 4631	Crisis Communication and Image Management	
Communication Studies Electives		
Complete three COMM courses.		12

Sociology Requirements

Code	Title	Hours
Required Sociology Courses		
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
Introductory Electives		
Complete two courses between SOCL 1200 and SOCL 1999.		8
Intermediate-Level Elective		
Complete two courses between SOCL 2000 and SOCL 2999.		8
Advanced-Level Elective		
Complete one course above SOCL 3000.		4

Capstone and Integrative Requirements

Code	Title	Hours
Integrative Course		
Complete one of the following:		4
COMM 3320	Political Communication	
COMM 3532	Theories of Conflict and Negotiation	
SOCL 3450	Class, Power, and Social Change	
Capstone/Senior Seminar Option		
Complete one of the following two options:		8
Communications Capstone Option		
Complete one COMM course and one SOCL course from the following list:		
COMM 4102	Health Communication Campaigns	
COMM 4530	Communication and Quality of Life	
COMM 4625	Online Communities	
SOCL 3000 to SOCL 4999		
Sociology Senior Seminar Option		
Complete SOCL 4600 and one COMM course from the following list:		
SOCL 4600	Senior Seminar	
COMM 3000 to COMM 4999		

Communication Studies Grade Requirement

No more than two grades below a C in communication studies courses may be used to fulfill degree requirements.

Sociology Major Grade Requirement

A GPA of 2.000 for major courses is required.

Communication Studies and Sociology Combined Major Credit Requirement

Complete 80 semester hours in the major.

Program Requirement

128 total semester hours required

Cultural Anthropology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in cultural anthropology and philosophy. Students in the combined major integrate the study of culture and social structures with the study of social and political philosophy, ethics, and the philosophy of science. The combined major enables students to understand and appreciate cultural differences in human interaction, ways of knowing, and systems of logic and human classification.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Cultural Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
Area Courses		
Complete two area courses above 4000; additional area courses taken may count as anthropology electives.		8
Capstone		
ANTH 4600	Senior Seminar	4
Electives		
Complete three 4-semester-hour courses in addition to the above requirements. One study-abroad course may also count toward this requirement with prior permission from the department.		12

Philosophy Requirements

Code	Title	Hours
Required Courses		
PHIL 1115	Introduction to Logic	4
PHIL 2325	Ancient Philosophy and Political Thought	4
or POLS 2325	Ancient Philosophy and Political Thought

Cultural Anthropology and Theatre, BA

This major is designed for students who want to combine a knowledge of the art of theatre, including performance, design, and production, with sociocultural theories and conceptual frameworks for understanding human behavior. It offers both classroom and experiential learning in the practice of making theatre and performance theories with cross-cultural approaches. Offers students the opportunity to develop an understanding of theatre's impact on past and present cultures, as well as a deeper awareness of the world in which they live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English and Cultural Anthropology, BA

The Department of English and the Department of Sociology and Anthropology offer an interdisciplinary combined major in English and cultural anthropology. Broadly speaking, students in the combined major in English and cultural anthropology at Northeastern integrate the study of literature, language, and writing with the study of human culture and its intersections with structures of inequality (e.g., race, class, and gender) and contemporary global issues.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

English Requirements

Code	Title	Hours

History and Cultural Anthropology, BA

History and cultural anthropology offer an interdisciplinary combined major. Students interested in the combined major in history and cultural anthropology integrate the exploration of human history with the rigorous study of human cultures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

History Requirements

Code	Title	Hours
History Colloquium		
HIST 1000	History at Northeastern	1
HIST 1200	Historical Research and Writing	1
HIST 1201	First-Year Seminar	4
History Seminar and Historical Writing		
HIST 2301	The History Seminar	4
HIST 2302	Historical Writing	1
Pre-1800 History Elective		
Complete one course from the following:		4
HIST 1100	Law and History	
HIST 1180	African History	
HIST 1185	Introduction to Middle Eastern History	
HIST 1187	Introduction to Latin American History	
HIST 1218	Pirates, Planters, and Patriots: Making the Americas, 1492–1804	
HIST 1252	Japanese Literature and Culture	
HIST 1272	Europe in the Middle Ages, 500–1500	
HIST 1285	Introduction to Russian Civilization	
HIST 1389	History of Espionage 1: Antiquity to World War II	
HIST 2330	Colonial and Revolutionary America	
HIST 2370	Renaissance to Enlightenment	
HIST 2375	The Tudors, the Stuarts, and the Birth of Modern Britain	
HIST 2390	Africa and the World in Early Times	
HIST 3334	Assassinations in World History	
History Elective		
Complete two HIST courses at any level in any field.		8
Introductory Level Elective		
Complete one history course from the 1000 level.		4
Intermediate/Advanced History Elective		
Complete minimum of one HIST course numbered 2000 to 2999 (excluding HIST 2301 and HIST 2302).		4
Advanced History Elective		
Complete minimum of one HIST course numbered 3000 to 4999 (excluding HIST 4701).		4

Cultural Anthropology Requirements

Code	Title	Hours
Foundation Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
Area Courses		
Complete two courses from the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
Anthropology Electives		
Complete three courses in the following range. One study-abroad course may count toward this requirement.		12
ANTH 2001 to ANTH 4599		

Capstone Requirements

Code	Title	Hours
Complete one of the following:		4
ANTH 4600	Senior Seminar [1]	
HIST 4701	Capstone Seminar	

[1] Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Integrative Requirements

ANTH courses below will double count as area courses.

Code	Title	Hours
ANTH 4350	Ethnography of Southeast Asia	4
ANTH 4510	Anthropology of Africa	4
HIST 2360	History of Capitalism in East Asia	4

Cultural Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Human Services and Sociology, BA

Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs and Cultural Anthropology, BA

This combined major offers undergraduates the opportunity to develop an awareness of contemporary cultures within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

International Affairs Requirements

Courses used to fulfill major requirements may not be used to satisfy the global dynamics requirement.

Code	Title	Hours
Required Courses		
ECON 1115	Principles of Macroeconomics	4
or HIST 2211	The World Since 1945	
or HIST 2311	Colonialism/Imperialism	
INTL 1101	Globalization and International Affairs	4
INTL 3400	International Conflict and Negotiation	4

International Affairs Foreign Language Requirement

Complete coursework in a language through at least intermediate-level two (course number 2101 or higher). *Note:* Completing this requirement satisfies the language requirement for the BA degree.

Cultural Anthropology Major Requirements

Note: At least nine anthropology courses must be taken to complete the international affairs and cultural anthropology program.

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 3421	Foundations of Anthropological Theory	4
Anthropology Electives		
Complete five Anthropology courses from the following range, two of which must be area studies courses above 4000; none of these five courses may be counted elsewhere in the degree; one study-abroad course may count toward these requirements, with prior permission from the department.		20
ANTH 2000 to ANTH 4999		

Integrative Requirements

Note: If international affairs courses are taken in both the research methods and capstone areas, then an additional anthropology elective is required.

Code	Title	Hours
Research Methods		
INTL 2718	Research Methods in International Affairs	4
or ANTH 3410	Ethnographic Field Experience	
Global Markets		
ANTH 2305	Global Markets and Local Culture	4
Capstone		
ANTH 4600	Senior Seminar	4
or INTL 4700	Senior Capstone Seminar in International Affairs	

Students taking Senior Seminar (ANTH 4600) must complete either a one-semester senior project, which they would do in the context of ANTH 4600, or a two-semester senior thesis, which would require them to also enroll in a fall semester directed study.

Anthropology Major Grade Requirement

A GPA of 2.000 for major courses is required.

International Affairs and Anthropology Combined Major Credit Requirement

Complete 76 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Media and Screen Studies and Sociology, BA

The Media and Screen Studies Program and the Department of Sociology and Anthropology offer a combined major in media and screen studies and sociology. The combined major integrates the analysis, research, and production of traditional and emerging media along with the critical perspective needed for studying the social and cultural arrangements in which people live, for understanding how societies function, for investigating the conditions under which people change their institutions, and for describing the modes and conditions of cooperation that make social life possible.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

NUpath requirements Interpreting Culture (IC), Societies and Institutions (SI), and Difference and Diversity (DD) are met through the major course requirements.

NUpath requirements Creative Expression/Innovation (EI), Analyzing and Using Data (AD), and Ethical Reasoning (ER) may be met through electives in the major.

NUpath requirements Natural and Designed World (ND) and Formal and Quantitative Reasoning (FQ) must be met through general electives.

Media and Screen Studies Requirements

Code	Title	Hours
Media and Screen Studies Common Requirements		
MSCR 1220	Media, Culture, and Society	4
MSCR 1320	Media and Social Change	4
or MSCR 1420	Media History	
Foundation Course		
Complete one of the following:		4
MSCR 1230	Introduction to Film Production	
MSCR 2220	Understanding Media	
Diversity or Globalization Course		
Complete one of the following:		4
MSCR 2325	Global Media	
MSCR 2505	Digital Feminisms	
MSCR 3392	Gender and Film	
MSCR 3437	Media and Identity	
Writing-Intensive		
Complete two of the following:		8
MSCR 2505	Digital Feminisms	
MSCR 3420	Digital Media Culture	
MSCR 3422	Media Audiences	
MSCR 3600	Film Theory	
MSCR 3700	Queer Media	
MSCR 4208	TV History	

Media and Screen Studies Electives

Code	Title	Hours
Complete three courses from MSCR or from the following:		12
ARTD 2380	Video Basics	
ARTD 3480	Video: Sound and Image	
ARTD 3485	Experimental Video

Public Health and Cultural Anthropology, BA

Overview

The combined Bachelor of Arts in Public Health and Cultural Anthropology integrates concepts and theories from cultural anthropology with public health concepts to approach complex health inequities. Students have an opportunity to gain foundational anthropological knowledge and skills and apply theory to public health approaches for addressing poor health outcomes. Students explore how culture and social structures affect health promotion strategies and outcomes. This combined major will appeal to students who want to pursue graduate study and research in anthropology, public health, public policy and administration, and education.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Public Health and Sociology, BA

Overview

The combined Bachelor of Arts in Public Health and Sociology integrates social science theory and perspectives with public health concepts to approach complex health inequities. Students gain foundational sociological knowledge and skills and apply theory to public health approaches for addressing poor health outcomes. Students explore the ways that societal constructs, such as race, class, and gender, intersect with health. This combined major will appeal to students who want to pursue graduate study and research in sociology, public health, public policy and administration, and education.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Requirements

Code	Title	Hours
Required Sociology Courses		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 3300	Social Theory	4
Electives		
Complete two electives with courses beyond those taken in the requirements above.		8
SOCL 1102 to SOCL 2999		
Complete four additional SOCL courses in the following range:		16
SOCL 3000 to SOCL 5999		

Supporting Course Requirements

Code	Title	Hours
Introduction to College		
Complete one of the following:		1
HSCI 1000	College: An Introduction	
SOCL 1000	Sociology at Northeastern	
Co-op Preparation		
Complete one of the following:		1
EESH 2000	Professional Development for Co-op	
HSCI 2000	Professional Development for Bouvé Co-op	
Writing Courses		
First-Year Writing		
ENGW 1111	First-Year Writing	4
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3306	Advanced Writing in the Health Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
Statistics and Research Methods		
Complete one of the following:		8
PHTH 2210 and PHTH 2211 and PHTH 4202	Foundations of Biostatistics and Recitation for PHTH 2210 and Principles of Epidemiology in Medicine and Public Health	
SOCL 2320 and SOCL 2321	Statistical Analysis in Sociology and Research Methods in Sociology	
Capstone		
Complete one of the following options:		4
Health Science Capstone		
Complete the following prerequisite:		
HSCI 4700	Health Science Capstone Introduction	
And complete one of the following:		
HSCI 4720	Health Science Capstone—Service	
or HSCI 4730	Health Science Capstone—Research	
or HSCI 4740	Health Science Capstone Seminar	
Sociology Senior Seminar		
SOCL 4600	Senior Seminar	

Integrative Requirement

Code	Title	Hours
SOCL 3441	Sociology of Health and Illness	4

General Electives

Code	Title	Hours
Complete 12 semester hours of general electives.		12

Public Health Major Requirement

A grade of C or higher is required for all BIOL, HSCI, and PHTH courses.

Public Health and Sociology Major Credit Requirement

Minimum of 87 semester hours required

Program Requirement

130 total semester hours required

Sociology and Cultural Anthropology, BA

The Department of Sociology and Anthropology at Northeastern University offers a combined major in sociology and cultural anthropology that offers students various opportunities for community engagement, experiential learning, and development of research skills using quantitative and qualitative methods. Students study the disciplinary histories, practices, and methods of sociology and sociocultural anthropology; identify foundational and contemporary debates within and across these two disciplines; and evaluate their contributions to our understanding of local and global societies and cultures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Major Requirements

Code	Title	Hours
Required Sociology		
SOCL 1101	Introduction to Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
or ANTH 3421	Foundations of Anthropological Theory	
Sociology Electives		
Introductory Electives		
Complete two courses in the following range:		8
SOCL 1110 to SOCL 1999		
Intermediate Elective		
Complete two courses in the following range:		8
SOCL 2000 to SOCL 3999		
Advanced Elective		
Complete one course in the following range:		4
SOCL 4000 to SOCL 4999		

Cultural Anthropology Major Requirements

Code	Title	Hours
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 3410	Ethnographic Field Experience	4
Advanced Area Courses		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
Anthropology Electives		

Complete five ANTH courses. One study-abroad course may also count toward this requirement with prior permission from the department.	20

Integrative Requirement

Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600) or Senior Seminar (SOCL 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Code	Title	Hours
Required Course		
ANTH 2305	Global Markets and Local Culture	4
Capstone		
SOCL 4600	Senior Seminar	4
or ANTH 4600	Senior Seminar	

Sociology and Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

Sociology and Cultural Anthropology Combined-Major Credit Requirement

Complete 76 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Plan of Study

Year 1

Fall	Hours	Spring	Hours	Summer 1	Hours	Summer 2	Hours

Sociology and Environmental Studies, BA

This combined major will lead to undergraduates that have a broad awareness of the sociological and scientific foundations of environmental problem solving. They will have the opportunity to develop concrete skills in GIS and scientific communication that will facilitate student success. Due to overlap in course content, students majoring in environmental studies or any environmental studies combined majors may not complete a minor in environmental and sustainability sciences.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Requirements

Code	Title	Hours
Required Sociology Courses		
ANTH 2305	Global Markets and Local Culture	4

Sociology and International Affairs, BA

Through this combined major, successful undergraduates develop an awareness of societies within their international, transnational, and global contexts since the early 20th century. The combined major addresses diverse and cross-disciplinary theories of interstate relations (conflict, cooperation, hierarchies); civil society, transnational advocacy networks, global social movements; and state-society relations (democracy, authoritarianism, social justice and inequalities, citizenship).

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology and Philosophy, BA

The Department of Sociology and Anthropology and the Department of Philosophy and Religion offer an interdisciplinary combined major in sociology and philosophy. Students in the combined major integrate the study of social structures and systems with the study of social and political philosophy, ethics, and the philosophy of science.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Requirements

Code	Title	Hours
Sociology Required Courses		
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
Electives		
One course can be taken at the 2000 level and three other courses at the 3000 level or higher.		16
Capstone		
Students are expected to complete the following course in spring of their senior year:		4
SOCL 4600	Senior Seminar	

Philosophy Requirements

Code	Title	Hours
Required Courses

Sociology and Political Science, BA

The combined major in sociology and political science offers students the opportunity to integrate the study of politics and government with an analysis of social systems. Students complete core courses in political science along with core courses in sociology that include social theory and an introduction to social systems. This combined major highlights the important intersection between social norms and organizations with the evolution of politics and government.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

BA Language Requirements

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology, BS

Sociology is the scientific study of society. It begins with the premise that individuals are affected by the social structures, institutions, and cultural milieus surrounding them. Sociology provides students with the conceptual tools to understand how various features of society, including inequalities based on race, class, and gender, affect its members. In so doing, sociology also provides conceptual tools that can be used to foster social change and the empowerment of historically marginalized groups.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Major Requirements

Code	Title	Hours
Required Sociology		
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
or INSH 3102	Introduction to Statistics in the Social Sciences	
SOCL 2321	Research Methods in Sociology	4
or INSH 3101	Research Methods in the Social Sciences	
SOCL 3300	Social Theory	4
Cultural Anthropology		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
Additional Required Methodological Training		
Complete one of the following:		4
ANTH 3410	Ethnographic Field Experience	
DS 3000	Foundations of Data Science	
HINF 5301	Evaluating Health Technologies	
INSH 1500	Digital Methods for Social Sciences and Humanities	
SOCL 3487	Applied Sociology: Practice and Theory	
Senior Seminar		
SOCL 4600	Senior Seminar	4

Required Sociology Electives

Code	Title	Hours
Students must complete nine elective courses in the SOCL major, at least five of which must be at the 3000-level or higher.		36
Social Science Electives		
Complete five social science courses in the following subject areas: AFAM, AFRS, ANTH, CRIM, ECON, HIST, HUSV, INTL, LING, LPSC, POLS, or PSYC.		20

Sociology Experiential Learning Requirement

Code	Title	Hours
Complete one of the following courses or a study abroad or a co-op:		4
SOCL 3487	Applied Sociology: Practice and Theory	
SOCL 4971	Junior/Senior Honors Project 2	

Sociology Major Grade Requirement

A GPA average of 2.000 across all major courses is required.

Sociology Major Credit Requirement

Complete 88 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Cultural Anthropology, BS

Anthropology is the holistic, cross-cultural study of humanity that explores the multiple ways humans live and create meaning in the world. The anthropology major at Northeastern exposes students to diverse cultural perspectives from past and present societies; fosters student engagement with key contemporary issues such as global inequality, development, urbanization, and cultural change; and provides greater appreciation for the complexities of the world in which they live.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Cultural Anthropology Major Requirements

Code	Title	Hours
Cultural Anthropology		
SOCL 1101	Introduction to Sociology	4
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
ANTH 3421	Foundations of Anthropological Theory	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 4600	Senior Seminar	4
Advanced Area Courses		
Complete two of the following. Additional courses taken in this section may be used as electives.		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
Anthropology Electives		
Complete eight ANTH courses. Two study-abroad courses may count toward this requirement with prior permission from the department.		32
Social Science Electives		
Complete three social science courses from the following subject areas. Social science electives may not include music or art: AFRS, AFAM, CRIM, ECON, HUSV, HIST, INTL, LING, LPSC, POLS, PSYC, or SOCL.		12

[1] Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Cultural Anthropology Major Grade Requirement

A cumulative GPA of 2.000 for all major courses is required.

Cultural Anthropology Major Credit Requirement

Complete 76 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Computer Science and Sociology, BS

The social aspects to computing continue to grow, primarily with respect to communication and the internet. The computer science and sociology combined major examines this significant impact on society and how people communicate and share culture. Students will have an opportunity to gain a solid programming foundation, as well as the practical and theoretical skills needed to address the complex social and cultural issues in a period of far-reaching social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Computer Science Courses

Code	Title	Hours
Computer Science Overview		
Must be taken in alignment with your home college:		
CS 1200	First Year Seminar	1
or SOCL 1000	Sociology at Northeastern	
CS 1210	Professional Development for Khoury Co-op	1
or EESH 2000	Professional Development for Co-op	
Computer Science Fundamental Courses		
CS 1800 and CS 1802	Discrete Structures and Seminar for CS 1800	5
CS 2500 and CS 2501	Fundamentals of Computer Science 1 and Lab for CS 2500	5
CS 2510 and CS 2511	Fundamentals of Computer Science 2 and Lab for CS 2510	5
Computer Science Required Courses		
CS 3000	Algorithms and Data	4
CS 3200	Database Design	4
CS 3500 and CS 3501	Object-Oriented Design and Lab for CS 3500	5
IS 2000	Principles of Information Science	4
Computer Science Writing-Intensive Requirement		
Complete one of the following:		4
CS 4500	Software Development	
or CS 4530	Fundamentals of Software Engineering	
DS 4200	Information Presentation and Visualization (Take DS 3000 either as a prerequisite of or concurrently with DS 4200.)	
IS 3500	Information System Design and Development	
Khoury Elective Courses		
With adviser approval, directed study, research, project study, and appropriate graduate-level courses may also be taken as upper-division electives.		
Complete 12 semester hours of upper-division CS, CY, DS, or IS classes that are not already required. Choose courses within the following ranges:		12
CS 2500 or higher, except CS 5010		
CY 2000 or higher, except CY 4930		
DS 2500 or higher, except DS 4900		
IS 2000 or higher, except IS 4900		

Sociology Courses

Code	Title	Hours
Sociology Required Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 2305	Global Markets and Local Culture	4
SOCL 1101	Introduction to Sociology	4
SOCL 2320	Statistical Analysis in Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
Sociology Electives		
Complete one sociology elective in each of the following ranges:		12
Introductory elective: SOCL 1000 to SOCL 1999		
Intermediate elective: SOCL 2000 to SOCL 3999		
Advanced elective: SOCL 4000 to SOCL 4999		
Sociology Required Capstone		
SOCL 4600	Senior Seminar	4

Integrative Course Requirement

Code	Title	Hours
Complete one of the following:		4
SOCL 1280	The Twenty-First-Century Workplace	
SOCL 2485	Environment, Technology, and Society	
SOCL 4528	Computers and Society	

Computer Science Writing Requirement

Code	Title	Hours
College Writing		
ENGW 1111	First-Year Writing	4
or ENGW 1102	First-Year Writing for Multilingual Writers	
Advanced Writing in the Disciplines		
Complete one of the following:		4
ENGW 3302	Advanced Writing in the Technical Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
ENGW 3315	Interdisciplinary Advanced Writing in the Disciplines	

Required General Electives

Code	Title	Hours
Complete 32 semester hours of general electives.		32

Khoury College GPA Requirements

Minimum 2.000 GPA required in all CS, CY, DS, and IS courses

Sociology GPA Requirements

2.000 average GPA requirement across all sociology classes

NUpath Requirements Satisfied

- Engaging with the Natural and Designed World
- Conducting Formal and Quantitative Reasoning
- Analyzing and Using Data
- Writing-Intensive in the Major
- Writing in the First Year
- Advanced Writing in the Disciplines
- Interpreting Culture
- Understanding Societies and Institutions
- Demonstrating Thought and Action in a Capstone

Integrating Knowledge and Skills Through Experience is satisfied through co-op.

Criminal Justice and Sociology, BS

This combined major educates students in criminal justice and sociology and in the interface between the two disciplines. The scope and sequence of sociology courses provide students with a foundation in social theory and social systems. Criminal justice courses provide a foundation for understanding individual and systemic aspects of criminology and criminal justice. Students successfully completing this program should be able to understand the ways that crime and the justice system are situated in larger social systems and structures.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Criminal Justice Requirements

Code	Title	Hours
Introduction to Crime, Law, and the Justice System		
What do we know about crime and justice? In these three courses, students have an opportunity to develop a foundational understanding of three related phenomena: why crime exists, how our criminal justice system responds to crime, and the constitutional and legal oversight of this process.		
CRIM 1100	Introduction to Criminal Justice	4
CRIM 1110	Criminal Due Process	4
CRIM 1120	Criminology	4
Current Crime and Justice Issues		
These courses introduce students to topical issues related to crime and justice.		
Complete one of the following:		4
CRIM 1300	The Death Penalty	
CRIM 1400	Human Trafficking	
CRIM 1500	Corruption, Integrity, and Accountability	
CRIM 1700	Crime, Media, and Politics	
Understanding and Experiencing Criminal Justice Institutions and Systems		
How does justice work and for whom? These courses introduce students to the systems and institutions tasked with providing justice. Each includes experiential learning components in cooperation with local criminal justice institutions.		
Complete one of the following:		4
CRIM 2310	Courts: The Third Branch of Government	
CRIM 2320	Youth Crime and Justice	
CRIM 2330	Punishment in the Age of Mass Incarceration	
CRIM 2340	Corporate Security: Securing the Private Sector	
CRIM 2350	Policing a Democratic Society	
CRIM 2370	Restorative Justice: Transforming the System	
Crime Problems		
The following courses provide students with a deeper look at a range of crime problems.		
Complete one of the following:		4
CRIM 3010	Criminal Violence	
CRIM 3030	Global Criminology	
CRIM 3040	Psychology of Crime	
CRIM 3060	Political Crime and Terrorism	
CRIM 3070	Corporate and White-Collar Crime	
Criminal Justice Electives		
These courses round out our knowledge of crime and justice.		
Complete three additional criminal justice electives. Two must be from the 3000, 4000, or 5000 level.		12

Sociology Requirements

Code	Title	Hours
Complete a minimum of nine courses in sociology from the requirements below.		
Sociology Requirements		
SOCL 1101	Introduction to Sociology	4
SOCL 3300	Social Theory	4
Sociology Introductory Electives		
Complete two courses in the following range:		8
SOCL 1200 to SOCL 1999		
Sociology Intermediate Electives		
Complete two courses in the following range:		8
SOCL 2000 to SOCL 3999		
Sociology Advanced Elective		
Complete one course in the following range:		4
SOCL 4000 to SOCL 5999		

Introduction, Methods, and Statistics

Code	Title	Hours
Introduction		
Complete one of the following:		1
CRIM 1000	Criminal Justice at Northeastern	
SOCL 1000	Sociology at Northeastern	
Research Methods		
SOCL 2321	Research Methods in Sociology	4
Statistics		
CRIM 3700	Analyzing and Using Data on Crime and Justice	4

Supporting Courses

Code	Title	Hours
Digital Skills		
Successful students develop digital skills and master digital tools useful for careers related to crime and justice. Students choose one of two courses (each has a required lab). The computer science course introduces students to spreadsheets and databases. The data science course introduces students to programming with data.		
Complete one of the following (and the appropriate lab):		4 or 5
CS 1100 and CS 1101	Computer Science and Its Applications and Lab for CS 1100	
DS 2000 and DS 2001	Programming with Data and Data Science Programming Practicum ((Social Science Practicum section))	
Co-op Integration Requirements		
Complete before the first co-op:		1
EESH 2000	Professional Development for Co-op	
Complete after the first co-op:		1
CRIM 3000	Co-op Integration Seminar 2	
Complete after the second co-op:		1
CRIM 4000	Co-op Integration Seminar 3	

Integrative Requirement

Code	Title	Hours
Senior Capstone Requirement		
CRIM 4949	Senior Capstone Seminar	4
or SOCL 4600	Senior Seminar	
Integrative Elective Courses		
Complete one of the following:		4
CRIM 3030	Global Criminology	
CRIM 3110	Gender, Crime, and Justice	

CRIM 3120	Race, Crime, and Justice	
Complete the following:		4
SOCL 1245	Sociology of Poverty	

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Health Science and Sociology, BS

The combined Bachelor of Science in Health Science and Sociology integrates social scientific perspectives to the study of health, illness, and healthcare. Students explore basic sociological concepts relevant for the study of health and healthcare, such as social construction and medicalization. Students explore why, for instance, despite having the most expensive healthcare system, the United States ranks comparatively low in life expectancy and health and well-being outcomes. Provides students with an opportunity to explore the ways that societal factors such as race, class, and gender interplay with health, healthcare, and health disparities.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Health Science Requirements

Code	Title	Hours
Public Health Core		
PHTH 1260	The American Healthcare System	4
or PHTH 1261	Comparative Healthcare Systems	
PHTH 2300	Communication Skills for the Health Professions	4
or PHTH 2301	Communication Skills for the Health Professions—Global	
PHTH 2350	Community and Public Health	4
or PHTH 2351	Community and Public Health - Global	
PHTH 2515	Healthcare Policy and Administration	4
PHTH 4120	Global Perspectives on Discrimination and Health	4
PHTH 4202	Principles of Epidemiology in Medicine and Public Health	4
PHTH 4540	Health Education and Program Planning	4
Supporting Courses for Health Science		
BIOL 1111 and BIOL 1112	General Biology 1 and Lab for BIOL 1111	5
BIOL 1113 and BIOL 1114	General Biology 2 and Lab for BIOL 1113	5
CHEM 1161 and CHEM 1162 and CHEM 1163	General Chemistry for Science Majors and Lab for CHEM 1161 and Recitation for CHEM 1161	5
PSYC 1101	Foundations of Psychology	4

ANTH 2305	Global Markets and Local Culture	4
Social Change Selective		
Complete one of the following:		4
SOCL 1260	Sociology of Gender	
SOCL 3450	Class, Power, and Social Change	
SOCL 3468	Social Movements	

Social Inequality Selective		
Complete one of the following:		4
SOCL 1245	Sociology of Poverty	
SOCL 2225	Sociology of Disability	
Lower-Level Elective		
Complete one of the following:		4
SOCL 1000 to SOCL 3999		
Advanced Elective		
Complete one of the following:		4
SOCL 4000 to SOCL 4999		

Supporting Courses

Code	Title	Hours
Introduction to College		
Complete one of the following:		1
HSCI 1000	College: An Introduction	
SOCL 1000	Sociology at Northeastern	
Writing in the First Year		
ENGW 1111	First-Year Writing	4
Statistics		
Complete one of the following:		4
PHTH 2210 and PHTH 2211	Foundations of Biostatistics and Recitation for PHTH 2210	
SOCL 2320	Statistical Analysis in Sociology	
Co-op Preparation (Based on Home College)		
Complete one of the following:		1
EESH 2000	Professional Development for Co-op	
HSCI 2000	Professional Development for Bouvé Co-op	
Advanced Writing in the Discipline		
Complete one of the following:		4
ENGW 3306	Advanced Writing in the Health Professions	
ENGW 3308	Advanced Writing in the Social Sciences	
NUPath: Ethical Reasoning		
PHIL 1165	Moral and Social Problems in Healthcare	4
Capstone (Based on Home College)		
Complete one of the following:		4
HSCI 4720	Health Science Capstone—Service (Prerequisite course HSCI 4700))	
HSCI 4730	Health Science Capstone—Research (Prerequisite course HSCI 4700)	
SOCL 4600	Senior Seminar	
Open Electives		**24**

Integrative Requirement

Human Services and Sociology, BS

Overview

Students pursuing a combined major in human services and sociology will integrate the theoretical understandings of these two fields to better understand organizational and group behavior and their implications for individuals and communities utilizing human services. The human services coursework prepares students for careers in social change by providing students with the theoretical and skill-based background necessary for practice and research. The sociology coursework prepares students to rigorously analyze the social, political, and economic spheres of society at the local and global levels. Students will develop a holistic understanding of preventative and reactive responses to social inequality and an understanding of how to impact change at the individual and structural levels. The combined major provides students with the conceptual and practical tools to understand how various features of society affect its members as well as how people create social change.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Human Services Requirements

Code	Title	Hours
Human Services Required Courses		
HUSV 1101	Social Change and Human Services	4

Linguistics and Cultural Anthropology, BS

Overview

The combined major in linguistics and cultural anthropology focuses on the relationship of culture to the institutions, interpersonal relations, and practices that make up their social structure while emphasizing the structure of human language and its involvement in social interaction and culture. Students examine how language both reflects and influences cultural phenomena and how it can be used as a tool to study those phenomena; and they apply their interests across a range of connected courses, co-op opportunities, and potential research projects.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Linguistics Major Language Requirement

Complete two courses in the same language with a grade of C or higher. Proficiency at elementary level 2 or higher is required.

Linguistics Requirements

Note: A grade of C or higher is required for all courses in this section.

Code	Title	Hours
Linguistics Requirements		
LING 1150	Introduction to Language and Linguistics	4
or LING 1449	English Now and Then	
LING 2350	Linguistic Analysis	4
LING 3442	Sociolinguistics	4
LING 3456	Language and Gender	4
Linguistic Structure		
Complete three of the following:		12
LING 3420	Phonetics	
LING 3422	Phonology	
LING 3424	Morphology	
LING 3450	Syntax	
LING 3452	Semantics	
Linguistics Research		
Complete one of the following:		4
LING 4891	Research Seminar in Linguistics	
LING 4970 and LING 4971	Junior/Senior Honors Project 1 and Junior/Senior Honors Project 2	
LING 4991	Directed Study Research	
Linguistics Elective		
Complete one elective (any course in the range LING 3000–4999 that hasn't already been taken to fulfill other major requirements, or the following): [1]		4
DEAF 2700	ASL Linguistics	

[1] Please visit the Linguistics Courses page (https://catalog.northeastern.edu/undergraduate/science/linguistics/#coursestext) within this catalog to review the list of courses in the LING 3000 - LING 4999 range.

Sociology and Cultural Anthropology, BS

The Department of Sociology and Anthropology at Northeastern University offers a combined major in sociology and cultural anthropology. Students learn the disciplinary histories, practices, and methods of sociology and sociocultural anthropology, identify foundational and contemporary debates within and across these two disciplines, and evaluate their contributions to our understanding of local and global societies and cultures. The combined major offers students various opportunities for community engagement, experiential learning, and for gaining research skills using quantitative and qualitative methods.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/university-wide-requirements/).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/archive/2023-2024/undergraduate/university-academics/nupath/).

Sociology Requirements

Code	Title	Hours
Required Sociology		
SOCL 1101	Introduction to Sociology	4
SOCL 2321	Research Methods in Sociology	4
SOCL 3300	Social Theory	4
Sociology Electives		
Introductory Electives		
Complete two courses in the following range:		8
SOCL 1110 to SOCL 1999		
Intermediate Elective		
Complete one course in the following range:		4
SOCL 2000 to SOCL 3999		
Advanced Elective		
Complete one course in the following range:		4
SOCL 4000 to SOCL 4999		
Experiential Learning		
Complete one of the following courses, or complete a study abroad or a dialogue of civilizations:		4
COOP 3945	Co-op Work Experience	
SOCL 3487	Applied Sociology: Practice and Theory	
SOCL 4971	Junior/Senior Honors Project 2	

Cultural Anthropology Requirements

Code	Title	Hours
Cultural Anthropology Core Courses		
ANTH 1101	Peoples and Cultures	4
ANTH 3410	Ethnographic Field Experience	4
ANTH 3421	Foundations of Anthropological Theory	4
Advanced Area Courses		
Complete two of the following:		8
ANTH 4350	Ethnography of Southeast Asia	
ANTH 4500	Latin American Society and Development	
ANTH 4505	Native North Americans	
ANTH 4510	Anthropology of Africa	
ANTH 4515	Culture and Politics in Modern India	
Anthropology Electives		

Complete four ANTH courses. One study-abroad course may also count toward this requirement with prior permission from the department.	16

Integrative Requirement

Students must choose between a one-semester senior project, which they would complete in the context of Senior Seminar (ANTH 4600) or Senior Seminar (SOCL 4600), or a two-semester senior thesis, which would require them to also enroll in a fall-semester directed study.

Code	Title	Hours
Required Course		
ANTH 2305	Global Markets and Local Culture	4
Capstone		
SOCL 4600	Senior Seminar	4
or ANTH 4600	Senior Seminar	

Sociology and Cultural Anthropology Major Grade Requirement

A GPA of 2.000 across all major courses is required.

Sociology and Cultural Anthropology Combined Major Credit Requirement

Complete 76 semester hours in the major.

Experiential Liberal Arts

All students in this College of Social Sciences and Humanities program are required to complete the Experiential Liberal Arts Requirement (p. 1727).

Program Requirement

128 total semester hours required

Cultural Anthropology, Minor

The cultural anthropology minor at Northeastern focuses on the study of culture as it is located in issues of race, ethnicity, class, gender, history, and globalization. Students develop proficiencies in widely applicable skills and frameworks, such as cultural relativism, comparative analysis, cross-cultural communication, research design, and ethnographic field research. Students have the opportunity to work with faculty members with regional expertise in Latin America, Europe, Asia, Africa, and North America and who teach courses on contemporary issues such as globalization, digital technologies, consumerism, sports, gender and sexuality, tourism, and social movements. This minor can complement a wide range of majors throughout the university, providing students with regional expertise and a depth of cultural understanding.

Minor Requirements

Students minoring in Cultural Anthropology must complete Peoples and Cultures (ANTH 1101), plus any three ANTH electives, at least one of which must be at the 3000 level of above.

Required Courses

Code	Title	Hours
ANTH 1101	Peoples and Cultures	4

Anthropology Electives

Code	Title	Hours
Complete three ANTH electives, one of which must be at the 3000 level or above.		12

GPA Requirement

2.000 GPA required in the minor

Science and Technology Studies, Minor

The science and technology studies (STS) minor offers an interdisciplinary program of study focused on the critical role of science and technology in contemporary societies. Rather than viewing science and technology as autonomous or self-generating domains, STS traces the complex interplay that exists between science and technology and the social, political, and cultural contexts in which they are formed. Combining coursework in such fields as sociology, history, philosophy, engineering, and the humanities, the STS program offers students an opportunity to obtain a deeper understanding of the norms, values, and beliefs that often lie hidden within scientific knowledge and engineering designs. In this way, the program is designed to equip students to anticipate and address the many ethical and policy dilemmas that scientific and engineering knowledge provoke, especially as these bear on health, the environment, and community life around the world.

The STS minor is relevant for students embarking on STEM careers as well as those majoring in social science or humanities fields. The curriculum is flexible, enabling students to customize their studies in accordance with their individual interests.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Required Course

Code	Title	Hours
SOCL 2485	Environment, Technology, and Society	4
or HIST 2220	History of Technology	

STS Electives

Code	Title	Hours
Foundational Requirement		
Complete one 1000–2000-level course from the following:		*4*
CIVE 1200	How Cities Work: Experiencing Urban Infrastructure	
ENVR 1202	History of Earth and Life	
HIST 1225	Gender, Race, and Medicine	
HIST 2233	The History of Medicine in North America	
PHIL 1145	Technology and Human Values	
PHIL 3050	Information and Uncertainty	
POLS 2390	Science, Technology, and Public Policy	
SOCL 1280	The Twenty-First-Century Workplace	
WMNS 2505	Digital Feminisms	
Advanced Electives		
Complete two of the following:		*8*
ANTH 3441	Medical Anthropology	
ENGL 3340	Technologies of Text	
PHIL 4510	Philosophy of Science	
PPUA 5264	Energy Democracy and Climate Resilience: Technology, Policy, and Social Change	
SOCL 4528	Computers and Society	

GPA Requirement

2.000 GPA required in the minor

Sociology, Minor

The sociology minor at Northeastern helps students to understand how to apply empirical evidence to address a wide range of social problems. Sociology minors can take courses in quantitative and qualitative research methods and theoretical and empirical reasoning. Elective courses draw on our faculty's expertise in violence, family life, health and illness, the environment, technology, gender and sexuality, occupations and professions, social movements, the law, and social inequality. This minor can complement a wide range of majors throughout the university, providing students with a range of skills to better understand their place in complex social environments.

Minor Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified.

Introduction to Sociology

Code	Title	Hours
SOCL 1101	Introduction to Sociology	4

Electives

Code	Title	Hours
Complete three SOCL courses, at least one course must be from the 3000 level or above.		12

GPA Requirement

2.000 GPA required in the minor

Accelerated Bachelor/Graduate Degree Programs

The College of Social Sciences and Humanities offers a number of bachelor's/graduate degree programs that allow students to accelerate the attainment of the graduate degree by applying graduate credits taken as an undergraduate toward both the undergraduate and graduate degrees. Degrees are earned sequentially, with the bachelor's degree attainment followed by coursework to complete the graduate degree. See additional information on accelerated bachelor/graduate degree programs (https://registrar.northeastern.edu/article/plusone-program-accelerated-bachelorgraduate-degree-programs/).

University Faculty

A

Ammar Aamer
Associate Teaching Professor, College of Professional Studies; University of Tennessee, PhD

Olakunle S. Abawonse
Zelevinsky Postdoctoral Researcher, Mathematics; State University of New York at Binghamton, PhD

Anis Abdulle
Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; Northeastern University, MEd

Mehdi Abedi
Associate Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Joshua Abel
Visiting Assistant Professor, Economics; Harvard University, PhD

Margot Abels
Assistant Teaching Professor, Human Services and Women's, Gender, and Sexuality Studies; Northeastern University, PhD

Sahar Abi-Hassan
Assistant Professor, Mills College; Boston University, PhD

Elmaz Abinader
Professor, Mills College; University of Nebraska, Lincoln, PhD

Emad Aboelela
Teaching Professor, Electrical and Computer Engineering; University of Miami, PhD

Max Abrahms
Associate Professor, Political Science; University of California, Los Angeles, PhD

Jill Abramson
Distinguished Professor of the Practice, Journalism; Harvard University, BA

Ali Abur
Professor, Electrical and Computer Engineering; The Ohio State University, PhD

Sunayan Acharya
Senior Lecturer, Finance; University of Kentucky, PhD

Ashley Adams
Associate Adjunct Professor, Mills College; Walden University, PhD

Daniel Adams
Associate Professor, Architecture; Harvard University, MArch

Marie Law Adams
Associate Professor, Architecture; Massachusetts Institute of Technology, MArch

Quisquella Addison
Assistant Teaching Professor, Law; Yeshiva University, JD

Libby Adler
Professor, Law and Women's, Gender, and Sexuality Studies; Northeastern University, JD

Jeffrey Agar
Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Georgia, PhD

Rajesh Aggarwal
Professor, Finance; Harvard University, PhD

Christina Agostinelli-Fucile
Associate Teaching Professor, World Languages Center; State University of New York at Buffalo, PhD

Ruth Aguilera
Darla and Frederick Brodsky Trustee Professor in Global Business, International Business and Strategy; Harvard University, PhD

Michael Ahern
Associate Cooperative Education Coordinator, College of Engineering; Salem State University, MEd

Amal Ahmed
Professor, Computer Sciences; Princeton University, PhD

Jaehan Ahn
Assistant Professor, Accounting; University of Oklahoma, PhD

Laurel Ahnert
Visiting Assistant Professor, Media and Screen Studies; Georgia State University, PhD

Mengchao Ai
Assistant Teaching Professor, Finance; University of Massachusetts, Lowell, PhD

Michal Aibin
Visiting Associate Teaching Professor, Computer Sciences; Wroc?aw University of Technology (Poland), PhD

Sophia Ainslie
Teaching Professor, Art + Design; School of the Museum of Fine Arts/Tufts University, MFA

Ildar Akhmetov
Associate Teaching Professor, Computer Sciences; Baikal State University (Russia), PhD

Derya Aksaray
Assistant Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

Zeynep Aksehirli
Associate Teaching Professor, Management and Organizational Development; University of California, Los Angeles, PhD

Mohammad Alam
Professor, Economics; University of Western Ontario (Canada), PhD

Noor E. Alam
Associate Professor, Mechanical and Industrial Engineering; University of Alberta (Canada), PhD

Ibrahim Alazza
Visiting Assistant Teaching Professor, Art + Design; Boston University, MFA

Daniel Aldrich
Professor, Political Science and Public Policy and Urban Affairs; Harvard University, PhD

Todd M. Alessandri
Associate Professor, International Business and Strategy; University of North Carolina, Chapel Hill, PhD

Jacques Alexis
Associate Teaching Professor, College of Professional Studies; University of Maryland, PhD

Mona Ali
Associate Teaching Professor, Computer Sciences; University of Manchester (United Kingdom), PhD

Noor Ali
Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

Rehab Ali
Assistant Teaching Professor, Mechanical and Industrial Engineering; University of Central Florida, PhD

Nicole Aljoe
Professor, English and Cultures, Societies, and Global Studies; Tufts University, PhD

Arwa M. Alkhateeb
Associate Cooperative Education Coordinator, College of Engineering; Princess Sumaya University for Technology (Jordan), PhD

Greg Allen
Assistant Teaching Professor, Theatre; University of Massachusetts, Amherst, MFA

Kristen Allison
Assistant Professor, Communication Sciences and Disorders; University of Wisconsin, Madison, PhD

Michael Allshouse
Assistant Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Gregory Aloupis
Teaching Professor, Computer Sciences; McGill University (Canada), PhD

Meryl Alper
Associate Professor, Communication Studies; University of Southern California, PhD

Shannon Alpert
Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Charlotte, PhD

Akram N. Alshawabkeh
University Distinguished Professor and George A. Snell Professor of Engineering, Civil and Environmental Engineering; Louisiana State University, PhD

Wael Altali
Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, Boston, PhD

Sari Altschuler
Associate Professor, English; City University of New York, PhD

Ismet B. Altunkaynak
Assistant Teaching Professor, Physics; Northeastern University, PhD

Kaitlyn Alvarez Noli
Assistant Professor, Public Policy and Urban Affairs and Health Sciences; University of California, Irvine, PhD

Diego Alzate-Sanchez
Assistant Professor, Chemistry and Chemical Biology; Northwestern University, PhD

Saeed Amal
Assistant Research Professor, Bioengineering; Haifa University (Israel), PhD

Christopher Amato
Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Steven Amato
Teaching Professor, College of Professional Studies; Boston College, PhD

Bolor Amgalan
Assistant Teaching Professor, Art + Design; Parsons School of Design, MFA

Mansoor M. Amiji
University Distinguished Professor, Pharmaceutical Sciences and Chemical Engineering; Purdue University, PhD

Rouzbeh Amini
Associate Professor, Mechanical and Industrial Engineering and Bioengineering; University of Minnesota, Duluth, PhD

Silvio Amir
Assistant Professor, Computer Sciences; University of Lisbon (Portugal), PhD

Mahshid Amirabadi
Associate Professor, Electrical and Computer Engineering; Texas A&M University, PhD

Tehmina Amjad
Associate Teaching Professor, Computer Sciences; Islamic International University, PhD

Ghita Amor-Tijani
Associate Teaching Professor, Computer Sciences; George Washington University, PhD

Parisa Andalib
Assistant Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Ayako Anderson
Associate Academic Specialist, World Languages Center; Columbia University, MA

Eric Anderson
Research Associate Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

Roy Anderson
Visiting Lecturer, Supply Chain and Information Management; Babson College, MBA

Jonathan Andrew
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; School for International Training, MA

Jose Annunziato
Assistant Teaching Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Adonis Antoniades
Associate Teaching Professor, Finance; Columbia University, PhD

Javier Apfeld
Assistant Professor, Biology; University of California, San Francisco, PhD

Tsuguo Aramaki
Assistant Professor, Physics; Columbia University, PhD

Michael Arnold Mages
Assistant Professor, Art + Design; Carnegie Mellon University, PhD

Alpha Arsano
Assistant Professor, Architecture; Massachusetts Institute of Technology, PhD

Kate Ashley
Associate Teaching Professor, Supply Chain and Information Management; University of California, Berkeley, PhD

Javed A. Aslam
Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Anand Asthagiri
Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

Jared R. Auclair
Associate Teaching Professor, Biotechnology; University of Massachusetts Medical School, PhD

Debra Auguste
Professor, Chemical Engineering; Princeton University, PhD

Earlene Avalon
Associate Teaching Professor, College of Professional Studies; Simmons University, PhD

Maia Averett
Professor, Mills College; University of California, San Diego, PhD

Emily Avery-Miller
Associate Teaching Professor, English; Emerson College, MFA

Hava Avraham
Research Associate Professor, Center for Drug Discovery; Hebrew University of Jerusalem (Israel), PhD

Ahmad Nourian Avval
Assistant Research Professor, Mechanical and Industrial Engineering; University of Memphis, PhD

Christopher James Ayala
Associate Teaching Professor, English; University of Massachusetts, Amherst, MFA

B

Elizabeth A. Bachen
Professor, Mills College; University of Pittsburgh, PhD

Omar Badreddin
Associate Teaching Professor, College of Engineering; University of Ottawa (Canada), PhD

Ricardo A. Baeza-Yates
Professor of the Practice, Computer Sciences; University of Waterloo (Canada), PhD

Keith Bagley
Associate Clinical Professor, Computer Sciences; University of Massachusetts, Lowell, PhD

Margaret Bahn
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

Jianqiu Bai
Associate Professor and Gary Gregg Faculty Fellow, Finance; University of Southern California, PhD

Rekha Bai
Assistant Teaching Professor, Mathematics; University of Iowa, PhD

Ruobing Bai
Assistant Professor, Mechanical and Industrial Engineering; Harvard University, PhD

Maryl Bailey
Associate Professor, Mills College; University of California, Berkeley, PhD

Ambika Bajpayee
Assistant Professor, Bioengineering; Massachusetts Institute of Technology, PhD

Alison K. Baker
Assistant Teaching Professor, Psychology; Northeastern University, PhD

Brook K. Baker
Professor, Law; Northeastern University, JD

Shalanda H. Baker
Professor, Law and Public Policy and Urban Affairs; Northeastern University, JD

Ilter Bakkal
Assistant Teaching Professor, Economics; Northern Illinois University, PhD

Benita Bamgbade
Assistant Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PhD

Elitsa Banalieva
Associate Professor, International Business and Strategy; Indiana University, PhD

Debra Bangs
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

Nazanin Bani Amerian
Postdoctoral Teaching Associate, Communication Studies; University of Southern Mississippi, PhD

Allison C. Bannister
Postdoctoral Teaching Associate, English; Rensselaer Polytechnic Institute, PhD

Arun Bansil
University Distinguished Professor, Physics; Harvard University, PhD

Ning Bao
Assistant Professor, Physics and Mathematics; Stanford University, PhD

Albert-László Barabási
Robert Gray Dodge Professor and University Distinguished Professor, Physics and Computer Sciences; Boston University, PhD

Emanuela Barberis
Professor, Physics; University of California, Santa Cruz, PhD

Magda Barecka
Assistant Professor, Chemical Engineering and Chemistry and Chemical Biology; Technical University of Dortmund (Germany), PhD

Sumner Barenberg
Professor of the Practice, Bioengineering; Case Western Reserve University, PhD

Thomas Barnay
Visiting Professor, Economics; Paris-East Créteil University (France), PhD

Christopher Barney
Associate Teaching Professor, Art + Design; Azusa Pacific University, MS

Cynthia Baron
Senior Academic Specialist, College of Professional Studies; Northeastern University, MBA

Timothy Barr
Postdoctoral Teaching Associate, Communication Studies; University of Pittsburgh, PhD

Amílcar Barreto
Professor, Cultures, Societies, and Global Studies and International Affairs; State University of New York at Buffalo, PhD

Lisa Barrett
University Distinguished Professor, Psychology; University of Waterloo (Canada), PhD

Margarita Barrios Ponce
Associate Teaching Professor, Art + Design; Yale University, MFA

Carey Barry
Associate Clinical Professor, Medical Sciences; Quinnipiac University, MS

Yakov Bart
Associate Professor and Thomas E. Moore Faculty Fellow, Marketing; University of California, Berkeley, PhD

Stefano Basagni
Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

Marla Baskerville
Associate Professor, Management and Organizational Development; Tulane University, PhD

John Basl
Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

Maureen Basmajian
Senior Cooperative Education Coordinator, College of Engineering; Boston College, MBA

Gorka Basterrretxea Santiso
Assistant Teaching Professor, World Languages Center; Georgetown University, PhD

Linnea Basu
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MS

Oleg Batishchev
Professor of the Practice, Physics; Moscow Institute of Physics and Technology (Russia), PhD

Nicole Batrouny
Assistant Teaching Professor, College of Engineering; Tufts University, PhD

David Bau III
Assistant Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Allison Bauer
Associate Teaching Professor, Health Sciences; University of Pennsylvania, PhD

Natalee Kēhaulani Bauer
Associate Adjunct Professor, Mills College; University of California, Berkeley, PhD

Kabria Baumgartner
Associate Professor, History and Cultures, Societies, and Global Studies; University of Massachusetts, Amherst, PhD

Christopher E. Beasley
Associate Professor, Mathematics; Princeton University, PhD

Nicholas Beauchamp
Assistant Professor, Political Science; New York University, PhD

Michael Beaudet
Professor of the Practice, Journalism; Northeastern University, MA

Laura Beerits
Assistant Teaching Professor, English; University of Texas, Austin, PhD

Gail S. Begley
Teaching Professor, Biology; Boston University, PhD

Soheil Behnezhad
Assistant Professor, Computer Sciences; University of Maryland, College Park, PhD

Mehdi Behroozi
Assistant Professor, Mechanical and Industrial Engineering; University of Minnesota, Twin Cities, PhD

Edward Beighley
Professor, Civil and Environmental Engineering; University of Maryland, College Park, PhD

Leo Beletsky
Professor, Law and Health Sciences; Temple University, JD

Jonathan Bell
Assistant Professor, Computer Sciences; Columbia University, PhD

Chiara Bellini
Assistant Professor, Bioengineering; University of Calgary (Canada), PhD

Christine Elizabeth Beluk
Assistant Cooperative Education Coordinator, College of Social Sciences and Humanities; New York University, MFA

Kylie Bemis
Assistant Teaching Professor, Computer Sciences; Purdue University, PhD

Sidi Bencherif
Assistant Research Professor, Chemical Engineering; Carnegie Mellon University, PhD

Jonathan Benda
Teaching Professor, Writing Program; Syracuse University, PhD

James C. Benneyan
Professor, Mechanical and Industrial Engineering; University of Massachusetts, Amherst, PhD

Iris Berent
Professor, Psychology; University of Pittsburgh, PhD

Rachel Gayle Berman-Kobylarz
Associate Academic Specialist, American Sign Language; University of Northern Colorado, MA

Dionisio Bernal
Professor, Civil and Environmental Engineering; University of Tennessee, PhD

Elena Bernal Mor
Assistant Teaching Professor, Electrical and Computer Engineering; Universitat Politècnica de València (Spain), PhD

David Bernstein
Professor, Mills College; Columbia University, PhD

Eugene A. Bernstein
Associate Teaching Professor, Pharmaceutical Sciences; Ivanovo Medical Institute (Russia), PhD

Enrico Bertini
Associate Professor, Computer Sciences and Art + Design; Sapienza University of Rome (Italy), PhD

Lillian-Yvonne Bertram
Associate Professor, English; University of Utah, PhD

Michael Bessette
Assistant Clinical Professor, Medical Sciences; Sackler School of Medicine, Tel Aviv University (Israel), MD

Allison Betsold
Artist in Residence, Music; University of Kansas, MM

Penny Beuning
Professor, Chemistry and Chemical Biology; University of Minnesota, Twin Cities, PhD

Peter J. Bex
Professor, Psychology; Cardiff University (United Kingdom), PhD

Rasika Bhalerao
Associate Teaching Professor, Computer Sciences; New York University, PhD

Rahul Bhargave
Assistant Professor, Journalism and Art + Design; Massachusetts Institute of Technology, MA

Shawn Bhimani
Assistant Professor, Supply Chain and Information Management; Duke University, PhD

Adeel Bhutta
Associate Teaching Professor, Computer Sciences; University of Central Florida, PhD

Dapeng Bi
Assistant Professor, Physics; Brandeis University, PhD

Timothy Bickmore
Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Doug Bielmeier
Associate Teaching Professor, Music; Argosy University, PhD

Elettra Bietti
Assistant Professor, Law and Computer Sciences; Harvard University, PhD

Reyyane Bilge
Assistant Teaching Professor, Psychology; Tufts University, PhD

Priyanka Bishnoi
Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Southern California, MS

Judith Bishop
Associate Professor, Mills College; Graduate Theological Union, PhD

Nathan Blake
Teaching Professor, Media and Screen Studies; University of California, Irvine, PhD

Robert J. Blaser
Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Massachusetts College of Pharmacy, MS

Jonathan Blazek
Assistant Professor, Physics; University of California, Berkeley, PhD

John Bleakney
Associate Cooperative Education Coordinator, College of Engineering; State University of New York at Albany, MA

Francis Blessington
Professor, English; Brown University, PhD

Aaron Block
Teaching Professor, English; Emerson College, MFA

Aliza Bloom
Assistant Professor, Law; Columbia University, JD

Elizabeth Bloom
Teaching Professor, Law; Georgetown University, JD

Linda Blum
Professor, Sociology and Anthropology; University of California, Berkeley, PhD

Ryan Bockmon
Assistant Teaching Professor, Computer Sciences; University of Nebraska, Lincoln, PhD

Erika Boeckeler
Associate Professor, English; Harvard University, PhD

Samantha Boehm
Assistant Teaching Professor, Theatre; Brandeis University, MA

Evisa Bogdani
Assistant Professor, Accounting; University of Kentucky, PhD

Philip Bogden
Associate Teaching Professor, Computer Sciences; University of California, San Diego, PhD

Eric Bogert
Assistant Teaching Professor, Supply Chain and Information Management; University of Georgia, PhD

Christopher Bolick
Assistant Teaching Professor, College of Professional Studies; Western Carolina University, MS

Tamara Bonaci
Assistant Teaching Professor, Computer Sciences; University of Washington, PhD

Andrew Bonner
Assistant Clinical Professor, Applied Psychology; University of Florida, PhD

Raymond G. Booth
Professor, Pharmaceutical Sciences and Chemistry and Chemical Biology; University of California, San Francisco, PhD

Monica Borgida
Assistant Teaching Professor, College of Professional Studies; University of Pisa / University of Bologna (Italy), PhD

Skylar Borgstrom
Visiting Assistant Professor, Art + Design; State University of New York at Buffalo, MA

Michelle Borkin
Associate Professor, Computer Sciences; Harvard University, PhD

Natalie Bormann
Teaching Professor, Political Science; University of Newcastle upon Tyne (United Kingdom), PhD

Jordon Bosse
Assistant Professor, Nursing; University of Massachusetts, Amherst, PhD

Christopher Bosso
Professor, Public Policy and Urban Affairs; University of Pittsburgh, PhD

Ekaterina Botchkovar
Associate Professor, Criminology and Criminal Justice; North Carolina State University, PhD

Kevin Boudreau
Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Alma Bournazian
Senior Academic Specialist, American Sign Language; Western Maryland College, MS

Stacey Bourns
Professor, World Languages Center; University of Texas, Austin, PhD

Carla Bouwmeester
Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

Jennifer L. Bowen
Associate Professor, Marine and Environmental Sciences; Boston University, PhD

Nicole M. Boyson
Professor, Finance; The Ohio State University, PhD

David Brady
Teaching Professor, Electrical and Computer Engineering; Princeton University, PhD

Otonye Braide-Moncoeur
Associate Teaching Professor, Chemistry and Chemical Biology; University of Florida, PhD

Maxim Braverman
Professor, Mathematics; Tel Aviv University (Israel), PhD

Heather C. Brenhouse
Associate Professor, Psychology; Northeastern University, PhD

Erik Brenner
Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, EdD

Mark Bresnihan
Assistant Cooperative Education Coordinator, College of Arts, Media and Design; Northeastern University, MS

Becky A. Briesacher
Associate Professor, Pharmacy and Health Systems Sciences; University of Maryland, Baltimore, PhD

Amy M. Briesch
Associate Professor, Applied Psychology; University of Connecticut, PhD

Luke Brisbin
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Elizabeth Britt
Professor, English; Rensselaer Polytechnic Institute, PhD

Kevin Broadbelt
Associate Teaching Professor, Biotechnology; City University of New York, PhD

Carla Brodley
Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Tatiana Bronich
Professor, Pharmacy and Health Systems Sciences; Lomonosov Moscow State University (Russia), PhD

Mary E. Bronski
Assistant Clinical Professor, Nursing; Northeastern University, DNP

Dana H. Brooks
Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Cammy Brothers
Associate Professor, Architecture and Art + Design; Harvard University, PhD

Adam Broughton
Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

Colin Brown
Assistant Teaching Professor, Political Science; Harvard University, PhD

Layla Brown
Assistant Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; Duke University, PhD

Needa Brown
Assistant Teaching Professor, Physics; University of Oklahoma, PhD

Nicholas Brown
Associate Teaching Professor, Architecture and History; University of Illinois, Urbana-Champaign, PhD

Nicholas Brown
Assistant Teaching Professor, Graduate School of Engineering; University of California, Los Angeles, PhD

Phil Brown
University Distinguished Professor, Sociology and Anthropology and Health Sciences; Brandeis University, PhD

Timothy Brown
Professor, History; University of California, Berkeley, PhD

Christopher Bruell
Associate Teaching Professor, Criminology and Criminal Justice; Northeastern University, PhD

Katie Bruner
Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

Amy Bryzgel
Teaching Professor, Art + Design; Rutgers University, PhD

Elizabeth Bucar
Professor, Philosophy and Religion; University of Chicago, PhD

Juancho Buchanan
Professor of the Practice, Computer Sciences; The University of Bristish Columbia (Canada), Phd

David E. Budil
Associate Professor, Chemistry and Chemical Biology; University of Chicago, PhD

Kal Bugrara
Teaching Professor, College of Engineering; Indiana University, PhD

Jamie Bunce
Associate Teaching Professor, Biology; University of Connecticut, PhD

Lucy Bunning
Associate Teaching Professor, College of Professional Studies; Lesley University, PhD

Jeffrey Burds
Associate Professor, History; Yale University, PhD

Cheryl A. Burke
Assistant Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, DNP

Lynn H. Burke
Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Amherst, MEd

Margaret A. Burnham
University Distinguished Professor, Law; University of Pennsylvania, LLB

José Buscaglia
Professor, Cultures, Societies, and Global Studies; University of Buffalo, PhD

Jeremy Bushnell
Associate Teaching Professor, Writing Program; University of Arizona, MFA

Ahmed A. Busnaina
University Distinguished Professor and William Lincoln Smith Professor of Mechanical Engineering, Mechanical and Industrial Engineering; Oklahoma State University, PhD

Michael Butera
Assistant Clinical Professor, Nursing; Northeastern University, DNP

Grace Buttriss
Clinical Professor, Nursing; Metropolitan State University, St. Paul, DNP

C

Qinghong Cai
Teaching Professor, World Languages Center; University of Kansas, MS

Santiago Caicedo
Associate Professor, Economics and Finance; University of Chicago, PhD

Victoria Cain
Associate Professor, History; Columbia University, PhD

Paula Caligiuri
Distinguished Professor of Global Leadership, International Business and Strategy; Pennsylvania State University, PhD

Lisa M. Campagnoni
Associate Cooperative Education Coordinator, College of Science; Northeastern University, MA

Jim Campasano
Assistant Teaching Professor, Finance; University of Massachusetts, Amherst, PhD

Octavia Camps
Professor, Electrical and Computer Engineering; University of Washington, PhD

Yanet Canavan
Associate Academic Specialist, World Languages Center; Salem State College, MA

Kristopher Cannon
Associate Teaching Professor, College of Arts, Media and Design; Georgia State University, PhD

Mira Cantor
Professor, College of Arts, Media and Design; University of Illinois, Urbana-Champaign, MFA

Gary Cantrell
Associate Teaching Professor, Computer Sciences; Mississippi State University, PhD

Jianfei Cao
Assistant Professor, Economics; University of Chicago, PhD

Luca Caracoglia
Associate Professor, Civil and Environmental Engineering; University of Trieste (Italy), PhD

Benjamin Caras
Assistant Teaching Professor, College of Arts, Media and Design; University of Massachusetts, Amherst, MFA

Alexa A. Carlson
Associate Clinical Professor, Pharmacy and Health Systems Sciences; Butler University, PharmD

Mary Carney
Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Boston College, MSN

Heather Carpenter-Oliveira
Senior Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

Jonathan Carr
Teaching Professor, Theatre; Columbia University, MFA

Michelle Carr
Senior Lecturer, College of Arts, Media and Design; Kingston University (United Kingdom), MA

Sara Carr
Assistant Professor, Architecture; University of California, Berkeley, PhD

Rebecca L. Carrier
Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

Matthew Carroll
Professor of the Practice, Journalism; Northeastern University, BS

Elie Casbi
Zelevinsky Postdoctoral Researcher, Mathematics; Université de Paris (France), PhD

Patricia Case
Assistant Teaching Professor, Health Sciences; Harvard University, PhD

Jennifer Cassano
Associate Adjunct Professor, Mills College; University of California, Santa Cruz, PhD

Cristian Cassella
Associate Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

N. Fadeke Castor
Assistant Professor, Philosophy and Religion and Cultures, Societies, and Global Studies; University of Chicago, PhD

Carlota Caulfield
Professor, Mills College; Tulane University, PhD

Smajl Cengic
Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MA

Christopher Cesario
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Yunrong Chai
Associate Professor, Biology; Cornell University, PhD

Srirupa Chakraborty
Assistant Professor, Chemical Engineering and Chemistry and Chemical Biology; State University of New York at Buffalo, PhD

Paul M. Champion
Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Chee Kwong Chan
Senior Academic Specialist, Marketing; Michigan State University, PhD

Katherine Chan
Assistant Teaching Professor, Music; University of Minnesota, Twin Cities, PhD

Kim W. Chan
Associate Research Professor, Pharmaceutical Sciences; University of Arkansas, PhD

Anjanette Chan Tack
Assistant Professor, Public Policy and Urban Affairs and Sociology and Anthropology; University of Chicago, PhD

Angela Chang
Associate Teaching Professor, Marketing; Indiana University, PhD

Rebecca N. Chapman
Assistant Teaching Professor, Law; Harvard University, JD

Divya Chaudhary
Assistant Teaching Professor, Computer Sciences; University of Delhi (India), PhD

Heidi Cheerman
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

Changyan Chen
Research Professor, Center for Drug Discovery; Columbia University, PhD

Jim Chen
Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Old Dominion University, PhD

Qin Chen
Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Old Dominion University, PhD

Siyi Cheng
Assistant Cooperative Education Coordinator, College of Engineering; The University of British Columbia (Canada), PhD

Esther Chewning
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MS

Cherese Childers-McKee
Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Greensboro, PhD

Matteo Chinazzi
Associate Research Professor, Physics; Scuola Superiore Sant'Anna (Italy), PhD

W. Paul Chiou
Associate Teaching Professor, Finance; Rutgers University, PhD

David R. Choffnes
Associate Professor, Computer Sciences; Northwestern University, PhD

Amanda Choflet
Associate Clinical Professor, Nursing; Johns Hopkins University, DNP

John Choi
Assistant Cooperative Education Coordinator, Bouvé College of Health Sciences; Harvard University, MEd

Seulah Choi
Visiting Lecturer, Political Science; Boston University, PhD

Joe Chou
Assistant Professor, Mechanical and Industrial Engineering; Rutgers University, PhD

Kaushik Roy Chowdhury
Professor, Electrical and Computer Engineering; University of Cincinnati, MS

Kevin Chuah
Assistant Professor, International Business and Strategy; London Business School (United Kingdom), PhD

Leanne Chukoskie
Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Art + Design; New York University, PhD

Ken Y. Chung
Assistant Teaching Professor, Chemistry and Chemical Biology; Michigan State University, PhD

Myojung Chung
Assistant Professor, Journalism; Syracuse University, PhD

Samuel Chung
Assistant Professor, Bioengineering; Harvard University, PhD

Hillary Chute
Distinguished Professor, English and Art + Design; Rutgers University, PhD

Dawn M. Cisewski
Associate Teaching Professor, Psychology; Indiana University of Pennsylvania, PsyD

Paolo Ciuccarelli
Professor, Art + Design; Politecnico di Milano (Italy), MArch

Sophine Clachar
Assistant Teaching Professor, Computer Sciences; University of North Dakota, PhD

Bruce H. Clark
Associate Professor, Marketing; Stanford University, PhD

Edmund L. Clark
Senior Academic Specialist, Entrepreneurship and Innovation; Clark University, MBA

Elisha Clark
Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MBA

Meredith Clark
Associate Professor, Journalism; University of North Carolina, Chapel Hill, PhD

Stephen B. Clark
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Paul Closas
Assistant Professor, Electrical and Computer Engineering; Universitat Politècnica de Catalunya (Spain), PhD

Emily Clough
Assistant Professor, Political Science and International Affairs; Harvard University, PhD

Yvonne Coady
Visiting Professor, Computer Sciences; The University of British Columbia (Canada), PhD

Richard Cobbe
Assistant Teaching Professor, Computer Sciences; Northeastern University, PhD

Robin Codding
Associate Professor, Applied Psychology; Syracuse University, PhD

Mauricio Mello Codesso
Assistant Teaching Professor, Accounting; Federal University of Santa Catarina (Brazil), PhD

John D. Coley
Associate Professor, Psychology; University of Michigan, Ann Arbor, PhD

Greg Collier
Professor of the Practice, Entrepreneurship and Innovation; Eastern Michigan University, MBA

Cali-Ryan Collin
Associate Teaching Professor, Human Services; Simmons University, PhD

Patrice Collins
Assistant Professor, Criminology and Criminal Justice and Cultures, Societies, and Global Studies; Yale University, PhD

Juan J. Colomina-Alminana
Associate Adjunct Professor, Mills College; Universidad de La Laguna (Spain), PhD

Sally Conant
Senior Cooperative Education Coordinator, College of Engineering; Salve Regina University, MA

Corinne Condon
Assistant Cooperative Education Coordinator, College of Science; Boston College, MEd

Emily Condon
Assistant Cooperative Education Coordinator, College of Science; New York University, MA

Richard Conley
Associate Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston University, JD

Kelly Conn
Associate Teaching Professor, College of Professional Studies; Boston University, PhD

Thomas Consi
Teaching Professor, Electrical and Computer Engineering; Columbia University, PhD

Sara Constantino
Assistant Professor, Psychology and Public Policy and Urban Affairs; New York University, PhD

Michael Conte
Assistant Cooperative Education Coordinator, College of Science; Suffolk University, MEd

Adam I. Cooper
Teaching Professor, Linguistics; Cornell University, PhD

Seth Cooper
Associate Professor, Computer Sciences; University of Washington, PhD

Gene D. Cooperman
Professor, Computer Sciences; Brown University, PhD

Calina Copos
Assistant Professor, Biology and Mathematics; University of California, Davis, PhD

Domenic Corey
Senior Lecturer, Health Sciences; Northeastern University, MS

Lino Coria Mendoza
Associate Teaching Professor, Computer Sciences; The University of British Columbia (Canada), PhD

Marie B. Corkery
Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Tracy A. Corley
Professor of the Practice, Public Policy and Urban Affairs; Northeastern University, PhD

John Cornett
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

Patricia Corrigan
Assistant Cooperative Education Coordinator, College of Science and College of Science; Suffolk University, MA

Felipe Cortes
Associate Teaching Professor, Finance; Washington University in St. Louis, PhD

Catherine Cosgrove
Associate Cooperative Education Coordinator, College of Science and College of Science; Bridgewater State University, MEd

Umit Coskun
Associate Teaching Professor, Mechanical and Industrial Engineering; Middle East Technical University (Turkey), PhD

Xavier Costa
Professor, Architecture; University of Pennsylvania, PhD

Sasha Costanza-Chock
Associate Professor, Media and Screen Studies; University of Southern California, PhD

Hugh G. Courtney
Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

Jessica Courtney
Assistant Cooperative Education Coordinator, College of Engineering; Lesley University, MA

Arthur J. Coury
University Distinguished Professor, Chemical Engineering; University of Minnesota, Minneapolis, PhD

Erin J. Cram
Professor, Biology; University of California, Berkeley, PhD

Fiona Creed
Associate Teaching Professor, College of Professional Studies; University College, Cork (Ireland), PhD

Kathleen Creel
Assistant Professor, Philosophy and Religion and Computer Sciences; University of Pittsburgh, PhD

William F. Crittenden
Professor, International Business and Strategy; University of Arkansas, PhD

Danielle Crookes
Assistant Professor, Health Sciences and Sociology and Anthropology; Columbia University, PhD

Maia Cross
Professor, Political Science and International Affairs; Princeton University, PhD

Robert Cross
Assistant Teaching Professor, History; Princeton University, PhD

Adrianna Crossing
Assistant Professor, Applied Psychology and Health Sciences; Michigan State University, PhD

Kristen Crovo
Assistant Cooperative Education Coordinator, College of Science; Boston University, MBA

Pedro Miguel Cruz
Assistant Professor, Art + Design; Universidade de Coimbra (Portugal), PhD

Annine Crystal
Associate Teaching Professor, College of Professional Studies; American International College, EdD

Giuseppina Cucciniello
Assistant Cooperative Education Coordinator, College of Engineering; Università degli Studi di Napoli "L'Orientale" (Italy), MA

Daniel Cuenca
Assistant Teaching Professor, World Languages Center; Boston College, PhD

Alvaro Cuervo-Cazurra
Professor and Lloyd Mullen Research Fellow, International Business and Strategy; Massachusetts Institute of Technology, PhD

Carlos Cuevas
Professor, Criminology and Criminal Justice; Alliant International University, PhD

Meng Cui
Research Associate Professor, Center for Drug Discovery; Jilin University (China), PhD

Jennifer Cullen
Associate Teaching Professor, Cultures, Societies, and Global Studies; University of California, Los Angeles, PhD

Derek Curry
Assistant Professor, Art + Design; University of California, Los Angeles, MFA

Mary Ellen Cushman
Professor, English; Rensselaer Polytechnic Institute, PhD

D

Huang Da
Assistant Professor, Finance; University of Utah, PhD

Kate Daher
Assistant Cooperative Education Coordinator, College of Science and College of Science; Northeastern University, MS

Ravinder Dahiya
Professor, Electrical and Computer Engineering; Istituto Italiano di Tecnologia (Italy), PhD

Guohao Dai
Associate Professor, Bioengineering; Massachusetts Institute of Technology, PhD

Elise J. Dallimore
Associate Professor, Communication Studies; University of Washington, PhD

James Dana Jr.
Professor, Economics and International Business and Strategy; Massachusetts Institute of Technology, PhD

Kelley Danahy
Assistant Teaching Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Aaron Daniels
Associate Teaching Professor, Psychology; Pacifica Graduate Institute, PhD

Dan Danielsen
Professor, Law; Harvard University, JD

Damilola Daramola
Assistant Professor, Chemical Engineering and Chemistry and Chemical Biology; Ohio University, PhD

Luis Dau
Associate Professor and Robert and Denise DiCenso Endowed Professor, International Business and Strategy; University of South Carolina, PhD

Benyamin Davaji
Assistant Professor, Electrical and Computer Engineering; Marquette University, PhD

Milivoje Davidovic
Assistant Teaching Professor, Finance; Northern Illinois University, PhD

Juliet Davidow
Assistant Professor, Psychology; Columbia University, PhD

Duncan Davis
Associate Teaching Professor, College of Engineering; North Carolina State University, PhD

Martha Davis
Professor, Law; University of Chicago, JD

Nicole Davis
Associate Clinical Professor, Applied Psychology; Simmons College, PhD

Patricia Davis
Associate Professor, Communication Studies; University of California, San Diego, PhD

Theo Davis
Professor, English; Johns Hopkins University, PhD

Tovah Day
Assistant Professor, Biology; Boston University, PhD

Richard Daynard
University Distinguished Professor, Law; Massachusetts Institute of Technology, PhD; Harvard University, JD

Gastón de los Reyes
Associate Teaching Professor, International Business and Strategy; University of Pennsylvania, PhD

Anthony P. De Ritis
Professor, Music; University of California, Berkeley, PhD

Robert De Schutter
Associate Professor, Game Design and Computer Sciences; Katholieke Universiteit Leuven (Belgium), PhD

Michael Dean
Assistant Teaching Professor, College of Professional Studies; Harvard University, PhD

Adenekan (Nick) Dedeke
Senior Lecturer, Supply Chain and Information Management; Technische Universität Kaiserslautern (Germany), PhD

Mohammad Dehghani
Associate Teaching Professor, Mechanical and Industrial Engineering; Western New England University, PhD

Robert Alfred DeLeo
University Fellow, College of Professional Studies and College of Social Sciences and Humanities; Colorado State University, JD

Candice Delmas
Associate Professor, Philosophy and Religion and Political Science; Boston University, PhD

Emrecan Demirors
Assistant Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

John Dencker
Professor, Management and Organizational Development; Harvard University, PhD

James Dennedy-Frank
Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Stanford University, PhD

Jack Dennerlein
Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of California, Berkeley, PhD

Allison Dennis
Associate Professor, Chemical Engineering; Georgia Institute of Technology, PhD

Megan Denver
Assistant Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

Alexander DePaoli
Associate Teaching Professor, Marketing; Stanford University, PhD

Joseph DePasquale
Associate Teaching Professor, Chemistry and Chemical Biology; Drexel University, PhD

Mahsa Derakhshan
Assistant Professor, Computer Sciences; University of Maryland, Baltimore, PhD

Leila F. Deravi
Assistant Professor, Chemistry and Chemical Biology; Vanderbilt University, PhD

Nate Derbinsky
Teaching Professor, Computer Sciences; University of Michigan, Ann Arbor, PhD

Harm Derksen
Professor, Mathematics; University of Basel (Switzerland), PhD

Nishil Desai
Associate Teaching Professor, Pharmaceutical Sciences; Mercer University, PhD

Rajeev Desai
Research Associate Professor, Center for Drug Discovery; University of Birmingham (United Kingdom), PhD

Peter J. Desnoyers
Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

David A. DeSteno
Professor, Psychology; Yale University, PhD

Darin Detwiler
Associate Teaching Professor, College of Professional Studies; New York University, PhD

Michael Ann DeVito
Assistant Professor, Computer Sciences and Communication Studies; Northwestern University, PhD

John W. Devlin
Professor, Pharmacy and Health Systems Sciences; University of Toronto (Canada), PharmD

Janet Dewan
Assistant Clinical Professor, Nursing; Northeastern University, PhD

Christa Dhimo
Professor of the Practice, Biotechnology; Northeastern University, MS

Alessandra Di Credico
Associate Teaching Professor, Physics; University of Rome (Italy), PhD

Michele Di Pierro
Assistant Professor, Physics; University of Texas, Austin, PhD

Panagoula Diamanti-Karanou
Assistant Teaching Professor, International Affairs; Northeastern University, PhD

Jacqueline Diani
Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; University of Virginia, MEd

Mike DiAntonio
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MEd

Martin Dias
Associate Teaching Professor, Supply Chain and Information Management; Bentley University, PhD

Amy DiBattista
Associate Teaching Professor, Psychology; Northeastern University, PhD

Samantha Marie DiCanio
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Rhode Island, MA

William Dickens
Distinguished Professor, Economics and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

Elizabeth Dillon
Distinguished Professor, English; University of California, Berkeley, PhD

Marina DiMarco
Assistant Professor, Philosophy and Religion and Health Sciences; University of Pittsburgh, PhD

Charles DiMarzio
Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

Aidong A. Ding
Associate Professor, Mathematics; Cornell University, PhD

Hunter Dinkins
Zelevinsky Postdoctoral Researcher, Mathematics; University of North Carolina, Chapel Hill, PhD

Kathleen C. Dioli
Associate Cooperative Education Coordinator, College of Science; Bowling Green State University, MA

Brandon Dionne
Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of New England, PharmD

Daniel L. Distel
Research Professor, Marine and Environmental Sciences; University of California, San Diego, PhD

Benjamin Dittbrenner
Associate Teaching Professor, Marine and Environmental Sciences; University of Washington, PhD

Margarita V. DiVall
Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Mark Dockser
Professor of the Practice, Entrepreneurship and Innovation; Stanford University, MBA

Lisa Cantwell Doherty
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Northeastern University, MA

Silvia Dominguez
Associate Professor, Sociology and Anthropology; Boston University, PhD

Olya Domoradova
Postgraduate Teaching Fellow, Art + Design; ArtEZ University of the Arts (Netherlands), MS

Jason Donati
Teaching Professor, Art + Design; Rochester Institute of Technology, MFA

Hua Dong
Senior Academic Specialist, World Languages Center; Emerson College, MA

Sijia Dong
Assistant Professor, Chemistry and Chemical Biology; California Institute of Technology, PhD

Pamela Donlan
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Widener University, DPT; Northeastern University, EdD

Maeve Donnelly
Assistant Clinical Professor, Applied Psychology; Western New England University, PhD

Salvatore D'Oro
Assistant Research Professor, Electrical and Computer Engineering; University of Catania (Italy), PhD

Larisa Doroshenko
Postdoctoral Teaching Associate, Communication Studies; University of Wisconsin, Madison, PhD

Kristen Dorsey
Associate Professor, Electrical and Computer Engineering and Physical Therapy, Movement, and Rehabilitation Sciences; Carnegie Mellon University, PhD

Daniel C. Douglass
Associate Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, Madison, PhD

Kevin Drakulich
Associate Professor, Criminology and Criminal Justice; University of Washington, PhD

Timothy Dransfield
Associate Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

Priya Driscoll
Professor, Mills College; University of Chicago, PhD

Laura Dudley
Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

Ken Duffy
Professor, Electrical and Computer Engineering and Mathematics; Trinity College (Ireland), PhD

Lisa Duffy
Assistant Professor, Nursing; Boston College, DNP

Tara Duffy
Associate Teaching Professor, Marine and Environmental Sciences; State University of New York at Stony Brook, PhD

Daniel M. Dulaski
Teaching Professor, Civil and Environmental Engineering; University of Massachusetts, Amherst, PhD

Evan Dummit
Associate Teaching Professor, Mathematics; University of Wisconsin, Madison, PhD

Cody Dunne
Assistant Professor, Computer Sciences; University of Maryland, College Park, PhD

Jill Dupree
Assistant Teaching Professor, Economics; University of Colorado, Boulder, PhD

Kathleen Durant
Assistant Teaching Professor, Computer Sciences; Harvard University, PhD

Jennifer G. Dy
Professor, Electrical and Computer Engineering; Purdue University, PhD

Rashmi Dyal-Chand
Professor, Law; Harvard University, JD

Brianna Dym
Assistant Teaching Professor, Computer Sciences; University of Colorado, Boulder, PhD

E

Sebastian Ebarb
Associate Teaching Professor, Art + Design; School of Visual Arts, MFA

Eno Ebong
Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Stephanie Eby
Associate Teaching Professor, Marine and Environmental Sciences; Syracuse University, PhD

Matthew Eckelman
Associate Professor, Civil and Environmental Engineering; Yale University, PhD

Marna Eckels
Assistant Cooperative Education Coordinator, College of Engineering; University of Massachusetts, Boston, MEd

Kimberly Eddleston
Professor, Entrepreneurship and Innovation; University of Connecticut, PhD

Laura Edelson
Assistant Professor, Computer Sciences; New York University, PhD

Bethany R. Edmunds
Teaching Professor, Computer Sciences; Rutgers University, PhD

Laurie Edwards
Teaching Professor, Writing Program; Emerson College, MFA

Jessica Edwards George
Associate Clinical Professor, Applied Psychology; Northeastern University, PhD

Robert C. Eidson
Assistant Teaching Professor, Psychology; Northeastern University, PhD

Stanley J. Eigen
Professor, Mathematics; McGill University (Canada), PhD

Adam Ekenseair
Associate Teaching Professor, Chemical Engineering; University of Texas, Austin, PhD

Ehsan Elhamifar
Associate Professor, Computer Sciences; Johns Hopkins University, PhD

Tina Eliassi-Rad
Professor, Computer Sciences; University of Wisconsin, Madison, PhD

Joseph Elijah
Assistant Clinical Professor, Pharmacy and Health Systems Sciences; University of Michigan College of Pharmacy, PharmD

Ryan Ellis
Associate Professor, Communication Studies; University of California, San Diego, PhD

Lee Emrich
Postdoctoral Teaching Associate, Writing Program; University of California, Davis, PhD

John R. Engen
Distinguished Professor, Chemistry and Chemical Biology; University of Nebraska, Lincoln, PhD

Christen Enos
Associate Teaching Professor, Writing Program; Emerson College, MFA

Michael Enright
Pierre Choueiri Family Professor in Global Business, International Business and Strategy; Harvard University, PhD

Slava S. Epstein
Professor, Biology; Moscow State University (Russia), PhD

Randall Erb
Associate Professor, Mechanical and Industrial Engineering; Duke University, PhD

Deniz Erdogmus
Professor, Electrical and Computer Engineering; University of Florida, PhD

Özlem Ergun
Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Cuneyt Eroglu
Associate Professor, Supply Chain and Information Management; The Ohio State University, PhD

Bilge Erten
Associate Professor, International Affairs and Economics; University of Massachusetts, Amherst, PhD

Rhea T. Eskew
Professor, Psychology; Georgia Institute of Technology, PhD

Jonathan Esole
Associate Professor, Mathematics; Leiden University (Netherlands), PhD

Tabitha Espina
Postdoctoral Teaching Associate, English; Washington State University, PhD

Lawrence Isaac Evalyn
Visiting Assistant Professor, English; University of Toronto (Canada), PhD

Jennifer Evans
Teaching Professor, Health Sciences; University of Alabama, PhD

Michael Everett
Assistant Professor, Electrical and Computer Engineering and Computer Sciences; Massachusetts Institute of Technology, PhD

Sara Ewell
Teaching Professor, College of Professional Studies; Florida State University, PhD

William Ewell
Associate Teaching Professor, College of Professional Studies; Northeastern University, PhD

F

Daniel Faber
Professor, Sociology and Anthropology; University of California, Santa Cruz, PhD

Mary Lynn Fahey
Assistant Clinical Professor, Nursing; Simmons College, DNP

Catherine Fairfield
Postdoctoral Teaching Associate, English; University of Michigan, Ann Arbor, PhD

Olubunmi Faleye
Professor, Finance; University of Alberta (Canada), PhD

Don Fallis
Professor, Philosophy and Religion and Computer Sciences; University of California, Irvine, PhD

Mohammad Fanaei
Associate Teaching Professor, Electrical and Computer Engineering; West Virginia University, Morgantown, PhD

Cao Fang
Assistant Teaching Professor, Finance; University of Arkansas, PhD

Qianqian Fang
Associate Professor, Bioengineering; Dartmouth College, PhD

David Fannon
Associate Professor, Architecture and Civil and Environmental Engineering; University of California, Berkeley, MS

Maryam Farahmand Asil
Assistant Teaching Professor, Computer Sciences; University of California, Berkeley, PhD

Nasser S. Fard
Associate Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

Amir Farhat
Associate Teaching Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

Johanna E. Farkas
Associate Teaching Professor, Biology; Northeastern University, PhD

Amy Farrell
Professor, Criminology and Criminal Justice; Northeastern University, PhD

Kristina Faul
Professor, Mills College; University of California, Santa Cruz, PhD

Sina Fazelpour
Assistant Professor, Philosophy and Religion and Computer Sciences; The University of British Columbia (Canada), PhD

James Fei
Professor, Mills College; Wesleyan University, MA

Yunsi Fei
Professor, Electrical and Computer Engineering; Princeton University, PhD

Adrian E. Feiguin
Associate Professor, Physics; Universidad Nacional de Rosario (Argentina), PhD

Allen G. Feinstein
Teaching Professor, Music; New England Conservatory of Music, MM

Nathan I. Felde
Professor, Art + Design; Massachusetts Institute of Technology, MS

Matthias Felleisen
Trustee Professor, Computer Sciences; Indiana University, PhD

Nasim Ferdows
Assistant Professor, Health Sciences and Public Policy and Urban Affairs; Wayne State University, PhD

Loretta A. Fernandez
Associate Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

Melissa Ferrick
Professor of the Practice, Music; Harvard University, MA

Lori Ferrins
Research Associate Professor, Chemistry and Chemical Biology; Monash University (Australia), PhD

Craig F. Ferris
Professor, Psychology and Pharmaceutical Sciences; New York Medical College, PhD

Kirsten Fertuck
Associate Teaching Professor, Biology; Michigan State University, PhD

David Fields
Professor of the Practice, College of Professional Studies; Northeastern University, PhD

Gregory A. Fiete
Professor, Physics; Harvard University, PhD

Susan F. Fine
Assistant Clinical Professor, Communication Sciences and Disorders; New York University, MA

Sarah Finn
Teaching Professor, Writing Program; University of Massachusetts, Amherst, PhD

Michelle Fiorenza-Hagopian
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Illinois, Urbana-Champaign, MS

Gabrielle Fiorenza-Hagopian
Assistant Cooperative Education Coordinator, College of Science and College of Science; Northeastern University, MS

Jessica Fisher
Assistant Cooperative Education Coordinator, College of Engineering; Bridgewater State University, MEd

Branden Fitelson
Distinguished Professor, Philosophy and Religion; California Institute of Technology, PhD

Joan Fitzgerald
Professor, Public Policy and Urban Affairs; Pennsylvania State University, PhD

Stephen M. Flaherty
Assistant Research Professor, Health Sciences; Northeastern University, PhD

Josie Flanagan
Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, JD

Julia Flanders
Professor of the Practice, English; Brown University, PhD

Stephen Flynn
Professor, Political Science; Tufts University, PhD

Eric Folmar
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Paul Fombelle
Associate Professor, Marketing; Arizona State University, PhD

Ellen Fontana
Associate Teaching Professor, Communication Studies; University of California, Davis, MA

Mark Fontenot
Teaching Professor, Computer Sciences; Southern Methodist University, PhD

Clifton Forlines
Research Associate Professor, Computer Sciences; University of Toronto (Canada), PhD

Murray Forman
Professor, Media and Screen Studies; McGill University (Canada), PhD

Gretchen Forsley
Assistant Clinical Professor, Nursing; University of New Hampshire, DNP

Lisa M. Foster
Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

James Fox
Lipman Family Professor of Criminology, Law, and Public Policy, Criminology and Criminal Justice and Law and Public Policy; University of Pennsylvania, PhD

Dina Fradkin
Assistant Clinical Professor, Nursing; University of Pittsburgh, DNP

Peter Fraunholtz
Assistant Teaching Professor, History and International Affairs; Boston College, PhD

Julian M. Fray
Associate Teaching Professor, Law; Columbia University, JD

Susan Freeman
Teaching Professor, College of Engineering; Northeastern University, PhD

Michael Frengel
Associate Academic Specialist, Music; City, University of London (United Kingdom), PhD

John H. Friar
Senior Academic Specialist, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Alex Fronduto
Assistant Teaching Professor, College of Professional Studies; Tufts University, PhD

Natasha Frost
Professor, Criminology and Criminal Justice; City University of New York, PhD

Kevin Fu
Professor, Electrical and Computer Engineering and Computer Sciences; Massachusetts Institute of Technology, PhD

Yun (Raymond) Fu
Professor, Electrical and Computer Engineering and Computer Sciences; University of Illinois, Urbana-Champaign, PhD

Carolin Fuchs
Teaching Professor, World Languages Center; Justus-Liebig-Universitat Giessen (Germany), PhD

Sarah FuchsHayat
Visiting Assistant Teaching Professor, Art + Design; Boston University, MFA

Canek Fuentes Hernandez
Associate Professor, Electrical and Computer Engineering; University of Arizona, PhD

Miguel Fuentes-Cabrera
Associate Teaching Professor, Computer Sciences; Universidad de La Laguna (Spain), PhD

Brian Fulton
Associate Teaching Professor, Chemistry and Chemical Biology; Iowa State University, PhD

Peter G. Furth
Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

G

Laurel Gabard-Durnam
Assistant Professor, Psychology; Columbia University, PhD

Timothy Gagnon
Associate Academic Specialist, Accounting; Sacred Heart University, MBA

Tomás Galguera
Professor, Mills College; Stanford University, PhD

Chris W. Gallagher
Professor, English; State University of New York at Albany, PhD

Sean Gallagher
Associate Clinical Professor, College of Professional Studies; Massachusetts Institute of Technology, EdD

Joshua Gallaway
William O. DiPietro Assistant Professor, Chemical Engineering; Columbia University, PhD

Rajeev Gangula
Assistant Research Professor, Electrical and Computer Engineering; Institut Eurecom École d'Ingénieurs en Systemes de Communication (France), PhD

Auroop Ganguly
Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

Robin Garabedian
Postdoctoral Teaching Associate, English; University of Massachusetts, Amherst, PhD

Denise Garcia
Associate Professor, Political Science and International Affairs; University of Geneva (Switzerland), PhD

Lori Gardinier
Teaching Professor, Human Services; Northeastern University, PhD

Julie Garey
Assistant Teaching Professor, Political Science; Northeastern University, PhD

Karen Garneau
Teaching Professor, Writing Program; Northeastern University, PhD

Julia Garrett
Associate Teaching Professor, English; University of California, Santa Barbara, PhD

Myles Garvey
Assistant Teaching Professor, Marketing; Rutgers University, PhD

Eliot A. Gattegno
Professor of the Practice, College of Professional Studies; University of California, San Diego, DMA

Wolfgang Gatterbauer
Associate Professor, Computer Sciences; Vienna University of Technology (Austria), PhD

Caleb Gayle
Postdoctoral Teaching Associate, Architecture; Brown University, PhD

Edward Geisinger
Assistant Professor, Biology; New York University, MD, PhD

Wendy Georgan
Visiting Assistant Clinical Professor, Communication Sciences and Disorders; Harvard University, PhD

Prasanth George
Associate Teaching Professor, Mathematics; State University of New York at Buffalo, PhD

Francis Georges
Assistant Teaching Professor, Economics; Boston College, PhD

Eric Gerber
Assistant Teaching Professor, Computer Sciences; Purdue University, PhD

Khaled Ghannam
Assistant Professor, Civil and Environmental Engineering; Duke University, PhD

Fatemeh Ghoreishi
Assistant Professor, Civil and Environmental Engineering and Computer Sciences; Texas A&M University, PhD

Siddhartha Ghosh
Assistant Professor, Electrical and Computer Engineering; Carnegie Mellon University, PhD

Nalini Ghuman
Professor, Mills College; University of California, Berkeley, PhD

Joan Giblin
Assistant Teaching Professor, College of Professional Studies; Johns Hopkins University, PhD

Roger W. Giese
Professor, Pharmaceutical Sciences; Massachusetts Institute of Technology, PhD

Joseph M. Giglio
Senior Academic Specialist, International Business and Strategy; Northeastern University, PhD

Nabeel Gillani
Assistant Professor, Art + Design and Marketing; Massachusetts Institute of Technology, PhD

Andrew Gillen
Assistant Teaching Professor, College of Engineering; Virginia Polytechnic Institute and State University, PhD

Philip Austin Gilreath
Postdoctoral Teaching Associate, English; University of Georgia, PhD

Laurance Ginsberg
Assistant Teaching Professor, Accounting; Bentley University, MST

Jim Giumarra
Associate Teaching Professor, College of Professional Studies; Tufts University, MA

Alison Glassie
Assistant Professor, English and Marine and Environmental Sciences; University of Virginia, PhD

Leonard J. Glick
Teaching Professor, Management and Organizational Development; Harvard University, EdD

Elizabeth Glowacki
Postdoctoral Teaching Associate, Communication Studies and Health Sciences; University of Texas, Austin, PhD

Daniel Godfrey
Professor, Music; University of Iowa, PhD

Veronica S. Godoy-Carter
Associate Professor, Biology; Tufts University, PhD

Reem Gohar
Assistant Teaching Professor, College of Professional Studies; Golden Gate University, DBA

Stephen Golden
Associate Teaching Professor, Entrepreneurship and Innovation; Suffolk University, MBA

William Goldman
Principal Lecturer, Accounting; Northeastern University, MBA

Ann C. Golub-Victor
Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Jelena Golubović
Assistant Professor, Cultures, Societies, and Global Studies; Simon Fraser University (Canada), PhD

Camille Gómez-Laberge
Associate Teaching Professor, Physics; Dalhousie University (Canada), PhD

Kathleen Gonso
Teaching Professor, Writing Program; Emerson College, MFA

Michael J. Gonyeau
Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

Teresa Goode
Associate Teaching Professor, College of Professional Studies; Cleveland State University, EdD

Patricia Goodman
Associate Teaching Professor, College of Professional Studies; Northeastern University, EdD

Matthew Goodwin
Professor, Health Sciences and Computer Sciences; University of Rhode Island, PhD

Mark Gooley
Associate Teaching Professor, Finance; Northeastern University, PhD

Samantha Gorman
Assistant Professor, Art + Design; University of Southern California, PhD

Ian Gorton
Professor of the Practice, Computer Sciences; Sheffield Hallam University (United Kingdom), PhD

Irina Gott
Teaching Professor, Law; Suffolk University, JD

Tarik C. Gouhier
Associate Professor, Marine and Environmental Sciences; McGill University (Canada), PhD

Thomas Goulding
Professor of the Practice, College of Professional Studies; University of Florida, PhD

Andrew Gouldstone
Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Mark Grabiner
Assistant Teaching Professor, Biology; University of California, Berkeley, PhD

Jonathan H. Grabowski
Professor, Marine and Environmental Sciences; University of North Carolina, Chapel Hill, PhD

Jennifer Gradecki
Assistant Professor, Art + Design; University of California, Los Angeles, MFA

Anthony P. Graffeo
Professor of the Practice, Biotechnology; Northeastern University, PhD

Steven Granelli
Associate Teaching Professor, Communication Studies; Ohio University, PhD

Laura Green
Professor, English; University of California, Berkeley, PhD

Isabelle Grenier
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; New York University, MA

Brent Griffin
Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

Jacqueline Griffin
Associate Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

Joseph Griffin
Associate Teaching Professor, College of Professional Studies; Gordon Conwell Theological Seminary, PhD

Joshua Griffiths
Assistant Teaching Professor, World Languages Center; University of Texas, Austin, PhD

Daniel Grindle
Assistant Teaching Professor, Bioengineering; Virginia Polytechnic Institute and State University, PhD

Amir Grinstein
Associate Professor, Marketing; The Hebrew University of Jerusalem (Israel), PhD

Francesca Grippa
Teaching Professor, College of Professional Studies; University of Salento (Italy), PhD

Stine Grodal
D'Amore-McKim School of Business Distinguished Professor, Entrepreneurship and Innovation; Stanford University, PhD

Terri Gu
Assistant Cooperative Education Coordinator, College of Engineering; University of Washington, MPA

Tiantian Gu
Associate Professor, Finance; University of Wisconsin, Madison, PhD

John Alexis Guerra Gómez
Assistant Teaching Professor, Computer Sciences; University of Maryland, College Park, PhD

Arjun Guha
Associate Professor, Computer Sciences; Brown University, PhD

Jen Guillemin
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MA

Hemanth Gundavaram
Clinical Professor, Law; Boston University, JD

Jason J. Guo
Research Associate Professor, Barnett Institute; University of Connecticut, PhD

Jay A. Gupta
Professor, Mills College; University of Toronto (Canada), PhD

Andrei Guschin
Assistant Teaching Professor, Mechanical and Industrial Engineering; Russian Academy of Sciences (Russia), PhD

James Gutierrez
Visiting Assistant Teaching Professor, Music; University of California, San Diego, PhD

Benjamin Gyori
Associate Professor, Computer Sciences and Bioengineering; National University of Singapore (Singapore), PhD

H

Christa Haase
Assistant Professor, Bioengineering and Physics; ETH Zürich (Switzerland), PhD

Mohamed Habibullah
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Missouri, Columbia, PhD

Katherine Haenschen
Assistant Professor, Communication Studies and Political Science; University of Texas, Austin, PhD

David Hagen
Associate Teaching Professor, College of Professional Studies; New England School of Law, JD

Margaret Hahn-Dupont
Teaching Professor, Law; Georgetown University, JD

Andrew Haile
Assistant Teaching Professor, Law; Boston College, JD

Ahmad Reza Haj Saeedi Sadegh
Zelevinsky Research Fellow, Mathematics; Pennsylvania State University, PhD

Cynthia Hajal
Assistant Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Jerome F. Hajjar
CDM Smith Professor in Civil Engineering, Civil and Environmental Engineering; Cornell University, PhD

Iva Halacheva
Assistant Professor, Mathematics; University of Toronto (Canada), PhD

Mary Hale
Assistant Teaching Professor, Architecture; Massachusetts Institute of Technology, MArch

Susan Hall
Assistant Clinical Professor, Nursing; Northeastern University, DNP

Kristina Hals
Associate Cooperative Education Coordinator, College of Engineering; Cornell University, MS

James Halverson
Assistant Professor, Physics; University of Pennsylvania, PhD

Lama Hamandi
Associate Teaching Professor, Computer Sciences; The Ohio State University, PhD

Ariel Hamlin
Assistant Teaching Professor, Computer Sciences; Northeastern University, PhD

Larry Han
Assistant Professor, Health Sciences; Harvard University, PhD

Austin James Hancock
Assistant Teaching Professor, World Languages Center; Princeton University, PhD

Paul Hand
Associate Professor, Mathematics and Computer Sciences; New York University, PhD

Matan Harel
Assistant Professor, Mathematics; Courant Institute of Mathematical Sciences, PhD

Ramkumar Hariharan
Associate Teaching Professor, Graduate School of Engineering; University of Kerala (India), PhD

Shaunna Harrington
Associate Teaching Professor, College of Professional Studies; Boston University, MA

Gibbie Harris
Visiting Assistant Professor, Health Sciences; University of North Carolina, Chapel Hill, MS

Seth Harris
Professor of the Practice, College of Professional Studies; New York University, JD

Vincent Harris
University Distinguished Professor and William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Northeastern University, PhD

Vanecia Harrison
Senior Cooperative Education Coordinator, College of Science and College of Science; Emmanuel College, MA

Sarah M. Harrison
Assistant Professor, Physics; Stanford University, PhD

Casper Harteveld
Associate Professor, Game Design; Delft University of Technology (Netherlands), PhD

Sara Hashmi
Assistant Professor, Chemical Engineering; Yale University, PhD

Christopher Hasson
Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Massachusetts, Amherst, PhD

Stephen Hatfield
Assistant Professor, Pharmaceutical Sciences; Northeastern University, PhD

Heather Hauck
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

Claudia Haupt
Associate Professor, Law and Political Science; University of Cologne (Germany), PhD; Columbia University, JSD

Jocelyn Haversat
Associate Teaching Professor, Chemistry and Chemical Biology; Johns Hopkins University, PhD

Fareed Hawwa
Assistant Teaching Professor, College of Professional Studies; Louisiana State University, PhD

Charles E. Haycook
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Salem State University, MEd

Debbie Steiner Hayes
Associate Cooperative Education Coordinator, College of Engineering; American International College, MEd

Lorna Hayward
Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, EdD

Katherine Hazen
Assistant Teaching Professor, Criminology and Criminal Justice; University of Nebraska, Lincoln, PhD, JD

Julia Hechtman
Associate Teaching Professor, Art + Design; University of Illinois, Chicago, MFA

Meghan Heckman
Assistant Professor, Journalism; Northeastern University, MA

Gretchen Heefner
Associate Professor, History; Yale University, PhD

Amy Helburn
Assistant Teaching Professor, Health Sciences; University of Massachusetts, Boston, PhD

Brian Helmuth
Professor, Marine and Environmental Sciences and Public Policy and Urban Affairs; University of Washington, PhD

Carlene Hempel
Teaching Professor, Journalism; University of North Carolina, Chapel Hill, MA

Mark Henderson
Professor, Mills College; University of California, Berkeley, PhD

Jamie G. Henzy
Associate Teaching Professor, Biology; Tufts University, PhD

Dale Herbeck
Professor, Communication Studies; University of Iowa, PhD

David A. Herlihy
Teaching Professor, Music; Boston College, JD

Mario Hernández
Assistant Professor, Mills College; The New School, PhD

Cristina Herren
Assistant Teaching Professor, Marine and Environmental Sciences; University of Wisconsin, Madison, PhD

Richard Herron
Associate Teaching Professor, Finance; City University of New York, PhD

Carie Hersh
Associate Teaching Professor, Sociology and Anthropology; Duke University, JD

Joshua Hertz
Associate Teaching Professor, College of Engineering; Massachusetts Institute of Technology, PhD

Benjamin Hescott
Teaching Professor, Computer Sciences; Boston University, PhD

Ravit Heskiau
Associate Teaching Professor, Management and Organizational Development; University of Toronto (Canada), PhD

Caroline Hewitt
Clinical Professor, Nursing; City University of New York, PhD

Babak Heydari
Associate Professor, Mechanical and Industrial Engineering; University of California, Berkeley, PhD

Carlos Hidrovo Chavez
Associate Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Matthew Higger
Lecturer, Computer Sciences; Northeastern University, PhD

Malcolm D. Hill
Associate Professor, Marine and Environmental Sciences; University of California, Santa Cruz, PhD

Victoria Hill
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Northeastern University, MS

Charles H. Hillman
Professor, Psychology and Physical Therapy, Movement, and Rehabilitation Sciences; University of Maryland, College Park, PhD

Robin Hillyard
Associate Teaching Professor, Graduate School of Engineering; Cambridge University (United Kingdom), PhD

Jesse Hinson
Associate Teaching Professor, Theatre; Brandeis University, MFA

Edward Hirsch
Professor, Art + Design; Massachusetts Institute of Technology, PhD

Matthew Hitchcock
Postdoctoral Teaching Associate, English; Northeastern University, PhD

Hubert Ho
Associate Teaching Professor, Music; University of California, Berkeley, PhD

Kim Ho
Visiting Assistant Professor, Communication Sciences and Disorders; Purdue University, PhD

Sofie Hodara
Assistant Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

Cydney Hodder
Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

Umesh Hodeghatta
Assistant Teaching Professor, College of Professional Studies; Indian Institute of Technology (India), PhD

Lynda Hodgson
Associate Teaching Professor, College of Professional Studies; Virginia Commonwealth University, PhD

Timothy Hoff
Professor, Management and Organizational Development and Public Policy and Urban Affairs; State University of New York at Albany, PhD

Jessica Hoffman
Professor, Applied Psychology; Lehigh University, PhD

Megan Hofmann
Assistant Professor, Computer Sciences and Mechanical and Industrial Engineering; Carnegie Mellon University, PhD

Matthew Hogencamp
Assistant Professor, Mathematics; University of Virginia, PhD

Uwe Hohgrawe
Professor of the Practice, College of Professional Studies; University of Wuppertal (Germany), PhD

Udi Hoitash
Professor and Lillian L. and Harry A. Cowan Research Professor, Accounting; Rutgers University, PhD

Tyneka Holley
Assistant Teaching Professor, College of Professional Studies; University of North Carolina, Greensboro, EdD

Wallace Holohan
Senior Clinical Specialist, Law; Fitchburg State University, BA

Steven Holtzen
Assistant Professor, Computer Sciences; University of California, Los Angeles, PhD

Viktoria Holubnycha
Visiting Assistant Professor, Biology; Sumy State University (Ukraine), PhD

Erica P. Homan
Associate Teaching Professor, Biology; Baylor College of Medicine, PhD

Trenton Honda
Clinical Professor, Medical Sciences; Northeastern University, PhD

Mark Hooker
Teaching Professor, Economics; Stanford University, PhD

Julia Hopkins
Assistant Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

Michael J. Hoppmann
Teaching Professor, Communication Studies; University of Tübingen (Germany), PhD

Nicholas D. Horan
Associate Teaching Professor, Law; Northeastern University, JD

Brockett Horne
Teaching Professor, Art + Design; Rhode Island School of Design, MFA

Emily Hornsby
Assistant Cooperative Education Coordinator, College of Arts, Media and Design; Bowling Green State University, MA

David Horsley
Professor, Electrical and Computer Engineering; University of California, Berkeley, PhD

Adam Hosein
Associate Professor, Philosophy and Religion; Massachusetts Institute of Technology, PhD

Richard Hoshino
Associate Teaching Professor, Computer Sciences; Dalhousie University (Canada), PhD

Marcus Howard
Associate Teaching Professor, Journalism; Purdue University, PhD

Jeffrey P. Howe
Associate Professor, Journalism; University of California, San Diego, PhD

Valerie Hower
Associate Teaching Professor, Mathematics; University of Georgia, PhD

Laura Huang
D'Amore-McKim School of Business Distinguished Professor, Management and Organizational Development; University of California, Irvine, PhD

Aileen Huang-Saad
Associate Professor, Bioengineering; Johns Hopkins University, PhD

Anne R. Hughes
Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

Kaitlyn S. Hughes
Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; Northeastern University, MS

Carmen Hull
Assistant Professor, Art + Design and Architecture; University of Calgary (Canada), PhD

Francisco Hung
Associate Professor, Chemical Engineering; North Carolina State University, PhD

Matthew Hunt
Professor, Sociology and Anthropology; Indiana University, PhD

Ahmed Huq
Visiting Professor, Supply Chain and Information Management; University of Kentucky, DBA

Patrick Hurley
Assistant Professor, Accounting; University of Wisconsin, Madison, PhD

Mark Huselid
Distinguished Professor of Workforce Analytics, International Business and Strategy; State University of New York at Buffalo, PhD

Emily Hutter
Postdoctoral Teaching Associate, Communication Studies; University of Connecticut, PhD

I

Anthony Iarrobino
Professor, Mathematics; Massachusetts Institute of Technology, PhD

Patricia Illingworth
Professor, Philosophy and Religion; University of California, San Diego, PhD; Boston University, JD

Mahdi Imani
Assistant Professor, Electrical and Computer Engineering; Texas A&M University, PhD

Jennifer Ingemi
Assistant Teaching Professor, Psychology; University of Massachusetts Medical School, PhD

Vinay K. Ingle
Associate Professor, Electrical and Computer Engineering; Rensselaer Polytechnic Institute, PhD

Francesca Inglese
Assistant Professor, Music; Brown University, PhD

Rei Inouye
Teaching Professor, World Languages Center; Temple University, PhD

Stephen S. Intille
Professor, Computer Sciences and Health Sciences; Massachusetts Institute of Technology, PhD

Efstratios Ioannidis
Professor, Electrical and Computer Engineering; University of Toronto (Canada), PhD

Andreia Ionescu
Assistant Professor, Biology; University of Rochester, PhD

Farzaneh Irani
Assistant Cooperative Education Coordinator, College of Engineering; University of Waterloo (Canada), MA

Roderick Ireland
Distinguished Professor, Criminology and Criminal Justice; Northeastern University, PhD; Columbia University, JD

Jonathan Iris-Wilbanks
Assistant Professor of the Practice, Mills College; Mills College, MA

Derek M. Isaacowitz
Professor, Psychology; University of Pennsylvania, PhD

Erin Islo
Assistant Professor, Law; Princeton University, PhD; Yale University, JD

Michelle L. Israel
Senior Cooperative Education Coordinator, College of Science and College of Science; Northeastern University, MS

Nathan E. Israeloff
Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Susan Ito
Assistant Adjunct Professor, Mills College; Mills College, MFA

Alexander R. Ivanov
Associate Professor, Chemistry and Chemical Biology; Russian Academy of Sciences (Russia), PhD

Maria Ivanova
Professor, Public Policy and Urban Affairs; Yale University, PhD

Julia Ivy
Teaching Professor, International Business and Strategy; Lancaster University (United Kingdom), PhD

J

Alden Jackson
Associate Clinical Professor, Computer Sciences; University of Delaware, PhD

Denise Jackson
Associate Professor, Psychology; University of Pittsburgh, PhD

Ellen Jackson
Assistant Teaching Professor, Writing Program; Stanford University, MFA

William J. Jackson
Senior Cooperative Education Coordinator, College of Arts, Media and Design; University of Massachusetts, Boston, MEd

Michelle Jacobs
Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of California, San Francisco, PharmD

Bruce Jacoby
Clinical Professor, Law; University of Connecticut, JD

Beverly Kris Jaeger-Helton
Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Michael Jaeggli
Associate Teaching Professor, Bioengineering; Clemson University, PhD

Catrina Jaime
Assistant Adjunct Professor, Mills College; University of Pittsburgh, PhD

Miten Jain
Assistant Professor, Bioengineering and Physics; University of California, Santa Cruz, PhD

Aleksandra Jakubowski
Assistant Professor, Health Sciences and Economics; University of North Carolina, Chapel Hill, PhD

Safa Jamali
Associate Professor, Mechanical and Industrial Engineering; Case Western Reserve University, PhD

Nikki James
Assistant Teaching Professor, Entrepreneurship and Innovation; University of Liverpool (United Kingdom), EdD

Alan Jamieson
Associate Clinical Professor, Computer Sciences; Clemson University, PhD

Lindsay Jamieson
Teaching Professor, Computer Sciences; Clemson University, PhD

David Janero
Visiting Professor, Pharmaceutical Sciences; Johns Hopkins University, PhD

Caitlyn Jarvis
Assistant Teaching Professor, Communication Studies; Purdue University, PhD

Mohammad Amin Javadi
Assistant Teaching Professor, Mechanical and Industrial Engineering; University of Texas, Arlington, PhD

Angelina Jay
Assistant Teaching Professor, College of Engineering; Northeastern University, PhD

Regine Jean-Charles
Professor, Cultures, Societies, and Global Studies and Women's, Gender, and Sexuality Studies; Harvard University, PhD

Sanaa Jehi
Associate Teaching Professor, Chemistry and Chemical Biology; Cleveland State University, PhD

Solomon M. Jekel
Associate Professor, Mathematics; Dartmouth College, PhD

Huaizu Jiang
Assistant Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Tamara Jimah
Assistant Professor, Health Sciences and Pharmacy and Health System Sciences; University of California, Irvine, PhD

Holly Jimison
Professor of the Practice, Computer Sciences and Health Sciences; Stanford University, PhD

Xiaoning Jin
Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

Xuemin Jin
Associate Teaching Professor, Mechanical and Industrial Engineering; University of Maryland, College Park, PhD

Dinesh John
Associate Professor, Health Sciences; University of Tennessee, PhD

Brooke Johnson
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

Martha Johnson
Associate Professor, Mills College; University of California, Berkeley, PhD

Steven Johnson
Associate Cooperative Education Coordinator, College of Engineering; Suffolk University, MS

Vanessa D. Johnson
Associate Professor, Applied Psychology; Western Michigan University, PhD

Dierdre Jordan
Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

Josep Jornet
Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

Tiffany Joseph
Associate Professor, Sociology and Anthropology and International Affairs; University of Michigan, Ann Arbor, PhD

Neel Joshi
Associate Professor, Chemistry and Chemical Biology; University of California, Berkeley, PhD

Jacqueline Josselyn
Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

Alison Joyce
Associate Cooperative Education Coordinator, College of Engineering; Ohio University, MEd

Youna Jung
Associate Teaching Professor, Computer Sciences; Ajou University (Republic of Korea), PhD

Yung Joon Jung
Professor, Mechanical and Industrial Engineering; Rensselaer Polytechnic Institute, PhD

K

David R. Kaeli
College of Engineering Distinguished Professor, Electrical and Computer Engineering; Rutgers University, PhD

Jonathan D. Kahn
Professor, Law and Biology; Cornell University, PhD; University of California, Berkeley, JD

Sagar V. Kamarthi
Professor, Mechanical and Industrial Engineering; Pennsylvania State University, PhD

John Kane
Lecturer, Art + Design; Yale University, BA

Mary M. Kane
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Massachusetts, Boston, MEd

Michael Kane
Assistant Professor, Civil and Environmental Engineering; University of Michigan, Ann Arbor, PhD

Sarah Kanouse
Associate Professor, Art + Design; University of Illinois, Urbana-Champaign, MFA

Carla Kaplan
Davis Distinguished Professor in American Literature, English and Women's, Gender, and Sexuality Studies; Northwestern University, PhD

Swastik Kar
Professor, Physics; Indian Institute of Science (India), PhD

Ieshia Karasik
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Pine Manor College, MFA

Samina Karim
Professor, Entrepreneurship and Innovation; University of Michigan, Ann Arbor, PhD

Jennelle Kariotis-Rice
Assistant Teaching Professor, Psychology; Northeastern University, PhD

Yael Karlinsky Shichor
Assistant Professor, Marketing; Columbia University, PhD

Alain S. Karma
College of Arts and Sciences Distinguished Professor, Psychology; University of California, Santa Barbara, PhD

Kate Karniouchina
Professor, Mills College; University of Utah, PhD

Jonathan Kaufman
Professor, Journalism; Harvard University, MA

Bret Keeling
Teaching Professor, Writing Program; University of Washington, PhD

Melvin Kelley
Associate Professor, Law and Entrepreneurship and Innovation; Columbia University, JD

Melvin Kelley
Associate Professor, Law and Entrepreneurship and Innovation; Columbia University, JD

Thomas M. Kelley
Associate Teaching Professor, Physics; University of Minnesota, Duluth, PhD

Kathleen Kelly
Professor, English; University of North Carolina, Chapel Hill, PhD

Whitney Kelting
Associate Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

Daniel D. Kennedy
Professor, Journalism; Boston University, MLA

Megan Kennedy
Assistant Teaching Professor, College of Professional Studies; University of Albany, PhD

Winston Kennedy
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Florida International University, DPT

Kathryn Kennen
Associate Teaching Professor, Architecture; Harvard University, MArch

Aileen Kent Yates
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Massachusetts, Amherst, BA

Heidi Kevoe Feldman
Associate Professor, Communication Studies; Rutgers University, PhD

Leila Keyvani Someh
Associate Teaching Professor, College of Engineering; Northeastern University, PhD

Norair Khachatryan
Visiting Lecturer, Criminology and Criminal Justice; University of South Florida, PhD

Shantanu Khanna
Assistant Professor, Public Policy and Urban Affairs and Economics; University of California, Irvine, PhD

Niyatee Kher
Assistant Cooperative Education Coordinator, College of Engineering; Georgia College & State University, MA

Denise Khor
Associate Professor, Cultures, Societies, and Global Studies and Art + Design; University of California, San Diego, PhD

Konstantin Khrapko
Professor, Biology and Pharmaceutical Sciences; Engelhardt Institute of Molecular Biology, Moscow (Russia), PhD

Ilham Khuri-Makdisi
Associate Professor, History; Harvard University, PhD

Sheri Kiami
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Simmons University, DPT

Charles F. Kilfoye
Assistant Teaching Professor, College of Professional Studies; Northeastern University, EdD

Daniel Kim
Associate Professor, Health Sciences; University of Toronto (Canada), MD; Harvard University, PhD

Eunsong Kim
Assistant Professor, English; University of California, San Diego, PhD

Miso Kim
Assistant Professor, Art + Design; Carnegie Mellon University, PhD

Tiffany Kim
Assistant Clinical Professor, Nursing; University of Pennsylvania, PhD

Yong-Bin Kim
Professor, Electrical and Computer Engineering; Colorado State University, PhD

John Kimani
Associate Teaching Professor, Electrical and Computer Engineering; University of Wisconsin, Milwaukee, PhD

David L. Kimbro
Associate Professor, Marine and Environmental Sciences; University of California, Davis, PhD

Nancy Kimelman
Assistant Teaching Professor, Economics; Brown University, PhD

Daniel King
Assistant Clinical Professor, Nursing; University of Alabama, DNP

Andrew Kinley
Assistant Teaching Professor, College of Professional Studies; Indiana University, PhD

Erin Kinnally
Associate Adjunct Professor, Mills College; University of California, Davis, PhD

Trivedi Kirankumar
Associate Teaching Professor, Mechanical and Industrial Engineering; RK University (India), PhD

Engin Kirda
Professor, Computer Sciences and Electrical and Computer Engineering; Technical University of Vienna (Austria), PhD

Rein U. Kirss
Associate Professor, Chemistry and Chemical Biology; University of Wisconsin, Madison, PhD

Jennifer L. Kirwin
Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Risa Kitagawa
Assistant Professor, Political Science and International Affairs; Stanford University, PhD

Karl E. Klare
Matthews Distinguished University Professor, Law; Harvard University, JD

Neil Kleiman
Professor of the Practice, Public Policy and Urban Affairs; City University of New York, PhD

Rebecca Kleinberer
Assistant Professor, Music and Computer Sciences; Massachusetts Institute of Technology, PhD

Kristian Kloeckl
Associate Professor, Art + Design and Architecture; University of Venice (Italy), PhD

Elizabeth Knowles
Associate Teaching Professor, Law; Thomas Jefferson School of Law, JD

Ben Knudsen
Assistant Professor, Mathematics; Northwestern University, PhD

Dami Ko
Assistant Professor, Nursing; University of Wisconsin, Madison, PhD

Khalid Kodi
Professor of the Practice, Art + Design; Massachusetts College of Art and Design, MFA

Dan Koloski
Professor of the Practice, College of Professional Studies; Harvard University, MS

Tali Konry
Associate Professor, Pharmaceutical Sciences; Ben-Gurion University of the Negev (Israel), PhD

Constantin Konstantopoulos
Associate Teaching Professor, Graduate School of Engineering; Boston University, PhD

Alper Koparan
Assistant Teaching Professor, Finance; Kent State University, PhD

Abigail N. Koppes
Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Ryan Koppes
Associate Professor, Chemical Engineering; Rensselaer Polytechnic Institute, PhD

Ilka Kostka
Teaching Professor, College of Professional Studies; New York University, PhD

Apoorva Koticha
Associate Teaching Professor, Finance; New York University, PhD

Dimitrios Koutsonikolas
Associate Professor, Electrical and Computer Engineering; Purdue University, PhD

Haris Koutsopoulos
Professor, Civil and Environmental Engineering; Massachusetts Institute of Technology, PhD

Linda Kowalcky
Professor of the Practice, Public Policy and Urban Affairs; Johns Hopkins University, PhD

Arthur F. Kramer
Professor, Psychology; University of Illinois, Urbana-Champaign, PhD

Laurie Kramer
Professor, Applied Psychology; University of Illinois, Urbana-Champaign, PhD

Katherine Kraschel
Assistant Professor, Law and Health Sciences; Harvard University, JD

Sergey Kravchenko
Professor, Physics; Institute of Solid State Physics (Russia), PhD

Dmitri Krioukov
Associate Professor, Physics and Mathematics and Electrical and Computer Engineering; Old Dominion University, PhD

Ganesh Krishnamoorthy
Professor, Accounting; University of Southern California, PhD

Karthik Krishnan
Associate Professor, Finance; Boston College, PhD

Laura Kuhl
Assistant Professor, Public Policy and Urban Affairs and International Affairs; Tufts University, PhD

Aisulu Kulbayeva
Assistant Teaching Professor, Linguistics; Georgetown University, PhD

Aisulu Kulbayeva
Assistant Teaching Professor, Linguistics; Georgetown University, PhD

Smriti Kumar
Visiting Assistant Professor, Marketing; University of Massachusetts, Amherst, PhD

Haridas Kumarakuru
Assistant Teaching Professor, Physics; University of Bristol (United Kingdom), PhD

Venkat Kuppuswamy
Assistant Professor, Entrepreneurship and Innovation; Harvard University, DBA

Jessica Kurr
Visiting Lecturer, Communication Studies; Pennsylvania State University, PhD

Didem Kurt
Associate Teaching Professor, Marketing; University of Pittsburgh, PhD

Kristina Kutsukos
Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

Dennis Kwok
Visiting Lecturer, Political Science; University of Hong Kong, BA

John Kwoka
Neal F. Finnegan Distinguished Professor, Economics; University of Pennsylvania, PhD

MiYoung Kwon
Assistant Professor, Psychology; University of Minnesota, Twin Cities, PhD

L

Michelle Laboy
Assistant Professor, Architecture; University of Michigan, Ann Arbor, MArch

Kristin Lacey
Postdoctoral Teaching Associate, English; Boston University, PhD

Jamie Ladge
Professor, Management and Organizational Development; Boston College, PhD

Nicole Laffan
Assistant Clinical Professor, Communication Sciences and Disorders; A.T. Still University, Arizona, PhD

Darcelle Lahr
Professor of the Practice, Mills College; Mills College, EdD

Jay Laird
Assistant Teaching Professor, College of Professional Studies; Lesley University, MFA

Charlotte Lam
Associate Cooperative Education Coordinator, College of Science and College of Science; California State University, Sacramento, MA

Joan LaMachia
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MEd

Anna Lamin
Associate Professor, International Business and Strategy; University of Minnesota, Duluth, PhD

Jason Lancaster
Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

William Lancaster
Principal Lecturer, Communication Studies; Michigan State University, MA

Lucas J. Landherr
Teaching Professor, Chemical Engineering; Cornell University, PhD

Alexis Landry
Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

Theodore Landsmark
Distinguished Professor of Public Policy and Urban Affairs, Public Policy and Urban Affairs; Boston University, PhD; Yale University, JD

David Lang
Assistant Teaching Professor, Mathematics; Boston College, PhD; Northeastern University, PhD

Timothy Lannin
Associate Teaching Professor, Bioengineering; Cornell University, PhD

Amy Lantinga
Teaching Professor, College of Professional Studies; University of Tennessee, EdD

Philip Larese-Casanova
Associate Professor, Civil and Environmental Engineering; University of Iowa, PhD

Krista Larsen
Assistant Teaching Professor, Criminology and Criminal Justice; Suffolk University, JD

Barbara Larson
Teaching Professor, Management and Organizational Development; Harvard University, DBA

Elizabeth Larson
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MBA

Christine Lary
Research Associate Professor, Health Sciences; North Carolina State University, PhD

Felicia G. Lassk
Associate Professor, Marketing; University of South Florida, PhD

Amanda Reeser Lawrence
Associate Professor, Architecture; Harvard University, PhD

David M. Lazer
University Distinguished Professor, Political Science and Computer Sciences; University of Michigan, Ann Arbor, PhD

Joshua Lea
Assistant Clinical Professor, Nursing; Akron University, PhD

Carol Lee
Assistant Teaching Professor, Supply Chain and Information Management; University of Massachusetts, Boston, PhD

Cliff Lee
Professor, Mills College; University of California, Los Angeles, PhD

Cynthia Lee
Professor, Management and Organizational Development; University of Maryland, College Park, PhD

Doreen Lee
Associate Professor, Sociology and Anthropology; Cornell University, PhD

Jeongkyu Lee
Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

Jung Lee
Associate Professor, Philosophy and Religion; Brown University, PhD

Kristen Lee
Associate Teaching Professor, College of Professional Studies; Northeastern University, EdD

Lee-Peng Lee
Assistant Teaching Professor, Mathematics; Massachusetts Institute of Technology, PhD

Matt Lee
Teaching Professor, Human Services; University of Illinois, Urbana-Champaign, PhD

Robert Lee
Associate Academic Specialist, American Sign Language; Boston University, MA

Shun-Yang Lee
Assistant Professor, Marketing; University of Texas, Austin, PhD

Victoria Lee
Assistant Cooperative Education Coordinator, College of Engineering; Lesley University, MEd

Yang W. Lee
Associate Professor, Supply Chain and Information Management; Massachusetts Institute of Technology, PhD

Carolyn W. T. Lee-Parsons
Associate Professor, Chemical Engineering and Chemistry and Chemical Biology; Cornell University, PhD

Chad Lee-Stronach
Assistant Professor, Philosophy and Religion; Australian National University (Australia), PhD

Robert Leeman
Professor, Health Sciences; University of Pennsylvania, PhD

Miriam E. Leeser
Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

Laurel Leff
Professor, Journalism; Yale University, MA

Lori Lefkovitz
Ruderman Professor of Jewish Studies, Jewish Studies and English; Brown University, PhD

Bradley M. Lehman
Professor, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

Ada Lerner
Assistant Professor, Computer Sciences; University of Washington, PhD

Benjamin Lerner
Associate Teaching Professor, Computer Sciences; University of Washington, PhD

Neal Lerner
Professor, English; Boston University, EdD

John Lesko
Professor, Mechanical and Industrial Engineering and Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

Laurent Lessard
Associate Professor, Mechanical and Industrial Engineering; Stanford University, PhD

Yvonne Leung
Assistant Teaching Professor, College of Professional Studies; York University (Canada), PhD

Tatyana Levchenko
Assistant Research Professor, Pharmaceutical Sciences; Academy of Medical Sciences Moscow (Russia), PhD

Yiannis A. Levendis
College of Engineering Distinguished Professor, Mechanical and Industrial Engineering; California Institute of Technology, PhD

Erel Levine
Associate Professor, Bioengineering; Weizmann Institute of Science (Israel), PhD

Herbert Levine
University Distinguished Professor, Physics and Bioengineering; Princeton University, PhD

Herbert Levine
University Distinguished Professor, Physics and Bioengineering; Princeton University, PhD

Kim Lewis
University Distinguished Professor, Biology; Moscow State University (Russia), PhD

Laura H. Lewis
University Distinguished Professor and Cabot Professor, Chemical Engineering and Mechanical and Industrial Engineering; University of Texas, Austin, PhD

Ang Li
Assistant Professor, Architecture; Princeton University, MArch

Chieh Li
Associate Professor, Applied Psychology; University of Massachusetts, Amherst, EdD

Fan Li
Assistant Teaching Professor, Finance; Virginia Polytechnic Institute and State University, PhD

Rui Li
Associate Clinical Professor, Health Sciences; Baylor University, PhD

Yaning Li
Associate Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

Alexis Liakos
Visiting Assistant Clinical Professor, Medical Sciences; Albany Medical College, MS

Zhenyu Liao
Assistant Professor, Management and Organizational Development; National University of Singapore (Singapore), PhD

Elizabeth Libby
Assistant Professor, Bioengineering; University of Pennsylvania, PhD

Karl J. Lieberherr
Professor, Computer Sciences; Eidgenössische Technische Hochschule Zürich (Switzerland), PhD

Karin N. Lifter
Professor, Applied Psychology; Columbia University, PhD

Dacheng Lin
Research Associate Professor, Physics; Massachusetts Institute of Technology, PhD

Xue Lin
Associate Professor, Electrical and Computer Engineering; University of Southern California, PhD

Yingzi Lin
Professor, Mechanical and Industrial Engineering; University of Saskatchewan (Canada), PhD

Alisa K. Lincoln
Professor, Sociology and Anthropology and Health Sciences; Columbia University, PhD

Margo Lindauer
Associate Clinical Professor, Law; Georgetown University, JD

John J. Lindhe
Associate Teaching Professor, Mathematics; Northeastern University, PhD

Jessica Linker
Assistant Professor, History; University of Connecticut, PhD

Albert Lionelle
Associate Teaching Professor, Computer Sciences; Colorado State University, PhD

Gabor P. Lippner
Associate Professor, Mathematics; Eötvös Loránd University (Hungary), PhD

Jeffrey Lipton
Assistant Professor, Mechanical and Industrial Engineering; Cornell University, PhD

Heather A. Littlefield
Teaching Professor, Linguistics; Boston University, PhD

Handan Liu
Associate Teaching Professor, Graduate School of Engineering; Shanghai Jiao Tong University (China), PhD

Kelvin Liu
Associate Professor, Accounting; University of South Carolina, PhD

Weiling Liu
Assistant Professor, Finance; Harvard University, PhD

Xiaoping Liu
Assistant Teaching Professor, Supply Chain and Information Management; University of Massachusetts, Lowell, PhD

Yongmin Liu
Associate Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; University of California, Berkeley, PhD

Ioannis Livanis
Teaching Professor, International Affairs and Political Science; University of Florida, PhD

Carol Livermore
Associate Professor, Mechanical and Industrial Engineering; Harvard University, PhD

Cathy Lizotte
Associate Teaching Professor, Law; Suffolk University, JD

Martha Loftus
Assistant Teaching Professor, College of Professional Studies; Harvard University, EdD

Diomedes E. Logothetis
Professor, Pharmaceutical Sciences; Harvard University, PhD

Fabrizio Lombardi
International Test Conference Professor, Electrical and Computer Engineering; University of London (United Kingdom), PhD

Georgia Looney
Associate Cooperative Education Coordinator, College of Engineering; Boston College, MBA

Alexandre Lopes
Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of São Paulo (Brazil), PhD

Melinda Lopez
Professor of the Practice, Theatre; Boston University, MA

Steven A. Lopez
Assistant Professor, Chemistry and Chemical Biology; University of California, Los Angeles, PhD

Sara Lopez-Pintado
Associate Professor, Health Sciences; Universidad Carlos III de Madrid (Spain), PhD

Connie Lorette
Associate Clinical Professor, Nursing; Boston College, PhD

Ralph H. Loring
Associate Professor, Pharmaceutical Sciences; Cornell University, PhD

Francis Loth
Professor, Mechanical and Industrial Engineering and Bioengineering; Georgia Institute of Technology, PhD

Daniel Lothian
Professor of the Practice, Journalism; American University, MA

Kathleen E. Lotterhos
Associate Professor, Marine and Environmental Sciences; Florida State University, PhD

Deirdre Loughridge
Associate Professor, Music; University of Pennsylvania, PhD

Psyche Loui
Associate Professor, Music; University of California, Berkeley, PhD

Jennifer O. Love
Associate Teaching Professor, College of Engineering; Northeastern University, MS

Timothy Love
Associate Professor, Architecture; Harvard University, MArch

Will Lovely III
Associate Teaching Professor, International Business and Strategy; Northeastern University, DLP

John Lowrey
Assistant Professor, Supply Chain and Information Management and Health Sciences; The Ohio State University, PhD

Amy Shirong Lu
Associate Professor, Communication Studies and Health Sciences; University of North Carolina, Chapel Hill, PhD

Lucy Siying Lu
Assistant Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

Mingyang Lu
Assistant Professor, Bioengineering; Baylor College of Medicine, PhD

Kimberly Dawn Lucas
Professor of the Practice, Public Policy and Urban Affairs; Brandeis University, PhD

Celsey Lumbra
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Northeastern University, MS

Razvan Lungeanu
Assistant Professor, Entrepreneurship and Innovation; Northwestern University, PhD

Katherine Luongo
Associate Professor, History and International Affairs; University of Michigan, Ann Arbor, PhD

Kimberly Lurie
Assistant Cooperative Education Coordinator, College of Engineering; Suffolk University, JD

Steven Lustig
Associate Professor, Chemical Engineering; Purdue University, PhD

Getty Lustila
Assistant Teaching Professor, Philosophy and Religion; Boston University, PhD

Vasiliki Lykourinou
Assistant Teaching Professor, Chemistry and Chemical Biology; University of South Florida, PhD

M

Jun Ma
Professor, Economics; University of Washington, PhD

Tong Ma
Assistant Professor, Mechanical and Industrial Engineering; University of Connecticut, PhD

Kayse Maass
Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

Patricia A. Mabrouk
Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Jacquelyn MacDonald
Associate Cooperative Education Coordinator, College of Science and College of Science; Harvard University, MEd

Larissa Machiori Pacheco
Assistant Teaching Professor, International Business and Strategy; Fundação Getulio Vargas (Brazil), PhD

Robin MacIlroy
Associate Cooperative Education Coordinator, College of Engineering; Harvard University, MEd

Andrew Mackie
Associate Clinical Professor, Medical Sciences; University of Nebraska, MS

Heatherjean Macneil
Visiting Lecturer, Management and Organizational Development; University of Massachusetts, Boston, PhD

Krishna Madaparthi
Assistant Academic Specialist, American Sign Language; Gallaudet University, MA

Jeanne Madden
Associate Professor, Pharmacy and Health Systems Sciences; Harvard University, PhD

Kristin Madison
Professor, Law and Health Sciences; Stanford University, PhD; Yale University, JD

Meica Magnani
Assistant Teaching Professor, Philosophy and Religion and Computer Sciences; Stanford University, PhD

Kim Magowan
Adjunct Professor, Mills College; University of California, Berkeley, PhD

Bala Maheswaran
Teaching Professor, College of Engineering; Northeastern University, PhD

Debra Mahfouz
Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PharmD

Elizabeth Mahler
Associate Teaching Professor, College of Professional Studies; George Washington University, EdD

Luigia Maiellaro
Teaching Professor, World Languages Center; Russian State University for the Humanities (Russia), PhD

Lee Makowski
Professor, Bioengineering and Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Purnima Makris
Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

Alexandros Makriyannis
George D. Behrakis Chair and Professor, Center for Drug Discovery and Chemistry and Chemical Biology; University of Kansas, PhD

Mario Maletta
Professor, Accounting; University of Massachusetts, Amherst, PhD

Veronika Maliborska
Associate Teaching Professor, College of Professional Studies; Purdue University, PhD

Andrew Mall
Associate Professor, Music; University of Chicago, PhD

Carol R. Mallory
Teaching Professor, Law; Northeastern University, JD

Craig E. Maloney
Associate Professor, Mechanical and Industrial Engineering; University of California, Santa Barbara, PhD

Ajuan Mance
Professor, Mills College; University of Michigan, Ann Arbor, PhD

Roman Manetsch
Associate Professor, Chemistry and Chemical Biology and Pharmaceutical Sciences; University of Basel (Switzerland), PhD

Swapnil Maniar
Professor of the Practice, Health Sciences; Johns Hopkins University, PhD

Kris Manjapra
Stearns Trustee Professor of History and Global Studies, History; Harvard University, PhD

Justin Manjourides
Associate Professor, Health Sciences; Harvard University, PhD

Emily Mann
Teaching Professor, Human Services; University of Wisconsin, Madison, PhD

Moira Mannix Votel
Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Columbia University, MA

Peter Manolios
Professor, Computer Sciences; University of Texas, Austin, PhD

Elaina Manolis
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Texas Tech University, ScD

Valentina Marano
Associate Professor, International Business and Strategy; University of South Carolina, PhD

Janice Maras
Associate Teaching Professor, Health Sciences; Northeastern University, EdD

Krassimir Marchev
Professor of the Practice, College of Professional Studies; Northeastern University, PhD

Edwin Marengo Fuentes
Associate Professor, Electrical and Computer Engineering; Northeastern University, PhD

Linda Marglous
Assistant Cooperative Education Coordinator, College of Engineering; Brandeis University, JD

Alina Marian
Professor, Mathematics; Harvard University, PhD

Tucker Marion
Associate Professor, Entrepreneurship and Innovation; Pennsylvania State University, PhD

Robert S. Markiewicz
Professor, Physics; University of California, Berkeley, PhD

Alycia Markowski
Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Joseph Marks
Teaching Professor, Finance; University of Illinois, Urbana-Champaign, PhD

Mindy Marks
Associate Professor, Economics; Washington University in St. Louis, PhD

Julius Marpaung
Teaching Professor, Electrical and Computer Engineering; Oklahoma State University, PhD

Stacy Marsella
Professor, Computer Sciences and Psychology; Rutgers University, PhD

Ineke Marshall
Professor, Sociology and Anthropology and Criminology and Criminal Justice; Bowling Green State University, PhD

Elizabeth Martin
Assistant Clinical Professor, Communication Sciences and Disorders; McGill University (Canada), MS

Cesar Martinez
Associate Teaching Professor, Mechanical and Industrial Engineering; Arizona State University, PhD

Isabel Martinez
Associate Professor, Sociology and Anthropology and Cultures, Societies, and Global Studies; Columbia University, PhD

Ramiro Martinez
Professor, Criminology and Criminal Justice and Sociology and Anthropology; The Ohio State University, PhD

Samantha Martinez
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; University of Denver, MA

José Angel Martinez-Lorenzo
Professor, Mechanical and Industrial Engineering and Electrical and Computer Engineering; Universidade de Vigo (Spain), PhD

Alexander Martsinkovsky
Associate Professor, Mathematics; Brandeis University, PhD

David Massey
Professor, Mathematics; Duke University, PhD

Ted Matherly
Visiting Assistant Professor, Marketing; University of Maryland, College Park, PhD

Marguerite Matherne
Assistant Teaching Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, MS

Jude E. Mathews
Associate Teaching Professor, Chemistry and Chemical Biology; Clemson University, PhD

Kay Mathiesen
Associate Professor, Philosophy and Religion; University of California, Irvine, PhD

Kristen Mathieu Gonzalez
Assistant Clinical Professor, Nursing; Northeastern University, MS

Daniele Mathras
Associate Teaching Professor, Marketing; Arizona State University, PhD

Thomas M. Matta
Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Xavier University of Louisiana, PharmD

Daniel J. Matthew
Associate Teaching Professor, Chemistry and Chemical Biology; University of Utah, PhD

Jonathan Matthis
Assistant Professor, Biology; Rensselaer Polytechnic Institute, PhD

Carla Mattos
Professor, Chemistry and Chemical Biology; Massachusetts Institute of Technology, PhD

Lucy Maulsby
Associate Professor, Architecture; Columbia University, PhD

Ernest Mauristhene
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Hardin-Simmons University, MBA

Bruce Maxwell
Visiting Professor, Computer Sciences; Carnegie Mellon University, PhD

William Mayer
Professor, Political Science; Harvard University, PhD

Laurie McCadden
Clinical Instructor, Nursing; University of Massachusetts, Lowell, MSN

Paulette McCarty
Associate Academic Specialist, Management and Organizational Development; University of Tennessee, PhD

Jacqueline McCleary
Assistant Professor, Physics; Brown University, PhD

Michael McCluskey
Associate Teaching Professor, English; University College London (United Kingdom), PhD

Victoria D. McCoy Dunkley
Assistant Teaching Professor, Law; Vanderbilt University, JD

Aston McCullough
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Music; Columbia University, PhD

Ann McDonald
Associate Professor, Art + Design; Yale University, MFA

Matthew McDonald
Associate Professor, Music; Yale University, PhD

Caren McDonough
Assistant Clinical Professor, Communication Sciences and Disorders; Boston University, MS

Melissa McElligott
Teaching Professor, Biology; Northeastern University, PhD

Kayla McEwen
Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

Nicol E. McGruer
Professor, Electrical and Computer Engineering; Michigan State University, PhD

Jean McGuire
Professor of the Practice, Health Sciences; Brandeis University, PhD

Hugh McManus
Associate Teaching Professor, Mechanical and Industrial Engineering; Stanford University, PhD

Cristine McMartin-Miller
Teaching Professor, College of Professional Studies; Purdue University, PhD

Cassandra McMillan
Assistant Professor, Sociology and Anthropology and Criminology and Criminal Justice; Pennsylvania State University, PhD

Joseph McNabb
Professor of the Practice, College of Professional Studies; Northeastern University, PhD

Frances Nelson McSherry
Teaching Professor, Theatre; New York University, MFA

Iraz Medhi
Senior Cooperative Education Coordinator, College of Engineering; California State University, Long Beach, MS

Daniel S. Medwed
University Distinguished Professor, Law; Harvard University, JD

Lindsay Mehrmanesh
Assistant Teaching Professor, Biology; Brown University, PhD

Brinda Mehta
Professor, Mills College; Brown University, PhD

Erin Meier
Assistant Professor, Communication Sciences and Disorders; Boston University, PhD

Alexandra Meise
Associate Teaching Professor, Law; Georgetown University, JD

Justin Melette
Associate Teaching Professor, English; Pennsylvania State University, PhD

Susan L. Mello
Associate Professor, Communication Studies; University of Pennsylvania, PhD

Tina J. Mello
Senior Cooperative Education Coordinator, College of Science and College of Science; Boston College, MA

Alice Mello da Fonseca
Assistant Teaching Professor, College of Professional Studies; Tufts University, PhD

Richard H. Melloni Jr.
Professor, Psychology; University of Massachusetts Medical School, PhD

Tommaso Melodia
William Lincoln Smith Professor of Electrical and Computer Engineering, Electrical and Computer Engineering; Georgia Institute of Technology, PhD

Jose Menendez
Assistant Teaching Professor, Art + Design; Rhode Island School of Design, MA

Latika Menon
Associate Professor, Physics; Tata Institute of Fundamental Research (India), PhD

Cathy Merlo
Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Suffolk University, MPA

Hameed Metghalchi
Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, ScD

Daniel Metzger
Postdoctoral Teaching Associate, English; Kutztown University, EdD

Laura Meyer
Assistant Cooperative Education Coordinator, College of Engineering; Cleveland State University, MEd

Marc H. Meyer
Robert J. Shillman Professor of Entrepreneurship and Matthews Distinguished University Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Ningfang Mi
Associate Professor, Electrical and Computer Engineering; University of Texas, Dallas, MS

Rain Miao
Assistant Professor, Civil and Environmental Engineering; University of California, Los Angeles, PhD

Sakib Miazi
Assistant Teaching Professor, Computer Sciences; University of North Carolina, Charlotte, PhD

Cara Michell
Assistant Professor, Architecture and Public Policy and Urban Affairs; Harvard University, MUP

Cara Michell
Assistant Professor, Architecture and Public Policy and Urban Affairs; Harvard University, MUP

Vidoje Mihajlovikj
Assistant Teaching Professor, Computer Sciences; Clarkson University, PhD

Lara Milane
Assistant Teaching Professor, Pharmaceutical Sciences; Northeastern University, PhD

Deborah Milbauer
Senior Lecturer, Health Sciences; Boston University, MS

William Miles
Professor, Political Science; Tufts University, PhD

Christopher J. Miller
Assistant Teaching Professor, Accounting; University of Mississippi, PhD

Edward Miller
Associate Teaching Professor, College of Professional Studies; Boston College, PhD

Emily Miller
Assistant Cooperative Education Coordinator, College of Science and College of Science; New York University, MA

Matthew Miller
Professor, Health Sciences; Yale University, MD; Harvard University, ScD

Maura Miller
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Providence College, BS

Renée Miller
Distinguished Professor, Computer Sciences; University of Wisconsin, Madison, PhD

Sarah Miller
Associate Adjunct Professor, Mills College; University of Chicago, PhD

Zinaida Miller
Professor, Law and International Affairs; Tufts University, PhD

Ennio Mingolla
Professor, Communication Sciences and Disorders; University of Connecticut, PhD

Mona Minkara
Assistant Professor, Bioengineering; University of Florida, PhD

Nichola Minott
Associate Teaching Professor, International Affairs; Tufts University, PhD

Marilyn L. Minus
Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

Aditya Mishra
Associate Teaching Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Varun Mishra
Assistant Professor, Computer Sciences and Health Sciences; Dartmouth College, PhD

Alan Mislove
Professor, Computer Sciences; Rice University, PhD

Joydeep Mitra
Assistant Teaching Professor, Computer Sciences; Kansas State University, PhD

Marrian Mitry
Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MEd

Sunil Mittal
Assistant Professor, Electrical and Computer Engineering; University of Maryland, College Park, PhD

Cheryl Mitteness
Associate Academic Specialist, Entrepreneurship and Innovation; University of Louisville, PhD

Nancy Mizzoni
Assistant Clinical Professor, Nursing; Northeastern University, MS

Sarah Mockler
Associate Cooperative Education Coordinator, College of Engineering; Boston College, MA

Alicia Modestino
Associate Professor, Public Policy and Urban Affairs and Economics; Harvard University, PhD

Valentine Moghadam
Professor, International Affairs; American University, PhD

Mohsen Moghaddam
Assistant Professor, Mechanical and Industrial Engineering; Purdue University, PhD

Shan Mohammed
Clinical Professor, Health Sciences; Case Western Reserve University, MD

Shariq Mohammed
Assistant Professor, Economics; University of Arizona, PhD

Aanchan Mohan
Assistant Teaching Professor, Computer Sciences; McGill University (Canada), PhD

Killion Mokwete
Associate Teaching Professor, Architecture; University of Portsmouth, MArch

Beth Molnar
Associate Professor, Health Sciences; Harvard University, ScD

James Monaghan
Associate Professor, Biology; University of Kentucky, PhD

Alvaro Monge
Teaching Professor, Computer Sciences; University of California, San Diego, PhD

Yasmil Montes
Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Cambridge College, MEd

Robert M. Mooradian
Professor, Finance; University of Pennsylvania, PhD

Elizabeth Moore
Assistant Teaching Professor, International Business and Strategy; Northeastern University, PhD

Rebekah Moore
Assistant Professor, Music; Indiana University, PhD

Jorge Morales
Assistant Professor, Psychology and Philosophy and Religion; Columbia University, PhD

Jorge Morales
Assistant Professor, Psychology and Philosophy and Religion; Columbia University, PhD

Enrique F. Moreno
Associate Teaching Professor, Physics; Universidad Nacional de La Plata (Argentina), PhD

Kimberly Moreno
Professor, Accounting; University of Massachusetts, Amherst, PhD

Dean Morier
Professor, Mills College; University of Minnesota, Twin Cities, PhD

Joanne Morreale
Associate Professor, Media and Screen Studies; Temple University, PhD

Mounira Morris
Assistant Teaching Professor, College of Professional Studies; University of Massachusetts, Amherst, EdD

Timothy Morris
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Applied Psychology; Universitat Autònoma de Barcelona (Spain), PhD

Kristen Morse
Associate Cooperative Education Coordinator, Bouvé College of Health Sciences; Ithaca College, DPT

Hossein Mosallaei
Professor, Electrical and Computer Engineering; University of California, Los Angeles, PhD

Ted Moss
Teaching Professor, Writing Program; Emerson College, MFA

Lorraine Ann Mountain
Senior Cooperative Education Coordinator, College of Engineering; Tufts University, MS

Jeffrey Moyer
Visiting Lecturer, Public Policy and Urban Affairs; University of Massachusetts, Boston, PhD

Amy Mueller
Associate Professor, Civil and Environmental Engineering and Marine and Environmental Sciences; Massachusetts Institute of Technology, PhD

Dana Mueller
Assistant Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

Sinan Muftu
Professor, Mechanical and Industrial Engineering; University of Rochester, PhD

Tania Muino
Associate Academic Specialist, World Languages Center; University of Barcelona (Spain), MA

Constantine Mukasa
Associate Teaching Professor, College of Engineering; Florida Atlantic University, PhD

Sanjeev Mukerjee
Distinguished Professor, Chemistry and Chemical Biology; Texas A&M University, PhD

Saptarshi Mukherjee
Assistant Professor, Finance; New York University, PhD

Jay Mulki
Associate Professor, Marketing; University of South Florida, PhD

Anthony Mullen
Teaching Professor, Computer Sciences; University of Groningen (Netherlands), PhD

Patrick Mullen
Associate Professor, English; University of Pittsburgh, PhD

Seth Mulliken
Associate Teaching Professor, Media and Screen Studies; North Carolina State University, PhD

Ufuk Muncuk
Assistant Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Samuel E. Munoz
Associate Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; University of Wisconsin, Madison, PhD

Leonel F. Murga
Assistant Teaching Professor, Chemistry and Chemical Biology; Northeastern University, PhD

Robert Murray
Associate Academic Specialist, Supply Chain and Information Management; Harvard University, MBA

Sharmila Murthy
Professor, Law and Public Policy and Urban Affairs; Harvard University, JD

Vincent Muscolino
Senior Lecturer, Finance; Babson College, MBA

Hande Musdal Ondemir
Assistant Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Cecelia Musselman
Teaching Professor, Writing Program; Columbia University, PhD

Shakir Mustafa
Teaching Professor, World Languages Center; Boston University, PhD

Felix Muzny
Clinical Instructor, Computer Sciences; Stanford University, MS

Jonathan Mwaura
Associate Teaching Professor, Computer Sciences; University of Exeter (United Kingdom), PhD

Andrew Myers
Professor, Civil and Environmental Engineering; Stanford University, PhD

David Myers
Associate Teaching Professor, Finance; University of Washington, PhD

N

Yousof Naderi
Assistant Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Anand Nair
Professor, Supply Chain and Information Management; Michigan State University, PhD

Thomas K. Nakayama
Professor, Communication Studies; University of Iowa, PhD

Laurie Nardone
Teaching Professor, English; Emory University, PhD

Mario Antonio Nascimento
Professor of the Practice, Computer Sciences; Southern Methodist University, PhD

Tareq Nasralah
Assistant Teaching Professor, Supply Chain and Information Management; Dakota State University, PhD

Pran Nath
Matthews Distinguished University Professor, Physics; Stanford University, PhD

Hamid Nayeb-Hashemi
Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Brent Nelson
Professor, Physics; University of California, Berkeley, PhD

Tyrone Newsome
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Fitchburg State University, EdD

Huy Nguyen
Associate Professor, Computer Sciences; Princeton University, PhD

Mark J. Niedre
Professor, Bioengineering; University of Toronto (Canada), PhD

Angel Nieves
Professor, Cultures, Societies, and Global Studies and History; Cornell University, PhD

Spyridon Nikas
Research Associate Professor, Center for Drug Discovery; Aristotle University (Greece), PhD

Hristina Nikolova
Associate Professor, Marketing and Communication Studies; University of Pittsburgh, PhD

Matthew Nippins
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

Matthew C. Nisbet
Professor, Communication Studies; Cornell University, PhD

Cristina Nita-Rotaru
Professor, Computer Sciences; Johns Hopkins University, PhD

Daniel Noemi Voionmaa
Associate Professor, Cultures, Societies, and Global Studies; Yale University, PhD

Alison Nogueira
Senior Cooperative Education Coordinator, College of Engineering; Suffolk University, MEd

David Nolan
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, DPT

Kimberly Nolan
Teaching Professor, College of Professional Studies; University of Vermont, EdD

Carey Noland
Associate Professor, Communication Studies; Ohio University, PhD

Ellen Noonan
Teaching Professor, Writing Program; Emerson College, MFA

Matthew Noonan
Associate Teaching Professor, Writing Program; Northeastern University, MFA

Farzad Noubary
Associate Clinical Professor, Health Sciences; Harvard University, PhD

Guevara Noubir
Professor, Computer Sciences; Swiss Federal Institute of Technology, Lausanne (Switzerland), PhD

Beth Simone Noveck
Professor, Law; University of Innsbruck (Austria), PhD

Lucia Nuñez
Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

Gilbert Nyaga
Associate Professor, Supply Chain and Information Management; Michigan State University, PhD

O

Jessica Oakes
Associate Professor, Bioengineering; University of California, San Diego, PhD

Daniel O'Brien
Professor, Public Policy and Urban Affairs and Criminology and Criminal Justice; Binghamton University, PhD

Antonio Ocampo-Guzman
Associate Professor, Theatre; York University (Canada), MFA

Brian O'Connell
Associate Teaching Professor, College of Engineering; Tufts University, PhD

Sean O'Connell
Assistant Teaching Professor, College of Professional Studies; Northeastern University, PhD

Catherine O'Connor
Clinical Instructor, Nursing; Boston College, MS

George A. O'Doherty
Professor, Chemistry and Chemical Biology; The Ohio State University, PhD

Curtis Odom
Associate Teaching Professor, Management and Organizational Development; Pepperdine University, EdD

Mikhail Oet
Associate Teaching Professor, College of Professional Studies; Case Western Reserve University, PhD

Dietmar Offenhuber
Associate Professor, Art + Design and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

Russ O'Haver
Teaching Professor, Accounting; City University of New York, PhD

Emeka Okeke
Assistant Professor, Biology; University of Manitoba (Canada), PhD

Peggy L. O'Kelly
Principal Lecturer, Accounting; University of Michigan, Ann Arbor, MBA

John Olawepo
Assistant Clinical Professor, Health Sciences; University of Nevada, Las Vegas, PhD

Brianne OlivieriMui
Assistant Professor, Health Sciences; Northeastern University, PhD

Donald M. O'Malley
Associate Professor, Biology; Harvard University, PhD

Marvin Onabajo
Associate Professor, Electrical and Computer Engineering; Texas A&M University, PhD

Mary Jo Ondrechen
Professor, Chemistry and Chemical Biology; Northwestern University, PhD

Therese M. O'Neil-Pirozzi
Associate Professor, Communication Sciences and Disorders; Boston University, ScD

Annalisa Onnis-Hayden
Teaching Professor, Civil and Environmental Engineering; University of Cagliari (Italy), PhD

Alina Oprea
Associate Professor, Computer Sciences; Carnegie Mellon University, PhD

Peter O'Reilly
Teaching Professor, College of Engineering; Georgia Institute of Technology, PhD

Toyoko J. Orimoto
Associate Professor, Physics; University of California, Berkeley, PhD

Jessica Ormsby
Associate Cooperative Education Coordinator, College of Engineering; University of Massachusetts, Boston, MEd

Andrew Orr-Skirvin
Clinical Professor, Pharmacy and Health Systems Sciences; University of Texas, Austin, PharmD

Sarah Ostadabbas
Associate Professor, Electrical and Computer Engineering; University of Texas, Dallas, PhD

Ana Otero
Associate Teaching Professor, Biology; Universidad de León (Spain), PhD

Eileen Otis
Associate Professor, Sociology and Anthropology; University of California, Davis, PhD

Timothy Ouillette
Associate Teaching Professor, Communication Studies; Art Institute of Boston, MFA

Oyindasola O. Oyelaran
Teaching Professor, Chemistry and Chemical Biology; Harvard University, PhD

Yusuf Ozbek
Teaching Professor, Graduate School of Engineering; Northeastern University, PhD

Ozan Ozdemir
Assistant Professor, Mechanical and Industrial Engineering; South Dakota School of Mines and Technology, PhD

P

Jahir Pabon
Associate Teaching Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Lace Padilla
Assistant Professor, Computer Sciences and Psychology; University of Utah, PhD

Taskin Padir
Professor, Electrical and Computer Engineering; Purdue University, PhD

Loredana Padurean
Visiting Associate Teaching Professor, Entrepreneurship and Innovation; Università della Svizzera Italiana (Switzerland), PhD

Robert K. Painter
Teaching Professor, Linguistics; State University of New York at Buffalo, PhD

Himlona Palikhe
Associate Teaching Professor, Graduate School of Engineering; Texas Tech University, PhD

Costas Panagopoulos
Professor, Political Science; New York University, PhD

Themis Papageorge
Associate Clinical Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Demetra Paparounas
Lecturer, Supply Chain and Information Management; Northeastern University, PhD

Hari Parameswaran
Associate Professor, Bioengineering; Boston University, PhD

Serena Parekh
Distinguished Professor of Philosophy, Philosophy and Religion; Boston College, PhD

Jason Parente
Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

Melissa Parenti
Assistant Teaching Professor, College of Professional Studies; University of Southern California, EdD

John Park
Clinical Instructor, Computer Sciences; Stanford University, MS

Zeena Parkins
Milhaud Distinguished Visiting Professor, Mills College; Bard College, BFA

Wendy E. Parmet
Matthews Distinguished University Professor, Law; Harvard University, JD

Jessica Parr
Professor of the Practice, History; University of New Hampshire, PhD

Christopher Parsons
Associate Professor, History; University of Toronto (Canada), PhD

Nikos Passas
Professor, Criminology and Criminal Justice; University of Edinburgh (Scotland), PhD

Rupal Patel
Professor, Communication Sciences and Disorders and Computer Sciences; University of Toronto (Canada), PhD

Daniel Baker Patterson
Assistant Teaching Professor, Computer Sciences; Northeastern University, PhD

Mark R. Patterson
Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Harvard University, PhD

Carol Patton
Visiting Clinical Professor, Nursing; University of Pittsburgh, PhD

Jeremy R. Paul
Professor, Law; Harvard University, JD

Koen Pauwels
Distinguished Professor, Marketing; University of California, Los Angeles, PhD

Michael Pavel
Research Professor, Computer Sciences and Health Sciences; New York University, PhD

Spiro Pavlopoulos
Research Associate Professor, Center for Drug Discovery; Victorian College of Pharmacy, (Australia), PhD

Virgil Pavlu
Associate Teaching Professor, Computer Sciences; Northeastern University, PhD

Kara Pavone
Assistant Professor, Nursing; University of Pennsylvania, PhD

Nancy Pawlyshyn
Associate Teaching Professor, College of Professional Studies; Capella University, PhD

Sarah Peacock
Assistant Teaching Professor, Biology; University of Missouri, Columbia, PhD

Celia Pearce
Professor, Game Design; University of the Arts London (United Kingdom), PhD

Jonathan Peelle
Associate Professor, Communication Sciences and Disorders and Psychology; Brandeis University, PhD

Lei Pei
Assistant Professor, Marketing; University of California, Los Angeles, PhD

Paul Pei
Assistant Teaching Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

Melissa Peikin
Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Emerson College, MA

Jose A. Perea
Associate Professor, Mathematics and Computer Sciences; Stanford University, PhD

Diane Perez
Assistant Academic Specialist, College of Professional Studies; Salem State University, MEd

Cristina Perez-Arranz
Assistant Teaching Professor, World Languages Center; Universidad Complutense de Madrid (Spain), PhD

Cristina Pérez-Arranz
Assistant Teaching Professor, World Languages Center; Universidad Complutense de Madrid (Spain), PhD

Laura Perovich
Assistant Professor, Art + Design; Massachusetts Institute of Technology, PhD

Aimee Perron
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Massachusetts General Hospital Institute of Health Professions, PhD

Sharon Persons
Associate Teaching Professor, Law; Stanford University, JD

Ivan Petkov
Assistant Professor, Economics; Boston College, PhD

Courtney Pfluger
Associate Teaching Professor, Chemical Engineering; Northeastern University, PhD

David M. Phillips
Professor, Law; Columbia University, JD

Susan E. Picillo
Principal Lecturer, Communication Studies; Cambridge College, MEd

Kelsey Pieper
Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

Barbara Pierre
Assistant Cooperative Education Coordinator, College of Science and College of Science; Salem State University, MEd

Yulia Pinkusevich
Associate Professor, Mills College; Stanford University, MFA

Matt Pitchford
Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

Eric Piza
Professor, Criminology and Criminal Justice; Rutgers University, PhD

Leigh Plant
Assistant Professor, Pharmaceutical Sciences; University of Leeds (United Kingdom), PhD

Robert Platt Jr.
Associate Professor, Computer Sciences; University of Massachusetts, Amherst, PhD

Mya Poe
Associate Professor, English; University of Massachusetts, Amherst, PhD

Uta G. Poiger
Professor, History; Brown University, PhD

Ann Polcari
Associate Clinical Professor, Nursing; Boston College, EdD

Stephanie Pollack
Professor of the Practice, Public Policy and Urban Affairs; Harvard University, JD

Michael P. Pollastri
Professor, Chemistry and Chemical Biology; Brown University, PhD

Marius Popescu
Associate Teaching Professor, Finance; Virginia Polytechnic Institute and State University, PhD

Hilary Poriss
Associate Professor, Music; University of Chicago, PhD

Gary Porter
Assistant Teaching Professor, Finance; University of South Carolina, PhD

Richard D. Porter
Professor, Mathematics; Yale University, PhD

Veronica L. Porter
Associate Professor, College of Science; Northeastern University, MEd

Lindsay Portnoy
Teaching Professor, College of Professional Studies; Fordham University, PhD

John Portz
Professor, Political Science; University of Wisconsin, Madison, PhD

Brady Post
Assistant Professor, Health Sciences; University of Michigan, Ann Arbor, PhD

Nathan Post
Research Associate Professor, Civil and Environmental Engineering and Mechanical and Industrial Engineering; Virginia Polytechnic Institute and State University, PhD

Mary-Susan Potts-Santone
Teaching Professor, Biology; University of New Hampshire, PhD

Camille Powell
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Springfield College, DPT

Patricia Powell
Professor, Mills College; Brown University, MFA

Michael J. Power
Senior Lecturer, Supply Chain and Information Management; Northeastern University, MBA

Edward Powers
Professor of the Practice, College of Professional Studies; Northeastern University, EdD

Nishith Prakash
Professor, Public Policy and Urban Affairs and Economics; University of Houston, PhD

Silvia Prina
Associate Professor, Economics; Boston University, PhD

Robert Prior
Associate Teaching Professor, College of Professional Studies; Nova Southeastern University, EdD

Mark Prokosch
Associate Teaching Professor, Psychology; University of California, Davis, PhD

Mirjana Prpa
Assistant Teaching Professor, Computer Sciences; Simon Fraser University (Canada), PhD

Sheila M. Puffer
University Distinguished Professor, International Business and Strategy; University of California, Berkeley, PhD

Malcolm Purinton
Visiting Lecturer, History; Northeastern University, PhD

Q

Zhenghan Qi
Assistant Professor, Communication Sciences and Disorders and Psychology; University of Illinois, Urbana-Champaign, PhD

Zhenyun Qian
Assistant Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Kunyuan Qiao
Assistant Professor, International Business and Strategy and Sociology and Anthropology; Cornell University, PhD

Zhihui Qin
Associate Teaching Professor, Pharmaceutical Sciences; Peking University (China), PhD

Karen Quigley
Professor, Psychology; The Ohio State University, PhD

R

Simon Rabinovitch
Associate Professor, History and Jewish Studies; Brandeis University, PhD

Gordana Rabrenovic
Associate Professor, Sociology and Anthropology; State University of New York at Albany, PhD

John Rachlin
Assistant Teaching Professor, Computer Sciences; Boston University, PhD

Reza Moradi Rad
Assistant Teaching Professor, Computer Sciences; Simon Fraser University (Canada), PhD

Srinivasan Radhakrishnan
Associate Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Predrag Radivojac
Professor, Computer Sciences; Temple University, PhD

Lauren Raine
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Illinois, Urbana-Champaign, PhD

Rajmohan Rajaraman
Professor, Computer Sciences; University of Texas, Austin, PhD

Ravi Ramamurti
University Distinguished Professor, International Business and Strategy; Harvard University, DBA

Valeria Ramdin
Assistant Clinical Professor, Nursing; Northeastern University, DNSc

Alireza Ramezani
Assistant Professor, Electrical and Computer Engineering; University of Michigan, Ann Arbor, PhD

Deborah A. Ramirez
Professor, Law; Harvard University, JD

Janet Randall
Professor, English; University of Massachusetts, Amherst, PhD

Aanjhan Ranganathan
Assistant Professor, Computer Sciences; ETH Zürich (Switzerland), PhD

Manish Ranjit
Assistant Teaching Professor, Mechanical and Industrial Engineering; Texas Tech University, PhD

Carey M. Rappaport
College of Engineering Distinguished Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, ScD

K.J. Rawson
Associate Professor, English and Women's, Gender, and Sexuality Studies; Syracuse University, PhD

Diviya Ray
Assistant Teaching Professor, Biology; Indian Institute of Chemical Biology (India), PhD

Andrea Raynor
Teaching Professor, Art + Design; School of Visual Arts, MFA

Desislava Raytcheva
Associate Teaching Professor, Biology; Northeastern University, PhD

Leena Razzaq
Associate Teaching Professor, Computer Sciences; Worcester Polytechnic Institute, PhD

Joseph Reagle
Associate Professor, Communication Studies; New York University, PhD

Lynn Reede
Associate Clinical Professor, Nursing; Northeastern University, PhD

Debra J. Reid
Associate Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Joseph Reilly
Assistant Teaching Professor, College of Professional Studies; Georgetown University, PhD

Siobhan Reilly
Professor, Mills College; University of California, Berkeley, PhD

Imke Reimers
Associate Professor, Economics; University of Minnesota, Duluth, PhD

Kathryn Reiss
Professor, Mills College; University of California, Davis, MFA

Marketa Rejtar
Associate Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, PhD

Francesco Restuccia
Assistant Professor, Electrical and Computer Engineering; Missouri University of Science and Technology, PhD

John R. Reynolds
Professor, Pharmacy and Health Systems Sciences; Duquesne University, PharmD

Ahmad Reza Haj Saeedi Sadegh
Zelevinsky Postdoctoral Researcher, Mathematics; Pennsylvania State University, PhD

Sarah Ricardi-Swartz
Assistant Professor, Philosophy and Religion and Sociology and Anthropology; New York University, PhD

Lesley A. Ricci
Associate Teaching Professor, Psychology; Northeastern University, PhD

Lorien Rice
Professor, Mills College; University of California, San Diego, PhD

Rashida Richardson
Assistant Professor, Law and Political Science; Northeastern University, JD

Megan Richmond
Senior Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston College, MEd

Vance Ricks
Associate Teaching Professor, Philosophy and Religion and Computer Sciences; Stanford University, PhD

Mirek Riedewald
Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

Christoph Riedl
Associate Professor, Supply Chain and Information Management and Computer Sciences; Technische Universität München (Germany), PhD

Justin B. Ries
Professor, Marine and Environmental Sciences; Johns Hopkins University, PhD

Matteo Rinaldi
Professor, Electrical and Computer Engineering; University of Pennsylvania, PhD

Ana Rivera
Associate Clinical Professor, Law; Boston College, JD

Christie Rizzo
Associate Professor, Applied Psychology; University of Southern California, PhD

Alexandra Roberts
Professor, Law and Music; Yale University, JD

Christina Roberts
Senior Cooperative Education Coordinator, College of Arts, Media and Design; Simmons University, MBA

Christopher J. Robertson
Professor, International Business and Strategy; Florida State University, PhD

Craig M. Robertson
Associate Professor, Media and Screen Studies; University of Illinois, Urbana-Champaign, PhD

William Robertson
Associate Professor, Computer Sciences and Electrical and Computer Engineering; University of California, Santa Barbara, PhD

Donald Robinaugh
Assistant Professor, Applied Psychology and Art + Design; Harvard University, PhD

Donald Robinaugh
Assistant Professor, Applied Psychology and Art + Design; Harvard University, PhD

Hilary C. Robinson
Associate Professor, Law and Sociology and Anthropology; Massachusetts Institute of Technology, PhD; Harvard University, JD

Tracy L. Robinson-Wood
Professor, Applied Psychology; Harvard University, EdD

Brian Robison
Assistant Teaching Professor, Music; Cornell University, DMA

Matthew Rocklage
Assistant Professor, Marketing; The Ohio State University, PhD

Rachel Rodgers
Associate Professor, Applied Psychology; Université de Toulouse-Le Mirail (France), PhD

Kirsten Rodine-Hardy
Associate Professor, Political Science; University of California, Berkeley, PhD

Kristy Rogers
Assistant Clinical Professor, Nursing; Medical University of South Carolina, DNP

Sonia Rolland
Professor, Law; Cambridge University (United Kingdom), PhD; University of Michigan, JD

Marsha Rolle
Visiting Professor, Chemical Engineering; University of Washington, PhD

Sami Rollins
Teaching Professor, Computer Sciences; University of California, Santa Barbara, PhD

Bruce Ronkin
Professor, Music; University of Maryland, College Park, DMA

David Rosen
Assistant Professor, Electrical and Computer Engineering and Mathematics; Massachusetts Institute of Technology, ScD

Lauren Rosenberg
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; Tufts University, MS

Rachel E. Rosenbloom
Professor, Law; New York University, JD

Rebeca B. Rosengaus
Associate Professor, Marine and Environmental Sciences; Boston University, PhD

Matthew Ross
Associate Professor, Economics and Public Policy and Urban Affairs; University of Connecticut, PhD

Aaron Roth
Associate Teaching Professor, Biology; Northeastern University, PhD

Alexandra Roth
Associate Academic Specialist, International Business and Strategy; University of Frankfurt (Germany), PhD

Sara Rouhanifard
Assistant Professor, Bioengineering; Yeshiva University, PhD

Jeffrey W. Ruberti
Professor, Bioengineering; Tulane University, PhD

Fabian Ruehle
Assistant Professor, Physics; University of Bonn (Germany), PhD

Michael Ruff
Associate Teaching Professor, Accounting; Bentley University, PhD

Timothy J. Rupert
Professor, Accounting; Pennsylvania State University, PhD

Ivan Rupnik
Associate Professor, Architecture; Harvard University, PhD

John Ruys Jr.
Associate Adjunct Professor, Mills College; University of California, Davis, PhD

Youngbok Ryu
Assistant Teaching Professor, College of Professional Studies; Pardee RAND Graduate School, PhD

S

Nadim Saad
Assistant Teaching Professor, Computer Sciences; Stanford University, PhD

Jane Saczynski
Professor, Pharmacy and Health Systems Sciences; Pennsylvania State University, PhD

Hanai Sadaka
Associate Teaching Professor, Mathematics; Northeastern University, PhD, PhD

Keivan Sadeghzadeh
Associate Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

J. Timothy Sage
Associate Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Bhawesh Sah
Assistant Teaching Professor, Supply Chain and Information Management; State University of New York at Binghamton, PhD

Herman Saksono
Assistant Professor, Health Sciences and Computer Sciences; Northeastern University, PhD

Iman Salama
Teaching Professor, Electrical and Computer Engineering; Virginia Polytechnic Institute and State University, PhD

Masoud Salehi
Associate Professor, Electrical and Computer Engineering; Stanford University, PhD

Jack Salerno
Assistant Teaching Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Carmel Salhi
Assistant Professor, Health Sciences; Harvard University, PhD

Nora Salmon
Assistant Cooperative Education Coordinator, College of Engineering; School for International Training, Master's Degree

William Sanchez
Associate Professor, Applied Psychology; Boston University, PhD

Nada Sanders
Distinguished Professor of Supply Chain Management, Supply Chain and Information Management; The Ohio State University, PhD

Ronald Sandler
Professor, Philosophy and Religion; University of Wisconsin, Madison, PhD

Erica Sands
Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

John Sangster
Assistant Teaching Professor, College of Engineering; Virginia Polytechnic Institute and State University, PhD

Claudia Santelices
Assistant Research Professor, Institute of Health Equity and Social Justice Research Center; University of Connecticut, PhD

Mauricio Santillana
Professor, Physics and Electrical and Computer Engineering; University of Texas, Austin, PhD

Mauricio Santillana-Guzman
Professor, Physics and Electrical and Computer Engineering; University of Texas, Austin, PhD

Jody Santos
Visiting Assistant Teaching Professor, Journalism; Northeastern University, MA

Ravi Sarathy
Professor, International Business and Strategy; University of Michigan, Ann Arbor, PhD

Mehrdad Sasani
Professor, Civil and Environmental Engineering; University of California, Berkeley, PhD

Aarti Sathyanarayana
Assistant Professor, Health Sciences and Computer Sciences; University of Minnesota, Duluth, PhD

Ajay B. Satpute
Assistant Professor, Psychology; University of California, Los Angeles, PhD

Behrooz (Barry) Satvat
Teaching Professor, Chemical Engineering; Massachusetts Institute of Technology, ScD

Saiph Savage
Assistant Professor, Computer Sciences; University of California, Santa Barbara, PhD

Stephen S. Savitsky
Assistant Cooperative Education Coordinator, College of Science and College of Science; Marquette University, MA

Kirsten Saxton
Professor, Mills College; University of California, Davis, PhD

Hannah J. Sayre
Assistant Professor, Chemistry and Chemical Biology and Chemical Engineering; The Ohio State University, PhD

Kevin Scanlon
Professor of the Practice, Entrepreneurship and Innovation; University of London (United Kingdom), PhD

Martin Schedlbauer
Teaching Professor, Computer Sciences; University of Massachusetts, Lowell, PhD

Peter Schindler
Assistant Professor, Mechanical and Industrial Engineering; University of Vienna (Austria), PhD

Gunar Schirner
Associate Professor, Mechanical and Industrial Engineering; University of California, Irvine, PhD

Matthias Schlichting
Assistant Teaching Professor, Biology; University of Würzburg (Germany), PhD

Ralf W. Schlosser
Professor, Communication Sciences and Disorders; Purdue University, PhD

Logan Schmidt
Assistant Teaching Professor, Computer Sciences; Carnegie Mellon University, PhD

Egon Schulte
Professor, Mathematics; Technical University of Dortmund (Germany), PhD

Kathryn Schulte Grahame
Teaching Professor, Electrical and Computer Engineering; Columbia University, PhD

Cristina Schultz
Foley Family Assistant Professor, Marine and Environmental Sciences and Civil and Environmental Engineering; Massachusetts Institute of Technology/Woods Hole Oceanographic Institution, PhD

Garrett Thomas Schwab
Assistant Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Connecticut, MA

Gail Schwartz
Assistant Cooperative Education Coordinator, College of Engineering; Salem State University, MSW

Joseph Schwartz
Teaching Professor, Communication Studies; University of Iowa, PhD

Martin Schwarz Jr.
Associate Professor, Mathematics; Courant Institute of Mathematical Sciences, PhD

Shane Schweitzer
Assistant Professor, Management and Organizational Development; Northwestern University, PhD

Douglass Scott
Associate Teaching Professor, Art + Design; Yale University, MFA

Max Sederer
Assistant Cooperative Education Coordinator, College of Engineering; Tufts University, MEd

Aaron Seits
Associate Professor, Psychology and Art + Design and Psychology; Boston University, PhD

Aaron Seitz
Professor, Psychology and Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD

Ethan Selinger
Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; University of Massachusetts, Lowell, MS

Laura Senier
Associate Professor, Sociology and Anthropology and Health Sciences; Brown University, PhD

Sumi Seo
Assistant Teaching Professor, Mathematics; University of Missouri, Columbia, PhD

Antoinette Sequeira-Coakley
Associate Teaching Professor, Law; Harvard University, JD

Daniel Serig
Assistant Teaching Professor, College of Professional Studies; Columbia University, EdD

Jenay R. Sermon
Assistant Teaching Professor, College of Professional Studies; Florida State University, PhD

Bahram Shafai
Professor, Bioengineering; George Washington University, ScD

Michael Shah
Assistant Teaching Professor, Computer Sciences; Tufts University, PhD

Andres Shahidinejad
Assistant Professor, Finance and Economics; University of Chicago, PhD

Shahin Shahrampour
Assistant Professor, Mechanical and Industrial Engineering; University of Pennsylvania, PhD

Rebecca M. Shansky
Associate Professor, Psychology; Yale University, PhD

Ali Sharifkhani
Assistant Professor, Finance; University of Toronto (Canada), PhD

William T. Sharp
Associate Teaching Professor, Psychology; Boston Graduate School of Psychoanalysis, PhD

Gavin M. Shatkin
Professor, Public Policy and Urban Affairs and Architecture; Rutgers University, PhD

Dennis R. Shaughnessy
Teaching Professor, Entrepreneurship and Innovation; University of Maryland, Baltimore, JD

Sandra Shefelbine
Professor, Mechanical and Industrial Engineering and Bioengineering; Stanford University, PhD

Abhi Shelat
Associate Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Paxton Sheldahl
Assistant Teaching Professor, Architecture; Harvard University, MArch

Mariannae Sheldon
Professor, Mills College; University of Michigan, Ann Arbor, PhD

Jie Shen
Associate Professor, Pharmaceutical Sciences; China Pharmaceutical University (China), PhD

Maxwell Shepherd
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Mechanical and Industrial Engineering; Northwestern University, PhD

Rebecca Sherbo
Assistant Professor, Chemistry and Chemical Biology and Chemical Engineering; The University of British Columbia (Canada), PhD

Aryn Sherman
Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MEd

H. David Sherman
Professor, Accounting; Harvard University, DBA

Marcus Sherman
Assistant Teaching Professor, Biology; University of Michigan, Ann Arbor, PhD

Amit Shesh
Teaching Professor, Computer Sciences; University of Minnesota, Twin Cities, PhD

Namratha Shetty
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; University of St. Thomas, St. Paul, MiM

Shiaoming Shi
Associate Teaching Professor, Bioengineering; University of Pittsburgh, PhD

Xiaolin Shi
Assistant Teaching Professor, Economics; Northeastern University, PhD

Natalie Shibley
Visiting Assistant Professor, Women's, Gender, and Sexuality Studies; University of Pennsylvania, PhD

Ashleigh Shields
Assistant Teaching Professor, Health Sciences and Communication Studies; Purdue University, PhD

Craig Shillaber
Assistant Teaching Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, MS

Ji-Yong Shin
Assistant Professor, Computer Sciences; Cornell University, PhD

Olin Shivers
Professor, Computer Sciences; Carnegie Mellon University, PhD

Katy Shorey
Assistant Teaching Professor, Philosophy and Religion; University of Missouri, Columbia, PhD

Aatmesh Shrivastava
Associate Professor, Electrical and Computer Engineering; University of Virginia, PhD

Milad Siami
Assistant Professor, Electrical and Computer Engineering; Lehigh University, PhD

Stephanie Sibicky
Associate Clinical Professor, Pharmacy and Health Systems Sciences; University of Rhode Island, PhD

Brandon Sichling
Assistant Teaching Professor, Art + Design; Emerson College, MFA

Jose Sierra
Associate Teaching Professor, Computer Sciences; Universidad Carlos III de Madrid (Spain), PhD

Robert Sikes
Associate Professor, Physical Therapy, Movement, and Rehabilitation Sciences; University of Texas, Houston, PhD

Joanna Sikkema
Visiting Associate Clinical Professor, Nursing; Case Western Reserve University, PhD

Michael B. Silevitch
Robert Black Professor of Engineering and College of Engineering Distinguished Professor, Electrical and Computer Engineering; Northeastern University, PhD

Katherine Simmonds
Clinical Professor, Nursing; University of Rhode Island, PhD

David Simon
Assistant Professor, Law; Trinity College, PhD; Illinois Institute of Technology, JD

Peter Simon
Teaching Professor, Economics; Northern Illinois University, PhD

Simon Singer
Professor, Criminology and Criminal Justice; University of Pennsylvania, PhD

Hanumant Singh
Professor, Electrical and Computer Engineering and Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Sarita Singh
Associate Teaching Professor, Computer Sciences; SNDT Women's University (India), PhD

Rifat Sipahi
Professor, Mechanical and Industrial Engineering; University of Connecticut, PhD

Michail V. Sitkovsky
Eleanor W. Black Chair in Immunophysiology and Pharmaceutical Biotechnology and Professor, Institute for Tissue Damage and Biology; Moscow State University (Russia), PhD

Mark Sivak
Associate Teaching Professor, Art + Design and Engineering; Northeastern University, PhD

Louise A. Skinnari
Assistant Professor, Physics; University of California, Berkeley, PhD

Bill Skinner
Postdoctoral Teaching Associate, Architecture; Brown University, PhD

Nikolai Slavov
Associate Professor, Bioengineering; Princeton University, PhD

Rory Smead
Ronald L. and Linda A. Rossetti Professor for the Humanities, Philosophy and Religion; University of California, Irvine, PhD

David A. Smith
Associate Professor, Computer Sciences; Johns Hopkins University, PhD

Louisa Smith
Assistant Professor, Health Sciences; Harvard University, PhD

Matthew Smith
Associate Professor, Philosophy and Religion; University of North Carolina, Chapel Hill, PhD

Molly Smith
Assistant Teaching Professor, College of Professional Studies; Boston College, PhD

Ronald Bruce Smith
Associate Professor, Music; University of California, Berkeley, PhD

Sheldon Smith
Adjunct Professor, Mills College; University of Illinois, Urbana-Champaign, MFA

Eugene S. Smotkin
Professor, Chemistry and Chemical Biology; University of Texas, Austin, PhD

Bridget Smyser
Teaching Professor, Mechanical and Industrial Engineering; Worcester Polytechnic Institute, PhD

Nancy P. Snyder
Associate Teaching Professor, Psychology; Harvard University, EdD

Dani Snyder-Young
Assistant Professor, Theatre; New York University, PhD

Isabel Sobral Campos
Associate Teaching Professor, English; City University of New York, PhD

Katherine Socha
Associate Teaching Professor, Computer Sciences; University of Texas, Austin, PhD

Claudia Sokol
Associate Teaching Professor, World Languages Center; University of Buenos Aires (Argentina), MD

Chris Sollars
Associate Professor, Mills College; Bard College, MFA

Lori Solo
Assistant Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Fabricius Somogyi
Assistant Professor, Finance; University of St. Gallen (Switzerland), PhD

Lily Song
Assistant Professor, Architecture and Public Policy and Urban Affairs; Massachusetts Institute of Technology, PhD

Seungmoon Song
Assistant Professor, Mechanical and Industrial Engineering; Carnegie Mellon University, PhD

Soner Sonmezoglu
Assistant Professor, Electrical and Computer Engineering; University of California, Davis, PhD

Eduardo Sontag
University Distinguished Professor, Electrical and Computer Engineering and Bioengineering; University of Florida, PhD

Maria Sorensen
Assistant Clinical Professor, Nursing; Northeastern University, MSN

Julian Sosnik
Assistant Teaching Professor, Biology; University of Massachusetts, Amherst, PhD

Nikolaos S. Soukos
Teaching Professor, Physics and Biology; University of Munich (Germany), PhD

Deborah Soule
Visiting Lecturer, Supply Chain and Information Management; Harvard University, DBA

Esin B. Sozer
Assistant Teaching Professor, Bioengineering; University of Southern California, PhD

Juliana Spahr
Professor, Mills College; State University of New York at Buffalo, PhD

Roger Sparks
Professor, Mills College; University of California, Davis, PhD

Denise Spencer
Principal Lecturer, Supply Chain and Information Management; Boston College, PhD

Lauren Spendley
Assistant Clinical Professor, Nursing; Simmons University, DNP

Ellen Rae Spertus
Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Karen M. Spikes
Assistant Teaching Professor, Psychology; Cornell University, PhD

Jay Spitulnik
Associate Teaching Professor, Computer Sciences and Health Sciences; Walden University, PhD

Bryan Q. Spring
Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Srinivas Sridhar
University Distinguished Professor, Physics; California Institute of Technology, PhD

Sri Srikrishna
Associate Teaching Professor, Entrepreneurship and Innovation; University of California, Berkeley, PhD

Kandarp Srinivasan
Assistant Professor, Finance; Washington University in St. Louis, PhD

Anna Sromek
Assistant Research Professor, Center for Drug Discovery; University of Illinois, Chicago, PhD

Ermus St. Louis
Assistant Professor, Criminology and Criminal Justice; University of Illinois, Chicago, PhD

Cristina Stanica
Assistant Teaching Professor, Public Policy and Urban Affairs; University of Delaware, PhD

Kristin Stankard
Assistant Clinical Professor, Nursing; Palm Beach Atlantic University, DNP

Thomas Starr
Professor, Art + Design; Yale University, MFA

Amy Starzec
Associate Cooperative Education Coordinator, Khoury College of Computer Sciences; Boston College, MA

Joshua Stefanik
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Boston University, PhD

Mary Steffel
Associate Professor, Marketing; Princeton University, PhD; University of Florida, PhD

Leslie Stein
Assistant Teaching Professor, College of Professional Studies; United States International University, EdD

Armen B. Stepanyants
Professor, Physics; University of Rhode Island, PhD

Jennie Stephens
Dean's Professor of Sustainability Science and Policy, Public Policy and Urban Affairs; California Institute of Technology, PhD

Dagmar Sternad
University Distinguished Professor, Biology and Electrical and Computer Engineering; University of Connecticut, PhD

Paul Stevenson
Assistant Professor, Physics; Massachusetts Institute of Technology, PhD

Brooke Stewart
Postgraduate Teaching Fellow, Art + Design; Tufts University, MFA

Sebastian Stockman
Teaching Professor, Writing Program; Emerson College, MFA

Milica Stojanovic
Professor, Electrical and Computer Engineering; Northeastern University, PhD

Michael Stone
Associate Teaching Professor, Economics; University of Connecticut, PhD

Jacob Stowell
Associate Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

Laney Strange
Teaching Professor, Computer Sciences; Dartmouth College, PhD

Heather Streets-Salter
Professor, History; Duke University, PhD

Thomas Strychacz
Professor, Mills College; Princeton University, PhD

Aron P. Stubbins
Professor, Marine and Environmental Sciences and Civil and Environmental Engineering and Chemistry and Chemical Biology; Newcastle University (United Kingdom), PhD

Jacob Stump
Assistant Teaching Professor, Philosophy and Religion; University of Toronto (Canada), PhD

Lili Su
Assistant Professor, Electrical and Computer Engineering; University of Illinois, Urbana-Champaign, PhD

Ming Su
Professor, Chemical Engineering; Northwestern University, PhD

Fernando Suarez
Jean C. Tempel Professor, Entrepreneurship and Innovation; Massachusetts Institute of Technology, PhD

Alexandru I. Suciu
Professor, Mathematics; Columbia University, PhD

Annemarie C. Sullivan
Senior Lecturer, Health Sciences; Northeastern University, MS

Denis Sullivan
Professor, Political Science and International Affairs; University of Michigan, Ann Arbor, PhD

Fareena Sultan
Professor, Marketing; Columbia University, PhD

Sivarit Sultornsanee
Associate Teaching Professor, Mechanical and Industrial Engineering; Northeastern University, PhD

Hongwei Sun
Professor, Mechanical and Industrial Engineering; Chinese Academy of Sciences (China), PhD

Nian Sun
Professor, Electrical and Computer Engineering; Stanford University, PhD

Tao Sun
Assistant Professor, Bioengineering; Tufts University, PhD

Ravi Sundaram
Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Daniel Sunderland
Professor of the Practice, Accounting; University of Chicago, MBA

Shanu Sushmita
Assistant Teaching Professor, Computer Sciences; University of Glasgow (United Kingdom), PhD

Alexander Susienka
Assistant Cooperative Education Coordinator, College of Science; Western Michigan University, MA

Gloria Sutton
Associate Professor, Art + Design; University of California, Los Angeles, PhD

Dawn Swain
Assistant Clinical Professor, Pharmacy and Health Systems Sciences; Northeastern University, PharmD

Kara Swanson
Professor, Law; Harvard University, PhD; University of California, Berkeley, JD

Richard S. Swasey Jr.
Principal Lecturer, Finance; University of Virginia, MBA

Jacqueline Sweeney
Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, MS

Meredith O. Sweeney
Associate Teaching Professor, Biology; Brandeis University, PhD

Sarah Swope
Associate Professor, Mills College; University of California, Santa Cruz, PhD

Nina Sylvanus
Associate Professor, Sociology and Anthropology; Ecole des Hautes Etudes en Sciences Sociales, Paris (France), PhD

Balazs Szelenyi
Associate Teaching Professor, College of Professional Studies; University of California, Los Angeles, PhD

Mario Sznaier
Dennis Picard Trustee Professor, Electrical and Computer Engineering; University of Washington, PhD

T

Srinivas Tadigadapa
Professor, Electrical and Computer Engineering; Cambridge University (United Kingdom), PhD

Constantin Nicolae Takacs
Assistant Professor, Biology; Rockefeller University, PhD

Victor Talmadge
Professor of the Practice, Mills College; California Institute of the Arts, MFA

David Tamés
Associate Teaching Professor, Art + Design; Massachusetts College of Art and Design, MFA

Cheng Tan
Assistant Professor, Computer Sciences; New York University, PhD

Xiaoyu Tang
Assistant Professor, Mechanical and Industrial Engineering; Princeton University, PhD

Aysen Tanyeri-Abur
Associate Teaching Professor, Economics; Texas A&M University, PhD

Peter Tarasewich
Assistant Teaching Professor, Supply Chain and Information Management; University of Connecticut, PhD

Mohammad E. Taslim
Professor, Mechanical and Industrial Engineering; University of Arizona, PhD

Sahar Tavakoli
Associate Teaching Professor, Biology; National University of Singapore (Singapore), PhD

Briana Taylor
Assistant Research Professor, Psychology; University of Pittsburgh, PhD

Tomasz R. Taylor
Professor, Physics; University of Warsaw (Poland), PhD

Tsegay Gebrekidan Tekleselassie
Visiting Assistant Professor, Economics; University of Sussex (United Kingdom), PhD

Alison Terndrup
Postgraduate Teaching Fellow, Art + Design; Boston University, PhD

John Terpinas
Professor of the Practice, College of Professional Studies; California Western School of Law, JD

Kate Terrado
Assistant Teaching Professor, Art + Design; Northeastern University, MFA

Philip Thai
Associate Professor, History; Stanford University, PhD

Ganesh Thakur
Professor, Pharmaceutical Sciences; Institute of Chemical Technology (India), PhD

Carol Theokary
Associate Professor, Mills College; Boston University, DBA

Dorin Thibault
Assistant Cooperative Education Coordinator, D'Amore-McKim School of Business; Boston University, MBA

Kari A. Thierer
Assistant Teaching Professor, College of Professional Studies; Northeastern University, EdD

Adam Thomas
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, PhD

Jack Thomas
Assistant Teaching Professor, Computer Sciences; Simon Fraser University (Canada), PhD

Corliss Thompson
Associate Teaching Professor, College of Professional Studies; University of North Carolina, Chapel Hill, PhD

Caitlin Frances Thornbrugh
Associate Teaching Professor, English; University of Kansas, MFA

Jamal Thorne
Associate Teaching Professor, Art + Design; Northeastern University, MFA

Michael Alan Thornton
Visiting Assistant Professor, History; Harvard University, PhD

Idia Thurston
Professor, Health Sciences and Applied Psychology; University of South Florida, PhD

Zhenyu Tian
Assistant Professor, Chemistry and Chemical Biology; University of North Carolina, Chapel Hill, PhD

Korey Tillman
Assistant Professor, Criminology and Criminal Justice; University of New Mexico, PhD

Jonathan L. Tilly
University Distinguished Professor, Biology; Rutgers University, PhD

Jodi Tims
Professor of the Practice, Computer Sciences; University of Pittsburgh, PhD

Frank Tip
Professor, Computer Sciences; University of Amsterdam (Netherlands), PhD

Lisa J. Tison-Thomas
Assistant Cooperative Education Coordinator, College of Science; Emmanuel College, MA

Devesh Tiwari
Assistant Professor, Electrical and Computer Engineering; North Carolina State University, PhD

Yustianto Tjiptowidjojo
Associate Teaching Professor, Mechanical and Industrial Engineering; Mississippi State University, PhD

Alexandra A. To
Assistant Professor, Game Design and Computer Sciences; Carnegie Mellon University, PhD

Gordana G. Todorov
Professor, Mathematics; Brandeis University, PhD

Irina Todorova
Visiting Clinical Professor, Applied Psychology; Sofia University (Bulgaria), PhD

Alessio Tognetti
Associate Academic Specialist, World Languages Center; University of Washington, MA

Valerio Toledano Laredo
Professor, Mathematics; University of Cambridge (United Kingdom), PhD

Michael Tolley
Associate Professor, Political Science; Johns Hopkins University, PhD

Jacqueline Tolosko
Assistant Clinical Professor, Nursing; Northeastern University, DNP

Xiaochuan Tong
Assistant Teaching Professor, Finance; King's College, London (UK), PhD; University of Massachusetts, Boston, PhD

Peter Y. Topalov
Professor, Mathematics; Moscow State University (Russia), PhD

Vladimir P. Torchilin
University Distinguished Professor, Pharmaceutical Sciences; Moscow State University (Russia), PhD, DSc

Melanie Tory
Professor of the Practice, Computer Sciences and Art + Design; Simon Fraser University (Canada), PhD

Ali Touran
Professor, Civil and Environmental Engineering; Stanford University, PhD

Mohammad Toutiaee
Assistant Teaching Professor, Computer Sciences; University of Georgia, PhD

Emery A. Trahan
Professor, Finance; State University of New York at Albany, PhD

Truong Tran
Adjunct Professor, Mills College; San Francisco State University, MFA

Robert Triest
Professor, Economics; University of Wisconsin, Madison, PhD

Stavros Tripakis
Associate Professor, Computer Sciences; Joseph Fourier University (France), PhD

Michael Trisolini
Visiting Associate Teaching Professor, Health Sciences; Brandeis University, PhD

Giovanni Troiano
Visiting Assistant Professor, Game Design; University of Copenhagen (Denmark), PhD

Eleonora Tronci
Assistant Professor, Civil and Environmental Engineering; Columbia University, PhD

Geoffrey C. Trussell
Professor, Marine and Environmental Sciences; College of William and Mary, PhD

Iraklis Tsekourakis
Associate Teaching Professor, Computer Sciences; Stevens Institute of Tecnology, PhD

Kumiko Tsuji
Associate Teaching Professor, World Languages Center; Georgetown University, PhD

Eugene Tunik
Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Rutgers University, PhD

Berna Turam
Professor, International Affairs and Sociology and Anthropology; McGill University (Canada), PhD

Esther Tutella-Chen
Assistant Academic Specialist, College of Professional Studies; Vanderbilt University, MEd

U

Jonathan Ullman
Associate Professor, Computer Sciences; Harvard University, PhD

Annique Un
Associate Professor, International Business and Strategy; Massachusetts Institute of Technology, PhD

Christopher Unger
Teaching Professor, College of Professional Studies; Harvard University, EdD

Steven R. Untersee
Associate Teaching Professor, Biology; Tufts University, PhD

Moneesh Upmanyu
Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

Jaci Urbani
Professor, Mills College; University of California, Berkeley, PhD

Lisa A. Urry
Professor, Mills College; Massachusetts Institute of Technology, PhD

V

Scott Valcourt
Associate Teaching Professor, Computer Sciences; University of New Hampshire, PhD

Mariana Valencia Mastre
Assistant Teaching Professor, Marine and Environmental Sciences; University of Michigan, Ann Arbor, PhD

Jenny A. Van Amburgh
Clinical Professor, Pharmacy and Health Systems Sciences; Albany College of Pharmacy, PharmD

Anne L. Van De Ven-Moloney
Associate Teaching Professor, Physics; Rice University, PhD

Drew Van Der Poel
Assistant Teaching Professor, Computer Sciences; North Carolina Agricultural and Technical State University, PhD

Maria Van Pelt
Clinical Professor, Nursing; Villanova University, PhD

Kiran Vanaja
Assistant Research Professor, Bioengineering; Johns Hopkins University, PhD

Kathleen Vander Laan
Senior Cooperative Education Coordinator, Khoury College of Computer Sciences; Salem State University, MBA

Nancy Varney
Associate Teaching Professor, Civil and Environmental Engineering; University of Texas, PhD

Julia Varshavsky
Assistant Professor, Health Sciences and Civil and Environmental Engineering; University of California, Berkeley, PhD

Alexey Vasilenko
Assistant Teaching Professor, Finance; University of Toronto (Canada), PhD

Manuel Vaulont
Assistant Professor, Management and Organizational Development; Arizona State University, PhD

Elaine Vejar
Assistant Academic Specialist, College of Professional Studies; University of Massachusetts, Lowell, MS

Enio Velazco
Senior Lecturer, Supply Chain and Information Management; Case Western Reserve University, PhD

Oana Veliche
Associate Teaching Professor, Mathematics; Purdue University, PhD

Oscar Veliz
Assistant Teaching Professor, Computer Sciences; University of Texas, El Paso, PhD

Vivek Venkatachalam
Assistant Professor, Physics; Harvard University, PhD

Madhavi Venkatesan
Assistant Teaching Professor, Economics; Vanderbilt University, PhD

Rajagopal Venkatesaramani
Assistant Teaching Professor, Computer Sciences; Washington University in St. Louis, PhD

Anand Venkateswaran
Associate Professor, Finance; Georgia State University, PhD

Alice Verticelli
Visiting Lecturer, International Affairs; Northeastern University, PhD

Ferdinand Vesely
Assistant Teaching Professor, Computer Sciences; Swansea University (United Kingdom), PhD

Alessandro Vespignani
Sternberg Family Distinguished University Professor, Physics and Health Sciences and Computer Sciences; Sapienza University of Rome (Italy), PhD

Talia Vestri
Associate Teaching Professor, English; Boston University, PhD

Gustavo Vicentini
Associate Teaching Professor, Economics; Boston University, PhD

Thomas Vicino
Professor, Political Science and Public Policy and Urban Affairs; University of Maryland, Baltimore, PhD

Ilya Vidrin
Postdoctoral Teaching Associate, Theatre; Harvard University, MA

Weston D Viles
Assistant Teaching Professor, Computer Sciences; Boston University, PhD

Emanuele Viola
Associate Professor, Computer Sciences; Harvard University, PhD

Jan Vitek
Professor, Computer Sciences; University of Geneva (Switzerland), PhD

Olga Vitek
Professor, Computer Sciences; Purdue University, PhD

Kamber Danielle Vittori
Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

Steven V. Vollmer
Associate Professor, Marine and Environmental Sciences; Harvard University, PhD

Robert J. Volpe
Professor, Applied Psychology; Lehigh University, PhD

Hilmar von Strunck
Associate Teaching Professor, Psychology; Walden University, PhD

W

Catherine Wagner
Professor, Mills College; San Francisco State University, MFA

Thomas E. Wales
Research Associate Professor, Chemistry and Chemical Biology; Duke University, PhD

Jake Walker
Associate Cooperative Education Coordinator, College of Engineering; Northeastern University, MS

Louise Walker
Associate Professor, History; Yale University, PhD

Byron Wallace
Associate Professor, Computer Sciences; Tufts University, PhD

Rachel Walsh-Peterson
Senior Cooperative Education Coordinator, College of Engineering; Northeastern University, EdD

Robin Walters
Assistant Professor, Computer Sciences; University of Chicago, PhD

Suzanna Walters
Professor, Women's, Gender, and Sexuality Studies and Sociology and Anthropology; City University of New York, PhD

Darryl Walton
Associate Clinical Professor, Law; Wake Forest University, JD

Richard Wamai
Associate Professor, Cultures, Societies, and Global Studies; University of Helsinki (Finland), PhD

Kai-tak Wan
Professor, Mechanical and Industrial Engineering; University of Maryland, College Park, PhD

He Wang
Assistant Teaching Professor, Mathematics; Northeastern University, PhD

Hsiao-an Wang
Assistant Teaching Professor, Computer Sciences; Marquette University, PhD

Lei Wang
Assistant Professor, Bioengineering and Biology; Colorado State University, PhD

Ming Wang
College of Engineering Distinguished Professor, Civil and Environmental Engineering; University of New Mexico, PhD

Ning Wang
Professor, Bioengineering; Harvard University, PhD

Ryan Wang
Assistant Professor, Civil and Environmental Engineering; Virginia Polytechnic Institute and State University, PhD

Shuyang Wang
Assistant Professor, Accounting; University of Illinois, Urbana-Champaign, PhD

Susan Wang
Professor, Mills College; Princeton University, PhD

Yanzhi Wang
Assistant Professor, Electrical and Computer Engineering; University of Southern California, PhD

Meni Wanunu
Professor, Physics; Weizmann Institute of Science (Israel), PhD

Robert J. Ward
Lecturer, Music; University of California, San Diego, MA

Oliver Wason
Assistant Teaching Professor, Theatre; Yale University, MFA

Maureen Watkins
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; Northeastern University, DPT

Natalya Watson
Associate Teaching Professor, College of Professional Studies; University of Colorado, Denver, PhD

Joanna Weaver
Assistant Teaching Professor, Psychology; State University of New York at Albany, PhD

Ray Weaver
Visiting Assistant Professor, Marketing; Massachusetts Institute of Technology, PhD

Ulrike Wegst
Research Associate Professor, Physics; University of Cambridge (United Kingdom), PhD

Vanessa Wei
Assistant Teaching Professor, World Languages Center; University of Pittsburgh, EdD

Nikki Weickum
Postdoctoral Teaching Associate, Communication Studies; University of Illinois, Urbana-Champaign, PhD

Moira Weigel
Assistant Professor, Communication Studies; Yale University, PhD

Liza Weinstein
Associate Professor, Sociology and Anthropology; University of Chicago, PhD

Jonathan Weitsman
Robert G. Stone Professor, Mathematics; Harvard University, PhD

Brooke Welles
Associate Professor, Communication Studies; Northwestern University, PhD

Mark Wells
Assistant Teaching Professor, Philosophy and Religion; Bowling Green State University, PhD

Amanda Welsh
Professor of the Practice, College of Professional Studies; Harvard University, PhD

Brandon Welsh
Professor, Criminology and Criminal Justice; University of Cambridge (United Kingdom), PhD

Joshua Wen
Zelevinsky Postdoctoral Researcher, Mathematics; University of Illinois, Urbana-Champaign, PhD

Jing-Ke Weng
Professor, Chemistry and Chemical Biology and Bioengineering; Purdue University, PhD

Edward G. Wertheim
Associate Professor, Management and Organizational Development; Yeshiva University, PhD

Richard West
Associate Professor, Chemical Engineering; University of Cambridge (United Kingdom), PhD

Alan West-Durán
Professor, Cultures, Societies, and Global Studies; New York University, PhD

Rebecca Westerling
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Boston College, MA

Richard Whalen
Teaching Professor, College of Engineering; Northeastern University, PhD

Susan Whitfield-Gabrieli
Professor, Psychology; University of California, Berkeley, PhD

Paul C. Whitford
Associate Professor, Physics; University of California, San Diego, PhD

John Peter Whitney
Associate Professor, Mechanical and Industrial Engineering; Harvard University, PhD

Lori Whynot
Teaching Professor, American Sign Language; Macquarie University, Sydney (Australia), PhD

Daniel Wichs
Associate Professor, Computer Sciences; New York University, PhD

Peter H. Wiederspahn
Associate Professor, Architecture; Harvard University, MArch

John Wihbey
Associate Professor, Journalism; Columbia University, MS

Michael Wilczek
Assistant Teaching Professor, Chemistry and Chemical Biology; University of Maine, PhD

Lucy A. Williams
Professor, Law; University of Chicago, JD

Mark C. Williams
Professor, Physics; University of Minnesota, Duluth, PhD

Patricia J. Williams
University Distinguished Professor, Law and Philosophy and Religion; Harvard University, JD

Thomas M. Williams
Assistant Clinical Professor, Medical Sciences; Northeastern University, MS

Rebecca Willits
Professor, Chemical Engineering; Cornell University, PhD

Christo Wilson
Associate Professor, Computer Sciences; University of California, Santa Barbara, PhD

Sheila Winborne
Associate Teaching Professor, Philosophy and Religion; Harvard University, PhD

Raimond Winslow
Professor, Bioengineering and Computer Sciences; Johns Hopkins University, PhD

Raimond Winslow
Professor, Bioengineering and Computer Sciences; Johns Hopkins University, PhD

Eric Winter
Associate Cooperative Education Coordinator, D'Amore-McKim School of Business; Northeastern University, MS

Annie Witte
Assistant Teaching Professor, Accounting; Bentley University, PhD

Pamela Wojnar
Associate Teaching Professor, College of Professional Studies; United States Sports Academy, EdD

Max Wolf
Associate Teaching Professor, Biology; Massachusetts Institute of Technology, PhD

John Wolfe
Associate Teaching Professor, College of Professional Studies; Columbia University, EdD

Kathy Wong
Assistant Cooperative Education Coordinator, College of Engineering; Seattle University, MEd

Lok Sang (Lawson) Wong
Assistant Professor, Computer Sciences; Massachusetts Institute of Technology, PhD

Margaret Y. Woo
Professor, Law; New York University, JD

Darien Wood
Professor, Physics; University of California, Berkeley, PhD

Stephen Wood
Visiting Associate Clinical Professor, Nursing; Massachusetts General Hospital Institute of Health Professions, MS

Dori C. Woods
Associate Professor, Biology; University of Notre Dame, PhD

Sarah Woodside
Associate Teaching Professor, Management and Organizational Development; Boston College, PhD

Adam Woolley
Associate Clinical Professor, Pharmacy and Health Systems Sciences; Massachusetts College of Pharmacy, PharmD

Benjamin Woolston
Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

Lisa Worsh
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Bridgewater State University, MEd

Dana E. Wright
Professor, Mills College; Harvard University, EdD

Shu-Shih Y. Wu
Assistant Teaching Professor, Mathematics; Northeastern University, PhD

Kinde M. Wubneh
Assistant Professor, Entrepreneurship and Innovation and Pharmacy and Health System Sciences; University of Texas, Austin, PhD

Sara A. Wylie
Associate Professor, Sociology and Anthropology and Health Sciences; Massachusetts Institute of Technology, PhD

X

Xia Xiao
Assistant Professor, Accounting; University of Arizona, PhD

Wei Xie
Assistant Professor, Mechanical and Industrial Engineering; Northwestern University, PhD

Mofei Xu
Assistant Cooperative Education Coordinator, College of Engineering; Northeastern University, MA

Xiaolin Xu
Assistant Professor, Electrical and Computer Engineering; University of Massachusetts, Amherst, PhD

Y

Milen Yakimov
Professor, Mathematics; University of California, Berkeley, PhD

Qimin Yan
Associate Professor, Physics; University of California, Santa Barbara, PhD

Shiawee X. Yang
Associate Professor, Finance; Pennsylvania State University, PhD

Xiaoyi Yang
Assistant Teaching Professor, Computer Sciences; Carnegie Mellon University, PhD

Hideaki Yano
Assistant Professor, Pharmaceutical Sciences; Columbia University, PhD

Mathew Yarossi
Assistant Professor, Physical Therapy, Movement, and Rehabilitation Sciences and Electrical and Computer Engineering; Rutgers University, PhD

Mohammad Abbas Yaseen
Assistant Professor, Bioengineering; Rice University, PhD

Yasin Yazicioglu
Assistant Professor, Mechanical and Industrial Engineering; Georgia Institute of Technology, PhD

Lichuan Ye
Associate Professor, Nursing; University of Pennsylvania, PhD

Adetoun Yeaman
Assistant Teaching Professor, College of Engineering; Virginia Polytechnic Institute and State University, PhD

Edmund Yeh
Professor, Electrical and Computer Engineering; Massachusetts Institute of Technology, PhD

Roi Yehoshua
Assistant Teaching Professor, Electrical and Computer Engineering; Bar-Ilan University (Israel), PhD

Boris Yelin
Assistant Teaching Professor, World Languages Center; Purdue University, PhD

Benjamin Yelle
Associate Teaching Professor, Philosophy and Religion; University of Miami, PhD

Sheng-Che Yen
Associate Clinical Professor, Physical Therapy, Movement, and Rehabilitation Sciences; New York University, PhD

Ayce Yesilaltay
Assistant Teaching Professor, Biology; University of Massachusetts Medical School, PhD

Caglar Yildirim
Assistant Teaching Professor, Computer Sciences; Iowa State University, PhD

George Yip
Distinguished Visiting Professor, International Business and Strategy; Harvard University, DBA

Tiana Yom
Assistant Research Professor, Health Sciences and Public Policy and Urban Affairs; Columbia University, EdD

Sze Zheng Yong
Associate Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Moka Yoo-Jeong
Assistant Professor, Nursing; Emory University, PhD

Mark L. Yorra
Senior Cooperative Education Coordinator, Bouvé College of Health Sciences; Northeastern University, EdD

Yizhi You
Assistant Professor, Physics; University of Illinois, Urbana-Champaign, PhD

Gary Young
Professor, International Business and Strategy and Health Sciences; State University of New York at Buffalo, PhD

Jared Young
Assistant Professor, Mills College; University of California, San Diego, PhD

Lydia Young
Associate Teaching Professor, College of Professional Studies; Boston College, PhD

Stephanie Young
Adjunct Professor, Mills College; Mills College, MFA

Sarah C. Young-Hong
Assistant Clinical Professor, Communication Sciences and Disorders; University of Pittsburgh, MA

Jones Yu
Teaching Professor, College of Engineering; Massachusetts Institute of Technology, PhD

Shuishan Yu
Associate Professor, Architecture; University of Washington, PhD

Xubo Yue
Assistant Professor, Mechanical and Industrial Engineering; University of Michigan, Ann Arbor, PhD

Lua Kamál Yuille
Professor, Law and Management and Organizational Development; Columbia University, JD

Nizar Zaarour
Associate Teaching Professor, Supply Chain and Information Management; Northeastern University, PhD

Adel Zadeh
Associate Teaching Professor, College of Professional Studies; University of Cambridge (United Kingdom), PhD

Naeem Zafar
Professor of the Practice, Entrepreneurship and Innovation; University of Minnesota, Twin Cities, MSEE

Michelle Zaff
Senior Cooperative Education Coordinator, College of Social Sciences and Humanities; Suffolk University, JD

Drew Zagieboylo
Assistant Teaching Professor, Electrical and Computer Engineering; Cornell University, PhD

Christos Zahopoulos
Associate Professor, College of Professional Studies; Northeastern University, PhD

Carl Zangerl
Associate Teaching Professor, College of Professional Studies; University of Illinois, Urbana-Champaign, PhD

Victor Zappi
Assistant Professor, Music; Istituto Italiano di Tecnologia, Università degli studi di Genova (Italy), PhD

Alan J. Zaremba
Associate Professor, Communication Studies; State University of New York at Buffalo, PhD

Fox Zarow
Assistant Teaching Professor, Art + Design; Northeastern University, MFA

Daniel Zedek
Professor of the Practice, Journalism; Columbia University, BA

Ibrahim Zeid
Professor, Mechanical and Industrial Engineering; University of Akron, PhD

Moira Zellner
Professor, Public Policy and Urban Affairs; University of Michigan, Ann Arbor, PhD

Hongyang Zhang
Assistant Professor, Computer Sciences; Stanford University, PhD

Ke Zhang
Associate Professor, Chemistry and Chemical Biology; Washington University in St. Louis, PhD

Ning Zhang
Associate Professor, Pharmacy and Health Systems Sciences and Nursing; Cornell University, PhD

Shuo Zhang
Assistant Professor, Economics and Computer Sciences; University of California, Santa Barbara, PhD

Xufeng Zhang
Assistant Professor, Electrical and Computer Engineering; Yale University, PhD

Yang Zhang
Professor, Civil and Environmental Engineering; University of Iowa, PhD

Yue May Zhang
Associate Professor, Accounting; University of Pittsburgh, PhD

Qianqian Zhang-Wu
Assistant Professor, English; Boston College, PhD

Pu Zhao
Assistant Research Professor, Electrical and Computer Engineering; Northeastern University, PhD

Qing Zhao
Assistant Professor, Chemical Engineering; Massachusetts Institute of Technology, PhD

Yizhen Zhao
Associate Teaching Professor, College of Engineering; Johns Hopkins University, PhD

Kuncheng Zheng
Associate Professor, Finance; University of Michigan, Ann Arbor, PhD

Yi Zheng
Associate Professor, Mechanical and Industrial Engineering; Columbia University, PhD

Karen Zhou
Assistant Teaching Professor, College of Professional Studies; University of Maryland, Baltimore, JD

Lin Zhou
Assistant Teaching Professor, College of Professional Studies; University of Hawai'I, M?noa, PhD

Xiaomu Zhou
Associate Teaching Professor, College of Professional Studies; University of Michigan, Ann Arbor, PhD

Yan Zhou
Zelevinsky Postdoctoral Researcher, Mathematics; University of Texas, Austin, PhD

Zhaohui S. Zhou
Professor, Chemistry and Chemical Biology; Scripps Research Institute, PhD

Hongli Zhu
Assistant Professor, Mechanical and Industrial Engineering; South China University of Technology (China), PhD

Juner Zhu
Assistant Professor, Mechanical and Industrial Engineering; Massachusetts Institute of Technology, PhD

Xuwen Zhu
Assistant Professor, Mathematics; Massachusetts Institute of Technology, PhD

Sali Ziane
Teaching Professor, World Languages Center; University of Paris XIII (France), PhD

Nathanial Ziegler
Associate Cooperative Education Coordinator, College of Engineering; Indiana University of Pennsylvania, MEd

Emily Zimmerman
Associate Professor, Communication Sciences and Disorders; University of Kansas, PhD

Gregory Zimmerman
Associate Professor, Criminology and Criminal Justice; State University of New York at Albany, PhD

Steven Zoloth
Professor, Health Sciences; University of Pennsylvania, PhD

Rose Zoltek-Jick
Associate Teaching Professor, Law; York University (Canada), LLB

Ronald C. Zullo
Senior Lecturer, Accounting; Bentley University, MS

Günther K. H. Zupanc
Professor, Biology; University of California, San Diego, PhD; University of Tübingen (Germany), Dr. rer. nat. habil.

Alexander Zvonok
Assistant Research Professor, Center for Drug Discovery; Belarusian State University (Belarus), PhD

- Resources (p. 2753)

Notifications and Disclosures

The *Northeastern University Catalog* contains the university's primary statements about approved academic programs and degree requirements, as authorized by the president or the Board of Trustees.

The *Northeastern University Catalog* contains current information about the university calendar, admissions, degree requirements, fees, and certain procedures and regulations; however, such information is not intended and should not be regarded to be contractual. Course information was current as of July 31, 2023. For updated course information, students and advisors should consult the Banner course catalog (https://nubanner.neu.edu/StudentRegistrationSsb/ssb/term/termSelection/?mode=courseSearch).

Accreditation

Please visit the Accreditation (https://catalog.northeastern.edu/archive/2023-2024/graduate/appendix/statements-accreditation/) page of this catalog for details of Northeastern University's accreditation status.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

In accordance with the Family Educational Rights and Privacy Act of 1974, Northeastern University permits its students to inspect their records wherever appropriate and to challenge specific parts of them when they feel it is necessary to do so. Specific details of the law as it applies to Northeastern are discussed in this section of the catalog (https://catalog.northeastern.edu/archive/2023-2024/graduate/academic-policies-procedures/ferpa/).

PERSISTENCE RATES UNDER THE STUDENT RIGHT-TO-KNOW ACT

In the fall of 2022, the persistence rate for undergraduate students who entered in the fall 2021 cohort was 97.2%.

TUITION DEFAULT POLICY

In cases where the student defaults on their tuition, the student shall be liable for the outstanding tuition and all reasonable associated collection costs incurred by the university, including attorneys' fees.

NONDISCRIMINATION POLICIES

Northeastern University is committed to providing a living, learning, and working environment free from discrimination and harassment and does not discriminate on the basis of race, color, religion, genetic information, sex, gender, gender identity, sexual orientation, age, national origin, ancestry, disability, or veteran status in admission to, access to, treatment in, or employment in its programs and activities. The university will not tolerate any conduct that violates rights guaranteed by law, or any of the university policies that prohibit discrimination, including the Policy on Equal Opportunity (https://www.northeastern.edu/policies/pdfs/Policy_on_Equal_Opportunity.pdf), Policy on Sexual and Gender-Based Harassment and Title IX (https://policies.northeastern.edu/policy104/#_ga=2139912052678023693168597 2406-9222403871666097079), and the Policy on Non-Fraternization (https://www.northeastern.edu/policies/pdfs/Policy_on_Non-Fraternization.pdf). Furthermore, university policy also includes prohibitions of retaliation for filing complaints of discrimination with the Office for University Equity and Compliance. Links to the university's nondiscrimination policies and its grievance procedures are available at the OUEC (https://www.northeastern.edu/ouec/). Inquiries regarding the university's nondiscrimination policies may be directed to:

Office for University Equity and Compliance (https://www.northeastern.edu/ouec/)
125 Richards Hall
Northeastern University
Boston, Massachusetts 02115
617.373.4644
ouec@northeastern.edu

The university strongly encourages any person to report information relating to alleged discrimination or harassment to the OUEC (https://www.northeastern.edu/ouec/) by completing the form available here (https://cm.maxient.com/reportingform.php?NortheasternUniv&layout_id=7) or through any of the contact options listed above. OUEC's policies, as well as other helpful information, can be found at the OUEC website (https://www.northeastern.edu/ouec/).

DISABILITY RESOURCE CENTER

The Disability Resource Center provides a variety of disability-related services and accommodations to Northeastern University's students with disabilities.

Northeastern University's compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 are coordinated by the senior director of the Disability Resource Center. Persons requiring information regarding the Disability Resource Center should contact the center at 617.373.2675 or drc@northeastern.edu.

CLERY ACT

Northeastern University is committed to assisting all members of the university community in providing for their own safety and security. Information regarding campus security and personal safety, including topics such as crime prevention, university police law enforcement authority, crime reporting policies, crime statistics for the most recent three-year period, and disciplinary procedures, is available in the Annual Security & Fire Safety Reports, located on the NUPD website (https://nupd.northeastern.edu/annual-reports/).

EMERGENCY INFORMATION

The university is prepared to respond to emergencies and urgent situations that require immediate action with a trained team of police officers, EMTs, health and counseling experts, student affairs and residential life staff, and other professionals from a coordinated group that is able to manage a wide range of potential situations.

In case of emergency or crisis situations that require immediate notification, university officials will deploy the NU Alert system, which sends email, voice mail, and text messages to students, faculty, and staff. NU Alert is intended to communicate pertinent information and, when appropriate, provide directions to those in the affected area(s).

A record of past Timely Warning and NU Alert Emergency Notifications for our campus community can be found on the NUPD website (https://nupd.northeastern.edu/safety-notifications/).

Examples of crisis situations range from snowstorms to national emergencies that have a local impact.

Additional information on the university's emergency information systems can be found on the university's Emergency Information (https://www.northeastern.edu/emergency-information/) website.

MISSION STATEMENT

To educate students for a life of fulfillment and accomplishment.
To create and translate knowledge to meet global and societal needs.

Accreditation

Northeastern University has maintained its status as a member in good standing of the New England Commission of Higher Education, Inc. (NECHE), previously New England Association of Schools and Colleges (NEASC), since it was awarded its initial accreditation in 1940. The university was last reviewed by NECHE in 2018 and will be reviewed again in fall 2028.

Northeastern University possesses degree-granting authority in Massachusetts, under the auspices of the Massachusetts Board of Higher Education.

1 The Association of American Law Schools is an elected membership organization, not an accrediting body.

Authorizations

Campus Locations and Regulatory Agencies

In addition to accreditation by the New England Commission of Higher Education, Northeastern University is regulated by local authorities for its global campus network locations. These agencies are as follows:

- Arlington, Virginia
  - State Council of Higher Education for Virginia
- Charlotte, North Carolina
  - Board of Governors of the University of North Carolina
- Miami, Florida
  - Florida Commission for Independent Education
- Portland, Maine
  - Maine State Board of Education
- Oakland, California
  - Bureau for Private Postsecondary Education
- San Francisco, California
  - Bureau for Private Postsecondary Education
- San Jose, California
  - Bureau for Private Postsecondary Education
- Seattle, Washington
  - Washington Student Achievement Council
- Toronto, Ontario, Canada
  - Ministry of Colleges and Universities
- Vancouver, British Columbia, Canada
  - Ministry of Post-Secondary Education and Future Skills

Required Disclosures

VIRGINIA

Northeastern has processes in place to ensure that student grievances are treated with respect and addressed in a fair and professional manner. Students can report concerns to the Office of Student Conduct and Conflict Resolution (https://www.northeastern.edu/osccr/) or the University Ombuds (https://provost.northeastern.edu/ombuds/). At the Arlington campus, students can contact the on-site student support specialist or the campus principal.

If a student's problem has not been resolved in pursuance of the Northeastern grievance policy, they may contact the State Council of Higher Education for Virginia. SCHEV representatives can be reached via telephone at (804) 225-2600; via fax at (804) 225-2604; at this website (https://www.schev.edu/students/resources/student-complaints/); or by mail at 101 N. 14th Street, 10th Floor, James Monroe Building, Richmond, VA 23219.

The Virginia State Approving Agency (SAA) is the approving authority of education and training programs for Virginia. Our office investigates complaints of GI Bill® beneficiaries. While most complaints should initially follow the school grievance policy, if the situation cannot be resolved at the school, the beneficiary should contact our office via email saa@dvs.virginia.gov. *GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at* http://www.benefits.va.gov/gibill *(*http://www.benefits.va.gov/gibill/*).*

NORTH CAROLINA

Northeastern has been evaluated by the University of North Carolina and is licensed to conduct higher education degree activity in the state. The university's guaranty bond for unearned prepaid tuition is on file with the Board of Governors of the University of North Carolina and the Office of the General Counsel at Northeastern. North Carolina students may view a copy of the Tuition Guaranty Bond by contacting Northeastern's Risk Services at 716 Columbus Avenue (Columbus Place), Suite 301 CP, Boston, MA 02120.

If students are unable to resolve a complaint offered by the Northeastern grievance procedures, they can submit a complaint through the online student complaint form at https://studentcomplaints.northcarolina.edu/form (https://studentcomplaints.northcarolina.edu/form/), or by mail to North Carolina Post-Secondary Education Complaints, 140 Friday Center Drive, Chapel Hill, NC 27517. https://www.northcarolina.edu/post-secondary-education-complaints/.

FLORIDA

Northeastern University—Miami is accredited by the New England Commission of Higher Education (NECHE) and is provisionally licensed in the state of Florida by the Commission on Independent Education (CIE). Additional information regarding the institution may be obtained by contacting the Commission for Independent Education, Department of Education, 325 West Gaines Street, Suite 1414, Tallahassee, Florida 32399-0400, toll-free telephone number (888) 224-6684.

The transferability of credits you earn at Northeastern is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Northeastern to determine if your credits or degree will transfer.

CALIFORNIA

Any questions a student may have regarding this catalog that have not been satisfactorily answered by the institution may be directed to the Bureau for Private Postsecondary Education (http://www.bppe.ca.gov), 1747 N. Market Blvd., Ste. 225, Sacramento, CA 95834; P.O. Box 980818, West Sacramento, CA 95798-0818, (888) 370-7589, or by fax (916) 263-1897.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Northeastern is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the degree you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the credits or degree that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Northeastern to determine if your credits or degree will transfer.

The Office of Student Assistance and Relief is available to support prospective students, current students, or past students of private postsecondary educational institutions in making informed decisions, understanding their rights, and navigating available services and relief options. The office may be reached by calling (888) 370-7589 or by visiting https://osar.bppe.ca.gov/.

WASHINGTON

Northeastern is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Northeastern to offer specific degree programs. The council may be contacted for a list of currently authorized programs. Authorization by the council does not carry with it an endorsement by the council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the council at P.O. Box 43430, Olympia, WA 98504-3430 or by email at degreeauthorization@wsac.wa.gov.

The transferability of credits earned at Northeastern is at the discretion of the receiving college, university, or other educational institution. Students considering transferring to any institution should not assume that credits earned in any program of study at Northeastern will be accepted by the receiving institution. Similarly, the ability of a degree, certificate, diploma, or other academic credential earned at Northeastern to satisfy an admission requirement of another institution is at the discretion of the receiving institution. Accreditation does not guarantee credentials or credits earned at Northeastern will be accepted by or transferred to another institution. To minimize the risk of having to repeat coursework, students should contact the receiving institution in advance for evaluation and determination of transferability of credits and/or acceptability of degrees, diplomas, or certificates earned. The Washington Student Achievement Council has authority to investigate student complaints against specific schools. WSAC may not be able to investigate every student complaint. Visit http://www.wsac.wa.gov/student-complaints (http://www.wsac.wa.gov/student-complaints/) for information regarding the WSAC complaint process.

ONTARIO

Master of Science in Project Management *(*https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/project-management-ms/*)*

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting July 28, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Regulatory Affairs *(*https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/regulatory-affairs-ms/*)*

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting June 25, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Professional Studies in Analytics *(*https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/analytics-mps/*)*

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting March 6, 2020. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Professional Studies in Informatics *(*https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/informatics-mps/*)*

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting March 6, 2020. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Information Systems (https://catalog.northeastern.edu/archive/2023-2024/graduate/engineering/multidisciplinary/information-systems-msis/)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting July 28, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Biotechnology (https://catalog.northeastern.edu/archive/2023-2024/graduate/science/chemistry-chemical-biology/biotechnology-ms/)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting September 14, 2021. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Cyber-Physical Systems (https://catalog.northeastern.edu/archive/2023-2024/graduate/engineering/multidisciplinary/cyber-physical-systems-ms/)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting January 18, 2023. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Bioinformatics (https://catalog.northeastern.edu/archive/2023-2024/graduate/science/biology/bioinformatics-ms/)

This institution has been granted consent by the Minister of Colleges and Universities to offer this degree program for a five-year term starting January 18, 2023. Prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

BRITISH COLUMBIA

Master of Science in Computer Science (https://catalog.northeastern.edu/archive/2023-2024/graduate/computer-information-science/computer-science/computer-science-mscs/)

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective July 7, 2019, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Align—Master of Science in Computer Science (https://catalog.northeastern.edu/archive/2023-2024/graduate/computer-information-science/computer-science/computer-science-mscs/#alignprogramrequirementstext)

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective July 7, 2019, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Data Analytics Engineering (https://catalog.northeastern.edu/archive/2023-2024/graduate/engineering/mechanical-industrial/data-analytics-engineering-ms/)

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective November 29, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Science in Information Design and Data Visualization (https://catalog.northeastern.edu/archive/2023-2024/graduate/arts-media-design/art-design/information-design-data-visualization-ms/)

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective October 28, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

Master of Professional Studies in Analytics (https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/analytics-mps/)

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective October 28, 2021, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

MASTER OF SCIENCE IN INFORMATION SYSTEMS (https://catalog.northeastern.edu/archive/2023-2024/graduate/engineering/multidisciplinary/information-systems-msis/)

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective March 3, 2023, having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (e.g., acceptable to potential employers, professional licensing bodies, or other educational institutions).

MASTER OF professional studies in digital media *(*https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/digital-media-mps/*) (including* connect *(*https://catalog.northeastern.edu/archive/2023-2024/graduate/professional-studies/masters-degree-programs/digital-media-mps-connect/*))*

This program is offered under the written consent of the Minister of Post-Secondary Education and Future Skills effective June 6, 2023 having undergone a quality assessment process and been found to meet the criteria established by the minister. Nevertheless, prospective students are responsible for satisfying themselves that the program and the degree will be appropriate to their needs (for example, acceptable to potential employers, professional licensing bodies, or other educational institutions).

Distance Education/State Authorization Reciprocity Agreement Student Complaint Procedures (https://www.northeastern.edu/graduate/wp-content/uploads/2020/07/25.-Student-Complaint-Procedure-with-links.pdf)

Major CIP Codes

The following is a list of Northeastern University majors for programs accepting new students during the 2023-2024 catalog year, along with each major's corresponding CIP code. "CIP" refers to the Classification of Instructional Programs published by the U.S. Department of Education's National Center for Education Statistics (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=56).

Academic Program	Major Transcript Title	Major Cip Code
P-CERTG-3DAN: 3D Animation, Graduate Certificate	3-D Animation	100304
CERTG-ACFD: Accounting and Financial Decision Making, Graduate Certificate	Accntng Fin Decision Making	520899
MSA-ACCT: Accounting, MSA	Accounting	520301
P-CERTU-ACCT: Accounting, Undergraduate Certificate	Accounting	520301
