PRESIDENT'S WELCOME

Hallelujah! Peace be with you in the name of the Lord.

Our school was founded in Los Angeles in 1977. In the last 45 years we had number of students who graduated from our seminary. It was through our teaching and ministry training that help students to hold strong biblical doctrine that would guide them from not conforming to the superficial teachings of today's liberal theological trends. Through our efforts we have contributed to the growth and revival of the Korean American churches and the development of world mission.

Our seminary is approved by the Bureau for Private Postsecondary Education (BPPE) of the State of California. Our school is accredited by the Association for Biblical Higher Education. ABHE is a national institutional accrediting agency recognized by the Council on Higher Education Accreditation (CHEA) and the U.S. Department of Education.

We are not content in just making an impact in our local cities but to expand and be a formidable seminary to the world. We are proud of sending out well equipped pastors, professors, missionaries, and lay leaders who have dedicated their lives in serving the community and the world through sweat and tears. Our purpose is to first make servants of God who can lead today's Korean American churches and world mission and second to teach proper reformed theology. We would love to have you come visit our Los Angeles campus and join us in the vision in building God's kingdom through the gospel to the world.

Your fellow servant of the gospel,

Rev. Hun Sung Park, Ph.D.
President of the International Reformed University & Seminary

Comprehensive Examination

Ph.D. students are required to demonstrate a comprehensive knowledge of their field of study by examination. The content of the written comprehensive exam includes material from the core areas of the curriculum.

Admission to Candidacy

Official Ph.D. candidacy indicates that students have completed all of the preliminary requirements and are now qualified to undertake original research contributing to scholarship in their respective fields through their doctoral dissertations. To achieve candidacy, students must successfully complete the following:

- Required coursework
- Portfolio, approved by the doctoral committee
- Comprehensive examination
- Successful defense of the dissertation proposal

Dissertation

The dissertation process officially begins with the successful defense of a candidate's proposal before one's doctoral committee prior to beginning the student's field research. The doctoral dissertation contributes to theory relevant to the candidate's concentration and must be conducted in some aspect of intercultural studies.

Dissertation Defense

The final examination is an oral defense of the dissertation before the doctoral committee and other invited professionals. Successful defense of the dissertation completes the candidate's responsibilities for the degree, which is conferred in the scheduled graduation ceremony immediately following the defense.

Time Limit for Degree Completion

The typical full time student will complete the program in 4.5 to 5 years. All course and academic requirements for the Ph.D. degree should be completed within seven years, beginning on the date of the student's first registration. Petitions for extension beyond six years will be considered on a case-by-case basis for students.

Students enrolled in IS803 or IS804 are considered full-time students. During the dissertation phase, doctoral students are considered full time for a maximum of four semesters. If doctoral candidates have not defended their dissertations by the time all required dissertation credits are completed, they must enroll continuously in IS804 for zero credit each semester until the successful defense of the dissertation.

A Leave of Absence must be renewed by petition each semester and may not exceed two consecutive semesters. A Leave of Absence longer than two semesters will require withdrawal from the program and a petition for readmission if the student later wishes to regain active status. Each leave of absence must receive the approval of the student's program advisor and the Dean of the school.

Doctoral students registered in the dissertation course (RES870, RES871, IS802, IS803, or IS804) are considered full-time enrolled although the number of units enrolled will be below the normal full-time course load. Students are normally permitted to carry a maximum of 18 units for B.A. students and 15 units for M.A./M.Div. students each semester. To exceed maximum load, the student must receive the Academic Dean's approval.

Attendance

Students are expected to attend all classes for which they have registered. In case of an extended absence, students are expected to report to the instructor and the Academic Dean. Each faculty member decides his or her own policies concerning class attendance. When unexcused absences exceed three absences out of 15 sessions of class, or the instructor judges a student's absences to be so excessive as to make it impossible for the student to complete the course successfully, the instructor must drop the students from the class.

Professors will begin recording attendance the first day of class and absences may impact grades. After role call by the professor, leaving the class without permission will be considered as an absence.

Examinations

There are mid-term examinations and final examinations. Final examinations are scheduled during regular class hours during the last week of each term. Students are expected to take their final exams at the scheduled time. In the case of extenuating circumstances, arrangements may be made with the professor to take an exam at another time.

Grading

IRUS uses the following grading system

A	4.0	A-	3.7	
B+	3.3	B	3.0	B-
C+	2.3	C	2.0	C-
D+	1.3	D	1.0	D-
F	0.0*	I	Incomplete**	W Withdraw
R	Repeated	P	Pass	

**A grade of 'F' can be raised a maximum grade of 'B+' after retaking the course.*

***A grade of 'I' can be changed to a grade of 'F' by the end of the next semester when all course requirements have not been satisfied.*

Letter Grad Descriptions

A	<i>Work of highest quality in all areas; virtually flawless mastery of facts and concepts; creative; able to evaluate data and trends.</i>
B	<i>Above average mastery of facts, concepts, creativity and analysis. Student manifests lack of understanding in a few areas but generally this student has performed well in demonstrating that they have achieved the course objectives. Student demonstrates that they will potentially show effective leadership in ministry.</i>
C	<i>Average grasp of facts, concepts, creativity and analysis. Student has achieved many of the learning objectives for the course and displays an average ability to perform tasks for ministry.</i>
D	<i>Below average grasp of facts and competence for ministry. This grade reflects the fact that the student did not achieve many of the learning objectives of the course and it indicates a minimum proficiency level of learning. It indicates that the student is deficient in ministry preparation in this area.</i>
F	<i>Lack of understanding of key concepts and skills. Failure to achieve minimal levels of learning and ministry preparation. No credits awarded.</i>

Incomplete Courses

A grade of Incomplete may be granted when a student's work in a course is not completed at the end of the term. Incomplete is allowed only when necessary and the instructor and academic dean will decide whether it is necessary. Students should submit the request form and be approved by the instructor and dean. If an 'Incomplete' is permitted a student should submit the completed assignment to the professor at the end of the next Semester.

Repeated Courses

If a student receives a failing grade, the student may retake the course. If the course is retaken, the new grade will be calculated into the student's grade point average replacing the previous failing grade. The maximum grade is 'B+' and students must pay the current tuition to retake the course.

Auditing

Currently enrolled students and their spouses, pastors, and missionaries can audit the classes by paying \$50 per unit for BA classes and \$100 per unit for Master classes. Some courses are not allowed to audit.

Academic Standing

At the end of each semester, a student's progress will be monitored. When there is evidence of lack of satisfactory progress, the academic committee may place students on academic probation and the Academic Dean will counsel with the student.

Academic Probation

Any bachelor degree objective student whose CGPA falls below 2.5 and any graduate student (masters or doctoral degree) whose CGPA falls below 3.0 in courses receiving letter grades for work attempted at IRUS shall be placed on academic probation.

1. A student on probation is required to meet with his/her academic advisor to review their academic progress.
2. A student on probation may be assigned a restricted program of studies.

3. Any bachelor degree student who is on academic probation whose grade point average for coursework undertaken in the semester just completed is 2.5 or better, but whose overall or cumulative grade point average for all coursework attempted is still less than 2.5, shall remain on academic probation. Any graduate students whose GPA is 3.0 or better for coursework just completed, but whose cumulative GPA, CGPA, is still less than 3.0 shall remain on probation.

Removal from Probation

Any student placed on academic probation shall be removed from probation when the cumulative grade point average at IRUS has improved to 2.5 for bachelor degree students and 3.0 for graduate students.

Academic Disqualification

A student may stay on academic probation no more than two semesters. Any bachelor degree student currently on academic probation whose grade point average for coursework undertaken in the semester just completed is less than 2.5 and any graduate student whose GPA is less than 3.0 shall be academically disqualified and other appropriate agencies will be promptly notified.

Any student who is academically disqualified may not attend the University during the succeeding semester. Re-enrollment or re-admission will be approved only after evidence is shown to the appropriate university official's satisfaction program director, department chairperson, school dean or director of admissions and records that the conditions that caused the interruption for unsatisfactory progress have been rectified. A re-applying student must meet all the university's and the program's entrance requirements in effect at the time of re-applying. Should a student, undergraduate or graduate, wish to re-apply for admission to the same program they were disqualified from previously, it will be the decision of the appropriate administrator as to whether or not to re-admit the student to the program, and, if so, what the student's status or standing in the program will be.

Reinstatement

Any student who believes he/she has been unjustifiably disqualified may file a petition with the Office of Admissions requesting that such disqualification be reconsidered.

Graduation

Degrees are recorded each semester. In order to graduate in a given term, a student must:

1. Complete the course of study as outlined in the curriculum for the degree;
2. Be in good academic standing;
3. Pay all debts to the university/seminary or make necessary financial arrangements;
4. Submit an application for graduation by the first week of the semester of intended graduation;
5. Complete all work by the end of the term;
6. Applicants are required to pay the graduation fee. Graduation fee is \$300 for this year but, it is subject to change each year.

The Commencement Ceremony is held only at the end of the Spring Semester.

Honors

For graduation honors, students completing their programs with an overall grade point average of 3.75 will be graduated with Cum Laude (Honors); students with a 3.9 GPA for Magna Cum Laude (High Honors).

Emergency Leave of Absence

If an extreme emergency makes it impossible for a student to attend classes for a short period of time, the student may petition the instructor for an Emergency Leave of Absence (ELA). Petitions for leaves of absences are obtained from the Office of the Registrar. Absences incurred while on an ELA are not counted toward excessive absence. Approval is at the discretion of the instructor and may be for periods not to exceed five class days. Instructors will be asked to give make-up assignments for all work missed during the ELA.

Under no circumstances will emergency leaves be granted at the end of the semester when finals would be missed or course requirements not fulfilled.

Leave of Absence (Planned Educational Leave)

When a student finds it necessary to interrupt progress toward a degree for a reason that is related to his or her educational objective and that is acceptable to the appropriate university authorities, the student may be granted a Leave of Absence (LA).

Only students in good standing are eligible for a LA. A LA will be granted when the student has filed an approved petition with the Office of the Registrar. The leave petition, which must be approved by the appropriate academic administrator, shall specify the reasons for the leave and the duration of the leave.

A student granted a LA has a commitment from the University to be reinstated in good standing. The reason(s) for requesting a leave must be stated clearly and completely. Reasons students may petition for a LA are, but are not limited to, the following:

1. professional or academic opportunities such as travel or study abroad, employment related to educational goals in the student's major field of study, or participation in field study or research projects;
2. medical reasons including pregnancy, major surgery, or other health-related circumstances, and
3. financial reasons such as the necessity to work for a specified period in order to resume study with adequate resources.

Approval will depend upon the significance of the leave in furthering the student's educational objective. It is the student's responsibility to demonstrate that there is a significant relationship between the LA and progress toward their educational objective.

Leaves may be granted for a maximum of two years or four consecutive semesters. A request for a LA must be filed prior to the period of absence. Retroactive leave requests will not be approved.

Failure to return from a LA, as specified in the approved petition, will be considered as a withdrawal from the University. Under such circumstances, re-enrollment will require a full application for readmission under the same circumstances as any new or returning applicant, including enrollment in the curriculum in effect at the time of re-enrollment.

Pastoral Internship

All M.Div. students (except those who have already M.Div. degree and have pastoral ministry experiences) are required to register for the internship program (MN611~3 Pastoral Internship I, II, III) during their period study at IRUS. Each internship course involves two hours per week of supervised ministry experience in local churches for a full semester (Total 30 hours per semester). Additionally, students enrolled this course are required to attend Spiritual Revival Services (2 days/semester), which are regularly held at IRUS.

The Pastoral Internship courses at IRUS provides an opportunity for M.Div. students to build up experiences as a minister through local ministry services and learn various ministry skills such as worship, education, evangelism, administration, preaching, and etc. Through the supervisor's evaluation, they know that their strengths and weaknesses and their ministry talents and spiritual gifts.

Change of Academic Policies

IRUS reserves the right to change its academic policies and to add new policies according to its needs. IRUS will inform students about the changes so that there will be no misunderstanding.

Students' Right Concerning Academic Policies

When a student needs special attention from school regarding the Academic Policies, he/she can request this to the Academic Dean in writing. This matter will be discussed and be decided by the Faculty Committee. The Faculty Committee will inform the result to the student in writing. When the student is dissatisfied with the result, he/she make a petition to the Academic Dean for a review.

Academic Freedom

IRUS recognizes that with the field of education, academic freedom is a highly held right. In that regard IRUS will do everything possible to ensure that faculty members are given the freedom to represent views, theories, research results, and opinions in the normal process of teaching their assigned courses. However, IRUS also recognizes that academic freedom must be weighed in response to the responsibilities of Christian faith and practice. The principles of developing Christian community, the responsibility of leadership by faculty members as role models to the students, the ethics of Christian faith as prescribed by the school's statement of faith also provide the boundaries within which faculty members exercise their academic freedoms. The statement reads as follows:

1. The Christian faith directs all thought and life toward God who is the source of truth, the judge of all human thoughts, and the ultimate end of all theological inquiry.
2. The freedom of the Christian always involves a commensurate responsibility toward God and neighbor. It is never the freedom merely to be left alone or ignore basic obligations.
3. Christian freedom exists within the confession of Christian faith. A theological school may acknowledge specific confessional adherence as laid down in its own charter and constitution. A concept of freedom appropriate to a theological school will respect this confessional loyalty, both in the institution and with their individual members. At the same time, no confessional standard obviates the requirement for responsible liberty of conscience in the Christian community and the practice of the highest ideal of academic freedom.

-
- 4. While freedom must ultimately be realized through the spirit and loyalties of humanity, it must take form and be protected through concrete standards of institutional practice. Every statement of such standards moves somewhat in the sphere of law and regulation. We recognize that the effectiveness of stated principles depends finally upon the dedication within the Christian theological school to a genuine concern for liberty of mind and spirit in theological teaching.

With these assumptions in mind, IRUS has as its policy of academic freedom the following:

Faculty members are free to express views and opinions concerning their areas of teaching responsibility within the confines of the school's statement of Reformed beliefs. If faculty members find that they have differing opinions in regard to these statements, it is within the context of maintaining Christian unity and community that the faculty member must first discuss these divergences with the school Administration before disseminating these opinions in the classroom.

Faculty members who hold differing and potentially contentious theological views will be asked to step down from their faculty position. When this happens, IRUS will still hold the resigning faculty member in highest regard, realizing that the human perspective on theological truth is never complete and clear. In non-theological, non-biblical and non-professional courses, it is expected that the course will be taught in accordance to a Reformed Christian worldview and consistent with the IRUS's statement of beliefs.

General Admission Process

1. The admission committee reviews all applicants when their admission files are complete. The admission committee meets every Thursday during the month of August and December, and the first Thursday of all other months.
2. Admission office sends either acceptance letter or decline letter to applicants after his/her admission packet is reviewed by the admission committee.
3. IRUS's academic office sends a copy of the new semester's registration packet to all accepted applicants.

Applications must be presented at least two weeks before the expected enrollment date. Applications submitted after that period will be considered only if time allows. The student will be notified of his or her admission status by mail.

Classification of Students

Each student applicant will be placed in one of the following enrollment categories:

Regular Standing—Students who meet all of the admission requirements to the University and for a particular program, i.e., have no deficiencies and there are no reservations, are admitted to IRUS and are granted the status of **Regular Standing** in their selected program.

Provisional Standing—If a student meets the entrance requirements of the University and the requirement for admission to a particular program, but has only unofficial transcripts on file because official transcripts are not immediately available, he/she may be admitted to the program as a **Provisional Standing** student to provide time for receipt of official transcripts. If the Office of Registrar does not receive the documentation within one (1) semester, the student will

be prohibited from undertaking further coursework until official documents are received. When the Office of Registrar receives the official records, the student will be eligible to be reclassified as a Regular Standing student. Coursework completed satisfactorily while on Provisional Standing counts towards graduation, if it meets a program's requirements.

Special Standing (Non-Matriculated) - Students who satisfy the entry requirements for a particular program and the course prerequisites for a particular course, who do not plan to earn a degree but want to officially take selected courses, may be granted **Special Standing** status in the program. Such students must successfully petition the course's instructor and have his/her approval prior to registration in a course. All such petitions will be considered on a space available basis.

Auditor - Students who wish to attend classes for personal enrichment and not for academic credit may be granted **Auditors' status**. Auditors are not obligated to actively participate in coursework or course activities. However, an Auditor must qualify as a Regular Standing student to audit courses in a degree program, as well as meet any course prerequisite or core requisite requirements. Students who wish to audit a course must first gain the instructor's approval. An abbreviated admission process is available for auditors, who are admitted to courses on a space available basis.

Ability-To-Benefit (ATB) Students

Some applicants may not have obtained the appropriate degree qualifications for admissions to a program. IRUS may consider them for admission on an individual basis. If an applicant receives a point of 21 or above from the Wonderlic Personnel Test, the ability-to benefit students may be admitted to the B.A. program.

Transfer Credit

International Reformed University and Seminary accepts transfer credits from accredited institutions. If a degree student desires to transfer credit from another postsecondary school to IRUS, an official transcript stating the courses and grades must be submitted to the Admission Office prior to acceptance.

General Policy

1. Official transcripts from any institution previously attended must be submitted directly to IRUS. Transcripts will not be accepted unless they are received officially sealed (unopened) from the

school. Transfer student needs to make an appointment with the Academic Dean to analyze his/her transcript.

2. The credit granted will reduce the number of units required at IRUS; at least 30 units for BA, 24 units for MAC, 28 units for MACS, 32 units for M.Div., 19 units for D.Min., 20 units for DICS, and 34 units for Ph.D. must be completed at IRUS.
3. In general, IRUS grants credit from institutions of higher education either approved by BPPE or accredited by an accrediting association recognized by the U. S. Department of Education, or any institution of higher learning, including foreign institutions, if the institution offering the undergraduate program documents that the institution of higher learning at which the units were earned offers degree programs equivalent to degree programs approved by the Bureau or accredited by an accrediting association recognized by the U.S. Department of Education.
4. Only coursework with a grade of B or better is transferable. A student's GPA is computed only on work completed at IRUS.
5. IRUS does not award credit for prior experiential learning.
6. IRUS does not grant credit from a job training school.
7. IRUS uses a semester system. If a student is transferred from a quarter system, his/her credit will be calculated with 3:2 ratio. For an example, his/her 12 units will be calculated as 8 units.
8. The transfer of credit from unaccredited institutions is individually evaluated and determined.

Readmission

Student can apply for readmission to IRUS through the Office of Registrar if he/she:

- Missed two or more semesters due to non-enrollment.
- Were dropped for non-payment.
- Were dismissed.

Filing Procedures

1. Applicant contacts the IRUS's admission office for an application form for readmission.
2. The Admission office sends an application form to the applicant either by mail or email.
3. Complete and return the Readmission Application with the non-refundable \$30 application fee to the Office of Registrar. The readmission fee is not required for military personnel returning from active duty. Online Distance Education

International Reformed University and Seminary's Online Distance Education combines the flexibility of independent learning with the interactivity of group learning via the internet allowing student to participate from nearly anywhere in the world. IRUS's Online Distance Education courses follow the semester

format. Student may choose to enroll in a single course or participate in several courses at one time. Student will progress through a structured series of course material and learning experiences, guided by IRUS faculty and instructors. Student's experience is further enriched through substantive online interaction with students from other backgrounds.

1. IRUS's Online Distance Education utilities the latest technology in communication and in education unlike traditional education.
2. Online Distance Education students will use various medium, such as internet streaming media to watch instructions away from the classrooms.
3. Online Distance Education students can request books from the library. Requested books will be mailed to students. Students pay for the mailing fee.
4. Each student will be guided under an assigned faculty. The student can communicate regularly with the faculty through Moodle, an IRUS's online classroom and/or email.
5. All faculty have either master or doctoral degree in their field of teaching. Most faculty have many years of practical ministry experience as well.

How Do I Study Off Campus?

1. First of all, anyone who is interested in IRUS's Online Distance Education, he or she can download the information and application packet from our website: www.irus.edu.
2. All class materials are prepared by IRUS's faculty. They will be uploaded on Moodle.
3. For F-1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per semester may be count toward the full course of study requirement.

Procedures

Currently, the primary means of educational delivery is via audio-video recordings on Moodle, our online learning platform (<https://irus.a2hosted.com/>). The audio-video recordings are available to students in three days after the lectures are given at campus. Students can login each course and download the syllabus, lecture notes, and relevant materials.

Distance education students are currently required to participant weekly classes. Students submit all works for the course on time, usually within a week of the course schedule. Afterwards, faculty members grade the student's work, and feedback is given for the work completed in the course within 2 weeks. Students and professors are encouraged to frequently exchange their opinions as much as they need.

International Students

International Reformed University and Seminary is authorized under Federal law to enroll nonimmigrant alien students. In order to receive a Certificate of Eligibility for Nonimmigrant Student Status (I-20), international applicants must present a proof or guarantee of sufficient funds for study and living expenses. They must submit applications at least 60 days prior to the enrollment date. International students on F-1 student visa are required by law to be registered as full-time students.

International Students English Language Proficiency (ELP) Requirement

Non-native speakers of English applying for entrance to a IRUS program (except ESL) taught "only" in English must provide proof of a TOEFL (Test of English as a Foreign Language) test score that meets the following criteria:

1. Students can establish ELP by taking an international Test of English as a Foreign Language (TOEFL) taken within 24 months before beginning coursework. Acceptable TOEFL scores are 61 on the Internet-based Test (iBT) for undergraduates and 70 for graduate students. Institutional reports or photocopies will not be accepted.
2. Students may petition to wave the TOEFL requirement, if they completed a transfer level college English composition course at an accredited United States institution with a grade of "C" or higher.

Korean Proficiency Requirement

There are classes that are offered in Korean. To enter those classes, students must submit their transcripts to show that they have studied for 2 years or more at institutions/programs of secondary or post-secondary education taught in Korean.

Tuition and Fees

IRUS seeks to provide a quality theological education for its students at the lowest cost possible. Tuition charges paid by students do not cover the costs of providing a quality education. In fact, all our students receive a substantial subsidy, made possible by the contributions of individual trustees of IRUS as well as by the gifts of interested churches, individual friends and alumni.

IRUS reserves the right to change all charges and policies when necessary. The following charges and policies are in effect from Fall 2023 through Summer 2024. All fees are due at the time of registration except the Graduation Fee which is due 30 days before the Graduation.

Estimate of Program Cost

The cost of undertaking a specific program depends primarily on the total number of semester units of coursework a student takes to complete the program. This number is not fixed because it depends in turn on the number of units transferred into the IRUS program. The total charge for a period of attendance in a program and an estimated schedule of the total charge for an entire program should be considered as reference estimates only. The multiple of the total units in a program multiplied by the tuition per unit for a program or the number of units required to be taken in a particular program after deducting

credited units, gives the program cost for that particular student only.

Estimated Cost of Attending for Academic Year 2023-2024

Estimates is for a students attending full-time. This cost does not include fees. Sample calculation is as follows:

For a full-time Master of Arts in Christian Studies degree objective student taking 9 units/semester, two (2) semesters/year. Estimated expenses are updated annually for inflation. Consult Fee Schedule for applicable fees. Calculate actual tuition from the Tuition Schedule and the number of units of coursework taken. Actual costs vary for each program and the number of units taken.

Tuition (full-time student).....	\$4,140/year
Books and supplies.....	\$500/year
Personal.....	\$7,200/year
Room (if student does not live at home).....	\$12,000/year
Transportation.....	\$2,000/year

Payment

A student's account must be current (no outstanding balances) prior to re-enrollment in subsequent sessions. All new charges are due at the time of registration. Students who do not maintain current financial accounts with the college will be denied the privilege of classroom attendance beginning five days after the payment is due. Absence will be counted until the payment is made in full or until withdrawal is instituted.

A student whose account is not paid in full by the end of the semester will not be allowed to re-enroll in the subsequent semester. IRUS makes exceptions to this policy only with the approval of the President. In those cases where IRUS elects to make an exception, the student is required to sign and comply with an approved payment agreement.

A student will not be allowed to participate in graduation ceremonies or receive grades, a certificate, a diploma, a degree, a transcript, until all financial obligations have been satisfied in accordance with the college's financial policies.

Cancellation, Withdrawal, and Refund Policy

Officially registered IRUS students retain the right to cancel this Enrollment Agreement at anytime and receive a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later, by submitting a Withdrawal Form to the Director, Office of Admissions and Records. The student has a right to a full refund of all tuition and other refundable charges if he/she cancels this agreement on or before the first day of instruction.

In addition, the student may withdraw from a course after instruction has started and receive a pro rata refund for unused portion of the tuition and other refundable charges if the student has completed 60% or less of the instruction. The University will also refund money collected for sending to a third party on the student's behalf such as license or application fees. If the University cancels or discontinues a course or educational program, the University will make a full refund of all charges. Refunds will be paid within 30 days of cancellation or withdrawal.

Financial Aid

Scholarships are awarded based on academic excellence, leadership, service and talent. Organization Matching Scholarship is also available. That is, if the student receives financial sponsorship for IRUS tuition from a church, non-profit organization, or Christian organization, the University matches the amount equal to the organization donation up to \$500 per semester. Opportunities for employment on the campus are available for students needing part-time work to defray expenses.

Student Loans

IRUS does not currently participate in federal and/or state financial aid programs, nor does the University provide loans to students to pay for the cost of an educational program. If the student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

Student Tuition Recovery Fund

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. Ste 225 Sacramento, CA 95834, or P.O. Box 980818, West Sacramento, CA 95798-0818, (888) 370-7589 or (916) 574-8900; Fax: (916) 263-1897.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

STUDENT LIFE

INTERNATIONAL REFORMED UNIVERSITY & SEMINAR

7.0 STUDENT LIFE

Devotional Life

The devotional life of IRUS is nurtured by a daily chapel service usually led by the Dean of Students, faculty members, and guests. Chapel is required for all students. It requires about 25 chapel meetings per semester. If a student fails to meet the requirements, he/ she should find a way to fulfill the requirements. You can look at the Student Handbook for more information. Apart from all these, chapel is an important part of a student's spiritual training and it facilitates the unity of the students and faculty.

Student Ministry

Student Ministry is required for the BA students. Each student has to participate in the ministry at the minimum of 20 hours per semester for four semesters (total 80 hours and more). Students need to submit the Student Ministry Report (use IRUS's form) to the office of the Dean of Students one week before the final exam week and the Dean evaluates and guides students.

Student Government

The students of IRUS maintain an organization to promote Christian fellowship and growth and to advance the kingdom of God and purposes for which IRUS stands. Student Government's activities are funded by students' membership fees and private donations. The officers of the Government, President, Vice President, Secretary, and Treasurer are elected annually by the members.

Conduct

IRUS is a distinctively Christian community committed to the basic principles of conduct set forth in the Scriptures. Student conduct is under the supervision of the Faculty, acting through the Academic Dean and the Dean of Students. The Faculty reserves the right to dismiss a student whose conduct is found to be unsatisfactory from the institution. Possession, use or distribution of illicit drugs and alcohol by students and employees on school property, or as party of any activity of IRUS, is forbidden and will result in dismissal.

Student Support Services: Academic Counseling and Guidance

The university's academic counseling services assist students in reaching their educational goals by: providing orientation for a successful academic experience at IRUS; helping to clarify career and academic goals, and assisting with course selection and program planning.

Library

The library houses a substantial collection of works on Reformed theology; a balanced collection of works in all the branches of biblical and theological study; and a large collection of expository works and sermons in both Korean and English. While IRUS is in session, the library is open Monday through Friday.

Student Housing

IRUS does not provide on or off-campus student housing. Students can rent or lease rooms around the institution for \$1000-1,500 for 1-bed room currently. Two- bed rooms housing will cost approximately \$1,800-2000. The housing cost will vary according to locations and conditions of housing. The University has no responsibility to find or assist a student in finding housing.

Placement

IRUS is working closely with leaders as well as interdenominational leaders in Southern California to secure pastoral, educational, missionary, or other positions for students upon graduation. IRUS also receives inquiries from local Korean pastors regarding possible ministries for advanced students. Student's Rights of Privacy and Access to Records

IRUS fully accords all students all the rights under the Family Educational Rights and Privacy Act of 1974 as amended.

General information that the university-seminary may give out at its discretion includes the student's

name, spouse's name, address, telephone number, program and year of study, dates of attendance, degrees awarded, most recent school attended, citizenship, and church affiliation. If a student wishes any of this information withheld, he or she may write to the Academic Dean within two weeks after the first day of classes for the fall or spring semester; and the request will be honored during the academic year in which the letter was received. A student may authorize release of certain additional information by writing to the Academic Dean.

Other information from the student's record is confidential and available only for appropriate use by faculty and administrative officers as well as persons from accrediting agencies, persons with a judicial order, and persons requesting information in an emergency to protect the health or safety of students or others. Under the Act these persons are permitted access to particular information as needed.

By writing a request to the Academic Dean, a student may review his or her record to the extent provided by the Act. If a student has signed a waiver, information from a recommendation is not available to him or her.

Student Grievance Procedure

The student should first discuss the perceived offense, orally or in writing, with the individual(s) most directly responsible to attempt to resolve the matter. If no resolution results, the student should then consult with the senior administrator in his/her discipline or work area - program director or dean. If the administrator is the party against whom the grievance is directed, the student must take the grievance to that administrator's superior. Every effort should be made to resolve the issues at an informal level before proceeding to the status of a formal grievance.

If the informal efforts of resolution are not successful, the student should set forth in writing the substance of the alleged offense, the grounds on which the student is basing the complaint and the efforts taken to date to resolve the matter. It is at this point that the complaint becomes a formal grievance. The written grievance should be submitted to the school dean (SD), program director (PD) or other administrator (OA) in a timely fashion, i.e., normally within thirty days of the end of the academic term in which the alleged offense occurred or should have reasonably been discovered.

The SD, PD, or OA shall promptly initiate an investigation and prepare a report, normally within thirty days of receipt of the written grievance. In

undertaking the investigation, a written response to the issues raised in the grievance may be requested from individuals believed to have information relevant to the matter, including faculty, staff, and students. Both parties to the grievance will be given an opportunity to comment in writing on the responses.

Upon completion of the investigation, the SD, PD, or OA shall issue a written finding and a proposed disposition to the student and to the party against whom the grievance is directed. This decision shall become final and shall be implemented, unless there is an appeal.

If the student or the party against whom the grievance was lodged disagrees with the recommendations of the SD, PD, or OA either on substantive or procedural grounds, he/she may appeal in writing to the President of the University. The appeal to the President must indicate why he/she believes the grievance result to be wrong. Any appeal to the President must be received within thirty days from the SD's, or OA's decision. The President's decision, made in 30 days, is final. Details of the grievance will become part of the student's permanent file. Students may contact BPPE for more information at 1747 N. Market Blvd. Ste 225 Sacramento, CA 95834.
