Students are considered enrolled until written notice is received by the school. No other form of cancellation notice will be accepted. Dropping out of a course/program will not be considered as a form of enrollment cancellation or early training termination until written notice is received. The student has the right to cancel the agreement and receive a refund before the first lesson has been taught and before materials are shipped. Cancellation is effective on the date written notice is received by ABC Technical College. A student has the right to cancel the enrollment agreement and obtain a refund through attendance at the first-class session or the seventh day after enrollment, whichever is later, minus non-refundable charges, if written notice of cancellation or withdrawal is provided to the school. If the school sent the first lesson and materials before an effective cancellation notice was received, the school should make a refund within 45 days after receipt of student's unused materials by the school, if returnable. Cancellation shall occur only when you give notice of cancellation or withdrawal to the school by mail or hand delivery. Written notice of cancellation or withdrawal sent by mail must be mailed to 11100 Valley Blvd. Ste #300., El Monte, CA 91731, and is active on the date is written notice is sent. ## **STUDENT'S RIGHT TO CANCEL**

### **Cancellation and Withdrawal Policies**

The student's right to cancel the enrollment agreement and withdraw from ABC Technical College is subject to the following terms and conditions: Cancellation and withdrawal must be in writing. Students are considered enrolled until written notice is received by the school. No other form of cancellation notice will be accepted. Dropping out of a course/program will not be considered as a form of enrollment cancellation or early training termination until written notice is received. The student has the right to cancel the agreement and receive a refund before the first lesson has been taught and before materials are shipped. Cancellation is effective on the date written notice is received by ABC Technical College. A student has the right to cancel the enrollment agreement and obtain a refund through attendance at the first-class session or the seventh day after enrollment, whichever is later, minus non-refundable charges, if written notice of cancellation or withdrawal is provided to the school. If the school sent the first lesson and materials before an effective cancellation notice was received, the school should make a refund within 45 days after receipt of student's unused materials by the school, if returnable. Cancellation shall occur only when you give notice of cancellation or withdrawal to the school by mail or hand delivery. Written notice of cancellation or withdrawal sent by mail must be mailed to 11100 Valley Blvd. Ste #300., El Monte, CA 91731, and is active on the date is written notice is sent. You should keep a record of the date, time and place of mailing of the notice of cancellation or withdrawal. You will be provided with one of the school's "Notice of Cancellation" form which you may use to cancel your enrollment from the school.

However, the written notice of cancellation need not take any form; however, expressed in writing, is effective if it's signed and dated, and it indicates that you no longer desire to be bound by the enrollment agreement or attend class. Students are obligated to pay only for educational services rendered, including fees associated with those services and non-refundable charges. A student may withdraw from a course after instruction has started and received a prorated refund. If you decide to withdraw from a program/course which has already started and the period allotted for cancellation has expired, in order to receive a refund minus non-refundable charges and the cancellation fee, you will be charged for the following: tuition charges depending on the number of training hours already provided by the school, cost of non-returnable equipment/software, other non-refundable charges, and any other applicable fees. A student's prorated refund will be calculated by taking the total the student has paid, less the sum of non-refundable fees plus the cost of any services provided plus the documented cost of equipment plus the product of the rate of instruction multiplied by the number of hours the student attended. The rate of instruction will be the quotient of dividing the total tuition contracted by the total number of clock hours contracted.

### **Cancellation and Withdrawal Policies**

The student's right to cancel the enrollment agreement and withdraw from ABC Technical College is subject to the following terms and conditions: Cancellation and withdrawal must be in writing. Students are considered enrolled until written notice is received by the school. No other form of cancellation notice will be accepted. Dropping out of a course/program will not be considered as a form of enrollment cancellation or early training termination until written notice is received. The student has the right to cancel the agreement and receive a refund before the first lesson has been taught and before materials are shipped. Cancellation is effective on the date written notice is received by ABC Technical College. A student has the right to cancel the enrollment agreement and obtain a refund through attendance at the first-class session or the seventh day after enrollment, whichever is later, minus non-refundable charges, if written notice of cancellation or withdrawal is provided to the school. If the school sent the first lesson and materials before an effective cancellation notice was received, the school should make a refund within 45 days after receipt of student's unused materials by the school, if returnable. Cancellation shall occur only when you give notice of cancellation or withdrawal to the school by mail or hand delivery. Written notice of cancellation or withdrawal sent by mail must be mailed to 11100 Valley Blvd. Ste #300., El Monte, CA 91731, and is active on the date is written notice is sent. However, the written notice of cancellation need not take any form; however, expressed in writing, is effective if it's signed and dated, and it indicates that you no longer desire to be bound by the enrollment agreement or attend class. Students are obligated to pay only for educational services rendered, including fees associated with those services and non-refundable charges. A student may withdraw from a course after instruction has started and received a prorated refund. If you decide to withdraw from a program/course which has already started and the period allotted for cancellation has expired, in order to receive a refund minus non-refundable charges and the cancellation fee, you will be charged for the following: tuition charges depending on the number of training hours already provided by the school, cost of non-returnable equipment/software, other non-refundable charges, and any other applicable fees. A student's prorated refund will be calculated by taking the total the student has paid, less the sum of non-refundable fees plus the cost of any services provided plus the documented cost of equipment plus the product of the rate of instruction multiplied by the number of hours the student attended. The rate of instruction will be the quotient of dividing the total tuition contracted by the total number of clock hours contracted.
